

## Army 841

Chapter 841 Obtained

“Yes.”

Jiang Li nodded in satisfaction. He waved his hand and said, ” “Let’s go!”

“Yes!”

The forty-five thousand heavenly Dao soldiers responded in unison.

His voice was loud and clear, and he had a strong aura.

However ...

Jiang Li didn’t rush to send out the heavenly Dao soldiers.

After all, this was the territory of the new born master.

He had to leave first.

Buzzzzzz! buzzzzzz! “Whoosh!!!”

After that.

let’s go. Jiang Li formed an Army by himself. He avoided the new lords one by one according to the information in his mind and headed to the nine heaven Lord peaks in the heaven Lord secret realm.

He continued forward.

Because Jiang Li had all the information about the heaven Lord secret realm, he could avoid all the new lords completely.

Time flew by.

half a month later.

Jiang Li led the 45000 heavenly Dao soldiers to the central area of the heaven Lord secret realm safely. He could see the nine towering heaven Lord peaks from afar.

It was almost impossible to see the end.

Other than that.

There was also a lifelike statue.

boom! BOOM! BOOM!

BOOM! Jiang Li heard the deafening explosion from far away. The shockwaves from the battle even reached Jiang Li.

Buzzzzzz!

eye of heavenly Dao. Jiang Li injected the power of heavenly Dao into his eyes and formed the 'eye of heavenly Dao'. What he saw was a huge battlefield. The powerful Masters of heavenly Dao and the new masters were fighting.

Jiang Li's combat power was in the middle-lower range since he had mastered 999 heavenly Dao.

so,

jiang li didn't show up.

he was waiting for an opportunity.

time passed.

A month later.

On the battlefield.

After a series of battles, many masters of the heavenly law and the new Master of Life had fallen. The entire battlefield had been divided into 11 regions.

They were the human race's territory, the demon race's territory, the Barbarian race's territory, the God race's territory, the devil race's territory, the ghost race's territory, the Buddha realm's territory, the untainted land's territory, and the three new generation's territory.

Furthermore ...

In each area.

Each of them had an existence at the level of 3000 Dao Masters.

Among them.

Bai Zifeng was in the human territory.

In other words ...

Bai Zifeng's strength had reached the level of 3000 Dao Masters.

The 3,000 Dao Masters of the demon race region were 'Yao Qingtian'. He was a Black Bull man with an enchanting face and a beauty like a woman, but he was ruthless.

It could be said that ...

Many masters of the heavenly law and the new masters of the various races had died at the hands of Yao Qingtian.

the 3,000 dao masters in the barbarian region were 'man ji'.

Man Ji's appearance was like a child who had not grown up, like a dwarf.

The 3,000 Dao Masters in the gods race's territory were the 'Overgod of time and space'. The 3,000 Dao Masters in the demon territory were 'mo Wu Tian'; The ghost race's 3000 Dao Masters were 'Fengdu', the Buddha realm's 3000 Dao Masters were 'Rulai', and the wilderness's 3000 Dao Masters were 'Peacock Plume'.

In addition.

Within the three great regions of the new generation race, the new generation master, who was comparable to the '3000 path Masters', was called the 'new path master'.

Their names were hengji riduoke, Merlin Agilia, and modoch Skoda rigia.

"There are actually so many 3000 Daoist Masters."

Jiang Li took a deep breath and said seriously, "in addition to the 3000 Dao Masters, there are also many masters of heavenly Dao who have mastered more than 1000 heavenly Dao.

"Generally speaking."

"Those who have mastered more than 1000 heavenly Dao can be called: A thousand Dao Masters who had mastered more than two thousand heavenly Dao could be called: 2,000 Dao Lords."

...

"We can't fight them head-on, we can only use our wits."

Jiang Li thought.

“heavenly dao troops, heed my orders. set off.”

Soon after.

Jiang Li gave an order to the 45000 heavenly Dao soldiers and shouted, ” your mission is to head to the heaven Lord Mystic realm. Other than the nine heaven Lord peaks, all the giant peaks, main peaks, and divine peaks are within.

“Bring out all the treasures.”

“Yes.”

“Yes, sir.”

The heavenly Dao soldiers responded to Jiang Li.

“Go on.”

” go. ” jiang li waved his hand.

...

Shua! Shua! “Whoosh!”

the forty-five thousand heavenly dao soldiers set off silently.

Time passed.

The 12 3000 Dao Masters discussed and soon decided who the nine heaven Lord peaks would belong to.

the new dao masters from the human race, god race, devil race, ghost race, and the three great clans each occupied one seat, so they went to seven seats.

The remaining two.

The demon race and the Barbarian race occupied one, while the Buddhist realm and the untainted land occupied the other.

Next.

it was to choose the heaven Lord peak.

“Sister Zi Feng,”

Shua!

at this moment.

let’s go. Jiang Li showed up. The 45000 heavenly Dao soldiers were lying in ambush. Before they showed up, Jiang Li flew over from outside the battlefield.

“jiang li.”

Bai Zifeng’s expression brightened.

In the surroundings.

Many masters of heavenly law looked over and fixed their eyes on Jiang Li.

“it’s actually him!”

what? ” the five elements Supreme God was stunned. He didn’t expect Jiang Li to show up at this time and in this way.

The most important thing was ...

Jiang Li and Bai Zifeng were actually brother and sister.

“Why would I?”

The five elements Overgod couldn’t believe it.

in reality.

It wasn’t just the five-element Overgod.

Sky sword Master saw the scene and was completely stunned.

Jiang Li arrived at the human territory.

In the surroundings.

No master of the heavenly law or the new master stopped Jiang Li.

” jiang li, are you okay? ”

Bai Zifeng asked.

“I’m fine,” she said.

Jiang Li said with a smile.

“It’s good that you’re fine.”

Bai Zifeng nodded.

“Sister Zi Feng, later when you are choosing the heaven Lord peak, you must listen to me.”

Jiang Li whispered to Bai Zifeng.

“You’re so silly!”

” jiang li? ” bai zifeng was stunned and looked at jiang li in surprise.

“Trust me,”

yes, ” Jiang Li said solemnly.

“Alright,” he said.

Bai Zifeng nodded.

In the surroundings.

Seeing how close Jiang Li and Bai Zifeng were, the Masters of heavenly law all guessed Jiang Li’s background. The Supreme God of five elements looked serious and the sky sword Saint Lord’s face turned pale.

first of all ...

The God clan would be the first to choose.

Buzzzzzz! “whoosh!!!”

Hence.

the time and space Overgod unleashed vast heavenly Dao energy, which spread out to cover the nine heavenpeak mountains and then gradually began to probe them.

Half an hour later.

the overgod of time and space made her decision.

“This is it.”

The time and space Overgod pointed at the heaven Lord peak closest to the heaven Lord statue.

“Let’s go,” he said.

Without any hesitation.

After confirming.

the time and space overgod led all the gods race’s masters of the heavenly dao toward the heaven lord peak closest to the heaven lord statue, entering it.

All of them had disappeared.

Obviously.

on the surface, the heaven Lord peak seemed like a boundless mountain with no peak to be seen, but in truth, it contained a universe and a world.

Immediately after.

In the area of the three great new generation clans.

hengji riduke and the other new born lords also chose a sky lord peak to enter.

After that.

it was bai zifeng's turn.

“Sister Zi Feng, it's that one.”

the sky Lord peak. Jiang Li pointed at the one on the East and said.

“Are you sure?”

Bai Zifeng asked.

“I'm sure,”

yes. Jiang Li nodded solemnly.

“alright,” he said.

Bai Zifeng nodded.

Buzzzzzz! Buzzzzzz!

After that.

I'm here. Bai Zifeng circulated the power of the heavenly Dao. The vast power of the heavenly Dao spread out and covered the sky peak one by one. Finally, it locked onto the easternmost sky peak that Jiang Li was pointing at.

“Let's go.”

Shua!

Bai Zifeng waved her hand.

In that instant.

A path of light was formed using the power of the heavenly Dao.

“Let’s go!”

let’s go. Bai Zifeng and Jiang Li set off first. They turned into a streak of light and entered the easternmost heaven Lord peak. The other Masters of the heavenly law of the human race also entered.

After that.

The devil clan, ghost clan, Buddhist realm, untainted land, and the new clan had also completed their selection one after another.

He entered it.

The scene changed.

Within the heaven Lord peak.

After Jiang Li and Bai Zifeng entered, they came to a dark world. They looked around and saw nothing but darkness.

“Jiang Li.”

bai zifeng shouted.

“Sister Zi Feng, I’m here.”

” yes, ” jiang li replied.

After that.

Jiang Li recalled the situation in the heaven Lord's Secret realm.

He formed a seal with both hands.

he used the power of the heavenly path to condense the seals. they all gathered together and formed a golden arrow once again.

Similarly.

Bai Zifeng also saw the Golden Arrow.

“Sister Zi Feng, follow this Golden Arrow and move forward.”

jiang li said.

“Alright,” he said.

Bai Zifeng nodded.

Shua! Shua!

hence.

Jiang Li and Bai Zifeng followed the Golden Arrow.

He continued forward.

The two of them flew for a long time.

Finally.

The Golden Arrow disappeared.

Jiang Li and Bai Zifeng also came to the edge of The Dark World. They clearly saw a black Whirlpool as tall as a person. It was the exit of The Dark World.

“We’re here.”

Jiang Li said.

“yes.”

I see. Bai Zifeng nodded and looked at Jiang Li curiously. She was surprised that Jiang Li knew the heaven Lord secret realm so well.

However ...

Since Jiang Li didn’t say anything, Bai Zifeng didn’t ask.

in reality.

even with bai zifeng’s strength as one of the three thousand dao masters, it was impossible for her to find the exit of this dark world in such a short time. it would take a lot of time.

He might even get lost.

In the end.

He was afraid that he would explode with all his power and destroy the entire dark world.

however, if he were to do so ...

The entire heaven Lord peak would be destroyed, and they would be left with nothing. This was the result of Bai Zifeng's previous attempts on the other peaks.

"Let's go," he said.

Buzzzzzz! Buzzzzzz!

jiang li and bai zifeng passed through the exit and left the dark world.

Shua!

Light appeared before his eyes.

Very quickly.

They arrived at an extremely vast space.

He looked around.

the steep mountain wall came into view.

Obviously.

This was the space within the mountain.

Right in front.

it was a massive heaven Lord sculpture.

"Sister Zi Feng,"

Jiang Li smiled and pointed at the heaven Lord statue. ” I was right, right? this heaven Lord peak contains the demigod heaven Lord’s legacy.

it’s just a statue. How can you be sure that this is the inheritance? ”

Bai Zifeng shook her head. besides, we’ve only passed one of the underworld’s tests. How could we possibly obtain the inheritance so easily? ”

“Hehe.”

Jiang Li smiled confidently. just wait and see.

“The heaven Lord seal.”

Buzzzzzz! Buzzzzzz!

Hence.

heavenly Dao. Jiang Li made another seal with his hands. The power of the heavenly Dao intertwined and formed golden runes like tadpoles.

In the end.

They were all gathered together.

It turned into the ‘heaven Lord seal’.

“Go.”

Jiang Li pointed with his right hand.

Shua!

The Golden 'heaven Lord seal' flew out and entered the center of the statue's eyebrows, disappearing.

Immediately.

Buzzzzzz! Buzzzzzz! "Whoosh!!!"

Golden lines appeared on the body of the sculpture. In the blink of an eye, they covered the entire body. The sculpture cracked in the middle, and countless golden lines gathered together.

After that.

It formed a Golden Jade slip.

Shua!

The Golden Jade slip flew out.

jiang li reached out and took the golden jade slip in his hand.

he took a closer look.

The words 'heaven Lord' appeared on the Jade slip.

"i got it."

"let's go." jiang li gestured to bai zifeng.

"this bi an ..."

Bai Zifeng was also stunned.

## Chapter 842 Dao master

He was shocked.

Bai Zifeng was indeed very surprised.

The most important thing was ...

this was way too simple.

the two of them had left the dark world easily, and now they had gotten the jade slip easily. they didn't even encounter any battles or traps.

To tell the truth.

Bai Zifeng was in disbelief.

buzzzzzz! Buzzzzzz! Wuuwuwuwu!

suddenly.

The change still happened.

In that instant.

In the position of the statue.

Time and space twisted.

it formed a terrifying black hole with a terrifying suction force. in an instant, it produced the pressure of 3000 dao masters.

This pressure appeared too quickly.

Bai Zifeng was caught off guard.

so,

She was stunned for a second.

When he finally reacted.

“Whoosh!”

bai zifeng and jiang li were both sucked into the black hole.

“not good.”

Jiang Li! Bai Zifeng was shocked. be careful.

BOOM!

In an instant.

Bai Zifeng had unleashed the power of 3000 Dao Masters.

He directly broke free from this force.

However ...

She was still a step too late.

jiang li was still sucked into the black hole and disappeared. the power of the heavenly dao around bai zifeng blocked the devouring power of the black hole.

bai zifeng's face darkened.

” demigod heaven Lord.

She looked at the terrifying black hole and said in a deep voice, ” “I’d like to see what you’re up to.”

Shua!

