

## Army 601

Chapter 601 evolution

At this moment.

When Jiang Li released this skill, he clearly felt the power of ‘nuclear energy’.

It was an extremely violent energy that possessed a terrifying destructive power.

This destructive power gathered in his palm and was completely under his control.

“exterminate!”

“BOOM!”

die! Jiang Li’s palm hit him directly. He created a red sun and threw it at the second Prince, he lingqi.

“No!”

He lingqi’s eyes widened. Facing the power of this move, he felt how small he was. It was a power that completely surpassed his own.

It was impossible to resist.

Bang!

An explosion sounded.

It could be clearly seen.

Jiang Li's palm destroyed all of he lingqi's moves. His bloodline Dharma form collapsed, the light disappeared, and his energy was destroyed. His body was turned into ashes under the nuclear energy!

He died immediately!

After the light dissipated.

All that was left in the air was a corpse that was as black as charcoal.

His life force was completely extinguished.

Buzzzzzz!

At this moment.

seven-colored light! the body glowed with seven-colored light. It quickly gathered together and turned into a seven-colored light spot, flying toward Jiang Li.

It merged into Jiang Li's forehead.

Shua!

[ acquired a tier 7 soul Tinder! ]

A notification appeared.

“Alright!”

a smile appeared on jiang li's face.

A few minutes later.

shua!

Wang Gang had returned.

“My Lord, all the level 7 demons have been killed.”

Wang Gang reported to Jiang Li.

“yes.”

alright. Jiang Li nodded and ordered, ” help the mechanical Army destroy ten-winged demon Emperor’s Army.

“yes, sir!”

Wang Gang nodded.

Shua!

After that.

Wang Gang charged into the battlefield. With the combat strength of a peak-stage tier 8, he was naturally an invincible existence, killing a large number of demons.

Time passed.

After about half a day.

The war was over.

Nearly fifty billion demon soldiers were annihilated by Jiang Li’s mechanical Army. The mechanical Army had lost about ten billion meches.

the entire ten-wing continent was almost broken into pieces.

“Chief sovereign.”

Buzzzzzz!

At this moment.

WMS01 came forward with a dark purple glow around his body. His aura was extremely unstable. my evolution progress has reached 100%.

“Oh.”

jiang li’s eyes lit up and he immediately checked wms01’s information.

WMS01’s evolution progress had indeed reached 100%.

In other words ...

WMS01 could be upgraded to the early eighth-rank.

...

this was truly a pleasant surprise.

Other than that.

The evolution of both the MYL01 and SSTs01 had been greatly enhanced.

First of all ...

Jiang Li first used 240 trillion energy points to upgrade MYL01 and SSTs01 from mid-stage to perfected-stage level Seven.

Furthermore ...

The current evolution of both MYL01 and SSTs01 had reached a 50% completion rate.

In other words ...

Only half.

They would be able to level up to early-stage tier 8 like WMS01.

at that time.

...

Jiang Li would have four level-eight meches and his strength would increase by leaps and bounds.

after all ...

This time, Jiang Li had destroyed an Overlord dynasty.

They had killed 50 billion demons.

Of course.

The ten-winged dynasty could only be considered the weakest Overlord dynasty.

‘Promoted to mechanical pseudo-Demon God WMS01.’

Buzzzzzz!

Jiang Li used one trillion energy points to level up WMS01. A large amount of energy points went into WMS01's body.

The purple-black light flickered.

It was undergoing a transformation and advancement.

a few seconds later.

The purple-black light disappeared.

wms01 had completed its promotion.

It was now at the initial stage of the eighth rank.

“Thank you, chief sovereign!”

WMS01 saluted Jiang Li.

“Yes.”

Jiang Li looked at him up and down.

after advancing to the initial stage of the eighth step.

WMS01's body shape had not changed. It was still muscular and burly. It was still nine meters tall and its skin was still dark purple.

Its feet and hands were covered in diamond-shaped scales.

on its head were two spiral horns.

it looked like a bull's horn.

his eyes were purple-black in color.

It was like a crystal.

The only change.

It was the area between his eyebrows.

A third eye appeared.

It was closed now.

With the third eye as the core, there were purple lines that looked like octopus whiskers. They spread to the temples of his head and stopped at the base of his ears.

shua!

Jiang Li checked WMS01's message.

special troop Type: Mechanical pseudo-Demon God

[ Demon God machinery: Jian Jia (omitted) ]

promotion condition: can not be promoted!

[ evolution progress: 0% ]

“Yes.”

Jiang Li had already read through WMS01’s basic information and nodded. The original seven skills had not changed.

Of course.

although there were no changes to his skills, he was still a powerful man.

however, wms01 had been upgraded to the early stage of the eighth rank, so the power of its skills was naturally a huge indicator.

other than that.

there was also a new skill.

At the same time.

his weapons and equipment had also improved.

“Other than Wang Gang, there’s another one at the eighth step now.”

Jiang Li was in a good mood.

“Repair them all.”

Buzzzzzz! Wuwuwuwuwu!

Soon after.

Jiang Li first used forty billion energy points to repair all the meches.

all troops, listen up. Clean up the battlefield immediately and start plundering all of ten-winged dynasty’s resources. Then, move them all to the Super transport troop.

go! Jiang Li ordered.

“Yes.”

“yes, sir.”

Immediately.

The forty billion meches began to work according to Jiang Li’s orders.

The entire ten-wing continent.

He looked around.

There were huge deep pits created by artillery shells and missiles, as well as large areas of damage caused by nuclear explosions. The terrain and terrain had completely changed.

It could be said that ...

The fact that the ten-wing continent had not been sunk was already a blessing.

Demon corpses were scattered all over the mountains and plains.

Blood gathered.

It formed a huge sea of blood.

The smell of blood was very heavy.

Unable to disperse.

Since Jiang Li didn't bring a human array master team, he couldn't refine these monsters' bodies with arrays. He had to put them aside for now.

Time passed.

The meches were cleaning up the battlefield carefully. They carried the remains of the meches and the weapons and armors of the demons. They were all useful materials.

Naturally, it couldn't be casually thrown away.

In reality.

On the ten-winged continent.

There were a few demon civilians living there, but they all died in the aftermath of the war. Other than that, there were also a large number of ferocious beasts living on ten-wing continent.

However ...

These beasts were also mostly destroyed by the aftermath of the war.

Currently.

There were basically no living beings left on the entire ten-wing continent.

There was only vegetation.

In the central region of ten-wing continent.

Ten-winged imperial capital.

” imperial capital. ” jiang li arrived. he stood in the air and looked down at the huge imperial capital. from afar, it was already magnificent.

Ten-winged Emperor was well preserved.

Shua!

let's go. Jiang Li flew down and entered the imperial capital. It was quiet in the imperial capital. He couldn't see any monsters.

This was because all the monsters had participated in the war and died.

“chief sovereign.”

At this moment.

Nine ‘super Intel soldiers’ ran over from the Demon King Palace. They stood in front of Jiang Li and saluted him.

“Yes.”

jiang li nodded and asked, ” “What do you guys know about the ten-winged Emperor? Do you know where the spirit crystals, herbs, pills, and other materials are stored?”

my Lord, zh0214 has asked us to note down the storage locations of all the resources and the location of the ten-winged dynasty’s Treasury.

“Alright!”

Jiang Li smiled.

“Go on.”

let’s go. Jiang Li waved his right hand and ordered, ” lead the way with nine modified ‘super Intel soldiers’. Find every lower-grade spiritual crystal of the ten-winged dynasty and all their resources.

“yes.”

“Yes, sir.”

Behind Jiang Li.

The meches formed a mechanical Army. Under the lead of the nine modified ‘super Intel soldiers’, they swarmed into the ten-winged imperial capital like a tide.

They would search for resources in every building and building.

“Chief sovereign.”

Zh01 came over and reported to Jiang Li, ” “We’ve already found the spirit crystal vein of the ten-winged dynasty.”

“Oh.”

” yes. ” jiang li’s eyes lit up. ” lead the way. ”

“yes.”

Zh01 led the way.

A few minutes later.

They had arrived at their destination.

it was about a hundred miles away from the ten-winged emperor’s capital.

It was the core of ten-wing continent.

What came into Jiang Li’s sight was a huge mountain that was 100000 meters tall. It pierced through the sky and reached into the clouds. He couldn’t see the peak clearly.

in the surroundings.

there were also peaks that were ten thousand meters high.

around the mountain peak.

They were surrounded by a large number of meches.

After approaching.

Jiang Li found a large number of slaves.

Humans, barbarians, half-demons, demons, and so on.

It had everything.

Other than that.

He even set up a series of formations.

Among them.

A Grade 7 formation was set up on the main peak of 100000 meters, and the remaining 10000 meters were Grade 6 formations, and there were quite a number of them.

It was precisely because of these formations.

Only then did the ‘mining slaves’ manage to survive the aftermath of the war.

“Chief sovereign.”

Zh01 continued to report to Jiang Li, ” “We’ve discovered a total of 221 small spirit crystal mines, 70 medium spirit crystal mines, and six large spirit crystal mines.”

“so many,”

jiang li was surprised and said, ” as expected of a transcendent dynasty. The number of spiritual crystal mines far exceeded my expectations.

Obviously.

Ten-winged demon Emperor must have used the ‘spiritual vein dragon control technique’ to gather all the spiritual crystal mines of the ten-winged dynasty together. This would make it easier to mine and transport them.

“Chief sovereign.”

” there are 30 small-scale spirit crystal mines with excessive spirit energy radiation, 10 medium-sized spirit crystal mines, and no large-scale spirit crystal mines. ”  
zh01 continued.

“Yes.”

Jiang Li nodded. there’s no hurry. Let’s find all the spiritual crystals, herbs, and spiritual herbs that the ten-winged dynasty has. I’ll convert them all into energy points.

“Yes.”

Zh01 nodded.

“My Lord, what should we do with these mine slaves?”

Zh01 asked.

“Let’s leave it for now, don’t let them cause any trouble.”

I'll turn them all into slaves of the great Xia Dynasty when I have time, " Jiang Li said.

"Yes, sir."

Zh01 nodded again.

soon after.

Jiang Li returned to the ten-winged imperial capital and entered the Demon King Palace.

The meches were divided into several teams to carry all kinds of supplies. Pills, materials, and other resources were all transported to the Super carriers.

Spiritual herbs, medicinal herbs, spiritual crystals, and other resources.

They were transported to the Demon King Palace.

They were all piled up in front of Jiang Li.

Not long after.

A large number of medicinal herbs and spirit herbs had already piled up like a mountain.

the battlefield commander.

let's go, " Jiang Li ordered. leave ten billion meches to clean up the battlefield and carry and search for supplies. The remaining thirty billion meches will spread out around ten-wing continent immediately. Try to hide and set up an ambush.

"Wang Gang, WMS01, the two of you get into action as well."

“Yes.”

“Yes, sir.”

All the commanders, Wang Gang, and WMS01 answered at the same time.

Shua! Shua!

after that.

The mech Army started to move.

Obviously.

Jiang Li was planning to wait for ‘ten-winged demon Emperor’ to come back on ten-winged continent.

Chapter 602 The Earth Book

In the Demon king’s palace.

Jiang Li was sitting on ten-winged demon Emperor’s Dragon Throne. He was closing something and running the great Xia Azure Dragon art. The Azure National aura was surging around him and then surging.

It was as if the waves were rolling.

“Roar!”

After that.

A loud Dragon's Roar was heard.

It was the manifestation of the great Xia Azure Dragon, whose body was twelve thousand meters long. The huge Azure Dragon's body pierced straight into the clouds, alternating between illusion and reality, and quickly rushed out of the Demon King Palace, circling in the sky above the ten-winged imperial capital.

Buzzzzzz! Buzzzzzz! "Whoosh!!!"

The wind and clouds changed, and spirit Qi seethed.

At the same time.

Through the Azure Dragon, Jiang Li could clearly feel the fate of the ten-winged dynasty. At this moment, the fate of the dynasty was shaking violently and was even dissipating.

Obviously.

This was because the demon Army of the ten-winged dynasty had been completely annihilated.

heavy casualties.

That was why such a situation had occurred.

the foundation of the empire was shaken.

"Devour!"

"Roar!"

let's go. Jiang Li activated his technique and controlled the Azure Dragon. The Azure Dragon glowed and opened its huge mouth, swallowing the fate of the ten-winged dynasty that was collapsing.

Time passed.

the azure dragon's body was slowly growing.

“Alright,” he said.

Jiang Li felt the change in the Azure Dragon and was happy.”this time, after devouring the fate of the ten-winged dynasty, the azure dragon of the great xia will definitely experience a massive increase in strength.”

Shua!

Jiang Li let the Azure Dragon devour the fate of the dynasty. Then, he opened the game interface of ‘super divine mechanical Army’ and the Dominator panel.

Soul Tinder.

He checked the number of soul Tinders.

” soul tinder: 18.39 billion level-one soul tinders, 1.9 billion level-two soul tinders, 180 million level-three zero tinders, 2 million level-four soul tinders, 19000 level-five soul tinders, 120 level-six soul tinders, 3 level-seven soul tinders. ”

“One-click fusion.”

Wuwuwuwuwu!

The function was activated.

Shua! Shua! Shua!

The interface was constantly refreshing with notifications.

In the blink of an eye.

after all 18.39 billion level-one soul tinders were merged, jiang li had 603 million level-two soul tinders.

“continue.”

Jiang Li fused 2.503 billion level-two soul Tinders and successfully got 42 million level-three soul Tinders.

fuse stage-three soul Tinder with one key!

shua! Shua!

After all 222 million level-three soul Tinders were merged, Jiang Li had 2.5 million level-four soul Tinders.

“Whoosh!!!”

immediately after.

Jiang Li then fused another 4.5 million level-four soul Tinders and got 45000 level-five soul Tinders, plus 19000.

The number of Tier 5 soul Tinders had reached 64000.

fuse the fifth-rank soul Tinder!

Jiang Li continued to merge.

Shua! Shua!

Very quickly.

