Chapter 461 Suicide

In front of great Xia's Treasury.

“chief sovereign.”

zh01 and the other commanders saluted jiang li and said, ” the resources collected from the Black Dragon barbarian kingdom have been stored in the National Treasury. Please inspect them, my Lord.

“Yes.”

okay. Jiang Li nodded and walked in.

“Convert!”

“Whoosh!!!”

After that.

spirit herbs. Jiang Li touched the spirit herbs and herbs.

He activated the conversion function.

Shua! Shua!

conversion successful. Received 10 billion energy points!

.....

conversion successful. Obtained 11.1 billion energy points!

.....

In front of him.

A series of notifications popped up.

Jiang Li's energy points were increasing at a visible speed.

Half an hour later.

Jiang Li converted all the resources.

he had obtained a total of 2.8 trillion energy points.

“chief sovereign.”

at this moment.

QX01 reported to Jiang Li, ” the ‘demigod’ Lingxiao has been discovered in the sky outside the imperial capital of the great Xia.

“Oh.”

” you’re here, ” jiang li said. ” you’re here so fast. ”

“Then let’s go meet him.”

“Yes.”

Zh01 and the others replied in unison.

Outside the imperial capital of the Grand Xia.

Lingxiao had already arrived at the imperial capital of the Grand Xia. He stood ten thousand meters in the air, gazing at the imperial capital in front of him. The half ‘wood’ medal in his right hand was flickering with a faint luster.

“As expected,”

Lingxiao took a deep breath, ” the other half of the token is here.

“yes.”

Lingxiao raised his head and noticed the aerial Scouts, mech pilots, and holographic cameras hovering around the imperial capital. have we been discovered? ”

“that’s good.”

“I’ve never thought of hiding my tracks,” Lingxiao smiled indifferently.

Shua!

Hence.

Lingxiao flew straight to the imperial capital of the great Xia.

shua! Shua! Shua!

The next moment.

DTS01, MYL01, the superconducting Ares soldiers, the mecha Ares soldiers, the four soul realm controllers, and the ‘mechanical fortress soldiers’ at the base.

They had all locked onto Lingxiao.

“!!!”

lingxiao stopped in his tracks.

Cold sweat broke out on his forehead.

“This bi an ...”

At this moment.

Lingxiao’s intuition told him that if he dared to continue advancing and step into the imperial capital’s airspace, he would encounter a fatal threat.

“How is this possible?”

Lingxiao took in a deep breath, his heart filled with shock. I’m a perfected Tier 6 demigod. Although I’ve only obtained half a token, and the restrictions have yet to be completely lifted, I’m still equivalent to a late-stage Tier 6.

” a mere dynasty’s capital can actually make me feel a fatal threat? ”

...

what kind of terrifying background does Emperor Xia Jiang Li have? ”

“This is truly unbelievable.”

“Whoosh!!!”

The holographic camera projected a beam of light. Rays of light interweaved and formed a holographic projection of Jiang Li. Jiang Li's real body was in the room of the Dominator's hub.

demigod race, Lingxiao.

Jiang Li looked at Lingxiao calmly.

"You are Emperor Xia, Jiang Li?"

Lingxiao stopped. He didn't enter the air territory of the imperial capital. Instead, he looked at Jiang Li in the sky outside the city and frowned. this isn't you.

"Is there a difference?"

Jiang Li shrugged and took out the half token with the word 'wood' on it. He weighed it in his hand and said, "if i didn't guess wrong, you came here for this thing."

"That's right."

...

Lingxiao didn't deny it and replied, "Emperor Xia, give me the half of the token in your hand."

"Why should I give it to you?"

No. Jiang Li shook his head. I heard that this half token can order you to do things. To be honest, I'm curious. As a rank six demigod, you're actually restricted by this half token.

"Jiang Li!"

Lingxiao's face darkened, "this has nothing to do with you.

"Give me the token."

"I now order you to commit suicide!"

let's go! Jiang Li took the half token with the word 'wood' in his hand and ordered Lingxiao.

"You!"

Buzzzzzz!

The half of the 'wood' token in Lingxiao's hand glowed with a white light, and so did the other half of the token in Jiang Li's hand.

BOOM!

A pure and holy Radiance gushed out from Lingxiao's body.

In the dark.

Lingxiao had used his own cultivation to resist some kind of restriction.

"jiang li!"

"You're courting death!" Lingxiao bellowed.

"Tsk."

Jiang Li pouted and looked at the half wooden token in his hand. I knew it. There's no such good thing in this world.

“If I can’t even order you to commit suicide, then what’s the use of this half ‘wood’ token?”

“forget it,” he said.

I’m not interested in your business. Jiang Li threw the half wooden token aside and ordered, ” I’m not interested in your business.

let’s do it. Kill this demigod, Ling Xiao.

“A long night may cause more trouble.”

“Yes!”

BOOM! BOOM! BOOM!

The next moment.

The superconducting Ares Army launched tens of thousands of conventional missiles first. The missiles were extremely fast and bombarded Lingxiao in an instant.

“Holy light feathers.”

Lingxiao berated.

“Whoosh!!!”

The Holy white wings flapped, and countless feathers of light appeared. Like a storm, they bombarded the incoming missiles.

“Rumble!”

the two sides collided in the air.

An explosion sounded.

The conventional missiles exploded.

the sky was filled with flames.

The shockwave from the explosion shook the surroundings.

“Soul realm!”

Buzzzzzz!

Immediately.

One of the soul realm controllers immediately opened up his soul realm, covering the surrounding million meters. It enveloped the entire imperial capital of the Grand Xia Dynasty and blocked the aftermath of the explosion.

They were unable to affect the imperial capital of the Grand Xia.

In the capital.

The commotion from the battle naturally attracted the attention of the residents in the city.

The commoners looked up into the sky.

“Who is the enemy? He truly is quite bold, actually daring to attack the imperial capital of the Grand Xia. He must be tired of living.”

“don’t worry. with his majesty the xia emperor and his army, nothing will happen to the great xia emperor.”

“that’s right,”

“His Majesty Emperor Xia is the invincible God of War!”

“The great Xia Army is the invincible war god Army!”

“.....”

The commoners were filled with confidence.

BOOM! BOOM! BOOM!

10,000 meters up in the sky.

the black missiles of the mechanical soldiers were fired. lingxiao immediately activated his ‘demigod domain’ and blocked the bombardment.

“Energy Archangel!”

“Obliteration storm!”

BOOM! BOOM!

DTS01 and MYL01 joined forces to attack. They attacked with all their might, but Lingxiao easily blocked their powerful attacks.

“Small tricks.”

“Emperor Xia, if that’s all you’ve got, I advise you to hand over that half of the token to me,” Lingxiao sneered disdainfully.

“Otherwise, bear the consequences.”

“Soul Society! Suppress!”

Wuwuwuwuwu!

the three early-stage rank six soul realm controllers made their moves. the vast mechanical soul energy formed a soul energy shockwave that was like a black beam of light that blasted toward lingxiao.

“Demigod light blade slash!”

Shua!

lingxiao waved his right hand, and endless holy light gathered, turning into a huge blade of light. it destroyed the soul power shockwave and blocked it.

“It’s actually three initial-stage rank six.”

Lingxiao raised his brows and looked at the soul realm’s controller. He was a little surprised as he said, ” this is interesting. A mere human dynasty can actually have three rank sixes.

“Their Foundation isn’t weak.”

“it’s a pity that you met me.”

Shua!

As soon as he finished speaking.

Lingxiao ran at full speed toward the soul realm controller. He flapped his Holy wings, and countless feathers of light formed a blade of light that slashed toward the soul realm controller.

“Soul realm!”

hyzk01, who had already reached the peak of the type 6 realm, made his move.

BOOM!

hyzk01 struck out with his palm. his mechanical soul power condensed and turned into a huge palm print that covered the sky, blocking all of lingxiao’s light blades.

“Tier 6 perfection!”

Lingxiao’s pupils contracted, and he quickly pulled away from hyzk01, his eyes filled with shock, ” how is this possible? There’s actually a peak Tier 6 existence!”

Shocking!

Lingxiao was extremely shocked!

This was because he was merely at the perfected stage of Tier 6 at his peak.

“kill!”

Hyzk01 attacked Lingxiao again, with three early-stage rank 6 soul realm controllers assisting him from the side. The superconducting Ares soldiers and the mechanical fortress soldiers also assisted him from the side.

DTS01 and MYL01 will harass them.

“Ah!”

Pfft!

After exchanging dozens of moves.

Lingxiao cried out in pain as hyzk01's palm struck him in the chest. He spat out a mouthful of blood as his body was sent flying, with pale white blood flowing from the corner of his mouth.

It wasn't the normal bright red color.

"Emperor Xia."

lingxiao's eyes were filled with fear as he shouted, " "Don't fight anymore. I can promise to help you do one thing, but after I'm done, you must give me that half of the token."

"Oh, is that so?"

alright. Jiang Li looked at Lingxiao with a smile. since you've said so, I should give you a chance. Kill yourself.

Jiang Li, you're too weak!

Lingxiao's face was pale. Holy light surged around him, and he suppressed some kind of restriction in his body again.

BOOM! boom! BOOM!

Hyzk01 and the others once again joined forces and charged towards Lingxiao.

"Ah!"

Lingxiao let out a blood-curdling screech as holy light bloomed like a white sun, blocking hyzk01 and the rest's joint attack with great difficulty. He coughed out blood as his internal organs were injured from the shock.

“jiang li!”

Lingxiao bellowed, ” do you think you can kill me? In your dreams!”

“Ah!”

Lingxiao let out a long cry.

“Whoosh!!!”

Immediately after.

The half token in Lingxiao's hand turned into a stream of light and merged into the space between his eyebrows, turning into an incomplete imprint.

Kachaa! kachaa!

Lingxiao seemed to have temporarily broken the shackles.

Its power increased greatly.

“The angel statue!”

Lingxiao spread his arms.

Endless holy light bloomed.

Behind Lingxiao.

An Angel that was a million meters tall had actually appeared!

It had 16 wings.

he closed his eyes.

He was holding a huge holy sword in his hands!

“Si si si ...”

is that an Angel from the God race? ”

“This is too big.”

“Can His Majesty, Emperor Xia, really win?”

in the capital.

Xu Ya, Hong Tianqi, and many other officials and citizens of great Xia were shocked and terrified when they saw this scene.

” the energy points i just got are going to be used up before i can even warm them up. ”

Shua!

The Dominator panel opened.

Jiang Li spent 4.2 trillion energy points to upgrade all three soul realm controllers to complete-stage level six.

buzzzzzz! Buzzzzzz!

The three soul realm controllers 'bodies glowed.

In the blink of an eye.

He had completed the promotion.

He had reached the peak of the sixth step.

“welcome the punishment of the angels!”

At this moment.

Lingxiao had also accumulated enough power.

Behind him.

the 1,000,000-meter-tall sixteen-winged angelic idol raised the greatsword of light in its hands, then chopped down towards the imperial capital like a collapsing heavenly pillar.

If this sword strike struck the imperial capital ...

I'm afraid the entire capital will be destroyed.

“Four-layered soul realm!”

“Soul energy suppression!”

Break!

BOOM! BOOM!

Instantly.

The four perfected rank six soul realm controllers joined forces and overlapped their four soul realms to suppress Lingxiao's power. Then, they released their Mechanical Soul energy.

They all gathered together.

It also condensed into a huge sword!

The black greatsword!

The White Sword of Light slashed towards the sixteen-winged angel statue!

Chapter 462 command token

“Tier 6 perfection!”

Lingxiao's pupils contracted and he looked aghast because he felt four extremely powerful auras, all of which had reached the level of the perfected tier six. He could not help but cry out in shock, ” it's actually four perfected Tier 6 martial artists!!!

“This is impossible!”

Lingxiao shrieked.

Lingxiao had never expected that the three of them, who were only at the initial stage of Tier 6, had all reached the level of the perfected Tier 6.

Four Type 6 powerhouses!

furthermore, it was at the perfected tier 6!

“Ah!”

BOOM! BOOM!

Lingxiao bellowed as he used all his strength.

He began to fight for his life.

At this moment.

The demigod power in his body exploded.

The Holy Light was dazzling.

In the sky.

The two giant swords.

Each of them was hundreds of thousands of meters long. They were extremely huge and shone with a dazzling light. The sword light was so bright that it seemed to cut the space apart.

slash!!!

Bang!

In the end.

The giant Sword of Light of the sixteen-winged angel statue came down and cut the pitch-black Mechanical Soul sword.

the black mechanical soul energy giant sword was not to be outdone.

He slashed out as well.

Two giant swords that were hundreds of thousands of meters long immediately collided.

Bang Bang Bang Bang!

The energy clashed.

A series of explosions rang out.

the black sword light and the white sword light collided and destroyed each other. countless flares exploded, forming shock waves that scattered in all directions.

The space seemed to be shaking.

The terrifying shockwaves from the battle spread.

If it wasn't for the Soul Society's protection ...

The entire imperial capital of the Grand Xia would be destroyed by the shockwaves of this battle.

“Break!”

Kachaa! kachaa!

The four perfected-stage soul realm controllers shouted in unison. The power of their Mechanical Soul energy erupted once again. The black greatsword shone brightly and suppressed the White greatsword of light.

“No!”

Lingxiao’s eyes were filled with fear.

Obviously.

