

## Army 821

Chapter 821 The Dao said

The eternal Heaven imperial court paid the price of losing half of their military forces to withdraw from the battlefield and escape back to the Super Fantasy great world through the plane channel.

The green jade civilization was naturally defended by Jiang Li.

after witnessing jiang li's power, the nine supreme rulers of the universe alliance no longer had any grudges in their hearts. they all submitted to jiang li.

Of course.

This was also because of the situation.

Otherwise ...

The nine Supreme rulers of the universe Alliance wouldn't submit to Jiang Li easily. A battle was inevitable.

Next.

retreat. Jiang Li ordered the undying to lead the mechanical fleet and work with the universe Alliance's fleet to repel the six alien races that arrived at the universe Alliance's star field.

At the same time.

Then, he would continue to conquer many civilizations and races.

All the time.

Jiang Li could feel that the vast fate had turned into the fate of the Empire and was all devoured by the Azure Dragon.

The Azure Dragon of great Xia was growing continuously.

Half a month later.

The length of the Azure Dragon's body had exceeded 100 billion, causing the great Xia Empire's ranking on the Azure Dragon Roll to rise to the third tier.

Hence.

the azure dragon list gave jiang li a lot of rewards.

However ...

They were all cultivation methods of various rule secret techniques.

For Jiang Li.

It's not that useful.

In the blink of an eye.

Three months had passed.

Within the area of tens of billions of light years controlled by the universe Alliance, all the three imperial dynasties and the armies of the demon, God, and ghost races had been defeated.

The entire universe Alliance was ruled by Jiang Li.

All civilizations and races had to submit.

All of them had become subsidiary races of the great Xia Empire.

In addition.

Jiang Li had harvested a large number of origin points and he didn't have enough. He didn't have to worry about the lack of origin points anymore.

Of course.

Jiang Li ruled the entire universe alliance. hundreds of millions of civilizations and races in the universe that were tens of billions of lightyears away had surrendered and become their subsidiary races.

It condensed the vast and endless fate of the Empire.

after the azure dragon of the great xia absorbed it ...

His body size grew crazily again.

In the end.

It had reached the level of a trillion.

The great Xia Dynasty's National fate ranking had been raised to the second rank.

In reality.

With Jiang Li's own power and the universe Alliance that he had subdued, the great Xia Dynasty's current national power and combat power were enough to reach the level of a top dynasty.

However ...

The improvement of the Empire's fate could not be achieved overnight.

He could only wait.

After Jiang Li took over the universe Alliance, he stopped expanding. He didn't send any fleets to the star fields of the bugs, star beasts, or aliens.

Instead, they were stationed in the universe Alliance.

In addition.

Jiang Li went into closed-door cultivation again.

This time, he was in seclusion.

Jiang Li wanted to continue studying the mysteries of the mechanical rules and surpass the Lord of limits, but it was difficult. If it was so easy to break through, the Lord of limits wouldn't have been stuck in this realm for so long.

He was helpless.

Jiang Li had to take a step back.

he cultivated all kinds of rules and secret skills from the true dragon list, including karma, fate, and many other rules. without realizing it, jiang li had mastered more and more rules.

Of course.

...

The master of limits could only fuse 99 rules.

In other words ...

No matter how many rules Jiang Li had mastered, he could only merge 99.

However ...

Jiang Li could give up the rules that weren't suitable for fighting and put the rules that were suitable into the 'machine rules'.

This way ...

Jiang Li's combat power could still be improved.

However ...

This wasn't a huge improvement.

Of course.

This was also the reason why the 'Lord of limits' realm was divided into strong and weak.

...

Some 'Masters of limits' had mastered hundreds of rules, and could match 99 rules according to different situations and different positions. After fusion, they could burst out with the strongest power.

Time flew by.

Unknowingly.

Ten years later.

The great Xia Dynasty's National fate ranking rose by another level.

This time.

He had directly reached the first level.

50 years later.

The vast fortune of the Empire gathered.

The Azure Dragon of the great Xia Dynasty had been raised to his limit.

It had reached the level of 99 trillion.

In other words ...

The great Xia Dynasty became a peak-level dynasty.

at the same time.

The true dragon Roll glowed.

The purple-gold light enveloped the entire world of the true dragon Roll, shocking all the Imperial dynasties on the list. More than a hundred thousand emperors from the three races had gathered.

His consciousness entered the illusionary body.

They were witnessing the birth of this moment.

“Oh.”

Ying Zheng's consciousness also came to the world of the true dragon Roll. He sent his illusionary body to the real world and looked at Jiang Li, who was slowly rising from below, with no change in his expression.

the hundredth top imperial dynasty has finally been born.

“Hahahaha!”

“I’ve been waiting for far too long, far too long.”

“It’s actually the human race’s imperial dynasty.”

“.....”

First level.

At the top.

The 99 emperors looked at Jiang Li’s illusionary body that was slowly rising.

They were standing in a circle.

Jiang Li was in the middle.

Buzzzzzz! buzzzzzz!

Jiang Li’s consciousness had already entered the illusionary body in the world of the true dragon List. He was calm and had entered the ranks of the top imperial dynasties.

He was ranked 100th.

Roar! Roar! “Roar!”

At this moment.

The true dragon Roll was celebrating, and the roars of Dragons could be heard.

Immediately after.

the true dragon roll even turned into a five-clawed true dragon and roared at jiang li as if it was spitting out a dragon ball.

a purple-gold ball of light.

In the surroundings.

Countless emperors of the three clans looked on with envy.

Shua!

The Dragon Ball merged into Jiang Li's body.

“This is a Kasaya.”

this is ... Jiang Li was stunned. He felt the vast amount of information and couldn't help but look surprised. it has information on how to surpass the Lord of limits.

the reward had been received.

Jiang Li didn't stay in the world of the true dragon List for long.

With a thought.

His consciousness left the true dragon roll's illusionary body and returned to his body.

The world of the true dragon Roll.

The emperors sighed.

The ninety-nine limit master emperors also left the true dragon Roll.

The noise gradually died down.

At this moment.

In the closed-door cultivation room.

Jiang Li gradually merged the Dragon Ball with his body and received all the information. He stopped his cultivation and opened his eyes.

“I see.”

” the heavenly dao realm, ” jiang li murmured. ” after the nomological law realm is the heavenly dao realm. ”

“The heavenly Dao realm is the same as the nomological realm.”

the realm of laws is divided into the follower realm, the Master of Laws, and the master of limits.

the heavenly Dao realm is divided into the Dao realm, the heavenly Dao realm, and the master of the heavenly Dao.

“there are three ways to step into the ‘heavenly dao realm’.”

the first method is the simplest, and that is to have an existence at the ‘heavenly Dao realm’ condense a ‘seal of heavenly Dao’. By merging and comprehending the seal of heavenly Dao, one can become a Dao realm expert.

even the weakest Dao realm expert would be able to crush the master of limits.

“Of course.”

“This is the lowest level.”

“After breaking through to the ‘Tao state’ using this method, there is no possibility of further improvement.”

but even the weakest level is still at the ‘heavenly Dao realm’, and his combat power has already surpassed that of the master of limits.

” the second method is very difficult. that is to continue to refine the ‘rules’ that you have created, just like how you created the natural order, and turn the ‘rules’ into ‘heavenly dao’. ”

for example, if Jiang Li cultivates the ‘mechanical rules’, he can upgrade the ‘mechanical rules’ and create the ‘mechanical heavenly Dao’.

“as long as i succeed, i’ll definitely be at the heavenly dao realm.”

and there’s still the possibility of further improvement.

the third method is even more difficult. The first step is to rule a great thousand world, then completely subdue the ‘consciousness’ of the great thousand world, and merge the ‘heavenly way’ that you have created with the origin of the great thousand world. As long as you succeed, you will become the ‘master of the heavenly way’.

“.....”

Jiang Li took a deep breath. none of the three methods are simple. Even the first method won’t work just because I want it to.

“Merging and absorbing the ‘seal of heavenly Dao’ is not an easy task.”

“Failure means the destruction of the soul.”

A year later.

Jiang Li came out of seclusion.

I'm here. Qian Long and the others reported the situation to Jiang Li.

First of all ...

'Universe insect race: shapoda na insect race' was annihilated 50 years ago by the demon race's 'destruction demon dynasty', which was ranked at the first level. The universe star field was occupied.

Immediately after.

Forty years ago.

'Universe Star Beast: eternal Star Race' exterminated. The one who exterminated the 'eternal Star Race' was the first-ranked barbarian Empire, 'traceless Empire'. The universe star field was also occupied.

Finally.

Thirty-nine years ago.

'Space alien: predator alien alliance' was destroyed. The one who destroyed the 'predator alien alliance' was the first-tier human empire, the decree Empire.

In the decades that followed.

Everything was peaceful.

There was no war between the four great empires.

They should be recuperating.

In reality.

The reason why it was safe and sound was not as simple as simply recuperating. It was because the great cosmos world contained too many resources.

After occupying the star field.

The three great empires were busy converting resources and had no time to start a war.

In other words.

There were three great empires.

His mouth was full, his bowl was also full, and even his chopsticks were used to pick up the food.

He was too busy.

A few days later.

In Jiang Li's star field, there was a guest that he didn't expect.

The Milky Way.

The solar system region that had disappeared.

Tada tada

It was the sound of footsteps.

It was a white-haired old man in a Daoist robe. He was riding a Green Bull and had a kind expression. As the green Bull walked in the universe space, the sound of footsteps could be heard.

“As expected, we still can’t avoid the fate of destruction.”

The white-haired old man looked at the space in front of him and stroked his long white beard with his right hand.

” dao: spring and autumn of time and space. ”

The next moment.

The white-haired old man’s words contained an indescribable, unfathomable, irresistible, and irrefutable supreme power.

This power was ‘Dao’.

Was it the heavenly Dao? Or had it surpassed the heavenly Dao?

It was impossible to deduce.

He couldn’t even imagine it.

Under the effect of this Dao power.

The entire time and space of the Milky Way fell off from the time and space of the entire great universe.

Chapter 822

In such a situation.

The ‘great universe’ could be compared to a huge cake. The white-haired old man riding the green Bull had cut off a piece of the ‘Milky Way’ with the power of ‘Dao’.

After that.

The time and space of the Milky Way galaxy fell into the hands of the white-haired old man.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

Hence.

The time and space of the ‘Milky Way’ seemed to have become a ‘film’ of a movie. Over the endless years, every picture and every time and space had become a ‘film’ frame by frame.

Whoosh!

The white-haired old man waved his hand.

The time and space painting scroll spread out.

immediately after.

The white-haired old man found the time when Earth and the solar system were destroyed.

“I found it.”

The white-haired old man said.

Kachaa! Kachaa!

He swept his horsetail whisk.

Like a pair of scissors, it cut the time and space where the Earth and the solar system were destroyed from the time and space scroll of the entire Milky Way.

Buzzzzzz!

the horsetail whisk was like light.

The period of time where 'earth was destroyed and the solar system was destroyed' turned into dust.

It was erased just like that.

Buzzzzzz!

The horsetail whisk swept again.

The two ends of spacetime that had been cut off by the white-haired old man were glued back together.

Finally.

The white-haired old man then rejoined the 'Milky Way galaxy's space-time' with the space-time of the entire 'great universe' and fused them back together.

" dao: time and space replay. "

The white-haired old man said.

Hence.

The power of the Dao affected the entire universe.

the world shook.

At this moment.

Time and space were replayed.

it could be seen.

In front of the white-haired old man.

The solar system that had disappeared and the destroyed earth had reappeared.

Such a mighty force.

It was indescribable.

It could be said that ...

Time and space were like toys in the hands of the white-haired old man.

Such a method.

It was to erase the 'time period' of the destruction of 'Earth and the solar system'. This way, in the time and space of the multiverse, the destruction of 'Earth and the solar system' 'would not happen.

Hence.

In addition, there was the 'white-haired old man's' space-time reenactment'.

the earth and the solar system were restored.

On the other side.

Planet great Xia.

huh? ” Jiang Li suddenly felt like an indescribable force was about to land on him.

Buzzzzzz!

Suddenly.

The ‘consciousness source’ of the ‘super god game Legion’ emitted a light and blocked this indescribable power.

Jiang Li’s mind cleared up.

Everything returned to normal.

...

Shua!

[ prompt: the master has just suffered an indescribable power and has been blocked. ]

“This bi an ...”

what’s going on? ” Jiang Li was stunned. Why did he suddenly suffer from an indescribable power? do you know what happened?”

“.....”

However, the Super god game Legion didn’t send any notifications.

shua!

at this moment.

Hidden Dragon appeared in front of Jiang Li.

“Chief sovereign.”

