

Army 641

Chapter 641 the four seas

“Yes.”

” yes, ” hidden dragon quickly responded and reported to jiang li, ” my Lord, creating a million meches requires 10 billion tons of steel and 10000 trillion energy points.

creating 40 million type 5 elite meches requires 40 billion tons of steel materials and 8 trillion energy points.

to create 5 billion meches, 500 billion tons of steel materials and 10000 trillion energy points.

creating 40 billion meches will consume 200 billion tons of steel and 80 trillion energy points.

creating 600 billion meches requires 300 billion tons of steel materials and 120 trillion energy points.

“A total of 645.041 billion meches were created, and a total of 1050 billion tons of steel materials and 28920 trillion energy points were consumed.”

“Begin production.”

jiang li confirmed.

“yes.”

Hidden Dragon replied.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Immediately.

let's go. Hidden Dragon contacted all the sub-bases and gave Jiang Li's order.

All the 'base cores' of the sub-bases started to report their progress to Jiang Li.

currently.

it was enough to make these meches.

As for resources.

That was more than enough.

Jiang Li had plundered so many dynasties that he had an abundance of energy points and steel materials. He wasn't afraid of consumption at all.

Furthermore ...

Profound iron, cold iron, meteoric iron, and so on.

It was a material of a higher grade than steel.

Jiang Li also collected a lot.

In reality.

Jiang Li knew it very well.

After the 'army base' was upgraded to the seventh stage, just the 'steel material' alone could no longer meet the needs of the seventh stage and above. They needed materials of higher grades.

so,

Jiang Li had been collecting them since the beginning.

in addition.

Most of the energy points were used by the high-level meches.

The low cost of the troops was very low.

For example, the level two meches.

He created a total of 600 billion.

He had only consumed 120 trillion energy points.

There was a use for low-level units.

However, if the difference in their cultivation levels was too great ...

The advantage in numbers was negligible.

for example.

Two-way foil.

No matter how many low-cost meches there were, even if they filled the entire Galaxy, the 'two-way foil' would collapse the Galaxy into a flat surface.

then ...

They had no advantage in numbers.

Of course.

The ‘omnidirectional foil’ was a dimensional weapon.

Some of the low-level meches couldn’t even step out of the planet.

the difference between the two was too great.

that was why it had such a crushing effect.

Normally speaking.

As long as the difference was not as great as the distance between heaven and earth.

The advantage of numbers would always be there.

“Master, all level six mech factories in the 36 sub-bases have started working at full power. It will take about a day and a half.”

Hidden Dragon reported.

...

“Yes.”

okay. Jiang Li nodded.

Late at night.

In the sea around the Holy peace state.

The ocean waves rushed to the sky.

it was tens of thousands of meters tall.

In the pitch-black night.

The seawater had turned black.

A thick fog appeared in the sea near the Holy peace state.

It had reached a level where one could not even see their own fingers.

He looked closer.

...

Slowly.

huge 'ships' appeared one after another. there were so many of them, and they formed a battle line that couldn't be seen. they were approaching holy peace state.

however ...

The fleet did not get too close.

About a hundred miles away from the shore of the Holy peace Region.

All of them stopped.

The four Seas.

The three Emperor seas to the North, the Tuoba seas to the South, the halcyon seas to the West, and the sea Dragon seas to the East-even if these 'fleets' came from the alien dynasties of these four Seas ...

Their intentions were very obvious. They wanted to get their hands on the 'holy peace Region'.

Obviously.

The 'Dynasty War' broke out in the Holy peace state, and the three races fought for the 'Supreme Emperor's throne' to establish an 'imperial dynasty'. The dynasty war broke out, and the three races suffered great losses one after another.

One had to know.

In the Holy peace Region.

half-monsters, demons, barbarians, and other mixed-blood alien races were hiding. many of them were the eyes of the four seas, and they reported the situation in saint peace state.

so,

the dynasty fleet was sent out from the four seas.

Three-Emperor Sea area.

it was close to the northern region of the holy peace region.

The northern coast.

The fleet of the three-Emperor Sea area was mainly divided into three groups.

They were led by the ocean Empire, the dream Dragon Empire, and the Penglai Empire respectively. They had gathered the huge Navy of their empires and were ready to land on the 'holy peace state' at the best time.

Then, they would launch an invasion.

Poseidon's naval Legion.

in the middle.

The Emperor ship of the sea.

in the mainship's main room.

"My Dear Ministers, what do you think of our chances of winning this time?"

At the very top.

The sea Emperor asked in a deep voice. He was sitting on top, surrounded by a black mist. It was hard to see clearly, but he was extremely powerful.

"Your Majesty."

Very quickly.

one of the nine-star generals said confidently, "All four of our seas have been mobilized this time, and we even have informers inside to monitor the movements of the three clans at all times and report the situation in a timely manner."

"Therefore, we must win this battle."

"That's right."

we only need to land in the Holy peace state immediately when the war between the three races breaks out. Then, we'll be like the Mantis pouncing on the cicada, unaware of the Oriole behind.

“When the time comes, Yingluo”

“hehehe!”

“.....”

The marshals were all brimming with confidence, as if they could already see victory.

“Hehe.”

neptune's eyes were cold. ” this is ridiculous and stupid. the war hasn't even started, and you're already so arrogant. ”

“Do you really think we'll win without a doubt?”

“Your Majesty!”

“Your Majesty, please calm your anger.”

The marshals were all terrified.

“Hmph,” he snorted.

Poseidon snorted. don't forget that there are three divisions of the three races in the Holy peace state. Each Division Master is a type 9 super expert.

“also,”

“Humans, barbarians, and demons, do you really think they’re not on guard against our Four Seas?”

“Your Majesty.”

At this moment.

It was a thin black-scaled demon dweller who cupped his hands and said respectfully, ” “I think that the three clans in the Holy peace state might really be on guard against our Four Seas.”

“But,”

” in order to fight for the throne, they have to use all their strength. they can’t relax at all. in other words, they have no time to care about us. ”

“we have a good chance of winning.”

“.....”

in reality.

It was not just the Poseidon Empire.

The dynasties in the four Seas were now discussing the plan to invade the Holy peace province in detail.

He would draw up a detailed war plan.

In addition.

The emperors of the various dynasties also had special methods to communicate with each other.

At that time.

As soon as the final battle between the three races in the Holy peace state broke out, the armies of the four Seas would invade the Holy peace state at the same time from all four directions.

The night passed.

The next day.

Early in the morning.

The imperial capital of the Grand Xia.

Buzzzzzz! Buzzzzzz!

The base of the No. 01 Army was still covered in the black mist. It was undergoing a series of changes and upgrades, but Jiang Li walked out of the base.

first, he went to the great xia palace for breakfast.

after that.

Shua!

let's go. Jiang Li flew up.

He reached an altitude of tens of thousands of meters.

it was also the floating continent of the 'human race division'.

“Ha! Ha!”

“Activate the formation!”

“Rise!”

“Whoosh!!!”

roar! “Roar!”

Jiang Li stood in the sky, surrounded by clouds, and looked down.

First of all ...

What Jiang Li saw was an endless amount of military Qi that shook the space around him, forming a vast mist of light that swept through the spiritual Qi.

The scene was shocking.

After that.

Under the performance of the generals.

the army adjusted and formed the base of the formation, setting up one military formation after another.

from level one to level seven.

They evolved one by one.

One after another, huge beasts of the Army appeared.

An earth-shaking roar was heard.

One had to know.

This was a total of 260 billion soldiers.

It was not an easy task to form perfect cooperation between them and then form an army formation together. It required a long time of practice.

A few days later.

All the military formations from Grade 1 to Grade 7.

They could all be set up and used in war.

However ...

a grade 8 army formation could not be set up perfectly.

After all ...

A grade 8 formation required hundreds of billions of soldiers to work together.

One could imagine.

The population of earth was only over seven billion.

now.

Jiang Li had 260 billion human soldiers, which was thirty to forty times more than seven billion. The entire floating land had become a training ground for the Army.

Shua! Shua!

“your majesty!”

“Your subjects pay their respects to Your Majesty!”

Lian Zhen, Lin Tianjian, mo bei, Jing yueke, Hong Tianqi, Yue Fengji, Xu Ya, and the other marquise Kings were also marshals of the training Corps.

However ...

Hong Tianqi and Xu Ya’s cultivation was a bit low.

It was only at the early stage of the sixth step.

Although they had a lot of resources and gene strengthening fluid to improve their aptitudes, Hong Tianqi and Xu Ya could only reach the early stage of rank six.

After all ...

The increase in cultivation.

The further he went, the more difficult it became.

“Yes.”

Jiang Li glanced at them and said, ” ” your army’s training is not bad. you’ve only used a few days ‘time and can already set up a tier 7 army formation perfectly. ”

“Thank you for your praise, Your Majesty.”

Lin Tianjian and the rest replied with joy.

“When will the grade 8 army formation be completed?”

Jiang Li asked.

“This bi an ...”

Lianzhen and the rest looked at each other.

“Your Majesty, we still need seven days.”

Finally.

Lin Tianjian replied.

“Seven days is too slow,”

” no. ” jiang li shook his head and said in a deep voice, ” i’ll only give you three days. you must perfect the level-eight formation and use it on the battlefield. ”

“This bi an ...”

Mo bei and the others were stunned, feeling a little troubled.

“Yes, sir.”

Lin Tianjian cupped his hands.

“Yes.”

Everyone responded.

“yes.”

Jiang Li went to the martial tower after a while. He wanted to see Lord Chi and Elder Brown, but Xia Yan told him that they were still in seclusion.

Buzzzzzz! “Whoosh!!!”

The spiritual Qi of heaven and earth gathered, forming a strange phenomenon in the sky above the martial Pagoda.

Other than that.

Jiang Li also felt the Qi of the five elements.

“this bi an ...”

according to the ‘art of the Azure Emperor’, a level-eight cultivator can gather the three flowers, and a level-nine cultivator can gather the five elements in the chest.

looking at this phenomenon, could it be that Lord Chi and Elder Brown have a chance of breaking through to level 9? ”

To tell the truth.

If Lord Chi and Elder Brown could break through to level nine, it would be more beneficial than harmful to Jiang Li. At least, he wouldn’t have to worry about level nine monsters and barbarians.

The night came.

Shua!

[base 01 has been upgraded!]

Jiang Li sensed the changes in the base and received a notification at the same time. After the dinner, he immediately went to the base.

Chapter 642 battle

jiang li came to the 'base 01' that had been upgraded. he stood outside the base and saw a huge 'interstellar base'.

It was extremely vast.

He couldn't see everything at a glance.

From afar.

The base had the color of 'black iron' and was extremely large. It was oval-shaped and was already the size of a planet. Its diameter had reached the extent of ten million meters.

Obviously.

This promotion.

This allowed the '01 army base' to achieve a qualitative leap. The base that was originally the size of an Island was now comparable to a planet.

it was floating in the sky.

It was like a huge star.

Shua! Shua! Shua!

Around the base.

there were many patrolling ‘mechanical sentries’.

Other than that.

The entire base was covered in an invisible ‘energy shield’ at all times, covering the entire base. It was enough to withstand all attacks below the eighth-rank.

Its defensive power was extremely strong.

Generally speaking.

No one could enter the base without Jiang Li’s permission.

Unless they were forced to break through.

shua!

Jiang Li was very satisfied. He took a deep breath and flew toward the base. The invisible ‘energy defense light shield’ appeared automatically. It was transparent and black.

After that.

When Jiang Li got close, the energy defense light shield cracked and an arched door appeared.

jiang li walked in.

Shua!

“Chief sovereign.”

As soon as Jiang Li set foot on the base, a purple light came and stopped in front of Jiang Li. It was Hidden Dragon.

At this moment.

The hidden Dragon already had a real body, and could transform between energy and substance.

furthermore ...

Jiang Li. Hidden Dragon could leave the room in the ‘dominating heart’ and appear in any corner of the base. He came to greet Jiang Li as soon as he sensed his arrival.

“Yes.”

okay. Jiang Li nodded and looked at Hidden Dragon.

“Hidden Dragon,”

what’s new about the base? ” Jiang Li asked. what’s new about the base? ”

“Please take a look, chief sovereign.”

Buzzzzzz!

Hidden Dragon waved his right hand.

Purple light gushed out and formed a virtual screen in front of Jiang Li. The screen described the basic information of the base in detail.

“Interface: army base”

advancement requirements: nine level-eight soul Tinders, one trillion energy points ”

.....

First of all ...

the 01 military base had been upgraded to the '01 interstellar base'. with the functions of the base, it was enough to travel in space.

In addition.

Every facility building had an extra 'interstellar' prefix.

.....

Jiang Li Read through the basic information of the base carefully. All the ‘facilities’ had opened new interstellar troops.

In addition.

All the facilities and units in the base had been upgraded to Level 7 after the base was upgraded.

His various abilities had greatly increased.

Finally.

It was a new facility-the space battle station.

However, it was in a state of being unable to be activated.

“What’s going on?”

Jiang Li frowned and asked Qian Long, ” why can’t the space station be activated?
” Could it be that he had to fulfill some requirements?”

One had to know.

When Jiang Li first played the game, this didn’t happen. After the upgrade, the ‘space battle station’ was unlocked.

“Reporting to you, chief sovereign.”

