

## Army 571

Chapter 571 An explosion

let's go. Jiang Li entered the imperial capital with Chang Yue. Before they entered the imperial capital, Jiang Li had already given an order through the 'super holographic soldier'.

They sent out the 'super transport troop' to transport the 'atomic bomb' and 'hydrogen bomb' from the nuclear power station in the base of the 01 Army.

Within the imperial capital.

In the open space of the square.

“Rumble!”

In the air.

A large military transport plane landed slowly. The door of the cabin opened, and the meches carried out the 'atomic bombs' and 'hydrogen bombs'.

According to the size of the yield.

They were neatly placed on the open space of the square.

he looked around.

The various-sized nuclear warheads glowed coldly under the sunlight, as if they could devour all living beings.

“These are the 'nuclear weapons' you were talking about?”

Chang Yue pointed at the nuclear warheads and asked.

“Yes,”

okay. Jiang Li nodded.

“.....”

Chang Yue frowned, ” Emperor Xia, Are you sure? To be honest, these things of yours look like giant iron lumps. I can’t feel any “energy” fluctuations at all.”

“There’s no sign of puppetry or mechanical arts.”

” emperor xia, you have to think this through. lord chi is very interested in the ‘nuclear weapons’ that you mentioned. that’s why he agreed to your nonsense. ”

“Let’s not talk about the fact that only the Imperial dynasty is qualified to come into contact with the ‘space domain’, and the cost of activating a’ space transfer formation ‘is not small.”

“In addition, Lord Chi has also taken out his ‘interspatial ring’.”

but if your ‘nuclear weapon’ doesn’t meet Lord Chi’s expectations, not only will Lord Chi be disappointed, but the other human emperors will also take the opportunity to hit you when you’re down.

“and you even offended qin qi po.”

don’t even think about the Martial Emperor helping you. It’s impossible.

“I’m afraid you won’t be able to handle what’s going to happen next.”

“don’t worry,”

I'm very confident in the power of 'nuclear weapons'," Jiang Li said with a smile.

"That's all I have to say."

Chang Yue said noncommittally.

"Activate!"

Buzzzzzz!

As soon as he finished speaking.

Chang Yue waved her right hand and the energy in her body gushed out, pouring into the 'interspatial ring'. She activated the 'interspatial ring' and it began to glow.

A dazzling silver light emerged and covered the entire square.

Shua! Shua! Shua!

The next moment.

All of the 'atomic bombs' and 'hydrogen bombs' disappeared into thin air, turning into a beam of light and being moved into the 'space ring'.

"this interspatial ring ..."

Jiang Li looked at the 'space ring' in Chang Yue's hand.

He was very curious.

One had to know.

It was Jiang Li's first time seeing an 'interspatial ring'.

He would be lying if he said he wasn't curious.

Chang Yue coughed lightly and explained, "a 'space ring' is an extremely precious 'space treasure'. Only the Emperor of the Empire is qualified to wear it.

"That's because only the Imperial dynasty has the qualifications to come into contact with the 'space domain'."

"the spatial ring that lord chi gave me is only a low grade spatial ring, but the space inside has already reached a height, width, and length of 1000 meters."

Generally speaking.

A 1,000-ton nuclear bomb.

It was two meters long and 0.5 meters in diameter.

so,

It was about 0.4 cubic meters in size.

A ten-million-ton atomic bomb.

It was 10 meters long and 2.5 meters in diameter.

...

so,

it was about 200 cubic meters in size.

After some calculations.

With the capacity of a 'low-grade space ring', which was one billion cubic meters, it could probably hold 2.5 billion one-kiloton-yield nuclear bombs, or five million ten-million-ton nuclear bombs.

Similarly.

It was the same for hydrogen bombs.

this was because a 1000-ton hydrogen bomb was about 0.4 cubic meters in volume, and a 1000000-ton hydrogen bomb was about 200 cubic meters.

This time.

Jiang Li had made 500000 thousand-ton nuclear bombs, 50000-ton, 100000-ton, 100000-ton, million-ton, and ten-million-ton hydrogen bombs each.

There were 5000 each of the ten-million-ton nuclear bombs and hydrogen bombs.

In order to make these 'nuclear warheads', Jiang Li had used up 31668 billion energy points and 10.6 billion tons of steel materials.

...

This way ...

Jiang Li's remaining thirty trillion energy points were basically used up.

So, it wasn't that Jiang Li didn't want to make more nuclear warheads, but he didn't have enough energy points.

That is, if we can't sell these nuclear warheads to the various dynasties.

jiang li really didn't have any more energy points.

It could be considered a one-sided bet.

There were quite a few nuclear warheads, and with the capacity of a 'low-grade space ring', it was completely possible to take all of them away, and they wouldn't take up much space.

“Teleport!”

Buzzzzzz!

Chang Yue took out a 'teleportation token' and activated it. The formation appeared and tore the space apart. The light curtain of the formation covered Jiang Li and Chang Yue.

“whoosh!”

The light flashed and disappeared.

Jiang Li and Chang Yue were teleported away.

He left the great Xia Dynasty.

The scene changed.

In the teleportation Hall of the northern Division of the Holy peace state.

Buzzzzzz! Buzzzzzz!

There were spatial fluctuations.

The teleportation formation lit up.

Jiang Li and Chang Yue appeared. They had teleported back. Jiang Li rubbed his eyebrows to get used to the aftereffects of the teleportation.

“Let’s go,” he said.

Chang Yue’s figure rose into the air and rapidly flew away from the teleportation Hall.

“.....”

Jiang Li immediately followed.

Shua! Shua!

the three level-seven meches followed jiang li.

Half an hour later.

Jiang Li and Chang Yue arrived at the ‘martial Pagoda’. They entered the pagoda and went all the way up to the 999th floor.

They passed through the vortex-shaped door.

He entered the ‘world inside the tower’ on the 999th floor.

they hurried on for another half an hour.

he returned to the gate of the martial arts hall.

The puppet guard opened the door of the hall and Jiang Li and Chang Yue walked in quickly.

In the martial Hall.

“lord chi, i have completed my mission and returned to the imperial capital with emperor xia. i have brought the ‘nuclear weapons’ that emperor xia spoke of.”

Chang Yue said.

“Alright,” he said.

Lord Chi smiled, ” Chang Yue, give me the ring.

“Yes.”

Chang Yue nodded and removed her low grade interspatial ring.

“Wait a moment.”

Jiang Li quickly stopped Chang Yue and said, ” “Lord Chi, the low quality interspatial ring contains my nuclear weapon. You should give it to me first.”

“emperor xia, are you saying that lord chi will covet your ‘nuclear weapons’?”

Chang Yue said in a low voice.

“No.”

No. Jiang Li shook his head.

“Hmph!”

Chang Yue snorted coldly.

“Tsk, tsk. The Xia Emperor, your tone of voice is quite bold.”

Qiu Wanlian said sarcastically.

“You don’t know the immensity of the heavens and earth.”

“How impudent.”

The various Hall Masters “tone turned unfriendly.

“Be quiet.”

“Chang Yue, hand over the ‘low grade interspatial ring’ to Emperor Xia.” Lord Chi raised his hand and pressed down in the air.

“Yes.”

okay, ” Chang Yue replied and gave the low-quality interspatial ring to Jiang Li.

“Many thanks.”

okay. Jiang Li took it with a smile.

Buzzzzzz!

He activated his true spirit and poured energy into the ‘low-quality interspatial ring’. Jiang Li felt the space inside the ring.

In the space.

atomic bombs and hydrogen bombs were placed neatly on the ground.

Shua! Shua!

He waved his right hand.

Jiang Li took out two nuclear warheads.

They were the smallest yield of the kilotons and the hydrogen bomb.

“Everyone, this is the ‘nuclear weapon’ I was talking about.”

It’s a thousand-ton atomic bomb and a hydrogen bomb with the smallest yield, ”  
Jiang Li said. the power of the explosion can reach level-five, and the power of a  
hydrogen bomb is four times that of an atomic bomb.

” in contrast, a hydrogen bomb is harder to make than an atomic bomb. ”

“Hahahahaha!”

Jing yueke couldn’t help but laugh. Jiang Li, Jiang Li, are you kidding me? What a  
Bullsh \* t weapon! These are just two black iron lumps, and you dare to call them  
nuclear weapons?”

“Jiang Li!”

How dare you! Qiu Wanlian snorted. how dare you use these two iron balls to fool  
us! To think that Lord Chi trusts you so much. You’ve really disappointed us.

“Laughable, laughable,”

“They’re clearly two iron blocks.”

“I can’t sense any energy or fluctuations from these two metal blocks, nor can I  
sense the existence of puppetry or mechanism Arts. I can’t even sense any  
formation.”

“It’s really Zhenzhen.”

No, the crowd shook their heads in disappointment and looked at Jiang Li with hostility.

One had to know.

Because of Jiang Li’s promise and what human Emperor Mo bei and Lian Zhen said, many people believed him and thought that Jiang Li could really make a powerful weapon.

This way ...

It was indeed a good thing for the human race in Saint peace state.

However ...

Now that he looked at it.

They were clearly two iron lumps.

Weapon?

What a Bullsh \* t weapon!

Were they supposed to carry these two iron lumps and hit the enemy?

so,

Many people who believed in Jiang Li were disappointed.

There was even hostility.

Only human Emperor of Mobei was calm.

“Jiang Li!”

BOOM!

Qin qipo stood up, and the aura from his body erupted once again. Because he had cultivated the ‘ancient puppetry technique’, his soul power was very strong, and it produced an extremely great sense of pressure.

“This time, you have to pay the price for your nonsense!”

Buzzzzzz!

As soon as he finished speaking.

With a thought from Qin qipo, a ‘puppet’ behind him awakened. It was a puppet warrior made from the corpse of a demon expert and various other materials.

In the surroundings.

Lord Chi, Elder Brown, and the others had no intention of stopping Qin qipo.

“That’s good.”

Jiang Li’s eyes glittered. no matter how much I say, it’s better to let you experience it for yourself.

“Nuclear explosion!”

Hence.

Jiang Li waved his right hand and the atomic bomb and hydrogen bomb on the ground flew up. Under the guidance of Jiang Li's power of true spirit, they were very fast and hit Qin qipo.

“Hmph,” he snorted.

qin qi po sneered in disdain.

The awakened puppet stood in front of Qin qipo.

“Hahahahaha!”

haha! Qiu Wanlian laughed. this ‘iron lump’ is really used to smash people! What a good weapon! It's really a ‘good weapon’!

“Explode!”

BOOM! BOOM!

In that instant.

The two ‘nuclear warheads’ exploded, creating a deafening explosion. The terrifying nuclear energy exploded, producing extremely hot temperature and radiation.

At this moment.

In the martial Hall.

It was as if two small Suns had appeared!

It was extremely dazzling!

“What?”

“What is this?”

f \* ck!!!

This time.

Everyone was immediately stunned. Their eyes widened as they stared at the terrifying energy released by the explosion.

They all had their mouths wide open.

His jaw dropped to the ground in shock.

the lump of iron could actually explode?

Furthermore ...

This power.

It was rather shocking!

Chapter 572 The test

The sudden explosion of the ‘nuclear warhead’ was clearly out of everyone’s expectations. Qin qipo was also caught off guard. Moreover, the ‘nuclear explosion’ had almost exploded right next to Qin qipo’s face.

however ...

Qin qipo’s ‘puppet warrior’ had already been standing in front of him.

“Whoosh!!!”

This was a ‘puppet warrior’ that was made from the corpse of a ‘demon clan expert’ and many other materials.

In the face of a sudden nuclear explosion.

They immediately retaliated and responded.

His entire body released a vast light.

It was extremely bright.

A pitch-black mist of light instantly spread out.

The next moment.

The puppet warrior stretched out its right hand, and a dark mist of light surged and gathered towards its right hand, condensing into a huge palm.

It reached for the two ‘nuclear warheads’ that had exploded.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

After that.

Then, something strange happened.

The huge energy palm had actually grabbed the ‘nuclear explosion’ that had a form but no substance. The scene that came into view was as if it had forcibly grabbed two ‘small Suns’.

In and out compression.

“!!!”

jiang li was shocked.

Bang! Bang!

finally.

There were two explosions.

The ‘nuclear explosion’ caused by the kilotongs ‘nuclear bombs and hydrogen bombs was forcibly extinguished by Qin qipo’s puppet warrior with one hand.

With the power of two ‘nuclear warheads’.

In the end.

It had only made the ‘puppet warrior’ take half a step back.

It did not cause any damage to Qin qipo.

Powerful!

it was extremely powerful!

“Truly worthy of being a soul Emperor.”

“Such a sudden attack was actually blocked so easily.”

“He’s really powerful.”

Everyone was shocked.

in reality.

After all, those were thousand-ton nuclear bombs and hydrogen bombs. Their power was average, only reaching the level of a tier-5 at most. Even if the sudden explosion caught Qin qipo off guard, it was not enough to threaten him.

Of course.

If it was a ten-thousand-ton nuclear bomb or a hydrogen bomb ...

That would not be the case.

It might not be able to kill Qin Qi po, but it could at least injure him.

but regardless.

Jiang Li had achieved his goal. He showed the power of the 'nuclear weapon' in front of everyone. Even the smallest yield of the 'nuclear warhead' still had the power of a level five.

“Small tricks.”

qin qi po's gaze was cold, he waved his right hand and quickly ordered: ” “Number three, take him down.”

“whoosh!”

as soon as he finished speaking.

Jiang Li! puppet warrior number three, who was standing in front of Qin qipo, rushed at Jiang Li as if it was teleporting. It crossed space like a black stream of light.

It flashed and disappeared.

