

The Amazing Son In Law Chapter 4579 (The Charismatic Charlie Wade Chapter 4579)

The words of his subordinates shocked Li Yalin.

He quickly asked, "What did you find?!"

The subordinates immediately reported: "I have found out Stefanie sun's movements before going to the airport yesterday, and she actually has a spatial intersection with you, boss!"

"What?!" As a police detective, Li Yalin naturally knows what space intersection means, which means that he and Stefanie sun were once in the same physical space, which made him exclaim: "Where is there a space intersection? !!"

The subordinate said: "She went to Fei's house at noon yesterday, and then went from Fei's house to the Cantonese-style roast goose shop in Chinatown. After she arrived at the roast goose shop, you and Mr. An also went to that roast goose shop!"

"F*ck!" Li Yalin burst into a foul language and scolded: "So that's how it is!"

Li Yalin was actually a little disappointed when he heard this.

He originally thought that by digging deep into Stefanie sun's line, he would draw out the mysterious figure hiding behind her to protect her.

Moreover, he always felt that Stefanie sun must have a very strong intelligence network, so he could get the news that the old man of the An family was critically ill in such a short period of time.

However, after listening to such a report from his subordinates, he realized that it turned out to be a coincidence. Stefanie sun himself was in the roast goose shop at that time, so it is not surprising that Asher was chatting with him. ...

Thinking of this, he sighed lightly and asked, "Who did Stefanie sun go with? When did you leave?"

The subordinate said hurriedly: "I watched the surveillance video around, and I can't be sure who Stefanie sun was with, but she arrived before you, and Mr. An left first when she left, so you probably waited. Come out in two or three minutes, Stefanie sun came out a minute or two after you, and after she came out, she went straight to the airport."

Li Yalin hurriedly said, "Send me the video!"

"it is good."

Soon, Li Yalin's mobile phone received a video.

This video comes from the surveillance probe diagonally opposite the roast goose shop.

After Li Yalin opened it, he saw the process of Stefanie sun and charlie's car arriving at the roast goose shop.

However, because the main entrance of the roast goose shop is just in the blind spot of this surveillance probe, the situation when people get off the car cannot be seen in the video.

If he could find the frontal surveillance video, Li Yalin would be able to see that after Stefanie sun got out of the car, he naturally and intimately took a fellow man into the roast goose shop.

And that man is charlie, whom the An family has been searching for for twenty years!

In the video at this time, not long after the car that Stefanie sun and charlie were riding in stopped, Li Yalin saw that his car and Asher's car also entered the monitoring range.

Li Yalin looked straight at Hanako, then called the other party and asked, "Did you find any other surveillance probes? It's better to have people on the other side."

The other party replied: "No, this is the only surveillance video that can capture the roast goose shop."

Li Yalin said cursingly: "Damn, I have already suggested to the mayor that he should allocate funds to set up a Skynet system in New York, but he is reluctant to approve it. Look at China, the surveillance coverage of first-tier cities has long been It's over 95%! Look at New York again, it wasn't until last year that all the subway stations were surveilled!"

The other party said helplessly: "Boss, even if you install Skynet in New York, it's useless. Even if you can install 100,000 cameras overnight, half of them will be smashed by the gang members the next day, and the rest will be half. , is expected to be demolished by homeless homeless for cigarettes and hamburgers..."

Li Yalin sighed and said, "Forget it, look for any other clues."

The other party hurriedly asked, "Would you like to ask the owner of the roast goose shop? Maybe the roast goose shop has its own surveillance."

Li Yalin immediately said, "Don't go now. As the most famous singer in the Chinese field, Stefanie sun made a special trip to this roast goose restaurant for dinner. It is very likely that he knew the boss. If he asks, he will startle the snake."

Having said that, Li Yalin had an idea and said, "So, after you wait for the roast goose shop to open, go inside and have a meal to see if there are surveillance cameras. If there is, let someone play a nearby street in the afternoon to snatch mobile phones. Then another brother went to the store and said that the investigation would need to get their surveillance video, and then the hard drive of the surveillance video would be removed and brought back."

The other party smiled and said, "I'll go... Boss, you still have the means! Then I'll go over and take a look when they open the door!"

