

## Army 65

### Chapter 65 Cavalry of Black Dragon County

at the same time.

Wang Gang was already in front of the man in the black cloak. His fist hit the man's head with a strong vibration effect.

A 'bang' was heard.

The man in the black cloak's head exploded into a cloud of blood and flesh. It was a horrifying scene.

His head exploded.

The black-cloaked man was dead!

“!!!”

Dugu Luo's pupils contracted, and he gradually lost all hope.

deacon zhang was killed, so it was even more impossible for him to escape. he never thought that the final result would be like this.

One had to know.

After the half-monster Alliance found out about the conspiracy between green scale city and barren city, they had planned this.

They had set up a blood-refining formation in Qingshan Valley in advance, waiting for all the creatures to be injured before they could reap the benefits.

Everything went smoothly according to the original plan.

He would never have thought of it.

Jiang Li's appearance disrupted everything.

The most terrifying thing was ...

Jiang Li is so powerful. Not only did he turn the situation around, but he also killed Deacon Zhang and Zhang Ling. Only dugu Luo is still alive.

“Kill! kill all the monsters and barbarians, leave no one alive!”

go! Jiang Li ordered.

“yes, chief sovereign.”

the meches responded and attacked the remaining monsters and barbarians.

Bang!

The sound of the sniper rifle rang out. The armor-piercing bullet pierced through hei Zong's heart and went through his body. His heart was shattered, and he spat out blood. His huge body fell to the ground and died.

the dark brown general is dead!!

Hu Wu was terrified.

“Run!”

The morale of the demon soldiers collapsed.

Da da da da

The firearm mech fired at full force, and the bullets turned into a meat grinder on the battlefield, taking the lives of the Barbarian and demon soldiers.

It was a one-sided massacre.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

gray light spots flew out of the level-one corpse like fireflies. only jiang li could see them and they merged into his forehead.

A notification flashed before his eyes.

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a first-stage soul Tinder! ]

.....

although the drop rate of soul Tinder is low, there are too many enemies.

A smile appeared on Jiang Li's face.

it's a pity that we didn't get a second-stage soul Tinder after killing two second-stage soul fires.

Jiang Li looked at the bodies of hei Zong and the man in the black cloak.

“Ah!”

Pfff!

At this moment.

The battle between Hong Tianqi and Haotian had come to an end. Haotian's spear was knocked away, and Hong Tianqi's halberd pierced into Haotian's chest.

\* Cough cough \*

Hao Tian coughed up blood and looked at Hong Tianqi. I didn't expect that I would still lose.

"Hmph," he snorted.

Hong Tianqi snorted and pulled out his halberd. Blood was dripping from the blade. He scolded, "after you reincarnate in your next life, don't be rebellious."

As soon as he finished speaking.

Hong Tianqi raised his heavenly halberd and was about to kill Haotian.

Bang!

Jiang Li took a pistol from a firearm mech next to him and aimed at Hao Tian's head. He pulled the trigger and a hot bullet shot out.

...

Pfft!

Blood splattered everywhere.

the bullet hit hao tian in the back of his head, shattering his skull and killing him instantly.

“This bi an ...”

Hong Tianqi was stunned for a moment. He looked at Haotian on the ground with a complicated look. Then he slowly put down the heavenly halberd in his hand and sighed.

One had to know.

Hong Tianqi had taught many people, and Haotian was the most outstanding one among them. However, he had never expected that he would betray dugu Huangcheng.

Buzzzzzz!

a gray light came out of hao tian's body and flew into jiang li's forehead. it caught another level-one soul tinder.

“I'm quite lucky.”

okay. Jiang Li smiled.

...

buzzzzzz!

A few minutes later.

After Jiang Li killed all the monsters, barbarians, and the city guards of Yongan city, the ‘blood refining formation’ absorbed enough blood and released a blood-red light. The formation map in the sky glowed. The ‘blood refining bead’ in the center was successfully formed.

“blood refinement bead.”

dugu luohan couldn't help but raise his head and exclaim, “i've successfully condensed it.”

“Oh.”

Jiang Li also looked over.

BOOM!

Immediately after.

The blood refining formation collapsed and the suppression force disappeared. Jiang Li regained his ability to move and the gang members returned to normal.

After that.

the blood refinement bead, which was about the size of a baby's fist and contained a large amount of qi and blood energy, slowly descended from the sky.

“Wang Gang, go and get that bead.”

go! Jiang Li ordered.

“yes.”

Shua!

Wang Gang nodded and jumped up into the sky. Under everyone's gaze, he caught the blood refinement bead that was slowly falling from the sky.

“Chief sovereign.”

Wang Gang returned to Jiang Li and gave him the blood-refining bead.

“Yes.”

okay. Jiang Li nodded and held the blood refining bead in his hand. He could clearly feel the extremely dense and pure blood energy contained in the blood refining bead.

If Jiang Li could absorb the energy, he could easily condense internal force and break through to the early stage of level one, becoming a real martial artist.

“This thing is pretty good.”

jiang li was quite satisfied with the loot. “with the help of this blood refining bead, i believe i can improve my strength very quickly.”

“I’m lucky in the end.”

Jiang Li didn’t care about the fact that tens of thousands of lives were needed to make this thing. Besides, he didn’t set up the blood refining formation.

Jiang Li only got a bargain.

this was not a small discount.

One had to know.

this was an elder of the half-monster alliance who had completed level two, and he wanted to use the blood refinement bead to break through to level three.

Shua!

Jiang Li opened the Dominator panel.

After killing all the monsters in green scale city, the barbarians in barren city, and the rebels in Yongan city, Jiang Li got 100 level-one soul Tinders.

The biochemical mech could be unlocked.

This matter was not urgent.

bang!

the sniper mech fired several times and broke through dugu Luo's defense. the bullets went through his chest, and he fell to the ground, unable to get up.

\* Cough cough \*

Dugu Luo coughed up blood and looked at Jiang Li with a pale face. chief Jiang, what are you doing? ”

“Kill him!”

jiang li just glanced at him indifferently.

Ta ta ta da

At this moment.

In the distance came the sound of horse hooves, attracting everyone's attention. They all turned to look, and soon, a dense group of cavalry charged into Qingshan Valley.

It could be seen.

There weren't many of them, only a thousand, but each of them was a martial artist at the beginning of the first rank. A large black Flag was raised in the center.

There was a lifelike Black Dragon pattern on the flag. The Black Dragon pattern twisted and turned, forming the word 'kun'.

the great gan lord dynasty.

The Black Dragon County cavalry!

The leader of this group of cavalymen was a rough-looking middle-aged man. He wore pitch-black armor and had a dignified expression. His presence was extremely powerful, and he radiated with a thick, baleful aura.