The 64,000 level-five soul Tinders were fused into 640 level-six soul Tinders.

fuse the sixth-tier soul Tinder!

Finally.

Jiang Li fused all 760 level-six soul Tinders and got eight level-seven soul Tinders in total.

soul Tinder: 11 level-seven soul Tinders.

...

“Alright!”

I have eleven level-seven soul Tinders. I’ve fulfilled the requirements to unlock the mechanical interstellar Army.

shua!

Jiang Li closed the interface.

“convert!”

“Whoosh!!!”

Soon after.

I'll take it. Jiang Li started to convert the herbs and spirit herbs.

conversion complete. 100 billion energy points obtained!

.....

conversion complete. 300 billion energy points obtained!

...

.....

Ten-wings dynasty had a large number of spirit herbs and medicinal herbs. If he wanted to convert all of them into energy points, he would need a lot of time.

At this moment.

The demon race was divided into two main halls.

in the main hall.

Nine demon emperors and ten demon Palace Masters.

At the very top.

sitting there were two monster race vice division heads.

The meeting had progressed to this point.

It was almost over.

The demon emperors and the demons had already discussed the next action plan.

The main core of the operation plan.

it required the use of a 'treasure', and it was precisely because of this 'treasure' that the demon race had such great confidence in starting a 'dynasty war'.

This treasure was called The Earth Book.

BOOM!

Suddenly.

Ten-winged demon Emperor's aura trembled.

Roar!

The next moment.

A sorrowful Dragon's Roar came out of his body, and the Empire's fate shook. A purple true dragon of the country's fate automatically manifested, and countless cracks appeared on the Dragon's body.

"No!"

Ten-winged demon Emperor's expression changed drastically.

"Pfft!"

Ten-winged demon Emperor spat out a mouthful of blood, and his face was as pale as paper.

"Ten-winged demon Emperor!"

“What are you doing?”

“Si si si ...”

“The true dragon is wailing, and the fate of the nation is crumbling. Ten-winged demon Emperor, something big has happened to your dynasty!”

“This Suan ni, this Suan ni”

In the surroundings.

The demon emperors looked at ten-winged demon Emperor with slight changes in their expressions.

“Your Majesty!”

ten power gu’s expression also changed drastically. he also possessed the fate of the ten-winged dynasty, and the flood dragon of the fate of the nation on his body also manifested and let out a wail.

Kachaa! kachaa!

the flood dragon’s body was constantly splitting apart.

“Obviously, something has happened.”

All the demons present also had grave expressions.

“go! Go back immediately!”

Buzzzzzz!

Ten-winged demon Emperor's face turned gloomy. He quickly suppressed his churning blood Qi and used his cultivation to suppress the true dragon of the National aura that was constantly cracking.

However ...

He still could not stop the collapse of the empire's fate.

Ten-winged demon Emperor could guess without even thinking that something shocking must have happened to the ten-winged dynasty.

Furthermore ...

There was a high possibility that an unpredictable disaster had occurred.

Otherwise ...

The true Dragon's situation would not be so bad.

ten-winged demon emperor couldn't care about anything else. he only wanted to return as soon as possible.

"Yes."

Ten power Gu quickly followed.

"Your Majesty."

zh0214 suddenly said, "If the 'demon clan's communication puppet' is still here, we will be able to contact the puppet automatons in the imperial capital and learn the specific situation."

"....."

ten-winged demon emperor could not help but stop in his tracks.

His expression became even uglier.

Ten-winged demon Emperor looked at Wu Tian demon Emperor, who was sitting in the first row. Wu Tian demon Emperor closed his eyes and rested, as if he did not notice ten-winged demon Emperor's gaze.

He directly ignored her.

In the corner.

There was a headless corpse on the ground.

It was the remains of the ship.

Obviously.

In the end, ten-winged demon Emperor failed to stop Wutian demon Emperor, and the 'super Intel soldier' modified by zh0214 was killed by Wutian demon Emperor.

“hmp!”

Ten-winged demon Emperor snorted coldly.

He was naturally very unhappy, but Wutian demon Emperor was too strong, and his cultivation was profound and powerful. Even if ten-winged demon Emperor was unhappy, he could only endure it.

Furthermore ...

Ten-winged demon Emperor was in a hurry to return to the ten-winged imperial capital.

“Wait a moment.”

At this moment.

Wutian demon Emperor stood up and walked towards ten-winged demon Emperor.

Wutian, what else do you want? ”

Ten-winged demon Emperor said coldly.

the ‘demon Alliance’ was just established not long ago, and such a big thing happened to the ten-winged dynasty. It actually caused the fate of the dynasty to begin to collapse, clearly shaking the foundation of the dynasty.

that’s why I’m going with you, ” Wu Tian demon Emperor said. I’d like to see with my own eyes who can severely injure the ten-winged dynasty.

“No matter what, the ten-winged dynasty is the Overlord dynasty of our demon race.”

“We can’t just ignore such a big matter.”

“You’re so silly!”

Ten-winged demon Emperor was stunned. He did not expect Wu Tian to say that.

“.....”

Zh0214’s face also changed slightly.

One had to know.

Wutian demon Emperor was a perfected-stage tier 8 demon with extremely terrifying combat power. He could be said to be the strongest among the ten demon emperors.

furthermore ...

The two subordinates of Wutian demon Emperor were also extraordinary.

“What’s wrong? You’re not willing, ten-winged demon Emperor?”

asked wutian demon emperor.

“Just in time.”

Before ten-winged demon Emperor could say anything, the two vice court Masters of the demon race stood up. The green-robed man on the right, Fu Tianqing, the Vice Court Master, said, ” ” the ‘plan’ of the demon race has just been decided, and we’ve already encountered such an incident.

in that case, it’s a good time to show off the power of the ‘Book of the Earth’.

“Whoosh!!!”

as soon as he finished speaking.

Fu Tianqing waved his right hand, and a green light gushed out from his sleeve. It spread out in the air of the hall and then condensed into a vast ‘four-dimensional map’.

“This is a Kasaya.”

The gazes of all the monsters in the hall were immediately attracted.

“It’s a panoramic map of the Holy peace state.”

said wutian demon emperor.

“Yes,”

Fu Tianqing nodded and said with a smile, ” but this isn’t as simple as a map. If you observe carefully, you’ll find the differences.

“it’s just a map, what’s the difference?”

“Exactly.”

The demon emperors didn’t think so.

“This map can move!”

Ten-winged demon Emperor stared at the map and observed it carefully for a while. His pupils contracted, and he said in surprise, ” “It’s constantly changing.”

“What?”

“The map can move?”

“Could it be that this map is still alive?”

The demon emperors exclaimed.

After that.

They began to observe carefully, and it was indeed as ten-winged demon Emperor had said.

Every moment.

The ‘map’ was changing. The rivers on the ‘map’ were like real rivers, flowing continuously and completely replicating the situation in holy peace Region.

the power of the nether world Book has already fused with the Holy peace Region, and it can display all the changes that are happening in the Holy peace Region. It can even monitor the entire holy peace Region.

Fu Tianqing continued.

“It shows ‘ten-wing continent’.”

Immediately.

The other Vice Division Master, mohreen, said.

“Whoosh!!!”

Immediately.

The map changed.

Enlarge ‘ten-wing continent’.

It could be seen.

The ten-wing continent on the map was already in a fragmented state. The post-war ten-wing continent was completely presented to the demon race.

Obviously.

The Earth Book’s ability was indeed not bad.

It could display the situation in holy peace state in real time, but it could only display the terrain, terrain, mountains, lakes, and so on. It couldn't display the living beings.

Otherwise ...

That would be a heaven-defying 'divine weapon'.

It could monitor everything in the Holy peace state, and it could be called a divine weapon of war.

this is my ten-winged continent!

Ten-winged demon Emperor's face turned extremely gloomy, "who is it that has turned into this? Why didn't I receive any information back then?"

"Whoosh!!!"

ten-winged demon emperor clenched his fists tightly, and his aura trembled non-stop. he could not suppress his killing intent.

"Bastard!"

The ten power Gu was extremely angry.

"Damned guy, don't let me find out who it is. Otherwise, I'll definitely tear him into pieces!"

Zh0214 put on an expression of extreme anger.

"Ten-winged demon Emperor, judging from the current situation of the 'ten-winged continent', it's obvious that the ten-winged dynasty has been invaded by the enemy, and the situation is not optimistic."

Mohreen said.

“en, yingluo.”

Ten-winged demon Emperor took a deep breath and said in a deep voice, ” “Vice Division leader, Palace Masters, and demon emperors, I must use the space teleportation formation to go back immediately.”

Chapter 603 Twenty thousand

“Although the spatial teleportation formation can send you back to the Western Region of the Holy peace Region immediately, it can’t send you to the ‘ten-wing continent’ accurately.”

Mohreen said.

“I know,”

ten-winged demon emperor nodded, ” but i must return immediately. ”

“Ten-winged demon Emperor, don’t be anxious. Let me finish first.”

fu tianqing smiled. ” i’ve already said that i’m going to borrow the power of the ‘earth book’ this time. this is because the earth book can not only monitor the changes in the holy peace region. ”

it also has the strongest function.

“That is ‘teleportation’.”

by using 'space stones' and 'top spiritual crystals', you can open a one-time' space tunnel'. Because the 'space tunnel' is not stable enough, it can only transport no more than 100 creatures at a time.

"This bi an ..."

all the demon emperors were surprised.

"It actually has such a function!"

in this case, we can use the 'book of the nether world' to appear anywhere in the Holy peace state. We can even be directly teleported to the imperial capital of the human race or the demon race.

"si si si ..."

"We can execute the beheading operation!"

The demon sovereigns discussed among themselves.

two Vice Lords, please activate the 'Earth Book' as soon as possible and send me back to ten-wing continent.

Ten-winged demon Emperor took a deep breath and suppressed his excitement. He cupped his hands at mo Helin and Fu Tianqing and said, "I'm very worried that my monster army will suffer heavy losses."

"After all, for the enemy to choose this time to attack the ten-winged imperial capital, they must have made sufficient preparations."

"Yes."

Fu Tianqing and Mo Helin looked at each other and nodded, "That's why we're preparing to teleport all the demon sovereigns to ten-wing continent at once."

with nine demon sovereigns joining forces, I believe it's enough to annihilate the enemy that invaded the ten-winged dynasty.

“Alright!”

The gang Feng demon Emperor nodded.

“then let's go.”

“I also want to experience the power of The Earth Book.”

“I agree.”

haha, lang wo, nine demon sovereigns joining forces. This is a Grand occasion.

I reckon that the enemy troops who invaded the ten-winged dynasty would be scared out of their wits if they suddenly saw the nine demon emperors descend at the same time.

“That's right!”

Qianfu demon Emperor, seven Lotus demon Emperor, and the others laughed out loud.

“This is really troublesome.”

Zh0214 lowered his head slightly, his expression turning serious.

Because the change in the situation was beyond his expectations.

He had never thought that the demon race's trump card, the 'Earth Book', would have such an ability. Compared to the 'mechanical space Station base', the teleportation ability of the 'Earth Book' was very simple and could not be compared at all.

One had to know.

The ‘Earth Book’ could only build an unstable space tunnel that could only transport less than a hundred creatures at a time, but Jiang Li’s mechanical space Station base could transport tens of billions of meches at a time.

The difference was huge.

but ...

If the nine demon emperors came to the ten-winged continent with their subordinates and Jiang Li didn’t leave in time, it would be a great crisis.

The most important thing was ...

The ‘super Intel soldier’ zh0214 brought with him was no longer in use. He couldn’t contact Jiang Li through the Super Intel soldier.

Furthermore ...

Zh0214 didn’t even have time to inform Jiang Li that the nine demon sovereigns had arrived on the ten-wing continent.

“Let’s start.”

Fu Tianqing said.

buzzzzzz!

Shua! Shua!

with a wave of his right hand, he took out a 'space stone' from the low-grade space ring on his finger. the diamond-shaped stone was only the size of a thumb, and it flickered with a silver luster.

At the same time.

He then took out a large number of upper spiritual crystals.

the number was unknown.

after that.

...

The upper spiritual crystal fell to the ground and silently integrated into the ground of the hall. It disappeared as if it had been swallowed by something.

Obviously.

Fu Tianqing and the others had hidden the true form of The Earth Book somewhere in the main hall of the demon race.

finally.

the silver 'space stone' was also integrated into it.

Buzzzzzz! Buzzzzzz!

Immediately.

Silver-white lines appeared on the floor of the hall. They were dense and intertwined, full of a mysterious aura.

The light surged.

the space in the hall trembled.

Kachaa!

...

The space was torn apart.

there was a huge hole in the shape of a vortex. it was constantly spinning, but it also emitted extremely unstable spatial fluctuations.

Kachaa! Kachaa!

Not only that.

There were also irregular cracks around the vortex.

It was very terrifying.

It was as if he would be torn apart by the cracks if he got close.

“This bi an ...”

The demon sovereigns felt the extremely unstable space tunnel and were a little scared. Some did not dare to get close for fear of being torn apart by the space.

In reality.

This was also the first time that Fu Tianqing, mo Helin, and the others had used the ‘teleportation’ ability of The Earth Book. They were not sure what would happen.

Of course.

They didn't say any of this.

Therefore, rather than helping ten-winged demon Emperor, it was more like testing the power of the 'Earth Book'.

There was another thing.

There were definitely more than these two types of power in the 'Book of the Netherworld'. Fu Tianqing and the others had concealed a lot.

"Who's first?"

Fu Tianqing looked at the demon emperors.

"This Yingluo."

the demon emperors looked at each other.

"I'll go first."

After a while.

Ten-winged demon Emperor took a deep breath and made up his mind. He walked toward the space Whirlpool.

"Wait a moment."

At this moment.

No. Zh0214 stood up with determination and stopped ten-winged demon Emperor. He shouted, "your majesty, you can't take risks so easily. let me go first."

“please allow me to test the risks for you.”

“Thank you, Minister!”

When ten-winged demon Emperor saw the sincerity on zh0214’s face and his generous request, he was extremely touched.

“.....”

