

Army 291

Chapter 291

“Yes!”

“Full speed!”

“Charge!”

“.....”

The Barbarian Army crossed the border river, which was not very wide. The collapsed border city wall had already become ruins. The two million barbarian soldiers marched straight into the territory of the great Xia Dynasty.

the baleful aura surged.

It was as if the sky had changed.

“Roar!”

The three-clawed Black Dragon under man Teng’s feet roared towards the sky, and an extremely vast power of the country’s fate surged out, shaking the surrounding spiritual energy.

At the same time.

The black serpent barbarian Kingdom’s true dragon had disrupted the great Xia Dynasty’s fate.

The imperial capital of the Grand Xia.

In the Army base.

“Roar!”

roar! the ‘Azure Dragon’ in Jiang Li’s body growled in anger. The fate of the Xia Dynasty was affected.

Obviously.

Man Teng personally led the Barbarian Army and launched a country war against the great Xia Dynasty. When the fate of the two countries collided, it would naturally cause a shock.

Buzzzzzz!

Azure Dragon. Jiang Li activated the Azure Dragon art and suppressed the Restless Azure Dragon.

“Chief sovereign.”

QX01 walked over and reported to Jiang Li, ” MYL01 has arrived at Tianshui city and met up with the Luo city Lord. The mech Army of a million is also arriving.

“alright,” he said.

okay. Jiang Li nodded. keep in touch with all the troops. I need to know the situation at all times.

“yes.”

QX01 nodded.

Shua! shua! Shua!

Five images appeared in Jiang Li's sight.

Among them.

From left to right, it was the celestial water city, the one million mech Army, No. 1 mech aerial unit, No. 2 mech aerial unit, and No. 3 mech aerial unit.

At this moment.

the no. 2 and no. 3 mech winged air corps flew at full speed. the two mech winged air corps had already crossed the green mountain range and entered red dragon county.

After arriving at Red Dragon County.

The two mech winged aerial Corps split up. The second mech winged aerial Corps headed to Wushuang Prefecture, while the third mech winged aerial Corps headed to black jail Prefecture.

Everything was going according to Jiang Li's plan.

Ling Jue County.

The county.

BOOM! BOOM! BOOM!

The city wall had collapsed, and a huge fire was spreading.

“ah!”

help!!!

“.....”

Within the city.

They were armored barbarian soldiers, wielding blades, laughing maniacally as they massacred the civilians.

Pfft! Pfft! “Pfft!”

Blood splattered everywhere.

Bodies fell to the ground one after another, and then were swallowed by the surrounding flames.

There were countless deaths and injuries.

Outside the city of the Ling Jue County.

He looked around.

Fully armed barbarian soldiers came into view, surrounding the entire County city. The number of barbarian soldiers reached three million.

In the air.

It was a 1500-meter long, Emerald-like, dark green true dragon of the National aura. Shi Qingtian stood on the dragon’s head.

“Your Majesty.”

...

Shua!

A general from the lion barbarian kingdom flew through the air and stopped in front of Shi Qingtian. He bowed to Shi Qingtian and said, "the spirit Luan County's capital has been taken."

"Don't waste your time on a small city."

"There's only one purpose for this invasion," Shi Qingtian said. "We're here to destroy the great Xia Dynasty and seize the fate of the nation."

"Don't let them get to you in a hurry."

"Full speed ahead."

"Yes."

"Yes, sir!"

The generals of the lion barbarian kingdom nodded in agreement.

BOOM! BOOM!

the three million barbarian army gathered again and operated the army formation. the military qi gathered and formed a grade 3 marching army formation. it was powerful and didn't hide its tracks at all.

...

It could be said that ...

Shi Qingtian led an Army of three million barbarians. Like an ancient beast, he conquered the Ling Jue County and invaded the great Xia Dynasty. He had no concerns and was barging in.

Very quickly.

The news that the lion barbarian kingdom had sent an Army to invade the great Xia Dynasty quickly spread throughout the entire great Xia Dynasty and reached the ears of every Commandery Prince.

“the lion barbarian kingdom!”

Wei Yong looked at the contents of the letter in his hand. He had also just received the news, ” the three million barbarian Army is personally led by Shi Qingtian.

“In half an hour, Ling Jue County was taken down.”

“It’s bad! This is bad!”

He Ping’s expression was one of panic. what do we do now? The lion barbarian kingdom is invading the great Xia Dynasty. It is obvious that they want to destroy the great Xia Dynasty and seize the fate of the country.”

the most important thing is that Emperor Xia suffered heavy losses in the last war with the great Qian dynasty. I’m afraid he is in danger this time.

“Tomorrow will be the third day. Should we still send these resources to the imperial capital of the Grand Xia?”

“hu ~~ hu ~ hu ~”

bai yingwang’s gaze was heavy. he took a deep breath to calm himself down and muttered, ”I originally thought that Shi Qingtian and the others would be wary of the other dynasties around the country and would not easily send an Army to invade the great Xia Dynasty.”

I didn’t expect Shi Qingtian to send out three million barbarian soldiers. It’s obvious that he wants to destroy the great Xia Dynasty as fast as possible before the other dynasties can react.

“I’m afraid the grand Xia dynasty is going to fall.”

Bai yingwang muttered, “I also need to find a way out for myself as soon as possible.

In reality.

The various Commandery princes of the great Xia Dynasty.

After they received the news, most of the county Kings didn’t even think about sending troops to the imperial capital to help Jiang Li.

The most important thing was ...

These County Kings weren’t very loyal to Jiang Li. They used to be County Kings of the Qian dynasty, not the Xia Dynasty.

In their eyes.

To rush to the imperial capital of the Grand Xia under these circumstances was simply courting death.

It was best to act as if he didn’t know anything, or he could escape from the great Xia Dynasty.

Magic cauldron County.

In the main hall of the regional King’s mansion.

“This is an ...”

jinmu rou was pacing back and forth uneasily, her expression anxious.”should we send soldiers to the imperial capital of the grand xia or not? that’s an army of three million barbarians.”

also, I heard that it’s an Alliance of four countries. They are preparing to attack the great Xia Dynasty together.

“I feel like the Grand Xia Dynasty is going to be doomed.”

but if I don’t send troops to support the imperial capital under such circumstances, I’ll be dead if His Majesty the Emperor decides to settle the matter.

“Men!”

Jinmurou took a deep breath, walked out of the Great Hall, and shouted, ” pass down my order. Gather all the troops of The Magic Cauldron County and reinforce the imperial capital of the great Xia as quickly as possible.

“Yes!”

Jin murou’s Adjutant nodded and immediately left to pass on Jin murou’s order.

ever since I followed His Majesty Emperor Xia, although I can’t say that I’m loyal, His Majesty Emperor Xia is indeed unfathomable. We don’t know how many hidden means he has.

Jin Muyan said to himself, ” for example, when he invaded the ‘red eyebrows demon Kingdom’, all of us thought that Emperor Xia was seeking his own death. However, the final result was that Emperor Xia occupied the five counties of the’ red eyebrows demon Kingdom ‘and established his own country. He took away a part of the fate of the great Qian dynasty and destroyed King Qian’s plan.

he even forced red eyebrows to stop the war and even compensated them with a lot of resources.

“And not long ago.”

His Majesty Emperor Xia personally led a million troops and launched a general attack on the great Qian dynasty. All of us thought that His Majesty Emperor Xia was acting rashly without considering the consequences.

however, the final result was the destruction of the great gan dynasty. King gan died, and the fate of the great gan dynasty was devoured by the great Xia Dynasty. His Majesty Emperor Xia took away all the fate of the country in front of five National guardians, and all the territory of the great gan dynasty fell into the hands of the great Xia Dynasty.

this time, with the wisdom of His Majesty Emperor Xia, it is impossible for him not to know about the four-Nation Alliance. His Majesty must have thought of a strategy to deal with it.

Half an hour later.

the army of the magic cauldron county had gathered.

“All troops, move out!”

Jinmu Rou, riding on her horned scale horse, drew her sword and raised her arm. send reinforcements to the imperial capital of the Grand Xia!

at the same time.

Shang Lin of Yuehe Prefecture, Luo Ming of Jinwang Prefecture, Wang zhanglin of Shanhe Prefecture, Feng Wutian of fallen Phoenix Prefecture, and Shen Bao of divine crane Prefecture. These five Prefecture Kings had gathered their Prefecture armies in the shortest time possible and then supported the imperial capital of the great Xia as quickly as possible.

Chaoyang County.

“It’s over, it’s over, it’s all over.”

Moke's face was filled with fear. His face was pale and bloodless, and his hands were trembling as he held the letter. the great Xia Dynasty is about to be destroyed. It's about to be destroyed!

"Four-Nation Alliance! this is a four-nation alliance!"

"What do we have to fight them? it was like hitting a stone with an egg. why would emperor xia attack the great qian dynasty? Can't we just develop in peace and stability?"

"Now that we've attracted the four-Nation Alliance, we're just digging our own grave."

"It wasn't easy for me to sit in this position today, but before I could even enjoy it, it's going to be reduced to nothing."

"Sir, we can't just sit here and wait for our deaths."

At this moment.

Moke's capable subordinate took a few steps forward and said, "Given the speed of the lion barbarian Kingdom's Army, they will definitely reach the imperial capital by tonight."

"Most importantly, our Chaoyang County is a place that you must pass on your way to the imperial capital of the Grand Xia."

"If we continue to stay here, we will all die in the hands of the Barbarian race when the Army of the lion barbarian kingdom arrives."

"Then what do you suggest we do?"

Mo ke asked.

"Run!"

” run! ” the subordinate said, ” take the soldiers and the wealth of chaoyang county and run away from the great xia dynasty. run to the great wei dynasty. ”

“Escape?”

mo ke was stunned.

“that’s right. as long as we escape to the wei dynasty, we will be safe.”

The subordinate said.

“Alright!”

Mo ke stood up and said fiercely, ” all these things and disasters were caused by Jiang Li. Why should I take care of them for him? I risked my life to become the king of Chaoyang County. Jiang Li didn’t give me the position.

“The great Xia Dynasty is on the verge of destruction. I don’t want to be buried with the great Xia Dynasty.”

pass down my order. Organize the entire Army and retreat immediately. Then, escape to the Wei Dynasty as fast as possible.

“Yes.”

The subordinate immediately nodded.

The imperial capital of the Grand Xia.

In the Army base.

Shua! “Whoosh!”

Jiang Li looked at the projection in front of him. The five images represented five places. The three mech winged aerial units still hadn't found any traces of the enemy's Army.

at this moment.

In the image of Tianshui city.

BOOM! BOOM! BOOM!

holographic projection.

Jiang Li clearly saw the two million barbarian soldiers of the black snake barbarian kingdom approaching Tianshui city. They were mighty and the beasts were roaring.

On the city wall of Tianshui city.

Luo Tianshui and the others stood on top, looking at the Barbarian Army in front of them. They clenched their weapons with heavy expressions. The war was about to start.

Chapter 292 support

“Has zh01's reinforcement team not arrived yet?”

what's going on? ” Jiang Li looked at the ‘Tianshui city’ and asked in a deep voice.

“Reporting to you, chief sovereign. No.”

QX01 replied.

“.....”

Jiang Li was silent.

Outside Tianshui city.

The two million barbarian soldiers lined up in a battle formation. The battle formation rotated, and the murderous aura surged. The spiritual energy of heaven and earth gathered, and the beasts in the battle formation roared.

a vast might crushed over.

“There are too many barbarian soldiers.”

“the difference is too great.”

“It’s impossible to defend!”

“We have to defend even if we can’t!”

“We’re really dead this time.”

“.....”

On the city wall.

The 30,000 human soldiers turned pale.

In reality.

Luo Tianshui, Zhang Feiyang, and Luo Yilin all knew that if the two million barbarian soldiers in front of them launched an attack, it would be impossible for them to stop them with only 30000 soldiers.

He would die without a doubt.

he didn't even know if he could last ten minutes.

but ...

there were hundreds of thousands of people in the city behind them, and they had their friends and family. so, even if they knew that they would die, they couldn't retreat. if they retreated, everything would be over.

“Attack!”

“Take Tianshui city in ten minutes.” Man Teng waved his hand and shouted.

“Yes!”

“Archers, get ready! Fire!”

In the Barbarian Army.

Several barbarian archers issued an order.

Whoosh! Whoosh! “Whoosh!”

in that instant.

hundreds of thousands of sharp arrows filled the sky and covered the entire city wall of tianshui city.

“Set up the formation!”

Buzzzzzz!

The 30,000 soldiers formed an army formation. The murderous military Qi gathered and then condensed the vast heaven and earth spiritual Qi, forming waves of army formation light fog.

A giant crocodile beast manifested.

“A formation plate!”

Shua!

Luo Yilin waved her right hand, and the array board flew out and merged with the Army formation. The rank 1 giant crocodile army formation was upgraded to the rank 2 Dragon crocodile army formation.

“Roar!”

The drakocroc roared and charged into the sky, blocking a large number of arrows.

“BOOM!”

however ...

The grade 3 battle formation beast of the Barbarian Army pounced over. It was a 1000-meter long black python that wrapped around the huge drakocrocs.

A ‘bang’ was heard.

The drakocroc beast exploded.

“Ah!”

The formation of Tianshui city’s Army had been broken.

a large number of soldiers suffered from the backlash, and they spat out blood as they were seriously injured.

“Pfft, pfft, pfft.”

