

Army 491

Chapter 491 Dropped

The battle between Jiang Li and the demon God Tuoba.

It had a wide range of influence.

It almost covered half of the desert.

One had to know.

the area of the desert of death reached hundreds of millions of square kilometers, which was equivalent to one-fifth of the northern territory of the holy peace state.

If the battle was in the northern region of holy peace state ...

The impact of that would be extremely great, and it would almost be able to change the terrain of an ordinary dynasty.

Bang Bang Bang Bang!

Wuwuwuwuwu!

In the middle of the battlefield.

the dazzling white light covered more than half of the area, and the aftermath of the battle could not calm down for a long time. the sky was covered with yellow sand, forming an endless sandstorm.

“Who’s the last one?”

GUI li was circulating the power in his body to block the aftermath of the battle. He raised his head with difficulty and looked up at the center of the battlefield, but he was blocked by the dazzling white light.

there was no way to see the final result.

At this moment.

If GUI li wanted to escape, it would be the best time, but he was somewhat unwilling in his heart.

“If I run away now, I won’t get anything this time. I’ll go for wool and come home shorn.”

GUI li couldn’t help but clench his fists tightly as he thought to himself, ” I’m going to take a gamble. Maybe Jiang Li and tunlu will both be injured. Isn’t this a great opportunity? ”

Obviously.

GUI li was still thinking that he would be able to benefit from the fight between the crane and the clam.

similarly.

the three god race battle angels didn’t leave either. they had the same thoughts as gui li.

“Rumble!”

finally ...

“Ah!”

A miserable scream rang out.

In the endless dazzling white light, a clear scream was heard, and then a figure was sent flying hundreds of thousands of meters away.

Bang!

he fell to the ground.

“Pfft!”

He spat out a mouthful of blood.

“who is it?”

Shua!

Both GUI li and Angel looked over at the same time.

“Devour, Suan ni, devour!”

GUI Li’s eyes widened in shock. He sucked in a breath of cold air and couldn’t help but exclaim, tsk, tsk, tsk. Did Emperor Xia, Jiang Li, win? ”

“The Devourer has lost!”

“How is this possible?”

The three God race Battle Angels couldn’t believe it either.

It was too shocking.

The demon God tunlu, who was at the early stage of Level Seven, was defeated by Emperor Xia, Jiang Li, who was only at the perfected stage of level five.

It was hard to believe.

“si si si ...”

GUI li and the others sucked in a cold breath.

If news of such a battle record were to spread ...

It would probably shock the entire holy peace Region.

* Cough cough *

on the ground.

The demonic god tunlu was coughing up blood. His injuries looked very serious. Although there were no obvious wounds, blood was constantly seeping out of his pores.

Furthermore ...

The eye of devouring had already shattered.

He lay in the yellow sand pit and raised his head, staring at the sky.

Buzzzzzz!

...

Gradually.

The dazzling white light dissipated.

Very quickly.

Jiang Li appeared in front of everyone.

Kachaa! “Crack!”

It could be seen.

The 2,000,000-meter-long giant blade began to break apart. Cracks appeared on it, and then corpses began to fall off.

It was the divine weapon of the Dominator Dragon!

They were the third-rank Overlord Dragon divine weapons produced by the mech factory. There were a lot of them, and many of them had been scrapped, turning into scrap metal and falling down.

Jiang Li didn't count.

It was a clash with the fiendgod devour.

...

At least half of the divine weapons of the Dominator Dragon had been destroyed!

In other words, tens of millions of them had been scrapped.

It could be seen from this.

How terrifying was the demon God gobbler's strength?

“Pfft!”

Jiang Li’s face turned pale and then a sickly red. He spat out a mouthful of blood and his internal organs shook.

His injuries were severe.

The true essence in his body was almost exhausted.

Obviously.

Although Jiang Li defeated the demonic god devour and its strongest attack, he was also severely injured. He was only slightly better than the demonic god devour.

“!!!”

At this moment.

The eyes of GUI li and the three God clan battle soldier angels brightened.

A chance!

This was a great opportunity!

“The ghost God cauldron! Kill!”

BOOM!

without the slightest hesitation.

die! GUI li attacked Jiang Li without hesitation. The cracked ghost God cauldron was released. He roared and gathered all his power. The ancient sacred mountain-like Ghost God cauldron smashed at Jiang Li.

The first move was a killing move.

He wanted to kill Jiang Li.

“Go to hell!”

Jiang Li! GUI Li’s face was filled with excitement and joy. Jiang Li, tunlu, you didn’t expect that we would be the final winners, did you? ”

“Hahaha!”

“whoosh!”

The next moment.

The Black Dragon head saber in Jiang Li’s hand attacked by itself. He slashed out and easily knocked GUI Li’s ghost God cauldron away.

“!!!”

gui li’s eyes widened.

“Pfft!”

Blood splattered everywhere.

A black blade light flashed.

” die! ” jiang li cut gui li’s head off with the dragon head saber in his hand. his expression froze.

Killed with a single slash!

“You’re seeking your own death,”

Jiang Li glanced at GUI Li’s body coldly.

After a while.

However, no soul Fire seed flew out of GUI Li’s body. Jiang Li was a little disappointed. Clearly, GUI li, who was from the ‘guishen clan’, didn’t have the characteristics of the human-ghost clan.

Jiang Li felt it was a pity.

Even though ...

Jiang Li was seriously injured, but his combat power didn’t rely on his own cultivation, but the power of the Dominator Dragon divine weapon.

Although the Overlord Dragon divine weapon was 60% damaged, it still had combat power because of the ‘mechanical talent’ of the meches.

so,

When GUI li was attacking Jiang Li.

The Overlord Dragon divine weapon automatically protected its master and killed GUI li.

run!!!

Shua! Shua!

run! the three angels were shocked when they saw GUI li was killed by Jiang Li. They knew they couldn't do it, so they wanted to run away immediately.

Jiang Li certainly wouldn't let them go.

buzzzzzz! Buzzzzzz!

At this moment.

Jiang Li had used up the energy points and the four soul realm controllers recovered. They quickly activated their soul realms and blocked the three angel warriors.

“god race's angel battle formation!”

BOOM!

The three God race Battle Angels were shocked, and they immediately used a battle formation. They combined the power of the three and slashed out a powerful sword attack that was almost at the peak of the sixth step.

He shattered the four soul realms.

Then, they fled without looking back, not daring to stay at all.

“Go.”

Shua!

Jiang Li waved his right hand and the Black Dragon-head saber flew out of his hand. It grew in the wind and turned into a million-meter long steel Dragon.

“Roar!”

The Overlord Dragon divine weapon opened its bloody mouth and roared out the Dragon God Nirvana storm. It was like a beam of Dragon Breath that pierced through and enveloped the three Battle Angels.

“No!”

Despair filled the faces of the three God race Battle Angels. They desperately tried to use their battle formations again, but they were torn apart by the Nirvana storm.

“Ah!”

Finally.

A miserable scream rang out.

The three God race Battle Angel warriors were all killed by the Overlord Dragon divine weapon.

Buzzzzzz!

In the end.

A holy light flew out from the three God race Battle Angel corpses. It gathered together and turned into a holy light spot.

It quickly flew towards Jiang Li.

shua!

[acquired a Tier 6 angelic soul Tinder!]

A notification appeared.

“A special soul Fire seed.”

Jiang Li was overjoyed.

[prompt: congratulations-Lord-you have captured a special soul Tinder-Level 6 angelic soul Tinder. You have unlocked a special mechanical soldier type: [holy angel mech soldier]

immediately.

Jiang Li received another system notification.

special mechanical troops.

Jiang Li murmured.

after that.

Jiang Li closed the interface and didn't check the newly unlocked special mechanical units. Instead, he looked at the demon God devour not far away.

on the other side.

Within the territory of Marquis Linmo.

The battle between Jiang Li's mechanical Army and tunlu's Demon God Army was coming to an end. Jiang Li's mechanical Army paid a heavy price and had completely destroyed tunlu's Demon God Army.

He had harvested a massive amount of soul Tinder.

It could be said that he became rich overnight.

Shua!

Jiang Li didn't pay too much attention to the situation on the battlefield. Instead, he came to the devouring demon and looked down at the heavily injured devouring demon.

* Cough cough *

The fiendgod tumbled coughed up blood.

His face was pale and he was already on the verge of death. He had lost his combat ability.

One had to know.

In order to release the eye of devouring, he had almost exhausted all the demonic god Power in his body. When the eye of devouring collapsed, the powerful backlash and impact directly caused the demonic god to be seriously injured and on the verge of death.

"You win!"

"I didn't die in the human emperor of the north's hands, but I'm going to die in your hands."

"He died at the hands of a human tribe's king, whose cultivation base was not even at the sixth rank."

"What a joke, Yingluo."

"I'll send you on your way."

As soon as he finished speaking.

Jiang Li raised his hand.

Buzzzzzz!

Immediately.

The Dominator Dragon divine weapon twisted and turned into a black ray of light. It flew into Jiang Li's hand and formed a dragon scale sword.

“Slash!”

“Whoosh!”

devour! Jiang Li slashed with his sword. A black sword light flashed like a bright black Lightning and cut off the demon God's head.

pfft!

Blood splattered and landed on the surrounding yellow sand.

A Demon God of the seventh step!

Devour!

he had fallen.

In the end, he was killed by Jiang Li's 'Dominator Dragon divine sword'.

“.....”

Jiang Li looked at the demon Lord's body on the ground silently and then looked around. The yellow sand was everywhere. Some of the sand was even crystallized by the high temperature.

The spiritual Qi of heaven and earth trembled.

He was unable to calm down for a long time.

The battle in the desert of death.

Demon God's disaster.

The half-monster Alliance, the Barbarian tribe, the God race, and the guishen race were all involved, but it was all over in the end. Jiang Li ended it himself.

The hidden danger left behind by the northern region Empire.

It was ended by Jiang Li.

“Hu ~~ Hu ~ Hu ~”

Jiang Li was relieved.

It was finally over.

“whoosh!!!”

At this moment.

Tuoba. Jiang Li immediately looked at the demon God's corpse. He saw a faint purple-black light surge out and slowly gather.

“This is a Kasaya.”

what?” Jiang Li was stunned for a moment, then he was overjoyed. He vaguely guessed it. He couldn’t help but be excited and couldn’t calm down.

In the blink of an eye.

The purple-black light gathered and turned into a purple-black light spot. It flew into Jiang Li’s forehead like a Firefly and disappeared.

Shua!

[captured a rank-seven pseudo-Demon God’s soul Tinder!]

A notification appeared.

seventh-rank soul Tinder!

Jiang Li was overjoyed and clenched his fists. it’s a level-seven soul Tinder, and a special one at that. In this case, I can get a level-seven special mechanical soldier type.

Chapter 492 bewitching

“Stay calm, stay calm.”

Whoosh! Whoosh! Whoosh! Whoosh!

Jiang Li took a few deep breaths and calmed down. He calmed himself down and looked down at the demon God devour’s body.

seventh rank!

tunlu. Jiang Li had fought with tunlu, a level-seven Demon God, and he knew how powerful a level-seven Demon God was. It was easy for him to defeat a perfected level-six Demon God.

If Jiang Li didn't have the 'Dominator Dragon divine weapon', an Elite Fusion troop type, and all kinds of buffs, he wouldn't have been able to defeat the demon God tunlu.

Fortunately ...

Jiang Li still won the final victory.

Speaking of this.

GUI li and the others had been planning for thousands of years for the 'demonic god origin'. Although Jiang Li didn't know what the 'demonic god origin' was, there was no doubt that it was a rare treasure.

otherwise ...

He wouldn't have let GUI li and the others plan for thousands of years.

the 'demonic god Source' should be on the demonic god devour.

Jiang Li looked at it carefully.

However ...

Jiang Li searched the demon God tunlu's body, but he still couldn't find the 'origin of the demon God'.

"That shouldn't be the case."

Jiang Li muttered.

Hence.

Jiang Li called the soul realm controller and MYL01 over and asked them to find the ‘source of demonic god’. To his surprise, MYL01 actually noticed something strange.

It was probably because MYL01 had the ability of the demonic ghost clan.

Pfft!

kill! MYL01 cut open the demon God tunlu’s chest and Jiang Li saw the beating heart inside.

He was clearly dead, but his heart was still beating.

Thump! Thump!

It was very unusual.

“Whoosh!!!”

Immediately after.

MYL01 released demon spirit energy and covered the heart of the demon God tunler. It gradually corroded it and was undergoing a kind of refinement.

Half an hour later.

The refinement was complete.

The heart turned into a fist-sized ball of black and white light, similar to the yin and yang diagram of Tai Chi. The black and white light spun slowly and intertwined with each other.

“This is the demon God origin?”

what’s going on? ” Jiang Li looked at it curiously, then got closer. He had a desire as if a voice was whispering in his ear, ” eat it, eat it, eat it!

what’s wrong? ” the strange voice affected Jiang Li’s thoughts. He slowly reached out his right hand and grabbed the black and white light.

“that’s right.”

Suddenly.

Jiang Li. a cold voice came into Jiang Li’s ears. It was as cold as ice and went straight into Jiang Li’s heart. Jiang Li shivered and came back to his senses from the strange state.

