

## Army 401

Chapter 401 Great success

bang bang bang bang!

The Green Dragon Imperial Jade seal crushed everything and even shattered Xing Jiali's defenses. Then, under the gaze of all the living beings in the surroundings, it landed on Xing Jiali's head.

Bang!

his head exploded.

Xing Jiali's head was directly shattered.

It exploded into a bloody mist.

The shaking of the country's fate came to an abrupt end.

xing jiali had died.

Buzzzzzz!

After that.

A pure golden light emerged from Xing Jiali's headless corpse. It quickly gathered together and turned into a pure golden light spot.

Shua!

It merged into Jiang Li's forehead.

[ acquired a Tier 4 soul Tinder! ]

A notification appeared.

a fourth-tier soul Tinder dropped.

Jiang Li smiled.

In reality.

jiang li wasn't very satisfied with the battle with xing jiuli because he didn't have the thrill of fighting. he didn't have the pleasure of being 'evenly matched'.

Xing Jiali was really too weak.

He was no match for Jiang Li at all.

From the beginning of the battle, Jiang Li had the upper hand. He crushed Xing Jiuli's attacks easily.

"I hope the next opponent I meet will be stronger."

jiang li said.

At this moment.

With Xing Jiali's death, the Black Dragon started to collapse. Its huge body gradually split apart, and a vast and invisible country fate surged out.

It let out a series of painful Dragon roars.

"your majesty!"

“No! How did this happen?”

the true dragon of the country’s fate is collapsing!

” is the barbarian dynasty really over? ”

Xing Mo Sha and the others looked at the Black Dragon collapsing in despair.

At the same time.

Due to the death of Xing Jiali and the collapse of the Barbarian Black Dragon, the blessing of the country’s fate on the Barbarian soldiers had disappeared. Their combat power began to decline, and they were defeated even faster.

“great xia azure dragon technique!”

Roar!

The Azure Dragon of the Xia Dynasty revealed his true dragon body. His 3500-meter long body was like a winding mountain range. He appeared in the sky and opened his huge Dragon mouth. He began to devour the fate of the Barbarian dynasty to strengthen himself.

The Azure Dragon of the great Xia Dynasty was slowly growing, and the fate of the great Xia Dynasty was also slowly growing.

On the battlefield.

“Break!”

boom! BOOM!

ynjsw01 was controlling a mid-stage rank five zombie puppet and two early-stage rank five zombie puppets. under the enhancement of the ‘zombie king domain’, the strength of the three zombie puppets had increased by a small rank.

After that.

The three undead puppets joined forces and broke the stage 4 battle formation of the Barbarian dynasty. The huge beast of the winged dragonlion battle formation exploded into light spots.

The formation light fog that covered more than half of the battlefield dispersed.

“Ah!”

A large number of barbarian soldiers screamed in pain.

The backlash was severe.

“Kill!”

“the army of the barbarian dynasty has been broken! Charge!”

“Kill!”

pfft! Pfft! Pfff!

“Rumble!”

...

An intense battle erupted.

the morale of the human alliance's army was greatly boosted. they roared and released their internal force, genuine qi, and genuine vitality. they performed all kinds of martial arts techniques and attacked the barbarian soldiers.

At the same time.

jiang li's army also joined in and started a massacre. they killed a large number of barbarians and gained a large number of soul tinders.

“No!”

Bang!

arghh! Xing Momo screamed in pain. Ynjsw01 crushed his head with a single punch. His headless body fell onto the battlefield.

“What a good Tao Wu, so strong!”

Jin Wu Shuang's eyes were filled with respect.

One had to know.

Since the start of the battle, Jin Wushuang had not been able to take down Xing mo he. In the end, ynjsw01 had killed Xing mo he with one punch.

...

In other words ...

If Jiang Li wanted to do it, he could also ask ynjsw01 to kill Jin Wushuang with one punch.

“Hu ~~ Hu ~ Hu ~”

Jin Wushuang took a deep breath and looked up at the Azure Dragon that was growing bigger and bigger in the sky and Jiang Li who was getting stronger.”from now on, the entire southern part of the northern region of the holy peace state will belong to the great xia dynasty.”

On the other side.

dts01 also killed luo xiao with one sword.

It didn't even drop a tier-four soul Tinder.

After a few hours.

The sky was already bright.

At dawn.

The sun rose, and the morning light scattered on the earth.

the war was finally over.

It was a battlefield that stretched for several kilometers.

He looked around.

a sea of blood and a mountain of corpses was not enough to describe such a scene.

One had to know.

There were tens of millions of dead bodies lying here. Not only barbarian race, but also many human race. There were nearly 40 million dead bodies.

It was like a sea of blood.

In the air.

The thick smell of blood could not be dispersed at all.

“we won!”

Dong Xiao sat on the ground as if he had exhausted all his strength. He was sitting on top of a barbarian’s corpse. His body was covered in blood, and his clothes were in tatters. His face was pale. He had exhausted too much energy, and there were many wounds on his body.

“Hahahahaha!”

Dong Xiao looked around and saw the countless barbarian forces. He laughed heartily. we won! he said. We’ve won!”

Obviously.

The Donglin Kingdom had not won a single war since the beast tide disaster hundreds of years ago.

And this time.

They had won!

Moreover, he had defeated the Barbarian dynasty!

A barbarian dynasty with the support of the Black Dragon barbarian kingdom!

so,

dong xiao was very excited. this was something he had never thought of.

“I didn’t expect this, I really didn’t expect this.”

Ling Tian was exhausted too. He had been fighting for a whole night and was exhausted. He was also injured, but a smile appeared on his pale face. He looked at the battlefield, then at the Azure Dragon in the sky, then at Jiang Li. we really won this battle. I thought we were dead for sure. After all, we fell into the barbarian’s trap.

” who would have thought that we would be able to kill the barbarians in the end? this is all thanks to his majesty, emperor xia, and the xia army. if it wasn’t for emperor xia, we would all have died here! ”

“That’s right!”

Jin Wushuang nodded and agreed with Ling Tian. He looked at Jiang Li with respect and then shouted, ” “Everyone, let’s cheer for this hard-won victory!”

“All of this was brought by His Majesty, Emperor Xia!”

“Long live Emperor Xia! Great Xia was invincible! The human race will win!”

jin wu shuang shouted.

“Long live Emperor Xia! Great Xia was invincible! The human race will win!”

Hence.

The soldiers of the Jin army looked at each other and cheered with Jin Wushuang. Then, the Donglin Army and the Yongling Army followed suit.

Finally.

Even the four great Guardian armies of the Wei Kingdom shouted.

The cheers went from chaotic at the beginning to orderly and finally unified, each wave higher than the last.

It sounded like thunder and waves.

It resounded in all directions.

“.....”

Jiang Li looked at the human Alliance’s Army that was in a frenzy and smiled. He nodded and raised his hand.

Instantly.

Everyone was silent.

The thunderous shouts just now had disappeared.

Jiang Li’s power was evident.

“All troops, listen up. Array Masters, immediately set up the blood refining array and refine all the Barbarian corpses into ‘blood refining pills’. The blood refining pills will be distributed according to the contribution of killing the enemy.”

stop! Jiang Li shouted.

“Yes.”

“Yes, sir!”

The array Masters responded in unison.

Buzzzzzz! Buzzzzzz!

After that.

Formation disks flew out one after another, and formation patterns spread out, forming blood-refining formations that covered the sky above the battlefield, refining the corpses of the barbarians into blood-refining pills.

At the same time.

Jiang Li's meches started to move the remains of the meches back to the transport plane. The remains could be recycled.

Shua!

Jiang Li waved his right hand and took out the Red Dragon imperial edict from Xing Jiali's body.

One had to know.

With the death of Xing Jiali and the destruction of the Army of the Barbarian dynasty, the Barbarian dynasty basically existed in name only. Even if there were still some henchmen left in the capital, they could only support the true dragon of the National aura of the Barbarian dynasty and not completely collapse.

In reality.

Nearly 90% of the Barbarian dynasty's fortune had been destroyed.

next, it's time to completely refine the Barbarian dynasty's true dragon of National aura.

Jiang Li looked up.

The Black Dragon had been reduced from 3000 meters long to 300 meters.

His aura was extremely weak.

“Great Xia Azure Dragon technique!”

Buzzzzzz!

He activated his cultivation technique.

Jiang Li controlled the Azure Dragon and swallowed the Black Dragon. The Black Dragon tried to escape back to the capital, but it was in vain.

“Devour!”

buzzzzzz! buzzzzzz!

the azure dragon of the xia dynasty roared and swallowed the barbarian black dragon. it took more than an hour to completely refine and absorb the origin of the barbarian dynasty’s national fate.

Instantly.

as the country’s fate energy was refined and absorbed, the scattered country’s fate of the barbarian dynasty was completely absorbed by the great xia azure dragon, strengthening himself.

Roar! Roar!

The Azure Dragon’s body expanded in the wind.

In the end.

it only stopped when it reached four thousand meters.

the power was even stronger.

“Very good,” he said.

” azure dragon. ” jiang li felt more and more satisfied. after devouring the fate of the barbarian dynasty, azure dragon had grown by 500 meters.

This was not a small improvement.

Immediately after.

Wuwuwuwuwu!

The Azure Dragon turned into a ray of light and merged into Jiang Li’s body. It hovered in Jiang Li’s dantian and the vast fortune of the nation gushed out and started to feed Jiang Li.

However ...

Jiang Li’s cultivation had reached the limit of the perfected stage of level four, and the Azure Dragon technique of the great Xia Dynasty was only at the perfected stage of level four. He couldn’t break through to level five.

Furthermore ...

With the feedback of the country’s fortune this time ...

It wasn’t enough for Jiang Li to break through to level five.

Hence.

Jiang Li used the blessing of the country to improve his martial arts realm. The secret of the Azure Dragon absolute kill seal flowed in his mind. He formed a seal with both hands and started to practice the 'Azure Dragon absolute kill seal'.

Roar! Roar!

Green Dragon shadows appeared around him.

time passed.

With the help of the blessing of the country, Jiang Li seemed to have entered a state of enlightenment. His comprehension ability increased greatly, and all the problems he had with the 'Blue Dragon absolute kill seal' were solved.

he was getting more and more skilled.

It could be seen.

The Green Dragon Shadow first condensed into a 'kill' seal, then a second 'kill' seal, a third 'kill' seal, and a fourth 'kill' seal.

The killing intent, which was as if all living things were withering, grew stronger and stronger.

Below.

jin wushuang and the others felt the killing intent. it was like a cold wind blowing. they couldn't help but shiver and look at jiang li.

"His martial arts realm is rising so quickly!"

"What a strong killing intent!"

Jin Wu Shuang and the others were shocked.

in the end.

With the help of the Fortune of the nation, Jiang Li had practiced the 'Green Dragon kill seal' to the advanced level. He was only one step away from completing it.

Among them.

The beginner level of the 'Azure Dragon absolute kill seal' could form one 'kill' seal. When it reached the initial level, it could form three 'kill' seals. When it reached the major level, it could form six 'kill' seals.

In the end, he would be able to reach nine.

Furthermore, the nine 'kill' seals could be used to form a 'kill puppet formation'.

Its power could be increased by another level.

## Chapter 402 After the battle

Black Dragon imperial decree! after Jiang Li consolidated his understanding of the 'Green Dragon absolute kill seal', he stopped cultivating and took out the Barbarian dynasty's sacred weapon-the Black Dragon imperial decree!

Shua!

The Black Dragon imperial decree appeared.

It was a pitch-black scroll, and it was dull. The fate of the Barbarian dynasty had already collapsed, and the Black Dragon imperial decree had naturally lost its source of power.

Buzzzzzz!

Jiang Li waved his right hand and the Green Dragon imperial edict appeared. The green scroll slowly opened and three green Dragons appeared, circling around the Imperial edict.

“go.”

die! Jiang Li pointed.

Roar!

A deep Dragon’s Roar was heard.

Three three-clawed Green Dragon shadows rushed into the black Dragon imperial decree, refining and devouring it, turning it into a beam of origin light and fusing into the green Dragon imperial decree.

“Whoosh!!!”

the green dragon imperial decree lit up with an even more dazzling green radiance.

Soon after.

A fourth shadow of the Azure Dragon was formed.

Obviously.

After devouring the Black Dragon imperial decree, the Green Dragon imperial decree had upgraded from a Saint weapon of the three-Dragon Dynasty to a Saint weapon of the four-Dragon Dynasty, and its power had naturally increased.

Jiang Li waved his right hand and took back the Green Dragon imperial edict.

After a few hours.

The battlefield was finally cleared.

The ground was filled with corpses that had been refined into 'blood refining pills'. All of the corpses had been weathered away, and as a gust of wind blew, the weathered corpses were swept into the air like dust.

It was as if even the last traces of his existence had disappeared.

The thick smell of blood that lingered in the air had also faded a lot.

Soon after.

Tens of millions of blood refinement pills were distributed.

Basically, every soldier was given several blood refinement pills. After consuming the blood refinement pills, they circulated their cultivation techniques, refined and absorbed them, and recovered from their injuries.

His cultivation base had also improved.

Among them.

Many quasi-martial artists had broken through and condensed their internal force, reaching the early stage of level one and becoming real martial artists. There were many such breakthroughs.

The casualty statistics.

of the two million soldiers of the donglin army, only one million and two hundred thousand remained. The Yongling Legion had lost 700000 soldiers and only 1300000 of its two million soldiers remained.

The Jin dynasty had lost 1.5 million soldiers and 3.5 million soldiers.

finally.

Wei Kingdom's four National Guardian armies.

The four legions had a total of 12 million great Wei soldiers, but only 9.3 million remained. They had lost 2.7 million soldiers.

In other words ...

This was a war with the Barbarian dynasty.

This did not include the great Xia Dynasty.

The human Alliance Army, which was made up of four dynasty armies, had a total of 21 million soldiers. They had lost 5.7 million soldiers.

