

## Army 551

### Chapter 551

Behind the sea of magic.

Jiang Li's figure appeared clearly. He was holding the Black Dragon-scaled longsword that was transformed from the Dominator Dragon divine weapon in his right hand. He pierced through the heart of the demonic power sea.

the power of destruction and destructive power of the dominator dragon divine weapon, as well as the power of true spirit and the power of the nation's fate that jiang li controlled, poured into the body of the demonic ocean through the dragon scale sword. they were killing the demonic ocean.

“No!”

The demonic power sea let out a sorrowful roar, feeling the fear of death.

Obviously.

After killing Ladis, MYL01 pulled away hai shaohuang's hatred and killing intent. WMS01 and SSTs01 then attacked one after another, attracting most of hai shaohuang's attention.

hence.

Jiang Li took advantage of the chaos and sneaked behind the sea of magic power. He seized the opportunity and gave the sea of magic a fatal blow.

“Pfft!”

Jiang Li's right hand shook. The Dragon scale sword made a sound and tore the Heart of the Sea of demon power.

His life force was completely extinguished!

“Damn it!”

Jiang Li! hai shaohuang roared. His eyes were bloodshot and he charged at Jiang Li.

Shua! Shua! Shua!

The next moment.

WMS01, MYL01, and SSTs01, who had fully recovered, appeared in front of hai shaohuang and blocked his path.

“The blade of judgment!”

“Mo Ling’s high energy particle beam cannon!”

Demon God’s eye light!!!

BOOM! BOOM! BOOM!

The three level Seven meches used their strongest moves at the same time. The bright sword light, the black light, and the purple-black eye light attacked hai shaohuang from three different directions.

“Ah!”

Hai shaohuang roared, ” you’re all looking for death!!!

“The sea Emperor’s blade!”

“sky splitting slash!”

BOOM!

hai shaohuang let out a long roar and displayed his strongest move. the power of the empire’s fate was also integrated into it, and a boundless sky-splitting sword light was condensed.

He charged forward.

Bang! Bang!

The blade of judgment and the demon spirit’s high-energy particle beam cannon exploded almost at the same time. Facing hai shaohuang’s full-powered attack that was fused with a tier 7 army formation, they could not hold on for long.

“Rumble!”

Finally.

The demon God’s eye light collided with the sky-splitting sword light, but it was also torn apart. The remaining power of the sword light hit the three level Seven meches.

Bang Bang Bang Bang!

WMS01, MYL01, and SSTs01 were sent flying. Because WMS01 was able to withstand most of the power, MYL01 and SSTs01 were not instantly killed.

However ...

Their damage levels had reached a level of 70 to 80 percent.

The three level Seven meches fell into the sea.

“repair!”

Jiang Li’s pupils constricted. He immediately used energy points to repair the three level Seven meches.

“Ah!”

pfft! pfft! pfft!

On the battlefield.

Hai shaohuang continuously released the power of the stage 7 army formation. The stage 7 army formation absorbed a large amount of the demon soldiers ‘power, causing a large number of demon soldiers to scream in pain as they fell.

His life force had been sucked dry.

“The consumption of a Grade 7 army formation is too great.”

The Vice marshals of the sea Emperor Legion were pale. They were also part of the formation. When the tier 7 formation was activated, their energy would also be extracted.

One had to know.

Grade 7 army formation.

It required ten billion demon dweller soldiers as a base. Previously, after the Great War, the number of soldiers in the sea Emperor Army was already less than ten billion.

The grade 7 army formation-Sea Emperor Nine Dragons formation was also barely set up successfully.

“Now it’s your turn.”

...

Hai shaohuang stared at Jiang Li with murderous intent.

“Nuclear explosion!”

BOOM! BOOM! boom!

At this moment.

The ten mechanically-controlled nuclear-powered air-transforming soldiers didn’t need to fight the level 6 Battle Beasts anymore, so they were free and were sent to help Jiang Li.

In that instant.

Ten ‘red nuclear explosion balls’ that were a thousand meters long were like ten miniature Suns, all of them blasting towards hai shaohuang.

“Small tricks.”

Bang!

Hai shaohuang only slashed with his sword, and the vast sword radiance seemed to split the heavens and earth in half, easily blocking the 10 ‘red nuclear explosion balls’.

“Rumble!”

...

The 10 mechanical and controllable nuclear fission air-transforming soldiers were also sent flying by the aftermath of the explosion.

“Devil Lotus sword spell!”

Clang!

Hai qingyao released his ultimate move, but he only had five main black swords left. The power of this move was reduced, and he could only condense the ninth-grade demonic sword Lotus.

The giant demonic sword lotus rose up and covered Jiang Li.

“Slash!”

Jiang Li waved his right hand. The Dragon-headed saber that was the divine weapon of the Dominator fell and collided with the ninth-grade demonic sword Lotus, creating a huge explosion.

“Rumble!”

The explosion was deafening.

“Die!”

Jiang Li! hai shaohuang charged at Jiang Li with his long sword.

It evolved into a Dragon-shaped Saber Light.

It was a critical moment.

Bang!

In the sea below.

MYL01, SSTs01, and WMS01 had recovered from their losses. They charged out of the water and charged at hai shaohuang.

“the blade of judgment!”

“Mo Ling’s high energy particle beam cannon!”

Demon God’s eye light!!!

BOOM! BOOM! BOOM!

It was the same three killer moves.

It came from behind hai shaohuang.

if hai shaohuang didn’t care and continued to attack jiang li, the three attacks would definitely land on him. hai shaohuang would be severely injured or even killed.

how can you still be alive?!

Hai shaohuang’s eyes widened in disbelief, ” and his injuries have completely recovered. Did he take some healing medicine? ”

“Sky splitting slash!”

BOOM!

Hai shaohuang bellowed and turned around to strike with all his might. The sky-splitting blade radiance appeared and almost split the sky in half as it slashed out.

Bang Bang Bang Bang!

“BOOM!”

WMS01’s killing move was once again destroyed. He was once again sent flying by the aftershock of the sky-splitting blade light and fell into the sea.

Buzzzzzz!

Jiang Li immediately used his energy points to recover WMS01’s damage and energy.

“ah!”

Pfff!

Hai Qingqi screamed.

the ninth-grade demonic sword lotus exploded and jiang li’s dragon-headed saber was also knocked away. the blast of the explosion sent hai qingxuan flying far away, spitting out blood.

Pfft!

Blood came out of Jiang Li’s mouth. He was also injured by the blast wave. He retreated a long distance and finally stabilized himself after dissolving the power of the blast wave.

“This Marshal will see who else can save you now!”

Hai shaohuang’s eyes were bloodshot as he stared at Jiang Li. He was surrounded by Energy Mist and charged at Jiang Li with his sword.

“Hehe.”

Hmph! Jiang Li sneered. your level-seven battle formation is finished!

Kachaa! Kachaa!

Suddenly.

a cracking sound came from hai shaohuang’s body.

roar! “roar!”

Immediately after.

A series of sorrowful Dragon roars were emitted.

“!!!”

Hai shaohuang stopped in his tracks and his face stiffened.

“Roar!”

The next moment.

the nine-dragon armor on hai shaohuang’s body that was formed from the grade 7 army formation-neptune nine dragons formation broke open, and a ten-million-meter long nine-headed dragon appeared.

Countless cracks had appeared on the Dragon’s body.

Collapse!

the nine dragons were collapsing!

“impossible!”

Hai shaohuang shrieked, his eyes wide open.

“Do you know what it means to pull the firewood from the bottom of the cauldron?”

you’re right. Jiang Li sneered. take a good look at the battlefield down there.

nuclear explosion!!!

boom! BOOM!

On the battlefield where the two armies were facing each other.

ten perfected-stage type 6 controlled nuclear fission air-transforming soldiers, with the cooperation of thirty-five type 6 puppet warriors, at the cost of ten type 6 puppet warriors being destroyed, used the power of a ‘nuclear explosion’ to kill five vice marshals of the sea emperor army.

One had to know.

There were only twenty demon deputy marshals of the sixth step.

now.

Five had fallen.

In addition, more and more demon soldiers and generals were dying, causing the already difficult to maintain ‘Grade 7 army formation-the sea Emperor Nine Dragons formation’ to be on the verge of collapse.

” marshal!!! ”

The Vice-marshals of the Poseidon Army were surrounded by ten controlled mechanical nuclear fission air-transforming soldiers, twenty-five puppet Warriors, and four soul realm controllers.

if it wasn't for the grade 7 formation suppressing the explosion, it wouldn't have only killed five grade 6 deputy marshals.

“No!”

Hai shaohuang's eyes were wide open. He could clearly feel the power of the grade 7 army formation draining away. The 'Grade 7 army formation-Sea Emperor Nine Dragons formation' was gradually collapsing.

“How did this happen?”

Hai Qingqi was completely dumbfounded. He staggered back, and his face was as pale as a sheet of paper.

I will kill you before the Army collapses!

Hai shaohuang stared at Jiang Li and used the remaining power of the level 7 formation. He became one with his blade and charged at Jiang Li.

“go!”

Shua!

Jiang Li waved his right hand. The peak-stage level-six Overlord Dragon divine weapon turned into a huge black Shield in front of Jiang Li, but it was cut in half by hai shaohuang.

Jiang Li was retreating quickly to put some distance between him and hai shaohuang.

“Die!”

Hai shaohuang chased at full speed.

“Ah!”

“BOOM!”

‘Grade 7 army formation-Sea Emperor Nine Dragons formation’.

Finally, he couldn’t hold on any longer.

A complete explosion.

the nine-headed dragon that was as huge as a planet shattered and exploded. the boundless military killing aura dispersed, and the backlash from the tier 7 army formation was applied to the many demon soldiers and generals.

“No!”

Pfft!

hai shaohuang screamed and vomited blood. his face turned as pale as a sheet. he staggered backward and his steps were unsteady. the qi and blood in his body were in turmoil.

They suffered the backlash of the Army formation.

He had suffered serious internal injuries.

Hai shaohuang immediately took out an elixir and swallowed it. He circulated his demonic power to refine the elixir and suppress his injuries.

“Kill!”

” attack!!! ”

all troops, charge!!!

The grade 7 army formation was broken.

Without the suppression of the battle formation, Jiang Li’s meches regained their combat power and immediately launched a counterattack. They bombarded the enemy with cannonballs and missiles.

“Nuclear explosion!”

BOOM! BOOM!

The 10 mechanically-controlled nuclear fission air-transforming soldiers released ‘nuclear explosion light balls’ one after another, and the terrifying nuclear power killed a large number of demon soldiers.

many Grade 6 Deputy generals were killed.

“Kill!”

Hai shaohuang’s eyes were bloodshot. He stared at Jiang Li and yelled, ” “Even without the tier 7 military formation, this Marshal’s perfected tier 7 cultivation is enough to kill you!”

“Is that so?”

Jiang Li smiled.

shua! Shua! shua!

as soon as he finished speaking.

WMS01, MYL01, and SSTs01, who had been fully restored, rushed out of the water and stood next to Jiang Li.

Buzzzzzz! Buzzzzzz!

A powerful energy fluctuation was released.

“He ran, they ran”

Hai shaohuang’s eyes widened, his pupils contracted, and he was dumbfounded. His expression was stiff and he had a look of disbelief on his face. healed and recovered again? how is this possible? ”

they were clearly severely injured by me and were on the verge of death. How could they have completely recovered in such a short time!

“Kill him!”

you’re right, ” Jiang Li said coldly.

## Chapter 552 Solution

As soon as Jiang Li gave the order, MYL01 and SSTs01 attacked hai shaohuang first.

The two of them were like two streams of light, black and white, attacking from the left and right.

“whoosh!”

MYL01 released the Nirvana blade, and the demonic spirit energy that contained the power of Nirvana condensed into a huge blade light.

At the same time.

ssts01 swung its sword, and the holy power transformed from mechanical holy energy gathered together, turning into a bright sword light that swept through the void.

The blade and the sword combined.

It strangled over.

” commander, I will help you!

BOOM!

clang!

Countless sword hums rang out.

“devil lotus sword spell!”

hai qingyao flew across the sky. with the five black swords as the main body, he split into countless sword lights, which then formed an extremely huge ninth-grade demonic sword lotus.

“Kill!”

Bang! Bang!

The ninth stage demonic sword Lotus was as huge as a small planet. It crashed into the sky and blocked the attacks of both MYL01 and SSTs01.

BOOM! BOOM! BOOM!

The next moment.

MYL01 and SSTs01 attacked together, releasing their skills one after another. They were in a stalemate with hai qingyao.

In a situation where hai Qingyi was fighting one against two, she even had the upper hand.

Obviously.

Hai Qingyun was, after all, at the late stage of the seventh rank. Although he was injured, he had lost four of his nine main black swords, leaving only five. His strength had dropped drastically.

but ...

Both MYL01 and SSTs01 were only at the initial stage of the seventh rank.

“Demon God domain!”

Wuwuwuwuwu!

WMS01 wielded the demon God halberd with both hands, and a vast Demon God domain spread out, covering half of the battlefield and forming a suppression.

Shua!

The halberd radiance streaked across the sky and headed straight for hai shaohuang.

kill!!!

Hai shaohuang shouted as he held his sword with both hands. He stared at WMS01 and scolded, "I don't believe that all of you have really recovered.

"it's impossible for him to recover so quickly from such a serious injury."

"Ocean Emperor light wave slash!"

boom!

A vast sword radiance slashed across the sky and collided with WMS01's halberd radiance. The two of them collided head-on, and the energy exploded as a loud boom resounded.

Bang Bang Bang Bang!

