

Army 531

Chapter 531

half an hour later.

“My Lord, all the weapons and armors have been completed.”

Hidden Dragon said.

“Alright,” he said.

okay. Jiang Li nodded and sent the ‘super transport troop’ to transport all the weapons to the base of the No. 036 Army through the teleportation room.

“Your Majesty.”

Yue Fengji and the others came to welcome him.

“rumble!”

The Super transport troops activated their transformation skill and turned into large military transport trucks, driving out of the base of the 36th Army.

“Yes.”

” yes. ” jiang li nodded and said, ” lead the way to the military camp. ”

“Yes.”

Yue Fengji said.

Ten minutes later.

In the red Dragon Army's camp.

One could imagine.

A military camp that could accommodate 300 million soldiers would be huge. It was built in the mountains and divided into different army camps of various sizes.

There were many of them.

It was hard to count.

“Distribute weapons and Ordnance.”

jiang li didn't want to show the soldiers the power of his weapons this time. instead, he sent meches to distribute them to the soldiers.

After that.

Then, they would familiarize themselves with the power of the weapons.

Bang! bang! bang!

On this day.

The entire Red Dragon Army camp was filled with gunshots. Hundreds of millions of soldiers held weapons and Ordnance and tested the power of the weapons and Ordnance.

“Si si si ...”

“This weapon is too powerful.”

“unbelievable.”

“Haha, he he, with such a powerful weapon, our Red Dragon Army’s strength will increase by several times!”

“He’s too powerful.”

The soldiers and generals cheered.

Red Dragon Army.

With Yue Fengji as the main Marshal, Yue Lin and Yue dingdong as the Deputy marshals, Zhu Wuhua, tan wengui, the dragonmarks family’s forefather ‘Star Dragon Mark’, and the magic Prints family’s forefather’ Chao Qi ‘as the four great generals.

In reality.

The dragonmarks family, the magic Prints family, the green Lotus Family, and the wind Moon family were all the top four families in the wind order dynasty. Their strength and influence were all extremely powerful.

Their forces were intertwined, almost spreading throughout the entire wind order dynasty.

the four top families.

I’m sorry. Jiang Li’s family was unwilling to give up when he was plundering all the resources in the country, so he United all the families in the country and formed a powerful Army.

However ...

Yue Fengji and the others only spent a few days leading the massive Army of the dynasty to defeat the Army of the aristocratic families.

Seeing that things were not going well.

The Dragon marks family's star Dragon marks and the magic Prints family's Chao Qi had surrendered first. They acted as spies and annihilated the green Lotus Family and the wind Moon family.

The two early-stage rank six ancestors of the Qinglian family and the fengyue family had fallen.

Only then did the turmoil end.

Three days later.

The soldiers of the Red Dragon Army were already familiar with their weapons and were able to unleash their full power.

In the base of the 01 division.

Buzzzzzz! Buzzzzzz!

jiang li was cultivating the martial arts of the azure dragon technique in the open space of the army base. his body glowed with azure light and formed shadows of azure dragons.

Currently.

Jiang Li had the Azure Dragon killing seal, the Azure Dragon absolute kill seal, and other martial arts that could attack the fate of the nation.

Other than that.

...

As the ‘great Xia Azure Dragon technique’ was upgraded, the accompanying martial arts of the great Xia Azure Dragon technique were also upgraded, and their power was also stronger.

In the following period of time.

Jiang Li practiced martial arts techniques to improve his strength.

In the blink of an eye, another month had passed.

On this day.

“Chief sovereign.”

qx01 arrived.

“what is it?”

Jiang Li stopped practicing.

the beast exterminating Legion and zh0214 have a situation report.

QX01 said.

...

“Yes.”

yes. Jiang Li nodded. answer.

“Yes.”

Buzzzzzz!

the skill was activated.

The holographic communication projection screen appeared.

It was divided into two parts.

“Chief sovereign.”

” jiang li. ” zh01 and zh0214 saluted jiang li.

“Report the situation.”

Jiang Li said.

“Yes.”

Zh01 was the first to report, ” Lord, we’ve advanced a million kilometers in the endless ocean. We’ve already killed a huge number of sea beasts.

we’ve been attacked by more than a dozen waves of Navy forces from the sea dynasty.

“Yes.”

” okay. ” jiang li nodded.

one had to know.

Jiang Li's 'beast-exterminating Army' was made up of one billion elite meches and two perfected-stage special meches.

The activity of hunting sea beasts was not small.

It was natural.

It attracted the attention of the 'foreign Empire' in the endless ocean.

Basically.

The navies of the alien dynasties were all repelled by Jiang Li's 'beast-exterminating Army' and they contributed a lot of soul Tinders.

but ...

As the matter became more and more serious.

As a result, more and more dynasties noticed the beast-exterminating Army.

ruler, we've encountered the Empire's Army this time.

they must have broken into their territory, " zh01 said. although we've repelled the Army of the sea Empire, they won't let this go easily.

"How many troops are left in the beast exterminating Army?"

Jiang Li asked.

my Lord, the beast exterminating Army has been fighting in the endless ocean for more than two months. They have encountered powerful sea beasts several times and lost a lot of soldiers. Currently, they only have about 500 million soldiers left.

Zh01 said.

“500 million.”

Jiang Li frowned. there's too few of them. If they run into the dynasty's main force, they'll be annihilated.

return to the 37th Army base immediately.

“yes.”

Zh01 replied.

“There's more,”

let's go, ” Jiang Li continued, ” MYL01 and SSTs01, continue to sneak into the ‘sea dynasty’ and find out more about it.

“Yes, sir.”

Both MYL01 and SSTs01 said in unison.

Shua!

The communication ended.

obviously.

Jiang Li already had his eyes on the ‘dynasty of the sea’ that suddenly appeared.

If there was a chance.

Jiang Li would send out his mech Army to destroy them.

To seize resources.

One had to know.

The 'beast exterminating Army' had been hunting in the endless ocean for nearly two months and had killed a large number of 'sea beasts', causing the number of sea beasts within a radius of one million kilometers to greatly decrease.

Jiang Li got a huge amount of soul Tinders.

However ...

such a large-scale hunt had already attracted the attention of the various dynasties and empires of the sea. even the navy of the martial king dynasty had discovered something.

"Zh0214."

" report, " jiang li said.

"Yes."

Zh0214 nodded, ruler, after two months of recruitment, the ten-winged dynasty has already gathered an Army of over ten billion ordinary demon soldiers.

the ten-winged dynasty is preparing to start a war. They have already conquered several dynasties around them and are sending troops to the 'Soaring Dragon barbarian dynasty' in the Western Region of the Holy peace Region.

"Start a war."

Dragon soaring barbarian dynasty? ” Jiang Li raised his eyebrows and said, ” I didn’t expect the ten-winged dynasty to start a war. They’re attacking the Dragon soaring barbarian dynasty.

“Chief sovereign, that’s not all.”

Zh0214 continued, ” the other demon Empire in the Western Region of the Holy peace Region, the Feitian Empire, is also showing signs of starting a war.

“This bi an ...”

jiang li fell into deep thought.

Obviously.

Things were not quite normal.

Both the ten-winged dynasty and the skysoar dynasty showed signs of war, which was beyond Jiang Li’s expectations.

could it be that the ten-winged dynasty is confident enough to unify the Western Region of Saint Peace Region? ”

I don’t think so. Jiang Li shook his head and said, that’s not possible.

After all ...

the ten-winged dynasty’s national fate ranking was only 15th.

it was at the middle level.

“Chief sovereign.”

zh0214 then reported, " there's another very important matter. Ten-winged dynasty has sent out two dynasty legions. They are the first-ranked 'ten-winged Legion' and the third-ranked 'Lion King Legion'.

"According to ten-winged demon Emperor's plan, he's prepared to take down the great Xia Dynasty with lightning speed and seize the great Xia Dynasty's National fate and resources."

"then we'll start a war with the soaring dragon barbarian dynasty."

when will ten-winged dynasty's Army arrive? "

Jiang Li asked.

my Lord, the two great armies of the ten-winged dynasty have already departed for half a day. They are expected to arrive at The Endless Forest tomorrow.

Zh0214 replied.

"Alright," he said.

okay. Jiang Li nodded with satisfaction. QX01, send out the order immediately. Send out dynasty's mechanical Army No. 2 and set up an ambush in The Endless Forest.

this time, I'll make sure that the Army of ten-winged dynasty will never return.

"Yes."

QX01 nodded.

In the Western Region of holy peace Region.

There were Six Dynasties in total.

Among them.

Two demon dynasties, two human dynasties, and two barbarian dynasties.

In reality.

Between the six great majestic empires.

Every dynasty had spies from the other dynasties.

It could be said that ...

The ten-winged dynasty and the soaring heavens dynasty's recruitment of soldiers and gathering of legions were too big a commotion and could not be hidden from the other dynasties.

However ...

The other dynasties were temporarily unable to determine the true intentions of the ten-winged dynasty and the soaring heavens dynasty.

Not long ago.

The news that the ten-winged dynasty had sent the 'Black Tiger fleet' to attack the great Xia Dynasty could not be hidden for long, and was quickly known by the other dynasties in the West.

Furthermore ...

After seeing that the great Xia Dynasty had not disappeared and had even risen in the rankings, he deduced that the great Xia Dynasty had won and that the ten-winged dynasty's invasion had failed.

It was one of the two human imperial dynasties in the Western Region.

The northern desert Empire.

The Imperial Palace of the northern desert Empire.

in the magnificent and resplendent black dragon palace.

“Luo Qingming, mo Wuhe.”

On the Dragon Throne.

The human Emperor of Mobei was shrouded in the thick fog of the nation’s fate. The might of the human Emperor was extremely powerful, and he gave off an imposing aura without being angry. He issued a decree, ” immediately lead the ‘Mobei Royal Army’ and head towards the great Xia Dynasty to support the great Xia.

“We can’t let ten-winged demon Emperor’s plot succeed.”

“Your subject will obey!”

“Yes!”

Luo Qingming and Mo Yuhe acknowledged the order in unison.

Half an hour later.

“Rumble!”

Two four-clawed black flood Dragons soared into the sky, accompanied by enormous human battleships. The military formation was activated, and the radiance was rich. They left the northern desert imperial capital at the fastest speed.

Their target was the great Xia Dynasty.

“the demon race.”

human emperor mo bei’s gaze was calm. he clenched his right hand, and the information jade slip in his hand shattered and turned to ashes. ” it’s finally starting. ”

“The hegemony of the Imperial court, the throne of the true dragon!”

“now, even the immortal court is going to interfere.”

a storm was quietly brewing in the holy peace region.

It was the ten great demon dynasties that started the ‘Dynasty War’.

A storm was about to engulf the entire holy peace Region.

The various dynasties were like a small boat in a tsunami, about to be swallowed by the tsunami at any time. Only the Imperial dynasties could survive in such a storm.

The imperial capital of the Grand Xia.

“Teleport!”

Buzzzzzz!

Half an hour later.

The ‘dynasty 2 mechanical Army’ had already gathered, but MYL01 and SSTs01 were not around, and they lacked a peak Tier 6 combat power.

so,

this time, jiang li personally led 'dynasty no. 2 mechanical army', four soul realm controllers, a tier 6 puppet warrior, and wms01 to ambush ten-winged dynasty's army in the endless forest.

buzzzzzz! Buzzzzzz!

The spatial fluctuations were extremely clear.

First of all ...

The 'dynasty No. 2 mechanical Army' teleported away first.

Immediately after.

Jiang Li was also ready to go.

Buzzzzzz!

Suddenly.

Outside the imperial capital of the Grand Xia.

the space was torn apart.

after that.

a figure appeared.

They had come through the 'spatial transfer formation'.

He looked closer.

He was Xia Hou, the martial immortal Court Division of the human race in the Saint peace state.

As soon as Xia Hou arrived, he turned to look at the imperial capital of the Grand Xia. After raising his head, he saw the enormous 'floating base' that was hovering in the air.

“just now ...”

Xia Ling stared at the 'floating base', her eyes flashing. She felt a fluctuation in the space just now and was a little shocked and in disbelief.

“It shouldn't be possible.”

xia yan shook his head. ” space is a domain that only the emperor dynasty can control. ”

Soon after.

xia tian entered the city and asked to see jiang li.

In reality.

As soon as Xia Yan arrived, Jiang Li was informed of her arrival through the meches.

Inside the Azure Dragon Palace.

“your majesty, emperor xia.”

Xia Ling cupped her hands in greeting, then smiled and said, "Speaking of which, you promised me that you would make a trip to the 'court of the Holy peace state' after the dynasty's promotion."

"It's been so long, but I haven't been able to wait for Your Majesty, Emperor Xia, in the chamber."

"this one can only make another trip."

"What's wrong?"

Xia Ling. Jiang Li looked at Xia Ling. do I need to report my whereabouts and arrangements to you? "

Chapter 532 ambush

"the xia emperor."

Xia Ling narrowed her eyes. I'm afraid that your tone is not very friendly.

"Are you questioning me?"

Jiang Li's tone was cold.

"I'm just reminding Emperor Xia of the importance of the human martial arts Celestial Court."

Xia Ling said in a low voice.

"No need."

don't worry. Jiang Li waved his hand and said, "I don't need you to remind me what to do. If you don't have anything important to say, you can leave now.

"as for the chamber of commerce, i will go there when i have time."

"Hehe."

Xia Ling only sneered.

"Forget it,"

Xia Yan then flicked his sleeve and took out a Jade slip.

Shua!

He threw out the Jade slip.

The Jade slip flew to Jiang Li like a ray of light.

"Pa!!!"

Jiang Li caught it.

