

Army 831

Chapter 831 The great army

The 50 rank-15 heaven's path soldiers did not head to the same battlefield. Instead, they arrived at the dozens of battlefields at the same time after analyzing the danger situation of the various battlefields in the universe and the comparison of combat strength.

He would maximize his limited combat power.

At this moment.

The star field battlefield where the rank 15 'strange centipede' was.

“whoosh!!!”

the energy surged and gathered.

The spatial fluctuations were extremely clear.

It was a rank 15 mech heavenly Dao soldier that had crossed through space. He raised his hands, and a huge energy cannon was formed in his hands.

At the same time.

The power of the mechanical heavenly Dao was concentrated in this cannon.

It formed the pattern of heavenly Dao.

BOOM!

The cosmic energy cannon was fired, and the mechanical heavenly Dao soldier's body trembled. It was pushed back a distance of over a thousand light years by the powerful recoil.

It directly pierced through the space.

Immediately after.

The energy beam that contained the power of the mechanical heavenly Dao struck the incomparably huge centipede anomaly. The centipede was caught off guard by the mechanical heavenly Dao warrior's attack and had no time to defend at all.

“pfft!”

Bang Bang Bang Bang!

Countless explosions were heard.

The giant centipede was pierced through, and its blood splattered all over the starry sky.

“This Suan ni, this Suan ni”

“What just happened? A rank 15 world destroying centipede was actually pierced through so easily!”

“si si si ...”

“He's too strong.”

“Hurry up and snatch it!”

” that's a level 15 strange blood. it's priceless. i wonder how many points it can be exchanged for in the game. it's a priceless treasure! ”

charge!!!

“It’ll belong to whoever gets it first!”

“.....”

Countless players shouted.

Under the temptation of the benefits, it disregarded its own life and rushed to the strange centipede’s surroundings, snatching the strange blood, strange flesh, and other materials as fast as it could.

“Roar!”

The next moment.

The centipede let out a strange and angry roar. The power it released shattered the surrounding space and destroyed several galaxies.

The centipede’s strange eyes stared at the mechanical heavenly Dao warrior.

BOOM!

However ...

Before the strange centipede could react, another mechanical heavenly Dao warrior appeared and took the opportunity to attack the strange centipede, cutting the strange centipede’s body in half.

It was an incomparably resplendent and dazzling energy blade that could almost split the universe in half. It contained the mechanical heavenly Dao and shocked countless living beings and players.

too strong. This is too strong.

“When will I be able to have such great power?”

good, good. I knew it. Since it's a mission issued by the game system, it's not a sure death. There must be a chance of survival.

“There are too many powerhouses in this world.”

furthermore, the system of this world is very different from our world.

“.....”

Countless players were discussing.

The appearance of the mechanical heavenly Dao warrior immediately stopped the Army of anomalies from advancing. They worked together to kill several rank-15 anomalies on several battlefields.

The battle results were impressive.

the players were naturally in high spirits.

Jiang Li's mechanical fleet and the other civilizations' armies also pursued.

At that moment.

The situation was gradually reversed.

At this moment.

...

In the source world of the great cosmos.

Buzzzzzz! Wuwuwuwuwu!

Jiang Li was still comprehending the ‘Science and Technology heavenly Dao’ of the multiverse. At the same time, he was also merging with the origin of the multiverse world and becoming the master of the heavenly Dao.

In reality.

To the world of the great cosmos.

Right now, it was a process of destruction before establishment.

First of all ...

Jiang Li was devouring the origin of the greater world. When the greater world was devoured by Jiang Li, the greater world would face destruction.

Just like now.

The world barrier cracked, and ‘void’ seawater gushed in. Strange phenomena appeared, even attracting the strange phenomena wandering in universe ocean and destroying the multiverse world.

Not only that.

...

After Jiang Li devoured all the origin of the world, the boundary wall would be destroyed.

but ...

As long as Jiang Li successfully integrated the origin of the greater world and became the master of the heavenly Dao, he would be able to help the world of the universe integrate technology and machinery.

From there, ‘destruction before establishment’ was achieved.

In fact, he could even go one step further.

Time flew by.

jiang li didn't know how much time had passed. he had absorbed 90% of the origin of the greater world and completely understood the mysteries of the science and technology heavenly dao.

As expected.

master of heavenly law. Jiang Li was sure to become the master of heavenly law.

At this moment.

In the outside world.

within the great cosmos.

This was because the appearance of 49 mech heavenly Dao Warriors and 49 five elements heavenly Dao mech Warriors had completely stopped the strange invasion of universe ocean.

Even though ...

More and more cracks appeared in the world's boundary wall of the multiverse. The 'void' seawater gushed in violently, and countless strange phenomena were born, but they were all destroyed.

“Hu ~~ Hu ~ Hu ~”

“That's great.”

although this mission has a 90% chance of survival, it's not impossible to complete. At this rate, our mission will be completed soon.

hahaha, Yingluo, after completing this mission, I'll receive the mission rewards and all the gains I've gained during the mission. Imagine that as long as I go back and digest them, I'll definitely be able to step into rank-12. It's even possible for me to comprehend the rules and advance to rank-13.

“.....”

the players were overjoyed.

On the other side.

The various civilizations and races in the universe also heaved a sigh of relief.

Universe ocean.

the surroundings of the great cosmos.

Suddenly.

A number of humanoid monsters appeared. They were all wearing the same type of armor, and they were like soldiers. They formed a terrifying Army of monsters.

Furthermore ...

The weakest of the strange soldiers was at level 12.

In addition.

There were also rank-13 elite strange soldiers.

Level 14 strange soldier.

a level 15 bizarre weapon king.

Even ...

There was also a rank 16 general who was comparable to the heavenly Dao realm.

we've lost our way and entered universe ocean. If this goes on, we'll definitely be discovered. When that happens, the master of the heavenly law of the life spirit race will come. I'm afraid we'll all be annihilated.

“Those damned five elements God race!”

“He's really a bastard!”

the strange weapon kings scolded angrily.

“Marshal.”

Shua!

At this moment.

The elite Scout at the front came to report.

“Speak,” he said.

In the middle.

it was a strange general in black armor. his entire body was hidden in the pitch-black armor, and his appearance could not be seen clearly.

but ...

This was a rank 16 general.

It was an existence comparable to the ‘heavenly Dao realm’.

Marshal, we have discovered a greater world.

“The most important thing is that this great thousand world is on the verge of destruction,” the elite Scout said.

“This bi an ...”

“there’s such a good thing!”

“Hahahahaha!”

“That’s great.”

“.....”

Instantly.

The strange weapon Kings laughed.

“Really?”

The strange Marshal asked in a deep voice.

“It’s true.”

The elite Scout said.

“Lord Marshal.”

At this moment.

A rank 15 strangest military counselor standing on the strange Marshal's side said, "be careful of a trap. This could very well be a trap set by the five elements God clan.

"Hmph," he snorted.

"Military counselor, you're too cautious."

"Do you know how much a destroyed greater world is worth to our new generation? If you can absorb all the destructive energy in the great thousand world, you might be able to become the 'new Lord'."

"that's right."

"Moreover, we're already deep in the enemy's territory, and we still haven't found our way back. If this continues, we'll definitely be discovered."

"If that's the case, I might as well take a gamble."

The strange weapon Kings shouted.

"....."

the strange marshal pondered for a long time.

"Alright," he said.

yes! the strange Marshal raised his head and shouted, "order the entire Army to cross universe ocean as fast as possible and head for the great thousand world that is about to be destroyed.

"Yes."

"yes, sir!"

“As the Marshal commands!”

“.....”

The order was given.

This Army of the newborn race was moving at full speed. Like a wave in the universe ocean, they rushed to the great cosmos world at an unimaginable speed.

it could be seen from this.

The ‘new generation’ was still different from the usual ‘strange’.

Generally speaking.

Although the weirdos that were just born were extremely powerful and operated according to a certain pattern, their intelligence was not too mature. The new generation was completely different.

It possessed the same power as the bizarreness, but it also had an extremely normal spiritual intelligence.

so,

It was like a new race.

However ...

This race was in complete opposition to all the living beings in the universe.

so,

War was inevitable.

In that instant.

This new generation Army arrived outside the boundary wall of the great cosmos world.

“Kill!”

The strange Marshal looked down at the world of the great cosmos and waved his hand as he shouted.

“Kill!”

“Kill!”

kill!!!

In that instant.

The Army of the new generation formed a flood that carried ‘non-existent’ waves like the sea of stars as it charged into the great cosmos world through the crack in the regional wall.

“Rumble!”

Countless explosions were heard.

An attack like this had destroyed countless galaxies and living beings.

At the same time.

It also prompted the birth of a large number of strange things.

“Not good!”

“Another strange Army is charging in.”

“Be careful,” he warned.

“I feel that something is very wrong with this strange situation.”

“.....”

Countless players were cautious.

Buzzzzzz!

The ‘void’ sea water dispersed.

The Army of the new generation entered the eyes of countless living beings.

“Kill!”

In that instant.

The new generation Army charged forward and attacked one star system after another. The hidden Dragon consumed a large number of origin points to create batch after batch of level 12 mechanical fleets, as well as a large number of eternal Spears and eternal swords.

Jiang Li’s mechanical fleet immediately attacked.

However ...

This wasn’t an ordinary Army. It was the Army of the new generation that had fought in universe ocean and possessed terrifying combat power.

such an army.

It was far beyond his imagination.

It could be said that ...

He was standing at the top of the pyramid.

Jiang Li's mechanical fleet, the universal Army made up of various civilizations, and the player Army made up of players from all over the universe.

All of them were forced to retreat.

Helplessly.

the hidden dragon could only use up a vast amount of origin points to create one-time-use heaven's path soldier types after another, at the cost of ten trillion origin points per soldier.

This way ...

they had finally stopped the new generation army's attack.

Chapter 832 Illumination

Within universe ocean.

Not far away from the great cosmos.

A figure appeared.

he stood within universe ocean.

His entire body was covered in seawater.

He couldn't see clearly.

He looked closer.

It was the subordinate of the Overgod of the five elements, Shen Wu.

A cold smile appeared on his face when he saw the strange Marshal leading the Army of the new generation into Jiang Li's universe.

"Mission accomplished."

it's time to go back and report. Jiang Li is dead for sure, " Shen Wu murmured confidently.

Buzzzzzz!

As soon as he finished speaking.

Shen Wu left and disappeared into thin air.

within the great cosmos.

There were battlefields of all sizes everywhere in the universe.

However ...

At the center of the universe.

The biggest battlefield was here.

Because ...

The Army of the new generation had descended here.

huh?!

The gaze of the strange Field Marshal turned serious. there are so many Dao realm existences in this greater world. It seems like it's not a small matter.

“You even blocked my Army.”

In such a situation.

The strange Marshal decided to take action personally.

“Kill!”

BOOM!

The strange Marshal charged into the battlefield, unleashing the combat strength of a rank 16 heavenly Dao realm. Countless strange lights shone down, destroying the vast mechanical fleet.

The entire universe.

It was like the earth being corroded by acid.

It was full of holes.

BOOM! BOOM! BOOM!

Countless explosions were heard.

The strange Marshal had single-handedly destroyed countless fleets and armies, as well as a large number of one-time heaven's path soldiers.

jiang li's army suffered heavy losses.

It formed a crushing pressure.

“Ah!”

countless screams rang out.

“Kill!”

At this moment.

The strange Marshal led the new generation Army and destroyed one mechanical fleet, universe Army, and player Army after another.

jiang li's army was forced to retreat.

“We're really done for this time.”

“Where did this Army come from?”

“Are they really strange?”

“.....”

Despair!

An atmosphere of despair spread through the entire Army.

If this continued ...

The great cosmos world would definitely be destroyed by the new generation.

At that time.

Jiang Li would definitely suffer from the backlash of the universe. Not only would he not be able to reach the level of the master of the heavenly law, but his realm would also fall and his life might be in danger.

...

time passed.

All the major galaxies, star groups, and star fields in the universe were gradually occupied by the new generation. Jiang Li's Army kept shrinking the battlefield and the line of defense.

Most of the universe had been submerged by the 'void' of universe ocean.

buzzzzzz! Buzzzzzz! "Whoosh!!!"

"Hahahahaha!"

the strange general laughed. he was constantly devouring the destructive qi that was formed from the ocean water from the destruction of the surrounding great thousand worlds. it was a strange qi.

He was absorbing it madly.

The aura on his body was also getting stronger and stronger.

It was rising towards the level of the 'new master'.

"Congratulations, Marshal!"

Marshal, as long as we destroy this great thousand world, you will definitely become the ‘new master’. By then, you will be able to bring us out of the hinterland of universe ocean.

...

“that’s great!”

Countless anomalies were overjoyed.

“Don’t worry,”

” all of you are my subordinates. I will never abandon you. the strange Marshal said.

“Kill!”

boom! BOOM! BOOM!

The war was getting more and more intense.

Almost 90% of the players who had gathered from all over the world had died, and the ones who had survived were mostly at level 12.

Or even stronger.

Many of Jiang Li’s mechanical fleets were destroyed.

The most important thing was ...

as most of the universe was occupied and eroded by ‘nothingness’, the resources that the hidden dragon could use became less and less. if this continued, he would definitely lose.