WMS01 continued to attack at an extremely fast speed. One move after another, he attacked hai shaohuang continuously, and the halberd light enveloped the entire area.

hai shaohuang was forced to retreat again and again. he was gradually losing ground against wms01's ferocious attacks. the repeated collisions caused hai shaohuang's injuries to relapse.

"Pfft!"

"ah!"

Hai shaohuang screamed in pain and spat out blood as he retreated.

"You, you, you, you, you, you, you ..."

hai shaohuang's eyes were wide open as he stared at wms01 in shock. "how did you recover from all your injuries?"

even if he had taken some healing medicine, it's impossible for him to recover so well in such a short time!

“Rumble!”

On the battlefield of chaotic Bay.

There were countless missiles and shells exploding.

It enveloped the sea Emperor Army.

One by one, the Poseidon-class cruisers were destroyed by the missiles and cannonballs, sinking into the sea. A large number of demon soldiers were killed.

“Nuclear explosion!”

BOOM! boom! BOOM!

Ten mechanically-controlled nuclear fission air-transforming soldiers activated the power of nuclear fission and released extremely powerful and destructive nuclear explosions time and time again.

...

Every nuclear explosion was like the birth of a small sun.

A terrifying mushroom cloud shot up into the sky.

the seawater was blasted into the sky.

“ah!”

Countless demon dwellers screamed in pain.

Jiang Li stood at the edge of the battlefield. He didn't rush into the battlefield. Instead, he watched the battle from the edge. Soul Fire Seeds flew up from the battlefield and entered Jiang Li's body in a colorful rainbow.

he had captured a large number of soul tinders.

“Repair.”

Buzzzzzz!

Jiang Li used some energy points to repair the divine weapon zzlis01. The Black Dragon-shaped bracelet on his right wrist glowed.

One had to know.

...

” ZZLS01! ” jiang li used his complete-stage overlord dragon divine weapon and turned it into a huge shield to block hai shaohuang's killing move, severely injuring ZZLS01.

One move!

Only one move!

The Overlord Dragon divine weapon ZZLS01, which was at the peak of the sixth step, was 89% damaged. It was just a little bit away from being completely scrapped.

Obviously.

The divine weapon ZZLS01 was only at the peak of the sixth step. Against hai shaohuang, who was at the peak of the seventh step, it would be considered pretty good if it could even block one move.

Currently.

MYL01 and SSTs01 were working together to fight against Hai Qing's reinforcements. Both sides seemed to be evenly matched, and it was difficult to determine the winner in a short time.

wms01 was attacking with all its might, suppressing hai shaohuang. the swift and violent attacks caused hai shaohuang's injuries to worsen. his defeat was only a matter of time.

On the battlefield of chaotic Bay.

The battle between the mechanical Army and the sea Emperor Army was getting more and more intense.

After the sea Emperor Army lost the help of the tier 7 army formation, they gradually fell into a disadvantage.

More and more demon soldiers were being killed.

Shua!

[ Overlord Dragon divine weapon No. Zzls01 has been repaired! ]

The notification flashed.

“Kill!”

Jiang Li's eyes lit up and he immediately attacked.

Wuwuwuwuwu!

He activated his cultivation technique.

The Dragon roared.

The Azure Dragon of Xia turned into the Azure Dragon Armor and covered Jiang Li's body. The three sacred artifacts of the Empire turned into Three Shadows of Azure Dragons and surrounded him.

“Slash!”

Shua!

Zzls01 turned into a Black Dragon-scaled longsword. Jiang Li held the sword in his right hand and charged at hai Qingyu as fast as he could.

A dazzling sword light was slashed out.

“Mo Ling's high energy particle beam cannon!”

“The blade of judgment!”

At the same time.

MYL01 and SSTs01 released their strongest skills.

“No!”

Hai qingxuan's eyes widened as she howled in grief.

BOOM!

The ninth-grade Demon Sword Lotus reappeared.

BOOM! BOOM! BOOM!

There were three explosions.

The particle beam cannon and the sword of judgment fell one after another, shattering the ninth-grade Demon Sword Lotus. They exploded at the same time, and the radiance that soared to the sky spread in all directions.

Shua!

Jiang Li rushed out of the explosion and charged at hai qingyao.

“Die!”

dragon scale sword! Jiang Li swung his sword. The Dragon scale sword instantly enlarged and merged with Jiang Li’s own power of the nation’s fate, power of true spirit, and the power of the dynasty’s Saint weapon.

Other than that.

There was also the power of ZZLS01’s own skills.

“Ah!”

Hai qingmo shouted. He used all his strength and released all the energy in his body. The five black swords blocked in front of him.

“boom!”

Jiang Li’s sword hit Hai Qing’s five black swords and they were broken one after another.

“Pfft!”

” arghh! ” hai qingyao spat out blood and screamed. he was severely injured. the remaining power of jiang li’s sword pierced through his chest and his internal organs were shattered.

The blood that he spat out was mixed with pieces of his internal organs.

Marshal, save me!!!

Hai qingya screamed.

“Qing Luo!”

Hai shaohuang turned around and was distracted when he saw hai qingmo’s miserable state.

“Demon God’s eye light!”

“Whoosh!!!”

Shua!

WMS01 immediately seized the opportunity and sent hai shaohuang flying with a swing of his halberd. Then, he released his Demon God true form and combined the power of all his skills.

The eyes of the demon God opened.

It was like the eyes of the heavens.

the purple-black light shot out towards hai shaohuang.

“Not good!”

Hai shaohuang’s pupils contracted. In this moment of crisis, he did not think too much and could not care about anything else. He gathered all the power in his body and struck out with his strongest move.

“Sky splitting slash!”

In that instant.

The sky-splitting saber flare slashed out with an incomparably powerful might.

“boom!”

wms01’s purplish-black demon god’s eye light bombarded the sky-splitting sword light from the front. the two’s moves clashed head-on, and the energy kept exploding.

Kachaa!

bang!

In the end.

The sky-splitting saber radiance exploded.

“!!!”

Hai shaohuang was shocked.

BOOM!

the remaining power of the demonic god's eye landed on hai shaohuang and sent him flying. the terrifying energy rushed into his body.

“Ah!”

Pfft!

Hai shaohuang screamed and spat out blood.

He was already heavily injured.

commander!!!

Hai Qingyun was terrified.

“lord commander!”

on the battlefield.

many of the demon deputy marshals and demon generals were even more terrified.

“Die!”

die! Jiang Li held the Dragon scale sword and took the opportunity to attack hai qingyao. He slashed with all his might, forming a huge sword ray.

“No!”

Jiang Li! hai Qingshang was desperate. He tried his best to fight back, but he couldn't stop Jiang Li.

“Pfft!”

In the end.

blood splattered everywhere.

” die! ” hai qingyu’s head was cut off by jiang li.

a complete death!

The head and the headless body fell from the sky and sank into the sea.

As a result ...

They were the four Type 7 powerhouses of the sea Emperor Legion.

Three had already fallen.

Hai shaohuang was the only one left.

“Kill!”

Shua! Shua!

immediately.

MYL01, SSTs01, WMS01, three level 7 meches joined forces and attacked hai shaohuang.

Hai shaohuang’s eyes were filled with despair.

There was no hope of victory.

“Chief sovereign.”

Shua!

At this moment.

Cjqx01 quickly came over and reported to Jiang Li, ” the ‘super Intel soldier mechanical Army’ that is monitoring the surroundings of chaotic Bay has discovered that dynasty’s Navy from another Sea region is coming over!

“What’s going on?”

what’s the situation? ” Jiang Li frowned. what’s the situation? ”

“Chief sovereign, please take a look.”

Buzzzzzz! Buzzzzzz!

cjqx01 projected the holographic image that it had detected and divided it into nine squares.

In the image.

There were actually two naval legions around chaotic Bay, and from the ‘flags’ of these two naval legions, it could be seen that ...

The two naval legions were from the ‘dream Dragon Dynasty’ and the ‘Penglai dynasty’.

furthermore ...

Each of these two naval legions had a military strength of ten billion. They were not weaker than the sea Emperor Legion and were extremely powerful.

“Prepare to retreat.”

” what’s going on? ” jiang li immediately said.

One had to know.

Jiang Li had already used all his strength to deal with the sea Emperor Army, and now there were two more Navy legions that were no weaker than the sea Emperor Army.

If they didn’t retreat now, they would really be in trouble.

“With the speed of these two naval forces, how long will it take for them to reach the battlefield in chaotic Bay?”

jiang li asked.

“My Lord, it will take about half an hour.”

Cjqx01 said.

“Alright,” he said.

okay. Jiang Li nodded. we’ll retreat in half an hour.

“Yes!”

Cjqx01 conveyed Jiang Li’s order.

“Ah!”

pfft!

arghh! hai shaohuang screamed and couldn't take it anymore. The three level Seven meches attacked together. In the end, WMS01 crushed hai shaohuang's head with the demon God's eye.

He killed hai shaohuang.

Roar!

A Dragon's Roar resounded.

Wuwuwuwuwu!

When hai shaohuang died, the Azure Dragon of great Xia appeared. It opened its mouth and swallowed the 9000-meter long dynasty fate Dragon.

From there, the fate of the great Xia Dynasty would be enhanced.

Chapter 553 mistake

Although the great Xia Dynasty's fate energy had increased, it did not reach the level of a qualitative change. It did not increase its ranking on the hidden Dragon Roll, so naturally, there was no reward.

However ...

Many little things add up.

he believed that the great xia dynasty's ranking in the hidden dragon ranking would rise very soon.

Buzzzzzz!

at this moment.

Hai shaohuang's headless body suddenly glowed with a rainbow-like light. It was so clear and bright that Jiang Li was excited.

“This is!”

Jiang Li was overjoyed.

Shua!

The seven-colored light condensed into a seven-colored light spot and disappeared into Jiang Li's forehead.

[ acquired a tier 7 soul Tinder! ]

A notification appeared.

“Alright!”

I'm surprised. Jiang Li smiled. I didn't expect to get a level-seven soul Tinder, plus the level-seven soul Tinder I got from Qin Meng of the 'soul martial dynasty'.

I already have two level Seven soul Tinders now.

Soon after.

Jiang Li ordered WMS01, MYL01, and SSTs01, three level-seven meches, to join the battle. They killed a large number of demonic soldiers like tigers in a flock of sheep.

At the same time.

The fifteen Tier 6 demonic Deputy great generals had also died in the hands of WMS01 and the others.

Time passed.

Half an hour passed.

The sea Emperor Army was basically destroyed by Jiang Li's mechanical Army.

On the surface of the sea.

A large number of demon dweller corpses were floating.

The smell of blood was pungent.

the water of the entire chaotic bay was dyed red.

It was like a scene from purgatory.

BOOM! BOOM! boom!

In the surroundings.

The two great naval legions of the dream Dragon Dynasty and the Penglai dynasty had already arrived.

” kill!!! ”

Suddenly.

A figure rushed out of the dream Dragon Empire's Navy. He turned into a dark blue light and moved extremely fast, as if he had teleported.

“Nirvana palm!”

the next moment.

” die! ” the figure appeared on the edge of the battlefield. his eyes were cold. he shouted and slapped at jiang li’s mechanical army.

this palm attack arrived.

It seemed to have mobilized the might of heaven and earth, turning into a planet-sized palm print that covered the sky. It fell from the sky with a monstrous power, as if the sky was falling and the earth was sinking.

“Rumble!”

the palm print landed and destroyed a large number of meches. many mech ships were destroyed and fell to the bottom of the sea.

The sea water rolled back and collapsed.

Level eight!

this was an eighth-grade powerhouse!

His cultivation base was at the eighth step.

he wasn’t like hai shaohuang, who relied on a grade 7 army formation to barely reach grade 8.

“Rank 8!”

retreat! Jiang Li’s pupils constricted. retreat!

“Whoosh!!!”

Without the slightest hesitation.

spatial coordinate. Jiang Li immediately activated the spatial coordinate.

A spatial fluctuation appeared.

Space cracked open.

...

A temporary wormhole vortex appeared.

“Let’s go!”

Shua!

” let’s go! ” jiang li rushed into the wormhole.

“All troops, retreat!”

“Retreat!”

Shua! Shua! shua!

Immediately after.

WMS01, MYL01, SSTs01, controlled nuclear fission air-transforming soldiers, soul realm controllers, and a large number of meches rushed into the wormhole vortex.

he was teleported away.

“This Tao Wu is teleporting!”

...

the rank eight commander of the dream Dragon Dynasty, Meng qianqiu, stood at the edge of the battlefield. When he saw the spatial Whirlpool appear, he immediately stopped his attack.

His face was filled with shock.

He was clearly frightened.

“This bi an ...”

Shua!

the rank 8 general of the penglai empire, riley, also came over. he stopped beside meng qianqiu and looked at the space whirlpool with shock in his eyes.

He didn't dare to make a move.

Not long after.

Jiang Li's remaining mech Army left.

from the beginning to the end.

the two rank 8 generals actually didn't stop him.

“Meng qianqiu,”

Riley took a deep breath and calmed himself down. that should be the 'space vortex'. Only the' Emperor dynasty 'can come into contact with the' space domain'.

“Yes.”

meng qianqiu nodded.”That is the 'space domain'.”

“Si si si ...”

Riley could not help but take a deep breath, and a faint look of fear appeared on his face. He looked down at the sea below and saw that the sea Emperor Army had almost been completely wiped out. He could not help but say, who would've thought that the Navy that has been plundering the resources in the 'three-Emperor Sea area' is actually related to the 'imperial dynasty'? ”

“This time, the ocean Empire has really kicked an iron plate.”

“The entire sea Emperor Army was annihilated, and only these few demon soldiers are still alive.”

“.....”

Meng qianqiu fell silent, but the shock in his eyes didn't fade.

Obviously.

