

## Army 581

Chapter 581 Surprise attack

The room in the ruler's hub.

“Chief sovereign.”

QX01 reported to Jiang Li after receiving the news, ” the nuclear power Squad sent a message. The martial King dynasty finally took action tonight. They sent out the ‘Army of martial Kings’. They have ten billion soldiers.

in addition, the Martial Emperor is in charge of the martial King dynasty, and the one leading the ‘Army of martial Kings’ is ‘Wu Tongtian’ of the martial King dynasty. He’s a super expert with a cultivation of level eight.

“At the same time,”

the martial king’s army also has nine grade seven great generals to assist them.

with the marching speed of the ‘martial king’s army’, they will probably arrive at the border of the’ Black Moon Empire ‘before dawn. The situation of the Chongwu Empire is still unknown.

“Rank 8!”

Jiang Li’s eyes lit up and he took a deep breath. the martial King dynasty is indeed the human dynasty that ranks first in the National fate rankings. They’re really powerful.

“There’s more than one type 8 super expert.”

“In this war, as long as nothing unexpected happens, the Blackmoon Empire will definitely be destroyed.”

jiang li said to himself.

Time passed.

The Army of the martial King gradually attracted the attention of the other dynasties after they left the territory of the martial King dynasty due to their huge formation.

The news quickly spread.

In the Eastern Region of the Holy peace Region.

There were seven dynasties in total.

Among them.

The human empires were the wuwang Empire and the Chongwu Empire. The demon empires were the Black Moon Empire, the astral wind Empire, and the East Peak demon Empire. The Barbarian empires were the six-winged barbarian Empire and the soaring snake Empire.

The two great barbarian empires and the three great demon empires received the news one after another. They knew that the martial King Empire had suddenly sent out ten billion troops.

“What does the martial King dynasty want?”

The Barbarian Emperor of the six-winged barbarian dynasty, man liuchi, had a gloomy expression on his face. they’ve suddenly mobilized an Army of ten billion. Are they trying to start a war between the empires? ”

send down my orders. Send out Scouts to keep a close eye on the movements of the martial King dynasty!

Shua! Shua!

After the order was given.

In less than half an hour.

A team of 'elite Scouts' formed by level six barbarians flew out of the six-winged Emperor's capital and disappeared into the sky in the blink of an eye.

"this is going to be a big problem."

The Barbarian Emperor of the soaring snake Empire, Wu Teng she, took a deep breath, "let's see what the martial King Empire is up to first and then act accordingly."

Time passed.

The three great demon dynasties also received the news one after another. Due to the strength and power of the martial King dynasty, all the dynasties were on high alert.

In the latter half of the night.

As the territories of the Chongwu Empire and the Blackmoon Empire were close to each other, the Chongwu Empire had gathered the Empire's Army and suddenly launched a surprise attack on the Blackmoon Empire.

At the border between the Blackmoon Empire and the martial reverence Empire.

This was a vast grassland.

it was called the border grassland.

at a glance.

it was as if he could not see the end.

“Rumble!”

The earth was shaking.

In the sky.

They were floating battleships.

“kill!”

attack!!!

Bang Bang Bang Bang!

The war had broken out.

The great army of Chong Wu launched an attack on the Blackmoon Empire. In an instant, the formation on the floating battleship activated, and countless beams of light pierced through.

At the same time.

The Black Moon Empire’s demon Army retaliated. They also had floating battleships and formations. They controlled the formations, and countless beams of light from the formations collided in the sky.

The explosion resounded through the sky.

“Ah!”

Pfft! Pfft!

Blood splattered everywhere.

...

A large number of human and monster soldiers had fallen.

Obviously.

the blackmoon empire had long been on guard against the chongwu empire. although the chongwu empire's army had moved very discreetly and launched a surprise attack, the blackmoon empire had reacted in a very short time.

Furthermore ...

The Blackmoon Empire had also stationed a large number of demon soldiers on the 'grassland border'.

"Let's end the battle quickly."

Human Emperor Chong Wu, Duan Qilin, had personally led the great Chongwu Army to participate in this battle. The true dragon roared, and its might was overwhelming.

"Kill!"

BOOM!

Duan Qilin took action personally and used his full strength. His cultivation was only at the perfected stage of Level Seven, but he had the support of the nation's fate, the Army formation, and the dynasty's Saint weapon.

His combat strength had reached the level of an early eighth-rank.

...

“rumble!”

Countless explosions were heard.

Duan Qilin displayed a powerful martial art that carried the will of the nation. He actually condensed a vast Qilin Dharma form and charged into the battlefield, destroying the demon Army’s formation.

The Army beast exploded.

“Ah!”

“!!!”

“It’s human Emperor Chong Wu!”

“How could this be? Human Emperor Chong Wu is leading an Army to attack the Black Moon Empire. Isn’t he afraid that the other empires will take the opportunity to invade his Chong Wu Empire?”

“Retreat!”

“All troops, retreat!”

“!!!”

The demon generals of the Blackmoon Empire were terrified.

” all troops, hear my order! immediately use the atomic bomb! ”

duan qilin's face turned pale. the all-out attack just now was extremely powerful. it had easily destroyed the demon army formation and even severely injured a seventh-rank demon general.

but ...

It also consumed a lot of energy.

so,

Duan Qilin didn't make another move.

“Yes!”

kill!!!

BOOM! BOOM! BOOM!

It could be seen.

in the chongwu army, many stage-three warriors appeared, carrying black ‘iron blocks’ on their backs.

These ‘iron lumps’ were all atomic bombs of the thousand-ton class.

“throw!”

Shua! Shua! “whoosh!”

The stage-three warriors shouted and threw the 1000-ton nuclear bombs with all their might. The nuclear bombs flew into the sky and fell into the demon Army.

“Rumble!”

after that.

The ‘atomic bomb’ exploded, and huge mushroom clouds appeared on the battlefield. The nuclear explosions were like the birth of small Suns.

It wreaked havoc in all directions.

“Ah!”

What is this?!

“No!”

Pfft! Pfft! Pfft!

Blood splattered, corpses flew, and countless screams rang out.

On the battlefield.

it could be clearly seen.

As long as it was within the range of the nuclear explosion, all demons below level five would let out miserable screams and die immediately.

Only fifth-tier demons could block it.

They had easily killed tens of millions of demons.

“Si si si ...”

“What a terrifying power!”

“This is too terrifying.”

“and this is only the smallest yield of the atomic bomb.”

“It’s a weapon of war.”

“Hahahahaha!”

The generals of the Chongwu dynasty were all shocked. This was the first time they had seen the power of an ‘atomic bomb’ on the battlefield, and it left them dumbfounded and extremely shocked.

“Alright!”

Duan Qilin was ecstatic and excited. this ‘atomic bomb’ is even more powerful than I expected. Just a single round of explosions has easily killed tens of millions of demons.

“If we let the Army fight, even if we kill tens of millions of demons, we will lose a lot of soldiers.”

“All troops, hear my order!”

surround them! Duan Qilin roared. block their path of retreat and continue to bombard them with atomic bombs. Don’t let these demons escape!

“Kill them all!”

“Yes.”

“Yes, sir!”

boom! BOOM! BOOM!

The Chongwu Army immediately took action and changed their battle strategy. They began to extend the Battlefield and cut off the demon Army's retreat. Then, they dropped the atomic bomb.

At this moment.

the entire grassland at the border.

the explosions of the nuclear bombs continued to ring out without stopping. duan qilin had thrown a total of ten thousand atomic bombs at the border of the grassland.

in the end.

the demon army of the blackmoon empire that was stationed at the 'grassland border' had been completely annihilated.

"hahahahaha!"

Duan Qilin laughed wildly as he looked at the 'border grassland' that was like purgatory. the Blackmoon Empire has a total of five billion 'border guards' stationed at the 'border grassland'.

"It was destroyed just like that."

"It only took less than half a night."

on the other hand, my 'Chongwu Army' only lost less than 500 million. They won the battle at a price of one to ten.

"I have to say, the 'atomic bomb' is really too easy to use!"

” array masters, listen up. set up a blood-refining array and refine all the demon corpses into ‘blood-refining pills’. distribute them to the entire army to consume and heal. ”

Duan Qilin immediately issued an order. after we’re done recuperating, we’ll further invade the Blackmoon Empire!

“we’ll join up with the army of the martial king and destroy the blackmoon empire!”

“Yes.”

“We will do as you command!”

The marshals and generals of the Chongwu dynasty replied.

Buzzzzzz! Buzzzzzz!

Immediately.

The array Masters were setting up a blood-refining array. Countless blood-colored array diagrams appeared in the sky above the grassland at the border, covering the battlefield. The flesh and blood essence of the demon corpses were extracted and condensed into blood-refining pills.

Time passed.

As the blood and flesh essence of the demon corpses were extracted, they were condensed into blood refinement pills. They were then placed in porcelain bottles and distributed to the human soldiers.

“What’s going on? Logically speaking, even if the blood and flesh essence of five billion demon soldiers will be lost during the process of refining, it should be enough to refine more than four billion blood refinement pills. Why are there only two billion?”

“It has been reduced by half!”

After the array Masters had finished refining all the demon corpses, they discovered that the number of blood refinement pills had been reduced by half. They immediately reported this to Duan Qilin.

“It’s half gone!”

Duan Qilin’s face darkened, and he turned his gaze toward the battlefield.

At this moment.

The corpses had all been refined. After the essence of their flesh and blood had been extracted, the corpses had weathered and disappeared with the wind. The battlefield was no longer a scene of mountains of corpses and seas of blood.

however ...

The smell of blood in the air had not completely dissipated.

“What?”

Duan Qilin gradually sensed something strange. After he walked to the center of the battlefield, he felt an extremely strange radiation fluctuation. This radiation fluctuation was somewhat similar to the ‘spirit energy radiation’ in the spirit crystal mine, but there were also great differences.

“Radiation?”

Duan Qilin’s face darkened.

Obviously.

The ‘atomic bomb’ was a ‘nuclear weapon’ created by uncontrollable nuclear fission. Although it was powerful, it would produce intense ‘nuclear radiation’ after the ‘nuclear explosion’.

This ‘nuclear radiation’ exterminated all life, which was why the production of blood refinement pills was reduced by half.

one had to know.

If it was on earth.

After the nuclear explosion, due to the radiation, it would take another 100 years for people to live in the area of the nuclear explosion, and the radiation level would return to normal.

Fortunately ...

This was a ‘Super Fantasy world’. Although the nuclear radiation was strong, it dissipated very quickly under the washing of the spiritual Qi of heaven and earth. It would return to normal in a week at most.

“Damn you, Emperor Xia. You actually hid the side effects of the ‘atomic bomb’ from us.”

Duan Qilin snorted coldly, feeling rather displeased. Due to the radiation, the flesh and blood essence of the demon corpses had been contaminated, and the production of blood refinement pills had been reduced by half.

This was not a small loss.

at the same time.

In the imperial capital of the Grand Xia.

Shua! Shua! shua!

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a Tier 3 soul Tinder! ]

.....

Notifications suddenly popped up in front of Jiang Li's eyes. The number of soul Tinders was increasing rapidly. In the blink of an eye, he had gained tens of millions and even hundreds of millions of soul Tinders.

“alright!”

Jiang Li smiled. the soul Fire seed came from the sky. I don't know who killed the creature with an 'atomic bomb', but it's killing two birds with one stone.

“Hahahahaha!”

Jiang Li laughed.

Chapter 582 The Alliance Army

Time passed.

It wasn't until the early morning of the next day that the notifications of the soul Tinder harvest stopped.

open the 'soul Tinder column'.

Jiang Li controlled the Dominator panel.

Shua!

The interface opened.

soul Tinder: 570 million level-one soul Tinders, 53 million level-two soul Tinders, 7 million level-three soul Tinders, 70000 level-four soul Tinders, 100 level-five soul Tinders, and 24 level-six soul Tinders.

Obviously.

Duan Qilin had only used a 'kilotony' nuclear bomb, and its power was only at the beginning stage of the fifth rank. Therefore, by the end of the war, he had only managed to obtain these soul Tinders.

“Fuse.”

Buzzzzzz!

fuse. Jiang Li activated the soul Tinder fusion function and fused all the soul Tinders from level one to level five. Countless notifications popped up on the interface.

After the fusion was complete.

Jiang Li got 18 level-six soul Tinders in total.

soul Tinder: 42 level-six soul Tinders.

“Only forty-two, I’m still a little short.”

Jiang Li shook his head and closed all the interfaces.

soon after.

Jiang Li then asked QX01 to contact the ‘nuclear power Squad’ and ask about the ‘martial King Army’. The Army had already arrived at the Blackmoon Empire at midnight.

“The communication is connected.”

Buzzzzzz!

qx01 activated the ‘holographic communication’ skill and transmitted the battlefield of the blackmoon empire to jiang li.

A small-scale war broke out.

BOOM! boom! BOOM!

Countless explosions were heard.

the ‘floating battleships’ that filled the sky had a large number of formations activated, forming countless beams of light that descended from the sky and destroyed everything.

Below.

The ‘martial king’s army’ swept through everything with ease. Demon cities were destroyed one after another, turning into ruins. Large numbers of demon soldiers and demon civilians died.

“ah!”

On the battlefield.

Miserable screams rang out continuously.

Obviously.

In the face of the ten billion level martial King Army, the demon cities at the border of the Blackmoon Empire were simply unable to resist. The difference in strength was just too great.

He was completely powerless to resist.

“Kill!”

Buzzzzzz! buzzzzzz!

After the war broke out, Yue Fengji and Hong Tianqi led the ‘nuclear power Squad’ and charged into the battlefield at the first moment, releasing the ‘nuclear explosion’.

BOOM! BOOM!

On the battlefield.

Huge mushroom clouds appeared one after another, shaking the heavens and earth. The ground was destroyed by the power of the ‘nuclear explosion’, and the entire Demon City was blown into ruins.

The power was terrifying.

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a stage-two soul Tinder! ]

.....

Time passed.

After the ‘nuclear energy Squad’ killed a large number of monsters, Jiang Li caught some Soul Fire Seeds, but the soldiers of the monster City were too weak.

so,

jiang li only got a few soul tinders.

there were even fewer of them that were tier 3 and above.

Time passed.

half a day later.

The ‘Army of martial Kings’, which had a military strength of ten billion, pushed forward and destroyed demon cities one after another. They had also occupied the territory of several Marquis counties of the Blackmoon Empire.

...

At this moment.

The imperial capital of Blackmoon.

black moon palace.