The source world.

BOOM!

Finally ...

Jiang Li absorbed and refined the origin of all the worlds and merged them into his body. He successfully broke through to the master of the heavenly Dao and mastered the heavenly Dao of Science and Technology.

In other words ...

Jiang Li had mastered two heavenly Dao.

The machinery heavenly Dao and the technology heavenly Dao.

His strength had greatly increased.

Furthermore ...

after jiang li became the master of the heavenly law, he immediately sensed the world of the universe and sensed that the world was facing a disaster.

There was also the invasion of the new generation Army.

“Overgod of the five elements, is this the gift you are giving me?”

I’ll take it. Jiang Li opened his eyes and his aura became more and more unpredictable. I’ll give you a better gift the next time we meet.

“Gather!”

BOOM!

” shut up! ” jiang li yelled. the technology heavenly dao and the machine heavenly dao merged and created a devouring black hole that appeared inside the source world.

After that.

the ‘non-existent’ seawater that had poured into the world of the multiverse was devoured by this black hole, giving birth to a large amount of the natural source of the greater world.

the origin of the greater world followed the origin world, nourishing and repairing the multiverse world that was riddled with holes.

If ...

Now, he was standing in universe ocean and looking at the world of the great universe.

He would find out.

the great universe, which had been like a broken ceramic, was gradually recovering. the countless cracks were slowly recovering.

Furthermore ...

The entire world of the great universe seemed to have transformed into a Whirlpool-like devouring black hole, constantly devouring and absorbing the water of universe ocean.

it was surging.

Obviously.

Jiang Li successfully broke through and was reborn from the destruction.

Within the great cosmos.

“kill!”

The strange Marshal also sensed the abnormality in the multiverse world. In order to prevent any accidents from happening, he immediately gave up on absorbing the destruction Qi and the strange Qi and personally entered the battlefield.

At this moment.

He exploded with all his strength, wanting to destroy this world as quickly as possible.

“No!”

Countless living beings were in despair.

There was no hope of turning the tables.

At this moment.

It was unknown how many players regretted participating in this mission.

It could be said that ...

Compared to this mission, their previous missions were like child’s play. They were not on the same level at all.

“New generation general, what do you want to do to my world?”

At this moment.

Buzzzzzz!

Suddenly.

A figure appeared with his hands behind his back. He stood in the universe, and countless creatures and races looked up to him.

“Your Majesty! His Majesty has returned!”

ruler!!!

“Hahahahaha!”

“big brother!”

” li ‘er!!! ”

old ancestor!!!

“.....”

Countless shouts and cheers rang out.

BOOM!

There was a loud bang.

The wave formed by the strange Marshal’s strange power hit Jiang Li and formed an invisible shield of heavenly Dao in front of him.

He took a closer look.

this was the shield of heavenly dao that was formed by the machinery heavenly dao and the technology heavenly dao.

It completely blocked the strange Marshal’s power.

“You!”

The strange Field Marshal’s pupils contracted in shock. He quickly retreated and put some distance between them. Tian Gang, the master of the heavenly law, Lao Ai. This Lao Ai, this Lao Ai.

Aghast!

Incomparable horror!

It could be said that ...

The strange Field Marshal had never expected a master of the heavenly law to appear.

Fear!

Incomparable fear!

One had to know.

The master of the heavenly law was an existence at the same realm as the new master.

In reality.

Jiang Li didn’t experience the real difference between the master of the heavenly law and the heavenly Dao realm until he became the master of the heavenly law.

it could be said that ...

if it was the true body of the supreme god of five elements, jiang li would’ve lost without a doubt and run away.

Unfortunately ...

According to the rules set by the six clans 'immortal court.

The Overgod of the five elements was not allowed to interfere in the fight for the great thousand world.

He could only send a heaven's path clone.

The most important thing was ...

After breaking through to the master of the heavenly law realm.

He would be able to merge with the heavenly Dao.

the limit of the master of the heavenly law.

Three thousand heavenly Dao.

Currently.

jiang li had only integrated the technology heavenly dao, which was why he was much stronger than the heavenly dao realm. he easily blocked the attack.

If ...

jiang li was still at the heavenly dao realm. it would take him a lot of effort to block the attack. it wasn't as easy as it was now.

“What?”

“Tian Gang, the master of the heavenly law, I, Lao Ai, have accidentally entered the world of a master of the heavenly law?”

“This Suan ni, this Suan ni”

The new generation was also extremely frightened.

It was like a mouse entering a cat's nest.

He was seeking death.

“No! It's wrong!”

The strange Marshal came to his senses and said in realization, ” ” i know, i understand. you've just broken through to the master of the heavenly law realm. ”

” the birth of every master of the heavenly law has to go through a dangerous situation of destruction before establishment. ”

” the reason why the great thousand world became like this was because of your breakthrough, which brought about the destruction. now that you have broken through, the great thousand world has been preserved. ”

“Hahahahaha!”

the strange general laughed. ” you just broke through and grasped a type of heavenly dao power. at most, you're just slightly stronger than the heavenly dao realm. you won't be that much stronger. ”

there's still a chance. We still have a chance.

“New generation Army, hear my order!” The strange Marshal shouted.

“Here!”

Countless new generation soldiers replied.

follow me and kill the enemy!!!

The strange Marshal roared.

“Rumble!”

At this moment.

The strange Marshal led the Army of the new generation and charged at Jiang Li. The unparalleled strange power formed a vast power like the sea of stars.

He charged at Jiang Li.

“This Suan ni, this Suan ni”

“Can it be blocked? Can he stop them all by himself?”

you must block it!!

“Otherwise, we’ll all die!”

“.....”

Behind Jiang Li.

countless players, creatures, and races were watching jiang li’s back with hope.

he was extremely nervous.

“You’re overestimating yourself.”

let’s go. Jiang Li was calm. Facing the freshmen, he raised his hands. Technology in his left hand and machinery in his right hand. The two heavenly Dao merged into one.

“The light of heavenly Dao.”

Buzzzzzz!

Jiang Li pushed his hands forward.

In that instant.

The invisible light of the heavenly Dao spread over. The strange power of the new generation Army melted like snowflakes the moment it collided with the light of the heavenly Dao.

“Ah!”

Bang Bang Bang Bang!

countless members of the new generation screamed in agony. under the illumination of the light of the heavenly dao, their bodies dissipated like mist.

Chapter 833 opportunity

Jiang Li's power burst out and combined the power of two heavenly Dao. He blocked the entire new generation Army's charge and attack by himself and killed many strange soldiers.

“It's blocked, Zhenzhen, it's blocked!”

this Suan ni, this Suan ni, it can actually be blocked like this?!

“Si si si ...”

this is unbelievable. This situation is too unbelievable, Yingluo.

“such a terrifying army was actually unable to shake him at all, and so many of his strange soldiers were even killed. just how powerful is tao wu? what a terrifying cultivation base! What kind of realm would one be in to possess such power?”

“too strong, too strong, too strong, too strong, too strong!”

“indescribably powerful!”

At this moment.

The players from all over the universe exclaimed and discussed in shock.

“Your Majesty is invincible! Your Majesty is invincible!”

“Your Majesty is invincible! He’s invincible!”

“Hahahahaha!”

” the ruler’s strength is really too strong. He actually stopped such a terrifying Army all by himself. This is simply unbelievable.

“Isn’t the old ancestor too strong? It’s so powerful that it’s beyond our imagination!”

“.....”

countless living beings were shocked and overjoyed.

“all troops, hear my order!”

At this moment.

Hidden Dragon seized the opportunity and immediately gave the order, ” attack! Assist the chief sovereign in killing the enemy!”

kill!!!

“All troops, charge!”

“.....”

At this moment.

Jiang Li’s mechanical fleet and the civilization Army all charged at Hidden Dragon’s order to help Jiang Li kill the new generation Army.

“Kill!”

At the same time.

The heaven’s path troop type team also entered the battlefield.

“Ah!”

For a moment.

Countless new generation clansmen cried out in pain as they suffered great casualties.

It could be said that ...

As soon as Jiang Li appeared, the situation was completely reversed.

“Charge!”

“Kill them!”

” kill!!! ”

Immediately.

The players also came to their senses. Without thinking too much, they formed a huge Army and followed the mechanical fleet into the battlefield.

Hence.

Under Jiang Li’s lead, countless monsters were destroyed and the new generation Army was forced to retreat. Jiang Li’s light of heavenly Dao illuminated half of the universe.

Countless strange new generation soldiers melted away like snowflakes under the sun.

Not only that.

In the source world, it absorbed a large amount of ‘non-existent’ seawater and converted it into the source of the greater world. Then, it used the source to repair the crack in the multiverse’s regional wall.

In the entire great cosmos.

They were gradually returning to their original state.

If this continued ...

He probably wouldn’t even be able to escape.

“No! No!”

Fear!

Jiang Li! the strange general started to tremble in fear. He looked at Jiang Li and shouted, ” ” two heavenly daos. you’ve already mastered the power of two heavenly daos. ”

“Retreat!”

retreat! the strange Marshal roared. retreat!

at this very moment.

...

He already knew.

They would definitely lose this battle.

Furthermore ...

He continued to fight.

Not only would he die, the entire new generation Army would be annihilated.

now.

The only way to survive was to leave the great cosmos.

“Escape?”

Jiang Li sneered. in your dreams.

“Heavenly Dao Halo.”

buzzzzzz!

...

let's go. Jiang Li waved his hands. In an instant, the technology heavenly Dao and the machine heavenly Dao merged into one and exploded with unparalleled power. The light of heavenly Dao was extremely bright.

After that.

They gathered together.

it formed a vast ring of heavenly dao light.

Shua!

The heavenly Dao Halo flew out and instantly expanded. It extended to a distance of who knew how many light years and almost enveloped half of the new generation Army.

BOOM!

There was a loud explosion.

The heavenly Dao Halo exploded.

It produced an unparalleled destructive power.

“Ah!”

Countless strange soldiers screamed in pain.

Under the attack of the heavenly Dao Halo, more than half of the new generation Army had died, turning into countless light spots and dissipating. The scene was extremely Grand.

“No!”

the eerie marshal’s eyes were about to pop out of their sockets as he was filled with grief and indignation.

Shua!

let’s go. Jiang Li took a step forward and disappeared. He instantly crossed tens of thousands of light years and appeared in front of the creepy general.

“You’re so silly!”

The eerie Marshal’s pupils contracted.

“Speak,” he said.

how did you find this place? ” Jiang Li asked. how did you find me? ”

“kill!”

BOOM!

strange Dragon Fist! the strange Marshal didn’t answer Jiang Li’s question. Instead, he roared and gathered a strong strange power into a long black Dragon. strange Dragon Fist!

Bang!

” humph! ” jiang li snorted and struck out with his palm. the light of heavenly dao formed a palm print and destroyed the strange general’s strange dragon fist.

“Ah!”

arghh! the strange Field Marshal cried out in pain. His chest was pierced through by the palm, and a transparent hole appeared.

Strange, pitch-black blood dripped down.

In the surroundings.

Many players looked at the blood dripping from the strange Marshal with greed.

One had to know.

This was the blood of the ‘strange Marshal’, and it was priceless. If he could obtain it, even if it was just a drop, he would benefit greatly.

However ...

The players did not dare to get close.

This was because the fluctuations were too strong.

Just a little bit of the aftermath that leaked out was enough to destroy them into ashes.

“Marshal!”

In the surroundings.

Countless strange weapon Kings and generals roared in anger.

“Get lost!”

BOOM!

Jiang Li's body trembled and the heavenly Dao Halo spread out with him as the center. The strange weapon Kings and generals who were rushing over immediately screamed.

“Ah!”

They were all reduced to ashes.

Powerful!

He was simply too strong!

“Speak,” he said.

Buzzzzzz!

heavenly Dao chains! Jiang Li's right hand fell and the light of the heavenly Dao condensed into heavenly Dao chains, locking the creepy general. Jiang Li stared at the creepy general coldly.

“hahahahaha!”

The strange Marshal calmed down. He knew that he would not be able to escape death. Even the entire new generation Army would be killed.

Hence.

the strange marshal laughed crazily.

“Alright!”

if you want to know, I'll tell you, ” the strange Field Marshal shouted. this is all part of the five elements divine race's scheme. They used a trick to lure us here.

“Five elements God clan.”

it's him. Jiang Li took a deep breath. it really is him.

all of you will die. All of you will die. The living spirit race is the parasite of universe ocean. Only the new life race can bring new life to universe ocean. You have destroyed thousands of worlds and consumed countless resources. The birth of our new life race is the will of universe ocean. The living spirit race will definitely be destroyed.

BOOM!

Jiang Li clenched his right hand.

The strange general was crushed to death by Jiang Li. His body exploded and the heavenly Dao chain disappeared.

“You’re noisy.”

” you’re right, ” jiang li said coldly.

” what living spirit race and new life race? what a joke. ”

Jiang Li said.

“Five elements God clan.”

jiang li took a deep breath. ” this won’t end like this. ”

Half a month later.

The world barrier of the multiverse had been completely restored.

Three days later.

the last strange creature was killed.