The other demon sovereigns were also looking at zh0214 with complicated expressions.

“This bi an ...”

Shen Moti, who was wearing a gray robe, was also stunned.”did i really wrong xie ling? After all, the domain of space is full of unknown. I can’t believe Xie Ling is willing to risk his life for ten-winged demon Emperor.”

the ‘teleportation’ exit is confirmed to be on the outskirts of ten-wing continent.

let’s not waste any more time, ” Fu Tianqing said. we don’t want the enemy to discover the space tunnel.

“Yes.”

Zh0214 nodded his head and took a deep breath. His face was filled with anxiety and nervousness. He clenched his fists tightly and his expression gradually became determined.

After that.

Three steps became two steps.

He walked towards the spatial vortex and entered it.

“Whoosh!!!”

There was a flash.

Zh0214 had disappeared.

The many monsters in the hall were silent as they waited.

on the other side.

Ten-winged imperial capital.

Buzzzzzz! wuwuwuwuwu!

White light flickered.

Jiang Li had already converted all the herbs and spiritual herbs that he had collected from the ten-winged imperial capital into energy points. He had gained 3200 trillion energy points in total.

The harvest wasn't much, but it wasn't little.

Of course.

the harvest of medicinal herbs and spirit herbs was only a small part of it.

the real big deal was the spiritual crystals.

Jiang Li put all the crystals into his ultra-quality space storage bag. He planned to convert them into energy points when he returned to the imperial capital.

Buzzzzzz!

“Roar!”

A Dragon’s Roar resounded.

the great xia azure dragon had already devoured and absorbed all of the ten-winged dynasty’s scattered fate of the nation. his dragon body had grown from 12000 meters to 20000 meters.

As expected of an Overlord-level dynasty.

Just by absorbing a portion of the Empire’s fate energy, the Azure Dragon of great Xia had improved so much.

The fate of the Empire increased.

Jiang Li naturally felt the call of the ‘Hidden Dragon rank’. Since he was still in the ten-winged imperial capital, he didn’t rush to get the reward.

currently, all the resources and supplies have been plundered.

it’s time to take the spiritual crystal mine, ” Jiang Li thought.

“Right now, the fate of the ten-winged dynasty has been destroyed, and it has been devoured by the Azure Dragon of the Grand Xia.”

Jiang Li thought, I think even if ten-winged demon Emperor is in the division of the demon race, he can know the changes in the ten-winged dynasty from the changes of the dynasty’s fate and the Dragon.

” that’s why we might not succeed in ambushing them in ten-wing continent. ”

“yes.”

Jiang Li thought for a while. to be safe, I'd better get everything I can. I have to take away the spiritual crystal mine of the ten-winged dynasty as soon as possible.

Shua!

Jiang Li flew up and left the Demon King Palace.

half a minute later.

he arrived at the spiritual crystal mine.

He looked down at the mountain range from above.

“Spiritual vein dragon control technique!”

Buzzzzzz! Buzzzzzz!

Dragon-shaped runes! Jiang Li used his ability. The energy in his body surged. He formed a seal with both hands and countless Dragon-shaped runes appeared and intertwined with each other.

It formed a vast array.

It enveloped the mountain range in front of him.

“Rise!”

Roar! “Roar!”

immediately.

Jiang Li pulled out the spirit crystal mines with the spirit vein dragon control technique. The spirit crystal mines seemed to have turned into real Dragons.

A series of Dragon roars could be heard.

At the same time.

In the air around them, Jiang Li sent over super carriers that turned into large military transport planes. The door of the cabin opened.

“Go!”

Shua! Shua! Shua!

Jiang Li waved his right hand and the small spiritual crystal mine that looked like a real Dragon flew towards the Super carrier.

They were all packed into the cabin.

“again!”

Buzzzzzz!

let's go. Jiang Li continued to use the spiritual pulse Dragon controlling technique and took away the medium-sized spirit crystal mines. He put them all into the large military transport planes.

Jiang Li even took away all the spirit crystal mines that had excessive radiation.

Plucking the feathers of a goose that passed by.

Not a single one was left alive.

Finally.

Jiang Li also took away the six large spirit crystal mines.

If Jiang Li's spiritual heritage dragon control technique hadn't reached the peak level, he wouldn't have been able to take away the large spiritual crystal mine.

A large crystal mine was ten times larger than a medium one, so Jiang Li had to gather hundreds of super transportation soldiers to take the large one away.

"It's done."

jiang li was relieved and clapped his hands. he was in a good mood.

At the same time.

Southeast of the ten-wing continent.

In the outer region.

Kachaa! kachaa!

Space cracked open.

A spatial vortex appeared.

jiang li had sent thirty billion meches to patrol and monitor the surroundings of ten-wing continent.

Soon, the meches found the 'space vortex crack'.

the information was transmitted.

“Chief sovereign.”

Immediately.

Wang Gang came to report, ” a ‘space vortex crack’ has been found in the southeast of the ten-wing continent. After deduction, it is very likely to be a ‘space tunnel’.

“oh.”

what? ” Jiang Li’s expression changed. they came to the ten-wing continent through the ‘space tunnel’.

“The demon race actually has such a method.”

“Whoosh!!!”

On the other side of the spatial vortex.

Spatial fluctuations appeared.

Shua! Shua! Shua!

A large number of meches surrounded them.

They formed an encirclement.

after that.

Zh0214 walked out of the spatial vortex.

“.....”

the surrounding meches were also stunned.

“Eh?!”

Not far away.

The commanders of the battlefield came forward with strange expressions.

What the hell?

Didn't they say that a demon Emperor would appear?

Why is it zh0214?

“Quickly inform the ruler. The nine demon sovereigns will soon arrive at ten-wing continent with their subordinates through this ‘space tunnel’.”

Zh0214 shouted, ” “It's even possible that the experts of the demon race will also descend.”

## Chapter 604 Ambush

The commanders immediately reported the ‘secret’ of zh0214 to Jiang Li.

Zh0214 couldn't stay here for too long in case the monster race got suspicious.

“whoosh!!!”

Hence, after zh0214 reported the information, he took a deep breath and immediately turned around and walked into the ‘space tunnel’ behind him. His

figure disappeared and he returned to the 'demon race division bloodline main hall'.

"Then we'll retreat first."

"kjzjd05, kjjd06." jiang li immediately ordered after receiving the report from zh0214, "kjzjd05, kjjd06."

"Activate 'point teleportation' immediately."

In the blink of an eye.

The forty billion meches gathered together.

Basically.

Jiang Li's mech Army had taken all the resources of the ten-winged dynasty.

Very quickly.

the 'mechanical space station base' had made contact with the 'teleportation room' of the 01 army base through the 'mechanical space teleporter'.

Activate spatial teleportation.

"Whoosh!!!"

An invisible spatial light beam descended.

It covered the entire mech Army. There was an obvious space fluctuation. Forty billion meches were teleported away.

He disappeared into thin air.

“Chief sovereign.”

Shua! Shua!

wang gang, wms01 has arrived.

“Yes.”

yes. Jiang Li nodded. before I leave, I want to give the monster emperors a surprise.

“yes.”

“yes, sir!”

Wang Gang and WMS01 nodded at the same time.

Buzzzzzz! Buzzzzzz!

His figure flickered.

Jiang Li, Wang Gang, and WMS01 disappeared from where they were. The next moment, they arrived at the southeast of the ten-wing continent, where the ‘space tunnel’ was.

“get ready,” he said.

Jiang Li said.

“yes.”

“Whoosh!!!”

Wang Gang clenched his fist, and a terrifying energy began to surge out of his body and gather on his fist. Bursts of purple light flashed like lightning.

Kachaa! Kachaa!

It was as if the space was being torn apart.

At the same time.

The third eye on WMS01's forehead opened. In its purple-black pupil, the power of the demon God gathered and formed a huge vortex.

It was accumulating a vast amount of power.

mechanical sovereign soldier activated.

Jiang Li raised his right hand and clenched his fist. target control: Jxzs01 Star Destroyer, skill: Star destroying fist!"

Kachaa! Kachaa!

At this moment.

jiang li immediately mastered 'wang gang's' power and felt the terrifying 'star destroyer' energy. the power was indescribable and immeasurable.

The power of this punch was enough to shatter a star.

It was extremely terrifying.

On the other side.

The demon race was divided into two main halls.

Zh0214 had returned safely.

“How is it?”

“How do you feel?”

there’s no problem with the space tunnel, right? ”

Immediately.

...

The demon sovereigns walked over and asked one after another.

“His Majesty, ten-winged demon Emperor, the demon emperors, ten Hall Masters, and two Deputy court Masters.”

Zh0214 took a deep breath, cupped his hands towards the monsters, and quickly reported, ” there’s no problem with the ‘space tunnel’. Although there will be some side effects of dizziness, the teleportation is very safe.

“There’s more,”

I didn’t find any enemies in ten-wing continent.

“In addition, Zhenzhen”

Zh0214’s eyes were heavy and sorrowful. He looked at ten-winged demon Emperor and said, ” Your Majesty, please remain calm when you see the situation on ten-winged continent.

“Don’t say anymore.”

Ten-winged demon Emperor flicked his sleeves and said coldly, ” since there’s no problem with the space tunnel, let’s go back immediately.

“Wait a moment.”

let’s teleport at the same time, ” said Wutian demon Emperor. although Xie Ling didn’t see the enemy, we can’t be sure that they might be lying in ambush on the other side.

...

“Right!”

“You have a point, Wutian demon Emperor.”

“It’s best if we go together.”

The demon emperors said one after another.

“.....”

Zh0214 remained silent.

Buzzzzzz! Buzzzzzz!

Soon after.

the nine demon sovereigns stepped forward at the same time with their respective subordinates. they stepped into the ‘space tunnel’ almost at the same time and then disappeared.

This time, zh0214 was the last one to enter.

Ten-wing continent.

The ‘space tunnel’ created by the ‘Earth Book’.

A spatial fluctuation emerged.

After that.

Many figures came out from the ‘space tunnel’.

Due to the side effects of teleportation, they would feel dizzy the moment they came out.

“Now.”

you’re courting death! Jiang Li raised his head. His eyes were filled with killing intent. Almost at the same time, he shouted and gathered all his strength to punch.

“Star destroying fist!”

BOOM!

Jiang Li attacked first. Although he only used Wang Gang’s ‘star-destroying fist’, his power was almost at the peak of level eight.

It was extremely terrifying.

The terrifying fist radiance glowed with purple radiance. Like an extremely powerful beam of light, it penetrated and destroyed everything as it blasted toward the demon emperors who were teleported over.

“There’s an ambush!”

“Be careful!”

“This bi an ...”

the demon emperors were shocked.

As the demon emperors and their subordinates had just completed their teleportation, they felt a slight dizziness in their heads. In the face of the sudden attack, they could only face the enemy in a hurry.

Fortunately ...

They had long been on guard for an ambush. Although they were slightly hasty, they had all displayed their powerful strength.

BOOM! boom! BOOM!

The nine demon sovereigns and more than a dozen vassals burst out with extremely powerful power almost at the same time. The power of their bloodlines soared to the sky.

It shook the entire universe.

Roar! Roar!

The power of the country’s fate surged, and the roars of Dragons could be heard.

Nine demon sovereigns.

Among them, four were at the eighth step of cultivation, while five were at the great circle of the seventh step.

“Seven Lotus destructions!”

BOOM!

The seven Lotus demon emperors made their move and condensed seven twelfth-grade red blood lotuses. They bloomed with endless brilliance and rushed toward the incoming fist radiance.

bang bang bang bang!

A series of explosions rang out.

The terrifying star-destroying fist radiance pierced through the Crimson blood lotus flowers.

“What?”

what? ” seven Lotus demon Emperor was shocked. such power!

“Seven Lotus demon emperors, we’re here to help you!”

BOOM! BOOM!

Immediately.

Seven Lotus demon Emperor’s two vassals, as well as several other demon emperors who were at the perfected stage of tier 7, joined forces and rushed over, unleashing powerful moves.

BOOM!

there was a terrifying explosion.

Jiang Li's punch was blocked.

However ...

this was just the appetizer.

“Devouring true eye!”

The next moment.

WMS01's attack descended. The terrifying demonic God's power combined with the engulfing eye-bloodline power to form a purplish-black Vortex that resembled a black hole.

It fell from the sky.

It enveloped the demon emperors.

“Kill!”

lightning from the nine Heavens!

“!!!”

It could be seen.

The demon Emperor of the nine Heavens dynasty, Yao jiuqian, led two of his subordinates and a few other demons to attack one after another. Powerful attacks pierced through the void and destroyed WMS01's devouring vortex.

BOOM!

In the end.

The attacks from both sides exploded, and the light was extremely dazzling.

“it was blocked again.”

Jiang Li squinted.

Obviously.

Although Jiang Li was very powerful now, the monster race wasn't weak either. Jiang Li was obviously no match for the nine monster emperors and their subordinates.

if it wasn't for the advantage of the ambush, jiang li would've been in danger.

“Star destroying fist!”

“BOOM!”

finally ...

wang gang's most powerful attack arrived. his star annihilating fist couldn't be compared to jiang li's. after all, jiang li was just 'borrowing' it. he couldn't use its full power.

but wang gang could.

The punch landed.

The entire sky was occupied by the fist radiance. The purple Thunderbolts and the purple light were like a vast sun hanging high in the sky.

It released an endless pressure.

It was extremely powerful.

“This bi an ...”

The demons ‘eyes widened.

He was shocked.

He was too strong!

“Lightning law!”

BOOM!

Wutian demon Emperor made his move.

In that instant.

Wutian demon Emperor seemed to have transformed into a Supreme Thunder God. The law of Thunder twined around him, and there seemed to be a twisted Dharma laksana of Thunder behind him.

The figure could not be seen.

“World-destroying lightning!”

The next moment.

Wutian demon Emperor launched a move. He pushed his palms forward, and all the power and Thunderbolts gathered together at this moment, as if they were penetrating time and space.

The destructive light of Thunder arrived.

Bang!

The two sides collided, creating a terrifying storm. Vast energy spread out, causing the space to shake violently.