However, the battle results were extremely glorious.

This was because they had completely destroyed the Army of the Barbarian dynasty and destroyed the entire country.

Of course.

It was mainly because of Jiang Li's 'punitive expedition Army' that they were able to achieve such a glorious result.

If it wasn't for Jiang Li's 'punitive expedition Army', the entire Human Alliance would have been annihilated. It was impossible to destroy the Army of the Barbarian dynasty at the cost of 5.7 million soldiers.

Half an hour later.

The Alliance Army had finished resting.

Shua! shua!

Jin Wu Shuang, Dong Xiao, and Ling Tian flew over.

He met Jiang Li.

“Your Majesty, Emperor Xia.”

Jin Wu Shuang and the other two bowed.

“Yes.”

okay. Jiang Li nodded.

...

this is a fourth-rank blood refinement pill.

Soon after.

Jin Wushuang took out 35 level-four blood refinement pills and put them all in a white jade bottle. He gave it to Jiang Li respectfully.

Level four blood refinement pill.

Naturally, it was refined by a fourth-grade barbarian.

Among them.

15 from the Black Dragon barbarian Army and 20 from the Barbarian dynasty.

“Alright,” he said.

thank you. Jiang Li took the 35 level-four blood refining pills.

Even though ...

level-four blood refinement pills were useless to jiang li and the meches didn't need them, but jiang li could keep them and reward them to his subordinates.

...

After all ...

Xu Ya, pang kui, and Hong Tianqi's cultivation was not strong enough.

Requires resources to cultivate

Your Majesty Emperor Xia, the Army has finished recuperating. The severely injured soldiers have also taken the blood refining pill and stabilized their injuries. Please give us your next instructions.

jin wu shuang said.

the Barbarian dynasty has been destroyed, and the remaining forces are nothing to be worried about. After taking down the Barbarian dynasty, the territories of all the dynasties in the human dynasty Alliance will be connected. The entire southern part of the northern region of holy peace state will belong to the human dynasty Alliance. The purpose of this expedition has been achieved.

Jiang Li said.

“This is all thanks to his Majesty, Emperor Xia.”

Jin Wu Shuang immediately said.

“Yes, yes.”

Dong Xiao nodded his head repeatedly, ” if not for Emperor Xia’s wise command and the unparalleled combat power of the great Xia Army, we might have been destroyed by the Barbarian dynasty. How could we have achieved such a result? ”

“We are sincerely convinced.”

Ling Tian bowed and said respectfully.

“Your Majesty, Emperor Xia.”

At this moment.

Wei Wuxian and the others came over. They bowed to Jiang Li and said, ” since the war is over and we have won, it’s time for the four National Guardian armies to return to the Wei Dynasty.

“Yes.”

Jiang Li looked at Wei Wuxian and the others, nodded, and said, ” “That’s good too. After the Wei Dynasty has chosen the new Wei Queen, come to the Xia Dynasty’s capital to see me immediately.”

“.....”

Wei Wuxian and the others looked at each other and nodded. “yes.”

“Go on.”

go. Jiang Li waved his hand.

Immediately.

Wei Wuxian led the four National Guardian armies and left.

“Emperor Xia, are we just going to let Wei Wuxian and the others leave?”

Jin Wu Shuang asked.

“Don’t worry about it.”

go back. Jiang Li waved his hand. you can go back now. Come to the imperial capital in three days. I have something to announce.

“Yes.”

“Yes, sir.”

jin wu shuang and the other two looked at each other, and then agreed.

“Your Majesty, Emperor Xia.”

“While we’ve already taken down the Barbarian Empire, we’ve also lost quite a number of soldiers. If the Black Dragon barbarian Kingdom’s Army arrives, I’m afraid we won’t be able to stop them.” Ling Tian said with a worried tone.

“Should we seek help from the Shu country?”

Jiang Li smiled. do you think the king of Shu will send troops to help me? ”

“This bi an ...”

Ling Tian and the others looked at each other and shook their heads with a bitter smile.

One had to know.

Jiang Li killed Guan Ling, one of the three generals of the Shu nation. There's already an irreconcilable hatred between us. How could the Shu nation send reinforcements? ”

Furthermore ...

If the Shu state knew about this, they would be eager for the great Xia Dynasty to fight the Black Dragon barbarian kingdom to the death so that they could consume the strength of the Black Dragon barbarian kingdom.

Emperor Xia, for safety's sake, we should still send a large number of troops to guard the 'linyao County' of the Barbarian dynasty. We must pay attention to the situation of the Black Dragon barbarian kingdom at all times.

Jin Wu Shuang suggested.

“Yes.”

okay. Jiang Li nodded.

In reality.

The Barbarian dynasty's 'demon-facing County' was originally close to the 'little sky Fey Kingdom'. Now that the little sky Fey Kingdom had been destroyed, the territory of the little sky Fey Kingdom had been incorporated into the black Dragon barbarian Kingdom's territory.

In other words ...

If the Black Dragon barbarian kingdom were to send troops, they would most likely attack from linyao County. Therefore, it was the right decision to guard linyao County with a large number of troops.

Soon after.

Jin Wushuang and the others led the legions of their respective dynasties back.

the expedition Army will set off for the capital city of the barbarians.

Jiang Li said.

Shua!

Jiang Li flew up to the deck of the warship and looked around.

“Yes.”

“Rumble!”

The engine roared.

The ‘punitive expedition Army’ set off.

They quickly advanced towards the capital of the Barbarian kingdom.

Full speed.

The road was unimpeded, and there were no barbarian soldiers in the way.

The capital of the barbarians.

At this moment, it had already fallen into chaos.

Obviously.

The Barbarian dynasty was destroyed, and the fate of the country was shattered.

At this moment.

The nobles of the Barbarian dynasty, such as the direct descendants of the Xing sacrificial ceremony, as well as the various ministers, all began to think about how to escape. None of them wanted to become the 'slave of a fallen country'.

It was not just the nobles.

There were also merchants from the Barbarian dynasty.

They took the resources and treasures of the Barbarian capital, organized the convoy, planned the route, and how to escape from the Barbarian dynasty to the Black Dragon barbarian kingdom.

"Hurry, hurry, hurry!"

"Let's go!"

"All of you, hurry up!"

"we'll have to move all of these things."

"Damn it, damn it!"

Xing Jiali is not worthy of being the Barbarian King. The Barbarian dynasty has been standing for thousands of years. How could it be destroyed by Xing Jiali today? I won't die with the Barbarian dynasty. As long as I have these things, I can

gradually rise and become an Overlord even in the Black Dragon barbarian kingdom.

Within the capital.

It was chaotic.

A large number of carriages were gathered on the streets. The civilians were running for their lives in a panic. The nobles and big merchants had organized their carriages, and they were unstoppable.

BOOM! BOOM!

Suddenly.

Some of the houses started burning.

The screams of the Barbarian civilians, the cries of killing, and the cries of children rang out. They intertwined with the chaotic scene, forming a sorrowful scene of the fall of a country.

“Rumble!”

In the sky.

A large shadow appeared, covering the sky. It was a huge fleet of floating battleships. Around the fleet were mechanical soldiers, forming a line of defense.

the expedition army arrived.

“Then what’s a Kasaya?”

“In the sky! They’re in the sky!”

“the enemy is coming!”

quickly run!!!

At this moment.

The barbarians in the capital city were in a complete frenzy. They were shouting and running away from the city in fear. With so many barbarians squeezing towards the city gate, it was natural that there would be a stampede.

Many barbarian civilians were trampled to death.

“Get lost!”

BOOM!

Some of the Barbarian totem Warriors who had mastered the powerful totem power released their totem power regardless of the consequences in order to save their own lives. They blasted the surrounding barbarian civilians and sent them flying out of the city.

” run!!! ”

The barbarians shouted.

At this moment.

“For the barbarians!”

“kill!”

“!!!”

in the palace.

it was a barbarian army made up of elite barbarians. there were many third-level barbarians and one initial-stage fourth-level barbarian.

He was a young barbarian.

In reality.

This young barbarian was the son of Xing Jiuli. His full name was 'Xing Ling'. His status and position were extremely high. He could be considered the 'Crown Prince'. After Xing Jiuli's death, Xing Ling should have been the next Barbarian King.

at this moment.

"let's go!" xing ling organized the last resistance of the barbarian dynasty. he flew into the air with the level-three barbarians and launched a suicide attack on jiang li without hesitation.

Chapter 403 harvest

"Attack!"

let's go. Jiang Li looked at the Barbarian troops calmly and waved.

BOOM! BOOM! boom!

Behind them.

The mechanical giant soldiers stood in an orderly formation and launched small energy missiles at the same time. The missiles pierced through the air and landed on the Barbarian troops.

“rumble!”

The next moment.

an earth-shattering explosion resounded in the sky. flames exploded all over the sky like a vast scorching sun, and energy storms spread out like ripples.

“Ah!”

A miserable scream rang out.

One by one, the level 3 barbarians were torn apart by the explosion of the missiles, and their bodies were blown into pieces. Even their totem power could not withstand the bombardment of the small energy missiles.

“No!”

Pfft!

Xing Ling wailed miserably. His eyes were wide open as his body was almost torn apart. He was covered in blood. At this moment, he truly felt what despair was.

“Is this the enemy that father fought against? He’s too strong, hehe.”

Xing Ling despairingly experienced this power that he could not resist.

In the end.

Bang!

His body exploded.

He was dead.

the flames gradually dissipated.

Below.

The barbarians in the capital city looked up to the sky, hoping for a miracle to happen. However, when the aftershock of the explosion passed, they only saw blood and flesh falling from the sky.

The Barbarian troops led by Xing Ling had been completely annihilated.

It didn't cause any waves at all.

Fear!

Incomparable fear spread throughout the entire capital of the Barbarian kingdom in an instant.

run!!!

“No!”

” oh my god, the enemy can't be defeated, can't be defeated! ”

“His Highness Xing Ling and the others were actually annihilated in a single strike.”

“Run! Quickly run!”

At this moment.

The barbarians in the capital city had completely lost their will to resist, because they knew that it was impossible to win.

so,

They only had one thought in their minds.

That was to escape!

Escape!

The only way to survive was to escape.

punitive expedition Army, listen up. Immediately seal off the entire city, and then carry out a large-scale bombing.

Jiang Li looked at the capital city of the barbarians below coldly.

“Yes.”

The battlefield commanders responded.

After that.

The large military transport aircraft landed, and the mechanical Army was deployed. Millions of mechs blocked all the exits of the Barbarian dynasty.

Da da da da

As long as a barbarian ran out from inside, they would be greeted with a storm of machine gun fire.

“Ah!”

A miserable scream rang out.

The barbarians who had rushed out of the city gate were shot to death and fell to the ground.

BOOM! BOOM!

however ...

Some powerful totem Warriors managed to break through the rain of bullets, but they were immediately killed by the powerful level three meches.

...

“The city gates have been sealed off.”

“We can’t escape, we can’t escape!”

“we’re finished! We’re all finished!”

The barbarian’s eyes were filled with despair, and their hearts were dark.

“The fleet is ready!”

” the bomber is ready! ”

“the destructive bomber is ready!”

“.....”

In the sky above the Barbarian capital.

The fleet spread out, and the planes spread out. There were so many of them that they almost covered the sky above the capital of barbarians for more than half a year. The barbarians looked up.

It was as if they were waiting for death.

...

“Fire!”

“Fire!”

“Fire!”

“!!!”

BOOM! BOOM! BOOM!

In an instant.

Countless beams of light lit up as the battleship’s cannons fired one after another. Hundreds of thousands of energy cannonballs rose into the air and landed in the capital city of the barbarians.

The bomb fell from the sky.

“Rumble!”

The earth shook and the mountains shook.

a destructive scene entered their eyes. countless artillery shells exploded, destroying almost everything. the buildings of the capital city collapsed, and the streets collapsed.

“Ah!”

Countless screams rang out.

Smoke filled the air.

It was like a scene from purgatory.

After this round of bombing.

More than half of the Barbarian capital had been destroyed.

More than half of the barbarians had died.

“Search the entire city.”

Jiang Li waved his hand.

“Yes.”

Immediately.

When the meches entered the city, the barbarians were scared out of their wits. They curled up and hid, not daring to show their faces or make any noise.

Time passed.

In the afternoon.

Jiang Li's Army searched the entire capital of the barbarians and gathered all the resources.

The broken barbarian Palace.

“rumble!”

let's go. Jiang Li sent out a large number of ordinary mechanical soldiers and conjured huge mechanical bulldozers and other tools to level the palace.

“To build the Army base.”

Buzzzzzz!

Jiang Li used one hundred million energy points to build the fifth Army base on the old site of the Barbarian Palace. The illusory building appeared and gradually solidified.

While the Army base was being built ...

Jiang Li started to convert his gains this time.

“Convert!”

buzzzzzz!

I'm ready. Jiang Li reached out and activated the transformation function. A large amount of white light lit up. A large number of herbs and spiritual herbs were successfully transformed.

At the same time.

There were also a large number of spiritual crystals.

All of them were transformed at the same time.

conversion successful. One billion energy points obtained!

.....

conversion successful. You've received 1.2 billion energy points!

.....

Batch after batch of resources were converted, and each time, he could harvest more than one billion energy points.

In the end.

After Jiang Li converted all the energy points, he got 79.865278500 energy points in total.

It could be said that ...

it was the first time jiang li had obtained so many energy points in one go.

it was close to 80 billion.

“Very good,” he said.

” i’ve gained a lot more than i expected after taking down the barbarian dynasty. with the remaining 60 billion energy points, i now have 140 billion energy points. ”

140 billion.

Even if they were all perfected-stage level four meches.

They could create 1000 of them!

A troop of 1000 perfected-stage level four meches.

He was just thinking about it.

Even Jiang Li was very excited.

It could be said that ...

