

Army 591

Chapter 591 choice

“Seven Spirit Barrier breaking pill!”

Yue Fengji looked up and stared at the Jade bottle in Jiang Li’s hand. He was so excited that his face turned red.

This was a seventh-tier superior-grade medicinal pill.

it was a peerless medicinal pill that could help the perfected stage of tier 6 break through to tier 7.

to tell the truth.

yue fengji didn’t expect that jiang li would reward him with such a precious elixir. he was in a daze and felt like it was unreal.

“Hurry up and take it.”

Jiang Li said in a louder voice.

“Your subject thanks Your Majesty!”

yue fengji caught the jade bottle excitedly and held it tightly. he put it in his arms solemnly, as if he was afraid that someone would take it away.

In the surroundings.

Yue Lin, Fei Lian, Wei Lin, and the others all looked at Yue Fengji with envy.

“All of you will be rewarded.”

Jiang Li said.

Shua! Shua!

Soon after.

Jiang Li took out a ‘syringe’. They were all gene strengthening liquids, from level one to level four.

every member of the nuclear energy Squad.

Each of them would receive ‘a set of gene strengthening fluid’.

Which was Level 1 to Level 4.

Jiang Li didn’t take out the rank-5 gene strengthening liquid.

thank you, Your Majesty!!!

Wei Lin and the others shouted excitedly.

go back and inject the ‘gene strengthening fluid’ to increase your cultivation.

there will be more intense battles soon, ” Jiang Li said. I’m sure there will be more.

“Yes.”

“We will do as you command!”

we won’t let your Majesty down!!!

Hong Tianqi, Xu Ya, and the others all shouted.

Soon after.

Yue Fengji, Hong Tianqi, and the others left the base. Jiang Li also walked out of the teleportation room and went to the room in the Dominator hub. The Dominator Dragon divine weapon transformed into a chair and Jiang Li sat on it.

“hidden dragon, how’s the progress of the tier 6 gene strengthening fluid research?”

Jiang Li asked.

One had to know.

Jiang Li had upgraded the No. 01 base to rank-6 not long ago, so the Research Center could start to research ‘rank-6 gene strengthening liquid’.

However, the research progress was extremely slow.

Buzzzzzz!

The hidden Dragon, who could already take human form, appeared.

He walked up to Jiang Li.

“Reporting to you, chief sovereign.”

it’s done. Hidden Dragon reported to Jiang Li, ” the research progress is only one-tenth. It’ll take at least a year to complete.

“It’s a little slow.”

Jiang Li said.

that's because there aren't enough 'scientific researchers'.

hidden dragon said.

“Yes.”

I'm fine. Jiang Li nodded. I'm not in a hurry. Even if I inject it now, it won't improve me much. I can afford to wait for more than a year.

“Yes.”

Hidden Dragon nodded.

“Convert!”

Shua!

Jiang Li opened the Supreme-grade spatial storage bag and took out the spiritual crystals inside. They were all spoils of war from the Black Moon Empire.

Then, he converted them all.

...

He had obtained a large number of energy points.

10 billion lower spiritual crystals had been converted into 10 trillion energy points, and 100 million middle spiritual crystals had also been converted into 10 trillion energy points.

Finally.

10 million upper spiritual crystals.

Similarly, he obtained one hundred trillion energy points.

In total, he had obtained three hundred trillion energy points.

“Whoosh!”

the dominator panel opened.

The number of energy points had increased to more than 130 trillion points. Jiang Li then checked the number of soul Tinders.

One had to know.

Jiang Li’s plan this time was to sell ‘atomic bombs’ and ‘hydrogen bombs’ to the human dynasties and make them work for him.

...

first of all ...

On the battlefield of the Black Moon Empire alone.

The ‘nuclear energy Squad’ led by Yue Fengji and the others, the ‘atomic bomb’ and ‘hydrogen bomb’ thrown by the martial King dynasty, and the nuclear weapons thrown by the martial reverence dynasty.

At the very least, he had killed over ten billion demon soldiers.

It could be said that ...

Jiang Li's 'nuclear weapons' played a decisive role in the destruction of the Blackmoon Empire at the cost of two billion soldiers.

otherwise ...

After so many accidents.

it wasn't even certain if they could win.

Even if he could win.

the losses of the martial king's army would definitely exceed more than 70%.

other than that.

There was also the battlefield of the 'Great Yan Dynasty'.

They were besieged by the three demon emperors and could only fight to the death.

In the end.

The Great Yan Dynasty was destroyed.

Similarly.

The 'atomic bombs' and 'hydrogen bombs' that Jiang Li sold to Yan GUI were all used. They killed three billion Imperial Guards and demon soldiers and took away nearly twenty billion human soldiers.

The entire capital of Great Yan was destroyed.

soul Tinder: 9.18 billion level-one soul Tinder, 1.03 billion level-two soul Tinder, 85 million level-three soul Tinder, 800000 level-four soul Tinder, 7000 level-five soul Tinder, 45 level-six soul Tinder, 1 level-eight soul Tinder.

Although ‘nuclear weapons’ were powerful, it was very difficult to kill creatures above level six. Therefore, there was almost no harvest from soul Tinders above level six.

but ...

On the other hand, he had harvested a massive amount of soul Tinders below level six.

“Hahahahaha!”

haha! Jiang Li couldn’t help but laugh.

one had to know.

Jiang Li gained a lot of soul Tinders this time, but he didn’t lose a single mech. It was all thanks to the ‘nuclear weapons’ and the human dynasty working for Jiang Li.

“Not bad, not bad.”

it seems like I have to sell more ‘atomic bombs’ and ‘hydrogen bombs’ to other human dynasties. I can even sell the ‘controllable nuclear fission palm controller’.

let the human dynasties harvest the soul Tinder for themselves.

“this way ...”

not only can I get resources, but I can also harvest the soul Tinder and get rid of the Barbarian race and the demon race. It’s a plan that kills three birds with one stone.

“The most important thing is, be it the ‘atomic bomb’, ‘hydrogen bomb’, or the ‘controllable nuclear fission palm controller’, they are all under my control.”

“This will prevent any accidents from happening.”

“it’s completely feasible,”

Shua!

The interface closed.

The plan was feasible, but the most important thing was to upgrade a perfected-stage level eight mech. Jiang Li could only take the initiative if he had a level eight around him.

Those Overlord dynasties.

However, they all had a type 8 Overlord.

“Then what kind of troop class should I upgrade to?”

Jiang Li fell into deep thought.

First of all ...

The elite troops could be eliminated.

He needed two level-eight soul Tinders to upgrade to an elite troop. Jiang Li was lucky to have one.

He wanted to get his hands on the second one.

It was completely a fantasy.

It was currently impossible to achieve.

so,

He could only choose ordinary troops.

Every time he consumed the soul Tinder to level up, he would obtain a new skill. If he wanted to maximize his combat power, it was best to start from Level 1.

This way ...

After advancing to the eighth step.

It would have eight different skills.

They were the strongest in combat.

Time passed.

” i’ll upgrade. ” jiang li thought back to his memories and filtered through the soldier classes one by one. finally, he made a decision.

“He’s the one.”

Jiang Li opened his eyes.

There was a flash of light.

a few minutes later.

The room in the ruler’s hub.

In the room.

Except for Jiang Li and Hidden Dragon.

there was another burly mech.

“Salute!”

pa!

Standing in front of Jiang Li was a young man who was about the same height as him. He was in his twenties and wore a military green camouflage Cap.

he was dressed in a camouflage military uniform.

Sergeant rank.

“Wang Gang!”

Jiang Li sized him up.

That’s right.

Wang Gang. Jiang Li was going to upgrade combat mech GD01 from perfected-stage level one to perfected-stage level eight, making it his first level-eight mech.

Of course.

Jiang Li didn’t promote Wang Gang because he was the first mech he made. He made the decision after careful consideration.

In reality.

Ever since he had the mech factory and activated the mech fusion function, he had created many elite mech types.

Jiang Li rarely used the Dominator panel to create ordinary mech units.

Back then.

There were only hundreds of thousands of ordinary mech soldiers left after many battles. They formed the ‘great Xia mechanical Army’ and had been staying in the imperial capital.

The elite units such as sniper meches, Archer meches, and psionic mammoths rarely appeared on the battlefield.

It was similar to behind-the-scenes retirement.

He had no use for it.

“It’s starting.”

Jiang Li took a deep breath and waved his right hand. level up.

Buzzzzzz!

Immediately.

First, he deducted a level-two soul Tinder and 100 energy points. After a few seconds, Wang Gang advanced to the early stage of level-two without much change.

Another 14,000 energy points were consumed.

He had been promoted to the perfected stage of Tier 2.

‘Combat mech’ has been upgraded to ‘combat mech’, and the skill’ close combat proficiency ‘has been obtained.

“Continue!”

Buzzzzzz!

It consumed a level-three soul Tinder and 10000 energy points.

Wang Gang had advanced to the early stage of Tier 3.

It consumed 1.4 million energy points.

he had been promoted to the perfected stage of tier 3.

‘Combat mech’ has been upgraded to ‘psionic combat mech’, and the skill’ psionic control ‘has been obtained.

“Continue.”

Buzzzzzz!

A level-four soul Tinder and one million energy points were consumed.

Wang Gang advanced to initial-stage Tier 4.

It consumed 140 million energy points.

He had been promoted to the perfected stage of Tier 4.

‘Psionic combat mech’ has been upgraded to ‘psionic Super Combat mech’, and the skill’ Super Combat fist ‘has been obtained.

“Continue.”

Buzzzzzz!

Then, he would use a level-five soul Tinder and 100 million energy points.

Wang Gang had advanced to the early stage of the fifth rank.

It consumed 14 billion energy points.

He had been promoted to the perfected Tier 5.

‘Psionic super mech’ has been upgraded to ‘psionic Ares weapon’, and the skill ‘Ares attack’ has been obtained.

“Continue.”

Buzzzzzz!

It consumed a level-six soul Tinder and ten billion energy points.

Wang Gang had advanced to the initial stage of the sixth step.

It consumed 1.4 trillion energy points.

He had been promoted to the perfected Tier 6.

‘Psionic Ares-class weapon’ has been upgraded to ‘psionic nuclear soldier’, and the skill ‘nuclear palm’ has been acquired.

“Chief sovereign.”

Wang Gang's appearance had changed from that of a 20-year-old to a 30-year-old middle-aged man. Although he was still in his camouflage uniform, his epaulet was already a general.

“Yes.”

” okay. ” jiang li nodded and sized wang gang up.

Wang Gang, who was at the perfected stage of rank six, was no longer as dull as before. His eyes were bright, and there were slight changes in his expression. From the outside, the changes were not very big, but the power he possessed was extremely terrifying.

“Stand at the side and wait.”

Jiang Li said.

“yes.”

wang gang nodded and stood aside quietly.

Shua!

Jiang Li didn't have a level-seven soul Tinder, so he couldn't upgrade Wang Gang yet. He opened the soul Tinder column and started to merge with it.

Chapter 592 Annihilate the stars

The interface of soul Tinder fusion appeared.

Time passed.

about ten minutes later.

Jiang Li finished fusing all the soul Tinders.

“Whoosh!!!”

First, 9.18 billion stage-one soul Tinders were fused, and a total of 306 million stage-two soul Tinders were obtained.

Immediately after.

On the other hand, 1.336 billion tier-three soul Tinders were fused with one click.

He had obtained 22.27 million stage-three soul Tinders. In addition to the original 85 million, he had a total of 102.27 million stage-three soul Tinders.

after all of them were fused.

Obtained 1,137,000 Tier 4 soul Tinders.

In addition to the original 800000.

The total number of level-four soul Tinders was 1937000, and after the fusion, he obtained 19370 level-five soul Tinders.

In addition to the original 7000.

The number of Tier 5 soul Tinders was twenty-six thousand three hundred and seventy.

After all of them were fused.

You've obtained 264 level-six soul Tinders.

264 plus 45.

There were a total of 309.

After merging the three hundred level-six soul Tinders, Jiang Li got three level-seven soul Tinders and nine level-six soul Tinders left.

soul Tinder: nine level-six soul Tinders, three level-seven soul Tinders, one level-eight soul Tinder.

Shua!

Jiang Li closed the soul Tinder.

“Upgrade.”

Buzzzzzz!

immediately.

Jiang Li used a level-seven soul Tinder and one trillion energy points to upgrade Wang Gang to the early stage of Level Seven. All his skills had changed greatly.

Buzzzzzz! Buzzzzzz!

Immediately after.

jiang li used another 1.2 million energy points.

He had promoted Wang Gang to the peak of tier 7.

‘Psionic nuclear soldier’ has been upgraded to ‘space nuclear soldier’, and the skill ‘space combat technique’ has been acquired.

other than that.

All of Wang Gang’s skills had been upgraded to top-tier level Seven.

“The next step is the last one.”

Jiang Li took a deep breath.

Buzzzzzz!

With a thought.

Jiang Li took out the only level-eight soul Tinder and showed it. It floated in front of him, emitting eight-colored light.

“upgrade.”

He did not hesitate for too long.

Jiang Li used the only level-eight soul Tinder and used another one hundred trillion energy points to upgrade Wang Gang. The level-eight soul Tinder and the one hundred trillion energy points all went into Wang Gang’s body.

Buzzzzzz! buzzzzzz!

The light flickered.

Wang Gang was undergoing transformation and promotion.

After a few seconds.

The promotion was completed.

the flickering light disappeared.

Wang Gang had successfully advanced to the early stage of the eighth step.

“thank you, hegemon, for your bestowment.”

Pa!

Jiang Li! Wang Gang saluted Jiang Li.

