

## Army 301

Chapter 301 defeat

The demon soldiers that were killed by the ultrasonic meches did not seem to have any injuries on the surface, but their internal organs had been shattered by the ultrasonic pulse.

He was bleeding from his seven orifices.

“Kill!”

Pfft! “Pfft!”

“BOOM!”

The liquid metal meches gathered and formed a terrifying iron hammer, smashing the level-three demons to death. Their bodies were turned into meat patties.

“Roar!”

the beast roared and pounced on the mech.

Immediately.

a thousand perfected-stage level three meches rushed over and blocked the attack of the army beasts.

“How could this be?”

“Oh my God, we’re actually at a disadvantage!”

“This Wufu, Wufu, how is this possible?”

“Ah!”

From the start of the war until now.

Jiang Li's No. 2 Legion had more than three million meches, but they were suppressed by five level-three battle formations and nearly five million soldiers.

The stage three demon commanders were dumbfounded and terrified.

A Grade 3 army formation might be strong.

but ...

Jiang Li's meches were stronger. Even the weakest one was at the early stage of level one, and there were more than three million of them, only one million less than the two countries and armies.

Of course.

Most importantly, Jiang Li had too many level-three meches.

There were only a few hundred level-three demons in the Alliance Army of the two countries.

Jiang Li's second Army had 11000 level-three meches, not including the commander.

It was such a terrifying gap.

It wasn't something that a few Grade 3 military formations could make up for.

kill!!!

Pfft! Pfft!

The ultrasonic mech continued to release sound waves, killing demon soldiers one by one and turning them into corpses. The liquid metal meches and exoskeleton armor meches swept across the battlefield, killing demon soldiers one after another.

BOOM! BOOM!

The laser weapon meches used laser weapons to kill from a distance.

“Very good,” he said.

it’s time. Jiang Li looked at the scene on the battlefield and smiled. it’s only a matter of time before the No. 2 Legion wins.

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a stage-two soul Tinder! ]

.....

[ acquired a Tier 3 soul Tinder! ]

.....

at the same time.

Notifications kept popping up in Jiang Li’s vision. As the No. 2 Legion killed demon soldiers one after another, Jiang Li started to harvest a large number of soul Tinders.

“Hurry up and order the troops to retreat.”

Chi Mei’s expression was grave. The situation on the battlefield below was completely beyond her expectations. If this continues, the demon Army will definitely be annihilated.

“Damn it!”

Looking at the battlefield below, he could clearly see the demon soldiers being killed one by one. There were more than 100000 Stage 3 demon soldiers. Such a number caused his heart to turn cold.

“How is this possible? How is that possible?”

How can Jiang Li have such a terrifying Army? There are 100000 rank-3 soldiers!

“We might have been tricked.”

If I’m not wrong, Jiang Li already knew that we would attack the great Xia Dynasty together,” Chi Mei said. He pretended to be weak, but he has such a terrifying Army hidden in the dark.

I’m afraid Jiang Li is trying to lure us into sending troops and then ambush us.

“This is an ...”

He was stunned. That’s impossible.

“But if that’s not the case, how do you explain the situation?”

...

Jiang Li, ” Chi Mei said. our Army didn’t even enter the great Xia County before they were stopped by Jiang Li’s Army in the mountains.

“I’m Yingying!”

He was speechless.

To tell the truth.

this ... Cang Huang couldn’t believe that Jiang Li had planned this in advance. He pretended to be weak to lure the four countries to attack the great Xia Dynasty and then set up a counter-ambush.

However ...

in such a situation.

It also forced panic to believe red eyebrows ‘reasoning.

“Retreat!”

With a desperate attack, ynjs01 was forced back. He then quickly pulled away and gave the order to the panicking Yao dynasty’s Army to retreat. all troops retreat!

red eyebrows Yao Kingdom Army, retreat!

...

Chi Mei also shouted.

retreat?!

“Yes!”

“Hurry up! His Majesty the monster King has already given the order to retreat!”

“Quickly retreat!”

“Let’s go!”

The surviving demon commanders who were at the perfected stage of Tier 3 shouted loudly.

“What a strong aerial Army.”

Cang zilei looked at the mechanical wing air Force with a serious expression. He gritted his teeth and shouted, ” “Demon Army in the air, retreat.”

Cang Zi Lei’s heart was extremely heavy.

the strength and abilities of these airborne troops are too powerful. If it wasn’t for the rank 3 military formation and the protection of the ferocious beast, the heavenly Hound, the million-strong airborne demon Army would have been completely annihilated.

Cang Zi Lei thought to himself.

The mech winged aerial soldiers were very strong, and they could control the ‘steel feathers’ to form a mech winged storm. The more there were, the more powerful it was.

“Surround them immediately!”

The battlefield commander immediately gave the order.

Shua! Shua! shua!

On the battlefield.

Unknowingly.

Jiang Li's No. 2 Legion had already formed a huge encirclement and surrounded the red eyebrow Empire and the panicking Empire.

The commander of the battlefield had arranged everything in advance to lure the two countries into the mountains and spread out the meches.

Finally.

When the two countries 'Allied forces went deep in.

The encirclement was already formed.

of course.

It was mainly because the two countries were too confident. They thought that Jiang Li's No. 2 Legion was no match for them. They were too blind and arrogant.

That was why they were surrounded.

Other than that.

Also, Jiang Li's meches were very deceptive. Before they fought, they couldn't know the real strength of the meches.

And when they really fought, it was already too late.

"We've been surrounded by Yingluo!"

"We've been surrounded!"

“How did this happen?”

“Damn it!”

This time.

The demon commanders looked at the meches around them with pale faces and fear.

kill!!!

The meches attacked crazily. They didn't fear death and didn't feel pain. As long as they weren't disabled, they could continue to kill their enemies even if their limbs were broken.

Furthermore ...

The biochemical meches used their biochemical toxins to corrupt the demon soldiers and turn them into walking puppets, increasing the number of soldiers.

“Not bad, not bad.”

great. Jiang Li smiled in satisfaction. He was very satisfied with the commander's command. it'll be great if we can keep all the Allied forces here.

“Bloodline ignition!”

at this moment.

Panicking watched as his soldiers and generals fell one after another. He was extremely furious, but ynjs01 stopped him time and time again.

The most important thing was ...

No matter how serious the injuries ynjs01 suffered, it could recover in an extremely short time.

so,

They were unable to provide any reinforcements in their panic.

“Roar!”

The purple-winged heavenly dog appeared.

His bloodline was ignited.

its entire body was burning with purple flames.

“Roar!”

The purple true dragon of National aura and panic fused into one.

It condensed into a full-body purple armor.

“Get lost!”

BOOM!

He roared in panic and slammed down with his palm. It was like a purple dragon Claw that seemed to tear the sky apart and pierced through ynjs01’s chest.

Pfff!

“BOOM!”

Ynjs01 was sent flying backward, smashing into a mountain and flying tens of thousands of meters away.

The damage level had reached 70%!

Shua!

Ynjs01 quickly retreated and put some distance between them. Jiang Li quickly used up energy points to heal ynjs01's injury. The wound on his chest was healing quickly.

“Die!”

Immediately after.

Without ynjs01 stopping them, they immediately charged into the battlefield below. Their terrifying strength was invincible, and they directly tore apart the encirclement of the 2nd Legion.

A gap was created.

BOOM! boom!

the level three meches tried to stop him, but they were all knocked away.

retreat!!!

He shouted in panic.

“Hurry!”

“His Majesty has opened up a gap!”

“Quickly retreat!”

retreat!!!

“Let’s go!”

The marching army formation was activated.

The Alliance Army retreated at full speed from the gap that was opened in a hurry. They retreated as fast as they could while Jiang Li’s No. 2 Legion chased after them.

“Let’s go!”

Chi Mei’s pupils contracted. She didn’t expect to burn her bloodline in panic. She forced King Qian’s walking corpse to retreat with all her might. She didn’t dare to continue fighting and retreated at full speed.

boom! BOOM!

the sound of explosions continued.

The escaping demon soldiers were killed by the shells.

Whoosh! Whoosh! Whoosh!

The red laser shock wave almost ran through the battlefield, and its destructive power was extremely terrifying.

The Allied forces of the red eyebrow Yao Kingdom and the panic Yao dynasty had already rushed out of the Qingshan mountains and entered the Red Dragon County. Jiang Li’s No. 2 Legion kept chasing them.

He definitely wouldn't let him off!

Buzzzzzz!

The purple flames on Cang Huang's body had disappeared long ago. He had already withdrawn from the state of burning his bloodline. His face was pale, and he had used up a lot of energy. Even his aura had weakened.

obviously.

The side effects of burning one's bloodline were huge.

If it wasn't for the fact that he only burned it for a very, very short time, the side effects wouldn't just be this.

Your Majesty, Jiang Li's Army is still chasing after us.

Cang Zi Lei said.

is Jiang Li going to kill us all? ”

chi mei's face was solemn.

With the help of the stage three marching formation, the demon soldiers were moving too fast. If they wanted to continue the pursuit, they had to get all the meches on the vehicles.

Behind them.

jiang li's no. 2 legion was chasing them at full speed. most of the meches on foot got on the large military transport trucks and the team drove at full speed.

However, this way ...

After the meches got on the transport trucks, they could only stay in the carriages and couldn't attack. They could only let the artillery soldiers, tank meches, and transport meches fire from a distance.

with the protection of the stage 3 formation, it was hard for the long-range cannons to cause any damage.

“Just let them continue chasing.”

we can even slow down the speed of the Army and deliberately keep them hanging, “he said in a cold voice. I have already sent a message back to the panicking demon dynasty. Reinforcements will arrive soon.

“who is it?”

Chi Mei asked.

“My general-in-chief, Yi Shang.”

He answered in a panic.

“Yi Shang.”

Chi Mei naturally recognized ‘Yi Shang’. After all, the relationship between the red eyebrows Yao Kingdom and the panic Yao dynasty was quite good, and Yi Shang was a late-stage level four Yao.

They had fought before.

He was extremely powerful.

“If that’s the case, when the reinforcements arrive, we can even counterattack with Yi Shang around.”

Chi Mei said.

“you’re right.”

yes, he nodded and looked at the No. 2 Legion behind him with a gloomy face. I won’t be at ease until I kill Jiang Li’s soldiers!

No. 2 Legion, there’s no need to chase anymore in case the enemy has an ambush. The results of this battle are already not bad. Go back and clean up the battlefield. Prepare to return.

At this moment.

Jiang Li gave the order.

“Yes.”

The battlefield commanders responded.

Chapter 302 Battle

“let’s go back.” after jiang li gave the order, the second legion started to return. they abandoned the allied forces of the red eyebrows yao kingdom and the panicking yao dynasty and stopped chasing. the convoy quickly returned to the green mountain range.

Your Majesty, Jiang Li’s Army has started to retreat.

“They really did.”

“This is an ...”

Cang Zi Lei and the others looked behind them.

“bastard! they actually retreated!”

Stunned for a moment, he clenched his fists and shouted angrily. He was quite unwilling to accept this.

they were planning to lure jiang li’s second legion to continue chasing them and then work with the reinforcements that were about to arrive to kill them all.

The result.

However, Jiang Li’s No. 2 Legion retreated.

The plan that they had prepared in a hurry was completely useless.

“It’s a pity,”

chi mei sighed.

“.....”

His face darkened and he fell silent. He took a deep breath and said, ” go back.

Green Mountain Range.

After Jiang Li’s No. 2 Legion came back, they started to clean up the battlefield. They burned the bodies and loaded the broken remains of the meches and the broken armors and weapons onto the large military transport trucks.

Half an hour later.

the battlefield had been cleaned up, and the flames that burned the corpses did not dissipate for a long time. pitch-black smoke rose into the sky, as if a pillar of smoke connected the sky and the earth.

The air was filled with an extremely thick burning smell.

It was very pungent.

The ferocious beasts in the Green Mountain Range did not dare to approach.

“Rumble!”

The engine roared.

After the 2nd Legion cleaned up the battlefield, they marched at full speed and started their return journey.

On the other side.

At this moment.

The Alliance Army of the panicking demon dynasty and the red eyebrows demon Kingdom split up after they left the Red Dragon County. Chi Mei led the remaining demon soldiers and returned to the red eyebrows demon Kingdom at the fastest speed possible.

He had already left tiger cage County and was about to return to the red eyebrows Fey Kingdom.

“what are the casualties?”

Chi Mei asked in a deep voice.

Your Majesty, only about a million of the two million demon soldiers are left. We have lost nearly half of them. More than half of the level-three demon commanders have been killed or injured.

Zhu Ling replied with a heavy tone.

Chi Mei became silent and her face became very serious. She had never expected the result to be like this, ” so many of them died. This time, it’s really a great loss.

Obviously.

This time, Chi Mei led the elites of the red eyebrows Yao Kingdom. More than half of them were killed or injured, and they lost millions of demon soldiers. This caused the already weakened red eyebrows Yao Kingdom to suffer even more damage. It could be said that it was adding hail to snow.