A troop of 1000 perfected-stage level four meches and two perfected-stage level five meches were enough to crush everything.

What Black Dragon barbarian kingdom, what sky demon Kingdom, what Shu Kingdom.

he could suppress all of them.

Shua!

[ army base No. 5 has been successfully built! ]

A notification appeared.

“I’m done.”

Jiang Li closed the interface and immediately entered the base of Army 05. He went to the room of the ruling hub and saw the heart of the base.

“My Lord, the Army base 05 is at your service.”

It was an identical purple face.

“Yes.”

yes. Jiang Li nodded and named base No. 5. from today on, you’re the hidden Dragon No. 5.

“Yes, chief sovereign.”

The hidden Dragon No. 5 nodded.

Immediately after.

jiang li used another ten million energy points and ordered the mechanical soldiers to build the fourth ‘teleportation station’ in the base.

After that, Jiang Li was ready to deal with the barbarians in the capital city.

Of course.

Jiang Li didn’t plan to kill these barbarians.

It would be a pity to kill him.

These were all cheap labor.

Jiang Li flew up and stood in the sky above the capital.

In the open space.

all the barbarians who were still alive in the capital city were now gathered here. they were squatting on the ground, holding their heads with their hands. their eyes were filled with worry and fear for the future.

In the surroundings.

The meches surrounded the barbarians.

There were many barbarian corpses lying under his feet.

These barbarian corpses had tried to escape, but they were all shot dead.

“Roar!”

A Dragon’s Roar resounded.

” azure dragon technique. ” jiang li used the azure dragon technique and the azure dragon immediately appeared. the four-thousand-meter-long dragon’s body was getting more and more magnificent.

These barbarians were trembling in fear under the might of the Azure Dragon.

“Condense!”

shua! Shua! Shua!

The ‘beginner-level slave charm’ appeared.

Jiang Li used the power of the nation’s fate to form ordinary contract runes that fell like light spots.

It was like a meteor shower.

In an instant.

These barbarians had all been imprinted with ordinary contract runes and had become the Barbarian slaves of the great Xia Dynasty.

There were quite a few of them.

There were close to a million names.

One had to know.

and this was with the loss of more than half.

In other words ...

there were nearly two million barbarians living in the capital city.

“Done.”

Buzzzzzz!

okay. Jiang Li recalled the Azure Dragon and nodded in satisfaction while looking at the millions of barbarian slaves below.

soon after.

Jiang Li then picked a few high-level barbarian slaves from the group and asked them to manage them.

“yes, master,”

“We will definitely manage them well.”

Jiang Li chose Five Barbarians.

They were Luo Ling, Xing Luo ke, mojid, shangdeli, and Xiao Man.

Xing Luoke had the highest status.

as he had the royal blood of the barbarian dynasty, he could be considered the grandson of xing jiali.

“Teleport all troops.”

let’s go back to the base of Army 01, ” Jiang Li said.

buzzzzzz!

There were spatial fluctuations.

In an instant.

The fleet above the capital city of the Barbarian kingdom disappeared into thin air, and the expedition Army directly teleported away.

“no, yingluo is gone.”

Luo Ling looked at the sky with a dumbfounded expression and rubbed her eyes.

“They’ve really disappeared.”

xing luoke said in shock.

“how did you do that?”

Said mojid.

“.....”

The Barbarian slaves were also shocked.

Obviously.

They could not understand this phenomenon.

in reality.

Jiang Li left some meches in the base, including 10000 Air Scouts, 10000 winged mech soldiers, and one holographic mech.

it was mainly used for surveillance.

Not only that.

let's go. Jiang Li also sent three million meches from the punitive Army to the capital city of the Barbarian kingdom. They were going to take the resources of the country.

The imperial capital of the Grand Xia.

Buzzzzzz! buzzzzzz! buzzzzzz!

In the air.

One airship after another appeared out of nowhere, teleporting back to the imperial capital of the Grand Xia. They were like many small floating islands, forming a shadow that covered the entire imperial capital.

It had to be said.

After the expansion during this period.

the area of the imperial capital of the great xia dynasty had already expanded by more than ten times. this naturally consumed a lot of human, material, and financial resources. the main reason was that the ordinary mechanical soldiers and ordinary mechanical engineers had played a great role.

Otherwise ...

It would be impossible to complete the expansion so quickly.

#### Chapter 404

The sudden return of the mech Army caused such a huge commotion that it naturally alerted the citizens of the capital. Then, the entire capital fell into a clamor.

“It’s the Army of His Majesty, Emperor Xia.”

in that case, is His Majesty Emperor Xia back? ”

“it’s very possible!”

“I just don’t know if we won.”

he will definitely win. It is impossible for His Majesty Emperor Xia to lose.

Xu Ya, Wu Zong, Hong Tianqi, and the others were looking up at the floating battleship above the capital.

In the base of the 01 division.

within the room in the ruler’s hub.

here. Jiang Li arrived.

“Chief sovereign.”

hidden dragon appeared and respectfully said.

“Yes.”

okay. Jiang Li nodded.

Shua!

Immediately.

The Dominator panel opened.

He clicked on the soul Tinder.

jiang li finally had time to check his gains.

He had gained a lot of soul Tinder, at least more than Jiang Li expected.

It could be said that the harvest was huge.

[ soul Tinder: 3.5 million level-one soul Tinders, 309000 level-two soul Tinders, 4100 level-three soul Tinders, 111 level-four soul Tinders, one level-five Demon Soul Tinder fragment. ]

“one-click fusion.”

Buzzzzzz!

fuse. Jiang Li immediately activated the soul Tinder fusion function and fused all the level-one soul Tinders. The fusion interface appeared with notifications.

Finally.

The fusion was complete.

[ prompt: 350000 fusions, 117000 successes, 233000 failures, 117000 stage-two soul Tinders obtained. ]

“Continue.”

Shua!

fuse. Jiang Li started to fuse all the level-two soul Tinders. Notifications popped up on the fusion interface again.

Not long after.

All the stage-two soul Tinders had been fused.

[ prompt: 42600 fusions, 7100 successes, and 35500 failures. You have obtained 7100 stage-three soul Tinder. ]

fuse the third-stage soul Tinder.

Jiang Li continued to control the Dominator panel.

There were a total of 11200 stage-three soul Tinders, and every ten stage-three soul Tinders could be fused once, so he could fuse 1120 times.

Shua!

[ prompt: 1120 fusions, 125 successes, 995 failures, 125 level-four soul Tinders obtained. ]

“Yes.”

Jiang Li nodded and checked the number of level-four soul Tinders.

the number of fourth-tier soul Tinders has reached two hundred and thirty-six.

immediately unlock all stage four mechanical army units.

Jiang Li had an idea.

Shua!

In the interface.

The Tier 4 mech Army column was opened, and pure Golden Soul Tinders quickly merged into the column, beginning to unlock the Tier 4 mech Army.

A notification appeared.

16 level-four soul Tinders have been consumed to unlock the Super mech.

.....

consumed 32 Level 4 soul Tinders, successfully unlocked the mechanical cavalry.

.....

sixty-four level-four soul Tinders have been consumed, and the mech missile soldier has been successfully unlocked.

...

.....

The three types of Tier 4 mechanical army units were all unlocked.

A total of 112 level-four soul Tinders had been consumed, leaving 124 level-four soul Tinders.

Shua!

[ prompt: congratulations, Lord, you have unlocked all the Tier 4 mech army units and successfully obtained the authority to activate the Tier 5 mech army units. Please gather 'nine Tier 5 soul Tinders' and 'one trillion energy points' as soon as possible to open the Tier 5 mech army unit interface. ]

very quickly.

Jiang Li received a notification.

nine fifth-tier soul Tinders.

it's still too early. I don't even have a level-five soul Tinder and I only have 140 billion energy points. I'm far from one trillion.

"So don't even think about activating the level 5 troop class for the time being."

"Yes."

...

I'll fight with the Black Dragon barbarian kingdom, the sky Monster Kingdom, and the Shu Kingdom soon. Jiang Li muttered to himself.

“Just a few million meches isn’t enough to deal with the situation.”

“I need to increase the number of soldiers.”

“hidden dragon,”

Jiang Li shouted.

“Chief sovereign.”

Buzzzzzz!

The purple face immediately appeared. please give me your orders.

activate the mech factory at full power. Start building meches.

Jiang Li said.

“Yes.”

Hidden Dragon replied.

this time, the army was in full swing.

this was the most violent army jiang li had ever sent out. they used up all the steel materials in the xia treasury.

Among them.

The mechanical Army.

He created four million Level 1 meches, one million each of the combat meches, cold weapon meches, firearm meches, and biochemical meches.

It consumed four million energy points and two hundred thousand tons of steel materials.

He had created 4 million type 2 mech soldiers, electric mech soldiers, mech artilleries, tank mech soldiers, and mech Rangers.

It consumed 400 million energy points and two million tons of steel materials.

He created two million level three meches, four hundred thousand each of the liquid metal meches, exoskeleton armor meches, laser weapon meches, ultrasonic meches, and energy meches.

It consumed 20 billion energy points and 10 million tons of steel materials.

In the end, he created 3000 new level 4 meches, 1000 Super meches, 1000 mech cavalry, and 1000 mech missile soldiers.

It consumed three billion energy points and 150000 tons of steel materials.

Hidden Dragon, start building mech Air Force units.

build four million level-one mech Air Force units, eight hundred thousand each of the mech winged Air Force units, Air Scouts, glider Air Force, lightweight armored soldiers, and biochemical Air Force.

create another 4 million Level 2 mech soldiers, electric-powered mech parachuting soldiers, transport mech soldiers, air mech soldiers, bombing mech soldiers, and 800000 air fighter mech soldiers each.

create another 200 stage three mech Air Force soldiers, 400000 each of the mech Dragon cavalry, exoskeleton armor Air Force soldiers, mechanical destructive bomber soldiers, stealth fighter soldiers, and mechanical air battleship soldiers.

“Make 1000 mechas and Ares-class weapons.”

“Yes.”

yes. Hidden Dragon replied, ” building four million Level 1 mech Air Force units requires four million energy points and two hundred thousand tons of steel materials.

Building 4 million type 2 mech Air Force units requires 400 million energy points and 2 million tons of steel materials.

building two million Level 3 meches requires twenty billion energy points and ten million tons of steel materials.

“To manufacture 1000 mechas and Ares-class weapons, one billion energy points and 50000 tons of steel materials are required.”

“Do you want to confirm?”

“I’m sure,”

okay. Jiang Li nodded.

A large number of resources and energy points had been consumed.

in the mech factory.

From the first level to the fourth level.

It started to operate at full power and a large number of meches were created.

While Jiang Li was sending out his troops.

On the other side.

The Black Dragon barbarian kingdom also knew about the destruction of the Barbarian dynasty at the first moment. The SkyDemon Kingdom and the Shu Kingdom also learned about the destruction of the Barbarian dynasty through the ‘young dragon ranking-holy peace state’.

the situation in the northern region of the holy peace region had become even more delicate.

Within the Black Dragon barbarian kingdom.

In the Black Dragon’s capital.

Black Dragon Palace.

Your Majesty Black Dragon King, the frontline has reported that the sky demon Kingdom’s demon Army has been stopped outside Jiehe County. They are temporarily unable to land on the Black Dragon barbarian kingdom.

Within the palace.

The Black Dragon barbarian Kingdom’s barbarian general man Wuji reported the situation at the front line.

” although the sky demon kingdom appeared to be very powerful and seemed to want to fight to the death with the black dragon barbarian kingdom, in fact, the sky demon kingdom didn’t send any real elites. ”

“That’s right.”

the little sky demon Kingdom’s destruction is truly odd. I believe the sky Demon King has also sensed it.

furthermore, the current situation of the Shu country is unknown. The sky Demon King doesn't dare to officially start a war with us. At the very least, he has to wait for the Shu country to enter the battle before he dares to go all out.

now, we're waiting for Longse to take down the Jin dynasty. As long as we take down the Jin dynasty, we can completely take over the Western part of the northern region of holy peace state and occupy a separate area.

“.....”

the ministers of the black dragon barbarian kingdom were discussing.

“The Barbarian dynasty has been destroyed.”

At this moment.

The dark Dragon King's voice suddenly rang out, deep and majestic.

The hall instantly fell silent.

“What?”

“Your Majesty, is this true?”

“This is impossible!”

“long se led the black dragon barbarian army to the barbarian dynasty. how could the barbarian dynasty be destroyed with long se around? What is happening?”

the ministers were shocked and shouted.

the Barbarian dynasty has already disappeared from the 'young dragon ranking-holy peace state'. It will only disappear when the dynasty is destroyed and the fate of the country is destroyed.

“Not long after the Barbarian dynasty disappeared, the great Xia Dynasty’s ranking rose from 56th to 51st,” the Black Dragon King said.

” so, the barbarian dynasty should have been destroyed by the great xia dynasty. ”

“This bi an ...”

“The great Xia! It’s the great Xia again!”

the lion barbarian kingdom and the panicky demon dynasty were both annihilated by the great Xia Dynasty. The Barbarian dynasty actually followed in their footsteps.

“Most importantly, general Longse is also in the Barbarian dynasty!” He said.

could it be that there’s a Tier 5 in great Xia? ”

“it must be so! otherwise, such a thing would not have happened!”

The ministers of the Black Dragon barbarian kingdom shouted.

“Your Majesty.”

that’s right! man Wuji cupped his hands and said, ” if the Barbarian dynasty is destroyed, the entire southern part of the northern region of holy peace state will fall into the hands of the human dynasty.

if the great Xia Dynasty is really that powerful and then allies with the Shu country  
...

“This will be a huge threat to us barbarians.”

“General Wu Ji is right.”

in fact, it's not just the Barbarian race. It's also a huge threat to the demon race. Therefore, we can't just sit by and watch the great Xia Dynasty develop.