"This is what the division Head asked me to give you."

since Emperor Xia doesn't like me, " Xia Yan said coldly, "I won't ask for trouble in front of Emperor Xia. I hope that Emperor Xia can still maintain this 'domineering' attitude in the upcoming turmoil.

"You're on your own."

"Farewell."

buzzzzzz!

As soon as he finished speaking.

Xia Yan said no more and did not stay any longer. He turned into a ray of light and disappeared into thin air. He left the Azure Dragon Hall and arrived in the air in the blink of an eye.

“the grand xia empire.”

Xia Hou stood in the air above the imperial capital of the Grand Xia. He lowered his head to glance at the Grand Xia Palace, then raised his head to look at the ‘floating base’ that was hovering in the air, a deep look in his eyes.

“Teleport.”

Soon after.

Xia Tian took out his ‘teleportation token’ and activated it. Spatial fluctuations emerged and covered Xia Tian’s body. He was teleported away.

inside the azure dragon palace.

“hegemon, xia hou has already left.”

QX01 reported.

“Yes.”

okay. Jiang Li nodded and looked at the Jade slip in his hand. It was the size of a palm and white as if it was carved from white jade.

Buzzzzzz!

” i’m here. ” jiang li activated his cultivation technique and injected his power of true spirit into the ‘jade slip’.

Shua!

The next moment.

A ray of light flew out of the ‘Jade slip’ and entered Jiang Li’s forehead. It contained a large amount of information and entered his mind.

Kachaa!

Bang! Bang!

The Jade slip in Jiang Li’s hand shattered and turned into ashes.

“this bi an ...”

Jiang Li frowned and digested the information in his mind.

After a while.

jiang li opened his eyes.

“the demon race.”

jiang li took a deep breath and murmured, ” “I see.”

Obviously.

jiang li already knew the whole story.

In general.

It was the ‘demonic bloodline immortal court’s’ Saint peace state court ‘that had made a big move and sent’ envoys ‘to the ten great demon dynasties.

...

They were the first to launch a ‘war’ that would sweep across the entire holy peace Region.

They were planning to seize the true Dragon’s Throne.

In other words ...

The immortal court began to intervene.

It was not just the ten-winged dynasty and the soaring heavens dynasty.

The ten great demon empires in the entire Saint peace state were all ready for war. A terrifying storm was about to sweep across the entire Saint peace state.

No dynasty was spared.

No one could stay out of it.

Of course.

The ‘martial immortal court’ of the human race’s ‘Saint peace state’ wasn’t to be trifled with either. They received the news at the first moment and also sent envoys to inform the ten great human empires.

Originally.

...

The human race only had nine great imperial dynasties.

now.

Jiang Li established the Xia Dynasty, so the human race had ten dynasties.

Not only that.

The 'Division Master' had invited the human emperors of the ten great empires to the 'division in the Holy peace state' a month later to discuss the matter of forming an 'Empire Alliance'.

Jiang Li was also invited.

Other than that.

The 'barbarian totem immortal court' in the 'holy peace state court' was also making huge movements, preparing for the upcoming 'Dynasty War'.

"The Alliance again."

Jiang Li frowned.

Back then.

The 'dynasty power struggle' in the northern region of the Holy peace state was also an Alliance formed by various dynasties.

No matter if it was a dynasty or an Empire.

At that time.

Since it was an Alliance, there was naturally a 'leader'. The position of 'leader' would definitely enjoy the fate of the ten majestic empires.

To tell the truth.

Jiang Li didn't want to share the fate of the 'Xia Dynasty' with others.

"we'll deal with it when the soldiers come, and we'll deal with it when the water comes,"

the Xia Dynasty," Jiang Li said. even if we really want an Alliance, it has to be the same as before. The 'leader' must be the 'Xia Dynasty'.

"Besides, I still have a month to prepare."

the most important thing now is to annihilate the ten-winged dynasty's demon Army in The Endless Forest.

Shua!

Jiang Li's figure flashed.

He left the Azure Dragon Palace and went to the 'teleportation room' in the base of Division 01. In WMS01, there were 100 battlefield commanders, 100 super holographic soldiers, and 4 soul realm controllers leading 30 Type 6 puppet Warriors.

he followed jiang li.

Originally.

Jiang Li only had twenty level-six puppet Warriors.

but ...

Jiang Li conquered the wind order dynasty and got a lot of level-six materials and items from it. He then made ten level-six puppet Warriors.

Unfortunately ...

The beast-exterminating Army did not find any sixth-rank sea beasts.

Otherwise ...

There would be even more Tier 6 puppet Warriors, and perhaps one or two tier 6 soul Tinders would drop. By then, he would make a huge profit.

“Teleport.”

Buzzzzzz!

The ‘teleportation room’ was activated.

Jiang Li walked into the wormhole Whirlpool. WMS01 and the others immediately followed him and went to the Marquis of Black Dragon’s base of division 023.

The scene changed.

In the sky above the base of the 23rd Division.

“let’s go.”

let’s go. Jiang Li appeared. He flew to the center of ‘dynasty No. 2’s mechanical Army’. There were many meches around.

there were billions of them.

It covered the entire sky.

He looked up from the bottom.

He could no longer see the sky, only the mechanical Army that seemed to be endless.

“Yes.”

“rumble!”

The engine roared.

The mechanical Army set off.

Head towards The Endless Forest.

Time passed.

Jiang Li personally led ‘dynasty No. 2’ to The Endless Forest. They could still see the pits left by the last bombardment.

One had to know.

After the mech Army’s bombing last time, a large amount of vegetation had been destroyed. The huge trees had collapsed and burned.

At the same time.

More than 90% of the beasts were killed. Some of the ‘alien creatures’ living in the depths of The Endless Forest escaped to the Western Region of the Holy peace state or were captured by Jiang Li’s mech Army. They were branded with the mark of a slave and became the slaves of the great Xia Dynasty.

“Alright,” he said.

here. Jiang Li arrived at the ‘ambush’. this is the place. Commanders, command the Army and confirm the terrain.

“I’ll leave the command of this battle to you.”

“Yes.”

“Yes, sir!”

“I promise to complete the mission!”

“.....”

immediately.

commander Jiang. a hundred commanders stepped out and saluted Jiang Li.

Dynasty No. 2’s mechanical Army.

In order to build this mechanical Army, Jiang Li had used more than 30 trillion energy points and almost all the steel materials.

Among them.

Four billion level two elite meches.

There were 400 million level three elite meches.

50 million level four elite meches.

There were one million elite tier 5 meches.

there were a total of 18 different types of meches.

In other words ...

Even the weakest of them was a Tier 2 elite.

One could imagine.

What a terrifying mechanical Army this was.

” water and electricity mech army, super transport army, hear my order. descend from the sky immediately and enter the endless forest. set up an ambush around the path that ten-winged dynasty’s army must take. ”

The commanders began to set up the battlefield.

super artillerymen, Tri-tanks, continue to take off and enter the clouds. Use the clouds to hide your tracks.

infinite super soldier Legion, Storm Giant soldier Legion, prepare for close combat after the long-range bombardment.

“”

Time passed.

The orders were issued one by one.

The mechanical Army spread out, and according to the different types of mechanical soldiers, they were divided into eighteen armies. After they spread out, they laid in ambush in the surroundings.

They formed an ambush formation that was like a sack.

now.

They only needed to wait for the ‘ten-winged dynasty’s Army’ to enter the ambush, and the opening of the cloth bag would immediately close in and surround the ‘ten-winged dynasty’s demon Army’.

“Chief sovereign, the ambush has been set up.”

Soon after.

The battlefield commanders reported.

“yes.”

okay. Jiang Li looked around and nodded in satisfaction.

Shua! Shua!

At the same time.

The Super holographic soldiers were scattered around the battlefield, monitoring the entire battlefield.

“Now, we’ll just have to wait for the prey to come.”

Jiang Li flew higher and higher into the clouds, hiding his traces.

The majestic mechanical Army of dynasty No. 2 seemed to have disappeared into thin air, completely hidden. It was extremely perfect, and the entire endless forest fell into a strange silence.

in the afternoon.

The blazing sun was high in the sky.

the temperature was getting higher and higher.

“Rumble!”

Suddenly.

A deafening roar came from the distant horizon, like endless Thunder. Looking from afar, a huge ‘demon fleet’ came into view.

There were too many of them.

It was like a horizon with no end in sight.

He looked closer.

Those enormous ‘demon race ships’ were all huge and oval in shape. They had huge wings and each ship had all kinds of formations.

The power was vast.

At the center of the fleet.

There were two huge mainships that were like floating islands.

On the two huge mainships, there were different flags of the demon Empire.

The flagship's flag on the right had a blood-red background and the pattern was a 'black ten wings' that spread its wings and flew high. It was the symbolic flag of the 'ten-winged Army'.

The flagship's flag on the left had a blood-red background as well. However, the image on it was a Golden Lion with two wings. The lion was covered in golden fur, which looked like silk and burning golden flames.

It was the flag of the Lion King's Legion.

"Chief sovereign."

Shua!

cjxx01 came and reported to jiang li, " enemy troops discovered. We can confirm that they are the ten-winged dynasty's 'ten-winged Army' and 'Lion King Army'.

"Alright," he said.

yes. Jiang Li nodded. be prepared for battle. Don't alert the enemy. Attack as soon as the enemy enters the ambush.

"Annihilate the enemy, don't leave a single one alive."

"Yes."

Cjxx01 nodded.

Very quickly.

The ten-winged Army and The Lion King Army entered the outer perimeter of The Endless Forest, and their scouting team was the first to enter The Endless Forest.

“What’s going on? There should be a large number of fero beasts resting in The Endless Forest. Why haven’t we found any traces of them this time?”

furthermore, the vegetation in The Endless Forest has been greatly damaged.

“also, don’t you think it’s too quiet here?”

“Something’s wrong.”

“Report to the Marshal immediately.”

Their scouting team had found something strange.

Chapter 533 Attack

my Lord, ten-winged dynasty’s scouting team might have already discovered some abnormalities in the surroundings, but they probably haven’t discovered our ambush.

The commander of the battlefield reported.

“I’m fine.”

No. Jiang Li waved his hand and said coldly, ” even if they didn’t enter our ambush circle, they won’t be able to run away today. We’ll kill as many as they come.

“yes.”

The commanders nodded.

On the other side.

The Mobei Royal Army of the Mobei Empire was personally led by Luo Qingming and Mo Wuhe.

The Mobei Royal Army had bypassed the ten-winged dynasty's territory and rushed over from another direction. However, they also had to pass through The Endless Forest to enter the Northern Territory of the Holy peace state.

At this moment.

They had arrived at the southern periphery of The Endless Forest.

Marshal Luo, we've already arrived at the southern outskirts of The Endless Forest.

The general reported.

"Alright," he said.

luo qingming nodded and looked in the direction of the great xia dynasty.

"I hope we can make it in time."

Mo Yuhe said.

"Yes."

Luo Qingming nodded slightly. no matter what, it wasn't easy for a human empire to be born in the Holy peace state. I hope it won't be destroyed by the ten-winged Empire just like that.

"That's such a pity."

"Pass down my order. Activate the 'flight formation' and increase our speed. We must reach the great Xia Dynasty before nightfall."

Luo Qingming shouted.

“Yes!”

“Yes, sir!”

The generals responded.

Wuwuwuwuwu!

The formation was activated.

It quickly formed a formation diagram that glowed.

His flying speed increased.

in the western outskirts of the endless forest.

At the center of the ten-winged dynasty’s Army.

At this moment.

The 10-winged Army’s Marshal ‘Sha Luo Jin’ and The Lion King Army’s Marshal ‘Shi mo’ received the news from the scouts team at the first moment.

Shua! Shua!

The two main marshals met.

Other than that.

There were also four deputy marshals.

Great generals.

They were all gathered in the main ship of the ten-winged Army.

“This is the information from the ‘reconnaissance team’. What do you think?”

Shi mo asked.

“.....”

Sha luojin closed his eyes and didn’t speak.

“marshal shi mo, i’m guessing that the beasts in the endless forest have decreased because the great xia dynasty has sent out an army to exterminate the beasts in the endless forest,”

At this moment.

The Vice Marshal of the ten-winged Army, Hawking, guessed.

” from this information and signs, we can’t determine any useful information. ”

The other Vice Marshal of the ten-winged Army, Zhang Ling, also said.

alright, let’s not waste time discussing such insignificant issues.

Sha luojin raised his head and swept his gaze across all the demons present. He was extremely dignified, giving all the demons present a great deal of pressure. His Majesty, the demon Emperor, has ordered us to take down the ‘great Xia Dynasty’. We can not afford to lose it.

“Sha Luo Jin.”

“You should know that the black Tiger fleet was destroyed in the great Xia Dynasty. This is enough to show that the ‘great Xia Dynasty’ is very powerful,” Shi mo said in a deep voice.

“we can’t lower our guard.”

...

“Of course.”

“Of course I’m not looking down on the great Xia Dynasty,” shaluo Jin replied.

however, the information that the reconnaissance team has gathered is completely useless. Do we have to change our original battle plan because of these unexpected situations? ”

also, if we want to enter the great Xia Dynasty, we have to enter from The Endless Forest. Do we have to make a detour to enter from the central region of the Holy peace state or the endless ocean? ”

“This will take up too much time. His Majesty, the Demon King, will not agree to it.”

“pass on my order. activate the acceleration formation and increase the speed of the army.”

“We need to reach the Grand Xia Empire in the shortest time possible.”

“Yes.”

“Yes, sir!”

Hawking, Zhang Ling, and the others all said.

“Hmph!”

...

Shi mo coldly snorted, but did not continue to refute.

Soon after.

Shi mo and the others left the main ship's Hall.

“The Grand Xia Empire.”

