

## Army 671

Chapter 671 fatal blow

“Ah!”

Wutian was screaming and roaring.

He could no longer escape.

he could only risk his life.

bang bang bang bang!

The next moment.

The power of the Empire’s National aura, National aura Saint weapons, and the level 8 army formation all burst forth and condensed together, forming an extremely powerful energy.

“Bloodline awakening! Bloodline ignition!”

Roar!

Wutian had transformed into a winged Thunder Dragon. The Dragon was as huge as a star, bathed in endless thunder and lightning, and shrouded in a sea of purple lightning.

Buzzzzzz! Buzzzzzz!

Immediately after.

Wutian's Wyvern Thunder Dragon bloodline was ignited. Countless purple Thunderbolts appeared on his body, burning fiercely.

His aura increased greatly.

His combat strength had increased greatly.

“Kill!”

Roar!

The two-winged Thunder Dragon roared and released an extremely terrifying Thunder Dragon Breath. It was as if it could destroy the heavens and earth, incinerate all living things and annihilate everything.

Bang Bang Bang Bang!

However ...

Such a powerful Lightning Dragon Breath was continuously destroyed by Wang Gang's punch. The Dragon Breath that was burning with lightning fire and wrapped in lightning melted like snowflakes.

They were continuously annihilated.

They couldn't resist Wang Gang's attack at all.

“No!”

fear!

Wutian's heart was filled with fear.

“The fake Earth Book!”

BOOM!

Wutian did not hesitate to unleash the strongest power of the fake book of the nether world. The book burst with infinite light, filling the space with its radiance.

Hualalalalalalalalala

The pages of the book kept flipping.

However ...

Before the power of the pseudo Book of the Netherworld could burst out, Wang Gang stretched out his right hand. The power of antimatter was like paper in front of the power of antimatter.

Unable to withstand a single blow.

Rip!

it was like tearing a book.

Wutian reached out and tore off the pages of the fake nether world Book one by one. The torn pages turned into light spots and disappeared.

It was like the stars in the sky.

“No! No! Block! Block it for me!”

Wutian shouted.

BOOM!

Wutian threw another punch, which went through the fake Book of the Netherworld and left a fist-sized hole in it. The luster of the fake book quickly dimmed as it had exhausted all its power.

“It’s over, it’s all over, Yingluo.”

He was in despair!

wutian’s face was filled with despair.

”

Wu qiu Huang’s eyes widened as he howled, ” “No!”

Obviously.

The destruction of the fake book of the nether world was like digging out a piece of flesh from Wu qiu Huang’s heart, causing him to feel so much pain that he could not breathe.

one had to know.

Wu qiu Huang wanted to obtain a part of the origin of the Holy peace Region to complete the ‘fake Earth Book’.

now.

Not only could he not obtain the origin, but the fake Earth Book had also been destroyed.

...

It could be said that ...

All of Wu qiu Huang's preparations had turned into a dream.

“Jiang Li!”

buzzzzzz!

Luo Yinsha had been preparing for a long time. WMS01 and the others were being held back by Wu Qiu Huang. Wang Gang was going to deal with Wutian, so Jiang Li had no one to protect him.

This was the best opportunity.

“Kill!”

BOOM!

die! The channel silver sand flew across the void and arrived in front of Jiang Li in an instant. It slammed down with both palms. The power was so great that it covered the sky.

Powerful!

It was extremely powerful!

...

The power of the network silver sand was extremely terrifying!

It also carried an extremely turbulent killing intent.

“You want to kill me?”

” hm. ” jiang li raised his head calmly and raised his right hand. there was a black mechanical arm on his right hand. it was the ‘dominating mechanical soldier’.

It had already been activated.

target: cjjx01-FZNNY. ”

buzzzzzz! Buzzzzzz! Buzzzzzz!

the mechanical hand on jiang li’s right hand glowed. ” Anti-matter combat technique.”

“Obliteration palm!”

BOOM!

Jiang Li controlled Wang Gang’s skill and gained the ‘antimatter combat technique’ temporarily. He could control the antimatter energy. Jiang Li’s fist was covered in a layer of antimatter energy.

After that.

He turned his fist into a palm.

The palm print blasted out, and all matter was annihilated.

Bang Bang Bang Bang!

Countless explosions were heard.

It could be seen.

die! Jiang Li's palm destroyed everything in its path. Energy exploded and countless objects were turned into dust. The terrifying power destroyed everything.

“ah!”

Luo yinsha screamed.

Pfft!

He vomited blood and his body flew backward. He flew a great distance away. Both of his hands were bleeding and his face was pale.

“you, you, you, you, you, you, you ...”

Luo yinsha looked at Jiang Li in fear.

Obviously.

Jiang Li used the ‘dominating mech soldier’ to control Wang Gang. He was able to use Wang Gang’s power to perform the antimatter destruction.

It was extremely powerful.

Even though ...

Jiang Li couldn’t exert all his power.

but ...

It was more than enough to deal with the late-stage ninth-rank channel silver sand.

“What’s going on?”

wu qiu Huang was shocked, 'Luo Yinsha was injured by Jiang Li? How was this possible? Jiang Li is only at the peak of level eight, but Luo Yinsha is already at the late stage of level nine.'

"....."

Lan Lan and the others were also shocked.

Kachaa! Kachaa!

The black mechanical arm in Jiang Li's hand started to crack. In the end, it turned into pieces of scrap iron and fell.

'Zzjxcz01' had been completely destroyed, becoming a pile of scrap metal.

Obviously.

The mechanical soldier was only at level seven. Jiang Li could control Wang Gang's power directly by controlling him.

Clearly, the price was not small.

Jiang Li could only use one skill for each mechanical soldier.

After using it.

The mechanical Lord would be useless.

Of course.

As long as the '01 interstellar base' was upgraded to level eight, the control mech would be upgraded to level eight and the level nine mechs wouldn't be in such a situation.

“ah!”

Pfft! Pfft! Pfff!

He screamed again and again.

Wutian was covered in blood. After Wang Gang’s punch, which had pierced through the pseudo-book of the nether world, the power of antimatter had torn Wutian’s defense apart and left countless wounds on his body.

Tragic!

It was extremely tragic!

Wutian had no choice but to exit his awakened state and return to his human form.

Shua!

Wang Gang’s figure disappeared.

teleportation.

The next moment, Wang Gang appeared in front of Wutian. Wutian’s vision blurred, and by the time he realized what was happening, Wang Gang had already reached out and grabbed Wutian by the neck.

let go of Yingluo! Let me go!!!

Wutian’s face turned red, almost purple, as he shouted.

Buzzzzzz! buzzzzzz!

The anti-matter energy surged and destroyed Wutian’s resistance.

“stop!”

Jiang Li! Wu qiuhuang roared and looked at Jiang Li. Jiang Li, stop! If you kill Wutian, the monster race will never let you go!

“Ha.”

you? ” Jiang Li sneered. you think you can threaten me? ”

“pfft!”

as soon as he finished speaking.

Jiang Li waved his right hand. The Yin Yang Emperor sword flew out and turned into the Yin Yang sword style. A black and white five-clawed true dragon flew out and pierced through Wutian’s head.

blood splattered everywhere.

Jiang Li! Wutian was trapped by Wang Gang and couldn’t use any of his strength. He could only watch Jiang Li’s sword pierce through his head.

He had no ability to resist.

Jiang Li!!!

Wu qiuhuang roared.

“.....”

Wutian opened his mouth, and the life in his eyes quickly disappeared. Although his head was pierced, he did not die immediately. After all, he was an early ninth-rank King, and his life force was strong.

However ...

However, he couldn't hold on for long.

Wutian looked at Jiang Li and opened his mouth, as if he wanted to say something.

Pfft!

The Yin Yang Emperor sword turned around like a Boomerang and cut off Wutian's head from behind. Then, it turned into a sword light and returned to Jiang Li's hand.

Roar! "Roar!"

The Wutian demon dynasty's true dragon of National fortune immediately rushed out of Wu Tian's body.

A Dragon roared into the sky.

It was filled with pain and wailing.

Kachaa! Kachaa!

The 90,000-meter-long dragon body was breaking apart.

The fate of the Empire began to collapse.

The demon Emperor of the demon race!

Wutian!

He had fallen!

he died under jiang li's sword.

“Your Majesty”

“No!”

” we’ve lost. yao qianqian’s demon race has lost! ”

“We’re finished! We’re all finished!”

“.....”

Seven Lotus, Qian Fu, and the other demon Marquises were panicking.

“Azure Emperor Art!”

Buzzzzzz!

Azure Dragon. Jiang Li activated his technique and the Azure Dragon of Xia appeared again. It opened its mouth and quickly devoured the fate of the Wutian demon dynasty.

“Network silver sand!”

Wu qiu Huang’s eyes turned red, and his killing intent surged as he roared, ” “Are you still not going to join hands with me? Do you really want to watch the human race win the final victory and establish the human empire?”

“.....”

the silver net sand was silent.

as long as we kill Jiang Li together, the Holy peace state will fall into chaos again. After a hundred thousand years, the humans, barbarians, and monsters will rebuild their empire. There will be another war.

“Let’s start over.”

“We still have a chance.”

“It’s only a hundred thousand years. With our cultivation and lifespan as tier 9 beings, we can definitely afford to wait.”

“hahahahaha!”

” haha! ” jiang li suddenly laughed. he activated the azure thearch art and devoured all the fate of the wutian demon dynasty and even the fate of the sea dynasty.

At this moment.

Jiang Li’s power reached its peak.

Not only that.

Buzzzzzz! Buzzzzzz!

In the dark.

‘The sub-rank of the hidden Dragon List-Saint peace state’ seemed to have appeared and started to respond to Jiang Li. The fate of the nation increased and Jiang Li won Jiang Li’s title.

His Azure Emperor Art had directly reached the peak grade of the ninth rank.

At the same time.

with the help of the energy from the blessing of the nation, jiang li successfully converted the level-nine azure emperor art almost instantly. not only that, but he only used a drop in the ocean.

it could be said that ...

In his current state.

Jiang Li could use the energy from the fate of the nation to light up his heart fire and break through to the early stage of level nine, but he didn't have the time to do that right now.

“You think you can stop me?”

Buzzzzzz!

Emperor. Jiang Li's aura was strong, and there was even a faint Emperor aura surging. The position of the human Emperor between his eyebrows was shining brighter and brighter.

Shua! Shua!

Wang Gang, WMS01, SSTs01, MYL01.

One was at the great circle of rank nine.

Three mid-ninth level combatants.

That was all.

Jiang Li could also use the 'dominating mech soldier' and Wang Gang's power. He could barely display the combat power of a late-stage level nine.

such a lineup.

It was extremely powerful.

Other than that.

there was also the mechanical army and the great xia army.

“We’ve already lost.”

” wu qiu Huang, we can’t hurt Jiang Li with our strength alone. ” Luo Yinsha looked at the lineup and wanted to retreat.

“unless ...”

Luo Yinsha looked at Lan Lan and the others, who had been watching the battle but had not made a move.

Chapter 672 The origin

However, Lan Lan and the others had no intention of making a move now.

Instead, he was waiting quietly.

“Detestable.”

Wu Qiu Huang’s face was gloomy and he clenched his fists. He looked at Jiang Li and his Army with a serious expression.

“.....”

Luo yinsha also took a deep breath and looked around. In his heart, he already wanted to leave.

BOOM! BOOM! BOOM!

On the battlefield.

The mechanical Army never stopped firing. Jiang Li's great Xia Army and the mechanical Army had gradually surrounded the monster army and the Barbarian Army.

It blocked the escape route of the monster race and the Barbarian race.

“Break out of the encirclement!”

Buzzzzzz!

The four Emperors of the sea Alliance who were still alive had reacted after seeing the sea Dragon God killed. They led the sea Alliance Army to break out of the encirclement.

he wanted to escape.

However ...

it was too late. there was no chance.

kill!!!

Wu Wuji, Lin Tianjian, and the others roared and unleashed their full power. They led the great Xia Army and charged toward the Army of the sea Empire Alliance, cutting off their escape.

“Kill!”

Jiang Li waved his right hand and gave an order.

Shua! Shua!

Immediately.

WMS01, SSTs01, and MYL01 rushed out at high speed. In the blink of an eye, they had caught up with the four kings of the sea dynasty.

“Death submerging!”

Buzzzzzz!

MYL01 used his most powerful skill the moment he attacked. An illusionary shadow of the Grim Reaper appeared behind him. He raised the Reaper’s Scythe and slashed down.

“No!”

Pfft!

A miserable scream rang out.

One of the Sea Kings tried to block it, but it was like a Mantis trying to stop a car. The attacks were broken, and the defensive light curtain was shattered. MYL01 killed him with one slash.

“rumble!”

The explosion reverberated in all directions.

SSTs01 and WMS01 made their moves one after another.

In less than half a minute.

all the emperors of the sea empire were killed.

Not a single one was left alive.

All of them had fallen.

run!!!

“his majesty is dead! His Majesty has been killed!”

“.....”

The generals and generals of the mixed-blood alien tribes had already collapsed. They had lost all will to fight, and their fighting spirit was gone. Their Army had completely collapsed, and they were fleeing in all directions.

“fire!”

“fire!”

BOOM! BOOM!

Countless cannons, cannonballs, missiles, and nuclear explosions descended at the same time. The sky was filled with explosions, covering the entire world.

a large number of living beings died.

Shua! Shua!

After that.

The colorful Soul Fire Seeds gathered together and formed a brilliant torrent. Like a rainbow, they surged and captured all of them.