"we can't destroy the shu country, but can't we destroy the recently rising great xia dynasty?"

we can't be the only ones attacking. We can contact the sky demon Kingdom and get the sky Demon King to send troops with us. I believe the sky Demon King doesn't want the great Xia Dynasty to grow stronger.

"All ministers, hear my order."

The dark Dragon King suddenly stood up, interrupting the ministers' discussion.

"Your subject is here!"

Within the palace.

The ministers prostrated on the ground.

I'll head to the sky demon Kingdom immediately to discuss with the sky Demon King.

send out an elite scout team to the Barbarian dynasty, " the Black Dragon King said in a deep voice. infiltrate the great Xia Dynasty and investigate the situation there.

"Yes."

"we will do as you command!"

The ministers said in unison.

"Yes."

the black dragon king nodded. ” no mistake! ”

Shua!

The next moment.

The Black Dragon King seemed to have disappeared into thin air. He left the Black Dragon barbarian kingdom like a black stream of light, heading in the direction of the sky demon Kingdom.

Not long after.

The Black Dragon barbarian kingdom sent out a team of nine fourth-level barbarians. They left the Black Dragon barbarian kingdom and rushed to the Barbarian dynasty as fast as they could.

They would sneak into the great Xia Dynasty.

Chapter 405

“The Grand Xia Dynasty.”

At this moment.

the sky demon kingdom.

The sky Demon King’s gaze was very solemn because he had just seen the change in the ‘young dragon ranking’. the Barbarian dynasty has actually been destroyed by the great Xia Dynasty.

“the grand xia dynasty has actually grown to such a level without even realizing it.”

“I really didn’t expect this.”

” if this goes on, the entire southern part of the northern region of the holy peace state will fall into the hands of the human dynasty. with the addition of the powerful dynasty of the shu nation, the power of the human race has already surpassed that of the demon race. ”

The SkyDemon monarch took a deep breath. we must not allow the human race to continue growing. We must contain it.

Obviously.

It was just as the ministers of the Black Dragon barbarian kingdom had predicted.

the great xia dynasty’s continuous growth had already made the heaven demon monarchs wary.

He felt threatened.

“What?”

The sky Demon King gasped softly. He could sense the Black Dragon King’s aura. His eyes lit up as he murmured, ” “it seems like this old man can’t sit still either.”

Shua!

The SkyDemon monarch left SkyDemon Palace immediately.

On the other side.

Shu country.

King Shu Palace.

“Great Xia!”

The king of Shu suddenly stood up and shouted, ” “What a good Emperor Xia! He actually took down the Barbarian dynasty in such a short time. I’m afraid it won’t be long before he can unify the entire Southern Northern Territory.”

“However, Yingluo”

king shu muttered to himself for a moment before a sneer appeared on his face. ”  
you’re seeking your own death. with such a high-profile move, i’m afraid that the black dragon king and the celestial demon king have already become wary of you.  
”

the Black Dragon King and the sky Demon King will definitely not sit by and watch the human race grow stronger. Hence, they will definitely attack the great Xia Dynasty.

I’ll let the great Xia Dynasty attract the firepower of the Barbarian race and the monster race and consume their strength. Then, I’ll be able to sit on the fishing boat.

As for supporting the great Xia Dynasty?

The king of Shu had never thought about it.

It was already good enough that he did not attack the great Xia Dynasty.

Helping each other as a human?

What a joke!

When Jiang Li killed Guan Ling, he didn't show any mercy for the sake of human beings.

“Your Majesty, the riot in the desert of death has been suppressed.”

At this moment.

A civil official reported the news from the front line.

“Good! Good! Good!”

the king of shu was overjoyed, and a smile of information appeared on his face. he smiled and said, ” “This is really double the joy. Immediately send the order to leave only a million soldiers to guard the desert of death, and the rest of the Army to return.”

“Yes.”

The Civil officials responded and conveyed the king of Shu's order.

Soon after.

King Shu also sent a team of Scouts to the great Xia Dynasty to investigate the situation there. At the same time, they were also paying close attention to the situation of the Black Dragon barbarian kingdom and the sky demon Kingdom.

the great xia dynasty.

Jiang Li had made 20 million and 4000 meches in total.

plus, jiang li already had meches.

In other words ...

Jiang Li's Army had more than thirty million soldiers.

It had increased by several times.

Jiang Li had used up all the steel materials in great Xia's Treasury. Without steel materials, they couldn't continue to use the mech factory.

Furthermore ...

Jiang Li didn't plan to increase the number of troops.

The Wei Dynasty.

In the National Guardian Pavilion.

After Wei Wuxian and the others returned to the capital of the great Wei, they immediately told Feng chenxi, Wei Lin, and Wu changding about everything that had happened in the Barbarian Empire.

Emperor Xia!

...

Wei Lin clenched his fists, and his eyes were filled with anger and killing intent. nonsense! I don't believe that His Majesty would ally with the barbarians!

"That's right!"

"I don't believe it either!"

"This is impossible!"

this is obviously an excuse made by Emperor Xia, an excuse to attack His Majesty!

Not only Wei Lin.

There were also many Pavilion elders who didn't believe it and were filled with righteous indignation.

“.....”

feng chenxi remained silent.

“We don't believe it either, but Yingluo”

wei wuxian wanted to say something but stopped.

...

“Everyone, a country can not go a day without a sovereign.”

at this moment.

Feng chenxi stood up and said, “Wei Wuxian also said that the Xia Emperor wants us to quickly elect a new Wei Emperor. After selecting the Wei Queen, he also wants us to immediately head to the imperial capital ..”

“So, Yingluo”

“.....”

All the pavilion elders were silent.

A day later.

The new Wei King of the great Wei Dynasty would be elected by the elders of the National guarding Pavilion.

Three candidates were selected.

they were feng chenxi, wu changding, and wei lin.

In the end.

Wei Lin became the new Lord Wei.

The succession ceremony was held that day.

On the other side.

Donglin, Yongling, and Jin.

After Jin Wushuang and the others returned to their own countries with their armies, they stabilized the situation and went to the imperial capital as Jiang Li told them.

At this moment.

It had been three days since the battle that destroyed the Barbarian dynasty.

In the evening.

The meches that looted the resources in the county cities of the Barbarian dynasty had completed Jiang Li's task. They had also brought the steel materials back to the imperial capital and stored them in the National Treasury.

“Convert!”

Jiang Li converted the resources of the Barbarian dynasty.

Shua!

A white light flashed.

It was extremely dazzling.

The mountain of medicinal herbs, spirit herbs, and spirit crystals in front of him all disappeared into thin air.

they were converted into energy points.

conversion successful. 2030000000 energy points obtained!

A notification appeared.

Jiang Li had gained more than 20 billion energy points this time.

In other words ...

Jiang Li got nearly 100 billion energy points from the Barbarian dynasty.

After converting the resources.

Jiang Li went back to rest.

It was a quiet night.

The next day.

In the morning.

The imperial capital of the Grand Xia.

The Xia King Palace.

Azure Dragon Palace.

Jiang Li sat on the Dragon chair and listened to Xu Ya and the others report about the things that happened in the Xia Dynasty.

At the same time, the second batch of medicinal herbs and spiritual medicine was also transported from the various counties to the imperial capital of the great Xia.

The number was much higher than the first batch.

After Jiang Li converted all of them, he got 150 million energy points.

Roar! Roar!

at this moment.

Jiang Li heard a Dragon's Roar.

“They're here.”

Jiang Li's eyes lit up.

In the sky above the capital.

“Dong Xiao from the Donglin Kingdom is here to see your Majesty, Emperor Xia!”

Dong Xiao stood on the head of the hundred-meter-long red Dragon and called out in a respectful tone.

“Ling Tian from the Yongling dynasty pays his respects to Emperor Xia!”

Ling Tian had also arrived.

” jin wushuang from the jin dynasty greets emperor xia! ”

Jin Wu Shuang rushed over.

“Wei Lin of the Wei Dynasty.”

wei lin was expressionless. ” greetings, emperor xia! ”

“Roar!”

The next moment.

A blue light pillar gushed out of Jiang Li’s body. The vast power of the nation’s fate gushed out. A 4000-meter-long Azure Dragon of great Xia appeared and hovered above the Xia Palace.

The dragon’s eyes focused on Wei Lin and the others.

“enter the palace.”

the azure dragon of the great xia spoke in the human language.

“Yes.”

Jin Wu Shuang and the others were in awe.

Immediately.

Jin Wu Shuang and the other three entered the Azure Dragon Palace.

those four people should be the human Kings of other human dynasties, right? ”

stepping on a true dragon of National fate. Only the human King has this kind of treatment, so it must be him.

” tsk tsk, compared to the azure dragon of our great xia, the true dragon of the other human dynasties is really too weak. it’s only a hundred meters long. there’s no comparison at all. ”

of course, they can’t be compared to Emperor Xia.

“Yes, yes.”

“And didn’t you hear their respectful tone?”

“.....”

the citizens of the imperial capital were all discussing this matter. their voices were filled with pride, and they were all proud of being a member of the great xia dynasty.

Inside the Azure Dragon Palace.

“Emperor Xia!”

Jin Wushuang and the other three arrived and saluted to Jiang Li.

In the surroundings.

Xu Ya, Wu Zong, pang kui, Hong Tianqi, han Liqi, Bai zhanbo, and the other ministers all stood on both sides of the hall, looking at the four human Kings in front of them.

“Yes.”

okay. Jiang Li nodded.

“.....”

dong xiao and the others were slightly apprehensive.

since you’re here, I’ll announce a big event regarding the entire human dynasty Alliance.

Jiang Li said.

“.....”

Jin Wu Shuang and the others were silent.

“Emperor Xia, please speak.”

Wei Lin said.

from today on, the human dynasty Alliance is dissolved.

jiang li said.

“This bi an ...”

Wei Lin and the others couldn’t help but raise their heads and look at Jiang Li.

However ...

Jiang Li didn't finish.

the country of Donglin, the Yongling dynasty, the Jin dynasty, and the Wei Dynasty will all merge into the great Xia Dynasty's territory and become a part of the great Xia Dynasty.

Jiang Li continued.

"As expected,"

"I knew it would be like this."

"....."

Jin Wu Shuang and the others looked at each other and laughed bitterly.

In reality.

Jin Wushuang and the others already had this premonition. With the great Xia Dynasty's power and the great Xia Army's strength, if they wanted to unify the southern area of the northern region of the Holy peace state, they would naturally have to swallow all the human dynasties.

Although he had already guessed it.

However, when Jiang Li said it ...

They were still unwilling to accept this.

Unfortunately ...

Everything was set in stone.

Don't agree?

Don't agree?

It was impossible.

With Jiang Li's power, if they didn't agree, they would die. Even if they fought back, they wouldn't be able to change anything.

“.....”

At this moment.

Jin Wushuang and the others couldn't help but look at Wei Lin.

Speaking of this.

It was one of the four human dynasties.

Probably only big Wei could make Jiang Li slightly afraid.

After all ...

The Wei Dynasty's four National Guardian armies could gather ten million troops, in addition to the elite Legion, the Imperial Army, and the county Army.

with the strength of the entire country.

great wei was able to gather an army of nearly thirty million.

This was the true strength of great Wei.

He was definitely not weak.

“Emperor Xia, do you really want to do this?”

Wei Lin raised her head and stared at Emperor Xia with a burning gaze. Her fists in her sleeves were already clenched.

“.....”

Jin Wu Shuang and the others immediately held their breath and lowered their heads.

“Prince Wei, do you have any questions?”

Jiang Li looked at Wei Lin.

“Emperor Xia.”

Wei Lin loosened his fist and asked in a deep voice, ” “Why did you attack His Majesty Wei Zheng when you attacked the Barbarian dynasty?”

“Wei Zheng colluded with the Barbarian race.”

Jiang Li said.

“I don’t believe you.”

“His Majesty Wei Zheng would never do that,” Wei Lin shouted.

“You don’t believe me?”

okay. Jiang Li smiled and looked at the holographic mech next to him.

Shua!

Immediately after.

The holographic mech showed the holographic projection.

In the projection.

It was broadcasting everything that Wei Zheng had plotted in the linman Prefecture's Junwang Fu, and it was completely presented to everyone present.

“this bi an ...”

the great prince of Wei actually colluded with the barbarians and attempted to murder His Majesty, Emperor Xia!

“Truly hateful.”

“He deserves ten thousand deaths!”

“.....”

Xu Ya and the others scolded him.

“.....”

wei lin's eyes widened.

“bai zhanbo, go and bring the man up.”

Jiang Li said.

“Yes.”

Bai zhanbo nodded and left the palace.

A few minutes later.

Bai zhanbo brought Lin man Prefecture’s King Modi and Zhang kede up.

“Emperor Xia, please spare me! Emperor Xia, please spare me!”

Plop!

Modi and zhangkede kneeled on the ground, trembling. Their faces were pale and bloodless. They kowtowed to Jiang Li and begged for mercy.

## Chapter 406

the azure dragon hall seemed to be a little quiet. everyone maintained their silence.

There were only Modi and zhangkede’s cries and begging for mercy, as well as the ‘Bang Bang’ sound of their heads hitting the ground.

in the surroundings.

Everyone looked coldly at Modi and zhangkede who were kneeling on the ground and begging for mercy.

“You guys ...”

Wei Lin's face also turned pale.

It could be said that there were witnesses and physical evidence now. With all kinds of evidence as proof, it was impossible for Wei Lin to not believe it, because the facts were the facts.

Your Majesty, this is all Wei Zheng's scheme. It was all his doing. It has nothing to do with us. We are just small courtiers. We can't disobey Wei Zheng's orders. We were all forced to do this.

modi shouted.

"Please spare me, Your Majesty Emperor Xia! Please spare me!"

zhang kede begged for mercy.

"This is impossible!!!!"

Wei Lin staggered back half a step.

