

Army 451

Chapter 451 Opening

As the blades of holy light continued to bombard the destruction formation, cracks began to appear on the destruction formation that the Black Dragon King had conjured.

Kachaa! Kachaa!

It was gradually cracking.

“!!!”

The dark Dragon King’s pupils contracted.

BOOM!

Finally.

The millstone-like annihilation formation exploded.

“Ah!”

The dark Dragon King screamed.

He spat out a mouthful of blood.

The blades of holy light slashed at the dark Dragon King’s body, leaving many wounds. The dark Dragon King was forced to retreat continuously.

Pfff!

The dark Dragon King flew out for tens of thousands of meters.

he coughed up blood again.

“You, you, you, you, you, you, you ...”

The Black Dragon King’s face was filled with fear as he looked at the white-haired young man.

“Black Dragon King.”

Liu De sneered. your death is here.

Obviously.

The white-haired young man of the demigod clan appeared.

The strength and cultivation that he displayed had already reached the sixth step. His combat strength was clearly stronger than the dark Dragon King’s, and he was able to suppress the dark Dragon King with a single move.

It was obviously not an ordinary sixth step.

It could be said that ...

It directly reversed the disadvantage of the Shu country.

kill!!!

BOOM!

the black dragon king roared in anger. with a long howl, he immediately activated the power of the rank 5 'black dragon formation'. the 100000-meter-long black dragon formation dharma-image rushed into the black dragon king's body.

The dark Dragon King's might increased greatly.

he waved his right hand.

The Black Dragon Imperial Jade seal transformed into a huge saber with a dragon's head.

Shua! shua! Shua!

It slashed out rays of blade light.

it slashed towards the white-haired youth.

“demigod domain.”

buzzzzzz!

The white-haired young man's expression was calm. He opened his hands, and a white light shield appeared. It quickly spread out and covered the surroundings, forming a defense.

It blocked all of the dark Dragon King's attacks.

The war between the Shu nation and the Black Dragon barbarian kingdom was still ongoing.

Furthermore ...

The white-haired young man of the demigod clan appeared.

The outcome of the war had become even more confusing.

In reality.

With the speed of the 'No. 1 reconnaissance team' led by zh01, they had to cross the border sea first, enter the Black Dragon barbarian Kingdom's territory, and then fly over more than half of the Black Dragon barbarian kingdom before they could reach Marquis changman.

It would probably take two days.

In other words ...

At that time.

I'm afraid the outcome of the war between the two countries has already been decided.

so,

Jiang Li didn't know how the battle between the Shu Kingdom and the Black Dragon barbarian kingdom was going.

Even if he knew.

Jiang Li didn't mind.

Because ...

...

no matter who won, jiang li was going to unify the northern region of the holy peace state.

fuse the third-stage soul Tinder.

buzzzzzz!

The fusion interface opened.

Jiang Li controlled the panel and started the fusion.

A notification appeared.

[prompt: 6312 fusions, 701 successes, 5611 failures, 701 stage-four soul Tinder obtained.]

“Alright,” he said.

seven hundred and one plus five hundred and sixty-nine, ” Jiang Li said. I have one thousand two hundred and seventy level-four soul Tinders now.

fuse the fourth-rank soul Tinder.

Shua!

...

The fusion interface appeared once again.

the pure gold tier 4 soul tinder slowly gathered toward the center and fused together.

[fusion failed!]

.....

[fusion successful!]

.....

[fusion failed!]

.....

A series of notifications appeared.

In the end.

All 1270 fourth-tier soul Tinders had been fused.

[prompt: a total of 127 fusions, 13 successes and 114 failures. You have obtained 13 level-five soul Tinders.]

” the number of fifth-tier soul tinders has reached fifteen. ”

Jiang Li’s face was full of smiles.

Shua!

The Dominator panel opened.

unlocking Tier 5 mechanical Army.

Jiang Li controlled the Dominator panel.

Shua!

[nine level-five soul Tinders and one trillion energy points have been achieved. Unlocking conditions have been met. Unlocking the level-five mechanical Army soldier type. Please wait patiently. Countdown: 10?9?8?7.....?]

countdown ended. The level 5 mechanical Army type has been successfully unlocked.

[can be expanded.]

Within his line of sight.

A series of notifications popped up.

Jiang Li used nine level-five soul Tinders and one trillion energy points to unlock the level-five mechanical Army.

“Unfurl!”

Shua! Shua!

[master panel]

[master: Jiang Li]

[game: super mechanical Army]

[interface: Army type]

mechanical army type (can be expanded), mechanical navy type (can not be expanded), mechanical air force type (can be expanded), mechanical interstellar type (can not be expanded), special mechanical army type (can be expanded)

“interface: army base (can be expanded)”

energy points: 9464.904.092730 energy points

soul Tinder: one level-five soul Tinder fragment, six level-five soul Tinders.

although unlocking the Tier 5 mechanical Army cost me one trillion energy points, I still have 9460 billion energy points left. The amount of energy points is still quite sufficient.

Jiang Li thought.

Soon after.

He opened the mechanical Army's battle array interface.

Shua!

[interface: mechanical Army type]

[Level 1 troop class: bi an (omitted)]

[Level 2 troop type: bi an (omitted)]

[Level 3 troop type: bi an (omitted)]

[level 4 troop type: bi an (omitted)]

Level 5 troops: mechanical fortress soldier (unlocked), mechanical Ares-class soldier (locked 6/16), mechanical dragon divine soldier (locked), mechanical exterminating soldier (locked).

Jiang Li finished checking the level five units.

There were only four.

There were only four types of fifth-tier troops.

In reality.

The higher the rank of the troop classes.

There would be fewer and fewer types of troops.

even ...

at the back.

There would only be one or two types of surmounting troop classes.

It could also be used to merge and create troop types.

At that time.

It would no longer be limited to the mech troops that were unlocked in the section.

[prompt: congratulations, Lord. You have successfully unlocked the stage five mech Army type and obtained the authority to activate the 'mech Navy type'.]

At this moment.

Jiang Li received a notification.

immediately activate the 'mech Navy service'.

Jiang Li confirmed.

Shua!

[prompt: insufficient soul Tinder, unable to activate.]

“This bi an ...”

Jiang Li was stunned.

It was true.

All the soul fires had been fused.

Jiang Li only had a level-five soul Tinder.

There were no soul Tinders from level one to level four.

Naturally, he could not activate the mech Navy.

soon after.

Jiang Li asked Xing Wuwu to come.

“Master.”

Xing Wuji arrived at the room in the ruler’s hub.

“Xing Wuwu.”

I’ll give you a task, ” Jiang Li said. take the ‘bloodthirsty evil spirit formation’ and ‘summon’ all the beasts in the sky demon Kingdom.

“Yes, sir.”

Xing Wuwu didn't ask any more questions and immediately accepted the order.

“Go on.”

Jiang Li waved his hand.

“Yes.”

Xing Wuwu left.

Immediately after.

Xing Wuwu took the ‘bloodthirsty ferocious spirit formation’ and used the ‘teleportation room’ to go to the base of Army 015. He followed Jiang Li’s order and left the old site of the sky demon royal capital.

After that.

It took a day.

He had gathered tens of millions of beasts.

The ‘bloodthirsty ferocious spirit formation’ was only a rank 4 formation.

To be able to summon a ‘ten million level beast tide’ was already the limit.

“Let’s go.”

Buzzzzzz!

the teleportation room was activated.

let's go. Jiang Li immediately sent out the puppet army and asked the soul realm controller to lead the puppet army to the sky Monster Kingdom to suppress the beast tide.

Half a day later.

The 'tens of millions' beast tide was suppressed by the puppet army.

All the beasts were dead.

They had lost about three million puppet Warriors.

"Puppet creation."

Buzzzzzz!

the soul realm opened.

The mechanical Soul energy enveloped the battlefield.

All the beasts 'bodies were turned into puppet Warriors by the soul realm controllers, so the number of the puppet army didn't decrease. Instead, it increased by more than seven million.

"Xing Wuwu, continue to use the 'bloodthirsty ferocious spirit array' to summon the ferocious beasts in the sky demon Kingdom."

Jiang Li ordered through the holographic mech.

"Yes."

Xing Wuwu responded and carried out Jiang Li's order.

Within the SkyDemon Kingdom.

There were quite a number of berserk beasts.

There should be tens of millions.

Shua!

Soul Tinder.

[soul Tinder: 1.25 million level-one soul Tinder, 150000 level-two soul Tinder, 2100 level-three soul Tinder, one level-five Demon Soul Tinder fragment, six level-five soul Tinder]

“Done.”

activate the mech Navy immediately, ” Jiang Li said.

shua!

[Level 5 mech Army has been activated. Mech Air Force has been activated. Nine Level 3 soul Tinders have been acquired. One hundred million energy points have been acquired. The activation conditions have been met. The ‘mech Navy service’ interface is being activated. Please wait patiently. Countdown: 10?9?8?7.....?]

[the countdown has ended. the ‘mech navy military service’ interface has been successfully opened.]

[can be expanded.]

Jiang Li used nine level-three soul Tinders and one hundred million energy points to activate the ‘mech Navy’.

Shua!

[prompt: congratulations, Lord, you have successfully activated the mech Army, mech Air Force, and mech Navy. You have gathered the three forces and have successfully obtained the right to activate 'mech type fusion'.]

[please gather one trillion energy points as soon as possible to activate the 'army type fusion' authority.]

At this moment.

The mech Navy had just been unlocked.

Jiang Li received another notification.

Soldier type fusion!

it could already be opened.

“Alright,” he said.

” great! ” jiang li was overjoyed. ” it’s true. after the three armies are formed, the soldier type fusion function will be activated. in this case, the army, navy, and air force can be fused. ”

One had to know.

Mechanical Army and mechanical air Force.

there were even many functions and abilities that overlapped and overlapped.

Furthermore ...

the mechanical army was unable to fly and could only move on land. this flaw was not obvious in the early stages, but it became a huge shortcoming in the later stages.

Of course.

The mechanical Army had strong combat ability and destructive power.

For example.

Mechanical giant soldiers and mechanical missile soldiers.

All of them were equipped with extremely powerful firepower.

One could imagine.

If the mech-guided missile soldier and the mecha-type Ares-class weapon were successfully combined, they would have the destructive power of the missile soldier and the mobility of the mecha-type Ares-class weapon.

the two combined.

How powerful would it be?

“Activate the ‘mech type fusion’ immediately.”

Jiang Li said.

Shua!

[mechanical Army activated, mechanical Navy activated, mechanical air Force activated, one trillion energy points gathered, conditions met, 'unit type fusion' function activated, please wait patiently, countdown: 10?9?8?7.....?

[the countdown has ended. The ‘unit type fusion’ function has been successfully activated.]

[can be expanded.]

A notification appeared.

Jiang Li had unlocked the ‘unit type fusion’ function.

Chapter 452 Soul refining

activate the ‘unit type fusion’ function.

After Jiang Li successfully turned on the ‘unit type fusion’ function, he immediately turned on the ‘unit type fusion’ function.

After that.

A squarish virtual interface slowly appeared in his vision.

The interface was a semi-transparent rectangular shape with three slots. From left to right, the slots for the Army, Navy, and air Force were displayed.

In other words ...

at most, it could fuse three different types of troops at the same time.

Jiang Li was going to try it.

“Open up the separate plane for the mech Navy.”

Shua!

[interface: type of mech Navy]

Level 1 troops: mechanical octopus soldiers (unlocked), mechanical underwater soldiers (1250000/2 locked), motorboat meches (locked), underwater communication soldiers (locked), biochemical submerging soldiers (locked)

?.....?

currently.

The mech Navy had only unlocked the first-stage troop class.

“begin the fusion.”

jiang li controlled the ‘mech type fusion’ interface and put the combat mech, mechanical pterosaur, and mechanical octopus into the three corresponding slots.

shua!

immediately.

A notification window appeared.

[mech type fusion prompt: confirm fusion of ‘combat mech’, ‘mech pterosaur’, and ‘mech octopus soldier’? [the fusion has a certain failure rate. The fusion will consume one trillion energy points. The more types of troops the fusion involves, the higher the failure rate.]

“This bi an ...”

Jiang Li hesitated.

Level 1 soldier type fusion.

Even if he succeeded.

They would only get a level one new troop class.

If he failed.

He would have wasted one trillion energy points for nothing.

Of course.

As long as he succeeded.

they would obtain a brand new troop class that could be built using energy points.

“No,”

Jiang Li canceled the fusion and replaced it with two level-four units, ‘mecha Ares soldier’ and ‘mech missile soldier’.

‘Mech type fusion’.

[mecha type fusion prompt: confirm fusion of ‘mecha ares soldier’ and ‘mech missile soldier’? [there is a certain failure rate of fusion. The fusion will consume one trillion energy points. The more types of troops are fused, the higher the failure rate of fusion.]

“Yes.”

Jiang Li took a deep breath.

It was confirmed.

Shua!

One trillion energy points were consumed.

“Whoosh!!!”

The Army type fusion interface lit up with a dazzling luster.

” merging units in progress. countdown: 60,59,58,57, wuwu. ”

Obviously.

The integration of the troops required one minute.

“Chief sovereign.”

At this moment.

When Jiang Li was merging the units, QX01 came over and reported to Jiang Li, ”
“Zh01’s ‘1st scouting unit’ has important news.”

reconnaissance team one.

have they arrived at the Black Dragon barbarian kingdom? ” Jiang Li asked.

“yes, i am.”

qx01 nodded. ” the first scouting team arrived at the black dragon barbarian kingdom yesterday. ”

“Alright,” he said.

...

contact them, ” Jiang Li said immediately. contact the No. 1 scouting team.

