

Army 481

Chapter 481 The sword comes

“nine class 6 experts.”

Jiang Li squinted and looked at the nine rank-six fiendcelestial beasts in front of him. I have four soul realm controllers, three rank-six puppet Warriors, and a mid-rank-six MYL01.

“There are only eight rank six experts.”

“However, soul realm controllers aren’t good at direct combat.”

“There’s still Yingluo.”

Jiang Li looked around the battlefield.

Obviously.

Jiang Li had 200 million super Intel soldiers monitoring the entire battlefield. They were able to see Long Qi and the others as soon as they appeared.

It was useless no matter how well they hid.

“As expected,”

Jiang Li thought, barbarians, half-monsters, even the God race and the ghost race are involved. Only the ‘demon race’ hasn’t shown up yet.

“Kill!”

BOOM!

There were nine rank six fiendcelestial beasts.

They attacked at the same time.

They attacked Jiang Li directly.

In that instant.

The purple-black demonic power was like a curtain in the sky, attacking Jiang Li.

“Soul realm!”

Buzzzzzz! Buzzzzzz!

The four soul realm controllers made their moves.

A vast soul realm was opened.

The four soul realms were superimposed.

Bang!

It blocked the demonic God’s power that was like a heavenly curtain.

“Obliteration storm!”

MYL01 made his move and released a powerful force, killing one of the fiendcelestial beasts. An intense battle broke out, and the two sides collided, causing explosions to ring out continuously.

“Kill!”

shua! Shua!

At the same time.

The three Type 6 puppet Warriors joined forces to fight against the three Type 6 fiendcelestial beasts.

At this moment.

Jiang Li's eight rank-six subordinates had a fierce battle with the nine rank-six fiendcelestial beasts. The four soul realm controllers trapped the five rank-six fiendcelestial beasts with four soul realms.

Among them.

It also included the fiendcelestial beast commander at the perfected stage of the rank six realm, Ming Luo.

the 'fiendcelestial' has actually nurtured so many 'fiendcelestial beasts' in secret over the past few thousand years. There are actually nine rank six fiendcelestial beasts!

“‘Ming Luo’ has even broken through to the great circle of rank six!”

the great Xia Dynasty's performance was even more unexpected. I can't believe that the great Xia Dynasty is a new dynasty and has eight Type 6 experts!

even some low-level empires don't have such a Foundation.

” unbelievable! ”

“That's good too. The stronger the great Xia Dynasty is, the more it can consume the demon God Army's strength. When the demon God Army and the great Xia Army both suffer heavy losses, it will be our turn to act.”

Long Qi and his men observed the situation on the battlefield and made a decision in their hearts.

Buzzzzzz! Buzzzzzz!

As time passed.

A large number of mutated beasts died and Jiang Li caught a lot of Soul Fire Seeds, including several level-five Soul Fire Seeds and many level-four Soul Fire Seeds.

“Recover! Recover!”

Jiang Li used energy points again and again to repair the damage of the soul realm controller, MYL01, the mechanical soldiers, and the level four meches.

“There’s something strange.”

Ming Luo looked at the battlefield and the soul realm controller, frowning. their injuries have recovered in the blink of an eye. They don’t look like normal living beings at all.

“Could it be that Qianqian?”

Shua!

Ming Luo raised his head and looked at Jiang Li.

“Everyone,”

...

kill him! Ming Luo shouted, ” break through the blockade immediately and kill Emperor Xia, Jiang Li!

“Yes!”

“Understood!”

“alright!”

The other eight rank six fiendcelestial beasts looked at each other and nodded at the same time.

“Let’s join hands!”

“Whoosh!!!”

The nine rank six fiendcelestial beasts joined forces.

their auras were connected.

at this moment.

Boundless demonic god Power was released from their bodies, and a black-purple radiance bloomed like an incomparably huge sun.

...

It shone in all directions.

“Demon God Dharma form!”

BOOM!

it could be seen.

The nine rank six fiendcelestial beasts, with ‘Ming Luo’ as the leader, gathered all their power and then conjured a vast fiendcelestial Dharma.

it reached a height of a million meters.

“break!”

Bang!

Ming Luo let out a loud roar and unleashed the power of his Demon God celestial appearance. Then, he blasted out a huge black-purple light pillar, which penetrated the four soul realms.

Kachaa! Kachaa!

boom!

The soul realm exploded.

Bang! Bang! Bang! Bang! Bang! Bang! Bang! Bang!

At the same time.

The four soul realm controllers were sent flying backward.

this was the first time!

This was the first time the soul realm of a soul realm master was destroyed by an enemy.

“True spirit obliteration!”

Buzzzzzz!

The four soul realm controllers immediately released their strongest skills. Mechanical Soul energy filled the air, forming a strange soul fluctuation that surged toward Ming Luo.

“This is!”

the innate ghost’s eyes narrowed. ” the ability of the ghost race! ”

“It’s no use!”

Roar!

Ming Luo roared, and the power of the demon God Dharma form burst out again. Black and purple ripples spread out, blocking the true soul obliteration skill of the four soul realm controllers.

“Kill!”

MYL01 attacked and released the skill ‘blade of silence’. The demonic spirit energy exploded, forming destructive storms and ripples. Then, the destructive storms and ripples were controlled by MYL01, gradually condensing and turning into a substance.

In the end, it turned into a long, straight, pitch-black saber.

It emitted the fluctuations of ‘Nirvana’.

“Slash!”

BOOM!

MYL01 slashed out with his saber, and waves of Saber Light burst forth.

Bang!

Ming Luo threw a punch and knocked back MYL01, but a wound that could not be healed appeared on the body of the demon God materialization, which was entangled with the waves of Quietus.

“What kind of power is this?”

Ming Luo made a soft sound of surprise.

“Kill!”

Shua! shua!

Immediately.

the other three type 6 puppet warriors attacked. the four soul realm controllers recovered after jiang li used up their energy points.

The soul realm opened again.

He had temporarily stalled Ming Luo.

“So strong!”

Jiang Li’s subordinates are so powerful!

furthermore, his injuries are recovering too quickly. This is not normal at all.

Long Qi and his men were shocked.

“It should be about time now.”

Jiang Li murmured.

Shua!

After that.

The Dominator panel opened.

Jiang Li clicked on the soul Tinder.

one had to know.

jiang li's mechanical army and the demon god army had been fighting for more than half a day. both sides had suffered heavy losses. more than two hundred million of jiang li's meches were scrapped.

At the same time.

The mutant beast Army also lost more than 200 million.

This allowed Jiang Li to gain a large number of soul Tinders.

Other than that.

Jiang Li had annihilated two armies of mutated beasts and obtained many soul Tinders. Some of them were in the 'former SkyDemon Kingdom' and 'former Black Dragon barbarian kingdom'.

They continued to kill large numbers of berserk beasts.

A large number of soul Tinders also dropped.

[soul Tinder: 48.92 million level-one soul Tinders, 4.79 million level-two soul Tinders, 210000 level-three soul Tinders, 4900 level-four soul Tinders, one level-five Demon Soul Tinder fragment, 35 level-five soul Tinders, one level-six soul Tinder]

“Fuse.”

Buzzzzzz!

fuse. Jiang Li activated the soul Tinder fusion function and fused all the level-one soul Tinders. He did it 4.892 million times in total.

He had obtained 1.64 million stage-two soul Tinders.

“Continue.”

shua!

The fusion interface appeared.

Jiang Li fused all 6.43 million level-two soul Tinders and fused them 643000 times, obtaining 110000 level-three soul Tinders.

“Again,”

Buzzzzzz!

Jiang Li quickly fused 320000 level-three soul Tinders with one key. He fused 32000 times and got 3600 level-four soul Tinders.

After that.

jiang li then fused 8500 level-four soul tinders 850 times and got 85 level-five soul tinders.

“Eighty-five plus thirty-five.”

I have 120 level-five soul Tinders. I can get a level-six soul Tinder. Jiang Li was excited.

fuse the fifth-rank soul Tinder!

Buzzzzzz!

Within Jiang Li’s sight.

the fusion interface appeared, and purple soul tinders appeared one after another. all of them were level five soul tinders, and they gathered and fused together.

One had to know.

ming luo’s strength burst out, and the demon god dharma form was almost invincible.

Once again, he tore apart the soul realm of the soul realm controller and the two Type 6 puppet Warriors.

jiang li could recover the meches with energy points, but not the puppet warriors.

It was damaged again and again.

The puppet warrior of the sixth step could no longer hold on.

Time was running out.

so, jiang li fused a hundred level-five soul tinders at once.

Ten fusions!

[fusion failed!]

.....

[fusion failed!]

.....

In front of him.

Notifications kept popping up. Jiang Li couldn't help but hold his breath.

[fusion successful!]

Finally!

Buzzzzzz!

A touch of purple-gold light appeared and gathered together, forming a solid light spot, floating in front of Jiang Li.

Sixth-tier soul Tinder!

It was a success!

“Alright!”

I'll upgrade it. a smile appeared on Jiang Li's face. He consumed the two level-six soul Tinders without hesitation. upgrade it to 'Overlord Dragon divine weapon' immediately.

“Roar!”

The true dragon roared.

Jiang Li raised his right hand.

The Dragon-shaped bracelet on his wrist flew out and turned into a ten-thousand-meter-long true steel Dragon. It was extremely powerful, and the two sixth-tier soul Tinders and twenty billion energy points were all integrated into the body of the Overlord Dragon divine weapon.

The light flickered.

After a few seconds.

The Overlord Dragon divine weapon had completed its upgrade.

He had reached the initial stage of the sixth step.

after that.

the body of the true dragon of the overlord dragon divine weapon grew from ten thousand meters long to one hundred thousand meters long. it really looked like the true dragon in the legends.

It was completely black.

“upgrade!”

Buzzzzzz! Buzzzzzz!

Jiang Li immediately used 2.8 trillion energy points to upgrade the Dominator Dragon divine weapon three levels in a row, from the early stage to the complete stage.

In the end.

the ruler's dragon divine weapon had reached a height of a million meters.

Such a true Dragon's body.

It occupied the sky.

It was incomparably vast.

just the size of a dragon scale was like a huge mountain.

“Hahahahaha!”

Jiang Li laughed.

“This bi an ...”

In the surroundings.

There were three sixth level half-demons, three sixth level barbarians, the three angels, and the mysterious innate ghost.

They were all stunned.

They looked up at the true dragon of steel in the sky.

he looked extremely shocked.

He was too strong!

This power!

He was simply too strong!

One had to know.

The ruler's Dragon divine weapon was an elite fused soldier type.

And it was a combat-type mech.

“This aura!”

At the center of the desert of death.

The demon God also sensed the aura of the ‘Dominator Dragon divine weapon’ and let out a cry of shock.

bang!

The next moment.

The divine weapon of the Overlord Dragon launched an attack on Ming Luo. It swung its Divine Dragon Tail, and the huge Dragon Tail smashed over as if the sky was falling.

“Ah!”

Pfft!

Ming Luo let out a blood-curdling screech. The fiendcelestial Dharma form was unable to resist and was sent flying. He spat out a mouthful of blood, and the other eight rank six fiendcelestial beasts were also sent flying.

They were all injured!

“Sword, come!”

Jiang Li raised his right hand and shouted.

Buzzzzzz!

Immediately.

roar! the steel true dragon that was a million meters long roared. Under the gazes of countless creatures, it turned into liquid metal and flew toward Jiang Li like a Black Lightning.

Finally.

It fell into Jiang Li’s hand and turned into a pitch-black Dragon-scaled longsword.

The black sword glowed with a cold light.

Chapter 482 sword slash

In the sky above the battlefield.

Jiang Li was looking down at the entire battlefield.

The war between the mechanical Army and the demon God Army had already entered a state of white heat.

BOOM! BOOM! BOOM!

The sounds of explosions from cannonballs and missiles kept ringing in his ears.

A large number of meches were destroyed, but they also killed a large number of mutated beasts.

This allowed Jiang Li to harvest a large number of soul Tinders.

The number of soul Tinders in his hands was gradually increasing again.

Shua! Shua! Shua!

The four soul realm controllers, MYL01, and the only rank 6 puppet warrior left the battlefield and stood next to Jiang Li.

it was like a myriad of stars surrounding the moon.

Right in front.

* Cough cough *

Ming Luo coughed out blood. He was just sent flying by the divine weapon of the Dragon sovereign's tail, and the powerful force had directly injured his body.

Pfff!

The other eight rank six fiendcelestial beasts were also more or less injured.

Wuwuwuwuwu!

The power of the demon God surged.

the demon god dharma form was slowly recovering.

Shua!

fusion unit type: divine weapon of the Dragon Overlord (elite) ”

advancement requirements: two level-seven soul Tinders, two trillion energy points ”

Immediately.

Jiang Li checked the basic information of the Overlord Dragon divine weapon.

In short.

There wasn’t much change in his skills.

It had gained a new top-tier rank 6 skill called 'Dragon God Nirvana storm'.

“just now ...”

Outside the battlefield.

what happened? ” the three level six barbarians hiding in the dark stared at Jiang Li in shock. that incomparably terrifying creature was like a true dragon of the nation.”

“How did it appear?”

that size is too huge. It's actually a million meters long. Only the Imperial dynasty has a 'true dragon with National aura' of this level!

“This is unbelievable.”

“It's definitely not the true dragon of the nation!”

“even Luo Ming was injured by a single strike.”

“I did not expect the great Xia Dynasty to have such a terrifying heritage,” Long Qi and the others said in shock.

“.....”

The three God race Battle Angels also had serious looks in their eyes.

the innate ghost remained silent and after a while, he murmured, ” first, the four of them have abilities similar to the ghost clan. They can destroy the true spirit.

“And now, such a powerful being has appeared.”

“I really can’t see through this Emperor Xia, Jiang Li.”