He still found it hard to believe this fact. It was as if the ideal he had been holding on to had collapsed and shattered on the ground.

"Wei Lin, the truth is right in front of you."

Jin Wushuang shook his head and said, "I have to admit that Wei Zheng is actually a pretty good human King. At the very least, he has developed the Wei Dynasty to its current state. This is enough to show his ability.

unfortunately, he was blinded by his ambition and went astray. He colluded with the barbarians and tried to kill His Majesty.

"The most important thing is ..."

Wei Zheng failed to recognize the barbarian's wild ambitions and was used by them. He caused the Alliance of the human race to fall into the trap of the Barbarian Army.

if it wasn't for Emperor Xia's efforts to turn the tide, if it wasn't for the Xia Army's invincibility, and finally coming back from the dead end and killing the Barbarian Army ...

"Wei Zheng will be the sinner of the human race in the northern region of the Holy peace Region."

"He deserves to die."

"Prince Jin is right."

Ling Tian said.

"Indeed,"

dong xiao nodded.

"The two of them are already useless."

kill them. Jiang Li looked at Modi and Zhang kede indifferently and waved his hand. drag them out and kill them.

"Yes."

Bai zhanbo nodded and immediately raised his head. "Men from the Ministry of Justice, drag these two Renegade criminals out and behead them."

Soon after.

Some soldiers from the Ministry of Justice walked into the palace and dragged Modi and Zhang kede out of the palace. Modi and Zhang kede begged for mercy and even started to curse at Jiang Li.

Pfft! Pfft!

“Ah!”

Finally.

Two screams came from outside the hall.

modi and zhangkede’s voice stopped abruptly.

It was obvious that he had been beheaded.

next, let’s continue to discuss the matter of the dynasty merger.

Jiang Li looked at Wei Lin and the others.

“Yes.”

Jin Wu Shuang and the other three nodded.

Facing Jiang Li’s aggressive attitude, Jin Wushuang and the other three could only agree to merge their dynasties into the great Xia Dynasty and become part of it.

“I am the human King of Donglin, Dong Xiao.”

Roar!

A Dragon’s Roar resounded.

Dong Lin's Red Dragon appeared.

"From this day forth, the Dong Lin country will be merged into the great Xia Dynasty, becoming a part of it. From now on, there will be no Dong Lin country!" Dong Xiao shouted.

BOOM!

As soon as he finished speaking.

The Red Dragon of the eastern woods collapsed and eventually turned into a trace of the country's fate essence, which manifested in the air.

"Roar!"

After that.

...

The Azure Dragon of great Xia appeared and opened its mouth, swallowing the origin of the country's fate that the Scarlet Dragon of Dong Lin had transformed into into into its stomach. It refined and absorbed it.

At the same time.

The ranking of the young dragons-Saint peace state.

The Donglin Kingdom had disappeared from the rankings.

"I am the human King of Yongling, 'Ling Tian',"

Immediately after.

Just like Dong Xiao, Ling Tian also announced loudly, ” from today onwards, the Yong Ling Empire will merge into the great Xia Dynasty and become a part of the great Xia Dynasty. There will no longer be a Yong Ling Empire!

BOOM!

The Yongling dynasty’s National aura true dragon dispersed and also turned into a National aura origin.

wuwuwuwuwu!

The great Xia Azure Dragon opened his mouth and devoured the source of the country’s fate.

...

“I’m Jin Wushuang, the king of the Jin dynasty.”

Jin Wu Shuang took a deep breath and shouted, ” from today onwards, the great Jin dynasty will merge with the great Xia Dynasty and become a part of the great Xia Dynasty.

boom!

The true dragon of National aura dispersed.

It turned into a National aura origin.

The Azure Dragon of the great Xia Dynasty devoured the third origin of the country’s fate.

finally.

Only Wei Lin was left.

“.....”

Wei Lin was only silent for a moment, and then chose to do the same as Jin Wushuang and the others.

BOOM!

Big Wei's Blue Dragon collapsed.

It completely dissipated.

it turned into the fourth national aura origin.

The Azure Dragon of the great Xia had devoured it.

donglin, yongling, jin, and wei.

Four human dynasties.

They were all swallowed up by the great Xia Dynasty.

All of them had also disappeared from the 'young dragon ranking-Saint peace state'.

“Roar!”

the great xia azure dragon devoured all four of the country's fate origins and immediately let out a carefree dragon's roar. the azure country's fate glowed brightly.

Buzzzzzz!

in the air.

The light spread out, then transformed into an enormous illusory projection in the air above the imperial capital of the Grand Xia Dynasty. Upon closer inspection, one would see that this illusory projection was the map of the Grand Xia Dynasty.

“That Yingluo, that’s Yingluo.”

“A map! This is the map of the great Xia Dynasty!”

I didn’t expect the great Xia Dynasty’s National aura true dragon to reveal the map of the great Xia Dynasty.

“how strange.”

the great Xia Dynasty has completely occupied the southern part of the northern region of the Holy peace state. Not only the southern part, but also the southwest and Southeast parts of the territory.

“It’s really too wide.”

Everyone looked up at the map that appeared in the air.

Jiang Li was also watching.

It could be clearly seen.

the great xia dynasty.

The entire territory.

It was formed by the original dynasties.

They were the great Jin dynasty, barbarian dynasty, great Wei Dynasty, black snake barbarian kingdom, red-browed Yao Kingdom, Cang lang Kingdom, Dong Lin Kingdom, Lion barbarian kingdom, panhuang Yao dynasty, Yong Ling dynasty, and great gan dynasty.

In reality.

The great Xia Dynasty was created from nothing.

All of them were made by Jiang Li.

Jiang Li looked at the huge map in the sky and couldn't help but reminisce. The figures of the enemies flashed in his mind.

of course.

Jiang Li's enemies were all dead.

They all died in Jiang Li's hands.

from the very beginning.

Jiang Li took over Yongan city and changed its name to great Xia city. He took over Black Dragon County and changed its name to great Xia County. Then, he slowly encroached on the surrounding territories. Finally, he was ready to establish a country.

He had officially established the 'great Xia Dynasty' and was recognized by the 'young dragon ranking'.

After that.

He destroyed the great gan, occupied the black serpent, attacked the Chi Mei Empire, and took down the foreign empires. He continued to expand the territory of the imperial capital of the Grand Xia.

this was the map of the great xia dynasty.

Rather, it was about Jiang Li's War history.

And now.

Jiang Li's great Xia Dynasty had reached its peak. It had completely occupied the entire southern area of the northern region of the Holy peace state.

Not only that.

A portion of the southwest and Southeast territories also belonged to the great Xia Dynasty.

He was already a Big Shot.

“Roar!”

At this moment.

the azure dragon of the xia dynasty let out another dragon roar as boundless azure light bloomed. from all directions, the fate of the nation seemed to be born out of thin air.

after that.

All of them merged into the Azure Dragon's body.

Obviously.

The growth of a dynasty's fortune.

Not only did it increase by devouring the Fortune of other dynasties, but it also expanded the area of the territory, increased the strength of the people, increased the number of people, and increased the overall National Strength.

All of these would lead to the improvement of the country's fortune.

This time.

The Xia Dynasty's Azure Dragon had absorbed the National aura of four human dynasties. In addition, he had suddenly increased the territory and area of four human dynasties.

among them were the people of four human dynasties.

This helped to alleviate the population problem of the great Xia Dynasty.

As a result ...

The fate of the great Xia Dynasty naturally began to grow, gathering invisible fate of the country.

“Whoosh!!!”

The brilliance of the nation's fate was brilliant.

It enveloped the entire imperial capital of the Grand Xia.

The commoners looked up.

His eyes were filled with reverence.

“This bi an ...”

Wei Lin and the others were also staring at him.

“What’s going on?”

“I feel like something big is going to happen.”

“Yup!”

Hong Tianqi and the others discussed in low voices.

Time passed.

This time.

The Azure Dragon’s growth was huge, even beyond Jiang Li’s expectations. It grew by a thousand meters, from four thousand meters to five thousand meters.

The power was even stronger.

The Dragon’s might was vast and unfathomable.

“Roar!”

At this moment.

The great Xia Azure Dragon let out a deafening dragon roar once again.

Immediately after.

The map of the great Xia Dynasty had changed. The words on it had changed. The words of the great Jin dynasty and the black snake barbarian kingdom had disappeared.

Finally.

They all became the Marquis of Great Jin, the Marquis of barbarian, the Marquis of great Wei, the Marquis of black snake, the Marquis of red eyebrows, the Marquis of gray wolf, the Marquis of Lion, the Marquis of panhuang, the Marquis of Yongling, the Marquis of great Qian, the Marquis of Donglin, and the imperial capital of the great Xia.

Immediately after.

hmm? ” Jiang Li felt something was wrong. The ranking of the young dragons seemed to be calling for him.

Hence.

Jiang Li immediately closed his eyes and communicated with the ranking of the young dragons.

Shua!

A purple-gold ranking list appeared.

More than half of the fog on the list had disappeared, which meant that Jiang Li could see more than half of the dynasty’s information on the list. The great Xia Dynasty was ranked 45th.

He had entered the top 50.

However ...

Jiang Li still didn’t see the Black Dragon barbarian kingdom, the SkyDemon Kingdom, or the Shu Kingdom.

this meant that the three top dynasties in the north were even more prosperous than the current great xia dynasty.

“Whoosh!!!”

The next moment.

A thick purple-gold light fell from the ‘young dragon ranking-Saint peace state’ and appeared in front of Jiang Li.

Shua!

Purple-gold light condensed.

In the end.

The color of the token was not purple-gold, but pure green. On the back of the token, there was a lifelike three-clawed Green Dragon.

Three flamboyant words were carved on the front.

It was called the Marquis token.

“Congratulations on the promotion of the great Xia Dynasty’s National fate. Your ranking has risen to 45th place. A Marquis title.”

Very quickly.

jiang li received a message.

Whoosh!

The blue token merged into Jiang Li’s body.

The scene changed.

Jiang Li's consciousness came back and there was more information about the Marquis token in his mind. The Marquis token also appeared in Jiang Li's dantian.

The 'Marquis title order', 'Green Dragon imperial decree', and 'Green Dragon Imperial Jade seal' were placed side by side.

"Marquis."

Jiang Li looked at the map of the great Xia Dynasty and the Marquis token appeared in his palm. It glowed with blue light and a mysterious aura.

"Interesting."

Jiang Li thought about the information about the Marquis token in his mind and smiled. He looked at Jin Wushuang, Wei Lin, and the others.

## Chapter 407 Green Dragon

In reality.

After Jin Wu Shuang and the other three gave up their 'human King' status and merged the dynasty into great Xia, they had completely lost the power of the nation's fate.

In other words ...

They would no longer be able to enjoy the blessing of the country's fate.

Not only that.

Because they no longer had the power of the nation's fate, the techniques they obtained from the 'young dragon ranking', which was also the nation's fate techniques 'they had cultivated, would all be invalid.

Unable to continue cultivating the 'National aura technique'.

Even though ...

Their cultivation realms were still there, but they had to switch to other cultivation techniques. Not only would this consume a large amount of time, but it was also very likely to cause their cultivation realms to regress.

In other words.

This was the price of 'perishing'.

His Foundation was damaged.

"There's no hurry to be conferred the title of Marquis."

shua!

Jiang Li put away the 'Marquis token' and sat down with his legs crossed. He closed his eyes and activated the Azure Dragon technique to receive the feedback from the fate of the country.

First of all ...

Jiang Li started to practice the 'Blue Dragon kill seal'.

"Roar!"

The Dragon roared.

The Green Dragon Shadow appeared and formed many 'kill' seals. With the help of the Fortune of the nation, Jiang Li seemed to have entered a state of enlightenment.

His understanding of the 'Azure Dragon absolute kill seal' increased rapidly.

Time passed.

Very quickly.

Jiang Li formed nine 'kill' seals and combined them to form an unparalleled killing array.

In an instant.

A killing intent that seemed as if all living things were withering began to surge forth, affecting the entire imperial capital of the Grand Xia, causing all of the commoners to feel a bone-piercing chill.

"What a strong killing intent!"

"this is the great circle! Emperor Xia has cultivated this martial art to the perfection level!"

"He's improving too quickly."

the feedback of the country's fate is so terrifying. There's no reason to speak of it.

"Yup!"

Jin Wu Shuang and the others sighed, their tone full of envy.

However ...

after jiang li completed the 'azure dragon absolute kill seal', the feedback from the fortune of the nation hadn't disappeared yet, so he started to practice the three martial arts recorded in the 'azure dragon art of the great xia'.

They were the Azure Dragon protection seal, the Azure Dragon Seal, and the Azure Dragon flight seal.

Three martial arts.

Jiang Li had already reached the beginner level.

This time.

With the help of the Fortune of the nation, Jiang Li's comprehension was greatly improved. He started to practice the three martial arts. The Azure Dragon protection seal was a defensive martial art, the Azure Dragon Seal was an offensive martial art, and the Azure Dragon flying seal was a body martial art.

Roar! roar!

it could be seen.

As soon as Jiang Li started cultivating, a blue light covered his body. Many seals appeared, accompanied by many Blue Dragon shadows circling around him.

it was extremely beautiful.

Time passed.

BOOM!

Jiang Li's body trembled. The feedback from the fate of the nation finally disappeared. He had also cultivated the Azure Dragon protection seal, the Azure Dragon Seal, and the Azure Dragon flying seal to the great completion stage.

He was just one step away from reaching perfection.

His strength had greatly increased.

Half an hour later.

Jiang Li strengthened himself.

Shua! Shua!

Soon after.

let's go. Jiang Li got up and used his body technique. His speed was so fast that the sky was filled with his shadows.

...

No one could see Jiang Li's real body.

"So fast!"

"This speed is incredible."

Jin Wu Shuang and the others were dumbstruck.