Immediately.

WMS01 rushed to Jiang Li.

“Stop!”

BOOM!

The next moment.

...

Lord Chi made his move. With a wave of his hand, incomparably blazing energy surged out and turned into a large red Hand of energy. With a single palm, he sent puppet warrior number three flying.

Lord Chi’s attack was well-controlled, and his control over his power was even more exquisite. He did not hurt the third puppet warrior at all, only sending it flying. It just so happened to land in front of Qin qipo.

“.....”

Qin qipo’s pupils contracted, and he quickly stopped the third puppet warrior, not daring to continue.

“So strong!”

“As expected of Lord Chi.”

“This kind of strength, this kind of control, it’s truly shocking.”

The human emperors were shocked.

In reality.

If Lord Chi had only sent the third puppet warrior flying with a palm strike, the crowd wouldn't have been so shocked. However, Lord Chi's palm strike had sent the third puppet warrior flying to Qin qipo's face without injuring it in the slightest.

it could be seen from this.

...

Lord Chi's strength and control of his own power had already reached an extreme.

This was extremely terrifying.

“Hahahahaha!”

Lord Chi stood up from his seat. He was tall, had red hair, and eyes like red crystals. He laughed and looked at Jiang Li.

“Not bad, not bad at all.”

“Emperor Xia, the ‘nuclear weapon’ that you’ve created is indeed as you said, it’s at the fifth stage,” Lord Chi said, satisfied.

“However, the specific range of the attack has not been tested yet.”

“Let’s do it this way,”

it’s not easy to test it in the martial arts Hall. Let’s find a place outside the martial arts Hall to test the power and range of the nuclear weapon.

“Alright,” he said.

” thank you, lord chi. ” jiang li nodded and cupped his hands.

“.....”

qin qi po’s expression was ugly.

I didn’t expect the ‘nuclear weapon’ to be as powerful as Jiang Li said.

“I thought it was just an ‘iron block’,” he Qingshu muttered softly.

“Interesting.”

if it’s really as Jiang Li said, I have to get my hands on the nuclear weapon. How can I let go of such a weapon of war? ”

“That’s right,”

“.....”

All the human emperors thought to themselves.

Led by Lord Chi and Elder Brown, the ten human sovereigns, including Jiang Li, and the ten Palace Masters, there were also the subordinates of the human sovereigns and many Deputy Palace Masters.

They all walked out of the martial arts Hall.

Finally.

They had arrived at a place in the ‘world inside the tower’.

it was a huge 'ocean'.

It was almost impossible to see the end.

The waves rolled.

Other than that.

He observed carefully.

In the 'ocean', there were many 'sea beasts'. There were many places in the 'tower world' where these powerful 'beasts' lived.

These areas were all 'training grounds'.

Its main function.

They were used by the division to train and nurture the division members, as well as geniuses with all kinds of aptitudes.

"The Xia Emperor."

Lord Chi pointed at the 'ocean' in front of them and said, this is the 'tower sea', the largest ocean in the 'tower world'. Test your 'nuclear weapon' here.

"Sure."

okay. Jiang Li agreed with a smile.

Shua! Shua!

As soon as he finished speaking.

Jiang Li waved his right hand and took out the ten-thousand-ton, hundred-thousand-ton, million-ton, ten-million-ton nuclear bombs and hydrogen bombs with the highest yield.

There were a total of ten nuclear warheads.

The greater the yield.

The larger the size.

The ten-million-ton nuclear bombs and hydrogen bombs were 10 meters long, 2.5 meters in diameter, and 200 cubic meters in volume. They did look like huge iron blocks.

It was no wonder that many Human Sovereign realm Warriors would misunderstand.

“Hmph,” he snorted.

even if it’s powerful, its range is not certain,” Qiu Wanlian snorted. as long as enough materials are prepared, a fifth-grade formation can also exert the combat power of a fifth-tier.

moreover, by consuming spiritual crystals, the array can continue to attack under the control of the array master.

“Human Emperor Wanlian, do you know how many resources and materials are needed to set up a ‘fifth-grade array’?”

“Besides, the formation will lose its effect if there’s even the slightest problem or damage. It’s too easy for the enemy to destroy it,” human Emperor Mo bei said coldly.

“It’s starting.”

Buzzzzzz!

” jiang li, ” jiang li suddenly shouted and immediately attracted everyone’s attention. they ignored the argument between qiu wanlian and human emperor of mobei and looked at jiang li.

“Go!”

Shua!

” let’s go. ” jiang li waved his right hand and the ten-thousand-ton atomic bomb flew out with the power of true spirit. it flew more than a hundred thousand meters and fell into tahai.

After that.

The ‘nuclear warhead’ fell into the sea.

Everyone was staring at him.

“Explode!”

“boom!”

” nuclear explosion! ” jiang li yelled. the ten-thousand-ton atomic bomb exploded. it was like a red light ball was created in the sea.

Hualala!

The ocean water shot up to the sky.

the extremely hot temperature evaporated the ocean water. Terrifying shockwaves and nuclear radiation storms swept out in all directions.

The power was extremely terrifying.

the most important thing was ...

The area covered by the nuclear explosion.

The effective killing radius had reached a thousand meters!

within a radius of 1000 meters.

All living beings.

They would deal damage of the same level.

Creatures below the fifth step.

He would almost certainly die.

“This bi an ...”

This time.

Everyone was shocked, and they all had dumbfounded expressions on their faces as they stared at the damage and destruction caused by the ‘nuclear explosion’.

Their faces were filled with excitement.

“This Suan ni, this Suan ni”

“It’s true! it’s true!”

“The Xia Emperor did not lie, he did not lie!”

“Si si si ...”

this ‘nuclear weapon’ is not only powerful, but its killing range is also so large. It’s only at the ten-thousand-ton level, but its killing range has reached a thousand meters!

my good boy!!!

this weapon is really a great weapon of war!

everyone exclaimed in shock.

“He actually slipped away.”

qiu wanlian’s mouth was wide open.

“Alright, alright, alright.”

Lord Chi’s face was full of smiles. He came back to his senses and said, ”  
“Emperor Xia, test the power of the other ‘nuclear weapons’ so that we can make a comparison.”

“Yes.”

okay. Jiang Li nodded.

one had to know.

In Tahai, the explosion of a nuclear warhead could kill a large number of beasts in the sea. Those dead beasts could also provide Jiang Li with a lot of soul Tinders.

This wasn't.

It was just a ten-thousand-ton atomic bomb.

Shua! shua! Shua!

Different-colored soul Tinders flew out of the water and formed a colorful torrent that rushed toward Jiang Li.

Then, they were all captured.

Obtain a large amount of soul Tinder.

Immediately after.

Jiang Li tested the power and killing range of the hundred thousand, million, ten million, and ten million tons of atomic bombs.

At the same time.

The various hydrogen bombs were tested one by one.

Among them.

A 100,000-ton atomic bomb.

Its destructive power had reached the middle stage of the fifth step.

The killing radius was around four thousand meters.

a million-ton atomic bomb.

its destructive power was around the late-stage of the fifth step.

The killing radius was around eight thousand meters.

A kilotony nuclear bomb.

Its destructive power was around the perfected stage of Tier 5.

The killing radius was around 18 kilometers.

A ten-thousand-ton nuclear bomb.

Its killing power had already reached the sixth step.

its killing radius was around 40 kilometers.

A hydrogen bomb.

In the case of the same amount of energy.

the power of a hydrogen bomb was four times that of an atomic bomb.

so,

a h-bomb's destructive power was 4 times that of an atomic bomb, and its range was also 4 times that of an atomic bomb. a h-bomb with a yield of a million tons could already kill a type 6 expert, its range reaching 160km.

Such a range.

If it was on earth.

It was enough to cover the area of several provinces.

“everyone, what do you think of the power of my ‘nuclear weapon’? Is he even worthy of your attention?”

Jiang Li looked at everyone with a smile.

Chapter 573

“I’m in, I’m in, of course I’m in.”

Everyone was shocked at first, then they recovered from the shock. After hearing Jiang Li’s words, they immediately nodded and looked at him with passion.

Excitement!

Everyone was very excited!

The ‘nuclear weapon’ was very powerful!

It was extremely powerful!

Such power and such a large area of effect had far exceeded everyone’s expectations. The appearance of this ‘weapon’ that they had never heard of before had deeply attracted their attention.

At this very moment.

They didn’t look down on Jiang Li anymore.

‘Nuclear weapons’ must be obtained.

One could imagine.

In a Grand Dynasty War that was worth tens of billions of people.

If they suddenly threw tens of ten-million-ton 'nuclear warheads' at the enemy, even if the enemy had an army formation protecting them, the power of the ten-million-ton 'nuclear warheads' would be enough to cause huge damage to the enemy.

The most important thing was ...

This kind of 'nuclear weapon' was very suitable for sneak attacks.

What if ...

In a situation where the enemy was unprepared and without setting up a battle formation, dozens of 'nuclear warheads' were suddenly thrown out of the enemy's camp.

this was enough to destroy the entire enemy army.

Within the range of a nuclear weapon, all life forms below the type 6 realm would not be able to survive. Only type 6 powerhouses would be able to withstand the explosion.

There was more.

'Nuclear weapons' that weighed less than ten million tons could also play a huge role in small-scale local wars.

It could be said that ...

The human emperors had already come up with various plans and plans to use 'nuclear weapons' to participate in the war and win the war.

Thinking of this ...

Their eyes were even more fiery and excited.

” unbelievable, truly unbelievable. ”

Lin Tianjian took a deep breath and looked at Tahai, which had been destroyed by ‘nuclear weapons’. There were a large number of corpses floating on the surface of the sea.

“The Xia Emperor actually managed to create such a terrifying weapon of war.”

“The Xia Emperor.”

Lin Tianjian took a few steps forward and bowed to Jiang Li in a serious tone. He said to Jiang Li with an apologetic tone, ” “I apologize for my recklessness before. I should not have offended and slandered Emperor Xia before I figured out the truth of the matter.”

As soon as he finished speaking.

Lin Tianjian took out an exquisite white porcelain bottle from his bosom. A small ‘spirit sealing array’ was engraved on the porcelain bottle to seal the spirit.

“Emperor Xia, this is a top quality seventh ranked medicinal pill, the ‘seven spiritual barrier breaking pill’.”

“Emperor Xia’s cultivation is already at the ‘perfected stage of Tier 6’. All he needs is an opportunity to comprehend the heavens and earth and break through to tier 7,” Lin Tianjian explained.

“The ‘seven Spirit Barrier breaking pill’ is a top quality medicinal pill that can help one break through to the seventh tier.”

“Oh.”

Jiang Li's eyes lit up and his eyes fell on the 'porcelain bottle' in Lin Tianjian's hand.

It was true.

Jiang Li's current cultivation was indeed a little weak. He was only at the perfected stage of level six. Among all the people present, only Jiang Li hadn't reached Level Seven.

One had to know.

even the weakest of the deputy hall masters was at the initial stage of the seventh rank.

The 'barrier-breaking pill of seven spirits' that Lin Tianjian took out was indeed very useful for Jiang Li. It could help Jiang Li 'comprehend the heaven and earth' and break through to Level Seven.

“I would like to use this 'seven spirits barrier-breaking pill' to trade with Emperor Xia for a 'ten-million-ton hydrogen bomb'.”

Lin Tianjian stated his purpose.

“Wait a moment.”

Shua!

Emperor Wu immediately walked over and took out a 'porcelain bottle' from his bosom. I happen to have some 'seven Spirit barrier-breaking pills' with me, and I also want to trade some 'ten-million-ton hydrogen bombs' with Emperor Xia.

“Hahahahaha!”

Qin qipo laughed and said to Jiang Li with a gentle smile, ” “Emperor Xia, it seems that there has been an unnecessary misunderstanding between us due to some matters.”

however, this will definitely not affect the friendship between our two majestic empires.

“Regarding the ‘seven Spirit Barrier breaking pill’, I also have some, and I also want to trade for some’ ten-million-ton hydrogen bombs’.”

One had to know.

Jiang Li had said that during the test.

...

‘Nuclear weapons’ were not easy to make. He had also spent a lot of effort and money to barely create such a precious batch of ‘nuclear weapons’.

Naturally, he couldn’t give it away for free.

There was a need to trade.

They were both humans.

Jiang Li was willing to sell it at the cost price.

The specific price.

Jiang Li set the price according to the price he used when he traded with human Emperor Mo bei.

Among them.

a thousand-ton nuclear bomb cost 10000 lower spiritual crystals and 100 tons of steel materials.

For every tenfold increase in the yield.

Spiritual crystals would double, and steel materials would be ten times more.

...

With the same amount of power.

The price of a hydrogen bomb was four times that of an atomic bomb.

However ...

Jiang Li didn't mention the price of the nuclear bombs and hydrogen bombs on purpose, because the power of the nuclear bombs and hydrogen bombs had already changed.

Plus ...

There were only 5000 hydrogen bombs and 5000 nuclear bombs.

The quantity was limited.

“Everyone,”

thank you. Jiang Li cupped his hands and said, ” we've all seen the power of 'nuclear weapons'. I don't need to waste my breath. You all know what to do.

it's not easy to make 'nuclear weapons', and it's even more difficult to make one that weighs tens of thousands of tons. I've paid a huge price and spent a lot of effort to make such a batch of ' nuclear weapons'.

“If it wasn’t for the current situation, I wouldn’t have taken out such a weapon to trade.”

“But,”

as a human, we should help each other and work together to overcome the difficulties. Therefore, after thinking about it, I decided to take out the ‘nuclear weapon’.

” and conduct the transaction at ‘cost price’. ”

“The Xia Emperor truly is considerate of the human race.”

