Chapter 241 The shock

Two hundred meters!

Four hundred meters!

Nine hundred and ninety-nine meters!

A thousand meters!

.....

it did not stop.

After the three-clawed Green Dragon reached a thousand meters, it did not stop growing. It grew from one thousand meters to two thousand meters and finally reached a full three thousand meters long!

Three thousand meters!

An Azure Dragon that was a full 3000 meters long!

“Oh my God!”

“This Suan ni, this Suan ni, this Suan ni”

is this Lord Jiang Li’s true dragon? ”

“Three thousand meters! Three thousand meters!”

“!!!”

Within the county.

Everyone was dumbfounded. They could clearly see that the three-clawed Green Dragon had grown from 10 meters to 3000 meters.

In the sky above the county.

The 3,000-meter-long three-clawed Green Dragon’s huge head was like a vast mountain. The power it emitted was simply irresistible.

Its wriggling body seemed to be hidden in the clouds. Countless lightning bolts landed on the three-clawed true Dragon’s body, but only a few sparks were produced.

It was too terrifying!

This was simply too terrifying!

“alright!”

good. Jiang Li finally smiled.

“Whoosh!!!”

At this moment.

When the three-clawed Green Dragon reached a length of 3000 meters, the might it emitted had produced various changes. It had already affected the entire territory of the ‘great Xia Dynasty’.

a total of 15 counties!

Not only that.

It even indirectly affected the red eyebrows Yao Kingdom, the great Qian dynasty, and even the black snake barbarian kingdom. The fate of the great Wei Dynasty and the surrounding dynasties were shaken.

“That direction is the black jail County!”

“It’s the true dragon of the nation!”

Milord has built a Kingdom!!

“Si si si ...”

“That’s great!”

Cao pipei, Jinmu Rou, and Shang Lin all felt all kinds of changes, and they felt that they had received the blessing of the fate of China.

Obviously.

They could be considered to have contributed to the establishment of the ‘great Xia Dynasty’, so they were able to enjoy the blessing of the nation’s fate. Under the blessing of the nation’s fate, it was extremely beneficial to their cultivation.

The great gan Lord dynasty.

The capital.

“That direction ...”

King Qian’s pupils constricted. He looked at the county city of black jail County where Jiang Li was. The three-clawed Golden Dragon appeared from his body and

roared at the county city. It was as if it was warning Jiang Li, but it also seemed to be afraid of something.

“Young dragon ranking!”

Buzzzzzz!

King Qian immediately contacted the young dragon ranking and looked at the ranking. The great Qian dynasty was only ranked 80th on the young dragon ranking.

“The great Xia Dynasty!”

King Qian’s eyes fell on the 99th place. His eyes were burning as he stared at it. the country’s name is ‘Xia’, and King’ Jiang Li’!

“Jiang Li! As expected, it’s you! It’s you!”

Jiang Li, how dare you establish a Kingdom? ” King Qian clenched his fists. His killing intent was almost tangible. how dare you establish a Kingdom on the territory of the great Qian dynasty? ”

“I’ve been planning this for so many years, and you’ve ruined it.”

“Hu ~~ Hu ~ Hu ~”

King Qian calmed himself down and retracted his consciousness from the young dragon ranking. He took a deep breath and felt the changes in the National aura Golden Dragon. He muttered to himself,”the great Xia Dynasty has just been established, so its National aura should be very weak. Moreover, it’s only ranked 99th. However, the fluctuation just now was able to shake the National aura of the great Qian dynasty.

it’s obvious that Jiang Li must have some very powerful power.

the great Xia Dynasty's ranking is too low. It's first from the bottom and it's a newly established dynasty. Many dynasties will probably want to target the great Xia Dynasty. That's why Jiang Li purposely showed his power to intimidate the other dynasties.

...

"Make it so that those dynasties won't dare to act rashly."

the great Qian dynasty has just gone through a war and suffered heavy losses. More than half of their forces are gone, so it's not the time to settle the score with Jiang Li yet.

King Qian thought to himself, 'although the fate of the nation has been weakened because of Jiang Li's founding and even interrupted my breakthrough, I haven't fully refined the myriad spirit Pearl's medicinal power yet. I've almost reached the perfected stage of level four. I just need to cultivate in seclusion for another month and completely refine the myriad spirit Pearl. Then, I'll be able to reach the perfected stage of level four.'

"In this one month, we must recruit soldiers, buy horses, train soldiers, and increase our military strength."

"One month!"

King Qian clenched his fists and said with a solemn look, "just one month! Jiang Li, I'll let you live for one more month. Then, I'll lead the Army and destroy your Xia Dynasty!"

In the red eyebrows Yao Kingdom.

The palace.

"The Grand Xia Dynasty."

Chi Mei naturally felt the shock of the country's fate and the extremely powerful pressure. She also communicated with the young dragon List and saw the great Xia Dynasty, which was ranked 99th.

this power, this pressure ... It doesn't seem like a newly born true dragon.

...

chi mei took a deep breath. "jiang li, what have you done?" Could it be the late-stage level four alien expert under Jiang Li?"

"No! It's wrong!"

that alien overlord is only at the late-stage of level four. He can't make the true dragon so powerful. Does Jiang Li have stronger subordinates?"

"But if that's the case, why didn't Jiang Li send that subordinate out when he was in the black dungeon County? If they were sent out, I wouldn't be their match!"

He was solemn!

Chi Mei's mood was very heavy.

Things were getting out of her control and unpredictable.

The black snake barbarian kingdom, the lion barbarian kingdom, the Wei Dynasty, and so on.

In the neighboring dynasties and kingdoms.

It had caused a shock to the Fortune of the country.

hence.

The Kings of these dynasties and kingdoms immediately communicated with the 'young dragon List' and found the great Xia Dynasty, which was ranked 99th.

great Xia Dynasty, Jiang Li.

The Barbarian King's eyes widened. Where did he get so many territories from? they've actually reached the standard for building a country."

"Eh? The red eyebrows Yao Kingdom's ranking had dropped by three places! He was ranked 90th! the great gan lord dynasty's ranking also fluctuated."

"Could it be that Qianqian?"

The Barbarian King thought of a possibility.

that was ...

Jiang Li took over the territories of the Qian dynasty and the red eyebrows Fey Kingdom, then successfully built a Kingdom with these territories. He gathered the Fortune of the kingdom and was listed on the young dragon List.

"Last place?"

The Barbarian King rolled his eyes and muttered softly,"The National fortune and might of the last place is this powerful? it will cross a dynasty and affect the fortune of the black snake barbarian kingdom?"

"i'm not a fool."

"It's very obvious! Jiang Li must have some kind of great power! This is a display of our 'fist'! "

Lion barbarian kingdom.

“Great Xia!”

Buzzzzzz!

great Xia Dynasty? ” The Lion King of the lion barbarian kingdom also contacted the young dragon List and looked at the ‘great Xia Dynasty’. King Jiang Li. I’ve heard of this name before. He seems to have caused quite a stir in the great Qian dynasty.

“I didn’t expect to successfully establish a Kingdom in such a short time.”

it’s a newly established human dynasty. If we can destroy it, not only can we devour the country’s fate and strengthen ourselves, but we can also get a reward from the ‘demon immortal court’.

however, the pressure of the country’s fate is really strong enough to make me feel pressured. It won’t be easy to destroy the great Xia.

“Yes.”

The Lion King pondered for a moment. I don’t think King Qian will pretend that nothing has happened. He might make a move on the great Xia Dynasty. We’ll see what happens then.

At the same time.

The Wei Dynasty.

” immediately send an envoy to the ‘great xia dynasty’ and establish diplomatic relations with them. ”

in the palace.

He didn’t see anyone, but the order of the Wei King of the great Wei Dynasty came out. His magnetic voice was low and majestic, ” the newly established human

dynasty seems to lack a lot of things. As humans, we should help each other. While we help each other, we can make money and benefit from each other. That's naturally better.

In reality.

It wasn't just the surrounding dynasties.

Many top-ranked dynasties had discovered that a new dynasty had appeared on the 'holy peace state's young dragon ranking', and it was a human dynasty.

Of course.

This was because these top-ranked dynasties were too far away from the great Xia Dynasty. Even if they wanted to deal with the great Xia Dynasty, they were powerless. It was impossible for them to cross the territory of several dynasties.

Therefore, he didn't really care.

Or perhaps, he had only paid a few glances.

in the county city of the black jail county.

"It's almost time."

Jiang Li felt the change of 'Xia Qinglong'. It couldn't withstand the energy of MYL01 anymore. If it continued, it would damage the Azure Dragon and the fate of the country.

The nation's fate wasn't strong enough to begin with, and if it was damaged further, it would probably be less than ten meters.

"But before that, there's something I need to do."

let's go. Jiang Li activated the Azure Dragon technique and controlled the fate of the country.

Shua!

Immediately.

A blue light fell on Jiang Li and covered his body. The power of the nation's fate wrapped around him.

let's go. Jiang Li rose into the air.

“It's Lord Jiang Li! It's Lord Jiang Li!”

it's really Lord Jiang Li!

“Quickly look!”

Lord Jiang Li is out!

“.....”

Around the Junwang Fu.

Everyone gathered together and looked up at Jiang Li.

Shua!

jiang li looked around calmly. he was getting higher and higher, as if he could touch the clouds and lightning.

Finally.

Jiang Li stood on the head of the Azure Dragon.

Kachaa! kachaa!

Azure light swirled.

The Xia Dynasty's Azure Dragon's power became Jiang Li's foil. There was a huge Whirlpool above his head and lightning bolts flashed across the night sky behind him.

Below.

everyone looked up.

His eyes were filled with respect.

“I'm Jiang Li!”

Jiang Li took a deep breath and looked down at everyone. His voice spread across the entire black jail County with the help of the National fate.

It entered the ears of everyone present, as if it was ringing in the depths of their souls.

today, I shall establish the 'great Xia Dynasty', and the country shall be named 'Xia'. I shall be the king of the great Xia Dynasty!

Azure Dragon. Jiang Li's voice was low but powerful. His calm tone was firm. the true dragon of the nation is 'Azure Dragon of Xia.'

“from today onwards, we are all citizens of the great xia and are under the protection of the great xia.”

“Roar!”

After that.

The Xia Azure Dragon let out an earth-shaking roar. A terrifying aura spread out and swept in all directions. It actually dispelled all the vortexes and lightning in the sky.

Buzzzzzz!

On the horizon.

A ray of sunlight rose and shone on Jiang Li and the Azure Dragon.

A new day had arrived.

“Great Xia!”

“Great Xia!”

great Xia!!!

“.....”

The next moment.

The crowd knelt down and shouted in unison.

“I, Shen Bao, pay my respects to Your Majesty!”

At this moment.

Jiang Li! Shen Bao knelt down and kowtowed to Jiang Li. He almost prostrated himself on the ground and then shouted loudly.

Chapter 242 Change of cultivation

Seven days later.

The great Xia city.

The headquarters of the Sirius gang.

In the closed-door cultivation room.

“Whoosh!!!”

Azure Dragon technique. Jiang Li sat down with his legs crossed. He was surrounded by a blue light. His aura and internal force were getting stronger. He had successfully switched to the ‘great Xia Azure Dragon technique’.

‘Great Xia Azure Dragon technique’ was a level four low-grade technique, and it could be upgraded with the rise of the great Xia Dynasty’s fortune. It was also customized by the ‘young dragon List’ according to Jiang Li’s physique.

It could be said that ...

‘Xia Dynasty Azure Dragon technique’ was the most suitable internal energy cultivation method for Jiang Li. After he successfully cultivated it, he could control the fate of the Xia Dynasty.

so,

Azure Dragon technique. Jiang Li switched to the ‘Azure Dragon technique of the great Xia’ without any hesitation. His inner force turned Azure and became more powerful. His strength had improved a lot, but he couldn’t make a breakthrough and open up his eight extraordinary meridians.

He was still at the perfected stage of level one.

Seven days.

It had been seven days since Jiang Li 'established his country' in the black jail County.

At the very least, the war had stopped.

However, the great Xia Dynasty had not completely settled down.

although there were no more invasions, there were still bandits who often robbed homes.

Luo Tianshui and Luo Yilin led the soldiers of Tianshui city back to Tianshui city and guarded the border line of defense. They used to guard the great Qian dynasty, but now they were guarding the great Xia Dynasty.

Chang pingwang and Guo Yi had also returned.

in reality.

To many of the commoners at the bottom of the society, the influence of the establishment of the great Xia Dynasty on them was neither big nor small. It was just that the ruler had changed.

Their lives were still the same as before.

He still had to do what he had to do in the past.

They were running around for food and clothing.

Jiang Li hadn't changed them much yet.

however ...

In these seven days.

Jin murou, Cao pipei, and Feng Wutian had all completed the task Jiang Li gave them. They had destroyed all the monster villages in the five counties of the red eyebrow Empire and captured all the monsters.

There were many of them.

There were close to four million demons.

during this period, they encountered a lot of demon bandits. the number of demon bandits was not small, but they could not do much. they were basically wiped out.

Among them.