After Jiang Li activated the 'spatial coordinate' and formed the 'wormhole Whirlpool', the' space domain 'could only be controlled and touched by Emperor dynasty.

so,

After Meng qianqiu and Riley saw it, they mistook Jiang Li for a Super Master from the dynasty.

He had a huge background.

Little did he know.

Jiang Li's great Xia Dynasty had just been promoted to a human dynasty.

"Clean up the battlefield and prepare to retreat."

Meng qianqiu said.

"Yes."

Riley nodded and looked down at the Bay battlefield. about the fact that the Navy is likely to be from the 'dynasty,' should we tell the 'Poseidon dynasty'? "

"What?"

"Imperial dynasty?" Meng qianqiu chuckled. What's the Imperial dynasty'? General Riley, I don't know what you're talking about."

"You're so silly!"

Riley was stunned for a moment, but his eyes flickered as he understood Meng qianqiu's meaning. it seems like there are still some demon soldiers and generals alive in the sea Emperor Army.

"No, no,"

Meng qianqiu shook his head. commander Riley, you're wrong. After the battle between the sea Emperor Army and the unknown Navy, the Army was completely annihilated. Not a single demon soldier survived.

"Hahahahaha!"

Riley laughed. then the elemental stone was indeed wrong.

Hence.

The Naval legions of the dream Dragon Empire and the Penglai Empire made their moves, killing all the demon soldiers and generals of the sea Emperor Army who had survived.

At this point.

The sea Emperor Army had truly been annihilated.

Half an hour later.

The battlefield at the chaotic Bay had been cleaned up. The large amount of resources and spoils of war left on the battlefield, as well as the scrap metal remains of the meches, were all taken away by the Navy Corps of the dream Dragon Dynasty and the Penglai dynasty.

In reality.

After the meches were destroyed, they would turn into scrap metal. Even if Meng qianqiu and Riley took the remains back, they wouldn't be able to figure out anything.

Half a day later.

'Ocean Emperor dynasty' received the news that the 'Ocean Emperor Army' had been completely annihilated, and they sent their navy to chaotic Bay, only to see the sea water dyed red with blood.

"Damn it!"

Finally.

This news shocked the entire ocean Empire.

the ocean emperor dynasty's ocean emperor was furious.

Then, Neptune ordered a large number of demonic Navy units to search the entire three-Emperor Sea area, trying to find Jiang Li's location.

However ...

In the three-Emperor Sea area.

other than the 'army base 037', there were no other meches.

furthermore ...

Jiang Li sent all the meches in the base back to the imperial capital, leaving only a team of 1000 Intel operatives to guard the base.

It would be impossible for the ocean Empire to find Jiang Li.

Dream Dragon Empire.

In the secret palace of Meng Long's Imperial Palace.

"Your Majesty."

Meng qianqiu bowed.

"Chiaki, was what you just said true?"

Meng long asked in a deep voice.

“Your Majesty, it’s absolutely true.”

“Yes.” Meng qianqiu nodded solemnly.”When the other party left, he used the power of his ‘space domain’ to create a ‘space vortex’ out of thin air and left right under my nose.”

“space!”

Meng long took a deep breath, and his eyes were solemn. this is a domain that only the Imperial dynasty can master and touch. Is the enemy really from a powerful imperial dynasty? ”

“If that’s the case, what should we do if the other party sends more troops?”

although the dream Dragon Empire is powerful and is considered an Overlord among the empires, they are still a whole level behind the ‘Imperial Empire’.

“Your Majesty.”

“That’s why I kept the Emperor dynasty a secret from them,” Meng qianqiu continued.”Now that the ocean Emperor Army has been annihilated, they’ll definitely try their best to avenge them.”

” the next time the navy of the empire arrives, the ocean empire will lead the charge and test the real strength and background of the enemy for us.

“Alright!”

Meng long nodded. Chiaki, you’ve done a great job.

“Your Majesty, you’re too kind,”

Meng qianqiu bowed. if the enemy is really from a powerful empire, we should be fully prepared as well. It would be best if we could ask the Qian Qian Empire for help.

At this moment.

On the other side.

The Penglai Empire.

Like Meng qianqiu, Riley also reported the situation in the chaotic Bay to Penglai, which made the same decision as Meng long.

They all concealed the news about the ‘imperial dynasty’ from the ocean Empire and let the ocean Empire take the lead.

The great Xia Dynasty.

The imperial capital.

In the base of the 01 division.

After Jiang Li activated all the ‘spatial coordinates’, he sent the remaining mech troops back to the base.

In the mech factory.

Other than the meches above level five, all the other meches were teleported to the mech factory.

Jiang Li, WMS01, SSTs01, MYL01, four soul realm controllers, and ten mechanically-controlled nuclear fission air-transforming soldiers.

They were all teleported to the teleportation room.

“I’m finally back.”

jiang li let out a breath of relief and relaxed.

“Chief sovereign.”

At this moment.

QX01, the holographic mech stationed in the base of Army 01, immediately went to the teleportation room when he heard that Jiang Li was back.

“What is it?”

jiang li asked.

my Lord, zh0214 has important information.

QX01 said,”in the Western Region of the Holy peace Region, the demon race’s ten-winged Empire was attacked by the Army of the Mobei Empire, causing the ten-winged Empire to be temporarily unable to send out their demon Army to attack our great Xia Empire.”

“Oh.”

Jiang Li raised his eyebrows. I can’t believe this happened. No wonder I’ve been plundering resources in the three-Emperor Sea area for so long with the ‘mechanical Army’. The Army of the ten-winged dynasty didn’t show up for almost four days.

“Is there any movement from the soul martial Empire?”

Jiang Li asked.

“There’s no news from Marquis Fengji.”

qx01 replied.

“Yes.”

Jiang Li nodded. I’ve plundered a lot of resources from the three-Emperor Sea area and I have a lot of soul Tinders. I even have two level-seven soul Tinders.

next, I’ll start with the soldier wave and build a mech Army of ten billion.

#### Chapter 554 Research and development

One had to know.

Although Jiang Li won the battle at ‘chaotic Bay’ and the ‘mechanical Army’ almost annihilated the ‘Sea Emperor Army’, he still had a chance.

but ...

The ‘mechanical Army’ also suffered heavy losses.

Of the eight billion meches, only one billion was left. Seven billion were wasted.

It was the biggest loss Jiang Li had ever suffered.

In contrast.

Jiang Li’s harvest was also unprecedented.

Especially the soul Tinder.

There were many of them.

Shua!

The Dominator panel opened.

Jiang Li checked the number of soul Tinders.

[ soul Tinder: 3.28 billion level-one soul Tinders, 412 million level-two soul Tinders, 30 million level-three soul Tinders, 300000 level-four soul Tinders, one level-five Demon Soul Tinder fragment, 3000 level-five soul Tinders, 20 level-six soul Tinders, and two level-seven soul Tinders ]

one had to know.

The number of demonic humans in the sea Emperor Army had reached ten billion. In addition, Jiang Li had also taken down six sea dynasties and killed many sea beasts during the March.

That was why he was able to harvest these soul Tinders in the end.

“myl01, ssts01, wms01, what’s your current evolution progress?”

Jiang Li asked.

“My Lord, your subordinate’s evolution progress has reached 89%.”

MYL01 replied.

“Your subordinate’s evolution progress has reached 95%.”

SSTs01 replied.

“My Lord, this subordinate’s evolution progress has increased from 50% to 85%.”

WMS01 said.

“Yes.”

jiang li nodded. ” wms01’s evolution progress hasn’t reached 100% yet. otherwise, it could’ve advanced to rank-8. ”

“with the combat power of the eighth step, i won’t have to be so passive.”

“on the other hand, the evolution progress of myl01 and ssts01 is very fast. they will be able to advance to the mid-stage of the seventh rank again soon.”

Soon after.

Jiang Li left the teleportation room and went to the room in the ruler’s hub.

“Chief sovereign.”

Hidden Dragon showed up and reported to Jiang Li, ” there’s been a new breakthrough in the research of the nuclear power station.

“Oh.”

Jiang Li looked up at Qian Long and asked, ” “What breakthrough?”

“Please take a look, chief sovereign.”

Shua!

Hidden Dragon projected a virtual information interface.

facility: Nuclear Station

nuclear-powered unit: Pi Xiu (omitted)

” nuclear energy technology: uncontrollable nuclear fission (mastered),  
controllable nuclear fission (under development), uncontrollable nuclear fusion  
(mastered), controllable nuclear fusion (available for research), other nuclear  
energy technologies yet to be unlocked ”

[ uncontrollable nuclear fission weapon: Momo (omitted) ]

[ controllable nuclear fission weapon: controllable nuclear fission palm controller  
(manufacturing price: One billion energy points, 10000 pounds of steel materials) ]

[ uncontrollable nuclear fusion weapon-hydrogen bomb: 1,000-ton hydrogen bomb  
(manufacturing price: 20,000 energy points, 5000 kilograms of steel material,  
10000-ton hydrogen bomb (manufacturing price: 200,000 energy points, 50000  
Kilograms of steel material, 100000-ton hydrogen bomb (manufacturing price:  
Two million energy points, one million Jin of steel material, one million ton  
hydrogen bomb (manufacturing price: 20 million energy points, 10 million pounds  
of steel material, 10 million ton hydrogen bomb (manufacturing price: 200 million  
energy points, 50 million kilograms of steel material, 1000000-ton hydrogen bomb  
(manufacturing price: Two billion energy points, one billion pounds of steel  
materials) ]

Controllable nuclear fusion weapon: locked

?.....?

“The hydrogen bomb has been developed.”

nuclear power station. Jiang Li read the information carefully and was happy.  
hydrogen bombs mainly use the energy released by the nuclear fusion reaction  
between the deuterium and the tritium in the hydrogen to kill and destroy.

” because the energy produced by nuclear fusion in the same unit is more than four times that of nuclear fission, naturally, in the case of the same yield, the power of a hydrogen bomb is naturally more than four times that of an atomic bomb. ”

however, in terms of the manufacturing price, the energy points required to make a hydrogen bomb are twice that of an atomic bomb, and the steel materials are the same.

in addition to the ‘uncontrollable nuclear fusion weapon’, the controllable nuclear fission weapon has also been developed.

“This is a good thing.”

“I don’t know if it’s because I unlocked the ‘controllable mechanical nuclear fission air soldier’.”

...

Hidden Dragon, immediately build the ‘controllable nuclear fission device’.

” go! ” jiang li ordered.

As for the hydrogen bomb.

Jiang Li didn’t use the atomic bomb he made last time.

Speaking of this.

With the emergence of combat-type nuclear meches, nuclear bombs, hydrogen bombs, and other weapons were of little value.

Furthermore ...

The manufacturing cost was not low either.

“Yes.”

Hidden Dragon replied.

Buzzzzzz!

...

The fifth floor of the mech factory started to operate.

An image was projected.

[ controllable nuclear fission device is being manufactured. Resources consumed:  
One billion energy points, 5000 kilograms of steel materials, countdown: 10?9?  
8.....?

A notification appeared.

Ten seconds later.

[ creation complete! ]

Shua!

A beam of light appeared from the purple-black furnace, and a ‘controllable nuclear fission palm control device’ appeared in the room in the mech factory.

Buzzzzzz!

Jiang Li had an idea.

‘controllable nuclear fission palm’ was sent from the mech factory to the room in the dominator hub and floated in front of jiang li.

He took a closer look.

The ‘controllable nuclear fission palm controller’ was a pitch-black ball about the size of a ping pong ball with a faint glow.

“this is the controllable nuclear fission palm control device.”

jiang li reached out and held the ‘controllable nuclear fission palm controller’ in his hand. the black ball immediately changed into a black ring like liquid metal and was put on jiang li’s little finger.

At the same time.

Through the ‘dominating auxiliary device’ that was integrated into the back of his head, he could control the ‘controllable nuclear fission palm control device’.

Shua!

A virtual projection screen appeared on Jiang Li’s retina, accompanied by images and data.

‘Human biochip link-controllable nuclear fission palm controller, connection successful, beep beep’

nuclear weapon: controllable nuclear-palm bomb ”

[ function: perfectly create and control the nuclear energy produced by ‘nuclear fission’ ]

[ destructive power: able to reach the peak of rank 6 ]

Immediately after.

Jiang Li saw the basic information about the controllable nuclear fission palm controller. With 'Dominator assistant No. Zzfz01', Jiang Li could perfectly control the 'controllable nuclear fission palm controller'.

“release the nuclear energy.”

Jiang Li opened his right hand.

Wuwuwuwuwu!

immediately.

A red ball of nuclear energy appeared in Jiang Li's right palm. It contained terrifying power and was extremely stable.

Of course.

As long as Jiang Li wanted to.

The 'nuclear light ball' in his palm could turn into a terrifying nuclear explosion at any moment.

It destroyed everything.

shua! Shua!

Not only that.

Under Jiang Li's control, the nuclear energy ball could change its shape at will. It could even form a nuclear energy light sword, a nuclear energy light cannon, a nuclear energy Armor, and so on.

perfect control.

However ...

The destructive power that could reach the peak of level six was still weaker. After all, the enemies that Jiang Li faced were all above level Seven.

In other words ...

‘Controllable nuclear fission palm control device’ was only a supplementary weapon for Jiang Li.

but ...

On second thought.

If the ‘controllable nuclear fission palm control device’ was equipped to a fighter, even if the fighter didn’t have the help of the ‘human biochip’ and couldn’t perfectly control the ‘controllable nuclear fission palm control device’, they would still be able to display the combat power of a rank 6.

“However,”

Jiang Li thought for a while and said, ” the power of the nuclear explosion is too strong. Although only a fifth-rank martial artist can safely control the ‘controllable nuclear fission palm controller’.

one billion energy points and ten thousand pounds of steel material, plus a fifth-rank martial artist, can be exchanged for a powerful combat power close to the peak of the sixth-rank.

they can play a great role on the battlefield.