Soul Fire. Jiang Li got a huge amount of Soul Fire Seeds.

Buzzzzzz! Buzzzzzz!

Jiang Li used the art of the Azure Emperor. The Azure Dragon roared and devoured a large amount of the fate of the dynasty. The 90000-meter-long dragon body became more and more real.

He was about to break through the limit.

...

“It’s almost time.”

Lan lan looked at Jiang Li and the 90000-meter-long Dragon and said slowly, ” “if i’m not wrong, the ‘origin’ of the ‘holy peace region’ will soon appear.”

“Yes.”

The innate ghost nodded and chuckled eerily, ” hehehehehe ”

“The origin has appeared. Attack immediately.”

The demon said.

“Retreat!”

“man wuji, tu jiuling, immediately lead the remaining barbarian army to break out of the encirclement and retreat from the battlefield,” luo yinsha ordered.

“Yes.”

“Yes, sir!”

Man Wuji and tu Jiuling replied.

...

“All troops, retreat!”

wu qiu Huang also shouted.

On the battlefield.

The Barbarian and demon armies started to break out of the siege. The level 8 formation was activated, and countless flames flickered. Floating battleships fell one after another, and a large number of mechs were scrapped and turned into scrap metal.

“All troops, hear my order!”

kill them all, ” Jiang Li shouted. kill all the monsters and barbarians. Leave no one alive.

“Yes!”

“Kill!”

“Target locked! Fire! fire!”

“Condensed light beam!”

Bang Bang Bang Bang!

The mechanical Army attacked and opened fire crazily without even half a second of delay. They even charged into the stage 8 army formation and began to bombard.

The flames shot up into the sky.

Countless huge mushroom clouds were formed.

“Ah!”

The soldiers of the monster race and barbarian race screamed in pain.

“kill!”

The network silver sand directly charged into the battlefield.

“Go!”

” stop! ” jiang li shouted.

Shua! Shua!

Immediately.

WMS01, SSTs01, and MYL01 rushed out and blocked Luo yinsha’s path. The three mid-stage rank-9 special meches surrounded Luo yinsha.

“Kill!”

Roar!

bloodline awakening.

Wu qiuhuang had transformed into a winged Lightning Dragon. His bloodline was the same as Wutian's, a winged Lightning Dragon.

The giant dragon manifested.

Endless lightning flashed, forming a vast sea of lightning.

He charged at Jiang Li.

“Nuclear palm!”

BOOM!

Wang Gang charged towards Wu qiuhuang. His palm print exploded like the sun, producing a power that could annihilate matter. It directly destroyed Wu qiuhuang's vast sea of lightning.

Bang Bang Bang Bang!

The sound of explosions continued.

Wang Gang used his space combat technique and jumped through space, arriving in front of Wu qiuhuang. He then punched down, covering everything with anti-matter energy.

“Ah!”

Pfft!

Wu qiuhuang screamed as the lightning was destroyed, unable to stop Wang Gang at all. The wings of the lightning Dragon were torn apart, and blood splattered everywhere.

“Lightning dragon’s breath!”

“Roar!”

The two-winged Thunder Dragon roared loudly again. From its bloody mouth, a Thunder Dragon Breath was released. Thunder and lightning intertwined, and thunder fire burned.

“star destroying fist!”

BOOM!

Wang Gang’s punch destroyed the Thunder Dragon Breath. It exploded and the space collapsed.

“ah!”

Wu qiu Huang screamed as he flew out. He returned to his human form and knelt on one knee in the air.

his injuries were not light.

“As expected of a tier 9 Grand completion!”

Wu qiu Huang’s face darkened.

Obviously.

Wu qiu Huang had lost. He was not Wang Gang’s match.

BOOM!

at the same time.

Luo yinsha used all her strength and broke free from WMS01's encirclement. She quickly retreated and put some distance between them while looking at Jiang Li with a serious expression.

Shua! Shua!

WMS01 and the others quickly returned to Jiang Li's side.

Buzzzzzz! Buzzzzzz!

WMS01 and the others were constantly devouring the remnant souls on the battlefield, and their evolution progress was rapidly increasing. Before they knew it, their evolution progress had reached 50%.

Kachaa! "Crack!"

"BOOM!"

Finally ...

A change occurred.

Heaven and earth shook.

The entire Saint peace state was shaking violently. The space was shaking, forming ripples that spread out like water, covering the entire state.

The entire continent shook.

It was as if a magnitude 12 earthquake had occurred.

“It’s about to start.”

lan lan and the others looked solemn.

“this is a kasaya.”

Wu qiu Huang was stunned for a moment, then he reacted, ” the origin land sensed the birth of the Imperial dynasty, and the origin appeared to help the Imperial dynasty form a five-clawed true dragon.

“.....”

luo yinsha’s gaze was solemn.

“oh.”

The purple-robed woman looked on calmly.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

at this moment.

The phenomenon was so great that it affected the entire holy peace Region. Colorful lights filled the sky, like extremely gorgeous auroras.

“Essence!”

Saint peace state? ” Jiang Li realized it too. A message appeared in his mind out of nowhere. It was from the ‘Hidden Dragon rank-Saint peace state’.

the imperial dynasty was born.

The origin of the continent was revealed.

jiang li needed to devour the ‘origin of the continent’ with the azure dragon of the xia dynasty and refine it into a ‘dragon ball’. only then could the azure dragon of the xia dynasty become a five-clawed true dragon.

At that time.

Jiang Li’s position as the human Emperor would be promoted.

The Grand Xia Empire would also become the Imperial Empire of the Grand Xia.

control the holy peace region.

Roar! Roar!

Above the nine Heavens.

There seemed to be a Dragon’s Roar.

not long after.

A purple-gold true dragon appeared in the colorful auroras that filled the sky. It hovered in the highest sky and transformed into a purple-gold ranking list.

This ranking was the sub-ranking of the hidden Dragon ranking-Saint peace state.

Buzzzzzz! Buzzzzzz!

The radiance was boundless.

It was dazzling.

Roar! “Roar!”

The Azure Dragon of the great Xia Dynasty roared at the list.

Time passed.

The purple-gold ranking board was constantly absorbing the colorful aurora that covered the entire holy peace province, devouring all the light.

After that.

The purple-gold ranking became nine-colored and turned into a nine-colored ball of light. Inside the ball of light, there were spots of purple-gold light.

The essence condensed and manifested!

Buzzzzzz!

Jiang Li stepped on the Azure dragon's head and flew towards the nine-colored light at a very fast speed.

It was like a Green stream of light that shot into the sky.

“Do it.”

BOOM!

Jiang Li! lan lan made the first move. He took a step forward and disappeared from where he was. He teleported and appeared in front of Jiang Li.

“Divine Art!”

Buzzzzzz!

Lan lan waved her right hand, and divine runes surged like runes. They gathered together, and the Azure divine power condensed into an Azure Blade.

“Water blade!”

Shua!

The blue blade slashed at Jiang Li.

“Nuclear palm!”

BOOM!

Jiang Li used ‘dominating machine soldier control’ to control Wang Gang’s skill. He smashed down with his powerful palm and shattered lan Lan’s water blade.

“Night of a hundred ghosts!”

Buzzzzzz! Buzzzzzz!

Ghost Parade! the innate ghost made a hand seal and countless ghost runes appeared, forming a pattern of ghosts walking at night. It turned into countless ghostly shadows and charged at Jiang Li.

“Death submerging!”

Shua!

MYL01 released his strongest attack, the Reaper’s Scythe slashing down, containing a trace of the Reaper’s authority, directly destroying the countless ghostly shadows.

“Demon God awakening!”

“Purgatory of heaven!”

At the same time.

Under Jiang Li’s order, WMS01 and SSTs01 attacked first and attacked Luo yinsha and Wu qiuhuang. They turned from defense to offense.

BOOM! BOOM!

An intense battle erupted.

Wu qiuhuang and Luo yinsha were stopped.

“Domain!”

buzzzzzz!

Jiang Li was about to get the ‘origin’, but the demon blocked his way. He waved his right hand and released endless demonic Qi, forming a territory that covered Jiang Li.

“Kill!”

stop! Jiang Li shouted.

“Antimatter energy activated!”

BOOM!

Wang Gang shouted. The ‘antimatter energy reactor’ in his body was running at full power, and his whole body was covered in a layer of antimatter energy.

“Explode!”

BOOM!

Wang Gang's fists smashed out, and all matter was annihilated. The powerful power destroyed everything, and the demonic Qi was shattered. The domain formed by the demon exploded.

Pfft!

the demon coughed up blood and retreated.

“What kind of energy is this?”

His face was filled with shock.

Chapter 673 suppression

“Activate the Lord's control soldiers!”

Buzzzzzz!

jiang li put on a black mechanical arm and controlled wang gang's skill. the antimatter energy was attached to jiang li's right arm.

“Antimatter fist of destruction!”

BOOM!

Jiang Li clenched his right fist and aimed at the demon in front of him. He took a deep breath and punched with all his strength. The antimatter energy formed a fist ray and fell on the demon.

“Not good!”

The demon shrank in pain, and a vast amount of demonic Qi surged out, condensing into countless demonic runes, which were like black demonic runes intertwining together.

“Shield of the grieving Lord!”

All of the talismans condensed into a pitch-black Shield.

BOOM!

Kachaa! Kachaa!

Jiang Li’s punch hit the black Shield. The antimatter energy exploded. Cracks appeared on the shield and it exploded.

“Ah!”

The demon was also sent flying.

kachaa! Kachaa!

The black mechanical arm in Jiang Li’s hand cracked into pieces. This was the third ruler-level soldier that was destroyed.

Fortunately ...

Jiang Li had prepared a lot of control soldiers.

only three of them were scrapped.

it was completely enough.

“Divine Art!”

Buzzzzzz! Buzzzzzz!

Lan lan charged over again. sea prison technique!

This time.

lan lan didn't use any offensive moves. instead, she used a binding divine art to form a huge water prison to trap jiang li.

after that.

Wang Gang burst out with all his strength, revealing the terrifying destructive power of the antimatter energy. With one punch, he destroyed lan Lan's sea prison.

“Ghost Hunter's lost track!”

Buzzzzzz!

the innate ghost waved his right hand and a ghostly mist appeared.

“Spatial teleportation!”

Shua!

Jiang Li teleported and left the place, avoiding the innate ghost clan's ghost hunter.

“Not good!”

The innate ghost's pupils contracted, " this is space movement. Ghost hunter didn't trap him!

"Damn it!"

Lan Lan's face darkened. if I had known this would happen, I wouldn't have chosen to attack at this time.

"What's the point of complaining now?"

besides, " the demon shouted. before the war between the three races is truly decided, how can the origin of the continent manifest without the appearance of a dynasty true dragon that can be promoted to an imperial dynasty? "

"Stop him!"

The innate ghost race member shouted.

"Saber!"

Jiang Li! the demon yelled and raised his right hand. A black saber appeared in his hand. He moved quickly and slashed at Jiang Li.

"Demonic blade slash!"

"Whoosh!"

The saber Light was bright and black as ink, and the demonic Qi was surging.

The black blade light was like a galaxy of stars.

"yin yang obliteration sword!"

Clang! clang!

Two sword hums.

Jiang Li first activated the fourth ‘dominating mech soldier’, controlled Wang Gang’s skill, and quickly used the ‘antimatter combat technique’.

antimatter energy emerged.

...

immediately after.

jiang li took out the yin yang emperor sword and used the most powerful move, ‘yin yang sword style’.

Finally.

Jiang Li then integrated the antimatter energy into the Yin Yang sword.

The two swords slashed out at the same time, and a black and white sword light intertwined, forming a lifelike five-clawed black and white sword Dragon. The giant sword Dragon was covered in a layer of antimatter energy.

He charged forward.

“BOOM!”

the two sides collided head-on.

The sword ray and the saber ray clashed.

Bang Bang Bang Bang!

countless explosions were heard.

...

Finally.

Both parties exploded at the same time.

The storm of the explosion spread in all directions. The shock wave even sent the demon flying away. Jiang Li was also blown away by the shockwave.

Jiang Li flew back and got closer to the nine-colored light.

“BOOM!”

The engine roared.

Jiang Li's mechanical Army charged at them. Countless cannons, missiles, energy missiles, and nuclear explosions locked onto lan lan, the innate ghost, and the demon.

Light and fire bloomed all over the sky, incomparably gorgeous.

buzzzzzz! Buzzzzzz!

Lan lan, the connate ghost race and the devil were surrounded by a light barrier that protected them from the bombardment of the billions of bullets.

They rushed out of the flames that filled the sky.

However ...

Because of this momentary obstruction.

Jiang Li was already approaching the ‘origin’ of the nine-colored light. He was less than 10000 meters away, so he teleported there.

“No!”

Lan lan and the others widened their eyes.

“we’re finished, yingluo.”

Wu qiuhuang and Luo yinsha were in despair.

“Your Majesty!”

Wu Wuji, Lin Tianjian, and the rest of the humans watched intently. They clenched their fists and held their breaths. They were extremely nervous.

“.....”

huh? ” Jiang Li felt the fluctuation of the origin from the light ball in front of him, his instinctive desire, and the Empire’s fate that seemed to be boiling.

“Whoosh!!!”

Suddenly.

Just as Jiang Li reached out to the ‘origin’ of the nine-colored light, a Blue pillar of light fell from the sky and covered it.

BOOM!

Not only that.

Jiang Li! the blue light beam also had a strong repulsive force that sent Jiang Li flying.

“Who is it?”