There were also many demon people who fled after hearing the news. They fled from the red eyebrows demon Kingdom or to other demon countries and became 'refugees'. There were also many who fled to the neighboring country to the North of the red eyebrows demon Kingdom, the 'panic demon dynasty'.

The power of the panic demon dynasty was stronger than that of the red eyebrows demon Kingdom. Because they were both demons, the relationship between the two countries was quite good, and they had trade dealings all year round.

Jiang Li's Wushuang County and the panhuang demon dynasty's border were only separated by the 'fog Crane County'.

as for the 4 million captured demons ...

Currently.

They were all locked up in the county city of Red Dragon County.

let's go. Jiang Li sent 100000 meches to guard the place with zh01 as the commander to prevent the civilians from fighting.

these demon dwellers were spoils of war.

If he could find a good buyer, he could sell it for a lot of money.

“The great Xia Dynasty has just been established and there are many things to be done.”

I'm fine. Jiang Li got up. He had finished the great Xia Azure Dragon technique, so there was no need to continue his seclusion. He came out of the room.

“there are a lot of things that i need to deal with.”

Jiang Li thought to himself.

In reality.

During this period of time.

Jiang Li had also thought about it carefully.

he should build the great xia dynasty.

To tell the truth.

At first, Jiang Li didn't have any idea.

However ...

Jiang Li first determined his focus.

...

The most important thing to him was not the dynasty, nor the human soldiers under him. The most important thing in his hands was the ‘super divine mechanical Army’.

Other than that.

everything was for the sake of the ‘super divine mech army’.

He had controlled the Sirius gang, destroyed the quicksand gang, occupied the great Xia city, controlled the entire great Xia province, and now established the great Xia Dynasty.

All of them were serving the ‘super divine mechanical Army’.

Jiang Li needed resources.

It required a large number of herbs, spiritual herbs, spiritual crystals, and a large number of Soul Fire Seeds.

Jiang Li couldn’t do it alone.

It needed a huge force to support its operation.

Furthermore ...

After Jiang Li established the ‘Xia Dynasty’, he had the ‘fate of the nation’. If he could develop the ‘Xia Dynasty’, the stronger the ‘fate of the nation’, the more beneficial it would be for Jiang Li.

...

From there.

Jiang Li would be able to get more resources.

One had to know.

The Xia Dynasty that Jiang Li controlled now had 15 counties. There weren't many people in the territory, but there were more than ten million people.

In other words ...

I'm going to take a look. Jiang Li could announce a decree and ask all the people in the country, all the counties, all the villages, and all the people of great Xia to plant and cultivate herbs.

As a result ...

Jiang Li could get a lot of resources.

Of course.

This matter could not be rushed and had to be done step by step.

Currently.

Jiang Li needed to figure out the official system of the 'great Xia Dynasty' first. After thinking for a long time, he decided to use the 'official system' of the feudal society on earth in this world.

Of course, Jiang Li had made some adjustments.

"It has already been seven days. The palace of the great Xia should be completed soon."

the city Lord's mansion? ” Jiang Li looked in the direction of the city Lord's mansion and muttered.

The next day.

The imperial capital of the Grand Xia.

it was the great xia city of the past.

The original city Lord's mansion had been built into the palace of the great Xia Dynasty.

It was personally designed by ptgc01. Then, with ten ordinary mechanical soldiers and tens of thousands of city names, it only took seven days to complete.

It had to be said.

The mechanical Engineers and mechanical soldiers were very capable. It only took them seven days to build a Palace that was surrounded by many magnificent palaces.

they formed the ‘great xia palace’.

The entire design was an imitation of the ‘Forbidden City’ of ancient times.

There were four gates in the East, West, South, and North.

They were the East Gate, West Gate, South Gate, and North Gate.

The four gates were heavily guarded.

There were three palaces in the outer court and three palaces in the inner court. In addition, there were also the Yangxin Palace and the Imperial Household

Department. When Jiang Li entered, he felt like he had really come to the Forbidden City.

There was a sense of time and space intersection.

‘Great Xia city’ was the first city that Jiang Li had occupied in this world. It happened to be in the center of the great Xia Dynasty.

Furthermore ...

after jiang li took full control of the mountain range, it would also become a natural barrier to stop the enemy and protect the imperial capital of the xia dynasty.

Thus, it was most suitable to be the capital of the ‘great Xia Dynasty’.

besides, xu ya, pang kui, wu zong, hong tianqi, and the others were jiang li’s subordinates. most of them lived in the ‘great xia city’, which was jiang li’s land of dragons.

“Chief sovereign.”

At the East Gate.

It was the main entrance of the ‘great Xia Palace’.

Ptgc01 and ten ordinary mechanical soldiers had been waiting there for a long time. When they saw Jiang Li, they saluted immediately.

“yes.”

yes. Jiang Li nodded. the great Xia Palace is well built.

“Thank you for your praise, hegemon.”

Ptgc01 responded and said, ” “My Lord, although the ‘great Xia Palace’ has already been built, it doesn’t possess any special functions. It’s just an ordinary building.”

“My Lord, you should build a solid base as soon as possible.”

“Yes.”

Jiang Li smiled. I’m already preparing.

“yes.”

Ptgc01 nodded.

Soon after.

let’s go. Jiang Li walked forward with MYL01 and ynsh01 following him. They entered the great Xia Palace from the East Gate and walked straight to the Azure Dragon Palace.

Azure Dragon Palace.

this was one of the three great halls of the outer court of the great xia palace.

As for its main function ...

To put it in layman terms.

It was the place where the ministers were gathered for a meeting.

jiang li looked at the azure dragon hall and walked up the stairs to the door. there were meches guarding the door.

Obviously.

Jiang Li had deployed 100000 meches to the great Xia Palace to form an Iron Defense. As for the human soldiers, there was not a single one.

One had to know.

‘Great Xia Palace’ would be Jiang Li’s residence in the future. It could be said to be Jiang Li’s old nest. The defense would naturally be handed over to the meches, not the human soldiers.

Squeak!

The mech pushed the door open for Jiang Li.

“We welcome Your Majesty!”

Within the palace.

Luo Tianshui, Xu Ya, pang kui, Luo Yilin, Guo Yi, Chang pingwang, Shen Bao, Hu Dong, Jin murou, and many others had gathered here and knelt down.

“Yes.”

Jiang Li looked around and nodded. Then he looked up and saw a magnificent Dragon Throne on the high seat in front of him.

It was pure green in color, like a gem.

It was carved with a three-clawed Green Dragon.

“hu ~~ hu ~ hu ~”

Jiang Li took a deep breath and walked forward. Everyone looked up and stared at Jiang Li's back with excitement and anxiety.

ta ta ta da

The sound of footsteps.

Jiang Li's footsteps could be heard clearly in the Azure Dragon Palace.

MYL01 and ynsh01 followed Jiang Li closely. Shen Bao and the others glanced at them but didn't say anything.

Very quickly.

Jiang Li walked to the Dragon Throne and looked at it calmly. He didn't feel too emotional. Then, he turned around and sat on the throne.

Jiang Li glanced at the people below.

boom!

The next moment.

The invisible fate of the nation appeared on its own. Jiang Li used the Azure Dragon technique of the great Xia Dynasty and then a Dragon's Roar came out.

Roar!

a ten-meter-long azure dragon appeared and wrapped around jiang li. the dragon's head popped out and looked down at the ministers below.

The aura of the Azure Dragon enveloped the entire Azure Dragon Hall.

“Your subjects pay their respects to Your Majesty!”

I wish Your Majesty a prosperous martial arts world, a prosperous country, and the great Xia Dynasty will stand strong!!!

The next moment.

Shen Bao, Xu Ya, Luo Tianshui, and the others all shouted in unison.

“Hehe.”

Jiang Li smiled and remembered the story on earth. He looked at them and said with a smile, “I thought you were going to wish me long live, long live, long live.”

“Eh?!”

“This Yingluo.”

Shen Bao and the others were stunned. They looked at each other and didn’t know how to respond to Jiang Li’s question. The hall fell silent.

Azure Dragon. Jiang Li ordered the Azure Dragon to turn into a ray of Azure light and disappear. It seemed to have merged into Jiang Li’s body.

“All of you, rise.”

Jiang Li raised his hand slightly.

Chapter 243 Appointment

“Thank you, Your Majesty!”

All the ministers stood up and bowed to Jiang Lijun.

the great Xia Dynasty has just been established. There are many things to be done, many things to be taken care of, and many things to be dealt with.

jiang li said, ” there’s been a lot of war recently. the soldiers in the counties and cities suffered heavy losses. the people of the xia dynasty are homeless and starving. in order to survive, many young men became bandits. they took over the mountains and became kings. the xia dynasty is in more turmoil. ”

“Your Majesty, I’m willing to lead the Army to eliminate those bandits.”

At this moment.

Hong Tianqi stood up and knelt on one knee.

“I’m very pleased that general Hong has made such a decision.”

jiang li smiled. ” of course, we have to take care of them. we have to do it as soon as possible. however, i already have the best candidate in mind. you don’t have to take the risk. ”

“yes.”

Hong Tianqi nodded and didn’t say anything else.

“Xu Ya.”

Jiang Li said.

“Your subject is here.”

Xu Ya stepped forward.

Soon after.

Jiang Li took out a scroll and gave it to ynsh01. Ynsh01 then gave the green scroll to Xu Ya.

“Just read it out.”

I’ll go, ” Jiang Li said.

“Yes.”

Xu Ya was excited. She knew that the ‘scroll’ in her hand was the Imperial edict. This was the first imperial edict that Jiang Li had given.

And she would read out the first decree.

“.....”

Below.

Shen Bao and the others were a little apprehensive.

he was very clear and understood it now.

The great Xia Dynasty had just been established, and there were many empty positions in the Imperial court. Not to mention the officials in the capital, even the positions of the 15 County Kings had not been confirmed yet.

“Luo Ming!”

Xu Ya unrolled the scroll. On the back of the scroll was a lifelike three-clawed Green Dragon. She suppressed the excitement and anxiety in her heart and read it out slowly and solemnly.

His voice was very loud.

“Your subject is here!”

Luo Ming immediately knelt down.

“I appoint you as the junwang of jinwang county, and you will be in charge of all matters in jinwang county, big and small,”

Xu Ya said.

“Thank you, Your Majesty!”

luo ming said excitedly.

Jin murou will be the Commandery Prince of magic cauldron Commandery, Feng Wutian will be the Commandery Prince of fallen Phoenix Commandery, mo ke will be the Commandery Prince of Chaoyang Commandery, Shang Lin will be the Commandery Prince of Yuehe Commandery, Cao pipei will be the Commandery Prince of Changfeng Commandery, Wang Changlin will be the Commandery Prince of Shanhe Commandery, and Shen Bao will be the Commandery Prince of Shenhe Commandery.

xu ya read out jiang li's orders.

“we thank your majesty!”

Jinmurou and the others all knelt down and saluted, all breathing a sigh of relief in their hearts. Although there was not much improvement, at the very least, they had preserved the territory and power in their hands.

Furthermore ...

this was because they had all contributed to the establishment of the great xia dynasty. being able to obtain the blessing of the great xia dynasty was the greatest gain.

In the future, as the Grand Xia Dynasty grew stronger, they would be able to obtain even more benefits.

Soon after.

Xu Ya continued to read Jiang Li's order.

Jiang Li basically followed the steps.

He set up the cabinet, the military affairs Department, and the six ministries.

The six ministries were the Ministry of Personnel, the Ministry of Revenue, the Ministry of Rites, the Ministry of War, the Ministry of Justice, and the Ministry of Works.

Wait a minute.

Soon after.

It was to appoint the six ministers.

Among them.

Hong Tianqi was the Minister of War, Bai zhanbo was the Minister of Justice, and Xu Ya was the Minister of Personnel and the Minister of Revenue.

...

It could be said that ...

okay. Jiang Li gave her an important task.

One had to know.

The Minister of Personnel affairs was the head of the six ministers. He was in charge of the appointment and removal of officials throughout the country, including examinations, promotions, transfers, and honors.

The Minister of Revenue was in charge of the country's economy.

Two positions.

They were the most important things.

The positions of Chang pingwang, Guo Yi, and Luo Tianshui had not changed much. As for the minister of rites, the Minister of War, the Minister of Works, the Minister of Military Affairs, the Minister of cabinet, and so on, there were no major changes.

Jiang Li didn't have a suitable candidate, so he didn't have an appointment.

For the time being.

This was enough to maintain the operation of the dynasty.

...

Jiang Li didn't care about the transfer of officials in the counties and cities. He just left it to Xu Ya and the others.

jiang li couldn't do everything himself.

As long as Jiang Li had a powerful mechanical Army, there wouldn't be any chaos or major events. After all, this was a Super Fantasy world where power was the most important.

The five counties of the red eyebrows Yao Kingdom.

As it was originally the territory of the Yao nation, there were no humans in the territory. Although all the Yao people had been expelled and captured, it would still take a lot of time to develop these five counties.

so,

Jiang Li didn't appoint the county Kings of these five counties yet. Even if he did, no one would want to be the county Kings.

