Chapter 63 sniping

wang gang had completed his promotion and reached the middle stage of the second rank. his strength had greatly increased.

It was enough to face the man in the black cloak.

“I want you dead!”

“Whoosh!!!”

“BOOM!”

The black-cloaked man’s angry roar could be heard. A thick black mist surged around him, creating a strong wave of air that blew away the surrounding trees.

Immediately after.

Behind the black-cloaked man, a huge black Octopus slowly appeared. It had many tentacles, dancing in the air like pythons.

Whoosh! Whoosh! Whoosh!

The black tentacle pierced through the air and stabbed at Jiang Li.

“Wang Gang, stop him!”

Jiang Li clearly felt the threat. The aura of the mid-stage of level two was too strong. Jiang Li felt that he couldn’t even move and his blood froze.

Shua!

Jiang Li! Wang Gang rushed forward at full speed and blocked Jiang Li's way. He punched out with both fists, knocking back the black tentacles.

"You!"

the man in black cloak was shocked because he could clearly feel that wang gang's strength had increased a lot. wang gang actually repelled his attack with just a few punches. if it was just now, wang gang would have been sent flying.

sniper mech, fire immediately. Target is Zhang Ling.

jiang li said again.

Wang Gang was dealing with the man in the black cloak, so the sniper mech could change its target.

Kachaa!

sniper mech jj01 carried out jiang li's order loyally. he turned the gun at the man in the black cloak to zhang lin.

"?!"

Zhang Ling jumped back in shock.

jj01 immediately used a level one gunfighting technique. his eyes were shining as he activated eagle eye.

From there, he was able to predict Zhang Ling's movement and shoot him accurately.

Bang!

He pulled the trigger.

The armor-piercing bullet was fired, leaving a trail of fire behind it. The bullet pierced through the air, predicting where Zhang Ling would Dodge to, and aimed straight for his head.

“Block it!”

what? ” Zhang Ling was shocked. He felt a fatal danger.

At this moment.

His half-demonic power erupted, and a red light rushed out of his body, forming a huge black Bull Phantom. This was the demonic bloodline ‘kui bull’.

Roar!

The kui bull roared and charged forward.

Thump!

the armor-piercing round hit the kui cow phantom. the two collided in the air and exploded, producing a huge roar. the kui cow was penetrated by the armor-piercing round and exploded.

shua!

Zhang Ling got a chance to catch his breath and dodged to the side, putting some distance between them.

After the armor-piercing bullet pierced through the kui cow, it also left a hole where Zhang Ling had been standing, causing mud to fly everywhere.

Zhang Ling made a huge mistake. He shouldn’t have kept a distance from the sniper mech. He should have chosen to fight in close combat.

Unfortunately ...

It was the first time he had encountered such an enemy, so he instinctively retreated.

Bang!

Suddenly.

Another gunshot was heard.

sniper mech jj01 fired another shot. the armor-piercing bullet pierced through the air and shot toward zhang ling again. he didn't even have a chance to breathe.

“Ah!”

Zhang Ling's eyes widened and he roared in fear. He rolled to the side to Dodge.

Bang!

blood splattered everywhere.

although zhang ling managed to avoid being hit in his vital parts, he was not able to completely avoid it. his left arm was hit by an armor-piercing bullet, and his entire left arm was blown into a pulp of flesh and blood, bones and flesh flying everywhere.

“Jiang Zhizhi, chief Jiang, please spare me, please spare me!”

Zhang Ling was terrified and begged for mercy.

...

At this very moment.

He was no longer as calm and confident as before. There was only the fear of death. He couldn't resist the powerful firepower of the sniper mechs.

Obviously.

The sniper mech was too powerful.

Of course.

If the sniper mech got close, it would be hard for him to use the power of the sniper rifle. If Zhang Ling could snipe the mech at close range, he would be able to fight.

Unfortunately ...

He no longer had the chance.

“stop!”

