Chapter 69 Unlocking the biochemical mech

If the ‘contribution Pavilion’ was officially established, it would quickly become the core of the Sirius gang.

at that time, he would also have a lot of power.

If Xu yazhen could secure her position as the leader of the contribution Pavilion, her status in the Sirius gang would be greatly improved.

of course.

Jiang Li mainly saw that Xu Ya was quite capable. She was qualified to be the leader of the contribution Pavilion.

Furthermore ...

From the beginning to the end.

The Sirius gang wasn’t Jiang Li’s focus. All the forces he controlled were for the creation of the mech Army. As long as he had enough power and benefits, his men wouldn’t betray him easily.

There was another thing.

The mechanical Army did not engage in production, so they needed an organization like the Sirius gang to serve them.

“Gang leader.”

Outside the door.

Ma han knocked on the door, and a voice was heard. heavenly gate gang's Hua Tian Gang leader and tingyu house's house leader Yu Shulan are here. They want to see Lord gang leader.

“Oh.”

bring them here. Jiang Li looked up and said, “bring them here.

“Yes, gang leader.”

ma han nodded.

“xu ya, you can go back to your work.”

go. Jiang Li waved his hand.

“Yes.”

Xu Ya nodded.

“right, make the plan as soon as possible.”

Jiang Li said.

“Yes, sect master. I will complete it in the shortest time possible.”

Xu Ya said.

“Yes.”

okay. Jiang Li nodded in satisfaction.

“This subordinate will take his leave.”

Xu Ya left.

A few minutes later.

Ma han arrived with Hua Tian and Yu Shulan.

“Gang leader.”

Ma han stood outside and knocked on the door. Huatian gang leader and landlord Yu Shulan are here.

“come in.”

Jiang Li said.

The door was pushed open.

Ma han, Hua Tian, and Yu Shulan entered the house.

“Gang leader.”

Ma han bowed.

“Chief Jiang,”

hua tian had a flattering smile on his face. he cupped his hands and bowed. his tone was quite respectful.

“Greetings, chief Jiang.”

Yu Shulan bowed slightly.

“Ma han, you can leave first.”

go. Jiang Li waved his hand.

“Yes.”

ma han nodded respectfully and left the room, closing the door behind him.

“Is there something you two need for making a special trip here?”

Jiang Li asked directly.

“.....”

Hua Tian and Yu Shulan looked at each other, before Yu Shulan spoke, ” chief Jiang, we’ve thought about it for a long time. After what happened last time, both the heavenly gate gang and tingyu house lost a lot of people and their strength dropped. The city guards of Yongan city suffered even more losses.

so, we’ve decided to join the Sirius gang. We hope chief Jiang can help us.

“Are you sure?”

...

what? ” Jiang Li asked.

“I’m sure,”

yes. Hua Tian nodded solemnly. chief Jiang is very powerful. The Sirius gang is destined to rise. It’s our honor to join the Sirius gang at this time.

chief Jiang, this is a token of our appreciation. We hope you can accept it.

Yu Shulan took out a wooden box and opened it. There was a stack of silver notes inside, each of them worth a hundred thousand taels of silver.

There were twenty in total.

That would be two million taels of silver.

“Haha!”

jiang li smiled and walked over. ” if you want to join the sirius gang, i’ll naturally welcome you. you don’t need to spend so much money. ”

“You’re welcome, you’re welcome.”

I’ll take it. Jiang Li said, but he didn’t slow down. He already took the two million taels of silver and put it in his pocket.

...

Another two million taels had entered his account.

“It’s what I should do, it’s what I should do.”

Hua Tian’s mouth twitched.

we heard that chief Jiang needs spirit herbs and medicinal herbs, so we’ve brought all the remaining spirit herbs and medicinal herbs in the gang to give to you.

“The heavenly gate gang and tingyu tower are already part of the Sirius gang, so these herbs and spirit herbs naturally belong to them,” Yu Shulan said.

