

Army 88

Chapter 88 Rock Mountain

Ten minutes later.

In the main hall of the city Lord's mansion.

Jiang Li was the first to arrive. Xu Ya, Hong Tianqi, Wu Zong, Hu Dong, Wang Pingyuan, and pang kui arrived one after another and saluted Jiang Li.

"We pay our respects to the city Lord,"

They said in unison.

"Yes."

Jiang Li nodded and went straight to the point. I just received news that the demons of the red eyebrows demon Kingdom have formed a powerful Army of demons. There are more than 10000 of them and they are marching towards the great Xia city.

"If nothing unexpected happens, we should arrive at the great Xia city at midnight."

"demon race!"

Wu Zong raised his head and exclaimed.

"It's just 10000 demon soldiers, isn't it?" pang kui asked in a muffled voice. What's there to be afraid of? last time, under the leadership of the city Lord, we annihilated the Allied forces of the monster race and the Barbarian race in Qingshan Valley."

the problem now is that we managed to gather an Army of 10000 last time with great difficulty. Now, even if the Sirius gang and the city guards were combined, there would be no more than 4000

people. However, the demon soldiers have reached more than 10000, and they are still a strong Army.

“It’s not as easy as you think,” Hong Tianqi said.

“City Lord, if we really can’t do it, why don’t we ask for help?”

Hu Dong suggested.

“Yup,”

Wang Pingyuan nodded. with the current military strength of the great Xia city, I’m afraid it will be difficult to defend the city. We can only ask for help from the surrounding cities.

“City Lord, should we inform County Lord han Liqi about this?”

Wu Zong asked.

“What’s the rush?”

Hmph! Xu Ya snorted. since the city Lord has summoned us here, he must have a plan. Look at how flustered you are.

“how embarrassing,”

“City Lord bi an”

Hong Tianqi, Hu Dong, and the others all looked at Jiang Li.

“Hong Tianqi.”

Jiang Li didn’t answer directly. He looked at Hong Tianqi. How long have you been the ‘head instructor’ in great Xia city? ”

“Reporting to the city Lord, it has been 40 years.”

hong tianqi was stunned. he didn't understand why jiang li asked this, but he still answered quickly.

“It's been forty years.”

jiang li nodded and said, ” “Then, you should be quite familiar with the terrain within the great Xia city's territory.”

“Naturally.”

of course! Hong Tianqi said confidently, ” if I say I'm second to the great Xia city in terms of familiarity with the terrain, no one would dare to say they're first.

“Very good,” he said.

jiang li smiled. ” the monsters of the red eyebrows monster kingdom are planning a ‘surprise attack’ on the great xia city. however, they don't know that i've already discovered their traces. they've been exposed. ”

therefore, I plan to beat them at their own game. I will set up an ambush along the way they will pass through and then annihilate the demon Army of the red eyebrows demon Kingdom.

I need you to provide me with a suitable location to set up an ambush.

“This bi an ...”

city Lord, ” Hong Tianqi murmured, ” if it's true that the monsters don't know that we've discovered them, an ambush is the best way.

“City Lord, please wait a moment, I'm going to get the map.”

“You don't need to go, ma han.”

go get instructor Hong's map, " Jiang Li shouted. go get it.

"Yes."

Ma han stood outside the hall and responded respectfully.

"The map is in my bedroom."

Hong Tianqi said.

A few minutes later.

Ma han took the map and handed it to Hong Tianqi. Hong Tianqi opened the map completely, and the rectangular map was spread on the table.

The map depicted the terrain and terrain of the entire great Xia city in detail.

"City Lord, please take a look."

Hong Tianqi pointed at a spot on the map and said, " "This is the 'Green Mountain Range', which is the border between the red eyebrows Yao Kingdom and the great Qian dynasty."

after passing through the green Mountain Range and following this straight line, we will pass through several villages, such as the Yang family Village, the Li family Village, the rock Village, and this Lotus Moon Lake. Finally, after crossing a few mountains, we will arrive at the great Xia city.

Finally.

Hong Tianqi's finger stopped at the center of the map. There was a picture of a city, great Xia city.

...

“Yes.”

okay. Jiang Li nodded. and then? ”

“This!”

Hong Tianqi pointed at the border between Lotus Moon Lake and Rock Village. There was a sign of a Canyon. city Lord, I think this is the best place for an ambush.

at the junction of Rock Village and Lotus Moon Lake, there is a ‘Rock Mountain’, but because Rock Village has been mining and selling’ granite ‘all year round, the rock Mountain has almost been broken through over the years.

“In the end, it formed a terrain similar to ‘one line sky’.”

there is only one path that goes straight through, and on both sides of the path are extremely steep mountain walls. We only need to ambush our soldiers on the mountaintops on both sides and wait for the demon soldiers to enter. Then, we will immediately launch an attack. We will definitely be able to catch them off guard, and even completely destroy them.

“One-line-sky.”

Jiang Li’s eyes lit up. the terrain is good.

One had to know.

If the plan succeeded ...

...

Jiang Li only needed to set up a line of firearm meches on the top of the Shanshan wall on both sides of the road. With the firepower of the firearm meches, it would be a complete massacre.

“But city Lord, the demons might not take the Rocky Mountain. They might take a detour around the Rocky Mountain.”

Hong Tianqi said.

“That’s why we need bait,”

Jiang Li raised his head, looked at Hong Tianqi and the others and said, ” “Pass down my order. The city guards and the members of the Sirius gang are to gather and head to the Rocky Mountain.”

“After we discover the demon Army, we will think of a way to lure them into the ‘narrow sky’ on the Rocky Mountain.”

“Yes.”

Hong Tianqi took a deep breath and agreed.

“yes, sir.”

Hu Dong and the others looked at each other and nodded.

“don’t worry,”

don’t worry. Jiang Li waved his hand. if you win this battle, you’ll get a lot of merits. You can register at the ‘contribution Pavilion’ and get the corresponding contribution points.

” the sect members and city guards who go this time, as long as they come back alive, will be rewarded with 10 contribution points. every monster killed will be rewarded with 10 contribution points. ”

“Yes!”

hu dong and the others looked slightly excited, and their voices could not help but rise a few pitches higher.

“Sect master, isn’t the reward too much?”

Xu Ya pouted her red lips.

One had to know.

One contribution point was worth 10 taels of silver, and 10 contribution points were worth 100 taels of silver. 100 contribution points could be exchanged for any level one low-grade internal cultivation technique or martial arts manual.

“.....”

Instantly.

The eyes of Hu Dong and the others all fell on Xu Ya. Xu Ya snorted coldly and raised her proud Twin Peaks, with an expression of ‘do you think I’m afraid of you’.

“Not much,”

No. Jiang Li waved his hand. go get ready.

“Yes, city Lord.”

Everyone replied in unison.

Half an hour later.

2,000 city guards and 1000 gang members gathered together, leaving less than 500 city guards and 1000 members of the Sirius gang to maintain order in great Xia city.

At the city gate.

Jiang Li walked over quickly. There were more than two thousand meches standing behind him. They were in a neat formation and were walking in the same pace.

The orderly footsteps seemed to be beating on everyone's hearts.

The 2770 meches were divided into four teams. The cold weapon meches formed one team, the firearm meches formed another team, the combat meches formed another team, and the biochemical meches formed another team.

“City Lord!”

Hu Dong and the others were all shocked by the mech's aura. They looked at Jiang Li who was standing in front of them and felt like he had become taller. They all saluted.

“Yes.”

” go! ” jiang li waved his hand. ” let's go! ”
