

Army 371

Chapter 371 Dropped

DTS01's shot went through his body, causing blood to splatter.

Even Guan Ling's level five lower grade inner armor could not withstand the power of the spear.

This was because the energy Archangel's spear was a Tier 5 top-tier item.

At the same time.

the extremely explosive mechanical energy rushed into guan ling's body through the energy archangel spear, shattering his internal organs. he spat out blood and fragments of his internal organs.

“Ah!”

Guan Ling screamed in pain, his face twisted.

Obviously.

At the critical moment, Guan Ling dodged his vital parts and was not stabbed in the head. However, his chest was still stabbed. The power of this spear also put Guan Ling in a critical condition.

Shua!

Pfff!

Guan Ling stepped on the ground and retreated quickly. He pulled out the energy Archangel's spear, spraying sticky blood. Guan Ling quickly pulled away.

gulu!

Soon after.

Guan Ling took out a precious healing elixir and swallowed it quickly. The powerful medicinal power spread out, containing extremely rich life energy.

He suppressed his injuries.

however ...

DTS01 was even faster.

Guan Ling had just taken the pill when DTS01 caught up. Its three-thousand-meter wide energy wings covered the sky, and the spear wrapped in energy flames stabbed at him again.

and this time.

The speed was even faster!

the power was even stronger!

“!!!”

Guan Ling's pupils contracted.

It was dangerous.

It was a fatal danger.

Guan Ling felt a crisis that was enough to kill him!

“Jiang Li!”

enough! Stop! King Shu’s virtual shadow shouted, ” Emperor Xia, I can give up fighting for the fate of the human dynasty, but you must stop.

“If general Guan is dead, I will personally lead the Army to raze the great Xia Dynasty to the ground!”

“.....”

Jiang Li looked at the king of Shu calmly and said, ” “this one will wait!”

“you!”

The king of Shu did not know what to say for a moment.

Jiang Li’s dominance was beyond his expectations.

“Pfft!”

at this moment.

dts01 had already penetrated through guan ling’s heart, causing a bit of fresh blood. guan ling’s 9-foot body became stiff as he said,

his eyes widened.

He kept spitting out blood.

“Blood Wyrms slash!”

BOOM!

Before Guan Ling died, he slashed with all his might, hitting the body of DS01 and sending it flying. The energy Archangel's spear was also pulled out.

“Pfft!”

Blood spurted out.

there was a transparent hole in his heart.

* Cough cough *

Guan Ling staggered backward.

His life force was quickly slipping away.

His heart was shattered.

Naturally, he couldn't be alive.

“Your Majesty, it seems that I can't share your worries anymore.”

Guan Ling raised his head and looked at King Shu's shadow. His eyes were full of regret as he muttered, ” “This official can be considered to have died on the battlefield, right?”

...

As soon as he finished speaking.

Guan Ling Fell.

He had become a corpse!

He had fallen.

A pass order for the mid-fifth rank.

He was one of the three great generals of the Shu country.

He died here.

Meanwhile, after being struck by Guan Ling's saber, DS01 was only sent flying ten meters away before he stabilized his body.

The degree of damage was only 5%.

“The pass order!”

The king of Shu's tone was sorrowful.

...

“Leave the White Dragon Imperial Jade seal.”

Jiang Li said.

“Yes.”

DTS01 charged at the White Dragon Imperial Jade seal.

“Jiang Li!”

the king shu's virtual image had a cold gaze.

Buzzzzzz!

With a flash of white light from the White Dragon Imperial Jade seal, King Shu's apparition disappeared. It was as if he had opened up a spatial passage and disappeared directly.

DTS01 was not captured.

“.....”

DTS01 was stunned.

“What?”

spatial fluctuation. Jiang Li frowned. there was spatial fluctuation just now.

However, after thinking about it carefully ...

When Jiang Li destroyed several dynasties, the invisible fate of the nation could enter the Xia Dynasty through space and be absorbed by the Azure Dragon.

It seemed normal for a sacred artifact of National fortune to be able to teleport away.

buzzzzzz!

dts01 took off his skill and returned to his original appearance. he stood beside jiang li respectfully, like a loyal subordinate.

Wei Zheng and the others all looked at Jiang Li with envy.

Everyone wanted to have such a loyal and powerful subordinate.

He thought about it carefully.

Jiang Li could make a perfected-stage level-five master so loyal to him, but he was only at the mid-stage of level four.

Jin Wushuang and the others thought about it and felt that Jiang Li was unfathomable.

Such a method was simply terrifying.

“Emperor Xia.”

At this moment.

Wei Zheng suddenly said, ” the ‘sacred weapon of National fate-Imperial Jade seal’ is different from the ‘sacred weapon of National fate-imperial decree’. It can be summoned from thousands of miles away. If you want to take away the’ sacred weapon of National fate ‘of another dynasty, the only way is to destroy the other party.

“Oh.”

Jiang Li looked at Wei Zheng.

“The great Wei Dynasty is willing to accept the great Xia Dynasty as the leader of the Alliance.”

Wei Zheng immediately saluted.

“Alright,” he said.

yes, ” Jiang Li responded with a smile.

Obviously.

Wei Zheng finally recognized the reality.

At least for now.

Now that things had developed to this point, his dream of promoting the great Wei Dynasty to an imperial dynasty had already been shattered. It was basically a stillborn fetus.

One had to know.

Jiang Li even dared to kill Guan Ling, one of the three great generals of the Shu nation, in front of the king of Shu.

In other words ...

If Wei Zheng dared to refuse or disagree, Jiang Li would definitely kill him.

no matter what.

It was more important to save his life.

We'll talk about other things later.

This was Wei Zheng's current thought.

"The Yongling dynasty is willing to accept the great Xia Dynasty as the leader of the Alliance."

Ling Tian immediately declared.

"The Donglin Kingdom is willing to accept the great Xia Dynasty as the leader of the Alliance."

Dong Xiao's tone was flattering, with the air of a Lackey.

“The great Jin dynasty is willing to accept the great Xia Dynasty as the leader of the Alliance.”

Jin Wu Shuang bowed respectfully.

“whoosh!!!”

At this moment.

On Guan Ling's body.

Suddenly, purple lights appeared. Only Jiang Li could see them. The purple lights gathered and turned into a purple light spot.

They were like fireflies.

It was floating above Guan Ling's body.

“Could it be that Qianqian?”

Jiang Li couldn't help but be overjoyed.

shua!

The next moment.

The purple light flew out of his forehead and entered Jiang Li's body.

[acquired a Tier 5 soul Tinder!]

A notification appeared.

Fifth-tier soul Tinder!

It really was a fifth-tier soul Tinder!

“Hahahahaha!”

” haha! ” jiang li laughed.

One had to know.

When Jiang Li destroyed the wuzu sub-League of the half-monster Alliance, a level-four soul Tinder dropped when he killed a level-four creature for the first time. Now, it was his first time killing a level-five creature and another level-five soul Tinder dropped.

There seemed to be a pattern in killing creatures above stage three.

there’s another fifth-tier soul Tinder.

I’ll have one more level five mech. Jiang Li suppressed his excitement. I’ll have one more level five mech.

In reality.

Jiang Li had already decided to upgrade the mech.

That was ‘ynjs01’.

The reason for upgrading ‘ynjs01’ was very simple. It was because of the ‘zombie poison’ skill. When it was upgraded to Tier 5, it could be transformed into a Tier 5 walking corpse.

if 'ynjs01' wasn't a mechanical army and couldn't fly,'ynjs01' would have been the first one jiang li upgraded.

congratulations, Emperor Xia. Congratulations, Emperor Xia.

Jin Wushuang and the others thought Jiang Li was happy because he had become the leader of the Alliance, so they congratulated him.

Shua!

Jiang Li closed the prompt interface.

He would have to wait until he returned to the base before he could promote to ynjs01.

there was no rush.

“The vast forest.”

Jiang Li looked at the vast forest.

“.....”

Cang Wulin's face turned pale.

In reality.

he had wanted to escape long ago, but myl01 and dts01 had their eyes on him from the beginning to the end. he had no chance to escape at all.

One had to know.

Jiang Li even killed Guan Ling.

This meant that Jiang Li was already on the opposite side of the Shu nation. With the power of the Shu nation, they couldn't just sit by and do nothing when one of their three generals was killed.

They had already formed a grudge.

It was difficult to resolve.

a war was bound to break out between the two countries.

The great Cang nation was a subsidiary of the Shu nation.

Thus, the vast forest was already standing against the great Xia Dynasty.

the most important thing was ...

The relationship between the great Cang and the Shu country was too deep.

A thousand years.

The relationship could not be severed.

In fact, the royal family of the great Cang and the royal family of the Shu nation had already intermarried and could be considered a branch of the Shu nation's royal family. With such a relationship, how could they sever it?

so,

Jiang Li had already sentenced the vast forest to death in his heart.

However ...

Jiang Li didn't plan to kill Cang Wulin right now. He planned to upgrade ynjs01 to rank five and then turn Cang Wulin into a rank five walking corpse puppet.

As a result ...

Jiang Li would have the combat power of an early-stage level five.

He could solve another problem.

Two birds with one stone.

“The great Cang nation is willing to submit!”

Plop!

Cang Wulin did not hesitate. He knelt down and shouted.

“Oh.”

Jiang Li smiled. Cang Wulin, the great Cang nation has been under the Shu nation for thousands of years. I can't believe you're willing to submit.

“emperor xia, you have misunderstood.”

“The great Cang nation has been oppressed by the Shu nation for a thousand years. Every year, they have to offer 90% of their resources and fortune to the Shu nation,” Cang Wulin said with resentment.

“The Shu country has never been kind to the great Cang country. The great Cang country only has hatred for the Shu country.”

I've wanted to leave the Shu country for a long time, but they're too strong. They're so strong that I can't fight back even if I've advanced to the early stage of level five. I can only continue to be exploited by the Shu country.

"however, it is different now. respected emperor xia, you have appeared. you are like a bright light in the dark, giving me hope. "

"i, cang wulin, swear to the heavens that i am truly and sincerely loyal to the great xia dynasty. i will not have second thoughts."

"i see."

great. Jiang Li patted Cang Wulin's shoulder and said, " I didn't expect that to be the case. In that case, the great Cang Kingdom will be a subsidiary of the great Xia Dynasty from now on.

"Yes, Emperor Xia!"

cang wulin bowed once more with an excited expression.

"Yes."

jiang li was satisfied.

"....."

Wei Zheng glanced at Cang Wu Lin and frowned. He clearly felt that Cang Wu Lin was not trustworthy. If it was him, he would have killed him.

but ...

Wei Zheng didn't want to remind Jiang Li.

"....."

Cang Wulin lowered his head and heaved a sigh of relief. He had managed to keep his life. A cold light flashed across his eyes as he laughed coldly in his heart.

Jiang Li, Jiang Li.

you're really ignorant.

He was too bold.

he dared to kill general guan.

Just wait and see.

not long after.

King Shu will definitely lead his troops here and completely destroy the great Xia Dynasty. At that time, you will deeply experience what despair and powerlessness are.

“Fellow human Kings.”

Wei Zheng. Jiang Li looked at Wei Zheng, Jin Wushuang, and the others. It's time to harvest. you can hand over the fate of your dynasty now.

Chapter 372 Perfect completion

Hearing Jiang Li's words, Jin Wushuang and the others all fell silent.

As expected!

finally, it had come to this.

He wanted them to hand over the fate of the country voluntarily.

He was unwilling.

He was very unwilling.

No matter if it was Jin Wushuang, Wei Zheng, or even Ling Tian, they were naturally unwilling to hand over the fate of their dynasty.

This was normal.

No one would be willing to give their good things to others unconditionally.

One had to know.

The blessing of the ‘fate of the Empire’ could increase one’s cultivation speed and increase one’s combat power. The stronger the fate of the Empire, the faster and stronger one’s cultivation would be.

With the passage of time, it could continuously improve one’s cultivation aptitude.

It had all sorts of effects.

It was precisely because of the powerful effect of the ‘fate of the dynasty and the country’ that there was such a fierce competition. In order to obtain the fate of the country, the king of Shu had also sent the vast forest and Guan Ling.

He even made Cang Wulin wear the ‘Imperial Jade seal’.

Furthermore ...

The ‘fate of a dynasty’ was the key to the promotion of a ‘dynasty’ to an ‘imperial dynasty’.

the great Cang nation is willing to be the first to offer its fate.

At this moment.

Jiang Li. Cang Wulin walked out and bowed to Jiang Li.

“Roar!”

As soon as he finished speaking.

The vast forest revealed a ‘great Azure Grey dragon’, which was only 300 meters long. Its National aura was very weak because most of it was given to the Shu country.

Immediately after.

Cang Wulin shouted and the great Azure Grey dragon let out a sorrowful cry. Its body shrunk at a speed visible to the naked eye, from three hundred meters to one hundred meters.

A fist-sized grey ball of light flew out.

The origin of the country’s fate.

“Emperor Xia, please accept the fate of the great Cang country.”

Cang Wulin said.

“Alright,” he said.

okay. Jiang Li nodded.

Buzzzzzz!

the great xia azure dragon technique was activated.

the green radiance was shining.

“roar!”

the azure dragon of the xia dynasty appeared and hovered in the sky. it was a true dragon of the nation's fate that was 2500 meters long. it was like a winding mountain range and its huge dragon head looked down.

Immediately after.

The great Xia Azure Dragon opened his mouth and sucked. The fist-sized gray light ball flew directly into the sky above the great Xia Azure Dragon. The great Cang nation's nation fate origin had been swallowed by the great Xia Azure Dragon in one mouthful.

buzzzzzz! Buzzzzzz!

the light on the azure dragon's body flickered.

In less than ten minutes.

The great Cang nation's fortune was completely devoured.

however ...

The fate of the great Cang nation was too little. To the Azure Dragon of the great Xia, it didn't grow much, not even by 100 meters.

The improvement was too little.