“Yes.”

...

Jiang Li was sizing Wang Gang up.

From his appearance alone, Wang Gang didn't seem to have changed much. His rank was still general, and his camouflaged military uniform had a green base.

but ...

However, Wang Gang's body contained enough power to destroy the continent.

It was extremely terrifying.

Shua!

The basic information was displayed.

“troop type: star destroyer”

[rank: early eighth-rank]

[No.: Xkzs01 (Wang Gang)]

skill 1: rank Seven Star space fighting technique ”

...

skill 2: tier 7 ultimate close-combat Master ”

skill 3: seventh-rank master of psionic energy

” skill 4: seventh-rank superior super ares fist ”

” skill 5: tier 7 ultimate god of war strike ”

Skill 6: rank seven premium nuclear palm ”

skill 7: rank Seven Star Battle skill

skill 8: level eight low-grade star-destroying fist ”

“Equipment: level 8 low-grade star-destroying gloves”

[machinery: Jian Jia (omitted)]

advancement requirement: two quadrillion energy points

“I can only advance to the early stage of the eighth rank.”

jiang li read wang gang's information carefully.

Obviously.

jiang li still had more than one quadrillion energy points left, but it wasn't enough for him to level up to wang gang. he still needed half of it.

He wanted to promote Wang Gang to the peak of rank eight.

It required a total of 14 trillion energy points.

One trillion was equivalent to one trillion.

Shua!

The interface closed.

“Hidden Dragon, begin the brutal attack.”

go! Jiang Li ordered.

“Yes.”

Hidden Dragon replied.

This time's violent Army.

Jiang Li reduced the number of meches below level six and increased the number of level six meches.

“Hidden Dragon,”

build 50000 controllable nuclear fusion super soldiers immediately. Jiang Li ordered after he confirmed the meches.

“Create 100000 Super Fortress soldiers, super Ares soldiers, super annihilating soldiers, and Super Dragon God soldiers each.”

“Manufacture 10 million each of super Ares-class soldiers, super energy soldiers, infinite super soldiers, super missile soldiers, and Storm Giant soldiers.”

create 100 million divine weapons of the Dominator Dragon, 100 million Tri-perch armored soldiers, 100 million laser destructive soldiers, and 100 million invisible energy soldiers each.

produce one billion each of the water and electricity meches, super carriers, super artilleries, and omnipotent tanks.

“Reporting to you, chief sovereign.”

“The total number of soldiers this time is 4.45045 billion,” Hidden Dragon said.

” four billion level two elite fusion meches will consume two billion tons of steel materials and 800 billion energy points. ”

creating 400 million meches will require 20 billion tons of steel and 80 trillion energy points.

creating 50 million type 4 elite meches requires 50 billion tons of steel materials and 100 trillion energy points.

creating 400000 meches will require 400 million tons of steel and 80 trillion energy points.

creating 50000 meches requires 500 million tons of steel and 50 trillion energy points.

“let’s start.”

Jiang Li said.

“yes.”

Hidden Dragon replied.

“Rumble!”

The mech factory was operating at full power.

From the first level to the sixth level.

The mech production soldiers began to work.

First, the normal mech production soldiers were teleported out of the mech factory and headed to the great Xia Treasury where the ‘steel materials’ were stored. They then threw the steel materials into the wormhole tunnel.

The mech production line started to work.

the black furnace projected beams of light.

A large number of meches were created.

This time, the Army was in chaos.

A total of 9.9 billion tons of steel materials and 6888 trillion energy points were consumed.

jiang li’s steel materials were enough, so he wasn’t afraid of consumption.

It was the number of energy points.

After this violent Army.

There were only about 40 trillion left.

so, jiang li didn't continue to send more people. instead, he saved all the energy points.

The mech factory needed time to build meches.

jiang li calculated in his mind.

it would probably be completed by tomorrow.

there are still two seventh-tier soul Tinders left.

Jiang Li thought, I can start the plan I made.

Buzzzzzz!

With a thought.

“Upgrade to zh0214.”

Shua!

” commander zh0214. ” jiang li upgraded the commander of battlefield zh0214. it cost him a level-seven soul tinder and one trillion energy points.

At the same time.

ten-winged imperial capital.

Within the large demon prison in the imperial capital.

In the cell where zh0214 was.

it could be seen.

Although zh0214 was in prison, he was treated extremely well. His cell was like a mansion, with endless delicacies.

there were even maidservants and demonic servants serving them.

On the surface, he was being detained, but in fact, he was on vacation.

The prison guards didn't dare to offend him.

“Get out of the way, quickly.”

Buzzzzzz!

Suddenly.

Zh0214's face changed slightly, as a vast amount of bloodline power started to surge around his body. He then barked out, "I'm about to break through."

“What?”

“Daren is going to break through?”

Instantly.

Many of the prison guards in the prison turned pale with fright. The surrounding maidservants and demonic servants also quickly retreated and left the cell.

BOOM!

It could be seen.

zh0214 sat cross-legged, circulating the 'seven refined bloodline technique'. the power of his bloodline shook, and the aura on his body became more and more turbulent.

the aura was getting stronger and stronger.

“Si si si ...”

Lord Xie Ling is really talented. He actually broke through in the prison cell. Unbelievable, simply unbelievable!

“Quickly inform His Majesty, the demon Emperor.”

“Yes, yes, yes.”

” if i remember correctly, lord xie ling is already a rank-six monster master of traps and formations. with this breakthrough, he’s probably going to become an unprecedented rank-seven master of traps and formations. ”

“Tsk tsk tsk tsk tsk.”

“Although we knew that Lord Xie Ling wouldn’t stay in the demon prison for too long, it’s still too shocking for him to have a breakthrough after just a few days.”

In the surroundings.

many of the monsters sighed and their voices were filled with respect.

In reality.

It only took zh0214 a few seconds for Jiang Li to upgrade to the early stage of Level Seven.

however ...

In order to disguise himself, zh0214 had naturally displayed signs of a breakthrough with a normal demon.

Half an hour later.

Ten-winged demon Emperor personally came to the demon prison, accompanied by a 'demon clan's communication puppet', which was actually a modified 'super information soldier'.

“Hahahahaha!”

Ten-winged demon Emperor burst into laughter when he saw zh0214 breaking through. He was extremely excited, ” I really didn't expect beloved Xie Ling to break through in prison.

“Alright!”

“This is great!”

Half a day later.

“Whoosh!!!”

Zh0214 'broke through' successfully, stepping into the early seventh-rank, and all his skills were upgraded. After half an hour, he finally stopped 'training'.

“Your Majesty, I, Xie Ling, pay my respects to you!”

Zh0214 saw ten-winged demon Emperor the moment he opened his eyes. He immediately knelt down and spoke with a slightly nervous and fearful tone.

“minister xie ling, please rise. please rise quickly.”

Shua!

Ten-winged demon Emperor’s figure flickered and appeared in front of zh0214. He extended his hand and helped zh0214 up, ” beloved official Xie, you’ve suffered in prison these past few days.

“This subject has committed a serious crime and should be punished.”

Zh0214 said.

“No, no, no,”

ten-winged demon emperor quickly waved his hand and said with a smile, ” it’s all my fault. i’ve wronged minister xie ling. after a few days of investigation, minister xie ling has been wronged. ”

“I’m ready to pardon Minister Xie Ling.”

“I didn’t think that Minister Xie Ling would be able to break through in prison and enter the early stage of the seventh rank. This is really Double Happiness. Congratulations, congratulations.”

“I was just lucky.”

Zh0214 humbly replied.

“Good, good.”

Ten-winged demon Emperor was all smiles. Minister Xie Ling is obviously very talented and talented, but she is proud and calm. I am very comforted.

Chapter 593 intervention

In the cell, ten-winged demon Emperor was ‘caring’ for zh0214 and asked about his ‘mechanism technique’ and ‘formation technique’ from the side.

“Your Majesty.”

“i’ve already broken through to the early stage of the seventh level. i just need a few more days to cultivate my ‘mechanism technique’ and ‘formation technique’ to the seventh stage,” said zh0214.

“Really?”

Ten-winged demon Emperor’s eyes widened.

“This subject doesn’t dare to lie to the sovereign.”

Zh0214 said.

“Alright, alright, alright.”

Ten-winged demon Emperor laughed out loud, ” Minister Xie Ling, you are really My Lucky Star.

Soon after.

Zh0214 was pardoned by ten-winged demon Emperor, and left the ‘demon prison’ with him.

And at the morning court session the next day.

Not only had zh0214 been reinstated, but he had also been promoted by three ranks due to his contribution to the demon clan's communication puppet. He was now the commander of the demon clan's Department of traps and the Department of formations.

He had an extremely high status.

He was already at the top of the pyramid of power in ten-winged dynasty.

In reality.

In the morning court.

The 'Messenger of the demon court' of the gray-robed young man objected to ten-winged demon Emperor's promotion to official rank zh0214, but ten-winged demon Emperor did not agree.

In the afternoon.

The 'envoy of the demon court' left the ten-winged dynasty and returned to the 'demon race bloodline division of the Holy peace state'.

At night.

Since zh0214 had given the 10 modified 'super Intel soldiers' to ten-winged demon Emperor, zh0214 found an opportunity to call over a few more 'super Intel soldiers' to follow him.

One had to know.

When zh0214 and Zhu Di first came to ten-winged dynasty, they had brought along a team of super Intel operatives. There were many of them, and they were scattered all over ten-winged dynasty.

Late at night.

Zh0214 modified the 'super Intel soldiers' and contacted Jiang Li.

Buzzzzzz!

the communication was connected.

“my lord!”

” thank you. ” zh0214 saluted jiang li.

“Yes.”

jiang li looked at zh0214 on the screen and nodded with satisfaction. he was surprised that zh0214 could completely infiltrate the ten-winged dynasty.

“Ten-winged demon Emperor now completely trusts this subordinate.”

Zh0214 started to report to Jiang Li.

zh0214 had already understood the overall strength of ten-winged dynasty's forces. with his current position, whether it was in the dark or in the open, he would not be able to do anything.

He already knew.

First of all ...

An eighth-rank Overlord.

there was only one ten-winged demon emperor in the entire ten-winged dynasty.

Other than that.

On the surface.

There were ten Level 7s in the ten-winged dynasty, but there were eight more in the dark, making a total of eighteen Level 7s.

there were even more level six demons.

The various Army Corps 'deputy marshals, great generals, princes, and Marquis Kings.

Close to a thousand.

total military strength.

a demon army that could gather 50 billion.

This was the total power of the 'ten-winged dynasty', which was ranked 15th on the 'Hidden Dragon ranking-Saint peace state'. If it was the previous great Xia Dynasty, they would not be able to compete with it at all.

but ...

However, it was different now.

Jiang Li already had 'Wang Gang' who had reached the early stage of level eight. He could also gain 'Wang Gang's' power through the 'mechanical soldier control' and use the combat power of level eight.

Of course.

In terms of combat power of the seventh step.

...

jiang li only had wms01, ssts01, myl01, and ZZLS01. he had also reached the early stage of level seven.

Five at the seventh step.

If nothing unexpected happened.

After Yue Fengji took the ‘seven spirits barrier-breaking pill’, he should be able to break through to the early stage of the seventh rank, and his combat power would reach six people at the seventh rank.

However, the ten-winged dynasty had a total of 18 Level 7s, which was three times the number of the great Xia Dynasty.

However ...

Jiang Li had more than ten thousand level six meches.

when the power of the ‘nuclear explosion’ overlapped, it could completely suppress a type 7 emperor-level expert.

“Chief sovereign.”

Zh0214 continued, ” “Seven days later, ten-winged demon Emperor will bring me to the demon race bloodline immortal court-division of the Saint peace state.”

“Oh.”

...

Jiang Li raised his eyebrows, pondered for a while, and said, " " that's a good thing. you go with them. bring the super intel soldiers and take the opportunity to investigate the situation of the demon race. "

"But don't beat the grass and alert the snake."

"Yes, sir."

Zh0214 nodded.

half an hour later.

buzzzzzz!

The communication was shut down.

Jiang Li also asked a lot of questions.

Zh0214 was still at the early stage of Level Seven, so Jiang Li didn't continue to upgrade him. It would be fine if he could break through to the early stage of Level Seven, but if he could break through to the perfected stage of Level Seven in a short period of time, he wouldn't be able to do it.

That wasn't something that could be explained by a monstrous aptitude.

"Chief sovereign."

" yes. " hidden dragon came and reported, " all the meches have been completed. "

"Alright," he said.

shua!

” okay. ” the mech factory was projected into jiang li’s sight. he nodded with satisfaction. ” now, the mech army has reached twenty billion. ”

In the central region of the Holy peace Region.

The three barbarian empires.

After the three barbarian sovereigns learned about the destruction of the ‘Yangui dynasty’ through the ‘Hidden Dragon rank-Saint peace state’, they immediately became vigilant.

hence.

The three barbarian sovereigns used all their strength. Tens of billions of barbarian troops gathered. Under the leadership of the three barbarian sovereigns, the three Allied demon forces were forced to retreat.

on the other side.

Ten thousand refinements Empire.

Wutian demon Emperor, qianfu demon Emperor, and Qilian demon Emperor, the ‘dynasty’s Imperial Guards Legion’ led by the three demon emperors, lost three billion Imperial Guards after they destroyed the Yangui dynasty.

but ...

However, Wutian demon Emperor did not retreat. Instead, he continued to lead the remaining seven billion Imperial Guards and demon soldiers to attack the myriad smelting Empire according to the original plan.

However ...

Qin qipo and Qiu Wanlian already knew that the Great Yan Dynasty had been destroyed, so they had mobilized a huge Army in a short time.

