

## Army 651

### Chapter 651

Jiang Li was waiting for an opportunity, but Wutian obviously saw through Jiang Li's thoughts, so he attacked Jiang Li without hesitation. The Thunder Dragon roared.

“Star destroying fist.”

BOOM!

Wang Gang jumped up and threw a punch. His fist radiance pierced through the sky, as if it had smashed the space and shattered the Thunder Dragon sound wave.

It exploded.

“wutian.”

Jiang Li looked up with cold eyes.

Shua!

Di Long flew over and stood not far away. He looked at Jiang Li and Wutian and sneered, “Wutian, are you bullying the weak?” he asked.

“What a joke,”

I'm not afraid of you, ” Wutian said coldly. you think I'm afraid of you? ” I just think we should kill Jiang Li first so that we won't be heavily injured and let the human race take advantage of us.”

“That makes sense.”

Di Long nods.

“Alright,” he said.

alright, ” Wutian said. in that case, kill Jiang Li first.

“World-ending lightning!”

“BOOM!”

As soon as he finished speaking.

Wutian unleashed a powerful move, summoning endless Thunderbolts. The law of Thunder spread out, forming a terrifying sea of Thunder.

Shua! Shua! Shua!

Immediately.

wang gang, wms01, ssts01, and myl01, the four perfected-stage level-eight meches, stood beside jiang li and released their rule power.

“Azure Emperor Art.”

Buzzzzzz!

let’s go! Jiang Li activated his cultivation technique and his body glowed with a green light. The Azure Dragon under his feet roared and turned into a ray of Azure light that merged into Jiang Li’s body.

great xia’s fate would enhance jiang li’s strength.

“the laws of darkness.”

Di Long makes a move. He makes a hand seal with both hands and his totem materializes. It turns out to be a huge ‘black hole’ Whirlpool. The laws of darkness spread out.

it was dark.

It formed a dark world.

“Kill!”

The Dark World fell on Wutian.

“di long!”

what? ” Wutian was stunned. what are you doing? ” he roared.

BOOM!

Wutian quickly adjusted his direction. The ocean of lightning and The Dark World crashed into each other. A terrible explosion was produced, like the collision of two stars.

it destroyed everything.

An endless storm spread out.

Bang Bang Bang Bang!

It even affected the battlefield below.

The living beings of the three races were all affected by the aftermath.

“What a powerful force.”

Lord Chi raised his head, his expression shocked, ” a Grade 9 is indeed terrifying. If not for the protection of the Army, just the shockwaves would have killed many living beings on the battlefield.

“all troops, spread out the battlefield immediately.”

“Quickly spread out!”

” avoid her majesty’s battle range. ”

“.....”

The marshals and generals of the three races shouted loudly as they gave their orders.

clang!

Jiang Li’s eyes lit up. He took the chance to attack. The Overlord Dragon divine weapon turned into a Black Dragon-scaled longsword and the Green Dragon Imperial Jade seal was added to it.

“the cyan emperor’s sword.”

buzzzzzz!

die! Jiang Li teleported and disappeared. The next moment, he appeared behind Wutian and thrust his sword at Wutian’s forehead like a snake.

...

Clang!

The purple dragon imperial decree formed a purple light shield and blocked Jiang Li's sword.

"You're looking for death."

Wutian roared. He turned around and struck at Jiang Li with his palm.

"whoosh!"

Jiang Li teleported and dodged Wu Tian's palm easily. Wu Tian's palm hit nothing but air. The terrifying force of the palm pierced through the sky and spread far away.

"Spatial teleportation."

Di Long's pupils contracted and he stared at Jiang Li.

"Di Long,"

Wutian raised his head, his eyes cold. "why did you stop me just now?"

"Maybe it's because you're too ugly,"

...

Jiang Li shrugged.

"You shut up!"

Wutian scolded.

"Mm, the Xia Emperor is right."

Di Long says with a smile.

“.....”

Wutian's face turned livid.

The war between the three races continued.

However, Wutian, di Long, and Jiang Li were in a stalemate.

Wu Tian wanted to kill Jiang Li, but di Long wanted to join hands with Jiang Li to kill Wu Tian. Jiang Li, on the other hand, wanted to hurt both of them and then find a chance to kill them.

In reality.

Di Long was not sure if he could kill Wu Tian. He wanted to use Jiang Li's power to kill Wu Tian. Once Wu Tian died, Jiang Li, who was only at the peak of level eight, would be at his mercy.

Obviously.

wutian could see it too.

That was why Wutian did not dare to act rashly.

However ...

As time passed ...

The losses of the great Xia Army were getting greater and greater.

This wasn't good news for Jiang Li.

“Hehe.”

Wutian sneered, “Jiang Li, don't think Di Longan is being kind. He just wants to use your power to kill me.

“Let's not talk about whether you have the strength or not.”

“Even if you really succeed, do you think Di Long will let you go?”

“The final battle of the three clans.”

“from the very beginning, there has only been one winner.”

“.....”

Jiang Li remained silent.

“Hahahaha!”

Di Long burst into laughter. Wutian, are you scared? ”

“Afraid?”

Di Long, don't be so full of yourself, ” Wutian shouted. you should've seen it just now. Jiang Li can teleport, which means he might have mastered the power of space.

you should know that only the Emperor dynasty has just come into contact with the space domain, but Jiang Li has mastered it. Are you sure you can take him down? ”

“.....”

Di Long's eyes glitter. In the end, his expression becomes determined and he shouts coldly: shut up, Wutian. I have no idea what you're talking about.

“Kill!”

BOOM!

As soon as he finished speaking.

Di Long charged at Wutian. His huge Dragon-headed saber slashed out a dazzling black saber radiance that seemed to be able to split the sky.

“Di Long!”

Wutian roared, his eyes cold. The purple dragon Imperial Jade seal turned into a long spear with lightning. He thrust the spear forward, and the purple lightning pierced through the sky.

Bang!

the spear radiance and the saber radiance collided and exploded. they were evenly matched.

“Then let's do it,”

Jiang Li didn't hesitate. He ordered the four perfected-stage level-eight meches to attack Wutian together. They attacked Wutian with the power of law.

Since he couldn't be the Oriole, he would attack and kill the other party.

“lightning dragon defense!”

“Whoosh!!!”

Wutian let out a long roar. The purple dragon imperial decree transformed into a Lightning Shield and spread out, forming a purple ball that enveloped Wutian.

Bang Bang Bang Bang!

The attacks of the four perfected-stage level eight meches were all blocked by the purple ball-shaped shield.

“Peak of the eighth rank.”

four powerhouses who have mastered the laws of nature, ” Wutian said in a deep voice. all of them are at the peak of the eighth-rank.

Jiang Li, you’ve hidden it well.

“If I couldn’t break through to early ninth rank, I’d probably be dead by now.”

“Black Dragon slash!”

Shua!

Di Long’s saber came down. The black saber flare contained the power of the dark Law. It went straight for Wutian’s head, but was blocked by Wutian’s spear.

“The nine seals of the cyan Emperor.”

Buzzzzzz!

Emperor Dao law! Jiang Li formed a seal with his left hand and held the sword with his right hand. Emperor Dao law!

boom!

At the same time.

It released the power of the Emperor Dao laws.

Purple-gold patterns interwove all over his body.

It increased Jiang Li's combat power.

Bang Bang Bang Bang!

The intense battle continued.

Jiang Li and the four perfected-stage level-eight meches helped Di Long kill Wutian while the three emperors fought like three beams of light.

Every time they clashed, terrifying shockwaves would sweep out in all directions.

Wutian was very strong.

Even with Di Long's help, Jiang Li couldn't take Wutian down.

however ...

Facing Jiang Li and Di Long's attacks, Wutian was obviously at a disadvantage. He was losing the pace of the battle and was being suppressed.

"Hahahahaha!"

Di Long laughed wildly, "Wutian, you're dead for sure this time."

"Dark Dragon Breath cut!"

Buzzzzzz!

di long lets out a loud roar and releases a powerful technique. dark laws interweave, the power of the nation's fate is enhanced and the totem secretary is released.

A huge black Dragon appears behind di Long.

The Black Dragon roared.

He quickly let out a Dark Dragon Breath.

This Dark Dragon Breath's power is poured into the dragon head saber in di Long's hand. Pitch-black flames start to burn on the blade and jump violently.

“Slash!”

Di Long swung his saber. The saber flare burning with black flames charged at Wutian like a giant dragon.

“Bloodline awakening!”

Roar!

It was a critical moment.

Wutian let out a long roar as his terrifying bloodline power burst out. His body expanded, and endless lightning flashed. He had turned into a winged Lightning Dragon.

The lightning dragons wrapped around his body.

Buzzzzzz! Buzzzzzz!

The purple dragon Imperial Jade seal, the purple dragon Saint weapon, and the Wutian Marquis token.

The three nine-Dragon level sacred artifacts of the Empire fused into the dragon's body.

“kill!”

The Dragon's Roar shook the sky.

Wutian opened his mouth wide, his eyes like lightning. He flapped his wings, condensed the energy, and spat out a thick Dragon Breath of Thunder, with countless lightning bolts.

Bang!

The Thunder Dragon Breath and the blade light that was burning with black flames collided head-on. The scene was huge. The energy kept exploding, forming circles of energy ripples.

A dazzling light bloomed.

It was a stalemate.

“Star destroying fist!”

“Devouring true eye!”

“The power of the law of purification!”

“The power of the laws of destruction!”

At this moment.

Wang Gang, WMS01, SSTs01, and MYL01, the four perfected-stage level eight meches, released their strongest attacks under Jiang Li's order.

Fist force, pupil light, blade light, and sword light.

They attacked Wutian from four different directions.

“!!!”

wutian's pupils contracted.

Buzzzzzz! Buzzzzzz!

The power of the purple dragon imperial decree and the Wutian Marquis token is released, forming a purple light shield. Di Long makes a wave of his right hand and the Black Dragon imperial decree and the Emperor Dragon Marquis token fly out.

Bang! Bang!

The four nine-Dragon level sacred artifacts of the Empire collided with each other.

Wutian's defense was weakened.

Kachaa! “Crack!”

BOOM!

The four attacks landed at the same time, shattering the purple light shield.

The remaining power was directed at Wutian.

ah ah ah ah!!!

Wutian roared.

“Grade 8 army formation!”

It was a critical moment.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

The demon Army’s ten Grade 7 army formation beasts fused together. The ten Grade 7 Army formations came together and quickly turned into a grade 8 army formation.

“Lightning magic Domain!”

The Army formation was formed.

It quickly enveloped Wutian.

Bang Bang Bang Bang!

The level 8 formation contained countless bolts of lightning. It was a world of thunder and lightning. Lightning interweaved and blocked all the attacks from the four perfected-stage level eight meches.

“Grade 8 army formation.”

Di Long’s face sinks,”the reinforcements are timely.”

“Set up the formation!”

Di Long roars.

“Yes.”

buzzzzzz!

Immediately.

The barbarian’s 10 rank 7 formations fused together and quickly turned into a rank 8 formation. It formed a dark domain that enveloped di Long.

Di Long has obtained the blessing of the ‘domain of darkness’.

“BOOM!”

At the same time.

Di Long’s Dark Dragon Breath and Wu Tian’s Thunder Dragon Breath were destroyed and exploded. The aftermath of the explosion sent both di Long and Wu Tian flying.

“Kill!”

Wutian. Jiang Li took the opportunity to catch up with Wutian.

Clang!

The sound of a sword rang out.

The greenish-black sword radiance was aimed at Wutian.

Wutian's 'Lightning Dragon Breath' had consumed a lot of his bloodline power. He had to withdraw from the 'awakened' state, and the huge Lightning Dragon with wings disappeared.

wutian returned to his original form.

his face was slightly pale.

he stabilized his body.

Clang!

die! Jiang Li's sword was as fast as lightning. It was like a green ray of light that cut through the sky. It was the power of the three flowers, the power of the nation's fate, and the power of the sacred weapon of the dynasty.

In addition, there was the amplification of Emperor Dao laws.

It was an extremely powerful sword.

He had even surpassed the limits of the eighth step and was half a step into the ninth step.

Furthermore ...

Jiang Li's timing was perfect. Wutian had just used up all his energy and was still recovering.

As soon as Wutian steadied himself, Jiang Li's sword was already at him.

“!!!”

Wutian's pupils contracted.

“roar!”

It was a critical moment.

‘Grade 8 military formation-lightning magic Domain’ activated, and vast amounts of lightning gathered together, turning into a huge Lightning Dragon that charged over.

“BOOM!”

An explosion sounded.

Jiang Li’s sword hit the Thunder Dragon. The two collided and energy exploded. Lightning and broken Sword Qi flew around.

In the end.

The Thunder Dragon exploded, but it also blocked Jiang Li’s sword.

“Kill!”

BOOM!

Jiang Li! Wutian roared and took the chance to fight back. He held the spear in his hand and gathered energy on it. The spear trembled and stabbed at Jiang Li.

space control.

Jiang Li had already activated the ‘interstellar Dominator space soldier’. He released the ‘space control’ skill and could control a bit of space power.

Shua!

His figure flashed.

Jiang Li disappeared from where he was in an instant. He teleported away and dodged Wutian's spear. The purple spear light pierced through the sky and spread far away before it gradually dissipated.