“Yes.”

Wuwuwuwuwu!

QX01 raised his wrist and formed a holographic projection. He had already made contact with the first reconnaissance team.

Shua!

the holographic projection was displayed.

“Chief sovereign.”

Jiang Li. zh01 appeared and saluted Jiang Li.

“Yes.”

” yes. ” jiang li nodded and asked, ” how’s the battle between the black dragon barbarian kingdom and the shu kingdom? ”

“Chief sovereign, please take a look.”

...

Shua!

The scene changed.

The camera was pointed to the front.

what came into view was a huge capital city. it was extremely magnificent and vast, just like an ancient giant beast lying on the ground.

He looked closer.

In the city.

A large number of human soldiers had occupied the entire city.

Obviously.

The Black Dragon barbarian kingdom was defeated.

“Chief sovereign.”

this city is the Black Dragon Kingdom’s imperial capital, ” zh01 said. right now, the Black Dragon Kingdom’s imperial capital has already been occupied by the Shu country’s Army.

“In other words ...”

the Shu country defeated the Black Dragon barbarian kingdom.

“The Shu country actually won.”

Black Dragon King? ” Jiang Li was shocked. the Black Dragon King died just like that? ”

shua!

Hence.

jiang li closed his eyes and communicated with the young dragon list.

A purple-gold ranking list appeared.

Young dragon ranking-Saint peace state

[first place: ???]

[second place: ???]

[third place: ???]

.....

16th place: Xia Dynasty, country name 'Xia', King' Jiang Li '

17th place: Chaoyang dynasty, country name 'Chaoyang', King' mang Luo'.

18th place: demon spirit dynasty, country name 'demon spirit', King' mo min'.

19th place: giant python kingdom, national name 'python', king' soaring dragon'.

.....

25th place: luo yun royal court, country name 'yun', wang' yun luoluo'.

.....

“The great Xia Dynasty’s ranking has dropped.”

jiang li finished reading the dynasty ranking of the ‘young dragon ranking-saint peace state’. the great xia dynasty dropped from’ 15th ‘to’ 16th’.

He dropped one place.

the most important thing was ...

The Black Dragon barbarian kingdom and the Shu Kingdom had disappeared.

Obviously.

The Black Dragon barbarian kingdom and the Shu Kingdom had a winner. If the intelligence of the No. 1 scouting team was correct, the Shu Kingdom won and devoured the fate of the Black Dragon barbarian kingdom.

The ranking rose.

it directly surpassed the great xia dynasty.

so,

Jiang Li couldn’t see the Shu Kingdom on the ‘young dragon ranking’.

“Roar!”

Suddenly.

At this moment.

In the image transmitted by the first scouting unit.

An earth-shattering Dragon’s Roar was heard.

“This is a Kasaya.”

Jiang Li was surprised.

It was a huge three-clawed White Dragon, rising from the deepest part of the dark Dragon King’s capital and straight into the clouds. Its body was nine thousand meters long.

The true dragon of the Shu country!

Obviously.

The true dragon of the Shu country had completely devoured the fate of the Black Dragon barbarian kingdom.

He had been promoted.

“It’s really Yingluo.”

Jiang Li took a deep breath.

nine thousand meters!

This was almost the limit of the dynasty’s National aura true dragon.

If he went further up.

The body length of a country’s fate true dragon exceeded 10000 meters. When it grew the ‘fourth claw’, it would become a ‘four-clawed true dragon’, which was also known as the ‘dynasty fate true dragon’.

Shua!

Suddenly.

A stream of pure white light flew out from the Black Dragon King's capital city at an extremely fast speed. In an instant, it had crossed a distance of more than 100000 meters.

After that.

He appeared in front of zh01 and the others.

“Interesting,”

In the image.

the person who appeared was a white-haired young man with a pair of pure white wings of holy light on his back. feathers of light scattered down from the wings.

the white-haired youth was sizing up zh01 and the surrounding air scouts.

His eyes were filled with curiosity.

“You are the soldiers of the great Xia Dynasty?”

the white-haired youth said, ” liu de told me that the ‘military type’ of the great xia dynasty is very special. i didn’t believe it at first. now, it seems that it is indeed a bit interesting. ”

Air Scouts.

It could avoid the perception of a ‘fifth step’, but it could not avoid the perception of a ‘sixth step’.

so,

The first scouting team had been discovered by the white-haired youth.

He had been exposed.

“.....”

Jiang Li frowned.

” tell jiang li that i’ll go to the great xia dynasty in person after a while. ”

“You can go now,” said the white-haired youth.

“Wait a moment.”

shua!

at this moment.

Liu De flew out of the black Dragon royal capital.

he could feel it.

Liu De’s might increased greatly. With the help of the nation’s fate, he had already successfully broken through to the perfected stage of the fifth level, and his cultivation had reached the early stage of the sixth level.

“The great Xia Dynasty’s troops actually appeared here.”

liu de looked at zh01 and the others with a look of shock. ” could it be that the great xia dynasty was not destroyed by the sky fey kingdom? ”

“This bi an ...”

Liu De was in disbelief.

One had to know.

Liu De had originally thought that the great Xia Dynasty had been destroyed by the SkyDemon Kingdom, but from the looks of it, that was not the case. It was very likely that the SkyDemon Kingdom had been destroyed by the great Xia Dynasty.

Shua!

Immediately.

liu de closed his eyes.

His consciousness connected with the ‘young dragon ranking-Saint peace state’.

he then checked the dynasty rankings.

The Shu country’s ranking had risen from 25th to 10th.

He had entered the top ten.

“Great Xia Dynasty, 16th!”

When Liu De saw the great Xia Dynasty, he took a deep breath. His eyes were filled with shock. so, that’s the case. The SkyDemon Kingdom has been destroyed by the great Xia Dynasty.

“I didn’t expect this, I really didn’t expect this.”

Liu De’s consciousness returned and he opened his eyes. He looked at zh01 and laughed, ” who would have thought that only two human dynasties were left in the northern region of the Holy peace state? ”

the sky Fey Kingdom of the fey and the Black Dragon barbarian kingdom of the Barbarian race.

“They’re all dead.”

“Hahahahaha!”

Go back and tell Jiang Li.

he no longer has any chance of winning, ” Liu De said in a deep voice. I’ve already broken through to the early stage of the sixth rank. In addition, I have the help of a sixth rank demigod.

since we are both humans, I can give him a chance to surrender. He will submit to me and then merge the great Xia Dynasty into the Shu state.

by then, the Shu nation will become a ‘dynasty’. I can give Jiang Li a ‘Prince with a different surname’.

“A King with a different surname.”

haha. Jiang Li smiled. King Shu, you’re so confident.

Sixth rank.

He was indeed very strong.

Liu De had broken through to the sixth step, and his strength had greatly increased. Naturally, he was full of confidence.

but ...

Jiang Li had four level-six soul realm controllers under his command. Hyzk01 had even reached the peak of level six and created a level-six puppet warrior.

“Zh01, bring the 1st scouting unit back.”

go! Jiang Li ordered.

“Yes.”

Zh01 nodded.

Shua! Shua!

After that.

The first scouting team began to retreat.

Liu De and the white-haired young man did not make a move. Instead, they watched as zh01 and the others left.

He disappeared from sight.

“Liu De.”

the white-haired young man glanced at liu de indifferently. ” did i say that i would continue to help you? It’s already a great favor for me to help you once with half a token.”

“Lingxiao.”

Liu De smiled. that’s right. I’ve already taken down the Black Dragon barbarian kingdom. If nothing unexpected happens, the Shu nation will definitely unify the northern region of the Saint peace state.

“By then, the Shu country will definitely be promoted to a dynasty.”

“As long as you’re willing to help me, I can agree to anything you want.”

“I’m not interested,”

The white-haired youth, Lingxiao, replied indifferently, “I’ve said it before. I have no interest in these things. I’ve fulfilled my promise. It’s time for me to leave.

Shua!

As soon as he finished speaking.

Lingxiao’s figure shot through the air and left.

“Lingxiao!”

Liu De could not help but shout.

However ...

However, Lingxiao left without even turning back.

“Damn Qianqian.”

Liu De’s face darkened. He clenched his fists and said in a deep voice, “Lingxiao, you will regret your choice today. The Shu country will definitely prosper.”

“When the time comes, Yingluo”

Shua! Shua!

At this moment.

fei lian and the other generals of the shu country arrived.

“Your Majesty, the ‘soul refining formation’ that you ordered has been completed.”

Fei Lian said.

“Alright,” he said.

Liu De was overjoyed.

Chapter 453 Superconducting materials

Although the Shu state had defeated the Black Dragon barbarian kingdom, the Shu state Army had also suffered heavy losses. Out of hundreds of millions of soldiers, less than 60 million were left, and more than 40 million soldiers were injured or killed.

However ...

he was able to destroy the black dragon barbarian kingdom.

The loss of more than 40 million troops was not considered big.

Half an hour later.

“Soul refining formation.”

“Whoosh!!!”

go! Liu De shouted and formed a seal with both hands. A pure white formation appeared and activated the ‘soul-refining formation’. An extremely huge circular formation appeared in the sky above the Black Dragon Capital.

It enveloped the entire Black Dragon imperial capital.

“Refine!”

Shua! Shua! Shua!

The formation diagram glowed extremely resplendently, like a white scorching sun. Countless light curtains fell and covered countless barbarian corpses.

“Whoosh!!!”

A vast amount of soul power surged out of Liu De’s body.

Kachaa! Kachaa!

Under the cover of the ‘soul refining formation’.

The corpses of the Barbarian soldiers actually stood up shakily.

The most important thing was ...

Countless thin white lines appeared on Liu De’s body. Like a spider web, they spread out and connected to the dead bodies of the Barbarian soldiers.

Puppet control!

Soul thread!

Human puppeteers!

That’s right.

Liu De had mastered the real ‘puppet technique’. He was a real’ human puppeteer ‘who could make’ puppets ‘and control’ puppet armies ‘with his soul thread.

Except for Liu De’s true confidants.

No one knew that Liu De was not only a powerful warrior but also a puppeteer. He was a real puppeteer of the human race.

At this moment.

Liu De had used the power of the ‘soul-refining formation’ to create tens of millions of puppets. The corpses of the Barbarian soldiers had become ‘puppet Warriors’.

although it’s not the first time I’ve seen Your Majesty use such great power, I can’t help but sigh and be shocked. This power is really too great.

“Yup!”

this is the power of the ‘human puppeteers’!

“One man army!”

“most importantly, his majesty has already broken through to the early stages of the sixth rank. his puppetry has become even more powerful. he can control an army of puppets that number in the tens of millions by himself.”

outside the soul refining formation.

Fei Lian and the other generals of the Shu state protected Liu De from the outside of the array. They looked at the scene inside the soul refining array and discussed in awe.

Of course.

Creating ‘puppets’ was not a simple matter, let alone tens of millions of them. It would take a lot of time and could not be completed in a short time.

furthermore ...

Liu De also had the corpse of the ‘Black Dragon King’.

One had to know.

The dark Dragon King was at the initial-stage Tier 6.

Liu De was preparing to refine the dark Dragon King’s corpse into a sixth-grade puppet warrior. For this, Liu De had made a lot of preparations and gathered a lot of sixth-grade materials and resources.

He had basically emptied his inventory.

On the other side.

Zh01 led the 1st scouting unit out of the black Dragon Capital. After flying for a few dozen miles, they stopped in the air above a ruined city.

“Chief sovereign.”

Zh01 suddenly reported to Jiang Li, ” the first scouting team doesn’t only have Air Scouts. I have also brought normal Mechanical Engineers, normal mechanical soldiers, and mechanical teleportation soldiers.

do you want to build ‘army base’ and ‘teleportation station’ in the Black Dragon barbarian kingdom? ”

“Oh.”

jiang li looked at zh01 in surprise and said, ” you actually brought normal Mechanical Engineers and mechanical soldiers, and even mechanical teleportation soldiers.

“if i remember correctly, i didn’t ask you to bring these three troops, right?”

“Yes, I am.”

“My Lord, the Black Dragon barbarian kingdom and the Shu country are at war. No matter what the result is, who wins the war?”

...

but after the war is over, the victorious side will definitely suffer heavy losses and thus suffer a great loss in military strength.

“If we can send out our troops in time.”

” we can seize the opportunity to destroy the winning side. ”

“that’s why i brought these three troops.”

“Alright!”

alright. Jiang Li nodded. let’s build it here. I’ll send all my forces after the teleportation station is built.

“Annihilate the Shu country’s Army in one fell swoop,”

“Yes.”

Zh01 replied.

immediately after.

The scouts in the air put down the normal Mechanical Engineers and normal mechanical soldiers, as well as the mechanical teleportation soldiers.

...

He stood in an empty space in the Barbarian city.

” use 100 million energy points to build the 17th army base. ”

jiang li was sure.

“Yes.”

“Whoosh!!!”

The normal Mechanical Engineers and mechanical soldiers split up.

An illusionary building appeared on the empty land of the city. The energy points were converted, and the illusionary building gradually solidified, becoming a physical building.

It would take an hour.

Shua!

At this moment.

[army type fusion prompt: the countdown has ended. congratulations, lord. you have successfully fused ‘mecha ares-class soldier’ and ‘mech missile soldier’. you have obtained elite army type: Superconducting Ares weapon.]

In front of Jiang Li's eyes.

A notification popped up.

The one-minute countdown for the unit fusion ended.

The fusion was a success.

He had obtained a brand new troop class.

And they were elite troops.

“Alright!”

good! Jiang Li was overjoyed. one trillion energy points didn't go to waste.