Jiang Li quickly steadied himself and looked up at the sky. He followed the blue light and saw the figure in the sky.

“!!!”

Jiang Li’s pupils constricted. He felt a terrible impact. He could only see a thick blue light and nothing else.

However ...

Jiang Li, on the other hand, felt dizzy as if his head had been hit by a heavy blow. It was completely suppressed by the difference in life level.

This feeling ...

It was like an ant looking up at an elephant.

it was even more terrifying than that.

“i look down on my master!”

Plop!

Lan Lan’s pupils contracted, and his whole body trembled. He knelt down directly, his four limbs prostrating in the sky, completely like a servant who had seen his master.

” what? ” the demon was shocked. ” lan lan actually called him ‘my master’. that means he’s the sea god, one of the twelve master gods of the god clan’s water god branch?!! ”

“Si si si ...”

the innate ghost clansmen gasped.

Buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

However ...

This was just the beginning.

Immediately after.

In the sky, in addition to the ‘blue light’ that had appeared first, there was another existence that was filled with the Gray Ghost fog of the netherworld, as well as a Supreme figure that was rolling with demonic Qi.

“This servant, Ye Shen, greets my master!”

The demon knelt down and also prostrated on the ground.

“You Yuan kneels to meet my master.”

The innate ghost knelt on the ground.

The Supreme existences of the God, devil, and ghost clans appeared one after another. The space where they were located was constantly being destroyed and restored, forming a terrifying domain.

Shua! Shua!

Immediately after.

The Supreme existences of the Barbarian race and the demon race had also appeared.

It appeared out of thin air.

There were no signs.

Two Supreme figures appeared above the nine Heavens.

“Greetings, Sir!”

Wu qiuhuang and Luo yinsha bowed.

The Supreme existence of the Barbarian race was surrounded by Dragon shadows. Black mist filled the air, making it impossible to see clearly. His cultivation was not high enough, so he couldn’t even see the other party’s face.

“You have failed.”

The unparalleled existence of the Barbarian race frowned, but one could not tell whether he was happy or angry.

“Wu qiuhuang,”

The Supreme existence of the demon race was also surrounded by a green mist of light, which enveloped his entire body. His face was blurry, and it was impossible to see clearly. you have failed as well.

“.....”

Wu qiuhuang and Luo yinsha looked a little frightened and nervous.

He did not know when.

The war had stopped.

both the demon race and the barbarian race had suffered heavy losses. they had less than their underwear left. the sea alliance's army had almost been completely annihilated.

The great Xia Army still had over 200 billion soldiers, while the mechanical Army still had over 500 billion soldiers.

the human race actually won the Imperial War in the Saint peace state.

The sea god lowered his head. He was surrounded by blue mist, making it impossible to see his face. The pressure of his life level made Jiang Li feel like he couldn't breathe.

It was truly too terrifying.

“The sea god.”

The demon's grieving master asked with a sorrowful tone, ” “Can you confirm that the origin of this continent has a ‘coordinate mark’?”

“In order to descend to the ‘origin world’, I have paid a great price. I hope it won't be a waste.”

The Supreme existence of the ghost clan said.

“.....”

At the same time.

The Supreme existences of the Barbarian race and the demon race looked over at the same time.

“Yes.”

The sea god nodded and said, “there’s no mistake. This continent’s origin does indeed have a ‘mark of coordinates’. If I’m not mistaken, it should be a universe.”

“Alright!”

There was a hint of joy in master bei’s tone, as if he was both happy and sad.

“.....”

Jiang Li’s expression was serious.

To tell the truth.

The sudden change was beyond Jiang Li’s expectations. The sea god, Lord bei, and the other supreme beings had far exceeded Jiang Li’s knowledge.

Tenth level? Eleventh level? And it was even level 12?

Or rather ...

It had surpassed level 12!

It was a level and realm that could not be described, guessed, or even inferred.

in other words ...

Facing such an existence ...

even if jiang li used all his skills and risked his life, he probably wouldn't be able to do anything to his opponent.

at this moment.

Jiang Li felt the unparalleled state and level.

Dynasty? Empire?

It was probably just a novice village in this world.

" i have obtained the origin of the continent and the coordinates. i will make a copy of the coordinates for everyone. "

said the sea goddess.

"Alright!"

"Sure."

"No problem,"

"It should be so."

Grief and the others nodded.

"Yes."

The sea god looked at Jiang Li and said calmly, " I don't really like the human race, so you can disappear."

Buzzzzzz!

As soon as he finished speaking.

let's go. the sea god waved his hand and a ray of blue light fell on Jiang Li. Jiang Li was frozen on the spot and couldn't move at all.

At this moment.

Jiang Li's mind and will seemed to be frozen.

Kachaa!

At this critical moment.

"i'm back. " the woman in purple walked forward. there was a faint purple light around her. everything melted away like snowflakes. jiang li returned to normal.

"....."

Jiang Li panted heavily and looked at the back of the woman in purple. She was graceful, but she was majestic and indescribably elegant.

"I don't really like the gods race either."

The purple-robed woman looked at the sea goddess.

Chapter 674 The coordinates

As soon as he finished speaking.

The lady in purple stretched out her slender hand. Her fair fingers were as white as Jade and crystal clear. However, they were wrapped in purple flames, as if the patterns of laws were intertwining.

“Yingluo, it’s you!”

The sea god’s pupils contracted, and his calm expression suddenly changed. His voice was filled with shock and fear, “you, why are you here?” “you, why are you here?”

However ...

In that instant.

It was accompanied by the cry of a Phoenix.

The purple-robed woman’s palm print was aimed at the sea god. Purple flames wrapped around it, and a Purple Phoenix condensed in her palm, soaring into the sky.

The Phoenix soared through the nine Heavens.

The space was twisted and shattered like a broken mirror. Countless cracks appeared. The space could not withstand this power.

“Not good!”

The sea god shrieked in shock. With a wave of his hands, countless divine runes interwove and formed an extremely mysterious divine chain. Supreme Divine Art-Ocean Divine Kingdom!

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

The ‘God chains’ interweaved and gathered together, finally forming an independent space, revealing a spatial divine Kingdom.

Within the divine Kingdom.

Hualalalalalalalalala

It lifted up an endless amount of sea water. It was endless and there was no end in sight.

One had to know.

This ‘ocean water’ was ‘divine water’ that had been condensed from divine energy.

BOOM!

the ocean divine kingdom fell and collided with the purple-flame phoenix. it was as if the world was being destroyed, the sky was collapsing, the laws were cracking, and the taoist connotation was being worn out.

kachaa! Kachaa! “Crack!”

the space shattered.

The explosion formed a pitch-black Vortex, and the space shattered into fine powder, devouring the aftermath and energy of the explosion.

Shua shua shua shua

Purple flames burned as the Phoenix charged into the ‘Ocean Divine Kingdom’. Countless amounts of seawater evaporated, turning into mist that filled the sky, and the divine Kingdom shattered.

“Ah!”

Pfft!

The sea goddess who had yet to reveal herself screamed miserably and vomited blood. The Azure blood filled the sky, and the blue mist dispersed, revealing the sea goddess “true appearance.

He looked closer.

The sea god was just a blue-haired handsome youth. There didn’t seem to be anything special about him, as if he had returned to his original state. He also didn’t have any angel-like wings on his back.

The only characteristic.

There was a blue Trident mark between his eyebrows.

“Bai Zimo.”

the sea god roared in anger. he was coughing up blood and his injuries weren’t light. the purple flames followed the connection between the sea god and the sea god’s divine kingdom. not only did they destroy the sea god’s divine kingdom, but they also spread to the sea god’s body.

Purple flames began to burn on the sea God’s body.

Pfft!

The sea god vomited blood again.

“Whoosh!!!”

Hence.

Without the slightest hesitation.

Space was torn apart.

The sea god wrapped lan lan up and directly pierced through space and time. His figure disappeared in an instant. He didn't dare to fight with the purple-robed woman at all because he knew very well the difference in strength between them.

It could be said that ...

Unless the 'Overgod' of the water God's lineage had descended.

Otherwise ...

With the sea God's strength, he probably wouldn't even last three moves against the purple-robed woman.

“.....”

master bei and the ghost expert had grave expressions. after seeing the sea god retreat, they felt fear and did not hesitate for too long before leading their subordinates away.

Buzzzzzz! Buzzzzzz!

It tore through spacetime.

He disappeared in the blink of an eye.

“Let's retreat!”

...

shua!

The Supreme expert of the monster race waved his right hand, and the power of his bloodline descended. He grabbed Wu qiuhuang and left with him.

immediately after.

The Supreme expert of the Barbarian race also left with the network silver sand.

The whole process took less than a minute.

God, devil, ghost.

Demons and barbarians.

First, the ‘Supreme Masters’ of the five alien races showed up and shocked everyone. They trapped the origin of the Saint peace state and the sea god even wanted to kill Jiang Li.

but ...

The purple-robed woman’s attack had severely injured the sea god with a single move, and she had forced back the ‘Supreme experts’ of the five clans in fear, displaying unparalleled power and might.

It was extremely powerful.

...

He could be said to be invincible.

Buzzzzzz!

the purple-robed woman waved her right hand, and the ball of light ‘origin’ wrapped in nine-colored light landed in her hand. she pointed with her finger, and a mark of chaotic colors separated from the ball of light.

After that.

This Mark of Chaos fell into the purple-robed woman's hands.

“Yes.”

The purple-robed woman frowned and said, ” the universe imprint has already been copied by the sea god.

“.....”

Jiang Li stood aside and didn't say anything.

To tell the truth.

Jiang Li didn't know many secrets of this world. As he grew stronger, he felt that the world was more and more unfathomable.

The ‘universe mark’.

Jiang Li was also confused.

He didn't dare.

Jiang Li had a feeling that this ‘universe mark’ might be related to him.

It was an instinctive feeling.

“This is yours.”

shua!

The lady in purple waved her hand, and the ‘origin’ with nine-colored light flew to Jiang Li. Jiang Li immediately caught it and looked at the lady.

“it’s just the ‘origin’ of an origin land.”

The purple-robed woman waved her hand and said, ” although it’s precious, it’s not enough to attract the Supreme Masters of the five races above the ‘Dao level’. They’re interested in the’ universe mark ‘attached to the’ origin’.

although they didn’t manage to obtain the actual body of this ‘universe imprint’, the coordinates on it have already been copied by the sea god.

“If I’m not wrong.”

“The sea god will definitely continue to copy the ‘coordinates’ and then sell it to the sorrow Lord and the others.”

“This Tao Wu, may I ask what a ‘universe imprint’ is? What are ‘coordinates’? ”

what? ” Jiang Li asked.

“Hehe.”

The purple-robed woman chuckled. Her beauty was unparalleled, and with the appearance of this smile, it could turn all living beings upside down. ‘universe mark’ is ‘coordinates’. The meaning of the two is almost the same.

the ‘universe imprint’ is the information of other universes captured by the ‘origin land’ of the ‘main world’. When all the captured information is gathered together, it can form a’ universe imprint’.

the ‘coordinates’ are the specific locations derived from the ‘universe mark’, which are the coordinates of’ other universes’.

with these ‘coordinates’, we can lock onto other universes and open up a’ universe channel ‘to descend to other universes.

“Then what is this ‘universe imprint’?”

Jiang Li’s pupils constricted. He had a vague idea, but he couldn’t believe it.

“Yes,”

The woman in purple nodded. She already knew what Jiang Li was thinking. She said, ” “If I’m not mistaken, this ‘universe imprint’ represents the universe you were in.”

what?!

what? ” Jiang Li was shocked. He couldn’t believe it. what? what? ”

“Are you very surprised?”

you should be surprised when you first hear about this, ” the lady in purple said indifferently. however, I’ve seen many creatures like you who came from other worlds and universes.

some of them were discovered by us, but they didn’t have any value in reporting them, so we killed them directly. Some died midway, and some were like you, able to establish an extremely powerful dynasty.

“However, he lost in the final war for the throne of the Empire,”

“Only a very, very small portion.”

he ruled an entire province and established the emperor’s dynasty. He even borrowed the power of the immortal court to open up a ‘universe channel’ with his original world or universe.

I remember that one of them was promoted from an imperial dynasty to a Holy Land.

“Yes, if I remember correctly, I came from a cultivation universe.”

“You just need to know.”

“The existence and power of the immortal court is far beyond the limits of your imagination. The meaning of its existence is not something you can easily guess.”

“Jiang Li.”

“There’s still a lot of things you need to know,” the purple-robed woman continued.

shua!

As soon as he finished speaking.

The woman in purple waved her right hand and took out the nuclear warhead. The purple flame burned and gradually covered the nuclear warhead.

Kachaa! Crack! Crack!

Immediately.

countless ‘0s’ and ‘1s’ appeared on the nuclear warhead, forming a continuous stream of data. they formed a chain and locked the entire ‘nuclear warhead’.

“Break!”

bang! Bang!

The purple-robed woman shouted. The Phoenix mark between her brows glowed and shot out a purple ray, which landed on the nuclear warhead.

In that instant.

The chain formed by the data was broken.

Buzzzzzz!

the light flickered.

Just like that, the ‘heavenly Dao-level encryption’ was cracked open by the purple-robed woman with brute force.

It was truly terrifying.

Immediately after.

The ‘nuclear warhead’ was broken down into countless parts in the purple-robed woman’s hands, and the secret of the entire nuclear warhead was completely presented to her.

“You’re so silly!”

Jiang Li was shocked.

for example, this ‘nuclear warhead’ that you mentioned has ‘heavenly Dao-level’ encryption. It’s not that it can’t be cracked, but that it’s unnecessary.