“.....”

Zhu Ling and the others also looked solemn.

They were worried about the future of the red eyebrows Yao Kingdom.

Wushuang County.

Yi Shang, the general-in-chief of the panicking demon dynasty, led the million-strong demon Army and met up with panicking.

“Your Majesty.”

Yi Shang was a middle-aged man with a square face. From his current appearance, it was impossible to tell what kind of demon he was. He bowed to huanghun in a hurry and said in a very respectful tone, ” I’m late.

“.....”

He looked down at Yi Shang in a panic and said nothing, ” “Let’s go back,” he said.

“Yes.”

Yi Shang nodded.

similarly.

The panicking demon dynasty's Army had also suffered heavy losses. Nearly half of their level-three demons had died, and they had lost nearly half of their demon soldiers. Many of the surviving demon soldiers were injured.

“Jiang Li!”

He looked at the demon Army below in a panic and his face was extremely gloomy. He raised his head and looked in the direction of the great Xia Dynasty. He clenched his fist and shouted in a deep voice, “I will make you pay back a hundred times for the losses you have suffered this time!”

To tell the truth.

Cang Huang didn't expect that there would be so many casualties in this battle. More than a million demon soldiers died. Jiang Li's Army was too strong.

...

Those weapons of war were powerful and had a wide range of explosions, which was why there were so many casualties.

The imperial capital of the Grand Xia.

MYL01 had already returned, but the 1st legion was still on the way back.

“Chief sovereign.”

MYL01 arrived outside the room in the ruler's hub.

“Hidden Dragon, open the door.”

come in, ” Jiang Li said.

“Yes.”

Hidden Dragon replied.

The door opened automatically.

MYL01 walked in.

...

my Lord, the black snake barbarian Kingdom’s two million soldiers have been completely annihilated by the 1st Legion. The Barbarian King, man Teng, has been killed. The mission is complete.

myl01 saluted jiang li and reported.

“Yes.”

yes. Jiang Li nodded. I don’t have any other tasks for now. Stay with me in case the enemy attacks the capital.

“Yes.”

MYL01 replied.

Shua!

In Jiang Li’s Field of vision.

Now, there was only one projection left, which was the scene transmitted by the 3rd Legion.

The 3rd Legion had already arrived at The Magic Cauldron Prefecture.

at almost the same time.

The lion barbarian Kingdom's Army had also crossed half of the great Xia Dynasty and arrived in The Magic Cauldron Prefecture. They were directly facing the 3rd Legion.

The two armies met.

They immediately started the battle.

Without any buffer time or room, the war broke out.

“Attack!”

BOOM! BOOM!

At the first moment.

The mechanical artilleries had been set up. 120000 of them fired at the same time, and the shells rose into the air, directly bombarding the lion barbarian Kingdom's Army.

“Set up the formation!”

The three Grade 3 battle formations were set up.

“Roar!”

The beasts in the battle formation roared.

It had blocked the bombardment of the artillery shells.

charge!!!

“Kill!”

jiang li's no. 3 legion had more than three million meches. not only were they on par with the barbarian army of the lion barbarian kingdom, but they were also much stronger.

One had to know.

On the battlefield in the Green Mountain Range.

Jiang Li's No. 2 Legion was fighting against five million demon soldiers with three million meches. They were even suppressed by five level-three battle formations.

And now ...

Jiang Li's No. 3 Legion was fighting three million against three million.

A head-on charge!

That's right.

Jiang Li's No. 3 Legion directly charged into the lion barbarian Kingdom's Army and fought in close combat.

“Mechanical wing storm!”

Shua! Shua! “Whoosh!”

Hundreds of thousands of mechanical winged air soldiers released a terrifying attack, forming a vast tornado. The steel feathers were like sharp blades, directly killing the Barbarian soldiers.

Pfft! Pfft! pfft!

Blood splattered everywhere.

the corpses turned into minced meat.

“BOOM!”

The tanks rolled over, the cannons fired, the machine guns fired, and the Barbarian soldiers were killed one by one, turning into corpses that fell to the ground.

“Ah!”

A shrill scream rang out.

It was endless.

death!

Every moment.

There were barbarian soldiers who died.

“Retreat! Quickly retreat!”

“This Suan ni, this Suan ni”

“Si si si ...”

“Help! help!”

“too strong, the enemy is too strong.”

even the weakest of them is at the early stage of Level 1. Even with the suppression of the Army formation, it's useless. We can't beat them, we can't beat them at all. The gap is too big, the gap in strength is too big.

“rank three! They're all 3rd rank!”

“No!”

On the battlefield.

The lion barbarian Kingdom's barbarian Army was completely caught off guard by Jiang Li's No. 3 Legion. They were no match for Jiang Li at all.

More than 100000 stage three experts rushed into the battlefield like an extremely sharp blade, scattering the Barbarian Army.

The level-three battle formation beast roared and charged into the mech Army, but it was stopped by a thousand perfected-stage level-three meches.

The third-level barbarian commanders tried to resist, but they were surrounded and killed.

“Very good,” he said.

Jiang Li looked at the battlefield and was very satisfied.

In the past.

Because Jiang Li didn't have enough meches, he was always outnumbered. There was a big difference in the number of soldiers between the two sides, so he was suppressed by the military formation every time.

They had to break the battle formation first.

and now ...

Jiang Li's meches had increased greatly. Even if the enemy had the same number of meches, they could still crush the enemy.

They directly charged forward and fought, killing the enemy until they threw away their armor.

“boom!”

In the image.

In the sky above the battlefield.

At the beginning of the war.

The two sides had been fighting for quite some time now. They had exchanged dozens of moves, and it was difficult to tell.

Steel feathers surrounded the body of the TS01, forming a protective barrier that blocked Shi Qingtian's attack.

At the same time.

TS01 was already wearing a sky-blue exoskeleton armor and holding a large-caliber machine gun with a muzzle as large as a cannon.

All that was fired were energy bombs.

Bang! Bang!

The sky-blue energy shot towards Shi Qingtian.

Shi Qingtian dodged the energy bomb. The energy bomb hit a mountain peak in the distance, and the top of the mountain directly exploded into gravel.

The entire mountain peak was razed to the ground.

“Whoosh!”

Shi Qingtian had already reached the front of TS01. The lion barbarian Kingdom’s true dragon had already become one with him, and he was wearing a dark green battle armor that was like jade.

“Lion Dragon Claw!”

Roar!

Shi Qingtian attacked. He let out a Dragon’s Roar and a lion’s roar, forming a huge claw print and bombarding towards the TS01.

Clang clang clang clang

The next moment.

countless sky-blue steel feathers poured down like a storm. they collided with shi qingtian’s lion dragon claws, creating a series of explosions.

Bang!

In the end.

The liondragon claw shattered, and the countless steel feathers scattered in all directions.

“Hu ~~ Hu ~ Hu ~”

Shi Qingtian took a deep breath and stared at the TS01. His mood was very heavy. From time to time, he would look at the battlefield below from the corner of his eye.

Shi Qingtian’s heart was bleeding when he saw the scene of the battlefield. He was incomparably angry, and his killing intent soared. However, he was helpless.

“dammit! You should die!”

Shi Qingtian roared in his heart and clenched his fists. He wanted to rush into the battlefield and kill Jiang Li’s soldiers one by one.

but ...

With TS01 watching from the side, he had no chance to help the Barbarian Army.

When Shi Qingtian led his Army to attack the great Xia Dynasty, he was so high-spirited that he treated Jiang Li and the great Xia Dynasty like fish on an anvil. He could kill them at will.

And now ...

Shi Qingtian’s barbarian Army was crushed by Jiang Li’s mech Army.

I miscalculated. I’ve really miscalculated this time.

Shi Qingtian’s face darkened. I didn’t expect Jiang Li to be so cunning. He has such a terrifying Army. There are three million soldiers. The weakest one is at the early stage of level one, and there are more than 100000 level three masters.

I'm afraid only the top ten dynasties on the young dragon List can have such a powerful Army. Jiang Li has one.

and Jiang Li has a third subordinate who's at the perfected stage of level four.

"This is really troublesome."

shi qingtian was thinking of a countermeasure in his heart, "if this continues, i'm afraid the entire army will be annihilated."

### Chapter 303 Total annihilation

At this moment.

Shi Qingtian wanted to retreat, but Jiang Li's No. 3 Legion began to surround Shi Qingtian's barbarian Army, blocking their way.

It was too late to retreat.

now.

There was only one way.

shi qingtian had to find a way to kill jiang li's subordinates as soon as possible so that he could turn the situation around. at least, retreating wouldn't be a problem.

energy Angel!

"Whoosh!!!"

At this moment.

TS01 immediately released his strongest skill.

Behind him.

Four pairs of sky-blue mechanical wings spread out, and his entire body flashed with skill light. The Super-large caliber heavy machine gun in his hand turned into a sky-blue energy lightsaber.

It was the special weapon of the TS01, 'energy Angel's sword'.

A sky-blue energy radiance surged on the body of the TS01. It was like an eight-winged Angel from the legends. It held an energy lightsaber in its hand.

Not only that.

The mechanical wings on the back of the TS01 also turned into sky blue energy wings.

Shua!

The energy wings flapped.

The speed of the TS01 increased rapidly, and it disappeared from its original spot in an instant. It was so fast that Shi Qingtian did not even have time to react, and the energy light sword had already slashed down.

"You!"

Shi Qingtian's pupils contracted.

Clang!

The sword light flashed.

“Pfft!”

Shi Qingtian couldn't avoid it in time. The left side of his waist was hit by the sword. His armor was cut open. He couldn't block it, and blood splashed out.

“Whoosh!”

Shi Qingtian quickly retreated, putting some distance between them. His left hand touched his waist, and his palm was already covered with blood.

He was injured.

“Kill!”

Shua! shua! “Whoosh!”

no. ts01 attacked with all its might, moving at full speed. its body turned into a sky-blue stream of light, as if it had become one with the angelic sword in its hand.

Rays of sword-light flickered, forming a sword dance that attacked Shi Qingtian.

Clang clang clang!

High up in the sky.

Ts01 used its full power to suppress Shi Qingtian. The sky-blue energy sword light flickered. Because it was too fast, Shi Qingtian could not keep up with the rhythm and was thus suppressed.

“Pfft!”

Blood spurted out.

Another sword wound appeared on Shi Qingtian's left arm.

"You're looking for death!"

Shi Qingtian roared, "secret totem technique! Nine-headed Lion King!"

BOOM!

Shi Qingtian unleashed a powerful attack, and a vast amount of totem power burst forth. The totem patterns on his body lit up and flickered.

After that.

A life-like nine-headed Lion condensed behind Shi Qingtian and let out an earth-shaking roar. The sound waves seemed to have substance.

"Lion King's Warhammer!"

Shi Qingtian raised his right hand, and the nine-headed Lion behind him let out a long roar. Then, it transformed into an incomparably huge energy hammer, and Shi Qingtian reached out to grab the handle.

"Die!"

Thump!

Shi Qingtian raised his head, his eyes shining. With a loud roar, The Lion King's War hammer smashed down. The giant hammer was like an ancient giant mountain, rumbling towards the TS01.

"Energy Angel's sword!"

The energy lightsaber in the hands of the TS01 was raised, and a sky-blue energy radiance surged. all-around release!

“Whoosh!!!”

The next moment.

...

The energy light wings on the back of the TS No. 01 seemed to be burning. All the energy was released, and the energy light wings directly extended to the extent of a hundred meters.

At the same time.

The Angel’s sword of energy, TS01, was also released to its limit. Sword light soared into the sky and turned into an energy sword pillar that was a thousand meters long.

“Slash!”

The thousand-meter long energy sword pillar slashed down and collided with Shi Qingtian’s Lion King battle hammer. The sky-blue radiance and the dark-green radiance collided and exploded continuously, forming a storm.

It swept in all directions.

The spiritual Qi of heaven and earth was shaking.

“BOOM!”

In the end.

The energy sword pillar exploded, turning into light spots that filled the sky. The TS01 was sent flying backward, flying tens of thousands of meters away.

bang bang bang bang!

...

It smashed through a Hill and created a huge pit on the ground.

Pfff!

Shi Qingtian vomited blood and retreated. The Lion King's battle hammer had been destroyed, and he had used up a large amount of totem power. His face was pale, and blood was flowing from the corner of his mouth.

he suffered internal injuries.

“Hahahahaha!”

Shi Qingtian laughed arrogantly as he looked down at the huge pit.

In the huge pit.

The damage to the TS01 was not light. The energy light sword had been destroyed. After the all-out release, the energy light wings on its back returned to their mechanical state.

The damage had reached 50%.

Obviously.

After all, the TS01 had only been promoted step by step from an ordinary troop type.

but ...

Shi Qingtian had the blessing of the lion barbarian Kingdom's National aura. In addition to his cultivation technique and totem secret technique, he was very strong and his combat power was very strong.

so,

It was normal for TS No. 01 to not be a match.