Within the palace.

All the demonic ministers of the Black Moon Empire had gathered.

However ...

The expressions of these demon ministers were heavy, and the atmosphere in the hall was extremely oppressive.

“Your Majesty, emergency report from the front line. The ‘Army of the martial King’ of the martial King dynasty has tens of billions of soldiers. In just half a day, they have taken down the territory of three Marquis counties. Our Yao Army has suffered heavy losses.”

“The situation is not good!”

” it’s not only the wu king dynasty, but the chongwu dynasty as well. human emperor chongwu, duan qilin, personally led the chongwu army and invaded from the ‘border grassland’ in the south of our blackmoon empire. the ‘border guard army’ made up of five billion demon soldiers stationed at the ‘border grassland’ has been completely annihilated! ”

“the chongwu army is coming.”

...

“This Suan ni, this Suan ni”

“There’s the Army of the martial King in front and the Army of the Chongwu clan behind. What should we do?”

“The Empire is in danger, in danger!”

The various demon ministers of the Blackmoon Empire discussed animatedly, and their tone became more and more panicked.

“Silence!”

“Roar!”

The next moment.

A Dragon's Roar resounded.

on the highest dragon throne.

Black Moon Demon Emperor stood up, and the black fog of the nation's fate filled the air and enveloped his body. An extremely majestic demon Emperor's pressure suppressed the entire scene.

"Your Majesty, please calm your anger!"

The demi-human ministers knelt on the ground.

"all ministers, hear my order."

Blackmoon demon Emperor took a deep breath. He did not have much time to calm the ministers down. He immediately gave an order and shouted in a deep voice, "Ye Qing, cui long, Cao picai, Wei Zhang, Wei Baohe, step forward!"

"Yes."

"Your subject is here."

"Your Majesty, please give your orders!"

"....."

Immediately

Five demons walked out of the ministers. They knelt on the ground and kowtowed to Black Moon Demon Emperor. Their tone was extremely respectful. They had profound cultivation and great strength.

gather the Blackmoon royal guards, the three elite Blackmoon legions, and the nine Blackmoon armies to form the Blackmoon Empire Legion. I will personally lead the Army and lead the Army.

“stop the army of martial kings,” blackmoon demon emperor said in a deep voice.

“We will obey your orders!”

“Yes!”

“.....”

The ministers all responded.

Obviously.

The current situation ...

In the face of the joint invasion of the ‘Army of martial Kings’ and ‘Army of Chongwu’, Black Moon Demon Emperor could only face them head-on. He could not avoid them. There was no other way.

“Your Majesty.”

Wang ruozhong, the demon Minister of the Blackmoon Empire, asked the Blackmoon demon Emperor, the Blackmoon Empire is facing the invasion of two great human empires.

“even if your majesty can stop king wu’s army, how will you deal with the chongwu army that is invading from the south?”

“Don’t worry.”

the astral wind Empire and the East Peak demon dynasty will send troops to help us when the time comes, ” Blackmoon demon Emperor said in a deep voice. as long as we can hold on, I believe the two great barbarian empires will eventually be unable to hold back.

“At that time, we will naturally be able to break out of this situation.”

“Yes!”

wang ruozhong nodded.

On the other side.

In the central region of the Holy peace Region.

The ‘Wutian demon dynasty’ of the demons had already United the forces of all the demon dynasties and dynasties in the central region of the Holy peace state and formed an extremely terrifying ‘demon Alliance Army’.

Wutian capital.

BOOM! BOOM! BOOM!

In the sky.

Numerous ‘floating battleships’ appeared. They were huge in size and in great numbers. They covered the sky and the sun, forming a huge ‘demon Army’.

“third demon alliance army, hear my order!”

“roar!”

A Dragon’s Roar resounded.

It was a four-clawed flood Dragon that was 10000 meters long. On the head of the flood Dragon stood a burly demon.

It was extremely powerful.

He looked down at the entire demon Army with a sharp gaze.

He looked closer.

The demon standing on the head of the 'four-clawed flood Dragon' had a rough face and was in high spirits. He was only a Grand Marshal of the Wutian demon dynasty.

His full name was long Wuji.

he was the commander of the third demon alliance army.

"I'm here by the order of His Majesty, Wutian demon Emperor,"

Long Wuji shouted,"the Demon Alliance's third Allied army will set off immediately. Target: " the barbarian empire and the great magus empire."

"Yes!"

"As Your Majesty commands!"

"Take down the 'great witch nation'!"

"The third Allied army is invincible!"

kill!!!

"Rumble!"

battle cries shook the heavens and earth.

“Let’s go!”

Immediately.

The ‘demons Alliance’s Third Coalition Army’ set out. The air of military evil gathered, and the marching army formation was successfully arranged. A formation map appeared on the floating battleship.

Shua! Shua!

In the blink of an eye.

The huge ‘demons Alliance Third Coalition Army’ left the capital of no Emperor.

Half an hour later.

The ‘demon Alliance’s second Allied army’ and the ‘demon Alliance’s First Allied army’ of the Wutian demon dynasty set off one after another, heading to the moon god barbarian dynasty and the Turing Empire respectively.

Wutian Palace.

Wutian Palace.

Within the palace.

Shua! Shua!

two figures appeared out of thin air.

He looked closer.

These two figures had an extremely majestic 'demon Emperor' pressure, and they were shrouded in the fog of National aura, making it impossible to see their figures clearly.

“Seven Lotus demon sovereign, thousand subdue demon sovereign, you’ve come.”

Buzzzzzz!

the next moment.

At the front of Wutian Palace.

There was a Dragon Throne.

as if appearing out of thin air, wu tian demon emperor sat down and looked at the other two demon emperors. he spoke slowly and calmly.

“Wutian demon Emperor.”

seven lotus demon emperor and qianfu demon emperor looked at each other and said in a deep voice, ” “If you have something to say, just say it directly. There’s no need to beat around the bush,”

“Alright,” he said.

yes. Wu Tian demon Emperor nodded and said, ” I’m going to join forces with the Imperial Guards of Wu Tian dynasty, the Imperial Guards of the seven Lotus dynasty, and the Imperial Guards of Qian Fu dynasty.

“The three Imperial Guards will form the ‘Imperial Guards Legion’.”

then, I'll personally lead the Army. Seven Lotus demon emperors and qianfu demon emperors will assist me as the Deputy Marshal.

seven lotus demon emperor frowned. "wutian, what do you want?" "We've already sent out three demon Alliance coalition forces, and almost all of our main forces."

"And now, you're going to ally with the Imperial Guards of the three great majestic empires."

Wutian, do you know what will happen to us if we fail this war?"

Qianfu demon Emperor said in a deep voice.

"hahahahaha!"

Wutian demon Emperor laughed. failed? in this prince's dictionary, there is no such word as "failure." moreover, this prince has already received news that "the demon race is divided into two."

the human race has already launched an attack on the Black Moon Empire in the 'Eastern Region of holy peace state'. All the human empires have sent a part of their troops to support the 'Eastern Region of holy peace state'.

"this is the best time for us to act."

the three great demon Alliance's Allied forces are only trying to stall the three great empires of the Barbarian race. My real goal is to destroy the soul martial Empire, the myriad refined Empire, and the Yangui Empire.

the three of us, the demon sovereigns, will personally lead the Imperial Guards to destroy Yan GUI first, then Wan Lian.

"And finally, the soul martial Empire."

"Alright!"

seven lotus demon emperor's eyes flickered. " if that's the case, i'll listen to you. "

"I also agree."

Said qianfu demon Emperor.

"Hehe."

A smile appeared on Wutian demon Emperor's face. the demon race will win.

An hour later.

Shua! Shua! Shua!

"BOOM!"

The ground was shaking violently.

The Army of the demon race had arrived. The 'Imperial Guards' of the three majestic empires had gathered, and then, led by the three demon emperors, they were marching toward the Yangui majestic empire at the fastest speed.

At the same time.

The Black Moon Empire.

Within Marquis Mengyang's territory.

The Blackmoon demon Emperor personally led the Blackmoon Imperial Army and officially clashed with the martial King Army in Marquis Mengyang's territory. The two ten-billion-level armies began to fight.

Buzzzzzz! “Whoosh!!!”

The spiritual Qi of heaven and earth trembled, and the murderous aura of the military condensed. The floating battleships arranged one array after another, and the sky was filled with array diagrams.

## Chapter 583 Great battle

“What’s coming next is the real tough battle,”

Jiang Li looked at the battle scene transmitted by the ‘super holographic soldier’.

The Super holographic soldier couldn’t capture the entire battlefield, so Jiang Li could only see a part of it.

Even so ...

Jiang Li could also feel the pressure.

It was filled with a murderous aura.

Even though ...

The ‘Army of the martial King’ had invaded the Blackmoon Empire. As they advanced, they crushed everything in their way and took over the territories of three Marquis counties. However, they were only the demon city’s Army, after all, and the difference in strength was too great.

now.

They were the true main force of the Black Moon Empire.

Not only that.

blackmoon demon emperor even personally joined the battle.

“Set up the formation!”

“Set up the formation!”

Without the slightest hesitation.

The two legions.

Before the actual battle, they would first complete the formation. With ten billion dynasty troops, it was enough to set up a Grade 7 formation that could withstand all attacks from grade 8 and below.

“rumble!”

At this moment.

The Army of martial Kings was led by Wu Tongtian, assisted by several seventh-rank vice marshals, and human array Masters. From there, they mobilized an endless amount of military Qi.

In that instant.

The sky was filled with black and blood-colored murderous aura. As it gathered, the entire battlefield seemed to be shaking, affecting the space-time of this area.

In the end, it turned into an incomparably huge beast of the Army!

Three-headed demonic ape!

ten million meters!

This ‘three-headed demonic ape’ had already reached the height of ten million meters, and its Supreme ferocity made it seem as if an ancient demonic god had been born.

He appeared in the sky above the battlefield.

Its ten-million-meter-long body shot straight into the clouds, as if it was piercing through the sky. Even if one raised their head, they couldn’t see the full appearance of the ‘three-headed demonic ape’.

It was too huge.

Terrifying!

Powerful!

“roar!”

Bang Bang Bang Bang!

The three-headed demonic ape was completely black, and its black fur was like silk, emitting an infinite amount of light. It roared towards the sky, and its arms clenched into fists, pounding its chest.

A thunderous sound was heard.

“What a good fellow!”

Jiang Li looked at the scene and said in shock, ” ” the battle hasn’t even started officially, and they directly set up a grade 7 army formation. ”

“The ferocity of this ‘three-headed demonic ape’ isn’t inferior to that of the ‘nine-headed giant dragon’ we encountered in the ‘three-Emperor Sea area’. In fact, it might even be stronger.”

after all, in the ‘nine-headed Dragon’, which is also the ‘Sea Emperor Nine Dragons formation’, ‘hai shaohuang’ who led the formation was only at the perfected stage of Level Seven, while ‘Wu Tongtian’, who led the ‘three-headed demonic ape’, was already at the early stage of level eight.

“Black Moon!”

“Whoosh!!!”

The next moment.

the level 7 military formation of the ‘blackmoon imperial army’ was also set up. with the ‘blackmoon demon emperor’ as the leader and many level 7 demon race marshals as support, they condensed an endless amount of military evil qi.

In the end.

It was a pitch-black ‘crescent moon’ that was slowly rising.

Grade 7 army formation-Black Moon formation.

That’s right.

The battle formation that the ‘Blackmoon Imperial Army’ had set up did not form a ‘battle formation behemoth’. Instead, it formed an incomparably huge’ black crescent moon ‘that was like a star.

It floated in the sky above the battlefield.

Buzzzzzz! “Whoosh!!!”

circular ripples spread out as they resisted the ‘three-headed demonic ape’.

A black crescent moon.

Its diameter had already reached ten million meters.

...

It was like a real planet.

Endless light fell from the sky, protecting the entire ‘Blackmoon Imperial Army’.

“Black Moon Demon Emperor.”

Shua!

Wu Tongtian stood in the sky above the battlefield and looked forward at ‘Blackmoon demon Emperor’ with a burning gaze. With the support of the three-headed demonic ape Army, Wu Tongtian’s strength had increased greatly.

“today is the day you die!”

Wu Tongtian yelled, ” kill!

BOOM!

As soon as he finished speaking.

wu tongtian took the lead. he flew across half of the battlefield and arrived in front of black moon demon emperor in an instant.

“Heavenly path fist!”

...

bang!

Wu Tongtian had no weapon. He cultivated martial arts and tempered his body. His body was his most powerful weapon. The fist print fell like a falling star.

It was truly a monstrous martial might.

“Black Moon protection!”

Wuwuwuwuwu!

Blackmoon demon Emperor’s eyes were solemn.

In that instant.

The three great empires ‘sacred artifacts, the empires’ true dragons, and the Black Moon’s power all appeared on his body.

It could be seen.

An illusory black crescent moon appeared on Black Moon Demon Emperor’s body to protect him.

“Break!”

BOOM!

Wu Tongtian’s punch was accompanied by the Dragon’s Roar. The powerful punch destroyed everything and shattered the illusory black crescent moon.

“Pfft!”

“Ah!”

Black Moon Demon Emperor vomited blood and flew backward.

“your majesty!”

“!!!”

The demon generals of the Blackmoon Empire were aghast.

“rank 8!”

Black Moon Demon Emperor’s expression was extremely grave. you actually have a cultivation of level eight!

“Hahahahaha!”

Wu Tongtian laughed wildly and shouted, ” Blackmoon demon Emperor, I’m already at the early stage of level eight. Although you’re a demon Emperor, you’re only at the perfected Level Seven cultivation base. Even with the blessing of the demon Emperor’s position, the protection of the Empire’s National fate, the Empire’s Saint weapon, and the help of the level Seven military formation, you’re still a demon Emperor.

however, in the end, you can’t beat this Marshal.

“Because I also have the flood Dragon protection and the grade 7 army formation-three-headed demon ape.”

“You’re dead!”

“All soldiers, hear my order!”

wu tongtian turned around and yelled, ” ” kill them for this marshal!!! ”

“Kill!”

” kill!!! ”

attack!!!

” charge!!! ”

“Rumble!”

immediately.

The ‘Army of martial Kings’ was the first to attack. Because of the protection of the ‘Grade 7 army formation’, it was difficult for long-range attacks to be effective.

so,

One by one, the floating battleships directly crashed into them.

kill!!!

It could be seen.

The human soldiers jumped down from the floating battleships and engaged in close combat with the demon soldiers on the ground. There were also human soldiers who jumped onto the floating battleships of the demon race.