“What’s going on?”

what? ” Jiang Li was shocked. He looked at the black and white light cautiously.

There was something wrong with this thing.

Shua!

Immediately after.

A figure flew down from the sky and stood in front of Jiang Li. He was tall and wore a green bamboo hat. The hat was covered with a green veil that covered his face.

The green scimitar never left his side.

Xia Ling!

Xia Tian of the human martial immortal court's 'Saint peace State Division'.

Obviously.

Xia Tian planned to stay in the imperial capital and wait for Jiang Li to return, but he sensed the battle in the death desert, so he came.

However ...

when xia ling arrived, the battle was already over.

They could only see the traces left behind by the battle and the corpses on the battlefield.

It was just right.

...

when xia yan arrived, she saw that jiang li was bewitched by the 'source of demonic god', so she spoke and woke jiang li up. in fact, even without xia yan, myl01 and the dominator dragon divine weapons would've woken jiang li up.

"And you are?"

Jiang Li sized her up. He couldn't see her face because of The Blue Veil, but he was sure that she was a human.

Furthermore ...

His cultivation base was extremely powerful.

he's a level-seven master! Jiang Li felt great pressure from him, even more than when he faced the demon God devour.

"I'm Xia Ling."

what? " Xia Tian was also sizing Jiang Li up and found that he was only at the perfected stage of level five.

Tier 5 perfection.

In fact, he wasn't too weak.

To a normal Marquis Strong country.

...

The realm of Tier 5 perfection was already considered powerful.

but ...

The great Xia Dynasty was different.

After all, the great Xia Dynasty had unified the chaotic northern region of the Holy peace state. In at most a year's time, when they had completely taken control of the northern region of the Holy peace state, they would be promoted to a human dynasty.

Logically speaking.

Jiang Li should be at least level six.

The most important thing was ...

” jiang li led the xia army and his subordinates to solve the ‘demon god disaster’ that destroyed the northern empire and even killed the demon god tunlu.

One had to know.

Demon God devour.

At his peak, he was a perfected tier 7 Demon God.

Even Xia Ling didn’t dare to say that she could defeat him with a hundred percent certainty.

But now ...

However, Xia Yan saw the demon God tunlu’s body lying in front of Jiang Li, which meant that he was killed by Jiang Li.

a human tribe leader at the perfected stage of the fifth step killing a demon god of the seventh step?

To tell the truth.

if someone else had said this in front of xia ling, she would have definitely slapped him and scolded, ” What nonsense was he spouting?

but ...

The truth was right in front of Xia Ling.

Xia Ling had no choice but to believe it.

Xia Ling could not understand.

How could Jiang Li, who was only at the perfected stage of level five, do such an incredible thing?

It was like a fantasy story.

“Ahem.”

Xia Ling coughed lightly, and he snapped out of his thoughts. He continued to introduce himself.”your majesty emperor xia, i’m from the martial immortal court of the human race,’division of the holy peace state’.”

“I came here this time to invite Emperor Xia to the division under the order of the division Master.”

“you’re from the ‘saint peace state court’.”

huh? ” Jiang Li reacted.

“Yes, I am.”

Xia Ling nodded and did not hide anything. She continued,”However, it seems that Emperor Xia has just resolved the ‘demonic god disaster’. I’m afraid there’s still a lot of time to do.”

“I don’t think I’ll have the time to go to Saint peace state for a while.”

“.....”

Jiang Li was silent for a moment.

It was true.

The demon God disaster had just been resolved.

for the time being.

There were no more hidden dangers in the northern region of the Holy peace state. What Jiang Li needed to do next was to develop and consolidate the territory he had occupied and completely control the northern region.

Finally.

Gathering the fate of the northern region.

Rising to a dynasty!

so,

Jiang Li would be busy from now on.

he couldn't leave for the time being.

Shua!

Xia Yan waved her right hand and took out a diamond-shaped token. She gave it to Jiang Li and explained, "your majesty emperor xia, this is the 'spatial teleportation token'."

"It's connected to the 'division of the Saint peace state'."

after activating this 'spatial teleportation token', one can directly teleport to the 'court of the Holy peace state'. I believe that after his Majesty Emperor Xia has settled the trivial matters and completed the promotion of the Imperial court, he should have some time to use this 'spatial teleportation token' to head to the 'court of the Holy peace state'.

“Spatial teleportation token.”

Jiang Li looked at the diamond-shaped array token in Xia Yan’s hand with curiosity. He took it and felt some spatial fluctuations.

The domain of space.

Only the Imperial dynasty could come into contact with it.

It was only a ‘division of the martial immortal court’, but it had an extremely mature Space Array and space transfer array. It could be seen how terrifying the power of the immortal court was.

As expected of the ‘pillar of humanity’.

furthermore ...

Xia Yan took out the space Teleport Token out of thin air, so he probably had some kind of storage treasure. Jiang Li had never found anything like that in the entire northern region of the Saint peace state.

“Alright,” he said.

I’ll definitely go. Jiang Li nodded and said, ” I’d like to see the Saint peace state court too.

“that’s good.”

xia tian smiled. ” if his majesty emperor xia doesn’t come, my task will be considered incomplete. the division master will definitely find trouble with me. ”

“Sir Xia Yu.”

jiang li pointed at the black and white light in the air and said, ” “I wonder if you can answer my question. What exactly is this ‘demonic god Source’? What abilities did he have? Why is it able to attract such an intense fight? furthermore, it even has a strange power that can bewitch the soul.”

“Since Your Majesty Emperor Xia wants to know, I will naturally tell you everything I know.”

“The ‘demonic god origin’ is actually a ‘substance’ created by the ‘demonic god clan’. The demonic god clan is a powerful race that was born after the demon clan and the God clan combined,” Xia Tian said.

“It possesses the power of the demon race and the God race.”

they are extremely few in number, but each ‘true demonic god’ is an extremely terrifying expert. Even the martial immortal court of the human race doesn’t dare to provoke them easily.

“A true demon God?”

Demon God devour? ” Jiang Li asked, ” isn’t this Demon God devour a real Demon God? ”

“Of course not.”

Xia Tian smiled contemptuously. he’s just a fake demonic god that evolved after devouring the ‘demonic god Source’. At best, he can only be considered a servant of the demonic god clan.

“This is like the ‘God race Battle Angel’ created by the God race.”

“The weakest Demon God is at the ninth step.”

“Ninth-rank!”

Jiang Li was shocked.

One had to know.

A pseudo-Demon God of the seventh step was already so terrifying.

It was hard to imagine what level a true demon God of the ninth step would reach.

It was hard to guess.

“Let’s continue talking about the ‘demonic god origin’.”

Xia Ling recollected her thoughts and continued, “The ‘demonic god Source’ is a ‘substance’ created by a real demonic god using his own bloodline as a seed.”

“It has the power to bewitch the mind. Creatures with a weak will will be bewitched by the ‘demonic god Source’. After swallowing it, they will gradually be transformed into’ pseudo-demonic gods ‘and have the bloodline of pseudo-demonic gods.”

“From now on, you will become a servant of the demon God.”

“Of course.”

if one’s willpower is strong enough to refine the ‘demonic god origin’, one can completely merge the’ demonic god origin ‘into one’s body and master the power of the fake demonic god bloodline.

“I’ve gained many benefits.”

however, no one can be sure about willpower. It’s not easy to resist the temptation of the ‘source of demonic god’. It’s basically impossible.

the demon God clan is using the 'Demon God origin' to create a large number of fake demon gods for their use. This allowed the demon God clan to grow stronger and stronger, making up for the lack of numbers.

"From what you've said, this 'demonic god Source' is actually an alluring candy with a deadly poison."

Jiang Li looked at the black and white light in front of him. then, what was the true identity of the demonic god devour before it was turned into a 'fake demonic god' by the origin of the demonic god? "

"His true identity."

Xia Tian shrugged his shoulders. this is related to the scandal of the northern region Empire. It's recorded in the 'court of the Holy peace state'. If your Majesty is interested, I can tell you.

Chapter 493 building up

"Of course I'm interested."

Jiang Li smiled and signaled to Xia Yu. "Please speak."

"Alright," he said.

Xia Tian nodded. since Your Majesty is interested, I'll explain it briefly.

"It's not really a secret."

"To be precise."

Xia Tian did not hide anything and told him everything he knew. the Devourer was originally a pure human. His real identity was the son of the 'human Emperor of the North', who was also a Prince. bei he.”

“Thousands of years ago, Xuanji”

Xia Ling slowly explained.

Hence.

the history of the northern region empire was gradually presented in front of jiang li.

The northern region Empire.

From its establishment to its eventual destruction.

It had a history of nearly 100000 years.

among them.

The dynasty only had a history of ten thousand years.

It could be said that ...

The Northern Territory dynasty was a dynasty with a very long history. Unfortunately, because the Northern Territory dynasty was located in a corner, they rarely interacted with other dynasties and closed themselves off from the rest to develop.

so,

Even if it had developed for a hundred thousand years.

it was still a dynasty that was neither big nor small.

they could only act like tyrants in the northern region of the holy peace region.

However ...

The son of the human Emperor of the North, bei he, had a completely different idea. He wanted to lead the northern region Empire to interact with the outside world and develop it.

Hence.

Bei he and the human Emperor of the North had an argument.

Furthermore ...

The dispute between the two sides grew bigger and bigger.

Finally.

Bei he had accidentally obtained the ‘demonic god origin’ and was bewitched by it. After devouring the ‘demonic god origin’, he had been transformed into a fake demonic god.

In the end, a demonic god catastrophe that engulfed the entire northern region Empire erupted and destroyed the entire northern region Empire. The northern region Empire that had a history of 100000 years was destroyed.

“Your Majesty, Emperor Xia.”

Xia Yan continued,”the value of the ‘demonic god origin’ is very high. After all, it is a ‘substance’ that is refined from the demonic God’s own demonic god bloodline.”

therefore, I suggest that Your Majesty can bring the 'demonic god Source' to the 'division of the Holy peace state'. I believe that you can exchange it for extremely precious resources there.

you have to know that the demon God origin can be made into a 'Demon God pill' in the hands of a human Alchemist. Although the effect of the demon God pill is not as good as the 'Demon God origin', it doesn't have the side effects of the demon God origin.

"Yes."

yes. Jiang Li nodded and said, "I'll remember it. Thank you for your reminder, Mr. Xia.

"Your Majesty Emperor Xia is too polite."

xia ling smiled.

Jiang Li chatted with Xia Zheng for a while more. After asking him about the Saint peace state and the court, Xia Zheng said goodbye to Jiang Li.

"Your Majesty, Emperor Xia."

Xia Ling cupped her hands. I've been away for a long time. I've already completed the task that the court Lord gave me, so I won't disturb you any longer.

"this one will take his leave."

"Xia Tian, why don't you stay in great Xia for a while longer? I haven't done my part as the host yet."

Jiang Li said.

"No need."

“I have other things to deal with,” Xia Ling said, waving her hand.

“that’s good.”

Jiang Li nodded. since you’ve said so, I won’t ask you to stay.

“Farewell.”

Shua!

As soon as he finished speaking.

Xia Yan took out a ‘spatial transfer token’ and activated it. Spatial fluctuations emerged, forming a white light that covered Xia Yan’s body.

...

“Whoosh!!!”

a white light flashed.

Xia Ling disappeared into thin air.

It was obvious that they had been teleported away.

“Clean up the battlefield immediately.”

Jiang Li glanced at where Xia Yan was standing before he looked away and gave an order.

“Yes.”

The meches responded.

“Collect!”

buzzzzzz!

Jiang Li covered the ‘origin of demonic god’ with his true Yuan. He turned a Dragon divine weapon into a black bottle and put the ‘origin of demonic god’ in it.

...

The battlefield of the desert of death.

There were over ten million pieces of scrap metal from the ruler Dragon divine weapon, three God race Battle Angel corpses, and one corpse from the GUI Shen race.

finally.

It was the fiendcelestial gobbler’s corpse.

These corpses were the best materials to refine puppet Warriors of the sixth step.

The Dragon sovereign Army brought the remains and the type 6 corpses along with GUI Li’s ghost God cauldron, Demon God swallow’s Demon God halberd, and the God race’s battle Angel’s angelic sword.

They were all precious high-grade materials.

Naturally, he couldn’t let it go.

after clearing the battlefield.

Shua!

jiang li flew into the air and stepped on the nine-thousand-meter-long azure dragon. the four soul realm controllers, myl01, and the dominator dragon divine soldier team followed him.

He returned to the battlefield at his fastest speed.

at the same time.

on the battlefield of marquis linmo.

jiang li's mechanical army had started to clean up the battlefield. they collected the remains of the meches and then the weapons and armors of the demon god elites.

Time passed.

Half a day had passed.

The night came quietly.

jiang li returned to the battlefield.

The mechanical Army had also cleaned up the battlefield.

A large number of resources were recovered.

Marquis Linmo's capital.

Within the city.

Shua!

Jiang Li descended from the sky.

“Your Majesty!”

“Your subjects pay their respects to Your Majesty!”

Plop!

Jiang Li! Fei Lian, MA Heng, and the others all knelt down and kowtowed to Jiang Li. Their tone was respectful and their eyes were full of admiration.

In reality.

A few hours ago.