As soon as he finished speaking.

Bai Zifeng walked into the black hole and disappeared.

In reality.

Jiang Li was sucked in on purpose.

Buzzzzzz! Buzzzzzz!

After that.

Everything calmed down.

The black hole disappeared.

jiang li and bai zifeng were both gone.

Kachaa! Kachaa!

Immediately after.

The sculpture began to crack.

Finally.

The statue started from the top of its head and spread to its feet, gradually turning into dust and dissipating.

He had completely disappeared just like that.

At this moment.

Jiang Li entered the demigod Lord's true inheritance ground through the black hole.

He looked around.

Jiang Li found himself in a dark space again.

...

Suddenly.

Buzzzzzz! Buzzzzzz!

Right in front.

A golden light appeared.

After they gathered together.

A golden figure was formed.

this was the demigod heaven Lord.

In reality.

this was the projection left behind by the demigod heaven Lord.

“hello,” he said.

The demigod Lord seemed to be talking to Jiang Li. fated one, congratulations on entering the land of inheritance. Please take out the inheritance Jade slip.

...

“No need,”

jiang li looked up at the demigod lord.

“Let me borrow your projection.”

as soon as he finished speaking.

Jiang Li suddenly attacked.

In that instant.

The 999 types of heavenly Dao energy gathered together, strengthening the mechanical heavenly Dao to its limit. It formed a mechanical hand that grabbed at the Golden projection.

“You’re so silly!”

The Golden projection's face was filled with shock.

obviously.

He had never expected this to happen.

The golden light exploded.

The demigod Lord's projection was shattered by Jiang Li just like that.

“condense.”

Shua!

Jiang Li waved his left hand and the Golden Jade slip flew out. He made some seals with his hands and put them into the Jade slip. The Golden Jade slip started to absorb.

A golden vortex appeared in the center.

after that.

All the golden light spots were sucked into the Golden vortex.

“whoosh!!!”

At this moment.

The Golden Jade slip emitted an extremely dazzling light.

Finally.

The light dissipated.

jiang li reached out and the jade slip fell into his hand.

“Hehe.”

it’s a real inheritance. Jiang Li smiled. this is the real inheritance.

Obviously.

The Jade slip that Lao Zi gave Jiang Li not only contained information about the heaven Lord’s Secret realm but also the demigod heaven Lord’s biggest plan.

Resurrection!

That’s right.

the demigod heaven Lord truly had died, but he had left behind a wisp of his consciousness in the depths of the heaven Lord’s Secret dimension, which he could use to resurrect himself.

According to the normal procedure.

if jiang li followed the golden projection’s instructions and handed over the golden jade slip, the golden jade slip would be left behind. if jiang li accepted the inheritance, the golden jade slip would be planted with a ‘seed’.

At that time.

Jiang Li could indeed get the heaven Lord’s inheritance and even become one of the 3000 Dao Masters.

but ...

At the last moment.

the demigod heaven Lord's consciousness origin would appear.

In the end.

She was revived in Jiang Li's body.

everything was recorded clearly in the jade slip that i gave jiang li.

In reality.

In addition to the inheritance of the 3000 heavenly Dao.

There was also an inheritance.

it was the inheritance of the great dao.

Back then.

the demigod heaven Lord was indeed just one step away from breaking through to the great Dao realm, so he had recorded all the mysteries of the great Dao and hidden them in that enormous sculpture.

Similarly.

The 'inheritance of the great Dao' was also one of his plans to take the opportunity to resurrect.

Other than that.

the other eight heaven lord peaks also hid various traps set up by the demigod heaven lord, and each of them had a chance to revive.

All in all.

the demigod heaven Lord had made many preparations.

However, the sky Lord peak that Jiang Li was on did have a hidden inheritance, unlike the other sky Lord peaks where the inheritance was fake and full of danger.

kachaa! Kachaa!

immediately after.

The dark space began to crack.

“It’s almost time.”

Jiang Li put the Golden Jade slip back into his body.

After that.

boom!

the dark space was completely shattered, and a dazzling light appeared. when the light was gone, jiang li was teleported to the edge of the heaven lord secret realm.

Obviously.

this was the demigod heaven Lord’s plan to escape.

Now, it was all Jiang Li’s.

Three days later.

shua! Shua! “Whoosh!”

The heaven's path soldiers returned one after another.

Among them.

35,000 heaven's path soldiers were wasted.

After all ...

The combat power of the heaven Dao soldiers was only equivalent to the 'Dao realm', so it was not easy to get the treasures in the heaven Lord's Mystic realm. It was normal to lose so many of them.

Fortunately ...

The remaining ten thousand heaven's path soldiers.

In total, he brought back 2500 secret skills and techniques of the heavenly Dao level, 3000 seeds of enlightenment, and 1000 heavenly Dao source.

Another 1,000 heaven's path soldiers had obtained other treasures.

The 2,500 heavenly Dao soldiers came up empty-handed.

"That's enough."

Jiang Li took a deep breath and took all the treasures.

"In the current situation, I can't leave the heaven Lord secret realm. I can only find a hidden place in the heaven Lord secret realm and digest all the gains this time, turning them into battle strength. Zhao Feng's eyes gleamed with a bright light.

Jiang Li thought.

Half a day later.

Jiang Li found the place. It was on a giant peak in the remote area of the heaven Lord secret realm.

Jiang Li entered.

It was just right.

There was an independent space on this mountain for closed-door cultivation.

Within the closed-door cultivation space.

“It’s starting.”

Jiang Li took a deep breath.

After that.

He steadied his mind and adjusted his state of mind, reaching his peak.

A day later.

Buzzzzzz!

Jiang Li waved his right hand.

The golden light flew out. It was the Golden Jade slip.

Shua! shua!

seal! Jiang Li formed a seal with both hands.

Countless golden spell symbols, which looked like countless tadpoles and Dragon-shaped lights, poured into the Golden Jade slip.

It formed a golden vortex.

Shua!

Jiang Li waved his left hand.

One Jade slip after another appeared, each of which recorded one heavenly Dao grade secret skill after another, floating in the air.

“Go.”

Jiang Li pointed with his left hand.

Shua! shua! Shua!

The Jade slips were like streams of light, flying toward the Golden Jade slip and being swallowed by the Golden vortex.

there were a total of 2500 heavenly dao secret skills and secret arts.

“Again,”

buzzzzzz!

Jiang Li waved his hand again and took out 3000 seeds of Dao Comprehension. The seeds flew into the Golden Whirlpool one by one.

In the blink of an eye.

They were all devoured.

At this moment.

The Golden Jade slip started to change.

The Golden vortex grew larger and larger.

“Continue.”

Buzzzzzz!

Jiang Li took out a thousand origin of the heavenly Dao. The origin of the heavenly Dao flew into the Golden Whirlpool and was devoured.

Hence.

The Golden vortex transformed into a Golden Door.

finally ...

When Jiang Li put all the heavenly Dao secret skills, secret techniques, the seed of enlightenment, and the source of heavenly Dao into the Golden Jade slip ...

The Golden Jade slip turned into a Golden Door.

“I’ve succeeded.”

Jiang Li was overjoyed.

In reality.

This Golden Gate was the ‘gate of the heavenly Dao’.

It was the ‘gate of the heavenly Dao’, which was basically impossible to purchase in the points Mall.

“Alright,” he said.

Jiang Li couldn’t help but be overjoyed.

After calming down.

shua!

Jiang Li entered the sacred land ranking and opened the points Mall. He used all his remaining points to buy the source of heavenly Dao.

The source of heavenly Dao was kept in his body.

In reality.

The origin of the heavenly Dao could extend the time the ‘gate of the heavenly Dao’ could exist.

Without any hesitation.

Jiang Li walked towards the Golden Door and entered the world behind the door of the heavenly law.

The scene changed.

The world inside the gate of heavenly Dao was the same as the gate of all wonders. Jiang Li appeared in universe ocean and saw countless world bubbles.

It was endless.

However ...

This time.

jiang li felt the mysteries of the heavenly dao. it was like he was facing the essence of 2500 heavenly dao. he was immersed in it without knowing.

BOOM!

Half a month later.

Jiang Li's aura rose.

He had broken through.

He had successfully comprehended the 1000th heavenly Dao and fused them together to become the 1000th Dao master.

His strength had greatly increased.

Cultivation knew no time.

Jiang Li was completely immersed in it.

A thousand years later.

jiang li had merged two thousand heavenly dao.

He broke through again.

He had become 2000 Dao Masters.

However ...

The ‘gate of the heavenly Dao’ couldn’t take it anymore. The energy of the 3000 seeds of Dao Comprehension and 1000 origin of the heavenly Dao was almost used up, so Jiang Li used the origin of the heavenly Dao he bought from the points Mall.

At this moment.

in the center of the heaven Lord’s Secret dimension.

in the area where the nine heaven lord peaks and the heaven lord statue were.

BOOM!

One of the heaven Lord peaks exploded.

“Ah!”

Countless screams rang out.

“Bastard!”

Shua!

A black-robed figure flew out.

He looked closer.

It was the 3000 Dao Masters of the demon race, ‘mo Wu Tian’.

Shua! Shua! “Whoosh!”

The Masters of the heavenly law of the demon race flew out one after another.

Heavy losses.

At least two-thirds of the demon race's Masters of the heavenly law had died on this heaven Lord peak.

"We'll wait,"

mo Wu Tian's face was dark as he looked at the rest of the sky Lord peaks, "wait for them to come out.

"Yes."

"Yes, sir."

"....."

The demons from the gate of heavenly law said in unison.

Two hundred years later.

BOOM!

Another heaven Lord peak exploded.

The Masters of the heavenly law of the Buddhist realm and untainted land flew out.

Similarly.

Their faces were also gloomy.

In the following period of time.

Basically.

Every two hundred years, a heaven Lord peak would explode.

a thousand years had passed.

Inside the gate of the heavenly law.

jiang li had already merged 2999 heavenly dao. he had mastered the 3000th heavenly dao and was merging with the 3000th heaven lord.

He was about to break through.

as long as he succeeded.

Jiang Li would become one of the 3000 Dao Masters.

Chapter 843 Peak

The fusion of 3000 heavenly Dao.

At this moment.

Jiang Li was already at the end of the heavenly Dao. His body emitted an infinite amount of light that illuminated the entire world.

At this moment.

A colorful light wheel appeared behind Jiang Li, just like the Golden Wheel of merit. However, the Golden Wheel of merit was only golden, while the light wheel behind Jiang Li had countless colors overlapping.

It was extremely dreamy.

This was the wheel of light.

Half a month later.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

jiang li had stabilized his cultivation and used up all the source of the heavenly dao. it was hard for him to maintain the ‘gate of the heavenly dao’.

Kachaa! Kachaa!

The gate of the heavenly law began to collapse.

Shua!

Jiang Li stood up.

After the breakthrough.

Jiang Li walked out of the gate of heavenly law.

“3000 Dao Masters.”

Jiang Li felt the power in his body. It was indescribable. The essence of the world appeared in front of Jiang Li.

It was as if ...

There was nothing in the world that Jiang Li couldn't see through.

“Is this the power of 3000 Dao Masters?”

” it's too powerful. ” jiang li couldn't help but be immersed in it. ” even i'm scared of it. it's so powerful that it can destroy the universe. ”

“Congratulations, hegemon. You've made a breakthrough in your cultivation and grown much stronger.”

In the surroundings.

congratulations! the ten thousand heavenly Dao soldiers congratulated Jiang Li.

“yes.”

okay. Jiang Li nodded and looked at the center of the heaven Lord secret realm. His sight crossed the endless space. All nine heaven Lord peaks had collapsed.

And now.

only the heaven Lord statue was left.

The 3,000 Dao Masters were all present.

Other than that.

there were also the masters of the heavenly law and the new masters of the various races.

However ...

Jiang Li didn't see Bai Zifeng.

“Could it be that Qianqian?”

Bai Zifeng? ” Jiang Li thought for a moment and realized something. Bai Zifeng entered the heaven Lord statue? ”

At this moment.

The atmosphere was tense.

The new generation race and the living spirit race.

The battle was about to start.

One had to know.

none of them had obtained the demigod heaven Lord’s legacy, so they believed that it had been taken by someone else.

Shua!

Hence.

let’s go. Jiang Li took a step and disappeared. He crossed the space and arrived at the center of the heaven Lord’s Secret realm.

“Whoosh!!!”

The fluctuations in spacetime were extremely clear.

Jiang Li walked out of the space.

“Who is it?”

Instantly.

The Masters of the heavenly law looked over.

“Jiang Li.”

Jiang Li! the five elements Supreme God and the sky sword Saint Lord recognized Jiang Li immediately.

...

“The Overgod of the five elements,”

I’ll kill you. Jiang Li felt the five elements Supreme God’s gaze. His expression didn’t change, but his eyes were filled with killing intent. since you didn’t die on the heaven Lord peak, I’ll kill you.

Obviously.

Jiang Li didn’t beat around the bush.

as soon as he finished speaking.

” mechanical hand of the heavenly dao. ”

BOOM!

Jiang Li reached out his right hand. The power of the heavenly Dao interweaved and formed a huge mechanical hand of the heavenly Dao that grabbed at the five elements Supreme God.

