

Army 611

Chapter 611 Late-stage

Ten-winged demon Emperor's pupils contracted.

His eyes widened even more.

At this critical moment.

He quickly recalled the sacred vessel of the Empire that had been blown away by Wang Gang. The three sacred vessels formed three layers of defense in front of him.

Kachaa!

break! Jiang Li tried his best, but he only managed to break two layers of defense. The third layer blocked him.

Jiang Li!!!

Ten-winged demon Emperor stared at Jiang Li. His eyes were as red as blood and full of killing intent. He roared and Thunderbolts gathered into a sword of lightning that stabbed at Jiang Li.

“nuclear palm!”

BOOM!

break! Jiang Li used Wang Gang's skill again. A sun seemed to have appeared under his palm, and it easily shattered ten-winged demon Emperor's sword of lightning.

at the same time.

The third layer of defense was also broken through.

“Ah!”

Pfft!

arghh! ten-winged demon Emperor screamed. His chest was pierced through by Jiang Li, and blood splashed everywhere. Then, it was evaporated by the high temperature of the nuclear energy.

Clang!

The sword light flashed.

Jiang Li waved his right hand and the Black Dragon Scale sword cut off ten-winged demon Emperor's head. The destructive energy rushed into his body.

It destroyed ten-winged demon Emperor's life force.

A sword beheading.

it could be said that ...

Ten-winged demon Emperor did not even know who the spy beside him was.

It was very sorrowful.

It was even a little stupid.

“Your Majesty!”

The ten power Gu howled in grief, his eyes were about to crack.

“Roar!”

At the same time.

Because of the death of ten-winged demon Emperor, the true dragon of the ten-winged dynasty began to collapse completely, and its huge dragon body continued to crack.

the flood dragon of the ten power gu was also collapsing.

The vast and scattered fate of the country filled the surrounding space.

“Devour!”

Buzzzzzz!

let's go! Jiang Li activated his technique. The Azure Dragon of Xia charged out. Its 20000-meter-long body opened its mouth and started to devour the fate of the ten-winged dynasty.

the azure dragon of the great xia dynasty was growing at a speed that could be seen with the naked eye.

“Devouring true eye!”

Ten authority referee was no match for WMS01 to begin with, and now that he had lost the boost from the Dragon of National fate, his combat power had dropped drastically. WMS01 immediately used his killer move.

Pfft!

Finally.

WMS01's halberd smashed into the head of ten power gun. Blood and flesh flew everywhere, killing ten power gun.

Buzzzzzz! Buzzzzzz!

WMS01's 'devouring evolution' talent was activated, and it devoured the remnant souls of Shi Quan Yun and ten-winged demon Emperor.

His evolution progress had increased by 10%.

"Collect!"

Shua! Shua!

Jiang Li waved his right hand and took the three sacred weapons of the ten-winged dynasty and put them into his Supreme-grade spatial storage bag.

"wang gang, wms01, quickly annihilate all of hou du's 100 million demon soldiers."

go! Jiang Li ordered.

"yes."

wang gang and wms01 accepted the order and rushed toward the marquis of heaven's wings, starting a tragic slaughter.

"Whoosh!!!"

However ...

...

A few minutes later.

huh? ” Jiang Li felt the space fluctuation. He looked in the direction of the space fluctuation and saw the space crack and a space Whirlpool.

“Let’s go!”

ten-winged dynasty? ” Jiang Li’s pupils constricted. He had no time to absorb the fate of the ten-winged dynasty.

“Teleport!”

Buzzzzzz!

In an instant.

teleport! the mechanical space Station started to teleport. An invisible space beam covered Jiang Li, Wang Gang, WMS01, and zh0214.

Shua!

they disappeared at the same time.

He was teleported away in an instant.

...

The next moment.

Two figures emerged from the spatial vortex.

They were Fu Tianqing and Mo Helin.

The two Vice Division leaders of the demon race.

they actually came personally.

“This bi an ...”

Fu Tianqing looked around in silence. He took a deep breath and looked down at the body of ten-winged demon Emperor on the ground. Then he looked at where Jiang Li had left and said, ” “I’m too late. Ten-winged demon Emperor is dead.”

“Yes.”

Mohreen nodded.

His expression was gloomy.

Obviously.

The battle between Jiang Li and ten-winged demon Emperor had changed the terrain around them. Fu Tianqing and Mo Helin noticed the change through the map in the ‘Book of the Earth’.

Hence.

They had come directly through the ‘space tunnel’.

But unfortunately ...

The battle had ended too quickly.

Facing the joint attack of Wang Gang and Jiang Li, ten-winged demon Emperor couldn’t even hold on until Fu Tianqing and Mo Helin arrived before he was killed by Jiang Li.

“Collect!”

buzzzzzz!

Mo Helin waved her right hand and took out a blood-red jade seal. She collected all the fate energy of the Empire in the air and the Jade seal fell into her hand after absorbing it.

“What a pity, nearly 70% of the ten-winged dynasty’s fate has been devoured.”

Mohreen said.

“Helene.”

fu tianqing took a deep breath and said in a deep voice, ” “Dongyue was killed, and now ten-winged demon Emperor has been killed. Our demon race has lost two level eight demon emperors.”

“I know that even if you don’t tell me.”

Mo Helin put the Jade seal into her pocket and said, ” “Let’s take the corpse of the ten-winged demon Emperor back. An eighth-ranked demon corpse, coupled with some eighth-ranked materials, should be able to refine an eighth-ranked puppet.”

“Yes.”

Fu Tianqing nodded. that’s the only way.

ten-winged demon Emperor must have been killed by Emperor Xia, Jiang Li. He exposed his location and was killed by Jiang Li after teleporting here.

“This means that there really are human spies around ten-winged demon Emperor,” mo Helin deduced.

“The Grand Xia Empire.”

fu tianqing muttered to himself and clenched his fists. his eyes were filled with cold killing intent. ” we have to think of a way to get rid of emperor xia, jiang li. ”

after a while.

Fu Tianqing and Mo Helin left with the corpse of ten-winged demon Emperor.

The imperial capital of the Grand Xia.

In the base of the 01 division.

Jiang Li and the others had teleported back.

“Chief sovereign.”

thank you. zh0214 saluted Jiang Li.

“Yes.”

great. Jiang Li nodded with satisfaction. zh0214, you’ve done a great job. I didn’t expect it.

“Ten-winged demon Emperor has been killed, and we’ve almost investigated the background of the demon race. Your mission has been successfully completed, so you don’t have to continue being undercover.”

“Yes.”

Zh0214 nodded.

“From today onwards, you’ll be back in the team.”

I'll leave the battlefield commander to you, " Jiang Li continued. you'll be in charge of the troops.

"Yes, sir."

Zh0214 nodded again.

"Upgrade."

Buzzzzzz! Buzzzzzz!

Soon after.

Jiang Li used another 140 trillion energy points to upgrade zh0214 to the perfected-stage of Level Seven.

"Thank you, hegemon."

Zh0214 saluted.

" let's go. " jiang li sat down with his legs crossed. he activated his technique and a dragon's roar came out of his body. his body was covered in a blue light with a blue dragon shadow.

Roar!

The Azure Dragon of the great Xia Dynasty rushed out of his body.

It went straight into the clouds.

it appeared in the sky.

It formed a 30000 meter long dragon body.

“It’s only thirty thousand meters.”

I didn’t manage to absorb all the fate of the ten-winged dynasty. Otherwise, the Azure Dragon would’ve definitely grown to 40000 meters tall.

“However,”

the situation just now was obviously caused by the demon race’s division using the book of the nether world to open up a ‘space tunnel’. If I didn’t leave quickly, I would definitely be surrounded and attacked by the experts of the demon race’s division.

“When the time comes, you won’t be able to leave even if you want to.”

“There’s no need to take the risk for the rest of the Empire’s fate,”

buzzzzzz!

Soon after.

Jiang Li stopped channeling and the 30000-meter-long Azure Dragon disappeared. He closed his eyes and sensed the ‘Hidden Dragon rank-Saint peace state’.

The world of consciousness was pitch black.

There was no light or any sense of perception.

shua!

Immediately after.

A purple-gold light appeared in the dark World. It gathered together and formed a Dragon-shaped list. It slowly unfolded in front of Jiang Li.

at this moment.

Only half of the ‘Hidden Dragon rank-Saint peace state’ was covered in mist.

He took a closer look.

The great Xia Dynasty’s National fate ranking had risen from 20th to 17th.

It had risen by three places.

Wuwuwuwuwu!

A purple-gold light fell off the list and flew to Jiang Li, merging into his body.

“Congratulations to the great Xia Dynasty for improving its National fate. Its ranking has risen from 20th to 17th. Great Xia Azure Dragon technique.

a message appeared.

buzzzzzz! Buzzzzzz!

immediately after.

A large amount of cultivation methods and inheritance information appeared in Jiang Li’s mind. it was the great xia azure dragon technique that had been further optimized.

It had been upgraded to a top-tier level Seven.

Not long after.

Jiang Li memorized all the information.

Shua!

The list in front of him disappeared.

There was only one reward this time.

Jiang Li's consciousness came back and he opened his eyes.

"The Azure Dragon art of the great Xia Dynasty,"

After that.

jiang li started to practice the blue dragon art of the great xia, which was at the seventh-grade.

Roar! Roar!

In his dantian.

the blessing of the nation has started. the Azure Dragon let out a roar and the vast power of the nation's fate gushed out. Jiang Li used the blessing to cultivate.

He began to comprehend the 'truth of heaven and earth'.

The power of heaven and earth was injected into Jiang Li's body and merged with the 'true spirit' in his dantian. His aura was slowly rising.

Half an hour later.

" great. " jiang li finished practicing the rank-seven azure dragon technique.

Another hour passed.

BOOM!

Jiang Li's cultivation had a breakthrough. He shook his body and his aura rose. The light on his body grew and his aura surged. He successfully advanced from the mid-stage of Level Seven to the late-stage of Level Seven.

In his dantian.

his truesoul had grown from fifteen inches to eighteen inches.

The power of true spirit in his body.

More than 60% of it had already been converted into celestuality.

Buzzzzzz! Buzzzzzz!

jiang li continued to cultivate and used up all the energy from the 'blessing of the nation'. his cultivation improved a little, but he was still far from reaching the peak of level seven.

The energy feedback from the country's fate was exhausted.

Jiang Li started to consolidate his cultivation.

It took him half an hour to complete the consolidation.

"Next, it's time to devour the ten-winged dynasty's dynasty fortune Saint weapon."

Shua!

Jiang Li waved his right hand.

He took out all three sacred artifacts of the Empire.

Each of them was at the six-Dragon level.

“Devour!”

Buzzzzzz!

Jiang Li controlled the dynasty Saint weapon of the great Xia Dynasty and devoured the dynasty Saint weapon of the ten-winged dynasty. There were Dragon roars and glows.

The fate of the country shook.

Time passed.

after a few hours.

Jiang Li had devoured all three of the ten-winged dynasty’s sacred weapons. The Green Dragon imperial edict, the Green Dragon Imperial Jade seal, and the Marquis title of great Xia had been greatly improved.

Seven Azure Dragon shadows were formed.

In other words ...

All of them had been raised to the seven Dragon level.

The power increased greatly.

after doing all this.

It was already afternoon.

“Chief sovereign.”

yes. Hidden Dragon appeared and reported, ” 445.041 billion Elite Fusion meches have been completed. Please inspect them.

“Alright,” he said.

Jiang Li was overjoyed.

Shua! Shua!

soon after.

The projection images of the other 36 army bases were all transmitted over.

meches. Jiang Li checked the finished meches.

He was extremely satisfied.

This way ...

Jiang Li had almost 500 billion meches.

this was a terrifying number.

At the same time.

Xing lingqi arrived at the imperial capital of the Xia Dynasty. She met Jiang Li in the Azure Dragon Palace and told him to prepare for the third alliance meeting at the martial arts Celestial Court of the human race-Saint peace state court.

“Alright,” he said.

okay. Jiang Li nodded and agreed. let’s not waste any time. Let’s go now.

“Yes.”

Xing lingqi naturally nodded in agreement.

Chapter 612 the meeting

Xing lingqi took out the ‘teleportation token’ and injected energy into it to activate the space Array within.

“Whoosh!!!”

The light shone.

The light of the space formation enveloped Jiang Li and Xing lingqi.

At the same time.

Wang Gang and WMS01 were also included.

Shua!

A silver-white light flashed.

Jiang Li and the others disappeared and teleported away.

The scene changed.

The human race was divided.

Jiang Li, Xing lingqi, and the others had arrived in the teleportation Hall in the North.

“Xia Emperor, we’ve arrived.”

Xing lingqi said.

“Yes.”

okay. Jiang Li nodded.

Half an hour later.

jiang li and xing lingqi went to the martial pagoda together. they went to the 999th floor and entered the world inside.

in the end.

they had arrived at the martial arts hall.

The palace door opened.

Jiang Li and Xing lingqi walked in and walked along the wide corridor. Soon, they arrived at the martial arts Hall.

“Emperor Xia!”

“Hall Master Xing.”

“.....”

in the main hall.

They were Emperor Wu, Emperor Mo bei and the other human emperors, Xia Tian, he Qingshu and the other nine Hall Masters, as well as Lord Chi and elder he.

The top human existences of the Holy peace state gathered once again.

Jiang Li was the last one to arrive.

“Yes.”

Xing lingqi cupped her hands in return and sat down in her seat.

thank you. Jiang Li smiled. He cupped his hands to the crowd and sat down.

“Alright,” he said.

“Emperor Xia has arrived as well. The third alliance meeting has officially begun,” Elder Brown nodded and said.

by right, the third meeting shouldn’t be held so soon before the space teleportation array is completed.

“But,”

“Because of the matter of the ‘demon clan’s Earth Book’, I had to do this.”

“it’s easier to discuss countermeasures.”

“Yes.”

“Please elaborate, elder he.”

“can the ‘book of the netherworld’ of the demon clan really monitor the entire holy peace region and even perform accurate teleportation?”

“.....”

All the human emperors asked one after another.

“That’s right.”

elder brown nodded solemnly. ” in fact, the book of the earth is one of the most precious treasures of the immortal court of the demon race. its power is not only limited to monitoring the holy peace state and creating a space tunnel. ”

“Oh.”

the Book of the Netherworld? ” Jiang Li raised his eyebrows and thought, it’s not real?

This kind of thing.

jiang li indeed didn’t know.

