

The Amazing Son In Law Chapter 4656 (The Charismatic Charlie Wade Chapter 4656)

Homula asked in surprise: "Miss Fei, who is the benefactor you're talking about?! Is it the benefactor who saved us just now?!"

Fei Kexin nodded and said, "Yes, it's him."

Having said that, Fei Kexin said again: "My grandfather asked me to come and help deal with the scene, so I brought someone over urgently. Now that the outside has been dealt with, you can also prepare to leave."

Mr. An said in a very polite tone: "Little girl, I would like to take the liberty to ask, who is this benefactor? He is the savior of our An family of more than ten people. We want to find an opportunity to repay this kindness.!"

Fei Kexin said: "Mr. An, to tell you the truth, my grandfather also has a kind of re-creation for me. When my grandfather and I were in China, my uncle took the opportunity to take the position of the head of the family and spent a lot of money to kill me and my grandfather. , it was benefactor who saved us and protected us closely, and in the end it was he who helped us return to New York and regain control of the Fei family..."

After speaking, Fei Kexin looked at Mr. An and said very seriously: "Mr. An, benefactor is very strong, and he is extremely low-key, he asked me to convey it to you, he did not like to be noticed in his life, So I solemnly warn you not to try to investigate his identity, or you will be at your own risk!"

Advertisement

When Old Man An heard this, his expression suddenly became very disappointed.

He couldn't help but say: "benefactor saved our family's lives, and helped us find out the traitors hidden in the family. With such a great kindness, he will give us a chance to thank and repay our kindness in person..."

Fei Kexin waved his hand and said solemnly: "Mr. An doesn't need to say anymore, my benefactor has helped countless people and saved countless people, not to mention that you all owe him the kindness, my grandfather and I are also deeply blessed by him, and we have been looking for opportunities. Repayment, and because of this, I will appear here today, so if you all really want to repay the

kindness of your benefactor, you will definitely have the opportunity in the future, and you don't have to rush it for a while."

Mr. An nodded lightly and cupped his hands: "Thank you Miss Fei for the point, this old man understands, and if there is a chance, please ask Miss Fei to convey to the old man on behalf of the old man. If the old man needs any needs in the future, don't dare to refuse! "

Advertisement

Fei Kexin said: "Okay, I will definitely convey your words to benefactor."

After that, she took out her mobile phone, handed it to Mr. An, and said, "There is no signal in the room, and I asked Mr. An to move to the door and call the An's bodyguard team."

As soon as Fei Kexin finished speaking, a pink mobile phone lit up among the pile of An family's belongings on the coffee table, as if it had received a push.

Seeing this, Homula quickly picked up his mobile phone. After unlocking it, he exclaimed, "The mobile phone has a signal! What's going on?!"

Mr. An frowned slightly and said coldly, "We haven't touched everything here. It is estimated that the shielding device has always been on Liqin. After she went out, the signal was restored."

Homula subconsciously exclaimed: "...Fortunately, she only brought shielding equipment. If it was a bomb, the consequences would be disastrous..."

Tablita said, "Second brother, if the third sister-in-law has a bomb on her body, it will be difficult to pass the airport security check."

Homula laughed at himself: "This is..."

After that, he said to the old man, "Dad, let me call and arrange for someone to come over, let's hurry back to Los Angeles!"

Advertisement

Mr. An shook his head and said, "Don't go back to Los Angeles, go back to the Anbang Building!"

"Anbang Building?!" Homula asked with a look of surprise: "Dad, let's go to Anbang Building as a family? Isn't there enough security there?"

The old man said decisively: "Thanks to your sister, it is the safest place!"

The Amazing Son In Law Chapter 4657 (The Charismatic Charlie Wade Chapter 4657)

Lydia (Ava) (Charlie's mom)'s foresight was unparalleled in the entire An family.

When she was planning to build the Anbang Building, she spent a lot of money to make the top floor of the Anbang Building indestructible.

The top floor of the Anbang Building is made of bulletproof glass with extremely high standards, and the top floor leads to the roof and downstairs passages and elevator shafts, all with physical partitions as strong as bank vaults. All closed, the entire top floor is impregnable.

The impregnable design makes it impossible for any individual weapon to enter the top floor from the roof, downstairs or windows. Unless the opponent dares to launch a gunship attack in New York City, it is impossible for anyone to enter.

Moreover, the Anbang Building is located in the center of Manhattan, which is the most prosperous area in the whole of New York, and even the entire United States. In addition, after the 9/11 incident, the US police and national security departments have attached great importance to the safety of New York skyscrapers, so there is absolutely no one Dare to launch a fierce attack on the Anbang Building in such a place.

