

Army 471

Chapter 471 Perfect

“Exterminate!”

“BOOM!”

Hyzk02’s right hand clenched toward Chang, and a vast amount of Mechanical Soul energy gushed out and turned into a giant palm, crushing Chang’s Dragon Seal.

it exploded.

bang!

The shock waves rippled.

Chang was knocked back.

Pfft!

Blood trickled down the corner of Chang’s mouth.

“You’re so silly!”

Chang’s pupils contracted as he felt the terrifying pressure.

shocked

“Hahahahaha!”

Fei Lian laughed out loud as he recovered from the shock. He felt lucky that he had survived the disaster. He flew up to the sky and looked at Chang arrogantly, "Chang, these three are the officials of Emperor Xia."

"Each of them is a human puppeteer of the sixth step."

"He's extremely powerful, and he even controls an Army of puppets."

"A sixth-rank human puppeteer!"

Chang was shocked. He looked at the three soul realm controllers and shouted, "Impossible! How can there be three puppeteers of the sixth step?!"

"Nothing is impossible."

Fei Lian sneered, "I've already said that His Majesty, Emperor Xia, was merciful. He gave you a chance to live and let you surrender. However, you didn't know how to cherish it."

"Alright!"

"Since you want to die standing and not live on your knees ..."

"Then I'll fulfill your dream."

"Please lend me a hand, my Lords."

The Fei Lian bowed to the 3 soul realm controllers.

"No need."

Hykz02 said.

“His Majesty has ordered us to resolve this matter as soon as possible.”

Hyzk03 said.

“We’ll personally take action.”

Hyzk04 continued.

Buzzzzzz! Buzzzzzz!

As soon as he finished speaking.

The three soul realm controllers joined forces.

In that instant.

An endless amount of Mechanical Soul energy gushed out, spread out, and gathered together. Under the control of the three soul realm controllers, it turned into a huge black light beam.

It pierced through Chang’s body.

“Your Majesty!”

“Be careful!”

“.....”

The ministers of Shu state shouted in shock.

“No!”

Chang's eyes were filled with fear.

BOOM!

His true essence exploded.

The power of the nation's fate was fully released.

“White Dragon slash!”

Chang growled.

He took out a fifth-rank dragon head saber and gathered all his strength to strike with his strongest strike. The saber Light turned into a Dragon.

It was like a lifelike White Dragon.

It was very powerful.

however ...

chang was only at the late-stage of the fifth level, and he didn't have a saint weapon yet. facing three peak-stage sixth level soul realm soul realm controllers, he was like a mantis trying to stop a chariot.

...

they were on completely different levels.

Bang!

An explosion sounded.

The light was dazzling.

Chang used all his strength, and the Dragon-shaped blade light was shattered by the soul energy shockwave, turning into white light spots.

“Pfft!”

The black beam of energy penetrated Chang’s body and drowned him.

“Ah!”

Chang let out a shrill scream.

Finally.

the soul energy calmed down.

...

The black beam of light had also disappeared.

in the sky.

Chang’s eyes were lifeless, and he was bleeding from his seven apertures.

Kachaa!

Immediately after.

Chang’s long saber was broken in half.

His body fell from the sky.

Bang!

It smashed a hole in the ground.

Liu Chang was dead!

It was settled in one move.

“He died just like that.”

fei lian was shocked. he looked at chang’s dead body on the ground, and his heart was filled with awe. ” that’s terrifying. he killed chang in one move. ”

“Your Majesty!”

On the battlefield.

the ministers of shu state cried out in grief.

“Let’s go all out with them!”

avenge His Majesty!!

kill!!!

Immediately.

Some of Chang’s die-hard fans roared in anger, their eyes were bloodshot and they were ready to risk their lives.

“Die!”

BOOM! boom! BOOM!

The three soul realm controllers attacked one after another.

Within the soul realm.

Soul realm controllers could control everything.

The soul energy of the machine spread.

One by one, Chang's loyal followers were killed.

They turned into corpses and fell to the ground.

“This Suan ni, this Suan ni”

Fear!

The emotion known as fear spread in the hearts of the Shu soldiers.

“Liu Chang is dead.”

At this moment.

Fei Lian looked down at the battlefield from above, circulated his cultivation technique, and roared out, ” “The Shu country only exists in name, why don't you all quickly surrender!”

“We won't kill those who surrender!”

“I surrender! I surrender!”

“I’m done!”

“I also surrender!”

“General Feilian, we all surrender!”

“.....”

Immediately.

Along with Chang’s death, his loyal ministers were all killed, leaving behind only the civil and military officials and the soldiers of the Shu state.

they all knelt on the ground and threw away their weapons.

They had surrendered.

“Alright!”

a smile appeared on fei lian’s face.

“Whoosh!!!”

The three soul realm controllers deactivated their soul realms.

this is the terrifying part of high-end combat power.

” we didn’t contribute much in this battle. the three puppet masters killed liu chang and suppressed the entire army. the shu army surrendered. ”

“Yup!”

“This is the power of the great Xia Dynasty.”

“Unfathomable!”

“.....”

The subordinates of the Feilian commander sighed and their tone was full of respect.

“very good,” he said.

okay. Jiang Li nodded in satisfaction.

“Roar!”

In the sky above the capital of the Shu country.

the white dragon of the shu country appeared.

It let out a sorrowful dragon roar.

Kachaa! Kachaa!

The four-thousand-five-hundred meter long dragon body began to crack.

“.....”

Below.

The officials and soldiers of the Shu state, as well as the citizens of the Shu state in the capital, couldn't help but raise their heads and look at the White Dragon of the Shu state that was gradually disintegrating.

Chang had fallen.

the officials and soldiers of the shu country surrendered.

This also meant that ...

It represented the destruction of the Shu country.

The fate of the country collapsed.

“Whoosh!!!”

the invisible fate of the country crossed the space and surged towards the great xia dynasty.

“The Azure Dragon art of the great Xia Dynasty,”

BOOM!

Jiang Li’s body trembled. He circulated his cultivation technique and vast true essence flowed through his body. A strong National aura rushed out and the nine-thousand-meter-long Azure Dragon of the great Xia appeared.

“Roar!”

the dragon’s roar shook the sky.

it was devouring and absorbing the fortune of the shu country.

However ...

The great Xia Azure Dragon had already reached its limit of 9000 meters. Although its body could no longer grow, the fate of the nation that it was devouring continued to grow.

The Azure Dragon of the great Xia Dynasty became more and more solid.

Not only that.

Azure Dragon. Jiang Li had a feeling that the Azure Dragon was about to break through to another level.

The fourth claw was born.

he had become a 'four-clawed true dragon'.

Time passed.

Half a day later.

The Azure Dragon of the Xia Empire had already absorbed all of the fate of the Shu nation. However, he was still unable to break through the last step and form his 'fourth claw'.

It was still a little lacking.

it was difficult to break through.

Shua!

jiang li had an idea.

His consciousness communicated with the 'young dragon ranking-holy peace state'.

At this moment.

The great Xia Dynasty's ranking had risen again.

He had risen from the tenth place to the ninth!

He had only risen by one rank.

buzzzzzz!

Immediately.

A purple-gold light ball fell off the 'young dragon ranking-Saint peace state' and entered Jiang Li's mind.

'Congratulations to the great Xia Dynasty for improving its National fortune. Its ranking has risen to 9th. Great Xia Azure Dragon technique!'

In Jiang Li's mind.

A message appeared.

Immediately after.

it was the cultivation technique of the 'great xia azure dragon technique'.

It had been upgraded from level six low-grade to level six mid-grade.

Shua!

Jiang Li's consciousness came back and he opened his eyes.

BOOM!

Immediately after.

The Azure Dragon turned into a ray of Azure light and returned to Jiang Li's dantian. The nation fate started to shake and circulated all over his body. The feedback of the nation fate began.

However ...

The blessing of the nation this time wasn't enough for Jiang Li to break through to level six.

"The Azure Dragon art of the great Xia Dynasty,"

Wuwuwuwuwu!

Azure Dragon technique. Jiang Li ran his cultivation technique and familiarized himself with the Azure Dragon technique that had been upgraded to level six mid-grade. His true essence became more solid and the Dragon marks on his true core became clearer.

"green dragon killing seal!"

Shua! Shua!

"azure dragon killing seal." Jiang Li started to comprehend the fifth-rank supreme-grade martial art, the 'azure dragon killing seal'. With the help of the national aura, Jiang Li's comprehension ability increased greatly. He seemed to have entered a state of enlightenment.

buzzzzzz! Wuwuwuwuwu!

It could be seen.

Jiang Li formed a seal with his hands. A Green Dragon Shadow appeared and formed 'killing seals'. The killing seals 'then formed a' killing formation'.

BOOM!

Half an hour later.

Jiang Li's martial arts technique had a breakthrough.

The Green Dragon killing seal had broken through from the 'beginner' realm to the 'small success' realm. It could condense 45 'killing seals' at once, forming a chain of five 'killing arrays'.

"Continue."

Jiang Li continued to comprehend and cultivate.

Another half an hour passed.

BOOM!

Jiang Li's aura shook.

shua! shua!

The killing seals swirled around like butterflies and gathered together to form a killing array. The killing intent of the withering of all things was released.

The Azure Dragon extermination seal was complete!

He could form 63 killing seals and seven killing arrays.

"It's not over yet."

Buzzzzzz!

Jiang Li continued to study the 'Green Dragon killing seal'.

“Roar!”

Finally ...

A Dragon's Roar was heard.

BOOM!

Jiang Li snorted.

After that.

A total of eighty-one killing seals condensed and turned into nine killing arrays. The nine killing arrays came together and linked together, forming an Azure Dragon that exuded a killing intent as if all living things were withering.

green dragon killing seal!

Perfection!

“Hu ~~ Hu ~ Hu ~”

“it's powerful.” jiang li let out a breath of air. he was happy to feel the power of the completed 'green dragon killing seal'. “i'm afraid it can threaten the early stage of level six.”

Finally.

Jiang Li stabilized his cultivation, dispersed the killing formation, and the commotion died down.

At the same time.

This time, the power of the country's fate feedback had been exhausted.

On the other side.

The 'number one elite mech Army' had already moved all the resources and supplies from the underwater city to the 'super transport soldiers'.

They started their return journey.

As a result ...

In the entire northern region of the Holy peace Region.

As the Barbarian tribe in the border sea was destroyed and the Shu nation surrendered, Jiang Li had destroyed all the resistance forces.

Next.

He only needed to develop in peace and gradually control the entire northern region of the Holy peace Region.

The night came.

The '1st Elite Fusion mechanical Army' brought all the resources of the Barbarian tribe and returned to the 1st Division base through the teleportation station of the base.

the next day.

Early in the morning.

the xia king palace.

Inside the Azure Dragon Palace.

jiang li sat on the throne.

In the hall below.

Hong Tianqi, Bai zhanbo, han Liqi, Xu Ya, Wu Zong, pang kui, Wei Lin, Dong Xiao, Ling Tian, Jin Wushuang, and the other officials of the great Xia Dynasty were all gathered.

There were quite a few of them.

in reality.

Jiang Li didn't even recognize some of them.

“Your subjects pay their respects to Your Majesty!”

The ministers knelt down and saluted.

“yes.”

yes. Jiang Li nodded and raised his hand. rise!

“Thank you, Your Majesty!”

the ministers stood up.

Chapter 472 Holy flame

“Your Majesty.”

At this moment.

The officials immediately reported to Jiang Li. Hong Tianqi said, ” I have led the great Xia Army for three days and three nights. We have already captured thirty million demons in the ‘former sky demon Kingdom’.

“yes.”

” okay. ” jiang li nodded.

“Your Majesty.”

“I’ve captured a total of 30 million barbarian people in the ‘former Black Dragon barbarian kingdom’,” Wei Lin immediately said.

“your majesty!”

“your subject is qianqian.”

immediately.

one after another.

Dong Xiao, Ling Tian, Jin Wushuang, and the other officials also reported to Jiang Li what they had achieved.

It could be said that ...

The great Xia Dynasty's footprints had already spread throughout the entire northern region of the Holy peace state.

other than that.

Han Liqi and the others also reported on the results of the medicine Pavilion policy.

a large number of medicinal herbs had already matured.

In other words ...

In the past few days.

More than 80% of the demons and barbarians in the northern region of the Holy peace state had been captured and copied with the 'ordinary contract talismans' of the great Xia Dynasty, becoming the Barbarian and demon slaves of the great Xia Dynasty.

There were many barbarian and demon slaves.

It had already reached more than one billion!

One had to know.

The entire great Xia Dynasty.

The Marquis of Wei, Marquis of Donglin, Marquis of Yongling, Marquis of Jin, and the other Marquis counties added up to about 200 million people in the great Xia Dynasty.

However ...

However, the number of monster and barbarian slaves exceeded one billion.

The number of slaves was more than five times that of the people of great Xia.

It could be said to be extremely uncoordinated.

Time passed.

After Hong Tianqi, Xu Ya, and the others reported to Jiang Li about the recent situation, he gradually had a basic understanding of the great Xia Dynasty.

It could be said that ...

If the great Xia Dynasty wanted to control the entire northern region of the Holy peace state, it would probably take more than a year.

Soon after.

Jiang Li took out bottles of level-one gene strengthening liquid and gave them to Xu Ya, Hong Tianqi, and the others. He asked them to continue to develop and strengthen the rule of the Xia Dynasty.

