Arranged To The Alpha Chapter 24-Blake:

I laid my head on Natalia's lap as she ran her fingers through my hair, while she scrolled through her phone, reading or texting.

I came back from work exhausted and drained while she was already at home a while before I arrived. The two of us have been on our bed since after dinner, and she has been massaging my forehead or running her fingers through my hair in attempt to help me relax since then.

"You need to take things easy on yourself, Blake. You'll end up getting sick, and believe me; no one wants that" she said gently. Water poured from her finger, wetting my hair, and lowering my body temperature. She tended to do that when she felt like my body was too hot for it to be normal, and as a wolf; my temperature was higher than that of a human.

"I'm just going through a few issues at work, princess, don't worry" Natalia looked me in the eye and leaned down to my lips, slowly connecting our lips together. I stilled, kissing her back, but not forcing the kiss to go any further, wanting her to be in control of how it went.

Natalia didn't take things any further, she simply ran her finger over my scruff, scratching it ever so gently making me smile into the kiss. I knew that it was my turn to take charge of the kiss. I wrapped my arm around her neck as I raised myself to a sitting position, slowly pushing her to lay down as to hover her body. I rested my weight over her by placing my arms either side of her head, laying in a plank position before I lowered my lower half against her own. I ran my finger through her hair, slowly looping my finger with her curly strand as I kissed her. Our lips moving in a slow pace which was both tempting and sensual.

"You're so fucking beautiful, Natalia" I whispered. I pulled away from the kiss, resting my forehead against her own. Both Natalia and I took deep breaths, I nudged her nose with my own before slowly kissing it making her giggle, I laid my head in the crook of her neck, trying to catch my breath as her intoxicating scent aroused me "you know, if we don't stop now; the two of us are going to end up taking this elsewhere"

"And whoever said that we should stop anywhere?" Natalia asked shocking me. I raised myself to look her in the eye. She nodded and wrapped her arm

around my neck, raising herself to kiss me. I kissed her back, melting in her embrace before forcing myself to pull away and look her in the eye.

“Natalia, baby girl, are you sure?” I asked. I didn’t want this to be a heat of a moment, nor did I want her to be doing this because she knew that I was stressed. The two of us have been getting closer for months, but aside from casual teasing; the two of us never went far enough as to doing anything that would pressure her.

Natalia pulled me down to her; however, instead of connecting our lips she leaned in toward my ear “I trust you, Blake”

Her voice was above a whisper when she spoke. Her finger scratching the back of my neck ever so gently. I took a deep breath, forcing myself to relax as to catch my own breath and gather my thoughts. A low growl escaped me before I could contain it, Ares making himself known for Natalia who giggled “it seems like your wolf shares the same want as I do”

“Believe me, baby girl; there’s nothing more that I want right now. But I don’t want this to be a moment’s heat, nor do I want you to regret this. Therefore, I will ask you again, princess, are you sure about this?” I asked looking her in the eye “I want you to look me in the eye while saying it, babe”

“I trust you, Blake Knight” Natalia’s eyes were fixed on mine as she spoke. Her voice confident despite her racing heart. I knew that she was nervous, and I knew that this was a big step for her. But I was more than glad that she was trusting me with this. I leaned down to her lips, kissing her, adding a little more force into the kiss.

I slowly ground my lower half against her own, letting her feel my want for her as I smelled her own arousal. The smell alone was enough to set my own body on fire, my cock hardened even more despite it being concealed within the barrier of my pants and boxers. The two of us were clothes, and I was already close. I pulled away from her lips, softly kissing her jawline, and going down to her neck. Natalia let out a low moan as I licked her soft spot, and I smirked. The spot was where I was going to have my canines buried in as I marked her.

Natalia’s body heated, and I pulled away from her lips to take off her shirt, exposing her body to myself. Natalia blushed crimson wanting to cover herself, but I put my hand on hers, stopping her “so fucking gorgeous”

I looked her in the eye asking for permission to touch her. Natalia hesitated before nodding, watching as I placed my hand on her right boob, slowly squeezing it, wanting her to enjoy it. She tensed, her heart racing as her cheeks reddened and I couldn't help but smile at her innocence. It was something that I grew to love about her.

I pulled away to take off my own shirt, wanting to feel her skin against my own. Natalia bit her bottom lip as she stared at me "like anything you see?"

Natalia laughed and hesitantly ran her finger over my toned abs as I raised myself over her body. She looked me in the eye, not sure on how she would handle this, but I took her hand in mine, slowly guiding it to my hardening cock "touch me"

My voice was deep, raspy, but just above a whisper for her to hear. I placed her hand over the fabric of my sweat pants, my cock already rock hard. Natalia hesitated for a second before wrapping her hand around it, squeezing my hard on softly. I watched in silence as she did, waiting to see where she would take this. Enjoying the sight of her being in her flustered state. The two of us were just as flustered anyway.