“If you want to activate the ‘universe war station’, you need to occupy the entire holy peace state and establish an Empire,” Hidden Dragon replied.

“Could it be that the opening of the ‘space battle station’ is related to the unification of the Holy peace Region?”

Jiang Li asked.

” when the rulers occupy the holy peace region and successfully establish an empire, they will naturally receive the corresponding notification. ”

Hidden Dragon replied.

“I know.”

Jiang Li shrugged and didn’t ask anymore.

soon after.

With Qian Long leading the way, Jiang Li walked forward and checked out the nine facilities and buildings in the base. They were scattered all over the base.

The current Base 01 was already the size of a planet. With only nine facilities, it didn’t take up much space.

so,

Most of the area was empty.

they could even build a city in the base.

it was boundless.

Half an hour later.

Jiang Li went to the room in the Galactic Hub.

He stood outside.

Jiang Li looked up and saw a huge building. It was a hundred meters tall and was made of steel.

“Rumble!”

The door opened automatically.

Jiang Li walked in quickly.

the space inside was extremely vast. it could even be folded using space technology. if jiang li wanted to, he could expand the space inside by 10000 times.

This way ...

jiang li could cultivate in this room.

In the middle.

It was the core of the base.

A huge purple ball of light.

It was suspended in the air ten meters above the ground.

It was emitting a faint glow.

immediately unlock all the new facilities and units.

go! Jiang Li ordered.

Shua! Shua!

A notification appeared.

after deducting nine level-seven soul tinders, jiang li only had 27 level-seven soul tinders left. all nine facilities and units had been successfully unlocked.

[galactic space soldier has been successfully unlocked!]

.....

the interstellar mech production line has been successfully unlocked!

create an interstellar space Dominator soldier.

Jiang Li used ten trillion energy points.

Shua!

The manufacturing interface appeared.

On the screen was a black iron full-body armor. It looked similar to the ‘ordinary Dominator armored soldier’ that Jiang Li made before.

A minute later.

[creation complete!]

a notification appeared.

Buzzzzzz!

From illusory to real.

A galactic space soldier as tall as him appeared out of thin air and stood in front of Jiang Li.

“Chief sovereign.”

The Paragon of soldiers, who dominated the interstellar space, addressed him.

“Yes.”

jiang li nodded and checked the message.

[Lord soldier type: interstellar Lord space soldier]

[rank: rank seven]

[No.: Xjzzkj01]

skill: tier 7 space mastery ”

[machinery: Jian Jia (omitted)]

.....

xjzzkj01, activate immediately.

go! Jiang Li ordered.

“Yes.”

Buzzzzzz!

” jiang li! ” the space soldier’s silver eyes lit up and he said in a mechanical voice.
his armor liquefied and covered jiang li’s entire body.

In the blink of an eye.

Jiang Li had already put on the entire set of black iron exoskeleton armor.

at the same time.

Jiang Li could control it through the ‘ruler’s auxiliary device’ and completely master the ‘interstellar ruler space soldier’, and he also gained the space control skill.

space control.

Jiang Li activated his skill.

The space seemed to twist.

The next moment.

Jiang Li disappeared into thin air.

Able to move in a flash.

Of course.

‘Move in a flash’ was just the most common ability derived from the ‘space control’ skill.

other than that.

Jiang Li could also seal and twist space.

Of course.

jiang li needed to further develop these abilities.

“Not bad.”

Jiang Li was very satisfied.

It could be said that ...

With the space control skill, Jiang Li was basically undefeatable.

Half an hour later.

Jiang Li was familiar with all the abilities of the interstellar Dominator and space soldier.

” build ten interstellar mech production lines and one thousand interstellar mech production soldiers. equip the seventh level of the interstellar mech factory. ”

Jiang Li used 10100 trillion energy points.

The manufacturing interface appeared.

There were two illusionary figures of meches on the interface. One was a huge ‘starry sky furnace’, and the other was no different from an ordinary person.

There were countless light spots filling up the surroundings.

It gradually solidified.

Chapter 643 war declaration

a minute later.

Shua!

[creation complete!]

A notification appeared.

Buzzzzzz! Buzzzzzz!

okay. Jiang Li immediately sent all the finished units to the seventh floor of the 'interstellar mech factory'. The facilities and units for the seventh time were all ready.

As a result ...

The seventh level of the interstellar mech factory could produce ten Level Seven interstellar meches every second.

Hidden Dragon, activate the 7th level of the interstellar mech factory at full power and manufacture 100000 planet-level space warships.

go! Jiang Li ordered.

"Yes, sir."

yes. Hidden Dragon replied, " to build a planet-level space combat vessel, one trillion energy points, ten thousand tons of steel materials, and one ton of Dark Iron are required."

to produce 100000 planet-level space combat vessels, it would require a total of 100000 trillion energy points, 1 billion tons of steel materials, and 100000 tons of Dark Iron.

“I’m sure,”

okay. Jiang Li nodded.

Obviously.

To create an interstellar Army, not only did it require steel materials, but it also required a higher grade of Dark Iron.

Although there was a need for Dark Iron, it didn’t require much steel material, similar to the level six mech.

Very quickly.

The seventh level of the interstellar mech factory started operating at full power.

The scene was sent to Jiang Li.

There was a 1000-meter-tall ‘starry sky furnace’. The exterior of the furnace was like a starry sky, and there were rumbles coming from within. 1000 interstellar mechanical soldiers were teleported out and arrived at the Treasury that stored steel materials and dark Iron.

Buzzzzzz! buzzzzzz!

The interstellar mechanical soldiers first created a ‘wormhole tunnel’ and transported a large amount of steel and dark Iron materials into the ‘space furnace’.

“Rumble!”

The ‘starry sky furnace’ would melt the steel materials and dark Iron, and then integrate them into the energy points to be manufactured.

Shua! Shua!

a beam projection appeared.

After that, 'planet-level space combat vessels' were manufactured.

All of them stopped at the seventh level.

The seventh floor of the factory.

It could produce ten Level 7 mechanical interstellar soldiers per second, so it would take 10000 seconds to produce 100000 planet-grade space combat vessels, which was less than three hours.

During the manufacturing of 100000 planet-level space warships.

Jiang Li built interstellar scientific researchers, interstellar architects, interstellar mechanical guards, interstellar space teleporters, interstellar Nuclear Research soldiers, and interstellar mechanical space Station bases.

He checked the information and skills of all the new facilities.

Currently.

For the time being, only the 'interstellar space teleporter' and the 'interstellar mechanical space Station base' could be put to use.

After these two facilities were built.

It can teleport the '01 interstellar base'.

In addition.

The interstellar mechanical space Station base was an enhanced version of the mechanical space Station base.

in other words ...

Ordinary methods were unable to restrict or restrict the space transmission of the 'interstellar mechanical space Station'.

.....

First of all ...

Jiang Li built ten interstellar mechanical space Station bases and ten mechanical space Soldiers and distributed all ten of them.

It was used to monitor the entire holy peace Region.

There was also the area around the coastline.

Three hours later.

my Lord, the construction of a hundred thousand planet-level space battleships has been completed.

Hidden Dragon reported.

“Yes.”

...

okay. Jiang Li nodded.

Shua!

After that.

The scene on the seventh floor was completely presented in front of Jiang Li. Looking at the 100000 level-seven planet-level space combat vessels, Jiang Li was all smiles.

three days later.

All 645 billion and 41 million meches had been built in the 36 military bases from base 02 to base 037.

As a result ...

In addition to the four hundred billion meches from before.

Jiang Li had more than one trillion meches.

In addition.

Lin Tianjian and the rest had finished training the grade 8 army formation.

Inside the Azure Dragon Palace.

“Your subjects pay their respects to Your Majesty!”

Lin Tianjian, Hong Tianqi, Lian Zhen, pang kui, mo bei, and the other Marquises and ministers of great Xia were all gathered in the Azure Dragon Hall.

master Jiang. they bowed to Jiang Li respectfully.

“Yes.”

Jiang Li sat on the Dragon Throne and nodded. He raised his hand and said, ”
“Rise,”

“thank you, your majesty.”

the ministers said in unison again.

“your majesty, the 260 billion soldiers of the great xia army are already able to form a grade 8 formation and use it in actual combat.”

Lin Tianjian reported.

“Alright.”

Jiang Li nodded with satisfaction. Lin Tianjian, you’ve done a good job. You didn’t let me down. The level-eight battle formation has been completed. ”

“This time, I have gathered all of you to plan the next decisive battle.”

“.....”

The officials and Marquises in the hall glanced at each other.

“We will obey Your Majesty’s orders.”

After that.

They shouted in unison.

“Alright,” he said.

jiang li smiled and looked at sheng baochen, tang zhishu, xia tian, and the others. ”
“have lord chi and elder brown come out of seclusion?”

“Emperor Xia, the two lords have not come out of seclusion.”

Sheng baochen said.

“.....”

hmm? ” Jiang Li frowned.

One had to know.

If Lord Chi and Elder Brown still didn't come out, Jiang Li would lose two people who were at the peak of level eight, which wasn't a good thing.

BOOM!

Suddenly.

The floating continent, which was divided by the human race, underwent a huge and shocking change.

Spirit Qi swept out and formed a vast spirit Qi storm like a dragon. The scene was so Grand that even Jiang Li was shocked.

Shua!

let's go. Jiang Li disappeared from where he was and left the Azure Dragon Palace.

“Let's go,” he said.

“Let's go and see.”

“It's very likely that Lord red and Elder Brown have come out of seclusion.”

shua! Shua!

within the palace.

Lin Tianjian, Sheng baochen, and the rest also left the Azure Dragon Hall.

“The Xia Emperor.”

Buzzzzzz! Buzzzzzz!

Not long after.

Two figures surrounded by colorful mist descended from the sky. They stood in front of Jiang Li and saluted.

They were Lord Chi and Elder Brown.

They had come out of seclusion.

the aura on his body was somewhat unable to calm down.

“Welcome, you two.”

thank you. Jiang Li cupped his hands.

“My Lord!”

Sheng baochen and the rest arrived.

“Yes.”

Lord Chi and Elder Brown nodded with a smile.

Lord Chi, Elder Brown, have you condensed the five Qi in your chest and broken through to the early stage of the ninth rank during your seclusion? ”

what is it? ” Jiang Li asked.

“This bi an ...”

Lord Chi and Elder Brown exchanged a look.

“How can it be that easy?”

Lord Chi shook his head. it’s not that easy to break through to the ninth rank. Although we gained something from our seclusion this time, we didn’t manage to break through to the initial stage of the ninth rank.

“yup,”

“Of course,” Elder Brown sighed, “although I haven’t broken through to the early ninth rank, I’ve taken half a step. I can be considered half a step to the ninth rank.”

“That’s right.”

” that’s right. ” lord chi nodded, ” this is all thanks to emperor xia’s ‘gene strengthening fluid’. otherwise, i’m afraid the two of us wouldn’t have been able to peek into the secret of the type 9 realm. ”

I believe that as long as we are given two more years, we will definitely be able to condense the five Qi in our chest and break through to the early ninth rank.

“Half-step type 9.”

I understand. Jiang Li nodded. it’s a pity that I didn’t make a breakthrough.

since the two of you have come out of seclusion, we don’t have to wait any longer. I’m preparing for the final battle. This time, I’ll officially declare war.

it’s me. Jiang Li said with burning eyes.

“Alright,” he said.

Lord Chi nodded, ” it’s about time.

“We’ll do as the Xia Emperor says.”

Elder Brown said.

Obviously.

After Lord Chi and Elder Brown came out of their closed-door cultivation, they were full of fighting spirit.

“The Xia Emperor.”

“Other than the demons and barbarians in the Saint peace state, we must also pay attention to the sea dynasties in the four Seas,” Lord Chi reminded.

“yes.”

don’t worry, ” Jiang Li said. I’ve already deployed troops around the coastline of the Saint peace state. They’re monitoring the situation there.

as long as the Army of the sea Empire invades, I’ll be the first to receive the news.

“That’s good.”

Lord Chi and Elder Brown heaved a sigh of relief.

we can ignore the sea realm Empire for now. Let’s concentrate our forces and energy to destroy the demon race and barbarian race in the Saint peace state and take down the entire Saint peace state.

jiang li said.

“Yes.”

Lord Chi and Elder Brown both nodded in agreement.

“Emperor Xia, what do you plan to do with the martial King dynasty?”

asked elder brown.

“Those who submit to me will prosper, and those who resist me will die.”

Jiang Li said in a deep voice.

an hour later.

At Base 01.

let’s go! Jiang Li ordered. Then, all 260 billion great Xia soldiers entered the No. 01 interstellar base.

Lin Tianjian, Lian Zhen, mo bei, Hong Tianqi, Xu Ya, Yue Fengji, and the other marquise Kings were also at Base 01.

Buzzzzzz! Buzzzzzz! “whoosh!!!”

At the same time.

The spatial teleportation was activated.

Jiang Li teleported all the mech legions from base 02 to base 037 to Base 01 through the ‘mechanical space Station base’.

One had to know.

A level six mech factory.

it could hold one hundred billion meches.

The mech factory in Base 01 had been upgraded to Level Seven and could accommodate ten trillion meches.

so,

Jiang Li's one trillion mechanical soldiers were all stored in the level-seven interstellar mech factory.