The two renhuangs had joined forces.

in the end.

An unprecedented war broke out at the border of the myriad refinements Empire.

Roar! “Roar!”

The endless battlefield.

The huge dynasty Army, which was made up of 30 billion human soldiers, set up three Grade 7 military formations and condensed three formation beasts that were ten million meters long.

kill!!!

“Rumble!”

At the highest point of the battlefield.

Qin Qi po and Wu Tian demon Emperor fought. Both of their cultivation levels were at the perfected stage of tier 8, but Wu Tian demon Emperor’s combat strength was unparalleled, and Qin Qi po was no match for him.

fortunately ...

Qin qipo used the power of three grade-7 military formations to block Wu Tian’s attack.

Qiu Wanlian stopped seven Lotus demon Emperor.

Several Level 7 human great generals were fighting against the demon Emperor qianfu.

“Ah!”

on the battlefield.

The fighting was brutal. Although the Imperial demon soldiers were powerful and had profound cultivation, the human soldiers outnumbered them by more than four times.

The most important thing was ...

The human dynasty Army also had the assistance and enhancement of three Grade 7 military formations.

Furthermore ...

The Army that Qin qipo and Qiu Wanlian were leading this time was also an elite army.

so,

Not long after the war started.

On the surface, the demons were at a disadvantage.

“Wutian!”

“Today, the ‘guards Legion’ of your demon race will all stay here,” Qin qipo roared.

“Soul splitting slash!”

Shua!

As soon as he finished speaking.

Qin qipo released a powerful move, and a terrifying Soul Blade light seemed to tear the space apart as it slashed at Wutian demon Emperor. However, it was blocked by Wutian demon Emperor with a single move.

Bang Bang Bang Bang!

The lightning wreaked havoc and shattered the saber radiance.

“Retreat!”

Wutian lowered his head and shouted after seeing the situation.

“Wutian lightning territory!”

“Rumble!”

The next moment.

wutian demon emperor burst out with extremely terrifying power. he waved his hands and triggered the law of thunder, creating a boundless sea of thunder.

it covered the sky.

It fell straight towards the Army of the human race.

Bang Bang Bang Bang!

the three ten-million-meter-long beasts of the battle formation howled in grief. they were covered by the sea of lightning, and cracks appeared on them.

“Bastard!”

Qin Qi po was furious.

“Endless soul realm!”

“Whoosh!!!”

After that.

Qin qipo released seemingly endless soul power, forming an endless soul sea. It destroyed Wutian demon Emperor’s ‘Wutian lightning territory’ and exploded at the same time.

Bang Bang Bang Bang!

Qin Qi po was forced to retreat.

“Retreat!”

Shua! Shua!

At this moment.

Wutian demon Emperor’s obstruction had bought time for the dynasty’s Imperial Guards to leave the battlefield. Under the leadership of qianfu demon Emperor and seven Lotus demon Emperor, they quickly retreated.

“Chase!”

Qin Qi po roared.

“Rumble!”

The Army chased for a hundred thousand miles.

In the end.

Wu Tian demon Emperor and the others managed to shake off Qin qipo’s dynasty Army.

“Wutian!”

Qin qipo stood high in the sky with a cold gaze. He stared ahead with a dark expression. Wu Tian demon Emperor and the others had already disappeared from his sight.

Shua!

Qiu Wanlian came from the sky.

Shua! Shua!

The various type 7 human great generals arrived.

“What are the casualties?”

Qin Qi po asked.

“Your Majesty, there are five billion casualties.”

A tall and sturdy human great general replied.

“How many demons have you killed?”

Qin Qi po asked again.

“One billion.”

qiu wanlian answered.

“Trash!”

Qin qipo berated, “ we have a four-to-one advantage and three tier 7 military formations, but we only managed to kill around one billion demons. On the other hand, we have lost five billion.

“This bi an ...”

“Your Majesty, those are the Imperial Guards of the monster race.”

“.....”

The great generals of the human race said.

“.....”

qin qipo’s gaze swept across the human marshals coldly. the human marshals ‘expressions turned cold, and they quickly shut their mouths and lowered their heads in fear.

“Soul Emperor.”

“In the battle just now, the Xia Dynasty’s ‘atomic bomb’ and ‘hydrogen bomb’ played a significant role,” Qiu Wanlian suddenly said.

“If it weren’t for the ‘atomic bomb’ and ‘hydrogen bomb’, I’m afraid we wouldn’t even be able to kill one billion demons. It’s a pity that we only brought a small yield of atomic bombs and hydrogen bombs.”

if I use up all that I've bought, I'll definitely be able to severely injure Wutian demon Emperor's 'dynasty guards Legion'.

"The nuclear weapons of the great Xia Dynasty."

Qin Qi po muttered.

"Yes."

Qiu Wanlian nodded. if there's a chance, we must buy a large number of nuclear bombs and hydrogen bombs from the great Xia Dynasty. They are a powerful weapon of war.

"I know."

Qin qipo said, "such a big thing has happened this time. The destruction of the Great Yan Dynasty was beyond our expectations. The Tianhuang dynasty is too strong.

"I believe that the chamber will soon hold another 'conference of the Alliance'."

"when the time comes, i'll buy it from the xia emperor."

Four days later.

Zh0214 had completed the upgrade of his skills, and his 'demon clan formation technique' and 'demon clan mechanism technique' had officially been upgraded to Level 7 low-grade.

after ten-winged demon emperor found out about this, he became even more attentive to zh0214.

In the afternoon.

Xing lingqi came from the court and met Jiang Li. He told Jiang Li to go to the 'court of the Saint peace state', just as Qin qipo had predicted.

The chamber once again called for the 'Alliance meeting'.

this time.

'human martial immortal court-holy peace state division' would interfere in the upcoming dynasty war because 'demon bloodline immortal court-holy peace state division' was the first to break the rules.

Chapter 594

Inside the Azure Dragon Palace.

Buzzzzzz!

Saint peace state. Jiang Li sat down with his legs crossed. He had connected to the hidden Dragon Gang's sub-list-Saint peace state.

On the Dragon-shaped list.

There was only the mugwort dynasty left. Originally, due to the destruction of the Black Moon Demon Emperor, the great Xia Dynasty should be ranked last.

However ...

The Azure Dragon of the great Xia Dynasty had devoured ten percent of the Black Moon Empire's fate, in addition to their previous accumulation.

The fate of the country grew.

Ranked twenty-seventh, the last position became ‘moon shaman barbarian dynasty’.

‘Congratulations on the great Xia Dynasty’s promotion. Rank 27. Great Xia Azure Dragon technique.

Shua!

A purple-gold light flew down from the list and entered Jiang Li’s mind.

time passed.

Half an hour later.

okay. Jiang Li received the reward. The great Xia Azure Dragon technique was upgraded to mid-grade level Seven.

It had only been upgraded by a small grade.

Soon after.

With the help of the Fortune of the nation, it took Jiang Li an hour to complete the cultivation of the Azure Dragon technique of the great Xia Dynasty, which had been upgraded to the mid-grade of Level Seven.

his strength had increased by about ten percent.

The ‘Alliance meeting’ was urgent, so Jiang Li and Xing lingqi were ready to leave that afternoon.

This time.

let's go. Jiang Li took Wang Gang, who had already reached the early stage of level eight, with him.

Azure Dragon Palace.

“Emperor Xia, are you ready? We’re about to set off.”

Xing lingqi said.

“Yes.”

okay. Jiang Li nodded.

“Teleport!”

Wuwuwuwuwu!

Xing lingqi took out the teleportation token in her pocket and activated it.

The teleportation token flew out, shining with a dazzling light.

Space was torn apart.

“whoosh!”

A light spread out and covered Jiang Li and the others.

Finally.

A light flashed and then Jiang Li and the others disappeared.

He was teleported away.

The scene changed.

The division of the martial immortal court of the human race-Saint peace state.

In the teleportation Hall of the northern Division.

Jiang Li and the others had teleported here and appeared in the hall.

this was not the first time he had come here.

so,

jiang li, xing lingqi, and the others left the teleportation hall.

Half an hour later.

Martial Pagoda level nine hundred and ninety nine.

In the world inside the tower.

Martial arts Hall.

In the central Great Hall.

the two deputy court masters, lord red and elder brown, were sitting in the two high positions in front of them.

The hall Masters and the human emperors sat on the left and right sides.

Jiang Li was the last one to arrive.

“Lord Chi, Elder Brown, Human Sovereign realm Warriors, and Palace Masters.”

...

I’m sorry. Jiang Li cupped his hands. I’m late.

“Have a seat.”

lord chi didn’t say much, only raising his hand to signal.

“.....”

The palace Masters and human emperors all looked at Jiang Li.

It was very quiet.

The atmosphere in the hall was extremely oppressive.

” i’m fine. ” jiang li sat down in silence.

Wang Gang followed Jiang Li and stood behind him.

At the same time.

Xing lingqi also sat in her seat.

...

“Since all the members of the Alliance conference have arrived, let’s start the official meeting.”

Elder Brown said.

“Yes.”

Lord Chi nodded.

The various Palace Masters and human emperors also nodded in agreement.

“Everyone here, the Alliance’s first battle was a failure.”

“although we did take down the blackmoon empire in the end,” elder brown said in a deep voice.

however, the demons took advantage of the opening and caught us off guard.

“The Great Yan Dynasty has been destroyed, and the human Emperor of Yan GUI has fallen.”

only nine out of the ten human dynasties are left. The human race’s strength has been greatly reduced.

“Hehe.”

qin qi po laughed coldly, “i’ve already said it last time ..”

“The first battle of the Alliance should not be against the Blackmoon Empire.”

instead, we should aim at the strongest Wutian demon dynasty.

gather the strength of all the humans in the Holy peace state and kill Wutian before the monsters react.

only in this way can our human race obtain the final victory.

“What the soul Emperor said makes sense.”

Qiu Wanlian said immediately.

“Ridiculous.”

Duan Qilin snorted coldly. soul Emperor, it’s obvious that the three great empires of the central region have already formed an alliance.

however, the Great Yan Dynasty was attacked by the Wutian demon dynasty.

“Where were you and Qiu Wanlian at that time? Why didn’t you help?”

“Duan Qilin, do you think we don’t want to save you?”

“At that time, the three demon emperors led the Imperial demon guards to attack Great Yan,” Qiu Wanlian scolded.

“It was too late when we realized what was going on.”

“Great Yan has been destroyed, and Yan GUI has fallen.”

“You’re making excuses,”

Duan Qilin snorted coldly. you’re just using your own incompetence to twist your words.

Duan Qilin, you’re a piece of trash who isn’t even at the eighth tier. How dare you be so impudent in front of me? ”

Qiu Wanlian’s eyes were cold.

“That’s enough,”

boom!

Elder Brown's Qi exploded as he said coldly, "The Alliance meeting is to discuss a good plan and solution, not a place for you to argue and quarrel."

"All of you, shut up!"

"yes."

qiu wanlian cupped his hands and sat down.

"Hmph," he snorted.

Duan Qilin snorted coldly.

"Human Emperor Chong Wu."

At this moment.

The human Emperor of the tianzong dynasty, Jing yueke, stood up and asked, "the 'tianzong troops' that I sent to support reported back to me after they returned.

"why didn't your chongwu empire appear in the final decisive battle with the blackmoon empire?"

"Is there some unspeakable secret behind this?"

"jing yueke, don't talk nonsense."

"I personally led the Chongwu Army to invade the Blackmoon Empire," Duan Qilin shouted loudly.

“He even destroyed the Blackmoon empire’s border guard Army.”

however, we were ambushed by the ‘Gang Feng dynasty’ while we were sending reinforcements. We even fought with the gang Feng demon Emperor.

we used all our strength and only managed to break out after suffering heavy losses.

“this bi an ...”

“There’s actually such a thing.”

“The three great demonic empires of the Holy peace region’s dong Jing city have all made their move.”

“This is definitely not a coincidence.”

Lin Tianjian, Lianzhen, and the other human emperors all looked grim.

Force Emperor also frowned.

everyone, don’t forget that we have another competitor other than the demon race, the Barbarian race.

“this time, we had a conflict with the demon race,” lin tianjian said in a deep voice.

the demons and we have both destroyed a dynasty, but the Barbarian race has suffered very little losses.

this is not a good thing. We must prevent the barbarians from taking advantage of this opportunity to fish in troubled waters. The Oriole is waiting behind.

“the sword emperor is right.”

“Indeed,”

it’s not just the barbarians. There’s also a force formed by mixed-blood races. It’s possible that they’re launching sneak attacks or plotting something.

“Yup,”

“We have to take precautions against all these.”

The people in the hall discussed.

“Lord Chi, Elder Brown.”

At this moment.

Force Emperor stood up and asked in a muffled voice, ” “Why did the demons react so quickly in the first battle of our Alliance?”

“The monster race must have received the news in advance.”

“Otherwise, the Black Moon Empire wouldn’t have so many reinforcements.”

“Wu Tian demon Emperor wouldn’t have acted so quickly.”

“.....”

The hall fell silent, and no one spoke.

“Could it be that a monster spy has infiltrated the division?”

“If that’s the case, then we’re in trouble.”

“We have to find the spy.”

There was a long silence.

lianzen and the rest discussed softly.

“Fellow human emperors, we have indeed been negligent in this matter.”

“it’s useless to explain too much.”

to be honest, ” Elder Brown said, ” we didn’t expect this.

but we can be sure that the demons did use some method to obtain specific information.

“As for whether or not he is a spy, we are not sure.”

but it is undeniable that the demon division has already intervened in the war between empires.

in that case, our human race can not fall behind.