Shua! Shua! shua!

the three sides quickly retreated.

Wutian, di Long, and Jiang Li all moved away from each other. They were more than 10000 miles away from each other and stood in the East, West, and South of the battlefield.

they looked at each other from a distance.

BOOM! BOOM!

The 'lightning magic Domain' and the 'darkness Magic Domain' collided, and the power of the two grade 8 military formations clashed, producing a series of rumbling sounds that shook the surroundings.

Jiang Li was suppressed by the battle formation and his strength was weakened.

"Set up the formation,"

stop! Jiang Li shouted.

"Yes."

"Army formation fusion!"

The various generals of the great Xia Army responded in unison.

roar! Roar!

In the blink of an eye.

Ten formation-type behemoths that were tens of millions of meters in size fused together, and ten Grade 7 formation-type beasts combined to form a grade 8 formation.

It turned into an 'army formation space'.

Clang clang clang!

The 'battle formation space' covered Jiang Li. Jiang Li saw countless green sword rays and heard the sound of swords.

At this moment.

Jiang Li seemed to have entered the world of swords.

In the surroundings.

All of them were flashing with sword light.

Grade 8 army formation-infinite sword realm.

...

Obviously.

This grade 8 army formation, the infinite sword realm, came from the sword Emperor dynasty, and most of it had been formed by the soldiers of the sword Emperor dynasty.

“Whoosh!!!”

The power of ‘infinite sword realm’ was added to Jiang Li.

“This is the amplification of a grade 8 army formation.”

Jiang Li took a deep breath. He felt the power of the ‘battle formation’. He could clearly feel that he could control the ‘infinite sword realm’ and master its power.

This force was extremely powerful.

Furthermore ...

Within the range of the ‘infinite sword realm’.

Jiang Li had everything under control.

Shua!

...

Jiang Li only waved his hand, and countless sword lights swept across. It was like thousands of swords returning to their roots. It contained powerful power and was full of shock.

Bang Bang Bang Bang!

The lightning magic Domain, the darkness Magic Domain, and the infinite Sword World.

Three grade 8 Army formations were clashing.

They were in a deadlock.

Buzzzzzz! Buzzzzzz!

At the same time.

In the entire battlefield.

The living beings of the three races were fighting each other, and there were living beings dying every second. A large number of remnant souls emerged, all of which were devoured and absorbed by WMS01, SSTs01, and MYL01.

The evolution of the 3 special mechanical soldiers was slowly increasing.

Currently.

Their evolution progress had only reached one percent.

The battle continued until now.

Half an hour later.

the soldiers of the three races combined.

Billions of them died.

The cruelty of the battlefield could be seen.

it was like a meat grinder.

Furthermore ...

On such a brutal battlefield, after the creatures died, the shockwaves from the battle swept through the surroundings, and not even a complete skeleton could be preserved.

There was no corpse left.

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a stage-two soul Tinder! ]

.....

At the same time.

Soul Fire seed. notifications appeared in front of Jiang Li's eyes. There were colorful Soul Fire Seeds that formed a Flood of Fire Seeds and rushed towards Jiang Li.

they were all captured.

Of course.

Jiang Li didn't send out his mechanical Army. He couldn't capture any soul Tinders from the creatures killed by the great Xia soldiers. The soul Tinders he captured all came from the 'nuclear Army', 'atomic bombs', and 'hydrogen bombs'.

to tell the truth.

He did not send out his mechanical Army.

it did cost jiang li a lot of soul tinder.

but ...

if Jiang Li sent out his mechanical army and showed a powerful army and terrifying combat power, Di Long and Wutian would definitely be afraid of him.

At that time.

If Wutian and Di Long joined hands to kill Jiang Li ...

Jiang Li would be in real danger.

so,

Jiang Li could only hold back for now. He couldn't send out his mechanical Army yet.

Buzzzzzz!

Wutian took out an elixir and swallowed it. He refined the elixir and restored his bloodline power. Di Long also took the elixir to restore his energy.

Shua! Shua!

Jiang Li used four energy points to restore the energy of Wang Gang and the others.

“Kill!”

He recovered.

Di Long shouted. He took the lead and activated the power of the ‘dark domain’. He slashed at Wutian, and the black Saber Light seemed to split the sky in two.

“The nine seals of the cyan Emperor.”

BOOM!

let's go! Jiang Li also attacked. He formed a seal with his hands and formed a Dharma seal. The seal flew out and expanded into the size of a star.

It came down on Wutian.

“Nuclear palm.”

Wang Gang charged forward, and his palm print descended. It was as if a small sun was born.

at the same time.

WMS01, SSTs01, and MYL01 followed closely behind.

To kill Wutian.

“Hmph,” he snorted.

Wutian snorted coldly. His will to fight was high. He stepped forward and thrust his spear. Accompanied by thousands of Thunderbolts, he blocked di Long's attack and pushed back Wang Gang and the others.

“BOOM!”

the cyan emperor's magic seal exploded.

the light shone.

kill!!!

An intense battle erupted once again.

Jiang Li, di Long, and Wu Tian were fighting fiercely. They had all used their true abilities and were gradually getting serious.

However ...

although wutian was at a disadvantage, he managed to resist di long and jiang li's attacks. the battle couldn't be decided in a short time.

Obviously.

It was extremely difficult to kill a type 9 Emperor.

However ...

jiang li wasn't in a hurry.

Based on the current situation.

Even if they could not take down Wutian, as time went by and countless creatures fell, WMS01, SSTs01, and MYL01 were making steady progress with their 'devouring evolution' talent.

At that time.

As long as their evolution progress was raised to 100%.

It could help them advance to the initial stage of the ninth step.

Jiang Li would definitely be invincible.

Time passed.

the battle lasted for an entire night.

Until the next morning.

The sun had just risen.

The battle cries on the battlefield never stopped.

The earth cracked and the mountains shattered.

Corpses were everywhere.

It was like a scene from purgatory.

Up until now.

Hundreds of billions of living beings had already died.

“Ahem.”

Wutian coughed out blood. His face was pale and purple lightning was flashing around him. His eyes were full of killing intent as he stared at Jiang Li and di Long.

“Wutian.”

di long’s face has turned pale. he has consumed a lot of energy. he clenches his dragon head saber and says in a deep voice: “Don’t struggle anymore, you’re dead for sure,”

“Whoosh!!!”

Wang Gang and the others were covered in a layer of white light. After a few seconds, their injuries and broken arms were recovered.

“.....”

Jiang Li's face was also pale. He had used up a lot of the power of the three flowers in his body. Even his true spirit was a little dim.

One had to know.

Jiang Li, di Long, and Wutian.

The three emperors fought for a whole night. Wutian was injured, and di Long and Jiang Li were not in good condition. This was the first time Jiang Li had fought for such a long time.

During this period.

Jiang Li used up the energy points to recover from the damage that Wang Gang and the others suffered.

Even ...

It was the most dangerous time.

In order to kill Jiang Li, Wu Tian took di Long's attack and charged at Jiang Li, but Wang Gang and the others stopped him. Wang Gang was almost torn into pieces by Wu Tian.

But in the end.

Wutian was still blocked.

Shua!

Jiang Li opened the information on MYL01 and the others. Their evolution progress had increased from 1% to 20%.

He was still lacking quite a bit.

However, it was also gradually approaching.

Jiang Li thought about his trump cards and said-a trillion mechanical armies-the profoundness of the Emperor path law-mountains and rivers-the emperor's crown, and finally-the power of the four levels of law with the help of Wang Gang and the others-

“If I go all out in the end.”

my combat strength can definitely reach the level of early ninth rank.

“But,”

“You only have one chance. If you fail, all your previous efforts will be in vain.”

“We can't be reckless.”

besides, I can't guarantee that Wutian and di Long don't have any trump cards.

No. Jiang Li shook his head.

On the other side.

On the coastline of the Holy peace Region.

The Eastern, Western, northern and southern Territories.

The four Seas.

The Allied army of the sea Empire.

At this moment.

“Rumble!”

The ocean quaked and a Tsunami Rose to the sky.

It even raised a huge wave that was tens of thousands of meters high.

“The time has come.”

all troops, listen up! Let’s land in Saint peace state!

“kill!”

“All troops, set off!”

If one looked down at the entire holy peace state from the sky, they would see that the fleets of the various sea dynasties were approaching the Holy peace state from the four Seas.

Ten minutes later.

The huge ships stopped at the shore of the Holy peace Region.

“Activate the ‘floating formation’,”

“Lift off the ship!”

Buzzzzzz! Buzzzzzz!

The ships lit up with resplendent light and arranged a 'floating formation', forming a formation diagram. The ships floated up from the sea.

In the blink of an eye.

It covered the sky.

The 'sea ship' had become a 'floating warship'.

Immediately after.

the armies of the four sea dynasties successfully landed in the holy peace state.

Chapter 653 shock

One had to know.

The great Xia Dynasty occupied the northern, Western, and Eastern territories of the Saint peace state.

Therefore, after the armies of the sea dynasties from the four Seas landed in the Holy peace state, they were all stunned.

The great Xia Empire was simultaneously attacked by the 'three-Emperor seas' in the North, the 'Halcyon seas' in the West, and the 'Sea Dragon seas' in the East.

so,

Although Jiang Li had occupied three-fifths of the Holy peace state, he still had to face the invasion of the Sea dynasty's Army from Three Seas at the same time.

obviously.

Whether it was the monster race or the Barbarian race.

In fact, they had already anticipated that the armies of the sea Empire from the four Seas would most likely invade the Holy peace state when the final battle erupted.

so,

Wutian had occupied the central region of the Holy peace state, which was located in the center of the state, so he did not have to worry about the invasion of the Sea dynasty's Army.

di long has only occupied the 'southern territory of the holy peace region', so he only needs to deal with the invasion of the 'tuoba sea' in the southern sea.

Jiang Li was the most stressed.

Northern Territory.

Around the coastline.

Three-Emperor Sea area.

The dream Dragon Empire, the ocean Empire, and the Penglai Empire.

The navies of the three majestic empires had all successfully landed. All of their 'ships' used a 'floating formation' to fly into the sky, and the 'Navy' became 'Air Force'.

The Army charged onto land.

The Allied army of the three emperors formed an extremely huge Army.

They all gathered together.

Their military strength had reached 200 billion.

The momentum was huge.

Western Region.

Around the coastline.

Halcyon sea.

The heavy devil Empire, the bright moon Empire, and the Chaotian Empire.

The navies of the three majestic empires also landed at the same time. The 'naval ships' became 'floating warships', and the 'Navy' became 'Air Forces'. The troops flew onto the land one after another.

The Alliance Army of Halcyon was mighty.

their military strength had also reached 200 billion.

Finally.

The 'Sea Dragon Sea area' in the Eastern Region.

There was only one 'dynasty of the sea,' called the 'Sea Dragon Dynasty'. The 'Sea Dragon Dynasty' had completely unified the entire sea Dragon Sea area and was the top dynasty.

They had gathered an Army of 400 billion soldiers.

They marched towards the central region.

Buzzzzzz! Buzzzzzz!

In the sky.

The mechanical space Station base and the interstellar space Station base had captured the images of the sea legions in the northern, Western, and Eastern regions and transmitted them to the '01 interstellar base'.

“Chief sovereign.”

After ‘Hidden Dragon’ in '01 interstellar base received the news, he immediately sent a message to Jiang Li through the interstellar mechanical space Station base and reported, ” traces of sea fleets have been discovered around the shores of the northern three-Emperor Sea region, the eastern sea Dragon Sea region, and the Western Halcyon Sea region.

“They’ve already landed.”

“Among them.”

“The Allied forces of the three Emperor Sea region and the halcyon Sea region have reached 200 billion. The sea Dragon Dynasty of the sea Dragon Sea region has sent out 400 billion troops.”

“The total number of enemy troops has reached eight hundred billion.”

“The ocean Empire.”

Jiang Li’s expression darkened. the fleet in the sea has a total of 800 billion soldiers.

“Hidden Dragon,”

” report the direction of the army in the three seas immediately, ” jiang li ordered.

“Yes.”

yes. Qian Long replied, ” it can be confirmed that the three emperors ‘Allied army, Halcyon’s Allied army, and the sea Dragon Army are all marching toward the’ central region of the Holy peace Region’.

“Immediately activate the interstellar mechanical space Station base. 500 billion meches, destination: The northern coast of the Holy peace Region.”

” the western and eastern territories of saint peace state are not important. it doesn’t matter even if they are lost, because only the northern territory of saint peace state is the main base of the great xia dynasty. ”

it’s enough to send out 500 billion mechanical soldiers to stop the Allied army of the three emperors.

...

“As for the halcyon Alliance Army and the sea Dragon Army, let them come to the central region.”

I can’t stop the dynasty’s Army from the three Seas.

“Yes, sir.”

” understood! ” hidden dragon quickly replied.

Buzzzzzz!

‘Interstellar mechanical space Station base’ activated.

An invisible spatial light beam descended and covered the ‘interstellar mech factory’ of the ‘01 army base’. Then, spatial fluctuations appeared.

The ‘500 billion meches’ in the factory were all teleported away.

The scene changed.

In the sky above the northern coastline.