Feilian, Ma Heng, and the rest had already arrived at the Marquis of Linmo with their army. However, there was no need for them to go to the battlefield, as the war was already over.

Jiang Li won the final battle.

The demon god army was completely annihilated.

So,

When Fei Lian and the rest saw the battlefield of Marquis Linmo, they saw countless corpses of mutant beasts, terrifying fiendcelestial beasts, and even sixth-rank existences.

There was more than one.

Such a terrifying demon Army had actually been destroyed by the great Xia Dynasty's Army.

fei lian and the others were naturally in awe.

He had no other thoughts.

“Yes.”

okay. Jiang Li nodded and said, ” tell the array Masters to get ready. Set up the blood-refining array and refine the bodies of these beasts.

“Clean up the battlefield, don’t leave any loose ends.”

“Yes, sir!”

“Yes.”

Fei Lian and the others quickly replied.

One had to know.

a type 6 soul realm controller could only create and control 111111100 puppet warriors.

Four soul realm controllers.

At most, he could only create a puppet army of 44444400 puppet Warriors. Even with the addition of Mechanical Soul spiritualist, soul power controller, and soul manipulator, he could only create a puppet army of 44444400.

the puppet army that was finally formed.

That was around 500 million.

There were more than one billion soldiers in the demon God Army and the Army of mutant beasts, so Jiang Li couldn't turn all the bodies into puppet Warriors.

The remaining 500 million or so corpses could be turned into blood-refining pills by human array Masters with the 'blood-refining array', or other pills by alchemists.

He would strive to make sure that it would not be wasted.

"Let's start."

go! Jiang Li ordered.

"Yes."

Shua! Shua!

Four soul realm controllers, one Mechanical Soul spiritualist, two soul power controllers, and nine Soul Controllers all walked out from behind Jiang Li.

"Puppet creation!"

"whoosh!!!"

The nine soul manipulators were the first to enter the battlefield. Pitch-black Mechanical Soul energy gushed out from their bodies and covered the surroundings.

After that.

he injected his soul power into the corpses around him and began to build them.

one had to know.

A single soul manipulator could create and control 1111000 puppet Warriors, so nine soul manipulators would be 9999000.

On the battlefield.

Many zombie-like puppet Warriors stood up shakily from the ground, as if the undead had been resurrected.

It was even strange.

“Puppet creation!”

Buzzzzzz! “Whoosh!!!”

immediately.

Two soul power controllers and a Mechanical Soul spiritualist followed closely behind. They released their Mechanical Soul power and cast the ‘puppet building’ skill, beginning to build puppet Warriors.

a soul master could create and control 11111000 puppet warriors, 2 soul masters would be 22202200.

A Mechanical Soul spiritualist could create and control 33333000 puppet Warriors.

“Soul realm!”

Finally.

The four soul realm controllers began to create puppet Warriors. The soul realm that covered a range of one million meters was propped up, covering the battlefield, and the mechanical Soul energy was released.

puppet warriors stood up one after another.

creating puppet warriors also took time.

He estimated that it would take two to three days to complete.

Hence.

Jiang Li asked Fei Lian and the others to lead the way while they were making the puppet Warriors. They turned the crystal mines of the Shu Kingdom into energy points.

They spent a few days on the road.

There were six small spiritual crystal mines and one medium-sized spiritual crystal mine.

After Jiang Li converted all of them.

In total, he had obtained 12.3 trillion energy points.

Marquis Linmo's capital.

jiang li was back here again.

As for Fei Lian and the rest.

let's go back to the capital of Shu state. Jiang Li ordered them to deal with the affairs of Shu state.

“Chief sovereign.”

Shua! Shua!

The four soul realm controllers, MYL01, and the battlefield commanders quickly came to greet them and saluted Jiang Li.

“Yes.”

yes. Jiang Li nodded and asked, ” how’s the formation of the puppet army going? ”

“reporting to you, chief sovereign.”

Hyzk01 replied, ” we’ve spent 3 days, using 19 Type 6 corpses, the ghost God cauldron, the angelic sword, and other Type 6 materials. In total, we’ve created 20 Type 6 puppet Warriors.

“300 type 5 puppet Warriors.”

“10000 type 4 puppet Warriors.”

type 3 puppet Warriors: 459000.

type 2 puppet Warriors, 4.59 million.

“Type 1 puppet Warriors: 45.9 million.”

“459 million unrated puppet Warriors.”

“So, the total number of puppet Warriors is 509959320.”

“It has exceeded 500 million.”

okay. Jiang Li nodded in satisfaction.

my Lord, the demon God Tuoba’s corpse is at the seventh step. We can’t use it for the time being, nor can we use it to create puppet Warriors.

Hyzk01 said.

“i know.”

Jiang Li said.

Chapter 494

After a rough calculation.

jiang li's number one elite and number two merged with the mechanical army, so they lost a lot of soldiers. there were almost one billion meches, but only about four hundred million were left.

The losses had already exceeded half.

Currently.

Jiang Li already had the Dominator Dragon divine weapon, MYL01, four soul realm controllers, and six perfected-stage level six meches.

In addition, there were 20 Type 6 puppet Warriors.

There were a total of 26 powerhouses of the sixth step.

Half an hour later.

More than 500 million puppet Warriors all entered the Super carrier's cabin. Jiang Li left Linmo County with his mechanical Army.

The entire Army flew.

A day later.

Jiang Li first returned to the base of Army 018.

“We welcome Your Majesty!”

fei lian and the rest were already waiting for him.

“Yes.”

teleportation station. Jiang Li just glanced at them and didn’t stay in the Shu nation any longer. Instead, he immediately activated the teleportation station in the base of Army 018.

“Teleport.”

Buzzzzzz!

Jiang Li used the teleportation station in base 018 to teleport the mechanical Army and the puppet army back to the imperial capital. He then returned to the imperial capital himself.

“Chief sovereign.”

QX01 sat in the base of the 01 division. congratulations to the Lord for returning triumphantly.

“Yes.”

okay. Jiang Li nodded.

“chief sovereign.”

QX01 said, ” within the territory of the Duke Lion, a half-beast Army from the half-beast Alliance dynasty, the ‘darkfield country’, has landed. However, they have already been repelled by the great Xia mechanical Army.

they probably annihilated the 20 million half-beast Army of the heiyu nation.

“the heiyu nation.”

Humph! Jiang Li snorted. you’re bold. How dare you meddle in the Xia Dynasty.

At this moment.

In the Black Sea.

“.....”

Pfft!

The half-beast King of the black field Nation, dark light, was running away at this moment. He spat out blood and looked behind him in fear. He was flying at full speed in the sky above the black field sea.

“This is too terrifying. The Army of the Grand Xia Dynasty is too terrifying.”

Dark light’s face was filled with fear.

Obviously.

Dark light originally planned to lead the half-monster army to attack the Xia Dynasty and occupy the territory of the imperial capital, but he was forced to run away by Jiang Li’s mechanical Army.

The 20 million half-monster army was completely annihilated.

Dark light himself had almost died.

He still tried his best to escape the battlefield under the cover of his loyal subordinates.

It could be said that ...

Dark light's courage had already been shattered by the great Xia Army.

They would no longer dare to invade the great Xia Dynasty.

“Why is the Grand Xia Dynasty still able to send out such a terrifying Army? Did something happen to the venerable one and the others?”

Dark light thought to himself.

time passed.

after dark light escaped back to the dark zone country, he hid in the dark zone palace and announced an order to seal off the borders of the country.

he began to recuperate.

At the same time.

The other forces in the dark sea had obviously sensed the changes in the dark sea Country and began to send out Scouts to gradually infiltrate the dark sea Country and find out the truth.

The originally calm Black Sea was starting to become turbulent.

Three days later.

Inside the Azure Dragon Palace.

...

Fei Lian, MA Heng, Hong Tianqi, Dong Xiao, Wei Lin, Ling Tian, Xu Ya, Wu Zong, Feng chenzi, Wu changding, and many others were all important officials of the great Xia Dynasty.

They were all gathered here.

Obviously.

Jiang Li had gathered them all here.

on the dragon throne.

Jiang Li was sitting on it.

Buzzzzzz!

Around him.

The thick mist of the nation's fate filled the air and the green light flashed. It was the protection of the nation's fate that prevented the ministers in the hall from seeing Jiang Li's face.

It was extremely majestic.

“Your subjects pay their respects to Your Majesty!”

...

Plop!

All the officials knelt on the ground.

“Yes.”

” yes. ” jiang li nodded and raised his hand. ” rise. ”

“thank you, your majesty.”

The officials stood up respectfully.

Shua!

After that.

Jiang Li waved his right hand.

a green dragon-shaped radiance flew out and formed a green imperial edict. it was the ‘green dragon imperial edict’, which slowly unfolded.

Buzzzzzz!

The Dragon’s might was released.

To suppress the Azure Dragon Hall.

the ministers all bowed.

his expression became more and more respectful.

“Roar!”

A Dragon's Roar came from the Azure Dragon imperial decree.

Immediately after.

A lifelike Green Dragon appeared and sat around the green Dragon imperial edict. Its majestic dragon eyes looked at the officials in the hall and spoke in the human language.

"the decree of emperor xia states that since the establishment of the great xia dynasty, it has destroyed the dynasties of the barbarians and demons. the shu country has bowed its head and resolved the 'demon god disaster'."

now, we have unified the northern region of Saint peace state.

"However,"

after many years of war, the northern region of the Holy peace Region has become desolate.

The Azure Dragon continued to explain.

In reality.

What Jiang Li wanted to express was that he ordered Fei Lian, Xu Ya, and the others to build and develop the great Xia Dynasty in the northern region of the Holy peace state.

At the same time.

There was also the implementation of the 'medicine Pavilion policy' throughout the country, where everyone planted medicinal herbs and opened up medicine fields.

It was also the most important thing.

“We will obey your orders!”

Immediately.

Inside the Azure Dragon Palace.

Fei Lian, Xu Ya, and the others all kowtowed to receive the decree.

“Alright,” he said.

okay. Jiang Li nodded in satisfaction.

The morning court session ended.

It was now afternoon.

Jiang Li walked to the room in the Dominator’s hub in the base.

“Chief sovereign.”

The hidden Dragon appeared.

“Yes.”

okay. Jiang Li nodded.

Buzzzzzz!

The Dominator panel opened.

Jiang Li started to check his gains.

Among them.

In the energy points column.

During this period of time.

all the resources in the northern region of the saint peace state had been transported to the imperial capital of the xia dynasty. after jiang li converted all the resources, he naturally gained a lot of energy points.

plus ...

Half of the energy points could be recovered from the scrapped meches.

the dominator panel opened.

Jiang Li checked the number of energy points.

energy points: 27238.713082730 energy points.

“it’s close to thirty trillion.”

Jiang Li smiled. when we completely unify and occupy the northern region of the Saint peace state, every Marquis County, city, and village in the country will start to plant herbs.

I believe that we only need to develop steadily for a few years, and we will be able to accumulate sufficient energy points.

Shua!

Jiang Li checked the number of soul Tinders.

this time.

Jiang Li annihilated the demon God Army and the mutant beasts Army. The two armies had nearly one billion soldiers and killed nearly one billion people.

Jiang Li got a lot of soul Tinders.

[soul Tinder: 78.9 million level-one soul Tinders, 6.3 million level-two soul Tinders, 360000 level-three soul Tinders, 5000 level-four soul Tinders, one level-five fiend soul Tinder fragment, 12 level-five soul Tinders, one level-six Angel soul Tinder, two level-six soul Tinders, one level-seven pseudo-fiend God Soul Tinder.]

“Fuse.”

Buzzzzzz!

” fuse. ” jiang li started the soul tinder fusion function. he first fused all the level-one soul tinders and the fusion interface popped up automatically.

[fusion failed!]

.....

[fusion successful!]

.....

The interface kept flashing with notifications.

[prompt: a total of 7.89 million fusions. 2.63 million successes and 5.26 million failures. You have obtained 2.63 million stage-two soul Tinders.]

“Fuse.”

Buzzzzzz!

fuse. Jiang Li started to fuse the level-two soul Tinder. There were 8930000 level-two soul Tinders, so he could fuse 893000 times.

the success rate was about one-sixth.

Finally.

jiang li successfully fused 148840 times and got 148840 level-three soul tinders, plus the original 360000.

The number of stage-three soul Tinders had reached 508840.

“Continue the fusion.”

Buzzzzzz!

The fusion interface appeared once again.

The light flickered.

a series of notifications popped up.

After merging all 508840 level-three soul Tinders, Jiang Li got 5660 level-four soul Tinders because the success rate was only one in nine.

Five thousand six hundred and sixty plus five thousand.

Jiang Li had 10660 level-four soul Tinders, which meant he could fuse 1066 times.

“Fuse.”

Shua!

Jiang Li started to merge.

This was because the success rate was only around one-tenth.

so,

jiang li fused 1066 times and only got 107 level-five soul tinders in the end, plus the 12 he had before.

The number of Tier 5 soul Tinders had reached 119.

[soul tinder: one tier 5 demon soul tinder fragment, 119 tier 5 soul tinder fragments, one tier 6 angel soul tinder fragment, two tier 6 soul tinder fragments, one tier 7 pseudo-demon god soul tinder fragment]

Jiang Li glanced at the soul Tinder.

a fragment of soul Tinder of a rank five demon.

hmm. Jiang Li noticed it. when the great Xia Dynasty becomes a dynasty, I'll go to the court of the Saint peace state and see if I can get the soul Tinder fragments of the level five demons.