The world of the great cosmos had obtained a true new life.

ding! ding!

Congratulations to player 02357178262 for completing the epic quest: Defend the world of the great universe. Epic reward obtained: Rule troops-mechanical rule Warriors unlocked authority, ten trillion points.

At the same time.

All the players received the same notification.

“Hahahahaha!”

“It’s over, it’s finally over.”

“We’ve succeeded, we’ve succeeded!”

“Big brother, I’ve succeeded, I’ve succeeded, I’ve succeeded, I’ve succeeded!”

“.....”

At this moment.

Countless players were cheering.

Some were excited and emotional, some cried tears of joy, some missed their dead friends and family, and some were immersed in the wild imagination of the future.

A myriad of stances.

even though ...

there were only two types of rewards.

but ...

Whether it was the mechanical rule Warriors or the ten trillion points, they were both things that could make countless players go crazy.

first of all ...

Warrior of the mechanical rules has been unlocked.

this reward would allow the creation of a warrior of the mechanical rules.

A warrior of the laws of machinery.

He was at least level 13.

In addition.

Ten trillion points was enough to buy the best items in the system store.

“Game transfer.”

Buzzzzzz! Buzzzzzz!

The mission ended.

The ‘God of games’ had opened up the passages between the universe and the other worlds, and time and space enveloped countless players. In the blink of an eye, they were teleported back to their own worlds.

“Yes.”

Jiang Li looked at the players and nodded with satisfaction. not bad.

Obviously.

If the players from all over the universe didn't show up in this war, they probably wouldn't be able to last until Jiang Li successfully broke through. By then, not only would the universe be finished, but Jiang Li would also be in danger.

“Chief sovereign.”

Buzzzzzz!

The God of games was talking to Jiang Li.

“you've done well this time,”

Jiang Li said.

“thank you for your praise, hegemon.”

The God of games responded to Jiang Li and said, ” “My Lord, after this, I'm afraid that there will be many rule realm players appearing. I hope that you can upgrade the game system.”

“Yes.”

okay. Jiang Li nodded and agreed. don't worry.

“Thank you, hegemon.”

The chief god of games said.

half a year later.

Everything had stabilized.

Jiang Li also consolidated his cultivation.

Not only that.

As the great cosmos was equipped with technology and the mechanical heavenly Dao, the entire great cosmos had doubled in size from its original foundation.

Furthermore ...

A new race was born.

The automaton race!

that's right.

It was the automaton race.

If he had to describe it ...

It was a robot with self-awareness.

Furthermore ...

Hidden Dragon became the leader of the automaton race.

This was a matter worth celebrating.

Three years later.

The various civilizations and races in the universe were gradually developing steadily. In addition, with the promotion of the universe, countless resources were being nurtured, and their luck was getting stronger and stronger.

“It’s almost time.”

On earth.

in outer space.

Jiang Li stood in the universe.

In the surroundings.

Countless bases were built, and each base was connected to various civilizations and races in the universe to form a live broadcast system.

Obviously.

He had recuperated for several years.

He had already accumulated enough luck.

“The time has come.”

BOOM!

jiang li’s body trembled. he activated the power of the heavenly dao. the technology heavenly dao and the machine heavenly dao appeared at the same time. he also released the fate of the great xia dynasty.

roar! “Roar!”

immediately.

The Azure Dragon of the Xia Dynasty soared into the sky.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

At that moment.

Countless amounts of fate energy gushed in from all over the multiverse and transformed into the Empire’s fate energy, which was then devoured by the Azure Dragon of great Xia.

Roar! “Roar!”

The Dragon’s Roar shook half the universe.

Countless civilizations and races looked up to him.

The Azure Dragon of great Xia was constantly devouring the fate of the nation to advance.

Chapter 834 the holy land

this time, the advancement took a very long time.

The Azure Dragon of the Xia Dynasty devoured the Fortune of the dynasty that was converted. Jiang Li also received the feedback. He absorbed the energy and entered a state of enlightenment.

All the civilizations in the universe were watching this ‘live broadcast’.

His eyes were filled with respect.

nine years later.

BOOM!

Finally ...

The Azure Dragon of the Xia Dynasty had completed a qualitative change and advancement.

Roar!

A Dragon's Roar.

Under the gazes of countless civilizations and races, the Azure Dragon of the Xia Dynasty grew seven claws and went through an unprecedented transformation.

originally.

It was a massive five-clawed Green Dragon body that was worth 99 trillion.

At this moment.

It was actually continuously shrinking.

This was refinement.

In the end.

It had reached nine meters.

That was the limit.

BOOM!

Although the Dragon's body had shrunk from 99 trillion meters to the current nine meters, the might of the great Xia Azure Dragon did not weaken. Instead, it became many times more powerful.

At this very moment.

It had changed from a five-clawed Green Dragon to a seven-clawed Green Dragon.

“Roar!”

a dragon's roar.

It shook the entire universe and made countless races kowtow to it.

At almost the same time.

Jiang Li absorbed the energy feedback from the young man and entered a mysterious state of enlightenment. He directly touched the nature of luck path and heavenly Dao.

Hence.

In a short nine years.

Jiang Li had mastered the third heavenly Dao.

Luck path heavenly Dao!

The three heavenly DAOs fused.

Jiang Li's strength was further improved.

Furthermore ...

After merging the luck path heavenly Dao with the world of the multiverse, the multiverse was upgraded once again and started to absorb the water of the universe ocean.

it gradually expanded.

Hence.

It doubled in size.

Buzzzzzz!

Finally.

When Jiang Li finished all the fusion.

Very quickly.

Jiang Li sensed that there was another list in the Super Fantasy world. It had completely surpassed the true dragon List and entered another world.

It was called the sacred land ranking.

That's right.

It was the sacred land rankings.

The young dragon ranking, the hidden Dragon ranking, the true dragon ranking, and the Holy Land ranking.

The four great rankings.

They also represented the four great opportunities of the Super Fantasy world.

Jiang Li took one step at a time.

The gang leader of a small third-rate gang had established a dynasty, promoted to an imperial dynasty, fought for the Imperial dynasty, and now, it had become a Holy Land.

Countless stories happened during this period.

...

And now.

Jiang Li was already the master of the heavenly law, so his consciousness couldn't be affected by the list anymore. He was just using his mind to communicate with the sacred land list.

in the sacred land world.

Buzzzzzz! Wuuwuwuwu!

It was not endless darkness.

Jiang Li turned into a human with his mind and stood on an island. He looked up and saw a purple-gold List.

He took a closer look.

On the rankings.

There were a total of ninety-nine Holy Lands.

Generally speaking.

As long as it was a force established by the master of the heavenly law, it could be classified as a 'Holy Land'.

...

Furthermore ...

On this list.

It was no longer just the three races.

There were also the three clans of demons, gods, and ghosts.

furthermore ...

it included all the heavens and realms.

This was the settlement.

There were only ninety-nine of them in total.

shua!

sacred lands. Jiang Li glanced around and saw the ninety-nine sacred lands.

Holy Land ranking

[1st place: space-time divine Kingdom]

Fate sacred land

3rd place-karma Buddha realm

[4th place: primeval sacred land]

.....

99th place-sacred land of magic

[100th place: great Xia Holy Land]

“100th place.”

Jiang Li shrugged.

Obviously.

There were only 99 on the sacred land list before, but Jiang Li’s appearance reduced it to 100. Since he had just entered the sacred land list, he was naturally at the bottom.

Jiang Li didn’t really care about the ranking.

“Five elements God clan.”

Very quickly.

jiang li saw the ‘five elements god clan’ on the holy land list. it wasn’t ranked high, only 73rd. it wasn’t very powerful in the holy land.

however ...

They were still stronger than Jiang Li and the Xia sacred land.

After all ...

the great xia holy land had just been promoted.

Buzzzzzz!

Immediately after.

The reward from the Holy Land ranking fell.

Jiang Li caught it.

‘The great Xia Dynasty has been promoted to the great Xia Holy Land, successfully entering the Holy Land list. The order from the Holy Land.’

Jiang Li received a message.

“Orders from the sacred land.”

Jiang Li opened his right hand. There was a Jade token in his palm. ‘Great Xia’ was written on the front and ‘sacred land’ was written on the back. Jiang Li was in control.

He immediately received the information regarding the Holy Land token.

First of all ...

The order from the Holy Land gave Jiang Li a lot of information, most of which was about the ‘battlefield at the border of universe ocean’ and the ‘new generation’.

All in all.

She was telling Jiang Li.

The higher the position, the greater the responsibility.

Jiang Li was the master of a Holy Land. He had the responsibility to protect the universe, go to the battlefield at the border of universe ocean, kill the new generation, and protect universe ocean.

“Hehe.”

Jiang Li sneered.

Shua!

After that.

The second reward fell.

Jiang Li caught it.

‘reward 2: heavenly dao soul secret skill’

Buzzzzzz! Buzzzzzz!

A vast amount of information poured into Jiang Li’s mind.

Jiang Li gradually understood.

Obviously.

The second reward was to practice the ‘heavenly Dao’ secret skill of the ‘heavenly Dao of soul’. If Jiang Li followed the ‘heavenly Dao of soul’, he would be able to master it.

Shua!

immediately after.

The final reward.

‘Reward 3: seed of enlightenment’

Jiang Li accepted it.

Obviously.

The seed of enlightenment was a treasure that could help Jiang Li enter a super state of enlightenment. After Jiang Li absorbed it, he could speed up his enlightenment of various heavenly Dao.

For example.

Jiang Li was cultivating the heavenly Dao of soul secret skill now. Normally, it would take him more than 100000 years to master the secret skill.

now.

After Jiang Li took the seed of enlightenment, he could shorten the time of this world by ten times.

The last mechanism of the Holy Land list.

it was the ‘points mall’.

to put it bluntly.

When Jiang Li entered the battlefield in universe ocean, the Holy Land list would record the number of new creatures he killed and convert them into points.

For example.

Killing a rank-12 newbie could be converted into one point, while a rank-13 one could be converted into ten points. The points would increase tenfold for every rank.

In the points Mall.

It had all sorts of goods.

from a small knife to a big seal of the great dao.

The seal of the great Dao.

This was a ‘Dao seal’ condensed by a great Dao realm existence. If one could comprehend it, one could skip countless years of bitter cultivation and step into the great Dao realm.

At that time.

They were the top existences of the immortal court.

He was the real boss.

“This is to lure him with benefits.”

Jiang Li said.

It was obvious.

It was to use benefits to tempt countless great beings to enter the battlefield at the border of universe ocean.

After all ...

Without the secret techniques of the heavenly path, the seed of enlightenment, and all kinds of precious resources, it was extremely difficult to comprehend different heavenly paths.

the most important thing was ...

The six clans 'immortal court was the highest existence, and they held the most precious resources.

He wanted to get it.

They had to follow the rules set by the six clans 'immortal court.

After browsing the points Mall, Jiang Li was ready to leave.

Although Jiang Li annihilated a new generation Legion and killed a strange general in the universe, he didn't become the master of the Holy Land at that time, so it wasn't counted as points.

Buzzzzzz! Buzzzzzz!

At this moment.

"huh?" jiang li sensed several clones appearing in front of him. they were looking at him up and down curiously.

"You're the Saint Lord of the great Xia Holy Land?"

the white-robed young man asked.

"Yes, I am."

yes. Jiang Li nodded and asked again, may I know who you are? "

"I am the Saint Lord of the heavenly Sword Holy Land."

The white-robed youth said.

“this one is the demon god sacred land’s sacred master.”

“This one is the Holy Lord of the demon God sacred land,”

The other two thought clones introduced themselves.

“Demon God, Demon God.”

Jiang Li was stunned. He said, ” “You are Yingluo.”

“yes.”

Before Jiang Li finished, sacred Lord Demon God and sacred Lord Demon God nodded at the same time.

Obviously.

Demon God, Demon God.

It was the ‘mixed-blood alien’.

However ...

jiang li didn’t expect it to be true.

Soon after.

Jiang Li talked to the three sacred Lords.

The demon God and the demon God mainly asked Jiang Li about the life of the mixed-blood alien races in the Super Fantasy world, and Jiang Li naturally answered them truthfully.

After they heard it, they couldn't help but clench their fists.

Although he was angry, he was helpless.

even though ...

The demon God and the demon God were both Masters of the heavenly law, and they had mastered many heavenly laws. Their combat power was also very strong in the master of the heavenly law realm.

but ...

when facing the six clans, he still felt weak and powerless.

Furthermore ...

the six clans 'immortal court had a mandatory rule that didn't allow existences from the holy lands of mixed-blood alien races to easily enter the super fantasy world.

Jiang Li asked them many questions about the battlefield at the border of universe ocean and the new generation. The three sacred Lords answered him honestly.

This way ...

They could be considered acquaintances.

Holy Lord Jiang Li, although the goods in the points Mall are very tempting, you can't imagine the cruelty of the battlefield at the border of universe ocean.

"I don't know how many masters of the heavenly law have died," sacred Lord Demon God reminded.

"Don't be reckless before you're fully prepared."

“Understood.”

thank you, sacred Lord. Jiang Li bowed. thank you for your reminder.

“Yes.”

Shua! shua!

The demon God and Demon God left at the same time.