They could be sent out at any time.

They would start the war.

"This is an incredible base."

Lord Chi, Elder Brown, and the others looked around and saw the essence of the situation. They sighed.

"Let's go."

let's go. Jiang Li waved his hand and gave an order, "Hidden Dragon, contact the interstellar mechanical space Station base immediately. Teleport to target: Base 01."

teleportation location: martial King dynasty's imperial capital.

"Yes."

Hidden Dragon replied.

Buzzzzzz!

The next moment.

An invisible spatial light beam seemed to have crossed space and time, shrouding the entire 01 base. Everyone felt an extremely obvious spatial fluctuation.

Shua!

The 01 interstellar base had a diameter of 10 million meters and was as huge as a planet.

Just like that, he disappeared into thin air.

he was teleported away.

The scene changed.

In the Eastern Region of the Holy peace Region.

The martial King dynasty.

In the sky above the martial King's Imperial capital.

Buzzzzzz!

the space was distorted.

It was as if a huge vortex had appeared. Then, an incomparably huge black iron ball appeared in the sky above the imperial capital as if it had been spat out by the space.

An invisible ‘energy defensive light barrier’ covered the area.

“We’re here.”

Jiang Li looked down at the martial King’s Imperial capital calmly. Wang Gang and the other four perfected-stage level-eight meches stood beside him.

“Roar!”

The Dragon’s Roar shook the sky.

It was a dazzling four-clawed Golden Dragon that soared into the sky from the center of the martial King’s Imperial capital. It let out a deafening Dragon’s Roar, and its body was 90000 meters long.

“Emperor Xia!”

BOOM!

On the head of the Golden Dragon.

Wu Wuji placed his hands behind his back as he calmly looked at the huge sphere in the sky. However, he could not help but be shocked.

“You’ve finally come.”

“I’ve been waiting for you for a long time,” the martial King said in a deep voice.

BOOM! boom! BOOM!

The ground shook.

The surrounding sky.

Many huge floating battleships appeared.

They surrounded him.

Chapter 644 intense battle

The Army of the wuwang dynasty quickly formed a huge encirclement, and had already surrounded the star-like '01 interstellar base'.

Jiang Li stood in the base and looked around. The sky around him was covered by countless floating battleships.

The scene that blotted out the sky was extremely shocking.

“Kill!”

BOOM!

Wu Wuji shouted and took the lead to attack. He threw a punch at the star-like '01 interstellar base'. The fist glowed with a golden light, and it took the shape of a Golden Dragon as it flew toward the base.

The fist radiance contained a huge amount of power that shook the surrounding space.

Very strong!

Wu Wuji was extremely powerful!

One had to know.

After Wu Wuji had unified the entire Eastern Region of Saint peace state, the Golden Dragon King warrior had absorbed a lot of the Empire's fate. Thus, Wu Wuji had used the energy from the Empire's fate to cultivate in seclusion for a period of time.

Even though he was ultimately unable to break through to initial-stage tier 9.

However, he had also reached the level of half-step type 9.

his strength had increased by quite a bit.

“Astral battle technique.”

Shua!

Wang Gang used his skill and disappeared from where he was. He used a short distance space jump and appeared in front of Wu Wuji.

“Star destroying fist!”

Wang Gang clenched his right fist, and a vast amount of nuclear energy and mechanical psionic energy gathered. They were compressed and condensed to the extreme, finally forming a powerful star-destroying punch.

“BOOM!”

He threw a punch.

It was as if space had collapsed.

The Golden Dragon-shaped fist radiance exploded.

Bang!

The remaining power of the star annihilating fist spread forward, containing a terrifying power.

“!!!”

wu wuji's pupils contracted.

Roar!

The martial King Golden Dragon under Wu Wuji's feet let out a roar.

The golden light was dazzling.

It formed a Golden Screen of light that blocked the aftermath of the star destroying fist.

However ...

Wu Wuji and the martial King Golden Dragon were still forced back by the aftershock, but they quickly stabilized themselves.

“What a powerful attack.”

Wu Wuji looked at Wang Gang with a serious expression.

Buzzzzzz! Buzzzzzz!

His entire body was shimmering with golden light.

It was gathering power.

The martial King Golden Dragon merged into Wu Wuji's body to strengthen him.

In addition.

After blocking Wu Wuji's attack, Wang Gang stopped under Jiang Li's order. Instead, he returned to Jiang Li's side.

"Wu Wuji,"

is this your power? " Jiang Li looked at Wu Wuji calmly and asked, " is this your power? " i'm truly disappointed."

"He's too weak,"

"What do you have to fight me without reaching the early ninth rank?"

"The Grand Xia Army, hear my order!"

Jiang Li waved his right hand and shouted, " "Let's go!"

"Yes!"

"yes, sir!"

"Activate the formation!"

"Kill!"

boom! BOOM!

The next moment.

...

Lin Tianjian, Lianzhen and the other marquises, as well as the marshals and generals of the great Xia Army, shouted in unison. The sound was so loud that it was like thunder.

“Rumble!”

Immediately after.

under the leadership of lin tianjian and the rest, the 260 billion great xia soldiers set out on their expedition. floating battleships rose into the air one after another.

Roar! Roar!

The Army formation was activated.

endless murderous military qi gathered, and a vast amount of heaven and earth spiritual qi swept over, condensing into a huge army beast that was tens of millions of meters long.

They appeared in the sky above the base.

it could be seen.

The size of each Army behemoth was comparable to a star, no smaller than the 01 interstellar base. In fact, they seemed to be even larger.

martial King Army, prepare for battle.

...

Wu Wuji's pupils contracted as he shouted.

“yes!”

“Set up the formation!”

kill!!!

Buzzzzzz! buzzzzzz!

The martial King Army began to move. A few soldiers in their underclothes shouted in unison, and their momentum was like a rainbow as they arranged a powerful military formation. The vast military evil Qi gathered together, covering the sky and the earth like black clouds.

“Mechanical Army.”

” let’s go! ” jiang li waved his hand again and gave an order. he contacted the interstellar mech factory in the no. 01 interstellar base and said, ” let’s go! ”

Shua! Shua! Shua!

In that instant.

Countless mech soldiers flew out of the factory. The factory had seven floors but was 10000 meters tall. It was like a terrifying nest for mech soldiers.

A large number of mechanical soldiers charged out.

They were like locusts.

In the blink of an eye.

Hundreds of billions of mechanical soldiers formed a mechanical Army that was like a dark cloud and appeared in the sky around the 01 star base.

They were densely packed.

there were countless.

it was extremely terrifying.

One had to know.

Jiang Li didn't send out all the mech soldiers. He only sent out half of them, which was 500 billion mech soldiers, but it had already created such a scene.

In Base 01.

Lord Chi, Elder Brown, Lianzhen, Lin Tianjian, and Sheng baochen all looked up at the endless mechanical Army in the sky and gasped.

“How terrifying.”

Lord Chi exclaimed in surprise, ” Emperor Xia actually has such a huge Army. This is simply unbelievable.

“That's right.”

elder brown and the others nodded.

“Jiang Li!”

Wu Wuji's gaze became extremely serious. He looked at the endless mechanical Army and the Army beasts that were as huge as stars.

he felt immense pressure.

There was almost no hope of victory.

The difference was too great.

one had to know.

The entire martial King dynasty and the martial reverence dynasty.

Wu Wuji's 'martial King Army' had 300 billion soldiers, only 40 billion more than Jiang Li's Army.

now.

In addition to the Xia Army, Jiang Li also had a mechanical Army of 500 billion soldiers.

The difference between the two sides was huge.

In reality.

Not only Wu Wuji.

human emperor chong wu, duan qilin, and the kings and marquises of the martial king dynasty, who were wu tongtian and the others, all felt extremely heavy-hearted.

Anyone with eyes could tell.

The chances of the martial King dynasty winning were too low.

Compared to the military strength ...

The difference was several times.

If war were to break out ...

The martial King dynasty was almost certain to lose.

“This is really detestable.”

Wu Wuji clenched his fists tightly, his heart filled with unwillingness. If the Chamber of Commerce was on my side, I wouldn't have to be so passive.

One had to know.

Wu Wuji had made all the necessary preparations. However, when the Great Xia dynasty's army arrived, Wu Wuji realized that no matter how well-prepared he was, the difference in strength between the two sides was obvious.

300 billion against 800 billion?

How could he win?

And in reality.

Jiang Li had only sent half of his mechanical Army.

If Wu Wuji knew the truth, he would be in even more despair.

Moreover ...

The weakest of Jiang Li's mechanical Army was a level-two elite soldier. There were millions of level-six elite soldiers and even level-seven planet-level space combat vessels were in the tens of thousands.

such a difference.

It was no longer just a star and a half.

“Martial Emperor.”

shua!

let’s go. Jiang Li flew out of the No. 01 interstellar base like a blue light.

“Roar!”

A Dragon’s Roar.

A 90,000-meter-long Azure Dragon appeared and let out a deafening roar. Jiang Li stepped on the dragon’s head and looked down at Wu Wuji.

Shua! Shua!

Behind him.

wang gang, myl01, ssts01, wms01.

The four perfected-level eight meches followed Jiang Li closely.

“let’s go!”

“Let’s go too.”

immediately after.

Lord Chi and Elder Brown exchanged a look.

His figure flickered.

He also stood behind Jiang Li.

Other than that.

There were also Sheng baochen and Lin Tianjian, who were at the late-stage of level eight, Meng tianyun and Meng He, who were at the mid-stage of level eight, Xu Shiying, Hu dianyu, and Lianzhen, who were at the early-stage.

In other words ...

Including Jiang Li himself.

The great Xia Dynasty had a total of fourteen Overlord-level cultivators of the eighth level of the three flower tier.

Among them.

Seven at the peak of the eighth rank, two at the late-stage of the eighth rank, two at the mid-stage of the eighth rank, and three at the beginning of the eighth rank.

On the other hand, the martial King dynasty ...

Only Wu Wuji was at the peak of the eighth rank, and there were three other eighth-rank subordinates.

Taking everything into account.

In other words, there were four rank eights.

The difference was almost four times.

“Wu Wuji, let me ask you, surrender or die?”

you have only one choice. Jiang Li looked down at Wu Wuji coldly.

“The Xia Emperor.”

Wu Wuji gritted his teeth. In this situation, he wasn't willing to just surrender like this. Thus, he shouted, I can submit to you. As long as you can defeat me, I will submit to you and merge the entire martial King dynasty into the great Xia Dynasty.

“Laughable.”

Wu Wuji, ” Jiang Li said coldly, ” what right do you have to bargain with me? Those who submit will prosper, and those who resist will perish. Those who don't submit will only die.”

“The Xia Emperor.”

Wu Wuji roared,”if you don't even have the courage to face me one-on-one, what right do you have to make me submit to you?” Don't forget that my martial King Army has a total of 300 billion soldiers.”

as long as I fight to the death, I can set up three grade 8 formations.

“When the time comes.”

“even if you can win the final victory, your army will suffer heavy losses.”

“You don't know your place.”

Humph! Jiang Li snorted. you think too highly of yourself.

“Interstellar Dominator space soldier! Activate!”

Buzzzzzz!

Base 01.

interstellar hegemon space soldier xjzzkj01 raised his head. his eyes lit up, and his entire body liquefied, turning into a ball of liquid that looked like black iron.

After that.

Through spatial teleportation.

He landed next to Jiang Li from the room in the ruler's hub.

Kachaa! Kachaa!

an invisible spatial light enveloped jiang li. the black liquid gradually covered jiang li's body and formed an iron-black exoskeleton armor.

space control.

Buzzzzzz!

jiang li attacked.

The space around him was distorted.

He disappeared into thin air.

” this is the power of space! ”

Lord Chi's eyes widened in disbelief. the space is distorted. It's weak, but it's really distorted. Does Jiang Li have the power of space?!

“!!!”

Wu Wuji's gaze was solemn.

“Nuclear palm!”

BOOM!

Jiang Li appeared on Wu Wuji's right side in the next second and borrowed Wang Gang's skill, 'nuclear palm', through the 'dominating mech soldier'.

After Jiang Li struck out his palm, it was as if a burning sun was born in his palm. It contained compressed nuclear energy and it looked like a planet had exploded.

It headed toward Wu Wuji.

“martial emperor art!”

Buzzzzzz!

Wu Wuji didn't dare to be careless. Facing Jiang Li's attack, he activated his cultivation technique. A figure in a Golden Dragon robe appeared behind him.

A true dragon wrapped in golden light.

“The law of martial arts!”

BOOM!

After that.

Wu Wuji released the power of the laws, and the laws of martial Dao interwove into purple runes that imprinted themselves on his body.

“Break!”

bang!

Wu Wuji threw a punch. The fist print emitted a golden light that was as bright as the sun. It blocked Jiang Li's nuclear palm.

“Kill!”

boom! boom! BOOM!

Jiang Li! Wu Wuji shouted and charged at Jiang Li with his eyes shining. Jiang Li's body flashed and dodged all of Wu Wuji's attacks.

All of them missed.

Chapter 645 surrender

“Damn it!”

Wu Wuji's expression was dark. he dodged all my attacks.

“He actually knows spatial teleportation.”

“There's no mistake.”

