

Army 441

Chapter 441 Double

“die!”

Jiang Li looked down at the sky Demon King and raised the power of the ‘killing formation’ to the limit. It was almost level five. The green killing formation fell from the sky.

It was like a circular millstone.

It fell towards the sky Demon King.

“Ah! I’m not willing to accept this!”

I can’t accept this! the celestial demon monarch roared angrily. I can’t accept this!

Kachaa! Kachaa!

The soul chains were shaking violently.

the skydemon monarch wanted to break free.

Obviously.

If the heaven demon monarch could break through to Level 6 ...

Even if it was only at the initial stage of the sixth step.

At that time.

With the three Nine Dragons Kingdom fate Saint artifacts, the power of the SkyDemon Kingdom, and the power of a Tier 5 formation, he was more than capable of fending off the combined attacks of the soul realm controllers.

It wasn't so easy for Jiang Li to kill the sky Demon King.

In the end.

even if jiang li won.

they would still suffer heavy losses.

they had no choice but to end the war with 'peace talks'.

However ...

There were no ifs in this world.

Jiang Li made the right decision. After knowing that the 'sky Demon King' might break through to level six, he decided to make sure that there were no unexpected changes.

He immediately led the great Xia Army.

They attacked the SkyDemon Monarch Capital.

it interrupted the heaven demon king's seclusion and destroyed its ambitions.

The SkyDemon monarch failed to break through.

"Pfft!"

Blood splattered everywhere.

The heaven Demon King's furious roars and unwilling roars came to an abrupt end.

the millstone-like green 'killing array' had already descended and enveloped the heavenly demon king. green radiance bloomed and covered the heavenly demon king's entire body.

His life force was completely extinguished.

The SkyDemon monarch was bound by soul chains.

He couldn't release any energy to resist Jiang Li's 'Azure Dragon absolute kill seal'.

In the end.

He could only watch Jiang Li kill him.

Logically speaking.

Jiang Li was only in the perfected stage of level four while the heavenly Demon King was in the perfected stage of level five. With Jiang Li's strength, he couldn't kill the heavenly Demon King even with his strongest attack.

but ...

The SkyDemon monarch was unable to resist.

He could only take Jiang Li's attack head-on.

It was natural.

They would be killed by Jiang Li.

“Your Majesty!”

His Majesty, the heavenly Demon King, has fallen!!!

“no!”

“Run!”

“The sky Yao Kingdom is finished! The monster race is finished!”

“.....”

The demon soldiers screamed in fear.

Panic!

Endless panic spread throughout the entire demon Army like a virus.

Their morale collapsed.

At this moment.

...

The demon soldiers threw away their helmets and armors and scattered in all directions.

They no longer had the courage and morale to continue fighting.

“Kill!”

“rumble!”

The mech Army and puppet army had already formed an encirclement and trapped the demon soldiers. Countless shells and missiles were fired.

“Get lost!”

boom!

at the edge of the battlefield.

A large number of level-four demons formed a strong team and killed the puppet Warriors one by one. Many meches were destroyed in their hands.

it was like a sharp knife.

They wanted to break through the encirclement of the ‘great Xia Army’.

...

Clang!

the sound of a sword.

DTS01, MYL01, and the others were charging over.

The sky-blue sword ray descended.

He had killed a level-four demon with a single strike.

“Fifth tier of the five luminaries heaven!”

quickly escape!!

The Tier 4 demons widened their eyes in horror.

Shua! Shua! shua!

the next moment.

In the surroundings.

The Level 4 mech troops formed by mech Ares soldiers, energy bomb soldiers, mech cavalry, and super meches surrounded the Level 4 demons.

“Kill!”

Pfft! Pfft! pfft!

A massacre began.

The level-four demons were surrounded and killed.

“rumble!”

finally ...

the floating island crashed into the ground, shaking the earth. more than half of the heaven demon kings were destroyed, creating huge pits.

Countless cracks spread across the entire SkyDemon Monarch Capital.

A large number of buildings collapsed.

Buzzzzzz!

At this moment.

On the SkyDemon monarch's corpse.

Purple light gathered.

It instantly turned into a purple light and merged into Jiang Li's body.

[acquired a tier 5 soul tinder!]

A notification appeared.

another level-five soul Tinder has dropped.

jiang li was overjoyed. ” this time, i got two level-five soul tinders. ”

“come here.”

Shua! Shua! shua!

Jiang Li waved his right hand.

he used the power of the nation's fate to guide it.

Immediately.

The sky demon Kingdom's white Dragon Imperial Jade seal, White Dragon imperial decree, and the sky demon Kingdom's Marquis token were all in Jiang Li's hands.

The luster was slightly dim.

Roar!

At this moment.

A sorrowful Dragon's Roar came from the sky.

Jiang Li looked up.

This was because the heaven demon monarch had died.

In addition, the sky Fey Kingdom's Army had been completely defeated.

The sky demon Kingdom's fate was already decided.

in the end, it would only lead to destruction.

“roar!”

Jiang Li saw the 7000-meter-long ‘sky monster White Dragon’ appear in the sky. It was huge and majestic. It was so lifelike that it looked like a real Dragon.

However ...

The sky demon White Dragon's Roar was filled with sorrow and pain.

Kachaa! Kachaa!

Countless cracks gradually spread.

The invisible fate of the nation was crumbling.

” the true dragon of the country’s fate is collapsing! ”

“His Majesty has really fallen!”

“Is the sky demon Kingdom going to be destroyed?”

“.....”

countless demons looked at the transformation of the ‘heavenly demon white dragon’ in a daze.

“The Azure Dragon of the Grand Xia.”

stop! Jiang Li shouted.

Roar!

A high-pitched Dragon’s Roar.

Under Jiang Li’s control, a four-thousand-meter-long great Xia Azure Dragon appeared and hovered in the sky. The Azure light was extremely intense. From the length of the Dragon, the four-thousand-meter-long great Xia Azure Dragon was far less than the seven-thousand-meter-long sky monster White Dragon.

Furthermore ...

There was also a huge difference in power.

However ...

The ‘heavenly demon White Dragon’ was collapsing, and the fate of the country was dissipating. It was like an old man in his twilight years, no longer as powerful as before.

on the other hand, the azure dragon of the xia dynasty was a young man who was growing vigorously.

“Devour!”

Buzzzzzz!

Azure Dragon technique. Jiang Li used the Azure Dragon technique to control the Azure Dragon. The Azure Dragon opened its huge mouth and released a terrifying suction.

it enveloped the sky demon white dragon.

“roar!”

The sky demon White Dragon struggled with all its might, but it was to no avail.

The vast fortune of the country was flowing out of the celestial demon White Dragon’s body and was completely devoured by the great Xia Azure Dragon. The great Xia Azure Dragon was gradually growing stronger.

4,100 meters 4500 meters 5000 meters

time passed.

The Azure Dragon of great Xia grew bigger and bigger, and the fate of the country grew stronger and stronger.

Its might was also getting stronger and stronger.

The four soul realm controllers stood beside Jiang Li to ensure his safety.

Finally ...

A day later.

BOOM!

It was accompanied by the last sorrowful cry of the ‘heavenly monster White Dragon’.

after that.

The sky demon White Dragon disappeared completely.

The fate of the ‘SkyDemon Kingdom’ had been completely devoured by the Azure Dragon of the great Xia Dynasty. Furthermore, the source of the Kingdom’s fate had also been devoured and refined. This represented the true destruction of the SkyDemon Kingdom.

“Hu ~~ Hu ~ Hu ~”

Azure Dragon?”Jiang Li opened his eyes and stopped channeling. He raised his head and clearly saw the Azure Dragon hovering above him.

Eight thousand meters!

it was eight thousand meters long!

That’s right.

after the azure dragon of the great xia had devoured the celestial demon white dragon and inherited the fate of the celestial demon kingdom, it had grown to a length of eight thousand meters.

in other words ...

At that moment, the great Xia Dynasty's National fortune was even stronger than the SkyDemon Kingdom.

“Very good!”

great. Jiang Li felt the power of the Azure Dragon and nodded in satisfaction. the sky demon Kingdom is indeed one of the three most powerful kingdoms in the northern region of the Saint peace state.

it has grown by a full four thousand meters!

“Yes.”

Jiang Li lowered his head.

On the battlefield below.

The war had already ended.

The sky Fey Kingdom's Fey Army had been completely annihilated.

He looked around.

Countless demon corpses were lying on the ground, and the blood that flowed out of them had formed a blood sea. The air was filled with a thick smell of blood and pungent smoke.

at the same time.

Jiang Li looked at the puppet army and the mech Army.

Among them.

The puppet army had lost a total of thirty million.

Ten million of his meches were also wasted.

In other words ...

In this war.

Although Jiang Li won and annihilated the sky demon Kingdom's demon Army, the 'great Xia Army' also lost a lot. They lost 40 million soldiers in total.

Of course.

The battle results were extremely glorious.

Furthermore ...

There were nearly a hundred million demon soldiers 'bodies on the battlefield. As long as Jiang Li wanted to, he could control the soul realm and make them into a puppet army of nearly a hundred million.

There was more.

They had taken down the sky demon Kingdom.

All the resources of the sky Yao Kingdom would fall into Jiang Li's hands.

after the war ended.

Jiang Li didn't need to tell him.

The battlefield commanders sent meches to search the celestial demon capital. The mech Army searched the entire city.

However ...

Almost two-thirds of the SkyDemon Monarch Capital had been reduced to ruins. A large number of demons took advantage of the chaos to escape with their resources.

Fortunately ...

Jiang Li's 'great Xia Army' had already locked down the entire sky demon capital.

in addition, there was the surveillance of the air reconnaissance troops.

There were very few demons who escaped.

At this moment.

The great Xia Army had already plundered a large amount of resources from the celestial demon Monarch Capital and had piled them together. Among them, there was a large amount of spirit crystals.

“Not bad.”

Jiang Li was very satisfied with the performance of the mech Army.

“whoosh!!!”

At this moment.

Because of the rapid growth of the National fate, Jiang Li felt the call of the 'sacred peace state' again. At the same time, he also felt the 'feedback' of the National fate.

“There's no rush.”

Jiang Li suppressed the ‘National fortune feedback’ and didn’t communicate with the ‘young dragon ranking-Saint peace state’. Instead, he summoned the Dominator panel.

“Building the 15th base.”

let’s go. Jiang Li found an open space in the capital of the sky Demon King. He used the energy points and started building the fifteenth base. The normal Mechanical Engineers and mechanical soldiers started working.

an illusory building appeared.

it slowly solidified.

Immediately after.

Jiang Li then took out the White Dragon imperial edict, the White Dragon Jade seal, and the sky demon Kingdom’s Marquis token.

“Devour!”

Jiang Li controlled the Green Dragon imperial edict, the Green Dragon Imperial Jade seal, and the Xia Dynasty’s Marquis token to devour and refine the White Dragon imperial edict, the White Dragon imperial seal, and the sky demon Kingdom’s Marquis token.

Roar! “Roar!”

The Dragon roared.

Not long after.

the three sacred artifacts of the sky demon kingdom were all devoured and refined by jiang li. the source of the sacred artifacts had been integrated into the three sacred artifacts of the great xia dynasty.

Shua! shua!

the azure dragon shadow appeared.

There were a total of 27 streaks.

In other words ...

The three sacred weapons of the great Xia Dynasty.

The Green Dragon imperial edict, the Green Dragon Imperial Jade seal, and the Marquis title of the great Xia Dynasty.

All of them had reached the nine-Dragon level!

It was the highest grade of a dynasty Saint weapon.

Further up were the dynasty's Saint artifacts.

Chapter 442 A breakthrough

“Collect!”

Jiang Li waved his right hand.

Immediately.

The Green Dragon imperial seal, the Green Dragon imperial decree, and the Marquis token of the great Xia Dynasty.

The three sacred weapons that had been upgraded to nine-Dragon level dynasty sacred weapons turned into three rays of blue light and fell into Jiang Li's hands.

After that.

There was a flash of green light.

he kept it into his body.

It was floating in his dantian.

Buzzzzzz!

Soon after.

Jiang Li closed his eyes.

His consciousness started to communicate with the 'young dragon ranking-holy peace state'.

The scene changed.

In the space of consciousness.

In the dark.

in this world of endless darkness.

A purple-gold radiance bloomed.

Finally.

It formed a purple-gold Board.

It slowly unfolded.

At this moment.

The entire purple-gold ranking list.

Jiang Li could see more than two-thirds of the list. Less than one-third of the list was covered in purple-gold fog.

he looked around carefully.

Jiang Li realized.

the great xia dynasty's ranking had risen from 31st to 15th.

It had increased by a total of sixteen places.

He had entered the top twenty.

in other words ...

In the entire holy peace Region.

Only 14 dynasties had a better national fate than the great Xia Dynasty.

Other than that.

All the remaining dynasties had a weaker fate than the great Xia Dynasty.

jiang li's eyes gradually moved down.

Young dragon ranking-Saint peace state

[first place: ???]

[second place: ???]

[third place: ???]

.....

15th place: the Xia Dynasty, country name 'Xia', King' Jiang Li'.

16th place: Chaoyang dynasty, country name 'Chaoyang', King' mang Luo'.

17th place: Magus Beast Kingdom, title 'Wu', King' Wu Shou'.

18th place: demon spirit dynasty, country name 'demon spirit', king' mo min'.

19th place: Black Dragon barbarian kingdom, name 'Black Dragon', King' an he de'.

20th place: Python Kingdom, title 'Python', King' Soaring Dragon'.

.....

25th place: Shu country, country name 'Shu', King' Liu De'.

.....

.....

the Black Dragon barbarian kingdom is ranked 19th. The Shu Kingdom is not even in the top 20. They are only ranked 25th.

Jiang Li finished reading the information about the ‘young dragon ranking-Saint peace state’. With the current ranking of the great Xia Dynasty, he could basically see the entire ranking.

Obviously.

...