Shua!

Soon after.

let's go! Jiang Li used the special mechanical units to stop them.

Other than the Special Forces.

Two new mechanical special units were added.

[sub-surface: special mechanical arms]

special units: Pixiu, holy angel mech soldier (unlocked)(able to manufacture 0/1),
mechanical pseudo-Demon God (unlocked)(able to manufacture 0/1)

“Create holy angel mech soldiers.”

Jiang Li immediately used a level-six Angel soul Tinder and 100 billion energy points.

Buzzzzzz!

The manufacturing interface appeared.

There was an illusionary figure in the interface. From the appearance of the illusionary figure, it was almost exactly the same as the God race’s battle Angel. It was hard to tell the difference.

The illusionary figure slowly rotated.

Countless light spots filled the space.

It gradually solidified.

A minute later.

[creation complete!]

A notification appeared.

Shua!

After that.

the holy angel mech soldier appeared out of thin air and stood in front of jiang li.

“my lord!”

The Holy angel mecha soldier saluted Jiang Li.

“Yes.”

Jiang Li was sizing her up.

it was a beautiful female mech with white skin and a tall body. she was wearing golden armor and had a pair of holy wings. she held a holy sword in her hands.

He was 1.8 meters tall.

Her straight, round, and Jade-like legs were extremely slender and flawless. She had long golden hair and her eyes revealed golden starlight.

It could be said that ...

From the outside.

It was almost the same as the God race’s battle Angel.

It was indeed hard to distinguish.

“Upgrade.”

Jiang Li used 1.4 trillion energy points to upgrade the Holy angel mech soldier to perfected-stage level six.

Buzzzzzz! Buzzzzzz!

A white light flashed.

He completed the upgrade in a few seconds.

“Thank you, chief sovereign!”

thank you. the Holy angel soldier saluted Jiang Li and said gratefully.

Chapter 495 First place

The Holy peace state was divided.

on the floating continent.

Martial Pagoda level nine hundred and ninety nine.

Martial arts Hall.

Within the palace.

In the conference room.

In reality.

A few days ago.

Xia Tian had already returned, but the division leader was not around, so the meeting was only officially held now. Xia Tian reported the situation of the great Xia Dynasty in detail to the division leader, as well as all the things that had happened in the northern region of the Holy peace state.

Xia Tian, you mean a new human dynasty that was founded two years ago? it destroyed the dynasties of the barbarians and demons in the North, made the Shu state bow its head, and unified the northern region of Saint peace state? ”

“How is this possible?”

“are you sure it’s only been two years, not two hundred years?”

“Si si si ...”

In the surroundings.

After everyone in the meeting room heard Xia Ling’s report, they were all very surprised. Their voices were full of disbelief, and they could not believe it.

“Xia Ling, is what you’re saying true?”

The division Head couldn’t help but ask.

“It’s true.”

Xia Yan nodded. if nothing goes wrong, ” he said solemnly, ” in at most a year or so, when the great Xia Dynasty has completely taken control of the Northern Territory of the Holy peace state, it will be promoted to a dynasty.

also, Emperor Xia, Jiang Li, has agreed. After the dynasty is established, he will make time to visit the court in the Saint peace state. You can ask him in person if you have any questions.

Jiang Li, Emperor Xia.

“This is truly unbelievable.”

I can't believe that he managed to unify the northern region of Saint peace state and establish a human empire in just two years. To be honest, I still can't believe it.

“It's like a fairy tale.”

“Yup!”

Everyone sighed.

“You're all dismissed.”

The court Master waved his hand.

“Yes.”

Immediately.

The figures of everyone in the hall disappeared.

Only the court Master and Xia Ling were left.

” xia tian, did jiang li solve the demon god disaster in the north? ”

The court Lord asked.

“Yes,”

yes. Xia Yan nodded. also, I noticed that Jiang Li's soldiers aren't normal humans at all. They're not puppet Warriors made by human puppeteers.

“i can’t see his depth for now.”

I think there’s a shocking secret on Jiang Li.

“Yes.”

The division Master pondered for a while, then nodded and said, ” don’t leak this matter for now. It can be promoted to a dynasty in two years.

“I don’t believe that there are no secrets.”

let’s wait until Jiang Li comes to the court a year later.

“Alright,” he said.

Xia Tian nodded and left the martial arts Hall without another word.

“The Grand Xia Dynasty.”

The court Lord muttered, ” Emperor Xia, Jiang Li, you rose to power in such a short time. I wonder what kind of changes you can bring to the Saint peace state? ”

At the same time.

The division of the Barbarian totem immortal court in the Holy peace state, the division of the demon bloodline immortal court in the Holy peace state, and the Imperial court of the various races in the Holy peace state.

These were the forces that stood at the top of the Holy peace region’s pyramid.

More or less.

They had all received the news from the northern region of holy peace state.

He knew that it was in the northern region of the Holy peace Region.

A human dynasty was about to be born.

...

” the northern region of the holy peace region. ”

“Speaking of which, it’s been several thousand years since we’ve received any news.”

“Interesting,”

a human dynasty is going to be born? ”

if there’s a chance, we’ll send troops to destroy this new dynasty.

” i wonder what special products this new human dynasty has. if possible, we can open up a trade route for trade. ”

“.....”

The demon emperors, barbarian emperors, and human emperors of the various races and dynasties had different attitudes toward the great Xia Dynasty.

Regarding this ...

jiang li didn’t know yet.

Furthermore ...

...

Even if he knew.

Jiang Li didn't mind.

Moreover ...

After promoting the Xia Dynasty to an imperial dynasty, Jiang Li would definitely start from the northern region of the Saint peace state and gradually extend his influence to the entire state.

Jiang Li was very ambitious.

He wouldn't be satisfied with the small Northern Territory of the Holy peace Region.

now.

Jiang Li was about to build level-seven special mechanical units.

create a 'mechanical pseudo-Demon God'.

Shua!

jiang li controlled the dominator panel. the 'mechanical pseudo-demon god' was a level seven mechanical special unit, so it cost ten trillion energy points just to build it.

“Whoosh!!!”

immediately.

The manufacturing interface appeared.

An illusionary figure appeared. It had a burly body and strong limbs. The appearance of the mechanical pseudo-demonic god almost had a lot in common with the demonic god devour.

Shua! Shua!

The illusionary figure slowly rotated.

There were countless light spots filling up the surroundings.

It gradually solidified.

Shua!

Jiang Li opened the information of the Holy angel mech soldier.

special unit type: holy angel mech soldier ”

[rank: complete rank six]

[No.: SSTs01]

skill 1: Tier 6 top-grade holy sword Mastery ”

” skill 2: rank 6 divine power

skill 3: Tier 6 divine territory

skill 4: Tier 6 holy angel

skill 5: Tier 6 divine burial ”

” skill 6: tier 6 holy beam cannon

[equipment: Tier 6 top quality angelic sword]

[angelic machinery: mechanical creation, unafraid of life and death, unafraid of pain, infinite loyalty, possesses the ‘heart of holy angel’ created from the ‘angelic soul Tinder’, and possesses the ability to devour souls and evolve itself.]

only when the ‘heart of holy angel’ is damaged, or when the damage is more than 90%, will it really be scrapped. After it dies in battle, it can be recycled for half the energy points of the cost.

[mechanical holy power: with the ‘heart of holy angel’ as the core, it is transformed into ‘mechanical holy power’. It possesses Holy, purifying, and other abilities.]

advancement requirements: one level-seven angelic soul Tinder, one trillion energy points ”

“It can be called luxurious.”

six skills. Jiang Li looked at the information of the Holy angel mech soldier carefully and sighed, ” six skills, and they’re all of the highest grade.

they’re also equipped with exclusive weapons.

other than that, it can also devour souls to evolve.

“Amazing, amazing.”

Obviously.

The combat power of the Holy angel mech soldier.

it was probably even more powerful than myl01.

In other words ...

On the surface, SSTs01 looked very similar to the Protoss Battle Angel, but its abilities and combat power far exceeded that of the same level of Protoss Battle Angel.

Shua!

[creation complete!]

At this moment.

Jiang Li received a notification.

The ‘mechanical pseudo-Demon God’ had been completed.

Buzzzzzz!

immediately.

The mechanical pseudo-demonic god appeared out of thin air and stood in front of Jiang Li. It was only three meters away from Jiang Li and had a powerful aura.

“Chief sovereign.”

The mechanical pseudo-Demon God saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded.

Then, he carefully sized up the mechanical pseudo-Demon God.

First of all ...

The mechanical pseudo-Demon God's appearance was almost 90% similar to the demon God devour. It was purple-black in color, and one could not tell that it was a mechanical creation from the surface.

his body was burly.

He was nine meters tall.

It was like a small giant, extremely powerful.

Its four limbs were covered in purplish-black diamond-shaped scales, and there was a pair of spiral-shaped horns on its head that were similar to bull horns. Its eyes were purplish-black.

“There aren't enough energy points.”

Jiang Li glanced at the energy points column.

it cost ten trillion to create a rank-seven mechanical pseudo-demon god, and twenty trillion to upgrade to the mid-stage of rank-seven. jiang li didn't have enough energy points at all.

so,

Jiang Li couldn't even become a mechanical pseudo-Demon God now.

Shua!

the information interface was opened.

special troop Type: Mechanical pseudo-Demon God

[rank: early seventh rank]

[No.: WMS01]

skill 1: seventh rank lower-grade Devil God halberd technique ”

skill 2: aura of a low-grade rank-7 Demon God ”

skill 3: seventh-rank lower-grade demonic god Power ”

skill 4: low-grade rank-7 Demon God domain ”

skill 5: rank seven low-grade pseudo-Demon God true body ”

Skill 6: seventh-rank lower-grade Demon God burial ”

skill 7: Level Seven inferior-grade Demon God's eyes ”

equipment: tier 7 inferior-grade demonic god halberd ”

[Demon God machinery: mechanical creation, unafraid of death, unafraid of pain, infinite loyalty, possesses the ‘pseudo Demon God heart’ created from the ‘pseudo Demon God Soul Tinder’, and possesses the ability to devour souls and evolve.]

only when the ‘pseudo-Demon God heart’ is destroyed, or when it's more than 90% damaged, will it really be scrapped. After it dies in battle, it can be recycled for half of the energy points it cost.

” advancement requirement: 20 trillion energy points

Jiang Li carefully read all the information about the mechanical pseudo-demonic god.

First of all ...

The mechanical pseudo-Demon God had seven skills and was also equipped with its own weapon. It also had the ability to devour souls and evolve itself.

Of course.

As he was still at the beginning of the seventh rank, all his skills and equipment were only of the seventh rank lower grade.

Time passed.

In the blink of an eye, several months had passed.

“Chief sovereign.”

yes, ” Hidden Dragon reported to Jiang Li, ” the research on the Tier 4 gene strengthening fluid has been completed.

“yes.”

Jiang Li opened his eyes.

Buzzzzzz!

His aura was quickly retracted.

In the past few months.

Fei Lian, Xu Ya, and the others continued to develop and strengthen the great Xia Dynasty. They had built cities on the ruins of the large territories that they did not control before.

He had gradually gained control over them.

One city after another was built for slaves.

It could be said that ...

In the entire northern region of the Holy peace Region.

More than 99% of the demons, barbarians, barbarians, half-demons, and other mixed-blood races had been imprinted with 'ordinary contract talismans' and became the slaves of the great Xia Dynasty.

after a few months of development.

The great Xia Dynasty had already controlled more than half of the northern region of the Holy peace state.

so,

The Fortune of the great Xia Dynasty was getting stronger and stronger.

Although the Azure Dragon of the great Xia Dynasty was only 9000 meters long, it had already ranked first in the 'young dragon ranking-Saint peace state'.

In reality.

After a detailed calculation.

among them.

There were 43200 barbarian slaves, 50300000 monster slaves, 110 million half-monster slaves, and 132 million barbarian slaves.

All the other mixed-blood slaves were added up.

There were a total of 240 million.

In other words ...

The total number of slaves in the great Xia Dynasty had reached 1.414.3 billion.

There was more.

The total population of the great Xia Dynasty.

This included the original Shu country, great Wei, Yongling, Great Jin, and so on.

There was a total of about 1.5 billion.

One had to know.

The size of the northern region of the Holy peace state was very different from that of Earth.

However ...

The population of earth had reached more than seven billion.

In the northern region of the Holy peace Region.

Even if all the slaves were added up.

The total amount was only 2.9 billion, not even 3 billion.

Chapter 496 True spirit

Hidden Dragon, immediately create the Tier 4 gene strengthening liquid.

go! Jiang Li ordered.

“Yes.”

Hidden Dragon nodded.

Shua!

At the Research Center.

The fourth floor.

The projection screen appeared.

The research meches on the fourth floor started to work. They spent one hundred million energy points to make ‘stage four gene strengthening liquid’ for Jiang Li.

This was because the production of Tier 4 gene strengthening liquid required some time.

Jiang Li closed his eyes.

He immediately used his consciousness to communicate with the ‘young dragon ranking-holy peace state’.

