

The Amazing Son In Law Chapter 4379 (The Charismatic Charlie Wade Chapter 4379)

When charlie heard this, he didn't know what to say.

It sounded that Arman paid so much for love, but in the end it turned out to be nothing.

Even, it can be said that he lost his wife and lost his army.

Moreover, he was originally on Hong Kong Island, and he was already an elite among the elite. He could even make his father visit the cottage for him. It can be said that his original life had unlimited prospects.

However, in the end, he not only gave up everything he originally owned, but also offended a big man he couldn't afford to offend, so that he can't return to Hong Kong Island until now, and he can't live in the United States in a reasonable and legal capacity.

A top elite in society can only end up living in a dilapidated Chinatown for more than 20 years, like many Chinese who smuggled to the United States and chose to work in Chinatown as illegal workers...

It would not be an exaggeration to say that his whole life was ruined by his decision.

Thinking of this, charlie couldn't help but ask him, "Uncle Arman, do you regret these things?"

Arman shook his head and smiled lightly: "There is nothing to regret, everyone is responsible for their own decisions, I really hoped to be with her to the end, but I was carried away by love at that time and couldn't Objectively and in-depth to analyze the feasibility of this matter from multiple perspectives."

After talking, he smiled and said: "People say that heroes are sad for beauty, not to mention that I was not a hero at all at that time, and I was young and frivolous. I always felt that the most important thing was to be happy, but I didn't understand that one person is at different times. , in different positions, different decisions will be made..."

"Some women, after being a bird in a cage for a long time, will grow a yearning for nature in their hearts, and feel that if they can plunge into nature, they are the most perfect;"

"But most of them don't really yearn for nature, but they eat too much and live too comfortably, so that they really let them fly into nature and endure wind and rain, sun and rain, Winter snow and frost and hunger, most of them will start to miss the old cage;"

“At this time, the cage is no longer a cage in her eyes, but a palace to look up to.”

Speaking of which, Arman buckled the table, shook his head and smiled bitterly: “Unlike her, I really yearn for nature, so it’s normal to part ways.”

After a moment of wry smile, Arman picked up the wine glass, took a sip, waved his hand again, and said with a smile, “However, a thing like love requires such reckless and desperate courage to have a soul. Take one step, count ten steps in the future, and finally weigh the most favorable choice, it is not love, it is business, I still hope that things like love can be as simple as possible.”

Hearing this, Charlie admired Arman’s open-mindedness a little more.

Then, he asked, “Have you ever thought about going back to Hong Kong Island?”

Arman said with a smile: “I thought about it, but the surnamed Liu wouldn’t let me come back. Originally, he never gave up on killing me. Even after the two of them got married, the secret flower that bought my life has always been there, and even some people were planning to come to the United States at that time. Looking for my whereabouts, after that, Mr. Sun went to Hong Kong Island to talk to him once for me. He meant that I had become the only shameful pillar in his life, and he could give Mr. Sun a face. , No longer chasing and killing me, but I must also have self-knowledge, and I will never be able to return to Hong Kong Island again in this life.”

Charlie couldn’t help frowning, and said coldly, “It’s a bit too much fun for someone surnamed Liu!”

Arman smiled and said, “It’s understandable. After all, my behavior made him lose face on Hong Kong Island. For rich people, face is often more important than anything else.”

Charlie nodded slightly. He wanted to tell Arman that if Arman wanted to go back, he would definitely help him deal with the rich man named Liu.

Even, Charlie wanted to tell Arman that if he was willing to cooperate with him and help him in the future, he himself would surely make his life extremely desperate.

The Amazing Son In Law Chapter 4380 (The Charismatic Charlie Wade Chapter 4380)

However, after pondering for a moment, Charlie felt that today was his first meeting with Arman. If he took the initiative to say this, it would be too purposeful.

Moreover, I also lack understanding of Arman, so I might as well get acquainted with it first, and then I will slowly figure it out.

At this time, Arman took the initiative to help himself and charlie to fill up the wine, and said with a smile: "Master Wade, don't just talk about me, let's talk about you, after so many years of your disappearance, many people are thinking about your safety. , including me, it's just that I've been too busy to take care of myself, and I can't be like Mr. sun, looking for you everywhere..."

charlie smiled gratefully, and then told Arman about his general experience over the years.

When Arman learned that charlie was now the head of the Wade family, he couldn't add more excitement, and he repeatedly praised: "Master Wade, you can become the head of the Wade family, I believe that Young Master is in the spirit of the sky, you must be very pleased!"

charlie nodded lightly, but couldn't help sighing: "In my opinion, only by letting the Wade family stand on the top of the world can we truly comfort my father's spirit in the sky."

After Arman heard this, his face showed horror.

He really didn't expect that charlie would have such an ambition.

However, he is also very clear in his heart that it is not difficult to have lofty aspirations, but it is as difficult as reaching the sky to turn lofty aspirations into reality.

He didn't know how much charlie resembled bruce.

When he recalled bruce's kindness to him back then, at a certain moment, he had the idea of serving as a dog and horse for charlie.

It's just that he and charlie thought the same, it's not advisable to make deep friendships when they meet for the first time. After all, he doesn't know charlie, and charlie may not think highly of himself.

As a result, the two of them made the topic easier to talk about in a tacit understanding, and soon, they talked about charlie's trip to New York at this time.

Arman asked charlie: "Master Wade came to the United States this time, should he make a special trip to support miss sun 's concert?"

charlie smiled and said, "Actually, I accompanied my wife to study in the United States. It happened to be in Providence. I came here today to accompany my wife to a charity dinner."

"It turns out that it is." Arman nodded and said with a little doubt: "The charity dinner that miss sun was invited to attend must be very influential, but I don't seem to have heard of any important charity dinner recently... .."

Stefanie sun said casually: "It seems that the Chinese Chamber of Commerce and the young master of the Fei family organized it together to donate money to Chinese orphans in Europe and America."

Arman frowned slightly, and suddenly felt a different taste.

Although he is only a small owner of a roast goose shop, because he studied finance and worked in investment and financing and business management, what he is best at is information collection and analysis.

Based on this habit that has been maintained for many years, he is very concerned about the valuable information around him. As long as it is useful content, no matter what it is, he will pay attention to memorize it in his mind and analyze it habitually.

Therefore, he basically knows all the major events that have happened in New York in recent years.

It is precisely because of this habit that he has seen and analyzed many things a lot, and he has also concluded his own set of rules.

The first is charitable activities. In New York City, there are almost no low-key charities.

Therefore, as long as someone wants to do charity, they will do everything possible to publicize it and make this charity dinner known to everyone.

And a charity dinner that can invite Stefanie sun, it is so low-key that there is no news at all, which is a bit abnormal.

The second is the charity dinner, which itself is a very ostentatious form of expression.

To put it bluntly, a charity dinner is a group of people who could have used the money directly to do good deeds in a low-key manner, but they had to get together and have a grand banquet that competed with each other. The money is taken out, in order to win the eyeballs as much as possible.

Therefore, even though it was a charity dinner, it was necessary to keep a low profile. In Arman's eyes, it was like a couple who said they wanted to marry quietly, but couldn't help but set off firecrackers to celebrate. .

So, he asked charlie, "Master Wade, are you also the guest invited to this charity dinner?"

charlie shook his head and said, "I'm not, I was called by Stefanie to accompany ."

Stefanie sun said with a smile, "Uncle Arman, brother charlie and I were spoiled for a long time before he agreed to come and accompany me."

Arman felt even more strange. He thought for a moment and said, "miss sun , I don't know about this charity dinner, so it's inconvenient to take me to see the world?"