“Compared to the resources required to crack the ‘heavenly Dao-grade’ encryption, the mystery of this nuclear warhead is not worth mentioning at all. After all, the power of the nuclear warhead is only at level six or seven at most,” the purple-robed woman said.

“.....”

jiang li took a deep breath and asked, ” “What do you want to say?”

“This is for you.”

Shua!

The purple-robed lady took out a token from thin air. It was snow-white and diamond-shaped, with nine lifelike nine-clawed ancestral Dragons carved on the back.

They were intertwined with each other.

The word ‘white’ was engraved on the front.

Other than that.

There wasn’t anything special about it.

“what is this?”

Jiang Li asked after he caught it.

“The order of the immortal court.”

“With the ‘token of the immortal court’, you’ll become an official member of the immortal court once you successfully establish the Imperial court and activate it with the power of the true dragon,” the purple-robed woman said.

“Official member Yingluo”

Jiang Li was a little surprised. He didn't know much about the immortal court, so he didn't understand the true value of it, but Lord Chi and Elder Brown did. They looked at Jiang Li with envy.

my name is 'Bai Zimo', " the purple-robed lady said. you are now qualified to know my name. Remember this name. I hope that the next time we meet, your strength will improve a little.

"At the very least, he has to be level 12."

Buzzzzzz!

As soon as he finished speaking.

The purple-robed woman didn't say anything more. She took light steps, and in the blink of an eye, she gradually rose into the sky and disappeared. However, a voice came.

"Let's quickly establish an Empire."

The purple-robed lady's voice was heard. if I'm not mistaken, the celestial race, devil race, ghost race, monster race, and barbarian race will soon open up a universe passage after they obtain the 'universe coordinates'.

"I hope you can make it in time."

Chapter 675 fusion

Jiang Li opened his mouth and looked at the sky, but he couldn't see Bai Zimo anymore. In fact, he had a lot of questions to ask her.

For example.

Bai Zimo had mentioned it before.

Jiang Li had something on him. He had been thinking about it, but he didn't know what it was.

In addition.

there was also the secret of the immortal court.

He also wondered why there were only six races in the Holy peace Region and the entire Super Fantasy world, namely humans, demons, barbarians, demons, gods, and ghosts.

wait, wait, wait.

Everything. Everything.

Even Jiang Li wanted to know.

But unfortunately ...

bai zimo only said a few words before leaving.

or rather ...

Just like what Bai Zimo had said before, the reason she had descended to the Holy peace Region was out of interest, just like a billionaire going to a farmhouse to have a look.

After the sightseeing, they would naturally go back. It was impossible for them to really linger on the so-called rural scenery.

Outside the Super Fantasy world.

He looked around.

There was only endless chaotic Qi and a dusky sky. Outside the Super Fantasy world, there was no dark and silent universe, countless stars, and no sun.

There was only endless chaos Qi.

The endless primordial chaos.

there was no end to it.

Bai Zimo's figure appeared, and the chaotic Qi around her automatically separated.

"This servant greets the Lord!"

Buzzzzzz!

The next moment.

a young lady in green appeared and stood beside bai zimo. she bowed to bai zimo and said respectfully, "you're back. "

"yes."

Bai zihuang nodded and lowered her head to look at the 'Super Fantasy world'.

A vast world was reflected in his eyes. It was incomparably huge, but he couldn't see the end at a glance. It was indescribable in size, comparable to a boundless Galaxy.

The entire world was covered by the 'chaotic world barrier', which was condensed by endless chaotic Qi.

“My Lord, why did you give the ‘ancestor white token’ that ancestor white gave you to an insignificant human from a foreign world? If ‘ancestor Bai’ knew about this, hehe ...”

“Do I need you to ask about my matters?”

Bai Zimo coldly interrupted the Azure-robed girl.

“Nullified servant doesn’t dare!”

the green-robed girl’s expression trembled, and fear appeared on her delicate face.

“let’s go back,” he said.

Bai zihuang said coldly.

“Yes, my lord.”

buzzzzzz!

The next moment.

The green flame started burning, and the girl in green transformed into a noble and gorgeous green Phoenix. The green flame seemed to have ignited the Qi of chaos.

Bai zihuang stood on the blue Luan’s back.

“Whoosh!”

The blue Luan flapped its wings.

Her body turned into a Green stream of light and disappeared into the depths of the chaos. Then, the space formed a vortex tunnel. The blue Luan entered the tunnel and completely disappeared.

he was nowhere to be found.

Holy peace state.

Jiang Li had already obtained the origin of the Saint peace state. All he needed to do now was to refine the origin of the Saint peace state, unify the Saint peace state, form the 'Dragon Ball', become a five-clawed true dragon, and finally become the dynasty of the heavens.

Time passed.

Until the next day.

Buzzzzzz! Buzzzzzz!

The tragic war finally came to an end.

The Barbarian and demon races were almost completely exterminated.

...

Only a small number of them survived.

What awaited them would be the slaves of the barbarians and the demons.

Other than that.

The Allied army of the sea Empire was completely annihilated.

Not a single one survived.

in addition.

The demon race and the Barbarian race's demon race's demon race's demon race were all killed.

Man Wuji, tu Jiuling, Fu Tianqing, mo Helin, and the other vice court Masters and Hall Masters were all killed one by one. Their corpses covered more than half of the central region of Saint peace state.

The mountains and rivers shattered.

The environment had been greatly damaged.

the blood gathered to form a sea of blood.

...

The smell of blood filled the entire battlefield.

It was difficult to dissipate.

In addition.

The great Xia Army had suffered great losses.

The original 560 billion was now less than 200 billion.

Jiang Li's mechanical Army had lost nearly 600 billion meches and only had 400 billion soldiers left. More than half of the soldiers were lost in this war.

The war was over.

Jiang Li left the cleaning up of the battlefield and the collection of resources to Wu Wuji, Lin Tianjian, and the mechanical Army.

“Set up the formation!”

Buzzzzzz! Buzzzzzz!

First of all ...

The human formation Masters stepped out.

He set up a huge ‘ten thousand blood refining formation’, which covered more than half of the battlefield and refined the corpses.

Shua! Shua! “Whoosh!”

Countless rays of blood light flew up and merged into the formation diagram.

After that.

They formed a myriad blood refinement pill.

There were high and low grades.

From unranked to rank-9.

among them.

There were only three ninth-grade ten thousand blood refinement pills.

Two ninth-grade low-rank and one ninth-grade medium-rank.

The two lower-class level-nine ten thousand blood refinement pills were made from the bodies of Wu Tian and di Long. The only medium-class level-nine pill was made from the body of the sea Dragon God.

Jiang Li only left two low-rank level-nine pills and one medium-rank level-nine ten thousand blood refinement pill.

The remaining ten thousand blood refinement pills.

From unranked to peerless rank-8.

Jiang Li gave all of them to Wu Wuji, Lin Tianjian, Lord Chi, Elder Brown, and the Xia soldiers.

Three days later.

The battlefield was cleared.

All the corpses were refined into 'ten thousand blood refinement pills'. After a rough calculation, without counting the grade, they had collected about 2.1 trillion pills.

The rewards were distributed.

Every great Xia soldier would be given more than ten thousand blood refinement pills.

Other than that.

After the war was won.

it was based on the battle merits of killing the enemy.

They would also be rewarded with cultivation techniques, spirit herbs, spirit stones, and so on.

base 01.

In the room of the galactic ruler hub.

Buzzzzzz! “Whoosh!!!”

Jiang Li had been cultivating in his room for three days. He had given Xu Ya, Hong Tianqi, Lin Tianjian, Wu Wuji, and the others the responsibility to clean up the war.

shua!

with a thought.

Azure Dragon. Jiang Li activated his technique and the Azure Dragon appeared. It sat on Jiang Li’s body and rested its head on Jiang Li’s head.

He took a closer look.

the azure dragon of the xia dynasty shouted a nine-colored ball of light.

It was the ‘origin’ of the Holy peace state.

Currently.

Jiang Li had been in seclusion for three days and couldn’t refine the ‘origin’ of the Saint peace state. He needed to spread the traces of the great Xia Dynasty all over the Saint peace state and rule the entire state.

in other words.

they needed to rule the entire saint peace state to accumulate the fortune of the empire, refine the origin, form the dragon pearl, and ascend to the throne of the human race.

This required time.

In addition.

Shua!

Jiang Li opened the information of the No. 01 interstellar base and clicked on the facilities information of the 'space Expedition Station'. The screen showed the information.

[ facility: space battle station ]

” conqueror type: yet to be activated (can be activated by consuming the origin of the continent) ”

Obviously.

After Jiang Li got the 'origin' of the Saint-peace state, he returned to the No. 01 interstellar base. Hidden Dragon showed up and reported the situation to Jiang Li.

“It actually requires the essence of the continent.”

Jiang Li frowned. that won't do. I still need the 'origin of the continent' to form the Dragon Ball and upgrade it to an imperial dynasty.

Shua!

The soul Tinder column was opened.

This time.

Jiang Li's mechanical Army and great Xia's Army used nuclear bombs, H-bombs, and other weapons to fight for the dynasty.

Among them.

700 billion demons, 600 billion barbarians, and 900 billion troops of the sea Empire Alliance. The total number of troops reached 2.2 trillion.

Of course.

The mechanical Army had only killed a large portion of them.

It wasn't like the living beings were killed by the great Xia Army.

Even so ...

At least two trillion living beings had died under the bombardment of the mechanical Army.

the number of soul tinders that jiang li caught this time had reached a terrifying number. it was probably more than all the soul tinders he had caught before.

[ soul Tinder: 330 billion level-one soul Tinders, 30 billion level-two soul Tinders, 4 billion level-three soul Tinders, 38 million level-four soul Tinders, 380000 level-five soul Tinders, 3500 level-six soul Tinders, 70 level-seven soul Tinders, and 5 level-eight soul Tinders. ]

"Fuse."

buzzzzzz!

Jiang Li immediately started the soul Tinder fusion function. He first fused all 330 billion level-one soul Tinders with one button.

Countless upgrades appeared.

It was like a flood of messages.

In an instant.

The fusion was complete.

He had obtained 11 billion level-two soul Tinders.

“Continue.”

buzzzzzz! Buzzzzzz!

the soul tinder fusion interface flickered.

All 41 billion stage-two soul Tinders were fused in a very short time, and he obtained 684 million stage-three soul Tinders.

” fuse the third-stage soul tinder. ”

Jiang Li continued to merge. 4.684 billion level-three soul Tinders were merged in a short time, and he had gained 51 million level-four soul Tinders.

“Fusion!”

The fusion continued.

Eighty-nine million Tier 4 soul Tinders were fused with one key, and countless notifications appeared on the screen. It took less than half a minute.

The fusion was complete.

He had obtained 890000 fifth-tier soul Tinders.

” fuse the fifth-rank soul tinder. ”

Buzzzzzz! Buzzzzzz!

the fusion interface flickered with light again.

1.27 million fifth-tier soul Tinders were all fused, and he obtained 12700 sixth-tier soul Tinders, plus the original 3500.

Jiang Li now had 16200 level-six soul Tinders.

“Continue.”

Soon after.

Jiang Li fused another 16200 level-six soul Tinders and got 162 level-seven soul Tinders, which was 70 in total.

the number of seventh-tier soul tinders was 232 in total.

unlocking the seventh-tier mechanical space soldier type ‘planet-level space soldier Manufacturing Research ship’.

Jiang Li deducted sixty-four level-seven soul Tinders.

Buzzzzzz! Buzzzzzz!

The interface for the mechanical interstellar Army appeared.

the light flickered.

Shua!

[ planet-level black Star Trooper research ship has been successfully unlocked! ]

A notification appeared.

“continue.”

Jiang Li continued to control the Dominator panel. unlock ‘planet-level defense warship’.

Buzzzzzz! Buzzzzzz!

This time, a total of 128 level-seven soul Tinders were deducted before the ‘planet-grade defensive battleship’ was successfully unlocked, and all the level-seven mechanical interstellar troops were unlocked.

a total of 192 seventh-tier soul tinders were consumed.

There were still 40 left.

Other than that.

there were also five eighth-grade soul tinders.

Shua!

At the same time.

After Jiang Li unlocked all the level-seven interstellar mech soldiers, he gained the right to unlock level-eight mech interstellar soldiers. He needed nine level-eight soul Tinders and a huge amount of energy points.

Temporarily unable to complete.

The interface closed.

Jiang Li walked out of the room and gathered Lord Chi, Elder Brown, Hong Tianqi, Xu Ya, Lin Tianjian, Wu Wuji, Lianzhen, mo bei, and other important officials.

Soon after.

let's go. Jiang Li ordered them to rule the entire Saint peace state as soon as possible and spread the great Xia Dynasty all over the state.

Of course.

This required time.

“Yes.”

“We will obey your orders.”

“Please rest assured, Your Majesty. We promise to complete the task.”

the ministers said in unison.

Without the obstruction of the monster race and the Barbarian race.

Therefore, unifying the Holy peace Region was a very easy task.

it could be completed with some time.

Three years later.

In the central region of the Holy peace Region.

Tens of thousands of meters high in the sky.

The three floating continents belonging to the Barbarian race, the demon race, and the human race had already merged into one larger floating continent.

And now.

The Imperial Palace of the great Xia Dynasty had already been moved to this floating continent.

On this day.

okay. Jiang Li had prepared everything.

Jiang Li was ready to claim the throne.