If it was MYL01 or a perfected-stage rank four elite troop type ...

The outcome of the battle would be completely different.

“Repair.”

Jiang Li immediately used up his energy points.

“In the end, I still won.”

haha! Shi Qingtian laughed and was in a good mood. Jiang Li, I'll take the life of your subordinate who's at the perfected stage of level four.

As soon as he finished speaking.

Shi Qingtian charged towards the TS01.

boom! boom! BOOM!

The next moment.

From the battlefield below.

The sky was filled with artillery bombardment. There were laser beams and ultrasonic pulses that covered the sky and earth as they bombarded towards Shi Qingtian.

“!!!”

shi qingtian's pupils contracted. he immediately released the power of his totem and opened up an energy light curtain, forming a strong defense that blocked all the attacks.

kachaa!

the energy screen shattered.

Shi Qingtian was pushed back and blocked.

Shua!

At this moment.

TS01 had already recovered and its damage was completely restored. once again, it used the 'energy angel' skill, and its mechanical wings turned into energy light wings.

He charged towards Shi Qingtian.

Clang!

Shi Qingtian raised his hand to block the sword light.

Pfff!

However, a sword wound appeared on his palm, and blood spurted out.

“You’re so silly!”

Shi Qingtian’s pupils contracted. After looking at the completely restored TS01, he even felt horrified in his heart, ” this again, this again. You can actually fully recover in such a short time!

“This Suan ni, this Suan ni”

Aghast!

shi qingtian’s heart was overwhelmed with shock!

“Kill!”

Ts01 held its sword and charged towards Shi Qingtian.

BOOM!

Shi Qingtian managed to block the attack of the TS01. However, Shi Qingtian’s heart had already begun to feel fear, and his face was getting paler and paler.

One had to know.

Shi Qingtian wasn’t like the TS01. He couldn’t recover from his injuries in a very short time. He had already suffered internal injuries. If he continued to fight, he would probably be exhausted to death by the TS01.

The most important thing was ...

On the battlefield below.

More than half of the lion barbarian Kingdom’s barbarian Army had been killed or injured. They were at an absolute disadvantage, and there was no possibility of turning the situation around.

A large number of barbarian soldiers lost their courage to fight and started to run.

The three Grade 3 formations had already collapsed due to the deaths of too many barbarian soldiers and the fact that the formation of the Barbarian Army was in a mess.

Without the suppression of the Army formation.

the barbarian soldiers died even faster.

The biochemical mech took the opportunity to transform a large number of walking corpses.

“Lion King’s Warhammer!”

BOOM!

Shi Qingtian once again released his most powerful attack. The huge Lion King war hammer appeared like a huge ancient mountain and smashed towards the TS01.

“All-rounded release!”

Once again, TS01 released all-rounded attacks. The energy sword pillar blocked Shi Qingtian’s attack, but the energy light sword was destroyed, and his body was sent flying.

“boom!”

Another huge pit was created on the ground.

“Repair!”

Jiang Li immediately used up his energy points.

“pfft!”

Shi Qingtian vomited blood again, and his injuries worsened.

BOOM! boom!

After that.

Once again, countless cannonballs, laser beams, and sound waves were fired at Shi Qingtian from the battlefield below. Shi Qingtian immediately roared.

“lion king’s warhammer!”

He once again used a powerful attack.

The huge Lion King’s War hammer smashed over, blocking all the attacks.

Buzzzzzz!

Ts01 “s body flickered with light.

The degree of damage was recovering.

“Let’s go!”

Shua!

Shi Qingtian glanced at him with fear in his eyes. He no longer had any intention of continuing the battle. He immediately flew across the sky at full speed and rushed into the battlefield below.

Then, he stretched out his hand and grabbed two barbarians who were at the perfected stage of level three.

They were Shi Qingtian's two most capable subordinates.

Moreover, it was Shi Qingtian's direct bloodline.

Gryphons and Gryphons.

"your majesty!"

"father!"

Shi Jintong and Shi Yan were both surprised and happy, their faces were filled with the joy of surviving a disaster.

"Roar!"

The true dragon of the lion barbarian Kingdom's National aura emerged from Shi Qingtian's body.

Shua!

The lion barbarian Kingdom's true dragon ran away as fast as he could.

shi qingtian threw the two gryphons onto the dragon's back and turned around to look behind him.

"Your Majesty! Your Majesty!"

"no!"

"Her Majesty has escaped! her majesty actually escaped!"

“Why?”

“Her Majesty has escaped!”

At this moment.

The Barbarian soldiers and barbarian generals.

his will had completely collapsed.

Shi Qingtian had already escaped, so what was the point of them continuing to fight?

Fleeing!

the entire army began to flee!

However ...

When they were about to run away, they found that they had nowhere to run. The surroundings had been blocked by Jiang Li's meches.

There was no way to escape.

He was already a turtle in a jar.

Shua!

Ts01 had also recovered. It stood high in the sky, the energy light wings on its back unfurled. Its right hand held the energy light sword, and its eyes looked at the escaping Shi Qingtian.

The TS01 did not chase after Shi Qingtian because it was too late.

Clang!

With a swing of his sword, TS01 turned around and slashed at the Barbarian Army below. With a perfected stage four National Guardian level combat strength joining the battle, he killed thousands of barbarians with just one swing of his sword.

this bastard!!!

Shi Qingtian clenched his fist and looked at the screaming barbarian soldiers. His heart was filled with anger. He glared at the TS01, full of murderous intent.

However ...

No matter how angry Shi Qingtian was, his killing intent was even stronger.

There was nothing he could do.

he could only watch the barbarian soldiers being slaughtered. the three million barbarian soldiers he led were gradually devoured by jiang li's no. 3 legion.

“ah!”

In Shi Qingtian's ear.

The screams and cries for help of the Barbarian soldiers were constantly heard.

“Imperial father Ge Ge”

Shi Jintong and Shi Yan looked at Shi Qingtian.

“.....”

Shi Qingtian closed his eyes, his heart filled with grief. He turned around and no longer looked, " go back! I swear! I will definitely take revenge for the three million barbarian soldiers who died in the great Xia Dynasty!"

I'm going to offer Jiang Li's blood and head to their dead souls!

"Yes!"

Shi Jintong and Shi Yan nodded solemnly.

Chapter 304 Tier

Half an hour passed.

The war was over.

the three million barbarian soldiers had been completely annihilated by the 3rd legion. not a single barbarian soldier had escaped. they were all killed.

As far as the eye could see, the ground was covered with corpses. The battlefield was filled with smoke and blood, forming a Blood Lake. The air was filled with the smell of blood, which lingered for a long time.

On the battlefield.

they could also see the huge, deep pits that had been blasted by the artillery shells. the pits were charred black, and there were badly mutilated corpses around them. there was a burning smell.

Other than that.

there were also a large number of mech remains from the mech factory.

In reality.

This battle affected a very wide area.

it even caused several human villages to be affected, causing them to be exterminated and turned into ruins. several surrounding mountains also collapsed.

And this was only a war between dynasties.

It affected an area of dozens of miles.

Furthermore ...

The lion barbarian kingdom was not considered very strong in the dynasty.

one could imagine.

If a war broke out between the empires, the impact would probably move mountains and fill the seas. The land would be barren for thousands of miles, which was enough to change the environment and terrain of the battlefield.

Soon after.

the 3rd legion started to clean up the battlefield. they burned the bodies of the barbarians and put the remains of the meches, as well as the damaged and undamaged equipment and weapons, into the large military transport trucks.

Another half an hour passed.

the 3rd legion finally finished cleaning up the battlefield and started to return to the imperial capital.

the imperial capital of the grand xia.

the 1st and 2nd armies had already returned to the imperial capital of the grand xia.

“His Majesty’s Army has returned.”

“Quickly open the city gates!”

Hong Tianqi and the others shouted.

the entire city welcomed them.

The city gate opened.

The large mech Army fleet slowly drove into the city. They followed the main road and moved forward. Countless people looked up.

The mech Army fleet arrived at the base.

BOOM! BOOM!

The iron gate of the base opened automatically.

The engine roared.

The fleet of meches went through the iron gate of the base and entered the mech factory.

Stage 3 army base.

In the mech factory.

There was also a limit to its capacity.

it couldn't accommodate an infinite number of meches.

The first level could hold one hundred million level one meches, the second level could hold ten million level two meches, and the third level could hold one million level three meches.

Currently.

Jiang Li's mech Army was still far from the limit.

There was no need to rush.

This was because Jiang Li had won all three battles and defeated the black snake barbarian kingdom, the panic demon dynasty, the lion barbarian kingdom, and the red eyebrow barbarian kingdom. He even killed man Teng, the Barbarian King.

so,

this greatly improved the fortune of the great xia dynasty.

Plus ...

Man Teng died.

The Azure Dragon of the Xia Dynasty had devoured more than half of the black snake barbarian Kingdom's fortune.

At this moment.

The Azure Dragon of great Xia had finally absorbed all of the increased National aura, and it had increased from 1000 meters to 1200 meters, which was only 300 meters less than the panicky demon dynasty and the lion barbarian kingdom.

“Roar!”

The great Xia Azure Dragon roared.

The roar of a Dragon resounded throughout the entire imperial capital of the Grand Xia, its might vast and mighty.

...

Wuwuwuwuwu!

a green radiance bloomed.

The Azure Dragon turned into a ray of blue light and disappeared into Jiang Li's body, hovering in his dantian.

Instantly.

good luck! the Azure Dragon of Xia Dynasty released bursts of light. After the improvement of the Fortune of the nation, it began to feed back to Jiang Li and then tempered Jiang Li's internal force and body.

“the azure dragon art of the great xia dynasty,”

Azure Dragon technique. Jiang Li sat down cross-legged and used the Azure Dragon technique. Azure inner force appeared and flowed through his body, as if it was going to break out of his body.

It was obvious.

Jiang Li's cultivation had already reached the peak of level two and he was only one step away from the level three inborn realm.

Now that great Xia's fortune had improved, it was all in Jiang Li's favor.

Jiang Li was about to break through.

...

However ...

He was still a little off.

"Five essence true pill!"

five spirit quintessence pill. Jiang Li thought for a moment and immediately took out the five spirit quintessence pill. The pill was white like a gem and emitted a medicinal fragrance.

gulu!

without any hesitation.

Jiang Li took the five essence true pill.

as soon as the pill entered his mouth, it turned into a warm current and slid down Jiang Li's throat. it entered his stomach through his esophagus and the medicinal effect started to spread.

BOOM!

The position of the abdomen.

Jiang Li felt a burning energy. Because the medicinal power was too strong, Jiang Li's body was red and white smoke was coming out of his head.

“Roar!”

” no! ” the azure dragon roared. the power of the nation’s fate suppressed the five spirit quintessence pill and helped jiang li use the azure dragon technique to refine the pill.

Time passed.

Under the power of the nation’s fortune and the five spirit quintessence pill, Jiang Li fell into a state of enlightenment. It was as if his consciousness had spread out of his body.

after that.

spiritual Qi? ” Jiang Li felt the spiritual Qi of heaven and earth outside his body. The endless spiritual Qi filled every corner of the world.

It really existed.

Slowly.

Jiang Li tried to control the spirit Qi and slowly guided it into his body. He used the Azure Dragon technique of the great Xia Dynasty and gradually refined the spirit Qi.

The refined spiritual energy of heaven and earth combined with his own attribute inner force.

it could form ‘innate true qi’.

An hour later.

innate true Qi. Jiang Li combined all his elemental internal force with the spiritual Qi and formed innate true Qi. The innate true Qi was like a cloud of blue mist, existing in Jiang Li’s dantian.

There was no surprise.

It could be said that the progress was very smooth.

Jiang Li had successfully broken through.

He broke through from Tier 2 perfected stage to Tier 3 initial stage.

He had successfully entered the higher heaven realm.

BOOM!

Jiang Li's body shook.

His aura increased greatly.

The innate true Qi could be released to form a protective Qi around the body, and it possessed all kinds of unbelievable power.

Furthermore ...

After stepping into the early stage of rank three.

Jiang Li's divine soul had become stronger. He had awakened his divine sense, which was also a kind of mental power or soul power.

It was a mysterious power that was born from one's own soul.

It was because of this divine sense that Jiang Li could sense the spiritual Qi, control it, absorb it into his body, and form innate true Qi, becoming an early stage level-three innate martial artist.

generally speaking.

An early stage level three connate martial artist.

after releasing his divine sense, he could sense the spiritual energy of heaven and earth within a nine-meter radius of himself. he could also use his innate true qi to condense the spiritual energy of heaven and earth within a nine-meter radius to fight his enemies.

As his cultivation continued to rise ...

The stronger his divine sense was, the more abundant his innate true Qi would be, and the wider the range he could control the heaven and earth ling qi, the stronger he would be.

“not bad, not bad.”

half an hour later.

innate true Qi. Jiang Li stabilized his cultivation and felt the innate true Qi in his body. Because he had just made a breakthrough, the thick internal force that filled his body was only a small ball in his dantian after it was condensed into innate true Qi.

but ...

