Chapter 731 The immortal Palace

The bone throne responded to Jiang Li with its actions.

Shua!

die! the black figure on the throne pointed out a finger. A black ray of light pierced through the space like a sharp arrow and went straight for Jiang Li.

“Slash!”

Kachaa!

Bang! Bang!

” break! ” jiang li cut down with his sword and shattered the black finger radiance.

Buzzzzzz! Wuwuwuwuwu!

On the other side.

The ‘immortal Palace’ came slowly and seemed to be looking for a chance to attack Jiang Li. Jiang Li frowned.

“then let’s end this battle as soon as possible.”

Jiang Li took a deep breath.

After that.

Jiang Li comprehended the 'law of sword Dao' and felt the power of the 'demonic sword'. He was now a sword Dao master and had an unimaginable understanding of sword Dao.

In the dark.

Jiang Li suddenly had an idea.

Shua!

With a thought.

origin point. Jiang Li summoned the origin point.

"Integrate."

Buzzzzzz!

jiang li then put the 'origin point' into the 'demonic sword'. the' consciousness 'of the' demonic sword 'woke up for a short while and human features appeared on the sword.

"My Lord!"

The demonic sword spoke.

"Kill him."

Jiang Li pointed at the bone throne.

"As you wish,"

The demonic sword replied.

“The essence of sword Qi.”

Buzzzzzz! Buzzzzzz! “whoosh!!!”

Jiang Li used a powerful skill, using the ‘origin point’ to temporarily awaken the ‘consciousness’ of the ‘demonic sword’, allowing it to display its peak power.

“Slash!”

There were no unusual signs or fancy moves.

There was only one sword.

it was a sword that had been infused with the ‘origin’.

The laws of sword Dao interwove.

It turned solid.

The sword slashed down.

All they could see was an extremely sharp sword light descending from the sky.

Hurry up!

it was too fast!

Jiang Li’s sword was so fast that the strange ‘skeleton throne’ didn’t even have time to react before the sword Qi hit it.

Bang Bang Bang Bang!

Kachaa! Kachaa! Kachaa!

After that.

The 'white bone throne' continued to crack as countless cracks appeared on it. It was unable to withstand the attack of the 'origin sword Qi'.

Countless laws interweaved.

it was destroying the 'throne of bones'.

boom!

In the end.

Following a huge explosion.

The 'white bone throne' was completely shattered.

The black figure also quickly dispersed.

...

Buzzzzzz! Buzzzzzz!

the black and blood-red mist was gradually disappearing.

Obviously.

The bone throne was destroyed by Jiang Li's sword.

There was no surprise.

Shua!

A white light flew towards Jiang Li.

[acquired a wisp of world law origin!]

a notification appeared.

BOOM!

The next moment.

...

The ‘immortal Palace’ surrounded Jiang Li after he destroyed the ‘white bone throne’. The air was filled with immortal mist, immortal music played, and fairies danced. It was full of charm and depravity.

However ...

none of these could affect jiang li who was in ‘dominator mode’.

Hence.

The immortal weapon appeared.

Surrounded by celestial soldiers and celestial generals, they formed an Army of immortal soldiers and surrounded Jiang Li.

After that.

the celestial general appeared.

He looked down at Jiang Li and even gave Jiang Li a punishment.

“How dare you, Jiang Li.”

” you’ve violated the heavenly law! ” the celestial general shouted. ” your crime is unforgivable! under the order of the ‘master of the celestial palace’, i, the general, will lead one billion celestial soldiers to arrest you! ”

“If you know what’s good for you, surrender now. Otherwise, when the immortal soldiers come, you won’t have a good time.”

“Surrender!”

“Surrender!”

“!!!”

At the same time.

The immortal soldiers shouted in unison.

“You’re noisy.”

kill! Jiang Li snorted. kill!

Shua!

After that.

die! Jiang Li slashed with his sword and destroyed the immortal soldiers one by one. The immortal soldiers scattered and turned into white mist.

“It’s all the same trick.”

immortal Palace? ” Jiang Li snorted. What a joke.”

BOOM! boom! BOOM!

Hence.

Jiang Li went into the depths of the ‘Palace’ alone.

As for the ‘super stellar space carriers’ that Jiang Li had built before, the fleet of space battle space carriers and battleships had been destroyed by the immortal Palace and the bone throne.

Time passed.

Jiang Li encountered armies of immortal soldiers, immortal generals, and immortal beasts.

They attacked and killed all the way.

It was invincible and unstoppable.

in the end.

They had killed their way to the depths of the immortal Palace.

Right in front.

It was a huge immortal Palace.

Squeak!

the palace door opened.

Beautiful and alluring goddesses appeared one after another.

“Distinguished guest, the master of the immortal Palace has a favor to ask of you.”

These fairies all had smiles on their faces, which were very moving.

“.....”

Jiang Li ignored him and walked into the immortal Palace.

in the palace.

What he saw was a scene that looked like the numinous Sky Hall in the heavenly court.

There was a sense of shock.

On the throne in front of him.

The ‘Supreme’ master of the immortal Palace was sitting there.

The immortal mist lingered.

buzzzzzz! Buzzzzzz! “Whoosh!!!”

In the surroundings.

A series of images appeared.

The images included scenes of the 'six realm world', scenes of the 'Super Fantasy world', and various scenes of other worlds.

obviously.

These were the various situations that the 'immortal Palace' had read from the memories of the soldiers of the Supreme dynasty after they had exterminated them.

"You're here."

The master of the immortal Palace stood up. His tone was calm and not arrogant. It was as if they were talking on equal footing. did you see that? " The six realms world was just one of the tens of thousands of worlds."

outside the 'six realm world', there are countless other worlds.

"So why fight? join me and become a member of the 'immortal palace'. together, we'll conquer all the worlds and all the living beings."

to become the real, Supreme 'divine Palace'.

"What a strange thing."

Jiang Li took a deep breath and looked at the demonic sword in his hand. He thought of all the strange things he had encountered before and looked at this unique 'immortal Palace'. are you creatures? " Or something else?"

No. Jiang Li shook his head. but that has nothing to do with me. I should leave after I'm done with you.

Clang!

Jiang Li raised his sword.

“No!”

The master of the immortal Palace shook his head, ” we are not enemies. Even if you kill me, you will not be able to leave this place, because this world can not hold on any longer.

“The strange things from the other five realms have all dared to come to the human world.”

“What did you just say?”

hmm? ” Jiang Li looked around.

“whoosh!!!”

The entire human realm.

As soon as the master of the immortal Palace finished speaking, the sky darkened in an instant.

after that.

The eeriness that escaped from the other five worlds surged out from all the passages and gathered in the human world. The entire human world suddenly became a paradise for eeriness.

Jiang Li heard evil murmurs in his ears.

the most important thing was ...

All of this was beyond strange.

The '17th Division' and Jiang Li's mechanical Army took care of the less powerful ones, leaving only the world-destroying ones and the world-destroying ones.

In other words ...

The entire human world was filled with such strangeness.

so,

Even if Jiang Li destroyed the 'immortal Palace', there would be more strange things coming. Jiang Li couldn't kill them all. He couldn't wait for little white to build the plane channel.

"Joining me is your only choice now."

The master of the immortal Palace said.

"Laughable."

you're just weird. Jiang Li snorted. you're just weird.

"Get lost!"

"Roar!"

The Azure Dragon of the Xia Dynasty let out a dragon roar and released his Emperor's might, forcing the master of the immortal Palace to retreat.

universe ocean. Jiang Li thought for a while and said, "it seems like I have to go to universe ocean. Luckily, I have the 'demonic sword'. With its power, I can at least move in universe ocean.

Buzzzzzz!

the master of the immortal palace made his move.

A light curtain fell from the sky and blocked Jiang Li's way.

you can only become a part of the immortal Palace.

The master of the immortal Palace shouted.

“you're looking for death.”

sword of domination! Jiang Li yelled. sword of domination!

Clang!

die! Jiang Li slashed with his sword. The giant sword fell and destroyed everything. The light curtain in front of him was torn apart.

“The essence of sword Qi.”

Shua!

attack! Jiang Li took the initiative to attack. He put the origin point into the demonic sword and awakened the sword's consciousness again. It released the origin sword Qi and slashed at the master of the immortal Palace.

“Ah!”

The master of the immortal Palace screamed and was sent flying by Jiang Li's sword.

Kachaa! kachaa!

Boom! Boom! Boom!

After that.

The entire immortal Palace was split in half from the middle.

sword dao laws and emperor dao laws intertwined.

However, it was unable to completely destroy the immortal Palace.

Jiang Li was surprised.

One had to know.

The white bone throne was instantly killed by Jiang Li's 'original sword aura', but the immortal Palace 'withstood the attack and wasn't destroyed.

Obviously.

They were both at the world annihilation level.

The power of the immortal Palace was even stronger.

Jiang Li didn't think too much about it. No matter how powerful the 'divine Palace' was, the moment the 'six realm world' was destroyed, the power it generated was enough to destroy everything.

the celestial palace would also be destroyed.

shua!

After that.

Jiang Li flew out of the 'immortal Palace' and headed towards the huge crack.

Roar! Roar! “Roar!”

As soon as Jiang Li got out of the ‘immortal Palace’, his aura was immediately discovered. He rushed over at full speed, roaring and charging at Jiang Li in various forms.

In front of the gate of the immortal Palace that had been split in half.

The Lord of the immortal Palace appeared again. His figure was extremely dim, as if he would disappear at any moment.

“.....”

The master of the immortal Palace looked at Jiang Li in silence.

“whoosh!!!”

After that.

The figure of the master of the immortal Palace melted and turned into the energy of the origin. It poured into the immortal Palace that had been split in half, giving the ‘immortal Palace’ the last kinetic energy.

“Go on.”

Shua!

the ‘immortal palace’ was shrinking and turned into a palm-sized ling long. it chased after jiang li at a very fast speed and stopped in front of him in the blink of an eye.

“What is it?”

Jiang Li was stunned and looked at the ‘immortal Palace’ in front of him.

[captured one ‘extremely damaged celestial palace’, activating’ origin soldier type’: [ruler’s weapon-immortal Palace!]

A notification appeared.

Buzzzzzz!

The ‘immortal Palace’ in front of him disappeared into thin air.

“This bi an ...”

again? ” Jiang Li was speechless, but he was in a good mood. The third type of origin source weapon that had been unlocked, the immortal Palace? Could it be an auxiliary weapon?”

Roar! Roar! “Roar!”

at this moment.

The strangeness of the surroundings was getting closer.

“There’s no time,”

Jiang Li didn’t dare to stay any longer. He rushed into the ‘nothingness’. The’ demonic sword ‘was being corroded. Jiang Li kept using the demonic sword to create sword Qi and push it towards the crack.

Behind them.

the strange things caught up and rushed into the ‘nothingness’, but they were all eliminated, allowing jiang li to capture a lot of’ world law origin’.

Finally.

Jiang Li finally entered the crack in the 'boundary wall' and passed through it safely. He returned to the 'universe ocean', but he was being pulled back to the 'six-realm world' by a force.

Jiang Li could only keep slashing with the demonic sword and try his best to move forward like an oar.

Chapter 732 Fusion

Jiang Li could clearly feel the strong suction force behind him. It was like a huge Whirlpool in the water that was going to swallow him.

Time passed.

Jiang Li didn't know how many times he had slashed behind him. The pushing force from each slash pushed him away from the 'six-realm world'.

One after another.

jiang li had repaired the 'demonic sword' more than a dozen times.

Finally ...

jiang li couldn't feel the 'suction' anymore, which meant that he had left the range of the 'six-realm world' and was now floating in the 'universe ocean'.

After that.

Jiang Li turned around with the 'evil sword' and looked at the 'six realm world' in front of him. What he saw was a huge Bubble Ball.

The bubble Ball was filled with cracks.

“Hu ~~ Hu ~ Hu ~”

finally. Jiang Li was relieved. I’m free.

“Master.”

buzzzzzz!

Little white appeared and stood on Jiang Li’s shoulder. Then, it looked around in surprise and said,””Why are you back in universe ocean?”

“because there’s no more time.”

universe ocean, ” Jiang Li said. if I don’t go back to universe ocean, I’m afraid I’ll be killed by the monsters inside before the six-realm world is destroyed.

“Let alone opening a plane channel.”

Shua shua shua shua

The ‘demonic sword’ seemed to be wailing in pain, and the blade was gradually being corroded. The ‘water’ of ‘nothingness’ in ‘universe ocean’ was much stronger.

so,

The ‘demonic sword’ was being ‘corroded’ even faster.

If ...

The demonic sword could last 90 seconds in the six-realm world, but in the universe ocean, it could only last 40 seconds, which was less than half of the time it could last.

Shua!

The Dominator panel opened.

Jiang Li checked the number of origin points.

[origin points: 2000]

“I still have 2000 points.”

Jiang Li looked at the sword in his hand and then at universe ocean.

Because Jiang Li’s ‘physical body’ entered universe ocean instead of his ‘consciousness’, he could only observe with his’ naked eye’.

one had to know.