It was time to promote to an imperial dynasty.

Chapter 676 Level

It was noon.

It just so happened to be when the sun was high in the sky.

in the central region of the holy peace region.

At an altitude of tens of thousands of meters, there was an incomparably huge floating continent. It was formed by the fusion of the original three floating continents.

And now.

Jiang Li renamed the continent: Azure Dragon continent.

At the center of the Azure Dragon continent.

what came into view was an incomparably huge imperial palace. it was built by the mechanical engineers of the 01 interstellar base.

The area was vast, beautiful, and magnificent.

Not only that.

Jiang Li also spent a lot of resources to build a level-eight formation with many level-eight human array Masters, which covered the entire Palace.

His line of sight gradually drew closer.

In the center of the great Xia Palace.

They had used dark Iron, refined iron, and other materials to build a 100000-meter-tall Dragon platform. The main body of the Dragon platform was actually the Dragon platform that had been built when the dynasty had been promoted.

This time.

It was an even better optimization and improvement on the original foundation.

Tada tada

Clear footsteps.

Jiang Li was walking up the stairs of the Dragon platform step by step. He reached the top and looked down with his hands behind his back.

“Your subjects pay their respects to Your Majesty!”

below.

Around the Dragon ascending platform.

Hong Tianqi, Xu Ya, Wu Zong, pang kui, Lin Tianjian, Wu Wuji, Lian Zhen, mo bei, Yue Fengji, Wei Lin, and many other high-ranking officials of great Xia.

Jiang Li! they all knelt down and kowtowed to Jiang Li.

He looked around.

The Dragon platform was surrounded by people who were kneeling on the ground.

Not only that.

Even Lord Chi and Elder Brown knelt on the ground.

“Yes.”

okay. Jiang Li nodded and took a deep breath. He looked at the ministers kneeling on the ground and sighed. He was also excited. He was gradually calming down.

One had to know.

In these three years, many things had happened. First, Lin Tianjian, Wu Wuji, and Hong Tianqi had led the great Xia Army. With the help of the mechanical Army, they had spent more than two years to unify the continent.

In the Holy peace Region.

The remaining demons and barbarians were either killed or had their 'slave contract talismans' imprinted on them. They had all become the slaves of the great Xia Empire.

Other than that.

and those mixed-blood alien races were all destroyed and subdued.

finally.

The berserk beasts and so on were also cleaned up.

This way ...

Jiang Li got another batch of soul Tinders.

In addition.

After some calculations.

The great Xia Dynasty currently had a total of 23 billion demon slaves, 25 billion barbarian slaves, and 37 billion mixed-blood slaves.

The total population of the great Xia Dynasty.

This didn't include the great Xia Army.

Ordinary people.

There were a total of about 2.8 trillion names.

The great Xia Army.

The total number of troops was 200 billion.

However ...

This 200 billion was completely different from the 200 billion from three years ago. The 200 billion soldiers from three years ago had varying strengths, and there were many unranked quasi-martial artists.

and now.

After the great Xia soldiers consumed the ten thousand blood refinement pills, their strength rose continuously. Right now, the lowest requirement for the 200 billion great Xia soldiers was the perfected stage of stage one.

...

of course.

This did not include the mechanical Army.

The great Xia Army could be considered the main force of the great Xia Empire.

Apart from the great Xia Army, Wu Wuji, Lin Tianjian, and Hong Tianqi had also discussed and decided to form the East, West, South, and North armies.

There were four legions in total.

It was still in the process of being established.

This would take a lot of time.

of course.

These were not the most important things.

Jiang Li collected all the resources in the Saint peace state, including spirit veins, spirit stones, spirit herbs, and more than 90% of them were converted into energy points.

Shua!

...

Jiang Li had an idea.

Jiang Li opened the Dominator panel and checked the number of energy points.

energy points: 11.2 trillion energy points!

Obviously.

jiang li's energy points had exceeded trillions.

"Your Majesty."

lord chi bowed and said respectfully, "it's already noon. it's the best time for your majesty to claim the throne and ascend to the imperial dynasty."

"....."

Hence.

Everyone on the Dragon platform looked up at Jiang Li with anticipation and excitement.

“Alright,” he said.

I see. Jiang Li nodded and took a deep breath. He was a little dazed because he suddenly remembered a lot, so he wasted a lot of time.

Speaking of this.

Lord Chi and Elder Brown.

Since they had made great contributions to the dynasty War, Jiang Li rewarded them with a bottle of rank-6 gene strengthening liquid each after the war.

after the injection.

Lord Chi and Elder Brown had been in closed-door cultivation for more than two years. When they came out a month ago, they had broken through at the same time and ignited the ‘heart fire’. They began to gather the five Qi in their chest and successfully broke through to the early ninth level.

His strength had greatly increased.

Of course.

Although Lord Chi and Elder Brown had become stronger, they were more respectful to Jiang Li.

They knew very well that it was all thanks to Jiang Li that they could break through to level nine.

“Your Majesty, please ascend the throne!”

“Your Majesty, please call yourself an Emperor!”

“.....”

After that.

Wu Wuji, Lin Tianjian, Hong Tianqi, and all the Lords and ministers of great Xia shouted in unison. They were extremely respectful.

“Alright,” he said.

haha. Jiang Li laughed and waved his right hand. art of the Azure Emperor.

buzzzzzz! Buzzzzzz! “Whoosh!!!”

In that instant.

Jiang Li’s body glowed. Countless rays of green light were shining. Each ray of light was in the shape of a Dragon and covered his body.

roar!

The Dragon’s Roar shook the sky.

The Azure Dragon of the Xia Dynasty appeared and soared into the sky. Its 90000 meter long body was extremely lifelike and the Azure Dragon scales could be seen clearly.

Countless people looked up to him.

He was extremely respectful.

It could be seen.

In the Azure Dragon's huge mouth was a ball of light with nine-colored radiance. It was the continent origin of the Holy peace state.

“Refine!”

BOOM! BOOM!

the origin. Jiang Li activated his technique and countless rays of green light were injected into the origin of the continent. The Azure Dragon of Xia roared and released energy, gradually refining the origin.

However ...

The Saint peace state's origin was as hard as a rock, and it was difficult to refine.

“Release the fate of the nation!”

Hence.

go! Jiang Li shouted and released all the fate of the great Xia Dynasty. Endless green light shone and filled the sky.

At this moment.

The green light gathered and gradually formed a huge three-dimensional map. It was a shrunken version of the entire holy peace province, appearing in the vision of countless people.

Buzzzzzz! Wuwuwuwuwu!

A vast and invisible National aura gathered from all directions of the Holy peace state. The invisible National aura took on a corporeal form, forming a sky full of green light.

“refine more!”

Buzzzzzz!

Jiang Li pointed with his right hand and activated the Green Emperor Art. He controlled the green National aura and injected it into the nine-colored origin of the Saint peace state.

“Rumble!”

Like a flood, it was unstoppable. The Saint peace state’s origin, which was hard to refine and as firm as a rock, was gradually being crushed under the impact of the vast country’s fate.

Time passed.

An hour had passed.

The origin of Saint peace state was successfully refined. The nine-colored light faded away, turning into a crystal clear green Pearl. The Azure Dragon of great Xia swallowed it.

The Dragon Pearl was refined!

it’s a success! The Dragon Pearl has been refined!

“That’s great.”

“.....”

Lord Chi, Elder Brown, and the others shouted excitedly. They were extremely excited. As they felt the increasingly powerful and majestic Dragon's might of the nation, their expressions became more respectful.

"The Dragon Pearl is complete."

Jiang Li looked up and sensed the change in Azure Dragon. He said, "Next up is the time for the Azure Dragon of the Xia Dynasty to transform and advance."

"Azure Emperor Art!"

Azure Dragon. Jiang Li used his techniques and controlled the Azure Dragon to devour the Azure fate of the country and merge it into the dragon's body.

The Azure Dragon of the great Xia Dynasty became more and more solid.

It turned solid.

The most important thing was ...

As the Dragon Pearl was successfully cultivated, the obstacles and restrictions that were hindering the Azure Dragon's advancement had completely disappeared. As the Azure Dragon devoured more and more of the country's fate, the Azure Dragon of great Xia was able to absorb the fate of the country.

The 90,000-meter long dragon body began to grow.

Shua! Shua! Shua!

Three nine-Dragon level sacred artifacts flew out of Jiang Li's body and merged into the Azure Dragon's body.

The great Xia Azure Dragon's body began to grow slowly.

90,100 meters, 91000 meters, 91500 meters, 92000 meters

Time passed.

Jiang Li sat on the Dragon platform with his legs crossed and closed his eyes. When the Azure Dragon advanced, a vast energy of the nation's fate poured into Jiang Li's body.

Hence.

good. Jiang Li activated his techniques and absorbed the energy from the fate of the nation. He took the energy and poured it into his heart, starting to light up the heart fire.

His cultivation base was slowly increasing.

This situation continued for three days and three nights.

wu wuji, lin tianjian, hong tianqi, lord chi, and elder brown all kneeled on the ground and looked up at jiang li and azure dragon.

He knelt for three days and three nights.

He didn't even move.

Finally ...

The great Xia Azure Dragon had grown to a hundred thousand meters.

Shua!

Instantly.

The great Xia Azure Dragon slowly opened his eyes, which were shimmering with intelligence. It was as if he had gained intelligence out of thin air.

“roar!”

An earth-shattering Dragon’s Roar was amplified by a vast force, spreading throughout the entire Saint peace state and even affecting the surrounding seas.

Kachaa! Kachaa!

At the abdomen of the Azure Dragon.

The fifth claw was born.

It just grew out of thin air.

A five-clawed true dragon.

The true dragon of the Imperial dynasty.

The promotion was a success.

The Azure Dragon of great Xia broke through the final barrier and refined the Dragon Pearl. With the support of the vast fate of the nation, he gave birth to his fifth claw and advanced to become a five-clawed true dragon.

At the same time.

“heart fire! Done!”

Buzzzzzz!

Heart fire was ignited in Jiang Li's heart. It was a purple-gold Flame that was dancing like a lotus.

It contained an indescribable temperature.

Half an hour later.

Jiang Li absorbed the energy from the Fortune of the nation and gradually stabilized his cultivation. The purple-gold heart fire gradually hid into his heart.

His aura rose.

He had successfully broken through to the early stage of the ninth rank.

congratulations, Your Majesty. Your cultivation has increased greatly. You've ignited the heart fire and advanced to the ninth step!

“Congratulations to Your Majesty for reaching the 9th step!”

“congratulations to your majesty for your success!”

Hence.

Everyone shouted in unison, their tone excited.

## Chapter 677

Jiang Li was very satisfied, because not only did Azure Dragon level up, but he also made a breakthrough to the early stage of level nine with the help of the Fortune of the nation.

It could be said to be Double Happiness.

“Today,”

Jiang Li stood up, his eyes shining. The mark of the human Emperor between his eyebrows was shining and becoming clearer. He said in a low and majestic voice, ”  
“I am the human Emperor!”

boom! BOOM! BOOM!

At this moment.

It was really lightning and thunder.

Strange phenomena occurred.

Endless Thunderbolts appeared, tearing the sky apart. An endless sea of lightning appeared, covering the entire sky of the Azure Dragon continent.

It was hard to describe such a Grand scene with words.

If ...

Jiang Li's promotion to dynasty only affected less than one-third of the northern region of Saint peace state. Now that he was promoted to imperial dynasty, the phenomenon was at least hundreds of times more than before.

The commotion it caused directly affected the entire holy peace Region.

the entire continent shook.

In the dark.

the birth of the imperial dynasty had caused the spirit qi in saint peace state to boil. it had drawn in a vast amount of chaos qi and poured it into saint peace state, increasing the concentration of spirit qi in saint peace state by hundreds of times.

This way ...

This was because the increase in the concentration of spiritual Qi would make it easier for cultivation to break through. It was believed that in the coming period of time, martial artists would welcome the opportunity to rapidly increase their cultivation.

Around the mainland's coast.

Because of the shaking of the continent, the sea was also affected. The waves rolled into the sky, reaching 10000 meters high, and slapped on the coast of the Holy peace state.

However ...

The dynasties of the sea in the North, South, East, and West of the Holy peace state had led the Alliance's Army to attack the Holy peace state, but they had been completely annihilated. Therefore, the dynasties of the sea in the four Seas couldn't affect the Holy peace state at all.

furthermore ...

Jiang Li already had a plan. After it became an imperial dynasty, he would send troops to destroy all the dynasties in the four Seas of the Saint peace state and take them into his territory.

Roar! Roar! "Roar!"

The 100,000-meter-long great Xia Azure Dragon was Bathed In Lightning as it shuttled through the sea of lightning. The purple lightning dragons were like stars surrounding the moon, protecting the great Xia Azure Dragon.

“Whoosh!!!”

The Imperial dynasty true Dragon’s pressure spread out. With the Dragon platform as the center, it spread across the entire Azure Dragon continent in an instant, and then continued to spread, affecting the entire Saint peace state.

“Congratulations to Your Majesty for becoming the Emperor!”

“His Majesty has a long life and is invincible in the universe!”

“Your subjects offer our congratulations, Your Majesty!”

Below.

The ministers all bowed.

They shouted in unison and were extremely excited. There were still great Xia soldiers on the Azure Dragon continent. They prostrated on the ground and kowtowed.

Not only that.

Because the Imperial dynasty’s true Dragon’s pressure had already affected the entire Saint peace state, over two trillion great Xia’s citizens all knelt in the direction of the Azure Dragon continent.

except for the commoners of great xia.

