Chapter 561 The deal

“Alright!”

Jiang Li thought about it and nodded. “I agree.”

“Yes.”

Yue Fengji nodded.

It was a quiet night.

The next day.

Early in the morning.

Mobei Imperial Palace.

In the main hall.

“Whoosh!!!”

Jiang Li didn’t come with his real body. Instead, he met with the Emperor of Mobei through the ‘super holographic soldier’ that came with Yue Fengji and the others.

Shua! Shua!

The rays of light overlapped and interweaved.

After that.

it formed a holographic projection of Jiang Li.

He appeared in front of everyone's eyes.

"This is an ..."

"Thousand-mile projection technique?"

"Doppelganger illusion?"

"What a marvelous skill!"

"The Grand Xia Empire actually has such a 'secret art'."

"....."

Around the palace.

The officials of the Mobei Empire looked at 'Jiang Li' who had appeared out of thin air. They were surprised and then began to discuss in low voices.

"....."

When Yue Fengji and the others saw the reactions of the Mobei Empire's ministers, the corners of their mouths rose slightly, somewhat pleased.

"Silence!"

Human Emperor Mo Bei's imposing voice spread throughout the hall.

The hall was silent.

“Human Emperor of Mobei.”

thank you, human Emperor. Jiang Li smiled and cupped his hands to human Emperor of Mobei.

“The Xia Emperor truly is too polite.”

Human Emperor Mo bei stood up and bowed back to Jiang Li. He smiled and said, ” “This time, I really have to thank Emperor Xia for extending his hand to help. Otherwise, the Mobei Empire wouldn’t have just lost the territory of two Marquises.”

“With the strength and national power of the Mobei Empire, even without my help, we can defeat the elite Barbarian Army of the dark shaman Empire.”

Jiang Li shrugged.

“Haha!”

Human Emperor Mo bei laughed a few times.

“The Xia Emperor.”

I won’t beat around the bush, ” human Emperor Mo bei said. if you have something to say, just say it. In the Holy peace state, the three great clans ‘dynasties are at odds, and they already have an extremely long history and time.

because the overall fortune of the Holy peace Region can’t support the birth of an ‘imperial dynasty’, even if there are wars, big or small, the Imperial dynasties of the three great clans have been extremely restrained and didn’t let the flames of war spread throughout the entire holy peace Region.

not long ago, under the leadership of the 'demon court', the various empires of the demon race showed signs of allying together. They are preparing to set off a war Storm that will engulf the entire holy peace state.

"Their goal is simple."

it's to fight for the 'true dragon Throne' of the 'imperial dynasty' and try to establish a 'imperial dynasty of the demon race' in the Saint peace state.

although I don't know why the 'demons' dared to do this, and what kind of trump cards they have, I feel that they can win the final victory.

under such circumstances, the human empires should be allying with each other. The martial arts division's envoy has also come to find me. I believe they have also come to find you, Emperor Xia.

"yes."

yes. Jiang Li nodded. the martial arts Division did send a Messenger. His name is 'Xia Tian'. I wonder if human Emperor of Mobei knows him? "

"Xia Ling,"

"I know this person. He's a powerhouse at the perfected stage of the seventh level, and he's already touched the threshold of the eighth level. There's a great chance he'll break through to the eighth level," human Emperor Mo bei said.

"He has quite a high status in the 'martial arts Division of the Saint peace state'."

"Oh."

Jiang Li muttered to himself, his expression unchanged.

"The Xia Emperor."

...

Human Emperor Mo bei cupped his hands in salute and then said in a serious tone, "I would like to make a deal with you, Emperor Xia."

"What deal?"

Jiang Li asked.

"'Nuclear weapons'."

"In the war against the dark shaman Empire's Elite Barbarian Army, the great Xia Empire's 'nuclear energy Squad' displayed extremely terrifying destructive power and battlefield control," human Emperor Mo bei said.

"....."

Yue Fengji frowned.

the great Xia Empire was kind enough to help this human Emperor of Mobei, but in the end, he had his eyes on our 'nuclear weapons'.

Wei Lin snorted.

"That's right,"

"you're so thick-skinned!"

...

how can we trade such a powerful weapon like 'nuclear weapons' so casually? "

"He still has the nerve to open his mouth!"

“.....”

Hong Tianqi, Yue Lin, and the others were also indignant.

“Human Emperor of Mobei, I can not agree to this deal.”

Humph! Jiang Li snorted and then looked very unhappy.

In reality.

Jiang Li laughed in his heart.

‘Nuclear weapons’ were indeed powerful, but Jiang Li could open a back door on the ‘controllable nuclear fission palm controller’ and completely control the ‘nuclear weapons’.

Furthermore ...

If the Mobei Empire used the ‘nuclear weapon’ made by Jiang Li to kill their enemies, they could also give Jiang Li a soul Tinder.

although jiang li had already agreed to the deal with the mobei dynasty, he had to show that he would not agree to it on the surface to raise the price.

To earn more benefits.

“This bi an ...”

“i didn’t think that the human emperor of mobei would have his eyes on the great xia dynasty’s ‘nuclear weapon’,”

“I don’t think it’s a good idea either.”

“After all, the Grand Xia Dynasty just helped us defeat the Dark Magi dynasty.”

ahem, you guys know nothing. This is a deal, a deal, a mutually beneficial deal.

The officials of the northern desert Empire were discussing in low voices.

“The Xia Emperor.”

Human Emperor Mo bei took a deep breath and said in a fawning tone, “I know that this request is too abrupt, so I am willing to pay any price.”

as long as Emperor Xia is willing to trade for ‘nuclear weapons’.

” spiritual crystals, spiritual herbs, medicinal pills, martial arts, and so on. even the fate of the empire can be traded. as long as emperor xia is interested, i will agree to all of them. ”

“your majesty!”

“You can’t!”

“How can the fate of an empire be casually traded?”

“Your Majesty, please reconsider!”

Instantly.

The officials of the northern desert Empire all admonished.

“I’ve made up my mind.”

Human Emperor Mo bei waved his sleeves and bowed to Jiang Li again.”Please agree, Emperor Xia.”

“Human Emperor of Mobei.”

nuclear weapons. Jiang Li sighed. you should know how powerful ‘nuclear weapons’ are. It’s enough to win a war and even change the situation.

“It can be said to have ‘infinite power’.”

“I can’t agree to it so easily.”

“Emperor Xia!”

Human Emperor Mo bei’s face was full of regret.

“However,”

I can’t. Jiang Li’s tone changed. although I can’t trade ‘nuclear weapons’ to the Mobei dynasty, I can trade ‘atomic bombs’ and ‘hydrogen bombs’.

” atomic bombs? hydrogen bombs? ”

Human Emperor Mo bei stared blankly for a moment, then asked in confusion, ” Xia Emperor, may I ask what that is? ”

“It’s also a type of ‘nuclear weapon’.”

it’s also very powerful, ” Jiang Li said. the power varies according to the yield. The hydrogen bomb with the largest yield can easily reach level six.

“Your Majesty, can’t we trade the ‘nuclear weapons’ that Yue Fengji and the others have?”

Human Emperor Mo bei asked unwillingly.

“No!”

No. Jiang Li shook his head. I can only trade ‘atomic bombs’ and ‘hydrogen bombs’. If human Emperor Mo bei doesn’t agree, then forget it.

“Alright,” he said.

Human Emperor Mo bei didn’t hesitate for too long and immediately said, “However, before the trade, can you let me see the power of the ‘atomic bomb’ and ‘hydrogen bomb’?”

“Sure.”

Jiang Li said.

In reality.

Jiang Li could use the ‘mechanical space Station base’ and teleport the ‘atomic bomb’ and ‘hydrogen bomb’ from the base of the No. 01 Army to the Mobei dynasty.

but ...

Jiang Li didn’t do that.

The ‘mechanical space Station base’ was Jiang Li’s Secret weapon, and the ‘space domain’ was an ability that only the Imperial dynasty could access and master. Jiang Li didn’t want to expose it.

Furthermore ...

If the various empires in the Saint peace state knew that the great Xia Empire already had the ability and technology of the 'spatial domain', it was very likely that the great Xia Empire would be feared and besieged by the other empires.

At that time, the loss would outweigh the gain.

Time passed.

A day later.

jiang li sent the super transport troop to transport the atomic bombs and hydrogen bombs to the capital of mobei.

To test the power of the 'atomic bomb' and 'hydrogen bomb'.

Outside the northern desert imperial capital.

The vast plains.

The human Emperor of Mobei, Jiang Li, Yue Fengji, Hong Tianqi, mo ke, and all the civil and military officials of the Mobei Empire were gathered in the sky above the plain.

Generally speaking.

On earth, the launch of an 'atomic bomb' and 'hydrogen bomb' required an 'ignition device' and a satellite to lock onto the target.

But in this place.

He didn't need these things at all.

Furthermore, the nuclear bombs and hydrogen bombs produced by the nuclear power stations were also different from the nuclear weapons on earth.

First of all ...

Jiang Li could use the ‘Super Fortress soldiers’ to launch ‘atomic bombs’ and ‘hydrogen bombs’ to strike and destroy enemy targets.

As for the northern desert Empire.

As long as a martial artist of the third rank or above threw out an ‘atomic bomb’ or a ‘hydrogen bomb’ like a ‘grenade’, it would be fine.

That’s right.

The way martial artists used ‘atomic bombs’ and ‘hydrogen bombs’ was similar to how ordinary people threw grenades.

However ...

with the strength of the warriors.

A stage-three warrior could throw an ‘atomic bomb’ and a ‘hydrogen bomb’ a hundred thousand meters away. A stage-four and stage-five warrior could do it even further.

“Rumble!”

The engine roared.

In the air.

let’s go! the large military transport plane that the Super transport soldier transformed into stopped above Jiang Li and the others. The door of the cabin opened.

After that.

It was an ‘atomic bomb’ with a yield of a thousand tons. Jiang Li waved his right hand and his power of true spirit gushed out, then he caught the black nuclear warhead.

“Human Emperor of Mobei, this is the ‘atomic bomb’. Here, this is the ‘atomic bomb’ with the smallest yield, only a thousand tons.”

you can try,” Jiang Li said. send someone to try.

“alright,” he said.

Human Emperor Mo bei nodded and signaled to mo ke. mo ke, you do it.

“yes, your majesty,”

Mo ke nodded and walked over.

Shua!

Jiang Li waved his right hand and the thousand-ton atomic bomb flew at mo ke.

“Emperor Xia, may I ask how this should be done?”

Mo ke asked.

“It’s very simple,”

you just need to put your own power into it, aim at the place you want to attack, and then throw the ‘atomic bomb’, ” Jiang Li said.

enough vibrations will cause the energy injected into it to detonate the ‘nuclear energy’.

“alright,” he said.

Mo ke nodded. I understand.

Buzzzzzz!

Moke circulated her cultivation technique, and her energy easily poured into the ‘atomic bomb’. Then, she took a deep breath, and with a flash of her eyes, she threw it.

Shua!

The atomic bomb broke through the air. In mo ke’s hands, it was indeed like an ordinary person throwing a grenade. The huge atomic bomb flew more than a hundred thousand meters away.

Finally.

It crashed into a mountain on the plain.

“rumble!”

The atomic bomb exploded, and the nuclear energy exploded, destroying everything. A nuclear storm swept out, and a blinding light bloomed. The entire mountain was razed to the ground.

The scene was shocking.

“How is it?”

it's not bad, " Jiang Li said with a smile. this is only the smallest yield. There are still ten thousand tons, a hundred thousand tons, a million tons, ten million tons, and the highest ten million tons.

"Do you want to try again?"

"There's no need to try!"

mo bei human emperor directly said loudly,"buy!" Buy it immediately!"

Chapter 562 hollow out

"Well said, well said."

Jiang Li was all smiles. He wasn't too surprised by human Emperor Mo bei's reaction. Everything was within his expectations.

"Mobei human Emperor, what price do you plan to offer?"

it's not as powerful as the nuclear bomb and the hydrogen bomb, " Jiang Li said. they're not as powerful as the 'controllable nuclear fission palm controller' that Yue Fengji and the others used, but you saw it with your own eyes.

"The power is extraordinary."

"And it's quite difficult to make, and the price is too low. I won't sell it."

"The Xia Emperor."

human emperor mo bei took a deep breath, his eyes burning. then he said in a deep voice, the nuclear bombs and hydrogen bombs are indeed powerful, but they are only one-time use items.

therefore, I'm willing to pay 10000 lower spiritual crystals for the thousand-ton nuclear bomb. For every 10 times increase in the yield, the price will also double.

as for the hydrogen bomb, it's more than four times the power of an atomic bomb. Therefore, I'm willing to buy a hydrogen bomb for four times the price of an atomic bomb.

“What do you think, Emperor Xia?”

“This Yingluo.”

Jiang Li seemed to be thinking, but he was actually very happy.

One lower spiritual crystal could be converted into 10000 energy points.

10,000 lower spiritual crystals.

It could be converted into 100 million energy points.

However ...

To create a thousand-ton nuclear bomb, only ten thousand energy points and ten thousand pounds of steel materials were needed.

The benefits involved were ten thousand times greater.

It could be said to be a huge profit.

Jiang Li was overjoyed.

The price was much higher than Jiang Li had expected.

“Human Emperor of Mobei.”

On the surface, Jiang Li frowned and said, ” the price is still too low. After all, it’s not easy to make these ‘nuclear weapons’, and their power is enough to change the situation of a war.

“The manufacturing cost is very high.”

“The Xia Emperor.”