Pfft! Pfft! pfft!

Blood splattered everywhere.

Corpses were sent flying, and broken limbs fell to the ground.

Bang Bang Bang Bang!

Countless battle cries rang out.

the entire battlefield stretched for tens of thousands of miles.

There was no end in sight.

The Super holographic soldier could only film a part of the battle.

“Nuclear explosion!”

“Rumble!”

After the war officially broke out.

Yue Fengji and Hong Tianqi immediately led the ‘nuclear power Squad’ and charged into the battlefield because the ‘three-headed demonic ape’ and the ‘black crescent moon’ had canceled each other out.

so,

Yue Fengji and the others were not suppressed by the Army formation.

The power of the ‘nuclear explosion’ was almost completely unleashed.

“Ah!”

Kachaa! Kachaa!

The ground cracked, the mountains collapsed, and the lakes shattered.

Yue Fengji and the others continued to release the power of ‘nuclear explosions’. It was as if Suns had exploded one after another, destroying everything and killing a large number of demons.

Buzzzzzz! Buzzzzzz!

Immediately.

A large number of Soul Fire Seeds flew out of the monster’s body and were caught by Jiang Li. A notification popped up in front of Jiang Li.

“Not bad.”

” okay. ” jiang li nodded in satisfaction.

“Si si si ...”

“They are the ‘nuclear energy Squad’ of the great Xia Dynasty.”

“Those explosions just now were created by them using those ‘nuclear weapons’, right? This power is too terrifying. Within the range of the explosion, almost all creatures below the sixth step were annihilated.”

“how terrifying!”

“If it wasn’t for the suppression of the grade 7 army formation, the damage would have been even greater.”

In the surroundings.

the troops from the other dynasties all looked over when they heard the ‘nuclear explosion’. they were all shocked when they saw the scene caused by the ‘nuclear explosion’.

“Hahahaha!”

Wu Tongtian rushed forward and punched Black Moon Demon Emperor away again. He laughed wildly and said, ” “Black Moon Demon Emperor, did you see that? your time of death has arrived.”

“kill!”

BOOM! BOOM! BOOM!

the nuclear energy Squad worked together and continuously released the power of the ‘controllable nuclear fission palm controller’, creating’ nuclear energy balls ‘that exploded on the battlefield.

They killed a large number of monster soldiers.

Very quickly.

They had attracted the attention of the demon race.

“you’re looking for death!”

Buzzzzzz!

Immediately.

A level 7 demon race Vice Marshal had his eyes on Yue Fengji and the others. He joined forces with several Level 6 demon race generals and attacked Yue Fengji and the others.

“Nuclear explosion!”

BOOM! BOOM!

Yue Fengji and the others immediately formed ‘nuclear energy balls’ and blasted them.

“Black Moon slash!”

buzzzzzz!

The level 7 demon Vice-Marshal and several Level 6 demon generals worked together and borrowed the power of the level 7 army formation to form a huge black blade.

It was like a Crescent.

“Slash!”

Shua!

The black scimitar, which was as large as a star, slashed down, destroying the nuclear explosion caused by the ‘nuclear light ball’. The remaining power even sent Yue Fengji and the others flying.

pfft! Pfff!

“Ah!”

ah! Hong Tianqi and the others screamed.

“retreat!”

Yue Fengji shouted.

“Don’t fight head-on!”

His Majesty said that the power of a ‘nuclear explosion’ can’t fight against a level Seven for the time being. Let’s retreat first!

“Leave the level 7 demons to the martial King dynasty!”

Yue Lin, Fei Lian, and the others said.

shua! Shua!

Hence.

yue fengji and the others quickly retreated.

“Kill!”

Clang!

An earth-shattering sword chime.

It was Xiao Jinlin of the ‘Heavenly Sword troop’ of the sword Dynasty.

Xiao Linlin slashed out with his sword, his expression cold. After the slash, it turned into an unparalleled sword radiance. It was extremely bright and destroyed everything, as if it was cutting space apart.

This sword attack forced the level Seven demon to retreat.

kill!!!

Shua! Shua!

Xiao Linlin led the heavenly Sword troop and attacked.

“many thanks, marshal xiao.”

Yue Fengji cupped his hands.

“there’s no need for thanks,”

Xiao Linlin glanced at Yue Fengji and said, ” ” if you really want to thank me, this marshal is very interested in the ‘nuclear weapons’ in your hands. ”

the weapon was given by His Majesty. We don’t dare to make any decisions on our own.

Yue Fengji said.

“i think so.”

Xiao Linlin shrugged. let’s wait until the war is over.

“Alright,” he said.

Yue Fengji nodded.

BOOM! BOOM! BOOM!

the war continued.

Yue Fengji and the others wandered around the battlefield and used ‘nuclear explosions’ to harvest a lot of Soul Fire Seeds for Jiang Li, but the battlefield was too chaotic and there were still casualties.

Two early-stage level five members of the nuclear squad were ambushed and killed by level six demons, and the ‘controllable nuclear fission palm controller’ was almost lost on the battlefield.

Fortunately, they were all taken back by Yue Fengji and the others.

## Chapter 584 Dongyue

Jiang Li was observing the battle between the martial King Army and the Blackmoon Emperor Army through the holographic mech’s ‘holographic communication’.

As time passed, the battle became more and more intense, and it had already entered a state of white heat.

Wu Tongtian’s cultivation was profound and he was powerful, but it was not easy to take down Black Moon Demon Emperor.

After all, Blackmoon demon Emperor’s combat ability was not weak.

He was a demon Emperor after all.

BOOM! boom!

In this seemingly endless battlefield.

The armies of both sides continued to fight. At every moment, human and monster soldiers would die, and one corpse after another would fall from the sky.

There were even floating battleships that exploded.

It was tragic.

High up in the sky.

The battle between Tier 7 monsters and tier 7 martial artists, and the battle between Tier 6 and Tier 6 monsters, created a huge commotion. The aftershocks even affected the battlefield below.

“Drop the atomic bomb!”

Finally ...

The commanders of the martial King Army immediately took out their atomic bombs and threw them out after seeing the situation of the ‘nuclear bomb squad’.

“rumble!”

Immediately.

Although the power of the ‘nuclear explosion’ was far inferior to the ‘nuclear light balls’ released by the ‘nuclear energy Squad’, it still possessed extremely strong destructive power.

He had killed a large number of demons.

“Throw the hydrogen bomb!”

Immediately after.

The hydrogen bombs were thrown out by Tier 4 and above martial artists. They flew into the devil army and exploded, creating huge mushroom clouds.

“Ah!”

The demons screamed.

A large number of demon soldiers were killed by the ‘nuclear explosion’. Some of the demons with low cultivation levels even had their corpses carbonized by the terrifying’ nuclear energy’.

“Block these weapons!”

“Bloodline ignition!”

bang! Bang!

The high-level demon commanders ‘pupils contracted in shock. After witnessing the power of the’ atomic bomb ‘and’ hydrogen bomb’, they immediately began to defend.

When the ‘atomic bombs’ and ‘hydrogen bombs’ were thrown out, the high-level demon commanders burned their bloodlines and released powerful bloodline power to block many of the ‘atomic bombs’ and ‘hydrogen bombs’.

Buzzzzzz! wuwuwuwuwu!

Although Jiang Li didn’t participate in the war, the ‘atomic bombs’ and ‘hydrogen bombs’ he made killed many creatures and gained a lot of soul Tinders.

“Damn it!”

Blackmoon demon Emperor’s expression was grave. what kind of weapon is this? Why have I never seen him before? How did the human race create such a terrifying weapon?”

“If this continues, the Blackmoon Imperial Army will really be annihilated.”

pfft!

Blackmoon demon Emperor coughed up blood. He was already injured. It was extremely difficult for him to resist Wu Tongtian's attacks, and his injuries were getting worse.

He couldn't hold on for much longer.

“die!”

BOOM!

Wu Tongtian attacked. The power of the three-headed demon ape was attached to his body. He burst out with all his strength and punched out a vast fist print as big as a star.

It fell from the sky.

It was as if it could destroy everything.

“!!!”

Blackmoon demon Emperor's pupils constricted.

“Stop!”

Wuwuwuwuwu!

at this moment.

the demon emperor of the eastern peak demon dynasty appeared. he charged forward with a dragon's roar. his might shook the heavens and earth as he arrived in front of wu tongtian.

“Seal of mountains and rivers!”

Bang!

Demon Emperor Dongyue formed a seal with his hands. Boundless bloodline power condensed and transformed into an incomparably huge mountain river seal that pressed down.

the mountain and river seal and the fist seal collided.

...

They collided with each other.

They exploded at the same time.

Rub Rub Rub

wu tongtian was forced to step back.

“Demon Emperor of the East Peak.”

Wu Tongtian raised his head, his eyes serious. you’re here.

“Wu Tongtian,”

” you’re quite bold, ” demon emperor dongyue said coldly. ” you actually dare to lead an army to attack the blackmoon empire? do you think you can destroy the blackmoon empire with just you and this army of ten billion? ”

“You’re simply delusional,”

Blackmoon demon Emperor heaved a sigh of relief. Dongyue, if you had come a little later, I’m afraid you would only be able to collect my corpse. How’s the situation with Gang Feng? ”

“Don’t worry.”

...

Demon Emperor Dongyue said calmly, ” “Everything is going according to plan.”

“That’s good.”

Blackmoon demon Emperor nodded.

“.....”

Wu Tongtian frowned. He had a feeling that something was wrong.

One had to know.

Demon Emperor Dongyue was much stronger than demon Emperor Blackmoon. His cultivation was already at the beginning of the eighth rank. In addition, he had the status of a demon Emperor and the enhancement of the nation’s fate.

Naturally, he was more powerful than Wu Tongtian.

“Something must have happened, an accident.”

Jiang Li saw this too. He said in surprise, ” “Two demon sovereigns actually appeared.”

On the other side.

In the southern Territory of the Black Moon Empire.

At this moment.

Duan Qilin led the 'Chongwu Army' and broke through the demon cities one after another with an unstoppable force, occupying a large amount of territory of the Black Moon Empire.

However ...

just as duan qilin was about to enter the territory of the marquis of blackmoon ...

They encountered the 'demon Army' that was lying in ambush in the territory of 'Marquis Black Moon'.

This Army of demons was not from the 'Black Moon Empire', but from the 'astral wind Empire'.

Furthermore, the one leading this demonic Army was the demon Emperor of the Iron Wind Empire.

"Hahahahaha!"

"Roar!"

In the air.

those were floating battleships that blotted out the sky and the sun. they came from all directions and formed an encirclement. in an instant, they had surrounded duan qilin's army.

At the same time.

Dragon roars sounded.

It was a huge four-clawed true dragon that was blue all over. Standing on the dragon's head was the demon Emperor of the Iron Wind Empire, Iron Wind. He was very powerful and was already at the perfected stage of the seventh tier.

“Not good!”

Duan Qilin’s pupils contracted. it’s the astral wind demon Emperor. Damn it! Why would the astral wind demon Emperor appear in the territory of the Blackmoon Empire and even lead an Army to lie in ambush here? ”

“Duan Qilin.”

BOOM!

The aura of the gang Feng demon Emperor was like a rainbow, and his might was monstrous. He looked at Duan Qilin and shouted loudly, ” “I’ve been waiting for you for a long time.”

“Astral wind Army, hear my order! Kill!”

“Kill!”

attack!!!

exterminate the human race!!

kill!!!

“Formation, activate!”

Bang! Bang! Bang!

Battle cries shook the heavens and earth.

The sound of explosions rang out in all directions, and endless murderous aura gathered. With the gang Feng demon Emperor leading the Army, they finally formed a Grade 7 military formation.

“Roar!”

The beast Army was formed.

It was a giant python that was tens of millions of meters long!

“We’re in trouble!”

Duan Qilin’s expression was extremely grave. He had only led an Army of five billion soldiers because he was concerned about the safety of the martial reverence dynasty.

In the face of the ten billion troops led by the astral wind demon Emperor ...

They were clearly at a disadvantage.

Furthermore ...

An Army of ten billion could set up a Grade 7 formation, while Duan Qilin’s Chongwu Army could only set up a Grade 6 formation, which was one grade lower in terms of military formation.

“set up the formation!”

Duan Qilin shouted.

Buzzzzzz! Wuuwuwuwu!

Immediately.

The military killing intent gathered, and the five Grade 7 human great generals took charge of the grade 6 formation. The five Grade 6 formations were set up successfully, forming five million-meter-long formation beasts.

Roar! “roar!”

The roars of the beasts shook the heavens and earth.

Five Grade 6 formation beasts were fighting against a Grade 7 formation beast. The Chongwu Army was obviously at a disadvantage, and their formation was being suppressed.

“All troops, break out of the encirclement!”

fire! Duan Qilin roared. throw out all the atomic bombs and hydrogen bombs and break through the enemy’s blockade!

“Yes!”

“yes, sir!”

kill!!!

“Rumble!”

The war broke out.

the human warriors threw out a large number of atomic bombs and hydrogen bombs. the atomic bombs and hydrogen bombs flew out and exploded in the demon army.

A ‘nuclear explosion’ was produced.

It was as if a small sun had appeared, and its radiance was incomparably dazzling. The terrifying power of the nuclear explosion spread out, destroying and annihilating everything.

“roar!”

However ...

The level 7 formation beast roared and released a vast formation light curtain that enveloped the demon Army and blocked most of the power of the nuclear explosion.

However ...

It still caused a lot of casualties.

“Kill!”

charge!!!

The armies of both sides clashed. On the ground, in the air, and in the sky, there were three battlefields. The human and demon soldiers below stage three were fighting on the ground.

The demons above the third tier and below the fifth tier were fighting with the human soldiers at low altitudes.

At the highest altitude.

It was the battlefield between the grade 6 and Grade 7 experts.

BOOM! BOOM! BOOM!

At the same time.

Five sixth-grade battle formation beasts were fighting against a seventh-grade battle formation beast. The sky-reaching giant python was one against five, but it had the absolute advantage.

The five Grade 6 battle formation beasts were injured one after another.

As a result, many human soldiers suffered a backlash from the battle formation.

Similarly.

The cost of setting up a Grade 7 formation was even greater, and the demon Army also suffered a considerable backlash.

But relatively speaking ...

The astral wind Army had the absolute advantage.

Fortunately ...

Duan Qilin didn't engage in a decisive battle with the squall demon Emperor. From the very beginning, Duan Qilin knew that the Chongwu Army wouldn't be able to defeat the squall Army with their strength.

