

Army 67

Chapter 67 all sides

The night had come.

The Sirius gang.

at jiang li's place.

He was leaning back in his chair, holding several square pieces of paper in his hand, which had been arranged into a book.

Jiang Li was reading it carefully. It was a list of what he got during the day.

The lonely Imperial City was indeed a city Lord. Over the years, they had accumulated a great amount of wealth. They had also opened a Chamber of Commerce of spirit herbs and colluded with the demon clan. Naturally, they were rich.

xu ya and the others spent most of the day and still couldn't sort out these gains.

"Forget it. I'll wait until they've sorted out all the gains tomorrow."

half-monster Alliance, green scale city, barren city, and black Dragon County. Jiang Li put down the book and murmured, deep in thought.

"None of these four forces are easy to deal with."

although I won the battle at Qingshan Valley and gained a lot, it's not over yet. It's just the beginning.

"first of all, i've taken the blood refining bead. the half-monster alliance won't let it go easily. the king of the black dragon county seems to be interested in the blood refining bead too. after all, it's a treasure that can help someone break through from level two to level three."

“it’s normal to be greedy.”

there’s also the monster race’s Green scale city. Qing Wenling’s only daughter, Qing ya, died in my hands. I don’t think this matter can be kept a secret for long. The Barbarian race from barren city has massacred over 10000 of their troops in Green Mountain Valley. I think the Barbarian race will also find a way to take revenge.

my God, why do I suddenly feel like I’m surrounded by enemies? ”

Jiang Li was speechless.

After that.

He opened the Dominator panel. There were not many energy points, but there were still a large number of herbs that he had plundered from the Chamber of Commerce of spirit herbs that had not been converted.

These herbs were all stored in the Guild’s warehouse.

In order to maximize the benefits, Jiang Li didn’t convert all the herbs and elixirs blindly. Instead, he sent people to divide them into different types.

First, he separated the herbs that were not of much use and converted them into energy points.

Those that were very useful for cultivation or had high value could be kept.

let’s sleep first. It’s getting late. I haven’t had a good rest these past two days.

I’m tired. Jiang Li stretched. He was really tired. After all, he hadn’t had a good rest since yesterday, so he went to bed.

At this moment.

Pingding city.

Dong Lin had already led the rest of his men back to Pingding city. He didn't have time to rest. He rushed to the city Lord's mansion to meet with the city Lord of Pingding city, Chang pingwang.

City Lord's mansion.

The main hall.

"City Lord,"

Dong Lin knelt down on one knee and cupped his hands in salutation.

"General Dong, there's no need for such a bow."

Right in front.

the city lord of pingding city, chang pingwang, had a delicate and pretty face. he stood up from his seat and quickly walked down. he personally helped dong lin up. " general dong, you've really worked hard this time. "

"City Lord is too kind, this is this subordinate's duty."

Dong Lin shook his head, took a deep breath, and said, however, I didn't expect that dugu Huangcheng, the city Lord of Yongan city, would collude with the monster race of green scale city to set up an ambush in Qingshan Valley in order to recover from his internal injuries. This caused Pingding city to suffer heavy losses.

"There's actually such a thing."

Chang pingwang's brows were tightly locked together as he said in a deep voice, it's my fault. Dugu Huangcheng's daughter, dugu Luo, came to talk to me in person and even promised me a lot of benefits. Plus, her plan seemed flawless. That's why I agreed.

“general dong, what’s the specific situation?”

Castellan, I’d like to thank Jiang Li, the leader of the Sirius gang in Yongan city, for coming back alive.

Dong Lin said slowly.

“Jiang Li.”

Chang pingwang was stunned. He had no impression of this name at all. He didn’t know it at all.

“yes.”

Dong Lin nodded. it’s like this, Wanwan.

Half an hour later.

“i see.”

Chang pingwang’s eyes widened in shock. He sighed repeatedly, heroes really come from young people. The small Sirius gang has such a flood Dragon.

amazing! He single-handedly turned the situation around and annihilated the monster race in green scale city and the Barbarian race in barren city. He even killed the three level two masters of the half-monster Alliance.

“hehe, yingluo.”

of course. Changping laughed in vain. I really want to meet this gang leader Jiang Li now.

city Lord, Jiang Li took the blood refining bead. I remember that the county King has been in the perfected stage of level two for many years. I’m afraid he’s too weak.

Dong Lin paused.

...

“Don’t worry,”

Chang pingwang waved his hand and said,”general Dong, have you forgotten the ‘three great laws of the human race’?” With Jiang Li’s contribution, he’ll definitely become the Lord of Yongan city. Even if the Commandery Prince wants the blood refinement bead, he can’t just take it by force.”

moreover, with Jiang Li’s power and influence, the county King will think about the consequences before he tries to Rob us. As long as there’s any chaos in the Black Dragon County, the red-browed Empire and the black snake barbarian kingdom won’t let go of the opportunity.

“Yes.”

Dong Lin nodded.

In the red eyebrows Yao Kingdom.

Green scale city.

the city lord’s mansion.

BOOM!

suddenly.

A deafening roar came from within the mansion. Green mist spread out and gradually enveloped the entire mansion. It gradually condensed into a life-like giant green snake, circling in the air.

...

Yongan city, Jiang Li, the half-monster Alliance, you all deserve to die!

Qing Wenling's furious roars reverberated throughout the entire city lord's estate.

“!!!”

“The city Lord is completely enraged.”

“i heard that lord hei zong and the others were all dead. they were all annihilated. even miss qing ya is missing. i'm afraid they're all dead.”

“Ai, ai, ai, ai.”

In the surroundings.

The monsters looked at the city Lord's mansion with lingering fear and then whispered to each other.

Black snake barbarian kingdom.

Barren city.

In the city Lord's Hall.

city Lord, man Xiong is dead. The 10000 barbarian Warriors he brought with him were all killed. I heard that the half-monster Alliance set up a blood refining formation, but a human named Jiang Li killed them all.

the military advisor of the barbarian race, ye lui he, had a head full of white hair and was holding a strange walking stick. his face was covered in totem patterns and he was wearing all kinds of headdress.

human Jiang Li of the half-monster Alliance.

The city Lord of the barren city, Huang wuqian, muttered, " I didn't expect such a flood Dragon to appear in Yongan city. It completely disrupted all the original plans, and even the half-monster Alliance suffered a great loss.

however, after this incident, the Black Dragon County will definitely be on guard. It won't be easy for us to do anything else.

let's just wait and see. Qing Wenling should be more anxious than us. After all, his only daughter is missing, and he might be dead.

the sad thing is, he doesn't even know who killed his daughter. Just thinking about it makes me laugh. Hahaha Yingluo.

Wuzu plain.

The area of the wuzu plain was not small, and it was located at the border of the great Qian dynasty, the black snake barbarian kingdom, and the red-browed Yao Kingdom. It was a triangular terrain.

The most important thing was ...

The half-monster Alliance's headquarters was in the central area of the wuzu plain.