“However,”

Elder Brown changed his tone and continued, what I can be sure of is that, although the ‘Earth Book’ of the demon clan is not the real treasure, it is a rare replica. It can be considered a powerful magical treasure.

“From what I can tell, the ‘Book of the Netherworld’ can only be used to create the map of the Holy peace Region and the space tunnel.”

“There must be other abilities.”

...

At this point.

Elder Brown looked at Jiang Li.

“This bi an ...”

Jiang Li muttered to himself. He somehow understood the other abilities of The Earth Book and thought, ” this means that Fu Tianqing and Mo Helin were hiding something from the demon sovereign. They didn’t tell him everything.

“it’s a pity that zh0214 didn’t manage to find all of them.”

At this moment.

Elder Brown’s words naturally caused a discussion among the human Sovereign realm Warriors.

After a while.

“Elder Brown,”

Qiu Wanlian stood up and cupped his hands.”Elder Brown, how did you know about the demon clan? Can you confirm the accuracy of this information?”

“Yup,”

...

“The demon race is very secretive. The demon race should have hidden themselves very well.”

“.....”

all the human emperors looked over and asked.

“hehe.”

Elder Brown just smiled.

“You’ll have to ask Emperor Xia about the source of this information.”

Lord Chi said.

“Emperor Xia!”

“what does this have to do with the xia emperor?”

“Emperor Xia, please inform Qianqian.”

Human Emperor of Mobei, Lianzhen, and Qin qipo all looked at Jiang Li.

Jiang Li stood up. He looked at the human Sovereign realm Warriors, the palace Masters, and everyone else in the palace calmly and said, ” “This news and intelligence came from my mouth.”

“what?”

“It was actually the Xia Emperor who investigated it?”

“This bi an ...”

“It can’t be.”

Everyone was shocked.

“Hehe, ridiculous.”

Qiu Wanlian sneered and shouted, ” “Emperor Xia, don’t you dare spout nonsense here. Your cultivation isn’t even at the eighth step, and the great Xia Dynasty has just been promoted.”

“How could you possibly know the secret of the demon race?”

“Yup,”

“how did emperor xia manage to find out the secrets of these demons?”

“It can’t be a lie, right?”

Everyone chimed in.

“Human Emperor Wan Lian.”

Emperor Xia is right, ” Lord Chi said. this news was given to us by Emperor Xia. Otherwise, even we would have been kept in the dark by the demon race.

“Yes.”

elder brown nodded. ” what emperor xia said is true. you don’t have to doubt it. ”

Instantly.

the hall fell silent.

what? ” everyone was shocked. They looked at Jiang Li in shock.

Since Elder Brown and Lord Chi said so, it meant that Jiang Li was telling the truth.

“It really is the Xia Emperor.”

“Unbelievable.”

“How did the Xia Emperor know?”

“What method did you use?”

“This is amazing!”

everyone was amazed.

“How is that possible?”

Qiu Wanlian’s face turned red and his eyes widened. He was also dumbfounded. He just said that it couldn’t be Jiang Li, but Elder Brown and Lord Chi both spoke up for Jiang Li.

“I didn’t expect this.”

Qin qipo looked at Jiang Li.

“the xia emperor.”

Qiu Wanlian took a deep breath and scolded, ” “How do you prove that what you said is true? And not words of deception? I don’t believe your words.”

“Enough!”

Lord Chi and Elder Brown's faces darkened as they chided in unison.

"Human Emperor Wan Lian."

Xing lingqi snorted and said, "Elder Brown and Lord red both agree with Emperor Xia. Do you doubt the two lords as well?"

since the human race has informed all the human sovereigns of this information, it must have been verified by us. There can't be any mistake.

"....."

The various Hall Masters also said in deep voices.

"I'm Yingying!"

Qiu Wanlian opened his mouth but did not say anything.

"the xia emperor."

Lin Tianjian stood up, cupped his hands at Jiang Li, and said gratefully, "Thank you, Emperor Xia, for providing us with information on the demon race. This prevented us from being killed by the demon race without us knowing."

"Many thanks, Emperor Xia."

Jing yueke also cupped his hands and said.

"thank you, xia emperor!"

Human Emperor Mo bei and Lian Zhen also bowed.

"Hehe."

jiang li just smiled and didn't care.

Furthermore ...

Jiang Li didn't come here to hear their thanks.

"Elder Brown, Lord Chi."

since we already know the demons' background and trump card, we naturally have to think of a way to deal with them. How do we deal with the demons' nether world Book? " Lin Tianjian continued to ask.

if the demons seize the opportunity and the demon emperors join forces with the powerful demons to attack a dynasty, I'm afraid none of the human emperors here will be a match for them.

"yes."

martial emperor nodded, " i agree with sword emperor's words. "

"Indeed,"

qin qi po also nodded.

Obviously.

The martial sovereign Wu Wuji, the soul sovereign Qin qipo, and the sword sovereign Lin Tianjian were the three strongest human sovereigns in the human race. Their National fate rankings were also extremely high.

Although they were extremely confident in their own strength, they did not dare to be careless.

the first way to deal with the demons 'Earth Book is to gather all the armies of the human dynasty, " said Lord Chi after a moment of silence. once they're gathered together, we won't have to worry about the demons' attack.

"However,"

if we want to gather all our forces, we have to give up a large number of territories. This is obviously not realistic.

"losing a large amount of territory will cause the country's fate to rapidly decline."
"

"The second method."

it's to complete the 'space transfer formation' as soon as possible. The nine human dynasties can rely on the 'space transfer formation' to communicate with each other, so they can barely provide timely assistance.

but obviously, it can't be compared with the 'space tunnel' of The Earth Book. After all, the 'space tunnel' can achieve accurate teleportation.

"This bi an ..."

"Neither of the two methods is good."

"Yup,"

"He's too passive,"

The human emperors muttered to themselves.

"Everyone, don't forget that the barbarians are still watching us like tigers watching their prey."

Lianzhen said in a deep voice.

“.....”

Instantly.

Everyone present fell silent.

it was true.

The Barbarian race in the Holy peace state had been extremely low-key recently. On the other hand, the demon race and the human race had been in constant conflict, and both sides had suffered losses.

However ...

Compared to the demon race and the human race.

The Barbarian race of the Holy peace state was indeed slightly weaker.

Other than that.

The ‘mixed-blood alien race’ hiding in the dark might launch a sudden attack at a critical moment, especially in the boundless ‘endless ocean’.

There were many alien dynasties.

For example, the three Emperor seas.

In reality.

Around the Holy peace Region.

There were four 'sea areas'.

They were the three sovereign seas to the North, the halcyon seas to the West, the sea Dragon seas to the East, and the Tuoba seas to the South. There were many dynasties in the four Seas.

It was just that there were very few conflicts.

Although there were few conflicts, it did not mean that there were none.

The dynasties near the sea had some conflicts and wars with the dynasties of the sea.

There was constant friction.

"Cough, cough."

Lord Chi coughed and glanced at Jiang Li. He said slowly, "The reason why we have gathered all of you here for the third meeting is actually Emperor Xia's suggestion."

"the xia emperor."

"If you have any ideas, just say it now," Lord Chi said.

Instantly.

everyone in the hall looked at jiang li again.

"Alright," he said.

Jiang Li smiled.

“Xia Emperor, what are you planning to do now?”

Qiu Wanlian questioned.

Lin Tianjian smiled. I’m afraid many of you don’t know about this.

it’s about the great Xia Dynasty. On the ‘Hidden Dragon ranking’, the great Xia Dynasty’s National fate ranking has been promoted one after another, from the 27th to the 17th place. It has not even been half a month, and such a huge increase has really shocked me.

“And ...”

“The ‘ten-winged dynasty’, one of the demon race’s five Overlord-level dynasties, has already disappeared from the list. The demon race has already lost two great dynasties, and only eight great dynasties are left.”

“Si si si ...”

“there’s actually such a thing.”

“That’s the ten-winged dynasty!”

the crowd was shocked again.

Especially the human Emperor of Mobei and Lian Zhen.

They knew the power of the ten-winged dynasty the best, but they never expected that the ten-winged dynasty would be destroyed by Jiang Li’s great Xia Dynasty.

It was truly terrifying.

“Congratulations, Emperor Xia. The fate of the Empire has greatly increased. This is worthy of celebration.”

lian zhen and the human emperor of mobei congratulated him.

there's nothing to be proud of or congratulate about such a small matter. It's just a mere ten-winged dynasty.

"no." jiang li waved his hand. "i can destroy the ten-winged dynasty with a flip of my hand."

"Eh?!"

The crowd was stunned, and the atmosphere became a little awkward.

These words were too arrogant.

Chapter 613 showdown

"Arrogant."

Jiang Li, you're too arrogant. The ten-winged dynasty is one of the five Overlord-level dynasties of the demon race. The ten-winged demon Emperor is already at the early stage of level eight, and he has tens of billions of demon soldiers, many Demon Princes, and Marquis Kings. He's very powerful.

"Do you really think that the great Xia Dynasty is an Immortal Dynasty? Annihilate it with a flip of the hand?"

"Ridiculous."

"I'm guessing that your Grand Xia Empire has already suffered heavy losses,"

"You're right. I think Hall Master Xia's words make a lot of sense."

Jiang Li! Qiu Wanlian immediately agreed, ” Jiang Li, you’re too arrogant.

In the surroundings.

Everyone looked at Jiang Li. They all thought that Jiang Li was too arrogant. It was as if destroying a dynasty was as easy as blowing dust.

It was just as Xia Ling had said.

did they really think that they were an emperor?

It was true.

if it was the ‘no god dynasty’.

Destroying a transcendent dynasty was indeed something that could be done without much effort.

“Shut up!”

what a joke. Jiang Li glanced at everyone coldly. you’re just a frog in a well. Do you really think that the sky above the well is the entire universe? ”

“Impudent!”

shut up! Qiu Wanlian scolded, ” I’m a frog in a well. Who Do You Think You Are?
”

“Qiu Wanlian,”

Jiang Li glanced at him and said indifferently, ” you’re having a good time jumping around. You’ve been targeting me from the beginning. You’re so sarcastic. Do you think I have a good temper? ”

“Hmph,” he snorted.

Qiu Wanlian snorted. I’m just telling the truth.

“Very good,” he said.

you’re right. Jiang Li smiled, waved his right hand, and gave an order. slap him!

“You’re so silly!”

qiu wanlian was about to speak.

Buzzzzzz!

Wang Gang took a step forward and used his ‘space combat technique’. He teleported a short distance and appeared in front of Qiu Wanlian in an instant.

“!!!”

spatial movement?!

“This bi an ...”

Instantly.

Wu Wuji, Qin qipo, Lin Tianjian, Lord Chi, Elder Brown, and all the tier 8 powerhouses present widened their eyes.

He was shocked.

BOOM!

Wang Gang raised his hand and slapped him.

hurry up!

It was too fast!

It was so fast that Qiu Wanlian did not even have time to react.

“Roar!”

The next moment.

a dragon’s roar came from within qiu wanlian’s body. the national aura automatically protected him. the shadow of the dragon wrapped around his body, forming a defensive light curtain, but it was as fragile as paper.

Bang!

It exploded under Wang Gang’s palm.

“pa!”

After that.

The crisp sound of a slap resounded throughout the entire Hall. Wang Gang’s slap had left a deep palm print on Qiu Wanlian’s left cheek.

The strength of Wang Gang’s palm was exquisite. Qiu Wanlian was not sent flying, but his left cheek was red and painful.

“Ah!”

Qiu Wanlian's eyes were red with Fury.

BOOM!

Wang Gang's palm fell again, and the terrifying energy suppressed Qiu Wanlian.

Pa! Pa! "Pa!"

...

A few slaps.

Both sides of Qiu Wanlian's face were swollen like a pig's head. The red handprint on his face was reflected in everyone's eyes.

Qiu Wanlian had no strength to resist.

"What a fast speed!"

What a powerful energy and aura!"

"The great circle of rank eight! He's definitely at the great circle of the eighth rank!"

"Si si si ..."

Everyone's eyes widened and they gasped.

Everyone was shocked.

"That's enough,"

boom!

...

stop! Qin qipu stood up and shouted, " Jiang Li, tell your subordinates to stop. How can you allow your subordinates to target a Human Sovereign realm warrior in the martial arts Palace? "

"human emperor wanlian, didn't you say that you didn't believe that i had the ability to easily annihilate the ten-winged dynasty? In order to make human Emperor Wan Lian believe me, I can only reluctantly let him experience it for himself."

why not? " Jiang Li asked.

"Good!"

Qin qipo's expression turned cold. then I shall see what you, Emperor Xia, have!

"Come out!"

BOOM!

Qin Qi po waved his right hand.

immediately.

Jiang Li! Qin qipo controlled a level eight puppet warrior to appear. It turned into a black shadow and charged at Jiang Li as fast as lightning.

He threw a punch.

The terrifying power almost caused the space to shake.

“Demon God halberd!”

Bang!

WMS01 made his move. With a wave of his right hand, he took out the demon God halberd. The power of the demon God surged, and with a single strike, Qin qipo's type 8 puppet warrior was sent flying.

kachaa! Kachaa!

The floor of the martial arts Hall cracked.

“Another level 8!”

qin qi po's pupils shrunk.

“Two class 8 experts!”

“That's terrifying.”

“Since when did Jiang Li have two eighth-rank overlords? Furthermore, one of them is at the great circle of the eighth step. This kind of strength is considered to be at the peak even among the Overlord dynasties.”

“No wonder Jiang Li is so arrogant.”

Everyone was shocked.

“Xia Emperor, soul Emperor, stop right now.”

“The martial arts Hall won't be able to withstand the two of you. If I let you fight without restraint, I'm afraid the entire martial arts Hall will be destroyed,” Lord Chi said.

“Wang Gang, come back.”

Jiang Li said.

“Yes.”

Shua!

Jiang Li. Wang Gang flashed and appeared behind Jiang Li.

“Collect!”

Qin Qipo also recalled his puppet Warriors.

He didn’t continue.

In reality.

Qin Qi po had no confidence.

Gazing at Wang Gang, force Emperor was shocked inside, ” was that really space movement? ” Jiang Li’s subordinate has mastered the power of space?

“Unfathomable.”

Lin Tianjian took a deep breath.

Lord Chi and Elder Brown also looked at Wang Gang.

“The Xia Emperor.”

“You’ve caused enough trouble,” said Lord Chi, “it’s time to talk about serious matters.”

On the other side.