After Li Yalin hummed, he hung up the phone.

After hanging up the phone, he pulled out the video just now. Then he pulled the progress bar back and saw Asher's car leaving the roast goose shop quickly. Soon after, he also walked out of the roast goose shop. , and then, the car that Stefanie sun was riding in also left Chinatown in the same direction as Asher.

Seeing this, he couldn't help muttering: "When I went to this store with Asher that day, it was a long time after lunch. There seemed to be no one in the store, so where is Stefanie sun?"

Thinking in his heart, he couldn't help closing his eyes and recalled the situation in the roast goose shop that day in his mind.

Soon, the picture of that day appeared in his mind.

After being a criminal policeman for a long time, he has a strong passive memory. He may not have noticed a small detail at the scene at the time, but those details have actually been mechanically stored in his mind like a video recorder. Just like rewinding and rewatching it, many details of the time can be recaptured.

Soon, he remembered that in the roast goose shop that day, there was an upward wooden staircase on the right side. When he and Asher entered the door that day, he did not pay attention to the situation of the stairs, but the image suddenly flashed in his mind. , the staircase was not empty at that time, but two people's four legs appeared in the upper right corner of the picture in my mind.

He immediately confirmed in his heart that when he and Asher went to the roast goose shop that day, Stefanie sun should have just gone up with another person.

So he couldn't help muttering to himself: "Who is the other person? Is it her agent? Or the kid who made yogi speechless when Jamura was kidnapped that day?"

Thinking of this, charlie's performance that day appeared in his mind again.

When he thought of charlie, he couldn't help but ponder: "After Jamura was kidnapped that day, under yogi's aggressive situation, he was able to do it without fear or even give in at all, which shows his heart. He is very confident, but why is he so confident? You know, this is the Fei family's territory. He accompanied Stefanie sun to the charity dinner organized by Jamura, and he must know what the strength background of the Fei family is. "

"Knowing the ability of the Fei family, you still don't take yogi in the slightest. Is this kind of person too strong or too crazy?"

Thinking of this, Li Yalin felt more and more that the young man seemed to have some secrets.

He felt that whether a person was crazy or strong, he had to have enough confidence, so he wanted to figure out why the young man had the confidence to confront yogi.

In his opinion, this young man might become a breakthrough point.

However, what worries him the most now is not knowing how to get in touch with that young man reasonably.

After all, if a person's rash approach does not have enough reasonable reasons, then he will doubt the other party's motives for approaching him.

For smart people, once they sense something is wrong, they will immediately take countermeasures, so that the other party can't find any breakthrough point.

Just when he was worried about this matter, Asher suddenly called.

Without any hesitation, Li Yalin pressed the answer button directly.

On the other end of the phone, Asher asked straight to the point: "Lao Li, did you have any new discoveries last night?"

In fact, Asher didn't sleep much last night, and he kept thinking in his mind, who is Stefanie sun? Where did I get the news that the old man was critically ill.

However, after all, he told Li Yalin yesterday that he didn't want to investigate Stefanie sun, so now he is embarrassed to ask Li Yalin directly, he can only ask vaguely if he has any new discoveries.

Li Yalin and Asher have been good brothers for many years. Naturally, they knew what his brother was thinking, so he replied directly: "I asked someone to trace the source back from JFK Airport, and you may not believe it. We were in Chinatown at that time. When eating roast goose, this Stefanie sun was also there."

"What?!" Asher asked in great surprise, "She was also in the store? Impossible, at that time, apart from the owner and his staff, it's just the two of us, right?"

Li Yalin said: "You may not have noticed, but I thought about it carefully. When we entered the store, two people happened to go upstairs in front of us, and one of the two was Stefanie sun."

Asher blurted out: "I'm going... There is such a coincidence! That is to say, Miss sun didn't get the news of the old man's critical illness from other people, she heard it directly from me..."

Yes.” Li Yalin sneered and said: “It seems that I think too much about this. I thought yesterday that there must be some conspiracy theory, but I didn’t expect it to be such a coincidence. At that time, you said that the old man was sick.” After rushing to the airport in a heavy and haste, I left after a while. After I left, Stefanie sun’s car also left Chinatown. It was in the same direction as you, and it must have gone directly to the airport from there, which makes sense. Why did she let you go to Los Angeles with your back and forth?”