Luo Yilin coughed up blood. The formation disk flew back and fell back into her hands. Her face was pale, without a trace of blood. The backlash she suffered was even worse.

“You’re overestimating yourself.”

“A mere 30000 soldiers are trying to stop a million barbarian soldiers?”

...

“Let’s not waste any more time. His Majesty, the Barbarian King, said that we have to take down Tianshui city in ten minutes. We should quickly attack and break through the city gate.”

in the barbarian army.

The Barbarian commanders discussed among themselves.

Shua! Shua! Shua!

As soon as he finished speaking.

A group of level three barbarian commanders rushed out of the battlefield and rose into the air. Their totems manifested and condensed into totem armor. They charged toward Tianshui city.

it's a third-grade barbarian commander!

“This bi an ...”

“Be careful!”

Zhang Feiyang and the others exclaimed.

“Kill!”

...

die! Luo Tianshui shouted and burst out with true energy. She clenched the spear in her hand, and the silver true energy surged as she charged toward the third-level barbarian commander without hesitation.

Shua!

However ...

There was a figure that was faster than her.

It was MYL01.

“Demon spirit domain!”

“Whoosh!!!”

MYL01 stood in the air and opened his hands. A vast amount of demonic spirit energy was released, enveloping the surroundings and forming an extremely terrifying energy field.

“Tier 4!”

“It’s Tier 4!”

“Be careful!”

“Not good!”

All the third level barbarian commanders were shocked. The sudden appearance of MYL01 had disrupted the barbarians ‘offensive rhythm, and the power of a fourth level National Guardian was unleashed.

BOOM! BOOM! BOOM!

It could be seen.

With MYL01 as the center, the demon spirit domain covered almost the entire wall of Tianshui city. Countless sharp arrows and crossbow arrows fell from the sky, all blocked by the demon spirit domain.

the scene was extremely shocking.

Bang Bang Bang Bang!

A vast amount of energy exploded.

the third-level barbarian commanders were all knocked back by this force. they looked at the figure in the sky with fear and a serious expression.

“I’ve come to help Tianshui city under the orders of His Majesty.”

MYL01 said to Luo Tianshui and the others, ” “His Majesty’s Army will be here soon.”

“Tier 4!”

“it’s actually tier 4!”

His Majesty Emperor Xia has sent a fourth tier National Guardian to support us.

“That’s great, that’s great.”

“There’s hope, our Tianshui city is saved.”

long live Your Majesty Emperor Xia!!!

“.....”

The soldiers were extremely excited.

“It’s you!”

Man Teng looked at the MYL01, and his face turned serious. Man Teng had personally witnessed the combat power of the MYL01 in the capital of da Qian.

He had the combat power of a top national Guardian at the perfected stage of the fourth tier.

“Alright, alright, alright.”

Man Teng took a deep breath and shouted in a deep voice: ” jiang li sent you here alone. or are you so confident that you can fight against my two million barbarian soldiers alone? ”

“I’ll kill you here today.”

kill!!!

BOOM!

Man Teng's palm fell, and the power of totems condensed, turning into a palm print as vast as a mountain. With the support of the power of the country's fate, it caused the power to increase greatly.

BOOM!

MYL01 raised his palm, and the demonic energy gathered and also turned into a mountain-like palm print, which collided with man Teng's attack.

The two sides collided.

They exploded in the air at the same time.

The energy storm swept in all directions.

BOOM! BOOM! BOOM!

At this moment.

The Barbarian Army had already begun to attack Tianshui city. The siege chariots charged forward, and countless sharp arrows and crossbow arrows fell toward Tianshui city.

furthermore ...

The Barbarian Army condensed the power of totems and manifested all kinds of totems, such as tigers, lions, pythons, and so on. They bared their fangs and brandished their claws as they attacked from a distance.

Although MYL01 was supporting the demon spirit domain with all his might and blocked most of the attacks, he could not stop the million-strong barbarian Army.

Plus ...

Man Teng attacked several times, and my01 was completely passive.

obviously.

It was impossible for MYL01 to hold off an Army of Two million barbarians by himself. At most, he could only delay them.

“BOOM!”

The sound of an explosion rang out.

The gates of Tianshui city collapsed, and the city walls were also destroyed by the siege chariots.

“Ah!”

The soldiers screamed.

Heavy casualties.

“Pfft!”

Luo Tianshui coughed up blood. She had fought against three third-level barbarian commanders by herself, but she had been injured, and her silver-white armor had cracked.

“Hahahahaha!”

“Charge!”

“Kill them.”

“Attack the city!”

Countless barbarian soldiers laughed wildly. Their faces were filled with bloodthirsty smiles.

it was Jiang Li’s worst decision to send you here to help Tianshui city.

Man Teng looked at MYL01. today, I’m going to kill you with the help of two million barbarians and cut off Jiang Li’s left and right arms.

“Army formation! surround them!”

man teng waved his hand.

“Blessing of the nation’s fate!”

“roar!”

the three-clawed black dragon under man teng’s feet let out a roar. it looked up to the sky and roared. a vast national aura emerged and strengthened the two million barbarian soldiers.

The Barbarian soldiers immediately surrounded MYL01.

“Whoosh!!!”

The two stage 3 battle formations started to operate, and an extremely dense battle formation light fog enveloped the entire battlefield. The two stage 3 battle formations revealed two huge black pythons.

They hovered in the sky above the battlefield.

At the same time.

The stage 3 army formation suppressed the enemy.

They suppressed the strength of MYL01.

Furthermore ...

All the time.

There were countless sharp arrows, crossbow bolts, and totems, forming countless long-range attacks, constantly attacking MYL01.

the demon spirit domain opened.

The demon spirit energy was released.

Although MYL01 blocked most of the attacks, he was still injured. The degree of damage increased, and this consumed a lot of MYL01's energy.

The most important thing was ...

The Barbarian Army had already invaded Tianshui city.

“ah!”

Within the city.

Screams of pain rang out continuously.

After the Barbarian soldiers entered the city, they immediately started a massacre.

“Whoosh!!!”

Furthermore ...

After each barbarian soldier killed a human, they would use the totem Mystic technique to fuse the flesh and blood essence of the human into the totem and enhance the power of the totem.

so,

These barbarian soldiers killed in a frenzy and showed no mercy.

“Die!”

BOOM! BOOM! BOOM!

Man Teng continued to attack, using the secret totem technique, which turned into energy attacks and attacked MYL01. The battle was very intense.

“.....”

Jiang Li looked at the scene in Tianshui city with a blank expression.

my Lord, good news. Zh01 and his support force have entered the firing range of the artillery.

QX01 said.

“Alright,” he said.

Jiang Li’s eyes lit up. He said, ” set up an artillery formation immediately. Bombard the Barbarian Army from a distance. Other than the meches, the rest of the meches are to head to Tianshui city as fast as possible.

“Yes!”

QX01 immediately gave Jiang Li’s order.

Ten li away from Tianshui city.

“Rumble!”

the engine roared.

It was Jiang Li’s mech Army.

There were many of them.

the commotion was extremely huge.

They were heading to Tianshui city at their fastest speed.

At this moment.

A total of 40000 artillerymen left the fleet, of which 20000 were the type 2 artillerymen produced by the mech factory, while the remaining 20000 were at the peak of type 2.

set up the artillery position.

in the open space.

The 40,000 mechanical artilleries quickly set up the artillery positions, including the artillery Jeeps and cannons.

The pitch-black Barrel and the black muzzle.

Kachaa! Kachaa!

the cannon used its scouting skill to lock onto the target and confirm the trajectory.
the cannon soldiers loaded the cannons and were ready in a short time.

“Fire the cannons! Fire!”

BOOM! BOOM! BOOM!

At the same time.

40,000 cannons fired at the same time. As far as the eye could see, a sea of cannon fire lit up. The cannonballs rose into the air one after another, leaving trails of flames behind them.

the distance of five kilometers was covered in the blink of an eye.

40,000 artillery shells were fired at the Barbarian Army.

“This is a Kasaya.”

Jiang Li’s Army! man Teng raised his head and saw the 40000 cannonballs coming from afar. Jiang Li’s Army!

“Roar!”

40,000 cannonballs flew over, and the grade 3 army formation activated. The black python roared, and its 1000-meter long body slithered like a mountain, blocking the cannonballs.

but ...

The explosion of the cannonballs was too powerful. Even with the stage 3 army formation, many barbarian soldiers suffered from the backlash.

“Ah!”

It directly caused the Barbarian soldiers to die.

At this moment.

“Chief sovereign.”

QX01 reported to Jiang Li, ” No. 2 and No. 3 mech winged aerial troops have simultaneously discovered the traces of the red eyebrows Yao nation’s Army and the panic Yao nation’s Army.

Chapter 293 the storm

“Show me the scene immediately.”

Jiang Li said.

“Yes.”

qx01 nodded.

Shua! Shua!

In front of him.

two of the projected images were enlarged and occupied a large area of jiang li’s field of vision. the images were what no. 2 and no. 3 mech aerial forces had detected.

In the image.

What Jiang Li saw was the well-equipped, high morale, and large numbers of troops from the two countries.

He also saw red eyebrows and panic.

He was stepping on the true dragon of National fate.

He was personally leading the demon Army.

Obviously.

After the No. 2 and No. 3 mech winged aerial Corps entered Red Dragon County, they soon discovered the red eyebrows Yao nation's Army and the panicking Yao dynasty's Army.

Then, they followed him quietly.

The most important thing was ...

From the direction that the red eyebrows Yao Kingdom's Army and the panic Yao dynasty's Army were moving, it was obvious that the two Yao Kingdom's armies were planning to meet up in Red Dragon County.

One had to know.

Although Jiang Li had taken over five counties of the red eyebrow Yao Kingdom, he didn't send anyone to them and no one was willing to go.

As a result, the territories of the five counties were basically abandoned.

The Army of the red eyebrows Yao Kingdom and the Army of the panicking Yao dynasty were basically unimpeded.

“Chief sovereign.”

Zh06 appeared on the screen and saluted Jiang Li.

“Tell me the specific situation.”

Jiang Li said.

“Yes.”

Zh06 nodded and immediately reported, “ the red eyebrows demon Kingdom has sent two million demon soldiers this time, led by the Demon King, red eyebrows. There are estimated to be more than 50 level-three demon commanders. In addition, there are also level-two demon commanders, level-one demon elites, aerial demon soldiers, heavy cavalry, heavy-Armored Infantry, and long-range archers, bi an.

Zh06 reported the enemy’s situation to Jiang Li.

“Yes.”

” i see. ” jiang li nodded and thought, “ the red eyebrow empire lost more than a million demon soldiers last time and they’ve sent another two million this time. ”

“Are you prepared to stake everything on one throw?”

One had to know.

Chi Mei personally led two million demon soldiers and took away more than half of the red eyebrows demon Kingdom’s military forces. The red eyebrows demon Kingdom’s defense must be empty.

“That’s not right.”

No. Jiang Li shook his head. the border Kingdom of the Red-browed Kingdom is to the Xia Dynasty in the South, the black snake barbarian kingdom in the West, and the demon dynasty in the East. To the North is just a boundless desert.

“in the current situation, red eyebrows is not afraid that the domestic defense is weak and there is no worry.”

“Chief sovereign.”

Zh05 reported to Jiang Li the situation of the Yao dynasty’s Army and said in detail, ” ” the demon army of the panhuang dynasty has reached three million, led by the demon king panhuang. there are definitely more than a hundred level-three demon commanders. in addition, there are level-two demon commanders, level-one demon elites, and unrated demon soldiers. ”

“Three million,”

if the Army of the red eyebrow Empire and the Army of the panic demon dynasty work together, the number of demon soldiers will reach five million.

“The types of troops are also extremely complete.”

there’s also Chi Mei and Cang Huang. Two National Guardian level combatants.

“Such a force is truly terrifying.”

“BOOM!”

Suddenly.

An explosion was heard in the communication screen.

It was the No. 2 mech aerial unit.

They were attacked.

Birdmen and air soldiers.

The ones attacking the mech winged Air Force were the air Demon soldiers from the panicking demon dynasty. There were many Air Demon soldiers, and they had wings on their backs and used bows and Spears.

The number had reached a million!

A million demon soldiers in the air.

The No. 2 mech winged aerial unit only had 30000 soldiers.

...

Obviously.

The No. 2 mech wing aerial unit had followed the Army of the panicking demon dynasty for so long, but they had finally been discovered by the scouts of the panicking demon dynasty.

They immediately sent troops to surround and attack.

Whoosh! Whoosh! Whoosh!

Instantly.

it was countless sharp arrows. each arrow was covered with the power of the monster race's bloodline, which increased the lethality of the arrows.

“Mechanical wing storm!”

Shua! Shua! “whoosh!”

In that instant.

The 30,000 mech-winged aerial soldiers used their skills and activated the ‘mechanical wing device’. Countless ‘steel feathers’ fell from their steel wings.

One had to know.

...

A perfected-stage level-one mech pilot could control 792 ‘steel feathers’ at the same time. Each ‘steel feather’ was extremely sharp and could cause great damage at high speed.

The 30,000 mech winged aerial soldiers used their skills at the same time.

That was a total of 23.76 million ‘steel feathers’.

at this moment.

A total of 23.76 million sky-blue ‘steel feathers’ fell off and floated around the 30000 mechanical winged air soldiers.

It was shining.

“Whoosh!!!”