"Not bad, not bad."

okay. Jiang Li nodded with satisfaction and stopped the Azure Dragon flying seal. The shadows in the sky slowly disappeared.

"Congratulations to Your Majesty for your great success!"

“Congratulations to Your Majesty for your great success!”

“.....”

Instantly.

The officials knelt on the ground and shouted.

...

“Hahahahaha!”

haha. Jiang Li laughed. He was in a good mood.

Immediately after.

Jiang Li then took out the ‘Blue Dragon imperial edict’ and ‘Blue Dragon Imperial Jade seal’ of the Wei Dynasty. The Wei Dynasty was gone and the two sacred weapons were dim. They had lost their source of power and could be devoured.

It had to be said.

Relying on the Fortune of the great Wei Dynasty, Wei Zheng had already cultivated the ‘Blue Dragon imperial edict’ and the ‘Blue Dragon Imperial Jade seal’ into the five dragon Dynasty’s Saint weapons.

it could be said that ...

It was of a higher level than Jiang Li’s Green Dragon imperial edict and green Dragon Imperial Jade seal.

Buzzzzzz!

jiang li took out the blue dragon imperial edict and the blue dragon imperial jade seal and activated the national aura saint weapon. the blue light covered the imperial edict and the blue dragon imperial jade seal and started to refine and devour them.

In less than half an hour.

The Blue Dragon imperial edict and the Blue Dragon Imperial Jade seal were refined into two origin light spots, which merged into the green Dragon imperial edict and the Green Dragon Imperial Jade seal respectively.

“Roar!”

very quickly.

a dragon’s roar was heard.

The Green Dragon imperial decree slowly unfolded, and four three-clawed Green Dragons immediately appeared. In the blink of an eye, the fifth and sixth three-clawed Green Dragons condensed, becoming the Saint weapon of the six-Dragon Dynasty.

Similarly.

The Green Dragon Imperial Jade seal had also improved a lot. It condensed the fifth and sixth three-clawed Green Dragons, which, like the Green Dragon imperial edict, had become Saint weapons of the six-Dragon Dynasty.

“Not bad.”

Jiang Li waved his right hand and the Green Dragon imperial edict and the Green Dragon Imperial Jade seal fell into his hands. The aura they gave off became stronger and more powerful.

It was a huge improvement.

okay. Jiang Li nodded in satisfaction.

“Keep.”

Buzzzzzz!

There was a flash of green light.

The Green Dragon imperial edict and the Green Dragon Imperial Jade seal were put into Jiang Li's dantian.

After doing all this.

Jiang Li then took out the Marquis token again and held it in his hand.

He couldn't help it.

Everyone's eyes fell on the token in Jiang Li's hand, as if there was some mysterious power that attracted them.

“jin wushuang.”

stop! Jiang Li shouted.

“Your subject is here.”

Jin Wu Shuang immediately knelt down.

Obviously.

he had already clearly understood and positioned his current identity. he was no longer the human emperor, but a member of the great xia dynasty and emperor xia's official.

“Yes.”

Jiang Li nodded. He was quite satisfied with Jin Wushuang's performance. He slowly raised the Marquis token in his hand and shouted, ” “In the Name of the King of the great Xia Dynasty, I confer Jin Wushuang the title of” Marquis King of Great Jin “and assist me in managing the” Marquis of Great Jin.””

As soon as he finished speaking.

“Whoosh!!!”

The ‘Marquis token’ in Jiang Li's hand glowed with a dazzling green light, like a small green Sun.

Shua!

After that.

The ‘Marquis title token’ shot out a green light and directly imprinted itself between Jin Wushuang's eyebrows, merging into his mind.

“roar!”

at the same time.

The Xia Dynasty's Azure Dragon also roared towards the sky. The Dragon's Roar shook the sky. It opened its mouth and spat out a beam of Azure light. It descended from the sky and enveloped Jin Wushuang's body.

“whoosh!!!”

Bursts of light.

“Marquis?”

Dong Xiao and Ling Tian looked at each other, their faces full of doubt. They then turned to Jin Wu Shuang, not understanding the meaning behind his words.

“marquis!”

Wei Lin’s eyes widened, and she couldn’t help but exclaim, ” this is actually a Marquis!

Obviously.

This was different from Dong Xiao and Ling Tian.

Wei Lin’s vision was much higher, so he obviously knew the meaning behind this.

“This Suan ni, this Suan ni”

Wei Lin took a deep breath, her face full of shock. the great Xia Dynasty can already be conferred the title of Marquis? you can already be conferred the title of marquis?”

“this minister is unparalleled in receiving the decree and thanking you for your kindness!”

At this moment.

Jin Wushuang finally received the message from the ‘Marquis’ and understood the meaning of ‘Marquis’. He responded immediately and kowtowed to Jiang Li with excitement. I’ll do my best to manage the Marquis of Jin well for Emperor Xia!

after jin wu shuang received the decree and thanked him.

“Roar!”

the green light pillar that enveloped jin wushuang changed, and then the roar of a flood dragon came out. behind jin wushuang, there was a three-clawed green flood dragon formed by the power of the country’s fate!

A flood Dragon!

A three-clawed flood Dragon!

It was a thousand meters long.

It was lifelike.

It was hovering behind Jin Wu Shuang.

It was very powerful.

“A Dragon of National fortune?”

dong xiao’s eyes widened, his expression dumbstruck, ” what’s going on? Jin Wu Shuang is obviously not the human King anymore, how can he still control the power of the country’s fate?”

“moreover, why did it condense into a flood dragon? And not a true dragon?”

“Is this Suan ni a Marquis?”

Ling Tian took in a deep breath and seemed to have understood something, but he was still confused, ” Jin Wu Shuang’s change is related to Emperor Xia’s ‘Marquis’ title? ”

“A Dragon of National fortune!”

Wei Lin clenched her fists and no longer doubted it, but she was even more shocked. this is really a 'Marquis'. Only a 'Marquis' would have a Dragon of National fortune.

“Thank you, Emperor Xia!”

jin wushuang felt the changes in his body. he felt the strong power of the country's fate coming from the three-clawed green jiao dragon. he felt the vast and surging power.

He was convinced.

Jin Wushuang kowtowed to Jiang Li again.

“Yes.”

okay. Jiang Li nodded.

Then, he looked at the thousand-meter-long three-clawed Green Dragon behind Jin Wushuang curiously. After all, it was the first time for Jiang Li to see a 'Dragon of National fortune'.

Roar!

the three-clawed green dragon looked at jiang li and lowered its head to show its respect.

After being conferred the title of Marquis.

A 'Marquis King' could obtain the blessing of the country's fate and condense a 'flood Dragon of the country'. At the same time, they could cultivate the 'great Xia Azure Dragon technique' that was derived from the 'great Xia Azure Dragon technique'.

The 'great Xia Azure flood Dragon technique' was also a cultivation technique that carried the Fortune of the nation.

They could also borrow the country's fortune to cultivate.

However ...

from an innate point of view.

The Dragon of National fortune was weaker than the true dragon of National fortune, and the Azure Dragon technique was also weaker than the Azure Dragon technique. Jiang Li could completely control the Marquis King of the Xia Dynasty.

Furthermore ...

As long as Jiang Li was willing.

he could strip jin wu shuang of his marquis king status at any time.

At that time.

Naturally, Jin Wushuang would lose the 'flood Dragon of National fortune' and 'great Xia Azure flood Dragon technique'. At the very least, his cultivation would regress, and at the very worst, he'd lose his cultivation and become a cripple.

It could be said that ...

After becoming the 'Marquis King'.

Although they could enjoy the blessing of the great Xia Dynasty and all kinds of benefits, they had to pay a price. From now on, Jiang Li would be the leader.

The most important thing was ...

There were rumors.

A dynasty that could be conferred the title of 'Marquis' meant that they had the foundation to become an 'imperial dynasty', such as the Black Dragon barbarian kingdom, the sky demon Kingdom, and the Shu Kingdom.

These three top-tier dynasties.

They could all be conferred the title of Marquis.

now.

In the northern region of the Holy peace Region.

other than these three dynasties.

There was another great Xia Dynasty.

It was precisely because of this.

Wei Lin, who knew the inside story, was so shocked.

One had to know.

the title of 'marquis' could be said to be the 'foundation of an empire'.

Wei Zheng had dreamed of becoming a Marquis in the past. As Wei Zheng's confidant, Wei Lin naturally knew about this.

But unfortunately ...

Wei Zheng had not been able to fulfill this wish even at his death.

however, wei lin saw it in the great xia dynasty today.

Chapter 408 Ghost domain

“Dong Xiao, hear my order!”

Jiang Li said.

“your subject is here!”

Jiang Li. Dong Xiao immediately took a few steps forward and knelt down to Jiang Li. He lowered his head and tried to suppress his excitement and anxiety.

According to Jin Wu Shuang’s transformation, the benefits of being conferred the title of Marquis were huge.

“In the name of the human Emperor of the Xia Empire, I grant ‘Dong Xiao’ the title of Marquis of Donglin and grant him the right to assist me in managing the Marquis of Donglin,”

stop! Jiang Li shouted.

wuwuwuwuwu!

As soon as he finished speaking.

The ‘Marquis title medallion’ once again shone with a green light. It transformed into a stream of light and merged into the center of Dong Xiao’s brows, disappearing in an instant.

Roar!

Immediately after.

the azure dragon of the xia dynasty let out a dragon's roar and spat out a beam of azure light. it descended from the sky and enveloped dong xiao's body.

The light was dazzling.

“This subject accepts the decree and thanks for your kindness!”

Jiang Li! Dong Xiao kowtowed to Jiang Li excitedly.

Obviously.

at this moment, dong xiao had also deeply experienced the various benefits of being conferred the title of 'marquis king'.

Very quickly.

Another thousand-meter long three-clawed Green Dragon was formed and circled behind Dong Xiao. The Dragon's body was huge and lifelike, and its might was not weak.

Soon after.

Jiang Li made two more Marquises.

they were the marquis of yongling, ling tian, and the marquis of great wei, wei lin.

Roar! Roar!

Two thousand-meter long three-clawed Green Dragons appeared.

At this moment.

In the Xia King Palace.

High up in the sky.

The 5,000-meter long Azure Dragon of great Xia spiralled at the top, occupying the main seat. Its body was winding, and its huge head was as huge as a mountain. Its Dragon might was extremely overbearing.

At the same time.

around the azure dragon of the great xia.

It was protected by four three-clawed flood Dragons that were 1000 meters long.

Such a scene made people feel awe.

“Very good,” he said.

okay. Jiang Li nodded with satisfaction.

In the surroundings.

Hong Tianqi and the others looked at Jin Wushuang with envy.

“from the map of the great xia dynasty, it can be seen that other than the ‘imperial capital’, there are a total of’ 11 marquissate territories’. in other words, there will be a total of 11 marquissate kings,”

“only four marquissate kings have been appointed, so there are seven more positions.”

as long as we contribute to the great Xia Dynasty, we might be valued by His Majesty Emperor Xia. From there, we will rise to the top and be conferred the title

of ‘Marquis King’. We will enjoy the blessing of the great Xia Dynasty’s National fate and have the protection of the Dragon of National fate.

“That’s right!”

“We have a chance too!”

Han Liqi, Wu Zong, Hong Tianqi and the others were full of ambition. They looked at the map of great Xia in the sky with burning eyes, their faces full of desire.

after appointing jin wushuang, wei lin, dong xiao, and ling tian as marquis queens, jiang li left the azure dragon palace.

In the afternoon.

Jin Wushuang, Wei Lin, Dong Xiao, and Ling Tian had switched to the ‘great Xia Azure flood Dragon technique’ in the Xia king’s palace. This was because the ‘great Xia Azure flood Dragon technique’ was a technique that carried the Fortune of the nation, and it was protected by a flood Dragon.

so,

Their conversion was very smooth.

Not only that.

Dong Xiao and Ling Tian had also obtained the blessing of the thousand-meter long three-clawed green Jiao Dragon, and after switching to the ‘great Xia green Jiao technique’, their cultivation had also risen by a level.

They had both reached the middle stage of the fourth rank.

In the evening.

He completed the cultivation technique.

...

Jin Wushuang and the other three were about to leave the imperial capital, but before they left, Jiang Li summoned them again and gave them an order.

“Jin Wushuang, Wei Lin, Ling Tian.”

” go back to the marquis of jin, the marquis of wei, and the marquis of yongling. gather all the spiritual herbs, herbs, and crystals as soon as possible and send them to the capital. we must finish this as soon as possible. ”

“There can’t be any mistakes.”

Finally.

Jiang Li even emphasized.

“Yes.”

“Your subject will obey!”

“Yes.”

Jin Wu Shuang and the others looked at each other and didn’t ask any more questions. They just nodded.

“Alright,” he said.

...

let's go back. Pay attention to the Black Dragon barbarian kingdom and the sky demon Kingdom. I think they might take action.

” report immediately if there are any unusual movements. ”

“Yes.”

Jin Wu Shuang and the others said in unison.

“Your Majesty.”

“during this period of time, our marquis donglin has collected quite a bit of medicinal herbs. although it's not a lot, it's still a bit of a waste,” dong xiao said through gritted teeth.

“Oh.”

Jiang Li looked at Dong Xiao and interrupted him. He nodded and said, ” “Then send them over together.”

“Yes.”

Dong Xiao's expression was one of joy.

The night came.

jin wu shuang and the others stepped on the flood dragon of their country and flew away from the imperial capital of the great xia dynasty, quickly returning to their respective territories.

Then, they announced to the people of the country the important matter of merging the country with the great Xia Dynasty.

This matter naturally set off quite a big wave.

Among them.

The one with the strongest reaction was big Wei.

However ...

The matter had already been decided.

No matter how unwilling Wei Wuxian and the other Pavilion elders were, they couldn't change the final result, especially after knowing that Wei Zheng had really colluded with the Barbarian race. Many of them were a little disheartened.