Qianqian, is Jiang Li crazy? ”

The sky-Sword Saint Lord was stunned. He looked at Jiang Li with pity and shook his head.”you really don’t know what’s good for you. you actually dared to attack the overgod of the five elements.”

if I were Jiang Li, I’d stay behind Bai Zifeng and rely on her protection. That way, I won’t let the five elements Supreme God succeed.

...

“He actually dares to attack the Overgod of the five elements.”

it’s been more than 10000 years. I’m afraid Jiang Li has only merged around nine heavenly Dao. How can he be a match for the Supreme God of the five elements? ”

“Simply courting death.”

In the surroundings.

Many masters of heavenly law looked over.

they looked at jiang li and the five elements supreme god.

“What’s going on?”

The Overgod of time and space frowned.

don’t worry, Supreme God of time and space. I’ll take care of this arrogant Jiang Li right now.

the five elements overgod said quickly.

“I know of the five-element Overgod. He has already fused 999 heavenly DAOs. He is only one step away from becoming a 1000 Dao master.”

who's this Jiang Li? ”

“i've never heard of it, nor seen it.”

if I'm not mistaken, Jiang Li is under Bai Zifeng's protection.

“hehe, so it's all pretty boys!”

“You don't know what's good for you.”

a master of the heavenly law who has just been promoted to this level for less than 10000 years dares to provoke the famous Supreme God of five elements. I'd like to see how he will die.

All the Masters of the heavenly law were discussing.

Other than that.

The new masters were also watching. It was also an extremely interesting thing to see these living beings kill each other. They naturally wouldn't interrupt it. In fact, they even wanted to do it a few more times.

“Jiang Li.”

the five-elements overgod took a step forward. his face involuntarily revealed a cruel killing intent as he shouted, “Since you're looking for death, I'll fulfill your wish,”

“I'm going to kill you now.”

“The five elements heavenly Dao.”

Buzzzzzz! Buzzzzzz!

Hence.

The Overgod of the five elements unleashed a powerful might.

BOOM!

in that instant.

The five-elements Overgod's aura grew stronger and stronger. His cultivation base had actually broken through.

now.

Yet, he had fused 1000.

He had just broken through to the level of 1000 Dao Masters.

“I'll let you have a taste of the power of 1000 path Masters.”

The Overgod of five elements shouted.

“Five elements heavenly Dao sword!”

clang!

The power of the heavenly path fused and transformed into a huge five-colored long sword. It was extremely dazzling and shook the surroundings, producing all kinds of fluctuations.

It stabbed straight at him.

BOOM!

In that instant.

The two attacks collided.

A battle at the heavenly Dao level.

It was as if there was no sound.

Kachaa! Kachaa!

The sound of glass cracking was heard.

Bang!

The five elements heavenly Dao sword shattered.

Jiang Li's mechanical hand of the heavenly Dao grabbed the sword of the five elements heavenly Dao and crushed it into pieces.

But if ...

The five elements sword of heavenly Dao was like a toy in front of Jiang Li.

Jiang Li's mechanical hand of the heavenly Dao was like steel, while the Supreme God's sword of the five elements heavenly Dao was like a low-quality plastic.

The difference was too great.

“no! No!”

The five elements Overgod was completely stunned. He stared blankly at the sword of the five elements heavenly Dao that had been crushed. A bone-piercing chill emerged in his heart. This is absolutely impossible!”

“What?”

” jiang zhizhi, jiang li! ” holy lord sky sword shrieked and was stunned. ” jiang zhizhi, jiang li, hehe, hehe! the five-element supreme god didn’t break through to the level of a thousand dao masters! ”

“Si si si ...”

In the surroundings.

The sound of gasps could be heard.

He looked extremely shocked.

the five-element Supreme God has become a thousand Dao Masters. Although he’s only merged a thousand heavenly Dao, it’s still a thousand Dao Masters. Jiang Li crushed the five-element heavenly Dao sword of the five-element Supreme God. ”

such strength, such power, such realm!

“I’m afraid that he’s at least at the level of two thousand Dao Masters. Otherwise, it’s impossible for him to do this.”

“We were all wrong!”

“Ten thousand years! It was only ten thousand years! Jiang Li has just become the master of the heavenly law and now he’s 3000 Dao Masters!”

“oh my god!”

” this is far too terrifying. This sort of talent is even more terrifying than the demigod heaven Lord’s.

“Is this true?”

“.....”

the masters of the heavenly law were discussing among themselves.

“This power ...”

the time and space supreme god looked serious. he fixed his eyes on jiang li and said in a deep voice, ” I knew it. Bai Zifeng wouldn’t be so friendly to an unknown master of the heavenly law for no reason. I’m afraid this Jiang Li is close to 3000 Dao Masters.

In reality.

not just the overgod of time and space.

Wutian mo, Fengdu, Yao Qingtian, man Ji, Tathagata, Peacock Plume, and the three new path Masters of the new path also looked slightly serious.

Obviously.

They also realized how powerful Jiang Li was.

“Ah!”

The Overgod of the five elements shouted.

At this moment.

He had completely exploded.

buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

the 1,000 types of heavenly energy fused together and the five elements wheel manifested. his body turned into the five elements and shone with boundless radiance, turning into an incomparably huge five elements wheel.

after that.

It cut towards Jiang Li.

“the five elements heavenly dao light wheel!”

Shua!

The light wheel cut through the air and slashed at Jiang Li.

“Shatter!”

Jiang Li didn't use any new moves. The huge mechanical hand of the heavenly Dao quickly grabbed the five elements wheel of light.

Bang Bang Bang Bang!

It could be seen.

The five elements heavenly Dao light wheel was like a spinning blade that kept cutting at the mechanical hand of the heavenly Dao.

“Ah!”

The five elements Overgod's shouts continued to ring out.

Kachaa!

In the end.

stop! Jiang Li used his right hand to stop the five elements wheel of heavenly Dao from spinning. The power of the heavenly Dao rushed out and the wheel exploded.

“Ah!”

This time.

The five elements Overgod’s miserable shrieks resounded in the surroundings.

On the battlefield.

The five elements Supreme God spat out blood. His body was caught by Jiang Li’s mechanical hand of the heavenly Dao. He kept releasing the power of the five elements heavenly Dao, trying to break through Jiang Li’s restraint.

However ...

Jiang Li’s mechanical hand of the heavenly Dao seemed to be made of iron. No matter how hard the Supreme God of five elements struggled, he couldn’t move it at all.

At this very moment.

Only then did the Overgod of the five elements personally experience what it felt like to be in such a desperate situation.

“Spare Qianqian, spare my life!”

the overgod of the five elements was utterly terrified.

“Have a safe trip.”

” you’re right, ” jiang li said indifferently.

boom!

After that.

Jiang Li clenched his right hand.

“Ah!”

Pfff!

Blood splattered everywhere.

The divine blood of the five elements Supreme God spurted out from the gaps between the fingers of the mechanical hand of heavenly Dao and splattered all over the place. When Jiang Li opened his hand, the body of the five elements Supreme God was no longer human.

However ...

the five elements overgod, however, did not die. he had tasted endless pain.

“So miserable!”

“it’s really too tragic.”

“The difference is too great.”

I thought Jiang Li would be crushed, but it turned out to be the Supreme God of five elements. He can’t fight back at all.

“Yup!”

you know, Jiang Li only used one move from the beginning to the end. He formed a huge mechanical hand of the heavenly Dao with his vast power of the heavenly Dao and crushed the five elements Supreme God to death.

“It’s as easy as crushing an ant.”

“.....”

The Masters of the heavenly law were more and more in awe of Jiang Li. They didn’t dare to criticize him anymore. Even those who said bad things about Jiang Li just now were nervous, afraid that Jiang Li would take revenge.

## Chapter 844 The God of War

“I almost forgot that I still have you.”

buzzzzzz!

jiang li glanced at the masters of the heavenly dao and fixed his eyes on the sky sword saint lord. he flicked his left hand and the power of three thousand dao masters gathered into another giant mechanical hand of the heavenly dao.

He grabbed at sacred Lord sky-sword.

“Jiang Zhizhi, Lord Jiang Li.”

Sacred Lord sky-sword was terrified.

one had to know.

Even the five-element Supreme God, who had reached the level of 1000 Dao Masters, couldn't resist Jiang Li's mechanical hand of the heavenly Dao, let alone sacred Lord sky sword, who had only merged a few hundred heavenly Dao.

It was even more impossible to block.

"Spare me! Spare me!"

Sacred Lord sky-sword cried.

"You're noisy."

Jiang Li's eyes were cold without any pity.

clang! Clang! Clang!

In that instant.

The sky-Sword Saint Lord exploded with all his power, releasing boundless sword Qi. It was as if all the swords in the world had appeared, and it was as if ten thousand swords had returned to their roots.

Bang Bang Bang Bang!

countless explosions were heard.

Countless sword Qi and sword shadows stabbed toward the mechanical hand of the heavenly Dao, but they all shattered. It was as if the mechanical hand of the heavenly Dao was made of steel, while the sword Qi and sword shadows of the heavenly Sword sacred Lord were like bubbles. They were even weaker than the Supreme gods of the five elements.

"No!"

Sacred Lord sky-sword wailed in despair.

BOOM!

An explosion sounded.

Jiang Li grabbed Saint Lord sky sword and crushed him to death. The five elements Supreme God lost his life force and died on the spot.

buzzzzzz! Buzzzzzz!

immediately after.

Two light sources flew out of the two bodies and quickly flew to Jiang Li.

Shua!

[ captured one origin of the five elements heavenly Dao! ]

.....

[ captured one sword Dao heavenly Dao origin! ]

.....

Two notifications appeared.

In the surroundings.

it was so quiet that one could hear a pin drop.

“I’m just settling some personal grudges,”

I'll go. Jiang Li glanced at the Masters of the heavenly law and said.

"....."

none of the masters of the heavenly law dared to say anything.

"I should, I should."

Even the Masters of the heavenly law of the Buddhist realm and untainted land were fawning over him.

"Hmph!"

At this moment.

A middle-aged man with a rough face walked out from the Shen clan's side. He was burly and contained a majestic fighting will. He was wearing black armor.

"Jiang Li."

The celestial looked straight at him and shouted, "you've killed the five-element Supreme God in front of our gods race. I'm afraid you don't put us in your eyes.

I'm here. Jiang Li smiled. I'm standing right here. If you want to avenge the Supreme God of the five elements, you can try.

"Of course."

"don't worry," jiang li said again. "if you do, don't blame me for not showing mercy."

"Arrogant."

the middle-aged god rebuked, ” you really have no shame in boasting. let’s not talk about the fact that there are only 1000 dao masters among the five-element overgod. there are still 2000 dao masters above him, as well as the time and space overgod. do you really think that you are invincible? ”

“I, Wu GE, will test your methods.”

As soon as he finished speaking.

...

“God of War axe.”

BOOM!

Jiang Li! Wu GE charged at Jiang Li.

In that instant.

A terrifying Black Axe appeared. It fell from the sky and struck at Jiang Li.

“Mechanical heavenly Dao axe!”

jiang li waved his right hand. the mechanical heavenly dao combined the power of three thousand heavenly dao and formed a giant axe.

Bang!

The two collided.

They exploded at the same time.

The mechanical heavenly Dao axe and the war god axe exploded at the same time.

...

“Alright!”

The God of War, Wu GE, was forced back by the aftermath of the explosion.

Shua!

Jiang Li stepped back to avoid the remaining force.

“Very good!”

the war god wu ge’s fighting spirit was high. ” your strength is indeed not bad. you’ve already reached the level of 2000 dao masters, and i’m afraid you’re close to 3000. no wonder the five elements overgod was unable to fight back at all. ”

you’ve caught my attention. It’s enough for me to use my full strength.

As soon as he finished speaking.

Kachaa! Crack! Crack!

After that.

the black armor on wu ge’s body began to crack and fall off, revealing steel-like muscles and bronze-colored skin.

Not only that.

With every piece of black armor that fell off, Wu GE’s aura grew stronger.

Obviously.

The black armor on Wu GE's body wasn't his magic treasure. Instead, it was a limiter that suppressed and restricted his power. Now, he had removed it.

Hence.

It was like a demon unraveling its seal.

A terrifying battle intent spread.

In that instant.

it covered more than half of the heaven lord's secret dimension.

very strong!

It was extremely powerful!

"War god, it's actually the Lord war god."

"I didn't think that Lord war god would actually make a move."

"si si si ..."

you must know that Lord Wu GE has already reached the 2000 Dao Masters level. He has already reached the limit of 2000 Dao Masters and is approaching 3000.

"lord wu ge's main cultivation is the 'battle heavenly dao'. back then, lord wu ge was immersed in battle and was completely controlled by the will of battle. he was almost killed by lord gods race's overlord. it was lord time and space supreme god who saved his life and made him a subordinate of lord time and space supreme god. "

Lord Wu GE, the God of War, is going to attack. Jiang Li will lose for sure.

“Naturally.”

“The time and space Overgod personally said that if the war god Wu GE enters a frenzied ‘battle state’, even he would find it difficult to take him down.”

“.....”