“Your Majesty, are you really at ease to let me take on the position of ‘Minister of Justice’?”

at this moment.

Bai zhanbo stood behind the crowd and walked out. The scars on his face looked ferocious. When he smiled, they looked like centipedes crawling on the ground.

the minister of justice.

He was in charge of the country's Judiciary and prison.

Naturally, he had great power.

“Why can't I?”

you're good. Jiang Li smiled and didn't mind. Bai zhanbo, you're very capable. I've seen your interrogation skills. You did well on both missions.

“With your ability, you can naturally become the Minister of Justice.”

also, regarding the judicial system and criminal law of the great Xia Dynasty, we can refer to the ‘great Qian dynasty’. When we have time, we can sort it out.

“Alright,” he said.

Bai zhanbo’s smile grew wider. since Your Majesty has said so, I can only accept your orders.

“Next, I would like to announce a National Order.”

Jiang Li said in a deep voice.

“.....”

instantly.

Everyone’s expression tightened.

“Hong Tianqi.”

jiang li said.

“Your subject is here.”

Hong Tianqi immediately walked out of the crowd and knelt on one knee.

“I now appoint you as the ‘Imperial envoy’ and collect ‘steel’ from all the counties, cities, and villages in the country.”

everyone, ” Jiang Li ordered. all the Kings and Lords of the cities must cooperate with Hong Tianqi. No one is allowed to make things difficult for Hong Tianqi.

” of course, all the ‘steel’ that we acquire will be purchased at the normal price. ”

“To avoid public resentment.”

“This matter must be completed within seven days. There can not be any mistakes.”

“Tax the steel Kasaya.”

Luo Ming, Jin murou, and the others were stunned. They looked at each other and didn’t quite understand why Jiang Li suddenly wanted to collect ‘steel’.

Steel was a very common material. After mining iron ore and forging it, it could be mass-produced. It was a common material for forging weapons, scales, and farming tools.

However ...

However, Jiang Li wanted to collect them from the entire country.

the meaning behind this was truly somewhat incomprehensible.

“yes!”

yes. Hong Tianqi didn’t hesitate for long and immediately accepted Jiang Li’s order. I’ll complete the task within seven days.

“Yes.”

Jiang Li nodded in satisfaction and continued, ” as for the silver needed to purchase and acquire ‘steel’, take it directly from the’ National Treasury’.

One had to know.

Jiang Li had conquered 15 counties. 90% of the wealth in the 15 counties had been plundered by Jiang Li. Now, it was all piled up in the Xia Dynasty's 'Treasury'.

It could be said that ...

Jiang Li's wealth was shocking.

"han liqi, hu dong, wu zong, pang kui."

Jiang Li said.

"your subject is here."

Han Liqi and the other three knelt on the ground.

I'll set up the 'medicine Pavilion'. The four of you will be the elders of the medicine Pavilion, and you will be in charge of the cultivation of the spiritual herbs and medicinal herbs throughout the country. I want you to make every county, city, and even village of the great Xia Dynasty open up a large medicinal field in the shortest time possible to cultivate the spiritual herbs and medicinal herbs.

all the county princes and city Lords of the county cities must also fully cooperate with the medicine Pavilion to implement this policy.

"Obstructing from within, those who comply in the open but disobey in the dark."

"Annihilate the entire clan!"

I'll buy all the spiritual herbs and herbs from the herb field at the market price, " Jiang Li ordered. all the money you need can be taken from the 'National Treasury'.

"Yes!"

“Yes, sir!”

“this official will definitely not be satisfied with your majesty’s high hopes!”

“this minister accepts the decree!”

Han Liqi, Hu Dong, Wu Zong, and pang kui all said in unison.

“We will do as you command!”

Jin murou and the others all nodded.

“Yes.”

okay. Jiang Li nodded in satisfaction.

“Your Majesty.”

yes. Xu Ya looked up and said to Jiang Li, ” although Your Majesty has seized a lot of resources and wealth during the war, we’re collecting steel from the entire country and supporting the planting of herbs. It’ll cost a lot. I’m afraid it won’t last long even if the National Treasury is full.

“It’s fine,”

No. Jiang Li waved his hand. I have my own plans. You just need to follow my orders.

“yes.”

Xu Ya nodded and said no more.

Time passed.

in the afternoon.

Only then did the ministers all leave.

Jiang Li was the only one left in the Azure Dragon Palace.

“Hu ~~ Hu ~ Hu ~”

Jiang Li rubbed his eyebrows. He was a little tired.

to tell the truth.

Jiang Li had spent a lot of time and effort to deal with the Xia Dynasty. It was hard to deal with all kinds of problems since the establishment of the dynasty.

After all, not everything could be solved by brute force.

Strength was Supreme, but it was not omnipotent.

Fortunately ...

The matter was temporarily resolved.

the great xia dynasty was on the right track. as long as there were no major problems, everything would be fine. everything would go as jiang li expected.

In fact.

To put it bluntly.

All the people of the great Xia Dynasty only needed to farm for Jiang Li, grow herbs and spiritual herbs, and provide him with the Fortune of the country and endless energy points.

As long as he could do this.

Jiang Li would ensure their safety, food and shelter, and they wouldn't have to worry about anything.

“Chief sovereign.”

At this moment.

QX01 walked in from outside the palace.

“What's the matter?”

Jiang Li asked.

zh02 led 100000 meches to fight against the bandits in the great Xia Dynasty. He has completed the Lord's mission and is on his way back.

also, the hundred liquid metal meches led by zh03 have already entered the wuzu plain and found the wuzu sub-Alliance, ” QX01 said.

“Alright,” he said.

great. Jiang Li stood up and nodded in satisfaction. this is great. Without those bandits, the people can farm in peace without worrying about bandits.

only with a stable environment can I farm in peace.

Mo Ling had said previously that wuzu sub-League has a total of one billion tael of gold worth of medicinal herbs and ten billion tael of gold worth of elixirs. If I don't get my hands on these things, how can I be willing to accept this? ”

jiang li smiled. ” contact qx03 immediately. ”

Chapter 244 internal strife

“Yes!”

qx01 nodded and turned on the holographic communication to contact qx03.

Very quickly.

The communication was connected.

Shua!

QX01's holographic camera projected a holographic image in Jiang Li's sight. QX03 and zh03 were also in front of him.

Behind them was a vast plain.

A hundred liquid metal meches stood beside them.

The surrounding environment was beautiful.

The weather was good too.

“My Lord!”

zh03 and qx03 saluted jiang li at the same time.

“Yes.”

alright. Jiang Li nodded and asked, ” how’s the situation in wuzu sub-League? ”

“Reporting to you, chief sovereign.”

we’ve already sneaked into the headquarters of wuzu sub-League, ” zh03 said.
wuzu sub-League has suffered heavy losses. More than 90% of the half-fiends have been killed or injured.

“Oh.”

so, the news is right. King Qian did win the battle in the capital.

I plundered the 10 counties of the great Qian dynasty, gathered the Fortune of the country, and established the great Xia Dynasty.

I think King Qian must have hated me to the core. He can’t wait to get rid of me.

master, I sent a liquid metal mech to capture an elder of the wuzu sub-League and force him to tell me the details of the battle in the ‘capital’ of the great Qian dynasty, ” zh03 said.

“Tell me.”

Jiang Li said.

the great Qian dynasty’s King Qian is indeed more difficult to deal with than we had expected. He is also far-sighted, brave, and astute. King Qian has already known about the ‘Dragon-fighting for National fate’ plan that wuzu sub-Alliance has been preparing for many years.

all of this was tacitly approved by King Qian. His goal was to allow the demonic fog troops to gather the fate of the country and millions of living beings.

in the end, King Qian killed the leader of the wuzu sub-League, the demonic wuzu, and devoured the National fate that the demonic wuzu had gathered. He then set up a Grade 4 formation, the 'myriad spirit formation', and refined it into the myriad spirit Pearl.

"it's a pity that king qian never expected that you would take over the five counties of the red eyebrows fey kingdom and establish a kingdom. you've successfully taken away a portion of the fate of the great qian dynasty."

in that case, King Qian's plan can be considered to have failed.

"What are the myriad spirit array and the myriad spirit Pearl?"

did you get it? " Jiang Li asked.

"I've got it."

Zh03 nodded and said, "the ten thousand spirit array is a Grade 4 formation. It requires millions of living beings to create the 'ten thousand spirit Pearl'. The ten thousand spirit Pearl is a product of the ten thousand spirit array. Its main effect is to increase one's cultivation.

King Qian's cultivation base is at the late-stage of level four. I guess he's refining the ten thousand spirit Pearl to break through to the perfected level of level four.

that means King Qian has successfully refined the thousand spirit Pearl.

I'm not sure, " Jiang Li murmured. even if I take away part of the fate of the great Qian dynasty and affect King Qian's plan, King Qian will be able to reach the perfected stage of level four after the thousand spirit Pearl is made.

in addition to the boost from the great gan Lord dynasty's National aura.

King Qian's combat strength can't be underestimated!

Jiang Li sighed in his heart.

ruler, in reality, apart from King Qian, the great Qian Dynasty also has another stage four expert.

zh03 continued.

“There's still one more.”

Jiang Li frowned.

“Yes, I am.”

Zh03 nodded, “Furthermore, that type 4 expert is a Grade 3 array master. The ‘ten thousand spirit array’ was something he spent a lot of effort and resources to set up.

“.....”

Jiang Li was silent.

Obviously.

The great Qian Dynasty was more powerful than Jiang Li had expected. Fortunately, he didn't rashly participate in the battle at the capital. Otherwise, he would probably be in trouble now.

“There's actually two class 4 divine beasts.”

Jiang Li took a deep breath. In that case, I'll have to change my original plan. I was planning to attack great Qian Dynasty after I got the herbs and spiritual herbs from Wuzu Sub-League.

“Take down the entire great gan Lord dynasty.”

“I’m afraid it’s not possible now. We need to plan it out.”

although MYL01 is also a perfected stage four and is a special troop type with extremely strong strength and amazing combat power, I think it’s only on par with King Qian who has the blessing of the nation’s fate.

...

however, the great gan dynasty has two level 4 experts. The combat strength of Level 4 experts is too strong. With a level 3 Army, it will be difficult to take down the great gan dynasty.

“Let’s take down wuzu sub-League first.”

I’ll build the Army base as soon as possible, ” Jiang Li thought.

“Zh03, how much strength does the wuzu sub-League have left? With the combat power of a hundred liquid metal meches, can they all be killed?”

Jiang Li asked.

my Lord, the two Deputy League Masters of wuzu sub-League are still alive. There are also 20 elders who have perfected stage two and 20000 members of the half-monster Alliance.

I’ll kill them all, ” zh03 said. the power of a hundred liquid metal meches is enough to kill them all.

“Alright, let’s do it.”

I’ve sent zh02 to pick you up with the mech Army, ” Jiang Li said. after we destroy wuzu sub-League, bring back all the resources.

“yes!”

Zh03 nodded.

...

At this moment.

Wuzu sub-League headquarters.

Main Peak’s main hall.

* Cough cough *

The remaining members of the fog Army sub-League were all gathered here. Basically, every half-monster had some injuries on their bodies, some of which had not recovered yet.

“The wuzu sub-Alliance chief token is here.”

rollin stood in front of them, holding a token in his hand. it was the sub-alliance chief token that he found on the bodies of the demonic fog soldiers.

“Seeing the token is like seeing the Alliance master. From today on, I, Rollin, will temporarily be the Alliance master of wuzu sub-Alliance, and all of you will have to listen to my orders.”

Rollin looked at the demi-demons and shouted in a deep voice.

why is the sub-Alliance chief token in your hands? ”

Mo Ling raised his head and questioned.

“Of course Alliance leader wuzu personally gave it to me.”

Rollin looked sad and squeezed out a few tears. He said in a sad tone, before Alliance leader wuzu died, he gave me the sub-Alliance leader token and told me to lead wuzu sub-Alliance well to make a comeback.

it was also because Alliance leader exhausted all his strength to send me out of the ten thousand spirit array before he died that I was able to survive.

“Bullshit!”

gao luqing sneered. ” who do you think you are? would alliance master wuzu give you the sub-alliance master token? rollin, don’t think that you can order us around just because you have a token.”

“That’s right!”

“Rollin, you used to be just a small external elder. Which one of us here isn’t higher in status than you?”

“You want to be the sub-Alliance chief?”

“Wishful thinking!”

Very quickly.

Many of Gao luqing’s supporters berated him.

“Aiyaya!”

Rollin sighed, and the sadness on his face became even more serious. we just escaped from the capital of the great Qian dynasty, but you guys don’t want to unite and help each other to get through this difficult time. Instead, you want to fight among yourselves.

“If this continues, wuzu sub-League will not be far from destruction.”

“If you don’t want internal strife, that’s very simple.”

Gao luqing stood up and sneered, ” give me the sub-Alliance chief token. From today on, I will be the chief of the fog Army sub-Alliance.

“I will definitely lead everyone to rise again.”

“Hahahahaha!”

Rollin laughed out loud and scolded with cold eyes,”Impossible.”

“Then die!”

BOOM!