” that's the power of space, ” elder brown said. ” jiang li used short-distance teleportation to avoid all of wu wuji's attacks. ”

“Unbelievable.”

how did Jiang Li master the spatial ability? ” Lord Chi exclaimed.

“His Majesty, the Xia Emperor, is truly too powerful.”

Everyone was shocked.

“Azure Emperor Art.”

Buzzzzzz!

let’s go. Jiang Li circulated his cultivation method. A blue light bloomed and a figure in a Blue Dragon robe appeared behind him.

A four-clawed Green Dragon was wrapped around his body.

“Emperor Dao laws!”

boom!

jiang li activated the power of the ‘emperor dao law’ and purple-gold patterns appeared on his body.

instantly.

under the amplification of the emperor dao laws.

jiang li clearly felt his strength increase.

“Emperor Dao laws!”

Wu Wuji’s eyes widened, and he screamed,”Not only have you mastered the power of space, but you’ve also comprehended the power of the ‘Emperor path’.”

“Kill!”

” wu wuji! ” jiang li attacked wu wuji.

Shua!

Spatial teleportation.

In that instant.

Jiang Li appeared behind Wu Wuji and hit him with a Blue Dragon-shaped palm energy.

“Ah!”

Wu Wuji screamed.

Pfft!

He didn't have time to react. He could only turn around and defend. Because he was in a hurry, he couldn't completely block Jiang Li's attack and was sent flying.

He spat out a mouthful of blood.

“Your Majesty!”

Wu Tongtian and the others shouted in shock.

“This bi an ...”

duan qilin's face turned pale. ” when did emperor xia jiang li's cultivation become so powerful? he's even at the perfected level eight. you know, when we first met, jiang li was only at the perfected level six! ”

“Let's calculate the time.”

“It’s only a few months.”

Jiang Li has already reached the perfected stage of level eight. No one has ever improved at such a speed. At least, in the history of the Saint peace state that I know, there has never been someone like Jiang Li.

The battle around them.

The martial King Army had yet to start a war with the great Xia Army.

Or rather ...

Both sides had a tacit understanding.

after all, they were all humans.

Under such circumstances.

There was no need to fight to the death.

Speaking of this.

Jiang Li didn’t let Wang Gang and the others join the battle.

It had to be said.

wu wuji was indeed a very good ‘whetstone’.

One had to know.

After Jiang Li’s cultivation broke through several times, his strength had increased greatly in a short time, but he still couldn’t control his strength perfectly.

so,

...

jiang li needed a suitable opponent to master his own power.

Other than that.

jiang li could also determine how strong he was through the battle with wu wuji.

“A sacred artifact of National fortune!”

“Roar!”

Three Dragon roars.

Wu Wuji roared and released three nine-Dragon Dynasty-level sacred weapons. The martial King true dragon had already fused with Wu Wuji, increasing his strength.

The manifestation of a Saint artifact.

the imperial decree turned into armor, the jade seal turned into a golden glove, and the marquis token turned into a golden shield of light. they protected wu wuji and released their power.

“the manifestation of a saint artifact.”

“Roar!”

...

Similarly.

let's go. Jiang Li also manifested the three nine-Dragon level sacred artifacts. The Imperial edict turned into a green armor and covered the interstellar Dominator's spatial soldier's armor.

It had an additional layer of tough defense.

“Sword, come!”

Buzzzzzz!

The Dragon-shaped wrist on Jiang Li's wrist that was transformed from the 'divine weapon of the Dominator' turned into liquid and black Dragon scales appeared on his hand.

The Green Dragon Imperial Jade seal turned into a Green Dragon-shaped flowing light and wrapped around the Black Dragon-scale sword. It merged with the sword and turned into a Green Dragon pattern.

Finally.

The Grand Xia Marquis medallion transformed into a Green shield of light.

“kill!”

kill!!!

fight! Wu Wuji and Jiang Li shouted at the same time. They looked at each other and were ready to fight.

die! Jiang Li slashed out blue sword rays that seemed to tear the space apart.

BOOM! BOOM! BOOM!

Wu Wuji, on the other hand, sent out countless golden fist prints.

The sword radiance and the fist print collided.

Explosions sounded one after another.

The entire war.

It was as if the green light and the golden light were constantly clashing and colliding. Each time they clashed, a huge explosion would be heard.

It even formed a vast battle storm that swept in all directions.

“pfft!”

Blood splattered everywhere.

Wu Wuji screamed.

After hundreds of moves, Jiang Li seized the opportunity and teleported to Wu Wuji. Then, he slashed out and broke the defense of the martial King and the Golden armor.

“Ah!”

Wu Wuji was sent flying, and a bloody gash appeared on his chest. This sword wound had extended from his right shoulder to his lower left waist.

“The nine seals of the cyan Emperor!”

Buzzzzzz! Buzzzzzz!

Dragon Seal! Jiang Li formed a seal with both hands. Countless Dragon-shaped runes appeared and intertwined with each other. In the end, they formed a giant Green Seal that fell from the sky and pressed down on Wu Wuji.

“Martial Emperor’s killing fist!”

BOOM!

Wu Wuji roared. His roar was like thunder as he punched out with all his might. The Golden fist light was like a laser beam from an interstellar Railgun, piercing through the sky.

the green dharma seal and the golden fist radiance collided.

“BOOM!”

Both parties exploded at the same time.

The aftermath of the explosion and the storm spread in all directions.

“whoosh!!!”

Jiang Li’s body trembled. Space twisted and formed a space domain, easily blocking the aftermath of the explosion and storm.

“Ah!”

Wu Wuji cried out in pain as he was sent flying, spitting out blood.

His face was pale.

His injuries worsened.

In reality.

The battle continued until this moment.

Wu Wuji was already showing signs of defeat, and it was becoming more and more obvious.

moreover ...

jiang li didn't use all his strength yet.

“Your Majesty!”

Wu Tongtian and the others looked solemn.

“we're already losing.”

Duan Qilin sighed, his heart filled with mixed feelings.

In reality.

To Duan Qilin ...

He had already submitted to Wu Wuji and lost the position of the human Emperor. He could no longer participate in the fight for the throne.

However, he had not expected Wu Wuji to lose.

And he lost to Emperor Xia, Jiang Li.

One had to know.

from the very beginning.

The great Xia Dynasty was ranked at the bottom of the ten great human dynasties. It had the lowest National fortune and the weakest strength. However, it had turned the tables and become the Emperor, defeating Wu Wuji.

shua! Shua!

“Wu Wuji,”

Lord Chi and Elder Brown quickly flew over and stood beside Jiang Li. They shouted, ” “There’s no need to continue this fight. You’ve already lost.”

“Why aren’t you submitting?”

“hehe.”

Jiang Li just smiled and looked at Wu Wuji. He was holding the Dragon scale scene in his right hand and surrounded by green light. He wasn’t in a hurry to attack.

in reality.

If Wu Wuji could submit.

It was indeed a good thing.

First of all ...

” jiang li will have another person at the perfected-stage of level eight, three level-eight experts, and an army of 300 billion soldiers.

at that time.

Jiang Li's Army would be expanded to 560 billion soldiers.

This way ...

Jiang Li would be more confident in annihilating the monsters and barbarians in the Saint peace state.

“Ahem.”

Wu Wuji coughed up blood. He wiped the blood from the corner of his mouth and raised his head. He stared at Lord Chi and Elder Brown, then at Jiang Li.

He remained silent.

soon after.

Lin Tianjian, Sheng baochen, and Lian Zhen came through the air.

“Wu Wuji,”

the winner takes all, ” Lin Tianjian said. we’ve already given you enough respect. Even in a one-on-one battle, you’ve already lost to Emperor Xia.

so, surrender. Merge the Wu King dynasty into the great Xia Dynasty. Surrender to His Majesty the Xia Emperor and help His Majesty unify the entire Saint peace state. We will create a Supreme dynasty that belongs to the human race.

“Only death awaits those who resist.”

“Submit to the Grand Xia!”

Buzzzzzz! Buzzzzzz!

Immediately after.

Lianzhen, Sheng baochen, and the others also released their type 8 powerhouses 'auras. Tricolored flowers appeared around them, and their might suppressed the entire scene.

“Your Majesty force Emperor.”

Shua! Shua!

Wu Tongtian, Chang hengyue, and ding Delin immediately rushed over and stood on Wu Wuji's left and right. They released their type 8 powerhouses 'auras to share the pressure on Wu Wuji.

“Your Majesty.”

“No matter what choice you make, I will always follow you,” Chang hengyue said in a deep voice.

“Your Majesty!”

Wu Tongtian's eyes were solemn.

“Your Majesty, please make a decision!”

Ding Delin said.

In the surroundings.

All the soldiers of the martial King Army were also looking at Wu Wuji.

In reality.

Wu Wuji had no other choice.

There was only one path in front of him.

That was to submit.

Wu Wuji already knew that, but he didn't want to fight Jiang Li.

Even ...

even if wu wuji won ...

He could not change the final result.

This was because the difference between the great Xia Dynasty and the wuwang dynasty was obvious.

It wasn't something that he could reverse by himself.

"I, Wu Wuji, pay my respects to the Xia Emperor!"

Wu Wuji took a deep breath, knelt down in the air, and kowtowed to Jiang Li. Your Majesty, I admit defeat.

"From today onwards."

"The wuwang Empire will merge with the Grand Xia Empire and become a part of the Grand Xia Empire."

"roar!"

As soon as he finished speaking.

After Wu Wuji made the oath, the four-clawed Golden Dragon rushed out of his body. The Dragon's Roar shook the sky, and a golden light bloomed. The Golden Dragon was gradually dissipating.

Pfff!

Wu Wuji spat out a mouthful of blood.

he suffered an extremely terrifying backlash.

“Azure Emperor Art.”

Buzzzzzz!

let's go. Jiang Li activated his technique. The Azure Dragon of Xia rose into the sky and opened its huge mouth. A terrifying devouring power came out and devoured the fate of the wuwang dynasty.

One had to know.

The fate of the martial King dynasty had almost reached the limit of the dynasty.

now.

The great Xia Azure Dragon had devoured the martial King Golden Dragon, and the strength of the country's fate had increased. Although the size of the Dragon's body did not change, the great Xia Azure Dragon had become more solid.

The power was getting stronger and stronger.

In the end.

The kingdom fate of the wuwang dynasty had been completely absorbed by the great Xia Azure Dragon. The great Xia Azure Dragon had reached the limit of a

dynasty fate true dragon. If he were to advance further, he would become an imperial dynasty true dragon.

Of course.

this step was extremely difficult to take.

If they wanted to rise to the Imperial dynasty ...

There was also a prerequisite.

One had to completely control a large province.

so,

Jiang Li was going to unify the Holy peace state.

“Roar!”

roar! the Azure Dragon of Xia roared. Jiang Li flew up and stood on the head of the Azure Dragon, looking down at the hundreds of billions of people.

greetings, Your Majesty Emperor Xia!

After that.

Lin Tianjian, Lianzhen, the soldiers of the great Xia Army, and the soldiers of the martial King Army all shouted in unison and knelt down to Jiang Li.

At this moment.

jiang li had unified the entire human race in the saint peace state.

The northern, Western, and Eastern regions of the Holy peace state.

All of them had become the territory of the great Xia Dynasty.

It could be said that ...

jiang li had taken three-fifths of the holy peace state.

Chapter 646 awakening

“A Marquis title.”

shua!

Jiang Li waved his right hand and the Marquis token flew out. The diamond-shaped token glowed with a strong green light and was surrounded by nine shadows of Green Dragons.

“Grant ‘Wu Wuji’ the title of ‘King Wu’.”

” stop! ” jiang li shouted.

Buzzzzzz!

As soon as he finished speaking.

First, the great Xia’s Marquis token sent out a green beam of light, and then the great Xia Azure Dragon roared out a Dragon-shaped green pillar of light that entered Wu Wuji’s body.

In an instant.

Roar!

the flood dragon roared.

Behind Wu Wuji, a 10000-meter long four-clawed Green Dragon appeared. It hovered in the air and bowed its head to the great Xia Green Dragon.

at the same time.

Wu Wuji had lost the position of the human Emperor, and he had also lost the ‘Martial Emperor Art’ that he had been cultivating. He couldn’t continue cultivating, so he switched to the ‘verdant King Art’.

This was also the ‘Azure Emperor Art’s subsidiary cultivation technique.

Time passed.

Wu Wuji’s aura gradually stabilized, and his pale face slowly returned to normal. It became ruddy again, and a green light appeared on his body.

An hour later.

Wu Wuji had successfully converted to the ‘verdant Emperor Art’, and his cultivation had completely recovered.

“Thank you, Your Majesty.”

wu wuji bowed.

“yes.”

Jiang Li looked at Wu Wuji and nodded with satisfaction. “That’s right. Although your cultivation has dropped because you’ve lost the position of the human Emperor and the backlash from the fate of the Empire, you’re still a genius.”

“However,”

“The ‘verdant King Art’ that was born from the ‘verdant Emperor Art’ is not much inferior to the Martial Emperor Art. They are both ‘cultivation techniques that carry the Fortune of the nation’. With the help of the dynasty flood Dragon, your cultivation has also completely recovered.”

“If everything goes as planned, I’ll be fighting the final battle with the monsters and the barbarians soon. You need to master the new ‘art of the Azure King’ and ‘nine seals of the Azure King’ as soon as possible. Only then will you be able to use them in the upcoming battle.”