“Hidden Dragon,”

run the mech factory at full power, ” Jiang Li ordered. create ten million level-one and level-two mech army units.

” type 3 mech army, 5 million units. ”

type 4 mech Army, 10000 units.

10 million Level 1 and Level 2 mech Air Force troops each.

type 3 mech Air Force units, 5 million.

“Create 10000 of them.”

“Reporting to you, chief sovereign.”

yes, ” Hidden Dragon replied immediately. we will need 122 billion and 20 million energy points and 62 million tons of steel materials to build 50 million meches.

“Do you want to confirm?”

“Yes.”

okay. Jiang Li nodded.

“Whoosh!!!”

The image of the mech factory appeared.

from the first level to the fourth level.

All the mechanical production lines and soldiers started to work, forming a wormhole tunnel that transported them to the great Xia Treasury to transport the steel materials.

he threw it into the black furnace.

Shua! Shua! Shua!

very quickly.

Meches were produced one after another.

The production speed was extremely fast.

It was like an assembly line.

Shua!

Jiang Li operated the Dominator panel.

build 100 mech fortresses and 1000 soldiers.

Because the superconducting warlord was an elite troop type, it would take 20 million energy points to make one. Jiang Li used 120 billion energy points to make meches on the Dominator panel.

Buzzzzzz!

The manufacturing interface appeared.

In the interface.

Illusionary troops appeared.

two types of troops.

Their bodies were extremely huge.

There were countless light spots filling up the surroundings.

It gradually solidified.

A minute later.

[creation complete!]

A notification appeared.

Shua! Shua! Shua!

Immediately after.

In the open space of the base.

A hundred mechanical soldiers appeared.

In the sky above the base.

It was a 1000-rank superconducting Ares-class weapon.

“my lord!”

” yes! ” the 1100 meches said in unison.

“Yes.”

Jiang Li was looking at the ‘mechanical soldiers’ in the open space. They were made of black steel and were huge.

The overall appearance was a cylindrical ‘fortress building’, with gun barrels, cannon barrels, and so on deep around the cylinder.

In the middle of the room, there was a huge electronic eye.

it flashed with a purple luster.

it was a terrifying mobile fortress.

It could attack from 360 degrees without any blind spots.

Not only that.

The 'mechanical fortress soldiers' could still open the 'energy shield' and wait for the enemy to attack.

If he had to describe it ...

The mechanical soldiers were a Mobile Armory.

It was equipped with machine guns, cannons, energy cannons, missiles, and many other war weapons.

The destructive power of the battlefield was extremely terrifying.

In the air.

Superconducting Ares weapon.

they were the combination of 'mech missile soldiers' and 'mech ares soldiers'. each' superconducting ares soldier 'had become a 19 meter tall mech giant.

Other than that.

Behind the 'superconducting Ares-class weapon'.

It was also carrying a huge 'missile'.

It was embedded on top.

It could launch a conventional missile at any time.

The most important thing was ...

The 'superconducting Ares-class weapon' also had the mobility and close combat ability of a mecha Ares-class weapon.

One could imagine.

In close combat with the 'superconducting Ares weapon', a conventional missile 'suddenly appearing in the face would cause a terrifying amount of damage.

upgrade 100 mech fortress soldiers and 1000 superconducting Ares soldiers.

Jiang Li used 1680 billion energy points to upgrade a hundred mechanical fortress soldiers to perfected-stage level five and a thousand superconducting Ares-class soldiers to perfected-stage level four.

shua! Shua!

The mech's body glowed with white light.

It only took a few seconds.

He had already completed his advancement.

It could be seen.

the mechanical fortress soldier was only ten meters tall when it was at the initial stage of level five. after it was upgraded to the perfected stage, it was a hundred meters tall.

The base of the 01 division was no longer able to hold them.

A hundred-meter tall cylindrical moving 'steel fortress' with an 'energy-defense light barrier'. This terrifying war weapon charged into the battlefield.

The terrifying destructive power it displayed would be devastating.

my Lord, 50.02 million meches have been completed.

At this moment.

Hidden Dragon reported.

“Alright,” he said.

good. Jiang Li looked at the mech factory and nodded with satisfaction. I’ll make more than fifty million new meches and the remaining ten million.

the number of meches has reached sixty million.

“The soul realm master’s puppet army already has more than 100 million puppet Warriors.”

Shua!

[base 017 is complete!]

A notification appeared.

10 million energy points are consumed to build a ‘teleportation station’.

” go! ” jiang li ordered.

“Yes.”

Buzzzzzz!

In the base of Army 017.

The mechanical soldiers began to build ‘teleportation stations’, and an illusory building appeared. It was transformed from energy points and gradually solidified into a physical building.

Jiang Li waited patiently.

an hour later.

The ‘teleportation station’ of the base was completed.

Soon after.

The mechanical teleportation soldier immediately made contact with the ‘ordinary wormhole tunnel maker’ in the 01 army base and opened up a space, forming a wormhole channel.

ruler, the wormhole passage has been opened.

zh01 said.

“Yes.”

yes. Jiang Li nodded and gave an order, ” QX01, send the order immediately. All commanders and four soul realm controllers, listen.

mechanical Army, puppet army, move out!

” teleport!!! ”

Chapter 454 Attack

After Jiang Li gave the order.

the ‘teleportation room’ was activated.

“Whoosh!!!”

an invisible spatial fluctuation emerged. with the ‘teleportation array’ of the 01 army base as the center, it quickly spread out and spread to the surroundings.

the teleportation was activated.

It could be seen.

Shua! Shua! Shua!

The ‘mechanical Army’ made up of more than 60 million meches and the ‘puppet army’ made up of hundreds of millions of puppet Warriors outside the city flashed and disappeared.

he had already teleported out of the imperial capital of the grand xia.

the scene changed.

base 017.

Buzzzzzz! Wuwuwuwuwu!

The abandoned city of Man.

In the sky.

Numerous huge floating battleships appeared. Around the abandoned city were many zombie-like ‘puppet Warriors’. There were so many of them that there were more than 100 million of them.

the entire abandoned city of barbarians could not contain the hundreds of millions of ‘puppet army’.

Shua!

The communication was connected.

my Lord, the puppet army and mechanical Army have been teleported to base 017. Please give us your instructions.

In the communication screen.

They were the commanders of the battlefield, three soul realm controllers, a Mechanical Soul spiritualist, a soul power controller, a soul manipulator, DTS01, MYL01, and so on.

obviously.

Jiang Li didn’t send out hyzk01. Instead, he left hyzk01 in the base to protect him.

“yes.”

yes. Jiang Li nodded and gave an order, ” set off immediately. March at full speed to the ‘Black Dragon’s capital’ and take down the king of Shu and his Army as soon as possible.

“Yes.”

“Yes, sir!”

“.....”

The battlefield commander and the others responded in unison.

All troops moved out!

“BOOM!”

Shua! Shua! Shua!

Immediately.

In the mech factory of base 017.

Meches were teleported out of the mech factory one after another. They conjured large military transport planes to transport the puppet Warriors and the mechanical Army.

the soul realm controllers controlled the ‘puppet warriors’ and boarded the ‘large military transport plane’. one by one, the transport planes took off.

He flew at full speed.

He left the ‘army base 017’ and flew toward the ‘Black Dragon Capital’.

It was very fast.

an hour at most.

Jiang Li’s Army would soon reach the Black Dragon’s capital.

on the other side.

The border sea.

The Barbarian tribe sent out an Elite Barbarian scout team. They spent less than two days to gather information and finally arrived at the sky demon capital.

It confirmed a fact.

“This bi an ...”

” the sky demon kingdom is really gone! ”

the great Xia Dynasty really destroyed it!!

“si si si ...”

something big is going to happen. Report this to the high priest immediately!

when the elite barbarian scouts saw that the ‘sky demon capital’ had been reduced to ruins, they captured a few demon slaves and forced them to tell them what had happened in the sky demon kingdom.

After getting the accurate information.

They were extremely shocked.

...

shua! Shua!

Hence.

They didn’t dare to stay here any longer.

Retreat at full speed.

however ...

Just as they were about to leave, many mechas and Ares-class soldiers appeared. They were extremely fast and rushed out of the 'celestial demon capital' like streams of light, blocking the advance of these Elite Barbarian Scouts.

Obviously.

After these Elite Barbarian Scouts sneaked into the 'celestial demon capital', they were discovered by the aerial Scouts. The mecha Battle God troops were sent out to intercept them.

"Be careful!"

"We've been discovered,"

quickly escape!!!

...

"Let's go!"

the elite barbarian scouts were shocked.

"Whoosh!!!"

He released his totem power and ran at full speed. He didn't have any intention of fighting and quickly escaped. However, the mecha and the Ares-class weapon were even faster.

he had already caught up to them.

Clang! Clang!

The mecha clansmen all pulled out their energy beam swords and slashed through the air. Beams of sword light flashed in the air, intertwining to form an inescapable net.

An intense battle erupted.

boom! BOOM! boom!

This Elite Barbarian scout team used all their strength, and their totem power formed into totem images, which were like tigers and wolves. The totem images roared and let out waves of roars.

Then, they formed the ‘totem formation’.

They formed a huge ‘Tiger-Wolf’ totem, which was thousands of meters tall, and attacked the mecha troop with all its might.

They were trying to break through the blockade of the mecha Battle God troop team.

However ...

they were facing a fourth-rank mecha wargod weapon.

“Rumble!”

The mecha Wargod soldiers fired small energy missiles at the ‘Tiger-Wolf’ totem at the same time. The totem was thousands of meters tall.

It exploded.

“Ah!”

The elite Barbarian Scouts screamed in pain.

“Tier 4! They’re all Tier 4!”

“No!”

Pfft! Pfft! pfft!

Blood splattered everywhere.

The elite Barbarian Scouts were beheaded by the mecha Wargod soldiers one by one. In less than half a minute, the elite Barbarian Scouts were all taken care of.

Buzzzzzz!

pure golden spots of light appeared.

[acquired a Tier 4 soul Tinder!]

he had captured the soul tinder through the mech.

Jiang Li also received the notification.

At the same time.

The holographic mech that stayed at the base immediately reported to Jiang Li about the Barbarian elite Scouts.

“Barbarian Scouts.”

After Jiang Li received the news, he thought for a while and said, ” they can’t hold it in anymore. I’ll let them live for a few more days. After the mechanical Army and the puppet army take care of the king of Shu and the Army of the Shu nation, I’ll take down the ‘barbarian tribe’ in the border sea and unify the entire northern region of the Holy peace state.

“establish the great xia dynasty!”

At this moment.

In the Black Dragon’s capital.

“whoosh!!!”

The ‘soul-refining formation’ enveloped the entire capital. Within the formation, the corpses of the Barbarian soldiers stood up one after another and were refined into puppet Warriors by Liu De.

liu de was sitting cross-legged in the center of the ‘soul refining formation’.

“soul refining technique.”

Shua! Shua!

It could be seen.

In front of Liu De, there was a corpse. It was the corpse of the ‘Black Dragon King’. Around the corpse, there were also piles of rank six materials.

“Refine!”

“Whoosh!!!”

Liu De formed a seal with his hands and circulated his soul power. Several seals appeared, and they were like streams of light that gradually merged into the black Dragon King’s corpse and the surrounding sixth stage materials.

Time passed.

The sixth stage material was gradually refined, turning into a liquid that seeped into the black Dragon King's corpse, interweaving into many profound patterns on the surface of its body.

“Just a little bit more.”

Liu De's forehead was covered in sweat. He had consumed a lot of energy. Looking at the 'corpse' that was changing, he was excited. we're almost done.

“a puppet warrior of the sixth step!”

On the other side.

it was about tens of kilometers away from the dark dragon king.

“BOOM!”

Ten thousand meters in the air.

It was Jiang Li's mechanical Army.

they had already arrived.

From afar.

The mech Air Force gathered together like a huge dark cloud, covering the sky. There were mech Dragon cavalry, mech winged Air Force, glider Air Force, and so on.

At the center of the machine.

They were hundreds of thousands of floating battleships.

Each of the floating battleships was like an Iron Fortress in the sky.

The mechanical Army gradually approached.

“Attack!”

Finally ...

About ten miles away from the dark Dragon King.

Jiang Li gave the order.

One had to know.

Jiang Li was now in the room of the Dominator’s hub in the base of Army 01. He could transmit the scene of the battlefield to Jiang Li through the holographic mech’s communication.

They would command and watch the battle from a distance.

“Yes!”

mechanical aerial battleship soldiers are ready!

“Fire the ship’s cannons!”

“The superconducting Ares-class weapon is ready!”

launch the missiles!

BOOM! boom! BOOM!

As soon as he finished speaking.

In an instant.

The ship's cannons and missiles were fired at the same time, making a loud roar. Countless ship's cannons rose into the air, covering the sky and covering the earth.

They formed a meteor shower of firepower.

it fell towards the black dragon's capital.

“Enemy attack!”

“Enemy troops!”

“Damn it!”

At the first moment.

Fei Lian and the other generals of the Shu state were guarding the perimeter of the soul refining formation. When the energy cannons and cannons were fired at them, they were the first to notice.

The general of the Shu country.

Other than the three generals, Guan Ling, MA Heng, and Fei Lian.

There were a total of seven rank five generals.

Guan Ling was dead.

MA Heng was still in the state of Shu and did not participate in the war.

therefore, only fei lian, zhang molin, zhao zhili, huang yun, lu fengling, cao lin, sun yide, and li jing were the eight rank 5 generals of the shu state.

“Kill!”

Fei Lian and the other eight fifth-rank generals of the Shu country attacked at the same time.

boom! BOOM! BOOM!

There were a total of eight fifth stage true core realm martial artists.

He released his true essence.