Kachaa! “Crack!”

The ten-winged continent, which was already in pieces, was ravaged by the energy storms several times. Under the impact of such aftershocks, it could no longer hold on and kept on cracking.

Boom! Boom! Boom!

The ten-winged continent began to collapse.

it could no longer float tens of millions of meters in the air.

The huge pieces of the continent, countless rocks, and broken mountains and mountains fell from the sky.

“Die!”

shua!

Ten-winged demon Emperor let out a long roar and rushed over. Five pairs of purple lightning Wings appeared on his ribs, and Dragon-shaped lightning light wrapped around his body.

Hurry up!

It was extremely fast!

In that instant.

he charged at Jiang Li.

Kachaa!

Ten-winged demon Emperor clenched his right hand and formed a Lightning Spear. He pierced it at Jiang Li. Although the lightning was not as powerful as Wu Tian's, it was still very powerful.

boom!

In the end.

Wang Gang's star annihilating fist was blocked by Wu Tian demon Emperor, but Wu Tian's light of Thunder was destroyed, and the terrifying residual power even forced Wu Tian demon Emperor back.

” this is the combat strength of someone at the peak of the eighth rank! ”

Wutian demon Emperor took a deep breath and looked a little solemn.

“Whoosh!!!”

The light dissipated.

wang gang was unscathed, but his body was surrounded by mechanical psionic energy and mechanical nuclear energy.

It was extremely powerful.

“Nuclear palm!”

BOOM!

jiang li used wang gang's skill again and struck out with his right palm. it was like a small sun and a terrifying nuclear explosion was produced.

“Rumble!”

A terrifying explosion of power blocked ten-winged demon Emperor's attack.

di di di di di

At this moment.

A Red Alert popped up in front of Jiang Li.

The 'Lord's mech pilot' and 'Lord's aide' were already overloaded.

One had to know.

'Dominating machine soldier control' and 'dominating auxiliary device' were only level-six dominating units, but Jiang Li had borrowed the skills of 'Wang Gang', who had perfected level-eight, many times.

It was already operating in overload.

I can't continue to use it.

Otherwise ...

It would definitely be scrapped.

“Surround them.”

Wutian demon Emperor's eyes flickered as he gave an order, " how dare they ambush us. We can't let them escape.

"yes."

Shua! Shua!

Wutian's two subordinates looked at each other and followed ten-winged demon Emperor. They rushed toward Jiang Li and WMS01 and surrounded them.

At the same time.

The other demon sovereigns and subordinates also quickly rushed over.

it seems that my current strength and power are not enough to fight against the entire demon race, and this is only the nine demon emperors. The demon race is not included.

"It's obviously much worse."

Jiang Li took a deep breath. He didn't panic at all in the face of the demon emperors. He was very calm. He looked at ten-winged demon Emperor, whose eyes were red and almost crazy, and said indifferently, " "Ten-winged demon Emperor, you're lucky that I can't kill you this time."

"You won't be so lucky next time."

"Fixed point teleportation! Activate!"

Jiang Li was about to run.

.....

P.S. WMS01, SSTs01, and MYL01, the three special meches 'evolution progress' was calculated wrongly. After annihilating the ten-winged dynasty's 50 billion demon soldiers, WMS01 should have leveled up to early-stage level eight. At the same time, SSTs01 and MYL01 had both leveled up to complete-stage level Seven. Their evolution progress had reached 50%, and they were still 50% away from early-stage level eight.

Chapter 605 information

"You want to escape?"

"Wishful thinking!"

"No matter which human ruler you are, you have no hope of escaping under such circumstances. You will die Here today."

BOOM! BOOM! BOOM!

The demon sovereigns roared in anger. Their killing intent was heavy as they charged forward.

wuwuwuwuwu!

Spatial fluctuations emerged.

After that.

An invisible spatial light beam descended.

It covered Jiang Li, WMS01, and Wang Gang in an instant.

"This is a Kasaya."

wutian demon emperor's pupils contracted.

“Spatial teleportation!”

Yao Jiuxiao also recognized him.

“this is impossible!”

“Stop him!”

Ten-winged demon Emperor and the others widened their eyes and rushed to Jiang Li anxiously.

However ...

there was no way to stop it.

It was too late.

They were only demon emperors, not demon thearchs, and could not come into contact with the space domain. Even if they had some understanding of the space domain through the demon race’s Chamber of Commerce, they only had a superficial understanding.

so,

They couldn’t stop Jiang Li’s teleportation or isolate the space.

If ...

if the vice division leaders of the monster division were here, they would have the means to stop Jiang Li from teleporting, but unfortunately, Fu Tianqing and Mo Helin didn’t come.

“whoosh!!!”

At this moment.

The ten-wing continent had been completely shattered. A yellowish-brown ball of light appeared in the center, exuding an extremely strong life force.

the huge ball of light was shaken by the storm and flew towards jiang li.

“That’s Yingluo.”

jiang li noticed it immediately.

“The heart of the continent!”

“!!!”

at the same time.

all the demon emperors ‘eyes were also attracted, and their breathing became rapid.

Shua! shua!

Without the slightest hesitation.

They adjusted their direction and quickly rushed toward the huge ball of light.

Not only that.

Wutian demon Emperor also fought for it in person.

“it’s a sovereign dragon divine weapon.”

Shua!

Jiang Li's eyes lit up. He waved his right hand and the Black Dragon-shaped bracelet on his wrist changed instantly. It flowed like liquid.

“Whoosh!”

The Overlord Dragon divine weapon changed its form and rushed out like a rapid stream of water, surrounding the huge ‘light ball’ in an instant.

“bastard!”

“Put it down!”

“you dare!”

“!!!”

The demon emperors roared in anger.

“Hehe.”

Jiang Li smiled.

“Whoosh!!!”

...

The teleportation had been activated.

let's go. Jiang Li disappeared with the giant light ball and was teleported away.

Wang Gang and WMS01 also teleported away at the same time.

“Ah!”

“Dammit! Damn it! damn it!”

“!!!”

boom! BOOM! boom!

He was furious!

Roar!

The demon sovereigns looked up at the sky and let out long roars. The Dragon roars reverberated and released extremely terrifying pressure and energy, shaking the spiritual energy between heaven and earth. The wind and clouds changed, and strange phenomena occurred frequently.

One could see how angry they were.

...

After the anger.

The demon sovereigns gradually calmed down.

His breathing slowly returned to normal.

However, his expression was still very ugly.

“He even managed to escape like this.”

The seven Lotus demon sovereigns clenched their fists.

hateful!!

“Can you deduce who the other party is?”

Asked the gang wind demon Emperor.

“Great Xia!”

Ten-winged demon Emperor’s face was extremely gloomy, and his eyes were filled with uncontrollable anger that seemed to have materialized. there’s no mistake. I won’t be mistaken either. It’s the great Xia!

“The Xia Emperor of the Xia Dynasty, Jiang Li!”

“What?”

“The Grand Xia Dynasty?”

“The great Xia Dynasty in the northern region of the Saint peace state?”

“Why would I?”

All the demon sovereigns were shocked.

Obviously.

they couldn’t believe it.

After all ...

The great Xia Dynasty had only been promoted to a dynasty for less than two years. How could a human dynasty that had just been promoted for less than two years possess such terrifying strength?

Three rank eights.

He had even destroyed the demon Army of the ten-winged dynasty.

“.....”

ten-winged demon emperor didn't want to say anything more.

“Hu ~~ Hu ~ Hu ~”

Wu Tian demon Emperor took a deep breath and said in a deep voice, “if that's the case, then we've greatly underestimated the power of the grand xia dynasty.”

The demon emperors could not help but fall silent.

“there's one more thing.”

” we've discussed it in the previous ‘meeting’, ” wutian demon emperor continued.  
” the' special weapons ‘owned by the human race are extremely powerful, have a wide coverage, and are very lethal. ”

back then, my Imperial Army suffered great losses because of this ‘special weapon’. Otherwise, I wouldn't have just destroyed the Great Yan Dynasty.

“Even the Empire of ten thousand refinements is in the bag.”

“Most importantly, this special weapon originated from the great Xia Dynasty!”

Buzzzzzz! Buzzzzzz!

At this moment.

There was a fluctuation in the space tunnel.

Shua! Shua!

Immediately.

the two hall masters of the monster race arrived.

“What’s going on?”

Shen Moti asked in a deep voice.

the Vice Division leader saw the sudden collapse of the ten-wing continent on the map of the ‘Book of the Netherworld’ and guessed that something big had happened, so he immediately sent us here to help.

Another monster race Palace Master said.

“.....”

The demon emperors were silent for a moment.

“it’s like this, yingluo.”

After that.

The gang Feng demon Emperor told him everything that had happened.

“To think that such a thing would happen.”

The monster Palace master's face turned grave.

“The Grand Xia Empire truly is a fine one.”

Shentimo clenched his fist and said in a cold tone, ” he actually chose to attack the ten-winged dynasty at this time and even let him succeed. The time of the ‘meeting’ was kept secret. How did the great Xia Dynasty know?”

At this point.

shen timo's gaze fell on zh0214.

However ...

However, zh0214's performance was extremely normal. There were no flaws at all.

now, the foundation of the ten-winged dynasty has been completely destroyed, the 50 billion troops have been completely annihilated, the princes, the marquises, and so on have all died, and even the ten-winged continent is gone. The heart of the continent has been taken away by Emperor Xia.

“Ten-winged demon Emperor, what's your plan?”

“.....”

All the demon emperors looked at ten-winged demon Emperor.

“Of course I want revenge!”

Jiang Li! ten-winged demon Emperor said coldly, ” I'll tear Jiang Li's head off with my own hands!

“Let's return to the demon division first.”

“To discuss the specific countermeasures,” Shen Moti said.

“what’s there to discuss?”

let’s go! Yao jiuyi shouted, ” before the great Xia Dynasty can react, let’s use the power of the ‘Earth Book’ and teleport to the imperial capital of the great Xia Dynasty.

there’s no need for the two Vice Division Masters to do anything. With the strength of the nine demon emperors and the ten Hall Masters of the demon division, I don’t believe that we can’t kill a mere Emperor Xia!

demon Emperor Jiu Luan, don’t forget that Jiang Li can perform ‘space teleportation’.

we can’t kill Jiang Li if we can’t solve this problem, ” Wutian said in a deep voice. we can only watch him run away. We’ll also alert the enemy and expose the power of the ‘Book of the Earth’.

“we might even be ambushed by the humans.”

“Don’t say anymore.”

“Let’s go back to the demon division first,” Shen Moti said in a deep voice.

Buzzzzzz! Buzzzzzz!

The demon sovereigns and their subordinates returned to the main hall of the demon race through the ‘space tunnel’. Zh0214 followed behind them silently.

On the other side.

The imperial capital of the Grand Xia.

In the base of the 01 division.

In the teleportation room.

Buzzzzzz!

Jiang Li, WMS01, and Wang Gang appeared out of thin air. They had returned safely.

the ‘heart of the continent’ that jiang li took before he left was too big, so it was teleported outside the teleportation room and landed on the open space in the base.

In addition.

The forty billion meches had teleported back a long time ago. Other than the level Seven SSTs01 and MYL01, the rest of the meches were all in the mech factory.

“I’m back.”

Jiang Li was relieved.

the door of the teleportation room opened and jiang li walked out.

Wang Gang and WMS01 followed Jiang Li.

After coming out.

Jiang Li saw the ‘giant ball of light’ in the open space. It was 99 meters in diameter and was emitting a yellow light.

it contained an extremely dense life source.

“I heard those demon sovereigns say that this thing is called the ‘heart of the continent’.”

it’s good. Jiang Li muttered, ” those demon emperors were fighting for this thing. It must be something good, but I don’t know what it can do.

“Let’s find a place to put it first. When we have time, we’ll ask human Emperor Mo bei and the others.”

Jiang Li made up his mind. He walked to the ‘heart of the continent’ and touched it with his right hand. He was going to put it into his ultra-quality spatial storage bag.

It was safer this way.

Shua!

Suddenly.

A pop-up window popped up in front of Jiang Li. The game world of the ‘super mechanical Army’ reacted to the ‘heart of the continent’.

[ prompt: discovered ‘small source of earth veins’ ]

“oh.”

source of earth veins? ” Jiang Li raised his eyebrows. what’s the use of a small source of earth veins? ”

Shua!

[ name: small source of earth veins ]

[ main function: can be combined into ‘small source of life’. ]

[ introduction: it contains a vast amount of life force. ]

.....

Very quickly.

Jiang Li saw the basic information about the ‘small source of earth veins’. It was an item to synthesize the ‘small source of life’, which made Jiang Li overjoyed.

One had to know.

If Jiang Li wanted to unlock the ‘mechanical interstellar Army’, he had to meet three conditions. Nine seventh-tier soul Tinders. The second condition was: Ten trillion energy points. The third condition was: Small source of life.

Jiang Li already had 11 level-seven soul Tinders. He had met the first condition. Plus, he had plundered all the wealth of the entire ten-winged dynasty, so he could meet the second condition as well.

The only thing Jiang Li didn’t have a clue about was the ‘small source of life’.

Shua!

[ congratulations, my Lord. You have obtained a ‘small source of earth veins’ and successfully unlocked the information to synthesize a ‘small source of life’. Small source of life = small source of earth veins + small source of spirit veins. ]

“I see.”

Jiang Li was overjoyed. the source of the small spiritual vein is the ‘heart of the continent’. If I’m not wrong, the source of the small spiritual vein should be the source of the small spiritual crystal mine. ”

“That’s not right either.”

No. Jiang Li shook his head. if the ‘source of a small spiritual crystal mine’ is the ‘source of a small spiritual mine’, why didn’t I get any information when I touched it before? ”

“Could there be something fishy about this?”

it’s probably related to the radiation. I’ll take a closer look later. Jiang Li thought.

Shua!

There was a flash.

Jiang Li put the ‘heart of the continent’ into his ultra-quality spatial storage bag.

“Convert!”

