

## Army 431

Chapter 431 Command token

Jiang Li walked out of the base and looked around. The old site of the black snake royal capital was in a mess. There were collapsed buildings and ruins around.

Weeds were already growing.

It was extremely abandoned.

Even ...

Jiang Li also saw snakes, insects, ants, and beasts in the dark ruins. There were also traces of fierce beasts, but no one was there.

The barbarians had also run away.

He estimated.

Except for the barbarians who had become slaves, most of the barbarians in the northern region of the Holy peace state had fled to the Black Dragon barbarian kingdom.

It was probably the same for the demon race.

However ...

However, no human refugees came to Jiang Li's capital. They probably all fled to the Shu Kingdom.

After all, compared to the newly risen great Xia Dynasty, the long-established Shu country could give them a greater sense of security.

Kachaa! Kachaa!

‘armor activate’.

Buzzzzzz!

Jiang Li was instantly covered in a layer of steel armor. He activated the ‘elite Dominator armor suit’ and energy flames appeared under his feet.

Jiang Li flew into the air.

In the blink of an eye.

he arrived at an altitude of 10000 meters and stood on a floating battleship in the middle. on the deck of this battleship, there were many stealth fighters and air fighters.

Shua! Shua!

Immediately.

the soul realm master, dts01, ynjsw01, myl01, and the other meches immediately followed jiang li.

“Master.”

” jiang li! ” xing wuke shouted and immediately flew up to catch up with jiang li.

“BOOM!”

After that.

A large number of transport planes appeared from the mech factory. The mechanical Army got on the transport planes, and the transport planes quickly took off.

At the same time.

There were also millions of transport planes arriving outside the city. Soul realm controllers, Mechanical Soul spiritmasters, soul power controllers, and soul manipulators left to control all the puppet Warriors to enter the cabin of the transport planes.

Half an hour later.

Everything was ready.

The mechanical Army and the puppet army all boarded the transport aircraft.

Shua! Shua!

The mech winged Air Force, mech Dragon cavalry, mech Wargod soldiers, and other mech Air Force units rose into the sky one after another. With the floating battleships as the center, they formed a line of defense.

The assembly was complete.

“Let’s go.”

stop! Jiang Li immediately shouted.

Wuwuwuwuwu!

The great Xia Army flew at full speed. Their speed was extremely fast, and the massive Army was like a dark cloud that covered the sky. In the blink of an eye, they had already left the black snake royal capital’s old location.

Full speed March.

The distance of several miles was covered in the blink of an eye.

Their target was the bright moon Yao nation.

On the other side.

Shu country.

King Shu Palace.

The news of the destruction of the human ghost clan in the misty forest reached King Shu's ears. This caused King Shu to be greatly shocked and even somewhat incredulous.

“What did you just say? The misty forest has been destroyed?”

King Shu was shocked. how is this possible? Although that old geezer in the misty forest isn't that strong, the 'spirit soul formation' is a rank 5 formation. In addition to the human-ghost's special ability, which can directly obliterate the souls of living beings, how could he have been destroyed?”

“what happened?”

One had to know.

The human-ghost clan in the misty forest had been free and unfettered for thousands of years. Although they had encountered disasters, they had never been exterminated. King Shu found it hard to believe.

In reality.

King Shu had even personally led an Army to battle the ‘human ghost clan’ in the misty forest. If he could exterminate the ‘human ghost clan’, he would also be rewarded from the ‘human martial immortal court’.

...

However ...

The king of Shu failed.

Moreover, they had suffered heavy losses.

Of course.

The human-ghost clan in the misty forest had also suffered many casualties. From then on, they had holed themselves up in the misty forest for several hundred years, and only recently did they make a move.

In fact, the human-ghost clan in the misty forest had destroyed the great Cang nation to take revenge on the king of Shu.

This was because the great Cang nation was a vassal state of the Shu nation.

The result was ...

Jiang Li! the ghost clan in the misty forest provoked Jiang Li this time. Because of the special fire seed, they were destroyed.

” your majesty, these are the traces of battle left behind in the misty forest. ”

Buzzzzzz!

...

MA Heng, an official of the state of Shu, took out a 'image preserving stone' that he had prepared earlier and injected his true Yuan into it. A clear projection appeared.

In the visual recording.

It was a huge, charred pit. These traces were caused by various artillery shells. It could be said to be very shocking.

"This is a Kasaya."

"The great Xia! It's the great Xia Dynasty!"

"Only the great Xia Dynasty's Army is capable of creating such traces of war."

"That's right."

"It's the great Xia Dynasty!"

The ministers of Shu country shouted.

"Great Xia!"

King Shu's pupils contracted and he was shocked. If it's really great Xia, it means that Jiang Li not only defeated the invasion of the Allied forces but also destroyed the misty forest."

that's the misty forest. The human ghost clan is not a small character. After thousands of years of accumulation, there are hundreds of millions of 'distorted ghostly shadows' in the misty forest.

where did Jiang Li get such powerful strength? "

” your majesty, according to our scouts, the sky demon kingdom and the black dragon barbarian kingdom have suddenly pulled back their battlefront in the past few days. they no longer act rashly, and there have been fewer conflicts. ”

MA Heng continued to report.

“Withdraw the battle line.”

King Shu pondered for a moment before his eyes suddenly widened. He shouted in shock, ” “Not good!”

“i’m afraid those two old things want to go into seclusion to break through to the sixth step!”

King Shu was shocked.

“What?”

“Break through to the sixth step?”

“This bi an ...”

The officials of the Shu state also exclaimed.

Your Majesty, that’s not possible. It’s not that easy to break through to the sixth step.

“yup,”

“I feel that the Black Dragon King and the sky Demon King might be plotting something.”

The ministers all said.

“Of course it was impossible in the past,”

The king of Shu took a deep breath to calm himself down and said in a deep voice,  
” ” but it’s different now. the black dragon king has swallowed all the barbarian  
dynasties, and the territory of the black dragon barbarian kingdom has more than  
doubled. ”

the Black Dragon barbarian Kingdom’s National fortune has greatly increased. The  
Black Dragon King will definitely benefit from it. It’s not impossible for him to  
break through to the sixth rank.

“It’s the same,”

“It’s the same for the sky Demon King.”

” if the black dragon king and the sky demon king break through to level six, then  
things will be bad. ”

There was silence.

The king of Shu fell silent.

He felt very heavy.

within the palace.

the ministers of shu country also fell silent. it was so quiet that even a pin drop  
could be heard. the ministers of shu country felt as if there was a huge stone  
pressing on their hearts.

He couldn’t breathe.

shua!

The king of Shu closed his eyes.

His consciousness connected to the ‘young dragon ranking-holy peace state’. King Shu could no longer see the names of the sky Monster Kingdom and the Black Dragon barbarian kingdom.

Obviously.

The Fortune of the Black Dragon barbarian kingdom and the sky demon Kingdom had already surpassed the Shu Kingdom.

It was very likely that he had entered the top 20.

“As expected,”

King Shu’s mood became even heavier. He looked down and saw the ranking of the great Xia Dynasty. During this period of time, the ranking of the great Xia Dynasty had not changed.

“Jiang Li!”

The king of Shu said in a deep voice.

Soon after.

King Shu’s consciousness returned and he opened his eyes.

if it wasn’t for the great Xia Dynasty, the Shu state would definitely be able to unite all the human dynasties in the northern region of the Saint peace state. The fate of the country would also increase greatly.

“his majesty also has a chance to break through to the sixth step.”

“Detestable!”

The ministers berated.

“all ministers, hear my order.”

Finally ...

king shu made his decision. he stood up directly, and a dragon’s roar seemed to come out of his body. his power was vast and suppressed the entire king shu palace.

All the officials of Shu country knelt down.

the heavenly Demon King and the Black Dragon King are planning to break through to level six.

“I will not let them succeed. This time, I will take the initiative to start a war and attack the Black Dragon barbarian kingdom,” King Shu said in a deep voice.

“MA Heng,”

The king of Shu scolded.

“Your subject is here.”

MA Heng kowtowed.

I order you to head to the great Xia Dynasty immediately and tell Emperor Xia Jiang Li that the heavenly Demon King and the Black Dragon King are about to break through to level six. There must be no mistake.

the king of shu ordered.

“This Minister will obey.”

MA Heng agreed.

“Go on.”

King Shu waved his hand.

“Yes.”

MA Heng stood up and quickly left the Shu King Hall.

Roar!

Immediately after.

There was the roar of a flood Dragon.

A thousand-meter long three-clawed white flood Dragon appeared out of thin air.

Shua!

MA Heng leaped up and stood on the three-clawed white flood dragon's head. Like a bolt of White Lightning, he disappeared into the sky and rushed towards the great Xia Dynasty at full speed.

Obviously.

MA Heng was a Marquis King in the Shu country.

“Feilian.”

The king of Shu shouted.

“Your subject is here.”

Among the ministers.

It was a thin middle-aged man with a delicate face who kowtowed to the king of Shu.

Shua!

King Shu waved his right hand, and a stream of light flew out and landed in the hand of the middle-aged man named Feilian. Upon a closer look, one would see that it was half a token.

There was a ‘wood’ character on the token.

If only Jiang Li was here.

He would discover.

Jiang Li also had the half token that King Shu gave Fei Lian. He got it from King gan’s private treasure vault when he destroyed the Dagan dynasty.

“Take this half token and make a trip to The Endless Forest.”

The king of Shu looked towards the Northwest as if he was lost in his memories. He thought of all the things that had happened in the past, but he soon came back to his senses.

“Yes, sir.”

Fei Lian kept the half token and did not ask any further.

Soon after.

Fei Lian left.

He also summoned a three-clawed white flood Dragon and rode it away.

Time passed.

Half a day later.

Outside the capital of King Shu.

BOOM! BOOM! BOOM!

The ground shook.

In all directions.

With the king of Shu as the center, the armies of the Marquises of counties of the country of Shu gathered rapidly in the sky above each of the huge armies.

Both of them had a Marquis King of the Shu country who was riding a three-clawed white flood Dragon.

Not long after.

The Army gathered together.

Roar! Roar!

The flood Dragon's Roar resounded throughout the entire capital of the king of Shu.

BOOM!

the next moment.

The power of the true dragon of National fate surged from the deepest part of the capital of the king of Shu. In the position of the king of Shu, an extremely dazzling white light bloomed, like a scorching sun slowly rising.

“roar!”

An earth-shattering Dragon’s Roar.

In the dazzling white light.

A lifelike three-clawed White Dragon with a monstrous aura and a vast Dragon’s might slowly appeared. It first flicked out its huge dragon head that was like an ancient sacred mountain.

King Shu stood on the dragon’s head with his hands behind his back.

The three-clawed White Dragon had yet to reveal its full body.

In the surroundings.

The three-clawed white dragons lowered their heads and saluted the three-clawed White Dragon in the sky like stars surrounding the moon.

“Your subjects pay their respects to Your Majesty!”

The Kings of the Shu country kowtowed at the same time. They spoke in a respectful tone.

It was almost evening.

At the border between the great Xia Dynasty and the bright moon Yao nation.

“BOOM!”

In the sky.

The great Xia Army had finally arrived.

Shua! Shua!

Immediately.

Wei Lin, Feng chenzi, and the others who were stationed here came to welcome them.

His figure broke through the air and stood ten thousand meters in the air.

“Your subjects respectfully welcome Your Majesty!”

Wei Lin and the others bowed at the same time.

he looked at the seemingly endless great xia army, the huge steel floating battleships, and the various types of soldiers flying in the air.

His expression became more and more respectful.

“Yes.”

Jiang Li flew over from the center of the Army and appeared in front of Wei Lin and the others.

“How’s the situation in the Haoyue Yao Kingdom?”

Jiang Li asked.

“Your Majesty, the bright moon Yao nation has been very peaceful recently.”

Wei Lin replied.

“.....”

Jiang Li looked at the bright moon Yao Kingdom.

“alright,” he said.

Jiang Li didn’t ask anymore.

Furthermore ...

He didn’t need to ask anything else.

“Let’s go.”

Immediately.

let’s go. Jiang Li waved his hand and didn’t talk much with Wei Lin and the others. Instead, he ordered the great Xia Army to set off immediately and fly towards the bright moon Yao Kingdom.

“Rumble!”

There was a huge commotion.

Very quickly.

The great Xia Army had already entered the territory of the bright moon Yao nation.

After that.

The Yao soldiers stationed at the borders of the bright moon Yao nation discovered the 'great Xia Army'. They became alert and quickly sounded the alarm.

the demon army gathered.

“Attack!”

BOOM! boom! BOOM!

However ...

The demon Army had just finished assembling.

The next moment.

The cannons of the floating battleships fired at the same time. Millions of cannonballs rose into the air and landed on the demon Army below.

What welcomed the bright moon Yao nation's border Army was the heavy bombardment of the great Xia Army.

in an instant.

The Army formation was torn apart.

The sound of the explosion reverberated in all directions.

The ground was blasted into huge pits.

The bright moon Yao Kingdom's border cities were easily destroyed.

the city wall collapsed.

One by one, the buildings were reduced to ruins under the bombardment.

The flames soared to the sky.

the pungent smell of smoke filled the air.

“Ah!”

The screams of countless demon soldiers sounded.

...

One by one, the demon soldiers were blasted to death, their bodies torn apart. They had no way of defending against the bombardment of the battleships.

It could be said that ...

With just a round of bombardment from the floating battleship fleet, the demon Army at the border of the bright moon Demon Kingdom was annihilated.

Hundreds of thousands of demon soldiers had died.

From the beginning to the end.

It had only been a few minutes.

“si si si ...”

“He’s too strong.”

“Is this the terrifying strength of the great Xia Army? The Yao Army that was stationed at the borders of the Hao Yue Yao Kingdom was actually annihilated by a single wave of attacks.”

“Truly terrifying.”

“Yup!”

...

In the distance.

wei lin and the others looked over and clearly saw the battle situation. they were extremely shocked by the terrifying combat strength that the great xia army had displayed.