When Jiang Li entered universe ocean with his ‘consciousness’, he had’ omniscient vision ‘and could see a large number of’ world bubbles ‘at once.

now.

Jiang Li could only see his surroundings.

There was only the boundless universe ocean and the sporadic ‘world bubbles’ floating quietly in universe ocean. They would move extremely slowly with the surging of ‘nothingness’.

“I wonder if I can find another ‘world bubble’ that I can enter before the ‘demonic sword’ is completely destroyed with 2000 origin points.”

I don't have time to think, " Jiang Li thought.

Shua!

let's go! Jiang Li swung his sword, looked in a direction, and kept moving.

"BOOM!"

Suddenly.

Jiang Li heard a loud noise behind him. He waved his sword and turned around. The sound came from the direction of the 'six realm world'.

The destruction of the world.

It produced a deafening sound and a huge amount of energy at the same time. It was as if a torpedo had exploded in universe ocean, causing monstrous waves to rise.

However ...

Jiang Li couldn't see what was going on because they were too far away.

Buzzzzzz! Buzzzzzz!

Not long after.

The immense power generated from the world's destruction and instantaneous explosion could not be easily erased by the 'water' of the 'void' of the 'universe ocean'.

As a result, it produced waves that swept out in all directions.

furthermore ...

It hit Jiang Li's body.

...

"This bi an ..."

what? " Jiang Li was shocked. He couldn't resist the waves. He could only follow the waves and drift like a boat.

This feeling ...

It was like an ordinary person being hit by a tsunami.

Fortunately ...

Jiang Li's 'body' and 'soul' had been modified by the 'eternal life particle', so they had strong resistance. They were completely immune to the 'ocean water 'of' nothing'.

Therefore, although the waves were fierce, they couldn't kill Jiang Li.

however ...

However, the 'demonic sword' was different. It was getting more and more damaged. Jiang Li had to use more origin points to repair it.

"Master."

After an unknown amount of time.

...

Little White's voice woke Jiang Li up. The 'waves' gradually calmed down, but Jiang Li was still a little confused.

this feeling ...

It was just like how he looked when he was rescued after a shipwreck.

"what's wrong?"

Jiang Li asked.

"In front, in front of you, tsk tsk!"

little white! little white jumped on Jiang Li's shoulder excitedly.

"En, Yingluo."

Jiang Li looked in the direction little white was pointing at.

What came into his eyes were two 'bubble worlds'. Although these two 'bubble worlds' 'were not as big as the' six realms world', they were not small.

It was at least a 'high-level world'.

It was just one level lower than the 'six-realm world' in the 'Supreme world'.

The most important thing was ...

The two 'bubble worlds' in front of him were slowly overlapping and merging. The two worlds were connecting, and part of them had already merged.

so,

A crack appeared on the fused part.

“Master, this is a world fusion.”

” generally speaking, ” little white said, ” the universe exists in universe ocean. there are countless worlds. floating in universe ocean, there’s a chance that the two worlds will collide. ”

” the phenomenon of ‘fusion’ will appear. ”

there are only two results for the ‘world fusion’.

the first type of ‘fusion’ is successful. The laws of the two worlds will be compatible, and they will become One World. The level of the world will be promoted, and it will become a ‘superior world’.

the second type is ‘fusion failure’, and both worlds will be destroyed.

“But no matter what.”

even if the ‘fusion’ fails, the ‘fusion’ process will still take a long time. After we enter it, we will have enough time to build the ‘plane channel’.

“alright,” he said.

yes. Jiang Li nodded. let’s go to this world.

Clang!

sword Qi. Jiang Li held the sword in his right hand and slashed behind him, creating a force that pushed Jiang Li towards the two worlds that were merging.

“What?”

Suddenly.

huh? ” Jiang Li noticed that the ‘demonic sword’ wasn’t ‘corroded’. Instead, there were some vague sword patterns on the black’ sword’.

It was very strange.

Shua!

Jiang Li checked the information of the ‘evil sword’.

[origin weapon: ruler’s weapon-demonic sword]

[rank: rank 12]

[No.: MJ01]

‘level 12 skills: grandmaster kendo, demonic sword aura, sword of domination, origin sword aura: [there are only two skills in the beginning. As ‘ruler’ is used, and after gradually integrating, powerful skills can be developed.]

passive skill: formless blade ”

[origin machinery: a type of mechanical soldier created with the ‘world law origin’ as the foundation. it has surpassed the general concept of ‘machinery’ and has unlimited growth potential.]

[introduction: the power of the magic sword will change according to the strength of the user.]

advancement Requirements: unknown ”

Obviously.

In the skill bar.

the ‘demonic sword’ now had two new skills, ‘sword of domination’ and ‘original sword aura’. jiang li had developed these two skills in the previous battle.

The power was extraordinary.

Other than that.

It even had an additional ‘passive skill’.

Jiang Li checked the details of the passive skill.

passive skill: formless blade ”

[introduction: the demonic sword has been in ‘cosmic sea’ for a long time, constantly enduring the ‘erosion’ of the ‘void’ of ‘cosmic sea’, and it has been repaired time and time again. In the end, it developed resistance and is immune to the erosion of ‘cosmic sea’.]

“This passive skill doesn’t seem to be of much use.”

No. Jiang Li shook his head.

The xuwu sword body could only allow the demonic sword to resist the erosion of universe ocean. Other than this ability, it seemed to have no other effects.

But that was good.

Jiang Li didn’t need to use origin points to repair the ‘Demon Sword’ anymore.

Shua! Shua!

Jiang Li kept swinging his sword. When the 'evil sword' could resist universe ocean, it turned into an oars in Jiang Li's hand and drove him forward.

Very quickly.

Jiang Li approached the two worlds that were merging.

Buzzzzzz!

Immediately after.

The 'ocean water' was sucked into the crack and entered the area where the two worlds merged. Jiang Li was being pulled closer.

The closer Jiang Li got to the 'world bubble', the smaller his body became.

shua!

After getting close.

Jiang Li's figure disappeared completely. Everything went dark before his eyes. When he realized what was happening, he had already entered the two worlds through the crack in the 'boundary wall'.

Within the fused world.

he came back to his senses.

No. Jiang Li shook his head. He was already in the air and looking around. He saw a vast green grassland that seemed to be endless.

Roar!

Suddenly.

roar! Jiang Li heard the monster's roar. A large shadow was projected above his head. There was a faint sound of something breaking through the air. A huge monster was charging at Jiang Li.

Shua!

Jiang Li disappeared from where he was and easily dodged the attack. He stood in the air ten thousand meters away and looked over.

“That's Yingluo.”

jiang li was sizing up the monster that attacked him.

It had a huge body, about ten meters long, with the body and claws of a Lion, the head and wings of an eagle, and the tail of its wings were burning with red flames.

“What a magical creature.”

Griffin? ” Jiang Li muttered. Could this be a magical fantasy world?”

“brother, get out of the way. this is a high-level magical beast from the ‘strange world’, the ‘blazing gryphon’.”

hmm? ” Jiang Li heard human voices from the left. He looked over and saw two people wearing tight robes from the ancient feudal society.

BOOM!

An explosion sounded.

the square-faced middle-aged man on the left stomped on the ground, and his qi and blood surged in the air, so thick that it almost solidified.

It shot straight into the sky.

“dragon subduing fist!”

Bang! Bang!

The square-faced middle-aged man shouted and threw out his fists. His thick qi and blood shook the space, creating a terrifying fist print. His momentum even intimidated the flame Gryphon.

Pfff!

Blood splattered everywhere.

The blazing Griffin’s head was smashed into a bloody mess.

“.....”

” martial arts? ” jiang li was surprised. he looked at the square-faced man. ” is this martial arts? ”

“What a good fellow.”

” a fantasy world with ‘magic’ and a ‘martial arts world’ with ‘martial arts’? ” jiang li asked. It’s actually the fusion of these two worlds.”

“This is interesting.”

Chapter 733 senior

the body of the blaze gryphon fell from the sky with a loud ‘boom’, creating a deep pit on the ground. then, dust spread in the surrounding area.

“Hahahahaha!”

The square-faced middle-aged man laughed wildly and said proudly, ” ” i didn’t expect my strength to have increased so much. i killed the blaze gryphon with one punch. ”

“Lie Hu,”

At this moment.

The other thin and handsome man frowned. It was as if he had shrunk the ground into inches. In just a few steps, he had crossed an extremely far distance and appeared beside the square-faced middle-aged man.

Pa!

he used the white folding fan in his hand to hit the square-faced middle aged man ‘lie hu’ on the forehead.

“Senior brother, why did you hit me?”

Lie Hu clutched his forehead and said in a bad mood.

“hmp!”

“I’ll deal with you later,” the handsome man said coldly.

“Senior,” he said.

thank you. the handsome man quickly bowed to Jiang Li and said respectfully, ” although my Junior Brother is a bit reckless, he doesn’t have any bad intentions.

“He didn’t know senior’s strength and rashly attacked. I hope senior can forgive him.”

“Ah?”

lie hu was dumbfounded and looked at jiang li in shock. He was actually a senior expert? But Yingluo is Yingluo, and he looks like he’s only in his early twenties.”

“What do you know?”

The handsome man glared at lie Hu, ” senior’s cultivation level is unfathomable and he’s good at maintaining his appearance. How can a junior like me make wild guesses? ”

“Hurry up and apologize to the senior.”

“Senior, I was wrong.”

thank you. lie Hu bowed to Jiang Li.

“It’s fine,”

it’s nothing. Jiang Li smiled. it’s just a small matter.

“Thank you for your magnanimity, senior.”

The handsome man heaved a sigh of relief, but he did not dare to be careless.

One had to know.

many ‘senior experts’ had profound cultivation levels. because of their strength, they were almost invincible, so they did things according to their hearts.

this way ...

As a result, the 'senior expert' was eccentric and difficult to predict.

For example.

A second ago, they were still chatting happily. Suddenly, because someone was sitting there, they crossed their legs and their feet were shaking.

The 'senior expert' was not happy with this. He felt that they were looking down on him and looking down on him.

Hence.

The 'senior expert' was furious.

Overnight.

He had massacred that person's entire family and even killed nine generations of his family.

Another example.

in the imperial court of a certain dynasty.

The Emperor was fatuous and tyrannical, and the people were homeless. They didn't have enough to eat and couldn't wear warm clothes. They wailed everywhere, and there were even tragedies where they exchanged their children for food.

The 'senior expert' couldn't bear it, bemoaned the state of the universe and pitied the people, and found his conscience.

Hence.

Single-handedly.

he directly barged into the heavily guarded imperial palace, which was filled with danger and peerless experts, and killed the emperor in broad daylight.

He even killed all of the royal family.

The Forbidden City was stained with blood.

wait, wait, wait.

these things were not legends.

It was something that truly existed and had happened.

Because ...

This was martial artists ruling the world, and the strong were respected.

A true expert.

He was unrestrained, singing with his sword, free and at ease, doing as he pleased.

...

How carefree.

Shua!

Jiang Li landed in front of lie Hu and the handsome man.

“come.”

Jiang Li smiled. tell me about the situation in this world. If it's okay, I'll let it go. If it's not, then I'm not sure.

“.....”

The handsome man's face paled as he screamed in his heart.

As expected!

As expected!

This person was really a 'senior expert'.

this was because only 'senior experts' who had been in seclusion for thousands of years would not know about the major events of the world after coming out of seclusion and would ask about these things.

...

He didn't expect this.

He really didn't expect it.

I, Bai xiusheng, can't believe I've met a true senior in my lifetime.

if he could catch the eye of a 'senior expert'. ..

I, Bai xiusheng, can also amaze the world with a single brilliant feat and become the trendsetter of this era.

He had become one of the protagonists of the world.

“Good, good.”

Bai xiusheng quickly nodded his head and suppressed the excitement in his heart. please rest assured, senior. I will definitely tell you everything I know and answer all your questions.

“Yes.”

okay. Jiang Li nodded. tell me your names and backgrounds first.

“Yes.”

bai xiusheng nodded. ” i’m bai xiusheng. i’m fifty-three years old. i’m already at the peak of supreme force. i’m only one step away from the introspective convalescence realm. ”

“He’s currently a Pro-disciple of the heavenly master sect, one of the three major sects of the Qian Long Empire.”

“This is Yingluo.”

“I’m called lie Hu.”

Lie Hu interrupted Bai xiusheng’s words and introduced himself,”I’m also a core disciple of one of the three big sects in the Qian Long Empire, the sky reaching sect. I’m already 38 this year.”

“His cultivation is at the early phase of Supreme force.”

“Compared to senior brother, I’m much weaker.”

“Haha!”

Jiang Li smiled and looked at lie Hu. I didn't expect you to be only 38. I thought you were at least 40 or 50 years old. You're much younger than your senior brother.

“Hehehe!”

lie hu laughed.

“.....”

Bai xiusheng frowned.

“Continue.”

jiang li said.

“Yes.”

Bai xiusheng cupped his hands.

