

Army 391

Chapter 391 the scout

” perhaps the human race in the northern region of holy peace state isn’t united enough. ”

but in other places, the human race is united enough. there’s not much infighting.

Of course.

It was just Jiang Li’s guess.

As for the real situation ...

Jiang Li didn’t know.

He had never been there.

Naturally, he wasn’t sure.

Perhaps, in other places, the internal conflicts of the human race were even fiercer than in the northern region of the Holy peace state.

in reality.

Not only the human race.

The Barbarian race, the monster race, the ghost race, the devil race, and the celestial race.

There were internal conflicts.

Plus ...

the half-monster alliance, barbarian tribes, demons, devils, and human ghosts would stir up trouble. the super fantasy world would be more chaotic than jiang li had expected.

on the way.

On the way back, Jin Wushuang kept looking back at Jiang Li's residence. The cold wind blew and he felt a chill on his back.

Obviously.

jin wushuang didn't even know that his back was already wet with cold sweat when he was facing jiang li.

"It really hurts."

Jin Wu Shuang stretched out his hand and touched his left cheek. The slightly red and swollen palm print had yet to fade away, and his neck also faintly felt pain. He couldn't help but bitterly laugh in his heart.

"now that i think about it carefully, his majesty emperor xia is really unfathomable. "

After calming down.

Jin Wu Shuang thought about it carefully, and his heart became more and more shocked.

Jin Wushuang suddenly realized that from Jiang Li's tone and attitude, Jiang Li probably already knew about Wei Zheng's scheme before he reported to him.

That's why Jiang Li was so calm. He wasn't surprised at all, as if he already knew.

“Si si si ...”

thinking of this ...

Jin Wu Shuang couldn't help but take in a breath of cold air. He was secretly shocked, this is really terrifying. Could it be that Emperor Xia has the ability to predict the future? ”

“You already knew?”

“If that's the case, if I hadn't betrayed Wei Zheng and told Emperor Xia the news, I'm afraid I would have lost my life tomorrow.”

“Oh my God!”

Jin Wu Shuang immediately shivered, feeling a cold air rush from the soles of his feet to the top of his head.

“What do you mean by betraying?”

Jin Wushuang shook his head and spat, ” I didn't promise Wei Zheng at all, so it's not a betrayal. I'm standing on the side of justice for the sake of the human race.

“That's right!”

Jin Wu Shuang nodded his head seriously. He agreed with what he had just said.

the side of justice!

“Wei Zheng, Wei Zheng.”

Jin Wushuang raised his head and looked at Wei Zheng's residence. A disdainful sneer appeared on his face, and he said in a sarcastic tone, ” I'm afraid you would

never have thought that His Majesty Emperor Xia had already seen through your conspiracy, but you didn't even know it. You even tried to compete with Emperor Xia.

"I think you're an old man who wants to hang himself because he's tired of living."

I'll be sure to enjoy your look of despair when the time comes.

"It's going to be very interesting."

"Hahahahaha!"

Jin Wu Shuang laughed out loud. He was very proud of himself, and at the same time, he was glad that he had made a wise decision.

Very quickly.

Jin Wushuang stopped laughing and touched the back of his neck with his right hand. Jiang Li had planted a 'core contract charm' there.

To tell the truth.

Jin Wu Shuang was still a little worried.

After all, it was the 'core contract charm'. If it was really planted into his soul, he would be enslaved by Jiang Li.

Even ...

the soul and consciousness would also be changed by the 'core contract charm', and finally submit completely.

"I don't think so."

...

Jin Wu Shuang muttered in a low voice.

He was truly afraid.

After all, Jin Wushuang respected and feared Jiang Li's skills. Who knew if Jiang Li would do something to the talisman?

However, the situation at that time ...

jin wu shuang didn't even have time to reject.

furthermore ...

If the 'talisman' on the back of Jin Wushuang's neck was gone, Wei Zheng would be the first to notice it. By then, Wei Zheng would definitely be on guard.

"Let's take one step at a time."

Jin Wu Shuang could only comfort himself like this.

On the other side.

The border County of the Barbarian dynasty.

...

The county city closest to the Wei Dynasty.

It was called Linwei County.

Shua! Shua!

There were ten third-level barbarians flying in the air. They had even condensed a pair of energy wings with their totem power. It was a flying-type totem secret technique.

He looked closer.

These ten barbarians were all wearing the uniform of the Black Dragon barbarian kingdom.

Obviously.

They were the elite Scouts of the Black Dragon barbarian kingdom.

Moreover, it was made up of ten barbarians who were at least level three.

Among them.

The captain of this scouting team was even at the perfected stage of Tier 3.

Such a scout team was enough to figure out how powerful the Black Dragon barbarian Kingdom's Army was. It was definitely stronger than any dynasty Jiang Li had encountered.

With the speed of the scouts, they would be able to reach the top of the mountain.

They had already left Linwei County and crossed the boundary mountain range, King Mountain range, which was between Linwei County and linman County. They had left the Barbarian dynasty and entered linman County.

Royal Mountain range.

It was placed between Linwei and linman counties, separating the Barbarian dynasty and the Wei Dynasty.

the mountain range was not small.

There were naturally a large number of ferocious beasts living there, and there were even some 'mixed-blood alien races' living in the Royal Mountain range.

Late at night.

the group of scouts was approaching the capital of linman prefecture.

far away.

They saw the army camp outside the county city. Twenty million people were stationed together, and the camp they had built stretched for more than a few miles.

He could already see it from far away.

“The human army!”

“There are actually so many of them.”

“A conservative estimate is 20 million!”

“the wei dynasty has actually gathered so many troops.”

In the air.

The Barbarian Scouts stopped and looked at each other from a distance. They looked at each other and saw the fear in each other's eyes.

“General Longse is indeed unparalleled in his wisdom.”

hu qing replied respectfully, ” he made us especially rush to the great Wei Dynasty overnight to investigate the situation there. As expected, we have a great harvest.

if such a huge human army suddenly launches a surprise attack from the rear while we are attacking the Jin dynasty, it will be a great disaster.

by then, even if we take down the Jin dynasty, the Barbarian dynasty will suffer heavy losses.

“However, there’s no need to worry now. Since we’ve discovered you, don’t even think about successfully ambushing you. We will return immediately and inform general Longse of the news.”

“Yes.”

“Let’s go,” he said.

Shua! Shua!

the 10 third-grade barbarian scouts quickly left.

However ...

They had no idea.

in the sky.

The drones had already discovered them and locked onto them. The entire area around the capital of linman province was within the surveillance range of the ‘air reconnaissance troops’.

so,

As soon as the Barbarian Scouts approached, they were exposed.

Soon after.

the air reconnaissance team passed the news to the battlefield commander.

Shua! Shua! Shua!

In the night sky.

Over 100 sky-blue light beams streaked across the night sky like meteors and flew into the distance rapidly from the huge battleship fleet.

In order to ensure that nothing went wrong.

the battlefield commander, zh01, immediately sent out a hundred perfected-stage type 4 mecha ares-class soldiers.

“What?”

The soldier on night patrol rubbed his eyes. Did he just see a shooting star? he looked up at the sky again, but saw nothing. he looked at the soldiers beside him and asked doubtfully, ” did you see something fly out of the sky just now? ”

“Did I?”

“You must be seeing things.”

“How come I didn’t see it?”

the other patrolling soldiers said.

“Maybe I’m really seeing things.”

The patrolling soldier scratched his head and stopped thinking about it.

After all, the meteor-like light was flying out of the city, not toward the city. If it was flying into the city, he would have to pay more attention.

A perfected-stage rank-4 mecha Ares-class weapon.

Its speed was at least ten times that of the level four Wargod mecha produced by the mech factory, or even more. At full speed, he could cover a distance of ten miles in an instant.

Hurry up!

It was extremely fast!

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

The ten barbarian Scouts only felt a blur in front of their eyes as if several black shadows flashed past them. When they reacted, they found that they had been surrounded.

100 mechas and God-grade weapons at the perfected stage of rank four.

They formed a tight encirclement and trapped the ten barbarian Scouts.

“not good!”

Hu Qing was the first to react. His pupils contracted, ” we’ve been discovered. Form a ‘totem formation’ and use all our strength to break out of the encirclement.

“Yes.”

kill!!!

“Whoosh!!!”

It had to be said.

Hu Qing’s order was very decisive and correct.

It could be seen.

The ten barbarian Scouts formed a totem formation with Hu Qing as the core. Their totem power gathered together and formed a lifelike totem Dharma.

“Roar!”

In the air.

A 1,000-meter long black water dragon appeared.

“Black flood Dragon! A sure kill!”

BOOM!

Hu Qing roared and controlled the 1000-meter long black Dragon. It was extremely powerful and energy surged as it pounced towards the nearest mecha.

“Whoosh!”

The next moment.

This mecha clenched his sky-blue energy beam sword tightly. With a flash, he disappeared from his original spot. The energy beam sword shot out a beautiful sword light.

It made a buzzing sound.

“boom!”

After that.

The thousand-meter long black water dragon exploded.

One sword!

One sword strike!

It directly exploded.

“Ah!”

Hu Qing screamed.

The other nine barbarian Scouts vomited blood and were sent flying. The totem formation collapsed directly. This group of barbarian Scouts had been defeated in one strike.

His expression was one of fear.

Tier 4 Suan ni perfected stage!!!

Aghast!

Hu Qing stared at the steel giant in front of him in shock. Then, he looked around and saw a hundred identical steel Giants. A chill ran down his spine.

a hundred puppets at the perfected stage of Tier 4?!

Hu Qing's entire body trembled, "no! This was impossible! How could the Wei Dynasty have a 100-man army at the peak of the type 4 realm?"

"He must be bluffing."

Shua! Shua! shua!

"Ah!"

"pfft!"

blood splattered everywhere.

Miserable screams rang out continuously.

The mecha Wargod soldiers moved quickly. In a few seconds, they had killed nine level three barbarian Scouts. Only Hu Qing survived.

However ...

Hu Qing's four limbs had been broken, and his cultivation had been crippled.

at this moment.

Hu Qing finally understood that they were really all at the perfected stage of Tier 4.

He wasn't bluffing!

"Mission accomplished."

the hundred perfected-stage rank-4 god-battling mechas quickly returned with the half-dead hu qing.

Chapter 392 Captured

Shua! Shua!

let's go! hundreds of mecha Wargod soldiers flew across the night sky like blue streams of light. A few seconds later, they returned to the battle Force. Zh01 handed Hu Qing to the battlefield commanders first. Then, he immediately informed DTS01 and DTS01 brought Hu Qing to Jiang Li.

At Jiang Li's place.

Bang! Bang!

Hu Qing, who was basically half-dead, was thrown to the ground by DTS01.

" my lord, the battle legion's mecha and god soldier team has captured an enemy scout. "

DTS01 reported.

"The Barbarian Scouts."

Hu Qing. Jiang Li looked down at Hu Qing, who was lying on the ground. His limbs were broken and the tendons in his arms and legs were cut off. He was a useless man.

* cough cough *

cough, cough. Hu Qing was coughing blood. He was too badly injured. He raised his head and stared at Jiang Li coldly. He said in a determined and fearless tone, " don't even think about getting any information from me.

“The Barbarian race will win.”

you humans can just wait to be trampled under the feet of His Majesty, the Black Dragon King. I will be waiting for you in hell, hahaha Yingluo.

“You’re noisy.”

Whoosh!

die! Jiang Li pointed out with a cold expression. His true essence formed a blue finger ray and pierced through Hu Qing’s head like a sharp arrow.

Pfff!

blood splattered everywhere.

Plop!

His body fell to the ground.

“Whoosh!!!”

Immediately after.

a white light came out of hu qing’s body. it gathered together and turned into a white light spot, then it merged into jiang li’s body.

Shua!

[acquired a Tier 3 soul Tinder!]

A notification appeared.

“The Black Dragon barbarian kingdom.”

yes, ” Jiang Li said. I’m sure they’re here.

This barbarian scout team was just a small episode. It didn’t affect Jiang Li at all. Jiang Li didn’t expect to get any information from the Barbarian Scout so easily.

Fortunately, he had obtained a level-three soul Tinder.

The night passed.

The next day.

in the morning.

After a night’s rest, the twenty-million human warriors were fully recovered. After breakfast, they immediately got ready and set off.

Shua! shua! shua!

His figure flickered.

Wei Zheng, Dong Xiao, Ling Tian, Jin Wushuang, and the others flew out of linman province and stood in the air, looking down at the human soldiers.

Wei Zheng glanced at Jin Wushuang from the corner of his eyes.

Soon after.

Jiang Li was here too.

“Emperor Xia!”

jin wushuang and the others saluted jiang li.

“Yes.”

alright. Jiang Li nodded and said, let’s go.

“Yes.”

“Dong Xiao Legion, get into formation,” Dong Xiao immediately ordered.

“Eternal mausoleum Army, get into formation!”

“let’s go!”

“.....”

Wei Zheng, Jin Wushuang, and Ling Tian quickly replied.

“whoosh!!!”

Very quickly.

a stage 3 army formation was set up.

...

The military Qi gathered together, gathering the surrounding heaven and earth spiritual Qi.

One after another, life-like beasts of the military formation appeared.

“Roar!”

A roar sounded.

“rumble!”

the ground shook.

The Army of 20 million human soldiers was like a long, winding Dragon. It spread forward, leaving Linman province and heading for the Manyi dynasty.

“Let’s go.”

Shua!

Jiang Li flew up and stood on the deck of the warship.

The punitive expedition Army was dispatched.

...

They followed behind the human army.

The Army marched on.

An hour later.

Jiang Li and the others arrived at the outskirts of King Mountain.

“Let’s continue.”

” king mountain. ” Jiang Li looked down at the King Mountain range. There were many trees and dense jungles. There were many fierce beasts living there.

As the Army entered.

The beasts in the king Mountain range were naturally alarmed.

“Roar!”

