

The Amazing Son In Law Chapter 4465 (The Charismatic Charlie Wade Chapter 4465)

When Li Yalin and Asher were cooking wine, they had already analyzed the situation of the Fei family.

According to the speculation of the two, the mysterious man kidnapped Jamura not for money at all, but to put the Fei family in the spotlight of the world and then publicly execute him.

It's just that Zaki and yogi's father and son of the Fei family were only concerned about the kidnapping and didn't realize it.

Therefore, when they heard Li Yalin's words, both of them looked incredible.

Especially Zaki, because his method of seizing the position of the head of the family is somewhat obscure, and he is still searching everywhere for the whereabouts of his father Jian, so his instinct is a little guilty. Hearing Li Yalin's words, he immediately scolded: "What a joke! The Fei family is upright and upright, what kind of big scandal will be caught by the kidnappers? You Chinese detective, don't hurry to find a way to find the kidnappers, but come to me to make nonsense, what is your motive? Are you trying to come to see our jokes?"

Li Yalin shook his head and said seriously: "To be honest, although I don't like the matter of you forcing the palace to seize power, but I came here today, and I really didn't mean to see your jokes."

After speaking, Li Yalin looked at the two of them , and added: "I think the kidnappers deliberately exposed the scandal of Mr. Fei's kissing the girl standing on the street first, and then deliberately left the Fei family a good opportunity to reveal the truth and reverse public opinion;"

Immediately, he changed the topic. , said coldly: "But it seems like a good opportunity, but in fact it is full of murderous intentions. Now the whole world is paying attention to Jamura's kidnapping, and their eyes naturally focus on the Fei family. If there is really any scandal in the Fei family. , if it was announced at this time, it would be like dropping a nuclear bomb on your Fei family! Immortals can't save you!"

Zaki's face turned red and white.

Everything has always been about a justifiable person. His position as the head of the family is disgraceful, and this matter has become an extremely sensitive point in his heart.

Hearing Li Yalin's blunt statement that he didn't look down on himself to force the palace to seize power, he felt a little embarrassed and angry, so that he didn't listen to the second half of Li Yalin's words at all, so he said to Li Yalin angrily: "Inspector Li, we don't welcome you here. , please come back!"

Li Yalin said helplessly: "Mr. Fei, I know you are a decent person, decent people love face, it's right to love face, but don't love face to affect the judgment of things, tabooing diseases and avoiding doctors will only lead to aggravation of the disease. In the end, the consequences must be borne by the individual."

Zaki did not expect Li Yalin to seize on this issue and chatter, and suddenly said angrily: "Get out of me! Get out!"

Li Yalin frowned slightly, wanting to say something, but hesitating. After a moment, he gave up his plan, turned to look at yogi, and said indifferently, "Young Master Fei, let me tell you the truth, the real kidnappers all have one thing in common, that is, they will try to reduce the attention of the incident as much as possible!"

"In the kidnapping cases I have encountered in my decades as a police officer, 100% of the kidnappers clearly warned the victim's family not to call the police!"

"Moreover, the reason for more than half of the torn vote cases was because the incident was overly exposed. , the kidnapper killed the victim in order to protect himself!"

"But the case of your son being kidnapped is so strange that the kidnapper is not afraid of exposure, but has been using his methods to fuel the flames, it seems that he hopes that this matter will be Telling the world and attracting the attention of the world itself is against common sense."

"As the saying goes, when something goes wrong, there must be a demon. Your father's current judgment is interfered by subjective thoughts, and he cannot make a calm and objective judgment. So I hope you can calm down and think about it, this scandal may happen to any of your grandparents and grandchildren, if you can find clues, maybe Jamura can be saved."

After that, he took out a He handed a business card to yogi, and said lightly: "If you want to understand and are willing to cooperate with me, please contact me. We don't have much time left. You definitely don't want to collect your son's body after the 48-hour deadline. I'm going to retire soon, and I don't want to leave such an unsolved case before I retire."

yogi's expression was shocked and horrified. He subconsciously took Li Yalin's business card and was organizing a language to say something. Li Yalin said casually, "Farewell!", then turned and left.

As soon as Li Yalin left, yogi said to his father Zaki in a panic, "Dad...that Li Yalin is right! This thing is really strange!"

Zaki's expression was very ugly, but it was also faintly revealing. A little panicked, he asked subconsciously: "What is the big scandal he said? Is it your grandfather's business? However, my method of seizing the position of the head of the family is basically legal, even if I go to court to file a lawsuit, I won't lose either. What's really illegal is that I don't allow him to come back, and I secretly sent people to find his whereabouts and find opportunities to cut the grass and roots, but this matter has not been successful! Even if it is exposed, I can completely deny it, Can it have a big impact? It's not going to be a big scandal, right?"

yogi nodded lightly, and smacked his lips: "I also don't think it will be... If grandpa is really resolved by us, let's talk about it. We are naturally guilty and guilty, but we didn't succeed, we didn't even find the shadow of grandpa..."