“Senior brother, senior brother, I'll handle this small matter.”

senior brother! lie Hu shouted and squeezed in front of Jiang Li with the same silly smile on his face. senior brother has been cultivating in seclusion in the sect all year round. He wants to break through to the introspective convalescence realm.

but I often travel outside. Compared to senior brother, I know more.

“Oh.”

Jiang Li was still smiling. you can do it.

“No problem,” he said.

Lie Hu said.

However ...

Bai xiusheng stood behind lie Hu. His face was getting darker and darker. He held the white paper fan so tightly that his fingers had turned white.

Originally.

Bai xiusheng still wanted to fight for it, but since Jiang Li had already spoken, he didn't dare to say anything else in case he made the 'senior' unhappy.

time passed.

Lie Hu was indeed a man who had been travelling all year round. He knew a lot and was very detailed, including the appearance of new worlds in the past hundred years.

In reality.

The reason why Jiang Li could understand the language of this world was that he could also understand the language of the six-realm world when he was in the six-realm world.

It was because 'Jiang Li' didn't travel through the world normally. When he passed through the crack in the 'boundary wall', he automatically received information about the world.

Plus ...

Jiang Li's cultivation was getting more and more advanced. Even if he didn't understand the languages of different worlds, he could communicate with the creatures of different worlds with the help of his powerful soul.

Even ...

At the later stages.

In an instant.

He would be able to understand the myriad world.

Mere language could not hinder communication at all.

More than an hour later.

As lie Hu continued to explain, the whole world was like a complete and beautiful picture that slowly unfolded in Jiang Li's mind.

First of all ...

In the world where lie Hu and Bai xiusheng were.

It was called the Tian Yuan world.

It was a world where 'martial arts' reigned Supreme.

'Martial arts' strengthened the body and continuously excavated the human body's potential and treasures. It continuously developed the human body's strength and raised the level of life.

Among them.

The martial arts realm went from low to high.

They were divided into bright force, dark force, neutral force, dan Force, Supreme force, introspective introspection, telepathic thought, spirit-body unity, void-breaking, martial Saint, and human immortal.

There were a total of 11 realms.

every major realm.

It was further divided into four minor realms-early stage, middle stage, late stage, and peak stage.

In reality.

Jiang Li's current cultivation was at the complete stage of level nine.

In the Tian Yuan world.

it was equivalent to the peak of the dimension shatterer realm.

Of course.

If Jiang Li used the 'demonic sword', it would be terrifying. He could unleash level twelve power, which was beyond the limit of the 'Tian Yuan world'.

If this was used ...

it could destroy the entire tian yuan world.

In addition.

Within the Tian Yuan world.

There were five empires in total.

They were the Qian Long Empire, the sun never sets, the Eternal Empire, the Sun-Moon Empire, and the Tianyuan Empire.

A long, long time ago.

‘Emperor Tian Yuan’ established the ‘Tian Yuan Empire’ and unified the entire Tian Yuan world with his supreme power. The Tian Yuan world.

After an unknown amount of time.

Emperor Tian Yuan suddenly disappeared.

No one knew where he had gone.

Everyone was talking about it.

In the end.

The ‘Tianyuan Empire’ split. The Qianlong Empire, the sun never sets, the Eternal Empire, and the sun Moon Empire were established one after another, forming the phenomenon of five legs.

however ...

even if the ‘tian yuan empire’ was divided, it was still the strongest empire among the five great empires.

of the five great empires, the tianyuan empire was the most respected.

Of course.

Other than the five great empires.

There were also various martial arts sects, as well as kingdoms of all sizes that survived in the cracks between the five great empires. There were too many to count.

The sky-reaching sect was one of the three major sects in the Qian Long Empire. Not only was it powerful, but it also had a deep foundation. It was a long time ago, during the era of Emperor Tian Yuan.

The sect master of the heavenly master sect was called 'heavenly master sect master'.

He was at the human celestial realm.

There were human immortal secret treasures in the sect that were extremely powerful.

"A hundred years ago."

Lie Hu continued,"the Tian Yuan world has undergone a huge change. The two worlds have started to overlap and merge. As time passes .."

the merging of the two worlds is getting worse.

"and so ..."

"The various great empires have sent quite a few people deep into it."

"We have learned that the world that has fused with the Tian Yuan world is called: A strange world."

" the strange world cultivates 'magic' and condenses 'demonic power'. the advanced ones are even equivalent to' warrior saints 'and' human immortals'. they have the power to change the world. "

“I can’t describe the vastness of its power.”

“mages?”

Jiang Li asked.

“Yes, I am.”

lie hu nodded, ” strange world. according to the strength of one’s control of magic, there are 11 levels of mages. ”

from low to high, they are divided into apprentice mages, apprentice mages, junior mages, intermediate mages, senior mages, Grand mages, master mages, master mages, Saint-level master mages, demigods, and archmages.

each major realm is further divided into four minor realms.

” they are: class 1, class 2, class 3, class 4. ”

“It’s the same,”

“Within this strange world, there are also five great magic empires.”

they are: strange magic Empire, dragon magic Empire, super god magic Empire, flame magic Empire, and sky magic Empire.

other than the Empire, there are also ‘magic Academies’ that are similar to the sects.

“Currently, because the fusion is not complete enough, only Supreme force users and high-level mages can enter the ‘fusion area’.”

“Senior, can you please ...”

Thinking of this ...

Lie Hu was stunned.

one had to know.

this was the 'fusion area'. due to the influence of the 'laws of the world', only supreme force and high-level mages could be fused.

Then how did this 'senior expert' in front of him enter?

Thinking of this ...

Lie Hu felt that something was wrong.

Could it be that

Was this so-called 'senior expert' in front of him just a liar?

Chapter 734 Stripping clothes

little white, start building the 'plane channel' immediately.

jiang li started to communicate with his mind.

"Yes, sir."

Xiaobai replied, " master, please wait patiently.

"Yes."

okay. Jiang Li nodded.

at the side.

Lie Hu was sizing up Jiang Li. He was getting more and more confused. After all, the rules of the 'fusion area' had been tested by the Qian Long Empire's martial Saint.

Not only that.

The martial Saints of the other four empires had all taken the test.

Even a 'warrior saint' could not go against the laws of the 'fusion area' and could not enter it. At present, the strongest person could only enter it with their Supreme force.

It was for this reason.

The upper echelons of the Tian Yuan world and the strange world had never really met before. They had only sent representatives to discuss and discuss matters in recent years.

"Senior brother."

Lie Hu quietly walked to Bai xiusheng's side and whispered, "Don't you feel that there's something wrong with this senior expert?"

"Oh?"

Bai xiusheng didn't seem to care and only replied indifferently.

"senior brother, have you forgotten?" According to the rules of the fusion zone, even powerhouses who have surpassed the Supreme force cultivation base can not enter. If that's the case, how did this senior expert in front of us come in?"

“That’s why Junior Brother suspects that this so-called” senior expert “is fake. It’s very likely that he’s a spy from the” strange world “in disguise to obtain information about our Tian Yuan world,” lie Hu said.

“It is exactly because of this that he asked those questions. It is because he truly knows nothing about the ‘Tian Yuan world’.”

“This bi an ...”

Bai xiusheng was stunned and fell into deep thought.

Even though ...

Bai xiusheng was indeed holding a grudge against lie Hu because of what he had just done. However, when he thought about it carefully, he realized that lie Hu’s words were not without reason.

The most important thing was ...

If it was really as lie Hu said, that this ‘senior expert’ in front of him was a fake and that he was a spy sent by the ‘strange world’, then he definitely couldn’t let him go so easily.

furthermore ...

Just now, lie Hu had revealed a lot of information to this ‘senior expert’.

“.....”

Bai xiusheng took a deep breath.

“Senior brother, what do you think we should do now?”

Lie Hu's expression was nervous.

After a long moment of silence.

"Forget it, I'll test it out first."

Bai xiusheng said.

"this bi an ..."

Lie Hu's face was filled with worry, " but senior brother, what if we're wrong and this 'senior expert' becomes angry? what should we do then? "

"Everything I do is for the sake of the Tian Yuan world. I believe that after senior finds out, he will not blame us."

Bai xiusheng said righteously.

"Good, good."

Lie Hu quickly nodded his head. When he lowered his head, the corners of his mouth slightly curved up.

Although senior brother's cultivation and strength were very strong, he had been in seclusion in the sect all year round and did not know the dangers of society.

"Master."

A minute later.

master, I have good news for you. We're going to make a fortune this time. little white sent a message to Jiang Li.

“What good news?”

Jiang Li asked.

“Little white tried to build a plane channel just now, but she didn’t find a plane channel between the ‘Tian Yuan world’ and the ‘strange world’. We need to build one again.”

“This means that the ‘Tian Yuan world’ and the ‘strange world’ have not been discovered by the ‘martial immortal court’,” Xiaobai immediately explained in detail.

“Oh.”

” it’s not a plane channel like the martial arts celestial court of the human race, but it doesn’t mean that the other five clans haven’t discovered it. ”

don’t worry, master. These two worlds are an unknown, brand new world.

Xiao Bai continued to explain,”because as long as an immortal court has set up a plane channel between the two worlds, I will be able to sense it.””

...

“If I didn’t feel it, it means I didn’t.”

“This way ...”

“If we can guarantee that the ‘heaven’s origin world’ and the ‘strange world’ will merge successfully, master, you will be able to obtain a complete ‘superior world’.”

at that time, you’ll have a complete ‘Supreme world’. All the resources in the world will belong to you. Not only will the resources include precious natural treasures, but the living beings of the world will also be able to form a huge and extremely powerful Emperor dynasty Army for you.

“That’s a good idea.”

jiang li nodded. ” but it’s not that easy to completely rule a complete ‘supreme world’. the fourth-level’ emperor dynasty ‘spent nearly 10000 years to take down the’ six-realm world’. ”

“Yes.”

“You’re right, master,” little white nodded.

“I’ll construct the ‘plane channel’ first.”

Jiang Li said.

“Yes, sir.”

...

Xiaobai replied, ” it’s because we need to build a plane channel from being to nothing. Plus, this isn’t the immortal’s Palace, but a different world. Therefore, it will take a year to complete the construction of the plane channel.

“One year,”

faster? ” Jiang Li frowned. can you speed it up? ”

“I can’t,”

Xiaobai replied, ” master, you only have the authority of an ‘official member of the immortal court’. It’s fast enough to build a brand new plane channel in one year.

“One year it is.”

yes, ” Jiang Li said. I’ll start now.

“Yes, sir.”

Xiaobai replied.

Buzzzzzz!

His consciousness returned.

Jiang Li opened his eyes and saw Bai xiusheng walking to him.

“What’s the matter?”

jiang li was calm.

“Senior,” he said.

Bai xiusheng made a 90-degree bow and said in a respectful tone. He suddenly turned around and pointed at lie Hu,”This Junior brother of mine is simply blinded by pig oil. He actually dares to suspect that senior is a spy sent by the ‘strange world’.”

“just now, he acted rashly and snatched senior’s prey. now, he even dares to make wild guesses about senior. even if i’m his senior brother, i can’t continue to argue for him.”

“Senior, please make a decision.”

bai xiusheng bowed at a 90-degree angle again. he looked at lie hu with a ‘heart-wrenching’ expression and shook his head, sighing.

“Senior brother, you should go, you should go!”

He was dumbfounded.

Lie Hu was dumbfounded. He had never thought that Bai xiusheng would suddenly do something like this. He was caught off guard.

He was stunned on the spot.

Plop!

The next moment.

Lie Hu knelt on the ground with both his knees. Tears started to flow down his face. He didn't even need to prepare for this.

“Senior, senior, I'm wrong, junior was wrong ah Yingluo”

Lie Hu cried out loudly.

Qian Yi. Jiang Li frowned and pointed at Qian Yi.

Pfff!

Blood splattered everywhere.

The sharp finger ray directly pierced through lie Hu's forehead and came out of his body. Lie Hu's mouth was wide open as his life force disappeared. He fell straight to the left and fell to the ground.

He didn't even have time to scream.

to tell the truth.

Jiang Li was indeed annoyed by the noise. He really didn't want to play games with Bai xiusheng and the others.

lie hu's 'acting skills' were indeed not bad, and he could easily win the golden horse movie king title.

But it was meaningless.

Buzzzzzz!

Very quickly.

Rays of light came out of lie Hu's body and formed a Soul Fire seed. It flew to Jiang Li and was captured.

[acquired a Tier 5 soul Tinder!]

"This bi an ..."

Bai xiusheng's body was stiff and his face was pale. He looked at lie Hu's body with fear. He was killed without any warning.

"qian qian qian qian qian"

Bai xiusheng's legs were trembling.

"From now on, you'll do whatever I say."

" don't worry. " jiang li said indifferently, " don't ask anything, don't think about anything, and don't play any tricks on me. otherwise, wuwu ... "

Plop!

bai xiusheng immediately knelt down and kowtowed to jiang li.

“Senior, don’t worry.”

“From now on, I’m your dog! If you tell me to go east, I’ll never go west! I’ll do whatever you tell me to do!” Bai xiusheng shouted.

“Very good,” he said.

okay. Jiang Li nodded in satisfaction. first of all, find me a set of clothes.