Sha luojin took in a deep breath. His eyes were cold and revealed a chill. to be able to destroy the ‘Black Tiger fleet’, he does have some ability.

“However, it's different this time.”

that's because I'm personally leading the two dynasty's legions this time. Furthermore, I have a trump card that His Majesty, the demon Emperor, has given me.

“We will definitely destroy the great Xia Dynasty and take revenge for the black Tiger fleet.”

“Roar!”

Sharuojin's body was surrounded by the light fog of National aura.

A series of Dragon roars could be heard.

On his body.

The aura of the Empire's sacred artifact of National fortune appeared.

obviously.

in order to make sure that nothing went wrong this time.

Ten-winged demon Emperor temporarily gave Sha luojin the 'Empire's National aura Saint weapon' to use.

It could even affect the direction of a huge war.

It was almost evening.

The two Army fleets of the ten-winged dynasty had arrived at the center of The Endless Forest and were gradually approaching the ambush circle set by Jiang Li.

"Rumble!"

The ships were numerous and densely packed. They floated in the air and flew at a rapid speed. The ships were covered with a huge array.

Inside the ship.

They were monster soldiers.

He was alert of his surroundings.

"Chief sovereign, the enemy has already entered an ambush."

The battlefield commander said.

"No rush."

wait. Jiang Li stared at them. we'll attack when they're all here.

“yes.”

The commanders nodded.

A few minutes later.

On the deck of the main ship of the ten-winged Army.

shua!

Vice Marshal Hawking walked out. His figure soared into the air as he surveyed the entire Army. His eyes flickered with a sharp light.

It was obviously unusual.

“Vice Marshal Huo.”

“Lord Marshal!”

“Marshal!”

“.....”

in the surroundings.

The demon generals and soldiers greeted him respectfully.

“Yes.”

the lion legion and the ten-winged legion were indeed the elite dynasty troops of the ten-winged dynasty. they reacted to the sudden ambush and attack at the first moment.

Furthermore ...

The ship's formation was activated.

Roar! "Roar!"

It could be seen.

The ships of The Lion King Legion activated the fourth-grade 'Lion King formation'. A Golden Lion condensed in the sky above each ship.

Bang Bang Bang Bang!

Countless explosions were heard.

The attack of the Tier 3 elite mech Army was blocked.

In that instant.

Tens of millions of missiles were launched.

the tier 4 elite mech army launched their attack.

Kachaa! “Crack!”

“boom!”

The fourth-grade missile directly destroyed the fourth-grade array. The array diagrams exploded one after another, blowing up a large number of floating battleships.

“Ah!”

The screams of the demon soldiers rang out again.

Immediately after.

An even more terrifying attack descended.

“Super Fortress Army, Super Dragon God Army, attack!”

BOOM! BOOM!

The level five meches started to attack. The black super missiles fired by the Super Fortress soldiers were too powerful. The Super Dragon God weapons roared and spat out Dragon God breath.

A terrifying explosion was heard.

Shaluo Jin made his move. He charged out of the Mainship with a cold gaze. He raised his hand and struck out with his palm. A vast amount of bloodline power condensed and transformed into a monstrous palm print.

The palm landed.

It destroyed a large number of meches.

Its might was monstrous.

“The Grand Xia Empire.”

Sha luojin raised his head, looked at where Jiang Li was and shouted, ” human Emperor Jiang Li, how dare you set up an ambush in The Endless Forest? ” someone shouted.

“Come out and face your death.”

“Seventh rank.”

I’ll leave it to you. Jiang Li lowered his head and looked down at the sharuojin. He took a deep breath and looked at WMS01 calmly. I’ll leave it to you.

“Yes, sir.”

WMS01 walked out from behind Jiang Li.

Chapter 534 Intense battle

BOOM! BOOM! boom!

The battle between Jiang Li’s mechanical Army and the ten-winged dynasty’s monster army had officially started and was getting more and more intense.

The sounds of explosions and battle cries lingered in their ears.

After The Lion King Legion and the ten-winged Legion joined forces, the number of demon soldiers reached two billion.

However ...

Jiang Li's 'dynasty No. 2 mechanical Army' had more than four billion soldiers, and the weakest one was a level two elite mech. The number and quality of the soldiers surpassed ten-winged dynasty's Army.

so,

Jiang Li's mechanical Army had the upper hand as soon as the battle started.

They suppressed the enemy.

” kill!!! ”

“Attack!”

bang bang bang bang!

Pfft!

Both sides were fighting with all their might.

he roared again and again.

The terrifying aftermath of the battle swept in all directions.

Kachaa! Kachaa!

The ground shattered.

The landscape of The Endless Forest collapsed. A layer of the ground was lifted, and the trees exploded and burned. The shells and missiles bombarded the demon Army, creating small mushroom clouds.

“Set up the formation!”

“Hurry up!”

“Roar!”

Shua! Shua!

It could be seen.

the two vice marshals of the ten-winged army and the two vice marshals of the lion king legion quickly joined forces. four level six demon race vice marshals, the demon race array formation troops, and the power of two billion demon soldiers.

They formed a Grade 6 army formation!

“The formation is complete!”

Roar! Roar!

Extremely dense military Qi gathered in the sky above the battlefield.

Among them.

The Lion King Legion set up a Grade 6 battle formation-the nine-headed Lion King formation. The battle formation beast formed was a nine-headed Lion King that was a million meters long.

It had nine heads.

It occupied the sky above the war.

BOOM!

The nine-headed Lion King roared, releasing a terrifying sound wave that spread out and shattered the incoming cannonballs.

It was extremely powerful.

The Tier 6 Army that the ten-winged Army had set up-the Black Flame Peacock formation. The Army formation beast that was formed was an incomparably huge black peacock.

His entire body was burning with endless black flames.

“Whoosh!!!”

the black flame spread and burned the meches as if it had ignited the air.

“Soul realm controller.”

attack! Jiang Li shouted. control the 30 puppet Warriors and suppress the enemy. End the battle as soon as possible.

“Yes!”

Buzzzzzz! Buzzzzzz! Buzzzzzz! Buzzzzzz!

Immediately.

The four soul realm controllers took action and released their skills.

“Four-layered soul realm! Open!”

“Puppet warrior.”

“Kill!”

Shua! Shua! Shua!

in that instant.

The 4 soul realm controllers controlled the 30 Type 6 puppet Warriors and charged into the battlefield, eyeing the powerful monster generals.

“Be careful,” he warned.

...

“It’s a puppet warrior of the sixth step.”

“There are too many of them.”

” quickly use the power of the army formation. we must block it!!! ”

The four vice marshals and the monster generals were shouting.

“Rumble!”

an explosion sounded.

The 4th tier soul realm nullified the suppression of the type 6 battle formation. The 30 Type 6 puppet Warriors and 4 soul realm controllers worked together to block the attack of the type 6 battle formation beasts.

At this moment.

Somewhere on the battlefield.

‘Shi mo’, the commander of The Lion King Legion, stood in the air above the flagship and looked around the battlefield. His eyes fell on Jiang Li.

to capture the bandits, first capture the king.

...

As long as he killed Jiang Li.

they would definitely win this battle.

“Kill!”

Shua!

Jiang Li! Sha luojin’s eyes were cold. He attacked first. In a flash, he crossed half of the battlefield and charged at Jiang Li.

“Light wing slash!”

boom!

Sha luojin raised his hands and took out his weapon. It was a huge long saber that glowed with a pitch-black Luster. The saber Light was resplendent as it slashed down furiously.

“Demon God halberd.”

WMS01 raised its head. Its eyes were cold and murderous. With a wave of its right hand, the purplish black mechanical watch on its wrist instantly changed shape.

It formed a long, black demonic halberd.

“slash!”

thump!

WMS01 held the halberd with both hands and swept horizontally. The halberd light crossed the sky, and the blade light and the halberd light collided in the air. The attacks of both sides exploded at the same time.

“rank 7!”

Sha luojin’s eyes narrowed as he stared at WMS01. He shouted coldly, ” what a great Xia Dynasty. There’s actually a Type 7 Emperor level expert.

“No wonder the ‘Black Tiger fleet’ was destroyed.”

“Kill!”

WMS01 berated him and used his skill. Demon God’s aura.

Buzzzzzz! Buzzzzzz!

In an instant.

WMS01 was surrounded by a vast demonic aura and a purple-black mist of light that shrouded its entire body, increasing its power.

“demon god!”

Sha luojin’s pupils contracted. After he saw the changes in WMS01, he immediately said in shock, ” “Is this the aura of a Demon God?”

Emperor Xia, Jiang Li, you’re a human Emperor. How can you subdue a seventh-rank demonic god?!

“This is impossible!”

“Kill!”

“BOOM!”

WMS01 launched his attack. With the demon God halberd in his right hand, he charged towards Sha luojin, unleashing the ‘Demon God halberd technique’ and ‘Demon God aura’.

Halberd lights enveloped him.

“Bloodline Dharma.”

“Roar!”

Sha luojin immediately released the power of his bloodline. The power of his bloodline surged like a tsunami, sweeping in all directions and shaking the space.

It could be seen.

it was a huge blood-pulse dharma power.

It was millions of meters tall.

It covered the sky and the sun.

The giant beast that seemed to have been revived from ancient times was actually a giant ‘heavenly-winged Sparrow’.

It was like the legendary Vermilion Bird, but its body was pitch-black and was burning with pitch-black flames. Its power was overwhelming and it suppressed all directions.

“heavenly wing divine light slash!”

BOOM!

Sha luojin howled. He gathered his power and released a powerful attack. His bloodline Dharma power was integrated into the blade, and a huge blade light was produced.

It was as if the sky had been split into two.

Very strong!

It was extremely powerful!

This move was extremely powerful.

“Demon God’s power!”

BOOM!

WMS01’s expression was calm as he released his third skill. The power of the demon God emerged, and a purplish-black light condensed and was released.

“Break!”

Bang!

WMS01 struck out with his halberd. The dazzling halberd light seemed to pierce through the air. It came from the bottom up and shattered Sha Luo Jin’s attack.

It formed a crushing pressure!

“!!!”

Sha luojin’s pupils contracted, and his face was filled with shock. He stared at WMS01 in shock and shrieked, ” “The great circle of the seventh tier of the seven luminaries ring!”

“You’re at the great circle of tier 7!”

“Demon God domain.”

Wuwuwuwuwu!

wms01’s eyes were cold and filled with killing intent. with a wave of his left hand, a vast demon god domain was released. with wms01 as the center, it covered a radius of a million meters.

“!!!”

Sha luojin’s pupils contracted. He was extremely shocked and found it difficult to calm down. The power of the demon God domain pressed down, suppressing Sha luojin’s power.

It was as if his four limbs were shackled.

“Chief sovereign.”

at this moment.

Sir. the Super soldier suddenly reported to Jiang Li, ” we found a fleet of the human dynasty coming from the south of The Endless Forest.

“The human army.”

Jiang Li looked to the South.

In the distance.

Jiang Li could already see the ‘human dynasty’s fleet’ that was marching over quickly. It was the Mobei Royal Army of the Mobei dynasty.

The marching speed was very fast.

At most, a few minutes.

They would reach the battlefield.

“Are they friends or foes?”

Jiang Li was deep in thought.

“Sharuojin, I’ll help you.”

Shi mo roared.

boom!

The commander of The Lion King Legion, Shi mo, charged into the battlefield. His lion’s roar could be heard across half of the battlefield. With a wave of his right hand, he took out a long spear with a lion’s head.

Chief Lion thrust his spear forward, and a golden spear radiance bloomed.

He attacked Jiang Li.

His cultivation at the initial stage of the seventh rank erupted.

Obviously.

Among the ten great dynasty legions of the ten-winged dynasty, the chief marshals of the top three dynasty legions all had a cultivation of Level Seven. Shi mo was at the beginning stage of Level Seven.

Sha luojin was at the late stage of the seventh rank.

“divine weapon of the overlord dragon, transform!”

buzzzzzz!

Jiang Li raised his right hand and his Dragon-shaped wrist turned into a long, straight black sword with dragon scales. Jiang Li held the handle.

BOOM!

He activated his cultivation technique.

His late-stage Tier 6 cultivation erupted.

Roar! roar! “Roar!”

At the same time.

three one-dragon level sacred artifacts of the dynasty appeared. they were like three giant green dragons, circling around jiang li and protecting him.

bang!

WMS01 showed its power. Jiang Li didn’t even need to do anything. He swept his demon halberd and easily shattered Shi Mo’s spear light. Shi mo was only at the early stage of Level Seven, but he couldn’t break through WMS01’s blockade.

Shi mo, don't be rash. The other party is a pseudo-Demon God at the peak of the seventh rank.

"he's extremely powerful," sha luojin shouted. "let's join forces immediately and burn our bloodlines. only by using the power of the 'dynasty saint weapon' will we have a chance of fighting him."

"cooperate with me."

"alright!"

Shi mo nodded with a solemn expression.

"bloodline ignition!"

"Roar!"

Shi mo let out a long roar.

He burned his own bloodline.

Seventh-rank bloodline-Golden Lion King!

the moment his bloodline was ignited.

The Golden Lion King's Dharma power was condensed.

Golden flames burned all over fa Xiang's body.

BOOM! BOOM!

Shi Mo's aura rose sharply.

“Lion king’s spear!”

Bang!

Shi mo roared as he thrust his Lion-headed spear forward. A dazzling golden spear light, burning with golden flames, pierced through the sky as it went straight for WMS01.

Shua!

WMS01 dodged Shi Mo’s shot. At the same time, he quickly closed the distance between him and Shi mo and raised his hand to slap Shi Mo’s chest.

bang!

“Pfft!”

“Ah!”

Shi Mo’s pupils contracted and he screamed in pain. He couldn’t Dodge in time and was sent flying by WMS01’s palm. He spat out blood and flew far away.