In Jiang Li’s hands, the great Xia Dynasty had become the No. 1 Empire in the northern region of the Saint peace state. Its National fortune had even surpassed the Shu nation and the Black Dragon barbarian kingdom.

buzzzzzz!

At this moment.

From the purple-gold ranking list, three dense purple-gold masses of light separated from it.

It slowly merged into Jiang Li’s consciousness.

After that.

Jiang Li received several messages.

congratulations to the great Xia Dynasty for its promotion. You have risen by 16 places and are now ranked 15th, entering the top 20. Reward 1: Great Xia’s Azure Dragon technique has been promoted!]

Buzzzzzz!

Immediately after.

A series of detailed information appeared in Jiang Li's mind. It was mysterious and contained all kinds of mysteries. The level four Supreme-grade great Xia Azure Dragon technique had been improved to level five.

...

That's right.

it wasn't level five low-grade.

Instead, it was a top-tier fifth-rank item.

the cultivation method was directly promoted to a large level.

"It's actually a top-grade rank 5 item."

Jiang Li was surprised.

In reality.

a fifth-tier supreme-grade was still too low.

One had to know.

After the Black Dragon barbarian kingdom and the sky Fey Kingdom entered the 20th place, their 'National aura cultivation technique' had been upgraded from level five Supreme-grade to level six low-grade.

jiang li, on the other hand, was only a level five supreme-grade.

However ...

Jiang Li was conferred the title of Marquis before he even entered the top 30.

so,

The rewards for the ‘young dragon ranking’ were not always the same.

It would change according to the specific situation.

The rewards would be different.

[reward 2: high-level slave contract]

Very quickly.

This was the second reward.

The great Xia Dynasty’s ‘intermediate slave contract’ had been upgraded to ‘advanced slave contract’.

There was a huge improvement in his abilities.

The most important thing was ...

there was no longer a limit to the number of ‘normal contract charms’ of ‘advanced contract’.

It could be infinitely divided.

The ‘core contract charm’ could be divided into ten thousand pieces.

“It’s alright.”

” okay. ” jiang li nodded in satisfaction.

reward 3: Green Dragon killing seal.

Buzzzzzz!

It was another large amount of information on cultivation methods and martial arts techniques.

Jiang Li accepted all of them.

It was a top-grade fifth-rank martial art.

It could be said to be the upgraded version of the ‘Azure Dragon absolute kill seal’.

Among them.

The ‘Azure Dragon absolute kill seal’ condensed nine killing seals, and when completed, they could form a ‘killing formation’.

The ‘Green Dragon killing seal’ was based on the ‘Green Dragon absolute killing seal’. One had to train the ‘Green Dragon absolute killing seal’ ‘to the level of perfection before they could train it.

Just after he entered the sect.

The ‘Green Dragon killing seal’ could Form 27 killing seals, forming an even stronger ‘killing formation’.

Further up.

Until he reached perfection.

In the end, he could form eighty-one killing seals.

they formed the ‘green dragon great killing formation’.

It had endless power.

other than these three rewards.

There were no other rewards.

His consciousness returned.

Buzzzzzz!

Immediately.

” azure dragon technique. ” jiang li started to run the level-five great xia azure dragon technique. azure light flashed around him and azure dragons appeared, spinning around him.

Jiang Li stopped suppressing the feedback of the Fortune of the country.

“Roar!”

Immediately.

roar! the Xia Azure Dragon roared. A vast Azure light fell from the 8000-meter long Dragon like a waterfall and covered Jiang Li’s body.

“Whoosh!!!”

At this moment.

Jiang Li felt the power of the nation's fate flowing into his body through all his pores to help him cultivate.

Time passed.

Very quickly.

jiang li finished the transformation.

He had cultivated the fifth-tier superior-grade great Xia Azure Dragon technique.

After all ...

The Tier 4 superior-grade great Xia Azure Dragon technique and the Tier 5 superior-grade great Xia Azure Dragon technique were of the same origin. Under normal circumstances, it wouldn't take long to switch cultivation.

Moreover ...

Jiang Li's current state was the blessing of the country's fortune.

Buzzzzzz! Buzzzzzz!

The spiritual Qi of heaven and earth gathered.

A giant whirlpool of spiritual Qi appeared above Jiang Li's head. Like a tornado, it sucked in the surrounding spiritual Qi.

He refined them all.

Inside his body.

Jiang Li's true essence was being refined and gathered.

In the end.

In the depths of his dantian.

it was as if a core black hole had been born.

It devoured all the true essence in Jiang Li's body and gathered them together.

BOOM!

Jiang Li's body shook.

his aura continued to rise.

He had already broken through a limit.

Tier 5!

Jiang Li had reached the early stage of level five!

Jiang Li immediately looked inside his body.

In his dantian.

It was a green true core.

It was extremely condensed.

It exuded a purer and higher quality true essence energy.

He took a closer look.

On this true elixir.

There was a pill pattern of a three-clawed Green Dragon.

“I’ve broken through,”

Jiang Li was happy. He wasn’t surprised. Everything was within his expectations.

Furthermore ...

The feedback from the country’s fate was far from over.

After all ...

This time, the great Xia Dynasty had entered the top 20.

The improvement of the country’s fate.

It would get more and more difficult later on.

After the Azure Dragon of the great Xia Dynasty devoured the seven-thousand-meter-long celestial White Dragon, his height increased from four thousand meters to eight thousand meters. However, it was extremely difficult for him to increase his height even a little after that.

so,

The feedback from the country’s fate was also huge.

“continue!”

He had stabilized his cultivation base.

Jiang Li continued to cultivate with the help of the nation’s fortune. The true core in his body became more and more solid and absorbed a vast amount of heaven and earth spiritual Qi.

gradually.

On the true core in his body.

A second three-clawed Green Dragon pill mark appeared.

Not long after.

A third one appeared.

boom!

When the third three-clawed Green Dragon pill pattern appeared.

Jiang Li’s cultivation had a breakthrough.

it rose from the initial-stage of the fifth rank to the middle-stage of the fifth rank.

One had to know.

To the other human race martialists, this was a huge problem.

A breakthrough in cultivation.

It was extremely difficult.

If one wanted to break through to the next realm ...

Not only did it require a large amount of resources, but it also required opportunity and luck.

Of course.

However, it was different for geniuses with heaven-defying talents.

but ...

Even geniuses couldn't do what Jiang Li did.

Breaking through was as easy as eating and drinking.

One after another.

in less than a day.

Jiang Li broke through twice in a row.

It advanced from the perfected Tier 4 to the middle-stage Tier 5.

Such a speed of improvement.

It was truly terrifying.

The country's fate was giving feedback.

It was just so powerful.

There was no reason.

“Very good!”

I’m so happy. Jiang Li once again felt the pleasure of his cultivation rising like a rocket. He sighed in his heart, ” the power of the nation’s fate is indeed strong. I can break through without any obstacles.

it’s precisely because the power of the country’s fate is so strong that all the races in the Super Fantasy world want to establish dynasties and gather the country’s fate.

“It’s precisely because of this phenomenon.”

“That’s why there are so many dynasties.”

“Yes.”

Jiang Li sensed it and said, ” the rest of the country’s fate feedback is not enough for my cultivation to continue advancing. In that case, I’ll use it to cultivate the ‘Azure Dragon killing seal’.

buzzzzzz!

Immediately.

Jiang Li started to learn the ‘Green Dragon killing seal’.

In his mind.

all kinds of mysteries of the ‘azure dragon killing seal’ flowed in his mind. with the feedback of the fortune of the nation, jiang li seemed to have entered a state of enlightenment.

His comprehension ability increased greatly.

He had gradually comprehended the various profoundness of the ‘Green Dragon killing seal’.

Shua! Shua!

seal! Jiang Li formed a seal with both hands.

Around him.

Countless Green Dragon shadows circled.

Under Jiang Li’s seal.

They condensed into many ‘killing seals’.

Nine, twelve, eighteen, twenty-five.

BOOM!

Finally.

27 ‘killing seals’ formed.

“Close!”

“Roar!”

The Dragon’s Roar shook the sky.

The 27 'killing seals' gathered and formed a huge 'killing array'. This' killing array 'was surrounded by green light and shadows, and it contained an extremely terrifying killing intent that could destroy everything.

It was as if ...

He had already touched the realm of 'killing path'.

All living things withered.

Exterminating life.

It was extremely terrifying.

Its power was more than a few levels stronger than the 'Green Dragon absolute kill seal'.

“Go!”

jiang li pointed with his right hand.

The killing array descended.

It was magnified in the air.

The millstone-sized 'killing formation' expanded with the wind and turned into a green killing formation with a diameter of 10000 meters. It wiped out all life and fell into the mountain range in the distance.

“Rumble!”

The ground shook.

It could be seen.

In the mountain range in the distance.

The killing formation covered an area of 10000 meters.

Everything was reduced to ashes.

A huge pit with a diameter of 10000 meters appeared.

There were no living beings.

“So powerful.”

Azure Dragon kill seal. Jiang Li looked at the scene he created and couldn't help but sigh, "this Azure Dragon kill seal is much more powerful than the Azure Dragon absolute kill seal.

“As expected of a top-grade fifth-rank martial art.”

“Moreover, this is only the beginning.”

Chapter 443 mine vein

It could be said that ...

The current Jiang Li.

He had the support of the 8000-meter long Azure Dragon of great Xia, three nine-Dragon Dynasty Saint weapons, and the enhancement of the Tier 1 – 3 gene strengthening fluid.

Coupled with the nation's fate martial arts that he had mastered.

His strength had increased greatly.

Even ...

Jiang Li was confident that he could fight the sky Demon King.

Even if they couldn't win.

He could also deal with them.

mid-stage of the fifth rank!

jiang li was no longer a weakling.

With Jiang Li's current cultivation and strength, he was still a genius.

Even in a weaker 'dynasty', one could become a Duke and enjoy the blessing of the dynasty's National fate. One could even command the Army and be considered a true 'Big Shot'.

half an hour later.

okay. Jiang Li completely consolidated himself.

He stopped cultivating.

Furthermore ...

The feedback from the country's fate had also been completely exhausted.

In the end.

Jiang Li's cultivation had reached the mid-stage of level five. Once he learned the basics of the 'Green Dragon killing seal', the power of the blessing of the country would be completely exhausted.

at this moment.

The 15th base was also completed.

Shua!

jiang li flew down from the sky.

He stood on the ground.

"Master."

Jiang Li! Xing Wuwu immediately ran over. His eyes were full of respect, especially after he sensed that Jiang Li had reached the mid-stage of level five.

The fear in his heart grew.

"yes."

Jiang Li glanced at Xing Wuke and nodded in response.

"Your Majesty!"

At this moment.

The 14 battlefield commanders.

Level five meches such as DTS01 also came.

“MYL01.”

” hm? ” jiang li looked at myl01, who was surrounded by dark mist. ” your evolution progress is full again? ”

“Your Majesty.”

“Yes,” MYL01 nodded.

“Alright,” he said.

” okay. ” jiang li nodded.

Shua!

With a thought.

He operated the Dominator panel.

It consumed eight billion energy points.

promoted to myl01.

Shua! Shua!

MYL01’s body glowed.

A few seconds later.

He had already completed his advancement.

myl01 had reached the peak of tier 5.

Buzzzzzz!

The black mist of the demonic spirit that was constantly rolling around his body calmed down.

his skills, demon spirit's body and destructive storm, had been upgraded to top-tier tier tier 5.

...

His strength had increased greatly.

It could be said that ...

MYL01's current strength had already surpassed DTS01.

this was because myl01 was a special mechanical unit.

DTS01 was just an upgrade from the 'mechanical winged air soldier'.

However ...

DTS01 had been promoted four times.

There were many skills.

He was not weak either.

“Thank you, Your Majesty.”

myl01 said immediately.

...

This way ...

Jiang Li now had three perfected-stage level-five meches.

” most of the resources in the heavenly demon capital have been collected and plundered. there are still a few that haven’t been found. all the resources are stored in the same place. ”

At this moment.

Commander zh01 reported.

“Alright,” he said.

Jiang Li nodded in satisfaction and immediately said, ” battlefield commanders, immediately form ten ‘clean-up legions’ and wipe out the entire sky Fey Kingdom. Wipe out all the resources in every Marquis, County, city, and even every Fey village.

I can’t let go of even a single lower spiritual crystal.

“Yes!”

“Yes, sir!”

The 14 commanders responded in unison.

Immediately.

The mech Army started to move.

Ten ‘clean-up legions’.

Each ‘clean-up Army’ was led by a battlefield commander, and each ‘clean-up Army’ was assigned two million troops, with an additional Tier 5 combat power to be cautious.

this was to prevent them from encountering any hidden tier 5 demons.

“Rumble!”

the engine roared.

The ‘clean-up Army’ set off one after another.

They were divided into ten directions.

In the blink of an eye, they quickly dispersed.

He disappeared into the distance.

Jiang Li looked away.

in the skydemon capital.

He also left behind ten million meches and thirty million puppet Warriors.

“Soul realm controller.”

turn all the monsters 'bodies into puppet Warriors, ” Jiang Li ordered.

“Yes.”

the four soul realm controllers nodded.

They followed Jiang Li's order.

Buzzzzzz!

He opened his soul realm.

It covered the entire battlefield.

A vast amount of Mechanical Soul power was released.

After that.

The living creature's corpse reassembled.

A few zombie-like puppet Warriors stood up.

There were many of them.

Even though there were already corpses.

However, creating puppet Warriors still required time.

after all, it wasn't just one or two.

It was tens of millions.

Or even hundreds of millions.

“Yes.”

okay. Jiang Li nodded in satisfaction as he watched the puppet Warriors increase.

Although there were only thirty million meches left, the puppet warrior Army would have a surge.

furthermore ...

After clearing out all of the sky demon Kingdom’s resources, the energy points would probably surge. All sorts of materials, pills, weapons, and so on would increase.

It would also usher in an explosive increase.

war was a huge profit.

as long as they could obtain victory.