“ah?”

Bai xiusheng was stunned.

“Hurry up and go.”

Jiang Li said.

“It’s, it’s, it’s Yingluo.”

Bai xiusheng nodded quickly.

One had to know.

Through ‘universe ocean’, Jiang Li’s clothes and other items were all removed by’ Wu ‘except for the’ Demon Sword’. Jiang Li was still shirtless.

Ever since he entered this world.

let’s go. Jiang Li used his cultivation technique and covered his body with the light mist formed by the fate of the Empire. Only his blurry face was exposed so that he

wouldn't be exposed, but he couldn't use the fate of the Empire to protect himself wherever he went.

Plus ...

When one's cultivation reached level 10, they would become 'martial Saints' and 'demigods' in this world. They would be able to see through the protective layer of the 'fate of the Empire', and they would still need to wear clothes.

Jiang Li wasn't an exhibitionist.

In addition.

Although 'Bai xiusheng' was a core disciple of the sky-reaching sect, he was only at the peak of Supreme force and not even at the introspective introspective convalescence realm. Naturally, he did not have an 'interspatial ring' or something similar.

This was an extremely precious item.

In this world, only martial Saints and demigods could have them.

A few minutes later.

"Senior," he said.

Bai xiusheng returned with several sets of clothes. I've found the clothes.

"yes."

Buzzzzzz!

Jiang Li didn't ask any more questions. He didn't want to know where Bai xiusheng's clothes came from. He waved his right hand and took the clothes with energy.

After that.

jiang li changed his clothes.

The light dissipated.

Jiang Li was wearing a black robe. He looked majestic and noble, like an ancient noble. People couldn't help but respect him.

“.....”

Bai xiusheng stood at the side respectfully.

Shua! shua! Shua!

At this moment.

There was a small team of people flying in the air from where Bai xiusheng had come from. They were not slow and were all wearing magic robes.

There were both men and women.

the most important thing was ...

Among these people, many men had their clothes stripped off, leaving only shorts and the like to barely cover their bodies. They were in an extremely sorry state.

” teacher, it's him. he was the one who ambushed us. not only did he knock us out, but he also stripped us naked. he's too hateful. ”

“Detestable!”

“The people of the Tian Yuan world are indeed a bunch of boorish people!”

“Catch him and beat him up to vent your anger!”

“Bastard Qingqing!”

The shirtless men were furious.

“.....”

Jiang Li looked at Bai xiusheng.

“Qian Qian Qian Qian Qian”

bai xiusheng looked embarrassed. ” i, qianqian, didn’t expect these people to have a teacher. please, qianqian, senior, don’t worry. i’ll deal with this matter immediately. ”

Chapter 735 Conversion

At this moment.

the instructor walked out.

“We’re from the ‘exotic magic Empire’, and we’re from the ‘Azure Academy’, one of the nine great magic Academies. I’m crede Elie, the leader of this team, and also a junior teacher of the ‘Azure Academy’,”

Cride Elie took a deep breath and introduced himself. Then he reprimanded, ” ” we follow the principle of friendly communication between the two worlds, and we are also the emissaries for the ‘conference’ between the high-level leaders of the two worlds. we represent the face of the ‘dean of the azure academy’, the demigod dean azure, and the face of the’ strange magic empire’. ”

you attacked my student without any reason. Not only did you attack him from the back, but you also stole his clothes.

“I will not let this matter rest just like this. When the ‘conference of the two worlds’ begins, I will definitely tell you about this matter, and you will definitely pay the price for this.”

“The price?”

Bai xiusheng’s eyes turned cold.

Originally.

Bai xiusheng thought that after he apologized, he would let this matter go. He had only taken a few clothes from them. It wasn’t a big deal.

But now, it seemed like ...

The other party was so aggressive and unwilling to let the matter rest.

Furthermore ...

Bai xiusheng also didn’t want the senior beside him to look down on him and think that he was as timid as a mouse, a mouse that didn’t dare to cause trouble.

Moreover ...

‘i’m looking for clothes for senior. if something really happens, senior is right beside me. i can’t just leave him to die.’

“Truly laughable.”

Bai xiusheng closed the White folding fan in his hand with a ‘pa’ sound and said coldly, “I didn’t kill them. I’m already giving you face by sparing their lives.”

“You still want a price?”

“I’d like to see what kind of ability you have to make me pay the price.”

BOOM!

as soon as he finished speaking.

Bai xiusheng’s entire body trembled. The fan blades in his hand extended, and each fan blade turned into an extremely sharp silver sword.

Sword light burst forth.

At the same time.

The righteous force spread throughout his body, and his terrifying qi and blood churned, forming a solid qi and blood cloud. The power was extremely strong, and the overly terrifying qi and blood actually produced a terrifyingly high temperature.

Si si si si si

In the surroundings.

the grass on the ground was burnt and yellow because of the high temperature. jiang li smelled something burning.

within a thousand meters.

All of them had been charred by the terrifyingly high temperature.

It turned into a Red Land.

“Qi and blood like clouds, a thousand meters of Red Land.”

Crede Ali’s expression was shocked, and he exclaimed, ” “supreme force! it’s supreme force! you’re actually a supreme force expert! All of you, quickly retreat!”

this is troublesome. I actually offended such a strong person.

Crede Ali was greatly shocked.

“!!!”

“Si si si ...”

“what kind of terrifying scene is this?”

“Supreme force ... Is this the terror of the Supreme force experts of the ‘Tian Yuan world’?”

“This Suan ni, this Suan ni”

Aghast.

The students of the Azure Academy behind crede Ali were extremely shocked and scared when they saw this scene. After hearing crede Ali’s words, they all retreated.

“Fire ring of resistance.”

Buzzzzzz! Buzzzzzz!

Crede Ali took a deep breath and quickly calmed down. He took out a Crimson staff with a sparkling red crystal embedded on the top.

“Fire Magic Shield.”

Without any hesitation.

He cast two defensive spells on himself.

“Fire Serpent.”

Shua!

Crede Ali pointed his staff, and a red circular magic array appeared at the top of his staff. There was a hexagram pattern in the magic array.

Bang!

...

Flames spewed out.

In that instant.

A huge fire snake rushed out of the magic array. It was extremely huge and was burning as if it had a life of its own. It pounced towards Bai Xiusheng.

“Small tricks.”

Humph! Bai Xiusheng snorted with disdain. His whole body trembled and his qi and blood surged. He condensed his qi and blood into a force that created a strong wind. Supreme force, Dragon subduing fist.

Bai xiusheng clenched his left hand into a fist. He didn't even use the 'sword bone fan'. With just one punch, the righteous force exploded and produced a terrifying fist force.

BOOM!

This punch was thrown.

The 'fire snake' immediately exploded and dispersed.

“Spatial bending.”

shua! Shua!

...

bai xiusheng quickly moved forward. in just a few steps, he had closed the distance between him and crede ali. he was now in front of crede ali.

“Knight of fire!”

BOOM! BOOM!

Crede Ali roared as his mana surged. His staff touched the ground, and a red flaming magic array appeared on the ground in front of him.

There were a total of nine magic arrays.

The red flame burned.

In that instant.

In each magic array, a Knight riding a warhorse, wearing armor, holding a Knight's spear, with flames as the main body, condensed into a physical form, appeared.

“Kill!”

The Knights of fire team charged towards Bai xiusheng.

“This move is a little interesting.”

Clang! clang!

Bai xiusheng rushed over and used his sword, the broken fan. Sword light appeared, and both sides fought each other. Krid Elie took the opportunity to widen the distance again.

Time passed.

Jiang Li was watching the fight from the side, observing the fight between martial arts and magic.

In reality.

Crede Erie was a level four advanced mage.

Cultivation base and strength.

He was basically on par with Bai xiusheng.

the two sides were locked in battle. crede ali used fire magic one after another, while bai xiusheng also used various martial arts.

In a short period of time.

It would be difficult to determine the winner.

After watching for a while, Jiang Li lost his interest.

Furthermore ...

Whether it was martial arts or magic.

All of them had their own unique and outstanding aspects.

“Kill!”

At this moment.

the students of the azure academy took the opportunity to use ‘invisibility’. they used optical invisibility and got close to jiang li.

go to hell, you bastard. How dare you wear caique’s clothes? ”

BOOM! BOOM! BOOM!

It could be seen.

The five male students attacked Jiang Li at the same time and used their most powerful magic. A magic array appeared, and they were all water elemental creatures.

Water dragon!

Roar!

the three water dragons charged at jiang li.

“Hahahaha!”

The five male students laughed loudly, thinking that Jiang Li was dead for sure.

“This is the price you have to pay for underestimating the Azure students.”

they laughed.

“What gave you all such confidence?”

Bang! Bang! Bang!

After that.

the three water dragons hit jiang li, but they couldn't even shake the dynasty's protection. the water dragons exploded.

It was shattered into a mist that filled the sky.

In the hazy mist.

Jiang Li turned around and looked down at the five male students who were completely stunned. Fear had taken over their minds.

“This Suan ni, this Suan ni”

“impossible! This was impossible! That's impossible!”

“Heavens!”

“.....”

In the surroundings.

The few male students and all the female students who didn't attack stepped back in fear. They looked up at Jiang Li in horror and screamed.

“Not good!”

crede ali was shocked.

“Reckless fellow, you actually dared to provoke senior. I'm afraid you're tired of living.”

Bai xiusheng sneered.

“bai xiusheng,”

” is that how you deal with it? ” jiang li asked. ” is that how you deal with it? ”

“Senior, I'm sorry, I'm sorry!”

Bai xiusheng was so scared that his face turned pale.

“Exterminate!”

Buzzzzzz!

die! Jiang Li attacked himself. Energy condensed into a handprint that covered the sky and killed the five male students.

It was effortless.

In reality.

Jiang Li also felt it when he attacked. Because Jiang Li sneaked in through the crack in the 'boundary wall', he wasn't affected by the rules of the 'fusion area'.

however ...

When Jiang Li was in the 'fusion area', if he used any power above level five, it would affect the fusion of the two worlds.

In other words ...

If Jiang Li didn't care and just released his power in the 'fusion area', it would eventually collapse and the fusion would fail. The 'Tian Yuan world' and the 'strange world' would be destroyed.

One had to know.

After hearing what 'little white' said, Jiang Li already thought of the 'Tian Yuan world' and the 'strange world' as his own, so he wouldn't destroy them easily.

moreover ...

If he caused the destruction of the two worlds to accelerate and did not even have the time to construct the 'plane channel', it would not be worth it.

At that time.

jiang li had to wander in universe ocean again.

Roar!

The Dragon roared.

the ‘imperial position’ appeared between jiang li’s eyebrows. with the pressure of the state of existence and the power of the dragon, jiang li didn’t even need to attack.

crede ali and the others were forced to kneel on the ground.

“This Suan ni, this Suan ni”

“This kind of pressure ... Could it be that this young man in front of me is an existence like a ‘Majin’?”

“Heavens!”

“How could such a terrifying expert appear?”

“The most terrifying thing is that we actually wanted to attack the ‘Majin’? He was really tired of living!”

“.....”

Plop! Plop!

Jiang Li! crede Ali and the others, as well as Bai xiusheng, all knelt in front of Jiang Li.

Hence.

Jiang Li showed his unparalleled strength and subdued them easily. Crede Ali and the others became Jiang Li’s subordinates.

Soon after.

Jiang Li found two kinds of ‘energy crystals’ on lie Hu and the five male students. They were similar to ‘spirit crystals’ and ‘energy crystals’.

Among them.

‘Lie Hu’ had ‘vitality stones’ that were unique to the ‘Tian Yuan world’, which contained vitality and aided in martial arts training. The five male students had magic crystals ‘that were unique to the’ strange world’, which contained magical power and assisted in meditation training.

Generally speaking.

Vitality stones and magic crystals.

They were divided into four ranks: low, middle, high, and super.

Low-grade can be converted into 10000 energy points, medium-grade can be converted into one million energy points, high-grade can be converted into 100 million energy points, and super can be converted into 10 billion energy points.

In other words ...

If they were all converted into origin points.

One origin point was equivalent to ten trillion energy points.

One trillion energy points was equivalent to one trillion energy points.

A low-grade Yuan stone or a low-grade magic crystal could only be converted into 0.000000000001 origin point, which was one-billionth of the origin point.

and so on.

An intermediate one could be converted to 0.0000000001 origin point, which was 0.00000001 origin point.

A high-grade one could be converted to 0.00000001 origin points, which was one-billionth of one origin point.

A Super One could be converted to 0.000001 origin points, which was 1/1000000th of one origin point.

It could be seen from this.

It was quite difficult to obtain origin points.

One trillion low-grade Yuan stones or magic crystals could only be converted into one origin point.

If it was changed to 'energy crystals'.

That would be different.

Just a low-grade energy crystal could be converted into one trillion energy points, which was 0.0001 origin points, which was one-ten-thousandth of one origin point.

10,000 pills could be converted into one origin point.

" origin points can be diluted into energy points, but energy points can not be condensed into origin points. "

so, " Jiang Li said, " we'll convert the resources into energy points first. When we need energy points, we'll dilute them.

