

## Army 90

### Chapter 90 ambush

these demons are really cautious. They didn't come in. Hong Tianqi's worry has come true. I wonder if they can lure them into the ambush.

Jiang Li saw all this. He frowned and said, "I'd rather take a detour than enter this kind of terrain."

"They're trying to go around the Rocky Mountain,"

Hong Tianqi also saw it and immediately shouted, "City guards, now is the time. Charge out with me."

"Yes!"

The city guards responded.

"Quick, follow him."

Hu Dong roared.

"kill!"

wang pingyuan scolded.

"charge!"

The members of the Sirius gang roared.

Thousands of people rushed down from the Rocky Mountain and attacked the monster race.

“There’s an enemy,”

“Prepare for battle!” Qing Wenling shouted.

“There’s really an ambush?”

Scaled wing was stunned.

The snake-biting man frowned, feeling that something was amiss. in such terrain, if it were me, I would have laid in ambush on the two hilltops on either side of the cliff. Then, I would have waited for us to enter the ambush circle. Why did I rush out directly? ”

“It’s a human soldier,”

“Haha, you dare to kill your way over with just these few people.”

“You’re looking for death!”

All the monsters shouted.

“Kill!”

qing wenling waved his hand and gave the order.

The 5,000 monster soldiers from the green scale city immediately broke away from the ‘long snake marching formation’ and charged toward Hong Tianqi and the others. The soldiers from both sides were engaged in close combat.

“Ah!”

Instantly.

There was a scream.

Clang clang clang!

The sound of weapons clashing was extremely dense.

BOOM!

Hong Tianqi jumped up with the halberd in his hand. His white hair danced in the wind and he chopped off the heads of two monster soldiers with the blade.

Obviously.

Hong Tianqi was a martial artist at the early stage of level two. He was very strong and could easily deal with ordinary monster soldiers.

“There’s actually a rank two.”

Hmph! Qing Wenling snorted coldly. I’ll fight you.

Shua!

As soon as he finished speaking.

he jumped up and the green bloodline power coursed through his body. he took out the green snake spear on his back and waved his right hand, forming a spear flower and attacking hong tianqi.

Clang!

The spear and the halberd collided, and the energy rumbled. Qing Wenling was a demon at the perfected stage of level two. He was many times stronger than Hong Tianqi, so he easily defeated Hong Tianqi’s attack.

Pfff!

Hong Tianqi was sent flying and coughed up blood.

“Grand completion of Tier 2!”

Hong Tianqi raised his head and screamed in shock and fear, ” “Hurry up! Everyone, retreat! these demons are too strong, we can’t beat them at all.”

quickly escape!!!

“What?”

Hu Dong had a shocked expression.

“This bi an ...”

Wang Pingyuan was the same.

“quickly run!”

Everyone retreated in fear.

“Let’s go!”

...

Shua!

let’s go! Hong Tianqi rushed to the Rocky Mountain behind him.

“Retreat!”

Everyone.

without any intention to continue fighting, he turned around and ran. he looked extremely flustered, like a dog that had lost its home. he fled in panic, and his morale collapsed.

“Hahahahaha!”

look at these humans. They’re too weak.

“What a sorry figure.”

“I can kill ten today.”

“Don’t let them escape.”

The monsters in the green scale city laughed.

...

“Chase!”

Qing Wenling pointed his spear forward and shouted, don’t let a single human go. Kill them all.

As soon as he finished speaking.

BOOM!

Qing Wenling stepped on the ground and took the lead, chasing after Hong Tianqi.

“Yes!”

kill!!!

“Kekekekekekekeke”

The monster soldiers in the green scale city sneered.

“commander, what about us?”

Ye zhanglin, the Adjutant of the Ouroboros clan asked in a low voice.

with the current state of the monster soldiers in green scale city, they can't stop us. Let Qing Wenling test the waters.