First of all ...

He needed to make full use of the one billion monster and barbarian slaves. On top of the existing buildings, he needed to build 'medicine cities' in the territory of the Black Dragon barbarian kingdom and the sky demon Kingdom.

Let all the demon and barbarian slaves ...

Planting and opening up herb fields.

He believed in her.

If the entire northern region of Saint peace state were to be planted with medicinal and spirit herbs ...

the monthly production would reach a terrifying level.

Jiang Li would have an endless source of energy points.

“withdraw the court.”

let’s go. Jiang Li gave an order to Hong Tianqi. After Xu Ya and the others carried out the order, they left the Azure Dragon Palace. Hong Tianqi and the others also left one after another.

They carried out Jiang Li’s order and started to move.

Great Xia’s Treasury.

here. Jiang Li arrived.

“Chief sovereign.”

Hyzk01, MYL01, DTS01, ynjsw01, and the commanders stood together and waited at the entrance of great Xia’s Treasury.

At the same time, he saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded and waved. open it.

...

“Yes.”

Ynjsw01 opened the door to the great Xia's Treasury. master, all the resources that we have plundered from the Barbarian tribes in the northern region of the Saint peace state are all here.

“Please take a look.”

“Alright,” he said.

okay. Jiang Li nodded and walked in.

In the Treasury.

What he saw was naturally a large number of medicinal herbs and spiritual herbs, as well as neatly arranged spiritual crystals. There were so many of them that it was difficult to estimate the exact number.

“Convert!”

Buzzzzzz!

Jiang Li touched the herbs and started the energy point conversion function.

“Whoosh!”

...

Immediately.

White light flashed.

conversion successful. Received 10 billion energy points!

.....

conversion successful. Obtained 9.8 billion energy points!

.....

A series of notifications flashed before him.

Half an hour later.

Jiang Li had converted all the resources and gained 1980 billion energy points in total. It was a lot of income.

Of course.

it still couldn't compare to the black dragon barbarian kingdom and the sky fey kingdom's gains.

But there were still quite a few.

my Lord, this is a special item we obtained. Please take a look.

Hyzk01 walked over and took out a black wooden box. He handed it to Jiang Li respectfully. I found this in the secret room.

“oh.”

Jiang Li took it.

Kachaa!

The black wooden box was opened.

Buzzzzzz!

immediately.

what's going on? ” Jiang Li felt a burning temperature. A Black Flame that looked like a lotus appeared in the wooden box and was dancing slowly.

He took a closer look.

This flame was more like a fire seed.

“Black flames.”

Jiang Li observed and sensed carefully. He frowned and murmured, ” “Why do I feel the aura of ‘National fate’ from these flames?”

“and the quality of this national fate has also increased to an extremely terrifying level.”

“Roar!”

Suddenly.

In his dantian.

The Azure Dragon let out a Dragon's Roar. The fate of the nation in his body trembled, expressing his desire for the black flames and a trace of fear.

It was like a low-level being meeting a high-level being.

“The Azure Dragon art of the great Xia Dynasty,”

Buzzzzzz!

Azure Dragon. Jiang Li used his technique to control the Azure Dragon. A thick Azure light gushed out of his body and he turned into a real Azure Dragon.

“Swallow.”

Roar!

” let’s go. ” jiang li commanded the azure dragon to open its bloody mouth and suck the black fire into the wooden box.

“whoosh!!!”

immediately.

what’s going on? ” Jiang Li felt a burning temperature. Black flames appeared in the Azure Dragon’s body, but it couldn’t melt the black flames.

hence.

okay. Jiang Li sat down cross-legged and used his cultivation technique.

Time passed.

Half an hour later.

jiang li stopped channeling and opened his eyes.

“i see.”

Although Jiang Li couldn’t completely refine the ‘Black Flame’, he had a basic grasp of it. During the process, he gained some information about the ‘Black Flame’.

Sacred fire seed!

That's right.

National fate sacred fire seed.

This was something that could only be born in a 'Holy Land'.

It represented a kind of extreme.

holy land.

This was a force that surpassed the Imperial dynasty.

One had to know.

Above the Royal Court was the Royal Court, and above the Royal Court was the Imperial court.

The Holy Land was even above the Imperial court.

It could be seen from this.

The 'sacred fire seed' that was born in the sacred land had reached an extremely high level. It was far beyond Jiang Li's reach.

Of course.

Although the 'sacred fire seed' was a high-end item, it was only a 'seed' at best.

However, it wasn't that precious.

Originally.

xia wuji's mission.

He wanted to wipe out all the dynasties in the northern region of the Holy peace state and let the 'sacred fire seed' devour enough of the dynasty's fate so that it could take root and sprout in the northern region.

They were rooted in the northern region of the Holy peace Region.

As long as he succeeded.

The northern region of the Holy-peace state would become part of the 'Holy Land of the Barbarian tribes'. At that time, the power of the Holy Land would descend on the northern region of the Holy-peace state.

Unfortunately ...

Xia Wuji's mission failed.

The total tribe in the northern region of the Holy peace state was annihilated.

In the end.

Even the 'sacred fire seed' fell into Jiang Li's hands.

For Jiang Li.

The 'sacred fire seed' was still too high-end, and he couldn't completely refine and control it at the moment. Not to mention that this 'sacred fire seed' came from the Holy Land of the Barbarian tribe.

no one knew if the 'sacred fire seed' had been tampered with.

“whoosh!!!”

“Azure flames!”

shut up! Jiang Li scolded.

Immediately.

Jiang Li opened his right hand.

Then, the fate of the nation gathered. With the vital essence as the guide and the fate of the nation as the fuel, a blue flame started burning in the palm of Jiang Li’s right hand.

The green flames flickered.

the surrounding temperature rose sharply.

This was an ability that Jiang Li had gained after he mastered the ‘sacred fire seed’. He could burn the’ fire of National fate’.

It could also be considered as mastering another ability and means.

Even though ...

This ‘fire of National fortune’ was not a powerful ability.

but ...

If Jiang Li could completely control the ‘fire seed of the sacred land’ and turn the fire seed of the sacred land of the Barbarian tribe into the fire seed of the Xia Dynasty, he would be able to control the fire seed of the Xia Dynasty.

And then it would take root and sprout.

Jiang Li would get the power of the ‘sacred land’ in advance.

“However,”

it’s true. Jiang Li muttered to himself. He was carefully sensing the black fire seed in the Azure Dragon’s body. danger and opportunity coexist, just as I thought.

no one knows what kind of tricks are hidden in this sacred land fire seed.

“But it’s too much of a pity for me to just give up like this.”

“Whoosh!!!”

Finally.

let’s go. Jiang Li activated his technique and the fate of the country circulated around his body. The black fire was forced out of the Azure Dragon’s body and appeared in front of Jiang Li.

“There’s no need to take the risk.”

Obviously.

sacred land fire seed. Jiang Li gave up the ‘sacred land fire seed’ decisively and forced it out of his body. He didn’t try to refine and merge with it anymore.

Kachaa!

The black wooden box was closed.

He sealed up the sacred fire seed.

On the other side.

In an unknown place in the Super Fantasy world.

The space where the Holy Land of the Barbarian tribe was located.

“Another ‘sacred land fire seed’ has taken root.”

“Eh?”

“Failed?”

“He actually gave up. He actually resisted the temptation of the ‘fire of the sacred land’ and voluntarily gave up on refining and fusing with it.”

“Interesting.”

“I didn’t expect that.”

that place ... Hmm ... It’s the northern region of the Holy peace state, where the demonic god was sealed.

“I did send a few barbarians at the peak of the sixth rank not long ago.”

“Interesting,”

The sounds of discussion rang out.

His tone was flat.

Although he was curious, he didn’t take it to heart.

It was true.

after all, the difference between a dynasty and a holy land was too great.

The difference between the two was like the difference between the people and the Emperor.

He only paid a little attention to it.

At this moment.

In the capital of Shu-Hu.

The Feilian temporarily took over the control of the Shu country.

However ...

Fei Lian did not expect this.

The situation in the desert of death was worse than he had expected.

originally.

the 50 million troops of the shu state that chang had spent a lot of effort to gather were prepared to fight against the mutant beasts in the death desert. however, before they could set off, they encountered the fei lian army.

Not only that.

Liu Chang and many generals of the Shu state died in the hands of the Soul Society's commander.

report!!!

Outside the king of Shu.

Some soldiers rushed into the hall and knelt on the ground. They said in a panic, ” the garrison at the border of the desert of death has fallen.

“The Army of mutant beasts has already entered the territory of Shu country.”

three counties have fallen!!!

“What?”

“How could it be so fast?”

“How long has it been? The garrison troops have fallen?”

“si si si ...”

“it’s not good!”

“Gulp!”

Within the palace.

Everyone’s faces were filled with panic as they felt the seriousness of the situation.

Chapter 473 number two

immediately.

All the ministers in the king Shu Palace looked at the Feilian.

They all regarded the Feilian as their backbone.

“Everyone, there’s no need for you to be so alarmed.”

Fei Lian stood up and said in a calm tone, I will report this matter to His Majesty Emperor Xia. I believe that His Majesty Emperor Xia will not just watch the Army of mutant beasts ravage the Shu country.

as long as the great Xia Army is here, they can easily destroy the mutant beasts.

“This bi an ...”

“Good, good, good,”

“i hope so.”

however, Lord Fei Lian, the great Xia Dynasty is more than half the northern region of the Sheng an province away from the Shu state. When will the great Xia Army arrive? ”

“I’m afraid that before the great Xia Army arrives, the Army of mutant beasts will have already wreaked havoc in the Shu country.”

“Furthermore, Sir Fei Lian, can the great Xia Army really destroy the mutant beasts?”

“.....”

The ministers discussed spiritedly.

“Don’t worry,”

“when the time comes, you’ll see for yourself the strength of the great xia army. you’ll also understand why liu de lost in the first place,” fei lian said proudly.

” and why did i surrender without any hesitation? ”

because it’s an absolutely invincible power!

“This bi an ...”

“My Lord, aren’t you exaggerating?”

“No matter how strong the great Xia Dynasty is, it’s still just a dynasty.”

“Yup!”

The ministers didn’t really believe it.

After all ...

they had never seen it with their own eyes.

“The great Xia Army will only be more terrifying and powerful than you can imagine.”

Fei Lian snorted.

“Oh, that’s right.”

“I asked you to gather all the herbs, spiritual herbs, spiritual crystals, and other resources. Have you done that?” Fei Lian continued.

“Sir Feilian, we can’t gather all the medicinal herbs and other materials in the Shu state in one day, but we have arranged all the materials in the capital of the Shu state.”

“Don’t worry, my Lord.”

“In three days at most, we can gather all the materials of Shu state.”

The officials quickly replied.

“Yes.”

Fei Lian nodded in satisfaction. that’s good.

Soon after.

Fei Lian left the capital of Shu country and came to the base of the No. 018 division. He then passed on the news to Jiang Li through the air Scouts.

The imperial capital of the Grand Xia.

in the base of the 01 division.

The room in the ruler’s hub.

shua!

the dominator panel opened.

Jiang Li was checking the number of soul Tinders.

during this period of time.

Xing Wuji used the bloodthirsty evil spirit formation and gathered the beast Army in the northern region of the Holy peace state. He led the mech Army and started a massacre.

He had harvested a large number of soul Tinders.

At this rate ...

Within seven days.

More than 90% of the ferocious beasts in the northern region of the Holy peace Region would be eliminated.

Other than that.

Jiang Li annihilated the Barbarian tribe in the northern region of the Saint peace state and killed a large number of barbarians. He also got another batch of soul Tinders.

[soul Tinder: 18.5 million level-one soul Tinder, 1.79 million level-two soul Tinder, 31005 level-three soul Tinder, 1032 level-four soul Tinder, 1 level-five Demon Soul Tinder fragment, 10 level-five soul Tinder, 1 level-six soul Tinder]

“Fuse.”

...

Buzzzzzz!

fuse. Jiang Li activated the soul Tinder fusion function and the fusion interface appeared. He fused 18.5 million level-one soul Tinders with one click.

[prompt: a total of 1.85 million fusions. 616700 successes and 1233330 failures. You have obtained 616700 stage-two soul Tinders!]

“Continue.”

fuse 2.45700 level-two soul Tinders with one click, ” Jiang Li said. fuse 2.455700 level-two soul Tinders with one click.

Buzzzzzz!

The fusion interface appeared.

The light flickered.

[prompt: a total of 240570 fusions, 4095 successes, 200475 failures, 4095 stage-three soul Tinders obtained, 1000 stage-two soul Tinders left.]

Obviously.

Jiang Li left 1000 level-two soul Tinders on purpose.

...

fused with 71100 level-three soul Tinders.

Jiang Li said.

Buzzzzzz!

The fusion interface flickered.

The fusion was complete.

The light disappeared.

[prompt: a total of 7110 fusions. 790 successes and 6320 failures. You have obtained 790 level-four soul Tinders.]

“Alright,” he said.

yes. Jiang Li nodded. I’ve got 1822 level-four soul Tinders. I’ll merge them all.

“Whoosh!!!”

The fusion interface.

A purple radiance flickered.

The fusion began.

Finally.

all 1,820 fourth-tier soul tinders had been fused.

[prompt: a total of 182 fusions, 20 successes and 162 failures. you have obtained 20 level-five soul tinders and two level-four soul tinders.]