“It’s your turn.”

Jiang Li looked at Jin Wushuang and the others coldly.

“Yes.”

Dong Xiao swallowed his saliva. He was the second to summon the true dragon of the Donglin country. Compared to the great Cang country, the Donglin country was indeed slightly stronger.

However ...

Even the National aura true dragon was only 500 meters long.

“Roar!”

Dong Lin’s Red Dragon roared and materialized. Dong Xiao circulated his cultivation technique and controlled the true dragon of the country’s fate. Nearly 90% of the country’s fate voluntarily separated from it.

...

“Whoosh!!!”

The Dong Lin Red Dragon’s body shrank at a speed visible to the naked eye, from 500 meters to 100 meters in length. It now had a red ball of light the size of two fists.

It was the source of Donglin country’s National aura.

After that.

the azure dragon of the great xia dynasty opened his mouth and devoured the donglin country's national aura origin.

It only took twenty minutes.

it was devoured and absorbed.

“The Yongling dynasty is willing to offer the fate of the dynasty.”

Ling Tian immediately replied.

Things had come to this.

He had no choice but to hand it over.

...

Roar!

the eternal tomb blue dragon appeared.

It was also five hundred meters.

The origin of the country's fate was condensed.

the national aura true dragon was reduced from 500 meters to 100 meters, and the blue ball of national aura origin light was absorbed by the great xia azure dragon.

Finally ...

He had absorbed the National aura of three dynasties in a row. Although each dynasty's aura was very little, it had reached a qualitative change. It had increased the great Xia Azure Dragon's height from 2500 meters to 2600 meters.

“Whoosh!!!”

Great Xia’s National fate had increased.

Immediately.

the feedback from the country’s fate arrived.

The light of the country’s fate fell from the Azure Dragon’s body and covered Jiang Li’s entire body. It attracted the surrounding spiritual Qi and poured it into Jiang Li’s body.

” okay. ” jiang li immediately activated his cultivation technique.

let’s go. MYL01 and DTS01 guarded Jiang Li.

“.....”

Ling Tian and the others all looked at Jiang Li with envy.

Half an hour later.

the feedback of the country’s fate ended.

However ...

Although Jiang Li had improved this time, he didn’t go from the mid-stage to the late-stage of level four. He only improved by 100 meters. The feedback from the National fortune was still not enough.

It wasn’t enough for Jiang Li to break through.

But it was not far.

After all, Jiang Li's talent had greatly improved after he was injected with the gene strengthening liquid.

“jin wushuang.”

stop! Jiang Li shouted.

“Yes!”

jin wushuang looked at the xia dynasty's azure dragon in the sky and sighed. he immediately activated his technique and helplessly summoned the jin dynasty's true dragon of national aura.

“Roar!”

The true dragon of the Jin dynasty had obviously surpassed the Yongling dynasty and the Donglin country. It was a thousand meters long and was pure green.

The Azure Dragon of the great Jin dynasty.

“Ai, ai, ai, ai.”

Jin Wu Shuang took in a deep breath and immediately separated 90% of the country's fate. He condensed it into a basketball-sized green light ball.

It could be seen.

The 1,000-meter long Azure Dragon of Dajin immediately shrank to 100 meters.

Jin Wu Shuang's face also turned slightly pale.

“Swallow!”

Jiang Li controlled the Azure Dragon to devour the Fortune of the Jin dynasty.

Roar!

A Dragon’s Roar.

The Azure light ball was swallowed by the great Xia Azure Dragon. He circulated his cultivation technique and helped the great Xia Azure Dragon to refine and absorb the great Jin dynasty’s National aura.

An hour later.

“whoosh!!!”

The Azure Dragon of great Xia grew once again.

It had increased from 2600 meters to 2700 meters.

The fate of the country increased again.

The feedback arrived.

BOOM!

Half an hour later.

This time.

Jiang Li had successfully broken through.

His aura increased greatly.

His cultivation had reached the late-stage of the fourth rank.

The true essence in his body not only filled his dantian, but also all 12 standard meridians, almost filling up his entire body. His strength had increased a lot.

Jiang Li could control the spiritual Qi within 40000 meters around him.

It directly doubled.

congratulations, Emperor Xia. Congratulations, you have made a breakthrough in your cultivation and your strength has reached another level.

cang wulin quickly replied.

Immediately.

Jin Wu Shuang, Ling Tian, and Dong Xiao also congratulated him.

“Yes.”

okay. Jiang Li nodded and looked at Wei Zheng. it's your turn, Lord Wei.

“.....”

Wei Zheng was silent for a moment.

In the surroundings.

Feng chenzi and the others clenched their fists and looked at Jiang Li angrily. As long as Wei Zheng gave the order, they would start a war with Jiang Li.

Below.

Great Wei's Army had also gathered.

“alright!”

finally.

Wei Zheng took a deep breath and agreed. today, the great Wei Dynasty will offer its fate to the great Xia Dynasty in the hope that the great Xia Dynasty can lead the humans in the northern region of the Holy peace state to unify the entire northern region.

“I'll try my best.”

Jiang Li shrugged.

“great wei blue dragon!”

Wei Zheng let out a long roar and activated his cultivation technique.

The aura of an early-stage Tier 5 expert was released, and the dense fog of National aura surged around him. It continued to gather in the sky, and finally, the big Wei Blue Dragon revealed its body.

It was three thousand meters long.

It was 300 meters longer than the Azure Dragon of great Xia.

In the sky.

the great wei blue dragon and the great xia azure dragon spiralled and occupied the entire sky. the two true dragons of the country's fate faced each other and formed an extremely majestic dragon's might.

“Great Wei’s fortune is really prosperous.”

Jin Wu Shuang sighed.

“So what if it’s prosperous? In the end, it’s still a wedding dress for great Xia.”

Ling Tian said.

“Yup,”

Cang Wulin said,”in this Alliance, the final winner isn’t the Shu or the Wei. It’s the great Xia. The great Xia has taken away all the fate of the dynasty ..”

“.....”

Wei Zheng looked at the great Wei’s Blue Dragon. He was a little reluctant, sad, and unwilling. In the end, he could only sigh and circulate his cultivation technique to control the fate of the country.

“roar!”

Big Wei’s Blue Dragon let out a sorrowful roar.

A vast radiance bloomed.

There was a huge blue light ball that was gradually condensing.

It could be seen.

the big Wei Blue Dragon shrunk at a speed visible to the naked eye. In the blink of an eye, it shrunk from 3000 meters to 2000 meters, then 1000 meters, and finally 100 meters.

“Your Majesty!”

Feng Chenzi and the others watched as the true dragon of the country's fate weakened. The country's fate that was originally on their bodies was also almost completely gone, and they felt sad.

“Very good,” he said.

Azure Dragon! Jiang Li looked at the huge blue light ball of the country's fate origin. It was ten meters in diameter and he nodded with satisfaction. Azure Dragon of the great Xia, swallow!

Buzzzzzz!

He activated his cultivation technique.

Jiang Li controlled the Azure Dragon and swallowed the Fortune of the Wei Dynasty.

“Roar!”

The Azure Dragon of the great Xia Dynasty let out a carefree roar.

Immediately after.

Azure Dragon technique. Jiang Li sat down cross-legged and used the Xia Azure Dragon technique to help the Azure Dragon refine nearly 90% of the Wei Dynasty's fate and strengthen himself.

this time.

Jiang Li spent a long time.

One had to know.

the great wei dynasty's fortune was much stronger than the lion barbarian kingdom and the panic demon kingdom. although the great xia azure dragon had become stronger, it was still slower to refine it.

Time passed.

The night passed.

Until the next morning.

BOOM! BOOM!

The great Xia Azure Dragon had just refined all of the great Wei Dynasty's National aura. The great Xia Azure Dragon continued to grow at a speed that was visible to the naked eye. 2800 meters, 2900 meters, and soon, it broke through 3000 meters.

In the end.

The great Xia Azure Dragon's growth finally stopped after reaching 3500 meters.

“Roar!”

the majestic dragon's roar spread throughout the entire wei dynasty.

“Three thousand five hundred meters!”

Jin Wushuang looked up at the Azure Dragon of the great Xia.

“the country's fate is growing too fast.”

Ling Tian sighed.

“Yup!”

cang wulin muttered.

“.....”

Dong Xiao gulped as he looked on in awe.

Shua!

Green light flickered.

After flying around in the air, the Azure Dragon turned into a ray of Azure light and entered Jiang Li's body and dantian.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

after that.

the vast national aura fell from the dragon's body and filled jiang li's body in the blink of an eye. the vast national aura kept washing and refining jiang li's body and true essence.

“Great Xia Azure Dragon technique!”

Roar!

roar! a deep dragon roar came from Jiang Li's body.

He activated his cultivation technique.

Jiang Li's body emitted a terrifying suction force that absorbed all the spiritual Qi within 40000 meters, forming a temporary vacuum.

it even formed a spirit qi tide.

This time.

The feedback from the country's fate was very strong.

Jiang Li's cultivation was improving at a rapid speed. There was almost no barrier. His true essence kept condensing. Under the refinement of the nation fate, the impurities were removed and purified.

It turned into a pure dark green color.

It contained a boundless life aura of the wood attribute.

An hour later.

BOOM!

Jiang Li's body trembled. His cultivation had broken through and his true essence had filled up his eight extraordinary meridians. It was complete and filled every corner of his body.

Tier 4 perfection!

There was no surprise.

Jiang Li had successfully broken through to the perfected stage of level four!

Chapter 373 robbery

In the short span of a day.

Jiang Li's cultivation broke through two levels in a row, from the mid-stage to the perfected stage of level four. The speed of improvement was amazing.

Of course.

This was all because of the heaven-defying effects of the Fortune of a dynasty.

There were no side effects in increasing one's cultivation.

In reality.

If the fate of a dynasty did not have such a terrifying effect, why would the human Kings, demon kings, and barbarian kings of the various dynasties try their best to fight for the fate of a country?

After his cultivation broke through to the perfected stage of Tier 4.

Not only could he fill his body with true essence, but he could also control the spiritual energy within 80000 meters with his spiritual will as the center.

It doubled again.

However ...

The feedback from the country's fate had not ended.

This was because he had devoured 90% of the great Wei Dynasty's fate, causing the great Xia Dynasty's fate to increase greatly. The feedback was naturally far greater than before.

buzzzzzz! Buzzzzzz!

Jiang Li's aura was still rising.

His true Qi was being refined, and his spirit was improving.

In the end.

When the feedback of the country's fate ended.

Jiang Li's cultivation had reached the peak of the perfected stage of level four. Not only had his true essence been refined again, but his divine soul had also been strengthened.

Jiang Li could already control the spiritual Qi within a hundred thousand meters around him.

It could be said that ...

This was already ten times that of an ordinary perfected Tier 4!

now.

Unless Jiang Li broke through again and reached the early stage of level five, it would be difficult for him to improve his strength.

It would not be so easy.

Of course.

If Jiang Li could develop the 'stage four gene strengthening liquid' and inject it, he would be able to improve again.

However, it was not that easy to research and produce the ‘Tier-4 gene strengthening liquid’. It would take a long time. At the very least, it was impossible to do so in the short term.

“Hu ~~ Hu ~ Hu ~”

half an hour later.

Jiang Li’s cultivation was stable. He stopped channeling, opened his eyes, and stood up.

congratulations, Emperor Xia. Congratulations, Emperor Xia.

congratulations on your breakthrough, Emperor Xia. You have reached the completion of the fourth stage!

“Congratulations, congratulations.”

Jin Wu Shuang and the others cupped their hands and congratulated him.

“Yes.”

thank you for your help. Otherwise, I wouldn’t have been able to break through so quickly. Jiang Li smiled. He was in a good mood.

“I should, I should.”

Jin Wu Shuang laughed.

“It is my honor to be able to help Emperor Xia.”

Dong Xiao said in a flattering manner.

“Everyone, since the ‘human dynasty Alliance’ has been established ...”

then we should go forward and retreat together, ” Jiang Li said. we should help each other and fight against the alien races and enemies together.

“It should be so.”

Jin Wu Shuang immediately nodded.

“Yes, yes, yes.”

Ling Tian quickly nodded his head.

“.....”

Wei Zheng and Cang Wulin also agreed.

* Cough cough *

Dong Xiao coughed softly, before carefully saying, ” ” your majesty emperor xia, the eastwood kingdom and the spirit moon demon kingdom are very close to each other. the only barrier between them is the ‘vast forest’. ”

not long ago, the spirit Moon Demon Kingdom sent out ten million demon soldiers across the ‘boundless forest’ and entered the territory of the Dong Lin Kingdom. The Dong Lin Kingdom had no way of resisting.

so, can Your Majesty Emperor Xia send troops to be stationed in Donglin? ”

...

“The spirit Moon Demon Kingdom.”

Jiang Li muttered.

“.....”

Dong Xiao grew apprehensive.

Obviously.

Dong Xiao had no other choice.

The Donglin Kingdom was too weak to fight against the spirit moon Fey Kingdom. If the spirit moon Fey Kingdom sent out their troops, the Donglin Kingdom would have no chance of winning. The chances of them being destroyed would be as high as 90%.

In the past.

Donglin country could still use the Wei Dynasty's name.

It was definitely not possible now.

For the sake of Donglin country.

...

Jiang Li! Dong Xiao asked Jiang Li for help.

However ...

dong xiao was worried that jiang li wouldn't agree at all.

“Haha!”

” haha! ” jiang li laughed. ” speaking of this spirit moon kingdom, i have a grudge against them. they’ve sent troops to the great xia dynasty several times. ”

“Of course, the demon Army that was sent to test the waters have all been destroyed by me.”

” as i said earlier, since the ‘alliance of the human dynasties’ has been established, we should help each other. i will naturally send troops to the donglin kingdom to prevent the invasion of the spirit moon fey kingdom. ”

“This Suan ni, this Suan ni”

thank you, Emperor Xia! Dong Xiao was so excited that his face turned red. He bowed to Jiang Li and said, ” I thank Emperor Xia on behalf of all the people of Donglin Kingdom! Thank you for your help, Emperor Xia!”

