

Army 521

Chapter 521 Action

“Chief sovereign.”

QX01 reported to Jiang Li, ” the mech Army used one day and one night to clear most of the beasts in The Endless Forest.

“Yes.”

okay. Jiang Li nodded.

Then, he looked up at the image that was transmitted to him.

in the image.

What came into view was a Wolf-like endless forest. A large number of trees were burning, and thick smoke billowed. The ground was covered with the corpses of fierce beasts, making it look like purgatory.

Let the mech Army come back.

don’t kill all the fierce beasts in The Endless Forest, ” Jiang Li said. Also, try not to destroy the environment of The Endless Forest. Try to minimize the damage.

“Yes.”

QX01 nodded.

He immediately sent Jiang Li’s order through the holographic communication.

The mech Army started to return.

One had to know.

The berserk beasts could be said to be a renewable resource. As long as The Endless Forest continued to exist, the berserk beasts would continue to reproduce and live in The Endless Forest.

At that time.

Jiang Li could harvest another wave.

Although it would take a long time for the berserk beasts to mature and reproduce, it was still a very long time.

“What’s the situation with the punitive expedition Army?”

jiang li asked.

” reporting to the ruler, the expedition army has already arrived at the wind order dynasty. ”

QX01 replied.

“Alright,” he said.

yes. Jiang Li nodded. contact the battle Force.

“Yes.”

Buzzzzzz!

The holographic communication skill was activated.

Very quickly.

The projection screen appeared.

The communication was connected.

At this moment.

The wind order dynasty.

At the northern border.

within linhai county of linbei marquis.

the ‘war expedition army’ made up of the puppet army and the elite fusion mech army had arrived at the wind order dynasty half a day ago.

However, they had not launched an attack yet.

In front.

It was about ten miles away.

It was the city of Linhai County.

“Chief sovereign.”

The ten commanders from zh01 to zh010 appeared on the communication screen and saluted Jiang Li at the same time. we’ve entered the territory of the wind order dynasty.

I'm thinking about whether I should attack the county first or continue to hide my tracks. After that, I'll cross half of the wind order dynasty and attack the capital of the wind order dynasty.

however, the Super Intel soldiers found out that the wind order dynasty is already prepared. There are a large number of elite human soldiers stationed around the county city five kilometers away.

Shua! Shua! Shua!

Finished speaking.

The Super Intel soldier sent over the images captured by the drone.

“Yes.”

let's take down this city first. Then, we'll build a base in the city and open the teleportation station. Jiang Li said.

“Yes.”

Zh01 nodded, ” all units, lock onto the target and prepare to attack.

target locked. ”

“The county city is ten li away.”

super mechanical Artillery Corps is ready.

...

“The three-pronged tanking force is ready.”

“The superconducting Ares Army is ready.”

“Fire!”

“Fire!”

BOOM! BOOM! BOOM!

Immediately.

The punitive expedition Army launched their attack. Cannons, missiles, and shells rose into the sky like a meteor shower, bombarding the Linhai County.

“Rumble!”

An explosion sounded.

It was earth-shattering.

The city wall collapsed from the explosion.

...

The city gate exploded.

“Ah!”

On the city wall.

A large number of soldiers screamed in pain as they were killed by the sudden attack. Limbs flew everywhere, flames rose to the sky, and smoke filled the air.

“Enemy attack!”

“The enemy is in the air.”

“hurry up! Set up the formation!”

“Prepare for battle!”

At the first moment.

the generals of the army around the county city reacted. the soldiers immediately formed a military formation. the military qi gathered and instantly formed a military formation beast.

“Puppet army, attack!”

The Super transport soldiers descended from the sky.

The cabin door opened.

The 500 million puppet Warriors formed a terrifying puppet army, surging forward like a vast ocean. At the very front were 20 Type 6 puppet Warriors.

“Kill!”

boom! BOOM!

the type 6 puppet warriors had the combat strength of the type 6 realm. they were invincible, and could easily destroy the enemy’s formation.

In the blink of an eye.

the entire linhai county city was surrounded by the puppet army.

“A puppet army! it’s the puppet army!”

“The enemy has human puppeteers!”

“Sixth step! It’s actually a Type 6 puppet warrior!”

“si si si ...”

“Heavens! Why are there so many of them?”

“I surrender! I surrender!”

On the battlefield.

the wind order dynasty’s soldiers were frightened, and the generals ‘eyes were wide open. they were so shocked that they threw away their helmets and armors.

In less than half an hour.

Linhai Prefecture was easily taken down by the battle Legion.

He basically didn’t encounter any decent resistance.

my Lord, the wind order dynasty has taken down Linhai County. Please give us your next instructions.

Zh01 reported.

“Yes.”

yes. Jiang Li nodded. let’s find a place to build the base first.

“Yes.”

Zh01 nodded.

An hour later.

In the center of Linhai County.

In the Junwang Manor.

The construction of the No. 035 army base was completed, and 100 million energy points were consumed.

He used another ten million energy points.

The ‘teleportation station’ is completed.

“QX01, where is the ‘large scale reconnaissance unit’ led by zh0214?”

Jiang Li asked.

“Reporting to you, chief sovereign.”

QX01 first contacted the Super Intel soldier of the large reconnaissance team and reported to Jiang Li, ” he has left The Endless Forest and is on his way to the ten-winged dynasty.

with judi leading the way, we should be able to reach the border of ten-winged dynasty by tomorrow.

“Yes.”

” okay. ” jiang li nodded.

Shua!

The Dominator panel opened.

Soul Tinder.

jiang li’s mech army annihilated almost 90% of the beasts in the endless forest and many alien creatures. they gained a large number of soul tinders.

soul Tinder: 76 million level-one soul Tinders, 4.8 million level-two soul Tinders, 330000 level-three soul Tinders, 3000 level-four soul Tinders, one level-five Demon Soul Tinder fragment, 80 level-five soul Tinders, and two level-six soul Tinders.

“Upgrade to zh0214.”

Buzzzzzz!

jiang li used a level-four soul tinder and one million energy points to level up zh0214 to the early stage of level four.

Immediately after.

Jiang Li used another 140 million energy points to upgrade zh2014 to the perfected stage of level four.

“Continue to level up.”

Buzzzzzz!

Soon after.

Jiang Li used a level-five soul Tinder and 100 million energy points to upgrade zh0214 to the early stage of level five. Then, he used another 14 billion energy points to upgrade zh0214 to the perfected stage of level five.

“I’ll continue to level up.”

buzzzzzz!

This time.

Jiang Li used a level-six soul Tinder and ten billion energy points to upgrade zh0214 to the early stage of level six, and then to the perfected stage of level six with 1.4 trillion energy points.

In a short minute.

Zh0214 had advanced from the great circle of the type 3 realm to the great circle of the type 6 realm.

Shua!

The basic information was displayed.

special troop type: battlefield commander

[rank: complete rank six]

[No.: Zh0214]

” skill 1: rank 6 extreme-grade intelligence ”

skill 2: Tier 6 transcendent learning

skill 3: Tier 6 ultimate battlefield command

learned skill 1: Level 1 low-grade mechanical bloodline power mastery (can be leveled up with advanced learning) ”

learned skill 2: Level 1 low-grade seven-refined bloodline technique (can be improved with advanced learning) ”

[artificial intelligence machinery: Wanwan (omitted)]

advancement requirements: one level-seven soul Tinder, one trillion energy points ”

“There’s not much change,”

Jiang Li finished reading the information on zh0214.

First of all ...

Although zh0214 had reached the peak of the type 6 realm, his skills did not increase. He still had 3 skills, but they had all been upgraded to the peak of the type 6 realm.

The ‘advanced intelligence’ had become ‘ultimate intelligence’.

‘Advanced learning’ had become ‘transcendence learning’.

‘Advanced battlefield command’ had become ‘ultimate battlefield command’.

All of his skills had an extremely obvious increase in power.

The most important thing was ...

‘Transcendence learning’ had been upgraded, allowing zh0214 to learn 3 different abilities at the same time, and to be able to upgrade to the peak of the sixth rank.

As long as the conditions allowed it.

The number of skills he could learn was unlimited.

Buzzzzzz! Buzzzzzz!

Zh0214’s mechanical bloodline power glowed. He was learning and cultivating the ‘seven refined bloodline technique’. The strength of his mechanical bloodline was increasing rapidly.

half a day later.

Zh0214’s learning skill 1 ‘mechanical bloodline power mastery’ had already been upgraded to a top-tier rank 3 skill, and his learning skill 2 ‘seven refined bloodline technique’ had also been upgraded to a top-tier rank 3 skill.

At the same time.

Zh0214 then took out the ‘demon race mechanism technique’ and ‘demon race formation technique’ that he had obtained from the ‘Black Tiger fleet’.

He began to study.

Shua!

[number zh0214 has mastered the shifter’s mechanism technique!]

.....

[zh0214 has mastered the devil clan’s array technique!]

.....

An hour later.

zh0214 had learned two new skills.

this way ...

Zh0214 had the 'bloodline power', and he had also mastered the 'demon clan mechanism technique 'and' demon clan array technique'. He could easily pass himself off as a demon clan array master and a demon clan mechanism master.

and with jodie's protection.

He was able to conceal his identity and not easily expose himself.

This would be of great help in investigating the ten-winged dynasty.

In the afternoon.

the mech army led by myl01 and ssts01 teleported back to base 01 through the teleportation station in base 023.

There was no rest.

Jiang Li summoned MYL01 and SSTs01.

"Chief sovereign."

MYL01 and SSTs01 had arrived.

"Yes."

okay. Jiang Li nodded and WMS01 stood beside him. you guys follow me to the wind order dynasty.

“Yes.”

Both MYL01 and SSTs01 nodded.

“Teleport!”

Within the teleportation room.

Buzzzzzz!

A wormhole vortex appeared.

jiang li walked in, followed by wms01, myl01, and ssts01. they entered the wormhole and teleported away.

Shua!

The scene changed.

Jiang Li appeared from the teleportation station in the base of Army 035.

“We respectfully welcome you, chief sovereign.”

In the teleportation station room of base 035.

The ten battlefield commanders, four soul realm controllers, and ten super holographic soldiers from zh01 to zh010 welcomed Jiang Li.

“Yes.”

” okay. ” jiang li looked at the meches and nodded.

“Are you done resting?”

Jiang Li asked.

my Lord, the resources in Linhai County have been tidied up and plundered. The expedition Army has also rested and regrouped. They can set off at any time.

zh01 replied, ” also, from the feng ji dynasty’s linhai county prince, yue changfeng, we obtained some information about the feng ji dynasty. ”

Chapter 522 The Luo River

“Then bring him up.”

go! Jiang Li ordered.

“Yes.”

zh01 nodded.

A few minutes later.

Wu erji, the king of Linhai County of the wind order dynasty, was brought to Jiang Li.

“Kneel down.”

Zh01 berated.

Plop!

wu erji knelt on the ground, his face pale.

Wu erji, the king of Linhai County, pays his respects to Your Majesty, Emperor Xia.

Wu erji kowtowed.

“Speak.”

Jiang Li’s tone was indifferent.

“Yes, Zhenzhen, yes.”

Wu erji’s body trembled slightly, and his face was filled with fear.

“Xia Yingluo, Your Majesty Emperor Xia.”

Wu erji immediately explained to Jiang Li, ” there are 15 Marquises in the wind order dynasty, and each Marquis has about 40 to 70 counties. The total number of soldiers of the dynasty Army and the Marquis ‘Army is about 200 million.

“The human King of the Wind order dynasty, Yue Fengji, is at the peak of level six.”

“other than that.”

“There are also two princes, the head of the Civil officials, and the general of the military officials. They are all at the sixth step of cultivation.”

Half an hour later.

Wu erji told Jiang Li everything he knew.

Jiang Li had a general understanding of the wind order dynasty.

The wind order dynasty's national power and strength were indeed stronger than the Shu country, the sky demon Kingdom, and the Black Dragon Dynasty.

After all, he was in the top three of the young dragon ranking.

With the power of the wind order dynasty.

As long as the nation's fate was sufficient, it could almost be promoted to an Empire at any time.

in general.

The territory of the wind order dynasty was about twice the size of the Shu country.

Hence, be it in terms of size or national power, it could not be compared to the great Xia Empire.

“Take him away.”

go. Jiang Li waved his hand.

“yes.”

Zh01 nodded and ordered the two meches to take Wu erji away.

The wind order dynasty.

Jiang Li was determined to get it.

Jiang Li wanted to have enough resources to raise his troops.

After all ...

If the ten-winged dynasty's demon Emperor led the Army and brought the Army to the border ...

With the great Xia Dynasty's current strength, they were still not a match.

Jiang Li needed a lot of resources.

so,

There was no way he would let go of such a big piece of meat.

A few minutes later.

“Let's go.”

Shua!

Jiang Li flew into the sky on the 10000-meter-long Azure Dragon. The Dragon's body was like a mountain range.

The Dragon's might was vast.

“BOOM!”

In the surroundings.

The expedition Army gathered.

With Jiang Li as the center, a huge mechanical Army was formed in the air.

...

He flew forward.

In the blink of an eye, he had left Linhai County.

after that.

After locking on to the location of the ‘Feng Ji royal capital’, they marched forward at their fastest speed.

Time passed.

let’s go. Jiang Li led the ‘punitive expedition Army’ and passed by the territories of the wind order dynasty.

There were too many soldiers in the punitive expedition Army. They had tried their best to hide their tracks and with the help of the ‘super Intel soldiers’, they managed to avoid the wind order dynasty’s spies.

However ...

When they passed by the Feng Ji dynasty’s Marquis Luo River.

The traces of the punitive expedition Army were still exposed.

Marquis Luo river’s capital.

...

Marchioness King Luo Qi's pupils contracted. His eyes were pure gold in color. He had cultivated an extremely powerful eye technique, so he was able to discover the battle expedition Army hidden in the clouds.