Not long after the Allied army of the three emperors landed.

...

The ocean Emperor, Meng long, and Penglai.

The three emperors of the sea realm gathered together. The marching army formation was activated, covering the entire Army. They led the Allied army of the three emperors and advanced at full speed.

Suddenly.

Right in front of them.

Five hundred billion meches appeared out of thin air. They appeared very suddenly without any signs.

He was teleported over.

“!!!”

Neptune’s pupils contracted.

BOOM! BOOM! boom!

The next moment.

the mechanical army immediately launched an attack. countless cannons, cannonballs, energy missiles, and even nuclear light balls bombarded the allied army.

“It’s the ‘mysterious Army’ that invaded the ‘three-Emperor Sea area’.”

“It’s Yingluo, it’s them!”

“Be careful!”

“prepare for battle!”

“Set up the formation!”

Meng long, Peng Lai and the others roared loudly.

Buzzzzzz! Wuwuwuwuwu!

“Roar!”

As the Army formation was activated, endless military killing intent gathered and shook the surroundings. Because of the lack of time, they could only set up a Grade 7 army formation.

they formed several huge battle beasts.

It roared in the sky.

“Rumble!”

the mechanical army's bombardment had already arrived. as the explosion occurred, countless flames shot into the sky. the entire sky was covered by the dazzling explosion.

BOOM! BOOM! BOOM!

Extremely dense firepower.

He didn't even stop for a second.

"Ah!"

a miserable scream rang out.

the terrifying firepower continued to bombard the type 7 army formation, and even if they could defend against the firepower, it would still consume a huge amount of energy.

Many of the soldiers suffered from the backlash.

They all died.

The most important thing was ...

The mechanical Army's bombardment did not stop for a moment.

Terrifying!

It was extremely terrifying!

The firepower network formed by a 500 billion mechanical Army was too terrifying.

“Damn it!”

Neptune’s pupils contracted as he roared, “Do it!”

BOOM!

the ocean emperor let out a long roar, and the true dragon of national aura appeared. it rushed out of the army formation, facing the cannons and nuclear explosions in the sky, and charged at extreme speed.

kill!!!

The blue blade light tore through the mechanical Army’s net of fire.

At the same time.

Meng long and Penglai, the two emperors of the sea realm, made their moves and rushed forward. Their type 8 combat abilities burst forth, and terrifying attacks exploded, blocking the bombardment of the mechanical Army.

“condensed light beam!”

At this moment.

from the mechanical army.

it was a huge ‘planet-level space combat vessel’. there were about 50000 of them, forming a terrifying fleet.

Shua! shua! Shua!

A total of 50000 ‘planet-level space combat vessels’ released their most powerful ‘energy beam’ at the same time, gathering nuclear energy and condensing it into a light beam.

It seemed to pierce through space.

The pitch-black ‘condensed light beams’ were like ‘interstellar railguns’, blasting toward Neptune, Meng long, Penglai, and the others at the same time.

“!!!”

The pupils of Neptune and the others contracted.

block it!!!

“Ah!”

Buzzzzzz! “Whoosh!!!”

In that instant.

They manifested their National aura Saint weapons, forming light shields in front of them. 50000 ‘condensed light beams’ bombarded the light shields.

Bang Bang Bang Bang!

an explosion sounded.

Beams of condensed light exploded.

Kachaa! kachaa!

Cracks began to appear on the light shields.

“Rumble!”

In the end.

All the light shields exploded, but they still blocked the 50000 condensed light beams.

One had to know.

The power of each ‘condensed light beam’ was enough to penetrate a planet.

50,000 in total.

Its power could be said to be ‘heaven-destroying and earth-destroying’.

However ...

The three rank eight sovereigns joined forces.

it was still blocked.

however ...

Neptune and the others were also exhausted. Their faces were pale, and the energy in their bodies was almost exhausted.

“Seventh rank! 50,000 type 7!”

Neptune’s pupils contracted, and a look of fear appeared on his face.

“The Imperial court! This must be the Imperial dynasty!”

Meng long shrieked in fear.

Penglai looked terrified. there are millions of Level 6s and 50000 Level 7s. Moreover, the weakest of the enemy's soldiers is actually a level 2s. Who else can send such an Army other than the Imperial dynasty? ”

“The other party must be from the Imperial dynasty!”

the Emperor dynasty from Saint peace state is actually interfering? ”

“Condensed light beam!”

“Whoosh!”

The ‘mechanical Army’ did not give Neptune and the others any time to catch their breath. The 50000 planet-level space combat vessels attacked again, releasing 50000 ‘condensed light beams’.

It pierced through.

Buzzzzzz!

At this critical moment.

The grade 8 army formation was formed.

It turned into an ‘army formation space’.

It blocked all fifty thousand energy beams.

“ah!”

A large number of soldiers suffered from the backlash of the grade 8 army formation.

He screamed again and again.

There were countless deaths and injuries.

“Retreat!”

“All troops, retreat!” Neptune shouted.

with the Emperor dynasty interfering in ‘holy peace Region’, if we charge in again, we’ll just be sending ourselves to our deaths. Compared to the Emperor dynasty, we’re just slightly bigger ants.

“Take advantage of the fact that they haven’t sent a powerhouse of the eighth step over yet! Hurry up and run!”

Meng long and Peng Lai quickly gave the order to retreat.

Hence.

The three-Emperor Alliance Army used the ‘grade 8 army formation’ to resist the bombardment of the ‘mechanical Army’, and they escaped from the northern region of the Holy peace Region at the fastest speed, returning to the three-Emperor sea realm.

He fled in panic.

It could be said that ...

As soon as the Allied army landed, they were stopped by the ‘mechanical Army’. Jiang Li had once sent the ‘mechanical Army’ ‘to search for resources in the’ three-Emperor Sea area’, so he left a deep impression on Neptune and the others.

As soon as the ‘mechanical Army’ appeared and displayed its terrifying strength, Neptune and the others were scared out of their wits, thinking that the ‘mechanical Army’ came from the unknown ‘imperial dynasty’.

In the end.

He left behind billions of soldiers ‘bodies and escaped.

In reality.

If Neptune and the others were not scared away and fought with Jiang Li’s mechanical Army head-on, they would have been able to defeat the three emperors ‘Allied army.

Although Jiang Li’s mechanical Army was twice the size of the three emperors ‘Allied army and was much better in quality, he still had a lot of soldiers.

but ...

The three emperors ‘Allied army relied on the power of the’ grade 8 army formation’, in addition to the fact that Neptune and the others were grade 8 powerhouses.

In the end.

Even if Jiang Li’s ‘mechanical Army’ could win, they would have to pay a heavy price. 90% of the 500 billion meches would be destroyed.

“chief sovereign.”

I’m back. Qian Long reported to Jiang Li. the ‘Allied army of the three emperors’ has been defeated.

“Alright,” he said.

Jiang Li was relieved.

At the same time.

the alliance army of halcyon and the sea dragon legion were unobstructed as they approached the central region of the holy peace region.

“Roar!”

The Azure Dragon of great Xia let out a series of Dragon roars. The fate of the nation trembled slightly, but there were no major changes.

Obviously.

the base camp of the great xia dynasty was in the north. although the west and east were invaded and their territories were occupied, it did not have a great impact on the fate of the great xia dynasty. it was only a slight shock.

“Roar!”

Suddenly.

At this moment.

A shocking change happened.

Di Long’s face changes color greatly. The four-clawed Black Dragon rushes out of his body and roars continuously. The National aura starts to shake violently.

The Emperor Dragon barbarian dynasty was obviously different.

the imperial allied army of the tuoba sea had invaded the southern land. the base camp of the emperor dragon barbarian dynasty was in the southern land. therefore,

after the enemy invaded and their territory was captured, the fate of the country immediately shook violently.

“Now.”

BOOM!

Wutian raised his head, a crazed look on his face. He transformed into a ‘winged Thunder Dragon’, roaring and gathering all his strength, he charged at di Long. di Long, I’ve been waiting for this opportunity for a long time!

Chapter 654 The sacred tablet

Wutian had anticipated that the dynasty legions from the four Seas would invade Saint peace state during the final battle between the three races.

However ...

He didn’t know when the Army of the sea dynasty would invade.

so,

Wutian had been holding on and waiting.

they were waiting for the moment when the allied army of the ‘tuoba sea’ would invade the southern territory of the holy peace region.

One had to know.

The base of the Emperor Dragon barbarian dynasty was in the southern Territory of the Holy peace state.

In addition, di Long had already led all the Barbarian troops to the central region of the Holy peace state. As a result, the Emperor Dragon barbarian dynasty had no barbarian troops to defend the dynasty.

therefore, after the southern territory was invaded by the allied army of the sea dynasties, the southern territory was invaded by the sea.

they lost their territories one after another.

The Barbarian tribes in the southern Territory were also massacred by the Allied forces of the Tuoba sea.

This has caused the Imperial Dragon barbarian dynasty's National aura to shake violently. Di Long, who is protected by the true dragon of the National aura, has naturally suffered the backlash of the National aura and his breath has become unstable.

Pfft!

Di Long even coughed up blood from the backlash.

His face was pale as a four-clawed Black Dragon appeared and circled above his head. The National aura was trembling violently and the true dragon let out a painful roar.

kill!!!

Wutian's attack was already on its way. His huge body was as fast as lightning.

The lightning law, the power of bloodline, the power of the nation's fate, and the power of the three sacred weapons of the Empire's National fate quickly fused into one.

In the end, he also had the amplification of the grade 8 military formation-lightning magic Domain.

“Lightning dragon’s breath!”

“Roar!”

Wutian roared. He had already transformed into a ‘winged Thunder Dragon’. He opened his bloody mouth and let out the terrifying Thunder Dragon Breath again. Countless bolts of lightning flashed and quickly gathered.

It was like an extremely thick pillar of purple lightning.

It pierces through di Long.

“Dark magic Domain!”

“Whoosh!!!”

It was a critical moment.

The ‘grade 8 formation’ of the Barbarian Army started to work quickly. Endless darkness was born, and it finally formed a huge black Sun hanging in the sky.

it emitted an infinite amount of light.

“BOOM!”

In that instant.

Wutian’s Thunder Dragon Breath pierced through the air and hit the pitch-black Sun formed by the ‘grade 8 military formation-dark magic Domain’.

The two sides collided.

An earth-shattering explosion rang out as boundless light and boundless energy wreaked havoc, as if space itself was being torn apart.

It shook the heavens.

Bang Bang Bang Bang!

The light of the energy kept exploding, forming a dazzling flame like fireworks. The sky was filled with black light and purple light intertwined.

boom!

In the end.

the black sun exploded. the thunderbolt dragon breath shattered it and penetrated the entire dark magic domain. it could not withstand wutian's full-power strike.

This was obvious.

The 'grade 8 military formation-dark magic Domain' was indeed very powerful, but it was only a grade 8 military formation after all, and it couldn't block the power of a Grade 9.

“ah!”

Di Long shrieks miserably. The remaining power of the Thunderbolt Dragon Breath hits his body, tearing apart his layers of defense.

Di Long shrieks miserably again and again. He spits out blood and keeps staggering backward.

At the same time.

Kachaa! Kachaa!

After the Black Sun exploded and the ‘domain of darkness’ was pierced through, the ‘domain of darkness’ started to gradually shatter.

Cracks began to appear in the entire rank 8 ‘battle formation space’.

BOOM!

Immediately after.

‘Grade 8 army formation-dark magic Domain’ ultimately couldn’t hold on and completely exploded and shattered.

...

wutian had broken through the grade-8 formation.

The aftershock of the explosion shook the surroundings, and a vast energy storm swept through the surrounding space.

It was the first time Jiang Li had seen a level-eight battle formation being broken. It was like a small world was being destroyed.

It was as if space had collapsed.

“Ah!”

Countless barbarian soldiers screamed and vomited blood. Some of them even bled from their seven apertures. They fell straight down and died from the backlash of the battle formation.

There were many casualties.

To tell the truth.

Jiang Li didn't expect that Wutian would do this. He was waiting for the Army of the sea Empire to invade and for di Long to be killed by the fate of the country.

The most important thing was ...

Looking at the situation.

...

It seemed like Wutian was about to succeed.

“Get ready to attack.”

Buzzzzzz!

Jiang Li took a deep breath and stared at Wu Tian and di Long. He activated the Emperor path array, the power of the nation fate, and the three nine-Dragon Dynasty sacred weapons.

In addition.

Wang Gang and the others were also gathering their strength.

For Jiang Li.

It didn't matter if he killed Wu Tian or di Long, the result would be the same. Jiang Li wanted to kill either of them.

“Kill!”

Wutian took advantage of his victory to pursue di Long. Purple Thunderbolts flickered and his thunder wings flapped. He streaked across the sky like a bolt of lightning, heading straight for di Long.

“Roar!”

The Dragon’s Roar shook the sky.

Wutian reached out his Dragon Claw, which was wrapped in countless Thunderbolts, and slashed at di Long.

BOOM!

An explosion sounded.

Di Long is sent flying by the claw and spits out a mouthful of blood.

“Wutian!”

di long quickly steadies his body. he raises his head, but there is no panic on his pale face. he shouts loudly: don’t think that you’re the only one who anticipated the invasion of the Sea Empire.