Jing yueke immediately chimed in.

“Yup! that’s right!”

“After listening to Emperor Xia’s words, we are truly ashamed.”

“If we can work together, we can definitely defeat the monster race and the Barbarian race.”

Hence.

the other human emperors also said one after another.

As for how many of them were sincere, that was not clear.

“The Xia Emperor.”

” although the power of the ‘ten-million-ton hydrogen bomb’ is extraordinary, the ‘seven spirits barrier-breaking pill’ is also a precious item. it’s priceless, and there’s no market for it, ” said the force emperor in a deep voice.

“It’s a top grade seventh-tier pill.”

“Let’s do it this way,”

“One ‘seven Spirit Barrier breaking pill’ in exchange for a hundred ten-million-ton hydrogen bombs.”

“What?”

what? ” Jiang Li’s eyes widened in shock and he said loudly, ” Martial Emperor, this bi an, this bi an ... No, this definitely won’t do.

“How can one ‘seven spiritual barrier breaking pill’ be traded for a hundred ten million ton hydrogen bombs?”

“You must know that the ‘seven spiritual barrier breaking pill’ only increases the success rate of breaking through. It can not guarantee that it will definitely break through. This is definitely not possible.”

“Oh.”

The Martial Emperor narrowed his eyes. Emperor Xia, how do you propose we make the deal? ”

“One ‘seven Spirit Barrier breaking pill’ in exchange for Ten Ten megaton hydrogen bombs, or forty megaton atomic bombs.”

Jiang Li said.

Ten times!

Jiang Li lowered the price by ten times!

The most important thing was ...

Jiang Li wasn't afraid that the Martial Emperor wouldn't buy it.

Jiang Li was the only one who had nuclear weapons.

There was only one.

There was no other way.

“the xia emperor.”

“It's not a good thing to be too greedy,” said force Emperor in a low voice.

“martial emperor.”

how can you say that? ” Jiang Li looked sad. how can you say that? ” The difficulty of creating a ten-million-ton hydrogen bomb and atomic bomb is no less than making a Type 7 pill.”

one ‘seven Spirit barrier-breaking pill’ for Ten Ten million-ton hydrogen bombs. I've already lost a lot of money. If you're not willing, I can only refuse this deal.

In reality.

To create a ‘ten-million-ton hydrogen bomb’, only two billion energy points and one billion pounds of steel material were needed. Compared to those below the ten-million-ton level, the cost was ten times higher.

however ...

A ‘seven Spirit Barrier breaking pill’.

it could assist experts at the peak of the type 6 realm to break through to the type 7 realm.

With the seven spirit flower, the delusion split Lotus, and the nine Heavens breath water as the main ingredients, and many tier six spiritual herbs as supplementary ingredients, it would take eighty-one days to successfully refine it.

It was truly priceless.

There was a price but no market.

For example, this bottleneck-breaking pill.

They were basically in the hands of the Martial Emperor, soul Emperor, sword Emperor, and other human emperors of domineering dynasties. It was very difficult for them to appear outside and use them to reward and train loyal subjects.

The specific price.

A 'seven Spirit barrier-breaking elixir' was worth 100 million lower spiritual crystals.

"the xia emperor."

Force Emperor's expression remained unchanged. He then handed the porcelain bottle to Zhang tie and said, "There are ten 'seven Spirit Barrier breaking pills' in this bottle. I'll trade them for a hundred ten-million-ton hydrogen bombs."

"Okay, okay, no problem."

Shua! Shua!

okay. Jiang Li agreed to the deal with a smile. He took the bottle in his hand and took out a hundred million-ton hydrogen bombs after making sure the pills were correct.

"Martial Emperor, please check."

Jiang Li said.

Shua!

Force Emperor waved his right hand while the 100 million-ton hydrogen bombs flew over there. After checking them over and confirming that there was no problem, force Emperor disappeared in a flash.

“Oh.”

jiang li immediately noticed a black bag on the martial emperor's waist. it emitted spatial waves, similar to the space queen.

It was a high-quality spatial storage bag.

Obviously.

it was a space item one grade lower than a 'low-grade space ring', but even though it was several grades lower, it was still extremely precious. the martial emperor had paid a great price to exchange for it from the 'saint peace state court'.

Because ...

In the entire holy peace state, there was no Emperor dynasty. Only the 'holy peace state court' had precious 'space objects', and they had a monopoly.

It was a spatial storage bag.

From low to high.

It was divided into Supreme-grade, high-grade, medium-grade, and low-grade.

Among them.

The low-grade spatial storage bag was the worst, only having a space of one meter in length, width, and height. The mid-quality storage bag was ten meters in length, width, and height. The length, width, and height of the high-quality spatial storage bag had reached 100 meters.

the space in an ultra-quality spatial storage bag was the same as that in a low-quality spatial ring.

Its length, width, and height reached a thousand meters.

However ...

Carrying an interspatial ring was more convenient than carrying a storage bag. An interspatial ring was just a ring, while a storage bag was a bag, so the space within an interspatial ring was more stable.

so,

Even if the space capacity of a Supreme-grade space storage bag was the same as that of a low-grade space ring, the value of a low-grade space ring was tens or even hundreds of times higher than that of a Supreme-grade space storage bag.

Soon after.

Lin Tianjian and Qin qipo each took out ten 'seven soul barrier-breaking pills' to trade with Jiang Li. They also traded 300 of the 5000 million-ton hydrogen bombs.

however ...

Jiang Li's main goal was energy points and resources.

It was a surprise to get the seven spiritual barrier-breaking pill. With the 30 pills, Jiang Li was confident that he could reach the early stage of Level Seven in a short time.

## Chapter 574

“Thirty ‘seven spiritual barrier breaking pills’ are already enough.”

” if you still want to buy atomic bombs and hydrogen bombs, ” jiang li said to the human emperors, ” the next trade will be done with spiritual crystals and steel materials. ”

“I won’t trade anymore.”

“I hope everyone can understand.”

Jiang Li smiled.

“Alright,” he said.

” emperor xia, just tell me the exact price, ” the force emperor immediately said. ” the force emperor dynasty will buy half of your ‘nuclear weapons’ . ”

“martial emperor.”

Lin Tianjian frowned and said in a deep voice, ” I don’t think that’s a good idea. The nine human sovereigns and the temple Masters are all here. You want to buy half of them? ”

“You’re not being very honest.”

“The martial King dynasty is rich, but my ‘soul martial dynasty’ isn’t lacking in these resources. We can still afford these ‘nuclear weapons’,” Qin qipo said indifferently.

“We should buy them evenly.”

“That’s right.”

“.....”

Hence.

The other human emperors chimed in.

“the xia emperor.”

“The ‘Saint Peace region’s Regional Court intends to buy one-fifth of the’ nuclear weapons ‘you currently have. What do you think?’ Lord Chi suddenly said in a deep voice.

“No problem,”

okay. Jiang Li agreed.

“Alright!”

A smile also appeared on Lord Chi’s face.

“This bi an ...”

the human emperors were stunned. although they were unhappy, they didn’t stop jiang li. after all, the ‘court of justice’ in the saint peace state was very powerful and jiang li had agreed.

Shua! Shua!

Buzzzzzz!

Jiang Li waved his right hand and took out the atomic bomb and the hydrogen bomb from the 'low-quality interspatial ring'.

Among them.

100,000 thousand-ton atomic bombs and 100000-ton hydrogen bombs, 10000-ton, 100000-ton, 100000-ton, 10000000-ton, 10000000-ton nuclear bombs and 10000000-ton hydrogen bombs.

Finally.

The 'Saint peace state court' then bought 1000 10000000-ton hydrogen bombs at the price of 10 million lower spiritual crystals and 10 million tons of steel materials.

He also bought 1000 nuclear bombs at the price of 2.5 million lower spiritual crystals and 2.5 million tons of steel materials.

After some calculations.

The 'Saint peace state court' had to pay Jiang Li 21.6 billion lower spiritual crystals and 1050.6 billion tons of steel materials.

"The Xia Emperor."

Shua!

lord chi took out a black 'storage bag'. it was a top-grade interspatial storage bag, and the size of the storage space was the same as a low-grade interspatial ring.

It was 1000 meters in length, width, and height.

"This is a Supreme grade spatial storage bag."

“I can make the decision to sell it to you at the price of ‘10 billion lower spiritual crystals’. How about it?” Lord Chi said.

“Alright,” he said.

okay. Jiang Li nodded and agreed without hesitation.

“Supreme grade spatial storage bag.”

In the surroundings.

All the human emperors looked over and couldn’t help but exclaim.

One had to know.

Even a Martial Emperor used a ‘superior-grade spatial storage bag’. This did not mean that a Martial Emperor could not afford it. After all, it was only 10 billion lower spiritual crystals. A Martial Emperor would definitely be able to afford it.

but ...

according to the rules of the ‘saint peace state court’, only those who had made sufficient contributions to the human race had the right and authority to purchase a supreme-grade spatial storage bag.

With the contribution and authority of a Martial Emperor ...

He could only buy a ‘high quality spatial storage bag’.

However ...

Jiang Li had taken out a 'nuclear weapon', which was a special weapon that the monsters and barbarians didn't have. It could cause great damage to the monsters and barbarians.

...

This was a great contribution to the human race.

Jiang Li was qualified.

"take it."

Lord Chi threw the Supreme-grade interspatial bag to Jiang Li and said, "the remaining 11.6 billion lower spiritual crystals are all in here.

"As for the steel materials, the volume of one trillion tons of steel materials is too big. The 'top quality space storage bag' can't hold one trillion tons of steel materials at all."

"Thank you, Lord Chi."

Jiang Li took out the Supreme-grade spatial storage bag.

One had to know.

One cubic meter of steel was about eight tons.

One trillion tons.

That was equivalent to 100 billion cubic meters in size.

...

He did the conversion.

After opening the square root.

It was equivalent to a cube with a side length of about five thousand meters.

After that,

After a heated debate.

The remaining four-fifths were atomic bombs and hydrogen bombs.

They were traded to the nine great empires on average.

next.

Jiang Li began to trade 'nuclear weapons' with the human sovereign realm warriors. he took out all the 'atomic bombs' and 'hydrogen bombs' in his low-quality interspatial ring.

Half a day later.

The transaction was completed.

Jiang Li sold all the 'atomic bombs' and 'hydrogen bombs' to the ten Human Sovereign realm Warriors and got a lot of lower-grade spiritual crystals and resources.

He had obtained a total of 86.4 billion lower spiritual crystals.

In addition to the 11.6 billion lower spiritual crystals he got from the Saint peace state court, Jiang Li had 98 billion lower spiritual crystals.

There were nearly 100 billion of them.

It was terrifying.

the 'top-grade spatial storage bag' was already full.

In addition.

They also obtained '5 trillion tons' of steel materials.

However ...

the 'steel materials' were too large to be traded to jiang li for the time being. jiang li made an agreement with the human sovereign realm warriors that he would personally send 'transportation troops' to the dynasties to take the steel materials away.

The human emperors all agreed happily.

Time passed.

Another afternoon passed.

In the end.

after some discussion, they decided on the specific time to attack the 'blackmoon empire'. it was set to be three days later, and the teams that the various great empires needed to send out had also been confirmed.

among them.

The 'Wu King dynasty' and the 'Chong Wu Dynasty' were the main forces this time.

martial emperors and the others would send out the dynasty's army.

In addition.

The soul martial Empire sent out a Type 7,9 Type 6, and 10000 type 5 to form the 'soul martial troop', while the sword Empire also sent out a Type 7,9 Type 6, and 10000 type 5 to form the 'sky sword troop'.

Other than that.

The Lianzhen dynasty, the Mobei dynasty, the Wanlian dynasty, the Great Yan Dynasty, and the tianzong dynasty had only sent out three Type 6 and 10000 type 5 'dynasty troops'.

finally.

jiang li decided to send out the 'nuclear power squad' again.

As for the distribution of resources and the fate of the Empire ...

Because the 'Wu King dynasty' and the 'Wu reverence dynasty' were the main forces this time, after they won the war and successfully destroyed the Black Moon Dynasty ...

The 'Wu King dynasty' and the 'Chong Wu Dynasty' would be able to get 60% of the spoils.

The soul martial dynasty and the sword Emperor dynasty had obtained 20% of the spoils.

as for the remaining 20% ...

the remaining six great empires, including the grand xia empire, would split it equally.

“alright,” he said.

since we’ve already confirmed the number of troops and forces for the battle, let’s move out immediately,” Elder Brown said. we’ll try to get rid of the ‘Blackmoon Empire’ within three days.

“alright!”

” the blackmoon empire could be considered to have ‘died a worthy death’ for being able to make us ten great human empires join forces. ”

“Let’s do this.”

All the human emperors said one after another.

In the evening.

The ‘Alliance meeting’ ended.

Xing lingqi. Jiang Li went to ‘Xing lingqi’, one of the ten court Masters, and asked’ Xing lingqi ‘about the’ demon ‘incident at the’ mang Huang Lake’.

“Hall Master Xing, can you hand over the demonic devil that was taken away from the ‘mang Huang Lake’ to me?”

“I’m willing to buy it with crystals,” Jiang Li said.

“This is a small matter.”

Xing lingqi’s face was handsome, like a pale-faced scholar. He smiled and said, ” the giant demonic beast that Emperor Xia spoke of was incomplete to begin with. It was a failed product.

if Emperor Xia wants it, I can give it to him. I don't need to buy it with spiritual crystals.

“Thank you, Lord Xing.”

jiang li cupped his hands.

“Xia Emperor, come with me.”

Xing lingqi said.

“Yes.”

