Chapter 341: Intimate Relationship?

Just as Shu Pan was rejoicing, Gu Shaoting slowly opened his eyes and saw Shu Pan's expression.

Shu Pan looked up and met Gu Shaoting's eyes.

"Morning." Gu Shaoting's voice was a little hoarse, but it sounded really sexy.

"Morning." Shu Pan quickly greeted him, trying to hide her embarrassment.

"Lie down a little longer. I'll prepare breakfast and apply for leave for you later." After Gu Shaoting finished speaking, he sat up.

He didn't want to get up. He wanted to continue hugging her like this, but he also knew that after experiencing what happened last night, the fear in her heart was indescribable.

She looked much better today, but her cheeks were still red and swollen. Although she had applied ice yesterday, it still did not go away.

"All right, sorry to trouble you." Shu Pan nodded obediently.

Gu Shaoting looked at her lovingly, then opened the door and went out.

Shu Pan felt a little disappointed without the warm embrace. She didn't know why she felt this way.

Gu Shaoting came out to the living room and called the hotel to send breakfast over.

Then, he looked at the time. It was still early, so he thought of calling Shu Pan's manager later.

Shu Pan could have made the call herself, but Gu Shaoting was worried that she wouldn't be able to find a reason. Moreover, Shu Pan couldn't talk much now. Her facial expressions would be affected if she started talking and it would be unbearably painful.

When the hotel sent breakfast over, Shu Pan had just come out of the bathroom.

"Come and have breakfast. You must be starving. I ordered congee for you." Gu Shaoting took good care of her.

"Thank you." Shu Pan didn't know what to say to express her gratitude. Gu Shaoting was really considerate.

"Xiaomeng will send Joy to school. Please pick her up tonight." Shu Pan instructed.

"Also, can you help me buy a few disposable masks? It's not convenient for me to go out with my face like this. Can we go grocery shopping when you come back from work tonight?" Shu Pan was still thinking about getting groceries downstairs

She felt particularly insecure now. She couldn't go out alone. She would probably be afraid if a car passed by.

"Ok, you rest well at home. I'll bring food back. I'll make arrangements for Joy." Gu Shaoting quickly comforted her.

After breakfast, Gu Shaoting picked up the phone and walked to the balcony. He called Shu Pan's manager.

After a long time, the call was picked up. "Good morning, Mr. Gu. What do you want me to do for you?" When the director saw Mr. Gu's call, he was shocked.

Why did the big boss call him so early in the morning?

“Oh, It’s nothing. It’s just that Shu Pan is sick and is taking a leave of absence for a while.” Gu Shaoting didn’t say anything unnecessary.

“Shu... Pan.” The director thought that he had misheard it. Why was the CEO related to Shu Pan?

Also, Gu Shaoting was the boss of the company. Why did he have to make that call? What was the meaning of this?

“Yes, there’s nothing else.” Gu Shaoting hung up the phone.

The director was left holding the phone in a daze.

He had yet to recover from the news.

A man helping a woman apply for leave early in the morning. No one would believe that their relationship was not intimate.

So Shu Pan was the CEO’s. The director finally understood one thing.

He thought back uneasily. Fortunately, he treated Shu Pan well. That’s good.

Gu Shaoting returned to the living room and told Shu Pan that he had applied for leave for her.

“You helped me apply for leave?” Shu Pan suddenly remembered something.” Does the director know it’s you?” Shu Pan asked nervously.

“Of course, he knew.” Gu Shaoting replied.

“No way. Then how would he guess our relationship?” Shu Pan wailed in her heart.

As expected, she was scared silly and only remembered this now..

Chapter 342: Investigating the Truth

“I don’t care what others think.” Gu Shaoting pretended to comfort her. He couldn’t wait for the whole world to know their relationship.

Forget it, since it happened, she would just accept it. She could not control other people’s mouths.

After breakfast, Shu Pan called Xiaomeng. Knowing that Xiaomeng had sent Joy to kindergarten, she was finally relieved.

However, the little girl didn’t see her Mommy when she woke up this morning and began making a scene. Ye Xiaomeng finally promised that she would definitely see her mother tonight. Only then did Joy break into a smile.

Gu Shaoting had to rush back to the company after breakfast because he had something to deal with.

As soon as he left the house, Gu Shaoting’s face immediately turned cold. He arrived at the parking lot, opened the car door, got in, and stepped on the accelerator. The car sped out.