On the rankings.

The great Xia Dynasty was ranked first.

It suppressed all the dynasties on the sub-ranking.

The second place was the demon dynasty.

It was called the great demon Empire.

the third place was the barbarian dynasty.

It was called the Windy barbarian kingdom.

Down.

There were also many dynasties of various races.

Jiang Li just glanced at it and didn't pay much attention to it.

Buzzzzzz!

Immediately.

A giant purple-gold light ball fell off the 'young dragon ranking' and flew to Jiang Li, quickly merging into his body.

'congratulations to the great xia dynasty for rising to the top. Spiritual vein dragon control technique.'

In his mind.

Immediately, a new message appeared.

Soon after.

Jiang Li's consciousness came back and he opened his eyes.

my Lord, the Tier-4 gene strengthening fluid has been completed.

Hidden Dragon said.

“Alright,” he said.

yes. Jiang Li nodded. get it immediately.

Shua!

The Tier 4 gene strengthening drug was transferred from the shelf on the fourth floor to the room in the Dominator's hub and floated in front of Jiang Li.

It was a pure white syringe.

Inside the syringe.

It was a purple liquid.

it was sparkling with starlight.

[research product: Tier 4 gene strengthening fluid]

[rank: rank four]

[effect: further strengthen genes]

[usage: intravenous injection]

[origin: army base 01-the fourth floor of the scientific research Center]

His basic information appeared.

Soon after.

let's go. Jiang Li called the elite scientific researcher over and asked him to inject the 'rank-4 gene strengthening liquid'. He put the needle into his vein and slowly injected the liquid.

what?"Jiang Li felt cold.

Buzzzzzz!

Very quickly.

The chill spread throughout his body with the flow of his blood.

“Hu ~~ Hu ~ Hu ~”

...

Jiang Li let out a long breath.

half an hour later.

the medicine began to take effect.

At the same time.

Azure Dragon technique. Jiang Li immediately activated the Azure Dragon technique.

“Roar!”

A Dragon’s Roar resounded.

Not only that.

In the past few months, the great Xia Dynasty’s National fortune had grown and its ranking had risen from No. 10 to No. 1, but Jiang Li didn’t use it.

this time.

Jiang Li stopped suppressing it and used the blessing of the nation.

...

Immediately.

The power of the nation’s fate landed on Jiang Li’s body. With the help of the rank-4 gene strengthening liquid, Jiang Li was strengthened from the inside out.

The energy kept washing over Jiang Li’s body and soul.

It kept purifying Jiang Li’s true essence.

it was gradually being strengthened.

time passed.

Jiang Li’s aura was getting stronger and stronger.

after that.

Jiang Li touched the barrier of level five.

fifth rank.

He condensed his true core.

Sixth rank.

He had already begun to truly touch the realm of the soul.

The true core and the soul combined.

to condense ‘true spirit’.

Once the true spirit was formed.

He would be able to step into the sixth step.

At this moment.

The level-four gene strengthening liquid improved Jiang Li’s talent and strengthened his genes. It made his genes more perfect and his talent stronger.

Hence.

Jiang Li received the feedback from the fate of the country.

He had finally broken through the ‘fifth step’ barrier.

Kachaa! Kachaa!

In his dantian.

His true core began to shatter.

With the nine Dragon marks as the lines, nine cracks appeared. Jiang Li put his divine soul into the cracks and a green mist appeared.

“Roar!”

The Azure Dragon of the Xia Dynasty roared.

The vast power of the nation’s fate descended and was injected into it.

In the end.

“Whoosh!!!”

a strange fluctuation spread out.

The genuine elixir split into nine petals and floated in his dantian like a ninth-grade Lotus. In the center of the ninth-grade Lotus, a small green figure appeared.

It was gradually taking shape.

True spirit!

It was Jiang Li’s true spirit!

Roar! roar!

The Dragon roared.

nine green three-clawed true dragons swirled around his true spirit, and a vast power of true spirit gushed out, spreading from his dantian to his entire body.

He started to strengthen Jiang Li's body.

Time passed.

A day later.

“Hu ~~ Hu ~ Hu ~”

Jiang Li opened his eyes. A Dragon-shaped green light flashed in his eyes. A ninth-rank Lotus appeared behind him. A green figure was sitting on the Lotus.

Very quickly.

The phenomenon disappeared.

Everything calmed down.

Buzzzzzz!

The light on Jiang Li's body gradually dimmed.

“Initial-stage rank six!”

I've improved my aptitude and talent with the help of the level-four gene strengthening liquid and the blessing of the nation.

he broke through the barrier of the fifth rank in one fell swoop and condensed his 'true spirit'. He stepped into the sixth rank and his cultivation level rose to the early stage of the sixth rank.

“not bad, not bad.”

jiang li was very happy.

Half a day later.

” true spirit power. ” jiang li gradually became familiar with the power of true spirit.

It could be said that ...

compared to before.

Jiang Li was much stronger now.

“spiritual vein dragon control technique.”

Immediately after.

Jiang Li closed his eyes and started to cultivate and comprehend the last 'reward' he got from the 'young dragon ranking'.

It was also known as the 'spiritual pulse Dragon controlling technique'.

Half an hour later.

Jiang Li remembered and passed it down.

He now knew the effects of the 'spiritual pulse Dragon controlling technique'.

in general.

Only after cultivating the spiritual pulse dragon control technique could one set up the spiritual pulse dragon control array to suppress the spiritual radiation of the spiritual crystal mine and increase the speed of the formation of the spiritual crystal mine.

At the same time.

It could also move the ‘spirit vein’.

Hence.

jiang li started to practice the spiritual heritage dragon control technique. without the blessing of the nation, it took him a long time to reach the basic level.

Only those who had reached the ‘small success’ realm could move the ‘spirit crystal mine’.

He had cultivated the ‘spiritual pulse Dragon controlling technique’.

jiang li was going to gather all the spirit veins together.

This would make it easier to harvest energy points in the future.

First of all ...

jiang li found a vast open land in the great xia province and ordered the mechanical pseudo-demon god, ssts01, myl01, and other advanced meches.

They used their mighty power to move 16 mountains that were more than 1000 meters tall from other places and placed them together in the eight trigrams position.

After that.

First, he went to the Marquis of Wei and moved the small spiritual crystal mine away with the spiritual vein Dragon controlling technique.

Immediately after.

It took Jiang Li three days to move the three small spiritual crystal mines and one medium-sized spiritual crystal mine in the territory of the SkyDemon Marquis to the great Xia County.

It also took Jiang Li three days to move the three small crystal mines and one medium-sized mine in the Marquis of Black Dragon.

finally.

They were the six small spiritual crystal mines and one medium-sized spiritual crystal mine in the territory of Marquis Shu.

it took jiang li four days to finish it.

“Go!”

Roar!

Jiang Li stood in the air above the center of the sixteen mountains. He waved his sleeves and formed a series of seals. The source of spiritual energy flew out with abundant spiritual Qi and turned into Dragons of spiritual energy that entered the sixteen mountains.

It had disappeared.

Among them.

The three medium-sized spiritual crystal mines occupied the three highest mountains, each of which was 2000 meters high. They were located in the East, West, and South.

“Alright,” he said.

Jiang Li looked at his work and nodded in satisfaction.

The ‘spiritual pulse dragon control technique’ was only at the initial stage, so he couldn’t set up the ‘spiritual pulse dragon control formation’ for the time being. He needed to reach the great completion stage to do it.

Two months later.

Buzzzzzz!

The room in the ruler’s hub.

Jiang Li had been in seclusion for two months and focused on practicing the spiritual pulse dragon control technique. He finally made a breakthrough today.

Shua! shua!

seal! Jiang Li formed a seal with both hands.

Bursts of light and mist filled the air.

They formed nine dancing white dragons.

it was extremely profound.

Finally.

Jiang Li stopped and stood up.

“The spiritual vein dragon control technique has already reached the level of completion.”

” it’s time, ” jiang li said. ” we can start setting up the spiritual pulse dragon controlling formation. ”

He went into seclusion for two months.

Jiang Li finally came out of seclusion.

He walked out of the base.

“Your Majesty!”

Xu Ya and the others came quickly. They seemed to have been waiting for Jiang Li outside the base.

regarding the development of the great xia dynasty.

Jiang Li rarely interfered.

It was basically handed over to Xu Ya, Hong Tianqi, Fei Lian, and Wei Lin to manage. During the two months of seclusion, the great Xia Dynasty had developed vigorously and controlled more than 80% of the Northern Territory of the Holy peace state.

In reality.

Jiang Li felt it too.

The change in the Azure Dragon and the fate of the dynasty.

It had reached a critical point.

Speaking of this.

xu ya, hong tianqi, wu zong, and pang kui were the first batch of jiang li's subordinates and subordinates. because they had been injected with the level-one gene strengthening liquid, their talent and potential had been improved.

in addition, he was in a high position and had a large number of cultivation resources.

so,

Their cultivation had long broken through to the perfected stage of Tier 3.

He was just one step away from reaching Tier 4.

One had to know.

tier 4 was already equivalent to national guardian level combat power.

In the past.

How could Xu Ya and the others dare to think about it?

But now, it seemed to be within his reach.

Of course.

The reason why they were able to improve so quickly was also because of the great Xia Dynasty's National fate, which increased their cultivation speed.

“What’s the matter?”

jiang li asked.

“Your Majesty.”

han liqi was the first to speak. ” in the past few months, we have already purchased several batches of medicinal herbs from the various counties and marquises of the great xia dynasty. furthermore, all of them were purchased by the imperial court. they have already been transported to the imperial capital of the great xia dynasty. ”

“Oh.”

han Liqi. Jiang Li looked at han Liqi. how many are there? ”

not a lot. In fact, it’s a little less than expected.

“After all, only the Marquis of black snake, Marquis of gray wolf, Marquis of red eyebrows, Marquis of canghuang, and Marquis of great Qian have fully implemented the medicine Pavilion policy,” han Liqi quickly replied.

all these places added up to less than one percent of the great Xia Dynasty’s territory. Therefore, there are about 50 to 60 billion ordinary medicinal herbs and only a few billion spiritual herbs.

“It’s alright,”

” it’s not bad, ” jiang li said. ” it’s been half a year. it’s not bad to have so many herbs. ”

“thank you for your praise, your majesty.”

Han Liqi stood up straight, his expression slightly excited. I will do my best to share your worries.

“yes.”

is there anything else? ” Jiang Li smiled and looked at Xu Ya and the others.

“Your Majesty.”

Hong Tianqi stepped forward and said, ” “In the past six months, I have been constantly recruiting soldiers and buying horses. The great Xia Army has already expanded to 50 million soldiers.”

“i trained for half a year.”

“they already possess a certain level of combat strength.”

“Oh.”

50 million? ” Jiang Li raised his eyebrows. it’s been expanded to 50 million.

Chapter 497 Setting up the formation

Then, with Hong Tianqi and the others leading the way, Jiang Li went to the ‘camp of the Xia soldiers’ in person and held a Grand ‘military parade’. It took about half a day.

Great Xia barracks.

Currently, it was constructed North of the imperial capital of the Grand Xia. It occupied the majority of the northern area of the imperial capital, and was an extremely vast building.

One had to know.

For more than half a year.

The imperial capital of the Grand Xia had been expanded and expanded multiple times.

It could be said that ...

It had already become a vast and boundless city.

It had expanded by a hundred times.

there were millions of great xia citizens living there.

“Your Majesty!”

in the military camp.

The 50 million great Xia soldiers had gathered.

Infantry, cavalry, heavy infantry, heavy cavalry, light archers, and many other types of soldiers formed into orderly units.

It had to be said.

The formation of the great Xia soldiers had indeed undergone very strict training, and their discipline was extremely strict.

It could be said that ...

After watching Jiang Li's mechanical Army, Hong Tianqi had some inspiration and trained the great Xia soldiers according to the formation of the mechanical Army.

It was very effective.

“Not bad.”

okay. Jiang Li looked around the great Xia Army and nodded in satisfaction.

It had developed for half a year.

Hong Tianqi was able to build an army of 50 million great Xia soldiers.

It was not bad.

“Thank you for your praise, Your Majesty.”

Hong Tianqi was delighted and continued, ” “Your Majesty, at this rate, if we continue to expand the recruitment, I am confident that we can build a great Xia Army with over 100 million troops within a year.”

“There’s no hurry.”

I don’t care. Jiang Li waved his hand. quality is more important than quantity.

“Yes.”

Hong Tianqi immediately nodded. yes, Your Majesty.

“your majesty.”

At this moment.

After the parade, Xu Ya reported to Jiang Li, ” “I have something to report.”

“Speak,” he said.

Jiang Li said.

Your Majesty, a large number of creatures from the sea of Blackie sneaked into our great Xia's Duke Lion. After investigation and interrogation, a month ago, there was chaos in the sea of Blackie. The various forces of the sea of Blackie joined forces and attacked the half-monster Alliance dynasty-the country of Blackie.

xu ya said.

“Oh.”

Jiang Li muttered.

“Your Majesty.”

Hong Tianqi immediately stepped forward and knelt on one knee. He shouted, “Your Majesty, I am willing to lead the Xia Army to the Black Sea and help the Xia Dynasty conquer the Black Sea.

the great Xia Army has just been formed and has not experienced the baptism of war. This is a rare opportunity for the great Xia Army to train their soldiers.