Human Emperor Wan Lian’s face was as swollen as a pig’s head, but he didn’t dare to talk anymore. He looked at Jiang Li with fear because he had just experienced Wang Gang’s terrifying strength.

It was like an adult bullying a child.

he had no power to retaliate.

One had to know.

Wang Gang was at the peak of the eighth level, while Qiu Wanlian was only at the initial stage.

The difference between them was too great.

“Alright,” he said.

yes. Jiang Li nodded. I do have a way to deal with the ‘Earth Book’ of the monster race. In fact, the Martial Emperor questioned me at the Last Alliance meeting.

“He asked me if I have mastered the ability of ‘space’.”

“Hehe.”

Jiang Li shrugged, spread his hands, and smiled. that’s right. I won’t pretend anymore. I’ll show my cards. I have indeed mastered the power of space.

“Not only that,”

I can also perform ‘fixed-point teleportation’. As long as I want to, I can teleport to any place in the Holy peace state from any place.

it’s instant teleportation!

Silence.

The entire martial Hall fell into complete silence.

Only the sound of breathing could be heard.

One could almost hear a pin drop.

Obviously.

Everyone was shocked by Jiang Li’s words.

“Impossible!”

Qiu Wanlian could not help but shout.

Shua!

Wang Gang’s eyes swept across Qiu Wanlian.

“Eh?!”

Qiu Wanlian immediately shut his mouth, feeling a faint pain in his cheeks.

“You’re so silly!”

Wu Wuji took a deep breath. It took him a while to come back to his senses. I was right. Jiang Li has indeed mastered the space power.

Thinking of this ...

Wu Wuji's heart was burning.

He wanted to take away Jiang Li's power.

However ...

The next moment.

Wu Wuji calmed down.

Because ...

Jiang Li was very powerful. He had two subordinates, one of whom was a perfected-stage level-eight, and more importantly, no one knew if Jiang Li had other tricks up his sleeve.

After all ...

From the first Alliance meeting to the third.

The power that Jiang Li showed.

It was getting more and more terrifying.

It was a huge leap in growth.

“Emperor Xia, have you really mastered the power of space?”

Mo bei human Emperor couldn't help but ask, even using honorifics.

“.....”

Everyone looked at Jiang Li.

Obviously.

Everyone was in disbelief.

after all, the 'space domain' was a power that could only be mastered by the imperial dynasty. the reason why the 'human race's division' existed was that it was a part of the 'martial arts celestial court' of the human race.

Furthermore ...

He had only grasped the surface of the 'human race's Chamber of Commerce'.

He only knew it, but he didn't know why.

He didn't fully understand.

“Fixed point teleportation.”

Jiang Li didn't answer but proved it with his actions. He contacted kjzjd02 and KJJD03 who were patrolling in the central region of the Saint peace state. teleportation target: MYL01, SSTs01, the teleportation point is next to me. ”

“Whoosh!!!”

In the base of the 01 division.

an invisible space beam crossed time and space and covered MYL01 and SSTs01 in the base. the two meches disappeared into thin air.

The next moment.

In the martial Hall.

There was an obvious spatial wave on Jiang Li's right.

shua! Shua!

In the blink of an eye.

MYL01 and SSTs01 appeared next to Jiang Li.

"This Suan ni, this Suan ni"

"It really is! It really is!"

"F * ck!"

"It's appeared, it's appeared."

"....."

Everyone's eyes widened as they pointed at MYL01 and SSTs01 and screamed in shock.

"How is that possible?"

Lord Chi and Elder Brown were more shocked than anyone else.

Because ...

This was the world within the martial Pagoda.

In other words ...

Jiang Li's 'spatial teleportation' allowed him to cross the space barrier and teleport the two of them from the great Xia Dynasty to the martial arts Hall in the world inside the tower.

This ability ...

It wasn't just an ordinary 'spatial teleportation'.

even the human race couldn't set up such a 'space transfer formation'.

"Do You Believe Me Now?"

Jiang Li asked.

"I believe you, I believe you."

unbelievable. Emperor Xia, you've actually mastered the power of the spatial domain.

"I'm stunned."

"With Emperor Xia's 'fixed-point teleportation', what do we have to fear from mere demons?"

"I think it's better for us to strike first and then join forces to attack the demon dynasty. What do you think?"

All the human emperors complimented him.

“Jiang Li.”

qin qipo gradually calmed down. he now knew clearly that with the strength and means of the great xia dynasty and jiang li, the soul martial dynasty probably wouldn't be able to seek justice for the princes and marquises who died in jiang li's hands. ” i'm afraid you didn't reveal your 'space teleportation' ability at the alliance meeting just to deal with the demons, right? ”

also, if we want to use 'teleportation', what price do we have to pay? ”

“Of course.”

of course, ” Jiang Li said. there's no free lunch in this world. The purpose is simple. You don't have to pay anything.

“I want to be the 'leader of the Alliance',”

during the dynasty War, all of you human dynasties have to listen to me.

Chapter 614 Debate

Jiang Li finally showed his real intention.

One had to know.

Jiang Li now had a mech Army of nearly 500 billion meches, plus Wang Gang who was at the peak of level eight and WMS01 who was at the early stage of level eight.

He already had top combat power.

Moreover ...

When Jiang Li used the ‘dominating mech control’, he could also use the skills of any mech. He could be considered a level-eight fighter.

In other words ...

Jiang Li now had the power and National Strength to conquer the Saint an state and seize the throne of the true dragon.

so,

jiang li started to show his fangs.

Becoming the leader of the Alliance was just the first step.

The first thing he had to do was to unite all the forces of the human race.

As the saying goes,’outside the bag, inside the bag’.

At this moment.

on the other side.

The imperial capital of the Grand Xia.

shua! shua! “Whoosh!”

It was already close to evening.

The sunset appeared on the horizon.

In the air, ten figures were flying at high speed, rapidly approaching the imperial capital of the Grand Xia.

He looked closer.

This was a small barbarian team. It was the 'scouting team' that the Barbarian Empire Alliance had sent.

Their goal was to investigate the background of the great Xia Dynasty.

Investigate the nuclear weapons.

It was made up of ten seventh-grade barbarians.

they were extremely powerful.

In reality.

They had been within the borders of the Grand Xia Empire for quite some time now, and had indeed gathered quite a bit of information. Today, they were preparing to infiltrate the imperial capital of the Grand Xia.

They were full of confidence.

however ...

when this 'scout team' got close to the great xia capital, they were discovered by the 'super intel soldier' team, super holographic soldier team, and various other mech troops that were patrolling around the great xia empire.

Their tracks had been exposed, but they didn't know it.

“Barbarian Scouts have been discovered. They are trying to sneak into the imperial capital of the great Xia. The target has been locked down.”

“The number is ten.”

“Rank 7 cultivation.”

“Immediately contact the ‘planet-level battleship fleet’.”

target locked. Prepare the beam.

in just a few seconds.

The information was transmitted.

in the end, the commander of battlefield zh0214 gave the order, and the 100 ‘planet-grade space combat ships’ in the sky above the great xia imperial capital locked onto the target.

“Fire!”

fire!!!

Shua! Shua! Shua!

In that instant.

From within the clouds, a hundred blazing concentrated beams of light descended from the sky. This was the terrifying interstellar orbit beam cannon. It was extremely fast, and it hit the Barbarian Scouts that were flying in the sky, attempting to sneak into the imperial capital of the Grand Xia.

“No!”

“Ah!”

Pfft! Pfft! “Pfft!”

The 10 Level 7 barbarians didn’t even have time to react. By the time they came to their senses, the 100 concentrated light beams had already pierced through their bodies.

Blood splattered everywhere.

It was an instant kill.

He had no power to resist.

The ten Level Seven barbarians were turned into ten charred corpses. They fell from the sky and created several deep pits on the ground outside the city.

...

The remaining power of the hundred condensed light beams continued to spread forward. After an unknown distance, they finally dissipated due to the exhaustion of energy.

As for the citizens of great Xia in the city ...

They only saw thick energy beams suddenly appear in the sky. They were blue and purple in color as they streaked across the sky above their heads.

It lasted for about half a minute.

Only then did the energy beams slowly dissipate.

Other than that.

They didn't feel much.

He didn't know.

Just now.

10 grade 7 barbarians were killed in an instant.

At the same time.

...

In the martial arts Hall of the human race.

Shua!

[acquired a tier 7 soul Tinder!]

Suddenly.

level-seven soul Tinder. a notification popped up in front of Jiang Li's eyes. He somehow got a level-seven soul Tinder.

The real reason was that the 'planet-level battleship fleet' had just killed ten Level Seven barbarians.

"What's going on?"

Jiang Li was stunned.

obviously.

Jiang Li didn't know what had happened in the imperial capital.

“Fixed point teleportation.”

Jiang Li immediately activated the teleportation ability of the mechanical space Station base. QX01, the teleportation point is next to me. ”

Buzzzzzz!

There were spatial fluctuations.

It was only for a moment.

QX01 teleported to Jiang Li's left from the base.

“Your Majesty.”

qx01 saluted.

“yes.”

yes. Jiang Li nodded and asked, ” what happened? ”

Although Jiang Li didn't ask all the questions, QX01 understood what he meant. He then reported to Jiang Li what happened in the imperial capital and said in detail, ” “your majesty, just a moment ago, a scouting team consisting of 10 level 7 barbarians was discovered trying to infiltrate the capital of the xia empire. in the end, they were all locked onto by the ‘planet-level space combat vessels’.”

“All the targets have been killed.”

“I see.”

okay. Jiang Li nodded.

“Barbarian race!”

a team of ten level-seven barbarians? ” Jiang Li thought to himself. I’m afraid a barbarian dynasty can’t do this.

this means that the Barbarian race of the Saint peace state has already set their eyes on the great Xia Dynasty.

Thinking of this ...

Jiang Li fell into deep thought.

He had thought that the Barbarian race would keep a low profile, but he didn’t expect that they would play tricks in the dark and even send ten Level Seven barbarians.

To tell the truth.

Such a scout team.

They were definitely the elites of the elites, the elites of the elites.

It could be said that ...

If used properly, they could even destroy the imperial capital of an Empire. They might even be able to assassinate the Emperor. They were definitely a very terrifying force.

In the end, they were still easily killed by Jiang Li’s fleet.

“Xia Emperor, what’s going on?”

Lord Chi couldn't help but ask, " "Are the barbarians going to make a move?"

"....."

The others also looked over.

No one was surprised by QX01's sudden appearance, because Jiang Li had told them that he had mastered the space domain.

it was very easy to teleport a person over.

"The Barbarian race is just a small matter."

Jiang Li smiled and waved his hand. they've all been taken care of. Let's talk about the 'leader of the Alliance'. If you want my help, you must support me.

"Impossible!"

Qin Qi po berated. He said coldly, " "From the very beginning, when the 'Alliance conference' was established, it was already said that the position of 'leader of the Alliance' would never be established."

"Furthermore, do you think that the Grand Xia Empire can become the leader of the 'Alliance'?"

"You're delusional,"

"I will never agree to it."

The martial Hall had already fallen silent, and the atmosphere had become somewhat depressed and heavy.

Because ...

‘The leader of the Alliance’ wasn’t just a ‘position’. If Jiang Li really took the position, the Xia Dynasty would be able to share the Fortune of all the dynasties.

Furthermore ...

Jiang Li also wanted all the human dynasties to obey Him during the war.

This was even more impossible.

It was almost impossible for the human emperors to agree.

Duan Qilin, the human Emperor of Mobei, and Jing yueke remained silent.

this was because the chongwu dynasty, the mobei dynasty, and the tianzong dynasty were not overlord-level dynasties.

Therefore ...

Their opinions didn’t matter.

In reality.

The human empire of the Saint peace state.

because of the great yan dynasty’s destruction, there were only nine dynasties left.

This did not include the great Xia Empire.

The five great Overlord dynasties of the human race were: The martial King dynasty, the soul martial dynasty, the sword Emperor dynasty, the myriad refinements dynasty, and the Lianzhen dynasty.

“The Xia Emperor.”

The Martial Emperor took a deep breath and looked at Jiang Li. you're asking for too much. I admit that the Xia Dynasty is indeed growing fast.

also, 'fixed-point teleportation' is equipped with the power to reverse the situation of the war.

"However, these are not enough for the great Xia Dynasty to be the 'leader of the Alliance',"

"Too much?"

jiang li shook his head. "i don't think it's too much. i have to be the leader of the alliance, and i'm the only one. "

"Furthermore, the Grand Xia Empire is more than qualified to be the leader of the 'Alliance',"

"You must be dreaming."

qin qi po coldly snorted.

Obviously.

Just as Jiang Li had expected.

It was very difficult to become the leader of the Alliance. Qin qipu and Wu Wuji would never agree unless Jiang Li could suppress them with absolute force.

However ...

this was a rather difficult task.

first of all ...

Wu Wuji was at the perfected stage of level eight. In addition, he had mastered the profound meaning of martial arts, and he had the boost of the Empire's fate and the Empire's Saint weapon.

His fighting strength was completely unleashed.

It was enough to reach the peak of the eighth step.

As for whether or not he could touch the ninth step.

Jiang Li couldn't be sure.

Other than that.

Wu Wuji was not the only tier 8 martial artist in the martial King dynasty.

In addition.

Qin qipo's cultivation was at the late-stage of the eighth rank, only a step away from the great circle of the eighth rank. In addition, he had mastered the ancient puppetry technique and cultivated martial arts.

At most, he was only slightly weaker than Wu Wuji.

This was because Qin qipo had also refined an eighth-ranked puppet warrior.

Jiang Li wanted to suppress Wu Wuji and Qin qipu.

It was almost like a fantasy.

furthermore ...

Under such circumstances.

They shouldn't engage in internal friction.

"The Xia Emperor."

At this moment.

"you said that the xia dynasty is powerful enough to be the leader of the alliance. is that true?" lin tianjian asked.

"The Xia Emperor."

lianzhen muttered to himself for a moment before he continued, the great Xia Dynasty's strength has indeed improved by leaps and bounds. Their National fortune ranking has even risen to 17th place.

"In addition, Emperor Xia, you have two tier 8 subordinates, one of whom has even reached the peak of the eighth tier."

"However, if it's just like this, it's not enough to be qualified for the position of the 'leader of the Alliance'."

"Laughable."

"no." qin qipo shook his head. "sword emperor, lianzhen, do you really think jiang li is capable of being the leader of the alliance?" "I don't believe it at all."

"That's right."