The roars of ferocious beasts rang out, forming into groups of ferocious beasts that charged at the human army. The ferocious beasts ‘aura of blood and fiendish Qi was very heavy.

kill!!!

BOOM! boom!

The human army immediately retaliated. Battle cries rang out as the soldiers engaged in battle with the fero beasts. As they fought, the fero beasts were easily killed one after another.

Blood splattered everywhere.

the smell of blood was getting stronger and stronger in the forest.

Obviously.

the human alliance army, which was formed by the dong xiao army, the yong ling army, the jin army, and the four national guardian armies, was more than enough to deal with these beasts.

it only took half an hour.

The human Alliance’s Army had already fought their way out of the king Mountain range and entered the territory of the Barbarian dynasty. They had lost less than 10000 soldiers, most of which were mediocre quasi-martial artists.

“We have entered the territory of the Barbarian dynasty.”

“What should we do next?” asked Wei Zheng.

“What do we do?”

Ling Tian replied, “of course, we must take down Linwei County as quickly as possible. After that, we can rest and reorganize in Linwei County. After that, we can continue our attack.

“Yes.”

dong xiao nodded.

the number of our Allied forces has reached 20 million. It’s a piece of cake for us to take down a County city of the Barbarian dynasty.

“However, the Barbarian dynasty will receive the news very soon,” Jin Wushuang said.”At that time, we will have to face the main force of the Barbarian dynasty.”

“Let’s continue.”

stop! Jiang Li shouted.

“Yes.”

Jin Wu Shuang and the others quickly nodded.

At noon.

after the human alliance’s army had taken down several cities, they arrived at the barbarian dynasty’s linwei county.

BOOM! BOOM! BOOM!

Outside the city.

the ground was shaking.

The human Alliance's Army had already arrived at the city. There were many barbarian soldiers on the city wall of Linwei County.

"the human army has arrived."

"How did they come so quickly?"

"Have the other cities already fallen?"

"Prepare for battle."

"Even if I die, I'll die with them!"

on the city wall of the county city.

The Barbarian general roared.

there were only 50000 barbarian soldiers in the capital of linwei county. compared to the 20 million troops of the human alliance, the difference was too big.

Therefore ...

The outcome of this battle had been decided from the very beginning.

"Release the arrows!"

“kill!”

“Whoosh!”

The Barbarian archers took the lead in launching their attacks. Sharp arrows filled the sky like a rainstorm, and then they shot towards the human Alliance’s Army.

“Roar!”

the beasts in the battle formation roared.

It was a huge black flood Dragon that was a thousand meters long. It was lifelike and majestic. It pounced forward and blocked all the sharp arrows.

“All troops, charge!”

Dong Xiao looked down from above, standing on the head of the eastern forest Red Dragon. With a wave of his hand, he gave the order, leading the Dong Xiao Army in a charge.

“Kill!”

boom!

Dong Xiao’s hands formed a seal, forming seals after seals. They gathered together and formed a Dragon-shaped seal, which directly blasted towards the city gate of Linwei County.

“block it! Block it!”

“Ah!”

Bang Bang Bang Bang!

The barbarians were terrified. They couldn't even block Dong Xiao's attack. Hundreds of barbarians were sent flying, spitting out blood. The Dragon-shaped seal technique had even shattered the city gate.

“Kill!”

charge!!!

“Take down Lin Wei County!”

The city gate was broken.

A large number of human soldiers rushed into the city and began a massacre. The number of soldiers was overwhelming. Usually, dozens of soldiers besieged one barbarian soldier.

“Ah!”

Pfft!

The Barbarian King of Lin Wei County tried his best to resist, but he was severely injured by the general of the Dong Xiao Army, Zhao Wuji, with a single strike. His chest was almost split open.

his intestines spilled all over the ground.

“human!”

don't be too smug! the Barbarian Commandery Prince bellowed with a crazed look and Scarlet eyes, ” our barbarian Army will arrive soon. By then, all of you will die!

Bang!

Dong Xiao stood in the air and smashed the Barbarian King's Head with a palm strike. He glanced coldly at the headless corpse on the ground.

“All troops, hear my order! Massacre the city!”

Dong Xiao shouted as he surveyed his surroundings.

kill!!!

Pfft! Pfft! “Pfft!”

The brutal massacre began and gradually spread to the entire Linwei County. All fifty thousand barbarian soldiers were killed. All the barbarians in the city were massacred.

They became corpses.

“Array master, immediately set up the ‘blood refining array’,”

Dong Xiao shouted.

“Yes.”

The array Masters quickly took action.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

One array disc after another flew out.

In the air.

A blood-colored 'blood refining formation' was formed, and the light of the formation enveloped the corpse on the ground. Rays of blood-colored light gathered and refined into blood refining pills.

the corpses in the city were all weathered. as a gust of wind blew, they turned into ashes and dissipated. the smell of blood in the air had also become much lighter.

“Distribute the blood refinement pills.”

Dong Xiao added.

In this siege battle.

The Jin army, the Yongling Army, and the four National Guardian armies didn't really participate. Only the Donglin Army did.

Even so ...

In less than half an hour, he had easily taken over Linwei County's city.

“Emperor Xia, we have taken down Linwei County.”

Dong Xiao reported.

“Yes.”

okay. Jiang Li nodded.

Soon after.

After looting all the resources in Linwei County, Jiang Li took all the herbs and spiritual herbs, as well as the lower-grade spiritual crystals, and converted them into energy points.

Shua!

conversion successful. Received 11.2 million energy points!

There were not many energy points.

After all, this was only the resources of a County.

they rested for an hour.

the injured soldiers of the donglin army had mostly recovered after taking the blood refinement pills. those who were not injured had also recovered their strength.

The Alliance Army set off again.

Full speed March.

After passing through Linwei County, he entered Manyue County.

In the evening.

The city of Manyue County.

BOOM! BOOM! BOOM!

“Kill!”

“Hahahahaha!”

BOOM!

The city wall collapsed.

This time.

It was Ling Tian who had led the eternal tomb Army to break into the City of Man Yue County. Millions of soldiers had charged into the city and one could see the Barbarian soldiers being chopped to death one by one, their corpses lying on the ground.

half an hour later.

The siege battle was over.

The City of Man Yue County was taken down.

Soon after.

Clean up the battlefield.

“blood refining formation!”

The formation master set up a formation and refined the corpses of the barbarians on the ground into blood refining pills. There were a lot of them and they were distributed to the injured soldiers to heal.

Immediately after.

let’s go, ” Jiang Li ordered. They started to search for resources in the Manyue County. They gathered all the spirit herbs, herbs, and crystals and sent them to Jiang Li.

“Convert!”

Buzzzzzz!

A white light flashed.

All the herbs and spiritual crystals had disappeared.

conversion successful. 23 million energy points obtained!

A notification appeared.

Man Yue County had more resources than Lin Wei County, at least twice as much. In addition to the gains from the two county cities, there were also the gains from the eight man cities of Man Yue County and Lin Wei County.

They had only taken down two counties of the Barbarian dynasty.

In total, Jiang Li gained 53.429 million energy points.

Chapter 393 The fallen Dragon

One had to know.

The Barbarian dynasty's territory was huge, about twice the size of the lion barbarian kingdom. It had 235 counties. Jiang Li had only taken down two counties and had already gained more than 50 million energy points.

Of course.

most of the resources of the barbarian dynasty were concentrated in the capital of the barbarian kingdom.

One day.

They had only taken down two counties.

To tell the truth.

Jiang Li wasn't satisfied.

He felt that it was too slow.

The night came.

The Army of the human Alliance was stationed in the county City of Man Yue County.

After fighting for a day.

The human soldiers all looked rather exhausted.

"Emperor Xia."

"Jiang Li," Wei Zheng came over and said to Jiang Li, "the soldiers have been fighting for a day and are exhausted. It's not good for them to continue tonight. They should rest for a night."

"You've been fighting for a day?"

Jiang Li glanced at Wei Zheng indifferently. I didn't see the four National Guardian armies and the Jin army fighting. The Yongling Army and the Donglin Army fought during the day.

"But you told me that it consumed a lot of your energy?"

Emperor Xia, we are only attacking a few counties. There is no need to mobilize all our forces. The scale of the Yongling and Donglin legions will be enough.

Wei Zheng argued.

“That’s enough,”

no,” Jiang Li said coldly. we’ll March through the night and continue to attack. No one is allowed to stop without my order. Otherwise, we’ll kill them on the spot!

“Emperor Xia, you’re a coward.”

Wuwuwuwuwu!

DTS01’s mechanical wings transformed into energy wings. It stared at Wei Zheng coldly and said, ” “You dare to disobey His Majesty’s order?”

“.....”

Wei Zheng’s pupils constricted and he lowered his head slightly. I don’t dare.

on the other side.

The capital of the barbarians.

let’s go. Jiang Li led the human Alliance to take down two counties of the Barbarian dynasty in a row. The news of the human Alliance’s invasion had spread to the capital of the Barbarian dynasty.

In the Barbarian king’s palace.

The Barbarian ministers of the Barbarian dynasty gathered together.

Other than that.

There was also the general of the Black Dragon barbarian kingdom, long se.

A fifth-level barbarian.

“Your Majesty, news from the front line says that Linwei County and Manyue County have been conquered by the human Alliance’s Army. All the barbarians in the two counties have been slaughtered and their corpses have been refined into blood refining pills.”

One of the Civil officials reported.

the human dynasties in the South of the Northern Territory of the Holy peace state have formed an alliance and even dared to invade the Barbarian dynasty.

“According to the original plan, we were supposed to attack the great Jin dynasty tomorrow.” It seems like we have to deal with this Army of the human Alliance first.”

“How many soldiers does the human Alliance have?”

Xing Jiuli asked.

Your Majesty, according to the reports from the front line, they have more than 20 million troops.

there’s also the great Xia Army. The great Xia Army is very powerful and has extremely destructive war weapons. We have to be on guard.

the officials replied.

“General Longse.”

xing jiali immediately turned to long se. ” what do you think we should do? ”

“Naturally, we have to send our troops.”

Long se stood up, took out a Jade slip, and injected the power of the totem. A detailed map of the Barbarian dynasty was projected in front of the eyes of all the barbarians present.

“The location will be ‘Dragon rearing Valley’.”

Long se pointed at a spot on the map and said, ” “I’ll lead the Black Dragon barbarian Army to seal off the escape route of Dragon rearing Valley.”

“King man, there is only one thing you need to do at that time, and that is to lure the human Alliance’s Army into the dragon rearing Valley.”

“this bi an ...”

general long se, ” Xing Jieli said as he looked at the map, ” given the terrain of Dragon rearing Valley, as long as the other party is not stupid, they will definitely not step into it easily.

...

“And how should I lure him?”

“Don’t worry,”

“When the time comes, there will naturally be people who will cooperate with the Barbarian King to complete this plan,” long se said with a smile.

“Oh.”

xing jiuli was surprised.

Soon after.

Longse and Xing Jiali discussed the details again.

Late at night.

long se led the black dragon barbarian army and left the barbarian dynasty. the black dragon barbarian army, which had tens of millions of soldiers, marched forward quickly.

pass down my order. Tell all the county Kings to gather the county city's Army and rush to the fallen Dragon County at the fastest speed possible. Once they reach the fallen Dragon County, do not act rashly. Hide in the fallen Dragon County and wait for my orders.

Xing Jiuli stood on the city wall of the king's city and looked in the direction where long se and the Black Dragon barbarian Army had left. Then he gave an order to the ministers under his command, "inform the elite troops and the Imperial Army to set off with me.

...

"Head to Fallen Dragon County."

"yes."

"Yes, sir!"

The ministers of the Barbarian dynasty agreed one after another.

It was obvious.

Xing Jiali had sent out almost all the troops of the Barbarian dynasty this time.

Half an hour later.

The Barbarian Empire's Elite Barbarian Army and Imperial Army had gathered. The city gate of the capital opened, and the mighty army set off.

Xing Jiuli personally led the Army.

the night passed.

Under Jiang Li's order, the human Alliance didn't take any rest. It only took one night to conquer two more counties.

Obviously.

The military strength of the county city of the Barbarian dynasty could not stop the invasion of the human Alliance at all.

Of course.

There were several consecutive sieges.

They still lost some soldiers.

Roughly twenty thousand human soldiers had died.

After Jiang Li ordered all the resources in the two counties to be converted into energy points, he gained 63 million and 8000 energy points.

Jiang Li didn't get the soul Tinder because he didn't send out any meches.

Early in the morning.

"Emperor Xia."

Wei Zheng came over again. we really can't continue. We have to let the soldiers rest. They've been fighting for a day and a night, and they've exhausted too much energy and physical strength.

“.....”

jin wushuang, ling tian, and dong xiao all looked at jiang li.

In reality.

Wei Zheng was right.

After a day and night of continuous battle, the human soldiers were indeed a little tired. However, the soldiers of the Donglin Army and the Yongling Army had taken the blood refining pills and had sustained themselves through battle. They had more energy and strength.

on the contrary, it was the soldiers of dajin's army and the four national guardian armies.

Because they did not participate in the battle, they did not get any blood refinement pills. After marching for a day and a night, even if they did not participate in the battle, they had used up a lot of energy.

after all ...

Maintaining the operation of the marching army formation also required internal energy and energy.

“I'll rest for an hour,”

Jiang Li said.

“An hour of rest is too short.”

Wei Zheng said.

“that’s enough,”

shut up! Jiang Li shouted coldly, ” I don’t want to hear your nonsense anymore.

“.....”

Wei Zheng clenched his fists, his eyes cold. He took a deep breath and thought to himself, ” ” we’re almost there. we’ll reach fallen dragon county after passing through four more counties. ”

Jiang Li, that’s where you’re going to be buried!

The entire Army rested and reorganized.

an hour later.

The sky started to brighten.

The Army set off again.

This time.

all four of wei zheng’s national guardian armies had been mobilized. then, with a crushing momentum, they had directly taken down several barbarian cities and a county city, and taken down a county.

the corpses of the barbarian soldiers and barbarians in the entire county were all refined into blood refining pills.