Hidden Dragon saluted.

...

“What is it?”

Jiang Li asked.

Generally speaking.

As long as it wasn't something big, Hidden Dragon wouldn't come to inform Jiang Li.

my Lord, in the Milky Way, we have received an indescribable space-time fluctuation. Its level has already exceeded the scope of our knowledge.

Hidden Dragon said.

“The Milky Way.”

is it related to the ‘indescribable power’ just now? ” Jiang Li asked.

“Immediately show me the image of the Milky Way.”

go! Jiang Li ordered.

“Yes.”

hidden dragon replied.

The surveillance screen of the Milky Way appeared.

After that.

Jiang Li observed carefully.

Suddenly.

Jiang Li's eyes widened in disbelief.

“this suan ni, this suan ni”

Even Jiang Li couldn't help but shout, ” the earth, the earth, and the solar system. This, this, what the hell is going on? ”

how did the destroyed Earth and Solar System recover? ”

how is this possible?!

Shocking!

Jiang Li was indeed shocked.

At this moment.

Zheng qiushui, Jiang beiguo, Jiang Lijun, and Jiang Wenxin came to Jiang Li.

“Brother.”

we're preparing to return to Earth tomorrow, ” Jiang Lijun said. we came to report to you.

“Yes, yes.”

Jiang Wenxin also nodded quickly.

“.....”

Jiang beiguo and Zheng qiushui were all smiles.

This time.

Jiang Li was even more terrified.

He felt a chill run from his feet to his head.

Strange!

it was too strange!

dad, mom, how did you know that Earth and the solar system had been restored? ”

what? ” Jiang Li asked, ” aren’t you surprised at the sudden recovery of Earth and the solar system?  
”

“You little brat.”

“What nonsense are you talking about?” Jiang beiguo asked, annoyed. What did he mean by Earth and the solar system had been restored? From the beginning to the end, there were no problems with Earth and the solar system, okay?”

“My son.”

“Why don’t you rest for a while?” Zheng qiushui said worriedly.

“.....”

jiang li looked at jiang lijun and jiang wenxin's expressions.

This time.

Jiang Li felt like he was in an illusion.

However ...

with jiang li's current realm as a limit master, what kind of existence could make jiang li fall into such a real illusion?

solar system.

The white-haired old man stood in the outer space of earth and looked down at everything that was happening on earth.

The most important thing was ...

The white-haired old man was clearly standing in the outer space of earth, but the detection abilities of Hidden Dragon and the others were unable to discover the existence of the white-haired old man.

“It can actually cancel out my Dao power.”

The white-haired old man had obviously sensed it too, ” and it's fated with me.

Hence.

The white-haired old man rode the green Bull and left.

The next scene.

Planet great Xia.

the imperial palace.

just nine meters away from jiang li.

The white-haired old man appeared, riding on a Green Bull.

There was no fluctuation at all.

It appeared out of thin air.

The most important thing was ...

They were only nine meters apart.

Jiang Li didn't even sense the white-haired elder.

Until ...

Shua!

[ prompt: Lord, there is an indescribable existence nine meters to your left. ]

a notification from the super god game legion appeared.

“!!!”

huh? ” Jiang Li was shocked and immediately turned around.

After that.

Jiang Li saw the white-haired old man riding a Green Bull.

“Jiang Li.”

The white-haired old man smiled.

”

Jiang Li was shocked and didn't know how to address him.

“li er.”

The white-haired old man said.

“What?”

Jiang Li's eyes widened.

daddy, you're Li er's daddy?!

“Really?”

At the same time.

Jiang beiguo, Zheng qiushui, Jiang Lijun, and Jiang Wenxin also widened their eyes and stared at the white-haired elder, ” Zhenzhen, didn't you die more than 2500 years ago? ”

“This Suan ni, this Suan ni”

The crowd was unable to calm down for a long time.

One had to know.

The name of Li Er.

Who didn't know about this?

The founder of Taoism.

the ancestor of daoism.

he was called 'taishang laojun'.

The 'Tao Te Ching' was famous throughout the world.

It could be said that ...

Even if one had never read the 'Tao Te Ching', they would say something like 'the Dao can be followed, but it is not an ordinary Dao', 'the famous mother of all things', and 'the nameless beginning of all things'.

student Jiang Li greets senior. Jiang Li bowed.

thank you, Li Er. Jiang Li reacted and bowed to Li Er without hesitation. If Jiang Li could become his student, it would be a great deal.

It was just as the Super god-like game Legion had said.

An 'indescribable' existence.

"You may leave."

I said.

buzzzzzz!

Jiang Li didn't feel any fluctuation.

after he reacted.

In the surroundings.

Zheng qiushui, Jiang beiguo, Jiang Lijun, Jiang Wenxin, and Qian Long had all disappeared. Jiang Li's heart tightened.

"Don't worry,"

The old man explained, "I just don't want them to hear our conversation. Let them leave first. They'll naturally come back after we're done talking.

"Yes."

yes. Jiang Li bowed. I'll listen to your advice.

"jiang li."

The old man said, "you're not affected by my 'power of Dao'. That means you do have the potential to become the 'Supreme'. I hope you don't bury this potential.

"....."

Jiang Li lowered his head.

to tell the truth.

It was as if Lao Zi's eyes could see through Jiang Li and see through everything, which put a lot of pressure on Jiang Li.

“Yes.”

yes. Jiang Li replied, ” senior, may I ask if you were the one who restored the Earth and the solar system? ”

“Yes.”

The old man nodded. Earth and the solar system are gone just like that. It’s a pity. No matter what, I was born on earth.

“Your memory hasn’t changed, which means you’re not affected by my ‘power of Dao’.”

The old man explained.

“I understand.”

yes, ” Jiang Li said respectfully.

“Take it.”

Jiang Li. he took out an item and gave it to Jiang Li.

“.....”

Jiang Li was stunned. He looked at the thing in his hand. It was a book. The Tao Te Ching replied, ” thank you, senior.

He did not hesitate for too long.

jiang li didn’t even ask.

he reached out and took the tao te ching.

Jiang Li held it in his hand and felt that the Tao Te Ching was just an ordinary book.

“Yes.”

“When you truly step into the heavenly Dao realm, you’ll understand the essence of everything. By then, everything will be clear,” Laozi said, very satisfied.

“Dao can be Dao, extraordinary Dao, fame can be fame, extraordinary fame.”

“First there was the daofather, then there was the Daoist.”

Buzzzzzz!

Laozi’s figure had disappeared without any warning.

“.....”

Jiang Li was confused.

At the beginning.

What Laozi said was from the Tao Te Ching, but the last sentence had nothing to do with the Tao Te Ching.

“First there was the daofather, then there was the Daoist.”

Jiang Li murmured. He couldn’t figure out the meaning of this sentence.

Buzzzzzz! Buzzzzzz!

Suddenly.

Jiang Li noticed that his parents were back.

“Son, we’ll be returning to Earth tomorrow.”

“You don’t have to worry about us, we’ll take care of ourselves,” Zheng Qiu Shui said.

“yes, yes.”

Jiang Wenxin nodded quickly.

“To be honest, I really want to have a grandson.”

Jiang beiguang said.

“Dad, mom, I still have something to do, so I’ll be leaving first.”

I’ll ask Qian Long to arrange for you to go back to Earth, ” Jiang Li said.

Shua!

okay. Jiang Li said and ran away.

Magical base No. 040.

The room in the ruler’s hub.

” dao de sutra. ” jiang li adjusted his state of mind and started to read the dao de sutra that his father gave him.

## Chapter 823 The essence

When he opened the Tao Te Ching, he did not see any strange colorful phenomenon.

It was as if it was really just an ordinary book.

The first sentence that came into Jiang Li's eyes was " It could be famous, but it was not. Jiang Li naturally read it word by word.

In reality.

The first chapter of the Tao Te Ching.

The meaning was to explain to all living beings what 'Dao' was and what 'Dao' was. Only after reading the first chapter and understanding it thoroughly could one continue to understand the following chapters.

If he had to explain ...

That is, the existence of 'Dao' can not be expressed with words. If it can be expressed, then it is not the 'Dao' we speak of.

If the form and concept of 'Dao' could be given a name, it would not be the eternal form and concept of 'Dao'.

.....

Time passed.

jiang li finished reading the entire 'tao te ching'. he seemed to have some insights, but at the same time, he didn't. he was in a daze.

He knew how it was, but he didn't know why it was.

He was confused.

Hence.

Jiang Li could only keep reading.

You'll see the meaning of it after reading it a hundred times.

Unknowingly.

Jiang Li didn't know how many times he had read it.

It seemed like ...

Jiang Li felt that this 'Tao Te Ching' written by Laozi was just making up a non-existent 'Dao' and using the concept of 'Dao' and the meaning of 'Dao' to intimidate the chaotic world at that time. He wanted to know how to rule the world with the concept of 'Dao' and to explain the reason of being a human being with the understanding of 'Dao'.

Was that really the case?

Jiang Li was in a daze.

However ...

After Jiang Li Read it more and more.

His understanding of it had changed.

it was true.

Jiang Li tried to understand it on the surface. The Tao Te Ching did have this meaning, but there was more to it than that. Jiang Li gradually fell into a mysterious state.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

At this moment.

Countless rules appeared around Jiang Li.

The ‘rules’ were like thin lines that surrounded Jiang Li.

The ‘rules’ were like lines, drawing countless abstruse ‘Dao characters’ around Jiang Li. They were like stars, light spots of wisdom, and dancing butterflies.

Jiang Li immediately entered a mysterious state of enlightenment.

This time.

Jiang Li didn’t use the ‘energy from the fate of the Empire’.

in reality.

The Empire’s fate had already grown to its limit and would not continue to increase.

so,

Jiang Li didn’t have the ‘energy from the fate of the Empire’ to rely on.

Not only that.

Jiang Li had entered a real state of enlightenment.

Vaguely.

Jiang Li seemed to see countless 'Dao characters' in the endless world, forming a giant gate in front of him.

There was a saying, "mysterious beyond mysterious, the door of all wonders."

This was the last sentence of the first chapter of the Tao Te Ching.

Jiang Li walked towards the 'gate of all wonders'.

He stepped in.

boom!

It was a completely different world.

The world behind the door.

universe ocean. Jiang Li was standing in a boundless 'universe ocean'. There were countless bubbles of different sizes in universe ocean.

hualalalalalalalala

...

Jiang Li heard the sound of the sea.

Bubbles of various sizes drifted with the waves, causing the 'sea water' to surge and flow.

Sometimes.

When two bubbles collided, they might merge into one and become a brand new world with a higher level. There were also many bubbles that collided and eventually collapsed.

There were countless scenes.

It hit him in the face.

“This bi an ...”

Jiang Li looked on and was silent for a while. Why am I here?”

“No! it’s wrong!”

Jiang Li took a deep breath because he saw something different. He saw that the ‘water’ in the ‘universe ocean’ was drying up.

it seemed like ...

...

Jiang Li saw the future.

The ‘sea water’ of ‘universe ocean’, which was called’ Wu’, would dry up, and all the bubbles would burst. This was a world that had withered endlessly, and it would welcome its final destruction.

no one was spared.

BOOM! BOOM!

The bubble burst.

The world was destroyed.

Swallowing the ‘nothingness’ of the ocean water had created one terrifying ‘bizarreness’ after another. The madness of the world’s destruction had given birth to a realm comparable to that of the follower realm, the master of natural order, and even the master of limits.

Everything. Everything.

Jiang Li felt like he was suffocating in despair.

“Jiang Li.”

Suddenly.

Jiang Li heard ‘daddy’s’ voice and said, ” “Do you feel it now?”

“Senior? Senior!”

Jiang Li was shocked. He didn’t expect to hear his father’s voice. After calming down, he asked, ” what are you trying to say? Even if all of this is true, who knows how many hundreds of millions of years later it will be.”

In fact.

What Jiang Li meant was, what does this have to do with me?

“.....”

My voice no longer came.

Time passed.

Jiang Li was standing in the world behind the door of all wonders.

Gradually.

jiang li didn't know how much time had passed.

However ...

Jiang Li gradually understood.

In the universe.

They formed countless 'world bubbles' that floated in universe ocean. As endless years passed, the worlds were destroyed, which prompted the birth of the 'strange'.

no!

The word 'strange' was not enough to describe it.

However ...

Jiang Li couldn't find a word to describe them.

In reality.

Originally, even if there was a 'strange' birth, it wouldn't be enough to affect universe ocean. However, because the 'Super Fantasy world' was too powerful and kept invading the heavens and realms, universe ocean was too weak.

It caused the collapse of many worlds to accelerate.

Hence.