“Kill!”

“Whoosh!!!”

At this moment.

...

Ming Luo’s face turned serious after the Dharma form was restored. He didn’t dare to be careless. The nine rank-six fiendcelestial beasts started to attack Jiang Li together.

“Roar!”

Immediately.

There was a rank six fiendcelestial beast that looked like a huge lizard with wings. It had the appearance of a Western Dragon. It opened its mouth and roared out a pillar of Black Flame.

it pierced through jiang li.

“Slash!”

Clang!

At this moment.

It was the sound of a sword.

Overlord weapon! Jiang Li held the ‘Overlord Dragon divine weapon’ tightly. The power of the peak-stage rank six Overlord Dragon divine weapon made Jiang Li feel invincible.

Shua!

...

jiang li held the black dragon-scale sword in his hand and activated his true essence. the true core in his body rotated and released a vast amount of true essence. then, he slashed.

In that instant.

A dazzling black crescent-shaped sword radiance swept across the sky.

Bang!

die! the black pillar of fire was destroyed by Jiang Li’s sword.

“ah!”

Pfff!

A miserable scream rang out.

arghh! the dragon-like fiendcelestial beast screamed. The remaining power of Jiang Li’s sword landed on him and left a deep wound on his chest.

One sword!

Jiang Li injured the rank-six fiendcelestial beast with one strike.

it could be seen from this.

The might of the ‘divine weapon of a Dragon sovereign’ was truly terrifying.

One had to know.

It was just a casual strike from Jiang Li.

boom! BOOM! BOOM!

An explosion sounded.

Around Jiang Li.

The eight rank six fiendcelestial beasts attacked together. Their attacks contained terrifying fiendcelestial power, shaking the sky.

“Good!”

Azure Dragon art! Jiang Li took a deep breath and shouted, ” the Azure Dragon art of the Xia Dynasty!

“roar!”

The Xia Dynasty Azure Dragon’s Roar shook the heavens and earth.

The next moment.

The 9,000-meter-long Azure Dragon merged into Jiang Li’s body. The power of the Xia Dynasty was added to Jiang Li’s body, causing his aura to rise.

At the same time.

It turned into a green Azure Dragon Armor.

“Break!”

Bang Bang Bang Bang!

true energy! Jiang Li roared. His true energy shook the sky and endless power burst out. The green light was so dazzling that it turned into a Green Sun.

“Kill!”

BOOM!

Jiang Li didn't use any martial arts techniques, nor did he release the skills of the Dominator Dragon divine weapon. He just held the Black Dragon-scaled longsword and swung it.

After that.

The green-black sword light bloomed like a ring.

In an instant.

Just like that, the attacks of the eight fiendcelestial beasts were all blocked.

Bang Bang Bang Bang Bang Bang

at this moment.

Jiang Li stood in the center of the battlefield. His might as a human King had reached an extreme. He suppressed the entire battlefield like an invincible God of War.

“Si si si ...”

“How can he be so strong?”

“This is impossible!”

he’s only at the perfected stage of Tier 5. How can he have such strength? even if he’s a dynasty’s King and can borrow the power of the nation’s fate, it’s impossible for him to reach this level!

the only explanation is the Black Dragon-scaled longsword in his hand!

it’s a profound weapon transformed from that million-meter long true dragon!

“what is it?”

In the surroundings.

Long Qi and the others were shocked, and their hearts were filled with horror.

“What a good Tao Wu, so strong!”

Ming Luo was terrified. He maintained the fiendcelestial Dharma form and sensed the condition of the other eight fiendcelestial beasts. They were more or less injured.

commander Ming Luo, this human race King is very abnormal!

his cultivation base is clearly only at the perfected stage of Tier 5. How is it possible for him to unleash such strength? ”

“What do we do now?”

“Even when we join forces, we’re still not his match.”

furthermore, this human tribe leader has six Type 6 subordinates.

The rank six fiendcelestial beast generals shouted in a heavy tone.

“Kill!”

boom!

This time.

let’s go. Jiang Li attacked first. He didn’t give Ming Luo and the others a chance to breathe. With the power of the ‘divine weapon of the Dominator Dragon’, Jiang Li’s strength had reached a terrifying level.

In a flash, he charged at the closest rank six fiendcelestial beast.

“Dragon God’s breath cut!”

Finally ...

Dragon Breath. Jiang Li used the skill of the ‘Dominator Dragon weapon’, level three top-tier Dragon Breath’. Under the effect of the ‘Dominator weapon’, the power of the Dragon Breath turned into a breath slash.

Shua!

It could be seen.

Dragon Breath! after Jiang Li swung his sword, the Dragon scale sword fell and a giant black Dragon head appeared. The Dragon head opened its bloody mouth and roared out a Black Dragon Breath.

it was like a sea of fire.

After they gathered together.

it turned into a dragon-shaped sword light burning with black flames!

it was a killing move!

“Be careful!”

The other rank six fiendcelestial beasts cried out in alarm.

“Ah!”

A furious roar rang out.

This rank six fiendcelestial beast had a human-like body, but it had the head of a giant crocodile. Its entire body was pitch-black, and it was covered in fine and tough scales.

there was a spiral-shaped horn on its forehead.

“demon god’s power!”

The giant crocodile fiendcelestial beast roared and released all of its power. The vast energy shook the surrounding space. Heaven-shaking strike!”

Finally ...

The giant crocodile fiendcelestial beast displayed its strongest technique.

The purple-black demonic God’s power surrounded him.

Behind the giant crocodile fiendcelestial beast, the Dharma form of a giant crocodile appeared out of thin air. Then, it merged with his body, causing his body to expand in the wind.

He had actually transformed into an ancient crocodile that was hundreds of thousands of meters long.

The true form of the giant crocodile!

“roar!”

The ancient crocodile pounced at Jiang Li.

Its might was monstrous.

“this fiendcelestial beast’s attack is very powerful.”

“He’s definitely going all out.”

“.....”

The sixth-grade barbarians and half-demons were closely watching the battlefield.

They couldn’t help but hold their breaths.

“Exterminate!”

Humph! Jiang Li snorted. Without any hesitation, he increased the power of his sword and slashed at the ancient crocodile with Dragon Breath.

“Pfft!”

After that.

It was like a steel knife cutting into tofu.

Unimpeded.

it was simply too weak to withstand a blow.

the dragon-shaped sword projection that was burning with black flames easily tore through the ancient crocodile's body. the vast divine dragon flames began to burn.

It covered his body.

“Ah!”

A shrill scream rang out.

Bang Bang Bang Bang!

The ancient crocodile exploded, and its energy dissipated.

“No!”

“Pfft!”

arghh! the giant crocodile screamed and spat out blood. Its body was cut in half by Jiang Li's sword.

Clang!

The next moment.

The sword light flashed.

the giant crocodile fiendcelestial beast's head shot up into the sky.

die! Jiang Li cut off the head.

The giant crocodile fiendcelestial beast.

He was annihilated!

“This Suan ni, this Suan ni”

“Si si si ...”

“he's dead! the level-six fiendcelestial beast was killed by jiang li with one strike!”

“This is too fast.”

Everyone was shocked.

“Giant crocodile!”

Ming Luo's pupils contracted.

Without the soul Tinder dropping, MYL01 immediately devoured the giant crocodile fiendgod beast's remnant soul. After absorbing it all, there was a clear improvement in his evolution. He estimated that it would not be long before he could meet the conditions for another upgrade.

“As expected of the divine weapon of a Dragon Overlord.”

Jiang Li looked at the Black Dragon Scale longsword in his hand with satisfaction.

one had to know.

Jiang Li's attack just now.

he had only used a 'top-tier third-rank' skill.

With just one strike, he had severely injured the Tier 6 giant crocodile fiendcelestial beast.

Then, he beheaded the man with one strike.

it was hard to imagine.

If Jiang Li released a 'top-tier level-six' skill, how powerful would it be?

To what extent would it improve?

Finally, it would be layered with true essence, National aura, and the power of the National aura Saint weapon.

What level would it reach?

It was hard to imagine.

“Kill!”

Jiang Li took a deep breath and calmed himself down. He looked at the other eight rank six fiendcelestial beasts and attacked again.

“Demon God Dharma form!”

die! Ming Luo roared and attacked first. Under Ming Luo's control, the giant Demon God Dharma form punched at Jiang Li. The huge fist print was like the sky collapsing.

“Soul Society! Open!”

Buzzzzzz!

immediately.

the four soul realm controllers took action. with the help of the energy points, they had already recovered and immediately unleashed their four-layered soul realm.

Bang!

The overlapping of four soul realms blocked Ming Luo’s attack.

Pfff!

Roar!

After that.

Dragon Breath cut! Jiang Li waved his hand and cut off the head of one of the rank-six fiendcelestial beasts. He killed another rank-six fiendcelestial beast.

Chapter 483 Appearance

Jiang Li now had the ‘divine weapon of the Dominator,’ which was a complete-stage rank-six weapon. He was almost invincible among the rank-six experts. He also had four soul realm controllers, MYL01, and a rank-six puppet warrior.

Ming Luo and the others were not his match.

He was at a disadvantage.

“Ah!”

Pfft!

Another agonized cry of a rank six fiendcelestial beast was heard.

Blood splattered everywhere.

The fiendcelestial beast’s blood filled the sky.

This time, it was the Western-dragon-like fiendcelestial beast that was killed. Its huge head was cut off by Jiang Li and its huge body fell from the sky.

buzzzzzz!

This time.

However, a purple-gold light shone from the body of the giant dragon fiendcelestial beast.

immediately after.

They slowly gathered.

It turned into a purple-gold light spot.

With a whoosh.

It merged into Jiang Li’s forehead.

He disappeared.

Shua!

[acquired a Tier 6 soul Tinder!]

A notification appeared.

“Hahahahaha!”

hahahaha! Jiang Li laughed and looked happy. He stared at Ming Luo and the other rank-six fiendcelestial beasts as if they were rank-six soul fires.

kill!!!

die! Jiang Li shouted and attacked again with the Black Dragon Scale sword.

Shua!

an invincible sword light swept across the sky.

Bang Bang Bang Bang!

At the side.

The four soul realm controllers, MYL01, and a Type 6 puppet warrior followed Jiang Li closely, helping him to share the pressure.

one had to know.

a rank six fiendcelestial beast.

After killing them.

Not only could the corpses be made into 'Level 6 puppet Warriors', but there was also a chance of a level 6 soul Tinder dropping. Jiang Li wouldn't let them go.

Other than that.

Jiang Li also put the level six barbarians, level six half-monsters, and level six gods and ghosts hiding around the battlefield on his kill list.

however ...

Although Jiang Li knew where they were hiding, he didn't tell them on purpose. He pretended not to know them and that they were here.

He would deal with these fiendcelestial beasts first.

These were the half-demons, barbarians, gods, and ghosts.

Jiang Li guessed that there was a 90% chance that it was related to the 'Demon God' that was about to break the seal.

"The situation doesn't look good!"

long qi and the others frowned. "if this goes on, i'm afraid all nine of the rank six fiendcelestial beasts will die in jiang li's hands. this isn't going to be a lose-lose situation. "

"jiang li is too strong. he's only at the peak of level five, but he killed three level six fiendcelestial beasts with a strange weapon. "

"Do you want to make a move?"

He couldn't help it.

They were caught in a dilemma.

in the depths of the desert of death.

buzzzzzz! Buzzzzzz!

The purple-black Vortex continued to expand, continuously obliterating the seven-colored array diagram's array patterns. Faintly, this 'demonic god' seemed to be getting a little anxious.

Obviously.

He had already sensed the death of three of his direct subordinates.

"I have to break the seal as soon as possible!"

...

"As long as we break out of the seal, no matter who it is, we will all die!" The demon God shouted.

Kachaa! Kachaa!

The seven-colored array diagram continued to crack.

From the looks of it.

The demon slaying God slaying Seven Star formation couldn't last much longer.

"dragon god cannon!"

boom!

Jiang Li raised the Dragon scale sword. The tip of the sword changed. It twisted like liquid metal and instantly turned into a huge black cannon with a dragon head.

“Fire!”

Thump!

Jiang Li’s body shook.

...

The Dragon God cannon was fired.

“what is it?”

“What kind of weapon is this Kasaya?”

isn’t Jiang Li’s weapon a long sword? ”

“Why would I?”

All the living beings were astonished.

Not only that.

Ming Luo and the others did not react in time.

“BOOM!”

“Ah!”

after that.

The pitch-black energy Cannonball of the Dragon God cannon was extremely fast. In an instant, it exploded on the chest of a middle-stage sixth-rank fiendcelestial beast.

The Dragon God cannon exploded.

“Rumble!”

It was deafening.

the power of the explosion spread and reached an extremely terrifying level. it was far beyond the power of ordinary missiles and contained a destructive wave.

“Pfft!”

Blood splattered everywhere.

the middle-stage rank six fiendcelestial beast was blasted into an extremely miserable state. it cried out in pain as its chest was blasted through, creating a transparent hole.

clang!

jiang li arrived at top speed.

The sword swept across.

He cut off the other party’s head.

He had killed another rank six fiendcelestial beast.

On the battlefield.

Now, there were only five class 6 fiendcelestial beasts left.

Among them.

Ming Luo was at the great circle of the sixth step.

There was also a late-stage rank six.

The other three were all at the middle stage of the sixth step.

“Kill!”

Ming Luo roared and led the remaining four rank six fiendcelestial beasts to attack Jiang Li.

Obviously.

Ming Luo and the others knew that they were no longer Jiang Li’s match.

but ...

They didn’t escape, nor did they retreat.

instead, they attacked jiang li with determination.

“As long as we can hold on until master breaks the seal.”

Ming Luo’s eyes were deep as he clenched his fist, ” it’s victory!

“Dragon God’s destruction slash!”