“I know the power of nuclear weapons, but nuclear bombs and hydrogen bombs are just consumables, not like the ‘controllable nuclear fission palm controller’ that can be used continuously,” human Emperor Mo bei said.

“This price is already not low.”

“of course.”

“If the Xia Emperor is willing to trade for the ‘controllable nuclear fission palm controller’, any request or price, as long as the Xia Emperor asks, I will not haggle.”

“let’s do it this way,”

Jiang Li thought for a while and said, ” “Other than the lower spiritual crystals, the Mobei human Emperor also needs to pay ‘steel materials’. For the thousand-ton nuclear bomb, other than 10000 lower spiritual crystals, he also needs to pay an additional’ 100 tons of steel materials’.”

for every tenfold increase in yield, the steel material will also be increased tenfold.

the price of a hydrogen bomb is four times that of an atomic bomb.

“How is it?”

what's the deal? ” Jiang Li asked, ” as long as human Emperor Mo bei agrees to these conditions, the deal will be done.

“Only steel?”

Human Emperor of Mobei pondered for a while, then raised his head and nodded.”Good. Since the Xia Emperor has already spoken, then we’ll add in ‘steel material’.”

“hehe.”

Oh. Jiang Li smiled. how many atomic bombs and hydrogen bombs do you want to trade? ”

“Please wait a moment, Xia Emperor.”

“I need to discuss with the ministers before making a decision,” human Emperor of Mobei said.

“Sure.”

yes. Jiang Li nodded. as you wish, human Emperor of Mobei.

Half an hour later.

The Mobei human Emperor and the Mobei Empire’s ministers reached a conclusion after their discussion.

The power of nuclear weapons, human Emperor Mo bei and the others had seen it with their own eyes.

However, atomic bombs and hydrogen bombs were also excellent weapons of war.

They definitely didn’t want to miss it.

Furthermore ...

If these weapons could be used properly, the Mobei Empire might even have the ability to counterattack the dark shaman Empire and occupy their territory and resources.

Strengthen the fate of the Empire.

“The Xia Emperor.”

...

Human Emperor Mo bei walked over and bowed to Jiang Li. “This time, I am prepared to purchase 100000 kilotons, 10000 tons, 100000 tons, 100000 tons, 100000 tons, and 10 million tons of nuclear bombs each.”

1000 meteorites.

Similarly, we will purchase 100000
10000,10000,100000,100000,1000000,10000000,10000000, and 100000000.

“Alright,” he said.

okay. Jiang Li nodded and said,” the human Emperor of Mobei only needs to pay 21.6 billion lower spiritual crystals and 1050.6 billion tons of steel materials.

I won’t take the remainder of the steel materials. Mobei human Emperor only needs to pay one trillion tons of steel materials.

“Hu ~~ Hu ~ Hu ~”

Human Emperor Mo bei took a deep breath and laughed bitterly.”Emperor Xia, you’re going to empty the northern desert Empire’s ‘National Treasury’ for this transaction.”

“Haha!”

Jiang Li smiled. human Emperor of Mobei, you must be joking. The Mobei Empire is powerful. It's only 21.6 billion lower spiritual crystals. How can it empty the National Treasury? ”

“Ahem.”

...

Human Emperor Mo bei coughed lightly. it's fine if it's just lower spiritual crystals, but one trillion tons of steel materials will really empty the National Treasury.

“what's wrong?”

what? ” Jiang Li frowned. human Emperor of Mobei is regretting it? ”

“No, no.”

Human Emperor Mo bei quickly waved his hand.

time passed.

first of all ...

let's go. Jiang Li asked the nuclear power station in the base to start work.

jiang li used 2112 billion energy points and 1.056 billion tons of steel materials to make 100000 atomic bombs, 10000 atomic bombs, 10000 atomic bombs, 100000 atomic bombs, 100000 atomic bombs, 1000000 atomic bombs, and 10000000 atomic bombs.

in addition.

Another 4224 billion energy points and 1.056 billion tons of steel materials were consumed to produce 100000 thousand-ton hydrogen bombs, 10000-ton hydrogen bombs, 100000-ton hydrogen bombs, 100000-ton hydrogen bombs, 1 million-ton hydrogen bombs, and 1000 ten million-ton hydrogen bombs.

A day later.

Jiang Li ordered the Super transport troops to set off from the imperial capital and transport all the hydrogen and atomic bombs to the Mobei Empire.

“Human Emperor of Mobei, these are the atomic bombs and hydrogen bombs you wanted.”

“Rumble!”

the engine roared.

The huge military transport aircraft landed on the ground and the mech troops moved all the nuclear and hydrogen bombs out of the cabin.

They were neatly placed on the open field.

There were many of them.

He looked around.

The black nuclear warheads were quietly placed on the ground, shining with a cold luster under the sun.

it was filled with a sense of oppression and shock.

“Good, good.”

Human Emperor of Mobei looked at the ‘nuclear warhead’ on the ground, and a smile involuntarily appeared on his face. He gestured to mo ke, who was standing behind him. mo ke, hurry up and transport the spiritual crystals and steel materials out.

“Yes, sir.”

Mo ke nodded.

half an hour later.

“Rumble!”

the ground was shaking.

Enormous mechanical horse-drawn carriages drove out from the northern desert imperial capital. The enormous transport fleet was like a long Dragon.

Emperor Xia, there are 21.6 billion lower spiritual crystals and one trillion tons of steel materials in these mechanical carriages. I have put in a lot of effort to gather this one trillion tons of steel materials.

Human Emperor Mo bei said with a smile.

“Yes.”

okay. Jiang Li nodded.

An hour later.

after both sides checked the goods and payments, jiang li ordered the meches to carry the supplies.

Large amounts of lower spiritual crystals and steel materials were transported by the mech troops into the large military transport aircraft. The Mobei human Emperor also ordered the soldiers to transport the nuclear warheads onto the mechanical carriages, transporting them back to the Mobei royal capital at the fastest speed.

The transaction was completed.

Both sides were happy.

“the xia emperor.”

Human Emperor Mo bei walked over and looked at Jiang Li’s ‘super carrier’. “i wonder if this giant iron bird that looks like a machine-operated giant bird can be traded?”

Obviously.

Mo bei human Emperor saw and sensed the extraordinariness of the large military transport plane.

He wanted to buy it.

“we can’t!”

This time.

No. Jiang Li refused.

“That’s a pity.”

human emperor mo bei sighed.

“Since the transaction is complete, I’ll be leaving.”

thank you. Jiang Li cupped his hands and said, " if you run out of atomic bombs and hydrogen bombs, you're welcome to trade again.

"Ahem."

Human Emperor Mo bei coughed lightly. I'm afraid I don't have that much steel materials. In order to gather one trillion tons of steel materials, I've already emptied the National Treasury.

"well said, well said."

jiang li smiled. " i can give you a discount on the steel materials next time. "

"....."

what? " human Emperor Mo bei was stunned and then looked at Jiang Li with resentment.

"Ahem."

" cough. " jiang li coughed. " human emperor of mobei, i'll take my leave. "

"Whoosh!!!"

As soon as he finished speaking.

The holographic communication was disconnected.

Jiang Li's 'holographic projection' disappeared.

"This bi an ..."

Human Emperor Mo bei looked at where Jiang Li was standing before and took a deep breath. “It’s truly a godly ability.”

“With Emperor Xia’s methods and abilities, as long as he doesn’t die prematurely, he will definitely have a place in the future battle for the ‘true dragon Emperor’s throne’.”

“As for the northern desert Empire’s bi an”

“Hu ~~ Hu ~ Hu ~”

“Let’s just take it one step at a time.”

“Rumble!”

Jiang Li’s super transport troops had packed all the lower spiritual crystals and steel materials. They then took off and returned to the great Xia Dynasty.

“Human Emperor of Mobei, we shall take our leave.”

Yue Fengji and the others cupped their hands and bowed.

“Yes.”

human emperor mo bei nodded in response.

“Goodbye, nuclear energy Squad.”

The officials of the Mobei Empire, on the other hand, saluted and sent him off.

Shua! Shua!

yue fengji and the others rose into the air and quickly left.

Half an hour later.

jiang li's 'super transporter' mechanical army had already left the imperial capital of mobei and returned from the sight of the human emperor of mobei and the others.

"Mechanical space Station base No. Kjzjd04, locked on target: Super transport troop No. 1 has contacted the teleportation room of the 01 army base. Mechanical space teleportation troop's skill-space teleportation activated."

"Fixed point teleportation!"

destination-army base 01!

"Whoosh!!!"

In the Western Region of holy peace Region.

With kjzjd04 and kjzjd05, Jiang Li activated kjzjd04 and used 'fixed-point teleportation'.

Immediately.

Kjzjd04 locked onto 'super transport troop No. 1' and activated its spatial teleportation. The spatial fluctuations enveloped the entire 'super transport troop No. 1'.

Chapter 563 pulse

Spatial fluctuations began to spread.

Instantly.

The entire ‘super transport troop No. 1’ disappeared into thin air, as if they had evaporated from the world. They disappeared from where they were and were teleported away.

The scene changed.

In the air above the imperial capital of the Grand Xia.

In the base of the 01 division.

High up in the sky.

‘Super transport troop No. 1’ appeared out of thin air.

He had already been teleported back.

“Alright,” he said.

Jiang Li walked out of the room and saw ‘super transport troop No. 1’ hovering in the sky. He ordered ‘super transport troop No. 1’ to land.

Soon after.

let’s go. Jiang Li sent out the meches to transport the supplies. First, they moved one trillion tons of steel materials into the Xia Treasury.

As for the 21.6 billion lower spiritual crystals ...

They were all transported to the base of the 01 Army.

“convert!”

Buzzzzzz! Buzzzzzz!

energy points. Jiang Li turned on the conversion function. With a flash of white light, the 21.6 billion lower spiritual crystals were all converted and he got 216 trillion energy points.

After deducting the energy point cost of making the atomic bomb and the hydrogen bomb.

6336 billion energy points.

The deal with the Mobei Empire this time.

Jiang Li made a profit of 209664 billion energy points.

As a result ...

the number of energy points in jiang li's hands reached more than three hundred trillion again.

in terms of steel materials.

The cost of steel materials to make atomic bombs and hydrogen bombs.

2.11 billion tons.

Jiang Li made a profit of 997.888 billion tons of steel materials.

After this deal.

Jiang Li's resources became rich again.

nearly a trillion tons of steel materials.

Jiang Li smiled. at least I don't have to worry about the lack of steel materials for a while, but 30 trillion energy points is still too little.

” especially the high-level troops. even with a level six mech factory, the manufacturing price is still very high. ”

In the mech factory.

The sixth floor.

Jiang Li didn't assign any meches to the sixth floor, so there was nothing there.

the level 6 mech factory.

It could already hold one hundred billion meches, ten times the size of a level five mech factory.

from the first level to the third level.

Each level was equipped with 1000 'ordinary mech production lines' and 100000 'ordinary mech production soldiers', and they had all been upgraded to level six.

The production speed had increased by ten times.

The first level can produce one billion Level 1 meches per second.

The second level can produce 100 million Level 2 meches per second.

The third level could produce ten million Level 3 meches per second.

The fourth floor.

Equipped with 100 'elite mech production lines' and 10000 'elite mech production soldiers', after upgrading to level six, the speed of manufacturing meches was also increased by ten times.

It can produce 10000 Level 4 meches per second.

On the fifth floor.

It was equipped with ten 'elite mech production lines' and one thousand 'elite mech production soldiers'. After being upgraded to level six, the manufacturing speed had also increased tenfold.

It can produce 100 level 5 meches per second.

“Hidden Dragon,”

how many 'elite mech production lines' and 'elite mech production soldiers' can the sixth floor hold? ” Jiang Li asked.

my Lord, the sixth floor of the mech factory can hold ten 'elite mech production lines' and one thousand 'elite mech production soldiers'.

...

yes, ” Hidden Dragon replied. at the same time, because I've reached level six, the production capacity of the first to fifth floors has increased tenfold.

“I know.”

” okay. ” jiang li nodded, but he didn't expand the production scale of the first to third floors. it was enough.

Moreover ...

The price of building grade 6 facilities and troops was too high.

Jiang Li didn't have that many energy points to spend on this.

create ten 'elite mech production lines' and one thousand 'elite mech production soldiers' to complete the equipment for the sixth floor.

Jiang Li said.

Buzzzzzz!

The manufacturing interface appeared.

An illusionary figure appeared in the interface, spinning slowly. Countless light spots filled in the surroundings, and the illusionary figure gradually solidified.

...

Jiang Li spent 101 trillion energy points to build 1000 level-six facilities.

A minute later.

[creation complete!]

A notification appeared.

The elite mech production line appeared on the sixth floor of the mech factory out of thin air. Jiang Li also sent a thousand elite meches to the sixth floor.

” hidden dragon, activate the mech factory's sixth floor at full power. ”

” let’s go, ” jiang li ordered. ” create ten thousand ‘controllable nuclear fission super soldiers’ immediately. ”

“Yes, sir.”

yes. Hidden Dragon replied, ” 20 billion energy points and 20 million pounds of steel materials are required to create one level 6 elite mech. 20 trillion energy points and 100 million tons of steel materials are required to create 10000 of them.

“Do you want to confirm?”

“This bi an ...”

I’m still using up too many energy points. Let’s make a thousand ‘controllable nuclear fission super soldiers’ first.

“Yes.”

Hidden Dragon said.

“Whoosh!!!”

Twenty trillion energy points were deducted.

The sixth floor of the mech factory was operating at full power.

The elite mech soldiers were teleported to the Treasury and created a ‘wormhole vortex’, throwing a large amount of steel materials into the elite mech production line.