More and more 'strange' things were born, and finally, they exceeded the tolerance range of universe ocean, and things got out of hand. The current situation could no longer be solved by the 'Super Fantasy world' not invading the 'universe'.

Because ...

The ‘oddities’ that were constantly being born were also constantly destroying the world, giving birth to more and more stronger oddities.

He needed more power to destroy the other party.

Not only could he not stop.

He had to speed up his pace and continuously strengthen himself.

According to this trend ...

Countless creatures and races in the universe would eventually perish, and universe ocean would become a Strange Paradise. Even countless creatures and races in the universe would be enslaved.

In general.

The ‘Super Fantasy world’ had created a race that they couldn’t destroy because of their own mistakes. This race had become stronger and stronger, to the point that the ‘Super Fantasy world’ could not destroy it.

The most important thing was ...

This race could devour the water of universe ocean to strengthen themselves.

One had to know.

While the ‘void’ seawater could erase everything, it was also the source of the ‘world bubble’.

“.....”

Jiang Li fell silent.

In reality.

Although Jiang Li didn't say anything about the 'Super Fantasy world', he felt disgusted.

The fault of the 'Super Fantasy world' required the entire universe ocean, countless worlds, and countless living beings to make up for it.

Furthermore ...

Whether or not he would succeed was still unknown.

The most important thing was ...

even in such a dangerous situation.

However, the six clans of the Super Fantasy world had never lived in peace.

Even ...

The enmity between the six clans could not be resolved.

He even exterminated the mixed-blood alien race.

Jiang Li had experienced this before.

"Senior."

jiang li took a deep breath. "so, is that all you wanted to tell me? So, is this the essence of the world that you want to tell this junior?"

“Hehe.”

Jiang Li couldn't help but smile. I'm really impressed.

At this moment.

I'm back. he appeared in front of Jiang Li again.

“Jiang Li.”

“Have you seen the true nature of this world?”

“I've seen it clearly.”

yes, ” Jiang Li replied.

Yes, it was.

jiang li saw it clearly.

Or rather ...

From the beginning to the end.

Even Jiang Li understood this.

However ...

This time.

Jiang Li was more certain and more certain.

That was, in this world, the ‘strong’ had the final say.

Because ...

When the ‘strong’ made a mistake, they could force countless weak people to help them make up for it. Those weak people didn’t even dare to criticize them, and could only silently accept it.

How pathetic.

“Jiang Li.”

There was no expression on Laozi’s face. He said, ” “do you know that the martial immortal court of the human race wasn’t actually called ‘martial immortal court’ a long time ago?”

“Senior, please enlighten me.”

thank you. Jiang Li bowed.

Chapter 824 Ten thousand years

“The martial arts Celestial Court of the human race has a total of ‘Five Ancestors’,”

Laozi said, ” the history of the martial arts Celestial Court of the human race can be traced back to the birth of the ‘Super Fantasy world’. When the Super Fantasy world was born, it was already a greater world.

Jiang Li lowered his head and listened to Laozi’s story. He was only 2000 years old. How did he know about the birth of the ‘Super Fantasy world’?

Perhaps he had learned about it through some means that he did not understand.

After all ...

time and space are like toys in my hands.

However ...

Jiang Li knew.

He was finally going to get in touch with the real core.

after the Super Fantasy world was born, it was naturally filled with thousands of races. It was far from the current 'world', but in chaos, with countless planes.

“Until hundreds of thousands of years later.”

“The first 'great Dao realm' was born in the human tribe,” Laozi continued.

“His name is Dao ancestor.”

“the daofather created the 'dao'.”

“!!!”

Dao? ” Jiang Li’s pupils constricted. He couldn’t believe what he had just said. the creation Suan ni created Dao?! This bi an, this bi an, how could such a thing happen and exist?”

Horrifying!

This was horrifying!

because ...

Jiang Li couldn't understand.

So the Dao was created?

Didn't it exist from the beginning?

It was unbelievable.

It was simply unbelievable.

It was impossible to understand this realm.

"After that."

Laozi ignored Jiang Li's shock and continued, " Dao ancestor created the Supreme Court to fight against the other races.

" annihilated many races. "

"Furthermore ..."

with supreme power, all the planes of the 'Super Fantasy world' were combined into one, and it became the Super Fantasy world you see now.

beyond this world is the eternal chaos.

"Another few hundred thousand years."

the second great Dao realm existence of the human race has been born.

"Name: Ren zu."

“The human race created the ‘human path’, and it was named: Ren zu ‘Ren Huang’.”

” because of ren zu’s appearance, dao ancestor retired and handed the ‘supreme dao court’ to the human emperor. the human emperor carried out reforms and killed the world. in the end, he actually killed the entire super fantasy world until only the six races were left. ”

the other races don’t even have a place for them to live.

some of them tried to escape to other worlds.

the demon, God, and ghost clans took the opportunity to break away from the ‘Super Fantasy world’. In the chaos, they created the God Realm, the devil realm, and the ghost realm. The immortal court of the six clans was also not in the Super Fantasy world, but in the chaos.

“After that, the ‘Supreme Dao court’ was renamed by Ren zu to ‘human race Dao court’.”

“time flies. another hundred thousand years have passed.”

the third great Dao realm existence of the human race has been born.

“his name is celestial ancestor.”

“He created the ‘immortal path’ and called himself the ‘Sage of the great path’. The celestial ancestor, Hongjun.”

“Because the great ancestor had not appeared for a long time, the world gradually forgot about him. in the immortal court of the human race.

“After that.”

time passed. Hundreds of thousands of years passed in an instant.

“A fourth great Dao realm existence has appeared. Ancestor of technique, the temperament of the technique race is very gentle, but they are also very strict. They re-established the laws of the human race and didn’t change the name of the ‘human race immortal court’ this time.”

” then, hundreds of thousands of years passed.

that was until the fifth great Dao realm appeared.

“His name is martial ancestor.”

the martial ancestor created ‘martial arts’ and taught the world. He made countless humans cultivate martial arts and created the path of ‘National fate’. He worked with the other five clans to create the ‘National fate ranking’ and encouraged the six clans to establish their own dynasties and conquer the world.

“the demon, god, and ghost clans don’t care about the ‘dao of national fate’ and don’t want to establish an empire.”

...

“It formed the scene you saw.”

“In fact,”

when the martial ancestor was doing this, the situation in universe ocean had already reached an irreversible point.

“.....”

Jiang Li finished listening to his father’s story.

The fifth ancestor of the human race.

Jiang Li already had a rough understanding, but he didn't see Lao Zi among the Five Ancestors. This made Jiang Li a little confused. Was Lao Zi not the 'master of the heavenly law' even with his indescribable realm?

Jiang Li, do you understand? ”

The old man suddenly asked.

“understand? What do you understand?”

Jiang Li was stunned.

...

“.....”

I looked at Jiang Li in silence and waited for a long time as if I was waiting for his answer, but Jiang Li didn't know how to answer.

He sighed.

i'll leave.

“.....”

Jiang Li watched silently without saying anything.

However ...

Not long after I left ...

jiang li suddenly quivered.

He came back to his senses.

Jiang Li's forehead was covered in cold sweat.

“Dao!”

Jiang Li felt a chill down his spine.

At this moment.

Jiang Li understood.

‘Dao’!

‘Dao ancestor’ created ‘Dao’.

Then ...

Whether it was the celestial ancestor, the ancestor of technique, the human ancestor, or the martial ancestor, or even the countless living beings and races in the universe.

the immortal dao, human dao, dharma dao, martial dao, eternal dao, and space-time dao that he had created were all in a daze.

everything.

Everything. Everything.

All of them belonged to the Dao.

All of them were gathered within the ‘Dao’.

They returned to the Dao of the Dao ancestor.

This was because Dao ancestor had created the concept of 'Dao'.

Terrifying!

This was too terrifying!

Based on this line of thought.

No matter who it was.

As long as different DAOs were created, they were actually enriching the DAOs created by the 'Dao ancestors'. The DAOs of all living beings were gathered together.

The current 'Dao ancestor'.

What level had he reached?

It was unimaginable.

Jiang Li couldn't imagine it.

He didn't even dare to imagine it.

He couldn't help it.

Dao ancestor? ” Jiang Li remembered what he said-Dao ancestor came first.

“I see.”

I see. Jiang Li was enlightened. I see.

The meaning of this sentence.

at this moment.

He had already made it so clear.

It was literally what it meant.

“Then, Zhenzhen”

Jiang Li took a deep breath and tried to calm himself down. the Dao ancestor has reached an unfathomable level. Can't he solve the strange crisis? ”

“Or is it Yingluo?”

Jiang Li stopped and stopped thinking about it.

Next.

Jiang Li continued to study the Tao Te Ching. At his current level, he was only a limit master. Only by constantly improving himself could he have the ability to control his own fate.

Nothing could make him waver in the slightest.

Time flew by.

cultivation knew no time.

Jiang Li's comprehension had left the shackles of the Tao Te Ching and reached another level. The world of the door of all wonders had countless mysteries.

Endless laws.

It originated from the myriad world and all living beings.

At that moment.

Jiang Li was surrounded by countless rules.

It was extremely profound.

It was already gradually surpassing the level of the Lord of limits.

Ten years, a hundred years, a thousand years of sorrow

Jiang Li was in the world of the gate of all wonders and was in a state of enlightenment. Rule threads surrounded his body, trying to create the mechanical heavenly Dao.

In the outside world.

Jiang Li's seclusion didn't alert anyone.

but ...

Over a thousand years had passed.

The invasion of Super Fantasy worlds into the universe had never stopped. Jiang Li's universe Alliance had encountered powerful enemies many times.

even ...

Nine years ago.

The Army of the 'Cang hen Empire', which ranked 98th, entered the universe Alliance and started a war with Jiang Li's mechanical fleet and the fleet of the universe Alliance.

An undying would make a move, coupled with the eternal spear and eternal sword that could be manufactured continuously, and the fleet of nine Level-8 civilizations of the universe Alliance.

The green scar Empire was forced back.

However ...

The great Xia Dynasty was also exposed to the eyes of many other dynasties, as well as the demon, God, and ghost clans.

It had to be said.

Because of the Undying's presence, many empires didn't dare to offend them.

After all ...

Undying was at the level of a limit master.

The most important thing was ...

Emperor Xia, Jiang Li, was able to subdue a 'master of limits'. It was hard to imagine what level and realm Emperor Xia, Jiang Li, had reached.

It was impossible to guess.

so,

This was why the other empires did not dare to offend them.

The God race.

“Undying!”

The eternal life great master God's face turned cold. this is the power of immortality. Damn Jiang Li, he used the origin of the law of immortality so quickly.

“eternal life.”

At the side.

the origin of the law of eternity has been taken, ” the great master God of creation said. although it's not a big deal, Emperor Xia Jiang Li can actually create a limit master in such a short time.

” although emperor xia, jiang li, has created many limit masters, they are still at the level of limit masters. ”

“This Emperor Xia, Jiang Li, is not simple.”

“I have to find an opportunity to destroy the Grand Xia Empire.”

The great master God of Destruction said in a sinister voice.

“Additional suggestion.”

The other great sovereigns all nodded.

Obviously.

The gods race had already sent all 12 great master gods to the great cosmos world.

in addition.

the devil clan and the ghost clan.

They were also unwilling to fall behind.

They had sent the twelve great demon masters and the twelve great ghost Masters.

At the same time.

the world of the great cosmos.

All the level 9 civilizations in the universe United.

They formed the creation Alliance.

Songstress civilization, universal civilization, transcendent civilization, rule civilization, dimensional civilization, super god civilization, eternal civilization, mantora civilization, Christian civilization, Wufu

there were a total of 12 level-9 civilizations.

It turned out.

In the world of the great cosmos.

The power of a level-9 civilization was not at the heavenly Dao realm. It was only at the level of the master of limits, and it had yet to surpass the natural order.

Ten thousand years passed in the blink of an eye.

The power of the great cosmos had been completely set.

among them.

other than the 100 peak imperial dynasties, all the imperial dynasties of the three clans were forced to retreat.

The creation Alliance occupied one-tenth of the great universe.

The demon race Empire occupied one-tenth of the great cosmos worlds.

The Barbarian Empire occupied one-tenth of the great cosmos worlds.

The Ren zu Empire occupied one-tenth of the great cosmos.

Of course.

The universe Alliance that Jiang Li occupied was in that one-tenth of the universe world.

In addition.

the gods race occupied one-fifth of the total.

the demon race occupied one-fifth of the total.

The ghost clan occupied one in ten thousand.

This was the current situation in the great cosmos.

the war lasted for ten thousand years.

there wasn't much change.

Unless heavenly Dao realm existences were mobilized.