Buzzzzzz!

Dragon God destruction light wave. Jiang Li took a deep breath and released the ‘Dragon God destruction light wave’ of the Overlord Dragon divine weapon, which turned into a destructive light wave.

“Whoosh!”

After Jiang Li’s attack.

He released his true essence.

With the blessing of the country’s fate.

a black dragon-shaped sword light appeared, containing destructive fluctuations. in the end, it turned into a half-moon black sword light that was 100000 meters long.

They filled the sky above the battlefield.

Bang! bang!

The sword slashed down.

It shattered all the attacks of Ming Luo and the others.

A huge explosion was heard.

the demonic god’s power dispersed.

Pfft!

“Ah!”

The three mid-stage rank six fiendcelestial beasts screamed repeatedly and spat out blood. Their bodies flew backward, and they were seriously injured. Their fiendcelestial appearances collapsed and could no longer be maintained.

“No!”

Ming Luo’s eyes widened.

“pfft!”

After that.

Ming Luo and the fiendcelestial beast of the late stage of the sixth rank also spat out blood.

His injuries were not light.

Jiang Li defeated five rank-six fiendcelestial beasts with one strike.

“Nirvana blade!”

Shua!

MYL01 took the opportunity to kill his way to the side of a heavily injured middle-stage sixth-rank fiendcelestial beast. His figure appeared, and he conjured a straight blade of Quietus.

The blade of Nirvana slashed out.

“Pfft!”

The black blade flashed.

This heavily injured middle-stage type 6 fiendcelestial beast was beheaded by the blade of the MYL01, and died.

“Soul energy attack!”

BOOM!

The four soul realm controllers worked together to condense the soul energy of their machines into a shock wave that looked like a beam of energy, like a laser beam.

Pfff!

The head of the late-stage rank six fiendcelestial beast was crushed.

Its huge head was reduced to dust.

It was as if he had evaporated from the world.

All that was left was a headless corpse that fell to the ground.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

The MYL01 had devoured the souls of 2 Type 6 fiendcelestial beasts, as well as the souls of many mutant beasts and demon soldiers that had fallen.

his evolution progress had reached 100% again.

He could advance now.

“Upgrade.”

shua!

Jiang Li immediately used 400 billion energy points to upgrade MYL01.

Buzzzzzz!

a white light flashed on myl01's body.

He directly advanced from the middle stage of the sixth step to the late stage.

His strength had increased again.

The skill's grade had been upgraded.

“Do it!”

boom!

All of a sudden.

The three sixth-grade barbarians who were hiding outside the battlefield were the first to lose their patience. They immediately charged into the battlefield.

His goal was clear.

It was not Jiang Li.

it was jiang li's last rank six puppet warrior.

It was obviously unrealistic to kill Jiang Li with a sneak attack, so destroying one of Jiang Li's sixth-rank puppets could weaken Jiang Li's strength.

“Barbarian’s strength!”

The black-robed barbarian shouted. Then, he waved his right hand, and a black spear appeared in his hand. spirit-slaughtering spear art! The spirit-slaughtering spear!”

“whoosh!”

The black spear light pierced through the air, containing a spear intent that could slaughter all living beings.

kachaa! Kachaa!

bang!

an explosion sounded.

the puppet warrior of the sixth step had already reached its limit after such an intense battle.

Finally, it was completely scrapped.

It turned into ashes.

“Kill!”

Shua! Shua!

The white-robed barbarian and the blue-robed barbarian were working together. The white-robed barbarian was using a sword, while the blue-robed barbarian was using a saber. The saber and the sword were working together, and the cycle of yin and yang could be felt.

The saber Light and the sword shadow overlapped.

He slashed at Jiang Li.

“The Barbarian tribe!”

long qi cried out in surprise, ” they’re here, as expected. ”

“Should we make a move?”

Long han asked.

“Don’t worry.”

Miao Miao said.

“.....”

The three God race Battle Angels were still calmly observing the changes on the battlefield.

“The Barbarian tribe is the first to lose their patience.”

the innate ghost murmured.

Clang! Clang!

two crisp sounds.

Jiang Li swung his sword. The Dragon scale sword expanded in the wind and turned into a giant sword. It shattered the sword light and blocked the barbarian’s attack.

Shua! Shua! Shua!

The figures of the three sixth level barbarians flickered and stood together.

“Barbarian.”

Jiang Li held the sword in his right hand and pointed the tip of the sword to the ground. He looked at the three level six barbarians calmly. He could feel a strong aura from them.

Tier 6 perfection!

These three level six barbarians were all in the great circle of level six!

As expected of someone from the ‘Holy Land’.

He was very powerful.

” jiang li, emperor xia. ”

The Barbarian in black stared at Jiang Li and shook the spear in his hand. The spear contained a terrifying spear intent. He asked, ” “Were you the one who destroyed the ‘northern region Division of the Holy peace Region’?”

“what’s wrong? You want to condemn me?”

it’s nothing. Jiang Li’s eyes were calm. it’s just a barbarian tribe. So what if I destroy it? ”

“arrogant!”

The white-robed barbarian chided, ” what a good human King! He really doesn’t know the immensity of the heavens and earth. Even the human Emperor is like an ant in front of the ‘Holy Land’!

“not to mention you.”

“You want to die?”

I can help you! Jiang Li’s eyes were cold. I can help you!

Buzzzzzz!

As soon as he finished speaking.

The four soul realm controllers immediately activated the power of their soul realms, forming a suppression effect on the three level 6 barbarians.

BOOM!

The three level 6 barbarians shook their bodies. Their barbarian power gushed out and also formed a domain. It supported their bodies and offset the suppression of the soul realm.

“Don’t show off such small tricks.”

The black-robed barbarian said in a cold voice.

“Is that so?”

Clang!

Dragon God destructive light wave! Jiang Li used the Dragon God destructive light wave and his soul realm to send three level six barbarians flying.

“you!”

The three sixth-grade barbarians were shocked.

One had to know.

They were all at the perfected stage of tier six, but Jiang Li beat them back with one strike.

The terrifying power even injured them.

Shua! Shua!

at this moment.

Ming Luo and the other two rank six fiendcelestial beasts quickly moved away from Jiang Li and stood on the other side of the battlefield.

“the barbarian tribe has appeared.”

Ming Luo’s gaze was heavy. my Lord was right. The Barbarian tribe really sent barbarians here. And they are three barbarians who have completed level six.

since the barbarians are here, the half-monsters of the half-monster Alliance must be nearby.

Thinking of this ...

Ming Luo’s eyes immediately looked around.

“hu ~~ hu ~ hu ~”

The Barbarian in black calmed down. He then looked at a few places outside the battlefield and shouted,” a few from the half-monster Alliance, the angel soldier of the God race, and the ghost race who hide their heads but show their tails.

“We’ve already shown ourselves. Do you still want to continue hiding in the dark?”

Chapter 484

The battlefield was silent for a while.

He did not speak.

Buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

After that.

The energy around the battlefield surged.

there were three level six half-fiends from the half-fiend alliance, three battle angel warriors from the celestials, and finally, the ghost surrounded by a strange ghost fog.

In total, there were seven experts at the peak of the sixth step.

They all appeared.

He appeared in the sky above the battlefield.

Jiang Li’s expression didn’t change. He just looked around calmly.

Jiang Li was planning to kill the barbarians and half-demons one by one after he killed the level-six fiendcelestial beasts.

But now it seemed ...

It had to be brought forward.

Right now, on the field.

This included the three rank six fiendcelestial beasts.

In total, there were thirteen powerhouses of the sixth step.

“hmp!”

long qi snorted coldly, his eyes glaring at the black robed man, obviously unhappy that the man had revealed them.

However ...

The current situation was not good for fighting.

After that.

Long Qi looked at Jiang Li again, put his hands behind his back, and said in a cold tone, ” Emperor Xia, Jiang Li. You can get lost now.

“Human King of the human race, leave this place immediately.”

“This is not something you can get involved in.”

“Leave, or die!”

Immediately after.

The three battle soldier angels also stared at Jiang Li.

he reproached.

In reality.

if it wasn't for jiang li's power, they would've been afraid of him.

they weren't 'persuading' jiang li to leave with words, they were fighting him.

"Emperor Xia."

On the other hand, the innate ghost's eyes were calm and he said indifferently, "The 'human ghost clan' that I've specially set up in the 'ghost Mist Forest' should have extraordinary battle power after so many years of development."

"but you've ruined it,"

"You are an innate ghost."

Jiang Li squinted.

Then, he looked at the innate ghost race with a burning gaze.

One had to know.

The human-ghost clan.

The probability of a soul Tinder dropping was 100%.

Furthermore ...

The success rate of the fusion was also 100%.

This connate ghost who was surrounded by a strange ghostly mist ...

It was of a higher level than the human-ghost clan.

The chances of soul Tinder dropping and fusing with it should be 100%.

Thinking of this ...

Jiang Li was excited.

The most important thing was ...

If he could capture this innate ghost, he might be able to find out the whereabouts of the other human-ghost race members. By then, he would have a huge amount of Soul Fire Seeds.

Moreover, it was the kind that had a 100% success rate.

“Hu ~~ Hu ~ Hu ~”

Jiang Li took a deep breath and calmed himself down.

Don't be anxious.

...

Don't scare this connate ghost away.

I raised the human-ghost clan to deal with the demon God Army at this time. However, you destroyed it. How do you think you should be punished? ”

The innate ghost scolded.

“There’s more,”

” you are the one who destroyed the sub-league of the half-monster alliance in the northern region of the saint peace state, right? ” long qi said in a deep voice.

Jiang Li, Emperor Xia.

I’ll give you a chance to live. the black-robed barbarian shouted. leave this great Xia Army behind and help us resist the demon God Army.

“And then get out of our sight.”

“Otherwise, this place will be your burial ground today.”

“Whoosh!!!”

As soon as he finished speaking.

...

That included the three God race Battle Angels.

There were a total of ten experts at the perfected stage of the sixth step.

they released their power at the same time, forming a terrifying pressure. it was as if the sky had collapsed and was pressing down on jiang li, creating a spirit qi storm.

The wind swept across the sky.

They were trying to force Jiang Li.

“Soul realm!”

Immediately.

The four soul realm controllers used their skills, and the four soul realms that could originally expand by a million meters were now suppressed by the ten peak-stage rank 6 experts.

It could only cover the surrounding ten thousand meters.

“Hahahahaha!”

haha! Jiang Li laughed. He held the sword in his right hand and activated his cultivation technique. His true essence shook and the power of the nation’s fate covered his body. The green light bloomed and became thicker.

“Roar!”

The next moment.

A Dragon’s Roar was heard.

BOOM!

Jiang Li’s aura exploded. The Black Dragon Scale sword also released terrifying power. The power of the Dominator Dragon divine weapon and Jiang Li’s power began to merge.

After that.

it was the manifestation of a million-meter-long true dragon.

It went straight into the clouds.

It directly shattered the pressure of ten experts at the peak of the sixth stage.

The Dragon's might was vast.

It was extremely powerful.

“What?”

The black-robed man was shocked. how could there be such a powerful aura? ”
This Tao Wu, this Tao Wu, he actually broke through our combined pressure.”

“si si si ...”

the other two barbarians also gasped.

“this is impossible!”

Long Qi exclaimed.

“Be careful!”

I'm afraid that the strength of this Xia Dynasty human King is not as simple as we thought, ” long han shouted. this kind of power is faintly touching the seventh-tier.

“Invincible at the sixth step?”

Miao Miao's eyes were solemn.

as expected of the human tribe leader who can unify the entire northern region of the Holy peace Region under such circumstances. The means he has are indeed powerful.

The innate ghost took a deep breath and with a wave of his right hand, the strange ghost fog trembled and a black tripod cauldron flew out, floating above his head.

A mist of light fell down like a waterfall.

It enveloped his body.

Clang! Clang! Clang!

Three sword hums.

The three God race Battle Angels waved their right hands.

He took out three pure white sacred angelic swords, and a holy sword light bloomed.

The power was even stronger.

” commander, what do we do now? ”

not far away.

The wolf-headed fiendcelestial beast at the middle stage of the sixth rank asked Luo Ming in a low voice.

“We’ll wait and see,”

Ming Luo said, ” let’s not interfere. The longer we delay, the better. As long as the master comes out of seclusion, all the living beings here will die.

“Yes.”

The wolf-headed fiendcelestial beast nodded solemnly.

In reality.

As the fiendcelestial beast had been severely injured, only three of the nine rank six fiendcelestial beasts were left, and they were all injured. Hence, Long Qi and the others had temporarily ignored Luo Ming.

“Kill!”

Jiang Li pointed his sword at the creatures. half-monsters, barbarians, gods, and ghosts, I’m here to see how strong you are.

“Nirvana blade!”

buzzzzzz!

MYL01 made the first move. He had already advanced to late-stage rank-6, and on top of that, he was a special troop type with powerful combat strength. He would not be afraid even if he were to face an ordinary perfected rank-6.

He attacked with his strongest killing move.

In that instant.

The blade of Quietus slashed out, and the pitch-black blade light seemed to cut through the space. The aura of Quietus spread out and killed the innate ghost.

“Three-legged ghost cauldron!”

The innate ghost’s pupils contracted and he waved his right hand. The black tripod cauldron above his head released its power and formed a light shield in front of him. suppress!

BOOM!

myl01's blade hit the light shield.

kachaa! Kachaa!

The light shield shattered.

The innate ghost was shocked and dodged quickly, " what a strong power! This power and aura are similar to that of a devil. First, it was a human ghost, and now, it's a devil.

what other tricks does Jiang Li have? "

"BOOM!"

An explosion sounded.

the energy from the collision between the two exploded, forming a shock wave that shook the surroundings. the innate ghost was forced to retreat, and myl01 was also sent flying.

However ...