Soul realm controllers weren’t good at head-on battles, and they didn’t use the ‘true soul obliteration’ skill. They only relied on the suppression of their soul realms and the mechanical Soul energy.

but ...

Lingxiao was fighting one against four.

Furthermore ...

He himself was still ‘restricted’. Just now, he had only temporarily broken the’ shackles ‘and obtained the strength of his peak.

Moreover ...

There were four soul realm controllers at the peak of the rank 6 realm.

4 peak-stage type 6 soul realm controllers joined forces.

Lingxiao was not his match.

“BOOM!”

The hundreds of thousands of meters long Sword of Light shattered and exploded. It was like a blazing white sun blooming, extremely dazzling.

“Ah!”

Pfft!

Lingxiao let out a blood-curdling screech as his body was sent flying. The shockwaves from the explosion had injured his body, and he was sent flying more than 100000 meters away before crashing onto the ground.

BOOM! boom! BOOM!

...

The next moment.

They were all guided missiles. The black guided missiles rose into the air and bombarded the pit, bombarding Lingxiao's body. The sound of explosions rang out continuously.

Mushroom clouds rose into the sky.

The ground cracked from the explosion.

when everything settled down.

The superconducting soldiers and the mechanical soldiers stopped firing.

Within the giant pit.

it was charred black.

There was smoke rising.

* Cough cough *

Lingxiao was lying in the middle of the crater, on the verge of death. His entire body was charred black, as if he had been turned into charcoal. The light in his eyes was dim, and his body was covered in wounds. His holy white wings of light were broken, and white blood was flowing out of them.

...

He was severely injured.

He was almost dying.

Shua! Shua!

Four soul realm controllers flew across the sky and stood in the four directions around the huge pit. They looked down at Lingxiao, who was lying in the huge pit.

“No!”

Lingxiao’s eyes were filled with fear.

Wuwuwuwuwu!

The four soul realm controllers reached out their hands at the same time. A vast amount of Mechanical Soul energy gushed out and formed a huge black energy ball, which fell toward Lingxiao.

“boom!”

The black energy ball exploded.

It destroyed everything.

“Ah!”

Finally.

Only Lingxiao's miserable shrieks could be heard.

A demigod at the perfected stage of rank six.

They represented the highest combat power in the northern region of the Holy peace state.

He was killed by Jiang Li's meches.

Shua!

The aftermath of the black energy ball's explosion dissipated.

The storm subsided.

Within the giant pit.

the dismembered limbs of the demigod lingxiao fell to the ground.

His life force was gone.

hyzk01, collect these limbs. These are the corpses of demigods at the peak of the type 6 realm. They are the best materials to refine into Type 6 puppet Warriors.

go! Jiang Li ordered.

"Yes."

Hyzk01 nodded.

“Whoosh!!!”

he waved his right hand.

Soul energy gushed out from his mechanical body and enveloped Lingxiao’s body. He then brought the body parts out and flew to hyzk01’s side.

For the time being, there was no refining.

the room in the ruler’s hub.

Buzzzzzz!

At this moment.

hmm? ” Jiang Li saw the half black token with the word ‘wood’ on it buzzing, as if some kind of restriction on it had been activated.

It emitted a black light.

“What’s going on?”

Jiang Li looked at it.

he waved his right hand.

The half black token flew into Jiang Li’s hand.

At this moment.

The imperial capital of the Grand Xia.

in the pit of the battlefield.

Lingxiao's half token was vibrating as well. The two halves of the token formed a resonance with each other, and with a 'whoosh', the half token flew into the air.

They were flying towards the base of Army 01 where Jiang Li was.

"Oh."

Jiang Li noticed it too.

Immediately.

let's go. Jiang Li asked Hidden Dragon to open the door of the room in the ruler's hub. The half token flew over like a black ray of light and Jiang Li reached out his left hand to hold it.

Finally.

Jiang Li opened his hands.

Buzzzzzz! Wuuwuwuwu!

Immediately after.

The two halves of the token were attracted to each other, as if there was a magnetic force that made the two halves of the token stick to each other and finally gather together.

"Roar!"

After that.

in front of jiang li's eyes.

The two halves of the token overlapped each other, and the broken parts stuck together. A Black Radiance surged out, like a black ball of light.

it was floating in front of jiang li.

not only that.

A series of Dragon roars could be heard.

Vaguely.

Jiang Li saw a small, black, four-clawed true dragon in the black light.

Shua!

The next moment.

The token shot out a beam of light and information entered Jiang Li's mind.

After a while.

okay. Jiang Li received the message.

"I see."

demigod slave? " Jiang Li murmured. a demigod slave from the northern region dynasty.

Several thousand years ago.

The revival of the demon God in the desert of death, coupled with the half-monster Alliance, barbarian tribes, and various other races taking advantage of the chaos, devoured the fate of the Empire.

The northern region Empire was finally destroyed.

The human dynasty, which had existed for tens of thousands of years, fell apart.

the human emperor of the north had fallen.

The demigod Lingxiao was only one of the human Emperor of the North's nine core servants.

In that war.

Even the human Emperor of the North was dead, let alone his core slaves. Of course, all of them were dead, especially because of the power of the 'core slave charm'.

The slave master died.

Even the servants would fall.

but ...

The demigod, Lingxiao, had a cultivation at the perfected stage of rank six. His cultivation was on par with the human Emperor of the North. He had relied on his own will and the soul secret technique of the God race to survive the moment the human Emperor of the North died.

a part of the 'soul source' had been split, and the 'core slave charm' had been separated.

Lingxiao's life was saved.

This was because his soul's origin had been separated.

His cultivation base fell.

It fell from the peak of Tier 6 to the late-stage of Tier 6.

Furthermore ...

A portion of Lingxiao's original soul had fused with the core slave charm, causing a change. It had materialized into a token with the word 'Lin' engraved on it.

As for why the word 'Lin' was engraved on it ...

that was because the surname of the human emperor of the north was 'lin'.

The 'Lin' character on the token was the imprint of the core contract charm.

This way ...

As long as Lingxiao had the token in his hands.

even if he was free ...

He was no longer under control.

but ...

If this token was obtained by someone else, the living being who held it would become Lingxiao's master, and he would be able to order Lingxiao around.

hence.

Lingxiao had deliberately split the token into two.

This way ...

Just holding half a token was not enough to command Lingxiao.

But unfortunately ...

At that time, the battle was chaotic.

Lingxiao had just completed this task and finally managed to break free from the restriction of the 'core slave charm'. However, because he was seriously injured and was in a hurry to escape, he had lost his token.

Lingxiao had hidden in The Endless Forest to recuperate.

Time passed.

After the war was over.

Lingxiao went out to search for it, but to no avail.

In the end.

On the other hand, Liu De, the king of Shu, had obtained two and a half tokens and made them complete. He knew the origin of the tokens.

However ...

Thousands of years had passed.

The 'core contract talisman' contained in the token had lost its source of power due to the erosion of time and the long demise of the Northern Territory Empire.

Its power had already decreased.

Under such circumstances.

The king of Shu, Liu De, could indeed order Lingxiao to do something, but he could only force Lingxiao to do one thing. After the task was completed, the power of the 'core contract charm' would completely disappear.

At that time.

Lingxiao would truly regain his freedom.

One could imagine.

when lingxiao regained his freedom ...

Without the restriction of the 'core contract charm'.

Lingxiao would definitely seek revenge.

so,

After thinking for a long time, Liu De split the token into two again. He held one of them while he passed the other half to King Qian, who had not risen to power at that time.

This way ...

even if lingxiao managed to retrieve half of the token, he still had the other half to restrict him.

in reality.

If not for the fact that he was worried that the Black Dragon King and the sky Demon King would break through to Tier 6, Liu De would not have wanted to borrow Lingxiao's power.

After that.

The Shu country had devoured the Fortune of the Black Dragon barbarian kingdom.

Liu De's strength had greatly increased.

His confidence swelled.

He had the thought of suppressing Lingxiao once again and turning him into his core servant.

However ...

He hadn't moved yet.

He had already died in Jiang Li's hands.

Buzzzzzz!

Very quickly.

The token was now complete.

jiang li waved his right hand and the black token fell into his hand. there was a word 'lin' on it and it was giving off a mysterious aura.

In reality.

Lingxiao was still alive.

Jiang Li felt Lingxiao's soul aura from the token in his hand.

Obviously.

This was because the token itself was formed from a portion of Lingxiao's original soul and the 'core contract talisman'. Therefore, at the moment of Lingxiao's death, he had infused his soul into the half of the token.

In other words ...

The token in Jiang Li's hand contained Lingxiao's soul.

Furthermore ...

Lingxiao put his soul into it. He was enslaved by the 'core contract charm' of the northern region dynasty again. Jiang Li only needed to refine the token in his hand.

He would be able to control Lingxiao.

To turn Lingxiao into his core servant.

Your Majesty Emperor Xia, your servant, Lingxiao, is willing to acknowledge you as my master.

At this moment.

Lingxiao's soul fluctuation was transmitted from the token, and he was using his soul's divine consciousness to transmit his voice.

"I'm not interested."

” no. ” jiang li refused.

Kachaa! Kachaa!

After that.

crack! Jiang Li exerted force in his right hand and circulated his true essence. The token in his hand started to crack. In the blink of an eye, cracks had covered the entire token.

“no! don’t!”

lingxiao shouted in fear.

Chapter 463 promotion

” emperor xia, your majesty emperor xia, i’m from the demigod race and have lived for tens of thousands of years. my cultivation has even reached the perfected tier 6. i know a lot of things and i’m of great use to you, of great use to you! ”

Lingxiao wanted to show his value to make Jiang Li change his mind.

Unfortunately ...

Jiang Li had made up his mind.

he did not give lingxiao any hope at all.

“Ah!”

At this moment.

Lingxiao could truly feel the arrival of death.

“You’ve lived for a few thousand more years, you should be content.”

Jiang Li said calmly.

At this moment.

Shua!

MYL01 transformed into a virtual entity and arrived at the room in the ruler’s hub.

“My Lord!”

MYL01 saluted Jiang Li.

“yes.”

” yes. ” jiang li nodded. ” myl01, i have something good for you. ”

Bang!

As soon as he finished speaking.

Jiang Li squeezed hard and the token in his hand exploded.

“Ah!”

Wuwuwuwuwu!

Lingxiao let out a shrill cry.

His soul appeared.

It was like a white mist.

this is the soul of a perfected Tier 6 demigod.

devour it! Jiang Li shouted. devour it immediately.

“Yes.”

MYL01's eyes lit up.

in the eyes of myl01.

The White soul mist in front of him.

It was simply a delicious dish full of temptation. Without the slightest hesitation, MYL01 immediately released his skill, then opened his mouth and sucked.

” jiang li!! ”

Lingxiao could feel the impending doom and he roared in anger, ” I curse you to die a terrible death!!!

the ‘demonic god’ of the desert of death is about to revive again. The northern Empire was also destroyed in the demonic god disaster.

“So you will die too! you won’t be able to escape the fate of death!”

even the human dynasty is gone, let alone you. The great Xia Dynasty is not even a dynasty. It’s doomed! Doomed!

Gulu!

MYL01 swallowed Lingxiao's, and Lingxiao's curses came to an abrupt end.

Buzzzzzz! Buzzzzzz!

The demonic spirit energy around MYL01 surged.

Waves of black light.

Very quickly.

myl01 had already digested and devoured lingxiao's soul.

a soul at the peak of the sixth step.

Although it wasn't the soul Fire seed.

However, it had also allowed MYL01 to complete its evolution, allowing it to break through the limit of the fifth rank and could already be upgraded to the early stage of the sixth rank, but it needed energy points.

“Upgrade to MYL01.”

Jiang Li controlled the Dominator panel and used 100 billion energy points to upgrade MY01.

Buzzzzzz!

The light flickered.

a few seconds passed.

The strange movements on MYL01's body subsided.

...

He had completed his promotion.

It advanced from the perfected Tier 5 to the initial-stage Tier 6.

Shua!

With a thought.

Jiang Li checked the upgraded MYL01.

The information was displayed.

special troop Type: Mechanical demon

[rank: early sixth rank]

[No. MY01]

” skill 1: tier 4 psionic mastery

skill 2: rank four ultimate Soul Control ”

...

skill 3: Level 4 ultimate void-ification technique

skill 4: Tier 4 superior-grade demon spirit domain ”

skill 5: Tier 6 inferior-grade demon spirit body ”

” skill 6: level six inferior-grade obliteration storm

skill 7: stage six low-grade Nirvana blade ”

[magic spirit machinery: Chenchen (omitted)]

promotion condition: unable to be promoted ”

.....

Jiang Li finished reading all the information on MYL01.

The demon spirit body and the destructive storm had both been upgraded, and there was a new active attack skill, so the combat power was naturally more terrifying.

However ...

He had only devoured a perfected Tier 6 soul and not a Tier 6 soul Tinder, so he could only advance to the early stage of Tier 6 and could not continue to advance.

” after all, it’s a special type of soldier, and it’s a combat type. even if it’s only at the early stage of rank 6, its combat power is probably not much weaker than a perfected rank 6 soul realm controller. ”

It’s enough for now, Jiang Li thought.

Shua!

Jiang Li closed the information interface.

“Demon God’s disaster,”

Jiang Li muttered.

To tell the truth.