"I don't believe it either," Qiu Wanlian immediately echoed.

"the xia emperor."

how about this? ” Wu Wuji asked. I definitely won’t agree to you becoming the leader, but I can pay spiritual stones in exchange for the ‘fixed-point teleportation’.

“We can discuss the price.”

“So long as you, Emperor Xia, agree, you can decide on the price for each teleportation.”

“Yes.”

Qin qipo nodded and said, ” Emperor Xia, this is our final compromise. We will pay the spiritual stones. You will be responsible for transporting our Army.

“It’s a win-win situation for both of us,”

“No, this isn’t a win-win situation.”

No. Jiang Li shook his head and said, ” didn’t you want to see the power of the Xia Dynasty? ” I’ll satisfy your curiosity so that you’ll be convinced.”

“Fixed point teleportation!”

As soon as he finished speaking.

Jiang Li started to teleport his mechanical Army.

Buzzzzzz! Wuuwuwuwu!

At the same time.

An extremely strong spatial fluctuation suddenly appeared in the sky above the floating continent where the martial immortal court of the human race-Saint peace State Division-was located.

Shua! Shua! “Whoosh!”

In an instant.

“teleport!”

Meches appeared in the air. They were the meches that were created not long ago from the 37 army bases. They were sent to The Human Division through kjzjd02 and kjzjd03.

Chapter 615

In the martial Hall.

“What do you mean by that?”

Qin Qi po frowned.

“Don’t worry, you’ll know soon enough.”

jiang li smiled.

In the sky above the floating continent.

Because there were too many meches, they formed a boundless mechanical Army. In a short time, they formed a black mass and covered the sky above the floating continent.

It was like a shadow.

He couldn’t even see the end.

The entire sky above the floating continent was covered by the mechanical Army.

There were too many.

There were simply too many of them.

there were simply countless of them.

The scene was filled with shock.

The roar of the mechanical engine resounded in all directions.

“this suan ni, this suan ni”

“Oh my God!”

“What happened?”

“Why are there so many of them?”

“Could it be that the Barbarian and demon races have invaded?”

“Si si si ...”

In the chamber.

It could be seen.

The members of the Chamber of Commerce were all stunned by the sudden turn of events. Their eyes widened as they stared at the vast Army in the sky.

Shocking!

It was extremely shocking!

this number is at least over 100 billion!

“This is too terrifying.”

“Hurry up! Hurry and report to the hall Masters!”

“Hurry!”

Shua! shua! Shua!

The members of the Chamber of Commerce soared into the air and rushed into the martial Pagoda. They entered the world within the pagoda at their fastest speed and arrived at the martial Hall.

“My Lord! My Lord! Something had happened! something big has happened!”

Outside the palace.

The crowd shouted.

His voice was filled with panic and fear, and it spread into the hall.

“What’s wrong?”

In the martial Hall.

Lord Chi, Elder Brown, the palace Masters, Deputy Palace Masters, and the human Sovereign realm Warriors all heard the shouts from outside the palace.

They were all slightly stunned.

He couldn't help it.

They all looked at Jiang Li.

what's wrong? ” because Jiang Li had an underlying meaning just now, many members of the Chamber of Commerce suddenly came and sounded so panicked.

Maybe it was related to Jiang Li.

“Emperor Xia, did you do something?”

qin qi po berated.

“Xia Emperor, what exactly is going on?”

Elder Brown also asked.

“Xia Emperor, you need to understand that this is the human race's precinct, not your imperial capital of the Grand Xia.”

Xia Ling scolded in a deep voice.

“Hehe.”

Jiang Li shrugged and said calmly, ” “You'll know when you go out and take a look.”

“Let's go,” he said.

...

Lord Chi stood up.

“I’d like to see what you’re up to.”

Elder Brown snorted coldly.

“You’re bluffing.”

Qin Qi po sneered. what tricks can you play? ”

“.....”

Everyone immediately stood up.

Not long after.

Jiang Li and the others walked out of the martial arts Hall.

the palace door opened.

Outside the palace.

...

The first thing he saw were the members of the Chamber of Commerce. Of course, they weren’t ordinary members. Their cultivation bases weren’t weak, and most of them had reached the sixth or fifth step.

He could be considered as a middle and high-level member of the chamber.

“Vice court Lord, something bad has happened.”

“Outside, outside, outside, outside, outside, outside, outside.”

“Sir, Sir, there are many soldiers outside!”

“My Lord, please go out and take a look.”

“our division has been surrounded.”

Everyone shouted one after another. It was extremely noisy, causing some people to be unable to hear what they were saying.

“Silence!”

Lord Chi and Elder Brown frowned and scolded in a deep voice. At the same time, their Qi burst out and spread out, suppressing the entire scene. Only then did everyone calm down.

“How can you be so flustered?”

“To think you’re members of the Chamber.”

Xia Tian, he Qingshu, and The Other Palace Masters also chided.

“Mu Heng, tell us what happened.”

Finally.

Lord Chi pointed out a person to answer.

“Yes.”

Mu Heng was a chubby-faced middle-aged man. He organized his words and said slowly, “Lord Scarlet, just a moment ago, a large number of troops suddenly

appeared in the sky above the floating continent without any warning. There were simply too many of them, and they even covered the entire floating continent.

“They’re coming in full force.”

that’s why we’re panicking.

“The Army,”

“He appeared out of thin air.”

“This bi an ...”

Jiang Li. everyone reacted and immediately looked at Jiang Li.

“.....”

jiang li was calm.

“Let’s go,” he said.

Lord Chi took a deep breath. His eyes were deep and he left without hesitation.

“Hurry up and follow.”

Shua! Shua! Shua!

The various Palace Masters and the members of the division quickly followed Lord Chi, Qin qipo, Wu Wuji, and the other human emperors.

Buzzzzzz!

the scene changed.

They had already left the world inside the tower.

Finally.

They all walked out of the martial Pagoda.

A shadow loomed over everyone.

Everyone raised their heads.

First of all ...

What they saw was the members of the Chamber of Commerce. There were about 100 million of them, and the lowest cultivation level among them was at stage three.

This was the powerful Foundation of the human race.

only those whose cultivation had reached level three inborn realm were qualified to join the human race's division and become a member.

Grade 3 occupied 60%.

The remaining 40%.

it was made up of warriors above the third rank.

Such a powerful force.

Even if it was only a hundred million.

However, with the help of a seventh-grade array master, they could gather a vast amount of military Qi and set up a seventh-grade military array, which was even more powerful.

However ...

What was truly terrifying wasn't the 100 million-strong Army formed by the members of the division.

instead, it was at the very top.

It blotted out the sky and the sun, and one couldn't see the end at all. It had already covered the entire sky of the floating continent and cast a shadow, blocking the Army of the heavens!

The sudden appearance of the terrifying Corps in the sky had already put the entire human tribe on alert. All the members of the human tribe had been dispatched.

they were even prepared to fight.

“Emperor Xia, please.”

Human Emperor Mo bei's eyes widened. He stared straight at the Army in the sky. He was already so shocked that he couldn't speak and couldn't calm down at all.

“This bi an ...”

Qin Qi PO's pupils shrunk.

“What's going on?”

Wu Wuji was also dumbfounded.

“Could it be that Qianqian?”

Lianzhen found it hard to believe.

“.....”

At this moment.

The human emperors, the palace Masters, and even Lord Chi and Elder Brown were all shocked by the scene in front of them. They stared at the huge Army in the sky.

No words could describe his current mood.

Shua! Shua! Shua!

Immediately after.

The mechanical Army in the air started to move.

First of all ...

With zh0214 as their leader, he led over 200 commanders, over 200 super holographic soldiers, and close to two million super soldiers with mechanical control.

they left the mechanical army and flew toward jiang li.

“Be careful!”

“the other party is coming.”

“Prepare for battle.”

Instantly.

The members of the Chamber of Commerce widened their eyes and clenched the weapons in their hands. Their true energy and true energy vibrated as they stared at the sky.

“We pay our respects to Your Majesty, Emperor Xia!”

Buzzzzzz!

In the air.

” jiang li! ” more than two million level six meches saluted jiang li at the same time. they were led by number zh0214.

Obviously.

Jiang Li ordered a long time ago.

when there were other people, they didn’t call jiang li ‘master’. instead, they called him’ your majesty’.

” your majesty emperor xia!!! ”

boom!

The next moment.

After zh0214 and the others finished shouting, the hundreds of billions of meches in the sky shouted at the same time. Their voices were so loud that they shook the space.

pfft! Pfft!

Not only that.

some of the members of the chamber of commerce who were too close to the sound were bleeding from their seven orifices.

It was simply terrifying.

“Hahahahaha!”

hahahaha! Jiang Li laughed loudly. His loud laughter was like thunder.

“Roar!”

The next moment.

A Dragon’s Roar resounded.

“Whoosh!!!”

the azure dragon of xia rushed out of jiang li’s body and materialized. it soared into the sky. although its 30000-meter long body wasn’t huge, it gave off a powerful dragon aura.

Shua!

Jiang Li flew up and stood on the head of the Azure Dragon. The Azure Dragon circled above the martial Pagoda and released its Dragon aura without any concern.

He looked down from above.

Jiang Li looked down at everyone.

Furthermore ...

Behind Jiang Li.

Wang Gang and WMS01 were standing guard.

MYL01 and SSTs01 were standing behind.

After that.

It was zh0214 leading the Super holographic soldiers, as well as close to 2 million Type 6 nuclear mech soldiers.

finally.

It was boundless.

A mechanical Army of hundreds of billions.

One had to know.

The weakest mech here was a level two mech.

“Qin qipo, Wu Wuji, Lin Tianjian, Lianzhen Zhenzhen”

Jiang Li looked down at everyone. With the hundreds of billions of mechanical soldiers, Jiang Li's aura reached its peak. The pressure of the human Emperor suppressed everyone.

At this moment.

It was Jiang Li's home ground.

“This is my power, this is the power of the great Xia Dynasty.”

Jiang Li shouted, " there are nearly 500 billion soldiers. The weakest one is a level two master. There are more than 400 billion level two masters, 50 billion level three masters, five billion level four Masters, 50 million level five masters, two million level six masters, a hundred Level Seven masters, and two level eight Masters.

"Now."

"i'll give you another chance to reorganize your words."

"You're so silly!"

Qin Qi PO's expression darkened.

"....."

Wu Wuji was silent.

"This Yingying is so scary!"

Human Emperor Mo bei shivered.

Oh my God! That's 500 billion soldiers!

duan qilin was horrified.

In reality.

The number of Level 7 and level 8 beasts was still considered normal.

However, the number of Tier 6 existences was too terrifying.

two million!

There were nearly two million of them.

This was simply a fantasy.

In the entire holy peace Region.

The Barbarian race, the human race, the demon race.

All the dynasties added together.

It was impossible to gather so many Tier 6 experts.

He felt that it would be good enough if he could get one-tenth of it.

what's more terrifying is that Jiang Li has the space domain. He can teleport the Army of 500 billion to any place.

“Si si si ...”

that means, as long as Jiang Li wants to, he can destroy an Empire at any time.

“Oh my God!”

no wonder the ten-winged dynasty was so easily taken care of by Jiang Li.

” no wonder jiang li said it would be easy to destroy the ten-winged dynasty. ”

Jiang Li is telling the truth!

Everyone's tone was filled with respect.

according to the system of the 'Alliance meeting', a voting system will be carried out.

I'll give you the right to choose, " Jiang Li continued. if you agree to the great Xia Dynasty becoming the leader of the Alliance, please raise your hand. If you don't, don't raise your hand.

"Now, let's start the 'voting'."

" jiang li, don't go too far. "

Qin Qi PO's face was dark.

"I agree,"

human emperor mo bei raised his hand without hesitation. " i feel that with the great xia dynasty's strength, they are qualified to be the leader of the alliance. with the xia emperor leading us, we will definitely win the final victory. "

Chapter 616 Fifty thousand

In reality.

The Mobei dynasty's National fate ranking was in the 'Hidden Dragon ranking-Saint peace state', ranked 25th, which was already at the end of the nine great human dynasties.

in the past, the first from the bottom was the great xia dynasty.

It wasn't now.

so,

human emperor of mobei was very clear.

With the strength and national power of the northern desert Empire, it was impossible for them to participate in the fight for the ‘true dragon Emperor’s throne’. If they really wanted to participate, the only way was to be crushed to death.

They could only rely on a powerful dynasty to be a subject of the Dragon.

when the time comes

He could even become a Marquis of an Empire.

It was natural.

The human Emperor of Mobei was the first to agree. He wanted to rely on the great Xia Dynasty.

“Alright,” he said.

of course. Jiang Li smiled.

Shua! Shua!

After that.

Jiang Li waved his right hand.

He took out 10000 controllable nuclear fission palm controllers from his storage bag.

10,000 black mechanical wristbands were suspended in the air.

“Human Emperor of Mobei.”

it’s the latest nuclear weapon developed by the Xia Dynasty, ” Jiang Li said. it’s more powerful than atomic bombs and hydrogen bombs. It can fight for a long time.

it’s called a controllable nuclear fission palm control device.

” this kind of nuclear weapon can be equipped to a fifth-rank martial artist. after they are familiar with the ‘controllable nuclear fission palm control device’, they can display the combat power of a peak-stage sixth-rank at most. ”

“You can create a ‘nuclear energy Squad’.”

now, I’m giving these weapons to you, so that you can equip the Mobei Army to resist the invasion of the alien empire.

“You can take it.”

As soon as he finished speaking.

let’s go. Jiang Li waved his hand, and the ten thousand ‘controllable nuclear fission palm controllers’ floating in the air slowly landed on human Emperor of Mobei.

“This bi an ...”

Human Emperor Mo bei’s expression froze for a moment.

After he came back to his senses.

With a wave of his right hand, energy gushed out and formed a light screen, which quickly caught the 10000 ‘controllable nuclear fission palm controllers’.

“Emperor Xia, please.”

Mo bei human Emperor opened his mouth and then took one of the ‘controllable nuclear fission palm control devices’ in his hand. After confirming that it was correct, it was indeed a ‘nuclear weapon’.

Back then.

The great Xia Dynasty’s ‘nuclear energy Squad’ was equipped with such a weapon.

Therefore, they had played a crucial role in the war in the Black Moon Empire.

human emperor of mobei had never expected this.

Jiang Li gave me 10000 ‘controllable nuclear fission palm controllers’ and gave them to me for free. If I put all of them on, I can form a ‘nuclear squad’ with 10000 people.

just thinking about it was terrifying.

