

## Army 261

Chapter 261 the army

In the blink of an eye.

Jiang Li left the Army base and came to the sky above the Army of meches. He was thirty meters above the ground. Purple flames were spewing out under his feet.

Jiang Li looked down.

Beneath his feet.

It was Jiang Li's mech Army. The vehicles formed a huge fleet like an unstoppable flood of steel.

One had to know.

jiang li now had 1063416 meches.

among them.

400,000 level-one meches, 460097 perfected-level one meches; 100,000 level two meches, 100007 perfected level two meches; Three thousand level three meches and three hundred and ten perfected level three meches.

Two perfected-stage level four meches.

Other than that.

There were also about 200000 walking corpse puppets.

This did not include the type 3 walking corpse controlled by ynjs01.

“All troops, move out!”

Jiang Li landed on the roof of YS01. He didn't remove the 'Dominator armor suit' but walked into the cockpit and sat in the passenger seat.

“Rumble!”

the mech army moved out.

let's go. Jiang Li led a million meches. He only had one goal, which was to completely end the feud with the 'great Qian dynasty'.

Occupy the great gan Lord dynasty.

“QX01, contact MYL01.”

Jiang Li said.

“Yes.”

QX01 nodded.

Very quickly.

The communication was connected.

“Chief sovereign.”

In the holographic screen.

MYL01 and QX03 saluted Jiang Li.

“Yes.”

yes. Jiang Li nodded and asked, ” how’s the situation in the great Qian dynasty? ”  
What was King Qian’s reaction and action after he came out of seclusion?”

“Replying to the chief sovereign.”

MYL01 said, ” because of the previous infiltration, King Qian has become extremely vigilant. The National aura true dragon has been monitoring the entire capital of da Qian at all times. In addition, the king of the Council has set up several Grade 3 formations. Even the holographic camera QX03 can’t see the sky above the DA Qian dynasty.

“That’s why I don’t know anything now.”

I see. Jiang Li nodded. in that case, we won’t be able to find anything for now.

“Yes, I am.”

MYL01 nodded.

alright, you and QX03 will continue to stand guard.

” if everything goes well, the mech army will arrive at the capital tonight, ” jiang li said. ” it’ll be the time to fight the great qian dynasty. ”

“Yes.”

“Your subordinate will definitely do his best to win for you, my Lord,” said MYL01 solemnly.

Buzzzzzz!

the communication ended.

at this moment.

Jiang Li's mech Army of a million soldiers was already driving towards the city gate. Many people of great Xia were watching.

Such a huge commotion naturally attracted the attention of everyone in the city.

Hong Tianqi, Xu Ya, and Hu Dong also arrived.

“When did such a large Army appear in the city?”

“Are they all His Majesty's soldiers?”

“This is too terrifying.”

“Why did His Majesty suddenly dispatch such a large Army?”

In the surroundings.

The crowd watched and discussed with shock in their eyes.

“His Majesty's decree.”

...

At this moment.

Ynjs01's voice was as loud as Thunder. Under the enhancement of the mechanical psionic energy, it spread throughout the entire city and into everyone's ears.

today, His Majesty will personally lead an Army of a million soldiers to attack the capital of the great gan Lord dynasty. He will completely resolve the enmity between the great gan Lord dynasty and the great gan Lord dynasty and take them down.

“Eliminate all future trouble!” Ynjs01 shouted.

“What?”

“Why did Your Majesty suddenly make such a decision?”

“Isn’t that a little too irrational?”

“this suan ni, this suan ni”

“the great xia dynasty has just been established, and it’s already going to start an all-out war with the great qian dynasty? Do we really have the strength to take down the great Qian dynasty? Also, what if the red eyebrows Yao Kingdom and the black snake barbarian kingdom send their troops to invade after receiving the news?”

what? ” everyone was shocked by Jiang Li’s sudden decision. They didn’t even understand what he was thinking.

“Your Majesty is too impulsive.”

...

Hong Tianqi clenched his fists. He wanted to talk to Jiang Li, but Hu Dong and the others stopped him.

Hu Dong and the others shook their heads.

“You guys?”

Hong Tianqi looked at Hu Dong and the others.

Minister Hong, we know what you're thinking. You want to persuade His Majesty to withdraw this decision and not attack the great Qian dynasty.

"But do you think you can persuade him?" Hu Dong asked.

think about it. Since we've known His Majesty, which of his decisions has been changed by our persuasion? "

"Also, if you accidentally offend His Majesty, you don't have to risk your life."

"But Yingluo"

Hong Tianqi muttered.

"That's right."

yes. Hua Tian nodded and continued, " to be honest, the great Xia Dynasty has just been established. In addition to His Majesty's policy, he forced the entire country to plant medicinal fields, causing the people to be resentful.

"This time, His Majesty is actually going to attack the 'great Qian dynasty'. If this continues, the great Xia Dynasty will not be able to hold on for long."

"Ai, ai, ai, ai."

Wu Zong couldn't help but sigh, " who says I'm not? under such circumstances, we should develop steadily, strengthen our national power, recruit soldiers, buy horses, train soldiers, and practice military formations."

only by continuously accumulating strength can the dynasty become stronger.

the great Qian dynasty has been established for hundreds of years. Even though there was a rebellion last time and we lost a lot in the battle with the half-monster Alliance and the rebel army, a lean camel is still bigger than a horse. It's not easy for Your Majesty to take this opportunity to take down the great Qian dynasty.

"I'm afraid that Your Majesty will not be able to return this time."

"King Qian's strength is not to be underestimated. There's also the king of the Council, 100000 Imperial Guards, and a large number of great Qian soldiers," Han Liqi said in a deep voice.

Chang pingwang was in disbelief. Your Majesty's Army is very powerful. It's not like I didn't see it during the battle with the red-browed demon Kingdom.

"this is different."

Guo Yi said, "this time, your majesty is going to have a real battle with the great Qian dynasty!" Also, His Majesty's soldiers are unable to practice battle formations. This is a weakness."

"this won't do!"

Shua!

Hong Tianqi looked up with determination. He jumped down from the wall and charged at the mech Army.

"Minister Hong!"

"You can't!"

Hu Dong and the others exclaimed.

"Your Majesty!"

stop! Hong Tianqi rushed up and blocked the way. Then he knelt down.

“Stop,” he said.

jiang li raised his hand.

The convoy stopped.

“Minister Hong,”

why? ” Jiang Li looked at Hong Tianqi. why did you stop my Army? ”

“Your Majesty.”

Hong Tianqi raised his head and said in a deep voice, ” “Your Majesty, I beg you to retract your order. At this time, we must not engage in a decisive battle with the ‘great Qian dynasty’!”

“oh, why?”

Jiang Li asked with a smile.

Your Majesty, the great Xia Dynasty has just been established not long ago. It has been less than half a month. Everything in the country is still in its initial stages.

“At this time, His Majesty suddenly decided to invade the ‘great Qian dynasty’ and even fight a decisive battle with them,” Hong Tianqi said.

“This is like sending a sheep into a Tiger’s mouth.”

although there was a rebellion in the great Qian dynasty not long ago and a huge war broke out, the great Qian dynasty has been established for hundreds of years and has a deep foundation. It’s impossible for the great Xia Dynasty to conquer the great Qian dynasty with its National Strength.

moreover, if the red eyebrows Yao Kingdom and the black snake barbarian kingdom get the news, they will definitely find an opportunity to invade the great Xia Dynasty.

“When that happens, we’ll be attacked from both sides, and the Grand Xia Dynasty will be in grave danger.”

“Your Majesty, please reconsider.”

Hong Tianqi kowtowed again.

as the saying goes, good advice is unpleasant to the ear. His Majesty might not listen to it. After all, His Majesty has never lost a battle. I don’t think he will listen to Hong Tianqi’s words.

hu dong muttered softly.

“Why do you all think that His Majesty will lose?”

Pang kui asked in return.

“.....”

Everyone was stunned for a moment, and then said, ” it’s mainly because we really can’t figure out what the conditions for His Majesty’s victory are.

“.....”

xu ya didn’t say anything. she glanced at wu zong and the others, taking their words to heart, and then said, ” “In my opinion, Minister Hong’s loyalty to His Majesty is probably higher than all of you combined.”

\* Cough cough \*

Wu Zong coughed lightly.

“Minister Xu, what are you saying? my loyalty to His Majesty can be seen by heaven and earth, the sun and the moon. Even if His Majesty asked me to climb a mountain of daggers or plunge into a pot of boiling oil, I wouldn’t even blink.”

” back then, ” chang pingwang said loudly, ” i reported to his majesty that zhao linyue wanted to escape. i personally led the army of pingding city and took down five lakes city. i took zhao linyue’s head and handed it to his majesty. ”

“My loyalty has been tested.”

“Minister Xu, how could we be disloyal to His Majesty?”

Hu Dong said with a smile.

“Yup! That’s right!”

Wu Zong agreed.

“Hehe.”

Xu Ya sneered and didn’t say anything more.

“Hahahahaha!”

At this moment.

hahahaha ... Jiang Li’s laughter suddenly sounded and spread around, shocking everyone. They all looked over and saw a black ray of light flying up.

Shua!

Jiang Li flew out of YS01.

In the air.

Jiang Li was covered in armor. The black armor didn't reflect any light at all, as if it had swallowed all the light.

Purple flames spurted out from under his feet.

“His Majesty?”

“What is this?”

“This Suan ni, this Suan ni”

They were dumbfounded!

Everyone was dumbfounded. They looked at the figure floating in the air and the strange armor on Jiang Li.

“Is it really His Majesty?”

” what is that? ” hong tianqi's eyes widened.

“Minister Hong,”

thank you. Jiang Li looked down at Hong Tianqi who was kneeling in front of the Army and smiled. go back and wait in the imperial capital for the news of my return.

the great Qian dynasty is indeed very strong, and I know it very well. I even know that King Qian has broken through to perfected stage four, and the king of the

Council is not only a martial artist at early-stage stage level four, but also a third-grade array master.

in just half a month, the great Qian dynasty has recruited new soldiers and rebuilt an Army of Two million soldiers. Although they are all new soldiers, they are still a force to be reckoned with.

“but!”

Jiang Li said in a serious tone, ” my great Xia Dynasty is stronger, my Army is stronger, and the power I have is enough to occupy the great Qian dynasty!

“Whoosh!!!”

As soon as he finished speaking.

Jiang Li raised his right hand. Dense purple energy gathered in his palm. He had used up ten thousand energy points.

This was the limit of the ‘ruler’s armor’.

The energy cannon fired!

“BOOM!”

In that instant.

A purple light beam shot out of Jiang Li’s palm and landed on a mountain in the distance under the gaze of countless people.

The purple ball of light exploded and light shot out in all directions. Vast energy swept in all directions and the ground trembled slightly. A series of rumbles could be heard.

Finally.

the aftermath was calm.

The tall mountain in the distance was flattened by Jiang Li.

In the surroundings.

There was complete silence.

“All troops, move to the target! Destroy the great gan Lord dynasty!”

Jiang Li waved his hand. His power was unstoppable.

Chapter 262 The arrival

In the surroundings.

Hu Dong, Xu Ya, Wu Zong, pang kui, Chang pingwang, the human soldiers standing on the city walls, and the commoners in the imperial capital.

Everyone present.

All of them stared at the mountain that had been razed to the ground with their mouths agape. Dust and dirt filled the sky, like a huge mushroom cloud.

“Rumble!”

next to his ear.

It was a continuous rumbling sound.

Pang kui's eyes widened and he exclaimed, "What technique did Your Majesty just use? This kind of destructive power is truly too shocking."

"Yueyue, I also want to know!"

Hu Dong swallowed his saliva and said with a trembling voice, "if he gets hit, I'm afraid he won't even have a corpse left."

"Si si si ..."

Everyone sucked in a cold breath.

"He's indeed too strong."

Wu Zong recovered from his shock, "I have to say, the power of Your Majesty's move was too strong. It destroyed a mountain."

"What's going on? Isn't His Majesty only at the early stage of the second rank?"

Chang pingwang's voice was filled with doubt.

"....."

Hong Tianqi was also stunned. He was so shocked that he couldn't speak.

shua!

The next moment.

Ynjs01's figure flashed like a black stream of light. Before Hong Tianqi could react, he had been taken away by ynjs01.

“This bi an ...”

By the time Hong Tianqi realized what was going on, he had already been taken to the side of the road by ynjs01.

“Rumble!”

Without Hong Tianqi blocking the way, Jiang Li’s mech fleet set off again. The engine was extremely loud, like the roar of a beast and the sound of thunder.

It was deafening.

The huge mech fleet was like a long, winding Dragon. It brought up dust and smoke as it passed by Hong Tianqi.

“Your Majesty!”

hong tianqi opened his mouth, but he could only watch the mech fleet go away.

On the other side.