“It’s just a small matter,”

ahem. Jiang Li waved his hand. however, some resources in the Xia Dynasty are rare, such as crystals, spiritual herbs, herbs, and steel materials.

“That’s why I hope that Donglin country can recover.”

Your Majesty, please rest assured. When I return, I will immediately send out orders to collect all the medicinal herbs, elixirs, and steel materials in the country. They will be transported to the great Xia Dynasty as soon as possible.

Dong Xiao immediately said.

obviously.

dong xiao completely understood.

If he wanted the great Xia Dynasty to send troops, he would definitely have to pay a price and reward.

“Haha, very good, very good.”

Jiang Li smiled and patted Dong Xiao's shoulder like a mafia boss patting his Lackey's shoulder. He suddenly felt that Dong Xiao had a lot of potential.

“Ling Tian, Jin Wushuang, Cang Wulin, Wei Zheng.”

I'm sure you have a lot of herbs in your dynasty, right? ” Jiang Li continued. my great Xia Dynasty is in short supply. Since we're allies, I think you'll help us, right? ”

“This bi an ...”

The corner of Jin Wu Shuang's mouth twitched. He thought, “what Bullsh * t” shortage,”you're obviously robbing with the principle of” helping each other,”and you're still saying it in such a grand way. You don't even have any face!”

However, Yingluo

But who would want to beat them?

“I should, I should.”

Jin Wu Shuang said with a smile.

“Yes, yes.”

Ling Tian nodded his head in agreement.

He was smiling, but he was cursing in his heart.

“The great Cang nation will definitely support this.”

Cang Wulin said.

Wei Zheng was the only one who remained silent.

“Prince Wei, what do you think?”

Jiang Li said.

please rest assured, Emperor Xia. Three days later, the Wei Dynasty will personally deliver the resources to the imperial capital of the Xia Dynasty.

Wei Zheng said in a deep voice.

“hahahahaha!”

haha. Jiang Li laughed. I’ll be waiting for you in the imperial capital.

At noon.

Jiang Li was the first one to leave the capital of the Wei Kingdom. He also took Dong Xiao and Cang Wulin with him.

The large military transport plane took off.

in the cabin.

Dong Xiao and Cang Wulin sat in their seats. They looked out of the window at the scenery outside, the White clouds below, and the scene inside the cabin.

His heart was filled with curiosity and amazement.

Obviously.

it was his first time riding a plane.

dong xiao and cang wu lin were naturally amazed.

“this is truly unbelievable.”

Dong Xiao sighed repeatedly, ” I can’t see through such a technique at all. I can’t see through it at all. Such a huge iron bird can actually fly in the sky, and its speed is so fast.

this Emperor Xia is so mysterious.

“.....”

Jiang Li ... Cang Wulin looked serious. this Jiang Li does have some extraordinary means and secrets. I wonder what else he’s hiding.

however, no matter how strange Jiang Li’s methods are, they’re useless in front of absolute strength. As long as the Shu Army arrives, the Xia Dynasty will be destroyed!

In the afternoon.

Soon, Jiang Li returned to the fallen goose County.

“Dong Xiao.”

wait here, ” Jiang Li said. I’ll go with you to Donglin Kingdom after I’m done with some things.

Your Majesty Emperor Xia, please finish your business first. I’m not in a hurry. I’m not in a hurry.

Dong Xiao immediately said.

“yes.”

okay. Jiang Li nodded. After telling Luo dingyang to take care of Dong Xiao, he took Cang Wulin to the base of the No. 03 division and walked into the teleportation station.

“.....”

Cang Wulin’s eyes sized up the Army base, but his face turned pale.

because ...

He felt that something was wrong.

Within the teleportation station.

Buzzzzzz!

The mechanical teleporter activated its skill.

The wormhole appeared.

“Let’s go,” he said.

Jiang Li glanced at Cang Wulin.

“Your Majesty Emperor Xia, I just remembered that there are some important matters that I have to deal with in the great Cang nation. I’m afraid I can’t follow you to the imperial capital.”

Cang Wulin took half a step back.

In this army base.

and then there was the sudden tear in space, the appearance of a vortex, and the intense spatial fluctuations.

All sorts of situations.

It meant that this was Jiang Li's Secret.

Cang Wulin was not a fool.

He had just surrendered to Jiang Li and didn't do anything. How could he gain Jiang Li's trust so easily and let Jiang Li expose his secrets?

now.

Jiang Li could bring him here without any worries.

It only meant one thing.

In Jiang Li's eyes.

He was already a dead man.

This was because the dead could definitely keep secrets.

in other words ...

From the very beginning.

jiang li never planned to let him go!

Cang Wulin finally understood.

However, it was too late.

Shua! Shua!

MYL01 and DTS01 blocked the path of retreat of the vast forest.

“Your Majesty, what do you mean?”

Cang Wulin asked with a smile, but his smile was very stiff.

Buzzzzzz!

Suddenly.

A figure walked out of one of the wormholes. It was ynjs01. Jiang Li gave an order to QX01 and asked ynjs01 to come over.

“Nothing much.”

I’m sorry, ” Jiang Li said indifferently. I need your life.

Shua!

” level-five soul tinder consumed. one hundred million energy points to upgrade ynjs01. ”

Jiang Li controlled the Dominator panel.

Buzzzzzz! buzzzzzz!

A purple tier 5 soul Tinder appeared and flew toward ynjs01 before fusing into it. The 100 million energy points were also poured into ynjs01's body.

It would undergo modifications and upgrades.

Shua! Shua!

Ynjs01's body flickered with several beams of light.

“Run!”

BOOM!

Without the slightest hesitation.

cang wulin immediately unleashed all his power as the true core in his dantian spun rapidly, releasing a vast amount of true energy and a grey mist filled the air.

It filled the entire teleportation station.

Shua!

cang wulin ran out of the door as fast as he could.

Shua! Shua!

However ...

Cang Wulin's vision blurred, as if two figures had flashed past. At the entrance of the teleportation station, MYL01 and DTS01 were standing there, blocking his way.

“Get lost!”

BOOM! BOOM!

Cang Wulin roared as he punched out with both his fists. It was like the head of an Azure Dragon.

Bang!

An explosion sounded.

MYL01 and DTS01 threw out a punch, easily shattering the dragon’s head, and the terrifying force landed on Cang Wulin’s body.

“Ah!”

Kachaa! Kachaa!

cang wulin screamed as his arms were broken and his body was sent flying.

“Pfft!”

The next moment.

Blood splattered everywhere.

Cang Wulin felt a sharp pain coming from his chest. He looked down and saw a claw covered in scales piercing through his chest and pulling out his heart.

Cang Wulin was extremely fortunate to be able to see what his heart looked like.

Chapter 374

drip drop

Drip Drop

Extremely viscous blood dripped from the scale-covered finger to the ground, and then splattered into Scarlet blood flowers.

It was like a plum blossom.

“You, you, you, you, you, you, you ...”

Pfff!

Cang Wulin continued to spit out blood as if he could not stop it.

Feeling the life force in his body flowing away, the light in his eyes grew dimmer and dimmer. He turned his head stiffly.

However ...

However, he didn't see Jiang Li.

Instead, it was the middle-aged man who had just walked out of the 'Black Vortex'. His face was cold, no, it should be said that there was no expression on his face.

It was obvious.

Ynjs01 completed its upgrade in just a few seconds, from perfected Tier 4 to early-stage Tier 5. It became a brand new troop type, and its strength increased greatly.

“He can't hold on for long, immediately turn into a walking corpse puppet.”

stop! Jiang Li shouted.

“Yes.”

After the upgrade, ynjs01 immediately used the ‘zombie poison’ skill.

“Whoosh!!!”

In an instant.

A large amount of black mist spread out. The zombie poison mist covered Cang Wulin’s entire body, forming a pitch-black mist-covered area.

it began to corrode and transform.

“Ah!”

cang wulin’s shrill cry of pain rang out.

“this voice ...”

Cang Wulin’s scream was so sharp that it even went out of the base. The soldiers of luoyan County who were patrolling around the West City heard it.

He could not help but shiver.

“What happened?”

“Gulp!”

The soldiers of the fallen goose County looked behind them with lingering fear. Their eyes were filled with fear because the scream was too horrifying.

it made one's heart turn cold.

He really couldn't imagine what kind of pain she had suffered to be able to scream like this.

Dong Xiao, on the other hand, didn't know that Cang Wulin was dead. He was waiting for Jiang Li in the mansion of the second-rank prince in Luoyan County.

Time passed.

Teleportation station room.

“whoosh!!!”

The thick zombie poison mist gradually dissipated, like birds returning to their nests. It completely integrated into the body of the upgraded ynjs01 and disappeared.

On the ground.

the vast forest was lying down.

The wound on his chest had already recovered, and his heart had returned to its original position.

Shua!

Suddenly.

Cang Wulin's tightly shut eyes opened, but they had turned completely black, like a pure black gem, devouring all light.

“Whoosh!!!”

Thick black mist gushed out of his body.

After that.

Cang Wulin stood up unsteadily from the ground.

“Roar!”

it let out a roar towards the sky.

BOOM!

A majestic black mist filled the air and spread out, enveloping the surroundings and forming an extremely powerful aura and energy domain.

The transformation was a success!

It was Jiang Li's first early-stage level-five walking corpse puppet.

“Not bad.”

...

okay. Jiang Li nodded in satisfaction.

He was in a good mood.

Jiang Li was in a good mood now that he had one more Tier 5 fighter under his command, even though his combat power would be reduced after he turned into a walking corpse puppet.

Moreover, Cang Wulin was at the initial stage of the fifth step.

It could be said that ...

The vast forest walking corpse puppet should be the weakest early stage of the fifth step.

but ...

cang wu lin was the 'human king'. even after transforming into a walking corpse puppet, he still mastered the 'great blue grey dragon technique'.

In other words ...

The vast forest zombie puppet had the same characteristics as King Qian's zombie.

all of them would be enhanced by the fate of great xia.

...

from there, he could increase his battle strength.

"Very good," he said.

Jiang Li looked at ynjs01 with satisfaction.

Shua!

The information was displayed.

troop type: psionic Zombie King mech

[rank: early stage of the fifth rank]

[No.: Ynjsw01]

skill 1: Tier 1 top-grade Zombie King poison ”

skill 2: Tier 2 Supreme-grade Zombie King Constitution ”

skill 3: Tier 3 psionic mastery

skill 4: Tier 4 top-grade Zombie King combat body ”

skill 5: level five low-grade Zombie King domain ”

[zombie machinery: cricket (omitted)]

[mechanical psionic energy: momo (omitted)]

advancement requirement: two billion energy points ”

” ynjsw01. ” jiang li read through the information carefully. ynjsw01 meant ‘ynjs01’ after it was upgraded.

first of all ...

All the original skills.

basically, all of them had been upgraded once. although the rank and grade of the skills had not changed, the power of the skills had clearly increased.

For example, the ‘zombie battle body’ and the ‘Zombie King battle body’.

obviously.

The Zombie King combat body was definitely stronger than the zombie combat body.

Finally.

it was the new skills that jiang li would get after the upgrade, which was what jiang li was most concerned about.

The Tier 5 low-grade 'Zombie King domain', this skill was obviously stronger than the 'Zombie King combat body'.

It was only understood from the literal meaning.

This was most likely a wide-range skill.

And it might even be a support-type buff skill.

“Upgrade.”

Jiang Li opened the Dominator panel and used 14 billion energy points to upgrade ynjsw01 to the peak of level five.

Shua! shua!

A white light flashed.

It only took a few seconds.

Ynjsw01 completed its upgrade.

He had reached the peak of Tier 5.

The level five low-grade ‘Zombie King domain’ had also been upgraded to level five top-grade.

other than that.

There was no change.

“thank you, chief sovereign!”

Ynjsw01 saluted Jiang Li.

“Yes.”

Jiang Li looked at ynjsw01 and felt more satisfied.

” ynjsw01, bring the cang emperor’s walking corpse back to base 01. the imperial capital is the base after all. there should be a level-five mech guarding it. ”

go! Jiang Li ordered.

“yes, chief sovereign.”

Ynjsw01 nodded and followed Jiang Li’s order. He brought the corpse of Prince Cang back to the base of the No. 01 Army through the wormhole and stayed in the imperial capital of the Xia Dynasty.

” alright. ” jiang li left the base of the no. 02 army after solving the potential trouble of the vast forest and upgrading ynjsw01 to perfected-stage tier five.

They arrived at the house of the second-rank prince of luoyan County.

“Your Majesty.”

Luo dingyang and the others immediately bowed.

“Yes.”

yes. Jiang Li nodded. where’s dong Xiao? ”

“Your Majesty, Dong Xiao is currently resting in another Hall.”

Luo Ding Yang said.

“Ask him to come over.”

go! Jiang Li ordered.

“Yes.”

Luo dingyang nodded.

Half a minute later.

luo dingyang came over with dong xiao.

“I’ve finished my business. We can set off now.”

Jiang Li waved his hand.

“Yes.”

Dong Xiao was overjoyed.

However ...

Dong Xiao quickly lost his joy.

In the air.

The large military transport plane had already taken to the sky.

Dong Xiao sat uneasily in his seat.

DTS01 and MYL01 were also sitting not far away.

Other than that.

There were also normal Mechanical Engineers, normal mechanical soldiers, and mechanical teleportation soldiers.

A few hundred meches.

What's the use of only queuing up a few hundred people?

Furthermore ...

They didn't look like soldiers.

obviously.

Jiang Li didn't seem to send a single soldier.

He only brought two level 5 subordinates and a few hundred servants to ride on this huge 'iron bird' and head to Donglin Kingdom.

What Dong Xiao wanted was for Jiang Li to send an Army to the Donglin Kingdom.