"Let's leave the 'fusion area' first and enter the 'Tian Yuan world'. In the next year, we'll quietly wait for the' plane channel 'to be completed."

jiang li thought about it and made plans for the future.

Chapter 736 Entering the city

The amount of ‘vitality stones’ and ‘magic crystals’ that lie Hu and the other male students had was too little.

Moreover, they didn’t have any ‘spatial storage’ treasures, so they couldn’t bring too many vitality stones and crystals with them.

Even if he converted all of these resources, he would not be able to get any origin points.

However ...

Jiang Li knew about the ‘spiritual crystals’ in the ‘Tian Yuan world’ and the ‘strange world’. As long as he collected these resources, he could turn them into origin points.

“Are we going to the ‘Tian Yuan world’ or the ‘strange world’?”

Jiang Li was deep in thought.

The ‘heaven origin world’ and the ‘strange world’

They all had their own characteristics.

It took Jiang Li a while to decide on the two worlds. He decided to stay in the ‘Tian Yuan world’ for the next year.

“bai xiusheng, you will lead the way. leave the ‘fusion area’ as soon as possible and head to the qian long empire.”

go! Jiang Li ordered.

“Yes, sir.”

Bai xiusheng said respectfully.

“As for your Yingluo ...”

Buzzzzzz! Buzzzzzz!

As soon as he finished speaking.

slave charms. Jiang Li opened his right hand and formed a few slave charms. these are contract charms. Relax. I’ll imprint them into your souls.

“You’d better not resist in the slightest. Otherwise, you’ll definitely fail.”

“If you fail, then you’ll lose your little lives.”

“Yes.”

“Yes, sir.”

“.....”

Crede Ali and the others trembled and quickly replied.

“Alright,” he said.

Shua!

Jiang Li waved his right hand and the slave charms flew out and merged into the foreheads of crede Ali and the others.

“Ah!”

Bang! Bang!

Very quickly.

Screams rang out as the heads of the male and female students exploded one after another. The scene of their heads exploding was like a watermelon being crushed.

It was a little cruel.

Not long after.

of all the people present, only Crede Ali survived. He completely relaxed his mind, and the ‘slave charm’ was successfully planted in the depths of his soul.

As for the other students ...

All of them failed.

Naturally, they were all dead.

It’s good to be young. It’s easy to be hot-blooded, and it’s easy to hold on to your beliefs. You won’t change or betray easily. Unfortunately, it’s easy to die.

No. Jiang Li shook his head.

“Master!”

Crede Ali knelt on the ground and did not dare to say anything. He was very respectful. He glanced at the corpses around him from the corner of his eye. His face turned pale. He did not expect that all the students he had brought with him were dead.

he was really ruthless.

They were even more in awe of Jiang Li.

“You’re not bad.”

okay. Jiang Li nodded and said, ” go to the ‘conference of the two worlds’ as planned. However, all the students you brought are dead. You’re the only one who survived. I’m afraid it’ll be hard to explain.

“don’t worry, master. the fusion area is full of unknown. no one knows what kind of dangers are hidden inside. at that time, i can just say that we have entered the fusion area by mistake and that i was the only one who managed to escape because of my high cultivation.”

of course, ” said crede Ali. in order to make it more realistic, I’ll injure myself and pretend to be seriously injured.

“Yes.”

good. Jiang Li nodded. that’s good.

“Go on.”

Jiang Li waved his hand.

“Yes, sir.”

After crede Ali bowed respectfully, he exchanged a glance with Bai xiusheng. The two of them seemed to have reached an agreement. Then, he turned and left.

...

“We should go too.”

Jiang Li said.

“Yes.”

Bai xiusheng replied respectfully.

Next.

with bai xiusheng leading the way, it took jiang li and the others more than half a month to reach the border of the ‘fusion area’.

One had to know.

Originally, Jiang Li only needed to use the power of the ‘mechanical soldiers’ to teleport a few times and he could leave the ‘fusion area’.

but ...

Within the ‘fusion area’, it was impossible to use power beyond the ‘fifth step’. As long as it exceeded the ‘fifth step’, it would affect the progress of the ‘fusion area’.

The ‘space movement’ ability had clearly exceeded the ‘rank 5’.

...

Furthermore ...

The space in the ‘fusion area’ wasn’t stable, so it wasn’t good to use ‘space movement’. There might be unexpected changes, so he could only hurry on his way.

Moreover ...

Jiang Li didn't want to cause any trouble for now. He wanted to spend the next year peacefully and build the plane channel first.

Outside the fusion area.

Heavenly path city.

The 'city' built by the sky reaching sect was guarded by an elder-level figure of the sky reaching sect. Li Jiren was an expert at the introspective convalescence realm.

He would be the city Lord of sky piercing city.

"Senior, please follow me."

Bai xiusheng took Jiang Li into sky reaching city. As a 'core disciple', he was only one step away from introspective convalescence realm.

so,

Bai xiusheng was unimpeded in heavenly path city and was highly respected.

"Senior brother Bai is back."

not long ago, senior brother Bai and senior brother lie Hu went to the 'fusion area' together. They said that it was a mission from the sect to find out more information about the depths of the fusion area. But why is senior brother Bai the only one who came back? "

"Could it be that senior brother lie Hu met with an accident?"

"This bi an ..."

In the surroundings.

Many ordinary disciples of the sky reaching sect were whispering to each other in the city.

However ...

bai xiusheng turned a blind eye to them.

He continued forward.

Jiang Li and Bai xiusheng soon arrived at the 'city Lord Mansion'.

"Senior, this is the city Lord's mansion,"

the city Lord of sky reaching city is an elder of the sect, li Jiren, " Bai xiusheng said. li Jiren has a good relationship with lie Hu. Now that lie Hu is dead, I'm afraid li Jiren won't let this matter rest.

"That's because li Jiren can be considered as lie Hu's martial uncle."

"Yes."

okay. Jiang Li nodded.

"Although the sect will investigate lie Hu's death, they won't spend too much energy on it. However, if an elder of the sect dies, the nature of the matter will be different."

"so, when the time comes, i'll have a subordinate to explain lie hu's matter," bai xiusheng said.

"that's good."

Jiang Li said.

“Senior brother Bai.”

The guards at the entrance of the city Lord’s mansion saluted Bai xiusheng respectfully.

“Yes.”

” okay. ” bai xiusheng nodded and walked into the mansion with jiang li.

“quickly inform the city lord that the white truth has returned.”

The guard on the right ordered the guard on the left.

“Alright,” he said.

The guard on the left quickly left.

In the guest room of the city Lord’s mansion.

jiang li and bai xiusheng were both there.

not long after.

The door to the living room opened.

“Haha!”

The city Lord, li Jiren, walked in with a smile on his face. He had a rough face, a strong body, and a burly figure. He was at least two meters tall.

He walked into the living room.

“True inheritor white, you and lie Hu have only been out for less than two months. I didn’t expect you to return so quickly. Did something happen in the ‘fusion area’?”

Li Jiren said.

“Elder.”

Bai xiusheng stood up and bowed.

Jiang Li sat on the side and slowly sipped his tea.

He directly ignored li Jiren’s arrival.

huh?!

Li Jiren glanced at Bai xiusheng, then looked around the living room. His eyes lingered on Jiang Li for a while before he left, but he frowned.

However ...

Li Jiren didn’t frown because of Jiang Li.

“where’s my huer?”

li jiren stared at bai xiusheng and asked, ” “Why didn’t Huer return with you? Don’t tell this elder that Huer met with an accident!”

“This bi an ...”

Bai xiusheng’s face showed a sad and painful expression. Tears flowed down from the corner of his eyes. He said with extreme sadness,”Elder, I also hope that it’s not like this, Yingying.”

“But Qianqian is Junior Brother Qianqian, he’s Qianqian!”

“Ai, ai, ai, ai.”

He sighed.

“Impossible! This is impossible!”

li jiren roared, his hair and beard flying in the air. the aura and power of an invincible god realm cultivator burst forth, creating an extremely strong pressure. even bai xiusheng, who was at the peak of supreme force, could not withstand it.

His face turned red and he retreated.

“Tell me, what happened?”

Li Jiren questioned.

“It’s like this, Yingluo.”

Bai xiusheng explained the story that he had made up long ago. The main story was that he and lie Hu entered the depths of the ‘fusion area’ and encountered danger. They even met the ‘Conference team’ from the ‘strange world’.

The two sides clashed.

In the end.

Lie Hu was dead.

The ‘meeting team’ of the ‘strange world’ was almost annihilated, with only one person surviving.

obviously.

Bai xiusheng's story was similar to Crede Ali's story. Both parties had obviously planned this. In this case, even if Li Jiren tried to find a way to verify it, he would only get the same result.

At that time.

Li Jiren's aggro would only be attracted by Crede Ali's side.

no matter what.

Crede Ali and Bai xiusheng were both working for Jiang Li, so it was easy for them to reach an agreement when they were working for him.

As for whether Bai xiusheng had paid a price or if Crede Ali had gained anything, Jiang Li didn't ask.

Because there was no need.

Furthermore ...

Such a story.

For Bai xiusheng and Crede Ali, this was a matter of mutual benefit. It could make their 'lies' more real and more convincing.

a strange world!!!

Li Jiren gritted his teeth.

Even though ...

li jiren didn't completely trust bai xiusheng's words, but bai xiusheng was a legacy disciple of the sect and had reached the peak of supreme force. he was only one step away from the introverted spirit.

so,

Li Jiren couldn't make things difficult for him.

Of course.

Li Jiren would definitely find a way to investigate.

“Who is he?”

Li Jiren gradually calmed down. He stared at Jiang Li and said in a low voice, ”
“Bai xiusheng, do you know that this is the city Lord's mansion? it's an important place. Not just anyone can enter.”

“If any information is leaked, can you bear the responsibility?”

“Elder.”

Bai xiusheng's expression changed drastically, and his tone was slightly panicked.
“Don't talk nonsense. The person in front of you is a powerful senior.”

when I just escaped from the 'fusion area', I accidentally met this senior expert. Because of the rules of the 'fusion area', senior was unable to enter it. When he saw that I had just come out of the 'fusion area', he wanted to know more about the 'fusion area' from me. That's why he came to sky piercing city with me.

“Senior?”

Li Jiren snorted in his heart. He didn't believe it at all."I've never seen such a young senior before, and the clothes he's wearing are so similar to those of the mages from the strange world."

Chapter 737 A year

Li Jiren suddenly had an idea. He said respectfully, "Senior, this junior has a question that has troubled this junior for a long time, but I still haven't found an answer."

"Can senior please dispel my doubts?"

"What doubts?"

Jiang Li put down the teacup, looked at li Jiren, and said slowly, "You can tell me."

"This Junior's suspicion lies in this mountain-toppling sea-overturning palm."

Li Jiren quickly got into position and shouted, "Senior, please take a look."

BOOM!

As soon as he finished speaking.

Jiang Li! li Jiren shouted and jumped up. He pushed his palms forward and used the 'mountain-toppling and sea-overturning' palm technique to attack Jiang Li.

"Elder, you can't be ridiculed!"

bai xiusheng exclaimed.

“So strong!”

“Elder’s move is indeed unstoppable. The power it contains is enough to easily destroy mountains and cause the sea to surge. It’s extremely powerful.”

“I think that so-called senior expert is going to be in trouble.”

In the surroundings.

when li jiren’s subordinates saw this scene, they began to discuss among themselves. they were all amazed by the power and strength of li jiren’s palm strike.

“such a weak and powerless palm.”

what? ” Jiang Li said in disdain, ” you dare to call it ‘overwhelming’? ”

“Ridiculous.”

Buzzzzzz!

as he said.

Jiang Li raised his hand and pointed with his finger. The power of the law of sword Dao was contained in his fingertip. It was like a sharp light.

Bang!

it was just a soft sound.

The palm strike that li Jiren was so proud of, which he thought was unstoppable, melted like a snowflake and turned into nothingness in an instant.

To tell the truth.

In Jiang Li's eyes, li Jiren's palm was like a child's play.

one had to know.

With li Jiren's strength ...

The introspective convalescence realm was equivalent to the sixth rank.

It was indeed nothing difficult to topple mountains and overturn the seas.

But Jiang Li was at level nine.

destroying a star with a flip of his hand was as easy as taking something out of his pocket.

He could even traverse the universe's vacuum with his physical body.

“this suan ni, this suan ni”

He was stunned.

Li Jiren was completely stunned. His face turned pale and he staggered backward. He was even shocked by the terrifying pressure and fell to the ground.

Terrifying!

It was too terrifying!

a martial saint?

Could it be that this senior was a martial Saint level expert?

Oh my God!

What was I thinking just now? What were they doing?

Was he looking for death?

He actually dared to doubt a ‘martial Saint’, and even dared to attack the high and mighty’ martial Saint’. I don’t want to live anymore, I don’t want to live anymore!

fear!

li jiren was extremely terrified!

It wasn’t just li Jiren.

In the surroundings.