The 23.76 million sky-blue ‘steel feathers’ controlled by the mech-winged Air Forces began to spin in the air, dancing wildly.

After that.

A tornado!

It formed a terrifying tornado!

The ‘steel feathers’ were sharper than blades. They spun rapidly and gathered together, forming a sky-blue mechanical wing storm.

It was like a tornado.

It swept out.

In that instant.

The sharp arrows that filled the sky were torn apart by the storm of the mechanical wings.

“Ah!”

Pfft! Pfft! “Pfft!”

The storm of the mechanical wings enveloped a large number of demon soldiers in the air. The ‘steel feathers’, moving at high speed, directly tore their leather armor.

Blood splattered everywhere!

It was as if he was being dismembered.

At least a thousand airborne demon soldiers were torn into pieces by the mechanical wing storm.

“You’re looking for death!”

BOOM!

An angry shout rang out.

A perfected stage Tier 3 demon commander charged out from the demon Army in the air. He was clad in purple armor that covered his entire body. Lightning crackled around his body and purple wings sprouted from his back.

The weapon was a purple electric spear.

“Thump!”

The demon commander thrust his spear forward. Like a roaring thunder Dragon, the spear radiance tore apart the storm of mechanical wings made of 23.76 million ‘steel feathers’.

The ‘steel feathers’ were blasted away.

Many of them had been shattered.

Shua! shua! “Whoosh!”

The ‘steel feathers’ returned to the wings on the back of the mech-winged Air Force.

“Retreat!”

stop! Jiang Li shouted.

“All troops, retreat!”

Zh05 quickly replied.

“Whoosh!”

The 30,000 mech winged aerial soldiers immediately retreated. They flapped their wings and flew at their fastest speed. They had no intention of fighting and quickly retreated.

“Don’t even think about escaping!”

boom! BOOM! BOOM!

The demon commander in the air immediately gave chase. The demon soldiers in the air shot out countless sharp arrows and threw long Spears. The mechanical winged air soldiers immediately used ‘mechanical wing storm’ to block the arrows.

Fortunately ...

The speed of the mechanical winged air soldiers was very fast, much faster than the demon soldiers in the air. In the end, they lost 1000 mechanical winged air soldiers, but they still managed to escape.

“Such a fast flying speed.”

Cang zilei held the purple lightning Spear in his hand and frowned. He looked into the distance, ” what are they? The human race? But why did it have a pair of wings? It can even shed its feathers, and it’s flying so fast that I can’t even catch up to it. ”

“We must inform His Majesty.”

Shua!

cang zilei returned to the demon dynasty’s army and met with cang huang.

“Your Majesty.”

Cang Zi Lei bowed.

“Yes.”

Huanghun stood on the dragon’s head and closed his eyes to rest. He lowered his head and looked at Cang Zi Lei, ” Zi Lei, what’s the matter? ”

“Your Majesty.”

Cang zilei replied,”my scouting demon soldiers have discovered that there are enemies following us. Although there aren’t many of them, only tens of thousands, the enemies are very strange ..”

“What do you mean?”

did you catch him? ” he asked in a panic.

“no, i didn’t,”

Cang zilei shook his head, ” those enemies clearly have the appearance of a human, but they have wings on their backs. Their feathers can even fall off and form weapons to attack the enemies.

furthermore, after these enemies were killed, their corpses actually turned into countless motes of light and dissipated.

human appearance and a pair of wings. Could he be a half-demon? ”

At this moment.

Another demon commander at the perfected stage of Tier 3 said.

“No.”

Cang zilei shook his head, ” I didn’t sense any half-demonic powers from them. I didn’t even sense any energy fluctuations. It’s really strange.

“i’ve already guessed it.”

After thinking for a while, he said, ” the corpse turned into countless light spots and disappeared. It has the appearance of a human but has wings on its back. However, it is not a half-demon.

I think only Emperor Xia of the Xia Dynasty, Jiang Li, can send such special soldiers.

Jiang Li, Emperor Xia.

Your Majesty, didn’t you say that although Jiang Li conquered the great Qian dynasty, he also suffered heavy losses? ”

“this bi an ...”

Cang Zi Lei and the others couldn’t help but ask.

“That is the truth.”

standing up in a panic, he placed his hands behind his back and cast his gaze in the direction of the imperial capital of the grand xia. slowly, he said, Jiang Li’s Army has indeed lost more than half.

however, last time in the capital of da Qian, I didn’t see any winged soldiers in the air, but they did this time.

“And he was sent out to investigate our background.”

I think Jiang Li must have something up his sleeve that I don’t know.

“Then how should we deal with it?”

Cang Zi Lei asked.

“A response?”

Huanghun laughed loudly and said with disdain, ” “Hahaha, Yingluo, there’s no need for any response.”

man Teng of the black snake barbarian kingdom has sent two million barbarian soldiers. Mei ‘er will lead two million demon soldiers to meet with my three million demon soldiers in the red Dragon County.

“In addition to Shi Qingtian’s Army.”

“tens of millions of soldiers are attacking the capital at the same time. what can jiang li do? What could he use to resist? He’s already a turtle in a jar, and he’s dead for sure. No matter how he jumps, he can’t escape.”

“It’s useless to have any backup plans.”

“What we need to worry about is how to take away the fate of the country from Shi Qingtian after we destroy the great Xia Dynasty.”

“you’re right, your majesty,”

“Your Majesty is wise!”

All the monster commanders agreed.

increase the speed of the Army and reach the Red Dragon County as soon as possible to join up with the Army of the red eyebrows Yao Kingdom. Then, we will attack the imperial capital of the great Xia.

He ordered in panic.

“yes!”

All the monster commanders responded in unison.

.....

the imperial capital of the grand xia.

In the room in the ruler’s hub.

“Zh05, zh06, immediately lead the mech aerial unit back.”

” go! ” jiang li ordered.

“Yes!”

Zh05 and zh06 responded at the same time.

In reality.

The mech winged aerial unit’s mission had also been completed.

Jiang Li now knew the whereabouts of the red eyebrows and the panic Kingdom’s troops. He also knew their deployment and types of troops.

The next step was to target the minions.

In reality.

The reason why Jiang Li created the 100000 mechanical winged air troops and divided them into three groups was to get information about the red eyebrows shifter Kingdom, the panic shifter dynasty, and the lion barbarian kingdom.

Jiang Li had to figure out how many soldiers they had sent out first. Only then could he make a counter-attack based on the information.

They didn't want to blindly increase their forces without any purpose.

Good steel should be used on the blade.

Although Jiang Li had more than ten billion energy points now, he couldn't just build meches without thinking. It would only waste energy points.

create 2700 normal mechanical production soldiers.

Jiang Li first used 270 million energy points.

Shua!

The manufacturing interface appeared.

On the interface was an illusionary figure that was slowly rotating. There was a number 'X2700' beside it, and countless light spots filled it.

It gradually solidified.

Chapter 294 violent Army

A minute later.

[creation complete!]

A notification appeared.

Shua! Shua! Shua!

The next moment.

2,700 normal mechanical soldiers appeared out of thin air and stood on the open space outside.

“My Lord!”

” jiang li! ” they saluted jiang li at the same time and greeted him in unison.

“yes.”

alright. Jiang Li nodded and said, ” go to the mech factory and start working.

“Yes.”

The 2,700 normal mech production soldiers said in unison.

They all walked into the mech factory.

The mech factory had three floors.

There were ten ordinary mech production lines on each floor, and each line needed ten ordinary mech production soldiers to operate.

If he had 100 normal meches, then the efficiency of each normal mech production line would be maximized.

so,

Jiang Li had only created 2700 ordinary meches to maximize the efficiency of the 'ordinary mech production line'.

This would save a lot of time.

Hidden Dragon, run the mech factory at full power and produce two million level one meches, five hundred thousand level two meches, and one hundred and one thousand level three meches.

five types of level-one meches, " Jiang Li said. combat meches, cold weapon meches, firearm meches, biochemical meches, and mech winged aerial soldiers. Make 400000 of each.

5 types of Level 2 mech Army, 100000 of each type.

of the four types of level three meches, twenty-five thousand liquid metal meches, twenty-five thousand exoskeleton armor meches, twenty-five thousand laser weapon meches, and twenty-six thousand ultrasonic meches will be produced.

After that.

Hidden Dragon's voice sounded, " we'll build a total of 2.61 million meches. Two million level one meches will consume two million energy points and two hundred million pounds of steel materials. 500,000 level two meches required 50 million energy points and 500 million pounds of steel materials. 1.1 billion energy points and 1.1 billion Jin of steel materials will be used for 1101000 Level 3 meches."

"Hegemon, Are you sure?"

"Yes!"

sure. Jiang Li nodded.

activate the mech factory.

Buzzzzzz!

Very quickly.

The mech factory was projected in front of Jiang Li through Hidden Dragon. The thirty normal mech production lines were running at full power.

he started to build meches.

The normal mechanical production soldiers disappeared into thin air. Through space teleportation, they were all transported to the great Xia Dynasty's Treasury where steel materials were stored.

Buzzzzzz!

The wormhole tunnel appeared.

the ordinary mech-production soldiers began to work, sending large amounts of steel materials into the wormhole tunnel and into the black furnace.

on the first floor of the mech factory.

“Rumble!”

There were ten black furnaces operating at full power, smelting steel and producing rumbling sounds.

He started to build meches.

Each ordinary mech production line now had 100 ordinary meches, which greatly improved the work efficiency.

The efficiency was increased by ten times.

In the past, he only had 10 normal mechanical production soldiers.

a normal mech production line could produce 1000 level one meches every 10 seconds. now that the efficiency had increased by 10 times, it could produce 1000 level one meches in one second.

In the image.

Shua! Shua! “Whoosh!”

Rays of black light shot out from the black furnace. The light was so bright that level one meches appeared out of thin air.

The 10 production lines on the first level could produce 10000 Level 1 meches in a second.

Two million level one meches needed 200 seconds, which was 60 seconds per minute. It would only take three minutes and twenty seconds to build all two million level one meches.

On the second floor of the mech factory.

The situation was similar.

His work efficiency had increased by ten times.

...

On the second level, each normal mech production line could produce 100 level two meches every second. Ten normal meches would be 1000.

It would take 500 seconds to create 500000 Level 2 meches, which was 8 minutes and 20 seconds.

On the third floor.

Each normal mech production line could produce ten level three meches every second. Ten normal meches production lines meant one hundred.

it would take 1000 seconds to create 11000 level 3 meches.

That was 16 minutes and 40 seconds.

Shua!

Jiang Li opened the Dominator panel.

” create one million level one meches, including combat meches, cold weapon meches, firearm meches, biochemical meches, and mech winged air meches. two hundred thousand each. ”

create 100000 Level 2 meches, 20000 for each of the five types.

create 1000 Level 3 meches, 250 of each of the four types.

...

Jiang Li controlled the Dominator panel and created 1.1 million and 101 thousand meches, which cost him 210 million points.

The manufacturing interface appeared.

In the interface.

a total of 14 illusionary figures appeared, each representing 14 different units. there was a number beside each illusionary figure.

Countless light spots filled it.

it gradually solidified.

A minute later.

[creation complete!]

A notification appeared.

Shua! Shua! “Whoosh!”

After that.

1.1 million and 101 thousand meches appeared out of thin air in the open space of the Army base. They were divided into 14 groups according to the different types of soldiers.

they lined up neatly.

“My Lord!”

” thank you! ” the one million meches shouted in unison and saluted Jiang Li.

“Yes.”

okay. Jiang Li looked at the meches outside and nodded in satisfaction.

shua! Shua!

” congratulations, my lord. as you created 200000 cold weapon meches at the same time, a special probability has been triggered. you’ve received level-one elite

meches 'hammer mech x100', 'archer mech x100', 'spear mech x100', and 'axe mech x100'. ”

[congratulations, Lord. Because you created 20000 mechanical Rangers at the same time, a special probability has been triggered. You have received one stage two elite soldier type 'mechanical Emperor crocodile Ranger' and one 'mechanical mammoth Ranger'.]

Jiang Li received two notifications.

Elite troops had appeared.

There were 400 rank 1 elite soldiers and 2 rank 2 elite soldiers.

“It’s alright.”

I’m fine. Jiang Li nodded. just average.

“All of them will be promoted.”

upgrade. Jiang Li started to use energy points to upgrade one million early-stage level one meches, including four hundred.

It consumed 14056000 energy points.

upgrading 100,000 early-stage level 2 meches, including the two early-stage elite meches, consumed 1.4028 billion energy points in total.

Upgrading 1,000 early-stage level three meches used up 1.4 billion energy points.

so,

Jiang Li used 2.94084 billion energy points this time.

On the empty ground of the Army base, the one million meches were all shining with white light.

A few seconds later.

The promotion was complete.

upgrade two perfected stage two elite troops.

Jiang Li used four level-three soul Tinders and 40000 energy points to upgrade the two newly-acquired mechanical crocodile and mammoth Rangers to level three.

buzzzzzz!

White light flashed on the bodies of the two perfected stage two elite troops.

He immediately completed the promotion.

They were upgraded to the psionic crocodile cavalry and the psionic mammoth cavalry.

“Continue.”

Immediately after.

Jiang Li used another 5.6 million energy points to upgrade two elite troops at the early stage of level three to the perfected stage.

After nearly 20 minutes.

In the mech factory.

Two million level one meches, five hundred thousand level two meches, and one hundred and one thousand level three meches had all been built.