The gods race’s Masters of the heavenly law discussed animatedly.

“Kekekekekekeke”

wu ge’s eyes were scarlet red, and a black mist emerged from his body. he was filled with endless madness and a terrifying power exploded.

“Kill!”

BOOM!

die! Wu GE roared and charged at Jiang Li. He clenched his right fist and punched at Jiang Li’s head. His fist was covered in the power of the heavenly Dao.

“Mechanical true body.”

Buzzzzzz! Buzzzzzz!

jiang li waved his right hand.

After that.

The vast mechanical heavenly Dao gushed out and three thousand types of heavenly Dao power were released. A mechanical true body was formed in front of Jiang Li.

He took a closer look.

The mechanical true body looked exactly the same as Jiang Li.

“Kill!”

The mechanical true body opened, and its battle intent went crazy. It charged directly at Wu GE, the God of War. The two sides fought just like that, like two battle maniacs.

Bang Bang Bang Bang!

the two sides fought, and each collision was like the collision of two vast universes. heavenly dao level fluctuations kept spreading out, and countless huge peaks collapsed in the surroundings.

It could be said that ...

the entire heaven Lord's Secret dimension had already been reduced to ruins.

The two sides were locked in battle.

However ...

The outcome had already been decided.

Because ...

Jiang Li had only merged the power of the mechanical heavenly Dao with the 3000 heavenly Dao to form a powerful mechanical true body, but he was already able to fight Wu GE.

“This Suan ni, this Suan ni”

Shocking!

It was extremely shocking!

In the surroundings.

the masters of the heavenly law of the various races, as well as the new generation masters of the new generation, all looked at the battlefield where wu ge, the god of war, and the mechanical true body were fighting.

They looked at the combat power of the two sides, which were on par with each other, and even their mechanical true bodies had the upper hand.

He was too strong!

He was simply too strong!

One had to know.

It was just a mechanical body that Jiang Li created!

it was already so terrifying.

It was hard to imagine.

How powerful would Jiang Li be if he fought in person?

In other words ...

The five elements Supreme God and the sky sword Saint Lord had died a worthy death for Jiang Li to deal with them personally.

“It’s truly terrifying.”

I can't believe Wu GE was forced to this extent. It's just a mechanical true body that Jiang Li formed!

"He's too strong."

"....."

All the races exclaimed in admiration.

"How is that possible? This is impossible!"

"wargod wu ge is the limit of two thousand dao masters!"

" how did this happen?! "

"this is too terrifying!"

is Qianqian? is Jiang Li Qianqian? is he Qianqian?"

"3000 Dao Masters!"

The God clan members shouted in fear.

"Hu ~~ Hu ~ Hu ~"

The time and space Overgod let out a breath of turbid air. His gaze moved away from Wu GE and his mechanical true body. His eyes were filled with the convergence of various heavenly Dao trajectories, forming the 'eyes of 3000 Dao Masters'.

After that.

the supreme god of time and space saw the 'wheel of light of the heavenly path' on jiang li, which only 3000 dao masters had.

“3000 Dao Masters.”

The Overgod of time and space said.

“Yes.”

Mo Wu Tian nodded his head solemnly, ” it’s another 3000 Dao Masters.

“I didn’t expect this.”

other than Bai Zifeng, the martial immortal court has also sent another 3000 Dao Masters, ” Yao Qingtian said. they’ve sent a total of two of them into the heaven Lord’s Secret realm.

“No!”

No. man Ji shook his head. if you look closely, you’ll see that Jiang Li’s heavenly Dao light wheel has just been formed. He just broke through.

“This bi an ...”

The referee was stunned.

“.....”

The other 3,000 Dao Masters were silent.

“Ah!”

At this moment.

The God of War Wu GE shouted, and a terrifying battle intent erupted. He had entered a ‘crazy battle state’ and had already lost his mind. All that was left was to fight, to defeat or kill the enemy in front of him.

“Kill! kill! Kill!”

“Rumble!”

Wu GE, the God of War, charged.

“Kill him!”

mechanical true body. Jiang Li waved his right hand.

Buzzzzzz!

Hence.

mechanical true body. Jiang Li formed another mechanical true body.

the two true mechanical bodies surrounded wu ge.

An intense battle erupted.

“Ah!”

Wu GE’s miserable cry sounded.

Pfft! Pfft!

blood splattered everywhere.

Wu GE's left arm was cut off from his shoulder.

After that.

limb regeneration.

Wu GE's broken arm grew back.

"That's enough,"

Buzzzzzz!

The time and space Overgod frowned. He immediately made a move, and the hand of time and space flickered, causing an unfathomable change in time and space. He pulled back the God of War Wu GE.

Shua!

After that.

Wu GE, the God of War, was pulled out by the Supreme God of time and space.

the god of war, wu ge, disappeared.

in the blink of an eye.

He appeared next to the Overgod of time and space.

"Imprisonment."

Kachaa! Kachaa!

The time and space Overgod pointed with his left hand, and the vast power of the time and space heavenly Dao condensed. It contaminated Wu GE's energy and turned pitch-black.

In the end.

It formed a full body armor that imprisoned Wu GE.

The God of War Wu GE returned to normal.

It could be seen from this.

The time and space Supreme God could easily suppress and imprison the war god Wu GE. The so-called war god Wu GE entering a frenzied battle state was something that even the time and space Supreme God would find difficult to do. It was simply a fake and just a rumor.

“Jiang Li.”

“Since you've already become 3000 Dao Masters, why hide it?” the Overgod of time and space asked.

“Do I need you to teach me what I want to do?”

Jiang Li frowned.

Shua! Shua!

The mechanical true body returned to Jiang Li's side and disappeared into his body.

Chapter 845 Great battle

Jiang Li and the Supreme God of time and space started fighting. Their invisible auras suddenly became tangible. The collision of auras caused a series of explosions.

It created a distortion in time and space.

BOOM!

At this moment.

the enormous heaven Lord sculpture exploded.

There were all sorts of lights.

It attracted the attention of all the existences present, and they all looked over.

“What’s going on?”

” why did that heaven lord sculpture explode? ” zhao feng was stunned.

“What happened?”

“.....”

In the surroundings.

the master of the heavenly law and the lord of bizarreness shouted one after another.

All 3,000 Dao Masters looked over.

Shua!

Immediately after.

a purple figure flew out from the explosion.

He took a closer look.

It was Bai Zifeng.

“Jiang Li.”

“Let’s go,” Bai Zifeng shouted.

buzzzzzz!

As soon as he finished speaking.

let’s go. Bai Zifeng grabbed Jiang Li’s left hand and entered the space of universe ocean. She flew to the exit of the heaven Lord secret realm at her maximum speed.

“Bai Zifeng!”

“It’s her!”

“Why did Bai Zifeng run away?”

I’ve guessed what this bi ‘an is like. Bai Zifeng must have stolen the heaven Lord’s legacy. That’s why she’s running, ” another elder said.

“That’s right.”

“that must be it.”

“Chase!”

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Hence.

mo wutian, yao qingtian, man ji, fengdu, tathagata, peacock plume, and the other 3000 dao masters turned into streams of light and chased after bai zifeng.

“Chase!”

Without any hesitation.

The Overgod of time and space gave chase as well.

Immediately after.

“Stop her!”

” I can’t let her leave the heaven Lord’s Secret realm.

the heaven Lord Mystic realm definitely has inheritances that can allow one to break through to the great Dao realm.

“Kill!”

Hence.

The three new path Masters also led the other new path Masters in pursuit of Bai Zifeng.

Kachaa! Kachaa! “Crack!”

At the same time.

the heaven Lord's Secret realm was beginning to collapse.

Countless cracks appeared on the light barrier, as if it was the crack in the sky. It was already unable to withstand the pressure and was about to collapse.

In the blink of an eye.

Jiang Li and Bai Zifeng flew to the exit of the heaven Lord's Secret realm.

but ...

The time and space Overgod and the others had caught up.

"Bai Zifeng,"

...

The Overgod of time and space roared.

"Get lost," he said.

Buzzzzzz!

Hmph! Bai Zifeng snorted and waved her hand. In an instant, endless flames poured out. Each flame turned into a Phoenix.

"Space-time heavenly Dao sword."

Shua!

The time and space Overgod waved his right hand, and the power of the time and space heavenly Dao took the shape of a sword. It cut through the void of universe ocean and destroyed the nine Heavens fire phoenixes one after another.

“Boundless demonic path.”

Buzzzzzz!

At the same time.

die! Wutian mo charged forward as well. He pushed both his hands forward, and the power of the demonic Dao surged, forming a black hole-like vortex that enveloped Bai Zifeng.

...

“Sister Zi Feng, I’ll give you a hand.”

stop! Jiang Li shouted.

” mechanical hand of the heavenly dao. ”

Buzzzzzz!

mechanical heavenly Dao. Jiang Li extended his right palm. The power of the mechanical heavenly Dao gathered and turned into a giant palm, blocking Wutian Mo’s boundless demonic Dao.

Bang Bang Bang Bang!

The sound of explosions continued.

“You’re so silly!”

Bai Zifeng was stunned. She looked at Jiang Li in disbelief and said, "Jiang Li, you've already reached the 3000th path master level.

"yes."

yes. Jiang Li nodded and said, "I got the inheritance of the demigod Lord and opened the 'gate of the heavenly Dao'. It took me a thousand years to merge with three thousand heavenly Dao.

"The inheritance."

"Really?" Bai Zifeng was shocked and shouted. "This inheritance is a trap set up by the heaven Lord. If you truly fuse with the demigod heaven Lord's inheritance, the heaven Lord will probably take over your body."

"Quickly cripple it."

"Don't worry."

I've solved it, "Jiang Li said with a smile. I've solved it.

"Is that true?"

Bai Zifeng asked.

"Yes."

"yes." Jiang Li nodded solemnly.

"Alright," he said.

since you've become one of the 3000 path Masters, we have nothing to be afraid of, "Bai Zifeng said with a smile. there's no need to run.

“Jiang Li.”

Bai Zifeng said in a ‘heroic’ manner,”Do you dare to fight against these 3000 Dao Masters?”

“i can’t ask for more.”

Jiang Li said.

shua! Shua! “Whoosh!”

At this moment.

In the surroundings.

All the 3000 Dao Masters had caught up. The Masters of the heavenly law surrounded Jiang Li and Bai Zifeng in the middle.

Not far away.

The three new Dao Masters were watching the show.

“It’s internal strife again,”

Hengji riduoke laughed.

“Yes,”

it’s not the first time we’ve seen this, ” said Merlin with a smile.

“That’s right.”

Modork Skoda gilya said, " it's precisely because these life spirit races like to have internal strife and kill each other that they have been abandoned by universe ocean. it's only because of this that we, the new life race, can bring new life to universe ocean. "

"Bai Zifeng,"

" you took the demigod heaven Lord's legacy, didn't you? " Yao Qingtian shouted.

"Quickly hand it over."

Mo Wu Tian said in a low voice.

"You already have nowhere to run."

Man Ji said.

"....."

The other 3,000 Dao Masters remained silent.

However ...

Their actions also showed their attitude.

"Just you guys?"

Bai Zifeng sneered.

Buzzzzzz!

As soon as he finished speaking.

Bai Zifeng spread out her arms. In that instant, she seemed to have transformed into an endless sea of cosmic fire, as if a world filled with endless purple flames had appeared.

In reality.

Bai Zifeng's main heavenly Dao was not fire, but the 'godly beast heavenly Dao'. She could control the power of all the godly beasts in universe ocean.

It transformed into all sorts of divine beasts.

A Phoenix.

It was just one of them.

"kill!"

Roar! Roar! "Roar!"

Bai Zifeng summoned the true dragon, Phoenix, Qilin, Xuanwu, and other divine beasts. They attacked the Supreme God of time and space, mo Wutian, Yao Qingtian, man Ji, Fengdu, Tathagata, and the peacock Plume.

There were a total of seven 3000 Dao Masters.

At this moment.

Bai Zifeng wanted to fight one against seven.

"You have guts."

Bai Zifeng, you're so arrogant, " man Ji roared. how dare you fight against seven people at once? you really don't take us seriously. I'll make you pay for this.

BOOM!

Man Ji charged towards Bai Zifeng.

“You’re looking for death.”

Mo Wu Tian’s eyes were cold.

“Kill!”

Yao Qingtian charged toward Bai Zifeng.

“Amitabha.”

tathagata even chanted the name of buddha. his entire body was golden, as if the golden buddha statue in the temple had come to life. ” karma tathagata divine palm. ”

BOOM!

The Golden Buddha’s Palm descended, suppressing Bai Zifeng.

“Die!”

The peacock Plume also charged toward Bai Zifeng.

BOOM! BOOM! BOOM!

The divine beasts rushed forward and blocked the seven 3000 path Masters.

“the divine beast realm.”

Buzzzzzz!

Bai Zifeng performed the Super power of the heavenly path. In an instant, a realm of the divine beast was formed and it enveloped the seven 3000 path Masters.

“Spacetime world.”

“Infinite Devil World.”

“The Rulai Buddha realm.”

“.....”

Instantly.

The seven 3,000 Dao Masters also immediately executed their heavenly Dao sacred art.