Shua! Shua!

Time passed.

one by one, the ‘controllable nuclear fission super soldiers’ were being created.

With the current production efficiency of the sixth level of the mech factory, ten ‘elite mech production lines’ and a thousand ‘elite production soldiers’ could produce ten level six meches per second.

A thousand ‘mechanically controllable nuclear fission super soldiers’.

It only took 100 seconds.

They were all created.

Shua!

” okay. ” hidden dragon projected the scene on the sixth floor in front of jiang li.

“Alright!”

jiang li looked at the thousands of level-six ‘controllable nuclear fission super soldiers’ in the room on the sixth floor and smiled with satisfaction.

One had to know.

Jiang Li’s ‘nuclear power Squad’ with the ‘controllable nuclear fission palm controller’ could influence the direction of a war that was worth tens of billions.

now.

A total of 1000 sixth-grade ‘mechanical controllable nuclear fission super soldiers’, equipped with strong destructive power, super mobility, and stable explosive power.

One could imagine.

the destructive power and combat strength of this 1000 type 6 ‘controllable nuclear fission super soldiers’ would be terrifying.

The power of nuclear energy.

Yue Fengji and the others had already shown Jiang Li.

shua!

Jiang Li waved his right hand.

The Black Dragon-shaped bracelet in his hand flew out like a flowing liquid. It changed its shape and turned into a black steel true dragon as thick as a thumb.

“My Lord!”

Zzls01 said respectfully.

“Yes.”

yes. Jiang Li nodded. Dominator Dragon divine weapon No. Zzls01. You’re at the perfected-stage of level six. Although your ability is powerful and special, you can still fight beyond your level.

however, as the enemy grew stronger and stronger, there were even terrifying type 8 powerhouses.

“The rank of the perfected stage of the sixth rank is still not enough.”

“.....”

Zzls01 was silent.

Buzzzzzz! Buzzzzzz!

The Dominator panel opened.

Jiang Li took out two level-seven soul Tinders. The rainbow-colored soul Tinders appeared and floated in front of Jiang Li. Jiang Li's face became rainbow-colored.

“Upgraded to Dominator Dragon divine weapon No. Zzls01.”

Buzzzzzz!

upgrade. Jiang Li didn't hesitate. He used two level-seven soul Tinders and two trillion energy points to upgrade ZZLS01.

Shua! Shua!

The two Type 7 soul Tinders flew into ZZLS01's body and fused with it, causing ZZLS01's body to glow with a rainbow-colored light.

At the same time.

The two trillion energy points were like a tide of energy, pouring into ZZLS01's body.

Zzls01 was being modified and upgraded.

One had to know.

level seven was already considered a 'space soldier'.

From the sixth step to the seventh step.

This was a huge change and improvement.

A few seconds later.

The promotion was complete.

On the surface.

ZZLS01 didn't change much, but there was a seven-colored crystal between its eyebrows. like a dragon pearl, it was embedded on the forehead of the overlord dragon divine weapon.

Shua!

jiang li opened his profile.

” fusion unit type: divine weapon of the dragon overlord (elite) ”

[rank: early seventh rank]

[no.: ZZLS01]

skill 1: Level Seven low-grade liquid metal super body ”

skill 2: Level Seven low-grade interstellar expedition

skill 3: Level Seven low-grade Dragon God's breath ”

skill 4: Dragon God cannon of the seventh stage lower grade

skill 5: Level Seven low-grade Dragon God light wave of destruction ”

Skill 6: Level Seven low-grade Dragon God Nirvana storm ”

skill 7: Level Seven low-grade high-energy particle pulse

[machinery: Jian Jia (omitted)]

” advancement requirement: 40 trillion energy points

The change was huge.

After advancing to the seventh step.

All the skills of the Overlord Dragon divine weapon had been upgraded to the seventh step.

The most obvious change was that the type 3 liquid metal body had become a Type 7 liquid metal super body, and the type 3 aerial battle had become a Type 7 interstellar battle.

it also had a new skill-high-energy particle pulse.

With ‘high-energy particles’ as the core, an extremely powerful ‘pulse’ was produced, which possessed extremely powerful destructive power.

It would be like a wave.

It destroyed everything.

“Upgrade!”

Buzzzzzz!

jiang li continued to use energy points to upgrade ZZLS01. he used 120 trillion energy points and upgraded it to the late-stage of level seven.

All of ZZLS01's skills had been upgraded to Level Seven upper grade.

Its power was greatly increased.

However ...

Jiang Li only had about 50 trillion energy points left. It wasn't enough to upgrade ZZLS01 anymore because it would take 160 trillion energy points to upgrade ZZLS01 to the perfected-stage of Level Seven.

It was far from enough.

Shua!

Jiang Li waved his right hand and ZZLS01 transformed into a two-meter long black sword with dragon scales.

He took a closer look.

There was a seven-colored crystal on the hilt.

It was emitting a faint luster.

Clang! clang!

break! Jiang Li waved his sword a few times, and it was as if the space was torn apart. High-energy particles were attached to the Black Dragon-scaled sword, which could easily tear through the defense of a Type 7 expert.

“Even though it's only late-stage rank seven, its power is already very terrifying.”

it's a level-seven liquid metal super-body, ” Jiang Li said. also, zzliss01's level-seven liquid metal super-body can not only fuse with level-three Overlord Dragon weapons, but also level-five Super Dragon weapons.

Chapter 564 Opening

let's go. Jiang Li put ZZLS01 back. The Black Dragon-scale sword changed into a Black Dragon-shaped bracelet and was put on Jiang Li's right wrist.

Hidden Dragon, open the map of the Holy peace Region.

jiang li said.

In reality.

Kjzjd07 and kjzjd08 had already arrived at the 'southern border of the Holy peace Region' and finished the last piece of the Holy peace Region map.

Shua! Shua! Shua!

Hidden Dragon waved his right hand and a purple light appeared. The map of the 'Saint peace state' was projected in front of Jiang Li.

“The three clans” imperial court.”

” there are 30 dynasties in the saint peace state, including the xia dynasty. ” jiang li looked at the map and marked the dynasties.

“.....”

Jiang Li was thinking about the information he had gotten from 'human Emperor of Mobei'.

Originally.

jiang li was planning to attack the 'ten-winged dynasty'. he thought that with the combat power and speed of the 'mech army', they could take down the 'ten-winged dynasty' as soon as possible.

They plundered the resources of the ten-winged dynasty and continued to send more troops.

Using battle to sustain battle.

but ...

However, Jiang Li learned from 'human Emperor of Mobei'.

The demon Emperor of ten-winged dynasty, 'ten-winged', had a cultivation base of level eight.

In addition, he had the support of the Empire's fate and the help of the Empire's Saint weapon.

Wait, wait, wait.

The combat power that he could unleash was hard to estimate.

Plus ...

The ten-winged dynasty's national power was at its peak, and it had a strong military force.

so,

It was still difficult for Jiang Li to take down ‘ten-winged dynasty’ because he didn’t have a level eight mech and ZZLS01 was only a late-stage level Seven.

Even if he reached the peak of tier 7.

The fusion of the ‘dominating Dragon divine weapon’ and the ‘Super Dragon divine weapon’ would allow one to unleash combat power that was beyond one’s level.

It was too difficult.

Under such circumstances.

Jiang Li decided to bide his time.

Shua!

The Dominator panel opened.

Jiang Li opened the soul Tinder.

The ‘nuclear energy Squad’ led by Yue Fengji assisted the ‘Mobei Empire army’ in repelling the ‘Elite Barbarian Army’ of the dark shaman Empire. With the power of the ‘nuclear explosion’, they killed two to three billion barbarian soldiers.

This way ...

Jiang Li got quite a lot of soul Tinders.

soul Tinder: 890 million level-one soul Tinders, 108 million level-two soul Tinders, 9.5 million level-three soul Tinders, 100000 level-four soul Tinders, one level-five Demon Soul Tinder fragment, 500 level-five soul Tinders, and 87 level-six soul Tinders.

“fuse.”

Buzzzzzz!

fuse. Jiang Li activated the soul Tinder fusion function and fused 890 million level-one soul Tinders. The fusion interface popped up.

a series of notifications appeared.

Finally.

he had obtained 29.7 million stage-two soul tinders.

“continue.”

Shua! Shua!

jiang li fused another 137.7 million level-two soul tinders and got a total of 2.295 million level-three soul tinders.

fuse stage-three soul Tinder with one key.

“whoosh!!!”

[fusion successful!]

.....

[fusion failed!]

.....

Countless notifications popped up on the fusion interface.

...

Finally.

11,795,000 level-three soul Tinders had been fused, and 131100 level-four soul Tinders had been obtained.

“Fuse!”

Buzzzzzz!

jiang li fused with 231100 level-four soul tinders and got 2310 level-five soul tinders.

fuse 2810 fifth-tier soul Tinders.

Jiang Li continued to control the Dominator panel.

Shua! Shua!

In total, he had tried 281 times, failed 253 times, and succeeded 28 times, obtaining 28 level-six soul Tinders.

twenty-eight plus eighty-seven, the number of sixth-tier soul Tinders has reached one hundred and fifteen.

it’s enough to unlock the last three types of level six meches, jiang li thought.

...

“Unlock.”

Buzzzzzz! Buzzzzzz!

let's go. Jiang Li opened the sub-dimensions of the three types of soldiers. He used up 96 level-six soul Tinders and unlocked the last three level-six mech types of the three types of soldiers.

A notification popped up.

[consumed 32 Level 6 soul Tinders, successfully unlocked 'mechanical controllable nuclear fusion air soldier'!]

.....

[consumed 32 level-six soul Tinders, successfully unlocked 'mechanical controllable nuclear fusion land soldier'!]

.....

[32 level-six soul tinders have been consumed.'mechanical controllable nuclear fusion marine soldier' has been successfully unlocked!]

.....

Shua!

At this moment.

Jiang Li's 'Dominator panel' began to flash with a dazzling light. It was so bright that Jiang Li couldn't help but squint.

"It's about to start."

Jiang Li was calm.

[congratulations, my Lord, you have fully unlocked the highest level of mechanical Army, mechanical air Force, and mechanical Navy. You have successfully obtained the authority to activate the ‘mechanical interstellar Army’.]

[please gather nine level-seven soul Tinders, nine small-scale source of life, and one trillion (one trillion = one trillion) energy points to unlock the ‘mechanical Army type’.]

Not long after.

A notification appeared in front of Jiang Li.

He had obtained the authority to activate the ‘mechanical interstellar Army’.

However ...

In order to activate the ‘mechanical interstellar Army’, Jiang Li needed to meet three conditions, which were nine level-seven soul Tinders, a small source of life, and ten trillion energy points.

Shua! shua!

jiang li closed the pop-up window.

Currently.

Jiang Li couldn’t fulfill these three conditions yet.

let’s put aside the matter of unlocking the ‘mechanical interstellar Army’ for now. Whether it’s nine level-seven soul Tinders or ten trillion energy points, they’re not that easy to gather.

Jiang Li thought, I still don’t know anything about the ‘small source of life’. I have no idea how to get it.

activate the unit type fusion function.

Buzzzzzz!

jiang li controlled the dominator panel.

The ‘unit type fusion interface’ immediately popped up.

mechanical Navy-mechanical controllable nuclear fusion Marine soldiers;
Mechanical air Force-mechanical controllable nuclear fusion Marine: Mechanical
Army-mechanical controllable nuclear fusion soldiers.”

merge. Jiang Li controlled the interface. start merging.

Shua!

Ten billion energy points were deducted.

The soldier type fusion interface flickered with a dazzling luster.

Finally.

The light rays merged into one.

The upgrade appeared.

[fusion successful!]

[Elite Fusion soldier type obtained: mechanical controllable nuclear fusion super
soldier]

One shot entered the soul!

“I’ve succeeded.”

good luck. Jiang Li smiled. I’m lucky.

One had to know.

Last time, Jiang Li had to fuse the three types of ‘controllable nuclear fission meches’ ten times and spent 100 billion energy points before he succeeded.

This time, however, it was a success.

Hidden Dragon, activate the sixth floor of the mech factory at full power and produce 1000 ‘controllable nuclear fusion super soldiers’.

” go! ” jiang li ordered.

“Yes.”

Hidden Dragon replied.

Jiang Li used twenty trillion energy points and ten million tons of steel materials.

A hundred seconds later.

A thousand ‘controllable nuclear fusion super soldiers’ were completed.

“Teleport.”

go! Jiang Li ordered.

Buzzzzzz!

Immediately.

A ‘controllable nuclear fusion super soldier’ was teleported from the sixth floor to the room in the dominating hub and stood in front of Jiang Li.

“My Lord!”

Jiang Li! the ‘mechanical controllable nuclear fusion super soldier’ saluted Jiang Li.

From his appearance.

He was a square-faced man in the middle.

He was wearing a military uniform.

The rank of a general.

“Yes.”

okay. Jiang Li nodded.

shua!

The basic information was displayed.

fusion soldier Type: Mechanical-controlled nuclear fusion super soldier

[rank: rank 6]

[no.: bagc–kkhjccj01]

skill 1: rank six controllable nuclear fusion ”

skill 2: rank 6 land, sea, and air combat

[equipment: Tier 6 controllable nuclear fusion controller]

[machinery: Jian Jia (omitted)]

.....

“It looks okay.”

at least they have one more ‘skill’ than normal troops.

Immediately after.