It took 1.8 billion pounds of steel materials to make so many meches, which was nine hundred thousand tons.

Great Xia's Treasury.

Jiang Li didn't count the number of weapons and armors he got from the Qian dynasty, so he didn't know how many there were.

However, more than half of them were melted into steel and used to make meches.

It had to be said.

The wealth that the great Qian dynasty had accumulated over the years was extremely shocking.

he had created more than two million meches and used up 900000 tons of steel materials. there were still half of them left. he could probably forge another 800000 tons of steel materials.

"It's done."

Jiang Li looked at the meches in the mech factory and the Army base and nodded. three million meches are enough.

Soon after.

Jiang Li made ten more Intel meches and upgraded them to the perfected stage of level one, which cost him 1500 energy points.

Used to maintain communication.

BOOM! BOOM! boom!

The ground shook.

There were a total of 3711000 meches.

It could be seen.

The meches all sat in large military transport trucks. The mech winged aerial soldiers formed an Air Force and flew above the convoy.

They were like dark clouds that covered the sky.

ynjs01.

go with 'No. 2' immediately, " Jiang Li said. meet with No. 2 and No. 3 mech aerial unit at the mountains.

stop the Alliance Army of the red eyebrow Yao Kingdom and the panic Yao dynasty.

"yes."

Ynjs01 nodded and left the room in the control hub.

King Qian's walking corpse followed.

"2nd Legion, move out!"

"Rumble!"

A large military transport truck was driving, followed by artillery off-road vehicles and main battle tanks. The roar of the engine was extremely loud.

A fleet of hundreds of thousands of people.

The ‘No. 2 Legion’ drove out from the four city gates of the base, like four long Dragons.

After that, the four long lines gathered together on the main road of the great Xia Dynasty and marched towards the gate of the great Xia capital.

A huge fleet of cars.

The mech winged aerial unit was like a dark cloud that covered the sky.

In the surroundings.

The citizens looked over at the convoy that had suddenly appeared, the weapons in the vehicles, and the soldiers in the sky.

All of them were dumbfounded.

is this the Army of His Majesty, Emperor Xia? ”

“This Suan ni, this Suan ni”

“isn’t it said that his majesty emperor xia’s army suffered heavy losses? Half a day ago, His Majesty Emperor Xia sent out an Army to support Tianshui city. Now, another army has appeared.”

most importantly, this Second Army has several times more soldiers than the first Army!

“Si si si ...”

Everyone’s eyes almost popped out as they looked at the fleet of meches.

Chapter 295 Success

The mech Army of more than three million soldiers had left the capital of the Grand Xia. The long line of vehicles gradually disappeared into the distance.

Atop the city walls of the imperial capital of the Grand Xia.

Hong Tianqi and the others stood on top and looked into the distance. They could not calm down for a long time. They were extremely excited and could not calm down.

unbelievable, truly unbelievable.

Hu Dong muttered, " His Majesty actually hid such a terrifying Army. We really didn't have any news at all.

"the number of carriages is at least several times that of the first army!"

"Looking at this direction, this Army is advancing towards the Green Mountain Range."

"They should be there to stop the red eyebrows Yao Kingdom's Army."

"There's also the panicking demon dynasty."

Wu Zong and the others were discussing.

At this moment.

Shua!

Jiang Li opened the Dominator panel.

He had already sent out his second Army and ynjs01. He only left one psionic demon mech, three holographic meches, and a hundred ultrasonic meches with him.

There was also an ordinary ruler-level armored soldier.

soul Tinder fusion function activated. Fuse stage-three soul Tinder.

There were 35 level-three soul Tinders left. He had used four to upgrade the two elite troops, so he could fuse three times with 35 level-three soul Tinders.

Jiang Li had tried to merge them twice, but both failed. He had wasted twenty level-three soul Tinders.

The fusion interface appeared.

In the interface.

The ten Tier 3 soul Tinders were lined up in a row, and the ten pure white spots of light gradually gathered in the middle and then fused together.

merging in progress. Countdown: 10,9,8,7 ”

A notification appeared.

Ten seconds later.

“Whoosh!!!”

An extremely dazzling white light bloomed and covered the entire fusion plane. It was a little glaring.

[fusion failed!]

Four big red words jumped out.

“continue.”

Jiang Li frowned and continued to fuse the level-three soul Tinder.

The fusion interface popped up.

In the interface.

It was still ten level-three soul Tinders. The pure white soul light spots were arranged in a row, and as if there was a gravitational force between them, they fused together.

merging in progress. Countdown: 10,9,8,7 ”

Ten seconds later.

“Whoosh!!!”

what’s wrong? ” Jiang Li saw a bright white light. It was as bright as light and made his face turn pale.

[fusion failed!]

He failed again.

“I failed again.”

Jiang Li took a deep breath. I only have fifteen level-three soul Tinders left. I can only fuse them one more time. I've failed four times in total.

“Let's hope this last time will be a success.”

Jiang Li murmured.

“Fuse.”

fuse. Jiang Li activated the soul Tinder fusion function again and controlled the level-three soul Tinder to fuse.

The fusion interface appeared.

The ten pure white soul Tinders slowly gathered together.

merging in progress. Countdown: 10,9,8,7 ”

Ten seconds later.

“Whoosh!!!”

this time.

The situation was a little different.

Although Jiang Li still saw white light, in the center of the white light, there was a pure golden light that quickly dyed the white light around it.

...

jiang li was overjoyed.

In the blink of an eye.

The white light turned into pure gold.

Finally, it condensed into a pure golden light spot.

[fusion successful!]

A notification popped up.

“I’ve succeeded.”

Jiang Li’s eyes lit up and he was overjoyed. He clenched his fists and smiled. He said, ” “It’s not easy, really not easy.”

I failed four times in total and wasted forty level-three soul Tinders. Finally, I successfully fused a level-four soul Tinder.

In reality.

The success rate of fusing a Tier 3 soul Tinder into a Tier 4 soul Tinder was only one in nine, and it required nine fusions to succeed once.

...

Jiang Li had only fused five times and successfully fused a level-four soul Tinder. He was already quite lucky.

how’s the battle situation of the 1st Legion in Tianshui city? they should be gaining the upper hand soon.

Shua!

Jiang Li asked QX01 to enlarge the projection of Tianshui city, which took up a large area of vision. The situation of the battlefield was reflected in Jiang Li's eyes.

In the image.

BOOM! BOOM! BOOM!

The sky was filled with flames.

“Kill!”

The 1st Legion had officially started fighting with the two million barbarian soldiers. Tens of thousands of cannonballs were fired in the air, and the sound of explosions resounded in all directions.

on the battlefield.

The one million meches and 300000 walking corpse puppets fought with the two million barbarian soldiers. The battle was very intense.

The tanks exploded and the machine guns fired.

A rain of bullets covered the entire battlefield.

“Roar!”

The beasts in the battle formation roared and blocked a large number of attacks. Countless sharp arrows and crossbow bolts fell into the mech Army, and the siege chariots charged forward.

The Barbarian soldiers gathered together and gathered the power of their totems. They formed vivid totems and charged forward, exploding in the mech Army.

The battlefield was in chaos.

“Ah!”

Pfft! Pfft! “Pfft!”

Blood splattered everywhere.

One by one, the Barbarian soldiers fell to the ground, becoming corpses.

At the same time.

Some of the meches were destroyed and turned into light spots that scattered in the sky. They were recycled as energy points. Some of the meches produced by the mech factories were destroyed and turned into scrap metal.

Although the number of the ‘1st Legion’ was not as many as man Teng’s 2 million barbarian Army, and with the suppression of the stage 3 army formation, their combat power was reduced, and the shells and bullets were also blocked by the Army formation.

but ...

Jiang Li’s meches were at a high level and their quality was better than man Teng’s barbarian soldiers, so Jiang Li’s No. 1 Army had the advantage from the beginning.

In addition, the 300 perfected-stage level three meches and 3000 level three meches formed a powerful Army. They were invincible on the battlefield.

They could only rely on the strength of the beasts in the battle formation to barely hold on.

As time passed.

The disadvantage of man Teng’s two million barbarian soldiers was getting bigger and bigger.

High up in the sky.

“BOOM!”

“Roar!”

The National aura true dragon roared. Man Teng and the MYL01 fought for nearly half an hour. Although man Teng was only at the middle stage of level four, when he unleashed his totem's power, coupled with the power of the National aura and the support of the level three army formation, his strength barely reached the perfected stage of level four.

However ...

It was barely enough.

myl01 was a true perfected stage of tier 4. in addition, it was a special troop type equipped with several skills, so its combat power was extremely powerful.

Without the harassment of the Barbarian Army and the military formation, the Barbarian Army was much stronger.

MYL01 was going all out against man Teng.

He had already suppressed man Teng.

“Kill!”

‘BOOM!’ There was a loud sound.

MYL01 attacked with all his might. His speed was extremely fast, and he arrived in front of man Teng in an instant. With the gathering of vast demonic spirit energy, a mountain-like palm print was formed.

At the same time.

the devil spirit domain spread out and suppressed man teng.

“Black snake secret technique! Nine-headed snake!”

Man Teng roared. His face was filled with fear. He burst out with all his strength. The totem power in his body condensed, and with the blessing of the country’s fate, he condensed a giant python with nine heads.

“Roar!”

The giant python roared.

They charged forward.

“BOOM!”

MYL01’s palm landed and directly shattered the Hydra totem. The sky was filled with a dazzling explosion of light, forming storms.

“Ah!”

Pfft!

Man Teng screamed, spat out blood, and retreated.

“Roar!”

The true dragon of National aura let out a sorrowful roar.

“Alright!”

Jiang Li's eyes lit up. He sent an order through the holographic mech and shouted, "MYL01, take this opportunity to destroy the formation. Don't let any of these two million barbarian soldiers go. Try to keep man Teng here!"

"Yes!"

MYL01 replied.

His figure flickered and disappeared from his original spot. He descended from the sky and charged into the battlefield, directly blasting a palm attack.

The demonic spirit energy gathered into a vast energy palm print.

"Roar!"

There was a loud 'bang'.

The beasts in the battle formation wailed.

MYL01's full-force Palm shattered the two Battle Beasts. Their huge bodies exploded and turned into black light spots that scattered in the sky.

The Army formation was broken.

"Ah!"

A large number of barbarian soldiers cried out in pain as they suffered the backlash from the formation.

"Rumble!"

Immediately after.

The Army formation had been broken, and there was no longer the suppression and obstruction of the Army formation.

The meches of the No. 1 Army had recovered their strength and combat effectiveness. They suppressed the Barbarian Army with machine guns, shells, rocket launchers, and tanks.

the laser beam almost penetrated half of the battlefield.

Pfft! Pfft! Pfft!

At this moment.

one by one, the barbarian soldiers were slaughtered, killed, and their corpses were blown to pieces.

The grade 3 barbarian commanders fell one after another.

It directly turned into a one-sided massacre.

“This Suan ni, this Suan ni”

“This is crazy. This is crazy.”

“Invincible! He’s invincible!”

His Majesty Emperor Xia’s Army is too strong. It’s too strong.

“It was a completely one-sided war!”

“Si si si ...”

“Long live Your Majesty Emperor Xia! Long live Your Majesty Emperor Xia!”

in the celestial water city.

Although the soldiers who survived were all injured, they were still excited when they saw the situation on the battlefield. The two million barbarian soldiers were crushed and slaughtered.

Everyone was cheering loudly.

“Sister Tianshui, how are your injuries? Fortunately, His Majesty Emperor Xia sent reinforcements in time, and he even sent a fourth stage National Guardian level master. Otherwise, Tianshui city would really be finished.”

Luo Yilin’s face was pale, and she hadn’t recovered yet. She walked to Luo Tianshui.

“Yes.”

Luo Tianshui nodded and relaxed. I’m fine. I didn’t expect that Emperor Xia would send such a strong Army to suppress the Barbarian Army from the beginning.

the weakest of these soldiers is at the early stage of level one.

“What a terrifying Army.”

Shua!

[acquired a first-stage soul Tinder!]

.....

[acquired a first-stage soul Tinder!]

.....

[acquired a stage-two soul Tinder!]

.....

[acquired a Tier 3 soul Tinder!]

.....

On the battlefield of Tianshui city.

As the meches killed a large number of barbarian soldiers, level two and level three barbarian commanders, notifications popped up in front of Jiang Li's eyes.

It was like a flood of messages.

Most of them were level-one soul Tinders, a few were level-two soul Tinders, and there were only a handful of level-three soul Tinders.

the number of jiang li's soul tinder was increasing rapidly.

One had to know.

the two million barbarian soldiers led by man teng were all elite soldiers of the black snake barbarian kingdom. they were of good quality, but unfortunately, they were facing jiang li's mech army.

retreat!!!

Man Teng's eyes were filled with fear. He was already injured, and it was not a light injury. The Barbarian soldiers had suffered heavy losses, and half of the third-grade barbarian commanders had fallen.

If they continued fighting.

Then, the entire Army would be annihilated.

“How did this happen?”

Man Teng still couldn't accept the fact. didn't Jiang Li lose a lot of troops? Why are they still able to send a million soldiers?”

“What's going on?”

Chapter 296

Man Teng led the Barbarian Army and began to retreat. They fled in panic, and their morale was completely destroyed. The long-range cannonballs bombarded the battlefield, and tens of thousands of shells exploded at the same time. The scene was shocking, and a large number of barbarian soldiers were killed.