“Now that I think about it, not only is this thing not useless, it’s actually very useful.”

thinking of this ...

I'm going to use the 'controllable nuclear fission palm control device' and a level-five martial artist to create a 'nuclear Army' with great destructive power.

Think about it.

After equipping the 'controllable nuclear-fission palm controller', a stage five martial artist would have the ability to control 'nuclear energy', which was almost equivalent to 'mechanical controllable nuclear-fission air-combat soldiers'.

The most important thing was ...

After the 'controllable nuclear fission palm control device' was successfully made, Jiang Li could use the 'dominating accessory device' to gain the authority of the 'controllable nuclear fission palm control device'.

As a result ...

Jiang Li was able to control the 'controllable nuclear fission palm control device' completely, so he wasn't afraid that the level-five martial artists would be distracted. If they were distracted, Jiang Li could even remotely control the device to kill them.

"Let's do this."

okay. Jiang Li made a decision.

Immediately.

Jiang Li left the base and returned to the great Xia Palace. He summoned Xu Ya, Hong Tianqi, Wu Zong, Fei Lian, MA Heng, and the other officials.

I'll give you one day to gather all the stage-five Warriors in the great Xia Dynasty.

I'm going to form a 'nuclear energy team', " Jiang Li ordered.

nuclear energy Squad? "

"What's that?"

The officials were stunned, their faces full of doubt.

"Did you hear me clearly?"

stop! Jiang Li shouted.

"Yes!"

"Yes, sir!"

"Your Majesty, please be at ease."

"....."

xu ya and the others immediately responded loudly.

"Yes."

okay. Jiang Li nodded in satisfaction.

The order was given.

Jiang Li left the great Xia Palace and returned to the room in the ruler's hub.

"One-click fusion."

Buzzzzzz!

Jiang Li operated the Dominator panel and started the 'soul Tinder fusion' function. He first fused all 3.28 billion level-one soul Tinders.

Shua! Shua!

The fusion interface appeared.

The notifications kept popping up.

Very quickly.

the fusion was completed.

Jiang Li got 110 million level-two soul Tinders. With the 412 million, he now had 522 million level-two soul Tinders.

“Again,”

Buzzzzzz!

Jiang Li continued to fuse. This time, he fused a level-two soul Tinder.

Shua! Shua!

The same scene appeared.

Countless notifications popped up.

finally.

the fusion was complete.

Jiang Li had collected 8.7 million level-three soul Tinders.

“Continue.”

fuse 38.7 million level-three soul Tinders, ” Jiang Li said. He fused 38.87 million times and got 430000 level-four soul Tinders.

“alright,” he said.

jiang li nodded with satisfaction. there were 730000 level-four soul tinders in total. after one-click fusion, jiang li got 7300 level-five soul tinders.

## Chapter 555

With 7,300 and 3000, Jiang Li had more than 10000 level-five soul Tinders, reaching 10300.

“there’s quite a lot of them.”

jiang li felt emotional.

One had to know.

Thinking about the past ...

In order to get a level-five Soul Fire seed, Jiang Li had spent a lot of effort, but now it was completely different. He had more than 10000 level-five Soul Fire Seeds.

However ...

The level-five soul Tinder wasn't of much use to Jiang Li anymore.

what jiang li needed was a level-six soul tinder, or even a level-seven soul tinder. a level-eight soul tinder was also something jiang li was very eager to have.

However ...

It was too difficult to obtain an eighth-grade soul Tinder.

It was extremely lucky to be able to drop a seventh-tier soul Tinder.

fuse the fifth-rank soul Tinder.

Buzzzzzz!

Jiang Li started to merge.

10,300 level-five soul tinders could be fused 1030 times in total. in the end, jiang li got 103 level-six soul tinders.

” one hundred and three plus twenty, that's one hundred and twenty-three sixth-level soul tinders. ”

okay. Jiang Li nodded in satisfaction.

It had to be said.

Jiang Li's trip to the three-Emperor Sea area was a fruitful one. Not only did he get more than 120 trillion energy points, but he also gained a lot from the soul Tinder.

even though the ‘mechanical army’ had suffered heavy losses.

Among them.

The Super Intel soldiers ‘mechanical Army’ was almost completely annihilated. Although the Super Intel soldiers were only a level-one Elite Fusion type, their scouting, communication, and warning abilities were extremely outstanding. They were an indispensable type of soldier.

Furthermore ...

The manufacturing cost of the Super Intel soldiers was extremely low.

on the contrary, the ‘super biochemical soldiers’, although they had mastered the ability of ‘biochemical poison’, their combat power was relatively average, but they could be transformed into ‘walking puppets’.

However ...

The role of The Walking corpse puppet was already very small.

“Hidden Dragon,”

” turn on the mech factory, ” jiang li ordered. ” turn it on at full power. ”

“Yes.”

Hidden Dragon replied.

“Create five billion super Intel soldiers.”

Jiang Li said.

In reality.

Jiang Li originally planned to make ten billion super Intel soldiers, but after some thought, he realized that it was too much and a waste of resources.

Five billion would be enough.

With five billion super Intel soldiers, they could even monitor the entire great Xia Dynasty.

my Lord, we'll need ten billion energy points and five hundred million tons of steel materials to create a total of five billion rank 1 Elite Fusion troops.

Hidden Dragon said.

“Begin production.”

jiang li said.

Wuwuwuwuwu!

The first level of the mech factory started to operate.

Shua! Shua! Shua!

Beams of black light shot out from the black furnace, producing a large number of super Intel soldiers. Five billion super Intel soldiers were created in less than a minute.

my Lord, five billion super Intel soldiers have been created.

hidden dragon reported.

“Yes.”

okay. Jiang Li nodded in satisfaction. let’s start the Army.

produce two billion hydroen meches, two billion super carriers, two billion super artilleries, and two billion Tri-tanks.

create 500 million divine weapons of the Dominator Dragon, 500 million Tri-perch armored soldiers, 500 million laser destructive soldiers, and 500 million invisible energy soldiers.

create 50 million super Ares-class soldiers, 50 million super energy soldiers, 50 million unlimited super soldiers, 50 million super missile soldiers, and 50 million Storm Giant soldiers.

...

produce 500000 Super Fortress soldiers, 500000 super Ares-class soldiers, 500000 super annihilation-class soldiers, and 500000 Super Dragon God-class soldiers.

Currently.

Base 01 was only a level five base, and the mech factory was also level five. It only had five floors and could only produce level five meches at most.

so,

Level six meches couldn’t be manufactured in the mech factory for the time being.

“Chief sovereign.”

After counting, Hidden Dragon reported to Jiang Li, ” we’ll need to build 10.252 billion meches, of which eight billion are level two elite meches. It will consume four billion tons of steel materials and 1.6 trillion energy points.

to create two billion stage three elite meches, 10 billion tons of steel materials and 40 trillion energy points will be consumed.

to create 250 million elite Grade 4 meches, 25 billion tons of steel materials and 50 trillion energy points will be consumed.

creating two million elite level 5 meches requires two billion tons of steel materials and four hundred trillion energy points.

“Yes.”

...

Jiang Li nodded and calculated in his mind. this time, we will need to consume 410 tons of steel materials and 941.6 trillion energy points.

One had to know.

Jiang Li had plundered six ocean dynasties in the three Emperor Sea area and only got 381 tons of steel materials. The gains from the six ocean dynasties alone were less than 410 tons.

However ...

Jiang Li annihilated two legions of the ten-winged dynasty. There were three billion monster soldiers and he gained a large number of floating battleships and armor.

In addition to the great Xia Dynasty's own reserves and the recycling of the broken mech remains.

Only then did he manage to gather 410 tons of steel materials.

After this war.

The Grand Xia Empire's 'steel material' reserves were once again completely exhausted.

Other than that.

this time, the army was in full swing.

This included the production of five billion super Intel soldiers.

Jiang Li used up 941.61 trillion energy points in total, leaving him with more than 300 trillion energy points.

The resources in his hands had been greatly reduced.

Buzzzzzz! Wuwuwuwuwu!

at this moment.

At the mech factory.

From the second level to the fifth level.

Because all the production units had been equipped, they started to run at full power and produced a large number of meches.

in less than ten minutes.

my Lord, eight billion level two elite meches and two billion level three elite meches have been built.

Hidden Dragon reported.

"Alright," he said.

Shua!

The images of the second and third floor of the mech factory were projected. There was space folding technology in the mech factory, so it could store a large number of meches.

Jiang Li saw a large number of meches on the second and third floor through the projection.

He nodded his head in satisfaction.

However ...

It would take more than 75 hours to create 250 million elite soldiers and around 70 hours to create two million elite soldiers.

jiang li didn't wait any longer.

“contact zh0214.”

go! Jiang Li ordered.

“Yes.”

QX01 replied.

buzzzzzz!

The communication was connected.

The holographic projection appeared.

“Chief sovereign.”

thank you. zh0214 saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded and asked zh0214, ” how’s the situation in the ten-winged dynasty? ” How’s the battle between the northern desert Empire and the ten-winged Empire going?”

“What’s the situation in the Western Region of holy peace Region?”

“Reporting to you, chief sovereign.”

Zh0214 immediately replied, ” in the frontal battle between the ten-winged dynasty and the northern desert Empire, the ten-winged dynasty is in an advantageous position. If there are no accidents, the ten-winged dynasty will be able to defeat the northern desert Empire in two days at most.

other than that, the other four empires in the Western Region of the Holy peace Region are also getting restless. They’ve all gathered their troops. Moreover, the Mobei Empire seems to have been invaded by the Barbarian ‘dark shaman Empire’.

the situation in the Western Region of the Holy peace Region has not been completely messed up. The six great empires are still holding themselves back. The other human empire, the Lianzhen Empire, is keeping an extremely low profile.

“On the main battlefield, the Mobei Empire is actually going to lose, and they’re being attacked by the Barbarian Empire.”

“The situation doesn’t look good.”

No. Jiang Li muttered, ” anyway, the Mobei Empire did send reinforcements last time. Besides, if it wasn’t for the Mobei Empire suddenly attacking the ten-winged

Empire, I wouldn't have had time to plunder resources in the three-Emperor Sea area.

“Logically, under such circumstances, I should also send troops to support the northern desert Empire.”

Soon after.

Jiang Li asked zh0214 to keep an eye on the Western Region of the Saint peace state. He then hung up and contacted Yue Fengji, asking him about the situation in the central region of the Saint peace state and the movements of the soul martial Empire.

“Your Majesty.”

” in the central region of the saint peace state, the demon dynasties are extremely powerful, especially the wutian demon dynasty, ” yue fengji said. ” it's ranked first on the hidden dragon list. ”

two days ago, the Wutian demon dynasty joined forces with the seven Lotus Empire and the qianfu demon dynasty to form the ‘Alliance of three emperors’, and Wutian demon Emperor is the leader of the ‘Alliance of three emperors’.

the Allied army of the Three Sovereigns annihilated all the dynasties in the central region of the Holy peace state and claimed all the territories.

“Under such circumstances,”

” the three great dynasties of the barbarian race, the great magus empire, the moon god barbarian dynasty, and the turing barbarian dynasty, have also formed an ‘alliance’. the barbarian kings of the three great dynasties are the three leaders of the alliance. ”

“There's more,”

under such circumstances, the three great human empires of the Holy peace state, the soul martial Empire, the thousand refinements Empire, and the great Yan Empire, had no choice but to form an alliance of empires.

“The Alliance of the three races has formed a tripartite balance.”

for now, the soul martial Empire doesn’t have the time or energy to send out their Army to deal with us. Furthermore, the myriad refinements Empire and the great Yan Empire won’t easily agree to an internal conflict.

“The bad news is that just yesterday, the human Sovereign of the martial soul dynasty, Qin qipo, the human Sovereign of the myriad refinements dynasty, Qiu Wanlian, and the human Sovereign of the Great Yan Dynasty, Yan GUI, had a decisive battle.”

“Qin qipo defeated Qiu Wanlian and Yan Guigui and won the position of ‘Alliance leader’. Qiu Wanlian and Yan Guigui became the Deputy Alliance leaders.”

“Alliance master.”

Jiang Li frowned.

“Yes, I am.”

Yue Fengji’s expression was also extremely serious. Your Majesty, Qin qipo has become the alliance leader, and his power will be different from before. When the time comes, Qin qipo will find a suitable reason to attack us. Qiu Wanlian and Yan Guigui will not be able to refute or refuse.

we might be facing the Alliance’s Allied forces.

“I know.”

Yue Fengji, I’m going to build a ‘nuclear force’. I’ve sent the news to you. Remember to send all the level-five martial artists here, ” Jiang Li said.

“Yes, sir.”

Yue Fengji nodded respectfully.

Time passed.

The next day arrived.

At noon.

The great Xia Palace.

Within the Azure Dragon Palace.

Jiang Li sat on the Dragon Throne.

Below.

Yue Fengji, Fei Lian, Hong Tianqi, MA Heng, Yue Lin, Yue dingdong, Zhu Wuhua, tan wengui, and the various Marquis Kings of the great Xia Dynasty.

All the martial artists whose cultivation had reached the fifth step and above.

They were all gathered here.

there were not many of them.

In total, there were only a few hundred people.

“Only these.”

hmm? ” Jiang Li frowned.

One had to know.

Those powerful dynasties had tens of thousands of Tier 5 martial artists, and the Overlord dynasties were even more terrifying.

on the other hand, the great xia dynasty could only gather a few hundred.

the difference was a hundred times.

It could be seen from this.