Saint Lord Jiang Li.

I heard that you were attacked by a new generation Army when you were breaking through to become the master of the heavenly law, ” the white-robed youth, sky sword Holy Lord, said. is that true? ”

“What?”

Jiang Li frowned. sky sword Saint Lord, why do you ask? ”

“Because I know who lured the new generation Army in.”

“It’s the five elements God clan,” sacred Lord sky sword replied.

Holy Lord Jiang Li, to tell you the truth, there’s a deep hatred between me and the five elements God clan. I hope we can work together.

The sky-Sword Saint Lord directly stated his purpose.

“Let’s join forces.”

Jiang Li muttered.

“Yes.”

Sacred Lord sky-sword said.

sky sword Saint Lord, your sky sword Holy Land is only ranked 90th, and I’ve only just advanced. It won’t be easy for you to take revenge on the five elements God race.

we can work together, ” Jiang Li said. but we need to plan it carefully.

“No problem,” he said.

Holy Lord Jiang Li, ” sacred Lord sky sword said. you’ve just been promoted. It’s not suitable for you to enter the battlefield at the border of universe ocean for now. You need to constantly develop your power and strength.

“I’ll contact you again when the time comes for the specific plan,”

“Alright,” he said.

okay. Jiang Li nodded.

On the other side.

The five elements Overgod also sensed the change in the Holy Land list. When he saw the Holy Land of the great Xia, which was ranked one hundred, his face immediately darkened.

you’re really useless. You can’t even do such a small thing. How can you let Jiang Li succeed? ”

The five elements Overgod said coldly.

Chapter 835 The fleet

When Jiang Li really promoted the great Xia Dynasty to a sacred land and officially entered the 'sacred land list', it wouldn't be so easy for the five elements Supreme God to kill Jiang Li.

He had to avoid the eyes of the immortal court and leave no evidence behind.

This was because the Holy Lands were already extraordinary and were the main force against the new generation race. They had entered the vision of the six immortal courts and the destruction of every Holy Land would attract the attention of the six immortal courts.

Buzzzzzz!

let's go. Jiang Li exited the sacred land list.

this time.

Jiang Li had gained a lot after entering the sacred land ranking. Not only did he get the cultivation method of the 'heavenly Dao of soul', but he also got the 'seed of enlightenment'.

in addition.

Through sacred Lord Demon God and sacred Lord Demon God, Jiang Li also learned about the situation at the border of universe ocean. He also learned about the five elements divine race from sacred Lord sky sword.

There was another thing.

On the sacred land rankings.

The God race had nine sacred grounds, the devil race had nine, the ghost race had eleven, the human race had ten, the monster race had nine, and the Barbarian race had nine.

There were a total of 57 sacred lands.

Other than that.

The mixed-blood alien race had a total of nine sacred grounds, including the demon God sacred ground, the demon God sacred ground, and so on.

Hence.

The remaining 34 Holy Lands came from all over the universe and did not belong to the Super Fantasy world. For example, the 'untainted Holy Land', which was ranked fourth on the Holy Land list, was one of them.

The primeval sacred land did not belong to the Super Fantasy world.

Instead, it came from another 'greater world'.

It was called the primeval world.

If he had to describe it ...

There were thousands of clans in the untainted world, and there were all kinds of legends about them.

It even radiated to many worlds.

The primeval world was much more powerful than the world of the great cosmos.

three days later.

on earth.

the jiang family's ancestral grounds.

It had a huge mountain peak.

Jiang Li was standing on the peak of the giant mountain.

Buzzzzzz!

jiang li waved his right hand and a gray ball of light flew out. the light scattered and projected a young man's voice.

“Chief sovereign.”

The young man saluted Jiang Li.

Obviously.

This gray ball of light was the ‘master of machinery-the God of games’.

And now.

The ‘God of games’ had spread the players’ footprints to all the worlds, and even several worlds had the footprints of top players.

of course.

The God of games was still unable to invade those powerful worlds.

for example, the primeval world, the super fantasy world, and so on.

Even so ...

It was already very powerful.

And now.

with jiang li's help and the feedback from all the players in the universe, the game master god had reached level 13.

However ...

The master God of games was unable to create the rules, so he was unable to become a master of the rules, much less reach the level of the Lord of limits. He could only stay at rank 13.

In such a situation.

If the game master God didn't improve, he would be caught up by the top players, or even devour the game master God.

Shua! shua! Shua!

in the surroundings.

The mechanical heavenly Dao warrior appeared.

It was the battle to protect the world of the great universe.

The 49 mechanical heavenly Dao Warriors had also suffered significant losses. Now, the number had been reduced to 39, and the five elements heavenly Dao mech Warriors had all been scrapped.

...

Without the fragments of the five elements heavenly Dao, Jiang Li couldn't make permanent five-element heavenly Dao mech Warriors. He could only make one-time mech Warriors.

be on guard. Don't let anything get close.

go! Jiang Li ordered.

“Yes.”

yes,” the 39 mechanical heavenly Dao Warriors replied.

“Yes.”

okay. Jiang Li nodded in satisfaction.

“Condense.”

buzzzzzz! Buzzzzzz! wuwuwuwuwu!

mechanical heavenly Dao. Jiang Li activated the mechanical heavenly Dao. The power of the heavenly Dao manifested between his hands like invisible rays of light that condensed into a mechanical heavenly Dao seal.

“Fuse with it.”

...

Jiang Li said.

“Yes.”

The game master God replied.

shua!

The mechanical heavenly Dao’s Daoist seal flew through the air and fused into the gray ball of light in front of him. The game master God’s ball of light immediately began to fluctuate violently.

It was unbearable.

One had to know.

The master God of games was only at rank 13, and it was extremely difficult for him to fuse the 'Dao seal', as it required him to surpass the realm of the Master of Rules and the master of limits.

"Suppress!"

let's go. Jiang Li combined the power of the technology heavenly Dao, the machinery heavenly Dao, and the luck heavenly Dao to help the game master God break through.

buzzzzzz! Buzzzzzz!

The fluctuation of Dao runes was released.

Time passed.

A month later.

BOOM!

the aura of the game's main god soared.

He had crossed over the master of the natural order and the master of limits, which was rank 14 and the limit of rank 14, and advanced to rank 15, which was the level of the 'Tao state'.

his strength had greatly increased.

three days later.

The master God of games consolidated himself.

“Thank you, hegemon.”

The game master God saluted.

“yes.”

” okay. ” jiang li nodded and gave an order, ” your next task is to train more players in the universe. train super players who can reach level 13 or even level 14. ”

there’s also a further main storyline mission-Battle at the Border of universe ocean. It’ll be best if you can form a player Army.

“Yes.”

the master god of games replied, ” don’t worry, my lord. i will definitely complete the mission. ”

“Yes.”

okay. Jiang Li nodded in satisfaction.

Generally speaking.

To enter the border battlefield of universe ocean, one had to be at least at level 13. Level 12 was a bit difficult.

Currently.

Among the players ...

Those who could reach level 12 were as rare as Phoenix Feathers and Qilin horns, not to mention those who could reach level 13. They could basically be counted on two hands.

so,

nurturing a player army of tier 12 or even tier 13 players was not an easy task. it required time and resources.

no matter what.

The players from all over the universe were also one of the forces Jiang Li had.

The matter was settled.

let's go! Jiang Li ordered Hidden Dragon.

first of all ...

since jiang li had mastered both technology and luck, the universe expanded twice in a row. there were different civilizations and races in the universe that reappeared, as well as a lot of resources.

Hence.

The hidden Dragon's mission was to conquer the new civilizations and collect large amounts of resources. He would use the technology of the various space civilizations to create a large fleet.

Of course.

Jiang Li needed a fleet of at least level thirteen with the power of rules. Only then could he form a mechanical Army that could enter universe ocean.

Time passed.

Nine years later.

and now.

Due to the expansion of the universe, more and more civilizations and races were born. Jiang Li conquered all the civilizations and races and absorbed a large amount of fate again.

The power of luck was extremely mysterious.

However ...

The Holy Land ranking was no longer based on the 'Holy Land's National fate', but the 'hunting points' of each Holy Land. The more new races killed, the more hunting points they had, and the higher their ranking.

The higher the ranking, the more generous the rewards.

"It's almost time."

Jiang Li had been saving for nine years.

he was preparing to enter seclusion to comprehend the heavenly soul dao secret technique.

If he succeeded ...

jiang li would be able to master the soul heavenly dao again and improve his strength.

The Jiang family's ancestral grounds.

On the surface.

The Jiang family's ancestral land was located on a giant peak at an extremely high altitude. However, in reality, this giant peak was covered with layers of spatial formations. It looked like a giant peak from the outside, but it was a completely different world on the inside.

It was like a huge world.

All the generations of the Jiang family lived in the ancestral land.

as for the holy peace state in the super fantasy world, jiang li used it as his last resort.

In the seclusion room of the ancestral land.

Buzzzzzz! Buzzzzzz!

seed of enlightenment. Jiang Li took out the seed of enlightenment and put it in his palm. It was emitting a faint chaotic light.

It was a ball of light the size of a baby's fist.

Without any hesitation.

jiang li took the seed of enlightenment.

BOOM!

Immediately.

With the help of the seed of enlightenment, Jiang Li entered a super state of enlightenment and gained a deeper understanding of the soul heavenly Dao.

At this moment.

Jiang Li felt like he was facing the soul heavenly Dao.

On the other hand.

Jiang Li absorbed the vast fate that he had accumulated over the past nine years and formed fate empowerment. He combined the two and studied the 'heavenly path of soul secret skill'.

unknowingly.

Mysterious runes of the soul heavenly Dao appeared around Jiang Li. He gradually found an opportunity.

During his seclusion.

let's go. Hidden Dragon followed Jiang Li's instructions and tried to build rule-level mechanical troops, but he kept running into problems. He could only build weapons and warships in the particle field.

However ...

From the experience and lessons learned from failure after failure, he continued to try and consume a large amount of resources. One by one, technical difficulties were broken through.

In the blink of an eye.

a hundred years later.

The scientific and technological civilization of the multiverse world had ushered in an unprecedented breakthrough.

Under the specialized research of countless living beings and scientists.

The hidden Dragon finally began to build a rank-13 mothership of rules.

Continuing the advantages of the 'Maxim-level advanced war mothership' and the 'Maxim-level advanced Guardian fortress', they developed the 'Maxim-level advanced war mothership' and the 'Maxim-level advanced Guardian fortress'.

It had to be said.

The intelligence of the entire universe was combined together, and with the guidance of particle technology, there was such a huge technological breakthrough.

In fact, the ocean had even researched and developed ultimate soldier types of laws.

It was called the ultimate mechanical Super Warrior.

of course.

it was all thanks to the help of the ‘mechanical immortal’ that he was able to study the ‘ultimate soldier of laws’. otherwise, he might not have been able to study it.

In the seclusion room of the Jiang family’s ancestral land.

Jiang Li’s understanding of the ‘heavenly Dao of soul’ was getting deeper.

He believed in her.

It didn’t take long.

jiang li could master the soul heavenly dao.

Three hundred years later.

Hidden Dragon had used up a lot of resources, and with the cooperation of the entire universe, after 293 years, he had finally created a mechanical fleet Army that could go to war at the border of the cosmic sea.

Among them.

There were four types of troops.

they were respectively, the regulated troops-regulated advanced war mothership, regulated troops-regulated advanced guardian fortress, and regulated troops-regulated advanced mech warrior.

[ultimate soldier type: ultimate mechanical Super Warrior]

The deployment of the mechanical fleet.

One trillion motherships, one trillion Guardian fortresses, and one trillion mech Warriors.

100 million ultimate mech super Warriors.

49 mechanical heavenly Dao soldiers.

[total military strength: 30.1 billion and 49]

BOOM!

At the same time.

An extremely powerful energy fluctuation and aura burst out from the Jiang family's ancestral land, rushing into the depths of the universe and spreading out.

He looked closer.

In the seclusion room of the ancestor's land.

heavenly Dao of soul. Jiang Li had successfully made a breakthrough and mastered the 'heavenly Dao of soul'.

Chapter 836 take action

Buzzzzzz! Buzzzzzz!

Jiang Li started to merge with the soul heavenly Dao. The power of the four heavenly Dao merged and produced an extremely powerful heavenly Dao aura that made the entire universe tremble.

A month later.

BOOM!

Jiang Li successfully merged with the soul heavenly Dao, consolidated his strength, restrained his aura, stopped cultivating, opened his eyes, and left the chamber.

Shua! Shua! shua!

Immediately.

The Jiang family's members came forward to welcome them and ordered them to kneel down and pay their respects.

"We welcome the patriarch."

"congratulations on your breakthrough, patriarch. your strength has increased greatly."

"....."

The Jiang family's younger brothers all shouted.

"Yes."

okay. Jiang Li nodded.

Not long after.

Jiang beiguo, Zheng qiushui, Jiang Lijun, and Jiang Wenxin all came. They were all happy to see Jiang Li.

“Li ‘er, you’ve broken through?”

jiang beiguo and zheng qiushui asked.

“Yes.”

yes, ” Jiang Li answered. I did.

“That’s great.”

Jiang beiguo and the rest said happily.