“Well said, well said.”

haha. Jiang Li laughed again. from now on, the heavenly gate gang and tingyu tower are part of the Sirius gang. You two are my Good brothers and friends.

recently, I plan to build a contribution Pavilion, and the pavilion leader is Xu Ya. Go to Xu Ya and tell her that I said that you can choose any top-tier level one internal cultivation technique or martial arts manual.

“top-grade rank one.”

Yu Shulan’s eyes lit up.

“Sect master, is this true?”

Hua Tian’s tone was excited.

“Really?”

okay. Jiang Li smiled.

“Thank you, leader.”

Hua Tian bowed.

“Thank you for your kindness, chief.”

Yu Shulan chimed in.

Soon after.

Hua Tian and Yu Shulan left to find Xu Ya. Jiang Li asked someone to bring the herbs and spirit herbs that Hua Tian and Yu Shulan had sent over. There were quite a lot of them.

there were 2000 ordinary medicinal herbs, 1100 low-grade tier 1 medicinal herbs, 500 medium-grade tier 1 medicinal herbs, 200 high-grade tier 1 medicinal herbs, and 50 top-grade tier 1 medicinal herbs.

Of course.

Compared to what Jiang Li got from the mayor's mansion and the Chamber of Commerce of spirit herbs, these herbs weren't much, but they weren't little either. Plus the ones he got last time, the heavenly gate gang and tingyu house must've taken all the herbs and spirit herbs.

Shua!

Jiang Li opened the Dominator panel.

[master panel]

[master: Jiang Li]

[game: super mechanical Army]

[interface: Army type]

Mechanical Army type (can be expanded), mechanical Navy type (can not be expanded), mechanical air Force type (can not be expanded), mechanical interstellar type (can not be expanded), special mechanical Army type (can not be expanded)

Energy points: 11

soul Tinder: 100 level-one soul Tinder, 1 level-two soul Tinder.

"I only have 1102 energy points left."

mechanical Army. Jiang Li murmured, " open the interface of the mechanical Army.

[interface: mechanical Army type]

level one mech types: combat mech (unlocked), cold weapon mech (unlocked), firearm mech (unlocked), Intel mech (unlocked), biochemical mech (100/8 can be unlocked).

unlock the biochemical mech.

Jiang Li used eight level-one soul Tinders and unlocked the last type of level-one mechanical Army,'biochemical mech.'

the biochemical mech has been unlocked!

Shua!

[prompt: congratulations, lord. you have fully unlocked the stage one mechanical army and successfully obtained the authority to activate the stage two mechanical army. please collect 'nine stage two soul tinders' and '10000 energy points' as soon as possible to open the stage two mechanical army interface.]

Jiang Li received a notification.

fuse the first-stage soul Tinder.

Jiang Li used the soul Tinder fusion function. There were ninety-two level-one soul Tinders left, so he could fuse them nine times in total. If he was lucky and he could fuse all nine times, he might be able to gather enough soul Tinders to activate level-two troops.

merging in progress. Countdown: 10,9,8,7 ”

.....

[fusion failed!]

.....

[fusion failed!]

.....

[fusion failed!]

.....

[fusion successful!]

.....

A few minutes later.

The nine fusions had all ended, but the success rate was only one-third. Six out of nine fusions had failed, and he had only succeeded three times.

In other words ...

Jiang Li only got three level-two soul Tinders. In addition to the one he already had, he had four in total.

Nine were required to open the interface of Level 2 troop classes.

Jiang Li still needed five more.

“It’s still too early, I haven’t even gathered half of it.”

I’m not. Jiang Li shook his head. He wasn’t discouraged. He had already expected this result. He knew very well how low the success rate of fusing the Tinder was.

To be able to succeed three times, the success rate of one-third was already not bad.

“Create a bio-mech.”

Jiang Li used ten energy points and only made one bio-mech.