Jiang Li didn't know about the 'Demon God disaster' before, nor did he know that there was a Northern Empire in the northern region of the Saint peace state thousands of years ago.

I thought that after dealing with the Black Dragon barbarian kingdom, the sky demon Kingdom, and the Shu Kingdom, the great Xia Dynasty would be able to develop in peace for a while.

Jiang Li thought, I didn't expect another 'Demon God's disaster' to appear.

"The 'demonic God's disaster' that can destroy an entire dynasty."

"We have to take it seriously."

"Therefore, we still need to send out a crazy Army."

"chief sovereign."

The four soul realm controllers arrived at the room in the ruler's hub.

hyzk01 had even brought lingxiao's remains with him.

The mech fortress soldiers and the superconducting Ares soldiers had all returned to the mech factory.

"Yes."

Jiang Li nodded, glanced at Lingxiao's body, and asked, "Hyzk01, can this corpse be used to create a Type 6 puppet warrior? "

“reporting to you, chief sovereign. it is slightly lacking.”

Hyzk01 replied.

“what if i add these two?”

Jiang Li took out a black crystal and asked the meches outside to bring Liu De’s body in and put it on the ground.

In reality.

This black crystal was the ‘puppet core’ left behind after the Black Dragon King puppet was destroyed. Only puppets of the fifth step and above, including those of the fifth step, would leave behind a ‘puppet core’ after being destroyed.

Puppets below the fifth step.

After being blown up, it turned into dust.

Nothing would be left behind.

“That’s more than enough.”

Hzyk01 replied, ” two Type 6 corpses, plus a Type 6 puppet core. If we’re lucky, we might be able to create 2 Type 6 puppet Warriors.

“with 4 soul realm controllers working together, the chances of creating 2 type 6 puppet warriors are higher.”

“Alright,” he said.

okay. Jiang Li nodded with satisfaction and gave the ‘rank six puppet core’ to hyzk01. you can make the rank six puppet Warriors.

“Yes.”

Hzyk01 nodded.

“Yes, sir!”

The other three soul realm controllers replied.

buzzzzzz!

Immediately.

The skill was released.

The soul realm was opened.

A vast amount of Mechanical Soul energy gushed out and enveloped Lingxiao’s remains, including the sixth-rank puppet’s core, refining the two items.

Time passed.

the corpse and the core gradually melted.

It turned into a pitch-black liquid.

It was like black Mercury flowing slowly.

They gathered together.

it was changing its form.

It condensed into a human form.

the sixth-tier materials of the Black Dragon barbarian kingdom and the Shu Kingdom were all wasted by the king of Shu, Liu De, to refine the Black Dragon King puppet.

I can't, " Jiang Li said regretfully. if I had those materials, I could've made one or two more rank six puppet Warriors.

On the other side.

Shu country.

At the border of the desert of death.

at this moment.

Yellow sand filled the sky.

He looked around.

All he could see was a patch of yellow sand without any signs of life.

"Rumble!"

At this moment.

The ground shook.

From the desert.

A terrifying sandstorm swept over.

He looked closer.

Within the sandstorm.

There were many strange fierce beasts with different physiques.

They formed an Army.

They charged towards the border cities of the Shu state.

“enemy attack!”

it’s an Army of mutant beasts!

“Hurry up! Sound the alarm!”

“Prepare for battle!”

Within the city.

on the city wall.

The soldiers of the Shu country shouted.

Whoosh! Whoosh! Whoosh!

in that instant.

Countless sharp arrows streaked across the sky. The crossbow arrows pierced through the sky, containing the fluctuations of internal strength and blood Qi.

“Roar!”

Yellow sand filled the sky.

The scary sandstorm seemed to have formed a natural barrier, blocking most of the arrows. The long-range attacks didn't cause too many casualties to the mutant beast Army.

The mutated beast roared.

The Army arrived at the city gates.

” kill!!! ”

Battle cries shook the heavens.

The battle was about to start.

This battle.

It continued for a day and a night.

In the end.

The Army of the Shu state defended the border defense line and blocked the charge and attack of the Army of mutant beasts. However, they also suffered a lot of losses, and a large number of Shu state soldiers died.

“Damn it!”

“didn't you say that the strange movement in the desert has been suppressed?”

why is there another army of mutant beasts? ”

“Quickly send this news to the capital of Shu country! your majesty, please make a decision!”

“Why do I have a feeling that a great disaster is coming?”

“.....”

the generals of the shu state felt uneasy.

they looked into the depths of the desert, as if there was an incomparably terrifying existence in the depths of the desert that was about to awaken. their living instincts were warning them to quickly escape from this place.

The further he ran, the better.

At this moment.

Within the territory of the Marquis of great Wei.

Jiang Li had just converted all the lower-grade spiritual crystal ores in the small spiritual crystal mine in the Marquis of Wei’s territory and only got 300 billion energy points.

It wasn’t a lot.

On the other side.

The Black Dragon barbarian kingdom.

The Feilian had already confirmed the location of the spirit vein of the Black Dragon barbarian kingdom.

There were three small spiritual crystal mines and one medium spiritual crystal mine.

The number of mineral veins was the same as the heaven Fey Kingdom.

“Teleport.”

Buzzzzzz!

Jiang Li entered the teleportation room and walked into the wormhole tunnel.

The scene changed.

Soon, Jiang Li arrived at the teleportation station of the base of Army 017.

He walked out of the base.

“Your Majesty!”

Fei Lian came to greet Jiang Li with a few subordinates and a few barbarian slave leaders. They all bowed to Jiang Li when they saw him.

“Yes.”

yes. Jiang Li nodded. lead the way.

“Yes.”

Fei Lian said.

soon after.

Jiang Li took Fei Lian and the others on a large military transport plane to the nearest small crystal mine. It was Fei Lian and the others ‘first time taking a plane.

they couldn't help but look around curiously.

He looked very surprised.

“what a magical creation.”

“yup,”

Fei Lian and his subordinates thought to themselves.

Half a day later.

Jiang Li arrived at the first small crystal mine.

They entered the mine.

Find the ‘source of small mineral veins’.

“convert!”

Wuwuwuwuwu!

Jiang Li touched it.

[activate energy point conversion function.]

Shua!

Instantly.

All the lower spiritual crystal ores in the small spiritual crystal mine were converted into energy points.

conversion successful. 600 billion energy points obtained!

A notification appeared.

The first small spiritual crystal mine had earned him 600 billion energy points.

It was a good start.

“Let’s go.”

“BOOM!”

The large military transport plane took off.

with fei lian and the others leading the way, the transport plane took jiang li to the second small crystal mine.

Time passed.

One after another.

Jiang Li spent less than two days.

The remaining two small spiritual crystal mines and one medium spiritual crystal mine were all converted into energy points. The second small spiritual crystal mine yielded 680 billion energy points, and the third small spiritual crystal mine yielded 700 billion energy points.

The last big head.

A medium-sized spirit crystal mine.

Jiang Li got 8.1 trillion energy points!

Adding them up.

Jiang Li gained 108000000000 energy points in total.

It was another huge income.

The number of energy points in Jiang Li's hands increased.

Chapter 464 Unlocking

Jiang Li's goal would be achieved after he absorbed and transformed all the spirit veins of the Black Dragon barbarian kingdom.

The next time he came to harvest spirit crystal ores from the spirit vein, he would have to wait a year before the 'source of the mine' would form a spirit crystal mine again.

"Feilian."

Jiang Li turned around and looked at Fei Lian.

"Your Majesty."

Fei Lian bowed respectfully.

"How much do you know about the 'Demon God' in the 'desert of death'?"

Jiang Li asked.

“This bi an ...”

Fei Lian was stunned. He looked up at Jiang Li and said, ” “Your Majesty, how did you know that the demonic god was sealed in the desert of death?”

“answer my question.”

Jiang Li said in a deep voice.

“Yes.”

Fei Lian didn't dare to ask anymore and answered honestly, ” Your Majesty, there was indeed a riot in the desert of death not long ago.

“i wouldn't dare, i've already been suppressed.”

“I think he'll be fine.”

“Are you sure it's really ‘suppressed’?”

Jiang Li said.

“I'm sure!”

“It's because I personally led the Shu nation's Army to suppress the rebellion of the ‘mutant beasts’, so I can be sure that they have been suppressed,” Fei Lian nodded.

“.....”

Jiang Li didn't say anything. He just shook his head.

if the matter could be resolved so easily, the ‘demonic god disaster’ would not have happened.

The suppression was probably only temporary.

“Let’s do it this way,”

Immediately.

Jiang Li thought for a while and said, ” “Feilian, I have a task for you. Now, lead the rest of the soldiers and return to the Shu country as fast as possible to persuade the new king of Shu to surrender.”

“Persuade them to surrender?”

Fei Lian murmured.

“Yes, I am.”

okay. Jiang Li nodded.

“Yes.”

Fei Lian took a deep breath and said respectfully, ” “Your subject will obey.”

“Go on.”

go. Jiang Li waved his hand.

Of course.

Just in case.

Jiang Li also sent a mech Army to return to the Kingdom of Shu with the Feilian.

jiang li also brought normal mechanical engineers, normal mechanical soldiers, and mechanical teleportation soldiers with him.

The purpose was to build an army base and a teleportation station in the territory of Shu country.

Only the teleportation stations were set up.

Jiang Li would be able to send troops at any time.

Half a day later.

“boom!”

the ground was shaking.

The Army set off.

Fei Lian led the Army out of the black Dragon barbarian kingdom and headed towards the Shu Kingdom.

Above the Army, there were large military transport planes and a mech Army made up of Air Scouts and meches.

“.....”

Fei Lian looked back at the Black Dragon’s capital that was being rebuilt. He then looked away and muttered, ” “I hope that the new king of Shu will be able to understand the current situation and be willing to surrender.”

“Otherwise, when the great Xia Army arrives, the Shu country will suffer heavy losses again.”

The imperial capital of the Grand Xia.

In the teleportation room of the base.

...

Shua!

His figure flashed.

Jiang Li walked out of the wormhole tunnel. He was teleported back from the base of the No. 017 Army.

he left the teleportation room and arrived at the room in the ruler's hub.

“Dominator interface.”

Shua!

the dominator's interface opened.

” the energy points have already reached more than 14 trillion. ”

great. Jiang Li was naturally satisfied. also, I’ve got more soul Tinders. I’ve killed the beasts in the sky Monster Kingdom and tens of millions of Shu Kingdom soldiers.

that’s how I got so many soul Tinders.

” unlock the mech navy. ”

Buzzzzzz!

With a thought.

Jiang Li used thirty level-one soul Tinders in total to unlock all four level-one mech naval units.

A notification appeared before his eyes.

[mechanical underwater soldier has been unlocked!]

.....

[aquarail mech has been unlocked!]

Another notification appeared.

“Unlock.”

shua!

Jiang Li used nine level-two soul Tinders and ten thousand energy points to unlock the level-two mech Navy.

In front of his eyes.

a pop-up window appeared.

He was a little dazzled.

[stage two mech naval forces activated!]

The last notification.

Immediately after.

Another notification appeared.

Jiang Li could now activate the level three mechanical Navy.

Naturally.

Jiang Li didn't waste too much time. He used nine level-three soul Tinders and one hundred million energy points to unlock the level-three mech Navy.

Shua!

[interface: type of mech Navy]

[level 1 troop class: bi an (omitted)]

[Level 2 troop type: bi an (omitted)]

“Very good,” he said.

okay. Jiang Li glanced at it and nodded in satisfaction. He immediately operated the interface and used 120 soul Tinders. unlock all the level-three mech naval units.

Shua!

Another notification window popped up.

[prompt: congratulations, lord. you have successfully unlocked all the stage three mechanical naval forces and obtained the authority to unlock stage four mechanical naval forces.]

Jiang Li could continue to activate the level four mechanical Navy.

“Continue.”

Jiang Li used nine level-four soul Tinders and ten billion energy points to successfully activate the level-four mech Navy.

[Tier 4 mech naval arms blockade activated successfully!]

A notification appeared.

Shua!

[interface: type of mech Navy]

[Level 1 troop class: Pi Xiu (omitted)

[Level 2 troop type: bi an (omitted)

unlocked all Tier 4 naval forces.

Jiang Li used 240 level-four soul Tinders and unlocked all four level-four mech naval units.

Shua!

[unlocking of marine energy soldier completed!]

.....

[Super Marine soldier has been unlocked!]

.....

[the missile soldiers on the sea have been unlocked!]

.....

[the mechanical submarine soldier has been unlocked!]

.....

Four notifications appeared one after another.

“Oh, that’s right.”

it’s a level-four mech Air Force. I haven’t unlocked the other four except for the mecha and Ares. I’ve unlocked them all this time.

However ...

There were only 181 fourth-tier soul Tinders left.

It was not enough to unlock all the Level 4 mech Air Forces.

“Fuse.”

So, Jiang Li activated the ‘soul Tinder fusion’ function first. The fusion interface appeared and he fused all the level-one soul Tinders with one button.

Shua! Shua!

Within the fusion interface.

A series of notifications popped up.

It was like a flood of messages.

Finally.

[prompt: a total of 1119997 fusions. 373400 successes and 746597 failures. you have obtained 373400 stage-two soul tinders.]

“Continue.”

fuse all the level-two soul Tinders, ” Jiang Li said.

Wuwuwuwuwu!

The fusion interface flickered with light.

[fusion successful!]

.....

[fusion failed!]