How weak was the foundation of the great Xia Dynasty? if they only relied on martial artists and the human army, they would probably be the weakest human dynasty.

if jiang li didn't have the mechanical army, he would have died.

In the upcoming turmoil, the great Xia Dynasty would probably be easily annihilated.

## Chapter 556

After hearing what Jiang Li said, Xu Ya and Hong Tianqi lowered their heads in shame while Yue Fengji and the others smiled.

One had to know.

Among the 358 stage five Warriors in the hall, 250 of them were brought by Yue Fengji, and the other 108 were brought by Xu Ya and Hong Tianqi.

It could be seen from this.

back then, the foundation of the wind order dynasty was much deeper than that of the great xia dynasty.

“Forget it,”

Jiang Li waved his hand and didn’t want to say anything more. He knew that the great Xia Dynasty was weak and there were only a few martial artists.”All of you, come with me.”

“Yes.”

“Yes, sir.”

Xu Ya, Yue Fengji, and the others all nodded.

Shua!

Jiang Li left the Azure Dragon Palace first and flew into the air. Xu Ya, Yue Fengji, and the other 358 stage-five Warriors quickly followed him.

not long after.

Soon, Jiang Li and the others arrived outside the Imperial City.

“Yes, this is the place.”

Jiang Li stood in the sky and looked around. He was standing on a vast plain with no one around. It was a perfect place to test the power of the ‘controllable nuclear fission palm controller’.

cough. Jiang Li turned around and coughed. He glanced at Yue Fengji and Xu Ya. I’m going to test the power of a weapon. Watch carefully.

“Yes.”

Yue Fengji and the others all responded.

At the same time.

they were also very curious.

One had to know.

All the powerful cultivators of the great Xia Empire were here.

Among them.

Except for Jiang Li.

a sixth-ranked warrior.

They were Fei Lian, MA Heng, Yue Fengji, Yue Lin, Yue dingdong, Zhu Wuhua, tan wengui, Star Dragon Mark, and Chao Qi, a total of nine.

A fifth-ranked warrior.

Wei Lin, Feng chenzi, Xu Ya, Hong Tianqi, and the other Marquises and Kings.

There were a total of 358.

In reality.

Xu Ya, Hong Tianqi, and the others had just reached Level 5.

“Yes.”

okay. Jiang Li nodded and then controlled the ‘controllable nuclear fission palm controller’. activate the nuclear weapons. Release the nuclear energy!

“whoosh!!!”

Jiang Li slowly opened his right hand.

immediately.

a red ball of nuclear energy the size of a basketball appeared in jiang li’s right palm. it contained terrifying nuclear power.

it was extremely stable.

“Your Majesty, what are you doing?”

Xu Ya, Yue Fengji, and the others looked on.

“This is the ‘nuclear energy’ I was talking about.”

it’s powerful, ” Jiang Li said. you’ll see its power soon.

“Go.”

As soon as he finished speaking.

Jiang Li waved his right hand and the ‘nuclear-red light ball’ flew out. It landed on the plain below.

“Explode!”

run! Jiang Li shouted.

“Rumble!”

In that instant.

The ‘nuclear explosion’ was produced.

the basketball-sized ‘red ball of nuclear energy’ exploded at this moment, and the terrifying power of the nuclear explosion spread rapidly, as if a small sun had been born.

The heavens fell and the earth cracked.

...

endless storm and shock waves spread out as well as nuclear energy radiation. The ground shattered and everything was destroyed.

A huge mushroom cloud rose into the sky.

The power was terrifying!

“si si si ...”

Instantly.

“what?” the stage-five warriors behind jiang li all gasped. they looked down at the plain in shock.

Slowly.

The aftermath of the nuclear explosion gradually subsided.

“How’s the power?”

Jiang Li asked with a smile.

“hu ~~ hu ~ hu ~”

...

Yue Fengji took a deep breath and suppressed the shock in his heart. He replied, “Your Majesty, the power just now is already not weaker than an all-out attack of an early stage Tier 6 martial artist.

“your majesty’s weapon is indeed very powerful.”

Yue Fengji said.

“Hahahahaha!”

Jiang Li laughed and said, “Yue Fengji, that move just now was only the power of a ‘nuclear weapon’ under normal circumstances.”

the strongest can reach the peak of the sixth step.

Your Majesty, does it cost a lot to use this ‘nuclear weapon’? ”

Yue Fengji couldn’t help but ask, “after all, the power of this is really terrifying.

“Hehe.”

Jiang Li smiled. in fact, even ordinary people can use this kind of ‘nuclear weapon’, but the power of the ‘nuclear explosion’ is too strong. If it’s too close, only a level-five martial artist can withstand the aftermath.

“What? Even ordinary people can use it?”

“This bi an ...”

how is this possible?!

Everyone was shocked, and they couldn’t calm down for a long time.

“This is the ‘nuclear weapon’ that I’m going to equip you with. For safety’s sake, let’s use the controllable nuclear fission palm to control the device.”

Jiang Li continued, ” when you master the ‘nuclear weapon’, you’ll have the combat power of a level-six martial artist. You’ll be able to fight against level-six martial artists and even fight above your level. Then, you’ll form the ‘nuclear team’.

Shua! Shua! “whoosh!”

As soon as he finished speaking.

Jiang Li waved his right hand and took out 367 ‘controllable nuclear fission palm controllers’, which floated in front of Xu Ya and the others.

They were 367 black balls the size of ping pong balls.

“Let’s start.”

jiang li said.

“.....”

everyone looked at each other.

“I’ll go first.”

let’s go! Hong Tianqi walked out without hesitation.

“Your Majesty.”

” master jiang. ” hong tianqi first bowed to jiang li.

“Yes.”

okay. Jiang Li nodded and looked at Hong Tianqi with encouragement.

Unknowingly.

Hong Tianqi had reached the early stage of level five from the stage two warrior with lots of resources and his own hard work.

it could be called an encouragement.

Back then.

half of hong tianqi’s life was gone.

Although he still had a head full of white hair, he had a ruddy complexion and a burly figure. He was clearly a general in the Army with an extremely strong military aura, but he seemed to have returned to his original state and had a somewhat Sage-like demeanor.

jiang li was recalling.

Hong Tianqi had already grabbed a ‘controllable nuclear fission palm control device’. The black ball the size of a ping pong ball immediately emitted light.

Not long after.

The two sides formed a connection.

shua!

The black ball the size of a ping pong ball changed into a black bracelet like liquid metal and hung on Hong Tianqi's right wrist.

“Nuclear energy control.”

Buzzzzzz!

Hong Tianqi opened his eyes and shouted. A red ball of nuclear energy appeared in his right palm and changed its shape.

It turned into a heavenly halberd.

“Battle halberd art!”

BOOM! boom!

immediately after.

Hong Tianqi used the ‘nuclear halberd’ to perform martial arts. His genuine vitality surged and combined with the nuclear energy, creating a powerful force. Each move was like a small nuclear explosion.

“Si si si ...”

damn, Hong Tianqi is only at the early stage of the fifth level. How did he become so powerful? a casual attack is like a peak fifth level attack.

“this is too amazing.”

“It can be said to be a qualitative change.”

“Is this ‘nuclear weapon’ that terrifying?”

everyone’s eyes widened in shock.

“Not bad, not bad.”

okay. Jiang Li nodded in satisfaction.

“Hahahahaha!”

haha! Hong Tianqi laughed wildly. After performing a set of martial arts, he immediately knelt down and kowtowed to Jiang Li.”I, Hong Tianqi, thank Your Majesty for your gift!”

“I will definitely do my best for Your Majesty and sweep away all the enemies for Your Majesty!”

“Alright,” he said.

Jiang Li smiled. Hong Tianqi, you’ll have to get familiar with the power of nuclear energy.

“Yes.”

Hong Tianqi responded loudly.

“I’ll try it too,”

“And me.”

“Try it!”

“.....”

Immediately.

Xu Ya, Wei Lin, and the other three hundred and fifty-seven stage-five Warriors all held the ‘controllable nuclear fission palm control device’ in their hands one after another.

Not long after.

All the stage five Warriors had mastered the ‘nuclear weapons’.

we thank Your Majesty for your generous gift!!!

the three hundred and fifty-eight stage-five warriors all knelt down and shouted in unison.

“Yes.”

jiang li nodded and said, ” “Yue Fengji, Fei Lian, although both of you are already at the sixth step, ‘nuclear weapons’ have greatly increased your combat power.”

“You guys should try too.”

“Yes.”

“Yes, sir.”

Fei Lian and the rest immediately nodded.

in reality.

After seeing Xu Ya and Hong Tianqi's huge improvement in strength after mastering the nuclear weapons, Yue Fengji and the others were also tempted.

Hearing Jiang Li's words, they immediately started to try and master the 'nuclear weapons'.

"Haha!"

Not long after.

"This 'controllable nuclear fission palm control device' is really terrifying. It can increase my combat power by at least a few times," MA Heng said with a laugh.

"If I release all of them, I can really reach the peak of the sixth step."

"Yup!"

"This weapon is simply unbelievable."

"He's too strong."

"Marvelous, truly marvelous!"

"Only his Majesty can create such a weapon."

"....."

Zhu Wuhua, Ma Lin, and the others were all amazed.

” you must know that my cultivation base is already at the perfected stage of the sixth step. if i can fully grasp this ‘nuclear weapon’, it will at least double my combat strength. ”

Yue Fengji sighed.

“Are you satisfied with the weapon?”

Jiang Li asked with a smile.

“We are extremely satisfied. Thank you, Your Majesty, for your generous gift.”

Yue Fengji and the others said in unison.

“Very good,” he said.

yes. Jiang Li nodded. you’ve just gotten the ‘nuclear weapon’ and you’re not familiar with it yet. The best way to get familiar with it is through intense battles.

“Your Majesty, please give your orders!”

“We will definitely go through fire and water, even if it costs us ten thousand lives.”

“Your Majesty, please give your orders!”

The crowd immediately reacted and shouted in unison to show their loyalty.

I’ve received accurate information. In the Western Region of the Holy peace Region, the human empire, the ‘Mobei Empire’, has invaded the’ ten-winged Empire ‘a few days ago, sharing the pressure of our great Xia Empire.

but at the same time, ” Jiang Li said, ” the Mobei Empire sent out a large number of troops, so the ‘dark shaman Empire’ took the opportunity to invade.

“the current situation of the mobei empire is not optimistic.”

“Yue Fengji, Hong Tianqi, hear my order.”

stop! Jiang Li shouted.

“Your Majesty, please give your orders!”

“Your subject is here!”

Yue Fengji and Hong Tianqi took a step forward at the same time and knelt down in the void. They lowered their heads respectfully.

” i’m forming the ‘nuclear energy squad’ today. it is temporarily made up of 358 stage-five martial artists and nine stage-six martial artists. yue fengji will be the head captain, and hong tianqi will be the deputy head captain. ”

let’s go, ” Jiang Li ordered. from now on, you two will lead the ‘nuclear power Squad’ to support the ‘Mobei Empire’ and help them defeat the Army of the ‘dark shaman Empire’.

Chapter 557 Unlocking

“This subject accepts the order!”

Yue Fengji and Hong Tianqi looked at each other and said in unison.

“Your subjects will obey your orders!”

Soon after.

fei lian, wei lin, and the others also knelt down to accept the decree.

“Yes.”

okay. Jiang Li nodded in satisfaction.

In reality.

No one had any objections to Yue Fengji becoming the captain of the ‘nuclear power Squad’. After all, Yue Fengji’s cultivation was already at the peak of the sixth stage.

He was the one with the highest cultivation.

but ...

Yue Lin, Yue dingdong, and Chao Qi were still a little dissatisfied with Hong Tianqi, who was only at the early stage of level five, being able to take the position of vice-captain.

However ...

It was Jiang Li’s order. They couldn’t do anything even if they didn’t want to.

He could only obey.

Half an hour later.

The ‘nuclear power Squad’ set off. First, they were teleported to the Marquis of the Black Dragon through the ‘teleportation room’ of the base. Then, they took the ‘super transport troop’ to the ‘endless forest’ and flew to the ‘northern desert Empire’.

he flew at full speed.

In the evening.

The ‘nuclear power Squad’ led by Yue Fengji and the others arrived at the border of the ‘northern desert Empire’.

The ‘spatial teleportation’ in the teleportation room once again shocked Yue Fengji and the others. It was even more shocking than the appearance of the ‘nuclear weapons’.

Because ...

The ‘spatial domain’ was something that only the Imperial dynasty could come into contact with.

However ...

the grand xia empire already had it.

at this moment.

yue fengji and the others were extremely shocked.

“Great Xia has the potential to become an Emperor!”

” one must know that the great xia is still just a dynasty, a dynasty that has just been promoted not long ago. to think that it has already grasped the ‘spatial domain’ that only imperial dynasties can come into contact with. this means that the great xia dynasty has the foundation to become an imperial dynasty. ”

“This is too shocking!”

“could it be that one day, i’ll be fortunate enough to witness the birth of an unparalleled imperial dynasty?”

“Ah!”

“His Majesty, Emperor Xia, is truly too great!”

Exclamations of admiration!

Fei Lian, MA Heng, Yue Lin, Zhu Wuhua, and the rest were all extremely amazed!

at this moment.

Their respect for Jiang Li had reached a peak. Even Yue Fengji felt very emotional and even felt very lucky for his decision.

If!

If great Xia was really promoted to the Supreme dynasty!

At that time.

even if he was only a marquis king, his status and honor would not be lower than the emperor of the empire!

If he could become a powerful Marquis of a Supreme dynasty, even the Emperor of the dynasty would have to curry favor with him.

He thought of all sorts of wonderful things.

Yue Fengji couldn’t help but feel excited.

This was a million times better than being a mere human King.