He only wanted to break out of the encirclement.

release a ten-million-ton atomic bomb!

Duan Qilin roared loudly.

Finally!

duan qilin took out 100 'ten-million-ton' atomic bombs and threw them out without any hesitation.

Shua! Shua! "Whoosh!"

A hundred million-ton nuclear bombs flew out like streams of light, quickly flying toward the gale Army, and then exploded in the gale Army.

“Rumble!”

In that instant.

A total of 100 huge balls of light exploded. They were incomparably resplendent and dazzling, as if miniature Suns had been born.

The terrifying shock wave shook the surroundings.

“Ah!”

Pfft! Pfft! “Pfft!”

Countless screams rang out.

The demons were caught off guard by the explosion, causing a large number of demon soldiers to die. Even level-five demons could not withstand the power of the nuclear explosion.

One had to know.

A ten-thousand-ton nuclear bomb.

Its power had already reached the initial stage of the sixth step.

In other words ...

within the range of the ‘nuclear explosion’, creatures below stage six would not be able to resist. if not for the protection of the stage seven army formation, the casualties would definitely be more than this.

A huge hole was blasted open in the encirclement of the astral wind Army.

“What?”

the eyes of the gang feng demon emperor were filled with horror.

break out of the encirclement!!!

Duan Qilin roared.

charge!!!

charge out!!!

Buzzzzzz! Wuwuwuwuwu!

Immediately.

Chongwu’s Army charged forward at full speed. Under the lead of Duan Qilin and many Type 7 human great generals, they broke through the encirclement through the gap created by the ‘nuclear explosion’.

retreat!!!

retreat! Duan Qilin shouted. all troops, listen up! Retreat to the Chongwu dynasty immediately!

“Damn it!”

squall demon emperor’s face was extremely gloomy. ” duan qilin actually broke through our encirclement. what kind of weapon was that? ” A hole was directly blown out.”

” even under the protection of the grade 7 army formation, at least a hundred million soldiers died. ”

## Chapter 585 Stacking

“Your Majesty, should we continue our pursuit?”

at this moment.

A level Seven demon general of the celestial wind Empire came to the front of the celestial wind demon Emperor. He first bowed to the celestial wind demon Emperor before asking.

“No need,”

Duan Qilin has already been forced back, ” said Gang Feng demon Emperor. our mission is complete. Let’s return to the imperial capital immediately to avoid being attacked by the Barbarian Empire.

“Yes!”

“all soldiers, hear my order!”

Buzzzzzz! “Whoosh!!!”

The astral wind Army began to retreat.

At this moment.

at the border between the six-winged barbarian dynasty and the astral wind majestic dynasty.

kill!!!

“BOOM!”

The earth trembled, and the spiritual Qi of heaven and earth swept in all directions.

In the air.

Those were floating battleships of the Barbarian race. On the ground were a large number of barbarian soldiers, forming a huge barbarian Army that launched an attack on the astral wind Empire.

The moment the war began.

The ‘barbarian Army’ of the six-winged barbarian dynasty was like a hot knife through butter. They took down demon cities one after another, occupied a large amount of territory, and plundered a large amount of resources.

It took more than half a day.

The six-winged barbarian dynasty had seized the territories of the two Marquis of the astral wind majestic dynasty, as well as a vast amount of resources. They had also plundered a large number of humans and obtained various benefits.

“Retreat!”

After the six-winged barbarian dynasty’s ‘barbarian Army’ took down the territories of the two Marquis of the astral wind Empire, they brought along a large amount of resources and spoils of war, and directly left.

When the Army led by the gang Feng demon Emperor arrived, the Barbarian Army of the six-winged barbarian dynasty had already retreated, leaving behind only the territories of the two Marquises and the ruins of demon cities.

“bastard!”

you ... Gang Feng demon Emperor was furious. He looked up to the sky and roared, ” six-winged barbarian Emperor, I’ll definitely make you pay for today’s enmity a hundred times or a thousand times in the future!

Although he was angry.

However, he did not lead the Army to attack the six-winged barbarian dynasty.

at the same time.

At the border of the East Peak demon dynasty and the soaring snake Empire.

The Barbarian Army of the soaring snake Empire was about to attack the eastern peak demon dynasty, but they were blocked by the ‘demon Army’ that had been stationed at the border for a long time.

Obviously.

The demon Emperor of Dongyue had long anticipated that the flying snake Empire would take advantage of the chaos to attack, so he had sent the demon Army in advance to guard the ‘border area’ and stop the invasion of the flying snake Empire.

“What a demon Emperor of Dongyue.”

Soaring snake barbarian sovereign looked down at the demon Army in front of her with a serious look in her eyes. She said coldly, ” “All soldiers, retreat!” He ordered.

hence.

The Barbarian Army of the flying snake Empire retreated at full speed.

“They’ve finally retreated.”

The commander of the 'demon Army', Dongqi Ling, heaved a sigh of relief. He looked at the retreating barbarian Army and wiped the cold sweat from his forehead.

"Your Majesty truly has divine foresight. You've already anticipated that the soaring snake Empire would take the opportunity to invade."

"It's just that I didn't expect that barbarian sovereign flying snake would come here with his Army. Fortunately, he has withdrawn his Army. Otherwise, I'm afraid we wouldn't have been able to stop him."

Commander, I think that soaring snake barbarian Emperor won't dare to attack.

"after all, we have 10 billion troops stationed here. if we set up a grade 7 formation without caring about the cost, it will be enough to severely injure the soaring snake barbarian army," the deputy general beside dong qiling said.

at that time, even if the flying snake Empire can win, they will have to pay a heavy price.

"Yes."

Dong Qiling nodded his head. even so, we can not be careless. Pass down the order to increase the strength of the patrols, in case the soaring snake Empire makes a comeback.

"Yes, sir!"

All the Deputy generals responded in unison.

"I wonder how the battle is going in the Blackmoon Empire."

Dong Qiling looked into the distance. Your Majesty is about to face the 'wuwang dynasty', the wuwang dynasty 'that is ranked first in the National fate rankings.

“I hope everything goes well.”

dong qiling’s face was filled with worry.

The Black Moon Empire.

Within Marquis Mengyang’s territory.

...

“Seal of mountains and rivers!”

BOOM!

Demon Emperor Dongyue attacked one after another. He combined the power of his bloodline with the power of the nation’s fate to form a seal of mountains and rivers that was as vast as the stars, suppressing Wu Tongtian.

At the same time.

Black Moon Demon Emperor had his hands free. He swallowed an elixir and recovered from his injuries. Then, he immediately charged into the battlefield below. With his combat strength that was close to the early stage of the eighth rank, he gradually turned the situation around.

It could be seen.

Black Moon Demon Emperor was very powerful. He fought nine level-seven human powerhouses alone and was not at a disadvantage at all. He even had the advantage.

“Hahahahaha!”

Black Moon Demon Emperor laughed wildly, and a black crescent moon Dharma form as vast as the stars appeared behind him. Its power was monstrous, and the might of a demon Emperor suppressed the entire scene.

“Die!”

BOOM!

...

die! Black Moon Demon Emperor shouted and struck out with both palms. The black crescent moon Dharma form behind him turned into an extremely huge black scimitar, as if it was going to cut the heaven and earth apart.

block him!!!

“kill!”

bang bang bang bang!

The various type 7 human powerhouses ‘pupils contracted, and they unleashed their strongest attacks, but they were all shattered by the black scimitar.

“Ah!”

“Pfft!”

The black scimitar that was as large as a star shattered and was finally blocked. However, the shockwave from the explosion still sent the nine Type 7 human powerhouses flying.

He spat out a mouthful of blood.

“You guys!”

shua!

Blackmoon demon Emperor's might soared to the sky and was almost invincible on the battlefield. His eyes flickered as he stared at Yue Fengji and the others with a strong killing intent.

“Die!”

BOOM!

As soon as he finished speaking.

Blackmoon demon Emperor charged towards Yue Fengji. He reached out and grabbed, and endless light seemed to condense, turning into a giant hand that covered the sky and grabbed at Yue Fengji and the others.

Obviously.

Although the cultivation of Yue Fengji and the others was not high, the ‘nuclear explosion’ created by the ‘controllable nuclear fission palm control device’ was very powerful, killing a large number of demon soldiers.

It could be said that ...

More than a billion demon soldiers had died.

More than half of them had died at the hands of Yue Fengji and the others.

It was natural.

blackmoon demon emperor couldn't wait to kill yue fengji and the others.

furthermore ...

Blackmoon demon Emperor also had his eyes on the weapons in the hands of Yue Fengji and the others.

He wanted to find out.

“Not good!”

the pupils of yue fengji and the others contracted.

“Hurry up!”

release the power of the ‘nuclear weapon’!

“Don’t hold back!”

“Let’s go all out!”

hong tianqi, fei lian, and yue lin shouted.

“Nuclear fission explosion! All-round release!”

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Immediately.

all the members of the nuclear energy Squad activated their ‘controllable nuclear fission palm controllers’ to the maximum.

They raised their hands.

After that.

A red 'nuclear energy ball' appeared above their heads. From its initial diameter of a dozen centimeters, it kept expanding.

a few meters, a dozen meters, a hundred meters, a few hundred meters, a thousand meters, a few thousand meters ...

Finally.

Ten thousand meters!

Each of the red 'nuclear energy balls' had a diameter of 10000 meters!

he was already at his limit.

It could no longer expand.

Originally.

the members of the nuclear energy Squad.

There were three hundred and fifty-eight stage-five Warriors and nine stage-six Warriors.

There were a total of 367.

Because two stage-five Warriors had fallen in this war, only 365 were left.

In other words ...

A total of 365 'nuclear light balls' with a diameter of 10000 meters were condensed, emitting circles of light waves, as if 365 Suns were hanging in the sky.

“!!!”

“What a terrifying energy fluctuation.”

“Be careful!”

High up in the sky.

There were Tier 6 Warriors, Tier 6 monsters, and even Tier 7 monsters and Warriors. Even Wu Tongtian and the East Peak demon Emperor looked over.

“.....”

wu tongtian’s eyelids kept twitching. he said in shock, ” good Lord, they are the ‘nuclear energy Squad’ of the great Xia Dynasty. What is that red ball of light? ”

“even i feel my scalp going numb.”

“Heiyue, be careful!”

Demon Emperor Dongyue shouted.

kill!!!

Black Moon Demon Emperor, I’ll let you have a taste of the power of the ‘fission nuclear explosion’!

Yue Fengji and the others roared with a crazed look on their faces.

“A bunch of ants.”

die! Black Moon Demon Emperor roared, and a huge handprint that covered the sky slapped out. It was as if the sky had collapsed, shaking the world in all directions.

The next moment.

Yue Fengji and the others threw out 365 'nuclear light balls' with a diameter of 10000 meters. They shone brightly and collided with the huge handprint that covered the sky.

“Rumble!”

In that instant.

365 'nuclear light balls' with a diameter of 10000 meters exploded at the same time, and the power of the explosions stacked together.

At this moment.

In the sky above the battlefield.

A sun-like radiance appeared. It was extremely dazzling and eye-catching, almost suppressing the radiance of the sun.

Bang Bang Bang Bang!

Countless explosions were heard.

Kachaa! Kachaa!

Immediately after.

the huge handprint that seemed to cover the sky cracked and finally exploded with a bang. the power of the nuclear explosion rushed toward black moon demon emperor.

“What?”

Black Moon Demon Emperor’s pupils constricted, and he shrieked, ” Black Moon protection!

“Whoosh!!!”

A Black Moon appeared, and a four-clawed true dragon circled around and enveloped demon Emperor Blackmoon’s entire body. The huge black crescent moon blocked the nuclear explosion and overlapped its power.

pfff!

Blood seeped out of the corner of Blackmoon demon Emperor’s mouth as he retreated several steps.

“impossible!”

Blackmoon demon Emperor’s eyes widened as he glared at Yue Fengji and the others. how can ants like you, weaklings who haven’t even reached Level Seven, hurt me?!

“So strong!”

if an ordinary seventh-rank magical beast were to be hit by such power head-on, it would be either dead or seriously injured!

are they really only Tier 6 and Tier 5 Warriors? ”

“It’s really terrifying!”

“This is too terrifying.”

In the surroundings.

countless living beings were shocked.

“We’re finished!”

yue fengji and the others, however, looked pale. they were not happy at all. ” we’ve already pushed the power of the ‘nuclear weapon’ to the maximum, and we’ve overlapped the ‘nuclear explosion’, but it only forced black moon demon emperor back a few steps. ”

“The difference is too great.”

Your Majesty is right. With the power of the ‘controllable nuclear fission palm controller’, we can’t fight against a seventh-rank, let alone Black Moon Demon Emperor.

“I will definitely kill you all!”

Buzzzzzz!

After Blackmoon demon Emperor recovered from his shock, he did not hesitate at all. He immediately attacked Yue Fengji and the others and released powerful offensive techniques.

“Black Moon slash!”

Shua!

The Black Moon Dharma power transformed into a huge black scimitar and slashed down at Yue Fengji and the others.

“heavenly sword strike!”

Clang!

Xiao Linlin gathered all his strength and then slashed out a Supreme Sword light.

“Martial arts Dharma!”

“Martial Emperor fist!”

Buzzzzzz!

BOOM!

the two deputy marshals of the army of martial kings, who were at the perfected stage of tier 7, also had their hands free. they joined forces with xiao linlin, and three martial artists at the perfected stage of tier 7 charged toward demon emperor blackmoon.

An intense battle erupted.

Blackmoon demon Emperor’s attack was blocked.

the ‘nuclear energy Squad’ of the great Xia Dynasty. We will stop the Black Moon Demon Emperor. You guys continue to release the power of the ‘nuclear weapons’ and kill the demon soldiers.

as long as half of the demon soldiers are killed, ” Xiao Linlin shouted, ” the demon’s Level-7 formation will collapse on its own. We will win this war for sure.

Chapter 586 Profound meaning

Yue Fengji and the others 'expressions changed slightly when they heard what Xiao Linlin and the other two said.

This was because when they tried to activate the power of the 'controllable nuclear fission palm', they found that the 'nuclear weapons' in their hands could no longer exert their due power.

The energy was exhausted.

In such a situation.

it was like a gun that had run out of bullets.

This was because the 'controllable nuclear fission palm control device' was a 'nuclear weapon'. Although it could be used repeatedly and almost 'infinitely' 'create' nuclear light balls 'to produce' nuclear energy 'and' nuclear explosions', it was still a 'nuclear weapon'.

but ...

