

Army 96

Chapter 96 Marching through the night

“Abandon the chariot to save the king.”

Hong Tianqi? ” Jiang Li murmured to himself after hearing what Hong Tianqi said.

One had to know.

Jiang Li’s Foundation in the great Qian dynasty was extremely shallow, and he didn’t have any support.

If it wasn’t for the ‘three great laws of the human race’, he wouldn’t even be the city Lord of the great Xia city.

naturally, no one in the imperial court of the great qian dynasty would speak up for him.

If the red eyebrows Empire really wanted to invade, the great Qian dynasty might push Jiang Li to the front to take the blame for the sake of the overall situation.

Of course.

If the current ruler of the great Qian dynasty had a strong attitude and refused to compromise, he would gather his Army and start a war with the red eyebrows Yao Kingdom.

Either way, the Black Dragon County would be the first to be affected and Jiang Li would be involved in this mess. If he wanted to protect himself, he had to be strong.

Furthermore ...

Jiang Li wouldn’t let others decide his fate.

“don’t worry.”

I know, ” Jiang Li said calmly. I have my own plans.

“Yes.”

Hong Tianqi nodded and didn’t say anything.

In reality.

jiang li had collected eleven level-two soul tinders and more than 100000 energy points. he had met the requirements to activate the level-two army.

At that time.

Jiang Li only needed to unlock the level-two Army class and then use level-two meches. The strength of his mech Army would be greatly improved.

So what if there was a 100000-strong demon Army?

He could still be crushed!

Of course.

A large number of energy points were needed to send out soldiers.

Jiang Li had to think of a way because the energy points required for a level-two troop type was a terrifying number.

“City Lord, are we returning to the great Xia city?”

Hu Dong asked.

“There’s no hurry.”

No. Jiang Li shook his head and said, ” since the monster army and Qing Wenling are dead, the green scale city must be defenseless now. It’s the best time to attack.

“City Lord, are you going to March to the green scale city overnight?”

Hong Tianqi’s eyes widened.

“This bi an ...”

Hu Dong was also stunned. He said worriedly, ” “City Lord, aren’t you taking too much risk? We’ve just experienced a great battle, and our losses and casualties are not small.”

when we enter the territory of Red Dragon County, we will be in danger if monster soldiers from other monster cities come to our aid.

“moreover, with the current military strength of our great xia city, even if we occupy the green scale city, we can’t defend it. i hope that the city lord will think twice.”

“Yup,”

“city lord, why don’t we talk about this later?”

Wang Pingyuan and the others also advised.

In reality.

Jiang Li didn’t plan to occupy the green scale city. He was going to plunder the wealth of the city after he conquered it. That was his main purpose.

If they didn’t take action tonight, when the monster race reacted, the green scale city, which had lost its Army and city Lord, would definitely become a piece of fat meat in the eyes of the other monster cities.

If Jiang Li was late, he wouldn't even have a chance to drink the soup.

"I've made up my mind."

jiang li waved his hand and didn't want to explain. he interrupted hu dong and ordered, " "This time, you don't have to follow me. Take these spoils of war back to the great Xia city, and leave someone who is familiar with the green scale city to lead the way for me."

"Wufu, city Lord, if you must go, then let this subordinate's Adjutant lead the way."

Hong Tianqi's left leg was injured, so he couldn't go with Jiang Li. However, he needed someone familiar with the way to green scale city.

His Adjutant was just the right person.

"That's good."

okay. Jiang Li nodded.

"xu li greets the city lord."

Hong Tianqi's Adjutant was a middle-aged man in his forties. He saluted Jiang Li.

"Yes."

jiang li looked at it.

...

Soon after.

After resting for a while, Jiang Li left.

Hong Tianqi and the others returned to the great Xia city with the spoils of war.

Early in the morning.

Green Mountain. Jiang Li's mech Army finally arrived at the outskirts of Green Mountain. They saw dense forests. Xx02 walked to Jiang Li and took out the map they had drawn.

Jiang Li looked at the map carefully and asked Xu Li to refer to it. Finally, he decided on the route to the Qingshan mountains and entered.

Roar!

The low growls of wild beasts could be faintly heard from the surroundings.

“Whoosh!”

the bowmaster mech shot an arrow. the arrow pierced through the air and killed a poisonous snake not far away. its triangular head was pierced and nailed to the tree trunk. the snake wrapped around the arrow shaft.

“This is a black venomous snake, a type of vicious beast.”

...

Xu Li said in shock, “if you're bitten and you don't take the antidote in time, even a martial artist at the perfected stage of level one will be poisoned to death.

“City Lord, you have to be careful. There are many ferocious beasts in the Green Mountain Range.”

“Alright,” he said.

okay. Jiang Li nodded. He was already on alert.

“City Lord, with the route that we have just decided on, we should be able to pass through the green Mountain Range before noon today if there are no accidents along the way.”

Xu Li held the drawn map of the Green Mountain Range and muttered.

“At noon.”

it's too late. Jiang Li frowned. we have to speed up.

“But if the commotion is too big, it will attract fierce beasts.”

Xu Li said worriedly.

on the other side.

Hu Dong and the others had already returned to the great Xia city.

at the city gate.

Han Liqi had been waiting here for a long time.

“Hong Tianqi.”

han liqi immediately walked over and stopped hong tianqi. he looked around but didn't see jiang li.
” “Where is city Lord Jiang? Why didn't he come back with you?”

“What are these things you brought back?”

“Your Excellency.”

Hong Tianqi first saluted han Liqi and then explained, ” “Because the city Lord received news in advance that a demon Army has crossed the Green Mountains and is marching rapidly towards the great Xia city. They are preparing to launch a surprise attack on the great Xia city.”

therefore, the city Lord played along and set up an ambush in the line Canyon of the Rocky Mountain. In the end, he annihilated the entire demon Army.

“What did you say?”

Han Liqi’s eyes widened. there are demons? You even annihilated the demon Army? Do you know the origins of this demi-human army? What identity? I can’t believe there’s such a thing.”

my Lord, this demon Army is the famous ‘long snake Army’ in Red Dragon County. The commander of the ‘long snake Army’ is a Cobra.

other than that, there was also the monster army of the green scale city. Even the city Lord, Qing Wenling, was killed by the city Lord. More than ten thousand monsters were all annihilated.

“!!!”

Han Liqi was dumbfounded. He looked at Hong Tianqi, then at Hu Dong and the others. He couldn’t react and couldn’t accept the news.

How was that possible?

That was the ‘single-line snake Army’, with the Ouroboros that was known as the ‘strongest commander’.

He’s dead?

they were all annihilated?

Just one night.

The entire Army was annihilated?

Was that true?

it was like a dream.

Wufu, Wufu, Hong Tianqi, are you serious? ”

Han Liqi asked.

“it’s true.”

yes. Hong Tianqi nodded seriously. how can I lie about this? ”

“If you don’t believe me, I can show you something.”

Hu Dong took out the banner of the single-line snake Army. It was stained with blood and had a few holes in it, like a piece of rag.

“The flag of the Ouroboros clan.”

Han Liqi held it in his hands and recognized it at a glance. He exclaimed, ” it’s really him!!!

“Good, good, good,”

Han Liqi took a deep breath and cheered. After calming down, he asked, ” “Where is city Lord Jiang? Why didn’t he come back with you?”

“This bi an ...”

Hong Tianqi and the others looked at each other.