Zaki sat back in his chair and said in a panic, "Then what does Li Yalin mean... yogi, what are you doing? Is there a scandal I don't know about?"

"Ah? Me?" yogi was also a little nervous all of a sudden, he hesitated for a long time and couldn't say why.

Zaki slammed the table and shouted angrily: "What time is it, you're still covering up! Hurry up!"

yogi was frightened, and quickly said: "I... I'm just a little ambiguous with a few female stars in Hollywood. One of them is the wife of a well-known director in Hollywood..."

Having said that, yogi hurriedly said: "But it's nothing... Isn't this kind of thing normal in Hollywood? Hollywood male star, also openly supports his wife to find a boyfriend outside, everyone is very open, very open, with the open-mindedness of Americans, even if all my things are exposed, no one cares at all Ah..."

As soon as he finished speaking, yogi raised his head subconsciously and asked, "Dad... how about you?"

"Me?" Zaki roared angrily: "I'm in my f*cking seventies, what scandals can I have?! Even if there were scandals, it was 20 or 30 years ago or even earlier. It does n't make any sense!"

After that, Zaki said again: "I don't think the scandal that Li Yalin talked about is anything but ordinary men and women! This kind of thing is at best a scandal in the United States, not a scandal. Change it. Think about the direction again!"

yogi looked blank: "I really can't think of it..."

Zaki suddenly woke up when he remembered something, and blurted out to him, "Could this scandal be caused by Jamura?"

"Jamura?" yogi was even more puzzled: "Jamura is excellent in both character and study. There can't be any scandals. Even if there is, it's just a matter between young men and women. What can happen?"

Zaki Leng With a snort, he said with a bit of contempt: "I think he Li Yalin is poor in his skills. If this case can't be solved, he will definitely not be safe at the end of the festival, so he imagined a lot of things, what kind of Chinese detective, but he was just vain. !"

Just as he was speaking, the butler hurried in and blurted out, "Master, Song Peng said, there is a very important clue to report to you!"

"Song Peng?"

Zaki asked in surprise: "Who is Song Peng?" The

butler hurriedly explained: "Song Peng is a supervisor of our business team. You said yesterday that you would purchase a Concorde, and he is in charge of it. One of them."

Zaki frowned and asked, "What clues does he have to report to me? If he gets the Concorde, he will directly let the person in charge of purchasing negotiate the price, and there is no need to report to me in person.

" He shook his head and said, "Master, Song Peng said it was a clue related to Young Master Jamura!"

"Oh?!" When Zaki heard this, he raised his eyebrows and blurted out, "Where is he? Get him here!" The

housekeeper He hurriedly said, "It's at the door, I'll bring him in!"

After a while, Song Peng, who was in charge of business, trotted into the study.

As soon as he saw Zaki and yogi, he hurriedly bowed and said, "Master, eldest young master, my name is Song Peng, I'm from the business team..."

Zaki interrupted him directly and asked coldly, "I heard that you have Hurry up and tell us about Jamura's clues!"

Song Peng said quickly: "Master, there is a servant next to the young master, I think she is a little suspicious!"

Zaki frowned and asked, "What's going on?"

Song Peng explained: "That's right, last night you told us to find a Concorde airliner, and I quickly communicated with a family in France. I happened to meet Lexi, and then I made an appointment with her to go to Las Vegas on the weekend. At that time, she specifically asked me what I was doing on the phone so late, I said I was helping you buy a Concorde, and then she asked me what a Concorde was..."

Speaking of this, Song Peng quickly slapped himself and said nervously: "Master, it's all my fault for not having a good mouth! I thought at the time that she was also a servant of the Fei family, so her awareness of confidentiality suddenly increased. I just said that you sent people to Japan, but the normal flight time is too long, so you have to buy a Concorde airliner... But don't worry, I definitely didn't say who you sent to Japan, let alone you. What are you sending people to Japan to do..."

Zaki roared impatiently, "Tell me the point!"

Song Peng shuddered and said quickly, "The point...the point...the point is that Lexi, she has no way of knowing. What are you sending people to Japan for, but she asked me if you sent people to Japan to find ninjas. I felt something was wrong at the time, but I couldn't tell what was wrong until I heard that you sent people to Japan. Something happened to the people in Japan, and when I saw the video released by the Japanese Iga Ninja, I suddenly remembered that something was wrong!"

Song Peng continued with great determination: "My lord, Lexi was a servant, and she was a servant at the time. She still came in from the outside, so how could she know about ninjas? So, I concluded that she must have deliberately tried me and wanted to talk from me! There must be something wrong with this woman! Maybe she and Master Jamura were kidnapped. I can't get rid of the relationship!"