The power of Xiantian Zhen Qi was far stronger than attribute inner force. In terms of quality, it was completely different, not to mention that it could control the spiritual Qi of heaven and earth.

His strength had increased.

His own safety would be even more guaranteed.

Jiang Li was in a good mood and he was smiling.

It was almost evening.

The third Legion had also returned to the imperial capital of the Grand Xia.

Jiang Li's three armies had all returned and entered the mech factory. The one million walking puppets controlled by the biochemical mech couldn't enter the mech factory, so Jiang Li sent them to patrol the city walls and gates of the capital.

In the room in the ruler's hub.

“Chief sovereign.”

From zh01 to zh09, the nine commanders stood in a row. Three women and six men were wearing the same military uniform. They saluted Jiang Li and greeted him in unison.

“Mission accomplished.”

They said in unison.

“Yes.”

Jiang Li looked at the nine commanders and was very satisfied with the results of the three legions. They annihilated the black snake barbarian Kingdom's Army, including man Teng's. Although Shi Qingtian ran away with two of his direct bloodlines, they also annihilated the lion barbarian Kingdom's Army.

The Allied forces of the red eyebrows Yao Kingdom and the panic Yao dynasty also suffered heavy losses.

It could be said that ...

In total, the three legions had killed more than seven million demon soldiers and barbarians, and they had lost about one million meches.

A complete victory!

Other than the nine battle commanders.

MYL01, TS01, and ynjs01 were also there. They stood next to Jiang Li and were the strongest perfected-stage level four meches under Jiang Li's command.

Of course.

There was also a peak stage Tier 4 walking corpse puppet.

king qian's walking corpse.

it was considered a top-notch combat force.

Shua!

the dominator panel opened.

Jiang Li opened the soul Tinder.

This time.

After killing more than seven million monsters and barbarians, the elite troops of the four dynasties, Jiang Li had collected a lot of soul Tinders.

among them.

The number of level-one soul Tinders reached 29700, level-two soul Tinders 10400, and level-three soul Tinders 57.

fifteen level-one soul Tinders have been consumed. The level-one mech Air Force has been fully unlocked.

Jiang Li confirmed.

Shua!

successfully unlocked Air Scout, glider air soldier, lightweight armored air soldier, and biochemical air soldier.

A notification appeared.

level two mech Air Force soldier type unlocked.

Jiang Li used nine level-two soul Tinders and 10000 energy points to unlock the level-two mech Air Force.

[ nine stage-two soul Tinders and ten thousand energy points have been achieved. Unlocking conditions met. Unlocking stage-two mech Air Force soldiers. Please wait patiently. Countdown: 10?9?8?7.....? ]

” countdown ended. mech air force type stage two troop type has been successfully unlocked. ”

[ can be expanded. ]

Ten seconds later.

The unlocking was complete.

opening mech Air Force military type interface.

shua!

[ interface: mech Air Force type ]

[ Level 1 troop class: bi an (omitted) ]

Level 2 mech types: electric mech paratroopers (unlocked), transport mech soldiers (locked 10391/2), air mech (locked), bombing mech (locked), air fighter mech (locked)

” 30 level-two soul tinders consumed. all level-two mech air force units unlocked.  
”

Jiang Li confirmed.

Shua!

” successfully unlocked transport mech soldiers, air anti-aircraft artillery, bombing mech soldiers, and fighter mech soldiers.

A notification appeared.

Level 3 mech Air Force soldier type unlocked.

After Jiang Li unlocked all the level-two mech Air Forces, he used nine level-three soul Tinders and one hundred million energy points to unlock the level-three mech Air Forces.

Chapter 305 Expedition

Several notifications popped up in front of Jiang Li.

Ten seconds later.

The stage 3 mech Air Force was successfully activated.

“Unfurl.”

Shua!

[ interface: mechanical air Force ]

[ Level 1 troop class: bi an (omitted) ]

[ Level 2 troop type: bi an (omitted) ]

Stage 3 troops: mechanical dragon cavalry (unlocked), exoskeleton armor air soldiers (48/4 locked), mechanical destructive bomber soldiers (locked), stealth fighter soldiers (locked), mechanical air warship soldiers (locked) ”

“Fuse.”

Shua!

After Jiang Li turned on all the mech Air Force units from level one to level three, he activated the soul Tinder fusion function and pressed the one-button Fusion option.

He still had 209685 level-one soul Tinders.

Buzzzzzz!

The fusion interface appeared.

in the interface.

It was filled with a white light.

shua! Shua! shua!

After that.

[ fusion failed! ]

.....

[ fusion successful! ]

.....

[ fusion failed! ]

.....

Then, a series of notifications appeared. It felt like the screen was being refreshed so fast that Jiang Li was dazzled.

[ prompt: a total of 20968 fusions, 6990 successes, and 13978 failures. You have obtained 6990 level-two soul Tinders. [ there are five level-one soul Tinders left. ]

fuse the second-stage soul Tinder with one key.

” fuse. ” jiang li activated the soul tinder fusion function again and clicked on the ‘one-button fusion’ option. he fused a level-two soul tinder, which contained 17351 level-two soul tinders.

Buzzzzzz!

The fusion began.

The fusion interface appeared.

A white light flashed.

Shua! Shua! “Whoosh!”

[ fusion successful! ]

.....

[ fusion failed! ]

.....

[ fusion failed! ]

.....

the notifications kept popping up like data.

[ prompt: a total of 1735 fusions, 290 successes, and 1445 failures. you have obtained 290 level-three soul tinders. [ there’s only one stage-two soul Tinder left. ]

“Two hundred and ninety.”

Jiang Li looked at the notification and murmured, ” in addition to the original forty-eight level-three soul Tinders, there are three hundred and thirty-eight in total.

unlock energy meches.

After that.

Jiang Li used 64 level-three soul Tinders to unlock the last type of level-three mechanical Army.

Shua!

” successfully unlocked the energy mech!

a notification appeared.

[ prompt: congratulations, Lord, you have fully unlocked the stage three mech Army and successfully obtained the authority to activate the stage two mech Army. Please activate the stage four mech Army with ‘nine stage four soul Tinders’ and ‘ten billion energy points’ as soon as possible. ]

After Jiang Li unlocked the last level three mechanical Army, he received an upgrade and gained the right to activate ‘level four mechanical Army’.

nine fourth-tier soul Tinders.

...

Jiang Li took a deep breath and murmured, ” ” in the past, it would be very difficult to get nine fourth-rank soul tinders, but it’s different now. ”

at present, there are 274 level-three soul Tinders left. I can fuse them 27 times, so I should be able to get three level-four soul Tinders.

“Fuse.”

Shua!

” fuse. ” jiang li activated the soul tinder fusion function again and fused all two hundred and seventy level-three soul tinders. a series of notifications appeared in front of him.

Finally.

The fusion was complete.

Buzzzzzz! Buzzzzzz!

jiang li got three pure golden level-four soul tinders. they were floating in front of him, shining with pure golden light.

“Three of the nine have been gathered.”

six more. a smile appeared on Jiang Li’s face. I’m still missing six.

...

the source of these six level-four soul Tinders will fall into the hands of the black snake barbarian kingdom and the other dynasties.

” man teng, the barbarian king of the black snake barbarian kingdom, has fallen. ”

that’s right, ” Jiang Li said. that means the black snake barbarian kingdom probably doesn’t have any level-four combat power anymore. Plus, the two million barbarian soldiers were all killed.

“If I’m not wrong, the black snake barbarian kingdom will be destroyed soon.”

obviously.

Jiang Li had his eyes on the black snake barbarian kingdom.

In reality.

Jiang Li had made up his mind. He was going to send the mech Army to attack the black snake barbarian kingdom and occupy it. He would take its resources and territory and devour the remaining fate of the black snake barbarian kingdom.

Similarly.

This would also allow him to harvest a large number of soul fires.

battlefield commander, how many meches did we lose? ”

Jiang Li asked.

“Reporting to you, chief sovereign.”

yes. zh01 answered first, ” the mech factory has lost 100000 level-one meches, 16000 level-two meches, 100 level-three meches, 50000 perfected-level one meches, 5800 perfected-level two meches, and 20 perfected-level three meches.

” no... ” zh04 continued to report, ” in the number two army, 500000 level one meches, 50000 level two meches, and level three meches were destroyed. ”

200000 level-one meches from the mech factory of the No. 3 Army have been scrapped.

Zh07 continued to report the specific data.

1st Army, 2nd Army, 3rd Army.

After three battles.

Jiang Li’s three mech legions.

The total number of soldiers had been reduced from 8748153 to 7578049, with a loss of 1170104.

Among them.

The number two Army lost the most meches, which accounted for more than half of the total number. After all, the number two Army fought against the Alliance Army of the red eyebrow Empire and the panic Empire.

Therefore, the losses were greater.

Shua!

the energy points column opened.

there were not many energy points left.

One had to know.

let's go. Jiang Li had two large-scale attacks.

It consumed a total of 8.556427100 energy points.

The production of the normal mechanical soldiers, the nether mech soldiers, and the 100000 mechanical winged air soldiers had cost him 72669000 energy points.

There were still three more battles to go.

This included reloading and repairing meches.

It consumed 101425070 energy points.

More than a million meches were wasted.

jiang li recovered 255.44 million energy points and 80 million pounds of steel materials, which was 400000 tons.

Therefore, the total number of energy points had been reduced from 11.740284500 to 2.611203330.

“There’s still 2.6 billion.”

okay. Jiang Li thought for a moment. Hidden Dragon, run the mech factory at full power and start building meches to replenish the losses.

“Yes.”

Hidden Dragon replied.

The mech factory was operating at full power.

He had used up 168 million pounds of steel and 20.4 million energy points to produce meches.

If Jiang Li didn’t bring back a large number of remains of meches, broken armors, and weapons, he wouldn’t have been able to gather 168 million pounds of steel.

the mech factory was fully equipped with normal mech production soldiers.

Therefore, the production speed was very fast.

In less than ten minutes, they were all completed.

Shua!

At the same time.

Jiang Li opened the Dominator panel and immediately used energy points to build meches. Fourteen illusionary figures appeared on the building interface.

A minute later.

[ creation complete! ]

The meches appeared out of thin air.

“My Lord!”

The meches saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded. He used energy points to upgrade all the newly-made meches to the perfect level. The upgrade was completed in a few seconds.

This time, they were replenishing their losses.

It consumed a total of 538.5 million energy points.

After that.

” let’s go. ” jiang li moved all the newly-made meches into the mech factory.

“Zh01, zh02, zh03, ynjs01, TS01.”

After Jiang Li made up for all the losses, his total force was back to the original number. He still had two billion, five hundred and twenty-two million, three hundred and thirty-three hundred and thirty energy points.

“please give us your orders, chief sovereign.”

commander Jiang. the three commanders stepped out. Ynjs01 and TS01 saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded, looked at the commanders, and then said, ” I order you to lead two million level one meches, 400000 of each type, and one million perfected level one meches. 200000 of each type.

add in one million level two meches, 200000 of each type, 200000 perfected level two meches, and 40000 of each type.

” and two hundred thousand level three meches, forty thousand of each type, and two thousand perfected level three meches, five hundred of each type. ”

” finally, bring qx02 and qx03. ”

form an ‘Expeditionary Army’ and go to the ‘black snake barbarian kingdom’. We must take down the black snake barbarian kingdom in the shortest time possible.

“Yes!”

“Yes, sir!”

“I promise to complete the mission!”

commander Jiang! the three commanders, ynjs01 and TS01, saluted Jiang Li at the same time and responded in unison.

“go on.”

Jiang Li waved his hand.

“army, set out!”

“Rumble!”

Hence.

The mech Army that had just returned to the great Xia Dynasty came out of the ‘mech factory’ under Jiang Li’s order.

A huge fleet of meches drove out through the four iron gates of the base and gathered on the main road.

The Expeditionary Army set out!

The total number of soldiers in the Legion reached 4.4 million and 2006.

The night came.

The ‘Expeditionary Army’ that zh01 and the others were leading had long since left the capital and were marching towards Tianshui city. They had already passed by Tianshui city.

They were about to reach the border defense line.

at this moment.

Jiang Li had left the room in the dominating hub. He walked out of the base and returned to the great Xia Palace. He hadn’t rested for the past few days. He had too many things to do.

this time.

They had solved the problem of the four-Kingdom Alliance attacking the great Xia Dynasty and had more than eight million soldiers. They also had three meches at the perfected-stage of level four.

Jiang Li could finally relax.

In the palace.

Jiang Li fell asleep as soon as he fell asleep.

MYL01 was guarding outside the palace to ensure Jiang Li's safety. There were also a large number of meches guarding the entire great Xia Palace.

## Chapter 306 Panic

Late at night.

In the air.

The mech-winged Air Force patrolled the imperial capital, looking down at the entire city. The night was very peaceful, and nothing out of the ordinary happened.