"This is a Kasaya."

"Something's going to happen."

Luo Qi retracted her gaze and was shocked. She said in horror, "Such a large Army has entered the Feng Ji dynasty's territory and even entered Marquis Luo he's territory, but they haven't been discovered."

"and judging from the direction this army is heading, it's clearly heading straight for the capital of discipline."

"A few days ago,"

His Majesty Feng Ji ordered the entire country to prepare for war. He even mobilized his Army everywhere to prepare for the battle with the 'great Xia Dynasty' in the northern region of the Holy peace state.

"If that's the case, it's highly possible that this Army was sent by the great Xia Empire."

he did not hesitate for too long.

Luo Qi sent out an order, using an emergency 'wind discipline messenger pigeon' to send the information and inform the wind discipline imperial capital to get ready for battle.

High in the clouds.

"chief sovereign."

WMS01 looked down at hou du and noticed Luo Qi peeking at them. He then reported to Jiang Li, ” “In the Marquis’s capital below, someone has discovered the tracks of our Army.”

“Oh.”

” huh? ” jiang li was surprised and glanced at the marquis county.

“Attack!”

” attack! ” jiang li waved his hand and gave the order.

“Yes.”

The commander of the battlefield immediately ordered the entire Army.

Kachaa! Kachaa!

The expedition Army stopped in the sky above the Marquis Luohe’s capital.

The target was locked.

“Fire the cannonballs!”

” launch the missiles! ”

“Fire the laser beams!”

“Rumble!”

A few seconds later.

The Marquis of Luo river's capital was met with a terrifying disaster. Hundreds of millions of artillery shells, tens of millions of laser beams, energy artillery shells, and hundreds of thousands of missiles were launched.

It was overwhelming.

It almost covered the entire Marquis city of Luo River.

It exploded.

BOOM! BOOM! BOOM!

The sudden explosion did not give the soldiers of the Marquis of Luo River any time to react. They did not have time to set up their battle formation or defense.

After that.

Countless cannonballs exploded in the city, and countless flames soared into the sky. Energy flames burst out, and small mushroom clouds rose.

The city walls and buildings collapsed.

the ground was also blasted apart.

“ah!”

Pfft! Pfft! Pfft!

The screams of the soldiers and civilians resounded in the surroundings, but they were covered by the explosion of the artillery shells. Limbs and body parts flew everywhere, and the smell of blood mixed with the smell of smoke filled the surroundings.

“roar!”

BOOM!

Suddenly.

A three-clawed flood Dragon that was 3000 meters long rushed out of the flames and dust. It was red and looked like a real fire Dragon.

kill!!!

He looked closer.

On the head of the three-clawed flood Dragon stood the Marquis of Luohe, Luo Qi. His eyes were bright golden as he rode the flood Dragon. The golden light from his eyes pierced through the void.

“Nirvana blade.”

Shua!

MYL01 made his move and condensed a straight blade of Nirvana. The pitch-black blade glowed as he waved his blade and easily destroyed Luo Qi's eye light.

“tier 6 suan ni, tier 6 perfection!”

Luo Qi's pupils contracted as she exclaimed in shock.

one had to know.

The entire wind order dynasty.

Only Yue Fengji was at the peak of level six.

now.

Yet, the enemy had easily dispatched an expert at the peak of the sixth step.

“How is that possible?”

“Isn’t the great Xia Dynasty a newly-promoted human dynasty?” Luo Qi shouted in fear. How can they send out an expert at the peak of the sixth step so casually?”

“And the other party is not a human.”

“Die!”

shua!

MYL01 attacked with all his might. As fast as lightning, he arrived in front of Luo Qi and slashed out the blade of extinction. The pitch-black blade light streaked across the void like lightning.

“Pfft!”

Blood splattered everywhere.

Before Luo Qi could react, his head was cut off by MYL01. Blood gushed out and the three-clawed flood Dragon collapsed.

He was killed in one slash.

Roar!

The great Xia Azure Dragon let out a roar and opened its mouth to suck in the 3000 meter long three-clawed flood Dragon’s National aura.

After devouring the dynasty Wyrms, the great Xia Azure Dragon did not grow much.

It could only be considered a sumptuous meal.

One after another.

In just a few minutes.

Marquis Luo River's capital had been captured.

Marquis Luo Qi had fallen.

“Let's continue.”

Jiang Li just glanced at the burning Marquis of Luo River. In the explosion just now, apart from the soldiers of the Marquis of Luo River, a large number of civilians were also killed.

Countless commoners' cries for help and screams of pain resounded in the surroundings.

Jiang Li's expression didn't change.

He was already calm.

War had always been cruel.

Death was inevitable.

If ...

If Yue Fengji could surrender directly and merge the Fengji dynasty into the great Xia Dynasty, Jiang Li wouldn't have to send out his Army and the war wouldn't have broken out.

Since he had made a choice, he had to pay the price.

On the other side.

Feng Ji royal capital.

the palace.

Inside the Red Dragon Palace.

Shua!

Luo Qi's 'disciplinary wind messenger pigeon' flew into the red Dragon Palace and stopped in front of Yue Fengji.

"This is Marquis Luo Qi's 'discipline wind messenger pigeon'."

"Could something have happened?"

"They actually used a 'disciplinary messenger pigeon'."

The officials of the wind order Empire were discussing in low voices, and they all looked up at Yue Fengji, who was sitting on the throne.

Half a minute later.

Yue Fengji finished reading the contents of the letter brought by the wind discipline messenger pigeon.

buzzzzzz!

Suddenly.

A golden flame burned in Yue Fengji's palm, and the letter was burned to ashes. The mist of the nation's fortune filled the air around him, and the roars of Dragons rang out.

The power of the Dragon and the fate of the country spread.

He would suppress the entire Red Dragon Hall.

"Your Majesty!"

The officials were slightly terrified and their tone was respectful.

"My beloved ministers."

Yue Fengji stood up. His voice was low and dignified. the Army of the great Xia Dynasty has arrived. They are currently within the territory of Marquis Luohe. Their target is our capital.

"If nothing unexpected happens."

an inevitable war is coming.

"....."

"So fast!"

"The Grand Xia Empire's Army arrived too quickly."

the northern region of the Holy peace state is the poorest region in the Holy peace state. Although it's not small, it doesn't have any secret lands or floating continents. It's extremely scarce in resources, and the great Xia Dynasty has just been promoted. They actually dare to start a 'country war' with our wind order dynasty. Do they really think that we, the wind order dynasty, are easy to bully? ”

“Your Majesty, we are not afraid of a battle.”

“That's right!”

“Fight! Battle! Battle!”

immediately.

Inside the Red Dragon Palace.

The generals of the wind order dynasty shouted in unison, their battle intent extremely high.

“Alright!”

Yue Fengji nodded in satisfaction and shouted, ” “All generals, hear my order. Gather the ‘disciplinary Corps’, ‘disciplinary elite corps’, and ‘disciplinary Imperial Army’ outside the capital and prepare for battle.”

“Mo Qinghe.”

Yue Fengji shouted.

“Your subject is here.”

A young man with a slightly feminine face and as thin as a bamboo pole walked out from the ministers and bowed to Yue Fengji. His tone was extremely respectful.

“Immediately lead the ‘formation master team’ and set up the formation as quickly as possible.”

Yue Fengji said.

“Yes, sir.”

Mo Qinghe accepted the order and left the Red Dragon Hall.

Time passed.

Yue Fengji gave out orders one after another, and the various troops and legions of the wind order dynasty began to operate frantically. One formation after another rose.

BOOM! boom! BOOM!

The ground shook.

The four city gates of the wind order capital opened.

A number of fully-armored, well-equipped soldiers of the Empire appeared outside the capital, their morale soaring.

“Roar!”

The Army formation was formed.

A horrifyingly huge Army beast appeared.

inside the red dragon palace.

Only Yue Fengji, the two princes, the head of the Civil officials, and the Grand Marshal were left.

It could be said that ...

The five people in the hall.

They were the top existences of the wind order dynasty's pyramid.

“Your Majesty, should we ask the soul martial Empire for help this time?”

The head of the Civil officials, tan wengui, asked.

Chapter 523 Soul martial art

“Tan wengui,”

Zhu Wuhua, the Grand Marshal, furrowed his brows and barked, have you forgotten that we had to give up nearly half of our nation's fate and a complete medium-sized spiritual crystal mine when we asked the soul martial Empire for help last time? ”

” if the ‘soul martial empire’ didn’t take away nearly half of our country’s fate, our wind order empire would have been promoted to a dynasty long ago. your majesty could also rely on the feedback of the country’s fate from the promotion to a dynasty to break through the cultivation barrier and become a level seven ‘emperor’ expert. then, you could register with the ‘martial immortal court’ of the saint peace state. ”

“But all of this was destroyed by the soul martial Empire.”

“you still want to ask the soul martial empire for help? Did a donkey kick his head?”

“Zhu Wuhua, you!”

tan wengui looked indignant and glared at zhu wuhua. he wanted to curse, but after he held his breath, he sighed and hung his head helplessly.

This was because Zhu Wuhua was right.

“Hmph,” he snorted.

Zhu Wuhua snorted.

although the great Xia Dynasty is a dynasty, our wind order dynasty is not weak either. So, it's not certain who will win this war.

“at worst, we'll fight to the death,” prince yue lin said.

“that's right.”

The other Prince, Yue Ding dong, also nodded in agreement. we don't have to be so pessimistic.

“Li Lehun, are you still not coming out?”

At this moment.

yue fengji suddenly said.

“Your Majesty Feng Ji.”

Buzzzzzz!

In a dark corner of the Red Dragon Hall, there was a strong soul power fluctuation.
A figure in a black cloak walked out of the darkness.

His wide hat blocked his face.

He walked in front of Zhu Wuhua and the others.

He took off his cloak and hat.

It was a middle-aged man with a pale face.

He had a smile on his face.

“Li Lehun,”

Yue Lin shouted.

“what are you doing here?”

Yue dingdong questioned.

“Hehe.”

Li Lehun smiled. you’ll have to ask His Majesty Feng Ji about this. It was his Majesty Feng Ji who invited me here, and I couldn’t refuse, so I had to come.

“Your Majesty!”

Zhu Wuhua and the others immediately looked at Yue Fengji.

“Li Lehun, has your ‘puppet army’ arrived?”

Yue Fengji questioned.

“Don’t worry,”

“We’ve arrived,” said li Lehun with a nod.

“Alright,” he said.

yue fengji nodded in satisfaction.

“Oh right, Your Majesty Feng Ji, don’t forget what you promised me.”

Li Lehun said.

“After the war is over, you will get what you want.”

also, this deal is only between us, ” Yue Fengji said. it has nothing to do with the wind order dynasty or the soul martial Empire.

“Of course.”

yes. li Lehun nodded solemnly. if the ‘soul martial Empire’ finds out about this, it won’t do me any good. So, Emperor Fengji, you can rest assured.

In reality.

Li Lehun was one of the powerful kings of the soul martial Empire. He was also a sixth-rank human puppeteer and had a powerful ‘puppet army’ under his command.

Yue Fengji had promised li Lehun that as long as he could stop the great Xia Dynasty’s Army, he would open the Feng Ji dynasty’s National Treasury for li Lehun to choose any sixth-grade materials and treasures.

“Emperor Xia, Jiang Li.”

Yue Fengji placed his hands behind his back and said in a deep voice, “I’ve mobilized three legions, and the total number of soldiers is close to 150 million.

in addition, there’s Li Lehun’s ‘puppet army’.

“The number of soldiers has already exceeded two hundred million.”

“You want me to submit and merge the ‘wind order dynasty’ into the great Xia Dynasty? You’re just dreaming, I’ll show you the strength of the wind order dynasty.”

...

Time passed.

In the evening.

The sun in the sky set.

A sunset glow appeared on the horizon, and it was completely red.

The sun was setting.

BOOM! boom! BOOM!

It was about 10 kilometers away from even Lord Feng Ji.

The roar of the mechanical engine sounded like a dense Thunder.

Obviously.

It was Jiang Li's Army.

at this very moment.

...

Around the Feng Ji royal capital.

the wind order dynasty's three major legions and li lehun's 'puppet legion' were all present, and their battle formations had already been arranged.

Buzzzzzz! Buzzzzzz!

it could be seen.

In the sky above the wind order Kingdom.

The formation formed a dazzling array diagram.

The spiritual Qi of heaven and earth trembled.

It was extremely powerful.

The scene changed rapidly.

"Hegemon, up ahead is the 'royal capital of discipline'."

Zh01 said.

"Yes."

Jiang Li looked up and clearly saw the wind order dynasty's three armies, the formations, and the puppet army.

“Oh.”

” human puppeteers? ” jiang li raised his eyebrows. ” the wind order dynasty has human puppeteers too, and they’ve built such a ‘puppet army’. interesting. ”

“MYL01, i’ll leave this ‘puppet army’ to you,”

“Yes, sir.”

MYL01 saluted. I promise to complete the mission.

“Enemy discovered!”

“It’s in the air 10 kilometers away!”

“Good Lord, are they the soldiers of the great Xia Empire? how could it be so strange? They don’t look like humans at all. What kind of war weapons are they?”

“Be careful!”

“All troops, get ready for battle!”

At the same time.

On the city wall of the wind order Kingdom.

The generals of the wind order dynasty discovered the punitive expedition Army.

Roar! Roar! “roar!”

The beasts in the battle formation roared.

Wuwuwuwuwu!

the formation was operating at full force.

The atmosphere was tense.

The war was imminent.

“Roar!”

The next moment.

from the capital city of wind order came a loud dragon’s roar. it was a nine-thousand-meter long red dragon of wind order, circling in the air.

The Dragon’s body twisted.

It was like a vast mountain.

Shua!

Yue Fengji stood on the Red dragon’s head.

He looked over.

At first glance.