Li Jiren’s subordinates were all stunned. The scene just now was completely beyond their knowledge. They were so shocked that they couldn’t speak.

Plop!

Li Jiren knelt on the ground.

“Senior, senior martial Saint!”

...

Li Jiren kept kowtowing. it’s Qianqian. I was too reckless. I didn’t know the immensity of heaven and earth. That’s why I offended you. I hope you can forgive me. Please forgive me, Qianqian.

“Elder, I told you just now, but you just didn’t listen.”

Bai xiusheng shook his head.

“F * ck me f * ck me”

Li Jiren’s entire body trembled. He was filled with so much regret in his heart. Why was he so impulsive? Why didn’t you think about the consequences?

this was the ‘warrior sage’!

If the higher-ups in the sect were to find out that I’ve offended a martial Saint, I’m afraid I’ll lose my life.

“If you want to live, it will depend on your performance.”

Jiang Li said.

“Senior, please rest assured.”

as long as it’s senior’s business, I’ll do my best, ” li Jiren said loudly. even if I have to risk my life, I’ll do it for senior.

...

“There’s no need to risk your life.”

you’re dead, ” Jiang Li said. your life isn’t worth anything either.

I’ll be staying in sky-reaching city for the next year.

” get me a quiet place, ” jiang li said. ” don’t let anyone disturb me. ”

“Is this Yingying enough?”

Li Jiren asked.

“Yes.”

” okay. ” jiang li nodded.

“Yes.”

I promise to complete the mission, ” li Jiren said loudly. I will not disappoint you.

“That’s good,”

Jiang Li said.

“go on.”

go. Jiang Li waved his hand.

Hence.

li jiren ran out to help jiang li find a place to stay.

“I didn’t expect this.”

Bai xiusheng couldn’t help but sigh, ” I thought li Jiren and lie Hu had a deep relationship. It seems like I was wrong.

“i’m afraid that lie hu has already forgotten about this matter.”

I'm afraid all that's left in li Jiren's mind right now is how to build a good relationship with you, how to please you, and how to save his own life.

“As expected.”

bai xiusheng took a deep breath, ” in this world, from the beginning to the end, only the strong will be respected. strength speaks the loudest. no matter how good a plan is, it will be useless in the face of absolute strength. ”

master, you only showed a little bit of your strength, and you already made li Jiren so obedient. I'm glad that I had to think of all kinds of countermeasures.

now, it seems like it was just a joke.

“.....”

Jiang Li didn't say anything and didn't try to persuade Bai xiusheng.

Moreover ...

‘The strong are respected’ was not without reason.

Half a day later.

Li Jiren prepared a quiet place for Jiang Li to stay. Li Jiren followed Jiang Li like a slave.

Jiang Li stayed in sky reaching city.

In the courtyard.

Jiang Li's bedroom.

Shua!

Jiang Li opened the Dominator panel and looked at the interface of the original machinery types. Jiang Li unlocked the 'Demon Sword' and made it.

Only the heavenly Palace and the God of games were left.

There were still 101 wisps of the world's law origin source.

It was only enough to unlock one origin soldier class.

the heavenly Palace and the game master God should be the auxiliary type of fighting techniques.

I don't know the specific abilities of these two types of origin soldiers, but they should start at level 12. Jiang Li thought.

unlocked 'master of machinery-gaming master God'.

okay. Jiang Li made a decision.

buzzzzzz!

In an instant.

The 99 world law origins were directly integrated into the 'master of machinery-the game master God', and the interface flashed with bursts of light.

Shua!

[consumed 99 world law origin and successfully unlocked-master of machinery-gaming master God'.]

A notification appeared.

“Not bad.”

yes. Jiang Li nodded in satisfaction. I’m going to make the master of machinery-the God of games.

Shua!

[do you wish to spend one billion origin points to create a ‘master of machinery-gaming god’?!]

A notification appeared.

“it’s actually one billion points.”

that’s ten times the price of the ‘demonic sword’, ” Jiang Li said in surprise.

[insufficient origin points, insufficient world law origin, unable to create!]

Another notification popped up.

it requires too many resources.

jiang li thought,’the resources of a super fantasy world can’t satisfy this demand. even a supreme-level world might not be able to gather so many resources.’

” in this case, if we want to create the ‘master of machinery-the master god of games’, we have to go to the ‘great universe world’. there are enough resources there. ”

“As for the ‘world law origin source’, I’m afraid I’ll have to go to a world that’s on the verge of destruction and give birth to a strange phenomenon. Only then can I obtain the ‘world law origin source’.”

“Or trade with the other empires?”

Shua!

Jiang Li closed the interface.

“Azure Emperor Art.”

Buzzzzzz!

let’s go. Jiang Li used techniques and connected with the true dragon List. His consciousness entered the ‘illusionary body’. The illusionary body opened its eyes and looked around.

He could see the illusionary bodies of the other emperors around him.

He didn’t pay much attention to it.

Jiang Li looked at the ‘true dragon List’.

“Congratulations to the great Xia Dynasty for the great increase in the country’s fate. The true dragon of the country’s fate has exceeded a million meters. It has risen from the ninth level to the eighth level.”

Buzzzzzz!

After that.

Jiang Li received the message. The ‘illusionary body’ lit up and rose up slowly. Under the gaze of the emperors on the ninth stage, it reached the eighth stage.

“He’s the one who’s crying!”

“If I’m not mistaken, he became the Emperor not long ago. How long has it been? It has actually advanced to the eighth stage.”

“this suan ni, this suan ni”

Obviously.

when jiang li was still on the ninth level, the other emperors around his ‘illusionary body’ had some impression of him. when they saw jiang li advance to the eighth level, they were all shocked.

This was because the speed of his advancement was too fast.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

immediately after.

Several light balls fell from the ‘true dragon List’ and entered Jiang Li’s ‘illusionary body’. Jiang Li received five messages and five rewards.

The rewards were extremely generous.

After that.

After getting the reward, Jiang Li left the place and his consciousness returned to his body. The emperors on the eighth and ninth levels started to talk.

The human Emperor of the great Xia Dynasty, Jiang Li.

It was gradually noticed by many emperors.

A month later.

In the center of the fusion area.

They had built a ‘two world city’.

The establishment of two world city represented the first cooperation and peace talks between the ‘Tian Yuan world’ and the ‘strange world’. The conference of the two worlds ‘was held in two world city.

Everything was developing towards the path of ‘peace’.

no matter what.

At the very least, it was ‘peaceful’ for now.

As for the future ...

As the ‘fusion area’ grew larger and larger, the restrictions became lower and lower, and the contact between the two worlds became more and more frequent, would there be various conflicts, or even wars?

That was a matter for the future.

The meeting ended.

Crede Ali returned to the strange world and the Azure Academy. Since all the meeting teams returned together, he didn’t have the chance to meet Jiang Li in sky reaching city.

“Senior, the meeting has ended.”

li Jiren didn’t ask about lie Hu anymore. Also, if everything goes well, there shouldn’t be any major incidents in the coming days.

“Alright,” he said.

okay. Jiang Li nodded in satisfaction.

Time flew by.

In the blink of an eye, a year had passed.

Heavenly path city.

In the courtyard where Jiang Li lived.

It had been almost a year.

Jiang Li rarely left the hospital.

In the bedroom.

Buzzzzzz! Buzzzzzz!

Jiang Li was cultivating the Green Emperor Art, which had been upgraded to level ten. He was only half a step away from level ten, but he hadn't used the energy from the blessing of the nation yet.

It had dragged on until now.

As long as it was used.

Jiang Li was absolutely confident that he could reach level ten.

master, the plane's channel has been completed.

Suddenly.

Little White's voice came into Jiang Li's mind.

“It's finally done.”

Jiang Li stopped cultivating and stood up.

Chapter 738 Pardon decree

Since the plane channel had been built, Jiang Li didn't plan to stay in the 'Tian Yuan world' any longer. He was about to leave after telling Bai xiusheng.

Even though he left in a hurry.

However ...

If everything went as planned, Jiang Li would come back. Even if he didn't, he would send the Xia Army to occupy the 'Tian Yuan world' and the 'strange world'.

Of course.

Jiang Li also hoped that the 'Tian Yuan world' and the 'strange world' could be perfectly integrated so that the 'advanced world' could be upgraded to a 'Supreme world'.

Outside sky reaching city.

in an unknown area.

“Little white, immediately open the 'plane channel',”

Jiang Li said.

“Yes.”

Xiaobai replied, ” opening the ‘plane channel’. It will be completed in ten seconds. Please wait patiently, master.

“Yes.”

okay. Jiang Li nodded.

ten seconds later.

“Master, the plane’s channel has been opened.”

Xiaobai responded again.

Kachaa! kachaa!

At the same time.

The ‘mark’ on the back of Jiang Li’s right hand glowed with a bright white light. It spread out and tore apart the time and space.

a huge crack appeared.

The white light gradually stabilized the crack and finally formed an arched gate.

It was a plane channel.

“Very good,” he said.

Jiang Li smiled and quickly approached the plane channel. This time, he didn't feel any danger and stepped into it.

Wuwuwuwuwu!

The light flickered.

jiang li disappeared into the plane channel. the arched door gradually closed and disappeared. jiang li also left the 'tian yuan world'.

Shua! Shua! Shua!

Not long after.

Suddenly, many people appeared around Jiang Li.

They looked around, but their brows were locked together, and they didn't find anything.

I clearly felt a very strong fluctuation just now. Why is there nothing now? ”

“what happened here just now?”

“Ever since the 'Tian Yuan world' and the 'strange world' began to merge, more and more unknown things have happened. I don't know what it will become in the future.”

“.....”

Everyone's expression was grave.

One had to know.

These people were all martial Saints who were in charge of this place.

The scene changed.

In the Super Fantasy world.

Holy peace Region.

It was also Jiang Li's 'base'.

The territory of the great Xia Empire.

Azure Dragon continent.

It was less than 100 miles away from the Azure Dragon continent, but it was very close to the immortal Palace, only less than 100 meters away. There was a strong fluctuation in the space.

Kachaa!

A crack appeared and quickly turned into a vortex. It gradually changed into a white arched door and stabilized.

Shua! Shua! Shua!

Hence.

Everyone came out.

First of all ...

Lord Chi and Elder Brown.

...

The two of them lived in the immortal Palace.

so,

They were the first to sense the abnormality and were also the first to fly over. After seeing the gradually forming white arched gate, their faces showed excitement.

Not long after.

Xu Ya, Hong Tianqi, Wu Wuji, Lin Tianjian, and others.

the various kings and marquises.

All of them had arrived at their fastest speed.

“Lord Chi, Elder Brown.”

Xu Ya took a deep breath, and her pretty face was full of anxiety and excitement. She asked, ” “In this situation, is His Majesty coming back?”

The others also looked at Lord Chi and Elder Brown.

“Yes.”

...

Lord Chi took the lead and nodded.

“If I’m not wrong, it should be.”

Elder Brown continued.

“That’s great.”

“His Majesty has been gone for almost two years.”

“it’s great to be able to come back.”

“.....”

Hong Tianqi, Wu Wuji, and the others all said excitedly.

Buzzzzzz!

The next moment.

The White arched gate lit up, and a figure walked out of the arched gate. The figure gradually solidified, and the gate behind him gradually disappeared.

He took a closer look.

It was Jiang Li.

“.....”

Jiang Li opened his eyes.

“Your subjects pay their respects to Your Majesty!”

Hence.

Lord Chi, Elder Brown, Xu Ya, Lin Tianjian, and the other princes and Marquises all knelt down to Jiang Li in the air after seeing that it was Emperor Xia.

“We welcome your triumphant return, Your Majesty!”

They shouted in unison.

“yes.”

Jiang Li came back to his senses and smiled at the Kings and Marquises kneeling before him. He said slowly, ” “You’re too kind.”

“This is what we should do,”

Lord Chi and the others said loudly.

“All my beloved ministers, rise and return to the palace with me.”

Jiang Li said.

“Yes, Your Majesty,”

Everyone said in unison again.

“Welcome back to the palace, Your Majesty!”

“Welcome back to the palace, Your Majesty!”

“Welcome back to the palace, Your Majesty!”

“.....”

Hence.

All the officials and soldiers of great Xia responded to Hong Tianqi's words and shouted the same thing.

His voice reverberated throughout the entire Azure Dragon continent.

The Imperial Palace of the Grand Xia.

jiang li raised his head and could see the '01 interstellar base' above the floating palace. with the resources jiang li had now, it was enough to upgrade the base to level nine.

He had only been away for five years.

The 'great Xia Dynasty' didn't change much. With Xu Ya and the others around, the people of the great Xia Dynasty lived and worked in peace, and the entire dynasty was thriving.

Time passed.

xu ya and the others reported to jiang li what happened in the great xia dynasty when he was away. what surprised jiang li was that it happened three months ago.

To the East of the Holy peace state, an emissary from the martial spirit Emperor dynasty of the 'Luo Feng state', which was separated from the Holy peace state by the ' Demon Dance sea', had arrived.

However ...

Since Jiang Li wasn't there, the emissaries from the martial soul Empire left after less than half a month.