“Although the court Lord isn’t here to determine the division, after the discussion between me, Lord Chi, and the ten Hall Masters ...”

the final unanimous vote passed.

” our chamber of commerce will officially help you win this war and establish a human empire in saint peace province. ”

“The first thing we need to do is to set up a ‘teleportation formation’.”

time passed.

the alliance meeting continued. elder brown and the others explained their next plan in detail.

The first step.

By setting up a stable 'spatial teleportation formation' within the territory of each Empire, the Empire would be able to use the spatial teleportation formation.

This way ...

With the spatial teleportation formation, they would be able to teleport troops over long distances.

This was the only way to truly unite the power of all the human dynasties.

this way, there would not be a situation where reinforcements did not arrive in time.

Of course.

setting up a 'space transfer formation' wasn't an easy task.

He needed time.

he finished setting up the space transfer formation in the nine human dynasties.

It would take about half a month.

so,

In this half a month, the nine human dynasties had to keep a low profile.

The second step.

After the ‘spatial teleportation formation’ was set up, all the troops of the human dynasty would be assembled.

A decisive battle between the humans, the monsters, and the barbarians.

As for the location and result of this final battle ...

No one could predict it.

Even ...

It was very likely that the demon race and the Barbarian race would start a war before the space transfer formation was completed.

Therefore, I’m afraid that you won’t.

They needed to race against time and complete the final arrangement as soon as possible.

The night passed.

The next day arrived.

This ‘Alliance meeting’ was also coming to an end. The details of the spatial teleportation formation had already been decided.

Jiang Li didn’t say anything and cooperated from the beginning to the end.

jiang li had already mastered the ‘space teleportation’.

Furthermore ...

Because of the ‘mechanical space Station base’, Jiang Li could teleport to any corner of the state at any time.

He could send his mechanical Army anywhere.

If it wasn’t for the lack of resources and manpower ...

Jiang Li had started a war long ago.

“The Xia Emperor.”

The Martial Emperor stood up and looked at Jiang Li. He was tall and strong, wearing a dragon robe.

“What’s the matter?”

jiang li asked.

during the war in the Black Moon Empire, Emperor Xia appeared out of thin air and killed demon Emperor Dongyue while he was heavily injured.

“Now I think about it carefully,” said force Emperor slowly.

“At that time, there was a very obscure spatial fluctuation. You must have used spatial teleportation.”

“The great Xia Dynasty is just a human dynasty that has just been promoted.”

“The fate of the nation has risen by one rank not long ago because it devoured ten percent of the Black Moon Empire’s fate of the nation.”

“But,”

“emperor xia, how did you manage to grasp the power of the ‘spatial domain’?”

“There’s more,”

atomic bombs, hydrogen bombs, and the nuclear energy Squad you formed.

“These are all powerful weapons we’ve never seen before.”

“And where are you from?”

Chapter 595 sold out

“Teleportation!”

Duan Qilin revealed an expression of shock. this Suan ni ... It can’t be, right?
Emperor Xia has also mastered the power of the spatial domain? ”

” that can’t be, right? only the imperial dynasty can come into contact with the
spatial domain. ”

Xiao Linlin did tell me that Jiang Li appeared on the battlefield at the last minute.

“He sneaked an attack and killed demon Emperor Dongyue,” Lin Tianjian said.

tsk tsk, this is getting interesting. I’ve never seen such a powerful special weapon
before, plus the ability to control the space domain.

qin qi po laughed coldly. ” emperor xia, oh emperor xia, you can’t help but make
us start to think. ”

Within the palace.

Jiang Li. everyone looked at Jiang Li with a scrutinizing gaze.

“Hehe.”

Jiang Li, on the other hand, was very calm. He said, ” “So, all the human emperors here, what do you want to say?”

what kind of power do I have? what kind of abilities do I have? what methods do I have? ”

“What do I need to explain to you?”

“Who the hell are you?”

Domineering!

Jiang Li’s tone and words were very, very strong.

There was no room for negotiation.

If ...

I’m fine, ” Jiang Li said cautiously.

But now ...

There was no need for that anymore.

there was no need for that at all.

Jiang Li already had level eight meches as his subordinates.

That was Wang Gang!

a star destroyer at the initial stage of the type 8 realm, slowly advancing from the type 1 realm.

It had completely broken away from the category of ‘mechanical Army’.

It had eight major skills.

It was extremely powerful.

It was enough to conquer the starry sky.

it was so powerful that it could easily destroy a planet.

Of course.

Wang Gang alone was not enough to be fearless.

but ...

Jiang Li didn’t need to be cautious anymore. With his current military strength, he wasn’t afraid of any dynasty.

Furthermore ...

If Jiang Li wanted to leave, he could teleport away at any time.

no one could stop him.

“Impudent!”

BOOM!

the martial emperor’s eyes were cold as his qi of the peak of tier 8 burst out.

It formed an invisible wave that surged forward.

It was aimed at Jiang Li.

Shua!

Jiang Li. Wang Gang stepped forward and appeared in front of Jiang Li.

“Whoosh!!!”

The next moment.

Wang Gang’s body was covered with a surge of mechanical psionic energy.

He had blocked the pressure of a Martial Emperor.

“Rank 8!”

In the surroundings.

Everyone’s eyes narrowed as they looked at Jiang Li in shock.

“It’s actually a grade 8!”

Human Emperor of mo bei exclaimed, ” there’s actually an eighth grade Emperor level powerhouse by Emperor Xia’s side.

...

“What a good fellow!”

Xia Tian and The Other Palace Masters were also very surprised.

“i didn’t expect yingluo”

Jing yueke, Lin Tianjian, and the others also looked at Jiang Li in surprise.

force emperor stopped as he hid his qi and oppression.

“just based on this trifling rank eight primary stage official.”

“Emperor Xia, how dare you be so impudent?” Qiu Wanlian snorted coldly.

“Jiang Li.”

yes. Qin qipo stood up and gave Jiang Li a lot of pressure. the monsters and the barbarians are eyeing us. We should help each other.

“If you really have mastered some kind of space domain power ...”

“For the sake of the entire human race in holy peace state, you should share it with all of us.”

...

also, you should share the nuclear technology you have with us.

as the saying goes, there is strength in numbers. Under the circumstances of exploring together, there might be a greater breakthrough.

“shut up!”

Qin qipo. Jiang Li glanced at him coldly. Qin qipo, since you’re so considerate of the human race, why don’t you share your ‘ancient puppetry’ with us? ”

“You!”

Qin Qi PO’s expression was dark.

Jiang Li, don’t be ungrateful. It’s not that you don’t want to take out the soul Emperor, but the ‘ancient puppetry’ has great restrictions. Not just anyone can practice it. You must have extraordinary talent.

Qiu Wanlian shouted.

“I feel that my aptitude is very good, and I can definitely cultivate the ancient puppetry.”

Jiang Li shrugged.

“Ridiculous.”

Qin Qi po sat down with a dark expression.

“Stop arguing.”

elder brown once again became the peacemaker. ” since emperor xia doesn’t want to tell you, you don’t have to continue asking. ”

“Yes.”

“Since Elder Brown has spoken, I have nothing more to say.”

Force Emperor and the others said one after another.

Obviously.

Now that Jiang Li had the combat strength of a rank-eight, he had the right to speak.

Otherwise ...

The Martial Emperor would've attacked just now and captured Jiang Li. Jiang Li wouldn't even have had a chance to fight back.

No one would stop him.

the ten Hall Masters will be in charge of setting up the spatial teleportation formations in the various majestic empires.

lord chi said.

“Yes.”

“Yes, sir.”

“I'll definitely complete the mission.”

“.....”

Xia Tian, Xing lingqi, and the other ten Hall Masters all stood up.

“Xia Emperor, please take care of me for the next half a month.”

Xing lingqi came forward with a smile.

“I’ll have to trouble Hall Master Xing.”

okay. Jiang Li smiled.

“Emperor Xia!”

At this moment.

Jiang Li. Lian Zhen walked to Jiang Li with a beautiful face.

“Is there anything, human Emperor Lian Zhen?”

Jiang Li asked.

“Emperor Xia, the truth is, I’ve come to make a deal with you.”

“may i ask if the great xia dynasty still has ‘atomic bombs’ and ‘hydrogen bombs’?”

“I would like to buy some more.”

“There is.”

okay. Jiang Li smiled and nodded.

“Really?”

Lianzhen was overjoyed.

One had to know.

Lianzhen had learned about the power of nuclear weapons and their effects on the battlefield from the subordinates of the troops she had sent to the Blackmoon Empire.

He wanted to purchase a large number of nuclear weapons to store in reserve.

“i wonder how many human emperor lian zhen wants to buy?”

Jiang Li asked.

“Emperor Xia, there’s still a large batch of steel materials that haven’t been delivered from the last deal.”

“I wonder if we can reduce the amount of steel materials in this deal,” said Lianzhen.

” after all, the production of steel is limited, and the soldiers also need steel to be forged into armor and weapons. ”

“Let’s do it this way,”

Jiang Li thought for a while and said, ” “I’ll use all spiritual crystals for this deal.”

“Alright!”

Lianzhen was overjoyed.

“But the price will be increased by half.”

jiang li said.

“No problem,” he said.

Lianzhen agreed.

“Emperor Xia! Emperor Xia Bixi!”

As soon as Jiang Li finished negotiating the price with Lian Zhen, human Emperor of Mobei, Lin Tianjian, and Jing yueke immediately ran over.

we also want to buy more nuclear weapons. I wonder if you can ...

” cough, cough. emperor xia, please forgive me for my earlier offense. ”

“.....”

The human Sovereign realm Warriors all cupped their hands and said to Jiang Li.

“Well said, well said.”

Jiang Li smiled and looked at the human Sovereign realm Warriors as if they were walking spiritual crystal mines.

They were all ‘good people’!

In reality.

Jiang Li had already made a large number of atomic bombs and hydrogen bombs.

They were all stored in the Supreme-grade spatial storage bag.

This time, he attended the meeting.

Even if Lianzhen and the others didn’t ask Jiang Li to buy, Jiang Li would continue to sell to them.

However, Jiang Li didn't expect this.

The current situation was also the reason why nuclear weapons were so popular.

Time passed.

Jiang Li, Lianzhen, Lin Tianjian, and Jing yueke had already made deals.

They had witnessed the power of nuclear weapons.

so,

This time, the transaction amount was ten times that of the previous one.

Finally.

The Martial Emperor, soul Emperor, and Qiu Wanlian had all come.

Buy nuclear weapons from Jiang Li

jiang li, on the other hand, generously sold nuclear weapons to the martial emperor and the soul emperor.

Let bygones be bygones.

No matter who it was.

as long as they bought nuclear weapons, they would be working for jiang li.

“Lord Chi, after handing the nuclear weapons to the higher-ups, did they find out anything?”

what's going on? ” Elder Brown looked at the human Sovereign realm Warriors around Jiang Li and asked in a low voice.

“No, I didn’t,”

Lord Chi shook his head, ” there’s still no news.

“Is that so?”

Elder Brown muttered, ” this Emperor Xia is really not simple.

he even dares to sell weapons to martial emperors and soul emperors. It’s obvious that he’s not afraid of them using such weapons on him.

“He definitely has a backup plan.”

“Isn’t that something you’d take for granted?”

Lord Chi shrugged, ” no one is a fool. Moreover, he’s a formidable Overlord who can become the human Emperor.

“The Martial Emperor and the soul Emperor should also know about this.”

they didn’t buy these nuclear weapons to fight Jiang Li from the beginning.

“That’s true.”

elder brown nodded.

Finally.

The nuclear weapons that Jiang Li brought this time were all sold.

Among them.

They sold five million thousand-ton nuclear bombs and hydrogen bombs.

They sold 500000 hydrogen bombs, 100000-ton bombs, 100000-ton bombs, and 10-million-ton bombs each.

They sold 50000 of each of the ten-million-ton nuclear bombs and hydrogen bombs.

In order to make these ‘nuclear warheads’, Jiang Li had used up 316680 billion energy points and 106 billion tons of steel materials.

This time, they were all trading in spiritual crystals, so the price had been increased by half.

Among them.

The price of a 1000-ton nuclear bomb had increased from 10000 lower spiritual crystals to 15000 lower spiritual crystals.

The price of the 10000-ton nuclear bomb had increased from 20000 lower spiritual crystals to 30000.

The price of the 100000-ton atomic bomb increased from 40000 to 60000.

The million-ton atomic bomb increased from 80000 to 120000.

the 10 megaton atomic bomb had increased from 160000 to 240000.

Finally.

a ten-thousand-ton nuclear bomb.

The price had increased from 2.5 million lower spiritual crystals to four million.

with the same amount of power.

A hydrogen bomb was four times the price of an atomic bomb.

so,

Jiang Li got 2.5 trillion lower spiritual crystals this time.

In reality.

Although there were many spiritual crystals, they were not enough to shake the foundation of these human dynasties.

after all, the history of these human dynasties was measured in tens of thousands of years.

He had accumulated an enormous amount of wealth.

no matter what.

This was the biggest deal Jiang Li had ever made.

The transaction was completed.

Satisfied, the human emperors left with the nuclear warheads.

Similarly.

jiang li also made a lot of money.

At night.

let's go. Xing lingqi and the members of the Chamber of Commerce came to the imperial capital with Jiang Li.

Jiang Li didn't call Xing lingqi. After returning to the imperial capital, he went straight to the Army base.

as for xing lingqi.

Jiang Li wanted Xing lingqi to visit the imperial capital and find out where the teleportation formation was.