“Yes.”

Jiang Li looked at Hong Tianqi and saw the determination in his eyes. He smiled and said, “general hong, you're too kind. the great xia soldiers do need to experience war. they can't be trained to be truly strong soldiers.”

Jiang Li paused and continued, “The Black Sea is definitely going to be occupied, but we can't just send out our troops now and let them continue fighting.”

“When the forces in the Black Sea have decided the victor, we will send out our troops and occupy the Black Sea in one fell swoop.”

“Your Majesty is wise.”

Your Majesty’s idea is too good. First, let the forces in the Black Sea fight each other. When most of their soldiers are dead, we will send troops over. It’s completely like sitting back and reaping the benefits.

“Wonderful, wonderful!”

Wu Zong, pang kui, and the other ministers all complimented him.

“I will immediately send out a team of Scouts to monitor the situation and movements of the Black Sea.”

xu ya immediately said.

“Yes.”

...

” okay. ” jiang li nodded.

Of course.

In addition to the scouts, Jiang Li would also send out a super intelligence Unit to Scout and monitor the Black Sea to make sure that the plan would go smoothly.

with these two layers of protection.

He believed that he would not be able to cause any trouble in the Black Sea.

“xu ya, hong tianqi, han li qi xuanji”

Soon after.

I'm here. Jiang Li Read out the names of the important officials of great Xia.

“Your subject is here.”

Xu Ya and the others immediately knelt on the ground.

Shua! Shua!

...

Jiang Li took out a vial of ‘stage two gene strengthening liquid’.

this is the ‘Tier 2 gene strengthening liquid’. It is an upgraded version of the’ Tier 1 gene strengthening liquid ‘that you have used before. Its medicinal effect is even stronger and its effect is even higher.

you’ve done well, ” Jiang Li said. in the past six months, you’ve done well. Some of you even exceeded my expectations.

“This ‘Tier 2 gene strengthening liquid’ is your reward.”

“Take it.”

“Yes!”

“Thank you, Your Majesty!”

“I will do my best and die for you!”

“!!!”

Immediately.

Hong Tianqi, Han Liqi, and the others caught the 'Tier 2 gene strengthening liquid' excitedly. They were very excited, and their eyes were full of excitement.

"yes."

Jiang Li nodded with satisfaction and said, "I think after you guys inject this 'Tier 2 gene strengthening fluid', it shouldn't be long before you can raise your cultivation to Tier 4."

"These are all rewards from His Majesty."

"Without His Majesty, we wouldn't be where we are today."

"Everything we have is given to us by His Majesty."

"we thank your majesty!"

Plop!

Hong Tianqi and the others kowtowed again.

"hehe."

Jiang Li just smiled.

"Han Liqi, lead the way. I'll go take a look at the herbs we've harvested."

go! Jiang Li ordered.

"Yes."

Han Liqi immediately stood up.

Half an hour later.

Great Xia's medicinal herbs Treasury.

Tens of billions of medicinal herbs and billions of spiritual herbs were all stored in great Xia's medicinal herbs Treasury. When the doors of the Treasury opened, the smell of medicinal herbs wafted out.

“Your Majesty, all the herbs we've harvested in the past half year are here.”

Han Liqi said.

“Yes.”

okay. Jiang Li nodded and waved. you can leave.

“Yes, Your Majesty,”

Han Liqi and the others bowed respectfully and left.

Very quickly.

Jiang Li was the only one left in great Xia's herb Treasury.

“Convert!”

“whoosh!!!”

Jiang Li reached out and touched the spiritual herbs in the Treasury. He activated the energy point conversion function and white light flashed.

Shua!

conversion successful. 1.9 billion energy points obtained!

.....

conversion successful. You've received 1.7 billion energy points!

.....

In front of him.

A series of notifications flashed past.

A few minutes later.

The tens of billions of ordinary herbs and billions of spiritual herbs in great Xia's Treasury were all converted by Jiang Li. He gained 120 billion energy points in total.

It wasn't a lot.

But it was still quite a lot.

Among them.

The tens of billions of ordinary herbs were converted into 62 billion energy points, and the billions of spiritual herbs were converted into 58 billion energy points.

"Yes."

I'm not sure. Jiang Li pondered and calculated in his heart, "in half a year, only one percent of the great Xia Dynasty's current territory has fully implemented the 'medicine Pavilion' policy.

even so, we still managed to obtain 120 billion energy points.

"If we calculate according to this standard."

"as long as the entire great xia dynasty starts planting medicinal herbs. "

"just by converting the medicinal herbs and spiritual herbs, i can harvest about twenty trillion energy points every year. "

"Not bad, not bad."

Jiang Li was quite satisfied.

he could harvest 20 trillion in a year.

Ten years would be two hundred trillion.

It was already quite a lot.

Black Sea.

at the border of the heiyu nation of the half-beast dynasty.

"Kill!"

attack!!!

charge onto the island!!!

On the surface of the sea.

It was a huge sailboat from all the forces in the Black Sea. They had formed an alliance and launched a full attack on the black field Nation.

“Block it!”

“You bastard!”

“Let’s go all out with them.”

“Kill!”

BOOM! BOOM! BOOM!

“Ah!”

Pfff!

Battle cries shook the heavens.

The war had already broken out.

And it lasted for a long time.

Because the heiyu nation had lost a large number of soldiers in the great Xia Dynasty’s territory, it had caused its National Strength to decline. Facing the Allied forces of many forces, it had been forced to retreat and a large number of islands had been occupied.

“Hahahahaha!”

The leaders of the Allied forces laughed wildly.

“Damn it!”

Behind the Army of the darkfield country.

dark light’s face was gloomy. the battle reports from the front line were almost all bad news. this made dark light’s mood become extremely heavy, and his mood sank to the bottom.

“If this continues, the entire darkfield nation will be destroyed.”

dark light’s expression was serious, ” do we really have to give up the ‘darkfield country’? It wasn’t easy to conquer the Black Sea and establish a half-beast dynasty. I’m not willing to give up just like that.”

In the sky above the battlefield of the black field country.

Shua! Shua!

In the clouds.

The Super Intel soldiers released drone planes to monitor the situation and send the information to Jiang Li’s commander.

“Hu ~~ Hu ~ Hu ~”

Dark light took a deep breath and took out a token. His face was full of pain as he clenched his fist. you forced me to do this.

we can only ask the half-monster Alliance for help now.

Buzzzzzz!

As soon as he finished speaking.

Hei Yao activated the token, and it transformed into a 'black blood Crow' made of energy. It then disappeared into the air as if it had teleported.

“.....”

Dark light looked into the distance and heaved a sigh of relief.

In the evening.

East of the imperial capital of the Grand Xia.

The spirit vein mountains.

Shua!

” here. ” jiang li arrived.

“spiritual vein dragon control technique.”

Shua! Shua!

Jiang Li stood in the sky above the spirit range and formed seals with his hands. The seals gathered together and formed nine white dragons that circled around the spirit range.

“Spiritual vein Dragon controlling array.”

let's go! Jiang Li shouted and pointed forward. The nine white dragons roared and intertwined, forming a huge formation.

Roar! Roar!

The formation diagram floated in the air, as if it was formed by nine dragon patterns, covering the entire spirit Vein Mountain range.

in that instant.

It drew in the vast spiritual energy of heaven and earth.

“condense!”

” dragon control formation. ” jiang li pointed and the spiritual vein dragon control formation was formed. it slowly merged into the spiritual vein mountains and disappeared.

Wuwuwuwuwu!

Instantly.

Jiang Li immediately felt the changes in the spirit range. The radiation of the spirit range was suppressed, and the spiritual Qi around them became more abundant.

It could be said that ...

In the past, it would take a year for the spiritual crystal mine to recover after each mining, but now it only took nine months, which was a third of the time.

The most important thing was ...

If Jiang Li could master the spiritual pulse dragon control technique, the effect of the spiritual pulse dragon control array would be even better.

The time needed for recovery would be reduced to half a year.

Chapter 498 forging

Jiang Li flew down and walked into the spirit range. Under the suppression of the 'Dragon controlling formation', the radiation 'was weakened by at least half.

However ...

The spiritual vein dragon control array was only effective on small spiritual crystal mines. It was not effective on medium spiritual crystal mines. It could not suppress the 'spiritual radiation' of medium spiritual crystal mines, nor could it slow down the recovery speed of medium spiritual crystal mines.

it required a higher grade 'spiritual pulse dragon controlling technique' to do so.

"Yes."

Jiang Li sensed carefully for a while and found that more than half of the thirteen small crystal mines had been restored. I estimate that in another month, these 13 small spiritual crystal mines will be completely restored.

" by then, i'll be able to harvest at least thirteen trillion energy points. "

Shua!

let's go. Jiang Li left the spirit range and returned to the imperial capital.

it was a quiet night.

the next day arrived.

The commanders received the news from the Super Intel troops in the Black Sea. They reported it to Jiang Li after analyzing it.

Jiang Li was surprised. “Is the Black Sea’s Allied army that strong? In less than three days, they’ve already occupied half of the Dark Zone’s territory.”

“At this rate, the black field Nation will be finished in two or three days at most.”

“Hidden Dragon,”

Jiang Li said.

“Chief sovereign.”

Shua!

hidden dragon immediately appeared. ” please give me your orders. ”

display all the research results of the Research Center.

go! Jiang Li ordered.

“Yes.”

Hidden Dragon nodded.

Then, he immediately opened the scientific research results interface.

From level one to level four.

Other than the gene strengthening fluid.

It was the design drawings of various hot weapons.

Among them.

Stage one thermal weapon.

there were automatic pistols, automatic rifles, automatic submachine guns, small-caliber sniper rifles, light machine guns, and shrapnel guns.

Stage 2 thermal weapon.

They were individual bazookas, large-caliber heavy sniper rifles, heavy machine guns, heavy grenades, grenade launchers, and mortars.

Stage three psionic weapon.

They were the psionic rocket cannon, laser psionic sniper rifle, and psionic shell launcher.

Tier 4 psionic weapon.

They were the psionic destructive bomb.

Obviously.

This was because the 01 base was only a stage 4 base, and the Research Center was also only stage 4. The research of Stage 3 and stage 4 weapons was slow.

Only three types of stage three psionic weapons had been developed.

There was only one type of fourth-rank.

Among them.

Other than the automatic handguns, which only required 10 energy points and 500 grams of steel, the other Level 1 thermal weapons cost 100 energy points and 500 grams of steel.

Any type 2 thermal weapon required 10000 energy points and 5000 kilograms of steel material.

A Tier 3 psionic weapon required 100000 energy points and 50000 Kilograms of steel material.

A Tier 4 psionic weapon required one million energy points and one million pounds of steel material.

In reality.

Jiang Li was already preparing to equip the great Xia soldiers with 'firearms'.

He wanted to create an Army of martial artists and firearms.

It was a special army that belonged to great Xia.

However ...

The current situation ...

Just an automatic rifle alone required 100 energy points and 50 kilograms of steel materials. Even if all of great Xia's soldiers were equipped with 'automatic rifles', they would still need to be equipped with these weapons.

50 million soldiers.

...

That would be 50 million automatic rifles.

A total of five billion energy points and 2.5 million tons of steel materials were required.

“Non-mainstream prospective fighters can equip stage one thermal weapons.”

stage-one martial artists can be equipped with stage-two thermal weapons, ” Jiang Li thought. stage-two martial artists can probably be equipped with stage-three psionic weapons.

“From there, we can maximize our combat strength.”

A day later.

Hong Tianqi completed Jiang Li’s order. He compiled the detailed information of the great Xia soldiers and handed it to Jiang Li.

There were over 50 million great Xia soldiers.

Among them.

The unranked prospective fighter soldiers made up 99% of the total.

There were a total of 50 million names.

...

There were only 100000 first-stage Warriors.

There were 1000 stage-two warriors.

There were ten stage-three warriors.

There was not a single stage-four warrior.

“Hidden Dragon,”

build ten million automatic rifles, ten million submachine guns, ten million small-caliber sniper rifles, ten million light machine guns, and ten million shrapnel guns immediately.

“10000 bazookas, 10000 heavy sniper rifles, 30000 heavy machine guns, 100000 heavy grenades, 10000 grenade launchers, and 40000 mortars.”

“one thousand and ten psionic rocket cannons, one thousand and ten laser psionic sniper rifles, one thousand and ten psionic cannon launchers.”

“Ten psionic destructive bombs.”

“Yes.”

Hidden Dragon replied.

in the mech factory.

The production soldiers began to work.

There were 50 million level-one thermal weapons in total, which consumed five billion energy points and 2.5 million tons of steel materials. 200,000 Level 2 thermal weapons consumed two billion energy points and one million tons of steel materials.

He had produced 3030 Stage 3 psionic weapons.

It consumed 303 million energy points and 151500 tons of steel materials.

Finally.

Ten fourth-grade psionic destruction bullets.

it only consumed ten million energy points and five thousand tons of steel materials.

Half an hour later.

“My Lord, all the weapons have been completed.”

Hidden Dragon immediately said.

“Alright,” he said.

Shua!

The interface of the mech factory opened.