“I’ve prepared for this.”

“The country guarding sacred stele!”

BOOM!

As soon as he finished speaking.

Di Long makes a wave of his right hand and takes out a pitch-black ‘sacred tablet’.

The words “nation guarding sacred stele” were carved on the stele.

Obviously.

This was a sacred weapon of National fortune, a special type of sacred weapon.

It was similar to Jiang Li's emperor's crown.

however ...

The emperor's crown could give Jiang Li the emperor's power temporarily.

moreover, it was a one-time special holy weapon.

The 'nation protecting sacred tablet' was completely different. Its purpose was to 'suppress the fate of the nation'.

It could be seen.

When di Long uses the "nation protecting sacred stele," the Empire's fate energy, which has been shaking non-stop, is immediately stabilized.

"Roar!"

The 4-clawed Black Dragon roars and fuses with di Long's body again.

"kill!"

boom! boom!

Di Long roars. His totem power bursts out and various forces fuse together, slashing out many saber lights.

he had stopped wutian's desperate attack.

"The country guarding sacred stele."

Wutian's face darkened. I can't believe you have such a thing.

"Detestable!"

Wutian's expression was grim, and he was in a bad mood.

"Sure enough, di Long still has a backup plan."

seeing this, jiang li didn't rush to attack. he thought, " it's indeed extremely difficult to kill a rank nine Emperor.

Wutian must have a hidden card.

One had to know.

Whether it is di Long or Wutian, they have gone through too much to reach their current position and status.

It could be said that he had gone through danger after danger and predicament after predicament.

in other words.

they were all characters blessed by destiny and luck.

He wanted to kill them.

It was extremely difficult.

Originally.

Wutian had taken advantage of the turbulence of the Imperial Dragon barbarian dynasty's fortune to injure di Long.

He wants to kill di Long.

As a result, di Long takes out the 'country guarding sacred stele' and stabilizes the situation.

“Go!”

let's go. Jiang Li's eyes lit up. He waved his right hand and ordered Wang Gang and the others to attack. Wang Gang and the others quickly joined di Long and charged at Wutian.

“you bastard!”

go! Wutian shouted. The sea of lightning expanded, and countless Thunderbolts struck Wang Gang and the others.

“Set up the formation!”

Di Long shouts.

“Yes!”

“Roar!”

Buzzzzzz!

Another ten Grade 7 army formation beasts fused together.

there was a dazzling light that covered the sky.

Immediately.

Countless black blade lights appeared.

It filled the sky.

In the end, it formed the grade 8 army formation-black light blade realm.

The setup was a success.

“Kill!”

Di Long roared and charged at Wutian. A fierce battle broke out.

Jiang Li followed.

Basically, di Long will be the main force and Jiang Li will help from the side.

If there was a chance, he would attack. If there was no chance, he would avoid it.

At the same time.

WMS01's evolution progress was slowly increasing.

On the other side.

Three-Emperor Sea area.

After the ocean Emperor and the others fled from the North, they fled back into the sea.

Soon after.

Neptune and the others contacted the Allied forces of the other three great sea dynasties and informed them of their speculations.

“neptune, do you think they’ll listen to us and leave?”

meng long asked.

“i don’t know,”

Neptune shook his head. we’ve already done our best anyway.

“That’s right.”

Penglai nodded and said,”regardless of whether they retreat or not, I will definitely retreat.”

not only do I want to leave, but I also want to take the entire Penglai Empire away from the three-Emperor sea realm and leave the Saint peace state completely after I return to the Penglai Empire.

otherwise, when that unknown Empire takes over the Saint peace state, they will definitely clear the surrounding Sea area.

“If I don’t take this opportunity to escape, I’m afraid I won’t be able to escape again.”

“That’s reasonable.”

Neptune nodded.

“When the time comes, we’ll escape together.”

Meng long said.

on the other side.

In the southern region of holy peace state.

In the three great dynasties of the Tuoba sea.

Mountain river Empire, mo Yue Empire and Tuori Empire.

The Alliance Army of the three great Ocean dynasties had already landed in the southern Territory of Saint peace state.

Furthermore ...

The number of soldiers in the Allied army had reached the level of 300 billion.

Without the obstruction of the Barbarian Army, the Tuoba Alliance Army had a smooth journey. They conquered cities and cities of the Barbarian race.

He had also slaughtered a large number of barbarian creatures.

“laughable.”

the emperor of the mountain river empire, ba shanhe, sneered. ” you’ve all received the news from the ocean emperor and the others, right? ”

“yes.”

The Emperor of mo Yue Empire nodded, yes. They said that an unknown Empire is involved in the Holy peace state.

“Haha!”

Tuo yang, the Emperor of the tuo Ri Dynasty, laughed. do you believe it? In any case, I don't believe it. ”

“What imperial dynasty? I think Neptune and the others are too timid.”

“That's right.”

ba shanhe nodded. ” don't worry about the ocean emperor and the others. based on our current speed, we will definitely reach the central region of saint peace state before tonight. ”

” i estimate that the halcyon alliance army and the sea dragon army will arrive at the same time. ”

when the time comes, our three armies will successfully join forces. We will definitely be able to exterminate the barbarians, humans, and demons in the Holy peace state.

Other than that.

The Western and Eastern regions.

Halcyon's Allied army and the sea Dragon Army had also received the news from Poseidon and the others.

However ...

They ignored him.

They didn't believe what Neptune and the others said at all. In their opinion, it was impossible for the Emperor dynasty to meddle in Saint peace state.

They had never received such news.

## Chapter 655 Demon God

time passed.

Evening came.

The sun was gradually setting.

The sky was also quickly turning dark.

Dusk arrived.

the setting sun covered the sky like a burning cloud.

At this very moment.

The war between the three races had lasted for a full day and night.

Jiang Li, di Long, and Wutian never stopped fighting. They also fought for a day and a night.

During this period.

Jiang Li didn't know how many times he had healed Wang Gang and the others.

wutian and di long took high-grade elixirs again and again to refine the medicinal power and recover their energy.

Not only that.

Jiang Li also took some pills to recover his strength.

in addition.

The armies of the three races had fought until now and had suffered countless casualties.

The low-level soldiers died the most.

The total number of casualties from the three races was estimated to be around 200 billion.

Shua!

jiang li had an idea.

he opened the information of myl01, ssts01, and wms01 to check their evolution progress.

now.

Their evolution progress had all increased from 20% to 50%.

It had already reached half.

“Alright!”

it's almost there. Jiang Li was overjoyed and even excited. I'm halfway there. If everything goes well, I should be able to increase my evolution to 100% after tonight.

Thinking of this ...

Jiang Li suppressed his excitement and calmed himself down.

“Ahem.”

Wutian coughed a few times and wiped the blood from the corner of his mouth. lightning flashed around him as he sneered, ” di Long, Jiang Li, it seems like you can’t kill me with your abilities.

Wutian, stop talking big. Look at you. You’re like an arrow at the end of its flight. I’m afraid you can’t hold on any longer.

“Hurry up and use whatever trump card you have.” Di Long shouts.

“otherwise, i’m afraid you won’t even have the last chance to make a move.”

“.....”

Jiang Li remained silent.

“An arrow at the end of its flight?”

Wutian threw his head back and laughed. are you talking about yourself, di Long?  
”

“Kill!”

BOOM!

Wutian thrust his spear forward, and the lightning Spear radiance pierced through the sky.

It pierces through di Long.

Clang!

Di Long blocked Wutian's spear with his saber.

Clang!

"die!" Jiang Li took the opportunity to slash at Wutian. A huge sword light fell from the sky, but Wutian dodged it.

"Rumble!"

Jiang Li's attack missed. The sword light landed on the ground and created a bottomless abyss.

Shua! Shua!

At this moment.

Di Long and Wutian suddenly stopped at the same time. They quickly retreated, putting a great distance between them.

They then returned to their respective armies.

He looked into the distance.

"They're here."

...

hmm? "Jiang Li narrowed his eyes and looked into the distance.

"Rumble!"

A loud boom resounded through the sky from the South, West, and East.

Three directions.

He appeared in the three great armies.

Countless warships appeared and surrounded them.

In the end.

The three armies had gathered together.

Halcyon Sea region and Tuoba Sea region.

And the sea Dragon Army.

The three armies were gathered.

...

Their military strength had reached a total of 900 billion.

If ...

If Neptune and the others did not escape, there would be an Army of 200 billion soldiers in the three-Emperor Sea area.

the total military strength would reach the point of a trillion.

“The ocean Empire.”

wutian’s eyes were cold as he said, ” “They’re really fast.”

I thought I could kill di Long and Jiang Li before you arrived, so I could use the Fortune of the human and barbarian race to promote to an imperial dynasty.

“I miscalculated.”

“The Tuoba Alliance Army.”

Di Long’s face is gloomy. He looks coldly at tuo RI and his brothers, his eyes containing a strong killing intent.

“these dynasties of the sea are all made up of mixed-blood alien races.”

Jiang Li looked at it and thought to himself.

Among them.

Half-beasts, demon dwellers, and barbarians occupied the majority.

Other than that.

There were also demons, barbarian monsters, Devils, and so on.

Jiang Li didn’t see any humans or ghosts, nor any demigods.

“Nearly 900 billion soldiers.”

Jiang Li took a deep breath. the dynasty of the sea is indeed not friendly.

“Roar!”

A deafening Dragon’s Roar resounded.

BOOM!

From the sea Dragon Army, a huge blue true dragon soared into the sky.

It was 90000 meters long.

On the head of the four-clawed Blue Dragon stood a young man with silver hair.

A blue radiance flashed.

it spread all over his body.

it had a pair of blue wings on its back, containing divine might.

Other than that.

It also possessed the bloodline power of the demon race.

Demon God.

This was a 'Demon God'.

A mixed-blood alien race born from the Union of the demon race and the celestial race.

He controlled the bloodline of the monster race and the divine power of the God race.

After the fusion.

It produced 'Demon God Power'.

He was the Emperor of the Sea Dragon Empire of the 'Sea Dragon Sea area' of the eastern sea-the sea Dragon God.

his cultivation was at the early stage of the ninth rank.

He was very powerful.

“Wutian.”

The sea Dragon God clasped his hands behind his back. His eyes looked calm, but there was an unforgettable hatred in the depths of his eyes. I've returned. I've kept my promise and come to take your head.

“Are you ready to welcome death?”

“.....”

Wutian stared at the sea Dragon God with a serious look. Who are you? ”

“Hahahahaha!”

hahahahaha! the sea Dragon God laughed. it's been 10000 years. You've really forgotten.

“Who are you?”

Wutian asked in a deep voice.

“Wuxin,”

“The great-granddaughter you killed with your own hands,” the sea Dragon God replied.

“.....”

Wutian was stunned for a moment. He was lost in his memories. When he came back to his senses, he shouted, ” “It’s you, you vile spawn, you actually didn’t die!”

how can I die before I kill you?!

Wutian! the sea Dragon God shouted. you’ll pay for what you’ve done today!

“A vile spawn will always be a vile spawn.”

Wutian snorted. you’re still boasting.

“Sea Dragon Army, hear my order.”

The sea Dragon God didn’t say anything more. He waved his right hand and shouted, ” ” all troops, get into formation! kill! ”

“BOOM!”

“Kill!”

“All troops, charge!”

“set up the formation!”

The soldiers of the sea Dragon Army shouted, and the Army of 400 billion charged at Wutian Imperial Army.

“attack!”

all troops listen up, follow the sea Dragon Army, Halcyon Alliance Army, kill!!!

“Kill them!”

Immediately.

ba shanhe, tuo ri, mo yue, zhong mo, chao tian and ming yue.

The six emperors of the sea realm roared in unison as they charged forward.

“Damn it!”

“These sea legions!”

damn those mixed-blood aliens, all of you should die!!

“Kill them!”

Fu Tianqing, man Wuji, Lord Chi, and the others all had gloomy expressions. Their faces were filled with anger.

At this moment.

The entire battlefield of the central region.

Due to the appearance of the sea Alliance Army, the entire battlefield fell into complete chaos.

They fought and killed each other.

it was chaotic.

The number of casualties rose rapidly.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

myl01, ssts01, wms01.

The three perfected-stage level eight special meches used their devouring evolution talent to absorb a large number of souls on the battlefield.

the speed of his evolution had increased significantly.

Obviously.

For Jiang Li, the appearance of the Allied army was a good thing.

“Wutian.”

The sea Dragon God let out a long roar, and the Blue Dragon under his feet disappeared and merged into his body, increasing his strength.

“Die!”

BOOM!

The sea Dragon God’s palm struck down, and it was as if the endless sea water had condensed into a palm print that covered the sky, like a star.

He went for Wutian.

“Break!”

BOOM!

Wutian thrust his spear forward, and lightning pierced through the sky, blocking the sea Dragon God's attack.

“.....”

Di Long's eyes glitter. He is considering whether he should take this opportunity to attack.

the Emperor of the Sea Dragon Dynasty is a Demon God. He seems to know Wutian.

Jiang Li looked at the sea Dragon God and Wutian and thought to himself, "there must be more to this.

In reality.

The origin of the 'Sea Dragon God' was not mysterious. He was from the 'Wutian demon dynasty'.