MYL01 and the innate ghost were fighting.

for the time being.

They seemed to be evenly matched.

"Soul Society! True spirit obliteration!"

the next moment.

The four soul realm controllers joined hands and overlapped their four soul realms. Their power multiplied and covered the three God clan Battle Angel warriors.

Not only that.

The four soul realm Masters didn't hesitate to use the 'true soul obliteration' skill. A strange true soul fluctuation spread out and attacked the angel.

“The sword of judgment!”

Clang!

the three god race battle angels raised the sacred angelic swords in their hands, and holy angelic power burst forth. dazzling sword light slashed out in all directions.

It blocked the fluctuations of the true soul obliteration skill.

Bang Bang Bang Bang!

Explosions sounded one after another.

The four soul realm controllers temporarily trapped the three God race Battle Angel warriors.

Jiang Li, Emperor Xia.

I have to admit that you are indeed very strong. You've even managed to subdue so many powerful experts with strange abilities! the black-robed barbarian shouted.

“However, you're the only one left now. Do you still want to fight one against six?”

“That's right.”

Long Qi nodded and stared at Jiang Li. if you want to live, get out of here. Leave the Xia Army behind and stop the demon God Army for us.

The half-fiend, barbarian, Angel, and the innate ghost.

Although he didn't show it on his face.

But in their hearts, they had already tacitly agreed to join forces.

jiang li couldn't get involved in the secret of the demon god.

“Dragon God's destruction slash!”

BOOM!

let's go! Jiang Li responded with action. The million-meter long true dragon disappeared and merged into Jiang Li's body.

it made jiang li even more powerful.

He slashed out with his sword.

“Roar!”

the dragon god's light wave was released. it turned into a terrifying green-black dragon-shaped sword light. it contained the power of the destructive sword intent and slashed towards the black-clothed barbarian.

“You're looking for death!”

kill!!!

Jiang Li, since you want to die, I'll kill you first! su mo roared.

“Do it!”

BOOM! BOOM! boom!

As soon as he finished speaking.

Three level six barbarians and three level six half-monsters, a total of six masters who had completed level six, attacked Jiang Li together. Vast energy filled the entire battlefield.

“Break!”

BOOM!

The power released by the six perfected-stage tier six experts reached its limit. A colorful energy pillar pierced through the sky and shattered Jiang Li’s sword light.

It exploded in the sky.

“kill!”

“Rumble!”

A series of explosions rang out.

In the sky above the battlefield.

Jiang Li was fighting six people at once. His true essence was shaking, and he was protected by the National aura. Countless Dragon-shaped sword auras swept across the battlefield, shattering Long Qi’s attacks.

“Damn it!”

Long Qi's face was heavy, " how could he be so strong? This doesn't look like the power of a level six. Is Emperor Xia Jiang Li really only at the perfected level five?"

we've been fighting for so long. The six of us joined forces, but we still can't take down a mere king of a dynasty!

"You bastard!"

the black-robed barbarians shouted in anger.

"What a good fellow."

the innate ghost was shocked. he looked at jiang li and said, " with such strength, he's fighting six perfected Tier 6 martial artists with a cultivation base of the fifth tier.

he's one major realm above his opponent. Moreover, he's fighting six of them at once.

"This is simply inconceivable!"

Obviously.

This innate ghost was obviously much stronger than MYL01, but he deliberately did not use his full strength and hid his strength.

Not only that.

The three God race Battle Angel warriors were also intentionally delayed by the soul realm master.

his goal was simple.

they didn't want to waste too much energy. they just wanted the three level-six barbarians and the three level-six half monsters to fight jiang li with all their might.

After all ...

on the surface, they were temporarily working together, but they were also competitors.

Naturally, they each had their own ulterior motives.

kill!!!

BOOM!

"jiang li! " the barbarian in black yelled and stabbed at jiang li with his spear. the spear light was like a laser, but jiang li dodged it.

shua! shua!

Long Qi and his men quickly came to attack.

Clang!

die! Jiang Li swung his sword and blocked their attack.

"dragon god nirvana storm!"

"Whoosh!!!"

The battle had reached this point.

Jiang Li finally got used to the ‘dominating Dragon divine weapon’ and could release all its power.

so,

jiang li didn’t hesitate at all.

He directly used the most powerful skill of the ‘divine weapon of the Dominator Dragon’.

Chapter 485

“Roar!”

The Dragon’s Roar shook the sky.

Jiang Li raised the Black Dragon Scale longsword in his hand. The Black Dragon Scale longsword grew at a speed visible to the naked eye and instantly grew to a million meters long.

It went straight into the sky.

It was already impossible to see the complete body of the sword.

“whoosh!!!”

He activated his cultivation technique.

Jiang Li kept injecting his true essence into the sword. The blue power of the nation fate was wrapped around the sword, and the aura of destruction flowed around the sword.

The sword was surrounded by a dark green Dragon-shaped mist.

A Tier 6 skill!

It was the Dragon God Nirvana storm!

this was the most powerful ability of the divine weapon.

Summon the power of Nirvana, forming a boundless storm that can destroy everything within its range. No one below the seventh step can resist it.

“What’s this Kasaya?”

Instantly.

Long Qi and his men were shocked.

“Let’s join hands!”

A terrified expression appeared on the barbarian’s face. He then shouted, ” “Hurry up! Don’t hide your strength anymore, or else we’ll all be in deep trouble!”

“Spear of slaughter!”

as soon as he finished speaking.

The Barbarian in black didn’t hesitate to use his most powerful technique. He poured all of his barbarian power into it, forming a huge spear that was hundreds of thousands of meters long.

it was aimed at jiang li.

“slash!”

Bang!

die! Jiang Li's sword had accumulated enough energy, and he slashed down with all his might. The million-meter long sword slashed down with the power of destruction.

BOOM!

An explosion sounded.

“Ah!”

arghh! the Barbarian in black screamed. His spear of slaughter exploded. It was no match for Jiang Li's attack. The huge spear of slaughter was shattered into light spots.

not only that.

The black-robed barbarian was sent flying. He vomited a mouthful of blood, and was sent flying for hundreds of thousands of meters. He crashed into the ground, and created an incomparably huge pit.

Dust and dirt rolled.

His life or death was unknown.

“the yin yang wheel of swords and sabers!”

Shua! Shua!

The white-robed and blue-robed barbarians were shocked. They had never thought that the black-robed barbarian would be so vulnerable that he would be seriously injured.

Immediately.

They used a joint attack.

The saber and sword rotated, forming a blue and white light wheel, spinning like a yin-yang diagram. The saber Light and sword shadow burst forth, wreaking havoc in all directions and blasting forward.

kachaa!

“BOOM!”

Jiang Li’s sword continued to fall. The yin-yang wheel hit the sword. The will of Quietus rotated and destroyed the power of the yin-yang wheel.

There was a loud explosion.

“Ah!”

Pfft! Pfft!

Blood splattered everywhere.

The white-robed and blue-robed barbarians screamed in pain. The Yin Yang wheel of their swords and sabers exploded, and the shadows of their swords and sabers were shattered. The two sixth-ranked barbarians were severely injured and were sent flying.

“!!!”

Long Qi’s pupils contracted, his shock and fear reaching its peak.

“This is impossible!”

The Dragon centipede screamed.

“Are you guys stupid?”

“Quickly, form the ‘half-demonic three-Saint formation’!” Miao Miao shouted. Hurry up!”

...

As soon as he finished speaking.

immediately.

with miao miao as the leader, they took the lead and stood in the eastern direction, long chen in the northern direction and long qi in the southern direction, forming a triangle.

Shua! shua!

After that.

They formed a seal with their hands, and their half-demonic power surged out, forming countless seals. They all gathered together and formed the ‘half-demonic three-Saint formation’.

Buzzzzzz!

Immediately.

Once the formation was completed.

Their powers merged into one, and the 'half-demon three-Saint formation' formed a giant half-demon Dharma idol that was a million meters tall. It was a giant with a dragon head.

it contained a powerful aura.

...

“‘Half-demonic three-Saint formation’!”

this is no ordinary formation! the innate ghost exclaimed, ” there’s no limit to the power it can unleash! The stronger the members of the formation are, the stronger the power it can unleash!

“Kill!”

Long Qi and the others roared as they activated the ‘half demonic three sacred formation’. The huge Dragon-headed giant let out an earth-shaking roar.

It crashed into Jiang Li’s giant sword.

finally.

The two sides collided head-on.

“Rumble!”

Instantly.

When the two sides collided, only the sound of continuous explosions could be heard. A dazzling white light bloomed and illuminated the sky in all directions.

Bang Bang Bang Bang!

A destructive storm swept in all directions.

Kachaa! Kachaa!

The ground crumbled, the mountains collapsed, and the rivers flowed backward.

it was as if the sky had fallen and the earth had cracked.

Not only that.

A large number of mutant beasts and meches were also affected. Many of them died and the meches were scrapped.

The fish in the pond were implicated.

“Who’s the last one?”

On the ground.

The Man in Black coughed up blood. He was badly injured. He looked up at the battlefield and said, ” with the power of the half-demonic three-Saint formation and our previous attack, no matter how strong Jiang Li is, he can’t win.

you’re right. Jiang Li will lose for sure.

“It’s absolutely impossible for him to withstand the power of the half-demonic three-Saint formation after breaking our attack,” the other two barbarians also said.

“That’s impossible!”

“Si si si ...”

Ming Luo couldn't help but take a deep breath. He looked at the scene and his heart trembled, "such a terrifying battle, is it really just a sixth-rank?"

He couldn't help it.

ming luos was a little worried.

One had to know.

Although master is a true seventh step, after being sealed for so many years, in addition to the continuous obliteration of the 'demon slaying and God slaying Seven Star formation', master's strength has long since fallen.

"Ah!"

pfft! Pfft! Pfft!

Within the dazzling white light.

three pained screams were heard.

Immediately after.

Three figures were sent flying out of the white light, spitting blood. They flew hundreds of thousands of meters away and crashed on the ground.

He was severely injured.

"roar!"

the dragon's roar shook the heavens and earth.

boom!

after that.

The Overlord Dragon divine weapon revealed its true form, and another true steel Dragon that was a million meters long appeared. Its body wriggled and filled the sky above the battlefield, dispersing the energy ripples in the surroundings.

Shua!

Jiang Li was standing on the head of the true steel Dragon. Compared to the million-meter long Dragon, Jiang Li was less than two meters tall. He looked tiny.

However ...

Jiang Li's power made all the creatures look at him.

“Impossible!”

The black-robed man's eyes widened, and he screamed in fear.

“He's the one who's crying!”

Ming Luo was also incomparably shocked, and his voice trembled as he said, ” ” he actually managed to injure six peak-stage type 6 experts while fighting one against six. ”

“Si si si ...”

Gasps could be heard from the surroundings.

* Cough cough *

On the ground.

In the huge pit.

Long Qi, long Jue, and Miao Miao.

Three level six half-demons.

They were lying inside and their injuries were not light. They coughed up blood and their faces were pale. They crawled up from the ground with difficulty and immediately took out pills from their arms to swallow.

He circulated his half-demonic energy to refine the medicine and recover from his injuries.

buzzzzzz!

okay. Jiang Li used energy points to recover the energy of the Dominator Dragon divine weapon.

One had to know.

Dragon God Nirvana storm slash! Jiang Li had experienced an intense battle with the 'divine weapon of the Dominator' and just released all his energy to use the 'Dragon God Nirvana storm slash'.

It had almost exhausted the energy of the divine weapon.

After consuming the energy points.

in the blink of an eye.

The Overlord Dragon divine weapon was completely restored.

At this moment.

Long Qi and the Barbarian in black had also absorbed the power of the elixir, and their injuries had recovered a lot. They immediately rushed out of the hole and flew into the sky.

“God race, ghost race.”

miao miao turned to the celestial battle angel and the innate ghost and scolded, ”
“Are you guys still trying to hide your strength?”

“If Emperor Xia is not eliminated, you can forget about getting that thing.”

the black-robed barbarian shouted.

“Hu ~~ Hu ~ Hu ~”

The innate ghost took a deep breath.

“that’s good.”

The three God race Battle Angels looked at each other and then nodded at the same time.

“kill them!”

Jiang Li said immediately.

“Yes.”

Roar!

The Overlord Dragon divine weapon opened its huge Dragon mouth, and a pitch-black Vortex appeared out of nowhere, just like a black hole.

“Dragon God Nirvana storm!”

BOOM!

Instantly.

The Dominator Dragon divine weapon spat out a Dragon Breath, and a destructive storm was released. It was like a beam Railgun, piercing through the sky and enveloping the three sixth level half-monsters and three sixth level barbarians.

It destroyed everything.

“no!”

Long Qi and the Barbarian in black widened their eyes.

It was as if he could feel the arrival of death.

Hurry up!

It was too fast!

The Dominator Dragon divine weapon had caught them off guard. They had never thought that the Dominator Dragon divine weapon would have the energy to release such an attack.

The most important thing was ...

Long Qi and the Barbarian in black were injured by Jiang Li's sword. Although they had taken pills to recover, they didn't fully recover.

“Ah!”

It was a critical moment.

long qi and the black-robed barbarian were fighting with their lives on the line. although long qi and the others did not have the time to form the ‘half-demon three saints formation’, they were still able to unleash their half-demon powers.

boom! BOOM! BOOM!

A series of explosions were heard as the half-beast and barbarian powers fought against the destructive storm of the Overlord Dragon divine weapon. Countless brilliant lights were produced when the two forces collided, as beautiful as fireworks.

BOOM!

In the end.

The half-Fey and barbarian powers were shattered.

there was a loud ‘boom’.

The Nirvana storm also exploded, forming a shockwave that swept in all directions.

“Ah!”

Pfft!

miserable screams rang out continuously.