Shua!

” soul tinder: 1000 level-two soul tinders, two level-four soul tinders, one level-five demon soul tinder fragment, 30 level-five soul tinders, and one level-six soul tinder.

“Not bad.”

Jiang Li smiled. now, I have thirty level-five soul Tinders and one level-six soul Tinder.

“chief sovereign.”

At this moment.

QX01 reported to Jiang Li, ” Feilian sent news that there was a riot in the desert of death. The border of the desert of the Shu country was lost and the Army of mutant beasts invaded the territory of the Shu country.

“request for reinforcements from the chief sovereign.”

“Alright,” he said.

yes. Jiang Li nodded and said, ” in that case, send out the order immediately. Send out ‘Elite Fusion mechanical Army No. 1’ and ‘puppet army’.

4 soul realm controllers, MYL01, DTS01, ynjsw01, move out!

“More than 50 million ordinary meches will form the ‘great Xia mechanical Army’ and stay in the capital.”

“Yes!”

QX01 nodded.

“Wait a moment.”

Jiang Li shouted again.

“Chief sovereign, do you have any other orders?”

QX01 asked.

“Yes.”

I don't think it's enough. Jiang Li said, "I'm worried that 'elite mech Army No. 1' and 'puppet army' aren't enough. After all, the 'Demon God disaster' once destroyed the 'dynasty of the North'.

"We have to be careful."

moreover, the power of the demonic gods is unpredictable. They might also have the ability to restrain the 'human puppeteers'. If that's the case, the puppet army will lose its effect.

"I'm going to send more troops."

"hidden dragon,"

stop! Jiang Li shouted.

"Chief sovereign."

Buzzzzzz!

The purple face appeared. please give me your orders.

operate the mech factory at full power. With the 'number one elite mech Army' as the template, create a 'number two elite mech Army'.

go! Jiang Li ordered.

"yes, sir."

yes. Hidden Dragon replied. are you sure you want to build 100 million super Intel soldiers, 100 million super bio-soldiers, 50 million hydroen meches, 50 million super carriers, 50 million super artillery mechs, and 50 million Tri-tanks? "

10 million divine weapons of the Dominator Dragon, 10 million Tri-perch armored soldiers, 10 million laser destructive soldiers, and 10 million invisible energy soldiers.

200000 super Ares-class soldiers, 200000 super energy soldiers, 200000 infinite super soldiers, 200000 super missile soldiers, and 200000 Storm Giant soldiers.

“yes.”

Jiang Li confirmed.

a total of 720 million tons of steel materials and 2840.4 billion energy points are needed.

Hidden Dragon said.

“Create it immediately.”

Jiang Li said.

“Whoosh!!!”

Immediately.

2840.4 billion energy points were deducted first.

Shua! shua!

The mech factory was projected.

One by one, the mechanical soldiers were teleported into the great Xia Treasury and transported large amounts of steel materials into the black furnace.

Buzzzzzz! buzzzzzz!

A black beam of light was projected from the black furnace.

it was visible to the naked eye.

Meches were being produced in batches.

create 100 super Intel soldiers and 100 battlefield commanders.

buzzzzzz!

While making meches in the mech factory, Jiang Li used 1002000 energy points to make meches on the Dominator panel.

the manufacturing interface appeared.

An illusory figure appeared.

It slowly rotated.

Countless light spots filled the space.

a minute later.

[creation complete!]

Shua! Shua!

Two hundred meches appeared.

“My Lord!”

They saluted at the same time.

“Yes.”

yes. Jiang Li nodded. promoted.

Buzzzzzz!

The two hundred meches ‘bodies glowed with white light.

A few seconds later.

All of them had been promoted.

He used 28000 energy points to upgrade 100 super Intel soldiers to perfected-stage rank-1, and 140 million energy points to upgrade 100 battlefield commanders to perfected-stage rank-3.

“Upgrade to super Intel soldier.”

Immediately.

Jiang Li used another 200 level-two soul Tinders and 20000 energy points to upgrade the 100 super Intel soldiers to level-two super Intel soldiers.

“I’ve leveled up again.”

Buzzzzzz!

After that.

Jiang Li used another 2.8 million energy points to upgrade the hundred super holographic soldiers to the perfected stage of level two.

As a result ...

The basic equipment for the ‘number two elite mech Army’ was completed.

However ...

jiang li’s attack wasn’t over yet.

“Create 100 mechanical soldiers!”

Jiang Li used 100 billion energy points.

buzzzzzz!

The manufacturing interface appeared.

A huge illusionary figure appeared.

it was a steel fortress that was like a cylinder.

It slowly rotated.

Countless light spots filled in.

a minute later.

[creation complete!]

A notification appeared.

Shua! Shua!

A total of 100 mechanical soldiers appeared on the empty ground of the Army base. Due to their size, the Army base could no longer hold them.

“upgrade.”

Buzzzzzz!

Jiang Li used another 1.4 trillion energy points to upgrade all the 100 mechanical soldiers to perfected-stage level five. Then, he gave them to the ‘number two Elite Fusion mechanical Army’.

“Create a divine weapon of a Dragon sovereign.”

Jiang Li used two hundred thousand energy points.

buzzzzzz!

the manufacturing interface appeared.

In the interface.

An illusory figure appeared.

It was like a dragon.

A minute later.

[creation complete!]

“Roar!”

Immediately.

The Dominator Dragon divine weapon appeared and let out a Dragon's Roar. A black steel Dragon Soldier appeared in the sky above the base of the 01 Army.

it wasn't small.

It was a hundred meters long.

His entire body.

It was as if it was forged from pitch-black steel.

It was the divine weapon of the ruler's Dragon.

It had all the advantages and abilities of the liquid metal meches, the mechanical dragon cavalry, and the mechanical ocean Dragon Soldiers. It could fly in the sky and dive into the ground, and its combat power was very strong.

“Upgrade.”

buzzzzzz!

Jiang Li spent 2.8 million energy points to upgrade the Dominator Dragon divine weapon to the perfected stage of level three.

Shua! Shua!

A white light flashed.

The Dominator Dragon divine weapon had grown from one hundred meters to three hundred meters.

His body was even bigger.

The power was even stronger.

“Come.”

let's go. Jiang Li walked out of the room and waved his right hand. The divine weapon in the air roared and then its body twisted and melted like liquid.

It quickly flew towards Jiang Li.

after that.

The divine weapon of the Dominator Dragon turned into a long black spear.

Jiang Li reached out his hand.

He held the black spear in his hand.

Chapter 474

Shua! Shua!

divine weapon. Jiang Li's right hand held the black spear with a dragon head that was transformed from the 'divine weapon of the Dominator'. He shook the spear and created a few sparks with black spear light.

BOOM!

After that.

With a thought.

The Black Dragon-headed spear's head changed shape again. It melted like liquid and turned into a pitch-black muzzle. The spear shook and Dragon Breath gushed out from the muzzle.

Shua!

Immediately.

Jiang Li Read all the information about the 'Dominator Dragon divine weapon'.

In reality.

The power of the divine weapon wasn't in its three skills, but in its ability to be controlled by Jiang Li.

For example, in the ‘dominating heart’ of the Army base, the ‘ordinary’ and ‘elite’ dominating armored soldiers ‘could become’ battle armor ‘and’ armor ‘and be controlled by Jiang Li.

It would become Jiang Li’s weapon.

It would greatly enhance Jiang Li’s combat power.

One had to know.

As long as he kept upgrading the ‘divine weapon of the dominant Dragon’, it would eventually become a weapon that Jiang Li could control that could destroy the world.

“Upgrade to ‘divine weapon of the Dragon Overlord’.”

Buzzzzzz!

Immediately.

Jiang Li used two level-four soul Tinders and two million energy points.

Shua! shua!

It could be seen.

Several lights flashed on the Black Dragon-head spear in Jiang Li’s hand. Two level-four soul Tinders and two million energy points were merged into it.

A few seconds later.

the overlord dragon divine weapon had completed its upgrade.

It was raised to the initial-stage Tier 4.

From the outside.

There wasn't much change.

“Upgrade.”

Shua! shua!

Immediately after.

Jiang Li used another 280 million energy points to upgrade the Dominator Dragon divine weapon to perfected-stage level four.

Jiang Li used two more level-five soul Tinders and 200 million energy points to upgrade the Dominator Dragon divine weapon to the early stage of level five.

Soon after.

...

Jiang Li used another 28 billion energy points and leveled up to perfected-stage level five.

As a result ...

At the peak of the fifth step, the ‘divine weapon of the dominating Dragon’ would have five skills.

Furthermore ...

Jiang Li held the black spear with a dragon head. He could feel the destructive power in it. The weapon that the ‘divine weapon of the Dominator’ turned into had high intelligence.

It was like the ‘intelligence’ of a magic treasure.

other than that.

The ‘divine weapon of the Dominator Dragon’ also had a very powerful ability.

“All divine weapon units of the Dominator Dragon, move out.”

go! Jiang Li ordered.

Shua! shua! Shua!

Immediately.

In the mech factory of the base.

The third floor.

One divine weapon after another flew out and materialized out of thin air. Each of these divine weapons was a hundred-meter-long black steel Dragon.

It was hovering in the sky.

Roar! “roar!”

A series of Dragon roars rang out.

Such a huge commotion naturally attracted the attention of the commoners within the imperial capital. They all looked up at the sky.

After that.

They saw the black steel Dragons.

his expression was one of awe.

There were a total of ten million ruler Dragon divine weapons.

“gather.”

Jiang Li raised the Black Dragon-head spear in his hand.

“Whoosh!!!”

At this moment.

The divine weapons of the 10 million overlords started to change. They activated their ‘body of liquid metal’ and turned into a Black Metallic liquid, turning into streams of black light.

All of them rushed to the Black Dragon-head spear in Jiang Li’s hand.

Fusion!

This was a fusion!

with the perfected-stage tier 5 ZZLS01 as the main body, a total of ten million divine weapons of the overlord dragon were all gathered together.

“I’ve succeeded.”

In the end.

Jiang Li raised his right hand.

It could be seen.

Above Jiang Li.

An incomparably huge black spear with a dragon’s head appeared. It was at least a million meters long and pierced straight into the sky, as if it was piercing through the heavens.

The clouds surrounded it.

It was extremely terrifying.

In comparison.

jiang li, who was less than two meters tall, was like a grain of rice.

“Hahahahaha!”

Jiang Li laughed.

He could fully feel the power contained within it.

One had to know.

This kind of overlapping could be said to be infinite.

it was only 10 million now.

If it reached a hundred million, a billion, ten billion, or even a hundred billion.

If they were stacked together.

The power that burst out.

it was simply unimaginable.

Of course.

The only limitation.

a peak-stage rank five ‘divine weapon of the overlord dragon’ could only be stacked by 100 million, a peak-stage rank six could be stacked by one billion, and a peak-stage rank seven could be stacked by ten billion. every increase in rank would directly increase the number by ten times.

“si si si ...”

“What’s that?”

“It’s too terrifying.”

“Oh my God!”

“!!!”

In the capital.

The commoners looked up at the sky and saw the huge Dragon Spear that pierced through the sky like a pillar. They were amazed.

“His Majesty is getting stronger and stronger, and also more and more unfathomable.”

“Yup!”

His Majesty has become an existence that we can only look up to.

“.....”

Hong Tianqi, Xu Ya, and Wu Zong were in awe.

“Disperse.”

Shua! Shua!

The divine weapon began to disperse, turning back into a hundred-meter-long giant Steel Dragon. The million-meter-long black Dragon Spear also disappeared.

Buzzzzzz!

The Black Dragon Spear twisted and transformed.

From a weapon to a ten-thousand-meter long true steel Dragon.

“Chief sovereign.”

The true dragon of steel lowered its head and greeted him respectfully.

“yes.”

Jiang Li nodded and raised his right hand. He said to ZZLS01, ” “Turn into a bracelet.”

“Yes.”

The true dragon of steel replied.

Shua!

after that.

The 10,000-meter-long steel true Dragon’s body melted and twisted like liquid. It flew towards Jiang Li like a black stream of light and spun around his right wrist.

Very quickly.

It turned into a Black Dragon-shaped bracelet and wrapped around Jiang Li’s hand.

“Not bad.”

okay. Jiang Li nodded in satisfaction.

“all troops, hear my order!”

let’s go, ” Jiang Li ordered. Hidden Dragon, activate the ‘teleportation room’. Elite number one, fuse the mechanical Army. Elite number two, fuse the mechanical Army and the puppet army.

“All troops, move out.”

” destination-army base 018. ”

“yes!”

“Yes, sir!”

Immediately.

Hidden Dragon replied.

QX01 sent Jiang Li’s order to every mech.

“Whoosh!!!”

Immediately.

Within the teleportation room.

Ten wormholes appeared.

Spatial fluctuations began to spread.

It enveloped the imperial capital of the Grand Xia.

In the teleportation room of the stage 4 army base.

When the ten wormholes were all opened.

It could only transport one hundred million meches at a time.

In other words ...

Jiang Li had sent out elite No. 1 and No. 2 to merge with the mechanical Army and the puppet army. The total number of soldiers had reached about one billion.

Requires 10 teleportations.

Shua!

A spatial fluctuation flashed.

one hundred million meches were teleported out of the mech factory.

The scene changed.

Army base 018.

“whoosh!!!”

In the air.