A battle of three thousand Dao Masters erupted.

The aftermath of the heavenly Dao level shook the surroundings, crushing the space of universe ocean. The surrounding Masters of heavenly Dao quickly dodged to avoid the aftermath of the battle.

“So powerful.”

seven? ” Jiang Li was surprised to see Bai Zifeng fighting seven by herself. sister Zifeng is so strong. She can fight seven by herself and even has the upper hand.

“Kill!”

At this moment.

The 1,000 and 2000 Dao Masters from the various races reacted and quickly surrounded Jiang Li. Countless heavenly Dao powers attacked him.

“Hurry up and help.”

“Kill!”

Immediately after.

the masters of the heavenly law of the human race immediately rushed forward.

Hence.

A chaotic battle broke out.

“God of War axe.”

At this moment.

Wu GE took advantage of the chaos to attack Jiang Li. He swung his axe and split the void of universe ocean.

“You’re looking for death.”

boom!

Jiang Li’s eyes were cold. He raised his hand and shattered Wu GE’s axe. He disappeared and instantly appeared behind Wu GE.

“You’re so silly!”

Wargod Wu GE was stunned.

“Die,” he said.

Jiang Li reached out his right hand and formed a powerful mechanical hand of the heavenly Dao. Wu GE used the power of the heavenly Dao of battle, but he was suppressed.

“No!”

Wu GE, the God of War, was terrified.

Pfft!

Black divine blood splattered everywhere.

Wu GE! Jiang Li crushed Wu GE, who had 2000 Dao Masters, to death.

“Kill!”

let’s go! Jiang Li shouted and charged into the battlefield. He waved his right hand and formed nine mechanical true bodies, each of which was stronger than Wu GE.

“Ah!”

Countless screams rang out.

Jiang Li was like a tiger in a flock of sheep. With his strength as a 3000 Dao Lord and the help of the master of the heavenly law of the human race, the Masters of the heavenly law of the other races were like mud in Jiang Li’s hands.

Not long after.

19 Masters of heavenly law died in Jiang Li’s hands.

“retreat! quickly retreat!”

“Si si si ...”

he’s too strong. Jiang Li is too strong.

3000 Dao Masters. Jiang Li really is 3000 Dao Masters.

“We are no match for him at all.”

“Quickly retreat!”

They roared.

“Bastard!”

Mo Wutian and the others were also gloomy when they saw Jiang Li killing the Masters of the heavenly Dao. They wanted to free their hands, but they found that they had no chance at all.

Because ...

Bai Zifeng’s strength had exceeded their expectations.

Originally.

They had thought that since they were all 3000 path Masters, their strength should not be too different. However, when the battle began, they realized that this was not the case at all.

First of all ...

Bai Zifeng had several ‘weapons of Dao’ in her hands.

A great Dao weapon.

It was a weapon specially forged by the Five Ancestors of the human race. It contained a portion of the power of the great Dao realm and suppressed the Supreme God of time and space and forced them to retreat.

Furthermore ...

Even if the Overgod of time and space took out a great Dao weapon, he was still no match for them.

Because ...

They realized that Bai Zifeng had already vaguely touched the level of the great Dao realm.

This was very terrifying.

In such a situation.

It was clear that Zi Feng had a 90% chance of breaking through to the great Dao realm and becoming the 'authority holder'. She might even surpass the 'authority holder' and reach the level of the Five Ancestors of the human race.

Thinking of this ...

The Overgod of time and space felt fear in his heart.

This was because if Bai Zifeng really broke through, she would take revenge. With the power of the time and space Overgod and the others, they would die without a doubt.

Hence.

the time and space overgod and the others looked at each other, then retreated at the same time. they had all stopped.

In other words.

they all admitted defeat.

## Chapter 846 Resurrection

” this is ... ” jiang li was surprised that the super battle that had almost reached its peak ended so dramatically.

Furthermore ...

When the Masters of the heavenly Dao of the various races saw the seven 3000 Dao Masters surrender collectively, they were even more in awe.

Buzzzzzz!

Bai Zifeng retracted her power.

In the blink of an eye.

All the divine beasts disappeared.

the terrifying fluctuations of the heavenly dao also disappeared.

“Let’s go,” he said.

Bai Zifeng said to Jiang Li.

“yes.”

okay. Jiang Li nodded. He looked at the time and space overgods who had their heads lowered and smiled. Then he was about to leave with Bai Zifeng.

After that.

Jiang Li and Bai Zifeng left the heaven Lord secret realm through the whirlpool exit. After they walked in, they both disappeared.

“Let’s go,” he said.

The Overgod of time and space led the Masters of the heavenly law from the various races away.

In the blink of an eye.

The entire heaven Lord Mystic realm was left with the new generation.

“heaven lord,”

At this moment.

Hengji ridoko said.

“they’ve already left.”

Merlin said.

“it’s time for you to show yourself.”

Modork scridagia said.

After that.

As soon as the three new path Masters finished speaking ...

Immediately after.

behind the three of them, a new student walked out. he had a slender figure and a delicate face, just like a pale scholar.

“Thank you for your help,”

The pale-faced scholar cupped his hands. it’s a pity. I’ve prepared so many methods. Although I was resurrected in the end, I was resurrected in my worst state.

“It’s good enough that you can be resurrected.”

Merlin said.

“Heaven Lord,”

Modork scridagia said, ” since we’ve already followed your instructions and helped you resurrect, even at the expense of a new master ... ”

“You should keep your promise.”

“don’t worry,”

as long as I recover my full strength, ” the pale-faced scholar,’heaven Lord’, said, ” I even have hope of taking a step further and stepping into the great Dao realm.

“When the time comes, I’ll help you.”

” moreover, i was resurrected as a strange, no, a ‘new born’. therefore, i am naturally no longer a demigod or a mixed-blood alien race. i am just like you, a member of the new born. ”

“With my understanding of the six clans” immortal court, you will definitely succeed with my help.”

“I hope it’s as you said.”

Hengji ridoko snorted coldly.

“the heaven lord summons.”

Buzzzzzz!

Immediately after.

” break! the heaven Lord waved his right hand and used some sort of secret art that covered the entire heaven Lord’s Secret realm, causing streams of light to fly in from all directions.

all of them fused into the heaven Lord’s body.

“there’s only so little left.”

The heaven Lord frowned, ” who took away the treasures of the major peaks and main peak? But it doesn’t matter. Even if I lose these things, it’ll just take a little more time to recover.”

Very quickly.

the heaven Lord’s brow relaxed.

Obviously.

...

the heaven Lord had truly been resurrected.

furthermore ...

He even made a deal with the new generation race. The new generation race would help him revive, and he would help the new generation race deal with the immortal court of the six races. He would destroy the life spirit race and bring new life to universe ocean.

Buzzzzzz! Buzzzzzz!

After that.

the heaven Lord and the new life race members also left the heaven Lord secret dimension.

BOOM!

In the end.

With an explosion, the heaven Lord's Secret realm became a speck of dust in history, disappearing into the boundary of 'nothingness' and 'existence'.

At this moment.

After Jiang Li and Bai Zifeng came out, they returned to the immortal Palace Island through the plane channel. The Masters of the heavenly law of the human race who survived also returned.

...

Half a month later.

Bai Zifeng had gone into seclusion in the depths of the ancestral land of the immortal court.

so,

Jiang Li left the martial immortal court of the human race and returned to the multiverse world through the plane channel. When he left, he was only an ordinary master of the heavenly law who passed through four heavenly laws, but when he returned, he was already 3000 Dao Masters.

It could be said that ...

Jiang Li was already at the top of universe ocean.

Over a thousand years had passed.

Jiang Li returned to the universe world.

The changes were naturally not small.

Unknowingly.

The solar system had become the 'Holy Land' of the multiverse, and earth had also become the 'Holy core' of the multiverse. The Jiang family was also flourishing, and the traces of the Jiang family's branch family had even spread throughout the entire multiverse.

This time.

After Jiang Li came back, he met his parents and sister-in-law first.

in addition.

The 'super divine mecha Army' had developed a new type of soldier that surpassed the 'heavenly Dao soldier type' based on the 'origin of the new master' and the 'origin of the heavenly Dao'.

They were the strange origin source soldier types and the heavenly Dao origin source soldier types.

These two new types of soldiers required the origin of the new master and the master of the heavenly law to create, and the consumption of origin was also extremely terrifying.

It was already ten thousand times the number of heaven's path soldiers.

In addition.

After Jiang Li reached the level of 3000 Dao Masters, he could already sense the existence of the 'super divine mechanical Army'. It was like the beginning of everything.

It was like a 'singularity'.

Rumors.

The birth of the universe originated from a 'Big Bang', and the existence of the 'super mech Army' was such a 'singularity'.

It existed in Jiang Li's mind.

one had to know.

The 'super mech Army' was originally a 'toy' created by the will of the 'great universe'.

That's right.

It was a toy.

Because ...

the level of the 'super mechanical army' was too low in the past, so it could only create level 12 mechanical soldiers. now, jiang li could easily create a game system similar to the 'super mechanical army'.

However, things were different now.

Back then.

After the great cosmos world's will collided with ancestor White's will contained in ancestor White's order, the 'super divine mechanical Army' absorbed the origin of the two's will and experienced an unprecedented evolution.

One had to know.

Ancestor white.

They were actually the ‘Five Ancestors’.

However ...

Ancestor white was just another form of address.

It was as if everyone had other nicknames.

” i wonder what kind of surprise will be produced by the ‘super divine mechanical army’? ”

Jiang Li thought.

in addition.

The human martial immortal court.

after learning that ‘bai zifeng’ had gone to the immortal court’s ancestral land to cultivate in seclusion, she estimated that there was a 90% chance that bai zifeng would break through to the great dao realm after she came out.

Furthermore ...

He also learned that Jiang Li had become one of the 3000 Dao Masters from a newly-promoted master of the heavenly law in just 10000 years.

Hence.

Whitty was getting restless.

so,

a month later.

Within the sacred land rankings.

buzzzzzz! Buzzzzzz!

Jiang Li's mind embodiment met with Whitty's emissary.

Saint Lord Jiang Li.

I'm sorry. Bai Lingquan apologized to Jiang Li in person and even kneeled down and kowtowed to him without hesitation. I was possessed and changed the teleportation formation. That's why you were allowed to enter the new generation's territory.

"Please forgive me."

he said.

Whitty took out a large number of precious treasures.

heavenly dao secret arts, the seed of dao comprehension, the source of heavenly dao, and so on.

Even ...

There was also a great Dao artifact.

It was a green three-legged cauldron.

It was called the bronze cauldron.

One had to know.

The bronze cauldron was the original treasure of Whitty's master. He had paid a great price and spent hundreds of thousands of years of accumulated merit points to get it.

It could be seen from this.

The white spirit authority's envoy was deeply regretful.

"You're being too serious, Lord Bai Ling,"

it's over. Jiang Li took all the treasures silently. it's all in the past. I didn't take it to heart.

"Alright, alright, alright."

The Whitty leader heaved a sigh of relief.

Hence.

After talking for a while.

Jiang Li separated from the white spirit authority.

Buzzzzzz!

Jiang Li used some points to teleport all the 'treasures' that Bai Lingquan had given him through the 'Holy Land list'.

Heavenly Dao secret skills, the seed of Dao Comprehension, the source of heavenly Dao, and so on.

Jiang Li didn't really care.

Because ...

Jiang Li was already 3000 Dao Masters, so treasures of this level were useless to him, but he could keep them and reward the Jiang family's descendants.

In reality.

What Jiang Li was most concerned about was the Dao weapon. It was a bronze cauldron.

back in the heaven Lord's Secret realm.

bai zifeng was fighting the seven 3000 dao masters.

They had all used a 'great Dao weapon'. With the help of the 'great Dao weapon', the 3000 Dao Masters could unleash a combat power close to the 'great Dao realm'. Their power was extremely strong.

so,

jiang li also wanted a weapon of dao.

however ...

although the holy land ranking's points mall had great dao weapons, it required a huge amount of points and a large number of merit points.

One had to know.

Achievement points and points were different.

Points could only be obtained by killing the newborn race, but merit points could only be obtained by making contributions to the six clans 'immortal court.

As for the Whitty's envoy ...

It could be seen.

He didn't dare to offend Jiang Li anymore.

As for the apology from the white spirit Lord ...

sure. Jiang Li accepted it because he could get so many benefits. As for whether they would cause him trouble in the future, that was a matter for the future.

If she was in a good mood, she would let him go. If she was in a bad mood, she would not let him go.

Three days later.

Jiang Li started to cultivate in seclusion.

On the planet of seclusion.

jiang li asked hidden dragon to build a 'seclusion planet' for cultivation and seclusion. he set up many formations that were suitable for cultivation.

Buzzzzzz! Buzzzzzz! "Whoosh!!!"

Jiang Li started to turn the mechanical heavenly Dao into a Dao seal and merged it into the bronze cauldron. He started to refine and control the weapon of great Dao. it was a bronze cauldron.

Nine years later.

Clang!

the bronze cauldron made a loud noise.

jiang li successfully took control of the bronze cauldron.

Shua!

