

## Army 33

### [Chapter 33](#)

Bang!

“Chiefs, you’re certainly welcomed if you’re here to congratulate me,” Jiang Li said slowly with a hint of power. “However, if you’re here to make trouble, I’ll not show you mercy,” Jiang Li said and waved his right hand.

After that the fifty four meches behind him stepped forward at the same time and a fierce energy was released.

“These people...” Long Chongzhen’s eyes widened.

“How powerful.” Hua Tian took a deep breath and was astonished.

“They only have fifty people here, but I feel like I’m looking at a thousand ‘City Guards.’ Where did Jiang Li find so many men?”

Yu Shulan’s eyes glittered and she pondered.

Jiang Li had already frightened them. They dared not do anything again and could only put their plans aside for now.

Both parties confronted each other. The four strongest gangs in Yongan City were here. The atmosphere gradually became intense and the air also seemed to have become a bit pressured.

On the street people had already gone back into their home. Some of them opened their windows and looked outside secretly

“The four strongest gangs are all here. I think something earth-shattering is going to happen in Yongan City.”

“Will they fight?”

“Why haven’t the people from the government office and the City Lord Mansion arrived yet?”

“...”

People whispered.

“Haha, Chief Jiang, we’re here to congratulate you.” Long Chongzhen laughed and waved. “He Gulin, take out the gift. I wanna give it to Chief Jiang in person.”

“Yes.” He Gulin stood behind Long Chongzhen. He wasn’t tall and he only reached Long Chongzhen’s waist like a dwarf. He took out a jade box and gave it to Long Chongzhen.

“Chief Jiang.” Long Chongzhen opened the jade box. There was a crystal clear “Night Pearl” with a bit of fluorescent light on it. “This was a high-quality ‘Night Pearl’ I chose for you. It’s worth ten thousand taels of silver and it’s difficult to get.” He walked to Jiang Li as he said.

“Chief Jiang, please take it.” Long Chongzhen slowly approached Jiang Li.

“Thank you.” Jiang Li waved. “Wang Gang, go get it.”

“Yes.” Wang Gang nodded and went towards Long Chongzhen.

“Chief Jiang, what’s that supposed to mean?” Long Chongzhen frowned and stopped as he said angrily, “I’m the leader of a gang. I came here to congratulate you and to offer you a gift, but you asked your man to take it for you. This isn’t right. You should come and accept it yourself.”

“Then what?” Jiang Li smiled coldly and yelled, “Long Chongzhen, don’t embarrass yourself. I can ask someone to exterminate the White Dragon Gang right now.”

The thing was, Jiang Li was only at the peak stage of the elementary level, while Long Chongzhen was a perfected-stage level one. Long Chongzhen was probably trying to get closer to Jiang Li and attack him. Jiang Li would certainly not fall into such a trap.

“Jiang Li, you’ve gone too far,” Long Chongzhen shouted.

“So what?” Jiang Li didn’t want to argue with Long Chongzhen anymore. It was a waste of time. If he had enough meches here, he would have directly united all the gangs in Yongan City.

However, if Jiang Li really did so the City Lord Mansion and the government office wouldn’t like it.

If Jiang Li united all the gangs, the status of the City Lord Mansion and government office would be affected. By then, who should rule Yongan City? The City Lord Mansion and government office, or Jiang Li? Most importantly, the City Lord Mansion and the government office were under the Qian Dynasty. That was the real boss. There was no way Jiang Li could fight against them.

So if he truly wanted to unite all the gangs in Yongan City, he had to plan ahead.

“Hm!” Long Chongzhen had lost his face this time. If he stayed here longer, he would be more humiliated. So, he turned around and left. “Let’s go.”

“Chief, we...” Gu Tianqing said.

“Shut up,” Long Chongzhen shouted.

“Yes...” Gu Tianqing glanced at Jiang Li with a hint of hatred and was furious.

In fact, Gu Tianqing joined the White Dragon Gang because he wanted to take revenge for Heng Liusha. Heng Liusha saved him once in the past. However, things didn’t go smoothly. Long Chongzhen didn’t dare to go against Jiang Li and had completely lost his face.

Gu Tianqing could only suppress his hatred and think of another way to take revenge on Jiang Li.

Bang!

Suddenly, the perfected-stage Firearm Mech pulled out his pistol and aimed at Gu Tianqing. He pulled the trigger and the bullet shot out.

Poof! Blood splashed everywhere.

Gu Tianqing and everyone else hadn’t responded yet, as none of them had thought that Jiang Li would really kill someone. He had gone all out.

The bullet went through Gu Tianqing's head. Some red and white liquid spouted out from between his eyebrows. His head was pierced and his dead body fell on the floor.

The perfected-stage Firearm Mech slowly put away the pistol as smoke billowed out of the muzzle. He looked expressionless, as if he didn't kill anyone.

Silent! Everyone went silent! They all looked at Jiang Li.

"Jiang Li!"

Long Chongzhen looked at the dead body on the ground and stared at Jiang Li. He was enraged. He clenched his fists to suppress the anger and viciousness in his mind.

"How dare you ask your man to kill Gu Tianqing!" Long Chongzhen shouted.

"What's the problem with that?" Jiang Li said indifferently. "Gu Tianqing was from the Quicksand Gang and he was loyal to Heng Liusha. He didn't even hide his hatred against me just then. Chief Long, you knew this, but you still took Gu Tianqing in. What are you planning on doing? Of course, if you want to take revenge for Gu Tianqing, I'll let you do it. I also wanna see how strong the White Dragon Gang is."

"Jiang Li, you've gone too far," Hua Tian said.

"..."

Yu Shulan remained silent.

"Haha." Jiang Li chuckled. They were the ones who came to make trouble.

"I must say, Jiang Li is really aggressive. He's not giving in even when he's facing the three powerful gangs."

"Most importantly, Long Chongzhen and the others seem to be scared to go against Jiang Li."

"Of course, Jiang Li has four masters of perfected-stage level one around him and there are only three among the three gangs. Jiang Li is definitely stronger in combat power."

"However, if the three gangs work together, Jiang Li will be at an absolute disadvantage in terms of number of people."

"So, both parties are actually suppressing themselves."

...

Many people around were analyzing the current situation.