.....

A series of notifications popped up.

Finally.

The fusion was complete.

[prompt: a total of 167333 fusions, 27888 successes, 138445 failures, 27888 stage-three soul Tinder obtained, one stage-two soul Tinder remaining.]

fuse the third-stage soul Tinder.

“Whoosh!!!”

Jiang Li operated the fusion interface again.

Very quickly.

He had also fused all the stage-three soul Tinders.

[prompt: a total of 4975 fusions, 553 successes, and 4422 failures. 553 stage-four soul Tinders obtained, and nine stage-three soul Tinders remain.]

Fusion unlocked.

the number of tier 4 soul tinders had reached 734.

it was enough to activate all the level 4 mech air forces.

all Level 4 mech Air Force units unlocked.

Jiang Li confirmed.

shua!

He had consumed two hundred and forty fourth-tier soul Tinders.

[energy aerial soldier has been unlocked!]

.....

[Super Air soldier unlocked!]

.....

[air missile soldiers unlocked!]

.....

[unlocking of the mechanical soldier completed!]

.....

Four notifications appeared.

jiang li successfully unlocked all the level-four mech air force units.

This way ...

Jiang Li's mech Army, mech Navy, and mech Air Force had all been unlocked to level four.

Furthermore ...

All the units below the fourth rank were unlocked.

Other than that.

The level 5 mech Army had also been activated.

Shua!

[prompt: congratulations, my Lord. You have successfully unlocked all the mech Army types, mech Navy types, and mech Air Force types. The ‘mech type fusion’ function has been unlocked. You can use nine level-four soul Tinders to upgrade the ‘mech type fusion’ function.]

A new notification appeared.

Chapter 465 The Dragon God

“Alright,” he said.

you’re right. Jiang Li’s eyes lit up and he smiled. I’ve been waiting for you.

Obviously.

Jiang Li already knew.

As long as all three military types were unlocked and all the military types below the fourth rank were unlocked, the ‘military type fusion’ function would be triggered.

In reality.

Mechanical Navy, mechanical Army, and mechanical air Force. Many of the functions and abilities of the soldiers in the three major military types overlapped.

For example.

intel meches, air scouts, underwater communication soldiers, and so on.

These three types of troops.

They were all communication-type troops.

The function was repeated.

The 'mech type fusion' function was to solve the problem of repeated functions. It could merge meches with overlapping functions.

Furthermore ...

the fused troop classes.

It will have three abilities: sea, land, and air.

Adapt to all kinds of combat situations.

His abilities would be strengthened in all aspects.

“Upgrade the ‘Army type fusion’ function.”

Jiang Li used nine level-four soul Tinders.

shua!

The nine soul fires disappeared.

After that.

The ‘Army type fusion’ interface appeared.

The interface flickered with white light.

A few seconds later.

the strengthening was complete.

[troop class fusion upgrade complete!]

A notification appeared.

Shua!

Immediately.

jiang li opened the ‘unit type fusion’ interface.

[interface: Army type fusion (enhanced)]

[slots: mech Army, mech Navy, mech Air Force]

[consumption: ten billion energy points]

success rate of rank-1: 100% ”

[success rate of rank-2: 60%]

[success rate of rank-3: 30%]

[success rate of rank-4: 10%]

[Tier 5 success rate: yet to be unlocked]

?.....?

obviously.

After the ‘troop type fusion’ function was upgraded by nine level-four soul Tinders, it was fully strengthened. Not only did the energy points required decrease from one trillion to ten billion.

Furthermore ...

It also clearly showed the success rate.

However ...

The success rate of reaching Tier 4 was only 10%, which was a 10% success rate.

“In that case ...”

Jiang Li thought about it and said to himself, ” last time, I succeeded in fusing the mech missile soldier and the mech Ares-class soldier on the first try. I’m really lucky.

of course.

The success rate indicated on the paper was the fusion of three different types of troops.

If there were two.

The success rate would be doubled.

...

For example.

The success rate of fusing three different types of stage two soldier types was only 60%, but the success rate of fusing two different types of stage two soldier types was 120%.

He would definitely succeed.

now, the 'unit type fusion' function had been strengthened.

Next.

Jiang Li was ready to merge the mechs with the same functions.

This was what Jiang Li had wanted to do for a long time.

First of all ...

jiang li was going to merge with a level-four troop class.

Among them.

The type 4 mech Army was mechanical giant soldier, energy destructive soldier, super mech, mechanical cavalry, and mechanical missile soldier.

...

The mech missile soldiers had already fused with the mech Ares-class soldiers.

And he had succeeded.

activate unit type fusion.

mech Army-energy destructive mech, mech Navy-energy marine mech, mech Air Force-energy air mech. Jiang Li decided to merge the mech types.

Shua!

[do you wish to consume ten billion energy points for the fusion?]

A notification appeared.

“Yes.”

Jiang Li confirmed.

buzzzzzz!

Ten billion energy points were consumed.

The fusion interface.

The three types of troops overlapped.

there was an extremely dazzling white light blooming.

BOOM!

Finally.

The white light exploded.

[fusion failed!]

A notification popped up.

The first fusion.

Jiang Li failed.

Ten billion energy points went down the drain.

One had to know.

The success rate of the 4th rank fusion was only 10%.

“Continue.”

Jiang Li didn't mind.

It was only ten billion energy points.

Jiang Li could afford it.

[fusion failed!]

.....

[fusion failed!]

.....

one after another.

Jiang Li tried five times in a row and failed every time. He used up 50 billion energy points.

The sixth time!

“Whoosh!!!”

Finally ...

There was a white light shining.

[fusion successful!]

[obtained Elite Fusion unit type: super energy soldier!]

a notification appeared.

“Done!”

great. Jiang Li laughed. not bad, not bad. It only took 60 billion energy points and the fusion was successful. I’ve got a new elite troop class.

“Continue.”

buzzzzzz!

Jiang Li continued to operate the mech type fusion interface. mech type fusion, choose mech Army-super mech, mech Navy-Super Marine soldier, mech Air Force-Super Air soldier.

The fusion began.

One Fusion would require 10 billion energy points.

This time.

Jiang Li's luck was bad.

He had failed fourteen times.

He had wasted 140 billion energy points.

Until the 15th fusion.

Only then did the fusion succeed.

Shua!

[fusion successful!]

elite fused soldier type obtained: infinite super soldier!

mech type fusion, mechanical Army-mech missile soldier, mechanical air Force-air missile soldier, and mechanical Navy-Marine missile soldier.

okay. Jiang Li continued to operate the interface.

Buzzzzzz!

The interface was surging with light.

[fusion successful!]

[Elite Fusion soldier type obtained: super missile soldier]

One shot entered the soul.

Jiang Li succeeded on his third try.

“Oh.”

jiang li's eyes lit up.

Even though ...

Jiang Li now had 14 trillion energy points. He could afford to spend 10 billion energy points for each unit fusion.

but ...

It was best to use as few energy points as possible.

All good steel should be used on the blade.

In reality.

The reason why Jiang Li chose to merge the units was because of the ”

first of all ...

The soldiers would have the ability to fight in the air, land, and sea. In this way, Jiang Li wouldn't have to waste more resources to make the three types of soldiers.

He only needed to create one type of troop.

Furthermore ...

The merged units were all 'elite' units.

so,

In terms of combat power and functionality.

They were far stronger than ordinary troops.

All abilities were strengthened.

of course.

The cost of manufacturing them was also twice that of a normal troop type.

but ...

No matter how he calculated.

In terms of long-term development.

The integration of military arms was a necessary process.

It was impossible to avoid it.

activating the mech type fusion function, choosing mechanical Army-mechanical giant soldier, mechanical Navy-mechanical Sea Giant, starting the fusion.

Jiang Li only chose two units this time.

he had spent ten billion.

Shua!

The fusion began.

the interface was flashing with white light.

BOOM!

The light exploded.

[fusion failed!]

.....

[fusion failed!]

.....

Maybe it was because Jiang Li created the ‘super missile soldiers’ with the soul imprint just now, so he failed five times this time.

During the sixth fusion.

He had finally succeeded.

Buzzzzzz!

[fusion successful!]

[elite fusion soldier type obtained: storm giant soldier]

A notification appeared.

“Not bad.”

okay. Jiang Li nodded.

Because the mecha Ares-class and mech-missile soldiers had successfully fused into the ‘superconducting Ares-class’, there were only three level 4 units left.

They were the mechanical cavalry, the mechanical patrol, and the mechanical Submariner.

These three types of troops.

Its functions and abilities did not overlap.

so,

Jiang Li didn’t merge them.

“next, it’s time to merge the level 3 troops.”

jiang li said to himself.

Shua!

The three types of soldiers separated.

he clicked on the level 3 troop class.

Immediately.

In Jiang Li's sight.

Three transparent interfaces appeared.

[interface: mechanical Army type]

?.....?

Level 3 mech types: liquid metal mech (unlocked), exoskeleton armor mech (unlocked), laser weapon mech (unlocked), ultrasonic mech (unlocked), energy mech (unlocked) ”

?.....?

.....

[interface: type of mech Navy]

?.....?

Stage 3 troops: mech Dragon Soldier (unlocked), mech armored soldier (unlocked), mech laser soldier (unlocked), mech energy soldier (unlocked), mech carrier soldier (unlocked)

?.....?

.....

[interface: mech Air Force type]

?.....?

Level 3 troops: mechanical dragon cavalry (unlocked), exoskeleton armor air troops (unlocked), mechanical destructive bomber troops (unlocked), stealth fighter troops (unlocked), mechanical air battleship troops (unlocked)

?.....?

mech type fusion. Mechanical Army-liquid metal mech, mechanical Navy-mechanical Sea Dragon Soldier, and mechanical air Force-mechanical dragon cavalry.

yes. Jiang Li confirmed and also used ten billion energy points. start the fusion.

buzzzzzz!

The interface was flashing with white light.

Grade 3 soldier type fusion.

the success rate was 30%.

It wasn't too low.

Of course.

The success rate was not high.

In reality.

The abilities of the mechanical Sea Dragon Soldiers and the mechanical dragon cavalry were similar, but they did not overlap completely. The liquid metal meches were even more different.

but ...

jiang li still chose to merge these three types of troops.

Because ...

When Jiang Li played the ‘super mechanical Army’ game all Night on Earth, he accidentally used these three types of troops and created an extremely terrifying and powerful Elite Fusion troop type.

Not only that.

he had also been using the soul tinder to level up.

In the end, it reached an extremely terrifying and indescribable level.

To put it simply.

it could be summarized in three words-invincible!

BOOM!

The fused white light exploded.

[fusion failed!]

A notification appeared.

“Continue.”

Buzzzzzz!

jiang li continued to merge calmly.

[fusion failed!]

.....

[fusion failed!]

.....

[fusion failed!]

.....

Ten times in a row.

All of them failed.

“Is it that difficult?”

Jiang Li took a deep breath and frowned.

one had to know.

when jiang li was playing the game, he succeeded in one try. why did he fail ten times in a row?

The success rate for Tier 3 was 30%.

In other words ...

Fusing three times or more was basically a success.

He had already fused ten times.

“I don’t believe it.”

what are you talking about today? ” Jiang Li shouted. I must get this Elite Fusion unit.

“Continue.”

Buzzzzzz!

Jiang Li used another ten billion energy points.

[fusion failed!]

“.....”

Jiang Li’s mouth twitched.

[fusion failed!]

.....

[fusion failed!]

.....

“to hell with it!”

I’ve failed twenty times. If I didn’t have so many energy points, I wouldn’t have dared to do this.

“Again!”

stop! Jiang Li shouted.

Buzzzzzz!

On the fusion interface.

A thick white light was shining.

It was rather glaring.

Finally!

The white light gathered and did not explode.

[fusion successful!]

[obtained Elite Fusion troop type: divine weapon of the Dominator Dragon!]

A notification appeared.

“Hahahahaha!”

haha ... Jiang Li was stunned for a moment, then he laughed. I’ve fused it twenty-one times and used 210 billion energy points. I finally succeeded. Dominator Dragon divine weapon. Hahaha!

Chapter 466 Threat

In the entire northern region of the Holy peace Region.

Although Jiang Li had defeated the sky demon Kingdom, defeated the Shu Army, and killed the Shu King, Liu De, and the sky Demon King, he still had a chance to win.

they had taken down the sky fey kingdom and the black dragon barbarian kingdom in one fell swoop, but the great xia dynasty's population was very low.

so,

There was a large piece of land that had not been occupied by the great Xia Dynasty.

Naturally, they would not be able to gather the Fortune of the entire northern region of holy peace state.

Furthermore ...

Although the sky Fey Kingdom and the Black Dragon barbarian kingdom had been exterminated, the monsters and barbarians in the northern region of the Holy peace state had not gone extinct. There were still a large number of them.

these monsters and barbarians could also secretly develop and rebuild their countries.

Of course.

Jiang Li had given the order a few days ago.

he asked jin wushuang, ling tian, wei lin, dong xiao, and hong tianqi to lead the human army to capture the monsters and barbarians and turn them into slaves.

One had to know.

‘High grade slave contract’.

It could now produce an infinite number of ‘ordinary contract charms’.

In other words ...

jiang li could control all the monsters and barbarians in the northern region of the saint peace state.

he would turn all the monsters and barbarians into slaves.

He believed in her.

not long after.

He would be able to truly control the entire northern region of holy peace state.