Ten thousand years ago.

There was a Protoss hiding in the Wutian demon dynasty to avoid his enemies.

After that.

The Protoss was acquainted with Wutian's great-granddaughter, Wuxin.

Wuxin didn't know where this God came from, nor did she know that he was a God.

In order to perfectly integrate into the Wutian demon dynasty, this Protoss had avoided the enemy.

hence.

They would put on a show of ‘love between demon and God’.

However ...

The final result was tragic.

Not only had that God recovered from his injuries, but his cultivation base had also improved.

after that.

The God left and returned to his ‘divine Kingdom’.

wuxin, who was pregnant, was left.

wuxin had given birth to the sea dragon god, but found out that her son was a demon god, a mixed-blood alien race. she was terrified.

However, he didn’t want his own flesh and blood to die, so he secretly raised the sea Dragon God.

However ...

there was no such thing as an impervious wall in the world.

When the sea Dragon God was nine years old.

The secret was exposed.

Wutian flew into a rage and killed Wuxin with his own hands.

Under the protection of Wu Xin, the sea Dragon God escaped from the Wutian demon dynasty with his life.

and now.

Ten thousand years had passed.

the sea dragon god went from being a 'bastard' to an emperor, unifying the entire sea dragon sea region and establishing the sea dragon empire.

His cultivation base had even reached the early stage of the ninth rank.

"It's time."

Jiang Li looked at the chaotic battlefield. Wutian was busy with the sea Dragon God. Di Long was the only one left on the battlefield who was at the early stage of level nine.

"Mechanical Army, move out!"

jiang li took a deep breath, waved his right hand, and gave an order.

Buzzzzzz! buzzzzzz! Buzzzzzz!

Immediately.

From the '01 interstellar base', countless meches rushed out like an endless sea of machines.

In the blink of an eye.

More than a trillion meches appeared, filling the sky above the battlefield.

It was overwhelming.

There were simply countless of them.

He couldn't even see the end of it.

“What?”

Di Long's eyes pop out and his pupils shrink. He shrieks in shock: how can the human race have such a terrifying Army?!

“this bi an ...”

Tuo RI and the others widened their eyes in shock.

“What a terrifying Army.”

“There are too many soldiers.”

“It's at least a trillion,”

this is definitely an Army on the scale of the Empire!

mo yue, zhong mo, and the other emperors said in shock.

“Hahahahaha!”

“This is great! His Majesty has finally dispatched this Army!”

“The Xia Emperor is invincible!”

“If we still don’t send them out, our great Xia Army will really be unable to hold on.”

Lin Tianjian, Wu Wuji, and the others all heaved a sigh of relief. They were extremely excited.

“Attack!”

Jiang Li waved his hand.

“BOOM!”

The next moment.

The trillion-dollar mechanical Army opened fire at the same time, and the firepower that covered the vast sky covered half of the battlefield.

Jiang Li’s mechanical Army showed Wan Ling his ferocious and terrifying side.

Chapter 656 The battle

Countless flames, cannons, and missiles soared into the sky, and the laser beams formed a scene that was like a Galaxy.

All of them were blasted toward the battlefield in the central region.

“Be careful!”

“This is a Kasaya.”

“Avoid them,”

there are too many of them. We can't avoid them, and it's impossible to avoid them.

“Then let's blast them to pieces!”

“Set up the formation! Use the Army formation to block!”

On the battlefield.

Countless living beings 'pupils shrank as they stared at the cannon fire falling from the sky. They roared furiously and unleashed all kinds of techniques.

One had to know.

The attack of Jiang Li's mechanical Army covered half of the battlefield, including the barbarians, monsters, and the Army of the sea dynasty.

Bang Bang Bang Bang!

The sound of explosions continued.

All the creatures on the battlefield unleashed their attacks. There were totems, beams of light formed by the power of bloodlines, and all sorts of attacks from the mixed-blood alien races.

There were also light beams from formations.

It formed a sky full of flowing light.

The attacks of these living beings collided with the cannonballs, energy missiles, laser beams, and even the balls of light from the nuclear explosions.

“Rumble!”

an earth-shaking explosion resounded throughout the entire central region. one could see the brilliant flames of the explosion filling the sky.

The aftermath of the explosion swept through the surroundings.

however ...

These creatures 'attacks had only blocked a small portion of the fire. Nearly 70% to 80% of the fire had not been blocked and had fallen.

after that.

Buzzzzzz! "Whoosh!!!"

the army formation was activated.

The grade 8 army formation worked with the grade 7 army formation, forming an 'army formation space' and a huge army formation beast that was ten million meters long, blocking the bombardment of the mechanical Army.

This time.

The sound of the explosion was at least several times louder than before, and the energy flames that soared into the sky were endless, reaching the degree of millions of miles.

It was extremely terrifying.

"ah!"

A miserable scream rang out.

there were countless living beings on the battlefield who screamed and spat out blood. some even bled from their seven orifices, while others were sucked dry by the grade 7 and grade 8 formations.

There were countless deaths and injuries.

Shua! Shua! “Whoosh!”

Immediately.

From the battlefield.

Soul Fire Seeds of different colors flew out of the bodies and formed a Flood of Fire Seeds that rushed toward Jiang Li like a rainbow.

Then, he captured them all.

[ acquired a first-stage soul Tinder! ]

.....

[ acquired a Tier 5 soul Tinder! ]

.....

In front of him.

A series of notifications popped up.

“Alright,” he said.

jiang li smiled.

With a thought.

He closed the notification window.

In reality.

The tier 7 and 8 formations were very powerful, and they covered a wide area, able to block any long-range attacks from tier 7 and 8 and below.

Even ...

The power of the Army formation could also form an extremely strong suppressive effect.

...

BOOM! BOOM! BOOM!

However ...

The mechanical Army's bombardment came one after another without a single second of rest. When the soldiers on the battlefield blocked the first round of bombardment, the second round of artillery fire had already fallen.

“The Grand Xia Dynasty!”

Di Long's pupils contracted and he stared at Jiang Li with shock and anger. how is that possible? How could the great Xia Empire have such a huge and terrifying Army?”

“there are too many soldiers.”

aghast!

di long is very shocked.

This sudden change was completely beyond his expectations.

“As expected,”

Wutian’s eyes were gloomy. He looked at the mechanical Army that suddenly appeared and his expression became uglier. I’m right. Jiang Li really has something up his sleeve.

...

“Tsk, tsk.”

there are over a trillion soldiers, and the weakest one is at Stage 2. How could they hide and only show up now? ”

“Wutian.”

“Where are you looking at?” the sea Dragon God shouted.

“blade light hell!”

BOOM!

In that instant.

The sea Dragon God let out a long roar and released his move. The power of the demon God surged, and the vast blue light condensed into countless water daggers, covering the sky. Like a rainstorm, countless water daggers slashed at Wutian.

“Sea of lightning.”

Kachaa! Kachaa!

wutian shouted.

Endless Thunderbolts manifested and condensed into a vast sea of Thunder. Wutian was in the center of the sea of Thunder. Countless Thunderbolts raged and blocked the sea Dragon God's attack.

The battle between the two sides gradually became more intense.

It could be said that ...

As soon as the sea Dragon God appeared, his goal was to kill 'Wutian'. Although Jiang Li's mechanical Army shocked him, nothing else mattered compared to killing Wutian.

The most important thing was ...

in the sea dragon god's eyes.

No matter how strong the great Xia Dynasty's Army was, no matter how many soldiers they had, they did not have a type 9 powerhouse that could hold the fort. Hence, they were not a cause for worry.

BOOM! BOOM! BOOM!

On the battlefield.

Due to the appearance of the mechanical Army, the battle became even more intense and chaotic. The firepower of the mechanical Army did not stop for even half a second.

“kill!”

“charge!”

“Kill them!”

However ...

The living beings and soldiers quickly reacted.

it could be seen.

Shua! Shua! Shua!

With the type 7 army formation, they resisted the bombardment, and the battleships charged towards the mechanical Army, clashing with each other.

buzzzzzz! Buzzzzzz!

The stage 7 and stage 8 army formation immediately suppressed the strength of the mechanical soldiers.

“Set up the formation!”

BOOM!

Wu Wuji, Lin Tianjian, and the others roared, and the Army formation started to move. They set up a Stage 7 and stage 8 army formation, covering the mechanical Army.

This way ...

the suppression of the enemy’s formation was offset.

Bang Bang Bang Bang!

in the sky.

the barbarian soldiers and the mixed-blood alien soldiers were fighting the mechanical soldiers in close combat. the shells and missiles were all blocked by the mechanical soldiers.

Their powerful personal strength clashed head-on with the technological soldiers.

“Ah!”

A miserable scream rang out.

Many soldiers and living beings had fallen, and their corpses fell from the sky. There were even many floating battleships that had been sunk by the planet-grade space battleships.

Of course.

While killing a large number of enemy soldiers, there were also many mechanical soldiers that were scrapped due to the excessive damage, turning into scrap metal and falling from the sky.

“Seventh rank! A total of 100000 Type 7!”

Lin Tianjian and the rest were excited. ” that’s a class 7 magical beast! there are actually 100000 of them! this is unbelievable! ”

other than that, there are also millions of Grade 6.

“The number of fifth-ranked ones are even more uncountable.”

“Hu ~~ Hu ~ Hu ~”

Wu Wuji took a deep breath and looked at the mechanical Army. “i now understand why lord chi and elder brown chose the great xia dynasty and his majesty.”

“Emperor Xia, you’ve hidden yourself so well!”

Di Long’s face has become extremely gloomy. The killing intent all over his body rises sharply as if it has materialized. He says angrily: kill!!!

Roar!

A Dragon’s Roar resounded.

Jiang Li! di Long flew into the air. He ignored the emperors of the ocean dynasty and charged at Jiang Li. He held the Dragon-headed saber with both hands and slashed out a black saber flare.

the blade light seemed to have split the space in two.

“Star destroying fist!”

BOOM!

Wang Gang made the first move. With a loud shout, the power of the nuclear explosion condensed and compressed. The fist force formed a black fist light that pierced through the sky.

He has blocked di Long’s saber move.

bang!

The aftershock of the explosion sent Wang Gang flying. His military uniform was cut by the knife Qi, and his body was covered in knife marks.

The damage level increased by 10%.

“You think you can stop me with just your eighth-rank cultivation?”

die! di Long roared. Three nine-Dragon level National aura Saint weapons protected his body. With all kinds of energy, he passed Wang Gang and charged at Jiang Li.

Shua! Shua! Shua!

However ...

Before di Long could get close, SSTs01, WMS01, and MYL01, three perfected-stage level eight special meches, blocked his way.

“The cyan Emperor’s sword!”

Clang!

di Long! Jiang Li held the Dragon scale sword and took the chance to slash out. A bright green sword light fell and the sharp sword light was aimed at di Long’s neck.

“You’re overestimating yourself.”

BOOM!

Di Long’s body shook. A black light shot up into the sky and turned into a totem that looked like a black hole. It swallowed and crushed Jiang Li’s Green sword energy.

“Jiang Li.”

“you can’t even imagine a battle strength of the 9th step.” di long shouts.

“Kill!”

BOOM!

Di Long’s figure was like light. The Black Vortex-like totem merged with him and he charged at Jiang Li with overwhelming power.

“Your Majesty, be careful!”

Wu Wuji and the others roared.

BOOM! BOOM!

The next moment.

the level 8 masters of the barbarian and demon race charged towards wu wuji. tuo ri, mo yue, and the other six emperors of the ocean empire also joined the battle.

the four sides were in a chaotic battle.

the shockwaves from the battle seemed to tear the sky apart.

“Star destroying fist!”

“The power of the law of purification!”

“Devouring true eye!”

“The power of the laws of destruction!”

BOOM! BOOM!

Wang Gang, WMS01, SSTs01, and MYL01, the four perfected-stage level eight meches, accumulated their strongest power and used their strongest skills.

They formed four terrifying beams of light that intertwined with each other.

He charges at di Long.

“The laws of darkness!”

Buzzzzzz!

Di Long rebukes. His eyes are burning. The power of the law of darkness intertwine. He raises the Dragon head saber in his hand, ” black light saber realm, convergence of Saber Light, oblivion Saber Strike!

It could be seen.

The Dragon head chief saber was fused with layers of energy. Countless saber lights interweaved and bloomed with infinite light. The surrounding space seemed to be eroded by darkness.

“Slash!”

BOOM!

When di Long slashed, the black Saber Light fell. Jiang Li seemed to see the world falling into endless darkness and purgatory.

It was as if this blade could destroy the world and cause it to sink.

BOOM! BOOM! BOOM! BOOM!

An explosion sounded.

the blade light fell and shattered the attacks of wang gang and the others. the fist force was shattered, the blades and swords were shattered, and the huge devouring magic eye that was like the eye of heaven was also shattered.

BOOM!

There was a loud explosion.

Wang Gang and the others were all sent flying. Their waists were even split open. They were almost cut in half by di Long's saber. The damage they suffered increased sharply.

It was almost scrapped.

“Recover,”

Jiang Li's pupils constricted. He immediately used four energy points to recover Wang Gang and the others.

“Die!”

BOOM!