Buzzzzzz!

jiang li took out the crystals from the ultra-quality spatial storage bag and turned on the energy point conversion function, converting a large number of crystals into energy points.

Shua! Shua!

conversion successful. One trillion energy points obtained!

.....

conversion successful. One trillion energy points obtained!

.....

Time passed.

A series of notifications appeared.

Jiang Li's energy points were increasing at a visible speed.

## Chapter 606 Unlocking

A few minutes later.

Jiang Li converted all the lower, middle, and upper spiritual crystals he got from the ten-winged dynasty into a large number of energy points.

In total, Jiang Li got 106300 trillion energy points. In addition to the remaining four trillion, Jiang Li had more than 110 trillion energy points.

more than 110 trillion energy points.

Jiang Li took a deep breath. He was in a good mood and murmured, "for the time being, these energy points are still enough.

One had to know.

just creating one level 8 mech required 15 trillion energy points.

More than 110000 trillion.

It was only enough to create seven level eight meches.

let's go. after Jiang Li converted the crystals in the ultra-quality spatial storage bag into energy points, he left the base and ordered the Super transport soldiers carrying the 'crystal mine' out of the mech factory.

“BOOM!”

The engine roared.

Shua!

let's go. Jiang Li flew out of the imperial capital. The Super transport soldiers that had transformed into large military transport planes followed him.

more than a hundred kilometers away from the imperial capital of the grand xia.

This was an extremely vast plain.

other than that.

There were also more than a dozen mountains surrounding it.

Jiang Li arrived.

He stood in the air.

He quickly stopped.

There were spiritual crystal mines of the great Xia Dynasty in the mountains below. There were not many, only a dozen or so, not even 20.

“Spiritual vein dragon control technique!”

Buzzzzzz! Buzzzzzz!

let's go. Jiang Li formed a seal with his hands and the spiritual crystal mines were pulled out one by one. They were like long white dragons that disappeared into the ground.

Instantly.

the ground began to shake violently.

kachaa! Kachaa!

Countless cracks appeared on the ground, as if there was a huge earthquake.

Not long after.

There were mountains rising from the ground.

There were many of them.

In almost ten minutes.

hundreds of mountains rose up from the ground.

It towered into the clouds.

it could be said that ...

The originally vast plain had become a mountain range.

The most important thing was ...

Because there were a large number of spiritual crystal mines here, the spiritual Qi of heaven and earth was extremely abundant, but at the same time, there was an extremely strong spiritual radiation.

“It’s done.”

jiang li stopped using the spiritual heritage dragon control technique.

221 small spiritual crystal mines, 70 medium-sized spiritual crystal mines, and six large spiritual crystal mines had all been relocated.

Generally speaking.

It was a complete small-scale spiritual crystal mine.

It could mine 100 million lower spiritual crystals.

A complete medium-sized spiritual crystal mine.

One billion lower spiritual crystals and one million middle spiritual crystals could be mined.

it was a complete large-scale spirit crystal mine.

it could mine 10 billion lower spiritual crystals, 100 million middle spiritual crystals, and a million upper spiritual crystals.

“Convert!”

Buzzzzzz! Buzzzzzz!

Soon after.

jiang li went to the spiritual crystal mine and started to convert 221 small spiritual crystal mines. with jiang li’s cultivation at the early stage of level seven, he wasn’t afraid of the spiritual radiation from small spiritual crystal mines anymore, even if they were abandoned mines.

...

conversion successful. 700 billion energy points obtained!

.....

conversion successful. 800 billion energy points obtained!

.....

” conversion successful. one trillion energy points obtained! ”

.....

The 221 small spiritual crystal mines were all transformed. The ‘spiritual radiation’ from the abandoned mines was still terrifying, but Jiang Li blocked it easily.

He had obtained a total of 180 trillion energy points from converting the small spiritual crystal mine.

At the same time.

jiang li also got the information he wanted.

Shua!

...

[ prompt: discovered ‘source of a mutated small mine vein’. it can be combined into’ source of a small spiritual vein’. ]

When Jiang Li was converting the spiritual crystal mine, he touched the ‘source of a small mine’ and got the message.

As for why he didn’t get this information before, it was because Jiang Li didn’t trigger the conditions to unlock the ‘small source of life’.

In reality.

even if there were small mine sources that didn’t mutate, normal small spirit crystal mine sources could still be used to form ‘small spirit vein sources’.

Of course.

Jiang Li decided to use the ‘mutated source of small mineral veins’ to synthesize it. After all, small mineral veins that didn’t mutate didn’t have strong spiritual radiation.

Naturally, he would first consume the waste ore.

kachaa!

Jiang Li dug out the ‘mutated source of a small mine vein’ from an abandoned mine. The ‘mutated source of a small mine vein’ was beating like a heart and emitted strong spiritual radiation.

It was glowing with a scarlet red light.

Wuwuwuwuwu!

I’m here. Jiang Li activated his technique and his true spirit formed a green light curtain that covered the entire ‘source of the mine’ and blocked the spiritual radiation.

“BOOM!”

After that.

the entire mountain peak began to collapse.

A few minutes later.

Jiang Li took out ten ‘mutated small mine sources’ and isolated them with his own energy.

Ten sources of mineral veins floated in front of Jiang Li.

[ name: mutated small mineral vein source ]

[ function: contains mutated life force, which will cause unpredictable changes to living creatures. It can be synthesized. ]

[ introduction: under the constant mining, the source of the small mine transformed a large amount of spiritual energy from heaven and earth, but it was also contaminated with an ‘unknown’ aura between heaven and earth, causing an unpredictable change. ]

“synthesize.”

Jiang Li had an idea.

Shua!

[ use 100 million energy points to synthesize?! ]

a notification appeared.

“Yes.”

Jiang Li quickly confirmed.

It was only 100 million energy points.

In the past, it was indeed quite a lot, but now, it was just a drop in the ocean.

Buzzzzzz! “Whoosh!!!”

Immediately.

A vast amount of energy appeared out of thin air and covered the ten ‘mutated small mineral vein sources’. A dazzling white Radiance bloomed.

BOOM! BOOM!

It was like the sound of a heartbeat.

They gradually fused.

A few seconds later.

The white light disappeared.

Shua!

[ synthesis complete! ]

[ acquired: small source of Reiki vein ]

A notification appeared.

“Done.”

jiang li smiled and looked at the white light floating in front of him. it was a ball about half a meter in diameter.

It was neither big nor small.

Shua!

Jiang Li waved his right hand and put the 'small source of spirit vein' into his Supreme-grade spatial storage bag.

next.

jiang li started to convert the remaining 70 medium-sized crystal mines and six large crystal mines and gained a lot of energy points.

Among them.

70 medium-sized spiritual crystal mines had yielded 70 trillion energy points.

The six large-scale spirit crystal mines had harvested 120 trillion energy points.

All the spiritual crystal mines.

In total.”

Jiang Li got two hundred and eighty trillion energy points.

That would be 2080 trillion.

This way ...

Jiang Li now had about 33 trillion energy points.

All of this was settled.

Jiang Li returned to the imperial capital.

They arrived at the 01 army base in the sky above the imperial capital.

Shua! Shua!

he waved his right hand.

Jiang Li took out the ‘heart of the continent’ and the ‘source of small spiritual veins’.

“It’s starting.”

” i’ll start. ” jiang li took a deep breath and was excited. ” i’ll start synthesizing the small source of life. ”

Shua!

[ do you wish to consume 100 million energy points, a small spiritual vein source, and a small earth vein source to form a ‘small source of life’?! ]

A notification appeared.

“yes.”

Jiang Li confirmed.

Buzzzzzz!

Instantly.

A vast energy appeared out of thin air again, enveloping the small spirit vein source and small earth vein source within it, and it emitted a dazzling white light.

It was extremely eye-catching.

” huh? ” jiang li felt an unusually strong life force.

the spiritual qi of heaven and earth also started to shake.

a few seconds later.

The White Radiance completely disappeared.

The huge yellow ball of light and the White source of the spiritual vein disappeared.

It was only the size of a ping pong ball. It was light green and was floating in the air.

[ synthesis successful! ]

[ acquired: small life source! ]

A notification appeared.

“Alright!”

great! Jiang Li was overjoyed. I’ve finally met all three requirements. I can unlock the mechanical interstellar Army now.

Without any hesitation.

immediately unlock the ‘mechanical interstellar Army type’.

shua!

The Dominator panel opened.

” okay. ” jiang li immediately started.

[ mech Navy, mech Air Force, and mech land forces have been detected. All three mech forces have been fully unlocked. Nine level-seven soul Tinders, ten trillion energy points, and one small source of life have been unlocked. All unlocking conditions have been met. Unlocking ‘mech interstellar Army’. Counting down: 10?9?8?7.....?

[ the countdown has ended. ]

[ mechanical interstellar Army type has been unlocked. ]

[ can be expanded. ]

.....

shua! Shua!

immediately.

A pop-up window appeared in front of Jiang Li. The unlocking of the mechanical interstellar Army was very smooth without any accidents.

The ten-second countdown ended.

The lock was unlocked.

“Alright!”

okay. Jiang Li was all smiles. open the interface of the mechanical interstellar Army.

[ interface: mechanical interstellar Army type ]

Level 7 unit type: planet-level space combat vessel (unlocked), planet-level space combat research vessel (locked)(2/64), planet-level defense combat vessel (locked)  
”

?.....?

Obviously.

there were only three types of level 7 mechanical space soldiers, and the conditions to unlock them were extremely harsh. just to unlock the ‘planet-level space soldier manufacturing research ship’, it required 64 level 7 soul tinders.

One had to know.

Jiang Li had killed fifty billion demon soldiers of the ten-winged dynasty, but he had only gotten less than ten level-seven soul Tinders.

He would probably have to unify the entire holy peace Region before he could do that.

Fortunately ...

The ‘planet-level space combat vessel’ has been unlocked.

Jiang Li could make it.

“Immediately create 100 ‘planet-level space combat vessels’.”

Shua!

the dominator panel opened.

jiang li used the dominator panel to make meches again. this time, it cost him a trillion energy points.

Buzzzzzz!

The manufacturing interface appeared.

An illusionary 'spaceship' appeared, spinning slowly. Countless light spots filled the space and gradually solidified.

A minute later.

[ creation complete! ]

A notification appeared.

the next moment.

A large shadow appeared in the sky above the base of the 01 division. A huge spaceship appeared out of thin air, its huge hull blocked by the clouds.

Chapter 607 Outer space

I'm here. Jiang Li immediately flew into the sky and arrived in the clouds in the blink of an eye. He looked around and saw black space battleships.

It was extremely huge.

It was oval in shape.

Purely from the outside.

Jiang Li didn't see any cannons on the ship, nor did he see any weapons. It was as smooth as new and looked like an oval sphere that had been enlarged many times.

Within the imperial capital of the Grand Xia.

The planet-grade space warship cast its shadow down, covering more than half of the imperial capital, causing the subjects of great Xia to raise their heads and look up.

Then, they saw a huge hull.

He was extremely shocked.

“that's yingluo.”

a floating battleship? ”

“Could it be the ‘floating battleship’ that the great Xia Empire created?”

“No! It was wrong! How could there be such a huge floating battleship? and I didn't sense the aura of any formation or mechanism techniques!”

Below.

Xing lingqi and the others were still setting up the ‘space teleportation array’. Because the appearance of the’ planet-level space warship ‘had caused a huge commotion, their attention was focused on it, and they were discussing it.

He was shocked.

“Upgrade!”

Buzzzzzz! buzzzzzz!

This time, Jiang Li used 14000 trillion energy points to upgrade all 100 planet-level space battleships to the perfected level of Level Seven.

The light flickered.

It only took a few seconds.

they had all completed their advancement.

Planet-level Space Battleship.

The exact size.

It was 101000 meters long, 10000 meters wide at the head and tail, 50000 meters wide at the center, 10000 meters tall at the head and tail, and 60000 meters tall at the center.

It was a behemoth.

.....

Jiang Li finished reading the basic information of the ‘planet-level space warship’. It had seven skills and even the ability to teleport.

In reality.

It was just that from the information on the surface, it was impossible to see the true destructive power of the ‘planet-level space warship’. They could only know some skills.

Buzzzzzz!

Tkzj01 projected a white beam of light that enveloped Jiang Li. The space around him trembled and Jiang Li disappeared.

The next moment.

Jiang Li appeared in the ‘cockpit’ of tkzj01.

He looked around.

jiang li didn’t see anyone. there was only an empty space surrounded by steel walls. he couldn’t see anything. it was extremely quiet.

it was pitch black.

“Welcome, my Lord!”

Suddenly.

A slightly mechanical voice sounded.

buzzzzzz! Buzzzzzz!

...

Immediately.

The surrounding steel walls turned into a transparent screen, allowing one to clearly see the outside environment.

Shua! Shua!

Rays of light appeared on the screens around them, intertwining together and forming a blue virtual head of a bald man.

The steel under Jiang Li’s feet flowed like liquid and then turned into a comfortable back chair.

“Tkzzj01 greets my Lord.”

the blue virtual head spoke with a respectful tone.

“Yes.”

okay. Jiang Li nodded and sat down.

Obviously.

The ‘blue virtual head’ in front of them was the ‘super-intelligence’ of tkzzj01. It was used to control the entire ‘space ship’ to attack the enemy.

...

Time passed.

Jiang Li asked the ‘super-intelligence’ for specific information.

first of all ...

The ‘planet-level space-powered battleship’ mainly used ‘controllable nuclear fusion’ as its main kinetic energy, and ‘mechanical psionic energy’ as its auxiliary. It was equipped with artillery, missiles, torpedoes, laser weapons, energy weapons, nuclear weapons, and so on.

It could fly at sub-light speed.

or, he could use the ‘warp’ skill to enter ‘sub-space’ and achieve ‘superlight speed flight’ for a short period of time.

Speed, attack, and defense.

the three were one.

It could be said to be a more perfect interstellar Army.

of course.

Because it was only at the peak of the seventh step, and with ‘controllable nuclear fusion’ as the main kinetic energy, the strongest power could only reach the peak of the seventh step.

there was another thing.