The room in the ruler’s hub.

Shua!

After Jiang Li got the ‘dominating Dragon divine weapon’, he was in a good mood, so he continued to merge with other units with the same function.

“Army type fusion.”

jiang li used ten billion energy points. ” mechanical army-exoskeleton armored mech, mechanical navy-naval armored mech-and mechanical air force-exoskeleton armored aerial mech. ”

Immediately.

The fusion interface flickered with light.

Shua!

[fusion successful!]

[obtained Elite Fusion unit—multipurpose armored soldier!]

“continue.”

Jiang Li controlled the ‘unit type fusion’ interface and used up energy points to continue the fusion.

At this moment.

On the other side.

The border sea.

Deep in the ocean.

Barbarian tribe’s main branch.

During this period of time.

The Barbarian tribe had sent out a large number of Elite Barbarian Scouts one after another. After paying a huge price, they finally found out what had happened.

“High priest, things are bad.”

A few of the Grand elders came to the Barbarian shrine and shouted in surprise, ” the sky Fey Kingdom and the Black Dragon barbarian kingdom were both destroyed. The sky Fey Kingdom was destroyed by the great Xia Dynasty, while the Black Dragon barbarian kingdom was destroyed by the Shu country.

“The most important thing is ...”

after Liu De defeated the Black Dragon barbarian kingdom, the great Xia Dynasty attacked the Black Dragon imperial capital and killed Liu De. They won the final victory.

“What did you just say?”

Shua!

In the Barbarian God Palace.

A green figure rushed out.

Finally ...

The high priest of the Barbarian tribe had appeared.

It was a man wearing a ferocious ghost mask. He was tall and wore a long green robe. Green light flickered around his body, and he looked very powerful.

“Are you saying that the great Xia Dynasty has actually become the final winner?”

The high priest of the Barbarian tribe, Xia Wuji, couldn't help but take a deep breath and said in shock, ” “how is this possible? How could the great Xia Dynasty be the final winner?”

...

Obviously.

Xia Wuji didn't want to believe this.

One had to know.

Be it the Shu nation, the sky Fey nation, or the Black Dragon barbarian kingdom, they were all powerful countries that had existed for thousands of years and had risen after the fall of the northern Empire.

As for the great Xia Dynasty.

However, it was a new dynasty that had just been established for just over a year.

However ...

this new dynasty, which had only been established for slightly more than a year, had actually defeated powerful enemies again and again, rising and growing.

And now.

he had even taken down the sky demon kingdom, the black dragon barbarian kingdom, and the shu kingdom.

they were about to achieve the magnificent feat of unifying the northern region of the holy peace region.

...

If he succeeded ...

It gathered the fate of the entire northern region.

The great Xia Dynasty would definitely be able to take that final step.

Promoted to 'dynasty'.

At that time.

Jiang Li was the human Emperor.

Furthermore ...

Jiang Li would also be removed from the ‘dynasty young dragon List’ and be listed on the ‘dynasty Hidden Dragon List’.

“High priest, what should we do next?”

The Grand Elder of the Barbarian tribe’s main branch asked, ” the great Xia Dynasty has won the final victory. Are we going to gather all our forces and attack the great Xia Dynasty? ”

“You can’t!”

there are definitely Tier 6 existences in the great Xia Dynasty. If we attack, it’ll be like throwing an egg at a rock. We’ll only end up defeated. We can’t do this.

“That’s right.”

the foundation of the great Xia Dynasty has been stabilized. It can’t be shaken anymore.

“if we really can’t do it, we can only hide first and wait for the opportunity to move.”

The other Grand elders chimed in.

“Whoosh!”

At this moment.

A black stream of light crossed the space and arrived.

It was like lightning.

There was a whooshing sound.

It left the space and stopped in front of Xia Wuji.

“This is a Kasaya.”

Xia Wuji was stunned for a moment, and then a shocked expression appeared on his face, ” spatial transmission. This is a ‘spatial transmission’ from the ‘tribe’s Holy Land’.

Space transmission.

This already involved the use of space and laws.

One had to know.

Even top-tier imperial dynasties were unable to access space.

Only the Imperial dynasty.

Or the sacred lands above imperial dynasties.

only then would it be possible to control space.

Immediately.

Xia Wuji reached out his right hand and touched the black light. The black light directly merged into his palm, and a message appeared in his mind.

“Hahahahaha!”

After a while.

Xia Wuji laughed out loud and shouted, “the heavens are really helping me. Everyone, there’s news from the Tribe’s Holy Land. The Lords in the Holy Land have already sensed that something has happened in the northern region of Saint peace state.

“And ...”

“Several thousand years ago.”

the northern Empire paid the price of destruction with the power of the whole country. The ‘Demon God’ sealed in the desert of death is about to awaken, and the ‘Demon God disaster’ will come.

“This is our chance.”

at that time, the ‘tribe’s Holy Land’ will send a level six barbarian expert to join forces with the ‘Demon God’ and destroy everything.

“Victory belongs to our barbarian tribe!”

Xia Wuji shouted.

“Alright, alright, alright.”

I didn’t expect that the ‘Holy Land of the tribe’ would pay attention to a small northern region of the Holy-Peace Region. They even prepared to send a Type 6 expert over.

with the help of the big shots from the 'tribe's Holy Land', the great Xia Dynasty could be easily destroyed even if it was a dynasty, let alone if it had not been promoted to an imperial dynasty.

"That's great."

The various Grand elders were overjoyed and spoke in an extremely excited tone.

"Yes."

Xia Wuji nodded. before the reinforcements arrive, we can't act rashly. Don't act rashly in case the great Xia Dynasty takes advantage of the opportunity.

"We just need to keep an eye on the great Xia Dynasty's movements."

"Yes."

"Yes, sir."

All the Grand elders nodded.

Xia Wuji raised his head and looked in the direction of the imperial capital. His gaze was deep and confident as he said coldly, " " emperor xia, jiang li, your good days won't last long. "

"When the time comes, this high priest will personally see how miserably you will die."

"Hahahahaha!"

Xia Wuji laughed out loud.

It was as if they could already see the Barbarian tribe achieving the final victory.

on the other side.

The Shu state Army led by Fei Lian.

They had already left the Black Dragon barbarian kingdom and entered the Black Dragon mountains. As long as they crossed the Black Dragon mountains, they would enter the Shu country.

“We’re going back to the Shu country soon.”

fei lian looked into the distance and muttered.

However, she felt a little complicated.

Not long ago.

Fei Lian was also one of the three great generals of the Shu country.

He had a high status.

And now.

However, he had already betrayed the ‘Shu state’ and joined the Xia Dynasty. He had become a subject of Emperor Xia, Jiang Li. Now, he was even leading the original army of the Shu state to ‘persuade’ the new king Jin to surrender.

All sorts of thoughts welled up in his mind.

In the end.

Fei Lian could only sigh.

At this moment.

In the capital of Shu country.

In the main hall of the palace.

“Report!”

There was news from the front line of the ‘desert of death’. Your Majesty, there is another riot in the desert of death. A large number of’ strange fierce beasts ‘have appeared.

“The Army stationed at the desert border can’t hold on much longer.”

“I request your Majesty to send reinforcements.”

“Riot!”

“How is that possible?”

“Wasn’t the riot in the desert of death suppressed by general Feilian and the elite soldiers of the Shu state? Why is there a riot?”

“Is this true?”

Within the palace.

The officials of the Shu country were shocked.

The most important thing was ...

In order to defeat the Black Dragon barbarian kingdom.

At that time, the king of Shu, Liu De, took away nearly 90% of the soldiers of Shu country.

And now.

The Shu country was weak.

It would be difficult to mobilize a large number of troops in a short time.

“My beloved ministers.”

” this matter can not be delayed. ” chang stood up and said in a deep voice, ” once the mutated beasts in the death desert break through the blockade of the border cities, the people of shu state will be the first to bear the brunt. ”

“When that time comes, the people will be plunged into misery and suffering.”

“Order all the Marquises and counties in the kingdom to immediately mobilize all the soldiers they can. They must get to the capital as quickly as possible.”

I will personally lead the Army to suppress the rebellion in the death desert.

“yes!”

“We will do as you command!”

“.....”

The officials of the Shu country looked at each other and knelt down one after another.

One had to know.

Chang was ready to go to war.

Even if they had different ideas, it was useless to say it now.

Time passed.

Within the imperial capital of the Grand Xia.

In the base of the 01 division.

Within the room in the ruler's hub.

“I've finally settled all the units that need to be integrated.”

Jiang Li was relieved.

Shua!

after that.

The Army type fusion interface opened.

[interface: Army type fusion (enhanced)]

[slots: mech Army, mech Navy, mech Air Force]

[consumption: ten billion energy points]

success rate of rank-1: 100% ”

[success rate of rank-2: 60%]

[success rate of rank-3: 30%]

[success rate of rank-4: 10%]

[Tier 5 success rate: yet to be unlocked]

?.....?

rank one Elite Fusion troops: super Intel soldier, super bio-soldier.

stage two Elite Fusion troops: water and electricity mech, super transport soldier, super artillery soldier, omnipotent tank soldier.

[rank three Elite Fusion troops: divine Dominator Dragon Soldier, Tri-perch armored soldier, laser destruction soldier, invisible energy soldier.]

[rank 4 Elite Fusion soldier types: super Ares soldier, super energy soldier, infinite super soldier, super missile soldier, Storm Giant soldier]

Among them.

The 'super Intel soldier' was a combination of Intel meches, underwater communication soldiers, and air Scouts.

The 'super biochemical soldier' was a combination of biochemical meches, biochemical submerging soldiers, and biochemical air soldiers.

This was because they were all Level 1 troops.

The success rate was one hundred percent.

Therefore, he only used 20 billion energy points.

The water-powered mech was made up of electric-powered meches, electric-powered airborne meches, and water-controlled meches.

The Super transport soldiers were made up of transport meches, transport mech pilots, and mech sea soldiers.

the super mech artilleries were made up of mech artilleries, marine mech artilleries, and anti-aircraft mech soldiers.

The three-pronged Tankman was made up of mech soldiers, mech sea tank soldiers, and bomb mech soldiers.

Level two troop type.

The success rate of fusion was 60%.

He had fused four.

He had used a total of 100 billion energy points.

Chapter 467

In addition.

It was a 3rd rank elite mech type, 'laser destroyer'.

It was a fusion of laser weapon meches, mechanical destructive bomber soldiers, and mech Navy laser weapon soldiers.

Invisible energy soldier.

It was formed by the fusion of stealth mech soldiers, energy mech soldiers, and mech Army energy soldiers.

The success rate of a Tier 3 troop class was only 30%.

so,

Jiang Li used fifty billion energy points.

Shua!

The Dominator panel opened.

In the energy points column.

Jiang Li unlocked the Navy and integrated a large number of elite integrated units, so it cost him 620.101 billion energy points in total.

He was left with 13802.504 billion and 82730 energy points.

“Hidden Dragon,”

Jiang Li looked up at the purple face in the room and said, “activate the mech factory immediately and start producing elite mech types.

“Yes.”

Hidden Dragon replied.

The previous time.

Jiang Li sent out more than 60 million meches and hundreds of millions of puppet Warriors to form the Xia Army.

They lost about ten million meches.

There was still more than 50 million left.

The puppet Warriors of the puppet army.

They had lost about twenty million people.

however ...

The soul realm master then used the corpses of the Shu soldiers to create 30 million puppet Warriors. In addition to the puppet Warriors made by the king of Shu, Liu De, they were all under the control of the soul realm master.

In the end.

The number of puppets increased instead of decreasing.

It had already reached a total of 150 million.

Of course.

The puppet army was just Jiang Li's supplement.

They weren't Jiang Li's main force.

From the beginning to the end.

Jiang Li's main force was only a 'mech Army'.

One had to know.

If the puppet army encountered the ‘Devils’, who possessed a nemesis similar to the soul suppression ability, the entire puppet army would lose its effect.

therefore ...

If he were to place his focus on the puppet army ...

Thus, he ignored the number of mechs.

At that time.

Once the enemy found a way to restrain the puppet army, they would be able to do so.

Jiang Li would be in a dangerous situation.

so,

Jiang Li was going to create an ‘Elite Fusion Army’.

This Army.

They would all be made up of ‘Elite Fusion troops’.

At the same time, it had the ability to fight in all three areas.

in other words ...

When this ‘Army’ was born.

jiang li’s strength would be greatly improved.

“Hidden Dragon,”

” how many steel materials does the great xia dynasty have? ” jiang li asked.

“Reporting to you, chief sovereign.”

hidden dragon immediately replied, ” because you have conquered the sky demon kingdom and the black dragon barbarian kingdom, more than half of the steel materials in the northern region of the holy peace state have fallen into your hands.
”

...

“So,”

the total amount of steel materials has reached more than 100 billion tons!

“So many,”

Jiang Li was shocked.

“Chief sovereign, this isn’t a lot.”

Hidden Dragon said.

One had to know.

on earth.

China’s annual production of steel had reached 860 million tons.

In the entire northern region of the Holy peace Region.

Its surface area was equivalent to the entire earth.

...

More than half of the steel materials were in Jiang Li's hands.

Plus ...

It was also accumulated over many years.

so,

100 billion tons wasn't a lot.

"alright," he said.