“If there really isn't an ambush, then we wouldn't have to go through the trouble of taking the long way. If there is an ambush, the ones who would die would be the monster soldiers of the green scale city,” the snake-biting man said.

“Yes.”

ye zhanglin nodded.

At this moment.

Hong Tianqi and the others had already escaped into the narrow valley of the Rocky Mountain. Behind them, the monster soldiers of the green scale city led by Qing Wenling and Lin Yi had caught up.

They had already entered the central region.

“Ah!”

pfff!

in the canyon.

Screams rang out. The two thousand city guards and one thousand members of the Sirius gang were no match for the monster soldiers of the green scale city. After they were caught up, they couldn't stop them at all, and many of them were either dead or injured.

“Only a portion of them entered.”

let's take care of these monster soldiers first. Jiang Li looked down at the canyon and then at the entrance. The snake Army didn't want to enter the canyon at all.

“If we delay any longer, the city guards and the members of the Sirius gang will all be killed.”

Pfft!

PU! Hong Tianqi spat out blood. His left leg was pierced by Qing Wenling's spear. He kept stepping back and blood flowed out of the wound. He knelt on the ground on one knee.

“Die!”

Qing Wenling sneered and thrust his spear at Hong Tianqi's head like a blue light.

“Do it!”

go! Jiang Li ordered.

Bang! Bang!

JJ01 opened fire, and a loud gunshot was heard. The powerful recoil force caused his body to move back by a centimeter. He used an energy bullet magazine. The White energy bullet containing the metal attribute was shot out from the muzzle, piercing through the air with a sharp sound, and formed a vortex-like airflow.

The spear was aimed at Qing Wenling.

“!!!”

Qing Wenling's pupils contracted as he felt a fatal threat. He immediately raised his head and saw a white stream of light piercing through the air.

It was a critical moment.

Qing Wenling instinctively held the spear in front of his chest.

Clang!

The energy bullet hit the gun and made a loud sound. With a 'boom', the energy exploded, creating waves of air that swept around.

“Ah!”

Qing Wenling let out a blood-curdling screech as the green snake spear in his hand was knocked away. The terrifying kinetic energy sent him flying, and the green mist around him dispersed.

“Pfft!”

Qing Wenling spat out a mouthful of blood and was sent flying a dozen meters away. She staggered back a dozen steps before she finally stabilized herself. Her eyes were filled with shock.

Da da da da

The next moment.

The seven hundred and thirty-nine firearm mechs fired at the same time. Their machine guns and submachine guns were fired, and the mountains on both sides were lit up.

Countless bullets formed a rain of bullets, covering the entire Rocky Mountain and the line Canyon, shooting towards the monster soldiers of the green scale city.

With gun-fighting techniques, the perfected-stage firearm meches could shoot accurately even with a machine gun. Each of them was a sharpshooter.

so,

Basically, they wouldn't accidentally hurt the city guards or the members of the Sirius gang.

Of course.

Some stray bullets were inevitable.

Pfft! Pfft! "pfft!"

blood splattered everywhere.

Blood flowers bloomed one after another. It was extremely gorgeous, but it also carried death.

"Ah!"

there's an ambush, there's an ambush!!

"Quickly retreat! Quickly leave this place!"

"What kind of weapon is this?"

"Ah!"

help!!!

the monster soldiers of the green scale city were shot to death one by one. even though they were wearing armor, they were still pierced through by the bullets.

There were countless deaths and injuries.

The most important thing was ...

the firearm mech blocked the entrance with bullets. the demon soldiers couldn't escape at all. they were all shot full of holes.

boom!

SH01 lifted the bazooka and fired a shot. The shell landed among the devil soldiers and exploded, forming a fiery blaze that soared into the sky. The power of the explosion was so strong that it killed all the surrounding Devils.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

On the battlefield.

Gray Soul Fire Seeds flew up and merged into Jiang Li's forehead. Notifications flashed in front of his eyes. He had captured level-one soul Fire Seeds.