“Yes.”

wu wuji bowed again and replied.

“There’s more,”

the Wu King Army will be merged into the great Xia Army, ” Jiang Li continued.

“Yes, sir.”

wu wuji nodded.

It could be said that ...

Jiang Li had conquered Wu Wuji, so the Xia Dynasty had one more person who was at the peak of level eight. Chang hengyue was at the late stage of level eight, ding Delin was at the mid stage of level eight, and Wu Tongtian was at the early stage.

There were a total of four powerhouses of the eighth step.

In addition.

there were also three hundred billion human soldiers.

This caused the scale and strength of the great Xia Army to double.

This way ...

Jiang Li was more confident that he could take down the monsters and barbarians in the Saint peace state, unify the entire Saint peace state, and build a human empire.

“Keep.”

Buzzzzzz!

let's go. Jiang Li activated his technique. The Azure Dragon turned into a ray of Azure light and quickly entered Jiang Li's body.

Soon after.

Jiang Li ordered Wu Wuji and the others to give him all the resources of the martial King dynasty, including a large number of spiritual crystals, spiritual herbs, herbs, and precious materials.

Other than that.

There were also 480 small mines, 210 medium mines, and 15 large mines. Jiang Li used the spiritual vein Dragon controlling technique and moved all of them to the imperial capital.

“Convert!”

buzzzzzz!

energy point conversion. Jiang Li activated the 'energy point conversion function' and started converting resources.

Shua! Shua!

” conversion successful. received one hundred trillion energy points! ”

.....

...

conversion successful. 80 trillion energy points obtained!

.....

A series of notifications appeared.

half an hour later.

Jiang Li converted all the crystals, ores, herbs, and spirit herbs into energy points and gained a lot of energy points.

In the end.

Jiang Li got 580 trillion energy points in total.

“Alright,” he said.

Jiang Li was all smiles. He looked at the number of energy points and murmured, ” the number of energy points I have now is close to two million trillion.

One had to know.

This time's expedition.

...

Jiang Li conquered the entire martial King dynasty and Wu Wuji without any effort. He didn't lose a single soldier.

It was an unprecedented victory.

Of course.

It was also because Jiang Li was strong enough and they were both human that he could achieve such a great victory.

If it was a foreign race.

a huge battle was definitely unavoidable.

They would definitely fight to the death.

In reality.

This was not because Wu Wuji was not strong enough. In fact, he was very strong, and his cultivation was already at half-step type 9.

In addition, Wu Wuji was an Emperor, had the blessing of the nation, had a Saint weapon, and had comprehended the laws of martial arts.

He was extremely powerful.

Unfortunately ...

Wu Wuji ran into Jiang Li.

He did his best.

In the end, he still lost to Jiang Li.

There was a saying, 'since beauty is born, why would light be born'.

In the evening.

After everything was ready.

Jiang Li ordered Wu Wuji to lead the 'Army of martial Kings' to the '01 interstellar base' and teleport it back to the imperial capital of the Xia Dynasty.

Soon after.

Jiang Li entered the room in the 'ruler's hub'.

Buzzzzzz!

Jiang Li sat down cross-legged.

His consciousness connected with the hidden Dragon ranking.

On the rankings.

There were only three dynasties left.

The martial King dynasty had disappeared from the rankings.

Although Jiang Li's Azure Dragon Kingdom had absorbed all the fate of the Golden Dragon Kingdom, it still didn't rank higher than the Emperor Dragon barbarian dynasty and the Wutian demon dynasty.

He was still in third place.

However ...

The promotion of the nation's fate.

Buzzzzzz!

A purple-gold light fell from the list and flew into Jiang Li's body. It was the Jiang Li who got the points of the hidden Dragon List.

'Congratulations to the great Xia Dynasty for improving its National fortune. upgrade the art of the azure emperor.'

Shua!

The information of the inherited cultivation method was imprinted in Jiang Li's mind.

The Azure Emperor Art had been upgraded from level nine middle-grade to level nine high-grade.

Buzzzzzz! buzzzzzz!

He activated his cultivation technique.

Green Emperor Art. Jiang Li started to cultivate the level nine high-grade Green Emperor Art.

In addition.

Through the Marquis medallion, the various Marquis Kings 'verdant Emperor Arts had also been upgraded. The various Marquis Kings could sense the inheritance of the cultivation technique and began to cultivate it.

on the other side.

In the central region of the Holy peace Region.

Wutian capital.

BOOM!

“Roar!”

Suddenly.

A Dragon's Roar resounded in the sky as the Thunder soared. It was a purple four-clawed true dragon that was 90000 meters long. It soared in the sky, surrounded by endless Thunder.

BOOM! BOOM! BOOM!

A terrifying aura shook the heavens.

At this moment.

All the demons in Wutian's capital were shocked. Qi Lian, Qian Fu, Fu Tianqing, and many other powerful demons looked up.

He was shocked.

“This is a Kasaya.”

Qian Fu’s eyes widened as he felt an extremely terrifying aura coming from the depths of the demon Palace. It gradually spread out and then enveloped the entire Wutian capital.

“Ninth-rank! it’s a level 9!”

Seven Lotus screamed in alarm.

“I actually broke through.”

Fu Tianqing was shocked and in disbelief.

“.....”

The demons were all exclaiming in admiration.

shua!

It was a purple Thunderbolt that rushed out of the place where Wutian was in seclusion. It shot into the sky at an extreme speed, as if it was tearing the sky apart.

Roar!

immediately after.

It was a huge roar.

“Rumble!”

lightning flashed.

In the blink of an eye, the sky above the entire imperial capital had turned into a terrifying sea of lightning, filled with endless thunder and lightning.

In the end.

In the vast sea of lightning.

It gave birth to a huge 'double-winged Lightning Dragon'.

It was purple in color.

It was surrounded by purple lightning.

It was like a ferocious Western Dragon.

It had a pair of wings on its back.

It spread its wings and covered the sky.

It was extremely powerful.

"There's no mistake."

this is the 'awakening realm' of the ninth-rank, " Mohe Lin shouted. the bloodline in the body is completely purified and controlled. The final awakening is completed, and the body is transformed into the Supreme demon race.

" it's a success. wutian has succeeded. "

Your Majesty is invincible!!!

Countless demons were shouting.

One had to know.

The cultivation methods of the monster race and the human race were completely different.

The human race cultivated martial arts.

The demon race cultivated their bloodline.

Among them.

The cultivation levels of the human race were divided in detail.

unranked martial artists cultivated their qi and blood, named as prospective martial artist (blood qi realm), and stage one cultivated their inner force, named as: Martial artist realm (internal force realm), stage two cultivation attribute internal force, named: Acquired realm (elemental realm).

The third stage cultivated true Qi and was called the higher heaven realm (true Qi realm), while the fourth stage cultivated true essence and was called the higher heaven realm. Defender boundary (true element realm), fifth stage cultivation true pill, name: The true core realm and rank 6 true spirit were: The true spirit realm and Grade 7 comprehension of heaven and earth were called: Emperor realm (heaven and earth realm)

The three flowers formed at the eighth rank were called the Overlord realm (three flower realm).

the cultivation levels of the monster race were divided in detail.

The cultivators in the unranked level cultivated their blood and Qi, and their names were quasi-demons. at the bloodline realm and rank two, one could start to condense their bloodline. Ningmai.

The third rank followed by the purification of the bloodline, named: the bloodline that could be manifested at the meridian transformation realm and rank four was

called: At the visible pulse realm, the fifth rank would begin to cultivate the Dharma called: Transcendence realm, sixth-tier enhanced transcendence. the great dharma realm, seventh-rank fusion dharma, was called: At the fusion realm and rank eight, one could awaken a part of their bloodline and achieve partial demonic transformation. The demonic transformation realm.

The ninth-rank awakened bloodline was called the awakening realm.

buzzzzzz!

After a few minutes.

All the strange phenomena disappeared.

The sea of lightning quickly receded, and all the lightning was absorbed into the winged Lightning Dragon. Wutian purple dragon also turned into a Dragon-shaped stream of light and entered Wutian's body.

A purple light flashed.

The two-winged Lightning Dragon disappeared.

In the sky.

Wutian appeared.

He was wearing a purple dragon robe and had his hands behind his back. His pupils were vertical and there seemed to be a Dragon-shaped purple light shining in them as he looked down on all the demons.

Shua! Shua! Shua!

Immediately.

Fu Tianqing, mo Helin, Qi Lian, Qian Fu, Yi tiangan, and many other powerful demons came to Wutian and saluted him respectfully.

“We pay our respects to Your Majesty, Wutian demon Emperor!”

They shouted in unison.

“Yes.”

Wutian’s eyes were calm. pass down my order. Gather all the demon troops as soon as possible. Gather all the forces and mobilize all means to form the ‘Wutian Imperial Army’.

“launch the final battle.”

“Victory will belong to the demons! It belongs to me! It belongs to the Wutian demon dynasty!”

“Yes, sir!”

“As Your Majesty commands!”

The demons replied softly.

In addition.

almost at the same time.

The imperial capital of the Emperor Dragon barbarian dynasty.

the imperial dragon capital.

buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

Similarly.

All sorts of strange phenomena appeared. Black light filled the sky, as if a huge black Star had appeared, with a Black Dragon revolving around it.

Barbarian Emperor di Long has come out of seclusion cultivation.

He had successfully broken through and taken the most crucial step. His totems had materialized and he had stepped into the early stage of the ninth rank. His strength had greatly increased.

After that.

The Barbarian Army was mobilized.

Gather all the troops.

The final battle was about to begin.

Chapter 647

Base 01.

Jiang Li sat cross-legged on the ground in the room in the ruler's hub.

Buzzzzzz! Buzzzzzz!

Green light flickered and Dragon shadows circled.

After a few hours.

Green Emperor Art. Jiang Li successfully converted the level nine high-grade Green Emperor Art.

Shua!

Jiang Li opened his eyes.

“very good,” he said.

Jiang Li felt the changes in his body. I’ve cultivated the level nine high-grade Azure Emperor Art. My strength has obviously increased again. The power of the ‘Azure Emperor nine seals’ has also become stronger.

” the azure dragon of the great xia has devoured all the fate of the empire in the martial king’s imperial capital. although it can’t promote the great xia empire to an imperial empire, the strength of the fate of the empire has increased by quite a bit.
”

“I wonder if the energy of the nation’s fortune will be able to help me break through to the early ninth rank.”

Hence.

“Whoosh!!!”

Jiang Li continued to cultivate.

ninth rank.

He condensed the five Qi in his chest.

according to the cultivation records of the ‘azure emperor art’, one would eventually be able to grasp the power of the five elements, metal, wood, water, fire,

and earth. their strength would increase greatly, and they would be many times more powerful than the power of the three flowers.

among them.

The heart was fire, the liver was wood, the spleen was earth, the lungs were metal, and the kidney was water.

The first step.

It was to ignite the ‘heart fire’ in the heart and turn it into heart fire Qi.

as long as he succeeded.

He would be able to break through to the initial stage of tier 9.

“Begin!”

BOOM!

Jiang Li no longer suppressed the feedback of the fate of the nation. The vast feedback energy surged out of the Azure Dragon’s body and merged into Jiang Li’s body.

Buzzzzzz! Buzzzzzz!

Immediately.

I’ll try. Jiang Li cultivated, refined the energy, sensed his body, and poured the power of the three flowers into his heart, trying to light the ‘heart fire’.

However ...

However, he failed again and again.

it was difficult to complete.

obviously.

The energy from the National fortune this time wasn't enough for Jiang Li to light up the 'heart fire'.

Plus ...

Jiang Li was also a Human Sovereign realm warrior.

Although this made Jiang Li invincible among his peers and even able to fight those of higher levels, it also made it more difficult for him to break through.

Furthermore ...

Insufficient Foundation.

Jiang Li had improved a lot in such a short time.

He couldn't settle down.

"What a pity."

buzzzzzz!

Since he couldn't light the 'heart fire', Jiang Li had to give up on the breakthrough. He started to comprehend the Azure Thearch nine seals 'with the help of the energy from the Fortune of the nation and perfected it.

It could no longer be improved.

Finally.

Jiang Li tried to comprehend the ‘Emperor Dao laws’ again.

Time passed.

When the energy of the ‘National fortune feedback’ was completely exhausted ...

Jiang Li finally comprehended the ‘martial arts profound meaning’ of the ‘Emperor Dao law’.

He had only comprehended one move.

The name was Shanhe Sheji.

...

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

It could be seen.

The purple-gold Emperor Dao patterns intertwined around Jiang Li. Behind him, an endless map of mountains and rivers was formed. He could see the endless mountains and rivers and the worship of people.

Slowly.

The phenomenon disappeared.

“I’ve finally succeeded.”

Jiang Li was relieved. He stopped cultivating and comprehending. He opened his eyes and the phenomenon went back into his body. A Green Dragon flashed in his eyes and quickly disappeared.

Jiang Li had spent a lot of time and effort to comprehend this ‘martial Dao profound’.

In the past.

Jiang Li had only comprehended the ‘Emperor path law’ and could use it in battle, but he hadn’t formed a real move based on it.

now.

...

It was finally completed.

“Chief sovereign.”

at this moment.