“Damn it!”

Sha luojin’s expression was dark.

“Dragon God’s destruction slash.”

Buzzzzzz!

Shi mo! Jiang Li made his move. He targeted Shi mo who was injured by WMS01 and attacked at lightning speed. He released the Dominator Dragon divine weapon’s skill.

At the same time.

Roar! Roar! Roar!

The power of the nation's fate, the power of the true spirit, and the power of the sacred weapon of the Empire's fate.

All of them were added to this sword to be China.

“Slash!”

“Rumble!”

” die! ” jiang li slashed out. the huge sword was three million meters long, like a huge planet.

it crashed towards shi mo.

This was to kill Shi mo in one blow.

Obviously.

The sudden appearance of the ‘human dynasty fleet’ made Jiang Li unsure if they were friends or foes. Therefore, Jiang Li was prepared to take care of the enemy before the ‘human dynasty fleet’ arrived.

“No!”

Shi mo was frightened. He had just stabilized his body and looked up at the huge dragon scale sword falling from the sky. It was so huge that he couldn't see the whole sword.

The giant sword fell.

The air collapsed and the space trembled.

It was like the end of the world.

The collision of the planets.

It was too terrifying.

Chapter 535

“General Shi mo is in danger!”

“Hurry up! Activate the formation immediately and help the Marshal!”

“Si si si ...”

The demon generals of The Lion King’s Legion shouted loudly.

His expression was one of fear.

BOOM! BOOM!

The nine-headed Lion King roared. Under the control of the general and the formation master, it released its power and charged forward, trying to block Jiang Li’s sword.

“Kill!”

“Soul power release!”

Buzzzzzz! buzzzzzz!

The four soul realm controllers immediately rushed over, followed by the 30 Tier 6 puppet Warriors. They attacked one after another and blocked the nine-headed Lion King and the Deputy generals of the monster race.

“Bloodline ignition!”

Sha luojin seemed to have ignited his own bloodline at the same time, and his aura rose greatly. He forcefully rose from the late stage of the seventh rank to the peak stage.

Seventh-rank bloodline!

heavenly-winged sparrow!

The pitch-black bloodline flame covered the Dharma power.

The power was vast.

“a saint artifact of the imperial court.”

Sha luojin took out the ‘sacred artifact of the Empire’ that the ten-winged demon Emperor had given him. Dragon roars reverberated through the air, and majestic four-clawed true dragons appeared.

Ten-winged Black Dragon!

The ten-winged dynasty’s ‘Black Dragon imperial decree’ had nine shadows of four-clawed black dragons.

It meant that this was a nine-Dragon level sacred artifact of a dynasty.

It was extremely powerful.

“go!”

Shua!

Sha Luo Jin threw out the 'Black Dragon imperial edict', which flew towards Shi mo. The Imperial edict quickly spread out, and like a scroll of mountains and rivers, it blocked Shi Mo's path.

“BOOM!”

Jiang Li's sword hit the Black Dragon imperial decree. Ripples spread out and the space shook.

“It was blocked so easily.”

jiang li looked down at the scroll of mountains and rivers. ” it's indeed a nine-dragon level sacred weapon. it's so powerful. ”

“He blocked that sword so easily.”

“The demon God's Funeral.”

WMS01 charged up its energy and released its skill. The demon God's power and aura fused into one, and then it swung its halberd in a terrifying manner.

The vast halberd light was like the endless waves of the sea of stars, surging and surging.

It blasted towards the sharuojin.

be careful!

Shi Mo's eyes widened as he warned in shock.

“Nine-layered heaven's wings shield!”

Buzzzzzz! buzzzzzz! Wuwuwuwuwu!

Sha luojin shouted and formed a seal with both hands. The power of his burning bloodline condensed into layers of black light shields in front of him.

Bang Bang Bang Bang!

The halberd light, which was like an endless ocean wave, smashed the light shields one after another. The black light shields continued to shatter and explode, but it was difficult to reach them.

“Ah!”

Pfft!

Finally.

The halberd light struck Sha Luo Jin’s body like a shock wave, hitting his chest. Sha Luo Jin let out a blood-curdling screech as he was sent flying.

a few of his ribs were broken.

Kachaa! Kachaa!

Sha luojin quickly steadied his body. He patted his chest a few times and reattached his broken ribs. The Black Dragon imperial decree returned to his side.

“black dragon imperial decree!”

Buzzzzzz!

after sha luojin had ignited his bloodline, his cultivation had reached the peak of tier 7, which was the same as wms01. with the help of the nine dragon-class dynasty saint weapon, sha luojin's strength had increased.

Roar! "Roar!"

...

It could be seen.

The Black Dragon imperial decree transformed into a four-clawed Black Dragon that circled around Sha luojin. It resonated with his bloodline Dharma form, the heavenly winged Sparrow.

At this moment.

It was as if a Dragon and a Phoenix were revolving around him.

BOOM! BOOM! BOOM!

Sha luojin's power increased and formed a terrifying pressure that covered more than half of the battlefield. Jiang Li also felt a lot of pressure.

this is a sacred artifact of the Empire!

Not far away.

The Mobei Royal troop was about to reach the battlefield.

Luo Qingming stood on the deck of the Mobei Royal Army's flagship. Then, his figure rose into the air, standing high in the sky and looking into the distance with a serious look.

Luo Qingming could now see the situation on the battlefield.

...

“Things have become even more troublesome.”

Mo Wuhe took a deep breath and said with a heavy tone, ” ten-winged demon Emperor actually gave the nine Dragon-grade dynasty Saint weapon, the ‘Black Dragon imperial decree’, to Sha Luo Jin.

“You have to know.”

” sha luojin’s cultivation is at the late stage of the seventh rank. after igniting his bloodline, he’s able to forcefully increase his strength. coupled with the power of the nine dragon-level empire-level sacred artifact, he’ll be able to dominate the peak stage of the seventh rank. ”

“Mo Wuhe.”

“Let’s separate from the Army and go to the Xia Emperor’s aid first,” Luo Qingming shouted.

“Alright,” he said.

Mo Wuhe nodded.

shua! Shua!

As soon as he finished speaking.

Mo Wuhe and Luo Qingming took a deep breath, and their figures crossed the sky. As if they had teleported, their bodies turned into a stream of light, and they disappeared from where they were.

He charged into the battlefield.

“Fake Demon God true body.”

BOOM!

WMS01 unleashed another skill.

After that.

A purplish-black light was released from WMS01’s body. It kept flowing out and then formed a huge Demon God true body behind WMS01.

The weapon of the devil’s avatar was also a huge Devil’s halberd.

it was incomparably huge.

It was as huge as a planet.

it covered the sky and the sun.

The might of a demonic god was released to resist Sha Luo Jin’s might.

“As expected of the power of a Demon God.”

Sha luojin took in a deep breath. His eyes were burning and his fighting spirit was high as he shouted, ” even if it’s just a fake Demon God, it’s still so powerful even though it only has the power of a Demon God.

if I didn’t have a nine-Dragon Dynasty’s sacred artifact, I might not have been able to win.

“However,”

with the Empire's sacred artifact protecting me, I will definitely win.

kill!!!

As soon as he finished speaking.

Sha luojin immediately charged toward WMS01 and slashed out. A huge sword light swept across the air, slashing toward WMS01.

WMS01's halberd struck down, and the demon God's true body behind him mimicked WMS01's actions, striking out with the halberd.

BOOM!

The two sides collided.

there was a terrifying energy storm that swept in all directions.

It was as if it could not be stopped.

The battle had already affected the battlefield. The monster soldiers and Jiang Li's meches were both affected.

There were countless deaths and injuries.

kill!!!

At this time,

Jiang Li! Shi mo suddenly yelled. He stared at Jiang Li and quickly passed by WMS01. His Lion-headed spear with golden bloodline flame stabbed at Jiang Li.

Shua!

jiang li dodged.

He dodged the attack.

At the same time.

“It’s a sovereign Dragon divine weapon.”

Buzzzzzz!

jiang li immediately raised the dragon scale sword and shouted, ” “Gather!”

Roar! “Roar!”

The next moment.

On the battlefield.

The hundred million divine weapons and the black steel true dragons all let out earth-shaking Dragon roars.

shua! Shua! “Whoosh!”

Finally.

all of them were liquefied.

They all flew towards Jiang Li like black beams of light and merged into the black Dragon Scale sword in his hand.

Buzzzzzz! “Whoosh!!!”

The Dragon scale sword in Jiang Li's hand became bigger and bigger as more and more Dominator Dragon divine weapons were fused with it.

It was continuously expanding.

Roar! Roar! "Roar!"

After that.

The three one-Dragon-level sacred artifacts of the Empire turned into three four-clawed Green Dragons. They coiled around the Black Dragon-scaled sword, causing the sword light to turn green-black.

what the hell is this Yingying?!

Shi mo was shocked. He stopped in his tracks because of fear. He widened his eyes and stared straight at the scene, feeling a terrifying chill.

it was as if death was about to befall him in the next moment.

So, he gave up on attacking Jiang Li.

Terrifying!

It was too terrifying!

"How could this be?"

what? " Sha luojin was also dumbfounded. He looked at Jiang Li and was also shocked. Emperor Xia Jiang Li is only at the late stage of level six. How can he have such power? "

“This kind of power, this kind of strength, this kind of pressure, it’s already surpassed Class 6 and reached the level of Class 7. It’s not weak even among Class 7.”

At this moment.

Luo Qingming and Mo Wuhe arrived at the battlefield. As soon as they arrived, they clearly felt Jiang Li’s aura and power. They also felt the terrifying aura of WMS01.

Powerful!

It was extremely powerful!

“A pseudo-Demon God at the peak of the seventh rank.”

Luo Qingming stared at WMS01. Emperor Xia, Jiang Li, can actually subdue a vassal of a foreign race. He’s the human Emperor, but he can subdue a fake demonic god. It’s incredible.

“Emperor Xia’s cultivation should only be at the later stage of the sixth rank.”

Mo Wuhe took in a deep breath, suppressing the shock in his heart, ” however, the power and might of this strike has already surpassed the sixth step.

“Cross-realm battle!”

Emperor Xia, Jiang Li, has the ability to fight above his realm!

“Die!”

sha luojin recovered from his shock, and his killing intent surged. he immediately released his strongest power and fused it with all the energy in his body. The Dragon Sparrow doomsday blade!”

“Roar!”

At this moment.

Sha luojin had poured all of his energy into this strike. The Black Dragon and the heaven-winged Sparrow had gathered together, and all of it had been poured into this strike.

Shua!

Shaluo Jin slashed out.

The Dragon Sparrow coiled.

The phenomenon was shocking.

It was as if the sky had been split open.

die! Sha luojin slashed at Jiang Li.

“The eye of the demon God.”

Buzzzzzz!

The vertical slit on WMS01’s forehead split open and opened its ‘vertical pupil’, revealing a cold, emotionless Demon God’s eye.

A purple-black Radiance bloomed.

At the same time.

The demon God’s avatar behind WMS01 also had a huge ‘Demon God’s eye’ on its forehead, like the Eye of Heaven.

He coldly looked at Sha luojin.

“!!!”

Sharuojin's entire body trembled.

It was as if his heart was being squeezed by an invisible hand.

He was almost suffocating.

“Demon God's eye light!”

Whoosh!

The eye of the demon God opened, and a purple-black light shot out. It pierced, tore, and destroyed everything in its path, and went straight for Sha luojin.

Bang! Bang!

The demonic God's eye light destroyed everything.

As soon as the Dragon Sparrow saber flare touched the demonic God's eye light, it was shattered. Cracks appeared on the saber flare, and the Black Dragon and the heavenly-winged Sparrow kept crying.

BOOM!

Finally.

The Dragon Sparrow knife light exploded.

Pfff!

The demonic God's eye light pierced through Sha Luo Jin's chest and out of his body. It then continued to extend forward, plowing out a trench in the ground.

This trench spanned more than half of The Endless Forest.

it was like an abyss.

“Ah!”

sha luojin let out an extremely shrill scream.

Bang!

The bloodline Dharma exploded.

“Si si si ...”

“He defeated Sha Luo Jin in one move!”

Luo Qingming and Mo Wuhe both gasped.

“slash!”

Jiang Li's eyes were cold. He seized this opportunity and the power of the sword in his hand had reached its peak. Then, he slashed at the heavily injured Sha luojin.

Chapter 536

“Rumble!”

When Jiang Li struck out, the entire sky seemed to darken. The giant dragon-scale sword that was millions of meters long was emitting a blue-black sword light that was dazzling.

it was like a blazing sun.

It was more like a huge planet falling from the sky. The rumbling sound reverberated in all directions, and the space was shaking. The spiritual Qi of heaven and earth seemed to be boiling.

one had to know.

die! Jiang Li's attack was his strongest attack. It combined the power of his true spirit, the power of the nation's fate, the power of the dynasty's sacred weapon, and the power of the Dominator Dragon divine weapon.

He had long since broken through the limits of the sixth step.

It had reached the seventh step.

Or even stronger.

“No!”

Sharuojin was terrified.

At this moment.

He truly felt a fatal crisis of death.

“Sha Luo Jin!”

“Roar!”

At this moment.

Shi mo roared.

He widened his eyes, burned his bloodline, gathered all his power, and charged at Jiang Li like a moth to a flame.

roar! Roar!

The Golden Lion King roared in anger. The golden light was extremely bright, like a golden sun, releasing endless light. The huge bloodline Dharma power was like an ancient demon God.

Its might was monstrous.

quickly escape!!!

Shi mo turned around, looked at Sha Luo Jin, and shouted, ” run!!!

“Shi mo!”

Sharuojin’s eyes widened.