Chapter 596 Perfect

In the base of the 01 division.

Within the room in the ruler's hub.

Shua!

okay. Jiang Li activated his cultivation technique and the energy in his body gushed out. He opened the Supreme-grade spatial storage bag and took out a large number of lower spiritual crystals. He then piled them up on the open space in front.

They were like small mountains.

It was crystal clear.

Spiritual light filled the air.

open the Dominator panel and activate the energy point conversion function.

let's go. Jiang Li walked forward and put his right hand on the lower spiritual crystal.

“Whoosh!!!”

There was a dazzling flash of light and the mountain of lower spiritual crystals disappeared.

They were all converted into energy points.

conversion successful. Received 10 billion energy points!

.....

conversion successful. You've received 11 billion energy points!

.....

shua! Shua! Shua!

a large number of notifications appeared.

Finally.

All 2.5 trillion lower spiritual crystals had been converted and he had obtained a total of 25 trillion energy points.

“Promoted to Wang Gang.”

After obtaining the energy points.

Jiang Li had used 14000 trillion energy points to upgrade Wang Gang to perfected-stage level eight. He had 11000 energy points left.

“Thank you, chief sovereign!”

Jiang Li. Wang Gang stood beside Jiang Li and saluted. Several lights flashed on his body. It only took him a few seconds to complete the upgrade.

The star annihilating fist had been upgraded to the peak of the eighth rank.

His strength had greatly increased.

“alright,” he said.

okay. Jiang Li nodded in satisfaction.

“Hidden Dragon, continue to send more troops.”

” go! ” jiang li ordered.

“Yes.”

Hidden Dragon replied.

” immediately create 500000 controllable nuclear fusion super soldiers. ”

“Create Super Fortress soldiers, super Ares soldiers, super annihilating soldiers, Super Dragon God soldiers, 1 million each.”

“Then, create 100 million each of the Super Ares-class soldiers, super energy soldiers, infinite super soldiers, super missile soldiers, and Storm Giant soldiers.”

“Create 1 billion divine weapons of the Dominator Dragon, 1 billion Tri-perch armored soldiers, 1 laser destructive soldiers, and 1 invisible energy soldier each.”

“Water and electricity mechs, super carriers, super artilleries, and omnipotent tanks, ten billion each.”

go! Jiang Li ordered.

Obviously.

This time’s violent Army.

The number of mechs Jiang Li made was ten times more than last time.

They had also created a large number of elite mech types at the fifth and sixth step.

This was because the mechanical controllable nuclear fusion super soldier was a type of nuclear combat soldier. It had powerful combat power and a wide range of damage, which was extremely suitable for large-scale Dynasty Wars.

Even though it was expensive to manufacture.

But the price-performance ratio was very high.

“Reporting to you, chief sovereign.”

yes! Hidden Dragon replied quickly, ” to create 500000 Type 6 elite mechs, 5 billion tons of steel materials and 5 trillion energy points will be consumed.

“Creating 4 million type 5 elite mechs requires 4 billion tons of steel and 800 trillion energy points.”

creating 500 million type 4 elite mechs requires 50 billion tons of steel materials and a trillion energy points.

creating 4 billion meches requires 20 billion tons of steel and 80 trillion energy points.

creating 40 billion meches will require 20 billion tons of steel and 8 trillion energy points.

“Yes.”

...

Jiang Li nodded and said without hesitation, ” “Let’s start the manufacturing.”

Shua!

In the energy points column.

He had directly deducted 6888 trillion energy points.

More than half of the eleven trillion energy points had been consumed. There were still five trillion points left, and nine hundred and ninety tons of steel materials had been consumed.

This time.

jiang li had sent 44.504.5 billion soldiers.

In other words ...

In addition to the soldiers he had before, Jiang Li’s total force now exceeded 60 billion.

it was close to 70 billion.

“Hidden Dragon, how long will it take to complete all of them?”

...

Jiang Li asked.

“Reporting to the hegemon, it will take around two days.”

Hidden Dragon replied.

“Yes.”

I see. Jiang Li nodded. two days then. It’s just right.

Soon after.

Jiang Li left the base and returned to the great Xia Palace to rest.

It was a quiet night.

The next day.

In the morning.

Inside the Azure Dragon Palace.

all the ministers were there. jiang li sat on the dragon chair and xu ya started to report to him.

Yue Fengji had received the ‘seven Spirit barrier-breaking pill’ as a reward, and he had also been injected with gene strengthening liquids from Level 1 to Level 4.

His aptitude had been raised.

He was cultivating in seclusion.

In order to break through to the early stage of the seventh rank.

so,

hong tianqi, xu ya, and yue lin were in charge of recruiting members of the nuclear energy squad.

At present, they had recruited fifteen stage-five Warriors.

Not only that.

There were already more and more martial artists signing up.

It was just that the great Xia Dynasty's Foundation was not strong enough, and there were very few stage-five Warriors, so they only recruited 15.

However ...

Jiang Li didn't care much about the 'nuclear power Squad' anymore.

since jiang li had created hundreds of thousands of mechanical-controlled nuclear fusion super soldiers, the nuclear power team was not very useful anymore.

"The Xia Emperor."

At this moment.

“After last night’s investigation, we’ve confirmed where we can set up the space transfer formation,” Xing lingqi said.

“alright,” he said.

thank you, ” Jiang Li said with a smile. thank you, Lord Xing lingqi.

“No problem,” he said.

“This is what we should do,” Xing lingqi said with cupped hands.

At noon.

The ‘spatial teleportation formation’ was set up in the capital of the great Xia Dynasty. A large piece of empty land had already been cleared out, and Xing lingqi was leading the division’s troops to set up the formation.

“buzz!”

The battle of array lines.

The light was overflowing.

He could feel a subtle spatial fluctuation.

Jiang Li didn’t know much about formations, let alone space formations, so he didn’t pay much attention to it after observing it for a while.

it would take half a month to set up the ‘space transfer formation’.

It’s still early.

two days later.

within the room in the ruler's hub.

my Lord, the 44.504.5 million elite meches have been completed. Please have a look.

hidden dragon said.

“Alright,” he said.

Shua!

The mech factory was projected.

From the first level to the sixth level.

A large number of meches came into view.

They were densely packed.

There were almost countless of them.

Among them.

There were more than 550000 level six meches, more than five million level five meches, and even more level four, three, and two meches.

There were no level one meches.

Even the lowest was rank two.

this was a rather terrifying combat power and military strength.

“Not bad, not bad.”

okay. Jiang Li nodded in satisfaction.

“Chief sovereign.”

at this moment.

qx01 saluted jiang li and reported, ” zh0214 has sent a message. Ten-winged demon Emperor is preparing to head to the demon race bloodline immortal court-division of the Holy peace state.

“Zh0214 will be with you.”

“alright,” he said.

teleportation? ” Jiang Li’s eyes lit up. Qian Long, contact kjzjd04 and KJJD05 in the West of the Saint peace state immediately. Prepare to start the ‘fixed-point teleportation’.

“yes.”

hidden dragon nodded.

Obviously.

As long as the ten-winged demon Emperor left the ten-winged dynasty, it would no longer have a level-eight combat power. Jiang Li could take this opportunity to attack the ten-winged dynasty.

at this moment.

Ten-winged imperial capital.

In the main hall of the Demon king's palace.

Zh0214 stood to the right of ten-winged demon Emperor. There was another burly middle-aged man in Black-gold armor.

The middle-aged demon was ten-winged demon Emperor's confidant and also ten-winged demon Emperor's younger brother. He was one of the nine princes in the ten-winged dynasty.

he was ranked first.

Full name: ten power Gu.

His cultivation was at the peak of rank seven.

There were rumors.

The ten authority Gu had already touched the realm of the eighth step, it could be called: Half-step type 8.

He was extremely powerful.

Other than that.

At zh0214's request, ten-winged demon Emperor had also brought along a 'demon clan's communication puppet'.

The rest of the 'demon Messenger puppets' were left in ten-winged imperial capital.

This made it easier for them to contact each other.

If anything happened to the ten-winged Emperor, he would be the first to receive the news.

“Teleport!”

Buzzzzzz!

Ten-winged demon Emperor waved his right hand and took out a diamond-shaped ‘teleportation token’. He activated the ‘teleportation token’ and tore the space apart. A space formation appeared.

“whoosh!”

The light flickered and enveloped ten-winged demon Emperor and the others.

The next moment.

The light disappeared.

Ten-winged demon Emperor and the others teleported away and headed to the demon clan’s division.

On the other side.

‘Barbarian totem immortal court-division of the Holy peace state’.

It was also in the central region of the Holy peace Region.

However, the ‘barbarian division’ was close to the southern region of holy peace state, the ‘demon division’ was close to the Eastern Region of holy peace state, and the ‘Human Division’ was in the center.

Tens of thousands of meters high in the sky.

It was an extremely huge floating continent. It was squarish and vast, comparable to the vast stars. It was even surrounded by clouds and mist, like a paradise on earth.

After he zoomed in.

He discovered that the majority of the floating continent's terrain was actually composed of endless mountain ranges and primitive jungles.

A large number of ferocious beasts were resting there.

It was called the forest continent.

In the central area.

The place where the Barbarian division was located.

What came into view were towering trees one after another. They were extremely huge, and each tree was more than a hundred meters in diameter.

The smallest one was a hundred meters long.

On top of the towering trees, there were many treehouses.

The biggest one.

It was right in the middle.

Its diameter had reached a thousand meters.

The huge and magnificent treetop reached straight into the clouds, surrounded by white clouds and mist. It was impossible to see clearly, and it was impossible to confirm how tall this towering tree was.

The giant tree was called the main branch.

He took a closer look.

The main tree was divided into layers and layers, and each layer had a magnificent treehouse at the top of the crown.

It was the division of the totem main hall.

In the main palace.

In the Grand Hall of the fu Li Hall.

The Barbarian race had ten barbarian sovereigns, ten Hall Masters, two Deputy Hall Masters, one Deputy Hall Master after another, and the subordinates of the Barbarian sovereigns.

They were all gathered here.

They were discussing the situation.

according to the specific information we've received so far, a few days ago, the Alliance of human dynasties took the lead in launching an attack on the demon clan. They United the powers of the major human dynasties and borrowed the space teleportation formation of the 'division of the human race' in an attempt to destroy the 'Blackmoon dynasty' with a thunderous force."

The Barbarian Emperor of the great Magus Kingdom said in a deep voice.

"There's one more thing."

The Barbarian Emperor of the Moon god barbarian dynasty, Shen Xiaoyue, said in a serious tone,"According to the intelligence gathered on the battlefield, the human race now has a special war weapon called 'nuclear weapons'."

although I'm not very clear about the specific lethality of such a weapon, Wutian demon Emperor, qianfu demon Emperor, and Qilian demon Emperor joined forces and led the Imperial Guards of the demon Empire, but they lost three billion Imperial Guards and demon soldiers, forcing Wutian demon Emperor and the others to retreat."

"Nuclear weapons."

"I've never heard of it."

"is this the 'secret weapon' that the human race has developed? If that's the case, then we need to be careful and on guard."

"Where did this 'nuclear weapon' come from?"

The barbarians were discussing among themselves.

"The Grand Xia Empire."

"The nuclear weapons came from the great Xia Dynasty," Shen Xiaoyue said.

Chapter 597 Action

"The great Xia Dynasty?"

The Barbarian Emperor of the flying snake Empire, the flying snake, was stunned for a moment and asked, "Shen Xiaoyue, barbarian Emperor, are you talking about the human empire in the northern region of Saint peace state?"

"that's right."

shen xiaoyue nodded.

“How could this be?”

The flying snake shook its head and said in disbelief, ” “If I’m not mistaken, the great Xia Dynasty is just a newly-promoted human dynasty. Its National fate ranking is second to last.”

“How could such a weak human dynasty possibly develop a new weapon?”

chi liu of the six-winged barbarian dynasty sneered and said, ” ” soaring snake, you better believe me. the xia dynasty is not as simple as you think, because the dongyue demon emperor died at the hands of the xia emperor. ”

“What?”

The flying snake’s eyes widened. Didn’t the demon Emperor of Dongyue die at the hands of a Martial Emperor? Chi Liu, how do you know about this?”

“Of course it’s the information that I’ve found out.”

Chi Liu shrugged and said, ” you should know that when the humans first launched an attack, they didn’t expect the demons to know about their actions. ”

“The astral wind Empire and the East Peak demon Empire in the Eastern Region of the Holy peace state have promptly sent their demon armies to reinforce the Black Moon Empire. Even the East Peak demon Emperor has personally joined the battle.”

“After I received the news, I took the opportunity to invade the astral wind Empire and plundered a lot of resources. I also obtained the specific information about the fall of the East Peak demon sovereign from the astral wind Empire.”

“From what you’ve said, it’s indeed time to think of a way to keep an eye on the great Xia Dynasty.”

The king of barbarians of the Turing dynasty, Turing, said,

“What you’re talking about is a small matter. Now that the demon Emperor of the East Peak has fallen and the Black Moon Empire has been destroyed, I’m sure you’ll understand.”

The Barbarian King di Long of the Emperor Dragon barbarian dynasty took a deep breath and said in a deep voice, the demons have suffered great losses. After all, Dongyue demon Emperor is an eighth-rank demon Emperor.

on the other hand, although the Great Yan Dynasty was destroyed by the Wutian demon dynasty, the losses of the human race were much smaller than the losses of the demon race.

after much consideration, I think we must find a way to weaken the human race.

“The Emperor Dragon barbarian dynasty is located in the southern region of the Holy peace state. There are two human dynasties in the southern region of the Holy peace state. The sword-Emperor dynasty, the tianzong dynasty.”