Yue Fengji saw the 10000-meter-long Azure Dragon and Jiang Li standing on the dragon’s head. He also saw the power of the human Emperor on Jiang Li and the pressure from the position of human Emperor.

Shua! Shua!

Immediately after.

The two princes, Zhu Wuhua and tan wengui, appeared one by one. They stood beside Yue Fengji and then stepped on a huge three-clawed flood Dragon.

“Emperor Xia, Jiang Li.”

Yue Fengji stared at Jiang Li coldly and scolded, ” “You led the great Xia Dynasty’s Army into my territory and even attacked the capital of Fengji. What is the meaning of this?”

“Do you really want to start a war with the capital of discipline?”

“He’s actually only at the middle of the sixth rank.”

Li Lehun saw through Jiang Li’s cultivation and said in shock, ” ” he’s a human emperor, but his cultivation is only at the middle stage of the sixth level. yue fengji’s cultivation is at the perfected sixth level. ”

tsk, tsk. He’s only at the middle stage of the sixth rank, and he actually dares to promote to an Empire.

“Has the northern region of the Holy peace Region fallen to such a state?”

In reality.

Not only li Lehun.

Yue Fengji, Zhu Wuhua, and the others also saw that Jiang Li was only at the mid-stage of level six, so they looked down on him.

I thought that the great Xia Dynasty would be powerful. After all, it's a dynasty. Now it seems that I've worried too much. The great Xia's human Emperor is only in the middle of the sixth level. There's nothing to be afraid of.

Yue Lin coldly laughed.

"that's right."

Yue dingdong nodded in agreement.

"Don't be careless,"

"If the information is correct, the great Xia Dynasty did manage to resolve the 'demonic god disaster', and that's how it became a dynasty," Zhu Wuhua said with a deep voice.

back then, Demon God tunler had a cultivation base at the perfected stage of the seventh rank. Moreover, he was a pseudo-Demon God and possessed the power of a Demon God.

"Also, didn't you notice? The Army of the great Xia Empire is very abnormal. The soldiers are too strange. They don't look like normal humans at all."

"Moreover, they have far too many people. The Army they form practically covers the entire sky. Their military strength is at least twice our own."

the demonic god Tuoba has been sealed by the 'Seven Star slaughtering array' for thousands of years. Its strength has long been reduced to less than 100%. Even if the seal is broken, it probably doesn't even have the strength of a tier 7 expert. It's normal for it to die at the hands of the great Xia Emperor.

what's more, " tan wengui said. even if the great Xia Dynasty has more troops than us, Emperor Fengji is at the perfected sixth level, while the great Xia Emperor is only at the middle sixth level.

"our high-end combat power is stronger."

Obviously.

Before Jiang Li's meches showed their true combat power, the enemy couldn't detect their true level and strength.

That was why tan wengui and the others had such an illusion.

They felt that their high-end combat power had surpassed Jiang Li's.

It was simply laughable.

"Human King Feng Ji."

Jiang Li looked at Yue Fengji calmly and said, "I can give you one more chance to consider. Surrender immediately and merge the 'wind order dynasty' into the great Xia Dynasty."

"to prevent war from breaking out and causing the people of the wind order dynasty to suffer."

"Impossible!"

Yue Fengji snorted coldly. you're delusional.

kill!!!

BOOM!

as soon as he finished speaking.

Yue Fengji was the first to give the order to attack.

Roar!

The Dragon's Roar shook the sky.

The radiance of the nation's fate was released.

The vast power of the country's fate spread out and enveloped all the soldiers of the wind order dynasty.

The blessing of the country!

“Wind blade formation!”

“Fireball array!”

“Golden Arrow formation!”

“.....”

Shua! shua! “Whoosh!”

At the first moment.

Mo Qinghe's 'formation master team' had already set up a formation in the Feng Ji royal capital. After they activated the formation, a large number of formation diagrams appeared in the sky.

After that.

The formation was used for long-range attacks.

Countless wind blades, fireballs, metal attribute sharp arrows, and so on.

It was like a storm that covered the sky.

They all attacked Jiang Li's Army.

"You don't know your place."

Jiang Li's eyes were cold.

BOOM! BOOM! boom!

After that.

The punitive Army launched their attack. Shells and missiles rose into the sky, shattering the wind blades, fireballs, and Golden Arrows. Explosions rang out, and countless flames appeared in the sky.

"Kill!"

Roar! Roar! "Roar!"

immediately.

The wind order dynasty's three major armies, 'wind order Army', 'wind order elite army', and 'wind order Imperial Army', formed a huge battle formation and charged at Jiang Li's Army.

"Rumble!"

the huge beast army charged forward.

He charged forward.

Bang Bang Bang Bang!

The missiles that were fired were blocked.

“A puppet army.”

Li Lehun cast the ‘puppet technique’ and formed a ‘soul power domain’. Silver light burst forth, and countless soul threads spread out. He controlled the puppet army of tens of millions and charged forward.

“Kill!”

shua!

At this moment.

Yue Fengji also let out an angry roar. The Red Dragon of wind order turned into a Red Dragon-shaped stream of light and merged into Yue Fengji’s body, forming a Red Dragon-shaped armor.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Three nine-Dragon level sacred weapons of the nation and the dynasty surrounded him.

He charged at Jiang Li.

“Since you want to die so badly, I’ll grant you your wish.”

Jiang Li’s eyes were cold. He waved his right hand and gave an order, ” punitive expedition, all soldiers, kill!

“BOOM!”

A large number of transport planes began to land.

The cabin door opened.

The four soul realm controllers, the mechanical Soul spiritualist, the soul energy controller, and the soul manipulator controlled the 500 million puppet army, forming a torrent-like puppet army.

It was drowned out.

“!!!”

Li Lehun’s eyes widened, and his face was full of shock. He said in horror, “A puppet army! the grand xia empire actually has a puppet army as well, and there are so many of them!”

“demon spirit domain.”

Shua!

MYL01 made his move.

He crossed the sky and appeared in front of li Lehun. Then, he released his ‘demon spirit domain’ and blocked li Lehun’s soul thread.

The ability was completely restrained.

“Ah!”

Li Lehun shrieked in horror, “ devil mayfly and devil clan?! It was the devil clan! no! this was impossible! Why would the demonic ghost clan appear in a human empire?”

Chapter 524 Surrender

jiang li didn't pay too much attention to li lehun, who was in fear and shock. instead, he focused on yue fengji, who was attacking him.

It could be said that ...

When MYL01, who had the power of the demonic clan, made his move, li Lehun was basically doomed. This was because the ability of the demonic clan was too much of a counter to the puppeteer's ability.

after losing the help of the puppet army, the combat power of the puppet masters was reduced by 90%.

“Scarlet Dragon halberd!”

“Whoosh!!!”

At this moment.

Yue Fengji was already in front of Jiang Li. He waved his right hand and took out a powerful level-six weapon.

“Kill!”

Bang!

After Yue Fengji's halberd strike, a Dragon's Roar could be heard. A red halberd light condensed like flames, dazzling and dazzling, burning and distorting the air.

he slashed at jiang li's chest.

Clang!

Jiang Li raised his hand and the Dominator Dragon divine weapon changed. The Dragon-shaped bracelet on his wrist twisted and turned into a straight black Dragon-scaled longsword, blocking Yue Fengji's attack.

The halberd radiance shattered after it collided with the Dragon scale longsword.

Bursts of light flickered.

It was like sparks flying.

Clang!

Jiang Li shook his right hand and the Dragon scale sword made a sound. After releasing the 'dominating Dragon divine weapon' skill, he slashed out.

Roar!

A Dragon's Roar resounded.

die! Jiang Li's sword emitted a destructive sword light.

"scarlet dragon killing spear!"

Thump!

Yue Fengji's pupils contracted. Without hesitation, he displayed the martial arts of the nation. His killing intent gathered in this spear, and then he directly stabbed out.

The sword radiance and the halberd radiance collided in the air.

"Rumble!"

Finally.

all of them exploded.

Countless flares bloomed.

The scene was beautiful but filled with danger.

Emperor Xia's combat strength is actually so strong. He's only at the mid-stage of the sixth tier, but he's able to fight evenly with His Majesty. You must know that His Majesty is at the perfected sixth tier. There's a difference of two small tiers between them.

Yue Lin said in shock.

the attack just now was just a test. Your Majesty didn't use your full strength. Besides, Jiang Li is Emperor Xia, the human Emperor of the human race. He's protected by the fate of the Empire, so it's normal for him to have such combat power. It'd be strange if he couldn't even take one move from Your Majesty.

tan wengui analyzed.

At this moment.

On the battlefield.

“Soul realm, open!”

buzzzzzz! Buzzzzzz!

The four soul realm controllers appeared.

They attacked.

He opened his fourth-level soul realm.

It covered a radius of a million meters.

The soul realm suppressed the strength of the wind order Empire's soldiers and nullified the Buffs from the battle formation, causing the strength of the wind order Empire's Army to decrease.

shua! Shua! "Whoosh!"

At the same time.

The 20 Type 6 puppet Warriors also rushed out. Under the control of the four soul realm controllers, they quickly attacked Tan Wengui, Zhu Wuhua, and the two princes of the wind order dynasty.

"It's a Type 6 puppet warrior!"

"not good!"

"how can there be so many type 6 puppet warriors?"

"Twentieth place! A total of twenty!"

Aghast.

Tan Wengui, Zhu Wuhua, and the two princes were all in shock. The sudden appearance of twenty sixth-tier puppet Warriors had stunned them.

...

BOOM! BOOM! BOOM!

When the 20 puppet Warriors of the sixth step joined forces, it was basically five puppet Warriors to deal with one person. When they joined forces, they completely suppressed tan wengui and the others.

An intense battle broke out.

“Kill!”

“All troops, charge!”

attack!!!

Finally ...

On the vast battlefield.

Jiang Li’s Army and the wind order dynasty’s Army fought in close quarters, and then an extremely intense and bloody melee battle began.

among them.

Melee mech soldiers, super bio-soldiers, invisible energy soldiers, super Ares soldiers, super energy soldiers, Storm Giant soldiers, and infinite super soldiers.

...

He displayed a terrifying fighting strength.

Among them.

The storm Giant soldiers could even create tornadoes that were like natural disasters. They destroyed the Army and killed a large number of wind order dynasty soldiers.

“Rank four Suan ni, rank four! They’re all Tier 4!”

“Tier 5! There’s still the fifth step!”

“Si si si ...”

the weakest of these soldiers is at stage one!

“And the puppet army.”

there are too many type 5 and type 4 puppet Warriors.

at this moment.

When the Army of the wind order dynasty and Jiang Li’s expedition Army officially started fighting, the meches of the expedition Army showed their full power, which scared the generals of the wind order dynasty.

Their advanced combat power far exceeded that of the wind order dynasty.

Furthermore ...

The number of troops was several times that of the wind order dynasty.

This was completely different from what they had expected. It was completely different.

“Ah!”

On another battlefield.

It was li Lehun’s scream.

“Soul power burst!”

At this critical moment.

Li Lehun immediately displayed his powerful ‘soul martial arts’, erupting with an extremely vast soul power and forcibly breaking free from the pressure of MYL01’s’ demon spirit domain’.

Even though he was restrained.

However, he was not completely helpless.

After that.

shua! Shua!

two type 6 puppet warriors rushed out of the puppet army and appeared beside li lehun, protecting him behind them.

obviously.

Li Lehun gave up on controlling the ‘puppet army’, and instead focused all his power on the two Type 6 puppet Warriors.

At the same time.

Buzzzzzz! “Whoosh!!!”

His true essence vibrated.

Li Lehun was also a powerful martial artist.

“Nirvana blade.”

MYL01's eyes were cold, and he quickly made his move. He did not hesitate to use his strongest skill, and the pitch-black blade of silent destruction condensed and attacked li Lehun.

BOOM! BOOM!

The battle erupted.

in a crushing manner, myl01 directly sent the two type 6 puppet warriors beside li lehun flying with a single slash, almost turning them into scrap.

Shua!

MYL01 slashed out again. The blade light was dazzling like a waterfall, and it destroyed li Lehun's defense.

“Pfft!”

“Ah!”

Li Lehun screamed again and again. He vomited blood and his body flew backward. His face was full of fear. The shadow of death shrouded him, making his body tremble uncontrollably.

Yue Fengji, you've harmed me!!!

Li Lehun shrieked in horror and then ran madly. He couldn't care about anything else. He only wanted to escape from this place and the terrifying enemy in front of him.

Tier 6 perfection!

The other party was a terrifying devil Clansman at the perfected stage of the Tier 6 realm!

He had no chance of winning at all.

What was more terrifying was ...

Emperor Xia, Jiang Li, was only at the mid-stage of the sixth rank, but he could control and order the demonic ghost clan, who had reached the perfected sixth rank. This was the most terrifying part.

Li Lehun found it hard to imagine.

what kind of power does Jiang Li have to be able to do such an incredible thing? ”

At this very moment.

Li Lehun finally understood.

He was able to build a human empire in the northern region of the Holy peace Region, where resources were scarce, and he even eliminated the demon God disaster that had been happening for thousands of years.

How could it be like what it seemed on the surface?

“This Yingluo, this is impossible!”

At this moment.

Yue Fengji looked at the battlefield. The change in the situation caught him off guard. Not long after the two armies fought, the Army of the dynasty fell into a disadvantage.

One had to know.

If Jiang Li wasn't worried about the nuclear pollution, he would've thrown out the eleven 'atomic bombs' he prepared in advance.

With the power of those 11 'atomic bombs'.

They could basically wipe out the entire wind order dynasty's Army in one wave.

At that time.

It was estimated that only Warriors above the fifth-rank could survive.

"li lehun!"

Yue Fengji's pupils contracted. He saw the scene of Yue Fengji fleeing in panic, and his heart was filled with shock. He also saw that Zhu Wuhua and the others were being attacked by 20 Level 6 puppet Warriors.

"How did this happen?"

it was hard to believe.