Hidden Dragon showed up and walked to Jiang Li. the interstellar mechanical space base captured the situation of the Wutian demon dynasty and the DI Long barbarian dynasty. The demon Emperor Wutian and the Barbarian Emperor di Long came out of seclusion at almost the same time.

“Not only that,”

“they’ve all broken through to the initial-stage of the ninth rank.”

Shua!

As soon as he finished speaking.

Hidden Dragon waved his right hand, and purple light interweaved to form a projection. This was the image captured by the interstellar mechanical space base.

It was presented in front of Jiang Li.

Roar! Roar!

The Dragon roared.

Jiang Li clearly saw what happened after Wu Tian and di Long broke through. The impact was so great that it even affected the spiritual Qi fluctuation in the entire Saint peace state.

“As expected of a ninth-rank.”

Jiang Li took a deep breath and looked serious. I’ve just reached the early stage of level nine, but I already have such power.

The screen closed.

Jiang Li got up and left the room.

after that.

Jiang Li brought Lord Chi, Elder Brown, Lin Tianjian, Wu Wuji, and the other level eight Masters, as well as Yue Fengji, Xu Ya, Hong Tianqi, pang kui, Wu Zong, and all the other Lords of great Xia.

All of them were gathered.

“your subjects pay their respects to your majesty!”

Jiang Li. Lin Tianjian and the others bowed to Jiang Li and greeted him in unison.

“Yes.”

okay. Jiang Li nodded.

“I wonder what decree Your Majesty has summoned us to announce?”

Mo bei asked.

“Your Majesty, are you preparing for war?”

Lin Tianjian asked.

“.....”

the ministers all looked at jiang li.

“I’ve received accurate information.”

no, ” Jiang Li said. Wu Tian, the Demon King, and di Long, the Barbarian King, came out of seclusion one after another. They’ve also reached the early stage of level nine with the help of the National fortune.

“His strength has increased greatly.”

“The demons and barbarians are gathering all their forces.”

“If nothing unexpected happens, the final battle is imminent.”

“!!!”

everyone raised their heads and widened their eyes.

“What?”

he’s broken through! Wu Wuji exclaimed. Wutian has broken through to early-stage ninth level! This bi an!

“si si si ...”

Hong Tianqi and the others couldn’t help but gasp.

One had to know.

Many of them were only at the sixth step.

“i’m sorry to trouble you,”

Lord Chi’s eyes were heavy. I didn’t expect Wutian and di Long to both break through to the early stage of the ninth level. Although they’ve just broken through, they’re still at the ninth level.

“We don’t have the battle prowess of a ninth-rank.”

“your majesty.”

“What are your plans and countermeasures?” Elder Brown asked.

although a type 9 powerhouse is very strong, it’s not like we don’t have a chance of winning.

first of all, great Xia has 560 billion soldiers, ” Jiang Li said. with my trillions of soldiers, they’re several times more powerful than the monsters and barbarians.

“Also,”

“I also have over 100000 soldiers of the type 7 realm.”

we have a total of 18 tier 8 powerhouses.

“Yup!”

The eyes of Lin Tianjian and the rest lit up. They said excitedly, ” “The number of troops of the demon race and the Barbarian race is at most about the same as the great Xia’s Army.”

and his Majesty’s Army has trillions of soldiers.

“Even the weakest one is at the second rank.”

“That’s right.”

we heard that Wutian and di Long had broken through to the early stage of level nine, so we were shocked. That’s why we lost our composure.

“Although we humans don’t have a level 9 powerhouse, our military strength is several times greater than the monster race and barbarian race. We also have more level 8 powerhouses than them.”

“.....”

The various marquissate Kings said one after another.

He regained his confidence.

However ...

They were still a little worried.

After all ...

That's a ninth-grade existence.

On the other side.

In the ocean dynasties of the four Seas.

The spies of the sea Empire in the Saint peace state all passed the news to the sea empires of the four Seas, and the sea emperors received the news.

They all became serious.

“The great Xia Dynasty's Army descended upon the Wu King dynasty. Wu Wuji surrendered, and the Wu King dynasty merged with the great Xia Dynasty. The human race has completed its unification.”

“the power of the grand xia empire has increased dramatically.”

“Also, Wu Tian demon Emperor of the demon clan and di Long barbarian Emperor of the Barbarian clan have both broken through to the early stage of level nine. This is not good news for us.”

the demons and the barbarians have assembled their legions. If everything goes well, the final battle will break out in the next few days.

“Pass down my order, tell the fleet to prepare to land in the Holy peace Region.”

“.....”

The various emperors of the sea Empire contacted each other.

The night came.

“Rumble!”

In the southern region of holy peace state.

Di Long is leading the Barbarian Army. He has gathered all the totem Warriors of the Barbarian tribe and formed an Army of 600 billion barbarian soldiers.

It could be said that ...

The entire barbarian race.

Almost all the people were soldiers.

Because ...

In the following war.

It was a matter of life and death for the entire holy peace state's barbarian race.

If they were defeated.

All the barbarians in the Holy peace state would die and become slaves. They might even be annihilated. Therefore, they had to risk their lives and fight.

Except for the ordinary barbarians who didn't practice the secret totem technique.

All the totem Warriors joined the battle.

The Barbarian Army sat on hundreds of millions of spaceships. Each spaceship was huge and oval in shape. When the formation was activated, light mist filled the air and spirit Qi fluctuated.

The entire Army advanced toward the central region of the Holy peace Region.

At the center of the Army Corps.

The “Imperial warship” di Long is on.

It could be seen.

Di Long is sitting on the highest Dragon Throne.

below.

The two deputy chiefs of the Barbarian division, man Wuji and tu Jiuling, as well as five level 8 Hall Masters, a level 8 Grand Magus, and a level 8 primary stage Shen Wuyue, were all present.

Other than that.

There are also di Long’s 3 level 8 subordinates.

twelve eighth-level barbarians.

as for the seventh-level barbarian ...

There weren’t many of them, probably more than ten times that of level 8.

There were a total of two hundred and twenty people.

Sixth-level barbarian.

That would be even more.

It had reached around 100000.

“Your Majesty, why are we marching to the central region?”

Moonless God asked.

“I believe that the human race is a greater threat.”

One of di Long’s subordinates says.

“.....”

All the barbarians look at di Long.

the martial King dynasty has disappeared from the list. This means that Wu Wuji failed to break through to the ninth-rank and lost to Emperor Xia, Jiang Li. He had no choice but to merge the martial King dynasty into the great Xia Dynasty.

di long said, ” however, with emperor xia’s foundation, he broke through too quickly. he didn’t have time to accumulate. so, even if jiang li received a lot of the blessing of the nation, he won’t be able to break through to level nine. ”

on the other hand, Wutian, the demon Emperor, has a deep foundation and accumulation. With the feedback energy from the boost in the country’s fate, he can break through to the ninth rank and awaken his bloodline.

“Compared to the human race without a ninth-rank one, the demon race with a ninth-rank one is a greater threat.”

” that’s because you’ll never understand how powerful a ninth-rank combatant is unless you’re a ninth-rank combatant. an eighth-rank combatant can’t even take a single blow from a ninth-rank combatant.

“I see.”

“Your Majesty is far-sighted,”

“We are sincerely convinced.”

The barbarians immediately flattered him.

“Also,”

if I’m not wrong, ” di Long continued, ” when Emperor Xia Jiang Li knows that I led the Barbarian Army to attack the Wutian demon dynasty, he will definitely send troops to invade the Wutian demon dynasty.

when the time comes, I’ll destroy Wutian first, then the great Xia.

“The Barbarian race will win!”

Chapter 648

Early in the morning.

In the sky above the Grand Xia imperial capital, the 01 interstellar base was like a vast star, quietly floating in the void, surrounded by white clouds.

The entire base was filled with an ethereal aura.

In addition.

In the clouds.

It was a group of air sentries patrolling.

There was a kind of ethereal and sci-fi feeling that combined together. It did not seem to be in conflict, but instead a perfect combination, making people feel awe at first glance.

He looked closer.

In the base.

The 'great Xia Army' formed by 560 billion soldiers were all stationed in '01 interstellar base'. Fortunately, with the size and area of '01 interstellar base', it was comparable to a planet and could accommodate more than 500 billion soldiers.

The soldiers set up camp.

within the interstellar mech factory.

"let's go." jiang li stored trillions of meches in it.

The room in the ruler's hub.

Including the four perfected-stage level-eight meches, the eighteen level-eight experts of the great Xia Dynasty were gathered here. They all looked at Jiang Li in awe.

Other than that.

There were also the various Marquises and Kings of the great Xia Empire.

All of them were here.

Shua!

Hidden Dragon waved his right hand.

The purple light interweaved and formed a projection screen.

In the image.

It was the scene of the ‘barbarian Army’ marching. The commotion was huge, and the interstellar mechanical space base could only capture a corner of the ‘barbarian Army’.

he was unable to see the entire army.

“The Barbarian Army!”

Lin Tianjian said in a low voice.

“They’ve mobilized all their forces.”

Wu Wuji said.

“Di Long has just come out of closed-door cultivation and broken through to the early stage of the 9th step. He actually gathered all the troops on the same night. Is he going to start a decisive battle immediately?”

“Isn’t he afraid that he’ll be too anxious and fail miserably in an easy task?”
Lianzhen asked.

“.....”

In the surroundings.

Lord Chi, Elder Brown, and the others all looked at Jiang Li.

“emperor xia, do you know the direction of the barbarian army?”

Asked Elder Brown.

“Sure.”

yes. Jiang Li nodded. if I’m not mistaken, the ‘barbarian Army’ is marching towards the central region of the Saint peace state. They’re probably going to fight Wutian and the others.

“Oh.”

Everyone’s eyes lit up.

“This is a good thing.”

“This way, we can totally not participate in the battle and let the monster race and barbarian race fight to the death. Then, we can go and reap the benefits.” Mo bei was overjoyed.

“hehe.”

Duan Qilin sneered and said in a disdainful tone, ” “Mobei, you must be daydreaming. If you can think of such a simple thing, do you think di Long and Wutian can’t?”

you can put it that way. The barbarians may be coming at us aggressively, but di Long and Wutian would not have fought if the great Xia Dynasty had not joined the war.

“That’s right.”

Yue Fengji nodded. Marquis King Duan’s words are very reasonable. The demon race and the Barbarian race will never let us humans be the Oriole behind the cicada.

“All three clans must be present in the final battle. Otherwise, there’s no way they’ll fight.”

“or even ...”

“If the great Xia Dynasty doesn’t participate in the war, it’s very likely that the armies of the demon race and the Barbarian race will invade the great Xia Dynasty’s territory at the same time, forcing us to participate in the war.”

“This will only make the losses even more severe.”

“Your Majesty.”

At this moment.

Hong Tianqi stepped forward and said, ” “I have a plan.”

...

“.....”

Everyone looked at Hong Tianqi.

“Speak,” he said.

Jiang Li said.

“Yes, sir.”

Hong Tianqi saluted and said, ” since the Barbarian race chose to invade the central region of the Holy peace state instead of the Western Region, it means that they are more afraid of the demon race. That’s why they look down on us. They think that we’re not as threatening as the demon race.

if I'm not wrong, the barbarians 'plan is to attack the Wutian demon dynasty. Then, they'll get the humans to cooperate and destroy the Wutian demon dynasty.

"He's probably planning to exterminate the demon race first, then the human race."

"Yes."

"That's reasonable."

"General Hong's analysis makes sense."

...

Everyone agreed.

therefore, we might as well go with the flow and hide our strength. We'll cooperate with barbarian Emperor di Long and get rid of demon Emperor Wu Tian first. When di Long thinks that everything is under his control, we'll launch a sudden attack and send out all our troops to wipe out the Barbarian Army.

hong tianqi suggested.

"Yes."

jiang li muttered.

"....."

Everyone fell into deep thought.

Obviously.

They were all thinking about the feasibility of Hong Tianqi's plan.

After all ...

The upcoming battle would determine the life and death of the entire human race in Saint peace state. With the enemies of the alien races in front of them, they naturally had to put aside all past grudges and work together to fight against the enemies.

Otherwise ...

when they were defeated in the final battle, no one would have a good end. they would either die without a complete corpse or become slaves of the alien races, never to be seen again.

that would be extremely miserable.

Compared to this ...

All the grudges in the past were nothing.

“your majesty, i don’t think this is a good idea.”

“compared to the barbarians, at least we know that the demon race’s trump card is the ‘book of the earth’, so we can take precautions and deal with them,” lin tianjian said.

“But we have no idea what the barbarian’s trump card is.”

if we help the Barbarian race to fight the demons rashly, we will be at a disadvantage instead of forcing the Barbarian race to use their trump card. su mo said.

“I agree with general Hong’s plan.”

Lianzhen said.

“It’s better to be more cautious.”

Duan Qilin said.

“That’s right.”

yes. Jing yueke nodded. we shouldn’t act rashly before we figure out the Barbarian race’s true strength. It’s better to wait until the final battle begins.

we’ll deal with whatever comes our way. We should deal with them accordingly.

“Your Majesty, this subject thinks Junjun.”

Everyone expressed their opinions and made a lot of noise. Jiang Li was expressionless and listened to their opinions.

There was a saying.

Three cobblers were better than one Zhuge Liang.

Moreover ...