Roughly ten thousand meters away from the imperial capital of the Grand Xia.

A figure appeared.

He looked closer.

he was ‘yin shiyi’, who was sent by prince wei to investigate jiang li.

the power of Jiang Li’s attack just now is definitely at the perfected stage of level three. It’s also a wide-range attack. Jiang Li’s strength isn’t as weak as the rumors say.

Yin Shiyi had come from the Wei dynasty, crossed the border of the Qian dynasty, and arrived in the Xia dynasty. He had seen this with his own eyes before he had even entered the imperial capital of the Xia dynasty.

“There’s more,”

” Jiang Li has sent out his army to fight the Qian dynasty, ” Yin Shiyi said. ” How dare he do that? I wonder what he’s relying on. ”

” If the Qian dynasty could be conquered so easily, it wouldn’t have existed for hundreds of years. I’m afraid Jiang Li has made a bad move this time. ”

Thinking of this ...

Yin Shiyi took out the Tianji carrier pigeon from his inner pocket, wrote the message on a piece of paper, and tied it to the talon of the carrier pigeon.

“Go on.”

Yin Shiyi threw out the Tianji carrier pigeon with both hands. It flew straight into the sky like a white bolt of lightning, flying in the direction of the Wei dynasty, and disappeared in the sky in the blink of an eye.

“Let’s follow and take a look.”

Shua!

Yin Shiyi disappeared and quietly followed behind Jiang Li’s mech troop.

Shua! “whoosh!”

In the sky.

There were a few ‘demon sparrows’ and ‘wild Eagles’ flying in the air. Their eyes were rolling around, looking down at Jiang Li’s mech troop.

Then, they all flew away.

It was very fast.

Obviously.

Since Jiang Li had established the Xia Dynasty and made it onto the young dragon List, the black snake barbarian kingdom and the red eyebrow Empire naturally had their eyes on the Xia Dynasty.

...

Inside YS01.

Buzzzzzz!

QX01 launched a holographic projection. In the holographic projection, the ‘demon Sparrow’ and ‘Savage Eagle’ were clearly captured.

QX01’s holographic camera floated in the air and followed the mech fleet, providing reconnaissance and surveillance.

in other words ...

The ‘demon Sparrow’ and ‘Wild Eagle’ from the black serpent barbarian kingdom and the red eyebrow Empire couldn’t hide anything from Jiang Li. All their actions were under Jiang Li’s control.

my Lord, from the direction these demon sparrows and Savage Eagles are flying, they should be from the red-browed and black-snake kingdoms. However, these demon sparrows aren’t flying in the direction of the red-browed Kingdom.

QX01 zoomed in on the image.

“Oh.”

Jiang Li looked around and said, ” this direction should be the direction of the ‘panicking demon dynasty’. It seems like there’s another enemy.

“and this white messenger pigeon.”

...

QX01 adjusted the camera’s direction and captured the Tianji carrier pigeon. this carrier pigeon is heading toward the South of the great Qian dynasty.

“the south.”

Jiang Li thought, the Wei Dynasty? The Wei Dynasty also sent people over?”

“What a fast speed.”

Yin Shiyi followed closely behind Jiang Li’s Army. He was a little shocked. at this speed, Jiang Li’s Army will arrive at the capital of da Qian by tonight at most.

Shua!

At this moment.

Ynjs01 came to Jiang Li’s side.

“chief sovereign.”

Ynjs01 reported to Jiang Li, ” “I just sensed someone following our Army.”

“Tail?”

where is it? ” Jiang Li asked.

“The southwest direction behind us.”

Ynjs01 said.

QX01, immediately use the holographic camera to investigate the southwest direction.

go! Jiang Li ordered.

“Yes.”

Buzzzzzz!

A white light flashed on QX01’s body as he activated his skill. The holographic camera began to operate at high load, and the holographic image changed like an infrared scan.

A few minutes later.

In the image.

A red human-shaped pattern appeared.

“Chief sovereign, I’ve found it.”

QX01 said.

Shua!

The holographic image returned to normal. The camera zoomed in and captured Yin Shiyi's figure. The shadow-like black figure came into Jiang Li's sight.

"Hegemon, he's a human."

Ynjs01 said.

"He is indeed a human."

"okay." jiang li nodded and sized up yin shiyi. he was considering whether to kill him or not while trying to guess his identity and background.

"What?"

At this moment.

Yin Shiyi frowned slightly. He had a faint feeling that he was being spied on, but after looking around, he couldn't find anything. He muttered to himself, "Could it be my illusion?"

the White messenger pigeon that QX01 discovered was probably released by this person.

jiang li thought to himself.

ynjs01, go and capture him.

go! Jiang Li ordered.

"Yes."

Ynjs01 nodded.

Shua!

Immediately.

In a flash, ynjs01 left his original spot and ran at full speed toward Yin Shiyi's position.

“That's not right.”

Yin Shiyi suddenly stopped. this feeling of being spied on is definitely not an illusion for no reason. Have I been discovered by Jiang Li? ”

Thinking of this ...

yin shiyi looked at the huge convoy in front of him, his eyes full of disbelief.

immediately after.

Yin Shiyi raised his head and immediately looked up at the sky. With his eyesight, he naturally found the 'holographic camera' floating in the air.

“What is this?”

Yin Shiyi was stunned for a moment. The feeling of being spied on grew stronger.

“Let's go!”

Shua!

He did not hesitate for too long.

Yin Shiyi decisively gave up the idea of following Jiang Li's Army. He left quickly, running his genuine Qi at full speed.

BOOM!

Ynjs01 had just arrived and descended from the sky, leaving a huge pit in the ground. Mechanical psionic energy flickered around its body.

“He’s gone.”

ynjs01 was looking around.

“Si si si ...”

Yin Shiyi had already left. When he heard the commotion, he turned around and couldn’t help but gasp. He said in shock, ” ” what a guy. the strength of his aura is definitely at the level of a stage four national guardian. he’s even considered strong among the stage four beings. ”

“It’s a good thing I found out in time. If I had run a little later, I’m afraid I would have died here today.”

“Let’s go!”

“This guy ran away pretty quickly.”

Jiang Li looked at the holographic projection. ynjs01, come back. Stop chasing.

“Yes.”

Ynjs01 nodded and turned to retreat, returning to the fleet.

“Hu ~~ Hu ~ Hu ~”

Yin Shiyi heaved a sigh of relief and sped up, rushing back to the Wei Dynasty at full speed.

Shua!

the holographic projection screen turned off.

Full speed March.

Time passed.

Jiang Li's mech troop passed by Prince Jin County and fallen Phoenix County. It was smooth all the way and they arrived at the border of the Royal Guard County of the great Qian dynasty before evening.

Half an hour later.

Jiang Li entered the Royal Guard County.

In reality.

Before Jiang Li entered the territory of the Royal Guard County, the county had already received the news. After all, it was impossible for such a huge Army to not be discovered.

Of course.

Jiang Li didn't care about that.

The capital of the Royal Guard County.

In the Junwang Manor.

“Has the news been sent to His Majesty, King Qian?”

The king of the Royal Guard County, Qian Ling, asked in a deep voice, ” “Also, have all the soldiers in the eight cities of the Royal Guard province been gathered?”

” reporting to the regional king, the news has already been sent to the capital by ‘carrier pigeons’. i think his majesty king qian has already received the news. the troops from the eight cities will arrive at the regional city in half an hour. ”

Qian Ling’s subordinate replied.

“Very good,” he said.

Qian Ling stood up and nodded in satisfaction. in half an hour, when all the troops in the Royal Guard County have gathered and formed the Royal Guard County Army, we will head to the capital and meet up with His Majesty King Qian.

I’d like to see how Jiang Li will die!

” how dare a newly-established dynasty attack the qian dynasty? they don’t know their place. if the royal guard county didn’t suffer heavy losses in the last war, they would’ve killed jiang li. he wouldn’t have to retreat to the capital. ”

“You’re right, Qianling Commandery Prince,”

“But we still need to be more composed. After all, our Royal protector County truly did lose many soldiers in the last battle, causing our strength to fall greatly.”

“.....”

Qian Ling’s subordinates all said one after another.

Time passed by quickly.

In the blink of an eye, half an hour had passed.

The Royal Guard County.

BOOM! BOOM! BOOM!

The ground was shaking.

The eight armies that had come from the eight cities of the Royal protector County had already arrived. They were gathered in the city, and each Army had around thirty thousand soldiers.

One had to know.

This was even after the losses in the last battle. Otherwise, each city would have been able to gather at least fifty thousand soldiers.

Chapter 263 The invasion

At this moment.

around ten li away from the royal protector county's capital.

“Rumble!”

He looked closer.

It was Jiang Li's mech troop.

they had already arrived.

“Chief sovereign.”

Shua!

QX01 immediately turned on the holographic projection and captured the scene of the Royal Guard County in the distance. It was clearly displayed in front of Jiang Li.

“Up ahead is the capital of the Royal Guard County.”

QX01 said.

“Yes.”

Jiang Li looked at the holographic projection and clearly saw the situation in the city. There were eight troops gathered outside the city, each with more than 30000 soldiers.

In total, there were more than 240000.

At the same time.

Within the county.

There was also the prefecture Army.

The number had reached more than 200000.

An Army of nearly 500000.

Obviously.

This was the entire strength of the Royal Guard County.

“No wonder the Army has passed by so many cities without being stopped. They’ve all gathered in the county city of the Royal protector County.”

that’s good, ” Jiang Li said. we can catch them all in one fell swoop.

” set up the artillery position and prepare for long-range artillery. ”

” go! ” jiang li immediately ordered.

“Yes!”

At the back of the convoy.

The artillery’s off-road vehicle stopped, and the mechanical cannon began to confirm the target and determine the trajectory. The mechanical cannoneers adjusted the barrel and then loaded the shell.

The artillery formation began.

the mech factory produced 20000 type 2 artilleries, 20000 at the peak of the type 2 realm, for a total of 40000.

It could be seen.

When the artillery position was set up, the square position came into view, occupying a large open space. There were cannons with thick barrels and dark muzzles.

Looking from afar, there was a wave of might that hit one’s face.

It was too shocking.

At this moment.

within the royal protector county.

On the city wall.

qian ling had already put on his full-body armor, and there were a few adjutants and subordinates standing beside him. there were nearly 500000 soldiers under the city wall.

The city Lords of the eight cities of the Royal protector Commandery.

I just received news that the Xia Emperor, Jiang Li, has gathered the Xia Army today and is going to invade the territory of the great Qian dynasty.

qian ling looked around at the crowd, sneered, and shouted, ” “the grand xia dynasty? hehe, i’m afraid that many of you have not heard of this empire, right?”

you’re right. The great Xia Dynasty is a Kingdom that has been established for less than half a month. Its territory only covers 15 counties.

weak but bold. He doesn’t know the immensity of heaven and earth. How dare he invade the great Qian dynasty? he’s courting death.

I think that Emperor Xia Jiang Li thinks that the Qian dynasty has lost a lot of power after the last rebellion and war. He thinks that he has a chance.

“Ridiculous.”

that’s right. If it wasn’t for the last battle, our Royal Guard Commandery’s Army alone would be enough to destroy Jiang Li’s Army.

“This is not arrogance, but the truth.”

” in order to obtain victory in this war, we will retreat to the capital of great qian and gather with the troops of the other counties. under the leadership of king qian, we will annihilate the great xia army! ”

“Jiang Li will never return!”

“annihilate the great xia army!”

Qian Ling raised the long spear in his hand and shouted.

“Annihilate the great Xia Army!”

annihilate the great Xia Army!!

...

let them come here and never return!!!

The next moment.

All the soldiers were shouting in unison. Their voices were like waves, and each wave was higher than the previous. Their momentum was like a rainbow, and their morale was extremely high.

“Alright!”

good! Qian Ling nodded in satisfaction and shouted, ” all troops, set off!

At this moment.

fire! Jiang Li waved his hand and ordered, ” fire!

BOOM! BOOM! BOOM!

in that instant.

The sight of 40000 cannons firing at the same time was simply indescribable. The cannons were lined up in a row, forming a huge artillery formation.

The smell of smoke filled the air.

...

In the sky.

Forty thousand cannonballs blotted out the sky, leaving behind countless trails of flame as they streaked through the air. In an instant, they landed in the capital of the Royal protector County.

“!!!”

“In the heavens.”

what’s that?!

be careful!

“Rumble!”

It exploded.

Forty thousand cannonballs landed in the capital of the Royal protector County and exploded. The walls, houses, and buildings were destroyed.

He looked around.

His entire line of sight was filled with the explosion of the Cannonball.

“Ah!”

Pfft! Pfft! “Pfft!”

Miserable!

It was extremely miserable!

Nearly 500,000 soldiers gathered together. Since they couldn’t set up a battle formation, they were caught off guard by Jiang Li. Countless soldiers were killed by the shells.