Yue Fengji couldn't accept the truth in front of him.

he didn't expect the great xia army led by jiang li to be so powerful, nor did he expect jiang li to have a member of the demon clan.

This completely restrained li Lehun.

This made li Lehun's puppet army completely useless.

In reality.

Even if li Lehun's 'puppet army' could play a role, it would be of no use and wouldn't change the final outcome of the war.

At this very moment.

Yue Fengji finally understood how terrifying the power of the great Xia Dynasty was.

All the preparations he had made seemed so ridiculous now.

It was useless.

however ...

what yue fengji didn't know was that what he was seeing was only the tip of the iceberg of the true power of the great xia dynasty.

If Jiang Li sent over more than four billion 'dynasty Corps'. ..

Yue Fengji would probably just lay down his arms and surrender.

there was no way to fight.

There was more.

wms01 and ssts01 had not joined the battle yet.

"Emperor Xia, please stop."

Yue Fengji lowered his head, restrained his power, and knelt down to Jiang Li. "We are willing to submit."

“I’m also willing to merge the wind order dynasty into the great Xia Empire and become part of it.”

“Your Majesty!”

Zhu Wuhua’s eyes widened.

He lost his mind.

Pfft!

One of the type 6 puppet Warriors took the opportunity to strike Zhu Wuhua, causing him to spit out a mouthful of blood.

“His Majesty, he’s wailing!”

Yue Lin’s eyes widened.

“He actually slipped away.”

Yue dingdong’s eyes were filled with shock.

“aiyaya!”

tan wengui sighed.

“Your Majesty, we can still fight!”

there were also some generals who were unwilling to give up and shouted.

“There’s no need for that.”

Yue Fengji took a deep breath. even if we keep fighting, the final result will not change. By then, the entire Feng Ji dynasty's Army will probably be wiped out.

“the xia emperor.”

Jiang Li. Yue Fengji looked up at Jiang Li. please have mercy and spare these soldiers.

“All troops, hear my order!”

stop. Jiang Li raised his hand. stop the war.

“Yes.”

Immediately.

The order was executed.

As soon as Jiang Li gave the order, hundreds of millions of meches stopped attacking at the same time.

“This bi an ...”

Zhu Wuhua and the rest were shocked.

“If you had made this choice earlier, you wouldn't have caused so much trouble.”

Jiang Li looked down at Yue Fengji, who was kneeling in front of him. since you've chosen to surrender, I don't think I need to teach you what to do next.

“I understand.”

Yue Fengji took a deep breath.

After that.

Under the gazes of the citizens in the wind discipline capital and the hundreds of millions of soldiers outside the city, a nine-thousand-meter wind discipline Red Dragon rushed out of Yue Fengji's body.

“I am the Feng Ji dynasty's human King ‘Yue Feng Ji’.”

Yue Fengji's voice was like thunder, spreading throughout the battlefield and into the ears of all the humans present. from today on, the wind order dynasty will merge with the great Xia Dynasty and become a part of it. There will be no more wind order dynasty.

Chapter 525 The central region

BOOM!

As soon as he finished speaking.

The wind order Red Dragon started to collapse and let out a Dragon's Roar. It exploded and turned into a trace of country fate essence in the air.

Pfft!

Yue Fengji vomited blood, his face pale.

he suffered a backlash.

“Ah!”

Pfft! Pfft!

at the same time.

zhu wuhua, yue lin, yue dingdong, tan wengui, and the various marquis kings of the feng ji dynasty all screamed and spat out blood. the flood dragons of national aura on their bodies had all collapsed.

They all suffered the backlash of the country's fate.

‘Young dragon ranking-Saint peace state’.

The wind order dynasty, which was ranked third, was removed from the list.

“The Azure Dragon art of the great Xia Dynasty,”

Buzzzzzz!

it's over. Jiang Li activated his technique. The 10000-meter-long Azure Dragon opened its mouth and devoured the wind order dynasty's National fate origin and the fate of the dynasty.

Roar! Roar!

The Dragon roared.

It was as if the Azure Dragon of great Xia had swallowed a great tonic. He was gradually refining the fate of the nation that he had swallowed, and his body was gradually growing.

An hour later.

BOOM!

The great Xia Azure Dragon had grown from ten thousand meters to eleven thousand meters.

the improvement wasn't too big.

However, the country's fate and Dragon's might became stronger.

“Yes.”

At the same time.

Jiang Li vaguely felt the call of the ‘Hidden Dragon List’.

Obviously.

this was because the great xia dynasty's ranking in the ‘hidden dragon ranking-saint peace state’ had increased, and they could sense it.

He would probably get a reward.

“no rush.”

Jiang Li didn't sense the hidden Dragon rank immediately.

The moon wind order had just surrendered, and the wind order dynasty had just been taken down. There were still many things to be taken care of. At the very least, they had to convert the resources of the wind order dynasty.

“ah!”

suddenly.

A shrill scream rang out in the distance.

In this place where the war had stopped, the scream was particularly clear.

“Pfft!”

It could be seen.

It was because li Lehun had been caught up by MYL01. The blade of Quietus pierced through li Lehun’s heart, and the power of Quietus invaded his body. With one strike, li Lehun’s life was extinguished.

“!!!”

Li Lehun’s eyes widened, and his face was filled with shock. He had never expected that he would be able to dominate the central region of the Holy peace Region for so many years and even become a powerful Marquis of the soul martial Empire.

He would actually die Here.

Buzzzzzz!

Immediately after.

A purple-gold light came out of li Lehun’s body. It gathered together and turned into a Firefly-like light spot. It flew toward Jiang Li and merged into his body.

Shua!

[acquired a Tier 6 soul Tinder!]

A notification appeared.

“a soul tinder dropped.”

Oh? ” Jiang Li was stunned for a moment, then he smiled.

now.

the wind order dynasty had already surrendered.

...

Of course, Jiang Li wouldn't order the Army to continue killing, even though there would be a lot of soul Tinders if they killed the human soldiers.

But Jiang Li wouldn't do that.

Furthermore ...

The living human soldiers could create more value for Jiang Li.

one had to know.

The wind order dynasty's soldiers were all elite soldiers. In terms of both quantity and quality, they far exceeded the 'great Xia Army' that Hong Tianqi had formed.

At that time.

If Jiang Li could produce a batch of firearms and equip the wind order dynasty's Army with high-quality weapons, their combat power would definitely be much greater than the great Xia Army.

They could also be a force in Jiang Li's hands.

When human soldiers killed living beings with weapons, they could also produce soul Tinders.

The strength of Yue Fengji's aura had weakened. This was because he had lost the fate of the nation, and coupled with the backlash, his cultivation had fallen from the peak of level six to the late stage of level six.

...

Other than that.

Zhu Wuhua and the others 'cultivation levels had also dropped.

"Your Majesty, you shouldn't have killed li Lehun."

Yue Fengji looked at li Lehun's corpse and frowned. Then, he said with a serious expression.

"Oh."

Jiang Li looked at Yue Fengji. why do you say that? "

"Your Majesty."

Yue Fengji bowed to Jiang Li, but it wasn't quite standard. After all, he used to be the king of the dynasty. It was always the others who bowed to him, but now it was him who bowed to Jiang Li.

Naturally, he was not used to it.

li Lehun is from the 'soul martial Empire'. The' soul martial Empire 'is the human empire of the central region of the Holy peace state. Its National Strength is extremely powerful, and Li Lehun is the powerful king of the' soul martial Empire'.

"Li Le's death will definitely alert the soul martial Empire," Yue Fengji explained.

“The soul martial Empire.”

jiang li murmured.

“yes, i am.”

Yue Fengji nodded. however, li Lehun came to the wind order Empire in secret this time. He made a private deal with me. I reckon that it will take some time for the soul martial Empire to investigate.

“Then tell me.”

it’s about the ‘soul martial Empire’, ” Jiang Li said in a deep voice.

“yes, sir.”

Yue Fengji nodded. Your Majesty, please follow us to the Red Dragon Hall for a detailed discussion.

“That’s good.”

Jiang Li said.

now.

The war between the great Xia Dynasty and the wind order dynasty had ended.

It ended with Yue Fengji surrendering to the Feng Ji dynasty and joining the great Xia Dynasty.

Clean up the battlefield and collect the corpses.

after the battle damage statistics.

the battle didn't last long. when jiang li showed his overwhelming strength, yue fengji chose to surrender, so the wind order dynasty only lost a million soldiers in the end.

It could be said that ...

The unluckiest person was probably li Lehun.

He had come all the way from the soul martial Empire to support the wind order Empire, even though his true goal was the wind order Empire's stage six materials and items.

but ...

Yet, he had lost his life here.

The result.

However, Yue Fengji surrendered.

the wind order dynasty didn't suffer too many losses after the war.

if li lehun could come back to life, he would probably point at yue fengji's nose and curse.

An hour later.

The wind order Palace.

Red Dragon Palace.

“Greetings, Your Majesty.”

Jiang Li was sitting on the throne of the Red Dragon Palace. He was surrounded by the National aura. With the protection of the dynasty's National aura, Jiang Li's dignity as the human Emperor was even more majestic.

Within the palace.

With Yue Fengji as the leader.

below them were zhu wuhua, yue lin, yue dingdong, and tan wengui, four sixth-tier masters.

Further down.

They were the various Marquises and Kings of the former wind order dynasty.

His cultivation had reached the fifth step.

At the end.

They were the officials and generals of the wind order dynasty.

The lowest cultivation level was at the third step.

There were also quite a few at the 4th rank.

The ministers of the former wind order dynasty all kowtowed to Jiang Li.

Obviously.

Yue Fengji had already surrendered and merged his dynasty into the great Xia Dynasty, becoming a part of the great Xia Dynasty. As subjects, they naturally had no other choice.

In reality.

For these officials, as long as their status and power remained the same, it didn't matter whether it was Yue Fengji or Jiang Li who sat on the throne.

furthermore ...

After the Feng Ji dynasty merged into the great Xia Dynasty, they would become officials of the dynasty. In the future, they would have a real dynasty as their backing. The advantages might even outweigh the disadvantages.

Of course.

There were many ministers who were loyal to Yue Fengji.

but ...

since yue fengji had taken the lead in submitting, they naturally followed suit.

“Yes.”

okay. Jiang Li nodded and looked at the ministers below.

It had to be said.

Although the wind order dynasty was just a dynasty, its overall structure was even more perfect than the great Xia Dynasty. There were different official positions in various fields.

“Your Majesty, these are all the records of the ‘soul martial Empire’. Please take a look.”

Yue Fengji took out a Jade slip and handed it over respectfully.

“Alright,” he said.

SSTs01. Jiang Li signaled to SSTs01.

SSTs01 walked to Yue Fengji, took the Jade slip, and gave it to Jiang Li.

Buzzzzzz!

okay. Jiang Li injected his true essence into it and the Jade slip formed a projection in the air. The projection was filled with dense words and could turn pages.

It recorded the basic situation of the soul martial Empire in detail.

first of all ...

the ‘soul martial empire’ was a powerful human empire that was established with the ‘puppeteers’ as its foundation.

The soul martial Empire had a large number of human puppeteers.

puppetry was prevalent.

so,

The puppet army of the soul martial Empire was extremely famous in the entire Saint peace state.

The number was huge.

Furthermore ...

There were also rumors.

The human Emperor of the soul martial Empire, Qin Qi po, cultivated the ancient puppetry technique and wasn't afraid of the demonic ghost clan's abilities. He had an invincible soul martial puppet army.

His strength was extremely terrifying.

“Ancient puppetry.”

Jiang Li was very interested.

One had to know.

Before Jiang Li's rise, he was once mistaken by the 'Qian dynasty' for a puppet master who had and cultivated the 'ancient puppet technique'.

now.

If nothing unexpected happened.

Soon, Jiang Li would see the real 'ancient puppetry'.

The only thing he didn't know was how strong the 'ancient puppetry' was, and what kind of abilities it had.

Qin qipo was able to establish the soul martial Empire in the central region of the Saint peace state and become the human Emperor. I'm sure his ancient puppetry technique is not weak.

Jiang Li thought, if I'm really not afraid of the 'ghost clan' and 'innate ghost clan', then I can practice the 'human martial arts' and make up for my weak combat ability ...

"Then there's basically no weakness."

Time passed.

Yue Fengji told Jiang Li about the situation in the central region of the Saint peace state in detail.

gradually.

Jiang Li now had a basic understanding of the central region of the Saint peace state.

among them.

there were nine dynasties in the central region of the saint peace state, and 23 dynasties were struggling to survive in the cracks between the nine dynasties.

the days passed by very hard.

The wind order dynasty was already considered pretty good.

many dynasties were chess pieces in the game between dynasties.

Other than that.

There was also the 'holy peace State Division' of the 'martial immortal court of the human race', the 'holy peace State Division' of the 'demon bloodline immortal court', and the 'barbarian totem immortal court'.

All of them were in the central region of the Holy peace state.

However ...

The three great divisions rarely interfered with the affairs of holy peace state, and they were all on the three floating continents in the central region of holy peace state.

They were in a high and mighty position.

The nine great empires of the central region.

The three great demon dynasties were the Wutian demon dynasty, the seven Lotus Empire, and the qianfu demon dynasty.

The three great dynasties of the Barbarian race were the great Magus Empire, the moon god barbarian dynasty, and the Turing Empire.

The three great empires of the human race were the soul martial Empire, the myriad refinement Empire, and the great Yan Empire.

“Your Majesty.”

the soul martial Empire is ranked first in overall power among the three great human empires in the central region, ” Yue Fengji said. it’s the strongest human empire in the central region.

” if the news of li le’s death in the wind order dynasty is leaked, the soul martial dynasty will definitely send people over. ”

“Your Majesty, you must make early preparations.”

“Yup,”

Tan wengui nodded quickly. the soul martial Empire has always been overbearing, whether it’s to the outside or to the inside.

“the soul martial empire definitely won’t let this matter rest so easily.”

zhu wuhua added.