Lin Tianjian and the others were not ‘stinky cobblers’. They were all former human emperors in high positions, with broad horizons and deep shrewdness.

so,

Everyone started to argue, pointing out all kinds of flaws.

“Be quiet.”

In the end.

jiang li raised his hand and shouted.

“Yes.”

“Your Majesty.”

“Your Majesty, please calm your anger.”

“.....”

Jiang Li. the ministers quickly shut their mouths and saluted Jiang Li.

“My beloved ministers, there is no need to continue arguing.”

” yes, ” jiang li said. ” i’ve made a decision. ”

“This bi an ...”

“Really?”

“Your Majesty, please speak clearly.”

the officials were stunned for a moment before exclaiming in surprise.

Hong Tianqi’s plan is not bad. There’s hope.

Jiang Li said.

“Thank you for your praise, Your Majesty.”

Hong Tianqi was overjoyed, but Lin Tianjian and the others frowned.

“Your Majesty!”

lin tianjian couldn't help but be interrupted by jiang li.

“I haven't finished.”

Jiang Li waved his hand and continued, “Hong Tianqi's plan is good, but it's flawed. As Lin houwang said, we don't know the strength of the barbarians.

“If we help the barbarians fight the demons, we might fall into the barbarians' trap,”

“Your Majesty is wise.”

Lin Tianjian heaved a sigh of relief.

“then what do we do?”

“Are we going to face the monsters and barbarians head-on?”

“perhaps that's the only thing we can do. on the battlefield, strength speaks the loudest, especially in the final battle. schemes and intrigues are not worth mentioning.”

The ministers whispered to each other again.

“of course.”

the Barbarian race looks down on us,” Jiang Li said. we can take advantage of this. When the final battle begins, we can hide some of our strength.

in this way, on the surface, we humans are the weakest. Therefore, the monsters and barbarians will ignore us.

“When the time comes.”

we only have one goal in this three-way battle, and that is to find a chance to kill Wutian and di Long. As long as we can kill one of them, I have a 90% chance of winning.

“.....”

the ministers fell into deep thought again after hearing jiang li’s words.

“Your Majesty.”

Wu Wuji raised his head and said,”so, you’ve said so much just to get us to kill either Wu Tian or di Long, right?”

“Yes,”

okay. Jiang Li nodded.

“This subject understands.”

Wu Wuji nodded. however, a level nine is still a level nine. Even if he is only at the early stage, his strength is far beyond that of a level eight. It will be too difficult for him to kill Wutian and di Long.

unless Wutian and di Long fight and one of them gets injured. Only then will we have a chance.

“Whoosh!!!”

At this moment.

hidden dragon waved his right hand, and another projection appeared. it was the scene captured by the interstellar mechanical space station. the image showed the demon army and the scene.

It could be seen.

The demon armies gathered together, forming a huge demon Army with a force of 700 billion.

Similarly.

The entire demon race was a soldier.

The number of soldiers even exceeded the Barbarian Army.

Roar!

The Dragon's Roar shook the sky.

The Wutian purple dragon soared in the sky. Wutian stood on the dragon's head, and behind him were purple flood Dragons that were more than 10000 meters long.

on the head of the flood dragon.

Demon Marquises stood there.

Including ...

The original demon sovereigns were Qian Fu, Qi Lian, and Yi tiangan.

qian fu's cultivation level was originally only at the perfected stage of level seven. after losing his position as demon emperor, he suffered a backlash and his cultivation level was even reduced slightly. fortunately, he was conferred the title of marquis king, so the backlash and his cultivation level recovered completely.

Not only that.

wutian gave him the elixir and the eighth-realm elixir.

1,000 volts closed up for seven days.

he had successfully awoken a portion of his bloodline and broken through to the early stage of the eighth-rank demonification realm.

boom! BOOM! boom!

The Army gathered with great momentum.

The entire demon race.

There were a total of thirteen level eight demons.

Among them.

They were Fu Tianqing and Mo Helin, who were at the peak of level eight, five level eight demon Palace Lords, three level eight subordinates of demon Emperor Wu Tian, and three former demon emperors who were now demon Marquis Kings.

the number of level seven demons was ten times more than level eight demons.

There were a total of two hundred and thirty.

There were even more level six demons.

It had reached more than 100000.

“The demon race.”

“Wutian demon Emperor.”

what a powerful presence. I can feel an extremely terrifying pressure just by looking at the image. Is this the power of a ninth-rank? ”

Wutian has really broken through to the ninth rank.

the demons have already gathered all their forces. They’re so fast.

In the surroundings.

lin tianjian, wu wuji, and the others all looked at the scene on the screen. they couldn’t help but clench their fists. they felt great pressure, and their expressions turned grave.

“Ninth-rank!”

Wu Wuji’s eyes were fixed on Wutian. His eyes were filled with a strong desire to fight, but also a little bit of envy and jealousy.

Chapter 649 The final battle

Back then.

Wu Wuji and Wutian had fought in the sea, and they were equally matched. Both of them had reached the peak of the eighth rank.

And now ...

Wutian, on the other hand, had awakened his bloodline and entered the early ninth rank.

On the other hand, Wu Wuji.

Not only did he fail to break through to the ninth-rank, but he also lost the position of the human Emperor. Even the martial King dynasty was gone and merged into the great Xia Dynasty.

It could be said that ...

if it wasn't for the great xia dynasty, wu wuji had a 90% chance of uniting the entire human race in the saint peace state. then, with the help of the nation's fortune and his own foundation, he would be able to ignite the 'heart fire' and break through to the early ninth level.

He would not be any worse than Wutian.

Therefore, he was naturally unwilling to accept it.

However ...

Everything was already set in stone.

Moreover ...

Wu Wuji had already given up the position of 'Emperor'. From now on, he would never be able to become an 'Emperor'. Even if he did manage to establish a dynasty, he would never be recognized by the 'Hidden Dragon rank'.

"wu wuji,"

Jiang Li naturally saw through Wu Wuji's thoughts. In order to prevent Wu Wuji from going to the extreme, he said, "It's only at the 9th rank. When great Xia becomes an imperial dynasty, with your aptitude and comprehension, the 9th rank will only be the beginning."

it's easy to surpass Wutian.

“Thank you for your guidance, Your Majesty. I was just sighing.”

Wu Wuji quickly said.

“Yes.”

okay. Jiang Li nodded and stopped talking.

“Hidden Dragon,”

activate the interstellar mechanical space base, ” Jiang Li ordered. prepare for space teleportation. Destination: Base 01.”

teleportation destination: 10000 miles away from the capital of Wutian.

“Yes.”

Hidden Dragon replied.

“.....”

In the surroundings.

the ministers ‘gazes were solemn, and the qi around them trembled as they took out their weapons.

“Whoosh!!!”

the next moment.

An invisible spatial light beam descended from the sky, directly enveloping the entire '01 star base'. The space twisted, as if a vortex had appeared, directly sucking in the entire base.

He disappeared into thin air.

he was teleported out of the imperial capital of the grand xia.

The scene changed.

In the central region of the Holy peace Region.

Ten thousand miles to the North of Wutian capital.

“Whoosh!!!”

There was an extremely obvious spatial fluctuation.

The space was distorted.

It formed a huge vortex.

The star-like '01 interstellar base' was squeezed out by the space vortex, suspended in the air, and transported to the central region.

Very quickly.

The spatial fluctuations calmed down.

jiang li and the others walked out of the room.

He went outside.

He rose into the air.

They stood in the sky and looked at the distant capital of Wutian. They saw the dense number of demon clan floating battleships, forming layers of defense, surrounding the entire imperial capital so tightly that not even water could leak through.

Buzzzzzz! Buzzzzzz!

That was not all.

The entire Wutian Emperor's capital was covered in a thin layer of light. It was a powerful 'formation' that had taken countless efforts and resources from the Wutian Empire to set up.

It was extremely powerful.

Of course.

...

this was only an eighth-grade array and had not reached the ninth-grade.

“rumble!”

suddenly.

Jiang Li and the others heard an even louder roar. They immediately looked up in the direction of the sound and looked past the imperial capital.

In the South of the capital of Wutian.

Barbarian Emperor di Long has arrived with 600 billion barbarian soldiers.

Hundreds of millions of floating battleships of the Barbarian race were suspended in the air. They were traveling at an extremely fast speed. However, they stopped immediately when they were ten thousand miles away from the capital of Wutian Emperor.

Buzzzzzz! Buzzzzzz!

The array started to operate, and all kinds of totems appeared.

It was as if ten thousand beasts were galloping.

“Your Majesty, the Barbarian Army has arrived.”

...

Lin Tianjian said in a low voice.

“.....”

everyone’s gazes turned solemn.

“Yes.”

Jiang Li just nodded.

At this moment.

the three clans were in a confrontation.

The Barbarian race gathered all their forces, so did the monster race. Jiang Li also gathered all the human soldiers.

Other than that.

There were also a trillion meches hidden in the factory.

As long as they started the war.

They could be deployed at any time.

In the capital of Wutian.

“Your Majesty, as you expected, barbarian Emperor di Long and human Emperor Jiang Li have arrived with all their troops.”

Seven Lotus looked at the Barbarian Army in the South and the human army in the North. Her face grew grave as she reported to Wutian.

“Are they trying to surround and attack us?”

Yi Tiandao said.

“hmp!”

Qian Fu snorted coldly.

“.....”

Fu Tianqing and the others also looked serious.

Buzzzzzz! Buzzzzzz!

immediately.

The demi-human army adjusted the positions of their battleships under the orders of the demi-human marshals and generals, and used formation Masters to activate the endless military killing intent.

Roar! Roar! “Roar!”

The roar shook the sky.

The demon Army set up their battle formations.

they were all grade 7 army formations.

they formed grade 7 formation beasts one after another, and each formation beast was tens of millions of meters in size, as large as planets.

It was as vast as the might of the heavens.

One had to know.

Seven hundred billion demon soldiers.

Because the entire nation was a soldier, there were many demon soldiers who were not of the standard, and their numbers were not small.

Even so ...

That was still a number of 700 billion.

They had set up dozens of Grade 7 Army formations.

In other words ...

At this moment.

In the sky above the Tianhuang capital, there were dozens of huge beasts that were tens of millions of meters in size. They were circling, roaring and roaring.

One had to know.

Each of the Army beasts was like a huge star.

Such a Grand scene.

It was too shocking.

This was the most top-notch dynasty.

in comparison.

The difference between the ordinary dynasties in the past was simply too great.

It was a difference of a thousand times.

of course.

This was also related to the current situation.

after all, the wutian dynasty had absorbed several demon dynasties and even overlord-level demon dynasties to be able to gather such a large number of troops.

“What a great demon Army.”

BOOM!

Di Long's eyes are burning. He is staring at the capital of no Emperor and the dozens of huge beasts in the Army. His eyes are full of fighting spirit. He waves his hand and gives an order, shouting: "Set up the formation!"

"Yes."

"Yes, sir!"

"All troops, form a Grade 7 army formation!"

"prepare for battle!"

"!!!"

"Roar!"

Buzzzzzz! Buzzzzzz! "Whoosh!!!"

The hundreds of millions of floating battleships of the Barbarian race moved and adjusted their positions. The formation master of the Barbarian race used a magic art to mobilize the endless military Qi.

In the shortest possible time.

They quickly set up Grade 7 Army formations.

After that.

All sorts of phenomenons appeared.

The grade 7 battle array beast's roar resounded through the sky, shaking the surroundings. It circled in the sky, its body was extremely huge, covering the sky.

Similarly.

The barbarians had also set up dozens of Grade 7 military formations.

its might was not any weaker than that of the demon race.

BOOM! BOOM! BOOM!

It could be seen.

The armies of the Barbarian race and the demon race clashed with each other. The roars of the Army beasts shook the surroundings and set off a terrifying storm of spiritual Qi.

Kachaa! kachaa!

The battle had yet to begin.

Just the clash of auras had caused the ground to crack. Terrifying storms swept in all directions, crushing small mountains.

It was hard to imagine.

if the three clans really went to war.

Would it crack or even destroy the entire holy peace state?

In reality.

The countless islands of all sizes in the endless ocean.

It used to be a continent the size of the Saint peace state, but after the terrifying imperial wars, it was cracked and turned into islands.

BOOM!

The monsters and the barbarians were evenly matched, but they suddenly sent a part of their power to Jiang Li.

“Rumble!”

It was as if heaven and earth were shaking.

Jiang Li! the terrifying aura formed an overwhelming shock wave that swept towards Jiang Li.

Wuwuwuwuwu!

immediately.

The ‘energy defensive light shield’ of the ‘01 base’ appeared, turning from invisible to transparent, blocking the impact of the Army’s aura.

However ...

The entire ‘01 interstellar base’ was also shaken by the impact.

Jiang Li was forced into it.

“Your Majesty.”

Lin Tianjian, Wu Wuji, and the others looked furious. They glared at the demons and barbarians and shouted, ” “Please give the order.”

“Alright,” he said.

yes. Jiang Li nodded and ordered, ” set up the formation!

“Yes.”

“We will do as you command!”

“All troops, get into formation!”

BOOM! BOOM! BOOM!

Immediately.

The 560 billion human soldiers formed their own armies. Under the orders of the human generals and marshals, the human formation Masters cast spells to mobilize the military killing intent and gather the natural energy.

roar! “Roar!”

a baleful aura shot up into the sky and shook the entire universe.

the next moment.