“Golden Lion King!”

“Explode!”

dragon scale sword! Shi Mo’s eyes were filled with determination. He rushed at Jiang Li without hesitation. The Golden Lion King bloodline Dharma form, which looked like an ancient demon God, collided with the Dragon scale sword.

boom! BOOM!

After that.

Shi mo exploded his bloodline Dharma.

“Rumble!”

The heavens fell and the earth cracked.

the golden lion king bloodline power image exploded, and the golden ripples shook the space.

It destroyed everything.

Bang Bang Bang Bang!

Countless explosions were heard.

Bang!

Finally.

Shi mo blocked Jiang Li’s attack.

“self-destruct your dharma.”

Jiang Li frowned and looked at Shi mo.

“ah!”

Pfff!

Shi mo screamed and vomited blood. His face was as pale as paper. He kept retreating, and his aura was getting weaker and weaker. He was seriously injured and shouted, ” “Sha Luo Jin! Run!”

all troops, retreat!!!

Shaluo Jin’s eyes were about to crack as he roared in anger.

Obviously.

Sha luojin had not expected that Shi mo would actually disregard his own life and block this fatal blow for him at this critical moment.

Even ...

He had self-destructed his bloodline Dharma.

“Retreat!”

retreat!!!

...

“Hurry up!”

The monster generals roared.

shua!

Jiang Li’s figure flashed.

Like a Green Dragon-shaped light, he disappeared from his original spot and appeared in front of Shi mo in the next moment.

his eyes were cold.

“emperor xia!”

Shi Mo’s pupils contracted.

“Die!”

Pfft!

die! Jiang Li swung his sword. The black sword light drew a half-circle in the air like a black crescent moon and slashed Shi Mo’s neck.

...

Blood splattered everywhere.

Shi Mo’s eyes widened. His head was cut off by Jiang Li.

“Marshal Shi mo!”

“No!”

“!!!”

On the battlefield.

The Goblin generals of The Lion King’s Legion howled in grief.

“Retreat!”

sha luojin clenched his fists and stared at jiang li. his eyes were cold and full of killing intent. ” shi mo, the demon king will avenge you! ”

the Xia Dynasty will be destroyed. Emperor Xia, Jiang Li, will die!

“recover,”

Buzzzzzz!

Jiang Li used some energy points and recovered WMS01’s energy in a few seconds. It was fully recovered in the blink of an eye.

WMS01’s ‘demonic God’s eye’ just now.

It could be said that ...

It was a combination of ‘demonic god aura’, ‘demonic god Power’, ‘demonic god domain’, ‘pseudo-demonic god true body’, and finally, ‘demonic god eyes’.

There were five skills in total.

It was a move that was created after all of them were combined.

It was extremely powerful.

Sha luojin ignited his bloodline and combined it with the power of the nine Dragon-level dynasty fortune Saint weapon. He didn’t hesitate to go all out, but he was still easily defeated by the ‘demonic God’s eye light’.

He was seriously injured in one strike.

He was almost killed.

It could be seen from this.

Just how powerful was this attack?

he had reached the limit of the seventh step.

so,

This move used up a lot of WMS01's energy. It couldn't continue after using it. Luckily, Jiang Li could use energy points to restore WMS01's energy.

“Now.”

At this moment.

Luo Qingming immediately woke up from his shock. When he saw that shaluo Jin was leading the demon Army to escape, he immediately shouted, ” “Do it! Stop them! Don't let them escape!”

kill!!!

BOOM!

Mo Wuhe roared as he charged into the battlefield.

“Fire Dragon slash!”

“Roar!”

Mo Wuhe slashed out with his saber. The saber radiance streaked across the sky, transforming into a life-like fire Dragon. It was incomparably huge as it charged towards Sha Luo Jin.

“Who is it?”

Bang!

With a wave of his right hand, shaluo Jin unfurled the Black Dragon imperial decree, forming a painting of mountains and rivers. It blocked mo Wuhe’s saber, and the fire Dragon Saber flare exploded.

“Mobei Royal Army, all troops, kill!”

At the same time.

The Mobei Royal Army of the Mobei Empire arrived. They went around the edge of the battlefield and attacked The Lion King Army and the ten-winged Army, forming an encirclement with Jiang Li’s mechanical Army.

“Attack!”

kill!!!

“Set up the formation!”

BOOM! BOOM! BOOM!

An intense battle erupted.

The Mobei Royal Army charged into the battlefield and attacked The Lion King Legion and the ten-winged Army. Beams of light pierced through and explosions rang out.

“sha luo jin.”

Luo Qingming waved his right hand and pulled out a long spear. He pointed it at Sha Luo Jin and shouted, ” “today is the day you die.”

“Luo Qingming!”

Sha luojin’s pupils contracted. He saw the person who had come clearly, and also saw the Mobei Royal Army. His expression changed drastically, and he said in shock, ” “It’s actually you!”

“The northern desert Empire!”

“Hehe.”

Mo Yuhe laughed coldly. shaluo Jin, this time, you’re not the only one who will die. Your 10-winged Army and The Lion King Army will all be annihilated here.

“Kill!”

BOOM!

As soon as he finished speaking.

Mo Wuhe charged forward, sending out blade rays that swept across the heavens and earth.

Bang Bang Bang Bang!

sha luojin immediately activated the black dragon imperial decree to its maximum power. the painting of mountains and rivers enveloped his entire body, blocking all of mo wuhe’s attacks.

He kept retreating.

“The northern desert Royal Army.”

Jiang Li looked at the battlefield.

“Demon God’s eye light!”

Whoosh!

At this moment.

After WMS01 had recovered its strength, it unleashed its strongest attack once again. The demon God’s eye opened its eyes, and they were like the eyes of the heavens.

He looked down on the common people.

The purple-black pupil light pierced through.

Nothing could block it.

“Ah!”

Sharuojin’s eyes widened, and his entire body trembled. He exploded with all his power, and the power of his bloodline surged. The Black Dragon imperial decree was already activated to its limit.

Pfff!

However ...

It was useless.

as the demonic god’s eye light shot over, the black dragon imperial edict, which had transformed into the mountain river painting, was as vulnerable as a piece of paper. it was easily pierced through.

The remaining power spread.

Once again, it pierced through Sha luojin's body.

blood splattered everywhere.

The blood was then evaporated by the high temperature of the demonic God's eye.

“Si si si ...”

mo wu he couldn't help but suck in a breath of air. seeing sha luojin's miserable state, he couldn't help but be shocked. “This power is truly terrifying!”

“Yes.”

luo qingming also nodded solemnly.

“Go!”

Shua!

Jiang Li waved his right hand and the Dragon scale sword flew out of his hand. It was as if he had used the sword control technique to cut off the enemy's head from a thousand miles away.

The Dragon-scaled longsword transformed from the divine weapon of the Overlord Dragon was like an ultimate sword-light.

“pfft!”

After that.

It pierced through Sha luojin's heart.

at the same time.

The ‘destructive power’ formed by the ‘Dragon God Nirvana storm’ of the divine weapon of the Overlord Dragon spread throughout Sha Luo Jin’s body, extinguishing his life force.

The light in Sha luojin’s eyes quickly dimmed.

His life force was quickly slipping away.

“Ah!”

” jiang li. ” sha luojin raised his head and stared at jiang li in the distance unwillingly.

He didn’t want to die like this, and he didn’t want to die in the hands of Jiang Li, who was only at rank six.

Clang!

The Dragon scale longsword drew a circle and let out a sword cry. It went around Sha luojin’s neck from behind and cut off his head.

Then, it quickly flew back to Jiang Li’s hand and turned back into the black Dragon bracelet on his right wrist.

“Marshal shaluo Jin!”

“The two marshals are both dead.”

“!!!”

The monster soldiers were terrified.

“Devour!”

Wuwuwuwuwu!

WMS01 was a ‘special mechanical unit’, and it had the same abilities as MYL01 and SSTs01.

It can devour ‘remnant souls’ to increase its evolution.

Sharuojin and Shi mo did not drop a tier 7 soul Tinder after their deaths, so their remnant souls were devoured by WMS01.

It increased his evolution progress.

Not only that.

WMS01 absorbed all the souls of the demons that died on the battlefield, as long as they did not drop any soul Tinder.

“All troops, hear my order!”

jiang li looked down at the battlefield and shouted, ” kill!!!

kill!!!

attack!!!

target locked. Cannonball fired!

missile launch!!

“Bombard!”

The battlefield commander's voice echoed throughout the battlefield.

“Rumble!”

The mechanical Army launched an all-out attack, and the soul realm controllers activated their soul realms to offset the suppression of the type 6 army formation. The 30 Type 6 puppet Warriors fought with all their might on the battlefield.

“demon god's eye light!”

Bang!

Immediately after.

After WMS01 had recovered its energy, it unleashed its strongest attack once more. The ‘Demon God's eye’ pierced through the air and destroyed two tier 6 battle formations.

The nine-headed Lion King array and the Black Flame Peacock array!

“Ah!”

Bang Bang Bang Bang!

The sound of explosions continued.

The Army formation exploded.

The nine-headed Lion King and the Black Flame Peacock were torn to pieces by the demon God's eye light.

Countless demon soldiers cried out in pain.

He spat out a mouthful of blood.

he fell from the sky and fell to the ground.

“No!”

“The Army formation has been broken!”

“We’re finished!”

Hawking and Zhang Ling were in despair.

Not only that.

After the army formation was broken.

Hawking and the others also suffered from the backlash of the battle formation.

He had suffered a very serious internal injury.

kill!!!

Pfft! Pfft!

The next moment.

The soul realm master controlled the type 6 puppet Warriors to surround and attack. Hawking, Zhang Ling, and the other Type 6 vice marshals were forced to retreat.

“Ah!”

Pfff!

A shrill scream rang out.

One of the lion Legion's vice marshals had been surrounded and killed by a number of Type 6 puppet Warriors.

Jiang Li's mechanical Army was twice the size of The Lion King Army and the ten-winged Army, and the weakest one was a level-two elite mech.

They were suppressing The Lion King Legion and the ten-winged Legion.

now.

Shi mo and Sha Luo Jin had died.

Then, the grade 6 army formation was broken.

The Lion King Legion and the ten-winged Legion had no chance of winning.

They could only run away.

Jiang Li's mechanical Army had surrounded The Lion King Army and the ten-winged Army, not giving them a chance to retreat.

“Hahahahaha!”

Luo Qingming laughed. With a long spear in his hand, he swept across the battlefield and killed one demon general after another. It could be said that he was already excited from the killing. die!

“.....”

jiang li looked at luo qingming and the mobei royal army and frowned.

Chapter 537

one had to know.

The Lion King Legion and the ten-winged Legion were Jiang Li's targets. Now, the Mobei Royal Army suddenly intervened.

although it was out of good intentions.

but ...

Luo Qingming, mo Wuhe, and the Mobei Royal Army had killed the monster soldiers and generals. This had affected Jiang Li's harvesting of the soul Tinder.

After all ...

It was impossible for the demons killed by Luo Qingming and the others to drop the soul Tinder.

Clang!

Jiang Li waved his right hand.

the dragon-shaped bracelet turned into a dragon-scaled longsword.

The sound of a sword rang out.

he flew across the sky.

In that instant.

He appeared in front of Luo Qingming.

He shattered Luo Qingming's spear light with a single strike.

"your majesty, emperor xia!"

what? " Luo Qingming was shocked. He quickly stopped and looked up at Jiang Li. He didn't understand why Emperor Xia wanted to stop him.

"Stop."

retreat. Jiang Li looked down at Luo Qingming. The pressure of the human Emperor's position put a lot of pressure on Luo Qingming. Mobei Royal Army, retreat from the battlefield immediately.

"This is an ..."

Luo Qingming was stunned. Your Majesty, I am Luo Qingming from the Mobei Empire. This time, I am here on the order of His Majesty, the Mobei human Emperor, to support the great Xia Empire.

"We don't have any ill intentions,"

"That's right, Your Majesty, Emperor Xia. We're here to help."

Mo Wuhe said.

"Retreat from the battlefield!"

jiang li's eyes were cold. he didn't want to explain anything. " don't make me say it a third time. "

“Zhenzhen is!”

Luo Qingming’s mouth was agape. He couldn’t understand it at all. He had been kind enough to help the great Xia Dynasty kill their enemies, but in the end, he wasn’t welcomed and had to retreat.

“Mobei Royal Army listen up, retreat from the battlefield.”

luo qingming took a deep breath and shouted.

“What?”

“why are we suddenly retreating?”

“it can’t be,”

“Retreat!”

The Mobei Royal Army’s generals and soldiers were stunned for a moment, and began to discuss. However, the military Order was like a mountain, and they quickly retreated after the order was given.

Very quickly.

The Mobei Royal Army withdrew from the battlefield.

They were watching the battle from the outside.

“The Mobei Royal Army has retreated.”

“This is an opportunity.”

gather all our forces and attack the same point. Break through the encirclement of the great Xia Dynasty's Army and escape. Escape as much as you can!

“Hurry!”

all troops, hear my order! Kill!!

“Rumble!”

Hawking led the Army. Those huge floating battleships covered in spell formations glowed as they charged towards a single place.

boom! BOOM! BOOM!

The next moment.

Countless artillery shells, missiles, laser beams, and other attacks were bombarding the demon Army as if they were free.

“Ah!”

The demon soldiers' screams rang out.

The floating battleships were destroyed one by one.

“Kill!”

Bang! Bang!

...

WMS01 charged into the battlefield. With his perfected-stage seventh-rank cultivation base and strength, his demonic god halberd swept across the sky, destroying hundreds of floating battleships with each strike.

“the demon god’s funeral! slash!”

pfft!