I kissed her neck as she gained confidence, moving her hand up and down my cock, earning a low moan which had her freeze for a second before going back to what she was doing. I knew that if this went on, I was going to end up making a mess in my boxers, and I was sure that my pre-cum already did that for me. I pulled away from the kiss, surprising Natalia who quickly removed her hand fearing the fact that she might have done something wrong; she would be very surprised at the fact that she did something VERY right.

"If you keep this up, princess; I'll be reaching my climax in my own pants, and I want to be inside you when we both cum" I whispered. My words caused my beauty to moan, and I couldn't help but smirk at that fact. Natalia's eyes were fixed on mine and I ran my finger over her waist, going lower toward her pants.

"May I?" I whispered. Natalia nodded and I smiled, slowly sliding her pants and panties off. I didn't give her time to process as I took off my own pants and boxers off. If I did, she might grow more nervous, and that wasn't something that I wanted. I ran my finger over her wet clit, drawing slow circles of eight before pushing my finger inside her. Natalia arched her back when I did, tensing as I stretched her.

“Relax, baby” I whispered. Natalia whimpered but nodded. Closing her eyes as she allowed pleasure to take over her body. She grabbed my arm, squeezing it as she tightened around my finger “let go, princess. I’ve got you”

I sped my movement, watching as my beauty whimpered under me. Her eyes rolled to the back of her head and I growled when she moaned my name, reaching her end. I rode her off her own climax, my cock rubbing her thigh as I created a friction to somewhat relieve myself. Natalia’s eyes were closed for a few seconds before she opened them when I guided my cock toward her entrance. Her eyes met mine and I extended my hand for her to take “squeeze my hand as tight as you want, baby girl, yeah? It would hurt a bit, but I’ll be as gentle as I can be”

Natalia held her breath but I shook my head, kissing her forehead “trust me, baby girl. I’ve got you”

“I trust you, Blake”

Her words made my heart skip a beat as I pushed myself inside her, stretching her to accommodate my size. Her eyes widened before a cry of pain escaped her lips. Her eyes watering as she squeezed my hand. I kissed her neck once I was fully inside her, moving up her jawline, toward her lips, her nose, and her cheeks, trying to distract her from the pain. I completely stilled wanting her to adjust knowing that she would need a while to.

She nodded for me to move, but I hesitated seeing as I could tell that she was yet to be comfortable “Blake, please”

I rested my forehead against hers before pulling out and pushing back inside. Her eyes widened and she tightened her hands in my own, letting me know that she was in pain. I stilled once again before repeating my movement, this time not stopping, just making sure to keep myself moving at a steady pace.

It was a while before I heard her whimper, a low whimper of pleasure which snapped me out of my daze. My eyes met hers when she removed her hand from my own and wrapped her arm around my neck, pulling me down to her lips “harder”

Her simple whisper was all I needed before I sped up, pulling fully out of her before pushing back inside. Her eyes widened and a scream left her lips. I wrapped her legs around my torso as I neared my own end. My canines

brushing against her vein as I anticipated for what was to come, waiting for her to reach her own climax.

“Blake...”

“Let go, princess” I whispered before digging my canines deep inside her neck, marking her as my own as I pushed in one last time before the two of us came at the same time. Natalia wrapped her arms and legs around me, holding me to her just as I wrapped my arms around her, embracing her as I rode us off. Her heart raced as my movements turned sloppy, my body shuddering over hers.

I removed my canines from her neck and carefully licked the area knowing that my saliva would help heal it. She would need to rest tomorrow, that was something that I knew, but at least the cut wouldn't be as exposed in a few days. The one difference about her would be my scent which would be masking her own, letting everyone know that she was MINE.

I pulled out of her earning a whimper at the loss of contact before laying beside her. I pulled her to my arms, hugging her tightly as both our chests rose and fell, Natalia's breath began to even as she stilled.

“Baby girl?” I whispered, she hummed in response making me chuckle “are you okay?”

“I'm sleepy” she yawned turning around in my arms. She laid her head on my chest as she laid on her side.

“Don't you want to shower before bed?” I knew that she wouldn't want to, a she-wolf would need to rest after mating; I couldn't expect much from her being human, or an element manipulator in this matter, to be able to handle the exhaustion that followed. Natalia didn't answer and when I looked down at her, I smiled at her sleeping sight. I tightened my arms around her, softly kissing her temple.

“Sweet dreams, baby girl”