After that.

Jiang Li left the Jiang family’s ancestral land after talking to his parents for a while. As soon as he left, Hidden Dragon came to him.

In reality.

According to the laws of the Holy Land of great Xia.

Within the Jiang clan’s ancestral grounds, no living being that wasn’t part of the Jiang clan’s main bloodline was allowed to step into the Jiang clan’s ancestral grounds without permission. Those who disobeyed the order would be ‘executed’ immediately.

“chief sovereign.”

Hidden Dragon saluted.

“Yes.”

okay. Jiang Li nodded and asked, " how did you complete the mission? "

"reporting to you, chief sovereign."

it's a good thing, " Hidden Dragon replied. I've already completed the task you gave me. I've developed the regulated and ultimate soldier types.

"Also,"

I've already formed a mechanical fleet that can go to the battlefield at the border of universe ocean.

"The total number of soldiers has reached 30.1 billion and 49."

among them, there are one trillion motherships, one trillion Guardian fortresses, and one trillion mech Warriors.

100 million ultimate mech super soldiers and 49 mech heavenly Dao soldiers.

"Alright," he said.

" good job. " jiang li was satisfied. " well done. "

"Thank you, hegemon."

Hidden Dragon said.

buzzzzzz!

The game master God appeared.

"Chief sovereign."

The game master saluted Jiang Li.

“oh.”

what’s the matter? ” Jiang Li looked at the God of games.

“Reporting to you, chief sovereign.”

in a total of 400 years, ” the master God of games said, ” the number of players in the universe is 10000 times more than before, and the number of rank-13 and rank-14 players has reached 100 million.

“Not bad.”

okay. Jiang Li nodded.

Obviously.

...

After only 400 years of development, Jiang Li already had an Army that could fight at the border of universe ocean.

buzzzzzz!

At this moment.

sacred Lord sky sword. Jiang Li sensed the connection between ‘sacred Lord sky sword’ and the ‘sacred land list’.

shua!

With a thought.

Jiang Li's mind entered the world of the sacred land list.

Saint Lord Jiang Li.

The sky-Sword Saint Lord appeared.

It had been four hundred years since they last met.

the sky-sword saint lord didn't react.

...

"Sky-Sword Saint Lord."

"yes." jiang li bowed. "what happened?"

"Yes."

it's indeed a very important matter," the sky sword Saint Lord said. I've just received accurate news that one of the five-element God race's God armies has been trapped by the newborn race's Army. Although they broke through the encirclement, they suffered heavy losses.

we can take this opportunity to destroy this Army and weaken the power of the five elements God race.

"alright," he said.

alright. Jiang Li nodded. in that case, I can send an Army to cooperate with the sky sword Saint Lord.

"what?"

Holy Lord Jiang Li? ” Holy Lord sky sword was dazed. Holy Lord Jiang Li, aren’t you going to do it yourself? ”

“no, i won’t.”

No. Jiang Li shook his head. I’ve gained some enlightenment not long ago and I’m going to cultivate in seclusion for a while. I hope I can improve further and comprehend the heavenly Dao.

“It’s done,”

jiang li waved his hand. ” if there’s nothing else, i’ll be leaving. as for when i’ll take action, let me know when, sky sword saint lord. ”

As soon as he finished speaking.

buzzzzzz!

Jiang Li disappeared.

“Damn it!”

” jiang li ... ” sacred lord sky sword looked at where jiang li left and his face darkened. he clenched his fists. ” jiang li is so cautious. ”

Shua!

Suddenly.

Fluctuations appeared beside sacred Lord sky-sword.

The next moment.

the figure of the five elements overgod appeared.

“Heavenly Sword.”

The Overgod of the five elements said.

“Greetings, Overgod of the five elements!”

the sky-sword saint lord bowed.

“Yes.”

The five elements Overgod nodded slightly.

I’m sorry I couldn’t lure Jiang Li to attack. I didn’t complete your task.

“Please forgive me, five elements Supreme God,” the sky sword Saint Lord said apologetically.

“It’s fine,”

“He’s just a newly ascended sacred Lord. It’ll be a piece of cake for me to get rid of him,” the five-elements Overgod said, waving his hand.

“However,”

“remember to hand in your points tomorrow,” the five-elements overgod said in a deep voice.

“Yes.”

The sky-Sword Saint Lord lowered his head.

“Yes.”

Shua!

the figure of the five elements overgod disappeared.

Sacred Lord sky-sword roared in anger. His eyes were filled with killing intent, and countless heaven-path sword Qi flew out. Detestable! Detestable!”

“Overgod of the five elements, one day, I will behead you with a single strike of my sword.”

Obviously.

the sky sword saint lord was being suppressed by the five-element supreme god.

The most important thing was ...

The five-element Overgod had locked onto the coordinates of the sky sword Saint Lord’s Supreme Sword World, and he had even fixed a plane channel.

In other words ...

As long as the five-element Overgod wanted to, he could invade and destroy the sky sword Saint Lord’s Supreme Sword realm at any time.

One had to know.

To every sacred Lord, the greater world they had merged with was their Foundation. If their Foundation was destroyed, it would be a huge disaster, and it could even cause their cultivation to drop.

There was even more danger to his life.

sacred lord sky-sword had no other choice.

The five-element Overgod was extremely powerful and had fused 999 heavenly DAOs. Sacred Lord sky sword had only fused 530 heavenly DAOs.

The difference between the two was huge.

The sky sword Saint Lord could only compromise in the face of the five-element Overgod's oppression.

Sacred Lord sky sword had to pay a large number of points to the five elements Overgod every 100 years.

Just as the sky sword Saint Lord said, he did hate the five elements Supreme God. Jiang Li didn't doubt it at that time.

In reality.

Jiang Li didn't doubt sacred Lord sky sword because he didn't plan to enter the battlefield at the border of universe ocean. From the beginning, he only planned to send a large number of mechanical fleets and player armies to the battlefield at the border of universe ocean to kill the new generation and earn points.

This way ...

Jiang Li didn't have to take the risk and he could get a lot of points. Why not?

However ...

however, the sky sword saint lord thought jiang li had seen through his scheme and stopped contacting him. as for the so-called remnants of the five elements divine clan? It didn't exist at all. It was just a plot to lure Jiang Li into the trap.

It could be said that ...

If Jiang Li really agreed to the sky sword Saint Lord's request and joined the battle, he would be surrounded by the five elements divine race and would die for sure.

One had to know.

Jiang Li had only fused three heavenly Dao, but the five-element Supreme God had fused 999 and the sky sword Saint Lord had fused 530.

He was no match for them at all.

Time passed.

Half a year later.

Jiang Li didn't receive any more news from the sky sword Saint Lord. He felt something was wrong too. He felt a chill in his heart and his face turned serious.

he felt a little lucky.

"the power of the five elements god race is much stronger than i imagined."

Jiang Li took a deep breath. I just don't know if the sky sword Saint Lord is working with the Supreme God of five elements, or is he a subordinate.

"If it's a superior-subordinate relationship."

the five elements Overgod can make a Saint Lord of a rank ninety-something sacred land obey Him. This shows that the five elements God clan's strength is not to be underestimated.

"As expected, I still need to develop slowly."

a year later.

Shua!

Jiang Li opened the Dominator panel and looked at the heavenly Dao troop types.

[heaven's path soldier types: mech heavenly Dao soldier (unlocked)(4949), five elements heavenly Dao mech soldier (unlocked), Science and Technology heavenly Dao mech soldier (unlocked) (4949), luck Dao heavenly Dao mech strategist (unlocked)(4949), soul heavenly Dao mechanical spiritualist (unlocked)(4949)]

Jiang Li developed three more types of heavenly Dao soldiers. He used luck Dao, technology Dao, and soul Dao to form 147 heavenly Dao seals.

From there.

one soldier needed one trillion points of origin. jiang li had used 147000000000 points of origin points to deal with 147 soldiers.

It could be said that ...

If the universe hadn't expanded twice in a row, Jiang Li might not have been able to gather so many origin points.

In the end.

let's go. Jiang Li built the first mechanical Army at the border of universe ocean.

it was named the universal ocean expedition army.

Division of forces.

one trillion motherships, one trillion guardian fortresses, and one trillion mech warriors.

100 million ultimate mech super warriors.

196 mechanical heavenly Dao soldiers.

[total military strength: 30.1 billion and 49]

“Activate,”

Buzzzzzz!

sacred land token. Jiang Li took out the ‘token of the sacred land’ and put the heavenly way power into it. The token of the sacred land glowed.

In that instant.

It enveloped the surrounding starry sky.

A vast amount of energy condensed.

The space-time was distorted in a terrifying manner.

In the end.

It formed a stable universe ocean tunnel.

At the two ends of the passageway.

they were connected to the border battlefields of universe ocean and the great universe worlds.

The pitch-black entrance of the passage seemed to be able to devour countless lives.

“Let’s go.”

let's go. Jiang Li looked at the entrance of the tunnel calmly and waved his hand. universe ocean expedition Army, move out. Destination: The border battlefields of universe ocean."

" mission objective: hunt and kill the new generation. "

"Yes."

"Let's go!"

Buzzzzzz!

The heaven's path soldiers responded.

In reality.

In order to make it easier to communicate, Hidden Dragon had created a clone. With Jiang Li's power, he could communicate across universe ocean so that Jiang Li could know the specific situation at all times.

okay. Jiang Li agreed with Hidden Dragon's suggestion at first.

but ...

After Jiang Li learned that the sky sword Saint Lord and the five-element Supreme God were in cahoots, he finally experienced the danger at the border of universe ocean.

so,

In order to prevent the five elements divine clan from seizing the opportunity to invade the world of the multiverse, Jiang Li decisively rejected the proposal in the end. He didn't bring the hidden Dragon clone.

From the beginning to the end.

Jiang Li only had one goal.

That was to send out a large number of mechanical armies to kill the new generation and earn a large number of points. They would slowly develop and wait until they were strong enough to settle the score.

Chapter 837 The secret realm

Universe ocean's Conqueror Legion had already passed through the spacetime tunnel that spanned more than half of universe ocean and arrived at the border battlefield.

Buzzzzzz!

The spacetime tunnel closed.

Shua!

Jiang Li waved his right hand and the token returned to its original state. He put it back into his body.

Because Jiang Li couldn't contact the Army, he couldn't learn the specific situation at the border of universe ocean through them.

However ...

This wasn't a big deal.

Three days later.

At a certain area of the border battlefield in universe ocean.

Jiang Li's universe ocean expedition Army fought with the first new generation Army. The two sides had a huge battle. Because the battle was too intense, the new Lord of the new generation was attracted.

It was still alright.

the masters of heavenly law, who were guarding the battlefield at the border of universe ocean, immediately discovered the traces of this new master and rushed to the battlefield.

In the end.

the new generation retreated and jiang li's universe ocean army also suffered a great loss. they lost a third of their forces and even lost 70 heavenly dao soldiers.

The losses were huge.

After this incident.

Jiang Li's universe ocean expedition Army joined the Army of the living creatures at the border of universe ocean and became a part of them.

of course.

They also killed a large number of new generation soldiers and Jiang Li gained a lot of points. Jiang Li clearly saw the changes in the sacred land ranking.

Points Mall.

Based on the fact that killing a rank 12 newbie would earn him one point, and the points would double with every rank he advanced.

One hundred and twenty-three trillion points.

Shua!

The point items were all displayed in front of Jiang Li.

With a sweep of his thoughts.

Although there were a lot of products in the points Mall, with Jiang Li's current realm and his powerful mind, he got all the information in his mind with just one glance.

He removed the items that he didn't need.

What Jiang Li wanted was something that could improve his strength and help him comprehend the heavenly Dao faster.

In the end.

Only five items were displayed.

they were heavenly dao secret arts, heavenly dao secret techniques, seed of dao comprehension, origin of heavenly dao, and gate of heavenly dao.

First of all ...

A heavenly Dao secret skill and a heavenly Dao and secret skill.

It was simple.

These two were the most common heavenly Dao level cultivation techniques, but some of the Masters of the heavenly Dao liked to call them 'secret techniques', while others liked to call them 'secret techniques'.

There was no difference in essence.

Back then.

The secret skill of the heavenly Dao of soul that Jiang Li got was a 'heavenly Dao level secret skill'.

the price of secret skills and techniques.

All of them were worth 100 trillion points each.

Furthermore ...

It was the price of time and space, two heavenly Dao.

Requires one trillion (one quadrillion) points.

The seed of enlightenment.

Jiang Li also used it before, and the effect was great. With the help of the vast fate energy, Jiang Li only used more than 400 years to master and integrate the soul heavenly Dao.

The price was 100 trillion points for one.

the source of the heavenly dao.

This was a treasure that was ten times more powerful than the seed of enlightenment.

It could be said that ...

If Jiang Li had used the 'origin of the heavenly Dao', he would have only needed forty years to completely master and merge with the soul heavenly Dao.

The price was 10000 trillion points for one.

Finally.

...

The gate of the heavenly law.

This was the most precious treasure.

If one could open a door and enter it, one would enter a world filled with the essence of countless heavenly DAOs and comprehend all kinds of heavenly DAOs.

It was just like the gate of all wonders that Jiang Li had entered.