” jiang li! ” di long's expression was a bit crazy. after the saber light of the sinking sword strike hit wang gang and the others, it was weakened and continued to attack jiang li.

” sovereign control mech, activate! ”

Buzzzzzz! Buzzzzzz!

Jiang Li activated four 'Dominator-controlled meches' at the same time with the help of the 'Dominator's aid'. target: gd01, wms01, ssts01, and myl01.”

Chapter 657 fall

space control.

buzzzzzz!

teleport! Jiang Li's body flashed and he teleported back. teleport!

Jiang Li, you can't escape.

Di Long shouts, "it's useless even if you can teleport!"

control skills: star annihilating fist, law of purification, law of destruction, devouring true eye!

BOOM!

Jiang Li was calm.

First of all ...

Jiang Li used spatial teleportation to increase the distance between them and gained the space to use his skills. He released all four skills at the same time.

"Fuse!"

buzzzzzz!

Jiang Li raised the Dragon scale sword in his hand.

At this moment.

The sword light was boundless.

The Azure Dragon roared.

The star annihilating fist contained the power of the compressed nuclear explosion, the law of purification, the law of destruction, and the law of devouring contained in the devouring true eye.

The four forces were integrated into this sword.

Immediately after.

Jiang Li's power of the three flowers above his head, the power of the Empire's fate, the power of the three nine-Dragon Dynasty's fate Saint weapons, and the power of the level eight Army formation-the infinite sword realm-were all combined.

“Emperor Dao laws!”

In the end.

Jiang Li would use the ‘Emperor path law’ to rule everything and merge all the powers.

“Emperor path sword!”

Clang!

die! Jiang Li shouted and slashed out. A colorful sword light burst out. It was bright and beautiful, but it contained a destructive power.

This sword!

very strong!

It was extremely powerful!

It had already surpassed the eighth rank, and had just barely reached the level of the initial ninth rank.

“!!”

The sea Dragon God, Yu Wutian, could not help but look over.

Because the power of the attack was at the early stage of level nine, it caught their attention and they all looked at Jiang Li.

“Ninth-rank!”

Wutian’s pupils constricted. How did Jiang Li do it? he’s clearly only at the perfected stage of level eight. even with the help of a level 8 military formation, the empire’s fate, a sacred weapon, and the amplification of laws, it’s impossible for him to surpass his cultivation level!”

how is this possible?!

Wutian could not believe it.

“This Xia Emperor is truly powerful!”

The sea Dragon God’s eyes revealed a look of fear, and he said in shock, ” he’s only at the peak of the eighth rank, but he can actually slash out a sword that’s comparable to an initial-stage ninth rank.

“It’s hard to imagine just how powerful he’d be if he broke through to the early ninth rank.”

Obviously.

This was Jiang Li's ultimate attack with the power of four laws, so it was close to the power of the early stage of level nine.

BOOM!

Jiang Li's Emperor Way sword clashed with di Long's oblivion slash. The blade and sword auras clashed and the blade and sword auras kept breaking apart, splashing everywhere.

In the end.

A loud 'boom' was heard.

The sword radiance and the saber radiance exploded at the same time. The white light was extremely dazzling, as if a white sun had been born. The terrifying storm swept in all directions.

Pfff!

The shock wave sent Jiang Li flying.

Jiang Li's face turned pale and blood flowed out of his mouth. He flew thousands of miles away before he finally stabilized himself. He looked up and saw only the dazzling white storm.

"die!"

Shua!

Di Long's face is also slightly pale. The "sinking sword cut" just now consumed a lot of his energy, but he still managed to withstand the aftermath of the explosion and rush out of the white light.

...

“Black Dragon slash!”

The big saber slashed out.

Di Long strikes out a Black Dragon-shaped Saber Light.

“Star destroying fist!”

BOOM!

At the same time.

di Long! Wang Gang and the others had recovered from their injuries. They all rushed to Jiang Li and blocked di Long’s attack.

the fist force exploded.

The Dragon-shaped Saber Light was shattered.

Shua! Shua!

WMS01, MYL01, and SSTs01 were guarding Jiang Li.

...

“damn it!”

Seeing this, di Long’s face becomes extremely gloomy. He clenches the Dragon head saber in his hand, takes a deep breath and immediately takes out a medicinal pill from his bosom.

The totem Mystic technique was activated.

He refined and absorbed the pill.

he recovered the energy he had consumed.

“It’s restored again.”

di long stared at the four meches next to jiang li with a gloomy face. ” almost all of them were cut in half, but they came back to life in a few seconds. ”

“Damn it.”

In reality.

when di long and jiang li were fighting wutian together, he had noticed the difference between wang gang and the others. no matter how badly injured they were, they could recover in a few seconds.

It was precisely because of this.

Wutian was having a hard time.

At that time.

Di Long and Jiang Li were ‘allies’, so he felt very relieved when he saw Wutian being beaten up by Wang Gang and the others.

But now ...

After di Long experienced how difficult it was to deal with Wang Gang and the others, he finally understood how Wutian felt.

“Di Long,”

you’re just at the early stage of level nine, ” Jiang Li said. but you’re not strong enough to kill me. Look at your barbarian Army.

“If you continue to fight with me, I’m afraid that it won’t be long before your barbarian Army is annihilated by the Allied army of the sea Empire.”

“You’re so silly!”

Di Long’s face is gloomy.

It was true.

Di Long didn’t expect Jiang Li to have so many tricks up his sleeve. He was surprised that Jiang Li could reach the early stage of level nine when he used all his strength.

Plus ...

The four perfected-stage level eight meches helped.

It was too difficult for di Long to kill Jiang Li.

unless ...

Di Long is willing to pay a sufficient price.

He had revealed his hidden methods.

Jiang Li, do you think this is my true strength? ”

Di Long shouts.

“Hehe.”

Jiang Li smiled, shrugged, and said, ” “Di Long, how do you know that I’ve used all my strength?”

“Hahahahaha!”

Di Long laughed, ” Jiang Li, what are you talking about? With your cultivation at the great circle of the eighth rank, you must have used all your means to be able to unleash a sword attack comparable to an early ninth rank.”

that sword strike just now was already your limit.

“limit?”

No. Jiang Li shook his head. di Long, you can try!

“.....”

Di Long’s eyes glitter.

He was a little uncertain.

After that.

He looked at the battlefield between Wutian and the sea Dragon God.

At this moment.

The battle between the sea Dragon God and Wutian was getting more and more intense. Both sides were gradually using all kinds of means to display their strong combat power.

They wanted to fight to the death.

Wutian's face darkened. He did not expect the sea Dragon God to be so powerful. The power of the demon God was a combination of the power of the demon and the celestial.

Among them.

The sea Dragon God had inherited the power of the God race: water god, as well as the power of lightning from the winged Lightning Dragon, and had merged the power of lightning into the power of the water god.

From there.

It caused the water to contain lightning.

It was extremely powerful.

Wutian could not take down the sea Dragon God.

Even ...

he seemed to be at a disadvantage.

Buzzzzzz!

Suddenly.

The 'black light saber realm' around di Long starts to shake and fluctuate. This is a sign that the 'rank 8 military formation-black light saber realm' is unstable.

“What’s going on?”

Di Long looks at the battlefield.

It could be seen.

The Barbarian Army suffered heavy losses. They were attacked by Jiang Li’s mechanical Army, great Xia’s Army, and the Allied army of the sea dynasty. The number of casualties rose sharply.

Until now.

Nearly two hundred billion barbarian soldiers had died.

“Bastard!”

BOOM!

Di Long charges directly into the battlefield. With his strength at the early stage of the 9th rank, he’s invincible. He slashes out Dragon-shaped saber beams, killing a large number of mixed-blood aliens.

Immediately after.

Di Long charges into the battlefield of those at the 8th step like a tiger among a flock of sheep. He stares at the Emperor of the Sea realm. He is fighting 6 people at once but is not at a disadvantage at all.

“Be careful!”

“Di Long is a level 9 expert.”

Lin Tianjian, Wu Wuji, and the others said in a low voice.

“Set up the formation!”

“Rumble!”

Tuo RI and the other six emperors of the ocean dynasties, with the help of the power of the six level 8 military formations, joined forces to fight against di Long, but they could only barely stop him.

Defeat and death were only a matter of time.

“.....”

let’s go. Jiang Li stood on the battlefield and looked down at the entire central region. He didn’t send Wang Gang and the others, but asked them to protect him.

buzzzzzz! Wuwuwuwuwu!

wms01, ssts01, and myl01 relied on their devouring abilities to continuously absorb large amounts of remnant souls from the battlefield.

His evolution progress was steadily increasing.

especially when trillions of mixed-blood alien races were involved.

More and more remnant souls were being absorbed.

It directly doubled.

The speed of improvement was even faster.

Shua! Shua!

Jiang Li checked the message.

Their evolution progress had already reached 60%.

At the same time.

After the mechanical Army killed a large number of creatures, Jiang Li captured a large number of soul Tinders and the number of soul Tinders increased rapidly.

Time passed.

The night came quietly.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Suddenly.

The three special meches, MYL01, SSTs01, and WMS01, glowed at the same time.

Only half a night had passed.

It was not yet dawn.

their evolution progress had reached 100%.

“Alright!”

Jiang Li was overjoyed.

“Ah!”

Stage 8 battlefield.

Suddenly, there was a shrill scream.

Jiang Li immediately looked over.

Finally, a type 8 powerhouse had fallen.

Zhong Mo, one of the 6 emperors of the sea realm, came from the Western Halcyon sea. He was killed by di Long.

BOOM!

it could be seen.

Di Long's tyrannical attack has torn apart the level 8 formation of the heavy devil Empire. The space of the formation has been shattered and di Long has broken through the encirclement of the other 5 monarchs and arrived in front of the heavy devil Empire.

Pfff!

after that.

The Dragon head saber slashed down.

The heavy devil's head was chopped off.

Blood splattered everywhere.

The headless corpse fell from the sky.

“Heavy devil!”

The Five Emperors of the ocean dynasties were terrified. They felt a chill as if it went from the soles of their feet to their heads.

He shivered.

The war had continued until now.

Finally, some of the ‘Kings’ were beginning to fall.

Even though ...

It was the Emperor of the Sea Empire who had died.

“Roar!”

The four-clawed Black Dragon rushes out of di Long’s body and roars continuously. It quickly devours the heavy devil Empire’s National aura, absorbing nearly half of it.

It was obvious.

The four-clawed Black Dragon became even more solid.

The power was even stronger.

Furthermore ...

Di Long immediately recuperates from all his injuries and energy with the help of the “blessing of the nation” and returns to his peak state.

Not only that.

di long’s qi has even become a bit stronger.

“Hahahahaha!”

Di Long laughed wildly. He stared at the remaining Five Emperors with a fiery gaze, ” as long as I kill all of you, even if I can’t become an Empire, the energy from the nation fate will be enough to raise my cultivation to the mid-stage of the ninth rank.

“Di Long!”

Wutian looked at it with a grave expression.

BOOM!

The sea Dragon God directly attacked.

“Sea Dragon God, are you just going to watch di Long kill your ally?”

wutian shouted angrily.

“Since you’re so worried about them, why don’t you stretch out your neck and be killed?”

“After I kill you, I’ll be free to help,” the sea Dragon God said coldly.

Chapter 658 siege

“upgrade.”

Jiang Li used 300 trillion energy points to upgrade WMS01, SSTs0, and MYL01 to the early stage of level nine.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

The three meches 'bodies glowed with dazzling light.

A vast amount of energy points flowed into the three meches like a flood.

it was undergoing a transformation and advancement.

A few seconds later.

The light disappeared.

All three special meches had been upgraded.

He had reached the early stage of the ninth rank.

The three special meches didn't seem to have changed much after the upgrade.

Shua! Shua! Shua!

Jiang Li looked at WMS01 and the others 'information.

special troop Type: Mechanical pseudo-Demon God

[ rank: early ninth-rank ]

.....

...

“Surround and kill di Long.”

shut up! Jiang Li shouted and gave an order.

“Yes!”

myl01, ssts01, and wms01 responded to jiang li.

shua! shua! shua!

they cut through the sky like 3 beams of light and charge straight at di long as fast as lightning.

One had to know.

If di Long can successfully kill the Emperor of the ocean Empire and devour the Empire’s fate, he will be able to reach the middle stage of the 9th rank with the help of the energy of the Empire’s fate.

Thus, his strength would increase greatly.

Of course, Jiang Li wouldn’t let di Long succeed. He would stop him.

“Demon God halberd.”

Buzzzzzz!

WMS01 is the first to reach di Long. He has already crossed half of the battlefield.

He waved his right hand.

A purple-black ball of light appeared on his right palm.

The ball of light twisted.

it turned into a huge heavenly halberd, and the body of the halberd was wrapped in a purple-black mist.

“Kill!”

WMS01 “s strike is aimed at di Long’s head with his ancient halberd.

“Who is it?”

di long turns around and sees wms01, especially when he feels the aura that wms01 is exuding.

It had already reached the initial stage of tier 9!

shua!

Di Long retreats to increase the distance between them. Then he quickly strikes out with his saber. A pitch-black Dragon-shaped Saber Light cuts through the air.

BOOM!

an explosion sounded.