Long Qi, the black-robed barbarian, and the rest of the six were sent flying by the shockwave. Their bodies were sent flying backwards, and the power of the Nirvana storm went deep into their bodies, shattering their internal organs.

His injuries were extremely severe.

buzzzzzz!

immediately.

jiang li raised his right hand. the million-meter long true steel dragon turned into liquid metal and fell into his hand like a black stream of light.

Once again, it transformed into a black longsword with dragon scales.

“die!”

Shua!

Jiang Li was as fast as lightning. He caught up with the Barbarian in blue who was the closest to him.

The sword slashed down.

Pfff!

The blue-robed barbarian’s head was sent flying.

“No!”

the black-robed man’s eyes were about to pop out of their sockets.

clang!

die! Jiang Li swung his sword again and cut off Long Chen’s head.

ppft! Pfft! Pfft!

At this moment.

kill them! Jiang Li started killing. The level six half-monsters and barbarians who were injured by the Dragon Breath of destruction couldn't withstand Jiang Li's sword at all.

In the blink of an eye.

Only the Barbarian in black and Miao Miao were left alive.

Jiang Li killed four perfected-stage level-six existences in a short time.

“This bi an ...”

Seeing such a scene.

The innate ghost who was about to attack was so scared that his face turned pale and he immediately stopped.

“.....”

The three God race Battle Angels also felt a bit more at ease with the sacred angelic swords in their hands.

“Whoosh!!!”

at the same time.

As there were no type 6 soul Tinders, MYL01 used its ability to devour the souls of these 4 type 6 powerhouses, increasing its own evolution.

“myl01” s evolution progress has reached 50%.”

Jiang Li took a look and said in joy, ” “I’m one step closer to the peak of Tier 6 now.”

Chapter 486 Breaking the seal

BOOM! BOOM! BOOM!

On the battlefield.

Countless cannons and grenades bombarded the demon God Army, and missiles swept the ground. The mutant beasts roared and shot out energy beams from their bloody mouths, crushing the meches one after another.

he looked around.

The ground was covered in corpses.

In this war, countless cities and villages in the entire territory of the Shu country’s Marquis Linmo were turned into ruins. Mountains collapsed and Plains crumbled.

it could be said to be a thousand miles of barren land.

it changed the environment.

Buzzzzzz! Buzzzzzz!

On the battlefield.

countless soul fire seeds formed a colorful torrent and flew into jiang li's body like stars.

From there, he had captured a large number of soul Tinders.

“Kill!”

Bang!

kill! Jiang Li's eyes were cold and he started killing. He flashed and attacked the Barbarian in black. As if he teleported, he appeared next to the Barbarian.

Clang!

The sound of a sword.

die! Jiang Li's sword slashed.

“No!”

The Barbarian in Black's pupils contracted. He squeezed out the last bit of energy in his body and stabbed out with difficulty. The black spear light was shattered by Jiang Li's sword.

Fear!

The black-robed barbarian's heart was filled with fear!

Up until now.

Jiang Li's strength was beyond everyone's expectation. He was invincible among all the level-six beings.

It was undefeatable for those who were not Grade 7.

one against six.

he had killed four peak-stage rank six experts.

It was invincible.

“die!”

“Pfft!”

Blood splattered everywhere.

jiang li's black dragon scale sword slashed down and cut off the head of the barbarian in black.

his head flew high into the air.

Thick blood spurted out from the broken neck like a fountain.

His body fell from the sky.

The three barbarians who came from the Holy Land of the Barbarian tribe were all killed by Jiang Li's sword.

“Run!”

miao miao's pupils shrank and her eyes were filled with fear.

At this very moment.

She finally understood.

Jiang Li, the Xia Emperor!

It was not something they could deal with.

He was too powerful.

From the beginning to the end.

They had all made a mistake.

The power of Emperor Xia, Jiang Li, was far beyond their expectations. In fact, he had already surpassed them. From the beginning, they had misunderstood the essence of this matter.

That was ...

Jiang Li was stronger than them!

He was not just a little stronger.

shua!

Miao Miao's figure was as fast as lightning. In the blink of an eye, she disappeared into the sky, leaving the battlefield.

“dragon god's destruction slash!”

Clang!

...

die! Jiang Li swung his sword. The Light of Destruction turned into a bright sword light in the shape of a half-moon and charged at Miao Miao.

“Ah!”

Pfft!

There was no surprise.

Jiang Li cut Miao Miao in half.

Blood spurted out.

she had directly died.

The two halves of the body fell to the ground.

Buzzzzzz! Buzzzzzz!

MYL01 absorbed another two complete-stage type 6 remnant souls, and its evolution progress was increasing at a visible rate, reaching 100% in no time.

“To think that such an unforeseen event would happen.”

...

The innate ghost had the intention to retreat. The situation had completely exceeded his expectations.

he would never have thought of it.

Three barbarians and three half-beasts were killed by Jiang Li even though they had joined forces.

“Things have become a little troublesome.”

what? ” the three angel warriors frowned. They were worried that Jiang Li would interfere.

“Si si si ...”

Luo Ming and the others gasped and looked at Jiang Li in fear.

“Kill!”

“Rumble!”

Jiang Li’s mechanical Army launched another assault and carpet bombing. Countless cannons and missiles rose into the sky and fell into the demon Army.

a large number of demon soldiers were killed in the explosion.

Bang Bang Bang!

At the same time.

Many meches were also destroyed. The huge Sky Fortress fell from the sky and turned into scrap metal.

The war had continued until now.

The demon God Army and Jiang Li’s mechanical Army suffered heavy losses.

Not only that.

The puppet army was left with less than 100 million.

More than half were lost.

However ...

As long as they won the war, the corpses of the mutated beasts and fiendcelestial beasts on the battlefield would be the best materials to refine puppet Warriors.

Only soul realm controllers and Mechanical Soul spiritualists were needed to make it.

He would be able to create a large number of puppet Warriors.

“BOOM!”

Finally ...

at this moment.

From the deepest part of the desert of death.

There was an explosion.

After that.

A seven-colored beam of light shot up into the sky, straight into the clouds. It seemed to pierce through the sky and tear the space apart.

“Roar!”

An earth-shattering explosion was heard.

The demon-slaying God-slaying Seven Star formation was completely shattered.

At the same time.

The ‘demonic god’ sealed by the formation was awakened and broke out. The aura of the demonic god wreaked havoc, and with the seven-colored light pillar as the center, it continuously spread out.

Buzzzzzz!

The next moment.

The purple-black Vortex appeared and devoured the seven-colored light pillar. It appeared in the sky and devoured the endless spiritual Qi of heaven and earth.

“Demon God ‘devour’!”

The innate ghost raised his head and looked at the dark purple Whirlpool in the desert of death. His eyes were heavy and he said, ” “This fellow actually broke out of the seal so quickly.”

“It’s a day faster than expected.”

“Do it!”

Clang!

The next moment.

The three God race battle soldier angels looked at each other and slashed out with their swords. The holy sword light tore apart the soul realms of the four soul realm controllers.

Kachaa!

Shua!

Instantly.

Their figures shot through the air and turned into a sword light in an instant. They disappeared from where they were and charged into the deepest part of the death desert as fast as they could.

“Let’s go!”

After that.

The connate ghost immediately got rid of MYL01’s entanglement and rushed toward the death desert like a Black Lightning.

“Master has broken out of the seal!”

Ming Luo’s eyes widened, and his face was filled with ecstasy. He was very excited, and then he laughed wildly, ” hahaha, Yingluo, my Lord has finally broken the seal.

“That’s great.”

” the lord has awakened. the demon gods are invincible! ”

The other two rank six fiendcelestial beasts roared.

“demonic god.”

Jiang Li looked up too. Although he was far away, he could still feel the demon God’s terrifying aura. Jiang Li felt great pressure.

It was extraordinary.

The most important thing was ...

The strength of this aura.

it had already surpassed the sixth step and reached the seventh step.

“As expected,”

Jiang Li took a deep breath. this Demon God has reached Level Seven, but it just broke out of the seal. Plus, it's been sealed for thousands of years and has been refined by the 'demon-slaying and God-slaying Seven Star formation'. Its strength has decreased.

“It's not completely undefeatable.”

“Kill!”

BOOM!

Soon after.

Jiang Li's eyes were fixed on Luo Ming and the others. With the help of the soul realm controller, he immediately charged at the remaining three rank six fiendcelestial beasts.

“dragon god's destruction slash!”

clang!

die! Jiang Li's sword slashed and the destructive light wave fell.

“Ah!”

boom!

die! Ming Luo and the others roared and attacked together. They released their demonic power, forming a vast energy pillar that blocked Jiang Li's sword.

However, he was also sent flying by the shockwave of the explosion.

He coughed up blood.

“You dare!”

Jiang Li, Emperor Xia! Ming Luo shouted angrily, “our demonic Lord has broken out of the seal. The entire northern region of Saint peace state will be under the pressure of our Lord!

“You dare to attack us!”

“I am the human King of great Xia!”

jiang li's eyes were cold. he looked down at ming lu and the others and scolded, “the northern region of Saint peace state is the territory of great Xia. The land under the sky is the king's territory, and the land on the shore is the king's subjects.

” a mere demon god. one sword strike! ”

“Dragon God Nirvana slash!”

Clang!

As soon as he finished speaking.

” dragon scale sword. ” jiang li raised the dragon scale sword and released his most powerful skill again. the dragon scale sword grew in the wind and became a million meters long, piercing into the sky.

“Die!”

BOOM!

the vast giant sword slashed down, as if the sky was collapsing. it was unstoppable.

“No!”

luo ming and the others were terrified.

One had to know.

Jiang Li’s sword.

Its power had reached the limit of the sixth step.

Even the joint attack of six perfected-stage rank six fiendcelestial beasts could not stop them and were severely injured, let alone Ming Luo and the rest, who only had three rank six fiendcelestial beasts left.

“rumble!”

under jiang li’s attack, ming luo’s and the others ‘demonic god power was shattered and exploded. it hit ming luo and the others as if it was a piece of rotten wood.

“Ah!”

“Pfft!”

First of all ...

The two mid-stage rank six fiendcelestial beasts screamed repeatedly as their bodies were directly split in half by the power of the sword. Their life force was extinguished, and their corpses fell from the sky.

“Jiang Li!”

Ming Luo’s eyes widened, ” his Lord will never let you go!!!

Bang!

an explosion sounded.

Ming Luo self-destructed without hesitation. The self-destruction of a fiendcelestial beast at the perfected stage of the sixth rank produced a power that was too terrifying, tearing apart the power of the Dragon God Nirvana slash.

It was like a black hemisphere that was constantly spreading.

It spread across the battlefield.

“Soul realm!”

buzzzzzz!

the four soul realm controllers immediately used their soul realm skills to form a defense and blocked the blast of the self-explosion. however, their soul realms were also torn apart.

Pfft!

Jiang Li was sent flying with blood coming out of his mouth. He was slightly injured, but it wasn’t a big deal. He took out some pills and swallowed them. He recovered completely after refining the pills.

At this point.

Jiang Li killed all nine rank-six fiendcelestial beasts.

Not a single one was left alive.

“Whoosh!!!”

Finally ...

MYL01’s body glowed with the light of a demon spirit. He had absorbed enough remnant souls, and his evolution had reached 100%. He could continue to advance.

“Upgrade.”

Shua!

Jiang Li used 800 billion energy points to upgrade MY01 immediately.

MYL01’s body glowed.

A few seconds later.

MYL01 had completed its upgrade, reaching the peak of the sixth step, and the blade of extinction and other skills had all reached the level of the sixth step.

His strength had greatly increased.

His combat strength had increased by leaps and bounds.

“Thank you, chief sovereign!”

MYL01 saluted Jiang Li.

“Alright,” he said.

HM. Jiang Li looked at MYL01 and felt the powerful aura from him. It was only a little weaker than the Dominator Dragon divine weapon. He nodded in satisfaction.

BOOM! BOOM!

At this moment.

In the deepest part of the desert of death.

hmm? ” Jiang Li heard the sound of battle and immediately looked up. He saw energy waves spreading out from the depths of the desert of death.

A terrifying sandstorm swept in all directions.

obviously.

the experts of the god race and ghost race were already fighting with the demonic god tuner who had broken out of the seal.

Buzzzzzz!

At this moment.

hmm? ” Jiang Li suddenly saw an eye-catching purple-gold light at the spot where Ming Luo exploded. The purple-gold light kept gathering.

Finally.

It turned into a purple-gold light spot and flew to Jiang Li's face. It merged into Jiang Li's forehead and disappeared.

Shua!

[acquired a Tier 6 soul Tinder!]

A notification appeared!

Chapter 487 the arrival

“Hahahahaha!”

haha! Jiang Li laughed and looked very happy. I killed fifteen level-six creatures in total in this battle.

two sixth-tier soul Tinders actually dropped.

in this case, I'll have earned back the two sixth-tier soul Tinders I used to upgrade to the Overlord Dragon divine weapon. In addition, I'll also have a large number of soul Tinders below the sixth-tier.

“good, very good!”

mechanical Army, hear my order.

” attack! ” jiang li shouted and gave an order, ” fire at full force and destroy the demon god army as soon as possible. ”

Obviously.

Jiang Li didn't rush into the desert of death right away. Instead, he planned to take care of the demon God Army first and then attack the demon God devour.

Currently.

The experts of the God race and ghost race were currently fighting with the demonic god, devour.

It was impossible to determine the winner in a short time.

“Yes!”

“Yes, sir!”

attack!!!

BOOM! BOOM! BOOM!

The commanders responded.

Soon after.

The mechanical Army formed by various types of soldiers fearlessly charged at the demon God Army. Countless artillery shells rose into the air and missiles swept through the ground.

On the battlefield.

The small mushroom clouds rose up.

“Nirvana storm!”