The plundered resources could make up for all losses.

Base 015.

It had already been built.

jiang li walked in.

build ‘teleportation station’.

After that.

It consumed ten million energy points.

Jiang Li asked the mechanical soldiers to build a teleportation station.

An hour later.

the construction of the stations was completed.

“Whoosh!!!”

A wormhole vortex appeared.

It was already connected to the base of the 01 division.

” mech army, start moving the supplies. ”

Jiang Li said.

“Yes.”

“Rumble!”

Almost ten million meches started to work according to Jiang Li’s orders. They bought a lot of armor, weapons, materials, ores, gold, silver, jewelry, pills, and other materials.

They passed through the wormhole vortex.

They were quickly teleported outside the base of the 01 division.

shua!

The scene changed.

Jiang Li teleported back to the imperial capital.

After that.

let's go. Jiang Li found Xu Ya and the others. He told them to organize a transportation team made up of slaves and start moving the supplies to the Xia Treasury.

“Not bad.”

Jiang Li looked at the busy slave transport team and nodded with satisfaction. He returned to the base of the No. 015 Army through the ‘teleportation room’ and prepared to convert the harvest this time.

The SkyDemon capital.

The empty ruins.

There were millions of demons gathered there.

Most of them were residents of the sky demon Monarch Capital. There were nobles from the sky demon Kingdom, and some were even direct descendants of the sky demon monarch. They had royal blood.

However ...

Now, they had all become ‘captives’.

furthermore ...

They would soon become demon slaves.

“Divide!”

buzzzzzz!

Jiang Li waved his hand and summoned the ‘advanced slave contract’. The Azure Dragon of Xia appeared. It was eight thousand meters long and its head was huge. It lowered its head and looked at the civilians kneeling on the ground.

Under the might of the Azure Dragon of the great Xia.

The millions of demons trembled in fear.

Shua! shua! Shua!

in an instant.

jiang li used the power of the nation’s fate and created millions of ‘ordinary contract talismans’ through the ‘advanced slave contract’. they fell from the sky like a meteor shower and merged into the minds of every demon.

They were imprinted on their souls.

Very quickly.

As a result, a faint three-clawed Green Dragon Mark appeared on the glabella of the demon people.

It represented their status as ‘demon slaves’.

the demon slave contract was not a 100% success rate.

“Ah!”

Some of the demons were not willing to accept such a fate, nor were they willing to become demon slaves and resist the enslavement of the ‘ordinary contract talisman’.

Among them.

Most of them were the sky demon Kingdom’s nobles and the direct descendants of the sky demon monarch.

Hence.

Bang Bang Bang Bang!

These were the offspring of the noble and Royal families.

They were all dead.

Their heads exploded like watermelons.

They became headless corpses.

Jiang Li didn’t care about that.

They were just some demon slaves.

If he died, then he died.

resist?

he was just looking for death.

Soon after.

Jiang Li found a few high-ranking slaves and confirmed their management positions. He gave them the power to manage the slaves.

The work of these demon slaves.

For the time being, he would help the mech Army Transport the supplies.

“Your Majesty, Emperor Xia.”

‘Tian Wushuang’ carefully walked to Jiang Li’s side. He lowered his head and bent his back. His tone was full of respect and humility.

“Is there something?”

Jiang Li looked at Tian Wushuang.

This demon slave.

Jiang Li had some impression of it.

first of all ...

Tian Wushuang had the bloodline of the heavenly monster tribe, and her cultivation was at the great circle of stage two. She wasn’t too weak and had already reached the limit of an ordinary contract talisman.

The ‘ordinary contract talisman’ could only contract creatures below the third stage.

Not including the 3rd rank.

Tian Wushuang only put up a symbolic resistance before obediently accepting his fate.

so,

Jiang Li made Tian Wushuang the ‘manager of the sky Monster Kingdom’.

Managing a few million demon slaves.

Tian Wushuang’s status in the sky Fey Kingdom was much higher than before.

“Your Majesty.”

Tian Wushuang said softly, “I know the location of the spirit crystal mine in the heaven Fey Kingdom. There are three small spirit crystal mines and one medium one in the entire heaven Fey Kingdom.”

there are a large number of barbarian slaves and human slaves in the four mine veins to mine for spiritual crystals.

“Spiritual crystal mine.”

where is it? ” Jiang Li was overjoyed and asked, ” where is it? ”

One had to know.

Jiang Li had spent a lot of time studying the general knowledge of the Super Fantasy world some time ago, so he had some general knowledge about it.

among them.

He knew about the spirit crystal vein.

as the name suggested.

‘Spiritual crystal mines’ were places that produced ‘spiritual crystals’.

However ...

There was 'spiritual radiation' in the 'spiritual crystal mine', and staying inside for a long time would cause the 'spiritual radiation' to continuously erode the vitality of living beings.

All sorts of sudden changes occurred.

Finally, he died.

so,

Most of the dynasties.

they let the non-humankind slaves mine.

In reality.

There was a small spirit crystal mine in great Wei.

However ...

Wei Lin didn't tell Jiang Li.

Instead, he chose to hide it.

It could be seen from this.

The benefits of the spiritual crystal mine were huge.

Under such circumstances.

Wei Lin even dared to hide the fact that Jiang Li had a spirit crystal mine.

“Your Majesty, I can lead the way for you.”

Tian Wushuang said respectfully.

“Alright,” he said.

” yes. ” jiang li nodded. ” tian wushuang, if what you said is true and you really found three small crystal mines and a medium one ... ”

“You’ve contributed a lot.”

“I can grant you the position of a ‘core servant’, and I will also bestow you with’ precious medicine ‘that will allow you to be reborn.”

“Thank you, Your Majesty!”

yes! Tian Wushuang said excitedly, ” this servant is telling the truth. Every word is true. There is absolutely no lie.

“He’s really a lucky bastard.”

xing wuke coldly snorted.

one had to know.

there was a fundamental difference between a core servant and a normal servant.

Because of the power of the ‘core contract charm’, the core servants could be trained as trusted aides.

Tian Wushuang had really reached the top in a single step.

Chapter 444

“Your Majesty, this servant will lead the way for you.”

Tian Wushuang said.

“No rush.”

jiang li waved his hand. the crystal mine couldn't run away, so he didn't need to worry. he had to convert the resources into energy points first.”You go and manage the demonic slaves first. There must be no chaos. I will send someone to find you later.”

“Yes.”

Tian Wushuang nodded his head honestly.

“go on.”

jiang li waved his hand.

“The servant will take his leave.”

Tian Wushuang retreated and left.

“Xing Wuwu, you go and take a look as well.”

Jiang Li said.

“Yes, Master.”

Xing Wuke bowed respectfully.

Vaguely.

Xing Wuke felt some ‘pressure’ in his heart.

Before this.

Xing Wuwu was the only ‘core servant’.

There was no competition.

And now ...

If there were no accidents.

Tian Wushuang would also become the second ‘core slave’.

In the future.

His Majesty Emperor Xia would definitely have more and more ‘core slaves’.
When the number of ‘core slaves’ increased, there would naturally be competition.

“There’s a saying that if you don’t advance, you’ll fall behind.”

Xing Wuwu clenched his fists and said to himself, ” therefore, I must work hard to improve my cultivation and enhance my own strength. This way, no matter how many ‘core slaves’ His Majesty Emperor Xia has, I will still have a place.

Soon after.

Zh01 and the others will lead the way.

jiang li went to the place where the supplies were stored.

The Treasury of the sky Fey Kingdom.

“chief sovereign.”

Zh01 pointed to the front and said, ” ” all the herbs, spirit herbs, and spirit crystals that we found in the sky demon monarch capital are stored here. ”

“please check.”

“Alright,” he said.

okay. Jiang Li nodded.

He gestured for zh01 to open the door.

“BOOM!”

The huge metal door opened.

There was a strong smell of medicinal herbs.

Jiang Li walked in.

In this huge room.

A large number of medicinal herbs and spirit herbs were messily piled up.

they were thrown together casually.

There was no division.

Because there was no need.

Jiang Li was going to turn all the herbs and spiritual herbs into energy points.

“convert!”

jiang li opened the dominator panel and started the energy point conversion function. he reached out his right hand and touched the herbs in the room.

Buzzzzzz!

In an instant.

A white light flashed.

It covered more than half of the room.

With a whoosh.

...

It was visible to the naked eye.

A large number of medicinal herbs and spirit herbs disappeared into thin air.

Shua!

conversion successful. You’ve received two billion energy points!

.....

conversion successful. You've received 3.8 billion energy points!

.....

Buzzzzzz! Buzzzzzz!

In the SkyDemon Kingdom's Treasury.

there was a continuous flash of dazzling white light. the seemingly endless medicinal materials that had originally piled up into a mountain were converted one by one, obtaining a large number of energy points.

In front of him.

...

A series of notifications appeared.

Finally.

All the medicinal herbs and spirit herbs had been transformed.

“Done.”

Jiang Li looked at the empty treasury room.

Shua!

the dominator panel opened.

In the energy points column.

This time.

it was just that the spirit herbs and medicinal herbs were all transformed.

Jiang Li had gained 1.2 trillion energy points.

In other words ...

The 'one trillion' energy points needed to unlock the Tier 5 mechanical Army had been gathered. As long as he gathered nine more Tier 5 soul Tinders, he would be able to unlock the Tier 5 mechanical Army.

"1.2 trillion."

I got more than a trillion energy points just from the spiritual herbs and herbs. There are still crystals left.

"in addition, there are three small spiritual crystal mines and one medium-sized spiritual crystal mine. "

"Hahahahaha!"

haha. Jiang Li couldn't help but laugh. I've gained much more than I expected. I've made a lot of money by taking down the sky demon Kingdom.

"My Lord, all the spirit crystals are stored here."

Zh01 said.

"Alright," he said.

okay. Jiang Li nodded.

Another huge iron gate was pushed open.

In the vast treasury room.

shua!

With a bright light, Jiang Li saw a large number of spiritual crystals piled up in the Treasury room in front of him. They were like shining gems.

Among them.

More than 99% of them were lower spiritual crystals.

Middle spiritual crystals only occupied a very small part of it.

The number of upper spiritual crystals was even less.

“Convert!”

Buzzzzzz!

Jiang Li turned on the energy point conversion function again.

The white light was dazzling.

It covered more than half of the Treasury.

The spiritual crystals disappeared at a speed visible to the naked eye.

Finally.

jiang li converted all the low-grade, middle-grade, and upper-grade spiritual crystals and gained 1.5 trillion energy points.

Among them.

He had converted one trillion lower spiritual crystals.

He had obtained 400 billion middle spiritual crystals.

He had obtained 100 billion upper spiritual crystals.

In other words ...

There were 100 million lower spiritual crystals, 400000 middle spiritual crystals, and only 1000 upper spiritual crystals.

“Chief sovereign, these are the resources for rank-5 and above that you asked us to split up.”

let's go. zh01 led Jiang Li to another room.

The huge metal door opened.

In this room.

It stored spirit herbs, materials, and ores that had reached the fifth grade and above.

Among them.

There was also a small portion of sixth-grade materials.

There were very, very few rank-6 resources.

They could almost be counted.

“Alright,” he said.

Jiang Li glanced at it and nodded with satisfaction. “Go get hyzk01.”

“Yes.”

zh01 nodded.

half a minute later.

Zh01 arrived with hyzk01.

“Chief sovereign.”

Hyzk01 saluted Jiang Li.

“yes.”

HM. Jiang Li nodded and ordered, ” hyzk01, these are rank five materials and some of them are rank six. How many puppets can you make? ”

“Reporting to you, chief sovereign.”

Hyzk01 looked at all the supplies in the room and replied, ” “If we use all of these resources, we can produce a total of 20 type 5 puppet Warriors, as well as a Type 6 puppet warrior.”

“alright,” he said.

okay. Jiang Li nodded in satisfaction.

In reality.

This was much more than Jiang Li had expected.

Even ...

Jiang Li was worried that he didn't have enough rank-six resources to make a rank-six puppet warrior.

Hyzk01 replied.

It was a happy event.

“create it immediately.”

Jiang Li said.

“Yes.”

Hyzk01 nodded.

“Whoosh!!!”

Immediately.

Hyzk01 released his skill and first opened up his ‘soul realm’. This time, the soul realm ‘only covered the entire treasury room.

“Puppet creation.”

A vast amount of Mechanical Soul power was released from hyzk01's body, forming a light mist that covered the large amount of resources in the room.

immediately.

Jiang Li saw it.

All kinds of spirit herbs, materials from fierce beasts, ores, and so on.

It gradually melted under the corrosion of the incomparably dense Mechanical Soul energy and turned into a pitch-black, viscous liquid that contained a mysterious aura.

The viscous liquid was the ‘essence’ of these materials. After being injected with Mechanical Soul energy, it seemed to have a life of its own as it slowly squirmed.

Wuwuwuwuwu!

The light flickered.

The liquid gradually solidified and Reforged.

After that.

black human figures appeared.

“Condense!”

BOOM! BOOM!

The soul energy of the machine shook.

In the room.

In the next moment, 20 fifth-order puppet Warriors appeared. Their bodies were pitch-black, and they were fully armored. Their eyes were empty, and they looked like zombies. They stood side by side.

The whole process only took half an hour.

The 20 type 5 puppet Warriors were completed.

At this moment.

Hyzk01 began to focus on the type 6 puppet warrior.

Obviously.

creating a type 6 puppet warrior was not the same as creating a type 5 puppet warrior. it was as easy as creating a type 4 puppet warrior, and required more time and effort.

“Puppet creation!”

Buzzzzzz!

Hyzk01 released his Mechanical Soul energy again.

Instantly.

The entire room.

They were filled with Mechanical Soul energy like black mist.

Buzzzzzz! Buzzzzzz!

The soul power of the machine gushed out and gradually refined and corroded the rare sixth-grade materials. It took a full half an hour before all the sixth-grade materials were melted.

it turned into a pure black liquid.