The 01 base was only a level 6 base, so the mech factory was also Level 6. Therefore, Level 7 planet-level space battleships couldn’t enter the mech factory.

after understanding the specific abilities of the planet-level space combat vessel.

Jiang Li returned to the base.

He entered the room in the ruler’s hub.

He sat down cross-legged.

jiang li started to think.

He was thinking about the overall situation.

“For now,”

Jiang Li thought, I’ve successfully unlocked the mechanical interstellar Army and have the ability to mass-produce level-seven soldiers. Naturally, I’m much stronger now.

“With my current strength, I can easily destroy any dynasty below the Overlord level.”

“However,”

” if we were to face the combined attacks of so many type 8 overlords, with the terrifying combat strength of a type 8 powerhouse, some of them would have already touched upon the laws. ”

” it’ll be dangerous if they break through the meches and attack me. ”

luckily, I have the ‘dominating mech soldier’. I can use the skills of the meches to unleash power beyond my own cultivation.”

” but these are still external things, so improving my own strength is the most important thing now. ”

also, borrowing the level eight mech’s skills is overpowering for the ‘dominating mech pilot’ and ‘dominating aide’. I have to make more of them.

Shua!

The Dominator panel opened.

create a hundred ‘dominating mech operators’ and a hundred ‘dominating aids’.

buzzzzzz!

The Dominator panel opened.

It would take 100 billion energy points to make a level-six Dominator soldier. Jiang Li had made 200 of them this time, so it cost him 20 trillion energy points.

A minute later.

[ creation complete! ]

A notification appeared.

shua!

After that.

jiang li waved his right hand and put the hundred mechanical soldiers and the hundred ruler's auxiliary devices into his supreme-grade spatial storage bag.

He could just take it out and use it when he needed it.

This way ...

Jiang Li wasn't afraid that the mechanical soldier and the dominating auxiliary device would be scrapped because of overload. If they were scrapped, he could just replace them with new ones.

“Yes.”

Jiang Li thought, ” according to zh0214's report, the monsters have the ‘Book of the Earth’. The power of the ‘Book of the Earth’ is similar to the ‘mechanical space Station base’, but it's not as strong as the mechanical space Station base.

“If the demons unite and want to take revenge on me, then use the ‘Book of the Netherworld’ to create a ‘space tunnel’ and directly descend into the imperial capital of the great Xia.”

“It is indeed a huge threat.”

“The most important thing is ...”

“The demon race might have a way to stop me from teleporting.”

“Therefore, we must inform Lord Chi and the others about the ‘Earth Book’ as soon as possible.”

thinking of this ...

Jiang Li had made up his mind.

Shua!

Jiang Li left the room in the control hub and went to the Azure Dragon Palace. He then sent someone to invite Xing lingqi to the palace.

“The Xia Emperor.”

Within the palace.

Jiang Li was sitting on the throne. When Xing lingqi arrived, she first bowed to Jiang Li and then asked calmly, ” we can’t delay the construction of the space transfer formation any longer. Emperor Xia, is there something urgent? ”

“Yes,”

Jiang Li stood up and said seriously, ” Hall Master Xing, I’ve already found out the secret of the demon race. The demon race now has the ‘Earth Book’, and it has already been combined with the Holy peace state.

it has the ability to monitor the entire holy peace Region and open up a ‘space tunnel’.

“The Earth Book!”

Xing lingqi's eyes widened and she exclaimed, " this is impossible! The Earth Book is the ultimate treasure of the immortal court of the demon race bloodline. How could it appear in the small Saint peace state? "

"Xia Emperor, your information is definitely wrong."

QX01, play the video zh0214 took.

Jiang Li said.

"Yes."

QX01 walked out.

Buzzzzzz!

he raised his wrist, and a beam of light shot out, forming a projection and image in the void. it began to play the scene that was happening in the 'main hall of the demon race's bloodline division'.

It could be said that ...

Zh0214 had recorded the entire 'demon race chamber' meeting from the beginning to the end.

The terrifying thing was ...

Even now, the monster race still did not know about this.

"this bi an ..."

Xing lingqi looked at Jiang Li in a daze. She swallowed and said in awe, " Xia Yingluo, Emperor Xia. These bi an, these bi an.

“Hall Master Xing, if you shouldn’t ask, then don’t ask about the spirit.”

Jiang Li waved his hand and interrupted Xing lingqi. He continued, ” “What you need to do now is to inform Lord Chi and Elder Brown of this news.”

“Hu ~~ Hu ~ Hu ~”

“I understand.”

Xing lingqi took a deep breath, nodded, and said in a serious tone,” don’t worry, Emperor Xia. I’ll return to the court now and inform Lord Chi and Elder Brown.

“Yes.”

okay. Jiang Li nodded. let’s go.

“Alright.”

Xing lingqi took out her teleportation token and activated it. An array diagram appeared and enveloped Xing lingqi. With a flash of light, Xing lingqi disappeared into thin air.

“Then, I should be able to collect my Hidden Dragon rank reward without any worries.”

Jiang Li said to himself.

Soon after.

Jiang Li left the Azure Dragon Palace and went to the base of Army 01. He closed his eyes in the room of the Dominator’s hub and started to communicate with the hidden Dragon List.

At this moment.

In the human race.

Xing lingqi had returned.

until now.

The shock on Xing lingqi's face did not disappear.

“This is too terrifying.”

Xing lingqi's heart was still filled with fear. it's hard to imagine what methods Emperor Xia used to actually be able to set up spies in the demon division.

“I really don't know how he did it.”

I'm afraid there are no more secrets in the eyes of Emperor Xia in the demon race of the entire Saint peace state. It's really hard to predict what kind of trump cards and tricks Emperor Xia still has.

Thinking of this ...

Xing lingqi felt even more certain that the great Xia Dynasty would be the final winner of the Saint peace state.

“No matter what, I have to tell Lord red and Elder Brown about the ‘Earth Book’ as soon as possible. But is it really The Earth Book? That's a true treasure!”

Xing lingqi looked fearful. even if it's just a trace of its power, it should be enough to easily kill any creature below the ninth stage.

Jiang Li's consciousness.

it was pitch black.

In front of them.

Buzzzzzz!

Purple-gold radiance bloomed and quickly gathered together to form a dazzling Dragon-shaped list.

Jiang Li's consciousness started to communicate and sense the hidden Dragon rank-Saint peace state.

The hidden Dragon rank-Saint peace state.

[ first place: ??? ]

[ second place: ??? ]

[ third place: ??? ]

.....

[ 20th place: great Xia Dynasty ]

[ 21st place: soaring snake barbarian kingdom ]

[ 22nd place: astral wind Empire ]

.....

[ 28th place: dim night barbarian dynasty ]

nearly two-thirds of the list was shrouded in fog.

Very quickly.

A purple-gold light fell from the 'Hidden Dragon rank' and flew into Jiang Li's body.

"Congratulations to the great Xia Dynasty for rising from 27th to 20th. Great Xia Azure Dragon technique.

Buzzzzzz! Buzzzzzz!

very quickly.

Jiang Li felt a lot of information in his mind.

Then, he memorized it.

The great Xia's Azure Dragon technique had been upgraded from Level Seven low-grade to Level Seven high-grade.

It had been raised by two small ranks.

'Reward 2: upgrade to a sacred artifact of the Empire.'

Roar! Roar!

The Dragon roared.

Jiang Li's consciousness had returned to his body.

In his dantian.

The three Saint weapons of the Empire-the Green Dragon Imperial Jade seal, the Green Dragon imperial decree, and the great Xia Marquis token-were wrapped around two four-clawed Dragon shadows, and purple-gold light was integrated into them.

Time passed.

Not long after.

Jiang Li's three sacred artifacts of the Empire were upgraded from two Dragon-level to four.

He leveled up two times.

Naturally, it was much more powerful.

"It's alright,"

okay. Jiang Li sensed it and nodded.

He was quite satisfied.

"Great Xia Azure Dragon technique!"

Jiang Li closed his eyes and started to practice. A blue light covered his body. The Azure Dragon in his dantian roared and the power of the nation gushed out and circulated around his body.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

A vast amount of spiritual Qi from heaven and earth poured into Jiang Li's body.

At the same time.

Jiang Li was still trying to understand the world. He was cultivating with the help of the ‘blessing of the nation’. He was trying to understand the truth of the world. The power of the world started to surround Jiang Li and gradually merged into his body.

At the same time.

The martial Pagoda of the martial immortal court of the human race in the Holy peace state.

on the top floor.

In the world inside the tower.

In the martial Hall.

Xing lingqi was standing in the middle of the hall. Lord Chi and Elder Brown were in front of her, and the two Vice Lords were deep in thought.

Xing lingqi was waiting anxiously.

...

Obviously.

Xing lingqi had already told Lord red and Elder Brown everything about the ‘demon clan’s Earth Book’.

“Xing lingqi.”

after a while.

Lord Chi and Elder Brown raised their heads and looked at each other.”Send someone to inform the other nine temple masters about the book of the nether world and tell all the human Sovereign realm Warriors.”

“Tell them to get ready.”

“In addition.”

the construction of the space transfer formation is even more urgent.

“Yes.”

xing lingqi nodded and left the martial hall.

“What do you think, Lord Chi?”

...

Elder Brown asked in a deep voice after Xing lingqi left.

“I don’t think it’s true.”

Lord Chi took a deep breath and said, ” the ‘Earth Book’ is the Supreme treasure of the demon race bloodline immortal court. It’s impossible to use it for a mere Saint peace state.

“And ...”

if it’s really the ‘Earth Book’, it definitely doesn’t only have those two abilities that are of little value.

that's why I'm guessing that the 'Book of the Earth' in Fu Tianqing's hands is just a replica of the most valuable treasure. However, even if it's a replica, we can't underestimate it. It must have other abilities.

"Yes."

Elder Brown nodded and said, "I think so too.

"Let's do it this way,"

Elder Brown pondered for a while and said, "Lord Chi, why don't you make a trip to the imperial capital of the Xia Dynasty and ask Emperor Xia, Jiang Li? I think Emperor Xia still has some tricks he hasn't revealed.

"Other than that."

according to the Martial Emperor, Jiang Li seems to have mastered a very mature 'teleportation method.' If possible, I hope Jiang Li can cooperate with us.

"I think you're overthinking it."

No. Lord Chi shook his head and said, "even if Jiang Li has mastered some teleportation formation, it can't be compared to the 'space teleportation formation' we have.

"I think it's far from enough."

the great Xia Dynasty is just a dynasty. Although our division is just a division of the immortal court, we are still backed by the immortal court.

"what you said makes sense."

Elder Brown said.

“However, Yingluo”

Lord Chi pondered for a while and said, ” “I think I’ll make a trip to the imperial capital of the Grand Xia.”

“Ask him in detail.”

“That’s good.”

Elder Brown nodded.

hence.

lord chi walked out of the martial arts hall first and headed to the ‘northern division teleportation hall’. he used a’ spatial teleportation formation ‘and arrived in the northern region of the holy peace state, heading in the direction of the imperial capital of the great xia.

Half an hour later.

Lord Chi had arrived at the imperial capital of the Grand Xia.

“The imperial capital of the Grand Xia.”

Lord Chi murmured. He stood in the sky and looked down at the vast imperial capital that was like a giant beast crawling on the ground. He then raised his head and saw the 01 army base in the sky.

There were also the ‘planet-level space combat vessels’ in the clouds.

“That’s Yingluo.”

A curious look appeared in Lord Chi’s eyes as he carefully sized up the ‘planet-level space warship’. He muttered,”what is this? A floating battleship?”

“It doesn’t look like it.”

“i didn’t sense any fluctuations of a formation.”

“looks like it’s a special weapon like an atomic bomb or a h-bomb.”

boom!

Suddenly.

The spiritual Qi of heaven and earth started to shake.

Roar!

A loud Dragon’s Roar came from the base of the 01 division.

such a change caught lord chi’s attention.

it’s Jiang Li’s aura. He has made a breakthrough.

lord chi’s eyes were filled with shock as he flew towards the base.

shua! shua! Shua!

However ...

As soon as Lord Chi approached, a large number of mechanical soldiers appeared and blocked her path. The hundred ‘planet-grade space combat ships’ in the clouds also locked onto Lord Chi.

“Interesting.”

Lord Chi stopped and didn't continue.

Not long after.

xu ya, hong tianqi, wu zong, and the others heard the commotion.

all of them had rushed over.

He discovered Lord Chi.

“Who are you?”

“What identity?”

“How dare you barge into the forbidden grounds of the Empire!”

Xu Ya, Hong Tianqi, and the others scolded in a deep voice.

In the base of the 01 division.

Within the room in the ruler's hub.

“break!”

BOOM!

damn it! Jiang Li shouted. His body shook and his aura rose. His cultivation improved from the early stage of Level Seven to the middle stage. His strength had increased greatly.

In his dantian.

Jiang Li's true spirit had grown from twelve inches to fifteen inches.

The power of his Truesoul was fused with even more power of heaven and earth.

It could be said that ...

30% of his power of true spirit had already been converted into the power of the heavens and earth.

Soon after.

Jiang Li consolidated his cultivation and continued to cultivate with the help of the 'blessing of the nation'. It took him more than half an hour to run out of energy.

Jiang Li then stopped cultivating.

what a pity. I'm just a little bit away from breaking through to the late-stage of the seventh rank.

Jiang Li was a bit regretful.

However ...

This was already very good.

His cultivation level had increased to the mid-seventh rank.

His strength had increased.

Furthermore, he was also only a step away from late-stage tier 7.

He had consolidated his cultivation.

Jiang Li came out of seclusion.

“Chief sovereign.”

QX01 walked in and reported to Jiang Li, ” ” a living being is attempting to break into the 01 army base. the mechanical guards and the ‘planet-level space battleship fleet’ are intercepting it. ”

“There is no conflict at the moment.”

“Hong Tianqi, Xu Ya and the others are negotiating with the other party.”

“Let’s go out and take a look immediately.”

Jiang Li quickly walked out of the room in the ruler’s hub.

He went outside.

