

## Army 311

### Chapter 311 Attack

A few minutes later.

jiang li fused 180 level-three soul tinders one by one. he did it 18 times in total and only succeeded twice and failed 16 times.

In front of him.

Two pure gold Soul Fire Seeds appeared, emitting a golden light.

I've got two fourth-tier soul Tinders.

Jiang Li smiled. I've got five level-four soul Tinders now. I'm only four away from nine. I believe I'll have them soon.

Time passed.

A day later.

Jiang Li's demon-killing troop had killed at least a million demons.

This way ...

The 'Demon King' that originally only needed a day to recover had yet to accumulate enough power.

The generals of the defending Army who were struggling on their last breath also noticed this strange phenomenon.

He could clearly sense that the number of demons had decreased.

the demons naturally sensed that something was wrong. they began to gather their forces at the mang huang lake.

The black serpent barbarian Kingdom's capital.

Jiang Li's Expeditionary Army had arrived outside the capital. Four million meches lined up in a huge formation. Hundreds of thousands of mech-winged aerial forces were flying in the air.

Within the capital.

Above the city wall.

The black snake barbarian Kingdom's Army was led by man Wuyi. The Barbarian kings and the Barbarian generals of the black snake barbarian kingdom had also gathered from the various county cities.

They were all gathered here.

There were many of them.

They had gathered all the military forces of the black snake barbarian kingdom.

One had to know.

The upcoming war would decide the fate of the black snake barbarian kingdom. If they lost, the black snake barbarian kingdom would be destroyed and all the barbarians would become slaves. Their status would be worse than pigs or dogs.

so,

The entire black snake barbarian kingdom was filled with soldiers, young and old.

Even the totem Warriors who had just condensed their totem power were pulled over to join the army and become barbarian soldiers.

Even those young and strong barbarians who had not condensed the power of totems volunteered to join the army. Even if they had to die, they would die with the enemy.

“Your Majesty!”

“We are ready.”

even if I die, I’ll die with Jiang Li’s Army!

“We can’t lose this battle!”

“If we lose, the black snake barbarian kingdom is finished!”

In the surroundings.

The Barbarian Commandery princes, barbarian generals, and ministers all looked solemn and even determined. They were ready to die on the battlefield.

Rather than becoming a slave of a fallen nation, it was better to die on the battlefield.

“Prepare for battle!”

man wuyi took in a deep breath and looked at the great xia dynasty’s expeditionary army. his expression was grave as he shouted, ” “It’s not that we don’t have a chance of winning!”

Even though ...

When man Wuyi and the others heard the news that the lion barbarian kingdom was not willing to send reinforcements, they were in despair.

However ...

man wuyi, on the other hand, regained his composure and gave out orders one after another. he gathered all of the black snake barbarian kingdom's forces and personally went to encourage and encourage them.

In a situation where the old and the young were all soldiers.

Man Wuyi had gathered a total of eight million barbarian soldiers. This was almost the same as recruiting all the young and strong barbarians of the black snake barbarian kingdom.

of course.

There were only two million barbarian soldiers, and the rest of the six million were recruited two days ago.

They were just cannon fodder.

“jiang li! The great Xia Dynasty!”

Man Wuyi clenched his fist and stared at the ‘Expeditionary Army’ in front of him. His eyes were filled with a demonic purple-and-blood-colored light, and the totem patterns on his face were also emitting this demonic light.

“Come on.”

I'll let you see the true power of the black snake barbarian kingdom! man Wuyi said in a deep voice.

At this moment.

The artillery position of the Expeditionary Army had been arranged.

...

“Attack!”

BOOM! BOOM! BOOM!

The commander of the battlefield gave the order.

Hundreds of thousands of artillery soldiers were the first to fire.

The roar was deafening.

The long-range artillery shells bombarded the black serpent barbarian Kingdom’s capital, covering the entire sky and almost half of the black serpent barbarian Kingdom’s capital.

“Roar!”

the next moment.

The stage 3 army formation started to work.

An enormous black serpent appeared and danced in the air. Man Wuyi directly released his true dragon of National aura, forming a scene of Dragons and serpents dancing.

It soared into the sky.

...

The scene was extremely horrifying.

It blocked a large number of artillery bombardment.

The war had broken out.

Jiang Li used QX01 to transmit the battle scene of the black serpent barbarian Kingdom's capital to his eyes through holographic communication.

They were observing the situation on the battlefield.

charge!!!

In the image.

The Expeditionary Army directly launched a head-on charge. Millions of meches surged forward like a wave, rushing toward the capital of the black snake barbarian kingdom.

“Whoosh!”

Countless sharp arrows, giant crossbow arrows, and throwing spears fell on the mech Army, but they were hit by bullets. The cannons exploded, and the sky was filled with flames.

“MYL01, how long do you think it will take for the Expeditionary Force to take down the black snake barbarian Kingdom's capital?”

what is it? ” Jiang Li asked.

“This bi an ...”

No. MYL01 stood beside Jiang Li and shook his head. I don't know. I can't predict or guess. I'm not good at commanding a war. I'm only good at fighting.

perhaps the commanders can predict it.

“That’s true.”

Jiang Li shrugged and continued to watch the battlefield.

At this moment.

Shua! shua!

Ts01 immediately acted. He arrived at the airspace of the black snake barbarian Kingdom’s capital even faster than the mech Army, followed by hundreds of thousands of mechanical wing air soldiers.

energy Angel.

Clang!

After TS01 released his skill, a bright light flashed and he slashed out with his sword. The bright sword ray cut across the sky and slashed towards the stage 3 battle-type beast.

“Zombie body.”

“Roar!”

Ynjs01 also charged over and turned into a red-eyed zombie. His right arm turned into a long blade of flesh and blood, slashing out a black psionic blade beam.

At the same time.

King Qian’s undead arrived and used the ‘Black Dragon Seal’. The black true energy gathered the heaven and earth Spirit energy and condensed into a Black Dragon that was baring its fangs and brandishing its claws.

boom! BOOM! BOOM!

The three perfected stage Tier 4 National Guardian level combatants attacked one after another, and the results were huge. They destroyed all the Tier 3 formations of the black snake barbarian Kingdom's Army.

The explosion shook the earth.

“Ah!”

A large number of barbarian soldiers died, and they suffered heavy losses.

“Not bad.”

great. Jiang Li nodded with satisfaction. as expected of a perfected-stage level four. He easily destroyed several level-three formations and destroyed the black snake barbarian Kingdom's hope.

Shua! Shua!

At the same time.

I've caught a lot of soul Tinders. Jiang Li opened the notification. Messages popped up one after another. He'd gotten a lot more soul Tinders.

three mayflies, three perfected Tier 4 martial artists!!!

“Oh my God!”

“There's a total of three existences at the perfected stage of Tier 4. How can we fight them? How to fight? Even if man Teng and his two million Elite Barbarian soldiers were still alive, we still can't win, we can't win at all!”

“No!”

“The heavens want to destroy the black snake barbarian kingdom!”

it’s not God who wants to destroy the black snake barbarian kingdom. It’s the Xia Dynasty. It’s Jiang Li. He wants to destroy the black snake barbarian kingdom!

at this moment.

the barbarian kings, generals, ministers, and soldiers were all in despair. they looked miserable and their eyes dimmed.

“Rumble!”

after losing the obstruction of the army formation.

The artillery shells exploded in the capital, creating a ground-washing bombing effect. The explosions produced a terrifying destructive power.

The buildings collapsed and the ground cracked.

“Thump!”

The laser meches ‘laser beams pierced through the city wall.

“BOOM!”

Ynjs01 slashed out a psionic blade light and tore the city wall apart, forming a huge gap. Millions of meches rushed into the capital from the gap.

“It’s over, it’s all over, Yingluo.”

Man Wuyi's footsteps staggered, as if all the strength in his body had been sucked out, and he almost fell to the ground. He was holding a purple-and-blood-colored demonic formation disk in his hand, but at this moment, it seemed as if he could no longer hold it.

“it's already useless, completely useless.”

Obviously.

Man Wuyi had prepared an extremely powerful backup plan. The formation disk in his hand was a fourth-tier formation, the purple-winged demonic snake formation. It was the black snake barbarian Kingdom's final trump card.

originally.

Man Wuyi had prepared everything in advance and had even recruited six million barbarian cannon fodder. He had planned to activate the 'purple-winged demonic snake formation' at the last moment and refine the entire battlefield.

At that time.

Man Wuyi could borrow the power of the purple-winged demonic snake formation and combine with the true dragon, finally turning into a purple-Winged Dragon Snake, temporarily possessing the power of a peak stage four.

However ...

However, Jiang Li's Army had three people who were at the perfected stage of level four!

Three places!

Therefore, man Wuyi was in complete despair. His last trump card, his last hope, his schemes and plans, he had even sacrificed the lives of six million barbarians in exchange for his last hope.

however ...

In the face of absolute power, all of this seemed so laughable, so sad, so desolate, so vulnerable.

hahahahahahahahahahaha!

hahahahaha! man Wuyi laughed. His laughter was so sad and unwilling. He could only watch Jiang Li's Expeditionary Army enter the city and kill barbarian soldiers one by one. Their bodies were blown into pieces by the bombs and their internal organs were shattered by the ultrasonic waves.

The storm of the mechanical wings was like a huge tornado, sweeping through the Barbarian Army.

“purple-winged demonic snake formation!”

Wuwuwuwuwu!

In the end.

Man Wuyi still activated the formation plate in his hand and fought to the death.

the purple-and-blood colored formation plate shot up into the sky, forming an incomparably huge purple-and-blood colored formation diagram that enveloped the entire capital.

after that.

The entire battlefield was enveloped by the formation diagram. The Barbarian blood was extracted and gathered in the air, forming a huge winged demonic snake, just like the legendary ‘flying snake’.

“A true dragon of National fate!”

“Roar!”

Man Wuyi then released his true dragon and charged at the purple-winged demonic snake. The dragon and snake merged into one and gradually transformed into the ‘purple-Winged Dragon Snake’.

Shua!

Man Wuyi rose into the sky and charged towards the violet-Winged Dragon-snake.

“Your Majesty!”

“Purple-Winged Dragon-snake! It’s the violet-Winged Dragon-snake!”

this is His Majesty’s last resort. It’s the black snake barbarian Kingdom’s strongest trump card!

“.....”

The barbarians shouted in shock.

“All-rounded release!”

“Whoosh!!!”

no. TS01 released all of its energy without hesitation. the mechanical energy wings seemed to be burning and quickly enlarged, as if they were burning with sky blue flames.

The angelic energy sword was released.

it formed a thousand-meter long energy sword pillar.

“Slash!”

A full-force strike.

He directly killed his way over.

Kachaa!

After that.

Under the watchful eyes of countless barbarians, the purple-Winged Dragon-snake that had been materialized in the sky was cut in half by the sword of the TS01 before it could even display its true power.

bang bang bang bang!

the formation diagram of the ‘purple-winged demonic snake formation’ started to crack inch by inch.

Chapter 312 capture

roar!

The purple-Winged Dragon-snake, which had been cut in two, howled in grief.

His entire body was radiating light.

the cracks spread all over his body.

“boom!”

after that.

With a loud explosion, the violet-Winged Dragon-snake exploded completely. It was as if light spots had scattered all over the sky. It was extremely gorgeous, like countless fireworks blooming.

the huge formation was completely shattered.

the formation plate exploded.

“Ah!”

Pfff!

Man Wuyi let out a blood-curdling screech as he suffered a terrifying backlash. He staggered backward, and his face was as white as a sheet. He fell to the ground, his face filled with fear.

“No!”

“How could this be? The violet-Winged Dragon-snake was killed with a single sword strike!”

“It’s over, it’s already over, Yingluo.”

” it’s over. we’re finished. the black snake barbarian kingdom is finished. ”

“Pfft, pfft, pfft.”

on the battlefield.

Millions of barbarian soldiers, barbarian Commandery princes, and generals looked up at the scene in the sky. They saw with their own eyes that the purple-Winged Dragon Snake was killed with a single sword strike.

Hope turned into despair.

Their morale collapsed.

BOOM!

Ynjs01 swept across the entire battlefield like a bulldozer. Not a single barbarian could stand in his way as he slaughtered his way to the back of the battlefield.

Shua! Shua! Shua!

the psionic blade aura swept across the battlefield, and countless barbarian soldiers and barbarians were cut into two pieces, their corpses lying everywhere.

“Die!”

“Whoosh!”

ynjs01’s arms had already transformed into long blades of flesh and blood. he appeared in front of man wuyi and slashed out, sending a black psionic blade light slashing down.

“Your Majesty!”

” your majesty! ”

“Be careful!”

In the surroundings.

The barbarians shouted.

“Ah!”

Man Wuyi roared in anger. His eyes were about to pop out, and the veins on his body were bulging. The totem patterns on his body glowed with a bright light. He used all his strength and unleashed all his power. The true dragon of the nation protected his body, and the black serpent appeared.

however ...

It was accompanied by a pitch-black blade light.

The Dragon-snake was cut into two.

the blade light streaked across man wuyi's body.

“Pfft!”

The next moment.

Starting from the top of man Wuyi's head, a line of blood appeared and extended to his crotch. Blood spurted out as his body was split in half.

He died immediately!

He had killed man Wuyi with a single Saber Strike.

“His Majesty the Barbarian king is dead!”

“His Majesty is dead!”

“Ah!”

the barbarian soldiers shrieked in fear as if the sky had collapsed.

BOOM! BOOM! BOOM!

The war continued.