“.....”

yue lin, yue dingdong, and all the other officials in the hall looked at jiang li.

“We’ll talk about the matter of the soul martial Empire later.”

let’s go, ” Jiang Li ordered. moon wind order, how many spiritual crystal mines does the wind order dynasty have? ” How many spirit crystals, spirit herbs, and medicinal herbs do you have?”

“Your Majesty.”

yes, ” Yue Fengji replied immediately. there are a total of 39 small spiritual crystal mines, six medium-sized spiritual crystal mines, and nine ‘abandoned mines’.

Chapter 526 a bumper harvest

The number of spiritual crystal mines that the wind order dynasty had was beyond Jiang Li’s expectation. The resources they had were also far more than those in the northern region of the Holy peace state.

The lack of resources in the northern region of holy peace state was not just a joke.

One had to know.

The wind order dynasty was only a human dynasty in the central region, but the number of spiritual crystal mines alone was more than three times that of the entire northern region of the Holy peace state.

Jiang Li had unified the entire northern region, but he only created one ‘spirit Vein Mountain’. There were 13 small spirit crystal mines and three medium-sized ones.

the difference was huge.

“Yes.”

after hearing yue fengji’s story, jiang li was overjoyed. he smiled and shouted, ”
“Yue Fengji, tan wengui,”

“Pass down my order immediately. In the shortest time possible, gather all the ‘steel materials’, spiritual crystals, spiritual herbs, and medicinal herbs in the wind order Empire and send them all to the wind order Imperial City.”

“There can’t be any mistakes.”

“This bi an ...”

Yue Fengji and the others looked at each other.

“Your Majesty, Emperor Xia.”

Jiang Li. Xu Xuling, the financial capital of the wind order dynasty, walked out. He bowed to Jiang Li and said respectfully.

“I’m afraid this matter won’t be easy to settle.”

it’s not just about collecting ‘steel materials’, ‘spiritual crystals’, ‘spiritual medicine’, and medicinal herbs’, ” Xu Xuling continued. it also requires a large amount of gold and silver.

in every part of the country, every Marquis, every county, and even every city, there are deeply-rooted family forces. They hold power and authority, and even if you pay gold and silver, they will not easily buy out the spirit herbs and other things.

“so, yingluo”

“That’s enough,”

” i don’t want your excuses. ” jiang li interrupted xu xuling. lin lin also looked at xu xuling, making her feel even more pressured. ” i don’t want your excuses. ”

“I only want the results.”

do they dare to fight against the dynasty’s Army with their deep-rooted family power? ”

“Those who dare to disobey the will.”

“directly exterminate all nine generations, leave no one alive.”

there will only be one voice in the great Xia Dynasty that I control. There must only be one voice, and that voice is me.

“i understand!”

Plop!

Xu Xuling’s face was pale, and she knelt on the ground, her voice trembling.

“We accept your orders!”

immediately.

Yue Fengji, Yue Lin, Zhu Wuhua, tan wengui, Yue dingdong, and the various Kings and courtiers all knelt on the ground and responded in unison.

“That’s good,”

Jiang Li nodded and said in a slightly indifferent tone, ” “I hope you won’t disappoint me.”

after saying that.

Jiang Li stood up.

“Yue Fengji, take me to the Feng Ji Treasury.”

Jiang Li said.

“yes, sir.”

yes. Yue Fengji nodded and led the way.

Very quickly.

Jiang Li left the Red Dragon Palace.

within the palace.

it seems like Emperor Xia’s temperament is that he can’t tolerate any sand in his eyes.

An official murmured.

“Yup,”

Speaking of which, we've just surrendered and merged the wind order dynasty into the great Xia Dynasty. The Xia Emperor actually wants to consolidate all the resources in the country and even plunder the entire country.

"This matter won't be easy to accomplish."

for so many years, the families of the various Marquises and counties of the wind order dynasty have deep roots and are not weak. They are like local snakes entrenched in various places. In the past, we thought that those families were not weak and that if they were invaded by an enemy country, they could resist for a while, so we did not care about them.

"After so many years of development, I'm afraid we'll have to make a big move to exterminate them now."

"most importantly, if those families unite and form an army, i'm afraid it will trigger a rebellion, which will affect the entire country. "

The officials discussed worriedly.

Yue Lin and the others looked at each other, but they didn't say anything.

Betrayal?

...

With the terrifying Army of the great Xia Dynasty, those clans wouldn't be able to do anything at all.

At most, it would take more time.

The Treasury of the wind order dynasty.

"open the door."

Yue Fengji shouted.

“Yes.”

Buzzzzzz! Buzzzzzz!

The guard took out a key and formed a seal with both hands to activate the array. He inserted the key into the array and the door of the Treasury opened.

“your majesty, please.”

Yue Fengji said.

“Yes.”

...

Jiang Li nodded and walked into the Treasury of the wind order dynasty.

Time passed.

Half an hour later.

Jiang Li had just finished browsing the Treasury of the wind order dynasty. There were a lot of gold, silver, jewelry, armors, weapons, spirit herbs, and a lot of spirit crystals.

One had to know.

This was the accumulation of the wind order dynasty for nearly 10000 years.

Of course.

The wind order dynasty had developed for tens of thousands of years, so it had naturally used up a large amount of resources.

Even so ...

The resources stored were also far beyond Jiang Li's expectations.

there were too many, too many.

"Yue Fengji, you may leave."

okay. Jiang Li waved his hand. collect the resources from all over the country as soon as possible.

"Yes, sir."

Yue Fengji nodded and left without asking any more questions.

yue fengji had just left.

haha! Jiang Li looked at the state treasury and laughed. His face was full of joy and his eyes were glowing.

"The wind order dynasty has really given me a huge surprise."

so many resources! Jiang Li couldn't help but say excitedly, "I've accumulated so many resources for tens of thousands of years. This time, they'll all be mine.

"Transform! Convert!"

Buzzzzzz!

Jiang Li walked into room 01 of the National Treasury where the herbs were stored. He touched it and activated the conversion function.

Shua!

conversion successful. One billion energy points obtained!

.....

conversion successful. You've received 1.2 billion energy points!

.....

"Continue, continue."

Time passed.

"okay." jiang li went into the herb treasury room one by one and converted all the herbs. notifications popped up in front of his eyes. he had obtained a lot of energy points.

Half an hour later.

All the medicinal ingredients had been transformed.

they were just ordinary herbs.

Jiang Li had earned 11.3 trillion energy points.

One had to know.

Medicinal herbs could not be preserved for a long time. As time passed, it would cause the loss of medicinal strength and eventually rot, losing any medicinal value.

so,

There weren't many medicinal herbs stored in the National Treasury.

Even so ...

Jiang Li also got 11.3 trillion energy points.

It was a huge amount.

“Transform into spirit herbs.”

Wuwuwuwuwu!

The transformation of the ordinary herbs was completed.

I'm here. Jiang Li entered the Treasury room, touched it, and started the energy point conversion function. He converted batches of herbs.

conversion successful. Received 10 billion energy points!

.....

conversion successful. Received 11.2 billion energy points!

.....

A series of notifications appeared.

Another half an hour passed.

all the spirit herbs in the treasury had been converted by jiang li.

Other than the extremely precious Tier 6 spiritual medicine.

He didn't leave a single stalk of spiritual medicine behind.

In the end.

Jiang Li got twenty trillion energy points after he converted all the spiritual herbs. In fact, spiritual herbs could be stored for much longer than ordinary herbs.

so,

There were many spirit herbs stored in the National Treasury.

“The spirit herbs and medicinal herbs have all been transformed.”

jiang li walked to the treasury room where the crystals were stored, then pushed the door open and walked in. he saw the boxes with crystals.

They were neatly placed together.

It was hard to count.

“Now it's time to convert these spiritual crystals!”

Jiang Li touched it and started the energy point conversion function.

Wuwuwuwuwu!

A white light flashed.

All the crystals in the box disappeared.

Shua!

” conversion successful. you’ve received 130 billion energy points! ”

.....

conversion successful. You’ve received 120 billion energy points!

.....

A series of notifications popped up.

The smile on Jiang Li’s face grew wider.

The wind order dynasty.

It had a history of tens of thousands of years.

They had also destroyed nine mines. Although the dynasty had also consumed a lot of spiritual crystals, they had still stored up 13 billion lower spiritual crystals, 11000 middle spiritual crystals, and 100000 upper spiritual crystals.

One lower spiritual crystal could be converted into 10000 energy points.

One middle-grade spiritual crystal could be converted into one million energy points.

One upper spiritual crystal could be converted into 100 million energy points.

Among them.

100,000 upper spiritual crystals were left behind.

after all the middle and lower spiritual crystals had been converted ...

Jiang Li had earned 240 trillion energy points from converting crystals.

This time.

Jiang Li gained 271.3 trillion energy points in total.

Shua!

the dominator panel opened.

In the energy points column.

Jiang Li looked at the nearly 30 trillion energy points and laughed. He couldn't help but feel happy. The pressure on him was gone.

"It was the right decision to take down the wind order dynasty."

of course. Jiang Li smiled. otherwise, where would I find so many energy points? "

The interface closed.

Jiang Li walked out of the Feng Ji Empire's Treasury.

The night came.

Inside the Royal Palace of the wind order Kingdom.

Jiang Li sent people to clear out an empty space in the palace.

After that.

building the 36th Army base.

Buzzzzzz!

Jiang Li used one hundred million energy points and sent out ordinary Mechanical Engineers and mechanical soldiers to start building the Army base in the palace.

An hour later.

The construction of the Army base was completed.

“Upgrade.”

Buzzzzzz!

Soon after.

Jiang Li used another billion energy points and spent another hour upgrading the base to level four. He opened the teleportation room.

create 10 normal wormhole makers and 100 mechanical teleportation soldiers.

Shua! Shua!

Jiang Li used 1.1 billion energy points.

The manufacturing interface appeared.

A minute later.

[creation complete!]

A notification popped up.

Buzzzzzz! Buzzzzzz!

A hundred mechanical teleportation soldiers appeared in front of Jiang Li. Ten ordinary wormhole makers were automatically installed in the teleportation room in the base of the 36th Army.

“Wormhole opening.”

link to army base 01.

In the teleportation room of base 036.

10 ordinary wormhole makers created 10 wormhole tunnels, and 100 mechanical teleportation soldiers connected to the 01 army base.

“Link complete!”

A few seconds later.

He had already completed the wormhole link.

As a result ...

Even if Jiang Li didn't use the 'space coordinate', he could send the mech Army to the wind order dynasty through the base.

After doing all this.

Jiang Li went to rest in the palace.

In reality.

In the Feng Ji dynasty's Palace, other than the palace maids and eunuchs, all the harem girls had been driven out by Jiang Li.

Jiang Li wasn't interested in Yue Fengji's second-hand goods.

It had to be said.

Yue Fengji indeed knew how to enjoy life better than Jiang Li.

He had been on the throne for thousands of years.

Let's not talk about the Imperial Palace and the Imperial concubines.

The number of beauties in the harem had already exceeded ten thousand.

Thus, there were many princes and grandsons.

As for Jiang Li.

he had only slept with two of them.

there was no comparison at all.

Not even a fraction of it.

there are over 10000 beauties in the harem. Can Yue Fengji 'sleep' all of them by himself? ”

I'm afraid I'll have a huge Hulunbuir grassland above my head, " Jiang Li guessed.

Chapter 527 late-stage

In the sleeping Palace.

Jiang Li stopped thinking and sat down with his legs crossed.

Then, the great Xia Azure Dragon technique was activated.

"Whoosh!!!"

A green light flickered around his body.

"Hidden Dragon rank."

Jiang Li closed his eyes and connected with the 'Hidden Dragon List'. He seemed to have come to a boundless dark world.

Right in front.

It was the 'Hidden Dragon rank-Saint peace state'.

Shua!

jiang li looked down.

The great Xia Dynasty's ranking rose by one, rising from 30th to 29th, surpassing the Black Moon Demon dynasty that was originally 29th.

After that.

A purple-gold ball of light flew down from the list.

Buzzzzzz!

They merged into Jiang Li's consciousness.

'Congratulations to the great Xia Dynasty for improving its National fate. Its National fate ranking has increased by one, ranking 29th. Great Xia's Azure Dragon technique has been promoted!'

"roar!"

The inheritance information of the nation's fortune cultivation technique.

okay. Jiang Li thought about it carefully and then accepted it all.

A Dragon's Roar could be heard.

Very quickly.

The 'great Xia Azure Dragon technique' that Jiang Li was cultivating had upgraded from level six to Level Seven.

Buzzzzzz! Buzzzzzz!

Immediately.

Jiang Li started to practice the level Seven low-grade great Xia Azure Dragon technique.

At the same time.

With the help of the country's fate.

It only took Jiang Li half an hour to complete the cultivation of the level Seven inferior-grade Azure Dragon technique of the great Xia Dynasty. Then, he improved his cultivation with the power of the nation's fate.

Unfortunately ...

Jiang Li absorbed all the power, but he still couldn't break through to the late stage of level six. He only reached the limit of the mid-stage.

He was only one step away from late-stage Tier 6.

"In the end, I was still a little short."

Jiang Li felt the changes in his body and frowned.

"If the power of the country's fate is not enough, then I'll have to rely on the help of medicinal pills."

shua!

Jiang Li took out the level six Supreme-grade elixir 'true spirit elixir' that he got from the Feng Ji dynasty's Treasury and put it in a purple jade bottle.

After that.

He poured out the pills in the Jade bottle.

It was a purple-gold pill.

It was crystal clear.

It exuded a strong medicinal Qi.

jiang li's true spirit was excited by the smell of the medicine.

A Supreme-grade Tier 6 medicinal pill.

It was already an extremely precious pill.

At the very least, it would require a top-notch sixth grade Alchemist to refine it.

It required a variety of tier six spirit herbs.

The entire wind order dynasty.

