

## The Amazing Son In Law Chapter 4401 ( The Charismatic Charlie Wade Chapter 4401 )

charlie felt yogi's extremely unfriendly gaze, and glanced at him sideways, and found that this guy looked a bit like Jian.

Based on the content of the conversation he heard in the door just now, he could be sure that this person was Jamura's father, yogi.

yogi was extremely angry at this time. With charlie's eyes facing each other, he almost immediately asked, "I told you to open the door just now, why didn't you open it?!"

charlie said with a bit of anger: "I don't know you, I know who you are? In such an emergency, I naturally don't believe anyone except the police!"

yogi said angrily, "I'm yogi from the Fei family, you haven't even heard of my name?"

charlie shook his head: "I'm sorry, I just came from Huaxia, and I haven't heard of you. Besides, your priority now should be to find your son, so there's no need to play with me here, right? If you have the time, go Wouldn't it be better to find your son's whereabouts?"

"You..." yogi was so angry that he didn't know what to say.

Immediately, yogi suppressed his anger, gritted his teeth and asked, "What did you see just now? Tell me now!"

charlie said indifferently: "I'm sorry, I only talk to the police with law enforcement powers about these matters. As for you, I have nothing to say!"

yogi had never met anyone who dared to talk to him like this in his life. At this moment, he could not wait to let the bodyguard beat charlie to death on the spot.

However, when he thought that the Chinese detective Li Yalin was by his side, he could only hold back his anger.

At this time, Li Yalin looked at charlie and asked, "Young man, I'm the inspector of the New York Police Department, and I'm the sub-chief of the entire city. You can tell me what you saw."

charlie pointed to the seven corpses on the ground, and said with a sullen expression: "What else can you see, of course, you will see dead people as soon as you open the door! Before I came to the United States, I thought that the law and order here is so f\*cking good, ghost. I know that when I push the door, I see dead people all over the place!"

Li Yalin sneered and asked again, "Have you seen the murderer? And the young master of the Fei family."

"No." charlie shook his head and said, "We were waiting inside, and when we heard movement outside, it seemed that someone had fallen, something was wrong, so I called our bodyguard at the door first, but No one responded. I was afraid of any accident. I waited for a while and made sure that there was no movement outside the door before I opened the door. After opening it, the door was blocked by dead people."

Li Yalin nodded and asked again, "Have you heard anyone speak?"

charlie nodded and said, "I heard."

Li Yalin asked again, "Did you hear what they were talking about?"

charlie shook his head and said, "They should speak Japanese, but I don't understand Japanese."

Li Yalin nodded lightly and said to himself, "It seems that the Japanese ninja did it."

After that, Li Yalin asked again: "You should be able to hear the voices of men and women, right? Are there more men or more women?"

charlie said without hesitation: "It's all men, and it sounds like there are at least seven or eight people."

Li Yalin nodded, thanked charlie, and said to the police officers beside him: "You guys, immediately block the scene, conduct a comprehensive inspection of each body, and check the surveillance video here to see if there is anything Valuable clues, in addition to this, contact the Immigration Bureau, retrieve the entry records from Japan to New York in the last week, and collect all Japanese male data before the age of 18 to 48!"

After a slight pause, Li Yalin said again: "Take all the staff here tonight for investigation. The key point is to check whether the number of people has decreased, and let everyone identify the others to see if there are any shortages or shortages. people!"

Everyone complied immediately, and Li Yalin immediately said to charlie, "Because you are the only indirect witnesses present at the scene, although you can't talk about eyewitnesses, they are of great help to us in solving the case, so we will have to work hard with you later. Our police car will go back and take a note."

charlie said, "Ms. sun is a public figure. She is in and out of the police station at this time. If it gets out, your American media still don't know how to fabricate fake news to gain attention. It's inconvenient."

After speaking, charlie said again: "How about this, let's go back to the hotel first. If you want to make a record, come to the hotel, and we will definitely cooperate with you."

Li Yalin nodded and said, "That's fine. When I arrange the scene, I'll take someone to visit the hotel."

charlie asked him, "Then can we go now?"

"Okay."

yogi on the side said dissatisfiedly: "My son's whereabouts are still unknown. Before my son is found, everyone must not leave here!"

charlie frowned and asked, "Why?!"