It is even less likely that there will be any gangsters who can drive such a big killer as a gunship into the sky over Manhattan, New York.

Advertisement

It is precisely because of this that Lydia (Ava) (Charlie's mom) has long concluded that once the An family faces a major disaster, hiding in the Anbang Building is definitely safer than other places.

Hiding in the Anbang Building is equivalent to hiding above the heads of nearly ten million people in New York. No matter where a New York citizen is in New York, as long as he looks up at the bustling Manhattan in the distance, he can see the Anbang Building.

Under such a public view, it is impossible for anyone to do anything to the Anjia.

Lydia (Ava) (Charlie's mom) called the Anbang Building the last fortress of the An family, and only the old man and the boss Asher knew the secrets of this fortress.

Advertisement

In addition, even Homula, who works in the Anbang Building most of the time, did not know that there is such a mystery on this floor.

The reason why he didn't tell Homula is because the old man believes that Homula has a radical personality and is suitable to expand his territory in the business field, but once the matter rises to the safety of the whole family, his aggressive personality is easy to act because he is not cautious enough. wrong judgment.

At the critical moment, an insufficiently cautious judgment may lead to irreversible consequences.

In contrast, the boss Asher has a cautious personality, seeks stability in everything, and makes decisions concerning the safety of his family. The old man also believes in him more.

Only he and Asher knew the secret of this kind of fortress that would not be activated until the last moment.

Right now, although the An family was lucky enough to escape the catastrophe, the situation was the most urgent at this time, so the only place the old man could think of was the Anbang Building.

Homula didn't know much about his father's decision, so he said suspiciously, "Dad, in terms of safety, I'm afraid nothing can compare to the manor in Los Angeles, right? There is an underground shelter there. If something really happens, the shelter can also protect the family. safety."

Asher stood up at this time and said, "Homula, Dad is right. Now for us, nowhere is the safest than the Anbang Building, and my sister left us a way out there."

Homula's eyes widened and he wanted to say something, but soon he wanted to understand the reason, so he nodded firmly and said seriously: "Okay! Then go to Anbang Building!"

Advertisement

Asher nodded and said nothing, but he couldn't help but feel very surprised by the old man's performance tonight.

The performance of the old man tonight, I dare not say that he is absolutely not shocked, but it is also beyond ordinary people's composure.

And his logic of thinking is also very clear, and he can't see the shadow of Alzheimer's at all.

Just when he thought that the old man's brain might have improved, he suddenly discovered that a very miniature ballpoint pen had been hidden in the crevice of the old man's right finger.

And he has been quietly poking the palm of his left hand with the tip of his pen.

The Amazing Son In Law Chapter 4658 (The Charismatic Charlie Wade Chapter 4658)

He took a closer look and found that the old man's left palm had a lot of words densely written, and every time the old man poked the palm of his hand hard, he would look down at the small words written in the palm of his hand.

Asher even found that the old man's palm had been poked, and several points had been deeply dented. Even the panel was damaged due to constant poking, and the ink of the ballpoint pen even penetrated into the panel. Inside, traces similar to old tattoos are formed.

Although he couldn't see what was written on the palm of the old man's hand, Asher could also guess that it must have been written by the old man himself to remind him constantly.

While Asher felt distressed, he could not help but quietly leaned on the old man's side. When the old man poked the palm of his hand with a ballpoint pen next time and peeked at the text on the palm, Asher could see the three lines written on it clearly.

"It has been twenty years since Lydia (Ava) (Charlie's mom) and Bruce have gone;"

"Meng CCharlie's fiancée's life-saving grace;"

Advertisement

"charlie hasn't returned yet."

Seeing these three lines, Asher's nose was sore, and his eyes couldn't help but feel hot and humid.

He could see that when the old man wrote these three lines, his heart must have been very painful.

He could also see that the reason why the old man wrote these three lines was to remind himself not to forget.

Advertisement

As a child, seeing his father is so difficult to remember that his own daughter and son-in-law have been dead for 20 years, and his grandson has not yet been found, Asher is even more distressed.

However, he also knew very well in his heart that he couldn't persuade him about this kind of thing, so he could only let the old man digest it himself.

Soon, Homula called all the bodyguards who lived in New York to the vicinity of the performance venue.

After everyone arrived, Homula said to the old man and the old lady, "Dad, Mom, everyone is here, we can go."

Mr. An nodded and said to Fei Kexin very politely: "Miss Fei, since that's the case, then we will leave first, thank you for your help! You can leave the contact information of Asher and Homula later, if it is useful in the future. The Anjia will spare no effort!"