The 'Expeditionary Army' formed by more than four million meches broke into the capital of the black snake barbarian kingdom and surrounded millions of barbarian soldiers and barbarians.

Pfft! Pfff!

Every moment.

...

There were barbarian soldiers who were killed and turned into corpses.

"It's faster than I expected,"

"i can't believe it. " jiang li looked at the battlefield and sighed. notifications about the soul tinder kept popping up in front of him and then he blocked them. " you took down the capital of the black snake barbarian kingdom so quickly. "

"Congratulations, chief sovereign."

myl01 said immediately.

"Yes."

okay. Jiang Li nodded and cut off the communication with the Expeditionary Army. The holographic projection turned off and disappeared.

The black snake barbarian Kingdom's situation had basically been completely stabilized. Man Wuyi was dead, and their last trump card had been destroyed by a single sword strike from the TS01.

It could be said that ...

the destruction of the black snake barbarian kingdom was a foregone conclusion.

no one could change that.

...

As expected.

The Expeditionary Army would be able to take down the black snake barbarian kingdom today. After that, they would be able to plunder all the resources of the black snake barbarian kingdom and bring them back to the imperial capital of the great Xia.

QX01, contact the demon-killing Legion.

Jiang Li said.

“Yes.”

QX01 was connected.

Shua!

The holographic image was projected and enlarged in front of Jiang Li's eyes.

“My Lord!”

Zh05 and the rest appeared on the screen.

“Yes.”

okay. Jiang Li nodded and said, report.

“Yes.”

Zh05 nodded in response.

Currently.

The demon-killing troops led by zh05 and zh06 had already met up with the reconnaissance troops led by zh04. The demon-killing troops had basically wiped out the demon beast troops in Qianlong County.

At this moment.

They had arrived at the wild lake.

They were about to start a war with the Army of demons and monsters at the Mang Huang Lake.

In the surroundings of the wild lake.

“whoosh!!!”

The Army of monsters and demons had already gathered, reaching two million in number. Although most of them were low-level monsters and demons, there was no lack of level three monsters and demons.

The troops of the monster race and demon race were not weak.

Of course.

It was just that he wasn't weak.

Compared to Jiang Li's 'demon-killing Legion', they were much weaker.

“What's with these 'iron birds'? why can it fly in the air? It's really strange. Also, what's the origin of this 'iron bird unit'? ”

“I'm not sure. Right now, we have no idea where they came from. After entering Qianlong County, they went around hunting the demonic beast troops that we went out to hunt. As a result, we have yet to gather enough flesh, blood, and souls to revive the Lord 'demonic King'.”

no matter where this 'iron bird troop' came from, since they dared to attack our troops of the monster race and demon race, we must make them pay a heavy price. No one can stop the awakening of the Lord 'Demon King'.

“That's right!”

in the troops of the monster race and demon race.

the great fiendish demons at the perfected stage rank three were discussing.

Not far away from the wild lake.

they are the Army of Emperor Xia, Jiang Li? ”

“An 'iron bird' that can fly in the air, could it be a mechanical beast created with the art of machinery?”

why did Jiang Li only send so few troops? does he think that he can kill two million monsters with these 'iron birds'? ”

The surviving generals and commanders of the garrison Army hid in the distance and secretly observed the battlefield at the wild lake.

Obviously.

Jiang Li's mech was in the cabin of the transport plane, so they couldn't see him. They could only see the transport plane and the mech winged aerial soldiers.

In the air.

Tens of thousands of large military transport planes gathered together, forming a huge fleet. The two armies faced each other, and the demon-killing Legion directly launched the attack.

Da da da da

In an instant.

The heavy machine guns of the 10000 military transport planes fired wildly, and countless bullets formed a rain of bullets that enveloped the troops of the magical beasts and demons.

“Mechanical wing storm!”

Shua! Shua!

Hundreds of thousands of mechanical-winged Air Force soldiers formed an Air Force Army. Countless steel feathers danced and rotated, forming a crushing storm.

kill!!!

” attack!!! ”

The next moment.

The troops of the monster race and demon race launched a counterattack.

A demon.

The 'alien race' that was formed after the demon and devil clans combined possessed the power of the demon clan's bloodline and the devil clan's power. After the two combined, a mutation occurred.

Generally speaking.

Low-level demons weren't strong. They were like illusory black shadows. Only when they reached level three would they undergo a qualitative change and possess powerful demonic power.

“Whoosh!!!”

The light was blinding.

the troops of the monster race and demon race formed the monster race and demon race army formation and blocked the attack of the demon annihilation army. countless bullets were blocked, and the mechanical wing storm was also blocked.

“Roar!”

Countless demons roared.

fly low. All meches, jump off.

The commanders of the battlefield shouted.

“Yes.”

“boom!”

The engine roared.

The plane quickly lowered and opened the cabin. The meches jumped out of the cabin like dumplings.

In an extremely short period of time.

Millions of meches appeared.

“Why are there so many human soldiers?”

“Where did they come from?”

“It’s bad.”

in the troops of the monster race and demon race.

there were many great demons at the perfected stage of tier 3, and they were the commanders of this army of demons. there were no tier 4 demons. if there were, the guards of the imperial court would not be able to defend the wild lake.

BOOM! BOOM! boom!

The mechanical soldiers began to bombard.

A rain of bullets.

it enveloped the troops of the monster race and demon race.

One had to know.

Jiang Li's 'demon-killing Legion' had more soldiers than the monster army. When the two armies clashed, the demon-killing Legion was on the winning side.

He held on to the troops of the monster army and started a massacre.

"Retreat! Retreat!"

"Let's go!"

"Dive into the wild lake!"

Shua! Shua! Shua!

The troops of the monster race and demon race were forced back by the demon-killing troop's terrifying attacks. They had lost all of their momentum and were no match for the demon-killing troop. It had only been half an hour since the start of the battle, and hundreds of thousands of monsters and demons had been killed.

The difference was too great.

hence.

The troops of the monster race and demon race immediately retreated and hid in the lake. Millions of monsters and demons sneaked into the lake.

"Whoosh!!!"

after that.

the wild lake calmed down, and all the strange phenomena disappeared. the huge whirlpool in the center slowly calmed down, and the terrifying figure also disappeared.

vaguely.

An unwilling roar was heard.

“The Kasaya is over?”

“How did the troops of the monster race and demon race with millions of soldiers get pushed back? It has only been half an hour since the start of the war, and the troops of the monster race and demon race have already been forced to flee.”

“He’s too strong.”

“Si si si ...”

” emperor xia, jiang li, has such a terrifying army. no wonder king qian lost. ”

The generals and commanders of the garrison looked on in shock.

good, good, good. The demons are finally suppressed again.

“This is a good thing, a good thing.”

They came back to their senses and said excitedly.

let’s go. Let’s go and see Jiang Li’s Army.

Hence.

They emerged from their hiding places and came to the front of the demon-killing troop.

“We are the commanders and generals of the garrison.”

after they appeared, they did not dare to get too close. the leader was a middle-aged man with a square face. he introduced himself from a distance, ” “I was the one who sent the rank three ‘great demonic beast’ that appeared in the imperial capital of the great Xia previously. The purpose was to warn His Majesty the Xia Emperor that there was chaos in the Mang Huang Lake.”

“You are the commander and general of the garrison?”

Zh04 and the others walked out from the mech Army and looked at the people in front of them. There were only five of them, and their hair was disheveled. Their armor was broken.

“Yes, I am.”

The square-faced middle-aged man nodded.

“Bring them back,”

go! Jiang Li ordered.

“Yes, chief sovereign.”

Zh04 and the others nodded.

“Since you are the commanders and generals of the guarding Army of the wild lake, then follow us back to the imperial capital of the great Xia. His Majesty wants to see you.”

Zh04 said.

“.....”

The square-faced man and the others looked at each other, then nodded and said,”since it’s an order from his majesty, emperor xia, we will naturally comply.”

## Chapter 313 The messenger

Jiang Li cut off the communication with the demon-killing Legion. The battle between the demon-killing Legion and the demon Army at the wild lake ended with the demon-killing Legion's victory.

Even though ...

The troops of the monster race and demon race were the last to hide in the wild lake and were not completely annihilated. It was a pity.

This was because Jiang Li's meches couldn't fight in the water, but the rest of the demons couldn't do much.

The demon-killing Legion had started their return journey.

let's go. Jiang Li left the reconnaissance team to guard the wild lake so that they could monitor the movements of the monsters and demons at all times in case the Army of monsters and demons caused trouble again after the demon-killing Legion left.

the mech Navy should also be unlocked as soon as possible.

Jiang Li thought, if there's a mech Army, I can send troops into the lake and kill all the monsters there.

In the evening.

Given the speed of the transport plane, the demon-killing Army had already arrived back at the imperial capital of the Grand Xia.

unbelievable. This 'iron bird' is truly unbelievable. Not only can it fly so steadily in the air, but it's also so fast. I've never seen it before.

“yup!”

“emperor xia is really mysterious.”

“.....”

after the five commanders and generals of the garrison army alighted from the plane, they were still quite shocked. they were all emotional and could not calm down.

“Roar!”

At this moment.

In the air above the Grand Xia Palace.

The Azure Dragon roared.

The 1,200-meter-long Azure Dragon of the great Xia Dynasty was like a vast Azure light, soaring into the sky, stirring up the wind and clouds, and shaking the spiritual Qi of heaven and earth.

“Whoosh!!!”

An invisible National aura gathered from all directions and entered the Azure Dragon’s body. The Azure Dragon devoured the invisible National aura and strengthened himself.

“A true dragon of National fate!”

this must be the true dragon of the great Xia Dynasty!

it has already reached 1200 meters. This is even more powerful than the great Qian dynasty at its peak. Has the great Xia Dynasty really only seen a human dynasty less than a month ago? ”

the true dragon of the country's fate is devouring the country's fate, and it's still devouring the country's fate to grow stronger.

“Where does the Fortune of the nation come from?”

Shocking!

The five commanders and Commander-in-Chief looked on in shock. They had just arrived at the imperial capital of the Xia Dynasty and they had already witnessed such a scene. This caused them to feel even more reverence for the Emperor Xia whom they had never met before.

“The fate of the nation is strengthening again.”

“If that's the case, could it be that His Majesty's Army has completely destroyed the black snake barbarian kingdom?”

that's too fast. It's only been three days.

“He's simply invincible!”

In the capital.

The phenomenon of the Azure Dragon devouring the country's fate was so great that it affected the entire imperial capital of the Xia Dynasty. Han Liqi, Hu Dong, Xu Ya, Hong Tianqi, and the others naturally saw it and were all amazed.

The people of the city looked up.

Within the Grand Xia Palace.

“Yes.”

Azure Dragon. Jiang Li looked up at the Azure Dragon and used the Azure Dragon technique to feel the strengthening and changes of the Xia Dynasty. The black snake barbarian Kingdom's fate was swallowed by the Azure Dragon and became the Xia Dynasty's fate. the Expeditionary Army has taken over the black snake barbarian kingdom.

Obviously.

The black snake barbarian kingdom was destroyed.

The fate of the country collapsed.

all of the country's fate was absorbed by the great xia dynasty. the azure dragon of the great xia dynasty continued to devour the country's fate and grew stronger. its body grew larger and larger, and its prestige became heavier.

back then.

When the great Xia Dynasty had just been established.

The Azure Dragon of the great Xia Dynasty was only ten meters long.

And now.

however, it had already reached 1200 meters and was still growing.

“The Azure Dragon art of the great Xia Dynasty,”

“Whoosh!!!”

Jiang Li sat down with his legs crossed and started to absorb spiritual Qi to strengthen his innate true Qi. The power of the nation fate was also being fed back to Jiang Li.

The night passed.

“Roar!”

...

The great Xia Azure Dragon roared. It took the entire night for the great Xia Azure Dragon to devour the black snake barbarian Kingdom's fate and convert it into the great Xia Dynasty's fate.

It increased from 1200 meters to 1300.

Shua!

The Azure Dragon turned into a ray of blue light and disappeared into the great Xia Palace. It then merged into Jiang Li's body and hid in his dantian.

boom!

Jiang Li's body shook.

His aura soared.

The innate true Qi was activated and the surrounding spiritual Qi formed a spiritual Qi Whirlpool above his head. A vast amount of spiritual Qi was poured into Jiang Li's body.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

His cultivation base had broken through once again.

It advanced from the early stage of Tier 3 to the middle stage of Tier 3.

...

Inside his body.

the xiantian true qi, which was originally just a ball, had already filled his entire dantian. the total amount and quality of his true qi had both greatly improved and changed.

Not only that.

Jiang Li's divine soul had also improved. The early stage of level three could only cover nine meters, but the mid-stage doubled and could affect the mugwort around him.

His strength had increased.

Half an hour later.

“Hu ~~ Hu ~ Hu ~”

Jiang Li opened his eyes and exhaled. He stabilized his cultivation and felt the changes in his body. He nodded in satisfaction. not bad. My strength has improved again.

only by continuing like this, by constantly devouring the fate of other countries, and then using the return of the fate of other countries, can I raise my cultivation without any side effects.

“I believe I'll be able to break through to the fourth step very soon.”

As long as he broke through to the fourth step.

Jiang Li's weakness could be made up for.

Thinking of this ...

Jiang Li wanted to send the mech Army to attack the other dynasties and steal their fortune to improve himself.

one had to know.

There would be side effects of having an unstable foundation if one used medicinal pills and spirit herbs to increase their cultivation. However, with the help of the nation's fate, these problems would not occur. One's Foundation would be extremely solid.

Furthermore ...