The man in the black cloak roared.

“Thump!”

...

Wang Gang's punch landed on the Man in Black using the vibration skill. The powerful vibration wave hit the Man in Black cloak and broke through his protective qi. The Man in Black cloak was blown away.

“Continue to shoot and kill him.”

shut up! Jiang Li scolded coldly.

Bang! bang! Bang!

Sniper mech JJ01 fired three shots in a row. The three armor-piercing bullets formed a triangle, blocking all of Zhang Ling's escape routes.

"No!"

Zhang Ling's eyes widened.

"pfft!"

Blood splattered everywhere.

Zhang Ling was hit by the armor-piercing bullet. He gave it his all and dodged two of them, but he was still hit by the last bullet.

the armor-piercing bullet was so powerful that it pierced through his chest. his chest exploded, and a fist-sized hole appeared.

"Ah!"

ah! Zhang Ling screamed.

BOOM!

Hei Zong took the opportunity to rush forward and punch Zhang Ling away.

"Fire, target heizong."

Jiang Li immediately asked sniper mech JJ01 to shoot again at hei Zong.

hei zong sensed the danger and dodged to the side immediately. he avoided his vital parts, but his left leg was broken.

“Don’t steal the kill, do you understand?”

Jiang Li said.

Jiang Li, stop. If you stop, we’ll let this go and you can still gain the friendship of the ‘half-monster Alliance’. Otherwise, you’re going against the ‘half-monster Alliance’.

The man in the black cloak shouted.

“Friendship?”

I’m not interested. Jiang Li sneered. I’m not.

“Kill him!”

shut up! Jiang Li scolded.

Bang! Bang!

JJ01 carried out the order loyally. It pulled the trigger and fired. A merciless armor-piercing bullet shot out. Under the gaze of the crowd, it shattered Zhang Ling’s head like a watermelon.

“this wufu died just like that.”

hei zong was also stunned. he was completely suppressed by zhang ling just now. he was afraid that he would be killed by zhang ling if they continued to fight.

And now ...

Zhang Ling was dead. He was killed by Jiang Li’s men from a distance using a strange weapon that he had never seen or heard of before.

He couldn’t help it.

hei zong's heart trembled in fear.

It had to be said.

Zhang Ling's death was a bit unjust. He was not weak. He had mastered powerful martial arts, cultivated internal energy and bloodline, and had a strong half-beast power.

Unfortunately ...

he met jiang li.

The sniper mech's attack was too strong, and Zhang Ling didn't have a chance to get close. In the end, he was killed by the sniper mech from a distance and his head was smashed.

Jiang Li!!!

The black-cloaked man gritted his teeth, and the words that came out of his mouth seemed to be squeezed out from between his teeth. He did not hide his killing intent and anger at all.

"This bi an ..."

Zhang Ling is dead! Gu Duluo was scared and stepped back. He stared at Jiang Li and the sniper mech beside him. Zhang Ling is dead.

"Deacon hehe"

Dugu Luo looked at the man in the black cloak.

"Hu ~~ Hu ~ Hu ~"

Dong Lin took a deep breath and looked at Jiang Li in awe. He was glad that Jiang Li didn't show up, or they would have been dead.

“Gang leader Jiang is really trying to turn the tide!”

Hua Tian sighed.

“Haha, sect leader is amazing.”

Pang kui laughed out loud, but it aggravated his injuries and he coughed out a few mouthfuls of blood.

“The blood refinement bead is about to be formed. Now is not the time to retreat.”

The black-cloaked man raised his head and looked at the formation in the air. The ‘blood refinement bead’ in the center of the formation was almost solid. The corpses and blood on the battlefield had almost all been absorbed.

In at most one or two minutes, the ‘blood refinement bead’ would be completed.

“You guys have no chance.”

“let’s go!” jiang li waved his hand and all the meches gathered into a team. they charged at the cloaked man together. “kill them!”