There was only one of it.

“True spirit pill.”

Jiang Li's eyes glowed. He put the true spirit elixir in his mouth and swallowed it without hesitation. The vast medicinal power of the elixir instantly spread.

boom!

Jiang Li's body shook.

...

It formed a terrifying wave of air that swept in all directions.

Bang Bang Bang Bang!

In the surroundings.

The tables and chairs in the bedroom were all blown away. The Dragon bed Jiang Li was sitting on collapsed. The vast energy shook the space.

Roar! Roar!

Dragon roars sounded.

Outside the bedchamber.

WMS01, SSTs01, and MYL01 were guarding Jiang Li. When they heard the noise, they glanced at the bedroom. When they realized it was caused by cultivation, they looked away.

He looked around vigilantly.

“Azure Dragon technique of the great Xia Dynasty, refining the medicinal power.”

Buzzzzzz! Buzzzzzz!

...

” it’s here. ” jiang li activated his technique. the true spirit in his dantian was three inches tall. it sat cross-legged in the middle of the level-twelve green lotus, surrounded by three shadows of green dragons.

At this moment.

The vast medicinal power of the true spirit elixir swept over and poured into the body of the true spirit.

the azure dragon’s shadow circled.

he devoured the medicinal power and refined it.

Originally.

With the help of the Fortune of the nation, Jiang Li had reached the limit of the mid-stage of level six. He was only one step away from the late-stage.

Now that he had the help of the true spirit pill, he could finally use it.

It directly broke through this limit.

immediately.

Jiang Li's true spirit was growing slowly and his aura was getting stronger and stronger. It grew from three inches to four and five inches.

Roar! Roar!

At the same time.

Then, the fourth and fifth shadows of the Azure Dragon were condensed.

“Break!”

BOOM!

Finally.

true spirit pill! Jiang Li yelled and refined all the power of the true spirit pill. His true spirit broke through and reached six inches tall. There were also six green Dragon shadows.

Late-stage Tier 6!

There was no surprise.

The breakthrough was a success.

“Alright!”

jiang li was overjoyed.

He activated his cultivation technique.

He was consolidating his cultivation base.

Unknowingly.

The night had passed.

Jiang Li slowly stopped cultivating. The blue light on his body faded and his cultivation was completely consolidated at the later stage of level six. After the breakthrough, his strength naturally increased.

the blessing of a top-notch human dynasty and a top-tier level 6 true spirit pill allowed me to break through to the late-stage of Level 6.

it's getting harder and harder to break through, ” Jiang Li thought.

Shua! Shua! Shua!

Jiang Li waved his right hand.

He took out the wind order dynasty's Red Dragon Saint decree, Red Dragon Imperial Jade seal, wind order Marquis token, and the three nine Dragon-level Saint artifacts of the dynasty. He then summoned the great Xia Dynasty's 'dynasty fate Saint artifact'.

“Refine.”

Buzzzzzz!

Jiang Li controlled the Saint weapon and gradually devoured the Red Dragon imperial edict, the Red Dragon Imperial Jade seal, and the Feng Ji Marquis token, merging them into the Saint weapon.

However ...

After devouring a nine-Dragon Dynasty Saint weapon, it didn't upgrade the dynasty Saint weapon.

Whether it was the Green Dragon imperial edict, the Green Dragon Imperial Jade seal, or the great Xia Marquis token, they were still 'one-Dragon level sacred artifacts of the Empire', but their power had increased a little.

“They didn't even advance.”

sacred weapon? ” Jiang Li was shocked. does it mean that I have to swallow and refine the sacred weapons of other dynasties to upgrade to a 'dynasty sacred weapon'? ”

“As expected, it's not that easy,”

“Yes.”

I have almost 30 trillion energy points now. I can upgrade WSM01 to complete-stage level Seven.

“When the time comes.”

as long as I gather enough steel materials, I'll be able to send a large number of soldiers to the base. As long as I send ten billion soldiers, I should be able to fight against the ten-winged dynasty. I won't even have to fear the soul martial dynasty.

Soon after.

jiang li walked out of the bedroom.

they arrived at the base of the 36th division.

Meches were transporting all kinds of armor and weapons made of steel from the Feng Ji dynasty's Treasury to the base of the 36th Army.

Then, they were loaded into the Super transport soldiers.

“Teleport!”

Buzzzzzz!

Finally.

They used the teleportation room's teleportation function to send the Super transport soldiers back to the 01 army base. The great Xia imperial capital then sent a slave transport team to store all the armor and weapons in the great Xia Treasury.

On the other side.

In the Eastern Region of the Holy peace Region.

The Black Moon Demon dynasty.

It was one of the six great empires in the Eastern Region.

he was ranked 29th in the saint peace state, but now, the great xia dynasty had caught up to him. he was ranked 30th, which was the last place.

The imperial capital of Blackmoon.

The black-Moon Demon Emperor sensed the drop in the National fortune ranking. He immediately communicated with the hidden Dragon List with his consciousness and found that the black-Moon Demon dynasty was ranked last again.

“this bi an ...”

Blackmoon demon Emperor muttered to himself, “is it the great Xia Dynasty? the new human dynasty.”

“Your Majesty, there’s an envoy from the demon race bloodline immortal court here.”

At this moment.

A voice came from outside the hall.

“The immortal court’s Messenger,”

Shocked, Blackmoon demon Emperor immediately stood up and shouted, ”
“Quickly, invite him in.”

In reality.

It was not just the Black Moon Demon dynasty.

in the entire holy peace region.

30 dynasties.

There were ten demon dynasties in total.

Today.

Emissaries from the 'demon bloodline immortal court' had come from the Imperial capitals of the ten demon dynasties.

It seemed like something big was about to happen.

In the Western Region of holy peace Region.

Ten-winged dynasty.

At the border of dynasty.

Shua! Shua!

In the air.

The Super Intel operatives led by 0214 had already reached the border of ten-winged dynasty. After they entered the border, 0214 immediately ordered all the Intel operatives to spread out.

100 million super Intel soldiers.

Every 10,000 Intel soldiers formed a small team.

In total, they were divided into 10000 small troops.

They were completely scattered.

It spread out in all directions towards the entire ten-winged dynasty.

Explore the ten-winged dynasty.

At the same time.

Number 0214 disguised himself as a demon array master and entered the demon City at the border of ten-winged dynasty with Zhu Di.

In reality.

The ten-winged dynasty also controlled a small floating continent.

It was about one-tenth the size of the northern region of the Holy peace Region.

It was called the ten-wing continent.

The 'ten-wing continent' was located in the center of the ten-wing dynasty.

It was floating tens of thousands of meters in the sky.

Thick clouds surrounded them.

At this moment.

At the core of ten-wing continent.

Ten-winged imperial capital.

The magnificent and magnificent city.

He looked around.

it had a soul-stirring aura.

It made people extremely respectful.

“the grand xia empire.”

BOOM!

Ten-winged imperial capital’s Demon King Palace.

Suddenly.

A terrifying aura rushed out, accompanied by an earth-shattering Dragon’s Roar. It was as if the space was torn apart. It was extremely powerful.

“Your Majesty, demon Emperor!”

“What happened? He actually made His Majesty the demon Emperor so angry.”

“.....”

The officials of the ten-winged dynasty were secretly shocked.

“Hmph!”

Inside the Demon king’s palace.

The ten-winged demon Emperor’s gaze was cold. He was surrounded by the fog of the nation’s fate, and his aura was extremely powerful. what a great great grand Xia Dynasty. They actually managed to raise their ranking.

Obviously.

ten-winged demon emperor discovered that the great xia dynasty's fate energy had risen to the 29th place.

"not only did the great xia dynasty not disappear from the hidden dragon rank, but they even improved their fate. it seems like the black tiger fleet that i sent has already lost. "

"What if the entire Army is annihilated?" ten-winged demon Emperor said in a deep voice.

"Who is it?"

BOOM!

Ten-winged demon Emperor suddenly raised his head, his eyes cold. He raised his hand and struck out with his palm. Purple light bloomed and lightning flashed, turning into a terrifying palm print. It shook the space and blasted toward a place in the distance.

Buzzzzzz!

the space rippled.

a figure appeared out of thin air and flicked his right sleeve. a gray mist of light spread out and blocked ten-winged demon emperor's palm.

"Ten-winged demon Emperor, how have you been?"

The other party had appeared.

It was a young man with a delicate and pretty face. He wore a long gray robe and there was an extremely special symbol on his chest as he smiled and said.

"It's you."

ten-winged demon emperor frowned slightly. ” what are you doing here instead of staying in the division? And you’re being sneaky.”

“You think I wanted to come?”

The gray-robed young man shrugged his shoulders and walked in. After finding a seat, he sat down and crossed his legs. if it wasn’t for the order of the division Master, I wouldn’t have come here. By the way, I heard that you sent an Army to attack the new Great Xia Dynasty.

now it seems that you have failed.

“I have indeed underestimated the power of the great Xia Dynasty.”

“Cut the crap.” Ten-winged demon Emperor frowned and said,”just tell me what you’re here for.”

“Ten-winged demon Emperor, the division Master has already sent ten emissaries to inform the ten demon emperors.”

The gray-robed young man said with a heavy tone, ” and I came to inform you that the operation and plan are about to begin. You should know what to do next.

“!!!”

Ten-winged demon Emperor suddenly stood up and said in shock, ” “So fast!”

Chapter 528 The eyes

In the next few days.

Jiang Li had been in the 'wind order dynasty' and moved all the spiritual crystal mines from all over the country to the outside of the 'royal capital of wind order' with the spiritual pulse dragon control technique.

A total of 39 'small spiritual crystal mines', six medium-sized spiritual crystal mines, and nine 'abandoned mines' had all been moved to the same place.

They gathered together.

it would be easier to harvest energy points in the future.

“Spiritual vein dragon control technique.”

shua! Shua!

Jiang Li stood in the sky and looked down. He formed a seal with his hands and countless formation seals started to form into white true dragon shadows that flew in the air.

Below.

What came into view was a 'spirit Vein Mountain range' made up of '54' mountain peaks of different sizes, each of which had a spirit crystal mine buried within.

“Condense!”

Buzzzzzz!

Jiang Li waved his hands and the spiritual pulse dragon control formation was formed. A huge oval-shaped formation appeared out of thin air. The formation patterns were intertwined and it was dazzling.

It enveloped the 'spirit Vein Mountain range' formed by the 54 mountain peaks.

Shua!

Finally.

The vast formation map disappeared into the ‘Spirit range’ and Jiang Li finished setting it up easily.

“Alright,” he said.

Jiang Li looked at his work and nodded in satisfaction.

Shua!

The figure landed.

He entered the spirit Vein Mountain range below and entered the spirit crystal mine. He found the ‘source of the mine’ and used the energy point conversion function to start converting the spirit crystal ores.

Shua!

conversion successful. 500 billion energy points obtained!

.....

conversion successful. 600 billion energy points obtained!

.....

Time passed.

Jiang Li finished converting all 39 small crystal mines. Each mine would more or less gain hundreds of billions of energy points.

Finally.

jiang li converted 39 small crystal mines and gained 23.4 trillion energy points in total.

“Continue.”

Buzzzzzz!

Jiang Li started to convert the medium-sized spiritual crystal mines.

Shua!

” conversion successful. you’ve received 7.8 trillion energy points! ”

.....

conversion successful. Six trillion energy points obtained!

.....

conversion successful. 8.1 trillion energy points obtained!

.....

Not long after.

All the spiritual crystal ores in the three medium-sized spiritual crystal mines had been converted.

Jiang Li received three notifications and gained 219000 energy points in total.

“There are still nine ‘waste mines’ left.”

jiang li thought.

The ‘waste ore’ of the spirit crystal mine.

it wasn’t that there were no ‘spiritual crystal ores’, but that the’ spiritual radiation ‘was getting stronger and stronger after many times of mining.

in the end.

It had reached a level where ordinary people, or even martial artists, could not enter.

At this moment.

The ‘spiritual radiation’ has exceeded the limit, and we can’t send absent workers to mine the spiritual crystal ores.

It was natural.

...

It had become a ‘waste mine’.

The nine ‘abandoned mines’ of the wind order dynasty had extremely high ‘spiritual radiation’. If a rank three warrior entered for too long, their life might be in danger.

but ...

Jiang Li was at the later stage of level six, so he could go in and resist the ‘spiritual radiation’. He didn’t need to stay in there for too long. He could come out after the transformation.

“Go try it.”

Jiang Li thought for a moment and entered the ‘abandoned mine’ of one of the small mines.

He did not want to give up on these energy points.

“whoosh!!!”

He had just entered.

Jiang Li felt the ‘spiritual radiation’ everywhere. It was invisible but it was eroding him. Jiang Li immediately activated his cultivation technique, protected his body with the National aura, and his true spirit flashed.

It blocked the radiation of spiritual energy.

...

Half a minute later.

Jiang Li found the source of the mine.

Bang! Bang! Bang!

In front of him.

The ‘source of the spiritual pulse’ was like a huge heart, beating continuously as if it was alive, emitting extremely terrifying spiritual radiation.

It was as if it had become a tangible existence.

“Convert!”

Jiang Li took a closer look and touched the ‘source of spirit energy’. He activated the energy point conversion function and converted all the crystals.

shua!

conversion successful. One trillion energy points obtained!

A notification appeared.

BOOM!

Suddenly.

The moment the transformation was successful.

The ‘source of the spiritual pulse’ shook, and the invisible ‘spiritual radiation’ seemed to have turned into a visible shock wave that spread out in all directions.

Jiang Li took the lead.

“!!!”

jiang li’s pupils constricted and he quickly retreated. he turned into a blue dragon-shaped light and disappeared from where he was. he left the spiritual crystal mine in the blink of an eye.

“Just now ...”