WMS01’s halberd swept across, and in just one move, it had killed the peak-stage type 6 monster Vice-Marshal Hawking. The soul realm controller then controlled the type 6 puppet Warriors to surround him.

Buzzzzzz!

at this moment.

When Zhang Ling was killed by WMS01, a purple-gold glow emerged from his body, which then condensed into a purple-gold light spot.

Shua!

[acquired a Tier 6 soul Tinder!]

A notification appeared.

“Alright,” he said.

...

Jiang Li was overjoyed.

Pfft! pfft! Pfft!

“Ah!”

blood splattered everywhere.

The level 5 demon generals and generals were killed one after another. Their corpses fell to the ground, and many Level 5 soul Tinders dropped.

On the outskirts of the battlefield.

the soldiers and generals of the mobei royal army watched the battlefield.

Their faces revealed extremely shocked expressions.

“He’s too strong.”

the great Xia Dynasty’s Army is truly terrifying. Even the weakest of them is at the 2nd rank. Unbelievable.

moreover, the power of these war weapons has a wide range and are extremely destructive. It can be said that they are even more powerful than formations.

“This is truly unbelievable.”

“Is the great Xia Dynasty really just a newly-promoted dynasty?”

the combat power that this Army has displayed is no longer weaker than those old dynasties.

“.....”

The Mobei Royal Army’s generals discussed animatedly, already putting away their contemptuous hearts.

“Truly terrifying.”

Luo Qingming couldn't help but sigh.

“That's right,”

Mo Wuhe nodded his head in agreement, “Speaking of which, we're here to support the great Xia Dynasty. From the looks of it, the great Xia Dynasty doesn't need our support at all.

“The ten-winged Army and The Lion king's army are no match for the great Xia Dynasty.”

“Indeed,”

“If the demon race's ten-winged dynasty wants to destroy the great Xia Dynasty, it'll have to be ten-winged demon Emperor himself who leads an Army of ten billion soldiers,” Luo Qingming echoed.

“Hehe.”

Mo Yuhe sneered. if ten-winged demon Emperor dares to personally lead an Army of ten billion to attack the border, he's seeking his own death. Let alone our northern desert Empire, the two great barbarian empires will definitely not let go of this opportunity when they hear the news.

Time passed.

The night came.

In this war.

It lasted for a day and a night.

The aftermath and destruction caused by the war.

it had already affected the entire endless forest.

It destroyed the environment and landscape of The Endless Forest. A large number of trees were destroyed, mountains collapsed, and a layer of the ground was lifted up. The ground was even blasted into a huge pit.

Among them.

The ground was also torn apart by the remaining power of the ‘Demon God’s eye’, forming three huge abyssal trenches, almost splitting The Endless Forest into several parts.

“a perfectly fine primeval forest has now become like this.”

Jiang Li looked around. it’s a mess.

at first, I was thinking of keeping the ‘endless forest’, protecting the environment of The Endless Forest, and then transforming it into a’ breeding ground ‘for the’ ferocious beasts’.

I don’t think so. Jiang Li shook his head. I’m afraid not.

“It’s been destroyed to this extent.”

“It’s a pity,”

“All troops, clean up the battlefield!”

go! Jiang Li waved his hand and shouted.

“Yes.”

The battlefield commanders responded.

After that.

The meches landed and started to collect the remains of the meches, the weapons and armors of the demon soldiers, as well as the damaged and well-preserved floating battleships.

Among them.

The remains of the meches could be recycled. They were all made of steel.

The weapons and armor of the monster soldiers.

It was also the steel material Jiang Li needed.

Floating battleships and so on.

It was also made with a large amount of steel as the main body.

generally speaking.

The armor of a monster soldier.

It weighed about 100 pounds.

The weapon weighed 10 pounds.

the ten-winged army and the lion king army had a total of two billion demon soldiers.

so,

Just the armor and weapons.

Jiang Li could collect about 110 million tons of steel materials.

Except for armor and weapons.

Floating battleships and other items.

it was another huge source of income.

it was definitely much heavier than armor and weapons.

“Your Majesty, Emperor Xia.”

Luo Qingming took a deep breath as he watched the soldiers of the great Xia Army clean up the battlefield and collect all kinds of resources. He walked to Jiang Li and bowed to him.

“What’s the matter?”

Jiang Li glanced at Luo Qingming.

congratulations to Your Majesty, Emperor Xia, for winning this war.

Luo Qingming said with a congratulatory tone.

“Yes.”

okay. Jiang Li nodded.

“When His Majesty the human Emperor of Mobei found out that the ten-winged dynasty was going to invade the great Xia Dynasty, he immediately sent the Mobei Royal Army over.”

“It’s just that I didn’t expect the great Xia Dynasty to be so powerful,” Luo Qingming said. “His Majesty’s power is far beyond our expectations.”

“I’ve really made a wasted trip.”

“Hehe.”

thank you. Jiang Li smiled and said, “ go back and tell the human Emperor of Mobei that I’ve felt the friendship of the Mobei Empire. Thank you for your help.

“We’ll meet at the ‘Saint peace state court’ in a month.”

“Yes.”

luo qingming nodded.

“mobei royal army, hear my order. the army is returning to the capital.”

Mo Wuhe shouted.

“Yes.”

“Activate the marching formation!”

“.....”

“Rumble!”

After that.

The Mobei Royal Army began their return journey. The huge floating battleships were numerous, in the tens of thousands, as they left.

“The northern desert Empire.”

Jiang Li watched the Mobei Royal Army leave calmly. if I’m not mistaken, I’ve been through many battles since I was in Yongan city.

“But we’ve never received any reinforcements.”

“This is the first time.”

“and the other party is a human emperor that i have never met, even though their support is of no use.”

“interesting.”

okay. Jiang Li smiled.

Shua!

The Dominator panel opened.

Jiang Li opened the soul Tinder column and looked at the number of soul Tinders. The data made Jiang Li smile with joy.

“Hahahahaha!”

” haha. ” jiang li couldn’t help but laugh. ” what a great harvest. if the ten-winged dynasty came here a few more times, they’d be able to easily find the soul tinder to unlock the level six mech. ”

One had to know.

In this war ...

Jiang Li had destroyed an Army of Two billion demon soldiers, and the enemy was an elite army of the dynasty. The demon soldiers were extremely strong.

Other than that.

Jiang Li's 'beast exterminating Army' had been hunting beasts in the 'endless ocean' for more than two months and had collected a large number of soul Tinders.

[soul Tinder: 590 million level-one soul Tinders, 67 million level-two soul Tinders, 4 million level-three soul Tinders, 50000 level-four soul Tinders, one level-five Demon Soul Tinder fragment, 500 level-five soul Tinders, and 5 level-six soul Tinders]

Annihilate the ten-winged Army and The Lion king's army.

he did some rough calculations.

Jiang Li got a level-six soul Tinder and three hundred and fifty level-five soul Tinders. There were countless soul Tinders below level-five.

"Chief sovereign."

wms01 walked over.

"Yes."

okay. Jiang Li nodded and checked WMS01's evolution progress.

He had absorbed two rank 7 remnant souls, many rank 6 remnant souls, and a large number of remnant souls below rank 6.

WMS01's evolution progress had reached 50%.

In other words ...

A war of this level.

he only needed to experience it again.

WMS01 would be able to reach the eighth step.

“Not bad.”

yeah. Jiang Li nodded with satisfaction. they’ve evolved halfway. If MYL01 and SSTs01 were here, they could probably evolve to 100%.

“i’ll be able to reach the seventh step then.”

In reality.

The MYL01 and SSTs01 had been fighting in the endless ocean for more than 2 months, and had absorbed a large number of remnant souls of the sea beasts.

However ...

Those remnant souls were too low-level.

Fortunately ...

Quantity made up for quality.

Both MYL01 and SSTs01 had reached about 90% of their evolution progress, and were only 10% away from reaching the initial-stage of Type 7.

this way ...

As long as they were promoted, Jiang Li would have two more tier-seven warriors under him.

Chapter 538 fusion

Early in the morning.

Jiang Li led ‘dynasty mechanical Army No. 2’ back to the Marquis of Black Dragon’s army base No. 023.

“Teleport!”

Wuwuwuwuwu!

Through the ‘teleportation station’ in base 023, the mechanical Army was teleported back to base 01.

The meches all entered the mech factory in the base.

After a rough calculation.

The ‘dynasty No. 2 mechanical Army’, which was originally made up of more than 4.45 billion meches, was now left with about four billion.

In other words ...

Although the ‘dynasty No. 2 mechanical Army’ had destroyed the ‘ten-winged Army’ and ‘Lion King Army’ of the ten-winged dynasty, they had also lost close to 500 million meches.

The losses weren’t great.

Within the room in the ruler's hub.

“QX01, contact MYL01 and SSTs01 immediately.”

go! Jiang Li ordered.

“Yes.”

QX01 nodded.

shua!

the holographic communication skill was activated.

the communication was connected.

The holographic projection was displayed in front of Jiang Li.

“My Lord!”

In the holographic screen.

MYL01 and SSTs01 saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded and asked, ” how's the situation? ”

“reporting to you, chief sovereign.”

MYL01 reported to Jiang Li, ” “SSTs01 and I are currently in the territory of the ‘sea Empire’. After some investigation, we obtained some information,”

“Speak,” he said.

Jiang Li said.

“This ‘ocean Empire’ is called the ‘ocean Empire’.”

MYL01 continued to report, “the territory is vast. In the surrounding Sea area, it belongs to the Overlord dynasty force. Many ‘sea dynasties’ in this Sea area have to pay tribute to the ‘Poseidon dynasty’.

“He is indeed very strong.”

“The ocean Empire.”

I’m not sure. Jiang Li pondered. continue investigating and send more ‘super Intel troops’. Find out the power of this ‘Poseidon dynasty’ as soon as possible.

“Yes.”

“Yes, sir.”

both myl01 and ssts01 nodded at the same time.

Obviously.

jiang li couldn’t open up a new territory in ‘saint peace state’, so he set his sights on the endless ocean.

Shua!

The Dominator panel opened.

Jiang Li opened the soul Tinder.

fuse all the stage-one soul Tinders with one key.

buzzzzzz!

immediately.

fuse. Jiang Li activated the soul Tinder fusion function and fused all 590 million level-one soul Tinders. The fusion interface appeared, flashing.

In the blink of an eye.

The fusion was complete.

A notification appeared.

He had obtained a total of 19.67 million stage-two soul Tinders.

“Continue.”

Shua!

fuse the level-two soul Tinder. Jiang Li said.

...

Buzzzzzz!

The light of fusion flickered.

in the blink of an eye.

86,670,000 stage-two soul Tinders had been fused, and a total of 1444500 stage-three soul Tinders had been obtained.

“Continue.”

buzzzzzz!

Jiang Li controlled the Dominator panel and merged all the level-three soul Tinders.

The light flickered.

5,44,500 stage-three soul Tinders were fused, and a total of 60500 stage-four soul Tinders were obtained.

fuse the fourth-rank soul Tinder.

Jiang Li continued to control the Dominator panel.

...

Very quickly.

110,500 fourth-tier soul Tinders were fused.

He had obtained 1105 level-five soul Tinders.

With 1,105 soul Tinders and the 500 he already had, Jiang Li now had 1605 level-five soul Tinders.

fuse the fifth-rank soul Tinder.

Shua!

The fusion interface popped up.

Jiang Li started to fuse 1600 level-five soul Tinders. Ten level-five soul Tinders could be fused once, so he fused 160 times in total.

the success rate was one in ten.

In the end.

Jiang Li got sixteen level-six soul Tinders!

Shua!

Jiang Li opened the soul Tinder.

soul Tinder: one level-five soul Tinder fragment, five level-five soul Tinders, 21 level-six soul Tinders.

there are already twenty-one sixth-level soul Tinders.

that's enough. Jiang Li nodded in satisfaction. it's enough to unlock the 'level six mechanical Army', but I don't have enough energy points.

One had to know.

In order to unlock the 'Level 6 mechanical Army arms', not only would he need nine Level 6 soul Tinders, but he would also need one hundred trillion energy points.

now.

Jiang Li only had about twenty trillion energy points.

it was not enough.

Last time.

Jiang Li had used up more than three hundred trillion energy points to build 'dynasty No. 2 mechanical Army'. He had basically used up all the energy points he had.

I need to find a way to get more energy points.

"unlocking the 'level six mechanical army' requires energy points. once the unlocking is successful, a large amount of energy points will be needed to build the level six mechanical army. "

In the morning.

Azure Dragon Palace.

"let's go. " jiang li called hong tianqi, xu ya, and the others to the hall.

"your majesty."

Hong Tianqi, Xu Ya, and the others bowed.

"Yes."

yes. Jiang Li nodded and said, " Hong Tianqi, Xu Ya, lead a 'human array master team' to The Endless Forest.

"clean up all the demon corpses in the endless forest."

“Yes.”

“Yes, sir.”

hong tianqi and xu ya didn't ask much, but answered softly.

“Go on.”

” go. ” jiang li waved his hand.

Currently.

The ‘puppet army’ controlled by Jiang Li’s four soul realm controllers had reached its limit. They couldn’t add more puppet Warriors.

so,

the two billion demon corpses could not be refined into puppet warriors. if they were not dealt with and were piled up in the endless forest, the corpses would rot and gradually stink, easily triggering plagues.

at the same time.

the corpses of these demons could be refined into ‘blood refining pills’ with the ‘blood refining formation’. they could be distributed to the great xia soldiers and increase their strength.

Two birds with one stone.

Other than that.

The corpses of Hawking, Zhang Ling, and the other rank 6 vice marshals and generals had already been turned into rank 6 puppet Warriors by the four soul realm controllers.

now.

The number of Type 6 puppet Warriors under the control of the 4 soul realm controllers had increased from 30 to 35, with an additional 5.