“Rumble!”

“Ah!”

The screams continued.

The scene was tragic.

kill!!!

Jiang Li's meches charged in front while The Walking puppets roared and started to chase the Barbarian Army. The main battle tanks charged forward at full speed.

BOOM! boom! BOOM!

The tanks exploded.

The sound of explosions continued.

On the battlefield.

the explosion created a huge pit.

Da da da da

The tank machine guns and firearm meches were firing wildly. The hundreds of thousands of machine guns formed an endless rain of bullets that covered the entire battlefield.

Pfft! pfft! “pfft!”

Blood splattered everywhere.

The Barbarian soldier’s armor was pierced through, and his body was almost turned into minced meat by the bullets.

At the same time.

The mechanical Rangers swept across the battlefield, and the Rockets fired from the rocket launchers killed a large number of barbarian soldiers and killed the level 2 barbarian commander on the battlefield.

“BOOM!”

The psionic crocodile Emperor Rangers, the psionic mammoth Rangers, and the psionic Overlord Dragon Rangers all released powerful mechanical psionic energy and crushed the battlefield.

Hundreds of meters of psionic sword rays, psionic spear rays, and psionic hammer shadows fell from the sky and smashed the third-grade barbarian commander to death. Basically, no barbarian was their match.

“We’re finished!”

Man Teng’s face turned pale as he looked at the scene on the battlefield. A look of horror appeared in his eyes, ” I can’t stop it, I can’t stop it at all!

Jiang Li’s soldiers are too strong. Even the weakest one is at the early stage of level one, and there are eight top-tier experts at the perfected stage of level three. The gap is too big.

“dammit! Damn it! Damn it!”

Man Teng was panicking and roaring in his heart,”how did things turn out like this? How did it become like this? This is completely different from what I had expected!”

how can Jiang Li have such a powerful Army?!

One had to know.

when man teng led two million barbarian soldiers into the territory of the great xia dynasty, he was full of vigor, confidence, and confidence.

He thought that he could easily take down Tianshui city, then lead the Barbarian Army straight into the capital of the great Xia Dynasty and seize the territory of the great Xia Dynasty.

However ...

However, reality had given him a hard blow.

let's go. Jiang Li sent out a million meches, led by MYL01, and crushed man Teng's two million barbarian soldiers.

“Run!”

Man Teng could no longer care about the Barbarian Army behind him. The true dragon of National aura under his feet roared and became one with man Teng, escaping at full speed.

“MYL01, stop man Teng.”

go! Jiang Li ordered.

“Yes.”

Shua!

MYL01 performed the void-ification technique and turned into a ghost-like state. His speed increased sharply, and after catching up with man Teng, he immediately exited the void-ification state.

BOOM!

The skill was released.

Demonic spiritual energy gushed out. A vast amount of demonic spiritual energy palm print fell down like a huge black Mountain. It fell from the sky and attacked man Teng.

“!!!”

man teng's pupils contracted, and he turned to look at my01, ” how can he be so fast? They've caught up to us so quickly.”

BOOM!

Man Teng gathered the power of his totem and released a vast amount of energy. With the blessing of the power of the nation's fate, a black snake totem that was a thousand meters long was formed.

It was like an ancient giant snake.

At the same time.

The three-clawed Black Dragon appeared.

it formed a scene of dragons and snakes dancing.

BOOM!

...

Man Teng blocked MYL01's attack and retreated at full speed, trying to escape, but MYL01 was in hot pursuit. Both sides gradually left the battlefield.

High up in the sky.

the two sides fought intensely, exchanging blows, producing a series of explosions that shook the surrounding space. the aftershocks of the battle spread, and even the ground was cracked by the aftershocks.

The spiritual Qi of heaven and earth formed a storm.

The black serpent, giant python, and the three-clawed Black Dragon circled around man Teng, forming a scene of Dragons and snakes dancing, blocking multiple attacks from MYL01.

MYL01 released his demon spirit domain, suppressing man Teng. He used his skill, and the mechanical psionic energy fused with the black soul gas to form the demon spirit energy.

MYL01 was controlling the demonic spirit energy to release attacks again and again.

“The demonic spirit Mountain! Suppress!”

BOOM!

MYL01 released a vast amount of demonic spirit energy, which condensed into a huge energy mountain. It was really like a giant peak that was thousands of meters high.

It pressed down directly.

...

“Ah!”

BOOM!

The sound of an explosion rang out.

Man Teng screamed in pain. The black python condensed from totem power was shattered by the devil spirit Mountain of MYL01, and its huge body exploded.

It exploded into black spots of light that filled the sky.

“Pfft!”

man teng vomited blood and retreated. his face turned pale. he clutched his chest and spat out another mouthful of blood. he looked at myl01 in horror.

shua!

MYL01 “s figure flashed and appeared in front of man Teng.

BOOM!

He raised his hand and struck down.

“You!”

man teng raised his head and widened his eyes. then, he raised both of his hands and blocked in front of his body.

kachaa!

Man Teng’s arms were broken by the palm of MYL01, and the broken bones pierced through the skin. Blood splattered everywhere, and man Teng screamed in pain.

“No!”

Man Teng roared with a look of despair and madness, ” true dragon of the nation, let’s explode! We’ll die together!

As soon as he finished speaking.

Man Teng rushed to MYL01 at full speed. The three-clawed Black Dragon expanded and released the energy of the National fate. Man Teng was going to self-destruct the National fate of the black snake barbarian kingdom and perish together with MYL01.

Shua!

MYL01 did not retreat but advanced instead. His speed increased and he appeared behind man Teng in an instant. His demon spirit energy condensed and formed a Solid Energy blade.

The demonic spirit energy blade streaked across the void.

“pfft!”

Blood splattered everywhere.

Man Teng’s head was cut off by MYL01 just like that. Blood gushed out from the broken neck like a fountain, forming a blood pillar.

“Roar!”

The three-clawed Black Dragon appeared and circled in the air. It let out a sorrowful roar and then began to disperse, turning into invisible National aura and dissipating.

Man Teng was dead!

Shua!

myl01 grabbed man teng’s head.

“The Barbarian king is dead!”

After that.

MYL01 looked at the Barbarian Army below, holding man Teng’s head in his hand, and shouted loudly. The three-clawed Black Dragon gradually dispersed above MYL01’s head, letting out a sorrowful roar.

“Barbarian King!”

“No!”

“His Majesty is dead. His Majesty is dead, Zhenzhen!”

the true dragon of the country’s fate is collapsing. The country’s fate is collapsing!

“This can’t be real, it can’t be real!”

“how could this be? How could this be?”

at this moment.

The Barbarian soldiers broke down.

The Barbarian King was dead.

The true dragon of National aura dispersed.

They had lost all hope.

kill!!!

“exterminate the barbarians!”

BOOM! BOOM! BOOM!

The meches didn’t show any mercy. They carried out Jiang Li’s order loyally and attacked with all their might. They killed the Barbarian soldiers one by one and started a massacre.

At the same time.

MYL01 also joined the battle.

The battle in Tianshui city was gradually coming to an end.

“I won.”

man Teng is dead. Jiang Li looked at the scene on the projection and smiled. with the two million Elite Barbarian soldiers killed, the black snake barbarian kingdom has lost 90% of its power. It's basically over.

“Roar!”

At this moment.

” roar! ” the azure dragon in jiang li's body roared and then showed itself. a ray of azure light shot into the sky.

after that.

High up in the sky.

The thousand meter long Azure Dragon of the Grand Xia appeared, sitting cross-legged in the air above the imperial capital. Azure light radiated from it, and the fate of the nation surged forth, forming a powerful aura.

“A true dragon of National fate!”

“In the sky! That's the true dragon of the nation!”

“It's too spectacular.”

I didn't expect to be so lucky to be able to see the great Xia Dynasty's true dragon. It's so majestic and huge.

“!!!”

Within the capital.

The commoners looked at the Azure Dragon. The lifelike true dragon spiralled in the sky. Its body was like a mountain range, and most of its body seemed to be hidden in the clouds.

The enormous Azure Dragon head and the dragon's eyes were like gemstones that were crystal clear as it looked down at the people in the capital.

Buzzzzzz!

At this moment.

All of a sudden, invisible National aura gathered from all directions. The vast amount of National aura poured into the body of the Azure Dragon of the great Xia.

The Azure Dragon of great Xia devoured all of these invisible National aura.

His body was growing at a speed visible to the naked eye.

“It's the Fortune of the black snake barbarian kingdom.”

Jiang Li looked at the Azure Dragon in the sky and immediately realized what was going on. He activated the Azure Dragon technique and helped the Azure Dragon devour the Fortune of the black snake barbarian kingdom.

Obviously.

The Barbarian King of the black snake barbarian kingdom was killed by Jiang Li's subordinate. Although the black snake barbarian kingdom was not destroyed, the death of the Barbarian King had caused the fate of the country to be lost.

half of the black snake barbarian kingdom's fate was inherited by the great xia dynasty. naturally, it was completely devoured by the azure dragon of the great xia.

“the azure dragon of the xia dynasty is devouring the fate of the nation.”

When han Liqi saw the Azure Dragon of the great Xia grow, he exclaimed, ” “but where does the fate of the nation come from?”

“Did you forget? His Majesty has sent two armies. The first Army went to Tianshui city, and the second Army went to the Qingshan mountain range.”

since the fate of the Xia Dynasty is growing, ” Hong Tianqi said, ” it means that His Majesty's Army has won the war.

won?!

“His Majesty's Army won?”

“This Suan ni, this Suan ni”

Hu Dong and the others were shocked.

“That's the only possibility.”

Han Liqi took a deep breath. He was shocked and could not calm down for a long time. I just don't know which war won.

“I'm guessing it should be the battlefield in Tianshui city.”

based on the speed of the second troop, they should have just arrived at the mountains. I'm afraid they haven't fought with the enemy yet, ” Hong Tianqi said.

only the first Army that has set off can fight with the black snake barbarian Kingdom's Army.

“it's good to win, it's good to win!”

“yup! That's right!”

“Only when His Majesty's Army wins will we be safe. Only then will the great Xia Dynasty be able to survive.”

Wu Zong and the others said excitedly after they regained their senses.

Celestial water city.

The 1st Legion began to close in the battlefield and surrounded the Barbarian Army. They would not let a single barbarian go, and they were going to kill all two million barbarians.

QX01, contact mech aerial Unit 1.

jiang li looked away from the battlefield in tianshui city. the situation in tianshui city had been completely stabilized. man teng was killed by myl01. what was left was to clean up the mess.

Chapter 297 The harvest

“Yes.”

QX01 replied.

Shua!

Immediately.

The projection of the No. 1 mech aerial unit was enlarged in front of Jiang Li's eyes. Zh04's figure appeared on the screen.

"Chief sovereign."

"jiang li." zh04 saluted jiang li.

"Yes."

"okay." jiang li nodded and asked, "how's the situation?"

"Reporting to you, chief sovereign."

the No. 1 mech aerial unit has not reached Ling Jue County yet," zh04 replied. however, on their way here, they have passed by a few County cities and discovered that there are a few human troops gathering from all directions. They are currently marching towards the imperial capital of the great Xia.

"The human army."

Jiang Li muttered.

"Yes, I am."

yes. zh04 nodded. this is the Short Video recorded by the Intel mech. Please have a look.

Shua!

The video was transmitted.

The recorded Short Video started to play.

In the video.

Jiang Li saw several human troops marching toward the imperial capital. He recognized them.

it was the county army led by jinmu rou and luo ming.

“Oh.”

it’s not bad, ” Jiang Li murmured. Jin murou and the others can lead the county Army to the imperial capital to help.

To tell the truth.

Jiang Li thought that Jin muyao and the others would be lucky if they didn’t leave the great Xia Dynasty with the Army. He didn’t expect that they would come to help.

“chaoyang county!”

At this moment.

in the Short Video.

jiang li saw moke leading the chaoyang county army. they were driving carriages filled with resources and marching south as fast as they could.

“To the South is the ‘Wei Dynasty’, ”

Wei Dynasty? ” Jiang Li said coldly, ” it seems like County King Moke is taking the troops and resources of Chaoyang County to the Wei Dynasty to take refuge.

“Chief sovereign.”

“Although we didn’t find any traces of the lion barbarian Kingdom’s Army, we’ve already heard some news about them,” zh04 continued.

the Army of the lion barbarian kingdom has already invaded the great Xia Dynasty and occupied the Ling Jue County. They are probably marching towards the imperial capital of the great Xia Dynasty.

“Why didn’t you report it in time?”

what’s wrong? ” Jiang Li asked in a deep voice.

“My Lord, this is because the war in Tianshui city broke out, and the No. 2 and No. 3 mech aerial Corps reported to you in an emergency. You were also building meches, so the news of the No. 1 mech aerial Corps was delayed.”

QX01 explained.

“Chief sovereign, there’s news from the second Army.”

QX01 said.

“Speak,” he said.

Jiang Li said.

Shua!

The projection screen appeared.

In the image.

the 2nd mech squad that ynjs01 was in had already arrived at the green mountain range and had met up with the 2nd and 3rd mech winged aerial unit.

At the same time.

zh05 and zh06 took over the command of the battlefield.

With the geographical location and terrain of the Green Mountain Range, and according to the characteristics of different troops, they began to arrange the battlefield frontline, setting up artillery positions, machine gun positions, and tank positions.

Not only that.