He was simply invincible.

“Let’s continue.”

go. Jiang Li waved his hand indifferently.

It could be said that ...

This was how powerful the combat strength of the great Xia Army was.

The hundreds of thousands of demon soldiers were a small dish.

“Rumble!”

let's go! after taking care of the border guards of the bright moon Yao Kingdom, the great Xia Army carried out Jiang Li's order and flew over the border County of the bright moon Yao Kingdom as fast as they could.

The Army's route led straight to the sky demon Kingdom's capital, and they would pass by the bright moon Demon Kingdom's capital along the way.

Gradually.

The great Xia Army disappeared from Wei Lin and the others 'sight.

“The great Xia Army has already entered Marchioness Haoyue's territory.”

Wu changding said.

in reality.

The bright moon Fey Kingdom was no longer a Fey dynasty. The skyfey Kingdom had annexed the bright moon Fey Kingdom, and the bright moon Fey Kingdom was now Marquis bright moon of the skyfey Kingdom.

The bright moon Fey Kingdom's Fey King had also become a Marquis King of the skyfey Kingdom.

“Yes.”

Feng chenzi nodded his head as he slowly said, I wonder if His Majesty Emperor Xia will be able to return in victory. Even though the combat strength of the great Xia Army is very strong and their war weapons are very sharp, the sky demon Kingdom is still a Marquis Kingdom. Furthermore, they have already annexed all the demon dynasties.

“He’s become even stronger.”

moreover, His Majesty’s Army has a major weakness, which is that they are unable to set up a ‘military formation’. Those war weapons are also restrained by the ‘military formation’.

“Indeed,”

Wei Lin nodded and said in a deep voice, ” it’s a pity that His Majesty Emperor Xia didn’t let us go with him. Otherwise, our great Wei’s Army would also be able to contribute.

His Majesty Emperor Xia gave us the task of protecting the great Xia Dynasty.

“I hope your Majesty can return in victory.”

In the surroundings.

Wei Wuxian and the other Pavilion elders muttered.

It could be said that ...

they were now bound to the xia dynasty. if jiang li was defeated, they wouldn’t have a good end either unless they went to the shu kingdom.

the night came.

the great xia army advanced towards the sky demon kingdom’s capital.

During this period.

They encountered several demon soldiers in Marquis Haoyue’s territory, but they were all easily taken care of by the great Xia Army. After a few rounds of bombardment, they were all killed.

He had harvested a lot of soul Tinders.

On the other side.

The king of Shu personally led the Shu nation's Army and set off from the westernmost Xiling County of the Shu nation. The Army arranged a Grade 4 marching formation and crossed the mountains, heading for the Black Dragon barbarian kingdom.

This time.

The king of Shu had obviously sent out most of the Shu country's military force. The vast and mighty army of the Shu country was like a long Dragon that could not be seen, marching through the jungle and grassland.

it was extremely fast.

The speed of the stage 4 army formation was not much slower than the flying speed of the great Xia Army.

However, it was not as convenient as flying.

In reality.

Jiang Li didn't know that King Shu had sent troops and was preparing to attack the Black Dragon barbarian kingdom. He even sent Messenger MA Heng to inform him.

Of course.

King Shu didn't tell Jiang Li about the sky Demon King and the Black Dragon King. He just wanted Jiang Li to send out his troops.

The reason was simple.

According to King Shu's thoughts.

If the heavenly Demon King and the Black Dragon King had really broken through to Level 6, it would be a 'disaster' for both the Shu nation and the great Xia Dynasty.

so,

He had to stop the sky Demon King and the Black Dragon King from breaking through.

However ...

The king of Shu didn't know.

jiang li already had four level-six soul realm controllers under his command. one of them had even reached the mid-stage of level six.

so,

Even if the sky Demon King and the Black Dragon King did break through, they wouldn't be Jiang Li's match.

The night came.

Marquis Haoyue's capital.

It was about ten kilometers away.

10,000 meters up in the sky.

The great Xia Army had already arrived.

Along the way, the great Xia Army had pushed through everything. The demon Army within Marquis Haoyue's territory simply couldn't stop the great Xia Army.

” the soul realm controller has sent out a puppet army. ”

jiang li wanted to have the mech army bombard the city, but he thought it was unnecessary to waste ammunition. after all, it would cost energy points to refill the ammunition.

Hence.

Jiang Li thought of the puppet army.

Just nice.

He would be able to witness the strength of the puppet army.

“Yes.”

Shua!

the soul realm controllers followed jiang li's orders.

Boom! Boom! Boom!

First of all ...

The aircraft landed on the ground and the cabin opened. Under the control of the soul realm controllers, the puppet Warriors rushed out of the cabin.

In reality.

This time, only ten soul manipulators and two Soul Controllers were dispatched.

The mechanical Soul spiritualist and soul realm controller did not make a move.

Because there was no need.

“Attack!”

in an instant.

Two Soul Controllers controlled more than twenty million puppet Warriors, while ten soul manipulators controlled more than ten million puppet Warriors. They formed a huge puppet army and charged towards Marquis Haoyue.

The ground shook.

“Kill!”

The battle cries of the puppet Warriors shook the heavens and the earth.

a great battle had erupted.

However ...

the fierce resistance jiang li expected didn't happen. the army of more than 30 million puppet warriors easily broke through the city.

The city walls of the Marquis capital had collapsed.

“Ah!”

A miserable scream rang out.

On the city wall.

Only a small number of demon soldiers were guarding it.

Furthermore ...

Most of them were old, weak, sick, or disabled.

He did not see any elite demon soldiers.

“Empty Fort Strategy?”

Jiang Li looked down at the city.

Obviously.

jiang li was overthinking.

This wasn't an empty city Strategy at all.

He was clearly running away in fear.

Obviously.

Marquis Haoyue was immediately frightened when he learned that the great Xia Army was attacking. He didn't even think about fighting with them.

After packing up.

he had directly led the demon army of marquis haoyue away.

He left Marchioness Hao Yue.

On the surface, they claimed that they were going to the SkyDemon Monarch Capital to report the news of the great Xia Army's attack. In reality, they were afraid of death and wanted to seek the protection of the SkyDemon monarch.

In the capital.

Most of the demons had already moved away.

The city was empty.

Only a small number of demons were left.

This time.

jiang li didn't kill the monsters.

One had to know.

If Jiang Li could successfully unify the northern region of the Saint peace state and establish a huge human dynasty, all the barbarians and monsters in the northern region of the Saint peace state would be ruled by him.

At that time.

These barbarians and monsters would also be part of Jiang Li's rule.

It would be a waste of resources to kill them all.

Creatures below stage one couldn't drop the soul Tinder.

Half an hour later.

Jiang Li asked the meches to search the city, but they didn't get many resources. Hao Yue took most of the precious resources.

however ...

After all of them were converted.

Jiang Li still got two billion energy points.

“Full speed ahead.”

maybe, ” Jiang Li said. I might be able to catch up with Haoyue.

“Yes!”

“Rumble!”

The great Xia Army was flying at full speed.

He left the luminous moon marquisate.

On the other side.

The bright moon Legion had long since left Marquis Haoyue's capital and arrived at the border. They would soon enter Marchioness spirit moon's territory.

Speaking of this.

After lingyue's death, the new Marchioness spirit moon, 'Yue Tianqing', took the throne and became the new Marchioness spirit moon. Haoyue and Yue Tianqing had crossed paths before.

Yue Tianqing wasn't weak.

Tier 4 perfection.

In addition, there was the boost from the Dragon of National fortune.

His strength was almost at the peak of the fourth step.

Of course.

He was still a little lacking compared to Ling Yue.

“I’ll be able to enter Marchioness spirit moon soon.”

haoyue’s heart was still filled with lingering fear. he would occasionally turn his head to take a few glances, and his heart was filled with the joy of surviving a disaster, ” that was the great xia army. they easily destroyed the 20 million demon soldiers led by lingyue. ”

he also forced back the Allied forces.

“Such terrifying strength. If I were to face him, my five million demon soldiers would not be enough to fill the gaps between his teeth.”

“If we don’t run, we’ll be courting death.”

“No,”

Haoyue still felt that the danger had yet to pass,”all troops, listen up. Increase the speed of the March. We must reach Marchioness spirit moon’s capital before daybreak.””Yes.”

“Marquis Wang, this is already the fastest we can go.”

five Stage 3 Army formations, that’s the fastest we can deploy.

“Yup!”

the commanders said.

“Rumble!”

At this moment.

haoyue faintly heard a deep rumbling sound, and couldn't help but turn his head to look at the distant sky. what entered his sight was the vast, dark cloud-like army of great xia.

It covered the sky and the sun.

it was as if it was blocking a part of the starry sky.

great gan's great Xia Army!!!

haoyue's pupils contracted, and his voice trembled.

Chapter 433 Capture

In the center of the great Xia Army.

on the bow deck of a floating warship in the middle.

jiang li stood there.

“oh.”

I've caught up with the bright moon Legion. Jiang Li saw the bright moon Legion marching ahead. He smiled. I've caught up with the bright moon Legion.

One had to know.

The flying speed of the great Xia Army was even slightly faster than a stage 4 army formation, let alone a Stage 3 army formation.

The bright moon Legion was travelling in a Tier 3 military formation. Compared to the flying speed of the great Xia Army, they were too slow. It was only a matter of time before they were caught up.

"No! No!"

Haoyue was completely terrified. Looking at the approaching great Xia Army, his body and mind were already filled with fear,"how could this be?" How did this happen?"

I've already run for half a day. How can they still catch up to me? "

"we're finished! We're really done for this time!"

"Attack!"

test the combat power of the puppet army. Jiang Li ordered.

the distance between the two armies rapidly closed.

the transport plane landed.

An Army of more than thirty million puppets was formed by Soul Controllers and soul manipulators, which was more than six times the number of the bright moon Legion.

“Kill!”

“BOOM!”

the ground shook.

The thirty-million puppet army charged forward, roaring like thunder under the control of the soul masters and soul manipulators.

they attacked the bright moon yao kingdom.

“Puppet warrior!”

they are all puppet Warriors!

“Puppeteers! The puppeteers of the human race!”

“.....”

Obviously.

Compared to the meches ...

The characteristics of the puppet Warriors were too obvious.

Haoyue’s group immediately recognized the puppet warrior’s identity.

However ...

what was the use of seeing through it?

In the face of an Army of more than thirty million puppets, they could only feel helpless and in despair. Moreover, they could not control soul power, so it was impossible for them to isolate and block the control and manipulation of soul power controllers and soul manipulators.

“Ah!”

boom! BOOM! BOOM!

“pfft!”

Finally ...

The puppet army and the bright moon Army fought against each other. The bright moon Army immediately activated the stage 3 battle formation, forming a suppression and suppressing the strength of the puppet Warriors.

“Roar!”

The beasts in the battle formation roared, and they had extremely destructive power.

The two armies clashed.

Immediately, some puppet Warriors were hacked to death, and a large number of demon soldiers were also killed by the puppet Warriors. The ferocious beasts of the battle formation had destroyed many puppet Warriors.

It caused a large number of casualties.

very quickly.

Shua! Shua!

A dozen type 4 puppet Warriors made their move and attacked the battle-type beasts.

“Flood Dragon Seal!”

BOOM!

“Roar!”

A thousand-meter long flood Dragon of National aura appeared. Haoyue used the martial arts of National aura, and with the blessing of the power of National aura, his strength greatly increased. He used a seal technique to force the puppet Warriors back.

“Green Dragon absolute kill seal!”

Buzzzzzz!

kill seal! Jiang Li made a hand seal and performed a complete level martial art. With Jiang Li’s current cultivation and strength, even if he only made a ‘kill seal’, it was still extremely powerful.

...

Bang!

The Green Dragon shadows intertwined and condensed into a ‘killing seal’. The killing seal ‘streaked across the sky and directly shattered Haoyue’s flood Dragon Seal. It was like a huge rock smashing into tofu, directly causing it to be destroyed.

“ah!”

ah! Haoyue screamed and spat out blood. He was severely injured. He looked at Jiang Li in fear and felt the power of the country’s fate. He shouted in fear, ”  
“You’re Qianqian, you’re Emperor Xia! You are Jiang Li, the Emperor of Xia!”

“You guessed it right, so you’ll be rewarded with death.”

“Roar!”

Green Dragon Seal! Jiang Li used the Green Dragon Seal and the Green Dragon-shaped seal flew through the air.

Bang!

After that.

Haoyue’s chest was pierced through by the Azure Dragon-shaped mark.

He died immediately.

...

with my current strength, I’m basically invincible at the 4th rank.

I’m almost invincible below level five, ” Jiang Li thought. even if I’m up against an ordinary early-stage level five, with the help of the National aura true dragon and the National aura Saint weapon, I can still fight against them.

“Roar!”

at this moment.

The flood Dragon of National fortune on Haoyue’s body let out a sorrowful roar.

“Devour!”

immediately.

Azure Dragon technique. Jiang Li activated the Azure Dragon technique of the Xia Dynasty. The Azure Dragon of the nation's fortune appeared. It opened its bloody mouth and emitted a terrifying suction force that enveloped the dragon of the sky demon Kingdom.

It was directly devoured.

Easily refined.

the country's fate had increased, but it was not too obvious.

Shua!

The Azure Dragon turned into a ray of Azure light and returned to Jiang Li's body.

he has only devoured a flood Dragon of the SkyDemon Kingdom. The power of the Kingdom's fate contained within it is ordinary. It did not bring much improvement to the Azure Dragon of the great Xia.

I see. Jiang Li carefully felt the changes in the Azure Dragon. as expected, I have to devour the true dragon of the SkyDemon Kingdom. That's the only way to make the great Xia Dynasty's fortune rise.

“When the time comes, I'll be able to upgrade the ‘great Xia Azure Dragon technique’ once again and make it a fifth-rank cultivation technique. That way, I'll also be able to break through to the fifth-rank.”