Chapter 825 A breakthrough

jiang li had been cultivating in seclusion for 10000 years. he stayed in the world behind the ‘door of all wonders’ for 10000 years and tried to understand everything.

Time flew by.

countless rule force threads wrapped around jiang li’s body.

at this moment.

Jiang Li didn’t know how many rules he had comprehended, but he felt like everything in the world was so clear to him.

Unknowingly.

He was heading towards a higher level.

BOOM!

Finally ...

The machine rule that Jiang Li had mastered rushed out of the thousands of rule threads like a real Dragon. It glowed and was protected by thousands of rules.

The power of thousands of laws was integrated into the mechanical laws.

Hence.

The rules of machinery had been upgraded to the extreme.

Furthermore ...

He had broken through his limit.

The machinery laws had been upgraded to the 'machinery heavenly Dao'.

The heavenly Dao was invisible.

however, it contained a power that transcended the laws.

At this moment.

Under the illumination of the mechanical heavenly Dao ...

It was as if there was an endless science-fiction civilization world.

In the end.

They were all fused into one.

After that.

Jiang Li combined with the mechanical heavenly Dao.

It was an extreme sublimation.

He went into seclusion for ten thousand years.

With the help of the gate of all wonders, Jiang Li comprehended thousands of rules. With the power of thousands of rules, he forcibly sublimated the machine rule into the machine heavenly Dao.

He had directly stepped into the heavenly Dao realm.

Ten years later.

Jiang Li consolidated his cultivation, completely stabilized the power of the heavenly Dao realm, and completely mastered the mechanical heavenly Dao. He had reached an extreme level.

Kachaa! “Crack!”

Hence.

The world behind the ‘door of all wonders’ started to collapse.

Countless cracks appeared.

boom!

in the end.

The world collapsed.

jiang li left the gate of all wonders.

This time.

Jiang Li didn’t see or hear ‘daddy’ again.

After that.

Jiang Li opened his eyes.

He sensed it with his mind.

“It’s been ten thousand years.”

Jiang Li knew he had been in seclusion for ten thousand years.

buzzzzzz!

His consciousness spread out.

In an instant.

It covered a great cosmos that was ten trillion light years wide.

furthermore ...

He could also sense the twelve great overgods of the Celestials, the twelve great devil Lords of the Infernals, the twelve great ghost Lords of the ghosts, and the Imperial dynasties of the humans, monsters, and barbarians.

And ...

...

It was the 'creation Alliance', an Alliance of Civilizations in the great universe.

He retracted his consciousness.

Jiang Li could sense all the Galaxy groups in the universe Alliance.

Solar system.

On earth.

jiang li had been in seclusion for 10000 years.

In the past ten thousand years.

Too many things had happened.

Because of Jiang Li, the solar system had become the center of the ‘cosmic Alliance’.

The earth had also become the Holy Land of countless civilizations and races.

Countless living beings desired to enter earth.

...

Ten thousand years.

The leaders on earth changed one after another.

The Jiang family.

The Supreme ‘family’ of the universe Alliance.

It was respectfully called the Jiang family’s sovereign family.

Even though ...

Jiang Li didn’t get married.

However, Jiang Lijun had married several wives and concubines. In addition, Jiang beiguo and Zheng qiushui had also recruited many live-in son-in-law for Jiang Wenxin. The Jiang family had long since flourished.

Jiang Li was the ancestor of his ancestors.

Of course.

Given the current resources of the great Xia Empire ...

Jiang Lijun and Jiang Wenxin both had decent cultivation talent, so in 10000 years, they had already reached the perfected level 12 law-level.

He had condensed his undying and imperishable nomological true body.

He cultivated the “Azure King Art” that was derived from the “Azure Emperor Art.” It was later modified to: Azure Dragon art.

As for his mother Zheng qiushui and father Jiang beiguo ...

Their aptitudes were not high.

therefore, he could only inject ‘level 12 gene strengthening liquid’ and condense a ‘body of law’. that would also be considered ‘undying and imperishable’, and he would have the same lifespan as the universe.

In addition.

Jiang Li delegated the authority.

The numerous bases formed an iron bucket-like Universal Alliance. The ‘base hearts’ of the various bases merged and engraved the technology of the particle field.

in the end.

The many hidden dragons fused into one.

It formed the only ‘Hidden Dragon’.

It became the highest level of AI in the universe Alliance.

Control the fleet.

he made and abided by the laws of the great xia empire.

As for undying.

He was already the most powerful war god in the great Xia Empire.

Jiang Li just walked out of the room in the ruler's hub.

Di di di di di

The highest AI, Hidden Dragon, had detected it.

Buzzzzzz!

A real body was formed.

He instantly appeared in front of Jiang Li.

“Congratulations to the hegemon for emerging from seclusion!”

hidden dragon's tone was filled with excitement.

“Yes.”

I see. Jiang Li nodded and looked at Qian Long. long time no see.

“Hegemon Suan ni!”

Hidden Dragon did not know what to say.

In reality.

In the ten thousand years that Jiang Li was in seclusion.

On top of the original foundation, the magical base was combined with the technology of ‘particle civilization’ and ‘particle fusion’, and it had undergone two consecutive upgrades.

First of all ...

Integrate the particles into the magical base, causing the magical base to transform and upgrade.

It had become a level 13 particle base.

It was equivalent to the follower realm.

After that.

He activated the particle fusion technology.

The heart of the base fused.

it gave birth to the current ‘hidden dragon’.

He had already reached the level of a rank 14 Lord of the natural order.

Buzzzzzz!

The undying rushed over.

“Congratulations on emerging from seclusion, hegemon.”

The undying saluted.

“Yes.”

okay. Jiang Li nodded.

master, do you need me to report to you what has happened in the past 10000 years? ”

hidden dragon asked.

“No need,”

Jiang Li waved his hand.

In reality.

Jiang Li had just come out of seclusion and scanned the universe with his consciousness. He had already gotten everything he wanted.

In the next few days.

The news that Jiang Li had come out of seclusion spread throughout the universe Alliance.

in addition.

Jiang Li met his parents, Jiang Lijun, and Jiang Wenxin again. They were no longer as young and hesitant as before.

Between his brows and gaze.

It was filled with confidence and dignity.

seeing such a scene.

Jiang Li was pleased.

At night.

on earth.

The Jiang family's ancestral grounds.

The floating city.

in the main hall.

Jiang Li sat in the master's seat.

In the surroundings.

Jiang beiguo, Zheng qiushui, Jiang Lijun, Jiang Wenxin, as well as all the men and women of the Jiang family, were all gathered in the hall.

In reality.

In the 10000 years that Jiang Li had been in seclusion, no one had ever sat on the master's seat. It had been waiting for Jiang Li.

“.....”

The Jiang family's older brothers around them carefully sized up the figure on the main seat. Their eyes were filled with reverence and deep curiosity. They couldn't help but size him up.

However ...

Jiang Li was surrounded by mist. He couldn't see anything because he wasn't strong enough.

One had to know.

Before Jiang Li went into seclusion, his parents had probably just returned to earth. Jiang Li had never appeared before the Jiang family was established.

The Jiang family only knew about Jiang Li from different rumors and 'history books'.

However ...

they all knew.

Jiang Li was their ancestor.

the great xia dynasty was founded by ancestor jiang li, and the universe alliance had to obey his orders.

they wouldn't be able to finish telling jiang li's story even if they spent ten days and ten nights.

It could be said that ...

All the generations of the Jiang family.

they could only admire jiang li.

Because ...

without jiang li, the jiang family wouldn't be as glorious as they were now.

"Quickly pay your respects to the ancestor!"

At this moment.

Jiang Lijun snorted coldly, his face full of dignity.

After all ...

jiang lijun was jiang li's peer, and he was an ancestor in the jiang family.

“All the generations of the Jiang family pay their respects to the patriarch.”

Without any hesitation.

There were fifty-three generations of the Jiang clan, from big to small, because only the main branch could enter the ancestral hall, no branch.

There was more.

Those below eighteen are not allowed to enter the ancestral hall.

so,

There were about five to ten people in each generation.

Fifty-third generation.

Apart from Jiang beiguo, Zheng qiushui, Jiang Li, Jiang Lijun, and Jiang Wenxin, there were a total of 424 of them. The youngest one was around 18 years old.

“Yes.”

jiang li looked at the juniors of the jiang family who were kneeling in front of him and sighed in his heart. he only went into seclusion once, but he's already an ancestor-level figure after coming out.

One had to know.

Jiang Li hadn't gotten married yet.

Speaking of this.

Jiang Li had never met a woman who could move his heart.

Suddenly.

A woman's figure flashed through Jiang Li's mind.

It was the 'token of the White ancestor' that he gave Jiang Li. Bai Zifeng's peerless beauty.

"Hehe, Yingluo."

Jiang Li chuckled, shook his head, and stopped thinking about it.

The clan meeting continued.

Jiang Li didn't say much from the beginning to the end.

Finally.

The clan meeting ended.

From the beginning to the end.

Jiang Li didn't say more than three sentences.

Half a month later.

Planet great Xia.

In the main hall of the Imperial Palace.

let's go. Jiang Li gathered the Supreme leaders of the nine Level-8 civilizations in the universe Alliance, as well as the leaders of many civilizations and races.

they were all gathered together.

“Your subjects pay their respects to Your Majesty!”

Within the palace.

The ministers all kowtowed.

“yes.”

” great. ” jiang li nodded with satisfaction. ” the universe has been peaceful for so many years. it's time to make some noise. the universe should be completely unified. ”

“.....”

Instantly.

All the living beings in the hall were shocked.

“Your Majesty, what are you doing?”

Ya Ge couldn't help but exclaim, ” are you going to start a war? ”

“.....”

Jiang Li. many leaders of civilizations, leaders of civilized races, and important officials of the great Xia Dynasty all looked at Jiang Li.

“Yes.”

” yes. ” jiang li nodded.

” the first step is to send out emissaries to all the human imperial dynasties. first, we’ll unify the human imperial dynasties. then, we’ll wage war against the monster race, barbarian race, demon race, celestial race, ghost race, and the creation alliance. ”

“This bi an ...”

“But Your Majesty, this bi an, this bi an ...”

“Your Majesty, please reconsider.”

“How can we fight against the entire world with the power of a single empire? We’ll lose without a doubt!”

“your majesty!”

“.....”

Hence.

The officials kowtowed and pleaded.

“this emperor’s mind is set.”

kill! Jiang Li said coldly, ” those who disobey will die!

“.....”

the ministers were horrified and didn't dare to persuade him anymore.

The most important thing was ...

Jiang Li's mechanical fleet took up 80% of the total military force of the entire great Xia Dynasty. The nine rulers of the Level-8 civilizations, the leaders of the civilized races, and the ministers of great Xia had no power to resist at all.

He could only follow Jiang Li's order.

Otherwise ...

There was only death.

The next day.

The great Xia Dynasty sent a total of 32 emissaries to 32 human dynasties. With a thought, Jiang Li attached a 'heavenly Dao clone' to each of the emissaries.

## Chapter 826 Launch

After the 32 emissaries revealed their identities, the 32 human empires didn't make things difficult for them. After all, the great Xia Empire had displayed great strength in the past 10000 years, which was enough to convince all the major empires.

in addition.

When Jiang Li sent messengers to the 32 human empires, 'traitors' who colluded with the monsters, barbarians, demons, gods, and ghosts sent the news.

Not only that.

Some other civilizations and races also sent the news to the creation Alliance.

Unfortunately ...

Jiang Li was already at the heavenly Dao realm. His consciousness could cover the entire universe. The news was blocked before it could get out.

After that.

All the traitors were captured.

A public execution.

This time.

Jiang Li executed three thousand civilizations, five level-4 civilizations, three Level-5 civilizations, two Level-6 civilizations, and one Level-7.

It shocked the entire universe Alliance.

At the beginning, the 32 human empires naturally didn't agree with Jiang Li's proposal. They wouldn't join forces easily, let alone agree to respect Jiang Li as the leader of the Alliance.

Jiang Li had guessed it.

Hence.

He directly activated the 'heavenly Dao clone'.

This time.

what? ” the 32 human emperors were all shocked. They never expected Jiang Li to reach the heavenly Dao realm in 10000 years.

It was simply unbelievable.

Under the pressure of Jiang Li’s absolute power.

The 32 human emperors all agreed to Jiang Li’s suggestion.

Hence.

The human empires had joined forces.

Three days later.

On planet great Xia.

Buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

Spatial fluctuations emerged.

Immediately after.

A total of 32 human monarchs had arrived on planet great Xia.

One had to know.

They were all human emperors from top imperial dynasties, and every one of them was at the level of limit Masters.

Their strength was on the same level.