“Roar!”

Jiang Li waved his right hand and released the ‘dominating Dragon divine weapon’. It turned into a million-meter-long steel Dragon. It opened its huge mouth and roared out the Dragon Breath of the storm of destruction.

it covered the entire battlefield.

This attack.

They had destroyed millions of mutant beasts.

“Nirvana blade!”

Shua!

myl01 released his strongest skill, the blade of extinction, which turned into a huge black blade light, and almost split the earth.

Bang Bang Bang Bang!

The four soul realm controllers also joined the battle.

His Mechanical Soul energy surged into the surroundings.

At this moment.

With the addition of six perfected-stage Tier 6 fiendcelestial beasts, they crushed the fiendcelestial Army in one fell swoop. The elite fiendcelestial Army was massacred, and a large number of fiendcelestial beasts fell.

Half an hour later.

Jiang Li’s mechanical Army immediately gained the upper hand with the help of the six peak-stage tier six Warriors. They almost wiped out the elite demon Army.

This allowed Jiang Li to capture a large number of soul Tinders.

Deep in the desert of death.

“Whoosh!!!”

The aftershock of the battle engulfed almost half of the death desert.

The entire sky.

Countless yellow sand filled the sky.

“devourer.”

Clang!

The three battle soldier angels of the God clan pointed their swords at the demonic god. Their expressions were cold and murderous. by the order of the God clan, I order you to immediately submit and hand over the ‘demonic god origin’.

“Hahahahaha!”

In front of them.

The purple-black light mist that filled the sky formed vortexes like black holes that devoured the life force of all living things. Only the dense light mist and the arrogant voice could be seen, but the true body of the demonic god devour could not be seen.

“By the order of the ‘God race’?”

The demonic god tunlu’s tone was mocking. don’t make me laugh my head off. You’re just a mere ‘Battle Angel’ created by the Celestials. How dare you talk big in front of me? ”

“Do you think you’re qualified to be called a ‘God’?”

“You still dare to use the God clan’s name to do things?”

...

“and you,”

Immediately after.

The demon God tunlu then turned to the innate ghost and sneered, ” GUI Li, you are clearly just a ‘ghost God’, yet you dare to call yourself an’ innate ghost race’.

“don’t you have any shame?”

“Hehe.”

The devouring demon continued to expose and mock, ” when you first plotted against me, the human Emperor of the North, that b * stard, was actually deceived by you.

the ‘demon-slaying and God-slaying Seven Star formation’ was said to be able to kill demons and gods. However, after it was successfully set up, it was missing a corner for no reason.

“Didn’t you all want to wait until today?”

“What a pity.”

“I’ve already seen through your scheme.”

“What?”

...

The demon God tunler looked around and suddenly frowned. why aren't the half-monster Alliance and the Barbarian tribe here? " Are you afraid of me? Hahaha!"

"they are already dead."

" hmph! " gui li snorted, " he was killed by jiang li, the human king of xia. "

" yes. " the three angels nodded. " six barbarians and half-demons at the perfected stage of level six were all killed by emperor xia, jiang li. "

"Not a single one was spared."

"He actually died."

The demon God tunlu was stunned. he's just a human tribe leader. How can he have such combat power? could he have reached tier 7? " no, if jiang li really reached level seven, you would've run away."

"Besides, how can a human King reach the seventh rank?"

"Oh."

The demon God tunlu quickly calmed down and sneered. I didn't expect that you all would witness the six barbarians and half-demons at the peak of the sixth level being killed by Emperor Xia.

"It's good to have fewer competitors."

GUI Li said.

"....."

The God race Battle Angel also nodded.

“Laughable, laughable.”

The fiendgod tuner snorted coldly. do you think the three of you can kill me? you’re overestimating yourself!”

“We’ll only know after the fight.”

gui li berated.

“arrogant!”

BOOM!

The fiendcelestial tuner roared and unleashed his move.

The power of the demon God surged.

a huge purple-black vortex appeared, and an extremely thick, dragon-like claw covered in pitch-black scales reached out from the purple-black vortex.

It covered the sky.

It was like a huge hand that covered the sky.

It blasted towards GUI li.

“ghost god cauldron!”

Bang!

GUI li shouted and waved his right hand. The three-legged cauldron above his head broke through the air and directly collided with the incomparably huge black-scaled giant hand, blocking the opponent's attack.

“The sacred angelic sword!”

Clang!

the god race's battle angel made its move. the saint sword slashed down and attacked.

“rumble!”

An intense battle broke out.

Four powerhouses at the great circle of the type 6 realm fought against the fiendgod tunlu, who had just broken out of his seal. As a result, his strength had fallen greatly, and his combat strength was greatly reduced.

so,

both sides seemed to be evenly matched.

“What?”

at this moment.

The fiendcelestial tunlu immediately sensed it. He immediately looked up in the direction of the Shu nation with a gloomy expression. my fiendcelestial beasts are all dead!

Obviously.

Ming Luo and the others died.

The fiendgod tunler sensed it immediately due to his bloodline.

Emperor Xia, Jiang Li!

The fiendgod tunlu took a deep breath, his eyes filled with killing intent as he berated in a deep voice, "you're really bold. I've just broken the seal, and you dare to kill all my fiendcelestial beasts.

"This is our chance!"

BOOM!

gui li's eyes lit up. he seized this opportunity and immediately attacked with all his might. the huge ghost god cauldron smashed forward, shattering a purple-black vortex.

A 'bang' was heard.

The vortex exploded.

The Devourer Demon God's true body was revealed.

"You still dare to be distracted while fighting us?"

GUI li shouted.

"You're looking for death!"

The demon God tunlu's heart was exposed. His killing intent surged and seemed to materialize. He waved his right hand, and a pitch-black heavenly halberd broke out from the depths of the death desert.

“Demon God halberd!”

BOOM!

The weapon was in his hand.

The fiendgod massacre’s might increased greatly.

I’ll kill you all first. Then I’ll cut Emperor Xia Jiang Li into pieces.

the fiendgod tuner shouted.

“Die!”

“Whoosh!!!”

Demon God tuner smashed down with his halberd, knocking GUI Li’s ghost God cauldron away. Then, he swept around and shattered the sword light from the celestial Battle Angel.

His fighting spirit was high.

The more he fought, the more powerful he became.

Vaguely.

The fiendcelestial gobbler began to gain the upper hand.

GUI li and the three God race battle soldier angels retreated.

They shrank the battle line.

At this moment.

The battlefield of Marquis Linmo.

At this moment.

Jiang Li's mechanical Army had completely suppressed the demon God Army. Even if Jiang Li mobilized high-end combat forces, it wouldn't affect the overall situation.

"It's almost time."

jiang li looked up.

He looked towards the depths of the desert of death.

"Let's go!"

Shua!

let's go. Jiang Li led the team on a nine-thousand-meter-long Azure Dragon. The Dominator Dragon divine weapon turned into a Dragon-shaped bracelet and Jiang Li wore it on his right wrist.

let's go. Jiang Li personally led the four soul realm controllers, MYL01, DTS01, and the Dominator Dragon divine soldier to the depths of the death desert as fast as possible.

On the other side.

the imperial capital of the grand xia.

Shua!

xia yan, who came from far away from the martial immortal court of the human race's 'division court of the holy peace state', appeared outside the imperial capital of great xia. he was dressed in green and wore a bamboo hat on his head, and the green veil on the bamboo hat blocked his face.

The green scimitar in his hand never left his side.

"We're here."

Xia Tian looked at the imperial capital in front of him. His expression was unclear, but his tone was calm. He raised his head and looked up into the sky. His eyes flickered, and it was obvious that he had discovered the air reconnaissance troops of the mechanical wing.

Even ...

The holographic camera of the holographic mech.

He had also noticed it.

"Interesting."

Xia Ling murmured.

his figure flashed.

He disappeared.

The next moment.

he appeared at the gates of the imperial capital of the grand xia.

The people who followed them into the city.

They entered the imperial capital together.

Originally.

Xia Tian planned to reveal his identity and meet Jiang Li, but he didn't sense the aura of the human King after he came to the imperial capital.

so,

Xia Tian changed his mind. He decided to stay in the imperial capital for a while. At the same time, he wanted to see what was so good about this new human dynasty that had risen in such a short time.

To think that he could unify the northern region of Saint peace state and rebuild the human empire.

In the depths of the desert of death.

Jiang Li had arrived with the meches.

BOOM! BOOM!

In front.

The demon God tunler unleashed his divine might, suppressing the experts of the ghost race and celestial race. His huge Demon God halberd swept across the sky.

Emperor Xia, Jiang Li!

Buzzzzzz!

The demon God looked up and stared at Jiang Li. " what a human tribe leader. you killed my subordinate and still dare to come here. "

“Die!”

boom!

Without the slightest hesitation.

die! the demon God’s power gathered in the attack. The halberd glowed and was aimed at Jiang Li.

“Nirvana blade!”

Bang!

die! MYL01 blocked Jiang Li’s way and slashed out the blade light of Quietus. It collided with the halberd light of the demon God devour in the air.

They exploded at the same time.

It made a huge sound.

The roar shook the surroundings.

Bang Bang Bang Bang!

the desert was like an ocean, with sand waves that were ten thousand meters high.

“Tier 6 perfection!”

GUI Li’s pupils contracted as he looked at MYL01 in shock and said, “If I didn’t remember wrongly, he should only be late-stage rank six.”

how did he reach the level of the perfected Tier 6 now? ”

“Is he hiding his strength?”

Chapter 488 level

One had to know.

Li Gui had fought with MYL01 before, so he was naturally clear about MYL01's strength and rank. Li Gui was very sure that he was not mistaken.

Jiang Li's subordinate who had the demonic power was only at the late stage of level six.

but now it seemed ...

Yet, he had actually reached the peak of the sixth step.

It was hard to understand.

Could it be that he had a breakthrough?

How was that possible?

How could he have broken through in such a short time?

It was simply a fantasy.

so,

GUI li suspected that MYL01 was hiding his strength.

“So it’s a perfected rank six fiend.”

HM? ” godfiend raised his eyebrows and stared at MYL01 in surprise. He then looked at Jiang Li. I didn’t expect you to be able to subdue the ‘demon’.

“You do have some ability.”

“However, compared to me, you’re still far from it.”

because the strength of a rank 7 is not something you can imagine. Even though I have been sealed by the ‘demon slaying and God slaying Seven Star formation’ for thousands of years, and I have just broken the seal, I can only barely have the battle strength of an early rank 7.

“But it’s still not something you can fight against.”

“Whoosh!!!”

As soon as he finished speaking.

The fiendgod tunler’s aura became even stronger, and he seemed to have recovered a lot.

After all, he had been sealed for thousands of years. In addition, he had just broken out of the seal, so he didn’t have enough control over his own condition.

now.

He had already recovered.

It was like a person in a ‘vegetative state’ who had been lying in bed for several years. One day, he would miraculously wake up, but it was impossible for him to get out of bed and move around as soon as he woke up. He would need rehabilitation treatment to slowly return to normal.

This was the case for the fiendgod gobbler.

He had just broken out of the seal, so he didn't have enough control over his body. After experiencing the battle with the ghost race and the God race, he was gradually recovering and controlling himself.

“Now.”

“I'll show you the power of a tier 7!” demon god tunlu shouted.

boom!

the devouring demon god's power continued to rise, gradually surpassing the sixth step and reaching the seventh step. purple-black light bloomed.

it was extremely rich.

A powerful pressure surged over.

what's wrong? ” Jiang Li felt great pressure.

Not only Jiang Li.

GUI li and the God race's battle soldier Angel also had heavy expressions. The strength displayed by the demon God tunler had exceeded their expectations.

They had not expected this.

It had been sealed by the demon-slaying and God-slaying Seven Star formation for thousands of years, yet the demon God devour still had the combat power of a tier 7 being. Such a change in the situation had exceeded their expectations.

He was caught off guard.

“Whoosh!!!”

Immediately after.

the purple-black mist that scattered in all directions was completely fused into the devourer devil’s body.

The fiendgod tunler revealed his true body.

what jiang li saw was a nine-meter-tall giant with a human-like body. he was muscular and extremely burly.

His four limbs were covered in purplish-black scales.

It had a pair of spiral horns on its head.

It was also similar to a bull’s horn.

His face was rough and wild.

He had a face that seemed to be cut by a knife.

It seemed to have a magical charm.

“Kill!”

Shua!

The demon God tunlu attacked with the demon God halberd in his hand and disappeared. He was so fast that Jiang Li couldn’t even catch him.

...

The next moment.

The fiendgod tunneler appeared in front of GUI li.

“Exterminate!”

BOOM!

The fiendcelestial’s devouring halberd smashed over.

“Ghost God cauldron!”

GUI Li’s pupils contracted. He felt a terrible sense of danger and immediately released the strongest power of the ghost God cauldron. Countless giant ghost God Dharma forms appeared.

“Small tricks.”

Bang Bang Bang Bang!

The demon God tunler wielded his Demon God halberd, and the halberd light pierced through the sky, shattering all the giant ghost God Dharma forms and exploding them.

“Ah!”

...

Pfft!

GUI li screamed as the ghost divine cauldron flew out.

“God clan’s judgement!”

Clang!

the god race battle angel shouted and attacked together, releasing a million-meter-long holy sword light that slashed toward the demon god devour.

“Demon God sky Shattering Strike!”

Thump!

The demon God tunlu howled and charged into the sky. He brandished his Demon God halberd and a huge halberd light bloomed, shattering the holy sword light.

“Ah!”

Bang Bang Bang Bang!

The three God race Battle Angels were sent flying, and they screamed in pain.

“Rumble!”

An intense battle erupted.

After the demon God tunlu burst out with the strength of an early stage type 7, he completely suppressed the God race’s Angel and GUI li, completely suppressing them.

It could be said that ...