Jiang Li then sent a controllable nuclear fission super soldier from the sixth floor of the mech factory to the room in the Dominator hub to compare the differences between the two types of soldiers.

fusion unit Type: Mechanical controllable nuclear fission super soldier ”

[rank: rank 6]

[No.: BAGC–kkhurlbcj01]

skill 1: sixth-grade controlled nuclear fission ”

skill 2: rank 6 land, sea, and air combat

[equipment: Tier 6 controllable nuclear fission controller]

[machinery: Jian Jia (omitted)]

.....

Just from the information alone.

There was not much difference between the two.

The biggest difference between them was ‘nuclear fission’ and ‘nuclear fusion’.

Relatively speaking.

The power of nuclear fusion was more than four times that of nuclear fission.

so,

The combat power of the ‘controllable nuclear fusion super soldier’ was far stronger than that of the ‘controllable nuclear fission super soldier’, but the manufacturing price was exactly the same.

This way ...

in the future, jiang li would be able to build all the controllable nuclear fusion super soldiers.

there are only about thirty trillion energy points left.

shua!

Jiang Li checked the number of energy points and stopped making meches. He didn’t use the remaining thirty trillion energy points. He kept them for future use.

Furthermore ...

If the mech Army was going to fight, they would need a lot of energy points to replenish their ammunition and energy. Jiang Li had to keep enough energy points.

soon after.

Jiang Li walked out of the room.

Shua!

Jiang Li left the base and went back to the great Xia Palace to rest.

the next day arrived.

In the morning.

Only then did Yue Fengji and the others return to the imperial capital of the Grand Xia.

On the other side.

Not long after Yue Fengji and the others returned to the Grand Xia's capital, Luo Qingming's Mobei Army finally broke away from the pursuit of the ten-winged dynasty's demon Army and returned to the Mobei capital.

he met with the human emperor of mobei.

“Your Majesty.”

Luo Qingming and the others knelt on the ground. we were unable to return in time. Please punish us, Your Majesty.

“Marshal Luo, you don’t have to blame yourself.”

Human Emperor Mo bei laughed. the elite Barbarian Army of the dark shaman Empire has been defeated. They have suffered heavy losses. The territories of the two Marquises that were lost have been taken back.

“This bi an ...”

Luo Qingming and the others raised their heads in shock, looking at the human Emperor of Mobei. Then, they looked at the surrounding officials from the corner of their eyes and couldn’t help but say, “Is that true?”

“Luo Qingming, would His Majesty lie to you?”

“this time, with the help of the great xia dynasty, they’ve sent the ‘nuclear energy squad’ and turned the tide of the battle, forcing the barbarian army of the dark shaman dynasty to retreat,” mo ke shouted.

“Therefore, our Mobei Empire’s losses are not great.”

on the other hand, the dark shaman Empire lost at least four-fifths of the five billion Elite Barbarian soldiers they sent this time. It can be said to be a heavy loss.

Chapter 565

As mo ke slowly explained and described to Luo Qingming and the others, their faces were full of shock and shock.

“Si si si ...”

“There’s actually such a thing.”

” the foundations of the grand xia empire are way too terrifying. are those ‘nuclear weapons’ really that powerful? ”

“Unbelievable.”

“You must know that the Grand Xia Dynasty has only just been promoted to a dynasty.”

“Hu ~~ Hu ~ Hu ~”

Luo Qingming and the others exclaimed.

“Your Majesty.”

Luo Qingming kowtowed,”can you let me try the power of the ‘atomic bomb’ and ‘hydrogen bomb’?”

“Yes!”

human emperor mo bei nodded.

Hence.

The Mobei human Emperor first sent people to take out the smallest atomic bomb and hydrogen bomb of the same level, and then Luo Qingming personally demonstrated the power of ‘nuclear weapons’.

BOOM! BOOM!

A nuclear explosion occurred.

It was so powerful that it created a huge pit on the plain.

Two huge mushroom clouds rose.

“this suan ni, this suan ni”

Luo Qingming was dumbfounded as he looked at the damage caused by the nuclear and hydrogen bombs. He took a deep breath and said, ” your majesty, although the smallest atomic bomb and hydrogen bomb have the power of a fifth-rank magical beast, their coverage is extremely wide. for a large-scale war, they are simply a weapon that has never failed! ”

if the ‘Mobei Army’ was equipped with such a war weapon, I would definitely be able to lead the ‘Mobei Army’ to defeat the ten-winged Empire’s demon Army. I would not be in such a sorry state as I am now, being chased by the ten-winged Empire’s demon Army.

“That’s enough,”

Human Emperor Mo bei waved his hand and said, the price of atomic bombs and hydrogen bombs is too high. They can only be used as trump cards and can’t be used easily for the time being.

” in order to trade for these nuclear weapons, i have emptied the national treasury. ”

“.....”

luo qingming and the others fell silent.

“Your Majesty.”

At this moment.

Mo Wuhe took a deep breath and said in a serious tone, ” these nuclear weapons are already so powerful. How powerful is the great Xia Dynasty that is willing to trade such terrifying weapons to us? ”

“Does the great Xia Dynasty have an even more terrifying weapon than this?”

“This bi an ...”

“Yup!”

“When I think about it carefully, I feel that the great Xia Dynasty is even more terrifying.”

“It’s hard to guess!”

The ministers discussed spiritedly.

“Be quiet.”

Human Emperor Mo bei berated in a deep voice, ” I still can’t come to a conclusion as to how strong the great Xia Dynasty is. However, although these nuclear weapons are powerful, they still have their limits.

“The maximum power it can reach is the seventh step.”

“Its biggest advantage is its wide coverage and powerful destructive power.”

without the power of a level 8, we can’t really decide the direction of the situation in the Holy peace Region.

“But, Your Majesty, how can we be sure that there are no level 8 existences in the great Xia Dynasty?”

Luo Qingming couldn’t help but ask.

“.....”

Everyone fell silent again.

“Ahem.”

Human Emperor Mo bei coughed lightly. Luo Lin Jin.

“Your subject is here.”

A middle-aged man with delicate features walked out from the Mobei officials.

“Luo Linjin, as the Imperial Censorate of the northern desert Empire, you must establish a good diplomatic relationship with the great Xia Empire and strengthen the friendship between the two countries. I will leave this matter to you.”

“You must do it well. You must not leave a bad impression in front of Emperor Xia,” human Emperor Mo bei ordered.

“This Minister will obey.”

Luo Linjin bowed.

“Yes.”

...

Human Emperor Mo bei nodded in satisfaction.

Three days later.

The undercurrents in the Western Region of holy peace Region were getting more and more intense.

Although there was a war that erupted between the ten-winged Empire, the dark shaman Empire, and the northern desert Empire not long ago ...

Until now.

On the surface, no large-scale war had broken out yet.

but ...

However, the various dynasties had already mobilized their armies and gathered all the military forces in the country. Therefore, as long as there were any unusual movements, the various dynasties would be able to unleash their strongest combat power in a short time.

At the same time.

The news that the dark Magus Empire had failed to invade the Mobei Empire and suffered heavy losses of five billion Elite Barbarian soldiers had already spread throughout the Western Region of the Holy peace Region.

As for the reason for the dark Magus Empire's defeat ...

...

the various majestic empires had never been able to find out, and the mobei majestic empire had also sealed off the news.

Only the dark Magus Empire knew.

It was a terrifying weapon of war.

Its destructive power was astonishing.

It covered a wide area.

On this day.

The Barbarian Emperor of the Soaring Dragon barbarian kingdom, 'long Teng', and the Barbarian Emperor of the dark shaman Empire, 'dark shaman', were meeting.

This meeting was very secretive.

the news was blocked.

The location was set at the border city between the two countries.

It was called border city.

In the center of the city.

In the main hall of the city Lord's mansion.

There were only black sorcerer and Soaring Dragon.

Buzzzzzz! Buzzzzzz!

They were shrouded in the fog of National fortune, which blocked their faces. They sat in the East and West seats, and their eyes met.

“black sorcerer.”

Long Teng was the first to open his mouth and said in a deep voice, ” “In this situation, you suddenly asked me to meet you. Do you know how big a risk I’m taking?”

“all the empires in the western region of the holy peace region are on tenterhooks. if the other empires know that we’re meeting, they’ll probably think that our two barbarian empires are about to form an alliance.”

“If we’re not careful, we’ll trigger the sensitive nerves of the other imperial dynasties. What if the other imperial dynasties besiege Xuanji?”

“Soaring Dragon!”

Black sorcerer berated and interrupted long Teng’s words. He said in a deep voice, ” ” alright, let’s not talk about this anymore. with the situation in the western region of saint peace state, a war will break out sooner or later. ”

“I’ve called you over this time because I want to ask you to join forces and attack the ‘northern desert Empire’.”

“Ridiculous!”

long teng directly stood up and berated, ” black sorcerer, I’m afraid you’re crazy. How can the northern desert Empire be taken down so easily? with our strength, even if we take down the northern desert Empire, we’ll definitely lose a lot of troops. At that time, how are we going to deal with the two great demon empires and the other human empire? ”

“Tell me the truth,”

“Even if we have to start a war, we can’t be the first to do so.”

” given the current situation, the two great demon empires can’t hold back any longer. it won’t be long before the two great demon empires start a war. it’s best for us to take advantage of this opportunity to attack. ”

“.....”

Black sorcerer took a deep breath and said in a deep voice, ” “I naturally understand what you’re saying, and I’m also very clear about it. However, do you know how those five billion Elite Barbarian soldiers were repelled by the Mobei Empire?”

“What do you mean by that?”

Long Teng frowned.

“Weapons!”

Black Sorcerer’s gaze was grave. that is a very terrifying weapon. Its power has reached level six, but its range is extremely vast. It easily killed one billion barbarian soldiers.

“i don’t know what kind of ‘weapon’ that is, but i can’t deny that the mobei empire has such a powerful weapon of war.”

“If we can annihilate the Mobei Empire with a thunderous momentum and grasp this terrifying weapon, our strength will increase greatly.”

“but if the mobei empire is allowed to continue developing, it will become a very terrifying and powerful enemy.”

“Weapon?”

“You’re saying that the reason the Mobei Empire repelled your Elite Barbarian Army was because of a powerful weapon?” long Teng asked in a deep voice.

what kind of weapon can affect a war that’s worth tens of billions? ”

“I’m not sure.”

The dark wizard shook his head.

Obviously.

Black sorcerer had only found out about it from Wu Moling.

“This bi an ...”

Long Teng took a deep breath, and after a while, he raised his head. His eyes flashed and he said, “I’m not sure about the weapon you mentioned, so I can’t take such a risk.”

” however, we can spread the news that the mobei empire has a ‘powerful weapon’ and let all the empires in the western region of the holy peace region know about it.
”

“at that time, the mobei empire will naturally become the target of many other empires.”

“We’ll profit from it.”

“Alright!”

Black sorcerer muttered to himself for a moment and nodded. let’s do that, then.

“Right, about the Alliance?”

“we’ll see.”

Long Teng waved his hand.

Time passed.

Several days later.

Long Teng and black sorcerer had secretly sent out many of their subordinates to spread the news that the ‘Mobei Empire’ possessed ‘war weapons’, pushing the Mobei Empire ‘to the forefront of the storm.

The various empires in the Western Region of the Holy peace Region had also sent out their Scouts to infiltrate the territory of the Mobei Empire to gather information about the 'war weapon'.

This caused the Mobei Empire to be under tremendous pressure.

Not only that.

Even the other human dynasty, the Lianzhen dynasty, had sent an envoy to inquire about the situation of the 'war weapons', but they were all perfunctorily brushed off by the human Emperor of Mobei.

During this period of time.

jiang li secretly used 'fixed-point teleportation' through the 'mechanical space station base' and sent troops of 'super intel soldiers' to various places in the saint peace state.

Through the Super Intel force, Jiang Li collected a lot of information about the Holy peace state.

The 'map' that Jiang Li drew with the 'mechanical space Station base' was quickly filled up. Most of the places that were marked with 'unknown' were now marked with 'real names'.

secret realm, floating land.

Shua!

The map was opened.

Jiang Li looked at it with excitement.

Until now.

In total, Jiang Li found 99 secret lands and 30 floating continents in the Saint peace state. He learned the names of these secret lands and floating continents.

Other than the Wutian demon dynasty, the wuwang dynasty, and the Emperor Dragon barbarian dynasty.

All the remaining dynasties.

Jiang Li already knew where the Imperial capitals of all the dynasties were through the ‘mechanical space Station base’ and the ‘super Intel soldier’.

In other words ...

As long as Jiang Li wanted to.

He could teleport ten billion meches to the capital of each dynasty and launch a surprise attack.

However ...

This kind of ‘surprise attack’ could only be launched once or twice at most.

The other dynasties would know.

Furthermore ...

it would also expose the secret of ‘space teleportation’.

This caused the great Xia Empire to become a thorn in the eyes of many other empires.

So, Jiang Li didn’t do that.

At the very least.

I can't do that now.

I need more resources, more soul fires.

Jiang Li looked at the 'map of the Saint peace state'. The dynasties marked on it were basically the enemies that Jiang Li needed to conquer.

"there's probably less than half a month left."

Jiang Li took out the teleportation token Xia Yan gave him. the martial immortal court of the human race-Saint peace state is divided. The ten human dynasties are all here.

if we can sell the 'atomic bomb' and 'hydrogen bomb' to other dynasties.

"I'm sure I'll be able to make a fortune."

from there, I obtained a huge amount of resources.

moreover, the other dynasties can also collect soul Tinders for me by using 'atomic bombs' and 'hydrogen bombs' to kill their enemies. It's killing two birds with one stone.

Chapter 566 Perfection

Time passed by.

jiang li spent half a month cultivating.

On this day.

In the base of the 01 division.

Within the room in the ruler's hub.