Jiang Li took a deep breath. with these 100 billion tons of steel materials, I don't have to worry about the lack of steel materials anymore. I can use the mech factory as much as I want.

potential. Immediately create 100 million super Intel soldiers and 100 million super bio-soldiers.

fifty million water and electricity meches, fifty million super carriers, fifty million super artillery meches, and fifty million omnipotent tanks, " Jiang Li said immediately.

10 million divine weapons of the Dominator Dragon, 10 million Tri-perch armored soldiers, 10 million laser destructive soldiers, and 10 million invisible energy soldiers.

create 200000 super Ares-class soldiers, 200000 super energy soldiers, 200000 unlimited super soldiers, 200000 super missile soldiers, and 200000 Storm Giant soldiers.

“Yes.”

Yes, my lord. Hidden Dragon replied quickly, ” because you are creating elite troops, the materials and resources required are twice that of normal troops.

“Among them,”

“Creating 200 million elite soldiers requires 20 million tons of steel and 400 million energy points. To create 200 million stage two Elite Fusion troops, 200 million tons of steel materials and 40 billion energy points were required. To create 40 million type 3 elite mech units, it will require 400 million tons of steel and 800 billion energy points.”

” to create a million tier 4 elite fusion troops, one hundred million tons of steel materials and two trillion energy points are required. ”

so, we need a total of 720 million tons of steel materials and 2840.4 billion energy points.

“Alright,” he said.

Jiang Li nodded and said without hesitation, ” “let’s start the manufacturing.”

“Yes.”

Hidden Dragon replied.

“Rumble!”

Immediately.

In the mech factory of the base.

there were four levels in total.

it began to operate at full power.

buzzzzzz! Buzzzzzz!

There were spatial fluctuations.

Many wormholes appeared.

The mech production soldiers sent a large amount of steel materials into the 'wormhole tunnel' and transported them into the 'black furnace' to fuse with energy points.

Mass production of meches.

Seven hundred and twenty million tons of steel materials.

He had obtained 100 billion tons of steel materials from the sky demon Kingdom and the Black Dragon barbarian kingdom.

It was just a drop in the ocean.

There was no need to worry about the lack of steel materials.

Half a day later.

The commotion in the mech factory finally died down.

“Reporting to you, chief sovereign.”

200 million elite fused meches, 200 million elite fused meches, 50 million elite fused meches, and one million elite fused meches, ” Hidden Dragon reported.

“All completed.”

“Very good,” he said.

Jiang Li nodded in satisfaction. He thought for a while and said, ” this new mechanical Army will be called the ‘number one Elite Fusion Army’, and it has already been formed.

“The number of soldiers has even reached 451 million.”

Such a terrifying force.

It was no longer weaker than an ordinary imperial dynasty.

One had to know.

The great Xia Dynasty had not completed its promotion.

Shua!

Immediately.

Jiang Li had an idea.

He opened the Dominator panel.

create 100 battlefield commanders.

Jiang Li controlled the panel and used 10002000 energy points. create another 100 Intel soldiers.

shua! Shua!

The manufacturing interface appeared.

Two illusory figures were slowly rotating.

In the surroundings.

There were countless light spots filling it.

After a few seconds.

The illusionary figure solidified.

“creation complete!”

Two hundred meches appeared in the room.

It was a little crowded.

“My Lord!”

the two hundred meches saluted jiang li.

“Yes.”

okay. Jiang Li nodded. He first used 140 million energy points to upgrade all one hundred battlefield commanders to perfected-stage level three.

Shua! Shua!

a white light flashed.

The promotion of 100 battlefield commanders was completed.

Currently.

Jiang Li now had 114 battlefield commanders.

Among them.

Room zh01 to zh014.

These 14 battlefield commanders were in charge of the ‘great Xia Army’.

That was the 50 million ordinary mech soldiers.

In reality.

After the unit type fusion function was activated.

Most of the previous units could be eliminated.

for example, combat meches, cold weapon meches, glider air soldiers, exoskeleton armor air soldiers, motorboat meches, and so on. these meches could all be eliminated.

It would be replaced by a brand new elite Fusion unit.

“Alright,” he said.

Jiang Li looked at the hundreds of commanders, both men and women, and ordered, ” from today onwards, you 100 battlefield commanders will be in charge of leading the ‘number one Elite Fusion mechanical Army’.

“Yes.”

“Yes, sir!”

“.....”

yes! the hundred battlefield commanders responded in unison.

“yes.”

okay. Jiang Li nodded in satisfaction.

Soon after.

He looked at the Super information soldier.

Shua!

integrated unit type: super Intel soldier (elite) ”

[rank: early stage of rank one]

[No.: Cjxx01]

” skill 1: level-one inferior-grade wireless communication ”

” skill 2: level-one low-grade drone reconnaissance control

” skill 3: level-one low-grade underwater communication technology mastery ”

equipment: level-one low-grade super communication device ”

[machinery: Jian Jia (omitted)]

upgrade: 40 energy points ”

“Three skills.”

jiang li finished reading the basic information of the intel soldier.

First of all ...

Super Intel soldier.

It inherited all the skills of the Intel mech, the air Scout, and the underwater communicator, and the Super communication device had all the abilities of the three types of meches.

It could be said that ...

The Super Intel soldiers could fly, dive, and so on.

“Upgrade.”

Shua!

Jiang Li used 28000 energy points to upgrade all 100 super Intel soldiers to the perfected stage of level one. All three of their skills and equipment were upgraded to the best level.

however ...

It was not over yet.

The interface opened.

Soul Tinder.

During the half-day that Jiang Li was integrating the troop classes.

After Xing Wuwu teleported to the Black Dragon barbarian kingdom from the sky Monster Kingdom, he followed Jiang Li's order and continued to use the bloodthirsty ferocious spirit formation to gather the beasts in the Black Dragon barbarian kingdom.

Jiang Li's mech troop followed them.

They killed a large number of ferocious beasts.

It was natural.

Jiang Li got another batch of soul Tinders.

soul Tinder: 1.8 million level-one soul Tinders, 120000 level-two soul Tinders, 2300 level-three soul Tinders, 494 level-four soul Tinders, one level-five Demon Soul Tinder fragment, eight level-five soul Tinders, and one level-six soul Tinder.

first, use 200 level-two soul Tinders and 20000 energy points to upgrade 100 super Intel soldiers to early-stage level two.

Jiang Li controlled the Dominator panel.

“Whoosh!!!”

Two hundred stage-two soul Tinders and twenty thousand energy points were consumed.

Shua! shua!

immediately.

A few seconds later.

100 super Intel soldiers completed their upgrade.

all of you have been promoted to the perfected stage of Tier 2.

Buzzzzzz!

Jiang Li used another 2.8 million energy points.

A few seconds later.

They had all completed their promotions.

Shua!

Jiang Li checked the message.

” integrated unit type: super holographic soldier (elite) ”

[rank: Grand completion of rank-two]

[No.: Cjqx01]

skill 1: top-tier level-one wireless communication ”

skill 2: level-one ultimate drone reconnaissance control

skill 3: level-one ultra-quality underwater communication technology mastery ”

skill 4: level two advanced holographic communication technology mastery ”

[equipment: phase-two ultra-quality super holographic communication device]

[machinery: jian jia (omitted)]

level up: two level-three soul Tinders, 20000 energy points ”

“For now, a perfected stage two super holographic soldier is enough.”

” i don’t have to, ” jiang li said. ” i don’t have to. ”

obviously.

the newly created super holographic soldiers would completely replace the previous holographic soldiers.

Because ...

The ability of the Super holographic soldier had completely surpassed the holographic soldier.

Although the cost was twice that of the holographic mech.

However, its advantages far outweighed its disadvantages.

100 super holographic soldiers will be allocated to the ‘Elite Fusion continuing Army’.

I’ve successfully formed the Army, ” Jiang Li said to himself, ” I should find a target to practice on.

“I’ve decided.”

let's try it out. Jiang Li looked in the direction of the border sea. I'll try it out at the main branch of the Barbarian tribe in the border sea.

Chapter 468

Hidden Dragon, activate the 'teleportation room' immediately. Prepare to teleport the mechanical Army.

let's go, " Jiang Li ordered. elite mech Army No. 1, teleport to army base No. 016 and destroy the Barbarian tribe in the border sea.

"Yes."

understood! Hidden Dragon quickly replied.

"Yes, sir!"

At the same time.

The 100 battlefield commanders all said in unison.

"Go on."

go. Jiang Li waved his hand.

after that.

The teleportation room was activated.

In the teleportation room.

ten wormhole tunnels were opened.

“Whoosh!!!”

Spatial fluctuations emerged and rapidly spread, enveloping the entire base.

Shua! Shua!

the spatial teleportation was activated.

Immediately.

in the mech factory.

Four hundred and fifty-one million mech soldiers.

They all disappeared into thin air.

The space wave covered the entire mech factory and teleported all 451 million elite meches away.

Soon after.

The hundred battlefield commanders also left the room in the dominating heart, entered the ‘teleportation room’, and left through the ‘wormhole tunnel’.

Immediately after.

They were 100 super holographic soldiers.

they were also teleported away.

“chief sovereign.”

Very quickly.

DTS01, MYL01, and hyzk01 came forward with their orders.

“Yes.”

Jiang Li nodded and looked at the three meches. Hyzk01, bring 2 Type 6 puppet Warriors, 10 type 5 puppet Warriors, and follow the ‘number 1 elite mech Army’.

“Yes.”

“Yes, sir.”

Hyzk01 and the others nodded in unison.

buzzzzzz!

The teleportation was activated again.

Hyzk01 and the rest brought the 12 puppet Warriors into the teleportation circle and walked into the wormhole tunnel. They were teleported to the base of the No. 016 Army.

QX01, connect to ‘number one Elite Fusion mechanical Army’.

go! Jiang Li ordered.

“Yes.”

QX01 nodded and activated the ‘holographic communication’.

Shua!

Immediately.

in front of jiang li.

A huge holographic projection appeared.

It was the base of the No. 016 Army.

In the image.

buzzzzzz! “Whoosh!!!”

a spatial fluctuation covered the entire army base.

Shua! Shua!

After that.

elite mech fusion soldiers appeared out of thin air. there were too many of them to count.

...

Furthermore ...

The three-story mech factory couldn't fit these meches.

One had to know.

This was a total of 451 million names.

In the sky above the base of Army 016.

the first thing that came into view was the 100 million super intel soldiers. they could control drones and fly in the air with wings on their backs.

super Intel troops, immediately spread out and Scout the surrounding situation.

At this moment.

The commander of battlefield number zh015 gave the order, ” enter the border sea.

Shua! Shua! Shua!

immediately.

...

100 million super Intel soldiers were the first to be deployed. The wings on the back of the Super Intel soldiers spurted out flames and generated propulsion and flight power.

They spread out.

They were scouting the situation in the border sea.

Immediately after.

That would be 100 million super bio-soldiers.

fusion unit type: super bio-soldier (elite)

[rank: rank one]

[no.: bagc-cjsh01]

skill 1: rank one biochemical poison

skill 2: rank one biochemical wings

skill 3: rank one biochemical water spell ”

biochemical machinery: Chi Chi (omitted) ”

Super bio-soldier.

Similarly.

It also had three skills.

They were considered elite troops.

his close combat skills were strong.

It could be used for ‘sea, land, and air’ combat.

In the air.

The hundred million super bio-soldiers.

Black flesh wings grew on their backs, allowing them to fly in the air. There were simply too many of them, so dense that they looked like dark clouds.

It covered the sky and the sun.

other than that.

There were also water and electricity meches, super carriers, super artilleries, omnipotent tanks, Dominator Dragon divine weapons, and so on.

together, they formed the ‘number one elite fusion mechanical army’.

Shua! Shua!

Hyzk01, DTS01, MYL01.

Three high-level meches appeared.

He led his mechanical Army.

“All troops, move out!”

go! Jiang Li ordered.

“BOOM!”

the ‘number one elite mech army’ moved quickly in the air, forming a huge air mech army. more than 400 million mech soldiers gathered together, and it was a huge scene.

It was as if he could not see the end of the Army.

in less than half a minute.

The number one elite mech Army arrived in the sky above border sea.

On the shore.

In the border sea.

A large number of barbarian soldiers were hiding there.

“There’s a situation.”

“In the heavens, the heavens,”

“Si si si ...”

” what is this?! ”

“This is going to be a big problem.”

“Hurry up and run!”

These barbarian soldiers raised their heads and saw the ‘number one Elite Fusion mechanical Army’ in the sky above the border sea. The mechanical Army that seemed to have no end was like a dark cloud that covered the sky.

There were simply too many of them.

It was a sea of black.

He just looked.

He felt his heart being suppressed, fear rising in his heart, and he couldn’t summon any will to fight.

super artillery, attack!

Zh017 ordered.

“yes.”

BOOM! boom! BOOM!

After that.

Only about a million super artilleries fired. The huge barrels fired huge cannonballs from the air.

“rumble!”

millions of cannonballs fell into the border sea below.

hualala!

Immediately.

The Cannonball exploded.

The roar was deafening.

It also set off a huge wave.

“Ah!”

In the border sea.

The barbarians who were hiding in the water screamed in pain. Before they could react, they were killed by the millions of cannonballs.

Immediately.

Scarlet blood spread.

It dyed the sea in the color of blood.

Some broken limbs floated up to the surface of the water.