Jiang Li waved his right hand and the bronze cauldron flew into his hand. It became the size of his palm. From now on, Jiang Li only needed to use the power of the heavenly Dao to control the bronze cauldron and its power would strengthen Jiang Li.

The bronze cauldron was engraved with the mark of the great Dao.

He had taken control of the bronze cauldron.

Jiang Li's strength naturally improved.

It could be said that ...

He had already reached the level of a Supreme God of time and space.

In the years to come.

Jiang Li entered the realm of origin of the multiverse and integrated all kinds of heavenly Dao into it, strengthening and improving the origin of the multiverse.

As the 3000 heavenly DAOs fused ...

The world of the great cosmos once again welcomed a terrifying expansion.

Buzzzzzz! Buzzzzzz!

At this moment.

The world of the great cosmos had turned into a boundless black hole, constantly devouring 'void' seawater. This meant that the world bubble of the great cosmos was constantly growing bigger.

## Chapter 847 Ruler

a hundred years later.

Jiang Li merged the 3000 heavenly Dao into the world of the multiverse, expanding it by 3000 times. It took a hundred years for it to be completed and stabilized.

Immediately after.

Jiang Li came out of the realm of origin in the multiverse.

In addition.

At the border battlefield of universe ocean.

The war between the new life race and the living spirit race would never stop.

Unless one of them was completely annihilated.

Jiang Li often sent his mechanical Army into it to participate in the war against the new generation. He killed a large number of new generation and earned a lot of points.

Then, he would use his points to purchase the treasures in the points Mall.

Ten years later.

On the planet of seclusion.

Jiang Li went into closed-door cultivation again.

This time.

Jiang Li was trying to explore the future.

And now.

Jiang Li was already 3000 Dao Masters. The only thing he had to do was to break through to the great Dao realm, but he knew nothing about it.

fortunately ...

Before Bai Zifeng went into seclusion, she gave Jiang Li the secret technique of the great Dao realm.

so,

Jiang Li started to study the secret technique that Bai Zifeng gave him.

In his mind.

Jiang Li was trying to understand all kinds of mysteries.

The great Dao.

This was an existence that transcended the heavenly Dao and was the beginning of everything. It was extremely mysterious and abstruse, and it was difficult to understand or describe.

To be precise.

Jiang Li was going to continue to upgrade the machine heavenly Dao into the machine great Dao. By then, the machine great Dao that Jiang Li created would affect the entire universe ocean.

Of course.

to achieve this.

It was too difficult.

Universe ocean had existed for countless years, and there were countless worlds. However, only Super Fantasy great worlds had given birth to great Dao realm existences.

And now.

Jiang Li wanted to take this step.

It was almost impossible.

Fortunately ...

Jiang Li still had a chance.

Because ...

The 'super divine mechanical Army' had fused with the Supreme will origin of the great Dao realm.

Perhaps.

Jiang Li could use this supreme will to take this step and become a being at the great Dao realm.

Time flew by.

A thousand years later.

Jiang Li came out of seclusion.

However ...

However, Jiang Li found nothing. He couldn't understand, see, sense, or know what the great Dao was.

Confusion.

Jiang Li was confused.

it was like ...

The path was already broken. He had already reached the end. He saw the path ahead and had reached the end. He didn't know how to take the next step.

Hence.

Jiang Li's consciousness started to split into thousands of consciousness clones. Through the 'game God', he entered One World after another like creating a game character and experienced countless lives.

Disabled, poor, rich, leader, and strong.

There were countless.

...

In the blink of an eye.

Ten thousand years had already passed.

At this moment.

Jiang Li had experienced a lot. When he opened his eyes, countless consciousness clones brought him a vast life experience, which all entered his mind.

Very quickly.

Jiang Li accepted these memories.

However ...

However, it didn't move Jiang Li at all.

because ...

Jiang Li knew that although all of this was real, it was also fake. As long as Jiang Li wanted to, he could easily change anything he had experienced and regret. He could even reverse time and space.

Unknowingly.

...

jiang li's feelings gradually faded.

the seven emotions and six desires.

It seemed that because he had experienced too much, Knew Too Much, and was in a high position, Jiang Li's emotions and desires as a human and an intelligent creature were gradually fading.

This was not a good sign.

Hence.

okay. Jiang Li came out of seclusion decisively.

He began to chat with his parents and began to teach the younger generation of the Jiang family. He even deliberately played the role of an ordinary old man sweeping the floor of the Jiang family ancestral land, but at the critical moment, he revealed a terrifying strength.

However ...

This situation of his emotions fading away was still not going to change.

In the end.

Jiang Li went to the martial immortal court of the human race and took a mission from them. He led the soldiers of the origin of the heavenly Dao and the Army of the heavenly Dao soldiers into the battlefield at the border of universe ocean.

at the border battlefield of universe ocean.

It was boundless and endless.

At almost every moment, the new generation and living spirit race would die.

One had to know.

Jiang Li had 3000 Dao Masters, the bronze cauldron, and a terrifying Army of soldiers of the origin of the heavenly Dao.

Jiang Li was invincible.

They had almost killed through half of the universe and the border battlefields.

A thousand years later.

Jiang Li's actions finally caught the attention of the new generation. They set a trap to lure Jiang Li in. Jiang Li was attacked by nine new path Masters who were on the same level as the 3000 path Masters.

This battle.

jiang li was on the verge of death. the battle at the border of universe ocean lasted for 19 years. in the end, even the new generation and the living spirit race's messengers were attracted.

Furthermore ...

Jiang Li was severely injured, and the bronze cauldron was destroyed in the battle.

after this battle.

Jiang Li went into seclusion to heal.

It took a full year to recover.

However ...

News of Jiang Li's battle began to spread in universe ocean. Jiang Li fought nine new Dao Masters for nineteen years and eventually attracted the attention of the leaders.

Through this battle.

Jiang Li's name was engraved in the minds of the new generation and the living beings.

Furthermore ...

Jiang Li also got a nickname.

It was called the mechanical Lord!

Because ...

The name of the heavenly Dao Jiang Li controlled and cultivated was: The mechanical heavenly Dao was a completely new power of heavenly Dao that had never been heard of or known.

Very strong!

It was extremely powerful!

” the mechanical lord? ”

Jiang Li stood at the border of universe ocean. He put his hands behind his back and looked into the distance. The power of the heavenly Dao was flowing in his eyes. He could see more than half of universe ocean.

“That’s a pretty good title,”

jiang li’s lips curved up.

Unknowingly.

‘Some’ water had already occupied one-third of universe ocean.

Jiang Li remembered it clearly.

the first time he had entered the battlefield at the border of universe ocean, the ‘existing’ water of the new generation only occupied one-fifth of universe ocean.

and now.

It had already reached a third.

Ten thousand years.

It had already been corroded to such a degree.

“How much longer can you last?”

Jiang Li took a deep breath and said slowly, ” “A hundred thousand years? A million years? or tens of millions of years? However, it’s enough.”

compared to the short hundred years that mortals have, I’ve lived long enough and experienced things that I would never have dared to imagine before.

“there’s nothing to be unsatisfied about.”

“If Yingluo”

Jiang Li was silent for a while. if there’s anything I regret, it’s that I’ve lived for so long, but I don’t have an heir.

Even though ...

Jiang Li created a large number of ‘game characters’ through the main God of the game and experienced different lives in many worlds.

Among them.

there was no lack of rich people and beautiful emperors in the harem.

but ...

That was just a ‘game character’.

For example.

when you play the game, you get married through the game's marriage system.

The situation was similar.

Thinking of this ...

'Bai Zifeng' appeared in Jiang Li's mind. As for du Xiaohua and the SU family's twin sisters, they were the same.

Due to their insufficient cultivation base, they had already aged, and their bodies had turned into yellow soil, buried in the 'emperor's tomb' in Saint peace state.

Of course.

If Jiang Li wanted to.

He could completely reverse time and space and resurrect them.

however ...

Jiang Li didn't do that.

Because ...

Jiang Li didn't have much feelings for them. His memories of them were deep in his mind. Maybe he would forget them one day.

Buzzzzzz!

With a thought.

Jiang Li opened the points Mall in the world of the sacred land list.

this time.

Jiang Li had completed many missions from the martial immortal court and killed many new lords, so he had earned a lot of merits.

Hence.

Jiang Li spent his points and merits to buy nine Dao weapons.

Other than that.

There were also 'great Dao secret manuals'.

In reality.

In the points Mall.

There was only one thing about the great Dao realm, and it was called: The secret book of the great way.

After obtaining these things.

Jiang Li went into closed-door cultivation again.

A hundred years later.

Jiang Li had controlled all nine weapons of great Dao.

Immediately after.

Jiang Li started to study the 'great Dao'.

This time.

Jiang Li had been in seclusion for 100000 years.

a hundred thousand years later.

The human martial immortal court.

The ancestral land of the immortal court.

BOOM!

Suddenly.

A strange phenomenon occurred.

Thousands of people were celebrating.

Buzzzzzz! Buzzzzzz! Wuwuwuwuwu!

Countless strange phenomena.

countless heavenly daos were revealed.

The light was endless.

At this moment.

it illuminated the endless universe ocean.

Roar! Roar! “Roar!”

At this moment.

Countless divine beasts manifested their physical bodies, even affecting all the divine beast races in the universe, and all of them were strengthened accordingly.

After that.

The Five Ancestors of the human race, the five ancestral gods of the Celestials, the five ghost ancestors of the ghosts, the five Fey ancestors of the fey, the five Barbarian ancestors of the Barbarian race, and the five ancestral fiends of the fiends.

They all appeared.

all of them were revealed.

“Human!”

the sixth ancestor of the great Dao has been born!

furthermore, this aura is similar to the martial ancestor’s.

“This bi an ...”

the patriarchs of the great dao from various races discussed animatedly, and they looked slightly surprised.

“Hahahahaha!”

at this moment.

The martial ancestor laughed out loud, ” good, good, that’s great. My good daughter, you’re really my good daughter. You actually succeeded. You really succeeded in becoming the ancestor of the great Dao.

In addition.

The origin of the new generation.

buzzzzzz! Buzzzzzz! “Whoosh!!!”

At this moment.

Similarly.

A total of 30 new generation ancestors had appeared.

“Can you sense it?”

“Yes.”

“The 31st great Dao ancestor of the living spirit race.”

“Things are not looking good.”

“.....”

The new generation ancestors discussed.

BOOM!

At this moment.

Within the new origin.

similarly.

A strange phenomenon appeared.

Countless lights flashed, and a huge figure with golden wings appeared. He stood in universe ocean, shining on all the worlds and the entire universe ocean.

“Hahahahaha!”

An extremely arrogant laugh was heard.

“Our Lord has finally succeeded in entering this realm,”

The heaven Lord’s maniacal laughter reverberated throughout the entire universe ocean.

The ancestor of the new generation!

This was the ancestor of the new life, an existence on the same level as the ancestor of the great Dao!

He had been in seclusion for more than a hundred thousand years.

the resurrected heaven Lord had not only recovered his full cultivation, but he had also taken a step forward from his original foundation, taking the final step.

## Chapter 848 Absurd

When Jiang Li was cultivating in seclusion, he sensed the changes in the outside world. The living spirit race had the thirty-first ancestor of the great Dao, and the new race had the thirty-first new ancestor.

At this moment.

The two ‘ancestor-level’ existences were in a confrontation.

“Rumble!”

Universe ocean started to shake.

At this moment.

The ‘non-existent’ ocean water and the ‘existing’ ocean water constantly collided with each other, creating endless waves. The bubbles of the world were like lonely boats drifting with the current.

it was as if it was about to be crushed by the waves.

All the worlds in the universe were affected.

Even ...

It also led to the destruction of many low, medium, and high level worlds.

The world of the great cosmos was also shaken.

Buzzzzzz!

let’s go. Jiang Li stepped out of his seclusion and left the multiverse world. He entered universe ocean and stood in the boundless universe ocean.

Jiang Li experienced the horror of the ‘ancestor of Dao’.

Powerful!

He was too strong!

Even though ...

The white spirit controller was also in the ‘great Dao realm’, but it was far less terrifying than this aura. The pressure from the white spirit controller’s aura was like a drop in the bucket.

“The great Dao, the great Dao Kasaya!”

Jiang Li murmured, his eyes blurred.

He had been in seclusion for 100000 years.

Jiang Li also seemed to have touched the great Dao, but he could only see it.

It was too difficult.

It was too difficult.

It was precisely because of this difficulty.

That was why they were able to stop an unknown number of 3000 Dao Masters.

“The new generation.”

“damn it!”

“What’s going on? Why did the new generation also give birth to the 31st new generation ancestor?”

“.....”

The patriarchs of the great Dao berated.

“He just called himself the heaven Lord?”

” huh?! ”

“I seem to remember such a person.”

” demigod heaven Lord? ”

“Isn’t he already dead? How did he resurrect? and he’s even become the ancestor of the new generation?”

“.....”

the patriarchs of the great dao discussed again.

“Isn’t this the mess left behind by you humans and gods race?”

One of the GUI zus coldly snorted.

“In the past, who had the most love of man and God?”

A demon ancestor said.

“That’s right.”