Through the projection, Jiang Li clearly saw all kinds of firearms in the mech factory.

That afternoon.

Jiang Li sent out a transport troop to transport all the firearms and psionic weapons to the great Xia barracks.

in the open space of the military camp.

There were guns, psionic cannons, and other weapons.

They were neatly arranged.

The scene was quite shocking.

In front.

The great Xia soldiers stood in formation and stared at the strange weapons on the open ground in front of them. Their eyes were filled with curiosity.

However ...

The good military discipline made all the soldiers shut up.

“Good discipline.”

” great. ” jiang li sized up the great xia soldiers and nodded in satisfaction.

Obviously.

hong tianqi had trained them well.

“your majesty!”

Immediately.

Jiang Li. Hong Tianqi walked up to Jiang Li and bowed to him.

“Your Majesty!”

After that.

The great Xia soldiers knelt down on one knee at the same time and gave the highest salute.

“alright,” he said.

jiang li smiled and looked at the great xia soldiers. he glanced at the generals one by one. although they hadn’t been through war, they still had a strong aura.

“You may rise.”

jiang li raised his hand.

“Thank you, Your Majesty!”

the soldiers responded in unison.

All of them stood up.

soldiers of great Xia, I believe general Hong Tianqi must have told you yesterday that I will equip you with a weapon that you have never seen before.

it’s done, ” Jiang Li said slowly. now, the weapons are done.

“It’s them!”

Jiang Li pointed at the weapons.

“.....”

Instantly.

The great Xia soldiers couldn’t help but whisper to each other.

It was a little noisy.

“Be quiet.”

Hong Tianqi shouted.

“.....”

The scene was silent.

“Your Majesty.”

At this moment.

A general walked out. He was not old, probably less than 30 years old, but he had the cultivation of the early stage of the 3rd rank. He was obviously a ‘martial arts genius’ with good qualifications.

In reality.

this general had a very high reputation among the great xia army. after joining the great xia army, he started off as a soldier and in just a few months ‘time.

He had already become a great commander.

They were in charge of millions of soldiers.

He was one of the nine commanders of the great Xia Army.

Full name, Xiao Xia.

I’m very confused. This kind of equipment is made of steel, but it looks like a fire Stick. I really can’t understand how powerful these equipment can be.

Your Majesty, ” Xiao Xia said directly, ” rather than equipping us with such strange weapons, why don’t you help us make cold weapons that can cut through iron as if it were mud? ”

“Martial artists rely on their own strength,”

“Impudent!”

Hong Tianqi frowned and glared at Xiao Xia. He yelled, "Xiao Xia, don't think that you can speak to His Majesty in such a tone just because you have some talent.

"Hurry up and ask for forgiveness from His Majesty!"

"Xiao Xia has offended Your Majesty. Please forgive me, Your Majesty."

Jiang Li. Hong Tianqi begged Jiang Li.

obviously.

Hong Tianqi loved talents.

Xiao Xia was extremely talented. He had reached the early stage of the third level at the age of 30. He believed that as long as there were no accidents, he would be able to break through to the fourth level and possess the combat power of a National Guardian.

If they were lucky.

With a large amount of resources to help with their cultivation, they could even contribute to the great Xia Dynasty and receive the blessing of the nation's fate, giving them the hope of breaking through to Stage 5.

so,

Hong Tianqi also thought highly of Xiao Xia.

"Your Majesty, please forgive me."

Xiao Xia came to his senses and quickly knelt on the ground. He was a little frightened. He had been impulsive just now, which was why his tone was a little offensive.

One had to know.

The person in front of him was the Supreme Emperor Xia.

he was the supreme human king who had established the great xia dynasty,
destroyed the barbarian and demon dynasties in the north, suppressed the shu state,
and unified the northern region of the saint peace state.

if he accidentally offended them ...

Even if he had ten lives, it wouldn't be enough.

“There's no need to be so nervous,”

alright. Jiang Li didn't mind. He waved his hand. get up.

“Thank you, Your Majesty!”

Hong Tianqi was relieved to see that Jiang Li wasn't angry. He signaled to Xiao Xia who stood up.

“Your Majesty is so magnanimous, I'm so grateful that I'm in tears,”

Xiao Xia said.

“You're Xiao Xia, right?”

Jiang Li looked at Xiao Xia.

“Yes, Your Majesty,”

Xiao Xia nodded.

“Yes.”

I see. Jiang Li nodded. you’re 30 years old, but you’re already at the early stage of level three. You’re really talented. Since you’re worried about the weapons I prepared, I’ll give you a chance.

“Then you will be the one to test the power of these weapons.”

“How is it?”

“Yes, sir.”

xiao xia was stunned for a moment before he nodded.

“Alright,” he said.

shua!

Xiao Xia. Jiang Li waved his right hand and an automatic rifle flew over. He unlocked the gun and pointed the gun at Xiao Xia.

This made Xiao Xia’s heart turn cold, and his eyebrows twitched.

this is a level-one thermal weapon ‘automatic rifle’. The power of each shot is equivalent to a full-powered attack of a level-one martial artist. Are you ready? ”

Jiang Li asked.

“I’m ready.”

Xiao Xia nodded.

“Yes.”

Jiang Li immediately pulled the trigger.

Chapter 499 the test

Bang Bang Bang Bang Bang Bang

After Jiang Li pulled the trigger, the automatic rifle started to fire continuously. The muzzle spat out fire and the bullets flew towards Xiao Xia at a high speed.

“!!!”

Xiao Xia’s pupils contracted, and he exclaimed in his heart, that’s fast.

Buzzzzzz!

Immediately.

The Xiantian true Qi in his body circulated.

He mobilized the surrounding heaven and earth spiritual Qi, and bursts of true Qi light mist filled the air, showing the color of blood. The true Qi contained a rich blood Qi.

The Zhen Qi light screen formed by Xiantian Zhen Qi blocked all the bullets from the automatic rifle.

It did not hurt Xiao Xia at all.

“What a powerful force.”

Xiao Xia said in shock.

“Your Majesty, is this weapon called an ‘automatic rifle’?”

Xiao Xia asked.

“Yes.”

okay. Jiang Li nodded and asked with a smile, ” how do you feel? ”

“Very strong!”

Xiao Xia’s eyes were burning with passion. Your Majesty, this ‘automatic rifle’ is really powerful. It’s enough to kill a stage-one martial artist.

“Your Majesty, may I ask if there are any conditions to use this weapon? Aren’t the conditions for use very harsh?”

Xiao Xia asked again.

“it’s not harsh,”

” it’s fine, ” jiang li said. ” as long as you hold this weapon, you’ll be able to master how to use it. as long as you can resist the recoil, there won’t be any problems. ”

you don’t even need to be a martial artist. Any ordinary adult can use it.

what?!

Xiao Xia was shocked and her eyes widened. ordinary people can use it? ”

“This is also awkward.”

“Si si si ...”

In the surroundings.

immediately, the soldiers gasped in shock.

“Even ordinary people can use such a powerful weapon.”

“This is too outrageous.”

“If an ordinary person can kill a stage-one martial artist with this weapon, what’s the point of practicing martial arts? With this weapon, you can kill a first-stage warrior.”

“terrifying! Terrifying!”

The great Xia soldiers and generals were all extremely shocked.

“As expected of Your Majesty.”

you’re right. Hong Tianqi looked at Jiang Li with admiration, like a fanatic. only his Majesty can have such a powerful weapon.

with these weapons, I believe that the combat power of the great Xia Army will be raised by several levels.

Soon after.

Jiang Li took out the automatic submachine gun, the small-caliber sniper rifle, the light machine gun, and the shotgun one by one and tested their power in front of the soldiers.

Instantly.

all the soldiers looked at the weapons with burning eyes. they wanted to rush up and grab them, but they all restrained themselves, not daring to make any moves.

They were all waiting for Jiang Li's order.

“Level 1 thermal weapon.”

it's divided into five types: automatic rifles, automatic submachine guns, small-caliber sniper rifles, light machine guns, and shrapnel guns, ” Jiang Li said.

“There are ten million of each type.”

for the great Xia soldier Corps, the ordinary soldiers of the non-mainstream quasi-martial artist will be equipped with stage one thermal weapons.

“According to the different weapons used, the great Xia Army will be divided into five units. Automatic rifle unit, automatic submachine gun unit, small caliber sniper unit, light machine gun unit, and shotgun unit.”

each troop has 10 million soldiers.

“Yes.”

“Yes, sir.”

“.....”

The soldiers shouted.

“Yes.”

...

distribute the weapons now. Jiang Li waved his hand. distribute the weapons.

“It’s coming, it’s coming.”

“gulp!”

“We’ll be able to get our hands on such a powerful hot weapon soon.”

“Your Majesty is truly wise.”

“Your Majesty is truly too great.”

“I will forever be loyal and follow your Majesty throughout my life.”

The great Xia soldiers were cheering.

The mechanical soldiers stepped out.

The firearms were distributed one by one. A total of 50 million Stage 1 firearms were distributed to the 50 million ordinary great Xia soldiers.

with the weapon in hand.

...

Knowledge and information appeared in the minds of the soldiers out of thin air. They automatically mastered the use of firearms, and their faces were full of shock.

At the same time.

they also understood the power of the firearms in their hands.

An hour later.

The weapons had been distributed.

The 50 million great Xia soldiers were divided into five major divisions according to the different weapons they held. Then, they stood in five groups.

“Very good,” he said.

Jiang Li looked at it.

The great Xia soldiers were holding guns and standing in a neat formation. Jiang Li felt like he was looking at a modern army.

Of course.

This was because these great Xia soldiers were all prospective fighters. Their physical strength, endurance, strength, reaction speed, and other aspects far exceeded that of ordinary people, reaching the limits of ordinary people.

It could be said that ...

It was the combination of martial artists and military equipment.

It was enough to create a powerful Army.

As long as they were familiar with the firearms in their hands, in a direct battle, without the help of other means, they could basically crush the modern military forces on earth.

one had to know.

The martial artist Army could also set up a military formation.

This was even more terrifying.

jiang li was looking forward to the combat power of this troop on the battlefield.

He believed in her.

As long as the military bases and research centers continued to be upgraded, the weapons they developed would definitely become stronger and stronger. Then, they would be equipped to powerful martial artists.

furthermore ...

In the middle and late stages.

The type 9 martial artist was holding the antimatter star Annihilator cannon.

one shot.

it directly sank an entire continent.

That kind of scene.

Just thinking about it made him excited.

Of course.

It was still early.

The most powerful single-soldier weapon developed by the Research Center was only a stage four 'psionic destructive bomb'. In terms of power, it was estimated to be almost the same as a conventional missile.

” next, i’ll test the stage two thermal weapons. ”

Shua!

Jiang Li waved his right hand and the bazooka flew into his hand. Xiao Xia, you can do it.

“Yes.”

Xiao Xia gulped.

To tell the truth.

He was a little scared.

Stage one firearms were already so powerful, this stage two firearms would definitely be even more terrifying, and there might even be stage three firearms.

Could his small body really take it?

Your Majesty!

I was really wrong. I shouldn’t have said those words just now. Now, Your Majesty is using me as a sandbag to test the power of these weapons.

if he wasn’t careful.

he directly died.

buzzzzzz!

Hence.

Xiao Xia circulated his true Qi with all his might. He did not dare to relax at all. The thick Xiantian true Qi spread throughout his body.

BOOM!

The next moment.

Jiang Li pulled the trigger and fired the bazooka. The energy rocket shot through the air and landed on Xiao Xia.

“BOOM!”

The Cannonball exploded.

A fiery light rose and spread in all directions.

Rub Rub Rub

The Xiantian true Qi was vibrating.

xiao xia was forced to take a few steps back before he could stabilize himself.

his face was filled with shock.

commander Xiao Xia was actually forced to retreat.

“That’s amazing!”

” it’s too powerful. compared to a stage-one thermal weapon, a stage-two thermal weapon is on a completely different level. commander xiao xia is a stage-three higher heaven warrior. ”

“Gulu, Gulu, Gulu.”

In the surroundings.

There was another round of exclamations.

“What a powerful force.”

Xiao Xia took a few deep breaths to calm his boiling blood. He exclaimed, ” Your Majesty, this is too powerful. He forced me back with a single strike.

“I’m a level three higher heaven tier!”

” if a tier-two warrior were to take it head-on, he would probably be seriously injured! ”

the only weakness is that it’s a little slow. With my reaction speed and vision, I can completely Dodge it, but it’s already very scary.

“Yes.”

Jiang Li put down the bazooka. you’ve seen the power of a stage-two thermal weapon. It’s enough to kill a stage-two martial artist.

“The type 2 thermal weapons are: Bazookas, large-caliber heavy sniper rifles, heavy machine guns, heavy grenades, grenade launchers, and mortars.”

“Six in total.”

we tested ‘individual bazookas’ just now. Next, I will show you the power of other stage two thermal weapons, as well as their advantages and disadvantages.

“Yes!”

“Long live Your Majesty!”

“.....”

the soldiers cheered.

Xiao Xia, you’ll continue the test.

Jiang Li said.

“Yes.”

Xiao Xia’s heart trembled. The bazooka was already so powerful, so the remaining weapons must be powerful as well.

If he tried them all ...

Even if he wasn’t injured.

The Xiantian true Qi would also be exhausted.