There were no traces of demons either.

However ...

In every household of the imperial capital, the commoners were all discussing the major events that had happened in the past few days.

Jiang Li's prestige in the People's hearts was growing.

His Majesty Emperor Xia actually sent out another army this evening. They are marching in the direction of Tianshui city. I wonder what His Majesty Emperor Xia wants to do.

In the Minister's mansion.

hong tianqi and the others were gathered here.

“how can we guess the thoughts of his majesty, emperor xia?”

Hu Dong shrugged.

“That's right,”

Wu Zong nodded and said, ” we shouldn't think too much about these military matters. What we can do is to manage the great Xia Dynasty well for His Majesty.

“By the way, Minister Xu.”

Han Liqi looked at Xu Ya and asked, ” “Have you dealt with the prisoners that His Majesty captured from the Imperial court of da Qian? Did you find any talents that you can use?”

“Yes.”

xu ya nodded and replied, soon.

“Oh, sure.”

Han Liqi did not say anything more.

“don't you think that the army that his majesty emperor xia sent out this evening is likely to be preparing to go to the black snake barbarian kingdom?”

pang kui suddenly said.

“We’re going to the black snake barbarian kingdom,”

Hu Dong and the others were shocked. They looked at each other. no way. We’ve just finished three battles today and defeated the four-nation coalition Army. His Majesty is actually going to launch a counterattack? ”

“isn’t this a little too rushed?”

“I think it’s very possible.”

Hong Tianqi thought for a while and said, ” the black snake barbarian kingdom has suffered heavy losses, and their National Strength has been greatly damaged. This is the best time to invade and counterattack the black snake barbarian kingdom.

“I have to say, Your Majesty really doesn’t wait for revenge!”

Wu Zong sighed.

One had to know.

The ‘Expeditionary Army’ that Jiang Li sent out had more than four million meches, two ynjs01 and TS01 who were at the perfected-stage of level four, and King Qian’s walking corpse.

In other words, they had the combat strength of three at the perfected stage of Tier 4.

It could be said that ...

With such a powerful ‘Expeditionary Army’ and three perfected stage four National guardians leading them, they could easily take down the black snake barbarian kingdom.

so, jiang li wasn't worried at all. he just went to sleep.

Furthermore ...

The battlefield commanders played a commanding role in the three battles, so Jiang Li could hand over the command of the Army to them without worry.

It was a quiet night.

The next morning.

Jiang Li woke up.

“It's comfortable,”

Jiang Li stretched, changed his clothes, and walked out of the bedroom. Du Xiaohua had already prepared toiletries for him.

In the morning.

let's go. Jiang Li had breakfast and cultivated for a while before he went to the base.

The room in the ruler's hub.

QX01, contact the 'Expeditionary Force'.

go! Jiang Li ordered.

“Yes.”

QX01 replied.

Buzzzzzz!

The holographic communication was activated.

In front of him.

A clear holographic projection appeared.

...

boom! boom!

in the image.

The ‘Expeditionary Army’ had already entered the black snake barbarian Kingdom’s territory, and had already taken down three counties.

It could be said that ...

It was a complete sweep.

The Barbarian soldiers of the black snake barbarian kingdom couldn’t stop Jiang Li’s ‘Expeditionary Army’ at all. The Expeditionary Army took over the cities and counties one by one.

they had plundered a large amount of resources.

“how was the battle?”

Jiang Li asked.

“Reporting to you, chief sovereign.”

Zh01 saluted Jiang Li and reported, ” the ‘Expeditionary Army’ arrived at the black snake barbarian kingdom late last night. They have already taken down the spirit desolate County, Changyuan County, and black Tiger County.

...

“We didn’t encounter much resistance.”

it will take some time to gather resources, but I’m confident that I can March straight into the capital of the black snake barbarian kingdom in three days.

“Alright,” he said.

okay. Jiang Li nodded with satisfaction. I’ll leave the black snake barbarian kingdom to you.

“Yes!”

Zh01 and the others replied in unison, ” we will complete the mission.

The communication ended.

The holographic projection turned off.

“Whoosh!!!”

Jiang Li sat down cross-legged and started to operate the Azure Dragon technique. He connected to the ‘young dragon ranking-Saint peace state’ again and ‘saw’ the purple-gold ranking.

Obviously.

Great Xia’s Azure Dragon had grown to 1200 meters, and the fate of the nation had increased. This caused great Xia’s ranking to rise by five places.

It had risen from the original 80th to 75th.

At the same time.

jiang li also got the ‘young dragon ranking-saint peace state’ as a reward.

‘Congratulations on the great Xia Dynasty’s promotion, you have risen by five places. Great Xia Azure Dragon technique.

very quickly.

Jiang Li received a message from the ‘young dragon ranking-Saint peace state’. It was directly sent to his mind.

The Azure Dragon technique of the great Xia Dynasty.

It had been improved and promoted again.

Not long after.

Jiang Li memorized all the advanced Azure Dragon technique.

It had advanced from level four middle-grade to level four high-grade.

It had been upgraded by one small grade.

It was natural.

Its power had also increased.

“Whoosh!!!”

Jiang Li started to run the advanced version of the great Xia Azure Dragon art. With the power of the nation's fate on him, he refined his innate true Qi and finished it in half an hour.

When the water flows, a channel is formed.

After all, they came from the same source.

“not bad.”

great. Jiang Li felt his innate true Qi become more condensed and his body strength had improved. He nodded in satisfaction. after I leveled up, although it's not very obvious, my strength has indeed improved.

jiang li only got one reward because he only advanced five places this time.

On the other side.

The Royal capital of the black snake barbarian kingdom.

Because of the death of man Teng and the annihilation of two million Elite Barbarian soldiers, the black snake barbarian Kingdom's strength was greatly reduced. The entire capital was in a state of panic.

The most important thing was ...

The news had already been leaked, and it had reached the ears of the Kings of several border countries around the black snake barbarian kingdom.

the four border nations of the black snake barbarian kingdom.

They were the Cang lang Kingdom, the red-browed Yao Kingdom, the great Xia Dynasty, and the Yong Ling dynasty.

“It’s over. This time, it’s all over.”

the Graywolf Kingdom has sent millions of demon soldiers to attack from the vicissitude County. So far, they’ve occupied two county cities. There’s no way to stop them.

millions of human soldiers from the Yong Ling dynasty have already broken in. It’s like a Mantis trying to stop a chariot with only the Army of the county.

the scariest thing is Jiang Li’s Army. They’ve almost taken down the fourth County since last night. Also, they’re marching straight to the capital.

“Is the black snake barbarian kingdom really going to be destroyed?”

In the palace.

the ministers of the black snake barbarian kingdom received the news from the front line. one after another, the bad news struck their hearts and their faces were filled with despair.

“your majesty! Why did you have to invade the great Xia Dynasty?”

“that shouldn’t be! I really shouldn’t have!”

the black snake barbarian Kingdom’s hundreds of years of Foundation is going to be destroyed.

“.....”

the barbarian ministers ‘tone was sorrowful and full of regret.

“That’s enough,”

On the throne.

it was the newly-appointed barbarian king.

Man Teng's older brother, man Wuyi, had succeeded the position of the Barbarian King.

"Pass down the order immediately. Gather all the Barbarian soldiers in the county city to the capital. We will fight to the death with the enemy in the capital. We will either succeed or die."

"This is the only way, and our only chance," man Wuyi said in a deep voice.

also, immediately send a Messenger to the lion barbarian kingdom and ask for help. As long as the lion barbarian kingdom can send a fourth level National Guardian, we still have a chance of survival.

"We can't just sit here and wait for death."

"Yes!"

"Yes, sir!"

"That's the only thing we can do now."

"Hurry up! Get moving immediately!"

Within the palace.

The civil and military officials shouted.

In the red eyebrows Yao Kingdom.

in the palace.

“this bi an ...”

Red eyebrows had already received the news. He was shocked and even felt a little incredulous. Man Teng died just like that?”

“He died just like that?”

“Si si si ...”

chi mei couldn't help but take a deep breath.

To tell the truth.

chi mei had tried her best to overestimate jiang li's power and strength, but he still exceeded her expectations.

Man Teng was dead!

the barbarian king of the black serpent barbarian kingdom!

they were killed by jiang li's subordinates along with two million elite barbarian soldiers. half of the black snake barbarian kingdom's fortune was taken by the xia dynasty.

One had to know.

Four dynasties invaded the great Xia Dynasty at the same time. Jiang Li had to divide his forces into three legions to stop the four dynasties.

Even so ...

Even though Jiang Li had split up, he still killed man Teng and annihilated the two million barbarian soldiers of the black snake barbarian kingdom.

“what do we do now?”

Chi Mei’s heart became extremely heavy. She could almost predict that once the black snake barbarian kingdom was destroyed, her red eyebrows Yao Kingdom would be next.

let’s go. Jiang Li wouldn’t let go of this opportunity.

“We can only think of a way to ask for help now.”

Chi Mei took a deep breath.

The panicking demon dynasty.

The palace.

“The black snake barbarian kingdom is finished.”

Naturally, Cang Huang had also received the news. He closed his eyes and connected to the ‘young dragon ranking-holy peace state’ with his consciousness, looking at the great Xia Dynasty’s ranking.

It had already risen from the original 80th to 75th.

“Jiang Li!”

the great Xia Dynasty’s fate has strengthened again. After the black snake barbarian kingdom is destroyed, Jiang Li will definitely send troops to the red eyebrow Empire. With the current situation, the red eyebrow Empire can’t stop Jiang Li’s Army.

“This might be an opportunity.”

the opportunity to merge the red eyebrows Yao nation into the panicky Yao dynasty.

Obviously.

It had been a long time since they wanted to Annex the red eyebrows Yao Kingdom.

As for how to deal with Jiang Li and the great Xia Dynasty ...

Although he was flustered, he was not in a hurry.

This was because after the battle in the Qingshan mountains, Cang Huang knew that the Xia Dynasty was very powerful and Jiang Li had hidden his strength well.

One had to know.

Under the situation where the great Xia Dynasty was facing the invasion of the four countries 'Allied forces at the same time, not only did they defeat all the enemies, they even killed man Teng and obtained extremely glorious battle results.

so,

In his heart, he understood.

Taking down the great Xia Dynasty was not something that could be done in a day. With the current strength of the panicky demon dynasty, they would only be able to take down the great Xia Dynasty if they mobilized their entire Army and formed a stage 4 army formation.

Not to mention how terrifying the energy consumption of A 'Grade 4 military formation' was, the burden on the unrated demon soldiers was too great. They would be easily sucked dry.

furthermore ...

If the panicking Yao dynasty mobilized all their troops and left their defenses empty, then the border countries around the panicking Yao dynasty would naturally not let go of the opportunity to take advantage of them.

Pulling one hair would affect the whole body.

I can't act rashly.

Lion barbarian kingdom.

in the palace.

In the closed-door cultivation room.

“Whoosh!!”

Shi Qingtian opened his eyes, and the totem power surrounded his body. He exhaled a mouthful of foul air, and the totem's light mist slowly integrated into his body.

He disappeared.

he went into seclusion to recuperate for nearly a day and night.

shi qingtian's injuries had recovered.

He pushed open the door to the closed room.

Shi Qingtian had come out of seclusion.

“Your Majesty.”

As soon as Shi Qingtian came out of seclusion, a Minister came to report the urgent situation.

“Speak,” he said.

Shi Qingtian said.

“the black snake barbarian kingdom has sent a messenger to ask for our help.”

” the barbarian king of the black serpent barbarian kingdom, man teng, died in the hands of the great xia dynasty’s jiang li’s army, ” the minister said quickly. ” two million elite barbarian soldiers were all killed. the black serpent barbarian kingdom’s strength has been greatly damaged. its fate has been greatly affected. ”

after the news was leaked, the Cang lang Kingdom and Yong Ling Kingdom sent their troops to attack the black snake barbarian kingdom. The black snake barbarian kingdom is in a precarious situation.

what did you just say?!

Shi Qingtian’s eyes widened as he exclaimed,”Man Teng is dead?”

“Yingluo, yes.”

The official said nervously.

“How is this possible?”

man Teng is dead? ” Shi Qingtian couldn’t believe it. He was shocked and terrified.  
man Teng is dead. He’s dead. He died in the hands of Jiang Li’s Army.

Shi Qingtian said ‘unexpectedly’ three times.

It could be seen how shocked he was at the moment.

“What about the Grand Xia Dynasty? Did they send an Army to attack the black snake barbarian kingdom?”

Shi Qingtian asked again.

“There is.”

The Minister nodded and replied.

“.....”

Shi Qingtian immediately became silent.

“your majesty, are we going to send reinforcements to the black snake barbarian kingdom? The new Barbarian King, man Wuyi, is willing to offer half of the Fortune of the nation and half of the wealth of the black snake barbarian kingdom as compensation.”

The official said.