Taking medicinal pills and spirit medicine wasn't as fast as the nourishment of the country's fate.

In the morning.

jiang li came out of seclusion.

although he hadn't slept all night, he was still in good spirits because of his breakthrough. du xiaohua had already prepared breakfast and toiletries for jiang li.

Speaking of this.

xu ya had already dealt with the officials and captives of the great qian dynasty. those who had the ability stayed and served as officials in the great xia imperial court to build the great xia dynasty.

Only those without the ability.

it had already been dealt with.

There were a few more Palace maids and eunuchs in the great Xia Palace, all managed by du Xiaohua, which brought some popularity to the cold and quiet great Xia Palace.

There was a mech Army stationed at the great Xia Palace.

Basically, there wouldn't be any problems.

moreover ...

Jiang Li was already at the mid-stage of level three.

Morning court.

In the Azure Dragon Palace.

Jiang Li sat on the Dragon chair and listened to the reports from the ministers. The implementation of the 'medicine Pavilion policy' in the great Xia Dynasty was getting smoother and smoother.

In the various cities and counties.

They had already started to open up herb fields and plant herbs.

Generally speaking.

The growth cycle of medicinal herbs was extremely slow. Under normal circumstances, a ten-year medicinal herb would need ten years to mature and harvest.

10 years.

It had been too long.

so,

This would require a formation to accelerate its maturity.

among them, a tier 1 ripening formation could shorten the growth period of ordinary medicinal herbs by ten times, a tier 2 formation could shorten it by a hundred times, and a tier 3 formation could shorten it by a thousand times.

Of course, the medicinal power of herbs that were grown naturally couldn't compare to those that were grown naturally, but Jiang Li didn't care about that because he was planting herbs to convert them into energy points.

nothing else was important.

"Your Majesty, the five commanders and generals of the garrison are still waiting outside the hall. Should we let them in?"

Hong Tianqi asked.

"Yes."

okay. Jiang Li nodded.

The five commanders and generals walked into the hall.

"Your humble servant pays his respects to Your Majesty, Emperor Xia!"

Jiang Li, the square-faced middle-aged man knelt down and kowtowed to Jiang Li. The four people behind him also knelt down and said respectfully.

The five commanders and generals.

Among them.

Fang Ling was the Vice President of the garrison. His cultivation had reached the perfected stage of level three. The 'big demon' that had tipped Jiang Li off was sent by him.

The other four.

They were yang Zhili, Xiao Pei, Duoduo, and Luo ning.

Yang Zhili and Xiao Pei were the commanders of the garrison.

His cultivation was at the early stage of rank three.

Xu Duoduo and Luo ning were the generals of the garrison.

His cultivation was at the great circle of stage two.

Their strength wasn't low.

after all, without powerful strength and life-saving means, it was impossible to survive the siege of the army of monsters and demons and report to jiang li.

"I want to know all the information about the Mang Huang Lake."

Jiang Li said.

"Yes."

Fang Ling nodded and replied,"the lake has existed since before the founding of the great Qian dynasty. A powerful" Demon King "is sealed in the lake."

“i don’t know his exact cultivation level.”

in fact, the demons we’re facing now are not real demons at all. They’re demons that were transformed by the creatures in the wild lake after they were contaminated by the aura of the ‘Demon King’.

“just the aura alone can turn living beings into demons?”

Jiang Li was shocked.

“Yes, I am.”

fang ling nodded solemnly. ” the truth is scary, but that’s how it is. ”

“Continue,”

Jiang Li said.

after the founding of the great Qian dynasty, King Qian has been guarding the Mang Huang Lake under the orders of the ‘martial immortal court of the human race-division of the Holy peace state’. He has not dared to slack off.

Fang Ling continued. when King Qian was recruiting Garrison troops to support the capital-he said that the martial immortal court of the human race-the division of the Holy peace state-would send an envoy to check on the situation at the wild lake-

“Envoy bi ‘er,”

” huh? ” jiang li frowned and asked, ” when will they arrive? ”

I’m not too sure about that. King Qian only said that he’ll be here soon, but he didn’t say when exactly.

Fang Ling shook his head.

“Yes.”

okay. Jiang Li nodded.

“Xu Ya.”

Jiang Li said.

“your subject is here.”

Xu Ya took a step forward and saluted.

Fang Ling and the others have also contributed, and their cultivation isn't weak. I'll leave them to you to arrange.

” give them military positions, ” jiang li said.

“Yes.”

Xu Ya nodded.

“Thank you, Your Majesty.”

This made them happy.

“Your Majesty.”

Jin murou and the others sent a message yesterday, ” Xu Ya said. Bai yingwang and the other County Kings have gathered all the resources from their counties and are on their way to the imperial capital of the great Xia.

“We’ll be there this afternoon.”

“I know.”

Jiang Li said.

At this moment.

The Wei Dynasty.

In the sky above the capital.

Two streams of light streaked across the sky like lightning. They stepped on flying swords and descended from the sky, landing in front of the capital’s Gate. Two young men appeared.

He had a handsome face.

Clang! Clang!

The two young men opened their mouths, and the two sharp swords under their feet turned into two sword lights, which were swallowed into their stomachs.

“Welcome, two emissaries!”

at the city gate.

Feng chenzi, Wei Wuxian, and the other ministers came to welcome him.

“Where’s Wei Zheng?”

The young man with sword-shaped eyebrows on the left glanced at the crowd and asked in a deep voice.

“The King of Wei is waiting for the arrival of the two envoys in the palace.”

Feng chenzi said.

Chapter 314 Intermediate level

“I won’t be going to the great Wei Imperial Palace.”

“ask wei zheng to bring the bright dragon dagger,” the youth with sword-shaped eyebrows said.

“This bi an ...”

Feng chenzi and the others looked at each other.

“Still not going?”

The young man with sword-like eyebrows said in a deep voice.

“Yes.”

Feng chenzi and the others immediately nodded, not daring to disobey.

After that.

it was a minister who went to the palace of great wei to inform the king of wei.

“The two messengers have come a long way. Why don’t you rest in my Palace?”

Very quickly.

Prince Wei arrived.

“No need.”

The young man with sword-like eyebrows looked at Wei Zheng and stretched out his right hand. Wei Zheng, bright Dragon Dagger.

“Alright,” he said.

Wuwuwuwuwu!

Wei Zheng opened his right hand, and a blue light flashed in his palm. A green gourd appeared out of thin air, as if it was carved out of green jade.

He took a closer look.

There were nine Green Dragons carved on the body of the gourd. They were so lifelike that they looked as if they were about to jump out of the gourd.

“This is the ‘bright Dragon Dagger’.”

Wei Zheng said.

“Yes.”

The young man reached out to grab the gourd in Wei Zheng’s hand, but Wei Zheng did not avoid it, and the green jade archive fell into the young man’s hand.

“You’ve nourished it well.”

the young man nodded with satisfaction and a smile appeared on his face. a white light flashed in his hand and the green jade archive disappeared.

“Wei Zheng, this is the reward you deserve.”

shua!

The young man with sword-like eyebrows took out a white porcelain bottle and handed it to Wei Zheng.

“.....”

wei zheng immediately took the jade bottle in his hand and couldn't help but look happy.

“let's go,” he said.

Clang! clang!

Two sword hums.

the two young men rode their flying swords and left the capital of the great wei kingdom. in the blink of an eye, they had already disappeared into the distance, never to be seen again.

from the beginning to the end.

apart from the young man with the sword-shaped eyebrows, the other masked young man didn't say a word.

“your majesty, this ‘bright dragon carriage’ has been nurtured by the fortune of the wei dynasty for 300 years, and it's being given out just like that today?”

Feng chenzi couldn't help but ask.

” the ‘bright dragon dagger’ originally belonged to the ‘division of the holy peace state’. it was just used to nurture the fate of the wei dynasty. furthermore, i have already gotten what i wanted. ”

Wei Zheng said slowly, ” pass down my orders. I am preparing to go into seclusion. From today onwards, the great Wei Dynasty will be in seclusion until I come out.

“This bi an ...”

“Your Majesty, please reconsider!”

“Your Majesty!”

the ministers were shocked.

“There’s no need to persuade me.”

Wei Zheng waved his hand. while I’m in seclusion, all matters within the dynasty, big and small, will be decided by the elders of the National Guardian Pavilion.

“Yes!”

“we will do as you command!”

Feng chenzi and the others bowed.

buzzzzzz!

After that.

Wei Zheng immediately left.

...

Obviously.

Wei Zheng had some kind of deal with the martial immortal court of the human race-the division of the Holy peace state. Wei Zheng used the fate of the great Wei Dynasty to nurture the bright Dragon carriage.

It had been nurtured for three hundred years.

after the incident.

Wei Zheng would be able to benefit from the 'Saint peace state court', and this benefit was the White jade bottle that the young man with sword-like eyebrows had given him.

The Jade bottle must contain something that Wei Zheng wanted.

otherwise ...

wei zheng would also not agree to use the kingdom's luck to nurture the bright dragon carriage. this was an important matter that would harm the foundation of the great wei dynasty.

In reality.

If it wasn't for the fact that the great Wei Dynasty had nurtured the bright Dragon carriage for 300 years, it would have been ranked higher than the top 60 on the 'young dragon ranking-Saint peace state'.

In the afternoon.

...

After the war ended, the Expeditionary Army spent a lot of time loading most of the resources and materials of the black snake barbarian kingdom onto the transport vehicles and began their return journey.

At the same time.

The Expeditionary Army also brought back a large number of barbarians.

” slave contract. ” jiang li was going to sign slave contracts with these barbarians and turn them into barbarian slaves. he would ask them to help him grow herbs in the black snake barbarian kingdom.

However ...

Jiang Li only had two ‘basic slave contracts’. He had already used 800000’ normal contract talismans ‘for the’ basic slave contract ‘of the great Qian dynasty.

in other words ...

Jiang Li could only convert 1.2 million barbarian slaves at most.

“Whoosh!!!”

Jiang Li activated the Azure Dragon technique of the Xia Dynasty, closed his eyes, and communicated with the ‘sacred peace state’ of the young dragon List. After the Fortune of the nation improved again, the Xia Dynasty’s ranking rose from 75th to 73rd, two places higher.

Shua!

A black talisman fell.

It was the ‘basic slave contract’ of the black snake barbarian kingdom. Since Jiang Li took down the black snake barbarian kingdom, this ‘basic slave contract’ naturally belonged to Jiang Li.

‘Congratulations on the great Xia Dynasty’s promotion, promotion by two. Advanced to ‘basic slave contract’. ”

A message appeared in Jiang Li’s mind.

Buzzzzzz!

After that.

A ray of purple-gold light fell on Jiang Li and merged with the ‘elementary slave contract’ of the great Xia Dynasty.

‘beginner-level slave contract’ had been upgraded to ‘intermediate-level slave contract’.

Intermediate slave contract.

It could be divided into ten million ‘ordinary contract charms’ and a hundred ‘core contract charms’, which was ten times more than the original foundation.

“Not bad.”

okay. Jiang Li nodded in satisfaction.

This way ...

Jiang Li had one ‘intermediate slave contract’ and two ‘beginner-level slave contracts’. He could turn tens of millions of slaves into slaves.

For the time being, he did not have to worry about not having enough contract talismans.

The black snake barbarian Kingdom's 'elementary slave contract' had already been divided into 700000 ordinary contract talismans, of which 300000 were demon slaves and 400000 were human slaves.

Shua!

Jiang Li's consciousness came back and he opened his eyes. This was the only reward for advancing two ranks.

Soon after.

Jiang Li opened the Dominator panel.

He clicked on the soul Tinder.

The Expeditionary Army had annihilated the black snake barbarian Kingdom's Army of eight million soldiers. In addition, the demon-killing Army had also annihilated the demon Army in the dry Dragon County, killing a large number of demons.

Soul Fire seed. Jiang Li naturally got a large number of Soul Fire Seeds.

Of course.

Although the black snake Kingdom's Army of eight million soldiers was a large number, it was not worth mentioning. Most of them were ordinary totem Warriors and ordinary barbarians.

One had to know.

Only by killing creatures above stage one could the soul Tinder drop.

Among them.

There were 100700 level-one soul Tinders, 8700 level-two soul Tinders, 39 level-three soul Tinders, and five level-four soul Tinders.

“Fuse.”

Buzzzzzz!

fuse. Jiang Li activated the soul Tinder fusion function and chose to fuse all the level-one soul Tinders. The fusion interface appeared with notifications.

Finally.

The fusion was complete.

[ prompt: a total of 1007 fusions, 3335 successes, and 6672 failures. you have obtained 3335 stage-two soul tinders. ]

“Continue.”

Jiang Li once again fused all the level-two soul Tinders.

[ prompt: a total of 1203 fusions, 201 successes and 102 failures. You have obtained 201 level-three soul Tinder. [ five stage-two soul Tinders remaining. ]

fuse the third-stage soul Tinder.

Jiang Li said.

A minute later.

All 240 level-three soul Tinders were fused. He tried 24 times and failed 22 times. He only succeeded twice and obtained two pure gold level-four soul Tinders.

“Seven pills.”

I’m just missing two, ” Jiang Li thought.

Near evening.

Bai yingwang, Wei Min, and the other 17 County Kings finally arrived at the imperial capital of the Xia Dynasty. They had delivered all the resources from their counties. Hong Tianqi brought them to the Azure Dragon Hall.

Inside the Azure Dragon Palace.

Bai yingwang and the others were very nervous.

“Your subjects pay their respects to Your Majesty!”

“We’re late, please forgive us, Your Majesty!”