“It’s Lord Chi.”

Lord Chi? ” Jiang Li looked up and saw Lord Chi. He was surprised.

“The Xia Emperor.”

Lord Chi smiled, ” it’s really difficult for me to meet you.

Shua!

Lord Chi. Jiang Li flew up and left the base. He came to Lord Chi and cupped his hands to show his respect.

“You must be joking, Lord Chi.”

Jiang Li said.

“Your Majesty!”

“Your Majesty, you’ve come out of seclusion.”

“Your Majesty, congratulations on the huge increase in your cultivation.”

Hong Tianqi, Xu Ya, Wu Zong, and pang kui all saluted with respect.

“Yes.”

okay. Jiang Li nodded.

“I didn’t expect you to have a breakthrough in your cultivation.”

” what? ” lord chi looked at jiang li in surprise. ” how long has it been? ”

“I was just lucky.”

yes, ” Jiang Li said. yesterday, I personally led the Xia Army and attacked the ten-winged dynasty while the demon emperors were fighting against the demons.

the ten-wing dynasty’s Army of 50 billion demons, as well as the various Kings and Marquises, were all annihilated. Even the ten-wing continent of the ten-wing dynasty was sunk by me.

that’s why I was able to devour more than half of the ten-winged dynasty’s National aura. With the help of the nation’s aura, I was lucky enough to break through to the mid-stage of the seventh rank.

“What did you say?”

ten-winged dynasty? ” Lord Chi’s eyes widened and he looked at Jiang Li in shock. He couldn’t believe it. ten-winged dynasty is one of the five Overlord-level dynasties of the monster race. Although it’s at the bottom, you’re actually able to do this.

Shocking!

Lord Chi was shocked.

“.....”

Jiang Li shrugged.

In reality.

Because of the change in the ‘Hidden Dragon rank-Saint peace state’, it naturally attracted the attention of all the empires in the Saint peace state.

The top 20 empires all discovered that the great Xia Empire had risen from 27th to 20th.

in addition.

The ten-winged dynasty fell from the fifteenth to the twenty-fourth.

The fate of the country was greatly damaged.

so,

The human emperors, demon emperors, and barbarian emperors of the various empires could basically guess the situation through the changes in the fate of the nation. They were all shocked by the performance of the great Xia Dynasty.

at this moment.

In the soul martial Empire.

within the imperial capital.

“Jiang Li!”

Qin Qi po closed his eyes before opening them again. There was a cold glint in his eyes. you’re quite capable to be able to cause such a heavy blow to the ten-winged dynasty.

“I have to say, the Grand Xia Empire is growing too quickly.”

I’m surprised, ” Qiu Wanlian said in a deep voice. during the first ‘Alliance meeting’, the strongest person around Jiang Li was only at the perfected-stage of Level Seven. During the second’ Alliance meeting’, there were level eight subordinates.

now, he can even severely injure the ten-winged dynasty.

“truly terrifying.”

“Soul Emperor, human Emperor Wan Lian.”

At this moment.

the voice of the hall master came from outside the hall.

“Please come in.”

Qin qipo said.

The palace door was pushed open.

The hall Master from outside the hall entered.

“Soul Emperor, human Emperor Wan Lian.”

yes, ” the hall Master said. the division has just sent an urgent message from Lingzhong. The demon division has merged the ‘Earth Book’ with the Holy peace state. Now, they can monitor the entire holy peace state at any time.

we can even create a ‘space tunnel’ to achieve precise teleportation.

“There’s actually such a thing happening to this bi an.”

Qin qipo and Qiu Wanlian suddenly stood up and said in shock, ” if it’s true, the demon emperors and the experts of the demon race will join hands and arrive in the capital cities of the major dynasties through the space tunnel to execute the decapitation operation. Won’t it be a disaster?

“You’re right, soul Emperor.”

that’s why we have to set up the ‘space transfer formation’ as soon as possible, ” the division Hall Master said. we hope that soul Emperor and human Emperor Wan Lian will do their best to cooperate with us.

Chapter 609 100 billion

almost at the same time.

All over the Holy peace Region.

The martial King dynasty, the sword Emperor dynasty, the tianzong dynasty, the Chongwu dynasty, the Mobei dynasty, the Lianzhen dynasty, and all the other human emperors had also received the specific information about the ‘demon clan’s Earth Book’.

All the human emperors had grave expressions.

They were worried that the demon Emperor of the demon race and the experts of the demon court would join forces to come to their imperial capital.

If that was the case ...

In the face of the Joint Forces of the demon Emperor and the demon court.

Even with the help of an Army, they might not be a match.

In the central region of the Holy peace Region.

The demon race was divided into two main halls.

In the main hall.

“Whoosh!!!”

Fu Tianqing activated the ‘Book of the Earth’ and formed a map of ‘holy peace state’, which was clearly presented to the demon emperors and the hall Masters of the demon court.

Ten-winged demon Emperor’s eyes were fixed on a certain place.

It was the northern region of the Holy peace Region.

He stared straight at the imperial capital of the Grand Xia.

“jiang li!”

Ten-winged demon Emperor clenched his fists.

“Now, all of you should try to sense the changes on the ‘Hidden Dragon rank’.”

“The great Xia Dynasty’s ranking has risen from 27th to 20th,” seven Lotus demon Emperor said in a deep voice.

“20th!”

The gang Feng demon Emperor was stunned. isn’t that surpassing me? ”

“This bi an ...”

The demon emperors were silent.

After a while.

“Everyone, let’s talk. How do you plan to use the abilities of the ‘Earth Book’ to create an advantage?”

one of the demon court’s hall masters said.

“.....”

All the demons were silent.

“Of course, we’ll first destroy the ‘Grand Xia Dynasty’.”

“The great Xia Dynasty is located in the northern region of the Saint peace state, and there is only the great Xia Dynasty in the northern region,” ten-winged demon Emperor said directly.

“in other words,”

“The great Xia Dynasty is ‘isolated and without help’.”

we can send out the Allied demonic forces from the Western, central, and Eastern regions of the Holy peace state to attack the great Xia Dynasty.

when the Allied demon forces arrive at the imperial capital of Grand Xia, we’ll use the power of the ‘book of the nether world’ to come to the imperial capital of Grand Xia and destroy the imperial capital and Emperor Jiang Li.

“i don’t agree.”

The gang Feng demon Emperor shook his head and said, ” the martial King Empire is in the Eastern Region of the Holy peace state. If the demon Allied forces from the Eastern Region want to enter the northern region of the Holy peace state, they will have to pass through the martial King Empire.

“The martial King dynasty will never let us pass through.”

“That’s right.”

the newly appointed demon emperor of the east peak dynasty, ‘dongseya’, nodded in agreement.

“ten-winged demon emperor,”

the demon emperor of the black dragon dynasty, mo long, also said, ” “I know how much you hate Emperor Xia. You can’t wait to cut him into pieces.”

“But your plan seems to be too hasty, and I don’t agree with it.”

“Hmph!”

Ten-winged demon Emperor coldly snorted.

“.....”

Time passed.

The demon emperors and the hall Masters of the demon court were arguing endlessly.

“Silence!”

fu tianqing shouted in a deep voice.

“.....”

Thus, the hall fell silent.

“Let’s hear my opinion.”

...

demon sovereigns, ” mo Helin said. you can order all the demon dynasties to start a war at the same time, to any dynasty nearby.

then, according to the specific situation of the battlefields, we will create space tunnels with the power of the ‘book of the nether world’ and send the experts of the demon race to the battlefields as reinforcements.

“Do we have to fight on our own?”

“This bi an ...”

“Shouldn’t we gather our strength?”

The demon emperors said.

“Let’s do this.”

wutian demon emperor suddenly stood up and said in a deep voice, ” it’s only a waste of time to continue arguing. I will lead the Imperial Allied forces of the central region of the Holy peace state and take over the entire central region.

after saying that.

Wutian demon Emperor left directly.

“Farewell.”

...

“Hehe.”

Qianfu demon Emperor and seven Lotus demon Emperor also left with Wutian demon Emperor.

“Wutian demon Emperor.”

remember, ” Fu Tianqing shouted in a deep voice. we’ll act in three days.

“.....”

Wutian demon Emperor paused and nodded without saying anything.

“.....”

“Alright,”

“I hope that the reinforcements from the demon race’s Chamber of Commerce can arrive in time.”

“Hu ~~ Hu ~ Hu ~”

the demon emperors looked solemn.

Obviously.

the abilities of the ‘book of the netherworld’ did not give the demon emperors much confidence.

one had to know.

Back in ten-wing continent.

The nine demon emperors and more than a dozen subordinates came to the ten-wing continent through the ‘book of the nether world’ and worked together to deal with Jiang Li, but they couldn’t make Emperor Xia and Jiang Li stay. Jiang Li even took the ‘heart of the continent’.

so,

The demon sovereigns were greatly disappointed by the ‘Book of the Earth’, and their initial excitement and excitement were completely gone.

the so-called surveillance and accurate teleportation in holy peace region weren’t as powerful as they had imagined. they still had to rely on their own strength in the end.

After the discussion.

The demon sovereigns left one after another. They returned to their respective dynasties through the teleportation formation of the demon race division. Ten-winged demon Emperor brought ten power Court and zh0214 back to ten-winged dynasty.

The ten-winged dynasty suffered heavy losses.

The ten-winged continent was sunk, and 50 billion demon soldiers, princes, and Marquis Kings were all dead. It could be said that the foundation was completely destroyed. Therefore, it was quite difficult for ten-winged demon Emperor to rebuild the demon Army.

As soon as ten-winged demon Emperor returned to the territory of ten-winged dynasty, he could clearly feel that the fate of the dynasty was weakening. He was furious and roared at the sky, his eyes bloodshot. I will definitely kill you!”

“Your Majesty.”

“Although the 50 billion demon Army is gone, I believe that as long as Your Majesty orders the entire country to recruit soldiers, we will definitely be able to form a new demon Army,” said ten power Gu comfortingly.

“As long as His Majesty is here, we can rise again.”

“That’s right, Your Majesty. Prince Chen of ten powers is right.”

Zh0214 stood behind ten-winged demon Emperor with a concerned look on his face. However, he was secretly thinking of ways to contact the ‘super Intel soldier’ troops within ten-winged dynasty’s territory.

“Yes.”

Ten-winged demon Emperor calmed down. three days. We only have three days. Although the demon soldiers of the various counties and Marquises have almost been recruited during the last recruitment, we still have three days.

“However, I believe that we can still recruit some more soldiers.”

“I don’t need too many. As long as I can recruit 100 million demon soldiers and form a demon Army, even if it’s just to make up the numbers, as long as I personally lead it, I can take down the northern desert Empire!”

obviously.

Ten-winged demon Emperor intended to make a move on the Mobei Empire.

The imperial capital of the Grand Xia.

Azure Dragon Palace.

Jiang Li invited Lord Chi to talk in the Azure Dragon Palace. There were only Jiang Li and Lord Chi in the palace. Wang Gang and WMS01 were standing on both sides of Jiang Li.

“The Xia Emperor.”

I won’t beat around the bush, ” master Chi said. I’m here this time not only to thank you for telling me about the ‘demon clan’s Earth Book’, but also for the’ spatial teleportation ‘that Martial Emperor mentioned last time.

“Lord Chi.”

Jiang Li waved his hand and interrupted her. the Martial Emperor is right. I have indeed mastered the ability of ‘space teleportation’, and I can also perform’ fixed point teleportation’.

“In other words ...”

“As long as I want to, I can teleport to any place in the Holy peace Region.”

“!!!”

Lord Chi’s eyes widened as he exclaimed, “Really?”

“That’s right.”

yes. Jiang Li nodded. Lord Chi, you can tell all the human Sovereign realm Warriors about this. Also, if possible, I hope to hold another Alliance meeting.

“We’ll discuss the details at the next Alliance meeting.”

“Alright!”

okay. Lord Chi came back to his senses and nodded. He then looked at Jiang Li.

Half an hour later.

Then, Lord Chi left.

buzzzzzz!

He used the spatial teleportation token to return to the division.

Jiang Li walked out of the Azure Dragon Palace.

he arrived at the base.

He entered the room in the ruler’s hub.

“Hidden Dragon,”

open the mech factory at full power, ” Jiang Li ordered. I’m going to send more soldiers.

“Yes.”

Shua!

yes. Hidden Dragon appeared. ruler, please give your orders. ”

“Yes.”

yes. Jiang Li nodded and gave an order after a while, ” make 100 billion each of the level-two Elite Fusion soldiers, the water and electricity meches, the Super carriers, the Super artillery, and the omnipotent tanks.

create 10 billion divine weapons of the Dominator Dragon, 10 billion Tri-perch armored soldiers, 10 billion laser destructive soldiers, and 10 billion invisible energy soldiers.

“Create 1 billion superconducting Ares soldiers, 1 billion super energy soldiers, 1 billion unlimited super soldiers, 1 billion super missile soldiers, 1 billion Storm Giant soldiers.”

create 10 million Super Fortress soldiers, 10 million super Ares-class soldiers, 10 million super annihilation-class soldiers, and 10 million Super Dragon God-class soldiers.

finally, we’ll build one million controllable nuclear fusion super soldiers.

“Yes.”

yes. Hidden Dragon replied, ” Lord, creating one million meches requires ten billion tons of steel materials and ten trillion energy points.

creating 40 million type 5 elite meches requires 40 billion tons of steel materials and 8 trillion energy points.

to create 5 billion meches, 500 billion tons of steel materials and 10000 trillion energy points.

creating 40 billion meches will consume 200 billion tons of steel and 80 trillion energy points.

creating 400 billion meches will consume 200 billion tons of steel materials and 80 trillion energy points.

a total of 445.041 billion meches were created, and a total of 950 billion tons of steel materials and 28880 trillion energy points were consumed.

Hidden Dragon, is there enough steel material? ”

Jiang Li asked.

“Reporting to you, chief sovereign.”

there’s more than enough steel materials, ” said Hidden Dragon. the Super transport troops that were sent to the human dynasties have all returned. They’ve brought back all the steel materials we got from the last trade.

so, you don’t have to worry about the lack of steel materials at all.