However ...

He took a closer look.

Within the pure black liquid.

There were wisps of golden light.

It was like a thin thread.

if one didn't look at it carefully, one wouldn't be able to discover it.

“Condense!”

Hyzk01 controlled the pure black liquid and slowly wriggled it. It gradually gathered and took the shape of a human. A large amount of Mechanical Soul energy was injected into it.

The pure black liquid gradually solidified.

Finally.

It was completely formed.

BOOM!

At the moment of formation.

A powerful aura was released.

Even Jiang Li felt the pressure from the sixth-rank puppet warrior. It was covered in pitch-black armor.

There were thin golden patterns on the armor that intertwined around the body like runes and formations. They contained an extremely mysterious aura.

Other than that.

The weapon of the type 6 puppet warrior was a long, black spear.

Golden patterns were engraved on the spear.

It was like a dragon.

“My Lord, twenty type 5 puppet-Warriors and one type 6 puppet-warrior have been completed.”

Hyzk01 took back his ‘soul realm’ and melded his Mechanical Soul energy into his body.

“Alright, thank you for your hard work.”

yes. Jiang Li nodded and asked, ” how’s the combat power of the rank six puppet warrior? ”

“Reporting to you, chief sovereign.”

hyzk01 replied, ” the combat strength of a type 6 puppet warrior is actually stronger than us. this is because we are not good at direct combat. however, the puppet warrior is a warrior created for combat. ”

“It possesses extremely destructive power.”

“Alright,” he said.

Jiang Li was even more satisfied.

This way ...

The following battles with the Black Dragon barbarian kingdom and the Shu country.

Jiang Li didn’t need to be afraid.

One had to know.

Because of the special ability of a soul realm controller, the ‘true soul obliteration’ skill would destroy the soul directly, making it impossible for Jiang Li to get the soul Tinder.

But now ...

Now that he had a puppet warrior of the sixth step.

Jiang Li didn’t need to worry.

He could directly send out a puppet warrior of the sixth step.

furthermore ...

A Type 6 puppet warrior’s combat ability was even stronger than a soul realm controller.

soon after.

Jiang Li walked out of the Treasury.

He called Tian Wushuang over.

“Your Majesty, Emperor Xia!”

thank you. Tian Wushuang bowed to Jiang Li respectfully.

“Get up and lead the way.”

Jiang Li waved his hand.

“Yes.”

tian wushuang immediately stood up.

Shua!

let's go. Jiang Li flew into the air. The four soul realm controllers followed Jiang Li and the only rank six puppet warrior.

Xing Wuwu grabbed Tian Wushuang's collar.

He quickly followed.

In the air.

Aircraft mech soldier No. BGC-hkzj01.

On the deck.

Jiang Li was standing on it.

the four soul realm controllers stayed close to him.

Xing Wuwu brought Tian Wushuang to the side.

“.....”

Tian Wushuang's expression was nervous. She looked around at the 'steel Castle' that could fly in the air. Her heart was filled with curiosity and awe.

Chapter 445

Jiang Li took out the Jade slip map of the sky demon Kingdom.

The map of the sky demon Kingdom was naturally found in the sky demon Palace.

True essence was injected.

shua!

It formed a map projection.

Above.

It was marked with the names of the marquissate counties of the sky Fey Kingdom.

“Your Majesty, the three small-scale spirit crystal mines and one medium-sized spirit crystal mine are separated. They are not in the same place. The closest small-scale spirit crystal mine to the celestial demon Monarch Capital is in the ‘Marquis Yellow Dragon-spirit kui County’.”

Tian Wushuang pointed at a place on the map.

“alright,” he said.

yes. Jiang Li nodded. let’s go to spirit kui County.

“BOOM!”

The engine roared.

Shua!

immediately after.

The BGC-hkzj01 flew at full speed. After the huge floating battleship confirmed its direction, it quickly left the sky demon capital and headed for ‘spirit kui County’.

“So fast, so fast!”

Tian Wushuang looked at the rapidly retreating scene in shock. The speed of the ‘Sky Fortress’ was already comparable to a Grade 4 army formation.

In fact, he was even faster.

“At this speed, we should be able to reach Ling kui County in an hour.”

tian wushuang thought to himself.

On the other side.

The Black Dragon barbarian kingdom.

The king of Shu, Liu De, led the main Army of the Shu state and marched overnight. They captured the county cities of the Black Dragon barbarian kingdom and slaughtered a large number of barbarian race and barbarian soldiers.

It was like a hot knife through butter.

marquis changman.

in the marquis capital.

Liu De had already taken down Marquis changman.

In the Marquis's capital.

the building collapsed.

There were flames burning, burning down a large number of houses.

Pfft! pfft! Pfft!

Blood splattered everywhere.

It filled the streets of the city.

It was a scene of the barbarians being killed by the soldiers of the Shu state.

Buzzzzzz!

In the sky.

there were many blood-refining arrays, and the light mist of the arrays permeated the air. they devoured a large amount of flesh and blood essence and refined them into blood-refining pills.

The blood refinement pills were then distributed.

A gentle breeze blew.

That was the erosion of the bones.

It was as if the corpses didn't exist.

” this is impossible!!! ”

BOOM!

Suddenly.

Changman dukedom's marquisate.

King Shu Liu De's angry shout was heard. An extremely powerful aura burst out, and there was a Dragon's Roar that shook the world.

it shocked everyone.

“It's Your Majesty!”

“What happened?”

“Hurry!”

“!!!”

Shua! Shua!

...

instantly.

The generals all rushed over.

“I’m fine. All of you, leave now.”

Just as the generals approached the marquise, Liu De’s voice rang out.

“This is an ...”

The generals looked at each other.

He was puzzled.

But he didn’t ask.

“Yes.”

“We will take our leave.”

The generals bowed and left the marquise.

...

“Your majesty, just now ...”

“Something must have happened.”

“Yes.”

the generals discussed softly.

In the Marchioness Palace.

“The great Xia Dynasty’s Xuanji.”

Liu De’s eyes were a little dazed. He looked up at the sky outside, his thoughts a little scattered, and his face still had the shock and horror from just now.

He was unable to calm down for a long time.

Just now.

Liu De’s blood was boiling.

He used his consciousness to communicate with the ‘young dragon ranking-holy peace state’ and checked the dynasty ranking on the ranking. Then, he realized that the great Xia Dynasty had disappeared.

Such a change.

Liu De was naturally shocked.

“why is it like this?”

Liu De fell into deep thought. the great Xia Dynasty has suddenly disappeared from the young dragon ranking. I can’t see the great Xia Dynasty.

such a change occurred.

“There are only two possibilities.”

“the first possibility is that it was destroyed. the second possibility is that the fate of the country has surpassed that of the shu country.”

could it be that the great Xia Dynasty has really been destroyed by the SkyDemon Kingdom? ”

“Or is it Yingluo?”

“No! This is impossible!”

Liu De shook his head. He was unwilling to believe it. it’s impossible for the great Xia Dynasty’s fate to improve so quickly. It’s impossible for it to surpass the Shu nation in such a short time.

One had to know.

Shu country was ranked 25th.

so,

Liu De could only see the dynasties that were ranked 25th and below.

It was natural.

Liu De didn’t know that the sky Monster Kingdom had already been destroyed by Jiang Li.

The sky demon monarch was already dead.

He died in Jiang Li’s hands.

The great Xia Dynasty had even swallowed the sky demon Kingdom. Their nation's fate had greatly improved, far surpassing the Shu nation and the Black Dragon barbarian kingdom.

He had reached the level of number one in the northern region of the Holy peace Region.

at this moment.

An hour later.

The sky demon Kingdom.

Marquis Yellow Dragon's spirit kui County.

Jiang Li and the others had arrived.

"we've arrived, we've arrived."

Tian Wushuang shouted.

"Yes."

jiang li nodded and looked down.

Below.

It was the city of spirit kui County.

However ...

One side of spirit kui County had already been wiped out by Jiang Li's 'clean-up Army'. The monsters were still running away. The entire County was in chaos.

“Where is the spiritual crystal mine?”

Jiang Li asked.

“Reporting to Xuanji, reporting to Your Majesty.”

“The spiritual crystal mine is under the county city of spirit kui County. The county city of spirit kui County is built on top of the spiritual crystal mine,” Tian Wushuang answered immediately.

“This used to be a giant mountain.”

“But it’s been flattened.”

“But I don’t know the exact location of the entrance to the spiritual crystal mine.”

Tian Wushuang lowered his head.

“Hyzk01.”

jiang li glanced at her.

“Yes.”

Hyzk01 nodded and took a step forward.

Buzzzzzz!

he opened his soul realm.

Instantly.

It spread out for a million meters.

It covered the entire spirit kui County.

The space covered by the soul realm.

The Soul Society's controllers controlled everything. They used the Soul Society's power to find the entrance to the spiritual crystal mine.

"Your Majesty, I've found it,"

Half a minute passed.

hyzk01 immediately replied.

"alright," he said.

Jiang Li nodded in satisfaction. let's go.

Shua! shua!

Jiang Li and the others entered spirit kui County.

Hyxk01 led the way.

He continued forward.

A few minutes later.

jiang li and the others arrived at the county king's mansion in spirit kui county.

This place had already turned into ruins.

As far as the eye could see, there were collapsed building ruins.

“Do it.”

Jiang Li said.

“yes.”

Under hyzk01’s control, the type 6 puppet warrior walked out from the back and stood in front of the Duke’s residence, slowly raising the spear in its hands.

“whoosh!!!”

black energy emerged.

BOOM!

After that.

The type 6 puppet wielded its spear and stabbed forward, piercing the ground of the ruins. A terrifying power erupted, and the spear light pierced through the world.

The ground was pierced.

A huge pit was formed.

It was a thousand meters deep.

In the deepest part of the pit.

A faint fluorescent light flickered.

It was the spirit crystal mine.

“This bi an ...”

Tian Wushuang was dumbfounded.

“Yes.”

okay. Jiang Li nodded in satisfaction. let’s go down and have a look.

On the other side.

Marquis changman.

BOOM! BOOM! BOOM!

Around the Marquis capital.

The ground shook.

On the horizon.

The dragon-like cloud of dust was rolling violently.

Gradually.

One by one, the Barbarian Army appeared. They came from all directions and formed a huge encirclement with Marquis Chang man as the center.

Shua! Shua!

In the air.

“Roar!”

The Dragon of National fortune roared.

What he saw were the Marquis Kings of the Black Dragon barbarian kingdom.

He was stepping on the true dragon of National fate.

At the same time.

There was also an Elite Air Force made up of fourth and third-level barbarians.

Buzzzzzz! wuwuwuwuwu!

A level five Barbarian had appeared.

Man Wuji and the other barbarian generals appeared.

He stood at an altitude of 10000 meters.

He looked down.

The Army of the Black Dragon barbarian kingdom had arrived.

moreover, they had surrounded the capital.

“King of Shu, show yourself!”

“liu de, king of shu, today is the day you die!”

“This place will be your burial ground!”

” how dare you invade the black dragon barbarian kingdom! king of shu, you are courting death! ”

“.....”

Instantly.

Man Wuji and the others shouted in anger. Their rank 5 aura burst out and swept in all directions, shaking the surrounding heaven and earth spiritual Qi, forming a powerful domain.

“Roar!”

boom!

suddenly.

the changman manor exploded.

A five-thousand-meter long three-clawed White Dragon appeared and soared into the sky. The Marquis Palace was reduced to ruins. The three-clawed White Dragon soared into the sky and circled above the Marquis capital.

Its might was monstrous.

Shua!

The king of Shu, Liu De, appeared.

“A mere barbarian dares to talk big in front of me.”

Liu De looked down at man Wuji and the others.

buzzzzzz! Buzzzzzz!

At the same time.

The White Dragon Imperial Jade seal, the White Dragon imperial edict, and the Marquis title of the Shu country.

The three nine-Dragon level National aura Saint weapons appeared.

Liu De's power had reached an extremely terrifying level.

"Today,"

"The Black Dragon barbarian kingdom will be annihilated!" Liu De shouted.

"You must be dreaming!"

"All soldiers, hear my order!"

kill!!!

"Kill!"

"The Barbarian race will win!"

"BOOM!"

The earth quaked and the mountains shook.

At this moment.

More than 100 million barbarian soldiers had formed a huge Army of barbarians. They rushed towards the Marquis of Changman city like a tidal wave. Their battle cries shook the heavens and earth.

“roar!”

The murderous aura of the Army gathered.

The grade 5 army formation was set up successfully.

BOOM! BOOM! BOOM!

At this moment.

A 100,000-meter-tall military formation appeared.

Black Dragon!

A three-clawed Black Dragon!

Tier 5 Black Dragon array!

“Prepare for battle!”

Buzzzzzz!

Liu De’s eyes were cold, and his fighting spirit was high. He waved his hand, and the power of the nation’s fate exploded. Endless white light bloomed and covered the entire battlefield.

The blessing of the country!

“Kill!”

“set up the formation!”

the Shu country is invincible!!

“Kill!”

At this moment.

The type 5 generals of the Shu country roared in anger as they led the Shu country’s Army out of changman Marquis city and charged towards the incoming barbarian Army.

“Roar!”

The murderous aura of the Army gathered.

The spirit Qi condensed.

the grade 5 army formation was set up successfully.

The military formation Dharma idol, which was also 100000 meters long, appeared.

However ...

The grade 5 formation Dharma of the Shu country Army was actually a pitch-black Dragon-headed spear. The Black Dragon-headed spear was 100000 meters long.

Grade 5 army formation!

Dragon head spear formation!

Bang! Bang!

“Rumble!”

At this moment.

the black dragon barbarian kingdom’s barbarian army and the shu kingdom’s human army clashed head-on. it was like two terrifying waves crashing into each other.

A Great War had broken out.

The battle cries, roars, and screams of pain from the barbarians and humans were mixed together.

It was earth-shattering.