Buzzzzzz! “Whoosh!!!”

Jiang Li sat down with his legs crossed. In front of him were white porcelain bottles. The bottles were filled with valuable pills.

They were all sixth-tier medicinal pills.

This included the true spirit pill, the profound spirit pill, and so on.

Jiang Li had taken all of them.

One had to know.

Jiang Li had plundered many sea dynasties in the three-Emperor Sea area, so he naturally got a lot of precious level-six elixir pills.

This time, he was cultivating in seclusion.

Jiang Li took a lot to break through his cultivation.

“great xia azure dragon technique!”

let's go. Jiang Li circulated his cultivation technique and true spirit, shaking his body. The vast power of true spirit refined the medicine in his body.

It was steadily improving.

“Break!”

BOOM!

Jiang Li’s body shook.

Energy fluctuated.

it even formed circles of terrifying air waves that swept in all directions.

Bang Bang Bang Bang!

the waves of air kept hitting the walls of the room in the ruler’s hub, creating loud, clear explosions.

Roar! Roar!

A Dragon’s Roar was heard.

A lifelike four-clawed Green Dragon appeared and sat on Jiang Li’s body. It was even more powerful. Jiang Li’s aura had obviously reached a breakthrough.

The Azure Dragon’s Shadow circled.

obviously.

Jiang Li had been in closed-door cultivation for almost half a month. He had taken the true spirit elixir, the profound spirit elixir, and other level six elixirs. He had finally broken through and reached the perfected stage of level six.

One had to know.

After Jiang Li was injected with the 'level five gene strengthening liquid', he was only one step away from the perfected stage of level six. Now, he had crossed the threshold.

In his dantian.

Jiang Li's true spirit was growing slowly. He sat on the 'level-sixteen Green Lotus' with his legs crossed. His aura was getting stronger and stronger.

His true spirit had grown from six inches to seven inches, and now it was eight inches.

Finally.

He had reached the limit of nine inches.

Only then did it stop growing.

He had truly broken through to the peak of Tier 6.

Buzzzzzz! Buzzzzzz!

"okay." jiang li used his cultivation technique to absorb the spiritual qi between heaven and earth to consolidate his cultivation.

Half a day later.

"Hu ~~ Hu ~ Hu ~"

Jiang Li opened his eyes and a Blue Dragon flashed in his eyes. He stabilized his cultivation and stopped cultivating. after half a month of seclusion, I've finally broken through to the perfected Tier 6.

"Not bad."

Jiang Li felt the changes in his body and nodded in satisfaction.

cultivation base breakthrough.

Of course, Jiang Li's strength had improved. With his current cultivation and the level one to level five gene strengthening liquid he had injected, he was already a genius among geniuses.

it could be said that ...

Even if Jiang Li didn't use any other means, he was already able to break through the limit and fight against a level Seven.

"it's time to go."

okay. Jiang Li adjusted his state of mind and walked out of the room.

"Chief sovereign."

...

Outside the door.

WMS01, MYL01, SSTs01, the Super holographic soldier, the battlefield commander, and other meches were waiting for Jiang Li outside.

After seeing Jiang Li come out.

They saluted at the same time.

It was extremely neat.

“yes.”

okay. Jiang Li nodded.

“ruler, the mobei human emperor of the mobei empire personally came to the imperial capital three days ago. because you were in seclusion, he didn’t report to you.”

Cjqx01 said.

“Oh.”

Jiang Li raised his eyebrows. human Emperor of Mobei, why are you looking for me? ”

...

“In this half a month, the Mobei Empire has sent many diplomatic officials to the great Xia Empire, expressing great goodwill to the great Xia.”

Cjqx01 continued to report, ” “This time, the human Emperor of Mobei came personally to discuss with you about the matter of the martial immortal court of the human race-holy peace state.”

“Yes.”

okay. Jiang Li nodded.

Shua!

Soon after.

His figure rose into the air.

Jiang Li left the base of Army 01 and went to the great Xia Palace. Then, he informed Xu Ya and the others that he would meet with human Emperor Mobei in the Azure Dragon Palace.

A few minutes later.

In the Azure Dragon Hall.

Jiang Li and human Emperor of Mobei officially met.

Because Jiang Li didn't show up in person in the imperial capital of Mobei before, he used a holographic projection. This time, they could finally meet.

"The Xia Emperor."

Human Emperor Mo bei said with cupped hands.

"Human Emperor of Mobei."

" thank you. " jiang li returned the bow.

In reality.

Human Emperor of Mobei didn't come alone. He brought two subordinates, mo ke and Luo Qingming, who were both peak Emperor-level powerhouses at the perfected stage of the seventh level.

As for mo bei human Emperor's true cultivation.

Jiang Li couldn't figure it out.

Not to mention that Jiang Li was only at the perfected stage of level six, human Emperor of Mobei was protected by the fate of the nation. One had to be at least level eight to see through his cultivation.

jiang li, on the other hand.

Jiang Li's cultivation was only at the perfected stage of level six. The fate of the great Xia Dynasty was far less than that of the Mobei dynasty, so the Mobei human Emperor saw through Jiang Li's true cultivation at a glance.

he's only at the peak of Tier 6.

Human Emperor Mo bei couldn't believe it.

His cultivation was too low.

That's right.

In the eyes of human Emperor Mobei, Jiang Li's cultivation was indeed too low. He was only at the perfected stage of level six, not even Level Seven, which surprised him.

One had to know.

It was hard to believe that Jiang Li was only at the perfected stage of level six after all the methods and resources that the Xia Dynasty had shown.

“Emperor Xia, when do you plan to head to the martial immortal court of the human race-division of the Saint peace state?”

“I've received news that the human emperors of the martial King dynasty, martial soul dynasty, and many other top human dynasties have already gone ahead,” human Emperor Mo bei asked.

“Human Emperor of Mobei, why didn't you go?”

what? ” Jiang Li asked.

“I would like to go with the Xia Emperor.”

Human Emperor Mo bei said directly.

“Oh.”

Jiang Li’s expression didn’t change.

Wuwuwuwuwu!

At this moment.

The ‘teleportation tokens’ on Jiang Li and human Emperor Mo bei both sent out waves. They immediately took out their teleportation tokens, which were shining.

A message was sent out.

the message was to tell jiang li and human emperor of mobei that the ‘alliance conference’ would start the next day and to ask the human emperors who hadn’t arrived at the court of the saint peace state to come as soon as possible.

“Hehe.”

Jiang Li smiled and looked up at human Emperor of Mobei. I wanted to wait a few more days, but it seems like we’ll go to the court today.

“That’s good.”

Human Emperor Mo bei nodded.

“activate!”

“Whoosh!!!”

Teleport Token. Jiang Li activated his true spirit and injected it into the token. The token glowed.

It formed a ‘space formation’.

“Whoosh!”

The light spread.

The space was torn apart for a short time.

At the same time.

Human Emperor Mo bei also activated his teleportation token.

“Let’s go!”

Shua! Shua! Shua!

Jiang Li only brought MYL01, WMS01, and SSTs01. Zzls01 had been transforming into a Black Dragon bracelet and was wearing it on Jiang Li’s right wrist.

“Let’s go,” he said.

Buzzzzzz!

Human Emperor of Mobei also brought mo ke and Luo Qingming.

space flashed.

It formed a ripple.

The radiance bloomed in an instant.

When the light of the ‘space formation’ faded, the space returned to normal. Jiang Li, human Emperor Mo bei, mo ke, Luo Qingming, and WMS01 were there.

They had all disappeared from the Azure Dragon Hall.

the scene changed.

In the central region of the Holy peace Region.

They were tens of thousands of kilometers away from the imperial capital of the Grand Xia.

The floating continent-the martial division continent.

It was vast.

At an altitude of tens of thousands of meters.

Clouds and mist swirled around as astral winds blew in all directions.

“Whoosh!”

His line of sight continued to Zoom in.

They moved toward the center of the martial division continent, and after flying over many mountains, lakes, and rivers, they arrived at the ‘fenting state’.

The division of the martial immortal court of the human race-Saint peace state.

It was located in the subsidiary state.

At division headquarters.

The most eye-catching one was the ‘martial Pagoda’, which had a total of 999 levels.

Around the tower.

All kinds of buildings were scattered all over the place.

It was a feast for the eyes.

Shua! Shua! Shua!

In the sky above the building.

there were many humans who were riding on flying swords or flying nightmare beasts.

He had an imposing appearance.

He was like a banished immortal.

in this place.

even the weakest of them had reached the third rank.

Type 4 and type 5 ones could also be seen everywhere, and type 6 powerhouses were not in the minority.

Only the number of tier 7 ones were few.

However, it was not as if there were none.

They were extremely powerful.

in the northern region of the division headquarters ...

in the teleportation hall of the northern division.

Within the palace.

“Whoosh!!!”

spatial fluctuations emerged.

The formation was activated.

The light flickered.

After that.

Jiang Li, human Emperor Mo bei, and the others appeared in the teleportation Palace out of thin air. Due to the aftereffects of the teleportation, they shook their heads and their vision was a little blurry.

It took a long time before he returned to normal.

” the ‘teleportation’ of this chamber is still not as stable as the ‘wormhole tunnel’.

Jiang Li frowned and thought, ” “I used the ‘wormhole tunnel’ to teleport, but there are no ‘side effects of space teleportation’, and my vision won’t get blurry.”

It could be inferred from this.

The space teleportation formation of the martial arts Celestial Court of the human race, Saint peace state, couldn't compare to Jiang Li's teleportation room. The difference was huge.

After his vision recovered.

Jiang Li looked around.

What entered his eyes was a vast Hall. There were relatively few people in the hall, but the spiritual Qi in the world was extremely abundant. It was at least ten times more than in the imperial capital of the great Xia.

There was a feeling of clouds and mist.

Many people in the hall looked at Jiang Li and the others.

"It's actually two human emperors."

don't you know? in the past few days, human renhuangs from all over Saint peace state have come to the division. I guess something big is going to happen.

"....."

In the surroundings.

The members of the sacred peace state's Chamber of Commerce discussed in low voices.

"Welcome, two human emperors."

Immediately.

Jiang Li and human Emperor of Mobei didn't have to wait for too long. In less than half a minute, the messenger of the northern Division who had been waiting for a long time walked over.

Jiang Li was familiar with one of them.

It was Xia Ling.

As for the other one, Jiang Li didn't know him. He looked at him and saw that he was a handsome young man in a white robe.

“Welcome to the ‘court of the Holy peace state’, human Emperor of Mobei.”

The handsome young man held a white folding fan in his hand. He closed the folding fan and cupped his hands in respect to the human Emperor of Mobei.

“Palace Master he Qingshu, you are too polite.”

Human Emperor Mo bei immediately responded.

“.....”

xia ling just glanced at jiang li indifferently and didn't say anything. jiang li shrugged and ignored her.

Jiang Li had never been to the sacred peace state court, but human Emperor Mobei had been there several times. He was quite familiar with the sacred peace state court.

Chapter 567 The top of the tower

On the surface.

The division of the martial arts Celestial Court in Saint peace state was controlled by the division Master, ao Qinglong. However, since a long time ago, ao Qinglong had been away all year round, and he had not returned for hundreds, even thousands of years.

so,

‘ao qinglong’ handed over the power to the two deputy division heads and the ten hall masters. any major matters would be decided by the two deputy division heads and the ten hall masters.

it was basically a ‘vote’.

Xia Yan and he Qingshu were two of the ten temple Masters.

“Oh.”

He Qingshu looked at Jiang Li and said with a smile, ” “You must be Emperor Xia of the Xia Dynasty, Jiang Li, right?”

the northern region of the Holy peace state is a barren land. After the fall of the ‘Northern Territory dynasty’, a human Emperor has finally been born after nearly 10000 years.

“Congratulations,”

“Palace Master he, you’re too kind.”

I’ll go, ” Jiang Li said.

“No, no, no,”

No. he Qingshu waved his hand and looked at Jiang Li. Then, he looked at the three meches behind Jiang Li and his pupils constricted. Emperor Xia must be very capable to be able to become a dynasty in that place.

“and ...”

Emperor Xia is only at the peak of the sixth stage, but he was able to subdue three seventh stage ‘mixed-blood aliens’ as his subordinates. I’m truly shocked by such a feat.

“I was just lucky.”

Jiang Li said.

“Haha!”

He Qingshu laughed and said, ” since Emperor Xia doesn’t want to say more, I won’t ask any more, in case I annoy Emperor Xia.

“Human Emperor of Mobei, Emperor Xia, please come with me. The other eight human emperors have been waiting for you for a long time.”

“Please!”

Mobei human Emperor indicated.

“alright,” he said.

okay. Jiang Li nodded and followed.

Shua! shua! “Whoosh!”

His figure rose into the air.

He Qingshu and Xia Yan led the way and flew out of the teleportation Hall in the North. They led the way for Jiang Li and human Emperor of Mobei, and they followed closely behind.

mo ke and Luo Qingming kept up in silence.

The three meches followed Jiang Li closely.

He did not leave.

Jiang Li was flying in the air. Under his feet were buildings of various styles. He could see many members of the Chamber of Commerce.

“palace master he.”

Jiang Li sped up and went to He Qingshu. He asked, ” “I just remembered that I have something to ask you, Palace Master he.”

“Oh.”

“Please go ahead, Emperor Xia,” He Qingshu said, his expression unchanged.

” i remember that in the northern region of the holy peace state, the court sent a member there to take away the ‘demons’ sealed in the ‘mang huang lake’. ”

Jiang Li said.

“Emperor Xia, this matter is not under my jurisdiction. It’s under ‘Xing lingqi’s’ jurisdiction. After we reach the ‘martial Pagoda’, you should personally go and find ‘Xing lingqi’.”