After all, he didn't talk nonsense with yogi, he immediately looked at Li Yalin, and said seriously: "Detective Li, I have serious doubts now that this matter is premeditated, and the Fei family has a lot of suspicion!"

yogi gritted his teeth and roared, "What did you say?!"

charlie repeated: "I said, the Fei family is very suspicious!"

yogi was annoyed and was about to speak, but Li Yalin on the side asked very seriously, "Why do you think so?"

charlie said seriously: "This matter itself is very strange, the young master of the Fei family insisted on inviting Miss sun to the charity dinner, but he also deliberately said that he wanted to invite her to be a mysterious guest, so most people outside did not know that Miss sun is here, and they also deliberately arranged us in this kind of lounge without even a window, they said that they have to wait for the right time to appear on the stage and be a charity. It seems that there is no need to be so troublesome, right? It's like there's some kind of conspiracy."

Having said this, Charlie said again: "And, what's even weirder is that not long after we came in, the mobile phone had no signal, and it still has no signal now! I seriously suspect that someone blocked the wireless communication here!"

When Li Yalin heard this, he subconsciously took out his mobile phone and saw that there was no signal or service!

He frowned suddenly and blurted out: "Johnson, block the entire banquet hall, use professional equipment to check and see where the shield is!"

At this time, a police officer ran over quickly and said, "Detective, the surveillance records we just confirmed, all surveillance images near this lounge have been replaced in advance, using the last one five days ago. Related pictures of the banquet."

Li Yalin frowned and asked, "Didn't the security department find out about such a big problem?!"

The police officer replied: "We consulted the security guards on duty in the monitoring room, they said they didn't know there were important VIPs tonight, and thought the VIP room was free today, so their attention was not near the VIP room at all, so when these surveillance probes played the videos recorded a few days ago, they didn't find anything unusual."

When Charlie heard this, he said in a cold voice: "I just said that this matter was premeditated, and it was simply that someone deliberately wanted to hide the fact that Miss Sun was here from everyone! Moreover, even if those ninjas could get in, they wouldn't be able to. It is impossible to obtain the surveillance video from a few days ago, and it is even more impossible to hack into the surveillance system, which shows that there is an inner ghost!"

Yogi asked in astonishment: "Li Yalin, what does this mean? Do you doubt the Fei family?"

Li Yalin has always been dissatisfied with Yogi.

On the one hand, he really looked down on Yogi, on the other hand, because he had long heard that Yogi's father, Zaki, took the opportunity to seize power, because he had much admiration for Mr. Jian. , so in my heart I despised Zaki and Yogi and their sons.

The reason why yogi has no way to take Li Yalin is that Li Yalin is really famous and even has a very high political status in the White House.

In the United States, Li Yalin is known as the light of the Chinese, and even won the award of the current president for breaking a serial murder case that lasted for ten years.

Moreover, his mass base in the United States is very solid, especially in the Chinese field, which is as important as a totem. If he has three strengths and two weaknesses, I am afraid that the Chinese in the United States will create a big parade to seek justice for him.

Therefore, in the face of Li Yalin, yogi couldn't afford to offend him at all. If he dared to do anything to Li Yalin, the Fei family would definitely suffer heavy losses.

At this time, Li Yalin looked at yogi and said in a cold tone: "yogi, although your son is missing now, in my opinion, your son may not be innocent of these things today!"

As he said that, he looked around for a week and said coldly: "You are a smart person, think about it for yourself, a charity dinner could have been simple and straightforward, but your son has to work so hard to come up with such a trick, doesn't it? What else could he have a good heart for?"

yogi was suddenly speechless.

Although he is arrogant, he is also considered a smart person. He also feels that it is a bit abnormal for his son to do such a thing.

Moreover, the most abnormal thing is not what Li Yalin said, but the nature of this incident is very abnormal. He knows that Jamura has always been unfamiliar with charity, and the family usually engages in some charity activities. I'm not interested. This time, I will donate tens of millions of dollars and take the initiative to organize a charity dinner and a charity foundation, which is very wrong in itself.

Coupled with other strange and unreasonable details, he also vaguely felt that there was a taste of deliberate thinking everywhere, as if his son really had other plans.

However, how could yogi admit this, so he said to Li Yalin in a tough tone: "The surnamed Li, don't forget, the victim of this incident is my son! Now he has been kidnapped! You New York police. The top priority right now is to find my son and bring me back safely!"

Li Yalin smiled and said, "Our police handle cases, we have our police procedures, and we don't need or allow others to point fingers."

After that, he turned around immediately and asked the subordinates beside him, "Are all the staff concentrated?"