BOOM! BOOM! BOOM!

A battle between experts.

The shockwaves from the battle shattered the mountains and the ground.

High up in the sky.

The Dragon head spear and the Black Dragon collided.

The two Grade 5 battle formations clashed.

The aftermath swept in all directions, sending many barbarians and humans flying.

“Kill!”

Immediately.

Liu De personally took the stage.

Kachaa! Kachaa!

The White Dragon of Shu country merged into Liu De’s body.

Buzzzzzz!

The White Dragon imperial edict turned into a full-body white armor that covered Liu De’s body, while the White Dragon Imperial Jade seal turned into a White Dragon-headed spear.

Finally.

The country of Shu’s Marquis token transformed into a shield of light.

Protect Liu De.

“Die!”

BOOM!

Liu De’s figure broke through the sky. He held the Dragon-headed spear in his hand and attacked with a killing move. The terrifying spear radiance seemed to penetrate the heavens and earth as it pierced towards man Wuji.

“!!!”

Man Wuji’s pupils shrunk.

“King of Shu.”

Buzzzzzz!

Suddenly.

a vast amount of totem power emerged and turned into a beam of light that pierced towards liu de. liu de had no choice but to turn around and give up on attacking man wuji. instead, he destroyed the black beam of light that was piercing towards him.

“I’m your opponent.”

In the distance.

Liu De looked over.

It was a brawny barbarian in Black Dragon Armor.

Tier 5 perfection.

He tu, the Regent of the Black Dragon barbarian kingdom.

Chapter 446 The radiation

The Black Dragon barbarian kingdom and the Shu Kingdom had already started an all-out war. Both sides had used most of their military forces. It could be said that this was the final battle that would determine the survival of the two countries.

so,

Whether it was the Black Dragon barbarian kingdom or the Shu country.

this battle.

They couldn't lose!

Because ...

If they lost, it would mean that their country would be 'destroyed'!

he could only do his best.

Risking their lives to kill.

At this moment.

On the other side.

The spirit chief County of the sky demon Kingdom.

jiang li didn't know that the black dragon barbarian kingdom and the shu kingdom were at war. if he did, he might join in.

at that time.

Perhaps there would even be a scene of the Mantis pouncing on the cicada, unaware of the Oriole behind.

now.

Jiang Li was walking to the 'small crystal mine' along the 'tunnel' made by the level six puppet warrior, then he felt a 'radiation wave'.

Furthermore ...

As Jiang Li went deeper and deeper ...

the ‘radiation wave’ was getting more and more obvious. it even felt like it was going to break through jiang li’s true essence defense and erode his vitality.

Your Majesty, this is the small-scale spiritual crystal mine in spirit kui County.

“this small-scale spiritual crystal mine has been excavated for a long time, and the ‘spiritual radiation’ inside is very serious,” tian wushuang said.

normal slaves will die after half a month.

“the radiation is already so severe.”

Jiang Li said in a deep voice.

Generally speaking.

Each ‘small spiritual crystal mine’ had a total of about 100 million lower spiritual crystals, and they all had a ‘small mine source’.

‘Source of small mineral veins’.

It could absorb the spiritual energy of heaven and earth on its own.

Then, they would condense into ‘spirit crystal ores’.

furthermore, it would only produce ‘lower spiritual crystal ores’.

it only produced lower spiritual crystals.

so,

Normally speaking.

Every 'small spiritual crystal mine' could be mined without limit.

but ...

after every round of mining.

In other words, for every 100 million lower spiritual crystals that were mined, the 'small mine source' would condense another round of lower spiritual crystal ores.

The 'psionic radiation' would double.

In the end.

With each round of mining, the radiation of spiritual energy kept increasing.

The spiritual radiation of the 'small spiritual crystal mine' would eventually reach a terrifying level. No living creature could get close to it, and it would form a 'withered zone'.

At that time.

Not to mention mining spiritual crystals.

He couldn't even get close to it.

they couldn't let stage four or even stage five creatures mine the spiritual crystal ores.

At that time, the spirit crystal mine would be completely useless.

It was said to be infinite.

In fact, there was a limit.

Within half a month, the slaves would die from ‘psionic radiation’.

This was a small spiritual crystal mine in spirit kui County.

It had been at least ten rounds of mining.

“Soul realm!”

...

Wuwuwuwuwu!

Hyzk01 immediately opened up his soul realm and covered the surroundings, blocking out the ‘psionic radiation’.

Very quickly.

Jiang Li entered the small crystal mine.

In the surroundings.

There was a faint fluorescent light on the wall, but it was not obvious. There were many ‘lower-grade spiritual crystal ores’ embedded in the depths of the wall, and all kinds of mining tools like pickaxes were scattered around.

In the air.

It gave off a pungent smell.

It was very obvious.

It also had a rancid smell.

He continued to walk deeper into the forest.

...

hmm? ” Jiang Li saw the rotten bodies. There were humans, barbarians, half-monsters, and barbarians. These bodies were heavily injured by sharp weapons.

A battle must have broken out.

Thus, he died.

Due to the radiation of the spiritual energy, the bodies had rotted and pustules had appeared on them. The rotten smell was coming from these rotting bodies.

It was very pungent.

In the surroundings.

There were also many carts lying on the ground, blood-stained mining tools, and several ‘lower spiritual crystal ores’ in some carts.

There were not many of them.

Because of the chaos in lingkui County.

jiang li’s army took away all the resources in spirit kui county. the county king of spirit kui county had already died in battle. the monsters ran away.

In addition, the demon race had completely sealed off the entrance and exit of the mine vein, which led to a riot among the slaves inside.

More than half of them died in the riot.

In the depths of the mine.

here. Jiang Li arrived.

He saw the surviving slaves.

There were not many of them.

It was mainly divided into four groups.

barbarian slaves, human slaves, barbarian slaves, and half-demon slaves.

this was because these four types of slaves made up the majority.

“Who is it?”

“There’s an outsider here,”

“this bi an ...”

“It’s actually a human!”

” no, it’s not just the humans. there are also monsters and barbarians. ”

“Could they be new slaves?”

“.....”

Chaos.

The four slave groups were in a riot.

They all crowded over.

their clothes were tattered, and they had all kinds of skin diseases such as abscesses. some of the slaves ‘bones had rotted, and they did not have long to live.

All sorts of changes had occurred.

“My Lord!”

Plop!

Instantly.

the slaves in the mine didn’t think too much. They only wanted to live and leave this hell-like mine.

Hence.

The human slaves all knelt down to Jiang Li.

“Save us! Please save us!”

They kowtowed.

The human slaves cried for help.

“Hahahahaha!”

At this moment.

Among the Barbarian slaves.

A tall and burly barbarian slave walked out. He had the cultivation of the early stage of the second level, so he was the leader of this group of barbarian slaves. He laughed and mocked, ” “You lowly human slaves, you still think of escaping?”

“Stop dreaming.”

this is the heaven Fey Kingdom, the territory of the fey.

“there’s only one possibility for this human to appear here. he’s just a human slave newly captured by the demon race, and you still want to ask for help from him?”

“you’re just daydreaming!”

“This bi an ...”

The human slaves had gloomy expressions.

“Yup,”

“You’re right.”

“To be able to appear in a place like this, other than being a slave, what other identity could he have?”

“We’re both in the same boat!”

“ai, ai, ai, ai.”

In the surroundings.

The half-monster and barbarian slaves sighed.

“my respected lord.”

When the Barbarian slave leader saw Tian Wushuang, he immediately put on an ingratiating expression and bowed like a Lackey. He ran to Tian Wushuang and said with an extremely flattering tone, ” “Are you here to inspect the mine?”

don’t worry, my Lord. We haven’t been slacking off. All the lower spiritual crystal ores we’ve mined have reached the standard. Please inspect them.

“You’re blind!”

Tian Wushuang cursed and his face turned pale. Then, he slapped the Barbarian slave’s face.

“pa!”

“Ah!”

Pfft!

The Barbarian slave leader let out a blood-curdling screech and vomited blood. His burly body was sent flying and crashed into the wall.

Plop!

Immediately.

Jiang Li! Tian Wushuang kneeled down to Jiang Li and trembled on all fours as if she was lying on the ground. She sounded terrified.

“Your Majesty, this Pixiu has nothing to do with the servants. It’s all because of this lowly barbarian slave. He’s blind and can’t recognize Your Majesty’s dignity.”

tian wushuang trembled and said,”this servant deserves to die a thousand times. he deserves to die a thousand times!”

Instantly.

Silence!

The entire mine was silent.

in the surroundings.

All the slaves stared at the scene in shock.

“what’s with this yingluo?”

“Is there something wrong with my eyes?”

” this fey has a pair of wings on his back. he definitely has the blood of the heavenly fey tribe. his status in the heavenly fey kingdom shouldn’t be low. he’s actually kneeling to this human. ”

“The most terrifying thing is that this is the sky Yao Kingdom! In the territory of the monster race!”

“Si si si ...”

Dumbfounded!

The slaves were all dumbfounded.

“This is impossible!”

The leader of the Barbarian slaves said in shock.

“You bunch of lowly slaves.”

tian wushuang shouted, ” this is the honorable and unparalleled emperor xia. he is the human emperor of the great xia dynasty. a mere skydemon kingdom has long been destroyed by his majesty emperor xia. ”

“What is a heaven Demon King? In front of His Majesty Emperor Xia, they are as weak as chickens and dogs.”

“He’s long dead,”

why aren’t you all coming to kneel before his Majesty, Emperor Xia!

“.....”

At this moment.

The entire mine fell into silence again.

It was as if one could hear a pin drop.

He was stunned.

All the slaves were stunned.

They didn’t know what to say at all.

the heaven’s wrath Fey Kingdom has been destroyed? ”

“The heaven Demon king is dead?”

“how is this possible?”

“That’s the sky Yao Kingdom! The sky Yao Kingdom!”

“the strongest demon empire in the northern region of the holy peace state! it had flourished for thousands of years! It was destroyed just like that?”

“si si si ...”

“Oh my God!”

The slaves exclaimed in their hearts.

“We’re saved, we’re saved!”

The human slaves cheered in their hearts.

Plop!

The Barbarian slave knelt on the ground.

“Spare me! Your Majesty, please spare me! Please spare me!”

The Barbarian slaves kept kowtowing to Jiang Li and begging for mercy.

Pfft!

The soul realm master pointed out his finger.

The soul power of the machine was condensed.

It turned into a black beam of light.

it pierced through the head of the barbarian slave.

His body fell to the ground.

“.....”

The slaves trembled and lowered their heads in awe.

He didn't dare to say anything more.

Those human slaves also shut their mouths.

“Tian Wushuang, bring these slaves out.”

Jiang Li waved his hand.

“Yes.”

Tian Wushuang was relieved to see that Jiang Li didn't blame her. She quickly got up from the ground and left with the slaves in the mine.

“Xing Wuwu, you go out too.”

Jiang Li said.

“Yes.”

Xing Wuke nodded respectfully.

After Xing Wuwu, Tian Wushuang, and the slaves all left the mine, Jiang Li asked,
” “Hyzk01, have you found the ‘source of this small spiritual crystal mine’?”

“I found it.”

Hyzk01 replied.

Soon after.

Hyzk01 confirmed their location.

the puppet warrior of the sixth step made its move.

he held the black spear in his hand and pierced through it.

boom!

it was followed by a loud bang.

In front.

the wall was pierced through, and the mine trembled. rocks fell from above. under
the power of the puppet warrior of the sixth step, a huge hole was pierced through
the entire wall.

It was two meters in diameter.

It spread to the depths ahead.

“Hegemon, the mineral vein is just up ahead.”

Hyzk01 said.

“Lead the way,”

Jiang Li waved his hand.

“Yes.”

okay. hyzk01 nodded and walked into the tunnel made by the type 6 puppet warrior. He led the way for Jiang Li.

after walking for about three hundred meters.

Hyzk01 stopped.

He moved aside.

Right in front.

A gray ball came into Jiang Li’s sight. It was embedded in the underground wall and there were gray light paths that looked like ‘blood vessels’ with the ball as the center.

It spread out.

It covered the entire small spiritual crystal mine.

Chapter 447 breathing

“This is the ‘source of small mineral veins’?”

Jiang Li looked at the 'round ball' in front of him. It was his first time seeing the 'source of the mine'. He was curious.

He observed carefully.

The 'small mine source' was like a living being, breathing, and breathing was naturally the spiritual Qi of heaven and earth that was everywhere.

The light paths that looked like 'blood vessels' were like nerves that spread throughout the entire small spiritual crystal mine and connected to the lower spiritual crystal ores.

It was very magical.

"spiritual crystal mine."

"it's alive?" jiang li looked at it carefully. "it feels like a living thing."

"Hyzk01, what did you find?"

Jiang Li asked.

"Replying to the chief sovereign, I didn't find any abnormalities."

Hyzk01 said.

"Oh."

Jiang Li was surprised.

Obviously.

Hyzk01 said that there was nothing unusual.

It was either that there was nothing unusual, or that hyzk01 was unable to discover the secret of the ‘small spirit crystal vein’ with its current ability.

“Upgrade to hyzk01.”

Buzzzzzz!

jiang li had an idea.

Controlling the Dominator’s panel, he spent 1.2 trillion energy points to upgrade hyzk01 from mid-stage to perfected-stage Tier 6.

Shua! shua!

A white light flashed.

It only took a few seconds.

hyzk01 had completed its advancement.

he had reached the peak of tier 6.

All his skills had been upgraded to Tier 6 top-tier.

His strength had greatly increased.

“Thank you, hegemon.”

Hyzk01 saluted.

“Yes.”

okay. Jiang Li nodded and said, ” try to see if you can find anything unusual.

“yes.”

Hyzk01 nodded.

Buzzzzzz!

His soul realm expanded.

It covered the entire small spiritual crystal mine.

He closed his eyes.

He felt it carefully.

Half a minute passed.

Hyzk01 opened his eyes.