A fiend ancestor nodded.

“.....”

Time passed.

The two newly-born ancestor-level existences ‘phenomena and Qi fluctuations gradually calmed down, and the’ waves ‘of universe ocean also gradually calmed down.

“Hu ~~ Hu ~ Hu ~”

Jiang Li let out a breath and said,””Sister Zi Feng has succeeded.”

Half a month later.

The human martial immortal court.

All the members of the immortal court, the master of the heavenly Dao, and the envoy of the martial arts immortal court were present today to celebrate Bai Zifeng becoming the ancestor of the great Dao.

...

Not only that.

The fifth ancestor of the human race had also appeared.

at the center of the immortal court.

it was called the immortal court island.

they were floating in the chaos.

First of all ...

On the immortal court Island.

The members of the immortal court stood there.

Around the immortal court Island.

They were the Masters of the heavenly law standing in the void.

All of them had respectful expressions.

...

Then, he moved closer to the center.

He was the person in charge of the human martial immortal court.

There were a total of 49.

After that.

It was Bai Zifeng.

The fifth ancestor of the human race was behind Bai Zifeng.

Jiang Li stood among the Masters of the heavenly law. He looked at Bai Zifeng and then at the Five Ancestors of the human race. He couldn't see their faces or figures at all.

He could only see a hazy figure.

It was completely shrouded in mist and mystery.

Next.

First, 129600 members of the immortal court presented their congratulatory gifts.

then, it was the master of heavenly law's turn.

Next were the 3000 Dao Masters.

In the martial immortal court of the human race.

There were a total of 999 3000 Dao Masters.

Finally.

The 49 envoys of the martial immortal court.

master Bai. Jiang Li saw master Bai Ling.

“yes.”

Bai Zifeng nodded slightly and accepted it.

In reality.

To Bai Zifeng, these things were dispensable. She was already standing at the top, so it was easy for her to get these things.

All of this was just a formality.

in reality.

After Bai Zifeng became the ancestor of the great Dao, the responsibilities on her shoulders became even heavier. This was because everything she did would affect the future of the entire living spirit race.

However ...

This ‘ceremony’ was only halfway through and Bai Zifeng was already sick of it.

“Let’s go.”

Bai Zifeng waved her hand.

“This bi an ...”

The Five Ancestors of the human race were stunned.

“my good daughter, is there something that you’re not satisfied with?”

the martial ancestor asked with concern.

“No, I didn’t,”

Bai Zifeng shook her head.

“Then why?”

The martial ancestor asked.

At this moment.

All of the living beings present began to feel apprehensive. They were all wondering if they had done something wrong to anger Bai Zifeng, including the head emissary.

The white spirit controller’s heart also jumped.

He thought.

does Bai Zifeng already know that I framed Jiang Li? although she didn’t say it out loud, she’s trying to make me admit my mistake? ”

Now that Bai Zifeng didn't point it out directly, was she giving me a chance to live?

This Kasaya

bai zifeng was already the ancestor of dao. why would she still like jiang li?

that's not right!

"jiang li was a new master of the heavenly law. didn't lady bai zifeng also favor him? "

We're finished.

I, Bai Ling, am going to ruin my reputation today.

Thinking of this ...

I'm sorry. Whitty gritted his teeth and was ready to apologize to Jiang Li.

However ...

Jiang Li walked out first.

"he's the one who's crying!"

Jiang Li! Bai Lingquan's pupils constricted. Jiang Li! What was he doing? Was he going to complain to Bai Zifeng? he's too detestable, he took my treasure!"

"sister zi feng,"

Jiang Li shouted.

after that.

The scene fell silent.

Jiang Li's voice spread to everyone's ears.

"It's him!"

"the mechanical lord! Jiang Li!"

"Good Lord, what is his relationship with lady Bai Zifeng? They actually address each other as brother and sister?"

"This bi an ..."

"I feel like something big is about to happen."

"....."

instantly.

The crowd was in a heated discussion.

At the same time.

The other four ancestors all looked at the martial ancestor.

One had to know.

bai zifeng was the martial ancestor's biological daughter before she had attained dao.

And now.

Since Jiang Li and Bai Zifeng called each other brother and sister ...

it must be related to the martial ancestor.

“Who is he?”

The martial ancestor frowned. I didn’t know that I had such an illegitimate son.

“Is that so?”

Ren zu said.

“Of course.”

The martial ancestor nodded his head solemnly.

“Jiang Li.”

“What’s the matter?” Bai Zifeng stopped and asked.

“Yes.”

Jiang Li nodded. He walked forward and said, ” sister Zi, I’ve been through so much since I was a mortal.

I feel that my life has been magnificent, and I’ve done many things that I couldn’t have imagined.

“I’m very content.”

“.....”

Jiang Li said slowly.

He couldn't help it.

when everyone heard what jiang li said, scenes appeared in their minds. a mortal from a science-fiction world had traveled to a super fantasy world.

At the beginning.

Jiang Li was nervous and hesitant.

he hardened his heart.

He killed one opponent after another.

He grew up step by step.

It formed an epic scene.

It was so magnificent.

However ...

Many people also found their own shadows in Jiang Li's story. What they had experienced in the past was also similar.

“.....”

Everyone fell silent.

” i didn't expect lord jiang li, the machine lord, to have such a great past. ”

“yup!”

“I didn’t expect Lord Jiang Li to be a mortal at the beginning. I even transmigrated from One World to another.”

“.....”

The members of the immortal court and the Masters of the heavenly Dao sighed.

“.....”

Bai Zifeng didn’t say anything. She just looked at Jiang Li.

“Feng ‘er actually gave my token to this brat.”

The martial ancestor frowned.

“In fact,”

Jiang Li paused and said slowly, ” I have a regret in my life. For hundreds of thousands of years, I didn’t have an heir.

“So,”

” zifeng, can you marry me and have my children? ” jiang li knelt down on one knee like an ordinary boy proposing to his beloved girl. he looked at bai zifeng and asked, ” zifeng, can you marry me and have my children? ”

As soon as he finished speaking.

The scene was so quiet that even a pin drop could be heard.

Everyone was shocked by Jiang Li’s words.

“Preposterous!”

BOOM!

The next moment.

The martial ancestor was furious, and his terrifying power of the great Dao shocked everyone.

## Chapter 849 Clone

The atmosphere became extremely tense because of Jiang Li's words. The power of the martial ancestor's great Dao made everyone feel like they were in hell.

Terrifying!

It was extremely terrifying!

It was as if he would die in the next moment.

It was too terrifying.

he's crazy. Jiang Li must be crazy.

“I really didn't expect that he would dare to say such treasonous words at a time like this.”

“The martial ancestor is furious!”

“We're dead! Jiang Li is dead for sure!”

“.....”

everyone's face turned pale. they were afraid and in awe of the martial ancestor's power. they all thought to themselves.

“This bi an ...”

what? ” Bai Lingquan's body stiffened. He couldn't help but look at Jiang Li with a strange expression. I thought Jiang Li was going to complain to lady Bai Zifeng. I didn't expect this.

he actually dared to ask Lady Bai Zifeng to be his cultivation partner? ”

“He's a ‘real man’ indeed.”

“.....”

The various power holders were also extremely shocked.

In reality.

even the immortal ancestor, ren zu, and the ancestor of technique looked at jiang li in surprise.

it was a surprise.

No one expected Jiang Li to say that.

As for the daofathers ...

The Dao ancestor's true body hadn't appeared for a very, very long time. The ones who had been walking outside all this time had only been his clones.

“hehe.”

At this moment.

the 'dao ancestor clone' smiled slightly and walked forward. a vast dao runes spread in all directions, negating the power of the martial ancestor's great dao. he said gently, " "Martial ancestor, why are you so angry?"

"Hmph," he snorted.

" hmph! " the martial ancestor snorted and said, " she's not your daughter. of course, you can say it so easily. "

"Hehe."

The 'Dao ancestor clone' laughed again. the human race has always been prospering between men and women. This is an extremely normal human ethics that has never changed since ancient times.

"Moreover,"

"You still haven't asked for Zi Feng's opinion," the 'Dao ancestor clone' added.

"My daughter?"

The martial ancestor sneered disdainfully, " there's nothing to ask. The reason why my daughter hasn't said anything until now is because she's too angry.

would the martial ancestor's daughter take a fancy to a 3000 Dao Masters? "

moreover, at our level, 10000 years pass by in the blink of an eye. It's ridiculous to talk about love. It's even more ridiculous.

"Ridiculous."

As soon as the martial ancestor finished speaking ...

Everyone's gaze gradually fell on Bai Zifeng. Bai Zifeng stood in the same place, surrounded by the fog of the great Dao, and could not be seen clearly.

Peerless charm.

"I'm your senior!"

Jiang Li was stunned. He looked at the 'Dao ancestor clone'. Only Jiang Li could see the true appearance of the 'Dao ancestor clone' through the mist of the great Dao.

I!

It was actually me!

There was no mistake.

"father. " jiang li had seen him several times and had a deep impression of him. he would never mistake him for someone else. jiang li was stunned for a moment and many thoughts ran through his mind.

"Will you agree? Will master Bai Zifeng agree to Jiang Li's request?"

"Impossible! it's impossible!"

lady Bai Zifeng is already one of the six ancestors of the human race. If lady Bai Zifeng had not broken through, she might have agreed. But now, it's impossible!

"I also think it's impossible."

I think I can already see Lord Bai Zifeng killing Jiang Li on the spot in a fit of anger.

"....."

the crowd discussed in low voices.

...

Buzzzzzz!

Bai Zifeng waved her hand, and the mist of the great path around her disappeared. She was wearing a long purple robe, and just by standing there, she could intoxicate all living things. She was the embodiment of all the beauty in the world.

It made people endlessly fascinated.

It was beyond words.

It was really something that could only be understood but not explained.

“what a beautiful qianqian.”

Countless people exclaimed in admiration.

“Jiang Li.”

Bai Zifeng looked at Jiang Li with a smile.

Instantly.

the martial ancestor’s eyebrows twitched, and he suddenly had a bad feeling. after all, bai zifeng was his daughter, so the martial ancestor naturally knew his daughter well.

...

“I agree to it.”

There were no unnecessary words.

yes, ” Bai Zifeng answered.

After that.

Bai Zifeng’s words also reached everyone’s ears. They were all stunned and dumbfounded. They were completely dumbfounded.

“This Suan ni, this Suan ni”

“Heavens! Oh my God!”

she’s agreed! Lord Bai Zifeng has really agreed!

“This can’t be real, this can’t be real. I don’t believe it, I don’t believe it.”

“In your dreams! I must be dreaming!”

“How is that possible?”

“On what basis? What was the basis for this? What did Bai Zifeng see in Jiang Li? He actually agreed! hiss! hiss! hiss! hiss! hiss! hiss! hiss! hiss! hiss!

“.....”

Everyone exclaimed in admiration.

“Yes.”

love at first sight? ” Jiang Li looked at Bai Zifeng and was stunned. What kind of love at first sight? Or what? Jiang Li didn’t know.

Anyway.

Bai Zifeng and Jiang Li both walked towards each other.

“No!”

Buzzzzzz!

The martial ancestor could no longer hold back. He took a step forward, and the power of his great Dao shook the entire Super Fantasy great world, causing the chaos in the Super Fantasy great world to shake.

“I don’t agree.”

the martial ancestor shouted.

As soon as he finished speaking.

The martial ancestor stood between Jiang Li and Bai Zifeng and stared at Jiang Li coldly. His eyes were full of power and he shouted, ” “brat, do you want to die?”

At this moment.

Buzzzzzz! buzzzzzz! wuwuwuwuwu!

Jiang Li’s consciousness seemed to be sucked into the martial ancestor’s eyes. Jiang Li felt like he had entered an endless purgatory and was suffering.

It was as if his consciousness would completely collapse in the next moment.

It was a critical moment.

Shua!

The Tao Te Ching appeared in Jiang Li's arms again. Countless tadpole-like Dao runes crawled all over Jiang Li's body, blocking the martial ancestor's pressure.

In an instant.

Jiang Li's mind cleared up.

"jiang li."

what? " Bai Zifeng finally realized what was going on. She was relieved to see that Jiang Li was safe. She frowned and looked at the martial ancestor with blame.

"What is this?"

The martial ancestor's pupils contracted. From this Tao Te Ching, he could really feel the aura of the Dao ancestor. He turned to look at the Dao ancestor clone. I'm your father.

"Martial ancestor."

Jiang Li. he walked over with a gentle expression. since Jiang Li and Bai Zifeng have agreed, why would you break them up? "

" martial ancestor, you're the ancestor of the great dao. don't be as petty as a mortal. you have to be more magnanimous. "

"daofather."

The martial ancestor took a deep breath, looked at Laozi, and asked, " "What's your relationship with this Jiang Li? He actually placed the Tao Te Ching on him."

"Relationship?"

“Maybe it’s because we’re from the same place,” he said,”so I tried to take care of him as much as I could.”

“Zi Feng,”

The martial ancestor looked at Bai Zifeng and asked, ” “have you thought it through?”

“Yes.”

Bai Zifeng nodded lightly.

“Then do as you wish.”

The martial ancestor said.