Although there would be a difference, it would not be too big.

The more familiar ones.

Jiang Li knew Ying Zheng, the Jade Emperor, and the others.

There were even more people who didn't recognize him.

The Alliance meeting was held.

The 32 human emperors introduced themselves first so that Jiang Li could get to know them. Then, they started to discuss the next battle.

Time passed.

Seven days later.

The Alliance meeting ended.

The battle plan was set.

In reality.

During the meeting, the human emperors made different plans. In the end, Jiang Li decided to carry out Ying Zheng's war plan.

First of all ...

Although Jiang Li was already in the heavenly Dao realm, if he didn't send the Celestials, demons, ghosts, monsters, and barbarians, would they send heavenly Dao realm experts?

There was more.

The civilizations in the universe might also be hiding their strength.

so,

he was being cautious.

the first step.

With Jiang Li's cultivation at the heavenly Dao realm, it was enough for him to attack the armies and the star systems where the races were stationed without anyone knowing.

...

It caused constant conflicts.

The second step.

when the conflict reached its peak, they would gather one-third of their forces and launch a surprise attack on the creation alliance. then, they would send a small army disguised as various races to attack.

The ultimate goal.

It was to let all the races fall into a complete war.

The third step.

it was also the final step.

They would gather all their forces to destroy the creation Alliance, seize most of the resources in the great universe, and drive the other five races out of the great universe.

The war plan was over.

“Yes.”

don't worry, human emperors, ” Jiang Li said. as long as we win, I won't mistreat you. I'll definitely compensate you with a lot of resources.

...

Emperor Xia, don't worry. After the war is over, I will definitely not fight with you for a great cosmos world. As long as I receive sufficient compensation, I will withdraw immediately.

The human Emperor and lightning Emperor said.

“That's right,”

“Please rest assured, Emperor Xia.”

“.....”

The other human emperors all agreed.

as for whether or not they had their own plans, jiang li naturally knew and had already made the corresponding countermeasures in his mind.

the human emperors left.

They began to follow the plan.

“xia emperor.”

Ying Zheng did not leave.

“Yes.”

jiang li stood up, nodded and said, ” “emperor shi.”

“Congratulations,”

ying zheng cupped his hands and said, ” you stepped into the realm of heavenly dao one step ahead of me. ”

“I was lucky.”

thank you for your help, ” Jiang Li said. otherwise, I wouldn’t have been able to reach the heavenly Dao realm so easily.

“Senior.”

ying zheng’s pupils contracted slightly. he took a deep breath and said, ” “I didn’t expect it to be senior Laozi. Perhaps, it was senior Laozi’s doing that I came to the ‘Super Fantasy world’ after my death.”

“it’s a pity,”

“It’s been a long time since I’ve seen you, senior father.”

“.....”

Jiang Li was stunned.

immediately.

Oh? ” Jiang Li understood.

Obviously.

According to history.

Laozi, Li Er, was a man who came before Ying Zheng. After he wrote the ‘Tao Te Ching’, he must have reached an unfathomable realm.

Hence.

It transcended time and space.

After Ying Zheng’s death, he was directly led to the Super Fantasy great world.

“it’s just that he’s angry.”

Jiang Li muttered.

Jiang Li thought about a lot of things.

Am I a ‘Dao ancestor’?

One had to know.

In the history of Earth.

Before the Tao Te Ching came out, there was no such thing as ‘Dao’.

Or ...

Laozi, Li Er, understood the ‘Dao’ of the ‘Taoist ancestor’. After he wrote the ‘Tao Te Ching’, he had stepped into an unfathomable level, seeing through the ‘nature of the world’, and brought Ying Zheng ‘into a Super Fantasy world.

As for later on, his father, Lee er, had never looked for Ying Zheng again.

Perhaps it's because I, Lee er, am disappointed in Ying Zheng? 'Ying Zheng failed to meet my expectations?

"no." jiang li shook his head.

He stopped thinking about it.

after all ...

These were just Jiang Li's guesses. He didn't know if they were true.

Half an hour later.

after that, ying zheng left.

It crossed the universe space.

The next day.

Jiang Li started to move.

With Jiang Li's cultivation at the heavenly Dao realm, he created thousands of heavenly Dao clones. First, they disguised themselves as ghosts and attacked the monsters. Then, they disguised themselves as monsters and attacked the ghosts.

of course.

This was not the end.

It was just the beginning.

the heavenly dao clone transformed into a demon to attack the celestials, then transformed into a celestials to attack the demons, then transformed into a barbarian to attack the ghosts, and the ghosts attacked the barbarian suan ni.

For the sake of the truth, and for the sake of the human race not being suspected.

jiang li also attacked the human race.

at that moment.

The five clans were in complete chaos.

Suspicious continued to arise.

It had been a month.

The five clans had fallen into a state of mutual hostility. They only needed a little spark to set the whole clan on fire.

Jiang Li and the other human emperors were conspiring.

The time had come.

“Do it.”

let's go. Jiang Li's eyes were cold as he gave an order. He gathered the mechanical fleet and civilization Army and teleported to the star field of the creation Alliance.

Buzzzzzz! Buzzzzzz! Wuwuwuwu!

At this moment.

The armies of the various human imperial dynasties gathered and attacked the ‘creation Alliance’ from all directions.

“Kill!”

“attack!”

“Destroy them!”

“.....”

The princes and generals of the various empires roared.

The war had broken out.

The ‘creation Alliance’ reacted immediately.

In an extremely short period of time.

they gathered countless fleets and charged into the battlefield.

“rumble!”

Countless explosions were heard.

The space crumbled, and time and space were in chaos.

At this moment.

As the war broke out in the human race’s imperial court, the five alien races no longer had any reservations. They were now taking revenge.

The war between the five clans had also broken out.

At this moment.

Within the great cosmos.

They had completely fallen into the chaos of war.

Countless galaxies were destroyed and space was shattered. The storm of war swept through almost the entire universe. No one knew how many living beings had died and how many races had been exterminated.

It was too tragic.

Compared to the war in the universe.

The creatures that died in Jiang Li's battle in the 'Saint peace state' were nothing.

It could be said that ...

The number of dead creatures could no longer be expressed in numbers.

It was as if they could hear the wails that resounded through the universe.

"Attack!"

" go! " jiang li ordered.

BOOM! BOOM! boom!

Countless eternal Spears and swords crossed hundreds of millions of space distances and fell into the battlefield, causing explosions.

“Kill!”

“Army formation! Up!”

“Charge!”

The armies of the various empires attacked.

Even though ...

An army formation could only reach level 12.

but ...

This was a top-notch imperial dynasty that had long reached the limits of an imperial dynasty. They had many Marchioness Kings at the follower realm and Grand Princes at the master of the natural order realm.

He led the Army to launch an attack.

A grade-12 battle formation could burst out the power of a grade-13.

All he could see was the battlefield.

“.....”

Jiang Li didn’t enter the battlefield. Neither did the 32 human emperors. Jiang Li’s eyes were calm. He looked at the endless battlefield and waved his right hand. immortal, go.

“Yes.”

The undying replied.

Shua!

He charged into the battlefield.

BOOM! BOOM! BOOM!

After that.

The Lord of limits 'power exploded, forcing the fleet of level-9 civilizations to retreat and destroy a large number of motherships. For a moment, he was almost invincible on the battlefield.

“That’s the ‘undying God of War’ from the great Xia Empire?”

“He’s quite strong.”

although it’s extremely close, it’s already at the level of the master of limits.

“He is indeed powerful.”

“.....”

The human emperors discussed.

Immediately after.

Undyings weren’t strong for long.

A level-9 civilization had sent out a ‘civilization weapon’ that was comparable to the Lord of limits.

It was one of the Level-12 and level-19 civilizations.

Dimensional civilization.

They used the most powerful weapon of civilization.

[ civilization weapon: well of dimensions ]

It could be seen.

It was a huge black object.

it was like a star.

It was shaped like a long, cylindrical 'well', and the 'well' 'was like a black hole that could directly release' dimensional light'.

dimensional light.

This was not a 'two-way foil' that had been weakened countless times. It basically had no weakness at all.

one had to know.

The two-way foil could only be used in three dimensions and spread at sub-light speed.

However, the dimensional light was different.

If it hit.

it could directly form a wireless dimension reduction at an incredible speed.

However ...

The current level of the dimensional civilization could only reach the level of the limit master.

Dimensional laws.

If he could sublimate the dimensional laws to the level of the dimensional heavenly Dao, he would be able to launch dimension-reduction attacks at the heavenly Dao realm.

“Attack!”

Buzzzzzz!

The dimensional well activated.

It directly released an invisible dimensional light and locked onto the undying. With an unimaginable speed, it crossed space and time and charged towards the undying.

## Chapter 827 Obliteration

the fluctuations coming from the dimensional well immediately attracted the attention of the human emperors. their gazes focused and their expressions turned solemn. after all, they had all seen the power of this weapon.

In reality.

Other than the ‘dimensional well’ of the dimensional civilization, they had also seen the ‘civilization weapons’ of the other 11 level-9 civilizations. They were indeed very powerful and had astonishing power.

Back then.

there were a few human emperors whose cultivation had not reached the realm of the ‘lord of limits’ who met with misfortune and were killed by the ‘civilization weapons’ of level-9 civilizations.

As a result, many human empires on the true dragon List disappeared.

of course.

The Imperial dynasties of the demon race and the Barbarian race had also perished.

Other than that.

The demon, God, and ghost clans also had their God followers and even their master gods killed by the ‘civilization weapon’.

this is the dimensional well of the ‘dimensional civilization’.

One of the human emperors said, ” I’ve fought with them before. This civilization weapon is indeed powerful. It’s also quite strange.

it can carry out ‘dimension-reduction strike’.

“If you can’t resist it, even your own strength will be weakened and confined.”

“.....”

The human emperors discussed.

“Ultimate form.”

Buzzzzzz! buzzzzzz! “Whoosh!!!”

It was a dangerous moment.

The undying used his first skill. The ‘99 types of rule force’ that Jiang Li had integrated into the undying released a powerful force.

At this moment.

The undying energy waves affected the surrounding Starfield.

“Kill!”

The undying howled, ” mechanical Undying Light!

BOOM!

it could be seen.

The undying body turned into a chaotic beam of light, like an ultimate light beam. It pierced through space and time and directly collided with the dimensional light.

Bang Bang Bang Bang!

Countless explosions were heard.

Kachaa! “crack!”

The surrounding space shattered.

The dimension was distorted.

It was even gradually distorted to the point of origin.

BOOM!

There was a loud bang.

The dimensional light was blocked, and the undying was also sent flying. The undying was injured, and his damage level had increased by 10%.

“repair.”

jiang li used some origin points to recover from the immortal’s injury.

However ...

This was just the beginning.

In the surroundings.

Vortexes began to appear in the air.

The dimensional civilization did not just create a ‘dimensional well’. In order to deal with the war that could happen at any time, they had exhausted a large amount of resources.

In total, he had created nine dimensional Wells.

All of them appeared.

It locked onto an undying.

Not only that.

The other 11 level 9 civilizations did not wait any longer. They all took out their ‘strongest civilization weapon’, the’ songster tree ‘of the songstress civilization, the’ universe ‘of the space civilization, the’ scepter of law ‘of the universal civilization, and the’ beyond civilization robe’.

“Human emperors, why aren’t you attacking?”

you’re right, ” Jiang Li said coldly.

The human emperors looked at each other.

“Kill!”

The Jade Emperor’s expression hardened. Without any hesitation, he took the lead in attacking.

...

“Do it.”

Ying Zheng followed closely behind.

Immediately after.

The rest of the human emperors did not wait any longer. They all made their moves and charged towards the war like Supreme true dragons.

roar! Roar! “Roar!”

At this moment.

the dragon’s roar resounded throughout the universe battlefield.

a top dynasty.

The National aura true dragons had all reached the level of 99 trillion.

“Kill!”

“The laws of the ultimate sword Dao.”

...

“The law of ultimate destruction.”

“.....”

At this moment.

The 32 ultimate human emperors all unleashed their strongest power and blocked all the ‘civilization weapons’ of the 12 level-9 civilizations.

From the start of the war until now.

jiang li didn’t attack.

Buzzzzzz!

Jiang Li’s consciousness spread across the entire universe.

In other parts of the universe.

Monster race, demon race, God race, barbarian race, and ghost race.

The war between the five races also became more and more intense.

However ...

although the war was intense.

However, the real Lord of limits did not make a move.

Not only that.

The great master God, the great devil Lord, the great ghost Lord, the ultimate demon sovereign of the monster race, and the ultimate barbarian sovereign of the Barbarian race were all focused on Jiang Li's battle.