Screams rang out continuously, as dismembered limbs and bodies flew everywhere, while their armors were destroyed. One by one, the soldiers were sent flying.

heavy casualties.

the forty thousand cannonballs had almost razed a large area of the capital to the ground, turning it into ruins. the ground was covered in holes and charred black.

Smoke filled the air.

There was even a burnt smell of roasted meat.

“BOOM!”

Of course.

There were also stage two experts in the Royal Guard County. They were strong and used their elemental inner force to block the explosive cannonballs.

After the explosion.

Qian Ling was already dumbfounded.

a hundred thousand!

It was only one round of cannon fire!

The 40,000 artillery shells had directly killed nearly 100000 soldiers!

Buzzzzzz! “Whoosh!!!”

Light spots flew over and many notifications appeared in front of Jiang Li’s eyes. He had successfully captured soul Tinders and 99% of them were level-one soul Tinders.

set up the formation!!!

“hurry!”

“Enemy attack! It’s an enemy!”

“!!”

The eight city Lords immediately reacted and shouted loudly.

“Roar!”

The gathering of the military killing intent and the shaking of the natural energy caused the remaining 300000 soldiers to suffer some injuries.

At this moment.

The Army formation was activated.

The three Grade 2 battle formations were set up successfully.

There were roars from the beasts in the Army.

“Grade 2 army formation.”

jiang li smiled and waved his hand. ” “Lt01, QBZ01, stage three undead puppet, break these battle formations.”

“Yes!”

Shua! Shua!

and qbz01 charged at full speed towards the city.

“Roar!”

Ynjs01 controlled a few type 3 undead puppets to follow Lt01 and QBZ01 as they charged towards the capital.

It was very fast.

“My King, where is the enemy?”

“a hundred thousand! We’ve lost a hundred thousand soldiers!”

“I can’t believe it!”

“What was that attack just now?”

“This is too terrifying!”

“.....”

the eight city lords, the commanders, and qian ling's subordinates all had looks of fear on their faces. they had yet to recover from the fear they had just experienced.

“Jiang Li!”

Qian Ling stood on the city wall. He finally saw Jiang Li's Army ten miles away. His face darkened. Then, he saw several figures charging at him at a high speed.

“What? Jiang Li?”

the enemy is Jiang Li's Army? ”

“This bi an ...”

how did Jiang Li's Army arrive so quickly? ”

“So the rumors are true? Jiang Li's Army is very special. They have special war weapons and are extremely destructive!”

“What should we do now?”

“Think of a way to escape.”

The city Lords were panicking.

Obviously.

Jiang Li's 40000 mechanical artilleries destroyed the confidence of the castellans and killed 100000 soldiers.

It was simply terrifying.

BOOM! BOOM!

the t01 and qbz01 along with several third order undead puppets had already reached the royal guard county city. they were going to use their full strength to break the army formation.

“stop them!”

qian ling’s eyes widened as he roared loudly.

Shua!

As soon as he finished speaking.

Qian Ling jumped down from the city wall and rushed toward . The long spear in his hand was thrust out like a flood Dragon sticking its head out, aiming at the head of .

“roar!”

Li Wuye’s walking corpse puppet rushed over and directly hit Qian Ling.

There was a loud ‘boom’.

The two sides collided, and Qian Ling felt a terrifying force coming from the spear in his hand, making him almost unable to hold the spear.

Roar! Roar!

Immediately after.

The Crown Prince, the black and white elders, and the other stage three undead puppets joined forces and attacked Qian Ling. Qian Ling was directly at a disadvantage and was no match for them.

Shua! Shua!

very quickly.

Qian Ling's subordinates rushed up and helped him from the side, but they were still forced to retreat.

Clang clang clang!

and QBZ01 charged towards the Army, and countless arrows and crossbow bolts shot towards them, but they were all deflected by the two.

It couldn't be blocked!

It simply couldn't be blocked!

the difference was too great.

“Body of lightning!”

Kachaa!

transformed into a purple lightning bolt and pierced forward like a Lightning Spear, destroying a Stage 2 army formation in one move.

The beasts in the battle formation wailed and collapsed.

BOOM!

QBZ01 fired with all his might, destroying yet another stage 2 formation.

“Ah!”

Pfff!

The soldiers screamed and spat out blood. They had suffered a backlash.

BOOM!

Finally.

and QBZ01 worked together to break the last stage 2 formation.

all three battle formations had been broken.

“No!”

Qian Ling’s expression was filled with despair.

“We’re finished! we’re all finished!”

Jiang Li’s Army is too powerful. It’s beyond our imagination!

“How did this happen?”

Everyone was in despair.

artillery, get ready. Fire!

jiang li waved his hand.

BOOM! BOOM! boom!

The 40,000 cannons fired once more, and with a great boom, the cannonballs shot into the air, landing on the city.

There was no grade 2 army formation.

It simply couldn't withstand the bombardment of the artillery.

“Rumble!”

The Royal Guard County.

The flames of the cannonballs soared into the sky. It was a complete one-sided massacre. Every Cannonball that exploded would kill one soldier after another.

Even a stage-two warrior would not be able to hold on for long under the constant bombardment of artillery shells.

Ten minutes later.

The bombardment ended.

“Stop!”

Jiang Li raised his hand.

At this moment.

On the battlefield.

There were almost no living people left. There were wisps of smoke rising, and the air was filled with the smell of burning, blood, and soil.

The collapsed city walls, the broken houses, and the burning wreckage.

Corpses!

He looked around.

The ground was covered with the corpses of soldiers. Few of them were intact, and most of them had been blown into pieces by the bombs.

Chapter 264 scheme

From the beginning to the end of this siege, it took about twenty minutes, not even half an hour.

Jiang Li only sent 40000 meches to carry out long-range bombing and a few perfected-stage level-three meches to end the war.

An Army of nearly 500000 soldiers had been completely annihilated!

One had to know.

The number of soldiers Jiang Li used was less than one-tenth of his total force.

The artillery squad was indeed worthy of the title of 'God of War'.

He had unleashed all of his power.

It formed a crushing pressure.

\* Cough cough \*

On the battlefield, Qian Ling was not dead yet. He knelt on one knee and coughed up blood. He was seriously injured.

All of his subordinates had been killed and turned into corpses, lying not far from him.

In the surroundings.

Several stage three undead puppets surrounded Qian Ling.

Tada tada

The sound of footsteps.

T01 QBZ01 walked over.

“Hehehehehehehe.”

Qian Ling’s body was covered in blood, and his armor had long been broken. Looking at the scene around him, his eyes were about to crack, and his heart was full of grief and indignation.

He laughed bitterly!

Qian Ling laughed miserably!

“I never thought that I, Qian Ling, would die in battle here! I’ll die in battle!”

Qian Ling shouted.

“jiang li!”

Qian Ling raised her head and tried her best to look at the place ten miles away. Then, she used all her strength and shouted out loudly, "his majesty king qian will definitely kill you! He definitely would! The great Xia Army would be annihilated! Great Qian will definitely win!"

"Whoosh!!!"

The next moment.

Qian Ling circulated the genuine Qi in his body, and his body swelled up. Blue veins popped out, and his eyes were so red that they looked like they were going to pop out. He wanted to self-destruct.

"You're thinking too much,"

Shua!

jiang li flew into the air, wearing the 'ordinary dominator armor'. he looked down and raised his left hand. energy was gathering in his palm.

BOOM!

The energy cannon fired.

the purple energy cannon shot through the air as fast as lightning. it crossed the distance of ten miles in an instant and directly hit qian ling.

"!!!"

Qian Ling's eyes opened wide as he stared at the purple energy cannon that was blasting toward him.

It couldn't be avoided.

“BOOM!”

an explosion sounded.

A purple light exploded and spread out in all directions. When the light dissipated, Qian Ling's corpse was gone, and he was directly blown into pieces by the cannon.

There was a huge hole in the ground.

“In this battle of invasion initiated by me, I will definitely win.”

the Royal Guard County is just the beginning, ” Jiang Li said. I'm just starting.

Buzzzzzz!

Suddenly.

In the pit, a pure white light spot suddenly condensed out of thin air and then disappeared. It had been successfully captured.

Shua!

[ acquired a Tier 3 soul Tinder! ]

a notification appeared.

“I'm quite lucky.”

Jiang Li smiled and flew back to the passenger seat of YS01.

artillery position dismissed.

let's go, " Jiang Li ordered, " keep moving forward as fast as possible.

"Yes."

...

Behind them.

The artillery began to disperse and return to the convoy.

"Rumble!"

The mech Army moved forward. From afar, it looked like a giant dragon. It passed by the battlefield of the Royal Guard County.

After that.

they gradually went far away.

Their destination was the capital of da Qian.

Within the Royal protector County.

apart from the 500000 soldiers that jiang li killed, there were also many civilians of great qian. they were hiding in the county city with fear on their faces.

Obviously.

The battle just now had scared them.

...

It was too terrifying.

An Army of nearly five hundred thousand soldiers, the entire force of the Royal protector County, had been exterminated in less than half an hour, leaving corpses strewn all over the ground outside the city.

It was like Asura hell.

A mountain of corpses and a sea of blood.

“He urged them to leave?”

“He didn’t enter the city! They didn’t enter the city!”

“that was really too terrifying.”

the 500000-strong Army led by the Qianling Commandery Prince was slaughtered without any resistance. The destructive power of those weapons that fell from the sky is too shocking.

“The Royal Guard Commandery’s Army has been completely annihilated!”

I feel like the great gan Lord dynasty is going to face the greatest crisis in its history. It might even be destroyed.

“No, it can’t be, right?”

it’s impossible for His Majesty, King Qian, to lose. Moreover, the Lord of the Council is here.

“Did you guys hear that? The sound of their Army marching is like the low roar of an ancient beast.”

“.....”

The people in the Royal Guard County city watched Jiang Li's mech fleet from afar. They talked among themselves and looked scared.

One had to know.

Jiang Li had 40000 transport meches, 40000 artillery soldiers, and 40000 tank meches. In total, he had 40000 large military transport trucks, 40000 artillery off-road vehicles, and 40000 main battle tanks.

in other words ...

When Jiang Li's mech Army started to move forward, 120000 engines would be activated. The sound of so many engines was deafening.

It was indeed like the low roar of an ancient beast.

my Lord, why didn't you enter the city to plunder resources this time? "

Zh01 asked, " on the way, we passed by a few cities of the Royal Guard County. You didn't enter any of them and instead, you traveled at full speed.

"Because I don't have time."

we need time to gather resources, " Jiang Li said. we can't waste any time. We must take the capital as soon as possible and occupy the dynasty.

"And ..."

Jiang Li paused and continued, " as long as I occupy the great gan Lord dynasty, all the resources in the great gan Lord dynasty will belong to me.

most importantly, we have to get rid of King Qian before the armies of the black snake barbarian kingdom and the red eyebrows demon Kingdom react. We have to

take down the capital of the great Qian Empire and devour the fate of the great Qian Empire.

“Only then can we counterattack.”

with my current million-strong Army and a few thousand Stage 3 soldiers, there’s no need to send out more troops for the time being. It’s more than enough.

Obviously.

Jiang Li had it all planned out.

He had deliberately let the red eyebrows Yao Kingdom and the black snake barbarian kingdom receive the news so that they could gather their troops and invade the great Xia Dynasty.

At that time.

After Jiang Li finished King Qian, he would turn around and deal with the armies of the red eyebrow Empire and the black snake Empire.

Jiang Li used himself and the Xia Dynasty as bait so that red eyebrows and Barbarian King would send their troops.

This was the only way.

Only then could Jiang Li kill the monsters and barbarians better and obtain a large number of ‘soul Tinder’.

there are still two level-three Army types that haven’t been unlocked. The mech Navy and mech Air Force types both require level-three soul Tinder.

Soul Fire seed? ” Jiang Li murmured, ” if I don’t find a way to get more Soul Fire Seeds, I don’t know when I can activate these types of soldiers.

Shua!

The Dominator panel opened.

Jiang Li annihilated almost 500000 soldiers of the Royal Guard County and got quite a number of soul Tinders. There were 7930 level-one soul Tinders, 171 level-two soul Tinders, and one level-three soul Tinder.

“Fuse.”

Buzzzzzz!

fuse. Jiang Li activated the Tinder fusion function and fused all the level-one soul Tinders he captured one by one. He fused 793 times in total. He failed 528 times and succeeded 265 times.

He had obtained 265 level-two soul Tinders.

“Continue.”

Shua!

The fusion interface popped up.

Jiang Li then fused all the level-two soul Tinders. He did it 44 times in total. He failed 34 times and succeeded 10 times.

He had obtained ten level-three soul Tinders.

The night came.

the capital of da qian.

BOOM! BOOM! BOOM!

The ground shook.

from all directions, troops of soldiers rushed over. most of these troops came from the county cities that guarded the capital. the weilong county army, baoping county army, eagle guard army, and xiong county army.