Haoyue fell.

The type 3 formations were also destroyed by the type 4 puppet Warriors.

Without the suppression of the Army formation.

The bright moon Legion's defeat was even faster.

Very quickly.

the thirty million puppet army formed an encirclement.

Half an hour later.

the bright moon legion was completely annihilated by the puppet legion.

All five million demon soldiers were killed.

Corpses were everywhere.

At the same time.

They had also lost more than a million puppet Warriors.

Of course.

most of the losses were from the inferior puppet warriors.

the puppet warriors that died again could not be used anymore, because their corpses would turn into ashes, and those ashes would have no use.

However ...

Although they had lost over a million golems, they had gained five million more corpses. They could use these five million corpses to create golems.

“Let’s start.”

go! Jiang Li ordered.

“Yes.”

The soul realm master made his move.

“Soul realm!”

“Whoosh!!!”

The soul realm master waved his right hand.

In an instant.

With the soul realm controller as the center, a black light curtain expanded outward rapidly. It expanded very quickly, only taking a few seconds.

It had already covered a radius of a million meters.

Obviously.

This was a huge area.

An early-stage rank 6 soul realm master could create a ‘soul realm’ with a radius of a million meters. Within the range of the ‘soul realm’, a soul realm master was almost invincible.

Of course.

This invincibility was only relative.

the soul realm’s controller’s abilities would be greatly improved.

“Puppet creation.”

Buzzzzzz!

The soul realm master released his skill once again. A vast amount of Mechanical Soul energy gushed out like an endless mist, spreading out and covering the entire battlefield.

Kachaa! Kachaa!

On the ground.

The corpses stood up and were refined by the soul power, turning into zombie-like puppet Warriors.

Half an hour later.

The production was completed.

Jiang Li had five million more puppet Warriors.

“Very good,” he said.

jiang li looked at the newly-made puppet warriors and nodded in satisfaction. ” the others have fewer and fewer soldiers, but i have more and more. ”

“Let’s continue.”

let’s go! Jiang Li waved his hand and gave the order.

A few minutes later.

The great Xia Army had entered Marchioness spirit moon’s territory.

Not long after.

They encountered the demon soldiers of Marchioness spirit moon's County and were indeed annihilated by the great Xia Army. They easily took down a Demon City.

In reality.

Only Jiang Li's mech Army could fight like this without having to worry about logistics because the meches weren't real creatures. They wouldn't feel tired because of physical and mental exhaustion.

He didn't need to eat.

Of course.

Whether it was the Barbarian race, the demon race, or the human race.

They all had pills like 'military grain pills'.

The production of this pill was simple. It was to concentrate the essence of food into a pill, and eating one was equivalent to a day's consumption of a soldier.

moreover, it was small and easy to carry around.

Except for the 'military grain pills'.

There were also higher grade 'supplementary pills', 'fasting pills', and so on.

these were all necessary military resources for a long war.

at noon the next day.

Marchioness spirit moon's capital.

jiang li's great xia army had arrived.

At the same time.

The SkyDemon capital.

no matter how slow the sky demon kingdom's intelligence system was, the higher-ups of the sky demon kingdom had already received the report from the front lines and knew that the great xia army had launched an attack on the sky demon kingdom.

Furthermore ...

They had already reached Marchioness spirit moon.

in reality.

This morning.

The sky demon Kingdom's upper echelons received the news. However, they wanted to contact the sky Demon King, but he was in seclusion. They couldn't contact him, which delayed them until noon.

SkyDemon Palace.

Within the palace.

the sky fey kingdom's high ranking officials were gathered here.

Other than that.

There were also Marquis Kings.

“His Majesty, the sky Demon King, has ordered that during his Majesty’s absence, the various sky demons of the sky demon Pavilion will discuss and make the final decision.”

At this moment.

the one who spoke was a white-haired old man of the heavenly monster tribe.

His name was Tian moqing.

In reality.

Although Tian moqing didn’t hold a position in the sky demon Kingdom, he was the second perfected level five sky demon in the sky demon Kingdom, apart from the sky Demon King.

Furthermore ...

they lived the longest.

He did not cultivate a cultivation technique that carried the nation’s fate. He did not even become a marquessate of the heaven Fey Kingdom, nor did he draw on the power of the nation’s fate.

Even ...

There were also rumors that Tian moqing had been alive when the ‘Northern Territory dynasty’ was still around, and he had experienced the turmoil of the ‘Northern Territory dynasty’s destruction, so he could be considered’ knowledgeable’.

Unfortunately ...

He had lived for so long.

Tian moqing had also not been able to touch the realm of the sixth step.

elder Tian, I think that we must immediately dispatch the Army to stop the invasion of the great Xia Army. We should also dispatch all our forces to destroy this great Xia Army.

“That’s right.”

“We have to send out our troops as soon as possible.”

“Otherwise, the losses would be even more severe.”

“The last time we invaded the great Xia Dynasty, we lost twenty million demon soldiers. This time, we must avenge the deaths of our demon soldiers.”

the great Xia Dynasty is too bold. They actually dare to invade our sky demon Kingdom.

“We can’t let him go!”

“.....”

All the sky Yao spoke up.

“Of course we have to send troops.”

tian moqing pondered for a while and said, ” however, it will take some time to gather all the military forces in the country. His Majesty is in seclusion right now.

“In that case, I think we should give up on ‘Marchioness spirit moon’ first and send out our Scouts to confirm the route of the great Xia Army. After gathering all the troops in the country, we can ambush the great Xia Army and form an encirclement

to prevent them from retreating. We can then destroy the great Xia Army in one fell swoop.”

The one who spoke was another level five sky Yao.

his name was yao xiao qing.

Not only was he a Marquis King with real power in the sky demon Kingdom, but he was also the commander of the Imperial Army. It could be said that he was one of the sky demon monarch’s most trusted confidants.

#### Chapter 434 Arrogant

The sun was shining brightly.

Marchioness spirit moon’s capital.

Tens of thousands of meters high in the sky, tens of miles away.

jiang li’s army had arrived.

It was like dark clouds blocking a part of the sky, and then projected a vast shadow on the ground, with a murderous aura.

Jiang Li stood on the deck of the warship and looked at Marchioness lingyue.

On the thick and tall city wall.

They stood in the dense demon Army.

There were many of them.

Outside the city.

They were huge mechanical war chariots.

In the air.

Over a million demon soldiers in the air had gathered together.

Obviously.

‘Yue Tianqing’ didn’t run away. Instead, he gathered all of Marchioness spirit moon’s forces and was going to fight Jiang Li’s great Xia Army.

marchioness spirit moon’s province.

There were tens of millions of demon soldiers.

“You didn’t run away. Your courage is commendable.”

Jiang Li said with a smile.

“Roar!”

It was the roar of the dragon of National fortune.

In the sky above the Marquis capital.

A 1,000-meter-long flood Dragon of National aura appeared. Yue Tianqing stood on the head of the flood Dragon, wearing a green armor and holding two Crescent blades in his hands.

His eyes were cold and his fighting spirit was high.

he looked at the great xia army that was more than ten miles away.

“the grand xia army.”

you dare to invade the sky Fey Kingdom? you are overestimating your capabilities. Let me give you a piece of advice. If you don't want to die, leave immediately.

“Otherwise, I'll definitely annihilate all of you.”

“You're quite arrogant.”

Jiang Li looked at Yue Tianqing indifferently, waved his right hand, and shouted, ”  
“Attack!”

“Yes!”

BOOM! boom! BOOM!

in an instant.

Countless cannonballs rose into the sky as the ship's cannons fired, forming a sky full of cannonballs that bombarded Marchioness spirit moon's capital.

It was extremely gorgeous.

“Small tricks.”

Yue Tianqing snorted and rebuked in disdain, ” Emperor Xia, Jiang Li, we already know how your Army will attack.

I can't deny that your war weapon is indeed powerful. Not only is it powerful, but it also has a wide coverage, which is extremely suitable for war.

“But,”

your Army’s biggest weakness is that it can’t set up an army formation.

“Set up the formation!”

“roar!”

As soon as he finished speaking.

in an instant.

A Grade 4 army formation was set up.

a vast amount of military killing intent gathered, gathering the surrounding spiritual energy.

A 10,000-meter-long Army beast appeared.

It was a huge black Tortoise.

Bang Bang Bang Bang!

an explosion sounded.

the black tortoise soared into the sky, and the formation of light and fog filled the sky. it enveloped almost half of the marquisate city and blocked the bombardment of the naval cannons.

in the sky above marchioness spirit moon’s capital.

A large number of cannonballs exploded, like energy fireworks.

...

It was extremely dazzling.

“Hahahahaha!”

Yue Tianqing laughed.

“you don’t know your place.”

no! Jiang Li shook his head and shouted, ” soul realm controller!

“Yes.”

Buzzzzzz!

his mechanical soul energy emerged.

One of the soul realm controllers took a step forward and crossed the void at an extremely fast speed. Like a black stream of light, he appeared in the sky above Marquis spirit moon’s capital in the blink of an eye.

“What?”

Yue Tianqing looked up.

...

“Soul realm!”

The soul realm master opened his arms.

Shua!

In an instant.

His vast soul realm expanded rapidly and covered an area of a million meters in the blink of an eye, almost covering half of the battlefield.

“what is this?”

“he’s ...”

On the battlefield.

The demon soldiers looked at this scene in astonishment.

“Exterminate!”

After that.

The soul realm master slowly raised his right hand, opened his fingers, and aimed at the 10000-meter long black Tortoise. Then, he clenched his fist.

Bang!

An explosion sounded.

In the air.

A huge black palm condensed from vast Mechanical Soul energy appeared out of thin air. Under the demon soldiers ‘gazes, it crushed the Black Tortoise.

It was like crushing an ant.

“Ah!”

Bang Bang Bang Bang!

the demon soldiers screamed.

The stage 4 army formation shattered.

“This Suan ni, this Suan ni”

yue tianqing’s face turned pale as he looked at the figure in the air in horror. it was as if his blood had frozen, and a bone-piercing chill ran from his feet to his head.

He was scared silly.

BOOM! BOOM! BOOM!

The next moment.

the sky was filled with artillery shells that fell into the marquissate spirit moon city. the power of the explosions tore everything apart, and thousands of missiles exploded in the midst of the demon army.

Small mushroom clouds rose into the sky.

“Ah!”

Countless demon soldiers screamed as their bodies were blown to pieces.

shua!

The sky-blue sword light flashed.

“Pfft!”

Blood splattered everywhere.

DTS01 swung his sword across the sky and cut off Yue Tianqing’s head.

He died immediately.

Yue Tianqing couldn’t even react.

Jiang Li didn’t even need to fight in person.

Bang!

Yue Tianqing’s head fell to the ground, and his face was still filled with shock and fear. It was clear how terrified he had been before he died.

BOOM!

One of the cannonballs landed and exploded, blowing Yue Tianqing’s head into pieces.

Obviously.

Yue Tianqing was too arrogant and underestimated Jiang Li’s mech Army. He thought that he could fight against Jiang Li’s great Xia Army with a level-four battle formation.

In other words.

It was blind arrogance.

“Attack!”

“Kill!”

Immediately after.

The puppet army and the mechanical Army immediately charged into the Marquis spirit moon’s capital and surrounded the entire place.

Pfft! Pfft! Pfft!

blood splattered everywhere.

The battlefield was in chaos. A large number of demon soldiers were being slaughtered. The tens of millions of demon soldiers were unable to resist the siege of the tens of millions of puppets and mechanical Army.

“Devour!”

Roar!

The Azure Dragon of great Xia appeared and devoured Yue Tianqing’s Dragon.

It strengthened the country’s fate.

Time passed.

Jiang Li’s great Xia Army annihilated the demon soldiers of Marquis lingyue’s city. The city wall was covered in demon soldiers ‘bodies.

The air was filled with the pungent and thick smell of blood.

“Soul realm!”

Wuwuwuwuwu!

the four soul realm controllers attacked at the same time.

The four soul realms overlapped and covered more than half of the battlefield.

“Puppet creation!”

The skill was released.

A vast amount of Mechanical Soul energy gushed out and fused with the demon corpses on the ground, creating puppet Warriors. The corpses stood up one after another.

“All troops, hear my order! Search the entire city immediately!”

go! Jiang Li ordered.

“Yes.”

The meches scattered and started to collect resources.

It could be said that he had dug three feet deep.

On the other side.

The imperial capital of the Grand Xia.

The ‘Messenger’ of the Shu state, MA Heng, arrived on a three-clawed flood Dragon. He appeared outside the imperial capital of the great Xia and entered it to meet with Xu Ya, Hong Tianqi, and the others.

In the Minister's mansion.

"I Am the Messenger of Shu state, MA Heng. I have something important to tell Emperor Xia."

MA Heng cupped his hands at Xu Ya and the others.

he's the envoy of the Shu country!

han liqi was shocked.

"This bi an ..."

Hong Tianqi and the others looked at each other in awe.

After all, the name of Shu country was too famous.

They did not expect that the Shu state would actually send an envoy to the great Xia Dynasty. Most importantly, Emperor Xia was not in the capital and the great Xia Army had been taken away by His Majesty.

"Emissary MA, it's not that we don't want to report this, but His Majesty is not in the capital at the moment."

Hong Tianqi said.

"Yup,"

"i'm really sorry."

wu zong, pang kui and the others nodded.

"....."

MA Heng frowned. may I ask where His Majesty, Emperor Xia, is now? ”

“Please forgive us for not being able to tell you.”

xu ya said in a deep voice.

everyone, what I’m about to say is very important. It even concerns the life and death of the entire human race in the northern region of the Holy peace state. If you can contact Emperor Xia, please inform him.

MA Heng said.

“How about this, emissary MA? why don’t you tell us the news and we’ll pass it on to His Majesty? what do you think?”

Xu Ya suggested.

“.....”