Your Majesty, the resources from the various counties have been delivered. Please accept them!

Within the palace.

Bai yingwang and the others knelt on the ground.

my fellow regional Kings, I can see that all of you are putting on quite a bit of airs. His Majesty asked you to bring the things over within three days, but it has already been seven or eight days, and you have only arrived now. I’m afraid that His Majesty will have to personally invite all of you over.

Hu Dong shouted coldly.

“Hehe.”

Hua Tian laughed coldly. in my opinion, the various regional Kings must have heard some bad news. They must be trying to save themselves and are deliberately delaying the time.

Your Majesty, Bai yingwang and the other County Kings did not follow the decree. It is obvious that they did not care about the Imperial court of the Xia Dynasty. They did not care about Your Majesty, Emperor Xia, and ignored Your Majesty's decree.

"They should be demoted and thrown into prison as a warning to the others," Wu Zong shouted.

"Your Majesty, I've been wronged!"

The White Eagle shouted.

"that's right, your majesty, we've been wronged!"

wei yong and the others shouted.

"oh."

Jiang Li looked at Bai yingwang and the others and said, "you guys are wronged?"

"Your Majesty."

we were delayed for a few days because we were looking for a beauty for Your Majesty, " Bai yingwang said. now that we've finally found a beauty, we immediately rushed to the imperial capital of the great Xia Dynasty with the beauty and resources.

"Looking for a beauty."

Jiang Li's expression didn't change.

“Yes, yes.”

Bai yingwang and the others quickly nodded. Your Majesty, the few beauties are waiting outside the hall. Should we let them in to meet your Majesty? ”

“The White Eagle.”

Xu Ya frowned and shouted in a low voice, ” How dare you! You know your mistake but don’t admit it. You even tried to seduce His Majesty with your beauty. Do you think His Majesty will forgive your mistakes because of your beauty? ”

Your Majesty, I don’t mean it that way. I just feel that Your Majesty is wise and powerful. You work so hard for the country, so you must be tired sometimes. That’s why I found a beauty for Your Majesty, hoping that she can relieve your worries and eliminate your fatigue. Your Majesty, you must understand my good intentions!

Bai yingwang and the others complained.

“You guys are quibbling.”

Xu Ya scolded again.

“That’s enough,”

” i’m sorry. ” jiang li waved his hand. ” bai yingwang, wei yong, you failed to send the resources to the imperial capital within the time i set. no matter what, you can’t escape punishment. ”

“Your Majesty, please forgive me!”

bai yingwang and the others shouted.

although it’s a little late, the resources have been sent.

I'll give you a chance to redeem yourselves, " Jiang Li continued. I order you to implement the 'medicine Pavilion policy' in all counties and territories within a month.

"As for the specific content and implementation plan of the 'medicine Pavilion policy', you can discuss it with han Liqi and the others. I only want the final result."

"If this time, you are still unable to complete this Prince's orders, then bring your heads to me."

"This Prince had originally planned to hand over the eight counties to you, but it seems that this Prince will have to make a new decision."

## Chapter 315

"Yes."

"We accept your orders."

"Thank you for your forgiveness, Your Majesty."

"We will definitely carry out Your Majesty's orders. We will do our best until the day we die. We will definitely implement the 'medicine Pavilion policy' within a month."

Bai yingwang and the others heaved a sigh of relief and shouted.

As for the beauty that Bai yingwang had brought along ...

Since they had already sent it here, there was no reason for them to take it back. Jiang Li naturally asked them to stay and went to have a look.

Two beautiful women.

And they were twins.

The elder sister was called su yanyue, and the younger sister was called su Jue.

The two of them seemed to have been made from the same mold, and it was difficult to tell who was the elder sister and who was the younger sister. Su Yanfei was wearing a green robe, while su 'er was wearing a blue veil.

She was indeed beautiful. Her skin was fair and she had a graceful figure. Her face was exquisite and her facial features were well-defined.

She was born into a rich family.

All sorts of etiquette were also extremely appropriate.

If it was a full score of one hundred.

He could give it 90 points.

The twins were a plus point.

At night.

Jiang Li converted all the herbs, spiritual herbs, and crystals that Bai yingwang and the others sent into energy points. After converting all the resources from the 17 counties, he gained 718263000 energy points in total.

On average.

He had gained about 40 million energy points from each county.

Compared to the ten billion energy points he had obtained in the capital of da Qian, the total energy points he had obtained from the 17 counties were much less.

Of course.

This was normal.

After all, the Treasury of the imperial capital was the accumulation of the Imperial court of da Qian for hundreds of years. Most of the wealth of the Imperial court was concentrated in the imperial capital.

At night.

After Jiang Li converted the resources, he went back to his bedroom.

He pushed open the palace door.

Two beautiful women entered his sight.

Su Yanzhi and su Xiao had changed into long dresses and were sitting quietly on the bed. They immediately stood up when they saw Jiang Li.

“Your Majesty!”

They bowed at the same time.

“Yes.”

they’re beautiful. Jiang Li looked at them. They were pretty and their faces were soft under the moonlight. They looked tense because of their nervousness.

“It’s late, let’s sleep.”

Jiang Li walked over with a smile and held their slim waists.

“Yes.”

Su yanyue and su ‘er nodded slightly, their faces blushing. They had already anticipated what was going to happen next, so their movements were a little stiff, and their delicate bodies were tense.

It was unknown when.

Their belts had fallen to the ground and their clothes had been taken off by Jiang Li. Their white shoulders were exposed in Jiang Li’s sight.

A Dragon playing with two phoenixes

A winding and delicate panting sound came from the bedroom.

A beautiful night.

On the other side.

Great Wei Palace.

In the closed-door cultivation room.

Buzzzzzz!

Wei Zheng sat cross-legged.

He activated his cultivation technique.

Blue light enveloped his body.

“roar!”

The true dragon of National aura appeared and coiled around Wei Zheng’s body. A white jade bottle was placed in front of him. The cork had already been opened, and there was a sparkling Jade-like elixir with Dragon-shaped elixir patterns.

The pill seemed to have a spirit.

...

“Dragon breakthrough pill.”

Wei Zheng adjusted his condition. He had already set up a cultivation array in the closed-door cultivation room, which was all made of middle-grade spiritual crystals.

The Dragon breakthrough pill!

A fifth-grade pill!

It was the precious medicine that Wei Zheng had exchanged for hundreds of years of the great Wei Dynasty’s National fate. It could help Wei Zheng take the last step, breaking through from the perfected fourth level to the early fifth level.

“hu ~~ hu ~ hu ~”

Wei Zheng took a deep breath and said in a deep voice, “If it wasn’t for this ‘broken Dragon pill’, why would I be willing to nurture the ‘bright Dragon Dagger’ for three hundred years?”

it’s been 300 years, and the Wei Dynasty’s power has not improved at all.

however, with this ‘Dragon breakthrough pill’, as long as they successfully break through to the early stage of the fifth level, the great Wei Dynasty will have the

true foundation to become an imperial dynasty. That will be the time for the great Wei to rise.

Obviously.

Wei Zheng had been planning this for a long time.

...

It started three hundred years ago.

He had been waiting for this day to come.

For this day, he had kept a low profile for 300 years. In order to break through to the early stage of level five, he had collected a large number of precious resources, traded with many dynasties, and opened up trade routes. All of this was for this step.

As long as he succeeded.

wei zheng would definitely send out an army to battle the surrounding dynasties and plunder the fate of the dynasties, promoting the great wei dynasty to the great wei empire.

Of course.

If the breakthrough failed ...

Then, all the plans would be over.

“No!”

Wei Zheng's eyes were firm. I will definitely succeed in breaking through!

The night passed.

the next day arrived.

Within the sleeping quarters of the Grand Xia Palace.

Jiang Li woke up.

Su yanyue and su 'er were still sound asleep beside him. Their eyes were closed, and their eyelashes were trembling slightly. The blanket was covering half of their fair bodies.

There was a refreshing scent of a young girl's body.

Soon after.

Jiang Li got up, put on his clothes, and left the bedroom.

In the palace.

As soon as Jiang Li left, su yanyue and su Yue woke up. The two sisters looked at each other and blushed. They couldn't help but recall what happened last night and blushed even more.

“Sis, I can't get up.”

Su Xiao said in a small voice, “it hurts down there.”

“I'm Yingluo too.”

su yanxun replied.

“.....”

After that.

The bedchamber fell silent again.

Squeak!

It wasn't until several Palace maids pushed open the door of the hall and came in with two sets of clothes and toiletries that there was movement in the quiet sleeping Palace.

Outside the door.

Du Xiaohua looked at su Yanfei and su Jue. Her expression changed a little when she saw the blood on the bed, but she quickly calmed down.

“Take good care of the two miss su.”

Du Xiaohua ordered.

“yes.”

The palace maids replied.

Jiang Li didn't know what happened in the bedroom. He was outside the city now. The Expeditionary Army returned to the imperial capital this morning.

They were waiting outside the city.

He did not return to the Army base.

At the same time.

He had also brought back a large number of barbarians.

They all got out of the car and gathered in the open space outside the city.

In the surroundings.

Hong Tianqi led the human soldiers and surrounded all the barbarians.

“your majesty!”

Hong Tianqi and the others shouted.

“yes.”

” i see. ” jiang li nodded and looked at the barbarians in front of him. among them were the human slaves and demon slaves that the black snake barbarian kingdom had planted an ‘ordinary contract spell’.

Immediately.

let’s go. Jiang Li waved his hand and activated the Xia Dynasty Azure Dragon technique. The power of the nation’s fate surged. A 1300-meter-long Azure Dragon appeared and hovered in the air.

The dragon’s head was as huge as a mountain.

The Dragon stared at the Barbarian.

“Divide!”

Shua! Shua! “Whoosh!”

basic slave contract. Jiang Li controlled the power of the nation's fate and the 'basic slave contract' appeared. He injected the power of the nation's fate into it and it split into 'ordinary slave contract's.

The 'ordinary contract charm' was integrated into the bodies of all the barbarians, and the slave charm was planted. The Green Dragon Mark appeared between their eyebrows.

As a result ...

These barbarians would become barbarian slaves and couldn't disobey Jiang Li's orders.

at the same time.

jiang li took control of the 'basic slave contract' of the black snake barbarian kingdom and removed the 'normal contract spell' in the bodies of the 300000 slaves.

"Thank you, Your Majesty Emperor Xia!"

" thank you, your majesty emperor xia! "

"....."

The 300,000 human warriors knelt down and shouted in unison. They were extremely excited and their faces were filled with smiles. To them, it was a heavenly blessing to be able to get rid of the human slaves and return to their normal status.

As a result ...

Jiang Li now had two million barbarian slaves, seven hundred thousand demon slaves, two hundred thousand barbarian slaves, and three hundred thousand half-demon slaves. These slaves were worth a lot and could be a good source of labor.

Opening up the medicine fields required their efforts.

Jiang Li had one ‘intermediate slave contract’ and two ‘beginner-level slave contracts’, which could be used to create 12 million’ normal contract charms’, which could turn 12 million slaves into slaves.

There were still 8.8 million spots left.

In reality.

following the black snake barbarian kingdom’s destruction, the original barbarian race of the black snake barbarian kingdom had already started to flee in all directions. large groups of them had escaped from the black snake barbarian kingdom and became ‘refugees’.

it could be said that ...

The entire black snake barbarian kingdom was in chaos.

“Xu Ya, han Liqi,”

I’ll leave these slaves to you, ” Jiang Li said. tell them to start the cultivation of the herb fields and the planting of herbs as soon as possible.

“Yes.”

“Yes, sir.”

Xu Ya and Hong Tianqi replied.

Soon after.

the expeditionary army started to unload their supplies. large amounts of pills, equipment, weapons, and various other materials were all transported to the great xia treasury.

The important materials such as medicinal herbs, spirit herbs, and spirit crystals were all transported to the Army base.

In the afternoon.

Only then did they finish transporting all the supplies.

“Chief sovereign.”

After half a day of hard work, when Jiang Li was about to convert the herbs and other materials, QX01 came and reported to Jiang Li, ” “The reconnaissance team has urgent news to report.”

“Reconnaissance team.”

” what happened? ” jiang li took back his right hand. ” what happened at the lake? ”

Link communication.

wuwuwuwuwu!

the projection screen appeared.

Mang Huang Lake.

High up in the sky.

Two young men on flying swords appeared.

One of them had his face covered, while the other had sharp eyebrows. They stood a thousand meters above the lake, looking down at it.

“On a flying sword.”

Jiang Li looked at the projection. A sword immortal? What was his background? could these two be the emissaries of the ‘division of power in holy peace state’ that fang ling mentioned?”

” there’s something wrong with the mang huang lake. is there a problem? ”

The young man with sword-like eyebrows sized up the lake, ” the number of pseudo-demons has decreased by a lot. There are less than a million left. Furthermore, the ‘demonic King’ has not been fully formed.

“This is different from what was calculated. The ‘demonic King’ should have been fully born by now, and it’s time to harvest the ‘fruit’.”

“the sword splits the four seas!”

Clang!

as soon as he finished speaking.

The young man with sword-like eyebrows suddenly pointed out his sword fingers with his right hand. The flying sword under his feet immediately rushed out and turned into an extremely bright green sword light, directly slashing at the wild lake below.

Hualalalalalalalalala

it could be seen.

The entire Lake was split in half from the middle by the sword-browed young man’s sword. Such an earth-shattering power was really shocking.

“One sword to split the lake!”