It was definitely a powerful force.

“human emperor of mobei.”

what’s the matter? ” Jiang Li asked, ” with the background of the Mobei dynasty, you should be able to form a ‘nuclear energy team’ of ten thousand people, right? ”

“Reporting to the Xia Emperor, this is more than enough.”

Human Emperor Mo bei said in an excited tone.

All the weapons produced in the base, be it the ‘controllable nuclear fission palm controller’, the atomic bomb, or the hydrogen bomb, were all under Jiang Li’s control.

Jiang Li could disable all nuclear weapons.

so,

He didn’t need to worry that human Emperor Mo bei would do anything to him after he got the ‘controllable nuclear fission palm control device’. That was why Jiang Li took it out.

Furthermore ...

As long as he equipped the ‘controllable nuclear fission palm control device’ and used Jiang Li’s weapon to kill his enemies, he could earn soul Tinders for Jiang Li.

This way ...

Not only could it strengthen the human race, but it could also help Jiang Li harvest the soul Tinder.

...

This was killing two birds with one stone.

Chongwu dynasty’s Duan Qilin looked at Martial Emperor Wu Wuji. He saw Wu Wuji’s gloomy expression, and he quickly lowered his head, remaining silent.

jing yueke was also waiting for lin tianjian’s response.

It could be said that ...

the human sovereign realm warriors were not stupid. they knew jiang li's real purpose very well. jiang li wanted to slowly erode and gradually take over all the human dynasties.

He wanted to become the Emperor of the human race.

Becoming the leader of the Alliance was only the first step.

If it was in the past.

Wu Wuji, Qin qipo, and Lin Tianjian would never agree to it, because they all wanted to fight for the throne. They were ambitious and would never let Jiang Li succeed.

however ...

However, the current situation was very different.

...

First of all ...

If the martial King dynasty, martial soul dynasty, and sword Emperor dynasty left the 'Human Alliance', Jiang Li would definitely not help them.

At that time.

If the demon race used the power of The Earth Book to attack them, they would have to face the demon Army and many demon sovereigns alone.

However, if she agreed to Jiang Li's request ...

they were extremely unwilling to accept this.

As for using force to oppress Jiang Li ...

This was also impossible.

“I agree,”

At this moment.

Xing lingqi raised her hand and smiled at Jiang Li.

“yes.”

” okay. ” jiang li nodded with a smile. he looked at the human sovereign realm warriors, the palace masters, and everyone present and said, ” “After I become the leader of the Alliance, I’ll provide nuclear weapons to the dynasties as support.”

“Including but not limited to atomic bombs, hydrogen bombs, controllable nuclear fission palm controllers, and so on.”

“And you don’t need to pay spirit stones.”

“Really?”

lianzen asked.

“.....”

Lin Tianjian was also stunned.

Wu Wuji and Qin qipo also looked at Jiang Li with deep eyes.

The power of the atomic bomb and the hydrogen bomb.

All the human emperors had seen it for themselves.

Not to mention the ‘controllable nuclear fission palm controller’.

Back then, they had personally witnessed the strength of the great Xia Dynasty’s ‘nuclear energy Squad’.

It had to be said.

This was a huge temptation.

“Hehe.”

He Qingshu smiled and raised his hand, saying, ” I also think that if we let Emperor Xia become the ‘leader of the Alliance’, he can provide us with nuclear weapons as support. Furthermore, Emperor Xia has mastered the power of space, so he can deal with the demons’ nether world Book.

“That’s why I agree,”

“I agree!”

“i agree!”

“.....”

Immediately.

One by one, the hall Masters raised their hands, and even Xia Tian voted in agreement.

This way ...

10 votes from the chamber.

In addition, there was the vote of the human Emperor of Mobei.

Jiang Li got eleven votes.

Originally.

The Mobei human Emperor had two votes, but as the great Xia Dynasty's National fate ranking rose, the Mobei dynasty became the last, so it became one vote.

The great Xia Empire was ranked 6th out of the nine great empires.

so,

Jiang Li himself had five votes.

In other words ...

jiang li had 16 votes now.

"alright," he said.

yes. Lord Chi nodded and said, "there are 16 votes in favor of Emperor Xia becoming the leader of the Alliance. There are zero votes against him.

"Human emperors, please continue to vote."

"I don't agree."

Qin Qi po said directly.

“Soul Emperor.”

jiang li’s cold eyes fell on qin qipo.

“Jiang Li.”

Qin Qi po looked at him fearlessly, and said coldly, ” “I will never agree to it.”

Obviously.

Qin qipo wasn’t afraid of Jiang Li’s pressure and the hundreds of billions of meches. He was sure that Jiang Li wouldn’t dare to fight here.

Furthermore ...

Even if he attacked.

Qin Qi po was also fearless.

“I agree.”

okay. Lian Zhen raised his hand and said to Jiang Li with a smile, ” “Emperor Xia, you just gave Mobei human Emperor a total of 10000 controllable nuclear fission Palm devices, and I have also agreed to it. You can’t favor one over the other.”

“Good.”

okay. Jiang Li smiled.

“Since that’s the case, I also agree.”

After a moment of silence, Lin Tianjian pondered for a long time before saying, "I've already said in the martial arts Hall that as long as the great Xia Dynasty really has the strength to become the leader of the Alliance, I will naturally not stop them.

"Furthermore, we do need Emperor Xia's ability."

"With Emperor Xia's fixed-point teleportation, the entire Saint peace state can become the battlefield of our human race."

"Sword Emperor!"

Qin Qi po clenched his fist.

"Since the sword Emperor has agreed ..."

"I agree too," Jing yueke immediately raised his hand and said.

now.

Only Wu Wuji, Duan Qilin, and Qiu Wanlian had not voted.

however ...

The total votes from the three of them only reached 20 votes.

the number of votes that Emperor Xia received in favor was 34.

there are eight disapproving votes," said Lord Chi. Emperor Wu, human Emperor Wan Lian, and human Emperor Chong Wu, the three of you haven't voted yet.

"hehe."

Wu Wuji sneered, " do we still need to vote now? There's a difference of 26 votes. Even if all three of us oppose it, it's useless."

"....."

Qiu Wanlian and Duan Qilin lowered their heads.

"damn it!"

qin qi po clenched his fist.

"Ahem."

" i see. " lord chi coughed and said, " in that case, the vote is over. jiang li's proposal has passed. from today on, jiang li will be the leader of the human race alliance in saint peace state. "

"Roar!"

The Azure Dragon of the great Xia Dynasty immediately let out a loud dragon roar.

"Hahahahaha!"

jiang li laughed.

"Greetings to the leader of the Alliance."

Jiang Li, human Emperor Mo bei didn't hesitate. He bowed to Jiang Li, acknowledging his position as the leader of the Alliance.

Buzzzzzz!

"roar!"

Immediately.

The Emperor of Mobei's dynasty true dragon sensed it. The fate of the country shook and the vast true dragon appeared. It soared into the sky and lowered its head to the Azure Dragon of great Xia.

It could be seen.

A large amount of the Empire's fate gushed out from the northern desert true Dragon's body like a dense fog of light. No less than 30% of the Empire's fate was completely devoured and absorbed by the great Xia Azure Dragon.

Originally.

The Mobei National luck true dragon was fifteen thousand meters long.

Now, it was 12000 meters.

"We pay our respects to the leader of the Alliance,"

Roar! "Roar!"

immediately after.

Lian Zhen, Lin Tianjian, and Jing yueke also bowed to Jiang Li, acknowledging that he was the leader of the Alliance.

Hence.

Three true dragons of National aura appeared.

Among them.

Lianzhen dynasty's National aura true dragon was snow-white in color and 40000 meters long, while tianzong dynasty's National aura true dragon was red-gold in color and 30000 meters long.

Finally.

He was the true dragon of the sword-Emperor dynasty.

it was the largest.

It was also the strongest.

Its entire body was pure gold, and the Golden Dragon scales were like swords.

It had reached 80000 meters.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

The Dragon roared.

A large amount of dynasty's fate gushed out from the three true dragons, which were all devoured by the great Xia Azure Dragon. Each of the true dragons had to give up 30% of the dynasty's fate.

“Roar!”

The great Xia Azure Dragon let out an extremely carefree dragon roar.

It resounded in all directions.

The power was getting stronger and stronger.

the azure dragon of the great xia dynasty was growing at a speed that could be seen with the naked eye.

31,000 meters-35000 meters-40000 meters-

In the end.

After the Azure Dragon of great Xia absorbed all the fate energy of the empires ...

It had reached a height of 50000 meters.

The ranking of the country continued to rise.

Jiang Li felt the call from the 'Hidden Dragon rank-Saint peace state'.

In the surroundings.

Qin qipo, Wu Wuji, Duan Qilin, and Qiu Wanlian saw the great Xia Azure Dragon's growth. In the blink of an eye, it had grown from thirty thousand meters to fifty thousand meters.

They were naturally envious and jealous.

"Soul Emperor, Martial Emperor."

it's your turn now. Jiang Li felt the growth of the nation's fate and looked at Qin qipo and the others. it's your turn now.

Chapter 617

The scene was silent.

he was silent.

Everyone looked at Qin Qi po, Wu Wuji, and the others.

he was waiting for qin qi po and the rest to reply.

“We can’t work together if we walk different paths.”

“Today, I announce that I will officially leave the ‘Human Alliance’. Do you want me to bow down to you?” Qin qipo shouted with a firm tone. That’s impossible. I’ll take my leave.”

As soon as he finished speaking.

Qin Qi po waved his right hand, and left with his two subordinates.

Shua! Shua! Shua!

Suddenly.

A number of controllable nuclear fusion super soldiers flew through the air and formed an encirclement, surrounding Qin qipo and his two subordinates.

“Jiang Li.”

Qin qipo stopped and his face darkened. He looked up at Jiang Li and said coldly, ”
“You want an internal war?”

Shua! Shua! Shua!

As soon as he finished speaking.

qin qi po waved his right hand.

after that.

There were actually three type 8 puppet Warriors standing beside him.

Other than that.

Qin qipo's two subordinates were both powerful early stage tier 8 martial artists.

It could be seen from this.

It was the foundation of the soul martial Empire.

It was terrifying.

“I also announce that I’m officially leaving the ‘Human Alliance’.”

Qiu Wanlian walked toward Qin qipo.

“Hehe.”

Wu Wuji laughed. the human race Alliance has become like this. I have no interest in staying here any longer.

“The wuwang dynasty has officially left the ‘Union of the human race’.”

“The Chongwu dynasty has left the ‘Union of the human race’.”

Duan Qilin said.

“Ridiculous.”

“This is ridiculous,” Elder Brown scolded.

“Martial Emperor, soul Emperor.”

“do you really want to leave the ‘human alliance’?” lord chi asked in a deep voice. If you fight alone, I’m afraid you won’t have a good end.”

“Hahahahaha!”

Qin Qi po laughed out loud, his eyes indifferent, ” Lord Chi, don’t say such nonsense anymore. The reason why I’m giving you face is for the sake of the ‘immortal court’. Without the immortal court, what are you? ”

“You want this Emperor to bow? Hehe, sure, unless Jiang Li can reach level nine.”

“if i’m at the ninth step,”

I can kill you with one finger. Jiang Li sneered.

“Do I need to waste my breath on you?”

“.....”

Qin Qi po acted as if he did not hear it and continued: ” “Also, you said that I’m fighting alone?”

before I joined the Alliance of the human race, I relied on my own strength to fight. After I joined the Alliance of the human race, I did the same.

“How did I get your support?”

“Wu Wuji,”

Wu King dynasty is the most powerful dynasty in the Holy peace state, ” Elder Brown continued. aren’t you worried that the demons will join forces against you?
”

“That will depend on whether the demon race has the ability to do so.”

Wu Wuji said indifferently.

In fact,

the ten masters of the human court all voted for jiang li, which meant that the human court supported the great xia dynasty.

In other words ...

The ‘human race’s court’ felt that the great Xia Dynasty was the most likely to become the Supreme dynasty.

Wu Wuji and Qin Qi po were singing the opposite tune.

...

“Forget it,”

Jiang Li waved his hand and looked at Qin qipo, Wu Wuji, and the others. He said,
” soul Emperor, Martial Emperor, since you insist on leaving the ‘human dynasty Alliance’, it would be a waste of my breath even if I continue to stop you.

“as the saying goes, everyone has their own ambitions.”

“Since you’re so confident, I have nothing more to say.”

“However,”

I'm a generous man, " ye mo said. I'm still willing to trade nuclear weapons with you. As long as you can pay me enough spiritual stones, I'll sell them to you.

Obviously.

jiang li didn't want to fight for the time being, because it wasn't necessary.

Furthermore ...

Qin Qi po and Wu Wuji were not easy to deal with.

The three puppet Warriors of the eighth step.

...

Qin Qi po was also a late-stage rank eight.

He also had two subordinates who were at the initial stage of the eighth rank.

In addition.

Wu Wuji was at the great circle of rank eight.

wu wuji's two subordinates were both mid-eighth level.

qiu wanlian was at the initial stage of the eighth rank.

Duan Qilin was at the great circle of the seventh rank.

In other words ...

If Jiang Li chose to attack, he would be killed.

He would face a total of ten level 8s.

Of course.

Lord Chi and Elder Brown wouldn't let Jiang Li and the others fight.

He estimated.

Lin Tianjian, Lian Zhen, and the others also knew how to 'mediate'.

They couldn't fight at all.

"Oh."

Jiang Li. Qin qipo stopped and looked at Jiang Li.

Instinctively.

qin qi po felt that there was something fishy about this.

"Jiang Li."

wu wuji directly asked, " what do you want? "

one had to know.

after what happened just now ...

The relationship between Jiang Li, Wu Wuji, and Qin qipo was tense. It was already good enough that they didn't fight.

now.

Jiang Li said he was going to sell the ‘nuclear weapon’ to Wu Wuji and Qin qipo.

He thought with his toes.

They would think that Jiang Li was up to no good.

However ...

The power and effect of ‘nuclear weapons’.

Wu Wuji and Qin Qi po had personally experienced it and seen it.

he originally thought.

She left the human Alliance and offended Jiang Li.

They couldn’t buy nuclear weapons from Jiang Li anymore.

He didn’t think.

Jiang Li said it.

the price of the atomic bomb and the hydrogen bomb remains the same. You can use spirit stones to trade for them.