A few dozen Grade 7 military formations were set up.

A deafening roar sounded.

Army behemoths that were tens of millions of meters in size were formed and hovered around the '01 interstellar base'. Each of them was no smaller than the base.

In fact, it was even bigger.

It was powerful.

kill!!!

The great Xia soldiers shouted in unison, their killing intent soaring.

Buzzzzzz! buzzzzzz! “Whoosh!!!”

The armies of the three races clashed.

Neither side showed weakness.

The power of the battle formations clashed with each other.

A series of rumbling sounds could be heard.

It shook the entire area.

“Hahahahaha!”

not long after.

Di Long laughs out loud. He stands on the 4 clawed Black Dragon, letting out earth-shaking roars. Compared to the 10 million m long Army beasts, his 90 000 m long dragon body is not very big.

but ...

However, the power it emitted completely suppressed the Army formation beast.

Wutian, Jiang Li.

Di Long shouts, “hurry up and come out.”

BOOM!

As soon as he finished speaking.

In the capital of Wutian.

It was a four-clawed purple dragon with dazzling lightning. Wutian was standing on the dragon's head, surrounded by lightning. He looked like the God of Thunder.

“Di Long,”

Wutian's eyes were cold as he said, ” “you're in such a hurry to die?”

“wutian.”

Di Long's eyes darken,”you've indeed broken through to the 9th step.”

“So what if I am? so what if i'm not?”

I'll kill you, ” Wutian said indifferently. it'll be as easy as pie for me.

“Hmph, Hmph.”

Di Long snorted coldly. you're talking big, Wutian.

“Jiang Li.”

Wutian looked in the direction of '01 base'.

“The human Emperor of the Grand Xia.”

Similarly.

Di Long also looks over.

BOOM!

let's go. Jiang Li stepped out.

In an instant.

He had already reached the sky.

Roar!

After that.

A Dragon's Roar resounded.

the azure dragon of the great xia revealed himself.

Buzzzzzz!

Jiang Li stood on the Green dragon's head with his hands behind his back. He was surrounded by a green mist and his aura was as deep as the abyss.

Chapter 650 intense battle

The Three Sovereigns gathered.

Jiang Li, di Long, and Wu Tian, the three emperors, were fighting.

The entire scene was like a collision between invisible storms, creating waves of aftershocks that swept across the heavens and earth, affecting more than half of the central region of Saint peace state.

The spirit Qi between heaven and earth seemed to be boiling.

The commotion was extremely huge.

“Emperor Xia, Jiang Li.”

Wutian looked into the distance. He stood on the purple dragon’s head with his hands behind his back, his body wrapped in lightning.

He was surrounded by hundreds of billions of demon soldiers, and there were also huge Army beasts surrounding him.

“What a pitiful human.”

wutian’s tone was scornful and even sarcastic. ” as the Emperor of a clan, you’re only at the great circle of the type 8 realm. How can you fight me when you’re not at the type 9 realm? ”

“he’s only here to die.”

“If you kneel down and beg for mercy now, I can spare your life and let you live as a slave.”

“There’s more,”

Wu Wuji, I’m so disappointed in you, ” Wutian continued. I thought you’d be my mortal enemy. I didn’t expect you to lose the ‘position of the human Emperor’.

“Lamentable.”

“You have completely lost the right to fight with me.”

“Wutian!”

Wu Wuji gritted his teeth and clenched his fists. He raised his head and glared at Wutian, his face filled with anger.

Marquis Wang, don't be provoked by Wutian.

Lin Tianjian reminded.

“I know,”

Wu Wuji coldly snorted, “I don't need you to remind me.

“Wutian.”

what? ” Jiang Li looked at Wu Tian and di Long indifferently. you've just reached the early stage of level nine and you're already so arrogant? ”

even if I'm only at the peak of the eighth rank, I can still kill you.

“Ridiculous.”

Wutian shook his head and sneered. “You don't even know how big the gap between the ninth and eighth ranks is, which is why you have this kind of misconception.”

Wutian, Emperor Xia, cut the crap. Let's start the battle.

Di Long utters a cold Humph. He waves his hand and roars: barbarian Army, listen up! Attack the capital of Wutian!

kill!!!

“Rumble!”

As soon as he finished speaking.

The Barbarian Army took the lead and launched an attack. Dozens of Grade 7 battle formation beasts roared like huge stars and crashed into the capital of Wutian.

“You have guts! Yao Army, hear my order! prepare for battle!”

wutian’s eyes were cold and murderous. ” di long, you’re asking for it! ”

charge!!!

” all troops, charge!!! ”

“Kill!”

“Kill the barbarians!”

“.....”

The 700 billion demon soldiers and countless demons roared in anger. Dozens of Level 7 formation beasts rushed out and fought with each other.

The war had broken out.

The resulting storm swept across more than half of the central region of the Holy peace state.

It was just a probing battle.

The ground cracked and the mountains collapsed.

It was a scene of destruction.

“Black Dragon slash!”

Shua!

Di Long makes his move. With a loud roar, he waves his right hand. The 9 Dragon class Black Dragon Imperial Jade seal turns into a huge black Dragon long saber. He strikes out with the long saber, slashing out an extremely dazzling black Saber Light in the shape of a Dragon.

“Lightning Spear.”

Bang!

Wutian waved his right hand, and Thunderbolts gathered to form a huge Thunder spear. It pierced through the hole and collided with the Black Dragon Saber radiance.

Both parties exploded at the same time.

...

“Kill!”

wutian let out a long cry and charged at di long. thunderbolts surrounded him and wreaked havoc. like a group of thunderbolt pythons, they formed a group and attacked di long.

Bang Bang Bang Bang!

Explosions sounded one after another.

Holding his saber with both hands, di Long sweeps the surroundings and smashes the Thunderbolts one after another.

kill!!!

“Rumble!”

di long and wu tian are fighting fiercely. the two experts at the early stage of level 9 are fighting each other. in an instant, they have rushed into the sky.

The terrifying aftermath shook the surroundings.

“Your Majesty.”

“Wutian and di Long are fighting,” Lord Chi said.

...

“should we make a move?”

Asked Elder Brown.

“.....”

Lin Tianjian, Wu Wuji, and Lian Zhen were on full alert.

kill!!!

At this moment.

About one-third of the Barbarian Army and the demon Army were divided into two groups. They formed a huge Army and rushed over at a very fast speed.

The floating battleships were even more overwhelming.

They charged towards the great Xia Army.

“prepare for battle.”

Jiang Li waved his right hand and shouted, ” “All the marquise Kings, listen up! Lead the Xia Army to face the enemy immediately!”

“Yes.”

“we will do as you command!”

“Kill!”

Roar! “Roar!”

Immediately.

the 560 billion great xia soldiers had already set up a grade 7 formation, forming a grade 7 formation beast.

Bang Bang Bang Bang!

Countless explosions were heard.

High up in the sky.

The battle formation beasts fought, the floating battleships collided, and the human soldiers, barbarian totem Warriors, and demon soldiers all charged at each other.

He looked around.

The entire battlefield was in chaos.

Countless living beings were fighting with all their might.

Roars, roars, yells, screams, and so on were all mixed together. It was extremely ear-piercing and the explosions were deafening.

It could be seen.

The battlefield of the three clans.

There were more than a trillion living beings fighting each other.

Jiang Li looked into the distance, but he couldn't see the edge of the battlefield at all. It extended to hundreds of thousands of miles away, affecting the entire central region of Saint peace state.

Even ...

the entire saint peace state was in an uproar.

at this moment.

If one were to look at the Holy peace state from the sky above the endless ocean, they would see a terrifying spirit Qi storm shrouding the entire state.

It was like a huge vortex.

It was filled with killing intent and death Qi.

It was daunting.

In this seemingly endless battlefield.

The soldiers of the three races ranged from the weakest to the god-like type 7 and type 8 powerhouses. They fought each other, gradually dividing the battlefield into different battlefields.

They did not probe each other too much.

From the start of the battle, they had probably gone all out.

In the sky above the battlefield.

The battlefield of type 8 powerhouses.

“Kill!”

boom!

Lord Chi and Big Boss he shouted as a mist of light surrounded their bodies. The three flowers gathered above their heads and a terrifying power burst out, forming a huge shock wave that penetrated through everything.

They charged toward Fu Tianqing and Mo Helin of the demon race.

“Demonic bloodline transformation.”

Bang!

Fu Tianqing and Mo Helin's bodies trembled as part of their bodies transformed into demons. They turned into huge demon bodies and blocked Lord Chi and Elder Brown's attacks.

totem Mystic technique: Inferno black flames.

Shua! Shua!

Man Wuji and tu Jiuling took the opportunity to attack. Their totem power gathered and formed a strange totem pattern. They intertwined and formed a pattern of rising flames.

after that.

The pitch-black Flame started burning.

Like a vast sea of fire, it rushed towards Lord Chi and Elder Brown.

“Red flame Dragon Breath.”

“Roar!”

lord chi shouted and used a powerful martial art. the vast power of the three flowers condensed into a huge red dragon's head. the dragon's head opened its bloody mouth and roared out a beam of dragon's breath that blocked the inferno black flames.

“Kill!”

Fu Tianqing and Mo Helin's eyes were cold and their expressions were serious. I didn't expect Lord Chi and Elder Brown to have taken half a step and reached half-step type 9.

“The Earth Book!”

Buzzzzzz!

Fu Tianqing and Mo Helin formed hand seals and summoned the illusionary image of the 'Book of the Earth'. The illusionary image was cast on their bodies, increasing their strength.

Bang Bang Bang Bang!

An intense battle erupted.

Since Lord Chi and Elder Brown had reached half-step level nine, Fu Tianqing and Mo Helin of the demon race, man Wuji and tu Jiuling of the Barbarian race had joined forces to deal with Lord Chi and Elder Brown.

on the other side.

boom! BOOM! BOOM!

The three armies collided.

A series of explosions rang out.

Energy rumbled, and the explosion was as beautiful as fireworks.

It could be seen.

The battlefield was in chaos.

There were five level 8 Hall Masters of the human race, the monster race, and the Barbarian race.

The 15 type 8 powerhouses were fighting each other.

The three sides were evenly matched.

It was impossible to determine the winner in a short time.

In addition.

the six stage eight powerhouses of the human race, wu wuji, lin tianjian, lianzhen, wu tongtian, chang hengyue, and ding delin, the grand magus of the barbarian race, shen wuyue, and the six stage eight powerhouses of the demon race, including qilian, qianfu, and yi tiangan, were all present.

In total, there were seventeen powerhouses of the eighth step.

They were also fighting each other.

There were countless attacks clashing with each other.

The battle was very intense.

mobilize the nuclear Army.

At a certain place on the battlefield.

Yue Fengji led the ‘nuclear Army’, which was made up of many type 5 martial artists wearing ‘controllable nuclear fission palm control devices’.

obviously.

Jiang Li brought out a hundred thousand level-five martial artists and a hundred thousand ‘controllable nuclear fission Palm devices’ to form a ‘nuclear Army’.

Its main purpose was to penetrate deep into the enemy’s territory and trigger a ‘nuclear explosion’ to severely injure the enemy.

Jiang Li let Yue Fengji lead the nuclear Army.

“Explode!”

BOOM! BOOM! BOOM!

In that instant.

100,000 ‘nuclear explosions’ were born, and they exploded among the enemy troops, creating huge mushroom clouds that soared into the sky, as dazzling as the sun.

The storm of the explosion swept in all directions.

“Kill!”

“Damn it!”

“Kill them!”

Immediately.

The monster race and barbarian race reacted and quickly sent out a powerful Army to surround and kill the ‘nuclear Army’ led by Yue Fengji.

Very quickly.

There were casualties in the nuclear Army.

“.....”

Jiang Li looked down at the chaotic battlefield. Countless creatures were fighting, formations were colliding, Army beasts were fighting, and Army formations were fighting.

It was hard to describe such a scene.

Time passed.

The moment the war began.

After the three races clashed, their eyes were bloodshot. Every soldier's ears were filled with countless battle cries, roars, and explosions.

The orders of the generals of the three clans were drowned out by the sounds of fighting.

At this moment.

They couldn't care less about schemes and plans.

The enemy was right in front of them.

If you don't try your best to kill the other party, you will be killed by the other party.

this was a true chaotic battle.

The three races were against each other.

It was impossible to cooperate.

He would fight to the death and not retreat.

It could be seen.

the great xia army only had 560 billion soldiers.

so,

the war had reached this point.

The great Xia Army suffered the greatest losses.

He was at a disadvantage.

Tens of thousands of meters up in the sky.

BOOM! BOOM!

Both Wutian and di Long were at the early stage of level nine and were Kings.
They were evenly matched.

It was impossible to determine the winner in a short time.

“There’s no hurry.”

Jiang Li took a deep breath and looked at the battle between Wutian and di Long.
we can’t rush. It’s not the time to attack yet.

Obviously.

Jiang Li was waiting.

He was waiting for the best time to strike.

“Thunder Dragon roar!”

“Roar!”

Suddenly.

Jiang Li! Wutian launched an attack at Jiang Li. His head suddenly enlarged into a purple dragon's head and roared.

It formed a solid sound wave and crushed towards Jiang Li.