It produced a terrifying power.

They attacked together.

In that instant.

Their attacks combined to form an incomparably vast light beam that pierced through the void and destroyed all the energy warship cannons in the sky.

The entire sky.

It exploded into countless energy flames.

it was like fireworks in the sky.

Bang Bang Bang Bang!

Immediately after.

the 10,000 guided missiles launched by the 10000 soldiers arrived once again. the feilian roared out and slashed out a bright black blade light.

The missile in front of him was split in half.

“sky splitting sword art!”

Clang clang clang!

Zhang Molin shouted as he took out the purple green twin swords and slashed out countless sword lights. It was like a sword dance, and the missiles were sent flying.

“Devil Dragon Spear!”

“Mountain splitting blade technique!”

giant strength meteor hammer!!

“!!!”

BOOM! BOOM!

The general of the fifth step of the Shu state attacked one after another, displaying different martial arts. The light of the blade and the light of the sword swept across, blocking all the tens of thousands of conventional missiles.

Eight fifth stage true core realm martial artists had joined forces.

It was able to block the bombardment of the mechanical Army.

“Eight rank five experts.”

Jiang Li looked at the image of the battlefield and nodded. they're pretty strong to be able to block the bombardment of naval cannons and missiles. However, this war has only just begun.

“It's just the appetizer before the main course,”

“Transport aircraft landing.”

“Puppet army, move out!”

mechanical Army, move out!

BOOM! boom!

In the air.

The large transport aircraft landed on the ground. The cabin door opened, and puppet Warriors rushed out of the cabin.

Hundreds of millions of puppet Warriors formed a huge Army. Under the control of the soul realm controllers, they charged toward the dark Dragon King like rolling waves.

At the back of the puppet army.

it was a mechanical army made up of various mechanical army types.

Chapter 455 Crushing

“It's the great Xia Army!”

Inside the soul refining formation.

When Liu De heard the commotion, he raised his head and looked into the distance. He saw the mechanical Army tens of thousands of meters in the air. There were huge floating fortresses and all kinds of Special Troops.

there were many of them.

They were like dark clouds that covered the sky.

it was as if there was no end in sight.

“Why would I?”

Liu De was dumbfounded. His expression was a little dull. why would the great Xia Army appear here? ” This is the Black Dragon barbarian Kingdom’s capital. Why are you here?”

It was hard to believe.

Liu De could not have expected this.

Jiang Li’s Army would appear at this moment.

It would take at least a few days to travel from great Xia to the Black Dragon.

One had to know.

He hadn’t finished making his rank 6 puppet Warriors yet, nor did he finish making tens of millions of puppet Warriors, but Jiang Li’s great Xia Army was already here.

“Damn it!”

liu de's face turned gloomy, " feilian, huang yun, immediately lead the shu country's army to meet the enemy. once i've finished refining the sixth-order puppet warriors, we'll immediately destroy the entire great xia army. "

"Yes."

"Yes, sir!"

Fei Lian, Huang Yun, and the other Level 5 generals of the Shu country looked at each other and nodded.

"Hu ~~ Hu ~ Hu ~"

Zhang Molin took a deep breath. He was not in a good mood.

He looked at the rapidly approaching great Xia Army with a heavy gaze. His face turned as white as a sheet, especially when he saw the hundreds of millions of puppet Warriors rushing out.

"How could this be? the enemy is actually the great xia army!"

Zhao Zhili's eyes widened.

"There's too many of them. The enemy's numbers are truly too great."

Lu Fengling said in shock.

"This Suan ni, this Suan ni"

Cao Lin was shocked.

this is bad. There are too many soldiers in the great Xia Army. They are at least twice our number. This time, I'm afraid that we are doomed. We can only pray that great Xia does not have a Tier 6 expert.

“Otherwise, everything will be over.”

Sun Yide and Li Jing said in deep voices.

“All troops, gather!”

“Set up the formation!”

“All soldiers, prepare for battle!”

immediately.

Fei Lian and the rest shouted.

“Hurry up! Hurry up!”

“Set up the formation!”

” general-in-chief, we don’t have enough soldiers. we can’t set up a grade 5 formation! ”

“.....”

The array Masters of the Shu country shouted.

“what did you just say?”

Fei Lian’s expression darkened. is there any way to solve this? ”

General Fei Lian, unless there’s a rank 5 true core warrior as the eye of the formation, and with the help of the strength of a rank 5 true core warrior, it’s barely possible to set up a rank 5 battle formation.

The array master of the Shu state immediately replied.

“I’ll do it!”

“There’s no time to waste. Set up the formation immediately,” sun Yide said in a deep voice.

“Yes!”

shua!

As soon as he finished speaking.

Sun Yide released the full power of a true core warrior and combined it with the military killing intent. With his body as the eye of the formation, he activated the military formation and created a rank 5 military formation.

BOOM!

The military formation Dharma appeared.

...

It was a white ‘dragon head spear’ that was 100000 meters long.

They were scattered in the air.

it was extremely powerful.

“Grade 5 army formation.”

Jiang Li looked at the hundred-thousand-meter long white Dragon head spear and ordered, "soul realm controller, make your move. Send out the type 6 puppet Warriors and destroy this type 5 formation.

one had to know.

Jiang Li's mechanical Army had more than 60 million soldiers and the puppet army had more than 100 million soldiers. In total, Jiang Li's Army had more than 160 million soldiers.

Liu De's SHU country Army had just ended the war with the Black Dragon barbarian kingdom. Although they won the war, they suffered heavy losses.

There were only 60 million soldiers left in the Army of the Shu state.

In other words ...

the only difference was the number of soldiers.

...

Jiang Li's Army was twice as strong as Liu De's.

Moreover ...

Jiang Li also had level-four mech Ares-class soldiers, mechanical giant soldiers, superconducting Ares-class soldiers, energy destructive soldiers, and other level-four mechs.

There were tens of thousands of them.

There was more.

The 'mechanical fortress soldier' that Jiang Li created.

There were a total of 100 perfected-stage ‘mechanical fortress soldiers’ and 1000 perfected-stage level-four superconducting Ares-class soldiers.

What was more terrifying was ...

Jiang Li also had three soul realm controllers at the early stage of level six.

There was also a Type 6 puppet warrior.

so,

In this war.

There was basically no suspense.

“Yes.”

The Soul Master controlled the type 6 puppet warrior.

Shua!

Within the puppet army.

The type 6 puppet warrior rushed out like a bolt of Black Lightning, crossing the void and covering a distance of over a dozen miles in a few seconds.

“kill!”

At this moment.

Sun Yide roared. He used himself as the eye of the formation, so he could naturally control the power of the ‘Stage 5 military formation’. The 100000-meter-long’ dragon head spear ‘stabbed toward the mechanical air Force in the sky.

It seemed to pierce through heaven and earth.

“Thump!”

The type 6 puppet warrior rushed over, blocking the 100000 meter long white Dragon head spear. It then raised the black spear in its hands.

“Whoosh!!!”

A terrifying power was released.

Similarly.

The puppet warrior of the sixth step also thrust out its spear. The pitch-black Spear’s radiance was accompanied by a trace of golden light patterns. It thrust forward and collided with the 100000-meter-long dragon head spear.

“Rumble!”

At this moment.

An earth-shattering explosion rang out.

it formed a destructive energy storm that swept out and shook the surroundings.

“Ah!”

Pfft!

Sun Yide let out a blood-curdling screech as he vomited blood. The 100000-meter-long dragon head spear flew backward and smashed into the black Dragon's royal capital behind him, producing a huge explosion.

A large number of buildings collapsed.

“Ah!”

pfft! Pfft! “Pfft!”

At the same time.

The soldiers of the Shu state screamed in pain as they suffered the backlash of the formation.

“Yide!”

Fei Lian was shocked.

“How is this possible?”

“This is a Tier 5 Grand array!”

“He actually lost!”

“Si si si ...”

“Sixth step! He must be at the sixth step!”

a terrifying existence at the sixth rank!!

Huang Yun, Lu Fengling, and the others said in horror.

“Soul realm!”

Buzzzzzz! Buzzzzzz! Buzzzzzz!

At the same time.

The three soul realm Masters released their skills. Three soul realms spread out and covered half of the battlefield in an instant, covering a radius of one million meters.

The soul realm’s suppression effect was applied to the soldiers of the Shu state.

“Break!”

Kachaa! Kachaa!

After that.

the three soul realm controllers aimed at the 100000-meter-long dragon head spear at the same time. they clenched their fists at the same time, and a vast amount of mechanical soul energy crushed toward the spear.

It was like a tidal wave.

“BOOM!”

An explosion sounded.

The 100,000 meter long dragon head spear was broken.

Bang Bang Bang Bang!

Immediately after.

The grade 5 army formation collapsed.

The light fog that enveloped the entire Army of the Shu country dispersed.

“Ah!”

The Army formation was broken.

The soldiers of the Shu country suffered from the backlash and cried out in pain. At least a million soldiers died, bleeding from their seven orifices and their corpses fell to the ground.

“The Army formation has been broken!”

“Sixth step! They’re all at the sixth step!”

“No!”

“Why would I?”

“Four! The great Xia actually has 4 type 6 divine warriors!”

Fear!

the emotion known as ‘fear’ spread and filled every soldier’s heart.

Their morale plummeted.

“Attack!”

all troops, charge!!!

“BOOM!”

The earth was shaking.

The puppet army, the mechanical Army, and the mechanical air Army launched an all-out attack on the Shu Army.

It was like an unstoppable torrent.

He attacked.

BOOM! BOOM! BOOM!

Countless artillery fire and guided missiles rose into the sky and landed on the Shu country Army. Without the protection of the Army formation, the shells and guided missiles exploded one after another.

At the same time.

There were also a large number of combat meches, electric meches, liquid metal meches, and other close-combat meches fighting with the Shu soldiers.

War broke out.

“Puppet Warriors! these are all puppets!”

At this moment.

Fei Lian and the others immediately noticed the difference and recognized the puppet Warriors.

“Human puppeteers!”

“There are human puppeteers in the great Xia as well!”

“This bi an ...”

This time.

Fei Lian and the others were even more shocked.

One had to know.

Liu De was a real ‘human puppeteer’. Therefore, Fei Lian and the others knew the abilities of human puppeteers very well.

It could be said that ...

The human puppeteers were extremely powerful.

With all the necessary preparations.

It was enough to take on an entire country.

Shua!

Under the control of the soul realm controller, the type 6 puppet warrior charged toward sun Yide while he was suffering from the backlash of the type 5 battle formation.

whoosh!

The long spear stabbed out.

“No!”

Sun Yide's eyes widened, and he wanted to fight back.

However ...

The puppet warrior of the sixth step was simply too fast.

It was so fast that sun Yide didn't even have the chance to react.

“Pfft!”

The black spear pierced through sun Yide's heart.

he had destroyed sun yide's life force.

“Yide!”

Fei Lian and the others were shocked.

Since the start of the war.

It was only ten minutes.

The Shu country had lost a level 5 general.

The puppet warrior of the sixth step swung its right hand, and sun Yide's corpse was flung away. It raised its head and looked at Fei Lian and the others.

“Rumble!”

At this moment.

On the battlefield below.

A hundred mechanical soldiers appeared.

It was a hundred meters tall.

One had to know.

the height of a one-story building was about two to three meters.

A height of a hundred meters.

It was equivalent to a skyscraper with thirty to fifty floors.

the black cylindrical 'battle fortress' slowly moved into the battlefield, covered with a layer of black 'energy-defense light shield'.

BOOM! BOOM! BOOM!

The next moment.

The 'mechanical fortress' had attacked.

from head to toe.

From the windows, machine gun barrels and Cannonball barrels extended out, as countless bullets and cannonballs rained down in all directions.

three hundred and sixty degrees, no blind spots.

He crushed them all the way.

They were like meat grinders on the battlefield.

Everywhere it passed.

All that was left behind was a ground full of mutilated corpses.

“Run!”

“Oh my God, what is this?”

“This is too terrifying!”

“It’s impossible to win, we can’t win!”

Collapse!

the soldiers of the shu country were on the verge of collapse.

because ...

Their attacks landed on the ‘mechanical soldiers’, but they were all blocked by the ‘energy defense light shield’, unable to cause any damage to the ‘mechanical soldiers’.

On the contrary.

Every time the mechanical soldiers attacked, there would be a huge number of casualties.

They were on completely different levels.

“Sky splitting Sword Art!”

Clang!

Zhang Molin roared and slashed out countless sword lights. Like a sword dance, they all slashed at the mechanical fortress soldier closest to him.

After that.

Then, something that made him despair happened.

Clang clang clang!

All the sword beams hit the black light shield, but they only caused ripples on it. Even with Zhang Molin's strength, he couldn't break through the defense of the mechanical soldiers.

"No! this is impossible!"

Zhang Molin's face turned pale and he staggered back in despair.

Chapter 456 Restraint

"This Suan ni, this Suan ni"

general Zhang Molin's full-powered attack couldn't break the enemy's defense? "

"si si si ..."

"How do we fight this? I can't even break through his defense!"

"....."

in the surroundings.

When the generals of the Shu country saw this scene with their own eyes, their faces turned pale and bloodless. Their eyes were filled with fear.

“It’s rank five!”

Fei Lian looked at the 100 mech fortresses on the battlefield, his face full of shock, ” these strange steel fortresses have all reached the fifth rank.

“A hundred! There are a total of 100 Tier 5 martial artists!”

“This bi an ...”

there’s too many of them! It’s ten times more than us!

The faces of Huang Yun, Lu Fengling, and the others turned pale.

At this moment.

They had a deep understanding of the strength of the great Xia Army.

It was truly too terrifying.