This was the only way to protect Donglin country.

“Ai, ai, ai, ai.”

Dong Xiao sighed. He was extremely disappointed. As expected, why would Jiang Li send an Army to help a small country like the Donglin Kingdom?

All of this was just his extravagant hope.

What Jiang Li said in the capital of the Wei Kingdom was probably just a promise. He couldn't take it seriously.

Dong Xiao really wanted to question Jiang Li, but he didn't dare to say anything in fear of completely offending Jiang Li.

On the other side.

The capital of the great Wei.

“Prince Wei, this one will take his leave.”

Ling Tian cupped his hands and summoned the true dragon of the country, which was only a hundred meters long, and prepared to leave.

“farewell.”

Jin Wu Shuang also planned to leave.

“Wait a moment.”

wei zheng called out to them.

“I wonder if Prince Wei still has any business with me?”

Ling Tian and Jin Wushuang asked.

you should know that the Shu nation won't let Jiang Li go after he killed Guan Ling. Although the Shu nation is in the northeast of the northern region of the Holy peace state, far away from the great Xia Dynasty, and there are several barbarian and monster dynasties in between, the Shu nation won't let him go.

logically speaking, it's not easy for the king of Shu to attack the Xia Dynasty, " Wei Zheng said. however, with the Guan Ling's identity and status, the king of Shu will definitely send troops to take revenge.

"When that time comes, the great Xia Dynasty will be in grave danger."

"Prince Wei, if you want to say something, just be direct. Don't beat around the bush."

Jin Wu Shuang said coldly.

Obviously.

When Jin Wushuang was in the 'Wei Royal Palace', he had been suppressed by Wei Zheng's aura and knelt on the ground in humiliation, losing all his face.

Naturally, he wouldn't give Wei Zheng any face.

Jiang Li can't stop the Shu Army!

"This is an opportunity," Wei Zheng said.

Obviously.

Wei Zheng wasn't satisfied with his failure.

“Hehe.”

Jin Wu Shuang sneered again, ” so what? Whether it’s the great Xia or the Shu country, we can’t fight against them. Do you think we still have a stage to show off now?”

“stop daydreaming,”

“No matter who wins or loses, isn’t the result the same for us?”

“What’s the point of thinking about this?”

“Are you still dreaming of being the leader of the Alliance?”

also, how do you know that Jiang Li won’t be able to stop the Shu Army? ”

After a moment of silence, Ling Tian thought for a moment and said, ” “That’s right, Prince Wei. Prince Jin is right. What we should be worried about now is how to survive in the upcoming turmoil.”

“there’s no point in saying more, goodbye.”

Roar!

Jin Wushuang jumped up and onto the dragon’s head. The National aura true dragon roared, and his body turned into a stream of light. In the blink of an eye, he disappeared from the spot.

“Farewell.”

Ling Tian cupped his hands and left immediately.

“Your Majesty!”

Feng chenzi and the others walked over.

“You’re all dismissed.”

Wei Zheng took a deep breath.

Because more than 90% of the great Wei Dynasty’s fortune had been devoured by the great Xia Dynasty, the great Wei Blue Dragon’s length had increased from 3000 meters to 100 meters.

It was natural.

Wei Zheng’s blessing of the country’s fate would also be gone.

The mist of National aura that enveloped Wei Zheng had long since dissipated, revealing his true appearance. He was a middle-aged man with an intimidating face and an imposing aura.

send down my order. Keep a close eye on the movements of the surrounding dynasties, especially the demon and barbarian dynasties. Send out troops to station at the border counties.

“To prevent the invasion of foreign races,” Wei Zheng said in a deep voice.

“Yes.”

“We will do as you command!”

Feng chenzi and the others all nodded.

Wei Zheng knew very well that the northern region of the Holy peace state was no longer as peaceful as before. It seemed that the fate of the three clans ‘dynasties had already accumulated to a sufficient extent.

The war between the three clans that swept across the northern region of the Holy peace state had begun.

the power struggle between dynasties!

As for Wei Zheng, who had broken through to the early stage of the fifth level in seclusion, the spirit Moon Demon Kingdom and the Barbarian dynasty had invaded the great Wei Dynasty, and the panic demon dynasty and the lion barbarian kingdom had been destroyed.

These things.

It could only be regarded as the prelude to the war for hegemony.

it was just a fuse.

When the war truly broke out.

the flames of war would definitely burn the entire northern region of holy peace state.

At that time.

The various forces hidden in the northern region of the Holy peace state, such as the half-monster Alliance, barbarian tribes, Devils, human ghosts, and other 'mixed-blood alien races', would also show up.

that would be true chaos.

In such chaos.

Internal strife was not a good thing.

Chapter 375 Donglin

The country of Donglin was to the East of the Wei Dynasty, while the Xia Dynasty was to the North of the Wei Dynasty. To go to the country of Donglin, other than flying across more than half of the Wei Dynasty, one could only cross the plains, mountain ranges, and several lakes.

The plains and lakes were inhabited by a large number of fierce beasts.

Berserk beasts were born without intelligence.

Only instinct.

No matter how high the rank of the beast, it had no intelligence and acted based on instinct. If one had to make an analogy, it was a wild beast with extraordinary power.

Generally speaking.

Many martial artists would head to places like the fierce beast plain to hunt fierce beasts.

This was because the flesh and blood of ferocious beasts could help a martial artist cultivate.

Furthermore ...

The materials from berserk beasts could also be sold for a good price.

In reality.

If the ferobeasts gathered in groups and reached a certain number, there was a certain probability that a 'beast King' would be born, which would then form a ferobeak tide.

At the place where the berserk beast tide passed.

Naturally, it was to destroy all intelligent beings.

however ...

Jiang Li had never encountered a beast tide because there were no places where beasts gathered around or within the territory of the Xia Dynasty. The only place with a lot of beasts was the Green Mountain Range.

As for the territories that Jiang Li occupied, he didn't know much about them because he didn't have time to pay attention to them.

In reality.

Due to the wasteland of these dynasties, the original demons and barbarians had all migrated to other dynasties.

The berserk beasts in those territories had already started to flood.

However, Jiang Li didn't notice it.

Other than the great Wei Dynasty in the West, the East, South, and North of Donglin country were all covered by the 'boundless forest' and 'fierce beast plain'.

The vast forest and vicious beast plain covered a vast area, and there were many fierce beasts resting in them. There were even 'mixed-blood alien races' hiding in them.

The Donglin Kingdom was often attacked by beasts.

The night came.

Jiang Li didn't choose to fly across the plain of beasts. Instead, he flew from the Wei Dynasty to the Donglin Kingdom.

with the 'bgc-ysk01' transport plane's flying speed, under the circumstances of flying at full speed, it had already flown over half of the wei dynasty in the middle of the night.

He could already see Donglin country.

An hour later.

"This is too fast."

dong xiao looked at the 'donglin royal capital' in front of him, his mouth wide open as he muttered to himself, "in less than half a day, we've already flown across more than half of the great wei dynasty, from the great xia dynasty to the donglin royal capital."

"such speed! it's even faster than a stage three army formation!"

I'm afraid only a stage 4 army formation can match it.

"land!"

Jiang Li said.

"Yes."

Immediately.

The transport mech soldiers controlled the large military transport aircraft and slowly descended from the sky. Soldiers patrolled the walls of the Donglin capital.

Suddenly.

They heard a roar in the air.

He immediately looked up.

It was late at night.

They saw an unforgettable scene. It was an incomparably huge 'bird' that was even larger than a vicious beast. It was currently descending from the sky.

The rumbling roar was coming from this 'giant bird'.

"A beast! It must be a bird-type beast!"

"Hurry up!"

"get ready for battle!"

"There's a flying beast attacking the capital!"

instantly.

The soldiers shouted loudly.

Buzzzzzz! Buzzzzzz! Wuwuwuwu!

The next moment.

bonfires were lit on the city walls, illuminating the surroundings.

...

The soldiers gathered together.

it was very orderly.

They were ready to fight.

They were just waiting for the ‘giant bird’ in the sky to descend to a certain height, and then they would directly attack.

“Wait, wait, wait, wait, wait, wait, wait, wait, wait, wait, wait, wait, wait, wait ...”

At this moment.

“Something’s not right,” one of the high-ranking generals shouted.

“Don’t attack yet!”

“Si si si ...”

Finally ...

The large military transport plane descended to a height of 100 meters above the ground, and the soldiers on the city wall also saw the true appearance of the ‘giant bird’.

...

After that.

they all took in a deep breath.

He had a dumbfounded expression.

isn't this Suan ni a fierce beast?!

“have you ever seen ‘iron’ grow out of a fierce beast’s body?”

“But if this Suan ni, this Suan ni, this isn’t a beast, how did such a huge metal lump fly? This is too bizarre.”

“Gulp!”

“.....”

the soldiers were all amazed.

BOOM!

At this moment.

The large military transport plane landed on the open space outside the capital.

“be careful,”

“Don’t let your guard down.”

the generals shouted.

“Understood.”

the soldiers responded.

Immediately.

The mechanical door opened.

“let’s go.” jiang li came out first, followed by myl01 and dts01. dong xiao followed closely behind. the ordinary mechanical engineers, meches, and teleportation soldiers all got off the plane.

Finally, the transport mech soldier walked out of the cockpit.

“it’s a human! It was a human! It’s not a beast!”

“Hu ~~ Hu ~ Hu ~”

The soldiers heaved a sigh of relief.

“But who are they?”

Immediately.

Someone asked doubtfully.

“Your Majesty!”

“It’s her Majesty! his majesty is among them!”

Finally ...

Under the illumination of the bonfire on the city wall.

Several soldiers and generals from Donglin Kingdom saw Dong Xiao and immediately cried out in excitement. They had not expected His Majesty to walk out from the ‘iron bird’.

buzzzzzz!

At this moment.

The transport mech soldier retracted the transport plane.

it turned into a beam of energy light and disappeared. it turned into a mechanical watch and was put on the transport mech soldier's left wrist. it stood behind jiang li.

“It's gone. The iron bird has disappeared.”

“It's amazing.”

“Is it the mechanism technique?”

“.....”

The soldiers on the city wall exclaimed again.

“Ahem.”

dong xiao coughed lightly. he felt rather embarrassed when he saw these soldiers and generals acting as if they had never seen the world before. he thought to himself, what's there to make a fuss about? they really don't have any self-control at all.

obviously.

Dong Xiao had already forgotten about the first time he had seen the 'large military transport plane'.

“What are you all doing? Hurry up and open the city gate!”

Dong Xiao raised his head and looked at the soldiers and generals on the city wall. Then, he berated them in a deep voice. He did have the dignity of a human King.

“Hurry, hurry up and open the city gate.”

“Welcome back to the city, Your Majesty.”

“Rumble!”

Not long after.

The huge city gate opened.

“Emperor Xia, please enter the city with me.”

Dong Xiao bowed slightly, his tone respectful.

“Yes.”

” okay. ” jiang li nodded.

On the city wall.

Jiang Li? ” the soldiers and generals saw this and all looked at Jiang Li. They were confused because they didn’t know Jiang Li.

Furthermore ...

The big shots of the Wei Dynasty.

most of these high-ranking generals recognized him.

“Who is he?”

“To be able to make His Majesty so respectful, he should be some important figure in the Wei Dynasty.”

“It doesn’t look like him. I remember a few important figures from the Wei Dynasty, like Feng chenzi, Minister Wen, general Wei Wuxian, and so on. I can recognize them all, but I really don’t have any impression of him.”

no matter what, to be able to make His Majesty so respectful, his background is naturally extraordinary. We can’t offend him. We must treat him with respect and don’t make him angry.

The generals from Donglin country discussed among themselves.

Half an hour later.

Jiang Li arrived at the Donglin Palace.

All the important ministers and generals of Donglin Kingdom were gathered at the palace because Dong Xiao had issued a decree. There was an important announcement to be made.

“My beloved ministers.”

Dong Xiao was dressed in a dragon robe, giving him the aura of a human King.

Jiang Li stood not far away and observed the officials of Donglin Kingdom.

“Your subjects pay their respects to Your Majesty!”

Within the palace.

The officials of Donglin country saluted.

three hundred years ago, the country of Donglin suffered an unprecedented beast tide. In that battle, although the country of Donglin managed to resist the beast tide, they suffered heavy losses. Nearly 90% of their soldiers died, causing the country's strength to decline rapidly. This attracted the attention of the foreign dynasty, and they were in danger of being destroyed.

Dong Xiao slowly began to narrate the history of the Donglin Kingdom, " for the sake of the Donglin Kingdom's survival, for the sake of not being destroyed and enslaved by the foreign races.

"Under extreme helplessness."

in the end, they had no choice but to seek help from the great Wei Dynasty. Under the protection of the great Wei Dynasty, the country of Donglin managed to survive. However, they needed 90% of the harvest and the fate of the country from attacking the great Wei Dynasty every year.

"Three days ago,"

Dong Xiao took in a deep breath. the great Wei's Pavilion elder has come. He wants me to head to the great Wei's capital to discuss the matter of the 'Alliance of the human dynasties'. He wants me to support the great Wei's capital with all my might.

"I have no choice but to agree."

"However,"

"The world is unpredictable, man proposes but God disposes."

" something big happened in the capital of the great wei kingdom that could affect the entire human race in the northern region of the holy peace state. even the shu nation, which is far away in the northeast of the northern region of the holy peace state, got involved. "

"But,"

” even under such circumstances, the great xia dynasty, the respected emperor xia, was like the rise of a hidden dragon. the true dragon rushed out of the nine heavens and soared in the sky. it was unstoppable. whether it was the great wei or the shu country, they were all defeated by the invincible emperor xia! ”

” emperor xia turned the tide with his own power. he defeated wei zheng and the three generals of shu state in succession. he has unparalleled power. ”

“In the end.”