” but it’s not easy to make the ‘controllable nuclear fission palm control device’, ”
jiang li continued. ” it’s much more powerful than a ten-million-ton hydrogen bomb. ”

therefore, the price is more than twenty times that of a ten-million-ton hydrogen bomb.

The unit price is 100 million lower spiritual crystals.

“What?”

qin qipo’s eyes widened. ” 100 million lower spiritual crystals! ”

Jiang Li, you’re crazy.

a ‘barrier-breaking seven spirits elixir’ is only worth 100 million lower spiritual crystals, ” Wu Wuji said. it’s a top-tier seventh-grade elixir.

“you want to buy 100 million lower spiritual crystals for a ‘nuclear weapon’?”

“It’s up to you guys to buy it or not.”

I’m sorry, ” Jiang Li said coldly. Wu Wuji, Qin qipo, I’ve already done my best to sell you nuclear weapons.

“you want something good without paying anything?”

“Are you dreaming?”

“You’re so silly!”

Qin Qi po and Wu Wuji took in a deep breath. They looked at each other and fell into deep thought.

To tell the truth.

Of course, Qin qipo and Wu Wuji didn’t think Jiang Li was being kind.

even ...

they vaguely guessed that there must be something fishy about this.

However ...

They couldn't figure out that Jiang Li wanted them to work for him to capture a large number of soul Tinders and earn a lot of crystals.

No.

Wu Wuji and Qin Qi po were unwilling to accept this.

after all ...

Nuclear weapons were too powerful.

It was powerful.

But if he wanted to buy it.

It was very expensive.

At the same time.

wu wuji and qin qipo were worried that jiang li would do something.

His heart was in a dilemma.

“I'll buy!”

After a while.

Qin Qi po raised his head and made his decision, ” “I want to buy 10000 ‘controllable nuclear fission Palm devices’, 100000 million-ton hydrogen bombs and 100000 nuclear bombs each.”

“Ten thousand ton, hundred thousand ton, million ton, ten million ton hydrogen bombs and atomic bombs each.”

10 million kilotons nuclear bombs and hydrogen bombs.

“Oh.”

Jiang Li raised his eyebrows.

The number of ‘transaction slips’ was not small.

It was enough to make a fortune.

“Alright,” he said.

“I want to buy the same amount as the soul Emperor,” Wu Wuji added.

“No problem,”

okay. Jiang Li smiled and agreed. however, I don’t have that much right now. I need to go back to the imperial capital to get it.

“Alright,” he said.

that’s right. Qin qipo nodded. I don’t have that many spiritual crystals with me right now. It just so happens that I’m going back to the imperial capital to get some.

the deal was confirmed.

Qin qipo, Qiu Wanlian, Wu Wuji, and Duan Qilin had all left the division of the human race through the teleportation formation.

“Teleport!”

Wuwuwuwuwu!

Jiang Li had an idea.

He activated kjzjd02 and kjzjd03.

The teleportation began.

shua! shua! Shua!

The 500 billion mechanical Army left one after another and disappeared. The sky of the floating continent returned to normal, and it was already night.

The night was slightly dark.

The Starlight was thin.

the mechanical army had already been teleported back to the mech factories of the 37 army bases.

In the base of the 01 division.

let's go! Jiang Li ordered Hidden Dragon through the Intel soldier.

Create 20,000 'controllable nuclear fission palm controllers'.

There were 200000 hydrogen and atomic bombs each.

There were two million ten-thousand-ton, one-hundred-thousand-ton, one-million-ton, and ten-million-ton hydrogen bombs and atomic bombs each.

20 million hydrogen bombs and 20 million nuclear bombs each.

A total of 1286720 billion energy points and 106 billion tons of steel materials were consumed.

half an hour later.

all the nuclear weapons were completed.

The meches moved the nuclear weapons out and the Super carriers carried them.

“Teleport!”

Buzzzzzz!

The teleportation was activated.

An invisible spatial light beam descended, covering the Super transport troops.

Shua!

The next moment.

The scene changed.

The Super carriers had already been teleported to the ‘human court’.

In other words, in the sky above the floating continent.

In the martial Hall.

There were only five human empires left in the ‘Alliance of human empires’- the sword Empire, the Lianzhen Empire, the great Xia Empire, the tianzong Empire, and the Mobei Empire.

Among them.

There were three Overlord-level dynasties.

Jiang Li was the leader of the human Alliance.

so,

The five Dynasties followed Jiang Li’s orders during the war.

“Leader of the Alliance.”

“Wu Wuji and Qin qipo have left the ‘human dynasty Alliance’. This has caused the strength of the’ human dynasty Alliance ‘to drop drastically,” Lin Tianjian said.

“What should we do next? How should we deal with the monsters and barbarians?”

“Alliance leader, please make a decision.”

Lianzhen cupped his hands.

Jing yueke, Lian Zhen, and human Emperor of Mobei were also looking at Jiang Li.

they were waiting for jiang li’s answer.

All the hall Masters were watching quietly.

“No rush.”

” no. ” jiang li waved his hand and said, ” we already know that the monsters have the ‘book of the nether world’ and can create space tunnels, but neither the monsters nor the barbarians know that i have the space ability. ”

“We can totally catch them off guard.”

“Also,”

“Although Wu Wuji and Qin qipo have left the ‘human dynasty Alliance’, they still have to face the demon and barbarian dynasties in the Eastern Region and the central region.”

with them holding us back, we don’t have to worry about the Eastern Region and the central region for the time being.

“Because the great Xia Empire is considered to be connected to the northern desert Empire.”

“So,”

first, I plan to invade the Western Region of Saint peace state through the Mobei Empire. I’ll open up a path to the Western Region and then connect it with the southern region. I’ll occupy the western and southern regions of Saint peace state one step at a time.

also, as I said before, I’ll provide you with ‘nuclear weapons’ during the war to fight against the monsters and barbarians. You don’t need to pay spiritual stones.

“Because you’ve already given up the ‘fate of the dynasty’.”

“Leader of the Alliance.”

Lin Tianjian said, ” the Emperor Dragon barbarian dynasty is in the southern region of the Holy peace state. It is the most powerful dynasty among the barbarians. I’m worried that something will happen.

time passed.

jiang li and the others discussed the details of the next plan and war.

Unknowingly.

It was already late at night.

On the other side.

Qin qipo, Wu Wuji, and the others had already returned to their respective imperial capitals. They brought enough spirit crystals and returned to the human race’s division through the ‘teleportation token’.

He was ready to trade with Jiang Li.

In addition.

On the Barbarian side.

last time, jiang li sent out the nuclear power squad made of feng yueji and the others. it was the ‘controllable nuclear fission palm controller’ that was lost on the battlefield of the blackmoon empire.

After many changes of ownership.

This ‘controllable nuclear fission palm control device’ didn’t fall into the hands of the human race, nor did it fall into the hands of the demon race. In the end, it was taken by the Barbarian race.

The barbarians were divided.

The ten barbarian emperors gathered once again.

The meeting began.

Buzzzzzz!

The black mechanical bracelet was suspended in the air inside the hall.

All the Barbarian sovereigns were watching.

“This is the powerful ‘nuclear weapon’ produced by the great Xia Dynasty. We’ve already tested its power just now. It can reach the peak of the sixth stage at most.”

“The power of this weapon is enough to have a huge impact on the Empire war.”

“Therefore, we decided to hand this weapon over to the ‘barbarian tribe’s totem immortal court’ to study and crack the secret of this weapon. On the other hand, we’ve lost contact with the seventh-grade scout team that was sent to the great Xia Dynasty not long ago, and it’s very likely that they’ve already died.”

“the great xia empire will be our main focus.”

The two barbarian vice-leaders said in a deep voice.

“Wait a moment.”

At this moment.

Di Long stands up and opens his eyes. He says in a heavy tone: “Fellow barbarian sovereigns, let me tell you all a piece of bad news. The Grand Xia Empire’s ranking has risen again.”

Chapter 618 huge sum

Late at night.

Qin qipu and Wu Wuji arrived at the human court and met with Jiang Li. They started the deal that they had agreed on.

Qiu Wanlian and Duan Qilin did not come.

“The Xia Emperor.”

I’ve brought the spiritual stones, ” Wu Wuji said. have you prepared your nuclear weapons? ”

“Of course.”

Jiang Li smiled.

After that.

let’s go. Jiang Li ordered the Super transport troops to land from the air. The large military transport planes were lined up in an open space.

Then, the cabin door opened.

the meches transported the atomic bombs and hydrogen bombs out.

Of course.

The most important thing was still the 20000 ‘controllable nuclear fission palm controllers’.

these are the nuclear weapons you want.

” yes. ” jiang li said, ” you can check and confirm the quantity. ”

“Alright,” he said.

Wu Wuji and Qin Qi po looked at each other and nodded.

They personally walked over and carefully inspected the place.

In case Jiang Li did something to the weapons.

half an hour later.

The inspection was complete.

Qin Qi po and Wu Wuji did not notice anything strange.

These ‘nuclear weapons’ were of a completely different system. Qin qipo and Wu Wuji would not be able to notice anything unusual.

“No problem,”

Wu Wuji said.

“Yes.”

qin qi po nodded silently.

To tell the truth.

Qin qipo still didn't trust Jiang Li.

However ...

In the end, Qin qipo still chose to trade. This meant that he could not resist the 'temptation' of nuclear weapons.

at most, he would be more cautious when using it.

Time passed.

Half an hour later.

The transaction between the two sides was completed.

This was because Qin qipo and Wu Wuji both had 'Supreme-grade spatial storage bags', and they could take all the nuclear weapons away at once.

This time, there was a lot of transactions.

"Let's go," he said.

After Qin qipo and Wu Wuji got the 'nuclear weapons', they gave the spiritual crystals to Jiang Li. After Jiang Li confirmed the number of spiritual stones, Qin qipo and Wu Wuji left with the 'nuclear weapons'.

They didn't stay in the human tribe for long.

Jiang Li smiled and watched Qin qipo and Wu Wuji leave. He sensed the number of spiritual stones in the Supreme-grade spatial storage bag and smiled even wider.

One had to know.

The deal this time.

among them.

Jiang Li got two trillion low-grade spiritual crystals for 20000 ‘controllable nuclear fission Palm devices’.

In addition.

There were 200000 ten-million-ton hydrogen bombs and atomic bombs each, as well as two million ten-million-ton, million-ton, hundred-thousand-ton, and ten-thousand-ton nuclear bombs and hydrogen bombs each.

20 million each of the 1000-ton nuclear bombs and hydrogen bombs.

In total, Jiang Li got ten trillion lower spiritual crystals.

This was a huge amount of wealth.

congratulations, Emperor Xia. The deal has been completed and you’ve obtained a huge amount of spiritual crystals.

congratulations! Lin Tianjian walked over and congratulated Jiang Li.

In reality.

...

jiang li didn't make many atomic bombs and hydrogen bombs. he only made a lot of 'controllable nuclear fission palm controllers', so he gave 10000 each to lian zhen, jing yueke, human emperor of mobei, and lin tianjian.

Compared to atomic bombs and hydrogen bombs.

The power of the controllable nuclear fission palm was even stronger.

The manufacturing cost was not very high.

the price-performance ratio was very high.

Of course.

The only weakness.

Only a fifth-rank warrior could use it normally. Although Warriors below the fifth-rank could use it, they couldn't withstand the aftermath of the 'nuclear explosion'.

In reality.

Jiang Li had made a decision at the 'Alliance meeting'. He would strike first and attack the Western Region of the Holy peace state. He would gather the forces of the five Dynasties and attack the monster and barbarian dynasties in the Western Region of the Holy peace state.

They would officially take action tomorrow.

...

so,

Human Emperor Mo bei, Lian Zhen, and Jing yueke had all gone back. They were preparing for war and gathering the dynasty's Army as Jiang Li had ordered.

At that time.

jiang li would use 'fixed-point teleportation' through the 'mechanical space station base' to gather the human armies of the dynasties and launch the invasion.

Not only that.

Jiang Li also decided on the first target.

It was one of the two great barbarian empires in the Western Region of the Holy peace Region-the thousand-hand barbarian Empire.

"Yes."

"okay." jiang li nodded and looked at lin tianjian. "hasn't the sword emperor returned yet?"

"The Xia Emperor."

Lin Tianjian nodded and said in a deep voice, "for tomorrow's operation, the sword Emperor dynasty might not be able to provide too much support. After all, the sword Emperor dynasty is under great pressure in the southern region of the Saint peace state.

there are three barbarian dynasties and three demon dynasties in the southern region of the Holy peace state. However, there are only two human dynasties, the sword Emperor dynasty and the tianzong dynasty. If we send too many forces and troops to reinforce them,"

"No need to say anymore."

Jiang Li interrupted Lin Tianjian and said, "I understand what you mean. Don't worry, I won't make things too difficult for you. I also know the situation of the sword-Emperor dynasty."

“When the time comes, you just need to use the 10000 ‘controllable nuclear fission Palm devices’ that I gave you to form a ‘nuclear squad’ and send them here.”

“This bi an ...”

Lin Tianjian was stunned. He didn’t expect Jiang Li to agree so easily. He immediately said, ” “okay, no problem. i will go back and immediately form the ‘nuclear energy squad’.”

“The Xia Emperor.”

He muttered to himself for a while.

Lin Tianjian continued,”I wonder if the great Xia Empire can send troops to support the sword Empire’s Xuanji?”

“We’ll talk about this after the war in the Western Region is over.”

” no. ” jiang li waved his hand.

“Yes.”

lin tianjian nodded and turned to leave without another word.

His figure disappeared into the night.

Not long after.

Lord Chi and Elder Brown arrived.

“The Xia Emperor.”

Jiang Li. Lord Chi and Elder Brown cupped their hands at Jiang Li and spoke respectfully.

Obviously.

Lord Chi and Elder Brown were very confident in Jiang Li. They believed that the great Xia Dynasty had the greatest chance of unifying the Saint peace state and establishing a human dynasty.

so,

The human race would only support Jiang Li.

“Lord Chi, Elder Brown.”

thank you. Jiang Li returned the salute.

In reality.

Through Elder Brown and Lord Chi, Jiang Li learned a lot about the ‘human race Chamber of Commerce’ and its strength.

First of all ...

Lord Chi and elder he were at the peak of the eighth rank.

It wasn’t at the ninth step.

In addition.

The ten Palace Masters.

Five of them were at the eighth step.

one late-stage rank eight, two mid-stage rank eight, two early-stage rank eight, and the other five hall masters were all at the perfected rank seven cultivation.