“Hu ~~ Hu ~ Hu ~”

Shi Qingtian took a deep breath and said in a deep voice,” it’s no use. The black snake barbarian kingdom is beyond saving. Send the envoy away.

“Yes.”

The Minister nodded and left.

“.....”

Jiang Li. Shi Qingtian stood in the hall with a heavy look. the great Xia Dynasty, Jiang Li, what other powers are you hiding? ” How strong is the country?”

Obviously.

Shi Qingtian was now full of fear towards Jiang Li.

The great Xia Dynasty.

In the room of the ruler’s hub in the Army base.

“Create 100000 Air Scouts.”

shua!

The Dominator panel opened.

Jiang Li used one million energy points.

Buzzzzzz!

...

The manufacturing interface appeared.

On the interface was an illusionary figure with a drone floating above his head. It was spinning slowly, and countless light spots filled the surrounding.

A minute later.

[ creation complete! ]

A notification appeared.

Shua! Shua! Shua!

Very quickly.

on the empty ground of the army base.

100,000 Air Scouts appeared out of thin air.

“My Lord!”

commander Jiang! the 100000 Air Scouts saluted Jiang Li and said in unison.

...

“Upgrade.”

okay. Jiang Li nodded and used another 14 million energy points to upgrade all 100000 Air Scouts to the perfected stage of level one.

[ unit Type: Air Scout ]

[ rank: Grand completion of rank-one ]

[ No. Kzzc01 ]

skill: level-one drone control ”

[ equipment: Grade 1 top quality drone ]

[ machinery: Jian Jia (omitted) ]

advancement requirements: one stage-two soul Tinder, 100 energy points.

Shua!

Jiang Li checked the Scout's information.

First of all ...

Air Scouts.

Its main function was to Scout for enemy information. It could detect the enemy's intelligence, and the air Scouts themselves did not have strong combat capabilities.

An early-stage level 1 air Scout could control one drone. With every increase in level, the number of drones they could control would double. A perfected Level 1 air Scout could control eight drones.

Furthermore ...

The air Scouts could communicate wirelessly and could even contact the information meches and the holographic meches through the Army base.

This way, they could report the information they had gathered in a timely manner.

“Zh04.”

jiang li said.

“Chief sovereign.”

Jiang Li. zh04 immediately rushed to the room in the control hub and saluted Jiang Li.

“yes.”

okay. Jiang Li nodded and said, ” now, lead 100000 Air Scouts to the ‘mang Huang Lake’ and check out the situation of the demons there.

“Yes.”

Zh04 nodded in agreement.

“Go on.”

Jiang Li waved his hand.

” let’s go. ” zh04 left. as jiang li ordered, he led 100000 air scouts to the ‘wild lake’ to find out more about the demon.

drone transformation!

Outside the Army base.

Kachaa! Kachaa!

It could be seen.

The air Scouts released drone after drone that looked like a miniature plane. They were sky blue in color, and then the drone was split into two from the middle.

it turned into a pair of wings.

It was embedded on the back of the air Scout.

“Whoosh!!!”

the wings spurted out flames.

shua! Shua! “whoosh!”

100,000 aerial scouts took to the skies, bringing zh04 with them.

At this moment.

In Qianlong County.

The demons of the Mang Huang Lake broke out and broke through the seal. One by one, the demons entered the Qianlong County and possessed the bodies of humans, devouring their flesh and souls.

the entire qianlong county.

The entire village was dead, and the corpses were all dried up.

Mang Huang Lake.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

It could be seen.

Low-level demons came from all directions and poured the flesh and souls they had devoured into the lake.

The huge Lake had turned blood red, as if some extremely terrifying existence was about to wake up and come out of the lake.

“the demonic devil king is about to completely awaken.”

Somewhere in the wild lake, several figures were hiding their traces and auras. They were secretly looking at the strange situation in the wild lake. Their faces were extremely serious. at this speed, the Demon King will rush out of the wild lake in a day at most.

“Truly hateful!”

“We’ve been guarding the ‘mang Huang Lake’ for so many years. I didn’t expect that these demons would still escape. The ‘defending Army’ was almost completely wiped out, and only a few of us are left struggling on whilst at death’s door.”

if Jiang Li didn’t take down the Imperial court, King Qian wouldn’t have let these demons out! someone said.

don’t worry. I’ve sent a demon that I subdued to inform Jiang Li. I think Jiang Li already knows about the strange situation in the wild lake.

“Emperor Xia, Jiang Li?”

“I’m afraid Jiang Li can’t even protect himself now. How can he have the energy to suppress the riot of the demons in the wild lake? Don’t even think about it. ”

“But we can only rely on him now!”

Obviously.

These people were the commanders and generals who were guarding the ‘wild lake’. Because Jiang Li had invaded the great Qian dynasty before, most of the troops in the’ guarding Army ‘had been transferred to the capital by Qian linlong.

The result.

The demons of the wild lake took the opportunity to launch a riot and annihilate the remaining ‘defenders’. They broke through the blockade, leaving only a few people in front of them struggling on their last breath.

And now.

These demons had completely destroyed the entire Qianlong County, killing countless humans. They had gathered a huge amount of flesh, blood, essence, and souls, wanting to revive the ‘Demon King’ in the wild lake.

on the other side.

The Wei Dynasty.

within the palace.

Your Majesty, there’s news that the great Xia Dynasty not only stopped the invasion of the four countries ‘Allied forces, but also carried out a shocking counterattack.

A Minister reported.

“there’s such a thing?”

the great Xia Dynasty? the human dynasty that was just established? ”

“Really? How could a newly-established dynasty have such a powerful national power and Army? They stopped the invasion of the four-nation coalition?”

“They can even counterattack?”

In the surroundings.

The officials of the Wei Dynasty discussed animatedly.

“Speak,” he said.

Prince Wei said indifferently.

“Yes.”

All the officials in the hall immediately shut their mouths and fell silent. Then, the official reported in detail, ” ” as for the details, emperor xia, jiang li, sent three legions to kill man teng and two million barbarian soldiers in tianshui city. ”

” the second legion blocked the alliance army of the red eyebrow yao kingdom and the panic yao dynasty at the qingshan mountain range and repelled them. the alliance army suffered heavy losses. ”

the third Legion fought against Shi Qingtian’s Lion barbarian kingdom. They actually killed three million barbarian soldiers of the lion barbarian kingdom, and Shi Qingtian also fled in defeat.

it can be said that the four-Nation Alliance Army did not gain any advantage when they attacked the great Xia Dynasty. Instead, they suffered heavy losses.

the Xia Dynasty’s national power and Army are very powerful. It’s definitely not as simple as it seems. Emperor Xia Jiang Li is hiding some terrifying means.

“This bi an ...”

Li qinglu was terrified. He didn’t expect Jiang Li to be so terrifying. After all, he wanted to plot against Jiang Li before.

Now that he thought about it.

Li qinglu felt his hair stand on end.

“.....”

Wei Wuxian glanced at Li Qinglu out of the corner of his eye. He took a step forward, cupped his hands in salute, and said, “Man Teng of the Black Snake Barbarian Kingdom is dead. It’s the best time to attack the Black Snake Barbarian Kingdom.”

Your Majesty, please give me a decree. If you allow me to attack the Black Snake Barbarian Kingdom, I promise to take down the Black Snake Barbarian Kingdom for Your Majesty.

“This is an ...”

Your Majesty, I don’t think this is appropriate. The Xia Dynasty is between the Wei Dynasty and the Black Snake Barbarian Kingdom. If General Wei wants to attack the Black Snake Barbarian Kingdom, he must pass through the Xia Dynasty’s territory. The Xia Emperor Jiang Li might not agree.

“That’s right.”

“That’s right, Your Majesty,”

The Civil officials said.

“Hehe.”

Wei Wuxian sneered, “Isn’t it the responsibility of civil officials like you to negotiate with other countries? Are you trying to neglect your duty by saying these words?”

“General Wei, you can’t just make false accusations.”

“That’s right,”

“We’re just analyzing the situation.”

“.....”

The Civil officials all shouted.

“Be quiet.”

king wei’s deep voice sounded, ” the black snake barbarian kingdom is a small matter. without man teng, the black snake barbarian kingdom will definitely be destroyed. however-in three days, the envoy from the martial immortal court of the human race-the division of the holy peace state will arrive to deal with the matter of the demons in the ‘wild lake’. this is the real deal. ”

Chapter 308 transport

from the great xia county to the qianlong county, one had to cross almost half of the great xia dynasty and pass through many county cities such as the jinwang county.

With the flying speed of the air Scout, it would take about half a day to arrive.

at this moment.

Outside the imperial capital of the Grand Xia.

Jin murou and the others had spent a lot of time and finally managed to capture Moke.

Of course.

In the process of capturing Moke, he was naturally met with Moke's resistance. However, the difference in strength between the two sides was too great, and Moke naturally did not manage to escape.

He was finally caught.

The great Xia Palace.

Inside the Azure Dragon Palace.

jiang li sat on the dragon chair with myl01 and ym01 standing on his left and right. in the hall below, moke was kneeling on the ground.

He looked terrified.

In the surroundings.

Jin murou, Luo Ming, Feng Wutian, and the other County Kings stood in a few rows. Xu Ya, Hong Tianqi, Hu Dong, and pang kui also stood around them.

"Your Majesty."

hu dong took a step forward and bowed. " mo ke is guilty of the most heinous crime. when the enemy invaded the great xia dynasty, not only did he not send troops to help the imperial capital of the great xia dynasty, he even took away the resources of chaoyang county and the soldiers of chaoyang county. he wanted to abandon the country and escape. his crime is unforgivable and should be executed!"

"That's right."

"It should be asked to be beheaded!"

it's not just Moke. There are many other regional Kings. They didn't send a single soldier. They have evil intentions and should be severely punished in order to uphold the dignity of the great Xia imperial court.

"We can't let him off so easily," Hong Tianqi shouted.

"Your Majesty, please spare me! Your Majesty, please spare me!"

Mo ke kept kowtowing and begging for mercy.

"take him away."

No. Jiang Li waved his hand. we'll ask for beheading tomorrow afternoon.

"Yes."

The ministers nodded in unison.

"Men, come."

after that.

"Put me in jail!" Hong Tianqi shouted.

"Yes."

Outside the palace.

Wang Chao and ma han immediately walked in. They were working under Hong Tianqi and their positions were not low.

"no! No!"

Mo ke was screaming in fear. He didn't want to be captured so easily. He stood up and tried to escape.

Even though his hands and feet were chained, his speed was not slow.

“not good!”

shang lin, jinmu rou, and the others were shocked. after they recovered from their shock, they immediately rushed forward and joined forces to subdue moke, crippling his dantian.

“Ah!”

Moke screamed as he fell to the ground, his face filled with despair.

Regret!

mo ke's heart was filled with regret!

he regretted it!

“Your Majesty, please forgive me!”

“Your Majesty, we didn't destroy Moke's martial arts for the sake of our past friendship. We never thought that Moke would dare to cause such a scene in the Azure Dragon Palace.”

“we are guilty,”

“.....”

Jin murou and the others all knelt down.

Jiang Li looked at Jin muyao and the others and said calmly, ” “Since you’ve committed a crime, you should atone for it. I order you to immediately head to the Eagle guard County, Dragon Guard County, and the other counties to bring Bai yingwang and the others here.”

“I have ordered them to send all the resources in the county city to the imperial capital of the Grand Xia within three days. Three days have already passed, but I have yet to see any signs of them.”

“They probably didn’t take my orders to heart.”

“yes!”

“we will do as you command.”

“.....”

...

Jinmurou and the others immediately said in unison.

“Yes.”

” okay. ” jiang li nodded and left. from the beginning to the end, jiang li didn’t even look at moke. moke was just a small character to jiang li.

In the afternoon.

Jin murou, Luo Ming, and the others all left the imperial capital. They followed Jiang Li’s orders and led their armies to Weilong County and the other counties.

In reality.

Bai yingwang, Wei Yong, and the other County Kings panicked when they learned that the four-Kingdom Alliance had been defeated by Jiang Li.

Then, they gathered together to discuss countermeasures.

Eagle guard County.

In the regional King's mansion.

Bai yingwang, Wei Yong, He Ping, yang peili, and the other Junwang who had considerable power and military strength were all gathered here.

...

“Back then, His Majesty Emperor Xia wanted us to send all the resources of the county city to the imperial capital of the great Xia within three days. However, several days have already passed.”

“If His Majesty Emperor Xia were to pursue this matter, I'm afraid we won't be able to escape the blame,” He Ping said in a low voice.

but who would have thought that the great Xia Dynasty would be so terrifying and hidden so deeply that it could defeat the Allied forces of the four countries? the traces left behind by the battle in Chaoyang County are really frightening.

“it's too scary,” yang peili said with lingering fear.

“Everyone, don't be anxious.”

Bai yingwang said, ” for now, His Majesty still needs us to stabilize the situation in the various counties for him. Although he will be punished, I think his life will not be in danger.

“Let's hurry up and send the resources from the various Commandery cities to the imperial capital of the Grand Xia.”