“Hegemon, we still haven’t found anything strange.”

Hyzk01 shook his head.

“Is there really nothing abnormal?”

HM. Jiang Li muttered, ” or even hyzk01 can’t detect it? ”

“forget it,”

Jiang Li stopped thinking about it.

Since hyzk01, who had reached the peak of level six, couldn't detect anything, it was useless for Jiang Li to waste his time.

“Convert!”

Hence.

Jiang Li turned on the energy point conversion function and put his right hand on the 'ball'. White light bloomed and spread along the 'blood vessel' - like light path.

In an instant.

It covered the entire small spiritual crystal mine.

...

buzzzzzz!

After that.

All the lower spiritual crystals had disappeared.

They were converted into energy points.

Shua!

conversion successful. 500 billion energy points obtained!

A notification appeared.

“500 billion.”

” that means almost half of the spiritual crystal mine has been excavated. there are still 50 million lower spiritual crystals left. ”

Obviously.

Jiang Li could use the ‘source of the mine’ to mine all the crystals and turn them into energy points.

...

There was no need for slaves to mine.

This way ...

Not only could he save time on mining the spiritual crystal mine, but he could also save a lot of time.

furthermore ...

it could also relieve the labor force of the slaves.

let the slaves grow the medicine fields.

It would create more value for Jiang Li.

Kachaa! Kachaa!

At this moment.

Jiang Li took his hand back and saw the light around him dim down. The ” source of small mineral veins ” was breathing faster.

Buzzzzzz! Buzzzzzz!

in the surroundings.

The spiritual Qi of heaven and earth converged into it.

It was absorbed through breathing.

as they flowed along the 'light path', new' spirit crystal ores 'were gradually formed.

Another round of 'lower spiritual crystal ores' was being produced.

However ...

Jiang Li also felt it clearly.

The 'psionic radiation' around them had increased.

The breathing of the 'small source of mineral veins' was getting stronger.

Furthermore ...

Jiang Li could feel that the 'source of small mineral veins' was also becoming more active.

"I'll have to come back a year later."

Jiang Li said.

Generally speaking.

It would take about a year for a small mine to condense 100 million pieces of 'lower-grade spiritual crystal ores' and reach the capacity of a 'small spiritual crystal mine'.

he had obtained the energy points he wanted.

Jiang Li left the small crystal mine.

Buzzzzzz! buzzzzzz!

In the mine.

The psionic radiation slowly increased in intensity.

Everything seemed very calm on the surface.

outside the mine.

Xing Wuwu and Tian Wushuang were waiting for Jiang Li with the slaves.

Shua!

Soon after.

slave contract. Jiang Li removed the slave contracts of the slaves first and then planted the slave contracts of the Xia Dynasty on them.

However ...

let's go. Jiang Li restored the freedom of these slaves.

They became citizens of great Xia.

thank you, Your Majesty Emperor Xia!

long live Your Majesty Emperor Xia!!!

“.....”

the humans who had regained their freedom immediately knelt on the ground and shouted excitedly.

In the surroundings.

The Barbarian slaves, barbarian slaves, and half-monster slaves all looked at the human who was kneeling on the ground with envy.

After doing all this.

Jiang Li didn't plan to take these humans and slaves away. Instead, he asked them to build a new city at the old site of spirit kui County.

Jiang Li didn't know.

The most important thing was ...

Jiang Li didn't have much time to deal with such small things.

“Let's go to the next place.”

Jiang Li said.

“Yes.”

Tian Wushuang nodded.

Shua!

the aerial battleship set off once again, leaving spirit kui county and heading to the location of the next small spiritual crystal mine. the battleship disappeared into the distance in the blink of an eye.

An hour later.

Jiang Li arrived at Dinghe County.

Hyzk01 was there.

He immediately found the second small spiritual crystal mine.

“Convert!”

“Whoosh!!!”

Jiang Li touched the source of the mine and converted all the ‘crystals’ in the mine.

Shua!

conversion successful. 600 billion energy points obtained!

A notification appeared.

The harvest of this small spiritual crystal mine was 100 billion points more than the previous one.

After obtaining the energy points.

” let’s go. ” after jiang li released the human slaves in the mine, he immediately left dinghe county and went to the third small crystal mine.

After flying for a few hours.

Jiang Li arrived in Moro County.

moro county was very far away from the sky demon king capital. they were already at the border of the sky demon kingdom, so they hadn't been ransacked by jiang li's army yet.

however ...

the demon prince and the army of the county city of mo lu county had participated in the battle against the great xia army under the orders of the heavenly monster tribe.

They were all exterminated.

so,

There were only a few demi-human soldiers left in Moro County.

“Your Majesty.”

why don't we let the servants negotiate with the demon clan in Moro County? ”
Tian Wushuang suggested. I believe they will know what to do.

“No need.”

No. Jiang Li waved his hand. it's a waste of time.

“Hyzk01, you take care of them.”

let's go! Jiang Li looked down at the county city and gave the order coldly.

“Yes.”

hyzk01 nodded.

“Soul realm!”

Buzzzzzz!

Hyzk01 cast his skill, and a vast soul realm spread out, covering the entire Moro County in an instant. A huge black light curtain covered the sky.

“What happened?”

why is there a black light curtain in the sky? ”

“there are enemies!”

prepare for battle!!!

In Moro County.

The demons looked up at the sky. The pupils of the commander of the demon soldiers in the county city contracted. He finally reacted and shouted.

“True spirit obliteration!”

Shua!

However ...

Hyzk01 performed the ‘true spirit obliteration’, and Mechanical Soul energy gushed out, forming waves of ripples that spread out and covered Moro County.

The next moment.

A strange scene appeared.

Bang! Bang! Bang! Bang! Bang!

It was silent.

Inside Moro County.

on the city wall.

The eyes of the demon soldiers, their commanders, and the demon civilians were snuffed out and their souls crumbled as they fell one after another.

It only took an instant.

The city of Moro County.

All the demons in the city.

They were all dead!

All of them died in a single breath!

His soul would be destroyed and he would die.

“Your Majesty, the enemies have all been dealt with.”

Hyzk01 saluted and said, “we’ve also found the third small-scale spiritual crystal mine.”

“Alright,” he said.

okay. Jiang Li nodded in satisfaction.

“.....”

Tian Wushuang looked at the county city below in a daze.

The entire city!

An entire City of Demons!

He was dead!

They were all dead!

It was almost within a breath’s time.

Without any warning.

They were all dead.

He looked around.

On the streets, on the city walls, and inside the houses, there were demon corpses lying on the ground. Although there was not a single wound on their bodies, they had already lost their breath and their bodies were cold.

“Gulp!”

Tian Wushuang swallowed his saliva and his heart trembled.

it was too terrifying.

A few minutes later.

In the third small spiritual crystal mine.

“Convert!”

Buzzzzzz!

Jiang Li found the ‘source of the mine vein’. He touched it with his right hand and started the energy point conversion function. All the crystals in the mine vein were converted.

Shua!

conversion successful. 680 billion energy points obtained!

a notification appeared.

He had gained quite a lot this time.

“Yes.”

okay. Jiang Li nodded in satisfaction.

They left the mine.

Finally.

There was only one medium-sized spiritual crystal mine left.

“Your Majesty, the medium-sized spiritual crystal mine is in ‘Dragon County’.”

“It’s close to the border sea,” Tian Wushuang said.

“The border sea.”

Jiang Li murmured.

“Yes, I am.”

Tian Wushuang nodded. the border sea is the boundary between the sky Fey Kingdom and the Black Dragon barbarian kingdom. It is extremely vast and there are many aquatic ferocious beasts living in the border sea.

Speaking of this.

Jiang Li learned from Xing Wuwu that the ‘headquarters’ of the Barbarian tribe in the northern region of the Saint peace state was in the depths of the border sea. They had built an underwater city.

“Let’s go.”

Jiang Li said.

Shua!

The aerial battleship flew at full speed.

he left moro county.

Moro County was located to the East of the SkyDemon Kingdom.

Yet, the Dragon County was located West of the SkyDemon Kingdom.

In other words ...

if jiang li wanted to go to dragon county from moro county, he would have to fly across more than half of the sky monster kingdom. it was a long distance since the sky monster kingdom had a large territory.

With the flying speed of the mech aerial battleship soldiers.

In a situation where there were no obstructions.

It would take nearly a day to fly.

On the other side.

In the sky above the dark sea.

shua! Shua! Shua!

It was the air reconnaissance team that Jiang Li sent.

A large number of drones spread out to search and investigate. They recorded all the information they found and organized it into a detailed map of the sea.

It included a large number of islands.

At this moment.

The air reconnaissance troops entered the territory of the 'half-fiend dynasty's darkfield country. The darkfield country was made up of islands.

It occupied nearly one-third of the Black Sea.

It could be said that ...

They were the strongest force in the Black Sea.

Only the 'minor demon barbarian kingdom' formed by the demon barbarian race could compete with it.

“Traces of a half-fiend have been found.”

we've confirmed that we've entered the half-beast dynasty's heiyu country.

immediately monitor and investigate. Record detailed information.

“Contact the Chief sovereign!”

Very quickly.

After collecting enough information, the air reconnaissance team immediately communicated with the holographic mech and reported the situation.

However ...

jiang li was heading to dragon county with the soul realm controllers and didn't bring any holographic mechs with him, so they couldn't contact him.

Chapter 448 Monitoring

The next day.

In the morning.

Jiang Li flew on the air warship and arrived at Dragon County.

BOOM! BOOM!

Just as he got close.

jiang li heard the sound of cannon fire. what he saw was a 'clean-up army' attacking the dragon god.

And this sweeping Army had already entered Dragon County.

The cannons were firing.

the city gate of dragon county had long since collapsed, and the city wall had also been blown to pieces.

"Your Majesty."

Shua!

"commander." battlefield commander zh08 immediately left the battlefield and saluted jiang li.

"Yes."

"yes." jiang li nodded in response. "have you taken down dragon county?"

"Your Majesty."

"In just three minutes, we'll definitely take over the entire Dragon County," said zh08.

“alright,” he said.

okay. Jiang Li nodded.

Three minutes.

The siege battle had ended.

This ‘clean-up Army’ had taken down Dragon County.

after that.

the meches split up to search for resources in dragon county and then moved them to the cabin of the large military transport plane.

“Whoosh!!!”

At this moment.

Hyzk01 expanded its soul realm and started to search for the ‘medium spiritual crystal mine’.

The result was out half a minute later.

“I found it.”

Hyzk01 said.

Shua!

His figure broke through the air.

Jiang Li followed her.

they flew past dragon county.

They arrived at the back of Dragon County.

what came into view was a vast plain.

“Break!”

BOOM!

Hyzk01 controlled the type 6 puppet warrior, sending out a black spear that pierced through the skies.

It pierced the space in front of him.

Kachaa! Kachaa!

Immediately.

A mirror-like screen of light appeared in the space in front of him. Cracks began to appear on the screen and quickly spread out.

Then, there was a loud ‘boom’.

It had completely exploded.

He broke it with brute force.

Buzzzzzz!

the scene changed.

what's going on? ” the vast plain was gone. What appeared in front of them was a huge and steep mountain.

It was at least 10000 meters tall.

It sat in front.

it was extremely majestic.

“This is a formation.”

” huh? ” jiang li reacted.

...

Your Majesty, the medium-sized spiritual crystal mine is in this mountain.

Hyzk01 said.

obviously.

The sky demon Kingdom had specially set up an ‘illusory array’ to cover the mountain and hide the traces of the ‘medium-sized spirit crystal mine’.

The vast plain that Jiang Li just saw was just an illusion.

The mountain peak was very high.

It was also very steep and majestic.

The forest was relatively sparse, and most of it was exposed granite, which was extremely hard. At the foot of the mountain, there was a mine entrance.

There were many of them.

“The formation has disappeared, it has disappeared.”

“Run!”

...

“!!!”

Suddenly.

at the entrance of the mine at the foot of the mountain, there was the sound of concentrated footsteps. one by one, 'mining slaves' ran out from the mine and shouted.

There were many of them.

There were at least a few hundred thousand.

They formed into several groups and rushed out.

“Stop!”

Kachaa! “Crack!”

Immediately.

Meches rushed out from behind Jiang Li and surrounded them. They aimed at the 'mine slaves' with their guns.

However ...

The mining slaves did not care and wanted to escape.

“Shoot!”

kill him! Jiang Li ordered coldly.

da da da da

In an instant.

The firearm meches started shooting, forming a rain of bullets that covered the entire area. The slaves at the front were turned into sieves.

It was only one round of shooting.

At least tens of thousands of mine slaves died.

“.....”

this time.

what’s going on? ” the mine slaves finally calmed down and stopped. They looked at the scene in front of them in horror and then at Jiang Li and the others.

“It’s actually a human from the human tribe?”

“They’re not demons!”

“Why are the human soldiers here?”

this is the territory of the heaven Fey Kingdom!

The mining slaves exclaimed in shock.

“My Lord, save me! My Lord, please save me!”

Plop!

The human slaves were excited and didn't think too much. When they saw the human army, they knelt down and cried for help.

“What happened?”

what's wrong? ” Jiang Li asked.

“no, nothing happened.”

The human mine slaves replied in a low voice.

In reality.

The ‘spiritual radiation’ of a ‘medium-sized spiritual crystal mine’ was much stronger than that of a ‘small spiritual crystal mine’.

It could even affect one's mind.

these mining slaves had been in there for a long time, watching the slaves around them die in endless pain. they were on the verge of a mental breakdown.

now.

Suddenly, the formation that covered the entire mountain peak disappeared. Without the suppression of the demon soldiers, the mining slaves immediately went into a riot and wanted to escape from the mine. They thought they could escape.

that was why the scene just now happened.

“Tian Wushuang, Xing Wuwu, you two take good care of these mine slaves.”

go! Jiang Li ordered.

“Yes.”

Tian Wushuang immediately nodded.

“Don’t worry, master,”

Xing Wuke said.

immediately.