He had obtained a large number of blood refinement pills.

The strength and energy of the four National Guardian armies had almost recovered.

In the evening.

With the help of Wei Zheng's four Zhenguo commanderies, they took over the territory and resources of the four commanderies of the Barbarian dynasty in just one day.

Jiang Li didn't lose a single mech and he got 113 million energy points.

At night.

Jiang Li and the others were about to enter the fallen dragon county.

Fallen Dragon County.

Wei Zheng's eyes brightened slightly as he looked ahead. He couldn't help but feel excited as he muttered, "We're finally here."

"The entire Army will rest."

go! Jiang Li ordered.

"....."

Wei Zheng was stunned. He looked at Jiang Li in shock and asked, "Emperor Xia, why do you suddenly need to rest?"

we have fought all the way from Linman province for two days and one night. We only rested for an hour in between. Even with the blood refinement pills, our bodies are at their limits.

of course," Jiang Li said. I need to rest for a night and get ready.

“Emperor Xia is wise!”

Dong Xiao immediately flattered.

Emperor Xia is right. The soldiers do need to rest.

Ling Tian added.

“That’s true.”

Wei Zheng could only nod.

“.....”

Jin Wu Shuang lowered his head and didn’t speak, but he was sneering in his heart. Wei Zheng, Wei Zheng, how would you know that everything about you has been seen through by Emperor Xia, but you are still in the dark.

“Laughable and laughable.”

Late at night.

Shua! Shua! Shua!

In the air.

The expedition Army.

let’s go. Jiang Li sent out an air reconnaissance team and entered the fallen Dragon County first. Drones rose into the clouds one after another.

Shua!

The holographic mech projected a holographic image.

very quickly.

The image of Fallen Dragon County was transmitted over.

Time passed.

The drone controlled by 100000 Air Scouts spread out quickly. It only took about an hour for them to fully understand the situation in the entire Fallen Dragon County.

Fallen Dragon County.

There were a total of Five Barbarian cities.

And the city of the fallen Dragon County.

the city of fallen dragon county was built in dragon rearing valley.

They occupied a dangerous terrain.

Air Scout team No. 1 has discovered the enemy!

No. 2 Air Scout team has discovered the enemy!

No. 3 Air Scout team has discovered the enemy!

“.....”

On the map of Fallen Dragon County formed by the holographic image, there were countless red dots. Each red dot represented a barbarian Army.

There were at least a few hundred red dots.

Among them.

Tens of millions of barbarian troops were stationed around the fallen Dragon Valley.

Other than that.

If these dense red dots were connected together, they would have formed a huge circle that enveloped the entire Fallen Dragon County.

Shua!

he enlarged the image of dragon rearing valley.

Jiang Li clearly saw the Barbarian soldiers of Dragon rearing Valley. These barbarian soldiers were different from the Barbarian soldiers of the Barbarian dynasty. They had stronger killing intent and were more powerful.

Furthermore ...

A majestic flag was erected in the center of the Army. On the flag was a lifelike three-clawed Black Dragon that looked like it was about to leap out.

it's the black dragon barbarian army.

ten million Black Dragon barbarian soldiers, " Jiang Li said. the elite Barbarian Army of the Barbarian dynasty, the Imperial Army, and more than two hundred troops of the county.

this small Fallen Dragon County has more than thirty million barbarian soldiers lying in ambush.

Chapter 394 Using

Judging from the arrangement of the Black Dragon barbarian Army and the Barbarian dynasty in Fallen Dragon County, they didn't just want to destroy the great Xia Army. They wanted to use Wei Zheng to wipe out the entire Human Alliance Army.

“Your appetite is quite big.”

I'm afraid you don't have such good teeth. Jiang Li sneered.

In reality.

If Jiang Li knew everything ...

Wei Zheng and the Barbarian race were working together.

Then, Jiang Li might have been tricked or even lured into Dragon rearing Valley. The mech Army would be surrounded by the Barbarian Army. Even if they could break through the blockade, the mech Army would suffer heavy losses.

According to Wei Zheng's plan.

Wei Zheng would make his move when the great Xia Army suffered heavy losses.

However ...

the barbarian empire had already sealed off the entire fallen dragon county and had completely surrounded it. they had even invested 30 million barbarian soldiers in it, intending to wipe out the entire human alliance army.

Wei Zheng thought that he could kill with a borrowed knife, but he did not know that he had already fallen into long SE's trap.

Perhaps Wei Zheng also knew that the barbarians could not be trusted.

but ...

Just as Jin Wu Shuang had said.

Wei Zheng had already gone crazy.

In order to realize his so-called 'great ambition', Wei Zheng was willing to take risks and ask a Tiger for skin.

"If the heavens want him to die, they must first make him go crazy."

Jiang Li murmured.

Late at night.

Wei Zheng released a messenger pigeon.

Shua!

The carrier pigeon was like a bolt of White Lightning. It streaked across the night sky at an extremely fast speed. It entered Fallen Dragon County and gradually disappeared into the night.

Wei Zheng looked at the carrier pigeon that had disappeared from his sight. He clenched his fist slightly and revealed a ferocious expression. He gritted his teeth and said, "Jiang Li, you forced me to do this."

"Tomorrow!"

“Tomorrow will be the day you die.”

“Hu ~~ Hu ~ Hu ~”

Wei Zheng took another deep breath, and his expression returned to normal. With a deep gaze, he said, “Jiang Li, you’re not qualified. The Xia Dynasty is not qualified.

only the great Wei, and only I, Wei Zheng, can lead the human race in the northern region of the Holy peace state to rise, destroy the Barbarian race and demon race in the northern region, and build a prosperous human empire.

on the other side.

In the fallen Dragon Valley.

Shua!

The carrier pigeon that Wei Zheng had sent out had already arrived. It landed in front of long se. Long se reached out and caught the carrier pigeon. She took out the letter.

Then, he started reading.

“Oh.”

After reading it carefully, long se murmured, “The Army of the human Alliance has arrived. They are currently resting in ‘Ling mo County’. They will enter the fallen Dragon County tomorrow.”

“Hehe, human Emperor Wei Zheng, you really are my ‘good ally’.”

Buzzzzzz!

A black mist of light gushed out of long SE's palm and burned like a flame. The letter was burned to ashes.

"General, why don't we attack the human Alliance's Army at night? We'll catch them off guard?"

Hu Moyan, the Deputy general of long se, said.

it's good to attack the camp at night, but it'll give Jiang Li and the others a chance to escape.

only when they enter the fallen Dragon County and fall into the encirclement that I've prepared for them," long se explained. that's the only way we can capture them all in one fell swoop.

you should know that this Army of the human Alliance is made up of the main forces of several human dynasties. As long as we destroy this Army, our Black Dragon barbarian kingdom will be able to easily take the southern part of the Northern Territory of the Holy peace state.

"I see."

"You're wise, general,"

"....."

Several deputies immediately complimented him.

At this moment.

The expedition Army.

On one of the battleships.

Shua!

The holographic mech projected a picture of Wei Zheng sending a message to the barbarians.

...

“Master, Wei Zheng has already informed the barbarians.”

Zh01 said.

“Very good,” he said.

okay. Jiang Li got up and nodded in satisfaction. I’ve been waiting for Wei Zheng’s message. Send my order. Prepare for the battle.

“Yes.”

The battlefield commanders responded.

Shua!

Jiang Li jumped off the warship and looked down at the military camp. The tents had just been set up and the tens of millions of soldiers had just rested.

“Ling Tian, Dong Xiao, Jin Wushuang, Wei Zheng.”

” attack! ” jiang li shouted. with the help of his true essence, his voice reached ling tian and the others ‘ears. ” tell the army to set off and attack fallen dragon county. ”

“what?”

...

Ling Tian walked out of the tent and looked at Jiang Li in the sky. what happened?
” Why are we suddenly marching through the night?”

“Didn’t you say you were going to rest for the night?”

Dong Xiao was also filled with doubt.

“Is it starting?”

Jin Wushuang looked at Wei Zheng from the corner of his eyes.

At this moment.

Wei Zheng’s expression froze.

Obviously.

He didn’t expect Jiang Li to suddenly give such an order.

One had to know.

He had just sent a message to the Barbarian race saying that the human Alliance’s Army would enter the fallen Dragon County tomorrow, but Jiang Li had ordered them to attack the fallen Dragon County overnight.

Dumbfounded!

Wei Zheng was dumbfounded.

“Emperor Xia, what are you doing?”

Wei Zheng couldn’t help but ask.

“Shut up,” he said.

Jiang Lu’s cold gaze swept across. don’t make me say it a second time.
Immediately send the order to the entire Army. I will only give you half an hour.

“Yes.”

Dong Xiao immediately nodded and shouted,”Donglin Army, hear my order. All troops, assemble.”

“Yongling Legion, hear my order.”

Ling Tian did not dare to disobey and shouted, ” gather!!!

“Assemble!”

Jin Wu Shuang roared.

“.....”

Wei Zheng was silent for a moment. He took a deep breath, turned to the four National Guardian armies, and shouted, ” “All troops, gather!”

In the military camp.

The tens of millions of soldiers immediately got into action. They packed up their tents, put on their armor, picked up their weapons, and gathered together.

“No,”

Wei Zheng lowered his head and said, ” we have to inform the barbarians. Jiang Li is marching overnight. If the barbarians don’t react in time, they might be ambushed. They’ll be caught off guard.

Thinking of this ...

Wei Zheng hid his tracks and then sent a messenger pigeon to a more secluded place. The White messenger pigeon flew into the distance.

“Hu ~~ Hu ~ Hu ~”

Wei Zheng looked at her from a distance, then retracted his gaze and secretly heaved a sigh of relief.

However ...

As soon as the carrier pigeon flew out of Wei Zheng's sight, a mechanical winged air soldier came at high speed, and a sharp steel feather pierced the carrier pigeon like a sharp arrow.

“pfft!”

Blood splattered everywhere.

the carrier pigeon died immediately.

“Mission accomplished.”

Shua!

The mechanical winged air soldier returned.

“You still want to send a message?”

Jiang Li sneered. Wei Zheng, you're overthinking.

Half an hour later.

The entire Army was ready to go.

“roar!”

The stage 3 army formation was completed.

The beasts in the military formation manifested and condensed.

Full speed March.

Under the dark night sky.

The human Alliance’s Army was like a long, winding Dragon. They tried their best to hide their traces and auras, and quickly entered the fallen Dragon County.

In reality.

Long se also sent many barbarian Scouts to patrol the fallen Dragon County, but they were discovered by Jiang Li’s Air Scouts.

After that.

let’s go. Jiang Li sent out a level-four team of 4000 mechas and Ares-class soldiers to kill all the scouts of the Barbarian race.

One had to know.

4,000 fourth-level mechas and ares-class soldiers. their mobility and combat ability were extremely powerful. their speed was as fast as lightning. it was naturally a piece of cake to annihilate the barbarian scouts.

Not only that.

In order to ensure that nothing went wrong.

” let’s go. ” jiang li asked dts01 to lead the mecha ares army.

Time passed.

under jiang li’s order, the human alliance army kept adjusting their direction and gradually entered the heart of fallen dragon county.

During the March, they didn’t even see a single barbarian city.

They had also avoided all the Barbarian troops.

“What’s going on? Why didn’t we come across a single Barbarian Village, let alone a barbarian city?”

Ling Tian mumbled to himself.

“The direction of the Army this time is all in accordance with the orders of Emperor Xia.”

Dong Xiao thought to himself,’could it be that Emperor Xia avoided it on purpose? But if that is the case, how did Emperor Xia know about the distribution of the Barbarian cities and villages in Fallen Dragon County?”

“Without accurate information, it’s impossible to do this.”

“.....”

wei zheng’s eyes were solemn, and his heart began to feel uneasy.

“I think I’m overthinking it.”

Wei Zheng shook his head.

In reality.

Jiang Li’s Air Scouts had already investigated the fallen Dragon County. They even knew the distribution of the Barbarian Army.

He wanted to avoid them.

Naturally, it was an easy task.

“Jin Wushuang.”

At this moment.

Wei Zheng came to Jin Wushuang’s side and said in a deep voice, ” ” we’ll be at dragon rearing valley soon. the capital of fallen dragon county is also in dragon rearing valley. ”

“Remember to act according to the original plan.”

“Alright,” he said.

Jin Wu Shuang nodded, ” don’t worry. Since I’ve already made my decision, I won’t go back on it.

“This is for the best.”

Wei Zheng said.

“Although there were some unexpected changes, it was not a big deal. Everything is going according to my plan.”

Wei Zheng said confidently, “ when the time comes, your Jin army will attack Dragon rearing Valley. The barbarians will only resist symbolically. You can easily take down Fallen Dragon County’s capital.

in addition, the Barbarian dynasty will deliberately leave a large number of spiritual herbs and medicinal herbs in the fallen Dragon County, as well as a large number of spiritual crystals, as bait.

” although i don’t know why jiang li’s need for spiritual herbs is so abnormal, it’s also his weakness. ”

” with the spirit herbs and herbs as bait, we can lure jiang li into dragon rearing valley. the success rate is very high. ”

as soon as Jiang Li enters Dragon rearing Valley, the Barbarian Army lying in ambush outside the valley will attack immediately. If Jiang Li wants to escape alive, he must send the Xia Army.

“jiang li is dead.”

Wei Zheng clenched his fists.

“Hehe.”

Jin Wu Shuang only laughed coldly in his heart.

Half an hour later.

Fallen Dragon Valley.

A few kilometers away.

The Army of the human Alliance had arrived.

“Stop!”

let’s go! Jiang Li waved his hand and gave the order.

The entire Army immediately stopped advancing.

“we have arrived at dragon rearing valley.”

Wei Zheng’s breathing was slightly rapid.

In front.

It was a few kilometers away.

A huge Valley came into view, surrounded by steep mountain ranges on both sides. In the dark night, Dragon rearing Valley was pitch black. From afar, it looked like a huge bloody mouth that could swallow all living things.