Jiang Li was shocked too. How strong does it take? Even those at the great circle of the fourth step wouldn't be able to do it. I'm afraid that these two people's cultivation has already reached the fifth step!”

“Roar!”

A large number of demons were alarmed and rushed out of the lake. However, they were killed by the remaining power of the sword light. There were many casualties, at least tens of thousands of fake demons.

#### Chapter 316 Breaking the seal

The water in the lake seemed to have been boiled. It rolled around and set off huge waves that rose hundreds of meters high. Millions of demons covered the sky like dark clouds.

Immediately after.

In the center of the wild lake.

A huge Whirlpool appeared. Then, like a waterspout, a huge water tornado soared into the sky, and a deep roar sounded from the lake.

“I'll hold the fort for the pseudo-demon and monster army.”

“Feng Xiu, it's your turn,” the young man with sword-like eyebrows said.

“Yes.”

The masked young man nodded.

“Five elements sword array!”

Clang! Clang! Clang!

The young man with sword-like eyebrows performed some kind of martial art of sword principle. The flying sword split apart and five flying swords of five colors appeared.

“Rise!”

the flying sword broke through the air.

It formed a five-element sword array, covering the surroundings. Countless sword Qi wreaked havoc, killing demons one after another and protecting the surroundings.

The million-strong Army of monsters and demons could not charge in at all.

Obviously.

the young man with sword-shaped eyebrows had blocked a million demons by himself.

“Devil sealing mark!”

Shua! Shua! Shua!

The masked young man formed a seal with his hands. This was an extremely special seal. With a flash of light, a talisman appeared and interweaved together to form a mysterious and strange seal.

It was as if the two words ‘seal the devil’ had overlapped.

“Release!”

Whoosh!

the masked young man pointed his finger out and the ‘demon-sealing spell’ in his hand broke through the air and fell straight into the center of the lake.

“Whoosh!!!”

In that instant.

Heaven and earth seemed to turn dark.

“roar!”

An earth-shattering roar came from the depths of the lake, shaking the surroundings. The vast spiritual Qi of heaven and earth seemed to be boiling, setting off an endless storm.

Hualalalalalalalalala

the lake water soared to the sky, and water pillars exploded.

“The demonic Devil King has awakened!”

“Why would I?”

“Who are they? It actually caused the demonic Devil King to wake up!”

“This Suan ni, this Suan ni”

When the demonic Devils saw this scene, they were dumbfounded. They couldn't understand what was going on.

a huge formation diagram appeared in the sky above the wild lake. the formation patterns were filled with blood-black color, and it was extremely dazzling.

Kachaa! Kachaa!

the next moment.

The formation diagram crumbled and finally completely shattered, turning into light spots that filled the sky and dissipating.

BOOM!

An explosion sounded.

The lake water splashed everywhere.

After that.

in the air.

It was a huge figure that was nine meters tall. It looked like a human, with dark skin and dragon scales. It had a burly body and well-built muscles that looked like they were made of molten iron. It was full of explosive power. When it opened its eyes, its pupils were as red as blood rubies.

At the center of his eyebrows.

It was a single horn that looked like a rhinoceros horn, with spiral patterns.

"I'm finally out."

the demonic devil king roared madly.

“Rumble!”

The demonic aura shot up into the sky, and the sky changed color. The terrifying power swept in all directions, lowering the water level of the wild lake by an entire level. It was simply powerful to an extreme degree.

“.....”

...

Jiang Li saw everything through the drone. He was relieved and said, ” “It’s a good thing we didn’t revive this demonic Devil King.”

Obviously.

this demon king had already reached the fifth step.

“Kill!”

The next moment.

The demonic Devil King raised his head. His eyes were like lightning as a red beam of light shot out from his eyes, charging straight at the two young men.

“Thump!”

There were no fancy moves.

Only fists!

The demonic Devil King punched out with terrifying power, causing the air to collapse and the space to tremble slightly. The fist print hit the young man's five elements sword array.

Kachaa! Kachaa!

...

The punch hit the young man's five elements sword array, causing a violent shock. The sound of the explosion resounded in all directions, and waves of shock waves spread out.

the five elements sword array had a crack.

“.....”

The young man's pupils contracted and he said in shock, “such overbearing power. As expected of a demon formed from the combination of the ‘T-Rex bloodline’ and ‘strength demon’. Even if it's not fully cultivated, it still possesses such terrifying power.

the five elements sword array can't block it!

thump! Thump! Thump!

Bang!

the demonic devil king threw hundreds of punches in an instant, forming fist shadows that filled the sky. the five elements sword array was directly shattered by his fists.

Pfft!

Blood seeped out of the corner of the young man's mouth as he took a few steps back.

“Feng Xiu!”

The young man with sword-like eyebrows shouted.

“Understood. Bright Dragon Dagger, take it.”

“Whoosh!!!”

With a wave of his right hand, the masked young man formed a seal, and the runes fused into the green jade pendant. The jade pendant enlarged and soared into the sky, hanging upside down in the air.

In that instant.

From the opening of the calabash, a green formation diagram appeared, casting a green beam of light that enveloped the burly Demon King.

Kachaa! crack! crack!

The next moment.

Green chains spread out from the formation. The chains were like pythons and Dragons, binding the demonic King and wrapping around his body.

“Ah!”

Bang Bang Bang Bang!

The demonic King struggled with all its might, and an endless blood-black mist spread out. The chains emitted an ear-piercing grinding sound, as if they were about to be broken.

“What a strong Qianqian.”

The masked young man's forehead was covered in cold sweat.

“Slash!”

Clang!

The sword fell.

The young man with sword-shaped eyebrows waved his sword. The five-colored sword light crossed the sky and cut the body of the Demon King, making a sound of iron colliding.

It was the last straw that broke the camel's back.

“Collect!”

“Whoosh!!!”

the bright dragon flag shook and let out a faint dragon roar. the nine green dragons on the gourd seemed to come to life, showing nine green dragon phantoms.

“Roar!”

The Demon King roared. His body turned into a stream of light and was sucked into the bright dragon flag.

The next moment.

all the strange phenomena disappeared.

The bright Dragon gourd flew back to the masked young man's hand. The gourd kept shaking, and finally, it gradually calmed down.

“the mission is complete.”

The young man heaved a sigh of relief.

“Yes.”

The masked young man nodded. He pondered for a while and said, ” “That’s true, but the ‘demonic King’ is clearly not fully nurtured yet. I’m afraid it’ll be hard to explain.”

“I have no choice.”

The young man with sword-like eyebrows shrugged and said, ” “Moreover, if this ‘demonic King’ is fully nurtured, the two of us might not be able to subdue it. Let’s go, we’ll talk when we return.”

“that’s good.”

The masked young man nodded.

Shua! Shua!

immediately.

The two of them stepped on their flying swords again, and their figures turned into two extremely bright sword lights, disappearing into the sky. In the blink of an eye, they had already disappeared.

it was extremely fast.

It was far better than Jiang Li’s transportation mech soldiers.

“he’s leaving just like that?”

Jiang Li looked at the screen.

speaking of this.

jiang li was worried that the arrival of the ‘court emissary of the saint peace state’ would affect the great xia dynasty. after all, the great qian dynasty had been guarding the wild lake for hundreds of years.

Even if there was no credit, there was hard work.

however ...

after the two emissaries arrived, they only captured the ‘demon king’ in the wild lake and left without caring about anything else.

It was as if he didn’t care at all.

From the beginning to the end.

They only had one goal.

Take away the ‘Demon King’.

“If that’s the case, the ‘Demon King’ in the wild lake was actually set up by the martial immortal court of the human race-the division of the Holy peace state.”

it’s for the Demon King. Jiang Li guessed, ” and it’s been hundreds of years. The Qian dynasty said it’s guarding the Mang Huang Lake, but it’s just a show.

” moreover, because of the demonic king’s cultivation, the demonic aura leaked out, turning many creatures in the lake into ‘fake demonic demons’. many demonic insurrection broke out, and many people died. ”

“There might be some secret hidden in the wild lake.”

Thinking of this ...

Jiang Li was immediately interested.

Furthermore ...

There were still millions of troops of demons left in the lake. If they could eliminate all these demons, not only would they be able to completely solve the hidden danger of the demons in the lake, but they would also be able to obtain a batch of soul Tinders.

Hence.

” let’s go. ” jiang li formed another ‘demon-killing army’ led by zh01, zh02, and zh03. he also sent two perfected-stage level-four meches, TS01 and myl01.

“Rumble!”

The transport mech pilots set off again. Planes flew into the sky at full speed, heading for the wild lake as fast as they could.

in the army base.

“Convert!”

“whoosh!!!!”

Jiang Li reached out his right hand and started the energy point conversion function. He converted all the herbs, herbs, and crystals that the Expeditionary Army got from the black snake barbarian kingdom.

” conversion successful. 300 million energy points obtained! ”

.....

conversion successful. Obtained 400 million energy points!

.....

A notification appeared.

finally.

All the resources in the base had been converted. Jiang Li gained 11.973607000 energy points in total.

He had once again harvested ten billion energy points!

as a result ...

Jiang Li's energy points became rich again.

"Very good," he said.

Jiang Li was very satisfied. With tens of billions of energy points, Jiang Li would have the confidence to continue fighting other dynasties.

It was almost evening.

The 'demon exterminating Legion' had arrived at the wild lake.

At this moment.

The million-strong Army of demons and monsters in the wild lake fell into a panic because the Demon King had been captured. They were mainly divided into two

factions. One of them wanted to stay in the wild lake, while the other wanted to escape.

the two factions argued endlessly.

The large military transport aircraft flew at a low altitude. The cabin opened, and meches jumped out of the cabin and landed on the ground.

Then, they formed an Army of meches and headed to the wild lake at full speed.

The mechanical wing air Force and transport mechanical air Force led by TS01 arrived at the wild lake first and appeared in the sky above the lake.

“attack!”

The battlefield commander immediately gave the order to attack.

Da da da da

First of all ...

The heavy machine guns of tens of thousands of large military transport planes fired in the air, forming a rain of bullets that poured down on the wild lake like a rainstorm.

Immediately after.

The storm of the mechanical wings swept out like a tornado, sweeping up the lake water.

energy Angel!

Buzzzzzz!

No. TS01 released his skill and slashed out a bright sword light, splitting most of the lake water. Although it was not as powerful as the sword-browed youth's one sword to split the lake, it was still quite powerful.

## Chapter 317

“quickly run!”

“Hide in the wild lake! Quickly hide!”

“They’re here again, again.”

I’ve told you that you should have left the wild lake immediately. Even the Demon King has been captured, but you guys insisted on staying.

“Don’t say anymore, quickly think of a way.”

BOOM! boom! BOOM!

The artilleries were lined up on the shore, forming an artillery position. They bombarded the lake, and the main battle tanks continued to bombard it.

The mechanical Rangers carried the rocket launchers and fired.

The laser weapon meches fired lasers, and the ultrasonic meches ‘ultrasonic pulses produced extremely lethal power. The’ demon-killing Army ‘launched a general attack on the demon Army at the wild lake.

In the wild lake.

The cannonballs exploded, the waves rose to the sky, and the lasers pierced through the lake.

“Ah!”

The demons ‘screams of pain rang out continuously.

“Kill!”

“Whoosh!!!”

The energy mech rushed into the lake and turned into an energy body to kill the demons. Ts01 was in the air and slashed again and again.

“Rumble!”

This time.

It was useless for the monsters to hide in the lake. Although Jiang Li didn’t have a robot army and couldn’t fight in the water, the demon-killing Legion was on the shore and kept bombarding the lake with shells.

Time passed.

The bombardment lasted for nearly an hour.

Only then did the ‘demon killing Legion’ stop firing, and the lake finally calmed down. The smell of smoke filled the air, and corpses of demons and creatures floated on the lake.

The smell of blood was strong.

Obviously.

After an hour of bombardment, most of the demons in the lake had been eliminated. Even if some of them went into hiding, they couldn’t cause any trouble.

More than a million demons were killed by the ‘demon-killing troop’, so Jiang Li naturally got a lot of soul Tinders.

” TS01, myl01, take an information mech with you and go deep into the lake. ”

there’s a secret in the lake, ” Jiang Li said. I suspect there’s a secret in the lake.

“Yes.”

Ts01 and MYL01 responded.

Plop!

After that.

The two of them jumped into the wild lake at the same time. Ts. 01 was an Air Force type. Entering the water had a great impact on him, and his combat effectiveness was reduced by at least half.

Of course.

After all, TS01 was at the perfected stage of Tier 4. Even if it was weakened by half, its combat power was still not low.

myl01 was a special type of soldier, so entering the water didn’t have much of an effect on him, especially after he used the void-ification technique.

Time passed.

The TS01 and MYL01 kept moving forward and went deep into the lake. Along the way, they found a few Tier 3 magical beasts and killed them easily.

Jiang Li got a few level-three Demon Soul Tinders.

Not long after.

When TS01 and MYL01 arrived at the center of the lake, they saw a five-story blood-Black Altar.

There were lines of patterns on the altar. It was very strange and had a terrifying aura. The patterns seemed to be drawn with blood, the color of which was formed after blood dried up.

Around the altar.

They were protected by three perfected-stage Tier 3 demons.

“Kill!”

The three perfected-stage Tier 3 demons looked at each other. Without any hesitation, they immediately charged towards MYL01 and TS01. Demonic energy surged out, forming a powerful shockwave.

Bang!

MYL01 struck out with his palm. Demonic spirit energy condensed and transformed into a huge energy palm print. With just one palm, the three complete-stage Tier 3 demons were killed.

It was an instant kill.