As soon as he arrived at the company, He Ming pushed the door open and entered.

“Brother Ting, I’ve found some clues about the matter you asked me to investigate. These people are unemployed and usually idle. Later, they followed Lord Long’s subordinates and became local thugs. This matter was ordered by Lord Long, but I don’t know how Shu Pan offended Lord Long.” He Ming was also puzzled because Shu Pan had a simple life and usually did not have the opportunity to come into contact with such people.

“She’s not sure herself. She doesn’t know any Lord Long.” Gu Shaoting recalled that he had tried getting information out of Shu Pan yesterday and learned that she didn’t know Lord Long at all.

“The purpose of taking such a photo of Shu Pan is to ruin her reputation. This is usually done out of jealousy.” He Ming analyzed.

Gu Shaoting didn’t say anything else. His mind flashed past Shu Laide’s former debt collectors. However, Shu Pan had already repaid all the debts, so it was unlikely.

Could it be his enemy? But they were divorced and separated for a long time. Who knew that they were together? And Shu Pan didn’t accept him.

Could it be a colleague from the company? Or his Mom? However, it was unlikely. His Mom did not know such a person in the triads.

The more Gu Shaoting thought about it, the more confused he became, and his eyes gradually turned cold.

“Go and check again. See if Lord Long has been in close contact with anyone recently.” Gu Shaoting pondered for a while and then said.

“All right, how is Shu Pan?” He Ming asked with concern.

“She was shocked. Her face was swollen from the beating. Arrange for the people who are being held at the police station to be taken care of.” Although Gu Shaoting’s tone was faint, it was creepy.

“Also, investigate on this. When I lost my memory in the car accident, I suspected that someone also wanted to run Shu Pan down, but I pushed her away.” Gu Shaoting suddenly thought of this matter and wondered if they were related.

“All right, I’ll make the arrangements immediately.” He Ming left after saying that.

Gu Shaoting pondered for a while, then picked up the phone and called Shu Pan. "Are you bored at home? Do you want to come to my company? I can chat with you."

If Secretary Zhang had heard Gu Shaoting's words, he would definitely have complained in secret.

The documents in the office were piled up like a mountain, where would Gu Shaoting find the time to chat with others?

"No need, I'll just rest at home." Shu Pan felt that he was really ridiculous. What kind of place did he think the office was?

Gu Shaoting listened to Shu Pan's calm voice and could finally work without worry.

However, he was also anxious about the results of He Ming's investigation.

As long as he couldn't find out the truth, there would still be danger. He had to be on tenterhooks at all times.

Although Gu Shaoting was very busy that day, his mind was always thinking about Shu Pan, and he felt that time was hard to bear..

Chapter 343: Cherish the Present

Finally, when Gu Shaoting finished reading the documents, he didn't stay for a moment longer. He planned to pick Joy up.

Along the way, Joy kept asking. The little girl really missed her Mommy.

Before Gu Shaoting went home, he went to the supermarket with Joy and bought two big bags of groceries. He didn't want Shu Pan to go out again.

When they returned home and saw Shu Pan, Joy was really happy.

Fortunately, the swelling on Shu Pan's face had gone down. Otherwise, she would have scared the child.

"Mommy, where did you go? Why didn't I see you? I went to godmother's house." The child was so happy she saw her mom that she spoke incoherently.

"Mommy was busy. But I'm free now." Shu Pan patted Joy's head, feeling a

lingering fear. She once thought that she would never see Joy again.

Really, one would never know which would come first, an accident or tomorrow.

In the past, Shu Pan thought that this was just a rhetorical question. It was not until this accident that she truly understood.

Therefore, her current state of mind was to cherish the present and not think about past grudges. After all, the rest of her life was very short.

With her Mom's comfort, Joy returned to her former self.

Gu Shaoting smiled comfortably as he watched the mother and daughter cuddling.

Dinner was prepared by Shu Pan. Gu Shaoting hadn't cooked once in his life. He wanted to order takeout, but Shu Pan saw that they had brought back two full bags of groceries and decided she could do the cooking. After all, her hands and feet were not injured.

A sumptuous dinner made everyone very satisfied. After Joy finished eating, she returned to her girl's room. She missed it very much, but she didn't dare to tell Shu Pan about it.

The two adults at the dining table were still drinking the soup slowly.