First, there were Tier 4 Elite Fusion troops.

One had to know.

The mech factory in base 018 was only a level three mech factory, so it could only accommodate meches below level four. Meches above level four couldn't enter the level three mech factory.

Thus, he was teleported outside.

Other than that.

The mech factory in the stage three base could only accommodate one hundred million meches.

After reaching the 4th rank.

It could accommodate a billion people.

shua! Shua! Shua!

Immediately.

A large number of meches were teleported out of the mech factory in the base and flew into the sky, forming a huge Army.

“they’re here! They’re here!”

“The great Xia Army is here!”

“this suan ni, this suan ni”

“Too shocking, this is really too shocking.”

unbelievable!!!

Around the Army base.

fei lian led the ministers of shu state and many soldiers to stand around the base.
they saw the meches appear one by one.

It hovered in the air.

There were simply too many of them.

Such a scene.

They were dumbfounded.

continue the teleportation.

“Whoosh!!!”

spatial fluctuations continued to appear.

They were teleported again and again.

Shua! shua! Shua!

Meches appeared in the sky above base 018 and formed a huge mechanical Army.
They were like dark clouds that blocked the sky.

It was continuously spreading out.

“Si si si ...”

too many! There are really too many!

Oh my God!!!

“Why are there so many soldiers?”

“This Suan ni, this Suan ni”

Everyone was extremely shocked.

“I’m Yingying!”

Fei Lian’s eyes also widened.

At this very moment.

Fei Lian was also dumbfounded by the scene. He had been overestimating the Xia Dynasty and Jiang Li’s strength.

However ...

When such a terrifying great Xia Army appeared ...

Fei Lian was still stunned.

“This Suan ni, this Suan ni”

Fei Lian didn’t know what to say. I’m afraid the number is close to one billion.

“Gulp!”

In the surroundings.

The sound of people swallowing their saliva could be heard.

“He’s too strong.”

“This is the power of the great Xia Dynasty.”

“This is too terrifying.”

“i don’t even know how to describe it now.”

“Lord Feilian is right!”

“It’s even more terrifying than what Sir Feilian said.”

“.....”

The ministers of Shu country exclaimed in admiration.

“hu ~~ hu ~ hu ~”

Fei Lian gradually calmed down and looked at MA Heng, who was standing beside him, and said, “MA Heng, I didn’t lie to you, did I?”

“You should be glad for your decision now.”

“.....”

MA Heng came back to his senses and nodded in agreement. He cupped his hands at the Feilian and said, “many thanks.”

Speaking of this.

MA Heng was sent to the Black Dragon barbarian kingdom by Liu Chang to investigate the truth of the death of the king of Shu, Liu De. MA Heng did go to the Black Dragon barbarian kingdom.

Not only that.

MA Heng had also found out the truth of the matter.

He learned that after the Shu state Army defeated the Black Dragon barbarian kingdom, they were attacked by the Xia Dynasty's Army and were eventually defeated. The king of Shu, Liu De, died.

The culprit was, of course, Emperor Xia, Jiang Li.

Hence.

MA Heng rushed back to Shu country at full speed, ready to report the news to Liu Chang.

However ...

When MA Heng returned.

However, Fei Lian had returned to Jiang Li, the Emperor of Xia, and even Chang was killed. All of Chang's loyal followers had died in the battle.

not only that.

The officials of the Shu country had all submitted to the Xia Dynasty, and all of Liu De's direct descendants had been killed.

The Shu country was destroyed.

MA Heng alone was powerless to reverse the situation.

in the end.

MA Heng and Fei Lian met.

One had to know.

Fei Lian, MA Heng, Guan Ling.

The three of them were the three great generals of the Shu country.

among them.

The relationship between Fei Lian and MA Heng was not bad.

Hence.

Fei Lian persuaded MA Heng to join the great Xia Dynasty. After all, the Shu state had already been destroyed. Even if MA Heng wanted to pledge his loyalty, he had no one.

In the end, MA Heng agreed to it after Fei Lian's persuasion.

“Look, those are all puppet Warriors.”

“Si si si ...”

“There are so many of them,”

“At least 200 million.”

“human puppeteers. the grand xia dynasty really does have human puppeteers.”

“So many puppet Warriors.”

“What Sir Feilian said is true.”

The officials of Shu state exclaimed again.

“Hu ~~ Hu ~ Hu ~”

MA Heng took a deep breath and sighed,” back then, the king of Shu, His Majesty Liu De, relied on the power of the puppet masters to rise up in the chaotic world. He established the Kingdom of Shu step by step and finally became one of the three Marquis-level powers in the northern region of the Saint peace state.

“I didn’t expect that the Grand Xia Dynasty would actually have human puppeteers as subjects.”

to be able to subdue the human puppeteers and make them submit to him, Emperor Xia Jiang Li is too unfathomable.

“Yup!”

fei lian nodded and said, ” “Who would have thought? The great Xia Dynasty will be the final winner of this war that will sweep across the entire Northern Territory of the Holy peace state.”

“You have to know.”

from the establishment of the great Xia Dynasty to its rise to the destruction of the three great Marquis kingdoms, it has only been less than two years.

this is all because of Emperor Xia, Jiang Li.

“His Majesty Emperor Xia has the ‘potential to be a human Emperor’.”

“No!”

MA Heng shook his head, his eyes burning as he said, ” Feilian, how is this the ‘potential of a human Emperor’? I think His Majesty Emperor Xia has the ‘potential of an Emperor’.

“Maybe.”

one day in the future, the name of great Xia, the name of Emperor Xia, will resound throughout the entire ‘holy peace state’. They might even establish an invincible dynasty and unify the Holy peace state.

“This bi an ...”

Fei Lian was stunned.

he felt that ma heng was being a little too delusional and taking things for granted.

The dynasty of the heavens.

How graceful was that?

How could it be so easy to achieve?

...

buzzzzzz! Buzzzzzz!

At this moment.

After ten teleportations.

The number one elite mech Army, number two mech Army, and the puppet army had all arrived, and the entire sky was covered by the mech Army.

on the ground.

The puppet Warriors stood together, forming an endless Army of puppets.

“Teleport!”

Jiang Li walked into the ‘teleportation room’ in the base and stepped into the wormhole tunnel.

Buzzzzzz!

A white light flashed before his eyes.

Jiang Li was already teleported to the teleportation station in the base of Army 018. He safely arrived in the territory of the Shu nation and walked out of the teleportation station.

...

“My Lord!”

Shua! Shua!

4 soul realm controllers, myl01, dts01, ynjsw01, 200 battlefield commanders, and 200 super holographic soldiers.

He quickly came forward.

He saluted Jiang Li.

“yes.”

okay. Jiang Li nodded and looked at his meches. Then he looked up and saw the mechanical Army in the sky.

He could not even see the edge of the mechanical Army.

“Reporting to you, chief sovereign.”

all the meches have arrived at base 018, ” zh015 said. please give us your orders.

“Alright,” he said.

” don’t worry, ” jiang li said. ” let’s meet fei lian and the officials of the shu kingdom first. the shu kingdom has been here for so many years and rose up in a chaotic world. i think they know a lot about the desert of death. ”

“Let’s go,” he said.

go. Jiang Li waved his hand.

“Yes.”

The four soul realm controllers, MYL01, DTS01, and the other meches quickly followed Jiang Li and walked out of the base.

“Rumble!”

The iron gate of the base opened.

There was movement.

“Guys, quickly take a look.”

“The gate is open.”

“That’s Yingluo.”

Not far away.

Fei Lian and the others heard the noise and immediately looked up. They saw the iron gate of the base open and Jiang Li and the others walk out.

In the surroundings of base 018.

There were many zombie-like puppet Warriors.

At this moment.

The puppet Warriors immediately opened up a straight path.

The next moment.

More than 200 million puppet Warriors.

They knelt down in unison.

“Welcome, Your Majesty Emperor Xia!”

welcome, Your Majesty Emperor Xia!!

welcome, Your Majesty Emperor Xia!!!

“!!!”

At the same time.

High up in the sky.

Eight hundred million meches.

They shouted in unison.

Their voices were in unison.

It was like a thunderclap that resounded in all directions.

It was truly a heaven-shaking, earth-shattering scene. It was difficult to describe.

Anyway.

The faces of the FEI Lian and the others all turned pale. Under the impact of such power, their minds were shaken and they couldn't resist it. Then, they directly knelt down.

“We welcome Your Majesty, Emperor Xia!”

After that.

they all shouted in unison.

“Yes.”

Jiang Li put his hands behind his back and looked at the puppet army kneeling in front of him. He then looked up at the mechanical Army in the sky.

And ...

The FEI Lian and the officials of the Shu state were kneeling on the ground.

The corners of his mouth rose slightly.

It had to be said.

It was a good feeling.

A sovereign descending to the world.

Hundreds of millions of creatures bowed.

One had to know.

And this was only the northern region of holy peace state.

It was hard to imagine.

If he were to rule the entire holy peace Region ...

The establishment of the emperor's dynasty.

What kind of scenery would that be?

He was just thinking about it.

Everyone was excited.

There was a saying, "wake up and hold the power of the world, drunk on the knees of a beauty."

“Rise!”

Jiang Li raised his hand slightly.

“Thank you, Your Majesty!”

Immediately.

The entire body of the puppet army.

After that.

Fei Lian and the others also stood up one after another. Unknowingly, the attitudes of the officials of the Shu state had undergone a huge change.

They looked at Jiang Li with deep respect.

At this moment.

They had fully experienced the might of a human King.

No!

It was wrong!

What kind of human King could have such power?

To make an army of one billion bow down?

This was a treatment that only the human Emperor could enjoy.

Even though ...

Great Xia had yet to be promoted to a dynasty.

But what was done was done.

It was only a matter of time.

Jiang Li walked towards Fei Lian and the others through the path that the puppet Warriors had cleared. As Jiang Li got closer, the others couldn't help but bend down and didn't dare to look at him.

Beside Jiang Li.

They followed the four soul realm controllers, MYL01, DTS01, ynjsw01, 200 battlefield commanders, and 200 super holographic soldiers.

“feilian.”

Jiang Li stood in front of the Feilian.

“Your subject is here!”

Plop!

Fei Lian knelt down.

“Your subjects pay their respects to Your Majesty!”

After that.

The ministers of Shu country knelt down again.

“.....”

Jiang Li looked at them, shook his head, and continued, ” “How is the matter I asked you to do?”

“Reporting to Xuanji, reporting to Your Majesty.”

Fei Lian was slightly apprehensive and said nervously, ” “Because of the time constraint, we couldn’t gather all the materials of the Shu country.”

“However, all the resources in the capital of the Shu country have been moved to the National Treasury.”

“Yes.”

okay. Jiang Li nodded and waved. get up and lead the way.

“Yes.”

fei lian quickly stood up.

“your majesty,”

At this moment.

Fei Lian pointed at MA Heng and said,”he is one of the three great generals of the former Shu state, MA Heng. After hearing about Your Majesty’s prestige, he wants to join the great Xia Dynasty.”

“I hope your Majesty will permit this.”

“Yes.”

Jiang Li glanced at MA Heng.

“Your Majesty, Emperor Xia.”

MA Heng kowtowed.

“It’s approved.”

In reality.

It wasn’t Jiang Li’s first time meeting MA Heng. Liu De sent MA Heng to inform Jiang Li, so Jiang Li sped up and led the mechanical Army to the capital of the sky demon Kingdom.

“Thank you, Your Majesty!”

MA Heng kowtowed, ” Your Majesty!

Soon after.

The ministers of Shu state stood up.

let’s go. Fei Lian and the others protected Jiang Li and returned to the capital of Shu. As for the number one elite mech Army, number two elite mech Army, and the puppet army, they were all gone.

they were temporarily stationed around the base of the army.

Half an hour later.

Under Fei Lian’s guidance, Jiang Li went straight to the Treasury of the capital of Shu state.

“Open the door!”

Fei Lian shouted.

“Yes.”

“BOOM!”

The soldier guarding the Treasury took out a token and activated the array, opening the door of the Treasury.

“Your Majesty, please.”

Fei Lian said respectfully.

“Yes.”

okay. Jiang Li nodded and walked into the Treasury.

Your Majesty, the herbs, spiritual herbs, and spiritual crystals you want are all stored in a few Treasury rooms. Please take a closer look.

Fei Lian introduced.

“You may leave.”

Jiang Li waved his hand.

“Yes.”

Fei Lian was stunned for a moment. He did not dare to ask any more questions and left the National Treasury.

“close the door.”

don't let anyone get close, ” Jiang Li ordered the soul realm controllers.

“Yes.”

The soul realm controllers replied.

“convert!”

buzzzzzz!

Jiang Li opened the door to the Treasury. He saw a lot of herbs in the hundreds of millions.

conversion successful. One billion energy points obtained!

.....

” conversion successful. 1.5 billion energy points obtained! ”

.....

Time passed.

energy points. Jiang Li converted a large number of herbs, spiritual herbs, and spiritual crystals into energy points. Notifications flashed in front of his eyes.

Half an hour later.

All the materials had been converted.

Finally.

jiang li had gained 3.8 trillion energy points in total!

Other than that.

in the territory of the shu country.

There were also six small spiritual crystal mines and one medium-sized spiritual crystal mine.

these were a large number of energy points.

Chapter 476 The arrival

I'm here. Jiang Li came out after he converted all the resources in the Treasury.