” emperor xia became the leader of the alliance of human dynasties and unified the human race in the northern region of the holy peace state. he integrated the power of the human dynasties in the northern region of the holy peace state. ”

” and now, the respected emperor xia has received my invitation and plea. he deeply feels the misfortune of the donglin kingdom. the benevolent emperor xia does not wish to see the people of the donglin kingdom in misery and suffering. he can not bear to see the humans of the donglin kingdom being slaughtered and enslaved by the foreign races. ”

“They are willing to send the invincible great Xia Army to protect our Donglin country.”

“Respected Emperor Xia, please accept my bow!”

He said.

Jiang Li. Dong Xiao bowed to Jiang Li and lowered his head.

he is the Emperor Xia?!

the invincible Emperor Xia?!

“He defeated Wei Zheng, and even the Shu country was defeated by him?”

“No wonder His Majesty is so respectful.”

” i used to think that he was some big shot from the wei dynasty. now it seems that those big shots from the wei dynasty are not even qualified to carry emperor xia’s shoes! ”

will Emperor Xia really send his invincible skyscraper Army to aid our Donglin Kingdom? ”

in recent years, the besieging of the ferocious beasts has become more and more frequent. Not long ago, tens of millions of demon soldiers entered the country, causing the Donglin Kingdom to suffer a huge loss once again. The Donglin Kingdom really can’t hold on any longer.

Instantly.

In the main hall.

Jiang Li. the ministers discussed and looked at Jiang Li.

“Your Majesty Emperor Xia, please accept our bow!”

Immediately.

Jiang Li. the ministers and generals of Donglin Kingdom all bowed to Jiang Li.

“Hehe.”

Jiang Li looked at the people in the hall and then at Dong Xiao. He shook his head with a smile and felt a little funny.

This Dong Xiao was clearly worried that he wouldn’t be willing to send out his troops, but he had no other choice. Thus, he could only try his best to praise and flatter himself, and then flatter himself.

it had to be said.

Dong Xiao's speech just now was so emotional that Jiang Li almost believed it himself. He thought to himself, "I'm actually so 'noble'."

Chapter 376

"Ahem."

Jiang Li coughed and said, "Since I'm the leader of the 'human dynasty Alliance', I naturally can't watch the Donglin Kingdom be destroyed by the foreign races and let the human race be enslaved by the foreign races."

"Thank you, Emperor Xia!"

"Emperor Xia is wise and powerful, we are grateful!"

"....."

After that.

The officials of Donglin country bowed again, almost kneeling on the ground.

As for whether these people were really grateful, only they themselves knew.

"Don't just stand there,"

"the great Xia dynasty is in short supply of medicinal and spiritual herbs," Dong Xiao said loudly. "We've come here to see the sincerity of our Donglin kingdom."

” that is why all of you are still not making the necessary preparations. gather all the medicinal herbs and spiritual medicine in the country and send them to the capital of donglin as fast as possible to offer them to emperor xia. ”

“yes.”

“We will do as you command!”

“I’ll go and prepare now.”

“.....”

the officials looked at each other and naturally understood.

Obviously.

Emperor Xia did not send his troops over for nothing. He still needed the Donglin Kingdom to pay him enough ‘compensation’. The compensation would be the medicinal herbs and spirit herbs from Donglin.

“Yes.”

okay. Jiang Li nodded in satisfaction.

Soon after.

Jiang Li was going to build a new base in the capital of Donglin.

Half an hour later.

First, he decided on the location.

It was set to be in the northern part of the Donglin capital.

The buildings in North City were sparse.

At night.

The northern part of the Donglin capital.

The citizens were all dispersed by the soldiers from Donglin country.

Around the north of the city.

Teams of soldiers were patrolling outside the North City and no one was allowed to approach. Jiang Li stood in the center of the North City, looked around, and asked the ordinary mechanical soldiers to start working.

“Rumble!”

Very quickly.

The ground started to shake.

One by one, buildings collapsed. The commotion was naturally not small. The residents of the North City had all been evacuated and scattered in the West, East, and South cities.

“What is this Emperor Xia going to do?”

“I don’t quite understand.”

“Why did you demolish all those buildings for no reason?”

“Are you going to rebuild something?”

In the palace.

The officials of Donglin country looked in the direction of the North City. Because it was too far away and there were buildings blocking their view, and it was night, they could only see the buildings collapsing.

other than that.

He couldn't see anything.

“Alright, stop looking.”

no! Dong Xiao scolded. Emperor Xia, Jiang Li, said it himself. No one is allowed to get close to the North City. If you really found something, you're challenging Emperor Xia.

“When that time comes, no one can predict what kind of consequences will happen.”

“All of you, wait quietly for me.”

“Yes.”

“.....”

The ministers nodded helplessly.

“Your Majesty, will Emperor Xia really send the Xia Army over?”

an official asked.

“Don't worry,”

...

“Emperor Xia will not go back on his word,” Dong Xiao waved his hand.

“That’s good, that’s good.”

The ministers all heaved a sigh of relief.

“.....”

Dong Xiao raised his head to look at the northern city, but he sighed in his heart.

To tell the truth.

he didn’t know if jiang li would send an army, but he could only say that to calm the crowd down.

at this moment.

At the border of Donglin country.

The boundless forest.

roar! “Roar!”

...

In the dark and deep forest.

the low roar of a beast was heard.

It was low and bloodthirsty.

The ground of the forest was shaking.

It could be seen.

The eyes of the beasts in the boundless forest suddenly turned red, as if they had gone mad. Then, they gathered together and formed a terrifying beast tide.

In the dark night.

The beast tide was like a pitch-black Sea wave, sweeping in all directions. It surged out of the forest and charged toward the border County city of Donglin country. The number of beasts was simply too great.

It caused the ground to shake.

It wasn't just the boundless forest.

In the vicious beast plain.

The beasts wandering in the plains also went berserk for no reason. They seemed to have been stimulated by something and then gathered into a beast tide.

They were all heading towards Donglin country.

A disaster was about to befall them.

late at night.

BOOM! BOOM!

The ground shook.

In the city closest to the boundless forest.

“Vicious beasts tide!”

“Heavens!”

“It’s over, it’s over, Yingluo.”

On the city wall.

The human soldiers looked ahead in despair. What they saw was a scene that was as vast as the horizon. Endless ferocious beasts formed an endless tide that surged over.

There were too many!

There were too many berserk beasts.

It was impossible to block it.

“kill!”

This city’s city Lord and generals tried to resist, but it was like a Mantis trying to stop a chariot, or an egg trying to hit a rock. In front of such a terrifying beast tide, they could not resist.

The military strength of a mere city.

It was like a cup of water on a burning cart of firewood.

half an hour later.

The city had fallen.

All the people in the city.

All of them became food for the beasts.

At the same time.

The city closest to the plains of the wild beasts had also fallen.

two berserk beast tides.

one of them came from the vast forest and invaded from the east of donglin kingdom. the other came from the plains of the fierce beasts and invaded from the south of donglin kingdom.

The soldiers stationed in the county city of Donglin country could not resist at all. They were forced to retreat again and again, causing cities and County cities to fall one after another.

Over a million citizens of Donglin country were buried in the bellies of the ferocious beasts.

The northern part of the Donglin royal capital.

The night came.

the work of the normal mechanical soldiers had already been completed. a large number of buildings had been demolished in the northern part of the donglin royal capital, leaving a large area of empty land.

He could start building.

“To build the Army base.”

Shua!

The Dominator panel opened.

Jiang Li spent one hundred million energy points to build the fourth base.

Buzzzzzz!

an illusory projection of a building appeared out of thin air on the empty ground.
the ordinary mechanical engineers and mechanical soldiers stood around the
projection of the building.

A large number of energy points were converted.

Shua! Shua!

At a speed visible to the naked eye.

the illusionary projection of the building was gradually solidifying.

It would take about an hour.

On the other side.

Donglin Palace.

“your majesty!”

A civil official ran in in panic and knelt on the ground, shouting in fear, ”
“Something has happened, something big has happened!”

“What’s going on?”

Dong Xiao shouted in a deep voice.

“berserk beast tide! It’s the berserk beast tide!”

two waves of beasts! the Civil official cried out in fear. there are two waves of beasts invading Donglin at the same time from the boundless forest and the Beast plain.

“Currently, Xuanji has already lost several counties.”

“I can’t block it, I can’t block it at all!”

“What?”

“How could this happen?”

“Impossible! It’s impossible!”

“Without the birth of a ‘beast King’, how could there be a berserk beast tide?”

” moreover, in order to avoid the occurrence of a beast tide, our donglin country would try our best to reduce the number of beasts every year. it’s impossible for a beast tide to happen! ”

In the palace.

The officials ‘eyes widened.

He couldn’t believe it.

“Pass down my order.”

Dong Xiao quickly calmed down and shouted, ” immediately gather the entire Army of Donglin country, then split the Army into two. At all costs, we must defeat the beast tide.

“Yes!”

“We will do as you command!”

all of the officials and generals looked at each other with solemn expressions.

It could be said that ...

At this moment.

It was already related to the survival of the country.

If they couldn’t stop the berserk beast tide.

Then, Donglin country would be completely finished.

so,

There was nothing much to say.

The only thing they could do now was to work together to stop the beast tide.

“Your Majesty, can we ask Emperor Xia for help?”

At this moment.

Ding Lin, the Prime Minister of Donglin, asked.

no one is allowed to approach the North City. Emperor Xia is still in the North City and has not come out.

Dong Xiao said.

“Your Majesty, Donglin country has already reached a moment of life and death. We can’t care so much anymore.”

Ding Lin said.

“That’s enough,”

Dong Xiao waved his hand and chided, ” don’t mention this matter again. If you anger Emperor Xia, it will only be more terrifying than the beasts tide. I will personally lead the Army. I will definitely be able to defeat the beasts tide.

“All troops, move out!”

half an hour later.

Donglin country’s entire Army was mobilized.

dong xiao personally led 100000 imperial guards and a million soldiers to intercept the beast tide that was invading from the vast forest.

donglin kingdom’s general ‘zhao wuji’ led one million elites and two million soldiers to intercept the beast tide that was invading from the beast plain.

It could be said that ...

This was the entire military strength of Donglin Kingdom.

If he failed ...

the donglin kingdom would definitely be destroyed.

at this moment.

The northern part of the Donglin royal capital.

it took an hour.

The base of the 04 division was finally completed.

The illusionary building now had a real existence.

The iron gate of the city wall opened.

Jiang Li walked in.

He went straight to the room in the ruler's hub.

buzzzzzz!

The purple human face appeared.

"my lord, the army base 04 is at your service."

A mechanical voice sounded.

"Alright," he said.

"you're the hidden dragon no. 4, " jiang li said. " from today on, you're the hidden dragon no. 4. "

Soon after.

He walked out of the room in the ruler's hub.

Ten meters away from the mech factory.

teleportation mechanical soldiers, build teleportation stations.

Jiang Li used ten million energy points.

“Yes.”

The mechanical teleporter used his skill.

The illusionary teleportation station appeared.

It gradually solidified.

Half an hour later.

Teleportation Station No. 04 was completed.

The main gate of the station opened.

Jiang Li walked in with the meches.

“Whoosh!!!”

The mechanical teleporter used his skill to contact the ‘normal wormhole maker’ in the 01 army base. Space cracked open, forming black vortexes.

It was the ‘wormhole passage’.

“I’m done.”

okay. Jiang Li smiled.

It could be said that ...

As the No. 04 base was built, the entire Donglin capital would be in Jiang Li’s hands.

The Donglin Kingdom would definitely be in Jiang Li’s hands.

At most, it was only a matter of time.

One had to know.

although the great xia dynasty had a vast territory, most of it belonged to the alien race. they had captured many alien race slaves.

but ...

After all, a slave was just a slave.

The most important thing was ...

The population of the great Xia Dynasty was too small.

If they could take down Donglin country ...

The problem of the low population could be alleviated to some extent.

“Let’s go,” he said.

let's go. Jiang Li left the base with the meches.

“Your Majesty, Emperor Xia.”

As soon as Jiang Li walked out of the northern city of the capital, Minister ding Lin walked over with a few important ministers of the kingdom of Donglin. They knelt down and prostrated themselves.

“Please save Donglin country.”

Ding Lin and the others pleaded.

“What are you guys doing?”

” what’s wrong? ” jiang li asked.

” your majesty emperor xia, i don’t know why, but two waves of beasts have invaded donglin from the boundless forest and the plains of beasts at the same time. there are too many beasts, and they are already unstoppable. several county cities have been destroyed. emperor dong xiao and general zhao wuji led the entire country’s army to intercept them. ”

Ding Lin quickly explained. however, the beast tide is too terrifying. Emperor Dong Xiao and the others are most likely doomed this time. I beseech Emperor Xia for help.

Chapter 377

“Berserk beast tide.”

Jiang Li murmured.

A beast.

beast tide? ” Jiang Li had heard of it before, but he had never seen it.

“Hurry up and bring the things up.”

Ding Lin shouted.

“yes!”

Immediately.

Eunuchs and Palace maids brought over large chests and placed them together before opening them.

Shua!

The light of spiritual crystals lit up.

respected Emperor Xia, these are all the lower spiritual crystals that our Donglin Kingdom has accumulated over the years. We are willing to offer all of them to Emperor Xia. Please send your troops!

Plop!

Ding Lin and the others knelt down again.

“Spirit crystals.”

Jiang Li’s eyes lit up.

However ...

The power of the Donglin Kingdom was average, and it had been exploited by the Wei Dynasty all year round. Therefore, there were not many spiritual crystals left, only 50000 lower spiritual crystals.

There wasn't even a single middle spiritual crystal.

50,000 lower spiritual crystals.

If they were converted to energy points.

that would be 500 million points.

Not much.

however ...

This was all that Donglin country had.

They had already emptied the Treasury.

“Yes.”

Jiang Li looked away and said, “I’ll take the crystals. I’ll try to solve the beast tide. You can leave now.

“This bi an ...”

Ding Lin and the others looked at each other.

