Chapter 76 transformation [for the Alliance master's God of calligraphy!]

It had to be said.

The appearance of biochemical mech SH01 shocked everyone present. The power it showed was too strong and made them tremble.

“What was that?”

Han Liqi's pupils constricted and his mouth was wide open. He was shocked. He looked at the burly figure standing in front of Jiang Li and the special weapons in the hands of the bio-mech.

Jiang Li, how dare you kill the constables of the Black Dragon County? ”

Jiang Donglai swallowed his saliva and then shouted, ” “Chief Constable Wang, you can't let him go. This man is too cruel and vicious.”

“Enough, shut up.”

Wang Ling's face darkened as he berated her.

Wang lingze was naturally furious that an early stage second rank subordinate had died for nothing.

“.....”

Jiang Donglai jumped in shock and quickly shut his mouth, not daring to say anything more.

“I'm a little disappointed.”

No. Jiang Li shook his head. He waved his right hand and meches walked out from the corners. Each mech was at the perfected-stage of level one.

Jiang Li. Wang Gang, who was at the perfected stage of level two, walked to Jiang Li's side.

“as the commandery prince of a commandery, i thought he would come in person. in the end, he only played some tricks and framed me? Reversing black and white? To buy people's hearts?”

jiang li sneered. ” what's the use of this? ” It's just a joke.”

Jiang Li, you're just lucky. You're just a new city Lord. You don't deserve the Commandery Prince's attention.

Jiang Donglai shouted in disdain.

“I'm really not interested in playing these little games with you guys. It's a waste of my time.”

kill them all. Jiang Li shrugged, then waved his hand and gave an order. kill them all.

“Impudent!”

BOOM!

Wang Ling's internal strength exploded, and the might of a late stage second rank expert surged out, forming an extremely strong pressure. Sharp metal-attribute internal strength fused into the long saber in his hand.

“Slash!”

Wang Ling swung his saber, and the golden blade light slashed at Jiang Li.

BOOM!

The biochemical mech SH01 fired again. The rocket launcher was fired, and the huge shell head collided with the golden sword light in the air.

The Cannonball exploded, and the deafening sound of the explosion was deafening.

With a loud ‘bang’, the rocket launcher’s shell was split in half by the blade. The power of the golden blade was extremely strong, and it split the shell.

“Pfft!”

The remaining power of the blade landed and left a wound on the chest of biochemical mech SH01, revealing the alloy bone armor and flesh.

* Rub *

the biochemical mech sh01 took two steps back. it was five percent damaged, which was only a light injury.

“he was forced to retreat.”

wang chao couldn’t help but exclaim.

“this is the strength of a martial artist in the late stage of the second rank. his eight extraordinary meridians are almost all opened, and his attribute inner force is extremely strong, almost solid.”

han liqi said in a low voice.

“jiang li, chief constable wang has already made his move. i advise you to give up and stop resisting.”

Jiang Donglai laughed.

I’ll deal with this guy with the strange weapon. You guys go and capture Jiang Li.

Wang Ling turned his head and instructed his two remaining subordinates.

“Yes, chief.”

The two early stage rank two constables quickly nodded.

Shua! Shua!

Soon after.

They looked at each other and used their footwork. They approached Jiang Li as fast as they could and tried to capture him.

Da da da da

Biochemical mech SH01 raised its right and left hands at the same time, and the rocket launcher and the Rotary Gatling gun were aimed at Wang lingze.

he opened fire.

The flames were blazing.

“Thirteen whirlwind blades.”

Wang lingqing’s pupils contracted, and with a loud roar, his internal energy exploded once again as he executed some kind of saber martial arts technique, which formed a field of Saber Light.

The blade light was like a whirlwind, blocking all the attacks.

...

At this moment.

“thump!”

Wang Gang, who was protecting Jiang Li, raised his head and punched out. The air shook violently, creating a strong vibration.

“Pfft!”

blood splattered everywhere.

One punch!

It was just a punch.

One of the early stage level two bailiffs was killed. His head was crushed by a punch, and blood and flesh flew everywhere like blood-colored fireworks.

this attack was so easy.

It was as if he had crushed an ant.

“Little five!”

...

the other bailiff shouted in fear.

Shua!

Wang Gang jumped and disappeared. The next moment, he appeared in front of the last level two bailiff, and his fist landed directly.

The bailiff’s eyes were wide open in fear. He couldn’t Dodge at all and could only watch as death descended on him. His heart was filled with regret.

If they knew Jiang Li was so powerful and had such a powerful subordinate, they wouldn't have come to cause Jiang Li trouble.

Unfortunately ...

It was too late to regret it now.

“Pfft!”

Wang Gang's punch pierced through the bailiff's chest and shattered his heart. The bailiff spat out blood and fell to the ground. He twitched for a while and died.

“BOOM!”

At this moment, Wang Ling closed in on biochemical mech SH01, his eyes flashing with a cold light as he fixed his gaze on it.

“I don't care if you're human or not, or if you're a demon or a ghost, I'll cut you in half with one strike.”

wang ling shouted loudly, and his metal-attributed internal strength gathered and fused into the blade. ” golden light blade technique, die. ”

Shua!

A dazzling golden blade ray descended from the sky and came for the kill.

Kachaa! Kachaa!

the biochemical mech sh01 had run out of ammunition. he threw away the rocket launcher and the rotary gatling cannon from his arms.

Pfff!

After that.

His arms began to change shape. Alloy mechanical bone armor was numbered, and his muscles grew and twisted. His arms turned into a pair of huge flesh Sickles.

it was extremely ferocious.

“.....”

Everyone’s pupils contracted. What is this?!

Clang!

SH01 roared, brandishing its two sabers and slashing down. It collided with Wang lingze’s golden light saber art with a deafening sound.

Pfft! Pfft!

Blood and flesh flew everywhere.

A ‘bang’ was heard.

SH01 was sent flying backward, crashing into the courtyard wall. The scythe-shaped arms were almost cut off, and the damage was up to 30%.

“.....”

Wang Ling steadied himself, his face pale. He had used up a lot of internal energy, and his eyes were grave. It was only then that he realized that all three of his men had been killed.

“jiang li, you’re too weak!”

Looking at the three bodies on the ground, Wang Ling was furious. He raised his head and glared at Jiang Li. you killed them all.

“Don’t worry, you’ll be going down to accompany them soon.”

Jiang Li smiled back.

“Die!”

die! Wang lingze roared and charged at Jiang Li. He swung his long knife at Jiang Li’s neck, trying to cut his head off.

“shake!”

boom!

Wang Gang stood in front of Jiang Li and punched out with both fists, creating a violent vibration. The air trembled and formed waves of ripples, which collided with Wang lingze’s long saber.

“Ah!”

wang ling cried out in alarm as he felt a terrifying power flow through the long saber in his hand, and it was directly sent flying.

The powerful vibration force broke through his internal force defense and injured his internal organs.

“Pfft!”

Wang Ling vomited blood as he stumbled back, clutching his chest.

second-tier Suan ni perfected stage two!!!

wang ling raised his head, his tone extremely aghast.