The ferocious beasts in the sea smelled the blood and immediately rushed over from all directions.

fusion unit type: super mechanical artillery

[rank: rank two]

[No.: BGC-jxcp01]

skill 1: stage two cannon bombardment ”

skill 2: stage two cannon mastery ”

skill 3: rank two detection lock spell

skill 4: second order suspended

skill 5: rank two diving ”

[machinery: Jian Jia (omitted)]

Jiang Li checked the information of the Super artillery.

It had five skills.

The appearance of the Super artillery had undergone a huge change. It was nine meters tall and made of pitch-black steel.

it was shining.

They were like steel Giants.

but ...

the head of the super mecha artillery squad was a very thick and huge black barrel. the black barrel was nine meters long, and the muzzle was 600 mm.

It looked extremely huge.

After the 'No. 1 Elite Fusion Army mechanical Corps' casually dealt with the Barbarian soldiers hiding around the coast, they set off toward the depths of the border sea.

their target was the barbarian tribe.

Shua!

jiang li closed the communication.

The holographic projection disappeared.

He no longer paid any attention to the 'number one Elite Fusion mechanical Army'.

Jiang Li then contacted Fei Lian.

Fei Lian had led the human army back to the Shu state, but they had not reached the capital. It would probably take some time.

“Your Majesty, Emperor Xia.”

“I’ve heard some news during this period of time,” Fei Lian said.

“Speak,” he said.

Jiang Li said.

“Yes.”

Fei Lian nodded. The new king of Shu is Liu De’s eldest son, Liu Chang. The entire Shu is gathering soldiers. I heard that it’s because of the mutant beast riot in the desert of death.

“A mutated beast.”

Jiang Li frowned.

“Your Majesty Emperor Xia.”

Fei Lian quickly explained, “The ‘mutant beasts’ are desert beasts that have been infected by the ‘Demon God’s’ aura, and have mutated.”

“These ‘mutant beasts’ are stronger than ordinary beasts.”

“And ...”

There’s also a chance that ‘Demon God crystal cores’ can be produced in the bodies of ‘mutant beasts’ above level three. They have the effect of cleansing one’s muscles and marrow, improving one’s aptitude, and helping one break through realms.

“Alright,” he said.

yes, ” Jiang Li said. I already know.

Shua!

Immediately.

He hung up.

“The ‘mutant beast’ riot.”

jiang li murmured.

The night passed.

The next day arrived.

At this moment.

In the capital of Shu-Hu.

Chang had gathered all the remaining soldiers of the Shu state outside the capital city. The number of soldiers had reached 50 million.

“Roar!”

A Dragon’s Roar resounded.

A 4,500-meter-long white Dragon of the Kingdom of Shu appeared.

It was hovering in the sky above the capital.

Shua!

Chang's figure soared into the sky.

He was standing on the head of the White Dragon of the Shu country.

He looked down at the Shu country's Army outside the city.

“Your subjects pay their respects to Your Majesty!”

The next moment.

The officials and generals of Shu knelt down and kowtowed to Chang.

After that.

the 50 million soldiers of the shu nation also knelt down.

He looked around.

It was a sea of black.

The scene was shocking.

It was inspiring.

“Alright!”

Chang took a deep breath, and then he shouted, ” the desert of death is in chaos again. the mutant beasts are attacking the city one after another. the border guards are in danger. ”

“Once the border troops are lost ...”

the Army of mutated beasts will March straight in. The people of the Shu country will be in great misery and suffering. The foundation of the Shu country will also be destroyed.

“We can’t escape,”

therefore, we can only face the difficulties and defeat the Army of mutant beasts.

“I’ll lead you to fight against the ‘Army of mutant beasts’. Generals and soldiers, do you have the confidence to win this war?”

“the shu country will win!”

the humans will win!!!

“!!!”

Immediately after.

The generals and commanders of the Shu country shouted in unison.

“Roar!”

The White Dragon of the Shu country immediately let out a dragon roar.

The blessing of the nation.

The soldiers of the Shu country were filled with courage.

BOOM! BOOM!

At this moment.

The ground was shaking slightly.

It was about a dozen miles away.

The Army led by Fei Lian had arrived.

In the air.

There were a number of mech pilots and aerial Scouts.

At the first moment.

” okay. ” the scout in the air sent the information to jiang li.

“Chief sovereign.”

QX01 reported to Jiang Li, ” “The Feilian has already arrived at the capital of the Shu state.”

immediately connect the communication.

” go! ” jiang li ordered.

“Yes.”

QX01 nodded.

The holographic communication was activated.

“Whoosh!!!”

the scene unfolded.

Jiang Li saw the capital of Shu.

A huge city.

It covered a vast area.

It was extremely Grand and spectacular.

It was majestic.

Other than that.

Jiang Li also saw the 50 million Shu Kingdom soldiers outside the city.

“this is the capital of the shu country.”

Jiang Li murmured.

“Chief sovereign.”

At this moment.

QX01 reported to Jiang Li, ” the ‘number one Elite Fusion mechanical Army’ has already found the location of the Barbarian tribe’s ‘northern region branch tribe’ according to the information provided by ‘Xing Wuwu’.

connecting to ‘Elite Fusion mechanical Army No. 1’.

Jiang Li said.

“Yes.”

Buzzzzzz!

Immediately.

a holographic image was projected in front of him.

On the left was the capital city of Shu state, and on the right was the border sea.

The image of the border sea.

First of all ...

what jiang li saw was the boundless ocean. the waves were rolling and the wind was blowing, raising waves hundreds of meters high.

“Chief sovereign.”

Hyzk01, MYL01, DTS01, and 100 other battlefield commanders appeared on the screen. barbarian tribe’s northern region Division tribe ‘has confirmed its location. Do you want to attack? ”

“Yes.”

yes. Jiang Li nodded. do it.

Chapter 469 Torpedo

At this moment.

10,000 m deep in the border sea.

The huge array light screen covered a vast and magnificent ‘underwater city’. It was built extremely huge, like an underwater Dragon Palace.

Within the city.

There were many barbarians.

There were many of them.

it had reached tens of millions.

In the Barbarian God Palace.

“Damn it!”

xia wuji’s face was extremely serious.

Because ...

In front of him.

There was a projection of a formation that could project the situation on the surface of the border sea.

In the projection.

It was Jiang Li’s ‘elite mech Army No. 1’.

It was a sea of black.

It was difficult to estimate the exact number.

Obviously.

Xia Wuji had already noticed Jiang Li's mechanical Army.

“hu ~~ hu ~ hu ~”

Xia Wuji took a deep breath to calm himself down. I didn't expect our location to be exposed. More importantly, Jiang Li sent a Legion here so soon.

“Furthermore, there are too many soldiers in the great Xia Army.”

At this very moment.

Xia Wuji's heart was heavy.

One had to know.

Previously, he had been full of confidence and thought that the 'tribe's holy land' would send a sixth-grade barbarian expert, and that victory was in his hands.

He also said that he wanted to see how Jiang Li would die.

But now it seemed ...

The underwater city would probably be destroyed before the level six barbarian experts arrived.

“High priest.”

at this moment.

The Grand elders hurried over. They were rather panicked as they called out, " this is bad. the patrol team on the sea has discovered a large number of enemy troops. "

"according to the patrol team's description."

"the enemy is most likely the great xia army."

"Could it be that our location has already been exposed?"

"Why would I?"

"We hid ten thousand meters under the border sea this time. How could we be discovered so easily?"

"What should we do now?"

"Why don't we think of a way to retreat?"

the grand elders said one after another.

"what are you guys panicking for!"

Xia Wuji came out of the Barbarian God Palace with a calm expression. He then shouted coldly, " " we're 10000 meters under the sea. even a stage-one and stage-two martial artist can't withstand the pressure of the deep sea. "

only those who have reached level three and have formed a cycle with the spiritual energy of heaven and earth can enter.

no matter how powerful the great Xia Army is, no matter how many soldiers they have, they still don't have any soldiers that can fight underwater. Even if they do, they can't possibly dive to a depth of 10000 meters.

"this bi an ..."

“Yes, yes, yes.”

“The high priest is right.”

“Even if the great Xia Dynasty finds us, they can’t possibly attack the bottom of the sea.”

“We’re already undefeatable in terms of our innate abilities.”

“.....”

Instantly.

The Grand elders heaved a sigh of relief, and joy appeared on their faces.

“However,”

...

xia wuji paused, then ordered, ” “Just in case, pass down the order immediately. Tell all the barbarians to get ready for battle.”

“Everyone, put on your ‘underwater combat suits’.”

“Yes.”

“Yes, sir.”

The Grand elders all nodded.

“If things don’t go well.”

“Think of a way to evacuate immediately,” Wuji Xia said.

“Yes.”

The Grand elders said in unison.

In the underwater city.

“Hurry, hurry, hurry.”

...

“the enemy has appeared.”

“Put on your ‘underwater combat suit’.”

“.....”

all the barbarians began to move, getting ready for battle.

Underwater battle suit.

This was the ‘equipment’ created by the ‘Holy Land of the tribe’. It could resist the pressure of the sea, allowing the Barbarian soldiers to use their full strength underwater.

In the sky above the border sea.

First of all ...

one by one, the super intel soldiers fell from the sky into the sea. the wings on their backs disappeared, and they were wearing black ‘underwater mechanical diving equipment’.

Then, he dove into the sea at his fastest speed.

Other than that.

There was also a turbine-like underwater propeller on the back of the Super information soldier.

This way ...

With the help of the ‘underwater propeller’.

They could dive to the bottom of the sea at a very fast speed.

A minute later.

The super intelligence troops soon discovered the ‘undersea city’ at the bottom of the ocean.

A huge array of light came into their sight.

target found!

“Send the message immediately!”

Shua! Shua!

The Super Intel soldier activated the Super communication device and immediately sent the message to the Super Intel soldier. He also locked onto the coordinates of the ‘undersea city’.

“All soldiers, hear my order!”

Hundreds of battlefield commanders were commanding the entire Army. Through the Super holographic soldiers, they gave an order to the entire Army, ” lock onto the target!

target location confirmed. Sea pressure confirmed. Wind direction confirmed. Attack target confirmed to be 90 degrees below sea level, 10000 meters below sea level.

super mechanical Artillery Corps is ready!

“All three tanks are ready!”

the laser destroyer Legion is ready!

the Super missile troop is ready!

Immediately.

With the order from the battlefield commander, the mech Army with long-range targeting and bombarding abilities moved.

“Fire the cannons and torpedoes!”

“launch the torpedo shell!”

“Fire the laser Annihilator!”

launch the torpedo!

BOOM! boom! BOOM!

In an instant.

The 50 million super artillery soldiers fired 50 million 'cannon torpedoes', the omnipotent tank soldiers fired 50 million 'torpedo shells', the laser annihilating soldiers fired 10 million 'laser annihilating shells', and the Super missile soldiers fired 200000 'torpedo missiles'.

The artillery torpedoes and torpedo shells were Grade 2 shells.

The laser annihilating shell was a type 3 shell.

The torpedo missile was a type 4 missile.

the number of torpedoes added up to 110.2 million!

There were so many cannonballs.

They were launched at the same time.

the rumbling sound reverberated through the sky above the entire border sea.

It shook the space.

Shua! shua! Shua!

Countless flares appeared in the sky.

after that.

the torpedoes fell into the border sea below, making waves as they traveled through the water at a rapid speed.

Not long after.

He appeared in the sky above the ‘underwater city’.

110.2 million.

All of them appeared.

They were densely packed.

It covered the entire ‘underwater city’.

“Then what’s a Kasaya?”

“!!!”

“Something is flying this way!”

“heavens!”

“There are too many of them.”

“!!!”

In the underwater city.

Tens of millions of barbarians raised their heads and saw the torpedoes and cannonballs outside the light screen of the formation. There were too many of them, and they had completely enveloped the city below.

“This Kasaya is a war weapon of the great Xia Dynasty!”

“Be careful!”

“How could this be? How did this weapon get to the bottom of the sea?”

the grand elders cried out in alarm.

“What are you still doing?”

Xia Wuji’s pupils contracted. He felt the threat of death and shouted, ” “Why aren’t you activating the ocean protection formation at full power? Do you all want to die?”

“Hurry up! Hurry up!”

“Activate the great formation! Activate the formation at full power!”

“Whoosh!!!”

The next moment.

The Grand elders.

There were also many barbarian commanders.

The great Ocean protection formation started to operate at full power.

It emitted a dazzling, colorful radiance.

A vast amount of heaven and earth spiritual Qi gathered.

It was dazzling.

BOOM! BOOM! boom!

After that.

110,200,000 torpedo shells bombarded the dazzling, colorful array of light.

Countless explosions were heard.

“Rumble!”

It was earth-shattering.

Hualala!

The next moment.

The shock wave of the explosion swept in all directions.

Kachaa! Crack! Crack!

The bottom of the ocean cracked open. Countless underwater mountains collapsed under the destructive shockwaves, and countless cracks appeared on the ground.

It was as if a magnitude 12 earthquake had occurred at the bottom of the sea.

Not only that.

it was such a terrifying explosion.

It caused the previously silent underwater volcano to erupt.

The lava spread.

on the surface of the sea.

“BOOM!”

The endless ocean water was rolling and surging up waves that were more than 10000 meters high. It was as if a terrifying beast had awakened from the depths of the sea.

At the center of the explosion.

The thick water pillar shot up into the sky.