One had to know.

MYL01 was at the perfected stage of Tier 4, while these three demons were only at the perfected stage of Tier 3. The difference between them was an entire stage, so naturally, they were killed in seconds.

Without the obstruction of the demons, MYL01 and TS S01 walked up to the altar. In the center of the altar, there were five stone pillars. The stone pillars had lines of patterns, and black chains were wrapped around them.

However ...

...

Now, the chain was broken.

“This altar.”

it’s probably the place where the Demon King is sealed, ” Jiang Li thought.

“myl01, TS01, search the altar’s surroundings carefully.”

” go! ” jiang li ordered.

“Yes.”

” yes, sir. ” myl01 and TS01 responded. following jiang li’s order, they spread out and searched around the altar carefully.

The Intel mech was also helping.

“chief sovereign, we’ve discovered a situation.”

A few minutes later.

HM? ” MYL01 must have found something and reported it to Jiang Li immediately. The camera turned and pointed at MYL01, who was standing to the East of the altar.

...

“What is it?”

Jiang Li asked.

myl01 was holding a blood-black diamond-shaped crystal in his hand. there seemed to be a mist of light flowing inside the crystal, constantly changing.

“.....”

let’s bring him back first. Jiang Li observed carefully but couldn’t find anything unusual.

“Yes.”

MYL01 nodded.

after searching the altar for a while, jiang li couldn’t find anything else, so he asked myl01 to destroy the entire altar.

It turned into ruins.

Nothing out of the ordinary happened.

Soon after.

MYL01 and TS S01 came out of the wild lake and went ashore. The demon-killing Army also started their return journey. The transport mech pilots carried the demon-killing Army back to the imperial capital of the great Xia.

It was already night time.

The sky darkened.

Shua!

soul tinder.

He clicked open.

Among them.

there were 14700 level-one soul tinders, 1300 level-two soul tinders, 20 level-three soul tinders, 10 level-three demon soul tinders, and seven level-four soul tinders.

“Fuse.”

fuse. Jiang Li started the soul Tinder fusion.

He performed a one-button Fusion.

He fused the level-one soul Tinder 1470 times and obtained 500 level-two soul Tinders. Then, he fused another 1800 level-two soul Tinders and obtained 30 level-three soul Tinders.

fifty tier-three soul tinders could be fused five times.

Ten level-three Demon Soul Tinders could be used to create the psionic demon meches.

buzzzzzz!

finally.

Jiang Li got a pure golden level-four soul Tinder.

“Eight pills.”

I’m getting closer and closer to the target, Jiang Li thought.

It was a quiet night.

the next morning.

at dawn.

The demon-killing Legion had already returned to the Army base.

the room in the ruler’s hub.

“Chief sovereign.”

Jiang Li. MYL01 came forward and saluted Jiang Li.

“Yes.”

yes. Jiang Li nodded. where’s the thing? ”

“please take a look, chief sovereign.”

MYL01 took out the ‘Black diamond-shaped crystal’ he found on the altar and gave it to Jiang Li respectfully.

“What is this?”

Jiang Li took the ‘Black diamond-shaped crystal’ in his hand and observed it carefully, but he could only see light mist inside.

Other than that.

He didn't find anything.

Shua!

suddenly.

just when jiang li was at his wit's end.

A notification popped up in front of his eyes.

[ soul Tinder fragment of a rank-five demon discovered. Do you wish to capture it?  
]

“This is a fragment!”

soul Tinder fragment? ” Jiang Li was stunned. He looked at the notification carefully and was surprised. and it's a fragment of a level-five demon's soul Tinder? ” It was an unexpected surprise! What a pleasant surprise!”

“Capture! Capture it immediately!”

Jiang Li said immediately.

Buzzzzzz!

the next moment.

The ‘blood-Black diamond-shaped crystal’ in Jiang Li's hand gave out a dazzling light. It turned into a faint blood-black light spot and merged into Jiang Li's forehead.

[ acquired a soul Tinder fragment of a rank-five demon (1/9) ]

A notification appeared.

Shua!

jiang li immediately opened the dominator panel and clicked on the mechanical special army.

[ sub-surface: special type of machinery ]

troop types: battlefield commander (unlocked)(9/5900 can be manufactured), psionic demon mech (unlocked)(1/11 can be manufactured), mechanical demon spirit (unlocked)(1/1 can be manufactured), giant demon soldier (locked 1/9) ”

“giant demonic soldier.”

” soul tinder, ” jiang li murmured, ” but there’s only one level-five demon soul tinder fragment in front of me. i still need eight more fragments to unlock and create the giant soldier. ”

moreover, this soul fragment of a rank five demon is an unexpected gain. I don’t have any other ways to obtain other Soul Fragments.

Obviously.

It would be very difficult to unlock the ‘giant demonic soldier’.

“MYL01.”

soul? ” Jiang Li asked, ” I remember that your Demon Soul body and heart can evolve by devouring ‘souls’.

“Yes, I am.”

MYL01 nodded.

“how much more?”

jiang li asked.

“Reporting to you, chief sovereign. I’ve reached eighty percent of the required level.”

MYL01 replied.

“80%!”

Jiang Li was overjoyed. that means I’m only 20% away from level five? ”

“Yes.”

MYL01 nodded again.

Obviously.

With MYL01’s talent and skills, as long as he was on the battlefield and a living creature had fallen, he could actively absorb and devour the soul of the dead creature.

MYL01 had experienced many wars.

at least a few million people had died in the wars.

Among the millions of living beings.

other than those that dropped the soul tinder and were thus unable to devour their souls, the souls of those that did not drop the soul tinder were all devoured by myl01.

Very few make a lot.

MYL01's evolution progress bar was almost full. It had reached 80% and was 20% away from completing the evolution.

At that time.

he could advance from the perfected tier 4 to the initial-stage tier 5.

His strength would have a qualitative leap.

“Very good!”

Jiang Li was very satisfied.

Although they lost hundreds of thousands of meches in the battle with the black snake barbarian kingdom and the Army of monsters and demons, Jiang Li still had more than eight million soldiers. He didn't need to increase his forces for the time being.

so,

Jiang Li didn't replenish his losses this time.

He once again formed the 'Expeditionary Army', led by zh01, zh02, and zh03. The TS, TS, ml01, and ynjs01 would all participate in the battle.

“Our target this time is the Cang lang nation.”

you only have two goals, ” Jiang Li shouted. you want to take down the ‘Cang lang Kingdom’, and at the same time, help MYL01 evolve.

“Yes!”

The battlefield commanders responded in unison.

“Let’s go!”

“Rumble!”

The mech Army of the ‘Expeditionary Army’ all boarded the large military transport aircraft. Ten thousand transport aircraft took off from the Army base and flew into the sky in the blink of an eye, forming a huge fleet of mechs. They left the capital of the great Xia Dynasty and headed straight for the ‘Cang lang Kingdom’.

Chapter 318 the meeting

Cang lang Kingdom.

Its geographical location was to the East of the black snake barbarian kingdom. Its territory wasn’t very large, about two-thirds the size of the black snake barbarian kingdom. It was ranked 92nd in the ‘young dragon ranking-holy peace state’.

It could be said that ...

His ranking was rather low.

In terms of National Strength, they were naturally not as strong as the black snake barbarian kingdom.

Furthermore ...

The demon Army led by Cang Wu was annihilated by the black snake barbarian kingdom. They were all killed by Jiang Li's mech Army, causing the Cang lang Kingdom to suffer a great loss.

in reality.

Jiang Li originally planned to send troops to the red eyebrow Empire, but considering the relationship between the panicky demon dynasty and the red eyebrow Empire, he changed his target.

Pick the soft persimmons and pinch them.

If they sent troops to the red eyebrows demon Kingdom, the panicky demon dynasty would definitely send an Army to support them. With the panicky demon dynasty's military strength, they would definitely suffer heavy losses if they started a war.

At that time.

Even if they took down the red eyebrows Yao Kingdom, they would still suffer some losses.

This way ...

It was better to occupy the weaker countries first, plunder more resources, and convert them into more energy points. Then, they would increase the number of meches and send troops to the stronger countries.

On the other hand.

After Bai yingwang and the other 17 County Kings returned to their County cities, they started to implement the 'medicine Pavilion policy' according to Jiang Li's instructions.

Of course.

It wasn't easy to implement the policy. Many people were unwilling to fight back, but in order to fulfill Jiang Li's order, White Eagle used his military force to suppress them.

This was why the policy was carried out.

However, the progress was rather slow.

Great Xia County, King Jin County, magic cauldron County, and many other County cities were the first territories that Jiang Li had conquered. Plus, the fate of the great Xia Dynasty was getting stronger and stronger, so Jiang Li's prestige was quite high among these County cities.

This was especially true for the great Xia.

When the 'medicine Pavilion policy' had just been implemented, they had already begun to cultivate medicine fields and plant medicinal herbs. A large number of fertile fields had been transformed into medicine fields.

Many human villages had also started to plant herbs.

At the same time.

In order to make these herbs mature as soon as possible, Han Liqi and the others had formed a 'formation master team' and personally went to the various villages and cities to set up a 'ripening formation'.

The planted medicinal herbs had already begun to sprout and grow.

With the help of the 'ripening formation', the first batch of medicinal herbs in the Great Xia County, Jinwang County, Magic Cauldron County, and many other County cities would be ready to be harvested in a few months.

there were many of them.

Although there were no detailed statistics, Jiang Li believed that after the first batch of herbs was harvested, there would be a large number of energy points in his account. He was looking forward to it.

If the ‘medicine Pavilion policy’ worked, he could form a steady source of energy points. By then, the more territory Jiang Li ruled, the more energy points he would get.

It gradually formed a good cycle.

in the afternoon.

With the speed of transporting mech pilots, the ‘Expeditionary Force’ had already flown past the black snake barbarian kingdom and arrived at the border of the Cang lang Kingdom.

They entered the borders of the Cang lang Kingdom.

“attack!”

The border County of the Cang lang Kingdom.

In the city.

The Expeditionary Army had arrived.

After that.

Tens of thousands of large military transport planes hovered above the city and fired at the city below.

In an instant.

An endless rain of bullets enveloped the city below.

“ah!”

Pfft! Pfft! “Pfft!”

The bullets left holes in the city walls, and debris flew everywhere. The demon soldiers on the city walls were shot to death, and their bodies were riddled with holes.

the armor on his body could not block the bullets of the heavy machine gun at all.

“Enemy attack!”

“What is this?”

“Ah!”

Fear!

The demon soldiers looked at the ‘iron birds’ in the sky in fear. They had no strength to resist at all. Some level-two demons tried to jump into the sky but were killed by the heavy machine guns.

...

Clang!

Ts01 slashed out with its sword.

the sky-blue sword radiance split the city wall in half and created a huge ravine in the city. it killed the early-stage level-three demon prince with one strike.

Ten minutes later.

The border County of the Cang lang Kingdom had been taken over by the Expeditionary Army.

Soon after.

Meches jumped down from the cabin and moved all the resources into the warehouse of the large military transport plane.

myl01 stood in the air. from the start of the war to the end, his talent and skills had automatically absorbed the souls of the living creatures on the battlefield, and his progress was increasing.

But it was far from enough.

The search was complete.

The 'Expeditionary Army' set off once again. The marching route was a straight line, and their target was the Graywolf Kingdom's capital. They would take down all the counties along the way.

...

He had plundered a large amount of resources.

It could be said that ...

The demon soldiers in the county capital of the Cang lang Kingdom were completely unable to withstand the attack of the 'Expeditionary Army'. The Expeditionary Army 'had not even used its true combat power, only attacking with the mech wing and transport mech troops.

This had already formed a crushing suppression.

“Not bad.”

okay. Jiang Li nodded in satisfaction. with the speed of the ‘Expeditionary Army’, they’ll probably reach the capital of the gray wolf Kingdom in a day.

In reality.

That was what Jiang Li wanted.

otherwise ...

Jiang Li wouldn’t have sent out a large number of troops.

he wanted to take down the cang lang kingdom in the shortest time possible with an absolutely overwhelming army, plundering the country’s fate and resources to strengthen its foundation.

It would be best if he could upgrade MYL01 to the fifth step.

To tell the truth.

After Jiang Li witnessed the power of the ‘court emissaries of the Saint-an state’, he realized that a level-five combat power was too strong. He felt unsafe without a level-five soldier around him.

Of course.

It was also important to unlock the Tier 4 mechanical Army as soon as possible.

After all, he was just short of a tier-four soul Tinder.

He believed that after taking over the Cang lang Kingdom, he would definitely be able to gather nine fourth-tier soul Tinders.

Jiang Li had also collected ten billion energy points.

At this moment.

As for Jiang Li's Army, not only did he take down the black snake barbarian kingdom in just a few days, but he also attacked the Cang lang Kingdom.

The news had already spread to the surrounding dynasties.

the panicking demon dynasty.

“jiang li!”

I thought Jiang Li would send troops to the red eyebrows Empire after he conquered the black snake barbarian kingdom.

that's why we discussed a plan with Chi Mei and sent a large number of demon soldiers to ambush in the red eyebrows demon Kingdom. We're going to catch Jiang Li off guard.

I didn't expect Jiang Li to send troops to the Cang lang Kingdom.

“Truly, the plans of demons are inferior to the plans of the heavens.”

In the red eyebrows Yao Kingdom.

“.....”

” jiang li sent troops to the cang lang kingdom but didn't attack the chi mei empire. it should be a good thing, but why do i feel so uneasy? ” chi mei said.

what does Jiang Li want? ”

The Wei Dynasty.