From the surface.

The fallen Dragon Valley was very peaceful. Only some barbarian soldiers from the county were patrolling around the important checkpoints. Long SE’s Black Dragon barbarian Army had hidden well.

He couldn’t tell at all.

Chapter 395

Because of Wei Zheng's information, Long Se thought that the human Alliance's Army would enter the fallen Dragon County tomorrow. Also, the Barbarian Scouts he sent were all killed by Jiang Li's mecha Ares soldiers.

so,

Long Se didn't know that the human Alliance Army led by Jiang Li had already arrived at Dragon rearing Valley.

as a result ...

As a result, the Black Dragon barbarian Army's defense was a little lax.

This was the effect Jiang Li wanted.

On the other side.

one of the five barbarian cities in the fallen dragon county.

Savage Dragon City.

The sacrificial ceremony was held in Manlong city. The elite Barbarian Army and the Imperial Army were all stationed in the city.

In reality.

Manlong city was the closest city to Dragon rearing Valley among the five cities in Fallen Dragon County. In order to cooperate with Long SE's 'plan to wipe out the whole Army', Xing Jiali and the Army of the Mang dynasty were stationed in the city.

As long as the war broke out.

Xing Jiali would be able to rush over to provide reinforcements at the first moment. At the same time, he would form an impenetrable encirclement with the help of hundreds of barbarian troops from the county.

“Your Majesty.”

Within the city.

The second-rank prince’s Mansion.

The general of the elite Barbarian Army, Xing Momo, quickly walked over and greeted Xing Jiali. He then bowed to Xing Jiali with a respectful expression.

” what’s the matter? what’s the matter? ”

Xing Jiali asked.

“Your Majesty.”

I’ve contacted the scouts a few times, ” Xing Mo Sha said in a serious tone. but I didn’t receive any reply. So, I contacted a few other Scouts, but they still didn’t reply.

“I’m guessing that something has happened to the scouts.”

“What happened?”

Xing Jiuli suddenly stood up. His gaze was serious as he raised his head and shouted, ” send the news to general Longse immediately. We suddenly lost contact with the scouts. They were most likely assassinated.

“Tell general Longse to be on high alert.”

“Yes.”

xing mohe nodded and left quickly.

“Hu ~~ Hu ~ Hu ~”

xing jiuli took a deep breath. the sudden loss of contact with a large number of scouts made him feel a little uneasy.

“i hope that general longse’s plan can go smoothly.”

Xing Jiali thought.

at the place where the human alliance’s army was located.

10,000 meters up in the sky.

all mechanical aerial battleships, lock onto the target-the Black Dragon barbarian Army around Fallen Dragon Valley. Prepare to fire at full range for a long-range bombardment.

the intelligence sent by the air reconnaissance team confirmed the base of the black dragon barbarian army. therefore, they bombarded the enemy with the cannons of the floating battleships from several kilometers away.

Buzzzzzz! Buzzzzzz!

it could be seen.

The weapons of the floating battleship began to charge.

Energy glowed.

The skill ‘air coverage attack’ was activated.

“Emperor Xia.”

At this moment.

Wei Zheng flew up and cupped his hands at Jiang Li. Dragon rearing Valley is just a few kilometers ahead. The city of Fallen Dragon County is in Dragon rearing Valley. Should we launch an attack? ”

“Oh.”

Wei Zheng. Jiang Li looked down at Wei Zheng. you’re going to help? ”

“Ahem.”

“Emperor Xia, the Wei Kingdom’s Army, the Donglin Army, and the Yongling Army have all contributed to the attack on the county,” Wei Zheng coughed and said.

“Only Dajin’s Army hasn’t done anything yet.”

that’s why I think that the Jin army should attack the fallen County this time.

“Prince Jin, what do you think?”

As soon as he finished speaking.

Wei Zheng’s eyes turned to Jin Wushuang.

...

“This bi an ...”

what? ” Jin Wushuang hesitated and looked at Jiang Li.

“no need.”

jiang li waved his hand.

“Fire!”

BOOM! BOOM! BOOM!

Suddenly.

A deafening boom resounded through the night sky. Two hundred thousand floating battleships were fully charged at this moment. Then, the sky was filled with energy cannonballs that bombarded Dragon rearing Valley.

Shua! shua! Shua!

It could be seen.

Under the dark night sky.

...

It was a stream of light that covered the sky like a meteor shower. Hundreds of thousands of energy cannonballs bombarded the entire area.

“What’s that?”

Wei Zheng raised his head and looked at the image in the sky with a dazed expression.

Hundreds of thousands of floating battleships were bombarding the entire area. The sky-blue cannonballs streaked across the night sky like a meteor shower.

Such a scene.

it was hard to describe.

In the camp of the Black Dragon barbarian Army.

The commander's tent.

“We lost contact with the scouts?”

Long se had just received the letter from the sacrificial ceremony. He frowned. what's going on? ” Could it be that something has happened?”

BOOM! BOOM! boom!

However ...

Before he could react.

A loud boom came from outside the tent.

It resounded in all directions.

“rumble!”

The entire land was shaking.

“General!”

Immediately.

A few Deputy generals rushed over. enemy troops!

Shua!

Longse rushed out of the tent.

after that.

He raised his head and clearly saw the sky-blue energy cannonballs in the sky. They were like a heavy downpour, falling straight into the camp of the Black Dragon barbarian Army.

BOOM! boom! BOOM!

The entire field of vision.

It was the sound of countless energy cannonballs exploding. The sky-blue energy waves spread out, and one by one, the tents were blown into pieces. One by one, the Barbarian soldiers were torn to pieces by the power of the explosion.

Blood and flesh flew everywhere.

“ah!”

The screams of the Barbarian soldiers of the Black Dragon barbarian Army filled long SE's ears.

At this moment.

The earth seemed to be wailing.

“No!”

Long SE’s eyes widened. His eyes were about to pop out of their sockets. He watched as at least a million barbarian soldiers were killed by the explosion. Their corpses were strewn all over the ground. The ground had cracked open from the explosion.

“Rumble!”

The mountains around the fallen Dragon Valley were shaking.

It was as if the heavens and earth had collapsed.

He was caught off guard!

Long se was caught off guard by this wave of attack.

However ...

This was just the beginning.

“Mechanical giant soldiers! launch the small energy missiles!”

shua! Shua! shua!

On the floating warship.

The 3,500 mechanical giant soldiers stood together, forming a neat formation. One after another, small energy missiles were all launched.

“mecha god soldier unit! launch the small energy missiles!”

Whoosh! Whoosh! Whoosh!

On the deck of another floating warship.

4,000 mechas and Ares-class soldiers stood together in a neat formation. They fired all the small energy missiles.

After the aerial battleship fleet's aerial area of effect attack ...

what greeted the black dragon barbarian army was the missile bombardment of the level 4 mech army. with the speed of the missiles, the distance of a few kilometers was covered in an instant.

after that.

it meant that tens of thousands of missiles would land.

BOOM! BOOM! BOOM!

In an instant.

The missile exploded, and the entire Dragon rearing Valley was engulfed in a dazzling flame. The mountains around the valley collapsed from the impact. Such power, such destructive power.

this was really too terrifying.

Even the third-grade barbarian could not withstand the bombardment of missiles.

“Ah!”

Wails, screams, and wails of pain.

Countless barbarian soldiers fell.

They didn't even get to see the enemy's face before they were blown to death.

“Why is Qianqian like this?”

Wei Zheng was dumbfounded. He looked at the battlefield in front of him in a daze and clearly saw the terrifying explosion that killed a large number of barbarian soldiers.

The most important thing was ...

How did Jiang Li know that there was an ambush in Dragon rearing Valley?

How did he know?

“This Suan ni, this Suan ni”

Wei Zheng's face turned pale.

“si si si ...”

Jin Wu Shuang sucked in a breath of cold air and swallowed his saliva. He was extremely shocked, ” this is the strength of the great Xia Army, this is the strength of the great Xia Army!

“as expected! I made the right choice! There's no mistake!”

At this moment.

In Savage Dragon City.

“your majesty, there's a loud noise coming from the direction of dragon rearing valley.”

Xing Mo Sha and the others rushed in.

Obviously.

The commotion in Fallen Dragon Valley was too great. In addition, wild dragon City was very close to Dragon rearing Valley, so the explosion in Dragon rearing Valley had reached wild dragon City.

“Something has happened.”

Xing Jiuli flew into the air and looked in the direction of Dragon rearing Valley. His eyes were solemn as he shouted, ” Xing mo he, Luo Xiao, order the elite Barbarian Army and the Imperial Army to reinforce Dragon rearing Valley as fast as possible.

at the same time, send an order to all the armies in the county cities. The plan is to be brought forward. Immediately surround Dragon rearing Valley and form an encirclement.

“Yes.”

“Yes, sir!”

Xing mo he and the others nodded.

After that.

The two legions moved out.

“Roar!”

The stage 3 army formation was completed.

the beasts in the battle formation roared.

full speed march.

He hurried to Dragon rearing Valley.

At the same time.

The troops of the fallen Dragon County hiding in the Barbarian cities and barbarian villages had also received the order. Millions of barbarian kings led the troops of the county and immediately surrounded Dragon rearing Valley.

At this moment.

The drones controlled by the scouts in the air captured these images and sent them to the holographic meches.

“My Lord, the barbarians have started to move.”

The holographic mech immediately reported to Jiang Li, ” the two legions of the Barbarian dynasty are on their way. Hundreds of soldiers from the county have surrounded them.

“You’re pretty fast ...”

I see. Jiang Li nodded and looked at Wei Zheng. so, you’re of no value to me.

“Jiang Zhizhi, Jiang Li Zhizhi.”

Wei Zheng noticed Jiang Li’s gaze and his face turned pale.

“do it.”

you're right, " Jiang Li said coldly.

shua!

DTS01 was like a sky-blue stream of light. Its energy light wings spread out, and the energy Angel's sword appeared in its hand. It swung the sword and slashed.

"No!"

BOOM! BOOM!

Wei Zheng bellowed. The Blue Dragon imperial edict and the Blue Dragon Jade seal appeared at the same time, blocking DTS01's attack. He shouted, " Jiang Li, you can't kill me!

"Your Majesty, Prince Wei!"

"Emperor Xia, what are you doing?"

"Stop!"

Below.

In the human Alliance's Army.

The chief commanders of the four National Guardian armies.

Wei Wuxian, Chang Wuqi, ke Jiming, and Shang Qilin were all furious when they saw Jiang Li attacking Wei Zheng. The four National Guardian armies joined forces and immediately formed a level-four battle formation.

"Roar!"

The murderous aura of the Army gathered.

it was an enormous black double-winged dragon-lion.

He roared at Jiang Li.

“What’s going on?”

“this bi an ...”

Ling Tian and Dong Xiao were both dumbfounded.

“What happened?”

the soldiers of the other dynasties were also astonished.

Why did they suddenly fight with each other?

“Wei Zheng,”

At this moment.

Jin Wu Shuang shouted, ” your plan has already been exposed. You colluded with the Barbarian race and attempted to murder Emperor Xia and the great Xia Dynasty. You have committed a heinous crime.

“Today is the day you die.”

“Wei Zheng is colluding with the barbarians?”

Dong Xiao was startled.

“Is this for real?”

Ling Tian was in disbelief.

“Nonsense,”

“Jin Wushuang, you’re bullshitting. Don’t frame me, Your Majesty Emperor Xia. You can’t be deceived by Jin Wushuang.” Wei Zheng shouted in anger.

” in fact, the little sky fey kingdom was destroyed a long time ago. the black dragon barbarian kingdom and the barbarian empire had reached an agreement. jin wushuang knew about this but he deliberately hid it. ”

“He’s the traitor!”

Chapter 396 resolution

the little sky Fey Kingdom has really been destroyed? ”

Dong Xiao’s eyes were a little startled as he looked at Wei Zheng, not quite believing his words.

“I didn’t expect Jin Wu Shuang to hide such important information!”

Ling Tian berated and looked at Jin Wu Shuang. He actually believed Wei Zheng’s words and gritted his teeth, ” “No wonder Jin Wushuang was so enthusiastic about attacking the Barbarian dynasty.”

he even suggested for Emperor Xia to send troops many times before.

Below.

The soldiers of the various countries still hadn't reacted, and their minds were in a mess. They could only look up at Wei Zheng and Jin Wushuang, who were standing in the air.

However ...

Although the soldiers of the various countries had not yet figured out what had happened, they knew in their hearts that something very serious had obviously happened.

“Hehe.”

Jin Wushuang sneered disdainfully, “Wei Zheng, it's useless for you to quibble. Besides, I've already told His Majesty Emperor Xia about the matters of the little sky demon Kingdom.

Wei Zheng, stop struggling. Today is the day you die.

“Jin Wushuang!”

Wei Zheng's eyes were cold.

At this time, how could Wei Zheng not understand that Jin Wushuang had already betrayed him?

However ...

Wei Zheng didn't understand. With the restriction of the ‘core contract charm’, Jin Wushuang shouldn't have said it.

“A guy who thinks he's smart.”

Jin Wu Shuang shook his head and said sarcastically, “you've been blinded by your own” desire,”and you want to frame His Majesty Emperor Xia?” Why don't you take a look at your own abilities and see if you're qualified?”

how would you know that His Majesty, Emperor Xia, already knows everything about you? ”

“what a pathetic fellow.”

Jin Wu Shuang’s tone was mocking.

“you!”

what? ” Wei Zheng’s pupils constricted and he looked at Jiang Li in disbelief.

Did Jiang Li already know about my plan?

No!

This was impossible!

Wei Zheng couldn’t accept this fact.

we don’t believe that His Majesty would work with the barbarians!

At this moment.

wei wuxian shouted.

“that’s right!”

“We don’t believe it.”

“Jin Wu Shuang, don’t you dare slander His Majesty!”

Chang Wuqi and the others shouted.