Jiang Li followed.

Soon after.

Jiang Li followed Xing lingqi out of the ‘world inside the pagoda’ and went down the stairs of the ‘martial Pagoda’ to the 900th floor.

‘Prison of fiends’.

The 900th level of the martial Pagoda was the ‘demon prison’.

There were different ‘fiends’ locked up.

in addition, there were yaomo of the third to the sixth step.

Roar! “Roar!”

The prison of fiends was extremely eerie. Jiang Li and Xing lingqi walked along the corridor, and there were large ‘prisons’ on both sides.

the roars of demons and devils could be heard.

At the same time.

There were also the deafening sounds of demons crashing into the 'prison'.

"Palace Master!"

In the prison.

There was also the 'prison guard', which was a 'Chamber member'. The prison Guard's job was to manage the various 'demons' in the 'demon prison'.

To deal with some unexpected situations.

"Xingyun, this is the human Emperor of the Xia Dynasty, Jiang Li."

"Quickly pay your respects to the Xia Emperor," Xing lingqi introduced.

"Yes."

'Xingyun', the head of the prison guards, was stunned. He sized Jiang Li up and bowed. "The head of the prison guards, 'Xingyun', pays his respects to Emperor Xia."

"Yes."

okay. Jiang Li nodded in response.

"Xingyun, lead the way immediately. The Xia Emperor wants the demon in '02457'."

Xing lingqi ordered.

“Yes, sir.”

Xingyun nodded and led the way, saying, “Xia Emperor, please follow me.”

A few minutes later.

Jiang Li and the others walked along the corridor. On the way, Jiang Li saw many demons of all kinds. Their auras varied.

furthermore ...

Jiang Li also noticed that ...

These ‘magical beasts’ had chains and runes wrapped around their bodies. Some of the magical beasts had runes wrapped around their entire bodies, and they were already completely controlled.

Obviously.

The ‘prison of fiends’ was not as simple as it seemed.

“Emperor Xia, Palace Lord.”

xingyun stopped and pointed at the ‘cell’ in front of them.”The one in this cell is ‘02457’, the giant demon.”

“Open the door.”

xing lingqi said.

“Yes.”

buzzzzzz!

the star cloud moved forward and formed a seal with his right hand. it condensed into a rune that flickered with blue light. it flew forward and integrated into the prison cell in front of him.

“BOOM!”

The cell shook slightly.

He activated the formation.

The sealed wall split open automatically.

BOOM! BOOM!

“Roar!”

The cell shook. The demonic giant inside was struggling and roaring. Jiang Li saw a huge figure.

It was nine meters tall.

“Emperor Xia, is this the demon?”

Xing lingqi asked.

“That’s right, this is it.”

Jiang Li walked into the cell and looked at the ‘demonic giant’ that was trapped by chains and runes. He took a closer look and confirmed that it was the right one.

“Alright, alright,”

Xing lingqi smiled and said, "that's good. Xingyun, what are you doing?" Hurry up and hand over the 'life Jade' of number 02457 to the Xia Emperor."

Chapter 575 Demodragon

"Yes."

Xingyun nodded and took out a Black diamond-shaped token. She gave it to Jiang Li and said, "emperor xia, this is the 'life tablet' of the demonic giant no. 02457."

"As long as I refine the life Jade, I'll be able to control number 02457,"

however, 02457's soul seems to be incomplete. It is a failed product. Emperor Xia, please pay more attention to this when you use it.

"alright, i understand."

"okay." jiang li nodded and held the 'life token' in his hand. he activated his cultivation technique and injected his power of true spirit into it. the green light covered the black diamond token.

Half a minute later.

jiang li refined the 'life jade'.

Through the 'life Jade' in his hand, Jiang Li could sense 02457. He could give orders to 02457 through the Jade and control it.

"Release!"

Kachaa! Kachaa!

Xingyun pointed with her right hand and the chains and runes binding 02457 were released automatically. 02457 regained his freedom.

02457 greets master!

Immediately after.

It was huge, nine meters tall, and covered in scales like dragon scales. It had a burly body and well-developed muscles. There was a horn like a rhinoceros horn between its eyebrows.

He knelt on the ground.

“Xia Emperor, this demonic beast is yours.”

Xing lingqi said.

“Thank you, Lord Xing.”

thank you, ” Jiang Li said.

“You’re too polite.”

Xing lingqi smiled. it’s just a fifth-ranked magical beast.

Half an hour later.

jiang li walked out of the martial tower with no. 02457, wms01, myl01, and ssts01.

When facing WMS 01,02457 was extremely afraid.

“It’s time to go back,”

Jiang Li touched the 'Supreme-grade spatial storage bag' in his pocket. There were 98 billion lower spiritual crystals and a 'teleportation token' from the Saint peace state.

Shua!

let's go. Jiang Li flew to the teleportation Hall in the North.

not long after.

Soon, Jiang Li arrived at the teleportation Hall in the North and teleported back to the northern region of the Saint peace state through the space teleportation formation.

However ...

Jiang Li wasn't very lucky this time.

He was then teleported to The Endless Forest.

It was located at the border of the northern region of the Holy peace Region.

mechanical space Station base.

teleport," Jiang Li ordered. teleport immediately.

Buzzzzzz!

In the sky above the northern region of holy peace state.

the mechanical space station base no. kjzjd01 started to operate and instantly locked onto jiang li's current position.

at the same time.

he made contact with the 'teleportation room' through the mechanical space teleporter.

in that instant.

The teleportation was activated.

It was as if an invisible beam of light came from the mechanical space Station base No. Kjzjd01 and landed on Jiang Li.

“Whoosh!”

There was a flash.

Jiang Li, WMS01, SSTs01, MYL01, and the demon disappeared into thin air. They were teleported away.

The scene changed.

in the base of the 01 division.

Within the teleportation room.

Jiang Li and the others appeared.

They returned to the Grand Xia Empire.

...

“I'm back.”

Jiang Li walked out of the teleportation room with a smile.

this kind of teleportation formation was much better than the one in the division of state in the holy peace state.

One had to know.

This time, there was a division in the Holy peace state.

Jiang Li achieved his goal.

They had traded for a large amount of resources.

Buzzzzzz!

With a thought.

the dominator panel opened.

he opened the soul tinder column.

...

” take out the soul tinder fragment of the rank five demon. ”

Shua!

Jiang Li confirmed.

The black soul Tinder fragment of a rank five demon appeared. It was like a black spot of light, flickering with an extremely dim luster.

“Master!”

02457 looked at the fragment with excitement.

“What’s wrong?”

Jiang Li asked.

“The servant can feel it.”

02457 said, ” this thing is a part of a servant. if a servant can complete this part, he will be completely complete and cross the fifth rank. ”

“Master, please grant me my wish.”

“Oh.”

02457? ” Jiang Li muttered and sized up 02457.

In reality.

Jiang Li originally planned to kill 02457 to complete the soul Tinder fragment of a level-five demon and get a complete soul Tinder of a level-five demon.

Then, he would create the ‘giant demonic soldier’.

However ...

But now it seemed ...

There were better options.

“I can fulfill your wish.”

yes, ” Jiang Li said, ” but I don’t really believe in the ‘life Jade’ of the Saint peace state.

Buzzzzzz!

Hence.

contract talisman. Jiang Li summoned the Green Dragon. The power of the nation’s fate gushed out and formed a ‘core contract talisman’. It appeared in his palm.

It was shining with a green light.

It was like a dragon.

“accept it, and i’ll fulfill your wish.”

Jiang Li said.

“yes.”

02457 nodded.

“Go.”

shua!

Jiang Li waved his right hand and the ‘core contract talisman’ flew out. It was like a ray of green light and quickly merged into the space between 02457’s eyebrows.

Buzzzzzz! Buzzzzzz!

The green light flickered.

a few seconds later.

The 'core contract charm' was easily integrated into the depths of 02457's soul.

as a result ...

02457 became one of Jiang Li's 'core slaves'.

He was Jiang Li's third core slave.

"Master."

02457 kowtowed again.

"Good, good."

Jiang Li was surprised. He didn't expect it to be so easy. He took out the life Jade, but it was broken and had lost its function.

However ...

Jiang Li could use the 'core contract charm' to completely control number 02457.

"It's yours."

Shua!

Jiang Li gave the 'soul Tinder fragment of a level-five demon' to 02457.

“thank you, master!”

Buzzzzzz!

02457 immediately caught it. The black dot then entered 02457’s forehead and fused with him.

BOOM! boom!

In that instant.

A terrifying energy began to shake from 02457’s body. The demonic Qi wreaked havoc and produced a vast suction force that swept through the surroundings.

Countless spirit Qi swept over.

02457 had devoured all of them.

roar! “Roar!”

Not only that.

behind 02457, a huge ‘demon image’ appeared. black mist filled the air and it was slowly taking shape.

At the beginning.

The ‘demonic Magic Image’ was also extremely illusory, causing one to be unable to see its exact appearance.

Time passed.

It gradually became clear.

The night passed.

The morning of the second day arrived.

At this moment.

The ‘demonic fiend celestial appearance’ had already reached a height of a million meters. Upon closer inspection, one would discover that this ‘demonic fiend celestial appearance’ had already solidified. It had a dragon head and an Eagle body, and its might was monstrous.

Buzzzzzz! Buzzzzzz!

02457 “s aura was getting stronger.

in the end.

When the ‘Dragonhawk phenomenon’ was completely condensed, he had successfully broken through and stepped into the early stage of the sixth rank, which was slowly consolidating.

The base of the 01 Army was located in the air above the imperial capital of the Grand Xia.

Such a change and phenomenon.

Naturally, it alarmed the many commoners and ministers in the imperial capital.

“.....”

The citizens all looked up at the ‘Dragon Eagle phenomenon’ in the sky. It was a million meters tall and pierced through the clouds like an ancient demon.

It was awe-inspiring.

02457 woke up.

At this moment.

His soul was completely complete, and he had completed the evolution of his bloodline. He had become a demon with a dragon head and a human body, with a pair of Black Dragon horns on his head.

The power was much stronger.

“Thank you, master, for your help.”

02457 kowtowed.

“not bad.”

number 02457? ” Jiang Li sized up 02457.

If Jiang Li killed 02457, he would get a complete level-five Demon Soul Tinder, but he would need 15 billion energy points to create a perfected-stage ‘giant soldier of demons’.

but now ...

Jiang Li didn’t kill 02457. Instead, he let 02457 merge with the fragment and gained an early-stage level six demon slave.

” no. 02457. ”

you have a dragon head and a human body, ” Jiang Li said. you’ve completed the evolution of your bloodline. I’ll call you ‘demodragon’ from now on.

“Yes, sir.”

Demodragon kowtowed, ” demodragon thanks master for bestowing this name.

“Yes.”

okay. Jiang Li nodded with satisfaction and asked long mo to wait on the side.

“Take it out,”

shua! Shua!

Jiang Li took out the Supreme-grade spatial storage bag and took out the lower spiritual crystals. There were too many of them to be taken out at once.

He could only take it out multiple times.

each time, he would take out about 10 billion lower spiritual crystals.

They could fill up the empty space in the base.

“Convert!”

Buzzzzzz!

jiang li turned on the energy point conversion function.

conversion successful. One hundred trillion energy points obtained!

.....

conversion successful. One hundred trillion energy points obtained!

.....

Finally.

Jiang Li converted all 98 billion lower spiritual crystals and gained 980 trillion energy points in total. He had more energy points now.

He had finished converting the energy points.

Jiang Li left the base and went to the great Xia Palace. He gathered Xu Ya, Hong Tianqi, and the others again and gave them an order.

Inside the Azure Dragon Palace.

Jiang Li sat on the Dragon Throne.

He looked down at the ministers in the hall.

this time, I went to the 'court of the Holy peace state' and had a 'dynasty Alliance meeting' with the other nine human emperors, the two Deputy court Masters, and the ten Hall Masters.

yes, " Jiang Li said. through the 'dynasty Alliance meeting', the ten human dynasties joined forces and made an important decision by vote.

"The first battle of the 'dynasty Alliance' will begin in two days."

the first target is the demon race's 'Black Moon Empire'. The 'Black Moon Empire' is located in the Eastern Region of the Holy peace state. The main forces of this battle are the 'martial King Empire' and 'martial reverence Empire' from the Eastern Region of the Holy peace state.

” in addition, i will send out the ‘nuclear energy squad’ again to assist the ‘martial king dynasty’ and the ‘martial emperor dynasty’ in taking down the ‘blackmoon dynasty’.”

” xu ya, hong tianqi, wu zong, gather the nuclear power squad immediately. two days later, i will take you to the ‘division of the saint peace state’ to join the troops of the other dynasties.”

“Let’s head to the Eastern Region of the Holy peace Region together.”

“Yes.”

“We will obey your orders!”

Hong Tianqi, Xu Ya, and the others responded in unison.

“Yes.”

okay. Jiang Li nodded in satisfaction.

Soon after.

Jiang Li left the Azure Dragon Palace and returned to the room in the ‘dominating hub’. He took out the bottle with the seven Spirit barrier-breaking pill from the Supreme-grade spatial storage bag.

Buzzzzzz! Buzzzzzz!

okay. Jiang Li sat cross-legged and started to adjust his state.

a green mist of light filled the air.

It covered Jiang Li’s entire body.

Immediately after.

A four-clawed Green Dragon was formed and coiled around Jiang Li. The Green dragon's head rested on Jiang Li's head and the power of the nation fate covered his body.

Shua!

I'll take it. Jiang Li waved his right hand and opened the bottle. A crystal-clear pill flew out, emitting a faint seven-colored light.

Jiang Li opened his mouth and swallowed the pill.