“What?”

jiang li frowned.

“We will take our leave.”

Ding Lin and the others exchanged a glance, then immediately got up and left.

Very quickly.

they disappeared from jiang li’s sight.

“move these crystals into the base.”

go! Jiang Li ordered.

“Yes.”

Yes, sir. the mechanical teleportation soldiers responded and followed Jiang Li back to the base of the No. 04 Army.

“Minister Wen, will Emperor Xia really help?”

Someone asked.

“I don’t know,”

Ding Lin sighed.

that’s 50000 lower spiritual crystals! The entire Treasury of Donglin country has been emptied!

I hope that Emperor Xia can really send out his troops.

“This is all we can do.”

the great Xia Dynasty is so far away from Donglin. Even if Emperor Xia is willing to send troops over, will he be able to make it in time? ”

Everyone said.

He was very worried.

In the base.

“Convert!”

Buzzzzzz!

...

Jiang Li waved his right hand and converted the 50000 lower spiritual crystals.

conversion successful. 500 million energy points obtained!

A notification appeared.

“It’s better than nothing,”

Jiang Li shrugged.

In reality.

jiang li already thought of the donglin kingdom as his own. it would become part of the xia dynasty sooner or later. he couldn’t just watch the donglin kingdom be destroyed by the beasts.

That was why Jiang Li had already planned to send troops.

moreover, it was not just donglin country.

The Yong Ling dynasty, the great Cang, the great Jin dynasty, the great Wei Dynasty, and even the Shu country.

These human dynasties ...

...

Jiang Li wanted to control all of them.

He wanted them to become part of the great Xia Dynasty.

Of course.

it would not be easy to achieve this goal.

It was impossible to achieve it in one stroke.

He needed to slowly figure it out.

He would start from Donglin country.

“Contact QX01.”

Jiang Li said.

“Yes.”

QX04 nodded.

After that.

The skill was cast.

Activating holographic communication.

Buzzzzzz!

The communication was connected.

“whoosh!”

It formed a holographic projection in front of Jiang Li.

“Chief sovereign.”

QX01 appeared on the screen and saluted Jiang Li.

“Yes.”

yes. Jiang Li nodded and ordered, ” activate the ‘teleportation room’ and send four million meches to the base of Army 04.

“Yes.”

QX01 agreed.

“whoosh!!!”

The teleportation room was activated.

Shua! shua!

There were spatial fluctuations.

The teleportation room and the mech factory flashed a few times, and the four million meches were teleported from the mech factory in Base 01 to the mech factory in base 04.

Zh01 and zh02 walked out of the mech factory in base 04. Their figures grew bigger and bigger. Then, they went to the room in the ruler's hub in base 04.

“My Lord!”

The two commanders saluted.

“yes.”

yes. Jiang Li nodded and said, “ four million meches will be divided into two legions. Army No. 1 and Army No. 2,”

“The two of you will decide on the arrangement of the troops and the types of soldiers.”

“there is only one target.”

annihilate the beast tide that invaded Donglin country.

“Yes.”

“yes, sir!”

“Commander!” Zh01 and zh02 saluted.

“boom!”

Not long after.

The engine roared.

On the empty ground of the base.

The transport mech soldiers appeared and conjured large military transport planes. The meches entered the planes one by one.

“roar!”

It was the roar of a Dragon.

The mechanical dragon cavalry flew into the sky and circled around.

Shua! Shua!

At the same time.

A thousand mechas and Ares-class soldiers appeared.

They formed a mecha team.

There were also mech-wing soldiers, light bombers, fighter jets, and other mech Air Forces.

“Beast exterminating Legion No. 1, set off!”

the fleet was made up of 10000 transport planes, surrounded by mech dragon cavalry and mech ares soldiers. there were also a large number of mech air soldiers, forming a mech army.

They flew out of the base as fast as they could.

It could be seen.

The No. 1 beast-exterminating Legion was heading east of Donglin Kingdom.

“Quick, Run Run, look at ran run.”

“In the sky! In the sky!”

“That Yingluo, that’s Yingluo.”

Within the capital.

The residents of Donglin country heard the commotion. The beast-exterminating Army’s movements were not small. The roar of engines and the roar of the giant Steel Dragon spread throughout the capital.

Everything.

The hundreds of thousands of people raised their heads and looked up into the sky. They saw the massive iron birds, the terrifying Dragons, and the massive steel puppets.

They formed a powerful Army.

“Si si si ...”

“What are these things?”

“They flew out from the North City.”

“North city’s Suan ni”

“Emperor Xia is in the North City!”

“Also, have you all noticed that we’ve seen those enormous iron birds before? it seems that Emperor Dong Xiao returned on those iron birds.”

could it be that they are the Army of Emperor Xia? ”

“Emperor Xia has sent out his troops? they really sent out their troops?”

“That’s great, that’s great.”

“Donglin Kingdom is saved.”

Donglin Palace.

Civil Minister ding Lin and the others were all extremely excited. They watched as the Army in the air flew away from the Donglin capital, their expressions filled with joy and their gazes filled with reverence.

“BOOM!”

Very quickly.

The second beast-exterminating Legion was dispatched. Once again, the fleet covered the sky above the capital of Donglin and flew towards the South of Donglin Kingdom.

“Another army!”

“Gulp!”

“How did these troops appear?”

“.....”

Ding Lin and the others looked at the return of the capital's northern city, and immediately retracted their gazes, not daring to look any longer, afraid to see something they shouldn't see.

Obviously.

These armies had appeared too quickly.

There must be a secret in North City.

This was easy to guess.

but ...

They didn't dare to investigate.

he was afraid that it would bring about a fatal disaster.

Prime Minister Wen, if Jiang Li can summon the Army from the North City at any time, and this is the capital of Donglin and the North City isn't far from the palace, then we're going to be in trouble, ” the man said.

“Shut up!”

Ding Lin berated, directly interrupting, and shouted, ” “Don't say what you shouldn't say.”

“.....”

The others immediately fell silent.

base 04.

Within the room in the ruler's hub.

Shua! Shua!

QX04 projected the images of beast-exterminating Army No. 1 and beast-exterminating Army No. 2. The two armies were still marching and had not arrived at the battlefield.

“berserk beast tide.”

” there should be a lot of fierce beasts, ” jiang li thought. ” i can get soul tinders by killing fierce beasts. i wonder how much i can get this time. ”

jiang li was looking forward to it.

East of Donglin country.

Changlu County.

Roar!

The roars of countless ferocious beasts overlapped and resounded in all directions like earth-shaking Thunder, containing a terrifying power.

kill!!!

Dong Xiao led 100000 Imperial Guards and a million soldiers out.

Whoosh! Whoosh! Whoosh!

In the air.

Countless sharp arrows, crossbow bolts, and boulders fell into the beast tide, killing many beasts, but it was only a drop in the bucket.

at this moment.

The beasts had already reached the bottom of the city wall.

“All troops, charge!”

“Set up the formation!”

“Roar!”

The murderous aura of the Army gathered.

He set up a Grade 3 army formation.

Very quickly.

A huge battle formation beast was formed. It was a Dragon-Lion beast with a dragon head and a Lion body.

kill!!!

BOOM! BOOM!

It could be seen.

The beast tide and the Army of Donglin country clashed head-on. The Dragon-Lion beasts pounced and killed a large number of beasts. Corpses were strewn all over the ground and blood was splattering everywhere.

“Ah!”

A miserable scream rang out.

The beasts charged into the Army formation, pouncing on the soldiers one by one, crushing their throats, biting off their heads, and devouring the corpses.

Wuwuwuwuwu!

a mist of blood enveloped these beasts.

“These beasts are not normal.”

in the sky.

dong xiao frowned as he stood on the head of the true dragon of national aura and looked down at the battlefield. he spread out his divine sense, but he couldn't sense the aura of the 'beast king'.

One had to know.

The appearance of every berserk beast tide meant the birth of a 'beast King'.

each 'beast king' was at the fourth rank.

However ...

In this beast tide.

There were no tier 4 beast Kings.

Furthermore ...

The eyes of these ferocious beasts were Scarlet, and their bodies were shrouded in a bloody mist. They seemed to have been stimulated by something, which was why they had gone crazy.

“Something’s wrong!”

Dong Xiao’s expression was grave.

“BOOM!”

Suddenly.

From the rear of the beast tide, a figure broke through the air at a very fast speed. In the blink of an eye, he had killed the Army of beasts.

“Don’t even think about it!”

“Roar!”

let’s go! Dong Xiao shouted. The 100-meter-long true dragon of National aura roared and merged into his body. His power burst out and he rushed toward the figure at extreme speed.

“Human King of Donglin, where do you want to go?”

BOOM!

Suddenly.

Another burly figure streaked across the sky and threw a punch. A huge fist print, which was filled with vast energy, smashed toward Dong Xiao.

“Whoosh!!!”

This power was intertwined with the power of totem and Zhen Yuan.

“A fourth level barbarian!”

Dong Xiao cried out in shock.

Bang!

a huge explosion was heard.

Dong Xiao was sent flying by this punch. His expression was aghast as he looked at the burly figure in front of him, his heart growing heavier.

Barbarian!

it was actually a barbarian!

He did not expect this.

Dong Xiao had not expected this.

One had to know.

It had been a long time since there were any traces of a barbarian tribe in the northern region of the Holy peace state. Most of the barbarians had become slaves.

“Roar!”

“Ah!”

The dragonlion beast howled in grief, and its massive body exploded. The stage 3 formation was destroyed, and the moment it was destroyed, many of the human soldiers suffered a backlash.

The berserk beasts immediately retaliated, causing a large number of casualties.

“It’s time for the Donglin Kingdom to be destroyed.”

Shua! Shua!

very quickly.

two more figures flew over.

The aura was powerful.

They were all Tier 4 existences.

“You guys ...”

Dong Xiao was instantly filled with despair.

Chapter 378 The tribe

Barbarians.

The ‘mixed-blood alien race’ that was born from the Union of barbarians and humans.

There were different kinds of rare demons and devils.

On the continent.

The barbarians were the same as the half-demons.

There were a lot of them!

There were a lot of them!

Moreover, the barbarians had the totem talent of the Barbarian race and could also practice 'human martial arts'. After combining the two powers, they would have a special power.

The barbarians called it the power of the barbarians.

the barbarian tribe was similar to the half-monster alliance.

it was a huge force led by barbarians, and its tentacles covered the entire 'super fantasy world'. there would be traces of barbarian tribes in every continent and region.

A hundred years ago.

A major event had happened.

The main branch of the Barbarian tribe in the northern region of the Saint peace state had been found by the Shu nation and the news had been spread.

but ...

After receiving the news.

the black dragon barbarian kingdom still sent their troops.

Hence.

The armies of the Shu nation and the Black Dragon barbarian kingdom had killed their way to the 'main branch' of the Barbarian tribe in the northern region of the Holy peace Region and destroyed it.

Ever since this incident.

there were no more traces of the barbarian tribe in the northern region of the holy peace region.

Only the 'half-monster Alliance' was still operating in the dark.

To tell the truth.

Dong Xiao had never thought that he would actually encounter experts from the 'barbarian tribe'. Furthermore, there were a total of four 4th rank experts, and they had even created a berserk beast tide.

Four fourth-ranked barbarians.

And in Donglin country.

In the entire country, there was only one type 4.

that was dong xiao himself.

Not only that.

Dong Xiao was still only at the initial stage of the fourth rank.

Even with the power of the true dragon of National aura, the true dragon of Donglin country was only 100 meters long. The National aura was too weak, and the increase was not enough. Therefore, Dong Xiao's combat power was only stronger than the average early stage of the fourth rank at most, and naturally could not be raised to the mid-stage of the fourth rank.

He was facing four barbarians at the initial stage of the fourth level.

Dong Xiao had no chance of winning.

“Dammit! You should die!”

Dong Xiao’s heart was incomparably heavy as he furiously roared, ” “What is your barbarian tribe plotting?”

He had not expected this at all.

the mastermind behind this ‘berserk beast tide’ was actually the ‘barbarian tribe’.

“A scheme?”

One of the fourth-level barbarians laughed maliciously and looked at Dong Xiao. you’re wrong. The human King of Dong Lin has never had any schemes from the start. We just want to destroy your Dong Lin Kingdom!

“Just like how you enslaved and slaughtered the barbarians.”

“Kill!”

BOOM!

as soon as he finished speaking.

This fourth level barbarian immediately launched an attack on Dong Xiao. His totem was revealed. It was a huge single-horned Python, and a vast amount of barbarian power was surging.

“Roar!”

He punched out with both fists.

The single-horned mad Python followed him and attacked.

“Scarlet Dragon Seal!”

boom!

Dong Xiao’s hands formed a seal, and the eastern forest Red Dragon fused into his body, increasing his strength. His Zhen Yuan condensed, forming a Red Dragon-shaped seal.

Bang!

an explosion sounded.

The Scarlet Dragon Seal was broken, and the single-horned mad Python was also shattered.

...

Energy shockwaves spread out.

Dong Xiao was forced to retreat.

Shua!

His figure flashed.

The other fourth-level barbarian attacked. His speed was so fast that he was like a huge Eagle. His huge sharp claws tore through the air.

Pfff!

Although Dong Xiao dodged with extreme speed, he was still a step too slow.

His chest was torn apart with several wounds.

Blood splattered everywhere.

Shua! Shua!

The other party did not give Dong Xiao any chance to catch his breath.

...

The other two fourth-level barbarians joined forces to attack. One of them was like a huge bear with terrifying strength, while the other was as agile as an ape.

“Ah!”

Dong Xiao screamed.

How could he withstand the joint attack of four fourth-grade barbarians?

They had only exchanged a few moves.

He spat out a mouthful of blood. His chest was punched by the bear-like barbarian. His ribs were broken, and he was sent flying.

“Your Majesty!”

On the battlefield.

The generals of Donglin country cried out in shock.

“roar!”

On the battlefield.

Countless ferocious beasts roared and pounced.