"Spirit Emperor dynasty."

Demon Dance territorial waters. Jiang Li muttered.

In reality.

The 'Sea Dragon region' in the East of the Saint peace state was only a small part of the 'demon dancing region'. The entire demon dancing region was made up of thousands of different-sized 'Sea Dragon regions'.

"What does the spirit Empire want to do by sending an envoy?"

Jiang Li asked.

Your Majesty, the messenger is not willing to tell us his purpose before he sees Your Majesty. We have sent people to beat around the bush, but we can't get him to give in.

"That's why we can't figure out the other party's purpose," Xu Ya replied.

"I know."

Jiang Li didn't pay much attention to it. He waved his hand and said, "I'm going to cultivate in seclusion for a while. Don't disturb me unless it's important. I'll leave the great Xia Dynasty in your hands."

"Yes."

"We will do as you command!"

"....."

The ministers said in unison.

Speaking of this.

Jiang Li had established the great Xia Dynasty and ruled the entire Saint peace state, so all the talents in Saint peace state had been accepted.

Plus ...

The fate of the great Xia Empire continued to grow. Under the nourishment of the fate of the Empire, the Saint peace state would be filled with outstanding people and talents.

At that time.

As time passed ...

After a thousand years, or even ten thousand years.

The great Xia Empire's strength, the number and quality of its Army would increase by multiple times.

The premise was ...

Jiang Li was willing to wait for thousands of years.

“Your Majesty.”

xu ya thought for a while and asked jiang li, ” “There’s already a batch of matured spirit herbs and various medicinal herbs that have been mined. Many of the spirit veins have also been mined several times.”

“Should all these resources be transported into the imperial capital?”

“Your Majesty!”

Hong Tianqi gritted his teeth and said to Jiang Lijin, ” “I know the importance of these resources to Your Majesty, but the number of resources required is simply too much as the Army is being built.”

if we transport all the spiritual herbs and spiritual crystals into the imperial capital, I’m afraid we can’t maintain the normal operation of the Army.

“And ...”

it’s also difficult to regulate the prices of the spirit herbs and medicinal herbs among the people.

“The lack of spirit crystals will also make cultivation even more difficult.”

“Your Majesty, please reconsider.”

“.....”

In the surroundings.

Wu Zong, pang kui and the other marquises were silent.

One had to know.

they were the first group of people to follow jiang li. they had witnessed jiang li’s growth from nothing to being the leader of a third-rate gang.

And now.

He was already the Emperor of the Supreme imperial court.

On the way to growth.

All the herbs and spiritual crystals would be taken away by Jiang Li and then disappeared.

Of course.

They weren't fools and were very clear about this.

There must be a reason for the disappearance of spiritual crystals and spiritual herbs.

This was probably related to the biggest secret behind His Majesty's strong rise.

so,

They didn't even dare to talk about it in private. They only dared to think about it in their hearts, afraid that Jiang Li would find out and kill their entire family.

After all ...

they had seen Jiang Li's cruelty with their own eyes.

now.

" what? " Hong Tianqi dared to take the risk and directly admonish Jiang Li. although he was thinking about the prosperity of the Great Xia Dynasty and the strength of the Great Xia Army, he didn't dare to do so.

But the danger was like dancing on a tightrope.

a little carelessness.

He would fall to his death and be beyond redemption.

“Yes.”

I can't. Jiang Li thought, the spirit herbs and herbs can only provide me with so few origin points. Even if I collect all of them, it's just a drop in the ocean for me.

” spiritual crystals can provide a lot of origin points. ”

“And ...”

in the future, when we conquer the world and plunder resources from other worlds, the great Xia Army will be of great use. We can't do everything ourselves.

“We do need to train a powerful human army.”

” there are also living beings and races from other worlds who can form different armies, allowing the forces and forces under them to grow stronger and stronger. ”

“not bad.”

jiang li looked up at hong tianqi and said, ” “It does make some sense.”

“Alright,”

roar!

a dragon's roar came from jiang li's body.

Immediately after.

Jiang Li waved his right hand and used the ‘Green Dragon imperial decree’ to form an imperial decree in front of him.

“pass down my decree, pardon the entire world.”

I'll buy all of them! Jiang Li shouted, "from today on, you can buy and sell spiritual herbs and other cultivation materials freely. You don't have to sell them all to the 'medicine Pavilion'.

the people of the world are free to choose whether to plant medicinal herbs and spirit medicines. They are no longer forced to do so.

the Empire will only take half of all the spiritual crystals mined from the spiritual veins in the world. The other half will be used to help the world. I hope that the people of the world will cultivate and strengthen their country.

the responsibility of the country is not on others, but on the people.

"If the people are wise, the country will be wise; if the people are rich, the country will be rich; if the people are strong, the country will be strong; if the people improve, the country will improve; if the people are powerful, the country will be powerful!"

"As you wish!"

"Your Majesty's wisdom puts your subjects to shame. Your subjects can't even compare to one-ten-millionth of Your Majesty!"

the ministers all kowtowed.

Chapter 739

Jiang Li's order spread across the entire state in a short time. Billions of people cheered and thanked Jiang Li for his 'pardon'. At this moment, Jiang Li was already in the No. 01 interstellar base. He was cultivating in seclusion.

In the base.

Buzzzzzz!

jiang li had another ‘low-quality interspatial ring’ in his hand. the ‘low-quality interspatial ring’ was destroyed last time. this time, it was from elder brown.

He waved his right hand.

Spiritual crystals flew out of the ‘low-grade interspatial ring’ and piled up in the space in front of him. Soon, they had piled up into a mountain.

Obviously.

These ‘crystals’ were mined in the past two years. Jiang Li only took half of them.

Even so ...

It was also an extremely rich resource.

Shua!

” conversion successful. you’ve gained one origin point! ”

A notification appeared.

At the same time.

A huge mountain of spiritual crystals disappeared in front of Jiang Li. It was a mountain of spiritual crystals, but it only got a little origin point.

“continue!”

Buzzzzzz! buzzzzzz!

The light flickered.

A large number of spirit crystals had been converted.

” conversion successful. you’ve gained one origin point! ”

.....

conversion successful. You’ve gained one origin point!

.....

” conversion successful. you’ve gained one origin point! ”

.....

finally.

All the spiritual crystals in the ‘low-quality interspatial ring’ had been transformed.

The interface opened.

origin points: 2400 origin points.

“This bi an ...”

only 400 origin points? ” Jiang Li frowned. I only got 400 origin points. I can’t believe the resources in the Saint peace state are so scarce. ”

“No!”

No. Jiang Li shook his head. although it’s a bit narrow, judging from the situation in the Saint peace state, the resources in the Super Fantasy world are more scarce than I expected.

“Forget it,”

let’s go, ” Jiang Li said in a deep voice. from today on, all the resources in Saint peace state should be used by the people of great Xia Dynasty.

their main goal is to conquer other worlds and plunder their resources.

“Chief sovereign.”

after that.

Jiang Li entered the room in the Dominator’s hub and Hidden Dragon immediately appeared and saluted him. Although the Super god game Legion had changed greatly, the mechanical soldiers and the base remained the same.

It was still the same as before.

However ...

When the will of the universe was still there, it would’ve taken over Jiang Li’s control of the robot soldiers and the base.

But now, it was impossible.

so,

at this time, the mechanical soldiers and legions, as well as the ‘bases’, were jiang li’s property. he was their only master.

“Yes.”

okay. Jiang Li nodded and asked, ” Hidden Dragon, can the ‘space battle station’ be activated? ”

“reporting to the ruler, the ‘universal war’ has already begun.”

Hidden Dragon replied.

“Oh.”

” oh? ” jiang li realized, ” why did you need the ‘origin of the continent’? ”

my Lord, at this time, because of the ‘mainframe’ of the ‘divine machinery Army’, the Lord only had ‘sole authority’, but the ‘mainframe’ had ‘supreme authority’.

the ‘mainframe’ restricted the power of ‘01 interstellar base’, so the ‘space expedition ‘can’t be activated.

...

the ‘mainframe’ has already disappeared, and the ‘mech Army’ has also undergone a complete change. Lord, you are the only utmost being, so there are naturally no ‘restrictions’.

“Yes.”

Jiang Li understood.

In the end.

This was the doing of the ‘will of the great cosmos’.

every time he thought of it.

Jiang Li felt a chill down his spine. If it wasn’t for the things that happened in universe ocean, he would still be in the dark.

“Checking ‘space battle station’ information.”

Jiang Li said.

Shua!

[facility: space battle station]

...

combat unit type: universe star map detection base (unlocked), universe positioning shuttle (locked)

A message appeared.

“Not bad.”

okay. Jiang Li looked at the information and nodded in satisfaction.

Shua!

the ‘soul tinder’ column opened.

There were indeed many level-nine soul Tinders, but because there were less than nine level-eight soul Tinders, even though there was enough energy, it was still impossible to upgrade ‘01 interstellar base to level eight.

“I’ll go into seclusion and break through to the tenth level first.”

Jiang Li made up his mind.

After that.

Jiang Li was cultivating in seclusion in his room.

Buzzzzzz! Buzzzzzz!

He activated his cultivation technique.

roar!

A Dragon's Roar was heard and a green mist filled the air. Jiang Li used the level ten Supreme-grade Green Emperor Art and comprehended the laws.

in reality.

The great Xia Empire had been promoted from the ninth to the eighth level.

To be more precise ...

it had risen from 116700th to 9999th.

He could be considered to have just stepped into the eighth level.

There were a total of five rewards.

The first reward.

The Azure Emperor Art had been upgraded to top grade level ten.

The second reward.

[you've obtained 'spatial secret technique-low-grade artifact refining section'.]

the third reward.

‘Low-grade military formation secret technique’ obtained.

The fourth reward.

[you’ve obtained an ‘inferior-grade National aura secret technique’.]

The fifth reward.

[you have received ‘inferior spacetime crystal manufacturing method’.]

BOOM!

Jiang Li let go of the suppression and the vast energy of the country’s fate descended. It poured into Jiang Li’s body.

In that instant.

Jiang Li’s comprehension ability increased greatly and he entered a mysterious state of enlightenment.

Buzzzzzz! Buzzzzzz!

hence.

All kinds of laws appeared around Jiang Li.

First of all ...

The Emperor Dao laws emerged.

One had to know.

The first law Jiang Li comprehended was the 'Emperor Dao law'. It was also his first time coming into contact with this law, so it could be said that he had the deepest understanding of it.

there were purple-gold nomological patterns.

it was extremely profound.

It contained an endless amount of pressure.

It made people submit.

clang! clang!

Immediately after.

A second law emerged.

This time.

What appeared were 'sword Dao laws'.

Speaking of this.

the reason why jiang li was able to comprehend the 'law of sword dao' was because of the 'demonic sword'. jiang li used the 'demonic sword' and became a grandmaster of sword dao.

It was precisely because of this.

sword Dao. Jiang Li realized some of the mysteries of the 'laws of sword Dao'.

Two types of laws.

now.

what jiang li had to do was to choose one of the laws as the main body, use his will as the pen, and the laws as the ink, and carve the pattern of laws on the 'true spirit'.

As long as he engraved it.

even if he had stepped into the 'early tenth level'.

It was called the early stage of the nomological realm.

“Although the sword Dao is strong, I prefer the Emperor Dao.”

Jiang Li didn't think for long before he made a decision.

“Emperor Dao laws.”

BOOM!

get lost! Jiang Li shouted and used his techniques. The light of the Emperor path law glowed and suppressed the 'sword path law'. He was about to Carve the Mark of the Emperor path law.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Suddenly.

A shocking change occurred.

There were bursts of rich light.

It was like a metallic light.

It also contained a touch of deep blue.

Countless streams of data appeared on Jiang Li's body. The numbers were like mysterious codes, intertwining with each other.

they formed half of a chain.

“this is a kasaya.”

Jiang Li reacted.

In such a situation.

A chain-like stream of data.

it was the phenomenon caused by jiang li's 'dominator mode'.

It possessed great power.

This time.

It actually appeared on its own.

Kachaa! Kachaa!

The most important thing was ...

The chain-like streams of data were intertwining with the purple-gold Emperor path laws. They were like two true dragons, entangling with each other.

It was like a genetic chain.

Entwining and fusing.

Time passed by slowly.

Jiang Li didn't know how much time had passed, but the energy from the National fortune kept pouring in and was integrated into the Emperor Dao laws and the chain-like data stream.

Assist the fusion of the two.

BOOM!

Finally ...

Jiang Li's body trembled. The 'Emperor Dao law' and the 'data stream' merged successfully. They revolved around each other like gene strands.

It formed a strange law that had never been seen before.

He felt it carefully.

However, he could sense the domineering power contained within it.

"Come on."

"break!" jiang li shouted and focused his will. he mobilized the strange laws that were like genetic strands and sent them into his body and dantian.

He began to draw.

What he didn't expect was ...

jiang li didn't feel any barrier or discomfort. he easily carved the pattern.

In the blink of an eye.

Jiang Li finished drawing the pattern of law on the true Spirit's right hand.

At the same time.