Di Long continues,”the tianzong dynasty’s strength and national power are only average, not at the level of a tyrant.””

“It’s mainly because of the sword-Emperor dynasty. The sword Emperor Lin Tianjian is a level eight human Emperor, but I don’t know his exact cultivation.”

“I propose to gather the power of all the Barbarian empires. Even if we can’t take down the sword Emperor dynasty and the tianzong dynasty in the southern region of the Holy peace state, we must at least weaken the overall strength of the human empires.”

“I don’t agree.”

The senior Magus quickly stands up, shakes his head and looks straight at di Long, saying: “On the surface, the demons seem to have suffered significant losses, but in reality, we don’t know what other trump cards they have.”

after all, the demons were the ones who started the war.

“If the demons dare to do this, they must be confident.”

“Yup!”

“We shouldn’t take the initiative to attack in the current situation,” the flying snake nodded and said.

“let the human clan and the monster clan fight. we’ll find an opportunity to benefit from it.”

“the mantis pouncing on the cicada, unaware of the oriole behind,” shen xiaoyue replied.

“Laughable.”

Di Long utters a cold Humph, “do you think that the human clan and the demon clan will let us be the Oriole in peace?” Only by taking the initiative to attack will we be able to gain the upper hand.”

“I support Barbarian Emperor di Long,”

The Emperor of barbarian, Yong He, of the Empire of darkness said.

“No!”

“i don’t agree.”

“How could the sword-Emperor dynasty be destroyed so easily?”

“.....”

The Barbarian sovereigns argued endlessly.

Finally.

the final result was decided in the form of a 'vote'.

di long's suggestion is rejected.

the barbarian race's plan had changed to 'stopping the movement with silence'. in other words, the barbarian race did not plan to take the initiative to attack but instead, kept an eye on the movements of the human race and the demon race.

They would act according to the specific situation.

however ...

The appearance of the 'nuclear weapons' still made the Barbarian sovereigns remember it in their hearts. Hence, they decided to send out 'Scouts' to investigate the Grand Xia Empire.

They wanted to find out more about the nuclear weapons.

The ten barbarian dynasties.

They each sent a seventh-level barbarian.

In other words ...

It was a 'scout team' made up of ten Level Seven barbarians.

...

It was definitely a top-tier power.

a 'scout team' formed by ten level-seven barbarians. With such a lineup, even the Wutian demon dynasty and the wuwang dynasty can't stop us from infiltrating."

Shen Xiaoyue said confidently.

"That's right."

yes. soaring snake nodded. he should be extremely honored that the great Xia Dynasty is so valued by us that we even sent ten Level Seven barbarians."

"Hehe, I'm fine."

"You're right."

"Aren't we making a mountain out of a molehill?"

"so what if the 'nuclear weapons' are strong? Can it fight against an eighth-rank?"

"....."

The rest of the Barbarian sovereigns said one after another.

...

Half an hour later.

"let's go!"

"Whoosh!!!"

The Barbarian division activated the ‘spatial teleportation array’ and sent the ‘scouting team’, which was made up of ten level-seven barbarians, to the northern region of the Holy peace Region.

the imperial capital of the grand xia.

within the room in the ruler’s hub.

“Whoosh!!!”

‘Holographic communication’ activated.

QX01 raised his right hand. A light was projected from his wrist and a holographic projection appeared in front of Jiang Li.

it entered jiang li’s eyes.

In the image.

It was the scene of the ‘demon race being divided’.

“Chief sovereign.”

qx01 replied, ” i’ve already contacted zh0214. zh0214 is unable to report the current situation. you can only see it for yourself. ”

“Alright,” he said.

” okay. ” jiang li nodded.

in the image.

Zh0214 had already followed ten-winged demon Emperor to the demon race's division.

The modified 'super Intel soldier' was quietly communicating with QX01 without being discovered.

Jiang Li carefully observed the demon race division through the pictures taken by the modified 'super Intel soldier', but he didn't get much.

"Ten-winged, I didn't expect you to bring him here."

The grey-robed young demon Messenger Di Shi appeared. His gaze fell on zh0214. He frowned and spoke in an unfriendly tone.

He was one of the ten Monster Temple Masters of the monster division.

Full name, Shen Moti.

"Xie Ling is a subordinate I trust."

"Moreover, Xie Ling is now a seventh-grade formation master and a seventh-grade mechanism master, and her cultivation has also broken through to the seventh-grade beginner stage," ten-winged demon Emperor said."

"I've brought him here to see the world."

"Seventh rank!"

Shen Moti was surprised.

He muttered to himself for a while.

"Then follow me."

Shen Moti said.

“Please,” he said.

Ten-winged demon Emperor gestured.

Immediately.

Shen Moti led the way for ten-winged demon Emperor and left the teleportation Hall.

The demonic division had many buildings, but they were quite similar to The Human Division.

Time passed.

an hour later.

Ten-winged demon Emperor, Shen Moti, and the others arrived at the ‘main hall of the demon race’s division of bloodlines’. The main hall was magnificent, magnificent, and magnificent.

There were a total of nine levels.

“Please,” he said.

Shentimo raised his hand.

“Rumble!”

The palace door opened automatically.

“Alright,” he said.

Ten-winged demon Emperor nodded and entered first without any hesitation.

Zh0214 followed closely behind. They walked along the wide corridor and passed by a large Palace.

Obviously.

The interior of the ‘main hall of the demonic race’s division of bloodlines’ contained another universe. Using a ‘spatial formation’, the space within had been expanded by many times, resulting in such a scene.

Finally.

Ten-winged demon Emperor and the others arrived at the main hall.

within the palace.

“Ten-winged demon Emperor,”

“they’re here.”

“please take a seat, please take a seat.”

One after another.

The other demon emperors greeted ten-winged demon Emperor.

“Many thanks.”

Ten-winged demon Emperor returned the greeting and sat down in the row on the right.

Zh0214 and Shi Quan Yun stood behind ten-winged demon Emperor.

Time passed.

One by one, the demon clan's Hall Masters arrived with their Deputy Hall Masters. There were also other demon emperors who arrived later than ten-winged demon Emperor.

Finally.

Wutian demon Emperor arrived.

Qianfu demon Emperor and seven Lotus demon Emperor followed behind Wutian demon Emperor.

“wutian demon emperor!”

“Greetings, Wutian demon Emperor!”

“!!!”

Instantly.

None of the demon emperors and demon Palace Masters dared to sit. They all stood up and saluted Wu Tian.

The ten-winged demon Emperor was no exception.

It could be seen from this.

how powerful was wutian demon emperor's might?

“He's Wutian demon Emperor.”

Jiang Li clearly saw Wutian's appearance through the modified super holographic soldier.

Blonde hair, blue eyes, Black Dragon robe, and a pair of Black Dragon horns on his head.

His eyes were pure purple-black.

shua!

suddenly.

Wutian demon Emperor's eyes were as sharp as a sword as they fell on the modified 'super Intel soldier'. Jiang Li felt great pressure just by looking at the projection.

Wutian demon Emperor walked straight to ten-winged demon Emperor.

"Not good!"

No... Jiang Li was shocked. QX01, cut the communication immediately.

Obviously.

wutian demon emperor sensed the spying of the modified 'super information soldier'.

"Whoosh!!!"

Energy surged.

Wutian demon Emperor reached out and mobilized the spiritual energy of heaven and earth, forming a huge palm. It was extremely solid, and it directly grabbed the modified 'super Intel soldier'.

“Wutian demon Emperor, what are you doing?”

Ten-winged demon Emperor was greatly alarmed and immediately stood in front of him.

It was impossible for him to watch Wutian demon Emperor destroy the demon clan's communication puppet in front of everyone.

Shua!

The screen turned black.

the communication was cut off.

Jiang Li couldn't see anything.

“chief sovereign, we've already cut off all communications.”

QX01 reported.

“Yes, I am.”

Jiang Li fell silent. as expected of the No. 1 Wutian demon dynasty. Wutian demon Emperor sensed the spying of the 'super Intel soldier' so easily. ”

“I hope ten-winged demon Emperor can stop Wutian demon Emperor.”

jiang li shrugged.

Obviously.

Jiang Li didn't know what happened next. He could only contact zh0214 when he came back.

“Hidden Dragon,”

” teleport. ” jiang li stood up and shouted, ” prepare to teleport. destination: Ten-winged imperial capital, teleportation target: Wang Gang, WMS01, MYL01, SSTs01.”

and an Army of fifty billion meches.

“Yes!”

Hidden Dragon replied.

“Whoosh!!!”

Kjzjd04 and kjzjd05 activated at the same time. An invisible spatial light beam crossed the space and covered the mech factory of the No. 01 army base and Jiang Li.

A white light flashed.

The teleportation had already begun.

Shua!

Jiang Li disappeared into thin air.

Chapter 598 The war

The scene changed.

Jiang Li had successfully arrived at the Western Region of the Saint peace state through the mechanical space Station base. He was now tens of thousands of meters above the ground.

Right in front.

It was a vast floating continent.

It was called the ten-wing continent.

At the edge of the endless mainland.

“Chief sovereign.”

Shua!

Wang Gang stood on Jiang Li’s right side respectfully.

shua! shua! Shua!

in the surroundings.

WMS01, SSTs01, and MYL01, the three level-seven meches, stood on Jiang Li’s left side.

buzzzzzz! Wuwuwuwuwu!

Behind Jiang Li.

Two hundred battlefield commanders, hundreds of super holographic soldiers, five hundred thousand controllable nuclear fusion super soldiers, and millions of level five meches.

Billions of level three meches.

Tens of billions of level two meches.

They had officially formed a mechanical Army of 50 billion soldiers.

“Rumble!”

The rumbling sounds of various mechanical engines reverberated in all directions.

The huge mechanical Army was like a vast ocean of machines, covering the sky. One could not see the end of it.

At the same time.

At the center of the ten-winged continent.

Ten-winged imperial capital.

Shua! Shua! shua!

It could be seen.

In the sky above the Imperial City, countless figures broke through the air and arrived. Each of these demons had reached the sixth rank and above, and they gathered in the Demon King Palace.

Tens of billions of enemies had suddenly appeared around the ten-wing continent. The formation was so huge that the demons of the ten-wing dynasty noticed it at once.

He immediately took action.

“Princes and marshals, please immediately issue an order to gather all the monster troops.”

The second Prince, he lingqi, said in a deep voice, the enemy’s attack this time is too strange. It’s as if they appeared out of thin air around ten-wing continent.

moreover, the enemy launched an attack on our ten-winged dynasty at this time, and his Majesty has already divided the demon race. It’s very likely that the enemy has already known about this matter.

“That’s why we can’t let our guard down,”

“those who come are not friendly, and those who come with good intentions will not come.”

“Understood.”

don’t worry, second Prince. Even if His Majesty and the Prince aren’t here, the demon Army of the ten-winged dynasty that’s gathered on ten-wing continent won’t give the enemy any chance to take advantage of us.

“That’s right.”

the Eight Princes are all Level 7 powerhouses. Other than that, there are eight Level 7 powerhouses who aren’t showing their faces. There are 16 level 7 powerhouses in total, thousands of Level 6 powerhouses, and nearly 50 billion demon troops. What do we have to fear? ”

“Prepare for battle!”

“Annihilate the enemy!”

“!!!”

The demon marshals and Marquises all shouted.

He was full of confidence.

“Rumble!”

the earth trembled.

Not long after.

Ten-winged dynasty’s demon Army started to gather, and huge floating battleships rose into the sky. In the blink of an eye, they covered the sky.

He couldn’t see the end either.

Buzzzzzz! wuwuwuwuwu!

A large number of formations began to operate, and a series of formation diagrams appeared in the sky.

the spiritual qi of heaven and earth trembled.

“the demon army.”

Jiang Li looked at the ten-winged continent in front of him. He could clearly see floating battleships rising up from the continent and the overwhelming military aura.

...

It was as if it had become real.

it even formed a spirit qi storm.

His momentum was like a rainbow.

Among them.

The monster army was led by the 16 level-seven monsters. Jiang Li could clearly feel the strong aura from them.

It was not to be underestimated.

the size of the demon race's Army is no smaller than my mechanical Army.

Jiang Li murmured.

“chief sovereign.”

At this moment.

The commanders saluted Jiang Li and said, ” the ‘mechanical Army’ made up of 50 billion meches has arrived at their destination. Please give the battle order.

...

“alright,” he said.

Jiang Li's eyes were calm. He looked at the ‘ten-winged continent’ in front of him, waved his hand and shouted, ” all troops, hear my order. Attack the ten-winged continent and destroy the ten-winged imperial capital.

“With the fastest speed and the fiercest attack.”

“The demon Army that destroyed the ten-winged dynasty.”

“Don’t leave a single one!”

“Yes!”

“yes, sir!”

“Mechanical Army! Attack!”

“Rumble!”

As soon as he finished speaking.

The war began.

jiang li’s mechanical army attacked first.

First of all ...

The vast mechanical Army spread out. The tens of billions of stage two elite mech soldiers formed different ‘mechanical armies’.

They attacked ten-wing continent from all directions.

Bang Bang Bang Bang!

The Super artillery Army and the omnipotent Tank Army fired tens of billions of cannonballs, covering the sky like a storm.

It bombarded ten-wing continent.

it was difficult to describe such a vast scene.

Jiang Li stood at the back of the mechanical Army and looked at the battlefield.

It caused an extremely terrifying destructive power.

“Demon Army, hear my order! Kill!”

“Stop them!”

“Attack!”

“Activate the formation!”

BOOM! BOOM! BOOM!