He Qingshu said.

“Alright,” he said.

yes. Jiang Li nodded. I know.

He was speechless the entire way.

Half an hour later.

Jiang Li and the others arrived at the martial Pagoda.

The 999th level of the martial Pagoda reached straight into the sky. It was Grand and surrounded by clouds, containing an extremely majestic and powerful aura.

He entered the martial Pagoda.

With he Qingshu and Xia Yan leading the way, they were naturally unimpeded. From the first level all the way up, they met many members of the division.

The higher he went.

The members of the division were fewer and fewer, but their cultivation was higher and higher.

Those who could enter the martial Pagoda.

basically, they all had the cultivation of the fourth step.

There were quite a few powerhouses of the sixth step.

...

after reaching the last few dozen levels.

Jiang Li also saw many level-seven Emperor-level Masters.

From this, it could be seen how powerful the ‘division of the Holy peace state’ was. It was indeed worthy of being the ‘division of the martial immortal court’ of the human race. Such a Foundation and strength were probably even stronger than that of a transcendent dynasty.

It was not to be underestimated.

On the 999th step.

That was the last level of the martial Pagoda.

at the entrance of this floor.

What came into view was a vortex-shaped door.

It was pure white.

Emperor Xia, even though I have been to the division many times, this is the first time I’ve been to the last level of the martial Pagoda. It’s rumored that the last level is very mysterious and contains the universe.

Jiang Li, ” human Emperor Mo bei whispered in Jiang Li’s ear.

...

“Is that so?”

okay, ” Jiang Li replied and looked at the White whirlpool portal. Since Jiang Li often used the ‘wormhole Whirlpool’ for space teleportation, he was very sensitive to space fluctuations.

the vortex-shaped door in front of him.

There was an obvious spatial fluctuation.

It was definitely not ordinary.

“I’ve only heard of it.”

human emperor mo bei said.

“Please, human emperors.”

He Qingshu and Xia Yan stood beside the vortex-shaped door and said.

“Ahem.”

Human Emperor Mo bei coughed lightly. two Hall Masters, I wonder where this door leads to? ”

” naturally, i’m going to the 999th level of the martial pagoda. ”

He Qingshu said.

“I see.”

The human Emperor of Mobei resentfully refused to advance.

“Hmph,” he snorted.

Xia Ling snorted. why? Don’t dare to go in? If we really wanted to deal with you, would we need to waste so much effort?”

“This bi an ...”

Human Emperor Mo bei didn't want to risk his life.

“Your Majesty, I am willing to take the risk.”

Luo Qingming walked out.

“but yingluo”

Human Emperor Mo bei wanted to say something but stopped. He looked at Jiang Li, but Jiang Li just looked down as if he didn't notice his gaze.

“Whoosh!!!”

At this moment.

The pure white vortex-shaped door glowed with light. The spatial fluctuations became increasingly clear, and two figures appeared from the door.

They walked out.

A man and a woman.

“Lianzhen!”

After human Emperor Mo bei saw the two clearly, he couldn't help but call out in surprise.

“Human Emperor of Mobei.”

Lianzhen called out.

Jiang Li was looking at the two who walked out of the whirlpool-shaped door. They were surrounded by the fate of the dynasty and the position of human Emperor.

Clearly, he was also the human Emperor of a human dynasty.

However ...

One of them was the ‘Queen’.

Also known as ‘Lianzhen’.

She was the ‘Empress’ of the Lianzhen dynasty.

Speaking of this.

The Lianzhen Empire and the Mobei Empire were both located in the ‘Western Region of the Holy peace Region’, so the Mobei human Emperor and Empress Lianzhen naturally knew each other. In fact, they were more familiar with each other.

Another human Emperor.

Yan GUI. Jiang Li actually had some impression of him. He was from the center of the Saint peace state. He was the Emperor of the Yan Dynasty, Yan GUI. Jiang Li had heard about him from Yue Fengji.

“You are the Xia Emperor.”

Yan GUI’s aura was fierce. He had a pair of sharp eyebrows and his eyes were like stars. His eyes were aggressive as he scanned Jiang Li from head to toe.

“Yes, I am.”

I'm sorry, " Jiang Li said.

"Hehe."

Yan GUI sneered with disdain and said, " your cultivation is so weak. You're only at the perfected Tier 6. I really don't know where you got the guts to offend Qin qipo.

" if it wasn't for the pressure from the wutian demon dynasty, with qin qipo's personality, he would have personally led the army to destroy your great xia dynasty. "

"xia emperor, you're so cowardly!"

what? " human Emperor Mo bei looked at Jiang Li in shock.

Obviously.

He didn't expect Jiang Li to have a grudge against the soul martial dynasty. Judging from Yan GUI's tone and expression, it must be a big grudge.

Of course.

Jiang Li had killed the Marquis and Prince of the soul martial dynasty and destroyed their 'puppet Legion'. He did have a grudge against them.

One had to know.

That was the 'soul martial Empire'.

It could be said that ...

Other than the strongest 'martial King dynasty', the soul martial dynasty's National Strength was at the top among the nine human dynasties.

Thinking of this ...

Human Emperor of Mobei stepped aside instinctively to keep some distance from Jiang Li.

Although the ‘nuclear weapons’ of the great Xia Dynasty were very powerful, they were still only a type of war weapon. Compared to the ‘soul martial dynasty’, they were far inferior.

“.....”

lian zhen was sizing jiang li up.

In reality.

Lianzhen had quite a bit of information regarding the great Xia Dynasty. She only knew that the ten-winged dynasty had sent troops to invade the great Xia Dynasty one after another but all of them had failed. Three billion demon soldiers had been completely annihilated, and a level Seven demon general had even fallen.

it was a huge loss.

Furthermore ...

After asking around.

The Mobei Empire was able to defeat the ‘Elite Barbarian Army of the dark shaman Empire’ because Jiang Li had sent reinforcements to help the Mobei Empire and won.

Lianzhen also heard.

The ‘war weapon’ that had been spreading like wildfire in the Western Region of the Holy peace Region was very likely related to the great Xia Dynasty.

“hehe.”

don’t worry about it. Jiang Li smiled. human Emperor Yan GUI, you don’t have to worry about this. The soul martial Empire is powerful, but the Xia Empire isn’t weak either.

“You’re quite confident,”

Yan GUI sneered. it seems like you have something to rely on. Qin qipu is now in the ‘martial arts Hall’. With your cultivation at the perfected stage of Tier 6, if Qin qipu were to make a move, he would be able to easily crush you to death with his cultivation.

“.....”

Jiang Li looked at Yan GUI and touched the Black Dragon-shaped bracelet on his right wrist with his left hand.

On the surface.

Yan GUI seemed to be provoking and mocking Jiang Li, but on second thought, Yan GUI’s words reminded Jiang Li to be on guard.

“Hehe.”

interesting. Jiang Li laughed in his heart. It seems that the ‘dynasty Alliance’ in the central region of the Saint peace state doesn’t get along well. Although Qin qipo suppressed Yan GUI and Qiu Wanlian with his martial power, they were still not convinced.”

“Human emperors,”

it’s getting late, ” he Qingshu said. why don’t we go to the martial arts Hall on the 999th floor and talk in detail? ”

“that’s good.”

“yes.”

jiang li and the others all nodded.

Buzzzzzz! “Whoosh!!!”

This time.

Mo bei human Emperor had no more worries. After Yan GUI and Lian Zhen had walked through the whirlpool-shaped door, he followed closely behind and walked in.

Mo ke and Luo Qingming quickly followed.

“Xia Emperor, please.”

He Qingshu said.

“Yes.”

okay. Jiang Li nodded and walked into the whirlpool-shaped portal. WMS01, MYL01, and SSTs01 quickly followed him.

Wuwuwuwuwu!

Spatial fluctuations emerged.

jiang li and the three meches disappeared.

“Xia Yan, you’re right. This Emperor Xia is not simple.”

At this moment.

Only he Qingshu and Xia Yan were left.

Jiang Li is the Emperor of the human race, ” he Qingshu said. but he doesn’t have any human overlords with him. Instead, he has three mixed-blood alien races.

a fake Demon God, a devil, and a God race Battle Angel.

fake devils and demons can be said to be mixed-blood alien races, but the God race Battle Angel is a ‘combat race’ created by the God race. It’s rare to hear that any race other than the God race can control the battle Angel.

Jiang Li is really not simple!

Chapter 568 The meeting

The scene changed.

Jiang Li had already passed through the ‘Whirlpool-shaped entrance’ and entered the ‘martial Pagoda’s 999th floor’. What he saw was a vast world.

“This bi an ...”

human emperor mo bei looked around in surprise, his expression shocked.

It indeed contained a universe!

The 999th level of the martial Pagoda was actually a small world. It was surrounded by clouds and dense primitive forests, just like a paradise on earth.

In the primeval forest.

A large number of fierce beasts that had already been subdued rested there.

There were many of them.

Buzzzzzz! Buzzzzzz!

Immediately after.

He Qingshu and Xia Yan appeared out of thin air in front of Jiang Li and the others.

“Fellow human emperors, please follow us.”

He Qingshu said.

Shua! Shua!

His figure rose into the air and flew.

Xia Yan and he Qingshu led the way while Jiang Li and the others followed behind. They flew all the way and passed by mountains and lakes of various sizes.

Half an hour later.

They had finally arrived at their destination.

Martial arts Hall.

In the sky.

There was an ancient Hall floating in the void, surrounded by seven-colored clouds and mist, as if it was full of immortal Qi. There was a horizontal board on the door of the hall.

Written on it was the martial arts Hall.

At the entrance.

It was protected by a Golem.

“Open the door.”

Xia Yu said.

“BOOM!”

The sound of vibration.

the door of the martial arts hall opened automatically.

“Please,” he said.

He Qingshu said.

After that.

Xia Ling took the lead and entered.

Jiang Li and the others followed him and entered the hall. They walked along the corridor and finally came to the martial arts Hall.

“Everyone’s here.”

“Then let’s officially start.”

“That’s good.”

Shua! Shua!

within the palace.

People immediately looked over and glanced at Jiang Li and the others.

“Please take a seat.”

At the front of the hall.

It was a gray-haired old man in brown. He looked at Jiang Li and the others for a while, then raised his hand.

In the martial Hall.

There were a total of 23 seats.

There was an empty seat at the highest position in front of them.

Down.

There were two seats in a row.

a gray-haired old man in brown clothes and a red-haired middle-aged man were sitting in the seats.

Further down.

On the left and right.

Each had ten seats.

...

There were two empty seats on the right and four on the left.

The six people on the left.

They were surrounded by the fate of the Empire and were shrouded in mist, making it impossible to see them clearly. The eight people sitting on the right were the eight Palace Masters of the 'court of the Holy peace state'.

Yan GUI and Lian Zhen sat down in the empty seats on the left.

xia yan and he qingshu sat on the right.

Finally.

Jiang Li and human Emperor of Mobei looked at each other, then walked to the left and sat in the last two empty seats. There were 23 seats, except for the one at the top.

The other seats had owners.

Of course.

There were more than 22 people in the hall, including Luo Qingming and Mo ke, who were brought by human Emperor Mo bei, and the three level Seven meches standing behind Jiang Li.

Other than that.

...

The human emperors had also brought their subordinates.

There was more.

Many of the Vice Palace Masters of the 'Regional Court' of the Holy peace state were also present.

however ...

They didn't have the right to sit.

"the alliance meeting will now begin."

The brown-robed elder announced.

"....."

as soon as jiang li sat down and observed the human emperors, the 'alliance meeting' started. the 'court of the saint peace state' would lead the 'human dynasty alliance'.

It could be said that ...

The strongest human race experts in the Holy peace Region were all gathered here.

In reality.

The content of this 'Alliance meeting' was very simple. They were going to form an 'Alliance' with the ten human empires in the Holy peace state to fight against the Barbarian race and the demon race.

Time passed.

Half a day later.

“The Lianzhen dynasty agrees to the Alliance!”

“The Great Yan Dynasty agrees to the Alliance!”

“Additional discussion!”

“I agree!”

“.....”

Very quickly.

After the discussion, all the human emperors raised their hands to vote. They all agreed to the ‘Alliance’, because in the current situation, ‘Alliance’ was the best choice.

“I agree.”

Jiang Li didn’t say anything from the beginning to the end. When the other Human Sovereign realm Warriors agreed, he raised his hands to vote too.

“alright!”

The brown-robed elder nodded in satisfaction.

“Not bad.”

A smile also appeared on the red-haired middle-aged man's face. the situation in holy peace state is unstable. The demons seem to have a powerful trump card. We humans can only work together in order to win the final victory in the upcoming turmoil.

“Naturally.”

“As a human, we should advance and retreat together.”

“If we still fight among ourselves at this time, we will only let the Barbarian and demon race take advantage of us.”

“yes, i am.”

The other human emperors all agreed.

“it's actually the alliance. then who should be the leader of the alliance?”

Suddenly.

‘Qiu Wanlian’ from the ten thousand refinements Empire asked.

“This bi an ...”

“The position of the alliance leader.”

The human emperors muttered to themselves.

The ten Hall Masters of the division in Saint peace state were silent.

“haha!”

At this moment.

Chongwu dynasty's human Emperor, Duan Qilin, laughed a few times and said, "I think that among all the people present, only the martial King dynasty is qualified to be the leader of the Alliance.

everyone should know that the martial King dynasty's National fate is ranked second in the 'Hidden Dragon ranking-Saint peace state'. It is only inferior to the' Wutian demon dynasty 'of the demon clan.