However ...

The gate of all wonders contained the laws, while the gate of the heavenly Dao contained the heavenly Dao.

The two were not on the same level.

the price was one trillion points, and one had to make a contribution and get the approval of more than four immortal courts before they could buy the 'gate of the heavenly law'.

It could be seen from this.

The preciousness of the 'gate of the heavenly Dao'.

Jiang Li just glanced at it and ruled out the 'gate of the heavenly Dao'.

...

In reality.

With such a high price and the approval of more than four immortal courts, it was basically impossible to get the gate of heavenly Dao.

To put it bluntly.

It was something that could only be seen but not obtained.

Currently.

Jiang Li's points could buy a heavenly Dao secret skill or secret technique.

Hence.

Jiang Li bought the heavenly way of karma.

he took a closer look.

The heavenly Dao of karma secret art originated from the 'karma Buddhist world', which was ranked 3rd on the Saint land rankings. Furthermore, the heavenly Dao of karma was the foundation of the 'karma Buddhist world'.

however ...

The 'heavenly Dao of karma' of the karma Buddha realm had already reached an extremely profound level.

In reality.

in the points mall.

How could Jiang Li write the mechanical heavenly Dao and the technology heavenly Dao as 'heavenly Dao secret skills' and sell them to the points Mall?

It was enough to get 20000 trillion points.

Each heavenly Dao was worth ten thousand trillion points.

It had to be said.

It was true that everything had a 'price'.

Half a month later.

Although Jiang Li had memorized the secret skill, it was still very difficult for him to comprehend the heavenly way of karma.

Fortunately ...

More than half a month had passed.

The universe ocean Battle Legion earned Jiang Li another 350 trillion points.

Jiang Li spent three hundred trillion points to buy the heavenly Dao of destiny secret technique and two seeds of enlightenment.

Hence.

jiang li entered deep seclusion.

He had consumed the seed of enlightenment and comprehended karma and destiny.

With the help of the seed of enlightenment, his comprehension was indeed twice as effective with half the effort.

Over a hundred years had passed.

the heavenly Dao of karma. Jiang Li vaguely caught a trace of the heavenly Dao of karma.

In addition.

The universe ocean expedition Army was wiped out a year ago and Jiang Li got 109800 trillion points in total.

One after another.

In the past 100 years, the hidden Dragon had used up a lot of resources to create three mechanical armies that were comparable to the universal naval conquests Army.

Jiang Li came out of seclusion once.

First of all ...

The 196 heaven Dao soldiers were replenished.

after that.

buzzzzzz!

He activated the Holy Land's order.

He opened the plane channel to the battlefield at the border of universe ocean and sent all three mechanical armies to the battlefield.

finally.

Close the passage and take back the sacred land's order.

shua!

Jiang Li went into closed-door cultivation again.

His consciousness entered the sacred land rankings.

He opened the points Mall.

Jiang Li first spent 20000 trillion points to buy the heavenly Dao of time and space secret skills, then he bought the source of heavenly Dao.

He continued to cultivate in seclusion.

in the closed-door cultivation room.

Shua!

Jiang Li took out the ‘origin of the heavenly Dao’. It was a fist-sized black light ball that was spinning like a vortex. It was filled with mysterious energy.

jiang li sat down cross-legged.

buzzzzzz!

heavenly Dao! Jiang Li’s four levels of heavenly Dao surrounded the origin of heavenly Dao. With a thought, the origin of heavenly Dao merged into Jiang Li’s body and disappeared.

Jiang Li began to absorb the origin of the heavenly Dao. With the help of the origin of the heavenly Dao, Jiang Li faced the nature of the heavenly Dao of karma and began to master it.

50 years later.

BOOM!

jiang li's aura rose and he mastered the heavenly dao of karma. he merged the heavenly dao of karma and it became the fourth heavenly dao that jiang li merged.

Buzzzzzz! "whoosh!!!"

Hence.

Jiang Li merged the heavenly Dao of karma into the world of the multiverse. The world of origin of the multiverse expanded and began to devour the 'void' water of universe ocean.

the world of the great cosmos had once again welcomed its third expansion.

"Continue."

Shua!

Jiang Li spent another ten trillion points to buy an origin of the heavenly Dao and began to study the heavenly Dao of destiny.

Cultivation knew no time.

I'm fine. Jiang Li entered a Deep State of cultivation. He didn't feel the passage of time at all. It felt like ten thousand years had passed, but it also felt like an instant.

He had been in seclusion for a hundred years.

Since Jiang Li mastered the heavenly Dao of fate, it became the fifth type of heavenly Dao that Jiang Li mastered.

At this moment.

The five elements Supreme God was also paying attention to Jiang Li.

however ...

Jiang Li stayed in the multiverse and didn't participate in any Wars in universe ocean. The five-element Supreme God couldn't find any chance at all.

It could be said that ...

When Jiang Li became the master of the heavenly Dao, the universe was no longer just a greater world. It was Jiang Li's base.

Furthermore ...

It also completely isolated any peeking.

Without Jiang Li's permission, the other Masters of the heavenly law couldn't enter the universe.

Unless ...

the five-element overgod could completely lock onto the specific location of the world of the multiverse. then, through brute force, he could break the boundary wall of the multiverse and invade it.

Just like back then.

The five-element Supreme God did the same to Jiang Li.

“Shenyi.”

The Overgod of the five elements said.

“Lord Overgod,”

Shua!

in front of the five elements supreme god, a young man in golden clothes appeared. he knelt down in front of the five elements supreme god and spoke respectfully.

“Shenyi.”

“I’ll give you a mission,” the five elements Overgod ordered.”Think of a way to find the specific location of the ‘multiverse world’ where the Grand Xia sacred land is located.”

“Just like when you dealt with the heavenly Sword sanctum.”

“Yes.”

Shen Yi replied, ” don’t worry, Lord Supreme God.

“go on.”

The Overgod of the five elements waved his hand.

buzzzzzz!

Shen Yi’s figure disappeared.

Suddenly.

The time and space within the hall were distorted.

He was separated from the original space-time and entered another space-time.

“It’s you again,”

the five-elements overgod frowned and said in a deep voice,”Yueshen, why aren’t you showing yourself?”

“five elements.”

Buzzzzzz!

Right in front.

Time and space rippled like water, and a sexy goddess with blue eyes and golden hair walked out. Her skin was fair, her figure was curvaceous, and her legs were long and straight.

“you’re still the same as before, very petty.”

he’s just a human divine Lord, ” the moon goddess said. he’s just embarrassing you a little, and you’re already so ruthless.

“Hmph,” he snorted.

the five-elements overgod snorted coldly. ” you don’t have to worry about that. tell me, what do you want to do by sneaking into my shrine? ”

” heaven Lord’s Secret realm.

The moon goddess went straight to the point. you should know about this. I don’t think I need to remind you.

“.....”

The five elements Overgod’s pupils contracted.

“Heaven Lord,”

The moon goddess took in a deep breath. he is a peerless demigod with unparalleled talent. No words can describe him.

he broke through adversity time and time again. Under the pressure of the six clans 'immortal court, he reached the realm of 3000 Dao Masters 'and even touched the realm of the great Dao.

"It's a pity that he still fell."

"After all ..."

he's just a mixed-blood alien with an impure bloodline. The six clans 'immortal court can't tolerate him. No matter how talented he is, there's only death for him.

Chapter 838 ten thousand years

"A demigod is a demigod."

The five elements Overgod's tone was cold. he has contaminated the Supreme bloodline of the God race. He actually married a despicable human and even gave birth to such a vile spawn.

"Vile spawn should die."

"Tsk, tsk."

"you're right. the moon god smiled, a smile as beautiful as a flower. five elements, if you dared to say this to the heaven Lord's face before he died, I would have admired you from the bottom of my heart.

"But the heaven Lord is already dead."

"Let's do it this way,"

"You can say this in front of the martial immortal court of the true human race."

“That’s enough,”

“yueshen, what are you trying to do?” the five-elements overgod shouted.

“let’s join forces.”

” if I’m not mistaken, the news from the heaven Lord’s Secret realm is very accurate. The heaven Lord died, but he left behind the secret realm’s legacy. You have to know that the heaven Lord is one of the 3000 Dao Lords, and he has even vaguely touched the realm of the great Dao.

there will be huge treasures in his land of inheritance.

“let’s join forces.”

The five-elements Overgod frowned. just you? ” Where is the time and space Overgod? Will he be participating?”

“i don’t know.”

The moon goddess shrugged her shoulders. I can’t get any information about the time and space Supreme God. I just have one word. Are you going to join forces or not? ”

“alright,” he said.

“I agree,” the five elements Overgod said.

“Happy cooperation.”

yueshen stretched out her hand, which was white as jade.

“Happy cooperation.”

The Overgod of the five elements shook hands with the moon goddess.

buzzzzzz!

After that.

Time and space returned to normal.

Yueshen left.

“I don’t know my ass.”

The five-elements Overgod’s face darkened. you really think that I don’t know? ” You, Moon Goddess, are the lover of the time and space Supreme God. For you to be able to so easily grasp the time and space heavenly Dao and isolate time and space, the time and space Supreme God must have taught you many things.”

“Cooperation?”

“Hehe, I’m afraid they want me to be the vanguard.”

” this ... the five elements Overgod calmed down. although the heaven Lord truly is an extremely despicable bastard of mixed blood, it is undeniable that he is extremely talented. Three thousand Dao Masters have fused three thousand heavenly DAOs.

his land of inheritance must have countless treasures. If I can get them, my power will increase greatly, and I might even surpass the time and space Overgod.

“When the time comes.”

our five elements God clan is the number one sacred ground of the God clans. We might even go one step further and become the sixth ‘ancestor God’.

“before that, i have to make good preparations.”

as for that Jiang Li.

The five elements Overgod was silent for a while.”Let him off for now. It’s better to gather all our power and use it to explore the heaven Lord’s Secret realm.”

“to avoid losing a big deal because of a small gain.”

after we get the inheritance of the heaven Lord’s Secret realm, it’ll be easy to take care of Jiang Li.

Time flew by.

Ten thousand years later.

Jiang Li sent more and more expedition mechanical armies into the battlefield at the border of universe ocean and killed a large number of the new generation.

A total of 10000 mechanical armies were sent out.

they sent an army almost every year.

jiang li got a lot of points.

jiang li used all the points he earned to buy many secret skills of heavenly dao and the origin of heavenly dao.

Unknowingly.

Jiang Li had already merged 999 heavenly Dao.

He had reached the same level as the five elements Overgod.

They were technology, luck path, soul, cause and effect, fate, time, space, reincarnation, yin and yang, five elements, life and death.

It could be said that ...

Jiang Li's strength had improved greatly.

...

now.

if jiang li fought with his old self, he would be able to defeat him with one hand.

Thus, he deduced.

a five-element supreme god who had merged 999 heavenly dao must be extremely powerful. the clone of the heavenly dao that came to the multiverse only merged with the five-element heavenly dao because of the immortal court's rule. therefore, it was no match for jiang li and could only watch its subordinates be killed.

It could be said that ...

if it was a normal clone of the five elements supreme god, jiang li wouldn't be able to defeat it.

The rules of the Super Fantasy world.

Dao realm existences were not allowed to enter the Super Fantasy world.

so,

Jiang Li could only find out more about the situation in the state through Hong Tianqi and the others.

There was another thing.

...

No matter what Jiang Li did, he couldn't comprehend the 1000th heavenly Dao.

He had reached a bottleneck.

In addition.

Jiang Li also received Bai Zifeng's invitation to visit the martial arts Celestial Court of the human race and see the best scenery in the universe.

three days later.

The Jiang family's ancestral grounds.

buzzzzzz!

At the foot of the mountain.

An old man riding a Green Bull appeared.

"Who are you?"

The Guardian of the Jiang family's ancestral land blocked the old man's path.

"I'm your father."

yes. the old man answered, " go and tell him that an old friend is here to see your ancestor, Jiang Li.

"i'm the old man!"

The mountain guard was stunned for a moment and looked at Laozi suspiciously. He was extremely suspicious and said, ” “The old ancestor isn’t someone you can meet just because you want to.”

At the first moment.

Jiang Li sensed his arrival.

Shua!

he stepped forward.

soon, they arrived at the foot of the mountain.

“Old Suan ni, old ancestor Suan ni”

The mountain guard immediately knelt on the ground.

“Stand down.”

Jiang Li said.

“Yes, yes, yes.”

The mountain guard stood up and left.

“Junior greets senior father.”

thank you. Jiang Li bowed.

“Yes.”

Laozi nodded and looked at Jiang Li. it's only been 10000 years, and he's already mastered 999 heavenly DAOs. He's even fused them all.

"It's indeed not bad."

"Thank you for your praise, senior."

okay, " Jiang Li said humbly.

"You don't have to be so humble."

The old man waved his hand. I'm afraid that the Five Ancestors of the human race back then were only at this level.

"This is for you."

Shua!

Laozi waved his right hand and a white jade slip appeared. He gave it to Jiang Li and said, " "This Jade slip has a complete record of everything that happened in the heaven Lord's Mystic realm."

"It will be useful to you."

"heaven lord's secret realm?"

Jiang Li was stunned.