Jiang Li's consciousness had reached its limit. He couldn't continue anymore, so he had to stop.

boom! BOOM! BOOM!

His aura trembled.

The art of the Azure Emperor circulated.

Roar! "roar!"

the azure dragon of the xia dynasty soared into the sky and circled above the imperial palace. the dragon's roars reverberated throughout the entire zhenlong continent.

At this moment.

Countless citizens looked up at the sky.

His expression was one of respect and pride.

"I've succeeded!"

“His Majesty has successfully broken through.”

“That’s great!”

“.....”

Around the Imperial Palace.

The princes and Marquises all cheered.

Time passed.

Jiang Li consolidated his cultivation and successfully drew the rune of law. He naturally entered the early stage of level ten and the power of law was integrated into his body.

It had been strengthened in all aspects.

After the breakthrough.

Jiang Li’s every move contained the power of laws.

His strength had increased greatly.

He went into seclusion for three months.

Jiang Li successfully reached the early stage of level ten.

Everything was perfect.

In the afternoon.

Jiang Li came out of seclusion.

Wu Wuji and the others all came to congratulate him.

Three days later.

The immortal Palace.

“Open the ‘plane channel’, connecting to the ‘Tian Yuan world’.”

go! Jiang Li ordered.

“yes.”

Xiaobai responded quickly.

ten seconds later.

Kachaa! Kachaa!

The plane’s channel had opened.

A white arched gate appeared.

“Go on.”

Jiang Li looked at Wu Wuji and Lin Tianjian.

“Yes, sir.”

Wu Wuji and Lin Tianjian looked at each other, bowed to Jiang Li, and walked to the plane channel. It was their first time in an alternate world, so they were both very nervous.

“the tian yuan world and the strange world are two high level worlds that are in the process of merging.”

In reality.

Jiang Li had already told Wu Wuji and the others about the situation yesterday. in the higher worlds, the highest level can reach level eleven.

with your tenth-tier martial arts cultivation, you're equivalent to martial Saints of the heaven origin sector, strange demigods.

“He's already a peak existence.”

your mission is simple. Hide among them and try to ensure the success of the 'fusion'.

“yes, sir.”

Wu Wuji said.

“I promise to complete the task.”

Lin Tianjian said.

“Yes.”

okay. Jiang Li nodded in satisfaction.

Buzzzzzz!

Wu Wuji and Lin Tianjian entered the plane's channel and disappeared. They headed toward the Tian Yuan world, and the plane's channel quickly closed.

little white, continue to open the plane channel and enter the world of the great universe.

” go! ” jiang li ordered.

“Yes.”

Xiaobai replied.

Ten seconds later.

The plane's channel was successfully opened again.

“hu ~~ hu ~ hu ~”

jiang li took a deep breath and stepped in.

Chapter 740 breeding

farewell, Your Majesty!

in the surroundings.

” lord jiang. ” the ministers watched jiang li walk into the plane channel and bowed to him at the same time.

Extremely respectful

Buzzzzzz!

The light flickered.

Jiang Li's figure had disappeared, but the White arched gate didn't close. Instead, the No. 01 interstellar base was approaching.

at the same time.

On the other side.

Within the Tian Yuan world.

Buzzzzzz! Buzzzzzz!

wu wuji and lin tianjian appeared at the same time.

Not long after.

The plane's channel behind them quickly closed.

“let's move,”

Wu Wuji took a deep breath and looked at Lin Tianjian. this is the first mission His Majesty has given us, so we must complete it perfectly.

“You're right.”

Lin Tianjian nodded. the mission this time isn't simple. The 'Tian Yuan world' and the 'strange world' are both high-level worlds, and the strongest combat power has already reached level 11.”

“With our tenth level strength, it's not enough to dominate the world.”

“moreover ...”

“Once the two worlds are successfully merged, they will become ‘superior worlds’. A superior world can produce a super powerhouse of level 12 at most, far beyond our imagination.”

“Yes.”

Wu Wuji muttered to himself, “our mission is to maintain the stability of the two worlds and ensure the success of the ‘fusion’. No matter what, we are both level 10 martial artists. We are martial Saint level experts in the Tian Yuan world. As long as there are no human Immortals, we are basically invincible.

” if we want to maintain stability, we must establish a huge force in this world and regulate the balance between the major forces. at the same time, we must continue to develop and grow in this world to welcome his majesty’s arrival. ”

“We’ll split up.”

Lin Tianjian thought for a while and said, “each of us will establish a force. Then, we will be enemies on the surface, but we will be allies in the dark.

“Cooperate with each other to complete His Majesty’s mission.”

“Alright,” he said.

Wu Wuji nodded, “it’s a pity. If only we could enter the ‘Tian Yuan world’ and the ‘strange world’ separately. That way, we would have a higher chance of success.

“someone’s coming, let’s go.”

Lin Tianjian shouted.

Shua! Shua!

The next moment.

Wu Wuji and Lin Tianjian's figures flickered as they left in two completely opposite directions.

Not long after.

the martial saints guarding the border of the 'fusion area' had arrived, but wu wuji and lin tianjian had already left, so they didn't notice anything.

"It's like this again,"

"It happened once a few months ago."

"It's appeared again this time,"

such a strong spatial fluctuation. It feels like a storm is coming.

"....."

All the martial Saints looked grave.

The scene changed.

The world of the great cosmos.

giant spirit planet.

Kachaa! Kachaa!

Time and space split open, and a huge vortex appeared. It gradually changed its shape, turning into a white arched gate that appeared above the Imperial Palace.

“Who is it?”

“This is a Kasaya.”

“Could it be that His Majesty is coming back?”

“That’s great, Yingluo.”

Buzzzzzz! Buzzzzzz!

Not long after.

...

The current ‘chief’ Toria of the myriad life tribe, the current ‘chief’ Gullit of the giant spirit tribe, Luo Klan, mo Henglong, and the other ministers all arrived.

He looked a little excited.

shua!

His figure appeared.

Jiang Li walked out of the White arched gate and entered Toria’s sight. The arched gate didn’t disappear. Instead, it was expanding.

“Your subjects pay their respects to Your Majesty!”

“We welcome Your Majesty!”

“.....”

The ministers bowed their heads, their tone reverent.

“Yes.”

alright. Jiang Li nodded and waved. move away.

...

“Yes, sir.”

Toria and the others were stunned. They didn’t know why, but they didn’t dare to disobey Jiang Li’s order. They quickly scattered.

Buzzzzzz!

Immediately after.

Base 01 was teleported out of the ‘plane channel’, and there were still trillions of mechanical soldiers in Base 01.

“This bi an ...”

toria and the others looked up at the planet-sized ‘interstellar base’, and shock appeared on their faces.

After that.

the space behind jiang li slowly closed and returned to normal.

“Brother!”

shua! Shua!

suddenly.

Jiang Lijun and Jiang Wenxin flew over, one step behind Toria and the others.

“Yes.”

” okay. ” jiang li nodded.

Logically speaking.

As the ‘Emperor’ of the great Xia Dynasty, Jiang Li had a high status. Even though Jiang Lijun and Jiang Wenxin were Jiang Li’s brother and sister, they shouldn’t call him ‘brother’.

He should be addressing him as ‘Royal brother’.

However ...

Jiang Li didn’t care about these things.

instead, he felt that calling him ‘brother’ sounded more intimate.

In the eyes of outsiders.

jiang li didn’t look majestic enough. he didn’t look like an emperor.

But in reality.

So-called dignity was not something that could be changed or influenced by a mere title. True dignity relied on one’s own strength, the forces one controlled, and the Supreme aura.

“Li ‘er, you’ve returned.”

Immediately after.

Jiang Li’s parents, Jiang beiguo and Zheng qiushui, were also there. They asked with concern, ” are you in any danger? ”

“Yes.”

yes. Jiang Li nodded. I didn’t run into any danger. I solved them easily.

“that’s good.”

Both Zheng qiushui and Jiang beiguo heaved a sigh of relief.

However ...

Jiang Li had encountered unprecedented danger when he left, whether it was the collision of the two wills in universe ocean or the destruction of the six-realm world.

These two situations and crisis.

It was all due to a little carelessness.

Jiang Li had already turned into ashes.

“Let’s return to the palace first.”

Jiang Li said.

“Yes.”

Shua! Shua!

The ministers escorted Jiang Li back to the palace.

One had to know.

The first goal of Jiang Li's return to the 'great universe' was to collect enough 'origin points' and create the 'master of machines' - the God of games.

The second target.

Conquering the surrounding galaxies, occupying more resources, subduing more 'subsidiary races', and continuously increasing the fate of the 'great Xia Dynasty'. From there, he could use the power of the 'feedback of the fate of the country' to increase his cultivation.

Currently.

Jiang Li's cultivation was only at the 'early tenth level'.

next.

Jiang Li needed to copy the 'runes of law' onto the true Spirit's body. When the runes of law copied the entire body of the true spirit, he would be at the perfected stage of level ten.

within the imperial palace.

Toria, how's the mining of the 'energy crystal mine' on Titan star? ”

Jiang Li sat on the highest throne and looked down at the ministers below. Most of the high-level officials were from the myriad life clan, and less than a quarter of them were from the giant spirit clan.

It could be seen from this.

Even though the myriad life tribe's numbers were far less than the giant spirit tribe's, the giant spirit tribe was still firmly suppressed by the myriad life tribe.

"Your Majesty."

"In two years," Toria quickly replied, "we've mined at full capacity, and the three small power crystal mines have been completely mined."

only one-fifth of the medium-sized energy crystal mine has been mined.

"Oh."

I'm sorry. Jiang Li raised his eyebrows and said, "leave one-tenth of the low-grade energy crystals and send the rest over."

"Yes, sir."

toria said.

Half an hour later.

Toria had already ordered his subordinates to transport all the 'low-grade power crystals' from the 'Empire's warehouse' to the palace. The containers used to store the 'low-grade power crystals' had been made using spatial technology.

It was called the space password box.

It was a cube.

It was the color of a crystal clear emerald.

It required a specific password to open.

If it was forcefully opened ...

Unless they had technology that far surpassed the myriad life tribe's, they could forcefully break the code and obtain the items inside the secret space image.

Otherwise ...

Using brute force would only destroy the 'space password box', and at that time, it would create a 'space turbulence', and all the items in the 'space password box' would disappear or be destroyed.

"Very good," he said.

Jiang Li put away the 'space password box'.

"Your Majesty."

toria continued. " as the interior of titan star stabilized, the 'exploration team' of Luo Klan once again explored the outside world a year ago. they used space transmission and accidentally found a 'life-preserving planet' in a 'stellar system' ten light years away. they have already developed a low-level mother planet civilization. "

"Oh."

Oh? " Jiang Li was interested. what else? "

"After a careful investigation, it was discovered that this 'life planet' was actually just another civilization's 'enclosure'. The civilization that kept this' life planet 'was called: The light Civilization."

Toria took a deep breath, and said in a heavy tone, it's just that we've done a series of careful research through some extremely small details.

“I can deduce that.”

there is a 99% chance that the civilization level of the ‘Light Civilization’ has completely surpassed the ‘eternal civilization’ at its peak.

“i’ve surpassed all of you.”

” the ‘civilization of light’ is indeed a good opponent. if we can conquer them, the fate of the ‘great xia dynasty’ will definitely rise rapidly. ”

“your majesty, this kasaya, this kasaya ...”

Toria was shocked, and his heart beat faster. He fell into a panic. Your Majesty, please think twice. With the military strength of ‘Titan star’, it’s impossible for us to fight against the ‘Light Civilization’!

One had to know.

That was a powerful existence whose civilization level had exceeded the ‘eternal civilization’ in its heyday.

“That’s right, Your Majesty!”

“Your Majesty, please reconsider!”

“.....”

The ministers said in unison.

“Don’t worry,”

No. Jiang Li waved his hand. I won’t start a war with the ‘civilization of light’ in the near future.

“That’s good, that’s good.”

Toria heaved a sigh of relief.

Time passed.

After Toria and the others reported to Jiang Li about what had happened in the past two years, Jiang Li left the court meeting. The ministers also left.

In reality.

Whether it was the solar system, the mother star system of the eternal civilization, the Titan star system where Jiang Li was now, or the Galaxy where the civilization of light was.

All of them were within the scope of the Milky Way galaxy.

civilization level.

According to the rules of the Milky Way Alliance.

From low to high.

They were roughly divided into nine levels: first, second, third, fourth, fifth, sixth, seventh, eighth, and ninth.

For example.

The ‘earth civilization’ belonged to the category of a level 1 civilization.

The Titan Warriors civilization was a Level-2 civilization.

The 'eternal civilization' belonged to the category of Level-3 civilizations.

The 'Light Civilization' belonged to the category of level-4 civilizations.

in addition.

Level one, level two, level three.

The top three civilizations.

They were not qualified to join the Galaxy Alliance.

They could be called 'native' civilizations.

The 'Light Civilization' was a 'level-4 civilization', and they had just reached the qualifications to join the 'Milky Way Alliance'. They were also just ordinary members of the 'Milky Way Alliance'.