In reality.

Chongwu dynasty was located in the 'Eastern Region of Saint peace state' and had dealings with the Martial Emperor dynasty all year round. The relationship between the two dynasties was quite good, and Duan Qilin knew how powerful the Martial Emperor was.

so,

Duan Qilin believed.

Of all the people present, only the Martial Emperor had the 'Emperor's qualification', and only the martial King dynasty had the foundation to go one step further and establish an immortal human imperial dynasty.

"It's inappropriate."

The sword Emperor Lin Tianjian shook his head and said, "although the fate of the martial King dynasty is strong, and the Martial Emperor is also very powerful, we can't decide the position of the 'leader of the Alliance' so rashly.

"sword emperor's words make sense."

The tianzong dynasty's 'Emperor Jing yueke' echoed.

The sword-Emperor dynasty and the tianzong dynasty were located in the 'southern region of the Holy peace state'. The relationship between the two dynasties was quite good, and they advanced and retreated together in the southern region of the Holy peace state.

The human emperors were in an intense debate.

However ...

From the beginning to the end.

The 'Martial Emperor', who was sitting on the first seat on the left, didn't say anything. The second seat was the 'soul Emperor 'of the' soul martial Empire', 'Qin qipu'.

In reality.

Jiang Li had noticed that Qin qipo had looked at him several times.

Obviously.

Qin qipo had his eyes on Jiang Li.

Since this was the 'martial arts Palace' and the 'dynasty Alliance' was established, Qin qipo couldn't do anything to Jiang Li in front of everyone.

"Fellow human emperors."

The brown-robed elder smiled and interrupted Lin Tianjian's argument, "you've actually misunderstood. we don't plan to introduce a 'leader' for the 'dynasty alliance' this time."

"We won't push out the 'leader of the Alliance'."

“What do you mean?”

“Without the leader of the Alliance, how do we give orders? And how should they unite and mobilize the Army? What’s the point of forming an alliance?”

Lin Tianjian and the rest shouted.

“Don’t be impatient,”

“After the dynasty Alliance was established, the human emperors and the ten Palace Masters became the core members of the dynasty Alliance,” the red-haired middle-aged man said in a deep voice.

the ‘dynasty Alliance’ will decide all kinds of Wars in the form of a fair and just ‘vote’. They will unite their Battlefield and mobilize their troops, etc.

“Every Hall Master has one vote.”

ten human emperors, your votes will be decided based on your overall National Strength, ranking of the nation’s fate, and so on. The stronger the country’s strength, the more prosperous the nation’s fate is, the more votes you will have.

for example, the ‘martial King dynasty’, which has the strongest National fate and overall national power, will have ten votes ‘in the hands of the Martial Emperor. The’ soul martial dynasty’, which is ranked second, will have ‘nine votes’ in the hands of the soul Emperor.

“And so on.”

“Sword Empire eight votes, thousand refinements Empire seven votes, Lianzhen Empire six votes, tianzong Empire five votes, Chongwu Empire four votes, Great Yan Empire three votes, Mobei Empire two votes, great Xia Empire one vote.”

“Ten human emperors and ten Hall Masters.”

“The total votes are 65.”

“Old brown and I will not vote.”

“Oh.”

decided by ‘voting’? ”

the number of votes varies according to the strength of the country’s power and fate. The stronger the country’s power and fate, the more votes one has, and the greater the decision-making power one has.

“This plan is really good.”

“Yes.”

Lin Tianjian, Lianzhen, and the others nodded.

the martial King dynasty agrees with this plan.

At this moment.

Force Emperor agreed with Zhang tie first.

“.....”

The other human emperors couldn’t help but look over.

“Since the Martial Emperor has agreed, I have nothing more to say.”

qin qi po shrugged his shoulders, ” i also agree. ”

“I agree!”

“The Lianzhen dynasty agrees!”

“Additional discussion!”

“let’s do this!”

“Sure.”

Yan GUI, Qiu Wanlian, and the other human emperors all agreed.

Jiang Li was the last one to vote again.

Shua!

Elder Brown waved his right hand, and beams of light interweaved in the sky above the hall, forming a huge map of the Saint peace state.

” the first thing that the human dynasty alliance should do is to take the initiative and attack the demon dynasty to disrupt their plans.

Elder Brown said in a deep voice.

Buzzzzzz!

As soon as he finished speaking.

elder brown waved his hand again, and the map of the holy peace state was enlarged. the map of the eastern region of the holy peace state was presented more clearly in front of everyone.

“the black moon empire!”

Elder Brown pointed at a demon dynasty in the Eastern Region of the Saint peace state and said, "this is the demon dynasty with the weakest national power and fate among the ten great demon dynasties.

on the other hand, our strongest martial King dynasty is also in the Eastern Region of the Saint peace state.

"So,"

"The Black Moon Empire is the best target."

the 'court of the Holy peace state' will assist you in setting up a 'one-time use teleportation array'. Although it can't teleport too many troops at once, the various empires can send their top-tier combat forces to gather in the 'Eastern Region of the Holy peace state' with the help of the one-time use teleportation array.

"assist the wuwang dynasty and the chongwu dynasty to destroy the imperial capital of blackmoon kingdom with lightning speed."

this is the first battle since the establishment of the 'human dynasty Alliance'. Of course, whether or not we should do this will still have to be decided by voting.

"Do you agree or disagree?"

"everyone, please vote."

Chapter 569 sales promotion

"I agree."

There was no surprise.

The force Emperor decisively agreed because this matter would only bring benefits to the martial King dynasty. It was impossible for the force Emperor to disagree.

Furthermore ...

As force Emperor had 10 votes in total, 10 out of the 65 votes had agreed to it.

“i agree.”

“I agree to strike first.”

immediately after.

two other hall masters also agreed.

there were 12 votes.

“I don’t agree.”

we don’t know what the demons are planning, ” Lin Tianjian said in a deep voice. besides, the barbarians are watching us. If we act rashly, we’ll only alert them.

” moreover, the black moon empire’s national power and fate are too weak. even if they are destroyed, it won’t affect the demon race in the saint peace state much. ”

“Sword Emperor’s words make sense.”

“I don’t agree either,” Jing yueke said with a nod.

Hence.

The number of negative votes reached 12.

Both sides were equal.

“.....”

The Martial Emperor frowned slightly, but his gaze calmly swept over Lin Tianjian and Jing yueke. Lin Tianjian did not back down and looked back at the Martial Emperor.

“Chongwu dynasty agrees.”

Duan Qilin immediately said.

“The Yan ‘GUI dynasty does not agree.”

“I still prefer to be more stable.” Yan GUI laughed.

“I agree!”

“I agree!”

“i agree!”

Immediately after.

He Qingshu, Xia Yan, and The Other Palace Masters all voted in favor. In other words, all 10 of the judges in the Holy peace state had voted in favor.

One had to know.

this was the suggestion of the ‘vice division head’, and the ten hall masters naturally wouldn’t disobey.

This way ...

the number of votes in agreement shot up to 24.

“The Mobei Empire agrees.”

Human Emperor Mo bei raised his hand and said loudly. Then, he revealed a flattering smile to Force Emperor, who only nodded slightly in response.

“.....”

Jiang Li looked at human Emperor Mo bei’s expression and shook his head, speechless.

“The Lianzhen dynasty agrees.”

Lianzhen raised his hand and said.

This way ...

The ten Hall Masters of the sacred peace State Division had cast ten votes, Martial Emperor himself had cast ten votes, Duan Qilin had cast four votes, human Emperor of Mobei had cast two votes, and Lianzhen had cast six.

The number of votes in favor reached 32.

“.....”

Force Emperor said with a smile.

“I don’t agree!”

However ...

Qin Qi po suddenly raised his hand and said indifferently, " Martial Emperor, I agree with sword Emperor's words. Before we figure out the demons 'plot, it's best not to alert the enemy.

it's just the destruction of a small black Moon Empire. It's not enough to hurt the demon clans in the Holy peace state.

I think it's better to gather the power of the entire human race to destroy the strongest 'Wutian demon dynasty'. This way, we can deal a heavy blow to the demon race.

"Qin Qi po."

the martial emperor said in a deep tone, " it seems that you haven't experienced the strength of 'wu tian' for yourself. you want to destroy 'wu tian demon dynasty'? Hehe, Yingluo."

"The thousand refinements Empire doesn't agree."

hence.

...

Qiu Wanlian immediately cast a negative vote.

This way ...

Qin qipo had nine votes, Lin Tianjian had eight, Qiu Wanlian had seven, Yan GUI had three, and Jing yueke had five. The total number of negative votes was also 32.

"What's going on?"

"Thirty-two votes against thirty-two votes?"

“Wait a minute, who hasn’t voted yet?”

“.....”

Within the palace.

The Deputy Hall Masters and the others looked at the votes in shock.

“The Grand Xia Dynasty!”

there’s still Emperor Xia, Jiang Li, who hasn’t surrendered!

...

“.....”

Hence.

Jiang Li? ” everyone looked at Jiang Li in shock. They didn’t expect that Jiang Li would be the one to make the decision.

One had to know.

The current situation ...

thirty-two votes versus thirty-two votes.

only jiang li’s vote was left.

As long as Jiang Li agreed, Elder Brown’s proposal would be passed. If Jiang Li disagreed, the proposal would not be passed.

“.....”

Jiang Li felt helpless. He had been very low-key ever since he came to the court of the Saint peace state. He barely spoke.

Furthermore ...

Jiang Li came here to sell ‘firearms’.

“The Xia Emperor.”

Human Emperor Mo bei was worried for Jiang Li when he saw that Jiang Li didn’t speak. He whispered in Jiang Li’s ear, ” “it’s your turn to vote.”

“We’re just short of your vote now.”

To tell the truth.

Everyone’s expression was a little strange.

Because ...

Everyone present could see Jiang Li’s cultivation. He was only at the complete stage of level six. He was the weakest one among them.

Furthermore ...

The Fortune of the great Xia Empire was also the lowest.

so,

Jiang Li only had one vote.

But in the end.

Jiang Li? ” the final decision fell into the hands of Jiang Li, who had the weakest cultivation and the lowest fate of the country. It was so dramatic that everyone sighed.

“The Xia Emperor.”

Qin qipo looked at Jiang Li again and said in a deep voice, ” “I want to remind you that you should think twice before you do anything.”

Emperor Xia, the great Xia Dynasty has just been promoted to a human dynasty and has a weak Foundation. Under such circumstances, it’s better to keep a low profile and develop steadily.

Lin Tianjian ‘kindly’ advised.

“.....”

The Martial Emperor looked at Jiang Li with interest, but he didn’t say anything.

“The Xia Emperor.”

Jiang Li. human Emperor Mo bei looked at Jiang Li anxiously.

“ahem.”

Jiang Li coughed and ignored everyone’s eyes. He smiled and said, ” “You want to start a war, right? that’s good, so I agree.”

He was very decisive!

okay. Jiang Li agreed.

Because ...

If a war broke out, it would be easier to sell 'nuclear weapons'. He believed that with the power of 'nuclear weapons', no dynasty would be unwilling to buy them.

“jiang li!”

Qin Qi po stood up.

Buzzzzzz!

A terrifying aura emerged.

Obviously.

Qin qipo was extremely furious. Otherwise, he would not have revealed his aura in such a situation. It was obvious that he could not hold it in any longer.

One had to know.

The martial King Empire had suppressed the soul martial Empire to begin with, and their National fate was already stronger than the soul martial Empire's.

The fate of the Wu King dynasty would definitely increase again.

At that time.

The pressure on the soul martial Empire and the martial King Empire was even greater.

Furthermore ...

In the central region of the Holy peace Region.

The soul martial Empire still had to withstand the pressure from the Wutian demon dynasty.

In reality.

Qin qipo's plan was to reject the proposal to attack the 'Black Moon Empire', and then he would propose to join forces to deal with the demons in the central region of the Holy peace state.

The result.

However, it was ruined by Jiang Li's plan.

boom!

The Martial Emperor stood up and condensed the true meaning of martial Dao, producing an extremely terrifying pressure. It made everyone present feel as if a giant mountain was pressing down on their heads.

It made it a little breathless.

"Soul Emperor."

Force Emperor said faintly.

"hehe."

Qin Qi po laughed lightly, he retracted his aura and explained: "Recently, I've been practicing a martial art. I haven't mastered it yet, so I couldn't control my aura."

"i understand, i understand."

"Hehe."

“.....”

The other human emperors casually chimed in.

“Thirty-three votes to thirty-two.”

Elder Brown didn't say much and announced the result. then, the proposal is passed. The first battle of the 'human dynasty Alliance' is to destroy the 'Blackmoon Empire'.

next, according to the strength of each dynasty, we'll determine how many troops each dynasty needs to send. We'll try our best to destroy the 'Black Moon Dynasty' within three days.

“Wait a moment.”

At this moment.

Jiang Li stood up and interrupted Elder Brown.

“The Xia Emperor.”

“What's the matter?” asked Elder Brown.

” as a core member of the 'human dynasty alliance', the great xia dynasty is also a part of the alliance. in the first battle, it is only right for it to contribute to the alliance. ”

Jiang Li said with a smile.

“Hehe.”

Qiu Wanlian sneered disdainfully, ” contribute to the Alliance? with just your cultivation at the great circle of the sixth step? As a human Emperor, you have the qualifications to be one, but you don’t even have a cultivation of the seventh step.”

“If I were you, I wouldn’t have the face to attend this meeting.”

“even if i only have the cultivation of the peak of the sixth tier, it’s more than enough to deal with you.”

you’re right, ” Jiang Li said coldly.