Zaki heard this, his veins burst out, and he blurted out, "It's hard to guard against thieves by day and night!"

After that, he stared at the housekeeper and roared, "Go and arrest that Lexi. See me!" At this time, Lexi was serving by

Jamura's mother.

However, today, she has been a little absent-minded.

The reason for her absent-mindedness is because her sweetheart, the famous Master Qiao Feiyunqiao in Seattle, has disappeared from the world since she sent him a message last night.

She went to the villa where Qiao Feiyun lived, and Qiao Feiyun had disappeared. Then she kept calling and texting Qiao Feiyun, but the phone kept reminding him that the other party was turned off, and the text messages were like nothing.

The sudden disappearance of her sweetheart made Lexi's heart suddenly lost.

She even had an illusion for a while, thinking that everything that happened between herself and Qiao Feiyun was just a beautiful dream.

However, the Richard Mille watch worth tens of millions in her pocket is so real. The second hand of the watch has been beating non-stop, as if to remind her that everything before was not a dream. .

But as a result, she had new worries in her heart, she was afraid that Qiao Feiyun had abandoned herself in disguise.

Although the piece of Richard Mille that Qiao Feiyun gave her was also worth a lot of money, but compared to the life of a wealthy young grandmother in the future, she did not pay attention to a mere watch.

Just when she was thinking wildly in her mind, the housekeeper rushed in directly with the head maid and several burly bodyguards.

The housekeeper said to yogi's wife, "Madam, I have something to do with your servant, please forgive me."

yogi's wife knew that the housekeeper had great power in the Fei family, so she came to find her servant this time. There must be something important, so he nodded quickly and said, "If you please." The

housekeeper thanked him, and then the maid supervisor beside him pointed at Lexi and said, "It's her! She is Lexi!"

At this time, the other servants in the room were trembling with nervousness, and in their opinion, it would definitely not be a good thing for the housekeeper to be so aggressive to ask for someone.

But only Lexi didn't think so. She thought that this must be her Prince Charming who came to redeem herself!

Maybe after walking out of this room, it won't be long before she becomes Mrs. Joe.

Next time, when I return to the Fei family as Mrs. Qiao, the servants of the Fei family, including the chief butler of the Fei family, must respect me!

Thinking of this, she said excitedly: "I'm Lexi, the housekeeper, do you have anything to do with me?" The

housekeeper stared at her and said to the bodyguard beside her, "Take her away!"

The two bodyguards rushed forward immediately, grabbed Lexi's arms roughly, and then dragged her out.

Lexi struggled angrily: "What are you doing? You hurt me, don't you know?! If you really hurt me, can you take responsibility?" The

housekeeper came over and slapped her in the face fiercely, angry He scolded: "I don't know what to be afraid of when I eat what's inside and outside. Instead, I dare to shout openly here, let's see how the master will deal with you!"

After Lexi heard it, she was completely speechless.

She couldn't understand why the master had to clean up himself.

The master is the head of the entire Fei family, and he is a small maid in the Fei family. There is a difference of 108,000 miles, and I don't even have many opportunities to see the master, so how could I offend him?

Lexi, who was frightened and frightened, was taken directly to Zaki's huge study.

As soon as the two bodyguards put her down, Zaki stared at Lexi and asked sharply, "How did you know I was going to send someone to Japan to find ninjas?! Tell me!!!"

Lexi was frightened by Zaki's aura, I immediately wanted to tell the truth, but then I thought: "Master Qiao has instructed me that these things must not be told to anyone, not even my parents!"

"This is about the future of the two of us, and it is about me. I will never let Master Qiao down!"

Thinking of this, Lexi said quickly, "I...I just said it casually...after all...after all, Japanese ninjas have always been famous..."

yogi saw Lexi at this time. He couldn't hold back his anger at all when he denied it. He rushed forward and scolded, "You're lying! I won't kill you!"

After that, he kicked Lexi in the stomach and slapped Lexi directly. The kicked one flew out, fell heavily on the ground, and slipped back several meters.

Just when yogi wanted to rush up to continue the beating, he suddenly saw that there was a watch on the floor, which fell out of her pocket when Lexi was kicked over just now.

So, he picked up the watch, took a closer look, and couldn't help frowning: "Richard Miller?!"

Song Peng on the side was a big fan of Richard Miller, and he bought it himself. Several Richard Mille entry-level watches, so he recognized the model of this watch at a glance, it turned out to be RM056!

He immediately realized that there was indeed something wrong with this Lexi! So he hurriedly said: "Master, this is Richard Mille's RM056! If I remember correctly, there are only 10 pieces in the world, and the market price is at least three or four million US dollars, and there is no market for it. ..."

After yogi heard this, he stared at Lexi with a split canthus, and asked, "Tell me! How can you, a maid, have such an expensive watch?!"