Human soldiers fell one after another.

* Cough cough *

Dong Xiao fell to the ground, coughing up blood. He was severely injured. Looking at the battlefield and the four fourth-grade barbarians in the sky, his heart was filled with sorrow.

“i didn’t expect that donglin kingdom would be buried in my hands in the end.”

Dong Xiao let out a bitter laugh. He lifted his head and looked at the four fourth level barbarians. He then shouted angrily, ” “However, even if I die, I’ll drag you guys down with me!”

“Roar!”

As soon as he finished speaking.

Dong Xiao was about to detonate the true dragon and the true energy in his body to take down the fourth grade barbarian with him.

The four fourth-level barbarians immediately retreated.

“Rumble!”

At this moment.

The roar of an engine came from the horizon not far away, like a deep thunder. Large military transport planes flew over one after another. The beast exterminating Legion number one had arrived on the battlefield.

“That Yingluo, that’s Yingluo.”

Dong Xiao raised his head and saw the familiar ‘iron birds’. He was in disbelief, but an ecstatic expression quickly appeared on his face.

“emperor xia! It must be Emperor Xia!”

Dong Xiao shouted excitedly, ” hahaha, Qianqian, Emperor Xia is here. Emperor Xia has really sent his Army over. Hahaha, Qianqian, you barbarians are dead. All of you are dead!

“.....”

in the air.

The four fourth-level barbarians looked at each other and then at the huge iron bird in the sky. They were puzzled and murmured, ” “What are these things? Puppetry or mechanism?”

Emperor Xia? ”

is he really Emperor Xia of the great Xia Dynasty? ”

“But why would the great Xia Dynasty’s Army suddenly appear in Donglin? What’s going on?”

the half-monster Alliance’s base in the great Xia Dynasty was destroyed by Emperor Xia. The entire sub-Alliance was destroyed, and only Jiang Yaotian managed to escape.

The four fourth-level barbarians were discussing in a serious tone.

“The great Xia Army? The great Xia Army has come to our aid?”

“That’s great! That’s great!”

“Brothers, the great Xia Army is here!”

“Charge!”

“Our reinforcements have arrived!”

At this moment.

The Donglin country generals ‘expressions changed and they immediately shouted.

“Charge!”

“kill!”

“Kill these beasts!”

“Hahaha, Yingluo, our reinforcements are here!”

The originally low morale of the Donglin country was greatly boosted. They roared repeatedly and fought with all their might.

“beast-exterminating legion no. 1, attack!”

Zh01 led the 1st beast exterminating Legion to the battlefield and immediately issued the order to attack. Hundreds of thousands of light bombers and fighter jets flew into the beast tide.

BOOM! BOOM! boom!

In an instant.

one after another, bombs were dropped into the beasts. the terrifying shells exploded and flames soared into the sky.

“Rumble!”

The ground was shaking.

“Roar!”

The sorrowful roars of countless beasts rang out.

It could be seen.

these beasts were blown to pieces by the cannonballs. blood and flesh flew everywhere. it was a complete massacre. hundreds of thousands of beasts were killed easily.

“Si si si ...”

“The power of this Suan ni is too terrifying, Suan ni.”

“What are these weapons? The destructive power is too shocking, and it’s all area of effect. I’m afraid hundreds of thousands of beasts will die in this round of attacks!”

“Hurry up! Retreat! Don’t get caught up in the shockwaves of these attacks!”

The soldiers and generals of Donglin country were all dumbfounded. They looked at the terrifying scene created by the artillery shells.

They were in awe and fear.

He was too strong!

he was simply too strong!

“Is this the strength of the great Xia Army?”

Dong Xiao’s eyes widened as he looked at the battlefield. He was similarly stunned. the rumors are indeed true. The great Xia Army’s combat power is too terrifying. They’re even stronger than the rumors!

“After seeing it today, it’s truly shocking.”

“Land!”

BOOM! BOOM!

At this moment.

The large military transport aircraft landed from the sky, and millions of mechanical army units rushed out of the cabin. There were all kinds of soldiers, including Level 1, Level 2, and Level 3.

Even the mechanical giant soldiers and energy destroyers appeared on the battlefield.

“Fire!”

BOOM! BOOM! boom!

The artillery position was set up.

The cannons fired cannonballs into the air and into the beasts. The cannonballs exploded, and the bodies of the beasts flew everywhere. The ground was also blasted with holes.

Not only that.

The mech winged Air Force, glider Air Force, and other mech Air Forces also joined the battle. They launched attacks from the sky and killed many beasts.

There were even electric-powered mechanical paratroopers who directly jumped down from the plane and descended from the sky, killing their way into the beast tide.

Kachaa! Kachaa!

Electric energy was released, accompanied by lightning and thunder.

a large number of ferocious beasts were electrocuted into charcoal.

“How is this possible?”

“These soldiers ...”

“These weapons!”

The four fourth-level barbarians ‘faces were filled with horror. Their eyes were filled with fear as they looked at the sudden change in the situation. They were caught off guard.

the most important thing was ...

The combat power of the great Xia Army was too terrifying. Under the attack of the two million meches, the beasts were beaten to a pulp.

A large number of berserk beasts were killed.

In the room of the ruler's hub in the base of the 04 Army.

Jiang Li looked at the scene from the beast-exterminating Army No. 1. His eyes glowed when he saw the tide of beasts on the ground.

there are actually so many berserk beasts. Just a rough estimate puts the number at around three to four million. Most importantly, these berserk beasts don't know how to set up an army formation. Although their physical strength is relatively strong, they don't have an army formation to resist the bombing of the bombers and cannons. Under the bombardment of the bombers and cannons, these berserk beasts are just here to deliver the soul Tinders.

Shua! Shua!

In front of him.

A series of notifications popped up.

As a large number of beasts were killed by the number one beast exterminating Legion, they captured a large number of soul Tinders remotely through the meches.

"Barbarian?"

At this moment.

jiang li noticed the four barbarians above the beast tide. " and they're level four barbarians. it seems like there's someone behind the beast tide that swept through the donglin kingdom. "

" my lord, the second beast-exterminating army has arrived at the battlefield. "

qx04 reported.

the second beast-exterminating Legion has also arrived at the battlefield. Display the images.

Shua!

The scene of the second beast-exterminating Legion was enlarged in front of Jiang Li.

In the South of Donglin country.

Lingdong County.

The battlefield was filled with corpses.

The Army led by Zhao Wuji suffered a crushing defeat. A large number of Donglin soldiers died, and their corpses became food for the beasts. It was an extremely tragic sight.

Even though the number of soldiers led by Zhao Wuji far exceeded the number of soldiers led by Dong Xiao,

but ...

Zhao Wuji was only at the Grand completion of Tier 3.

the sudden appearance of the fourth level barbarian was too powerful. without the combat strength of a fourth level, zhao wuji and the others combined the power of several military formations and barely held on for a while.

In the end, he was still defeated.

The grade 3 army formation was even destroyed by a few Grade 4 barbarians.

Chapter 379 A bumper harvest

It wasn't that Zhao Wuji and the others weren't brave and good at fighting, and it wasn't that they didn't risk their lives, but that the enemy's strength was too strong, the gap was too big, even if they went all out they still wouldn't be able to win.

BOOM!

In the air.

One of the fourth-level barbarian's fist smashed down. Energy gathered, and a huge fist print was like a mountain, shattering the joint attack of Zhao Wuji and the others.

“Ah!”

Pfff!

Zhao Wuji let out a blood-curdling screech as he spat out a mouthful of blood. All of the grade 3 human generals around him were also heavily injured and fell to the ground.

Bang!

zhao wuji fell, smashing a deep pit on the ground.

* cough cough *

Zhao Wuji coughed up blood, his face deathly pale.

you're just a mere Tier 3 at the perfected stage. How dare you fight me? you don't know what's good for you.

The level four barbarian sneered disdainfully, "if it wasn't for the military formation, I could have killed you in three moves.

"Hehe, Yingluo."

Zhao Wuji sneered, looking at the fourth level barbarian standing in the air, and sneered, "barbarian bastards, what are you so arrogant for? If you have the guts, you can go to the Shu country to take revenge."

"I don't think you guys have the guts to do that. After all, the main branch of your barbarian tribe in the northern region of the Saint peace state was destroyed by the Shu country."

"He's probably scared out of his wits."

"Hahahahaha!"

Zhao Wuji laughed wildly.

"You're looking for death!"

BOOM!

This Level 4 barbarian was furious. He made a move in anger. His figure was like a black stream of light, rushing straight down. A huge fist was aimed at Zhao Wuji's head.

"General!"

In the surroundings.

The soldiers of Donglin country glared at him.

"whoosh!"

It was a sky-blue sword light that streaked across the night sky, making a buzzing sound. It was as fast as lightning, slashing towards the fourth level barbarian.

“Who is it?”

The fourth level barbarian retreated quickly and avoided the sword.

In the air.

a nine-meter-tall mecha appeared in front of everyone’s eyes. in its right hand, it held a sky-blue energy beam sword that looked like a ‘fluorescent tube’.

There were energy flames on his feet and back.

It allowed such a huge body to fly and move in the air nimbly and swiftly.

“Rumble!”

on the horizon.

The sound of the engine was like a deep thunder.

it even suppressed the roars and howls of the beasts on the ground.

At this moment.

All the living beings on the battlefield looked up at the sky.

Then, they were all dumbfounded.

these huge iron birds and strange weapons ... They are the great Xia Army! They must be the great Xia Army!

“Why would I?”

“Why would the great Xia Army appear here?”

Shua! Shua!

The four level four barbarians gathered together and looked at the mech Army in the sky with a serious expression.

Obviously.

They had not expected the great Xia Army to appear.

“The great Xia Army, they are the great Xia Army?”

Zhao Wuji stared blankly, both surprised and overjoyed. The expression on his face could not help but be filled with excitement and agitation, ” I didn’t expect, I really didn’t expect that the great Xia Army would actually fly over from the sky.

“could it be that this is the air force of the great xia army?”

I’ve seen the demon race’s aerial troops, but I’ve never heard of a human dynasty having one. It’s incredible.

“Hahaha, Yingluo, our reinforcements are here!”

“Brothers, kill!”

...

“It’s time to counterattack!”

kill!!!

Battle cries rang out.

“Beast exterminating Legion No. 2, attack!”

At the same time.

Zh02 also gave the order to attack.

After that.

Just like the No. 1 beast-exterminating Legion, they first used light bombers and fighter planes to carry out aerial bombardment and machine gun fire.

Immediately after.

The mech-wing air Force and other Air Forces launched an attack in the air.

The mechanical dragon cavalry’s target was the 3rd rank ferocious beasts.

...

After that.

the large military transport aircraft landed from the sky, and all the mechanical army units appeared. they came out of the cabin, set up artillery positions, and carried out a ground-clearing bombing.

The No. 2 beast-exterminating Legion also displayed the terrifying power of a modern war force.

Furthermore ...

Jiang Li's mech's physical fitness was far better than ordinary humans, and he had all kinds of super-advanced weapons. Naturally, his combat power was more terrifying.

"he's too strong!"

"He's really too strong!"

"Si si si ..."

Zhao Wuji and the other generals of Donglin country sucked in a breath of cold air. They looked at the scene on the battlefield, the flames that filled the sky, and the power of the artillery shells.

"BOOM!"

the mechanical giant soldier launched a 'small energy missile', which then exploded on the battlefield, forming a huge mushroom cloud that rose up.

The earth quaked and the mountains shook.

"oh my god!"

"This Suan NI's power is at least at the fourth rank, right?"

"Gulp!"

"The great Xia Dynasty's Army is too strong. With such a Regiment, which dynasty can be a match for the great Xia Dynasty? Even the Army of the Shu state is not necessarily so powerful, right?"

"It's mainly because of these special weapons. Their destructive power is too shocking."

Everyone was extremely shocked.

“Let’s go!”

“retreat!”

there’s a change in plans. The great Xia Dynasty’s Army has suddenly appeared in Donglin country.

no wonder the half-monster Alliance was defeated in the great Xia Dynasty. Such a terrifying Army and weapon is comparable to the elite army of some lower dynasties.

The four fourth-level barbarians looked at each other and saw the fear in each other’s eyes.

Shua! Shua!

Hence.

they immediately retreated.

“Mechas and Ares-class weapons, move out.”

Buzzzzzz! Buzzzzzz!

Hundreds of fourth-level mechas and Ares-class weapons were moving at full speed. They had already sealed off the entire battlefield. The four fourth-level barbarians were just about to escape when they were blocked.

“Kill!”

“A mere puppet dares to stop us!”

“Charge out!”

BOOM! BOOM!

The four fourth level barbarians roared in anger.

Shua! Shua! Shua!

In the air.

It was as if there were countless sword-lights formed by energy beam swords intertwining together, like an inescapable net formed by sword-lights.

“Ah!”

A shrill scream resounded through the sky.

Pfft! Pfft! Pfft!

Blood splattered everywhere.

When the net-like swordlight disappeared, the bodies of the four fourth-level barbarians were continuously torn apart, turning into pieces of minced meat and falling to the ground.

They all died.

“Yingluo died just like that?”

“Four fourth-ranked barbarians were killed just like that?”

“How long did it take?”

“A few seconds?”

“Four National guardians were all killed in just a few seconds? Could it be that those steel puppets are all at the 4th rank?”

“Heavens!”

“A few hundred type 4 experts!”

“Is this the terrifying power of the Grand Xia Dynasty? Is this for real?”

“This is crazy! I must be crazy! that’s why there’s such an illusion. it must be, it must be yingluo.”

The generals of Donglin country shook their heads and mumbled like fools.

at the same time.

in changlu county.

Shua! Shua!

The four fourth-level barbarians also wanted to run away, but they were also stopped by the mechas and Ares-class soldiers. Under the siege of hundreds of fourth-level mechas, the four fourth-level barbarians couldn’t survive. They were no match for them.