He cultivated with the help of medicinal pills.

Chapter 576 A breakthrough

Cultivation breakthrough.

It wasn't something that could be achieved overnight.

Even though Jiang Li had already taken the 'seven spiritual barrier-breaking pill', which was a level-seven Supreme-grade 'pill, and he had the Fortune of the dynasty to help him cultivate.

If he wanted to break through to the seventh step.

There was also a certain level of difficulty.

but ...

It was just that there would be a certain level of difficulty.

One had to know.

After Jiang Li was injected with the level one to level five gene strengthening fluid, his cultivation talent had made a qualitative leap. He could be called a 'genius'.

Buzzzzzz! Wuuwuwuwu!

After taking the pill.

Jiang Li had already started to refine the pill. The power of the 'barrier-breaking seven spirits pill' spread in his body and enveloped the 'true spirit' in his dantian.

Rank 6 true spirit realm.

It was to fuse one's own soul energy with the true core, breaking through the true core, condensing the true spirit, and improving one's cultivation and strength.

Currently.

Jiang Li's cultivation was already at the peak of level six, and his true spirit had already reached the peak of level six. He couldn't improve it anymore. He had to break through his own limits.

He wanted to break the boundary.

One had to rely on the 'true spirit' to comprehend the heaven and earth, understand the truth of the heaven and earth, and add the truth of the heaven and earth to the 'true spirit', and then merge it into the true spirit.

He had obtained the baptism of the power of heaven and earth.

As long as he succeeded.

With his true spirit fused with the power of heaven and earth, he would possess all sorts of unbelievable powers, far exceeding that of a rank 6.

He could destroy a city and a country with the flip of his palm.

Therefore ...

The seventh rank was also known as the world realm, an Emperor-level powerhouse.

They were the main pillars of the Empire.

However ...

It wasn't easy to comprehend heaven and earth. Jiang Li had just broken through to the perfected stage of level six and had never sensed the truth of heaven and earth.

Fortunately ...

The 'seven spiritual barrier-breaking pill' was used to help martial artists break through to the seventh-tier, and it could help martial artists at the perfected-stage of the sixth-tier to comprehend the world and understand the truth of the world.

Time passed.

After Jiang Li refined the 'seven spiritual barrier-breaking pill', his consciousness fell into a trance. This state was so mysterious that it was hard to describe in words.

At this moment.

Jiang Li felt that his soul and consciousness started to spread out inexplicably, as if they were integrated into the surrounding heaven and earth, and he was comprehending the mysteries of heaven and earth.

All sorts of wondrous knowledge points were added by one.

Slowly.

jiang li seemed to have realized something, but at the same time, he felt like he didn't. he could only grab the phantom.

He couldn't really touch it.

More than an hour later.

The medicinal effect of the 'seven Spirit Barrier breaking pill' had passed.

"Hu ~ Hu ~ Hu ~"

"seven spiritual barrier-breaking pill?" jiang li opened his eyes and frowned."isn't it said that the 'seven spiritual barrier-breaking pill' can help a martial artist who has perfected tier six to break through to tier seven?"

"Why don't I have any reaction at all?"

"Could it be that I bought a 'fake pill'?"

Jiang Li was a little unhappy.

In reality.

Jiang Li was wrong.

The 'seven spiritual barrier-breaking pill' was indeed a peerless medicinal pill that could help one break through to the seventh rank. It could help a martial artist enter a state of 'enlightenment', and from there, one could comprehend the truth of heaven and earth.

Generally speaking.

Only when a martial artist at the peak of the rank 6 true spirit realm had reached a critical point in their comprehension of heaven and earth would they take the 'seven spirits barrier-breaking pill' to take that step.

She was not like Jiang Li.

He had clearly just broken through to the peak of the sixth step not long ago, and had not even started to comprehend the heaven and earth, but he had directly consumed the 'seven spiritual barrier-breaking pill'.

It could be said to be extremely extravagant.

However ...

...

Ten Ten million-ton hydrogen bombs could be exchanged for one 'seven spirits barrier-breaking pill', and only two billion energy points and one billion Jin of steel materials were needed to make one million-ton hydrogen bomb.

He could afford to completely consume it.

"It's not like we didn't get anything."

Jiang Li closed his eyes.

After that.

I'm here. Jiang Li sensed the mysteries of heaven and earth. He waved his right hand and used his true spirit to trigger some power of heaven and earth. A ball of light appeared in his palm.

They soon dispersed.

It couldn't last long.

“I have indeed gained some insight.”

Jiang Li nodded and said in a deep voice, ” “It seems that just a ‘seven spiritual barrier breaking pill’ is unable to help me break through to the initial stage of the seventh rank.”

“it's fine.”

...

“I still have twenty-nine in my hands. I don't believe that I can't break through to the initial stage of the seventh rank after taking all twenty-nine ‘seven spiritual barrier-breaking pills’.”

“Again!”

Hence.

jiang li took out another ‘seven spiritual barrier-breaking pill’ and swallowed it. the pill dissolved in his body, and the vast medicinal power washed over his body.

“Great Xia Azure Dragon technique!”

“Roar!”

let's go! Jiang Li started to practice and Dragon roars came from the inside. After refining the medicine, Jiang Li entered the mysterious state of enlightenment again.

Comprehending the heavens and earth.

Just like this.

Another hour passed.

The medicinal power was exhausted once again.

Jiang Li's understanding of heaven and earth had deepened and he had made a few steps forward in the early stage of Level Seven. With the help of the pills, Jiang Li was improving steadily.

time passed.

Basically.

every hour or so.

In the blink of an eye, a day had passed and Jiang Li had taken 20 'seven soul barrier-breaking pills'.

He shut himself in the room in the 'ruler's hub' for a day and a night.

At this moment.

Jiang Li had reached the critical point.

his comprehension of heaven and earth had clearly reached a certain level. he was only a little bit away from grasping that illusory truth of heaven and earth, and truly breaking through to the early stage of the seventh rank.

On the other side.

Hong Tianqi, Xu Ya, and the others had already gathered the 'nuclear energy Squad'.

The great Xia Palace.

in the main hall.

“vice-captain hong, what is going on this time? For you to gather us here in such a hurry, has something major happened?”

Yue Lin asked.

“this is his majesty’s order.”

Hong Tianqi said in a deep voice.

“So it’s His Majesty’s decree.”

Yue Lin immediately shut his mouth.

The other members of the nuclear energy Squad who wanted to question Hong Tianqi all became obedient.

His Majesty has summoned the ‘nuclear energy Squad’. Tomorrow, we will follow His Majesty to the’ division of power ‘in the Holy peace Region and participate in a war.

I’ll tell you the details when His Majesty comes out, ” Hong Tianqi continued. I’ll tell you the details myself.

“Yes.”

“We understand,”

the members of the nuclear energy team all agreed.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

Suddenly.

A change occurred.

All of the spiritual energy in the world within the imperial capital of the Grand Xia seemed to have been attracted by something. It began to surge wildly into the air above the imperial capital, even forming a tide of spiritual energy.

it was like a tornado.

“This is a Kasaya.”

“Spiritual energy tide!”

“That direction is the place where His Majesty is in seclusion.”

“This bi an ...”

“Could it be that His Majesty is about to make a breakthrough?”

Instantly.

Hong Tianqi, Yue Fengji, and the others were all shocked by this strange phenomenon. They immediately raised their heads and looked up at the sky above the imperial capital of the great Xia.

In the clouds.

there was a huge floating base.

At this moment.

Jiang Li had reached the critical point of his breakthrough.

The room in the ruler's hub.

Roar! "Roar!"

The Dragon's Roar resounded in all directions.

The four-clawed Green Dragon coiled around Jiang Li.

After Jiang Li took the twenty-first 'seven spiritual barrier-breaking pill', he refined the power of the pill and entered a state of enlightenment. He had taken the last step.

He had successfully grasped the illusory 'truth of heaven and earth'.

Not only that.

true spirit. Jiang Li also merged the 'truth of heaven and earth' into his true spirit and successfully became one with it.

Hence.

the spiritual qi in the world rushed into jiang li's body and cleansed his body, soul, and true spirit.

It could be said that ...

this was the evolution of life.

Not only that.

I'll try. Jiang Li used the 'Azure Dragon art of the great Xia' and activated the power of heaven and earth with the trace of the ultimate truth of heaven and earth.

The power of heaven and earth merged with his true spirit and cleansed Jiang Li's body and soul.

"Break!"

Finally.

break! Jiang Li shouted. The heaven and earth Power had completely transformed and improved Jiang Li. His aura was strong and had broken through the critical point.

he broke through to initial-stage tier 7 in one go!

buzzzzzz! Wuwuwuwuwu!

Immediately.

okay. Jiang Li circulated his cultivation technique to adjust his state and stabilize his cultivation.

After a few hours.

"Hu ~~ Hu ~ Hu ~"

phew. Jiang Li's breathing calmed down. He let out a breath and the shadow of the four-clawed Green Dragon disappeared into his body.

"I've succeeded."

A smile appeared on Jiang Li's face.

He was in a good mood.

With a breakthrough in his cultivation, his strength had increased greatly.

Jiang Li was happy.

Buzzzzzz!

Hence.

Jiang Li closed his eyes again to feel his body. He had reached the early stage of level seven and had improved in all aspects.

It could be said that ...

The current Jiang Li could beat ten of his old self without even breathing.

Of course.

The most important change.

And it was the 'true spirit' in his dantian.

In his dantian.

Grade 16 Green Lotus.

The twelve-inch true spirit was sitting there.

First of all ...

The size of his true spirit had increased from nine inches to twelve inches. Because it had fused with a trace of the 'truth of heaven and earth', a thin thread of nothingness had appeared on its body.

It was almost impossible to detect without careful observation.

Other than that.

The 'true spirit' had also been strengthened by the 'power of the heavens and the earth'. The power of the true spirit had been contaminated with the power of the heavens and the earth, and its strength and power had taken a qualitative leap.

"Not bad, not bad."

I'm sorry. Jiang Li opened his eyes and smiled. He was very satisfied with his current state. The only regret is the Xia Dynasty's Azure Dragon technique. It's still at the lower-grade of Level Seven. It can't keep up with my pace. I need to improve it.

In reality.

The fate of the great Xia Dynasty had also reached a critical point. After all, Jiang Li had destroyed Six Dynasties in the three-Emperor Sea area.

Although they didn't occupy any territory, they did absorb some of the country's fate.

This time.

If he could destroy the Blackmoon Empire and obtain some of the Empire's fate from it, he would definitely be able to improve the Empire's fate of the great Xia.

At that time.

The Azure Dragon technique of the great Xia Dynasty would also be upgraded.

if there's anyone who's unhappy, it's the martial King dynasty and the martial reverence dynasty. They directly took away 60% of the spoils of war.

Jiang Li said.

Soon after.

Jiang Li came out of seclusion.

QX01 immediately came out of the room.

ruler, the nuclear energy Squad has been gathered. They are currently waiting in the great Xia Palace.

QX01 reported.

“Alright,” he said.

okay. Jiang Li nodded.

Chapter 577

The next day.

Within the great Xia Palace.

“Let's go.”

Buzzzzzz!

Jiang Li waved his right hand and took out a 'teleportation token'. He activated it and formed a teleportation formation 'that covered Jiang Li and the nuclear energy team.

In the surroundings.

yue fengji and the others were a little nervous.

One had to know.

They were going to the division of the 'holy peace state' next. Even if it was just a division of the 'human race's martial immortal court', it was still a high and mighty place.

Furthermore ...

They were about to participate in a large-scale 'Dynasty War'.

It wasn't the small fight from before.

instead, it was a large-scale war that would destroy the empire.

He couldn't help but feel nervous, excited, and nervous.

“teleport!”

Shua!

teleportation formation. Jiang Li waved his right hand and activated the 'teleportation formation'. Space fluctuations appeared and with a flash of white light, Jiang Li and his nuclear energy team were teleported away.

He disappeared from the hall.

As the world spun ...

the scene changed.

the holy peace state was divided.

In the teleportation Hall of the northern Division.

in the main hall.

The teleportation room lit up. When the light faded, Jiang Li and his nuclear team appeared in the teleportation formation.

they arrived at the division in holy peace state.

“Welcome, Your Majesty, Emperor Xia!”

Jiang Li had just arrived.

This time, it wasn't the palace Master who came to welcome Jiang Li, but the members of the division. They didn't dare to be disrespectful. Instead, they were very respectful.

“Yes.”

okay. Jiang Li nodded expressionlessly.

after a long time.

Only then did Yue Fengji and the others recover from the aftereffects of the teleportation. They shook their heads and finally had the time to look at their surroundings. They could feel the obvious difference.

That was the concentration of the spiritual energy of heaven and earth.

At the very least, it was ten times more than the imperial capital of the Grand Xia.

Your Majesty Emperor Xia, the hall Master and the others are already waiting in the martial Pagoda.

The leading member of the Chamber of Commerce said.

“Alright,” he said.

What’s My Name? ” Jiang Li asked, ” when did I arrive? ”

“Emperor Xia, you are the fifth.”

The division member replied.

“Lead the way,”

Jiang Li waved his hand.

Half an hour later.

let’s go. Jiang Li flew to the martial Pagoda with the nuclear energy team. On the 99th floor, he saw Lord Chi, Elder Brown, and the ten Hall Masters again.

There were still four human emperors.

the four human emperors who had arrived earlier than jiang li were lian zhen, human emperor of mobei, lin tianjian, and jing yueke.

The Ninety-ninth step.

It was called the teleportation level.

In this 'teleportation layer', there was an extremely exquisite 'spatial teleportation formation', and its grade was much higher than the teleportation formation in the 'teleportation Hall'.