"Come on."

let's go. Jiang Li was calm. come here and we'll catch them all.

Time passed.

The war continued for nine days and nine nights.

Be it the 'creation Alliance' or the 'human empire Alliance', both sides had suffered great losses in their armies and fleets. The 'creation Alliance' was gradually falling into a disadvantage.

not only that.

the jade emperor and ying zheng had joined hands and destroyed many weapons of the civilization.

"Yes."

okay. Jiang Li nodded in satisfaction.

obviously.

According to this trend ...

it would take three days at most.

The creation Alliance would be destroyed.

on the other side.

The limit Masters of the five clans could not hold back any longer.

Finally ...

Three days later.

Ying Zheng and the others had joined forces to destroy all the weapons of the civilization. Without the power of the weapons, the creation Alliance's defeat was like an avalanche, and it was out of control.

He retreated step by step.

Countless fleets were destroyed.

The Galaxy shattered.

The Galaxy clusters were all destroyed by the terrifying power.

countless people died.

“Now.”

“i can't wait any longer.”

“Attack!”

kill!!!

BOOM! BOOM! boom!

Time and space seemed to be distorted at this moment ...

In that instant.

In all directions.

There were 12 great master gods of the God race, 12 great devil Masters of the devil race, 12 great ghost Masters of the ghost race, 34 limit demon emperors of the monster race, and 33 limit barbarian emperors of the Barbarian race.

It directly tore through space.

It crossed a distance of a few trillion light years.

He directly descended into the battlefield.

“Human.”

BOOM!

The great master God of Gold’s eyes were cold. His killing intent fell on Jiang Li and the other ultimate human emperors.”how dare you!”

“When our five clans were attacked, it was your scheme, right?”

“Ying Zheng!”

A great Demon Lord of the demon race said with a cold tone. She was a sexy and alluring demoness. She was the ‘charm Lord’ of the 12 great demon lords.

“Kekekekekekeke”

It was a sinister smile.

The ghost Qi spread.

a ghastly white skeleton was reflected in his eyes. his entire body was wrapped in extremely dense ghost fog. it was 'white bone ghost lord', one of the 12 great ghost lords.

Barbarian Emperor Chi You and demon Emperor Tian Sheng.

"All of them are here."

The Jade Emperor took a deep breath and looked at the limit Masters of the five races. His gaze was calm as he said, " "Since we're already here, let's decide the winner here."

"Jade Emperor, you're quite confident."

The demon Emperor Tian Sheng's eyes were cold as he glanced at the Jade Emperor, " I just don't know if you are as confident as you said.

"I don't want mo Ji anymore."

Chi You snorted coldly. do it.

BOOM!

As soon as he finished speaking.

Chi You made the first move. With a loud shout, a huge Chiyu axe appeared in his hand. He swept his gaze across the battlefield and fixed his eyes on Ying Zheng.

"die!"

Shua!

Chi You roared and swung his giant axe at Ying Zheng.

“Get lost.”

Bang!

The Mei Lord attacked. The long black whip in her hand was like a Black Dragon as it whipped towards Chi You. Chi You was shocked and quickly dodged the attack.

“Little girl, do you want to die?”

Chi You roared.

Ying Zheng is my prey.

The Mei master said in a cold voice.

“hmph!”

Chi You snorted coldly, grinned and said, ” interesting. I won’t disturb you two anymore. Ying Zheng, I’ll come and take your life next time.

“Hahahahaha!”

He laughed out loud.

“Chi You.”

Ying Zheng’s face darkened.

Chi You had his eyes on the eternal great master God.

“Kill!”

BOOM!

The heaven Saint and the Jade Emperor fought.

Both of them were at the level of the master of limits.

Their strength was also equal.

BOOM! boom! BOOM!

At this moment.

The six clans were in a chaotic battle.

There were 99 limit emperors from the three races, 36 limit Masters from the three races, and a total of 135 supreme beings at the level of limit Masters.

The battle continued.

At this moment.

The great master God of Destruction of the God race stared at Jiang Li.

“Emperor Xia, Jiang Li.”

The great master God of Destruction’s eyes lit up. haha! Your great master God has finally found you!

“Die!”

The great master God of Destruction let out a long howl.

“Holy Light of Destruction.”

Wuwuwuwuwu!

” jiang li! ” the great master god of destruction launched an attack at jiang li with a roar. the power of the ultimate laws of destruction condensed into a destructive divine light and swept at jiang li.

“Mechanical heavenly Dao.”

Jiang Li opened his eyes. He was extremely calm. In his eyes, the great master God of Destruction’s destructive divine light was just a beam of light with a slight temperature.

The power of the heavenly Dao surrounded his body.

After that.

Jiang Li just slowly reached out his right hand.

he opened his palm.

Bang!

The Light of Destruction fell on Jiang Li’s right palm, but nothing happened. It was as if the light of a flashlight had shone on his hand.

Jiang Li blocked the great master God of Destruction’s destructive divine light.

“you, you, you, you, you, you, you ...”

heavenly Dao realm?! the great master God of Destruction quickly stopped and looked at Jiang Li in shock. heavenly Dao realm?! You’re at the heavenly Dao realm?!!

“Ah!”

The great master God of Destruction shrieked in fear.

quickly run!!!

the great destruction master god roared out, ” the xia emperor has already broken through to the heavenly dao realm! he’s at the heavenly dao realm! he’s an existence at the heavenly dao realm! Hurry up! Quickly run!”

“What?”

“This Suan ni, this Suan ni”

“.....”

At this moment.

The ninety-nine limit emperors and thirty-five limit Masters of the three races stopped almost instinctively and looked at the great master God of Destruction.

“Die,” he said.

Jiang Li reached out his right hand to the great master God of Destruction.

“Mechanical heavenly Dao.”

Buzzzzzz!

Jiang Li reached out his hand and the light of the heavenly Dao surrounded him, freezing the great master God of Destruction’s body. The great master God of Destruction was terrified.

BOOM! BOOM! BOOM!

the laws of ultimate destruction kept exploding.

“Spare me! Spare me!”

The great master God of Destruction shrieked and begged for mercy.

however ...

Jiang Li remained unmoved.

In the surroundings.

A total of 134 limit Masters shivered and looked on in shock. In their eyes, the great master God of Destruction, who had already reached the limit master realm, was like a child in Jiang Li's hands.

He had no power to resist.

Jiang Li's heavenly Dao handprint fell.

It covered the great master God of Destruction.

Immediately after.

jiang li clenched his fist.

The heavenly Dao handprint caught the great master God of Destruction.

Pfft!

There was a slight sound.

Jiang Li opened his palm and the heavenly Dao handprint disappeared.

one hundred and thirty-four limit masters had seen with their own eyes how the great master god of destruction had been reduced to ashes right before their very eyes. he had been completely erased.

Chapter 828 victory

Buzzzzzz!

Immediately after.

The great master God of Destruction's 'origin of the laws of destruction' was formed and fell into Jiang Li's hands. Then, it was captured by the Super god game Legion.

Shua!

[ captured a law of destruction origin! ]

a notification appeared.

Silence.

There was complete silence.

At this very moment.

In the entire great cosmos.

Originally.

The space war that had spread throughout the entire universe had stopped spontaneously at this moment. The war had almost stopped.

there was no sound.

The one hundred and thirty-four limit Masters couldn't help but look terrified. In front of Jiang Li, they once again realized the meaning of 'insignificance'.

The great master God of Destruction.

As the master of limits ...

He had reached the limits of the laws.

He had also comprehended a lot of rule force.

At this moment.

However, it was as fragile as a bubble. Jiang Li only squeezed it slightly and it was completely wiped out.

It was too terrifying.

"Xia Yingluo, Xia Emperor Yingluo"

The Jade Emperor was also extremely shocked.

"How is it?"

Jiang Li put his hands behind his back and looked at the Masters of limits around him calmly. None of the Masters of limits from the six families dared to look at Jiang Li.

They all lowered their heads.

It was laughable.

It was simply too laughable.

Who would have thought?

Emperor Xia, Jiang Li, had broken through to the heavenly Dao realm without him knowing. Even the great Lord of Destruction was like an ant in Jiang Li's hands.

the impact was too great.

And they ...

but he didn't know anything.

They were still trying their best to fight for the great cosmos.

he thought about it carefully.

With Jiang Li, who's at the heavenly Dao realm, here, they can't do anything. what could he use to compete with jiang li?

no wonder. No wonder the human race is so confident. They probably already knew that Emperor Xia Jiang Li has reached the heavenly Dao realm. That's why they're so fearless.

Demon Emperor Tian Sheng clenched his fist. no wonder the human race dared to provoke the relationship between the five races and pretended to be another race to attack the five races.

“.....”

the various masters of limits were helpless.

“everyone,”

from today on, the multiverse is under my control and belongs to the great Xia Dynasty, ” Jiang Li said calmly. do you have any objections? ”

“No objections,”

the jade emperor shouted.

“We will all support Emperor Xia.”

The human emperors said.

At the beginning.

The human emperors had other thoughts, but after seeing Jiang Li’s terrifying strength and how he killed the great master God of Destruction, they didn’t dare to object anymore.

All of them agreed.

“Congratulations to the Xia Emperor for becoming the Holy master!”

Immediately after.

Chi You said with a flattering expression.

we will leave the great cosmos world immediately. We will never compete with the great Xia Empire again.

...

Tian Sheng quickly added.

“Alright,” he said.

The great master God of gold took a deep breath. Although he was angry, he didn’t dare to express it. He bowed to Jiang Li and said, ” the God race will leave immediately.

“Our demon race will also withdraw.”

the mei master said.

“The ghost clan will also withdraw.”

White bone ghost Lord said.

Hence.

from the beginning to the end.

After the universe war began.

Jiang Li only attacked once.

...

With the power of the mechanical heavenly Dao, it had obliterated the great destruction master God, displaying the Supreme power of the heavenly Dao realm and intimidating all the limit Masters.

so,

there was no surprise.

the masters of limits from all races did not dare to fight anymore.

Withdraw from this battle.

Jiang Li won the battle.

This way ...

As long as Jiang Li merged with the universe, he would be able to become the ‘master of the heavenly law’. By then, he would probably be even stronger.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

At this moment.

Vortexes appeared in the surrounding space.

After that.

One by one, he opened up the plane’s entrance and exit.

Immediately after.

Six figures descended.

Every single one of them exuded the aura of the Dao.

This showed.

These six figures were all at the heavenly Dao realm.

Of course.

The heavenly Dao realm was further divided into three realms.

they were the dao realm, the heavenly dao realm, and the master of the heavenly dao.

One had to know.

the mechanical heavenly Dao. Jiang Li had created the mechanical heavenly Dao by himself, so he was at the heavenly Dao realm.

He was at the second stage of the heavenly Dao realm.

“Bai Zifeng,”

hmm? ” Jiang Li looked up and saw a familiar figure. She was so beautiful that words couldn’t describe her face.

“yes.”

yes. Bai Zifeng nodded to Jiang Li with a complicated look in her eyes. She was even shocked. don’t worry. I’m here on behalf of the martial arts Celestial Court.

“We pay our respects to the Overgod.”

At this moment.

the eleven great overgods saluted the young god who had descended. their tone was extremely respectful as they stood behind the young god.

“We pay our respects to the Supreme demonic envoy.”

after that.

The twelve great demon kings also saluted the elder of the demon race. Their tone was also respectful, and they stood behind the elder.

Immediately after.

“We pay our respects to the Supreme ghost envoy.”

the 12 great ghost lords saluted respectfully and stood behind the young ghost.

Similarly.

Both the demons and the barbarians had heavenly Dao realm existences descending.

The one from the monster race was a beautiful woman while the one from the Barbarian race was a middle-aged barbarian with a very burly figure.

“We pay our respects to ‘white emissary’,”

The Jade Emperor said respectfully.

“yes.”

Bai Zifeng nodded slightly.

“The battle for the greater worlds has ended.”

bai zifeng looked at the five envoys and coldly said, ” ” our human race’s imperial court has won the rising of the battle. please leave quickly. ”

“It should be so.”

The elder bowed to Jiang Li and said, ” “The demon race’s thousand Marquis greets the Saint Lord,”

“yes.”

” thank you. ” jiang li returned the salute.

“Haha!”

The ghost youth chuckled. according to the rules, that’s naturally the case. I just didn’t expect that such a figure would appear in the human race. He actually broke through to the heavenly Dao realm.

“I’m impressed,”

” thank you. ” the young man from the ghost clan bowed to jiang li.

“.....”

thank you. Jiang Li returned the greeting.

Immediately after.

congratulations! the monster and barbarian messengers also saluted to Jiang Li.

“Wait a moment.”