"Panpan, are you feeling better? I'll get a boiled egg for your face later. I heard that it's very effective in reducing swelling." Gu Shaoting saw that Shu Pan's face was still slightly swollen and remembered the old-fashioned method that Secretary Zhang had mentioned before.

"No need. I'm much better. I can go back to work in two days." Shu Pan said nonchalantly.

Gu Shaoting frowned. "You're going back to work so soon? Let's talk about it after you have rested."

Gu Shaoting didn't want Shu Pan to return to work so soon. After all, she had suffered such a big shock.

"Panpan, think carefully again. Have you offended anyone?" Gu Shaoting

continued to ask. He didn't know if He Ming could find the answer. He wanted to know in advance so that he could be on guard.

"No, I didn't." Shu Pan pondered for a moment and then shook her head. She had a little quarrel with MO Lan in the company, but MO Lan wouldn't have done this to her.

Then there was Tong Fei and Song Can, but Shu Pan didn't say it out loud. After all, that person was her Mom. Besides, Song Can might have just said it out loud without any action.

"You still have to be careful." Seeing that Shu Pan didn't know why she was attacked, Gu Shaoting reminded her.

"All right, I know." Shu Pan looked at him and nodded.

The current Gu Shaoting was completely different from before. He used to be cold-faced to people, but now?

She felt like he had changed into a different person. To outsiders, he is still a cold-faced man but to Joy and her, he was very warm and thoughtful. Sometimes, she even felt he was a little naggy.

She didn't know if this change was because of them. She didn't think much of it before, but this accident had given her too much shock.

His calm but firm words, "Don't worry, I'm here!" made her feel especially at ease and secure.

She used to think that she could do it alone, but after encountering this danger, she suddenly realized that she was a woman and she also wanted to have someone to rely on..

Chapter 344: Is It Her?

Gu Shaoting saw that Shu Pan was in a daze and thought that she had remembered what happened. He quickly called her and changed the topic.

Shu Pan smiled faintly, indicating that she was fine. Then, she packed her things.

Just then, Gu Shaoting's phone rang, breaking the temporary silence in the room.

When he saw that it was He Ming, his heart tightened. There must be an investigation result.

He didn't want Shu Pan to be nervous and pretend that it was a company matter before walking to the balcony to answer the call.

“Brother Ting, didn’t you ask me to investigate who Lord Long is close to? I’ve done some research and found that they’re all his normal acquaintances. There’s no one special. But there’s something strange. I found out that Tong Fei and Lord Long seemed to have some sort of relationship.”

After He Ming finished speaking, Gu Shaoting fell into deep thought.

Tong Fei? This name was a little unfamiliar to him, but could it be her?

“Back then, Tong Fei was able to enter the entertainment industry and develop so well. It was all thanks to Lord Long. There were rumours that Lord Long was Tong Fei’s godfather.” He Ming continued to report the results of his investigation.

This could be considered a gain. At the very least, this was a clue.

Gu Shaoting was a little surprised. He didn’t care much about Tong Fei’s past.

At that time, she was doing very well in the entertainment industry. However, he had also seen her hard work. Otherwise, she would not have gone abroad to develop herself without hesitation.

He had always known that she was ambitious, but if she was the one who arranged this accident to target Shu Pan, it should be because of him, right?

Revenge against him for breaking off the engagement?

Shu Pan didn’t know her before, so there was no conflict of interest. The more he thought about it, the more he felt that something was wrong.

“Ming, I’ll have to trouble you. You must continue to investigate to see if they have interacted recently.” Gu Shaoting stared at the lights in the distance. He couldn’t calm down. He wouldn’t let Shu Pan and their daughter get hurt again.

“All right, I’ve already instructed the people who were locked up in the police station to be taken care of.” Gu Shaoting always trusted He Ming when he did things.

“Those ruffians are scoundrels. When they were recording their statements, they kept saying that they had asked Ms Shu to take a set of photos on a whim. They completely denied the fact that they had kidnapped her and refused to say who was behind it.” He Ming said helplessly. If they could not be convicted, they would be released soon.

Gu Shaoting thought for a moment. “It’s better that they are released. When heaven open its door, they refuse to enter and want to barge into hell.” He Ming immediately understood what Gu Shaoting meant.

He could only pray for those people now. They didn’t know Gu Shaoting’s temper, and those who provoked him wouldn’t have a good ending.

“Brother Ting, what do you plan to do next?” He Ming asked.