“Yes.”

Wei Yong nodded his head and said, ” you are right. With the power that the great Xia Dynasty has displayed, they have defeated the four-Nation Alliance. If we can continue to stay in the imperial capital as a County King, there will be many benefits.

that’s why it’s more important to find a way to calm down His Majesty Emperor Xia’s anger.

“yes, yes, yes.”

that’s right. the other County Kings agreed and started to think about how they could please Jiang Li and calm his anger.

To give him elixirs? or was it a cultivation technique manual? Or present a beauty?

He thought about it carefully.

The entire great Xia Dynasty was Jiang Li’s. He had plundered all the Treasuries of the Imperial court. There probably weren’t any elixirs or cultivation techniques that would catch his eye.

As expected.

He should still present the beauty.

As the saying goes, even heroes can’t overcome the trials of beauty.

In the Army base.

The room in the ruler’s hub.

QX01 came to report to Jiang Li.

“Chief, the zh04 scout team has sent news. They’ve already reached Qianlong County and will reach mang Huang Lake soon.”

QX01 said.

“Connect the communication.”

Jiang Li said.

“yes.”

Buzzzzzz!

the holographic projection communication image was displayed in front of jiang li in a three-dimensional form.

Qianlong County, which was covered in corpses, came into Jiang Li’s sight.

In the image.

The reconnaissance team passed by villages one by one, but they could only see dried up corpses lying on the ground. There were almost no living people.

At this moment.

The reconnaissance team flew over a city.

Within the city.

all the humans in the city were dead. not a single one of them was alive. the city was filled with dried corpses. the scene was horrifying and strange.

“This bi an ...”

what’s going on? ” Jiang Li looked at it. He didn’t expect the disaster to be so serious. it looks like the entire Qianlong County has become a dead land.

Shua! Shua! Shua!

In front.

A large number of black shadows appeared. They were the troops of low-level demons. These low-level demons were like illusionary shadows that could fly in the air like ghosts.

There were quite a few of them.

There were tens of thousands of them.

“Avoid it.”

Jiang Li said.

“Yes.”

Yes, sir! replied zh04. He led the reconnaissance team to avoid the low-level demon troops.

Although the combat power of the air Scouts was insufficient, because they could control ‘drone planes’, they could detect the enemy’s whereabouts in advance and thus easily avoid the enemy in advance.

An hour later.

The reconnaissance team arrived at the wild lake.

“Whoosh!!!”

The lake was huge, but strangely, there were no waves on the surface. It was as calm as a mirror.

Not only that.

A blood-red mist surrounded the entire wild lake.

In the surroundings.

The low-level demons poured a large amount of flesh, blood, essence, and souls into the lake, causing a blood-red mist to surge.

In the center of the lake, there was a huge Whirlpool. Above the whirlpool was a blood-red circular array. A large amount of energy essence was injected into the whirlpool below.

it seemed like ...

hmm? ” Jiang Li saw a blurry figure in the deepest part of the whirlpool. Just one glance was enough to send shivers down his spine. It was like death was coming.

“We can’t let ‘him’ out.”

what? ” Jiang Li suddenly thought.

Obviously.

Jiang Li couldn’t be sure how strong the ‘Demon King’ in the lake was, but he was sure that the weakest one must be at the perfected stage of level four.

In reality.

If it was only the perfected stage of level four, Jiang Li could still deal with it.

However, if it surpassed the perfected stage of Tier 4 and reached Tier 5 ...

That was a completely different matter.

so,

The best way was to stop the 'demonic King' from awakening.

zh04, the reconnaissance team will continue to stay at the wild lake and check the number of magical beasts.

don't get caught, " Jiang Li ordered. be careful.

"Yes."

Zh04 replied.

Shua!

The communication was cut off.

Hidden Dragon, activate the mech factory and create 10000 transport mech soldiers.

" go! " jiang li ordered.

"Yes."

" yes. " hidden dragon replied, " to create 10000 transport mech soldiers, one million energy points and one million steel materials are required. confirm? "

“I’m sure,”

okay. Jiang Li nodded.

Buzzzzzz!

The image of the mech factory appeared.

The normal mech production line and normal mech production units on the second floor started working. They were very efficient and only took ten seconds to create ten thousand transport meches.

Shua!

unit type: transport mech soldiers

[ rank: rank two ]

[ No.: BGC-YSK01 ]

“skill: second order air acceleration”

equipment: stage two transportation equipment ”

[ machinery: Jian Jia (omitted) ]

Jiang Li checked the information of the mech soldiers.

Since they were meches created by the mech factory, there was a ‘BGC’ in front of their numbers to distinguish them.

Transport mech soldiers.

It was mainly used to transport mech units, military resources, and various other resources. The transportation relied on 'large military transport aircraft'.

Although it did not have a strong combat ability, the 'large military transport plane' was equipped with self-defense weapons such as 'heavy machine guns'.

Generally speaking.

The early stage of stage two 'transport mech soldiers' could carry 800 meches, the middle stage could carry 1600 meches, the late stage could carry 3200 meches, and the peak stage could carry 6400 meches.

It used a relatively simple 'space-folding technology'.

Furthermore ...

As the level increased, the self-defense weapons equipped would also be stronger.

of course.

These 10,000 transport meches were made by the mech factory, so they couldn't be upgraded. They could only carry 800 meches and 'heavy machine guns'.

Chapter 309

Jiang Li had two hundred and four thousand level three meches. The Expeditionary Army led by zh01 took two hundred thousand level three meches with them.

Therefore ...

There were only four thousand level three meches left in the base.

Hidden Dragon, make 100000 level three meches, five types, 20000 of each.

” go! ” jiang li ordered.

“Yes.”

” yes. ” hidden dragon replied, ” to create 100000 level three meches, one billion energy points and 10 million pounds of steel materials will be consumed. confirm?  
”

“i’m sure,”

okay. Jiang Li nodded.

The mech factory started operating at full power.

The 10 normal meches production lines on the third level could produce 100 level three meches per second. It would take 1000 seconds to produce 100000 level three meches.

That meant 16 minutes and 40 seconds.

Time passed.

In the mech factory, level three meches were created one after another.

Less than 17 minutes had passed.

One hundred thousand level three meches were completed.

Shua!

troop type: energy mech

[ rank: rank three ]

[ No.: BGC-nl01 ]

“Skill: rank three energy body”

[ energy machine: the creation of energy machines. It is not afraid of death or pain. It is infinitely loyal and has an ‘energy heart’. It can turn its entire body into energy. It will only be truly scrapped when the ‘energy heart’ is damaged or when the damage has reached 90%. After being scrapped, it can be recycled to obtain half of the energy points of the cost. ]

Jiang Li checked the information of the energy mech.

Energy machinery.

This was obviously different.

it could turn its entire body into energy and become a body made of pure energy. it had extremely strong combat abilities, just like how the liquid metal mech could turn into liquid, and the thunder body of thunder mech number lt01 could turn into thunder.

There were some similarities between the three.

generally speaking.

The ‘energy’ of the energy mech had no attributes, but it could trigger a special probability to create energy meches with different attributes.

for example, metal, wood, water, fire, earth, ice, wind, thunder, darkness, light, and so on.

energy meches with attributes.

They were the ‘rank 3 elite troops’.

However ...

Only the energy meches created with energy points could trigger the special probability through the Dominator panel. The energy meches created by the mech factory couldn’t be triggered.

” create one hundred energy meches. ”

Jiang Li controlled the Dominator panel and used ten million energy points.

buzzzzzz!

the manufacturing interface appeared.

An illusionary figure appeared, slowly rotating and gradually solidifying.

a minute later.

[ creation complete! ]

A notification appeared.

Shua! Shua! Shua!

A hundred energy meches appeared in front of Jiang Li at the same time, standing in several rows.

“Chief sovereign.”

Jiang Li! the hundred energy meches saluted and shouted in unison.

“Yes.”

okay. Jiang Li looked at the hundred energy meches and nodded. He used one hundred and forty million energy points to upgrade all of them to perfected-stage level three.

Buzzzzzz!

With a flash of white light, the upgrade was completed.

” troop type: energy mech

[ rank: Grand completion of rank-three ]

[ No. N101 ]

...

skill: rank-three ultimate energy body ”

[ energy machinery: Chi Chi (omitted) ]

advancement condition: a level-four soul Tinder, one million energy points.

Jiang Li checked the message.

The energy mech looked normal and was wearing the green uniform of the mechanical Army.

bare-handed.

They were not equipped with any weapons.

Jiang Li waited for a while but didn't receive any notification. It meant that Jiang Li had created 100 energy meches but didn't trigger the special probability.

It was a pity.

"Nl01, use your skill."

go! Jiang Li ordered.

...

"Yes."

Number nl01 stepped out.

"Energy body."

Wuwuwuwuwu!

When nl01's skill was used, a pure white light lit up. In an instant, nl01 had turned into a body completely composed of pure white energy.

Nl01 could control pure white energy attacks, fire beams, energy cannons, or transform energy into energy weapons.

his combat ability was extremely strong.

"not bad."

"okay." Jiang Li nodded in satisfaction.

A hundred perfected-stage level three energy meches, ten thousand transport meches, and a hundred thousand level three meches were all built.

Jiang Li immediately asked QX01 to call zh05 and zh06 over.

“Chief sovereign.”

Jiang Li! zh05 and zh06 saluted at the same time.

In reality.

Jiang Li's nine battlefield commanders had all learned the 'purple true Qi technique' and mastered mechanical spiritual power. They had some combat power.

And it wasn't weak.

“Yes.”

jiang li nodded, looked at them, and said, ” immediately lead a million level one meches, a million perfected-stage level one meches, 500000 level two meches, 100000 perfected-stage level two meches, 100000 level three meches, 500 perfected-stage level three meches, and 12 perfected-stage level three elite meches to form the 'demon-killing Army'. Take the' large military transport plane 'to Qianlong County. Kill the demon Army and stop the revival of the' Demon King'.

“Yes.”

“Yes, sir!”

Zh05 and zh06 replied in unison.

A few minutes later.

On the empty ground of the Army base.

The transport mech soldiers came out of the mech factory one after another. They raised their left hands and pressed the watch on their right wrists.

obviously.

This was the 'Stage 2 transportation equipment'.

“Whoosh!!!”

A pure white energy light shot out from the watch, forming a huge light screen and projecting it on the open space in front of them. In the blink of an eye, a large military transport plane appeared.

It was silver-gray in color.

it was huge.

The open space for military transport was also unable to accommodate 10000 large military transport aircraft at the same time.

so,

The transport mech soldiers were sent out in batches.

It could be seen.

After the military carriers were conjured, the transport mech pilot entered the control room.

After that.

The meches entered the cabin one by one.

Not only that.

The artillery and tank meches also entered the cabin of the large military transport plane. Although the main battle tank, the artillery, and the perfected-stage elite mech were big, the large military transport plane was big enough to accommodate them.

Since they had transport meches, they didn't need to bring them.

“Take off!”

“Whoosh!!!”

An explosion sounded.

Jiang Li saw the large military transport planes take off and fly into the air, forming a fleet of 10000.

The ‘demon exterminating Legion’ set off.

Within the capital.

As the sound of the plane taking off was very loud, it naturally attracted the attention of countless people. They all looked up at the sky with their eyes wide open and a dumbfounded expression.

“what’s that?”

what a big Bird! I’ve never seen such a Big Bird!

“these iron birds seem to have flown out from his majesty’s ‘military camp’.”

“What strange thing did His Majesty Emperor Xia come up with this time?”

“Can iron birds fly in the sky?”

The people were all exclaiming in admiration.

The demon-killing Legion.

Including the two battlefield commanders and the 10000 transport mech soldiers, the Army’s total strength reached 2.7 million and 514.

compared to the ‘expeditionary army’, they had one million fewer soldiers. the’ demon destroying army ‘didn’t have level four meches.

The Army base still had more than one million soldiers.

“Initiate air acceleration!”

“Whoosh!!!”

The transportation mech pilot activated its skill and all the engines were turned on. The plane’s propellers turned even faster, and the speed of the plane doubled.

The demon-killing Legion rushed to the wild lake as fast as they could.

It was almost evening.

qianlong county.

Shua! Shua! shua!

In the air.

The demon-killing Army had arrived.

the 10,000 large military transport planes formed a huge fleet and headed straight for the wild lake. it did not take long for them to encounter the first group of magical beasts.

“Attack!”

“Exterminate the demons!”

Da da da da

Immediately.

The 10,000 large military transport aircraft ‘heavy machine guns’ opened fire, forming a terrifying rain of bullets. The bullets spewed out tongues of fire, shrouding the troops of the magical beasts in front.

Shua! Shua! “Whoosh!”

The mech-winged Air Force appeared from the cabin and flew in the air side by side with the large military transport plane. Countless steel feathers fluttered in the air.

“Mechanical wing storm!”

“BOOM!”

A vast tornado swept over.

“Ah!”