Other than that.

There were also the armies of the various counties.

Obviously.

The great qian dynasty had gathered all the military forces in the country.

However ...

Because of the last rebellion and the war between the great Qian dynasty and the half-monster Alliance, they had lost a large number of soldiers. This time, only two million soldiers were gathered.

Plus ...

the 100,000 soldiers of the imperial army, less than a million soldiers of the dynasty, and about two million new soldiers added up to a total of nearly five million soldiers.

Of course.

The two million new recruits didn't have any combat power at all. They were completely cannon fodder.

in terms of numbers, the great qian dynasty's army was 500 of jiang li's.

But in terms of quality.

Jiang Li's mech Army of a million far surpassed them.

One had to know.

Jiang Li's level-three meches had reached more than three thousand.

QX03, contact the Lord immediately.

MYL01 could clearly see the troops from the various counties entering the capital from the four gates of the capital.

It was because of the formation set up by the king of Council and the power of the National aura true dragon.

The entire da Qian capital was covered in a layer of faint golden light, causing the holographic camera QX03 to be unable to get close and capture the situation inside the capital.

“Yes.”

QX03 nodded.

Immediately.

The communication was connected.

“My Lord!”

MYL01 and QX03 saluted Jiang Li.

“Yes.”

Jiang Li was sitting in the passenger seat of YS01. He had already left the Royal Guard County and was on his way to the capital of da Qian. He would arrive soon.

“Report the situation.”

Jiang Li said.

“Yes.”

myl01 immediately said,”my lord, just a while ago, the troops of the various counties of the great qian dynasty have arrived at the capital and have already gathered in the capital ..”

“What’s the exact number?”

Jiang Li asked.

“More than two million.”

MYL01 replied.

“Two million,”

not bad. Jiang Li muttered, ” there are quite a lot of them. The great Qian dynasty can gather nearly five million soldiers. This time, they have gathered the strength of the entire country.

the communication ended.

Jiang Li asked MYL01 and QX03 to stay outside the capital and wait for the mech Army.

Half an hour later.

“Chief sovereign.”

QX02 reported to Jiang Li, ” “We can already see the imperial capital of the great Qian.”

Shua!

The holographic projection screen unfolded.

The clear holographic image of the capital of da Qian came into Jiang Li’s eyes. It was a little far away, so he could only get a rough picture.

It was a magnificent city with thick and wide city walls that were twenty meters tall.

On the city wall.

A large number of soldiers had formed a patrol team, patrolling around the clock. The entire capital was shrouded in a faint golden light.

In the sky above the capital.

It was a vast golden formation diagram. The formation patterns interwove together to form formation runes. In the middle of the formation diagram was a square with a circular formation pattern on the outside.

Chapter 265 The battle begins

“It is indeed a Grand formation.”

Jiang Li sighed, " Luo Yilin's formation is nothing compared to the king of counsel's. They're not on the same level at all.

One had to know.

A stage-three battle formation was enough to block a stage-three attack. It could defend against the bombardment of Jiang Li's artillery and greatly reduce the threat of the artillery.

A Grade 3 formation might not be as good as a military formation, but it would not be too bad.

"Let's continue."

Jiang Li said.

The mech Army stopped after ten miles.

Shua!

At this moment.

MYL01 and QX03 had returned.

"Chief sovereign."

MYL01 saluted Jiang Li.

"Yes."

okay. Jiang Li nodded and said, " stay with me for now with ynjs01. I'll give you an order when I need you.

“Yes.”

MYL01 nodded.

set up the artillery position.

get off! Jiang Li shouted. all meches, get ready for battle.

“Yes.”

“Rumble!”

The mech artilleries started to operate. They formed up in the empty space behind the mech Army and set up the artilleries as quickly as possible.

Kachaa!

The door of the large military transport truck opened.

Ta ta ta da

Dense footsteps.

Meches walked out of the trucks and formed into mech legions. There were millions of meches.

They all gathered around Jiang Li.

he looked around.

They were almost in uniform, lined up in neat rows, and fully equipped.

Among them.

The meches produced by the mech factory and the meches made from energy points were divided into two groups.

Furthermore ...

The cold weapon meches only had alloy daggers and the firearm meches only had two guns.

All the mech units were in the early stages.

The night had arrived.

the night was dark.

dark clouds covered the moon and the stars. in such a dark environment, the guards and patrols in the capital couldn't find jiang li's mech army even from ten miles away.

At this moment.

In the capital of da Qian.

in the palace.

“Roar!”

In the air.

The thousand-meter long three-clawed Golden Dragon sat cross-legged, and an invisible National aura spread out, echoing with the formation set up by the king of Parliament, thus forming a light curtain that covered the entire capital.

In the main hall.

king qian sat on the golden dragon throne. he was dressed in a golden dragon robe. he had a majestic look on his face, and his aura was extremely powerful. he had just broken through to the perfected stage of stage four not long ago, so his aura was even stronger.

Below.

They were Wang Shangqing, Gongsun Zhi, Wei Min, the second-rank prince of Weilong County, Bai yingwang, He Ping, the second-rank prince of Baoping County, and yang peili, the second-rank prince of Xiong County.

Other than that.

There were also the other 21 County Kings.

Of course.

There were also thirty-six inspectors and all the civil and military officials.

There were hundreds of people.

...

They were all gathered in the hall.

“Your subjects pay their respects to Your Majesty!”

The 25 regional Kings bowed to King Qian at the same time and said in unison, ”  
“We are late to escort you, please forgive us, Your Majesty!”

“i’m not late.”

king qian's gaze swept across the various regional kings as he said indifferently, ”  
“It's just right,”

“Why don't I see Qian Ling?”

King Qian asked.

“This bi an ...”

The people below looked at each other and then shook their heads.

They were not sure.

not long ago, Qian Ling sent a letter to me. It said that the Xia Emperor, Jiang Li, is leading the Xia Army and is approaching the capital at the fastest speed.

...

“He's gathering the Royal Guard County's Army. They'll arrive in the capital Tonight,” King Qian said slowly.

“This bi an ...”

“Your Majesty, could it be a delay on the road?”

does that mean Jiang Li's Army is about to arrive at the capital? ”

“.....”

All the regional Kings said one after another.

“Dear Ministers, do you think our great gan Lord dynasty will lose this time?”

King Qian stood up slowly and asked in a calm tone.

“Your Majesty, you must be joking.”

The White Eagle laughed. the great Xia Dynasty has only been established for less than half a month. It is a new dynasty with weak national power. If not for the fact that His Majesty is in seclusion and has delayed the time, he would have led the great Qian Army to destroy the great Xia Dynasty.

“Bai Junwang is right.”

Wei Yong nodded. furthermore, Your Majesty has already broken through to the perfected stage of Tier 4. With the power of the National aura true dragon, no one in the great Xia Dynasty is your match. Once you make a move, you can directly determine the situation on the battlefield.

a mere great Xia Dynasty actually dares to gather their Army and attack our capital. They are simply daydreaming and have no idea of death.

He Ping shouted.

“That’s right, that’s right,”

“How can we lose?”

“That’s impossible!”

“we now have close to five million soldiers!”

“I’ll make sure Jiang Li can’t return!”

“The great Qian dynasty will definitely win!”

“We will definitely win!”

Immediately.

All the county Kings, inspectors, civil officials, and generals had their fighting spirit roused. They all berated loudly and their tone was extremely high.

“.....”

Wang Shangqing and Gongsun Zhi's expressions were grave.

Because ...

Not long ago.

King Qian had just come out of his closed-door cultivation and had broken through to the perfected stage of Tier 4. They had thought that King Qian could be said to be invincible with his current cultivation base.

However ...

However, another expert who was also at the perfected stage of Tier 4 had sneaked into the palace and was discovered by King Qian. A short confrontation and battle had taken place.

The result was beyond Wang Shangqing's expectations.

King Qian had failed to make the other party stay and they were almost evenly matched. The king of the Council had tried to make the other party's 'things' stay but failed in the end.

After this incident.

Jiang Li immediately sent the Xia Army to invade the great Qian dynasty.

To tell the truth.

It was hard for Wang Shangqing and the rest not to link these two events together.

In other words ...

The perfected-stage level four who sneaked into the palace was probably related to Jiang Li. If that was the case, the situation would be bad.

“good! Good!”

BOOM!

King Qian laughed heartily as his true energy surged. The might of a perfected stage four martial artist spread out, and a golden glow appeared. A Golden Dragon-shaped light flashed in his eyes. well said!

Jiang Li, the Xia Dynasty, a new dynasty that has been established for less than half a month, wants to invade my great gan dynasty? ”

“Ignorant thing!” King Qian shouted.

“Today, I’ll personally lead you, great Qian’s Army, and 100000 Imperial Guards to destroy great Xia’s Army. I’ll let Jiang Li experience what despair is! What was fear? What do you mean by overestimating your own ability?”

“Yes!”

“long live your majesty!”

“Your Majesty is invincible!”

“We will follow your Majesty’s footsteps closely!”

“Annihilate the great Xia Army!”

In the main hall.

The crowd shouted in unison.

King Qian’s expression was calm as if victory was already in his hands. He was like the stabilizing force of the great Qian dynasty. It was as if the great Qian dynasty would never fall as long as he was around.

It also gave the various county Kings, inspectors, civil and military officials incomparable confidence.

However ...

However, King Qian was not as calm and confident as he appeared on the surface. Instead, he was a little worried.

However ...

He could not reveal any of his emotions because it would affect the morale of the soldiers. The war had not even started yet, and if King Qian showed any signs of fear in front of the officials, they would not be able to fight the war anymore.

so,

No matter how worried King Qian was, he could not reveal it at all.

“Jiang Li!”

King Qian muttered to himself, “I really didn’t expect that the gang leader of a small third-rate gang would grow to such a level. He’s now in control of a country and has become the real king.

“Now, you are even more determined to attack me.”

“Hu ~~ Hu ~ Hu ~”

King Qian took a deep breath. if I had known this would happen, I would have focused my energy on killing you while you were still in the cradle. I can't believe I made such a low-level mistake.

“Is it because of the many years of pampering that I have lost my vigilance?”

“However, Yingluo”

King Qian's heart stopped for a moment. He looked to the South and said, "I'm afraid it won't be easy for you to take down my great Qian dynasty.

“The Prince of Wei should have received my message by now.”

Shua!

A purple ray of light shot through the air from outside the palace.

In an instant.

In the next instant, he appeared before King Qian.

It was the king of the Council.

“Brother Wang.”

“What's the rush?” King Qian asked.

” your majesty, jiang li's army has arrived. they're just ten miles away from the capital. they're getting into formation and are about to attack. ”

The king of Parliament raised his head, his eyes filled with surprise.

“The great Xia Army has already arrived at the city.”

“Your Majesty, what do we do now?”

“Should we go out of the city and fight?”

“Your Majesty, I’m willing to be the vanguard!”

“.....”

The people in the hall shouted.

“He came so quickly.”

Qian Ling? ” King Qian’s pupils constricted. Jiang Li’s Army is here, but Qian Ling isn’t. It seems that the Royal Guard County has fallen into Jiang Li’s hands.

“all ministers, hear my order.”

king qian shouted.

“your subject is here!”

The next moment.

Within the palace.

Hundreds of people knelt down in unison, their voices were the same.

“Immediately gather all the troops and set up a formation to defend the city walls. After that, use all your strength to attack the great Xia Army. You can use any means.”

King Qian ordered.

“Yes.”

“Yes, sir!”

“We accept your orders!”

Everyone stood up.

At this moment.

Ten li away from the capital of da Qian.

Jiang Li’s artillery formation had been set up.

Furthermore ...

the scouts and cannoneers had already locked onto the target and confirmed the trajectory. they adjusted the lock on the barrel and aimed it at the capital.

“Fire the cannons!”

Jiang Li waved his hand.

BOOM! boom! boom!

It was the same scene.

the 40,000 cannons fired their cannonballs, and the cannonballs flew into the sky, leaving trails of flames behind them. it was extremely beautiful.

The explosion was headed towards the capital of da Qian.

“Enemy attack!”

“In the sky! The enemy’s attack is coming from the sky!”

“Stop them!”

“Fire the arrows! hurry up!”

On the city wall.

the patrolling soldiers were all alarmed. at the same time, the various commanders quickly calmed down and immediately gave the order.

whoosh! Whoosh! Whoosh!

The giant crossbows fired, and bolts pierced through the air, as if tearing through the air. Because the cannonballs were too dense, the giant crossbow bolts hit many of them.

BOOM! BOOM!

The cannonballs that were hit exploded in the air ahead of time.

but ...

there were too many cannonballs, and the soldiers on the city wall were in a hurry to meet the enemy. they only destroyed about ten thousand cannonballs, and the remaining thirty thousand cannonballs fell on the capital.