“You continue to investigate Tong Fei and Lord Long to see if there are any clues.” Gu Shaoting instructed. Such matters emphasize on evidence and he wouldn’t simply accuse anyone.

Gu Shaoting had guessed that those people would not give up Lord Long’s name. He had heard their conversation back then and figured it out.

This kind of local ruffian was particular about the so-called brotherhood of the gang world.

Although Gu Shaoting didn’t mingle in that world, he had heard of Lord Long, who was a famous figure in that world.

For a big brother like him, as long as he took care of these ruffians, they would work for him with their lives.

After hanging up the phone, Gu Shaoting held the railing of the balcony with both hands. His slightly furrowed brows showed that he was in a heavy mood at the moment.

He didn't want to provoke others, but since someone had crossed his bottom line, he definitely wouldn't let it go.

And his current bottom line now was Shu Pan and Joy..

Chapter 345 - 345 The Mastermind

Joy was chatting with Shu Pan about what happened in the kindergarten these two days.

Shu Pan listened very seriously and smiled without saying a word.

After experiencing this incident, she cherished everything she had now.

Gu Shaoting stood by the door and saw the warm scene of the mother and daughter through the crack of the door. He smiled knowingly.

Perhaps Gu Shaoting had made some noise. Shu Pan looked back at him and then asked Joy to play by herself while she had something to say to Uncle Gu.

In the living room, the two of them sat opposite each other.

"Is there any progress?" Shu Pan asked. Although Gu Shaoting said it was a business call, from his expression earlier, she guessed that it should be related to her.

"A little, but I'm not sure yet. Don't worry, I'll take care of this matter. Have a good rest." Gu Shaoting avoided the topic, not wanting Shu Pan's imagination to run wild.

"Will it be dangerous? You have to be careful too." Shu Pan felt a little uneasy. She reminded Gu Shaoting because she knew what those people could do.

Gu Shaoting looked at Shu Pan affectionately and then said, "I'll be fine and I won't allow anything to happen to me." He remembered that he still had to be the guardian angel of the mother and daughter.

Gu Shaoting was secretly happy. Shu Pan was starting to worry about him.

But he did not show it.

Shu Pan saw that he looked confident with his plan and knew that Gu Shaoting would resolve the matter, she didn't ask anymore.

After Shu Pan returned to her room to take a shower, Gu Shaoting was still sitting on the sofa. His hands were casually placed on the armrest of the sofa, his fingertips tapping rhythmically, making a tapping sound.

Chapter 346 - 346: Please Pardon My Harshness

Gu Shaoting's harsh tone was unfamiliar to He Ming.

After Gu Shaoting put down his phone, his face became even darker.

He thought for a while and looked at the time. It was noon. He suppressed his anger and dialed Tong Fei's number.

He hadn't deleted her phone number because he still considered her a friend.

But he would definitely delete her number after today. This woman would no longer have anything to do with him, and of course, they would no longer be friends.

After the call went through, Tong Fei's gentle voice came from the other end.

"Shaoting, is that you?"

She sounded surprised. She had come home late last night and was still sleeping. When she saw that it was Gu Shaoting calling, she woke up immediately. He hadn't called her for a long time.

"Do you have time today? Let's meet because I have something to ask you." Gu Shaoting said flatly but Tong Fei, who was on the receiving end of the request, shivered for no reason.

"Okay, let's meet at our usual place later." Tong Fei couldn't figure out why Gu Shaoting wanted to see her.

Soft music played softly in the café, and the breeze lightly rattled the shutters.

But Gu Shaoting was sitting by floor-to-ceiling windows with a frosty expression as he watched the people coming and going outside. His patience had reached its limit.

Finally, Tong Fei showed up as her usual eye-catching self.

Dressed in the latest branded clothes, her every move was full of charm.

Gu Shaoting could never figure out how such an ugly heart was hidden under her always charming appearance.

After Tong Fei sat down, Gu Shaoting didn't beat around the bush and asked,

"Do you know Long Sanwei from the underworld, the man known as Lord Long?"

Tong Fei's expression froze and her face turned pale when she heard this. She looked at Gu Shaoting timidly, hoping to get a clue from his expression, but to no avail. Gu Shaoting's face was cold as usual.

Tong Fei didn't know how to answer his question. If she said yes, what would he think? If she said no, she would come across as insincere. Gu Shaoting probably came prepared when he asked her this question.

But why would Gu Shaoting ask her such a question?