The blade radiance and the halberd radiance collided head-on and exploded at the same time.

“Ninth-rank!”

Di Long’s pupils contract and he shouts in alarm: “It’s really a ninth-rank beast.”

Di Long's expression becomes solemn.

“Kill!”

Clang!

SSTs01 charges at di Long like a white beam of light, slashing out a holy sword light.

“Black Dragon imperial decree.”

Buzzzzzz!

di long raises his hands. the ‘black dragon imperial decree’, a sacred weapon of a dynasty at the level of nine dragons, turns into a black defensive light curtain, blocking his way.

Bang!

SSTs01's attack was blocked by the defensive light curtain.

“Nirvana blade!”

“Slash!”

Shua!

It is a black blade light that cuts through the sky. It is the ‘blade of Nirvana’ that has been condensed by MYL01 using his demon spirit energy and Nirvana power. It comes down from the top and cuts di Long straight down.

Bang!

Kachaa!

MYL01's blade slashed at the defensive light curtain formed by the Black Dragon's imperial edict from the front.

The defensive light curtain could no longer hold on.

After blocking the attacks of two early-stage type 9 powerhouses in succession, the defensive screen of light evolved from the Black Dragon imperial decree had reached its limit.

Countless cracks appeared on it, and finally, it exploded with a loud boom.

“ah!”

Di Long yells in pain. He has been sent flying by the shockwave of the explosion, but he quickly steadies his body.

“Bastard!”

Di Long raises his head with an angry expression.

“kill!”

Shua! Shua! Shua!

WMS01 and the others follow up with their victory and quickly surround di Long.

Many sword and saber lights are slashing at di Long.

“Rumble!”

The explosion shook the earth.

A battle between tier 9 experts was truly too terrifying. The shockwaves from the battle seemed to be distorting space itself.

Pfft!

Di Long coughed up blood. He has fallen into a disadvantageous position now that he is fighting 3 enemies at the same time.

“This is an ...”

In the surroundings.

The five sovereigns finally had a chance to catch their breath. They widened their eyes in shock.

“How did this happen?”

Wutian was also stunned. He stared at Jiang Li and WMS01.

His face was filled with shock.

It was hard to calm down.

“Si si si ...”

Man Wuji and the others sucked in a breath of cold air and said in shock, this is too terrifying. This is too terrifying.

“Three! that’s three early ninth rank powerhouses!”

“The Grand Xia Empire has hidden themselves far too deeply. The Xia Emperor has truly hidden himself far too deeply.”

I didn't expect Jiang Li to have such a terrifying trump card.

fu tianqing and the others 'gazes turned grave. they could not calm down from the shock. " we're in big trouble now. "

"Hahahahaha!"

Lin Tianjian and the rest were laughing wildly. They were extremely excited. unbelievable, this is unbelievable.

the three vassals of Emperor Xia are actually at the early stage of the ninth level.

"the xia empire is invincible! The human race would definitely win! Long live the Xia Emperor!"

the soldiers of the great xia army shouted in unison, greatly increasing their morale.

"Good, good, good,"

Lord Chi, Elder Brown and the others said excitedly, " "with these three early type 9 powerhouses, we'll definitely win the final victory in this war."

BOOM! BOOM! BOOM!

At this moment.

On the battlefield.

With countless living beings fighting, the firepower of the mechanical Army did not stop for even half a second.

a large number of living beings died.

WMS01 and the rest of the team were absorbing the mutilated corpses and souls of the players.

Whoosh! Whoosh!

At the same time.

The soul Fire Seeds formed a flood and were all captured by Jiang Li.

“Ah!”

Suddenly.

di long utters a blood-curdling scream. his face is as pale as a sheet of paper. his chest has even been struck by a blade of myl01.

Blood was dripping.

It was a wound so deep that bones could be seen.

His injuries were not light.

Obviously.

wms01 and the others are attacking di long. di long is fighting 3 people at once so he is in a disadvantageous position.

He was already injured.

“Damn it!”

Di Long stared at Jiang Li gloomily. Several times, he tried to close the distance between them and attack Jiang Li, but WMS01 and the others stopped him easily.

He didn't have a chance to get close to Jiang Li.

“Three! There are three type 9 powerhouses!”

di long looks at wsm01 and the others with an extremely gloomy expression. actually, he is already extremely shocked.

It was hard to calm down.

you have to know that they were only at the perfected tier 8 just now!

Di Long says with a gloomy face, “how did they all become early 9th level fighters in the blink of an eye?”

“and there are three of them!”

could it be that they're hiding their strength? but there's no need for that.

Obviously.

Di Long really doesn't want to believe that WMS01 and the others were promoted at the last minute.

Such a situation was almost impossible.

“jiang li.”

di long raised his head, stared at jiang li and yelled, “Don't force me. At most, we'll fight to the death.”

“Hehe.”

jiang li sneered. ” di long, you’re overestimating yourself. ”

“You want to fight to the death?”

“ridiculous.””

“the fish will definitely die, but the net will definitely not break.”

“Kill!”

stop! Jiang Li shouted.

Buzzzzzz! Buzzzzzz!

WMS01 is standing in 3 different directions, surrounding di Long in the middle.

Terrifying energy surged around him.

“Death submerging!”

BOOM!

MYL01 was the first to launch his strongest skill, ‘ninth level low grade death oblivion’.

At this moment.

The black mist around MYL01 was endless.

In the end.

it was as if a ‘grim reaper’ wearing a black cloak and holding a scythe in both hands had appeared.

From afar.

The ‘shadow of death’ was slightly blurry and not solid enough.

“!!!”

Di Long’s pupils shrink. He can feel the terrifying breath of death.

“Demon God awakening!”

Buzzzzzz!

WMS01 shouted and released his strongest skill.

At this moment.

The demonic god bloodline in him had been completely awakened.

an extremely terrifying demonic aura enveloped the surroundings.

“Roar!”

Roars resounded through the sky.

WMS01’s body twisted and turned into a purple-black pupil.

Its diameter had reached ten million meters, which was extremely terrifying.

It floated in the air as if it was embedded in space.

He looks at di Long with his huge pupils.

ah ah ah ah!!!

Di Long shouts. He has felt an extremely terrifying pressure that has almost made him collapse.

He was ready to go all out. He wanted to self-destruct his totem image to fight with all his might.

Buzzzzzz! Buzzzzzz!

A black mist of light spread out, and a vortex-like Dharma power that resembled a black hole appeared.

BOOM! BOOM!

The totem starts to expand. Di Long's Qi is getting stronger.

“Di Long!”

Buzzzzzz!

Suddenly, at this moment.

there was an obvious fluctuation in the space, and a figure in a black windbreaker appeared out of thin air.

Shua!

His figure flickered.

The other stands beside di Long.

“di long, we’re not in a desperate situation yet. the price of self-destructing your totem is too great.”

The figure in the black windbreaker said slowly.

## Chapter 659

Jiang Li looked at the man who suddenly appeared next to di Long.

From the strength of the other’s aura, he could estimate that this person was definitely a powerhouse of the ninth step.

However ...

For the time being, he didn’t know the specific identity of the other party.

But he soon got the answer.

“Court Lord!”

Di Long exclaims. When he sees clearly the figure of this person who has suddenly appeared, an extremely pleasantly surprised expression immediately appears on his face. His tone is even more excited.

“yes.”

The black-cloaked figure nodded. He reached out and took off the wide hat on his head, revealing a rough face. His face was covered with dense totem patterns that looked like twisted patterns.

After they were combined together, they formed this extremely strange pattern.

“So he’s the court Lord of the Barbarian division.”

Jiang Li thought to himself, but his expression didn’t change.

The court Lord of the Barbarian division looked up at MY01 and the others, then looked at Jiang Li. He sneered and said, ” ” what a great human emperor. he’s truly shocking. he’s actually able to nurture three early-stage type nine mixed-blood aliens. ”

“you’ve really made me see you in a new light.”

“.....”

Jiang Li looked at the court Lord indifferently and ordered MYL01 to test him. He shouted, ” “Do it!”

“Yes, sir.”

sinking into death-harvest!

Buzzzzzz!

MYL01 made his move. With a wave of his right hand, the hazy Grim Reaper behind him, shrouded in black fog, woke up. It raised its head and revealed a pair of faces shrouded in fog. The outline of a skeleton could be vaguely seen, and only the pair of Scarlet eyes were extremely clear.

It was as if he could see the purgatory of death, the place where the soul sank.

“The Grim Reaper?”

The Lord of the Barbarian division was also stunned for a moment. Then, he fixed his eyes on MYL01 and asked, "did he steal a trace of the power of the 'Protoss-the bloodline of the god of death'?"

"Tsk, tsk."

The court Lord of the Barbarian division laughed and joked, "If the God clan of the 'god of death' knew about this, I'm afraid they would destroy it with a 'God punishment'."

"Slash!"

MYL01 scolded.

Immediately after.

The awakened 'Reaper's shadow' raises its right hand, raises the 'Reaper's Scythe', points it at di Long 'and cuts the weapon at di Long's neck.

the attack was aimed at the 'soul source'.

"!!!"

di long's pupils shrink.

at this moment.

He has truly felt the arrival of 'death'. He can not avoid it. It is like the law of 'cause and effect'. The blade attack of the 'shadow of the Grim Reaper' is 'cause' and di Long's death is 'effect'.

it was too terrifying.

"No!"

Di Long shrieks in fear.

“.....”

In the surroundings.

Wutian, the sea Dragon God, Lin Tianjian, Fu Tianqing, and the others could not help but look over. Their faces were filled with shock.

Obviously.

They all felt the terror of this move.

clang!

At this moment.

The sound of a sword rang out, striking the depths of one's soul.

it was the 'court lord of the barbarian division'. he waved his right hand and took out an' emperor's long sword 'from the interspatial ring on his finger. the sword was engraved with a' five-clawed black dragon', and it let out a dragon-like roar.

It also contained the majesty of the nine and five.

“Di Long,”

The court Master of the Barbarian division throws the 'Emperor's long sword' to di Long and shouts: “Receive the sword!”

“!!!”

Di Long is jolted awake from his fear. When he raises his head, he sees the “Emperor longsword” flying towards him. He immediately reaches out his right hand instinctively and holds the handle of the sword tightly.

“Roar!”

“BOOM!”

...

He had just held the sword.

Di Long falls into a kind of real “illusionary realm.” His eyes pop out as if he is seeing a lifelike “five-clawed Black Dragon” pouncing at him. It is truly terrifying.

He was on the verge of death.

At this critical moment.

Buzzzzzz!

The Barbarian Emperor status between di Long’s eyebrows has been revealed and released a vast amount of Majesty. It has blocked the attack of the 5 clawed Black Dragon and even subdued it.

Hence.

Di Long has obtained the temporary right to use the emperor’s long sword.

at the same time.

Di Long also wakes up.

He opened his eyes.

...

His eyes were like lightning.

At this moment.

The vast fate of the Empire was injected into it, and the emperor's sword began to fully recover.

Roar! "Roar!"

The sound of the sword was like a Dragon's Roar, shaking the world.

A 'five-clawed Black Dragon' flies out of the sword and coils around di Long. The five-clawed true dragon is protecting his body, as if it is blocking the so-called 'authority of death'.

"Emperor Dragon slash!"

Di Long raises his head and strikes out with his 'Emperor longsword'. A Black Dragon-shaped sword beam sweeps across the sky and clashes with the blade beam 'of the' Reaper's Scythe'.

BOOM!

The saber and sword gleams exploded at the same time.

Bursts of shattered saber Qi and sword Qi wreaked havoc in all directions.

Clang!

After the sword light and the saber Light were shattered, the ‘Emperor longsword’ and the ‘death god sickle’ collided, emitting an extremely clear sound of collision, as if two pieces of metal had collided.

His voice wasn’t loud.

However, it seemed to ring out from the depths of the soul of the living.

It directly attacked the soul.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Ripples appeared in the space where the ‘Emperor’s longsword’ and the ‘Reaper’s Scythe’ were clashing. They were like waves in water, spreading outwards in circles, causing the space to distort and feel distant.

Finally.

‘BOOM!’ There was a loud sound.

The two of them separated at the same time.

There was also a terrifying explosion of energy.

There was also an incomparably vast aftershock storm that swept out.

Roar!

The “five-clawed Black Dragon” on di Long’s body opens its eyes, which are full of spiritual light as if they have intelligence. It utters a dragon roar and the sound waves vibrate, blocking the impact of this aftershock for di Long. Di Long is safe and sound.

Bang!

On the other hand, MYL01.

That attack had used up all of his energy, and the 'death God's shadow' behind him had also disappeared. Thus, he had been sent flying by the aftermath of the explosion.

“Hahahahaha!”

Di Long laughs out loud in a carefree manner. He is in a very good mood.”Good, good, good. What a good 'Emperor's long sword'. What a good 'Emperor's long sword'!”

Jiang Li, what can you do to me? ”

Di Long is extremely proud.

“.....”

Jiang Li remained silent.

“Many thanks, court Lord.”

di long immediately salutes the court lord of the barbarian division and says gratefully.

The court Lord of the Barbarian division waved his hand and continued, ” “there's no need to thank me. this 'emperor's sword' is an 'emperor weapon' that i borrowed from another 'barbarian emperor'.”

when the time comes, if you can successfully unify the Holy peace Region and establish the Barbarian Empire, you will have to pay the Barbarian Emperor the Fortune of the Empire as a fee.