Suddenly.

An elder at the perfected stage of stage two stood up. His figure was like a Scarlet-black stream of light as he pulled out a dark green dagger that was stained with poison.

His half-demon power surged and stabbed at Rollin.

“.....”

The other elders were all stunned. They didn’t expect an elder to suddenly kill them.

However ...

The next moment.

What happened next shocked the half-monster elders even more.

Only to see ...

Rollin raised his right hand. Energy surged and strange patterns appeared on his right arm. After the half-demon power poured into it, the patterns lit up.

kachaa! Kachaa!

The arm of flesh and blood turned into a giant mechanical hand in an instant.

BOOM!

Rollin raised his huge hand and slapped. The mechanical hand was like a cattail leaf fan and directly hit the elder. The elder didn't even have time to scream before he was smashed into a meat paste.

Rotten flesh and blood splattered all over the ground, even landing on the bodies of the half-monster elders.

three mayfly armors at the great circle of stage three!

you're actually already at the perfected stage of Tier 3!

"This bi an ..."

In the surroundings.

The half-demon elders' eyes were wide open and their faces were full of shock. They looked straight at Rollin and were in extreme shock and disbelief.

“Tier 3 perfection!”

Mo Ling was also extremely shocked.

“.....”

gao luoqing, on the other hand, looked at rollin coldly.

“Vice Alliance master Gao, what do you think now?”

rollin looked at gao luoqing with a smile, and then his expression showed that victory was already in his grasp. it was as if everything was under his control, full of confidence.

On the other side.

At the foot of the main peak.

Pfft! Pfft! “Pfft!”

a hundred liquid metal meches sneaked in and approached quietly. their arms turned into blades and they shuttled through the dense jungle, killing the half-fiends one by one.

one by one, the half-fiend members turned into corpses and fell.

Shua! Shua!

Through the meches, Jiang Li captured soul Tinders one after another and notifications popped up.

ruler, it seems like there’s an internal conflict in wuzu sub-League.

Buzzzzzz!

QX03 controlled the holographic camera to float in the air and record everything that happened in the main peak Hall of the wuzu sub-Alliance and sent it to Jiang Li.

“Oh.”

Jiang Li stood in the Azure Dragon Palace and looked at the holographic projection in front of him. He clearly saw what was happening in the main peak.

“It’s him, Rollin,”

jiang li looked at the half-monster on the screen and remembered that he met this half-monster when he first traded with the half-monster alliance.

It seemed that he was also very interested in the ‘ancient puppetry’.

He didn’t expect this.

This Luo Lin had hidden his strength quite well. He clearly had the cultivation of the perfected stage of stage three, but he had been hiding it all this time and was willing to be an external elder with a very low status in the fog Army sub-League.

And now ...

He actually had the sub-Alliance leader token of the monster fog soldiers.

“the two deputy chiefs of wuzu sub-league haven’t recovered from their injuries yet, but this rollin is in his prime. if nothing unexpected happens, this rollin can indeed control the entire wuzu sub-league.”

okay. Jiang Li smiled.

At this moment.

The situation in the main Peak's Hall suddenly changed.

“Hahahahaha!”

Gao Luoqing actually laughed out loud. He stood up, and his half-demon power began to emerge. A heavy and tyrannical aura gradually surged out.

Buzzzzzz! buzzzzzz! Buzzzzzz!

Zhou Tian.

The spiritual Qi of heaven and earth trembled.

“You!”

Rollin's pupils contracted.

Chapter 245 Hidden weapon

“This is a Kasaya.”

Jiang Li kept his eyes on the holographic projection.

And at this moment.

The 100 liquid metal mechs had killed all the 20000 half-monsters outside. Jiang Li had captured 5400 level-one soul Tinders and 300 level-two soul Tinders.

One had to know.

The half-fiends who were able to escape from the battle in the capital city were naturally not weak. They were of extremely high quality. Most of them were level one, and many of them were level two deacons.

so,

After killing these half-monsters, Jiang Li caught a lot of soul Tinders.

“don’t make a move yet.”

wait for me. Jiang Li immediately gave an order, ” hide in the dark and wait for orders.

“Yes.”

The 100 liquid metal meches immediately hid outside the main Peak’s Hall. They were silent, and then they all hid.

the situation had changed.

BOOM! BOOM! BOOM!

In the main Peak’s main hall.

Gao luqing’s aura grew stronger and stronger, as if there was no limit. The surrounding spiritual Qi gathered, forming a terrifying spiritual Qi storm and vortex.

“this bi an ...”

“Vice Alliance leader Gao, He’s too weak!”

how is this possible?!

Shocking!

It was extremely shocking!

The surrounding elders were even more shocked than when they saw Rollin holding the sub-Alliance chief token and displaying the strength of the perfected stage of level three. Their eyes were full of disbelief.

“Impossible! This is impossible!”

rollin’s eyes widened as he exclaimed.

“I don’t believe it!”

As soon as he finished speaking.

Luo Lin charged directly at Gao luqing and used some kind of secret mechanism technique. His half-demon power emerged, and the mechanism spirit patterns manifested, forming a huge mechanism fist in the void.

It was a mountain-like giant fist.

It smashed towards Gao luqing.

“You’re using the secret mechanism skill in front of me?”

Gao luqing raised his head, a hint of ridicule appearing on his face. ridiculous.

“Collapse!”

“whoosh!”

Gao luqing raised a finger and pointed. The mechanical spirit pattern appeared on his finger and turned into a blue light. It broke through the air and touched the mechanical fist.

Bang!

after that.

Rollin's mechanical fist collapsed as if its core had been destroyed, causing it to completely disintegrate and turn into light spots that scattered all over the sky.

"You, you, you, you, you, you, you ..."

Rollin's eyes were wide open, and his face was filled with shock.

"Tier 4! Gao luqing, you've actually broken through to the fourth step!"

Mo Ling exclaimed in shock.

"Si si si ..."

gasps could be heard from the surroundings.

"Fourth rank."

Jiang Li looked at the holographic projection and muttered, "I didn't expect this to happen. Wuzu sub-League has an extra Tier 4.

I wonder if 100 liquid metal meches can deal with a type 4 expert who has just entered the early stage of type 4? "

I can try, " Jiang Li thought. maybe I can try. This way, I can have a better understanding of the combat power of a Tier 4 martial artist. I'll be able to compare myself to a Tier 4 martial artist in the future.

speaking of this.

Jiang Li thought it would be easy to take care of the wuzu sub-League, so he sent out a hundred liquid metal meches to be on the safe side.

As a result, a 4th rank expert appeared in the wuzu sub-League.

“Are you very surprised?”

Gao luqing looked at Mo Ling and a smile appeared on his face. Mo Ling, you and I are both vice Alliance Masters, and we have both been stuck at the perfected stage of Tier 3 for many years.

however, this time, after walking on the edge of death in the capital of the great Qian dynasty, I gained some enlightenment and glimpsed the mysteries of the ‘secret Arts of traps’. After several days of seclusion, I successfully made the first step.

...

“I’ve condensed a ‘mechanical talisman’ and broken through to the early stage of level four.”

“Initial-stage Tier 4!”

Alliance master Gao has really broken through!

“This bi an ...”

The half-monster elders were surprised and happy.

“rollin,”

Gao Luoqing's eyes were cold as he looked at Rollin and slowly said, "If I'm not wrong, you are the traitor, the traitor of Wuzu sub-League."

"Nonsense,"

Rollin scolded, "I don't understand what you mean at all."

"Hehe."

Gao Luoqing sneered. From the beginning to the end, King Qian knows all the plans and actions of our Wuzu sub-League.

...

"If there's no traitor or spy, how would King Qian know about this?"

As for you, Rollin, you hid your cultivation and lurked in Wuzu sub-League. You obviously have the strength of the perfected stage of level three and are qualified to be the Deputy Chief, but you are willing to be an external elder.

"It's really suspicious."

"Also, how did you get the sub-Alliance chief token? Did Alliance Master Wuzu give it to you personally? What a joke. Alliance leader Wuzu is being watched by King Qian. How would he have the time to hand over the sub-Alliance chief token to you?"

I think this sub-Alliance chief token was given to you by King Qian. The purpose is to let you take control of the Wuzu sub-Alliance so that you can work for him better.

"If you want to punish someone, you can't find a good excuse."

Rollin retorted, " vice Alliance master Gao, if you want to take the sub-Alliance chief token from me, just say it. If you want to disobey Alliance master wuzu's orders, just say it.

"Why make up so many things? isn't it just to be able to be crowned as the Emperor?"

"Hehe."

Luo Lin sneered. He held the sub-Alliance chief token in his hand, stared at Gao luqing, and scolded, come on, the sub-Alliance chief token is in my hands. If you want it, come and take it.

"If you want to die, I'll fulfill your wish."

Gao luqing didn't hesitate any longer and immediately made his move. The strength of an early-stage level four erupted, and the mechanism spirit pattern flickered. A 'mechanism talisman' appeared between his brows.

It could be seen.

Gao luqing formed a seal with both hands, forming blue mechanism spirit patterns. Under the transformation of the mechanism spirit patterns, the vast half-demon power in his body turned into a physical existence, finally forming a three-meter-tall Tiger.

The mechanical Tiger roared like a living creature.

He pounced directly at Rollin.

"kill!"

rollin roared. his whole body was covered with mechanism spiritual patterns. he injected his half-demon power into it and activated the secret technique of mechanism. his whole body was covered with a special layer of mechanism armor.

It could be seen.

In the blink of an eye, Rollin turned into a giant Golem that was three meters tall. The whole Golem had a wooden color and looked a little ancient.

BOOM!

Rollin punched out with both fists, and the air exploded.

boom! BOOM! BOOM!

The battle had erupted.

Rollin used all his strength to fight against the Tiger. The energy exploded and the huge force shattered the ground. The whole Hall shook violently.

A few stone pillars were even broken.

“Ah!”

“BOOM!”

Rollin screamed in pain. He had exchanged dozens of moves with the Tiger and was still no match for it. The mechanical armor covering his body cracked inch by inch, turning into light spots and dissipating.

“Roar!”

The mechanical Tiger roared and knocked Rollin away.

“pfft!”

Rollin vomited blood and crashed into the wall of the hall. Gravel rolled down and covered half of his body. His clothes were torn and he was covered in blood.

He was severely injured.

“The fourth rank is indeed powerful.”

Jiang Li watched the battle from beginning to end. Gao luqing just advanced to the early stage of level four, but he beat Luo Lin who's at the perfected stage of level three.

moreover, from the beginning to the end, Gao luqing only used a 'secret technique of mechanism' and used his half-demon power to condense a 'Tiger mechanism'. One 'Tiger mechanism' was enough to defeat Luo Lin.

Rollin, you betrayed the half-monster Alliance, killed Alliance leader wuzu, and caused the failure of the 'dragon battle' plan. Countless half-monsters were killed or injured.

“Sinful.”

Gao luqing walked towards Rollin step by step, looking down at him from above, and then announced Rollin's crime, “I sentence you to death today!

In reality.

Whether Rollin was a traitor or not wasn't important at all. Gao luqing didn't care whether Rollin was a traitor or not.

He just needed an excuse.

An excuse to kill Rollin and take the sub-Alliance chief token away.

as long as he obtained the 'sub-alliance chief token' and took the position of the sub-alliance chief, in addition to the fact that he had already broken through to the initial stage of the fourth rank ...

At that time.

He would become a real member of the half-monster Alliance.

He had truly joined the half-monster Alliance.

They were not cannon fodder.

Wuzu sub-League.

It was just one of the countless sub-leagues of the half-monster Alliance.

No matter if it was Mo Ling, Gao luqing, or all the elders of the wuzu sub-League, they couldn't be considered as true members of the half-monster Alliance.

From the beginning to the end.

Only the monster fog soldiers were the true members of the half-monster Alliance.

Mo Ling and the others could only be considered as subordinates trained by the monster fog soldiers. In the half-monster Alliance, they could only be considered 'cannon fodder' and could not even be considered as true members.

In reality.

Many sub-leagues of the half-monster Alliance were in the same situation.

* Cough cough *

Rollin coughed up blood. His face was pale as if he had completely lost the ability to resist. He looked at Gao Luoqing, who was walking toward him step by step, and laughed bitterly.

“Gao Luoqing, you’re calling me a traitor? Do you have any evidence? In my opinion, you’re the traitor. You clearly have the strength of an early stage rank four, but I didn’t see you show it when you were fighting with the Great Gan Dynasty.”

“When I took out the sub-Alliance chief token, you suddenly exploded and displayed the power of an early 4th rank, trying to usurp the throne.”

“You said that you had a near-death experience and had some enlightenment before you broke through?”

“Hahaha Yingluo, you should keep your words for a three-year-old. If the 4th rank barrier is so easy to break through, then wouldn’t there be as many 4th rank experts as there are dogs?”

Vice Alliance Master Mo Ling and the half-beast elders, don’t be fooled by Gao Luoqing. He’s the real traitor. You can’t hand over the Wuzu sub-Alliance to him.

“We must inform the other sub-leagues about this.”

“You’re so heavily injured, but you talk so much.”