The soul realm controller and the other meches followed Jiang Li closely.

“your majesty.”

Outside the Treasury.

Feilian, MA Heng, and the other officials of the Shu country were waiting outside.

“Yes.”

Jiang Li nodded in response, then looked at Fei Lian and the others and asked, ”
“Fei Lian, how much do you know about the desert of death?”

“Does the Shu nation have any ancient books and records about the demonic god?”

“Your Majesty.”

Fei Lian pondered for a while and organized his words before immediately replying, the desert of death is extremely vast. The king of Shu, Liu De, once sent a pioneering Army to explore the desert of death hundreds of years ago.

” according to a rough estimate, the area of the ‘desert of death’ has reached 100 million square kilometers. ”

it’s about one-fifth of the northern region of the Holy peace Region.

“After passing through the ‘desert of death’, we will reach the border of the’ holy peace Region’.”

“in the ‘desert of death’, there are a large number of’ strange fierce beasts’. legend has it that they have mutated because they were contaminated with the ‘aura of the demon god’.”

the main body of the rebellion is these strange fierce beasts.

“.....”

Jiang Li, ” Fei Lian said to Jiang Li slowly.

Jiang Li gradually learned more about the desert of death from Fei Lian’s explanation.

“Yes.”

okay. Jiang Li nodded.

report!!!

at this moment.

A Shu nation soldier rushed over in a hurry.

“what is it?”

fei lian asked.

“Sir great Suan ni, we have a battle report from the front line. The ‘mutant beast Army’ in the death desert is unstoppable, and their numbers are increasing. They have already taken down the territory of a Marquis of the Shu state.”

The soldier said in a panic, ” the casualties are too heavy. The people were slaughtered!

“This bi an ...”

“How could it be so fast?”

“Si si si ...”

“they’ve already lost a marquis” territory.”

“.....”

The ministers were all shocked.

He couldn’t help it.

Fei Lian, MA Heng, and the ministers of Shu all looked at Jiang Li.

“I already know.”

I'll go, " Jiang Li said.

time passed.

The night passed.

The next morning.

In the Shu King Hall.

Jiang Li put a 'record book' on the desk.

Obviously.

Jiang Li spent the night reading many books of the Shu nation, but there was very little information about the demon God.

However ...

Jiang Li learned some information about the 'Demon God'.

Thousands of years ago.

The demonic god summoned countless demonized beasts from the desert of death. He led a terrifying Army of beasts and swept through the entire northern region Empire.

In the end.

The human Emperor of the North paid a heavy price and set up the seventh-grade 'demon-slaying and God-slaying Seven Star formation' to seal the demon God in the 'desert of death'.

logically speaking.

Several thousand years passed.

The ‘demonic god’ should have been killed by the ‘demon-slaying and God-slaying Seven Star formation’.

...

But now it seemed ...

the ‘demon-slaying and god-slaying seven star formation’ must have changed, which was why it couldn’t kill the ‘demonic god’.

“Hu ~~ Hu ~ Hu ~”

Jiang Li took a deep breath and thought,” the northern Empire set up a seventh-grade demon-slaying and God-slaying Seven Star formation, but it still couldn’t kill this Demon God.

“I’m afraid this Demon God has already reached the seventh step.”

even if it has been sealed for so many years and its strength has decreased, it won’t be easy to deal with it. We should take advantage of the fact that the demonic god hasn’t completely broken out of the seal.

“We have to send out our troops as soon as possible.”

Jiang Li stood up.

“Super holographic soldier, pass down the order immediately.”

let's go! Jiang Li shouted. elite No. 1, fuse the mechanical Army, elite No. 2, fuse the mechanical Army, and the puppet army. Move out!

“yes.”

...

“As you command, hegemon!”

The soul realm master, the Super holographic soldier, the battlefield commander, and the other meches responded in unison.

Half an hour later.

Army base 018.

“Rumble!”

Immediately.

The roar of an engine sounded.

The Super carrier descended from the sky. Under the control of the soul realm master, the puppet Warriors entered the Super carrier's cabin.

After that.

The entire Army set off.

The mechanical Army that covered the sky and the earth advanced towards the desert of death at full speed.

At the same time.

Fei Lian, MA Heng, and the ministers and generals of the Shu state also gathered their soldiers and followed Jiang Li's mechanical Army.

“Hurry, hurry, hurry!”

” activate the stage 4 army formation! ”

“Hurry up and follow the great Xia Army.”

“This Tao Wu, they're so fast, I can't even keep up.”

The entire Army of the Shu country set off.

shua!

Azure Dragon. Jiang Li flew out of the capital of Shu and came to the center of the mechanical Army. The Azure Dragon of the Xia Dynasty appeared, standing on its head. Below him was the vast mechanical Army.

On the other side.

At the border of the desert of death in the Shu country.

Roar! “Roar!”

On the earth.

They were mutated beasts one after another. Their eyes were Scarlet, and they carried a kind of crazy bloodthirst and cruelty. Countless mutated beasts formed a tide that swept towards the Shu country.

“Ah!”

“It’s a desert beast!”

“Hurry up and run away!”

“Why are there so many of them?”

“Heavens!”

“We’re finished! we’re all finished!”

“Why hasn’t the Shu country’s Army arrived? Why aren’t there any reinforcements?”

It could be seen.

As the Army of mutant beasts invaded the territory of the Shu country, many villages, cities, and even counties fell.

A large number of civilians and soldiers were eaten up by the beasts.

He looked around.

It was like a tragic purgatory.

He took a closer look.

he would find out.

These beasts didn’t devour all the creatures. Instead, they transported most of the dead bodies to the depths of the death desert.

there were even beast troops that specialized in transporting the corpses of living creatures.

At this moment.

In the middle of the desert of death.

Buzzzzzz! Buzzzzzz! “whoosh!!!”

What came into view was a ‘magic formation’ that was emitting a seven-colored radiance. It was like an octagonal diamond and was formed by countless light patterns.

In the end, they formed an incomparably huge formation.

Its diameter had reached a million meters.

in the center of the formation.

There was a purple-black ball of light that was like a vortex. It exuded an extremely terrifying aura as if it could destroy the sky. It was extremely terrifying.

“Roar!”

Vaguely.

It was as if a deep roar was coming from the vortex.

He wanted to break free from the formation.

Pfft! Pfft! Pfff!

One by one, the beasts threw the corpses of the creatures into the vortex.

The purple-black Vortex of light devoured the essence of the dead bodies, causing the vortex to grow larger and larger, spreading in all directions, and the terrifying aura it exuded became thicker.

It was slowly eroding the seven-colored formation.

If this continued ...

based on the current rate of corrosion and expansion ...

In at most three days 'time.

The purple-black Vortex of light would completely corrode the seven-colored array diagram.

At that time.

The formation shattered.

The 'demonic god' would definitely break out of the seal.

In reality.

The seven-colored formation in front of him was the seventh-grade demon-killing and God-killing Seven Star formation that the human Emperor of the North had paid a heavy price to set up.

he took a closer look.

it was missing a corner.

“Roar!”

The deep roar came from the purple-black light vortex again. soon, soon. Hahaha, I'll be out soon. When the time comes, I'll take revenge and destroy the entire northern region.

On the other side.

The border sea.

“whoosh!!!”

There were spatial fluctuations.

After that.

It was as if three figures had appeared out of thin air.

they were all barbarians.

They were from the Holy Land of the Barbarian tribe.

From left to right.

They were dressed in black, white, and blue robes.

“where is xia wuji?”

The black-robed barbarian shouted.

“What?”

“.....”

After a while.

They didn't get a response from Xia Wuji.

Shua!

after that.

They jumped into the border sea below and entered the depths of the sea. Then, they saw the underwater city that had already turned into ruins.

“It was actually destroyed.”

The black-robed man's eyes darkened.

“Who is it?”

The white-robed barbarian's tone was cold.

no matter who it is or what power it is, they must pay a heavy price for destroying the entire tribe in the northern region of the Holy peace state.

The blue-robed barbarian scolded.

“.....”

The black-robed man took a deep breath and said calmly, “ we'll talk about this later. The most important thing now is the ‘Demon God’ in the desert of death.

“So many years have already passed. Back then, I intentionally left a sliver of hope for that ‘demonic god’, all for today.”

“You’re right.”

“That’s good.”

The other two barbarians nodded in agreement.

Shua! Shua!

As soon as he finished speaking.

They flew at full speed, turning into three extremely fast streams of light. They flew in the direction of the death desert at full speed and disappeared into the sky in the blink of an eye.

He jumped into the border sea.

They entered the sky above the original sky Yao nation.

“What?”

The white-robed barbarian frowned. He lowered his head and looked down. His gaze swept past the cities one by one. according to the information we received, this should be the territory of the demon race.

“How come all the demons have become demon slaves?”

“This bi an ...”

“I’m afraid that something big has happened in the northern region that we don’t know about, and it’s related to the human race. I guess the ‘northern region of the Holy peace state’ was also destroyed by the human dynasty.”

“Could it be the Shu country?”

“If that’s the case, the Shu country will become an Empire if they really unify the northern region of the Saint peace state.”

The three sixth-ranked barbarians were discussing among themselves. Their expressions had turned grave.

Obviously.

Things had exceeded their expectations.

On the other side.

In the Black Sea.

Within the half-monster Alliance dynasty-black field country.

In the middle of the dynasty Island.

Black King Island.

The capital.

In the depths of the palace.

“Whoosh!!!”

Spatial teleportation.

It was a level-six half-monster that had come from the Holy Land of the half-monster Alliance.

There were a total of three.

It appeared out of thin air.

He walked out of the teleportation array.

“dark light greets the three venerable lords!”

‘Dark light’, the half-beast King of the darkfield nation, bowed to the three level six half-beasts in front of him. His tone was extremely respectful, and he even addressed them as ‘venerable’.

“Yes.”

The three level 6 half-fiends nodded slightly.

Two men and one woman.

The two men were ‘half-dragon humans’ with Green Dragon scales on their wrists and curved dragon horns on their heads. The female half-demon had a graceful figure, fair skin, and long, Jade-like legs.

however ...

Her eyes were green like a snake’s.

What’s the situation in the northern region of holy peace state? ”

The Dracon on the left asked directly.

“Lord Long Qi.”

Dark light immediately replied, ” the great Xia Dynasty has sealed off the border of the Black Sea very tightly. I have sent half-beast Scouts into the northern region of the Holy peace state several times. However, they were all discovered. So, I did not manage to get any information.

Chapter 477

“Trash!”

Long Qi chided him coldly, his eyes cold. you can’t even handle such a small matter.

“Lord, please forgive me.”

Dark light was a little scared.

“Old brother Long Qi.”

The other half-dragon had a delicate and pretty face. He smiled and said, ” ” you have to know that the northern region of the holy peace state is now dominated by various clans and dynasties. it’s not like the northern region empire was the only power in the past. ”

” with our strength, as long as we’re a little more careful, we’ll be able to sweep across the entire northern region of the holy peace region. ”

no matter if it’s a human dynasty, a demon dynasty, or a barbarian dynasty, do you think they can’t stop us with their strength? ”

“Dragon carriage.”

long qi glanced around and said in a low voice: ” there is no harm in being careful. besides, if the ‘martial immortal court’ of the ‘human race’ sends someone over, it will be troublesome. ”

“Hehe.”

the female half-demon chuckled. ” don’t forget, other than the ‘human martial immortal court’, there’s also the’ demon bloodline immortal court ‘and the’ barbarian totem immortal court’ . ”

“They are the true pillars of the three races.”

moreover, that’s a ‘demonic god’. Perhaps the’ demonic race ‘and’ God race ‘will also interfere.

“Miaomiao is right.”

Long Jue nodded.

In the sky above the palace of the country of heiyu.

Jiang Li’s Air Scouts circled around. They found Long Qi, long han, and Miao Miao, three level six half-monsters.

“Immediately report to the chief sovereign!”

The air reconnaissance troops conveyed the news here through ‘communications’.

At this moment.

Jiang Li was leading his mechanical Army to the desert of death as fast as possible.

master, the air reconnaissance team that is monitoring the ‘half-monster Alliance dynasty-black field country’ has important news.

At this moment.

Cjqx01 came to Jiang Li and reported.

“Answer.”

Jiang Li said.

“Yes.”

Buzzzzzz!

Cjqx01 activated the holographic communication and projected the image.

in the image.

They were the three level six half-demons who had just arrived at the darkfield nation.

They were talking.

“Who is it?”

BOOM!

Immediately.

Long Qi raised his head and found the Scout hovering in the clouds, hiding his tracks. In a flash, he disappeared from where he was.

the next moment.

Long Qi appeared right in front of the Scout in the air.

“it’s actually a sixth rank half-beast!”

three of them, ” Jiang Li said to himself. the air Scouts have been discovered.

Bang!

Long Qi struck out with his palm, his half-demonic power gathered and turned into a huge Dragon Claw, shining with a bright light, and tore the drones into pieces.

The air reconnaissance troops were slaughtered.

This Air Scout unit was produced by the mech factory. After being scrapped, they turned into scrap metal and fell from the sky.

Buzzzzzz!

At this moment.

Jiang Li’s communication was cut off. The holographic communication screen of cjqx01 turned dark.

Lord, we’ve lost contact with the air reconnaissance troops.

Cjqx01 said.