There was a limit to that.

Yue Fengji and the others had used the maximum power of the 'controllable nuclear fission palm control device' in an instant, creating a 'nuclear light ball' with a diameter of 10000 meters.

That was why the energy of the 'controllable nuclear fission palm control device' had been completely consumed.

In other words ...

The 'controllable nuclear fission palm' was temporarily disabled. It couldn't produce 'nuclear energy' or 'nuclear explosion'. He needed time to recover his energy.

It relied on the 'energy device' it had to absorb the 'spiritual energy of heaven and earth' in the world to recover.

He had completely recovered.

It would take about an hour.

"Nuclear energy Squad, what are you guys doing? What are you waiting for?"

the vice-marshal of the army of martial kings, wu changji, who had released his martial arts dharma idol, shouted out.

"Our ran ran"

Yue Fengji and the others wanted to say something but stopped.

"recover,"

Seeing this, Jiang Li immediately used '365' energy points to replenish the energy of Yue Fengji's nuclear weapons.

"I've recovered,"

When Yue Fengji and the others noticed the change in their weapons, they were overjoyed, and their nervous mood immediately relaxed.

"Alright!"

"we know."

"Don't worry,"

kill!!!

without any hesitation.

Yue Fengji and the others quickly activated the power of their ‘nuclear weapons’, forming’ nuclear light balls ‘again and attacking the demon Army.

“Rumble!”

The explosion caused by the ‘nuclear explosion’ was earth-shattering.

It resounded in all directions.

“Ah!”

Countless demon soldiers cried out in pain.

“Hahahahaha!”

“Good! Good job!”

“Kill!”

The generals of the martial king’s army laughed as they led the human armies in a full-on attack on the Blackmoon Emperor’s Army.

“The Imperial Jade seal!”

BOOM!

Blackmoon demon Emperor’s gaze was gloomy. Faced with the joint attack of three perfected-stage level Seven experts, he waved his right hand and summoned the dynasty’s sacred artifact.

The Imperial Jade seal.

It expanded in the wind and became the size of a star. Four shadows of four-clawed true dragons appeared around him, circling the Imperial Jade seal and roaring.

A four-Dragon Dynasty's National fortune Saint artifact.

“Suppress!”

Bang!

Blackmoon demon Emperor activated the power of the Imperial Jade seal. The Imperial Jade seal descended from the sky and pressed down on Xiao Linlin and the other two. The three of them attacked with all their might and displayed all kinds of martial arts.

Bang Bang Bang Bang!

Explosions sounded one after another.

The Imperial Jade seal was blocked by Xiao Jinlin and the others.

The next moment.

Blackmoon demon Emperor summoned the Imperial edict and the Imperial Marquis token in succession.

he was carrying three saint weapons of the empire.

...

He completely suppressed Xiao Linlin and the others.

After dozens of moves.

Xiao Linlin and the other two were sent flying by Blackmoon demon Emperor at the same time. Blood oozed from the corners of their mouths, and they were already injured. When Blackmoon demon Emperor attacked, Xiao Linlin and the other two immediately suppressed their injuries and retreated one after another, avoiding his fatal blow.

Bang Bang Bang Bang!

The battle continued.

Time passed.

On the battlefield.

The 'martial King Army' was constantly throwing out nuclear bombs and hydrogen bombs, which exploded among the demon Army and killed a large number of demons.

At the same time.

yue fengji and the others were also constantly releasing nuclear explosions.

The battle continued for more than half a day.

...

now.

The Blackmoon Emperor's Army had lost nearly two to three billion demon soldiers.

the black crescent moon formed by the grade 7 army formation was already on the verge of collapse.

It was as if it was about to collapse.

On the other hand, the Army of martial Kings ...

Less than five hundred million human soldiers had died.

The Army of martial Kings clearly had the upper hand.

High up in the sky.

Wu Tongtian was fighting with the demon Emperor of East Peak.

However, Wu Tongtian and Dongyue demon Emperor were fighting in a roundabout way.

so,

It was impossible for the demon Emperor of Dongyue to take down Wu Tongtian in a short time.

Even ...

If Wu Tongtian wanted to escape, the East Peak demon Emperor would not be able to stop him.

Blackmoon demon Emperor's expression was extremely heavy, and his eyes flickered. He was weighing the pros and cons and thinking of a way to break out of the situation. if this goes on, once the tier 7 army formation collapses, we will lose the sect leader without the tier 7 army formation. We will lose this battle without a doubt.

“All soldiers, hear my order!”

Blackmoon demon Emperor took a deep breath and roared loudly, ” “Break out of the encirclement and retreat!”

“We’re retreating?”

“Yes!”

“Yes, sir!”

retreat!!!

boom! BOOM! BOOM!

Immediately.

After hearing Blackmoon demon Emperor’s order, the demon generals and marshals of the Blackmoon Empire were stunned for a moment before they immediately began to retreat at full speed.

“Kill!”

“boom!”

It could be seen.

The demon Army retreated as they fought, trying to escape the battlefield.

“Stop them!”

“We can’t let them escape.”

“Kill!”

“kill the demons!”

“Hahahahaha!”

The soldiers and generals of the martial king’s army roared in anger as they pursued the enemy at full speed, driving the floating battleships and activating their formations.

The situation of the war had changed.

The Blackmoon demon Emperor led the ‘Blackmoon Imperial Army’ in a constant retreat toward the ‘Blackmoon imperial capital’, while the Army of martial Kings was closely chasing behind.

The huge armies of both sides.

one was chasing and the other was escaping.

“demon emperor of dongyue, the destruction of the blackmoon empire is imminent. even if you help us personally, you can’t change the current situation. the blackmoon demon emperor is dead for sure.”

Wu Tongtian wiped the blood from the corner of his mouth and shouted coldly.

“I’ve said it before, you can’t destroy the Blackmoon Empire with just your strength.”

Demon Emperor Dongyue said arrogantly.

“Kill!”

boom!

Wu Tongtian's eyes were cold. With a shout, he displayed the martial arts true body. A huge martial arts Dharma appeared behind him.

It had reached the level of ten million meters.

He was like an ancient demonic god.

It was extremely vast.

“Exterminate!”

Bang!

demon emperor dongyue's body trembled as he struck out with his palm. the dense power of his bloodline and the power of the nation's fate condensed into a vast palm print that blocked wu tongtian's attack.

At this moment.

The martial king's army had chased the Blackmoon Empire all the way out of Marquis Mengyang's territory and into the territory of Marquis luoyun.

After that.

Many demon soldiers from the Marquis of luoyun's territory came to support the Blackmoon Imperial Army and replenished their military strength, maintaining the demon race's level Seven battle formation.

“they are replenishing their forces.”

“I'm sorry to trouble you,”

we are in the territory of the Black Moon Empire after all. It is the home ground of the Black Moon Empire. They can replenish their military strength, but we can't.

“If this continues, I'm afraid there will be a big problem.”

The martial king's army's marshals and generals looked grim.

“All of you, work hard. The longer you fight, the better.”

Jiang Li was observing the war situation in the Blackmoon Empire through 'holographic communication'. He didn't really care who won the war between the martial King Army and the Blackmoon Emperor Army.

From the beginning to the end.

jiang li only had one goal.

it was for the sake of 'soul tinder', for the sake of obtaining more 'soul tinder'.

shua!

The Dominator panel opened.

Jiang Li checked the number of soul Tinders he had so far and smiled even more. Everything was going according to his plan.

The night came.

The battle between the martial king's army and the Blackmoon Imperial Army had been going on for an entire day.

\* Cough cough \*

Wu Tongtian coughed up blood. His injuries had worsened, and the clothes on his chest were stained with blood. The East Peak demon Emperor's face was pale, and it was clear that he had expended a lot of energy.

On the battlefield.

The losses of the martial king's army were not small. More than one billion soldiers had fallen.

As for the Blackmoon Imperial Army ...

As they were supplemented by demon soldiers from the various Marquis territories along the way, the number of soldiers did not decrease but increased instead, maintaining the number of ten billion.

Taking everything into account.

Five billion 'border Garrison troops', ten billion 'Blackmoon Imperial Army', and a few billion additional demon soldiers. The Blackmoon Empire had gathered nearly twenty billion demon soldiers.

This was already the limit of the Black Moon Empire.

They could no longer replenish their forces.

After all ...

On the 'Hidden Dragon List' of the Saint peace state, the Black Moon Empire was only ranked last.

To be able to gather so many troops.

it was already quite good.

“It’s already so late. Why hasn’t the Army of the ‘Chongwu dynasty’ appeared yet?”

“What happened?”

“According to the original plan, the Army of the Chongwu Empire should have joined us long ago. If the Chongwu Empire’s Army could have joined us, this battle would have ended long ago.”

“something must have happened.”

I thought it would be an easy task to destroy the Blackmoon Empire. I didn’t expect so many changes to happen.

“If it wasn’t for the fact that we have weapons of mass destruction like the ‘atomic bomb’ and ‘hydrogen bomb’, and that they are so powerful, we wouldn’t have been able to hold on until now. I’m afraid we can only retreat.”

The generals and deputy marshals of the martial king’s army all had grave expressions.

Not only that.

The other dynasty’s troops also suffered heavy losses.

The imperial capital of Blackmoon.

The Army arrived.

The Blackmoon demon Emperor led the Blackmoon Imperial Army to retreat again and again, and finally retreated to the Blackmoon imperial capital. The Army of ten billion descended, and their battle cries resounded through the sky.

“Black Moon Demon Emperor, we’ve already retreated to the imperial capital. Where can you run to?”

Xiao Jinlin scolded.

“let’s fight.”

Wu Changji shouted.

“Today, we will destroy the Blackmoon Empire.”

kill!!!

Everyone joined forces to attack.

Four powerhouses at the perfected stage of the seventh step.

They were Xiao Linlin from the sword-imperial dynasty, hun Tianjian from the soul martial Empire, and two vice marshals from the martial King Army. They attacked together.

“Bloodline ignition!”

BOOM!

Finally ...

Black Moon Demon Emperor’s eyes were Scarlet, and his killing intent soared like a mighty prison. The roar of a true dragon resounded through the sky and burned with pitch-black flames.

Until now.

There was already no room for retreat.

The bloodline of Blackmoon demon Emperor appeared.

It was a 'black crescent'.

Eighth-rank bloodline!

The Black Moon!

Pitch-black bloodline flames enveloped his entire body.

its power rose.

it was as if he had already broken through the final critical point and reached the level of the initial stage of the eighth rank.

“Profound meaning of martial arts!”

Xiao Linlin closed his eyes and held his sword with both hands. He pointed his sword forward, and the sword glowed with sword light. The profound mysteries of martial arts appeared around him.

it formed a strange wave.

“Sword Dao laws!”

Clang! clang!

The sound of a sword rang out.

Xiao Linlin's aura was clearly growing, and his power was getting stronger and stronger. It seemed that he was about to break through the critical point, but he had not reached it. He was just approaching it.

## Chapter 587

The demons were born with 'bloodlines'. By cultivating 'bloodline secret techniques', they could raise their cultivation and strengthen their bloodlines. They could rely on 'burning their bloodlines' to burst out with powerful combat power.

similarly.

When the human race cultivated martial arts to a high level and understood their own 'Dao', they would be able to grasp the 'profound meaning of martial arts'. When the 'profound meaning of martial arts' was unleashed, it could also increase their battle power.

For example.

Xiao Linlin had comprehended the way of the sword and the laws of the sword.

After the explosion.

His combat power would soar.

The most important thing was ...

As long as a monster had a bloodline of the third rank or above, they could 'burn their bloodline'. However, there was a huge 'side effect'. The longer they burned their bloodline, the greater the side effect.

Even a drop in bloodline grade was considered good.

in contrast.

It was much safer for the human's 'profound meaning of martial arts' to burst out. It would only consume a lot of energy in a short time, but it wouldn't have life-threatening side effects.

However ...

The profound meaning of martial arts wasn't something that just anyone could master.

it required 'talent', 'aptitude', and 'luck'.

One had to understand and comprehend one's own 'Dao'.

Only then could one grasp the profound meaning of martial arts.

"Profound meaning of martial arts!"

"you ..." black moon demon emperor's face darkened, and her pupils constricted.  
"you've actually mastered the 'profound meaning of martial arts'."

"Nine forms of Heavenly Sword!"

Clang! Clang! Clang!

Immediately.

Xiao Linlin's long sword slashed down, and with the power of the law of the sword attached to it, nine beams of sword light shot out.

it was as bright as silver.

"Burning Sky saber!"

BOOM!

” die! ” blackmoon demon emperor shouted and waved his right hand. the three saint weapons of the dynasty merged into a huge black scimitar and slashed down.

Bang Bang Bang Bang!

The vast black saber radiance swept across the sky and destroyed the nine sword radiances. However, its own luster also dimmed and countless cracks appeared.

“.....”

Xiao Linlin’s face turned pale.

The move just now.

It had almost consumed a third of his power.

kill!!!

Hun Tianjian and the rest recovered from their shock. They immediately charged forward and unleashed all sorts of martial arts. The radiance was resplendent as it shattered the black blade radiance.

Obviously.

Among the four of them, Xiao Linlin was the only one who had mastered the ‘martial arts ultimacy’. The other three had not mastered it and could not use it.

However ...

Xiao Linlin was the main attacker, while hun Tianjian and the other two assisted from the side. However, they still managed to block demon Emperor Blackmoon.

“Bloodline ignition!”

“Bloodline ignition!”

“!!!”

Roar! “roar!”

On the battlefield.

All the monsters burned their bloodlines, and a large number of bloodline Dharma images appeared. They burned the flames of their bloodlines and burst out with extremely powerful power.

“Not good!”

“These demons are going to risk their lives!”

“Be careful!”

as long as they can survive the burning of their blood, these demons will be like fish on an anvil, waiting to be slaughtered.

“stop them!”

” kill!!! ”

The crowd roared.

“Ah!”

...

Pfft! “Pfft!”

an even more intense battle broke out.

The demons burned their bloodlines, and their strength skyrocketed. They completely suppressed the Army of martial Kings and the Imperial dynasties, killing a large number of human soldiers.

“Die!”

“Whoosh!”

Suddenly.

a Type 6 monster attacked. It was simply too fast and was hidden in the shadows as it approached the nuclear energy team.

“Pfft!”

The pitch-black spear radiance pierced through the sky.

Blood splattered everywhere.