After Yue Fengji and the others arrived at the border of the Mobei Empire, they indeed discovered that the border cities of the Mobei Empire were extremely tight, with a large number of patrolling troops.

The entire northern desert Empire was in an extremely tense state.

At this moment.

Yue Fengji and the others first entered the border city of the Mobei Empire and found a place to stay. Then, they inquired about the situation of the Mobei Empire.

In the end, he contacted Jiang Li through the ‘super Intel soldier’.

The night came.

Jiang Li was in the room of the Dominator’s hub. The fourth and fifth floors of the mech factory were still running at full power. They were producing level four and level five elite meches in batches.

Currently.

...

There was still a third of the Level 4 elite and Level 5 meches that were not completed. They would probably be completed by this time tomorrow.

after the level four and level five elite meches are completed.

Jiang Li looked at the images of the fourth and fifth floors shown by the hidden Dragon’s projection and said, ” “Then we can attack the ten-winged dynasty.”

the previous two times, I was forced to fight against the ten-winged dynasty’s demon Army. This time, it’s my turn to attack. It’s not my style to be beaten up.

” ruler, the nuclear energy squad is requesting communication. ”

QX01 said.

“Yes.”

yes. Jiang Li nodded. answer.

“yes.”

Wuwuwuwuwu!

The holographic communication skill was activated.

...

The communication was connected.

The projection appeared.

“Your subjects pay their respects to Your Majesty!”

In the image.

Yue Fengji and the others bowed.

Yue Fengji and the others couldn’t understand such a magical method of communication, but they were even more in awe of Jiang Li.

“you may rise.”

Jiang Li raised his hand and asked, ” “What’s the situation?”

“Your Majesty.”

Yue Fengji had already arranged his words and thoughts. He replied, ” “The ‘nuclear energy Squad’ has already arrived at the border of the Mobei Empire in the evening.”

“At present, the borders of the Mobei Empire are extremely tightly guarded. There are patrolling troops everywhere. Other than that, we’ve also heard that the situation of the Mobei Empire isn’t very good. Two of the Marquis ‘territories have already been taken over by the dark shaman Empire.”

“The Mobei Empire is recruiting soldiers from all over the Marquis, County, and city.”

“There’s constant unrest within the borders.”

“Fortunately, the ‘Mobei human Emperor’ has always been in charge of the Mobei imperial capital. As long as the Mobei human Emperor is fine, the situation of the Mobei Empire will not collapse completely.”

“At most, we’ll lose some territory and the fate of the country.”

“yes.”

jiang li thought for a while and then ordered, ” ” yue fengji, hong tianqi, tonight, you will lead the ‘nuclear energy squad’ and rush through the night to the mobei empire to meet the mobei human emperor. ”

“Just say that you are the reinforcements I sent. As long as the Mobei human Emperor agrees, you can directly participate in the battle between the Mobei Empire and the dark shaman Empire.”

“We will obey your orders!”

Yue Fengji and the others said in unison.

“Alright,” he said.

yes. Jiang Li nodded. contact me when you see human Emperor of Mobei.

“Yes.”

Yue Fengji and the others replied.

Shua!

The communication ended.

“Dominator interface.”

Buzzzzzz!

The interface opened.

unlocking Tier 6 mechanical Army.

Jiang Li confirmed.

[ nine level-six soul Tinders have been achieved. One hundred trillion energy points have been achieved. Unlocking conditions have been met. Unlocking the interface of the level-six military types of the mechanical Army. Please wait patiently. Countdown: 10?9?8?7.....?

the countdown has ended. The interface for the level 6 mechanical Army type has been successfully unlocked.

[ can be expanded. ]

Shua! Shua!

Notifications popped up in front of Jiang Li's eyes. In the blink of an eye, the unlocking of the level 6 mechanical Army was completed. He opened the interface of the level 6 mechanical Army.

[ interface: mechanical Army type ]

?.....?

Level 6 troops: mechanical controllable nuclear fission land soldier (unlocked),  
mechanical controllable nuclear fusion land soldier (114/32)(locked) ”

rank 6 mech naval soldier class unlocked.

Jiang Li continued to operate the Dominator panel.

Shua! Shua!

Immediately after.

A few more similar prompts popped up. About ten seconds later, Jiang Li used nine level-six soul Tinders and one hundred trillion energy points and successfully unlocked a level-six mech Navy.

” activate the type 6 mech navy. ”

Jiang Li said.

Shua!

[ interface: type of mech Navy ]

?.....?

Level 6 troops: mechanical controllable nuclear fission marine soldiers (unlocked),  
mechanical controllable nuclear fusion Marine soldiers (105/32)(locked) ”

after unlocking the level 6 mech Navy and Level 6 mech Army, I’ve used up a total of two hundred trillion energy points. I’m only left with a little more than one hundred trillion energy points.

Jiang Li sighed.

“Upgrade the ‘Army type fusion’ function.”

jiang li used another nine level-six soul tinders.

Shua!

The ‘Army type fusion’ interface appeared.

Buzzzzzz!

The nine sixth-grade soul Tinders disappeared and merged into the ‘soldier type fusion’ interface, causing the interface to flash with white light, which was quite glaring.

A few seconds later.

The light disappeared.

The strengthening was complete.

[ troop type fusion function upgrade completed! ]

Shua!

Jiang Li opened the interface.

[ sub-plane: unit fusion (triple-enhancement) ]

[ slots: mech Army, mech Navy, mech Air Force ]

[ consumption: ten billion energy points ]

success rate of rank-1: 100% ”

[ success rate of rank-2: 100% ]

[ success rate of rank-3: 80% ]

[ success rate of rank-4: 50% ]

[ success rate of rank-5: 30% ]

[ success rate of rank-6: 10% ]

[ success rate of rank-7: yet to be unlocked ]

?.....?

After the third enhancement.

The soldier type fusion ability had been greatly improved, and he could already fuse with a sixth-grade soldier type.

activate the ‘unit type fusion’ function.

Jiang Li controlled the interface. mechanical Army-controlled nuclear fission land soldier, mechanical Navy-controlled nuclear fission sea soldier, mechanical air Force-controlled nuclear fission air soldier.

Shua!

[ do you wish to consume 10 billion energy points for fusion?! ]

“Yes.”

Jiang Li confirmed.

Buzzzzzz!

First, ten billion energy points were deducted.

The soldier type fusion interface flickered with white light. The three types of soldiers began to overlap, and the dazzling white light became even more dazzling.

BOOM!

The light exploded.

[ fusion failed! ]

“Continue.”

Jiang Li’s expression didn’t change.

[ fusion failed! ]

.....

[ fusion failed! ]

.....

[ fusion failed! ]

.....

A series of notifications appeared.

Finally.

During the tenth fusion.

“Whoosh!!!”

A warm light flashed and gathered together.

[ fusion successful! ]

Elite Fusion soldier type obtained: mechanical controllable nuclear fission super soldier!

“Alright!”

Jiang Li smiled.

He had spent 100 billion energy points in exchange for an ‘Elite Fusion unit’ that combined all the advantages of the ‘sea, land, and air’ nuclear soldiers.

This was not a bad deal.

“Upgrade to the 1st Division base.”

jiang li said.

“yes.”

Hidden Dragon replied.

at the same time.

A virtual screen appeared.

advancement Plan 1: nine level-six soul Tinders, 100 billion energy points.

upgrade plan 2: nine level-six soul Tinders, ten billion energy points, one billion tons of steel materials.

“I’ll choose the first option.”

Jiang Li said.

he had basically used up all the steel materials for the mass-production of soldiers. he still had more than a hundred trillion energy points. he could definitely afford to spend one trillion points to upgrade the army base.

“Option 1 has been chosen.”

yes. Hidden Dragon replied once again, ” base upgrading in progress.

“Whoosh!!!”

The next moment.

An extremely vast screen of light enveloped the entire 01 army base. Illusory buildings appeared, and psionic engineers, elite Mechanical Engineers, and others began working.

Shua! Shua!

After a large number of energy points were integrated into the illusionary building, it caused the illusionary building to rapidly solidify.

The promotion of the base of the 01 division caused quite a stir.

however ...

Because the base was floating in the air, it didn't attract much attention.

An hour later.

The base of the 01 division completed its upgrade.

[ prompt 1: congratulations, my Lord. The upgrade of army base 01 has been completed. All the facilities of the Army base have been upgraded to rank-6, and all facilities and units have been upgraded to rank-6. ]

[ military base facility-Space Station added! ]

“chief sovereign.”

Shua!

The hidden Dragon appeared, and it was no longer just a purple human face. It had the appearance of a human, turning into a three-dimensional purple human body.

## Chapter 558

Jiang Li. now, Hidden Dragon had a human form. He slowly landed from the air and stood in front of Jiang Li. He raised his right hand, stood on his feet, straightened his chest, and saluted Jiang Li.

It was a perfect score.

“Alright,” he said.

okay. Jiang Li nodded and sized up Hidden Dragon. He ordered, ” display the information of the 01 army base.

“Yes.”

hidden dragon replied.

shua!

the information screen opened.

“Interface: army base”

[ sub-plane: army base 01 ]

[ rank: rank 6 ]

facilities: master’s hub (can be expanded), mech factory (can be expanded), Research Center (can be expanded), Construction Center (can be expanded), Sentry tower (can be expanded), teleportation room (can be expanded), Nuclear Station (can be expanded), Space Station (can be expanded)

basic construction requirements: ten normal mechanical soldiers, one normal mechanical engineer, 100 million energy points.

advancement requirements: nine level-seven soul Tinders, ten trillion energy points  
”

.....

” the space station. ”

Then, Jiang Li focused most of his attention on the new facility, the ‘Space Station’. His eyes glowed as he tried to recall the information about the ‘Space Station’.

He could not help but fall into deep thought.

in reality.

The appearance of the ‘Space Station’ meant that the ‘army base’ was currently being upgraded to an ‘interstellar base’. After the Tier 6 army base was upgraded, it would become an ‘interstellar base’.

This was because the ‘Space Station’ was the predecessor of the ‘interstellar base’.

It had great functions.

” in the ‘super god game army’, if it’s the ‘interstellar universe’, the ‘space station’ is built in the outer space of the ‘planet’ and runs in the ‘low-earth orbit’ to monitor and monitor the entire planet. it can even be done through the ‘space station’ to perform a fixed-point transmission of the ‘mechanical army’ on the ‘planet’. ”

Jiang Li thought, but I’m not in the ‘interstellar universe’ now. I’m in a ‘Super Fantasy world’.

even now, I still can't determine the size and area of the 'Super Fantasy world'.  
The size of the northern region of the Holy peace state alone is far larger than earth.

“And I'm not sure if there's a universe outside of the 'Super Fantasy world'.”

Soon after.

After the base was upgraded to level six, all the facilities had also reached level six.

Some of the facilities had new facilities and soldiers.

[ facility: master's hub ]

Lord soldier types: base heart (unlocked), normal Lord armor soldier (unlocked), elite Lord Battle armor soldier (unlocked), Lord's aide (unlocked), Lord mech pilot (87/1)(locked) ”

.....

“Facility: mech factory”

factory units: normal mech production line (unlocked), normal mech production line (unlocked), elite mech production line (unlocked), elite mech production line (unlocked)

.....

[ facility: Research Center ]

Research Unit types: normal research equipment Center (unlocked), normal mechanical research soldier (unlocked), elite research equipment Center (unlocked), elite research soldier (unlocked), biological research soldier (unlocked)  
”

.....

[ facility: Construction Center ]

construction units: normal mechanic soldier (unlocked), normal mechanic engineer (unlocked), psionic engineer (unlocked), hovercraft technician (unlocked)

.....

[ facility: Sentry tower ]

Sentinel units: normal Sentinel mechanical soldier (unlocked), normal Sentinel mechanical soldier Captain (unlocked), mech soldier (unlocked), air Sentinel soldier (unlocked)

.....

[ facilities: teleportation room ]

teleportation units: normal wormhole maker (unlocked), mechanical teleporter (unlocked), wormhole upgrade (unlocked), mechanical space teleporter (87/1) (locked)

.....

facility: Nuclear Station

nuclear soldiers: mechanical nuclear energy manufacturing base (unlocked), mechanical nuclear soldiers (unlocked), mechanical Nuclear Research soldiers (87/1)(locked)

.....

[ facility: space station ]

[ Space Station Type: Mechanical space Station base (unlocked), mechanical space Station soldier (87/1)(locked) ]

.....

...

Jiang Li Read all the information carefully. There were eight ‘base facilities’ in the base.

The promotion this time.

The dominating heart, the transmission room, and the nuclear power station were the only three ‘base facilities’ that had new facility units. The other ‘base facilities’ did not have new facility units.

“unlock.”

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Jiang Li first used three level-six soul Tinders to unlock ‘dominating mech pilot’, ‘mechanical space teleporter’, and ‘mechanical Nuclear Research soldier’.

After that.

jiang li used another level-six soul tinder and unlocked the mechanical space soldier.

immediately create a ‘ruler-level mech pilot’.

Jiang Li used 100 billion energy points.

Buzzzzzz!

...

the manufacturing interface appeared.

A minute later.

[ creation complete! ]

A notification appeared.

Shua!

Immediately after.

The ‘dominating mech soldier’ appeared and floated in front of Jiang Li. It was a black Mechanical Glove.

“Activate,”

Jiang Li reached out and the ‘dominating mechanical soldier’ automatically disintegrated into black light spots and flew to Jiang Li’s left hand.

Buzzzzzz!

Finally.

it turned into a black mechanical glove and was put on jiang li’s left hand.

At the same time.

The ‘ruler’s auxiliary device’ that had been upgraded to level six connected with the ‘ruler’s mech soldier’. Data flowed on Jiang Li’s retina.