The two sides were not on the same level at all.

no wonder the sky demon nation was destroyed by the great Xia Dynasty. With such a terrifying army and war weapon, the great Xia Dynasty is basically invincible.

“Damn it!”

“If this continues, our Shu country’s Army will be finished,”

“Is His Majesty still not done?”

Fei Lian and the others were in a heavy mood.

Kachaa! Kachaa!

suddenly.

the cylindrical mechanical soldiers had an upper and lower body. the lower body was like a tank's wheel, while the upper body was a sealed circle.

At this moment.

The sealed circle above the mechanical soldiers split open from the middle, and a huge black missile head slowly rose from the center.

boom!

after that.

the black missile was launched.

He flew straight into the sky.

It was extremely fast.

In an instant.

It exploded towards Zhang Molin.

“Be careful!”

“Merlin, Dodge!”

hurry up!!!

fei lian, huang yun, and the others were shocked and shouted.

However ...

It was too late.

The black missile had already taken off.

It crashed into Zhang Molin.

“Heavenly Sword slash!”

Wuwuwuwuwu!

It was a critical moment.

zhang molin roared and released all his vital essence. he performed a powerful martial art and slashed out a huge white sword light.

It slashed at the black missile.

“BOOM!”

The black missile collided with the White sword light and made a huge explosion. The explosion of the black missile formed a terrifying power.

The energy flames shot up into the sky.

Kachaa! kachaa!

The White sword ray was shattered by the terrifying explosion. It was impossible to resist. The vast shock wave spread and crashed into Zhang Molin.

“Ah!”

...

Pfff!

zhang molin screamed and vomited blood as his body flew backward.

“Whoosh!”

the next moment.

A black Spear’s radiance flashed and disappeared.

pfff!

The sixth-rank puppet warrior attacked from behind Zhang Molin. Its long spear pierced through Zhang Molin’s heart easily, causing blood to splatter.

“You’re so silly!”

Zhang Molin turned his head stiffly and could only see the emotionless, empty eyes of the puppet warrior. He opened his mouth but could not say anything.

His life force was completely extinguished.

He had fallen.

...

The second type 5 general of the Shu country died.

“merlin!”

General Merlin!!!

“!!!”

Fei Lian and the others ‘eyes were bloodshot with anger and fear.

Two tier 5 players had died so quickly.

BOOM! boom! BOOM!

however ...

Immediately after.

The 100 mech soldiers launched their attacks at the same time, and a total of 100 Black missiles were launched, bombarding the FEI Lian and the rest.

Suddenly.

“roar!”

the dragon’s roar shook the sky.

Finally ...

It was Liu De who had successfully refined the puppet warrior of the sixth step.

At this moment.

From Liu De's body, a nine-thousand-meter-long true dragon of National aura rushed out. Its huge dragon head was larger and more majestic than a mountain, and its whole body was white.

Other than that.

Another Black Dragon had appeared.

It was the 'Black Dragon King'.

Liu De had successfully refined the 'Black Dragon King' into a sixth step puppet warrior. After releasing the power of the totem, it had become a huge black true dragon.

Roar! Roar!

One black and one white.

The two true dragons circled in the air.

it was like the intertwining of yin and yang.

"Black Dragon King puppet, go!"

Liu De used the puppet technique to control the Black Dragon King puppet and charged forward. The huge black true dragon bared its fangs and brandished its claws. It roared and released a huge black light pillar, just like a dragon's breath.

It pierced through.

Bang Bang Bang Bang!

After that.

an explosion was heard.

The black missiles fired by the mechanical soldiers were all hit by the dragon's breath, and all the missiles exploded.

the rumbling sound reverberated through the entire sky.

“Ah!”

Not only that.

The aftermath of the explosion spread out, forming an extremely terrifying shock wave that sent the FEI Lian and the others flying, blood flowing out of their mouths.

It could be seen.

With the explosion as the center.

Everything within a hundred thousand meters was cleared.

The soldiers of the Shu Kingdom, Jiang Li's meches, and the puppet Warriors were all affected by the explosion and were sent flying.

There were many casualties.

Jiang Li!!

BOOM!

Liu De let out a furious roar and charged out of the ‘soul-tempering array’. The pure white Radiance of the nation’s fate bloomed around him, and the might of an early-stage level six was released.

it formed a domain of pressure.

Very strong!

Liu De was very strong!

Furthermore ...

he was also a genuine ‘human puppeteer’ with an incomparably strong soul.

liu de looked around and sensed the battlefield, but he couldn’t find any trace of jiang li.

“King of Shu.”

Jiang Li looked at Liu De on the communication screen and said calmly, ” it’s a pity that I’m not on the battlefield. Otherwise, I’d be able to experience for myself how strong the pressure of a Tier 6 human warrior is.

“It’s Your Majesty!”

“This is great! His Majesty has succeeded! He has successfully created a puppet warrior of the sixth step!”

“In that case, we still have hope.”

“.....”

After the Feilian and the others were sent flying by the shockwave of the explosion, they quickly stabilized their bodies and looked at Liu De, who was standing high in the sky above the battlefield, and shouted.

“Puppetry, Soul Manipulation.”

buzzzzzz! Buzzzzzz!

Liu De formed a seal with his hands, and a vast soul power burst out, forming countless invisible soul threads that fell on the tens of millions of barbarian soldier puppets.

In the blink of an eye.

Tens of millions of barbarian soldier puppets walked out of the soul-refining formation.

BOOM!

The soul refining formation collapsed.

The formation-diagram collapsed.

The mission of the soul refining formation had been completed.

“jiang li.”

“Today, I will let you witness the power of the ‘human puppeteers’! Puppet army, charge forward!” Liu De shouted.

kill!!!

Roar! roar! “Roar!”

Tens of millions of barbarian soldier puppets roared like ferocious beasts. The loud roars shook the earth and the sky. The Army of barbarian soldier puppets rushed out of the black Dragon's capital.

They charged.

“He really is a human puppeteer.”

interesting. It's my first time seeing a real human puppeteer. It's not bad. It's similar to the ability of a soul realm controller. Jiang Li looked at the battlefield calmly and saw Liu De's puppet army.

“liu de, liu de.”

“It's a pity that you met me.”

“MYL01, let's let the king of Shu experience what it feels like to be completely restrained.”

jiang li said.

“Yes.”

MYL01 nodded.

Shua!

Immediately.

MYL01's figure broke through the air at a very fast speed and rushed towards Liu De's 'puppet army'. He appeared in front of Liu De and released his skill.

“Demon spirit domain!”

Wuwuwuwuwu!

In that instant.

MYL01's 'demon spirit domain' was released, and a vast amount of demon spirit energy gushed out and enveloped Liu De's 'puppet army'.

The 'soul threads' that were originally invisible all appeared.

One had to know.

MYL01 mechanical demon.

They were 'special meches' made from the soul Fire of the Devils and had all the abilities of the Devils.

Even ...

The student had surpassed the master.

In other words ...

The abominations 'abilities naturally countered' human puppeteers', and so did the MYL01. It could block the control of the 'soul thread'.

"This Pixiu, this is Pixiu."

Liu De's pupils contracted, and a look of horror appeared on his face. He looked at the sudden appearance of MYL01 with a horrified expression. the demonic mayfly devil clan!

"This is the power of the Devils!"

“The soul thread was blocked!”

That’s right.

When MYL01’s ‘spirit domain’ was opened, Liu De’s control of his ‘spirit thread’ was blocked by the power of the domain.

It could be seen.

The charging puppet army suddenly stopped and froze on the spot. They could no longer move.

It had lost its effect.

restraint!

It was a restraint in terms of ability!

One had to know.

The MYL01 was only at the peak of the fifth step, while Liu De was already at the early stage of the sixth step. However, the MYL01 was still able to cut off Liu De’s ‘soul thread’.

It could be seen from this.

this weakness of the ‘human puppetry’ was fatal.

A Tier 6 puppeteer controlling an army of tens of millions of puppets was enough to destroy a dynasty.

but ...

As long as a rank five ‘abomination’ made a move and formed a territory, it could cut off the soul thread of the puppeteer and cut off the connection between the puppeteer and the puppet.

As a result ...

The puppet army of tens of millions would become useless.

“No! this was impossible! This is absolutely impossible!”

Liu De couldn’t help but retreat. He looked at the battlefield. The Shu nation’s Army was at an absolute disadvantage, and the great Xia Army was closing in.

If this continued ...

The Army of the Shu country would definitely be destroyed.

“Jiang Li! Come out! Come out!”

liu de let out a furious roar, ” “You actually dared to recruit ‘mixed-blood alien race’!”

“Kill!”

BOOM!

Hence.

Liu De personally took the field. His figure was like a White Lightning as he attacked MYL01. He wanted to kill MYL01. The White Dragon Imperial Jade seal turned into a long spear and stabbed at MYL01.

One had to know.

Liu De was not only a puppeteer of the human race, but also a powerful warrior.

Furthermore, it had reached the initial stage of the sixth rank.

clang!

under the soul realm controller's control, the type 6 puppet warrior rushed over and blocked in front of myl01. after its black spear pierced out, it blocked liu de's attack.

“Rank 6!”

Liu De's pupils contracted as he looked at the puppet warrior of the sixth step, his eyes revealing a shocked expression. and it's a puppet warrior of the sixth step!

“puppeteers!”

Liu De raised his head and looked at the three soul realm controllers in the distance. rank 6 puppeteers!

“How is this possible?”

Liu De began to feel fear in his heart as he muttered, ” there are three sixth-rank puppeteers. How did the great Xia Dynasty have such a terrifying background? ”

Chapter 457 Surrender

” black dragon king puppet, i'll kill you! ”

Wuwuwuwuwu!

After the shock.

liu de came back to his senses and gave up on controlling the ‘puppet army’. he concentrated all his soul power and broke through the’ domain obstruction ‘of myl01, thus controlling the black dragon king puppet.

“Roar!”

The Black Dragon King puppet roared and released a vast amount of totem power. A huge black Dragon appeared, winding like a mountain, and crashed into the soul realm controller’s rank 6 puppet warrior.

bang!

The puppet warrior of the sixth step thrust its spear forward, striking the black true dragon. The clash of power between the two sides resulted in a massive explosion.

The shock wave shook.

the type 6 puppet warrior was forced back.

Similarly.

The Black Dragon King puppet also retreated.

“Kill!”

Liu De shouted angrily.

buzzzzzz! Buzzzzzz! Buzzzzzz!

The White Dragon imperial edict, the White Dragon Imperial Jade seal, and the Marquis title of the Shu country.

Three nine-Dragon level National aura Saint artifacts appeared.

The White Dragon imperial decree turned into a white full-body armor, the White Dragon Imperial Jade seal turned into a White Dragon-headed spear, and the Shu country's Marquis token turned into a light shield.

They were protecting Liu De.

It slowly rotated.

“Roar!”

The 9,000-meter-long white Dragon of the Kingdom of Shu let out a dragon roar. Like a white pillar of light, it poured into Liu De's body and fused with him.

BOOM! BOOM!

Liu De's aura was rising.

He was getting stronger and stronger.

“die!”

Whoosh!

Liu De took this opportunity to attack the type 6 puppet warrior, the White spear in his hand like a dragon, piercing through the void towards the head of the puppet warrior.

The puppet warrior of the sixth step raised its spear to block.

Bang!

the puppet warrior of the sixth step was sent flying once more.

He flew for tens of thousands of meters before he finally stabilized himself.

“Die!”

Shua! Shua!

Liu De immediately controlled the Black Dragon King puppet, using its full strength to attack the type 6 puppet warrior together.

An intense battle erupted.

One against two.

Jiang Li’s level-six puppet warrior was at a disadvantage.

“As expected of the king of the Shu country.”

Jiang Li looked at the battlefield calmly. I’ve also made a level-six puppet. Look at the aura and appearance of the puppet.

clearly, they are barbarians.

“in other words ...”

” the black dragon king, who had broken through to the sixth step, is dead. his corpse was even refined into a ‘sixth step puppet’ by the king of shu. ”

soul realm controllers, mechanical fortress soldiers, and superconducting Ares weapons, attack Liu De with all your might. end this war. Jiang Li ordered, ” end it.

“Yes!”

” the mechanical fortress troops have assembled! ”

“The superconducting Ares Army has assembled!”

“Attack!”

Shua! Shua! shua!

“BOOM!”

The ground was shaking.

First, a hundred perfected-stage Tier 5 mechanical soldiers charged around the battlefield, locking onto Liu De who was in the air.

BOOM! BOOM! BOOM!

...

hundreds of black missiles were launched.

it bombarded liu de.

“Black Dragon King puppet, stop them!”

liu de shouted.

“Roar!”

Under Liu De's control, the Black Dragon King puppet charged forward and released its totem power. The huge black Dragon charged forward and blocked all the black missiles.

“Rumble!”

a loud boom resounded throughout the universe.

Bang!

The Black Dragon King puppet was blasted away.

Kachaa! Kachaa!

...

A few small cracks appeared on his body.

Obviously.

The Black Dragon King puppet was injured.

Although the dark Dragon King puppet was a Type 6 puppet warrior, it had only been recently refined and was not yet complete. Furthermore, it could withstand the missiles of the mech fortress soldiers at the peak of the type 5 realm.

Naturally, he was injured.

At the same time.

10,000 type 4 and 1000 perfected type 4 weapons were as fast as lightning, forming a powerful type 4 aerial force that surrounded Liu De.

One had to know.

The superconducting warlord weapons were elite troops.

His combat strength had already exceeded those of the same rank.

shua! Shua!

they pulled out their energy beam swords and slashed out one sword ray after another, surrounding liu de.

“get lost!”