Jiang Li entered the ‘medium-sized spiritual crystal mine’ from one of the entrances.

the ‘spiritual radiation’ was extremely serious and was eroding jiang li’s life force.

As they went deeper and deeper.

The stronger ‘spiritual radiation’ even affected Jiang Li’s mind. It was like an illusion.

let’s go. Jiang Li used his cultivation technique to block the radiation.

Buzzzzzz!

Hyzk01 immediately released his 'soul realm', which spread out and covered the entire mine.

A medium-sized spirit crystal mine.

generally speaking.

One could mine one billion low-grade spiritual crystal ores and 100000 middle-grade spiritual crystal ores, but no high-grade spiritual crystal ores could be produced.

“Chief sovereign, I’ve already found it.”

Hyzk01 said.

“Lead the way,”

jiang li said.

“Yes.”

Hyzk01 nodded.

He controlled the type 6 puppet warrior to open up a path in front, its black spear piercing through the walls of the mine. The tough granite walls were like tofu to the type 6 puppet warrior’s spear.

A few minutes later.

Hyzk01’s type 6 puppet warrior had managed to penetrate more than half of the mine.

They had found the ‘source of a medium mine’.

Buzzzzzz!

Jiang Li clearly felt that the intensity of the ‘psionic radiation’ had increased by several times. In front of him was a white ‘sphere’ the size of a watermelon embedded on the wall.

He took a closer look and sensed it.

This ‘medium-sized mine source’ not only ‘breathed’, but it was also beating slowly like a heart, which looked extremely strange.

It was very unusual.

In the surroundings.

it was a dense light path that looked like ‘blood vessels’ and ‘nerves’.

it covered the entire mine vein.

Jiang Li looked at it in silence and thought, ” “This thing doesn’t seem simple. What exactly is a ‘spirit crystal mine’? Why does it feel like it’s alive?”

“Hyzk01, did you find anything?”

Jiang Li asked.

“No, I didn’t,”

Hyzk01 shook his head.

“Alright,” he said.

Jiang Li shrugged.

“Convert!”

“Whoosh!!!”

Immediately.

Jiang Li reached out his right hand and touched the ‘medium-sized mine source’. Nothing was wrong. He then started the energy point conversion function.

Shua!

A white light flashed.

It was extremely dazzling.

It spread out along the light paths.

In the entire mine vein.

All the ‘lower-grade spiritual crystal ores’ and ‘middle-grade spiritual crystal ores’ that had not been mined were converted into energy points by Jiang Li.

shua!

conversion successful. 7060 billion energy points obtained!

a notification appeared.

This time.

After Jiang Li converted all the crystals in the ‘medium-sized crystal mine’, he gained a huge amount of energy points.

Among them.

The entire ‘medium spiritual crystal mine’.

There were about 700 million ‘low-grade spiritual crystal ores’ and 60000 ‘middle-grade spiritual crystal ores’ that hadn’t been excavated yet. They were all converted into energy points by Jiang Li.

7080 billion energy points!

“What a great harvest.”

Jiang Li was overjoyed.

With so many energy points ...

For now.

Jiang Li didn’t have to be too careful.

“I’ve got it.”

okay. Jiang Li turned around and left. we can go now.

They left the mine.

buzzzzzz!

The 'medium mine source' was 'breathing', devouring the surrounding spiritual Qi and turning it into spiritual crystal ores. The White spherical object was beating faster.

The psionic radiation was getting worse.

Jiang Li told zh08 to lead the clean-up team back first and transport the supplies back to the imperial capital through the 'teleportation station' in the base of Army 015.

In reality.

There were already a few 'clean-up teams' that had completed their mission and returned to base 015. They used the 'teleportation stations' to transport the supplies to the imperial capital of the great Xia.

However ...

Jiang Li wasn't in a hurry to leave.

Instead, he went to the border sea.

The border sea was very close to the Dragon County.

they took the air warship.

It had only been a dozen minutes.

He had already arrived.

The border sea.

Shua!

10,000 meters up in the sky.

The aerial battleship was suspended in the air.

Jiang Li stood on the deck.

He looked forward.

Hualalalalalalalalala

What Jiang Li saw was the vast border sea. It was endless with waves. He couldn't see the end of the border sea.

It was not very wide.

“Master, are you going to send out your Army to attack the Barbarian tribe's branch in the northern region of the Holy peace Region?”

“This servant is willing to be the vanguard and lead the way for you, master,” Xing Wuwu said.

“no rush.”

jiang li looked at the border sea and shook his head. ” i have to take care of the total number of the barbarian tribes, but only after i take care of the black dragon barbarian kingdom and the shu kingdom. ”

Shua!

let's go! Jiang Li jumped down.

they came to a mountain valley by the border sea.

“Build the 16th base.”

Jiang Li used one hundred million energy points.

“whoosh!!!”

In the mountain hollow.

An illusionary projection of a building appeared, and around it were ordinary Mechanical Engineers and mechanical soldiers converting energy points to build the Army base.

An hour later.

Shua!

[army base 016 is complete!]

A notification appeared.

The illusionary building became a real existence.

It was located in the middle of the mountain.

Soon after.

jiang li used another ten million energy points to build a ‘teleportation station’ in the base of army 016, connecting it to the base of army 01.

A wormhole vortex appeared.

“Teleport!”

Wuwuwuwuwu!

There were spatial fluctuations.

immediately.

a large number of mechanical wing air force soldiers and air reconnaissance troops were teleported from the 01 army base to the 016 army base.

The meches immediately scattered.

He monitored the surroundings.

Obviously.

Jiang Li built the base and sent so many mechanical-winged air troops and air Scouts to monitor the border sea and the Barbarian tribe.

Chapter 449 Exiting seclusion

It was already noon.

jiang li teleported back to the imperial capital through the 'teleportation station' in the base of army 016 and then sent tian wushuang back to the base of army 015.

It was also the old location of the sky Demon King's capital.

of course.

jiang li promised tian wushuang a reward.

Level 1 to Level 3 gene strengthening fluid.

Jiang Li gave it to Tian Wushuang.

after all the injections.

Tian Wushuang had advanced directly, and her cultivation base had broken through to the early stage of Tier 3. In addition to the various effects of the gene strengthening fluid, her aptitude had improved, and it could be said that she had been reborn.

The most important thing was ...

tian wushuang's heavenly monster tribe bloodline had been purified.

Originally.

Tian Wushuang's 'heavenly monster tribe bloodline' was only third-grade.

After the purification.

It had crossed the fourth grade and reached the fifth grade.

Fifth-rank bloodline.

In other words ...

Tian Wushuang was able to cultivate to Tier 5 without any obstacles.

At the same time.

Jiang Li used the advanced slave contract of the Xia Dynasty to form a second 'core contract charm' and turned Tian Wushuang into a second 'core slave'.

The room in the ruler's hub.

“Chief sovereign.”

qx01, who was stationed at the base of army 01, reported to jiang li, ” the air reconnaissance team sent back news yesterday. they’ve found the half-monster dynasty and sneaked into the country. ”

Shua!

The holographic projection was launched.

The scene was presented in front of Jiang Li.

“Oh.”

jiang li looked at it.

in the image.

It was divided into nine Palace boxes.

There were many islands.

there were big and small islands.

They were scattered all over the place.

In the end, they formed the entire ‘darkfield nation’.

The air reconnaissance troops that were scouting the dark sea had indeed found a lot of information about the 'Dark Zone country', but it was still not perfect enough.

Of course.

It was not realistic to fully investigate the darkfield nation.

"Let them continue to keep an eye on him."

let's go. Jiang Li thought for a while and said, "I don't have the energy to deal with the 'darkfield Kingdom' yet. I need to at least build a 'mechanical Navy'.

In reality.

If Jiang Li really unified the entire northern region of the Saint peace state, he would have to go through the black Sea if he wanted to expand his territory.

In the evening.

The ten clean-up legions had all returned.

There were no accidents during the 'clean-up' process. Although one of the clean-up troops encountered a Tier 5 demon, they were killed by MYL01.

There was no danger.

With the return of the clean-up Army.

More than 90% of the sky demon Kingdom's resources had been plundered. They were gathered and stored in the great Xia's Treasury, which had been expanded many times.

It could be said that ...

The area occupied by the Grand Xia's National Treasury had already occupied one-third of the entire imperial capital. Moreover, it was the expanded imperial capital. Other than this, there was also a huge underground space.

At this moment.

On the other side.

The Black Dragon barbarian kingdom.

Changman city.

...

The Shu nation's Army and the Black Dragon barbarian Kingdom's Army had been fighting for nearly two days and two nights. The high-intensity continuous battle had turned the entire Marquis changman into ruins.

on the battlefield.

Corpses were everywhere.

They piled up together, forming a mountain of corpses and a sea of blood.

The smell of blood was heavy.

The ground was filled with huge pits.

It was as if it was broken into pieces.

“Roar!”

In the air.

The three-clawed White Dragon roared.

Liu De and he tu, the Regent of the Black Dragon barbarian kingdom, had been fighting for two days and two nights.

...

The victor had not been decided yet.

‘He tu’ was in a high position and had the blessing of the Black Dragon barbarian kingdom.

Other than that.

Before the dark Dragon King went into seclusion,

He also gave the Black Dragon imperial decree, Black Dragon Imperial Jade seal, and black Dragon barbarian kingdom Marquis token to he tu.

As a result ...

He tu had the capital to fight against Liu De.

BOOM!

It could be seen.

In the sky above the battlefield.

The fifth-level barbarian from the Black Dragon barbarian kingdom and the fifth-level general from the Shu Kingdom clashed. The collision of their powerful forces was like the collision of small Suns.

There was a huge explosion.

The vast aftermath of the battle spread.

It shook the entire area.

Both sides were evenly matched.

It would be difficult to determine the victor in a short time.

After fighting for so long, both sides were tired.

“Ah!”

Pfft!

at this moment.

He tu screamed and coughed up blood. The left side of his chest had been pierced by Liu De. Although his vital parts had been avoided, he had still been injured.

Obviously.

He tu wasn't weak, and he had the blessing of the Black Dragon barbarian kingdom and three nine Dragon-level dynasty Saint weapons.

But Liu De was stronger.

Don't forget.

liu de was the human king.

It could fully make use of and control the power of the nation's fate, and could even fully unleash the power of a dynasty Saint weapon.

up until now.

He tu was actually gradually falling into a disadvantage.

To be able to persist for so long.

He tu was already very strong.

“He tu,”

Liu De held the Dragon-head spear, wore armor, and had a light shield protecting his body. He looked down at he tu and shouted, ” “If that's all you have.”

“Then, this day next year will be your death anniversary.”

“White Dragon killing spear!”

Whoosh!

Liu De attacked.

He had displayed a powerful martial art that contained the will of the nation.

Roar!

The Dragon Chief thrust his long spear forward.

It was accompanied by a deafening Dragon's Roar.

The White Dragon-shaped spear radiance contained the power of the killing Dao as it pierced towards he tu.

“Ah!”

He tu roared.

BOOM!

“A totem materialization!”

He tu roared, ” butcher knife!

Shua!

Instantly.

the totem materialised.

It was actually a pitch-black Ghost head saber wrapped in an unknown aura. When the ghost head saber was slashed out, the black Saber Light seemed to split the world.

It was extremely bright.

“Thump!”

The saber radiance and the spear radiance collided.

There was a huge explosion.

immediately after.

The blade light exploded.

“Ah!”

He tu screamed as he spat out blood and flew back.

In this battle.

He tu was at a disadvantage.

“Kill!”

Shua!

Liu De continued to pursue and kill he tu.

“Not good!”

“Lord he tu is in danger!”

“!!”

In the surroundings.

The fifth-level barbarians were shocked and wanted to help he tu.

“In your dreams!”

shua! Shua!

The rank 5 general of the Shu country immediately rushed over and blocked the rank 5 barbarians, making it impossible for them to help he tu.

BOOM! BOOM!

liu de's continuous attacks completely suppressed he tu.

Pfft!

he tu's injuries were getting worse.

“Ah!”

In the end.

Liu De seized the opportunity and pierced his spear through he tu's chest.

“Die!”

buzzzzzz!

Liu De raised his left hand, and the Shu country Marquis token turned from a protective light shield into a huge white shield. He smashed it toward he tu's head.

“!!!”

he tu's pupils contracted.

It was dangerous!

fatal danger!

if he was hit ...

His head would definitely explode.

He would die without a doubt!

“Lord he tu!”

“No!”

The barbarians ‘eyes widened.

Buzzzzzz!

Suddenly.

At this moment.

Liu De felt an extremely terrifying energy fluctuation coming from the distance. It was like a black laser that pierced through Liu De’s heart.

Clang!

Liu De had no choice but to give up on killing he tu and block the black beam of light from the Shu country’s Marquis token.

Shua!

He tu immediately retreated rapidly.

He was far away from Liu De.

His life was saved.

“Roar!”

The next moment.

An earth-shattering Dragon’s Roar rang out.

Shua!

A black stream of light broke through the air.

“Liu De.”

The Black Dragon King’s voice rang out, ” what kind of skill is it to bully my subordinates? If you have the guts, then fight me to the death.”

boom!

In front.

it was a three-clawed black dragon that was seven thousand five hundred meters long.

A pitch-black Dragon body.

it was winding like a mountain range.

They were spread out in the air.

The true dragon of the nation!

The true dragon of the Black Dragon barbarian kingdom!

Black Dragon King!

Liu De raised his head and looked forward.

On the head of the three-clawed Black Dragon.

Standing there was a burly middle-aged man in a Black Dragon robe. He was surrounded by the light fog of the National aura, making it impossible to see clearly. His hands were behind his back, and his might was unparalleled.

“Your Majesty!”

“Your Majesty, the Black Dragon King!”

“Hahahahaha!”

His Majesty has come out of seclusion!!

Instantly.

The barbarians cheered loudly.

it's the Black Dragon King!