‘Mechanical soldier detected, activated, connecting, countdown: 10,9,8,7, beep, link complete.’

[ Lord soldier type: Lord mechanical soldier ]

[ rank: rank 6 ]

[ no.: zzcz01 ]

skill: rank 6 mechanical control ”

[ machinery: Jian Jia (omitted) ]

.....

Jiang Li carefully read the basic information of the ‘dominating mech soldier’.

Skill-mechanical control.

To be precise.

Jiang Li could ‘borrow’ any mech’s skills through ‘dominating mech control’ and ‘mechanical control’.

For example.

Jiang Li could use ‘dominating mech soldier’ to release ‘mechanical control’ and ‘borrow’ the skills of MYL01, SSTs01, and even WMS01.

Wait, wait, wait.

It could ‘control machinery’.

activate mechanical control.

Jiang Li had an idea.

Buzzzzzz!

Immediately.

the black mechanical glove on jiang li's left hand emitted a dark light. he reached out and said, " target confirmed. mechanical demon no. my01. "

"Nirvana blade!"

BOOM!

Jiang Li reached out his left hand and controlled MYL01's skill power. The vast demon spirit power was released and formed a black, straight long blade of energy.

nirvana blade!

"Not bad."

Jiang Li held the Blade of Destruction in his left hand and felt the power contained in it. He nodded in satisfaction and waved his left hand to disperse the power.

Jiang Li had finished testing the ability of 'dominating mech soldier control' and he had been wearing the black Mechanical Glove on his left hand.

It could be used at any time.

create 10 'mechanical Nuclear research and development soldiers', 10' mechanical space teleporter soldiers', 10 'mechanical space Station bases', and 100' mechanical space Station soldiers'.

Jiang Li spent 130000 energy points.

Buzzzzzz!

The manufacturing interface appeared.

Illusionary figures appeared.

Countless light spots filled in the surroundings and gradually condensed.

A minute later.

[ creation complete! ]

shua! Shua!

One hundred and twenty level-six facility meches appeared in front of Jiang Li.

The ten ‘mechanical space Station bases’ were outside the Army base.

“my lord!”

The meches saluted.

“Yes.”

okay. Jiang Li nodded.

Shua! Shua!

the basic information was displayed.

There were a total of four facilities.

Jiang Li finished reading the basic information.

first of all ...

‘Mechanical nuclear energy soldier’.

This was a type of mechanical soldier that specialized in ‘nuclear energy’. With the ‘mechanical nuclear energy research soldier’, the speed of nuclear Energy Research and Development would increase, and at the same time, the ‘elite research soldiers’ that assisted in the research and development could be withdrawn from the ‘nuclear power station’.

mechanical nuclear energy research soldiers, you can work at the ‘nuclear power station’.

go! Jiang Li ordered.

“Yes.”

Yes, sir! the ten mechanical nuclear soldiers replied and left the room for the nuclear power station.

He started his research on nuclear energy.

Mechanical space teleporter.

this ‘teleportation unit’ was the bridge between the ‘teleportation room’ and the ‘space station’. in the future, if the ‘space station’ ‘wanted to perform’ fixed teleportation’, they would need ‘mechanical space teleportation units’ to activate the wormhole tunnel of the ‘teleportation room’.

This way, he could complete the ‘space-point teleportation’.

Finally.

It was a brand new ‘Space Station unit’.

“Chief sovereign.”

Mechanical space soldier kjzb01 saluted Jiang Li and reported, ” the ten ‘mechanical space Station bases’ are currently in active mode. Please give your instructions.

“yes.”

Jiang Li nodded and looked at Hidden Dragon. “immediately display the images of the ‘mechanical space station base’.”

“Yes.”

hidden dragon said.

Shua! “whoosh!”

Immediately.

ten projection screens appeared. on the screen, there were ten ‘space station bases’. they were huge black cylindrical shapes with two pairs of rectangular steel wings that looked like wings.

The size of the ‘Space Station base’.

It was at most 150 meters long and 100 meters wide.

“lord, please confirm the orbit of the mechanical space station base.”

Kjzb01 said.

Chapter 559 The map

kjzb01, what is the maximum surveillance range of a mechanical space Station base? ”

” what happened? ” jiang li asked immediately.

“Reporting to you, chief sovereign.”

Kjzb01 replied, "the maximum surveillance range of a 'mechanical space Station base' can monitor the entire 'northern region of the Saint peace state'."

the entire northern region of the Holy peace Region!

" what? " jiang li was surprised. " are you sure? "

"I'm sure,"

Kjzb01 nodded. after we created it, we obtained all the information about the great Xia Dynasty through the 'heart of the base' of the 01 division.

so please rest assured, my Lord. We have obtained this result after precise calculations.

"A 'mechanical space Station base' can completely monitor the entire 'northern region of the Saint-peace state', and there won't be any places that are overlooked."

"Alright!"

Jiang Li was overjoyed. I was worried that the surveillance range of the 'mechanical space Station base' wasn't enough, so I built ten more.

"if it's like what you said, that one mechanical space station base can monitor the entire northern region of the holy-peace state, then ten mechanical space station bases can monitor the entire holy-peace state."

"Yes, I am."

Kjzb01 nodded again.

"Alright, alright, alright."

okay. Jiang Li smiled. next, we'll determine the trajectories of the ten 'mechanical space Station bases'. Kjzjd01 will be used to monitor the northern region of the Saint an state.

then kjzjd02 to kjzjd010, a total of nine 'mechanical space Station bases', used to monitor the entire' holy peace state'.

"Kjzjd02, kjzjd03, monitor the 'central region of the Holy-Peace Region'."

kjzjd04, kjzjd05, keep an eye on the 'Western Region of the Holy peace Region'.

kjzjd06, kjzjd07, keep an eye on the 'Eastern Region of the Holy-Peace Region'.

kjzjd08, kjzjd09, keep an eye on the 'southern region of the Holy-Peace Region'.

"Finally."

kjzjd010, used for reconnaissance and surveillance of the 'three-Emperor Sea area'.

"Begin immediately."

Jiang Li finished distributing.

"Yes."

"Yes, sir!"

"....."

the mechanical space soldiers responded in unison.

Immediately after.

A hundred mechanical space Soldiers left the room in the Lord's hub and went to the teleportation room. Through the 'wormhole tunnel' in the teleportation room, they were teleported to ten 'mechanical space Station bases'.

Each mechanical space Station base was assigned ten mechanical space Soldiers.

“Mechanical space Station base number kjzjd01 activated! confirm the orbit!”

.....

“Mechanical space Station base number kjzjd05 activated! Confirm the orbit!”

.....

Buzzzzzz! Buzzzzzz! Wuwuwuwu!

In the sky above the base of the 01 division.

The 10 mechanical space Station bases left in an instant. They were like 10 beams of light, disappearing into the distance in an instant, flying in different directions.

Time passed.

an hour passed.

kjzjd01 was the first to send a message.

he also communicated with the hidden dragon.

Transmitting information.

“Chief sovereign.”

kjzjd01 has already circled the ‘northern region of the Shengan state’, ” Hidden Dragon said. it has activated its Space Surveillance skill and confirmed the’ Space Station map’.

“alright,” he said.

yes. Jiang Li nodded. check it immediately.

“Yes.”

“Whoosh!!!”

” space station map! ” hidden dragon waved his right hand and a purple light appeared. in front of jiang li, the purple light formed a huge ‘space station map’.

It was similar to a ‘satellite map’.

...

It was a perfect summary of the entire northern region of the Holy peace Region.

The map clearly depicted all kinds of terrains, such as lakes, rivers, cities, and Marquis capitals. The entire northern region of Saint peace state could be seen at a glance.

On the ‘Space Station map’.

There was a ‘red dot’ flying around the ‘northern region of the Holy peace Region’ at a rapid speed. The ‘red dot’ represented ‘kjzjd01’.

“Alright!”

Jiang Li was very satisfied.

It could be said that ...

With the 'mechanical space Station base' and the 'teleportation room', as long as it was a place that the 'mechanical space Station base' could monitor and detect ...

Jiang Li could teleport at any time.

Three hours later.

'kjzjd010' sent a message, drawing a map of the 'three-emperor sea', but it was only a part of the map.

...

Furthermore ...

due to the lack of information, many islands did not have specific names.

It could only be marked as a Nameless Island.

Five hours later.

One after another.

From kjzjd02 to kjzjd07, the six mechanical space Station bases had already completed the orbit of the central, Western, and Eastern regions of the Holy peace state.

The map of the space station was sent over.

In the room in the ruler's hub.

The maps of the four regions were all combined.

Now, he was only missing the ‘Southern Territory of the Holy peace Region’.

Early the next morning.

At this moment.

After a night of traveling, Yue Fengji and the others finally arrived at the ‘Mobei imperial capital’ and met with the ‘Mobei human Emperor’. They were now in the Great Hall of the Mobei Imperial Palace.

After conveying the good will of the great Xia Dynasty to the human Emperor of Mobei.

The human Emperor of Mobei gladly agreed to let Yue Fengji and the others participate in the battle. He also informed them of the distribution of the Barbarian Army of the dark shaman dynasty.

Soon after.

Yue Fengji and the others contacted Jiang Li through the Super holographic soldier that came with them.

“chief sovereign.”

Jiang Li, ” QX01 said to Jiang Li, ” nuclear power Squad requesting communication.

“answer.”

Jiang Li was still browsing and observing the map of the ‘four regions of the Holy peace state’.

Because they lacked specific information about the ‘holy peace state’s four major regions’, even if they had the map, there were still many places that were described as ‘unknown regions’.

“Yes.”

QX01 nodded.

Wuwuwuwuwu!

the skill was activated.

The communication was connected.

“Your Majesty!”

In the image.

yue fengji and the others first bowed and said, ” “The human Emperor of Mobei has already agreed to let us join the battle.”

“alright,” he said.

okay. Jiang Li nodded.

“Your Majesty, the dark shaman Empire has dispatched a barbarian Army made up of five billion barbarian soldiers this time. Moreover, they’ve taken down two Marquises of the northern desert Empire with irresistible force.”

“The entire barbarian Army is currently stationed within the territory of the northern desert Empire’s ‘great desert Marquis’.”

“The Mobei Empire has also gathered a human army of five billion.”

Yue Fengji continued, "it's just that I feel that the northern desert Empire can't hold on much longer, and I've already ordered the Army to withdraw from the 'ten-winged Empire' and come back to defend."

"Yes."

"I'm not sure." Jiang Li thought for a moment. "I wanted to send you to help the northern desert empire. After defeating the army of the dark shaman empire, I'll let the northern desert empire delay and exhaust the strength of the ten-winged dynasty."

"Now it seems like the plan can't keep up with the changes."

On the other side.

ten-winged dynasty.

Within the territory of the Marquis Winged Dragon.

At this moment.

BOOM! BOOM! BOOM!

"kill!!!"

"BOOM!"

The earth quaked and the mountains shook.

Battle cries shook the heavens.

on this extremely vast battlefield.

The demon Army of the ten-winged Empire and the human army of the northern desert Empire were fighting. Both sides were either fighting or stopping, and it had already been going on for several days.

Both sides had suffered great losses.

A large number of soldiers died.

At the rear of the demon Army of ten-winged dynasty.

“Hehe.”

the demon race’s commander, yi tian kong, laughed coldly, his cold eyes looking down at the battlefield in front of him, ” it won’t be long before the mobei empire has to withdraw their troops. ”

“Pass down my order, there is no need to fight to the death with the Mobei Army, just hold them back, the longer the better.”

“Yes!”

“Yes, sir!”

The other vice marshals of the ten-winged dynasty’s demon Army responded.

Obviously.

Yi Tian Kong had already received the news that the Mobei Empire had been attacked by the dark shaman Empire and had lost two Marquis ‘territories. He didn’t believe that the Mobei Army would continue to fight.

At that time.

As long as the Mobei Army retreated, he would beat them up.

At this moment.

at the rear of the mobei army.

“Lord Marshal, something bad has happened.”

Shua!

One of the generals rushed over and reported in a panicked tone, ” “His Majesty has sent someone to report that the Mobei Empire has been invaded by the dark shaman Empire. At present, they have already lost the territories of two Marquises.”

“What?”

Luo Qingming’s eyes darkened. what about His Majesty’s orders? ”

“marshal luo, his majesty has ordered you to withdraw your troops as soon as possible.”

The general said.

“.....”

Luo Qingming muttered to himself for a moment, and without hesitating for too long, he gave the order, ” pass down the order. Prepare to withdraw the Army and return to the northern desert Empire at full speed.

“Yes.”

“Yes, sir!”

all the generals nodded.

However ...

When the Mobei Army was preparing to retreat, the demon Army of the ten-winged dynasty began to pursue and kill them, and they tried to delay the Mobei Army.

Obviously, they did not want the Mobei Army to retreat so easily.

“Bastard!”

Luo Qingming and the others were furious, but they were also worried about the Mobei Empire.

At noon.

The northern desert Empire.

Within the territory of the great desert.

kill!!!

BOOM! BOOM! BOOM!

The dark shaman Empire’s five billion barbarian Army and the northern desert Empire’s five billion human army were clashing head-on on on the battlefield.

The war had already broken out.

It affected the entire great desert.

Battle cries shook the heavens.

The war had not broken out for long, but a large number of soldiers had already died.

Roar! “Roar!”

As the type 5 battle formations were set up, the huge battle formation beasts were fighting each other, their roars reverberating through the skies.

At the same time.

The powerhouses of the 3rd rank and above made their moves.

In the air.

It had become a battlefield.

“It’s time for us to act.”

Shua! Shua!

Yue Fengji and the others looked at each other. They didn’t hesitate for too long, and directly rushed into the battlefield.