The demon Army retaliated quickly. An array was set up on the floating battleships. As the array was activated, the array diagram circulated and shone brightly. Beams of light broke through the sky.

“Rumble!”

A large number of cannonballs exploded in the air. It was extremely dazzling, like fireworks. It was extremely gorgeous, and waves of shock waves spread out.

“Ah!”

A miserable scream rang out.

Many of the cannonballs broke through the array of light beams and bombarded the floating warships, sinking many of them and exploding.

Kachaa! “crack!”

At the same time.

More cannonballs landed on the ten-wing continent. Under the bombardment, the mountains of the ten-wing continent collapsed, the ground cracked, and the lakes were buried. It was as if a terrible earthquake had occurred.

A corner of the ten-wing continent was split open.

a large number of boulders fell.

Based on this destructive power ...

Jiang Li only needed to rely on the Super artillery mechanical Army and the omnipotent tank mechanical Army to carry out continuous bombing and even sink the entire ten-wing continent.

They could even destroy the entire continent.

One had to know.

The 'ten-wing continent' wasn't small. It was equivalent to one-third of the northern region of the Holy peace state.

“They are the Army of the great Xia Dynasty!”

this kind of attack and weapon, as well as those special soldiers, can only be the great Xia Dynasty's Army. I didn't expect the great Xia Dynasty to have so many soldiers!

the problem is that the great Xia Dynasty is in the northern region of the Saint peace state. How could they suddenly appear here? ”

“This bi an ...”

one had to know.

The ten-winged dynasty wanted to destroy the great Xia Dynasty, so they knew about it. They knew that Jiang Li had special soldiers and war weapons.

so,

The various princes and generals of ten-winged dynasty recognized it at a glance.

However ...

They were shocked.

Due to the great distance between the great Xia Empire and the ten-winged Empire, it was impossible for an Army of tens of billions to hide their tracks.

However ...

However, the princes and generals of the monster race of the ten-winged dynasty did not receive any news.

It was as if the great Xia Dynasty's Army had appeared out of thin air around ten-wing continent.

“continue the attack.”

Jiang Li waved his hand.

“Yes!”

” sovereign dragon divine weapon mech army, move out! ”

“Roar Roar Roar!”

The Dragon roared.

The stage three mech Army started to attack. First, there were black steel true dragons flying in the sky. There were more than one billion meches.

Buzzzzzz! “Whoosh!!!”

More than one billion steel true dragons roared and breathed. The energy flames gathered together to form a vast sea of fire.

It enveloped the demon Army.

“A mere sea of fire is nothing but a trifle,”

“Set up the formation immediately!”

Buzzzzzz! Wuwuwuwuwu!

Immediately.

The murderous military Qi gathered, and the Army formation was activated, forming a Grade 6 army formation beast. It was a black flood Dragon that was a million meters long.

“Roar!”

The flood Dragon in the battle formation roared and roared towards the sky. It opened its bloody mouth as if it could swallow a giant mountain. Then, it roared out vast Black Dragon flames.

Bang Bang Bang Bang!

the black dragon flames blocked the vast sea of energy flames.

The scorching temperature seemed to have ignited the air.

Tri-perch armored soldier mechanical Army, move out!

laser destructive mech Army, move out!

” the mechanical army of the superconducting ares-class weapon is moving out! ”

“.....”

BOOM! BOOM! BOOM!

The mechanical Army’s attack was far from over. The sea of flames from the Overlord Dragon divine weapon was just the appetizer. Countless lasers, cannonballs, missiles, and so on were fired.

they continued to bombard the demon army.

The Level 4 and Level 5 meches attacked one after another.

kill!!!

Buzzzzzz! Buzzzzzz!

At the same time.

The demon Army made up of tens of billions of demon soldiers of the ten-winged dynasty also launched counterattacks one after another, setting up Level 6 military formations.

In the sky above the battle.

Dozens of battle formation beasts that were millions of meters long appeared.

it blocked the bombardment of the mechanical army.

The battle was getting more and more intense.

On the battlefield.

Jiang Li's mechanical Army fought with the monster army. Dozens of beasts roared and blocked the bombardment.

There were also a large number of demon soldiers and meches fighting in close combat.

Every minute and every second.

Some demon soldiers died and some meches were scrapped.

The entire battlefield had covered the entire ten-wing continent.

The ten-winged continent trembled continuously. Under such an intense and terrifying battle, the mountains and peaks were shattered, and the ground cracked and collapsed.

” the weakest of these special soldiers of the great xia dynasty is a stage two! ”

“Si si si ...”

“I'm sorry to trouble you,”

“.....”

the various kings and generals of ten-winged dynasty had grave expressions on their faces, and they no longer had the confidence they had before the battle.

One had to know.

Although the ten-winged dynasty also had 50 billion demon soldiers, they were much worse in quality. 60% of them were low-level demon soldiers. They couldn't be compared to Jiang Li's mechanical Army at all.

Jiang Li's mechanical Army.

Even the weakest was at the 2nd rank.

so,

Even with dozens of level-six battle formations, Jiang Li's meches could still crush the unranked demon soldiers of the ten-winged dynasty.

"We can't let this continue."

The second Prince took a deep breath and shouted, "immediately change the battle strategy and set up a Grade 7 army formation. Use the power of the grade 7 army formation to suppress the enemy.

"we'll all attack."

"Alright!"

"I understand."

"Then let's do it,"

kill!!!

Shua! Shua! Shua!

As soon as he finished speaking.

The 16 level 7 Demon Princes and generals, as well as over 1000 Level 6 demon Marquises and generals, were like streaks of extreme light.

All of them charged into the battlefield.

Jiang Li smiled. since the level-seven and level-six monsters of the ten-winged dynasty are all here, Wang Gang, WMS01, MYL01, SSTs01, and the mechanical controllable nuclear fusion super soldier team.

“it’s time for you guys to show off.”

Chapter 599 nuclear level

After Jiang Li gave the order.

First of all ...

Shua! Shua! Shua!

500,000 level-six controllable nuclear fusion super soldiers flew out from behind Jiang Li.

They were driven by nuclear fusion energy, and each of them had a pair of blazing white energy wings condensed by nuclear fusion energy on the ribs of their back.

” fusion beam! ”

Whoosh! Whoosh! Whoosh!

The mechanical-controlled nuclear fusion super soldier launched an attack. It condensed the nuclear energy, condensed it to a point, and fired it out in the form of a laser.

The fusion Light beam that contained terrifying nuclear energy seemed to be able to penetrate space.

bang bang bang bang!

There was a series of explosions.

One had to know.

This wasn't just one or two.

it was a total of 500000.

Quantity led to qualitative change.

Roar! Roar! "Roar!"

The huge Grade 6 army formation beast charged over.

"Rumble!"

it could be seen.

The 500,000 fusion beams tore through the sky, tearing the million-meter type 6 formation-type beast into pieces.

It exploded.

“Ah!”

A shrill scream reverberated through the entire battlefield.

Pfft! pfft! “pfft!”

Blood splattered everywhere.

Broken limbs flew and corpses fell to the ground.

It was only one round of attack.

In just a few minutes, they had destroyed a total of 20 to 30 Grade 6 military formations, killed over a billion demon soldiers, and almost pierced through ten-winged continent.

sixth-tier Suan ni!!!

“Hundreds of thousands of Type 6 experts!”

“No! This was impossible! That’s impossible!”

“!!!”

Fear!

aghast!

He trembled!

Fear!

Fear spread in the hearts of the tens of billions of demon soldiers. They looked up at the 500000 controllable nuclear fusion super soldiers in the sky.

A shadow loomed over them.

“This Suan ni, this Suan ni”

The thousands of Level 6 demon Marshals and demon generals all stopped in their tracks. Their faces were pale, and cold sweat appeared on their foreheads.

He was afraid!

They were truly afraid!

one had to know.

The entire force of the ten-winged dynasty only had a thousand Level 6 demons. However, the great Xia Dynasty’s Army actually had a total of five hundred thousand Level 6 demons.

This was five hundred times more than what ten-winged dynasty had.

The difference was too great.

It was simply too big.

“Heavens! Is this for real?”

“500000!”

even the ten great demon dynasties added together might not be able to gather 500000 Level 6 demons!

“is great xia really just an empire?”

“.....”

The level 7 Demon Princes could not help but feel fear.

...

“Are you all scared silly? set up the formation!”

The second Prince bellowed.

“Hurry up!”

The third Imperial Prince also roared.

“Hurry!”

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

Immediately.

Ten-winged dynasty’s demon Army set up their formation again. The murderous military Qi and the spiritual energy of heaven and earth gathered together. This time, they set up a level 7 military formation, four level 7 military formations.

Roar! “Roar!”

The Black Dragon, the giant lion, the black turtle, and the Vermillion Bird.

Four types of Army beasts.

...

Every one of them was ten million meters long.

From afar.

It was as if four huge stars had appeared.

They were spread out in the world.

“Kill!”

The demon Princes controlled the level 7 army formation. The four Army beasts charged at the 500000 super soldiers.

Bang Bang Bang Bang!

A number of cannonballs, guided missiles, energy bombs, laser beams, Dragon Breath, and many other things were fired at the 4 type 7 army formation-type beasts from all directions.

“Black Tortoise shield!”

“whoosh!!!”

The huge black Tortoise let out a long hiss and a vast black light shield spread out, covering the entire area and blocking all the attacks.

“Fusion sun!”

Buzzzzzz! Buzzzzzz! “whoosh!!!”

This time.

the 500,000 mechanical-controllable nuclear fusion super soldiers all raised their hands and released ‘nuclear fusion energy’, condensing all the ‘nuclear energy ‘into’ nuclear light balls’.

After that.

They had gathered all the ‘nuclear energy balls’ together.

In the end.

A huge ‘fusion sun’ was formed.

Buzzzzzz! Buzzzzzz!

the nuclear energy glowed with a dazzling white light and floated in the sky above the battlefield like a sun.

“What a good fellow!”

” what? ” jiang li’s scalp tingled.

It was like a ‘fusion sun’ that was like a small sun. Jiang Li couldn’t predict how powerful it would be if it exploded.

It was enough to destroy an entire planet.

In reality.

The demons also felt their scalps go numb.

kill!!!

don't worry. No matter how strong the other party's energy fluctuations are, they're only Tier 6. A tier 7 army formation is enough to withstand all attacks below tier 8. We can't lose!

"I can definitely block it!"

four Grade 7 Army formations will definitely be able to defeat the enemy!

kill!!!

"Roar!"

The huge four-clawed Black Dragon roared. Under the second Prince's control, it gathered the power of the demon soldiers and charged straight at the Super soldiers.

"Explode!"

BOOM!

After that.

The 500,000 controllable nuclear fusion super soldiers waved their hands at the same time, and the 'fusion sun' above their heads smashed down.

It collided with the Black Dragon that was ten million meters long.

In that instant.

The 'fusion sun' exploded. It was hard to describe the scene of such an explosion. Only an extremely bright white light bloomed, and an extremely terrifying nuclear explosion was produced.

The space seemed to be torn apart.

buzzzzzz! “Whoosh!!!”

The Black Dragon released a blazing black light.

Bang Bang Bang Bang!

The energy of both sides clashed, and countless explosions rang out.

Kachaa! Kachaa!

Immediately after.

Cracks began to appear on the Black Dragon’s body.

“Ah!”

Pfft!

ah! the second Prince screamed and spat out blood.

At the same time.

There were also a large number of demon soldiers who suffered from the backlash of the Army formation.

“Vermillion Bird burns the heavens!”

“Whoosh!!!”

The next moment.

The Vermilion Bird rushed over, bringing with it endless Vermilion Bird flames as it collided with the power of the nuclear explosion.

“Roar!”

After that.

The giant lion and the Black Tortoise also rushed over one after another. With bursts of light, they resisted the power of the nuclear explosion. The four tier 7 Army beasts joined forces and finally blocked the power of the ‘fusion sun’.

Kachaa! Kachaa!

cracks appeared on the bodies of the four battle beasts.

Pfft! pfft!

the princes who were controlling the battle formation coughed up blood.

He was clearly injured.

A large number of demon soldiers had also died from the backlash of the battle formation.

the energy of 500000 controllable nuclear fusion super soldiers was also exhausted.

He needed to recover.

kill!!!

boom!

The second Prince raised his head. His eyes were bloodshot, and his killing intent surged. He roared, and the Black Dragon attached itself to his body. His aura rose continuously, and he rushed toward the mechanical controllable nuclear fusion super soldiers.

Hurry up!

The speed was extremely fast!

The power of the 'fusion sun' has probably reached the limit of the seventh-rank.

five hundred thousand mechanical-controlled nuclear fusion super soldiers gathered all the nuclear energy, " Jiang Li said. the quantitative change led to a qualitative change. It's upgraded from level six to the peak of Level Seven.

"What a pity."

I still can't destroy the grade 7 army formation. It hasn't reached the grade 8 level.

"Demon God's eye!"

Shua!

WMS01 flew across the sky and used all sorts of skills. The demon God's eye appeared, and a purple-black light pierced through the second Prince.

"It's a seventh-rank!"

The second Prince of the Goblin race attacked with all his might. With the help of the Black Dragon, he managed to block WMS01's attack.

Shua! Shua!

MYL01 and SSTs01 appeared one after another.

“Don’t worry, they’re just three level 7 fighters!”

“you’re far from that.”

“We have sixteen Type 7 powerhouses, four to five times more than them.”

“As long as the other party doesn’t have a tier 8 existence, it will be difficult for them to break through our tier 7 army formation.”

“But Yingluo”

The demons were cheering themselves on.

However ...

On the battlefield.