Xia Tian, he Qingshu, and Xing lingqi.

The three Hall Masters were all at the perfected stage of the seventh rank.

Jiang Li didn't know the other two Grand Masters who were at the peak of Level Seven, but Lord Chi and Elder Brown introduced them to him. The Book of Tang, Wu Peixian.

One of them was a woman.

There were five rank eight Hall Masters.

Lord Chi and Elder Brown introduced them to Jiang Li.

The one at the late-stage of the eighth rank was called Sheng baochen.

It was a middle-aged man with a delicate face. He always had a smile on his face when he spoke, which made people feel a sense of familiarity. He was very strong.

The two mid-eighth rank Hall Masters were called: Meng tianyun and Meng He.

These two were blood Brothers.

The cultivation technique he cultivated was also rather special.

It could form a combined attack.

They were extremely powerful.

They were united.

it was enough to display the combat strength of a late-stage rank eight.

Finally.

It was those two initial-stage rank eight Hall Masters.

One of them was a woman.

The woman was called 'Xu Shiyang'. She was tall and had a beautiful face. She had the temperament of a woman who was not inferior to men.

The other early-stage rank eight Palace Master was called 'Hu dianyu'. There was nothing special about him, and his appearance was extremely ordinary.

There were twenty Deputy Hall Masters.

There were strong and weak.

However, they were all at the seventh step of cultivation.

There were even more at the sixth step.

Other than the 'Army' made up of 100 million Tier 3 Division members, the division also had 'supernumerary members'. There were even more of them, at least ten times more than the division members.

However ...

The supernumerary members were all below rank three and above.

Their strength was even more uneven.

However ...

All in all, it was more than one billion.

Other than that.

Puppeteers, mechanics, and array Masters.

The human race also had everything they needed.

He had mastered all kinds of powerful puppet techniques, mechanism techniques, and array techniques.

Of course.

The human race's strongest ability was still the 'space' domain.

since the martial immortal court of the human race was behind the human race's division, it couldn't be considered a formal division of the immortal court since there was no emperor dynasty in the holy peace state.

however, he could still get help from the immortal court.

so,

He had an interspatial storage bag, interspatial ring, and other items.

There were also spatial arrays and so on.

Even ...

Both Lord red and Elder Brown had mastered space-related ‘martial arts’ and ‘weapons’.

although the time and preparations are a little rushed, since Emperor Xia has decided to start the war tomorrow, we will naturally support him with all our might.

Lord Chi said.

“Yes.”

Elder Brown nodded in agreement.

when the time comes, if the Barbarian division and the demon division interfere in the war between empires, we’ll definitely stop them.

“we’re also aware of the strength of the barbarians and the demons,” lord chi said.

“In fact,”

“The power of the three great divisions in the Holy peace Region is about the same.”

“Alright,” he said.

thank you, ” Jiang Li said with a smile. I’ll have to trouble you and the judges then.

“Don’t worry,”

Lord Chi and elder he nodded solemnly and said, ” “We also hope that the human race in holy peace state can obtain the final victory, completely control the Holy peace state, and establish a Supreme dynasty.”

this is also very beneficial to us.

“Oh, that’s right.”

Elder Brown pondered for a while and said, ” as for Lin Tianjian, you should pay more attention to him. The reason why he agreed to let you be the leader of the Alliance and even gave up 30% of the Empire’s fate was probably to get military support from you.

after all, the human race’s situation in the southern Territory is more difficult than in the central region.

” however, you didn’t agree to lin tianjian’s request to send out an army. i’m afraid lin tianjian will bear a grudge against you. ”

“It’s fine,”

No. Jiang Li waved his hand. I didn’t even care that Qin qipo and Wu Wuji left the Alliance, let alone Lin Tianjian. If Lin Tianjian really wants to do something bad, I’ll do it myself.

“Yes.”

Lord Chi and Elder Brown nodded. They looked at each other, then cupped their hands at Jiang Li and said solemnly, ” “I wish Emperor Xia a victory in tomorrow’s Imperial War and a triumphant return.”

“Yes.”

of course, ” Jiang Li smiled. of course.

“Teleport!”

“Whoosh!!!”

An invisible spatial light fell from the sky and covered Jiang Li. He disappeared and teleported back to the imperial capital.

“He just left like that.”

Lord Chi looked at where Jiang Li disappeared. such a teleportation formation can't be done by an ordinary 'spatial teleportation formation'. I'm afraid Jiang Li has gotten some space treasure.

“Let's make preparations as soon as possible.”

“Alright,” he said.

Elder Brown nodded. After a moment of silence, he continued,”to be honest, i'm a little worried. emperor xia is in such a hurry that he's going to launch the empire war tomorrow and conquer the entire western region. i'm afraid it won't be easy.”

“i'm afraid there will be an unforeseen event.”

Chapter 619 The crown

In reality.

Lord Chi and Elder Brown didn't know that even if Jiang Li didn't start a Dynasty War the next day, all the dynasties of the demon race would be mobilized to start one.

The flames of war would definitely engulf the entire holy peace Region starting tomorrow.

However, Jiang Li already knew about the monster race's plan.

he just didn't say it out loud.

He planned to make the first move.

In addition.

both myl01 and ssts01's evolution progress had reached 50%, and they needed a large-scale dynasty-level war to increase their evolution progress.

After Jiang Li returned to the imperial capital, he went straight to the room in the control hub. He sat down with his legs crossed and activated his technique. Green light flowed around him as he connected to the 'Hidden Dragon rank'.

This time.

Because the great Xia Azure Dragon had grown by 20000 meters, reaching a height of 50000 meters, the great Xia Dynasty's ranking had risen by seven places, and they were now ranked 10th.

Jiang Li got two rewards in total.

Buzzzzzz!

The purple-gold light merged into Jiang Li's body.

They were converted into a vast amount of cultivation technique inheritance information.

"Congratulations to the great Xia Empire for improving its National fortune. Your ranking has risen from 17th to 10th. Great Xia Azure Dragon technique.

After a while.

Jiang Li memorized all the new and improved techniques.

After the optimization and upgrade.

The current great Xia Azure Dragon technique had already reached level eight low-grade.

Wuwuwuwuwu!

The second purple-gold ball of light fused.

‘Reward 2: Alliance crown.’

“this is a kasaya.”

Jiang Li was stunned.

He could clearly feel it.

After the purple-gold ball of light fused with his body, it settled down in his dantian. Then, it transformed continuously and absorbed the power of the great Xia Dynasty’s Azure Dragon’s nation aura.

In the end.

It turned into a purple-gold ‘crown’.

It exuded an extremely noble aura.

Shua!

Soon after.

The 'crown' flew up and automatically landed on the Azure dragon's head. A purple-gold crown was placed on the Azure dragon's head, causing the aura of the Azure Dragon to rise.

Not only that.

Jiang Li also felt the elevation of the 'Emperor'.

It was clearly not an ordinary item.

Finally.

crown of the Alliance. some information appeared in Jiang Li's mind out of thin air. It was about the crown of the Alliance.

He finished browsing.

Oh? ” Jiang Li understood.

His consciousness returned to his body.

Jiang Li opened his eyes.

the green light on his body disappeared.

Shua!

Alliance crown. Jiang Li waved his right hand and summoned the 'Alliance crown' in his dantian. It appeared in his right palm and floated in the air, emitting purple-gold light.

Vaguely.

Jiang Li seemed to see an illusionary ‘five-clawed true dragon’ in the ‘crown of the Alliance’.

Obviously.

It was because Jiang Li became the ‘leader of the Alliance of human dynasties’. The Azure Dragon of Xia Dynasty had devoured the fate of the four human dynasties, which triggered the reward system and got the ‘crown of the Alliance’.

To be precise.

The ‘crown of the Alliance’ wasn’t a sacred artifact of a dynasty, but its effects and power were even stronger and more powerful than a nine-Dragon level sacred artifact of a dynasty.

Because ...

The ‘crown of the Alliance’ could mobilize the power of the dynasty true dragons of all the dynasties in the Alliance.

...

In other words ...

Jiang Li could control the Mobei true dragon of the Mobei Empire, the Lianzhen Empire’s Lianzhen Dragon, the tianzong Empire’s tianzong true dragon, and the sword Empire’s Tianjian true dragon.

In addition, there was the Azure Dragon of the great Xia.

The five great empires ‘National aura was like a true dragon.

Jiang Li’s strength would improve by leaps and bounds.

It was definitely a powerful weapon and trump card.

If ...

The martial King dynasty, martial soul dynasty, thousand refinements dynasty, and martial reverence dynasty didn't leave the Alliance. Instead, they all agreed that Jiang Li would be the leader.

At that time.

It was the blessing of the ten great majestic empires.

that was the true horror.

...

However, it was obvious.

it was almost impossible to reach this level.

He familiarized himself with the 'Alliance crown'.

Jiang Li put it back into his body.

Buzzzzzz!

"The Azure Dragon art of the great Xia Dynasty,"

let's go. Jiang Li activated his cultivation technique.

"Roar!"

The Dragon roared.

A vast fortune of the nation surged out of the Azure Dragon and circulated around Jiang Li's body. The Fortune of the nation started to respond. Jiang Li started to cultivate.

half an hour later.

great Xia Azure Dragon technique. Jiang Li finished practicing the level-seven Supreme-grade technique.

After that.

Jiang Li continued to use the energy from the 'blessing of the nation' to cultivate. He had a deeper understanding of heaven and earth. The invisible power of heaven and earth poured into Jiang Li's body and gradually combined with his true spirit.

Time passed.

Jiang Li's comprehension of heaven and earth was gradually perfected.

his true spirit slowly transformed.

in the end.

A few hours passed.

Dawn arrived.

the sun rose, and purple qi rose from the east.

boom!

Jiang Li's body shook.

his comprehension of the heaven and earth had reached perfection. not only that, the qi of true spirit in his body had also been converted into the power of the heaven and earth, and his true spirit had grown from 18 inches to 21 inches.

“Roar!”

A Dragon's Roar was heard.

Jiang Li's momentum increased.

Obviously.

The breakthrough was completed.

he broke through from the late-stage of tier 7 to the great circle of tier 7.

The power of the heavens and the earth filled his entire body.

His strength had greatly increased.

however ...

Jiang Li's cultivation hadn't stopped yet, and the energy of the 'blessing of the nation' hadn't ended yet. Under the enhancement of the blessing of the nation, Jiang Li's comprehension ability had improved by leaps and bounds.

Plus ...

With the help of the gene strengthening drug, Jiang Li's talent had reached the level of a genius.

so,

After Jiang Li's comprehension of heaven and earth reached perfection, he finally touched the truth of the world, the essence of the world, which was also the 'law'.

In the endless world.

The laws interwove like a net, covering the entire world.

They were densely packed.

Jiang Li was immersed in the ocean of laws. The laws were so profound that he couldn't get out of it. He felt like he was going to be part of it.

This was very dangerous.

If Jiang Li couldn't wake up and sense a law that was suitable for him, his soul, body, and even his consciousness would be assimilated by the law and become a part of the world.

at that time.

It would be true death.

Time passed.

in the morning.

In the sky above the 37 bases of the Black Star Army.

The various mechanical armies came out of the mech factory.

They followed Jiang Li's order.

Today was the day to attack the Western Region.

so,

the battlefield commanders had already ordered the mechanical army to move out.

On the other side.

The northern desert Empire and the Lianzhen Empire had already assembled their Army.

It took an entire night.

They used the 'controllable nuclear fission palm controller' that Jiang Li gave them to form two 'nuclear forces', and each 'nuclear force' had 10000 people.

Due to the lack of time, the members of the nuclear force had not fully familiarized themselves with the 'controllable nuclear fission palm control device'. However, they were still able to unleash the power of the 'controllable nuclear fission palm control device'.

In addition.

In the southern region of holy peace state.

The sword-Emperor dynasty and the tianzong dynasty had also gathered their troops.

However ...

Each of them only sent out a hundred million soldiers and two 'nuclear energy troops'.

The armies of the four great empires had already gathered.

Now, they just had to wait for Jiang Li to take action and gather all the legions through the mechanical space Station base.

however ...

They didn't know that Jiang Li was in danger.

The imperial capital of the Grand Xia.

In the room of the ruler's hub in the base of the 01 division.

Buzzzzzz! Buzzzzzz!

It could be seen.

Jiang Li's figure was gradually fading.

Roar! Roar!

roar! the Azure Dragon kept roaring, but Jiang Li couldn't wake up.

At this critical moment.

BOOM!

In Jiang Li's dantian, the 'crown of the Alliance' released a brilliant purple-gold light. It appeared on its own and hung on Jiang Li's head.

Buzzzzzz! Buzzzzzz!

purple-gold curtains of light descended.

It was like a waterfall.

At this moment.

Jiang Li's body trembled. With the help of the 'crown of the Alliance', he woke up from the state of immersion. His body that had been turning invisible returned to normal.

Not only that.

he was among the countless laws.

He saw the 'laws' that echoed with him.

It was extremely honorable.

He was high and mighty.

it was as if it was above countless laws.

Its name was Emperor's path!

"That's him!"

BOOM!

I'll go! Jiang Li pounced on it without hesitation. His consciousness merged with the sovereign Dao laws and he felt the Supreme sovereign aura.

Buzzzzzz! buzzzzzz!

The crown of the Alliance glowed and helped Jiang Li comprehend the ‘path of the Emperor’.

the energy of the ‘blessing of the nation’ was continuously being consumed.

Slowly.

The heaven and earth patterns on the true spirit in Jiang Li’s dantian intertwined and gradually formed a purple-gold dragon-shaped pattern.

On the other side.

In the central region of the Holy peace Region.

BOOM! BOOM! boom!

Wutian, qianv, Qilian.

The three demon emperors joined forces again.

The Allied forces of the three great demon dynasties gathered.

The commotion was huge.

This time.

Wutian and the others had gathered all the forces of the three demon dynasties.

Among them.

After all the demon troops of the qianfu demon dynasty were mobilized ...

Their military strength had reached thirty billion.

After all ...

The qianfu demon dynasty was not a domineering dynasty.

The seven Lotus Empire.

The number of troops mobilized reached 80 billion.

One had to know.

The weakest Overlord-level dynasty, the ‘ten-winged dynasty’, had a total military strength of 50 billion when they gathered all the military forces in the country, not to mention the seven Lotus dynasty, which was stronger than the ten-winged dynasty.

Finally.

That was the Wutian demon dynasty.