BOOM!

” die! ” liu de roared as his zhen yuan exploded, forming white ripples that shook the surroundings and knocked away the weapons.

boom! BOOM! BOOM!

Immediately.

The missile on the back of the superconducting Ares-class weapon was launched directly at Liu De’s face. Because the distance was too close, Liu De could not Dodge it.

“Roar!”

The light shield, which was transformed from the country of Shu’s Marquis token, released a vast radiance and let out a Dragon’s Roar. The power of the country’s fate spread out and formed a defense.

“Rumble!”

Tens of thousands of missiles exploded at the same time.

It hit Liu De.

In the air.

The scene of the explosion was like a blazing sun being born out of thin air, blooming with endless brilliance. The aftermath of the explosion was like a tornado that spread in all directions.

“Ah!”

The light shield formed by Liu De’s ‘Shu country Marquis token’ blocked the missile bombardment of the superconducting Ares-class weapon. However, the terrifying impact and shock from the explosion still sent Liu De flying.

There was a loud ‘bang’.

In the ball of light that was like a blazing Sun, Liu De was like a yellow ox that had been hit by a train. He was even more like a cannonball that had been shot out of the barrel, flying straight for tens of thousands of meters.

he fell into the black dragon’s capital in the distance.

It crashed into the buildings in the capital and plowed out a trench that was tens of thousands of meters long. A large amount of soil and stones flew everywhere, and dust spread.

The ruins covered Liu De.

“White Dragon killing spear!”

boom!

The next moment.

die! Liu De shouted angrily. His killing intent was so strong that it felt like it was tangible.

He rushed out of the ruins.

the ruins shattered.

Liu De charged into the sky.

after that.

He gathered his own power.

After displaying the nation's fate martial art, the killing intent became even stronger. He stabbed out with his spear, and the pure white spear light was like a laser beam that pierced through the superconducting Ares art.

“Soul Society! Suppress!”

Bang Bang Bang Bang!

Immediately.

The three soul realm controllers attacked together. With the three soul realms overlapping, the soul realm controllers were like the Dominators of the soul realms, releasing vast Mechanical Soul energy.

It was like a black mist.

He blocked Liu De's shot.

“It’s indeed three tier 6 martial artists!”

Liu De’s gaze was heavy.

He was getting more and more anxious.

in reality.

If the three soul realm controllers used the ‘true soul obliteration’ skill at the same time, Liu De wouldn’t be able to stop them, but Jiang Li wouldn’t be able to get the soul Tinder either.

so,

jiang li only asked the soul realm controller to use his ‘soul realm’ skill and mechanical soul energy to help.

This way ...

After killing Liu De, Jiang Li would be able to get the soul Tinder.

the battle continued.

BOOM! BOOM! BOOM!

The type 6 puppet Warriors were the main force, with the 3 soul realm controllers supporting from the side, suppressing the strength of Liu De and the Black Dragon King puppet. The mech fortress soldiers and the superconducting warlord soldiers were supporting from the side.

“Ah!”

at this moment.

On the battlefield below.

DTS01, ynjsw01, MYL01, and the type 5 puppet Warriors joined forces to attack Fei Lian and the rest. Cao Lin let out a blood-curdling scream.

Pfff!

DTS01's shot pierced through Cao Lin's abdomen, causing him to be severely injured. Cao Lin vomited blood and retreated rapidly to increase the distance between them.

His face was filled with shock and fear.

“Cao Lin!”

huang yun cried out in alarm.

“we can't continue like this!”

Lu Fengling gulped as he looked at ynjsw01 in front of him and the type 5 puppet Warriors around him. He could not help but take a step back.

“Nearly half of the Shu country's Army has been killed or injured.”

Li Jing shouted.

“Are we really going to die Here this time?”

The Feilian's gaze was heavy, and it looked up at the highest sky.

The scene that entered his eyes.

liu de controlled the black dragon king puppet and fought two against four. he was even surrounded by 100 perfected stage tier 5 experts and 10000 tier 4 experts, and the battle was getting more and more intense.

In reality.

As time passed ...

more and more cracks appeared on the black dragon king puppet.

At the same time.

Liu De was also injured.

Although the light shield formed by the Shu country's Marquis token blocked the missile bombardment one after another, the terrifying shock still injured Liu De's internal organs.

Furthermore ...

liu de continued to exchange blows with the type 6 puppet warrior.

It consumed a large amount of true essence.

In other words ...

if this continued ...

liu de's injuries would only get worse.

Furthermore ...

His primeval essence would also be exhausted.

Jiang Li, on the other hand, could use energy points to instantly restore and repair the soul realm controller, the mechanical fortress soldiers, and the superconducting Ares-class soldiers.

It was to replenish the ammunition and energy of the meches.

The longer it dragged on.

The higher the chance of winning.

There was more.

on the battlefield.

Jiang Li's great Xia Army and Liu De's SHU Kingdom Army had been fighting for a long time. The Shu Kingdom Army had suffered heavy losses. Nearly half of their soldiers had been killed or injured.

Moreover ...

The puppet army that Liu De had created with great difficulty had completely lost its effect before it could play its role because the soul thread had been cut off by the 'demon spirit domain' of MYL01.

He had become a puppet that could not move.

It could be said that ...

the shu country army was being suppressed everywhere.

Shua!

After injuring Cao Lin, DTS01 immediately pursued him at full speed. Like a stream of light, it cut through the sky and chased after Cao Lin.

“Die!”

DTS01 thrust his spear forward.

“Ah!”

Fire Lotus of Qilin! Cao Lin roared and used a level five martial art with all his might. Blue flames gushed out of his hands and gathered together.

Wuwuwuwuwu!

The flames fused.

It formed a green-blue fifth-grade Fire Lotus.

The fire Lotus bloomed.

A blue Qilin condensed in the center.

“Kill!”

BOOM!

Cao Lin threw the ‘Qilin Fire Lotus’ at DTS01.

This was Cao Lin’s most powerful attack.

Bang!

An explosion sounded.

This shot from DS01 hit the 'Qilin Fire Lotus' head-on. A vast amount of mechanical energy was released, and the sky-blue Spear's gleam pierced through the sky and earth, shattering the 'Qilin Fire Lotus'.

"Ah!"

Pfff!

Archangel spear! Cao Lin screamed as the energy Archangel spear pierced through his head.

It came out of his body.

After that.

DTS01's spear shook.

Cao Lin's head exploded into a mist of blood.

"Cao Lin!"

liu de heard the scream and immediately looked down. he saw cao lin's head being pierced by dts01, and his eyes almost popped out.

At this moment.

Liu De finally noticed it.

Jiang Li's mechanical Army and puppet army had surrounded the entire battlefield and trapped the Shu Army in the middle.

The most important thing was ...

There were less than 20 million soldiers left in the Shu country Army.

“We’re finished, Yingluo.”

Liu De’s face turned pale and he retreated.

He had lost!

The Shu country had already lost!

If they continued fighting.

The Army of the Shu country would be completely annihilated.

Furthermore ...

liu de was also aware of his current situation. he was facing the joint attack of 4 type 6 divine warriors, 100 perfected type 5 divine warriors, and 10000 type 4 divine warriors.

He couldn’t hold on for long.

“Jiang Li!”

stop fighting! Liu De suddenly shouted. I am willing to surrender!

Chapter 458 So ruthless

King Liu De's 'surrender' to King Xia Jiang Li had spread throughout the battlefield.

"Your Majesty!"

"his majesty actually surrendered!"

"this bi an ..."

"we've been defeated, yingluo."

the faces of the fei lian and the others turned pale. although they were unwilling, they could not help but feel relieved.

This was because they didn't need to continue fighting with their lives on the line even though they knew that they had no hope of winning.

On the battlefield.

the soldiers of the shu country also felt a sense of relief after surviving the disaster.

Because ...

They were very clear.

If the battle continued ...

The Shu country Army had no chance of winning.

In the end.

They would only be completely annihilated.

now.

Since Liu De had ‘surrendered’, there was no need to continue this battle. They didn’t need to risk their lives to fight against the great Xia Army.

to be able to keep his life.

“I surrender.”

No. Jiang Li looked at the image of the battlefield and shook his head. the war has already come to this point. It won’t end just because you want to surrender.

soul realm controllers, mech fortress soldiers, and superconducting Ares soldiers, attack with all your might and kill Liu De as quickly as possible!

“The Shu country Army can not be destroyed, but Liu De must die!”

kill!!!

BOOM! BOOM! BOOM!

as soon as he finished speaking.

The mechanical fortress soldiers and the superconducting Ares soldiers immediately joined forces to attack. The missiles rose into the air and bombarded Liu De.

BOOM!

The three soul realm controllers made their moves.

A vast amount of Mechanical Soul energy was released.

It formed a soul energy shockwave.

“damn it!”

Liu De was shocked.

“roar!”

The Black Dragon King puppet roared, and its totem power condensed into a black true dragon. It roared out a black beam of light, shattering the missiles one after another.

Bang!

The soul energy shockwave struck the Black Dragon King puppet head-on.

Kachaa! Kachaa!

The Black Dragon King puppet was sent flying. Its chest caved in and cracks appeared on it. More and more cracks appeared on its body.

He was on the verge of collapse.

It was difficult to hold on for too long.

“Ah!”

Liu De roared. His eyes were bloodshot and his killing intent was violent. He held the White Dragon-headed spear in his hand and dashed toward the soul realm controller.

“Die!”

“Whoosh!”

the dragon chief thrust his long spear forward.

The White Dragon-shaped spear radiance pierced through the heaven and earth.

Bang!

The type 6 puppet warrior immediately rushed over and blocked Liu De’s attack. The black spear and the White spear collided, producing a huge explosion.

The aftershock swept through the surroundings.

bang bang bang bang!

An intense battle broke out.

Liu De controlled the Black Dragon King puppet to fight desperately. However, as time passed, his true energy and soul power were greatly consumed. Although he had taken medicinal pills to recover, he was still gradually at a disadvantage.

However ...

...

there were also quite a few superconducting ares-class soldiers and a few mech soldiers that were destroyed by liu deshan.

“How ruthless!”

Huang Yun’s eyes were filled with fear. Emperor Xia of the Xia Dynasty is going to kill us all. Emperor Xia Jiang Li is going to destroy the Shu state’s Army here!

“This Suan ni, this Suan ni”

“!!!”

the soldiers of the shu country were filled with fear.

“Jiang Li!”

After Liu De blocked the attack of the type 6 puppet warrior, he shouted out, ” “We are all humans, are you really going to kill us all?”

“I’m already willing to surrender, why do you still want to do this?”

“Jiang Li! Come out! Come out!”

BOOM! BOOM!

...

Liu De roared.

he was like a beast on the verge of death, letting out a heart-wrenching roar.

Pfft!

“Ah!”

ah! Liu De screamed.

this time.

Numerous missiles bombarded Liu De's body. The terrifying shock waves and shockwaves sent Liu De flying as he coughed up blood.

His internal organs were all injured.

“Jiang Li!”

come out! Liu De howled into the sky and released his vast true essence. He stabbed out with all his might, and the Dragon-shaped spear radiance pierced through the heaven and earth, piercing through several of the soldiers in front of him, ” come out!!!

Whoosh!

In a flash, the type 6 puppet warrior appeared behind Liu De and thrust its spear. The spear was wrapped in black energy and was aimed at Liu De's heart.

“!!!”

Liu De's pupils contracted. He felt danger and tried his best to avoid getting hit in his vital parts.

Pfft!

The spear of the type 6 puppet warrior pierced through Liu De's abdomen.

“Ah!”

Liu De let out a blood-curdling screech as he retreated rapidly, flying tens of thousands of meters away. He covered the wound on his abdomen with his left hand. Scarlet blood stained his armor and palm.

Blood seeped out from the gaps between his fingers.

Shua! Shua! Shua!

Immediately.

The 3 soul realm controllers, the type 6 puppet Warriors, the mech fortress soldiers, and the superconducting Ares soldiers once again surrounded Liu De.

He did not give Liu De any chance to breathe at all.

“.....”

Liu De looked at the enemies around him, his eyes filled with deep despair.

At this moment.

he had personally experienced it.

What was the fear of death?

what was a strong enemy that was difficult to defeat?

“Damn it!”

Liu De could not accept this fact. how could the great Xia Dynasty have such a terrifying Foundation? how could they have such powerful strength? ”

“Why? why is this happening?”

”

“BOOM!”

Finally ...

Liu De began to fight with all his might.

He actually detonated the three nine-Dragon rank dynasty Saint weapons. The power of the nation fate gushed out, and a nine-thousand-meter-long true dragon of the nation fate appeared.

The power of the explosion of the class three Saint weapon gathered and fused into the body of the true dragon.

“Roar!”

The true dragon of the Shu country let out an angry roar.

After that.

The true dragon of the country of Shu opened its huge, bloody mouth and roared out a white pillar of Dragon Breath. The pillar of light burned like a holy flame.

It pierced through.

“Die!”

Liu De roared.

The power of this attack.

It had already surpassed initial-stage Tier 6.

He had reached the middle stage of the sixth step.

“boom!”

An explosion sounded.

It could be seen.

The three soul realm controllers 'Mechanical Soul energy was shattered by the dragon's breath light beam. The vast soul energy exploded, and the dragon's breath light beam continued to hit the type 6 puppet warrior.

BOOM! BOOM! BOOM!

The missiles of the mech fortress soldiers and the superconducting Ares-class soldiers all hit the Dragon Breath light beam. The missiles exploded, creating a powerful force.

It gradually wore out the power of the Dragon Breath light pillar.

"Break!"

Finally.

The puppet warrior of the sixth step stabbed out with all its might.

A direct hit.