Fei Kexin hurriedly said, "Mr. An, you are too polite. I did this entirely to repay my gratitude. You don't have to worry about it."

After she finished speaking, she added, "he asked me to take you and you to a safe area, so I'd better go with you all!"

Old Man An nodded slightly, then cupped his hands and said, "That will be hard work for Miss Fei!"

Fei Kexin remembered something and asked, "By the way, I don't know how you guys plan to dispose of the body of the woman that Master Jay took out. If it is temporarily inconvenient, I can arrange a safe place to put it properly."

Advertisement

Mr. An said, "I want to ask a forensic doctor to do an autopsy to see if there are any clues, but I really can't spare the energy right now, so I will work hard for Miss Fei to help settle it down temporarily, and I will contact you to retrieve it after the An family recovers. "

"No problem!" Fei Kexin readily agreed and said, "Then I will send the body to a safe place later."

Mr. An nodded and said, "Then let's get out of here first."

At this time, the old lady on the side suddenly remembered something, and asked with concern, "Miss Fei, I wonder if Miss zuri, who received us before, was there? She was not hurt, right?"

Fei Kexin said hurriedly, "Don't worry, Miss zuri is fine, she's just outside."

"Okay." The old lady breathed a sigh of relief and said, "Then let's go out, and I'll go say hello to Miss zuri by the way!"

The Amazing Son In Law Chapter 4659 (The Charismatic Charlie Wade Chapter 4659)

Asher and Homula took the lead and left the box with the An family members.

Hearing the sound of footsteps walking away, charlie breathed a sigh of relief, but at the same time he felt a little lost in his heart.

He felt that it might not be a bad thing to recognize his grandfather and grandmother's family.

For the two elderly people, it is also a psychological comfort.

However, thinking that no clues have been found for the death of his parents, and that the enemy may be stronger than he imagined, charlie felt a little grateful for his persistence.

After all, you can only grow in a low profile when you are in the dark.

Advertisement

Otherwise, if the behemoth hidden in the darkest and darkest place is drawn out prematurely, it is likely to bring disaster to the people around him.

As the four elevator doors closed, only charlie and Claire, who was sleeping on his shoulder, remained in the VIP area.

So, charlie quietly took back a trace of spiritual energy left in her brain, and then closed her eyes and pretended to be asleep.

Claire woke up faintly at this time.

Advertisement

And her first thought when she woke up was to ponder in her heart: "I... where am I?"

Immediately afterwards, when she saw Stefanie singing and dancing on the stage through the floor-to-ceiling window, she exclaimed as if struck by lightning: "Ah?! The concert has already started?! I... .how did I fall asleep at such an important time..."

After all, she couldn't help but look at charlie beside her, and found that charlie was sleeping with his head up too, she quickly shook his shoulders, and blurted out, "Husband...Husband, wake up!"

charlie pretended to be sleepy and opened his eyes, and then asked Claire beside him with a confused look: "What's wrong with my wife...I'm dreaming..."

Claire pointed to the stage of the concert and said angrily, "Look at it, the concert has already started, why are we both asleep..."

Charlie pretended to be surprised and said, "Oh, I'm going... it's really started... I don't know why I fell asleep, could it be because we were too tired to play during the day??"

Claire said aggrievedly: "I don't know...but I don't seem to be tired, and when the opening video was just played, I was quite engaged in watching it, and I don't know why I suddenly have no impression. now..."

charlie said casually: "Oh, isn't this normal? Sometimes I get sleepy, and it only takes a blink of an eye to fall asleep. You were doing other things one second, and the next second you blinked. , and went straight to dreamland."

After speaking, charlie said solemnly: "You see a lot of drivers who are tired and have accidents because they think they can stand it up and won't fall asleep, so they drive hard, but they fall asleep at a certain moment. , I didn't know anything, and when I woke up again, the car had already turned into a ditch."

Advertisement

Claire said with red eyes, "But I wasn't really sleepy just now..."

After she finished speaking, she no longer bothered about this issue, she pouted and said depressedly: "Oh, I don't want to worry about how I fell asleep just now, mainly because I don't know how long the concert is going on now, it's so beautiful. I missed all the opening scenes, and I also missed the opening performances, it's really frustrating..."

Marven Ye smiled and said: "Oh, it's okay, today's show is not regarded as the beginning of the previous one, we can wait for the next one to make up for it! The theme of this kind of tour concert is the same. There will be no difference in the way of opening and the order of songs, but you have a good rest before the opening of the next concert, and don't fall asleep again."

After speaking, Charlie added: "If you think you can't make up for it by watching one game, then let's watch two more games! It's alright!"