One of them nodded and said, "They have been arranged to take notes in different rooms. Once the notes are finished, they will all be gathered in the conference room, and then they will be cross-identified one by one."

"Okay!" Li Yalin said, "Take me to the conference room!"

After that, he looked at Charlie and said, "You can leave a contact for my assistant and go back to the hotel first. If you need your cooperation, I will have someone contact you."

"Okay." Charlie nodded and said to Zuri, "Zuri, leave your contact information to the police officer."

Zuri quickly took out a business card and handed it to the police officer beside Li Yalin.

At this time, Li Yalin looked at Yogi again, and said coldly, "Yogi, you can go too. If there is any news, I will let you know."

Yogi was so angry that he blurted out, "This is our Fei's hotel. You let me go? Where should I go?"

Li Yalin said impatiently: "Where do you want to go? This is the scene of the crime. From now on, the management will be closed, and irrelevant people must be evacuated!"

After speaking, he instructed the police officer next to him: "Go gather the guests outside and verify everyone's identity. If there are no suspicious persons, let them go home first, but everyone must not leave New York for the next week, and to do it wherever you go."

The police officer nodded immediately and said, "Okay Inspector, I'll arrange it!"

Yogi's face was ashen.

Several police officers with walkie-talkies on their shoulders and pistols in their trousers stepped forward immediately and said to everyone, "You have heard what the inspector said, please leave the scene immediately."

yogi had never been so useless, kicked on the wall and cursed angrily, "Li Yalin, you are so fu\*king deceiving!"

A policeman stepped forward immediately and warned loudly: "Sir, if you don't evacuate and continue to destroy the scene, I will take coercive measures against you!"

yogi gritted his teeth and said, "I see who dares to touch me!"

Several policemen also knew yogi's identity.

Li Yalin turned around and said, "Okay, yogi, since your head is so hard, just stay here."

yogi finally felt a little better when he saw Li Yalin's compromise. He had been pressing him all night. This feeling was too aggrieved.

So, he snorted coldly, and said arrogantly, "Li Yalin, this time, I'll barely count you as an acquaintance!"

Seeing him so arrogant, Li Yalin was not angry, and said with a smile: "By the way, yogi, we are obliged to reveal such a big incident to the public. It is estimated that many media will report back in a while, and you just happened to stay and follow The media have a good chat."

After that, Li Yalin instructed: "Don't leave. We will hold a brief press conference in a while, and you happen to be a special guest."

When yogi heard this, his whole mentality exploded.

He didn't think that he had to stay here, but Li Yalin drove him away and let himself take a sigh of relief, so he fought against him.

But who would have thought that this guy would hold a press conference here!

For yogi, even if he was beaten to death, he would never attend any press conference and publicly tell the world that his son was kidnapped.

How could he lose this man? !

Thinking of this, he immediately bit his head and said, "I don't have time to stay here to accompany you! You can hold a conference by yourself, and I have to find my son!"

Li Yalin sneered twice and said sarcastically: "What? It's too much of a deception for me to let you go. What does it mean for you to go by yourself?"

yogi said angrily, "If I want to stay, I can stay, and I can leave if I want. What do I mean and why do I need to explain it to you?"

After saying this, yogi was full of anger, turned around, and left without looking back.

...

at the same time.

In the Fei family's manor in New York, Qiao Feiyun was staying in the guest room that Jamura had prepared for him, anxiously waiting for news from Kazuo Hattori.

Originally, he thought he was in control of everything tonight, but he didn't expect that it would be unfavorable to get a job as soon as he came up. He still doesn't know whether Hattori Kazuo succeeded in kidnapping Stefanie sun.

He picked up the phone and called Kazuo Hattori, but the other party's phone still couldn't be connected, so he hurriedly contacted Jamura again, only to find that Jamura was also sinking into the sea, and there was no response.

Uneasy, he called Jamura's assistant Rio again, but he still couldn't get in touch.

Just when he didn't know what to do, the bodyguards of the Fei family suddenly exploded, and everyone rushed out.

So he quickly stopped a bodyguard and asked, "What happened?"

The bodyguard said nervously: "Master Jamura is missing, the eldest young master asked us to go out to find clues!"

"What?!" Qiao Feiyun asked in a panic, "Isn't Mr. Fei holding a charity dinner? Why did he disappear?"

The bodyguard explained: "Master disappeared at the charity dinner, and it is said that many people died at the scene!"