“yes.”

yes. Jiang Li nodded and told cjqx01 to turn off the projection. the air Scout team has been discovered. They’re level six half-monsters, and there are three of them.

“Contact QX01 immediately.”

...

Jiang Li said.

“Yes.”

Cjqx01 nodded.

Buzzzzzz!

The holographic communication skill was activated.

the projection screen appeared.

“Chief sovereign.”

QX01 saluted Jiang Li.

“Yes.”

Jiang Li nodded and said, ” immediately send the ‘great Xia mechanical Army’ to the ‘Duke of Lion’ and station them at the border of the Black Sea. Send out the air reconnaissance troops and pay close attention to the movements of the half-demons.

“Yes.”

...

QX01 replied.

“Whoosh!!!”

Immediately.

The 'teleportation room' in the base was activated.

The 'great Xia mechanical Army' made up of more than 50 million meches was directly teleported to the Army base within the territory of the 'Duke of Lion'.

The entire Army moved out.

The air reconnaissance troops split up and advanced towards the border of the Black Sea.

why did the half-monster Alliance suddenly send three level six half-monsters? ”

Demon God? ” Jiang Li thought, ” the demon God is about to break the seal and the half-monster Alliance sent three level-six half-monsters here. Are they here for the demon God in the desert of death? ”

the human Emperor of the North paid a heavy price to set up the seventh-grade demon-killing and God-killing seven stars formation. Thousands of years are enough to kill the demon God.

now it seems that the reason why the seventh-grade 'demon-killing and God-killing Seven Star formation' hasn't been able to kill the 'Demon God' until now is probably related to the half-monster Alliance.

“And ...”

the half-monster Alliance has sent a level six half-monster, so there's no reason for the Barbarian tribe not to appear. I'm afraid they'll also send a strong man to interfere.

“.....”

Jiang Li took a deep breath and looked at the desert of death. this desert of death is where the demon God is sealed. I'm afraid it's not that simple.

I'm afraid that the half-monster Alliance and the Barbarian tribe contributed to the destruction of the Northern Territory.

“What do they want this time?”

Jiang Li guessed.

The palace of the country of heiyu.

“This isn't a living being.”

After long Qi had destroyed the aerial reconnaissance troops, he looked at the wreckage and said in a deep voice, ” is that the steel puppet? the human puppeteer?
”

“Lord Long Qi, these puppet soldiers must have been sent by the great Xia Dynasty.”

Dark light's face was gloomy. He recognized it at a glance and shouted, ” ” how detestable. they actually sent these puppet soldiers to monitor the darkfield country. most importantly, i actually didn't even notice it until now. ”

“Milords, I'm afraid that the news of your arrival has already been made known to the great Xia Dynasty,”

“The Grand Xia Dynasty again.”

Long Qi's face was slightly unkind. Emperor Xia, Jiang Li, right? he's courting death!”

“Long Qi.”

the demonic God's seal is about to be broken, ” Miao Miao said. don't forget what our mission is this time. I advise you not to cause any more trouble.

“Miao Miao is right.”

Long han also nodded. but then again, it’s just a human dynasty. After completing the mission and having free hands, we can just casually destroy it.

“That’s good.”

Long Qi nodded slightly. let’s set off immediately, without further delay.

“yes.”

shua! Shua! Shua!

as soon as he finished speaking.

Long Qi and the other two men rose into the air and left, their figures gradually disappearing into the horizon.

Dark light looked from afar and thought to himself, ” if the three lords of Long Qi really make a move against the great Xia Dynasty, when the great Xia Dynasty is destroyed, I will be able to send the Army of the black field country to occupy the territory of the great Xia Dynasty.

Thinking of this ...

Dark light was secretly excited.

Hence.

Dark light immediately gave an order to the entire country, asking all the half-fiend soldiers in the country to prepare to land on the ‘Northern Territory of holy peace state’.

Time passed.

A day later.

let's go. Jiang Li's mechanical Army arrived at the territory of the Marquis of grayflame and then quickly marched to the Marquis 'capital.

at this moment.

the army of the mutant beasts in the desert of death had already captured two marquises of the state of shu and slaughtered a large number of living beings and humans. even the 'formation diagram' had been destroyed by more than half.

Roar! "Roar!"

Marquis azureflame's capital.

a huge city.

he was like an ancient giant beast that was crawling on the ground.

Around the city wall.

it was an army of mutated beasts. most of them looked like hybrids of jackals, wolves, and leopards. their bodies were dry and yellowish-brown, as if they had lost sand.

His eyes were bloodshot.

It revealed its brutality and bloodthirst.

It had no intelligence at all.

He didn't even have the instincts of a beast.

Roar! “Roar!”

countless mutant beasts roared deafeningly, and the army of mutant beasts seemed to have no end in sight as they spread into the distance.

Plains, forests, and lakes.

All of them were the figures of strange fierce beasts.

At this moment.

The entire Marquis of ashen flame’s territory had been surrounded by the beasts.

kill!!!

“Ah!”

Pfft! Pfft! Pfft!

“Rumble!”

It could be seen.

Marquis ashen flame’s Army.

There were not many of them.

Basically, they were all gathered in the capital.

There were less than 500000.

In the face of this endless Army of beasts, the gap between the two sides was too big. It was like hitting a stone with an egg.

He wouldn't be able to hold on for long.

at most half an hour.

lord ashen flame's capital would definitely be broken.

"Fire the arrows!"

"Giant crossbow Battalion, get ready!"

"Attack!"

whoosh! Whoosh! "Whoosh!"

At this moment.

The sky was filled with arrows and crossbow bolts. They were like a heavy rain, pouring down on the Army of xenogeneics outside the city. Many of them were killed.

But to the entire Army of mutant beasts ...

It was just a drop in the bucket.

"My brothers."

The Marquis of grayflame Marquis, Fen Cang, appeared and stood in the sky. His strength wasn't low and had already reached the perfected stage of level four. However, with the destruction of the Shu country, he could no longer use the power of the Shu country's fate. the ferocious beasts are wreaking havoc. As soldiers and generals of the Shu country, we will fight these beasts to the last moment.

“This Marquis King will live and die with you!”

“Kill!”

BOOM! BOOM!

A vast red flame started burning.

Fen Cang had mastered a top-grade fourth-rank martial art.

It was called the blue flame sky burning seal.

Furthermore, he had cultivated it to the level of great accomplishment.

“Whoosh!!!”

Fen Cang formed a seal with both his hands. His fire-elemental true energy surged like burning flames and formed seals that attacked the Army of mutated beasts.

“Rumble!”

The ground exploded.

“Roar!”

A large number of berserk beasts were slaughtered.

BOOM!

At this moment.

a humanoid werewolf-like mutated beast charged out from the army of ferocious beasts. it was extremely fast and arrived in front of fen cang in the blink of an eye.

“Not good!”

“Marquis Wang, be careful!”

In the surroundings.

The generals shouted in shock.

“!!!”

Fen Cang’s pupils contracted.

Bang!

The Wolfman-like mutated beast struck out with its palm. Its huge Wolf Claw tore Fen Cang’s seal apart. A terrifying power erupted and sent Fen Cang flying.

Pfff!

Fen Cang spat out a mouthful of blood.

It smashed onto the city wall.

“A rank five mutated beast,”

Fen Cang’s face was pale as he looked at the werewolf-like mutated beast in the sky. His eyes were filled with despair.

“how did this happen?”

“We’re finished!”

“No!”

The despairing screams of the soldiers and generals rang out.

boom! BOOM! BOOM!

At this moment.

in the distant horizon.

Jiang Li’s mechanical Army finally arrived.

“This Marquis’s capital hasn’t fallen yet.”

let’s go. Jiang Li looked from afar and saw the Marquis of grayflame’s city and the Army of beasts outside. He waved his right hand and ordered, ” number one elite mech Army, number two elite mech Army, prepare for long-range bombardment immediately.

“Destroy this Army of mutant beasts!”

Chapter 478 destruction

boom! BOOM! BOOM!

After Jiang Li gave the order.

Immediately.

the number one elite fusion mechanical army and the number two elite fusion mechanical army moved at the fastest speed possible, and the roar of mechanical engines sounded.

There were too many of them.

This voice was like thunder, as if the God of Thunder was roaring.

With the emergence of bursts of light.

Shua! Shua! Shua!

Immediately after.

The artillery soldiers spread out in all directions.

It covered the entire sky.

super mechanical Artillery Corps is ready!

The commander of the battlefield shouted.

Buzzzzzz!

In the air.

They were the Super artillery troops of the 1st and 2nd Army. The total number of these two super artillery tribes had reached 100 million.

A total of 100 million super artilleries.

It spread out in the air.

Every super artillery soldier.

They all had human-shaped steel bodies.

Its head was a huge cannon.

“Fire!”

Thump! “Thump!”

A total of 100 million super artillerymen fired their grenade cannonballs.

in that instant.

The cannonballs with exhaust flames shot through the air like a boundless meteor shower, covering the sky and covering the earth.

All of them exploded towards the Marquis of ashen flame.

Bang! bang! Bang!

In an instant.

A total of 100 million grenades landed outside the Marquis of ashen flame’s capital city, falling into the endless Army of mutant beasts.

after that.

countless explosions rang out.

the cannonballs continued to explode.

It was endless.

The rumbling sound shook the boundless earth.

Kachaa! kachaa!

The ground cracked.

hills, boulders, lakes, and plains.

It was even a jungle.

under the bombardment of 100 million grenades, hills crumbled, boulders turned into powder, lakes were overturned, plains were torn apart, and jungles were reduced to ruins.

It was a scene of destruction.

It was hard to describe such a scene.

“.....”

Jiang Li stood in the center of the mechanical Army on the huge head of the nine-thousand-meter-long Azure Dragon, watching the destruction caused by the Super artillery.

He was extremely shocked in his heart.

terrifying!

it was extremely terrifying!

Back then.

When they were in the border sea.

Jiang Li didn't come in person. He only saw it through the projection of the information soldier. He didn't experience the scene of hundreds of millions of cannonballs destroying the earth.

At this moment.

what? ” Jiang Li saw and experienced it with his own eyes. It was shocking.

At the same time, he felt his blood boiling.

...

pfft! Pfff! “Pfft!”

Countless mutant beasts were torn to pieces under the bombardment of the cannonballs. Smoke filled the sky and filled the surroundings of the gray flame Marquis capital.

The aftermath of the explosion caused a storm that swept through the world.

it was shocking.

“What’s this Kasaya?”

“Gulp!”

“What happened?”

“This Suan ni, this Suan ni”

“.....”

ashen flames marquis capital.

On the city wall.

...

The soldiers of the Shu nation were dumbfounded as they looked at the terrifying scene outside the city. Their eyes were wide with fear.

Terrifying!

such a scene was too terrifying!

he had never seen it before.

“ah!”

Not only that.

The terrifying aftermath of the explosion formed a vast shock wave that spread in all directions, sweeping towards the Marquis capital. The soldiers cried out in alarm as they were sent flying by the shock wave.

“be careful!”

“quickly set up the formation!” fen cang shouted.

Buzzzzzz!

The arrangement of the military formation.

They formed a huge battle formation of ferocious beasts. The battle formation's light mist enveloped the surrounding city walls and blocked a portion of the explosion's shock waves with great difficulty.

Kachaa! Kachaa!

The city walls of the gray flame Marquis's capital.

Under the shock of the explosion, cracks actually appeared.

It was as if the city wall was about to collapse.

Finally ...

After this round of bombing.

the dust outside the city finally settled.

The sound of the explosion also gradually subsided.

After that.

The scene of a hundred million howitzer cannons wreaking havoc was reflected in the eyes of everyone present.

The land outside the city.

Charred holes appeared one after another, emitting wisps of charred smoke. They were filled with the smell of sulfur and gunpowder, mixed with a strong bloody smell.

Around the pit.

They were the corpses of mutated beasts.

There were simply too many of them.

It was at least 30 million.

however ...

A total of 30 million mutant beasts were basically killed by a round of grenade bombardment from the Super artillery force, turning into incomplete corpses.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

On the battlefield.

Countless spots of light appeared.

gray, black, white, and gold.

soul fire seed!

These light spots were All Soul Fire Seeds.

It was like a moth flying into the fire.

it turned into a colorful torrent.

All of them rushed towards Jiang Li and merged into his body.

Shua!

[acquired a first-stage soul Tinder!]

.....

[acquired a stage-two soul Tinder!]

.....

[acquired a Tier 3 soul Tinder!]

.....

[acquired a Tier 4 soul Tinder!]

.....

In front of him.

A large number of notifications popped up.

jiang li closed the interface.

“not bad.”

good. Jiang Li nodded in satisfaction. another batch of soul Tinders. I wonder how many soul Tinders I’ll get after I completely solve the ‘Demon God disaster’.

“Si si si ...”

the Army of mutant beasts was completely annihilated.

“Oh my God!”

just one round of attacks and this Army of mutant beasts was destroyed!

“.....”

Within the Marquis’s capital.

The Shu country’s soldiers and generals all widened their eyes. Their voices were filled with shock and their faces were filled with shock.

Roar! “Roar!”

At this moment.

On the battlefield.

A low roar was heard.

shua! Shua! Shua!

Immediately.

There were three type 5 mutant beasts, twenty type 4 mutant beasts, and hundreds of type 3 mutant beasts roaring in anger.

Obviously.

After all, the Super artillery was only a type 2 mech. Under the bombardment of hundreds of millions of grenades, the type 5 mutant beast was slightly injured, but it was not a big deal.