Although Claire still felt sorry in her heart, but Charlie said so, she could only nod her head, and said helplessly: "Just watch two more games, I will definitely watch them all in one second! "

Seeing that Claire had accepted the reality, Charlie was also slightly relieved, then looked at the time, and smiled: "It's okay, the concert is about 30 to 40 percent over, let's enjoy it from now on. !"

"Yeah!" Claire nodded heavily, resting his chin in his hands, watching Stefanie's performance attentively.

.....

After a moment.

At the exit of the VIP area of the venue, dozens of cars drove out one after another.

The Amazing Son In Law Chapter 4660 (The Charismatic Charlie Wade Chapter 4660)

These cars included the Fei family's convoy and Anjia's convoy. Among them, the Anjia family took eight cars and quickly left the scene and went to the Anbang Building.

at the same time.

New York Chinatown.

Several police cars drove quickly into Chinatown and stopped in front of Arman's roast goose shop.

More than a dozen New York police officers got out of the car and walked into the roast goose shop.

The leader was Li Yalin's confidant called Xiao Wu.

Advertisement

His real name is Lu Ming. Because he is a five-year-old at home, he has always been called Xiaowu by his parents and brothers.

At this time, there are still many customers eating in the roast goose shop.

As soon as Lu Ming came in, he startled the diners.

At this time, Lu Ming put one hand on the pistol at his waist, and pointed at his police badge with the other, and said to everyone, "I'm sorry everyone, the police are handling the case, please sit where you are and don't move."

Advertisement

Seeing so many police officers approaching the door, the guy Gunbir was so nervous that he couldn't speak. The roast goose he was holding was about to be placed on the table of the guests, but his hand shook unconsciously and fell to the ground.

Immediately, he turned around like a madman and shouted in the direction of the back kitchen: "Uncle Arman! The note is here! Run! Run!"

When Lu Ming heard this, he immediately pressed him to the ground and warned in a cold voice, "Boy, I know the details of you and Arman. If you don't want to be sent back, just stay on the side and do everything. Don't say it, otherwise, I can't help you!"

While struggling, Gunbir shouted, "Send me back! I want to go back with Uncle Arman!"

Lu Ming said sternly: "You kid really doesn't know what's wrong. I want to let you go for the sake of everyone being Chinese, so don't be ignorant of flattering!"

At this time, Arman hurriedly came out of the back kitchen, and without taking off his apron, he hurriedly said, "Officer, police officer! I am Arman, I fully cooperate with you and your law enforcement, but Gunbir is still young, he is ignorant, you Don't know him in general!"

When Lu Ming saw Arman come out, his tone and attitude softened a lot. He let go of Gunbir and warned in a low voice, "Little brother, it's fortunate that you met me this time. You stay in Chinatown honestly, I will not embarrass you, but you must know what to do and learn to be patient with everything. There were many compatriots who came to the United States smuggled like you back then. Now, who is not the first Can you bear it?"

Gunbir also knew that the policeman was not malicious. He couldn't help but burst into tears, and blurted out, "What do you want to do with Uncle Arman?! He can't go back to Hong Kong Island, if he goes back to Hong Kong Island, he will be killed... .."

Lu Ming sighed and was about to say something when Arman said with an indifferent smile: "Gunbir, don't be unfounded. Hong Kong Island is also a society ruled by law, and it's not as chaotic as you think."

Advertisement

After he finished speaking, he looked at Lu Ming and said, "I know you will come. The luggage has been packed, can you let me pick it up?"

Lu Ming waved to another colleague beside him and said, "A-Dong, Go with him!"

The other party immediately agreed: "Okay!"

Soon, Arman pulled his old small suitcase and walked up with the policeman.

He looked at Gunbir and smiled slightly: "boy! When you grow up, you won't be Gunbir in the future, you have to learn to be your own! Remember what I told you, run this store well, don't let it go. Ruined my efforts for more than 20 years, you know?"

Gunbir burst into tears, nodded again and again, and said with choked: "I know Uncle Arman..."

Arman nodded in satisfaction, then looked at the horrified diners, and cupped his hands: "Many of you are my regular customers, after tonight, I won't be able to cook roast goose rice for you, but Gunbir and his colleagues I have been with me for more than ten years, and I have learned the craft very well, and I hope everyone can support his business more in the future!"

All the old diners knew that Arman was in the United States illegally. Although he didn't know his past, he knew very well that since the police found him, he would definitely be sent back.

As a result, everyone also opened their mouths to reassure him, saying that they would definitely take care of Gunbir's business.

Arman thanked everyone, looked at Gunbir again, and instructed, "Gunbir, I'll go first, I'll invite everyone for this meal tonight, and you must remember to waive the bill for everyone!"