There were also hundreds of billions of slaves.

at this moment.

the entire country was celebrating.

Gradually.

the strange phenomenon gradually disappeared and calmed down. the thunder dragon, thunder sea, thunder, and so on all disappeared and everything returned to normal.

The scorching sun hung high in the sky.

Buzzzzzz!

Immediately after.

The Azure Dragon turned into a ray of Azure light and entered Jiang Li's body. Jiang Li sat down with his legs crossed and closed his eyes.

And now.

The great Xia Dynasty had been promoted to the great Xia Empire.

The Saint peace state, a sub-rank of the hidden Dragon List, had merged with the origin Energy of the Saint peace state and turned into the origin of the Saint peace state. Jiang Li had also refined it into a Dragon Pearl.

“This is a Kasaya.”

At this moment.

Jiang Li suddenly felt his consciousness leave his body. Under some kind of guidance, the Azure Dragon of Xia wrapped around his body and entered a dark world with no end.

In the space of consciousness.

...

shua!

Jiang Li kept moving forward with his senses.

Buzzzzzz!

Suddenly.

Jiang Li saw a gray light. He seemed to have entered another world. In this chaotic world, Jiang Li saw many figures. Each figure was surrounded by a five-clawed true dragon. They were of different colors, but they all had Supreme Emperor's might.

in other words ...

in this chaotic world.

Every single figure here represented an Emperor.

He took a closer look.

"oh?" Jiang Li found that there were nine levels. he was on the ninth level, which was the lowest level, but also the one with the most people.

The higher one went, the fewer the numbers.

...

At the top of the first level.

Jiang Li only saw ninety-nine figures. They were so terrifying that he couldn't even look at them.

Of course.

In the center of this chaotic world.

There was a huge list hanging down, emitting wisps of gray chaotic mist, containing Supreme pressure. In front of this list, the young dragon List and the hidden Dragon List were like small sorcerers in front of a great sorcerer.

there was almost no comparison.

The difference was too great.

Buzzzzzz!

Jiang Li communicated with his consciousness and a vast amount of information immediately poured into his mind and he remembered it all.

“i see.”

this is the true dragon List. It records all the dynasties in the Super Fantasy world. Jiang Li opened his eyes and said.

Of course.

That wasn't all the information Jiang Li received.

In the entire Super Fantasy world.

the origin continent, which was the same as the holy peace state.

There were 129600 of them in total. Over the endless years, some of the origin continents had been shattered into pieces and islands because of the war. However,

after a period of time, the Super Fantasy world would give birth to a new origin continent.

No matter what.

The number of 'origin continents' would remain at '129600', neither too many nor too few.

true dragon list

[ 1st place: Holy Empire, country title "Saint," demon Emperor "Tian Sheng." ]

Second place: Celestials, country title 'celestial', human Emperor' Jade Emperor'.

third place-qin dynasty, imperial title 'qin', human emperor' ying zheng'.

fourth place, nine heavens dynasty, country name 'tian', barbarian emperor' chi you'.

.....

129598th: The five Barbarian Empire was named 'five', and the Barbarian Emperor was the' head of the five Barbarians'.

129599th: The heaven Fey Empire was named 'heaven Fey', and the fey Emperor' Yao Tian'.

[ 129600th: great Xia Dynasty, country name 'Xia', human Emperor' Jiang Li'. ]

"This bi an ..."

It took Jiang Li a long time to finish browsing through all the dynasties on the true dragon List.

To tell the truth.

Jiang Li was surprised.

One had to know.

In the past, the ‘young dragon List’ and ‘Hidden Dragon List’ were unable to see the dynasties with stronger National fate due to the strength of the country’s fate. They could only see the lower-ranked dynasties.

but ...

The true dragon Roll was different.

He could actually see everything without any restrictions.

From the first place to the last place.

All the Imperial dynasties.

Jiang Li could see the basic information.

“The Jade Emperor, Ying Zheng, and Chi You.”

the emperors of the top four dynasties ... Jiang Li muttered, ” their names are almost familiar on earth. I wonder if there’s any connection between them.

could they be like me, transmigrating here? ”

in addition.

Jiang Li also received some information and restrictions from the dynasty.

It meant that the Imperial dynasty War between imperial dynasties could not be carried out in the Super Fantasy great world. The Imperial dynasty War could only be carried out in other worlds.

In other words ...

if jiang li found another land of origin and there was another dynasty on the other land of origin, they couldn't fight in the super fantasy world.

Jiang Li could understand this restriction.

After all ...

a war between top-tier imperial dynasties could destroy an origin land if the top-tier imperial dynasties engaged in a large-scale imperial dynasty war.

it would not be as simple as destroying one or two origin continents.

The entire 'Super Fantasy world' would probably be shattered.

“whoosh!!!”

The next moment.

the true dragon list shook slightly and split into two gray balls of light that fell into jiang li's body.

He disappeared.

‘Congratulations to the’ great Xia Dynasty ‘for being promoted to the’ great Xia imperial dynasty’, entering the ‘true dragon List’ and starting your journey to conquer the myriad world. The position of an Emperor.”

A message appeared in Jiang Li's mind.

‘Reward two: upgrade the art of the Azure Emperor.’

Buzzzzzz!

The information of the cultivation method inheritance came into Jiang Li’s mind and he memorized it instantly.

Shua!

Soon after.

Jiang Li’s consciousness returned to him.

in this chaotic world.

Jiang Li didn’t disappear. With the five-clawed Green Dragon around him, he closed his eyes as if he was in a deep sleep.

Immediately after.

Around Jiang Li, a few people who had their eyes closed opened their eyes. They all woke up and talked to each other as if they had known each other for a long time.

Very quickly.

A white-haired human Emperor noticed Jiang Li.

“everyone,”

“i think there’s a new person in the ninth level,” the white-haired human emperor said.

“Oh.”

“Indeed,”

“A human Emperor.”

“Let’s see the changes on the true dragon Roll.”

the great Xia Dynasty. The country’s name is Xia. Human Emperor Jiang Li.

The various emperors on the ninth level were conversing, but they didn’t pay much attention to it. They retracted their gazes and then began to discuss many things.

For example, they would ally their armies to fight against other worlds, or if a dynasty had a conflict with another dynasty in another world, and the two emperors would start cursing at each other.

there were also several emperors conducting transactions.

However ...

none of the emperors noticed it.

He was at the first level.

An Emperor in a Black Dragon robe lowered his head and looked at Jiang Li. He paused for a while and then looked away.

After Jiang Li’s consciousness returned.

Buzzzzzz! Buzzzzzz!

Immediately.

The position of the human Emperor was changing. The mark between his eyebrows was also changing. The position of the human Emperor was transforming and advancing, transforming into the position of an Emperor.

Very quickly.

The transformation was complete.

Jiang Li sensed carefully.

The invisible status existed in the depths of Jiang Li's soul like a five-clawed Green Dragon. It was hard to touch, but it was real.

The mark between his brows had also changed from a four-clawed Green Dragon to a five-clawed Green Dragon.

To put it bluntly.

It was the promotion of one's level.

it had been raised by a whole level.

For example, the 'position of human Emperor' in the past was only the position of an ordinary God, but the current 'position of Emperor' was equivalent to the divine position of a true God.

In addition.

The 'throne' emitted rays of green light that seeped into Jiang Li's body and soul, tempering them.

It was undergoing a kind of sublimation.

## Chapter 678

The purple-gold fire was burning. As the 'Emperor's position' refined Jiang Li's body and soul, the fire grew stronger and stronger.

The twelfth-grade lotus flower gradually split into more petals, and gradually advanced from the twelfth grade to the thirteenth, fourteenth, and fifteenth grade.

In the end.

The vast heart fire transformed into the form of a twenty-fourth rank lotus flower.

In his dantian.

Jiang Li's true spirit sat on the green Lotus with three flowers on its head and a purple-gold heart fire in the shape of a twenty-fourth-grade Lotus on its chest.

Other than that.

The green Lotus that his true spirit was sitting on had also split from sixteenth-grade petals to a twenty-fourth-grade form, each petal with the mark of a five-clawed Green Dragon.

boom!

Jiang Li's body trembled. After the refinement, Jiang Li's aura was strengthened. His strength had obviously improved.

It was also the evolution and progression of life.

the promotion of level.

Jiang Li had an innate pressure on those who were of lower status.

“Azure Emperor Art!”

Buzzzzzz! Buzzzzzz!

After the level advancement was completed.

Green Emperor Art. Jiang Li started to practice the ‘Green Emperor Art’, a level ten low-grade art. He was surrounded by a green light and a Dragon Shadow.

In addition.

Below the Dragon platform.

Roar! Roar! “Roar!”

Lin Tianjian, Wu Wuji, Lianzhen, mo bei, Hong Tianqi, Xu Ya, Yue Fengji, and many others were the Marquises of the great Xia Dynasty. They had followed the great Xia Dynasty’s promotion to the Imperial dynasty.

Immediately.

They had also obtained great benefits.

The Dragon roared.

The four-clawed Green Dragon that was originally on the bodies of the Marquises and Kings appeared. It roared at the sky and a vast Empire’s fate gathered, merging into the body of the four-clawed Green Dragon.

not long after.

All of the four-clawed Green Dragons grew in size and reached the height of 10000 meters. They also borrowed the power of the Imperial fate and the Imperial true dragon.

They all condensed into ‘water dragon Pearls’.

Furthermore ...

The mark of a ‘five-clawed flood Dragon’ appeared between their brows, and they had obtained the blessing of a ‘Marquis of the Imperial dynasty’, which was comparable to a ‘human Emperor’.

Buzzzzzz! Buzzzzzz!

he activated his cultivation technique.

Wu Wuji and the others also started to cultivate the low Grade Level 10 ‘verdant Emperor Art’. With the help of the country’s fortune, they cultivated techniques and raised their own cultivation.

Among them.

while lin tianjian was advancing toward the peak of the eighth rank, wu wuji’s original cultivation was already half a step to the ninth rank.

but ...

Wu Wuji’s Foundation and understanding were still there.

so,

Wu Wuji used the feedback from the Emperor dynasty’s promotion to start comprehending the five Qi in his chest and the power of the heart fire.

he intended to ignite his heart fire and step into the early stage of rank nine.

Half an hour later.

” green emperor art. ” jiang li finished cultivating the level ten low-grade green emperor art.

Shua! Shua!

He opened his eyes.

jiang li waved his right hand and three green dragons appeared out of thin air. they floated in front of jiang li and gradually solidified.

They formed three sacred artifacts of the Empire.

the green dragon imperial edict, the green dragon imperial jade seal, and the great xia marquis token.

Three Emperor dynasty Saint weapons.

Each of them was wrapped in the shadow of a five-clawed Green Dragon, which meant that they were only one-Dragon level sacred artifacts of the Empire, which was the lowest level.

Of course.

Even if it was only a one-Dragon level Empire-level sacred artifact, it was many times more powerful than a nine-Dragon level Empire-level sacred artifact.

With the power of the Empire’s National aura Saint weapon, even if it was only at Dragon level, it could easily suppress a level nine existence with the help of the Empire’s National aura.

“Keep.”

...

let's go. Jiang Li took control of the three one-Dragon Saint weapons. He waved his right hand and the three Saint weapons turned into three Dragon-shaped lights and entered his body.

In his dantian.

The five-clawed Green Dragon hovered above the true Spirit's head. The three Saint weapons surrounded the Dragon. The Dragon emitted rays of blue National aura, which merged into the true spirit and slowly refined it.

At the same time.

The three Dragon-level sacred artifacts were also constantly being nourished by the Empire's National aura.

congratulations to the Xia Emperor for his promotion. Congratulations to the great Xia Dynasty for becoming the great Xia Dynasty. The Xia Emperor will live as long as the heavens and be invincible in the world!

Around the Dragon platform.

The officials shouted in unison. Their voices were extremely respectful, and they were filled with excitement and joy.

“Yes.”

let's go. Jiang Li stood up and looked down at all the ministers of great Xia.

Unknowingly.

...

in addition to the dozens of marquises jiang li made himself, there were nearly ten thousand ministers of great xia with their own positions and responsibilities.

so,

The nine-rank official system on earth was no longer practical. Hong Tianqi, Xu Ya, pang kui, Wu Zong, and the other Marquises spent a lot of time discussing a new official system.

Of course.

xu ya and the others made a detailed plan and handed it to jiang li. after jiang li read it and got jiang li's approval, they started to promote it.

In addition.

the minister of justice, bai zhanbo, and xu ya also made new laws of great xia. they were only implemented after jiang li's approval.

in addition.

Within the borders of the great Xia Empire.

The 'medicine Pavilion' policy was still in effect, and it was of utmost importance.

Of course.

Since the entire Saint peace province had been unified by the great Xia Empire, they still had to ensure that there were enough food crops before opening up the herb fields and planting herbs.

Wu Wuji, Lin Tianjian, and the other Marquis Kings of great Xia had received a lot of benefits from the promotion of the nation's fate, so they were cultivating in seclusion. Jiang Li was also waiting in silence.

Half a day later.

BOOM! BOOM!

First of all ...

Hong Tianqi, Xu Ya, pang kui, Wu Zong, MA Heng, Feng chenzi, Wu changding, Luo Tianshui, Luo Yilin, and so on-there were twenty-six Marquises in total.

Their cultivation broke through one after another.

All of them had reached the seventh step.

Roar! Roar!

The Dragon's Roar resounded through the sky.

"Your subjects pay their respects to Your Majesty."