“Ah!”

...

a miserable scream rang out.

several members of the nuclear energy Squad had been killed by this level six monster. Their hearts had been pierced, and the terrifying bloodline energy had rushed into their bodies, killing them.

“damn it!”

The eyes of Yue Fengji, Hong Tianqi, and the others almost popped out.

“kill him!”

shua!

Yue Fengji unleashed his full power. He was already a perfected-stage level six martial arts expert, and with the power of the ‘nuclear weapon’, he could withstand a few moves from an ordinary early-stage level Seven.

“Nuclear explosion fist!”

Yue Fengji caught up to the monster hiding in the shadows and merged the power of the ‘nuclear energy’ with his own martial arts power.

Then, a huge fist mark was blasted out.

“BOOM!”

this punch hit the opponent directly, and a huge fist mark exploded, shaking the surroundings. the terrifying power directly blew the level six demon into ashes.

One punch!

“so strong!”

Yue Fengji’s eyes were filled with shock. He looked at the destruction in front of him and couldn’t believe it. I didn’t expect that a punch that combined ‘nuclear energy’ and ‘martial arts’ could achieve such an effect.

“This power, it’s probably already at the seventh rank.”

“Captain Yue.”

” i’m sorry, ” hong tianqi said. ” ten members of the nuclear squad have died. we only managed to retrieve nine ‘controllable nuclear fission palm controllers’. one is missing. ”

“What did you just say?”

Moon wind’s eyes were wide open. lost a ‘controllable nuclear fission palm control device’? ”

“Yes.”

Hong Tianqi nodded.

“Damn it!”

Yue Fengji’s face darkened. this is the weapon given to us by His Majesty. You know the power of the weapon. If the monster race gets their hands on it, or even finds out something from it, we will be held responsible.

“His Majesty will definitely blame us.”

“We have to find the lost ‘controllable nuclear fission palm control device’.”

“I know,”

Hong Tianqi said.

On the other side.

in the central region of the holy peace region.

The war started by the 'Wutian demon dynasty' covered the entire central region of the Saint peace state in just one day.

The three barbarian empires were attacked by the first, second, and third Allied forces of the demon race at the same time.

At the same time.

Wutian demon Emperor, qianfu demon Emperor, and seven Lotus demon Emperor.

Three demon emperors.

He personally led the 'dynasty guards Legion' and arrived at the border of the 'Great Yan Dynasty'. Then, the battle began, and the demon race's 'dynasty guards Legion' 'pushed through the entire way.

In just half a day.

they had already arrived at the imperial capital of the great yan.

BOOM! boom! BOOM!

Outside dynasty city.

In the sky.

they were huge battleships of the demon race. each battleship was very magnificent, like floating islands, full of oppression.

On the ground.

What he saw was an Army of demon soldiers that stretched as far as the eye could see.

He was wearing armor.

Every single demon soldier was actually a demon at the perfected stage of level one.

This was a truly strong Army!

After all, it was formed by the Imperial Guards.

The elite of the elite.

roar! Roar! roar!

high up in the sky.

Three Dragon roars were heard.

In the middle.

A huge dragon head poked out from the dark clouds. It was as huge as a mountain and was a four-clawed true dragon. It shone with a purple light and lightning seemed to surround its body.

It had reached 90000 meters!

Above the head of the purple true dragon.

A demon Emperor was standing there.

compared to the true dragon that was 90000 meters long, the demon emperor was less than two meters tall. he looked extremely small, but his aura completely suppressed the true dragon under his feet.

He was Wutian demon Emperor!

Other than that.

On the left and right of the purple dragon.

There were also two four-clawed true dragons.

however ...

Compared to the purple true dragon ...

The other two four-clawed true dragons were much smaller.

20,000 meters to the left.

It was black.

Standing on the dragon's head was qianfu demon Emperor.

40,000 meters to the right.

It was green in color.

Standing on the dragon's head was seven Lotus demon Emperor.

The three demon sovereigns descended.

He suppressed the great Yan's imperial capital.

Within the imperial capital.

The people of Great Yan were all terrified, as if the end of the world had arrived.

“Human Emperor of Yan GUI.”

with his hands behind his back, qianfu demon emperor shouted loudly, ” “Quickly come out and accept your death!”

“Die!”

“Die!”

“.....”

The next moment.

The demon soldiers shouted in unison, their voices so loud that it shook the heavens and earth.

“Roar!”

The Dragon’s Roar shook the sky.

Yan GUI stepped on a true dragon and soared into the sky. The pressure of the human Emperor enveloped the entire city, and then helped the people of Great Yan resist the pressure of the three demon emperors.

“You monster race really think highly of me.”

Yan GUI looked at Wu Tian demon Emperor and the others calmly. three demon emperors coming to Great Yan together. What a great formation. I’m really flattered.

“Yan GUI, I thought you had already run away in fear.”

Qianfu demon Emperor sneered.

“Escape?”

Yan GUI shook his head, ” if you want to kill me, you have to have the ability.

“Killing you is as easy as taking something out of my pocket.”

Seven Lotus demon Emperor said.

“Great Yan! Today, we will be destroyed!”

“Whoosh!!!”

Wu Tian demon Emperor raised his head, and there seemed to be an endless sea of Thunder surging in his eyes, as if there were laws of Thunder surging in his eyes.

“Die!”

Shua!

in that instant.

Without any hesitation, Wu Tian struck out with his palm. A terrifying palm print expanded in the wind, and endless Thunderbolts condensed.

In the end.

It turned into a lightning palm print that was as vast as the stars.

It was aimed at Yan GUI.

“Activate the formation!”

yan gui’s pupils contracted.

At this moment.

He felt the arrival of death!

“Kill!”

“Rumble!”

Countless battle cries rang out.

The Army of the Great Yan Dynasty appeared. They gathered together, and it was as if an endless amount of military Qi had gathered together, forming a Grade 7 military formation.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

At this moment.

Yan GUI had already mobilized all the forces he could control.

The fate of the Empire, the Empire’s Saint weapon, and the seventh-tier army formation.

As well as the martial arts of the nation.

The four were one.

“Profound meaning of martial arts!”

Finally.

saber Dao laws! Yan GUI exploded and roared, ” saber Dao laws!

“Swallow Dragon Saber art!”

“Slash!”

“whoosh!”

It could be seen.

Yan GUI used all of his power, with the ‘law of saber Dao’ of the ‘martial arts profound’ as the main body, to unleash his strongest attack. It had already surpassed the seventh level and reached the eighth level.

This was his strongest power.

The saber turned into a Dragon-shaped saber radiance and shook the world.

“Thunderbolt palm!”

BOOM!

Wutian demon Emperor increased his strength, and the Thunderbolt palm print became even more vast. There seemed to be Thunder Dragons entrenched in the palm, containing the law of Thunder.

“Exterminate!”

The Thunderbolt palm print fell and collided with Yan GUI’s blade.

bang bang bang bang!

The two sides collided.

Countless explosions were heard.

The saber Light was overflowing, and the lightning flashed.

Kachaa! Kachaa!

In the end.

The blade light shattered.

Pfff!

“ah!”

Yan GUI screamed as his body was sent flying.

Bang!

The lightning palm also exploded.

“Rumble!”

The storm of the explosion spread in all directions.

“Your Majesty!”

in the capital of the great yan.

The ministers all shouted in shock.

“spear of lightning!”

“Whoosh!”

Wutian demon Emperor waved his right hand, and Thunderbolts gathered and turned into a solid-like Thunderbolt spear. It pierced through the void like a bolt of lightning.

“!!!”

Yan GUI had just steadied his body and had no time to defend.

Buzzzzzz! Buzzzzzz!

the next moment.

The three Saint weapons, the Fortune of the dynasty, and the power of the grade 7 formation automatically protected their owners.

Bang Bang Bang Bang!

However ...

However, they were all destroyed by the lightning Spears.

“Pfft!”

In the end.

The lightning Spear pierced through Yan GUI’s chest and came out of his body. Blood splattered everywhere.

“ah!”

Yan GUI let out a blood-curdling screech as the terrifying power of lightning rushed into his body, continuously exterminating his life force.

Two moves!

Wutian demon Emperor had only made two moves in succession!

Yan GUI was beaten up like this.

Shua!

Wutian demon Emperor seemed to have teleported and disappeared from where he was. In the next moment, he appeared beside Yan GUI and grabbed his head.

“Pfft!”

He twisted it hard.

Yan GUI’s head was plucked off.

He was dead!

Chapter 588

Kachaa! “Crack!”

“Roar!”

The fall of the human Emperor of Yan GUI caused the true dragon of the Great Yan Dynasty to begin to collapse. It let out a mournful dragon roar as its huge body began to crack.

A large amount of the Empire's fortune began to collapse.

“Your Majesty!”

“No!”

“Ah!”

“.....”

In the capital of the great Yan.

Everything had happened too suddenly.

The direct descendants of the Yan family wailed in grief, the ministers roared in anger, and the people in the city wept.

Especially after seeing the collapse of the ‘true dragon of National fate’.

He was even more sorrowful.

Her face was covered in tears.

“Hahahahaha!”

Qianfu demon Emperor laughed wildly and waved his hand. Imperial Guards, listen up! The human Emperor of Great Yan is dead! Attack! Take down the imperial capital of Great Yan!

“Kill!”

attack!!!

“BOOM!”

Immediately.

The demon guards began to attack the city.

ah ah ah ah!!!

“Stop them!”

“Let’s go all out with these demons!”

“Kill!”

“died on the battlefield, their bodies wrapped in horse leather!”

The soldiers ‘battle cries shook the sky.

Under the leadership of the various generals, Great Yan’s Army was resisting the attack of ‘dynasty’s Imperial Guards’. The armies of both sides clashed together, and a tragic war broke out.

Even though ...

The number of soldiers in Great Yan’s Army had reached about twenty billion.

However ...

The number of soldiers in the ‘dynasty’s Imperial Guards Legion’ had also reached ten billion, and every demon soldier was a ‘Imperial Guard’. They were powerful and had great combat power.

the weakest was at the perfected stage of level one.

The war began.

Great Yan's Army fell into a disadvantageous position.

The most important thing was ...

Yan GUI, the human Emperor of Great Yan, had already been killed by Wutian demon Emperor.

Qianfu demon Emperor and seven Lotus demon Emperor made their moves at the same time. They stepped on the National aura true dragon and entered the battlefield.

among them.

Qian Fu demon Emperor's cultivation base was at the great circle of the seventh level, while seven Lotus demon Emperor's cultivation base was at the early stage of the eighth level. As soon as the two demon emperors entered the battlefield, they immediately began a massacre of Great Yan's Army.

“Hahahahaha!”

The demons 'maniacal laughter reverberated throughout the battlefield.

BOOM! boom! BOOM!

suddenly.

just as the imperial guards of the dynasty had killed a large number of great yan's soldiers like a hot knife through butter, something unexpected happened. numerous black iron lumps flew out from the imperial palace.

They were ‘atomic bombs’ and ‘hydrogen bombs’.

Thousand tons, ten thousand tons, a hundred thousand tons, a million tons, ten million tons.

All the atomic bombs and hydrogen bombs purchased by Yan GUI.

Other than the ten-million-ton class, which had not been used.

He had used everything else.

It was a one-time use.

The most important thing was ...

Since these demons didn’t know what ‘atomic bombs’ and ‘hydrogen bombs’ were, they didn’t know how powerful they were.

...

A terrifying explosion occurred.

The huge explosion resounded through the sky, and a vast mushroom cloud rushed up. The terrifying nuclear explosion was produced, and a vast storm swept in all directions.

The demons were caught off guard.

“Ah!”

pfft! Pfft! Pfft!

the screams of countless monster imperial guards rang out.

Blood splattered everywhere.

Broken limbs were flying all over the battlefield.

Some demons were even carbonized by the nuclear energy.

Heavy casualties.

“What is this?”

...

“Not good!”

“This bi an ...”

“How did this happen?”

“Bastard!”

The demi-human generals were all stunned.

He was even more furious.

Because ...

In the explosion just now, nearly one billion Imperial demon soldiers had been killed, and more than two billion Imperial demon soldiers had been injured.

Tragic!

It was quite tragic!

”

Qianfu demon Emperor was extremely angry. When he saw the demon corpses on the battlefield, his eyes turned red and his killing intent soared. he’s actually dead! He’s actually dead!

“.....”

Seven Lotus demon Emperor clenched his fists and took a deep breath. He then said in a deep voice, ” “we were too careless. the great yan dynasty actually hid such a terrifying weapon.”

“It caused us to lose nearly a billion Imperial Guards and demon soldiers.”

this is already far beyond our estimated casualties.

“Hahahahaha!”

All the Imperial relatives, civil and military officials of the Great Yan Dynasty laughed wildly and shouted, ” “Monster race, even if we die, we will die with you.”

“If you want to destroy the Great Yan Dynasty, you’ll have to pay a heavy price.”

“Kill!”

As soon as he finished speaking.

The generals led the Army in a charge.

A life for a life.

“Thunderbolt palm!”

BOOM!

Wutian demon Emperor’s eyes were cold. He turned his hand and struck down. Lightning flashed, and a palm print as huge as the stars appeared. It fell from the sky and struck.

“Kill!”

The tier 7 marshals and generals joined forces, trying to combine the power of the tier 7 military formation to resist Wutian demon Emperor’s attack, but they were blocked by several tier 7 demon guards.

Bang!

The Thunderbolt palm descended with a supreme power, shattering the grade 7 formation beast and destroying the grade 7 formation of Great Yan’s Army.

The terrifying aftershock even killed a large number of soldiers.

Wutian demon Emperor’s ferocity was monstrous.

it was simply unstoppable.

He was invincible.

“The human army formation has been broken. Kill your way into the city.”

“Kill!”

“Slaughter the human race!”

“Charge!”

Pfft! Pfft! Pfff!

Blood splattered everywhere.

the sky was filled with scarlet blood as if it was raining blood. one human soldier after another was killed, and their corpses fell to the ground. the demon army had entered the imperial city.

It could be said that ...

The situation of the great Yan Imperial city’s destruction was already irreversible.

“detonate!”

Just as the Imperial Guards and demon soldiers broke into the Imperial City, the generals of the Imperial City had ferocious smiles on their faces as they detonated the ‘ten-million-ton atomic bomb’ and ‘ten-million-ton hydrogen bomb’ that had been buried underground.

One had to know.

‘Atomic bombs’ and ‘hydrogen bombs’ were ‘nuclear weapons’ created by Science and Technology, so they didn’t have the energy fluctuations of formation patterns, mechanisms, or puppets.