The two sides were not on the same level at all.

Pfff!

GUI li vomited blood again. His ghost divine cauldron had been shattered by the demon God's devour.

“How did this happen?”

GUI li was terrified.

at this moment.

He finally panicked.

One had to know.

He had already used his trump card, but he had still been defeated by the fiendcelestial tuner. He was no match for the fiendcelestial tuner, who was at the early stage of the seventh rank.

All the methods he had prepared were useless.

* Cough cough *

Not far away.

The three God race Battle Angels knelt on one knee and coughed out blood. Their beautiful faces were pale, and their armors were damaged, revealing their snow-white skin.

Just now.

They had joined forces to form the ‘God clan’s Angel battle formation’, displaying battle prowess at the peak of the sixth step. However, they had still been forcefully crushed by the demon God devour.

It was impossible to resist.

Immediately.

The three God race Battle Angels were severely injured.

“hahahahaha!”

Demon God tunlu laughed wildly as he looked down at GUI li and the God race’s battle soldier Angel. His expression was filled with excitement. after I saw through your scheme, I thought of a plan. Although I was sealed for thousands of years, I have been secretly raising different beasts.

” then, after a certain period of time, i would launch a riot of mutant beasts and plunder the blood and food of living beings. i would secretly accumulate strength to resist the power of the demon-slaying and god-slaying seven star formation. that’s why i can still have the combat strength of an early stage rank seven after breaking the seal. ”

“You want to scheme against this Lord? You are still far from that. Do you think I am that old and muddled human Emperor of the North? How could I be schemed against by ants like you!”

obviously.

For so many years in the death desert, the beast insurrection that occurred from time to time was actually the demon God’s orders to devour the beast Army to accumulate power for him to break the seal.

“You!”

The faces of GUI li and the others turned paler and paler.

“The strength of a seventh-rank is indeed powerful.”

you're too weak. Jiang Li looked at the demon God tunlu. He clearly saw how powerful the demon God was. He defeated GUI li and the three angels in a row. even though he's only at the early stage of Level Seven, he can still completely suppress a perfected level six.

“Detestable!”

GUI Li's face was gloomy and he had the intention to retreat. He looked around and wanted to escape, but the demon God tunler's attention was on him, so he couldn't find an opportunity.

“You want to escape now?”

Fiendgod tunlu laughed in disdain, ” you guys don't have a chance anymore. If this seat had just broken out of the seal and had yet to regain control of my body, you guys would still have a chance to escape.

“But now, it's impossible.”

“Although one of you is a ‘Battle Angel’ created by the God race, and the other is a ‘ghost God race’, neither of you are a pure God race or ghost race, and your cultivation is only at the peak stage of Tier 6 ...”

but it doesn't matter. After devouring you, I can also recover a part of my cultivation.

“They're actually not the true God race and ghost race.”

HM? ” Jiang Li looked at GUI li and the others when he heard tunlu's words.

Speaking of this.

Jiang Li thought they were real gods and ghosts.

Especially GUI li.

Jiang Li wanted to get some information about the human-ghost clan from GUI li after he caught him, but it seemed like that plan wouldn't work.

logically speaking, a human-ghost hybrid born from the Union of a human and a ghost should have a 100% chance of producing a Soul Fire seed and a 100% chance of successfully fusing.

Jiang Li pondered for a while and thought, " it doesn't make sense that the GUI Shen clan, which is the result of the Union of the God clan and the ghost clan, wouldn't have such a characteristic.

but ...

Jiang Li killed a demon before, but he didn't find that the demon race had this characteristic.

in other words ...

It was very likely that only the human-ghost clan had such a characteristic.

The human-ghost clan was probably the only one.

Emperor Xia, Jiang Li, it's your turn now.

After the demon God tunlu severely injured GUI li and the angel, he finally looked at Jiang Li. His eyes were calm and confident.

It was as if everything was within his control.

It was true.

The Devourer possessed combat strength at the early stage of the seventh rank. Moreover, at his peak, he had the cultivation base and strength of a perfected seventh rank.

Back then, only the human Emperor of the North could fight him.

so,

The fiendgod tuner was naturally full of confidence.

He had the capital and strength to do so.

“Back then.”

The demonic god tuner spoke slowly, as if he was lost in his memories. The memories from thousands of years ago seemed to have happened yesterday in the demonic god tuner’s mind.

It was extremely clear.

in the northern region of the Holy peace state, the Empire of the North has unified the world. The monster and barbarian races bow to them. The half-monsters, barbarians, human ghosts, and other mixed-blood races all live under the oppression of the human race.

only the human race is at its peak.

I started the ‘Demon God disaster’ with the intention of destroying the northern Empire and building a ‘Demon God paradise’.

” i didn’t expect that the old man, the human emperor of the north, would be able to stop me with the fortune of the empire, his position as the human emperor, the empire’s saint weapon, and the help of the formation, even though he’s only at the early stage of the seventh level. ”

the half-monster Alliance, the Barbarian tribes, and other alien races have been secretly plotting for my ‘origin of demonic gods’. They offered me the incomplete’ seven stars formation of demon-slaying and God-slaying’.

that old man, the human Emperor of the North, fell for it. He exhausted the Fortune of the Empire and even sealed me in the desert of death at the cost of his life.

“Hahahahaha!”

The demon God tuner laughed out loud, “ what a pity. No matter how hard you try, you can’t change the final outcome.

“I am a Demon God!”

“I’ve already seen through all of your schemes.”

” so you are destined to fail! ”

Jiang Li, Emperor Xia.

Shua!

The demon God tuner raised his Demon God halberd and pointed it at Jiang Li. He sneered and said, “ the human Emperor of the North gave up his life and still couldn’t kill me.

“and you’re just a mere human tribe leader, not even the position of the human emperor. how can you fight with me? In my eyes, you’re just an ant.”

“So, kneel down!”

submit to me, offer up your dynasty, and contribute to the construction of the ‘paradise of demons’. Let the entire human race in the North become my slaves.

“I can consider letting you Live!”

“You’re full of nonsense.”

Buzzzzzz!

Humph! Jiang Li snorted and raised his right hand. give me the knife!

Immediately.

The Dragon-shaped bracelet on his wrist changed into a Black Dragon-headed saber. Jiang Li held the handle and the power of the Dominator Dragon divine weapon was added to him.

“devouring fiendgod!”

Jiang Li raised the Black Dragon-headed saber in his hand and looked straight at the demon God tunlu. He shouted coldly, ” “Since the human Emperor of the North was able to seal you in the desert of death, I can kill you in the desert of death today!”

the desert of death will become your burial ground!

Chapter 489 limit

“Hahahahaha!”

He laughed wildly.

hahahaha! the demon God tunlu couldn't help but laugh after hearing Jiang Li's words. His eyes were full of disdain and contempt.”You? A mere human king who's only at the peak of the Tier 5 realm?”

“How arrogant! He's really arrogant!”

“you ant who doesn’t know your own strength. it seems like i’m going to personally let you know what an undefeatable existence is.”

BOOM!

As soon as he finished speaking.

The demon God tuner took the lead. He was indeed an early seventh rank Demon God. In a flash, he had already disappeared from his original spot, and the demon God halberd in his hand had already swept out.

Hurry up!

As fast as lightning!

Fierce!

As fierce as Tigers and wolves!

” die! ” the demon god halberd, which was wrapped with the power of the demon god, smashed at jiang li’s head. it was so powerful that it seemed like the space was collapsing.

“Soul Society! Open!”

Buzzzzzz! Buzzzzzz!

Instantly.

The four soul realm controllers attacked at the same time and released their skills, forming four soul realms. They stacked on each other and compressed.

It formed a spherical shield.

They protected Jiang Li in the middle.

Crack! Crack!

Bang!

After the demon God halberd smashed down, it hit the four-layered soul realm. The powerful force caused cracks to appear on the four-layered soul realm, and it eventually exploded.

The soul realm exploded.

Rub Rub Rub

Jiang Li was also forced to step back by the powerful impact.

strong!

It was indeed terrifyingly powerful. The soul realm unleashed by the four peak-tier rank six soul realm controllers was shattered by the demon God devour.

however ...

However, it still managed to block the fiendgod devour's attack.

no matter what.

The four soul realm controllers were also at the perfected-stage of rank six. Although they weren't good at fighting head-on, they could still help Jiang Li from the side and cause some trouble and pressure for the demon God tuner.

it could be seen from this.

The fiendgod gobbler before him was not truly undefeatable.

After all ...

the fiendgod tuner could only display the combat power of an early seventh rank now. in addition to being sealed for thousands of years, the difference was too great compared to his peak.

if ...

run! the demon God tuner had the combat power of a peak-stage level Seven, so Jiang Li would definitely run away without hesitation.

after all ...

There was a difference of an entire major realm between the perfected Tier 6 and the perfected tier 7.

the difference in combat strength was even more immeasurable.

buzzzzzz!

Immediately.

The four soul realm controllers released their skills again. They re-opened their soul realms and added another layer of 'soul realm defense' to Jiang Li. The black spherical shield protected Jiang Li in the center.

“The methods of the human-ghost clan.”

The demon God tuner glanced coldly at the four soul realm controllers beside Jiang Li and said in disdain, ” ” jiang li, you have a lot of ‘capable people’ under you. ”

“It’s a pity that all of them are useless,”

“it’s just some insignificant tricks. in front of absolute strength, any tricks are useless.”

“True spirit obliteration!”

BOOM!

The four soul realm controllers attacked together, releasing their strongest offensive skills at the same time. A strange wave spread out, and the power of true spirit obliteration was applied to the demon God tunlu.

“Demon God domain!”

Bang!

Demonic god devour’s body trembled. Demonic god Power gushed out, forming a demonic god domain that covered his entire body. It easily blocked the ‘true spirit obliteration’ of the four soul realm controllers.

...

Bang Bang Bang!

The power of the true spirit obliteration only caused ripples in devour’s Demon God domain.

“Nirvana blade!”

“Whoosh!”

myl01 made his move again. the nirvana blade light was resplendent, like a vast giant blade mountain falling from the sky, destroying everything and containing a powerful force.

“Demon God extermination halberd!”

Thump!

The demonic god Tuoba finally took the attack from MYL01 seriously and used some kind of attack technique. The demonic god halberd stabbed upwards.

Kachaa!

“boom!”

The Nirvana blade light exploded, and the demon God’s swallowing slaughter had destroyed MYL01’s strongest attack. The vast explosion shockwave spread, and MYL01 was sent flying.

...

He flew for more than a hundred thousand meters.

” myl01’s full-powered attack didn’t even cause much damage to this demon god. ”

Jiang Li frowned.

he asked the soul realm master and myl01 to test the strength of the demon god. it seemed that it was stronger than jiang li had expected.

the fiendgod Tuoba is too powerful.

GUI Li’s expression was gloomy. although Jiang Li, the Emperor of Xia, is not weak and has many capable subordinates, his chances of winning against the rank seven fiend God tunlu are still too slim.

“.....”

the three god clan's battle angel warriors looked at him and kept silent.

Obviously.

They didn't think Jiang Li had much of a chance of winning.

After all ...

Jiang Li's cultivation was too low. He was only at the perfected stage of level five. Even if he had all kinds of means and special weapons, he couldn't overcome the obstacles of the level and defeat the rank-seven Demon God tunlu.

The battle just now.

Jiang Li's five subordinates used all their skills, but they couldn't cause any damage to the demon God Tuoba, which showed how powerful the demon God was.

Of course.

If the demonic god devour wasn't strong, GUI li and the celestial battle soldier Angel wouldn't have been so severely injured. The human Emperor of the North wouldn't have paid with his life either. He would have only sealed the demonic god devour.

"jiang li."

show me what you've got, " the fiendcelestial tunlu said coldly. let me see how much strength the humans of the North have left.

"Does he still have the might of the human Emperor of the North?"

"As you wish!"

Buzzzzzz!

I'll take action myself. Jiang Li operated the Azure Dragon technique. The true core in his dantian spun and released vast true essence that filled his body.

“roar!”

The Dragon roared.

The fate of the dynasty and the country protected him.

The Xia Dynasty's Azure Dragon combined with Jiang Li and turned into the Azure Dragon Armor.

At the same time.

The power of the Overlord Dragon divine weapon also affected Jiang Li's body, causing the green light on Jiang Li's body to gradually turn dark green.

“Oh.”

What's this? ” Demon God tunlu raised his eyebrows and looked at Jiang Li's change. His eyes finally fell on the Black Dragon-headed saber in Jiang Li's hand. what weapon is this? ” It's like a living creature, and it's actually able to raise your cultivation and strength from the peak of the fifth step to the peak of the sixth step!”

“Dragon Breath!”

BOOM!

die! Jiang Li swung his saber.

Roar!

The Black Dragon-headed saber slashed out, and a huge dragon head appeared. It roared out Black Dragon Breath, which condensed into a huge black Saber Light. It burned with flames and slashed at the demon God devour.

Clang!

the demon god tunler's body shook and his demon god domain spread out, forming a spherical shield that blocked jiang li's attack. jiang li's attack couldn't even break the domain protection.

“Hehe.”

The demon God tunler sneered contemptuously. is that all you've got? If that's the case, then I've really thought too highly of you. You don't even have the qualifications to be my dog.”

“Soul energy support!”

“Whoosh!!!”

The four soul realm controllers released their Mechanical Soul energy, which surged toward Jiang Li like a tidal wave and added the power of the mechanical Soul energy to him.

“A dynasty Saint weapon!”

BOOM! BOOM! BOOM!

you're too powerful! Jiang Li yelled and three nine-Dragon Dynasty sacred weapons appeared. the green dragon imperial edict, the green dragon imperial jade seal, and the great xia marquis token.

shua! Shua!

Three dynasty Saint weapons appeared.

After that.