In the National Guardian Pavilion.

there were a total of seven levels.

It was located in the center of the great Wei's imperial capital. It was located right next to the Imperial Palace. It was an extremely Magnificent Seven-story Pavilion. It was one of the symbolic buildings of the great Wei's imperial capital.

One had to know.

The National Guardian Pavilion held a high status in the Wei Dynasty, and it only listened to the King of Wei. Furthermore, every elder of the National Guardian Pavilion had a cultivation of level four and had the combat power of a National Guardian.

Furthermore ...

Most of the cabinet elders still held important positions in the Imperial court of great Wei.

For example, Wei Wuxian and Feng chenzi.

Wei Wuxian was the 'North suppressing general', while Feng chenzi was the' Minister 'of the Wei Kingdom.

so,

That was why it was called the 'National Guardian Pavilion'.

On the seventh level of the National Guardian Pavilion.

The Round Table Conference.

This included Wei Wuxian, Feng chenzi, and the other Pavilion elders. However, not all of them were present, as some of them were in important positions and could not leave.

“You’ve all seen the news, right?”

Feng chenzi looked around at the pavilion elders and said in a deep voice, recently, the Xia Dynasty has been making big moves. I can see that Emperor Xia Jiang Li is ambitious.

after taking down the black snake barbarian kingdom, not only was he not satisfied, but he also attacked the Cang lang Kingdom in such a short time. I’m afraid the Cang lang Kingdom can’t stop Jiang Li’s Army.

“It’s only a matter of time before the Cang lang Kingdom is conquered.”

“What do you think, Pavilion elders? You can tell me everything.”

“.....”

the meeting room was silent for a while.

Minister Wen, are you worried that the great Xia Dynasty will threaten our great Wei? ”

At this moment.

a delicate-looking pavilion elder spoke up. he smiled and said, ” “Minister Wen, I think you’re too sensitive. How can a mere great Xia Dynasty threaten our great Wei? The difference in power between the two countries is too great.”

” the cang lang dynasty is ranked ninety-second among the demon race dynasties. it doesn’t deserve too much attention. most importantly, his majesty, prince wei, has clearly ordered that he will isolate himself from the rest of the country and won’t interfere with the affairs of other countries. ”

Another fat-faced Pavilion elder said.

yes, I thought that we should pay more attention to it.

the one-eyed pavilion elder with the black eyepatch said in a deep voice, ” no matter what, the Holy peace Region has been peaceful for so many years. Although there are many wars between dynasties, very few of them have truly perished. It is relatively stable.

“And this time ...”

because of the appearance of the great Xia Dynasty, first, the great Qian dynasty was destroyed, then the black snake barbarian kingdom, and then the Cang lang Kingdom.

most importantly, these three dynasties were all destroyed by Emperor Xia, Jiang Li. All the benefits were taken away by him.

“I can’t help but be shocked.”

“this bi an ...”

“that makes some sense.”

“.....”

All the pavilion elders began to discuss.

Finally.

The discussion came to a decision.

Luo Wuding would be sent to the great Xia Dynasty to check out the situation between the great Xia Dynasty and Jiang Li.

“Alright,” he said.

The handsome Luo Wuding stood up and nodded. since it has been decided, then I will go there myself. It just so happens that I also want to see what kind of ability this Emperor Xia has.

“Falling and Wuding.”

be careful, ” Feng chenzi warned. Jiang Li has a few experts at the peak of level four with strange abilities. I suspect they’re from foreign races.

“don’t worry,”

Luo Wuding waved his hand and didn’t seem to mind.

Chapter 319 the spirit moon

At this moment.

Cang lang Kingdom.

The palace of the Graywolf Kingdom.

Inside the wolven Kingdom.

“Your Majesty, the Army of the great Xia Dynasty is unstoppable. They have already taken down several County cities. Our demon Army can’t make it in time. They are marching towards the capital!”

“i can’t stop him! It can’t be stopped at all!”

“Quickly think of a way.”

the great Xia Dynasty’s Army is too powerful. Also, according to the battle reports from the front lines, those troops can fly in the sky and shoot terrifying ‘iron bullets’. Their power is too terrifying. The armor and demons below stage two are completely like paper.

“What do we do? What should we do?”

“request for help! we must find a way to ask for help!”

“But shouldn’t we ask for help from the demon dynasty? Can we still make it?”

Fear!

Panic!

The ministers and generals of the Cang lang Kingdom were all trembling in fear, unable to see any hope.

“.....”

On the throne.

The Graywolf King’s face was dark as he looked down at the panicking officials. He clenched his fists in anger.

At the same time.

His heart was filled with sorrow.

Originally.

When the black snake barbarian kingdom was still around, the Cang lang Kingdom had been invaded many times, causing a lot of losses and plundering a lot of resources.

But at the very least, there was no danger of the country being destroyed.

But now ...

The black snake barbarian kingdom had been destroyed, and the great Xia Dynasty had appeared. It was simply terrifying. After occupying the black snake barbarian kingdom, they had actually sent troops to attack the Cang lang Kingdom.

isn't Emperor Xia Jiang Li afraid that the border countries around him will invade the great Xia Dynasty? ”

Cang lang thought.

In reality.

Jiang Li wasn't afraid.

One had to know.

Jiang Li had eight level-four soul Tinders, four million meches in the base, and ten billion energy points.

In other words ...

jiang li could send out a large number of troops at any time.

If the lion barbarian kingdom and the panic demon dynasty dared to invade the great Xia Dynasty again, Jiang Li would definitely give them a big gift.

they would not be able to return.

let's go. Jiang Li sent out ynjs01, MYL01, and TS01 on purpose so that Cang Huang and Shi Qingtian would think that there were no more Tier 4 experts in the great Xia Dynasty.

There was a high possibility that they would send troops to invade the great Xia Dynasty.

Jiang Li was trying to lure the lion barbarian kingdom and the panic demon dynasty to send more troops and then swallow all the troops.

At that time.

Jiang Li would definitely get a lot of soul Tinders and weaken the strength of the lion barbarian kingdom and the panic demon dynasty again. This would lay a good foundation for him to conquer the two kingdoms.

But unfortunately ...

Jiang Li overestimated the courage of Gu Huang and Shi Qingtian.

It was obvious that the lion barbarian Kingdom's Army had been completely annihilated when they had invaded the great Xia Dynasty, and the panicking demon dynasty had lost more than half of their forces. This caused them to hesitate and not dare to send troops to attack the great Xia Dynasty.

Jiang Li also sent Scouts to the spirit Luan County and Wushuang County, but they didn't see any troops from the lion barbarian kingdom and the panic demon dynasty.

It was quite regretful.

“he’s really too cowardly.”

Jiang Li shook his head and said with regret, ” “They don’t even dare to send troops to invade.”

“How long will it take for the Expeditionary Army to reach the capital of the Cang lang Kingdom?”

Jiang Li asked.

“Reporting to you, hegemon. I’m not sure yet,”

Zh01 replied, ” however, with the ‘Expeditionary Force’, the demon soldiers of the kingdom of Graywolf can’t form an effective blockade. I believe they will reach the capital of the kingdom of Graywolf very soon.

“Alright,” he said.

HM. Jiang Li nodded and asked, ” MYL01, how’s the progress? ”

“It’s only increased by 5%,”

...

MYL01 replied.

“Only five percent?”

jiang li frowned. ” it’s a little slow. i hope you can finish your evolution after we take down the cang lang kingdom and destroy all the demon soldiers. ”

“Yes.”

MYL01 said.

At this moment.

in the main hall of the Cang Lang Kingdom’s capital.

Shua! shua!

Two uninvited guests had appeared.

“Who is it?”

the ministers berated.

...

Buzzzzzz! Buzzzzzz!

His figure flickered.

a man and a woman appeared out of thin air. it was as if they had teleported, and they stood in the middle of the hall. they looked at Cang Lang, who was sitting on the throne.

“Who are you?”

Cang Lang was shocked. He had not even been able to see their movements clearly, which meant that they were stronger than him.

we are here on the orders of the Spirit Moon Demon Kingdom’s Emperor to support the Cang Lang Kingdom.

The long-faced man said.

“The spirit Moon Demon Kingdom.”

Cang lang was stunned. you were sent by the spirit moon Fey Kingdom? ”

the spirit moon demon kingdom and the cang lang kingdom were separated by the bright moon demon kingdom. the bright moon demon kingdom was ranked 93rd in the ‘young dragon ranking-holy peace state’, which was one rank lower than the cang lang kingdom.

In reality.

The bright moon Yao nation was a nation at the borders of the Cang lang nation.

It was to the South of the Cang lang Kingdom.

Not only that.

the bright moon yao kingdom was under the ‘protection’ of the spirit moon yao kingdom.

“Yes, I am.”

The long-faced man nodded.

Cang lang, with the strength of the Cang lang Kingdom, there is no way you can stop the great Xia Dynasty’s Army. As long as you agree to offer up half of the fate and resources of the Cang lang Kingdom, as well as ten percent of the fate and resources of the spirit Moon Demon Kingdom every ten years, I will ensure the safety of the Cang lang Kingdom.

The green-haired woman stated her conditions.

half of the country's fortune and resources.

Cang lang fell into deep thought.

"You guys are robbing."

An official couldn't help but shout.

"You're too noisy!"

The long-faced man waved his right hand, and a force shot out. With a 'puff', the Minister exploded into blood and flesh.

"You!"

Cang lang glared.

"....."

The surrounding ministers and generals were also extremely angry, but they didn't dare to do anything.

"Cang lang, you'd better think this through."

The long-faced man said without a care, "should we let the Cang lang Kingdom perish, or should we continue to exist under the protection of the spirit moon Fey Kingdom? you should know that there are many Fey dynasties that are 'protected' by the spirit moon Fey Kingdom.

"....."

All of the officials and generals turned to look at Cang lang.

“Alright!”

Cang lang gritted his teeth and finally gave in.

Rather than being destroyed by the great Xia Dynasty, Cang lang wanted to protect the Cang lang Kingdom. Even if they had to pay tribute to the spirit Moon Demon Kingdom every ten years, it would still be better than being destroyed.

“You’ve made a very wise decision.”

The long-faced man revealed a smile.

“How may I address the two of you?”

Cang lang asked.

“ma lin,”

the long-faced man replied.

“green spirit,”

The green-haired woman said.

“Emissaries, may I ask how we should repel the great Xia Dynasty’s Army?”

Cang lang asked again, ” according to the battle reports from the frontlines, the great Xia Dynasty’s Army has a special ‘iron bird’ that can fly in the air. They are also equipped with special war weapons that are extremely destructive.

“May I ask if the spirit Moon Demon Kingdom has sent any troops?”

“Hehe.”

Ma Lin laughed coldly. just based on the meager fate of the Cang lang Kingdom, is it worth it for Her Majesty Ling Yue to send out an Army? It's already good enough that the two of us came.”

“Don't worry.”

with the two of us here, ” green spirit said. the Cang lang Kingdom can't be destroyed.

“that's good!”

Cang lang nodded his head and gave his orders, ” send word to the entire country. Immediately ask the Commandery princes to send their troops to the capital. Gather the entire country's forces and we must defeat the great Xia Dynasty's Army.

“yes!”

The officials responded.

Time passed.

The next day arrived.

Finally ...

in the morning.

The Expeditionary Army arrived at the capital of the gray wolf Kingdom. Tens of thousands of large military transport planes flew high in the sky, then slowly lowered their altitude.

Shua! Shua! “Whoosh!”

Millions of meches jumped down from the sky and landed on the ground, forming a vast Army of meches.

“The great Xia Dynasty’s Army is here.”

“That’s really the iron bird! a huge iron bird that can fly in the sky!”

” some human soldiers have jumped out of the iron birds ‘bodies. ”

“Prepare for battle!”

“Hurry up!”

Within the capital.

The demon Army of the gray wolf Kingdom had gathered, and their numbers had reached four million. Although they were in a hurry, most of the gray wolf Kingdom’s forces had already gathered in the capital.

“This ‘machine-operated bird’ is quite interesting.”

Ma Lin sized up the large military transport aircraft in the air and muttered,”Although I’ve seen ‘machine beasts’ created using secret techniques, this is the first time I’ve seen an ‘iron bird’ like this. It’s clearly very different from those ‘machine beasts’.”

“Because I didn’t sense any energy from these ‘iron birds’, nor did I sense any energy fluctuations unique to secret mechanisms.”

“Since you’re so interested, why don’t you get a few and bring them back to the spirit Moon Demon Kingdom to take a look?”

Green spirit said.

“that’s what i was thinking.”

ma lin said.

boom! BOOM! BOOM!

The next moment.

The Expeditionary Army launched their attack. The sky was filled with artillery bombardment. Hundreds of thousands of cannonballs covered the sky, and the vast mechanical wing storm swept over like a vast tornado.

“attack! Attack!”

“Fire the arrows!”

“Whoosh!”

In that instant.

countless sharp arrows and giant crossbow bolts shot out from the graywolf kingdom’s capital city. they also blotted out the sky and collided with the cannonballs in the air.

It caused many cannonballs to explode in advance.

however ...

The sharp arrows and giant crossbow bolts had only blocked a small portion of the cannonballs, while the majority of the cannonballs continued to bombard the Graywolf Kingdom.

“Set up the formation!”

“Roar!”

The stage 3 army formation was formed.

It was the manifestation of a huge Wolf. Its incomparably huge body raised its head high and roared repeatedly. Its might was extremely powerful.

“Rumble!”

The first round of cannon fire from the Expeditionary Army was blocked.