It was difficult for the demons to detect it.

Even ...

When Jiang Li took out the atomic bomb at the martial arts Hall, Qin qipo and the others thought it was an iron block when they observed it up close.

so,

It was even more impossible for the Imperial Guards and demon soldiers to notice it.

When the many demons stepped into the range of the ‘nuclear explosion’, hundreds of atomic bombs ‘and’ hydrogen bombs ‘weighing millions of tons exploded in the Imperial City.

After that.

the entire capital of the great yan dynasty was within the scope of the ‘nuclear explosion’, and all the imperial guards who had invaded the capital were covered by it.

In the air.

“!!!”

The three demon sovereigns ‘pupils contracted.

“This bi an ...”

from afar.

It was as if a scorching red sun had descended from the sky and enveloped the entire Great Yan Emperor. An incomparably scorching temperature and terrifying radiation were continuously released into the surroundings.

the earth trembled like an earth dragon turning over.

“Ah!”

Within the city.

It was like a scene from purgatory.

The citizens, soldiers, civil officials, military generals, and even the Imperial Guards and soldiers of the demon race were all struck by this terrifying nuclear explosion.

He let out an extremely shrill scream.

All of them had fallen.

One had to know.

it was equivalent to a megaton.

Its power had already reached the sixth step.

In other words ...

within the range of this explosion, all living beings below the sixth step couldn't withstand the power of the explosion, and would only be killed. only those at the sixth step could withstand it.

“Roar!”

The beast of the battle formation roared.

it was a nine-headed lion that was ten million meters long. it released a vast military formation light screen that enveloped the dynasty's imperial guards legion.

It blocked the power of the nuclear explosion.

but ...

The power of the ‘nuclear explosion’ this time was too strong, and even the military formation could not completely block it.

“gulp!”

“What kind of weapon is this Tao Wu?”

“It’s too terrifying.”

“the entire imperial city has been destroyed, regardless of friend or foe. i’m afraid all the humans in the imperial city have been killed. great yan is really ruthless, using the entire imperial city to bury all of us imperial guards.”

The marshals and generals of dynasty’s Imperial Guards Corps said in muffled voices.

Finally ...

the power of the nuclear explosion gradually dissipated.

The imperial capital of Great Yan had been completely turned into ruins. In the central area of the nuclear explosion, the surrounding buildings and the ground had been carbonized, turning into lava.

It emitted a terrifyingly high temperature.

in the surroundings.

A large number of corpses were carbonized and even evaporated.

It could be seen.

more than half of the billions of imperial guards and demon soldiers who had charged into the empire were killed, and the rest were seriously injured. only the demons who had reached level six survived.

Of course.

The Great Yan Dynasty was in an even worse state.

almost all of them were annihilated.

\* cough cough \*

Around the ruins of the Imperial Palace.

There were a few Grade 7 generals and Grade 6 general Warriors who survived, but they were also injured. They coughed out blood and raised their heads.

Other than that.

There were also several princes.

Their eyes were fixed on the three demon sovereigns in the air.

“Hahahahaha!”

After that.

They laughed wildly.

kill!!!

As soon as he finished speaking.

All of them rose into the air and turned into flowing lights. They charged resolutely at the three demon emperors and burst out with the most brilliant light in the last moment of their lives.

“Thunderbolt palm!”

“BOOM!”

Wutian demon Emperor’s face was gloomy. He struck out a palm, and the thunderous palm print destroyed everything. It was only one strike, but all the human warriors who were attacking him were killed.

One palm to destroy!

Pfft! Pfft! Pfff!

The corpse exploded.

They were like fireworks of blood and flesh.

It was extremely poignant.

At this point.

Along with the fall of Yan GUI, Great Yan’s Army was exterminated, and the imperial capital was turned into ruins. The Great Yan Dynasty was destroyed by the Joint Forces of three demon emperors, and it was truly destroyed.

Kachaa! Kachaa!

“Roar!”

In the air.

The true dragon of the Great Yan Dynasty's National fortune had completely collapsed.

“Swallow!”

“Roar!”

Wu Tian demon Emperor waved his hand, and the purple dragon under his feet opened its bloody mouth and devoured the fate of the Great Yan Dynasty.

it only took half an hour.

He refined all of them.

qian fu demon emperor and seven lotus demon emperor watched helplessly as wu tian demon emperor devoured all the fortunes of the great yan dynasty.

“Your Majesties, demon emperors.”

At this moment.

Several marshals and generals of the Imperial Guards Legion came forward, feeling a little uneasy. They lowered their heads and reported to Wutian demon Emperor and the others, ” “The Imperial Guard army has lost nearly three billion Imperial Guard demon soldiers.”

“What did you just say?”

Qianfu demon Emperor's voice suddenly became louder.

“Three billion!”

Seven Lotus demon Emperor's eyes widened. His gaze was cold as he shouted in a deep voice, " "You said three billion died? That was an Imperial Guard! The Imperial Guards!"

Your Majesty, we ... We ...

The guards Legion marshals and generals all paled.

One had to know.

The Imperial Guards of the three great majestic empires had joined forces.

In the end, they only established the 'guards Legion', which had a military strength of ten billion.

now.

they had actually lost three billion.

Chapter 589

On the other side.

Because of the Great Yan Dynasty's destruction, the 'Hidden Dragon ranking-Saint peace state' immediately changed.

The Great Yan Dynasty had been removed from the 'list'.

Immediately.

All the dynasties in the Saint peace state sensed the changes in the hidden Dragon rank.

The soul martial Empire.

“What?”

BOOM!

Qin qipo stood up suddenly, his gaze like lightning, and a shocked expression appeared on his face. the great yan dynasty has been destroyed!”

“something big has happened!”

at the same time.

The Barbarian emperors of the various barbarian dynasties, the demon emperors of the demon dynasties, and the human emperors of the human dynasties all sensed it and checked the changes on the list.

As long as it was a dynasty that was ranked higher than the Great Yan Dynasty, all of them realized that the Great Yan Dynasty had disappeared from the rankings. Out of the 30 dynasties, only 29 were left.

The great Xia Dynasty.

In the room in the ruler’s hub.

“There are only 29 dynasties left.”

Jiang Li opened his eyes. He sensed the changes on the list too. He checked it with his consciousness and saw that the number of dynasties had increased to 29.

This was because the fate of the great Xia Dynasty was second to last.

Jiang Li didn't know which dynasty had disappeared.

Shua!

The Dominator panel opened.

Just now.

The number of Jiang Li's soul Tinders increased a lot in a short time.

This was obviously because the Great Yan Dynasty had used atomic bombs and hydrogen bombs to kill the Imperial Guards of the three great dynasties.

He even blew up the entire imperial capital.

One had to know.

Because they had perished together, these 'atomic bombs' and 'hydrogen bombs' had not only killed billions of Imperial Guards and demon soldiers, but also tens of billions of human soldiers.

Even the commoners of the entire imperial capital were killed in the explosion.

It was natural.

Jiang Li got a large number of soul Tinders.

"What?"

At this moment.

Just as Jiang Li was checking the soul Tinder, the battlefield in the imperial capital of Blackmoon suddenly changed. Jiang Li immediately looked at the projection of the battlefield.

“whoosh!!!”

it could be seen.

In the sky above the battlefield.

Wu Tongtian suddenly waved his right hand. A silver formation plate flew out. It glowed with a bright light and formed a formation diagram.

The space formation.

“A space formation plate!”

Demon Emperor Dongyue’s pupils contracted as his scalp went numb. He could vaguely sense that something was wrong.

without any hesitation, he turned around and ran.

Shua!

full speed.

In the blink of an eye.

He flew hundreds of thousands of meters away.

It was like teleportation.

Buzzzzzz!

The 'space formation' tore the space apart, revealing a vortex hole. Then, a figure walked out of it.

It was a Martial Emperor.

“your majesty force emperor!”

Wu Tongtian kowtowed.

Obviously.

according to the martial emperor's original plan, they only needed to send wu tongtian and the army of ten billion martial kings to destroy a mere blackmoon empire. they would then join forces with the chongwu army and the armies of the other empires.

...

It was enough to take him down easily.

but ...

Accidents happened one after another.

The most important thing was ...

The Martial Emperor sensed something and checked the 'Hidden Dragon rank sub-rank-holy peace Region'. He had thought that the Black Moon Empire had been destroyed, but he found out that it was the great Yan Empire that had disappeared from the list.

The Martial Emperor was greatly shocked.

seeing such a situation.

How could he not know that something big had happened in the central region of the Holy peace state?

Hence.

Without any hesitation, the Martial Emperor used his backup plan and activated the 'one-time teleportation formation disk' that Wu Tongtian had brought with him, directly arriving at the battlefield.

One had to know.

...

The 'single-use teleportation formation disk' was extremely precious, and the Martial Emperor had spent a great price to exchange for it from the 'division of the Holy peace Region'. Unless it was absolutely necessary, the Martial Emperor would not want to use it.

” wu jiong, martial emperor!!! ”

Black Moon Demon Emperor's eyes widened, and his pupils contracted. Cold sweat broke out on his face, and he looked terrified. why are you here? ”

a Martial Emperor actually came.

teleportation formation? ” Jiang Li raised his eyebrows and looked at the battlefield. the formation just now should be a teleportation formation. I didn't expect a Martial Emperor to have such a thing.

the Martial Emperor has personally come down. This war is basically over.

“However, Yingluo”

Jiang Li's eyes fell on the projection.

“Hidden Dragon, immediately contact ‘kjzjd06’ and ‘kjzjd07’ and prepare for ‘fixed-point teleportation’.”

go! Jiang Li ordered.

“Yes.”

Hidden Dragon replied.

At the same time.

Jiang Li called WMS01 to his side.

After doing all this.

Jiang Li ordered the Super holographic soldier of the nuclear squad to focus on the Martial Emperor and stare at him.

“Black Moon Demon Emperor.”

The Martial Emperor's gaze only swept across the Black Moon Demon Emperor, and then he looked at the fleeing East Peak demon Emperor. His face was cold. no wonder Wu Tongtian and the others have not been able to take down the Black Moon Empire.

“So it's you, demon Emperor Dongyue, who's causing trouble.”

“Very good!”

“Since you're here, then stay.”

BOOM!

As soon as he finished speaking.

The Martial Emperor took action personally. He took a step forward and seemed to tear the space apart. A terrifying martial arts pressure was released. He stepped into the air and left as if he had teleported.

In the blink of an eye.

In just a few seconds, force Emperor had caught up with demon Emperor Dongyue.

“Ah!”

demon emperor dongyue was terrified. he felt the terrifying pressure emanating from the martial emperor and shrieked in fear, ” “Eight armadillos at the great circle of rank eight!”

you’ve actually reached the great circle of tier 8!!!

“Imperial Dragon Fist!”

BOOM!

The Martial Emperor was skilled in attacking. As he punched out, his fist print was like a true dragon, majestic and imposing. The terrifying fist technique seemed to tear the heaven and earth apart as it pressed down on the East Peak demon Emperor.

“No mountain river seal!”

“Bloodline ignition!”

Bang Bang Bang Bang!

It was a critical moment.

Demon Emperor Dongyue went all out as well. He unleashed all his strength and even burned his bloodline. His six-Dragon class Empire's sacred artifact of National aura protected his body as he unleashed all his power.

“BOOM!”

The vast seal of mountains and rivers appeared and crashed toward the Martial Emperor.

Bang!

The two sides collided.

The Martial Emperor's Imperial Dragon Fist was invincible, crushing everything in its path. It annihilated the various attacks of demon Emperor Dongyue and completely suppressed him.

“No! No!”

The demon sovereign of the East Peak Demon tribe kept screaming in pain as he spat out blood. He was extremely terrified as he retreated continuously. He tried to escape many times, but was easily stopped by the Martial Emperor.

it was tragic.

One had to know.

Dongyue demon Emperor had been fighting with Wu Tongtian for a long time and had consumed a lot of his energy. He was even less of a match for a Martial Emperor at the perfected stage of the eighth rank.

His injuries were getting worse.

if he had not burned his bloodline ...

dongyue demon emperor would probably not be able to withstand a few punches from the martial emperor.

“Tsk, tsk.”

” although they’re both level eight, dongyue demon emperor is only at the early stage of level eight. if it weren’t for his status as a demon emperor and his various auxiliary skills, he would’ve been killed by the martial emperor. ”

a perfected eighth-tier Martial Emperor is truly terrifying.

“Profound meaning of martial arts!”

Buzzzzzz!

The Martial Emperor’s eyes were cold as he looked down at the East Peak demon Emperor. At this moment, the East Peak demon Emperor was covered in blood and was severely injured. He was coughing up blood continuously.

“!!!”

you ... demon Emperor Dongyue was terrified. you actually mastered the ‘martial arts profound’.

“The law of martial arts!”

boom!

Wu Dao clenched his fist, and the light around him gathered on his right hand. In the end, all of it gathered on his fist, and that incomparably resplendent golden light was dazzling.

“Emperor fist!”

“Thump!”

After that.

The Martial Emperor punched out. Although this punch didn’t contain the power of a dynasty’s National aura, nor did it contain the power of a sacred weapon with National aura, and it didn’t contain the power of an army formation, it was still a powerful punch.

A Martial Emperor had only combined his martial arts ultimacy with his own cultivation base.

but ...

the power of this punch had reached the limit of the eighth step.

It was extremely terrifying.

“Ah!”

Demon Emperor Dongyue shouted. He used all his strength and exploded with all his might. His bloodline Dharma form appeared and an incomparably vast mountain appeared behind him.

eighth-rank bloodline!

A divine mountain!

His transcendence golden body was burning, and the flames of his bloodline covered his body.

Bang Bang Bang Bang!

a series of explosions rang out.

This was because the Martial Emperor's punch was too powerful. The dazzling fist radiance that erupted from it shattered everything and sent the three six-Dragon level sacred weapons of the Empire flying.

Bang!

The protective light curtain of the Empire fate of the eastern peak demon Emperor divine mountain was shattered.

Immediately after.

The Dharma laksana of the divine mountain exploded.

“Pfft!”

Blood splattered everywhere.

the terrifying fist radiance pierced through demon emperor dongyue's chest.

It came out of his body.

the remaining power of the fist radiance landed on the ground behind demon emperor dongyue. the ground shattered and an abyss-like trench was blasted out, spreading all the way forward.

He broke mountains and lakes whenever he met them.

it was as if there was no end in sight.