The power burst out and turned into three streams of light, pouring into Jiang Li's body. It turned into a powerful enhancement and strengthened Jiang Li's strength.

"it's this thing again,"

The demon God tunlu snorted coldly. He seemed to have recalled the battle with the human Emperor of the North. His expression turned ugly as he shouted, "die!

Shua!

die! the demon God tunler attacked Jiang Li first. The vast demonic aura pressed down and the huge halberd light attacked like a punishment from the heavens.

kill!!!

Jiang Li looked up.

Jiang Li's eyes were bright. He had the power of a human King. The Dragon roared and the Fortune of the country surged. He blocked the demon Lord's power. With the help of the mechanical Soul energy and the dynasty Saint weapon, Jiang Li's strength was improved again.

"Break!"

boom!

"die!" jiang li roared and swung his blade. the dark green blade light swept across the sky. at the same time, it was enhanced with mechanical soul energy, the power of the nation's fate, and the power of a dynasty sacred weapon.

Under all sorts of amplification.

It had almost surpassed the sixth step.

bang bang bang bang!

the sound of an explosion rang out.

devour! Jiang Li's attack collided with the demon God's devour. The clash of the halberd light and the blade light created explosions of energy and flames of energy.

It was like countless fireworks blooming.

“Again!”

Jiang Li roared.

Roar!

The Black Dragon-headed saber in his hand let out a Dragon's Roar, and the power of the Dominator Dragon divine weapon burst forth. Destructive light waves were released, and countless saber flares were slashed out.

“A mere human King dares to be so arrogant!”

boom!

fiendgod tunler roared, and the might of an early seventh rank exploded. the fiendgod halberd swept across the sky, drawing a circle and crushing countless blade lights.

They all exploded.

devour! Jiang Li's attacks were all blocked.

"This is an ..."

this ... GUI li looked at the battlefield in the sky, dumbfounded. He could not calm down. this Emperor Xia, Jiang Li, can actually burst out such a terrifying combat power. He's almost infinitely close to the seventh-rank.

"He can actually fight the demon God devour for so long."

"So strong!"

The Protoss soldiers and angels also exclaimed in shock. They then sighed and said, "However, even if it's infinitely close to the seventh rank, it's still not the seventh rank!"

"Demon God's heaven battling halberd!"

BOOM!

The demon God tunneler unleashed an even more powerful move once again. With a loud roar, the demon God halberd in his hand unleashed its might, blasting out a huge halberd light that seemed to be able to tear the sky apart.

The demon God Devourer's halberd shattered Jiang Li's blade light and the four soul realms that protected Jiang Li. A powerful shock wave spread.

"Pfft!"

Jiang Li coughed up blood and was sent flying.

"Hahahahaha!"

hahaha! the demon God laughed and looked down at Jiang Li. Emperor Xia, Jiang Li, you're indeed capable to be able to do this.

“But this is all I can do.”

“Dragon God Nirvana slash!”

Buzzzzzz!

After Jiang Li steadied himself, he released the most powerful skill of the Dominator Dragon divine weapon and raised the black saber with the Dragon head.

In that instant.

It transformed into a million-meter long giant saber.

It was like a heavenly pillar.

he could no longer see the whole picture.

“Rumble!”

In the sky.

Dark clouds covered the sky, and the wind and clouds changed.

Countless lightning bolts flashed across the sky.

Roar! roar!

The Dragon roared.

At this moment.

The power of the nation's fortune, the dynasty's sacred weapon, the mechanical Soul power, Jiang Li's own cultivation, and the power of the nation's fortune martial arts were all added to the attack.

The million-meter-long blade was wrapped in countless Dragon-shaped lightning-like mist.

Its might had reached a limit!

Finally!

he had even broken through this limit!

It had truly reached the seventh rank!

Chapter 490 Great battle

Jiang Li broke through this limit with various means.

“what is this?”

The demon God tunlu's pupils contracted, and his expression became even more solemn and serious. This was because he finally felt great danger at this moment.

He could clearly feel the lethal power from the terrifying giant saber.

“Impossible!”

what? ” the demon God tunlu couldn't help but exclaim and stared at Jiang Li. he's only at the peak of level five. How can he be as powerful as level Seven? ”

even the human Emperor of the North wasn't this terrifying.

furthermore, the human Emperor of the North is borrowing the fate of the Empire and the Empire's Saint weapon.

"Hiss!"

GUI Li's eyes almost popped out as he shrieked, "this emperor xia jiang li is so terrifying? How many more cards does he have up his sleeve?"

"This is terrifying!"

"It won't be that easy!"

The three God race Battle Angel warriors shook their heads. Although they were shocked, they still said, "if we only rely on the power of this attack, we won't be able to defeat the demon god devour."

"Good, good, good!"

The demon God Tuoba calmed down. He looked at Jiang Li and took a deep breath. He activated his demonic power and purple-black vortexes appeared in his eyes.

Buzzzzzz! buzzzzzz!

Waves of devouring intent manifested.

"In that case ..."

"I'll let you experience my strongest technique!" Demon God tunlu shouted.

"The eye of devouring!"

BOOM!

As soon as he finished speaking.

The fiendgod tuner formed a seal with both hands and actually threw away the fiendgod halberd in his hand. He executed countless fiendgod seals, which were like purple-black butterflies circling his body.

Obviously.

The fiendcelestial Devourer's strongest technique was not the 'fiendcelestial halberd technique', but the 'eye of devouring', which contained a trace of devouring intent. It was a fiendcelestial secret technique that relied on the innate bloodline of the fiendcelestial.

It was extremely powerful!

It far surpassed all of the demon God's devouring techniques!

It was also his strongest secret technique.

"Now!"

"Whoosh!!!"

The fiendgod tuner let out a loud cry. After all the seals overlapped, they condensed together, and the surging fiendgod power fused into one.

In the end.

Above the fiendcelestial tuner's head.

It conjured a purple-black Vortex with a diameter of a million meters.

The vortex spun.

it devoured the endless spiritual qi of heaven and earth.

Gradually.

The purple-black Vortex continued to condense and finally turned into a solid-like existence, turning into a huge closed eye.

It was like the eyes of the heavens.

it was embedded in the sky.

“Hu ~~ Hu ~ Hu ~”

The fiendgod tunler’s face turned pale. In order to release this move, he had exhausted almost all his strength. He was on the verge of collapsing from the sky.

but ...

When he raised his head and saw the huge eye.

A happy smile appeared on his face.

“the eye of devouring!”

gui li looked on, his face full of fear. ” i’ve been sealed for thousands of years, and my strength has dropped to this level. i can’t believe i can still release the eye of devouring! ”

“It’s over.”

The three God race Battle Angels were also in despair. the eye of devouring has appeared. I'm afraid even an early-stage rank seven expert won't be able to defeat this Demon God devouring.

Buzzzzzz! buzzzzzz! "Whoosh!!!"

The eye of devouring had yet to open.

Just the remaining power made Jiang Li's breathing heavy.

as expected of the strongest secret technique of the demon god's devour.

...

It was simply terrifying.

"To be able to die under my strongest secret technique ..."

Jiang Li! the demon God tunlu shouted, " Jiang Li, you died a worthy death!

"Light of devouring!"

"Whoosh!"

go! the demon God tunler pointed with his right hand. A purple-black light shot out of the eye of tunler that had yet to open. It pierced through the sky and went straight for Jiang Li.

"Slash!"

Bang!

jiang li waved his right hand and the million-meter-long giant saber slashed at the devouring eye in the sky. the light of devouring was shattered.

There was an explosion.

at the same time.

...

The million-meter-long giant saber also shook. The strong impact hit Jiang Li, causing him to bleed from the corner of his mouth.

“Demon God halberd! Go!”

Buzzzzzz!

The demon God tuner waved his hand again, and the demon God halberd tore through the air and fused into the eye of tuner. The body of the halberd appeared in the eye of tuner.

“Devouring halberd light!”

Shua! Shua! Shua!

” die! ” the demon god tunlu formed a seal with his hands and released countless purple-black halberd lights from the eye of tunlu. they all attacked jiang li like a storm.

“Soul realm!”

Bang Bang Bang Bang!

the four soul realm controllers helped from the side and opened up their soul realms again, but they were easily torn apart by the torrential halberd light of swallowing slaughter.

“Nirvana blade!”

Buzzzzzz!

MYL01 rushed over. He released the power of the blade of silence, but he fused it with the Overlord Dragon divine weapon, so the power of the Storm of Silence of the Overlord Dragon divine weapon was enhanced.

“Slash!”

The blade light was bright.

” die! ” jiang li roared. the giant saber emitted a vast blade light like a dark green sun. it released endless power and slashed down.

Bang Bang Bang Bang!

In an instant.

The two sides collided and continued to exchange blows.

the energy exploded.

The blade light shattered and the halberd radiance was destroyed.

“Si si si ...”

GUI li and the others were staring at the battle scene, shocked to the point of speechlessness. The power of a seventh-rank was not something they could resist.

The most important thing was ...

Emperor Xia Jiang Li was only at the perfected stage of level five.

it was actually able to display a combat strength of the seventh step.

It was too terrifying.

it was simply unimaginable.

in reality.

If Jiang Li didn't have the Dominator Dragon divine weapon, the help of meches, and the fact that the Dominator Dragon divine weapon could merge powers, he would've been killed by the meches.

It was impossible for Jiang Li to fight with the demon God devour.

It could be said that ...

It wasn't Jiang Li's cultivation that could really exert his combat power.

It was the meches that Jiang Li controlled.

Jiang Li's cultivation was only a support.

* Cough cough *

Jiang Li coughed up blood.

Under such a strong impact, Jiang Li's internal organs were still injured even though he was protected by layers of protection.

Furthermore ...

The Dragon God weapon, MYL01, and the soul realm controller had all consumed a lot of energy.

“Recover,”

Buzzzzzz!

Jiang Li used energy points to restore the energy of the meches.

“He actually blocked it, Yingluo.”

the demon god tunlu was also shocked. he looked at jiang li and couldn't help but recall the battle with the human emperor of the north. he was scared.

“no!”

Fiendgod tunler roared, ” this time, I will definitely not lose. I will not lose. I am a fiendgod. How can I lose to a human King!

I will definitely not lose!!!

“Pfft!”

The next moment.

The Devourer spat out a mouthful of essence blood, which merged into the eye of Devourer above its head. Then, it performed a series of strange hand seals.

“Open your eyes!”

eye of devouring!!!

“Whoosh!!!”

the eye of devouring, which had a diameter of one million meters, was like the eye of heaven. it trembled violently, and then slowly opened a gap.

After that.

Purple-black light seeped through the cracks.

One had to know.

when demon god tunler was at his peak, he was able to open the eye of tunler completely, and the battle power that erupted from it was enough to shake the space.

now.

He had to pay with his demonic god essence blood just to open a small gap in the eye of devouring.

“!!!”

Jiang Li’s pupils constricted.

The moment the eye of devouring opened ...

He felt a fatal crisis.

It was as if his heart was being squeezed by a large hand.

he was almost suffocating.

ruler's Dragon divine weapon!

Jiang Li roared, "fuse!!!

Roar! Roar! "Roar!"

In an instant.

Behind Jiang Li.

Each of the 20 million divine weapons was a 100-meter-long black steel Dragon. At this moment, they all let out a dragon roar.

"Whoosh!!!"

After that.

They transformed into liquid metal and flew to the giant saber in Jiang Li's hand like moths to a flame.

A total of twenty million ruler Dragon divine weapons.

They were all fused into the heaven-connecting giant saber.

The giant saber expanded in the wind.

From a million meters to two million meters.

It had doubled in size.

"this bi an ..."

what? ” GUI li and the others were dumbfounded. What kind of weapon was this? they can actually merge into one!”

“!!!”

devour! the fiendcelestial’s expression changed drastically. After forming the hand seal, he released all his power without hesitation. Then, he roared into the sky, ” devour eye light!

When the demon God tunler finished speaking ...

The seal turned into a beam of purple-black light and entered the eye of devouring.

After that.

The eye of devouring opened a little more.

“whoosh!”

From the slit of the eye.

An incomparably resplendent eye light with a purplish-black Luster flew out. The purplish-black eye light contained a killing and devouring intent.

Everywhere it passed.

Even the space was shaking slightly.

it pierced through everything.

slash!!!

boom!

die! Jiang Li's eyes lit up and he used all his strength. He used the most powerful attack he could use so far. The two-million-meter-long giant saber slashed down.

At this moment.

Jiang Li's attack.

It contained the power of Jiang Li's own cultivation, the power of martial arts techniques, the mechanical Soul energy, the power of the dynasty, and the power of a sacred weapon.

Not only that.

There was also the enhancement from the blade of Quietus of MYL01.

In the end.

Furthermore, it was fused with twenty million divine weapons of the God of Dragons.

It could be said that ...

Jiang Li used all the power he could mobilize.

kill!!!

Jiang Li roared.

“Rumble!”

after that.

The two-million-meter-long giant blade finally collided with the ‘devouring eye light’ released by the eye of devouring. The attacks of the two sides did not have any fancy techniques, only pure strength.

Who was stronger?

Whoever won the final victory.

“Ah!”

The demonic god tunlu was shouting, his eyes were about to crack, and blood was seeping out from the corners of his eyes. His muscles were tight, and his veins were bulging. Blood was even seeping out of his pores.

I can’t lose!!

kill!!!

” you’re crazy! ” jiang li was also shouting and running with all his strength. the true essence in his body was running like crazy. his eyes were also about to pop out and his veins were bulging. he was squeezing all the strength in his body.

Bang Bang Bang Bang!

The eye light and the huge sword kept clashing, and countless explosions kept ringing out. The dazzling white light bloomed and spread, almost affecting half of the death desert.

The yellow sand soared into the sky.

It was like a wave sweeping across the sky.