Gao Luoqing sneered. “Do you think they’ll believe you?”

“Gao Luoqing, even if I die, I won’t give you the sub-Alliance chief token.”

Rollin roared.

As soon as he finished speaking.

Luo Lin took out the sub-Alliance chief token and was about to crush it.

“Stop!”

Gao luqing was shocked and immediately rushed forward.

Shua!

It was very fast.

In the blink of an eye.

Gao luqing had already rushed in front of Rollin. Without any hesitation, he reached out and grabbed the sub-Alliance chief token.

Suddenly.

Rollin grinned.

The next moment.

Rollin took out a black cylinder from his pocket. It was about the size of a palm, dull and looked very ordinary on the surface.

but ...

When Gao luqing saw the cylinder, his eyes widened, and a horrified expression appeared on his face. He said in shock, ” “This is a fourth tier mechanical hidden weapon, purple mayfly.”

“Go to hell!”

Rollin’s roar interrupted Gao luqing’s words, and he had already pointed one end of the cylinder at Gao luqing.

Chapter 246 take action

Kachaa! “Crack!”

“Whoosh!!!”

In that instant.

Rollin activated the mechanism, and the black cylinder in his hand lit up with countless ‘mechanism spiritual patterns’. They were like purple-gold patterns that meandered and flowed like living creatures, intertwining together and forming an extremely complicated structure.

the black cylinder had almost turned purple-gold.

after that.

The black cylinder split open.

It bloomed like a purple-gold ‘Lotus’. The Lotus petals were like countless tiny sharp swords, splashing in all directions.

BOOM!

It exploded!

The purple-gold lotus flower exploded in an instant, like countless purple-gold sharp lights. It was extremely gorgeous, like a blooming firework.

Furthermore ...

At the moment of explosion.

An extremely terrifying energy surged out.

“No!”

Gao luqing’s eyes widened.

“Roar!”

The mechanical Tiger roared.

He pounced forward.

Bang!

however ...

however, the mechanical tiger was pierced through like a sieve by the purple-gold light. it was completely unable to resist and directly exploded in the air.

Kachaa! “Crack!”

With the mechanical Tiger’s obstruction, Gao luqing had time and opportunity to react.

“Secret mechanism skill!”

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

Gao luqing’s hands quickly formed a seal, and countless ‘mechanism spirit patterns’ covered his entire body. The ‘mechanism talisman’ between his eyebrows became more and more dazzling.

“Blue Spirit armor!”

BOOM!

Gao luqing used all his strength. His half-demon power surged out and merged into the ‘mechanism spirit pattern’. His entire body was covered in blue armor in an instant.

Five meters!

It was five meters tall!

It was blue in color.

block it!!!

gao luqing crossed his arms and protected his chest. blue light glowed, forming a blue light shield in front of him.

The purple-gold light pierced through the air.

Clang clang clang clang

Bang!

The blue light Shield exploded, and the purple-gold light hit Gao luqing, making a series of rumbling sounds. The scene looked like a machine gun was madly shooting at the armored robot.

“Ah!”

Pfft!

Gao luqing let out a blood-curdling screech as his huge body flew out, knocking down the door of the main Peak's main hall and creating a huge pit on the ground.

The mechanical armor on his body was collapsing, turning into blue light spots that filled the sky and slowly dissipating.

“pfft!”

Gao luqing clutched his chest and spat out another mouthful of blood. He stared at Luo Lin with a cold look and scolded, “You’re a despicable man.”

“Despicable? Hahaha!”

Rollin laughed wildly. Deputy Chief Gao, the purple gold lotus doesn’t feel good, right? ”

“This power is overwhelming.”

Jiang Li looked at the holographic projection in front of him and was a little surprised. He didn’t expect Rollin to have such a trick up his sleeve.

The ‘secret technique of mechanism’ that Luo Lin and Gao luqing had used was indeed very powerful and strange.

Speaking of this.

jiang li had heard of the ‘puppet technique’ and ‘mechanism technique’ many times, but he saw it with his own eyes today. it was indeed powerful.

Furthermore ...

...

The power of Luo Lin's last hidden weapon, the 'purple gold lotus', exploded in an instant and seriously injured Gao luqing, who was at the early stage of the fourth level.

This kind of 'hidden weapon' had extraordinary power.

If someone were to take this kind of hidden weapon and sneaked to his side, and then activate it, he was afraid that he would be in a bad situation.

"That's why I said that this world is really dangerous."

I need to become stronger as soon as possible and be more cautious. I can't do whatever I want just because I've achieved a little bit of success and strength.

liquid metal mech, it's time. Let's do it.

The next moment.

kill him! Jiang Li immediately ordered.

"Yes."

Shua! Shua! Shua!

One hundred liquid metal meches.

...

They all came out from their hiding places, their arms deformed and flowing like mercury. The silver Blades reflected a cold light under the moonlight.

"Who is it?"

“Who are you people?”

“This Suan ni ... How could a human have infiltrated the main Peak’s Hall? Where are the half-fiend members guarding the main peak?”

“It’s the smell of blood!”

“Do you guys smell the strong scent of blood in the air?”

“don’t tell me it’s zhenzhen?”

all the half-fiend members were killed? ”

Aghast!

Fear!

Dumbfounded!

In the surroundings.

The half-monster elders were at a loss.

“Rollin, did you also arrange for these people?”

Gao luoqing looked at Luo Lin and asked in a deep voice, ” do you want to completely destroy the fog Army sub-League? What good would it do you?”

“.....”

However ...

Rollin's expression was also blank. He looked at the figure who had suddenly appeared and also didn't know why so many people had suddenly appeared.

"The clothes they are wearing, they are Yingluo."

Mo Ling suddenly exclaimed.

"Kill!"

the hundred liquid metal meches made their move, and their battle cries interrupted mo ling. the hundred perfected-stage level three liquid metal meches formed a super team.

After that.

Pfft! Pfft! "Pfft!"

His figure flickered.

Blood spurted out.

A few seconds!

it only took a few seconds!

All the half-monster elders were beheaded. They didn't even have the chance to fight back.

It was an instant kill!

three mayfly armors at the great circle of stage three!

Mo Ling's pupils contracted.

Buzzzzzz! Wuwuwuwuwu!

Black light spots appeared on the bodies of more than twenty half-monster elders. They were level-two soul Tinders that Jiang Li had captured through the meches.

[acquired a stage-two soul Tinder!]

.....

[acquired a stage-two soul Tinder!]

.....

jiang li received a notification.

“Leave one alive to ask where the resources of wuzu sub-League are hidden.”

Jiang Li said.

Shua!

One of the liquid metal meches charged at Mo Ling. The silver Blades cut through the void like two silver bolts of lightning, slashing at Mo Ling.

Clang!

Mo Ling took out two black daggers and blocked the attack.

The next moment.

kill! several liquid metal meches charged over.

“Black light curtain!”

Wuwuwuwuwu!

Mo Ling waved his hands, and his half-fiend power gushed out, forming a black curtain of light in front of him. However, it was easily shattered by several liquid metal meches.

“Pfft!”

The blade light flashed.

Being struck, Mo Ling let out a blood-curdling screech as he was sent flying. Spitting out blood, he crashed into a stone pillar and fell to the ground, suffering from severe injuries.

BOOM!

Suddenly.

An explosion sounded.

At this moment, Gao luqing jumped up. Then, without the slightest hesitation, his body surged with a vast half-demon power, and he directly fled into the distance.

Escape!

He had to escape!

100 perfected stage rank three.

Unless he was at his peak, he might have a chance.

but ...

He was now heavily injured by the purple gold lotus, and his strength had dropped greatly. If he was surrounded by these people, the result would be disastrous.

He had finally broken through to the fourth step.

He didn't want to die Here for no reason.

“Stop him!”

jiang li said in a deep voice.

Shua! “Whoosh!”

The liquid metal meches chased Gao luqing at full speed, leaving only five to deal with Mo Ling and Rollin while the other 95 went after him.

In order to survive, Mo Ling naturally tried his best to deal with the two liquid metal meches. He tried his best to hold on, but the injuries on his body became more and more serious, and he couldn't hold on for long.

“Ah!”

Screams!

It was Rollin's scream.

It could be seen.

Rollin's injuries weren't light to begin with, and the purple gold lotus had been used to deal with Gao luqing. He was no match for the three liquid metal meches.

Pfft!

They had only exchanged a few moves.

The liquid metal mech slashed down and cut off Rollin's arm.

“Who are you? Who was it? Who sent you here?”

“Is it King Qian?” Rollin roared. Is he going to burn the bridge after crossing it?”

clang! Clang!

The silver Blades flashed. The liquid metal meches wouldn't answer Luo Lin's questions. They would only carry out Jiang Li's orders loyally.

“Pfft!”

Very quickly.

Rollin's head was cut off.

Thick, Scarlet blood gushed out from the broken neck like a fountain. Rollin's head rolled on the ground with his eyes wide open, as if he had died with grievances.

Bang!

The headless body fell.

Unfortunately ...

No tier 3 soul Tinder dropped.

“!!!”

mo ling’s pupils contracted as shock filled his face.

as soon as rollin died, the remaining three liquid metal meches were free. mo ling was no match for the five liquid metal meches.

clang! Clang! clang!

BOOM!

The main Peak’s Hall collapsed.

Ninety-five liquid metal meches attacked Gao luoqing, who was at the early stage of level four, and he was injured.

The intense battle had destroyed the main Peak’s main hall.

“Roar!”

Gao luoqing had conjured three mechanical beasts with the secret technique of mechanical traps-a mechanical Tiger, a mechanical Lion, and a mechanical cheetah-to share his burden.

At the same time.

Once again, Gao luoqing forcefully mobilized his power. Blue armor covered his entire body, turning him into a five-meter-tall armored giant. His combat power was extremely strong.

“a 4th rank expert is indeed very strong.”

Jiang Li looked at the battlefield. if Luo Lin didn't attack Gao luqing with a hidden weapon and injure him, the hundred liquid metal meches wouldn't have been able to stop him.

“A puppet! They are all puppets!”

gao luqing had injured the liquid metal mech, but the wound was healing automatically. with the fighting style of the liquid metal mech, gao luqing finally understood.

“It's the puppeteers!”

Gao luqing looked around. as long as we can find the puppet master's body, we can end this battle.

Unfortunately ...

That was impossible.

Jiang Li was far away in the imperial capital of the Xia Dynasty. How could Gao luqing find him?

It was just a dream.

At this moment.

the liquid metal mech melted like mercury and then fused together, turning into a huge iron hammer.

It was like a mountain.

“BOOM!”

The huge iron hammer smashed over.

Bang Bang Bang Bang!

The three machine-operated beasts in front of him exploded into light spots that filled the sky. They were directly smashed by the iron hammer, and the remaining power hit Gao luqing.

“Ah!”

Pfff!

Gao luqing let out a blood-curdling screech as he spat out blood. His battle armor crumbled, and he fell to the ground.

After that.

The huge iron hammer disintegrated and slowly turned back into liquid metal soldiers.

“ah!”

At the same time.

Mo Ling was also screaming in pain. Her chest had been pierced through by a liquid metal mech, and she fell to the ground, completely losing the strength to resist.

“Jiang Li!”

Raising her head, Mo Ling’s eyes were filled with fear as she shouted out, ” Jiang Li, I know you’re Jiang Li’s men. Jiang Li, don’t kill me. I know what you want. I can help you. I’m still useful. Don’t kill me!

Chapter 247 Congratulations

“Jiang Zhizhi, Jiang Li Zhizhi.”

Gao Luoqing coughed up blood and raised his head with great difficulty. He looked at Mo Ling with eyes full of astonishment. “What did you just say? ” “They’re all Jiang Li’s subordinates?”

So, Jiang Li has really mastered the ‘ancient puppetry’. He’s a human puppeteer!

“The rumors are true!”

“.....”

Mo Ling angrily glared at Gao Luoqing and shouted, “You shut up!”

Back then.

Jiang Li was just a city Lord who didn’t even have level three strength, while Mo Ling was a perfected level three half-monster.

Mo Ling didn’t pay much attention to Jiang Li at that time.

And now ...

Jiang Li, on the other hand, had such a powerful force. He even sent a powerful team of a hundred perfected-stage level three experts to the headquarters of the Wuzu sub-League.

to tell the truth.

Mo Ling had never expected things to turn out this way.

In the end, the wuzu sub-League would be destroyed by Jiang Li.

It was too fast!

Jiang Li was growing too fast.

However ...

this was not all.

If Mo Ling knew that Jiang Li had not only occupied ten counties of the great Qian dynasty, but also five counties of the red-browed Fey Kingdom and established a human dynasty, he would have been shocked.

He would probably be scared silly.

Whether it was the fog Army sub-Alliance, the great gan Lord dynasty, or the surrounding kingdoms and dynasties, the Yao fog Army's plan of fighting for the country's fate was a huge success.

They didn't gain much from it.

The Dragon of the 'battle for the Dragon'.

In the end, it fell into Jiang Li's hands.