Chapter 266 cannon fodder

shua! Shua! Shua!

On the city wall.

Many figures rose into the air as fast as lightning and took out their weapons. They were the stage two generals of the great gan Lord dynasty.

slash!!!

Wuwuwuwuwu!

the internal strength in their bodies surged, and the stage two generals slashed out internal strength blade lights. they flashed with light and slashed across the sky like sword shadows.

Bang Bang Bang Bang!

One by one, the cannonballs were split in half by the internal force blade glow and exploded in the air, creating a vast shock wave that sent the Stage 2 generals flying.

“Roar!”

The next moment.

dragon roar! Jiang Li heard the Dragon roar. It was like countless thunderclaps that shook the sky. The golden light screen that covered the entire capital lit up.

BOOM! BOOM! boom!

Then, all the remaining cannonballs landed and bombarded the Golden array light screen. An ear-splitting explosion sounded, and the sky was filled with dazzling flames.

“it was blocked.”

Jiang Li looked at them calmly. He wasn't surprised at all.

Obviously.

it's impossible to cause much damage to King Da Qian with only 40000 cannons. Jiang Li also knew that it was just a test attack.

“Continue firing.”

Jiang Li waved his hand.

BOOM! BOOM! BOOM!

the 40,000 cannons loaded their shells and fired again. the shells flew into the sky in a parabola and fell towards the capital.

“Enemy attack!”

“Quickly get on the city wall!”

“Hurry up!”

“Prepare for battle!”

“.....”

Ta ta ta da

Extremely dense footsteps.

A large number of great gan dynasty soldiers rushed over from all directions and charged onto the city walls. They placed their giant crossbows on the city walls.

“Whoosh!”

It formed a rain of arrows.

High up in the sky.

A large number of cannonballs were shot down by the crossbow bolts and exploded in the air. The remaining cannonballs were blocked by the formation.

There were almost no casualties.

“The enemy is ten miles ahead.”

“The distance is too far.”

“It’s out of the range of bows and crossbows.”

“Damn it!”

“What kind of weapon did the enemy use? Why is the shooting range so far?”

“What do we do? Are we just going to be beaten up?”

what’s there to be afraid of? with Lord King of the Council’s third-tier formation and the protection of the true dragon, the enemy’s long-range attacks can’t hurt us at all!

On the city wall.

The generals shouted one after another.

At the same time.

They also found traces of Jiang Li's Army.

however, without orders, they could not go out of the city and attack.

Da Qian Imperial Palace.

King Qian, the king of the Council, the various regional Kings, the inspectors, the civil and military officials all came out of the palace after hearing the commotion outside.

He raised his head.

They saw cannonballs falling from the sky and landing on the light screen of the array formation. They then exploded, forming a sky full of flames and shock waves.

the king of the Council is getting better and better at formations. Such a huge level-three formation covered the entire capital and blocked Jiang Li's long-range attack.

” jiang li's long-range attacks are all at level two. ”

“He can't be underestimated.”

...

The crowd was in a heated discussion.

Jiang Li looked at the golden light screen that covered the capital of da Qian and frowned. “with this formation, the power of the artillery can’t be exerted at all.”

“MYL01.”

let’s go, ” Jiang Li said. destroy this formation.

“Yes.”

MYL01 nodded.

Shua!

As he cast the illusionary skill, MYL01 turned into a ghost-like state and flew into the sky, flying toward the capital of da Qian at his fastest speed.

The MYL01 arrived at the 10-mile distance in the blink of an eye.

After that.

MYL01 stood in the sky and looked down at the capital of da Qian.

...

“whoosh!!!”

“Psionic mastery, Soul Control, demon spirit domain.”

MYL01 used several skills at the same time, and his body flashed with the light of skills. A vast amount of mechanical psionic energy and soul black gas spread out.

It fused into demon spirit energy.

His entire body.

A pitch-black Radiance shone.

The demon spirit domain expanded, and MYL01 was like a Black Sun that devoured all light, hanging high in the sky above the capital of da Qian.

A terrifying aura suppressed the surroundings.

“Then what’s a Kasaya?”

“Si si si ...”

“A Black Sun?”

On the city wall.

The soldiers of the great gan Lord dynasty looked up and felt the shadow of death looming over them. It was as if their blood had stopped flowing.

“It’s Yingluo, it’s him!”

Wang Shangqing’s eyes widened. a foreign expert who sneaked into the palace not long ago!

“Not good!”

Gongsun Zhi was shocked. he’s trying to break Lord King’s array!

“!!!”

The king of the Council’s pupils contracted.

“don’t even think about it!”

King Qian raised his head, and his eyes shone with a golden light. A Dragon-shaped golden light flashed as he soared into the air and charged toward MYL01 like a golden beam.

“Heaven Dragon art.”

BOOM!

Dragon subduing palm! King Qian struck out with his palm.

“Roar!”

The sound of a Dragon’s Roar could be heard as the palm was thrown out. True energy gathered and formed a lifelike Golden Dragon-shaped palm force, which was aimed at MYL01.

“Your Majesty! it’s his majesty who has made his move!”

“That’s great!”

“.....”

On the city wall.

All the soldiers and generals looked up at the sky and clearly saw King Qian charging toward MYL01. The Golden Dragon-shaped palm force seemed to have broken through the void.

everyone was extremely excited.

MYL01 also struck out with his palm. Demonic spirit energy condensed and turned into a black palm print as large as a mountain. It descended from the sky.

“BOOM!”

An explosion sounded.

The two palm forces collided and exploded at the same time, forming an energy storm that covered the sky and swept in all directions. The aftermath hit the golden light screen of the formation, causing it to shake continuously.

BOOM! BOOM! BOOM!

In the air.

King Qian and MYL01 were fighting each other. Both of them were almost equal in strength. The Golden true energy and the black demonic spirit energy kept colliding with each other.

It was like a golden stream of light and a black stream of light were constantly colliding in the air. Every collision would shake the surrounding heaven and earth spiritual Qi.

The terrifying shockwaves from the battle spread.

It was extremely shocking.

MYL01 won't be able to take down King Qian in a short period of time.

Jiang Li looked at the battle scene in the sky and said, ” after all, King Qian is a perfected stage rank four and has the blessing of the nation's fate. Although the MYL01 is powerful and is a special troop type, it's still not easy for it to defeat King Qian.

Wang Shangqing, Gongsun Zhi, all the county Kings, inspectors, civil and military officials, immediately lead 4 million soldiers and 100000 Imperial Guards out of the city.

King Qian stood in the air and looked into the distance. He saw Jiang Li's mech Army ten miles away from the capital.

An Army of a million!

furthermore ...

King Qian knew this very well.

Jiang Li's Army was ten miles away from the capital of da Qian. The range of Jiang Li's war weapons was too far. They could attack the capital from ten miles away.

but ...

Although the bows and crossbows of the soldiers of da Qian were powerful, they did not have such a long range.

If they didn't go out of the city to fight.

He could only be beaten up passively.

The most important thing was ...

Although the Golden Dragon array set up by the king of Council could protect the entire capital, it would consume the power of the true dragon of the great Qian dynasty.

This was because the eye of the Golden Dragon magical formation was the true dragon of the nation.

In other words ...

If Jiang Li kept bombarding the Golden Dragon array, it would consume the power of the true dragon of the Qian dynasty. When the true Dragon's power was used up, the Golden Dragon array would break.

“Open the city gates!”

“Kill!”

“Get out of the city and fight!”

attack!!!

“Rumble!”

the huge city gate of the capital of da qian opened.

“we're finally out.”

A smile appeared on Jiang Li's face.

Immediately after.

It was an Army of Two million new soldiers. They were the first to rush out of the city gate, led by the civil and military officials of the great Qian dynasty.

kill!!!

there were two million new recruits. they were numerous, wearing formal armor and holding weapons in their hands. most of the new recruits had some fear on their faces.

but ...

Under the atmosphere of the battlefield, the morale was also raised.

no matter what.

After all, he had been training for more than half a month.

They still had some combat power.

“They’re sending cannon fodder to die?”

Jiang Li looked at the two million new soldiers who rushed out of the city gate first. As far as the eye could see, it was a sea of people, forming a vast Army.

it was quite imposing.

“Set up the formation!”

the civil and military officials led the army of new recruits and gathered the thin military qi and the surrounding spiritual qi to form an army formation.

“Roar!”

Immediately after.

The roars of the beasts in the battle formation sounded.

It conjured a life-like Colossus. It was a black male lion. Its body was huge, like a mountain. It was two hundred meters tall and four hundred meters long.

Grade 2 army formation!

lion formation!

According to common sense.

A million soldiers could form a Grade 3 army formation, but these two million new soldiers could only form a Grade 2 Lion army formation.

From this, one could see how weak they were.

“Laser weapon meches.”

” it’s time to show the great gan dynasty your power. ” jiang li waved his right hand.

“Yes!”

shua! Shua!

A thousand laser weapon meches from the mech factory stood in a row and raised their laser guns.

The muzzles were aimed at the two million new recruits who were charging.

“Fire!”

Buzzzzzz!

whoosh! whoosh! Whoosh!

Laser superpowers gathered, and the muzzles of the two guns lit up with blue light. Then, they pulled the trigger at the same time, and the blue laser beams were like lightning.

the two guns opened fire.

A total of two thousand laser beams shot directly at the charging recruit Army.

“Roar!”

The lion roared and pounced over with its huge body.

“BOOM!”

The blue laser beam shot through the lion. The level two battle formation beast was no match for the level three laser weapon mech.

It was like paper.

It was easily pierced through.

There were many transparent holes that looked like sieves.

a ‘bang’ was heard.

the black lion exploded.

The Army formation was broken.

“Ah!”

arghh! a large number of soldiers screamed as they suffered the backlash. Their hearts were shattered, and they spat out blood as they fell to the ground.

Pfft! Pfft! “Pfft!”

It could be seen.

The remaining power of the laser beam that had pierced through the black Lion continued to spread forward. The soldiers who were in the way of the laser beam were all pierced through.

Chapter 267 intense battle

If one were to look down from the sky.

It could be clearly seen.

A total of two thousand blue laser beams, brilliant and dazzling, pierced through the entire Army of Two million new recruits. No one could block the light beams, and all of them died.

Powerful!

This kind of power was really powerful!

“This bi an ...”

“Rank three! This power! They’re all Tier 3!”

“How is that possible?”

“1000 Stage 3 experts! A total of 1000 Stage 3 experts!”

On the city wall.

All the regional Kings and commanders-in-chief widened their eyes and stared blankly. Their expressions were filled with shock and horror as they turned pale.

Obviously.

They didn't expect Jiang Li to have thousands of stage-three experts.

This power was too strong.

in reality.

The 1,000 laser weapon meches were only part of Jiang Li's power. If they knew this, they would be scared out of their wits.

The Army of recruits was just cannon fodder to test Jiang Li's strength.

The result of the test shocked the king of Parliament.

"A thousand Tier 3 experts!"

King Qian looked at Jiang Li's Army in the distance. There were thousands of stage-three experts in a row. I'm afraid only the top 50 dynasties on the young dragon List have such a force.

how did Jiang Li form such a powerful force in such a short time? "

BOOM!

MYL01 charged at King Qian and unleashed the demon spirit domain. King Qian's body trembled as he roared. The power of the nation's fate protected his body and blocked the suppression of the demon spirit domain.

The two sides fought fiercely again.

"Your Majesty!"

The king of Council and the others looked up, but they could only see the battle.

“There’s no need to panic,”

“So what if there are 1000 Tier 3 experts?” King Qian shouted. It’s only at the early stage of the 3rd rank, as long as we set up a 3rd rank army formation, we’ll be able to kill the enemy with the formation beasts.”

Jiang Li’s Army doesn’t know how to use battle formations. That’s his weakness!

“Kill!”

” attack! ” jiang li waved his hand. ” attack! ”

BOOM! boom! BOOM!

The mech artilleries continued to bombard the recruits, while the main battle tanks moved out and fired their shells. One by one, the tank shells landed among the recruits, killing a large number of soldiers.

The tank’s machine gun fired.

Shua! Shua!

Hundreds of thousands of level one meches entered the battlefield.

A massacre began.

Pfft! Pfft! “Pfft!”

Blood splattered everywhere.

The bodies fell one after another.

“have mercy! Please spare me!”

“I surrender! Surrender!”

“Wuwuwuwu!”

“Don’t kill me, don’t kill me, Yingluo!”

He collapsed.

the army of two million new recruits completely collapsed.

However ...

The meches were ruthless. Without Jiang Li’s order, they would kill the new recruits even if they begged for mercy.

BOOM! BOOM!

At this moment.

the main force of the great gan lord dynasty had finally left the city.

The two million main forces of the various counties marched in an orderly manner, with a murderous aura. They were archers, infantrymen, cavalrymen, and heavy-armored cavalrymen.