MA Heng pondered for a while and nodded. that’s good.

you should know that the Black Dragon barbarian kingdom and the SkyDemon Kingdom have been very calm recently, and they have even pulled back their Battlefront. However, in fact, His Majesty King of Shu deduced that they are secretly cultivating in seclusion, trying to break through to level six.

“If the Black Dragon King and the heavenly Demon King break through to level six, then the humans in the northern region of Saint peace state will be in a precarious situation,” MA Heng said.

” therefore, no matter what, we must stop the black dragon king and the sky demon king from breaking through. ”

“At all costs.”

“Six-pixed-six pixed-six”

“How is this Yingluo possible?”

“It can’t be.”

the heaven Demon King and the Black Dragon King can break through to level six? ”

“!!!”

Shocking!

Xu Ya and the others were extremely shocked.

One had to know.

Their cultivations were only at level three, and they had taken a lot of precious pills and spirit herbs. Level four was already National Guardian level, and level five was beyond National Guardian level, reaching an unparalleled level.

and how terrifying would a sixth-tier beast that was higher than the fifth-tier be?

Xu Ya and the others couldn’t imagine it.

” i’ve already told you what happened. as for what you want to do, it’s up to you. ”

MA Heng said in a deep voice.

“regardless of whether it’s true or not, this matter is far too important. we must inform his majesty as soon as possible.”

“That’s right.”

however, His Majesty is currently leading the great Xia Army to attack the sky demon Kingdom. If the sky demon monarch were to break through and escape, wouldn’t His Majesty be in grave danger without knowing about it? ”

“.....”

Xu Ya and the others talked in low voices, looking a little anxious.

MA Heng stood at the side, his expression unchanged.

At this moment.

In the base of the 01 division.

QX01, who was left behind, was monitoring the entire imperial capital of the great Xia through the holographic camera and the air Scouts.

Hence, after MA Heng entered the imperial capital of the great Xia, he had been under the surveillance of QX01.

“holographic communication activated.”

QX01 used his skill to contact QX02.

The sky Fey Kingdom’s Marchioness spirit moon’s capital.

“Chief sovereign.”

Shua!

QX02 came over quickly and stopped beside Jiang Li. ” qx01 has important information to report. ”

“Answer.”

Jiang Li said.

“Yes.”

buzzzzzz!

The holographic projection screen unfolded.

“chief sovereign.”

In the image.

QX01 saluted Jiang Li.

“Report the situation.”

jiang li said.

“Yes.”

Shua!

The scene changed.

jiang li saw the minister’s mansion.

“My Lord, this man is the envoy of the Shu country, MA Heng.”

QX01 said to Jiang Li, ” “He came from the Shu state. Under the order of the king of Shu, he informed Xu Ya and the others of the important situation and news.”

the sky Demon king of the sky demon Kingdom and the Black Dragon King of the Black Dragon barbarian kingdom are in seclusion. They’re trying to break through to level six.

“They want to break through to the sixth step?”

it’s not that easy to break through to level six. Jiang Li muttered.

QX01, begin long-distance projection immediately.

I’ll ask MA Heng myself, ” Jiang Li ordered.

“Yes.”

QX01 nodded.

Wuwuwuwuwu!

After that.

QX02 raised his wrist and a beam of light scanned across Jiang Li’s body. Then, it was sent to QX01, who projected Jiang Li’s figure through the holographic camera.

Chapter 435 Change

“Whoosh!”

Immediately.

In the minister's residence.

Jiang Li's holographic projection appeared.

"Your Majesty!"

"Your subjects pay their respects to Your Majesty!"

"Your Majesty!"

Instantly.

Xu Ya and the others were shocked and looked dazed. They did not expect that Emperor Xia would suddenly appear in the Minister's mansion out of thin air. They were both surprised and happy.

They immediately knelt down in awe.

"Yes."

jiang li glanced at xu ya and the others through the holographic projection. he nodded and looked at ma heng. "you're ma heng?"

"ma heng, the messenger of shu country, pays his respects to your majesty emperor xia."

Jiang Li? "MA Heng looked at Jiang Li who suddenly appeared out of thin air. He was shocked and couldn't understand what kind of technique Jiang Li had used. He was in awe.

He thought in his heart.

As expected.

He rose to power in such a short time and led a newly-established human dynasty to swallow the entire southern part of the northern region of holy peace state.

Even his Majesty, the king of Shu, had suffered a loss.

This Emperor Xia was indeed not simple.

His methods were very strange.

It was hard to grasp.

However ...

MA Heng took a closer look.

he still found out that the emperor xia in front of him was not the real one.

“Is it a clone technique or something?”

MA Heng thought to himself.

“ma heng, you said that the black dragon king and the celestial demon king are breaking through in seclusion. do you have any proof?”

jiang li asked.

“emperor xia,”

MA Heng sorted out his thoughts and repeated what the king of Shu had said, ”  
“His Majesty King of Shu once said that if it was in the past, the Black Dragon

King and the sky Demon King would not have the capital and accumulation to break through.”

“But it’s different now.”

that’s because they’ve already annexed all the Barbarian and demon dynasties. Their territory has expanded, and their National fate has increased. They’re already in the top 20.

“You mean the ‘feedback from the country’s fortune’.”

Jiang Li said.

“Yes, I am.”

MA Heng nodded.

“That’s possible.”

okay. Jiang Li nodded.

One had to know.

Jiang Li’s cultivation could reach the perfected stage of level four so quickly because of the ‘blessing of the nation’ that he received every time his National aura increased. Jiang Li knew a thing or two about the power of the blessing of the nation.

so,

The Black Dragon King and the heaven Demon King might really break through to Level 6.

“If we really let them break through to the sixth step, they will indeed be an unstable variable.”

Jiang Li thought, I already have four level-six soul realm controllers under me, and one of them has already reached the mid-stage of level six.

“But,”

it's better to be safe than sorry. We still have to prevent the sky Demon King and the Black Dragon King from breaking through.

“after all, soul realm controllers aren't very strong in direct combat.”

“What's King Shu's plan?”

what's wrong? ” Jiang Li asked.

“This is an ...”

MA Heng did not know if he should answer.

“what's wrong? Didn't King of Shu ask you to tell me this news so that I could send troops to attack the sky demon Kingdom or the Black Dragon barbarian kingdom? If you don't tell me King Gushu's plan, how can I send out my troops?”

Jiang Li said in a deep voice.

...

“Emperor Xia,”

MA Heng pondered for a while and said, ” His Majesty, King of Shu, is preparing to send troops to attack the Black Dragon barbarian kingdom. If possible, I hope that Emperor Xia can send troops to the sky demon Kingdom.

“Alright,” he said.

I agree. Jiang Li nodded and said.

“.....”

what? ” MA Heng was stunned and looked up at Jiang Li. He didn’t expect Jiang Li to agree so easily. Your Majesty, are you serious? ”

“A gentleman does not joke.”

” you can go back now. ” jiang li waved his hand. ” you can go back now. ”

“Yes.”

MA Heng nodded.

he left the minister’s residence.

...

roar!

The three-clawed white flood Dragon appeared.

MA Heng jumped up and stood on the dragon’s head. He couldn’t help but look back at Jiang Li. Then, the three-clawed White Dragon roared and disappeared into the sky like a white stream of light.

MA Heng had already completed the task that King Shu gave him, so it was meaningless for him to stay in the imperial capital. He couldn’t interfere with whether Jiang Li would send troops or not.

so,

He had completed his mission.

ma heng naturally had to return as soon as possible to report.

inside the minister's residence.

"You guys can get up."

Jiang Li waved his hand.

"Thank you, Your Majesty."

Xu Ya and the others all stood up.

"Your Majesty, what happened to the sky Yao Kingdom?"

"You all continue to stay here and guard the imperial capital, maintaining the order of the imperial capital. You don't need to worry about anything else."

Hong Tianqi. Jiang Li interrupted Hong Tianqi.

"Yes."

Hong Tianqi nodded and shut up.

buzzzzzz!

immediately.

Jiang Li's holographic projection disappeared and he hung up.

“What?”

“Where is Her Majesty?”

“Why did he suddenly disappear?”

Xu Ya and the others were stunned.

“Your Majesty's methods are truly divine.”

Han Liqi sighed.

“Yup!”

logically speaking, His Majesty should be in the territory of the sky demon Kingdom. However, he suddenly appeared here, and now, he has disappeared into thin air.

“It's indeed a marvelous skill.”

Wu Zong, pang kui and the rest said in a respectful tone.

“Speaking of which, MA Heng and the rest did not even know that His Majesty had already sent troops to the sky Yao Kingdom a few days ago.”

Xu Ya said.

At this moment.

Marchioness spirit moon's capital.

Shua!

The communication ended.

“All troops, gather.”

” hurry! ” jiang li shouted, ” march at full speed to the capital of the sky demon king as fast as possible. ”

In reality.

Jiang Li had planned to start with Marquis Haoyue of the sky Fey Kingdom and then conquer the sky Fey Kingdom’s counties one by one.

This way ...

Not only could they sustain themselves through battles, but they could also plunder resources and accumulate energy points along the way. They could also use the demon soldiers ‘corpses to create more puppet Warriors. The only drawback was that it would take a lot of time.

but ...

But now it seemed ...

This method would not work.

Jiang Li didn’t want to see the sky Demon King break through to level six.

This was to prevent the boat from capsize in an easy task.

Ten minutes later.

The entire great Xia Army had gathered.

“Let’s go!”

he flew at full speed.

They left Marchioness spirit moon’s capital.

The great Xia Army continued to rise and finally entered the clouds.

It was hard to be discovered.

On the other side.

The news of Marchioness spirit moon’s fall to the great Xia’s Army had also reached the sky demon capital. The fact that Marchioness spirit moon had fallen so quickly caught Tian moqing and the other sky demons off guard.

The most important thing was ...

Ever since the great Xia Army had captured the Marchioness spirit moon’s capital, it was as if they had disappeared and had never appeared again.

Plus ...

the great xia army flew into the clouds. the various county kings and marquis kings of the sky demon kingdom had sent out many air forces, but they were unable to find the traces of the great xia army.

This caused them to be unable to determine the route of the great Xia Army.

The sudden change in tactics of the great Xia Army caught Tian moqing and the others by surprise. They had originally planned to ambush the great Xia Army, but

now they couldn't even confirm the whereabouts of the great Xia Army, so how could they talk about an ambush?

It was just a fantasy.

SkyDemon Palace.

“Elder Tian, make your decision.”

“Yup,”

“If this continues, we'll be in too much of a passive position,”

“The detestable great Xia Dynasty!”

“.....”

The skydemons' tones were filled with resentment.

“Yao Xiao Qing, have the orders been sent to the various marquissate Kings?”

Tian moqing asked.

“Yes.”

Yao Xiao Qing nodded.

“Alright,” he said.

Tian moqing nodded slowly and looked at the sky Fey around him. The sky Fey in front of him were the highest level of the sky Fey Kingdom, and they were also the true rulers.

it could be said to be the foundation of the sky fey kingdom.

from all the information we have gathered, the Army of the great Xia Dynasty is extremely mobile. They even have ‘mechanical puppets’ that can fly and transport the Army. It’s impossible to guard against them.

to be honest, ” Tian moqing analyzed, ” I’ve lived for so long, but I’ve never seen such an incredible Army of the human race. Even the northern Empire didn’t have such an Army.

therefore, the Xia Dynasty is indeed a great threat, even greater than the Shu country.

if there’s a chance, we must destroy the Xia Dynasty at all costs and kill Emperor Xia Jiang Li. We can’t give him any chance to breathe.

Tian moqing’s tone was filled with killing intent, and then he continued, ” ” there are only two possibilities for emperor xia, jiang li, to suddenly change his original way of fighting. ”

” the first possibility is that emperor xia, jiang li, is planning to rely on the mobility and stealth of the xia army to launch guerilla warfare and take down the marquis counties of the celestial fey kingdom one by one.

although our demon Army has aerial troops, their mobility and speed are inferior to the great Xia Army. If we split our forces, we will only be able to deal with them.

“The second possibility.”

that means Emperor Xia, Jiang Li, already knew or guessed that His Majesty, the celestial Demon King, was in seclusion for a breakthrough. Therefore, he started to panic and didn’t dare to delay any longer. He was afraid that His Majesty, the celestial Demon King, would successfully break through to level six.

“It must be heading straight for the SkyDemon capital.”

“Whether it’s the first or the second possibility, it’s a foolish decision for us to split our forces. We have to unite all our forces and deal with all changes by remaining the same.”

“Yes.”

“Elder Tian’s analysis is correct.”

” since that’s the case, have the various county kings and marquis kings send all their troops to the celestial demon capital. ”

“Yes.”

“This is good too.”

The sky Yao all nodded.

“Latest by tomorrow.”

all the armies from the Marquis counties will arrive at the celestial demon capital, ” Yao Xiao Qing said in a deep voice. if Emperor Xia, Jiang Li, and the great Xia Army really dare to come, then we’ll make sure they never return.

“Yes!”

“exterminate the entire grand xia!”

the demon race will win!!!

the sky demon Kingdom will win!!!

All the celestial demons shouted in unison.

Their morale was very high.

On the other side.

At the border of the Black Dragon barbarian kingdom.

Black Dragon Mountain range.

The Black Dragon Mountain range originated from The Endless Forest. The trees were tall and the forest was dense. There were also a large number of fierce beasts and wild beasts.

At this moment.

In the dense and slightly dark forest.

The Army of the Shu state had arrived.

It was like a huge, winding Dragon with no end in sight.

The Army formation was activated.

The dense military evil Qi intimidated all the beasts in the Black Dragon Mountain range. Although they didn't have intelligence, they had the instinct to seek good fortune and avoid disaster.

In the face of such a terrifying military aura, the ferocious beasts in the mountain range naturally did not dare to approach.

“Stop!”

we're already close to the Black Dragon barbarian kingdom.

His Majesty has ordered the entire Army to set up camp here. After a night's rest, they will recover their energy and strength. Tomorrow, we will attack the Black Dragon barbarian kingdom.