Lord Jiang Zhizhi, Jiang Li, I know you want the 'resources' of wuzu sub-League. You want one billion taels of gold in herbs and ten billion taels of gold in spirit herbs.

Kneeling on the ground, Mo Ling's face was extremely pale, like a piece of white paper, without a trace of blood. Clutching the wound on her chest with her right hand, she endured the intense pain and forced a smile on her face. Fresh blood

flowed out from her wound and seeped through the gaps between her fingers, dyeing her black cloak blood-black.

“I know where the Treasury of wuzu sub-League is.”

Mo Ling continued, “but my Lord, the resources of the wuzu sub-League are limited. There are only so many of them. However, the half-monster Alliance is different. The half-monster Alliance is extremely powerful and has spread all over the continent. There are countless sub-leagues and they are also in contact with each other.

my Lord, as long as you don’t kill me, I’m willing to submit and work for you. As long as I become the leader of the fog Army sub-League, I can contact the other sub-leagues and bring you more and more endless resources!

“Oh.”

Jiang Li looked at the holographic projection in front of him. He heard everything Mo Ling said.

And what he said made sense.

it was true.

It was just as Mo Ling had said.

The resources of wuzu sub-League were limited.

but ...

The half-monster Alliance was different. It was very powerful and spread all over the continent, which was why the wuzu sub-League could get a large number of herbs and spiritual herbs.

If he could have Mo Ling as the middleman, Jiang Li could indeed buy a large number of herbs from the half-monster Alliance.

QX03, QX01, activate the holographic projection.

Jiang Li said.

“yes.”

qx03 and qx01 nodded at the same time.

Buzzzzzz!

After that.

qx01 scanned jiang li's body with the holographic camera and then sent the information to qx03.

Finally, QX03 projected the image.

In the air above the main peak of wuzu sub-Alliance.

“Whoosh!”

The holographic camera cast a faint beam of light and appeared in front of Mo Ling and Gao luqing. Then, rays of light gathered.

in the end.

It formed a holographic projection of Jiang Li.

you're Jiang Li? ”

Gao luqing and Mo Ling looked on with stunned expressions, completely unable to understand what kind of method this was.

...

“Yes.”

okay. Jiang Li nodded and looked at Gao luqing and Mo Ling.

“This bi an ...”

mo ling and gao luqing looked at each other and sized up jiang li. they were both wondering what kind of ability this was. An incarnation? Or what?

Unfortunately ...

This had already exceeded the scope of Mo Ling and Gao luqing’s knowledge.

They could not understand.

It was just a wild guess.

Lord Jiang Li, I’m also willing to serve you.

master. Gao luqing got up from the ground in pain and kowtowed to Jiang Li. Mo Ling is only at the perfected stage of level three. Even if she has the sub-Alliance chief token, she can’t join the half-monster Alliance. She can’t be a real member.

the requirement to join the half-monster Alliance is to be at the fourth rank.

...

“Gao luqing!”

Mo Ling berated, ” shut up.

” my lord, the requirement to join the half-monster alliance is to be at rank four, but after becoming a member of the half-monster alliance, there will be many restrictions, and i can’t do better for you. ”

mo ling turned to jiang li and said, ” as long as you don’t become a real member of the half-monster Alliance, there won’t be such a restriction.

this way, after I become the sub-Alliance leader, I can still contact the other sub-alliances of the half-monster Alliance and collect medicinal herbs and spiritual herbs for you.

the resources of the sub-League can’t be compared to the half-monster Alliance.

“I’m the only one who’s the most suitable,” Gao luoqing immediately retorted.

“Gao luoqing, you’re so arrogant!”

“Shut up!”

Humph! Jiang Li snorted.

“.....”

Mo Ling and Gao luoqing immediately shut their mouths and knelt on the ground with their heads lowered.

“Don’t worry,”

I’m fine, ” Jiang Li said calmly. you two are both useful, so stop arguing. As for who will be the leader, it depends on your performance.

“Now lead the way.”

“Your injuries shouldn’t affect your ability to walk, right?”

“Yes!”

“Thank you, Your Excellency!”

Mo Ling and Gao luqing were overjoyed and secretly heaved a sigh of relief. They rejoiced at having survived the disaster and were glad that they had kept their lives.

“It won’t affect me, it won’t.”

“My Lord, please follow us.”

Mo Ling and Gao luqing circulated their half-monster power and forcefully stabilized their injuries. Their faces were full of flattery as they led the way for Jiang Li.

“Yes.”

okay. Jiang Li nodded.

QX03 controlled the holographic camera and let Jiang Li’s projection follow behind Mo Ling and Gao luqing. The hundred liquid metal meches followed closely.

A few minutes later.

At the foot of the mountain.

A huge basin.

There were many buildings in the basin that were arranged in a dense and orderly manner.

the headquarters of the wuzu sub-league was originally covered in an array, but it had been destroyed by the liquid metal meches that zh03 had sent in.

there was no chance for it to work.

Furthermore ...

this formation needed the yao fog soldiers to personally control it to display its strongest effect.

“Sir, the entrance to the treasure house of wuzu sub-League is here.”

In the center of the basin.

Mo Ling and Gao luoqing pointed to a dilapidated thatched house in front of them.

“Open it,”

Jiang Li said.

“Yes.”

Mo Ling and Gao luoqing looked at each other and walked into the thatched house. The liquid metal meches surrounded the thatched house, and there was movement inside.

“Rumble!”

The ground shook slightly.

Inside the thatched cottage.

The ground cracked open from the middle, revealing a square entrance about three meters long. There was a flight of stairs leading down, and it was dark inside.

“My Lord, the entrance to the Treasury has been opened.”

Mo Ling replied.

“Alright,” he said.

okay. Jiang Li nodded.

Soon after.

Mo Ling and Gao luqing walked in the front, and the liquid metal meches followed them. Jiang Li’s holographic projection also entered the treasure vault.

Buzzzzzz! “Whoosh!!!”

On the winding stairs, the oil lamps on the walls on both sides lit up automatically, illuminating the path. The stairs were not very long, and they reached the bottom after walking for a few minutes.

What Jiang Li saw was a huge iron gate.

He took a closer look.

there were lines on the iron door, intertwining to form a pattern. there must be some formation that jiang li didn’t know about.

In the middle of the iron gate.

There was a Dragon-shaped groove.

my Lord, there's a formation on the door of the treasure vault. If we open it by force, the formation will be activated and it will cause a landslide.

“we'll all be buried underground,” mo ling replied.

“Such a big movement will naturally alarm the entire wuzu sub-League.”

haha, but now we don't have to worry about alarming the entire wuzu sub-League, because it has already been destroyed.

Gao luoqing sneered.

“Gao luoqing, take out the other half of the key.”

Mo Ling stretched out his hand.

“here.”

gao luoqing snorted and took out half a black key from his arms and threw it to mo ling. after mo ling caught it, he took out the other half of the key.

After they were put together.

It became a complete key.

The key was in the shape of a black three-clawed true dragon.

“Hu ~~ Hu ~ Hu ~”

Soon after.

Taking a deep breath, Mo Ling placed the complete key in his hand into the dragon-shaped groove on the door of the treasure vault.

“Whoosh!!!”

Kachaa! Kachaa!

The array pattern lit up and a sound was heard. The door of the treasure vault slowly opened by itself.

“My Lord, it’s open.”

Mo Ling replied.

“Alright,” he said.

jiang li smiled.

Inside the Treasury.

the space was huge. it was obvious that a lot of thought and time had been spent to create such a huge underground space, which was as large as a football field.

“My Lord, these are all herbs and spirit herbs.”

master, ” Mo Ling introduced them to Jiang Li. I wanted to use these herbs to win you over, but you rejected them. Not long after, a war broke out with the great Qian dynasty.

“These herbs and spirit herbs are stored here.”

“yes.”

jiang li looked at it and smiled.

He looked around.

A large number of medicinal herbs and spirit herbs were stored in one place, piling up like a mountain, taking up a large portion of the space in the Treasury. It was impossible to count how many stalks there were.

“I don’t see any weapons or treasures.”

” what is it? ” jiang li asked.

Sir, in order to defeat the great gan dynasty, the monster fog soldiers used all their weapons, gold, silver, pills, and other things in the Treasury.

“That’s all that’s left,” Mo Ling replied.

“Where are the spirit crystals?”

jiang li asked again.

“Sir, all the spirit crystals are here.”

Gao luoqing pointed at the East corner of the Treasury.

“Open it,”

Jiang Li said.

“Yes.”

Gao luoqing nodded and walked over. He opened the Jade boxes one by one, and then a lustrous light lit up.

Lower spiritual crystals.

The box was filled with lower spiritual crystals.

There were many of them.

“A windfall from the heavens.”

Jiang Li smiled.

“So many Kasaya”

Mo Ling and Gao luqing’s breathing had also become a little rushed. Looking at the lower spiritual crystals in the box, their eyes couldn’t help but reveal a greedy expression.

they had never seen so many spiritual crystals before.

In the past, without the orders of the monster fog soldiers, even if they had the key, they would not dare to enter the Treasury.

Taking everything into account.

This was their third time entering the Treasury.

“Congratulations, you two. Your mission is complete.”

Jiang Li suddenly said.

Chapter 248 Dropped

Mo Ling and Gao luqing woke up from their 'greed' at the same time. They turned around at the same time and looked at Jiang Li.

Shua!

After that.

Out of the corner of his eye, he saw a silver blade Flash across the air.

“not good!”

Gao luqing was shocked, and his body instinctively dodged to the side.

“Pfft!”

Blood splattered everywhere.

Gao luqing narrowly avoided being hit in a vital area, but the knife light still cut through his chest, leaving a bloody wound that ran through his entire chest.

It was so deep that the bones could be seen.

“Run!”

Gao luqing endured his injuries and ran toward the exit of the treasure vault.

“ah!”

Immediately after.

mo ling cried out in pain.

pfff!

mo ling was only at the perfected stage of stage three, so she couldn't be compared to gao luqing. plus, everything happened too suddenly, so she couldn't dodge it. the arm of the liquid metal mech turned into a long silver blade and pierced through mo ling's body.

It came out of his body.

Mo Ling was vomiting blood.

Scarlet blood spurted out of her mouth as if it was free.

“Why? Why do you want to kill me?”

mo ling stared at jiang li. ” i've already surrendered and opened the treasure vault for you. why do you still want to kill me? ”

Shua!

the liquid metal mech swung its arm blade, and a dazzling silver blade light flashed past, cutting mo ling's neck and beheading her.

“Pfft!”

blood spurted out.

The head rolled to the ground, and the body fell.

Blood slowly flowed from the broken neck and gathered around the body.

It formed a pool of blood.

“.....”

Jiang Li looked at it calmly.

mo ling didn't get an answer from jiang li even when he died.

there's still no level-three soul Tinder.

Jiang Li glanced at Mo Ling's body and shook his head with regret.

“Hehe, Yingluo.”

Gao luqing smiled, but his smile was a little sad. The liquid metal meches had surrounded him, and he had no way to escape. He could only die.

He couldn't escape at all.

Jiang Li, you're scared. You're scared. You're worried.

Gao luqing stared at Jiang Li with sharp eyes and said in a deep voice, ” “From the very beginning, you never thought of letting us go.”

because you don't trust us at all, and you're afraid, afraid, worried about the power of the half-monster Alliance. You're afraid that you can't really control us, and fear will lead to the revenge of the half-monster Alliance.

“That's why you want to kill us all.”

“Do it.”

Jiang Li looked at Gao luqing. He didn't deny it or explain anything. He just gave the liquid metal meches an order to kill Gao luqing.

“Yes.”

Shua! Shua! Shua!

The liquid metal meches rushed over from all directions.

” jiang li!!! ”

Gao luqing roared in anger. Then, he rushed to the place where the medicinal herbs and spirit herbs were stored. He wanted to destroy them before he died.

At this moment.

the hundred liquid metal meches flowed like mercury and gathered together, turning into a huge Silver Hammer that smashed forward.

After that.

It was just a hammer strike.

“boom!”

...

Gao luqing was hit head-on.

“Ah!”

Gao luqing let out a blood-curdling screech as his chest caved in. Almost all the bones in his body had been shattered by the hammer.

His body fell to the ground like a meteorite.

Kachaa! Kachaa!

The ground cracked open, and a huge pit was formed.

the entire underground vault was shaking.

Dust and gravel fell from the ceiling.

BOOM!

The huge silver iron hammer smashed into the deep pit again. Gao luqing could only watch helplessly with his eyes wide open and his face full of fear.

“Pfft!”

...

Blood splattered everywhere.

Gao luqing was almost smashed into a meat patty, and his body was buried under a large amount of soil and stones. He had been killed just like that.

It had already lost all signs of life.

Shua! Shua!

The hundred liquid metal meches returned to their original state.

“Chief sovereign, the mission is complete.”

The liquid metal meches saluted Jiang Li and said in unison.

“Yes.”

okay. Jiang Li nodded.

“Whoosh!!!”

Suddenly.

At this moment.

A faint purple light came out of Gao luqing’s body. Although it wasn’t obvious, it immediately attracted Jiang Li’s attention.

“Don’t tell me it’s Qianqian?”