Not only did the number of people being transported increase greatly.

It could also perform more stable and accurate spatial teleportation.

"The Xia Emperor."

Lianzhen smiled.

...

"So the Xia Emperor has arrived."

Jing yueke said.

"Eh?"

Lin Tianjian was surprised. He looked at Jiang Li and said, " " emperor xia, it's only been a few days since we last met, and you've already broken through to the initial stage of the seventh rank. "

"You really surprised me."

"I've broken through,"

Jing yueke's eyes widened.

"Why would I?"

Human Emperor Mo bei also looked at Jiang Li in shock and said, ” taking everything into account, it hasn’t even been three days, right? he actually broke through from the full circle of Tier 6 to the initial-stage of tier 7.

“si si si ...”

lianzhen also gasped.

...

“Congratulations, Xia Emperor.”

Xing lingqi chuckled.

“After I returned, I went into closed-door training for two days and consumed some ‘seven spiritual barrier breaking pills’. I did not expect that I would be lucky enough to break through.”

Jiang Li shrugged.

“.....”

human emperor mo bei rolled his eyes.

F \* ck!

was this even human?

He had been in seclusion for two days!

He had only been in seclusion for two days!

this bastard had broken through.

This aptitude.

That would be a little heaven-defying.

In reality.

When they saw Jiang Li reach the early stage of Level Seven so easily, the human Sovereign realm Warriors and the palace Masters of the Saint peace state looked at him differently.

He became more respectful.

Not only that.

Lord Chi and Elder Brown's eyes also became more friendly.

one had to know.

Jiang Li's 'talent' was enough to catch their attention, even with the help of the 'seven Spirit barrier-breaking pill' and the fate of the dynasty.

Generally speaking.

However, if he wanted to break through to the seventh step and comprehend the laws of heaven and earth, he would need at least a few years.

However ...

Jiang Li had a breakthrough.

It only took two days.

He thought about it carefully.

Unless Jiang Li took some other powerful pills, the only explanation was that Jiang Li was extremely talented.

back then.

Jiang Li's talent couldn't be more ordinary. He had taken all kinds of elixirs to improve his talent and injected himself with 'gene strengthening liquid'.

he had to improve his aptitude step by step.

now.

Jiang Li's talent had already surpassed Ordinary Geniuses and reached the level of a monster.

all sorts of changes.

jiang li was still emotional.

Emperor Xia, are they the 'nuclear energy Squad' you mentioned? ”

At this moment.

Lin Tianjian and the others focused on 'Yue Fengji' and the others behind Jiang Li, who were also the 'nuclear energy team' that Jiang Li mentioned.

“Yes, I am.”

yes. Jiang Li nodded and said, ” Yue Fengji, Hong Tianqi, come and greet the human emperors, Palace Masters, and the two Deputy Lords.

greetings, human emperors, Hall Masters, and two Deputy Lords.

Immediately.

Led by Yue Fengji and Hong Tianqi, the 'nuclear power Squad' formed by 358 stage-five Warriors and nine stage-six Warriors shouted in unison.

"Yes."

Lin Tianjian and the others nodded.

"Captain Yue, vice-captain Hong, we meet again."

human emperor mo bei said with a smile.

"Human Emperor of Mobei."

yue fengji and hong tianqi bowed to human emperor of mobei again.

"Oh."

"Human Emperor of Mobei, do you know them?" Jing yueke asked.

"Naturally."

yes. human Emperor Mo bei nodded. back then, Emperor Xia sent the 'nuclear energy Squad' to support them and defeated the elite Barbarian Army of the dark Magus Empire. The combat power of the 'nuclear energy Squad' is quite formidable.

every member is equipped with an extremely powerful 'nuclear weapon'. Its power far exceeds the' atomic bomb 'and' hydrogen bomb 'that Emperor Xia traded to us.

only the range of damage is relatively weaker, but a casual attack can reach the level of a rank 6 true core warrior, allowing a rank 5 true core warrior to fight against a rank 6 true spirit Warrior.

most importantly, those super powerful ‘nuclear weapons’ are not consumables. They can be used repeatedly and are very, very powerful.

“The Xia Emperor.”

Lin Tianjian’s eyes lit up and he quickly said, ” “The great Xia Dynasty actually has such a powerful ‘nuclear weapon’? why didn’t they bring it out in the last deal?”

“If that kind of ‘nuclear weapon’ is really as powerful as the human Emperor of Mobei said, I am willing to pay a price that will satisfy you, Emperor Xia.”

“.....”

Instantly.

Jiang Li, Lian Zhen, Jing yueke, and The Other Palace Masters all looked at Jiang Li with anticipation. Even Lord Chi and Elder Brown were interested.

“Sword Emperor, the ‘nuclear weapon’ that human Emperor Mobei mentioned, its full name is ‘controllable nuclear fission palm control device’. It is indeed a super powerful ‘nuclear weapon’.”

it’s a pity, ” Jiang Li said. it’s very difficult to make the ‘controllable nuclear fission palm controller’. The materials are very precious.

” it can’t be mass-produced like the ‘atomic bomb’ and ‘hydrogen bomb’. until now, i’ve only set up a ‘nuclear power team’.”

“I really don’t have any more products to trade.”

“I can only disappoint you.”

“This bi an ...”

lin tianjian said with a regretful expression.

it’s normal that such a powerful weapon can’t be mass-produced. After all, it’s no longer a simple consumable. It can be used continuously.

Lord Chi said.

“Indeed,”

Elder Brown also nodded.

“It’s a pity,”

The various Hall Masters said with great regret.

Soon after.

Lin Tianjian and the others began to introduce the ‘troops’ they had brought. As previously agreed, the sword Emperor dynasty would send out one type 7, nine Type 6, and 10000 type 5 ‘heavenly swords troops’.

the one leading the ‘heavenly sword unit’ was a general of the sword empire.

Full name, Xiao Linlin.

It was a middle-aged man who looked extremely cold.

The Mobei Empire, the Lianzhen Empire, and the tianzong Empire had all sent a 'dynasty force' made up of three Type 6 and ten thousand type 5.

Time passed.

A few hours later.

Qin qipo, Qiu Wanlian, and Yan GUI arrived one after another.

He arrived with his troops.

"Alright," he said.

Lord red and Elder Brown looked around at the crowd and then at the 'dynasty troops' behind the emperors. They nodded in satisfaction and said, "all the great empires have arrived. We're ready to set off.

for this war, all the human emperors only need to send out 'dynasty's troops'. As for whether you want to personally participate, it's up to you.

I won't participate in this war personally. I believe that with the Martial Emperor here, the dynasty of Blackmoon will definitely be destroyed. I'll just send out the dynasty's troops to support them.

Lianzhen said directly.

"Yes."

Elder Brown nodded without saying anything.

Soon after.

The human Emperor of Mobei, Lin Tianjian, and Jing yueke all expressed that they would not personally participate in this war and would only send 'dynasty's troops'. After all, they would only occupy a very small portion of the spoils of war.

the majority of it had been taken by the martial emperor.

it was already good enough to send 'dynasty's troops' as reinforcements. how could he personally join the battle?

"I wonder if Emperor Xia would be interested in personally participating in this war?"

Qin qipo looked at Jiang Li and suddenly asked with a smile.

"I'm not interested,"

"it's enough that the 'nuclear power squad' is involved. i have more important things to do. it'll be great if the soul emperor wants to fight in person. i believe that we can take care of the blackmoon empire in less than three days. "

"Hehe."

Qin Qi po laughed. that won't do. I still have to be on guard against the Wutian demon dynasty at all times. I really can't get away.

Eight renhuangs.

none of them wanted to take the field personally.

"Alright," he said.

elder brown was expressionless. he said, gather all the 'dynasty's troops' and stand in the 'space teleportation array'. The teleportation is about to begin.

As soon as he finished speaking.

the human sovereign realm warriors ordered the dynasty's troops to set off and walked into the teleportation formation.

“Your Majesty, we're leaving.”

yue fengji and the others bowed to jiang li.

“Yes.”

okay. Jiang Li nodded and waved his hand. go. With your strength and the 'controllable nuclear fission palm controller,' you won't be in any danger as long as you don't run into Level Seven monsters.

Chapter 578 Exposed

“Teleport!”

Buzzzzzz!

elder brown immediately activated the 'space transfer array' in the 'transfer layer'. the array was activated, and the omnipresent' law of space 'was activated.

The radiance of the space surged.

In an instant.

It enveloped the entire area, covering all the 'support troops' of the eight great majestic empires within. When the light of the formation disappeared, the 'support troops' of the eight great majestic empires were all teleported away.

He had already left this place.

Hence.

Only the eight human emperors, ten Hall Masters, Elder Brown, Lord Chi, and the others were left on the teleportation zone. The division of the Holy peace state didn't send any of its members to participate in this battle.

According to Elder Brown and Lord Chi.

If the 'sacred peace state's Regional Court' got involved and was discovered, it would cause the 'demon bloodline immortal court' and the 'barbarian totem immortal court' to counterattack.

At that time.

If the 'war of the immortal courts' were to occur, the experts of the three great immortal courts would be drawn in, and the entire 'holy peace Prefecture' would probably be turned into ashes.

He disappeared from the 'Super Fantasy world'.

"Lord Chi, Elder Brown."

Qin qipo cupped his hands. the situation of the humans in the central region is getting more and more serious. The Wutian demon dynasty has United all the demon forces in the central region. During this period of time, they have destroyed many forces of 'mixed-blood alien races', expanded the territory, and strengthened the fate of the dynasty. They have also plundered a large number of resources.

therefore, I must return to the soul martial Empire immediately to prevent the Wutian demon dynasty from taking advantage of me.

"alright," he said.

Elder Brown nodded. you're right, soul Emperor. I won't keep you. The central region's geographical location is extremely important. The final war between the three clans is likely to break out in the central region.

“Try your best to delay it.”

“I'll make my next move after I've completely dealt with the Blackmoon Empire.”

“Yes.”

Qin Qi po nodded.

“Farewell.”

soon after.

Qin qipo, Qiu Wanlian, and Yan GUI, the three Human Sovereign realm Warriors of the central region, left first. However, before Yan GUI left, he secretly gave Jiang Li an 'information Jade slip'.

It was very secretive.

immediately after.

The four human emperors, Mobei human Emperor, Lianzhen, Lin Tianjian, and Jing yueke, also left. Jiang Li didn't plan to stay any longer in the division of Saint peace state.

He prepared to leave.

“The Xia Emperor.”

Jiang Li was about to leave, but Lord Chi stopped him.

“What’s the matter, Lord Chi?”

” what happened? ” jiang li stopped and turned around.

“Three-Emperor Sea area.”

Lord Chi looked at Jiang Li.

In the surroundings.

The Other Palace Masters also looked at Jiang Li.

silence.

“.....”

Jiang Li was silent.

“Hahahahaha!”

Elder Brown immediately laughed out loud to ease the silence. He said with a smile, ” “Emperor Xia, you don’t have to be so nervous. We just happened to know some news.”

the three-Emperor Sea area was suddenly attacked by an unknown Navy some time ago. Six sea dynasties were destroyed and a large number of resources were stolen.

based on the information we’ve obtained, we can deduce that the unknown Navy should be related to Emperor Xia.

“.....”

Jiang Li kept silent.

“The Xia Emperor.”

Lord Chi shook his head and continued, “We just want to remind you that you were extremely lucky to have been able to escape from the three-Emperor Sea area with ease the last time.”

the strength and national power of the three Overlord dynasties of the three-Emperor Sea area have reached the peak of dynasties. They’re only one step away from becoming imperial dynasties.

“Of course.”

this step is hard to cross. It’s like a heavenly chasm.

even so, the power of the three-Emperor Sea area is not something you can touch now.

...

therefore, before you have the strength and power of a transcendent dynasty, you’d better not send your Navy into the three-Emperor Sea area. Otherwise, you’ll never be able to return.

“Yes.”

thank you, Lord Chi. Jiang Li cupped his hands and said, “thank you for the reminder.

“Let’s go back,”

Lord Chi waved his hand.

“Farewell.”

Jiang Li left with the three level-seven meches.

“Lord Chi.”

Jiang Li? ” Xia Yan frowned. is the Navy that made the three-Emperor Sea area lose a lot really Jiang Li’s? ”

all the information, the performance of the Navy, and the ‘special weapons’ they used all show that they’re closely related to Jiang Li.

Xing lingqi said.

...

“Yup!”

“It should be him.”

“There’s no mistake.”

The Other Palace Masters chimed in.

“That’s about right,”

” yes, ” lord chi added, ” besides, jiang li just admitted it himself. ”

“This bi an ...”

Xia Ling’s eyes were filled with shock. She fell silent and said in disbelief, “If that’s the case, then the power of the great Xia Dynasty is not as simple as it seems.”

“At least.”

the other nine majestic empires definitely can't form such a powerful navy, let alone go on the battlefield in the three-Emperor Sea area.

” in the recent few hundred years, the wuwang dynasty has started to build a navy. however, due to the short period of time, the scale of the navy is still not mature enough. it can not be compared to the great xia dynasty's navy at all. ”

“Yes, I am.”

“Apart from the martial soul dynasty and the martial King dynasty, there's one more human who can compete for the throne of the true dragon,” Elder Brown said with a deep voice.

“this is a good thing.”

the only thing is that Jiang Li is too weak. Even though he's already at the early stage of Level Seven, it's still not enough. Besides, there's no level eight master in the Xia Dynasty.

the soul martial Empire and the martial King Empire are both Overlord empires with a type 8 expert.

“To be honest, I don't think the Grand Xia Dynasty will win.”