“What a foolishly loyal man.”

Jin Wu Shuang sneered and shook his head, ” even more foolish.

“Your Majesty Emperor Xia, please stop.”

Wei Wuxian raised his head, looked at Jiang Li, and shouted, ” otherwise, we’ll lead the four National Guardian armies to attack together. I don’t think you want to have an internal fight in the territory of the Barbarian dynasty.

“Furthermore, your great Xia Army has already attacked the Barbarian Army.”

“DTS01, go all out.”

let’s go. Jiang Li ignored everyone and just gave DTS01 an order.

Obviously.

Jiang Li didn’t care about that at all. Wei Zheng was of no value anymore.

Furthermore, they were enemies.

then he should die.

“Yes!”

DTS01 went all out and unleashed the energy Archangel skill.

A vast pair of wings of light spread out.

Clang!

A sword was slashed out.

“Ah!”

Pfft!

...

Wei Zheng let out a blood-curdling screech and spat out a mouthful of blood. His body was sent flying. The Blue Dragon imperial edict and the Blue Dragon Imperial Jade seal were sent flying by the sword of the DS01.

Bang!

Wei Zheng fell to the ground.

They landed among the four National Guardian armies.

Obviously.

More than 90% of the great Wei Dynasty's fate was taken by Jiang Li, which greatly weakened the power of the Blue Dragon imperial seal and the Blue Dragon imperial edict. The Blue Dragon's buff on Wei Zheng was also greatly reduced.

The combat power that Wei Zheng displayed was much weaker than when he was in the capital of the great Wei Kingdom.

They could not stop DTS01's attack at all.

One had to know.

dts01 was a perfected tier 5.

“Your Majesty!”

...

Wei Wuxian and the others quickly came over and supported Wei Zheng. are you alright? ”

* Cough cough *

Wei Zheng coughed up blood and looked up at Jiang Li. His face was pale and there was a deep wound on his chest. Emperor Xia, are you really going to kill us? ”

BOOM! boom! boom!

Suddenly.

At this moment.

the ground started to shake.

“Roar!”

The roars of the beasts in the battle formation resounded in the surroundings.

The spiritual Qi of heaven and earth trembled.

In the distance.

It could be seen.

The Barbarian Empire's Elite Barbarian Army and the Imperial Army's barbarian Army had already arrived. They had arrived around Dragon rearing Valley First and were marching over.

The number of barbarian soldiers in the elite Barbarian Army had reached five million.

The Imperial Army and the Barbarian Army had reached two million.

“It's the Barbarian Army!”

“This bi an ...”

“why are there so many barbarian soldiers?”

“They are the elites of the Barbarian dynasty!”

“And the Imperial Army!”

Instantly.

when the soldiers of the various countries looked over, their expressions changed drastically.

“!!!”

Dong Xiao and Ling Tian's pupils contracted.

“Why are the elites and Imperial Army of the Barbarian dynasty here?”

Wei Zheng was also stunned.

However ...

this was just the beginning.

Not long after.

BOOM! BOOM! BOOM!

in the surroundings.

In all directions.

One after another, the Barbarian legions of the county cities appeared. There were many of them, at least more than two hundred of them. The number of soldiers in each barbarian Legion varied.

The larger ones had more than 100000 soldiers, while the smaller ones had about 20000.

More than two hundred barbarian soldiers from the county.

In total.

The number of barbarian soldiers had exceeded 10 million, reaching more than 15 million.

In other words ...

The Barbarian dynasty had mobilized more than 20 million barbarian soldiers!

Such a force.

This was already close to 90% of the forces that the Barbarian dynasty could mobilize.

“oh my god, we’re surrounded!”

Dong Xiao looked around him. More than twenty million barbarian soldiers had formed a huge encirclement, trapping the Army of the human Alliance in the middle.

“It’s a trap! This was a trap! We’ve been tricked.”

Ling Tian exclaimed in shock.

“How did this happen?”

the barbarians set up such a trap in the fallen Dragon County!

The commanders of the human race said in shock.

“This Suan ni, this Suan ni”

Wei Wuxian and the others turned pale.

“F * ck me f * ck me”

Wei Zheng staggered backward. His already pale face turned even paler, as white as a sheet of paper, without any color.

at this very moment.

How could Wei Zheng not understand?

He had been tricked.

The Barbarian race had made use of him and set up such a trap. Their real purpose wasn't to cooperate with him to exterminate the great Xia Army. Instead, they wanted to exterminate the entire Army of the human Alliance.

He swallowed it in one gulp!

One had to know.

If their plan succeeded ...

that included wei zheng.

Everyone would die Here.

If Ling Tian, Jin Wushuang, Dong Xiao, Wei Zheng, and Jiang Li were all dead, all the human dynasties in the southern northern region of the Holy peace state would be without a leader.

at that time.

The Barbarian Alliance would not let go of such an opportunity.

“How did it become like this?”

Wei Zheng's expression was one of despair.

“Energy Archangel's spear.”

Buzzzzzz!

At this moment.

DTS01 released his most powerful skill. As fast as lightning, he dodged the huge energy wings and rushed into the Army formation.

Hurry up!

It was too fast!

Wei Wuxian and the others didn't even have time to react.

“Die!”

whoosh!

the energy archangel's spear was held in dts01's hand. the energy spear was thrust out, and as if the space was pierced, it went straight for wei zheng.

Bang! Bang!

The Blue Dragon imperial edict and blue Dragon Imperial Jade seal that were blocking Wei Zheng's way were directly sent flying.

“pfft!”

Blood splattered everywhere.

The energy spear pierced through Wei Zheng's heart and came out from his back.

“Ah!”

Wei Zheng screamed.

“Your Majesty!”

Wei Wuxian and the others widened their eyes.

“You’re so silly!”

Wei Zheng looked at the energy spear that had pierced through his heart. He clearly felt that his life force was flowing away quickly. He looked up at Jiang Li.

Jiang Li just glanced at Wei Zheng indifferently.

* Cough cough *

Wei Zheng coughed up blood. The life in his eyes dimmed. He opened his mouth and looked at Jiang Li. Before he died, he only said, ” Emperor Xia, I hope you can escape from the Barbarian dynasty with the four Guardian armies of the Wei Kingdom.

bi Feifei, they are innocent after all.

finished speaking.

Wei Zheng was dead.

His head drooped.

Obviously.

Wei Wuxian and the others didn’t know about Wei Zheng’s plan.

At the very least.

they didn’t know that wei zheng and the barbarian race had a secret plan.

The soldiers of the four National Guardian armies had no idea.

However ...

Wei Zheng's words before his death were equivalent to an admission of this fact, and Wei Wuxian and the others couldn't help but be stunned.

The soldiers of the four National Guardian armies were also dumbfounded.

He couldn't believe it.

prince wei!

His Majesty, the Prince of Wei, whom they respected!

He was conspiring with the barbarians?

Shocking!

Dumbfounded!

It was hard to accept.

All sorts of emotions welled up in his heart.

“Escape from the Barbarian dynasty?”

jiang li looked at wei zheng's body, shook his head, and said, ” “I don't just want to escape. I want to occupy the Barbarian dynasty.”

“Roar!”

With the fall of Wei Zheng.

the big wei blue dragon appeared, revealing its 100-meter-long body. it let out a wail as its body continued to crack and disperse, shrinking from 100 meters to 50 meters.

The invisible fate of the country was devoured by the Azure Dragon in Jiang Li's body.

However ...

Such a small amount of National fortune was not even enough to fill the gaps between the teeth of the Azure Dragon Kingdom.

Shua! Shua!

jiang li waved his right hand and the blue dragon imperial edict and the blue dragon jade seal were caught in his hand. they were struggling, trying to break free from his restraint.

Furthermore ...

The Wei Dynasty didn't die, only Wei Zheng died. They could choose another Wei King, so Jiang Li couldn't devour the Blue Dragon imperial edict and the Blue Dragon Imperial Jade seal yet.

Buzzzzzz! Buzzzzzz!

Jiang Li used the great Xia Dynasty's National fortune to suppress the Blue Dragon Imperial Jade seal and the Blue Dragon imperial edict, then put them into his dantian.

After taking care of Wei Zheng, DTS01 returned to Jiang Li's side and stood quietly on his left.

Unfortunately ...

wei zheng didn't get a fifth-tier soul tinder.

Wei Zheng, who was at the initial stage of the fifth level of the five elements Phoenix, was killed just like that.

Jin Wushuang looked up at Jiang Li in awe. as expected of a perfected-stage level five. He killed Wei Zheng so easily.

“.....”

Dong Xiao and the others “expressions became even more reverent.

Wei Zheng colluded with the barbarians and caused the human Alliance to fall into the trap set by the barbarians. He has been executed for his unforgivable crime.

Jiang Li looked down at all the human soldiers. His voice reached everyone's ears. Human Alliance, listen up.

“Attack the Barbarian Army immediately!”

“Dajin's Army!”

Jin Wushuang was the first one to respond to Jiang Li's order. His cultivation of the perfected stage of level four was fully unleashed. His vast true essence surged and the true dragon of National aura appeared, merging with Jin Wushuang.

His aura increased greatly.

“All troops, hear my order! Follow me and attack!”

kill!!!

Jin Wu Shuang roared.

“Charge!”

” kill!!! ”

“The Army of Dajin is invincible!”

“Kill them!”

boom! BOOM!

The Army formation was activated.

Although the five million soldiers of Dajin couldn't set up a stage-four military formation, they had set up five stage-three military formations, which had defense, attack, and enhancement attributes.

At this moment.

The 20 million barbarian soldiers of the Barbarian dynasty finally surrounded them.

“Attack!”

“Exterminate the human race!”

“Kill!”

The next moment.

There was no nonsense.

They directly launched an attack on the Barbarian Army and the human Alliance.

“You’re overestimating yourself.”

Hmph! Xing Maha snorted coldly and waved his hand. His body rose into the air and the power of his totem was released, revealing a totem Dharma. It was a huge demon ape.

It was as magnificent as a mountain.

Tier 4 perfection.

Xing mo he’s cultivation base was also at the great circle of the fourth stage.

Chapter 397 The Black Dragon

“Roar!”

The devil ape roared.

Then, he merged with Xing Maha, and a black-gold totem armor formed on the surface of Xing Maha’s body. The weapon in his hand was a thick black staff.

“die!”

Xing mo he let out a long howl and clenched his long black staff. He streaked across the sky and charged towards Jin Wu Shuang.

Bang!

He raised both of his hands and smashed down with his staff. That thick black staff fell from the sky, directly bombarding Jin Wu Shuang’s head. It contained an extremely powerful aura, as if the sky was falling and the earth was splitting.

“Azure Dragon Seal!”

Jin Wu Shuang immediately used his martial arts.

He formed a series of hand seals.

“Whoosh!!!”

True energy surged out, and with the enhancement of the power of the nation’s fate, it turned into a Green Dragon-shaped seal and blocked Xing Moshe’s attack.

boom!

The attacks from both sides collided.

A deafening explosion rang out. The Azure Dragon Seal exploded, and Xing Moke was also forced back.

“Kill!”

BOOM! BOOM! BOOM!

Xing mo he steadied his body and roared. He waved his long black staff like a mad ferocious ape and charged towards Jin Wu Shuang. His attacks were extremely fast.

Jin Wu Shuang immediately took out his weapon.

It was a long green spear with Dragon-shaped patterns on its body. The spear danced in the air and shot out beams of spear radiance, blocking Xing mo he’s crazy attack.

Both sides exchanged blows.

They were evenly matched.

It would be difficult to determine the winner in a short time.

At the same time.

As Jin Wushuang and Xing mo he fought.

on the battlefield below.

the jin army and the elite barbarian army collided with each other. the two armies were fighting head-on, and the barbarian soldiers and the human soldiers were fighting head-on.

“Roar!”

In the sky.

The two battle formation beasts were also fighting with all their might.

However ...

The elite Barbarian soldiers of the Barbarian dynasty were obviously much stronger than the Army of Great Jin. Although there was no difference in quantity, the quality was much worse.

so,

A direct confrontation.

the army of great jin was at a disadvantage.

“Great Xia Azure Dragon technique!”

“Roar!”

A Dragon’s Roar reverberated in the surroundings.

It’s time. Jiang Li released a vast blue National aura around him. It was like a Blue Sun hanging in the sky, releasing a vast power.

Immediately after.

The 3,500-meter-long great Xia Azure Dragon appeared and circled in the sky. Its winding body was like a huge ancient mountain range.

“Blessing of the nation’s fate!”

Buzzzzzz!

Jiang Li waved his right hand and the light of the Azure Dragon was released, covering the entire battlefield. The power of the Azure Dragon was also added to Jin Wushuang and the soldiers of the Jin army.

“Emperor Xia!”

“This is the power of the great Xia Dynasty’s National aura!”

“Si si si ...”

I feel like my strength has increased by at least 30%!

“That’s great!”

The soldiers of Dajin’s Army shouted.

“Kill!”

Their morale was greatly boosted.

Immediately counterattack the Barbarian soldiers.

...

“Thank you, Emperor Xia!”

Jin Wu Shuang shouted.

“Azure Dragon Spear art!”

jin wu shuang shouted. with the help of qing long, his strength had increased by a lot. he stabbed with all his strength.

The Spear’s radiance was like an Azure Dragon’s Roar.

Bang!

An explosion sounded.

Xing mo he was caught off guard and couldn’t block the spear. He was forced back by Jin Wu Shuang. The qi and blood in his body were in turmoil and a trace of blood seeped out from the corner of his mouth.

He was clearly injured.

“Emperor Xia!”

Jiang Li. Xing Mohe looked up at Jiang Li in the distance.

...

“.....”

Jiang Li was calm.

“blessing of the nation’s fate!”

“roar!”

The next moment.

Xing Jiuli appeared. He rose into the air and stood high in the sky. His body surged with the boundless radiance of the nation’s fate. He was like a Black Sun hanging high in the sky.

“Whoosh!!!”

the power of the nation’s fate was revealed.