Instantly.

miserable shrieks were heard continuously.

A minute later.

This Army of over 100000 low-level demons and devils was completely annihilated without even the slightest bit of trouble.

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a stage-two soul Tinder! ]

.....

Shua! Shua!

A lot of notifications popped up in front of Jiang Li.

“It’s not a special soul Fire seed.”

Jiang Li looked at it and murmured.

Obviously.

if a demon had not reached level three, even if it was killed, the soul tinder it dropped would only be an ordinary soul tinder, not a special one.

Only after reaching level three could a special soul Tinder be formed.

“Let’s continue.”

The demon killing Legion continued to March and searched for the ‘fiend troops’ around the entire Qianlong County, wiping out all the ‘fiend troops’ that were out hunting.

Obviously.

If the ‘demonic King’ in the lake wanted to revive, it would need a large amount of blood essence and souls. That was why it sent out troops of demonic beasts to hunt living creatures.

Then ...

They wanted to stop the revival of the ‘Demon King’.

As long as they destroyed the troops of demons and devils, the ‘demonic King’ wouldn’t be able to obtain a large amount of blood essence and souls, and naturally wouldn’t be able to revive.

While the demon exterminating Legion was killing the ‘demons’ in Qianlong County, the Expeditionary Legion had already taken down more than half of the black snake barbarian kingdom.

He had obtained a large amount of resources.

it also helped jiang li capture a large number of soul tinders.

“My Lord, there’s news from the Expeditionary Army.”

qx01 said.

“Answer.”

jiang li said.

“Yes.”

Buzzzzzz!

The holographic projection screen appeared.

“Chief sovereign.”

zh01 and the others appeared on the screen and saluted jiang li.

“Report the situation.”

Jiang Li said.

“Yes.”

Zh01 nodded and reported, “ my Lord, the Expeditionary Army has taken down ten counties of the black snake barbarian kingdom and plundered a lot of resources. However, there are not many barbarian soldiers guarding these counties.

” that’s why i suspect that all the barbarian soldiers have been conscripted to the black snake barbarian kingdom’s capital. ”

also, we’ve discovered another demon Army from another demon dynasty. There are quite a number of them, more than a few million. Should we attack? ”

Chapter 310 harvest

BOOM! BOOM! BOOM!

The ground was shaking.

In front.

Millions of demon soldiers from the Cang lang Kingdom were marching quickly. They had already taken down six county cities of the black snake barbarian kingdom and plundered a large amount of resources.

The momentum was great, and the harvest was plentiful.

The black snake barbarian Kingdom's soldiers were defeated in a row, which greatly boosted the morale of the Cang lang Kingdom's demon Army and made them more confident.

Furthermore ...

After they plundered a large amount of resources, their greed increased. They kept going deeper into the black snake barbarian Kingdom's territory, wanting to plunder more resources.

“Grand-general, we've discovered a large human army up ahead.”

the commander of the Cang lang nation's air force, 'splitting eagle spring', had discovered the traces of the expeditionary army 'and immediately came to report.

“The human army.”

The general-in-chief of the demon Army of the Cang lang Kingdom, Cang Wu, pondered for a while and mumbled, "there are only two human dynasties in the border countries around the black snake barbarian kingdom.

“One is the Yongling dynasty, and the other is the newly established great Xia Dynasty.”

if it's the Army of the Yongling dynasty, then we don't have to worry. But if it's the Army of the great Xia Dynasty, then we'll be in big trouble.

“Man Teng, the Barbarian King, died at the hands of the great Xia Dynasty’s Army.”

“Splitting Eagle Spring. Can you confirm his identity and origin?”

Cang Wu asked.

“I can’t be sure at the moment.”

lie yingquan replied, ” however, the equipment of this human army is very strange. there are many strange-looking horse carriages, but no horses are pulling them. they look more like mechanical carriages made with machinery techniques. ”

we, the Cang lang Kingdom, have dealt with the Yong Ling dynasty before. These pieces of equipment don’t seem like they’re from the Yong Ling dynasty.

retreat!!!

Cang Wu’s pupils contracted. He was shocked after listening to the Eagle-splitting spring’s report. retreat, all troops. Return to the Cang lang Kingdom immediately!

“Grand General?”

The commanders looked at Cang Wu in astonishment, unsure why he was suddenly retreating.

To tell the truth.

They hadn’t killed to their heart’s content yet.

“That’s the Army of the great Xia Dynasty.”

“The news has already spread to the surrounding dynasties. Only the great Xia Dynasty has such special equipment and weapons,” roared Cang Wu.

moreover, there are only two human dynasties that can invade the black snake barbarian kingdom. If it’s not the Army of the Yong Ling dynasty, then it must be the Army of the great Xia Dynasty.

quickly retreat!!!

“Let’s go!”

“All troops, retreat!”

“Hurry!”

“Great general, even if it’s the great Xia Dynasty’s Army, we wouldn’t be this afraid, right?”

All the commanders said one after another.

“shut up!”

Cang Wu berated, ” operate the marching array at full force!

“Roar!”

the stage 3 army formation activated.

They revealed a huge black Eagle and spread out their wings, covering the sky. The light fog of the Army formation enveloped the entire Army, and their speed increased as they began to retreat at full speed.

attack!!!

BOOM! BOOM! BOOM!

At almost the same time.

attack! Jiang Li ordered.

in an instant.

The mechanical artilleries fired from afar, and countless cannonballs rose into the sky, bombarding the demon Army of the Cang lang Kingdom. The stage three army formation was activated, and they roared continuously.

“Rumble!”

The flames soared into the sky.

Smoke filled the air.

“slash!”

Clang!

The sword light rushed into the sky.

The energy Angel’s sword was held in its hand, and it slashed vertically. A dazzling sword light bloomed, as vast as a sword-shaped mountain.

...

BOOM! BOOM! BOOM!

“Roar!”

“Ah!”

One sword!

It was only one sword!

The beast formation exploded, and the demon soldiers fell to the ground, screaming in pain.

“4th rank Suan ni”

“Heavens!”

“Tier 4! Fourth tier National Guardian level combat power!”

“It’s over, it’s over, Yingluo.”

quickly run!!!

...

Fear!

Incomparable fear!

The demon commanders and commanders of the Cang lang Kingdom were all scared out of their wits. Their kingdom was not strong, and the wolf King was their only National Guardian level.

“Kill!”

“Attack!”

“Artillery fire!”

“Immediately surround them! Don’t let them get away!”

boom! boom! BOOM!

The Expeditionary Army charged toward the demon Army of the Cang lang Kingdom. Shells were fired, machine guns were fired, and lasers ran through the battlefield. The ultrasonic pulse killed countless demon soldiers.

“Mechanical wing storm!”

Shua! shua! “Whoosh!”

“Pfft! Pfft!”

The mechanical wing’s Air Force Army charged over. Countless steel feathers gathered, dancing and spinning at an extreme speed, forming a huge tornado storm.

It swept towards the demon Army.

Blood splattered everywhere.

the screams were endless.

A large number of demon soldiers died, and the corpses of the demon soldiers in the air were torn to pieces.

“No! No!”

Cang Wu was horrified. His eyes looked like they were about to crack. He was filled with grief and fear. He had never expected to encounter the great Xia Dynasty’s Army in the black snake barbarian Kingdom’s territory.

The most important thing was ...

The great Xia Dynasty's Army was so powerful that the demon Army he led was no match for them at all. They were completely crushed.

The difference was too great.

It was simply too big.

“run! Quickly run!”

Cang Wu did not even dare to engage in battle. He was extremely terrified as he fled in a panic. All he wanted to do now was to preserve his life as he began to feel regret.

If he had known that he would encounter the great Xia Dynasty's Army and how terrifying they were, he would not have dared to venture deeper into the black snake barbarian kingdom. He would have brought the demon Army back to his country.

Unfortunately ...

There were no 'if's in this world.

“Pfft!”

The sky-blue sword light flashed.

Cang Wu did not even have the chance to react before he was beheaded by the TS01. His head flew off and rolled on the ground. His headless corpse ran tens of meters forward due to inertia before falling to the ground.

He was dead.

On the other side.

They were the human army of the Yongling dynasty.

“Si si si ...”

The one leading this human army was the ‘great commander’ of the Yong Ling dynasty, long Dilong. He had just arrived here with the human army not long ago.

After that.

He saw the scene in front of him.

Millions of demon soldiers of the Cang lang Kingdom were being hunted down and killed. At every moment, thousands of demon soldiers were killed, and their corpses were blown to pieces.

“That’s the Cangwu Jiu!”

Long Dilong’s pupils contracted as he witnessed Cang Wu’s head being chopped off by a winged man with his own eyes. A chill ran up his spine.

“Tier 4! It’s a Tier 4!”

Long di Long said in shock.

“Go! Hurry up and run!”

Without the slightest hesitation.

Long Dilong immediately led millions of Yong Ling dynasty’s Army and retreated. He had no intention of fighting with the great Xia Dynasty’s Army at all. He also did not have the delusion that he was the Oriole behind the Mantis trying to catch the cicada.

The Army of the great Xia Dynasty was not a Mantis at all. Instead, they were extremely ferocious and terrifying tigers.

A Tiger's butt should not be touched.

this time, we have already occupied the territory of four counties and plundered the resources of four counties. We've made a huge profit. Let's hurry up and leave.

Long di Long thought to himself.

but the great Xia Dynasty's Army is too fierce. At this rate, the black snake barbarian kingdom will definitely fall into the hands of the great Xia Dynasty.

by then, our Yongling dynasty will have to face the great Xia Dynasty. What if the great Xia Dynasty sends their troops to the Yongling dynasty? ”

Long Dilong was deeply worried.

Half an hour later.

more than two million demon soldiers of the cang lang kingdom had been completely annihilated. all of them were dead, and not a single one had escaped alive. corpses were strewn all over the ground.

“Burn the bodies and clean up the battlefield.”

The commander of the battlefield gave the order.

A large number of armors, weapons, and other resources were moved to the large military transport trucks by the meches.

All the resources that the demon Army of the Cang lang Kingdom had collected went to Jiang Li.

“Hegemon, should we continue to pursue the other human army?”

Zh01 asked.

“No need,”

No. Jiang Li waved his hand and said, ” take down the black snake barbarian kingdom as soon as possible and transport all the resources to the imperial capital. As for the dynasties around the black snake barbarian kingdom, we’ll have time to deal with them after we take down the black snake barbarian kingdom.

“Yes.”

Zh01 nodded.

Shua!

The communication was disconnected.

Since the ‘demon exterminating Legion’ was hunting the troops of monsters and demons in the Qianlong County, Jiang Li would see notifications from time to time.

It was a little dazzling.

“Block it.”

jiang li blocked the notification.

this way ...

The notification that the soul Tinder was captured wouldn’t pop up on its own. Jiang Li could check it.

It was a rough estimate.

The ‘Expeditionary Army’ had taken down ten counties of the black snake barbarian kingdom, but most of the Barbarian soldiers had been conscripted to the capital of the black snake barbarian kingdom.

so,

hundreds of thousands of barbarian soldiers were killed.

In addition, there was the demon Army of the Cang lang Kingdom that had just been destroyed.

In total, they had killed close to three million living beings.

finally.

There was also the ‘demon exterminating Legion’ that was constantly hunting the troops of the yaomo in Qianlong County.

jiang li caught a large number of soul tinders.

“Dominator interface.”

Jiang Li opened the Dominator panel and clicked on the soul Tinder.

As expected.

The number of soul Tinders increased again.

among them.

There were 97630 level-one soul Tinders, 6300 level-two soul Tinders, 27 level-three soul Tinders, and three level-four soul Tinders.

“one-click fusion.”

fuse. Jiang Li activated the soul Tinder fusion function and fused all the level-one soul Tinders.

the fusion interface appeared.

Buzzzzzz!

A large area of light lit up, and a series of notifications appeared.

Finally.

[ prompt: a total of 9763 fusions, 3260 successful fusions, and 6503 failed fusions. you have obtained 3260 stage-two soul tinders. ]

continue. Fuse the second-stage soul Tinder at one key.

Buzzzzzz!

Jiang Li merged again.

The fusion interface lit up and the notifications disappeared.

Very quickly.

[ prompt: a total of 956 fusions, 160 successful fusions, and 796 failed fusions. You have successfully obtained 160 stage-three soul Tinders. ]

“One hundred and sixty.”

” soul tinder, ” jiang li murmured, ” with the original 27, i have 187. these soul tinders can be used to unlock level three mech air force units or continue to merge into level four soul tinders. ”

“Let’s continue the fusion.”

Jiang Li thought about it and decided to fuse the level-three soul Tinders.

Currently.

Level one and level two Air Force units were enough. There were still many Air Force units that had been unlocked but Jiang Li hadn’t built them yet.

Moreover, the ‘mechanical dragon cavalry’ had also been unlocked for the stage three Air Force. Compared to unlocking the stage three Air Force, it was more cost-effective to unlock the stage four mechanical Army as soon as possible.