Although Jiang Li’s mechanical Army was almost the same as ten-winged dynasty’s demon Army, the weakest of Jiang Li’s meches was at level two.

Their quality was far higher than the demon Army.

even though the meches were suppressed by the army.

He still had the upper hand.

so,

The war had continued until now.

the demon army was losing ground. a large number of them were killed by jiang li’s meches.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

A large number of soul Tinders flew over from the battlefield and rushed to Jiang Li like a rainbow. They were all captured by Jiang Li and he got a large number of soul Tinders.

Under such circumstances.

If the ten-winged dynasty's demon Army wanted to win, it would have to rely on the power of the 'tier 7 army formation' to kill 500000 controllable nuclear fusion super soldiers, WMS01, and the others in a short time.

Finally.

They would then charge into the battlefield and reverse the disadvantage of the demon Army.

however, it was obvious.

It was impossible for the ten-winged dynasty to do so.

"All troops, hear my order!"

maintain the operation of the four grade-7 military formations at all costs! the various princes shouted. there can be no mistakes. The victory or defeat of this war depends on this one move.

"We have to use all our strength to kill the enemy Type 7 and type 6 powerhouses, even if we have to exchange our lives for theirs."

"Yes!"

"We understand!"

kill!!!

“Bloodline ignition!”

Roar! “Roar!”

The 16 level 7 demons burned their bloodlines at the same time to increase their strength. Their power rose steadily, and a terrifying power surged.

The four battle formation behemoths that were tens of millions of meters long roared continuously.

They attacked.

“Rumble!”

The entire world seemed to be shaking.

what’s going on? ” Jiang Li felt the powerful aura.

“As expected of an ‘Overlord’ dynasty.”

Jiang Li took a deep breath and said, ” “he’s still able to unleash such a powerful force under such circumstances. if ten-winged demon emperor were here, he would have to pay a huge price to win this war.”

Wuwuwuwuwu!

Under Jiang Li’s order, Wang Gang appeared on the battlefield. He stood in front of the princes and faced the four level-seven beasts.

“You’re looking for death!”

the second prince's tone was cold.

“Nuclear palm!”

BOOM!

Wang Gang raised his right hand. Facing the Black Dragon that was charging at him, he used a powerful active attack skill and hit the Black Dragon.

in that instant.

it was in wang gang's palm.

An incomparably resplendent sun was born. The light was dazzling, and energy surged. Nuclear energy condensed, and the power of this palm surpassed the ‘scorching fusion sun’.

Just like this.

The palm struck the Black dragon's head.

Kachaa! “Crack!”

boom!

The Black Dragon exploded.

“Ah!”

Pfff!

” arghh! ” the second prince screamed.

He spat out a mouthful of blood.

His body was like a broken ceramic, with cracks appearing on it. Blood seeped out from the cracks and flew out.

“Rumble!”

One palm!

it was only one palm!

The grade 7 army formation was shattered.

Everyone was silent.

He leveled it with a palm strike.

The Vermilion Bird, the black turtle, and the giant lion stopped. The seventh-tier demons who were controlling the three battle formations turned pale and their bodies stiffened as if they were fixed in place.

Level eight!

the other party was an overlord of the eighth step!

Chapter 600 defeat

okay. Jiang Li nodded. He was very satisfied with Wang Gang's combat power. He destroyed a level-seven battle formation with one palm.

it could be said that ...

Wang Gang's attack had already shocked everyone present.

Combat strength at the peak of the eighth step.

He was invincible.

mechanical Army, hear my order.

attack! Jiang Li waved his hand. increase the attack power, block the way out, and kill the demon Army.

“Yes!”

More than two hundred commanders followed Jiang Li's orders and gave more detailed orders.

Buzzzzzz!

At the same time.

Jiang Li used 500000 energy points to restore the energy of 500000 level-six controllable nuclear fusion super soldiers.

“Kill!”

“Nuclear energy beam!”

“Whoosh!”

Under Jiang Li's order, the mechanical Army launched an all-out attack. Countless cannons, missiles, energy bombs, and lasers were used on the battlefield.

“Ah!”

Pfft! Pfft! “Pfft!”

Blood splattered everywhere.

Miserable shrieks rang out continuously as the demon soldiers were killed one after another.

“Demon God’s true body!”

“nirvana blade!”

“The sword of judgment!”

Shua! Shua! Shua!

At the same time.

wms01, ssts0, and myl01, the three level 7 meches, also entered the battlefield and killed the monsters.

“Nuclear palm!”

BOOM!

Wang Gang attacked again, using his skill. His palm print fell, and another small sun was born under his palm, containing extremely terrifying nuclear energy.

“No!”

The monster race powerhouses were immediately frightened.

At this moment.

They had personally experienced what true despair felt like. Against Wang Gang, who was at the peak of tier 8, even if they had a tier 7 military formation, it would be useless. They could not resist him at all.

he would only be crushed.

“rumble!”

The explosion resounded through the sky.

Kachaa! Kachaa!

when wang gang's palm fell, another battle formation beast was shattered. the black turtle, known for its defense, directly exploded with a single palm.

“Ah!”

The three tier 7 demons controlling the Xuanwu turtle screamed as they spat out blood. Countless cracks appeared on their demonic bodies, and they were all seriously injured.

Even though they had ignited their bloodlines and increased their strength, they were still like a Mantis trying to stop a chariot.

He was overestimating himself.

“eighth-ranked! He's really at the eighth step!”

“I can't block it! I can't block it at all!”

“If this continues, we're dead. We're really dead.”

“What do we do? What do we do now?”

Fear!

An indescribable fear spread in the hearts of the monsters.

“Kill!”

wang gang’s figure flickered as he took the initiative to attack. a vast mechanical psionic energy covered his entire body, and with bursts of light and surging energy, he charged toward the other two tier-7 army beasts.

“stop him!”

The demons shouted loudly as if this was the only way to muster their courage. The remaining two seventh-tier Battle Beasts, the giant lion and the Vermillion Bird, roared and charged at Wang Gang.

It stirred up a vast amount of heaven and earth spiritual energy.

...

Its might was monstrous.

It was as if two huge stars had collided.

in reality.

The giant lion and the Vermilion Bird were very powerful, and the seventh-level demons were also very strong. If they were facing an ordinary early-stage eighth-level demon, they could still fight.

However ...

Their enemy was ‘Wang Gang’.

Jiang Li had already upgraded Wang Gang to the perfected stage of level eight.

Plus ...

Wang Gang had gone from the type 1 realm to the type 8 realm, and had undergone a total of 7 changes and evolutions. His combat strength was extremely high, and could not be compared to any ordinary type 8.

“Double nuclear flat palm!”

Bang! Bang! Bang! Bang!

...

Wang Gang raised his hands and struck out with his left and right palms. A vast amount of nuclear energy gathered. From a distance, two blazing Suns gradually appeared in Wang Gang’s palms.

After that.

The giant lion and the Vermilion Bird were both killed without any suspense.

It exploded.

The two battle formation beasts were crushed.

as a result ...

The four level 7 formations of the ten-winged dynasty’s demon Army were all destroyed. The 16 level 7 demon experts were all heavily injured and covered in blood. They looked extremely miserable.

“Alright!”

A smile appeared on Jiang Li’s face.

Pfft! Pfft! Pfft!

On the battlefield.

As the level 7 army formation was destroyed, the meches were no longer suppressed by the formation. Their combat power recovered and they could use their full strength.

Even the weakest mech was a level two mech. It was a one-sided massacre when they faced the demon soldiers who had low cultivation.

“Kill!”

“Release electricity!”

“the storm is here!”

“.....”

!!!

The mech troops with close-range combat skills were fighting with the demons.

Water and electricity mech troops, three-perch armored troops, invisible energy troops, infinite super troops, Storm Giant troops, and so on.

the meches easily killed the demons one by one.

corpses were everywhere.

countless artillery shells and missiles were fired at the battlefield.

Smoke filled the air.

The broken limbs of the demons were scattered all over the ground.

“Explode!”

“Rumble!”

The Super soldiers attacked with all their might, and nuclear energy fell on the battlefield one after another. Terrifying nuclear explosions were produced, covering a large area.

“ah!”

The demons screamed in pain.

In the area covered by the nuclear explosion, without the protection of the military formation, the demons below level six were almost completely wiped out. Only level six demons could withstand it.

but he was also injured by the explosion.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

A large number of soul Tinders gathered together and formed a rainbow-like flood. They rushed towards Jiang Li and notifications popped up in front of him.

The situation was completely in Jiang Li's favor. The ten-winged dynasty's demon soldiers couldn't stop the mechanical Army.

More and more demons were dying.

The mechanical Army had annihilated the demon Army, and victory was only a matter of time.

At the same time.

Under the command of the commander, the meches had surrounded the battlefield and blocked the demon soldiers 'retreat. They killed the demons who tried to escape.

kill!!!

“Let’s fight it out with them!”

“Charge!”

At this moment.

The demons knew that they had no way to escape. In their despair, they started to charge at the mech Army, burning their bloodlines and attacking.

It could be seen.

Hundreds of level-six demons had gathered together and formed a powerful team. They were escorting the direct descendants of ten-winged demon Emperor, trying to break through the blockade of the mech Army and escape.

“We must find a way to get the Prince and the others out!”

if it wasn’t because His Majesty the Demon King left for the demon race division, how could the great Xia Dynasty have an opportunity to take advantage of it? how could the Demon King’s Secret whereabouts be known to the great Xia Dynasty? ”

“Detestable!”

“is there a traitor among us?”

but only the nine of us, the level Seven demon Marshal, the level six demon Marquis King, and the demon general knew that His Majesty had left!

The level 6 demon troops escorted the Prince and the other demons on their way. They even repelled the meches that were coming at them and avoided the Super meches that were controlled by the mechanical nuclear fusion.

They were extremely fast, and in the blink of an eye, they had crossed more than half of the battlefield.

“Demon God’s eye light!”

shua!

Just as the Tier 6 monster army was about to break through the mech Army, WMS01 blocked their way. The demon God’s true body appeared, and the demon God’s eye appeared.

In that instant.

The purple-black light in his eyes could penetrate everything.

Pfft! Pfft!

he had killed several level six demons in one move.

“nirvana blade!”

Shua!

MYL01 charged over, its pitch-black blade light sweeping across the sky as if it was splitting the firmament. It was extremely resplendent and contained a powerful might.

He chopped off the heads of two level 6 demons with a single slash.

“The sword of judgment!”

clang!

The sound of a sword.

SSTs01’s attack landed, and the holy sword light condensed, turning into an incomparably bright white sword light. It slashed down, cutting two Type 6 monsters in half.

Grade 7!!!

The Level 6 monsters all turned pale.

Shua! Shua! Shua!

At the same time.

Another 100,000 controllable nuclear fusion super soldiers attacked.

“we’re finished!”

“I can’t escape.”

“.....”

all the monsters and the princes were pale.

he was in a desperate situation.

At this moment.

At the highest point of the battlefield.

Wang Gang was fighting 16 level 7 demons. There were 16 level 7 demons with different levels of cultivation. One was in the perfected stage of Level 7, three were in the late stage, five were in the middle stage, and seven were in the early stage.

Shua!

“God of War’s strike!”

Wang Gang’s figure crossed the sky as fast as lightning, almost reaching the speed of light. He dodged the attacks one after another as he clenched his right hand into a fist, and a vast amount of mechanical psionic energy gathered.

Then, his fist turned pitch-black, like a Black Sun.

“Thump!”

He threw a punch.

the space seemed to collapse from this punch.

“Ah!”

Pfff!

A miserable scream rang out.

Wang Gang's punch blew up an early seventh level demon. His head exploded like a watermelon, and blood and flesh flew everywhere. He was killed in one hit.

“Super God of War fist!”

BOOM! BOOM! BOOM!

Wang Gang launched a series of attacks. He moved as fast as lightning, punching out one after another. Each punch was filled with powerful energy.

One by one, the type 7 monsters were killed by Wang Gang's fists.

The corpse fell.

run!!!

Finally ...

After Wang Gang killed six Level 7 monsters easily, the remaining Level 7 monsters could no longer withstand the pressure. Their will collapsed, and they lost all will to fight.

They started to run.

The ten Level Seven monsters fled in ten different directions.

“Astral battle technique.”

Shua!

Wang Gang began to chase at full speed. As if he was teleporting, he chased after the level 7 demons one by one. As long as Wang Gang caught up, he would kill them with a palm strike.

kill!!!

BOOM!

At this moment.

He lingqi, the second Prince of the ten-winged dynasty, noticed Jiang Li who was watching the battle from a distance while Wang Gang was chasing the other level-seven monsters.

Buzzzzzz! Buzzzzzz!

His bloodline was burning madly.

He concentrated all his power and raised his own strength to the limit at all costs, reaching the limit of what he could achieve.

His entire body.

It was burning with the blood-colored flame of the bloodline.

Behind him.

It conjured an incomparably huge flying snake.

It has four pairs of wings.

Eighth-rank bloodline.

the eight-winged flying snake!

“Death snake’s kiss!”

he lingqi's eyes were filled with endless madness. disregarding his own life, he gathered all his power and the eight-winged flying snake merged into his body.

at this moment.

He lingqi seemed to have been elevated to the extreme.

He turned into a ray of light, like a sharp sword, a light beam, and a snake. It pierced through the space and charged at Jiang Li.

Activate 'dominating mech soldier'.

Jiang Li slowly raised his right hand. target confirmed. Jxzs01 Star Destroyer-Wang Gang, skill: Nuclear palm.”

BOOM!

After that.

Wang Gang! Jiang Li slapped down and used Wang Gang's skill.