The military Order was passed down.

the army of the shu country executed the order.

Strict discipline.

It was clearly a powerful Army that was hard to come by.

“looking at the time, fei lian should have met him by now.”

The king of Shu stood in mid-air and looked into the depths of The Endless Forest. He murmured, ” and MA Heng. He must have told Jiang Li.

now, let's see if Jiang Li will attack the sky Monster Kingdom.

Chapter 436 Demigod

The night passed.

The next day.

Early in the morning.

Jiang Li's Army had flown across more than half of the sky Monster Kingdom. They hid their tracks and with the help of the air Scouts, they easily avoided the sky Monster Kingdom's Air Demon troops.

They gradually approached the SkyDemon capital.

According to the current flying speed of the great Xia Army,

It was around noon.

Soon, Jiang Li would arrive at the territory of the 'sky demon Marquis', where the capital of the sky demon kings 'was.

At this moment.

At the border of the Black Dragon barbarian kingdom.

After a night's rest, the Shu country's Army was already fully prepared.

kill!!!

“BOOM!”

The ground shook violently.

the army of the shu nation, which looked like a huge dragon, rushed out of the black dragon mountains like a huge wave, accompanied by a series of earth-shaking shouts.

They entered the territory of the Black Dragon barbarian kingdom.

They launched their attack.

They had invaded the border County of the Black Dragon barbarian kingdom.

The movement was so big that it couldn't be hidden from the barbarians of the Black Dragon barbarian kingdom. The Barbarian soldiers found it immediately.

The war broke out in an instant.

The might and combat power of the Shu country's Army were almost destructive.

in a short hour.

They had completely taken over the border County of the Black Dragon barbarian kingdom.

After that.

The Shu country Army entered the city.

They had occupied this border County.

“Massacre the city!”

The king of Shu gave the order without hesitation.

“yes!”

pfft! Pfft! pfft!

the soldiers of shu country surrounded the entire county city and charged in. they killed all the barbarians in the county city.

Bodies fell to the ground.

The smell of blood was thick.

“Blood refining formation.”

buzzzzzz!

Immediately.

The formation master team set up the formation.

A blood-red formation appeared in the sky above the county city. It refined all the corpses of the barbarians into blood refinement pills and distributed them.

Obviously.

the barbarian corpses, even the blood refinement pills refined by the ordinary barbarians, were also good resources.

although the blood refining pills made from the corpses of ordinary barbarians couldn't improve his cultivation, he was still a barbarian.

But it could recover the soldiers 'physical strength and injuries.

For the Shu state Army, which would need a long time to fight against the Black Dragon barbarian Kingdom's barbarian Army, the Shu state Army had to be careful.

The blood refinement pill was a must-have.

He needed to sustain himself through battle.

The blood refinement pill came from a 'corpse'.

so,

That was why the king of Shu ordered a massacre.

After resting and reorganizing in this border County for an hour and plundering all the resources that could be taken away, the Army of the Shu state set off again under the orders of the king of Shu.

Very quickly.

Some of the barbarians who managed to survive fled in panic and immediately reported the news of the Shu state's invasion. The news gradually spread to the Black Dragon's capital.

At noon.

In the Black Dragon's capital.

...

"the latest news is that the shu country army is currently within the territory of 'marquis chang man'. with the speed of the shu country's grade 4 army formation, they definitely won't be able to leave marquis chang man's territory within today. thus, we should immediately mobilize the surrounding marquis' army and head towards marquis chang man."

"We must stop the Shu country Army at the Marquis changman."

"We can't let the battle continue."

His Majesty, the Black Dragon King, can not be disturbed during his seclusion.

In the short span of an hour.

The higher-ups of the Black Dragon barbarian kingdom decided on a plan and then passed down orders one after another. They immediately mobilized the Barbarian Army of the Marquises around Marquis changman.

he was rushing to Marquis Chang Man at his fastest speed.

In reality.

The higher-ups of the Black Dragon barbarian kingdom didn't think that the Army of the Marquis could stop the invasion of the Shu Kingdom.

One must know that this time, the king of Shu was personally leading the Army.

It could be said that the Emperor had personally led the troops.

...

They had mobilized 80 – 90% of the Shu country's military strength.

Their military strength had already exceeded 100 million.

The Barbarian Army of those Marquises were only used to delay the pace of the Shu country's Army.

Half an hour later.

Man Wuji and the other fifth-level barbarians had all appeared.

Shua! Shua! Shua!

his figure rose into the air.

“Roar!”

Many flood Dragons of the country's fortune manifested.

“BOOM!”

The ground shook.

The city gate of the Black Dragon royal capital opened.

Immediately after.

Countless barbarian soldiers formed neat rows and marched out of the black Dragon royal capital. What came into view were the elite troops of the Black Dragon barbarian kingdom.

obviously.

The Black Dragon barbarian kingdom immediately mobilized their main force.

He went to meet the enemy.

“Set up the formation!”

“All troops, set off!”

kill!!!

“Roar!”

The murderous aura of the Army gathered.

The vast army formation’s light mist spread out and enveloped the entire Army. It stirred up the surrounding heaven and earth spiritual Qi and condensed into a huge Army beast.

Full speed March.

The Black Dragon barbarian Kingdom's main Army left the Black Dragon royal capital.

his target-the shu country army!

Endless forest.

In the depths.

The Feilian arrived.

There were a large number of fero beasts in The Endless Forest, and there were even type 5 feral Kings. If the FEI Lian was not a type 5 expert, it would have been in grave danger.

His Majesty said that as long as I came to The Endless Forest, I would be able to meet the 'other party'. However, I've already entered the depths of The Endless Forest, and I still can't find him.

Fei Lian was a little anxious.

at this moment.

The Feilian noticed a faint white light in front of it and immediately quickened its pace. Then, a thatched house came into view.

In the depths of this dense and dangerous endless forest.

The sudden appearance of this simple and crude thatched house.

It was very abrupt.

shua!

Before Fei Lian could take a closer look, his vision blurred and he felt a figure flash by. When Fei Lian reacted, a white-haired young man was standing in front of him.

“In the end, he still came.”

The white-haired young man looked down at the Feilian and waved his right hand. Before the Feilian could react, the other half of the token with the word ‘mu’ on it was in the hands of the white-haired young man.

“What about the other half?”

The white-haired youth asked.

my Lord, the other half was in the hands of King gan of the great gan dynasty, but the great gan dynasty was destroyed by the great Xia Dynasty. It’s very likely that it’s in the hands of Emperor Xia, Jiang Li.

fei lian immediately replied.

“the big kun is gone.”

the white-haired youth frowned.

“Yes, I am.”

Fei Lian nodded. His Majesty would like to invite you to come out of retirement.

“Half a pill is not enough.”

The white-haired youth shook his head.

“This bi an ...”

Fei Lian's face turned pale.

“However,”

The white-haired young man's tone changed. it has indeed been a long time since I went out. Although half a pill is not enough, I would also like to see who destroyed da Qian.

“let's go,” he said.

Shua!

As soon as he finished speaking.

the white-haired youth's figure rose into the air.

After that.

A pure white Radiance appeared.

It had a faint golden glow.

A pair of pure-white Holy wings spread out behind the white-haired young man's back, exuding an extremely holy aura. In the blink of an eye, the white-haired young man had left.

“My Lord,”

the feilian exclaimed and quickly chased after him, but it could only see the white-haired youth's 'tail'. the difference in speed was too great.

fei lian was a little excited.

He was shocked.

He was secretly shocked.

a demigod!

He really was a demigod!

Furthermore ...

The strength of this aura.

He had already surpassed the perfected stage of Tier 5 and was even more powerful than His Majesty.

The rumors were true.

Fei Lian was both surprised and happy.

Demigod.

It was an existence born from the Union of the human race and the celestial race.

It possessed the mighty power of the gods race and the natural talent of the human race.

It has the power of a demigod.

In the afternoon.

The SkyDemon capital.

High up in the sky.

in the clouds.

jiang li's great xia army had arrived. they hid their tracks and the drones spread out, overlooking the entire capital.

it seems like the sky demon Kingdom has made sufficient preparations.

Jiang Li looked down at the capital of the sky demon kings.

“Whoosh!!!”

First of all ...

What came into Jiang Li's eyes was a huge formation. The light screen of the formation was pale gold and covered the entire sky Demon King.

The sky demon Monarch Capital occupied an extremely vast area.

it was at least ten times the size of the expanded imperial capital of the grand xia.

In fact, it was more than that.

“A fifth-order formation.”

Jiang Li looked at it.

Obviously.

the array formation that enveloped the heavenly demon capital was a ‘grade 5 array formation’.

on the city wall.

there were many demon soldiers standing there.

It was a rough estimate.

They were merely demon soldiers that were revealed on the surface.

The number had already reached 50 million.

Outside the city.

There were large numbers of demon soldiers stationed there.

In other words ...

Including the hidden demon Army, the heaven Fey Kingdom's military might was likely in the hundreds of millions.

“The human-ghost clan in the misty forest can set up a rank 5 ‘spirit soul array’. It’s not surprising that the sky Yao Kingdom can set up a rank 5 array.”

Jiang Li thought, ” with the protection of a level-five formation, it’s obviously meaningless to launch a sneak attack with cannons and missiles. It won’t cause any casualties. It’ll be blocked by the formation.

“In that case ...”

Jiang Li waved his right hand. soul realm controllers, it’s time for you to show your strength.

“yes.”

Shua! Shua!

the four soul realm controllers immediately walked out from behind jiang li.

“Go on.”

Jiang Li said.

Four soul realm controllers descended from the sky.

It was as if four black beams of light had descended upon the celestial demon capital.

“Whoosh!!!”

He released his soul energy.

A black light screen spread out.

“there’s a situation!”

“Enemy attack!”

Instantly.

The demon soldiers flying in the sky discovered the strange phenomenon in the sky and immediately let out furious roars. The Army formation began to rotate, forming a huge Army beast.

“Soul realm!”

BOOM!

The next moment.

The soul realm controllers steadied themselves and spread out their arms. A black sphere of light appeared, and with them as the center, it instantly expanded to a million meters around them.

not only that.

The four soul realms were stacked.

A terrifying and oppressive aura enveloped the countless demon soldiers.

“Exterminate!”

The four soul realm controllers made their moves at the same time. They raised their right hands and clenched lightly at the Tier 5 array that enveloped the entire heavenly demon Monarch Capital.

Kachaa! Kachaa!

At this moment.

It was as if space had been torn apart.

An indescribable amount of Mechanical Soul energy struck the level 5 formation, causing countless cracks to appear all over the formation.

BOOM!

There was a loud bang.

The Tier 5 formation was directly destroyed.

one strike!

It was only one strike!

In front of the four soul realm controllers, a rank 5 formation was like paper. It was shattered in one move without any logic.

Tier 6!

this was the strength of a tier 6!

One had to know.

In order to destroy the dense fog forest and break the ‘spirit soul formation’, Jiang Li had sacrificed tens of millions of meches and even destroyed two level-five walking puppets.

He had been playing for an entire day.

and now ...

the four soul realm controllers made their moves.

He only used one move to resolve a Tier 5 formation.

the difference was simply too great.

“Good! Good!”

haha. Jiang Li laughed and was overjoyed. no wonder it’s a level-six special mechanical soldier. Even though it’s not good at direct combat, it’s still so strong.

“he’s stronger than i expected.”

## Chapter 437

“The defensive formation has been broken!”

“Si si si ...”

“Heavens! something big had happened! The defensive formation was actually broken!”

“How is that possible? How is this possible?”

“Just now, the other party only used one move and the great defensive formation was broken? I must be dreaming, I must be dreaming, this isn’t real, this isn’t the real Yingluo.”

At this moment.

After the Tier 5 array that enveloped the celestial demon capital was broken ...

In the entire SkyDemon capital.

Many of the demon citizens fell into a state of panic.

The demon soldiers and generals were also shocked.

one had to know.

since ancient times, the sky demon kingdom's 'protective array' had never been broken. it was practically the 'guardian god' in the hearts of the sky demon kingdom's citizens.

And this time.

The 'great defensive formation' had been broken.

moreover, it had been shattered in one move.

This kind of blow and impact was really too great.

This caused countless demons to be alarmed.

"Now."

let's go. Jiang Li waved his hand. attack. Cover the area with fire.

BOOM! BOOM! BOOM!

In an instant.

The battleships fired their cannons, and the bombers, destructive bombers, fighter jets in the air, and all sorts of Air Force China immediately dropped and fired a large number of artillery shells.

They all fell towards the celestial demon capital.

"Kill!"

Immediately.

The SkyDemon capital's demons retaliated by using their battle formation to kill the beasts.

Countless arrows, crossbow bolts, and Spears that contained the power of the demon bloodline shot through the air and collided with the cannonballs, exploding in the air.

“BOOM!”

The sky was filled with flames and energy flames.

The shockwave spread out.

The sky above the capital was filled with a dazzling radiance.

“Jump off!”

BOOM! boom! BOOM!

The next moment.

Mechanical giant soldiers, energy bomb soldiers, super soldiers, mechanical war cavalry, and electric-powered mechanical airdropped soldiers jumped down from the 10000-meter tall transport plane.

They descended from the sky.

He directly entered the SkyDemon capital.

The hard ground was smashed by the mech giant soldiers and other stage four mech army units, creating huge and deep pits. Spider web-like cracks spread throughout the entire Street.

“The enemy has entered the city!”

“Be careful!”

“Damn it, they actually jumped down from the sky!”

“What is this?”

” steel puppets? ”

The demons roared in anger.

BOOM! BOOM! BOOM!

An intense battle erupted.

The mechanical giant soldiers were all stage four meches and had terrifying combat strength. They formed into troops and killed in all directions within the city.

“Kill!”

Immediately.

The elite demon Army quickly surrounded them.

There were even Tier 4 demon race powerhouses joining forces to attack.

“Ah!”

a miserable scream rang out.

...