Bang!

The Dragon Breath light pillar exploded.

Finally, it was destroyed.

It was blocked.

Roar!

The Black Dragon King puppet took the opportunity to charge over. Like a Black Dragon, it crashed into the three soul realm controllers and sent them flying.

Cracks appeared on the three soul realm controllers' bodies.

the damage level increased by 30%.

“Repair!”

However ...

Jiang Li immediately used three energy points to repair the damage of the three soul realm controllers. The cracks on his body were healing at a speed visible to the naked eye.

“No!”

Liu De's eyes were filled with despair.

One had to know.

This was already his strongest move.

It had destroyed three nine-Dragon level sacred artifacts and forcibly raised its power to the middle stage of the sixth level. Its strongest move had still been blocked.

He had no more trump cards.

“Kill!”

“Soul Society! Suppress!”

” missile bombardment!! ”

Immediately.

Soul realm controllers, Type 6 puppet Warriors, mechanical fortress soldiers, and the superconducting war god soldiers retaliated with missiles and soul energy suppression.

Kachaa! Kachaa!

Bang!

An explosion sounded.

The Black Dragon King puppet finally could not hold on any longer. The cracks on the puppet’s body spread to its entire body, and missiles bombarded the Black Dragon King puppet’s body one after another.

After that.

The Black Dragon King puppet was blasted into pieces.

He fell from the sky to the ground.

On the ground.

The remains of the Black Dragon King puppet turned into ashes and dissipated, leaving behind a black crystal that lay quietly in the center of the pit.

“Ah!”

Liu De was screaming in pain. The puppet warrior of the sixth step had been destroyed, and the soul imprint attached to it had collapsed. His soul thread had been broken, and he had also suffered a backlash.

He spat out a mouthful of blood.

He pressed his head with both hands and screamed in pain.

“Pfft!”

The puppet warrior of the sixth step took the opportunity to stab Liu De with its spear, sneakily attacking him from behind. It was as fast as lightning, and Liu De, who had suffered a backlash, was unable to react in time. The spear pierced through Liu De’s heart.

The tip of the spear pierced through Liu De’s chest.

It brought out a smear of bright red blood.

“Ah!”

Liu De screamed again.

This time.

He had suffered a fatal blow.

His heart had been pierced.

He could clearly feel the loss of life.

He was so close to death.

At this moment.

On the battlefield below.

Huang Yun, Lu Fengling and the other type 5 generals of the Shu country had already fallen one by one. They died at the hands of DTS01, MYL01, ynjsw01, the type 5 puppet warrior and The Walking corpse.

now.

Only Fei Lian was still alive.

“Your Majesty!”

When Fei Lian saw Liu De’s heart being pierced through, his pale face lost all its color and his eyes turned gray. no!!!

“His Majesty is dead! His Majesty is dead!”

“Ah!”

“Is the Shu country finished?”

“.....”

The soldiers of the Shu country were on the verge of collapse.

In reality.

The Shu country Army’s morale had already collapsed, and now they had no will to fight.

“Roar!”

The true dragon of the Shu country appeared on its own.

It let out a sorrowful and painful Dragon's Roar.

The true dragon of the country's fate began to collapse.

A vast and invisible National aura flowed out from the true dragon of Shu country, crossing the boundaries of time and space. The dissipated National aura surged towards the great Xia Dynasty.

“jiang li!”

Liu De raised his head and looked at the true dragon of the country that was constantly dissipating. His eyes were full of unwillingness. He was not willing to end it like this, nor was he willing to die like this. you're so cruel!!!

“We're all humans, but you're actually so ruthless!”

One had to know.

the shu state had been established for thousands of years.

It was founded after the fall of the Northern Territory dynasty.

It had existed for thousands of years.

He grew up step by step.

And now.

It had already reached the level of a 'Marquis dynasty'.

He had even destroyed the Black Dragon barbarian kingdom and taken all the National fate of the Barbarian race in the northern region of the Holy peace Region. The true dragon of the National fate had even grown to a height of nine thousand meters.

He had reached the limit of the dynasty.

As long as he advanced one more step.

they could be promoted to a dynasty.

However ...

Everything was over.

ambition!

Ambition!

Dream!

Everything had turned into a dream.

The most important thing was ...

From the start of the war until now.

Liu De didn't even see Jiang Li's 'real body'.

It could be said that ...

from the beginning to the end.

liu de had never seen jiang li with his own eyes.

“Pfft!”

The type 6 puppet warrior pulled out its spear, drawing out a trail of blood. Liu De was forced to retreat, his body’s aura rapidly weakening.

Shua!

The puppet warrior of the sixth step once again stabbed out with its spear.

The shot shattered Liu De’s head without any suspense.

The king of Shu, Liu De!

He had fallen!

“Roar!”

The true dragon of the Shu country wailed in pain.

A large amount of the country’s fate was scattered.

The Dragon’s body gradually disintegrated.

“Whoosh!!!”

at this moment.

Liu De’s headless body fell to the ground, but a ‘purple-gold’ light appeared on his body. It gathered together and condensed into a purple-gold light spot.

Chapter 459 eight thousand

“this is a kasaya.”

a level-six soul Tinder! Jiang Li’s eyes lit up and his breathing quickened. a level-six soul Tinder!

With a whoosh.

The purple-gold light spot disappeared into thin air.

he captured it through the mech.

Shua!

[acquired a Tier 6 soul Tinder!]

A notification appeared.

“Alright!”

” a level-six soul tinder! ” jiang li was overjoyed. ” it really dropped a level-six soul tinder. ”

BOOM!

In the end.

Half of the White Dragon’s body crumbled, from 9000 meters long to 4500 meters long. The half of the fate of the country that had crumbled had crossed the boundary of time and rushed towards the great Xia Dynasty.

Shua!

The next moment.

the white dragon of the shu nation, which was only 4500 meters long, turned into a white stream of light and disappeared into thin air. it returned to the shu nation.

Obviously.

Although King Shu was dead.

however, the shu country had yet to truly perish.

the throne of the shu country would also be inherited by the direct descendants of the king of shu, liu de.

There was hope for a resurgence.

on the battlefield.

There were less than 20 million soldiers left in the Army of the Shu state.

Out of the eight generals, only Fei Lian was still alive.

the other seven were all dead.

Jiang Li's mechanical Army and puppet army surrounded all the Shu soldiers. They couldn't break through the blockade at all.

There was only death.

QX01, initiate 'holographic projection'.

go! Jiang Li ordered.

“Yes.”

qx01 nodded.

“Whoosh!”

The next moment.

QX01 scanned Jiang Li’s body and projected Jiang Li’s holographic image to the sky above the Black Dragon’s capital.

Buzzzzzz!

In the sky above the battlefield.

The holographic camera cast a clear beam of light.

Rays of light gathered and overlapped.

It formed Jiang Li’s figure.

Jiang Li appeared on the battlefield.

However ...

It was just Jiang Li’s ‘holographic projection’.

“I am Emperor Xia.”

Jiang Li looked down at the Shu Kingdom Army.

At this moment.

Jiang Li's mechanical Army and puppet army also stopped attacking. The explosions finally stopped, leaving only smoke.

On the battlefield.

It was a mess.

Broken limbs were scattered on the ground, and in the large pits created by the shells and missiles, there was sticky blood, forming pools of blood of various sizes.

In the air.

The smell of smoke and blood intertwined.

“emperor xia!”

The Feilian could not help but look up at the figure in the sky.

...

” emperor xia, jiang li! ”

“Emperor Xia has appeared!”

“What is he trying to do?”

“.....”

the soldiers of shu also looked at jiang li in awe.

At this moment.

the king of shu, liu de, was already dead. out of the eight rank 5 generals, seven had fallen. most of the rank 4 and rank 3 generals had also lost close to 90% of their lives.

Most of them were injured.

the armor on his body was damaged and stained with blood.

He was in a sorry state.

He no longer had the will to fight.

...

“We won’t kill those who surrender.”

Jiang Li’s voice wasn’t loud, but every soldier of the Shu Kingdom heard him.

Everyone was silent.

After that.

A few seconds later.

One of the soldiers dropped the weapon in his hand and knelt on the ground. The sound of the weapon falling to the ground was not clear.

However, after the first soldier took the lead in surrendering ...

Immediately, one after another.

The soldiers of the Shu state threw their weapons on the ground without hesitation.

Plop! Plop!

They all knelt down.

A large number of them knelt down in unison.

“I surrender! We surrender!”

“Your Majesty Emperor Xia! We are willing to surrender!”

“We’ve surrendered! All of them have surrendered!”

“.....”

The soldiers shouted.

“Very good,” he said.

” okay. ” jiang li nodded. he wasn’t surprised that the soldiers would surrender.

Because ...

The great Xia Dynasty displayed sufficient strength and destroyed all the thoughts of the soldiers of the Shu state. If they did not surrender, they would only end up dead.

Moreover ...

Even the king of Shu, Liu De, was dead.

There was no point in continuing to fight.

With the strength of the great Xia Dynasty ...

The Kingdom of Shu would be in Jiang Li's hands.

“emperor xia!”

Shua!

at this moment.

The Feilian flew to Jiang Li.

Shua! Shua!

DTS01 and MYL01 quickly flew over and blocked the FEI Lian's path.

“Your Majesty Emperor Xia, the defeated general Fei Lian has important news to report to you.”

Fei Lian said loudly.

“Speak,” he said.

Jiang Li glanced at Fei Lian indifferently.

“Yes, yes,”

Fei Lian quickly nodded and said respectfully, "Your Majesty Emperor Xia, what Fei Lian wants to say is related to Lingxiao of the 'demigod'."

Obviously.

Jiang Li! Fei Lian joined Jiang Li without hesitation.

Because ...

Fei Lian was very clear.

In the entire northern region of the Holy peace Region.

The heavenly Fey Kingdom that had unified the Northern Territory was destroyed by the Xia Dynasty. Then, the king of Shu, Liu De, destroyed the Black Dragon barbarian kingdom that had unified the Northern Territory.

now.

The king of Shu, Liu De, had fallen.

The Shu nation naturally became Jiang Li's.

as expected.

The great Xia Dynasty would be the final winner.

He would unify the entire northern region of the Holy peace Region.

In the end.

they would definitely be promoted to an imperial dynasty.

Moreover, it was a human dynasty.

so,

Fei Lian immediately joined Jiang Li.

His loyalty to the king of Shu, Liu De.

Naturally, he had a Feilian as well.

Otherwise ...

in the past, when the army of the shu nation was fighting against the barbarian army of the black dragon barbarian kingdom and the great xia army, the fei lian would not fight so desperately in the war.

However ...

The king of Shu, Liu De, was already dead.

He continued to be blindly loyal.

It would just be giving up a life for nothing.

“Your Majesty Liu De.”

Fei Lian thought, it's not that I'm disloyal, but I don't want to die like this. I want to see for myself what the human dynasty looks like.

“i don't want to die!”

“Demigod race.”

” oh? ” jiang li looked at fei lian and became interested. ” are you talking about the white-haired young man with the holy wings? ”

“Yes, I am.”

Fei Lian was stunned for a moment and said, ”Your Majesty, did you already know?”

“It’s none of your business whether I know or not,”

” just tell me what you know, ” jiang li said. ” i’ll tell you what you know. ”

“Yes, sir.”

Fei Lian nodded and said, ”Your Majesty Emperor Xia, it’s a long story. If we want to get to the bottom of it, we have to start from a thousand years ago.”

“Then, make it short.”

wait! Jiang Li interrupted.

“Yes.”

fei lian paused and organized his thoughts. ” your majesty emperor xia, the half-token with the word ‘wood’ engraved on it that you obtained from king qian of the great qian dynasty can order the demigod lingxiao to do something. ”

“half a token with the word ‘wood’ engraved on it.”

Jiang Li thought about it and said, ” that’s right. I did indeed obtain this half a token from King Qian’s private treasure vault.

“But I’ve never been able to figure out the use of this half token.”

“However, Fei Lian, do you have any proof of what you said?”

what? ” Jiang Li asked in a deep voice, ” if this token is really as useful as you said, why didn’t King Qian use this half token to invite Lingxiao of the demigod race? ”

furthermore, the demigod Lingxiao’s cultivation is extremely high. He’s a powerhouse among the type 6 realm. How could such an existence be restricted by this mere half a token? ”

“Your Majesty, Emperor Xia.”

“I’m telling the truth,” said Fei Lian.”It was I who brought Liu De’s half token to The Endless Forest and invited Lingxiao.”

Lingxiao was the one who killed the Black Dragon King. It was almost effortless. The Black Dragon King, who had broken through to the early stage of the sixth rank, died at Lingxiao’s hands.

it was because of this that our Shu country Army defeated the Black Dragon barbarian kingdom and took the Black Dragon’s capital.

as for why King Qian didn’t use this half token back then, it’s because he didn’t know the real use of this half token at all.

second, even if King Qian knows about it, he won’t be able to cross half of the northern region of the Saint peace province to The Endless Forest with his strength.

“Is that so?”

why? ” Jiang Li asked again calmly, ” since you know that King Qian has half a token, why didn’t King Shu try to take it? ” Instead, you’re going to let this half token continue to remain in King Qian’s hands?”

“There’s more,”

“When I destroyed the great gan dynasty, the token fell into my hands. Why didn’t Liu De ask about it? A treasure that can command a rank six demigod should be in your own hands, no matter what.”

“This Yingluo.”

fei lian was stunned for a moment. ” i’m not sure either. maybe he’s confused. maybe he’s confused. ”

“That’s enough,”

” stop. ” jiang li waved his hand and interrupted fei lian. ” you don’t have to say anything more. whether you really don’t know or you’re hiding something, the information you told me is indeed useful. ”

“the rest of the shu country’s army will be under your command.”