Buzzzzzz!

as soon as he finished speaking.

The martial ancestor’s figure disappeared.

“Interesting.”

The celestial ancestor smiled, looked at Jiang Li, and said, ” “Please remember to invite us to the wedding.”

“that’s right.”

Ren zu said.

“It is so.”

“When the time comes, I’ll be your wedding officiant,” the ancestor of technique said.

“Yes.”

thank you. Jiang Li bowed.

immediately after.

The celestial ancestor, the human ancestor, and the ancestor of technique all left one after another.

“Congratulations.”

I looked at Jiang Li and Bai Zifeng.

“Thank you, daofather.”

father. Jiang Li and Bai Zifeng looked at each other, then saluted at the same time.

“hahahahaha!”

The old man laughed out loud. remember to invite this old man to the party.

“Definitely, definitely.”

Jiang Li and Bai Zifeng answered.

Buzzzzzz!

i’m leaving.

However ...

When I left, I told Jiang Li to read more Tao Te Ching, which might give him some inspiration.

“Thank you, senior.”

thank you. Jiang Li bowed again.

It had to be said.

i’ve given jiang li a lot of help.

“Let’s go, Zi Feng,”

Jiang Li held Bai Zifeng’s hand.

“Yes.”

bai zifeng nodded.

Buzzzzzz! buzzzzzz!

The two of them left.

In the surroundings.

The 49 envoys, 999 Dao Masters, 3000 Dao Masters, the Masters of the heavenly Dao, and the members of the immortal court were all looking at them with envy.

After that.

Jiang Li and Bai Zifeng were a couple.

Of course.

With his wife, who was in the ancestral realm, Jiang Li naturally wouldn't ask Bai Zifeng about the mysteries and secrets of the 'great Dao realm'.

Furthermore ...

Jiang Li and Bai Zifeng were in love and had no secrets. Jiang Li also told them everything about the 'super mechanical Army'.

Of course.

Bai Zifeng didn't keep anything from Jiang Li. She told him all the secrets about the 'great Dao realm' and taught him carefully.

The great Dao realm.

The great Dao realm and the ancestor of the great Dao.

There were two levels.

The first type was the 'great Dao realm'.

that was the level of the 'power envoy'.

For example, the human race's martial arts immortal court's overseer could break through to the great Dao realm after comprehending the great Dao created by the Five Ancestors of the human race.

As for the 'ancestor of the great Dao'. ..

That required the creation of a brand new great Dao to reach a realm that was far beyond the realm of the so-called 'ruler' and 'ancestor of the great Dao', which was the realm that Bai Zifeng and the Five Ancestors of the human race were in.

Because of Laozi's hint, Jiang Li often read the Tao Te Ching, but he didn't gain much insight. He couldn't figure out anything at all.

maybe it wasn't the right time yet?

Jiang Li also let Bai Zifeng read the Tao Te Ching, but she didn't find anything.

Although he had Bai Zifeng's help, Jiang Li was still confused about the 'great Dao realm'. He couldn't understand the mysteries.

Speaking of this.

The name of the great Dao Bai Zifeng had created was: The great Dao of divine beasts.

ten thousand years later.

Jiang Li and Bai Zifeng had visited almost the entire universe ocean and went to many worlds. They had experienced a lot and their relationship had grown deeper.

However ...

Jiang Li and Bai Zifeng's level was too high. It was hard for them to get pregnant. Even though Jiang Li had tried very, very hard, he still couldn't.

Perhaps.

It really wasn't the right time.

After touring the entire universe ocean.

According to Jiang Li's 'tradition'.

Jiang Li and Bai Zifeng finally decided on the time of their 'wedding'. They were going to announce to the entire universe ocean that they were going to be Dao partners.

## Chapter 850

Nine years later.

The world of the great cosmos.

The 'wedding' was ready and the Five Ancestors of the human race were invited. Even the patriarchs of Dao of the God race, demon race, ghost race, monster race, and barbarian race had agreed.

He was ready to personally attend.

It could be said that ...

to be able to receive an invitation, one had to at least be the 'master of the heavenly law'.

The myriad worlds were celebrating.

The 'wedding' extended throughout the entire solar system.

On earth.

The Jiang family's ancestral grounds.

There was a huge mountain.

On the peak.

There was an extremely Grand Hall.

within the palace.

According to custom.

Jiang Li and Bai Zifeng were like ordinary people. They both wore Red Wedding clothes. There were many people sitting or standing around the hall.

jiang wenxin and jiang lijun were naturally there.

of course.

There was also Jiang Li's destruction of the Jiang bei Kingdom and Zheng qiushui.

“good, good, good,”

Jiang beiguo and Zheng qiushui's faces were glowing.

Even though ...

Thanks to Jiang Li's help, they were immortal. Some of them had even reached the 'Dao realm' and could go anywhere in the universe.

However ...

Although Jiang beiguo and Zheng qiushui didn't say it out loud, they had always regretted that their eldest son, Jiang Li, didn't get married and have children.

Even though hundreds of thousands of years had passed, the things in his bones would not change.

And now.

Finally, he could see his eldest son, Jiang Li, get married with his own eyes, and it was a woman who had all the beauty in the world.

They were very gratified.

Furthermore ...

They deeply felt that only such a girl was worthy of their son.

Outside the Jiang family's ancestral grounds.

Shua! shua! "Whoosh!"

One figure after another arrived.

His aura was almost fully released.

hence.

after each figure arrived, a boundless phenomenon would appear on earth.

"One of the Five Ancestors of the human race, the martial ancestor, has arrived!"

Buzzzzzz!

The shouts resounded throughout the entire earth.

His figure broke through the air.

The martial ancestor ignored all the restrictions in the Jiang family's ancestral land and directly entered the Great Hall on the peak. He stepped through the door and walked in with an expressionless face.

After that.

Then, he sat down in the hall.

Moreover, he was sitting in the middle.

He did not say a word.

“Father-in-law.”

martial ancestor. Jiang Li shook his head and bowed to the martial ancestor.

“yes.”

The martial ancestor replied with a blank expression.

“Ah,” he said.

Jiang beiguo and Zheng qiushui reacted and immediately smiled. Zheng qiushui said, “So it’s the in-law!”

“Yes.”

...

The martial ancestor replied with a blank expression.

“Ahem.”

Jiang beiguo coughed lightly and asked, “in-law, when will in-law’s mother arrive?”

“.....”

The martial ancestor was stunned.

This time.

The martial ancestor didn't say anything else.

“Dad,” he said.

No. Jiang Li shook his head.

“.....”

Jiang beiguo immediately shut up.

...

In reality.

jiang li and bai zifeng had been together for 10000 years. they knew each other well. jiang li knew about bai zifeng's mother too.

Bai Zifeng's mother's full name was Jiang Yan.

It was an ordinary name.

but ...

before the martial ancestor attained dao, jiang yan was already together with him. after the martial ancestor attained dao, jiang yan got pregnant and gave birth to bai zifeng after 100000 years.

Bai Zifeng was born with an undying body of laws.

however ...

Not long after Bai Zifeng had reached adulthood.

The Third Great War between the living spirit race and the new generation race had broken out. Jiang Yan had also participated in this extremely brutal war, but unfortunately, she had fallen.

The most, most, most important thing was ...

The one who killed Jiang Yan was a new generation ancestor of the new generation.

so,

Even though the martial ancestor was the ancestor of the great Dao and could easily reverse time and space, he could not reverse the time and space of the newborn ancestor and everything that was caused by the same realm.

the martial ancestor could not resurrect jiang yan.

Because of this.

The martial ancestor had created the 'National fortune rankings' with his mighty power.

In the beginning.

There was only the 'Holy Land ranking', but as time passed, it was slowly divided into the true dragon ranking, the hidden Dragon ranking, and the young dragon ranking.

Step by step.

They had cultivated more and more powerful sacred lands in order to destroy the new generation.

In reality.

It wasn't that Jiang Yan didn't have a chance to resurrect.

that was to completely destroy the 'new ancestor' who had killed jiang yan. as long as the 'new ancestor' was killed, the martial ancestor would be able to reverse time and space again to resurrect jiang yan.

It was precisely because of this.

when the martial ancestor found out that bai zifeng had broken through to the ancestral realm, he was extremely excited because the chances of killing the 'newborn ancestor' had increased.

“One of the five ancestral gods of the Celestials, the reincarnation ancestral God, has arrived!”

The voice came again.

Shua!

The Samsara divine light illuminated the endless spacetime.

Buzzzzzz!

After that.

A figure entered the Jiang family's ancestral land and came to the main hall on the peak. Jiang Lijun and Jiang Wenxin personally met him and sat in the VIP seats.

Martial ancestor, congratulations.

The reincarnation ancestral God had the appearance of a fair-skinned teenager. He looked at the martial ancestor and said, ” “Not only did my daughter become the ancestor of the great Dao, but she also got a good son-in-law,”

“.....”

The martial ancestor glanced at him coldly and didn't reply to the reincarnation ancestral God.

“Tsk.”

The reincarnation ancestral God shrugged his shoulders. how boring.

you're Jiang Li? ”

The reincarnation ancestral God looked at Jiang Li again and nodded. not bad, not bad. Although you're only 3000 Dao Masters, you have a strong aura of the great Dao.

“Thank you for your praise, reincarnation ancestral God.”

Jiang Li cupped his hands.

“You're welcome, I'm just telling the truth.”

The reincarnation ancestral God waved his hand.

“The ancestor of the Purple Phoenix.”

The reincarnation ancestral God greeted Bai Zifeng respectfully.

“Reincarnation ancestral God.”

Bai Zifeng returned the gesture.

one of the five fiends, ancestral fiend destruction, has arrived!

.....

“One of the five ghost ancestors of the ghost race, the Yin Yang ghost ancestor, has arrived!”

.....

“The soul demon ancestor, one of the five demon ancestors of the demon race, has arrived!”

.....

“The life and death barbarian ancestor, one of the five Barbarian patriarchs, has arrived!”

.....

Time passed.

the patriarchs of the great dao of the six clans arrived one after another.

Not long after.

a total of 30 patriarchs of the great dao from the six clans had arrived. under the arrangement of jiang beiguo and jiang wenxin, they were all seated in the vip seats.

In addition.

The person presiding over the marriage was the Dao ancestor’s clone, Lao Zi.

Next.

They just followed the steps of the wedding.

As for the worship of heaven and earth ...

To tell the truth.

at Jiang Li's and Bai Zifeng's level, the world couldn't withstand their bow at all. If they really bowed, the world would probably break apart.

Furthermore ...

Everyone present.

I'm afraid no one can withstand Bai Zifeng and Jiang Li's bow, not even the 30 patriarchs of Dao from the six families, because they're not qualified enough.

so,

The steps of bowing to heaven and earth had changed accordingly.

He only bowed to his parents.

This wedding.

it went on for nine days and nine nights, and it was still not over.

Buzzzzzz!

In the realm of origin of the great cosmos.

This was Jiang Li and Bai Zifeng's Wedding House.

their souls and consciousness merged together and they were panting. In the world of origin, Jiang Li and Bai Zifeng hugged each other physically and spiritually.

Unknowingly.

When Jiang Li and Bai Zifeng continued to make love, they reached the peak of 'pleasure'. Jiang Li could feel Bai Zifeng's great Dao.

In other words ...

as long as jiang li wanted to, he could instantly understand bai zifeng's divine beast dao. by then, he would be able to break through his current realm and enter the 'dao realm'.

However ...

Jiang Li didn't do that.

The reason was simple.

Jiang Li wanted to create his own Dao instead of comprehending the Dao created by others, even if Bai Zifeng was the one who created the divine Beast DAO.

At this moment.

Jiang Li's consciousness entered a state of chaos.

Buzzzzzz! Buzzzzzz! "Whoosh!!!"

At this moment.

The mechanical heavenly Dao materialized.

At this moment.

Three thousand heavenly Dao manifested.

They surrounded Jiang Li and Bai Zifeng.

“At this moment, Yingluo”

Jiang Li? ” Bai Zifeng realized what was going on. She was surprised. Her face was blushing as she looked at Jiang Li, who had his eyes closed.

“Could it be that hubby is about to ‘achieve Dao’?”

Bai Zifeng was both surprised and delighted.

Without any hesitation.

bai zifeng released her dao waves to support jiang li. she was helping him to break through.

Time flew by.

In the blink of an eye.

Half a year had passed.

The wedding had ended and the guests were returning one after another.

The thirty patriarchs of Dao from the six clans also left. Although they didn’t see Jiang Li and Bai Zifeng when they left, they understood.

“Big brother and sister-in-law haven’t appeared for more than half a year.”

Jiang Wenxin shrugged her shoulders and said, ” “do we have to be so lovey-dovey for half a year?”

“.....”

jiang lijun kept quiet. he didn’t dare to speak ill of his brother behind his back.

Ten thousand years later.

within the world of origin.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

Jiang Li was at the last moment. He finally realized the mystery of the great Dao and upgraded the mechanical heavenly Dao through the mysteries of countless heavenly Dao.

He was creating the ‘great Dao of machinery’.

as long as he succeeded.

Jiang Li would become the ‘ancestor of Dao’.