As for the type 4 mutant beasts, 20 of them had survived.

There were over a hundred Grade 3 mutant beasts.

“Be careful!”

a rank 5 mutant beast! It's a rank 5 mutant beast!

“There are actually three of them!”

“There's still the fourth and third rank!”

“!!!”

Fen Cang and the rest shouted in shock.

These beasts all charged towards the Marquis of ashen flame.

BOOM!

The city wall was directly smashed into pieces.

“Ah!”

The soldiers screamed.

“Obliteration storm!”

Buzzzzzz!

At this moment.

The early-stage type 6 MYL01 made his move. He stood high in the sky, looking down at the Army of mutant beasts. He activated his demon spirit energy and waved his right hand.

Mo Ling's energy exploded.

It formed a 'destructive storm', and like a ripple, it rapidly spread out.

Pfft! Pfft! Pfft!

After that.

Wherever the obliteration storm passed.

Whether it was the type 3, type 4, or even type 5 mutant beasts, all of them exploded.

it was like fireworks of blood and flesh.

all of them died!

One strike!

Just one strike!

He had killed 3 type 5 mutant beasts, 20 type 4 mutant beasts, and 100 type 3 mutant beasts in an instant.

“!!!”

Fen Cang's eyes widened as he looked at MYL01, who was standing in the air. The tall figure was shrouded in a black mist, making it impossible to see clearly.

“Rank 6!”

“he's a powerhouse of the sixth step!” fen cang exclaimed in shock.

Boom! Boom! Boom!

The next moment.

Fen Cang and the others heard a loud rumble coming from the sky. Then, a huge shadow covered the sky above the Marquis capital.

It covered the entire Marquis capital.

He couldn't help it.

The millions of people in the Marquis's capital.

all of them raised their heads.

They looked up at the huge Army in the sky.

The steel Warriors and huge steel fortresses were like floating castles. There were countless huge mechas and mechas.

“This Suan ni, this Suan ni”

“Si si si ...”

“What is this?”

“Oh my God!”

“Gulp!”

“Were they the ones who released that terrifying attack?”

that's an Army of mutant beasts that was destroyed!

They were all dumbfounded as they looked up in shock.

jiang li's mechanical army stopped in the sky above the marquis capital.

Shua!

Jiang Li landed from the sky.

“roar!”

The 9,000 meter long Azure Dragon of great Xia was like a vast mountain range as it hovered in the sky. The fate of the nation and the might of a Dragon were vast and mighty. As it was released, its might suppressed the entire Marquis city.

“I am the Emperor of the Xia Dynasty.”

jiang li looked down at the people in the city. although his tone was calm, it was full of dignity.

he is the Emperor Xia?!

His Majesty, Emperor Xia of the great Xia Dynasty!

“The great Xia Dynasty is?”

“.....”

The many residents and generals in the city.

Some of the higher-ranking ones knew about the great Xia Dynasty, but those who were lower-ranking ones were ignorant and ignorant. They did not know anything about the great Xia Dynasty, nor did they know who the Emperor Xia of the great Xia Dynasty was.

of course.

It didn't matter if they knew or not.

At this very moment.

They fully understood this.

The terrifying Army that had appeared in the sky above the Marquis of ashen flame's capital city had the power to destroy the world. It had easily destroyed an Army of xenogeneic beasts.

It was definitely not an existence that they could resist.

the Shu country has already submitted to the great Xia Dynasty and merged with it. It has become a part of the great Xia Dynasty, and you have all become citizens of the great Xia Dynasty.

Jiang Li continued.

He stated the facts.

“This bi an ...”

“The Shu nation has submitted to the Xia Empire?”

“It can't be.”

“.....”

The commoners in the city were stunned.

“It’s really like this.”

Jiang Li! Fen Cang immediately realized what was going on. He knelt down to Jiang Li and shouted, ” “I, Fen Cang, pay my respects to Your Majesty, Emperor Xia!”

“Greetings, Your Majesty Emperor Xia!”

Immediately after.

the other generals of the marquis of ashen flame also knelt down.

“yes.”

Jiang Li looked at them, nodded, and asked, ” “What’s the current situation with the Marquis of ashen flame?”

“Your Majesty.”

Fen Cang knelt on the ground and replied, ” in just a few days, Marquis Linmo, Marquis Huangyan, and Marquis luomo have fallen. A total of three Marquis counties have fallen. Tens of millions of people have been slaughtered.

” wherever the army of the mutant beasts in the desert of death passes, people will be plunged into misery and suffering. whether it’s humans, wild beasts, or ordinary beasts, all of them will become food. ”

” if it wasn’t for you, your majesty, leading the army in time, i’m afraid that the marquis of grayflame would only be able to hold on for half an hour before being broken through by this army of beasts. ”

“how many berserk beasts are there?”

Jiang Li asked.

“your majesty.”

according to the information we have so far, there are a total of ten armies of mutant beasts wreaking havoc in the territory of the Shu nation. Each Army of mutant beasts has between thirty to fifty million soldiers, ” Fen Cang replied.

this is only the Army of mutated beasts that are wreaking havoc in the Shu country. Who knows how many more are there in the death desert? ”

after all, the area of the desert of death has reached hundreds of millions of square kilometers, which is equivalent to one-fifth of the Northern Territory of the Holy peace state.

Chapter 479 combat weapon

“I already know,”

” i understand. ” jiang li nodded after hearing fen cang’s answer.

“your majesty.”

At this moment.

I have another piece of information that isn’t accurate, ” Fen Cang said. I don’t know if it’ll be of any use.

“Speak,” he said.

jiang li said.

“Yes.”

of course! Fen Cang nodded and immediately said, ” other than the ten mutant beasts that are wreaking havoc, there’s also a beast troop that specializes in transporting the corpses of living creatures.

“However, it’s hard to determine the accuracy of this information.”

“In fact,”

“This news was passed on by the Marquis of Luo Mo’s marquisate, mo Luo, before he died. He accidentally discovered the beast transport troop.”

“Oh.”

transport ‘living corpses’, ” Jiang Li said.

Immediately.

” death desert. ” jiang li raised his head and looked in the direction of death desert.

“Is he trying to rely on devouring the ‘living corpses’ to accumulate power and thus speed up the breakthrough of the ‘demon-slaying and God-slaying Seven Star formation’?”

Jiang Li guessed.

He asked Fen Cang.

Jiang Li had some understanding of the scale of the ‘Demon God disaster’.

It could be said to be unprecedented.

First of all ...

Just the ten armies of mutant beasts that were wreaking havoc in the Shu state alone had a total of 300 to 500 million mutant beasts.

And this was not all.

One had to know.

the entire shu country.

even if they mobilized all their forces.

It would probably be difficult to gather 200 million soldiers.

“As expected of the ‘demonic God’s disaster’ that could destroy an Empire.”

” it’s just the beginning, ” jiang li thought. ” they’ve already shown such terrifying power. just the ten beasts are enough to destroy a marquis country. ”

super information troops, move out!

” go! ” jiang li ordered again.

Shua! Shua! Shua!

The 200 million Intel soldiers spread out like a fan with the Marquis capital at the center.

It gradually spread.

Search for the Army of mutant beasts.

An hour later.

After a few minutes, they found the third Army of beasts.

“target found! The location is Marquis Mo’s Crescent County!”

target found!

“Target confirmed!”

“.....”

Time passed.

All the mutant beasts in the Shu state were discovered by the Super Intel soldiers Jiang Li sent out and their locations and coordinates were confirmed.

shua!

immediately.

In front of Jiang Li’s eyes.

The Super holographic soldier projected the map of the border of the Shu Kingdom for Jiang Li. The map included Marquis cangyan, Marquis Linmo, Marquis Huangyan, and Marquis luomo.

Among them.

There were also many County cities and territories.

The map was mostly red, and the red areas were where the xenogeneic beast Army was.

There were nine in total.

other than that.

...

There were also some small groups of mutant beasts scattered around.

“Let’s go!”

“Rumble!”

Jiang Li didn’t stay in the Marquis capital for too long. After confirming the approximate location of the remaining nine mutant beasts, he led his mechanical Army and set off.

The mechanical Army moved out.

They headed towards the closest mutant beast Army to the Marquis’s capital.

“His Majesty Emperor Xia has left.”

“hu ~~ hu ~ hu ~”

“With such a powerful Army of the great Xia, I believe that we will definitely be able to survive this crisis.”

“Who would’ve thought that the berserk beasts this time would be so terrifying?”

“Ten mutant beasts!”

...

“Just the number of ferobeasts alone has probably exceeded 300 million.”

” i hope your majesty emperor xia can defeat the army of mutant beasts. ”

Fen Cang and the rest prayed in their hearts.

Time passed.

After a few hours.

Feilian, MA Heng, and the rest of the human army had arrived at the Marquis of grayflame’s capital. They were extremely shocked when they saw the scene outside the Marquis’s capital.

Then, he met with Fen Cang and the others.

you’re saying that the great xia army only carried out one round of long-range attacks, and they destroyed an entire army of mutant beasts? ”

MA Heng stared at Fen Cang and questioned him with widened eyes.

“Yes, I am.”

Fen Cang nodded.

“Si si si ...”

The ministers of the former Shu state took a deep breath.

ten mutant beasts. I'm afraid the number of beasts has exceeded three hundred million. Our soldiers are not enough to fill the gaps between the teeth of those beasts.

it's a good thing that His Majesty Emperor Xia is here, " Fei Lian said in shock. otherwise, the entire Shu state would have been destroyed by the Army of mutant beasts.

"For thousands of years, there has never been such a beast riot. What exactly is happening in the death desert? Could it really be the demonic god who broke the seal?"

"It can't be."

"If that's the case, it's a disaster!"

even the northern Empire was destroyed in the hands of the demon God, let alone us.

"Against the 'demonic god', can His Majesty, Emperor Xia, win?"

He couldn't help it.

Everyone began to worry.

At this moment.

The place where the second Army of mutant beasts was.

Within the borders of Marquis Grayflame's mo estate.

Roar! "Roar!"

Next to his ear.

The roars of beasts could be heard continuously.

on the ground.

They were all strange fierce beasts.

The city and county had all been turned into ruins. The ground was covered in blood. All the creatures in the forests, Plains, and lakes had been slaughtered by the beasts.

But there was not a single corpse.

“Attack!”

Jiang Li waved his hand.

lock on to the current situation and confirm the attack range. The omnipotent Tank Army is ready!

The commander’s voice was heard.

This time.

The attackers were the ‘omnipotent tank’.

It was the same as the Super artillery.

They were also Rank 2 elite troops.

Furthermore ...

The total number of Tri-State tanks had also reached 100 million.

fusion unit Type: Multipurpose tank soldier (elite) ”

skill 3: rank two water cannon

skill 4: second stage mechanical transformation ”

[machinery: jian jia (omitted)]

It had three skills.

The combination of the tank mech, the bombing mech, and the sea tank had all the skills of the three types of meches and had been fused.

In terms of appearance.

Able to perform mechanical transformation.

Currently.

Because it was in the air, it was in the form of an aircraft. It was similar to a bomber, but it had a powerful artillery ability.

It can fire powerful tank shells.

It could transform between the three forms of a bomber, a land tank, and a sea tank.

“Tank shell! Fire!”

BOOM! boom! BOOM!

the artillery shells exploded.

In that instant.

A total of 100 million tank shells were fired, and the scene was equally shocking.
The tank shells with blazing tails bombarded the area.

After that.

All of them fell into the Army of mutant beasts.

Boom! Boom! Boom!

A loud boom resounded through the heavens and earth.

the earth cracked.

It was as if it was wailing.

Forests, Plains, and lakes were all destroyed.

“Roar!”

Pfft! Pfft! “Pfft!”

One by one, the mutant beasts were torn apart.

Blood splattered everywhere.

It infected the entire land.

buzzzzzz! buzzzzzz!

After that.

On the battlefield below.

The soul Fire Seeds flew out and formed a colorful torrent. They all rushed into Jiang Li and merged into his body.

He had obtained a large number of soul Tinders.

“Obliteration storm!”

BOOM!

MYL01 made his move, and a vast obliteration storm spread out rapidly with him as the center, just like circles of ripples.

Pfft! pfft! Pfft!

Immediately.

The high-level mutant beasts that had survived the bombardment of the omnipotent tanks were all killed by the obliteration storm.

Buzzzzzz!

Not only that.

A purple soul Tinder flew out of a level-five mutated beast's body and merged into Jiang Li's body.

Shua!

[acquired a Tier 5 soul Tinder!]

A notification appeared.

“Not bad.”

Jiang Li smiled.

“Continue.”

let's go. after taking care of the second Army, Jiang Li gave an order and led the mechanical Army to the third Army.

In the depths of the desert of death.

A seven-colored array diagram.

Almost half of it had already been devoured by the purple-black Vortex.

“Who is it? Who is it?”

at this moment.

The demonic God's angry roar came from the vortex. I feel that a large number of my subordinates have been slaughtered, and I have lost nearly 100 million mutant beasts.

“My Lord!”

Buzzzzzz!

At this moment.

A figure appeared next to the seven-colored formation.

He looked closer.

This figure was shrouded in a purple-black mist, which was very strange. It was as if it had no real body, but it was as tall as nine meters, like a giant.

my Army encountered a strong enemy and lost two armies.