He even had the mechanical Rangers, combat meches, cold weapon meches, and biochemical meches set up many traps and ambushes, waiting for the red eyebrows demon Kingdom and the panic demon dynasty to arrive.

the battlefield commander's battlefield command skills came into play at this time.

“Chief sovereign.”

...

Zh05 and zh06 saluted Jiang Li and said, ” we’ve already set up the battlefield and set up many traps and ambushes. We’re trying our best to maximize the capabilities of each unit.

at the same time, we’ve also sent out a small group of mechanical winged air soldiers to investigate, so that we can know if the enemy Army has arrived.

“alright,” he said.

okay. Jiang Li nodded with satisfaction. He couldn’t find any fault with the arrangement of zh05 and zh06, so he just let them take full command.

“Chief sovereign, enemy troops have been discovered!”

at this moment.

Zh04 reported again.

Shua!

The scene in front of him changed.

“Zh04, what’s the situation?”

Jiang Li asked.

...

“It should be the Army of the lion barbarian kingdom.”

Zh04 replied.

The image on the screen changed. It was no longer zh04. The information mech turned the camera and aimed at the huge Army of barbarians in the distance. Jiang Li saw the Barbarian Army moving quickly.

High up in the sky.

It was a 1500-meter-long true dragon of the National aura. It was winding like a mountain range, flying in the air with a majestic aura. Shi Qingtian stood on the dragon’s head with his hands behind his back.

Below.

It was the lion barbarian Kingdom's Army of three million soldiers.

"Come closer,"

jiang li said.

"Yes."

Zh04 replied.

The distance closed.

The scene in the picture was even clearer.

Not only did the lion barbarian kingdom have three million barbarian soldiers, but the quality and strength of their soldiers were even stronger than the demon Army of the panic demon dynasty.

in terms of troop types.

They had all the long-range, close-combat, and siege troops.

However, there were no aerial units.

"Who is it?"

Shi Qingtian raised his head and looked into the distance. The No. 1 mech aerial unit had only gotten a short distance away before Shi Qingtian detected their tracks and determined their location.

"a half-demon with wings?"

When Shi Qingtian saw the mech, he thought it was a half-fiend at first, but he soon realized that something was wrong because he didn't feel the slightest bit of half-fiend power.

“Release the arrows!”

Whoosh! Whoosh! “Whoosh!”

immediately.

The Barbarian archers shot their arrows. The arrows contained the power of the totem of the Barbarian race, which made them more powerful and had a longer range.

“mechanical wing storm!”

Shua!

The steel feathers fell off, and under the control of the mechanical winged air soldier, they began to spin, forming a tornado-like storm that blew away the sharp arrows.

“Retreat!”

go! Jiang Li ordered.

“Retreat!”

Zh04 immediately shouted.

Shua! shua!

After blocking the arrows, the steel feathers all returned to the mechanical wings of the mechanical-winged air soldier and flew at full speed, leaving the battlefield as quickly as possible.

“Lion King’s roar!”

“Roar!”

shi qingtian made his move. he released the power of his totem and condensed a huge lion’s head. it was extremely mighty, and then it roared.

Instantly.

It formed a solid sound wave and spread out like a shock wave.

“boom!”

The No. 1 mech winged aerial unit once again used mech wing storm, but they were directly scattered by the sound wave, and thousands of mech winged aerial soldiers were directly scrapped.

Buzzzzzz!

The scrapped mech pilot turned into countless light spots and dissipated, being recycled as energy points.

“The corpse disappeared into thin air.”

Oh? ” Shi Qingtian frowned and said, ” it seems that these strange air units are the soldiers under Emperor Xia, Jiang Li.

because only Jiang Li’s soldiers don’t even leave a corpse after they die. I’ve seen it with my own eyes in the capital of da Qian.

“Chase!”

At this moment.

A perfected stage three barbarian commander from the lion barbarian kingdom shouted.

“Stop, there’s no need to split up to chase.”

we don’t have any Air Force, ” Shi Qingtian said. besides, these should be Jiang Li’s soldiers. They’ll have to return to the imperial capital in the end.

“there’s no need to waste time on such a small group of soldiers.”

we’ll continue to March at full speed. When we reach the great Xia Dynasty, we’ll capture them all.

“Yes.”

The commander of the barbarians nodded.

“Aerial troops.”

Shi Qingtian muttered to himself, ” apart from the demons, it’s basically impossible for the humans and barbarians to form an ‘Air Corps’ in the dynasties below the Imperial dynasty.

but Jiang Li has an Air Force.

“This is a problem.”

“But it’s nothing to worry about.”

also, since Jiang Li can send such an Air Force to attack the capital of da Qian, he must have some backup plans that I don't know about. We need to be careful.

The imperial capital of the Grand Xia.

Within the room in the ruler's hub.

"For now,"

Jiang Li looked at the image on the communication screen and said, "the red eyebrows Yao Kingdom, the black snake barbarian kingdom, the lion barbarian kingdom, and the panic Yao dynasty.

the total number of soldiers in the Alliance Army of the four dynasties has reached ten million.

"But now ..."

"man teng has already been taken care of. the two million barbarian soldiers are about to be annihilated. one of the allied forces of the four dynasties has already been eliminated."

"There are only three left."

"QX01, contact the 1st Legion and tell them to return to the imperial capital immediately."

jiang li said.

"Yes."

QX01 nodded and sent out a message.

Celestial water city.

The two million barbarian soldiers had basically been killed. Only a few barbarian generals were left struggling on the brink of death. They would be killed soon.

“Yes, sir.”

let’s go. as soon as MYL01 received Jiang Li’s order, he immediately turned into a ghost and rushed back to the capital at full speed.

“There’s more,”

let’s go back to the imperial capital immediately after the No. 1 Legion annihilates the remaining barbarians. Don’t waste any time. Luo Tianshui and the others will clean up the battlefield, ” Jiang Li said.

“Yes.”

qx01 nodded again and sent jiang li’s order through the holographic communication skill.

“Ym01.”

Jiang Li said.

“Chief sovereign.”

Ym01 walked to Jiang Li. please tell me what to do.

“Yes.”

yes. Jiang Li nodded. go and bring a mechanical winged air soldier here.

“Yes.”

Ym01 nodded.

Buzzzzzz!

The void-ification technique was displayed.

Ym01's entire body turned incorporeal, and the power of his skills was almost the same as MYL01'S. He turned into a ghost-like state and left the room in the ruler's hub.

Shua!

Jiang Li opened the Dominator panel.

Soul Tinder.

After the No. 1 Legion dealt with the two million barbarians, Jiang Li naturally got a large number of soul Tinders.

There were 39700 level-one soul Tinders, 1900 level-two soul Tinders, and 19 level-three soul Tinders.

“chief sovereign.”

Outside the room in the ruler's hub.

As soon as Jiang Li finished checking the number of soul Tinders, ym01 came back with a mechanical winged air soldier and stood outside the door.

“Hidden Dragon, open the door.”

Jiang Li said.

“Yes.”

The door opened automatically.

ym01 walked in with a mech winged aerial soldier.

“My Lord, the mechanical winged aerial soldier is here.”

Ym01 saluted.

“yes.”

okay. Jiang Li nodded and sized up the mechanical winged air soldier.

“Chief sovereign.”

The mech-winged Air Force soldier was expressionless and wore a sky-blue Air Force uniform. As he did not spread his mech wings, he looked no different from a normal person.

The mech pilot’s serial number was YK01110.

“alright,” he said.

okay. Jiang Li smiled and then operated the Dominator panel. use a level-two soul Tinder and 100 energy points to upgrade to mechanical winged air soldier YK01110.

Chapter 298 The angel

The stage-two soul Tinder and 100 energy points were all integrated into the mechanical winged aerial soldier YK01110. It began to transform and upgrade, and several white lights flashed on its body.

Shua!

A few seconds later.

the white light disappeared.

the mechanical winged aerial soldier yk01110 had completed its upgrade to an early stage level 2 air force, but its physical appearance had not changed much.

However, there was a sky blue watch on his left wrist.

It should be some kind of technological device.

His military rank was promoted to Sergeant.

Shua!

[type of Army: four-winged Air Force]

[rank: early stage of rank two]

[No.: Syk01]

” skill 1: level-one ultimate mechanical wings

skill 2: level two low-grade long-range Weapon Mastery ”

” equipment: level 1 top-tier mechanical wing device, level 2 low-grade long-range weapon device ”

[machinery: Jian Jia (omitted)]

advancement requirement: 2000 energy points ”

“Syk01, show me your ability.”

go! Jiang Li ordered.

“Yes.”

Syk01 nodded.

Kachaa! Kachaa!

Immediately after.

Mechanical wings extended from syk01’s shoulder blades. They were not just one pair of sky-blue mechanical wings, but two.

The number of steel feathers that can be controlled doubles.

“Activate long-range weapons.”

Buzzzzzz!

Sik01 pressed the button on the watch on his left wrist. The watch glowed with a sky-blue light, which was extremely dazzling. The light gathered together and gradually materialized.

It was only for a moment.

A sky-blue light machine gun appeared in syk01’s hand.

“a light machine gun.”

Jiang Li looked at syk01.

“yes, i am.”

Syk01 nodded.

“Continue to level up.”

Shua! Shua!

Jiang Li used 14000 energy points to upgrade syk01 to the perfected stage of level two. His new skills and equipment were all upgraded to the best of level two.

The long-range weapon system had changed from a light machine gun to a large-caliber heavy machine gun.

after it was conjured.

The Super-large caliber heavy machine gun was sky-blue in color. Syk01 was holding it with both hands, and its design was extremely exaggerated. The length of the machine gun was almost the same as SYK's height. The muzzle of the machine gun was like the mouth of a cannon, and the bullet chain was connected to the watch on syk01's left hand.

The wristwatch was a 'long-range weapon device'.

the bullets were stored in the 'watch', equipped with space-folding technology.

100,000 rounds.

” level-three soul tinder consumed. 10000 energy points to level up to syk01. ”

Jiang Li confirmed.

Buzzzzzz!

The stage-three soul Tinder and 10000 energy points were integrated into syk01's body and began to transform and upgrade syk01, shining with a white light.

A few seconds later.

The promotion was completed again.

Syk01 had advanced to the early stage of type 3.

Shua!

[troop type: six-winged Air Force]

[rank: early stage of rank three]

...

[No.: Lyk01]

skill 1: level-one ultimate mechanical wings

skill 2: rank-two ultimate long-range Weapon Mastery ”

skill 3: level three low-grade exoskeleton Armor Mastery ”

equipment: Tier 1 top-tier mechanical wing device, Tier 2 top-tier long-range weapon device, Tier 3 low-grade exoskeleton armor device ”

[machinery: Jian Jia (omitted)]

advancement requirement: 200000 energy points

Jiang Li finished reading it carefully.

Obviously.

after being upgraded to the early stage of tier 3, there were three pairs of mechanical wings. at the same time, there were additional skills and equipment for exoskeleton armor, which enhanced his melee combat ability.

There wasn't much change.

...

“upgrade.”

jiang li used 1400000 energy points to upgrade lek01 to the peak of level three. his new skills and equipment were all upgraded to the best level.

continue to upgrade to lek01.

jiang li took out the only level-four soul tinder, a pure golden soul tinder. it glowed and merged into lyk01's body.

He still had one million energy points left.

It surged in.

It would undergo an all-round transformation and upgrade.

Buzzzzzz!

This time.

The light on lyk01's body was getting brighter. It was even more intense than the previous upgrades. It was constantly flashing with a white light.

A few seconds later.

The promotion was completed.

“my lord!”

thank you. after the upgrade, lyk01 saluted Jiang Li.

“Yes.”

” okay. ” jiang li nodded and looked at the upgraded version. he didn't see any obvious changes, so he immediately opened the information interface.

[unit Type: Mechanical Angel soldier]

[rank: early stage of rank four]

[No.: Ts01]

skill 1: level-one ultimate mechanical wings

” skill 2: rank-two ultimate long-range weapon mastery ”

” skill 3: mastery of a level-three, top-tier exoskeleton armor

skill 4: level four low-grade energy Angel ”

[equipment: Tier 1 top-tier mechanical wings, Tier 2 top-tier long-range weapon, Tier 3 top-tier exoskeleton armor, Tier 4 inferior-tier energy Angel’s sword]

[machinery: Jian Jia (omitted)]

“Upgrade: 20000000 energy points”

“Mechanical Angel soldier.”

Jiang Li murmured.

“Upgrade.”

Jiang Li used another 140 million energy points to upgrade TS01 to the perfected level of level four. It couldn’t be upgraded anymore after it reached the rank of Major General.

“Thank you, chief sovereign!”

thank you. TS01 saluted Jiang Li.

“Yes.”

jiang li nodded. ” no. ts01, you’ve used the only level-four soul tinder. i’m looking forward to your performance on the battlefield. ”

“Yes.”

TS01 replied.

Hidden Dragon, run the mech factory at full power and produce two million level one meches, five hundred thousand level two meches, and one hundred thousand level three meches.

four hundred thousand combat meches, cold weapon meches, firearm meches, biochemical meches, and mech winged air troopers each, ” Jiang Li ordered.

“100000 of each of the five types of Level 2 troops.”

“25000 of each of the four third-grade units.”

“Yes.”

Hidden Dragon immediately responded.

Very quickly.

After Jiang Li confirmed it.

The mech factory was running at full power again. The normal mech production line and the normal mech production soldiers started working.