In the Army.

...

There were also many malevolent ‘mechanical war chariots’.

at the same time.

There were also close to a million elite soldiers.

The elite Royal Army of da Qian.

The strength and quality of the Imperial court's elite soldiers stationed in the capital of da Qian were much stronger than the soldiers of the other counties.

Finally.

They were the 100000 Imperial Guards of the Imperial court.

At this moment.

More than three million soldiers.

They all came out of the city.

“Blessing of the nation's fate!”

...

“roar!”

King Qian waved his hand and activated the power of the National aura true dragon. The 1000-meter-long three-clawed Golden Dragon roared and emitted a dazzling golden light.

“Whoosh!!!”

At this moment.

Countless rays of golden light shone and enveloped every soldier of da Qian.

With the blessing of the nation.

Every soldier's strength and combat power would be improved, and their recovery speed would be faster after being injured. It would also boost their morale.

“Blessing of the nation's fate.”

Jiang Li looked at the three-clawed Golden Dragon and felt envious. The Azure Dragon of the Xia Dynasty was only ten meters long. The difference was too big.

in reality.

jiang li could also use the ‘blessing of the nation fate’, but the power of the azure dragon was too weak.

“The Azure Dragon art of the great Xia Dynasty,”

Buzzzzzz!

Jiang Li took a deep breath and used the Azure Dragon technique. Azure internal force circulated in his body, and then the invisible fate of the country gathered.

“blessing of the nation's fate!”

“Roar!”

The Azure Dragon roared.

A ten-meter-long Xia Azure Dragon appeared and sat above Jiang Li's head. It looked so real. The three-clawed Azure Dragon roared at the sky and the Azure light was shining.

After that.

It spread out quickly and covered every mech.

“Although it’s not a big improvement, it’s better than nothing.”

Jiang Li looked at the meches and murmured to himself.

“That’s Yingluo.”

“A true dragon of National fate! he’s the true dragon of the great xia dynasty!”

“Hahahahaha!”

“Ten meters! It’s only ten meters!”

it’s too weak. It’s only a ten-meter-long true dragon. I’ve never seen such a weak true dragon. How dare it compete with the great Qian dynasty? ”

“.....”

Instantly.

the kings and soldiers of the great gan lord dynasty burst into laughter.

he was extremely proud and disdainful.

“Jiang Li!”

what’s that? ” the king of counsel looked at where Jiang Li was. Jiang Li was wearing an ‘ordinary Dominator armor.’ what’s that on Jiang Li? ” Full body armor?”

“Release the arrows!”

the king of parliament shouted.

Whoosh! Whoosh! Whoosh!

At the rear of the Army.

The soldiers drew their bows and shot arrows into the sky. Each arrow was covered in a layer of faint golden light. Under the blessing of the power of the nation's fate, their power was increased.

Da da da da

The firearm mech's machine guns and anti-aircraft guns fired crazily. The sky was filled with bullets, and most of the arrows were shot down.

clang clang clang clang

A small number of arrows were blocked by the meches.

“Fire the cannons!”

BOOM! BOOM! BOOM!

The artillerymen started to bombard the area, and countless cannonballs fell.

“Fire!”

Whoosh! whoosh! Whoosh!

The blue laser beams shot towards the Army of da Qian.

“Charge!”

1,000 liquid metal meches, 1000 exoskeleton armor meches, tens of thousands of level two meches, and perfected level two meches formed a huge Army and charged at the Army of da Qian.

the commotion was extremely huge.

“Set up the formation!”

“Hurry up!”

The king of the Council’s pupils contracted as he shouted.

“Whoosh!!!”

The murderous military Qi gathered, and the surrounding spiritual energy of heaven and earth gathered, forming a vast spiritual energy storm, forming a spiritual energy vortex above the Army.

the wind and clouds changed.

In the blink of an eye.

Three Grade 3 Army formations were set up successfully.

Roar! Roar! Roar!

Three Battle Beasts.

The one million elite soldiers of the great gan Lord dynasty formed a type 3 blood Tiger formation. The beast in the formation was a blood-red Tiger that was a thousand meters long.

The two-million-strong Army formed a rank three Blood Python formation. The beast of the formation was a blood-red python that was a thousand meters long.

Finally.

That would be 100000 Imperial Army soldiers.

The formation formed by the 100000 Imperial Guards was a Grade 3 three-clawed Blood Dragon formation. The beast of the formation was a 1000-meter long three-clawed Blood Dragon. It was extremely lifelike and had the strongest aura.

“BOOM!”

It could be seen.

The three battle formation beasts roared and pounced forward, blocking the tens of thousands of cannonballs, the rain of bullets, and all the long-range attacks.

The level three mech couldn't cause too much damage to the three Battle Beasts.

“Activate the formation!”

“Whoosh!!!”

the king of council waved his right hand, and the array board flew out, turning into a huge array map, and combined with the three grade 3 army formations, becoming one.

“Roar!”

The battle array beast roared, and a vast amount of heaven and earth spiritual Qi gathered and merged with it. The battle array beast's power became even stronger.

At the same time.

When a more powerful battle formation was activated, it would consume more energy from the soldiers.

The king of Council was a third-grade array master. He used his own array skills to increase the power of three third-grade military arrays, and at the same time, he controlled three third-grade military arrays by himself.

Wang Shangqing, Gongsun Zhi, Qian Wu, the commander of the Imperial Army, all the inspectors, and the Commandery princes all became the Deputy of the king of counseling, helping him maintain the operation of the Army formation.

kill!!!

The king of Council stood on the city wall and controlled the beasts from a distance. The huge blood-red Tiger pounced at Jiang Li's level three mech.

BOOM! BOOM! BOOM!

The liquid metal mech and the exoskeleton armor mech attacked with all their might, fighting against the three Battle Beasts. A series of rumbles sounded.

At the same time.

the laser weapon meches fired from a distance.

On the battlefield.

Under the king's control, the three level-three battle formations successfully stopped Jiang Li's 3000 level-three meches.

There were hundreds of thousands of level one and perfected level one meches, as well as nearly a hundred thousand level two and perfected level two meches.

under Jiang Li's order, the mech army charged forward and fought with Great Qian's army, the elite royal army, and the imperial army.

"These soldiers are all stage one!"

"The weakest one is at the early stage of level one!"

"This is an ..."

"How can he be so strong?"

Close combat.

The generals and soldiers of the Great Gan Dynasty finally realized the true strength of Jiang Li's soldiers. They were more and more shocked and even a little scared.

three hundred perfected-stage level three mechs and eight perfected-stage elite mechs.

attack! Jiang Li looked at the battlefield, waved his right hand, and gave an order.  
attack!

"Yes!"

At the first moment.

The hundred perfected-stage level three laser weapon mechs attacked first. They took off their black glasses and activated the 'laser eyes', shooting out red laser shock waves.

Whoosh! Whoosh!

Hundreds of laser shock waves shot towards the military beasts.

BOOM! BOOM! BOOM!

A direct hit.

It hit the blood Python at the very front. An explosion sounded, and balls of red energy light burst out from the blood Python's body.

Roar!

The blood-red python let out a sorrowful wail.

Cracks appeared on his body.

“ah!”

A miserable scream rang out.

Many soldiers from the various counties spat out blood and fell to the ground. The backlash from the battle formation had shattered their hearts and killed them.

kill!!!

BOOM! BOOM!

The meches who rushed into the battle formation immediately counterattacked and cut off the heads of the soldiers in front of them.

Chapter 268

“Kill!”

“Kill!”

Pfft! Pfft!

bang!

On the battlefield.

The situation was chaotic.

Each mech had to deal with several soldiers of great Qian. The martial artists ‘qi and blood surged, and when they slashed at the meches, there was the sound of metal clashing.

Bang! Bang! Bang! Bang!

The level 1 firearm mech held two guns and aimed at the soldiers in front of him. He used the gun fighting technique and shot the soldiers accurately. The bullets hit the soldiers ‘heads from the eyes or mouth.

Every soldier was wearing armor, and bullets might not be able to break through their armor. Therefore, the firearm meches aimed at the unprotected facial organs.

“Pfft!”

blood splattered everywhere.

The cold weapon mech held a dagger in his hand and moved like a ghost on the battlefield. He was very fast and slashed the throat of the soldier.

His head rolled on the ground like a gourd.

“Kill!”

BOOM! BOOM!

There were also stage-one martial artists who had cultivated internal force. They gathered their internal force on their weapons and performed martial arts. They slashed out bright sword gleams and killed the meches.

Both sides suffered losses.

Under the suppression of the battle formation, Jiang Li's meches were weakened and couldn't exert their full power. Even the speed of bullets slowed down.

As long as a few peak-stage elementary level quasi-martial artists worked together, they would be able to block Jiang Li's level-one meches with the help of the military formation and the fate of the nation.

On the battlefield.

The 100,000 Imperial Guards of the great gan Lord dynasty displayed their powerful combat power. With the help of the elite Royal Army, they stopped the charge of Jiang Li's mech Army.

the battle was getting more and more intense, and it was gradually entering a state of white heat.

At this moment.

Jiang Li's 100 perfected-stage liquid metal meches and 100 perfected-stage exoskeleton armor meches had already rushed into the battlefield.

“exoskeleton armor! Activate!”

Kachaa! Kachaa!

BOOM!

The hundred exoskeleton armor meches activated the exoskeleton armor equipment and controlled the exoskeleton armor to cover their entire bodies, turning into two-meter tall armored robots.

it fell from the sky.

Then, he stepped on the ground, leaving a huge pit.

“Kill!”

“BOOM!”

The hundred meches charged into the battlefield and smashed the machine-operated war chariots into pieces.

“Ah!”

The soldiers of da Qian screamed in pain.

This power was invincible!

“Condense!”

The Council King formed a seal with his hands. True energy surged and formed runes. The blood Python that was injured by the hundred perfected-stage level three laser weapon meches quickly recovered.

“Go!”

“Roar!”

At the same time.

He controlled the three Battle Beasts and pounced on the hundred perfected-stage exoskeleton armor meches.

BOOM! BOOM! BOOM!

An intense battle erupted.

The huge battle formation beast was like a terrifying mountain. It charged forward and blocked the hundred perfected-stage exoskeleton armor meches.

“Ah!”

within the army formation.

The soldiers of great Qian screamed in pain as they controlled the beasts to attack the enemies. Every time they attacked, the soldiers of great Qian would suffer from the backlash of the battle formation. The operation of the battle formation would consume the soldiers' blood and internal energy.

“tier 3 perfection!”

they're all at the perfected stage of Tier 3!

“this suan ni, this suan ni”

The various regional Kings and commanders-in-chief were all horrified.

...

They had originally thought that ...

The thousands of stage three experts were already Jiang Li's strongest force, but the sudden appearance of 300 perfected stage stage three experts scared them.

At this moment.

The hundred perfected-stage level-three liquid metal meches liquefied and merged together like mercury, turning into a huge Silver Hammer.

“!!!”

The pupils of the soldiers of da Qian immediately contracted.

“What is this ability?”

“They’re not even human!”

“a puppet! It must be a puppet!”

“This Suan ni, this Suan ni”

Wang Shangqing and the rest shouted in shock.

...

“thump!”

The huge Silver Hammer smashed forward like a huge mountain. The power it contained caused the air to collapse.

“boom!”

The sound of an explosion rang out.

The three battle formation beasts were sent flying by the hammer.

“Sprint, charge!”

BOOM! BOOM! boom!

The ground was shaking violently.

At this moment.

There were a total of eight elite units at the perfected stage of stage three, three psionic mammoth Rangers, four psionic crocodile Emperor Rangers, and one psionic Overlord Dragon Ranger.

A huge body that was more than ten meters long.

His entire body.

It was surging with black psionic radiance.

They rushed over at a rapid speed, as if they were indomitable. Their momentum was like a rainbow, and the power contained in them was intense. They used all their skills.

He charged forward.

“Psionic control, tremendous strength, bloodthirsty, psionic frenzy!”

Buzzzzzz! Buzzzzzz!

the four psionic crocodile emperor rangers used their skills at the same time. their bodies flashed with light as they gathered all their power, and a vast amount of psionic energy gathered.

“Psionic heavy sword slash!”

Finally.

The four psionic crocodile Emperor Rangers raised the crocodile Emperor heavy swords in their hands and condensed psionic sword rays that were hundreds of meters long. They floated in the air like four sword-shaped mountains.

“Psionic control, brute force, psionic amplification.”

Buzzzzzz! Buzzzzzz!

The three psionic mammoth Rangers also used their skills, and their bodies were shrouded in dense mechanical psionic energy. The energy gathered together and turned into a dark area.

“Psionic spear technique!”

Immediately after.

The three psionic mammoth Rangers held heavy mammoth ivory Pikes in their hands and stabbed forward with all their might, gathering the psionic energy around them.