Ming Luo, ” the demon God said in a deep voice. lead the ‘Demon God Army’ and bring me the enemy’s head. There must be no mishaps in my birth.

“Yes, my lord.”

Ming Luo nodded.

“Demon God Army! Mobilize!”

boom! BOOM! boom!

In the depths of the desert of death.

The earth trembled.

“Whoosh!!!”

The wind howled.

It formed an incomparably vast sandstorm.

He looked closer.

In the sandstorm.

They were terrifying ‘demonic beasts’. They were no longer the strange beasts that had been tainted by the demonic aura. They were powerful beasts that had absorbed the demonic blood.

Because of the sandstorm, it was impossible to determine the number of ‘Demon God Army’.

But there was no doubt.

It was a terrifying Army.

He was definitely stronger than any enemy Jiang Li had ever met.

After all ...

This was an existence that could go against the Imperial army of the Empire.

At the same time.

The remaining eight armies of mutant beasts in the Shu state seemed to have received an order and began to gather in the same place.

It was extremely fast.

“Target No. 3 is advancing towards Lord Linmo!”

“Target No. 4 is advancing towards Lord Linmo!”

“Target No. 5, Yingying.”

“.....”

At the first moment.

Jiang Li's Intel troops noticed the strange behavior of the mutant beasts and immediately reported to Jiang Li.

“You've reacted so quickly,”

what? ” Jiang Li pondered. are we gathering our forces? ”

“Marquis Linmo.”

let's go. Jiang Li waved his right hand. let's go to the 'Marquis Linmo'.

“Yes!”

“as you command, hegemon!”

The battlefield commanders responded.

“Rumble!”

The mechanical Army flew at full speed.

He pointed straight at Marquis Linmo.

At this moment.

in another part of the shu country.

Shua! Shua! Shua!

Three incomparably Holy radiances appeared.

It was as if he had descended from the nine Heavens.

It was sacred and inviolable.

When the light dissipated.

three beautiful women entered his sight.

her skin was fair, and her face was exquisite. she was like the most perfect work of art in the world.

There were Holy angelic wings on his back.

A God warrior!

An Angel!

“By God’s order, no creature is allowed to touch the origin of the God clan.”

“Retrieve the ‘demonic god Source’.”

“Let’s go!”

Buzzzzzz!

The three angels transformed into streams of light.

In the blink of an eye.

He disappeared into the horizon.

In another place in the northern region of the Holy peace Region.

Ghostmist forest.

The human-ghost race had already been slaughtered by Jiang Li's mechanical Army. The entire forest had become ruins. There were holes all over the ground.

“my venerable self's casual arrangement was actually uprooted.”

At this moment.

suddenly, a thick ghostly mist spread out.

In an instant.

The entire ghost Mist Forest was covered by ghost mist.

it seemed to have returned to its original state.

Chapter 480 Nine people

Jiang Li's mechanical Army arrived at the territory of Lord Linmo first. The huge mechanical Army was like a vast and endless dark cloud, blocking the sky.

Below.

What came into view were Plains, forests, and lakes. Human villages and cities had long been ravaged by the beasts, turning into ruins.

Soon after.

The mechanical Army began to get into formation, waiting for the arrival of the mutant beast Army.

Half an hour later.

BOOM! BOOM!

The ground shook.

It was like the sound of ten thousand horses galloping.

In all directions.

there were countless strange fierce beasts surging over.

“Roar!”

the beast roared deafeningly.

A total of eight mutant beasts had gathered together, forming an Army of hundreds of millions of beasts. They set off a terrifying sandstorm.

The mechanical Army that was charging at Jiang Li.

ruler's Dragon divine weapon!

Jiang Li reached out his hand.

Wuwuwuwuwu!

Immediately.

the peak-stage fifth-rank divine Dominator Dragon weapon on his wrist transformed into a black liquid that twisted and changed shape, finally transforming into a massive black Dragon-headed saber.

“Gather!”

shua! Shua! Shua!

A total of 20 million ruler Dragon divine soldiers rushed out of the mechanical Army. The 100-meter-long giant Steel Dragons turned into streams of light.

All of them merged into the black Dragon-head saber in Jiang Li's hand.

In the blink of an eye.

The Black Dragon head saber turned into a giant blade that was a million meters long.

It went straight into the sky.

“Slash!”

BOOM!

die! Jiang Li activated his true essence and slashed.

Bang!

The light was dazzling.

the huge long saber fell as if the sky had collapsed, and the sound of an explosion rang out.

“Rumble!”

one blade!

” sandstorm slash! ” jiang li exploded the sandstorm slash with one strike!

It wreaked havoc across the horizon.

“Attack!”

go! Jiang Li waved his hand and gave an order.

boom! BOOM! BOOM!

Immediately.

Super mech artilleries, omnipotent tanks, laser Annihilator units, super Ares-class troops, and super missile troops.

The five long-range mechanical armies.

At the same time.

They fired shells and missiles.

“Fire!”

“Fire!”

In an instant.

Hundreds of millions of artillery shells and missiles fell on the mutant beast Army below. The overwhelming scene couldn't be described with words.

“roar!”

The mutant beast roared and spat out beams of light from its mouth. They were like lasers, colliding with countless cannonballs and missiles in the air.

At this moment.

The sky was filled with flames.

...

Countless explosions were heard.

bang bang bang bang!

The earth cracked, and the storm of the explosion swept in all directions.

Kachaa! “crack!”

Pfft! Pfft! Pfft!

One after another, the mutant beasts were sent flying by the storm of explosions. Their bodies were torn apart, and blood splattered everywhere, covering the battlefield.

The war had broken out.

The two sides had just met.

It directly started a huge war.

mechanical fortress soldiers, move out!

BOOM! BOOM! BOOM!

...

the next moment.

A total of 100 perfected-stage level five mechanical soldiers descended from the Super carriers and entered the battlefield. The huge cylindrical mechanical fortress was like a life Reaper on the battlefield, wreaking havoc in all directions.

Dadada!

Heavy machine guns, heavy artillery, and black missiles.

They were continuously fired out.

A large number of mutant beasts were killed.

The battle was extremely intense.

“Puppet army, move out!”

Shua! shua!

The Super transport soldiers landed.

The door of the cabin opened.

After that.

The soul realm controllers controlled the puppet army of 200 million puppet Warriors and directly charged at the Army of mutant beasts.

Close combat.

Whoosh! Whoosh! Whoosh!

It could be seen.

There were three Type 6 puppet Warriors, as well as a number of type 5 puppet Warriors.

like an invincible existence, they wreaked havoc on the battlefield, charging into the center of the mutant beast army. their targets were the type 5 mutant beasts, killing them.

It could be said that ...

From the very beginning.

Jiang Li's mechanical Army had the absolute advantage.

One had to know.

Jiang Li's number one and number two merged with the mechanical Army, and together with the puppet army, he had a total of one billion soldiers.

It was several times more than the Army of mutant beasts.

Not to mention.

Jiang Li's war weapons were extremely destructive and covered a wide area. The Army of beasts didn't have a formation to protect them.

It was a complete massacre.

Buzzzzzz! Wuuwuwuwu!

On the battlefield.

Soul Fire Seeds kept floating out and merging into Jiang Li's body. He had captured a large number of Soul Fire Seeds and gained a lot.

at this moment.

After MYL01 absorbed enough remnant souls, it started to absorb the soul Fragments.

His evolution progress had reached 100% again.

“Upgrade.”

buzzzzzz!

Jiang Li used 200 billion energy points to upgrade MYL01 to the mid-stage of level six. Naturally, MYL01's strength had improved.

“Obliteration storm!”

BOOM!

MYL01 shouted and released his demon spirit energy, forming circles of destructive ripples that spread across the battlefield. With just one strike, hundreds of thousands of mutant beasts were killed.

Shua! Shua!

At this moment.

Far away from the battlefield.

Finally ...

There were three level six barbarians from the Holy Land of the Barbarian tribe, three level six half-monsters from the half-monster Alliance, three angel warriors from the gods race, and one innate ghost.

they appeared one after another.

However ...

They didn't show themselves. Instead, they concealed their auras and hid in the clouds.

They watched the battlefield.

“.....”

The black-robed Grade 6 barbarian looked at the battlefield with a grave expression. He then said in a deep voice, ” they are the great Xia Army. I didn't expect that the final Victor of the northern region dynasty competition in the Holy

peace state would not be the three great Marquis kingdoms, but the never-before-heard 'great Xia Dynasty'.

"A new dynasty!"

"Indeed,"

the blue-robed sixth grade barbarian nodded, " furthermore, the soldiers of the great xia army are really strange. i've never seen these powerful weapons before. "

"It's terrifyingly powerful."

"it's similar to the art of engineering, but there are also many differences."

The white-robed sixth level barbarian said in a surprised tone, " "I never thought that the demon God Army would actually be at a disadvantage. If this continues, the entire Demon God Army will probably be destroyed by the great Xia Dynasty's Army."

"The great Xia Army!"

Long Qi took a deep breath, his eyes heavy, " I have underestimated the great Xia Dynasty. To think that they have such a terrifying and powerful Army.

" they even suppressed the demon god army. "

"Yes."

Long Jue nodded and muttered to himself for a moment, however, these beasts are only the vanguard of the demon God Army.

"The real main force has yet to appear."

"Don't reveal yourself for now, just wait and see."

Miao Miao said.

“.....”

The three God race battle soldier angels looked at each other. They didn't say anything and didn't move. They just looked at the battlefield.

the connate ghost was surrounded by a strange ghost fog that completely concealed his aura. he looked at the battlefield and his eyes flickered, ” from the traces left behind by the battlefield, the human ghost clan that i casually set up in the ghost fog forest should have been destroyed by the great xia dynasty. ”

“The Grand Xia Army against the demon God Army.”

“who will win the final victory?”

“Rumble!”

at this moment.

The war had only lasted for less than half an hour.

From the direction of the desert of death.

what's going on? ” Jiang Li heard a huge noise. He looked up and saw endless sandstorms like tornadoes. It was like an endless disaster was coming.

The sandstorm brought the main force of the demon God Army.

As well as the demon God Army.

The earth trembled.

Countless mutant beasts were running. Some of them had wings and were flying in the sky. They looked like dragons, and they formed a huge Army in the sky.

“Kill!”

“Attack!”

“Roar!”

Not only that.

This time.

The demon God Army’s main force was no longer led by high-level mutant beasts. Instead, they were humanoid existences that possessed intelligence and wisdom.

Commanding the battlefield.

“Slash!”

BOOM!

Jiang Li stood on the nine-thousand-meter-long Azure dragon’s head, holding the million-meter-long black Dragon-headed broadsword that pierced into the sky like a pillar.

die! Jiang Li slashed again.

It was as if a heavenly pillar had collapsed as it slashed towards the main forces of the fiendcelestials.

“Demon God wings!”

“Whoosh!!!”

At this moment.

in the middle of the sandstorm, a type 6 existence rushed out and roared. endless black and purple light bloomed.

after that.

A vast demonic God's wings of light were formed.

The two wings combined.

It was like a huge shield.

He blocked Jiang Li's attack.

bang!

The Black Dragon-headed saber slashed down and collided with the demonic wings, creating an incomparably huge explosion. Boundless storms wreaked havoc, energy exploded, and light burst forth.

“BOOM!”

After that.

the wings of the demon god exploded.

Pfff!

The rank six Demon God's subordinate vomited blood and was sent flying. He stabilized himself after flying for tens of thousands of meters and stared at Jiang Li.

“Demon God Army!”

“The direct troops of the demon God have appeared!”

“a rank six ‘fiendcelestial beast’!”

In the surroundings.

Long Qi and his men's eyes were burning as they looked at the battlefield.

Fiendcelestial beast.

This was no longer an ordinary ‘mutated fierce beast’. It was a mutation that had occurred after the’ demonic god ‘had personally implanted his’ demonic god bloodline ‘into his body.

It could be said that ...

‘Fiendcelestial beasts’ were the direct subordinates of ‘fiendcelestials’. They had undergone a transformation on the level of life, turning from ferocious beasts into a true living race.

It possessed intelligence and wisdom.

Buzzzzzz! buzzzzzz! “Whoosh!!!”

The sandstorm covered the battlefield and formed a domain that suppressed Jiang Li's meches. It had the power of an Army.

It had resisted the bombardment of the artillery.

At the same time.

A total of one billion demonic god troops, along with the ‘million elite demonic god troops’, had entered the battlefield, fending off DTS01, ynjsw01, the mechanical fortress troops, the type 5 puppet Warriors, and the type 4 mech Army.

On the battlefield.

They were evenly matched.

BOOM! BOOM! BOOM!

The sound of explosions continued.

“Roar!”

The beast roared.

It was as if it would never stop.

As time passed.

Jiang Li’s meches were also being lost and scrapped.

the loss of the puppet warriors was even greater.

“Biochemical poison!”

Buzzzzzz!

The Super biochemical soldiers released biochemical toxins and corroded the mutant beasts, turning them into ‘puppet zombies’ and turning the enemy into our combat power.

“Human!”

Finally ...

The nine demonic beast commanders of the ‘demonic god Army’ appeared.

Nine!

A total of nine Tier 6 experts!

Among them.

The nine-meter-tall fiendcelestial beast in the lead was surrounded by black mist. It was like a giant, and it was the commander of the fiendcelestial Army. It had reached the perfected stage of Tier 6.