The mech cavalry held two spears, and their upper body was human while their lower body was horse. Their appearance was similar to a centaur warrior, and their combat power was extremely strong.

Pfft! Pfff!

The two spears swept across, killing in all directions.

Many demon soldiers were killed one by one.

There were even Tier 4 demons that were killed.

It caused a large number of casualties.

“Tier 4! They’re all Tier 4!”

“Be careful!”

“The enemy is very strong!”

The demons shouted loudly.

“Exterminate!”

...

boom!

Suddenly.

A vast amount of bloodline power gushed out and gathered together. A giant palm fell from the sky, killing several level four meches in one move.

This caused two cavalymen and three mechanical giant soldiers to become useless.

It turned into scrap metal.

“It’s the Masters of heavenly monster tribe!”

“That’s great!”

“The Masters of the heavenly monster tribe are here,”

in front of the skydemon palace.

Tian moqing was the leader.

There were more than five hundred sky Yao.

Every single sky Yao was a stage four expert.

among them, there was no lack of tier 4 perfection.

There were also fifth-rank existences.

Among them.

Tian moqing was at the perfected stage of level five, Yao Xiaoqing was at the late stage of level five, three were at the mid-stage of level five, and four were at the early-stage of level five. The level five demons of the sky demon Kingdom did not include the sky Demon King.

there were nine in total.

It far exceeded the number that was revealed on the surface.

He had hidden his strength.

It was Tian moqing who had just destroyed several level four meches.

“.....”

Tian moqing raised his head and looked up at the four soul realm controllers in the sky. He felt the omnipresent soul pressure, and his eyes became extremely heavy, ” what a terrifying soul power and suppression.

“They are all ‘puppeteers’,”

“A human puppeteer?”

“Four again!”

“This bi an ...”

The sky Yao were alarmed.

“That’s right.”

yes. Tian moqing nodded and said in a deep voice, ” moreover, these four human puppeteers are probably peerless existences at the perfected stage of the fifth rank. If they are fully prepared, each of them can destroy a weak dynasty.

“Si si si ...”

All the heaven Fey could not help but gasp. are human puppeteers really that terrifying? ”

it's a pity that none of us are proficient in soul Arts. We can't suppress the human puppeteers at all, let alone cut off the 'soul thread'.

"However, although the puppet army is terrifying, it can't be arranged into a battle formation," said Tian moqing.

"It's not that we don't have a chance of winning."

"Everyone, prepare for battle."

"Go all out."

the outcome of this battle will determine the survival of the sky demon Kingdom.

"Yes!"

"Understood!"

" all troops, hear my order! kill!! "

charge!!!

Shua! Shua! Shua!

Immediately.

All the heaven Fey joined the battle. With Yao Xiao Qing as the leader, there were a total of eight Level 5 Fey. They led the heaven Fey Kingdom's Fey Army and launched an attack.

BOOM! BOOM! BOOM!

Countless cannonballs fell.

It exploded.

the explosion reverberated in all directions.

A large number of cannonballs were blocked, but a small number of them fell into the demon Army, killing many demon soldiers. The damage was extremely powerful.

At this moment.

The transport plane landed.

Jiang Li's mechanical Army and puppet army were all mobilized under the control of the mechanical Soul spiritualist, soul power controller, and soul manipulator.

A tragic battle broke out.

The two armies collided.

The earth quaked and the mountains shook.

“.....”

Jiang Li looked down at the battlefield. The battle had spread to the entire capital of the sky demon race. The shockwaves even affected the entire 'Marquis of the sky demon race'.

Even ...

Jiang Li couldn't even see the edge of the battlefield.

one had to know.

Jiang Li's puppet army and mech Army combined had more than 100 million.

The sky demon Kingdom had also gathered all its military forces.

In addition, the hidden troops had all come out.

Their military strength also exceeded 100 million.

In other words ...

On the battlefield.

There were 200 million living beings fighting.

Such a scene was hard to describe.

so,

even jiang li couldn't see the edge of the battlefield from a height of 10000 meters.  
he couldn't see the whole battlefield.

In the air.

The mech Air Force and the sky demon Kingdom's Air Demon Army began to fight.

Third rank against third rank.

A 4th rank against a 4th rank.

Shua! Shua!

DTS01, MYL01, ynjsw01, as well as two other type 5 puppet Warriors, were also engaged in battle with Tian moqing and the rest.

A fifth step against a fifth step.

The ground collapsed.

The surrounding mountains collapsed.

The terrifying shockwaves of the battle had destroyed everything in the surroundings.

A thousand miles of barren land.

“Heavenly demon secret art! the heavenly wing blade!”

tian moqing displayed a powerful attack. the wings on his back fell off, and the pair of ‘heavenly demon wings’ had been refined into a powerful weapon.

Shua! Shua!

The two wings combined.

It turned into a sharp wing blade and slashed at DTS01.

BOOM!

DTS01 fired at full force.

The 10,000-meter long spear light and the wing blade collided.

An explosion sounded.

Bang Bang Bang Bang!

Energy exploded.

Bang!

the next moment.

the spear radiance shattered.

DTS01 flew backward, a deep wound on his chest, almost cut in half by Tian moqing's blade.

“This old thing is very strong.”

Jiang Li glanced at Tian moqing. DTS01 is no match for this old thing. DTS01 was damaged by 30%.

“Repair!”

jiang li used energy points.

Heal DTS01's injuries remotely.

Tian moqing's expression was proud as he looked at DTS01 and shouted, “although we're both at the perfected stage of Tier 5, you're still far behind in terms of combat power. I've cultivated all kinds of secret skills to the perfected stage.

On the other side.

Yao Xiao Qing and the rest were engaged in battle with ynjsw01.

even though ynjsw01 was at the perfected stage of tier 5, which was a small level higher than yao xiao qing, ynjsw01 was unable to fly, which was an obvious shortcoming.

so,

Yao Xiao Qing made use of ynjsw01's weak point. The battle between the two sides was difficult to determine, and it was impossible to determine a winner in a short period of time.

“What?”

tian moqing's pupils suddenly contracted, ” you've recovered from your injuries. ”

“All-rounded release!”

BOOM!

dts01 immediately charged at tian moqing again.

“Set up the formation!”

“Roar!”

Finally ...

The heaven Fey Kingdom's Fey Army had set up a Tier 5 military formation. It was maintained by hundreds of millions of Fey soldiers and a rank 4 Fey array master.

The grade 5 army formation was set up successfully.

In that instant.

It was a figure that was 100000 meters long.

It was black and gold in color.

It was the image of a sky demon that had been magnified countless times. It had a pair of huge wings that were wide enough to cover the sky when it spread out. It let out a furious roar, just like the wrath of the Thunder God.

BOOM!

He flapped his wings.

it sent countless cannonballs flying, and even the missiles of the mech soldiers were sent flying.

Its ferocity was monstrous.

grade 5 army formation!

The heavenly demon formation!

“Alright!”

“the army formation is complete!”

kill!!!

Countless demon soldiers roared in excitement.

“i’ve been waiting for this moment.”

Jiang Li smiled. soul realm controller, destroy the enemy’s rank 5 formation.

“Yes.”

Shua! Shua!

The four soul realm controllers immediately dashed over.

“You’re looking for death!”

Tian moqing sneered, ” the military formation Dharma image formed by a Tier 5 military formation is enough to block a Tier 5 attack. Its power is terrifying. You four puppeteers at the perfected Tier 5 want to defeat it? ”

“You’re simply delusional,”

obviously.

tian moqing had always thought that soul realm controllers were only puppeteers at the peak of the fifth step. he never thought that they would be at the sixth step. or rather, tian moqing didn’t even dare to imagine that there were four sixth step puppeteers.

“Soul realm!”

Buzzzzzz!

The four soul realms were opened and the military formation Dharma form was enveloped.

“True spirit obliteration!”

After that.

The skill was released.

The four soul realm controllers raised their hands, and their Mechanical Soul energy spread out like ripples, covering the military formation Dharma idol.

Kachaa! Kachaa!

The next moment.

The 100,000-meter-tall military formation gradually cracked.

At the same time.

At least a few hundred thousand demon soldiers were affected by the ‘true soul obliteration’ skill, and fell straight down, their souls obliterated.

He killed hundreds of thousands of demon soldiers, but because their souls were all destroyed, Jiang Li didn’t get any soul Tinder.

“I knew it.”

” no. ” jiang li shook his head.

Obviously.

this was the reason why jiang li didn’t let the soul realm controller fight.

He only asked them to break the battle formation.

Chapter 438 Chain

With the soul realm master's level and ability, after the soul realm was opened, it could cover an area of one million meters and then release the 'true soul obliteration' skill.

He estimated that he could kill millions of demon soldiers with one move.

but ...

However, Jiang Li couldn't get any soul Tinder.

This was because the souls of the demon soldiers had all been destroyed by the soul realm controller.

Where did the soul Fire seed come from?

"Rumble!"

Finally ...

after a huge explosion.

The 100,000-meter-tall military Magic Image exploded into light spots.

It slowly dissipated in the air.

"Ah!"

"No!"

"pfft, pfft, pfft."

Screams echoed throughout the battlefield.

The Tier 5 army formation was already completely shattered, and it was gone before it could even show its might.

The fog of light that enveloped the battlefield was dissipating at a speed visible to the naked eye. Countless demon soldiers screamed as they suffered the backlash of the battle formation and died.

He died with blood flowing out of his seven orifices.

The power of a Tier 5 army formation was indeed powerful.

But at the same time.

The backlash from breaking an army formation was also extremely terrifying.

Millions of demon soldiers had died.

Pfft! “Pfft!”

It could be seen.

There were also many stage four demon commanders who vomited blood.

His injuries were not light either.

They were all injured by the backlash from the battle formation.

“Military scepter, military formation!”

Tian moqing’s face was horrified. His pupils shrank and he shouted in shock, ”  
“How could this be? How could a rank 5 ‘sky demon formation’ be broken?”

he’s ridiculing them, could it be that Wufu is a sixth-grade?!

“How is this possible?”

Tian moqing didn't want to believe this despairing fact.

a Tier 5 army formation was actually broken just like that.

Yao Xiao Qing and the others were also panicking.

One had to know.

The grade 5 army formation was what they relied on.

However ...

Before the Dharma image of the level 5 battle formation could show its power, it was destroyed by Jiang Li's four soul realm controllers.

obviously.

None of them had expected such a thing to happen.

grade 5 army formation!

It was enough to block an attack of the fifth step.

If one wanted to break through a Stage 5 formation, they would need the strength of a Stage 6.

“Attack!”

jiang li waved his hand.

boom! BOOM! BOOM!

In an instant.

Jiang Li's mech Army opened fire at the same time. The missile troop and the warship cannons fired at the same time. Shells filled the sky and fell on the demon Army.

The entire battlefield.

He was plunged into a sea of flames.

a large number of demon soldiers were killed by the cannonballs, and the missiles exploded one after another, creating huge potholes in the ground.

Broken limbs flew everywhere.

“Whoosh!!!”

...

At this moment.

MYL01 had finally absorbed enough souls again, and his evolution had reached 100%. He had met the conditions for promotion.

“Upgrade.”

jiang li immediately used four billion energy points to upgrade myl01 to the late-stage of level five.

Shua!

A white light flashed.

MYL01 had advanced to the late-stage of the fifth step.

His strength had greatly increased.

“Obliteration storm!”

Bang Bang Bang Bang!

After MYL01’s level had been upgraded, his skill had also been upgraded to Tier 5 superior-grade. He immediately released this skill, and a vast amount of demon spirit energy exploded, forming destructive ripples that spread.

...

It surged forward.

“ah!”

Screams rang out.

it was the mid-stage level five sky demon ‘xiao ling’ who was fighting with myl01. he did not expect that myl01 would suddenly improve his strength, so he could not react in time.

the destructive storm bombarded xiao ling’s body.

“Pfft!”

xiao ling vomited blood and was sent flying. his entire body was covered in blood.

“Xiao Lin!”

yao xiao qing and the rest shouted in shock.

“Bloodline ignition!”

“Roar!”

Xiao Ling let out a long roar and burned his bloodline. His bloodline Dharma form appeared, which was tens of thousands of meters tall. It was a single-horned Python with green flames burning all over its body.

BOOM!

the single-horned python and xiao ling merged into one, and their power increased greatly.

“Kill!”

Xiao Lin shouted as he transformed into a giant python and attacked MYL01.

“Soul Society! i’m sleepy!”

Buzzzzzz!

The soul realm master immediately made his move and clenched his right hand.

A vast amount of Mechanical Soul energy was released, turning the void into reality. The invisible soul energy turned into a tangible existence and became a huge chain, trapping Xiao Ling.

“Green Dragon absolute kill seal!”

kill! Jiang Li took the chance to attack. He dashed over and formed nine 'killing seals'. After the nine' killing seals 'were combined, they formed a killing formation.

He immediately crushed it.

A killing intent emerged as if all living things were withering. The killing array fell from the sky like a blue circular array, falling directly on Xiao Ling's body.

“Pfft!”

“Ah!”

ah! Xiao Lin screamed in pain.

blood splattered everywhere.

A 'bang' was heard.

Xiao Lin's head exploded.

The killing array of the Azure Dragon absolute kill seal had obliterated Xiao Ling's life force.

Xiao Lin had fallen.

“Jiang Li!”

Tian moqing, Xiao Qing, and the other level-five sky monsters raised their heads. The Marquis Kings also looked over at the same time and fixed their eyes on Jiang Li.

“He is Emperor Xia!”

“Emperor Xia has appeared!”

kill!!!

“Kill him!”

“Charge!”

roar! Roar! “Roar!”

At this moment.

Jiang Li! all the sky monsters went crazy. Their killing intent rose. Some of the Marquis Kings of the sky Monster Kingdom even charged at Jiang Li with their Dragons.

“You’re looking for death!”

BOOM!

Jiang Li! Xing Wuke shouted and rushed to Jiang Li. He released his barbarian power and his cultivation at the mid-stage of level five. He used a powerful technique.