“Yes, Your Majesty.”

Fei Lian bowed respectfully and lowered his head. damn you, Liu De. It seems that you didn’t fully trust me back then. You deliberately hid some secrets from me.

“Fortunately, Emperor Xia did not really vent his anger on me.”

Buzzzzzz!

Immediately.

Jiang Li’s ‘holographic projection’ disappeared and he stopped paying attention to this place.

Next.

they won the war.

It was time to reap the rewards.

First of all ...

let's go. Jiang Li ordered the mechanical Army to start searching for resources in the Black Dragon Kingdom. He divided the mechanical Army into ten 'cleaning teams' and spread them across the entire Kingdom to collect resources.

It would take time to collect and clear out the resources of the Black Dragon barbarian kingdom.

Other than that.

Jiang Li ordered Fei Lian to interrogate the barbarians of the Black Dragon barbarian kingdom about the spiritual crystal mine.

The imperial capital of the Grand Xia.

the invisible fortune of the country came from all directions.

“Great Xia Azure Dragon technique!”

Wuwuwuwuwu!

let's go. Jiang Li activated his cultivation technique.

“Roar!”

Immediately.

The vast fortune of the Grand Xia appeared. A 7000 meter long Azure Dragon of the Grand Xia appeared in the sky above the imperial capital, hovering in the air.

He let out a long howl.

The Dragon's Roar shook the heavens and earth.

The might of the Dragon and the fate of the nation enveloped the entire imperial capital of the Grand Xia.

In the capital.

Under the might of the Azure Dragon, the many subjects of great Xia could not help but kneel on the ground and kowtow to him.

Immediately after.

The National aura that originally belonged to the Shu country surged in from all directions. The Azure Dragon of the great Xia opened its huge Dragon mouth and emitted a huge suction force, swallowing the invisible National aura.

Buzzzzzz! "Whoosh!!!"

The Dragon's might was getting stronger and stronger.

The great Xia Azure Dragon, which had reached 8000 meters in length, was gradually growing.

Time passed.

after a day and a night.

The Azure Dragon of the great Xia Dynasty had devoured the general National aura of the Shu state. His length had increased from 8000 meters to 9000 meters, which was a total of 1000 meters.

“Roar!”

The Azure Dragon of the Xia Dynasty roared again and again, growing stronger and stronger.

Shua!

Jiang Li had an idea.

let's go! the Azure Dragon turned into a ray of Azure light and disappeared into Jiang Li's dantian.

“Whoosh!!!”

At the same time.

The Fortune of the nation was shaking in Jiang Li's body.

Chapter 460 division

“Whoosh!!!”

Jiang Li used a technique to suppress the ‘feedback of the nation's fortune’ in his body. Then, he immediately communicated with the ‘young dragon ranking-Saint peace state’.

On the purple-gold ranking list.

Because of the increase in the great Xia Dynasty's National fate, the great Xia Azure Dragon had grown to a height of 9000 meters, so his ranking had risen from 16th to 10th.

He had entered the top ten.

It was nine thousand meters long.

This was almost the limit of the dynasty's National aura true dragon.

Further up would be the promotion to dynasty.

Shua!

immediately.

On the young dragon ranking.

A purple-gold light separated from it and quickly merged into Jiang Li's mind. Jiang Li received a lot of information.

'Congratulations to the great Xia Dynasty for rising 5 ranks. Rank 10. great xia azure dragon technique.

A message appeared.

Very quickly.

A large amount of cultivation technique information gushed into his mind.

Jiang Li fully accepted the upgraded Azure Dragon technique. The information about the cultivation method became more mysterious.

The fifth-tier superior-grade great Xia Azure Dragon technique had been upgraded to the sixth-tier inferior-grade.

Shua!

his consciousness returned.

Jiang Li opened his eyes.

“Roar!”

Immediately.

Azure Dragon technique. Jiang Li started to run the level six lower-grade great Xia Azure Dragon technique. Azure true essence circulated all over his body and Dragon roars came out of his body.

Half an hour later.

Jiang Li completed the cultivation of the level six low-grade Azure Dragon technique.

“Whoosh!!!”

The next moment.

Instead, he used the power of the blessing to improve his cultivation. It was as if he was being helped by God as he devoured endless spiritual Qi.

It could be seen.

Above Jiang Li's head.

A huge Whirlpool of spiritual Qi appeared. The spiritual Qi of heaven and earth was poured into Jiang Li's body. It was refined into true essence and integrated into the true core.

Time passed.

In his dantian.

Jiang Li's Blue true elixir became more and more solid. Half an hour later, the fourth Blue Dragon elixir pattern appeared, then the fifth and the sixth.

BOOM!

Jiang Li's body shook.

When the sixth Green Dragon pill pattern was formed.

Jiang Li's cultivation had a breakthrough.

He had reached the late-stage of the fifth rank.

Buzzzzzz!

Soon after.

Jiang Li spent another half an hour consolidating his cultivation.

The feedback from the country's fate had not ended.

It was still continuing.

Jiang Li continued to cultivate.

an hour later.

BOOM!

Jiang Li's aura increased again. An invisible force spread out and formed a powerful pressure. His true essence condensed and there were nine Blue Dragon patterns on the true core in his dantian.

tier 5 perfection!

Jiang Li's cultivation had reached the peak of level five.

At this moment.

Only then did the feedback from the country's fate completely calm down.

...

“Hu ~~ Hu ~ Hu ~”

half an hour later.

Jiang Li stabilized his cultivation.

He stopped cultivating.

On the other side.

Jiang Li was cultivating in seclusion.

Within the Black Dragon barbarian kingdom.

Jiang Li's 'clean-up team' was looting all the resources of the Black Dragon barbarian kingdom.

The resources and supplies of the Black Dragon royal capital were being transported to the great Xia royal capital through the 'army base 017'.

In the Shu country.

The capital.

...

King Shu Palace.

the news of liu de's death and the defeat of the shu country's army had already reached the shu country.

The 4,500-meter true dragon of the country of Shu appeared and brought the bad news back to the country of Shu.

At the first moment.

The royal family of the Shu country fell into turmoil.

but ...

The turmoil did not last long.

Half a day later.

"Roar!"

High up in the sky.

The White Dragon of the Kingdom of Shu, which was only 4500 meters long, appeared. It circled above the king of Shu and let out a series of Dragon roars.

“His Majesty Liu De has fallen!”

“a country can not go a day without a ruler.”

“A new king will ascend the throne!”

“we pay our respects to the new king!”

“!!!”

In the king of Shu country.

The officials of Shu country kowtowed.

among them.

MA Heng was also among them.

“All beloved ministers, rise.”

on the head of the white dragon of the shu country.

A young man with delicate features stood there. He was wearing a White Dragon robe and had his hands behind his back. He looked 70% to 80% similar to Liu De.

obviously.

This was the new king of Shu country.

His name was Liu Chang.

Liu Chang was Liu De's eldest son. When Liu De was still alive, he was the Crown Prince. His cultivation level was not low, he was already at the early stage of level five.

With the help of the nation's fate.

He broke through to late-stage rank five.

"thank you, your majesty!"

Below.

The officials of Shu state stood up one after another.

Dear Ministers, the late King died in the Black Dragon barbarian kingdom, but not long ago, we received news from the front line that the late King has taken down the Black Dragon barbarian kingdom.

"We've won the war, but now we've received bad news," Chang said.

"there must have been a major change in this."

therefore, we must find out the reason behind this and how His Majesty the late King died.

also, we have to find out if the Shu country's Army and their rank five generals are alive or dead.

"your majesty's words are reasonable."

"Indeed, we should be clear about this."

“Yup,”

“The late King had already conquered the Black Dragon barbarian kingdom. Why did he suddenly fall? Did they encounter some powerful enemy?”

“Could they have been attacked by the sky demon Kingdom?”

“It could also be related to the great Xia Dynasty.”

it’s not impossible for the Barbarian tribe and the half-monster Alliance to make a move.

“we must investigate this thoroughly.”

“But Your Majesty, who should you send?”

The officials of the Shu country were all discussing.

“Your Majesty.”

At this moment.

“I’m willing to go to the Black Dragon barbarian kingdom alone,” MA Heng stood up and said in a deep voice.

“General MA.”

Chang looked at MA Heng, and after a moment of silence, he nodded and said, that’s good. Since general MA is willing to volunteer, then I’ll leave this matter to you.

“Yes.”

MA Heng nodded.

“go on.”

Chang waved his hand.

Roar!

Immediately after.

The flood Dragon appeared, and Chang jumped up and stood on its head. He then disappeared into the sky like a white stream of light.

they rushed to the black dragon barbarian kingdom as fast as they could.

On the other side.

In the Marquis of Great Jin’s territory of the great Xia Dynasty.

shua!

In the air.

a figure was flying through the void at high speed.

He looked closer.

It was the demigod race’s Ling Xiao.

With his speed, he had already flown over the Black Dragon barbarian kingdom and entered the great Xia Dynasty. He was holding half of a token with the word ‘wood’ on it.

His goal was clear.

He was heading towards the imperial capital of the Grand Xia at full speed.

“Soon!”

Lingxiao looked at the half of the ‘wood’ token in his hand, his eyes revealing a hint of excitement as he mumbled, ” “As long as I get the remaining half of the ‘wood’ token, I can regain my freedom.”

Excitement!

Lingxiao’s tone was filled with suppressed excitement!

At this moment.

In the central area of the Holy peace Region.

It was where the division of the human martial immortal court was located in holy peace state.

His line of sight kept rising.

It continued to rise.

It had already passed through the clouds.

Finally ...

It was a floating continent that floated tens of thousands of meters in the air.

It entered his eyes.

The continent!

that's right!

It was a floating continent.

And not an Island.

It was vast.

it wasn't any smaller than the northern region of the holy peace state.

One had to know.

In the entire northern region of the Holy peace Region.

its surface area was equivalent to earth's.

In other words ...

This square-shaped floating continent was a place with a round sky and a square earth. It was as large as earth, and the entire continent was covered in a layer of seven-colored light.

It was extremely beautiful.

Shua!

At the center of the floating continent.

It was a tower with nine hundred and ninety-nine floors.

It was called the martial Pagoda.

Around the tower.

All kinds of buildings were scattered all over the place.

It was a feast for the eyes.

Shua! Shua! Shua!

In the sky above those buildings.

There were many humans who were riding on flying swords or flying nightmare beasts.

He had an imposing appearance and a temperament like that of a banished immortal.

In this place.

Even the weakest was at the 3rd rank.

Grade 4 and Grade 5 could be seen everywhere.

There were also quite a few at the sixth step.

Martial Pagoda level nine hundred and ninety nine.

that was the highest level.

On the 999th level of the tower.

It was a new world.

It was like a mustard seed.

There was the sky and the earth.

Clouds and mist lingered.

The primitive forest was dense.

It was like a paradise on earth.

In the forest.

There were many subdued beasts.

In the sky above the tower.

There was an ancient Hall floating in the void. It was surrounded by seven-colored clouds and mist, as if it was filled with immortal Qi.

There was a plaque on the door of the hall.

Written on it was the martial arts Hall.

Within the palace.

In the conference room.

There were ten people in total.

But on closer look.

These ten people were only illusionary avatars. Their real bodies were not here.

“Everyone, please take a look.”

in the main seat in front.

The gray-haired old man in brown waved his right sleeve, and a projection appeared immediately, forming an extremely huge map.

On the map, it was written-holy peace Region.

this was the map of the holy peace region.

On this map.

In the entire holy peace Region.

It was mainly divided into six areas.

They were the Northern Territory, Southern Territory, Eastern Territory, Western Territory, central territory, and Sea region of the Holy peace state.

Among them.

The martial immortal court of the human race was located in the ‘central region’ of the Holy peace state.

However ...

They were in the airspace of the ‘central region of the Holy peace Region’.

at this moment.

On the ‘northern region of the Holy peace Region’ on the map, there was a green, four-clawed true dragon. It was still a little illusionary, but it was about to become real.

“The northern region of the Holy peace Region!”

“This is the ‘Imperial true dragon’.”

is a human empire really going to be born in the northern region of Saint peace state? ”

“Unbelievable.”

“Could it be that the king of Shu, Liu De, has succeeded?”

“The dynasty true dragon is already in the process of being born.”

this isn’t right. If I remember correctly, the true dragon of the Shu country is pure white in color, not this pure green one.

“Isn’t it the Shu country?”

“but who else could it be if not liu de?”

“wei zheng? That’s even more impossible.”

“.....”

in the conference room.

the rest of the people discussed.

“Xia Ling,”

The white-haired old man in brown looked at one of the other nine and ordered, ”
“go to the northern region of the holy peace region and find out what happened.”

if a human dynasty is really ‘born’, we must invite the new emperor to the court.

“Yes.”

Xia Yan stood up and cupped his hands at the old man in brown. His expression was calm. He was dressed in green and had a bamboo hat on his head. On the bamboo hat, there was a green veil covering his face.

The green scimitar never left his hand.

“Meeting dismissed.”

The brown-robed elder flicked his sleeve.

Shua!

The map disappeared into thin air.

After that.

The brown-robed elder’s clone also disappeared.

“Everyone, farewell.”

One after another.

The avatars of the remaining nine people all left one by one.

after a day.

Most of the resources of the Black Dragon barbarian kingdom had been transported to the imperial capital of the great Xia. A large number of medicinal herbs, spirit herbs, spirit crystals, materials, elixirs, steel, gold, silver, and jewels were piled up in the National Treasury of the great Xia.

great xia's treasury was filled up once again.

It couldn't fit anymore.
