

## Army 97

Chapter 97 demon slave

“Head instructor Hong, why don’t you do the talking?”

Hu Dong said.

“That’s good.”

Hong Tianqi nodded, “the city Lord didn’t come back with us. He’s leading his men to March through the night. They plan to take advantage of the fact that all the monster soldiers in green scale city are dead and the city Lord Qing Wenling is dead. They want to take down green scale city.

“Attack the green scale city?”

Han Liqi could not help but berate, ” this is ridiculous. Does he think he is an invincible war god? ” They actually dare to directly attack the territory of the red eyebrows Yao Kingdom. If there is even the slightest mistake and we are surrounded, we will be doomed and will die.”

“Too impulsive, simply too impulsive.”

“this won’t do.”

Han Liqi clenched his fists and said in a deep voice, ” “I have to report this to the Imperial court immediately. The snake commander has been killed and the one-line snake Army has been completely annihilated. Although it is a good thing, Red Dragon County will definitely not take this lying down. They will definitely think of a way to take revenge when they receive the news.”

given the current situation, it’s best if the Imperial court can send their Army to station in Black Dragon County. Otherwise, it’ll be a great disaster.

“state lord, where is city lord jiang?”

Hong Tianqi asked.

“He’s on his own.”

Han Liqi snorted and said,”he insisted on entering the red eyebrows Yao Kingdom’s territory. What can I do?” Do you think I can still pull him back from here?”

As soon as he finished speaking.

Han Liqi left immediately.

“The city Lord will be fine, right?”

Xu Ya’s eyes were a little worried.

“It’s fine. I believe that the city Lord would never do something he’s not confident in.”

Pang kui said after some thought.

“Pang kui is right.”

Wu Zong nodded. during my time with the city Lord, I have some understanding of him. Basically, he is well prepared for every operation and never fights a battle he is not confident in.

It was close to noon.

Jiang Li led the mechanical Army out of the Green Mountain Range. They encountered fierce beasts but only lost a few walking puppets.

“My Lord, we should head in this direction.”

Xu Li took out the map and led the way for Jiang Li.

“Yes.”

okay. Jiang Li nodded.

Half an hour later.

Jiang Li passed by the first monster Village. The village wasn't big, but there were hundreds of monsters living in the village. Most of them were civilians and didn't have much combat power.

In order to avoid alerting the monsters, Jiang Li didn't attack the village. Instead, he passed by quietly without alerting any of the monsters.

Time passed.

In the afternoon.

When Jiang Li passed by the fourth Monster Village and was about to reach the green scale city, he was discovered by the residents of the village.

“Human! There's a human!”

ah! the demon commoner was a young demon with a dog's head and a human's body. He couldn't help but exclaim when he saw Jiang Li and the others. He covered his mouth and stepped back quietly.

Whoosh!

The Bowmaster mech shot an arrow through the air and pierced through the monster's head. Blood gushed out and the monster died.

“Hurry up and run!”

“Run!”

sha sha sha sha

Although the Archer mech had killed the monster, it still alerted the monsters in the village and caused them to scream.

“Kill!”

Jiang Li frowned, waved his hand, and gave the order.

He looked at the village in front of him. Most of the demons in the village were dog-headed human-bodied dog-headed demons. There were not many of them, only a few hundred of them.

“Massacre the entire village, leave no one alive.”

In order to prevent the monsters from running away and exposing his whereabouts, Jiang Li ordered the villagers to slaughter the monsters.

shua! Shua! Shua!

Hundreds of meches attacked at the same time. The firearm mech didn't shoot because the sound was too loud.

“city lord,”

Xu Li walked over and suggested, “it's really a pity to massacre a village. In the DA Qian dynasty, the price of ‘demon slaves’ is not low. If we capture them and sell them as ‘demon slaves’, we can make a lot of money.

“Demon slave.”

It was the first time Jiang Li had heard of this.

...

“Yup,”

Xu Li nodded and explained. the three races, human, demon, and barbarian, have been at war for years. There has long been an irreconcilable hatred. It has been rooted in the depths of their blood.

therefore, if the demons capture the cities of human beings, they will either massacre the cities or raise the captured human beings as ‘pigs’. It is perfectly normal for them to eat human beings.

if human beings conquer the cities of the demons, we will not show any mercy. Other than massacring the cities, we will also capture the demons and turn them into ‘demon slaves’ for us to control.

the market price of a strong and healthy demon is one hundred taels of silver.

“Demon slaves, that’s not a bad deal.”

it’s too troublesome to take the monsters in this village with us. Jiang Li murmured. besides, there are only a few hundred monsters. They’re not worth much.

“compared to this village, the number of monsters in the green scale city is much higher.”

“If you really want to capture demonic slaves, you should go to the green scale city.”

“Your Excellency is right.”

“I was too short-sighted,” Xu Li immediately said.

...

Ten minutes later.

The entire dog-headed people’s village was massacred, and hundreds of dog-headed people were killed. Out of the hundreds of dog-headed people, there were only five level-one monsters.

Jiang Li caught a level-one soul Tinder.

in order to get to the green scale city as soon as possible, jiang li didn't search the village. he left right away after he slaughtered the village. he sped up and arrived at the green scale city half an hour later.

“My Lord, the green scale city is right in front of us.”

Xu Li pointed to the front.

“Yes.”

city gate. Jiang Li looked over. The first thing he saw was the tall city gate. The thick and tall city wall stood tall. Many monsters were coming and going at the gate.

“My Lord, should we prepare anything?”

Xu Li asked.

“No need,”

attack the city, “Jiang Li said.

“Do it!”

let's go! Jiang Li waved his hand and gave the order.

“Kill!”

attack!!!

“Roar!”

The siege began.

First of all ...

BOOM!

SH01 lifted the rocket launcher and fired a rocket. The rocket left a trail of flames behind it as it streaked across the sky and blew up the green scale city's Gate.

“rumble!”

deafening explosions, flames, and the city walls were all destroyed. the scene was shocking.

“Ah!”

a miserable scream rang out.

Many demons around the city gate were injured by the explosion, some even directly killed. At least dozens of demons were killed, and their limbs and bodies were flying everywhere.

dust and stones flew everywhere.

“Enemy attack! enemy attack!”

“Quick, quickly hide in the city.”

“What was that just now?”

“the city gate has fallen!”

“Quickly inform the city Lord.”

“The city Lord left with the monster soldiers last night!”

“.....”

Screams.

Fear.

He trembled.

the monsters panicked and ran into the city, but the green scale city was unguarded. all the monster soldiers were taken away by qing wenling and killed by jiang li.

Currently.

The green scale city was left with the reserve troops of the monster race and the monster gangs similar to the ‘human gang’.

Under the control of the biochemical meches, thousands of walking corpse puppets charged at the front like meat shields, attracting the attacks of the demon reserve army of green scale city.

“Attack! attack!”

“archers, release your arrows!”

“Hurry up!”

On the city wall.

The demon reserve army took out their bows and arrows and aimed them at The Walking puppets below. A large number of arrows broke through the air and hit The Walking puppets. Many of them were destroyed.