Jiang Li couldn’t help but stare at it. His breathing became faster.

Very quickly.

All the purple light gathered together and turned into a purple light spot, which slowly flew out of Gao luqing’s body.

Like a Firefly, the purple light was extremely gentle.

After that.

Through the mech, he managed to capture the purple light. The purple light disappeared into thin air and was successfully captured.

Shua!

[acquired a Tier 4 soul Tinder!]

A pop-up window immediately popped up in Jiang Li's sight.

fourth-tier soul Tinder!

it's really a level-four soul Tinder! Jiang Li's face lit up. it's a level-four soul Tinder!

“Hahahahaha!”

hahahaha! Jiang Li laughed out loud. He didn't hide his joy at all.

“i didn't expect this, i really didn't expect this.”

Jiang Li took a few deep breaths to calm himself down. I only killed a level-four creature and a level-four soul Tinder dropped.

“Is it because it's the first time I've killed a stage four creature, so the drop rate of soul Tinder is higher? Or did your luck suddenly increase today?”

“I don't care.”

it's a good thing that a level-four soul Tinder dropped. With this, I can upgrade to a level-four mech.

Thinking of this ...

jiang li was in a better mood.

“Coming to wuzu sub-League this time was the right decision.”

Jiang Li looked at the herbs and spiritual herbs in the treasure vault of wuzu sub-League and the Jade boxes filled with spiritual stones.

There were many of them.

this was a huge fortune.

soon after.

Jiang Li glanced at Mo Ling and Gao luqing's bodies with pity in his eyes.

in reality.

In the beginning, Jiang Li was indeed interested in Mo Ling's proposal. He wanted to control the wuzu sub-League behind the scenes and use it as a middleman to buy a large number of herbs and spirit herbs from the half-monster Alliance and other sub-leagues.

but ...

after careful consideration.

Jiang Li still gave up.

First of all ...

Jiang Li didn't trust Mo Ling and Gao luqing. Who knew if they were two-faced? Jiang Li was worried.

jiang li had heard of a 'slave contract' before. after signing the 'slave contract', the party who signed it would become the slave of the 'master of the contract'.

Under the control of the 'master of contract'.

Life and death were no longer in their hands, but in the hands of their 'master of contract'.

so,

In the human dynasty, many captured demons and barbarians were only considered as ‘demon slaves’ and ‘barbarian slaves’ after they had been planted with a ‘slave contract’.

However ...

Jiang Li didn’t have a slave contract with him. Otherwise, he would have turned the millions of monsters in the red Dragon County city into slaves and asked them to grow spirit herbs and herbs in the county.

To tell the truth.

There were millions of monsters in Red Dragon County. Jiang Li still didn’t know how to deal with them. It would be a pity to kill them all because there wouldn’t be any soul Tinder.

Jiang Li’s relationship with the Qian dynasty was too tense. He couldn’t sell these monsters to the Qian dynasty or the black snake barbarian kingdom.

Because the three races were fundamentally opposed to each other, it was almost impossible for them to trade under normal circumstances.

However, if he didn’t think of a way to deal with it ...

Jiang Li had to provide food for the millions of monsters.

Furthermore ...

The 100,000 meches were also delayed. They had to guard the county capital of Red Dragon County in case the millions of demons were in chaos and caused unnecessary trouble.

“Slave contract.”

slave contract? ” Jiang Li murmured, ” I do need to find a way to get a ‘slave contract’. With a ‘slave contract’, I can turn the monsters and barbarians I catch into slaves.

“They’re good labor forces.”

contact QX02 and ask zh02 when the mech Army will arrive.

go! Jiang Li ordered.

“yes.”

QX01 nodded.

Very quickly.

QX01 sent a text message to QX02 and reported to Jiang Li, ” “Reporting to the chief sovereign, we will arrive in an hour.”

“Yes.”

okay. Jiang Li nodded.

Soon after.

jiang li turned off all communication and the holographic projection in front of him disappeared. his vision became clear and he sat on the dragon chair.

Half-monster Alliance.

jiang li murmured in a green voice, ” it’s not the time to deal with the half-monster Alliance yet. It’s fine if it’s just a sub-League, but it’s not a small matter if you really get in touch with the higher-ups of the half-monster Alliance.

without enough strength, it will cause a completely unequal situation.

“At that time, it would be difficult to escape.”

although it's a pity that I can't form a stable trade chain, I can only give it up for the sake of my own safety. Then, I killed Gao Luoqing and Mo Ling.

Shua!

the dominator panel opened.

Soul Tinder.

Zh02 had been following Jiang Li's orders and killing bandits with 100000 meches. They killed many bandits.

However, because the bandits weren't very strong, they didn't get many soul Tinders.

so far, I have 7430 level-one soul Tinders, 420 level-two soul Tinders, one level-three soul Tinder, and one level-four soul Tinder.

Jiang Li mumbled.

“Fuse.”

Shua!

fuse. Jiang Li started the soul Tinder fusion function and first fused 7430 level-one soul Tinders. It took him more than half an hour.

A notification popped up on the interface in front of him.

finally.

Jiang Li had fused 743 times in total. He failed 494 times and succeeded 249 times, so he got 249 level-two soul Tinders.

Plus, Jiang Li already had one.

There were a total of 669 stage-two soul Tinders.

fuse the second-stage soul Tinder.

Shua!

The fusion interface popped up.

Jiang Li started to fuse the level-two soul Tinder.

A few minutes later.

The fusion was complete.

In total, he had fused 66 times. He had succeeded 11 times and failed 55 times, and he had obtained 11 level-three soul Tinders.

there were nine level-two soul tinders left, and the number of level-three soul tinders had increased to twelve, as well as one level-four soul tinder.

Chapter 249 Lust

“Whoosh!!!”

Jiang Li opened the soul Tinder column. The level-four soul Tinder was floating in front of his eyes. The purple light was extremely pure, like a lively Firefly, emitting a gentle luster.

“Which mech should I upgrade?”

Jiang Li looked at the level-four soul Tinder in front of him and fell into deep thought. He couldn't make a decision at the moment.

finally.

Jiang Li looked at ynsh01 beside him.

Jiang Li's eyes glowed.

Psionic bio-soldier.

It has the 'biochemical poison' skill, which can infect living creatures and turn them into walking puppets. The Walking puppets have the combat power of when they were alive.

In other words ...

if ynsh01 were to advance to stage four, the 'biochemical poison' ability would be able to infect and transform stage four creatures.

at that time.

After Jiang Li got the level-four soul Tinder, he didn't need to level up to a mech anymore. He could keep it and use the 'biochemical poison' skill to get a level-four 'walking corpse'.

“It's you.”

ynsh01. Jiang Li made a decision.

” how many energy points do we have left? ”

Jiang Li immediately opened the energy points column.

Jiang Li only had 50625000 energy points left after opening the ‘army base’. He created ten ordinary meches and one ordinary mechanical engineer, which cost him 1100000 energy points.

In the past few days.

zh02 led 100000 meches and cleared the great xia dynasty. they only lost 3000 perfected-stage level one meches. they didn’t lose any level two or level three meches.

He had recovered 225000 energy points.

it took 450000 energy points to repair the damage.

In the past few days.

Zh02 went around exterminating bandits and all the resources were sent to the ‘Palace’. Jiang Li converted them all into energy points.

There was more.

The resources that they had plundered in the black jail County had also been converted into energy points, as well as the spirit herbs and medicinal herbs that they had purchased from the various counties and cities of the great Xia Dynasty.

After Jiang Li converted all of them.

In total, he had only obtained 33200000 energy points.

33.2 million.

It was already quite a lot.

One had to know.

” i’ll take it. ” jiang li had already plundered these cities and counties when he occupied them. it was already good enough that he could buy more resources and spirit herbs from them.

“82250000 energy points.”

80 million. Jiang Li looked at the number displayed in the column of energy points and read it out softly, ” more than 80 million. That’s not a small number. If I get another 20 million, I won’t even need to spend time gathering steel. I can use energy points to build a real ‘army base’.

psionic bio-soldier after upgrading to ynsh01.

Jiang Li immediately operated the Dominator panel and used the only level-four soul Tinder and 1000000 energy points to upgrade ynsh01.

Buzzzzzz!

The purple soul Tinder flew out and merged into ynsh01’s body. 1000000 energy points were also injected into it to transform ynsh01.

“.....”

MYL01’s eyes were focused on ynsh01’s transformation. There was a hint of curiosity in his eyes. He stared at ynsh01 without saying a word.

Shua! shua!

It could be seen.

Ynsh01's body flashed with several white lights.

A few seconds later.

The promotion was complete.

It advanced from the perfected Tier 3 to the initial-stage Tier 4.

At the same time.

Jiang Li noticed that ynsh01's appearance had changed a lot. The psionic shoulder cannon on his shoulder was gone, and he was no longer wearing black leather armor.

Not only that.

His height had also returned to normal.

One had to know.

Ynsh01's height was originally 2.1 meters, like a small giant, but now it was the height of a normal person with a square face.

on the surface, he looked like a normal person.

...

That's right.

After ynsh01 completed his promotion, he looked like a normal person. He was a middle-aged man with a square face wearing a major General's uniform.

There were no weapons.

The only thing he wanted to say.

It was just that ynsh01's face was too pale.

it was like the face of a dead person.

“Greetings, chief sovereign.”

Ynsh01 saluted Jiang Li. It sounded very respectful and its eyes were brighter. It was obvious that its intelligence had been greatly improved.

“Congratulations on your promotion.”

myl01 greeted.

“Thank you,” he said.

...

Ynsh01 responded to MYL01.

Shua!

Jiang Li opened the basic information of ynsh01 after it reached the early stage of level four.

[type of Army: psionic zombie soldiers]

[rank: early stage of rank four]

[No.: Ynjs01]

skill 1: Tier 1 top-grade zombie poison ”

skill 2: Tier 2 top-grade zombie physique ”

skill 3: Tier 3 psionic control

skill 4: Tier 4 low-grade zombie combat body

[zombie machinery: the advanced form of biochemical machinery. It is a half-living, half-mechanical creation. It is not afraid of death or pain and is infinitely loyal. It can transform its body to a large extent. It has the ‘zombie machinery heart’. It will only be truly scrapped when the ‘zombie machinery heart ‘is destroyed or when it is damaged to 90%. It has a certain degree of auto-repair ability and can be recycled after it dies in battle for the average energy points of the cost.]

[mechanical psionic energy: Momo (omitted)]

advancement requirement: 20000000 energy points

“Psionic zombie soldiers.”

zombie soldiers. Jiang Li Read through all the information about the ‘psionic zombie soldiers’ carefully. the advanced form of ‘biochemical machinery’ is ‘zombie machinery’.

” moreover, the original biochemical poison and biochemical physique have become zombie poison and zombie physique. although the skill grade has not changed, the ability has been improved to a certain extent. ”

there's also the new Tier 4 skill 'zombie body'. I wonder what it'll be like and how powerful it will be. It shouldn't be too weak.

“After all, it's a fourth-rank troop class.”

“Upgrade.”

Soon after.

Jiang Li used another 20000000 energy points to upgrade ynjs01.

Shua! Shua!

A white light flashed.

It only took a few seconds.

Ynjs01 had advanced to the mid-stage of type 4.

His appearance and military rank had not changed.

He was still a major General.

Obviously.

No matter if it was MYL01 or ynjs01, they could no longer be promoted after reaching the rank of Major General. There was clearly a limit to this.

“Continue.”

Jiang Li used another 40000000 energy points to upgrade ynjs01 to the late-stage of level four and the zombie body to the superior-grade.

If he wanted to continue upgrading, he would need 80 million energy points.

Jiang Li's energy points were almost empty.

he was left with 21250000 points.

It was not enough to continue advancing.

Shua!

Jiang Li closed all the interfaces.

“How do you feel after your promotion?”

ynjs01? ” Jiang Li looked at ynjs01 and asked.

“Reporting to you, chief sovereign. I feel very good. I've become much stronger.”

Ynjs01 answered directly, ” however, my combat power is still much weaker than MYL01. I'm not MYL01's match.

“what if i advance to the perfected tier 4?”

Jiang Li asked.

“he's still not a match for myl01.”

Ynjs01 replied.

my Lord, I'm a special unit after all. It's normal for ynjs01's combat power to be inferior to mine.

MYL01 said.

“However,”

At this moment.

if I can control nine walking puppets of the same price and fully exert the ‘zombie poison’ skill, ” ynsj01 said, ” we can defeat MYL01 if we work together.

“.....”

MYL01 glanced at ynsj01 discreetly. how can it be so easy to get nine perfected-stage Tier 4 walking puppets? ”

“Cough, cough, there must be hope.”

Jiang Li said.

“The chief sovereign is right.”

Both MYL01 and ynsj01 said at the same time.

Obviously.

MYL01 and ynsj01 were as intelligent as normal people. Jiang Li could feel their emotions from the conversation just now.

this was a good thing.

even though ...

Like a machine, they would execute Jiang Li’s orders strictly. It was a good thing.

but ...

If he could use this as a Foundation and learn how to adapt and make different actions according to different situations, he would be able to make more correct decisions.