At this moment.

The Overgod shouted.

The scene fell silent.

After that.

The master of limits and the emissaries of the various races all looked at the young god.

“Hu ~~ Hu ~ Hu ~”

The young man took a deep breath, looked at Jiang Li, and then at Bai Zifeng. He said in a deep voice,” according to the rules, Emperor Xia, Jiang Li, won the battle for the greater world. We should retreat.

“But,”

Emperor Xia, Jiang Li, killed the great master God of Destruction.

“We can’t just let this matter rest.”

“Oh.”

The five envoys were interested as they sized up the young god.

“Who is this Overgod?”

“I don’t.”

“It should be a newly-promoted Oracle.”

“Then there will be a good show to watch.”

The old demon man and the others looked at each other and communicated with their minds.

“What do you want?”

Bai Zifeng asked coldly.

“Of course it’s compensation,”

first of all, Emperor Xia, Jiang Li, must hand over the origin of the laws of destruction, ” the young man said proudly. not only that, but he must also compensate half of the resources of the great cosmos.

“Other than that, I also need a Kasaya.”

“You’re noisy.”

Jiang Li was impatient.

Buzzzzzz!

His figure moved.

Jiang Li disappeared.

The next moment.

He appeared directly in front of the young Protoss.

“!!!”

this time.

The eleven sovereigns were so frightened that they retreated at high speed.

His face was pale.

however ...

The young celestial was extremely indifferent.

“Emperor Xia, Jiang Li.”

I am the high divine emissary, ” the young god said. I represent the will of the entire God race. Besides, you killed the great destruction master God. Isn’t it only right for you to hand over the origin laws of destruction? ”

“hahahahaha!”

Jiang Li laughed.

“You?”

Buzzzzzz!

Jiang Li raised his hand.

At that moment.

The unparalleled mechanical heavenly Dao was released.

At this moment.

The entire great cosmos was shaking violently.

at this moment.

It was as if there were countless projections of the mechanical civilization.

The endless heavenly Dao.

It suppressed the entire greater world.

It directly enveloped the young god.

“The five elements heavenly Dao!”

boom!

The young god shouted and activated the power of the five elements heavenly Dao. Unfortunately, the young god had only broken through to the Dao realm with the help of the ‘Shen clan’s divine seal’.

so,

The young god could only borrow the power of the five elements heavenly Dao.

But Jiang Li was different.

jiang li created the mechanical heavenly dao himself.

He was at the heavenly Dao realm.

Bang Bang Bang!

An explosion sounded.

The young God’s five elements heavenly Dao was directly suppressed.

After that.

The mechanical heavenly Dao formed a cage, imprisoning the Supreme divine emissary, the ‘young Protoss’.

It was a complete suppression.

” you are just a Dao realm and you dare to be so arrogant in front of me.

you want to die? ” Jiang Li shouted coldly. do you want to die? ”

“You, you, you, you, you, you, you ...”

the young god’s eyes were filled with fear.

“Alright,”

I’ll send you on your way. Jiang Li said.

finished speaking.

Jiang Li closed his right hand.

immediately after.

The heavenly Dao prison that was imprisoning the young god was continuously shrinking and squeezing. This was to crush the young god to death.

“What a good fellow.”

The demon envoy exclaimed.

” this emperor xia, jiang li, is too domineering. no, i should call him saint lord jiang li. he’s going to beat that young god to death. ”

The old demon was shocked.

“how ruthless.”

“he did what he said he would, there was no room for mercy.”

“Hu ~~ Hu ~ Hu ~”

The emissaries were shocked.

“Ah!”

ah! the young celestial screamed.

“.....”

The eleven great sovereigns were all completely terrified.

At this very moment.

They finally realized how terrifying Jiang Li was.

“stop.”

At this moment.

The voice seemed to have come from outside the universe.

“Whoosh!!!”

Immediately after.

The light of the five elements on the young man’s body started to burn. He barely managed to block Jiang Li’s mechanical heavenly Dao and had a chance to breathe.

After that.

The five elements Dao light projected a heaven's path clone.

“We pay our respects to the Overgod of the five elements!”

In the surroundings.

Not only the God race.

Even the emissaries from the demon race, monster race, ghost race, and barbarian race saluted the clone of the heavenly Dao to show their respect.

Saint Lord Jiang Li.

the five-elements overgod's clone of the great path said, ” “Can you give this God some face and let this God's underling, who doesn't know the immensity of heaven and earth, go?”

Chapter 829 fragment

The scene was very quiet.

Jiang Li and the heavenly Dao clone of the Supreme God of five elements looked at each other.

In the surroundings.

Many limit Masters and emissaries from the immortal court were looking at Jiang Li and the five elements Supreme God, waiting for his decision.

No one dared to say anything.

“Save me, save me, master, save me!”

The young celestial was truly in a complete panic at this moment. He had originally thought that he had the five elements Supreme God as his backing and that he was a Dao realm expert.

jiang li didn't dare to be too presumptuous.

now.

Only then did the young Protoss realize.

Jiang Li didn't care at all.

He attacked as he said.

It could be said that ...

If it wasn't for the Supreme God of five elements, the young man would have been turned into ashes.

“The Overgod of the five elements,”

Jiang Li looked at him calmly and said, ” “If you're here in person, I'll have to give you some face.”

“But,”

“Do you think you're qualified to talk about face with me with just your heaven's path clone?”

“Truly laughable.”

As soon as he finished speaking.

Buzzzzzz!

Jiang Li clenched his right hand.

In that instant.

The vast power of the mechanical heavenly path surged, transforming into an unstoppable force that directly broke through the defense of the heavenly path clone of the five elements Overgod.

“No!”

the young celestial screamed in fear.

“You dare!”

The five elements Overgod’s heavenly Dao clone was furious.

However ...

He was only a clone of the heavenly Dao. How could he fight against Jiang Li?

“Ah!”

A blood-curdling screech resounded in the surroundings.

It seemed to ring in the ears of the many limit Masters around him.

Bang!

the young god was turned into ashes by jiang li’s mechanical heavenly dao, leaving only a five-colored light spot that flew toward jiang li.

Jiang Li caught it.

shua!

[ obtained a ‘five-element heavenly Dao fragment’! ]

a notification appeared.

“Oh.”

interesting. Jiang Li’s eyes lit up. that’s not bad. It’s an unexpected gain.

“this bi an ...”

“Just like that, Zhenzhen was killed.”

“He really doesn’t give me any face at all!”

“I’ll kill you if I say so.”

“Show no mercy.”

“.....”

In the surroundings.

The emissaries from the immortal court were shocked and they were more and more in awe of Jiang Li.

Not only that.

The 11 great gods of the God race were so scared that their faces turned pale. They felt their limbs turn cold as if Jiang Li was going to kill them all the next moment.

“Jiang Li.”

The five elements Overgod’s heavenly Dao clone’s expression froze, and killing intent appeared between his brows. quickly exchange the ‘five elements heavenly Dao fragment’ for me.

...

“i don’t know what you’re talking about.”

” no. ” jiang li shook his head.

“You’re so silly!”

The five elements Overgod’s heavenly Dao clone was furious.

but ...

He had no choice but to endure it.

“Let’s go,” he said.

without any hesitation.

The five elements Overgod’s heavenly Dao clone took away all 11 great master gods and retreated from the great cosmos world. His figure disappeared.

” saint lord jiang li, we’ll take our leave. ”

Immediately after.

...

The devil race, ghost race, monster race, and barbarian race also left.

“Yes.”

okay. Jiang Li nodded.

Buzzzzzz! Buzzzzzz!

the fluctuations in spacetime were extremely intense.

They all left.

Hence.

There were only 32 human emperors left in front of Jiang Li.

congratulations, Holy Lord Jiang Li.

the human emperors bowed to jiang li.

“Congratulations,”

Bai Zifeng smiled.

“Many thanks.”

thank you, Bai Zifeng. Jiang Li bowed back.

after that.

The 32 human sovereigns left the universe with their armies. Bai Zifeng stayed and talked to Jiang Li for three days.

Saint Lord Jiang Li.

I really didn't expect that you'd be able to grow to such a level in such a short time, " Bai Zifeng said. if that's the case, then my investment back then was not a loss.

"You're too polite, envoy Bai."

Jiang Li said, " if you didn't give me the 'white ancestor's order', I would've been dead. I wouldn't have achieved what I have today. "

"I'll definitely repay you for your kindness that day."

Bai Zifeng smiled and did not say anything more. She only said, " "In fact, at the beginning, I gave you the White ancestor's order."

that's because they think that with your talent, you can definitely become the human Emperor of a top dynasty.

"When the time comes."

"Then, fuse with the daoseal within the White ancestor's decree,"

"I didn't think that Zhenzhen"

bai zifeng shook her head. " it's time for me to leave. if everything goes well, your next step should be to integrate the great thousand world, the great cosmos world. "

I want to remind you that during the process of merging the great thousand worlds, it will definitely attract the 'strange' Army in universe ocean. You must be prepared.

"Understood."

Jiang Li said.

“yes.”

bai zifeng smiled.

buzzzzzz!

After that.

A vortex appeared in time and space.

In the blink of an eye, a plane channel was formed.

before you merge with them, the martial immortal court of the human race will cut off all the channels connecting the six alien races. By then, the six alien races will no longer be able to enter the great thousand world.

“When the time comes, you’ll have to depend on yourself,” Bai Zifeng continued.

“thank you for the reminder.”

thank you. Jiang Li bowed.

bai zifeng walked into the entrance of the plane channel.

Shua!

There was a flash.

Then, he disappeared.

in reality.

Bai Zifeng told Jiang Li many things.

First of all ...

After Jiang Li successfully merged the multiverse, he would become the ‘master of the heavenly law’. By then, he would be one of the members resisting the’ battlefield of universe ocean’.

On the battlefield of universe ocean.

It was at the edge of universe ocean.

That place.

The ‘Wu’ water of universe ocean had dried up, and countless strange things that had been born from the destruction of the world had gathered together.

It grew by devouring ‘nothingness’ of seawater.

from there, the sea water named ‘you’ was born.

‘Nothingness’ and ‘something’ were opposing each other, destroying each other, intertwining with each other, and colliding with each other.

In reality.

The strangeness of today had formed a race that was completely different from the living beings of the universe.

the universe called them strange.

Strangely, they named themselves the new generation.

The meaning was ...

The rebirth of the world, the rebirth of the infinite worlds, and the rebirth of universe ocean.

They were the new race born in universe ocean. They were the new race that wanted to wipe out all the heavens and realms. They wanted to give the world, all the heavens and realms, and universe ocean a new life.

his ideal was lofty and great.

“The new generation.”

jiang li looked into the distance. his vision seemed to have passed through the barrier of the world and crossed an endless distance. it was as if he was seeing countless ‘new people’.

At this moment.

The war in universe ocean.

In a certain area.

“Bastard!”

BOOM!

An explosion sounded.

The five-colored godly light illuminated the lonely edge of universe ocean.

The divine might of the Overgod of the five elements reverberated.

It attracted the attention of countless living beings, even the new generation.

They all looked over.

“Great Xia’s Jiang Li.”

in the divine palace.

The five elements Overgod’s eyes were cold, and his voice was filled with a cold killing intent. The heavenly Dao divine light around him was so bright that it was impossible to see clearly. how dare you kill my subordinates just like that? ”

“He really doesn’t show any mercy.”

“god, come.”

The Overgod of five elements shouted.

Shua!

A figure appeared out of thin air.

“We pay our respects to you, Overgod.”

The figure knelt on the ground.

“yes.”

The five elements Overgod nodded slightly and ordered, Shen Wu, pass down my secret order. Lure a group of the new generation into universe ocean and head to the great universe world.

attack Jiang Li when he’s merging with the universe world.

“Yes, sir.”

The figure called ‘Shen Wu’ nodded.

buzzzzzz!

His figure disappeared.

I’d like to see how you, who has just broken through to the heavenly Dao realm, will deal with the new generation that came from the war in universe ocean.

The five elements Overgod’s voice was cold.

The scene changed.

The world of the great cosmos.

Time flew by.

Ten years later.

Recuperate.

The universe that had been destroyed by the war had completely recovered under Jiang Li’s continuous development.

not only that.

it was even one level higher.

on earth.

The Jiang family's ancestral grounds.

in the closed-door cultivation room.

jiang li didn't rush to merge with the origin of the greater world of the multiverse. he had already locked onto the will of the great path of the multiverse.

As expected.

Jiang Li only needed to subdue the will of the great path of the universe and merge it with his body. Then he would be able to completely control the great path and become the 'master of the great path'.

Of course.

Jiang Li didn't forget what Bai Zifeng had said.

During the fusion.