“Ah!”

Demon Emperor Dongyue let out an extremely shrill scream. He could clearly feel his life force being continuously extinguished, and death was approaching.

Fear!

the fear of death welled up in his heart!

“Now.”

teleportation! Jiang Li’s eyes glowed. fixed teleportation!

“Whoosh!!!”

Kjzjd06 activated the ‘fixed-point teleportation’ function. An invisible spatial light beam crossed time and space and landed on Jiang Li and WMS01.

The space shook.

Jiang Li and WMS01 disappeared into thin air.

The scene changed.

the battle between the martial emperor and the east peak demon emperor in the sky.

There was a ripple in the space.

“Who is it?”

the martial emperor’s footsteps came to a halt as his aura exploded forth, causing the winds and clouds to change and the heavens and earth to lose their color. the

east peak demon emperor shrieked and took the opportunity to consume a medicinal pill and escape.

Shua!

Jiang Li and WMS01 appeared at the same time.

“What?”

Force Emperor became stunned.

Clang!

The next moment.

A shocking sword chime rang out.

“Kill!”

BOOM!

die! Jiang Li used his strongest power.

“Sword, come!”

First of all ...

Jiang Li controlled the Overlord Dragon divine weapon. The Dragon-shaped bracelet on his wrist changed into a black longsword with dragon scales.

“Mechanical control!”

Buzzzzzz!

Immediately after.

Jiang Li activated the skill of ‘mechanical soldier control’ and locked onto the target. WMS01, Demon God’s eye!

Hence.

Jiang Li immediately got WMS01’s ‘Demon God’s eye’ skill.

“Whoosh!”

A third eye appeared between Jiang Li’s eyebrows.

His eyes opened.

Purple-black light gushed out of his eyes.

“Demon God’s eye light!”

” sacred artifact of the dynasty, fate of the dynasty, power of heaven and earth. ”  
jiang li activated the power of the demon god’s eye.

Buzzzzzz! “Whoosh!!!”

four levels of power.

Under Jiang Li’s control, they all attached to the Black Dragon Scale sword in his hand.

“High-energy particle pulse sword!”

in the end.

high-energy particle pulse! Jiang Li used his most powerful attack. He merged the four forces into the 'high-energy particle pulse' and turned it into an extremely bright pulse sword light.

It formed a dazzling white sword light.

It spread out like ripples.

This sword!

Hurry up!

It was extremely fast!

it was so fast that it seemed to have broken through the speed of light and the shackles of space.

It was simply too fast.

so,

The seriously injured Dong Yue demon Emperor didn't even have time to react. Plus, his layers of defense had been shattered by the Martial Emperor. Jiang Li's sword hit him directly.

"Pfft!"

Scarlet blood splattered everywhere.

demon emperor dongyue's head flew up.

He was beheaded in one strike!

after jiang li cut off dongyue demon emperor's head, the remaining power continued to spread forward, leaving a huge sword-shaped abyss on the ground.

“emperor xia, jiang li!”

what are you doing here? ” the Martial Emperor came back to his senses. He first looked at the killed Dongyue demon Emperor, then looked at Jiang Li and asked, ” why are you here? ”

“Whoosh!!!”

at the same time.

The body of Dongyue demon Emperor glowed with dazzling colorful light. Jiang Li stared at it and couldn't control his breathing.

## Chapter 590

upon closer inspection, one would discover that the colorful light on the corpse of demon emperor dongyue was composed of eight different colors.

It was extremely beautiful.

gray, black, white, purple, gold, red, orange, and yellow.

“Whoosh!!!”

In the end.

all of the rainbow-colored light condensed into a single point, forming an eight-colored light spot. it was as small as a firefly, and it floated above demon emperor dong yue's corpse.

shua!

The next moment.

The eight-colored light spot flew straight to Jiang Li and entered his body from between his eyebrows.

It had disappeared.

[ acquired an eighth-rank soul Tinder! ]

After that.

a notification appeared.

Eighth-grade soul Tinder!

Got it!

Jiang Li's lips curved up and a smile appeared on his face.

my risk was not in vain. I personally came down and even exposed my 'spatial teleportation' ability. I've obtained the eighth-grade soul Tinder.

at the same time.

because of the death of the eastern mountain demon emperor, the true dragon of the eastern mountain demon dynasty's national aura appeared. cracks appeared on its huge dragon body and it began to break apart.

The fate of the Empire began to collapse.

In the end.

Half of the Empire's National aura had left the true dragon of the East Peak demon dynasty.

Shua!

The 'Eastern Mountain True dragon', whose body had been shortened by half, turned into a Dragon-shaped stream of light and disappeared into the distant sky, leaving only half of the National aura.

"The Xia Emperor."

The Martial Emperor didn't pay attention to the Dongyue true Dragon's change. He stared at Jiang Li and slowly approached him.

Shua!

WMS01's body swayed.

He stood in front of Jiang Li.

"Stop!"

WMS01 gazed at force Emperor with a cold look.

"Martial Emperor."

congratulations, Martial Emperor. Jiang Li also looked at the Martial Emperor. you've killed Dongyue demon Emperor and taken over the Blackmoon Empire.

“The monster Emperor of Dongyue died in your hands.”

Force Emperor stopped as he asked in a muffled voice, ” “You still haven’t answered me. Why did you suddenly appear on this battlefield? And the timing of his appearance was so precise.”

“Didn’t force Emperor teleport to the battlefield too?”

I just used the same method as you, ” Jiang Li said with a smile. that’s all.

it’s indeed a spatial teleportation.

The Martial Emperor said coldly.

Jiang Li shrugged and said, ” ” martial emperor, i don’t think it’s the time to talk about this now. we have to solve this war as soon as possible. occupying the blackmoon empire is the most important thing. ”

“Dongyue is dead.”

“Only black Moon Demon Emperor can’t cause any trouble,” continued force Emperor.

” compared to this, i’m more interested in knowing why you, emperor xia, are able to perform ‘spatial teleportation’. the spatial domain is a power that only the imperial dynasty can master. ”

“Force Emperor, didn’t you use it too?”

Jiang Li said.

“.....”

force emperor’s eyes turned silent.

it was true.

the force emperor had used a 'single-use space formation disk' to teleport to the battlefield of the black moon empire.

However, Jiang Li's appearance was different.

so,

The Martial Emperor didn't think that Jiang Li had used a space formation disk or other means.

Of course, force Emperor wanted to figure it out.

...

Jiang Li obviously didn't want to explain anything to the Martial Emperor in detail unless the Martial Emperor decided to attack Jiang Li.

However, if he were to make a move in this situation ...

First of all ...

The Martial Emperor wasn't sure if Jiang Li had any other tricks up his sleeve. He wasn't sure if he could take Jiang Li down. If Jiang Li escaped, he would be in even more trouble.

Not to mention the fact that the martial King dynasty would be accused of infighting.

It would also attract the hostility of other human dynasties.

There was one more thing.

the great xia dynasty had the ability to create nuclear weapons, and the power of nuclear weapons was beyond doubt. when the time came, the wuwang dynasty would not be able to buy them.

In the end.

the martial emperor had to give up the idea of forcing jiang li with force.

“The Martial Emperor’s true art!”

...

Roar!

The Martial Emperor activated his cultivation technique, and a huge four-clawed Golden Dragon that was 90000 meters long rushed out. It was the martial King dynasty’s National aura true dragon.

the huge dragon’s mouth opened.

Buzzzzzz! buzzzzzz!

The martial King true dragon was devouring half of the Empire’s fate of the East Peak demon Emperor. The Empire’s fate that covered the sky like auspicious clouds had all been devoured.

He didn’t leave any for Jiang Li.

Shua!

After devouring the fate of the Empire.

the martial king true dragon disappeared and entered the martial emperor’s body.

jiang li just watched from the side. he didn't stop them, nor did he try to compete with the martial emperor for the fate of the east peak demon dynasty. he just watched quietly.

If he were to fight for the fate of the nation with the Martial Emperor at this time ...

I'm afraid it will really anger a Martial Emperor.

Currently.

Jiang Li didn't have the combat strength of a level-eight, so he couldn't fight a Martial Emperor. Besides, he had already achieved his goal, which was to get the level-eight soul Tinder.

The Fortune of the Empire could be considered as a generous gift from him to a Martial Emperor.

Time passed.

half a day later.

Because of the death of the Dongyue demon Emperor, the Martial Emperor, and Wu Tongtian, they were two eighth-rank Overlord-level powerhouses who crushed the battlefield.

In the evening.

The war was over.

The Black Moon Demon Emperor had fallen, and the Martial Emperor had killed him with his own hands.

The demon Army of the Blackmoon Empire was completely annihilated.

During this period.

let's go! Jiang Li also attacked. With WMS01's help, they killed a large number of monsters and collected a large number of soul Tinders.

The night came.

they began to divide the spoils.

naturally, they would follow the original distribution.

Among them.

The Martial Emperor dynasty took 60% of the Empire's fate and spoils of war, while the soul martial Empire and the sword Emperor dynasty each took 10% of the Empire's fate and resources.

“Devour!”

Buzzzzzz!

It could be seen.

Xiao Linlin and hun Tianjian took out the ‘sacred artifact of the Empire’ and revealed the Empire true dragon, absorbing ten percent of the Empire's fate of the Blackmoon Empire.

Next.

The remaining 20% would be split equally among the great Xia Dynasty, the Lianzhen dynasty, the Wanlian dynasty, the Great Yan Dynasty, the Mobei dynasty, and the tianzong dynasty.

but ...

The Great Yan Dynasty had already been destroyed.

The commander of the Great Yan Dynasty's 'dynasty troops', He Yan, had actually already noticed it. This was because when the Great Yan Dynasty was destroyed, the 'dynasty flood Dragon' on her body had disappeared.

"Martial Emperor."

He Yan bowed and then asked, "may the Great Yan Dynasty please take a look?"

"It's destroyed."

The force Emperor glanced at He Yan and the others. Before he Yan could finish her words, the force Emperor had already told them the unfortunate news, causing their faces to turn pale.

"How can this be!"

He Yan and the others widened their eyes and staggered backward, their faces pale.

Jiang Li's expression changed.

He already knew that a dynasty had disappeared from the 'Hidden Dragon rank-Saint peace state', but he didn't know which dynasty it was.

After hearing force Emperor's words, Zhang tie had already understood it.

The Great Yan Dynasty had been destroyed.

"This means that the Wutian demon dynasty is making a big move."

Jiang Li thought.

In this battle, the ‘nuclear squad’ had played a huge role. In addition, Jiang Li had come in person and killed Dongyue demon Emperor.

so,

the remaining twenty percent of the black moon empire’s national fate and spoils of war.

” let’s go. ” jiang li took half of them.

The last 10% was split equally between the four great empires, the Lianzhen Empire, the Mobei Empire, the Wanlian Empire and the tianzong Empire.

“Roar!”

After the Azure Dragon of the great Xia Dynasty devoured 10% of the Blackmoon Empire’s fate, there was finally a change. The fate of the Empire was improved in quality.

From eleven thousand meters to fifteen thousand meters.

In the ‘Hidden Dragon ranking-Saint peace state’, his National fate ranking had increased.

Instantly.

Jiang Li felt the call of the list.

“alright,” he said.

Jiang Li was overjoyed.

As expected.

The Azure Dragon technique of the Xia Dynasty would definitely be promoted, which was the result Jiang Li wanted.

The war was over.

Jiang Li also got what he wanted. Although he had a lot of loot, it wasn't easy to take away, so he sold them all to the martial King dynasty at a lower price.

In the end.

Jiang Li took 10 billion lower spiritual crystals, 100 million middle spiritual crystals, and 10 million upper spiritual crystals and put them all in the 'Supreme-grade spatial storage bag'.

"I'm going back."

Jiang Li took Yue Fengji and the others back.

"....."

Watching them leave, the Martial Emperor didn't stop them. Instead, he began to take care of the things related to the occupation of the 'Blackmoon Empire'.

Not long after.

The rest of the dynasty's troops also left.

Only he Yan and the others stayed behind and joined the martial King dynasty.

"Fixed point teleportation!"

Buzzzzzz!

Jiang Li ordered 'kjzjd06' to connect to the 'teleportation room' in the base of Army 01. An invisible space beam arrived.

It covered Jiang Li, WMS01, and Yue Fengji.

Shua!

There was a flash of light.

Jiang Li and the others disappeared into thin air.

The next moment.

They appeared in the 'teleportation room' of the base.

"We're back."

Yue Fengji and the others looked around and were a little excited. he's really back. He was directly teleported back from the Eastern Region of the Holy peace Region. It seems that His Majesty really has mastered the power of space.

in order to get a level-eight soul tinder, jiang li had already exposed his 'space' ability in front of the martial emperor. he didn't plan to hide it anymore.

The most important thing was ...

Jiang Li had already gotten the level-eight soul Tinder.

As long as he could level up to a perfected-stage mech, he would be able to borrow the power of a level-eight mech with the power of 'dominating mech'.

Then ...

jiang li would have the real power to fight for hegemony.

He no longer needed to be afraid.

you've all done well in this mission.

Jiang Li said.

“Your Majesty.”

Yue Fengji and Hong Tianqi took out the nine ‘controllable nuclear fission palm controllers’, then knelt on the ground and reported in a nervous tone, ” ten members of the nuclear energy Squad have fallen in this expedition. We have only found nine ‘controllable nuclear fission palm control devices’ and lost one ‘controllable nuclear fission palm control device’.

“your majesty, please punish me.”

“It’s just a small matter,”

Jiang Li waved his hand and said, ” “Do you think it’s that easy to take my things? as for the nine ‘controllable nuclear fission palm control devices’, I’ll leave them to you guys.”

quickly replenish the ‘nuclear energy Squad’.

“as for the specific candidates, you can decide on your own.”

“Yes.”

Yue Fengji and Hong Tianqi heaved a sigh of relief, then said in unison, ” “We will definitely repair the ‘nuclear power Squad’ in the shortest time possible.”

“Yes.”

” okay. ” jiang li nodded in satisfaction.

After that.

Jiang Li took out a white jade bottle from his pocket. There was only one ‘seven spiritual barrier-breaking pill’ in it. He gave it to Yue Fengji.

Yue Fengji, this is the ‘seven spirits barrier-breaking pill’. You’ve been stuck at the peak of the sixth stage for a long time. I think taking this’ seven spirits barrier-breaking pill ‘can help you break through to the seventh stage.

thank you, ” Jiang Li said. take it as a reward for completing the task.