It condensed into a psionic spear light that was hundreds of meters long.

At this moment.

Four hundred-meter-long psionic sword rays and three hundred-meter-long psionic spear rays simultaneously shot toward the battle Beasts that had been sent flying by the liquid metal soldiers.

Obviously.

His goal was very simple.

They wanted to destroy the grade 3 formation of the great gan Army!

“This Suan ni, this Suan ni”

“Hurry up! operate the army formation at full force!”

“You must block it!”

“Use all your strength!”

Wuwuwuwuwu!

Wang Shangqing, Gongsun Zhi, the various county Kings, and the various inspectors shouted loudly. The true Qi in their bodies burst out and surged into the battle formation.

“Roar!”

the three battle formation beasts roared in unison, and their momentum rose.

“Not good!”

The king of counsel’s pupils contracted, and a look of surprise appeared on his face.

“BOOM!”

The four psionic sword rays and three psionic spear rays descended at the same time, bombarding the three battle array beasts. The three battle array beasts also unleashed their full power.

the two sides were in a confrontation.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

“Rumble!”

It could be seen.

In the air.

The two sides were in a deadlock. Energy shockwaves were constantly spreading in all directions. Explosions were heard one after another, and the aftershocks spread out, cracking the ground.

block it!!!

Wang Shangqing and the others roared and used all their strength.

“Roar!”

the overlord dragon roared.

Mechanical psionic energy gathered around the hill-like body. The psionic Overlord Dragon cavalry charged forward with its strongest power.

“Psionic control, dragon power, berserk, psionic Dragon might!”

Four skills.

They were activated at the same time.

a vast aura spread out with the psionic overlord dragon as the center, forming a terrifying draconic pressure that suppressed the surroundings and produced an extremely powerful force.

“Psionic heavy hammer!”

Buzzzzzz!

The psionic Overlord Dragon Ranger raised the huge and ferocious hammer in its hands. It was a Tier 3 exclusive weapon-Overlord Dragon Hammer.

The giant hammer was raised.

in the air.

A huge hammer shadow with a diameter of several hundred meters was condensed by mechanical psionic energy. It smashed down with the psionic Overlord Dragon.

The huge hammer shadow bombarded the three Battle Beasts.

“Rumble!”

The air exploded, creating a shock wave.

“No!”

“We’re finished! We’re all finished!”

“!!!”

Wang Shangqing and the others looked at the huge hammer shadow in despair.

One had to know.

The three battle formation beasts blocked four psionic crocodile cavalrymen and three psionic mammoth cavalrymen, forming a stalemate. Now, with the addition of this hammer, the situation was even more dire.

It was very likely that he would not be able to block it.

And if he couldn't block it ...

If the beasts were defeated, the level-three battle formation would be broken. By then, they wouldn't have the power to stop Jiang Li's level-three meches.

“Whoosh!”

At this moment.

It was a purple spear radiance that appeared like a bolt of lightning. It contained extremely tyrannical power and seemed to be able to pierce through everything.

Whoosh!

Bang!

The purple spear radiance struck the huge hammer shadow and collided with it. The spear radiance pierced through the huge hammer shadow, and the psionic energy exploded, forming a storm that swept in all directions.

In the air.

The king of counseling appeared.

He tore through the air from the city walls of the capital city of da Qian. He held a two-meter-long purple spear in his hand. The body of the spear was covered with dense patterns, and it was unknown what material it was forged from.

Just now.

He was the one who destroyed the psionic Overlord Dragon rider's attack with one shot.

He stood above the war.

Wuwuwuwuwu!

The might of a 4th rank spread out.

"Killing spear strike!"

whoosh!

The king of Council stabbed again, and the purple spear light gathered, containing endless killing intent. Together with the three Battle Beasts, they destroyed the psionic sword light and psionic spear light.

BOOM!

The sword radiance and the spear radiance exploded.

Rub Rub Rub

The elite troops at the perfected stage of rank three retreated continuously.

the second rank-4 of the great gan Lord dynasty, the king of the Council!

Jiang Li's eyes glinted and he sneered. you're indeed strong. You blocked eight elite soldiers who are at the perfected stage of level three.

"i've been waiting for you for a long time,"

"Kill!"

Shua!

the king of council took a deep breath, gathered his power, and disappeared in a flash. his purple spear thrust out, killing the nearest psionic mammoth ranger.

Clang!

the psionic mammoth cavalry also stabbed out with its spear. The two spears collided, and the tips of the spears collided with each other, causing an ear-piercing sound.

“BOOM!”

after that.

The psionic mammoth Ranger was sent flying by the spear.

“You’re overestimating yourself.”

Hmph! the king of Council snorted and scolded, ” a third-tier is a third-tier, no matter how strong you are, you can’t fight above your tier. Besides, I have the power of the military formation and the formation.

“Jiang Li!”

The king of Parliament raised his head again and looked in Jiang Li’s direction. since I’ve already made my move, I’ll show you how powerful a formation can be when it’s combined with a martial artist.

ynjs01.

After Jiang Li saw the king of Parliament suppress the perfected-stage level-three elite troop, he ordered, ” “Bring me his head!”

“Yes, sir!”

Yes, sir. ynjs01 replied and walked out from Jiang Li’s side.

## Chapter 269 Tyrannical

“Lord King of the Council.”

“you’ve finally made your move,”

the king of the Council’s cultivation is at the early stage of the fourth level. With the support of the military formation, the power of the ‘Golden Dragon array’, and the enhancement of the true dragon of the country’s fate, he will definitely be able to turn the tide and save the situation.

“You’re right.”

no matter how many level-three masters Jiang Li has, he can’t stop Lord King of the Council.

” the only thing i’m worried about is whether jiang li has the combat power of a tier 4. ”

that’s impossible. The Xia Dynasty is a new dynasty. How can Jiang Li have the second rank? it’s impossible.

in the battle formation.

Wang Shangqing and the others were bleeding from the corners of their mouths. They had also been injured in the confrontation just now. They had also suffered some backlashes from the battle formation, and their true Qi had been greatly consumed.

at the same time.

The losses of the soldiers of da Qian were even more severe.

“A secret formation technique!”

Buzzzzzz!

The king of Council formed a seal with both hands, and runes with formations appeared. He mobilized the power of the ‘formation disk’ and activated the power of the grade 3 military formation.

“congeal armor!”

“Roar!”

Immediately after.

The three Battle Beasts roared and shined. They then shrank and turned into three blood-red light balls, flying toward the king of Council.

Kachaa! Kachaa!

On the king of counsel.

The battle Beasts formed a set of blood-red armor that covered his entire body. There were three lifelike images of Battle Beasts on the armor.

Wuwuwuwuwu!

The king of counseling’s momentum soared.

“Jiang Li, give me your life.”

Shua!

Jiang Li, the king of Parliament looked up at Jiang Li. Purple genuine Qi was released and combined with the blood-red armor, creating a purple-and-blood light.

Hurry up!

The speed was extremely fast!

” jiang li! ” the king of council charged at jiang li with his purple spear.

BOOM! BOOM! boom!

The psionic crocodile Rangers, the psionic mammoth Rangers, and the psionic Overlord Dragon Rangers immediately rushed over in an attempt to stop the Council King.

“You’re overestimating yourself.”

thump!

The king of Council snorted and waved his spear. A purple spear light flashed, and all the elite soldiers were knocked back.

They were on completely different levels.

Obviously.

Under the support of the military formation, the king of Council advanced a small realm, reaching the middle stage of the fourth level, and even vaguely reaching the level of the late stage of the fourth level.

if ...

Under the joint efforts of perfected-stage Tier 3 elite troops, they could barely fight against early-stage Tier 4, but they were completely no match for mid-stage Tier 4.

Being able to barely cross ranks was already the limit.

“Alright!”

In the sky above the capital.

haha! King Qian laughed and said excitedly, ” brother, it’s up to you now. As long as you can kill Jiang Li, we’ll win this battle.

“Hehe.”

MYL01 sneered, ” do you think you can hurt Her Majesty? You’re dreaming!”

boom! BOOM!

The battle between MYL01 and King Qian had not been decided yet, and both parties were equally matched. After exchanging several moves in a row, golden and black lights exploded.

They were unable to do anything to each other.

Jiang Li looked at the king of Parliament who was charging at him like a bolt of purple lightning. He was quite calm.

In front of Jiang Li.

ynjs01 bent his knees slightly, then squatted down slightly. gathering his strength, he stomped his feet with all his might, and his body shot out like an arrow released from a bow.

There was a loud ‘boom’.

A huge pit was formed on the ground under his feet.

...

Shua!

He could clearly see.

Ynjs01’s figure was like a black stream of light. His body was shrouded in the glow of psionic energy. Like a black lightning bolt, he covered half of the battlefield.

He went straight to the king of Council.

“Who is it?”

The king of Council raised his head and looked slightly surprised. He saw a black figure coming at him at a fast speed, ” you’re looking for death!

“Killing spear strike!”

Whoosh!

Without any hesitation, the king of Council gathered his power and thrust the purple spear in his hand. His genuine Qi gathered and formed a sharp spear light, like a dragon sticking its head out, carrying a murderous intent.

“Psionic control.”

Buzzzzzz!

...

Ynjs01 unleashed his skill, and a vast amount of psionic energy gushed out, forming a psionic domain that contained a strange, twisted, and destructive power. He then punched out.

Bang!

The purple spear collided with ynjs01's fist, and a brilliant explosion erupted like a magnificent firework. Bursts of light spread out.

“BOOM!”

The spear light exploded.

The king of Parliament was sent flying by ynjs01's punch.

“pfft!”

Not only that.

The king of Council felt an extremely terrifying force rushing into his body through the spear, injuring him.

The attack just now.

The king of Parliament was already seriously injured.

“how is this possible?”

The king of Parliament clutched his chest and looked at ynjs01 with extreme shock. He had a look of disbelief. perfected Tier 4! another perfected tier 4!”

Bang! Bang!

Ynjs01 landed on the ground, creating a deep pit.

Around him.

The psionic energy surged.

“Under the orders of His Majesty, I’m here to take your head.”

Ynjs01 raised his head. His eyes were calm and emotionless as he looked at the king of Council. His tone was calm as if he was stating a fact that had already happened.

“You’re so silly!”

The king of Parliament felt a chill in his heart.

“Lord King of the Council, please!”

“what just happened? Who can tell me what just happened?”

Lord Wang of the Council was sent flying. Lord Wang of the Council is injured.

“Tier 4! Jiang Li has a level-four underling!”

“Si si si ...”

“How is that possible? How was this possible? Was the great Xia Dynasty really just a newly established human dynasty? How did Jiang Li recruit so many powerful figures?”

“No! It’s wrong!”

Jiang Li’s soldiers and subordinates are not human!

Aghast!

Shocking!

Fear!

he trembled!

The various Commandery princes, commanders, civil officials, and generals of the great Qian dynasty, as well as the great Qian soldiers, were all still alive.

They began to feel fear.

Because ...

Jiang Li! Jiang Li’s power was far beyond their imagination and expectations. They didn’t expect it and even felt like they couldn’t win.

At the beginning.

Under King Qian’s encouragement and confidence, their morale was high, and they were filled with fighting spirit. They had never thought that the great Qian dynasty would lose.

but now ...

the power that jiang li showed step by step.

the weakest soldier was at least a stage 1, followed by thousands of stage 3 experts, and then hundreds of perfected stage 3 inborn experts, as well as the peak stage 3 experts.

Finally.

A Tier 4 National Guardian level combat power appeared.

One strike!

It was only one strike!

He had injured The King of Town.

The difference in strength was immediately determined.

The confidence, fighting spirit, and fighting spirit of the upper echelons of the great gan Lord dynasty were crushed again and again.

Until now.

They began to feel fear.

He would lose!

the imperial court of da qian might very well lose this battle!

The great Qian dynasty that had been established for hundreds of years.

Would they really lose this war? Would they really be defeated by Jiang Li, the leader of a third-rate gang, who had just established the country less than half a month ago?

It was unimaginable!

He couldn't even accept it!

Wang Shangqing and the others looked as if they had come to a sudden realization.

BOOM!

suddenly.

the loud explosion pulled everyone back to reality.

Ynjs01 was very strong. It was at the perfected stage of level four, much stronger than the king of Parliament. The combat power it showed didn't disappoint Jiang Li.

“Ah!”

The king of Parliament screamed.

Ynjs01 attacked the king of Council. In terms of speed, strength, and energy, ynjs01 was superior to the king of Council.

The difference was too great.

“Pfft!”

The Council King vomited blood. He was sent flying by ynjs01's punch again. The purple spear in his hand almost fell out of his hand, and his face turned pale.

His eyes were filled with fear.

Her long hair was loose.

He looked extremely pathetic.

There was no longer any trace of his arrogance.

he was completely suppressed.

“How could it be?”