Tong Fei thought for a moment and then said, "I know of him. We've met a few times at events."

Tong Fei thought that her answer was bulletproof and perfect.

However, Gu Shaoting didn't buy it. "Have you met him recently? Did you ask him to do anything?"

With this, Tong Fei finally understood why Gu Shaoting had asked to see her. He was here to interrogate her because he suspected her.

Something must have happened to Shu Pan, so he came to find her.

Tong Fei had been secretly gloating for a long time that Shu Pan finally got her retribution.

But what kind of person was Tong Fei?

She thought for a moment before she said with feigned innocence, "We've met once but I didn't ask him for do anything. We're from very different worlds so we rarely interact with each other."

After being in the entertainment industry for so long, she had decent acting skills. Moreover, Tong Fei was getting more acting jobs now, so her acting skills were improving by the day.

"Tong Fei, don't play games with me. You should know that provoking me will not end well." Gu Shaoting still had the same cold expression, but his words were scary.

Tong Fei's heart trembled and she immediately sobbed.

Chapter 347: Revenge

“Tong Fei, let’s not beat around the bush. You can’t have forgotten so quickly about taking revenge on Shu Pan with Lord Long’s help, right?” In the face of Tong Fei’s feigned innocence, Gu Shaoting lost his patience.

Tong Fei’s heart skipped a beat. Her eyes wandered as she didn’t dare to look directly at Gu Shaoting.

How did Gu Shaoting find out about this so quickly? Lord Long had just told her two days ago to get ready. Who had betrayed her?

But only she and Lord Long knew about their deal!

Tong Fei couldn’t figure it out, but she would never admit to anything because given Gu Shaoting’s methods, she couldn’t imagine how badly she would suffer.

“Shaoting, I really don’t know Lord Long well. Do you think I am capable of making him do anything?” Tong Fei continued her rebuttal.

“Tong Fei, you’re very capable. I just found out that it was you. It’s better that you admit it now. If you don’t, I’ll have ways to find out eventually and I won’t be talking to you so nicely then.” Gu Shaoting warned again in an even colder tone.

“It really wasn’t me.” Tong Fei denied vehemently.

“Okay. Very well then.” Gu Shaoting stood up after he said that and looked down at Tong Fei before he turned and left.

Gu Shaoting thought that she would admit it, but she didn’t. He asked to meet so he could ask her face to face, but Tong Fei wasn’t forthcoming at all.

Gu Shaoting finally lost his patience after her repeated excuses and denials.

It seemed that she had underestimated him. He would make her regret it. He would not let go of anyone who hurt Shu Pan.

Tong Fei saw Gu Shaoting leave so quickly and thought that he was at his wit's end.

Although she couldn't get Gu Shaoting, she wouldn't let Shu Pan have things easy either.

Gu Shaoting walked out of the café with a glower. His face also seemed to be covered with a layer of frost.

He strode to his car and opened the door. His face was still dark and his brows were furrowed when he buckled his seat belt.

Suddenly, he picked up his phone and called He Ming. "Ming, contact Mr. Fu and arrange for me to meet him as soon as possible."

"Mr. Fu? The Mr. Fu who is known as the 'Cold-faced Yama'?" He Ming hesitated.

Gu Shaoting knew what He Ming was worried about.

He really didn't want to interact with Mr. Fu if it weren't for any thorny problem because this person was even more powerful than Lord Long.

30% of the underworld power belonged to Lord Long, and 70% belonged to Mr. Fu.

He had no choice but to ask Mr. Fu for help because he would be able to keep Lord Long at bay once and for all. He wouldn't allow another incident.

Gu Shaoting was worried that there would be a second time because their first attempt failed. He had to think of a comprehensive way to prevent it from happening again.

“Know the enemy and know yourself in a hundred battles you will never be in peril.”

Gu Shaoting pondered for a moment about Sun Tzu’s quote before he said,

“Just do as I say.”

His tone was even more serious than before, without the slightest hesitation.

“Okay, Brother Ting, I’ll contact him as soon as possible. You should be careful too.” He Ming saw that Gu Shaoting was so determined and didn’t say anything

more.

He figured that it was good to have Mr. Fu to suppress Lord Long and his gang too. Gu Shaoting probably couldn’t swallow his anger quickly even if he sent a few of Lord Long’s men to the police station.

“Will do, thanks. That’ll be all.” Gu Shaoting hung up the phone after giving his instructions.