Then ...

He would be able to do more things that he couldn't.

The next day.

The morning arrived.

The great Xia Palace's Yangxin Hall.

It was the palace where Jiang Li slept.

Jiang Li had a good sleep last night.

He slept until dawn.

the area of the great xia palace was very large, and there were quite a few palaces. because it was designed according to the 'forbidden city', there were naturally a few palaces in the harem, and everything was available.

however ...

The harem Palace was too empty and deserted.

let's go. Jiang Li changed his clothes. He didn't wear a dragon robe but ordinary clothes. He walked out of the Yangxin Palace and wandered around the palace.

Jiang Li didn't see anyone else other than the meches who were guarding the corners like statues.

"It's indeed a little deserted."

Jiang Li didn't see anyone on his way except for the meches. When he came to the 'imperial garden', he smelled the fresh fragrance of flowers.

The flowers bloomed, and the scenery was not bad.

"Ahem."

Jiang Li coughed and murmured, "think about those ancient kings. Which one of them didn't have a harem of 3000 beauties? why is it empty when it comes to me?"

in reality.

This was also the illusion that Jiang Li gave others.

For example.

Take Luo Tianshui and Luo Yilin as an example. Both of them were stunning, and Xu Ya was mature and charming, but Jiang Li didn't say anything to them.

they were all ignored.

jiang li's behavior made chang pingwang, hu dong, jin murou, and luo ming all think that jiang li was not interested in women.

In other words, he was not moved by women.

He thought that Jiang Li was a calm man who wouldn't be affected even if he had a physical impulse.

Cold and heartless.

He was even more brutal to his enemies.

they massacred villages and cities in minutes.

Even ...

He was also particularly cold to his own people.

It was almost without consideration for their feelings.

plus ...

let's go. Jiang Li guarded the great Xia Palace with 100000 meches. No one was allowed to enter without Jiang Li's order. The great Xia Palace was built like an iron bucket.

so,

It was for these reasons.

Changping, Jin murou, and the others didn't dare to mention giving Jiang Li beautiful women.

They were afraid that if they accidentally angered Jiang Li and he thought they were trying to seduce them with their beauty, Jiang Li would kill them as an example.

In other words.

They just wanted to please Jiang Li with beautiful girls, but they didn't dare to do so. It was obvious that what Jiang Li had done in the past had intimidated them.

Otherwise, he wouldn't be so afraid.

Chapter 250 A billion

After Jiang Li finished sighing in the Imperial garden, he sorted out his mood and walked to the Imperial Kitchen.

Although the great Xia Palace was really deserted, Jiang Li didn't change his mind. He didn't even plan to recruit Palace maids.

If it was deserted, then so be it.

Ensuring his own safety was the most important thing, and everything else could be put aside.

Was that why the strong were all lonely?

I don't know. Jiang Li suddenly thought of this, but he shook his head and stopped thinking about it. It was a waste of time.

it was useless.

In the Imperial Kitchen.

When Jiang Li walked here, he smelled the fragrance of porridge. He pushed open the door of the Imperial Kitchen and saw du Xiaohua busy cooking porridge.

"Your Majesty, why are you here?"

Jiang Li. du Xiaohua turned around and saw Jiang Li. He was a little flustered.

“I’m fine.”

Jiang Li smiled. He suddenly realized that du Xiaohua was the only one who could stay by his side all the time. She was the maid ma han bought for ten taels of silver. I just came to see you. Are you used to being alone? ” Do you want to find a few people to help you?”

“No, there’s no need to.”

Du Xiaohua shook her head. I can take care of Your Majesty’s daily needs by myself. I don’t need anyone else’s help. I can take care of it by myself.

“Alright,” he said.

okay. Jiang Li nodded.

“Your Majesty, please wait for a moment. The congee will be ready soon.”

Du Xiaohua said.

“Alright,” he said.

okay. Jiang Li nodded again.

.....

Azure Dragon Palace.

Morning court.

Jiang Li sat on the Dragon Throne.

Below.

Hong Tianqi, Han Liqi, and the others reported their tasks to Jiang Li one after another.

the acquisition of steel and iron had been accelerated, and the national policy of planting medicinal herbs and elixirs had been implemented and promoted.

however ...

Hong Tianqi's purchase of 'steel' went very smoothly. After all, he had real gold and silver in his hands, and with the support of the Commandery princes and castellans, he had purchased a large amount of steel materials.

it would probably take less than seven days to meet the requirements for the construction of the 'army base'.

However ...

The promotion of the National policy of planting 'medicinal and spiritual herbs' was not going well.

The reason was simple.

The cultivation of medicinal and spiritual herbs required a lot of manpower, resources, and time. In addition, the great Xia Dynasty had just been established, so it did not have enough prestige in the hearts of the people.

In other words.

The entire country's people were worried that they had spent a lot of effort and labor to grow medicinal herbs and spirit herbs. What if they couldn't sell them? What if they bought it at a lower price?

One had to know.

This was planted all over the country.

the first batch of medicinal herbs and spirit herbs would mature by a huge amount. other than the imperial court, who else would be able to consume so many medicinal herbs and spirit herbs?

Even though ...

Great Xia's imperial court had made a promise that they would purchase it at the original price.

But what if the Imperial court broke their promise?

Or what if the great Xia Dynasty was occupied by the great Qian dynasty?

This was not impossible.

There was more.

The planting of medicinal herbs and spirit herbs was not an easy task. It was very likely that all kinds of natural and man-made disasters would occur, which would lead to the destruction of the planted medicinal herbs.

there were too many things to worry about.

Therefore ...

In the eyes of the people of the country, it was better to grow grain than to open up medicinal fields and grow spirit herbs. At the very least, even if the grain could not be sold, it could naturally be stored up and would not starve to death.

“han liqi, do you have any good solutions on how to better implement the policy of herb planting?”

Jiang Li suddenly asked.

“This bi an ...”

...

han liqi and the others looked at each other.

“Your Majesty.”

Wu Zong stepped forward and bowed to Jiang Li. at present, it’s difficult to implement this policy, mainly because people all over the country are worried that the herbs and elixirs they grow can’t be sold or will be purchased at a lower price, causing them to lose all their money and starve to death on the streets.

” this kind of worry is very difficult to resolve in a short period of time. only after the first batch of medicinal ingredients has matured and the imperial court has purchased them all at their original prices can the imperial court’s prestige be established in the hearts of the people of the country. ”

“This requires time.”

other than that, the people in the country are also worried that great Xia will not be able to withstand the pressure from the great Qian dynasty. In the end, great Xia will still be occupied by the great Qian dynasty.

“All in all, I don’t trust the great Xia Dynasty.”

Your Majesty, I don’t think we can rush this. We need time to slowly make the transition.

Han Liqi said.

“That’s right, Your Majesty,”

“For now, at least all the cities and villages in the great Xia province have begun to cultivate the medicinal fields,” pang kui nodded and said.

...

“it’s also starting in jinwang county.”

“I believe that in a few years, it will be able to be planted all over the country.”

“But I don’t have the patience.”

Jiang Li said.

“This bi an ...”

Han Liqi and the others lowered their heads.

“Xu Ya.”

Jiang Li said.

“Your subject is here.”

Xu Ya bowed.

“pass down my decree.”

I’m not sure, ” Jiang Li said. all the princes and lords in the Xia Dynasty must fully cooperate and support the policy. For those who don’t want to open the herb fields, send the Army and suppress them with force. Force them to open the fields and plant the herbs.

“If you’re still unwilling and disobey the decree, kill them on the spot as a warning to others.”

“This bi an ...”

“Your Majesty, this is not very good.”

“it will cause public resentment.”

“it’s very likely that there will be a civilian riot!”

Han Liqi, Hong Tianqi, and the others said one after another.

“Public resentment? A riot?”

Jiang Li glanced at han Liqi and the others. since you don’t want to follow my orders and can’t create value, what’s the point of keeping it? ” the disobedient people are worse than the monster and barbarian slaves.”

“at the very least, the monster slaves and barbarian slaves can’t disobey any orders from their ‘contracted master’.”

“There’s more,”

tell Jin murou and the others that if I find any village in the county they’re in charge of that hasn’t been cultivated, tell them to come and see me. Jiang Li said.

“I accept your orders.”

yes! Xu Ya nodded respectfully.

Soon after.

Xu Ya then reported to Jiang Li about the situation of each county and the positions of the officials. Jiang Li only glanced at them and didn't pay much attention.

Time passed.

The morning passed.

Xu Ya, Hong Tianqi, Han Liqi, and the others all left.

"His Majesty's Code of Conduct is simply a cruel and merciless tyrant."

Hu Dong said.

"Lower your voice."

Wu Zong glared at Hu Dong.

however, if we want to implement the policy of 'opening up medicinal fields' as soon as possible, Your Majesty's plan is indeed the fastest and most effective plan.

Han Liqi said, "cut the Gordian knot.

complete His Majesty's orders as soon as possible. Then, we won't have to be so worried.

Hong Tianqi said.

Inside the Azure Dragon Palace.

master, No. Zh02 has led the mech Army to transport all the resources of the wuzu sub-League back to the capital. They are currently waiting in the barracks.

QX01 walked into the hall and reported the situation to Jiang Li.

“To the military camp.”

Jiang Li stood up.

“yes.”

QX01 was walking in front.

myl01 and ynjs01 followed closely on both sides of jiang li. they were only half a step behind jiang li.

A few minutes later.

In the military camp.

Jiang Li had arrived.

“Chief sovereign.”

Jiang Li. zh02 and zh03 saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded.

my Lord, all the medicinal herbs and spirit herbs have been unloaded from the truck. These are all ordinary medicinal herbs, and these are spirit herbs.

Zh02 said to Jiang Li.

“Where are the spirit crystals?”

Jiang Li asked.

“It’s all here.”

Zh03 pointed to a place not far ahead. The Jade boxes were arranged into a small mountain.

“Open all of them.”

Jiang Li said.

“Yes.”

the meches walked over and opened all the jade boxes. the lower spiritual crystals in the boxes caught jiang li’s eyes.

“Have you counted the number of crystals?”

Jiang Li asked.

“The statistics have been tabulated.”

there are 100 Jade boxes in total, ” zh02 replied. each Jade box contains 100 lower spiritual crystals. That’s 10000 lower spiritual crystals in total.

“Oh.”

Jiang Li’s eyes lit up and he was overjoyed.

Jiang Li was prepared when he saw the number of spiritual crystals. He knew there would be a lot of them, but he didn’t expect there to be 10000.

One had to know.

Jiang Li had spent a lot of effort to extort 10000 lower spiritual crystals from Chi Mei. There were 10000 spiritual crystals in the treasure vault of wuzu sub-League.

However, after thinking about it carefully ...

The monster fog soldiers planned to build a half-Monster Kingdom, so they had accumulated a lot of wealth. It was normal to have 10000 lower spiritual crystals.

Shua!

[discovered item that can be converted into energy points. Do you want to convert it?!]

crystal. Jiang Li reached out and touched the crystal. A notification popped up.

“Yes.”

Jiang Li confirmed.

“Whoosh!!!”

A white light flashed.

The 10,000 lower spiritual crystals disappeared into thin air.

” conversion successful. you’ve received 1000000000 energy points! ”

A notification popped up.

I’ve got 100 million energy points.

Jiang Li was overjoyed.

“Continue.”

Soon after.

I’ll take it. Jiang Li walked to the place where the ordinary herbs were kept, reached out his right hand, and touched them.

[discovered item that can be converted into energy points. Do you want to convert it?!]

It was the same notification.

“Yes.”

Jiang Li confirmed.

“Whoosh!!!”

An area of white light flashed, extremely dazzling.

An ordinary medicinal herb that was worth one billion taels of gold was equivalent to one hundred billion taels of silver. It could be said to be a huge number.

Because there were too many herbs, Jiang Li couldn’t convert all of them at once. He had to convert them in batches.

conversion successful. You’ve received 102070000 energy points!

.....

conversion successful. You’ve received 100000000 energy points!

.....

conversion successful. You've received 99270000 energy points!

.....

Ten times!

it took jiang li ten times to convert all the herbs. each time he converted, he could get about 100 million energy points.

In the end.

After converting the one billion taels of gold worth of ordinary herbs, he obtained a total of 1025000000 energy points, which was a total of one billion and twenty-five million points.

the number of energy points has exceeded one billion!

jiang li took a deep breath and clenched his fists in excitement. " with so many energy points, as long as i can find a way to get a level-three soul tinder, i'll be able to activate the mech navy and mech air force. "

In fact.

One billion energy points.

On the surface, it seemed like a lot.

But in reality.

However, it was not as smooth as he had imagined.

one had to know.

Building a perfected-stage level three mech required 1.5 million energy points, while building a perfected-stage level four mech required 150 million points.

This was the calculation.

one billion energy points was not even enough to create ten perfected-stage level four meches.

Of course.

jiang li hadn't unlocked a level four troop class yet. for now, one billion energy points were enough. even if he could build all the perfected level three troop classes, he could build nearly 700.

700 mayflies

It didn't seem like much.