Jiang Li steadied himself and stood at the entrance of the mine. He looked at it seriously. what are these spiritual crystal mines? ” why does it feel like a strange life form?”

no wonder no one dared to mine the ‘waste mine’. The last burst of’ spiritual radiation ‘impact is probably life-threatening even for level five existences.

“But to me, it’s still within the acceptable range.”

there are still eight abandoned mines left. Among them, there are seven small spiritual crystal mine abandoned mines and one medium spiritual crystal mine abandoned mine.

“It would be a pity to give up.”

“Continue.”

Shua!

Jiang Li went to another abandoned mine in a small crystal mine.

Half an hour later.

The seven small spiritual crystal mines had been completely mined.

in total, he had obtained seven trillion energy points.

“Now, only this ‘medium-sized spiritual crystal mine’ is left.”

Jiang Li took a deep breath and became alert. Before he entered the mine, he had activated the National aura and true spirit protection.

His body was flowing with dense Qi of true spirit.

“si si si ...”

jiang li walked in.

Si si si si si

Spiritual energy radiated and resisted Jiang Li’s power of true spirit and the power of the nation’s fate. There was a sound of acid corrosion.

It was clear how strong the radiation was.

It had far exceeded the size of a small spiritual crystal mine.

Half a minute later.

“I found it.”

BOOM!

Jiang Li smashed the wall in front of him. The source of the medium-sized mine was exposed in front of him. The White ball was embedded in the wall.

It was beating like a heart.

it also produced a breathing rhythm.

“Convert.”

Jiang Li took a deep breath and walked over without hesitation. After he touched it, he immediately activated the energy point conversion function and converted the spiritual crystal ore.

Buzzzzzz!

A white light flashed.

In an instant.

All the spirit crystal ores had been converted.

Shua!

conversion successful. Received 110000 energy points!

A notification appeared.

“let’s go!”

Jiang Li’s figure flashed. The moment he finished the transformation, he rushed out of the mine and disappeared in the blink of an eye. In less than a second, he was out of the mine.

BOOM!

After that.

Jiang Li heard an explosion behind him and the mountain shook.

“Si si si ...”

jiang li took a deep breath in pain. he raised his right hand and there was ‘rotten flesh’ on his palm. it was caused by spiritual radiation.

Obviously.

Although Jiang Li retreated quickly, his right hand that touched the 'source of the medium-sized mine' was still injured. It was corroded by spiritual radiation.

he was injured.

“Whoosh!!!”

let's go. Jiang Li activated his cultivation technique. The vast power of true spirit and the power of the nation's fate surged out and drove away the spiritual radiation around his right hand.

It took a few minutes to complete.

Soon after.

Jiang Li took another pill. With the help of the pill, the rotten flesh on his right palm fell off and grew back.

the spiritual radiation from this medium-sized mine is already so terrifying.

Jiang Li looked back and said in a deep voice, ” ” i wonder what level of spiritual radiation can be released from the source of a large mine. ”

“I'm afraid even a Type 6 lifeform will be reduced to bones under the radiation.”

Shua!

let's go. Jiang Li left the spirit range.

In the medium-sized spiritual crystal mine.

Bang! bang!

The white, medium-sized source of the mine, which was the size of a watermelon, was beating even faster. As it breathed in the spiritual energy of heaven and earth, blood-red lines appeared.

These patterns interweaved.

It was as if it was forming the pattern of an eye.

Time passed.

Several days passed in the blink of an eye.

The imperial capital of the Grand Xia.

Azure Dragon Palace.

“Your Majesty.”

Xu Ya bowed and reported to Jiang Li, “Yue Fengji has sent news that they have completed the task given to them by Your Majesty. They have spent seven days to gather all the resources and materials of the former Feng Ji dynasty in the former Feng Ji imperial capital. Your Majesty, please go and check them out.

“Alright,” he said.

okay. Jiang Li nodded in satisfaction. send someone to inform Yue Fengji that I’ll be here the next day.

“Yes.”

Xu Ya nodded.

“your majesty.”

“Can the Xia Army continue to expand?” Hong Tianqi asked.

“Sure.”

yes. Jiang Li nodded and said, ” but from today on, we’ll raise the recruitment requirements. The minimum cultivation level to recruit soldiers must be at the early stage of level one. They must have internal force.

“This bi an ...”

Hong Tianqi was shocked. Your Majesty, isn’t that too high? ”

“it’s decided then.”

Jiang Li waved his hand.

“Yes, sir.”

” yes. ” hong tianqi nodded respectfully.

Time passed.

The morning passed.

The morning court session ended.

After lunch, Jiang Li went to the base of Army 01.

At this moment.

The 10-Day Transformation of the base had long passed, and the transformation had been completed. The base 01 had become a ‘floating psionic base’.

in the air above the imperial capital of the grand xia.

A huge army base was floating in the air.

it was a square-shaped object.

It was like a huge floating island. The base was 10000 meters long and had a total area of 100 million square meters. It was composed of different steel buildings and facilities.

He looked closer.

In the base.

There were many mechanical soldiers patrolling the city walls.

Other than that.

There were also air Sentinels with mechanical wings who formed air patrols to patrol and monitor the area outside the Army base.

The base of the 01 division was built like an iron bucket.

“Not bad.”

Jiang Li looked at the Army base above him and nodded in satisfaction.

Currently.

After the 01 base was transformed into a ‘floating base’, it was no longer limited to one area. Instead, it could fly and move.

In the future.

as the base's level increased, the military base's base became more and more powerful.

it could be built into an interstellar base.

That was the true horror.

“Teleport.”

Jiang Li had an idea.

Buzzzzzz!

There were spatial fluctuations.

Jiang Li disappeared into thin air.

The scene changed.

jiang li had teleported to the room in the dominator's hub in the base of army 01.

“Chief sovereign.”

The hidden Dragon appeared.

“Yes.”

I see. Jiang Li nodded and asked, ” how's the progress of the level five gene strengthening fluid? ”

“Reporting to the hegemon, it's not done yet.”

” about two months, ” hidden dragon replied.

“What about nuclear technology?”

Jiang Li asked again.

“I didn’t make much of a breakthrough,”

Hidden Dragon replied.

“Alright,” he said.

jiang li shrugged.

Chapter 529 Perfect completion

“chief sovereign.”

At this moment.

QX01 was here.

“what’s the matter?”

jiang li asked.

“My Lord, there’s news from zh0214.”

qx01 said.

“Yes.”

yes, ” Jiang Li immediately said.

“Yes.”

qx01 nodded.

‘Holographic communication’ activated.

Buzzzzzz!

a second later.

the communication was connected.

The holographic projection appeared.

“Chief sovereign.”

In the image.

Jiang Li. zh0124 saluted Jiang Li. Zhu Di was standing next to him.

“Master.”

Jodie bowed.

“Yes.”

yes. Jiang Li nodded. report.

“Yes.”

Zh0214 nodded and reported to Jiang Li, ” “Hegemon, we’re currently in one of the ten demon Marquises of the ten-winged dynasty, the ‘Radiant Eye marquisate’.”

furthermore, I’ve already cultivated the ‘demon clan’s formation technique’ and ‘demon clan’s mechanism technique’ to the level six peak-grade.

other than that, I’ve also cultivated the seven refined bloodline technique to the sixth level.

my mechanical bloodline has reached Supreme-grade rank 6.

“You’ve improved so quickly.”

what? ” Jiang Li was shocked.

One had to know.

Zh0214 had been practicing the ‘seven refined bloodline technique’, ‘demon clan array technique’, and ‘demon clan mechanism technique’ for less than half a month.

but ...

However, all of them had been raised to top grade Tier 6.

It was really fast.

“My Lord, it’s because of the peak grade rank 6 ‘extraordinary learning’ skill that the learning speed is so fast.”

zh0214 explained.

“Yes.”

that’s good. Jiang Li nodded. that’s good.

“chief sovereign.”

Zh0214 continued, ” “With Zhu Di’s help, I have also mastered the top grade level 6 ‘demon race formation technique’ and ‘demon race mechanism technique’.”

therefore, I have already established myself in ten-wing dynasty and am already an honored guest of one of the ten great demon Marquises of ten-wing dynasty,’dazzling Marquis King’.

through the brilliant eye Marquis King, I recently learned that the ten-winged dynasty has been recruiting demon soldiers from all over the country. The brilliant eye Marquis is also recruiting soldiers according to the orders of the ten-winged demon Emperor to form the brilliant eye Marquis Army.

if I’m not mistaken, Marquis Yao mu alone can build an army of more than one billion demons, if not more.

“This bi an ...”

Jiang Li lowered his head and started to think.

“The ten-winged dynasty is suddenly recruiting soldiers from the entire country. Could it be that they are planning to invade the great Xia Dynasty? Do you want to revenge for the black Tiger fleet?”

Jiang Li frowned.

His heart felt heavy.

one had to know.

Ten-winged dynasty.

In the entire holy peace Region.

He could already be ranked in the top 15.

...

His strength was not to be underestimated.

It could be said that ...

If the ten-winged dynasty really wanted to mobilize the entire Empire's power to launch an all-out invasion on the great Xia Empire, the great Xia Empire would be in a very passive position.

At the very least.

In terms of top combat power.

Ten-winged dynasty definitely had more than one level Seven.

On the other hand, Jiang Li only had the mechanical pseudo-Demon God WMS01 that was at rank seven.

zh0214, continue to keep an eye on the ten-winged dynasty. If there are any unusual movements or signs of them sending troops to the great Xia Dynasty, inform them immediately.

stop! Jiang Li shouted.

“Yes.”

Zh0214 nodded.

...

shua!

the communication was shut down.

“Call WMS01 over.”

go! Jiang Li ordered.

“Yes.”

QX01 nodded.

“Chief sovereign.”

Very quickly.

WMS01 arrived.

It was nine meters tall, like a giant.

“Yes.”

yes. Jiang Li nodded. upgrade to WMS01.

Buzzzzzz!

Jiang Li used twenty trillion energy points.

Shua!

Immediately.

WMS01's body glowed with light.

A few seconds later.

The promotion was completed.

His rank had increased to the middle of the seventh rank.

“Continue.”

Buzzzzzz! Buzzzzzz!

Jiang Li used another 40 trillion energy points to upgrade WMS01 to the late-stage of Level Seven. In the end, he used another 80 trillion energy points and finally upgraded WMS01 to the perfected-stage of Level Seven.

“Thank you, chief sovereign!”

WMS01's tone was excited.

“Yes.”

Jiang Li looked at WMS01.

In terms of body size.

WMS01 was still nine meters tall.

There wasn't much change in appearance.

However, there was a closed vertical eye in the middle of his brows.

The vertical eye was surrounded by a purple-black pattern.

They were like dense tree roots.

Shua!

The information interface was opened.

special troop Type: Mechanical pseudo-Demon God

advancement requirements: one level-eight pseudo-Demon God Soul Tinder, one hundred trillion energy points.

Jiang Li carefully read all the information about WMS01 after it was upgraded.

There was not much change.

however, all of his skills and equipment had been upgraded from tier 7 low-grade to tier 7 top-grade.

In reality.

After Jiang Li made WMS01, although it had participated in several wars, it had never used its full power. Now, it had even reached the peak of Level Seven.

It could be said that ...

Jiang Li wasn't sure how strong WMS01 was.

Shua!

the dominator panel opened.

Jiang Li checked the number of soul Tinders.

Last time, Jiang Li killed all the fierce beasts in The Endless Forest and got a lot of soul Tinders, but he didn't merge them.

Then, Jiang Li attacked the wind order dynasty.

However ...

the wind order dynasty surrendered voluntarily in the end, so there weren't too many killings. naturally, they didn't get many soul fires.

soul Tinder: 77 million level-one soul Tinders, 4.9 million level-two soul Tinders, 350000 level-three soul Tinders, 3100 level-four soul Tinders, one level-five Demon Soul Tinder fragment, 80 level-five soul Tinders, and two level-six soul Tinders.

“Fuse.”

Buzzzzzz!

” fuse. ” jiang li activated the ‘soul tinder fusion function’ and chose to fuse with one button. all the soul tinders were quickly fused.

[fusion failed!]

.....

[fusion failed!]

.....

[fusion successful!]

.....

Time passed.

not long after.

Jiang Li merged all the soul Tinders.

Finally.

He had fused a total of 84 level-five soul Tinders. In addition to the original 80 level-five soul Tinders, the number of level-five soul Tinders had reached 164.

” fuse the fifth-rank soul tinder. ”

Buzzzzzz!

fuse. Jiang Li controlled the Dominator panel and started the soul Tinder fusion.

Shua!

The fusion interface appeared.

In front of him.

An illusory interface.

Ten purple light spots appeared.

They were lined up.

They slowly gathered in the center.

“Whoosh!!!”

A purple radiance bloomed and covered the entire plane.

“.....”

hmm? ” Jiang Li watched nervously.

One had to know.

this was jiang li’s first time fusing with a level-five soul tinder.

ten seconds later.

BOOM!

The purple light exploded.

[fusion failed!]

A notification appeared.

“What a pity.”

No. Jiang Li shook his head. continue to fuse the level-five soul Tinder.

Buzzzzzz! Buzzzzzz!

A purple light flickered.

The success rate of fusing a level-five soul Tinder into a level-six soul Tinder was one-tenth, which meant that it was basically a success once in ten times.

One hundred and sixty-four level-five soul Tinders.

it could be fused 16 times in total.

[fusion failed!]

.....

[fusion failed!]

.....

Buzzzzzz!

Suddenly.

When Jiang Li was fusing for the eighth time.

A purple-gold light appeared in the fusion interface.

finally.

The purple-gold light completely occupied the entire plane. Then, it gathered together and formed a spot of light that flickered with purple-gold light.

[fusion successful!]

A notification appeared.

“alright,” he said.

Jiang Li smiled.

“Continue.”

Buzzzzzz! Buzzzzzz!

Finally.

All one hundred and sixty level-five soul Tinders had been fused.

Jiang Li was quite lucky.

He had succeeded twice.