In addition, there were two seventh-rank demon corpses.

The corpses of Sha Luo Jin and Shi mo.

Jiang Li had already sent the two bodies to the Research Center in the base of the No. 01 Army, along with the body of the demon God.

There were a total of three rank seven corpses.

they were all placed in the research center for the research soldiers to conduct research.

Maybe he could gain something.

Time passed.

A day later.

buzzzzzz! buzzzzzz!

In the air above the imperial capital of the Grand Xia.

In the base of the 01 division.

In the open space.

Jiang Li was cultivating the martial arts of the nation.

A thick green mist of light surrounded his body.

Roar! Roar!

From time to time, a Dragon's Roar could be heard.

“chief sovereign.”

At this moment.

QX01 arrived.

“What is it?”

Jiang Li stopped cultivating.

“There's a situation report from the 36th Army base where Marquis Feng Ji is.”

QX01 said.

“Speak,” he said.

Jiang Li said.

“Yes.”

QX01 nodded and reported to Jiang Li, ” “The soul martial Empire's Army has already arrived at the border of Marquis Fengji and is watching like a tiger watching its prey.”

“The soul martial Empire.”

what? ” Jiang Li frowned and said, ” you’ve already reacted so quickly.

“What do you mean? do you want to start a war?”

“Contact Yue Fengji.”

Jiang Li said.

“Yes.”

qx01 nodded.

A minute later.

Shua!

qx01 activated its ‘holographic communication’ skill.

In the base of the 36th Division.

he sent out a super intel soldier to find yue fengji.

The communication was connected.

The holographic projection screen appeared.

“chenyue fengji pays his respects to your majesty.”

In the image.

Yue Fengji kowtowed to Jiang Li and said in a respectful tone.

“Yes.”

Jiang Li nodded and asked, ” “I already know that the soul martial Empire’s Army has entered Marquis Fengji’s border. How many soldiers did the soul martial Empire send? What’s his attitude?”

“Your Majesty.”

“This time, the soul martial Empire only sent out a ‘soul martial puppet army’ made up of one billion puppet Warriors,” Yue Fengji immediately replied.

they only sent the puppet army.

” you’re confident, ” jiang li sneered. ” you’re confident. ”

“Your Majesty.”

the soul martial Empire is extremely powerful, ” Yue Fengji said. we can’t underestimate them. Also, the one leading this soul martial puppet army is the soul martial Empire’s third Prince, Qin Meng.

“This ‘Qin Meng’ is a rank 7 ‘human puppet Grandmaster’. His strength is terrifying. There must be rank 7 puppet Warriors under his command.”

“Qin Meng.”

a level Seven ‘human puppet master’. Jiang Li frowned.

“Yes, I am.”

Yue Fengji nodded. Qin Meng is currently at Marquis Fengji’s capital. He wishes to meet with you, Your Majesty. From Qin Meng’s attitude, the soul martial Empire doesn’t seem to have any intention of starting a war with us.

“.....”

Jiang Li thought for a while and said, ” “alright, tell qin meng that i’ll meet him this afternoon.”

“Yes, sir.”

Yue Fengji nodded.

Shua!

The communication was disconnected.

The projection disappeared.

“Chief sovereign.”

at this moment.

“The Research Center’s ‘Tier 5 gene strengthening fluid’ has been completed,” Hidden Dragon reported.

“Alright,” he said.

Jiang Li smiled. it’s been more than three months since the level 5 gene strengthening drug was invented. A hundred days have passed.

“Hidden Dragon, immediately create the ‘tier-5 gene strengthening liquid’.”

go! Jiang Li ordered.

“Yes.”

yes. Hidden Dragon replied, ” consume 10 billion energy points and start to produce a ‘rank-5 gene strengthening liquid’.

Shua!

On the fifth floor of the Research Center.

the screen was projected in front of jiang li.

The research soldiers began to produce the ‘rank-5 gene strengthening liquid’. The various indicator lights in the research equipment Center flashed, making it look quite sci-fi.

Ten seconds later.

the production was completed.

The research soldier immediately placed the finished product on the finished product rack.

“take it out,”

Jiang Li said.

buzzzzzz!

There were spatial fluctuations.

The ‘Tier 5 gene strengthening liquid’ on the shelf disappeared and was teleported to the room in the control hub. It floated in front of Jiang Li and a small, pure purple syringe came into his sight.

Inside the syringe was a shimmering purple strengthening drug, just like the stars in the sky.

it was filled with a sense of dreamlike.

Shua!

[research product: Tier 5 gene strengthening fluid]

[rank: rank five]

[effect: enhance life rank]

[usage: intravenous injection]

[origin: army base 01-the fifth floor of the scientific research Center]

His basic information appeared.

the effect of the Tier 5 gene strengthening liquid is no longer just strengthening genes. Instead, it strengthens one's life rank, and the effect is even more powerful.

Jiang Li thought.

Chapter 539 Determination

Jiang Li immediately called the soldier over and asked him to inject himself with the 'rank five gene strengthening liquid'.

the needle, as thin as a strand of hair, was inserted into the vein on his arm.

After that.

Slowly, he injected the strengthening drug.

With a slight chill, the strengthening drug was injected.

Lord, the injection is complete.

The scientific researcher said.

“Yes.”

yes. Jiang Li nodded. that’s all. You can go back.

“Yes.”

The research soldier left the room in the ruler’s hub and returned to the Research Center.

Buzzzzzz! Buzzzzzz!

jiang li closed his eyes. he could clearly feel that the cold strengthening liquid was flowing through his blood and spreading throughout his body.

basically.

The injection of the strengthening drug did not cause any pain.

However ...

The coolness was stronger than the previous four injections. The effects of the medicine this time were clearly far stronger than the previous four.

“Si si si ...”

Jiang Li took a deep breath and exhaled. The air he exhaled turned into ice and he felt like his blood was frozen.

Fortunately ...

the chill gradually receded.

Half an hour later.

The chill had completely disappeared.

BOOM!

The next moment.

Jiang Li's body shook.

The medicinal effect of the Tier 5 gene strengthening liquid began to show its effect.

“Roar!”

In his dantian.

The Azure Dragon roared and released the vast power of the Empire, washing Jiang Li's body and true spirit.

Buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

Unknowingly.

Azure Dragon technique. Jiang Li started to use the Azure Dragon technique.

In the surroundings.

A vast amount of spiritual Qi gathered and was injected into Jiang Li's body. The strengthening liquid started to transform and strengthen the deepest part of his genes.

Time passed.

The modification and strengthening in the deepest part of his genes were gradually completed.

After that.

His external performance.

It was that Jiang Li's true spirit was getting more and more refined. A lot of impurities were removed and it became crystal clear, as if it was made of the purest cyan gem.

Other than that.

The biggest change was when the 'true spirit' sat on the 'Grade 12 blue lotus'.

It had already changed from twelfth grade to sixteenth grade.

Four more petals grew out.

Buzzzzzz! Buzzzzzz! "Whoosh!!!"

at the same time.

An even purer force of true spirit swept through his body.

It was obvious.

jiang li clearly felt that his strength had more than doubled. although he was only at the late-stage of level six, he didn't need to rely on any external means.

In terms of pure combat strength, he had already reached the limits of the sixth step.

Of course.

These benefits were only on the surface.

After the gene had been strengthened.

...

Jiang Li's talent had improved.

He had already touched the threshold of the perfected Tier 6.

He could break through at any time.

"Very good," he said.

Jiang Li clenched his fists and nodded in satisfaction.

another hour passed.

okay. Jiang Li got used to his improved strength. He took WMS01 and teleported to the base of the No. 036 Army through the teleportation room.

Then, he walked out of the base.

“Your Majesty.”

Outside the base.

Yue Fengji, Yue Lin, and Zhu Wuhua had been waiting for a long time.

...

“Yes.”

Jiang Li looked at them and said, ” “Lead the way to see the third Prince.”

“yes.”

Yue Fengji and the others nodded.

On the other side.

Ten-winged dynasty.

Floating continent-ten-wing continent.

In the middle.

Ten-winged imperial capital.

The Demon King Palace.

Within the palace.

The demon ministers of the ten-winged dynasty gathered.

The demon Marquises and Kings.

Civil and military officials.

“We pay our respects to Your Majesty, demon Emperor.”

The ministers all kowtowed.

His tone was extremely respectful.

However ...

Ten-winged demon Emperor remained silent. He only looked at the demon ministers present, causing the atmosphere in the demon Emperor Palace to become extremely oppressive.

The ministers lowered their heads.

His forehead was covered in cold sweat.

“Do you know?”

“The ten-winged Army and The Lion King Army were completely annihilated in the ‘great Xia Dynasty’. A total of two billion demon soldiers were killed,” ten-winged demon Emperor said in a deep voice.

“what?”

“Then what about Sha Luo Jin and general Shi mo?”

“Don’t tell me it’s du Qianqian?”

the demon ministers were all shocked.

“They’re all dead,”

Ten-winged demon Emperor clenched his fist.

“Whoosh!!!”

A terrifying aura was released.

Within the palace.

The demon ministers felt as if there was a mountain on their backs.

He couldn’t breathe.

“Your Majesty, from the beginning to the end, we have lost a total of three empires” armies in the great Xia Dynasty. We have lost a total of three billion demon soldiers.”

The Prince of ten-winged dynasty, Yi Yimo, said in a deep voice, “Every time, we’ve underestimated the strength of the great Xia Dynasty, which led to such a tragedy.”

“Your Majesty, demon Emperor.”

“It must be because the Mobei Empire sent the Mobei Royal Army to support the great Xia Empire,” a demon official said.

“The northern desert Empire!”

“how dare they!”

“Damn it!”

the reinforcements from the Mobei Empire must have arrived. That's why the ten-winged Army and The Lion King Army were completely annihilated. Otherwise, how could the great Xia Empire be a match for Sha luojin and the others? ”

“I really miscalculated.”

“I didn't expect the Mobei Empire's support to be so fast.”

The demon officials shouted.

“be quiet.”

Ten-winged demon Emperor stood up and looked down at the demon ministers in the hall. He then shouted in a deep voice, ” “Originally, I was planning to invade the Soaring Dragon barbarian dynasty.”

“however, the grand xia empire has been experiencing many unexpected situations.”

a total of three billion demon soldiers were destroyed and the three-bit commander fell in the great Xia Dynasty. We must take revenge for this blood feud. We can't let the three billion demon soldiers and the three-bit commander die in vain.

“Pass down my orders.”

Ten-winged demon Emperor ordered, ” immediately gather ten billion troops and form the ‘Xia destroying demon Army’. I'll personally lead the' Xia destroying demon Army 'to destroy the great Xia Dynasty and kill Jiang Li to avenge the three billion demon soldiers and special commander three. I'll use Emperor Xia Jiang Li's head to pay tribute to special commander three's soul in heaven.

“Yes.”

“We will do as you command.”

destroy the Xia Dynasty, kill Jiang Li, take revenge, and pay tribute to the dead!

the ministers all agreed.

Soon after.

The ministers left quickly and began to assemble the demon Army according to ten-winged demon Emperor's instructions.

“ten-winged demon emperor,”

At this moment.

The ‘chamber emissary’ appeared. He had a delicate face and was wearing a gray robe. He walked over and frowned, saying, ” “Are you sure you want to change your strategy?”

“The Soaring Dragon barbarian dynasty is the most important.”

“You suddenly led 10 billion demon soldiers to attack the ‘Grand Xia Dynasty’. This is not in line with the plan. If anything happens during the journey, it’s not something you can take responsibility for.”

“that’s enough,”

Ten-winged demon Emperor snorted coldly and shouted, ” “Don’t tell me you want gudang to do something without knowing? Three marshals and three billion demon soldiers all died in the great Xia Dynasty.”

“Don’t tell me you want me to not care?”

“There’s more,”

all of you think that the great Xia Dynasty is just a newly-established dynasty and is not worth paying attention to. However, I have sent an Army to attack it twice in a row, but I have failed time and time again.

” this is enough to prove that the great xia dynasty is not as simple as it seems on the surface. its power and national strength have exceeded our expectations. ”

“If we don’t do anything about it, it’ll be a big problem.”

“You’re so silly!”

the gray-robed young man frowned and then sighed again.

“Forget it,”

The gray-robed young man shook his head and said, ” “What you said does make sense. How about this, I’ll go with you this time.”

“Oh.”

ten-winged demon emperor looked at the gray-robed young man, ” are you sure? ”

“Of course.”

The gray-robed young man nodded.

“Alright,” he said.

ten-winged demon emperor laughed. ” with your help, i’ll have a greater chance of taking down the great xia dynasty. even if there are reinforcements from other human dynasties, there’s nothing to be afraid of. ”

“That’s for sure,”

the gray-robed young man shrugged his shoulders and was very confident.

At this moment.

The northern desert Empire.

The Imperial Palace of the northern desert Empire.

Luo Qingming and Mo Wuhe led the Mobei Royal Army back to the capital and then headed to the Black Dragon Palace to take over the Mobei human Emperor.

Within the Black Dragon Palace.

“Your Majesty, I, Luo Qingming, am here.”

“Your subject, Wu He, pays his respects to Your Majesty.”

Luo Qingming and Mo Wuhe both knelt down in greeting.

“yes.”

Human Emperor Mo bei nodded slightly and asked, “How’s the situation with the reinforcements?”

Luo Qingming and Mo Wuhe looked at each other, and Luo Qingming laughed bitterly, “Your Majesty, we have made a wasted trip.”

“i made a wasted trip.”

Human Emperor Mo bei frowned and said in a deep voice, “Are you guys late?”

“No.”

