

## Army 91

Chapter 91 retreat!

Whoosh!

the bowmaster mech with the number gjs01 on jiang li's right shot an arrow. the black arrow pierced through the air and silently killed a perfected-stage monster captain of the green scale city soldiers. the arrow pierced through the monster's forehead.

Whoosh! Whoosh! Whoosh!

The Archer mech shot out arrows one after another. Each arrow was so powerful that it could kill at least one demon soldier.

BOOM! BOOM! BOOM!

SH01 fired its rocket cannon in succession. The shells exploded, and deafening roars rang out. The blazing flames exploded, and rocks and soil flew everywhere. The scene was terrifying.

A large number of monster soldiers were killed.

how did this happen?!

Qing Wenling looked around and saw the sky full of fire. She saw with her own eyes that the monster soldiers of green scale city were killed one by one.

Anger, fear, and grief.

“Bang!”

JJ01 fired again. A white energy bullet shot out, tearing through the air. It contained an extremely dense metal attribute energy and possessed a powerful destructive power.

“Scaled Eagle secret technique.”

Buzzzzzz!

His scaled wings howled, and the power of his black bloodline surged. It gathered around his body, then transformed into a Black Eagle with fish scales all over its body. He charged forward.

Bang!

The energy bomb shattered the Black Eagle, and the remaining power it contained even sent its scaled wings flying. It spat out blood, and its face was as pale as paper.

“City Lord, quickly leave!”

” qing wenling! ” lin yi turned his head as blood seeped out of the corner of his mouth. his hair was disheveled, and he looked rather miserable as he yelled at qing wenling.

“Scaly wings, you’re a coward!”

Qing Wenling was still in a daze.

BOOM!

SH01 raised the bazooka, aimed it at Qing Wenling, and fired. The shell left a trail of fire in the air as it headed straight for Qing Wenling.

“!!!”

Qing Wenling raised his head and saw the cannonballs.

“Roar!”

A dragon-like roar came out of Qing Wenling's body, and a green mist spread out. The power of the perfected stage of Tier 2 was fully unleashed.

Bang Bang Bang Bang!

The bullets of the firearm mech were all blocked by the green mist. They stopped in the air and lost their momentum.

"The green python Dharma!"

Qing Wenling roared, and the green mist gathered above him, eventually turning into a huge green python that hovered in the sky like a dragon.

It was more than ten meters long.

It was like a giant beast.

"a perfected tier-two demon is indeed very strong."

let's go. Jiang Li was calm when he saw Qing Wenling's power. He didn't let Wang Gang and the giant hammer mech fight. At the same time, he paid some attention to the monsters outside the canyon.

The sniper mech and sh01 were enough to deal with Qing Wenling.

"This is the green python Dharma."

The snake-biting man looked at the green python in the air and his eyes flickered. Qing Wenling's strength has exceeded my expectations. He has actually mastered the green python Dharma. I'm afraid he's only one step away from the third rank.

"Commander-in-Chief, if we don't act now, the green scale city will be completely annihilated,"

Ye zhanglin said.

“bring me my bow.”

The Ouroboros extended his right hand.

“Yes.”

Ye zhanglin nodded and waved his hand behind him. Three monster soldiers carried a black rectangular wooden box and placed it in front of the serpent.

Kachaa!

Ye zhanglin opened the black wooden box. Inside it was a black snake-shaped bow. Even the bowstring was black as if it had swallowed all the light.

Beside the longbow, there were two black and gold arrows with purple patterns on them.

a tier 2 top-tier ouroboros bow.

A Tier 2 top-tier black-gold arrow.

The two combined.

The power was extremely terrifying.

“Commander-in-Chief,”

Ye zhanglin passed the Ouroboros bow and the black-gold arrow to the serpent.

...

“Yes.”

The Ouroboros clan member held the bow with his right hand and the tail of the black-gold arrow with his left. He took a deep breath and slowly raised the bow, nocking the black-gold arrow on the bow.

“Whoosh!!!”

The power of his bloodline circulated and was injected into it.

Instantly.

A black light lit up, and a black snake shadow appeared behind the snake’s back. It had a single horn, but the snake’s head was biting its own tail like a ring.

“BOOM!”

The line Canyon in the Rocky Mountain.

“Break!”

Qing Wenling roared. The green python Dharma form soared into the sky and let out a dragon-like roar. It charged forward and collided with the cannonballs of the rocket cannons in the air.

With a ‘Dong’ sound, the Cannonball exploded. Flames shot up into the sky, like gorgeous fireworks exploding in the air. It was dazzling and extremely dazzling, illuminating the dark Canyon.

...

Roar!

you’re dead! the green python roared and resisted the explosion. Although it became dim and consumed a lot of energy, it didn’t collapse. Instead, it continued to attack Jiang Li.

bang!

JJ01 fired a shot, and an energy bullet shot out, making the final blow. It completely pierced through the green python Dharma power, and the green python Dharma power exploded into green light spots in the air.

“pfft!”

“Ah!”

arghh! Qing Wenling spat out a mouthful of blood as he staggered backward.

Da da da da

The firearm mech’s machine gun bullets shot toward Qing Wenling. Without the protection of his bloodline power, the bullets hit his body.

Kachaa! Kachaa!

The armor on Qing Wenling’s body was shattered by the bullets.

Pfft! Pfft! Pfft!

The bullets pierced through the scales on Qing Wenling’s body, and blood splattered everywhere. Qing Wenling’s body trembled as if he had been electrocuted, and blood bloomed everywhere.

“City Lord!”

buzzzzzz!

scale wing rushed over and used his bloodline power to block the bullets.

“Die!”

“whoosh!”

Black Gold arrow! the snake biting monster gathered its power to the limit and locked onto Jiang Li who was on the right side of the mountain. It shot out a Black Gold arrow. It was a Black Gold light, silent but extremely fast.

the black-gold arrow was like a black poisonous snake, launching a surprise attack.

Hurry up!

It was too fast!

“Shake!”

Jiang Li! Wang Gang reacted first. He quickly stood in front of Jiang Li and punched with all his strength, creating a powerful vibration.

Bang!

the air exploded, creating an air explosion, and the shockwaves spread forward.

‘BOOM!’ There was a loud sound.

Wang Gang’s punch hit the black-gold arrow. The vibration waves were torn apart by the black-gold arrow. The powerful vibration force collided with the power of the black-gold arrow.

Kachaa! Kachaa!

The ground beneath Wang Gang’s feet crumbled.

The power contained in the black-gold arrow was destroying Wang Gang’s internal organs, causing him to be greatly damaged. If it wasn’t for the fact that Wang Gang’s gloves were also of the top grade, his arm would have been destroyed.

Thump!

The giant hammer mech took the chance to hit the black-gold arrow with his hammer. With a loud noise, the black-gold arrow was knocked away and fell to the ground.

there are actually two people at the perfected stage of Tier 2!

what? ” the snake-biting man’s pupils constricted. plus the two who fought Qing Wenling, that means Jiang Li has four experts at the perfected stage of level two.

“There’s a mistake in the information,”

Jiang Li has an advantageous terrain now. He’s going to die if he goes into the canyon. Even if we attack from both sides, we won’t be able to gain an advantage with the special weapons.

“This surprise attack failed before it even started.”

“We can’t fight this war.”

“All troops, retreat!”

The snake-biting man quickly put down the longbow in his hand. Without any hesitation, he immediately gave the order for the entire Army to retreat, giving up on Qing Wenling and the monster soldiers in green scale city.

“Yes!”

Ye zhanglin didn’t say much and immediately nodded.

snake bite!!!

qing wenling turned around, and his eyes widened.