Shua!

The next moment.

Ts01 was the first to charge over.

Buzzzzzz!

After that.

The huge, super-large caliber heavy machine gun appeared in his hands out of thin air. He held the ‘heavy machine gun’ with both hands and aimed it at the demon Army of the Graywolf Kingdom.

boom! BOOM! boom!

The sky-blue energy bomb exploded.

“It’s Tier 4!”

cang lang cried out in alarm and activated his technique. the true dragon of national aura appeared and was about to attack.

“I’ll do it.”

Shua!

however, ma lin rushed out first.

“The bloodline of the Qilin horse!”

buzzzzzz!

The materialization of the bloodline Dharma.

It was a Qilin horse, similar to a Qilin but more like a horse. Its entire body was red, and its four hooves were wrapped in red flames.

“Break!”

“Whoosh!”

ma lin waved his right hand as he held a crimson spear. his bloodline power condensed as he thrust the spear forward, emitting a dazzling spear radiance.

“Rumble!”

The energy bombs were all blocked.

“It’s quite powerful, but it’s still lacking by a little.”

Ma Lin’s expression was haughty as he looked at TS01 and shouted loudly, ” i am the guardian general of the spirit moon demon kingdom, ma lin. the cang lang

kingdom is now under the protection of the spirit moon demon kingdom. soldiers of the great xia dynasty, if you know what's good for you, retreat immediately and go back and tell emperor xia, jiang li, that you are not to step into the territory of the kang lang kingdom again. otherwise, you will bear the consequences! ”

“Void-form!”

Buzzzzzz!

Suddenly.

Beside Ma Lin.

MYL01 materialized out of thin air. He used the void-ification technique and turned into a ghostly form. He approached Ma Lin without being detected.

“Be careful!”

Green spirit shouted.

But it was too late.

Bang!

MYL01 raised his hand and sent out a palm strike. Vast demonic spirit energy gathered and formed a huge palm print that directly blasted Ma Lin's body.

“Ah!”

Pfft!

Ma Lin let out a blood-curdling screech as his body was sent flying. He crashed into the capital and crashed into the buildings before being buried by the ruins.

## Chapter 320

All of the living beings present couldn't help but look at the ruins of the capital city. Their bodies trembled violently, and their hearts were filled with shock.

Ma Lin, who had been full of vigor, spouting nonsense, and acting extremely arrogantly just a moment ago, was sent flying by a single palm just like that. His body was buried in the ruins.

Whether he was alive or dead was unknown.

“This bi an ...”

cang lang couldn't help but shiver, thinking that this was too unreliable.

” energy angel! ”

Buzzzzzz!

The ‘heavy machine cannon’ in his hand disappeared, and the mechanical wings on his back turned into sky-blue energy wings.

immediately after.

A sky-blue energy lightsaber appeared in his right hand.

the energy angelic sword.

“Slash!”

Clang!

The sword ray slashed down, bright and dazzling.

It slashed towards the grade 3 formation of the Cang lang dynasty.

“stop!”

Shua!

Green spirit rose into the air, and her bloodline appeared. Behind her, a single-horned green python appeared out of thin air, hovering in the air with a long green whip in its hand.

“Whoosh!”

bang!

the shadow of the whip was like a python, blocking the attack of the TS01.

“A bastard who only knows how to sneak attack!”

boom!

An explosion sounded.

Ma Lin rushed out of the ruins. His entire body was filled with blazing bloodline power. It was as if he was on fire. He wiped the blood from the corner of his mouth.

Shua!

He held his spear and charged towards MY01.

although ma lin was ambushed by myl01 and was injured, it was not a serious injury. moreover, he managed to avoid being hit in his vital parts at the critical moment.

“Demon spirit domain.”

Buzzzzzz! Buzzzzzz!

myl01 went all out and released his domain to suppress ma lin. his demonic spirit energy condensed and turned into palm prints as he fought fiercely with ma lin in the air.

Obviously.

Ma Lin and green spirit were both complete-stage level four demon clan experts. They were extremely powerful and stopped MYL01 and TS01. An intense battle broke out.

“Rumble!”

The rumbling sound reverberated through the entire sky.

All the time.

There was an extremely vast storm sweeping over.

“Grand completion of Tier 4!”

Cang Lang’s eyes were filled with shock, and his face turned pale. they’re all at the perfected stage of Tier 4. The great Xia Dynasty actually sent two at the perfected stage of Tier 4 to destroy the Cang lang Kingdom!

“This Suan ni, this Suan ni”

“Thump!”

However ...

Then, something even more despairing happened.

this was because ynjs01 had made a move.

“Zombie body!”

Ynjs01 transformed into a red-eyed zombie, and its arms turned into Long Knives of flesh and blood. Psionic energy condensed on the Long Knives of flesh and blood.

shua!

The psionic blade aura swept around.

Pfft! Pfft! Pfff!

Blood splattered everywhere.

Countless demon soldiers were killed or injured.

kill!!!

At the same time.

...

The mech Army had already entered the battlefield.

“BOOM!”

Ynjs01 charged into the Army of the Cang lang dynasty. A powerful force erupted as a huge psionic blade projection slashed down, crushing the formation of the Cang lang dynasty Army.

“Ah!”

Bang!

The Army formation exploded.

The demon soldiers shrieked in pain.

BOOM! BOOM! BOOM!

the elite soldiers at the perfected stage of stage three charged at the front. psionic sword rays, psionic spear rays, and psionic hammer shadows that were hundreds of meters long descended from the sky, directly crushing the walls of the blue wolf kingdom’s capital.

“Rumble!”

The thick city walls collapsed.

...

“Kill!”

Behind them.

It was a unit made up of level three meches. They were invincible. Laser beams and sound waves penetrated the battlefield.

The liquid metal meches and the exoskeleton armor meches were killing in all directions.

At the same time.

The energy meches revealed their energy battle forms and their bodies turned into energy. Energy bombs flew out and exploded around the battlefield, giving off a bright light.

“Ah!”

Screams!

tragic!

The demon Army of the Cang lang Kingdom had been completely massacred.

Da da da da

High up in the sky.

The heavy machine guns of the large military transport aircraft fired wildly, and countless bullets formed a rain of bullets, killing a large number of demon soldiers and turning them into sieves.

The mechanical wing's Air Force had killed the air Demon soldiers of the Cang lang Kingdom.

shua!

Ynjs01 and King Qian's undead joined forces and charged into the capital city. Not a single demon could stop them as they charged straight at Cang lang.

“a true dragon of national fate!”

roar!

Cang lang roared and exploded with his full power. bloodline ignition!

Wuwuwuwuwu!

The green flames from the burning of his bloodline covered Cang Lang's entire body. With the boost from the true dragon, his strength and cultivation level rose from the early stage of the fourth rank to the late stage.

Immediately after.

The bloodline of the wolf and the true dragon of the nation combined.

It turned into a green 'Dragonwolf'.

“Roar!”

The Dragon-Wolf howled and became one with the blue waves.

Cang lang roared as he charged toward ynjs01 and King Qian's undead.

boom!

King Qian's walking corpse gathered his black true energy and transformed into a three-clawed Black Dragon, shattering Cang Lang's attack. Ynjs01 then slashed out again.

Shua!

The blade light flashed.

“Pfft!”

“Ah!”

cang lang screamed as a bloody wound appeared on his chest.

It was so deep that the bones could be seen.

It was just a face-to-face encounter.

Cang lang was defeated.

the difference was too great.

“This bi an ...”

In the air.

Ma Lin and green spirit looked at each other and looked at the situation on the battlefield with horror on their faces, especially when they saw the group of stage three experts.

“Why would I?”

an Army made up of stage three experts! Ma Lin exclaimed. the great Xia Dynasty actually has such a terrifying Army!

” and it’s not just two at the perfected stage of tier 4, but four! ”

“There’s a mistake,” green spirit shouted.

“the cang lang kingdom is finished.”

Ma Lin took a deep breath. we can't hold on any longer.

“What do we do?”

Green spirit asked.

“Let's hurry up and retreat.”

it's a pity, but there's nothing we can do about it, ” Ma Lin said. the great Xia Dynasty's military strength far exceeds our expectations. They've actually sent four perfected stage four National guardians.

” if we continue to stay here, we'll be surrounded by the great xia dynasty's army and the four perfected-stage tier 4 experts once cang lang dies and the demon army of the cang lang kingdom is annihilated. ”

“When the time comes, I'm afraid I won't be able to leave.”

“Retreat!”

Green spirit nodded.

boom!

Immediately.

The two of them burst out with extremely powerful strength at the same time, forcing MYL01 and TS01 to retreat. Then, they turned around and ran, turning into a stream of light and fleeing into the distance.

” no need to chase. let's deal with the cang lang kingdom first. ”

Jiang Li said.

“Yes.”

MYL01 and TS01 nodded.

One had to know.

The demon race had the ability to burn their bloodline. The two demons from the spirit Moon Demon Kingdom were at the perfected stage of Tier 4. If they were forced into a corner, they could burn their bloodline and increase their strength greatly.

At that time.

Even if they stayed, most of the meches would be destroyed.

The loss outweighed the gain.

It would be better to destroy the Cang lang kingdom first.

as long as he waited for the stage 4 mechanical army to be unlocked, then he would have stage 4 mechanical soldiers, which would be much easier to deal with.

kill!!!

MYL01 and TS S01 charged into the battlefield below.

the ‘expeditionary force’ had entered the capital of the graywolf kingdom.

“Ah!”

Pfft!

In the end.

Cang lang was severely injured by ynjs01 and King Qian's undead. It fell to the ground with blood all over its body. Its strength had dissipated and it was on its last breath.

His eyes were filled with despair.

he had never thought that the grey wolf kingdom would suffer such a calamity.

“Zombie poison.”

Buzzzzzz!

Ynjs01 unleashed his skill. A dense poisonous mist gushed out from his palm and spread out, gradually covering Cang Lang's entire body.

“Ah!”

Immediately after.

An incomparably shrill and painful scream came out of the poisonous mist.

It was extremely ear-piercing.

Not long after.

The screams stopped.

the poisonous mist slowly disappeared and fused into ynjs01's body.

Cang lang lay on the ground.

his entire body had turned pitch-black, and he suddenly opened his eyes. his pupils had already turned into black gemstones, and he stood up from the ground shakily.

“roar!”

Cang lang howled.

The transformation was successful.

Harvest an early stage fourth rank walking corpse puppet.

“Kill!”

soon after.

The blue wave walking corpse was sent into the battlefield and started to massacre the demon Army.

The war had not ended yet.

However, Cang lang was dead, and the many level-three demons of the Cang lang Kingdom had also been exterminated. Only level-two demons, level-one demons, and unrated demon soldiers were left.

Even though there were many of them.

However, they wouldn't be able to do much.

It was only a matter of time before they were completely annihilated.

In the afternoon.

The capital of the blue Wolf Kingdom.

Corpses were everywhere.

The strong smell of blood could not be dispersed. Millions of meches stood on the battlefield, covered in sticky and dry blood.

They were like Asura soldiers who had walked out of a mountain of corpses and a sea of blood.

The murderous aura was shocking.

it was extremely terrifying.

In the surroundings.

They were all demon corpses. More than half of the Graywolf Kingdom's city walls had collapsed, and the ground was filled with huge pits that had been blasted out by artillery shells. The ground was charred black, and wisps of charred smoke were rising from it.

The demon Army of the Cang lang Kingdom had been annihilated.

In other words ...

The Cang lang Kingdom had been destroyed.

“Roar!”

In the air.

The true dragon of the country's fate appeared and let out a sorrowful roar. Its huge dragon body was constantly crumbling and shattering.

After that.

The continuously crumbling nation's fate transcended time and space, surging towards the imperial capital of the Grand Xia.

“Quickly run!”

“The true dragon has been defeated, the Cang lang Kingdom has been destroyed, and Suan ni has been destroyed.”

quickly escape!!!

run!!!

“.....”

In the capital.

Countless demon citizens were terrified and fled in all directions from the Graywolf Kingdom, causing the entire Kingdom to fall into chaos.

clean up the battlefield immediately. Search for the spoils of war and collect resources.

soon after.

The Expeditionary Army started to move. As for the demons who had escaped, they did not have time to care about them. Their top priority was to collect resources and spoils of war as soon as possible.

Of course.

If they bumped into each other.

they would either kill or capture the demons and bring them back to the great xia dynasty to be turned into demon slaves.

The great Xia Dynasty.

The capital.

“Roar!”

In the air above the Grand Xia Palace.

The Azure Dragon of the great Xia Dynasty appeared once again, hovering in the sky. Its body was 1300 meters long, as vast as a mountain, and its head was huge, lifelike, and majestic.

“The Azure Dragon art of the great Xia Dynasty,”

jiang li sat down cross-legged and used his techniques to control the fate of the country.

Wuwuwuwuwu!

After that.

The fate of the Cang lang Kingdom crossed time and space and rushed over. Under Jiang Li’s control, the Azure Dragon devoured the invisible fate of the kingdom to strengthen itself.

time passed.

the great xia azure dragon continued to grow, and its might grew stronger and stronger.

this is the great Xia Dynasty’s true dragon of National aura.

Outside the capital.

Luo Wuding from the great Wei Dynasty arrived at the great Xia Dynasty. He flew through the air and happened to see the Azure Dragon of the great Xia manifest and devour the fate of the Cang lang Kingdom.

“It’s devouring the fate of the nation!”

Luo Wuding was shocked and stopped. could it be that the great Xia Dynasty has taken down the Cang lang nation so quickly? ”