Shua!

The three levels of the mech factory appeared in Jiang Li’s sight. Black light shot out of the black furnace and created a large number of meches.

“Dominator interface.”

Jiang Li operated the Dominator panel. use the energy points to make one million level one meches, one hundred thousand level two meches, and one thousand level three meches.

200000 of each of the five types of Level 1 mech soldiers, 20000 of each of the five types of Level 2 mech soldiers, and 250 of each of the four types of Level 3 mech soldiers.

jiang li's army this time was almost the same as last time.

“Whoosh!!!”

Very quickly.

The manufacturing interface appeared.

In the interface.

fourteen illusory figures appeared, representing fourteen different types of soldiers. they rotated slowly and gradually solidified.

A minute later.

[creation complete!]

A notification appeared.

Shua! Shua! Shua!

In the open space of the Army base.

1.1 million and 101 thousand meches appeared out of thin air. There were many of them and they were divided into 14 divisions according to the type of soldiers.

“my lord!”

Millions of meches shouted in unison.

“Yes.”

okay. Jiang Li looked around and nodded in satisfaction.

Shua! shua!

congratulations, my Lord. Because you created 200000 cold weapon meches at the same time, a special probability has been triggered. You’ve obtained Level 1 elite meches ‘hammer mech x150’, ‘Archer mech x150’, ‘spear mech x150’, and ‘axe mech x150’.

[congratulations, my lord. because you created 20000 mechanical rangers at the same time, a special probability has been triggered. you have obtained a rank two elite soldier type, ‘mechanical overlord dragon ranger x2’.]

Jiang Li received two notifications.

“All of them will be promoted.”

Jiang Li used a lot of energy points to upgrade all the meches, including the elite ones, by three levels. There was a large white light shining.

A few seconds later.

in just a few seconds, he had completed all his promotions.

four stage-three soul Tinders and 40000 energy points have been consumed to upgrade two mech Overlord Dragon Rangers.

Jiang Li said.

Buzzzzzz! Buzzzzzz!

A few seconds later.

The two mechanical Overlord Dragon Rangers had completed their upgrades and became psionic Overlord Dragon Rangers. They had mastered the mechanical psionic energy and their strength had increased greatly.

“Continue to level up.”

jiang li upgraded two more psionic overlord dragon cavalrymen to the perfected stage of level three.

Soon after.

Jiang Li used 1500 energy points to create ten Intel meches that were at the peak of level one.

Twenty minutes later.

the rampage was over.

The mech factory had used up 1.7 billion pounds of steel materials to build all the meches, which was 850000 tons.

This time, the Army was in full swing.

Jiang Li had used up almost all the steel and materials he had collected. There was nothing left. All the weapons and equipment had been melted.

Furthermore ...

Including upgrading the mech Angel, Jiang Li spent 4.34425600 energy points in total.

and the last time, they had sent troops.

Jiang Li spent 4.212 million and 1500 points in total.

“Create three battlefield commanders.”

Jiang Li spent 4.5 million energy points to create three battlefield commanders who were at the perfected stage of level three.

It appeared in front of Jiang Li.

“Chief sovereign.”

Jiang Li! zh07, zh08, and zh09 saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded and ordered, ” you guys lead the No. 3 Legion and join the No. 1 mech-wing aerial unit. Stop Shi Qingtian’s Lion barbarian kingdom Army.

“Ts01, you’ll go with us.”

“Yes.”

“Yes, sir.”

The three commanders nodded in acknowledgment.

“Yes.”

Ts No. 01 nodded.

“Go on.”

go. Jiang Li waved his hand.

A few minutes later.

The 3rd Legion set off.

Including TS01 and the three battlefield commanders, the number of meches in the third Army reached 3.71 million and 14.

“Rumble!”

The mech Army fleet of the No. 3 Army went out of the four steel gates of the base like four long Dragons.

after that, they would all gather at the main road of the imperial capital of the grand xia.

They marched out of the city.

“.....”

This time.

When the citizens of the imperial capital saw these carriages, they once again fell into a state of shock and disbelief. They felt as if they were unable to react in time.

“This Suan ni, this Suan ni”

“is there no limit to the army of his majesty, emperor xia? They’ve actually sent out another army!”

“si si si ...”

“This is crazy.”

Everyone was exclaiming in admiration.

“This Army is marching to the West.”

Han Liqi muttered, “in other words, the third Army that His Majesty Emperor Xia sent out should be to stop the lion barbarian Kingdom’s Army.

“Definitely.”

“hu ~~ hu ~ hu ~”

Hong Tianqi and the others looked on, unable to calm down for a long time.

At this moment.

Outside the imperial capital of the Grand Xia.

Jin murou, Luo Ming, Shang Lin, and the other County Kings had arrived with the county troops from all directions. They also saw the ‘No. 3 Legion’ that Jiang Li sent out.

Chapter 299 interception

then, are the carriages of Lao Ai the soldiers of His Majesty, Emperor Xia? ”

what? ” Jinmu Rou’s eyes widened as she looked at Jiang Li’s ‘No. 3 Legion’. there are too many of them.

“Si si si ...”

Luo Ming sucked in a breath of cold air and rejoiced in his heart, ” it’s good, it’s good. I’ve led the Army here to reinforce the imperial capital of the Grand Xia.

“as expected! His Majesty, Emperor Xia, indeed has a countermeasure!”

Shang Lin said excitedly.

“Hahahahaha!”

Feng Wutian laughed.

this time, with the strength of His Majesty’s Army and such a large number of soldiers, it is enough to put the lion barbarian Kingdom’s Army in a difficult position.

Cao pipei said.

“That’s right,”

The others chimed in.

The number of human warriors led by jinmurou and the others wasn’t great, but added together, they were nearly two-hundred-thousand.

Very quickly.

They had all gathered outside the imperial capital of the Grand Xia.

“Minister Hong, Minister Xu,”

“We heard that the lion barbarian kingdom has sent an Army of barbarians to attack the great Xia Dynasty,” Luo Ming shouted. “We’ve specially led the Army of the county city here to provide reinforcements.””

“Please report to His Majesty Emperor Xia.”

“Please open the city gate and let us in.”

Jin murou and the others said one after another.

“.....”

“It’s junwu Yan and the others.”

“I didn’t expect that they would send troops over.”

“Quickly, welcome the various county Kings into the city.”

Wu Zong, Hu Dong, and the others said.

“I’ll go report to His Majesty Emperor Xia.”

Hong Tianqi said.

“No need,”

Shua!

At this moment.

Ym01 followed Jiang Li’s order and came from the Army base. He landed on the wall and looked down at Jinmu Rou and the others.

“And you are?”

Hong Tianqi, Jin murou, and the others looked at ym01.

“Pass down His Imperial Majesty’s orders.”

Ym01 shouted.

“.....”

instantly.

Jin murou and the others dismounted and knelt on one knee.

“Jinmu Rou, Luo Ming, Cao pipei, and the other County Kings, I’m very pleased that you’ve come to the imperial capital to provide assistance. However, the black snake barbarian Kingdom’s Army has been destroyed, and the Barbarian King man Teng has been killed.”

I’ve already sent out the 2nd Division to stop the Allied army of the red-browed Yao Kingdom and the panic Yao dynasty. I’ve also sent the 3rd Division to stop the lion barbarian Kingdom’s Army.

the Army of the black Vatican and the black serpent barbarian kingdom has been destroyed? ”

“Si si si ...”

“The Barbarian King was killed?”

“Is this true?

“This Suan ni, this Suan ni”

“It must be true. Look at the Azure Dragon in the sky. Isn’t he devouring the fate of the nation to strengthen himself? It must be because the Barbarian King was killed that the Azure Dragon of the great Xia was able to devour the fate of the country!”

When han Liqi, Hong Tianqi, and Jin murou heard ym01’s words, their eyes widened and their faces filled with shock.

“In other words, one of the four-Nation Alliance has already been destroyed.”

“this is simply unbelievable.”

His Majesty, Emperor Xia, is really amazing.

“Terrifying! It’s terrifying!”

” hahaha, yingluo, in this case, the great xia dynasty will be safe. ”

“It was a false alarm, a false alarm!”

...

Hu Dong and the others laughed.

the imperial capital of the great Xia does not need you to guard it. His Majesty orders you to immediately lead the Army of the county city and March towards the South of the great Xia Dynasty at full speed. You must stop mo ke before he reaches the great Wei Dynasty and bring him back to the great Xia Dynasty for further punishment.

Ym01 finished Jiang Li’s order.

“Commandery Prince Moke, he’s a coward!”

“This bi an ...”

“Yes, we accept your orders.”

Jinmu Rou and the others exchanged glances before immediately nodding.

Buzzzzzz!

Ym01 turned incorporeal. His figure soared into the air, and he immediately left, returning to the imperial capital of the Grand Xia.

“Hu ~~ Hu ~ Hu ~”

Jin murou and the others heaved a sigh of relief and stood up.

...

“My fellow County Kings, please set off as soon as possible. We won’t keep you any longer.”

Hong Tianqi said.

“Alright,” he said.

“Understood.”

“His Majesty’s orders are the most important.”

jinmurou and the others nodded. they mounted their horned scale horses and arranged themselves into a second-grade marching formation. the speed of the army increased rapidly, and nearly two hundred thousand human soldiers marched at full speed, heading south in pursuit of moke.

“I really didn’t expect that the Duke of Moke would do such a stupid thing.”

Hu Dong sighed. although I was terrified and even uneasy when I knew that the four-Nation Alliance was going to attack the great Xia Dynasty, I never thought of escaping.

“yes, yes.”

Wu Zong and the others also expressed their opinions.

Jinmu Rou and the others were marching at full speed.

“Mo ke is really seeking his own death this time. He actually wants to escape to the great Wei Dynasty.”

Luo Ming shook his head.

he didn't think about it. With Emperor Xia's methods, he knew that the four-Kingdom Alliance would attack the great Xia Dynasty. He would definitely be prepared and would not sit and wait for death.

Feng Wutian said.

“Speaking of which, how did His Majesty Emperor Xia know that Moke had escaped?”

Cao pipei asked.

everyone, let's not talk about this anymore. Let's speed up. If Moke escapes from the great Xia Dynasty and runs to the territory of the great Wei Dynasty, we will be in trouble if we can't complete the mission given to us by His Majesty.

jinmu rou said.

“that's right,”

Luo Ming and the others nodded, "let's speed up. We must catch up to Moke. We can't let him escape.

At this moment.

Celestial water city.

Jiang Li's No. 1 Legion began to withdraw from Tianshui city. The number of walking puppets had reached 500000 after this battle.

The two million barbarian soldiers had been completely annihilated.

the 1st legion advanced at full speed.

He was being cautious.

Jiang Li asked the No. 1 Legion to return to the imperial capital first. He didn't ask the No. 1 Legion to send reinforcements. Instead, he wanted the No. 1 Legion to stay in the imperial capital.

to avoid a surprise attack.

Shua! Shua!

In the room in the ruler's hub.

in front of jiang li's eyes.

There were two huge projections that occupied Jiang Li's entire field of vision. The one on the left was the Green Mountains where the No. 2 Legion was located, and the one on the right was the No. 3 Legion.

now.

There were only these two battlefields.

On the left side of the screen.

Green Mountain Range.

Outside.

BOOM! BOOM! BOOM!

There was some movement.

The ground was shaking.

“They’re here.”

“It can be confirmed that they are the Allied army of the red eyebrow Yao Kingdom and the panic Yao dynasty.”

artillery position, get ready. The moment the enemy enters the firing range, fire immediately.

“prepare for battle!”

The battlefield commanders immediately gave the order.

” let’s go. ” jiang li looked at the battlefield calmly. he handed the command of the battlefield to the commander while he watched the battle from behind.

In the air.

A small scouting team sent by the battlefield commander and an Intel mech took a picture of the Alliance Army and sent it to QX01 and the Intel mech next to the battlefield commander.

“chi mei, panic.”

Jiang Li clearly saw Chi Mei and Cang Huang. Under their feet was the true dragon of National fate. Below them was the Alliance Army of the two countries, which had more than five million people.

“Mei ‘er,”

yes. panic smiled. last time, the red eyebrows Fey Kingdom’s fate was greatly affected because the five counties were occupied by Jiang Li. It almost fell out of the top 90 of the young dragon List. This time, my Army will be the vanguard. After we take down the great Xia Dynasty, I’ll definitely help you recover your fate.

“Yes.”

chi mei nodded and smiled. “thank you, demon king of panic.”

“It’s just a small matter,”

“the xia dynasty is already a fish in a net. the four-nation alliance is invading at the same time. jiang li can’t escape.” he smiled.

“The great Xia Dynasty will be destroyed.”

“Yes.”

Chi Mei just nodded.

BOOM! boom! BOOM!

Suddenly.

An explosion sounded.

He interrupted the conversation between panic and red eyebrows.

In the mountains of Green Mountain.

There were countless flashes of fire, and they were cannons, a total of 20000 complete type 2 artilleries, which were also known as cannonballs.

It was equivalent to 20000 Tier 2 perfected stage attacking at the same time.

The flames soared to the sky.

It shot into the sky and landed on the Alliance Army of the two countries.

The troops of the red eyebrows Yao Kingdom and the panicking Yao dynasty had entered the firing range of the perfected stage two mechanical artilleries.

“Enemy attack!”

“Roar!”