“Alright,” he said.

Jiang Li nodded in satisfaction and asked again, ” ” how long do you need to build all these meches? ”

“It will take twenty days!”

Hidden Dragon replied.

Obviously.

Last time, it took Jiang Li nearly two days to finish building more than forty billion soldiers.

This time, they had over 400 billion soldiers.

It was ten times more than the last time.

so,

it would take nearly twenty days.

“It’s been too long.”

Jiang Li frowned.

“Chief sovereign.”

you can upgrade all the other sub-bases to level six, ” Hidden Dragon suggested. there are thirty-six sub-bases in total. If all of them are upgraded to level six, the thirty-seven level six mech factories will build them at the same time.”

“i only need a day to complete it.”

“Alright!”

good idea. Jiang Li’s eyes lit up. that’s a good idea.

“Let’s do this.”

Hence.

Jiang Li went to the other bases through the teleportation room and upgraded the base from Army 02 to Army 037.

However ...

However, Jiang Li wasn't in the imperial capital.

It took nearly a day.

All of them had advanced to the sixth step.

He used energy points to level up.

At the same time.

Jiang Li also equipped the meches produced by the level 6 mech factory. Including upgrading the base, it cost 6636.36 billion energy points.

“Done.”

In the room of the ruler's hub in the base of the 01 division.

Shua! Shua! Shua!

In front of Jiang Li's eyes.

There were a total of 36 virtual screens, each showing the other 36 bases. On the screens were the 'base cores' of the various bases.

All of them had human forms.

From Hidden Dragon 02 to Hidden Dragon 037.

“Rumble!”

In the image.

There was the roar of the ‘production line’ working.

the mech factory of the 02 army base is operating at full power. Starting to produce Elite Fusion meches.

“.....”

the mech factory of base 021 is operating at full power. Starting to produce Elite Fusion meches.

“.....”

All the bases started to report to Jiang Li.

The ‘mechanical production troops’ could be directly teleported from the various army bases to the great Xia Empire’s Treasury, creating a temporary ‘wormhole tunnel’ and transporting the steel materials directly into the black furnace.

create meches.

“chief sovereign.”

I have 37 Level 6 mech factories, ” Hidden Dragon said. I think I can finish all 445 billion and 41 million meches by tomorrow.

“Alright,” he said.

” okay. ” jiang li nodded in satisfaction.

## Chapter 610 Hunting

The next day.

Early in the morning.

Half the night passed. Jiang Li’s 400 billion meches weren’t finished yet, but he had finished half of them. He asked Qian Long and he told him that he would be able to finish them by this afternoon.

“Yes.”

” okay. ” jiang li nodded in satisfaction.

on the other side.

Within the borders of ten-winged dynasty.

Zh0214 finally found the ‘super Intel soldier’ unit in ten-winged dynasty’s territory without telling ten-winged demon Emperor. He then contacted Jiang Li through the Super Intel soldier.

“Chief sovereign.”

QX01 found Jiang Li and said, ” “zh0214 requesting communication.”

“Answer.”

Jiang Li said.

“Yes.”

Buzzzzzz!

The holographic communication was activated.

” zh0214. ” qx01 raised his wrist and a beam of light shot out, forming a holographic projection in front of jiang li. he contacted zh0214.

“Chief sovereign.”

Zh0214 saluted.

“report the situation.”

Jiang Li said.

“yes.”

Zh0214 nodded and reported to Jiang Li, ” “My Lord, ten-winged demon Emperor plans to gather a hundred million demon soldiers within three days. Then, he will personally lead this Army of demon soldiers to invade the northern desert Empire.”

“Other than that.”

the demons are preparing to ‘fight for themselves’ and start an all-out war. Through the ability of the book of the nether world, they will support the major battlefields.

“yes.”

Jiang Li thought for a while, then his eyes turned cold and he said, ” “He wants to invade the northern desert Empire? hehe, he no longer has the chance. Zh0214, immediately confirm the exact location of the ten-winged demon Emperor.”

Hidden Dragon, contact kjzjd04 and kjzjd05. Prepare to activate ‘fixed point teleportation’.

“Yes!”

Zh0214 nodded.

“As you command.”

Hidden Dragon contacted kjzjd04 and kjzjd05.

Half a minute passed.

Through zh0214, he confirmed ten-winged demon Emperor’s current location.

activating fixed teleportation.

Hidden Dragon said,”destination: Marquis Tianyi’s capital in the ten-winged Empire, West of Saint peace state. Destination: Lord, jxzs01 Star Destroyer, WMS01 mechanical pseudo-Demon God.”

“Whoosh!!!”

the teleportation began.

An invisible beam of light landed on Jiang Li and the others, covering their bodies. In a flash, Jiang Li, Wang Gang, and WMS01 disappeared and teleported away.

The scene changed.

In the Western Region of holy peace Region.

ten-winged dynasty's marquis tianyi's capital.

High up in the sky.

Jiang Li, Wang Gang, and WMS01 appeared out of thin air.

they had already arrived.

jiang li looked down at the city below. the capital city of marquis tianyi was vast.  
he could see many monsters in the city.

Other than that.

Two days.

Ten-winged demon Emperor had already gathered nearly a hundred million demon soldiers.

However ...

The quality of these demon soldiers was extremely poor. Most of them were low-grade demon soldiers, and demons above level three were even rarer. They could barely form an Army of demon soldiers.

currently, they were all gathered in the capital.

At this moment.

Marquis Tianyi's mansion.

...

In the main hall.

“Your Majesty.”

Ten power Gu knelt on one knee and reported to ten-winged demon Emperor, ” “A hundred million demon soldiers have been assembled. The demon Army has also been formed. We await your instructions, Your Majesty.”

In the surroundings.

There were also the demon race marshals and generals promoted by ten-winged demon Emperor.

However ...

the highest cultivation level of these monster race marshals and generals was only at stage five.

He could only be considered as the tallest among the dwarves.

“Good!”

Ten-winged demon Emperor stood up. His eyes were burning as he said in a deep voice, ” “Order the entire Army to set off immediately. Xie Ling, I’ll leave the arrangement of the battle formation to you.”

“Your Majesty, please be at ease.”

...

Zh0214 said respectfully.

In the sky above the Marquis capital.

“Do it.”

Jiang Li didn't give ten-winged demon Emperor a chance. He waved his right hand and ordered.

“Yes.”

Wang Gang responded.

His figure flashed.

Wang Gang was standing in the sky above the Marquis's mansion.

After that.

“Nuclear palm!”

“BOOM!”

Wang Gang's palm landed, and in an instant, a dazzling radiance bloomed. The fusion energy condensed, and it was as if a sun was born.

He directly landed on the Marquis's mansion below.

“What's that Kasaya?”

“Enemy attack!”

” quickly run!!! ”

In the capital.

All the demons were alarmed by this sudden change. They raised their heads and saw an incomparably dazzling light blasting towards the Marquis King's estate.

He started to scream.

“Rumble!”

The sound of an explosion rang out.

The terrifying nuclear explosion destroyed everything. More than half of Marquis Tianyi was covered by the energy of the nuclear explosion. Buildings collapsed and life was exterminated, turning into ashes.

“Ah!”

the screams of countless demons resounded in all directions.

One palm!

Wang Gang’s palm had destroyed the entire Marquis’s mansion and more than half of Marquis Tianyi’s capital. It had turned into ruins and killed a large number of demons.

“Roar!”

Suddenly.

In the dazzling brilliance of the nuclear explosion, an extremely furious Dragon’s Roar was heard. A huge four-clawed true dragon soared into the sky and dispersed the energy of the nuclear explosion.

bang bang bang bang!

Energy fluctuated.

“Who is it? Who is it?”

boom!

Ten-winged demon Emperor roared in rage. His hair and beard fluttered in the wind, and he looked almost insane. He looked around, and a terrifying aura surged from his body.

Early eighth rank.

Ten-winged demon Emperor's cultivation was at the early stage of the eighth level.

“Your Majesty.”

Shua!

The ten power banner flew across the sky and stood beside ten-winged demon Emperor.

Immediately after.

Zh0214 had also rushed over.

Other than that.

The few Tier 5 demon generals and generals that ten-winged demon Emperor had just promoted were all killed by Wang Gang's palm. Not even their corpses were left behind.

“Ten-winged demon Emperor,”

jiang li flew over with wang gang and wms01 following behind him. jiang li looked at ten-winged demon emperor and said, ” “I haven't seen you for a few days, how are you?”

“jiang li!”

Ten-winged demon Emperor’s pupils contracted.”It’s you!!”

“Emperor Xia!”

ten power gu also said in shock.

“This bi an ...”

Zh0214 also had a look of shock on his face.

“Damn it!”

“How did you know I was here?” ten-winged demon Emperor shouted.

“Do it.”

kill them. Jiang Li waved his right hand. kill them.

“yes, sir.”

Shua! Shua!

Wang Gang and WMS01 moved at the same time. Like two extreme streams of light, they instantly broke through the air and attacked ten-winged demon Emperor. The powerful energy shook the space.

“Your Majesty, run!”

the ten power gu roared and rushed over resolutely.

Bloodline ignition!

Buzzzzzz!

“Roar!”

At the same time, the flood Dragon of the country's fortune appeared.

The bloodline Dharma power appeared. It was a huge two-winged lightning bird. Lightning crackled and purple bloodline flames covered the ten right Banner's body.

The ten authority Gu exploded with all its power.

“Kill!”

BOOM! BOOM!

WMS01 immediately released all sorts of skills, and the demon God's true form appeared. He held the demon God halberd, and with a monstrous might, he attacked the ten power banner.

Bang! Bang!

the halberd descended, directly sending the ten power banner flying.

“Ah!”

The ten power Gu screamed and spat out a mouthful of blood.

The ten authority Gu was powerful, having the cultivation of the late-stage of the seventh rank, and was half a step away from breaking through to the eighth rank. It had even burned its bloodline and unleashed all sorts of techniques.

its combat strength was already close to the early stage of the eighth rank.

However ...

against wms01's attack, ten authority gu was still lacking.

“Whoosh!”

Ten-winged demon Emperor's speed was at its maximum. His body turned into lightning, and he fled into the distance as if he had reached the speed of light. In the blink of an eye, he had flown dozens of miles away.

“Dammit! Damn it! Damn it!”

Ten-winged demon Emperor's face turned pale. He didn't expect Jiang Li to come here with two level-eight overlords.

He couldn't figure out how Jiang Li knew where he was.

“Who is it? Who is it?”

Ten-winged demon Emperor roared in his heart.

the most important thing was ...

One of the two level eight experts next to Jiang Li was at the perfected stage and the other was at the early stage. Ten-winged demon Emperor knew very well that he was no match for them.

“I must escape! I must!”

Shua!

Ten-winged demon Emperor fled at full speed.

“Astral battle technique!”

Shua!

Wang Gang chased at full speed and released the ‘Star Battle technique’. This technique allowed Wang Gang to have the ability to fight in the universe.

so,

When Wang Gang released this skill, his speed increased sharply and reached sub-light speed. He could enter ‘sub-space’ and perform ‘space jump’ for a short distance.

Buzzzzzz! Buzzzzzz!

His figure flickered.

Wang Gang caught up with ten-winged demon Emperor.

“God of War’s strike!”

Thump!

Wang Gang raised his hand and punched out. The vast fist radiance seemed to penetrate the space. It was extremely fast, like lightning, crossing the void and blasting toward ten-winged demon Emperor.

“!!!”

ten-winged demon emperor’s pupils contracted, ” how can he be so fast? ”

Roar!

The Dragon roared.

in an instant.

ten-winged demon emperor took out three sacred artifacts of the empire and threw them at wang gang. each of the sacred artifacts enlarged and were as huge as a star.

“rumble!”

an explosion sounded.

Wang Gang’s punch contained extremely terrifying power, and it easily sent ten-winged demon Emperor’s three sacred weapons of the Empire flying.

shua!

Wang Gang’s figure flashed past ten-winged demon Emperor and stood in front of him.

“Nuclear palm!”

BOOM!

Wang Gang’s palm struck out, as if he had struck out a blazing sun.

“Bloodline ignition!”

Ten-winged demon Emperor’s pupils contracted. He could feel the threat of death. the fate of the nation has attached to me!

“Roar!”

The National aura true dragon merged into the body of ten-winged demon Emperor.

At the same time.

The bloodline Dharma appeared.

It was a huge Thunderbird with ten wings.

Ninth-rank bloodline!

ten-winged thunderbird!

“BOOM!”

Ten-winged demon Emperor’s aura continued to rise. Under the double enhancement, his cultivation rose from the early stage of the eighth rank to the middle stage, and he was still a bit away from the late stage.

In reality.

That is, if the fate of the ten-winged dynasty had not been weakened.

Ten-winged demon Emperor was enhanced by the fate of the nation.

And in a desperate situation.

his cultivation could be raised to the late-stage of the eighth rank.

“World-destroying lightning!”

ten-winged demon emperor unleashed his strongest move. endless lightning flashed, and ten-winged lightning birds cried out. countless purple lightning formed a terrifying sea of lightning.

It covered the sky.

All of them were aimed at Wang Gang.

“Exterminate!”

Wang Gang raised his hands, ” double nuclear palm!

boom! BOOM!

The two palms fell.

it was as if two suns had crashed into the sea of lightning, extinguishing the lightning and the sea of lightning. they were all scattered, and the vast aftermath shook the space.

“Ah!”

Pfft!

Ten-winged demon Emperor let out a blood-curdling screech as his body flew backward. Cracks appeared all over his body, and blood seeped out. He was severely injured.

“Now.”

Buzzzzzz!

jiang li quickly took action. while ten-winged demon emperor was seriously injured by wang gang, he used wang gang's 'space combat technique' and performed a short-distance space jump.

He appeared beside ten-winged demon Emperor.

“Die!”

Jiang Li waved his right hand and the divine weapon turned into a Black Dragon-scaled long sword. He aimed at ten-winged demon Emperor's heart and stabbed.