On the other side.

Within the great Cang nation.

It was a seemingly endless strange fog that had already enveloped the entire great Cang nation.

When he looked closer, he could clearly see.

There was no one left alive in the great Cang nation!

There were only countless ghostly shadows wandering around aimlessly.

here.

It had unknowingly become a vast ghost realm.

The most important thing was ...

The great Cang nation was close to the Marquis of panic of the great Xia Dynasty.  
The strange gray-black fog was still spreading, gradually moving toward the  
Marquis of panic of the great Xia Dynasty.

At this rate ...

About one or two days later.

The strange fog would enter the Marquis of Panic's realm.

“Kekekekekekeke”

The sinister laughter was faintly discernible.

It was very strange.

One had to know.

The Black Dragon barbarian kingdom, the sky Fey Kingdom, and the Shu  
Kingdom had all sent out their elite Scouts, and they had already sneaked into the  
great Xia Dynasty's territory without anyone knowing.

The most important thing was ...

The great Xia Dynasty's territory was vast, and although there were many Air  
Scouts, their reconnaissance ability was also extremely strong. They could not even  
discover the existence of a Tier 5 existence.

but ...

it was impossible to monitor the entire great xia dynasty.

so,

Jiang Li didn't find the scouts from the three great countries either.

the most important thing was ...

The great Xia Dynasty's promotion this time was too loud. It had directly swallowed the territories of the four great dynasties, causing the great Xia Dynasty's National fate to have a qualitative leap.

Plus ...

Jiang Li had been conferred the title of Marquis several times.

It caused a huge commotion.

“Marquis!”

The leader of the Black Dragon barbarian Kingdom's Scouts was a middle-aged man with totem patterns all over his face. His eyes were solemn as he said in a deep voice, “the great Xia Dynasty has swallowed all the human dynasties and has become a ‘Marquis country’. Its National aura is not much weaker than the Black Dragon barbarian kingdom.

return to the Black Dragon barbarian kingdom immediately and inform His Majesty the Black Dragon King of this news. We can't delay any longer. We must send out our troops as soon as possible and destroy the great Xia Dynasty.

” otherwise, when the great xia dynasty controls all the territories, it will be even more difficult to deal with them. ”

Shua! Shua!

as soon as he finished speaking.

The elite Scouts of the Black Dragon barbarian kingdom left as fast as they could. They flew in the sky and disappeared into the horizon like black streams of light.

At the same time.

The sky demon Kingdom and the Shu Kingdom's Scouts also received this news. They had grave expressions and did not hesitate to return to their own countries to report the situation.

The next day.

Shu country.

In the king of Shu country.

“What?”

The king of Shu stood up with a serious look in his eyes. He looked at the Scout kneeling below and shouted, ” “The Grand Xia actually obtained the ‘Marquis title’ so quickly.”

shua!

With a thought.

king shu's consciousness communicated with the sub-ranking of the young dragon ranking and immediately discovered that the great xia dynasty had reached the 45th place. their national fate had improved greatly.

“He's only ranked 45th, and he's already been conferred a title.”

king shu took a deep breath and said, ” the great xia dynasty is actually so valued by the ‘young dragon ranking’? did he really have such great potential? You have to know that under normal circumstances, the ‘Marquis title’ is a reward that can only be obtained by entering the top 30.”

Obviously.

The king of Shu was in a heavy mood.

“What about the Black Dragon barbarian kingdom and the sky Fey Kingdom?” he asked.

The king of Shu asked in a deep voice.

Your Majesty, the scouts from the frontline reported that the Black Dragon barbarian kingdom and the SkyDemon Kingdom didn’t send any troops to the great Xia Dynasty.

An official from the Shu state replied.

“They didn’t send out any troops.”

The king of Shu muttered, ” what are these two old guys thinking? ”

“Your Majesty, there’s another important matter.”

the great Cang nation is gone, ” another official said. the ‘ghost Mist Forest’ has changed. An endless amount of ghost mist has spread out from the ‘ghost Mist Forest’ and covered the entire great Cang nation.

“The great Cang nation has been turned into a ghost land.”

“Ghostmist forest,”

The king of Shu’s face sank. are those old ghosts restless again? ” what’s the specific situation?”

“The ghost fog is still spreading and it doesn’t seem like it’s going to stop. Based on the direction it’s spreading, it will reach the great Xia Dynasty in a day at most.”

The official continued to report.

“Oh.”

King Shu raised his eyebrows. although those old ghosts aren't very strong, the human ghosts have strange means. They can bring great trouble to the great Xia Dynasty.

if the Black Dragon barbarian kingdom and the sky demon Kingdom send out their troops again at this time ...

” immediately think of a way to secretly leak the information about the ‘ghost mist forest’ to the black dragon barbarian kingdom and the sky fey kingdom. it's best if we can hide our identities. ”

“Yes, sir.”

The officials responded.

On the other side.

In reality.

the black dragon king and the sky demon king had long reached a point of conspiracy. no matter what, they would not sit by and watch the great xia dynasty grow. hence, they were prepared to send out their troops at the same time to attack the great xia dynasty.

Furthermore, they had already agreed on a time and a specific plan.

“Marquis!”

After the Black Dragon King received the news, his face fell. He also communicated with the young dragon ranking with his consciousness and saw that the great Xia Dynasty was ranked 45th.

“Damn it!”

The Black Dragon King berated and clenched his fists, ” you are only ranked forty-fifth and you have already obtained the ‘Marquis title’. I have truly underestimated you, Emperor Xia!

“Your Majesty.”

At this moment.

A Minister of the Black Dragon barbarian kingdom reported to the Black Dragon King, ” according to a reliable source, a strange phenomenon has occurred in the ‘ghost Mist Forest’ in the Eastern Region of the Northern Territory of the Holy peace state. The ghost mist has spread and destroyed the great Cang nation, forming a ghost realm.

furthermore, the ghostmist forest is still spreading. It will soon enter the great Xia Dynasty.

“Oh.”

The Black Dragon King raised his head and looked at the thin young barbarian with an expressionless face. the Black Dragon barbarian kingdom is located in the West of the northern region of the Holy peace state, while the ‘ghost Mist Forest’ is in the East. The distance between the two is more than half of the northern region of the Holy peace state.

“moreover, the great cang nation is a vassal state of the shu nation.”

“How do you know such secret information? I didn’t hear any movement at all!”

“Chenqianqian, chenqianqian”

the thin barbarian didn't know how to answer for a moment, and his face turned pale.

Bang!

The Black Dragon King waved his sleeves and a black light shot out, blasting the Barbarian official into a bloody mist. The entire Black Dragon Palace was filled with the smell of blood.

investigate all the barbarians who are close to him.

“If there are any abnormalities, nine generations of your family will be implicated!” The Black Dragon King said coldly.

“Yes.”

The dark Dragon Guard's commander, Shadow Dragon, replied.

“The Shu country.”

The Black Dragon King looked in the direction of the Shu country and sneered a few times. He said in a disdainful tone, “Liu De, you old thing. You really can't hold back anymore.

Obviously.

The Black Dragon King was already suspicious of the king of Shu, Liu De, and suspected that the news about the ghost Mist Forest was deliberately leaked to him by Liu De.

As for the purpose ...

The Black Dragon King guessed that Liu De was also unwilling to see the great Xia Dynasty grow stronger. He wanted to use the power of the Black Dragon barbarian kingdom and the SkyDemon Kingdom to weaken the great Xia Dynasty.

At the same time.

He also wanted the great Xia Dynasty to exhaust the forces of the Black Dragon barbarian kingdom and the SkyDemon Kingdom.

“What a good plan.”

The Black Dragon King snorted coldly. If I’m not wrong, the heaven Demon King should have obtained the information about the ‘ghost Mist Forest’. Also, there are some clues regarding the truth behind the destruction of the ‘small heaven demon Kingdom’.

“Human-ghost, barbarian, half-demon.”

“I’m afraid there are still some ‘mixed-blood rats’ hiding in the dark. The situation in the Northern Territory is getting more and more chaotic.”

In reality.

The Barbarian race’s losses weren’t small.

They had lost a barbarian dynasty, and the Black Dragon barbarian kingdom had lost a fifth level mid-stage Longse, as well as the Black Dragon barbarian Army.

the dark dragon king had no choice but to pull back the battlefield in secret, giving up the garrison in many places.

After all ...

The Barbarian Army was not like Jiang Li’s mech Army.

The difference in mobility was huge.

Furthermore ...

After Jiang Li's 'army base' was upgraded to level four, it had a 'teleportation room' and could also build a teleportation station.

In other words ...

As long as Jiang Li built the teleportation station, his mech Army could support any place at any time.

And there was one more important point.

Jiang Li's mech Army didn't need 'supplies', but the human army, the monster army, and the Barbarian Army were all living creatures. They needed 'supplies'.

If the logistics didn't keep up.

It was enough to affect the direction of victory in a war.

This was because it was impossible for soldiers to go to war on an empty stomach. Moreover, the higher one's cultivation, the greater the consumption.

Of course.

There were also medicinal pills like 'military grain pills' that could be used to replenish their consumption.

the sky demon kingdom.

"Ghostmist forest,"

It was just as the dark Dragon King had guessed.

The heavenly Demon King had also received the news about the ghost Mist Forest. He fell into deep thought and quickly understood the situation.

“Liu De, King of Shu.”

Hmph. the heaven demon monarch snorted coldly. as expected, he has also interfered.

“This is good too.”

the heaven demon king muttered, ” at the very least, this isn’t the worst outcome. if great xia and the shu nation really join forces, that would be truly troublesome. ”

on this day.

at noon.

Almost at the same time.

It was as if they had already discussed this beforehand.

The Black Dragon barbarian kingdom.

The sky demon Kingdom.

two legions were dispatched at the same time.

...

The Barbarian Army and the demon Army.

The Barbarian Army's route was to start from the Black Dragon barbarian kingdom, pass by the prosperous barbarian kingdom, and finally invade from the Marquis of Great Jin of the great Xia Dynasty.

obviously.

The Black Dragon barbarian Kingdom's barbarian Army didn't invade from the Barbarian Marquis.

The sky Yao Kingdom's demon Army had also set off from the sky Yao Kingdom. They passed by the spirit moon Yao Kingdom and the bright moon Yao Kingdom and attacked the great Xia Dynasty by attacking the black snake Marquis.

the night came.

The imperial capital of the Grand Xia.

In the base of the 01 division.

buzzzzzz!

The fluctuations of a spatial teleportation.

Within the teleportation room.

...

Jiang Li walked out of the wormhole Whirlpool, followed by mechanical soldiers, ordinary mechanical soldiers, and ordinary mechanical soldier engineers.

"It's finally done."

A smile appeared on Jiang Li's face.

These two days.

Jiang Li was very busy.

Because he was running around everywhere.

In the Marquis of Great Jin, the Marquis of barbarian, the Marquis of great Wei, the Marquis of black snake, the Marquis of red eyebrows, the Marquis of gray wolf, the Marquis of Lion, the Marquis of canghang, and the Marquis of Yongling, they had built an 'army base'.

A total of 900 million energy points were consumed.

At the same time.

then, he built nine more teleportation stations.

It consumed 90 million energy points.

The Marquis of Donglin, the Marquis of great Qian, and the imperial capital all had their own 'army bases', so they didn't need to build any.

as a result ...

Jiang Li now had fourteen army bases.

Among them.

Only the base of the 01 division had reached the 4th tier.

The other 13 were all at the beginning of the 3rd rank.

Furthermore ...

Other than the base 01, Jiang Li didn't have any construction units in the other 13 bases. Most of the functions couldn't be used.

Its main function was to perform fixed point teleportation.

" with these army bases, no matter where in the great xia dynasty there's chaos, i can teleport my mech army over immediately. "

that means all the meches can be stationed in the base, " Jiang Li thought.

the border sea.

Deep in the ocean.

There was a huge underwater city.

It was the location of the Barbarian tribe.

Barbarian God Palace.

Several barbarians with high status were kneeling on the ground.

high priest, the Black Dragon barbarian kingdom and the sky Fey Kingdom didn't go to war. It seems like they already know the truth behind the fall of the small sky Fey Kingdom.

also, the Black Dragon barbarian kingdom and the sky Fey Kingdom have sent their armies. It seems like they're going to attack the great Xia Dynasty together.

The Barbarian who was kneeling on the ground reported.

“The great Xia.”

inside the temple.

The high priest’s voice was filled with anger, ” it’s great Xia again. Last time, the spirit of punishment brought a Grade 4 ‘bloodthirsty evil spirit formation’ but never returned.

“clearly, he died in the great xia dynasty.”

“Pass down my order, gather the Barbarian troops. This time, we barbarian troops will join in as well.”

“Yes.”

“Yes, sir.”

The barbarians who were kneeling on the ground nodded in agreement.

within the great xia dynasty.

Duke Lion.

In the ruins of a barbarian city.

Shua!

A blood-red light shot over at an extreme speed and landed in a corner of the ruins. A hand suddenly reached out from the corner and grabbed the blood-red light.

He looked closer.

The streak of blood-red light was a blood-red Crow. Its eyes were as clear as red rubies, and its body was extremely small.

but ...

The speed was extremely fast.

Blood-eyed crows.

this was a creature that the half-monster alliance had specially cultivated for communication.

furthermore ...

This blood-eyed Crow was not ordinary.

it was the 'blood-eyed crow king'.

The blood-eyed Crow King's speed was 100 times that of ordinary blood-eyed crows.

It was even more difficult to cultivate them.

“Pfft!”

blood splattered everywhere.

The blood-eyed Raven King's stomach was cut open, and a letter stained with blood was taken out from its abdomen. It was then unfolded, and the letter read: Two days later, the half-monster Alliance's Army would disembark from the 'Black Sea'.

“Hahahahaha!”

Instantly.

After reading the contents of the letter, the figure hiding in the ruins of the Barbarian city laughed out loud. He walked out of the ruins and stood under the moonlight.