It was a barbarian Black Dragon that was 3000 meters long. It also hovered in the sky, emitting endless National aura.

The power of the nation’s fate was also added to the Barbarian soldiers.

“kill!”

Xing mo he’s power had increased greatly, and he was once again engaged in battle with Jin Wu Shuang.

in reality.

as the war broke out, the battle between jin wushuang and xing mo he could only be said to be the most conspicuous part of the vast battlefield.

“Donglin Corps, all troops, charge!”

Dong Xiao roared.

“Kill!”

Ling Tian shouted in anger.

“BOOM!”

Obviously.

After the battle between Great Jin’s Army and the elite Barbarian Army, Dong Xiao and Ling Tian didn’t hesitate for too long and immediately led the Dong Lin and Ling Tian armies to battle with the Barbarian city’s soldiers.

The most important thing was ...

The Barbarian Army had already arrived.

they had to fight even if they didn’t want to.

“What do we do now?”

Ke Jiming asked.

“We have been surrounded by the barbarians.”

Shang Qilin said.

“Most importantly, did His Majesty really collude with the barbarians?”

Chang Wuqi said in a low voice.

“Hu ~~ Hu ~ Hu ~”

Wei Wuxian took a deep breath and put Wei Zheng’s body down. His face was expressionless as he said in a deep voice, ””No matter what, let’s think of a way to break out.”

“yes.”

Ke ji ordered them to look at each other and nod.

This time.

Wei Zheng only led four National Guardian armies, so he only brought four National Guardian generals, which were four level-four fighters, and they were only at the initial stage of level four.

The great Wei Dynasty’s Tier 4 high-end combat power was all guarding the great Wei imperial capital.

He did not participate in this operation.

“Set up the formation!”

“Roar!”

Instantly.

Wei Wuxian and the others led the four National Guardian armies and activated the stage 4 battle formation again. A vast amount of military killing intent gathered and formed a 10000-meter-long double-winged dragonlion.

“Charge!”

BOOM! BOOM! BOOM!

The four National Guardian armies gathered together and formed a Grade 4 battle formation. Their power alarmed Xing Jiuli and the others, and they charged toward the Barbarian Army.

An explosion sounded.

many of the barbarian soldiers were scattered.

“The two-winged dragonlion.”

Luo Xiao’s pupils contracted, ” it’s the defender-general of the Wei Kingdom.

“the human race is indeed not to be trusted.”

Xing Jiuli’s eyes were gloomy. He shouted, ” Luo Xiao, immediately lead the elite Imperial Guards. Cooperate with the county Army and form a Grade 4 battle formation. We must not let the human Alliance break through the blockade.

“Yes.”

Luo Xiao shouted.

“Whoosh!!!”

on the battlefield.

The situation quickly changed again.

With Luo Xiao's help, several fourth-level barbarian kings, and tens of millions of barbarian soldiers of the county, formed a fourth-level military formation in the shortest time.

A vast amount of military evil Qi gathered.

The spiritual Qi of heaven and earth surged, forming a vast spiritual Qi vortex.

“roar!”

In an instant.

It was a huge Python with a pair of wings and a body that was over 10000 meters long.

Grade 4 army formation!

Soaring snake formation!

BOOM!

The flying snake pounced and charged at the two-winged dragonlion.

in the air.

the two army beasts that were ten thousand meters long clashed. a vast storm of energy wreaked havoc as rumbles rang out in all directions.

The attack of the four National Guardian armies was stopped.

They were unable to break through the blockade of the Barbarian Army.

At this moment.

In the fallen Dragon Valley.

Long SE's furious roar was heard.

“Rumble!”

The aura of the mid-stage of the fifth rank was fully released. The incomparably burly figure rose into the air, then rushed into the sky and looked into the distance.

The blood of a huge totem.

Black Dragon!

long se's dharma power was a lifelike black dragon.

It had a huge dragon body that was 3000 meters long.

it was hovering behind longse.

It was extremely powerful.

“General Longse!”

xing jiuli looked over with a reverent expression, but he also saw the tragic scene of dragon rearing valley. the mountains on both sides had collapsed, and the county city in dragon rearing valley had been reduced to ruins.

not only that.

The Black Dragon barbarian Army had suffered a great loss.

At least two million barbarian soldiers had died.

“How could this be?”

Xing Jiuli was dumbfounded. this is the Black Dragon barbarian Army of the Black Dragon barbarian kingdom. Furthermore, they are personally led by long se, who is at the mid-stage of the fifth rank. How could they have suffered such heavy losses?
”

In reality.

If long se was given time to react, the Black Dragon barbarian Army would be able to arrange a stage four battle formation in an instant, which would be enough to block the bombardment of the expedition fleet.

It could even block the missiles of the mecha giant soldiers and mecha Ares-class soldiers.

It was impossible for them to suffer such heavy losses.

However ...

There were no ifs in this world.

Long se believed Wei Zheng’s information too much and neglected to know that Jiang Li’s Army had arrived at Dragon rearing Valley.

so,

Long SE’s Black Dragon barbarian Army was successfully ambushed by Jiang Li.

there was no army formation to block them.

A fleet of 200000 floating battleships, in addition to the missiles of the mechanical giant soldiers and the mecha Ares-class soldiers, was only a single wave of bombardment.

He had taken away nearly two million barbarian soldiers.

the black dragon barbarian army had lost one-fifth of its soldiers.

human!!!

Long se stood in the air.

They could clearly see the Army of the human Alliance several kilometers away.

At the same time.

He also saw the Army of the Barbarian dynasty.

The most eye-catching sight was the massive steel fortresses in the air ten thousand meters above the ground, the dense ranks of soldiers, and the massive steel puppets.

They formed a terrifying Army.

BOOM! boom! boom!

the charge was completed.

In an instant.

The 200,000 floating battleships activated their skills and once again launched an aerial bombardment.

After that.

Countless sky-blue streams of light shot through the air like meteors.

At the same time.

the energy missiles of the mechanical giant soldiers and the mecha ares soldiers also bombarded the black dragon barbarian army.

“Set up the formation! Hurry up!”

Long SE’s pupils shrank. He was shocked and immediately shouted.

“Whoosh!!!”

Although the Black Dragon barbarian Army had lost one-fifth of their soldiers because of Jiang Li’s sneak attack, they were still able to react immediately.

In reality.

Even without long SE’s order, his lieutenants and commanders had already begun to move.

“General.”

long se’s deputy general shouted, ” the black dragon barbarian army has suffered too many losses. in the attack just now, nearly two million barbarians died. so, we can’t arrange a grade 4 battle formation by ourselves. we need the general’s help. ”

“Alright!”

Long se shouted.

As soon as he finished speaking.

Long SE's Black Dragon Dharma power combined with the Black Dragon barbarian Army's formation. The Army's military evil Qi gathered in the formation and merged into the black Dragon Dharma power.

It was as if an endless amount of spiritual energy from heaven and earth was gathering.

It could be seen.

The 3,000-meter-long black Dragon image continued to grow and expand. In a very short time, it grew from 3000 meters to 10000 meters.

“Roar!”

The Dragon's Roar resounded in all directions.

Grade 4 army formation!

black dragon array!

The setup was complete.

“Whoosh!!!”

The vast formation of light and fog enveloped the entire Black Dragon barbarian Army in an instant.

BOOM! boom! BOOM!

At the same time.

Countless energy cannonballs and missiles also fell, bombarding the Black Dragon barbarian Army. However, this time, it didn't achieve the amazing result of the first wave of bombing.

The dense fog of the type 4 Black Dragon Army formation blocked the bombardment.

The energy flames filled the entire Dragon rearing Valley.

However ...

although they had blocked the energy cannonballs, the formation's backlash still caused the black dragon barbarian army to lose nearly 10000 barbarian soldiers.

However, nearly ten thousand barbarian soldiers were killed or injured.

It was completely within an acceptable range.

“Ynjsw01.”

Jiang Li looked at the 10000-meter-long black Dragon. you haven't had a real fight since you reached the perfected stage of level five, have you? ”

“My Lord, your subordinate will definitely win for you.”

Ynjsw01 took a step forward.

Chapter 398 intense battle

“Whoosh!!!”

The entire Dragon rearing Valley was enveloped in the Black Dragon barbarian Army's 'Grade 4 battle formation-Black Dragon formation'. An incomparably dense battle formation light mist spread out and covered the entire Valley.

It contained an extremely powerful aura.

It had to be said.

The Black Dragon barbarian Army was indeed powerful. As expected of the Black Dragon barbarian Kingdom's Army. Apart from long se, who was at the mid-stage of the fifth level, they had five Deputy generals, each of whom was at the perfected fourth level.

At the same time.

There were also ten barbarian leaders.

Each of the Barbarian leaders was a fourth-grade barbarian.

It could be said that ...

Just this Black Dragon barbarian Army alone was comparable to the entire military strength of the lion barbarian kingdom and the panic demon dynasty.

The Black Dragon barbarian kingdom was indeed one of the three most powerful kingdoms in the northern region of the Holy peace state.

The country was extremely powerful.

However ...

This time.

The Black Dragon barbarian Army led by long se encountered Jiang Li's mech Army.

“Black Dragon barbarian Army, hear my order!”

“Roar!”

The 10,000-meter-long black Dragon roared. It was so lifelike and powerful. It hovered in the air and stared at Jiang Li’s Army with its huge head.

“All troops, charge!”

Long se roared. His voice was as loud as Thunder and it reverberated throughout the battlefield.

“Kill!”

The next moment.

The Black Dragon array began to operate.

“Whoosh!!!”

The vast military Qi and the spiritual Qi of heaven and earth converged. The Black Dragon barbarian Army released a powerful attack and gathered the power of the totem.

“Roar!”

Immediately after.

Dragon Breath! the 10000-meter-long black Dragon let out an earth-shaking roar. It opened its huge mouth and spat out Dragon Breath at Jiang Li’s Army.

BOOM!

It was an extremely huge black light pillar, burning like a Black Flame. It was hundreds of meters in diameter and seemed to penetrate the world as it blasted towards the punitive expedition Army.

“Fire the ship’s cannons!”

BOOM! BOOM! BOOM!

The 200,000 battleships opened fire at the same time. The energy cannonballs flew across the sky and bombarded the Dragon Breath of the 10000-meter Black Dragon. The two sides collided, and all the cannonballs exploded.

Bang Bang Bang Bang!

Instantly.

in the sky.

a series of rumbling sounds rang out, forming a straight path of light formed by countless energy fireworks.

It was extremely dazzling.

However, it was unable to completely block the black light pillar.

launch the small energy missiles!

” launch the small energy missiles! ”

“BOOM!”

Immediately after.

The mechanical giant soldiers and the mecha Ares-class soldiers fired energy missiles. Tens of thousands of energy missiles flew across the sky and bombarded the black light pillar from the front.

Instantly.

The entire battlefield's sky was covered by the explosion's radiance. The extremely dazzling and eye-catching light bloomed as if a sun had appeared in the sky.

The battlefield was as bright as day.

The vast shock waves spread out like circles of energy ripples. The surrounding heaven and earth spiritual Qi shook as if a huge rock had been thrown into a Big Lake.

The scene was too Grand.

bang!

It could be seen.

The Black dragon's breath was finally shattered. The black pillar of light, which was hundreds of meters in diameter, seemed to penetrate the sky and explode into a sky full of light.

“it was actually blocked!”

...

Xing Jiuli looked slightly shocked as he looked at the scene in the sky and said in shock, ” the ‘Black Dragon Breath’ formed by the grade 4 army formation-Black Dragon formation was actually blocked.

“This bi an ...”

Xing Jiali was extremely shocked.

“So strong!”

Dong Xiao raised his head and looked at the Army in the sky. His expression was one of awe. the Army of His Majesty Emperor Xia is indeed powerful. Even without a military formation, the combat power that they can unleash is extremely terrifying.

Emperor Xia’s great Xia Army is actually suppressing the Black Dragon barbarian Kingdom’s Black Dragon barbarian Army.

ling tian took in a breath of cold air and exclaimed, ” you must know that the black dragon barbarian kingdom is one of the three strongest kingdoms in the northern region of the holy peace state. it is also the strongest empire in the barbarian race. ”

“Hahahahaha!”

Jin Wushuang laughed wildly and his aura increased. He immediately attacked Xing mo he and shouted, ” “Xing mo he, you barbarians are going to lose this time.”

“With His Majesty the Xia Emperor and the Xia Army around, your plan will not succeed.”

“accept the reality.”

...

Roar!

jin wushuang thrust his spear forward, and a dragon’s roar could be heard. the green spear radiance was like a huge dragon’s head, and it opened its bloody mouth to attack xing mo he.

“ridiculous!”

Xing Maha scolded, ” Jin Wushuang, it’s just a mere great Xia Dynasty, a newly established human dynasty. You want to fight against the Black Dragon barbarian kingdom? ”

“You’re overestimating yourself.”

“Today will be the day you die. All of you will die Here. No one can escape.”

BOOM!

The devil ape roared.

Xing mo he’s staff smashed down, blocking Jin Wushuang’s attack.

On the battlefield.

The Jin army and the elite Barbarian Army were fighting. Luo Xiao led the Imperial Army and the Barbarian Army, as well as ten million barbarian soldiers of the county city, to form a fourth-grade army formation and fight with the four National Guardian armies.

The Yongling Army and the Donglin Army assisted from the side.

“Kill!”

bang bang bang bang!

Battle cries reverberated through the battlefield. As far as the eye could see, the entire central area of Fallen Dragon County had fallen into the flames of war. The battlefield was huge, stretching for several kilometers.

The battle was too intense.

the ground cracked and the mountains collapsed.

The surrounding spiritual Qi fell into chaos and violence.

One by one, corpses fell to the ground.

There were barbarians.

There were also humans.

“Kill!”

At this moment.

Long se led the Black Dragon barbarian Army out of Dragon rearing Valley. Many level-three barbarians flew into the sky and attacked Jiang Li’s Army.