“I really hope that a 'human imperial dynasty' can be born in the 'holy peace state'. Only then can our' division 'officially' move into 'the great' human bloodline immortal court'.”

“However, it's easier said than done.”

“After all, the monster race and the Barbarian race are also doing their best.”

The various Palace Masters were discussing spiritedly.

” continue to closely monitor the movements of the ‘demon race division’ and the ‘barbarian race division’ . ”

“We can’t let them affect our plan,” Lord Chi ordered.

“Yes.”

“Yes, sir!”

The palace Masters received the order.

At this moment.

Jiang Li had already left the martial Pagoda and returned to the northern region of the Saint peace state through the space teleportation formation in the North Division teleportation Palace.

After half a day.

Jiang Li returned to the imperial capital.

After he returned.

Jiang Li immediately went to the room in the ‘ruler’s hub’.

“My Lord!”

QX01 had arrived.

activate ‘holographic communication’ and immediately connect to the ‘nuclear energy Squad’.

go! Jiang Li ordered.

“Yes.”

Buzzzzzz!

QX01 activated the skill ‘holographic communication’, and a second later, he had already made contact with the Super holographic soldier cjqx01 who had set off with the ‘nuclear squad’.

“Whoosh!”

The holographic projection screen appeared.

“Your subjects pay their respects to Your Majesty!”

In the image.

What Jiang Li saw was Yue Fengji, all the members of the nuclear energy team, including Hong Tianqi, and the only super holographic soldier with the number cjqx01.

Obviously.

Jiang Li put cjqx01 in the nuclear power Squad to know the war situation in time.

“yes.”

okay. Jiang Li nodded and asked, ” what’s the situation on your side? ”

“Your Majesty.”

yes, ” Hong Tianqi reported, ” the court of the Saint peace state has built a temporary sub-teleportation formation in the capital of the wuwang dynasty.

so, we and the troops of the other dynasties were all teleported to the imperial capital of the ‘martial King dynasty’. We’ve been arranged to rest in the imperial capital by the martial King dynasty.

“As for the specific situation, when will they attack the Blackmoon Empire, and how many troops the martial King Empire and martial reverence Empire have dispatched, we’re still not clear about that for the time being.”

“yes.”

okay. Jiang Li thought for a while and said, ” okay, I got it. If you have any specific information, tell cjqx01 to inform me immediately.

“Yes, sir!”

Hong Tianqi, Yue Fengji, and the others bowed in response.

Shua!

The communication was shut down.

The holographic screen disappeared.

“QX01, contact zh0214.”

go! Jiang Li ordered.

“Yes.”

Buzzzzzz!

The communication was connected again.

The scene unfolded.

This time, it was at ten-winged dynasty's number zh0214.

“boom!”

Suddenly.

An explosion sounded.

An accident happened.

In the communication screen.

Jiang Li heard a loud explosion. QX01 had just contacted zh0214, but zh0214 hadn't reported anything to Jiang Li yet.

Behind zh0214.

The heavy door was directly smashed into pieces by brute force.

immediately after.

the sound of concentrated footsteps came.

A number of fully-armored soldiers of the demon Emperor Imperial Army charged in from the outside. Their bloodlines and demonic auras surged into the sky, and their auras surged.

In the blink of an eye.

Zh0214, Jiang Li's servant Zhu Di, and the few super Intel soldiers around zh0214 were all surrounded.

“Something has happened.”

Jiang Li frowned.

“Welcome, Your Majesty, demon Emperor!”

Kachaa! Kachaa!

in the surroundings.

The demon Emperor's Imperial Army knelt down on one knee and shouted in unison, their voices filled with reverence.

Tada tada

Clear footsteps could be heard.

Outside.

A burly and majestic figure walked in. He was surrounded by a mist-like National Aura Light fog, making it impossible to see his appearance clearly.

But his eyes were like lightning.

His gaze was like two bolts of purple lightning that cut through time and space.

Behind him.

Following behind them was a young man in a gray robe. His eyes were filled with mockery as he sized up zh0214, Zhu Di and the rest.

“Zhu Di, your humble servant pays respect to Your Majesty, the demon Emperor!”

Plop!

Zhu Di immediately knelt on the ground and lowered his head. His face was pale and his heart was filled with panic. He did not expect ten-winged demon Emperor to appear so suddenly.

It was too sudden.

“Zhu Di!”

Ten-winged demon Emperor lowered his head. His gaze was extremely cold, as if he was looking down on a tiny ant. I’ve treated you well. Why did you betray me?  
”

“Your Majesty”

Zhu Di was taken aback as he raised his head, ” your humble subject’s loyalty to Your Majesty can be seen by the heavens and earth, the sun and the moon. How could I possibly betray Your Majesty? these are just rumors! it must be a rumor from a treacherous official!”

“Core contract charm.”

The gray-robed young man who was standing beside ten-winged demon Emperor smiled and looked at Zhu Di. Then, he said, ” a pathetic ant. When you are controlled by the ‘core contract charm’, everything you have will no longer be yourself.

they would be slaves for their entire lives. Even their will would be changed. In the end, they would even be willing to die for their ‘master’.

as for the rumor that one can resist the erosion of the 'charm' by relying on one's 'willpower', such a rumor is ridiculous when you think about it.

“At the very least, I’ve never heard of anyone who has truly achieved it.”

“What a terrifying ‘talisman’.”

only the mysterious ‘list’ can create such a terrifying thing.

#### Chapter 579 Acting skills

“You, you, you, you, you, you, you ...”

zhu di’s eyes widened as his face turned as white as a sheet. his entire body was trembling as he pointed at the grey robed youth and roared out, ” “Nonsense, you’re talking nonsense. I’m not being controlled by any ‘talisman’ at all.”

“Your Majesty, you must believe me!”

zhu di continued to kowtow.

“Ten-winged, Didn’t I tell you? it’s useless.”

the gray-robed young man shrugged his shoulders. ” when one is implanted with the ‘core contract charm’, their body and mind are no longer their own. ”

“That’s why I said, just kill him.”

“What a pity.”

Buzzzzzz!

Ten-winged demon Emperor raised his hand. In an instant, the power of his bloodline condensed, and lightning flickered in his palm, turning into a sharp Lightning Arrow.

It pierced through.

“No!”

Judi screamed in fear.

“pfft!”

Blood splattered everywhere.

zhu di didn't even have the time to react before his head was pierced through by the lightning arrow. his soul was destroyed, and his life force was extinguished as he fell backwards.

Kachaa!

The 'core contract charm' shattered, turning into specks of green light and dissipating.

“He's dead,”

Jiang Li frowned. He clearly felt 'Zhu Di' s death. Through QX01's holographic communication, he saw Zhu Di being killed by ten-winged demon Emperor.

“I've been exposed.”

Jiang Li took a deep breath. although I expected it, Zhu Di and zh0214 won't be able to stay undercover in ten-winged dynasty for long. They'll be found out eventually.

“I just didn’t expect it to happen so quickly.”

Obviously.

‘Zh0214’ wasn’t the real reason why it was exposed, but ‘Zhu Di’ because ‘Zhu Di’ had the ‘core contract charm’ that Jiang Li had planted on her.

One had to know.

Jiang Li wasn’t the only one who had the ‘core contract charm’. As long as he could get on the ‘list’, he would have the ability to form the ‘core contract charm’.

Ten-winged demon Emperor naturally had one as well.

The ‘core contract charm’ had existed for countless years.

The various races naturally had an extremely deep understanding of the ‘core contract charm’. Although they were unable to undo the ‘core contract charm’, they were able to use various methods to discover the servants that had been implanted with the ‘core contract charm’.

At the beginning.

As ‘Zhu Di’ and zh0214 had yet to truly come into contact with the core of ten-winged dynasty, they did not conduct any ‘tests’ on ‘Zhu Di’.

but ...

As zh0214’s status and role became higher and higher, he was getting closer and closer to the core of power of ten-winged dynasty. Hence, ‘Zhu Di’ was ‘detected’.

After that.

‘Zhu Di’ was exposed.

However ...

Zh0214’s disguise was very good.

He had passed the ‘test’, used the ‘seven refined bloodline technique’, and the ‘mechanical bloodline power’, and successfully disguised himself as a ‘demon with a unique bloodline.

but ...

As zh0214 and Zhu Di were too close, zh0214 was naturally suspected as well. Hence, ten-winged demon Emperor had been waiting for an opportunity to search for evidence.

However ...

Zh0214 didn’t leave any traces behind.

“This bi an ...”

zh0214’s eyes were filled with shock as he stumbled back a few steps. he looked at zhu di’s corpse in disbelief, ” “zhu di, he’s actually a spy! He’s a traitor!”

“How is this possible?”

it was perfect!

Zh0214’s acting was perfect!

His expression, attitude, and tone.

It was almost perfect!

One had to know.

Zh0214 was a mechanical object. Furthermore, it had the 'ultimate intelligence' and 'extraordinary learning' of the peak of the sixth rank.

Naturally, it was a fake act.

...

“.....”

Jiang Li, on the other hand, was watching everything through holographic communication. He was watching zh0214's performance. Jiang Li also wanted to see if zh0214 could fool ten-winged demon Emperor.

To tell the truth.

This was extremely difficult.

It was almost impossible.

After all ...

Zhu Di was a controlled 'slave'. Zh0214, who had been introduced by Zhu Di all the way here, was almost impossible to clear his name.

There was only death.

if zh0214 can really fool ten-winged demon Emperor under such circumstances, then zh0214 will be able to rise up in ten-winged dynasty and truly enter the core of power. He might even be able to enter the 'demon race bloodline immortal

court-Saint peace State Division' through ten-winged dynasty and find out all sorts of secrets and plans of the demon race.

Jiang Li's eyes lit up. He clenched his fists and was excited.

The most important thing was ...

...

The current situation ...

jiang li couldn't save zh0214 anymore. even if he used the 'fixed-point teleportation' of the mechanical space station base, he couldn't take zh0214 away.

It was impossible for Jiang Li to teleport to the ten-winged imperial capital with his meches to save them.

This was seeking his own death.

Ten-winged demon Emperor was most likely a level eight demon.

Moreover ...

He was also accompanied by a 'Messenger of the demon court'.

His strength was also unfathomable.

"zh0214, you'll have to rely on yourself."

jiang li took a deep breath.

"Xie Ling,"

Ten-winged demon Emperor looked down at zh0214. 'Xie Ling' was the name that zh0214 used to disguise himself as a demon. are you going to tell me the truth or will you be interrogated by torture? ”

“I advise you to hurry up and tell me.”

The gray-robed young man chuckled and said, ” don't think that you can hide from us just because you've disguised yourself as a demon without any flaws. That's impossible.

“Which dynasty sent you? What is your purpose? What effect did it have? and how did you disguise yourself as a demon? What secret technique did you use?”

“He even managed to hide from the chamber's test.”

“Your Majesty.”

Xie Ling took a deep breath. His eyes were solemn, and his expression was solemn. I have nothing to say about this. I also know that any explanation is futile.

“Because your Majesty no longer trusts me from the bottom of your heart,”

“Hehe.”

Xie Ling smiled bitterly. who would have thought? Zhu Di, who has shown this subject great kindness, is actually a 'servant' of another Empire.”

“Hahahahaha!”

Xie Ling laughed hysterically with tears streaming down her face. I've been cultivating for hundreds of years. I've been working hard on the demon clan's mechanism technique and specialized in the demon clan's array technique. Now, I've finally made some achievements and stepped into the sixth stage.

“But before I could serve the Empire, I was framed by a treacherous official.”

“i have nothing to say, and i can’t prove it.”

“So, I can only prove my innocence with my death!”

“It’s only sad that everything I’ve learned in my life can’t serve the Empire.”

“But I was a demon of the ten-winged dynasty in life and a ghost of the ten-winged dynasty in death!”

“Your Majesty, I’ll be leaving!”

“hahahahaha!”

Buzzzzzz! Buzzzzzz!

Xie Ling laughed wildly and looked at death with no fear in his eyes. He raised his right hand, and a vast ‘mechanical bloodline power’ condensed in his palm.

After that.

He was determined.

he slapped his own forehead.

Without the slightest hesitation.

He was extremely decisive.

He wanted to commit suicide.

“Hehe.”

the gray-robed young man sneered contemptuously. in his opinion, xie ling said 'nothing', but she was full of nonsense.

Every word and sentence showed his loyalty and also mentioned his value.

everything he said.

They were all just quibbling for themselves.

“Even if you don't commit suicide, you won't be able to escape death.”

the gray-robed young man said coldly.

“Enough!”

Buzzzzzz!

Suddenly.

Ten-winged demon Emperor pointed his finger, and a finger radiance broke through the air. With one strike, Xie Ling's palm force was dispersed, and he saved Xie Ling. it's not time for you to die yet.

“ten-winged.”

The gray-robed young man immediately frowned. why did you stop him? ”

Obviously.

Zh0214's actions had managed to move ten-winged demon Emperor. When he saw zh0214's determination to commit suicide, he couldn't help but save him.

Furthermore ...

Zh0214's suicide was quick, it didn't give ten-winged demon Emperor much time to think.

One had to know.

Zh0214 was a mechanical object. It was fearless of pain and death. It was loyal and would do everything it could to complete Jiang Li's orders.

so,

Only zh0214 would have committed suicide.

Plus ...

Zh0214 had the sixth stage 'demon clan mechanism technique' and 'demon clan formation technique'. He was a master of mechanisms and formations, and his abilities were extremely high.

Such a 'demon'.

To the ten-winged dynasty, it was extremely valuable.

It was used appropriately.

It could even influence a Dynasty War.

Therefore, ten-winged demon Emperor was a little 'reluctant' to kill him.