It was the roar of a beast in the Army.

an alliance army of five million.

they formed five grade 3 military formations and five military formation beasts. they were as vast as mountains, and their bodies reached a height of 1000 meters.

Five Battle Beasts.

They were the Scarlet Flood Dragon, the winged blood Tiger, the ferocious heavenly dog, the mutated flying snake, and the three-headed dog.

Obviously.

While the two countries 'Allied forces were marching, they maintained their military formation. Therefore, when they were attacked, they could immediately set up their military formation.

BOOM! BOOM! BOOM!

The five ferocious beasts rushed into the sky at the same time and pounced forward with a terrifying power. They swept up the spiritual energy of heaven and earth, and their murderous aura surged violently, blocking the 20000 cannons.

They all exploded in the air.

the enemy is in the mountains. We don't know how many of them there are.

"Your Majesty, should we attack the Green Mountain Range?"

the range of the enemy's long-range attacks is too far, far beyond our long-range troops. If we don't close the distance, we can only take the beating passively.

"Although there is an army formation blocking, the Army formation is very taxing on the soldiers and will even cause a backlash. If this goes on for too long, there will definitely be casualties and losses."

The commanders of the Allied forces who were at the perfected stage of Tier 3 soared into the sky and looked at the Green Mountains. The dense forest blocked their vision and they could not figure out the number of enemies.

"You're looking for death!"

Jiang Li. Panic's eyes were cold. how dare you ambush in the mountains? I'd like to see what you can do.

“whoosh!!!”

the next moment.

He made his move in a panic and rushed towards the Green Mountain Range. The power of his bloodline surged, and a brilliant light shone. Purple lightning flashed, and the purple-winged celestial Hound appeared, hovering in the sky.

“Roar!”

The true dragon of National aura under his feet roared and added the power of National aura to Cang Huang's body.

“Thunder Dragon heavenly dog!”

In a panic, he formed a seal with both hands and performed a powerful demonic secret technique. The power of Thunder and the country's fate combined and condensed into a strange beast with a dog's body, a dragon's head, and a pair of wings on its back.

“Kill!”

He shouted in a panic. After forming the seal, he pushed his hands forward.

BOOM!

The Thunder Dragon heavenly dog directly pounced towards the Green Mountain Range. Lightning flashed, containing extremely terrifying power, and it was as fast as lightning.

Obviously.

Huanhuang wanted to destroy a part of the terrain of the Green Mountain Range by himself, and then the enemy hiding in the Green Mountain Range would have nowhere to hide.

” ynjs01, stop him. ”

Zh04 shouted.

BOOM!

Ynjs01 was already waiting outside the Green Mountain Range. Upon hearing the command from the commander, it immediately took action. Both its feet stepped on the ground and it leaped up.

“Kill!”

“Roar!”

Zombie body was released.

it turned into a red-eyed zombie.

Shua!

At the same time.

Ynjs01’s right arm transformed into a long blood-red blade. Mechanical psionic energy condensed on it as it slashed out an incomparably resplendent black psionic blade glow, shattering the Thunder Dragon heavenly dog.

Chapter 300 Intense battle

“BOOM!”

In the air.

The Thunder Dragon heavenly dog was directly split in half from the middle of its forehead by the pitch-black psionic blade glow. Then, it exploded into a sky full of lightning, with traces of electric arcs spreading like electric snakes.

“who is it?”

He shouted in a panic and looked down.

ynjs01 landed from the sky and stood on the ground. due to gravity, a pit with a diameter of more than ten meters was formed on the ground.

“so it’s you!”

Panicking recognized ynjs01’s identity at a glance and said in a deep voice, ” ” one of jiang li’s two complete-stage level four subordinates. ”

Shua!

ynjs01 swung his sword again, slashing out a psionic sword ray that was hundreds of meters long in the shape of a half-moon.

A horizontal slash was aimed at panic.

cang huang immediately raised his palm and condensed his bloodline power. with the flash of lightning, it turned into a vast lightning palm print and shattered ynjs01’s psionic blade light.

Bang!

The two sides collided.

They exploded at the same time.

The energy radiance that filled the sky exploded and was even more dazzling than fireworks. Waves of energy storms spread out and the surrounding spiritual Qi swept in all directions.

“Roar!”

Suddenly.

A Dragon’s Roar rang out.

King Qian’s undead took the opportunity to launch a sneak attack. In an instant, he closed in on Cang Huang. His figure was like a black stream of light as he charged toward Cang Huang at an extremely fast speed.

BOOM!

King Qian’s walking corpse executed his martial art. After he struck out with his palm, a vast amount of true energy gathered and condensed into a Black Dragon Shadow that pounced forward.

“!!!”

Cang Huang’s pupils immediately contracted as he exclaimed, ” “Qian Lin Dragon? It’s actually you!”

Bang!

King Qian’s cultivation base was at the perfected stage of the fourth stage.

but ...

This was because the king Qian's walking corpse had inherited all of Qian linlong's martial arts and cultivation techniques. When he circulated the Qian Dragon technique, he could obtain the blessing of the great Xia Dynasty's Azure Dragon.

His combat strength had not decreased much.

“Defend! Lightning Shield!”

King Qian's sneak attack was completely unexpected. He could only combine his bloodline power and the power of the nation's fate to form a Lightning Shield in front of him.

The Black Dragon Shadow pounced on the Thunder light shield. The clash of power between the two sides produced a series of explosions.

the lightning shield exploded.

The shock wave of the explosion hit panic. He crossed his arms in front of his body to block the shock wave, but he was also knocked back.

The true dragon of the country's fate of the panic demon dynasty flew over and caught the panic demon dynasty. It stabilized its body and stood on the dragon's head.

He looked up.

shua!

Ynjs01 charged over, both of its arms turning into long blades of flesh. A vast amount of mechanical psionic energy gathered on the two blades, and a black blade light was drawn out, slashing toward panic.

“Scarlet Dragon Seal!”

roar!

chi mei arrived in time and performed a demonic secret technique. he formed a seal with his hands and formed a three-clawed red dragon. it was burning with flames and pounced.

BOOM!

red eyebrows blocked ynjs01's attack.

“Kill!”

BOOM! BOOM!

The next moment.

Ynjs01 and King Qian's undead joined forces and attacked Chi Mei and Cang Huang at the same time. The sound of explosions rang out continuously.

The sky had become a battlefield.

“what's going on? why would qian linlong help jiang li?”

He looked at King Qian's walking corpse and ynjs01 with a gloomy expression. He was currently fighting with ynjs01. Their attacks collided one after another as he berated in a deep voice.

King Qian is dead.

chi mei blocked king qian's walking corpse.

“He's dead!”

...

it's really dead! the panicking King man's eyes narrowed as he looked at King Qian's walking corpse carefully. it's really dead. This is a corpse that's being controlled. Moreover, it's still able to display the strength it had before it was born.

“How did Jiang Li do it?”

“I don't know,”

Chi Mei shook his head and said with a serious look, but the current situation is not as smooth as we expected.

Jiang Li is hiding an extremely terrifying force and Army!

“This bi an ...”

He looked down in a panic.

On the battlefield below.

“fire the cannons!”

BOOM! BOOM! BOOM!

The two countries 'Allied forces were already close to the outskirts of the Green Mountain Range, entering the shooting range of the stage two mech artilleries produced by the mech factory.

...

The 100,000 type 2 cannons fired.

A total of 100000 cannonballs shot into the sky.

the flames soared to the sky.

Then, it fell into the Alliance Army of the two countries.

“Roar!”

The five army formation beasts roared and pounced forward. The shells bombarded the Army formation beasts, causing a terrible shock and smoke.

“Ah!”

in the middle of the army.

A demon soldier screamed.

The power of the 100000 cannonballs was too strong. Even though the five Stage 3 formations managed to block the cannonballs, the demon soldiers suffered a backlash.

There were casualties.

“All troops, charge!”

“Attack the Green Mountain Range!”

“kill!”

The next moment.

The stage three demon commanders roared angrily and charged to the front, leading the cavalry Regiment, light-Armored Infantry Regiment, heavy-Armored Infantry Regiment, and Cavalry Regiment to launch an assault.

behind them.

The long-range archers and giant crossbowmen followed closely behind.

in the air.

The million-strong airborne demon Army was at the very front.

artillery, continue to bombard the enemy. When the enemy enters the range of the tanks, all main battle tanks, open fire.

when the enemy is within the range of the bazookas, tank machine guns, and firearm meches, fire at full force. Don't think about saving ammunition.

hit him hard!!!

Time passed.

The war was getting more and more intense.

High up in the sky.

Ynjs01 and King Qian's undead blocked canghuang and red eyebrows. The battle between the two sides was difficult to determine and would not end in a short period of time.

At this moment.

The 5 type 3 armies of the 2 countries resisted the cannon fire, while the type 3 demons continued to attack, destroying the cannon shells.

Finally ...

They entered the Green Mountain Range.

The backlash from the battle formation had already caused a total of 100000 demon soldiers to die.

BOOM! BOOM! boom!

However ...

Before the demon soldiers could celebrate, they were greeted by the bombardment of 100000 type 2 main battle tanks and 20000 perfected type 2 main battle tanks.

Countless cannons were fired.

“Rumble!”

The flames that filled the sky enveloped the entire battlefield. Smoke filled the air, and the ground exploded, creating deep pits. The surrounding area was ablaze.

“Ah!”

The demon soldiers screamed in pain.

“Kill!”

At this moment.

Under Cang zilei’s lead, the Army of more than a million demon soldiers finally got close to Jiang Li’s Army and looked down at them.

“I’ve found you.”

Cang zilei laughed maliciously.

“Die!”

With lightning shooting into the sky, Cang zilei stabbed out with his spear, forming a Lightning Spear that shot out.

“Psionic heavy sword slash!”

BOOM!

The psionic Imperial crocodile cavalryman slashed out a psionic sword ray that was hundreds of meters long, directly shattering Cang zilei’s Lightning Spear. The sword ray and the lightning Spear ray exploded at the same time.

“mech winged aerial unit, battle!”

Shua! shua! Shua!

400,000 level-one winged air soldiers and 259000 perfected-stage mech soldiers formed a 651000-strong air force army.

The mechanical wings spread out.

He flew straight into the sky.

it formed a dark cloud that covered the sky.

“Mechanical wing storm!”

“Whoosh!!!”

The steel feathers fell off. A type 1 winged aerial soldier could control 99 steel feathers, while a perfected-stage winged aerial soldier could control 792.

In other words ...

When the steel feathers of the 400000-plus Level 1 winged aerial soldiers and 251000 perfected-stage winged aerial soldiers fell off ...

At this moment.

There were a total of 238392000 steel feathers, each of which was like an extremely sharp blade.

It danced and spun.

It was spinning at an extremely high speed.

It made a very sharp sound.

Storm!

mechanical wing storm!

The terrifying tornado swept in all directions and was extremely shocking. It charged towards the demon Army of the Allied forces and tore the sharp arrows apart.

Pfft! Pfft! Pfff!

blood splattered everywhere.

Many of the demon soldiers in the air were injured.

Miserable screams rang out continuously.

“Fire the anti-aircraft guns!”

BOOM! BOOM! boom!

At the same time.

The 100,000 Level 2 transport meches and 20000 perfected level two transport meches aimed their anti-aircraft guns at the demon Army and fired.

The flames soared to the sky and the artillery shells exploded.

“Roar!”

The level three battle formation beast of the demon Army in the air was the ‘ferocious beast Tengu’. The Tengu ferocious beast’s entire body was pitch-black and it had a pair of black wings.

The berserk heavenly dog blocked the bombardment of the anti-aircraft guns and the mechanical wing storm.

The rumbling sounds continued.

At the same time.

The Alliance Army of the two countries continued to push forward.

BOOM! boom!

The mechanical Rangers raised their bazookas, aimed them forward, and began to bombard the area. The tank machine guns and firearm meches also fired.

Da da da da

Countless bullets were fired.

They shot crazily.

“Kill!”

charge!!!

Immediately after.

All the meches in Jiang Li’s second Army showed up. Combat meches, cold weapon meches, and biochemical meches formed groups and charged at the Alliance Army from all directions.

Not only that.

There were also electric-powered meches and mechanical Rangers who entered the battlefield.

at the same time.

The liquid metal meches and the exoskeleton armor meches rushed into the enemy’s formation and started a close-range battle.

Pfft! “pfft!”

“Kill!”

The armies of both sides clashed head-on.

Battle cries shook the heavens.

Countless explosions were heard.

One had to know.

The number of meches in Jiang Li's No. 2 Legion had reached more than three million, only less than two million compared to the Alliance Army.

Plus ...

the long-range bombarding of the two countries had caused the death of nearly 300000 demon soldiers. the power of their bloodlines had also been greatly consumed due to the battle formation.

the most important thing was ...

Jiang Li had too many level-three meches.

The mech factory had produced 100000 level three meches, 1000 perfected-stage level three meches, and two perfected-stage elite meches.

Whoosh! Whoosh! "whoosh!"

It could be seen.

On the battlefield.

tens of thousands of laser meches fired, killing many demon soldiers.

"Ah!"

The entire battlefield was filled with shrill screams.

“Sound wave pulse!”

BOOM! BOOM! BOOM!

The ultrasonic meches released their skills and formed an ultrasonic pulse. It was like a solid beam of sound wave that shot forward. The sound wave ignored the defense and produced resonance, shattering the internal organs of the demon soldiers.