Hong Tianqi and the other 26 Marquis Kings kowtowed and knelt down. Then, they shouted in unison, "Thank you for your Majesty's gift. We are so grateful that we shed tears."

"yes."

wait. Jiang Li waved his hand. just wait there.

"Yes."

“Yes, sir.”

Hong Tianqi and the others responded.

The night came.

Roar!

The flood Dragon’s Roar resounded through the sky.

Yue Fengji, Yue Lin, Yue dingdong, mo bei, Duan Qilin, and Jing yueke, the six Marchioness Kings, had all broken through to the eighth rank.

Half an hour later.

His cultivation base was stable.

They all opened their eyes and retracted their auras.

“We thank Your Majesty!”

Yue Fengji and the others knelt on the ground and kowtowed.

“Yes.”

” yes. ” jiang li nodded. ” you guys wait here too. ”

“yes.”

Yue Fengji and the others replied.

In the middle of the night.

it was around midnight.

Lian Zhen's cultivation base had a breakthrough. He had advanced from the middle-stage of the eighth rank to the late-stage of the eighth rank. He was only one step away from the great circle of the eighth rank. His strength had increased by quite a bit.

Not long after.

lin tianjian had also broken through.

his cultivation had reached a half-step to tier 9, completing the three flowers gathering above his head. he was only half a step away from igniting the 'heart fire', but he still hadn't broken through.

Finally.

The next morning.

Buzzzzzz! Buzzzzzz!

“roar!”

The five-clawed Green Dragon on Wu Wuji's body soared into the sky, and its huge body grew from 10000 meters to 20000 meters. It had doubled in size.

The flames burned.

wu wuji's heart.

It ignited a purple flame in the shape of a ninth grade Lotus.

His aura continued to rise.

He had successfully broken through to the early stage of the ninth rank.

As a result ...

Wu Wuji was the second person to reach level nine after Jiang Li.

An hour later.

Wu Wuji stabilized his cultivation.

“Your Majesty!”

Wu Wuji woke up. He kowtowed to Jiang Li with great respect.

“not bad.”

Jiang Li looked at Wu Wuji and nodded with satisfaction.

“Thank you for your grace, Your Majesty.”

Wu Wuji said.

“until today.”

Jiang Li took a deep breath. The majesty of the emperor’s position and the power of the true dragon of the dynasty enveloped the entire capital of the Xia Dynasty.

“.....”

Around the Dragon ascending platform.

The officials prostrated on the ground, their hearts filled with reverence.

the great Xia Dynasty has successfully been promoted to the great Xia Empire and unified the Saint peace state. Our human race has also paid a huge price for this.

Jiang Li said slowly, ” Qin qipo, Qiu Wanlian, and several other human sovereigns have fallen. They even paid with the lives of nearly a trillion human warriors.

“In the end.”

under the leadership of the great Xia Dynasty, the human race gathered all the forces and fought the final battle against the demon race and the Barbarian race. They completely destroyed the armies of the demon race and the Barbarian race, followed by the Barbarian Emperor di Long and the demon Emperor Wu Tian.

the God race, the devil race, and the ghost race descended one after another. There were even Supreme existences that exceeded one’s imagination and dimensions.

“But,”

we overcame many difficulties and overcame one difficulty after another.

“We won the final victory.”

“.....”

“Yup!”

“Thinking about it carefully, it was really too dangerous.”

“.....”

Everyone was sighing.

“Of course.”

it’s all thanks to you that we won the final battle of the dynasty, ” Jiang Li continued. the human race’s division played a huge role.

“The Xia Emperor has praised me.”

Lord Chi replied.

“The human race’s victory was all thanks to you, Emperor Xia.”

Elder Brown said.

“yes, yes.”

Xia Tian, he Qingshu, and the other Hall Masters also nodded in agreement.

“Lord Chi, Elder Brown.”

stop! Jiang Li shouted.

“Your subject is here.”

lord chi and elder brown quivered. they immediately took a step forward and knelt on the ground.

Shua!

Jiang Li waved his right hand.

Buzzzzzz!

The Grand Xia Marquis token separated, and a green light flashed. It spread out and gradually condensed, forming a huge, miniature map.

He took a closer look.

It was a map of the entire holy peace Region.

In the entire holy peace Region.

Jiang Li ordered Hong Tianqi, Xu Ya, and the others to calculate carefully. They divided 99 fiefs evenly and completely scattered the territory of the previous dynasty.

currently.

There were a total of 32 Marquis Kings in the great Xia Empire.

According to the fiefs of the marquisate Kings.

Jiang Li could also enfeoff 67 Marquises.

Of course.

because of the lack of population, most of the fiefs were desolate, and it was impossible to move the population over for the time being, so they could only leave them for now.

When the population increased in the future, the remaining sixty-seven Marquis Kings could be enfeoffed one after another.

“Yes, I am.”

Jiang Li said, " according to our original agreement, the human race will help me destroy the monsters and barbarians. I'll unify the Holy peace state and establish the Supreme dynasty. "

"I agree to let the human race's division move into the 'holy peace Region'."

today, in the name of the human Emperor of the great Xia Empire, I officially agree to let the martial Celestial Court of the human race-Saint peace State Division-move into the Saint peace state and the great Xia Empire.

"Thank you, Your Majesty!"

Immediately.

Lord Chi and Elder Brown looked at each other with excitement on their faces. They kowtowed in greeting.

## Chapter 679

buzzzzzz! buzzzzzz!

The next moment.

When Jiang Li agreed, it was as if they had reached some kind of agreement. A supreme power immediately descended, crossing time and space, crossing dimensions, and crossing all restrictions.

He had arrived in the Holy peace Region.

The humans of the Azure Dragon continent all looked up at the sky.

In the air above the imperial capital of Grand Xia.

A huge shadow descended from the sky. It was surrounded by white clouds, like a celestial Pavilion. It was endless and looked like the heavenly court in the legends.

In fact, it was even more magnificent than the heavenly court.

It was hard to describe.

It was filled with an ethereal and Supreme aura.

“this suan ni, this suan ni, it really appeared!”

Lord Chi’s eyes widened. He was extremely excited.

“this is the immortal court’s projection.”

Shouted Elder Brown.

“the immortal court’s projection.”

jiang li murmured and looked up.

At the same time.

The ‘token of the immortal court’ in Jiang Li’s pocket started to shake and glowed. Jiang Li felt a little hot.

Immediately after.

The phenomenon changed again.

countless white clouds interweaved.

In the end.

It condensed into a 10000-meter tall figure.

The fog shrouded his face.

He couldn't see clearly.

“Saint peace state's division.”

The figure shrouded in mist spoke, sounding a little hollow. we have successfully helped the great Xia Empire complete the unification of the Holy peace state and established the Empire.

“The immortal court's projection has arrived and is now stationed in the Saint peace state.”

bestow the status of ‘third-class immortal court candidates’ to the former deputy court Masters of the Saint an state, Lord Chi, and Elder Brown.

Buzzzzzz! Buzzzzzz!

As soon as he finished speaking.

The figure surrounded by fog waved his right hand and two rays of white light flew out. They landed on Lord Chi and Elder Brown and entered their bodies.

A mark was formed between his eyebrows.

It was like a traditional Chinese character for ‘three’.

“thank you, messenger.”

Lord Chi and Elder Brown saluted with respect.

“Yes.”

yes. the person in the mist nodded and looked at Jiang Li. “Emperor Xia, you have the ‘token of the immortal court’ on you. You’ve just become the human Emperor and obtained the position of an Emperor, but you’re still able to obtain the ‘token of the immortal court’.”

“His luck is pretty good.”

“No! It’s wrong!”

“That’s not an ordinary ‘token of the immortal court’ on your body. It’s a Suan ni!”

At this point.

The misty figure was stunned and quickly closed his mouth, as if he was afraid of something. Then, he didn’t dare to say or reveal more.

“What an incomparably lucky fellow.”

The misty figure mumbled in a low voice. His tone was filled with envy and even a trace of jealousy.

“Respected Xia Emperor.”

Immediately.

the misty figure’s tone immediately changed, and there was even some respect in it as he introduced himself, ” “I’m tu qianqiu, one of the 129600 official members of the immortal court.”

“This figure before me is only one of my thousands of incarnations.”

“It’s my first time meeting you. This is just a small gift to show my respect. I hope Emperor Xia can accept it.”

buzzzzzz!

As soon as he finished speaking.

This person who called himself ‘tu qianqiu’ waved his right hand and took out an item. It was emitting a bright mist and appeared to be purple in color.

...

Thunder and lightning twined.

“This is a Kasaya.”

Jiang Li looked at the flying object and stopped in front of him. When the mist and the purple lightning disappeared, what appeared in front of Jiang Li was a transparent ball.

It was like a hollow transparent glass ball.

However ...

Within this transparent sphere, there was actually a ‘giant dragon’ that had shrunk by who knows how many times. It had a pair of wings, and lightning coiled around it. It had a lizard-like body and a ferocious dragon head.

“It’s just a small thing.”

Tu qianqiu said, “I casually caught it when I was passing by a ‘Magic Dimension’. I originally wanted to raise it and then barbecue it.

it's mainly just hearsay. The 'Lightning Dragon' in the magic plane tastes pretty good. It's considered a top-grade product among the dragons, so I wanted to try it.

“Eh?!”

jiang li was stunned. he didn't know what to say to respond to tu qianqiu.

...

One had to know.

The 'Lightning Dragon' that was sealed in the 'glass ball' in front of him was already exuding an aura that had reached the perfected stage of level nine.

Such a powerful creature.

In the eyes of this 'tu qianqiu', it was actually just food 'that was used to' barbeque 'and be eaten as a sumptuous meal?

“Thank you, Lord tu qianqiu.”

” thank you. ” jiang li bowed.

“What are you thanking me for?”

tu qianqiu replied, ” i've already said that it's a small thing. you're treating me as an outsider by saying thank you. also, i feel like i've hit it off with you the first time i met you, xia emperor. why don't we call each other brothers? ”

“I'm also older than you by a few years, so you're just taking advantage of me by calling me big brother tu?”

“This bi an ...”

Jiang Li thought for a while and said, ” so, Jiang Li greets you, brother tu.

“Hahahahaha!”

Tu qianqiu laughed out loud. He was in a good mood as he said, ” “Good, good, good. Brother Jiang, since you’ve already acknowledged me as your big brother, then as your big brother, I naturally have to remind you of a few things, in case you take the wrong path.”

“The great Xia Dynasty has just been promoted to the great Xia Empire. In addition, it has just experienced a bitter war. It must have suffered heavy losses in its military strength.”

being promoted to an imperial dynasty means that you’re on the road to conquering the universe.

” it’s also to ensure the purity of the bloodlines of the six races of the main world. it’s also to protect the origin of the main world from being contaminated by the other worlds. ”

therefore, no empire is allowed to bring any living beings from other worlds into the ‘main world’. If they are discovered, the immortal court will take action and wipe them out from the root, erasing all traces of their existence.

“When the time comes.”

even if there are Supreme existences above the ‘Dao level’, they will not be able to resurrect you from the river of time. This is a true obliteration. You have to remember this.

“Yes.”

yes. Jiang Li nodded. thank you for the reminder.

And so.

Jiang Li finally understood.

Why were there only the six races, humans, demons, barbarians, demons, gods, and ghosts, as well as the mixed-blood alien races in the origin world? there were no other races.

“Also,”

if the Imperial dynasty wants to develop, the resources of the origin world are already insufficient. They need to enter the ‘universe’ to wage war and plunder the resources of the ‘universe’, ” tu qianqiu continued.

“With the current strength of the great Xia Dynasty, big brother suggests that you go to a ‘low-tier’ or ‘medium-tier’ type of world. That way, it will be relatively safer.”

“However,”

most of the ‘low’ or ‘medium’ worlds already have owners and have long been completely occupied and ruled by the other imperial dynasties. They don’t allow other imperial dynasties to enter. If they’re discovered, there’s a high possibility of an imperial dynasty War.

the best way is for you to find the coordinates of the ‘universe’ at the cost of resources and find a new world.

“Of course.”

it’s too difficult to find a new world.

therefore, I suggest that you go to the new ‘low-class’ and ‘medium-class’ worlds that the immortal court has discovered recently. These ‘low-class’ and ‘medium-class’ worlds are still in the process of being developed, and many human empires have already entered them.

when the time comes, you'll have to compete with the other human imperial dynasties.

“in addition, zhenzhen”

Time passed.

Tu qianqiu told Jiang Li a lot of things, which helped Jiang Li gain a lot of knowledge and secrets.

The entire human martial immortal court.

He was an official member of the immortal court.

There were a total of 129600 people.

The number of members would only be small.

below the official members of the immortal court.

They were the candidates of the immortal court.

the candidates of the immortal court were further divided into nine ranks from the lowest to the highest. the lowest was the ninth-rank candidate, while the highest was the first-rank candidate, who was only one step away from becoming an official member of the immortal court.

One had to know.

If one wanted to become an official member of the immortal court, according to the normal circumstances and procedures, the first requirement was that one must at least have a cultivation base of level 12.

The first requirement alone was already very difficult to achieve.

Not to mention the other conditions.

but ...

Jiang Li got the ‘token of the immortal court’ and became an official member of the immortal court as an early-stage level nine. Also, judging from tu qianqiu’s performance, the ‘token of the immortal court’ in his hand was not ordinary.

Otherwise ...

With ‘tu qianqiu’s’ strength and attitude, it was impossible for him to call Jiang Li his brother. He even acted humble.

He even gave her gifts to please her.

Brother Jiang Li.

half a day later.