But now, he could only bite the bullet and go up. He really wanted to give himself a big slap. If he had known that these weapons were so terrifying, he would not have said anything.

It was all good now.

He had become a punching bag.

It was so uncomfortable!

Ten minutes later.

Jiang Li tested the remaining stage-two thermal weapons one by one. The great Xia soldiers and generals also saw the power of the stage-two thermal weapons.

His gaze became even more fanatical.

Stage 2 thermal weapons, will be given to the Stage 1 soldiers.

Jiang Li said.

“Thank you, Your Majesty!”

“Your Majesty is wise!”

long live Your Majesty!!!

“That’s great.”

hahaha, Yingluo, I want that ‘heavy sniper rifle’. It’s a man’s romance to take someone’s head from thousands of meters away.

the heavy machine gun is more powerful. It can directly kill a large number of people.

The first rank sergeants were extremely excited.

“i’m so envious, yingluo.”

The ordinary soldiers all had envious expressions on their faces. Suddenly, they felt that the automatic rifles and shotguns in their hands were not as good as the stage two hot weapons. Their stage one hot weapons were a bit weaker.

“distribute the weapons.”

go! Jiang Li ordered.

Immediately.

The meches would distribute Stage 2 thermal weapons to the 100000 Stage 1 sergeants.

10,000 soldiers received bazookas, 10000 equipped with heavy sniper rifles, and 10000 with grenade launchers.

30,000 heavy machine guns could form a heavy machine gun unit, 40000 mortars could form an artillery unit.

The weapons were distributed.

The sergeants began to familiarize themselves with the weapons and equipment in their hands.

His face was filled with excitement.

“.....”

Finally.

The thousand rank-two generals, the nine commanders, and Hong Tianqi all looked at Jiang Li. They also wanted something good.

“Ahem.”

jiang li coughed and waved his right hand again. then, the level-three psionic weapon ‘psionic rocket cannon’ flew into his hand. it looked like a grenade launcher.

It was completely black.

“Xiao Xia Yingluo.”

jiang li looked at xiao xia with a smile.

“Your Majesty”

Xiao Xia’s face turned pale because his innate true Qi was almost exhausted. He saw Jiang Li’s smile and the black Barrel in his hand.

His entire body trembled.

It can’t be.

another one?

I really can’t take it anymore! Your Majesty!

Chapter 500 Collapsed

“this is a stage three psionic weapon, called: Psionic rocket cannon.”

” it’s much more powerful than a level-two thermal weapon, ” jiang li explained in detail. ” it’s enough to kill level-three creatures. ”

plop!

Hence.

Xiao Xia’s legs went weak.

he sat paralyzed on the ground.

“Xiao Xia, what are you doing?”

Jiang Li glanced at them.

“Your Majesty, your humble subject has just used up a little too much innate true Qi, so my legs are a little weak. I’ll sit on the ground and rest for a while.”

Xiao Xia said with a smile.

“Pfft, pfft, pfft.”

In the surroundings.

The other commanders tried to hold back their laughter.

“Oh.”

Jiang Li took out a pill. this is the ‘recovery pill’. It’s used to recover your’ innate true Qi’. Take it now. I’ll need you to test the power of the psionic rocket cannon later.

“I know, I know, I know, I know, I know.”

Xiao Xia stood up with great difficulty and took the recovery pill with trembling hands. Then, he swallowed the pill as if he was facing death.

Gulu!

The medicinal effect began to spread.

He circulated his cultivation technique and gradually refined the medicinal power.

A few minutes later.

His Xiantian true Qi was almost fully recovered.

“Are you done?”

Jiang Li asked.

“your majesty, i’ve already recovered by 90%.”

Xiao Xia said.

“yes.”

okay. Jiang Li nodded and raised the psionic rocket cannon in his hand, aiming at Xiao Xia. let’s start.

“Yes.”

Xiao Xia quivered.

He could only go all out.

BOOM!

As soon as he finished speaking.

Xiao Xia’s body trembled as he let out a loud roar. He activated his cultivation technique and released all the Xiantian true Qi in his body, drawing in the surrounding spiritual Qi.

“Demonic blood body protection spell!”

“Whoosh!!!”

The true Qi of Blood Fiend condensed and formed a solid light curtain like a Bell, enveloping Xiao Xia’s entire body. With bursts of light, Xiao Xia’s cultivation and combat strength of early-stage Tier 3 were all released.

“Fire!”

BOOM!

Jiang Li pulled the trigger.

Immediately.

The psionic Cannonball was fired, leaving a black trail in the air. It was so fast that it hit Xiao Xia in an instant.

“Rumble!”

The psionic cannon exploded.

A vast amount of power was released.

It shook the surroundings.

kachaa! Kachaa!

The ground cracked.

“Ah!”

Bang!

A miserable scream rang out.

The blood Shield exploded and the bell-like defense was torn apart. Xiao Xia spat out blood and was sent flying with a scream.

He flew dozens of meters away and fell to the ground.

...

Pfft!

After that.

He spat out another mouthful of blood.

One shot and he was seriously injured.

“Si si si ...”

Everyone’s eyes widened and they gasped.

” commander xiao xia has been severely injured by a single attack. ”

commander Xiao Xia was well-prepared and even used a defensive martial art. Yet, he was still beaten up like this.

a stage three psionic weapon. How terrifying.

I feel like commander Xiao Xia was beaten up so badly!

“.....”

...

Everyone was amazed.

* Cough cough *

Xiao Xia coughed up blood and got up from the ground. His face was pale. He covered his chest and reported to Jiang Li, ” “Your Majesty, this weapon is called ‘psionic rocket cannon’, and its power is enough to deal a powerful damage to stage three experts.”

it doesn’t have any flaws, and its speed is far superior to a bazooka. Even I can’t avoid it.

“If there’s another attack, I’m afraid I’ll be killed.”

“Yes.”

okay. Jiang Li nodded.

“Your Majesty.”

At this moment.

Hong Tianqi quickly walked over and bowed to Jiang Li. Xiao Xia’s strength is still a little too weak. I can’t accurately test the power of a stage three psionic weapon for Your Majesty.

besides, Xiao Xia is also injured. I don’t think he can take on the responsibility of testing weapons.

I'm already at the perfected stage of level three and only one step away from level four. I'll take over the weapon inspection in Xiao Xia's place.

"Alright," he said.

Xiao Xia. Jiang Li first looked at Hong Tianqi, then at Xiao Xia who was badly injured. If he continued the test, he would probably be killed by the psionic weapon.

Since Hong Tianqi had come out to ask for mercy, Jiang Li would give him some face.

"Thank you, Wanwan, thank you, Your Majesty!"

Xiao Xia was excited, as if he had just survived a disaster.

At the same time.

Xiao Xia also looked at Hong Tianqi with gratitude.

"Your Majesty, I'm ready."

Shua!

Hong Tianqi took out his heavenly halberd. Genuine Qi surrounded him, and a strong killing intent came from him. His eyes were burning with a strong momentum.

It had to be said.

Although Hong Tianqi had not reached the fourth level, he had touched the threshold. Moreover, he was the kind of person who matured late and had mastered all kinds of martial arts techniques to a very high level.

Among the many subordinates who had followed Jiang Li in the early days.

Hong Tianqi was the most powerful one.

Although han Liqi, Wu Zong, Xu Ya, and pang kui's cultivation levels were similar to Hong Tianqi's, they were much weaker in terms of combat power.

As for Wang Chao and ma han.

The two of them had already left the imperial capital of the Grand Xia and gone to other County cities to become County princes.

“alright,” he said.

okay. Jiang Li nodded.

Shua!

He waved his right hand.

The laser psionic sniper rifle fell into Jiang Li's hand. It was a heavy sniper rifle with a long body, two meters long, and the cold feeling of a military weapon.

The gun was pointed at Hong Tianqi.

“!!!”

Hong Tianqi's pupils contracted.

he immediately felt a great threat and did not dare to be careless.

“Battle halberd art!”

BOOM!

Hong Tianqi shouted and used his martial arts. His blood Qi spread out and formed a vast domain. The spiritual Qi of heaven and earth surged toward him.

“.....”

In the surroundings.

Xiao Xia and the rest of the nine commanders held their breaths.

All the soldiers were also staring intently.

Kachaa!

Bang!

Instantly.

Jiang Li pulled the trigger and a gunshot was heard. The gun shook. Although there was a strong recoil, Jiang Li easily resolved it. The sniper rifle didn't move at all.

After all, Jiang Li was an expert at the early stage of level six.

The recoil of a level-three sniper rifle couldn't affect Jiang Li.

However ...

If an ordinary person had fired this shot, half of their body would have been shattered by the recoil. Even a non-mainstream martial artist would have lost half of their life, and a first-stage martial artist would have been injured.

only a 2nd-tier warrior could use it.

“kill!”

BOOM!

go! Hong Tianqi roared. He did not defend passively, but took the initiative to attack. He gathered genuine Qi and performed a halberd martial art.

The heavenly halberd struck out.

The huge halberd shadow stabbed forward.

“Thump!”

The psionic sniper bullet was like a sharp light, tearing through the air and making a sharp sound as it collided with the halberd shadow.

The two sides collided.

A loud ‘boom’ was heard.

Bang Bang Bang Bang!

The energy of the explosion wreaked havoc, forming a storm. The ground was cracked, and cracks spread like a spider’s web.

Rub Rub Rub

Hong Tianqi took a few steps back before he could steady himself.

“So strong!”

Hong Tianqi was shocked. Your Majesty, if that attack hit a vital part, it could kill a stage three master.

“The energy is extremely concentrated.”

“It’s even faster than the psionic rocket cannon.”

“It’s alright,”

Jiang Li shrugged and put down the laser psionic sniper rifle.

“It’s alright, it’s alright.”

Xiao Xia wiped the cold sweat from his forehead and said with a lingering fear, “it’s a good thing that Your Majesty didn’t test this ‘laser psionic sniper rifle’ at the beginning. Otherwise, I wouldn’t have been able to defend against it with my strength. I’m afraid my body would have been pierced through.

“This is too scary.”

with just this weapon, he was able to kill a stage three. The more I think about it, the more I feel that His Majesty Emperor Xia is unfathomable. I really wonder how such a weapon was developed and created.

I’ve spent more than ten to twenty years, suffered so much, and suffered so much to finally reach level three. In the end, I’m not as good as this weapon? ”

“Then what’s the point of training?”

“he’s having a mental breakdown!”

Soon after.

Jiang Li continued to test the psionic cannon launcher in front of everyone. It was almost as powerful as the psionic rocket cannon, but it had a wider range.

next, distribute the stage three psionic weapons.

I'll give you one, " Jiang Li said. every rank-two general will get a psionic rocket cannon, a laser psionic sniper rifle, and a psionic shell launcher.

" you can also have the nine commanders and hong tianqi. "

"Thank you, Your Majesty!"

Hong Tianqi bowed.

"We thank Your Majesty!"

Xiao Xia and the other nine Grand Marshals exclaimed in excitement.

A minute later.

The meches gave out all the stage three psionic weapons, and each stage two general got three types of weapons.

His combat strength had increased greatly.

At the same time, he also learned how to use the psionic weapon and its skills.

Passive mastery.

Finally.

They were ten fourth-grade psionic destructive bullets.

“psionic destructive bomb.”

Jiang Li was holding a palm-sized psionic bomb in his hand. It was dark and looked similar to the cantaloupe grenades from World War II.

Palm-sized.

Its power was equivalent to a conventional missile.

it was filled with terrifying psionic energy.

It exploded.

Destroy all living beings in the surroundings.

“this is a stage four psionic weapon.”

jiang li introduced.

“4th rank Suan ni”

that’s the combat power of a National Guardian!

“Oh my God.”

“.....”

everyone was amazed, and there was no doubt in their hearts.

“Your Majesty, I’m afraid that I can’t withstand this stage four psionic weapon.”

Hong Tianqi said in a low voice.

“haha!”

Jiang Li smiled and waved his hand. “Don’t worry, I won’t let you test it. After all, it’s not easy to make a psionic bomb.”

Hong Tianqi and the nine commanders, each of you will be equipped with a psionic destructive bomb.

Jiang Li waved his right hand.

Shua! Shua!

Ten psionic destructive bombs flew out.

hong tianqi, xiao xia, and the others instinctively reached out and used the ‘psionic destructive bomb’. they were very careful, afraid that they would detonate the bomb.

“Thank you, Your Majesty!”

Hong Tianqi and the others kowtowed.

“Yes.”

okay. Jiang Li nodded and said in a deep voice, ” I’ve given you the weapons and equipment. You have half a day to get familiar with them.

“Tomorrow, the entire Army will set off for the Black Sea.”

“yes.”

“Yes, sir!”

“The great Xia Army is invincible!”

“!!!”

Instantly.

The soldiers shouted loudly.

His momentum was like a rainbow.

Obviously.

After obtaining such powerful weapons and equipment, the great Xia soldiers ‘confidence exploded. They couldn’t wait to kill their way to the Black Sea and make a name for themselves on the battlefield.

“Please rest assured, Your Majesty. I will lead the Xia Army to take down the Black Sea and open up a sea route for Your Majesty.”

Hong Tianqi pounded his chest with his right hand and shouted firmly and solemnly.