"Take it."

"Bai Zifeng must have invited you to the martial immortal court of the human race, right? when you're there, they'll tell you what the heaven Lord's Secret realm is," the old man said.

"Of course."

“it’s up to you whether you want to tell other people about this ‘jade scroll’.”

“Let’s go,”

As soon as he finished speaking.

The old man disappeared again on the green Bull.

Jiang Li couldn’t make her stay.

However ...

When he was leaving, the green Bull looked at Jiang Li.

“.....”

Jiang Li couldn’t figure out what he was thinking, but he still took the ‘Jade slip’. He injected the power of the heavenly Dao into it and a vast amount of information poured into his mind.

Jiang Li remembered it all.

Buzzzzzz!

Immediately after.

The Jade slip turned into ashes.

“this bi an ...”

Jiang Li felt the information in his mind, but since he didn’t enter the heaven Lord secret realm, the information was blocked and he couldn’t read it.

Such a method was simply marvelous.

One had to know.

Jiang Li was the master of heavenly Dao who had merged 999 heavenly Dao.

my realm.

It was unfathomable.

he has definitely reached the great Dao realm.

Jiang Li guessed.

A month later.

The time was up.

Bai Zifeng informed Jiang Li through the sacred land list.

Buzzzzzz!

let's go. Jiang Li sent out the token of the Holy Land. He injected heavenly power into it and the token was activated, distorting time and space.

A plane channel was formed according to the space-time coordinates given by Bai Zifeng.

Shua!

Jiang Li walked in.

It was like taking an elevator.

Jiang Li could see the situation outside the tunnel.

It was universe ocean and countless world bubbles.

Jiang Li entered the ‘Super Fantasy world’ through the plane channel.

Of course.

Jiang Li had only arrived at the chaotic world of the Super Fantasy world, not the world where the land of origin was. He had flown through countless chaotic spaces.

In the end.

They arrived at a huge Primal Chaos Island.

buzzzzzz!

Bai Zifeng. Jiang Li arrived successfully. He looked up and saw Bai Zifeng walking towards him. She was wearing a white dress and had a beautiful face. There was a smile on her delicate little face.

“Jiang Li.”

bai zifeng said.

“Sister Zi Feng,”

master! Jiang Li called.

in reality.

Bai Zifeng asked Jiang Li to call her that.

“Yes.”

Bai Zifeng smiled. come with me.

“Alright,” he said.

okay. Jiang Li nodded.

In the following time.

bai zifeng led the way and introduced the island to jiang li.

In reality.

The human martial immortal court.

In the chaotic space of the Super Fantasy world, a brand new world was created. It had a total of 129600 chaotic islands.

the island of chaos that jiang li was on was called: Purple Phoenix Island.

To put it bluntly.

it was bai zifeng’s private place.

through bai zifeng’s introduction, jiang li already had a full understanding of the human martial arts celestial court.

First of all ...

Official member of the immortal court.

There were a total of 129600 people.

Even the weakest needed to be at level 12.

The strongest was at the peak of rank 14.

in other words, the lord of limits.

Further up.

They were called by their realms.

He was called the master of the heavenly law.

to reach this realm.

They were the main pillars of the human martial immortal court.

As for the 'Dao realm'.

According to the master of the heavenly Dao, they would be called immortal envoys.

In reality.

in the martial immortal court of the human race, the token of ancestor white that jiang li got could only be obtained when one reached the realm of master of the heavenly law.

furthermore ...

Bai Zifeng was the master of the heavenly law.

As for how many heavenly DAOs he had integrated ...

Jiang Li had no idea.

But it could be inferred that ...

He was definitely very strong.

Further up.

It meant that he had entered the great Dao realm.

in the human martial immortal court.

they were the decision makers.

He was known as the head envoy of the human martial arts immortal court.

Furthermore ...

The power envoys were also divided into ranks.

in the end.

It was the fifth ancestor of the human race.

It was Supreme.

Three days later.

Jiang Li followed Bai Zifeng to the ‘immortal Palace Island’.

this time.

It was a meeting held by the martial immortal court of the human race.

All the Masters of the heavenly law of the human martial immortal court had arrived.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

In the surroundings.

jiang li saw the masters of the heavenly dao coming through the space. each of them had a powerful aura and had merged with many heavenly dao.

Jiang Li followed Bai Zifeng.

Because of Bai Zifeng’s noble status, she went to the VIP room on the immortal’s Sanctuary Island. Jiang Li also went to the VIP room with her.

“Who’s that man? To be able to walk together with lady Zi Feng, and even enter the same vip room.”

“I’m not sure!”

“Don’t tell me he’s Bai Zifeng’s new pretty boy?”

“Do you want to die? How dare you criticize lady Zi Feng!”

“Go and investigate that man’s identity.”

“.....”

The Masters of the heavenly law discussed.

Half a day later.

Buzzzzzz!

The aura of the great Dao spread throughout the hall.

An envoy had descended.

Jiang Li looked over.

What came into view was a white-haired man in a long robe, with his hands behind his back. His eyes were calm, and his gaze swept across all the Masters of the heavenly law present.

“We pay our respects to you, envoy whitespirit.”

The next moment.

All the Masters of heavenly law shouted in unison.

his tone was extremely respectful.

Chapter 839 Opening

There were only nine VIP rooms on the immortal Palace Island. Jiang Li and Bai Zifeng were in the No. 1 vip room, which was the most distinguished place.

it was located at the highest point of the immortal palace island, from which one could overlook the entire palace.

He had a panoramic view.

“Is everyone here?”

The envoy asked.

” lord envoy, all the masters of the heavenly law have arrived. ”

Very quickly.

A middle-aged master of the heavenly law responded.

“Alright,” he said.

The white spirit power envoy nodded and said, ” “since everyone is here, let’s start.”

Buzzzzzz!

As soon as he finished speaking.

Whitty waved his right hand, and a light screen of energy appeared. It shot up into the sky like a waterfall, forming a scene that was presented before the eyes of all the Masters of the heavenly law.

The aura of the great Dao spread.

The sense of oppression was extremely strong.

“So this is the power envoy?”

he’s strong indeed. Jiang Li looked at him and said.

“That’s natural.”

you have to be at the great Dao realm to become the head envoy, ” Bai Zifeng said.

“Yes.”

okay. Jiang Li nodded.

At this moment.

In the image.

It was the scene of the vast battlefield at the border of universe ocean. There was a mist-like light fog, and the ‘non-existent’ ocean water and the ‘existing’ ocean water were entangled.

It formed a hazy scene.

Obviously.

the place where this image was displayed was the junction of ‘nothingness’ and ‘something’, which was also the boundary line between the living and the new life race. the two types of’ sea water ‘mixed together, producing an extremely terrifying power.

so,

Under this power.

If one’s cultivation had not reached the realm of the ‘master of the heavenly law’, it was impossible to enter the boundary between the two.

He could only pass through quickly.

Very quickly.

The mist-like light mist gradually dissipated.

Immediately after.

one after another, huge mountain peaks appeared, and incomparably huge chains formed a bridge that connected the mountain peaks.

He took a closer look.

Everything was shrouded in a vast light screen.

In the middle of the room.

There was a huge statue.

He didn't know what material it was carved from.

The statue was of a handsome man with his eyes behind his back. He was looking at the statue calmly, but his gaze was extremely sharp.

It was as if everything in the world was nothing more than this.

It was very majestic.

"It's him!"

"demigod heaven Lord! Zhao Feng was stunned.

"could this be the heaven lord's secret realm that's been the talk of the town recently?"

"I didn't think that they'd lock onto the heaven Lord's Secret realm so quickly. They probably gathered us here for the heaven Lord's Secret realm."

"Definitely."

all the masters of the heavenly law were discussing.

heaven Lord's Secret realm? ” Jiang Li stared at the screen in shock. He was right. Bai Zifeng asked him to come to the martial immortal court because of the heaven Lord's Secret realm.

“You know of the heaven Lord's Secret realm?”

what's wrong? ” Bai Zifeng asked when she saw Jiang Li's expression.

“I'm not sure,”

...

No. Jiang Li shook his head and said, ” but seeing how surprised the Masters of the heavenly Dao are, I guess this ‘demigod Lord’ must be extraordinary.

“indeed,”

yes. Bai Zifeng nodded. the demigod heaven Lord. More than 100000 years ago, his glory covered the entire border battlefield of universe ocean.

“He's only one step away from creating a great Dao that belongs to him.”

if he succeeds, he'll be on par with the Five Ancestors of humanity and the ancestral God of the Protoss. He'll probably be able to lead the mixed-blood non-human sect to a true rise.

“It's a pity,”

Bai Zifeng shook her head. he's still dead, no matter how magnificent he was, how talented he was, and how unparalleled he was.

in the end, he still couldn't change his fate of death.

because the six clans 'immortal court won't allow him to exist. Therefore, he has no other choice but to die.

“.....”

Jiang Li was silent.

...

It wasn't Jiang Li's first time knowing how domineering the six clans immortal court was.

Time passed.

the white spirit authority began to introduce the heaven lord's secret realm. because the heaven lord's secret realm existed on the border between 'nothingness' and 'existence', only the master of the heavenly law could enter.

In the end.

The operation was scheduled to start in half a month.

Three days later.

The meeting was over.

the heavenly Dao Masters all left, making preparations to head to the heaven Lord's Secret realm.

“Let's go,” he said.

Bai Zifeng said.

“Yes.”

okay. Jiang Li nodded.

Speaking of this.

Through emissary Bai Lingquan and Bai Zifeng's introduction, Jiang Li had a general understanding of the heaven Lord secret realm and its origin.

Shua!

As soon as Jiang Li and Bai Zifeng walked out of the VIP room, envoy Bai Lingquan showed up in front of them.

"Zi Feng, why didn't you inform me that you were coming over?"

The white spirit authority's envoy said with a smile.

"lord white spirit authority's envoy."

Bai Zifeng was expressionless. She cupped her hands and said, "if there's nothing else, please don't block the way, emissary bai ling. i'm going back now."

"....."

Whitty smiled and stepped aside.

Immediately after.

Jiang Li? " Bai Lingquan looked at Jiang Li and frowned, but he soon relaxed and didn't say anything.

let's go. Bai Zifeng walked forward while Jiang Li followed her. Soon, they left the immortal's Palace Island and flew toward the Purple Phoenix Island.

Jiang Li. Bai Lingquan watched Jiang Li and Bai Zifeng leave.

“My Lord,”

shua!

A figure appeared behind the white spirit authority.

go and investigate the background of the black Ox man who was following Bai Zifeng.

The white spirit authority’s envoy ordered.

“Yes.”

The figure replied.

Half a month later.

Immortal Palace Island.

The Masters of the heavenly law of the human martial immortal court had all arrived.

“Yes.”

Jiang Li. Whitty stood in the sky with his hands behind his back, looking down at all the Masters of the heavenly law. His eyes stopped on Jiang Li for a few seconds.

“It’s time.”

the white spirit lord said.

“.....”

The other Masters of the heavenly law also became nervous.

One had to know.

the secrets and treasures of the heaven Lord's Secret realm had already drawn the attention of the six races, and it wasn't just the human race. The other five races had also made appropriate preparations.

Even ...

There was a high possibility that there would be 3000 Dao master experts entering.

this was because the demigod heaven Lord had been so close to breaking through to the great Dao realm. The heaven Lord's Secret realm might have left behind a secret regarding how to break through to the great Dao realm.

Just this secret alone was likely to attract 3000 Dao Masters.

In reality.

After Jiang Li learned about the demigod heaven Lord and the heaven Lord's Secret realm, he was also full of expectations for the heaven Lord's Secret realm. If he could really get the demigod heaven Lord's inheritance, Jiang Li might be able to overcome many obstacles and successfully merge with the 3000 heavenly Dao, becoming 3000 Dao Masters.

It could save a lot of resources and time.

In addition.

Even if he couldn't get the inheritance, it would be good to break through the current bottleneck.

“Activate.”

Buzzzzzz!

The white spirit authority envoy waved his right hand.

Instantly.

time and space twisted.

A huge spacetime vortex appeared behind him. Once the spacetime stabilized, a stable plane passage was formed.

“Let’s go.”

The white spirit Lord said.

“Yes.”

Buzzzzzz! Buzzzzzz!

After that.

The vast light of time and space enveloped all the Masters of the heavenly law present. One by one, the Masters of the heavenly law transformed into flowing lights and entered the plane channel.

In the blink of an eye.

All the Masters of the heavenly law had left the immortal Palace Island.

Jiang Li was one of them.

Shua!

After Jiang Li entered the plane channel, he separated from Bai Zifeng. He looked at the scene outside the plane channel and left the Super Fantasy world in a very short time to enter universe ocean.

Not long after.

They arrived at the border battlefield of universe ocean.

In the end.

They arrived at the border of the battlefield in universe ocean.

Shua!

Jiang Li flew out of the plane channel. When he realized what was happening, he was already in the border of 'something' and 'nothing'.

“Sister Zi Feng?”

Jiang Li shouted.

however ...

Jiang Li stood in the air, surrounded by a hazy mist that contained a terrifying power of erosion and obliteration. He had to defend himself with the power of the heavenly Dao.