Asher sighed: “It seems that the old man is really blessed... If the two of us didn’t eat roast goose that day, the old man would definitely not be able to get through this. It’s a problem...”

“Yes.” Li Yalin sighed: “Speaking of this, Miss sun is indeed very affectionate and righteous. After hearing about this, she immediately went to Los Angeles. It seems that the reason why she will go Los Angeles, I didn’t come to visit, but to save the old man.”

Asher said with incomparable emotion: “I really did not expect that the secret of the matter would be like this... In this way, our An family owes Miss sun. The kindness is even greater...”

Li Yalin snorted, but soon mumbled with some doubts: “Asher, there is something I don’t want to understand, you don’t mind if I say it.”

Asher said . “You say yes.”

Li Yalin said, “Look, since this Miss sun has the medicine that can save the old man, and she knows that you were downstairs at the time, why didn’t she give you the medicine directly? ?”

The Amazing Son In Law Chapter 4582 (The Charismatic Charlie Wade Chapter 4582)

After speaking, Li Yalin said again: “And look, she didn’t catch up with you immediately after you left, she waited until I left, and it felt like she was trying to avoid you on purpose.

” This...” Asher couldn’t think of a reason, so he said, “You said she didn’t give me the medicine directly, probably because she was afraid that I wouldn’t believe it? If I didn’t believe her medicine, would I accept it? One question, whether it will be eaten by the old man after receiving it is another question.”

Li Yalin sighed and said, "Perhaps, but I always feel that none of these things is completely logical."

Asher said, "Okay, then don't be too suspicious, I received a news feed just now that the Fei family's spokesperson announced that the Fei family will hold a press conference at 8:00 in the morning, and the entire network will be broadcast live at that time. It is estimated that the newly appointed little girl will turn the tide

. Embarrassingly said: "To turn the tide... This mess, I don't think anyone can clean it up."

Asher said: "If the strong man breaks his wrist at this time, there is still a chance, it depends on whether this little girl has the courage."

Li Yalin He smiled and said, "Then I want to see how capable this little girl is! If she can turn the tide and try to ease the public's anger, she'll be doing me a favor, otherwise, I'll be damn worried... .."

After speaking, Li Yalin said with emotion: "Jamura died, Qiao Feiyun died, and dozens of young girls who were maimed were brought out. With so many murder cases, we really stepped on the face of our New York police. Crazy friction on the concrete..."

Asher said: "Fortunately, those young girls didn't disappear in New York, you can excuse yourself."

After speaking, Asher reminded: "But Lao Li, you have to Find a way to stabilize the situation first, and don't let the situation go further."

"Yes." Li Yalin said, "I will have a morning meeting with them in a while, and my attitude must be clear. No matter what, New York can't do it any more. Because of this incident, people died." As

soon as he finished speaking, a subordinate pushed in without knocking on the door, and said in a panic, "Detective, something has happened!"

Li Yalin heard this, and his head pounded with a sharp pain. Incomparable.

He felt that his nerves were strong enough, but he didn't expect to be tortured into a nervous breakdown by the words 'something happened'.

I don't know how many times I've heard these four words, and every time I listen to them, my nerves will be tortured and stimulated.

So he could only bite the bullet and ask: "What the hell happened again?!" The

subordinate said in a panic, "Someone found a dozen floating corpses at the mouth of the Hudson River, each of which was tied to its body. They were holding buoys, and they were tied with iron chains to lead blocks that sank at the bottom of the water. The murderer deliberately let them float less than one meter above the water surface. In the early morning, a boat saw a group of things swaying in the water, and thought What kind of large fish is it, only to find out that it is all dead..."

"I'm stupid!" Li Yalin stood up abruptly and blurted out: "How could so many people die?! Is the identity of the deceased confirmed?!"

"Yes The subordinate said very nervously: "The nearest branch has already sent people over. After a preliminary investigation of the scene, it can be determined that almost all of the dead are prominent figures in New York and the sons of big families..."

"Among them are the heirs of the Rothschild collateral family, and the eldest son of the Hudson family... the son-in-law of the British noble family from the Brandt family..."