There would definitely be 'oddities' coming.

so,

Jiang Li had to be well-prepared.

Furthermore ...

Jiang Li suspected that the five elements Supreme God would also take the opportunity to make trouble. After all, Jiang Li killed the five elements Supreme God's subordinates. He wouldn't let go of such a good opportunity.

Shua!

The Super god game Army's interface opened.

At this moment.

After Jiang Li's cultivation improved, the Super god game Legion had integrated the power of Jiang Li's mechanical heavenly Dao and was upgraded again.

Not only that.

They had even combined the 'fragment of the five elements heavenly Dao' and developed a new type of troop.

heavenly Dao soldier type: mech heavenly Dao soldier (unlocked), five elements heavenly Dao mech soldier (locked)(requires one five elements heavenly Dao fragment)

First of all ...

The mechanical heavenly Dao warrior.

it was based on the 'mechanical heavenly dao' that jiang li mastered, combined with the abilities of the super mechanical army, and a hundred trillion origin points.

the most important thing was ...

The 'mechanical heavenly Dao warrior' that was created could exist forever. It was not a one-time consumable, and it had the combat power of a Dao realm expert.

Of course.

In order to create a permanent 'mech heavenly Dao warrior', Jiang Li needed to form the 'Dao mark of the mech heavenly Dao'.

Otherwise ...

They could only create one-time use mechanical heavenly Dao Warriors.

One had to know.

When he first created the ‘mechanical immortal God’, he only used one trillion origin points.

now.

Creating the mechanical heavenly Dao warrior required a total of a hundred trillion trillion.

Fortunately ...

Jiang Li now had the entire universe in his hands and had a huge amount of resources. In addition, he had the ability of the master of machinery-the God of games.

There were countless players fighting in the universe.

and now.

It had already reached a terrifying scale.

jiang li could get a lot of resources at any time.

“Not bad.”

” very good. ” jiang li was very satisfied. ” unlock the ‘five elements heavenly dao mech warrior’. ”

Chapter 830 The invasion

Buzzzzzz!

He consumed a fragment of the five elements heavenly Dao and integrated it into the Super god-level game Army.

Shua!

[ five elements heavenly Dao Mech Warrior has been successfully unlocked! ]

A notification appeared.

“Alright,” he said.

jiang li was very satisfied.

“A daoseal.”

Buzzzzzz! Buzzzzzz!

immediately after.

Dao seal. Jiang Li started to form Dao seals.

but ...

There was a limit to Daoist seals.

Any heavenly Dao.

He could only form '49' Dao seals.

A month later.

Jiang Li condensed all 49 Dao marks and used 490 trillion origin points to create 49 mechanical heavenly Dao Warriors.

“My Lord!”

Forty-nine mechanical heavenly Dao Warriors showed up and saluted Jiang Li at the same time. There were twenty-five men and twenty-four women, all of whom had the combat power of the Dao realm.

Furthermore ...

he was not afraid of death.

In addition.

the five elements heavenly dao mech warrior.

Since Jiang Li only had one five elements heavenly Dao fragment, he could only create one ‘five elements heavenly Dao Mech Warrior’ that could exist forever.

“Create.”

buzzzzzz!

The manufacturing interface appeared.

a rough-looking young man appeared.

He took a closer look.

This young man’s appearance was 90% similar to the young god.

In the surroundings.

Countless light spots filled in.

It gradually solidified.

A minute later.

[ creation complete! ]

A notification appeared.

Shua!

Jiang Li had an idea.

The five elements heavenly Dao robot warrior appeared.

“Chief sovereign.”

The five elements heavenly Dao robot warrior saluted.

Shua!

Jiang Li started to check the basic information of the mech Warriors of the mechanical heavenly Dao and the five elements heavenly Dao.

heavenly Dao soldier Type: Mechanical heavenly Dao warrior ”

[ level: rank 15-Dao realm ]

[ No.: Jxtdzs01 ]

“Skill: mechanical heavenly Dao”

heavenly Dao seal soldier type: with the ‘heavenly Dao seal’ as the main force, a large number of origin points are consumed, and with the guidance of the ‘mechanical heavenly Dao’, the heavenly Dao seal soldier type is created. It has extremely strong combat power and has the combat power of the Dao realm.

promotion condition: can not be promoted!

.....

heaven’s path soldier type: five elements heaven’s path Mech Warrior

[ level: rank 15-Dao realm ]

[ No.: Wxtdjxzs01 ]

...

“Skill: five elements heavenly Dao”

heavenly Dao seal soldier type: with the ‘heavenly Dao seal’ as the main force, a large number of origin points are consumed, and with the guidance of the ‘mechanical heavenly Dao’, the heavenly Dao seal soldier type is created. It has extremely strong combat power and has the combat power of the Dao realm.

” promotion condition: can not be promoted! ”

.....

The basic information was checked.

“Yes.”

okay. Jiang Li nodded in satisfaction.

it could be said that ...

They were divided according to their ranks and realms.

the ‘follower realm’ that was integrated with the power of the natural order was level thirteen; The ‘master of the natural order’ who created the natural order and integrated the power of other natural orders was at rank 14; those who had fused ninety-nine powers of the natural order and reached the level of ‘lord of limits’ would be at the limit of rank 14.

therefore ...

...

Dao realm was level 15.

The heavenly Dao realm was level 16.

Shua!

[ prompt: a heavenly Dao soldier type that exists will need to consume a ‘Dao seal’ and a ‘heavenly Dao fragment’ to create a one-time heavenly Dao soldier type. It will only require ten trillion origin points. ]

“oh.”

” oh? ” jiang li’s eyes lit up. ” that’s good. ”

Soon after.

Jiang Li came out of seclusion.

He was already prepared. The next step was to subdue the ‘consciousness of the heavenly Dao of the multiverse.’

Shua!

let’s go. Jiang Li rose into the sky and entered the universe.

The next moment.

Jiang Li disappeared into thin air.

he entered the source world of the greater world of the multiverse.

Jiang Li appeared.

He looked around.

In the surroundings.

What Jiang Li saw was a world full of chaotic fog. The fog was actually the Qi of origin of the greater world.

At the center of the source world.

Jiang Li looked over.

It was a gray ball of light.

In reality.

This was the materialization of the consciousness of the great cosmos ‘heavenly Dao.

Shua!

jiang li's figure flashed.

The next moment.

He appeared in front of the consciousness of the great cosmos 'heavenly Dao.

after that.

Jiang Li felt the fluctuation of the consciousness of the heavenly Dao in the multiverse. He was very familiar with it. It wasn't the first time he had seen it.

back then.

Jiang Li almost became a puppet and died in universe ocean.

And now.

The consciousness of the great path of the universe had become Jiang Li's prisoner.

Unknowingly.

Jiang Li had already grown to such an extent.

"Mechanical heavenly Dao."

BOOM!

Without any hesitation.

Jiang Li released the power of the mechanical heavenly Dao. The mechanical heavenly Dao was invisible, but it existed.

bang bang bang bang!

At the same time.

The consciousness of the great Cosmos's heavenly Dao was also resisting.

The power of the great Cosmos's heavenly Dao surged.

It was a surprise.

The heavenly Dao of the multiverse wasn't the mechanical heavenly Dao, but it was very similar to Jiang Li's mechanical heavenly Dao. They had many similarities.

for example.

Eternal life and eternity.

Destruction and annihilation.

Wait, wait, wait.

However ...

The consciousness of the heavenly Dao of the universe still couldn't resist Jiang Li's mechanical heavenly Dao.

BOOM!

There was a loud bang.

The consciousness of the great cosmos 'heavenly Dao exploded.

the gray ball of light shattered into countless spots of light.

“Condense.”

Buzzzzzz!

let's go. Jiang Li used his mechanical heavenly Dao to gather the light spots and merge them into his body like fireflies.

“This is a Kasaya.”

” oh? ” jiang li was stunned for a moment, then he was overjoyed. he immediately sat down and started to comprehend the mysteries contained in the countless light spots.

“This is another heavenly Dao.”

Jiang Li was surprised.

technology!

The name of this heavenly Dao was technology!

“Good, good, good!”

jiang li felt the mystery of science and technology.

It had to be said.

The technology heavenly Dao and the machinery heavenly Dao did have a lot in common, so Jiang Li understood the technology heavenly Dao very quickly.

Furthermore ...

A suction force came from Jiang Li's body. He kept absorbing the Qi of origin around him and merging it into his body, improving himself.

not only that.

Because Jiang Li learned the Science and Technology heavenly Dao very quickly, he absorbed and integrated the origin of the source world very quickly. In the blink of an eye, he was covered in the air of origin.

It formed a huge chaotic egg.

At the same time.

Kachaa! Crack! Crack!

A crack appeared in the boundary wall of the great cosmos.

A destructive scene appeared.

The 'nothingness' of universe ocean poured into the world of the universe, combined with the aura of the destruction of the universe, giving birth to many undying and indestructible 'oddities'.

fortunately ...

Jiang Li was well-prepared.

As long as something strange happened.

Immediately.

A large number of mechanical fleets would cross space and descend, killing all the anomalies that had just been born and stopping the spread of the disaster.

Not only that.

Buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

It could be seen.

All over the great cosmos.

One by one, temporary plane passages appeared.

These temporary plane channels were all created by the master of machinery-the master God of games-after consuming a large number of origin points. They were plane channels that connected various major worlds.

“Hahahahaha!”

“This is the biggest mission in history!”

“Can you imagine? The reward for this mission is the origin source of the world’s laws, and it’s even rewarded with a nomological soldier or even a nomological soldier.”

charge!!!

“Sky Dragon Guild has arrived!”

the invincible Guild has arrived!

“Divine beasts Guild has arrived!”

“.....”

At this moment.

Countless players appeared.

There were players from low-level worlds, medium-level worlds, high-level worlds, Supreme-level worlds, small-sized worlds, medium-sized worlds, and even players from the greater worlds.

It could be said that ...

The players from all over the universe had gathered.

the number was uncountable.

Hence.

Because the world's origin was shaken, the consciousness of the heavenly path collapsed, and the signs of the world's destruction were produced, followed by the strange birth of the world. There was no chance to be arrogant at all.

basically.

They would be killed the moment they showed their faces.

of course.

If that was all, Bai Zifeng wouldn't have warned Jiang Li to be careful of the disaster that would come after he merged with the origin of the greater world.

It could be seen.

the more cracks there were in the regional wall, the more strange it became.

In addition.

As it was a greater world, the 'void' seawater surged in. At the beginning, there was only a small amount of 'void' seawater, so there was no powerful anomaly.

now.

Level 12, level 13, and even level 14 had been born.

This time.

It caused an extremely terrifying disaster.

Furthermore ...

A large number of mechanical fleets had been destroyed, and many low-level players had died as well.

Not only that.

The strangeness of universe ocean was gradually attracted by the fluctuations in the great universe world. It was like a shark that had smelled blood, surging over.

the strange army charged into the world of the great cosmos.

A disaster occurred.

Many star systems were destroyed, and countless races were exterminated.

“ah!”

“Quickly run! Quickly run!”

this is too terrifying. This is truly terrifying!

“What is this? What’s that?”

it’s impossible to win. There’s no way we can win!

“.....”

Countless players were crying out.

It could be seen.

It was a strange being that had reached level 15 and was comparable to the Dao realm. It was like a giant centipede that had been magnified countless times. It traveled through the universe, and the space of the universe was like the earth, where huge wormholes were dug out one after another.

Bang Bang Bang Bang!

Planets, galaxies, and clusters of galaxies.

In the face of such strangeness, they were like toys.

Even Jiang Li’s mechanical fleet, which was made up of level 12 mechanical soldiers, was vulnerable in front of such a level of strangeness.

Its tail swept horizontally.

Who knew how many mechanical warships had been scrapped.

Dao realm! This is the strangeness of the Dao realm!

“This Suan ni, this Suan ni”

how can there be such a level of strangeness?!

“.....”

A few players from the greater and Middle Worlds were filled with shock and fear. They already had the intention to retreat.

However ...

Due to the collapse of the boundary wall and the strange destruction, the planes ‘channels from all over the universe had cut off the escape routes of countless players.

If this continued ...

The entire great universe would be destroyed.

activate the mech heavenly Dao Army.

Hidden Dragon looked at the battle reports from the various battlefields in the universe with a grave expression. He thought of the mission the ruler had given him and took a deep breath before giving the order.

“Mech heavenly Dao Army! Mobilize!”

Buzzzzzz! Buzzzzzz!

Fifty rank-15 heaven’s path soldiers.

Among them.

the 49 mechanical heavenly dao soldiers and the only five elements heavenly dao soldier crossed the universe and headed for the various battlefields.