When King Qian saw this, his eyes were filled with astonishment. He was extremely shocked. a perfected stage four. It's another perfected stage four National Guardian level combat strength.

Jiang Li has two people at the perfected stage of level four!

“This is a good opportunity!”

MYL01's eyes lit up. He took the opportunity to make a move and seized the opportunity when King Qian was distracted. With a flash, he appeared in front of King Qian.

BOOM!

He raised his hand and struck down.

King Qian was jolted awake, but it was already too late. He could only mobilize his true Qi in a hurry to form a defense with the golden light barrier in front of him.

“Ah!”

Pfff!

There was a loud ‘boom’.

The golden light screen was destroyed by MYL01's palm. The black palm print hit King Qian's chest, and the Dragon robe on King Qian's chest exploded.

After that.

His body was sent flying backward, causing the buildings in the capital to collapse.

“kill!”

Shua!

MYL01 continued to pursue and attack.

“your majesty!”

Everyone's eyes widened as they shouted in shock.

“roar!”

The next moment.

King Qian rose up from the ruins. Accompanied by a series of Dragon roars, he was like a three-clawed Golden Dragon soaring into the sky. His might soared to the sky as he attacked MYL01.

“Golden Dragon Seal!”

Roar!

The seal fell and turned into a Dragon-shaped seal.

in reality.

the myl01 did not have any powerful offensive skills. psionic mastery, soul control, void-ification, and demon spirit body were all support skills.

The only skill that could be considered an attack skill was ‘demon spirit domain’, which was also a control-type skill.

so,

MYL01’s attack methods basically relied on these support skills, condensing ‘demonic spiritual energy’ and using it against the enemy.

“Break!”

MYL01 attacked and struck out with both palms. Demonic spirit energy gathered and formed two huge palm prints that blocked King Qian’s Golden Dragon Seal.

BOOM! BOOM! BOOM!

The two sides once again engaged in battle.

At this moment.

On the battlefield.

Under the attack of ynjs01, the king of Parliament was forced to retreat, and his injuries were getting more and more serious. Even with the power of the battle Beasts, he was no match for ynjs01.

Furthermore ...

Because the beast was on The King of Town, every time The King of Town was attacked, the beast would block a part of the power.

As a result, many of da Qian's soldiers suffered from the backlash of the battle formation.

There was more.

Without the beasts, Jiang Li's 3000 level-three meches, 300 perfected-stage meches, and eight perfected-stage elite meches started killing in the Army.

As more and more soldiers were killed ...

Without the support and operation of the soldiers.

The three stage 3 battle formations were already on the verge of collapse.

"Die!"

Ynjs01's right arm transformed into a long blade of flesh and blood. Black psionic energy gathered on the blade as it slashed at The King of Town's neck.

## Chapter 270 Killing

It was a critical moment.

The king of Council used all his strength, and his body was like a purple-and-blood stream of light, flying to the side, trying to avoid ynjs01's blade.

however ...

He was still a little slow.

"Pfft!"

Blood splattered everywhere.

Ynjs01's knife cut through The King of Town's chest, directly breaking the 'military beast armor' on The King of Town, and red blood spewed out.

"Ah!"

The king of Parliament screamed.

At this moment.

On the battlefield.

Wang Shangqing, Gongsun Zhi, and the others were also on the verge of losing their lives, so they had no time to care about The King of Town.

Jiang Li had perfected-stage, level-three meches and elite troops.

They were currently on a killing spree on the battlefield.

Wang Shangqing and the rest gave it their all. Even with the support of the formation, they were still no match for the great Qian soldiers. One by one, they were killed.

the psionic tyrannosaurus rex's hammer smashed down, and a terrifying giant hammer shadow descended from the sky. it contained an indescribable power and attacked.

"Ah!"

"Pfft!"

An inspector who was in front of the hammer was smashed to death and exploded. His body exploded like a blood-colored firework.

It was filled with the beauty of death.

boom! BOOM! BOOM!

The battlefield was filled with constant explosions. The sounds of explosions reverberated in all directions. Screams, shouts, and roars were mixed together. It was extremely noisy and chaotic.

"Golden Dragon protection!"

the king of council shouted and began to fight with all his might. he forcibly mobilized all the power in his body and even burned his own life.

The Golden Dragon array started to work.

"Roar!"

Immediately after.

A golden three-clawed Golden Dragon flew out of the Golden Dragon array and directly poured into the king of counsel's body, condensing into a Golden Dragon Armor.

"Whoosh!!!"

His aura soared.

"kill!"

the king of parliament's eyes widened like a mad demon.

Obviously.

The king of Council clearly understood that the difference in strength between the two sides was too big, so he could only go all out and use all his means to have a chance of survival.

"Golden Dragon Spear art!"

"Whoosh!"

The king of Council roared and gathered all his power. His whole body seemed to be burning with golden flames, and it was integrated into the spear.

It could be seen.

when the king of council thrust his spear, it seemed to be sublimated to the extreme. when the spear fell, a golden dragon-shaped spear light was condensed.

It pierced through.

This spear!

Very strong!

This spear!

It was the king of Council's strongest power, which had reached the peak of his ability!

The Dragon's Roar reverberated through the entire battlefield.

Its might was monstrous.

Ynjs01 raised his head and looked at the descending dragon-shaped spear radiance. his arms had already transformed into long blades of flesh and blood. the blades were slender and shimmering with light.

The psionic energy gathered on the blade.

After that.

"whoosh!"

Ynjs01 brandished his two blades. It was a flash of lightning, a stream of light, and a cold glint. It was as if it had just flashed by.

It streaked across the sky.

Kachaa!

Immediately after.

Everyone clearly saw the king of Council's full-strength spear strike, and the Golden Dragon-shaped spear light contained all his strength.

It cracked!

It cracked from the middle!

A saber split it open!

“!!!”

The king of counsel's pupils contracted.

"BOOM!"

The next moment.

an earth-shattering explosion was heard. the golden dragon-shaped spear radiance exploded and hung high in the sky like a golden sun.

the shockwave spread.

The Council King screamed and spat out blood. The shock wave hit him, and his body flew backward. The purple spear in his hand fell out of his hand.

Kachaa! "Crack!"

Immediately after.

the 'battle formation beast armor' on his body started to crack, and the 'golden dragon armor' formed by the 'golden dragon law' also shattered, breaking inch by inch.

"Roar!"

BOOM!

The three battle formation beasts returned to their original forms, but they let out waves of sorrowful cries. Then, they all exploded and were destroyed.

"ah!"

Bang Bang Bang Bang Bang Bang

On the battlefield below.

The three Grade 3 battle formations were all destroyed. As the battle formations were destroyed, the military killing intent that had gathered quickly dissipated, and the battle formation light mist on the battlefield dissipated.

Many of the great Qian soldiers screamed and spat out blood. Some of them even had their hearts ruptured and died on the ground.

"no!"

"BOOM!"

"Ah!"

"The battle formation has been broken!"

Pfff!

wang shangqing and the others were also screaming miserably. their expressions were miserable and even sorrowful. they spat out blood and retreated repeatedly. they were also suffering from the backlash of the formation.

"BOOM!"

At the same time.

the 'golden dragon array' that enveloped the entire capital of the great gan was cracking apart inch by inch. countless cracks filled the sky as the faint golden light screen of the array was collapsing.

Finally.

A loud bang was heard.

The Golden Dragon array was also shattered.

"Roar!"

The three-clawed Golden Dragon let out a sorrowful roar.

"The Golden Dragon array is gone too!"

"We're finished! I'm afraid we're really done for this time!"

"How could this be? How could that be?"

The various Kings, inspectors, civil officials, generals, and soldiers of the great gan Lord dynasty all had gloomy expressions. A sense of despair even spread in their hearts.

"The formation has been broken, kill the entire Army!"

Jiang Li clearly saw the Army and the formation break.

Without the Army and formation, the great gan Lord dynasty's defeat was certain.

boom! BOOM! BOOM!

Behind them.

The artillery positions fired cannonballs one after another. The cannonballs rose into the air, leaving trails of flames behind them. They landed in the middle of the great Qian Army and exploded.

He looked around.

It was all caused by the explosion of the cannonballs. The cannonballs contained terrifying kinetic energy, and they tore through the armor and internal force defense of the great Qian soldiers.

"ah!"

Countless screams rang out.

It seemed to be endless.

Da da da da

The firearm meches formed a long line of machine guns, and countless bullets poured down on the shooting at the surroundings. Their firing speed was much faster than the firearm meches.

"Ah!"

soldiers of the great Qian dynasty.

"rumble!"

The main battle tanks came and fired shells continuously. The machine guns of the tanks were also shooting at the surroundings. Their firing speed was much faster than the firearm meches.

"Ah!"

boom!

Some of the martial artists who were not weak immediately went all out and rushed towards the main battle tanks. However, they were hit by the tank's artillery shells and then shot into sieves by the tank's machine guns.

The corpse was like minced meat.

Crushing!

Jiang Li's mech Army gradually crushed the enemy!

Without the suppression of the battle formation, Jiang Li's meches were able to use their full strength. The power of the tanks and cannons also showed their terrifying power on the battlefield.

Buzzzzzz! Wuuwuwuwu!

Soul Fire. Jiang Li saw Soul Fire Seeds emerging from the bodies of the soldiers and turning into light spots. They were successfully captured.

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a stage-two soul Tinder! ]

.....

A notification flashed in front of Jiang Li's eyes.

In the sky above the capital.

"Roar!"

the dragon roared.

King Qian gave it his all and unleashed all his strength. He performed all sorts of techniques and martial techniques.

BOOM!

However ...

from the beginning to the end, myl01 had been using his demonic spirit energy to block all of king qian's attacks. myl01 could not win, and king qian could not win against myl01 either.

&Nbsp; so,

king qian could only watch his soldiers being killed by jiang li's meches one by one. his officials and generals were all killed.

“!!!”

king qian's eyes were about to crack. he was extremely angry, but there was nothing he could do. he could not break through the blockade of myl01. " how did it become like this? "

" jiang li!!! "

die! King Qian roared furiously.

"Hehe, Yingluo."

King Qian! Jiang Li heard King Qian's roar. He raised his head and looked at King Qian calmly. King Qian was surrounded by golden light and was protected by the true dragon. He was extremely powerful.

King Qian, who had a cultivation base at the perfected stage of stage four, was extremely powerful.

On the other hand, Jiang Li.

Jiang Li had just reached the early stage of level two a few days ago and had condensed elemental internal force. The difference between Jiang Li and King Qian was obvious.

&Nbsp; but ...

So what?

King Qian couldn't even defeat Jiang Li's men.

They could only watch helplessly as their subordinates and soldiers were slaughtered.

\* Cough cough \*

The king of Council had been seriously injured. After losing the support of the Army formation and the Golden Dragon array, his strength had fallen greatly, and he had returned to the thick stage of level four.

At this moment.

the king of council fell to the ground and kept coughing out blood.

Shua!

Ynjs01's figure flickered and appeared in front of the king of counsel. He raised the scythe that his arms had transformed into and slashed.

"You're so silly!"

"Pfft!"

blood splattered everywhere.

the king of counsel's head was cut off by ynjs01. it flew high into the air and then rolled on the ground like a gourd. blood gushed out of the broken neck like a fountain.

The headless body fell to the ground, and blood formed a pool around it.

King of the Council!!!

Wang Shangqing and the others were shouting loudly.

"Brother Wang!"

King Qian also saw the scene. He wanted to save The King of Town but was stopped by MYL01. He could only watch as The King of Town was beheaded.

He was dead!

The king of the Council was dead!

After a while.

Jiang Li didn't see any Soul Fire seed on the king of counseling's body. It was a pity. The king of counseling was much stronger than Gao luoqing.

However, it didn't drop the soul Tinder.

"What a pity."

" no. " jiang li shook his head.

Ynjs01, go and help MYL01 to kill King Qian. The king of the Council is dead, and the military formation and magic formation have been broken. It's time to end this war.

Jiang Li's order was given by the holographic mech.

"Yes!"

Ynjs01 nodded and looked up at MYL01. He rushed toward the capital of Da Qian at his fastest speed. His figure rose into the air as fast as lightning.

“!!!”

King Qian's eyes narrowed.

One had to know.

Just MYL01 alone was enough to fight King Qian to a standstill. Now, there was also Ynjs01 who was also at the perfected stage of Tier 4.

King Qian knew very well that he was not a match for him.

In other words ...

Now was not the time to be sad or angry about the death of the king of Council. He should be worried about his own life and how to survive.

"Kill!"

BOOM!

Ynjs01 swept across the entire battlefield. No one could stop it. All the Dayan soldiers who were in its way were sent flying.

He had killed his way into the capital of da Qian.

As he leaped, he charged toward King Qian. He leaped high into the sky and was a few hundred meters above the ground. His two sabers drew out streams of black saber gleams and slashed down like lightning.