As the number one empire in the Holy peace state, it was also the strongest Overlord-level Empire.

The number of troops mobilized reached 200 billion.

it was almost three times more than the seven lotus empire.

One had to know.

A ten-billion level Army, with the help of array Masters, could set up a Grade 7 army formation. It could block all attacks below grade 8 and was very powerful.

Then ...

a hundred billion-level dynasty army.

He could set up a grade 8 army formation.

The power of a grade 8 army formation.

It would be able to block all attacks below the ninth step.

At this moment.

In the entire central region of the Holy peace Region.

The Army of 300 billion demon soldiers and the endless military killing intent formed a terrifying blood killing intent that covered half of the sky in the central region of Saint peace state.

“Roar!”

The Dragon’s Roar shook the sky.

True dragon Wu Tian’s roar was amplified by the demon Army.

The news had spread throughout the entire central region.

The three barbarian empires were all alarmed.

In the great Magus Empire, the moon god barbarian dynasty and the Turing barbarian dynasty.

“This bi an ...”

“Are the demons starting a war?”

“something big has happened.”

“!!!”

“hurry up! Gather all the Barbarian troops immediately!”

Without the slightest hesitation.

The three barbarian sovereigns had sent out their orders in the shortest time possible. They had gathered all the Barbarian armies in the three barbarian dynasties and were ready to fight the demons.

At the same time.

the soul martial empire and the myriad refinements empire.

Buzzzzzz! Buzzzzzz!

First of all ...

Qin qipo stood high in the sky, looking at the Army’s blood-filled sky. His gaze was cold, and he immediately gave the order to mobilize all the troops.

All the puppeteers of the soul martial Empire were mobilized.

A large number of puppet armies appeared.

There were countless.

The myriad refinement Empire had also gathered all their forces.

The battle between the three races in the central region of the Holy peace state was imminent.

It was such a huge commotion.

Naturally, this alarmed the three clans in the central region of the Holy peace state.

The demon race was divided.

“Wutian demon Emperor has already made his move.”

Fu Tianqing and Mo Helin pondered for a while. The ten demon Palace Masters looked at each other and said, ” next, it’s the southern Territory, the Western Territory, and the eastern Territory.

Wutian is here in the central region. We don’t have to worry.

” the ten-winged dynasty in the western region has been destroyed, and only the yongye demon dynasty is left. the demon race is too weak. ”

the central region is in a special geographical location, so we must always be on guard against the other two races. If Wutian can really take over the central region, it will be a great thing for the monster race.

there’s the martial King dynasty of the humans in the East and the Emperor Dragon Dynasty of the barbarians in the South. We need to pay more attention to these two places. We’ll provide support when the time comes.

The monster race Palace Masters discussed animatedly.

“No!”

Fu Tianqing interrupted the conversation of the monster race temple Masters and said in a deep voice, ” when the war broke out in the southern, central, Eastern, and

Western regions of Saint peace state, the ten temple Masters immediately followed me to great Xia.

“Kill Jiang Li!”

Chapter 620 A thousand hands

“Roar!”

The imperial capital of the Grand Xia.

It was accompanied by an earth-shattering Dragon’s Roar.

The next moment.

The huge Azure Dragon of great Xia materialized and soared into the sky from the base of the 01 Army. The enormous Azure Dragon’s body coiled around, and its Dragon might was vast.

Buzzzzzz!

It could be seen.

On the head of the Azure Dragon of great Xia.

He was also wearing a huge purple-gold crown.

Within the imperial capital.

Countless commoners raised their heads and looked up at the Azure Dragon in the sky. Their expressions were filled with reverence as they bowed and kowtowed in utmost respect.

Not long after.

The Azure Dragon of the great Xia had disappeared.

It entered Jiang Li's body.

“Whoosh!!!”

Jiang Li opened his eyes and stopped cultivating. His eyes glowed. His cultivation had completely stabilized and he had reached the perfected stage of Level Seven.

the energy from the country's fate had been completely exhausted.

Not only that.

With the help of the 'crown of the Alliance', Jiang Li got through the dangerous situation and finally mastered the 'martial arts profound meaning'. He also understood the 'Emperor path law', which greatly increased his strength.

In his dantian.

the 21-inch true spirit sat cross-legged on the 'green lotus'. there was a dragon-shaped pattern on the true spirit's body. it was extremely profound and contained the power of the emperor dao laws.

“Alright!”

Jiang Li smiled.

To tell the truth.

Just now, Jiang Li was indeed in danger. He was almost assimilated by the 'law'. If it wasn't for the 'crown of the Alliance' that helped Jiang Li, his life would have been in danger.

fortunately ...

Now, Jiang Li had succeeded.

A few minutes later.

energy point conversion. Jiang Li stood up and poured the power of heaven and earth into the 'Supreme-grade spatial storage bag'. He took out a large number of lower spiritual crystals and started the energy point conversion 'function.

“Convert!”

Buzzzzzz! Buzzzzzz!

conversion successful. One trillion energy points gained!

.....

conversion successful. One trillion energy points gained!

.....

half an hour later.

Jiang Li converted 12 trillion lower spiritual crystals into energy points and gained 120 trillion energy points in total.

soon after.

open the door. Jiang Li ordered Hidden Dragon to open the door to the room.

“All of you, come in.”

Jiang Li said.

“Yes.”

“Yes, sir.”

Outside the room.

Wang Gang, WMS01, MYL01, SSTs01, zh0214, and the rest of the battlefield commander troops, as well as the Super holographic troops.

They were waiting for Jiang Li to come out of seclusion.

After hearing Jiang Li's order.

they all entered the room in the ruler's hub.

“My Lord!”

Wang Gang and the others saluted Jiang Li.

“Yes.”

okay. Jiang Li nodded in satisfaction.

the mechanical troops of the 37 army bases are all ready. Please give your orders.

...

Zh0214 shouted.

“Alright,” he said.

show me the images of all the Army bases, ” Jiang Li said.

“Yes.”

Hidden Dragon replied.

Shua! Shua! shua!

Immediately.

Hidden Dragon waved his right hand. Purple light intertwined and formed a virtual screen. It floated in front of Jiang Li and split into 36 screens.

“Hidden Dragon 02 greets my Lord.”

.....

Hidden Dragon 23 greets my Lord.

...

.....

On the split-screen.

commander Jiang. the ‘hearts of the bases’ saluted Jiang Li.

“Show me the image.”

Jiang Li said.

“Yes.”

Buzzzzzz! Buzzzzzz!

The split-screen image changed rapidly, showing that the mechanical troops of the various army bases had all been mobilized and gathered in the sky above the various army bases.

They were densely packed.

There were countless mechanical soldiers.

contact kjzjd04, kjzjd05, kjzjd08, and kjzjd09 immediately. Get them to confirm the situation in the western and southern regions of holy peace state.

kill him! Jiang Li ordered again.

“Yes.”

Hidden Dragon replied.

Buzzzzzz!

very quickly.

The communication between the bases had been connected. The four mechanical space Station bases had captured the images of the western and southern regions of the Holy peace state and transmitted them over.

It formed a clear holographic image.

in the captured image.

Through the mechanical space Station base, Jiang Li saw the armies of the sword Dynasty and the tianzong dynasty, as well as the two 'nuclear forces' they had formed.

Other than that.

There were also the armies of the Mobei Empire and the Lianzhen Empire.

“Yes.”

I see. Jiang Li nodded. it seems like they're all prepared.

“Chief sovereign.”

At this moment.

QX01 walked over and reported to Jiang Li, ” “lord red and elder brown are requesting communication.”

In order to facilitate communication.

Jiang Li had left a super Intel soldier team of 10000 in the 'human court' so that the human court could contact Jiang Li through them.

“answer.”

Jiang Li said.

“Yes.”

Buzzzzzz!

The holographic communication was activated.

The projection screen appeared.

In the image.

They were Lord Chi and Elder Brown.

“The Xia Emperor.”

a war has broken out in the central region of the Holy peace state, ” Elder Brown said directly. Wutian demon Emperor has gathered the military forces of the three demon dynasties and formed an extremely large demon Army.

“If nothing unexpected happens.”

“the war between the three races in the central region is about to begin.”

“What are your plans?”

“Oh.”

Jiang Li thought for a while and said, ” ” we’ll still proceed according to the original plan. the chaotic battle between the three races in the central region of the holy peace region won’t end so quickly. ”

the soul martial Empire is very powerful, and the other three barbarian empires aren’t easy to deal with either.

“Just continue to keep an eye on the ‘central region’.”

I will get rid of the demon and barbarian dynasties in the Western Region of Saint peace state as soon as possible.

“That’s good.”

“Since it’s a flower like this, we’ll do as you say. If you have any difficulties, contact us immediately.”

“yes.”

yes. Jiang Li nodded. I will.

Shua!

The communication ended.

“Let’s go.”

activate the five mechanical space Station bases. Jiang Li ordered, ” Hidden Dragon, order kjzjd01, kjzjd04, kjzjd05, kjzd08, and kjzjd09 to activate immediately.

” all the ‘teleportation rooms’ of the 37 army bases have been activated. ”

starting point teleportation.

” teleportation destination: the mechanical army of the 37 army bases, the human army of the lianzhen empire, the human army of the mobei empire, the army of the sword emperor empire and the tianzong empire. ”

” teleportation destination: thousand hands barbarian dynasty’s imperial capital-thousand hands imperial capital! ”

As soon as he finished speaking.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Immediately.

The five large mechanical space Station bases activated at the same time, and the 37 'transmission rooms' were also activated at the same time. Many invisible spatial light beams crossed through time and space to arrive.

It covered the mech troops of the various army bases.

Shua! Shua!

it could be seen.

In the sky above the bases of the various Army Corps.

A large number of meches disappeared and were teleported away.

Obviously.

Even if the five big mechanical space stations activated the teleportation at the same time, they couldn't teleport all 500 billion meches away at the same time. They had to be sent in batches.

In the Western Region of holy peace Region.

Within the thousand-hands barbarian dynasty.

Thousand hand Imperial City.

In the sky above the capital.

“Whoosh!!!”

The spatial fluctuations were extremely clear.

Shua! Shua! “Whoosh!”

Without any warning.

A large number of meches appeared out of thin air. At first, there were tens of billions, then tens of billions, and soon, there were hundreds of billions.

It was a terrifying mechanical Army.

It was like a boundless sea of machines that had already enveloped the entire thousand hand Emperor’s capital.

Within the thousand hand imperial capital.

The Barbarian people looked up at the sky in fear. They saw the endless mechanical Army and the meches.

His face was filled with fear.

“Enemy! It’s the enemy!”

“There’s an enemy invasion!”

“Hurry up! quickly inform his majesty!”

“prepare for battle!”

“.....”

the barbarian generals roared.

“roar!”

The next moment.

The Dragon's Roar resounded in all directions.

It was a 20000-meter-long true dragon of National aura. Its entire body was pure gold in color. It was extremely dazzling and powerful as it soared into the sky from the palace.

“!!!”

On the head of the four-clawed Golden Dragon.

The thousand-hands barbarian Emperor's gaze was extremely heavy. He looked at the huge Army in the sky, and his face turned completely pale. He turned even paler when he felt the spatial fluctuations.

“Your Majesty!”

Shua! Shua! shua!

in the surroundings.

the thousand-hands barbarian dynasty's barbarian generals, princes, and marquises appeared one after another. the flood dragons of the country's fortune manifested and surrounded the thousand-hands barbarian emperor with great power.

“Prepare to break out!”

the thousand-hands barbarian emperor took a deep breath and shouted in a deep voice, ” there are too many enemies. The thousand-hands barbarian dynasty is no match for them.

the only way is to use all our strength and break out from one direction. Only then will we have a chance to survive.

“Pass down my order. Gather all the Barbarian forces and break out of the siege in the southeast direction.”

“yes.”

“Yes, sir!”

“.....”

The Barbarian generals, Kings, and Marquises all replied.

kill!!!

set up the formation!!!

BOOM!

“Roar!”

Due to the tense situation in Saint peace state, no one knew when a large-scale war would break out. Therefore, the various dynasties had already gathered their forces so that they could mobilize at any time.

More than 90% of the thousand hand barbarian dynasty’s military forces had already been gathered in the thousand hand Imperial City.

At this moment.

nearly thirty billion barbarian soldiers had gathered together.

Under the leadership of the Barbarian marshals, princes, Marquises, and great generals ...

“Whoosh!!!”

the formation was activated.

The vast military Qi gathered together.

In the blink of an eye.

He was able to set up two Grade 7 Army formations.

“Rumble!”

Its might was monstrous.

The two enormous Grade 7 army formation beasts had already reached the height of ten million meters. They shot into the clouds and were as large as planets.

It had endless power.

“Charge!”

“Roar!”

Under the control of the Barbarian generals, the seventh-grade formation-type beast rushed toward the southeast with an indomitable aura.

“Attack!”

fire!!!

“Fire!”

boom! BOOM! BOOM!

Even though ...

The 500 billion mechanical Army had not been completely teleported over, but 100 billion of them had been teleported over. At this moment, the sky was filled with cannons, a large number of missiles, and countless lasers.

All of them were blasted.

All of them struck the type 7 Legion beast.

“Roar!”

This Army beast was like a huge bull demon with black scales all over its body. It roared into the sky and charged forward. Countless cannons, missiles, and lasers bombarded its body.

However ...

all of them were blocked by the beast army.

bang bang bang bang!

Countless explosions were heard.

“Ah!”

The Barbarian soldiers screamed in pain.

They suffered the backlash from the battle formation and suffered some casualties.

kill!!!

Whoosh! Whoosh! Whoosh!

Within the imperial capital.

A large number of floating battleships rose into the air, and countless formation beams shot through the sky like a meteor shower. They retaliated and killed the mechanical Army.

Kachaa! “Crack!”

Some of the meches were broken and fell from the sky.

“All troops, charge!”

kill!!!

charge out!!!

The thousand-hands barbarian Emperor roared.

At this moment.

the power of the two grade 7 battle formations was added to the thousand hands barbarian emperor’s body. with the empire’s national aura and the protection of the empire’s sacred artifact, the thousand hands barbarian emperor’s strength was greatly increased.

it had exceeded the peak of the seventh step.

It had faintly reached the level of the initial stage of the eighth rank.

At the same time.

Beside the thousand-hands barbarian Emperor.

The Barbarian generals, barbarian kings, and barbarian kings burst out with their full strength and followed the thousand-hands barbarian Emperor, charging forward.