He had obtained two sixth-tier soul Tinders.

In addition to the two that he already had.

jiang li already had four level-six soul tinders. as long as he gathered five more, he would be able to start a level-six mech.

there's not enough soul Tinder at all.

if you want to get the soul Tinder, you have to kill creatures or even start a war, ”
Jiang Li said. only then can you get the soul Tinder quickly.

“But ...”

“it's near the borders of the grand xia empire,”

if we develop towards the Western Region of the Holy peace Region, we will have to face the ten-winged dynasty.

“Although we've already taken down the wind order dynasty in the central region of the Holy peace state, we can still be considered to have a foothold.”

” but there are nine dynasties in the central region of the holy peace state. the closest dynasty to the wind order dynasty is the soul martial dynasty and the barbarian’s turing dynasty.”

other than that, there are a few other dynasties around.

the Imperial forces are behind those dynasties.

the soul martial Empire ranks third in the central region and is even more powerful than the ten-winged Empire. The Turing Empire is relatively weak, but if I start a war rashly, it’ll definitely break the peace in the central region.

when the time comes, Emperor Turing will ask for help from the other barbarian dynasties. If the Barbarian dynasties attack us, it will be extremely disadvantageous.

” as for xuanji in the eastern region of saint peace state ... ”

No. Jiang Li shook his head.

Because ...

Jiang Li had clearly marked it on the map of Saint peace state given to him by Yue Fengji. After crossing the ‘Black Sea’ from the easternmost part of the northern region of Saint peace state, he would enter the Eastern Region of Saint peace state.

However ...

On the other side of the ‘Black Sea’ was the shore of the ‘martial King dynasty’.

In other words ...

If Jiang Li wanted to invade the Eastern Region, the martial King dynasty would be his first opponent.

The martial King dynasty.

He was ranked second in the National fate rankings.

it was the most powerful human imperial dynasty in the saint peace state.

While he was thinking.

The ten commanders from zh01 to zh010 had already arrived at the room in the dominating hub as soon as they received Jiang Li's order.

“Chief sovereign.”

They saluted at the same time.

“Yes.”

” yes. ” jiang li nodded and immediately ordered, ” zh01, i order you to lead a mech army across the desert of death and into the boundless ocean to kill the beasts in the boundless ocean. ”

“Yes.”

“Yes, sir.”

Zh01 and the others nodded in unison.

since we can't start a war in the Holy peace state, we'll enter the boundless sea realm and hunt the beasts in the boundless sea realm. That way, we'll be able to obtain a large number of soul Tinders.

Jiang Li thought.

Half an hour later.

From zh01 to zh010, they had formed a ‘beast-exterminating Army’ made up of one billion meches.

Jiang Li also sent MYL01 and SSTs01.

The MYL01 and SSTs01 were special units, capable of absorbing remnant souls to evolve.

so,

Jiang Li hoped that they could take part in more Wars and absorb a lot of remnant souls to evolve. By then, they would be able to reach Level Seven without using the level-seven soul Tinder.

In reality.

jiang li originally planned to send the beast exterminating army into the boundless ocean from the black sea, but he was worried that it would alert the martial king dynasty.

That’s why he chose the desert of death.

The next day.

After the morning court session.

“Teleport.”

Buzzzzzz!

Jiang Li walked into the teleportation room in the base of Division 01 and went into the wormhole. WMS01 followed him and was teleported to the teleportation room in the base of division 036.

he walked out of the base.

“Your subjects respectfully welcome Your Majesty!”

Yue Fengji and the others had been waiting outside the base for a long time. When they saw Jiang Li come out, they immediately came over and bowed to him.

Chapter 530 Ten billion

“Yes.”

Jiang Li glanced at Yue Fengji and the others, then nodded and waved his hand.
“Lead the way,”

“yes, sir.”

Yue Fengji said respectfully.

Ten minutes later.

With Yue Fengji and the others leading the way, Jiang Li arrived at the huge warehouse where the resources were stored.

“Your Majesty.”

all the resources we’ve collected have been stored here,” Yue Fengji said immediately. including elixirs, spirit herbs, spirit crystals, and various other materials.

“Your Majesty, please take a look.”

“Alright,” he said.

Jiang Li glanced at it but didn’t say anything. He just said, ” “You’ve done well, thanks for your hard work.”

Soon after.

Jiang Li asked Yue Fengji and the others to leave first.

“Convert!”

okay. Jiang Li immediately transformed the spirit herbs, herbs, and crystals.

Once again, he had obtained a large number of energy points.

The total harvest this time was 150.8 trillion energy points.

In other words ...

Jiang Li had gained more than 40 trillion energy points in the wind order dynasty.

immediately after.

Jiang Li then sent the Super transport troop to transport pills, steel materials, and minerals to the imperial capital of the Xia Dynasty through the teleportation room.

In the afternoon.

Red Dragon Palace.

Buzzzzzz!

” let’s go. ” jiang li sat on the throne and waved his right hand. the power of the nation’s fate surged and the green light covered half of the red dragon hall.

Shua!

The Grand Xia Marquis medallion had appeared.

“Moon wind discipline.”

jiang li said.

“your subject is here.”

Yue Fengji immediately knelt down.

Next.

Jiang Li started to become a Marquis.

First of all ...

The positions of the officials in the wind order dynasty remained unchanged. There were originally 15 Marquises in the wind order dynasty, and the candidates for the Marquis King remained unchanged.

At the same time.

He gave ‘Yue Fengji’ the title of ‘Marquis of the Red Dragon’.

the ‘marquis of wind discipline’ in the capital of wind discipline had been changed to ‘marquis of crimson dragon’.

The capital of discipline was renamed the Marquis capital of Crimson Dragon.

“Thank you, Your Majesty!”

yue fengji kowtowed.

roar! roar!

Dragon roars sounded.

After the ceremony.

He conjured 16 1000-meter long four-clawed green wyrms.

they appeared behind the various marquis kings.

“We thank Your Majesty!”

Yue Fengji, Zhu Wuhua, Yue Lin, Yue dingdong, tan wengui, and the other sixteen marquise Kings all kowtowed, and their tone was extremely respectful.

Other than that.

Yue Fengji and the others had obtained the ‘great Xia Azure Dragon technique’, which was a level Seven low-grade cultivation technique. It was an auxiliary cultivation technique of the ‘great Xia Azure Dragon technique’.

They were also restricted by Jiang Li.

“Moon wind discipline.”

Jiang Li said.

...

“Your Majesty, please give your orders.”

Yue Fengji cupped his hands.

“Pass down my orders. Start to gather the soldiers and quickly form a ‘Red Dragon Army’ with over 200 million troops.”

I’ll distribute special weapons to the ‘Red Dragon Legion’, ” Jiang Li ordered.

“Yes.”

“We accept your orders!”

Yue Fengji and the others responded in unison.

“Yes.”

okay. Jiang Li nodded in satisfaction and left the Red Dragon Palace. He went back to the imperial capital through the teleportation room in the base of the 36th Army.

At the same time.

Yue Fengji and the others followed Jiang Li’s order and started to select elite soldiers from all the counties to form the ‘Red Dragon Legion’.

...

The wind order dynasty Army, the wind order elite army, and the wind order Imperial Army were all thrown into chaos and gathered together into the red Dragon Army.

In the base of the 01 division.

The room in the ruler's hub.

Currently.

Jiang Li had enough resources in his hands again. He had collected more than ten billion tons of steel materials in the wind order dynasty.

In addition, there were close to 40 trillion energy points.

It was enough to support a large-scale rebellion.

Hidden Dragon, open the mech factory at full power and start building the mechanical Army.

go! Jiang Li ordered.

“yes.”

shua!

Hidden Dragon replied.

immediately produce 1 billion hydroen soldiers, 1 billion super carriers, 1 billion super artilleries, 1 billion Tri-tanks.

create 100 million divine weapons of the Dominator Dragon, 100 million Tri-perch armored soldiers, 100 million laser destructive soldiers, and 100 million invisible energy soldiers.

ten million superconducting Ares soldiers, ten million super energy soldiers, ten million infinite super soldiers, ten million super missile soldiers, and ten million Storm Giant soldiers.

200000 Super Fortress soldiers, 200000 super Ares-class soldiers, 200000 super annihilation soldiers, 200000 Super Dragon God soldiers.

go! Jiang Li ordered.

One had to know.

In the mech factory.

Create elite troops.

Elite troops below rank 3 required twice the energy points of normal troops, but the amount of steel materials required was the same as normal troops.

However ...

elite troops that were rank 3 and above not only required twice the energy points of normal troops, but also twice the steel materials.

so,

Creating a Rank 2 elite soldier required 200 energy points and 1000 pounds of steel material, while creating a rank 3 elite soldier required 20000 energy points and 10000 pounds of steel material.

To create a type 4 elite troop, one would need 2 million energy points and 200 thousand Jin of steel.

To create a type 5 elite troop would require 200 million energy points and 200 million Jin of steel.

“Yes.”

Hidden Dragon replied. After he finished counting, he said, ” my Lord, we need to build 4.451 billion meches. We need two billion tons of steel materials and 800 billion energy points to build four billion stage two elite meches.

building 400 million elite Grade 3 meches requires 2 billion tons of steel materials and 8 trillion energy points.

creating 50 million elite Grade 4 meches requires 50 billion tons of steel materials and 100 trillion energy points.

creating one million elite Grade 5 meches requires one billion tons of steel materials and two hundred trillion energy points.

so, a total of 10 billion tons of steel materials and 308.8 trillion energy points will be consumed.

“I’m sure,”

Jiang Li said.

“begin production!”

Buzzzzzz!

Immediately.

In the mech factory.

on the fifth floor.

All the 'mech production lines' and 'mech production soldiers' started to work, sending large amounts of steel materials into the furnace.

Shua! Shua! Shua!

In an instant.

A large number of elite meches were created.

Time passed.

A few minutes passed.

my Lord, four billion level two elite meches and four hundred million level three elite meches have been completed.

hidden dragon warned.

"yes."

okay. Jiang Li nodded and walked out of the room. He didn't wait any longer.

It would take more than fifteen hours to create fifty million elite meches, and more than thirty hours to create one million elite meches.

Two days later.

The rampage had already been completed.

50 million tier 4 elite meches and a million tier 5 elite meches were all built. in the end, they formed a total of 4.451 billion 'dynasty no. 2 mech army'.

The most important thing was ...

‘Dynasty mechanical Army No. 2’, ‘dynasty Army’, and Jiang Li’s first batch of ‘great Xia mechanical Army’, as well as the puppet army.

The forces under Jiang Li’s control.

It had already reached 10 billion.

this was a huge breakthrough.

What was more terrifying was ...

Jiang Li had more than a million level-five meches.

such a base number.

It had already far surpassed dynasty.

One had to know.

Fifth rank.

With such cultivation and combat strength, he could be conferred the title of Marquis in an ordinary dynasty.

However, Jiang Li was ranked more than a million.

Currently.

After Jiang Li finished this round, he didn’t have much steel materials left. He still had about 20 trillion energy points.

It could be said that ...

Jiang Li had used up all the resources he had accumulated.

jiang li still needed to save the twenty trillion energy points in case he needed them. he also needed to save enough energy points to replenish the ammunition of the meches.

Other than that.

jiang li also needed to replenish the military equipment for the red dragon legion and the expanded great xia army. making these military equipment also required a lot of steel materials and energy points.

on the other side.

The 'beast exterminating Army' led by zh01 and the others had already entered the endless ocean yesterday, and they did not alarm the Navy of the 'martial King dynasty'.

Other than that.

After entering the endless ocean.

The 'beast exterminating Army' began to hunt the beasts in the endless ocean in a regular pattern. At the same time, they also built the Army base 037 on the seabed.

Furthermore, it had advanced to the 4th rank.

He activated the teleportation room.

it formed a wormhole link with the base of the 01 division.

A large number of the corpses of the sea creatures were transported to the imperial capital of the Grand Xia.

They piled up into a mountain.

At the first moment.

Jiang Li gathered a large number of human array Masters and formed a 'array formation team'. They used the corpses of the beasts that were transported to the imperial capital to make a large number of 'blood refining pills'.

As large amounts of blood refinement pills and medicinal pills were distributed to the 'great Xia soldier Corps', the cultivation and strength of the great Xia soldiers were steadily increasing.

In reality.

Jiang Li's 'puppet army' had reached its limit. He couldn't increase it anymore because a rank-six soul realm controller could only control 1111100 puppet Warriors.

so,

Four soul realm controllers, a Mechanical Soul spiritualist, a soul power controller, and a soul manipulator. In the end, they could only form a puppet army of about five hundred million soldiers.

Unable to increase.

a month later.

Yue Fengji and the others completed Jiang Li's task. They gathered all the human soldiers and formed a 'Red Dragon Army' with 300 million soldiers.

It was beyond Jiang Li's expectation.

"Hidden Dragon,"

” build 50 million automatic rifles, 50 million submachine guns, 50 million small-caliber sniper rifles, 50 million light machine guns, and 50 million shrapnel guns. ”

“one million bazookas, one million large-caliber heavy sniper rifles, three million heavy machine guns, ten million heavy grenades, one million grenade launchers, and four million mortars.”

one hundred thousand psionic rocket cannons, one hundred thousand laser psionic sniper rifles, and one hundred thousand psionic cannon launchers.

“Ten thousand psionic destructive bombs.”

“Yes.”

yes. Hidden Dragon replied, ” 25000 stage-one hot weapons. A total of 12.5 million tons of steel materials and 25 billion energy points.

20 million Stage 2 thermal weapons, a total of 100 million tons of steel materials and 200 billion energy points.

300,000 type 3 weapons, a total of 15 million tons of steel and 30 billion energy points.

“10000 type 4 weapons, a total of 5 million tons of steel and 10 billion energy points.”

a total of 132.5 million tons of steel materials and 265 billion energy points will be consumed.

“I’m sure,”

Jiang Li said.