Luo Qingming shook his head. the great Xia Dynasty doesn't need our help at all. When we arrived, the ten-winged Army and The Lion King Army of the ten-winged dynasty had already been defeated by the great Xia Dynasty's Army.

“What's more terrifying is ...”

” emperor xia, jiang li, is controlling a pseudo-demon god at the perfected stage of the seventh-rank. his strength is terrifying. he has almost reached the limit of the seventh-rank. ”

ten-winged dynasty's ten-winged Army and Lion king's army have been completely annihilated.

“Sha Luo Jin and Shi mo were also killed by Emperor Xia.”

this time, it can be said that the ten-winged dynasty has suffered a double loss. They've suffered a great loss!

“.....”

Human Emperor Mo bei was stunned.

“There's actually such a thing.”

“Si si si ...”

“Is the power of the Grand Xia Empire that great?”

“Unbelievable.”

“isn't the great xia dynasty a newly-established human dynasty? How could there be such a terrifying Army? He actually annihilated three great demon armies of the ten-winged dynasty.”

“That’s really amazing!”

“We’ve all underestimated the Grand Xia Empire.”

within the palace.

The officials of the Mobei Empire gasped in surprise, their faces full of shock.

“hu ~~ hu ~ hu ~”

human emperor of mobei took a deep breath and recovered from his shock. he felt a little emotional. he didn’t expect the great xia dynasty to be so powerful.

“The power of the great Xia Dynasty is indeed beyond our expectations.”

“However, the war has only just begun. The three great demon armies have been annihilated, and the three great commanders have fallen. Ten-winged demon Emperor will not let this go,” human Emperor Mo bei said.

pass down my order. Pay close attention to the ten-winged dynasty’s every move. If there are any unusual movements in their Army, report to me immediately.

“The ten-winged demon Emperor will definitely take revenge on the great Xia Dynasty, and he might even lead the Army himself.”

“Yes.”

“Yes, sir.”

The officials of the Mobei Empire echoed in unison.

at this moment.

Marquis Fengji's city.

In the main hall.

Jiang Li met Qin Meng, the third Prince of the soul martial dynasty.

"The Xia Emperor."

Jiang Li. Qin Meng was handsome and tall. He had a perfect body with a golden ratio. He got up from his seat with a confident smile and greeted Jiang Li.

"Yes."

okay. Jiang Li nodded in response. Then he walked straight to the main seat in the center of the hall and sat down, looking at Qin Meng.

"Qin Meng."

I've heard that the soul martial dynasty's 'puppet Legion' is very powerful, " Jiang Li said. they're invincible in the central region of the Saint peace state.

"I would like to see it with my own eyes today."

Chapter 540

"your majesty, emperor xia."

"I'll get straight to the point. I've been ordered to come here for li Lehun's death," Qin Meng said.

His Majesty, the soul Emperor, has spoken. As long as you, Emperor Xia, are willing to compensate half of the Empire's fate, in addition to a medium spiritual crystal mine and ten small spiritual crystal mines, he will be willing to pay.

"Let's forget about this matter. The great Xia Empire and the soul martial Empire can establish a deep friendship."

"Otherwise, hehe hehe"

Qin Meng smiled and said with confidence, " " also, you're wrong. the soul martial empire's puppet army isn't just invincible in the central region of the saint peace state. "

"they even dominated the entire 'holy peace region'."

I don't think there's any Empire that can produce a puppet army that's comparable to the soul martial Empire.

Qin Meng chuckled again. if your Majesty wants to see it for yourself, I can fulfill your wish.

"Alright!"

Humph! Jiang Li snorted and his eyes were cold. then try it.

Compensate for the fate of the country? And a spiritual crystal mine?

You must be daydreaming!

"wms01."

go! Jiang Li waved his right hand and shouted. do it!

"Yes."

BOOM!

As soon as Jiang Li finished.

A huge explosion came from outside the hall.

Immediately after.

WMS01 charged into the hall from the outside. His nine-meter-tall body crashed into the hall, causing the door and walls to collapse.

“!!!”

Within the palace.

Yue Fengji, Yue Lin, Zhu Wuhua, and the others widened their eyes in shock as they looked at WMS01, who had rushed into the hall.

“You!”

Qin Meng’s pupils contracted.

Obviously.

He didn’t expect Jiang Li to do this.

“Whoosh!!!”

The demonic God’s power shook.

WMS01 unleashed its skill. Its huge palm-leaf fan-sized hand grabbed at Qin Meng. A purplish-black mist filled the air, containing a powerful force.

“!!!”

Qin Meng circulated his soul power, and a gray mist enveloped his entire body. Then, it condensed into a huge fist and blasted toward WMS01.

Bang!

An explosion sounded.

wms01's palm landed and shattered qin meng's attack.

“Ah!”

BOOM!

Qin Meng cried out in pain. The shockwave from WMS01's palm sent Qin Meng flying. Blood seeped out from the corner of his mouth as he crashed into a few stone pillars in the hall.

“a fake demon god!”

what? ” Qin Meng was shocked. He looked at WMS01 in shock, and it's a perfected-stage rank-seven pseudo-Demon God. I can't believe Jiang Li has such a powerful subordinate.

“Whoosh!!!”

WMS01 made his move again.

the skill 'demon god domain' was released.

It enveloped Qin Meng.

“Stop!”

Qin Meng was shocked.

One had to know.

Qin Meng was only a human puppeteer at the beginning of tier 7. Although he was not weak and had control of the puppet army, he was no match for WMS01 in a head-on battle.

He retreated step by step.

boom!

WMS01 waved his right hand and the mechanical watch on his right wrist turned into the demon God halberd. He swung the demon God halberd and then slashed it vertically at Qin Meng.

The halberd light streaked across the sky.

...

The space was shaking.

shua! Shua!

At this moment.

Qin Meng finally summoned the two Type 7 puppet Warriors. The two puppet Warriors charged into the hall and charged towards WMS01.

Bang! Bang!

The two Type 7 puppet Warriors blocked WMS01's attacks multiple times.

“boom!”

The aftermath of the battle swept out, and the ground collapsed. The entire Hall was shaking, and the walls of the hall could not withstand the aftermath of the battle and began to crack.

On the verge of collapse.

“the xia emperor.”

Qin Meng looked up, wiped the blood from the corner of his mouth, glared at Jiang Li, and yelled, ” I'm the third Prince of the soul martial Empire. If anything happens to me, the soul martial Empire's Army will definitely trample your great Xia Dynasty to the ground.

...

“You're provoking the soul martial Empire.”

“I've already said it.”

I want to see the soul martial Empire's puppet army with my own eyes. I want to see if you're as strong as the rumors say.

“And didn't you want to fulfill my wish?”

“Demon God domain.”

“Whoosh!!!”

WMS01 unleashed his skill once more. The demon God halberd was swung out, and a boundless halberd radiance swept toward the type 7 puppet warrior like a boundless wave.

“No!”

Qin Meng’s eyes widened in shock.

“Rumble!”

The sound of an explosion rang out.

The 2 Type 7 puppet Warriors were sent flying, their bodies covered in cracks. Finally, with a loud ‘boom’, they exploded.

One strike!

WMS01 had only used one attack!

Just like that, he had destroyed two of Qin Meng’s type 7 puppet Warriors.

After that.

the aftermath of the battle swept out.

Kachaa! Kachaa!

the ground shattered.

The walls of the hall exploded.

“Rumble!”

Immediately after.

The entire Hall collapsed.

It turned into ruins.

The aftermath spread and affected the entire Manor.

“Roar!”

A deafening Dragon’s Roar reverberated in all directions.

the 11,000-meter-long azure dragon appeared and rushed out of the ruins. jiang li stood on the head of the azure dragon. the huge dragon was like an ancient mountain range.

The enormous dragon head overlooked the entire Marquis Fengji’s capital.

“Bang!”

The ruins exploded.

Broken stones flew everywhere, and dust spread.

Qin Meng’s figure was like a ray of light as he soared into the sky. He quickly rushed out of the ruins. His eyes were filled with fear as he turned back to look at the Azure Dragon of great Xia in the sky and the ruins beneath his feet.

“The Xia Emperor.”

“You will pay for what you have done today!” Qin Meng roared.

After that.

Qin Meng turned around and ran.

Shua!

His figure turned into a ray of light.

he quickly ran out of marquis fengji's capital.

It was extremely fast.

BOOM!

WMS01 charged out from the ruins and leaped into the air. As fast as lightning, it turned into a purple-black ray of light and chased after Qin Meng.

“your majesty!”

Shua! Shua!

Immediately after.

Yue Fengji, Yue Lin, Zhu Wuhua, and the others also rushed out of the ruins. They stood not far away and bowed to Jiang Li.

They looked up at the Azure Dragon of the great Xia Dynasty in awe.

“Your Majesty.”

if you do this, won't you offend the soul martial Empire too much? ” Yue Fengji asked. if you only kill li Lehun, there's still room for redemption. But if you kill Qin Meng, then the relationship will be completely strained.

“At that time, I’m afraid we’ll directly start a war.”

do you think that the soul martial Empire will pretend that nothing has happened if I don’t do this? ”

the soul martial dynasty sent a billion soul martial puppets here, ” Jiang Li said coldly. they’re showing me their power.

if I were to show even the slightest bit of fear, then what awaits me would be the endless exploitation and oppression of the soul martial Empire. Do they really think that they sent the Army here just for show? ”

“This bi an ...”

Yue Fengji and the others muttered to themselves.

“Your Majesty is right, and your Majesty is far-sighted, we are ashamed of our inferiority.”

Yue Lin and the others immediately flattered.

“But,”

Tan wengui changed his tone and reminded him, ” what should we do when the soul martial Empire really sends their Army to invade? ”

“What are you afraid of?”

we’ll deal with them as they come! Zhu Wuhua shouted. if the soul martial Empire dares to send their Army to invade, we’ll make sure they can’t return!

in reality.

jiang li did this after careful consideration.

First of all ...

Jiang Li knew it clearly.

The ten great demon empires were preparing to start a war that would engulf the entire Saint peace state. The soul martial Empire naturally couldn't stay out of it and had to face the demon empires in the central region of Saint peace state.

One had to know.

The 'Wutian demon dynasty' of the demon clan in the central region of the Saint peace state was ranked first in the 'Hidden Dragon ranking'. It had a prosperous National fortune and was extremely powerful.

If the Wutian demon dynasty were to start a war, the soul martial Empire would not have the time or the mind to worry about the great Xia Dynasty. They would have to focus on dealing with the invasion of the Wutian demon dynasty.

“Rumble!”

WMS01 caught up to Qin Meng, and the battle began. WMS01 used his demon domain to suppress Qin Meng and launched a series of attacks.

It crushed over.

“Ah!”

Pfft!

Qin Meng let out a blood-curdling screech as he spat out a mouthful of blood. He had only managed to block WMS01's attacks several times before he was jolted to the point of spitting out blood. His injuries were getting more and more serious, and he was no match for WMS01.

Finally.

WMS01 severely injured Qin Meng with a single palm strike.

From the beginning to the end of the battle.

a few minutes later.

Qin Meng had lost.

“Your Majesty.”

Shua!

WMS01 grabbed the heavily injured Qin Meng and walked back to Jiang Li. He threw the injured Qin Meng in front of Jiang Li and said, “ we’ve captured the enemy. Please deal with him.

“Yes.”

Jiang Li nodded and looked down at Qin Meng. Qin Meng, do you want to live? Tell me the information about the guhun martial Empire, and I can consider sparing your life.”

“Hahahahaha!”

However, Qin Meng laughed out loud, his face twisted and he scolded, ” Jiang Li, you’re dreaming if you want me to betray His Majesty. Don’t even think about getting any information from me.

His Majesty should have sent an Army to destroy the great Xia Dynasty. I hate those conservative B * stars. If it weren’t for them, His Majesty wouldn’t have sent people to negotiate.

Jiang Li, I'll be waiting for you in hell.

"you'll die without a burial when the soul martial empire's army approaches!" qin meng roared.

"You're too noisy!"

"Pfft!"

Blood splattered everywhere.

Jiang Li waved his right hand and the Dominator Dragon divine weapon turned into a Black Dragon-headed saber. He then swung the saber and cut off Qin Meng's head.

he was beheaded.

he had killed qin meng.

"The true Taowu was really killed."

Yue Fengji swallowed his saliva.

the soul martial Empire will definitely be furious with Qin Meng's death.

Yue Lin said.

I'm afraid it won't be long before the soul martial Empire's Army arrives. At that time, a Dynasty War will be inevitable. I wonder how many people will die.

Tan wengui sighed.

"Whoosh!!!"

At this moment.

Qin Meng's body emitted a rich seven-colored radiance. The radiance was like a rainbow as it gradually condensed into a seven-colored light spot.

“This is a Kasaya.”

Jiang Li looked at it.

Shua!

The seven-colored light flew to Jiang Li, merged into his body, and disappeared.

[acquired a tier 7 soul Tinder!]

at this moment.

A notification appeared.

seventh-rank soul Tinder!

a level-seven soul Tinder? ” Jiang Li was surprised. this is the first time I've had a level-seven soul Tinder.

the soul Fire seed of a seventh-rank pseudo-Demon God is a special soul Fire seed.

“Alright, alright, alright.”

Jiang Li was overjoyed.

It could be said that ...

Kill Qin Meng and get a level-seven soul Tinder.

It was indeed an unexpected surprise.

He had not expected this.

with this Level Seven soul Tinder, I can make a perfected Level Seven mech.

Jiang Li thought.

Half an hour later.

Jiang Li confirmed the location of the 'soul martial puppet army' through the Super Intel soldiers. Then, he teleported the 'dynasty No. 2 mechanical Army' from the base of Army 01 to the base of Army 036 through the teleportation room and arrived at Marquis Feng Ji.