Bang Bang Bang Bang!

Xing Wuke struck out with both his palms. The power of a barbarian gathered and formed an incomparably huge palm print that blotted out the sky. It forced back all the Marquis Kings of the sky demon Kingdom who were coming for him.

It was powerful.

“Barbarian!”

“It’s a fifth-ranked barbarian!”

The Marquis king of the sky demon Kingdom cried out in shock.

“You trash want to get close to master?”

“Overestimating your own abilities,” Xing Wuke snorted coldly.

ants of the sky Fey Kingdom, accept the cruel reality. From today onwards, the sky Fey Kingdom will completely disappear from the map of the northern region of the Holy peace state. Victory belongs to great Xia, Emperor Xia, and even more so, to the Supreme and honorable Lord Jiang Li!

Xing Wuwu shouted loudly, “hahaha!”

“Kill him!”

“Don’t talk nonsense!”

“The demon race will win!”

“The heavenly monster tribe will win!”

The Marquis Kings of the sky Fey Kingdom roared.

“Kill!”

Xing Wuke was not afraid at all as he roared, “ barbarian materialization! giant bull demon!”

“Whoosh!!!”

At this moment.

Xing Wuwu unleashed his full power, and the Barbarian power in his body gushed out, forming a 10000-meter-Tall bull-headed giant Magic Image behind him.

“Roar!”

the giant bull demon roared.

its might was monstrous.

Bang Bang Bang Bang!

An intense battle erupted.

xing wu was very strong. he had been injected with a tier 1 to tier 3 gene strengthening fluid, so his strength and aptitude had increased greatly. he was able to withstand all the attacks from the marquis kings of the heaven fey kingdom.

Moreover, he had the upper hand.

On the battlefield below.

After the Tier 5 formation was broken, even if the sky demon Kingdom’s demon Army set up a Tier 4 formation, it was easily destroyed by the Soul Society’s commander.

without the protection of the army.

Jiang Li’s ‘war weapon’ was fully utilized. Countless shells, missiles, cannons, and bullets exploded on the battlefield, killing many demon soldiers.

The sky demon Kingdom’s demon Army suffered heavy losses.

the ground was filled with corpses.

Of course.

Jiang Li's puppet army also suffered heavy losses. A large number of puppets were hacked to death and turned into ashes. Many meches were also scrapped and turned into scrap metal.

Only the meches produced by the mech factory would leave behind scrap iron after they were scrapped. The scrap iron could be recycled into steel materials.

The meches created by the Dominator panel would turn into light spots and disappear after they were destroyed.

At this point in the battle ...

The outcome was basically decided.

Jiang Li had four level-six soul realm controllers. Even though they didn't show up in person, the four soul realm controllers suppressed Tian moqing's strength and restricted their movements with their 'soul realm'.

tian moqing and the others were retreating.

"Sixth step! It's really a Tier 6!"

At this moment.

No matter how much Tian moqing didn't want to believe it, the truth was already in front of his eyes. His expression revealed despair, "the great Xia Dynasty actually has a total of four tier 6 human puppet masters!"

the heavens want the sky Yao nation to be destroyed!

Tian moqing howled in grief.

“Bloodline ignition!”

Buzzzzzz!

At this moment.

tian moqing went all out and burned his bloodline. his strength and momentum increased, and behind him, a 100000-meter-tall double-headed dragon appeared.

Its entire body was burning with black flames.

“Bloodline ignition!”

“Kill!”

“let’s go all out with them!”

“Kill Jiang Li!”

kill!!!

boom! BOOM! boom!

At the same time.

Yao Xiao Qing and the other level five sky demons all burned their bloodlines and fought with their lives. One after another, huge demon bloodline Dharma forms appeared.

It was not just demon Xiao Qing.

Basically.

All the demons that could burn their bloodlines went all out and unleashed their full power. They burned their bloodlines to increase their combat strength and fought with their lives on the line.

On the battlefield.

countless blood flames were burning.

“It’s just a last-ditch struggle.”

Jiang Li looked at Tian moqing and the others coldly. He stood in the sky and looked down at the battlefield. He watched them attack together calmly.

“soul realm control!”

“Whoosh!!!”

The four soul realm controllers stood in front of Jiang Li and raised their hands. Endless Mechanical Soul energy seemed to be released from their palms.

After that.

His Mechanical Soul energy materialized and condensed into huge and thick black chains that looked like giant pythons.

Kachaa! kachaa!

It directly trapped Tian moqing and the others.

He easily suppressed them.

“Ah!”

Tian moqing and the others roared and tried to break free, but to no avail.

“All-rounded release!”

“Obliteration storm!”

“Zombie King domain!”

“.....”

BOOM! BOOM! BOOM!

The next moment.

DTS01, MYL01, ynjsw01, the two type 5 walking puppets and the five type 5 puppet Warriors immediately charged.

At this moment.

Tian moqing and the others were trapped by the soul realm controller’s ‘soul energy chain’ and lost the ability to resist. They could only watch as DTS01 and the others attacked.

His eyes were about to tear.

“No!”

Tian moqing and the others roared, full of unwillingness.

pfft! Pfft! Pfft!

The attack landed.

There was no suspense at all.

There were no accidents.

The heads of Tian moqing and the others were cut off by DTS01 and the others one by one. Blood splattered, and heads flew high into the air one after another, their bloodlines and Dharma powers dissipating.

Seven rank five skydemons.

They were all killed.

Buzzzzzz!

At this moment.

A purple light came out of Tian moqing's body, then it gradually condensed into a purple light spot and merged into Jiang Li's body.

Shua!

[ acquired a Tier 5 soul Tinder! ]

A notification appeared.

a level-five soul Tinder has dropped.

Jiang Li was overjoyed.

Chapter 439 Illusionary realm

BOOM! BOOM! BOOM!

As all the level-five sky monsters were killed by Jiang Li's meches, DTS01 and the others were free to join the battle.

a bloody massacre was carried out.

“Rumble!”

Countless devil soldiers had died at the hands of DTS01 and the rest. Even Tier 4 devil soldiers were weak and fragile in front of DTS01 and the rest.

“Ah!”

On the battlefield.

The screams of the demon soldiers never stopped.

sky demon Palace? ” Jiang Li looked at the battlefield, then at the sky demon Palace in the deepest part of the capital. He frowned. where's the sky Demon King? ”

one had to know.

From the start of the war until now.

However, the SkyDemon monarch had never appeared.

If they could not kill the sky Demon King, they would not be able to completely destroy the sky demon Kingdom even if they wiped out the entire sky demon Army. They would not be able to obtain all of the sky demon Kingdom's fate.

The current situation on the battlefield ...

the defeat of the sky demon kingdom's demon army was becoming more and more obvious. without level 5 sky demons and the protection of their formations, they could just leave it to the 'great xia army'.

It was only a matter of time before the heaven Fey Kingdom's Fey army was defeated.

Shua!

Jiang Li flew across the battlefield towards the capital of the sky Demon King. The four soul realm controllers followed him closely to ensure his safety.

"kill!"

Jiang Li! the Imperial Guards of the celestial monster Palace saw Jiang Li and immediately roared. They activated their bloodline power and attacked Jiang Li.

"get lost!"

Bang!

Jiang Li waved his right hand and released his true essence. The Green Dragon Imperial Jade seal flew out and turned into a mountain, killing all the Imperial Guards.

"It's a formation,"

when jiang li approached the palace, he found that there was a formation there that blocked him from entering.

"soul realm controllers, i'll leave them to you."

Jiang Li took a step back.

“yes.”

the soul realm controller nodded.

After that.

“Whoosh!!!”

He released his Mechanical Soul energy and his soul realm, which covered the entire celestial demon Palace. He destroyed the array that covered the palace with brute force.

Kachaa! Kachaa!

It seemed like ...

It was as if a crack had appeared in space.

Bang!

There was a loud bang.

The scene in front of him.

It was as if the space had shattered like a mirror. The originally magnificent and Grand celestial monster Palace had disappeared. It was actually just an illusion.

“this bi an ...”

Jiang Li looked up.

after that.

It was a huge floating island, like an inverted triangular mountain. The entire Island was covered in a Golden ball of light.

Obviously.

The floating island in front of them was the true SkyDemon Palace.

As for the magnificent SkyDemon Palace in the center of the SkyDemon capital, it was an illusion formed by an ‘illusion array’ to fool people.

“i found it.”

Shua!

Jiang Li grinned and flew to the floating island.

“Heavenly Demon King.”

Jiang Li stood in front of the floating island and looked ahead. There were many palaces on the island. The most eye-catching one was the sky monster Palace in the center.

“You’re still not going to show yourself?”

” stop! ” jiang li shouted.

...

However ...

The floating island was completely silent.

“Do it.”

Jiang Li waved his right hand.

“Yes.”

Buzzzzzz!

The soul realm master took a step forward and activated his ‘soul realm’ skill. It enveloped the floating island and released a vast amount of Mechanical Soul energy.

it crushed towards the floating island.

Kachaa! Kachaa!

In the face of the might of a rank 6, the Golden Ball of light gradually cracked, and cracks began to spread rapidly.

bang!

...

Finally.

There was a loud bang.

The Golden Ball of light that protected the floating island was shattered.

The formation was broken.

In the sky demon Palace on the floating island.

Within the palace.

“Jiang Li!”

Buzzzzzz!

The sky Demon King clenched his fists tightly as his eyes were filled with blood-red killing intent. The killing intent in his body seemed to be boiling.

In front.

There was a projection.

This was the image formed by the ‘surveillance array’.

in the image.

It showed Jiang Li standing outside the floating island.

“I will definitely kill you! I will definitely kill you!”

Jiang Li! the sky Demon King gritted his teeth. He was so resentful that he wanted to tear Jiang Li into pieces. come on, Jiang Li. I’ve prepared the ‘destruction formation’ on the sky Demon Island.

“Even if I die, I will drag you down with me.”

Obviously.

When the sky Demon King was in seclusion, Jiang Li invaded the sky demon Kingdom and annihilated the entire sky demon race. The sky demon Kingdom, which had been prosperous for thousands of years, was almost destroyed by Jiang Li.

The sky Demon King hated Jiang Li.

“very good,” he said.

Jiang Li was even more satisfied. The soul realm master was indeed powerful. A rank-six was too strong. Although the soul realm master didn’t know anything about formations, he could break them with brute force.

“Let’s go,” he said.

Jiang Li was going to enter the floating island with the four soul realm controllers.

“wait a moment.”

Jiang Li stopped and thought, this floating island is the nest of the heavenly Demon King. Maybe there are traps set by the heavenly Demon King, even though I have four rank-six soul realm controllers with me.

“but to be safe, we shouldn’t take the risk.”

“Let the meches go first if there’s danger.”

“Hyzk02, hyzk03, hyzk04.”

jiang li looked at the floating island in front of him and sent out three soul realm controllers at the early stage of level six. ” “go and capture the sky demon king.”

“Yes.”

The three initial-stage type 6 soul realm controllers nodded.

Shua! Shua! Shua!

three figures broke through the air.

They entered the floating island.

Jiang Li didn't go in.

Hyzk01, who was at the mid-stage of level six, was guarding Jiang Li.

“Damn it!”

Jiang Li? ” the sky Demon King’s face darkened. Jiang Li has such a big advantage, but he’s still so cautious.

“Bastard!”

“Soul realm!”

The next moment.

The three early-stage rank 6 soul realm controllers used their skills, and a soul realm with a radius of one million meters expanded, covering the entire floating island.

The three soul realms were superimposed.

Buzzzzzz!

The soul energy of the machine spread.

Within the soul realm.

Soul realm controllers controlled everything.

so,

The well-hidden sky Demon King was still discovered by the soul realm control envoy.

“He’s here!”

The three soul realm controllers looked at the Royal Palace in the center. They quickly raised their hands and released a vast amount of soul power.

It formed a terrifying soul energy shockwave.

BOOM!

There was a loud bang.

The entire Palace Hall was reduced to ashes by the soul energy shockwave.

a huge pit appeared.

The entire floating island was shaking.

huge rocks fell from the sky and crashed into the skydemon capital below, causing buildings to collapse.

It turned into ruins.

“Roar!”

An earth-shattering Dragon’s Roar was heard.

the skydemon monarch appeared.

A pure white Radiance emerged, like a vast scorching sun hanging high in the sky. A huge National aura true dragon, the 'three-clawed White Dragon', condensed and appeared.

Its body was seven thousand meters long!

That's right.

The sky demon Kingdom's 'sky demon White Dragon' was already seven thousand meters long, a full three thousand meters longer than the great Xia Dynasty's great Xia Azure Dragon.

one had to know.

The sky demon Kingdom's 'sky demon White Dragon' was only five thousand meters long.

However, after annexing all the demon dynasties in the northern region of the Holy peace state and expanding its territory, it had increased from 5000 meters to 7000 meters.

The improvement was huge.

it was precisely because of this.

Only with the feedback from the country's fate did the SkyDemon monarch have the capital to break through to Level 6.

However ...

Jiang Li sent his Army to the capital of the sky Demon King after a few days of seclusion cultivation, destroying the sky Demon King's ambition.

"Heavenly Demon King! It's His Majesty, the heavenly Demon King!"

Your Majesty, heavenly Demon King!

“.....”

On the battlefield.

The demon soldiers and generals raised their heads and looked up at the sky demon White Dragon that had appeared in the sky. They were excited, and their despair was boosted by ‘hope’.

“Her Majesty is still here! His Majesty, the heavenly Demon King, is still here!”

“We haven’t lost yet!”

“There’s still hope!”

“.....”

The demon soldiers shouted.

BOOM! BOOM! BOOM!

However ...

The next moment.

The cannons of the mech Army covered the area and killed a large number of demon soldiers. The level-five meches also sped up their killing.

“Ah!”

the demon soldiers screamed.

The appearance of the sky demon monarch didn't change the situation on the battlefield.

Hope?

It didn't exist!

“Emperor Xia!”