“Release the nuclear energy!”

“Explode!”

boom! BOOM! BOOM!

Immediately.

More than 300 ‘nuclear energy balls’ fell into the battlefield below, and a ‘nuclear explosion’ occurred. The terrifying power of the explosion destroyed everything.

On the battlefield.

It was as if more than 300 small Suns had been born out of thin air.

“Ah!”

Bang Bang Bang Bang!

The power of the nuclear explosion was too terrifying. It had already reached the early stage of the sixth step and easily destroyed the fifth step army formation of the dark shaman Empire's Army.

Pfft! pfft! Pfff!

The Barbarian soldiers died one by one under the impact of the nuclear explosion. They didn't even have time to scream. Their bodies were carbonized.

At this moment.

On the entire battlefield.

All that was left was the sound of the 'nuclear explosion', the sun-like radiance, and the rising mushroom clouds that shot into the sky.

The entire great desert.

They were all affected by the nuclear explosion.

The earth quaked and the mountains shook.

The terrain and landscape were destroyed.

“What’s this Kasaya?”

“oh my god!”

that’s too terrifying!!

“Si si si ...”

The Mobei Empire’s generals were tongue-tied, already completely stupefied.

“No!”

“this is impossible! That’s impossible!”

“Ah!”

at the same time.

the dark magus empire’s marshal and the barbarian general expert were all dumbfounded. their faces were filled with fear as they retreated continuously.

It was too terrifying!

Such power!

Such an attack!

It was too terrifying!

“F \* ck!”

“How can he be so strong?”

“Si si si ...”

Yue Fengji, Hong Tianqi, and the others were also stunned by the destructive power. More than 300 nuclear explosions stacked together had caused a qualitative change.

This power was truly terrifying.

Just one round of nuclear explosions had killed more than one billion barbarian soldiers.

one had to know.

This was also because the Barbarian soldiers were totem Warriors who had cultivated totem power. If they were ordinary people, they would have lost ten billion in a round of nuclear explosion, let alone five billion.

this was not an ordinary nuclear explosion!

It was a ‘nuclear explosion’ produced by ‘controllable nuclear fission’. The power of a nuclear explosion ‘alone was at least ten times that of a ten-million-ton atomic bomb’.

Not to mention, there were more than 300 of them stacked together.

Chapter 560

jiang li’s ‘nuclear energy squad’ had already shown their unparalleled combat power and leadership on the battlefield.

It was enough to change the direction of a war.

it shocked the entire great army of human soldiers of the northern desert empire.

He was unable to calm down for a long time.

“hahahahaha!”

Hong Tianqi and the others were laughing wildly.

kill!!!

BOOM! BOOM! BOOM!

After that.

Yue Fengji and the others once again released ‘nuclear energy’, and this time, they condensed’ nuclear energy balls ‘that were’ 100 meters in diameter’.

They were floating above their palms.

The nuclear energy shone brightly.

“Again!”

“!!!”

The Mobei Empire’s generals cried out in alarm.

“stop them!”

“Kill!”

“I can’t let them use this kind of attack again!”

Shua! Shua!

Immediately.

The dark Magus Empire’s barbarian marshals and generals narrowed their eyes. Without any hesitation, they crossed over half the battlefield and charged towards Yue Fengji and the others.

“It’s too late.”

nuclear explosion!!!

“Rumble!”

The corners of Yue Fengji and the others’ lips curled up, and a cold and sinister smile appeared on their faces. With a wave of their hands, the 300 or so’ nuclear energy balls ‘that were more than 100 meters in diameter rained down like a meteor shower.

All of them were blasted.

“No!”

The Barbarian marshals and generals of the dark Magus Empire turned pale with fear.

“Stop him! We must stop him!”

“ah!”

“Supreme totem true body!”

Buzzzzzz! Wuwuwuwuwu!

At this moment.

The dark shaman Empire's barbarian tribe's general, Wu Moling, shouted continuously. He used all his strength to release the Supreme totem Mystic technique.

A vast amount of totem power was released.

It turned into a totem giant that was a million meters tall.

He was like an ancient witch.

“Wu Moling, I'm your opponent!”

shua!

Behind the northern desert Imperial Army.

The northern desert Empire's Marshal 'mo ke' rushed over with extreme speed. The might of his martial arts was released, and he condensed a vast amount of energy. Then, he slashed his sword at Wu Moling.

Clang!

The sound of the sword was earth-shaking.

in that instant.

It was a giant red sword that was a million meters long. As it slashed down, the sky seemed to be torn apart as it slashed towards Wu Moling's 'Supreme totem true body'.

“Rumble!”

The two sides collided and were evenly matched.

A series of rumbling sounds resounded in all directions.

An energy storm spread out.

“ah!”

BOOM! BOOM! BOOM!

The seventh level barbarian Marshal ‘Wu Moling’ was stopped by mo ke from the northern desert Empire. The dark shaman Empire’s barbarian Army didn’t have the strength of a seventh level barbarian.

Naturally, it could not resist a ‘nuclear explosion’.

...

Hence.

More than 300 ‘nuclear energy balls’ with a diameter of 100 meters fell one by one, bombarding the level 6 barbarian generals.

“Pfft!”

“Ah!”

A shrill scream rang out.

The type 6 barbarian generals spat out blood as they screamed in pain. The power of the explosion had caused them to be heavily injured.

In fact, those who were too weak were directly killed by the explosion.

The aftershock of the ‘nuclear explosion’ spread.

It enveloped more than half of the battlefield, killing barbarian soldiers one after another. Even the human soldiers of the northern desert Empire were affected, with many dead or injured.

retreat!!!

BOOM!

...

wu moling’s pupils contracted. he attacked with all his strength and forced mo ke back. then, with a loud roar, the power of the totem condensed, and the vast shock wave sent yue fengji and the others flying.

all troops, retreat!!!

Wu Moling roared.

“Retreat!”

retreat!!!

The Barbarian Army of the dark Magus Empire fled in panic.

“Hahahahaha!”

all troops, listen up! Chase after him!!!

kill!!!

” attack!!! ”

The northern desert Empire’s generals shouted loudly.

At this moment.

The situation on the battlefield had completely changed.

originally.

Wu Moling was leading the elite Barbarian Army of the dark shaman Empire, while the Mobei Empire only had five billion wandering soldiers. They were not a match for the elite Barbarian Army of the dark shaman Empire.

However ...

The appearance of the ‘nuclear power Squad’ that Jiang Li had formed immediately reversed the situation of the Mobei dynasty. Also, it was the first time that the dark shaman dynasty had encountered a ‘nuclear explosion’, so they were completely caught off guard.

so,

Just one round of ‘nuclear explosion’ had destroyed one-fifth of the dark Magus Empire’s Elite Barbarian Army.

It laid the foundation for the victory of this war.

Finally.

The Mobei Empire had even chased the ‘dark shaman Empire’s Elite Barbarian Army’ for more than half a day, completely driving them out of the Mobei Empire and subduing the territories of the two Marquises.

it was only when wu moling and the others had fled back to the territory of the dark magi empire that the pursuit stopped.

“Hahahahaha!”

“We won! we’ve won!”

“long live the northern desert empire!”

“.....”

The Mobei Empire’s human soldiers were reveling loudly.

“it’s over so quickly? I haven’t had enough fun killing.”

“How boring.”

“He’s too weak,”

is this the power of the dark shaman Empire? ”

wei lin shrugged and said disapprovingly, ” “It’s not much, so easily chased out of the northern desert Empire, running away with his tail between his legs.”

“Hehe.”

Hong Tianqi sneered and said in a deep voice, ” Marquis Wei Lin, if it wasn’t for the ‘nuclear weapon’ given to us by Emperor Xia, Emperor Jiang Li, do you think we could influence the situation of this war with our strength alone? ”

“All of this is because of His Majesty, Emperor Xia.”

“Our glory was given to us by His Majesty, Emperor Xia.”

“Minister Hong is right.”

Xu Ya nodded.

“Haha!”

Wei Lin laughed. of course I know that this is all because of Emperor Xia, ” he said. I’m just a little moved by the power of ‘nuclear weapons’.

Shua! Shua!

At this moment.

Mo ke and the other marshals, as well as the Mobei Empire’s great generals, came forward. They stood in front of Yue Fengji and the others, bowing to them, their tone extremely grateful.

“thank you for your help, everyone.”

“if it weren’t for all of you, we wouldn’t have been able to defeat the elite barbarian army of the dark shaman empire. we’re so grateful that we’re in tears.”  
mo ke cupped his hands.

“marshal mo ke is too polite.”

Yue Fengji smiled. we are also following orders. And all of this is because of His Majesty, Emperor Xia.

“Yes, yes, yes.”

Mo ke nodded. we thank Your Majesty Emperor Xia.

there's no need for just a verbal thanks. Do something more practical.

Yue Fengji said,"if the Mobei Empire really wants to express something, then Speaking of which, our great Xia Empire's resources are extremely scarce, and we're in urgent need of spiritual crystals and other materials."

"This bi an ..."

Mo ke muttered to himself for a while, then said,"i can't make the decision on this matter. after this one reports to his majesty, the human emperor of mobei, his majesty will make the decision."

"What do you think?"

"Alright," he said.

Yue Fengji nodded.

The night came.

Yue Fengji and the others returned to the Mobei imperial capital.

At the same time.

Mo ke reported the specific situation of the battle to the Mobei human Emperor, clearly describing everything that had happened and the course of events.

"Is this true?"

Human Emperor Mo bei's expression was very shocked. only at the fifth step of cultivation, but by relying on some kind of 'weapon', he can display the combat power of the sixth step.

“And the area of destruction is extremely wide.”

“Yes, I am.”

Mo ke nodded solemnly. I heard from Yue Fengji and the others that the weapon is called: A nuclear weapon.”

“Si si si ...”

Human Emperor Mo bei took in a deep breath. the great Xia Dynasty is truly unfathomable. If there’s a chance, I really want to meet that Xia Emperor with my own eyes.

“Moke,”

Human Emperor Mo bei said in a deep voice.

“Your subject is here.”

Mo ke knelt on one knee.

“Pass down my orders.”

“This time, we were lucky to have the help of the great Xia’s ‘nuclear energy Squad’ in the battle with the elite Barbarian Army of the dark shaman Empire. It was only then that we were able to easily defeat the elite Barbarian Army of the dark shaman Empire and recover the territories of the two marquisates, restoring the damaged fate of the Empire to its original state,” human Emperor Mo bei ordered.

to express our gratitude to the great Xia Dynasty, we’ve gifted the ‘nuclear power Squad’ one billion lower spiritual crystals and a small spiritual crystal mine as a token of our gratitude.

“Yes, Your Majesty!”

Moke replied.

“Oh, that’s right.”

Human Emperor of Mobei muttered to himself for a while before saying, ” moke, go and tell yue fengji that if possible, i want to see emperor xia jiang li. ”

“Yes.”

Mo ke nodded.

On the other side.

the imperial capital of the grand xia.

In the base of the 01 division.

within the room in the ruler’s hub.

“Chief sovereign.”

Shua!

Jiang Li. Hidden Dragon appeared and saluted Jiang Li. all the meches in the mech factory have been completed.

“Please inspect.”

Shua!

The projection inside the mech factory appeared clearly in front of Jiang Li.

from the first level to the fifth level.

“Level one elite meches-five billion super Intel soldiers.

[ level two elite meches: two billion hydroen soldiers, two billion super carriers, two billion super artillerymen, and two billion Tri-purpose tanks. ]

[ level three elite meches: 500 million divine Dominator-Dragon Soldiers, 500 million Tri-perch armored soldiers, 500 million laser destructive soldiers, and 500 million invisible energy soldiers. ]

[ Level 4 elite meches: 50 million superconducting Ares soldiers, 50 million super energy soldiers, 50 million infinite super soldiers, 50 million super missile soldiers, 50 million Storm Giant soldiers. ]

[ type 5 elite mech: 500000 Super Fortress soldiers, 500000 super Ares soldiers, 500000 super annihilative soldiers, 500000 Super Dragon God soldiers. ]

There were a total of 15.252 billion elite meches.

“Alright!”

yes. Jiang Li nodded with satisfaction. the sixth floor of the mech factory can produce level six meches. I still have about one hundred trillion energy points, but I don't have enough steel materials to use the mech factory to create level six meches.

“Chief sovereign.”

At this moment.

QX01 came over and said to Jiang Li, ” ‘nuclear energy Squad’ requesting communication.

“Answer.”

Jiang Li said.

“yes.”

Buzzzzzz!

The ‘holographic communication’ skill was activated.

“your majesty!”

In the image.

Yue Fengji and the others all bowed.

“Yes.”

yes. Jiang Li nodded. the elite Barbarian Army of the dark shaman dynasty has been defeated, right? ”

“Yes, I am.”

yes. Yue Fengji nodded and replied, ” I didn’t expect His Majesty to know so quickly.

“Since you’ve already assisted the Mobei Empire in repelling the dark shaman Empire’s Elite Barbarian Army, your mission is complete. The Mobei Empire’s favor can be considered to have been returned.”

come back, ” Jiang Li said. you can come back.

“Yes, sir.”

Yue Fengji and the others said in unison.

“Your Majesty.”

“There’s one more thing I need to report to you,” Yue Fengji continued.

“Speak,” he said.

Jiang Li said.

“Yes.”

yue fengji nodded. ” in order to thank us for our help, the human emperor of mobei has gifted one billion lower spiritual crystals and a small spiritual crystal mine as a gift of thanks. ”

“Oh.”

Jiang Li’s expression didn’t change.

“Also, the human Emperor of Mobei would like to meet with Your Majesty. I wonder if your Majesty would agree?”

yue fengji asked again.