It reached a height of 100000 meters.

the shockwave spread.

The waves rolled and surged.

It affected the entire border sea.

Deep in the sea.

At the center of the explosion.

Kachaa! Crack! Crack!

The light screen of the formation cracked.

BOOM!

After that.

It exploded.

The formation was broken.

Hualala!

The seawater was poured into the underwater city.

“Ah!”

The shrill screams of tens of millions of barbarians were drowned out by the sound of the explosion.

“No!”

xia wuji looked at this scene in horror.

BOOM! BOOM! BOOM!

The terrifying explosion swept towards Xia Wuji.

“Ah!”

Xia Wuji screamed.

His body was sent flying.

pfft!

He spat out a mouthful of blood.

one had to know.

Xia Wuji was a barbarian at the peak of the fifth stage.

Even he had been seriously injured by the terrifying explosion, let alone the other barbarians.

Tens of millions of barbarians were caught in the explosion.

Almost all of them were annihilated.

“It’s settled,”

Jiang Li looked at the holographic image on the right and was surprised. 110.2 million cannonballs exploded and took out the entire barbarian tribe in the northern region of the Saint-an state.

the number one elite mech Army’s combat power is even more terrifying than I expected.

one had to know.

other than the intel soldiers, the other meches didn’t even go into the water.

He directly fired the torpedoes from a distance.

He had wiped out the entire underwater city.

in reality.

Xia Wuji’s ocean protection formation was a Tier 5 formation.

Its defensive power was very strong.

but ...

No matter how strong his defense was.

There was a limit to that.

Facing the 110.2 million cannonballs, of which 200000 were type 4 torpedoes, the ocean protection formation had run out of energy.

And thus, it shattered.

Without the ocean's protection formation array ...

Those barbarian soldiers were instantly killed by the explosion.

Finally ...

when everything gradually calmed down.

underwater city.

It had already become a pile of ruins.

the power and aftermath of the explosion had destroyed all the buildings. the bodies of tens of millions of barbarians were washed away by the sea.

Blood dyed the sea red.

“No! no! No!”

Xia Wuji looked at the miserable scene in front of him. The ‘underwater city’ that he had painstakingly built was now completely destroyed by a wave of attacks from the great Xia Army.

his subordinates.

All of them had been blown to pieces.

* Cough cough *

In the surroundings.

Except for Wuji Xia.

Only the Tier 5 Grand elders had survived the explosion, but they were all severely injured, missing an arm or a leg, and fell to the ground.

It was a tragic sight.

At this moment.

Xia Wuji finally realized how terrifying the great Xia Dynasty was!

Chapter 470 Persuasion

In the sky above the sea.

The ‘number one elite mech Army’ had stopped firing.

Shua! Shua!

immediately after.

His figure flickered.

Hyzk01 used his Mechanical Soul energy to control 2 Type 6 and 10 type 5 puppet Warriors. He had them dive into the border sea, heading deeper into the sea.

Shua!

The initial-stage Tier 6 MY01 followed closely behind.

In the deepest part of the ocean.

The aftermath of the explosion of hundreds of millions of torpedoes had not completely dissipated.

The entire underwater city.

It had already become a pile of ruins.

In the surroundings.

The seabed cracked.

Magma was flowing from the bottom of the ocean.

The temperature of the sea rose sharply.

” quickly escape!!! ”

at this moment.

Xia Wuji recovered from his fear and shouted. Then, he immediately stood up and covered his body with barbarian’s power. He turned into a ray of light and fled into the distance.

“High priest!”

In the surroundings.

One of the Grand elders called out. They were all heavily injured.

BOOM!

MYL01 had already dived into the depths of the sea. With a wave of his right hand, the demonic spirit energy gathered and formed a huge black palm print.

It was like a five-finger Mountain.

It pressed down on Xia Wuji.

“Ah!”

Xia Wuji roared and wanted to escape, but he couldn’t.

BOOM!

Xia Wuji was sent flying and spat out blood.

Shua! Shua! Shua!

Immediately after.

On the other side.

Under hyzk01’s control, the 2 Type 6 and 10 type 5 puppet Warriors also arrived at the bottom of the sea, surrounding the heavily injured Grand elders.

“We’re finished!”

Xia Wuji and the others were in despair.

“Sixth step! Three Type 6!”

“There are still ten Tier 5 experts!”

“.....”

the grand elders ‘faces were filled with fear.

BOOM! BOOM!

the battle erupted.

Two Type 6 puppet Warriors and ten type 5 puppet Warriors quickly moved, surrounding the Grand Elder of the Barbarian tribe in the northern region of the Saint Peace Region.

“Ah!”

Pfft! Pfft!

Miserable screams rang out continuously.

The Grand elders fell one after another.

He was no match for them at all.

it could be said that ...

It was a completely one-sided battle.

In less than half a minute.

All the Grand elders had died.

Buzzzzzz!

...

Immediately.

Two purple light spots appeared like fireflies. They flew out of the body of the Barbarian Grand Elder and disappeared into thin air.

It was a long-distance capture.

Shua!

[acquired two tier 5 soul tinders!]

A notification appeared.

two level-five soul Tinders were dropped.

Jiang Li was overjoyed.

“Ah!”

Xia Wuji screamed.

BOOM!

...

Xia Wuji saw that he had no way to escape. In the face of desperation, he let out an unwilling roar and rushed towards MYL01 like a moth to a flame.

It activated all the power in his body.

He directly self-destructed.

“Obliteration storm!”

Buzzzzzz!

myl01 waved his right hand, and the demon spirit energy exploded, forming a ripple-like storm, blocking all the power of xia wuji’s self-explosion.

It didn’t hurt MYL01 at all.

Xia Wuji’s corpse was gone.

number one Elite Fusion mechanical Army, listen up.

Jiang Li ordered, ” after wiping out all the Barbarian tribes in the northern region of the Holy-Peace Region, bring all the resources back to the imperial capital of the great Xia.

“Yes.”

“Yes, sir!”

The battlefield commanders responded.

Shua! Shua!

After that.

A large number of super bio-soldiers, super carriers, and other meches all dove into the border sea below.

They began to search for the resources and materials in the underwater city.

Shua!

Soon after.

Jiang Li turned off the communication screen with ‘elite mecha Army No. 1’ and focused on the communication screen on the left.

At this moment.

Outside the capital city of the king of Shu.

The Army led by Fei Lian had arrived.

Shua! Shua!

The transport plane descended from the sky.

The mechanical Engineers and soldiers walked out of the cabin.

“Building the 18th base.”

Jiang Li used one hundred million energy points and built a base on a plain. An illusory building appeared.

buzzzzzz!

Energy point conversion.

It gradually solidified.

“That’s true.”

Chang looked up and saw the Feilian at the front of the army. He couldn’t help but smile and said, “It’s indeed the Feilian general.”

“It really is the Feilian general!”

“That’s great.”

“General Fei Lian has returned with his Army.”

“Hahahahaha!”

“This way, we’ll have a greater chance of repelling the ‘mutant beast Army’.”

The generals and soldiers of the Shu state were overjoyed.

However ...

They had no idea.

Fei Lian had already left the Shu state and joined the great Xia Dynasty. He had become a subject of the great Xia Dynasty, and even the Army he led had joined the great Xia Dynasty.

He was an enemy and not a friend.

“I’m back,”

Fei Lian looked at the capital of the Shu state in front of him, his eyes and expression extremely complicated.

“Stop!”

when they were about one li away from the 50 million shu troops outside the capital city of the shu state, fei lian shouted and the entire army stopped marching.

“haha!”

Chang laughed out loud, then he flew up into the air and landed in front of the Feilian. He looked at the Feilian and said with a smile, “General Feilian, you’re back.”

“General Feilian.”

“Lord Fei Lian.”

“Why did the late King fall?”

what happened in the Black Dragon barbarian kingdom? ”

didn’t the late King kill the Black Dragon King and defeat the Black Dragon barbarian kingdom? ”

“.....”

immediately after.

one by one, the civil and military officials of the state of shu came forward. they looked at feilian and asked one question after another, waiting for his answer and answers.

fei lian was silent.

Behind Fei Lian.

The commanders and soldiers also lowered their heads slightly.

The scene was slightly silent.

“.....”

chang frowned and raised his head. he saw the mech-wing air force and the large military transport aircraft in the air.

“These are Kasaya.”

Chang felt that something was wrong.

“Hu ~~ Hu ~ Hu ~”

Fei Lian took a deep breath and raised his head without hesitation. He looked at Chang with determination and shouted,”Liu Chang, King of Shu!”

“I am the Marshal of the vanguard of the great Xia Dynasty,’Fei Lian’.”

I’m here to take over the Shu nation under the order of Emperor Xia, Jiang Li.

“The new king of Shu, Liu Chang.”

Emperor Jiang Li, the Emperor of the Xia Dynasty, is the chosen one. The Army of the Xia Dynasty has already taken down the sky demon Kingdom and the Black Dragon barbarian kingdom. The king of Shu, Liu De, has also fallen.

the entire northern region of the Holy peace state is now under the control of the great Xia Dynasty.

Chang, I advise you not to throw an egg at a rock. Otherwise, when the Xia Army arrives, the capital of Shu will be covered in blood!

“Feilian!”

“you’re so silly!”

“Lord Fei Lian, how can you say such things?”

“why would i?”

“Lord Feilian betrayed the Shu country!”

“Si si si ...”

Instantly.

The officials of the Shu state couldn’t help but gasp.

“You’re saying that father is dead!”

chang’s eyes turned cold as he looked at the feilian. ” and it was the emperor of the xia dynasty, jiang li, who killed my father! ”

“Yes.”

Fei Lian nodded, he looked at Chang and said, "Chang Liu, my mission is to carry out the order of Emperor Xia to 'persuade' you to surrender."

"Surrender, you have no chance of winning."

"Don't even think about it!"

"Surrender?" Chang shouted coldly, "Jiang Li killed my father and now you want me to surrender?" What a fool's dream! Besides, Feilian, do you really think you can defeat me with just these people?"

"I have a total of 50 million soldiers under my command."

"Chang."

"Don't be so stubborn!" Fei Lian shouted.

"You're the one who's delusional."

Chang snorted and shouted, "Feilian has betrayed the Shu country! He is now a traitor to the Shu country! All soldiers, listen up! Kill him!"

"Kill this traitor! Avenge the late King!"

as soon as he finished speaking.

Chang made the first move.

"Roar!"

A Dragon's Roar resounded.

The White Dragon of the Shu country appeared and merged with Chang. Chang struck out his palm, forming a White Dragon-shaped palm print, and attacked the Feilian.

“Kill!”

“Attack!”

The next moment.

The generals of the Shu state led their soldiers and charged towards the FEI Lian Army.

The war was imminent.

BOOM! boom!

fei lian shouted and rushed toward chang.

The two sides fought.

However ...

With the protection and support of the National aura, Chang’s cultivation was not low. He had reached the late-stage of the fifth level, while Fei Lian was only at the mid-stage of the fifth level. They had only exchanged dozens of moves.

“Ah!”

pfff!

Fei Lian screamed and spat out a mouthful of blood. His chest was hit by Chang’s palm, and a few of his ribs were broken. He was sent flying for tens of thousands of meters and fell to the ground.

His face was pale.

“Feilian.”

Chang looked down at the Feilian with cold eyes and said arrogantly, “this is the fate of a traitor. today, i will kill you first, and then i will kill emperor xia to avenge my father. ”

* Cough cough *

Fei Lian coughed out blood, he clutched his chest and shouted at Chang, “chang, even if you kill me, you can’t change the final outcome. with the current strength of the shu state, it is impossible for them to fight against the xia dynasty. ”

His Majesty Emperor Xia was broad-minded, so he gave you a chance to live. He asked you to surrender and then hand over the Shu country, but you didn’t know how to cherish it.

“you will regret this.”

“Shut up!”

Chang’s eyes were filled with anger as he roared, “You want me to offer the Shu country to you with both hands? this is impossible. so what if the great xia dynasty is powerful?”

“Even if I die, I will die standing, I will never live kneeling.”

“Die!”

“Roar!”

“white dragon seal!” chang shouted as he formed a dragon-shaped seal with both hands.

boom!

The Dragon Seal fell.

It charged towards the Feilian.

“!!!”

Fei Lian’s pupils contracted.

He could feel the danger of death.

“Teleport!”

At this moment.

the base of the 18th division had been completed.

Furthermore ...

The teleportation station was also completed.

“Whoosh!!!”

let’s go. Jiang Li immediately sent the three complete-stage soul realm controllers to the base of the No. 018 Army through the wormhole tunnel in the ‘teleportation room’.

Shua! Shua! Shua!

Three peak-stage type 6 soul realm controllers flew out of the teleportation room. They were like three black streams of light, shooting straight into the sky.

“Soul realm!”

“Overlapping!”

BOOM!

Immediately.

The three soul realm controllers spread out their soul realms. Three layers of black light screens spread out rapidly with the soul realm controllers as the center. In an instant, they covered a radius of a million meters.

It covered the entire battlefield.

“Suppress!”

Buzzzzzz!

the three soul realm controllers activated the power of their soul realms. their mechanical soul energy surged, and a mist of light spread out, forming a suppression of the soul realm on the soldiers and commanders of the shu nation.

What is this?!

“My power is being suppressed.”

“Not good!”

“Be careful!”

The soldiers of the Shu country were shocked.