The sky Demon King stood on the head of the sky demon White Dragon and stared at Jiang Li, then he shouted, “even if you can win this war, even if you ultimately defeat the sky Fey Kingdom ...

“However, your great Xia Army will also suffer heavy losses.”

“In the end, the Shu country and the Black Dragon barbarian kingdom will be the ones who benefit,”

“emperor xia.”

“As long as you're willing to retreat, I can agree to any of your conditions,” the heavenly Demon King continued.

A mist of the country's fate surrounded the SkyDemon King. This was the protection of the country's fate. Without a certain cultivation level, one wouldn't even be able to see through the mist.

In other words, they couldn't even see the true face of the heaven Demon King.

In reality.

Jiang Li was also protected by the mist of National aura.

jiang li was a perfected-stage level four and a human king of great xia. naturally, he could see through the mist of national aura and see the true face of the sky demon king.

“Kill him!”

Jiang Li looked at the sky Demon King calmly.

Retreat?

You must be dreaming!

The heavenly Demon King looked like a middle-aged man. He had a burly figure and was wearing white full-body armor. He had a dignified face with sharp edges. He had a pair of flesh wings that were pure white in color, just like the heavenly Demon tribe.

“You’re so silly!”

The sky demon monarch’s pupils constricted.

“Yes.”

BOOM!

The soul realm master made his move.

The mechanical Soul energy was released and condensed together to form a soul energy shockwave. It was like a huge black beam of light that pierced toward the sky Demon King.

“White Dragon imperial decree, White Dragon Imperial Jade seal, Marquis title!”

BOOM! BOOM! BOOM!

instantly.

The heavenly Demon King summoned three National aura Saint weapons. Each of them was as powerful as a Saint weapon from the nine Dragons dynasty, and they were surrounded by white dragons.

“Break!”

Roar!

The sky Demon King roared as the power of the nation’s fortune Saint weapon burst forth. The White Dragon Saint decree flew out, turning into a Dragon-shaped white light beam that blocked the soul energy shockwave.

Bang!

An earth-shattering explosion sounded.

Roar!

The White Dragon imperial decree let out a wail as the Dragon-shaped white light beam collapsed. The White Dragon imperial decree flew backward and returned to the hands of the heaven Demon King.

Pfft!

the skydemon monarch suffered the impact and backlash as a trace of blood seeped out of the corner of his mouth.

“This heaven Demon King’s strength is pretty good.”

Jiang Li looked at the sky Demon King. you’re only at the peak of level five, but you can block the attack of an early-stage level six soul realm controller. You’re indeed a Demon King.

“Damn it.”

The sky demon monarch’s expression turned gloomy. indeed, it’s still too difficult to fight against a level 6. Even if the other party is only at the beginning stage of Level 6, even if I have the protection of a sacred artifact and the blessing of the dynasty’s National aura, I’m still not his match.

it was only one move, but the White Dragon imperial decree had used up most of its power. I’m also injured.

Chapter 440 Burning

The battle continued.

Buzzzzzz!

The three soul realms overlapped and formed a strong suppression.

After that.

The three soul realm controllers attacked again. They released their Mechanical Soul energy and formed huge soul energy chains that looked like black pythons. They danced in the air and wrapped around the sky Demon King.

“Roar!”

The Dragon’s Roar shook the heavens and earth.

The 7,000-meter long sky demon White Dragon roared into the sky. Its huge dragon body twisted and a thick white light bloomed. It was extremely dazzling like a Holy sun.

The next moment.

The heaven demon White Dragon turned into a white stream of light and merged into the heaven Demon King's body. The heaven Demon King's aura was greatly enhanced by the National aura true dragon.

Shua! Shua!

the celestial demon monarch unleashed its full speed. like a bolt of white lightning, it dodged the soul chains and shuttled through the gaps between the soul chains.

“Jiang Li.”

“as the dignified human king of great xia, are you only good at hiding behind your subordinates like a coward?” the sky demon king shouted angrily.

“Kill!”

BOOM!

As soon as he finished speaking.

the heaven demon king roared as the white dragon imperial jade seal materialized. like an incomparably huge mountain, it pressed down and blocked the soul chains.

Bang!

The White Dragon Imperial Jade seal was sent flying.

Pfft!

The SkyDemon monarch vomited blood again.

“Soul realm controller.”

Jiang Li looked at the sky Demon King indifferently and ordered, "use the skill 'true soul obliteration'. Don't hold back anymore. Even if you don't use the skill, you might not get a level-five soul Tinder after killing the sky Demon King.

"Yes."

The 3 initial-stage type 6 soul realm controllers nodded simultaneously.

"True spirit obliteration!"

buzzzzzz!

Instantly.

The skills were released at the same time.

The mechanical Soul power spread out, forming waves of ripples that contained a strange power. It directly affected the souls of living creatures and destroyed them.

The solid black ripples were like waves. With the soul realm controller as the center, they instantly spread throughout the entire soul realm.

"!!!"

The heaven demon monarch's pupils constricted as he felt fear. The shadow of death loomed over him, and he acutely sensed that his soul was trembling.

"This is spiritual energy."

The celestial Demon King turned pale with fright as he shouted, "Not good!"

"destroy the formation! Activate!"

It was a critical moment.

The sky Demon King couldn't care about anything else and immediately activated the great destruction array.

In an instant.

“whoosh!!!”

With the ground beneath the heaven Demon King as the center, dense, pure-white array runes spread out at an extremely fast speed.

It had already covered the entire floating island.

BOOM!

In the sky above the floating island.

It was an incomparably huge ‘circular formation diagram’. It materialized and resonated with the formation patterns on the floating island, forming an extremely Grand scene.

Kachaa! Kachaa!

The power of obliteration was released.

The formation was activated.

another Tier 5 Grand array.

Jiang Li looked at what was happening on the floating island and felt the power of the level-five formation. It contained destructive energy.

Obviously.

If the heaven demon capital's 'defensive array' was a defensive-type Tier 5 array, then the 'destruction array' before them was an offensive-type Tier 5 array.

...

Furthermore ...

this 'destruction formation' was clearly extraordinary, and its power surpassed ordinary tier 5 formations.

Buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

It could be seen.

The power produced by the 'great annihilation array' fused with the heavenly Demon King, and the annihilation light formed by the array surged towards the heavenly Demon King.

"heavenly demon dharma!"

boom!

The SkyDemon monarch roared.

At this moment.

The power of the bloodline, the power of the nation's fate, and the destructive power of the destructive formation merged into one, forming an extremely huge celestial demon Dharma.

He was like an angel from heaven.

...

The power was vast.

it was 100000 meters tall.

At the same time.

The White Dragon imperial edict, White Dragon Imperial Jade seal, and the SkyDemon Kingdom Marquis token transformed into three massive three-clawed white dragons that coiled around the SkyDemon Dharma idol.

“Kill!”

BOOM!

The sky Demon King roared and combined with his sky demon Dharma form. He then punched out, and the huge fist print descended like a giant mountain.

Very strong!

The heaven demon monarch was indeed very powerful!

under the enhancement of external forces, it was almost at level six. it was almost invincible at level five. even jiang li was shocked.

“your majesty, you must win!”

“Your Majesty!”

“.....”

On the battlefield.

Countless demons looked over.

he prayed in his heart.

They prayed that the heaven Demon King would win. They prayed that His Majesty, the heaven Demon King, would turn the tide and defeat the powerful enemy, leading them to victory once again.

Bang Bang Bang Bang!

The fist print and the black Ripple collided.

A series of explosions rang out.

Streams of energy exploded.

The destructive storm spread out and wreaked havoc in all directions, causing the entire floating island to shake violently as if there was a magnitude 12 earthquake.

Many cracks appeared on the mountain.

“BOOM!”

A large number of buildings collapsed.

It turned into ruins.

Countless boulders fell from the sky and smashed into the SkyDemon Monarch Capital below.

it was a doomsday-like scene of destruction.

“Pfft!”

the sky demon monarch coughed out blood as his expression changed.

the power of the ‘true spirit obliteration’ skill was targeted at the ‘soul’ and had a similar power to the ‘human ghost clan’. the heaven demon king had blocked a portion of the power, but he couldn’t block all of it.

The SkyDemon monarch’s soul was injured.

He immediately reacted to the heavenly demon Dharma.

Kachaa! Kachaa!

After that.

The celestial demon Dharma form cracked.

The huge fist mark shattered.

‘BOOM!’ There was a loud sound.

“Ah!”

Pfft!

The heaven demon monarch screamed.

He spat out a mouthful of blood.

His body was sent flying.

Even the 100,000-meter-tall heavenly demon Dharma form was sent flying.

hyzk01, go and destroy the formation.

stop! Jiang Li shouted.

“Yes.”

Shua!

hyzh01 flew at top speed toward the sky above the floating island. it then released its soul realm and condensed its mechanical soul energy before it raised its hand and blasted out a palm attack.

bang!

instantly.

It formed a huge palm print that covered the sky and directly hit the circular array diagram of the destruction array.

Kachaa! Crack! Crack!

The formation-diagram directly split open.

BOOM!

There was a loud bang.

The destructive formation's formation map exploded into light spots that filled the sky.

At this moment.

The earth quaked and the mountains shook.

the floating island violently trembled. as the ‘great destruction formation’ was destroyed, the ‘great floating formation’ that allowed the floating island to float in the air also shattered.

After that.

The floating island, which was as huge as a small island, began to disintegrate.

He fell from the sky.

“No!”

“The heavenly Demon Island is falling!”

“We’re finished!”

“His Majesty has lost!”

“His Majesty, the heavenly Demon King, has lost!”

“.....”

The demons looked up at the falling floating island in horror.

His face was filled with fear.

“Ah!”

pfft!

The sky Demon King let out a blood-curdling screech as the ‘annihilation array’ was destroyed. He also suffered the backlash from the destruction of the array. He spat out blood, and his face was as white as a sheet.

The vast heavenly demon Dharma was also disintegrating.

“no!”

Jiang Li! the sky Demon King roared and stared at Jiang Li with bloodshot eyes. He roared like a beast that was about to awaken.

“I want you dead!”

BOOM!

His bloodline was ignited.

The heavenly Demon King ignited his sixth-grade heavenly demon bloodline.

His entire body.

A pure white flame rose.

it was like a sacred flame.

its might increased greatly.

“Kill!”

The sky Demon King soared into the sky, and the flaming sky demon Dharma form overlapped with itself. It then condensed all its power into its next attack.

“A Marquis title!”

Buzzzzzz!

Roar! Roar! roar!

The SkyDemon monarch raised the SkyDemon Kingdom Marquis token with his right hand.

After that.

On the battlefield.

A flood Dragon’s Roar could be heard.

Shua! Shua!

It could be seen.

They were flood Dragons that were 1000 meters long. They had been inspired by the Marquis title and had separated themselves from their original Marquis Kings of the sky demon Kingdom.

They turned into streams of light and entered the sky demon Kingdom Marquis token.

“The three sacred artifacts!”

” combine! ” the skydemon monarch released all his might. ” combine! ”

Shua!

The White Dragon imperial decree and the White Dragon Imperial Jade seal transformed into two white Dragon-shaped streams of light and fused into the SkyDemon Kingdom Marquis token. The three National aura sacred artifacts combined.

“Roar!”

The sky demon White Dragon rushed out of the sky Demon King’s body.

It had also fused into the Marquis token.

Wuwuwuwuwu!

The heavenly demon monarch infused his bloodline power into it as well.

The white flame was burning.

After that.

The sky demon Kingdom’s Marquis token transformed from a white diamond-shaped token into a White Dragon-shaped spear under the will of the sky demon monarch.

It was surrounded by white flames.

“Die!”

White Dragon killing spear! the sky Demon King charged at Jiang Li with determination. White Dragon killing spear!

whoosh!

The spear radiance was like lightning as it pierced through the void.

hurry up!

It was extremely fast!

“soul chains!”

Kachaa! Kachaa!

The next moment.

The three soul realm controllers attacked at the same time. Soul chains that covered the sky appeared like countless black pythons and wrapped around the heavenly Demon King.

“Ah!”

Bang!

There was no surprise.

the heaven demon king was trapped. the gigantic soul chains were like tree roots and vines as they wrapped around the white dragon-shaped spear.

It imprisoned the SkyDemon monarch.

Unable to advance an inch.

“No!”

you’re courting death! the sky Demon King roared and stared at Jiang Li like a fish in a fishing net, struggling.

However ...

it was useless.

No matter how strong a SkyDemon monarch was, they were only at the perfected stage of Tier 5.

However, the heaven demon monarch's opponent was a level 6.

Moreover ...

there were three type 6 powerhouses.

Even if soul realm controllers weren't good at head-on combat, they were more than enough to deal with a perfected-stage level five heavenly Demon King when they worked together.

There was more.

Hyzk01, who was at the mid-stage of level six, was standing beside Jiang Li.

In other words ...

Even if the heavenly Demon King could create a miracle and break through the three early-stage rank 6 soul realm controllers, he still had to face the mid-stage rank 6 hyzk01.

He would only feel more despair.

"It's over."

sky Demon King. Jiang Li looked down at the sky Demon King. sky Demon King, from now on, the sky demon Kingdom will no longer exist. All the demons in the northern region of the Holy peace state will become the vassals of the great Xia Dynasty.

“You can die now,”

As soon as he finished speaking.

Jiang Li waved his hand.

Shua! Shua!

The Green Dragon imperial edict and the Green Dragon Imperial Jade seal appeared.

roar!

At the same time.

The Azure Dragon of the great Xia materialized.

It was four thousand meters long.

“Green Dragon absolute kill seal!”

buzzzzzz!

kill. Jiang Li formed a seal with his hands and used his most powerful martial arts technique, forming nine killing seals. The killing seals combined into a killing formation and then merged with the power of the green Dragon imperial edict and the Green Dragon Imperial Jade seal.

The Xia Dynasty Azure Dragon also turned into a ray of Azure light and entered the ‘killing formation’.