Not long after, two of them died and were dismembered.

“Wait a moment!”

Dong Xiao recovered from his shock and shouted, ” my Lord, please leave them alive. The Barbarian tribe has suddenly reappeared in the northern region of the

Holy peace Region. They have sent so many fourth-level barbarians just to deal with the Donglin Kingdom, and they have even ‘incited’ the ferocious beasts. There must be some conspiracy behind this!

“the barbarian tribe.”

Jiang Li heard Dong Xiao’s words through the holographic mech’s communication. ” is it an organization of the same nature as the half-monster alliance? ”

“Since that’s the case ...”

“Zh01, think of a way to capture these fourth level barbarians.”

Jiang Li said.

“Yes.”

Zh01 nodded.

“Don’t even think about it!”

After hearing Dong Xiao’s words, the two fourth-ranked barbarians who were still alive looked at each other with determined expressions. They immediately detonated the energy in their bodies.

BOOM! BOOM!

there were two loud sounds.

The two fourth-level barbarians self-destructed.

the power of the explosion wasn’t weak. it sent more than a dozen mechas and ares-soldiers flying. these mechas and ares-soldiers were at least 10% damaged.

It was considered a light injury.

“He actually committed suicide.”

dong xiao was stunned.

“You’re quite unyielding.”

Jiang Li felt it was a pity.

Buzzzzzz!

Suddenly.

A pure golden spot of light condensed from the ground of minced meat. It was a fourth-level Soul Fire seed. After killing eight fourth-level barbarians, it dropped a fourth-level Soul Fire seed.

Shua!

The light spot disappeared.

It was captured by the mech.

[acquired a Tier 4 soul Tinder!]

A notification appeared.

Although he didn’t catch the Barbarian alive, he didn’t lose out too much since he got a fourth-grade soul Tinder. Moreover, even if he caught these barbarians, he might not be able to get anything out of them.

One had to know.

Luo Wuding, the old man of the Wei Dynasty, also resisted Bai zhanbo's interrogation and gave Jiang Li false information.

The eight fourth-grade barbarians were all dead.

The 'mastermind' was finally resolved.

but ...

the battle with the berserk beasts continued.

Two berserk beast tides.

There were many fierce beasts. In total, there were nearly seven to eight million fierce beasts. This was almost 80 to 90% of the fierce beasts in the boundless forest and the fierce beast plain.

"To be able to 'gather' so many beasts, I wonder what kind of method these barbarians used. This barbarian tribe is obviously not simple."

Jiang Li thought.

BOOM! BOOM! BOOM!

In the image.

There were constant explosions.

With the addition of Jiang Li's mech Army, the situation was completely reversed. A large number of beasts were killed on the battlefields in Changlu County and Lingdong County.

Aowuu!

Finally ...

It seemed that the death of the eight level four barbarians had awakened the beasts. Under the attack of the mech Army, they felt fear instinctively.

Hence.

The remaining beasts began to flee in all directions.

The beast tide had been defeated.

“Continue the chase.”

go! Jiang Li ordered.

“Yes.”

Zh01 and zh02 responded and led the beast exterminating Legion to chase after the escaping beasts. In the end, they chased them all the way to the boundless forest and vicious beast plain.

Almost 99% of the beasts in the two beast tides were killed. Only a few escaped back to the boundless forest and the Beast plain. Jiang Li then ordered the beast exterminating Legion to return.

Shua!

jiang li opened the dominator panel and clicked on the soul tinder column, looking at the soul tinder column that had become rich again.

A smile appeared on his face.

“What a great harvest.”

Jiang Li smiled. if a beast tide of this scale comes a dozen more times, I think all the level-four units will be activated.

Chapter 380 Super Magic

The ‘beast exterminating Army’ killed nearly eight million fierce beasts. Although the number of meches they lost was not small, about five hundred thousand.

However, a large number of soul Tinders were dropped.

” soul tinder: 1054900 level-one soul tinders, 90070 level-two soul tinders, 880 level-three soul tinders, 10 level-three demon soul tinders, 10 level-four soul tinders, and 1 level-five demon soul tinder fragment. ”

“One-click fusion.”

fuse. Jiang Li started the soul Tinder fusion.

“Whoosh!!!”

The fusion interface appeared.

More than one million level-one soul Tinders had been fused, and he could fuse more than 100000 times. Notifications popped up on the interface one after another, and it was a little dazzling.

very quickly.

The fusion was complete.

[prompt: fusion 105490 times, 35170 successes, 70320 failures, 35170 stage-two soul Tinders obtained!]

“Continue.”

Shua!

soon after.

He fused all the stage-two soul Tinders with one click.

shua! Shua!

A series of notifications flashed.

[prompt: fusion 12524 times, success 2080 times, failure 10444 times, acquired 2080 stage-three soul tinder.]

fuse stage-three soul Tinder with one key.

Jiang Li confirmed again.

Buzzzzzz!

The interface appeared.

The fusion notification popped up.

[prompt: fusion 296 times, 33 successes, 263 failures, 33 level-four soul Tinders obtained.]

in addition to the original ten, the number of fourth-tier soul Tinders is forty-three.

Jiang Li said to himself.

fuse ten level-three Demon Soul Tinders.

Jiang Li glanced at the soul Tinder.

The level-three Demon Soul Tinder could create the level-three special mech type 'Dark Demon mech'. Although it wasn't weak, it wasn't too strong.

so,

jiang li fused the ten level-three demon soul tinders.

as for whether he would succeed or not.

Jiang Li didn't know.

Shua!

The fusion interface popped up.

“whoosh!!!”

In the interface.

The ten level-three Demon Soul Tinders were pitch-black and shimmering. They seemed to have devoured all the light, lined up, and gradually gathered together.

merging in progress. Countdown: 10,9,8,7 ”

Ten seconds later.

“Whoosh!”

A thick black Radiance bloomed and filled the entire fusion plane. In the center of the plane, a black-gold light appeared.

After that.

It spread across the entire world at an extremely fast speed.

[fusion successful!]

A notification appeared.

After that.

A black-gold Soul Fire seed appeared in front of Jiang Li.

Tier-four fiend Demon Soul Fire seed!

“I’ve succeeded.”

Jiang Li was overjoyed.

Shua!

The Dominator panel opened.

...

Then, he clicked on the mechanical Special Troops.

Jiang Li browsed carefully. Among the special mechanical units, there was a new type of special mechanical unit because Jiang Li now had the level-four Demon Soul Tinder.

Supreme magical mech (unlocked)(able to build 0/1) ”

“Supreme magic mech.”

I’ll make a metamagic mech, ” Jiang Li murmured and said.

Since the Supreme magical mech was a level four special mech, it required a level four Demon Soul Tinder and ten million energy points to make.

The manufacturing interface appeared.

an illusionary figure appeared, spinning slowly. countless light spots filled in the surroundings, gradually solidifying.

A minute later.

[creation complete!]

Shua!

...

Immediately.

a figure appeared in front of jiang li out of thin air. it was three meters tall and looked like a giant. it didn’t look like a human at all. its muscles were extremely developed and its skin was black. it was covered in black diamond-shaped scales.

His wrists and ankles were wrapped in pitch-black demonic flames.

His eyes were bloodshot.

It opened its bloody mouth.

he was more like a demon who had walked out of hell.

An extremely terrifying aura emerged from his body.

To tell the truth.

From the outside.

The level four Supreme magical mech and the level three Dark Demon mech had no similarities. They were two different types of mech.

“My Lord!”

the supreme magic mech knelt down to jiang li, but it wasn’t a salute.

“Yes.”

okay. Jiang Li nodded.

Shua!

The information was displayed.

special troop type: Supreme magical mech

[rank: early stage of rank four]

[No.: CM01]

skill 1: Tier 4 inferior-grade mana mastery

skill 2: level four low-grade Soul Manipulation

skill 3: level four low-grade demonic transformation technique

” skill 4: fourth stage lower-grade transcendent magic body ”

skill 5: level-four low-grade Super Magic hunt

[Supreme magic machine: mechanical creation. No fear of death, no fear of pain, and infinite loyalty. Possesses the ‘Supreme magic heart’ created from the ‘Demon Soul Tinder’. It has the ability to devour souls and evolve itself. Only when the Supreme magic heart is destroyed or more than 90% of it is destroyed will it truly be scrapped. After it dies in battle, it can be recycled for half of the energy points of the production cost.]

[mechanical mana: with the ‘Supreme Demon Heart’ as the core, it transforms the energy of the world into ‘mechanical mana’. It has extremely destructive power, and requires’ mana mastery ‘to use it.]

” advancement requirement: 20 million energy points

“Five skills,”

jiang li read all the information about the supreme magical mech carefully. ” not bad. the dark demon mech, the mechanical demon spirit, and the supreme magical mech all have the ability to devour souls and evolve. ”

” mechanical mana is another new type of energy? ”

I wonder what’s the difference between it and the mechanical energy, mechanical psionic energy, mechanical psionic energy, and mechanical demon Spirit’s ‘demon spirit energy’.

“Upgrade.”

Immediately.

Jiang Li used one hundred and forty million energy points to upgrade CM01 three times.

Shua! Shua!

A few beams of light flashed on CM01’s body.

A few seconds later.

The promotion was completed.

He had reached the perfected stage of Tier 4.

All of his skills had been upgraded to Tier 4 top-tier.

his strength had greatly increased.

“Thank you, chief sovereign!”

CM01 knelt down again.

CM01, you’ll stay in base 04.

Jiang Li said.

“Yes.”

yes! CM01 nodded respectfully.

The next day.

Early in the morning.

Army No. 1 and Army No. 2 returned one after another. Jiang Li left a million meches in the base of Army No. 04.

at the same time.

Aerial Scouts and mech winged aerial soldiers were patrolling the entire Donglin capital.

QX04 was also left in the base.

Monitor the Donglin capital.

At noon.

Dong Xiao and Zhao Wuji led the soldiers of the Donglin Kingdom back to the capital.

This time.

The Donglin Kingdom had lost millions of soldiers in order to fight back the beasts. If it wasn't for Jiang Li's beast-killing Army, the Donglin Kingdom would have been destroyed.

In the afternoon.

After settling the Army.

dong xiao and zhao wuji wanted to meet jiang li.

In the main hall of the palace.

Dong Xiao thanks Emperor Xia for sending troops to save him.

” thank you. ” dong xiao bowed to jiang li. he was sincere.

” thank you, emperor xia! ”

Within the palace.

Zhao Wuji, ding Lin, and the other civil and military officials all bowed.

his tone was respectful.

One had to know.

In the years that Donglin Kingdom had been ‘protected’ by the Wei Dynasty, the Wei Dynasty had never really sent any troops to help.

Back then.

Ten million demon soldiers from the spirit Moon Demon Kingdom entered the country. The country of Donglin was unable to resist and had once sought help from the great Wei Dynasty. However, the great Wei Dynasty did not send any troops to help.

so,

dong xiao had no choice but to allow the tens of millions of demon soldiers to pass through the borders of donglin.

Even so ...

Wherever the ten million demon soldiers of the spirit Moon Demon Kingdom passed by, villages and cities were destroyed. Countless people were killed and turned into blood food and slaves of the demon race.

Dong Xiao could only pretend he didn't see anything.

The difference in strength was too great.

“prepare the things i need as soon as possible.”

Jiang Li said.

“Yes.”

Dong Xiao nodded.

Two days later.

almost 90% of the medicinal herbs, spirit herbs, and other resources in donglin country were transported from all over the country to the donglin capital and then to the base of the 04 army.

“Convert!”

“Whoosh!!!”

Jiang Li reached out and activated the conversion function.

Shua!

White light flashed.

The medicinal herbs and spirit herbs had all disappeared.

They were converted into energy points.

conversion successful. Obtained 10.53 billion and eight thousand energy points!

In the end.

After Jiang Li converted almost 90% of the herbs and spiritual herbs in Donglin, he only got a little more than 10 billion energy points.

Tens of billions of energy points.

if it was in the past.

He had gained quite a lot.

However ...

Now.

that was not much.

One had to know.

Jiang Li needed 150 million energy points to make a perfected-stage level four mech. He couldn't even make a hundred perfected-stage level four meches with ten billion energy points.

He had gotten what he wanted.

it was impossible to squeeze more resources from donglin in a short time, so jiang li returned to base 01 through the teleportation station in base 04.

Donglin Palace.

Within the palace.

send an order to the entire country. From today onwards, Donglin country will announce an 'important national policy'.

Dong Xiao sat on the throne and said in a deep voice, all over the country, all the counties, all the cities, and even all the villages, start to plant 'medicinal herbs' and 'spiritual herbs'.

"Change more than 90% of the fertile fields to medicine fields."

"This bi an ..."

"Your Majesty, you can't do that!"

"This will cause a huge mess."

"your majesty, please reconsider!"

Instantly.

Ding Lin and the other officials knelt down and loudly said.

"This is Emperor Xia's will."

Dong Xiao looked at the officials kneeling on the ground and said, "you should understand."

“Emperor Xia’s Qianqian”

“It’s actually Emperor Xia!”

why did Emperor Xia do this? ”

Ding Lin and the others were dumbfounded.

the great Xia Dynasty will purchase the herbs and spirit herbs that we grow at a normal price. Emperor Xia has also personally guaranteed that he will protect the safety of Donglin Kingdom.

Dong Xiao said.

“Ahem.”

Ding Lin coughed lightly. since it’s Emperor Xia’s will, then let’s do it this way.

“Yes, yes.”

“Haha, isn’t it just planting medicinal herbs? this is too easy.”

“That’s right,”

“hahahahaha!”

The officials in the hall laughed.

However ...

Their laughter was bitter.

as the saying goes, people have to bow their heads under the eaves.

Furthermore ...

Without Emperor Xia's help and Jiang Li's Army, the Donglin Kingdom would have been destroyed by the two beast tides and their bodies would have been eaten by beasts.

Therefore, they could only agree, and they did not dare to disagree.