Gu Shaoting looked at the time. He didn’t want to go back to the office and decided to go home and keep Shu Pan company..

Chapter 348 - 348: Mr. Fu

The next day when Gu Shaoting arrived at his office, He Ming walked in immediately and told him that Mr. Fu would meet him on Friday night. He Ming had also briefed Mr. Fu so he knew what the meeting was about.

Gu Shaoting nodded approvingly. He Ming was so efficient.

He also wanted to solve this problem as soon as possible. Now that the swelling on Shu Pan's face had subsided, he wanted to catch up on his work as soon as possible.

On Friday night, Gu Shaoting, accompanied by He Ming, went to the biggest entertainment city in Bin City to meet Mr. Fu.

After Gu Shaoting explained his intentions in detail, Mr. Fu didn't hesitate for a moment and made a phone call in front of him.

Not long after, a man in his thirties walked in. Mr. Fu immediately introduced him to Gu Shaoting. "Mr. Gu, this is Lord Long's right-hand man. Feel free to ask him any questions. He will tell you the truth."

The man respectfully addressed Mr. Fu as "Master Fu" as soon as he saw him. It was obvious how high Mr. Fu's standing was in the underworld.

Gu Shaoting felt a sense of relief when he heard Mr. Fu's words; he had come to the right person for help.

After Mr. Fu finished introducing Lord Long's right-hand man to Gu Shaoting, he turned to the man and said, "This is Mr. Gu from Gu Group. I asked you here today so he can get some answers. You just need to tell us what you know."

"Yes, Master Fu." Lord Long's right-hand man answered respectfully before he turned to Gu Shaoting and asked, "Hello, Mr. Gu. What would you like to know?"

Gu Shaoting leaned back idly on his chair and didn't move.

He Ming, who was sitting next to him, picked up a large suitcase and placed it on the table. He opened it and stacks of red banknotes appeared before everyone's eyes.

He Ming pushed the suitcase to Lord Long's right-hand man, whose eyes widened.

Heavens, so much money.

He Ming went straight to the point. "This is for you. Tell me, what did you guys do to Shu Pan and who asked you to do it."

Lord Long's right-hand man was stunned. Before he could say anything, Mr. Fu added, "You're a smart man. You just need to tell the truth. You don't have to be afraid of Lord Long. Even if he works another ten years, he can't compare to me, let alone Mr. Gu. Now is your chance."

Mr. Fu then glanced at Gu Shaoting and asked, "Don't you think so, Mr. Gu?"

Gu Shaoting hadn't said a word since he greeted Mr. Fu until he nodded at Mr. Fu when asked the question.

Lord Long's right-hand man was no fool. Master Fu was already like a god in his heart. Judging by Master Fu's attitude towards Mr. Gu, Mr. Gu must be a big shot that was so far from his reach.

They were both nice to him now. How could he not appreciate them giving him face? Moreover, he understood that a man who adapted to circumstances was a wise man.

He didn't dare to hold back and told them the truth.

"Mr. Gu, Master Fu, the kidnapping of Miss Shu was done by Lord Long's men. They tried hitting her with a car before but it didn't work. So, they decided to kidnap her this time around and take nude photos of her..."

Lord Long's right-hand man's voice trailed off as he saw Gu Shaoting's face getting darker and darker.

"And? Who ordered it?" Gu Shaoting's cold voice rang out, making people tremble.

“It was Miss Tong Fei’s idea. She and Lord Long are old friends. They knew each other before she joined the entertainment industry. The two of them kept in touch. Whenever Miss Tong Fei needed help from Lord Long, she would ask him out and give him some benefits. This wasn’t a difficult task for Lord Long, so he agreed.”

The man answered all the questions Gu Shaoting had..

Chapter 349 - 349: So, That Was The Truth

Seeing that no one spoke, the man continued, “Miss Tong Fei said that she doesn’t like Miss Shu because she stole her happiness. So, she wants to teach her a lesson. She wants to take nude photos and obscene videos of her and post them online to ruin her reputation...”

He figured that Lord Long probably didn’t know that he had offended a big shot like Mr. Gu. He didn’t want to implicate himself after being threatened and bribed last time so he told them the location of the photo shoot.

He also thought that it wouldn’t matter because they would succeed. In any case, he had helped Tong Fei vent her anger.