Buzzzzzz!

The light of heavenly Dao appeared on Jiang Li's body and easily blocked the power of erosion.

Jiang Li didn't get any response.

Immediately after.

Jiang Li took out a token from his pocket. It looked like a phoenix with its wings spread. It was purple and dancing like purple flames.

The power of the heavenly Dao was infused into it.

Buzzzzzz!

The Phoenix token glowed, but it was isolated by the fog.

“I failed.”

Jiang Li took a deep breath.

Obviously.

Bai Zifeng gave Jiang Li the Phoenix token so he could contact Bai Zifeng. However, the border between ‘non-existent’ and ‘something’ was scarier than he thought.

The Phoenix token had lost its effect.

” first, find the heaven Lord’s Secret realm.

Jiang Li put the Phoenix token into his pocket and triggered the information about the heaven Lord’s Secret realm in the ‘Jade slip’ that his father gave him.

This time.

Jiang Li succeeded.

Buzzzzzz!

Jiang Li got some information.

“Yes, I have.”

Jiang Li’s eyes lit up.

Shua!

seal! Jiang Li formed a seal with his hands. The power of the heavenly Dao gathered and formed seals that gathered together like butterflies.

Finally.

It turned into a Golden Arrow.

Shua!

The Golden Arrow sensed for a while and then flew in one direction. Jiang Li quickly followed it and disappeared.

On the other side.

Inside the immortal Palace Island.

Shua!

A figure stood behind the white spirit authority’s envoy.

“My Lord,”

yes, ” the figure said. I’ve teleported Jiang Li to another place as you asked. I think he must be in the new generation’s area now.

“Very good,” he said.

The white spirit controller nodded in satisfaction.

At this moment.

bai zifeng and the other masters of the heavenly law had already been teleported to the entrance of the heaven lord secret realm through the plane channel. bai zifeng looked around but didn't see jiang li.

“what's going on?”

Bai Zifeng frowned. She activated the Phoenix token, but she couldn't sense Jiang Li's location.

There was something wrong.

Buzzzzzz! “Whoosh!!!”

energy vibrated.

the entrance to the heaven Lord's Secret realm opened.

It was a huge vortex.

In the surroundings.

The Masters of the heavenly law of the six clans were gathered here.

in addition.

This also included the Masters of the heavenly law of the other great thousand worlds.

Shua! shua!

the various heavenly Dao Lords all entered the heaven Lord's Secret realm through the vortex gate.

Chapter 840 Thrilling

At this moment.

Jiang Li followed the direction of the Golden Arrow and soon met the new Lord of the new generation. There were many of them.

Jiang Li didn't dare to expose himself.

It was hiding its Qi.

Jiang Li's face darkened. Why did I enter the new generation's territory? Could it be that there was an error in the plane's channel?"

"no!"

No. Jiang Li shook his head. that's impossible. How can the teleportation of the plane channel be wrong so easily? " This situation is definitely intentional."

"Who would do such a thing?"

Jiang Li was deep in thought.

Very quickly.

Oh? " Jiang Li understood.

the plane channel is controlled by the white spirit Power's envoy. Without the white spirit Power's envoy's permission, it's impossible for such a big problem to happen.

Jiang Li took a deep breath.

the white spirit authority's envoy.

jiang li clenched his fists and his eyes were filled with anger.

obviously.

jiang li had already guessed it.

This was the work of the Whitty leader's envoy.

As for the reason ...

it was probably related to bai zifeng.

after all ...

From all the signs.

Bai Zifeng's identity and background were extraordinary. Even the head of the human martial arts Celestial Court had to please her. However, Bai Zifeng didn't say anything, so Jiang Li didn't know who she was.

No matter what.

the white spirit authority's envoy.

I won't let this go, " Jiang Li said in a deep voice. I won't just let it go.

Of course.

With Jiang Li's current strength, he was definitely no match for the white spirit authority's envoy. If he wanted to deal with the white spirit authority's envoy, he would probably have to break through to the great Dao realm.

He still had a long way to go.

"Before that,"

Jiang Li calmed down. I have to find a way to enter the heaven Lord's Secret realm.

Time passed.

jiang li moved forward carefully.

It took a few days.

he finally approached the heaven Lord's Secret realm.

he looked up.

Jiang Li saw the huge entrance of the secret realm. It was like a giant whirlpool gate, and there were many new born guarding it.

At this moment.

all the new lords had entered the heaven Lord secret dimension.

Buzzzzzz! Buzzzzzz!

the vortex-like entrance slowly disappeared.

In the surroundings.

They were guarded by many new generation race members.

“Hu ~~ Hu ~ Hu ~”

Jiang Li took a deep breath and sensed the surroundings. He was sure that there were no new ones who were as strong as the head Messenger. The normal new ones around couldn't stop Jiang Li at all.

“Now.”

Without any hesitation.

Shua!

Jiang Li showed up.

Buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

In that instant.

Jiang Li used the power of 999 heavenly Dao and merged them together, creating an unparalleled power that shook the surroundings.

“Stop him!”

...

“It's the master of the heavenly law of the life spirit race!”

damn it! Why would the master of the heavenly law appear in this place? ”

” charge!!! ”

Battle cries rang out.

Jiang Li! the new generation guarding the area roared and charged at Jiang Li.

“Die!”

Jiang Li’s eyes were cold.

boom!

He struck out with his palm, and the vast power of the heavenly path condensed into a boundless palm print that shook the surroundings and crushed down.

Bang Bang Bang Bang!

Countless explosions were heard.

...

The attacks of the new generation were all shattered.

pfft! Pfft! “Pfft!”

“Ah!”

A miserable scream rang out.

One by one, the new generation was killed by Jiang Li with one palm. They were invincible and caused countless explosions.

Shua!

” let’s go! ” jiang li rushed to the entrance.

“Bastard!”

Buzzzzzz!

At this moment.

The commotion caused by Jiang Li attracted the new generation, who was as powerful as the head of the new generation. the new clan head envoy was comparable to the great dao realm.

His figure appeared.

jiang li looked back.

What came into his eyes was a towering figure. Before he could even see the whole thing, a boundless palm print fell on Jiang Li.

“!!!”

Jiang Li’s pupils constricted.

Time and space had been frozen.

Jiang Li couldn’t move.

The difference was huge.

At this critical moment.

Buzzzzzz!

Suddenly.

The ‘Tao Te Ching’ appeared in Jiang Li’s arms. Countless Dao characters appeared and spread all over Jiang Li’s body like tadpoles.

In that instant.

Jiang Li broke free.

shua!

Without any hesitation.

let’s go. Jiang Li rushed into the whirlpool entrance like a beam of light and disappeared into the heaven Lord’s Secret realm.

“Ah!”

The leader of the new generation roared in anger.

Under extreme anger.

the new race head envoy even grabbed at the heaven Lord’s Secret realm.

“That’s enough,”

BOOM!

A golden sword light appeared.

it pierced through boundless space and directly shattered the new race leader's palm imprint, causing an explosion. The terrifying shockwaves scattered, not affecting the heaven Lord secret realm at all.

buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

In that instant.

in the air above the heaven Lord's Secret realm.

Terrifying figures appeared one after another.

All of them were power envoys.

“Hmph!”

The new clan head Messenger glanced at him with an unwilling expression, but he could only retreat.

“What's going on?”

“why would a master of the heavenly law appear in the new generation's territory?”

“i didn't expect this!”

most importantly, the master of the heavenly law was able to break free from the ‘great Dao restraint’ of the new generation's leader at the last moment. This truly surprised us.

“What's the origin of that master of heavenly law?”

the envoys of the six clans discussed.

“You're lucky this time.”

” you’re lucky. ” the whitty leader took in a deep breath and coldly looked at the disappearing vortex entrance. ” next time, you won’t be so lucky. ”

After that.

The envoys of the six clans disappeared one by one.

within the heaven Lord secret dimension.

Jiang Li was now standing on a giant floating peak. The peak was huge. He stood on the peak and looked around. All he could see were giant peaks connected by thick chains.

“That was a close call.”

Jiang Li steadied himself and looked behind him. He was relieved to see that the entrance to the whirlpool had disappeared and the new generation’s leader didn’t show up.

” now, i’ll properly explore this heaven lord’s secret realm. ”

” i can’t, ” jiang li said. ” otherwise, i’ll be letting myself down. ”

“The living spirit race.”

Buzzzzzz! Buzzzzzz!

However ...

Before Jiang Li could do anything, the new Lord of the new generation came. There were two of them. They rushed over and blocked Jiang Li’s way.

“The master of the heavenly law of the life spirit race has actually appeared here.”

” jiang li. ” one of the new students crossed her arms and looked at jiang li. ” you’re asking for death. ”

“That’s right.”

Another newborn master said.

“Kill!”

BOOM!

die! Jiang Li didn’t hesitate and charged at one of the new masters. He used 999 types of heavenly Dao power and threw out a terrifying palm print.

“you’re looking for death.”

Humph! the new life Master snorted and fought Jiang Li head-on. A vast, strange power gathered and formed a terrifying palm print.

Bang Bang Bang Bang!

An explosion sounded.

The terrifying aftershock directly shattered a few of the surrounding giant peaks.

“Ah!”

A miserable scream rang out.

pfft! the new student spat out blood. He couldn’t stop Jiang Li’s attack. The shockwave of Jiang Li’s palm hit him and sent him flying.

“You!”

” you ... ” the new life master’s pupils contracted, and his expression was one of shock. ” you’ve actually fused 999 heavenly dao. ”

nine hundred and ninety-nine heavenly Dao! the other new born master was also shocked.

quickly retreat!!!

Without any hesitation.

The two new masters were no longer as arrogant as before. They fled in two different directions in fear. They didn’t dare to fight Jiang Li.

“Kill!”

Jiang Li chased after the two new lords.

Shua!

Very quickly.

Jiang Li caught up with one of them. The power of the mechanical heavenly Dao burst out. He turned into a beam of light and attacked.

“No!”

The new born Lord screamed in fear.

Pfff!

In the end.

Jiang Li killed the new student.

Buzzzzzz!

A ball of chaotic-colored light flew out from the corpse of the new Lord.

Shua!

The Super mechanical Army captured it.

a notification appeared.

[captured a new Lord's origin!]

Shua!

[creating 'new generation origin soldier type', please wait patiently.]

[countdown: 72 hours!]

Several notifications appeared.

“A brand new troop type.”

” oh? ” jiang li's eyes lit up. ” this is a surprise. ”

in reality.

Jiang Li was different from the other Masters of the heavenly law. The other Masters of the heavenly law only had one person, but Jiang Li could get help from the Super mechanical Army by making heavenly Dao soldiers.

Shua!

” let’s go. ” jiang li quickly left the battlefield.

Not long after.

A few other new born Lords heard the commotion and rushed over.

Jiang Li found a secret place to hide.

Buzzzzzz!

first of all ...

Jiang Li’s consciousness sank into his mind.

Shua! Shua! “Whoosh!”

a large amount of information about the heaven lord’s secret realm entered jiang li’s mind.

Half an hour later.

jiang li accepted all of them.

“I see.”

that’s right. Jiang Li suddenly realized. there are 129600 giant peaks in the heaven Lord secret realm. Each peak has different treasures.

“Including heavenly Dao secret Arts and secret skills, or the seed of Dao Comprehension, and so on.”

“Other than that.”

“There are still 72 main peaks and 36 God peaks.”

the main peak and the divine peak have treasures at the level of the source of the heavenly Dao.

“finally.”

“It’s the nine heaven Lord peaks.”

” the heaven Lord peak contains the demigod heaven Lord’s legacy. How do I obtain it? after absorbing it, I can merge with the three thousand heavenly DAOs and become one of the three thousand Dao Lords. Zhao Feng was stunned.

“In fact,”

“Only one of the nine sky high mountains is real, the other eight are all fake. Not only do they not have any inheritances or treasures, they are also filled with danger. Even if 3000 Dao Masters step into it, they will be in danger of losing their lives.”

after a while.

Jiang Li made a decision.

Shua!

with a thought.

Jiang Li opened the Dominator panel.

Buzzzzzz! buzzzzzz! buzzzzzz!

seal! Jiang Li formed a seal with both hands.

The power of the heavenly Dao condensed and formed a Dao seal.

“To create a heavenly Dao soldier type.”

Shua!

The manufacturing interface appeared.

One had to know.

Jiang Li had mastered 999 heavenly Dao. The Super mechanical Army could create different heavenly Dao soldiers according to each heavenly Dao.

Each type of heavenly Dao could create 49 heavenly Dao soldiers.

In other words ...

jiang li could create 48951 heavenly dao soldiers in total.

Of course.

Some of the heavenly Dao soldier types ‘slots had already been used up and created, such as the mechanical heavenly Dao, technology heavenly Dao, soul heavenly Dao, luck heavenly Dao, and so on.

so,

Jiang Li could create 45000 heavenly Dao soldiers.

Each heavenly Dao soldier would consume a trillion origin points.

A minute later.

[creation complete!]

A notification appeared.

“Alright,” he said.

Jiang Li’s eyes lit up.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

45,000 heavenly Dao soldiers appeared.

“My Lord!”

They saluted Jiang Li at the same time.
