Chapter 81 six-digit number

sect master, this is the detailed list of our spirit herb trade this time. Please take a look.

Hu Dong took out the list and handed it to Jiang Li with both hands.

“Okay.”

Jiang Li nodded and took the list.

Jiang Li asked Hua Tian to take all the level one Spirit herbs with him when he went to Pingding city.

Among them.

There were 4310 low-grade Tier 1 spiritual herbs, 2600 medium-grade Tier 1 spiritual herbs, 1250 high-grade Tier 1 spiritual herbs, and 550 top-grade Tier 1 spiritual herbs.

One had to know.

Spirit herbs were expensive, a hundred times more expensive than non-graded herbs.

An inferior-grade first-grade spirit herb was worth ten thousand silver taels.

If he were to sell all 4310 inferior-class first-grade spiritual herbs, he would be able to earn 43.1 million taels of silver.

The price of a medium grade first-grade spiritual herb was doubled. One stalk cost twenty thousand taels of silver. The price of a superior first-grade spirit herb was doubled, and one stalk cost 40000 taels of silver. The price of a first-grade spirit herb doubled once again, reaching 80000 taels of silver per stalk.

In this transaction list.

Hua Tian had sold a total of 2310 lower-grade tier one spiritual herbs, 1400 medium-grade tier one spiritual herbs, 500 upper-grade tier one spiritual herbs, and 200 superior-grade tier one spiritual herbs.

The total amount of money had reached 87.1 million taels of silver.

“Eighty million taels.”

what? ” Jiang Li was shocked too. I’ll buy ordinary herbs with all 87.1 million taels of silver? ”

“Yes, I am.”

yes. Hu Dong nodded. however, those Chambers of Commerce deliberately raised the price of ordinary medicinal herbs and lowered the price of purchasing spirit herbs. Therefore, the final transaction price was only 63 million taels of silver.

moreover, the price of ordinary medicinal herbs has nearly doubled.

“In other words, we spent 63 million taels of silver, but in the end, we only managed to buy 40 million taels of silver worth of ordinary medicinal herbs. We’ve lost quite a bit.”

“in fact, if it wasn’t for general dong lin’s appearance, the price of ordinary medicinal herbs would be even more outrageous,”

“Okay, I got it.”

Jiang Li nodded and put the list away. His eyes glinted and he said in a deep voice, ” the Chamber of Commerce in Pingding city, hehe. It’s not that easy to take advantage of me. When the time comes, I’ll make them spit out everything with interest.

“Hu Dong, first send all these herbs to the large warehouse in the city Lord’s mansion.”

“Yes, city Lord.”

Hu Dong nodded respectfully. city Lord, I have something to say. I feel that the spirit Herb Market in Pingding city is already close to saturation. If we continue to sell our spirit herbs, it will not be good for us.

“You’ll suffer even greater losses.”

“Yes.”

since the spirit Herb Market in Pingding city is close to saturation, we can change our target. We can go to five lakes city, Hope City, and Tianshui city.

“your subordinate understands.”

Hu Dong nodded.

Time passed.

The night passed.

Hu Dong brought back a lot of herbs this time, filling up carts after carts. Jiang Li sent people to carry them, but because there were too many, it took them half a night to finish.

In the morning.

With du Xiaohua’s help, Jiang Li changed his clothes, had breakfast, and left for the large warehouse of the city Lord’s mansion.

“City Lord,”

At the entrance of the warehouse.

there were two members of the Sirius gang who had been sent by hu dong.

“Yes.”

yes. Jiang Li nodded. open up.

“Yes.”

Kachaa!

The members of the Sirius gang took out their keys and opened the door of the warehouse. They pushed the stone door open with force, and a very obvious smell of medicinal herbs drifted out from inside.

“You may leave.”

jiang li waved his hand.

“Yes, sir.”

The two members of the Sirius gang nodded respectfully and left.

“Hu~~Hu~Hu~”

Jiang Li took a deep breath and walked into the large warehouse. It was a little dim inside. There were a few night-luminescent pearls on the ceiling, which gave the warehouse some light.

What greeted his eyes were neatly arranged boxes that had already filled up the entire warehouse. Every box was filled with medicinal herbs.

It could be said that ...

...

Jiang Li spent a lot of money and almost took all the ordinary herbs in Pingding city.

perhaps the chambers of commerce in pingding city still had a lot of common herbs, but they held them in their hands and didn't sell them easily. they planned to raise the price to trick jiang li.

Bang! Bang!

Jiang Li waved his right hand and closed the door behind him.

Shua! Shua!

Outside.

a few meches rushed out and guarded the door, not allowing anyone to come close.

convert them all into energy points.

Jiang Li's eyes lit up. He waved his hand and opened the Dominator panel. He transformed all the herbs in the warehouse.

It was a little eye-catching.

Shua!

...

When the light disappeared, a notification popped up in front of Jiang Li.

all herbs have been successfully converted. You've received a total of 439500 energy points!

The Dominator panel opened, and in the energy point column, the number of energy points rose from 2100 to 441600, reaching six digits.

“Alright!”

I’ve got more than 400000 energy points. I’ll be rich after this round of conversion.

with so many energy points, it’ll be enough to form a mech Army. Green scale city, barren city, we can easily take them down.

Jiang Li was very excited.

At this moment.

Green scale city.

In the main hall of the city Lord’s mansion.

Jiang Li!!!

Qing Wenling clenched his hands into fists. He sat on the city Lord’s throne, and in the hall, several humans knelt. They were naked and trembling with fear on their faces.

He took a closer look.

These humans were the survivors of stone village.

obviously.

Qing Wenling had mobilized a large force to investigate the cause of Qing ya’s death and had successfully captured the survivors of stone village. After interrogation, she found out that the people who had captured Qing ya had used special weapons.

Jiang Li was the only one who had such a weapon.

In other words ...

The murderer was probably Jiang Li.

BOOM!

Qing Wenling raised his hand and a green light gathered to form a palm print. It tore through the air and killed the humans below.

It was as if he had just killed a few ants.

“Drag him away and share the food.”

Qing Wenling waved his hand.

“Yes, city Lord.”

A few monster guards walked in and dragged the corpse out by its ankle, drawing a Scarlet line on the ground.

“Scaled wings.”

Qing Wenling’s voice was low.

“Your subordinate is here.”

Outside the door.

A strange-looking demon with a pair of wings on his back and a face full of green scales walked in and knelt on the ground respectfully.

“Go to ‘long snake City’ and tell red snake that I agree to his request.”

but I want 20000 monster soldiers, ” Qing Wenling said in a deep voice. I want to destroy the entire Yongan city to be buried with Qing ya.

“yes.”

Lin Yi nodded and didn’t say anything else. He turned around and left the hall.

“.....”

Qing Wenling’s eyes were cold and filled with killing intent.

Shua!

After converting all the herbs into energy points, Jiang Li walked out of the large warehouse and went back to his residence. He gathered all the early-stage level-one meches and opened the troop type interface. He was going to make meches and upgrade the meches he had.

“80 early-stage firearm meches, 90 early-stage combat meches, 90 early-stage cold weapon meches, and 50 early-stage biochemical meches have been upgraded.”

Jiang Li used a lot of energy points to upgrade all the meches he had.