“Even if you fail, you will have to ‘sell your body’ to that ‘barbarian Emperor’ and become his subject.”

“the price is not small.”

“I know.”

Di Long nods and says solemnly, “that may be true, but if it wasn’t for court Lord’s help, I’m afraid I wouldn’t even have had the chance to choose. I might have already died.”

“Yes.”

The court Lord of the Barbarian division nods. He is quite satisfied with di Long’s answer.

Obviously.

Since the court Lord of the Barbarian division has put down his face to beg the Barbarian Emperor, he naturally wants to help di Long ascend to the throne.

It is not for the sake of failure and making di Long the enemy’s subject.

That would not be worth it.

“Recover,”

buzzzzzz!

Jiang Li waved his right hand and used some energy points to quickly recover the energy that MYL01 had used. He didn’t expect that the ‘court Lord of the Barbarian division’ would show up and bring a weapon like the sword of ancient Emperor Yi.

Di Long's disadvantage has been reversed almost at once.

The current situation ...

It wouldn't be good for Jiang Li to let MYL01 and the others kill di Long anymore. Let's not talk about whether they could kill di Long by force after they revealed all their skills. If they failed, it would be troublesome.

In the surroundings.

Fu Tianqing, mo Helin, Lord Chi, and Elder Brown, who were the Deputy Lords of the demon and human divisions, were all looking at the Lord of the Barbarian division.

They were silent.

It was as if he was waiting for something.

Buzzzzzz! buzzzzzz!

Very quickly.

There was another clear spatial fluctuation on the battlefield.

immediately after.

Two figures descended.

They appeared in the West and North of the battlefield respectively.

They appeared one after another.

"Channel silver sand,"

At this moment.

The figure who landed on the west side of the battlefield was the first to speak, ”  
“You are willing to put down your pride and beg the Barbarian Emperor to take out  
an Emperor weapon like the emperor’s sword to participate in the final battle for  
the hegemony of the empires.”

“Ha.”

the court lord of the barbarian division, Luo Yinsha, laughed and said in a disdainful  
tone,”Wu Qiu Huang, I’m afraid you don’t have the right to mock me.”

“I only asked for an ‘Emperor’s sword’.”

“and you?”

you borrowed the fake book of the nether world from the immortal court of the  
demon race’s bloodline before the ‘hegemony of the dynasties’ even started. At  
most, I’ve put down my pride, but you’re already shameless.

“You’re just jealous.”

The figure standing on the west side of the battlefield, Wu Qiu Huang, spread his  
hands and shrugged his shoulders. He said with a smile,”This Lord is preparing for  
a rainy day and preventing the disaster before it happens. That’s foresight.”

“as for you.”

“It’s called digging a well when thirsty.”

“You only know how to dig a well to drink water when you’re thirsty.”

“also, i didn’t borrow it. i paid a price for it.”

“Lord Court Master.”

Shua! Shua!

At this moment.

Fu Tianqing, mo Helin, and the others had already arrived in front of Wu qiuhuang. They cupped their hands and saluted him, then greeted him with respect.

“Yes.”

wu qiuhuang nodded.

“Where’s The Earth Book?”

Wu qiuhuang asked.

“Lord, The Earth Book is still in the monster race bloodline temple in the division of the floating continent.”

fu tianqing replied.

“Why didn’t you guys bring it with you?”

Wu qiuhuang frowned, his smug expression turning dark.

“Lord, please calm your anger.”

Fu Tianqing said nervously.

the suanni's subordinates are just worried that something will happen to The Earth Book if we keep it with us. They're afraid that we'll be targeted by the human race and the demon race, which will cause us to lose The Earth Book.

Mohreen answered with a nervous tone.

## Chapter 660

"That's enough."

Wu qiuhuang berated, his face slightly ugly, "Don't explain anymore."

it is already the final battle for the throne of the Holy peace Region, yet the two of you are still worried about such insignificant things.

"i think you are afraid of death. you want to keep the fake book of the nether world so that you can save your lives after losing the decisive battle."

"I tried my best to get the fake Earth Book from the immortal court of the demon race bloodline just to win the final battle, but you didn't bring it."

"I'm truly disappointed."

"You two are really trash."

"Hahahahaha!"

When Luo yinsha heard this, she immediately laughed in a carefree mood.

"Great Suan ni, I will go back to the division to get it."

Fu Tianqing said nervously.

“What’s the point of going back now? Can we still make it?”

wu qiu Huang coldly snorted before taking out a diamond-shaped “stone” from his interspatial ring and slowly saying, fortunately, I still had this trick up my sleeve. This is a corner of the ‘fake Earth Book’ that has fallen off. With this stone tablet, I can summon the ‘fake Earth Book’.

fu tianqing and mo helin looked at each other, and their eyes flickered. they lowered their heads in silence.

as soon as he finished speaking.

“Activate!”

Buzzzzzz! Buzzzzzz!

Wu qiu Huang formed a seal with his hands, and purple seals appeared. They all fell on the stone tablet and fused into it. The stone tablet gave off a yellow light and floated up, turning into a fist-sized ball of light.

Spatial fluctuations quickly emerged.

In that instant.

An even larger ball of yellow light was teleported over and fused with the stone tablet. The light gradually dissipated, revealing a Stone Book within the ball of yellow light.

On the cover of this Stone Book, there was a character formed from ‘demonic patterns’- The Earth Book (fake).

“Good, good.”

The corner of Wu qiu Huang's mouth rose, and he caught the 'fake Earth Book' with satisfaction.

On the other side.

Wutian was being held back by the sea Dragon God, and he could not afford to be distracted.

Obviously.

The sea Dragon God had already sensed that the situation had become unpredictable.

so,

He had to kill Wutian at all costs before the situation got out of control.

Even if he had to give up his life.

For this moment.

He had risen from the weak.

He had struggled in the sea for tens of thousands of years.

He was definitely not willing to fail just like that.

Wutian must die!

he had to die!

What's up with this Wutian? ”

Wu qiuhuang was in a good mood after he got The Earth Book. He looked at Wutian and saw that he was still fighting with the sea Dragon God. It seemed that the sea Dragon God was determined to kill Wutian.

“why is that rank nine demon god so insistent on wutian?”

“this yingluo.”

Mohreen pondered for a moment, then shook her head and replied, ” “Sir, I’m not sure.”

it seems that the demon God and Wutian have a very good relationship.

I don’t know the details, ” Fu Tianqing replied.

“all of them really can’t be of much use.”

you guys are fine, ” Wu qiuhuang said in a disgruntled tone. but Wutian made such a stupid mistake.

“Since there’s such a deep hatred between us, and the enemy has grown to such an extent, this is an early rank nine Yao God. It’s not that easy to deal with.”

“And the human race.”

Wu qiuhuang looked towards the North and frowned, ” huh? Why isn’t it ao Qinglong?”

the scene changed.

North of the battlefield.

the one standing there was the last figure who had descended.

The other party was an extremely beautiful woman.

...

hmm? ” Jiang Li also looked over. The first thing he saw was a purple robe and a Purple Phoenix mask that covered her face above her nose, revealing a pair of phoenix-like eyes and sharp eyebrows. She was charming but also heroic.

She had an exquisite nose, red lips, a slim waist, and a perky butt. Her purple robe perfectly outlined her soul-stirring curves.

The mark of a Purple Phoenix was imprinted between her brows, as if a Phoenix was bathing in purple flames and spreading its wings to the ninth heaven.

Its entire body was emitting a purple light, as if a purple flame was dancing, making it unapproachable.

the beautiful woman seemed to have noticed jiang li’s gaze. her lips curved up and she smiled.

He looked at Jiang Li.

Their eyes met.

Jiang Li’s expression froze because he saw an endless world, an endless universe, and countless creatures crying in the purple flames.

It was a scene even more hellish than purgatory.

Fortunately ...

the other party had already retracted his gaze.

...

jiang li woke up from the 'illusion' and realized that his forehead was covered in cold sweat.

When he looked again.

The woman was already looking at the mechanical Army that filled the sky.

He seemed to be very interested.

“Y-y-y-y-you are?”

At this moment.

Lord Chi and Elder Brown had already arrived in front of the woman. They looked at each other and were suspicious, but they still bowed respectfully and asked, “my Lord, why hasn't court Lord Ao Qinglong appeared?”

“He's dead.”

The woman replied.

what?!

lord chi and elder brown couldn't help but widen their eyes in shock.”Sir, you just said Yingluo.”

“You guys didn't hear wrong.”

The woman's tone was flat and without any fluctuations. She said again, ” ” ao qinglong is dead. as for why he is dead and where he died, you don't have the right to know for now. ”

“This bi an ...”

Lord Chi and the others lowered their heads in silence.

Obviously.

This news was a huge blow to them, and they couldn't believe it.

“My Lord, how should we address you?”

Lord Chi asked.

“Just call him ‘Lord’.”

“I was just interested,” the woman said indifferently.

“Yes!”

Lord Chi and Elder Brown nodded.

Obviously.

In the woman's eyes, Lord Chi and Elder Brown were not even qualified to know her code name and title, let alone her 'real name'.

” haha! haha! that ao qinglong is dead! ”

“it's good that he's dead,”

After hearing this, Luo yinsha laughed again. this is really good news that makes me happy.

“I think he died at the wrong time,”

“I’m still waiting to wring his head off today,” Wu qiuhuang said sternly.

“Two scoundrels who are struggling on their last breaths.”

The woman said in an indifferent tone.

“You’re looking for death!”

Luo yinsha’s expression turned cold. ao Qinglong is dead, and the human martial immortal court has no one left. So, they sent you here to die? ”

“How arrogant.”

wu qiuhuang also shouted.

The woman ignored Luo yinsha and Wu qiuhuang.

This time.

luo yinsha and wu qiuhuang’s faces turned even uglier.

“The Xia Emperor.”

Jiang Li. the woman walked towards Jiang Li.

Jiang Li immediately tensed up.

Shua! shua!

At the same time.

MYL01 and the others quickly approached Jiang Li.

One had to know.

what jiang li saw from the woman's eyes was so terrifying that he couldn't help but feel nervous.

This was because the other party was really not simple.

Such a scene.

It was hard to imagine.

What kind of terrifying level would it take to achieve that?

The woman stopped and didn't get any closer. Instead, she said in a somewhat resentful tone, "Emperor Xia, these 'subordinates' of yours are pretty good at the ninth step."

"But to me, they are just slightly bigger ants."

"If I really want to do something, they won't be able to stop me."

"I don't believe you."

Jiang Li said.

He waved his hand.

MYL01 and the others spread out.

"Yes."

The woman waved her hand and took out a 'nuclear warhead', and continued, "Emperor Xia, this thing is called an 'atomic bomb', right? it's a very interesting little toy."

"however, this gadget is also encrypted with the 'heavenly dao' level.

"i happened to hear it when i was passing by. besides, ao qinglong is dead. "

"I don't have anything to do."

so, I came here to take a look. It's a vacation.

"I didn't expect this."

"I actually found a big fish."

She laughed again. Her beautiful smile seemed to make thousands of flowers become a foil. Heaven and earth lost their color, and all living things sank into it.

"....."

huh? " Jiang Li was stunned too. He couldn't look away.

"so, what exactly do you want to do?"

Jiang Li took a deep breath.

"There's something 'on you."

to you, this is like a fatal trap in the midst of temptation, " she continued. sweet candy contains the poison of death.

Jiang Li could only remain silent.

“.....”

The purple-robed woman shook her head and turned to leave. Her slender long legs did not take large steps, but she stepped out of the battlefield in one step.

Jiang Li, when you become the Emperor of the Saint peace state, you'll be able to change your fate.

“Before that, there's no use in saying anything more.”

Her voice reached Jiang Li's ears.

“Spatial bending.”

Luo yinsha and Wu qiu Huang's pupils contracted in shock. Who is she?! What's your status in the martial immortal court?”

Buzzzzzz! buzzzzzz! Buzzzzzz!

At this moment.

High up in the sky.

The space began to twist, forming two vortexes.

After that.

The whirlpool on the left was filled with endless Holy sounds, and white Holy flowers bloomed.

Countless angels surrounded him.

The vortex formed an arch-shaped 'door to heaven'. Behind the door was the heaven that countless creatures yearned for, a heaven without pain, only happiness and happiness.

It was filled with endless temptation.

On the right.

It was a completely different scene.

The wails of souls, the flames of burning flesh, and the scenes of countless creatures struggling before their deaths appeared in his mind.

Pain, desolation, and misery.

in the end.

The space vortex turned into a ferocious mouth.

It was the gate of purgatory.

Soon after.

From the 'gate to heaven' and the 'gate to hell', a figure walked out.

the god race.

The demons.

Descend!

However ...

The two phenomena had not disappeared yet.

The gate of the netherworld appeared, and a hideous crack appeared in the sky, like a scar.

Buzzzzzz! Buzzzzzz!

It was silent. There was no movement or sound.

There were no images or scenes in the rift.

The only thing that could be seen was the endless flow of nine nethers Qi that quickly spread out.

The ghost clan had descended.