“damn it!”

did he really break through? ”

“Be careful! Don't be careless!”

The type 5 generals of the Shu country all had grave expressions.

“You broke through?”

Liu De asked in a deep voice.

“That’s right.”

” i’ve already broken through, ” the black dragon king said arrogantly. ” i’ve reached the initial stage of the sixth rank. liu de, you no longer have any chance of winning. ”

“You’re not my opponent at all.”

“How would you know if you don’t try?”

BOOM!

As soon as he finished speaking.

Liu De made his move.

Roar!

furthermore ...

he attacked with his strongest killing move.

“White Dragon killing spear!”

It was his most powerful attack.

Liu De combined the various powers he had mastered, and the White Dragon-shaped Spear's radiance pierced through the heavens and earth, filling the void as it charged toward the Black Dragon King.

“You won't shed a tear until you see the coffin.”

The dark Dragon King snorted coldly, “so be it. Today, I'll let you experience the power of a sixth step, and let you experience the taste of despair.

Wuwuwuwuwu!

The Black Dragon King made his move.

“Black Dragon absolute kill technique!”

BOOM!

The Black Dragon King raised his palm. He did not use the secret totem technique that he had raised, but the vast totem power turned into a huge palm print and blasted over.

Bang!

After that.

The White Dragon-shaped spear radiance exploded.

The terrifying power struck Liu De's body.

“Ah!”

Liu De let out a blood-curdling screech as he spat out a mouthful of blood. He was sent flying for tens of thousands of meters before he managed to stabilize his body. His face was slightly pale as he looked at the Black Dragon King. you ...

“How is it?”

The dark Dragon King laughed wildly, ” can you feel the power of a Tier 6? Do you feel that you are so weak? Hahaha!”

“i actually broke through.”

Liu De’s expression was heavy.

“Liu De.”

At this moment.

The Black Dragon King shouted, ” if you want to live, then immediately take your Shu country Army and withdraw from the Black Dragon barbarian kingdom. At the same time, hand over half of the fate of the Shu country and compensate us with 100 million lower spiritual crystals, 100000 middle spiritual crystals, and 1000 upper spiritual crystals.

furthermore, one-third of the Shu country’s territory will be given to the Black Dragon barbarian kingdom.

“Otherwise ...”

“Don’t even think of leaving today.”

Because the Black Dragon King had received the feedback from the nation’s fate and the assistance of various spirit medicines and spirit pills, he finally successfully broke through to the initial stage of the sixth rank after a few days of closed-door cultivation.

After coming out of seclusion.

The dark Dragon King was also acting on a whim.

Hence.

His consciousness connected with the ‘young dragon ranking-Saint peace state’.

After that.

the dark dragon king saw it on the list.

the skydemon kingdom and the great xia dynasty had vanished.

He was instantly shocked.

The change in the rankings caused such a situation.

to tell the truth.

the black dragon king immediately thought that the celestial demon king had broken through before him and had even destroyed the great xia dynasty. after devouring the great xia dynasty’s fate, his ranking had risen, surpassing the black dragon barbarian kingdom.

so,

That was why he was unable to see the great Xia Dynasty and the sky demon Kingdom on the rankings.

Chapter 450 Fusion

The imperial capital of the Grand Xia.

In the base of the 01 division.

Within the room in the ruler's hub.

Shua!

Jiang Li had an idea.

He immediately opened the Dominator panel.

he then checked the number of soul tinders.

Jiang Li destroyed the sky demon Kingdom and killed hundreds of millions of demon soldiers. He had almost annihilated the entire Army of the sky demon Kingdom. Naturally, a large number of soul Tinders dropped.

” soul tinder: 17.6 million level-one soul tinders, 1.7 million level-two soul tinders, 25000 level-three soul tinders, 569 level-four soul tinders, one level-five demon soul tinder fragment, two level-five soul tinders. ”

“Fuse.”

buzzzzzz!

the soul tinder fusion function was activated.

He chose to fuse with one button.

First, he fused all the level-one soul Tinders.

Shua! Shua!

In the interface.

A series of notifications popped up.

“Chief sovereign.”

at this moment.

When Jiang Li was fusing with the soul Tinder, the ten commanders of the ten armies came and reported to Jiang Li, ” “all the resources have been stored in the national treasury.”

“Yes.”

okay. Jiang Li nodded.

“Chief sovereign.”

At this moment.

“we’ve already taken down the sky demon kingdom. should we send our aerial reconnaissance team to the black dragon barbarian kingdom?” zh01 suddenly asked. The Shu nation has probably started a war with the Black Dragon barbarian kingdom.”

“If we can know the situation of the war between the Shu country and the Black Dragon barbarian kingdom, we can make the next battle plan in time.”

“Alright,” he said.

” okay. ” jiang li thought for a moment and nodded. ” then send out an air scout team. zh01, you’ll lead this air scout team to the black dragon barbarian kingdom and investigate. ”

[name: No. 1 reconnaissance unit]

“yes.”

Zh01 replied.

“Go on.”

go. Jiang Li waved his hand.

Immediately.

Zh01 left.

He led the ‘No. 1 reconnaissance team’ made up of 10000 Air Scouts and first went through the ‘teleportation room’ in the No. 01 army base and arrived at the No. 016 army base.

they flew across the border sea.

He was heading to the Black Dragon barbarian kingdom.

[prompt: a total of 1.76 million fusions. 587000 successes and 1173000 failures. You have obtained 587000 stage-two soul Tinders.]

At this moment.

Jiang Li received a notification.

“Continue.”

fuse all the level-two soul Tinders. Jiang Li operated the fusion interface.

“Whoosh!!!”

The fusion interface.

The light flickered.

my Lord, there is news from the scout team in the base.

QX01 suddenly said.

“Answer.”

Jiang Li said.

“Yes.”

Shua!

QX01 raised his wrist and projected a holographic image in front of Jiang Li. It was the scene around the base of Army 016.

...

In the border sea.

The waves were rolling.

It could be seen.

one by one, the barbarian scouts came ashore.

obviously.

These barbarians were the Barbarian Scouts of the 'barbarian tribe'. They had discovered the base of the No. 016 Army and reported the news to the high priest of the Barbarian Army.

At the same time.

The air Scouts in the base had also discovered these barbarian Scouts.

“Barbarian.”

Jiang Li looked at it, pondered for a while, and said, “don’t alert the enemy for the time being. Just continue to keep an eye on them and report immediately if there are any abnormalities.

“Yes.”

...

The holographic mech of the Army base responded.

Shua!

The communication was shut down.

[prompt: 228700 fusions, 38120 successes, 190580 failures, 38120 successful stage-three soul Tinders.]

Immediately after.

A notification appeared.

“Continue.”

Buzzzzzz!

fuse. Jiang Li controlled the fusion panel and fused all the level-three soul Tinders.

The fusion interface flickered with light.

The stage-three soul Tinders fused with each other.

On the other side.

Deep in the border sea.

The Barbarian tribe built an underwater city on the ‘seabed’.

In the Barbarian God Palace.

” high priest, there’s news from the scouts in the sky fey kingdom. ”

The one kneeling on the ground was a tall and sturdy barbarian.

one had to know.

the barbarian tribes had attacked the great xia dynasty twice, and they had suffered a double loss.

Not only did it not cause any damage to the great Xia Dynasty, but it also caused the Barbarian tribe to lose a large number of barbarian soldiers and even two Grade 5 barbarians.

Heavy losses.

Of course.

Xing Wuke didn't die. Instead, he became Jiang Li's core slave.

In the main branch of the Barbarian tribe in the northern region of the Holy peace state, there were only nine fifth-grade barbarian elders, other than the high priest. They formed the highest power system.

now.

Xing Wuke had surrendered to Jiang Li.

Only the seven barbarian Grand elders remained.

"Speak," he said.

After a while.

The low voice of the high priest of the Barbarian tribe came from the temple.

"The scouts found a 'steel Castle' in Dragon County. This kind of 'steel Castle' is very similar to the war weapons of the great Xia Dynasty."

The first elder of the Barbarian tribe said.

that's impossible, " the Barbarian high priest said. it's the sky Monster Kingdom's territory. How can Jiang Li build his 'steel Castle' in the county? "

"This is absolutely impossible!"

“High priest, did the scouts misreport?”

The first elder of the Barbarian tribe asked doubtfully.

“.....”

the temple fell silent.

After a while.

immediately send out elite Scouts into the sky Yao Kingdom. We must find out what happened. No matter what, we must find out.

The high priest of the Barbarian tribe shouted in a deep voice.

“Yes.”

The first elder of the Barbarian tribe nodded and left the temple.

“.....”

The high priest of the Barbarian tribe was silent. He muttered to himself, ” the unique ‘steel Castle’ of the great Xia Dynasty has appeared in the territory of the sky demon Kingdom.

“Could it be that Qianqian?”

“Impossible!”

how could the sky demon Kingdom be destroyed by the great Xia Dynasty just like that? I must be overthinking. That’s right, I must be overthinking.

it's more like the great Xia Dynasty has been destroyed by the SkyDemon Kingdom.

“.....”

The high priest of the Barbarian tribe shook his head, and he felt even more uneasy.

the situation in the northern region of holy peace state had completely gone out of his control and expectations.

At this moment.

Within the Black Dragon barbarian kingdom.

Changman city.

“blessing of the nation's fate!”

“Roar!”

The Black Dragon King let out a loud roar and released the power of the nation's fate. The black light of the nation's fate bloomed and covered the entire battlefield, blessing the Barbarian soldiers with the power of the nation's fate.

It increased the combat power of the Barbarian soldiers.

At this moment.

The morale of the Barbarian Army of the Black Dragon barbarian kingdom was greatly boosted.

“kill!”

BOOM! BOOM! BOOM!

The battle was getting more and more intense.

Gradually.

The Army of the Shu country retreated in defeat.

He was at a disadvantage.

“.....”

Liu De’s face darkened.

“Liu De, have you made up your mind?”

The Black Dragon King berated in a deep voice.

One had to know.

If the sky demon Kingdom really swallowed up the great Xia Dynasty, the fate of the nation would rise, and the strength of the sky Demon King would definitely increase again. Hence, the Black Dragon King did not want to continue fighting with the Shu nation’s Army.

because ...

Even if the Black Dragon barbarian kingdom could win and destroy the Shu Kingdom’s Army, the Barbarian Army of the Black Dragon barbarian kingdom would suffer a great loss if the Shu Kingdom’s Army risked their lives.

so,

the black dragon king wanted to force liu de to retreat and hand over a large amount of fate of the nation and spiritual crystals as compensation through negotiation.

He wanted Liu De to cede territory and pay reparations.

This way ...

Not only could the Black Dragon King obtain the Fortune of the country, but he could also prevent the Barbarian Army from suffering heavy losses.

Two birds with one stone.

Of course.

if liu de was not willing to ‘cede territory and pay indemnities’, then the black dragon king would definitely go all out and destroy the shu state’s army at the smallest cost.

“Don’t even think about it!”

Liu De snorted coldly as he looked at the Black Dragon King. His eyes were cold as he shouted in a deep voice, ” Dark Dragon King, don’t think that you’ve won for sure just because you broke through to initial-stage Tier 6.

“You want me to ‘cede territory and pay reparations’?”

“keep dreaming!”

kill!!!

BOOM!

die! Liu De roared with a determined look on his face. He unleashed his full power and attacked the Black Dragon King. The White spear radiance pierced through the black Dragon King like a long Dragon.

“Refusing a toast only to drink a forfeit.”

The dark Dragon King’s face darkened. since you want to die, I will fulfill your wish.

“Roar!”

At this moment.

The Black Dragon King no longer held back and used his strongest killing move. The true dragon of the National aura fused with him, and the three nine-Dragon level National aura Saint weapons released their full power.

“Black Dragon killing technique!”

The Black Dragon King formed a seal with both hands, forming an extremely huge ‘destruction’ seal that was as large as a mountain, blasting toward Liu De.

BOOM!

There was a loud bang.

the white dragon-shaped spear radiance exploded.

The king of Shu, Liu De, could not block the Black Dragon King’s killing move at all.

“You’re overestimating yourself.”

The Black Dragon King sneered.

“Whoosh!!!”

Suddenly.

From the distant horizon, a Holy Radiance flew over. It turned into a light blade, as if it was cutting through space, and came over.

The Holy blade of light slashed at the ‘destruction’ seal.

Kachaa!

Bang!

The ‘destruction’ seal shattered.

The Holy blade of light also exploded.

“Who is it?”

The Black Dragon King was shocked.

Shua!

After that.

A white-haired young man with pure white light wings on his back appeared in the sky above the battlefield.

the other party was the demigod from the endless forest.

“You’ve finally come.”

When Liu De saw the white-haired young man, a smile appeared on his face, and he heaved a sigh of relief in his heart. if you had come any later, I would have been a corpse.

“This is better.”

The white-haired young man glanced at Liu De. since we used to know each other, I will collect your body.

“Hehe.”

Liu De laughed bitterly.

The Black Dragon King’s gaze was fixed on the white-haired youth, and his eyes revealed a look of shock. He could not help but ask, ” “You’re a god? No! It was wrong! A demigod! You’re a demigod!”

“You’re too noisy!”

boom!

Hmph! the white-haired young man snorted and flapped his Holy wings. In an instant, countless holy blades of light condensed and filled the sky.

“die!”

Whoosh! Whoosh! “whoosh!”

In that instant.

The countless holy blades of light were like a thousand swords returning to their roots, forming a vast River of blades of light that pierced towards the Black Dragon King.

It was powerful.

“Black Dragon killing technique!”

The Black Dragon King’s pupils contracted as he unleashed his strongest technique once more. The Black Dragon shadows condensed into many ‘destruction’ seals, which combined to form a destruction formation.

It was like a huge millstone.

Clang clang clang!

The obliteration formation, which was like a huge millstone, blocked in front of the Black Dragon King. Countless holy light blades attacked the obliteration formation, causing a series of explosions.