Tu qianqiu was almost done explaining and said, ” “It’s almost time. Big brother, I should be leaving too. We’ll meet again next time.”

“yes.”

yes. Jiang Li nodded and cupped his hands. see you out, brother.

“Haha!”

Buzzzzzz!

Tu qianqiu laughed a few times before his incarnation disappeared into thin air.

At the same time.

On the other side.

In another universe plane in the universe.

on a certain planet.

“F \* ck!”

Tu qianqiu cried out in alarm. He suddenly woke up because he had just received information and memories from an incarnation. He couldn't help but widen his eyes as his face was filled with astonishment, ” is this real or fake? He is just a kid who has just become the human Emperor, yet he has gained the favor of that Lord and even gave the ‘ancestor white token’ to that kid?”

could it be that the Lord's heart has blossomed and he's ready to eat the young grass? is he going to raise a pretty boy? ”

“On what basis?”

“can that kid be as handsome as me? I am the best candidate to be a gigolo!”

you're so handsome! tu qianqiu wasn't convinced, but after thinking about it carefully, he sadly found out that the boy named Jiang Li was really a hundred million points more handsome than him.

This was very uncomfortable.

“What's the use of being handsome? Can handsomeness be eaten? Hmph!”

Tu qianqiu expressed his dissatisfaction.

Holy peace Region.

Azure Dragon continent.

In the air above the imperial capital of the Grand Xia.

The vast projection of the immortal court gradually underwent a great change. The thick white fog gradually disappeared, and so did the palaces and immortal pavilions.

Finally.

All that was left was a nine-meter-tall Hall.

The hall turned from illusionary to real.

It had turned into a real Hall of an immortal court, floating in the sky above the imperial capital of Grand Xia. It was covered with a layer of white clouds and a transparent light screen.

He looked closer.

There was a board on the door of the hall.

it was written,"sheng an, division immortal palace."

the meaning was clear.

it was the immortal palace of the immortal court in the holy peace state.

There was only one.

"The immortal court."

jiang li took a deep breath. he had gotten a lot of information from tu qianqiu today. he needed some time to digest and organize it.

In addition.

Jiang Li also learned from tu qianqiu.

three years ago.

With the help of the ‘universe seal’ that had been stripped from the origin of the Holy peace Region, the immortal court of the six races-humans, demons, barbarians, gods, Devils, and ghosts-had opened a ‘plane channel’ that led to another universe.

Furthermore ...

he also discovered that the universe on the other side of the ‘plane channel’ was very vast and powerful. the plane’s level was not inferior to a super fantasy world.

it was because of the suppression between the planes.

this caused the six immortal courts to be unable to launch a large-scale invasion.

He could only plan slowly.

the empire’s army was sent out in succession.

It had been going on for three years.

Chapter 680 The Prince

jiang li calmed down and stopped thinking about the immortal court, because he hadn't finished what he had to do after the great xia dynasty was promoted.

It was better to settle the matter at hand first.

Buzzzzzz!

Jiang Li waved his right hand.

The Dragon-grade Marquis token emitted a dazzling light, and a green National aura surged. It formed a Green Sun that shone on everyone in the imperial capital.

“wu wuji,”

” stop! ” jiang li shouted.

“your subject is here.”

Wu Wuji kowtowed to Jiang Li.

“Yes.”

Jiang Li nodded in satisfaction. He looked down at Wu Wuji and said, ” “Today, in the name of the human Emperor of great Xia, I grant ‘Wu Wuji’ the title of ‘Prince of great Xia’.”

“Your Majesty, thank you!”

Wu Wuji was overjoyed. He kowtowed to Jiang Li three times.

Buzzzzzz! Buzzzzzz!

Immediately.

The light flickered.

Roar!

Furthermore ...

The Dragon roared.

The Azure Dragon of the Xia Dynasty appeared. Its 100000-meter-long body formed a huge shadow, shrouding everyone around the Dragon Ascension platform.

The Dragon's might was released.

Everyone was in awe.

As soon as Jiang Li gave his order, the Marquis title of great Xia sensed something and covered Wu Wuji with a bright light.

The light gradually condensed.

Upon closer inspection, one could see that there was a five-clawed green Wyrn carved on the Jade seal, and there was even the shadow of a five-clawed green Wyrn circling it.

Soon after.

The great Xia's Azure Dragon let out an Azure dragon's breath, which was formed by the Empire's fate. It poured into Wu Wuji's body as if he had been enlightened.

BOOM! BOOM!

Immediately.

Wu Wuji circulated his technique, and his cultivation that had just broken through was completely stabilized. The 20000-meter long great Xia green flood Dragon appeared and grew to 30000 meters.

The five-clawed green Jiao Dragon let out a Dragon's Roar and kowtowed to the great Xia's Green Dragon.

Buzzzzzz!

Wu Wuji circulated the art of the Azure King and waved his right hand. The 'Imperial Jade seal of the Azure flood Dragon Prince' turned into a ray of Azure light and flew into Wu Wuji's hand, floating above it.

"Your subject thanks Your Majesty."

Wu Wuji kowtowed again. thank you for your grace, Your Majesty.

"Yes."

okay. Jiang Li nodded in satisfaction.

Obviously.

The position of 'Prince' was higher than the position of 'Marquis King', and only the imperial dynasty 'could truly bestow the position of' Prince'. After bestowing the position, the Prince would obtain the sacred artifact of the nation, the 'Imperial Jade seal'.

Furthermore ...

In terms of status, they were stronger than Marquis Kings and enjoyed the protection of the country's fate.

The Kings that Jiang Li had met before were only Kings in name. They weren't real kings at all.

This was because the Imperial court did not have the right to confer the title of 'Prince'.

immediately after.

One after another, Jiang Li made Yue Fengji, Yue Lin, Yue dingdong, mo bei, Duan Qilin, Jing yueke, Lianzhen, and Lin Tianjian, eight Marquis Kings who had reached level eight, Kings.

Roar! Roar!

The flood Dragon roared.

Yue Fengji and the others all bowed to Jiang Li. Of course, they were very grateful. After the great Xia Dynasty became the Imperial dynasty, they had all reached the top.

Their five-clawed green flood Dragons had grown from 10000 meters to 20000 meters, and they had received a stronger protection from the Empire's fate. In addition, they had also obtained the sacred artifact of the fate of the Empire, the Imperial Jade seal.

Among them.

Except for Wu Wuji.

Lin Tianjian gained the most.

Lin Tianjian's cultivation had already reached half-step rank nine when the Imperial dynasty had been promoted and the Fortune of the nation had given him feedback. This time, after being conferred the title of Prince, his cultivation had improved again. He had successfully ignited the heart fire and stepped into the early stage of rank nine.

...

Lin Tianjian was the third person to reach early type 9 after Wu Wuji.

There was another thing.

Lianzhen's gains were not small either. He had a breakthrough in his cultivation and officially achieved the three flowers gathering above his head. He had reached the level of the perfected tier 8. Naturally, his strength had increased by a lot.

however ...

They had just broken through and needed time to stabilize their cultivation.

The others' gains were average. They did not break through their cultivation.

Finally.

Although Hong Tianqi and Xu Ya hadn't reached level eight and were only at the early stage of Level Seven, Jiang Li still gave them the title of 'Prince'.

After all ...

Hong Tianqi and Xu Ya were the first 'seniors' to follow Jiang Li, and they had been loyal to him since the beginning.

"This old subject thanks Your Majesty for your gift."

...

Hong Tianqi was extremely excited and shouted, "I'm willing to climb mountains of daggers and cross seas of fire for Your Majesty."

“Yes.”

Jiang Li just nodded and didn't say anything.

“Prince Hong, you're not an 'old subject'. If we're talking about age, we've lived a hundred times longer than you.”

Lin Tianjian said with a smile.

“Extreme, extreme.”

Mo bei and the others also smiled and nodded.

“Thank you, Your Majesty.”

After Xu Ya saluted, she didn't say anything else.

Shua! shua! Shua!

Immediately after.

Jiang Li waved his right hand.

He took out a small iron box and opened it. Inside, there were small syringes with different colored liquids.

It was the 'gene strengthening liquid'.

All the princes.

let's go. Jiang Li gave each of them a full set of 'gene strengthening liquid' from level one to level six.

All Marquis Kings would be rewarded with gene strengthening liquids ranging from Level 1 to Level 5.

In addition.

The ministers and generals of great Xia.

The rewards were all gene strengthening liquids from Level 1 to Level 4.

As for ...

Jiang Li didn't need to worry about the spiritual stones, cultivation methods, elixirs, and other rewards. Xu Ya and the others would deal with them. After all, they controlled the finances of the great Xia Dynasty.

“We thank Your Majesty.”

The officials kowtowed again, more and more respectful.

And so.

The promotion ceremony of the great Xia Dynasty ended successfully. Jiang Li gained a lot. Not only did he make a breakthrough in his cultivation, but his subordinates' cultivation also improved.

It could be said that ...

after this promotion.

the great xia empire's high-end combat power had increased greatly.

In addition.

Because of tu qianqiu's appearance, Jiang Li learned a lot of information that he couldn't have access to before. He even got a complete-stage level nine 'Lightning Dragon' from the magic plane.

In the evening.

All the ministers gathered in the Imperial court had already left. The various Marquises and Kings had also left for their respective fiefs, where they were needed to guard.

Other than a few Imperial officials.

The rest of the officials went to various places in the great Xia Dynasty to carry out their duties.

"Your Majesty, Xia Emperor."

Lord Chi and Elder Brown bowed to Jiang Li and said with great respect, "The immortal court's projection descended and condensed into an 'immortal Palace'."

"We need to guard the immortal's Hall and understand the situation there. We'll take our leave first."

"yes."

okay. Jiang Li nodded.

Shua! shua!

Lord Chi, Elder Brown, and the others left. They also brought the original ten division Hall Masters and many Division members into the immortal Palace.

"....."

Jiang Li watched them leave. He didn't plan to go to the immortal Palace for the time being. He would let Lord Chi and the others explore the way first. Besides, he still had a lot of things to deal with.

Of course.

Jiang Li had already made up his mind.

When the situation in the great Xia Dynasty was completely stabilized, Jiang Li would prepare to go to the 'plane universe' that the six clans 'immortal court opened three years ago. As for the 'low 'and' medium 'worlds that tu qianqiu mentioned, Jiang Li planned to put them aside for the time being.

The night came.

Base 01.

Jiang Li stood in the open space. Behind him was the room of the galactic ruler hub. Hidden Dragon stood beside Jiang Li, emitting a faint purple light.

Buzzzzzz!

He waved his right hand.

The gift he received from tu qianqiu, which was a transparent 'glass ball', flew out. In an instant, it was magnified many times in the air.

It became a giant sphere with a diameter of 100 meters.

Inside.

It was a giant dragon with a body length of nearly 100 meters. Its entire body was wrapped in lightning, and it flapped its wings as if the God of Thunder had descended.

He roared again and again, but his voice couldn't be heard. It was completely isolated.

“A talisman.”

buzzzzzz!

Emperor's status ” appeared on Jiang Li's forehead. The five-clawed Green Dragon was vivid and gave off a terrifying pressure.

“Condense.”

He activated his cultivation technique.

Jiang Li condensed a ‘core slave charm’ and put it on his right palm. It was in the shape of a five-clawed Green Dragon.

in reality.

When Jiang Li became the human Emperor and the great Xia Dynasty became the Imperial dynasty, the slave charm had no restrictions.

In other words ...

No matter if it was the ‘normal slave charm’ or the ‘core slave charm’, Jiang Li could make them as long as he wanted to. There was no limit to the number.

“Go!”

He waved his right hand.

it's over. Jiang Li made some more hand seals. With the help of the technique that tu qianqiu gave him, Jiang Li completely controlled the transparent ball.

this transparent glass-like sphere was a ‘pet ball’ from the ‘pet world’. it could subdue powerful creatures and turn them into ‘pets’.

Furthermore ...

The ‘pet ball’ was an improved version.

In other words ...

Jiang Li could control the lightning Dragon with the help of this ‘pet ball’, but it was just to be safe. Also, it was the first time Jiang Li had met tu qianqiu.

As the saying goes, one must always be wary of others.

so,

jiang li wanted to add another layer of insurance, which was the ‘core slave charm’.

“Whoosh!!!”

The talisman flew into the pet ball like a ray of green light. Like a five-clawed Green Dragon, it entered the lightning Dragon’s body through the space between its eyebrows.

In the end.

With the help of the pet ball, he had successfully stored the skill into the depths of the lightning dragon’s soul, and it was impossible to erase it.

“Alright,” he said.

Jiang Li was overjoyed.

“Come out,”

Kachaa!

Jiang Li controlled the pet ball. The pet ball split in half. The Thunder Dragon let out a deafening roar and countless bolts of lightning flashed.

The hundred-meter long dragon body expanded in the wind.

in an instant.

It was 100 times larger, reaching 10000 meters, and it was still growing. With the power of the lightning Dragon, it would probably have no problem turning into the size of a planet.

“stop,” he ordered.

stop! Jiang Li frowned and shouted.

Buzzzzzz!

The giant Lightning Dragon shuddered for a moment before it immediately reacted. It retracted its might, and the lightning disappeared. It was as obedient as a puppy, and it immediately returned to its original form, not daring to continue being presumptuous.

A purple light flashed.

The lightning Dragon transformed into a human. He had purple hair and purple eyes. He was a burly, muscular young man wearing a purple robe and windbreaker.

“Master.”

The lightning Dragon knelt on the ground.