“Whoosh!”

“Roar!”

Countless sharp arrows covered in totem power and the power of the military formation shot at Jiang Li’s meches like black Lightning.

“Mechanical wing storm.”

“Dragon Breath.”

“Dada Dada Dada Dada!”

“Rumble!”

However ...

The Black Dragon Army was met with the crazy attacks of the mechanical wing air Force, mechanical dragon cavalry, and various fighter aircraft troops. The steel feathers formed a vast tornado, and the dragon's breath turned into a sea of energy fire.

As the bombs landed on the Barbarian Army, they exploded.

The aerial heavy machine gun fired wildly.

“Roar!”

An earth-shaking Dragon's Roar was heard again.

Immediately after.

The 10,000-meter-long black Dragon spat out another dragon's breath, forming a black light pillar with a diameter of several hundred meters. It seemed to be made of black energy flames.

The Army that was charging at Jiang Li.

Bang Bang Bang Bang!

Instantly.

many mechanical winged air soldiers, glider air soldiers, and biochemical air soldiers in the outer defense line of the punitive expedition army were scrapped, turning into scrap iron and falling.

“Black Dragon combat body!”

Bang!

At the same time.

Long se roared as well. He leaped into the air as fast as lightning and borrowed the power of the Black Dragon array. His right hand held a huge black Dragon Spear.

in that instant.

He killed his way up to a height of ten thousand meters.

“Zombie King combat body!”

“Roar!”

Ynjsw01 had been waiting for a long time. A dense mechanical psionic energy immediately gushed out of his body, and a dark fog of light spread out and filled his body.

Roar! “Roar!”

Immediately after.

under ynjsw01’s control, the two early-stage rank five walking puppets were like two black streams of light. they directly passed ynjsw01 and rushed out with full force.

BOOM!

It was followed by a loud bang.

The two type 5 walking corpse puppets directly shattered the Black dragon’s breath. The huge black light pillar exploded, turning into light spots that filled the sky.

Bang! Bang! Bang! Bang!

The two fifth-order zombie puppets were also sent flying, smashing several battleships and causing them to fall from the sky.

“tier 5!”

longse’s pupils contracted. he immediately noticed ynjsw01 and his eyes turned serious. without any hesitation, he thrust his black dragon spear.

“Black Dragon Spear!”

Whoosh!

The spear radiance fell and pierced through the air.

“Kill!”

Ynjsw01 raised his head. Psionic energy surrounded his body and he had already transformed into the Zombie King combat body. Sharp fangs were revealed at the corners of his mouth, and his eyes had turned pure purple, as clear as gems.

his entire body.

It was covered in purple scales.

Bang!

Ynjsw01 raised his hand and threw a punch. A vast amount of psionic energy had already gathered on his fist. It was as black as ink and collided with Longse’s attack.

There was a loud ‘boom’.

The spear light exploded.

Long se felt an extremely powerful force entering his body through the black Dragon Spear in his hand. The Black Dragon Spear in his hand was almost sent flying.

He had to retreat several times to dispel the remaining force.

One punch!

Ynjsw01's punch shattered Longse's spear.

what? " long se looked at ynjsw01 in shock. His eyes could not help but be filled with fear. perfected Tier 5! A peak Tier 5 peerless powerhouse!"

Shocking!

Long se was extremely shocked!

obviously.

He had not expected to encounter such an expert.

"Energy Archangel!"

Wuwuwuwuwu!

DTS01 took the opportunity to make a move. Its three-thousand-meter long energy light wings spread out, and it held the energy Archangel's spear in its hand. The light was dazzling.

However, the spear did not stab toward Longse. Instead, it pierced through the 10000-meter long black Dragon.

“Roar!”

The 10,000-meter-long black Dragon beast roared and once again shot out a huge black light pillar, colliding with DTS01’s shot and causing a loud explosion.

The black light pillar shattered, unable to completely block the power of DTS01’s spear. Cracks began to appear on the huge black Dragon’s body.

The Army formation almost crumbled.

Kachaa! kachaa!

Pfff!

“Ah!”

The backlash from the battle formation.

A large number of barbarian soldiers screamed and vomited blood. They staggered backward. More than 100000 barbarian soldiers were killed or injured. Even the fourth-grade barbarian leaders were bleeding from the corners of their mouths.

He was obviously injured.

Buzzzzzz!

The Army formation rotated at a high speed, and the military killing intent condensed. A vast amount of totem power was injected into the black Dragon’s body, quickly repairing the cracks on its body.

DTS01 attacked again, trying to break the military formation.

“Don’t even think about it!”

BOOM!

Long se was shocked. He immediately charged over and stabbed his Black Dragon Spear at DTS01. DTS01 flapped its wings and entered a stream of light, avoiding long SE's attack.

Clang!

At the same time.

DTS01 took out the energy Angel's sword with his left hand and slashed at Longse. It formed a crescent-shaped sword light and slashed down.

Bang!

Longse raised his spear to block but was sent flying thousands of meters away.

"Tier 5 perfection!"

it's him! long se raised his head and said in shock, " another peerless powerhouse at the perfected stage of the fifth rank!

Roar! Roar!

At this moment.

The two early-stage type 5 walking puppets returned to ynjsw01's side. Black mist surrounded them, and their type 5 auras were fully released.

two at the perfected stage of rank five.

Two early-stage rank five.

There were a total of four type 5 experts.

“No! This was impossible! That’s impossible!”

Long SE’s face turned pale when he saw this. He shouted in fear, ” “how can there be four of them at the fifth step? why are there four of them at the fifth step?”

this is impossible!!!

Chapter 399 defeat

Four tier 5 experts!

These were four tier 5 existences.

furthermore, two of them were at the perfected stage of tier 5.

Such high-end combat power.

The great Xia Dynasty actually had four.

One had to know.

To long SE’s knowledge, only the Black Dragon King, the heavenly Demon King, and the king of Shu were perfected stage level five existences.

The great Xia actually had two.

The most important thing was ...

they're Jiang Li's subordinates! the two peak-stage level-five experts were willing to be Jiang Li's subordinates. They were at the peak of level five, not just any random people.

Thinking about it carefully, long se suddenly felt a chill in his heart.

This was too terrifying.

He felt that his brain couldn't wrap itself around this.

” retreat!!! ”

Without any hesitation.

After confirming that great Xia had four tier 5 experts, long se no longer had any intention of continuing the battle. He turned around and shouted at the Black Dragon barbarian Army.

he gave the order to retreat.

Obviously.

Among the Black Dragon barbarian Army and the Barbarian Army, long se was the only rank 5. Even if long se fought with all her might, she could not stop four rank 5 experts.

At that time.

The grade 4 army formation was broken.

he would be at a disadvantage.

Retreat!

They had to retreat!

“All troops, retreat!”

“Retreat!”

buzzzzzz!

The battle formation changed.

The Black Dragon formation had turned into a marching formation called the wind Dragon formation. Under long SE's leadership, the Black Dragon barbarian Army had abandoned the Barbarian dynasty's Army and left the battlefield.

Hurry up!

The speed was extremely fast!

The speed of a stage four army formation was no slower than Jiang Li's Air Force.

“Zombie King domain!”

buzzzzzz!

Ynjsw01 cast a Tier 5 skill. With him as the center, an endless amount of mechanical psionic energy was released, spreading to the surroundings.

After that.

It formed a domain with a diameter of five kilometers.

“Roar!”

The two fifth-order walking corpses raised their heads and let out a long roar. The aura on their bodies increased greatly, like zombies howling at the moon. They rose from the early stage of the fifth order to the middle stage.

Not only that.

All of Jiang Li's meches would be strengthened by the Zombie King's territory as long as they were within the territory. Their power would double.

This included DTS01.

Jiang Li even felt a strong force on his body.

Obviously.

the 'zombie king's domain' was a type of aoe buff. the effect of this buff was similar to that of an army formation, but ynjsw01 had achieved this by himself.

However, an army formation required a large number of soldiers to set up.

“Kill!”

BOOM!

dts01's speed was even faster after being enhanced by the zombie king's domain. it caught up to longse in an instant and attacked with all its might.

“All-rounded release!”

“Whoosh!!!”

In an instant.

The energy light wings on DTS01's back spread out, covering the sky and blocking the earth. The energy Archangel's spear expanded in the wind, turning into a giant pillar that was ten thousand meters long.

...

“No!”

Long SE's eyes were filled with fear. At this moment of crisis, he unleashed all of his totem power. The Black Dragon Dharma form merged with him, and its power increased greatly.

At the same time.

The formation of the Black Dragon barbarian Army changed again, from the wind Dragon formation to the Black Dragon formation.

the 10,000-meter-long black dragon beast merged into longse's body.

At this moment.

Longse's strength had climbed to his strongest state.

“dragon spear art!”

Bang!

longse also thrust his spear with all his might. the pitch-black dragon-shaped spear's radiance rose into the sky. this was longse's full power. the pitch-black dragon-shaped spear's radiance collided with dts01's energy angel spear.

“Rumble!”

...

it could be seen.

In the sky.

it was a head-on collision between the sky-blue spear and the pitch-black spear. in the head-on confrontation, the energy of both sides was constantly obliterated, giving off a series of explosions.

Kachaa! Kachaa!

In the end.

The black spear gradually cracked open. The cracks continued to spread until they covered the entire spear. Fear appeared on Long SE's face.

“Not good!”

“General Longse is going to lose!”

“How could this be?”

“No!”

The barbarians were terrified.

“ah!”

A miserable scream rang out.

Long se spat out a mouthful of blood. His attack was completely shattered. The vast shock wave hit his body and sent him flying.

“Roar!”

The Black Dragon let out a sorrowful cry, and the Black Dragon was also shaken out of long SE's body. The huge dragon body cracked, causing a large number of barbarian soldiers to suffer from the backlash of the battle formation.

Heavy losses.

Bang Bang Bang Bang!

Longse flew nearly 10000 meters away and fell from the sky. He crashed into the ground, plowed a trench that was tens of thousands of meters long, and smashed into several Hills.

Dirt and rocks flew everywhere, and dust spread.

“Pfft!”

Long se vomited blood.

BOOM!

At this moment.

An explosion sounded.

ynjsw01 seized the opportunity and made his move. he crossed the void and crushed the ground. then, his arms instantly transformed into two straight, long black blades.

Shua! Shua!

Two pitch-black blade-lights slashed out, directly cutting the 10000-meter Black Dragon into two.

BOOM!

Grade 4 army formation.

Black Dragon array.

It exploded just like that.

ynjsw01 seized the opportunity and destroyed the tier 4 formation with a single strike, destroying the black dragon behemoth. the light fog that enveloped the entire black dragon barbarian army instantly dispersed.

“No!”

“Ah!”

The Army formation was broken.

Hundreds of thousands of barbarian soldiers were killed by the backlash, and countless screams rang out.

Pfft! Pfft!

At the same time.

The five Deputy generals who were at the perfected stage of the fourth stage and the ten barbarian commanders also vomited blood.

“The expedition Army! All troops, attack!”

“Fire the ship’s cannons!”

“Kill!”

At this moment.

The large military transport aircraft quickly descended.

Then, all kinds of mechanical army units appeared and formed a huge mechanical Army as quickly as possible. They charged at the Black Dragon barbarian Army that had lost their defense.

boom! BOOM! BOOM!

The energy explosive soldier descended from the sky and charged into the black Dragon barbarian Army. The explosive energy was released. Every punch that was thrown out caused an explosion that was enough to kill a large number of barbarians.

” artillery position set up! ”

“Fire!”

The mechanical artilleries formed an artillery position and fired shells, carrying out long-range bombardment.

On the battlefield.

It was chaos.

The mechanical Army of the punitive Army fought in close combat with the Black Dragon barbarian Army. The Barbarian soldiers were killed one by one, and many of them were turned into walking corpse puppets.

This was because he had the support of the ‘Zombie King domain’.

The combat power of the meches was greatly improved, and the zombie puppets were even stronger.

very quickly, the situation became a crushing one.

“Ah!”

Pfft!

It could be seen.

Hundreds of perfected-stage fourth-rank mechas and Ares-class soldiers formed an Air Force, surrounding and killing five perfected-stage fourth-rank Deputy generals and ten fourth-rank barbarian army commanders.

The two sides had only fought for a few minutes.

The five Deputy generals were easily killed by the mecha Wargod troops.

He was no match for them at all.

The difference in numbers between the two sides was too great.

“Jiang Li!”

BOOM!

Long se rushed out of the ruins. He was in a sorry state. His eyes were bloodshot. Seeing the Barbarian soldiers being killed one after another on the battlefield, including his Deputy generals, long se was furious.

he stared at jiang li and yelled, ” “I’m going to kill you!”

“whoosh!!!”

at this moment.

Long se burned his own life in exchange for a burst of power in a short time. His totem Dharma appeared again, and his body seemed to have turned into a Dragon.

“Die!”

Jiang Li! long se charged at Jiang Li.

BOOM! BOOM!

DTS01 and ynjsw01 attacked at the same time, releasing their mechanical energy and mechanical psionic energy. The two perfected-stage Tier 5 existences joined forces to deal with the desperate Longse.

“Ah!”

Long se vomited blood. In the end, he was no match for ynjsw01. Ynjsw01 seized the opportunity and punched through long SE’s chest, penetrating his body.

“Jiang Li!”

Long se looked at Jiang Li who was standing on the deck of the warship from afar. Her eyes were filled with unwillingness, but she couldn’t get within ten thousand meters of Jiang Li.

“His Majesty, the Black Dragon King, will definitely destroy your great Xia Dynasty! I will!”

“Victory belongs to the barbarians!” Long se shouted.

“Ynjsw01, transform into an undead puppet.”

Jiang Li ignored long SE's threat.

“zombie king's poison!”

“Whoosh!!!”

Ynjsw01 immediately released his skill. An extremely thick, pitch-black poisonous mist gushed out of ynjsw01's palm and covered Longse's entire body in an instant.