He opened his arms.

It was as if he wanted to embrace the sky.

Jiang Yaotian!

He was the Alliance master of the half-monster Alliance who had escaped!

“finally! It’s finally starting!”

hahahahaha! Jiang Yaotian laughed. Jiang Li, you destroyed my business in the northern region of Saint peace state. I’ve been hiding like a rat.

“But it was all worth it.”

“Because your great Xia Dynasty is going to be completely finished!”

Obviously.

During this time, Jiang Yaotian had been hiding in the great Xia Dynasty. As long as he wasn’t discovered by Jiang Li’s Air Scouts, no one would be able to find him.

so,

during this period of time, jiang yaotian had been searching for news about the great xia dynasty. it could be said that jiang yaotian knew the great xia dynasty’s situation like the back of his hand.

yesterday.

Jiang Yaotian reported the news of the great Xia Dynasty becoming a 'Marquis Strong country' and the Black Dragon barbarian kingdom and the sky Yao Kingdom joining forces to the half-monster Alliance's sub-League in the 'Black Sea' through the blood-eyed Crow King.

Today.

The 'Dark zone's sub-Alliance' sent back news.

They directly sent out an Army.

He was extremely decisive.

Obviously, they wanted a share of the loot.

The next day.

At noon.

"Teleport."

Buzzzzzz!

jiang li walked into the teleportation room and teleported to the marquis of great wei through the wormhole tunnel. he arrived at the teleportation station in the base of army 06.

The No. 06 army base was built not far from the palace of the Marquis of great Wei.

it took up quite a large area.

In reality.

The marquissate Palace was the original Wei Palace.

The original royal capital of the great Wei had also been changed to the Marquis capital of the great Wei.

Shua! Shua!

In the air.

There were 10000 Air Scouts and 10000 mech winged aerial soldiers.

There was also a holographic mech in the base.

Other than that.

there were no more troops stationed there.

The reason why Jiang Li came to the Marquis of great Wei at this time was that the holographic mech stationed in the base of Army 06 reported the news to him.

Wei Lin had already gathered most of the resources in the Marquis of great Wei's territory.

he was preparing to send the army to transport the resources to the imperial capital of the grand xia.

Send the Army to transport them.

The round trip would probably take one or two days.

One had to know.

jiang li had already built a military base in the marquis of wei with a teleportation station. he could come from the imperial capital of the xia dynasty with one teleport.

hence.

Jiang Li came over.

It would save a lot of time.

Jiang Li left the No. 06 army base and went to the Marquis Palace.

“Stop!”

In front of the palace gate.

Some guards stopped Jiang Li.

“you are not allowed to barge into the marquis king’s palace.”

The guard shouted in a deep voice.

“Back down!”

Jiang Li activated the great Xia Azure Dragon technique and a deep dragon roar came out. Then, the shadow of a three-clawed Azure Dragon immediately appeared.

The Dragon might of the human King was released.

It formed a vast might.

The guards in front of the palace gate immediately felt their legs go soft, as if a huge mountain was pressing down on them, and they knelt down.

“The country’s backbone is the true dragon of the country’s fortune!”

“Emperor Xia! you are his majesty, emperor xia!”

plop!

In the surroundings.

Everyone knelt down in fear.

several guards in front of the palace gate were trembling with fear and uneasiness. they were just doing their job. who would have thought that they would stop emperor xia?

This was too frightening.

The most important thing was ...

Why did His Majesty Emperor Xia suddenly come to the Wei Kingdom?

There was no news at all.

Chapter 410 Reward

There was complete silence in front of the marquise’s Palace. No one dared to even breathe loudly as they all knelt on the ground.

No. Jiang Li shook his head. He didn’t want to punish the guards.

After ordering the guards to leave, he walked straight into the marquessate's Palace.

"Emperor Xia is here!"

Wei Lin, Feng Chenzi, and the others immediately sensed the aura of the great Xia Azure Dragon, especially Wei Lin. Because he had the protection of the Flood Dragon, he was more sensitive to the aura of the great Xia Azure Dragon.

So,

They had rushed over at the first moment.

"Your Majesty, Emperor Xia!"

Your Majesty! When Wei Lin arrived, she saw Jiang Li who had just walked into the marquessate Palace. She quickly walked over and bowed to Jiang Li. Greetings, Your Majesty!

"Your Majesty!"

Feng Chenzi and the others all bowed.

"Yes."

Okay. Jiang Li nodded and glanced at Wei Lin and the others.

Feng Chenzi, Wu Changding and the others were extremely respectful. At the very least, there was no difference in their etiquette.

I heard that you've gathered most of the resources of the Marquis of Great Wei. In order to save time, I came uninvited.

Jiang Li said.

“Your Majesty is really well-informed.”

Wei Lin and the others looked at each other with surprise on their faces.

One had to know.

They had just finished their business last night and were preparing to dispatch the transport troops today to transport all the gathered resources to the imperial capital of the Grand Xia.

the result.

what? ” Jiang Li found out so quickly and came here in person.

“Where is it? Lead the way.”

Jiang Li said.

“yes.”

“Your Majesty, please follow me,” Wei Lin and the others nodded.

“Yes.”

Jiang Li followed.

Half an hour later.

The Wei Kingdom’s Treasury.

The wide and spacious area was filled with a mountain-like amount of medicinal herbs, and a strong and pungent medicinal smell assaulted their noses.

Medicinal herbs, spirit herbs, and spirit crystals.

Other than that.

there were also tons of steel materials.

Your Majesty, these are most of the resources of the Marquis of great Wei. About 80% of them are here. Please take a look.

Wei Lin said.

“Alright,” he said.

great. Jiang Li smiled and nodded in satisfaction. very good. I’m very satisfied.  
Wei Lin, you did well.

“Thank you for your praise, Your Majesty.”

Wei Lin said.

however ...

Behind Wei Lin.

the pavilion elders didn’t look too good, but they didn’t dare to show it. they either lowered their heads or looked elsewhere. out of sight, out of mind.

Obviously.

In the Marquis of great Wei.

Not everyone was willing to surrender, and not everyone was willing to give all the resources to Jiang Li.

however ...

It was useless even if they were unwilling.

Because the matter had already been decided.

furthermore ...

The great Xia Dynasty was extremely powerful and had a few type 5 experts. Coupled with the combat strength of the great Xia Army, the only way out was to submit.

at this moment.

Jiang Li took out a silver syringe from his pocket.

...

Tier 1 gene strengthening fluid.

“Wei Lin.”

Jiang Li gave the gene strengthening liquid to Wei Lin and explained, ” “This is a drug called ‘Tier 1 gene strengthening fluid’. After using it, it can increase your strength and also improve your aptitude.”

“This is your reward.”

“Potions?”

Wei Lin was stunned and looked at the silver syringe in Jiang Li's hand. It was the first time he had seen this kind of thing, so he was confused.

"Yes."

yes. Jiang Li nodded. inject it.

"Yes."

Wei Lin was confused. Although she didn't understand what the 'level-one gene strengthening liquid' was, she knew that Jiang Li wouldn't have to be so indirect if he wanted to hurt her.

Soon after.

...

Wei Lin took the silver syringe from Jiang Li's hand and inserted the needle into the vein on her arm.

Slowly, he injected the strengthening drug.

Buzzzzzz!

Very quickly.

wei lin felt a chill spread through her body through the flow of her blood. this feeling wasn't uncomfortable, but comfortable.

BOOM!

Immediately after.

The strengthening drug's effect was displayed.

Wei Lin immediately sat down cross-legged and circulated his cultivation technique. A green light emerged, and the Dragon of National fortune appeared. The vast heaven and earth spiritual Qi around him gathered.

A spirit Qi vortex formed above Wei Lin's head.

“What a huge commotion.”

“It has gathered such abundant spiritual Qi of heaven and earth.”

“This is an ...”

All the pavilion elders were slightly shocked.

“Could it be that Wei Lin is about to break through?”

Feng Chenzi said in disbelief.

“I don't think so.”

Wu Changding said.

An hour later.

The strange phenomenon subsided.

The effect of the tier 1 gene strengthening liquid ended.

“Hu ~~ Hu ~ Hu ~”

After Wei Lin consolidated her cultivation, she let out a breath of turbid air and opened her eyes. A bright light flashed in her eyes, and she couldn't help but look happy.

Obviously.

He had a deep understanding of the heaven-defying effect of the Tier 1 gene strengthening liquid.

It could be said that ...

His strength had doubled.

"How do you feel?"

what's wrong? " Jiang Li asked.

"Your Majesty, my true essence and spiritual will have doubled from the original foundation. My strength has increased greatly, and there is no discomfort at all."

also, " Wei Lin replied, " I feel that my thinking has become faster. Some of the things I didn't understand in the past seem to have suddenly become clear.

"Not bad."

okay. Jiang Li nodded.

"thank you for your reward, your majesty."

Wei Lin bowed.

"yes."

there are level two, level three, and level four gene strengthening liquids above level one. As long as you can make enough contributions to the great Xia Dynasty, I won't be stingy with your rewards.

“Yes!”

wei lin nodded excitedly.

The Tier 1 gene strengthening fluid already had such a heaven-defying effect. Wei Lin couldn't imagine what kind of level the Tier 2,3, and even Tier 4 gene strengthening fluid would reach.

Thinking of this ...

Wei Lin's heart was also burning.

“All of you may leave.”

No. Jiang Li waved his hand. don't go near the Treasury without my permission.

“Yes.”

“We will take our leave.”

Wei Lin and Feng chenzi bowed to Jiang Li and then left the Wei Kingdom's Treasury.

“We can start now.”

Jiang Li took a deep breath with a smile on his face. He was naturally happy that he could get more than 80% of the resources from the Marquis of great Wei without any effort.

“Convert!”

Buzzzzzz!

Jiang Li put his right hand on the herbs and activated the conversion function. White light bloomed and it was quite dazzling.

A large number of medicinal herbs disappeared into thin air.

They were converted into energy points.

conversion successful. One billion energy points obtained!

.....

” conversion successful. you’ve received 1.2 billion energy points! ”

.....

Time passed.

Jiang Li converted all the herbs, spiritual herbs, and spiritual crystals as fast as he could. Notifications popped up one after another. He had obtained a lot of energy points.

Outside.

“hou wang, that medicine called ‘stage 1 gene strengthening liquid’, is its effect really that miraculous? Is there really no side effect at all?”

Wei Wuxian couldn’t help asking.

“yup,”

your combat strength has been directly doubled, and your aptitude and comprehension have also been improved. Most importantly, you're a top national Guardian level powerhouse at the perfected stage of Tier 4.

"If you want to increase your battle prowess, you'll need a fourth-grade pill at the very least."

"....."

In the surroundings.

The pavilion elders discussed among themselves.

"it's true,"

Wei Lin nodded and said with determination, " "This drug is called 'Tier 1 gene strengthening fluid', its effect is just so heaven defying."

"There's no mistake."

"Si si si ..."

All the pavilion elders gasped.

"unbelievable."

Feng chenzi sighed, " we've never heard of a 'medicine' before. It must be something unique to Emperor Xia. It's just a bottle of medicine, but it can change you so much. I can't imagine that Jiang Li still has other hidden cards and secrets that we don't know about.

"Marquis King, I'm glad that we didn't become enemies with the great Xia Dynasty."

“.....”

The pavilion elders were silent.

” his majesty wei zheng should not have been an enemy of great xia from the beginning. ”

Wu changding sighed.

Even Feng chenzi and the others were drooling over the ‘Tier 1 gene strengthening liquid’, but they knew that Jiang Li wouldn’t give it to them without making a contribution to the great Xia Dynasty.

so,

Unknowingly.

they began to think about how to make a great contribution.

half an hour later.

Jiang Li had already converted all the resources. The Marquis of great Wei’s resources were far more than Jiang Li had expected.

the converted energy points were three times that of the barbarian dynasty!

This time.

He had obtained a total of ‘320 billion and 12 million energy points’.

320 billion!

“Hahahahaha!”

haha. Jiang Li laughed. with so many energy points, I won't be afraid even if the Black Dragon barbarian kingdom, the sky Monster Kingdom, and the Shu Kingdom unite.

The door of the National Treasury was pushed open.

Jiang Li walked out.

“Your Majesty!”

Wei Lin and the others immediately saluted.

“Yes.”

jiang li nodded and said, ” “I should also go back.”

“We will see you off, Your Majesty.”

Wei Lin and the others followed.

Jiang Li left the Marquis king's palace and returned to the base of the No. 06 Army. Then, he went back to the imperial capital through the ‘wormhole tunnel’ of the teleportation station.

The Wei Kingdom's Treasury.

“This Suan ni, this Suan ni”

Wei Lin and the rest looked at the empty treasury and were dumbfounded. What about the things in the Treasury? How come they're all gone?”

“It must be the work of His Majesty, Emperor Xia.”

“How did His Majesty Emperor Xia do it?”

“Such a huge amount of resources disappeared in less than half an hour? What did Emperor Xia do?”

“.....”

Feng chenxi and the others were shocked and couldn't make a guess.

“be quiet.”

Wei Lin said in a deep voice, “this matter needs to be kept a secret. I think Emperor Xia would not want us to spread this secret. If we anger Emperor Xia, you should know what the consequences will be.

“I understand, I understand.”

“We know.”

“I won't say anything.”

Wei Wuxian and the other Pavilion elders nodded.

“Yes.”

At this moment.

Feng chenxi muttered to himself for a while, then suddenly said, “Marquis King Wei, I remember you previously saying that, aside from the imperial capital, there are eleven other Marquis's districts in the Grand Xia Dynasty.”

“At present, Emperor Xia has only conferred four titles of Marquis, so there are seven more Marquis Kings.”

“I think I can try and see if I can become the ‘Marquis King’.”

“.....”

Wu changding’s eyes lit up.