But Lord Long’s plan failed this time. He was too ignorant to not find out who he was up against. Acting so recklessly was like pushing one’s luck when on a losing streak, tempting fate until disaster finally cashes in the chips.

The man was secretly worried for Lord Long.

His womanizing ways had finally landed him in hot soup.

Gu Shaoting shifted in his chair, his expression got more serious as the man revealed more information.

Gu Shaoting took out a pack of cigarettes and quietly handed one to Mr. Fu and lit one for himself. He needed the smell of cigarette smoke to numb himself so he wouldn’t act impulsively.

The lingering smoke concealed his expression, but cold aura continued to emanate from his body.

“Mr. Gu, Master Fu, that’s about all I know.” Lord Long’s right-hand man stood timidly after he finished speaking. He was very afraid that the big shot would be unhappy and shoot the messenger.

The air in the room hung heavy with an unspoken tension; it was deathly silent.

Everyone was waiting for Gu Shaoting to speak.

There was no emotion in his eyes. They were dark and unfathomable, making people shudder.

So, it was Tong Fei who was behind all this. It was really an eye-opener for him to see a woman who looked so gentle and delicate have such vicious thoughts.

She had done so many dirty things behind his back.

If he hadn’t made a phone call that day and overheard Lord Long’s name, the consequences would have been unimaginable.

Gu Shaoting’s fingers that were holding the cigarette trembled slightly as he became afraid internally.

Tong Fei should be glad that she wasn’t around now because Gu Shaoting couldn’t guarantee that he wouldn’t impulsively strangle her to death.

He Ming also shuddered when he heard this. “She’s really heartless to do such a thing. She deserves to die.”

Lord Long’s right-hand man told them everything he knew, and the truth was out.

Gu Shaoting was extremely angry now, but he suppressed it.

Mr. Fu saw that Gu Shaoting didn't suggest any next step, so he asked, "Mr. Gu, what do you plan to do next? Why don't I help you settle this matter?"

"No, Mr. Fu, thank you. You've already helped me a lot. I'll handle the next steps myself. Just lend me two people." Gu Shaoting's tone was extremely serious.

Mr. Fu was shocked. "Sure, just tell me when."

Mr. Fu then looked at Lord Long's right-hand man and said, "Stay close to Lord Long. Let me know as soon as he's up to something."

"Yes, Master Fu." The man nodded earnestly.

He could already predict Lord Long's fate.

Gu Shaoting also said to the man, "I'll reward you handsomely."

The man looked like he had a heavy responsibility on his shoulders. "Don't worry. I'll let you know immediately if Lord Long has any plans."

He figured there was no way he would disappoint them.

Gu Shaoting nodded in satisfaction. He had to be fully prepared and not put Shu Pan at risk anymore..

Chapter 350 - 350 Giving Her A Taste Of Her Own Medicine, Part 1

There was nothing but silence in the car as they drove.

He Ming asked Gu Shaoting, who was in the passenger seat, as he drove, "Brother Ting, how do you want to deal with this?"

Gu Shaoting was resting leaned back against the seat with his eyes closed, but the cold aura emanating from his body could still be felt.

"Give her a taste of her own medicine." Gu Shaoting replied softly, but his cold tone was bone-chilling.

He Ming frowned. "Brother Ting, um..."

He Ming wanted to dissuade him because moral integrity and reputation were extremely important to a woman.

But Tong Fei's actions also infuriated and disgusted him.

"Ming, I'm not going to give her any way out this time. I want this to stop once and for all." Gu Shaoting's voice was full of determination.

He Ming didn't say more. He understood how Gu Shaoting felt. If someone treated Xiaomeng like that, he probably wouldn't be as calm.

...

Back at Shuimu Qinghua, Gu Shaoting opened the door. The apartment was quiet. The living room was bathed in warm yellow light from the wall lamp. It was a wonderful feeling to have someone waiting for him to come home.

He hadn't felt such warmth in a long time. He had really missed out on a lot.

He walked quietly into the room and saw that the mother and daughter were sleeping peacefully in each other's arms. He was very happy.

He reached out and pulled the blanket over them before he walked out of the room and closed the door behind him.

The moment Gu Shaoting closed the door, Shu Pan opened her eyes. She hadn't been sleeping well since the incident and woke up easily at the slightest disturbance.

Shu Pan knew that Gu Shaoting had been really worried about her lately. While a certain part of her heart was slowly collapsing, there was always a warm current flowing through her heart.