Of course.

The most important point was ...

ten-winged demon emperor did not have any decisive 'evidence' in his hands. the only 'evidence' he had was zhu di, but it could only prove that zhu di was the one who led the way for room zh0214.

"Hui Jue."

"Indeed, Xie Ling and Zhu Di are very close, and 'Zhu Di' is the 'core slave'. Xie Ling is the most suspicious one," ten-winged demon Emperor said.

"But,"

"We can't rule out the possibility that Xie Ling didn't know Zhu Di was the 'core slave' from the start. Xie Ling might have been tricked by Zhu Di."

"Plus, we didn't find any evidence to prove that Xie Ling and Zhu Di were working together."

"there's another thing."

"You know Xie Ling's abilities. He's a master of mechanisms and formations. If Xie Ling was really wronged, it would be a pity for him to die like this."

maybe Zhu Di knew about Xie Ling's abilities, so he purposely acted as his 'guide' to make us suspect Xie Ling and kill him, causing ten-winged dynasty to suffer a huge loss.

The grey-robed young man, Hui Chu, shook his head and looked at zh0214 indifferently. He then said to ten-winged demon Emperor, "Ten-winged, you'll regret it if you don't kill him today."

"hui jue, i believe in my own judgment."

"However, even though Xie Ling won't kill him now, he should be locked up in the demon prison before he's cleared of suspicion," ten-winged demon Emperor said.

“Before that,”

“I’ll have to trouble you to continue investigating Xie Ling, Hui Zhen.”

“Hmph!”

Hui Jue snorted coldly. He flicked his right sleeve and turned to leave.

“where are the imperial guards?”

ten-winged demon emperor shouted.

“Your Majesty, please give us your orders.”

In the surroundings.

The Imperial Guards of the demon Emperor stood up and ordered.

“imprison xie ling in the ‘demon prison’. no demon is allowed to visit him without my order.”

Ten-winged demon Emperor ordered.

“Yes.”

the demon king’s imperial guards walked towards room zh0214.

“Your Majesty.”

At this moment.

Zh0214 raised his head, looked at ten-winged demon Emperor and said loudly, ” I’ve been studying the ‘demon clan’s mechanism technique’ and ‘demon clan’s formation technique’. Some time ago, I finally made a major breakthrough.

after a lot of resources and effort, combining the essence of the ‘demon array technique’ and the ‘demon traps technique’, a hundred’ demon communication puppets ‘have been produced.

“i had originally planned to present the ‘demon clan’s communication puppet’ to your majesty the day after tomorrow, but i didn’t expect such a thing to happen.”

“This subject is about to be imprisoned. I’m afraid that I won’t be able to see your Majesty again. Thus, I request that Your Majesty accept the ‘demon race’s communication puppet’.”

“Oh.”

Ten-winged demon Emperor was stunned. He looked at zh0214 suspiciously and asked, ” “What’s a ‘demon clan communication puppet’?”

“All of you, come in!”

Zh0214 shouted.

Chapter 580 Operation

Ten-winged demon Emperor immediately looked out of the hall and saw several figures flying down from the sky outside.

It was not slow.

In the blink of an eye.

they landed on the ground steadily and walked into the hall.

He took a closer look.

They were all 'super Intel soldiers' created by Jiang Li.

However ...

however, there were some differences between them. this was because zh0214 had made some 'modifications' to these 'super intel soldiers'. it was a disguise modification done by the 'demon array technique 'and' demon mechanism technique'.

so,

The 'super Intel soldiers' had 'array patterns' and 'mechanical waves' on their bodies. At first glance, they were 'mechanical puppets' that had been refined using the 'demon machinery techniques' and 'demon array techniques'.

But in essence.

They were still 'meches', but they had been' disguised 'and' packaged 'to hide their true identity.

"Your Majesty."

"These are the 'mechanical puppets' that I have created using the essence of the 'demon clan's mechanical techniques' and 'demon clan's formation techniques'."

they are equipped with the ability to fly, investigate, and send messages. They also have a certain combat power.

"Oh."

Ten-winged demon Emperor's eyes were sizing up the disguised 'super information soldier'.

“Your Majesty, please allow me to show you their abilities.”

Zh0214 said.

“Yes.”

Ten-winged demon Emperor nodded.

Soon after.

zh0214 immediately displayed the abilities of the demon clan’s communication puppet in detail in front of ten-winged demon emperor, displaying all the functions of the super information soldier.

“Good, good, good,”

Ten-winged demon Emperor’s eyes lit up, and he was even a little excited.

This was because the demon clan’s communication puppet’s ability was simply too valuable.

An extremely stealthy ‘reconnaissance’ ability that could detect the enemy’s situation without them noticing.

other than that.

It was the ‘communication’ function.

There was no distance limit.

Such an ability.

It was truly heaven-defying.

“This is great.”

ten-winged demon emperor was so excited that he didn't know how to describe it. he looked at the ten 'demon clan's communication puppet' with shining eyes and said, "Xie Ling, the demon clan's communication puppet you created is very valuable and powerful."

“Don't worry,”

I can guarantee that as long as you're truly loyal to me and to the ten-winged dynasty, I'll release you from prison very soon. By then, not only will you be reinstated, but there will also be various benefits waiting for you.

“Yes!”

Zh0214 nodded his head respectfully and replied firmly, ” “It is this subject's good fortune to be able to help Your Majesty with the 'mechanical puppets' that this subject has created.”

“I will definitely do my best for Your Majesty, even if I die.”

“Good, good, good,”

Ten-winged demon Emperor laughed out loud three more times.

Soon after.

Ten-winged demon Emperor personally left with the ten 'demon clan's communication puppet'. He wanted to study the abilities of these puppets in detail.

Good steel should be used on the blade.

The few guards of the demon Emperor around him held onto zh0214 and locked him up in the 'demon prison'.

shua!

The holographic communication was turned off.

jiang li smiled. " i didn't expect zh0214 to really fool ten-winged demon emperor. although he didn't completely let down his guard, it's enough. "

"At least."

"Ten-winged demon Emperor didn't directly kill zh0214."

"there's still a chance."

furthermore, zh0214 has placed 10 'super Intel soldiers' right beside ten-winged demon Emperor. If there's a chance in the future, we can use those 10 'super Intel soldiers' to monitor ten-winged demon Emperor.

"This play was very successful."

...

Shua!

integrated unit type: super Intel soldier (elite modified) "

[ title: Goblin Messenger puppet ]

[ rank: Grand completion of rank-one ]

[ No.: Cjxx020 ]

skill 1: level-one ultimate infinite communication

” skill 2: level-one ultimate drone reconnaissance control

skill 3: level-one ultra-quality underwater communication technology mastery ”

” skill 4: level-one superior-grade demon disguise

[ machinery: Jian Jia (omitted) ]

upgrade: two level-two soul Tinders, 200 energy points ”

...

.....

Jiang Li immediately checked the information of the Super Intel soldier modified by zh0214. There weren't many changes, but there was a new skill, 'Goblin disguise'.

In reality.

as long as zh0214's 'camouflage' was not seen through, he could continue to hide.

From the beginning to the end.

zh0214 only had two 'flaws', and the first one was 'zhu di'.

now that zhu di had been exposed, he was even killed by ten-winged demon emperor.

Zh0214 put on another 'show', temporarily deceiving ten-winged demon Emperor.

The second 'flaw'.

They were the ‘super Intel soldiers’.

Because it was easier to contact Jiang Li, a ‘super Intel soldier’ had been with zh0214 since the beginning. As soon as ten-winged demon Emperor checked the ‘super Intel soldier’, he would be exposed immediately.

so,

Zh0214 then performed ‘camouflage modifications’ on the ten ‘super Intel soldiers’ beside him. After the ‘camouflage modifications’, the Super Intel soldiers were no different from’ mechanical puppets ‘in the eyes of other demons.

In reality.

Zh0214 couldn’t guarantee that the ‘super Intel soldier’ would be able to hide from the world after the ‘camouflage modification’, but he could only take the risk and try.

“The ‘demon clan mechanism technique’ and ‘demon clan formation technique’ that zh0214 has learned have already reached the level 6 peak grade.” ” i’m afraid that a rank-six monster formation master and trap master won’t be able to see through zh0214’s ‘camouflage modification’, ” jiang li thought.

but if it’s a seventh-grade formation master or a mechanism master, there’s a high chance that they’ll be able to see through zh0214’s ‘camouflage modification’.

However ...

A sixth-grade formation master and mechanism master.

In ten-winged dynasty, he was already a rare existence. Otherwise, ten-winged demon Emperor would not be so reluctant to kill zh0214.

Therefore, there was no need to even mention a seventh-grade formation master and mechanism master.

One had to know.

According to zh0214's understanding of the situation.

The entire ten-winged dynasty.

There was only one seventh-grade monster formation master.

Full name, Qi tianyue.

However ...

This master 'Qi tianyue' had been in closed-door cultivation all year long to study formations and pursue the great Dao of formations. He rarely went out and had been in closed-door cultivation since a month ago.

He estimated that it would take a long time before he could come out.

for the time being.

Zh0214 is safe.

“Safety alone isn't enough.”

Jiang Li thought, "I should strike while the iron is hot. I should completely eliminate ten-winged demon Emperor's concerns about zh0214 so that zh0214 can gain a firm foothold and really break into the demon race.

when that time comes, zh0214 will be able to play a huge role.

Jiang Li's eyes lit up and he became determined. fine, let me help you.

Shua!

With a thought.

jiang li opened the 'dominator panel' and clicked on the 'soul tinder' column. he checked the number of soul tinders and started to merge them.

Ever since the last time.

After Jiang Li unlocked all the level-six troops of the three military types, he used up all the soul Tinders. There were only 19 level-six soul Tinders left.

During this period of time.

Jiang Li didn't participate in the war. He just stayed in the 'world inside the martial arts Tower' and examined the power of the 'atomic bomb' and 'hydrogen bomb' in the 'tower sea'. Many beasts were killed.

From there, he harvested a batch of Soul Fire Seeds.

There were not many of them.

soul Tinder: 140 million level-one soul Tinders, 11 million level-two soul Tinders, 1.8 million level-two soul Tinders, 12000 level-four soul Tinders, 80 level-five soul Tinders, and 19 level-six soul Tinders.

"Fuse."

Buzzzzzz!

fuse. Jiang Li activated the soul Tinder fusion function and fused all the soul Tinders from level one to level five. In the end, he only got five level six soul Tinders.

“Nineteen plus five, that’s only twenty-four.”

” no. ” jiang li shook his head. ” i don’t have enough level-six soul tinders to get level-seven soul tinders. it’s up to yue fengji and the others now. ”

Currently.

Jiang Li couldn’t go to the three-Emperor Sea area, so he couldn’t get the soul Tinder by killing the beasts in the sea area.

No war had broken out in the Western Region of holy peace Region.

unless jiang li sent troops to attack the ten-winged dynasty now.

Jiang Li didn’t plan to do that.

On the other hand, in the ‘central region of the Holy peace Region’.

The war had spread because of the Wutian demon dynasty’s attack. Jiang Li didn’t plan to get involved in the war in the central region of the Holy peace state.

Let Qin Qi po have his own headache.

the night came.

The martial King dynasty.

Within the imperial capital.

BOOM! BOOM! BOOM!

the ground shook.

Immediately after.

Many huge 'floating battleships' flew into the sky and gathered from all directions, forming an extremely huge 'Air Army'.

Obviously.

They had been preparing for a long time.

the martial king dynasty was finally going to take action.

This time.

the martial king dynasty had sent out ten billion soldiers, forming an army of ten billion soldiers. the huge 'floating battleships' had already covered the entire sky.

He looked around.

It was almost impossible to see the end of the Army.

“Roar!”

The Dragon's Roar shook the heavens and earth.

shua! Shua! Shua!

Immediately after.

The marquises and princes of the wuwang dynasty appeared one after another, riding on four-clawed flood Dragons. They led the 'dynasty Army', forming this ten-billion-strong Army.

“All soldiers, hear my order!”

let's go!!!

boom!

at this moment.

the martial emperor appeared in person. he stood high in the sky and looked down at the 'ten-billion army'. the dragon's roar resounded in the sky, and the pressure of the human emperor's position suppressed the entire scene.

“rumble!”

after that.

The Army of ten billion moved out, and the formation was activated. The murderous aura of the Army gathered, and boundless spirit Qi gushed forth, setting up Grade 5 military formations.

Roar! “Roar!”

The beasts in the battle formation roared again and again.

Shua! Shua!

In that instant.

The Army of ten billion marched at full speed and left the martial King's Imperial capital at an extremely fast speed. the army of martial kings.

And the Commander-in-Chief of this 'Army of the martial King' was a trusted general of the Martial Emperor.

Full name, Wu Tongtian.

He was an Overlord of the eighth step.

Other than that.

There were also grade 7 generals assisting him.

Obviously.

In this attack on the 'Blackmoon Empire', the Martial Emperor didn't show up in person. He only sent his trusted general, Wu Tongtian.

After all ...

A Martial Emperor had to take charge of the martial King dynasty.

"Let's go!"

"Let's follow."

"Let's go!"

Shua! Shua!

At the same time.

The 'dynasty troops' from the other dynasties all stepped onto their 'floating warships' and followed behind the 'Army of martial Kings'.

“It’s finally starting.”

yue fengji and hong tianqi led the ‘nuclear power squad’ and stepped onto a ‘floating warship’, joining the ‘martial king army’ and heading toward the ‘blackmoon empire’.

“Inform His Majesty.”

Yue Fengji and the others reported the situation to Jiang Li through the ‘super holographic soldier’.