Pfft!

ynjsw01 pulled his right hand out of longse's chest. blood flowed out, and his entire arm was stained red with longse's blood.

“ah!”

The overbearing Zombie King's poison was corroding long SE's body. The pain was like a slow death, causing long se to let out a shrill scream.

Very quickly.

The screams stopped.

The thick poisonous mist was also retracted by ynjsw01. Longse opened his eyes, which were pure black with a hint of purple.

The wound on his chest had recovered.

“Roar!”

Immediately after.

roar! long se roared into the sky. The black mist secretly condensed into a Black Dragon Dharma image behind him.

The transformation was a success!

Middle-stage fifth rank walking corpse puppet.

Furthermore ...

Within ynjsw01's 'Zombie King domain', the Tier 5 middle-stage Dragonslayer zombie puppet could display the strength of a late-stage Tier 5.

On the battlefield below.

The army was defeated like a landslide.

With two zombie puppets that could display the strength of the mid-stage of the fifth rank, the Black Dragon barbarian Army was completely unable to resist the attack of the punitive Army.

long se of the Black Dragon barbarian kingdom is dead.

the Black Dragon barbarian Army has also been defeated by His Majesty's Army, ” Dong Xiao shouted excitedly. the victory belongs to us. It belongs to the human Alliance.

“All troops, kill!”

“Don't let a single barbarian off the hook! Victory is right in front of you!” Ling Tian roared.

“Hahahahaha!”

Jin Wushuang was extremely excited and laughed wildly, "Emperor Xia is invincible, great Xia is invincible. Great Jin army, listen up. Attack with all your might. Don't let these barbarian soldiers escape.

"The great Xia Army actually won."

Wei Wuxian reacted and said in a shocked tone, "the Black Dragon barbarian Kingdom's Black Dragon barbarian Army has been completely defeated.

"Si si si ..."

Chang Wuqi gasped and said in shock, "I thought it would be good enough if we could break out of the siege. But Emperor Xia killed the Black Dragon barbarian Army.

"I can only say that we don't understand great Xia very well."

Ke ji ordered.

"Yup,"

Shang Qilin nodded his head solemnly, "the strength of great Xia, the strength of Emperor Xia, has completely exceeded our expectations. It is not what we imagined.

"General Longse is dead, wuwuwu is dead, wuwuwu"

Xing Jiuli's face turned pale and his entire body trembled. Fear welled up in his heart as he looked at the great Xia Army slaughtering the barbarians.

"Tier 5! Four type 5!"

and these 10000 type 4 troops!

Xing Jiali's body trembled. and those hundreds of thousands of stage three soldiers. Even the weakest one is a stage one. There are no inferior soldiers. The great Xia Army is so powerful!

"It's over. It's all over this time, Yingluo."

Xing Jiuli's eyes were filled with despair.

"I'm also here to move my hands and feet."

Xing Jiali. Jiang Li looked away from the battlefield and turned to Xing Jiali.

It could be said that ...

With the defeat of the Black Dragon barbarian Army and the death of long se, who had even been turned into a walking corpse puppet, the situation on the battlefield was basically stabilized.

It was only a matter of time before they won.

Chapter 400

obviously.

Jiang Li was going to do it himself.

This was because he wanted to test the extent of his strength.

After all, Jiang Li's cultivation had reached the peak of level four and he had learned the 'Green Dragon kill seal', which was a reward from the Saint peace state.

The sacrificial ceremony was the best ‘testing stone’.

This was because Xing Jiuli was also at the perfected rank four realm and had stayed there for a long time. He had cultivated all sorts of totem secret skills to a very high level.

Furthermore ...

Xing Jiali was still the Barbarian King.

It also had the amplification of the power of the nation’s fate.

shua! Shua!

DTS01 and ynjsw01 quickly arrived.

“My Lord, you don’t need to personally deal with a mere ant.”

DTS01 said.

“Yes, I am.”

Ynjsw01 nodded. “He’s not worthy of you making a move. He doesn’t have the qualifications.”

“The two of you, stand guard at the side.”

Jiang Li said.

“Yes.”

“Yes, sir.”

dts01 and ynjsw01 nodded respectfully and retreated to the sides. they looked at the sacrificial ceremony in the distance, causing cold sweat to break out on the sacrificial ceremony's forehead.

At the same time.

Xing Jiali looked down at the battlefield.

The Black Dragon barbarian Army had been defeated and a large number of them were killed. Under the command of the commander, Jiang Li's expedition Army had already sent out some meches to attack the Barbarian Army.

With the addition of Jiang Li's Army, the Barbarian Army was forced to retreat. It was hard to resist and the casualties increased. They were at a great disadvantage.

if this continued ...

The Barbarian Army of the Barbarian dynasty would be annihilated.

"Emperor Xia."

"Are you really going to kill us all?" Xing Jiuli asked in a deep voice. Aren't you afraid of the Black Dragon barbarian Kingdom's revenge? By then, do you think your great Xia Dynasty will be able to stop the Black Dragon barbarian Kingdom's Army?"

"Activate the armor."

Buzzzzzz!

Jiang Li ignored Xing Jiuli. He activated the 'elite Dominator battle armor' and the 'mechanical watch' on his left wrist lit up.

Kachaa! Kachaa!

instantly.

The black steel armor covered Jiang Li's body, and his purple electronic eyes were shining.

With the assistance of 'jrzt01'.

Jiang Li could see everything around him from all angles.

At the same time.

'Jrzt01' could also help Jiang Li fight.

"energy cannon,"

BOOM!

let's go. Jiang Li raised his right hand. Purple light gathered in his palm and turned into a purple energy bomb. He shot it at Xing Jiali.

There was no nonsense.

kill him! Jiang Li attacked.

"you!"

Xing Jiuli was shocked. He immediately released his totem. It was a huge, red, three-headed Lion.

It was like a burning flame.

"Roar!"

” fire! ” the totem roared and shot out a giant fireball, blocking jiang li’s energy bomb.

The fireball and the energy bomb exploded at the same time.

Bursts of light.

“kill!”

bang!

Jiang Li! Xing Jiuli shouted and attacked. Since he had already started, he knew that he couldn’t just let things be. He had to fight. He had to fight Jiang Li.

...

“Jiang Li.”

Xing Jiuli’s eyes were burning, and his fighting spirit was high. although you’re also at the perfected stage of Tier 4, cultivation realm is not the only thing that determines combat power and strength at the same level.

“Secret techniques, weapons, and so on are all important factors.”

Wuwuwuwuwu!

The red radiance was dazzling.

xing jiuli seemed to have transformed into a vast red sun, hanging high in the sky and unleashing an extremely powerful totem secret technique.

“Secret totem technique! The red sun incinerates the sun!”

Xing Jiali shouted.

He had unleashed an extremely powerful technique.

In reality.

The secret totem technique was the same as martial arts. Entry, small success, large success, and perfection.

...

The higher the level, the more power it could unleash.

The power of the sacrificial ceremony.

Clearly, he had already reached the ‘perfection’ level.

It was able to unleash the full power of the ‘red sun incinerating sun’.

“Die!”

BOOM!

die! Xing Jiuli pulled his hands back. The red sun fell from the sky and hit Jiang Li. The temperature was so high that the air seemed to be twisted.

Very strong!

It was extremely powerful!

the Barbarian King Xing Jiali is indeed powerful. His secret totem skill has also been cultivated to perfection. Emperor Xia should be able to block it, right? ”

Jin Wu Shuang raised his head to look at the scene in the sky.

“Whoosh!!!”

Jiang Li took a deep breath and spread out his divine sense. The spiritual Qi around him gathered and formed a vast spiritual Qi storm that swept in all directions.

A surge of true essence circulated.

Roar!

A series of Dragon roars rang out.

After that.

Jiang Li didn't use any martial arts techniques. He just punched out with pure true essence and pure strength. The spiritual Qi gathered and formed a huge fist print.

Bang!

The fist smashed down.

The scorching red sun exploded.

It was shattered by Jiang Li's punch.

“Pfft!”

xing jiuli was coughing up blood.

The shock wave sent Xing Jiuli flying.

Crushing!

It was a complete suppression!

“You, you, you, you, you, you, you ...”

” what? ” xing jiuli’s eyes widened and he looked at jiang li in shock. My [red sun incinerating sun] has already been cultivated to the great circle, how could it be so easily shattered by your fist?”

you’re really just a perfected Tier 4?!

Shocking!

Xing Jiali was shocked.

“You’re too weak.”

Jiang Li looked at Xing Jiuli and shook his head in disappointment. I thought you were strong enough for me to practice, but I didn’t expect you to be so weak.

obviously.

because jiang li had been injected with level one to level three genetic strengthening drugs and the blessing of the nation, he had reached the limit of the perfected level four.

one had to know.

spiritual energy. Jiang Li’s divine will spread out and he could control the spiritual energy within a hundred thousand meters. His true essence was also extremely rich, far more powerful than an ordinary perfected-stage level-four.

It could be said that ...

Jiang Li was almost invincible in level four.

Xing Jiuli wasn't weak either, but he was still too weak compared to Jiang Li. Even though he had mastered a perfected totem secret skill, he was still no match for Jiang Li.

"If that's the case, then let's end this as soon as possible,"

Jiang Li said.

Buzzzzzz!

The next moment.

Azure Dragon absolute kill seal! Jiang Li formed a seal with both hands and used the 'Azure Dragon absolute kill seal'. The Azure Dragon of Xia roared and added the power of the country's fate to himself.

Shua! shua!

At the same time.

The Green Dragon imperial edict and the Green Dragon Imperial Jade seal appeared.

Roar! Roar!

Green Dragon shadows appeared around Jiang Li.

"Dragon-Lion ultimate technique!"

BOOM! boom!

At this moment.

what's wrong? ” Xing Jiuli felt that he was in mortal danger. He thought that with his strength, he might be able to capture Jiang Li while they were fighting and get out of this dangerous situation.

However ...

Jiang Li's strength shattered his fantasy.

Capture Jiang Li?

Stop dreaming.

xing jiuli even suspected that he would be killed by jiang li.

“They're both at the perfected stage of level four, but why is Jiang Li's true essence so dense? Why can Jiang Li control the spiritual energy within a hundred thousand meters?”

Xing Jiuli shouted in his heart. He found it difficult to understand.

“Roar!”

The Black Dragon started to merge with the sacrificial rites. The Black Dragon imperial decree appeared and turned into a Dragon-shaped light. It combined with the sacrificial rites and increased its power.

Buzzzzzz! Buzzzzzz!

it could be seen.

Xing Jiuli's three-headed Lion had fused with the barbarian's true dragon of National aura. The vast power of totems and the power of National aura had combined, and Xing Jiuli had fused all the powers he had.

after that.

He released his strongest totem secret skill.

dragon-lion ultimate technique!

“Kill!”

BOOM!

Xing Jiuli shouted as he transformed into a Dragon-Lion, and boundless crimson-black Radiance bloomed. It was a huge Dragon-Lion with three dragon heads.

It was as red as the sun.

Burning the heavens.

“go to hell!”

Xing Jiali was going all out.

“So strong!”

“This power is really strong.”

Dong Xiao, Wei Wuxian, and the others all looked over.

“i can't possibly block the power of this move.”

Jin Wushuang was shocked, "this Xing Jiali is actually so powerful .."

"This is His Majesty's most powerful ability."

Xing mo he, Luo Xiao, and the others looked up with excitement. His Majesty will definitely win. He will definitely win.

"Go!"

kill! Jiang Li shouted and released the Green Dragon absolute kill seal. The dragons circled and then condensed into a real word 'kill', falling like a mountain.

Bang!

The 'kill' seal directly collided with the three-headed Dragon-Lion. A green light was released. It was clearly wood attribute vital essence filled with life aura, but at this moment, it contained endless killing intent.

It was as if everything was withering.

it contained a killing intent.

"Ah!"

Xing Jiuli was screaming in fear. The three-headed Dragon-Lion he had formed was melting away like snowflakes. It could not withstand the power of the 'kill' seal at all.

"No!"

BOOM!

Xing Jiali wailed.

The huge three-headed Dragon-Lion was completely destroyed and turned into red light spots that filled the sky. The remaining power of the 'kill' seal landed on Xing Jiali's body.

“pfft!”

Blood splattered everywhere.

xing jiuli's chest had been pierced by the 'kill' seal.

“Your Majesty!”

Xing mo he's eyes widened in shock.

“No, we can't!”

Luo Xiao screamed.

“One move! This is a one-move defeat!”

Dong Xiao swallowed his saliva. Emperor Xia's strength is too strong. Both of them are at the perfected stage of the fourth tier, but the sacrificial rites can't even withstand a single move from Emperor Xia.

the secret skill released by Xing Jiali just now was obviously very powerful and powerful. However, it was killed by Emperor Xia's seal in seconds.

Ling Tian's tone was filled with respect, ” is the sacrificial Xing ceremony too weak or is Emperor Xia too strong? ”

Jin Wu Shuang's mouth was wide open, he only recovered after a long time, he muttered: it's not that Xing Jiali was too weak, but that Emperor Xia's strength was too strong. He had far surpassed an ordinary perfected Tier 4 martial artist, and was almost invincible among Tier 4 martial artists.

in fact, I would not have been able to block the move that Xing Jiuli had just used. I would have even been seriously injured. However, Emperor Xia shattered Xing Jiuli's attack with a seal and even injured him.

* cough cough *

Xing Jiuli coughed up blood as he stood in the air. He was on the verge of collapse. His chest had been pierced through, and fresh blood was flowing out. He was severely injured, and his expression had turned into one of madness.

He knew.

In such a situation.

It was already impossible to turn the tables.

Since that was the case ...

There was only one way.

That was to self-destruct the fate of the country.

We'll die together!

The next moment.

roar!

The Barbarian Red Dragon roared, and the fate of the country shook violently.

“you have no chance.”

However, Jiang Li was prepared for this. He charged over and the Green Dragon Imperial Jade seal fell from the sky like a vast mountain.