“Arrogant!”

Qiu Wanlian snorted coldly. you don’t know the immensity of heaven and earth. You don’t know how big the gap between you and me is. Moreover, I don’t need to deal with you personally.

“you can try.”

you’re right, ” Jiang Li said indifferently.

“Alright!”

“You’re asking to be humiliated!” Qiu Wanlian shouted.

“Qiu Yuan!”

Qiu Wanlian gestured to his subordinates behind him and ordered, ” “Go and test the Xia Emperor’s strength.”

“Yes, Your Majesty!”

Buzzzzzz!

As soon as he finished speaking.

qiu wanlian's subordinate, qiu yuan, was about to make a move.

BOOM!

WMS01 took a step forward.

His demonic aura erupted.

“Stop!”

BOOM!

you're not allowed to fight in the martial arts Hall, ” Elder Brown scolded immediately. His domineering aura swept across the entire field and suppressed Qiu Qian and WMS01 at the same time.

“Qiu Yuan, you may leave.”

Qiu Wanlian waved his hand.

“yes.”

Qiu Yuan retracted her aura.

“Stand down.”

Jiang Li said.

“Yes, sir.”

WMS01 also left the game.

“A fake Demon God.”

“It’s indeed a fake Demon God.”

I thought it was a fake. The aura just now was so powerful that it shook the air. It’s a fake Demon God, and a perfected tier seven one at that.

so, the other two behind Jiang Li are also from the demonic ghost clan and the combat soldier Angel.

he’s only at the peak of Type 6, yet he managed to subdue such a foreign tribe powerhouse.

it seems that Jiang Li is not as simple as he looks.

“.....”

Everyone was talking in a low voice and stopped underestimating Jiang Li.

“The Xia Emperor.”

“You just said that you want to contribute to the Alliance’s first battle. What are you going to do?” asked Elder Brown.

“.....”

the others also looked at jiang li curiously.

“‘nuclear weapons’.”

I'm going to open the trade of 'nuclear weapons' to the dynasties for the human race to win. Jiang Li smiled.

I am willing to sell the 'nuclear weapons' at a 'low' price.

"What is it?"

"Weapon?"

"nuclear weapons?"

"I've never heard of it."

"Xia Emperor, can you explain in more detail?"

All the human emperors said one after another.

"Could it be that Qianqian?"

A glint flickered in Lian Zhen's beautiful eyes as he thought of some possibilities. He couldn't help but look at the human Emperor of Mobei and saw the bitter smile on his face.

"It seems to be true."

lianzen made a decision in his heart.

Chapter 570

"Seeing is believing, and hearing is false."

” human emperors, ” jiang li said. ” it’s better to see it with your own eyes than to listen. ”

” ‘nuclear weapons’ are ‘powerful weapons’ that i’ve created after much thought and a huge price. they have super destructive power. compared to ‘formations’ and ‘military formations’, ’ nuclear weapons ‘are more convenient to use, more powerful, and have a wider range. ”

it’s even enough to change the situation of a war.

“Hahahahaha!”

Qiu Wanlian laughed and said sarcastically, ” ” ridiculous, ridiculous. what bullsh * t ‘nuclear weapon’? i’ve never heard of it. ”

“Moreover,”

the great Xia Dynasty is just a newly-promoted dynasty, and you, Emperor Xia, Jiang Li, are only at the perfected-stage level six. How can such a dynasty, which doesn’t have any Foundation, create such a powerful weapon? ”

“It’s just embarrassing.”

“Human Emperor Wanlian’s words are reasonable.”

Jing yueke nodded and said, ” ” i don’t believe that the great xia dynasty, which has only been promoted for less than two years, can produce any weapons without any foundation. ”

“Xia Emperor, don’t waste our time,”

“We’re not in the mood to look at your ‘toy’, ” Lin Tianjian said coldly.

“Did you hear that?”

“Jiang Li, Emperor Xia, shut up and sit down,” Qiu Wanlian scolded.

“.....”

Jiang Li, ” Qin qipo said and glanced at Jiang Li coldly.

just because you’ve never heard of human Emperor Wan Lian doesn’t mean he doesn’t exist. You’ll only make others laugh if you look at things from the perspective of a frog at the bottom of a well.

Jiang Li continued calmly, ” “As for the power of ‘nuclear weapons’, human Emperor of Mobei has seen it with his own eyes and experienced it personally.”

“Because half a month ago.”

a war broke out in the Western Region of the Holy peace Region. The Mobei Emperor launched a probing attack on the ten-winged Empire, but the dark shaman Empire found out about it.

“And so ...”

the dark shaman Empire sent out five billion ‘Elite Barbarian soldiers’ to attack the Mobei Empire. In a short few days, they occupied the Mobei Empire’s two Marquis territories.

after I heard about it, I adhered to the principle of mutual assistance between humans and sent out the ‘nuclear power Squad’. They defeated the’ Elite Barbarian Army ‘of the dark shaman Empire in one fell swoop and wiped out three to four billion barbarian soldiers, taking back the territory of the two Marquises for the northern desert Empire.

“.....”

Everyone couldn’t help but look at Mobei human Emperor.

“There is indeed such a matter.”

At this moment.

He Qingshu nodded and said.

“Yes.”

“that’s right.”

Then, the hall Masters of the division in Saint peace state said one after another.

He spoke the truth.

Obviously.

With the means of the martial immortal court of the human race-holy peace state, they could naturally obtain the news and intelligence from various places in holy peace state at the first moment.

“everyone,”

what Emperor Xia said is true, ” said Lianzhen as he stood up. half a month ago, there was indeed a war in the Western Region of Saint peace state. It was neither big nor small.

“In the end, it was indeed the Mobei Empire who won.”

moreover, there are still rumors in the Western Region of the Holy peace Region that the Mobei Empire has obtained some kind of powerful weapon, which is why they were able to defeat the elite Barbarian Army of the dark shaman Empire.

“Oh.”

Emperor force made a soft sound of surprise, but his expression didn't change. He looked at the human Emperor of Mobei and then directly asked,"Mobei human Emperor, is that really the case?"

"Indeed, it is."

Human Emperor of Mobei took a deep breath, stood up, saluted Martial Emperor, and answered, "it was indeed the great Xia Dynasty that sent out the 'nuclear energy Squad', and that was how they managed to defeat the elite Barbarian Army of the dark shaman dynasty.

"not only that,"

"I also requested to purchase 'nuclear weapons' from Emperor Xia."

"I'm telling you the truth,"

Emperor Xia's nuclear weapons are indeed very powerful. They cover a wide area, and even the weakest of them can reach the level of a type 5 divine weapon.

Qiu Wanlian said with disdain, I was wondering how strong it would be. It turns out that it can only reach the level of a Tier 5. How can the power of a Tier 5 affect a war that is worth tens of billions? "

"I'm afraid you're putting on a show together."

"Human Emperor Wan Lian, what's the point of targeting you like this?"

"I just said," human Emperor Mo bei said in a deep voice,"but the weakest power can reach the fifth stage, and the strongest power can cause damage to the seventh stage."

"The most important point."

" that is the killing range! "

...

the most outstanding aspect of Emperor Xia's 'nuclear weapons' is that they have an extremely large killing range, which far exceeds the range of military formations and spell formations.

"Let's do it this way,"

Lin Tianjian pondered for a while and said, " just as Emperor Xia said, seeing is believing, hearing is not. Why don't we look at the power of the weapon first? "

"In my opinion, this is a waste of time."

Qiu Wanlian said.

"hehe."

Human Emperor Mo bei only sneered a few times and didn't say anything more.

"The Xia Emperor."

Elder Brown thought for a while and said, " if the power of 'nuclear weapons' is really as strong as you say, it will be a great advantage for us humans, and it is also good news.

"Xia Emperor, did you bring the finished product?"

"Elder Brown."

...

I don't think so. Jiang Li cupped his hands. I didn't bring a normal 'nuclear weapon' with me because it's not small and it's not easy to carry.

“Hehe, so you didn’t even bring anything.”

Qiu Wanlian said sarcastically.

“This bi an ...”

everyone frowned. they felt that jiang li was indeed wasting their time.

“However,”

the ‘court’ of the Saint peace state has the ‘space teleportation formation’. You just need to use it and make two trips. The finished product will be here.

“Xia Emperor, don’t push your luck.”

“You can’t just use a ‘space transfer array’ as you please,” Xia Tian couldn’t help but scold.

“Hall Master Xia Tian is right.”

Qiu Wanlian immediately expressed his support.

everyone, I think we should continue to discuss and resolve the matter of the ‘Black Moon Empire’. Moreover, after the ‘Black Moon Empire’ is destroyed, how should we distribute the fate of the Empire, its resources, and the spoils of war? ”

“According to the specific battle merits?”

Qin Qi po said.

“The soul Emperor is right.”

I'm interested in the 'nuclear weapon' that Jiang Li mentioned.

“What a waste of expressions.”

Lin Tianjian and the others shook their heads.

“chang yue.”

at this moment.

The red-haired, burly middle-aged man sitting next to Elder Brown didn't say much, but he ordered in a deep voice, “Accompany the Xia Emperor to use the ‘spatial transfer formation’ to return to the Grand Xia Empire. After that, bring that ‘nuclear weapon’ over.”

“Catch.”

Shua!

The red-haired middle-aged man threw an ancient black ring toward Chang Yue with his right hand. Chang Yue immediately reached out to catch it, and her expression changed slightly when she saw the ring in her hand.

“Lord Chi, this bi an ...”

Chang Yue exclaimed.

“didn't emperor xia say that ‘nuclear weapons’ are not small and are inconvenient to carry? Take this ‘space ring’ with you. With the capacity of this ‘space ring’, I think it should be enough.”

lord chi said.

“It's a spatial ring!”

“Si si si ...”

“Lord Chi has actually taken out his space ring.”

“What a good fellow!”

everyone couldn't help but exclaim.

“Yes, sir.”

Chang Yue cupped her hands towards Lord Chi before placing the interspatial ring on her little finger.

“The Xia Emperor.”

Jiang Li. Chang Yue looked at Jiang Li and said, “since Lord Chi has spoken, I'll go back to the Xia Dynasty with you and bring you the ‘nuclear weapon’ you mentioned.

“Alright,” he said.

” thank you. ” jiang li nodded with a smile and bowed to lord chi.

“Go on.”

Lord Chi waved his hand.

Soon after.

Jiang Li and Chang Yue left the martial arts Hall. WMS01, MYL01, and SSTs01 naturally followed Jiang Li.

Within the palace.

no one spoke. it was a little quiet.

it won't take long for us to make a round trip using the 'space transportation formation'. Now, let's continue discussing the details of the 'first war of the Alliance'.

Lord Chi said.

“Yes.”

“That's good.”

“.....”

All the human emperors nodded.

Since Lord Chi had said so, they couldn't say anything more.

“As the saying goes, the greater the expectation, the greater the disappointment.”

Qin qipo thought to himself, Lord Chi is obviously very interested in the 'nuclear weapon' that Jiang Li mentioned. That's why he did that and even took out his 'space ring'.

but if Jiang Li is just bragging and the power of the 'nuclear weapon' isn't worth mentioning, then he'll be in trouble.

“Hehe.”

Qin Qi po laughed coldly, his thoughts turning rapidly as he thought of all sorts of vicious plans.

Obviously.

Jiang Li had offended the soul martial dynasty multiple times and killed their Marquis and Prince. In the end, he even went against Qin qipu and voted for the martial King dynasty.

It could be said that ...

Qin qipo had wanted to teach Jiang Li a lesson for a long time, but he couldn't find a good opportunity.

If they could kill Jiang Li ...

Qin Qi po would definitely not be soft-hearted.

Half an hour later.

jiang li and chang yue left the 999th floor of the martial pagoda and went all the way down. they walked out of the martial pagoda and went to the teleportation hall in the north.

They entered the palace.

He walked to the 'space transfer formation' in the middle of the hall.

"Activate the formation."

Chang Yue took out the 'Palace Master token' and ordered.

"Yes."

Buzzzzzz! Buzzzzzz!

Outside the formation.

Two array Masters formed hand seals with their hands, and seals appeared. Like butterflies, they entered the spatial transfer array.

It was like the key to opening the formation.

Immediately.

teleportation formation! the spatial fluctuation was very clear. The teleportation formation was activated and glowed. The light of the formation emerged and enveloped Jiang Li and the others.

“Whoosh!”

A dazzling radiance bloomed.

what? ” Jiang Li’s vision turned dark and he felt like the world was spinning.

The next moment.

After the light disappeared.

Jiang Li and the others were teleported away.

The scene changed.

in the northern region of the holy peace region.

Jiang Li and the others appeared in the sky somewhere in the northern region. Jiang Li’s vision was back, but he still felt a little dizzy.

“We’ve arrived.”

Chang Yue said.

“.....”

Jiang Li looked around.

” the teleportation array in the northern division teleportation hall can teleport you directly to the northern region of the holy peace region. since there’s no accurate location, you can teleport to a random place in the northern region. ”

Chang Yue explained.

“Oh.”

I see. Jiang Li nodded. this is the place.

“Hall Master Chang, our current location should be the ‘Scarlet-browed Marquis’. It’s very close to the imperial capital of the Grand Xia. It seems that our luck isn’t too bad.”

Jiang Li said.

“Yes.”

“Lead the way, I’m not familiar with the great Xia Dynasty,” Chang Yue said.

“Alright,” he said.

Jiang Li said.

Shua! Shua!

jiang li, chang yue, and the others flew as fast as they could. it only took them an hour to arrive at the imperial capital from the red-browed marquis.

“we’re here.”

jiang li said.
